Upon the basis of the report and such other information as the secretary may obtain, he may revoke, reinstate or modify the conditions of furlough, which shall be by written order of the secretary. If the furlough is revoked, the secretary shall issue a warrant for the arrest of the furloughed prisoner and his return to a state correctional institution. [1971 ex.s. c 58 § 10.]

WESTERN INTERSTATE CORRECTIONS
COMPACT

ARTICLE I—Purpose and Policy

The party states, desiring by common action to improve their institutional facilities and provide programs of sufficiently high quality for the confinement, treatment and rehabilitation of various types of offenders, declare that it is the policy of each of the party states to provide such facilities and programs on a basis of cooperation with one another, thereby serving the best interests of such offenders and of society. The purpose of this compact is to provide for the development and execution of such programs of cooperation for the confinement, treatment and rehabilitation of offenders.

ARTICLE II—Definitions

As used in this compact, unless the context clearly requires otherwise:

(a) "State" means a state of the United States, the Territory of Hawaii, or, subject to the limitation contained in Article VII, Guam.

(b) "Sending state" means a state party to this compact in which conviction was had.

(c) "Receiving state" means a state party to this compact to which an inmate is sent for confinement other than a state in which conviction was had.

(d) "Inmate" means a male or female offender who is under sentence to or confined in a prison or other correctional institution.

(e) "Institution" means any prison, reformatory or other correctional facility (including but not limited to a facility for the mentally ill or mentally defective) in which inmates may lawfully be confined.

ARTICLE III—Contracts

(a) Each party state may make one or more contracts with any one or more of the other party states for the confinement of inmates on behalf of a sending state in institutions situated within receiving states. Any such contract shall provide for:

1. Its duration.

2. Payments to be made to the receiving state by the sending state for inmate maintenance, extraordinary medical and dental expenses, and any participation in or receipt by inmates of rehabilitative or correctional services, facilities, programs or treatment not reasonably included as part of normal maintenance.

3. Participation in programs of inmate employment, if any; the disposition or crediting of any payments received by inmates on account thereof; and the crediting of proceeds from or disposal of any products resulting therefrom.

4. Delivery and retaking of inmates.

5. Such other matters as may be necessary and appropriate to fix the obligations, responsibilities and rights of the sending and receiving states.

(b) Prior to the construction or completion of construction of any institution or addition thereto by a party state, any other party state or states may contract therewith for the enlargement of the planned capacity of the institution or addition thereto, or for the inclusion therein of particular equipment or structures, and for the reservation of a specific percentum of the capacity of the institution to be kept available for use by inmates of the sending state or states so contracting. Any sending state so contracting may, to the extent that monies are legally available therefor, pay to the receiving state, a reasonable sum as consideration for such enlargement of capacity, or provision of equipment or structures, and reservation of capacity. Such payment may be in a lump sum or in installments as provided in the contract.

(c) The terms and provisions of this compact shall be a part of any contract entered into by the authority of or pursuant thereto, and nothing in any such contract shall be inconsistent therewith.

ARTICLE IV—Procedures and Rights

(a) Whenever the duly constituted judicial or administrative authorities in a state party to this compact, and which has entered into a contract pursuant to Article III, shall decide that confinement in, or transfer of an inmate to, an institution within the territory of another party state is necessary in order to provide adequate quarters and care or desirable in order to provide an appropriate program of rehabilitation or treatment, said officials may direct that the confinement be within an institution within the territory of said other party state, the receiving state to act in that regard solely as agent for the ending state.

(b) The appropriate officials of any state party to this compact shall have access, at all reasonable times, to any institution in which it has a contractual right to confine inmates for the purpose of inspecting the facilities thereof and visiting such of its inmates as may be confined in the institution.

(c) Inmates confined in an institution pursuant to the terms of this compact shall at all times be subject to the jurisdiction of the sending state and may at any time be removed therefrom for transfer to a prison or other institution within the sending state, for transfer to another institution in which the sending state may have a contractual or other right to confine inmates, for release on probation or parole, for discharge, or for any other purpose permitted by the laws of the sending state; provided that the sending state shall continue to be obligated to such payments as may be required pursuant to the terms of any contract entered into under the terms of Article III.

(d) Each receiving state shall provide regular reports to each sending state on the inmates of that sending state in institutions pursuant to this compact including a conduct record of each inmate and certify said record to the official designated by the sending state, in order that each inmate may have the benefit of his or her record in determining and altering the disposition of said inmate in accordance with the law which may obtain in the sending state and in order that the same may be a source of information for the sending state.

(e) All inmates who may be confined in an institution pursuant to the provisions of this compact shall be treated in a reasonable and humane manner and shall be cared for and treated equally with such similar inmates of the receiving state as may be confined in the same institution. The fact of confinement in a receiving state shall not deprive any inmate so confined of any legal rights which said inmate would have had if confined in an appropriate institution of the sending state.

(f) Any hearing or hearings to which an inmate confined pursuant to this compact may be entitled by the laws of the sending state may be had before the appropriate authorities of the sending state, or of the receiving state if authorized by the sending state. The receiving state shall provide adequate facilities for such hearings as may be conducted by the appropriate officials of a sending state. In the event such hearing or hearings are had before officials of the receiving state, the governing law shall be that of the sending state and a record of the hearing or hearings as prescribed by the sending state shall be made. Said record together with any recommendations of the hearing officials shall be transmitted forthwith to the official or officials before whom the hearing would have been had if it had taken place in the sending state. In any and all proceedings had pursuant to the provisions of this subdivision, the officials of the receiving state shall act solely as agents of the sending state and no final determination shall be made in any matter except by the appropriate officials of the sending state. Costs of records made pursuant to this subdivision shall be borne by the sending state.

(g) Any inmate confined pursuant to this compact shall be released within the territory of the sending state unless the inmate, and the sending and receiving states, shall agree upon release in some other place. The sending state shall bear the cost of such return to its territory.

(h) Any inmate confined pursuant to the terms of this compact shall have any and all rights to participate in

and derive any benefits or incur or be relieved of any obligations or have such obligations modified or his status changed on account of any action or proceeding in which he could have participated if confined in any appropriate institution of the sending state located within such state.

(i) The parent, guardian, trustee, or other person or persons entitled under the laws of the sending state to act for, advise, or otherwise function with respect to any inmate shall not be deprived of or restricted in his exercise of any power in respect of any inmate confined pursuant to the terms of this compact.

ARTICLE V—Acts Not Reviewable In Receiving State; Extradition

(a) Any decision of the sending state in respect of any matter over which it retains jurisdiction pursuant to this compact shall be conclusive upon and not reviewable within the receiving state, but if at the time the sending state seeks to remove an inmate from an institution in the receiving state there is pending against the inmate within such state any criminal charge or if the inmate is suspected of having committed within such state a criminal offense, the inmate shall not be returned without the consent of the receiving state until discharged from prosecution or other form of proceeding, imprisonment or detention for such offense. The duly accredited officers of the sending state shall be permitted to transport inmates pursuant to this compact through any and all states party to this compact without interference.

(b) An inmate who escapes from an institution in which he is confined pursuant to this compact shall be deemed a fugitive from the sending state and from the state in which the institution is situated. In the case of an escape to a jurisdiction other than the sending or receiving state, the responsibility for institution of extradition proceedings shall be that of the sending state, but nothing contained herein shall be construed to prevent or affect the activities of officers and agencies of any jurisdiction directed toward the apprehension and return of an escapee.

ARTICLE VI—Federal Aid

Any state party to this compact may accept federal aid for use in connection with an institution or program, the use of which is or may be affected by this compact or any contract pursuant thereto and any inmate in a receiving state pursuant to this compact may participate in any such federally aided program or activity for which the sending and receiving states have made contractual provision; provided that if such program or activity is not part of the customary correctional regimen the express consent of the appropriate official of the sending state shall be required therefor.

ARTICLE VII—Entry Into Force

This compact shall enter into force and become effective and binding upon the states so acting when it has been enacted into law by any two contiguous states from among the states of Alaska, Arizona, California, Colorado, Hawaii, Idaho, Montana, Nebraska, Nevada, New Mexico, Oregon, Utah, Washington and Wyoming.

For the purposes of this article, Alaska and Hawaii shall be deemed contiguous to each other; to any and all of the states of California, Oregon and Washington; and to Guam. Thereafter, this compact shall enter into force and become effective and binding as to any other of said states, or any other state contiguous to at least one party state upon similar action by such state. Guam may become party to this compact by taking action similar to that provided for joinder by any other eligible party state and upon the consent of Congress to such joinder. For the purposes of this article, Guam shall be deemed contiguous to Alaska, Hawaii, California, Oregon and Washington.

ARTICLE VIII—Withdrawal and Termination

This compact shall continue in force and remain binding upon a party state until it shall have enacted a statute repealing the same and providing for the sending of formal written notice of withdrawal from the compact to the appropriate officials of all other party states. An actual withdrawal shall not take effect until two years after the notices provided in said statute have been sent. Such withdrawal shall not relieve the withdrawing state from its obligations assumed hereunder prior to the effective date of withdrawal. Before the effective date of withdrawal, a withdrawing state shall remove to its territory, at its own expense, such inmates as it may have confined pursuant to the provisions of this compact.

ARTICLE IX—Other Arrangements Unaffected

Nothing contained in this compact shall be construed to abrogate or impair any agreement or other arrangement which a party state may have with a non-party state for the confinement, rehabilitation or treatment of inmates nor to repeal any other laws of a party state authorizing the making of cooperative institutional arrangements.

ARTICLE X—Construction and Severability

The provisions of this compact shall be liberally construed and shall be severable. If any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any participating state or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any state participating therein, the compact shall remain in full force and effect as to the remaining states and in full force and effect as to the state affected as to all severable matters. [1959 c 287 § 1.]

[1959 c 287 § 3.]

72.70.040 Hearings. The director and members of the board of prison terms and paroles are hereby authorized and directed to hold such hearings as may be requested by any other party state pursuant to Article IV(f) of the Western Interstate Corrections Compact. Additionally, the director and members of the board of prison terms and paroles may hold out-of-state hearings in connection with the case of any inmate of this state confined in an institution of another state party to the Western Interstate Corrections Compact. [1959 c 287 § 4.]

72.70.060 Director may provide clothing, etc., to inmate released in another state. Severability—1957 c 298: "If any part of this act shall be held unconstitutional, such invalidity shall not affect any other part. It is hereby declared that had any section, paragraph, sentence, clause, phrase, or word as to which this act is declared invalid been eliminated from the act at the time the same was considered, the act would have nevertheless been enacted with such portions eliminated." 72.99.090 Contracts for construction authorized—Cost limited. The agencies in RCW 72.99.070 through 72.99.160 mentioned are each empowered to contract for the construction of the particular project herein authorized by the legislature to be constructed and financed as in RCW 72.99.070 through 72.99.160 provided. The cost of each of the projects herein authorized shall not exceed the amounts set forth in RCW 72.99.070 through 72.99.160. [1957 c 298 § 3.]

The issuance, sale and retirement of said bonds shall be under the general supervision and control of the state finance committee. The state finance committee may, in its discretion, provide for the issuance of said bonds to be dated, issued and sold from time to time in such amounts as may be necessary to make the payments provided for by RCW 72.99.070 through 72.99.160. Said bonds:

For the purpose of carrying out the provision of RCW 72.99.070 through 72.99.160, there is hereby appropriated from the state building construction

The state finance committee shall, on or before June 30th of each year, certify to the state treasurer the amount needed in the ensuing twelve months to meet bond retirement and interest requirements, and the state treasurer shall thereupon deposit such amount in said state building construction bond redemption fund from moneys transmitted to the state treasurer by the department of revenue and certified by the department of revenue to be sales tax collections, and such amount certified by the state finance committee to the state treasurer shall be a prior charge against all retail sales tax revenues of the state of Washington, subject to and inferior only to the charges thereon created by chapters 229 and 230, Laws of 1949 [RCW 28A.47.130–28A.47.180 and 72.99.010–72.99.060]. Said bond redemption fund shall be kept segregated from all moneys in the state treasury and shall, while any of such bonds or interest thereon remains unpaid, be available solely for the payment thereof. As a part of the contract of sale of the bonds herein authorized, the state undertakes to continue to levy and collect a tax on retail sales equal to that portion thereof allocated to said fund as provided in RCW 72.99.070 through 72.99.160, and to place the proceeds thereof in the state building construction bond redemption fund and to make said fund available to meet said payments when due until all bonds and the interest thereon authorized under RCW 72.99.070 through 72.99.160 shall have been paid. The legislature may provide additional means for raising money for the payment of interest and principal of said bonds. RCW 72.99.070 through 72.99.160 shall not be deemed to provide an exclusive method for such payment. The power given to the legislature by this section to provide additional means for raising money is permissive, and shall not in any way be construed as a pledge of the general credit of the state of Washington. Any compensation paid upon the basis of the above certification shall be complete settlement and satisfaction of any claim made pursuant to the provisions of this chapter as if made to a person not incompetent. [1953 c 208 § 1.]

The state auditor is hereby authorized and directed to procure such printing, office supplies and equipment and to employ such persons as may be necessary in order to properly carry out the provisions of this

73.32.080 Issuance and sale of bonds. For the purpose of providing means for the payment of compensation hereunder and for paying the expenses of administration, there shall be issued and sold limited obligation bonds of the state of Washington in the sum of eighty million dollars. The issuance, sale and retirement of said bonds shall be under the general supervision and control of the state finance committee. The state finance committee may, in its discretion, provide for the issuance of coupon or registered bonds to be dated, issued and sold from time to time in such amounts as may be necessary to make the payments provided for by this chapter. Each of such bonds shall be made payable at any time not exceeding thirty years from the date of its issuance, with such reserved rights of prior redemption as the state finance committee may prescribe to be specified therein. The bonds shall be signed either manually or with a stamped facsimile signature by the governor and the state auditor under the seal of the state and any coupons attached to such bonds shall be signed by the same officers whose signatures thereon may be in printed facsimile. Any bonds may be registered in the name of the holder on presentation to the state treasurer or at the fiscal agency of the state of Washington in New York, as to principal alone or as to both principal and interest under such regulations as the state treasurer may prescribe. Said bonds and the interest thereon shall, so long as any portion thereof shall remain unpaid, constitute a prior and exclusive claim upon the proceeds of said cigarette taxes and the war veterans' compensation bond retirement fund hereinafter provided for and shall be payable at such places as the state finance committee may provide. Bonds shall be in such denominations as may be prescribed by said committee. All bonds issued under the provisions of this chapter may be sold in such

The money arising from the sale of said bonds shall be deposited in the state treasury to the credit of a special fund to be known as the war veterans' compensation fund, which shall be used for the payment of the compensation provided in this chapter, and for paying the expenses of the administration thereof. For the purpose of carrying out the provisions of this chapter, there is hereby appropriated from the war veterans' compensation fund the sum of eighty million dollars. [1949 c 180 § 8; Rem. Supp. 1949 § 10747h.]

Instead, wholesalers and retailers subject to the provisions of chapter 82.24 RCW shall be allowed as compensation for their services in affixing the stamps for the additional tax required by this section a sum equal to one percent of the value of the stamps for such additional tax purchased or affixed by them.

All money derived from such tax shall be paid to the state treasurer and credited to the state general fund.

Reviser's note: Throughout chapter 73.34 RCW the term "this 1972 amendatory act" has been changed to "this chapter." This 1972 amendatory act [1972 ex.s. c 154] consists of chapter 73.34 RCW and also RCW 73.32.130, as amended by 1972 ex.s. c 154 § 7.

73.34.010 Purpose—Recognition. Since the people of the state of Washington have recognized the sacrifices of its sons in the service of their country during World War I, World War II and subsequently in the Korean conflict, and having desired to aid them in their return to civil life, did authorize the payment of certain compensation in recognition of such services, and since problems arising out of said conflicts threaten to defeat the ideals for which said battles were waged and make it necessary for many of our sons to once again bear arms for the preservation of justice and peace, it is fitting and proper that we again recognize that service and give that helping hand to those who have given and are giving so much to us and have brought and are bringing so much honor to our great state.

The legislature in authorizing this compensation recognizes that all prior bonds issued for compensation of those veterans of World War II and the Korean conflict will be fully retired during the year 1972 and that taxes upon cigarettes referred to in RCW 82.24.020 provide ample funds to retire any new veterans' bonus payment as provided for in this chapter without an added burden of taxation upon the citizens of this state. [1972 ex.s. c 154 § 1.]

Appropriation: "For the purpose of carrying out the provisions of this 1972 amendatory act, there is hereby appropriated from the war veterans' compensation fund the sum of nine million dollars, or so much thereof as is required to meet the annual obligations, which shall be used for the payment of the compensation provided in this 1972 amendatory act, and for paying the expenses of the administration thereof: *Provided*, That not more than two hundred thousand dollars of such amount shall be used as administrative expenses for the biennium ending June 30, 1973 and the state treasurer shall issue no warrants for payment of administrative expenses in excess of this amount." [1972 ex.s. c 154 § 8.]

73.34.020 Compensation authorized—Amount and to whom payable—Election to receive tuition, fees, etc., from educational institutions in lieu of bonus. (1) There shall be paid to each person who has received the Viet Nam Service Medal or Armed Forces Expeditionary Medal (Viet Nam) or who has been on active federal service as a member of the armed military or naval forces of the United States between a period commencing August 5, 1964, and March 28, 1973, and who has been honorably separated or discharged from such service, and who for a period of one year immediately prior to the date of his entry into such service was a bona fide citizen or resident of the state of Washington, for such service between said dates the sum of two hundred fifty dollars for service in the Viet Nam combat zone and said person received the Viet Nam Service Medal or Armed Forces Expeditionary Medal (Viet Nam): *Provided however*, That persons otherwise eligible who have been continuously in said armed services for a period of five years or more immediately prior to August 5, 1964, shall not be eligible to receive compensation under the terms of this chapter, except that POW's, dependents of MIA's and survivors of those persons who have been continuously in said armed services for a period of five years or more immediately prior to August 5, 1964, shall be eligible to receive compensation under the terms of this chapter: *Provided further*, That persons otherwise eligible who were on active duty for training only, excepting persons who received the Viet Nam Service Medal or Armed Forces Expeditionary Medal (Viet Nam), shall not be eligible to receive compensation under the terms of this chapter: *And provided further*, That persons who have already received extra compensation or other benefits based upon claimed residence at the time of entry into such active service from any other state or territory shall not be entitled to compensation under this chapter: *And provided further*, That no person shall be eligible to receive compensation under this chapter having prior thereto applied for and received compensation hereunder.

(2) In lieu of awaiting receipt of the stated money amounts as provided in subsection (1) above, any qualified person may elect to receive credit for tuition, incidental fees or other fees in such amount at any state institution of higher education, including community colleges and vocational technical institutions, or at private institutions of higher education within the state, such credit to be immediately available upon the processing of such person's claim for a bonus under this chapter; institutions of higher education entering into this program under this chapter shall be reimbursed at such time as the bonus payment would otherwise be made.

(3) In case of the death of any such person prior to said termination date as referred to in subsection (1) above, or at such time as such person would have been eligible for benefits hereunder, an equal amount shall be paid to his surviving widow if not remarried at the time compensation is requested, or in case he left no widow or in case his widow remarried and he has left children, then to his surviving children, or in the event he left no

widow eligible for payment hereunder, or children surviving on such date, then to his surviving parent or parents, or in the event he left no widow eligible for payment hereunder, or children surviving on such date, or parent or parents surviving on such date, then to his surviving grandparent or grandparents: *Provided, however,* That no such parent who has been deprived of custody of such child by a decree of a court of competent jurisdiction shall be entitled to any compensation under this chapter. Where a preceding beneficiary fails to file a proper claim for compensation before the final date set by this chapter, succeeding beneficiaries who have filed proper claims before such final date may proceed to qualify upon submission of satisfactory proof of eligibility. Widows, children, or parents of persons missing in action or prisoners of war may file claims for compensation as authorized by this chapter and in the same order as claims for deceased veterans. Any compensation paid to a beneficiary pursuant to this subsection shall be complete settlement and satisfaction of any claim thereafter made on behalf of the person or by the person himself. [1975 1st ex.s. c 273 § 1; 1972 ex.s. c 154 § 2.]

73.34.030 "Person" defined. The word "person" as used in RCW 73.34.020 shall not include persons who, during the period of their service, refused on conscientious, political or other grounds to subject themselves to full military discipline and unqualified service or who were separated from such service under conditions other than honorable, and who have not subsequently been officially restored to an honorable status, and such persons shall not be entitled to the benefits of this chapter: *Provided,* That the word "person" as used in RCW 73.34.020 shall include those persons with honorable discharge who claimed exemptions from combatant training and service by reason of religious training and belief and whose claims were sustained under authority of the selective training and service act of 1940 and executive order No. 8606, but who were inducted into the armed forces and assigned to noncombatant service and who did not otherwise refuse to subject themselves to full military discipline and unqualified service. [1972 ex.s. c 154 § 3.]

73.34.040 Certificate or claim form—Contents—Application procedures—War veterans' compensation account. All disbursements made under this chapter for compensation shall be made upon the presentation of a certificate or claim form to be prescribed by the state treasurer.

Such form for persons applying for benefits shall be duly verified by the claimant under oath, and shall set forth his name, residence at the time of entry into the service, date of enlistment, induction, or entry upon active federal service, beginning and ending dates of overseas service, date of discharge or release from active federal service, or if the claimant has not been released at the time of application, a statement by a competent military authority that the claimant during the period for which compensation is claimed did not refuse to subject himself to full military discipline and unqualified service, and that he has not been separated from service

under circumstances other than honorable. The state treasurer may require such further information to be included in such certificate as he deems necessary to enable him to determine the eligibility of applicants.

Such certificate shall be presented to the state treasurer or his representative, together with evidence of honorable service satisfactory to the state treasurer.

The claim for institutions seeking reimbursement under RCW 73.34.020(2) shall contain such information as the treasurer shall deem necessary to determine the authenticity thereof.

The state treasurer shall draw warrants in payment of such compensation claims against the war veterans' compensation account, which has heretofore been established in the state treasury. Claims for such compensation may be filed after May 23, 1972 but no payments shall be made prior to January 2, 1973.

The state treasurer may make such reasonable requirements for application procedure as are necessary to prevent fraud or the payment of compensation to persons not entitled thereto. [1975-'76 2nd ex.s. c 123 § 3; 1972 ex.s. c 154 § 4.]

Expiration date—1975-'76 2nd ex.s. c 123: See notes following RCW 43.84.090.

73.34.050 Compensation to physically or mentally incompetent persons—To whom payable. Where compensation is payable under this chapter to any person who is physically or mentally incompetent at the time application is made, said compensation may be paid to any guardian, committee, conservator, or curator duly appointed, pursuant to the laws of the state of residence of said incompetent to control and manage the person and/or estate of the incompetent, or such compensation may be paid to any chief officer of any state or federal institution having custody of such incompetent: *Provided, however,* The chief officer of any state or federal institution shall use any compensation received pursuant to this section for the personal benefit of the incompetent, exclusive of care and maintenance.

The guardian, committee, conservator, curator, chief officer or person in charge shall make application for the incompetent's compensation upon the form regularly provided for such purpose pursuant to RCW 73.34.040, and in addition, shall certify under oath that the applicant is the guardian, committee, conservator, curator, chief officer, or person in charge as above set forth, and shall further certify that the compensation received shall be used for the personal benefit of the incompetent as provided herein and in accord with the laws applicable to the administration of their office.

Any compensation paid upon the basis of the above certification shall be complete settlement and satisfaction of any claim made pursuant to the provisions of this chapter as if made to a person not incompetent. [1972 ex.s. c 154 § 5.]

73.34.060 Forms—Administrative expense—Agents of treasurer. The state treasurer shall furnish free of charge upon the application therefor certificates or claim forms upon which applications may be made and may establish at different points within the state offices

at which there shall be kept on file for the use of persons covered by this chapter a sufficient number of such certificates, so that there is no unnecessary delay in the payment of compensation. The state treasurer may authorize the county auditor or county clerk, or both, of any county of the state to act for him in receiving such certificates, and shall furnish them with sufficient certificates to enable them to accept the same. The state treasurer shall procure such printing, office supplies and equipment and employ such persons as may be necessary to properly carry out the provisions of this chapter. All expenses incurred by him in the administration of this chapter shall be paid by warrants drawn upon the war veterans' compensation account. [1975-'76 2nd ex.s. c 123 § 4; 1972 ex.s. c 154 § 6.]

[1972 ex.s. c 154 § 9.]

73.34.090 Free official service—Discounting certificates—Penalty. No charge shall be made by any agent, notary public, or attorney for any service in connection with obtaining a certificate to obtain the allowance provided for by this chapter, and no person shall, for a consideration, discount or attempt to discount, or for a consideration, advance money upon any certificate or certificates issued pursuant to this chapter. No claim for payment under this chapter shall be subject to garnishment, attachment, levy, or execution. Any violation of this section shall be a gross misdemeanor. [1975 1st ex.s. c 273 § 2; 1972 ex.s. c 154 § 10.]

73.34.100 Advice and assistance of veterans' rehabilitation council. The executive officer of the veterans' rehabilitation council shall advise with and assist the state treasurer in the performance of the duties of the treasurer under this chapter, and when so called upon, the executive officer shall employ such persons and incur such expenses as may be necessary, such expenses to be paid by warrant drawn upon the war veterans' compensation account. [1975-'76 2nd ex.s. c 123 § 5; 1972 ex.s. c 154 § 11.]

Expiration date—1975-'76 2nd ex.s. c 123: See notes following RCW 43.84.090.

73.34.110 Death benefit. Upon the death of any person qualified to receive compensation pursuant to this chapter or who would have been qualified to receive compensation except for death occurring while serving in federal service as a member of the armed military or naval forces of the United States, there shall be paid to his widow, parent, child, next of kin or other person assuming responsibility or having the duty to provide for his burial, the sum of two hundred fifty dollars to aid in defraying funeral and other burial costs. Payment shall be made, after application therefor, in the same manner as is provided in this chapter for payment of compensation. The state treasurer shall promulgate such rules and regulations and provide such procedures as may be necessary to properly administer the provisions of this section.

Any payment under this section shall be deemed and construed to be a part of the term "compensation" as used in this chapter and shall be made from the war veterans' compensation account. [1975-'76 2nd ex.s. c 123 § 6; 1972 ex.s. c 154 § 12.]

"Person" means an individual, a partnership, a corporation or an association.

"Veterans administration" means the veterans administration, its predecessors or successors.

"Income" means moneys received from the veterans administration and revenue or profit from any property wholly or partially acquired therewith.

"Estate" means income on hand and assets acquired partially or wholly with "income".

The administrator shall be a party in interest in any proceeding for the appointment or removal of a guardian or for the removal of the disability of minority or mental incapacity of a ward, and in any suit or other proceeding affecting in any manner the administration by the guardian of the estate of any present or former ward whose estate includes assets derived in whole or in part from benefits heretofore or hereafter paid by the veterans administration. Not less than fifteen days prior to hearing in such matter notice in writing of the time and place thereof shall be given by mail (unless waived in writing) to the office of the veterans administration having jurisdiction over the area in which any such suit or any such proceeding is pending. [1951 c 53 § 2.]

73.36.030 Appointment of guardian—Necessary when. Whenever, pursuant to any law of the United States or regulation of the veterans administration, it is necessary, prior to payment of benefits, that a guardian be appointed, the appointment may be made in the manner hereinafter provided. [1951 c 53 § 3.]

73.36.040 Guardian—Number of wards permitted. No person other than a bank or trust company shall be guardian of more than five wards at one time, unless all the wards are members of one family. Upon presentation of a petition by an attorney of the veterans administration or other interested person, alleging that a guardian is acting in a fiduciary capacity for more than five wards as herein provided and requesting his discharge for that reason, the court, upon proof substantiating the petition, shall require a final accounting forthwith from such guardian and shall discharge him from guardianships in

excess of five and forthwith appoint a successor. [1951 c 53 § 4.]

73.36.050 Guardian—Appointment—Contents of petition. (1) A petition for the appointment of a guardian may be filed by any relative or friend of the ward or by any person who is authorized by law to file such a petition. If there is no person so authorized or if the person so authorized refuses or fails to file such a petition within thirty days after mailing of notice by the veterans administration to the last known address of the person, if any, indicating the necessity for the same, a petition for appointment may be filed by any resident of this state.

(2) The petition for appointment shall set forth the name, age, place of residence of the ward, the name and place of residence of the nearest relative, if known, and the fact that the ward is entitled to receive benefits payable by or through the veterans administration and shall set forth the amount of moneys then due and the amount of probable future payments.

(3) The petition shall also set forth the name and address of the person or institution, if any, having actual custody of the ward and the name, age, relationship, if any, occupation and address of the proposed guardian and if the nominee is a natural person, the number of wards for whom the nominee is presently acting as guardian. Notwithstanding any law as to priority of persons entitled to appointment, or the nomination in the petition, the court may appoint some other individual or a bank or trust company as guardian, if the court determines it is for the best interest of the ward.

(4) In the case of a mentally incompetent ward the petition shall show that such ward has been rated incompetent by the veterans administration on examination in accordance with the laws and regulations governing the veterans administration. [1951 c 53 § 5.]

73.36.060 Guardian for minor—Appointment—Prima facie evidence. Where a petition is filed for the appointment of a guardian for a minor, a certificate of the administrator or his authorized representative, setting forth the age of such minor as shown by the records of the veterans administration and the fact that the appointment of a guardian is a condition precedent to the payment of any moneys due the minor by the veterans administration shall be prima facie evidence of the necessity for such appointment. [1951 c 53 § 6.]

73.36.070 Guardian for incompetent—Appointment—Prima facie evidence. Where a petition is filed for the appointment of a guardian for a mentally incompetent ward, a certificate of the administrator or his duly authorized representative, that such person has been rated incompetent by the veterans administration on examination in accordance with the laws and regulations governing such veterans administration and that the appointment of a guardian is a condition precedent to the payment of any moneys due such ward by the veterans administration, shall be prima facie evidence of the necessity for such appointment. [1951 c 53 § 7.]

73.36.080 Notice of petition. Upon the filing of a petition for the appointment of a guardian under this chapter, notice shall be given to the ward, to such other persons, and in such manner as is provided by the general law of this state, and also to the veterans administration as provided by this chapter. [1951 c 53 § 8.]

73.36.090 Guardian's bond. (1) Upon the appointment of a guardian, he shall execute and file a bond to be approved by the court in an amount not less than the estimated value of the personal estate and anticipated income of the ward during the ensuing two years, except in cases where banks or trust companies are appointed as guardian and no bond is required by the general state law. The bond shall be in the form and be conditioned as required of guardians appointed under the general guardianship laws of this state. The court may from time to time require the guardian to file an additional bond.

(2) Where a bond is tendered by a guardian with personal sureties, there shall be at least two such sureties and they shall file with the court a certificate under oath which shall describe the property owned, both real and personal, and shall state that each is worth the sum named in the bond as the penalty thereof over and above all his debts and liabilities and the aggregate of other bonds in which he is principal or surety and exclusive of property exempt from execution. The court may require additional security or may require a corporate surety bond, the premium thereon to be paid from the ward's estate. [1951 c 53 § 9.]

Guardianship, generally: Chapters 11.88 and 11.92 RCW.

73.36.100 Accounting by guardian—Copies of all proceedings to be furnished administration—Hearings.

(1) Every guardian, who has received or shall receive on account of his ward any money or other thing of value from the veterans administration, at the expiration of two years from date of his appointment, and every two years thereafter on the anniversary date of his appointment, or as much oftener as the court may require, shall file with the court a full, true and accurate account under oath of all moneys or other things of value received by him, all earnings, interest or profits derived therefrom, and all property acquired therewith and of all disbursements therefrom, and showing the balance thereof in his hands at the date of the account and how invested. Each year when not required to file an account with the court, the guardian shall file an account with the proper office of the veterans administration. If the interim account be not filed with the veterans administration, or, if filed, shall be unsatisfactory, the court shall upon receipt of notice thereof from the veterans administration require the guardian forthwith to file an account which shall be subject in all respects to the next succeeding paragraphs. Any account filed with the veterans administration and approved by the chief attorney thereof may be filed with the court and be approved by the court without hearing, unless a hearing thereon be requested by some party in interest.

(2) The guardian, at the time of filing any account with the court or veterans administration shall exhibit all

securities or investments held by him to an officer of the bank or other depository wherein said securities or investments are held for safekeeping or to an authorized representative of the corporation which is surety on his bond, or to the judge or clerk of a court of record in this state, or upon request of the guardian or other interested party, to any other reputable person designated by the court, who shall certify in writing that he has examined the securities or investments and identified them with those described in the account and shall note any omissions or discrepancies. If the depository is the guardian, the certifying officer shall not be the officer verifying the account. The guardian may exhibit the securities or investments to the judge of the court, who shall endorse on the account and copy thereof, a certificate that the securities or investments shown therein as held by the guardian were each in fact exhibited to him and that those exhibited to him were the same as those in the account and noting any omission or discrepancy. The certificate, and the certificate of an official of the bank in which are deposited any funds for which the guardian is accountable, showing the amount on deposit, shall be prepared and signed in duplicate and one of each shall be filed by the guardian with his account.

(3) At the time of filing in the court any account, a certified copy thereof and a signed duplicate of each certificate filed with the court shall be sent by the guardian to the office of the veterans administration having jurisdiction over the area in which such court is located. A duplicate signed copy or a certified copy of any petition, motion or other pleading pertaining to an account, or to any matter other than an account, and which is filed in the guardianship proceedings or in any proceedings for the purpose of removing the disability of minority or mental incapacity, shall be furnished by the persons filing the same to the proper office of the veterans administration. Unless hearing be waived in writing by the attorney of the veterans administration and by all other persons, if any, entitled to notice, the court shall fix a time and place for the hearing on the account, petition, motion or other pleading, not less than fifteen days nor more than sixty days from the date same is filed, unless a different available date be stipulated in writing. Unless waived in writing, written notice of the time and place of hearing shall be given the veterans administration office concerned and to the guardian and any others entitled to notice, not less than fifteen days prior to the date fixed for the hearing. The notice may be given by mail, in which event it shall be deposited in the mails not less than fifteen days prior to said date. The court or clerk thereof, shall mail to said veterans administration office a copy of each order entered in any guardianship proceeding wherein the administrator is an interested party.

(4) If the guardian is accountable for property derived from sources other than the veterans administration, he shall be accountable as is or may be required under the applicable law of this state pertaining to the property of minors or persons of unsound mind who are not beneficiaries of the veterans administration, and as to such other property shall be entitled to the compensation provided by such law. The account for other property may

be combined with the account filed in accordance with this section. [1951 c 53 § 10.]

73.36.110 Failure to account—Penalties. If any guardian shall fail to file with the court any account as required by this chapter, or by an order of the court, when any account is due or within thirty days after citation issues and provided by law, or shall fail to furnish the veterans administration a true copy of any account, petition or pleading as required by this chapter, such failure may in the discretion of the court be ground for his removal, in addition to other penalties provided by law. [1951 c 53 § 11.]

73.36.120 Compensation of guardian. Compensation payable to guardians shall be based upon services rendered and shall not exceed five percent of the amount of moneys received during the period covered by the account, except that the court may allow a fee of not exceeding twenty-five dollars per year, as a minimum fee, upon the approval of the chief attorney for the veterans administration. In the event of extraordinary services by any guardian, the court, upon petition and hearing thereon may authorize reasonable additional compensation therefor. A copy of the petition and notice of hearing thereon shall be given the proper office of the veterans administration in the manner provided in the case of hearing on a guardian's account or other pleading. No commission or compensation shall be allowed on the moneys or other assets received from a prior guardian nor upon the amount received from liquidation of loans or other investments. [1951 c 53 § 12.]

73.36.130 Investment of funds—Procedure. Every guardian shall invest the surplus funds of his ward's estate in such securities or property as authorized under the laws of this state but only upon prior order of the court; except that the funds may be invested, without prior court authorization, in direct unconditional interest-bearing obligations of this state or of the United States and in obligations the interest and principal of which are unconditionally guaranteed by the United States. A signed duplicate or certified copy of the petition for authority to invest shall be furnished the proper office of the veterans administration, and notice of hearing thereon shall be given said office as provided in the case of hearing on a guardian's account. [1951 c 53 § 13.]

73.36.140 Use of funds—Procedure. A guardian shall not apply any portion of the income or the estate for the support or maintenance of any person including the ward, the spouse and the minor children of the ward, except upon petition to and prior order of the court after a hearing. A signed duplicate or certified copy of said petition shall be furnished the proper office of the veterans administration and notice of hearing thereon shall be given said office as provided in the case of hearing on a guardian's account or other pleading. [1951 c 53 § 14.]

73.36.150 Purchase of real estate—Procedure. (1) The court may authorize the purchase of the entire fee

simple title to real estate in this state in which the guardian has no interest, but only as a home for the ward, or to protect his interest, or (if he is not a minor) as a home for his dependent family. Such purchase of real estate shall not be made except upon the entry of an order of the court after hearing upon verified petition. A copy of the petition shall be furnished the proper office of the veterans administration and notice of hearing thereon shall be given said office as provided in the case of hearing on a guardian's account.

(2) Before authorizing such investment the court shall require written evidence of value and of title and of the advisability of acquiring such real estate. Title shall be taken in the ward's name. This section does not limit the right of the guardian on behalf of his ward to bid and to become the purchaser of real estate at a sale thereof pursuant to decree of foreclosure of lien held by or for the ward, or at a trustee's sale, to protect the ward's right in the property so foreclosed or sold; nor does it limit the right of the guardian, if such be necessary to protect the ward's interest and upon prior order of the court in which the guardianship is pending, to agree with cotenants of the ward for a partition in kind, or to purchase from cotenants the entire undivided interests held by them, or to bid and purchase the same at a sale under a partition decree, or to compromise adverse claims of title to the ward's realty. [1951 c 53 § 15.]

73.36.155 Public records—Free copies. When a copy of any public record is required by the veterans administration to be used in determining the eligibility of any person to participate in benefits made available by the veterans administration, the official custodian of such public record shall without charge provide the applicant for such benefits or any person acting on his behalf or the authorized representative of the veterans administration with a certified copy of such record. [1951 c 53 § 16. Formerly RCW 73.04.025.]

73.36.160 Discharge of guardian—Final account. In addition to any other provisions of law relating to judicial restoration and discharge of guardian, a certificate by the veterans administration showing that a minor ward has attained majority, or that an incompetent ward has been rated competent by the veterans administration upon examination in accordance with law shall be prima facie evidence that the ward has attained majority, or has recovered his competency. Upon hearing after notice as provided by this chapter and the determination by the court that the ward has attained majority or has recovered his competency, an order shall be entered to that effect, and the guardian shall file a final account. Upon hearing after notice to the former ward and to the veterans administration as in case of other accounts, upon approval of the final account, and upon delivery to the ward of the assets due him from the guardian, the guardian shall be discharged and his sureties released. [1951 c 53 § 17.]

73.36.165 Commitment to veterans administration or other federal agency. (1) Whenever, in any proceeding under the laws of this state for the commitment of a

person alleged to be of unsound mind or otherwise in need of confinement in a hospital or other institution for his proper care, it is determined after such adjudication of the status of such person as may be required by law that commitment to a hospital for mental disease or other institution is necessary for safekeeping or treatment and it appears that such person is eligible for care or treatment by the veterans administration or other agency of the United States government, the court, upon receipt of a certificate from the veterans administration or such other agency showing that facilities are available and that such person is eligible for care or treatment therein, may commit such person to said veterans administration or other agency. The person whose commitment is sought shall be personally served with notice of the pending commitment proceeding in the manner as provided by the law of this state; and nothing in this chapter shall affect his right to appear and be heard in the proceedings. Upon commitment, such person, when admitted to any hospital operated by any such agency within or without this state shall be subject to the rules and regulations of the veterans administration or other agency. The chief officer of any hospital of the veterans administration or institution operated by any other agency of the United States to which the person is so committed shall with respect to such person be vested with the same powers as superintendents of state hospitals for mental diseases within this state with respect to retention of custody, transfer, parole or discharge. Jurisdiction is retained in the committing or other appropriate court of this state at any time to inquire into the mental condition of the person so committed, and to determine the necessity for continuance of his restraint, and all commitments pursuant to this chapter are so conditioned.

(2) The judgment or order of commitment by a court of competent jurisdiction of another state or of the District of Columbia, committing a person to the veterans administration, or other agency of the United States government for care or treatment shall have the same force and effect as to the committed person while in this state as in the jurisdiction in which is situated the court entering the judgment or making the order; and the courts of the committing state, or of the District of Columbia, shall be deemed to have retained jurisdiction of the person so committed for the purpose of inquiring into the mental condition of such person, and of determining the necessity for continuance of his restraint; as is provided in subsection (1) of this section with respect to persons committed by the courts of this state. Consent is hereby given to the application of the law of the committing state or district in respect to the authority of the chief officer of any hospital of the veterans administration, or of any institution operated in this state by any other agency of the United States to retain custody, or transfer, parole or discharge the committed person.

(3) Upon receipt of a certificate of the veterans administration or such other agency of the United States that facilities are available for the care or treatment of any person heretofore committed to any hospital for the insane or other institution for the care or treatment of persons similarly afflicted and that such person is eligible

for care or treatment, the superintendent of the institution may cause the transfer of such person to the veterans administration or other agency of the United States for care or treatment. Upon effecting any such transfer, the committing court or proper officer thereof shall be notified thereof by the transferring agency. No person shall be transferred to the veterans administration or other agency of the United States if he be confined pursuant to conviction of any felony or misdemeanor or if he has been acquitted of the charge solely on the ground of insanity, unless prior to transfer the court or other authority originally committing such person shall enter an order for such transfer after appropriate motion and hearing.

Any person transferred as provided in this section shall be deemed to be committed to the veterans administration or other agency of the United States pursuant to the original commitment. [1951 c 53 § 18. Formerly RCW 71.02.700 through 71.02.720.]

73.36.170 Application of chapter to other guardianships of veterans. The provisions of this chapter relating to surety bonds and the administration of estates of wards shall apply to all "income" and "estate" as defined in RCW 73.36.010 whether the guardian shall have been appointed under this chapter or under any other law of this state, special or general, prior or subsequent to the enactment hereof. [1951 c 53 § 21.]

73.36.180 Construction of chapter—Uniformity. This chapter shall be so construed to make uniform the law of those states which enact it. [1951 c 53 § 19.]

73.36.190 Short title. This chapter may be cited as the "uniform veterans' guardianship act". [1953 c 53 § 20.]

74.04.005 Definitions. For the purposes of this title, unless the context indicates otherwise, the following definitions shall apply:

- (1) "Public assistance" or "assistance"—Public aid to persons in need thereof for any cause, including services, medical care, assistance grants, disbursing orders, work relief, general assistance and federal-aid assistance.
- (2) "Department"—The department of public assistance.
- (3) "County office"—The administrative office for one or more counties.
- (4) "Director"—The director of the state department of public assistance.
- (5) "Federal-aid assistance"—The specific categories of assistance for which provision is made in any federal law existing or hereafter passed by which payments are made from the federal government to the state in aid or in respect to payment by the state for public assistance rendered to any category of needy persons, including old age assistance, medical assistance, aid to families with dependent children, aid to the permanently and totally disabled persons, aid to the blind, child welfare

services, and any other programs of public assistance for which provision for federal funds or aid may from time to time be made.

(6) "General assistance"—Shall include aid to unemployable persons and unemployed employable persons who are not eligible to receive or are not receiving federal-aid assistance.

(a) Unemployable persons are those persons who by reason of bodily or mental infirmity or other cause are substantially incapacitated from gainful employment.

(b) Unemployed employable persons are those persons who although capable of gainful employment are unemployed.

(7) "Medical indigents"—Are persons without income or resources sufficient to secure necessary medical services.

(8) "Applicant"—Any person who has made a request, or on behalf of whom a request has been made, to any county office for assistance.

(9) "Recipient"—Any person receiving assistance or currently approved to receive assistance at any future date and in addition those dependents whose needs are included in the recipient's grant.

(10) "Requirement"—Items of goods and services included in the state department of public assistance standards of assistance and required by an applicant or recipient to maintain a defined standard of living.

(11) "Resource"—Any asset, tangible or intangible, owned by or available to the applicant at the time of application, which can be applied toward meeting the applicant's need, either directly or by conversion into money or its equivalent: *Provided*, That an applicant may retain the following described resources and not be ineligible for public assistance because of such resources.

(a) A home, which is defined as real property owned and used by an applicant or recipient as a place of residence, together with a reasonable amount of property surrounding and contiguous thereto, which is used by and useful to the applicant. Whenever a recipient shall cease to use such property for residential purposes, either for himself or his dependents, the property shall be considered as income which can be made available to meet need, and if the recipient or his dependents absent themselves from the home for a period of ninety consecutive days such absence, unless due to hospitalization or health reasons, shall raise a presumption of abandonment: *Provided*, That if in the opinion of three physicians the recipient will be unable to return to the home during his lifetime, and the home is not occupied by a spouse or dependent children or disabled sons or daughters, such property shall be considered as income which can be made available to meet need.

(b) Household furnishings and personal clothing used and useful to the person.

(c) Automobile(s) used and useful.

(d) Cash of not to exceed two hundred dollars for a single person or four hundred dollars for a family unit of two, or marketable securities of such value. This maximum shall be increased by twenty-five dollars for each additional member of the family unit.

(f) Other personal property and belongings which are used and useful or which have great sentimental value to the applicant or recipient.

Whenever such person ceases to make use of any of the property specified in items (b), (c) and (f) of this section, the same shall be considered as income available to meet need: *Provided*, That the department may by rule and regulation exempt such personal property and belongings which can be used by the applicant or recipient to decrease his need for public assistance or aid in rehabilitating him or his dependents.

(g) The department shall by rule and regulation fix the ceiling value for the individual or family unit for all property and belongings as defined in items (c), (d) and (e) of this section. In establishing such ceiling, the department shall establish a sliding scale based upon the family size. If an applicant for or recipient of public assistance possesses property and belongings in excess of the ceiling value, such value shall be used in determining the need of the applicant or recipient: *Provided*, That in the determination of need of applicants for or recipients of general assistance no resources or income shall be considered as exempt per se, but the department may by rule and regulation adopt standards which will permit the exemption of the home and personal property and belongings from consideration as an available resource or income when such resources or income are determined to be necessary to the applicant's or recipient's restoration to independence.

(12) "Income"—All appreciable gains in real or personal property (cash or kind) or other assets, which are received by or become available for use and enjoyment by an applicant or recipient after applying for or receiving public assistance: *Provided*, That all necessary expenses that may reasonably be attributed to the earning of income shall be considered in determining net income: *Provided further*, That the department may by rule and regulation exempt income received by an applicant for or recipient of public assistance which can be used by him to decrease his need for public assistance or to aid in rehabilitating him or his dependents, but such exemption shall not, unless otherwise provided in this title, exceed the exemptions of resources granted under this chapter to an applicant for public assistance: *Provided further*, That in determining the amount of assistance to which a recipient of aid to the blind is entitled or to which any dependent of such recipient may be entitled under any category of public assistance, the department is hereby authorized to disregard as a resource or income the first eighty-five dollars per month of any earned income plus one-half of earned income in excess of eighty-five dollars per month and for a period of not in excess of thirty-six months such additional amounts of other income and resources, in the case of an individual who has a plan for achieving self-support approved by the department, as may be necessary for the fulfillment of such plan of such blind recipient who is otherwise eligible for an aid to the blind grant: *Provided further*, That in determining the amount of assistance to which a recipient of aid to families with dependent children is entitled, the department is hereby authorized to disregard as a resource or income (a) with respect to a

child who is not a full time employee and who is a full time or part time student attending a school, college, or university, or a course of vocational or technical training designed to fit him for gainful employment, all of the earned income of such child; and (b) with respect to any other dependent child, adult, or other person in the home whose needs are taken into account in making such determination, the first thirty dollars of the total of their earned income for such month and one-third of the remainder: *Provided further*, The department may permit the above exemption of earnings of a child to be retained by such child to cover the cost of special future identifiable needs even though the total exceeds the exemptions or resources granted to applicants of public assistance, but consistent with federal requirements: *Provided further*, That in determining the amount of assistance to which a recipient of old age assistance is entitled, the department is hereby authorized to disregard as a resource or income the first twenty dollars per month of any earned income plus one-half of additional earnings up to eighty dollars of such recipient who is otherwise eligible for an old age assistance grant; but the total amount of earnings or other income if accumulated shall not, when added to the amount of cash or marketable securities exempted under (d) of subsection (11) of this section, exceed the total amounts exempted under that subsection for a family unit: *Provided further*, That a recipient of aid to the blind may accumulate without penalty from such exempt income, an amount not to exceed the maximum value of personal property as established by the department pursuant to this section less other cash, marketable securities, cash surrender value of insurance and/or car held by such recipient. In formulating rules and regulations pursuant to this chapter the department shall define "earned income" in such a manner as to meet with the approval of the department of health, education and welfare: and *Provided further*, That all resources and income not specifically exempted, and any income or other economic benefit derived from the use of, or appreciation in value of, exempt resources, shall be considered in determining the need of an applicant or recipient of public assistance.

(13) "Need"—The difference between the applicant's or recipient's cost of requirements for himself and the dependent members of his family, as measured by the standards of the department, and value of all nonexempt resources and nonexempt net income received by or available to the applicant or recipient and the dependent members of his family.

74.12.010 Definitions. For the purposes of the administration of aid to families with dependent children assistance, the term "dependent child" means any child in need under the age of eighteen years who has been deprived of parental support or care by reason of the death, continued absence from the home, or physical or mental incapacity of the parent, and who is with his father, mother, grandmother, grandfather, brother, sister, stepfather, stepmother, stepbrother, stepsister, uncle, aunt, first cousin, nephew, or niece, in a place of residence maintained by one or more of such relatives as his or their homes. The term a "dependent child" shall, notwithstanding the foregoing, also include a child who would meet such requirements except for his removal after April 30, 1961, from the home of a relative specified above as a result of a judicial determination that continuation therein would be contrary to the welfare of such child, for whose placement and care the state department of social and health services or the county office is responsible, and who has been placed in a licensed or approved child care institution or foster home as a result of such determination and who: (1) Was receiving an aid to families with dependent children grant for the month in which court proceedings leading to such determination were initiated; or (2) would have received aid to families with dependent children for such month if application had been made therefor; or (3) in the case of a child who had been living with a specified relative within six months prior to the month in which such proceedings were initiated, would have received aid to families with dependent children for such month if in such month he had been living with such a relative and application had been made therefor, as authorized by the Social Security Act: *Provided*, That the director shall have discretion to provide that aid to families with dependent children assistance shall be available to any child in need who has been deprived of parental support or care by reason of the unemployment of a parent or stepparent liable under this chapter for the support of such child, to the extent that matching funds are available from the federal government.

"Aid to families with dependent children" means money payments, services, and remedial care with

respect to a dependent child or dependent children and the needy parent or relative with whom the child lives and may include the spouse of such relative if living with him and if such relative is the child's parent and the child is a dependent child by reason of the physical or mental incapacity or unemployment of a parent or stepparent liable under this chapter for the support of such child. [1973 2nd ex.s. c 31 § 1; 1969 ex.s. c 173 § 13; 1965 ex.s. c 37 § 1; 1963 c 228 § 18; 1961 c 265 § 1; 1959 c 26 § 74.12.010. Prior: 1957 c 63 § 10; 1953 c 174 § 24; 1941 c 242 § 1; 1937 c 114 § 1; Rem. Supp. 1941 § 9992-101.]

74.12.030 Eligibility. In addition to meeting the eligibility requirements of RCW 74.08.025, as now or hereafter amended, an applicant for aid to families with dependent children must be a needy child who is a resident of the state of Washington. [1971 ex.s. c 169 § 6; 1963 c 228 § 19; 1959 c 26 § 74.12.030. Prior: 1953 c 174 § 23; 1941 c 242 § 2; 1937 c 114 § 4; Rem. Supp. 1941 § 9992-104.]

Moneys in possession of secretary not subject to certain proceedings: RCW 74.13.070.

74.12.240 Services provided to help attain maximum self-support and independence of parents and relatives. The department is authorized to provide such social and related services as are reasonably necessary to encourage the care of dependent children in their own homes or in the homes of relatives, to help maintain and strengthen family life and to help such parents or relatives to attain maximum self-support and personal independence consistent with the maintenance of continuing parental care and protection. In the provision of such services, maximum utilization of other agencies providing similar or related services shall be effected. [1959 c 26 § 74.12.240. Prior: 1957 c 63 § 8.]

74.12.250 Payment of grant to another—Limited guardianship. If the department, after investigation, finds that any recipient of funds under an aid to families with dependent children grant is not utilizing the grant adequately for the needs of the child or children or is otherwise dissipating such grant, or is unable to manage adequately the funds paid on behalf of said child and that to continue said payments to him would be contrary to the welfare of the child, the department may make such payments to another individual who is interested in or concerned with the welfare of such child and relative: *Provided*, That the department shall provide such counseling and other services as are available and necessary to develop greater ability on the part of the relative to manage funds in such manner as to protect the welfare of the family. Periodic review of each case shall be made by the department to determine if said relative is able to resume management of the assistance grant. If after a reasonable period of time the payments to the relative cannot be resumed, the department may request the attorney general to file a petition in the superior court for the appointment of a guardian for the child or children. Such petition shall set forth the facts warranting such appointment. Notice of the hearing on such petition

shall be served upon the recipient and the department not less than ten days before the date set for such hearing. Such petition may be filed with the clerk of superior court and all process issued and served without payment of costs. If upon the hearing of such petition the court is satisfied that it is for the best interest of the child or children, and all parties concerned, that a guardian be appointed, he shall order the appointment, and may require the guardian to render to the court a detailed itemized account of expenditures of such assistance payments at such time as the court may deem advisable.

It is the intention of this section that the guardianship herein provided for shall be a special and limited guardianship solely for the purpose of safeguarding the assistance grants made to dependent children. Such guardianship shall terminate upon the termination of such assistance grant, or sooner on order of the court, upon good cause shown. [1963 c 228 § 21; 1961 c 206 § 1.]

74.12.260 Persons to whom grants shall be made—
Proof of use for benefit of children. Aid to families with dependent children grants shall be made to persons specified in RCW 74.12.010 as amended or such others as the federal department of health, education and welfare shall recognize for the sole purposes of giving benefits to the children whose needs are included in the grant paid to such persons. The recipient of each aid to families with dependent children's grant shall be and hereby is required to present reasonable proof to the department of public assistance as often as may be required by the department that all funds received in the form of an aid to families with dependent children grant for the children represented in the grant are being spent for the benefit of the children. [1963 c 228 § 22.]

74.12.270 Protective payments subject to fair hearing and appeal procedure. The decision of the department that there is need for a protective payment because of the relative's inability to manage the assistance payment shall be subject to the provisions of RCW 74.08.070 and RCW 74.08.080. [1963 c 228 § 23.]

74.12.280 Rules and regulations for coordination of services. The department is hereby authorized to promulgate rules and regulations which will provide for coordination between the services provided pursuant to *RCW 74.12.130 and the services provided under the aid to families with dependent children program in order to provide welfare and related services which will best promote the welfare of such children and their families and conform with the provisions of Public Law 87-543 (HR 10606). [1963 c 228 § 24.]

*Reviser's note: "RCW 74.12.130" referred to above was repealed by 1965 c 30 § 5. For later enactment concerning child welfare services, see chapter 74.13 RCW.

74.12.290 Evaluation of suitability of home. The department of public assistance shall, during the initial and any subsequent determination of eligibility, evaluate the suitability of the home in which the dependent child lives, consideration to be given to physical care and

supervision provided in the home; social, educational, and the moral atmosphere of the home as compared with the standards of the community; the child's physical and mental health and emotional security, special needs occasioned by the child's physical handicaps or illnesses, if any; the extent to which desirable factors outweigh the undesirable in the home; and the apparent possibility for improving undesirable conditions in the home. [1963 c 228 § 25.]

74.12.300 Grant during period required to eliminate undesirable conditions. If the home in which the child lives is found to be unsuitable, but there is reason to believe that elimination of the undesirable conditions can be effected, and the child is otherwise eligible for aid, a grant shall be initiated or continued for such time as the state department of public assistance and the family require to remedy the conditions. [1963 c 228 § 26.]

74.12.310 Placement of child with other relatives. When intensive efforts over a reasonable period have failed to improve the home conditions, the department shall determine if any other relatives specified by the social security act are maintaining a suitable home and are willing to take the care and custody of the child in their home. Upon an affirmative finding the department shall, if the parents or relatives with whom the child is living consent, take the necessary steps for placement of the child with such other relatives, but if the parents or relatives with whom the child lives refuse their consent to the placement then the department shall file a petition in the juvenile court for a decree adjudging the home unsuitable and placing the dependent child with such other relatives. [1963 c 228 § 27.]

74.12.320 Placement of child pursuant to chapter 13.04 RCW. If a diligent search reveals no other relatives as specified in the social security act maintaining a suitable home and willing to take custody of the child, then the department may file a petition in the appropriate juvenile court for placement of the child pursuant to the provisions of chapter 13.04 RCW. [1963 c 228 § 28.]

74.12.330 Assistance not to be denied for want of relative or court order. Notwithstanding the provisions of this chapter a child otherwise eligible for aid shall not be denied such assistance where a relative as specified in the social security act is unavailable or refuses to accept custody and the juvenile court fails to enter an order removing the child from the custody of the parent, relative or guardian then having custody. [1963 c 228 § 29.]

74.12.340 Day care. The department is authorized to promulgate rules and regulations governing the provision of day care as a part of child welfare services when the secretary determines that a need exists for such day care and that it is in the best interests of the child, the parents, or the custodial parent and in determining the need for such day care priority shall be given to geographical areas having the greatest need for such care and to

members of low income groups in the population: *Provided*, That where the family is financially able to pay part or all of the costs of such care, fees shall be imposed and paid according to the financial ability of the family. [1973 1st ex.s. c 154 § 111; 1963 c 228 § 30.]

Severability—1973 1st ex.s. c 154: See note following RCW 2.12.030.

*Reviser's note: "this 1971 amendatory act" consists of RCW 74.08.025, 74.08.030, 74.08.050, 74.09.510, 74.10.020, 74.12.030, 74.13.060, 74.13.070, 74.16.030, 74.36.110, 74.36.120 and 74.36.130.

ADOPTION SUPPORT DEMONSTRATION ACT OF 1971

74.13.100 State policy enunciated. It is the policy of this state to enable the secretary to charge fees for certain services to adoptive parents who are able to pay for such services.

It is, however, also the policy of this state that the secretary of the department of social and health services shall be liberal in waiving, reducing, or deferring payment of any such fee to the end that adoptions shall be encouraged in cases where prospective adoptive parents lack means.

It is the policy of this state to encourage, within the limits of available funds, the adoption of certain hard to place children in order to make it possible for children living in, or likely to be placed in, foster homes or institutions to benefit from the stability and security of permanent homes in which such children can receive continuous parental care, guidance, protection, and love and to reduce the number of such children who must be placed or remain in foster homes or institutions until they become adults.

It is also the policy of this state to try, by means of the program of adoption support authorized in RCW 26.32.115 and 74.13.100 through 74.13.145, to reduce the total cost to the state of foster home and institutional care. [1971 ex.s. c 63 § 1.]

74.13.103 Prospective adoptive parent's fee for cost of adoption services. When a child proposed for adoption is placed with a prospective adoptive parent the department may charge such parent a fee in payment or part payment of such adoptive parent's part of the cost of the adoption services rendered and to be rendered by the department.

In charging such fees the department shall treat a husband and wife as a single prospective adoptive parent.

Each such fee shall be fixed according to a sliding scale based on the ability to pay of the prospective adoptive parent or parents.

Such fee scale shall be annually fixed by the secretary after considering the recommendations of the committee designated by the secretary to advise him on child welfare and pursuant to the regulations to be issued by the secretary in accordance with the provisions of Title 34 RCW.

The secretary may waive, defer, or provide for payment in installments without interest of, any such fee whenever in his judgment payment or immediate payment would cause economic hardship to such adoptive parent or parents.

Nothing in this section shall require the payment of a fee to the state of Washington in a case in which an adoption results from independent placement or placement by a licensed child-placing agency. [1971 ex.s. c 63 § 2.]

74.13.106 Adoption support account—Created—Source—Use—Federal funds—Gifts and grants. All fees paid for adoption services pursuant to RCW 26.32.115 and 74.13.100 through 74.13.145 shall be credited to an adoption support account, hereby created, in the general fund. Expenses incurred in connection with supporting the adoption of hard to place children shall be paid by warrants drawn against such account. The secretary may also from time to time transfer to such account from appropriations available to him for care of children in foster homes and child-caring institutions such sums as in his judgment will further the purposes set forth in RCW 74.13.100. The secretary may for such purposes, contract with any public agency or licensed child placing agency and/or adoptive parent and is authorized to accept funds from other sources

including federal, private and other public funding sources to carry out such purposes.

The secretary shall actively seek, where consistent with the policies and programs of the department, and shall make maximum use of, such federal funds as are or may be made available to the department for the purpose of supporting the adoption of hard to place children. The secretary may, if permitted by federal law, deposit federal funds for adoption support, aid to adoptions, or subsidized adoption in the adoption support account of the general fund and may use such funds, subject to such limitations as may be imposed by federal law, to carry out the program of adoption support authorized by RCW 26.32.115 and 74.13.100 through 74.13.145.

The secretary may also deposit in such account and disburse therefrom all gifts and grants from any nonfederal source, including public and private foundations, which may be used for the program of adoption support authorized by RCW 26.32.115 and 74.13.100 through 74.13.145. [1975 c 53 § 1; 1973 c 61 § 1; 1971 ex.s. c 63 § 3.]

74.13.109 Rules and regulations—Agreements for disbursements from adoption support account, criteria. The secretary shall issue rules and regulations to assist in the administration of the program of adoption support authorized by RCW 26.32.115 and 74.13.100 through 74.13.145.

Disbursements from the adoption support account shall be made pursuant to such rules and regulations and pursuant to agreements conforming thereto to be made by the secretary with parents for the purpose of supporting the adoption of children in, or likely to be placed in, foster homes or child caring institutions who are found by the secretary to be difficult to place in adoption because of physical or other reasons; including, but not limited to, physical or mental handicap, emotional disturbance, ethnic background, language, race, color, age or sibling grouping.

Such agreements shall meet the following criteria:

(1) The child whose adoption is to be supported pursuant to such agreement shall be or have been a child hard to place in adoption.

(2) Such agreement must relate to a child who was or is residing in a foster home or child-caring institution or a child who, in the judgment of the secretary, is both eligible for, and likely to be placed in, either a foster home or a child-caring institution.

(3) Such agreement shall provide that adoption support shall not continue beyond the time that the adopted child reaches twenty-one years of age, becomes emancipated, dies, or otherwise ceases to need support, provided that if the secretary shall find that continuing dependency of such child after such child reaches twenty-one years of age warrants the continuation of support pursuant to RCW 26.32.115 and 74.13.100 through 74.13.145 the secretary may do so, subject to all the provisions of RCW 26.32.115 and 74.13.100 through 74.13.145, including annual review of the amount of such support.

(4) Any prospective parent who is to be a party to such agreement shall be a person who, while having the

character, judgment, sense of responsibility, and disposition which make him or her suitable as an adoptive parent of such child, lacks the financial means fully to care for such hard to place child. [1971 ex.s. c 63 § 4.]

74.13.112 Factors determining payments or adjustment in standards. The factors to be considered by the secretary in setting the amount of any payment or payments to be made pursuant to RCW 26.32.115 and 74.13.100 through 74.13.145 and in adjusting standards hereunder shall include: The size of the family including the adoptive child, the usual living expenses of the family, the special needs of any family member including education needs, the family income, the family resources and plan for savings, the medical and hospitalization needs of the family, the family's means of purchasing or otherwise receiving such care, and any other expenses likely to be needed by the child to be adopted.

The amounts paid for the support of a child pursuant to RCW 26.32.115 and 74.13.100 through 74.13.145 may vary from family to family and from year to year. Due to changes in economic circumstances or the needs of the child such payments may be discontinued and later resumed.

Payments under RCW 26.32.115 and 74.13.100 through 74.13.145 may be continued by the secretary subject to review as provided for herein, if such parent or parents having such child in their custody establish their residence in another state or a foreign jurisdiction.

In fixing the standards to govern the amount and character of payments to be made for the support of adopted children pursuant to RCW 26.32.115 and 74.13.100 through 74.13.145 and before issuing rules and regulations to carry out the provisions of RCW 26.32.115 and 74.13.100 through 74.13.145, the secretary shall consider the comments and recommendations of the committee designated by the secretary to advise him with respect to child welfare. [1971 ex.s. c 63 § 5.]

74.13.115 Both continuing payments and lump sum payments authorized. To carry out the program authorized by RCW 26.32.115 and 74.13.100 through 74.13.145, the secretary may make continuing payments or lump sum payments of adoption support. In lieu of continuing payments, or in addition to them, the secretary may make one or more specific lump sum payments for or on behalf of a hard to place child either to the adoptive parents or directly to other persons to assist in correcting any condition causing such child to be hard to place for adoption.

After determination by the secretary of the amount of a payment or the initial amount of continuing payments, the prospective parent or parents who desire such support shall sign an agreement with the secretary providing for the payment, in the manner and at the time or times prescribed in regulations to be issued by him subject to the provisions of RCW 26.32.115 and 74.13.100 through 74.13.145, of the amount or amounts of support so determined.

Payments shall be subject to review as provided in RCW 26.32.115 and 74.13.100 through 74.13.145. [1971 ex.s. c 63 § 6.]

74.13.118 Review of support payments. At least annually the secretary shall review the need of any adoptive parent or parents receiving continuing support pursuant to RCW 26.32.115 and 74.13.100 through 74.13.145, or the need of any parent who is to receive more than one lump sum payment where such payments are to be spaced more than one year apart. Such review shall be made not later than the anniversary date of the adoption support agreement.

At the time of such annual review and at other times during the year when changed conditions, including variations in medical opinions, prognosis and costs, are deemed by the secretary to warrant such action, appropriate adjustments in payments shall be made based upon changes in the needs of the child, in the adoptive parents' income, resources, and expenses for the care of such child or other members of the family, including medical and/or hospitalization expense not otherwise covered by or subject to reimbursement from insurance or other sources of financial assistance.

Any parent who is a party to such an agreement may at any time in writing request, for reasons set forth in such request, a review of the amount of any payment or the level of continuing payments. Such review shall be begun not later than thirty days from the receipt of such request. Any adjustment may be made retroactive to the date such request was received by the secretary. If such request is not acted on within thirty days after it has been received by the secretary, such parent may invoke his rights under the hearing provisions set forth in RCW 74.13.127. [1971 ex.s. c 63 § 7.]

74.13.121 Copy of adoptive parent's federal income tax return to be filed—Additional financial information. So long as any adoptive parent is receiving support pursuant to RCW 26.32.115 and 74.13.100 through 74.13.145 he shall, not later than two weeks after it is filed with the United States government, file with the secretary a copy of his federal income tax return. Such return and any information thereon shall be marked by the secretary "confidential", shall be used by the secretary solely for the purposes of RCW 26.32.115 and 74.13.100 through 74.13.145, and shall not be revealed to any other person, institution or agency, public or private, including agencies of the United States government, other than a superior court, judge or commissioner before whom a petition for adoption of a child being supported or to be supported pursuant to RCW 26.32.115 and 74.13.100 through 74.13.145 is then pending.

In carrying on the review process authorized by RCW 26.32.115 and 74.13.100 through 74.13.145 the secretary may require the adoptive parent or parents to disclose such additional financial information, not privileged, as may enable him to make determinations and adjustments in support to the end that the purposes and policies of this state expressed in RCW 74.13.100 may be carried out, provided that no adoptive parent or parents shall be obliged, by virtue of this section, to sign any agreement or other writing waiving any constitutional right or privilege nor to admit to his or her home any agent, employee, or official of any department of this state, or of the United States government.

Such information shall be marked "confidential" by the secretary, shall be used by him solely for the purposes of RCW 26.32.115 and 74.13.100 through 74.13.145, and shall not be revealed to any other person, institution, or agency, public or private, including agencies of the United States government other than a superior court judge or commission before whom a petition for adoption of a child being supported or to be supported pursuant to RCW 26.32.115 and 74.13.100 through 74.13.145 is then pending. [1971 ex.s. c 63 § 8.]

74.13.124 Agreements as contracts within state and federal Constitutions—State's continuing obligation. An agreement for adoption support made pursuant to RCW 26.32.115 and 74.13.100 through 74.13.145, although subject to review and adjustment as provided for herein, shall, as to the standard used by the secretary in making such review or reviews and any such adjustment, constitute a contract within the meaning of section 10, Article I of the United States Constitution and section 23, Article I of the state Constitution. For that reason once such an agreement has been made any review of and adjustment under such agreement shall as to the standards used by the secretary, be made only subject to the provisions of RCW 26.32.115 and 74.13.100 through 74.13.145 and such rules and regulations relating thereto as they exist on the date of the initial determination in connection with such agreement or such more generous standard or parts of such standard as may hereafter be provided for by law or regulation. Once made such an agreement shall constitute a solemn undertaking by the state of Washington with such adoptive parent or parents. The termination of the effective period of RCW 26.32.115 and 74.13.100 through 74.13.145 or a decision by the state or federal government to discontinue or reduce general appropriations made available for the purposes to be served by RCW 26.32.115 and 74.13.100 through 74.13.145, shall not affect the state's specific continuing obligations to support such adoptions, subject to such annual review and adjustment for all such agreements as have theretofore been entered into by the state.

The purpose of this section is to assure any such parent that, upon his consenting to assume the burdens of adopting a hard to place child, the state will not in future so act by way of general reduction of appropriations for the program authorized by RCW 26.32.115 and 74.13.100 through 74.13.145 or ratable reductions, to impair the trust and confidence necessarily reposed by such parent in the state as a condition of such parent taking upon himself the obligations of parenthood of a difficult to place child.

Should the secretary and any such adoptive parent differ as to whether any standard or part of a standard adopted by the secretary after the date of an initial agreement, which standard or part is used by the secretary in making any review and adjustment, is more generous than the standard in effect as of the date of the initial determination with respect to such agreement such adoptive parent may invoke his rights, including all

rights of appeal under the fair hearing provisions, available to him under RCW 74.13.127. [1971 ex.s. c 63 § 9.]

74.13.127 Voluntary amendments to agreements—Procedure when adoptive parent dissents—Appeal. Voluntary amendments of any support agreement entered into pursuant to RCW 26.32.115 and 74.13.100 through 74.13.145 may be made at any time. In proposing any such amending action which relates to the amount or level of a payment or payments, the secretary shall, as provided in RCW 74.13.124, use either the standard which existed as of the date of the initial determination with respect to such agreement or any subsequent standard or parts of such standard which both parties to such agreement agree is more generous than those in effect as of the date of such initial agreement.

The secretary shall seek voluntary amendment of any such agreement before invoking the additional procedures provided for in this section.

Whenever the secretary, having found an adoptive parent declines to agree to a voluntary amendment, wishes to enter an order increasing or decreasing the level of a payment or payments for the support of an adoptive child under RCW 26.32.115 and 74.13.100 through 74.13.145, he shall notify the adoptive parent of the action the secretary proposed to take in writing by certified mail or personal service stating the grounds upon which the secretary proposes such action.

Within thirty days from the receipt of such notice the adoptive parent or parents may serve upon the official of the department sending such notice a written request for hearing. Service of a request for hearing shall be made by certified mail. Upon receiving a request for hearing, such officer shall fix a hearing date, which date shall be not later than thirty-five days from the receipt by him of such request for hearing. The matter shall be heard on such date or on such date to which the matter is continued by agreement of the parties. Such official shall also notify the committee designated by the secretary to advise him on child welfare of the filing of such request not less than twenty-five days before the hearing date. If the adoptive parent agrees, a member of such committee may attend the hearing.

If no request for hearing is made within the time specified, the proposed action shall be taken and the agreement between the adoptive parent and the state shall be deemed amended accordingly.

It shall be the duty of the secretary within thirty days after the date of the hearing to notify the appellant of the decision.

The secretary shall promulgate and publish rules governing the conduct of such hearings, including provision for confidentiality.

In all other respects such proceedings shall be conducted by the department pursuant to RCW 74.08.070 and regulations issued pursuant thereto. The adoptive parent shall have a right of appeal as provided in RCW 74.08.080. If the decision of the secretary or the superior court is made in favor of the appellant, adoption support

shall be paid from the effective date of the action or decision appealed from.

Except as otherwise specifically provided for in this section the rules adopted by the secretary and the manner of carrying on the proceedings shall be in accord with the provisions of Title 34 RCW. [1971 ex.s. c 63 § 10.]

74.13.130 Attorney's fees in adoption proceedings. If the secretary determines that a prospective adoptive parent or parents cannot, because of limited financial means, pay the cost or the full cost of an adoption proceeding for the adoption of a hard to place child who would be eligible for support under RCW 26.32.115 and 74.13.100 through 74.13.145, the secretary may authorize the payment from the adoption support account of all or part a reasonable attorney's fee to be determined by the superior court hearing the adoption and court costs. The clerk of the court shall furnish the secretary with a certified copy of the decree of adoption containing the finding as to such attorney's fee.

In evaluating any such prospective parent's ability to pay the secretary may use the same criteria for evaluating ability to pay which are to be used by him in waiving, reducing, or deferring fees pursuant to RCW 74.13.103 plus the burdens likely to be assumed by such parent even after adoption support is provided pursuant to RCW 26.32.115 and 74.13.100 through 74.13.145. [1971 ex.s. c 63 § 11.]

74.13.133 Records—Confidentiality. The secretary shall keep such general records as are needed to evaluate the effectiveness of the program of adoption support authorized by RCW 26.32.115 and 74.13.100 through 74.13.145 in encouraging and effectuating the adoption of hard to place children. In so doing the secretary shall, however, maintain the confidentiality required by law with respect to particular adoptions. [1971 ex.s. c 63 § 13.]

74.13.136 Recommendations for support of the adoption of certain children. Any child-caring agency or person having a child in foster care or institutional care and wishing to recommend to the secretary support of the adoption of such child as provided for in RCW 26.32.115 and 74.13.100 through 74.13.145 may do so, and may include in its or his recommendation advice as to the appropriate level of support and any other information likely to assist the secretary in carrying out the functions vested in the secretary by RCW 26.32.115 and 74.13.100 through 74.13.145. Such agency may, but is not required to, be retained by the secretary to make the required preplacement study of the prospective adoptive parent or parents. [1971 ex.s. c 63 § 14.]

74.13.139 "Secretary" and "department" defined. As used in RCW 26.32.115 and 74.13.100 through 74.13.145 the following definitions shall apply:

(1) "Secretary" means the secretary of the department of social and health services or his designee.

(2) "Department" means the department of social and health services. [1971 ex. s. c 63 § 15.]

74.13.145 Short title—1971 act. RCW 26.32.115 and 74.13.100 through 74.13.145 may be known and cited as the "Adoption Support Demonstration Act of 1971". [1971 ex.s. c 63 § 17.]

74.13.900 Severability—1965 c 30. If any provision of this chapter, or its application to any person or circumstance is held invalid, the remainder of the chapter, or the application of the provision to other persons or circumstances is not affected. [1965 c 30 § 6.]

(1) In consultation with the child welfare and day care advisory committee, and with the advice and assistance of persons representative of the various type agencies to be licensed, to designate categories of facilities for which separate or different requirements shall be developed as may be appropriate whether because of variations in the ages, sex and other characteristics of persons served, variations in the purposes and services offered or size or structure of the agencies to be licensed hereunder, or because of any other factor relevant thereto;

Aid to dependent children: Chapter 74.12 RCW.

74.20.010 Purpose—Chapter to be liberally construed. It is the responsibility of the state of Washington through the state department of public assistance to conserve the expenditure of public assistance funds, whenever possible, in order that such funds shall not be expended if there are private funds available or which can be made available by judicial process or otherwise to partially or completely meet the financial needs of the children of this state. The failure of parents to provide adequate financial support and care for their children is a major cause of financial dependency and a contributing cause of social delinquency.

The purpose of this chapter is to provide the state of Washington, through the department of public assistance, a more effective and efficient way to effect the support of dependent children by the person or persons who, under the law, are primarily responsible for such support and to lighten the heavy burden of the taxpayer, who in many instances is paying toward the support of dependent children while those persons primarily responsible are avoiding their obligations. It is the intention of the legislature that the powers delegated to the said department in this chapter be liberally construed to the end that persons legally responsible for the care and support of children within the state be required to assume their legal obligations in order to reduce the financial cost to the state of Washington in providing public assistance funds for the care of children. [1963 c 206 § 1; 1959 c 322 § 2.]

74.20.020 Definitions. For the purposes of this chapter a dependent child shall mean a child who is in financial need as determined by the department pursuant to Title 74 RCW. [1963 c 206 § 2; 1959 c 322 § 3.]

74.20.040 Duty of department to enforce child support—Support enforcement services. Whenever the department of social and health services receives an application for public assistance on behalf of a child and it shall appear to the satisfaction of the department that said child has been abandoned by its parents or that the child and one parent have been abandoned by the other parent or that the parent or other person who has a responsibility for the care, support, or maintenance of such child has failed or neglected to give proper care or support to such child, the department shall take appropriate action under the provisions of this chapter, the abandonment or nonsupport statutes, or other appropriate statutes of this state to insure that such parent or other person responsible shall pay for the care, support, or maintenance of said dependent child.

The secretary may accept applications for support enforcement services on behalf of persons who are not recipients of public assistance and may take action as he deems appropriate to establish or enforce support obligations against persons owing a duty to pay support. Action may be taken under the provisions of chapter 74.20 RCW, the abandonment or nonsupport statutes, or

other appropriate statutes of this state, including but not limited to remedies established in chapter 74.20A RCW, to establish and enforce said support obligations. The secretary may establish by regulation, such reasonable standards as he deems necessary to limit applications for support enforcement services. Said standards shall take into account the income, property, or other resources already available to support said person for whom a support obligation exists.

The secretary may charge a fee to compensate the department for services rendered in establishment of or enforcement of support obligations. This fee shall be agreed on in writing with the custodian or guardian of the person for whom a support obligation is owed, or that person if no custodian or guardian exists and shall be limited to not more than ten percent of any support money collected as a result of action taken by the secretary. The secretary shall by regulation establish reasonable fees for support enforcement services and said schedule of fees shall be made available to all applicants for support enforcement services. The secretary may, on showing of necessity, waive or defer any such fee. [1973 1st ex.s. c 183 § 1; 1971 ex.s. c 213 § 1; 1963 c 206 § 3; 1959 c 322 § 5.]

74.20.060 Cooperation by person having custody of child—Penalty. Any person having the care, custody or control of any dependent child or children who shall fail or refuse to cooperate with the department of public assistance, any prosecuting attorney or the attorney general in the course of administration of provisions of this chapter shall be guilty of a misdemeanor. [1959 c 322 § 7.]

74.20.101 Payment of support moneys collected to support enforcement and collections unit—Notice. Whenever, as a result of any action, support money is paid by the person or persons responsible for support, such payment shall be paid through the support enforcement and collections unit of the state department of social and health services upon written notice by the department to the responsible person or to the clerk of the court, if appropriate, that the children for whom a support obligation exists are receiving public assistance. [1973 1st ex.s. c 183 § 2; 1969 ex.s. c 173 § 16.]

74.20.160 Department may disclose information to internal revenue department. Notwithstanding the provisions of RCW 74.04.060, upon approval of the department of health, education and welfare of the federal government, the department of public assistance may disclose to and keep the internal revenue department of the treasury of the United States advised of the names of all persons who are under legal obligation to support any dependent child or children and who are not doing so, to the end that the internal revenue department may have available to it the names of such persons for review in connection with income tax returns and claims of dependencies made by persons filing income tax returns. [1963 c 206 § 5; 1959 c 322 § 17.]

74.20.210 Attorney general may act under Uniform Reciprocal Enforcement of Support Act pursuant to agreement with prosecuting attorney. The prosecuting attorney of any county except class AA counties may enter into an agreement with the attorney general whereby the duty to initiate petitions for support authorized under the provisions of chapter 26.21 RCW as it is now or hereafter amended (Uniform Reciprocal Enforcement of Support Act) in cases where the petitioner has applied for or is receiving public assistance on behalf of a dependent child or children shall become the duty of the attorney general. Any such agreement may also provide that the attorney general has the duty to represent the petitioner in intercounty proceedings within the state initiated by the attorney general which involve a petition received from another county. Upon the execution of such agreement, the attorney general shall be empowered to exercise any and all powers of the prosecuting attorney in connection with said petitions. [1969 ex.s. c 173 § 14; 1963 c 206 § 6.]

74.20.220 Powers of department through the attorney general. In order to carry out its responsibilities imposed under this chapter, the state department of public assistance, through the attorney general, is hereby authorized to:

(1) Represent a dependent child or dependent children on whose behalf public assistance is being provided in obtaining any support order necessary to provide for his or their needs or to enforce any such order previously entered.

(2) Appear as a friend of the court in divorce and separate maintenance suits, or proceedings supplemental thereto, when either or both of the parties thereto are receiving public assistance, for the purpose of advising the court as to the financial interest of the state of Washington therein.

(3) Appear on behalf of the custodial parent of a dependent child or children on whose behalf public assistance is being provided, when so requested by such parent, for the purpose of assisting such parent in securing a modification of a divorce or separate maintenance decree wherein no support, or inadequate support, was given for such child or children: *Provided*, That the attorney general shall be authorized to so appear only where it appears to the satisfaction of the court that the parent is without funds to employ private counsel. If the parent does not request such assistance, or refuses it when offered, the attorney general may nevertheless appear as a friend of the court at any supplemental proceeding, and may advise the court of such facts as will show the financial interest of the state of Washington therein; but the attorney general shall not otherwise participate in the proceeding.

(4) If public assistance has been applied for or granted on behalf of a child of parents who are divorced or legally separated, the attorney general may apply to the superior court in such action for an order directing either parent or both to show cause:

(a) Why an order of support for the child should not be entered, or

(b) Why the amount of support previously ordered should not be increased, or

(c) Why the parent should not be held in contempt for his failure to comply with any order of support previously entered.

(5) Initiate any civil proceedings deemed necessary by the department to secure reimbursement from the parent or parents of minor dependent children for all moneys expended by the state in providing assistance or services to said children. [1973 1st ex.s. c 154 § 112; 1969 ex.s. c 173 § 15; 1963 c 206 § 7.]

Severability—1973 1st ex.s. c 154: See note following RCW 2.12.030.

74.20.230 Petition for support order by married parent with minor or legally adopted children who are receiving public assistance. Any married parent with minor children, natural or legally adopted children who is receiving public assistance may apply to the superior court of the county in which such parent resides or in which the spouse may be found for an order upon such spouse, if such spouse is the natural or adoptive mother or father of such children, to provide for such spouse's support and the support of such spouse's minor children by filing in such county a petition setting forth the facts and circumstances upon which such spouse relies for such order. If it appears to the satisfaction of the court that such parent is without funds to employ counsel, the state department of social and health services through the attorney general may file such petition on behalf of such parent. If satisfied that a just cause exists, the court shall direct that a citation issue to the other spouse requiring such spouse to appear at a time set by the court to show cause why an order of support should not be entered in the matter. [1973 1st ex.s. c 154 § 113; 1963 c 206 § 8.]

Severability—1973 1st ex.s. c 154: See note following RCW 2.12.030.

74.20.240 Petition for support order by married parent with minor or legally adopted children who are receiving public assistance—Order—Powers of court. (1) After the hearing of the petition for an order of support the court shall make an order granting or denying it and fixing, if allowed, the terms and amount of the support. (2) The court has the same power to compel the attendance of witnesses and the production of testimony as in actions and suits, to make such decree or orders as are equitable in view of the circumstances of both parties and to punish violations thereof as other contempts are punished. [1963 c 206 § 9.]

74.20.250 Petition for support order by married parent with minor or legally adopted children who are receiving public assistance—Waiver of filing fees. The court may, upon satisfactory showing that the petitioner is without funds to pay the filing fee, order that the petition and other papers be filed without payment of the fee. [1963 c 206 § 10.]

74.20.260 Financial statements by parent whose absence is basis of application for public assistance. Any

parent in the state whose absence is the basis upon which an application is filed for public assistance on behalf of a child shall be required to complete a statement, under oath, of his current monthly income, his total income over the past twelve months, the number of dependents for whom he is providing support, the amount he is contributing regularly toward the support of all children for whom application for such assistance is made, his current monthly living expenses and such other information as is pertinent to determining his ability to support his children. Such statement shall be provided upon demand made by the state department of public assistance or attorney general, and if assistance based upon such application is granted on behalf of such child, additional statements shall be filed annually thereafter with the state department of public assistance until such time as the child is no longer receiving such assistance. Failure to comply with this section shall constitute a misdemeanor. [1963 c 206 § 11.]

74.20.270 Scale of suggested minimum contributions. The state department of public assistance shall establish a scale of suggested minimum contributions to assist counties and courts in determining the amount that a parent should be expected to contribute toward the support of his child under this chapter. The scale shall include consideration of gross income, shall authorize an expense deduction for determining net income, shall designate other available resources to be considered, and shall specify the circumstances which should be considered in reducing such contributions on the basis of hardship.

The state department of public assistance shall accept and compile any pertinent and reliable information from any available source in order to establish such minimum scale of suggested contributions, and copies of the scale shall be made available to courts, county offices, prosecuting attorneys and, upon request, to any other state or county officer or agency engaged in the administration or enforcement of this chapter in any manner and attorneys admitted to practice in the state of Washington.

It is intended that the use of the scale formulated pursuant to this section be optional, and that no county, court, officer or agency be required to use said scale unless they so desire. [1963 c 206 § 12.]

74.20.280 Central unit for information and administration—Cooperation enjoined—Availability of records. The department is authorized and directed to establish a central unit to serve as a registry for the receipt of information, for answering interstate inquiries concerning deserting parents, to coordinate and supervise departmental activities in relation to deserting parents and to assure effective cooperation with law enforcement agencies.

To effectuate the purposes of this section, the director may request from state, county and local agencies all information and assistance as authorized by this chapter. All state, county and city agencies, officers and employees shall cooperate in the location of parents who have abandoned or deserted, or are failing to support, children receiving public assistance and shall on request supply

the state department of public assistance with all information on hand relative to the location, income and property of such parents, notwithstanding any provision of law making such information confidential.

Any records established pursuant to the provisions of this section shall be available only to the attorney general, prosecuting attorneys, and courts having jurisdiction in support and/or abandonment proceedings or actions, or agencies in other states engaged in the enforcement of support of minor children as authorized by the rules and regulations of the department and by the provisions of the federal social security act. [1963 c 206 § 13.]

74.20.300 Department exempt from fees. No filing or recording fees, court fees, fees for making copies of documents or fees for service of process shall be required from the state department of social and health services by any county clerk, county auditor, sheriff or other county officer for the filing of any actions or documents authorized by this chapter, or for the service of any summons or other process in any action or proceeding authorized by this chapter. [1973 1st ex.s. c 183 § 3; 1963 c 206 § 15.]

74.20A.010 Purpose—Remedies additional. Common law and statutory procedures governing the remedies for enforcement of support for financially dependent minor children by responsible parents have not proven sufficiently effective or efficient to cope with the increasing incidence of financial dependency. The increasing workload of courts, prosecuting attorneys, and the attorney general has made such remedies uncertain, slow and inadequate, thereby resulting in a growing burden on the financial resources of the state, which is constrained to provide public assistance grants for basic maintenance requirements when parents fail to meet their primary obligations. The state of Washington, therefore, exercising its police and sovereign power, declares that the common law and statutory remedies pertaining to family desertion and nonsupport of minor dependent children shall be augmented by additional remedies directed to the real and personal property resources of the responsible parents. In order to render resources more immediately available to meet the needs of minor children, it is the legislative intent that the remedies herein provided are in addition to, and not in lieu of, existing law. It is declared to be the public policy of this state that this chapter be construed and administered to the end that children shall be maintained from the resources of responsible parents, thereby relieving, at least in part, the burden presently borne by the general citizenry through welfare programs. [1971 ex.s. c 164 § 1.]

74.20A.020 Definitions. Unless a different meaning is plainly required by the context, the following words and phrases as hereinafter used in this chapter shall have the following meanings:

- (1) "Department" means the state department of social and health services.
- (2) "Secretary" means the secretary of the department of social and health services, his designee or authorized representative.
- (3) "Dependent child" means any person under the age of twenty-one who is not otherwise emancipated, self-supporting, married, or a member of the armed forces of the United States.
- (4) "Superior court order" means any judgment or order of the superior court of the state of Washington or an order of a court of comparable jurisdiction of another state ordering payment of a set or determinable amount of support moneys.
- (5) "Responsible parent" means the natural or adoptive parent of a dependent child. [1971 ex.s. c 164 § 2.]

74.20A.030 Payment of public assistance for child constitutes debt to department by natural or adoptive parents—Limitations—Department subrogated to rights. Except as provided in this section and in *section

27 of this 1973 amendatory act, any payment of public assistance money made to or for the benefit of any dependent child or children creates a debt due and owing to the department by the natural or adoptive parent or parents who are responsible for support of such children in an amount equal to the amount of public assistance money so paid: *Provided*, That where there has been a superior court order, the debt shall be limited to the amount provided for by said order. The department shall have the right to petition the appropriate superior court for modification of a superior court order on the same grounds as a party to said cause. Where a child has been placed in foster care, and a written agreement for payment of support has been entered into by the responsible parent or parents and the department, the debt shall be limited to the amount provided for in said agreement: *Provided*, That if a court order for support is or has been entered, the provisions of said order shall prevail over the agreement. The department shall adopt rules and regulations, based on ability to pay, with respect to the level of support to be provided for in such agreements, or modifications of such agreements based on changed circumstances.

The department shall be subrogated to the right of said child or children or person having the care, custody, and control of said child or children to prosecute or maintain any support action or execute any administrative remedy existing under the laws of the state of Washington to obtain reimbursement of moneys thus expended. If a superior court order enters judgment for an amount of support to be paid by an obligor parent, the department shall be subrogated to the debt created by such order, and said money judgment shall be deemed to be in favor of the department. This subrogation shall specifically be applicable to temporary spouse support orders, family maintenance orders and alimony orders up to the amount paid by the department in public assistance moneys to or for the benefit of a dependent child or children but allocated to the benefit of said children on the basis of providing necessities for the caretaker of said children.

Debt under this section shall not be incurred by nor at any time be collected from a parent or other person who is the recipient of public assistance moneys for the benefit of minor dependent children for the period such person or persons are in such status. [1973 1st ex.s. c 183 § 4; 1971 ex.s. c 164 § 3.]

***Reviser's note:** "section 27 of this 1973 amendatory act" referred to herein was vetoed and thus failed to become law.

74.20A.040 Notice of support debt based upon subrogation to or assignment of judgment—Service or mailing—Contents—Action on, when. The secretary may issue a notice of a support debt accrued and/or accruing based upon subrogation to or assignment of the judgment created by a superior court order. Said notice may be served upon the debtor in the manner prescribed for the service of a summons in a civil action or be mailed to the debtor at his last known address by certified mail, return receipt requested, demanding payment within twenty days of the date of receipt. Said notice of debt shall include a statement of the support debt

accrued and/or accruing, computable on the amount required to be paid under any superior court order to which the department is subrogated or has an assigned interest; a statement that the property of the debtor is subject to collection action; a statement that the property is subject to lien and foreclosure, distraint, seizure and sale, or order to withhold and deliver; and a statement that the net proceeds will be applied to the satisfaction of the support debt. Action to collect said subrogated or assigned support debt by lien and foreclosure, or distraint, seizure and sale, or order to withhold and deliver shall be lawful after twenty days from the date of service upon the debtor or twenty days from the receipt or refusal by the debtor of said notice of debt. [1973 1st ex.s. c 183 § 5; 1971 ex.s. c 164 § 4.]

74.20A.050 Notice of support debt based upon payment of public assistance—Service—Contents—Collection warrant—Fair hearing—Filing and serving of liens—Bond to release liens. In the absence of a superior court order the secretary may issue a notice of a support debt accrued and/or accruing based upon payment of public assistance to or for the benefit of any dependent child or children. Said notice of debt shall be served upon the debtor in the manner prescribed for the service of summons in a civil action, including summons by publication where appropriate and necessary. The notice of debt shall include a statement of the support debt accrued and/or accruing, computable on the basis of the amount of public assistance previously paid and to be paid in the future; a statement of the amount of the monthly public assistance payment; a statement of the name of the recipient and the name of the child or children for whom assistance is being paid; a demand for immediate payment of the support debt or in the alternative, a demand that the debtor make answer within twenty days of the date of service to the secretary stating defenses to liability under RCW 74.20A.030; a statement that if no answer is made on or before twenty days from the date of the service, the support debt shall be assessed and determined subject to computation, and is subject to collection action; a statement that the property of the debtor will be subject to lien and foreclosure, distraint, seizure and sale, or order to withhold and deliver. If no answer is had by the secretary to the notice of debt on or before twenty days of the date of service, the support debt shall be assessed and determined subject to computation and the secretary shall issue a collection warrant authorizing collection action under this chapter. If the debtor, within twenty days of date of service of the notice of debt, makes answer to the secretary alleging defenses to liability under RCW 74.20A.030, said debtor shall have the right to a fair hearing pursuant to RCW 74.08.070 and 74.08.090. The decision of the department in the fair hearing shall establish the liability of the debtor, if any, for repayment of public assistance moneys expended to date as an assessed and determined support debt. Action by the secretary under the provisions of this chapter to collect said support debt shall be lawful from the date of issuance of the decision in the fair hearing. If the secretary reasonably believes that the debtor is not a resident of this state, or

is about to move from this state, or has concealed himself, absconded, absented himself or has removed or is about to remove, secrete, waste, or otherwise dispose of property which could be made subject to collection action to satisfy the support debt, the secretary may file and serve liens pursuant to RCW 74.20A.060 and 74.20A.070 during pendency of the fair hearing or thereafter, whether or not appealed: *Provided*, That no further action under RCW 74.20A.080, 74.20A.130 and 74.20A.140 may be taken on such liens until final determination after fair hearing and/or appeal. The secretary shall in such cases, make and file in the record of the fair hearing an affidavit stating the reasons upon which said belief is founded: *Provided*, That the debtor may furnish a good and sufficient bond satisfactory to the secretary during pendency of the fair hearing, or thereafter, and in such case liens filed shall be released. If the decision of the fair hearing is in favor of the debtor, all liens filed shall be released. [1973 1st ex.s. c 183 § 6; 1971 ex.s. c 164 § 5.]

Civil procedure—Commencement of actions: Chapter 4.28 RCW.

74.20A.055 Notice and finding of financial responsibility of responsible parent—Alternative procedure. As an alternative to the hearing and appeal procedures provided in RCW 74.20A.050, the secretary may, in the absence of a superior court order, serve on the responsible parent a notice and finding of financial responsibility requiring a responsible parent to appear and show cause in a hearing held by the department why the finding of responsibility and/or the amount thereof is incorrect, should not be finally ordered, but should be rescinded or modified. This notice and finding shall relate to the support debt accrued and/or accruing under this chapter and/or RCW 26.16.205, including periodic payments to be made in the future for such period of time as the child or children of said responsible parent are in need. Said hearing shall be held pursuant to *this 1973 amendatory act, chapter 34.04 RCW, and the rules and regulations of the department, which shall provide for a fair hearing.

The notice and finding of financial responsibility shall be served in the same manner prescribed for the service of a summons in a civil action. Any responsible parent who objects to all or any part of the notice and finding shall have the right for not more than twenty days from the date of service to request in writing a hearing, which request shall be served upon the secretary or his designee by registered or certified mail or personally. If no such request is made, the notice and finding of responsibility shall become final. If a request is made, the execution of notice and finding of responsibility shall be stayed pending the decision on such hearing, or any direct appeal to the courts from that decision. Hearings may be held in the county of residence or other place convenient to the responsible parent. Any such hearing shall be a "contested case" as defined in RCW 34.04.010. The notice and finding of financial responsibility shall set forth the amount the department has determined the responsible parent owes, the support debt accrued and/or accruing, and, as appropriate, the amount to be paid thereon each month, all computable on the basis of the amount of the

monthly public assistance payment previously paid, or need alleged, and the ability of the responsible parent to pay all, or any portion of the amount so paid and/or being paid and/or to be paid. The notice and finding shall also include a statement of the name of the recipient or custodian and the name of the child or children for whom assistance is being paid or need is alleged; and/or a statement of the amount of periodic future support payments as to which financial responsibility is found.

The notice and finding shall include a statement that the responsible parent may object to all or any part of the notice and finding, request a hearing to show cause why said responsible parent should not be determined to be liable for any or all of the debt, past and future, determined, and the amount to be paid thereon.

The notice and finding shall also include a statement that if the responsible parent fails to request a hearing that the support debt and payments stated in the notice and finding, including periodic support payments in the future, shall be assessed and determined and ordered by the department and that this debt shall be subject to collection action; a statement that the property of the debtor, without further advance notice or hearing, will be subject to lien and foreclosure, distraint, seizure and sale, or order to withhold and deliver to satisfy the debt.

If a hearing is requested, it shall be promptly scheduled, in no more than thirty days. The hearing examiner shall determine the liability and responsibility, if any, of the alleged responsible parent under RCW 74.20A.030, and shall also determine the amount of periodic payments to be made to satisfy past, present or future liability under RCW 74.20A.030 and/or 26.16.205. In making these determinations, the hearing examiner shall include in his considerations (1) the necessities and requirements of the child or children, exclusive of any income of the custodian of said child or children, (2) the amount of support debt claimed, (3) the public policy and intent of the legislature to require that children be maintained from the resources of responsible parents thereby relieving to the greatest extent possible the burden borne by the general citizenry through welfare programs, and (4) the abilities and resources of the responsible parent.

If the responsible parent fails to appear at the hearing, upon a showing of valid service, the hearing examiner shall enter a decision and order declaring the support debt and payment provisions stated in the notice and finding of financial responsibility to be assessed and determined and subject to collection action. Within fifteen days of entry of said decision and order, the responsible parent may petition the department to vacate said decision and order upon a showing of any of the grounds enumerated in RCW 4.72.010.

The hearing examiner shall, within twenty days of the hearing, enter findings, conclusions and a final decision determining liability and responsibility and/or future periodic support payments. The determination of the hearing examiner entered pursuant to this section shall be entered as a decision and order and shall limit the support debt under RCW 74.20A.030 to the amounts stated in said decision: *Provided*, That said decision

establishing liability and/or future periodic support payments shall be superseded upon entry of a superior court order for support to the extent the superior court order is inconsistent with the hearing order or decision: *Provided further*, That in the absence of a superior court order either the responsible parent or the department may petition the secretary or his designee for issuance of an order to appear and show cause based on a showing of good cause and material change of circumstances, to require the other party to appear and show cause why the decision previously entered should not be prospectively modified. Said order to appear and show cause together with a copy of the affidavit upon which the order is based shall be served in the manner of a summons in a civil action on the other party by the petitioning party. A hearing shall be set not less than fifteen nor more than thirty days from the date of service, unless extended for good cause shown. Prospective modification may be ordered, but only upon a showing of good cause and material change of circumstances.

The department, in its original determinations, and the hearing examiner in making determinations based on objections to original determinations or on petitions to modify, shall consider the standards promulgated pursuant to RCW 74.20.270 and any standards for determination of support payments used by the superior court of the county of residence of the responsible parent.

Debts determined pursuant to this section, accrued and not paid, are subject to collection action under this chapter without further necessity of action by the hearing examiner.

"Need" as used in this section shall mean the necessary costs of food, clothing, shelter and medical attendance for the support of a dependent child or children. [1973 1st ex.s. c 183 § 25.]

**Reviser's note:* "this 1973 amendatory act" consists of the amendments to RCW 74.20.040, 74.20.101, 74.20.300, 74.20A.030-74.20A.100, 74.20A.130-74.20A.150, and 74.20A.170-74.20A.250 by 1973 1st ex.s. c 183, and to RCW 74.20A.055 and 74.20A.260.

74.20A.060 Assertion of lien—Effect. Twenty-one days after receipt or refusal of notice of debt under provisions of RCW 74.20A.040, or twenty-one days after service of notice of debt, or as otherwise appropriate under the provisions of RCW 74.20A.050, or as appropriate under the provisions of *section 27 of this 1973 amendatory act a lien may be asserted by the secretary upon the real or personal property of the debtor. The claim of the department for a support debt, not paid when due, shall be a lien against all property of the debtor with priority of a secured creditor. This lien shall be separate and apart from, and in addition to, any other lien created by, or provided for, in this title. The lien shall attach to all real and personal property of the debtor on the date of filing of such statement with the county auditor of the county in which such property is located. A lien against earnings shall attach and be effective subject to service requirements of RCW 74.20A.070 upon filing with the county auditor of the county in which the employer does business or maintains an office or agent for the purpose of doing business.

Whenever a support lien has been filed and there is in the possession of any person, firm, corporation, association, political subdivision or department of the state having notice of said lien any property which may be subject to the support lien, such property shall not be paid over, released, sold, transferred, encumbered or conveyed, except as provided for by the exemptions contained in RCW 74.20A.090 and 74.20A.130, unless a written release or waiver signed by the secretary has been delivered to said person, firm, corporation, association, political subdivision or department of the state or unless a determination has been made in a fair hearing pursuant to RCW 74.20A.050 or by a superior court ordering release of said support lien on the basis that no debt exists or that the debt has been satisfied. [1973 1st ex.s. c 183 § 7; 1971 ex.s. c 164 § 6.]

The secretary may at any time after filing of a support lien serve a copy of said lien upon any person, firm, corporation, association, political subdivision or department of the state in possession of earnings, or deposits or balances held in any bank account of any nature which are due, owing, or belonging to said debtor. Said support lien shall be served upon the person, firm, corporation, association, political subdivision or department of the state either in the manner prescribed for the service of summons in a civil action or by certified mail, return receipt requested. No lien filed under RCW 74.20A.060 shall have any effect against earnings or bank deposits or balances unless it states the amount of the support debt accrued and unless service upon said person, firm, corporation, association, political subdivision or department of the state in possession of earnings or bank accounts, deposits or balances is accomplished pursuant to this section. [1973 1st ex.s. c 183 § 8; 1971 ex.s. c 164 § 7.]

74.20A.080 Order to withhold and deliver—Issue and service—Contents—Effect—Delivery of property—Bond to release. After service of a notice of debt as provided for in RCW 74.20A.040 stating a support debt accrued and/or accruing based upon subrogation to or assignment of the amount required to be paid under any superior court order or whenever a support lien has been filed pursuant to RCW 74.20A.060, the secretary is hereby authorized to issue to any person, firm, corporation, association, political subdivision or department of the state, an order to withhold and deliver property of any kind including, but not restricted to, earnings which are due, owing, or belonging to the debtor, when the secretary has reason to believe that there is in the possession of such person, firm, corporation, association, political subdivision or department of the state property which is due, owing, or belonging to said debtor. The order to withhold and deliver which shall also be served upon the debtor, shall state the amount of the support debt accrued, and shall state in summary the terms of RCW 74.20A.090 and 74.20A.100. The order to withhold and deliver shall be served in the manner prescribed

for the service of a summons in a civil action or by certified mail, return receipt requested. Any person, firm, corporation, association, political subdivision or department of the state upon whom service has been made is hereby required to answer said order to withhold and deliver within twenty days, exclusive of the day of service, under oath and in writing, and shall make true answers to the matters inquired of therein. In the event there is in the possession of any such person, firm, corporation, association, political subdivision or department of the state any property which may be subject to the claim of the department of social and health services, such property shall be withheld immediately upon receipt of the order to withhold and deliver and shall after the twenty day period, upon demand, be delivered forthwith to the secretary. The secretary shall hold said property in trust for application on the indebtedness involved or for return, without interest, in accordance with final determination of liability or nonliability. In the alternative, there may be furnished to the secretary a good and sufficient bond, satisfactory to the secretary, conditioned upon final determination of liability. Where money is due and owing under any contract of employment, express or implied, or is held by any person, firm, corporation, or association, political subdivision or department of the state subject to withdrawal by the debtor, such money shall be delivered by remittance payable to the order of the secretary. Delivery to the secretary of the money or other property held or claimed shall satisfy the requirement of the order to withhold and deliver. Delivery to the secretary shall serve as full acquittance and the state warrants and represents that it shall defend and hold harmless for such actions persons delivering money or property to the secretary pursuant to this chapter. The state also warrants and represents that it shall defend and hold harmless for such actions persons withholding money or property pursuant to this chapter. The foregoing is subject to the exemptions contained in RCW 74.20A.090 and 74.20A.130. [1973 1st ex.s. c 183 § 9; 1971 ex.s. c 164 § 8.]

Civil procedure—Commencement of actions: Chapter 4.28 RCW.

74.20A.090 Certain amount of earnings exempt from lien or order—"Earnings" and "disposable earnings" defined. Whenever a support lien or order to withhold and deliver is served upon any person, firm, corporation, association, political subdivision or department of the state asserting a support debt against earnings and there is in the possession of such person, firm, corporation, association, political subdivision, or department of the state, any such earnings, RCW 7.33.280 shall not apply, but fifty percent of the disposable earnings shall be exempt and may be disbursed to the debtor whether such earnings are paid, or to be paid weekly, monthly, or at other regular intervals and whether there be due the debtor earnings for one week or for a longer period. The lien or order to withhold and deliver shall continue to operate and require said person, firm, corporation, association, political subdivision, or department of the state to withhold the nonexempt portion of earnings at each succeeding earnings disbursement interval until the entire amount of the support debt stated in the lien or

order to withhold and deliver has been withheld. As used in this chapter, the term "earnings" means compensation paid or payable for personal services, whether denominated as wages, salary, commission, bonus, or otherwise, and specifically includes periodic payments pursuant to pension or retirement programs, or insurance policies of any type, but does not include payments by any department or division of the state based upon inability to work or obtain employment. Earnings shall specifically include all gain derived from capital, from labor, or from both combined, including profit gained through sale or conversion of capital assets. The term "disposable earnings" means that part of the earnings of any individual remaining after the deduction from those earnings of any amount be required by law to be withheld. [1973 1st ex.s. c 183 § 10; 1971 ex.s. c 164 § 9.]

74.20A.100 Civil liability upon failure to comply with order or lien. Should any person, firm, corporation, association, political subdivision or department of the state fail to make answer to an order to withhold and deliver within the time prescribed herein; or fail or refuse to deliver property pursuant to said order; or after actual notice of filing of a support lien, pay over, release, sell, transfer, or convey real or personal property subject to a support lien to or for the benefit of the debtor or any other person; or fail or refuse to surrender upon demand property distrained under RCW 74.20A.130 or fail or refuse to honor an assignment of wages presented by the secretary, said person, firm, corporation, association, political subdivision or department of the state shall be liable to the department in an amount equal to one hundred percent of the value of the debt which is the basis of the lien, order to withhold and deliver, distraint, or assignment of wages, together with costs, interest, and reasonable attorney fees. [1973 1st ex.s. c 183 § 11; 1971 ex.s. c 164 § 10.]

74.20A.110 Release of excess to debtor. Whenever any person, firm, corporation, association, political subdivision or department of the state has in its possession earnings, deposits, accounts, or balances in excess of the amount of the debt claimed by the department plus one hundred dollars, such person, firm, corporation, association, political subdivision or department of the state may, without liability under this chapter, release said excess to the debtor. [1971 ex.s. c 164 § 11.]

74.20A.120 Banks, savings and loan associations, service effective only as to branch office served. In the case of a bank, bank association, mutual savings bank, or savings and loan association maintaining branch offices, service of a lien or order to withhold and deliver or any other notice or document authorized by this chapter shall only be effective as to the accounts, credits, or other personal property of the debtor in the particular branch upon which service is made. [1971 ex.s. c 164 § 12.]

74.20A.130 Distraint, seizure and sale of property subject to liens under RCW 74.20A.060, procedure. Whenever a support lien has been filed pursuant to

RCW 74.20A.060, the secretary may collect the support debt stated in said lien by the distraint, seizure, and sale of the property subject to said lien. The secretary shall give notice to the debtor and any person known to have or claim an interest therein of the general description of the property to be sold and the time and place of sale of said property. Said notice shall be given to such persons by certified mail, return receipt requested or by service in the manner prescribed for the service of a summons in a civil action. A notice specifying the property to be sold shall be posted in at least two public places in the county wherein the distraint has been made. The time of sale shall not be less than ten nor more than twenty days from the date of posting of such notices. Said sale shall be conducted by the secretary, who shall proceed to sell such property by parcel or by lot at a public auction, and who may set a minimum reasonable price to include the expenses of making a levy and of advertising the sale, and if the amount bid for such property at the sale is not equal to the price so fixed, the secretary may declare such property to be purchased by the department for such price, or may conduct another sale of such property pursuant to the provisions of this section. In the event of sale, the debtor's account shall be credited with the amount for which the property has been sold. Property acquired by the department as herein prescribed may be sold by the secretary at public or private sale, and the amount realized shall be placed in the state general fund to the credit of the department of social and health services. In all cases of sale, as aforesaid, the secretary shall issue a bill of sale or a deed to the purchaser and said bill of sale or deed shall be prima facie evidence of the right of the secretary to make such sale and conclusive evidence of the regularity of his proceeding in making the sale, and shall transfer to the purchaser all right, title, and interest of the debtor in said property. The proceeds of any such sale, except in those cases wherein the property has been acquired by the department, shall be first applied by the secretary to reimbursement of the costs of distraint and sale, and thereafter in satisfaction of the delinquent account. Any excess which shall thereafter remain in the hands of the secretary shall be refunded to the debtor. Sums so refundable to a debtor may be subject to seizure or distraint by any taxing authority of the state or its political subdivisions or by the secretary for new sums due and owing subsequent to the subject proceeding. Except as specifically provided in this chapter, there shall be exempt from distraint, seizure, and sale under this chapter such property as is exempt therefrom under the laws of this state. [1973 1st ex.s. c 183 § 12; 1971 ex.s. c 164 § 13.]

74.20A.140 Action for foreclosure of support lien—Satisfaction. Whenever a support lien has been filed, an action in foreclosure of lien upon real or personal property may be brought in the superior court of the county where real or personal property is or was located and the lien was filed and judgment shall be rendered in favor of the department for the amount due, with costs, and the court shall allow, as part of the costs, the moneys paid for making and filing the claim of lien,

and a reasonable attorney's fee, and the court shall order any property upon which any lien provided for by this chapter is established, to be sold by the sheriff of the proper county to satisfy the lien and costs. The payment of the lien debt, costs and reasonable attorney fees, at any time before sale, shall satisfy the judgment of foreclosure. Where the net proceeds of sale upon application to the debt claimed do not satisfy the debt in full, the department shall have judgment over for any deficiency remaining unsatisfied and further levy and sales upon other property of the judgment debtor may be made under the same execution. In all sales contemplated under this section, advertising of notice shall only be necessary for two weeks in a newspaper published in the county where said property is located, and if there be no newspaper therein, then in the most convenient newspaper having a circulation in such county. Remedies provided for herein are alternatives to remedies provided for in other sections of this chapter. [1973 1st ex.s. c 183 § 13; 1971 ex.s. c 164 § 14.]

74.20A.150 Satisfaction of lien after foreclosure proceedings instituted—Redemption. Any person owning real property, or any interest in real property, against which a support lien has been filed and foreclosure instituted, shall have the right to pay the amount due, together with expenses of the proceedings and reasonable attorney fees to the secretary and upon such payment the secretary shall restore said property to him and all further proceedings in the said foreclosure action shall cease. Said person shall also have the right within two hundred forty days after sale of property foreclosed under RCW 74.20A.140 to redeem said property by making payment to the purchaser in the amount paid by the purchaser plus interest thereon at the rate of six percent per annum. [1973 1st ex.s. c 183 § 14; 1971 ex.s. c 164 § 15.]

74.20A.160 Secretary may set debt payment schedule. The secretary may at any time consistent with the income, earning capacity and resources of the debtor, set or reset a level and schedule of payments to be paid upon the debt. [1971 ex.s. c 164 § 16.]

74.20A.170 Secretary may release lien or order or return seized property—Effect. The secretary may at any time release a support lien, or order to withhold and deliver, on all or part of the property of the debtor, or return seized property without liability, if assurance of payment is deemed adequate by the secretary, or if said action will facilitate the collection of the debt, but said release or return shall not operate to prevent future action to collect from the same or other property. [1973 1st ex.s. c 183 § 15; 1971 ex.s. c 164 § 17.]

74.20A.180 Secretary may make demand, file and serve liens, when payments appear in jeopardy. If the secretary finds that the collection of any support debt based upon subrogation to or assignment of the amount of support ordered by any superior court order is in jeopardy, he may make demand under RCW 74.20A-.040 for immediate payment of the support debt, and

upon failure or refusal immediately to pay said support debt, he may file and serve liens pursuant to RCW 74.20A.060 and 74.20A.070, without regard to the twenty day period provided for in RCW 74.20A.040: *Provided*, That no further action under RCW 74.20A-.080, 74.20A.130 and 74.20A.140 may be taken until the notice requirements of RCW 74.20A.040 are met. [1973 1st ex.s. c 183 § 16; 1971 ex.s. c 164 § 18.]

74.20A.190 Interest on debts due—Waiver. Interest of six percent per annum on any support debt due and owing to the department under RCW 74.20A.030 may be collected by the secretary. No provision of this chapter shall be construed to require the secretary to maintain interest balance due accounts and said interest may be waived by the secretary, if said waiver would facilitate the collection of the debt. [1973 1st ex.s. c 183 § 17; 1971 ex.s. c 164 § 19.]

74.20A.200 Judicial relief—Limitations. Any person against whose property a support lien has been filed or an order to withhold and deliver has been served pursuant to this chapter may apply for relief to the superior court of the county wherein the property is located on the basis that no support debt is due and owing: *Provided*, That judicial relief shall not be granted except as provided for in RCW 74.08.080 whenever a fair hearing has been requested pursuant to RCW 74.20A.050. Liens filed during pendency of fair hearing or court review shall be reviewed pursuant to RCW 74.08.080. It is the intent of this chapter that jurisdictional and constitutional issues, if any, shall be subject to review, but that administrative remedies be exhausted prior to judicial review. [1973 1st ex.s. c 183 § 18; 1971 ex.s. c 164 § 20.]

74.20A.210 Unidentifiable moneys held in special account. All moneys collected in fees, costs, attorney fees, interest payments, or other funds received by the secretary which are unidentifiable as to the support account against which they should be credited, shall be held in a special fund from which the secretary may make disbursement for any costs or expenses incurred in the administration or enforcement of the provisions of this chapter. [1973 1st ex.s. c 183 § 19; 1971 ex.s. c 164 § 21.]

74.20A.220 Charging off child support debts as uncollectible. Any support debt due the department from a responsible parent which the secretary deems uncollectible may be transferred from accounts receivable to a suspense account and cease to be accounted as an asset: *Provided*, That at any time after six years from the date a support debt was incurred, the secretary may charge off as uncollectible any support debt upon which the secretary finds there is no available, practical, or lawful means by which said debt may be collected: *Provided further*, That no proceedings or action under the provisions of this chapter may be begun after expiration of said six year period to institute collection of a support debt. Nothing herein shall be construed to render invalid

or nonactionable a support lien filed prior to the expiration of said six year period or an assignment of earnings or order to withhold and deliver executed prior to the expiration of said six year period. [1973 1st ex.s. c 183 § 20; 1971 ex.s. c 164 § 22.]

74.20A.230 Employee debtor rights protected—Limitation. No employer shall discharge an employee for reason that an assignment of earnings has been presented in settlement of a support debt or that a support lien or order to withhold and deliver has been served against said employee's earnings: *Provided*, That this provision shall not apply if more than three support liens or orders to withhold and deliver are served upon the same employer within any period of twelve consecutive months. [1973 1st ex.s. c 183 § 21; 1971 ex.s. c 164 § 23.]

74.20A.240 Assignment of earnings to be honored—Effect. Any person, firm, corporation, association, political subdivision or department of the state employing a person owing a support debt or obligation, shall honor, according to its terms, a duly executed assignment of earnings presented by the secretary as a plan to satisfy or retire a support debt or obligation. This requirement to honor the assignment of earnings and the assignment of earnings itself shall be applicable whether said earnings are to be paid presently or in the future and shall continue in force and effect until released in writing by the secretary. Payment of moneys pursuant to an assignment of earnings presented by the secretary shall serve as full acquittance under any contract of employment, and the state warrants and represents it shall defend and hold harmless such action taken pursuant to said assignment of earnings. The secretary shall be released from liability for improper receipt of moneys under an assignment of earnings upon return of any moneys so received. [1973 1st ex.s. c 183 § 22; 1971 ex.s. c 164 § 24.]

74.20A.250 Receipt of public assistance for a child as assignment of rights in support obligation—Secretary as attorney for endorsing drafts. By accepting public assistance for or on behalf of a child or children, the recipient shall be deemed to have made assignment to the department of any and all right, title, and interest in any support obligation owed to or for said child or children up to the amount of public assistance money paid for or on behalf of said child or children for such term of time as such public assistance moneys are paid. The recipient shall also be deemed, without the necessity of signing any document, to have appointed the secretary as his or her true and lawful attorney in fact to act in his or her name, place, and stead to perform the specific act of endorsing any and all drafts, checks, money orders or other negotiable instruments representing support payments which are received on behalf of said child or children as reimbursement for the public assistance moneys previously paid to said recipient. [1973 1st ex.s. c 183 § 23; 1971 ex.s. c 164 § 25.]

74.20A.260 Industrial insurance disability compensation payments subject to lien and order to withhold and deliver. One hundred percent of the temporary total disability payments and permanent total disability compensation to a workman allocated by RCW 51.32.090 and 51.32.060 respectively to the spouse and children of a workman, and forty percent of the net proceeds of payments to a workman for permanent partial disability under RCW 51.32.080 shall not be classified as "earnings" but shall be subject to lien or order to withhold and deliver and said lien or order to withhold and deliver shall continue to operate and require any political subdivision or department of the state to withhold the above stated portions at each subsequent disbursement or receipt interval until the entire amount of the support debt stated in the lien or order to withhold and deliver has been withheld. [1973 1st ex.s. c 183 § 24.]

74.20A.900 Severability—Alternative when method of notification held invalid. If any provision of this chapter or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions or applications of this chapter which can be given effect without the invalid provision or application, and to this end the provisions of this chapter are severable.

If any method of notification provided for in this chapter is held invalid, service as provided for by the laws of the state of Washington for service of process in a civil action shall be substituted for the method held invalid. [1971 ex.s. c 164 § 27.]

74.23.010 Purpose. The purpose of this chapter is to establish a program utilizing all available manpower services, including those authorized under other provisions of law, under which individuals receiving aid to families with dependent children will be furnished incentives, opportunities, and necessary services in order to secure for such individuals (1) employment in the regular economy, (2) institutional and work experience training likely to lead to regular employment, and (3)

participation in special work projects for those individuals for whom a job in the regular economy cannot be found, thus restoring the families of such individuals to independence and useful roles in their communities. It is expected that the individuals participating in the program established under this chapter will acquire a sense of dignity, self-worth, and confidence which will flow from being recognized as a wage-earning member of society and that the example of a working adult in these families will have beneficial effects on the children in such families. The institutional and work experience training programs and special work projects developed under this chapter shall be confined to programs which serve a useful public purpose, do not result either in displacement of regular workers or in the performance of work that would otherwise be performed by employees of public or private agencies, institutions, or organizations, except in cases of projects which involve emergencies or which are generally of a nonrecurring nature. [1969 c 15 § 4.]

[1969 c 15 § 13.]

74.38.010 Legislative recognition—Public policy.

The legislature recognizes the need for the further development and expansion of alternative forms of care for senior citizens. These alternative forms should be developed to assure that senior citizens receive the level of care needed and that appropriate resources are available to match client needs. Furthermore, services received should be designed to restore individuals to, or maintain them at, the level of independent living they are capable of attaining. Such a system of alternative care should be designed to allow senior citizens to move within this system, thus allowing the appropriate services to be rendered according to the care needs. The provision of service should continue until the client is able to function independently, moves to an institution, moves from the state, dies, or withdraws from the program.

Therefore, the legislature deems it to be the public policy of this state that programs shall be developed in order to more appropriately meet the care needs of senior citizens through the creation and/or expansion of alternative care services and a resulting reduction in institutional care. [1975-'76 2nd ex.s. c 131 § 1.]

[1955 c 276 § 4.]

75.12.200 Conservation of salmon resources in Pacific Ocean—Preamble. The state has a vital interest in the salmon resources of the Pacific Ocean both within and beyond the territorial limits of the state, in that a large number of such salmon spawn in its fresh water streams, migrate to the waters of the Pacific Ocean and, in response to their anadromous cycle, return to the fresh water streams to spawn.

Expansion of fishing for salmon by the use of nets in waters of the eastern Pacific Ocean, which has occurred in the past year, will result in a substantial depletion of salmon originating within the state because the salmon runs are intercepted before they separate to move in toward the rivers of their origin. Oregon, California and Canada, through their respective fisheries agencies, have likewise expressed a deep concern over this problem since portions of such salmon originate within their respective jurisdictions. Short of absolute prohibition, it appears to be presently impracticable to regulate salmon net fishing in such waters of the Pacific Ocean by any known scientific fisheries management techniques in order to insure adequate salmon escapement to the three Pacific Coast states and Canada, the reason being that salmon stocks and races are so commingled in such Pacific Ocean waters that they are indistinguishable as to origin until they enter the harbors, bays, straits and estuaries of the respective jurisdictions.

Canada, through its authorized officials, has proposed to prohibit its nationals from net fishing for salmon in Pacific Ocean waters provided the United States or the three Pacific Coast states apply such appropriate conservation measures to their respective citizens. Inasmuch as there is presently no congressional legislation prohibiting such fishing, and inasmuch as authorized officials of the state department of the United States have expressed a desire to have the states act in this area, the Pacific Marine Fisheries Commission has proposed and recommended appropriate legislation to the three Pacific Coast states to insure the survival of their valuable salmon resources. [1957 c 108 § 2.]

He may expend such moneys as may from time to time be appropriated by the legislature for such purposes including, but not limited to purchase of firearms, ammunition, dynamite, and other materials necessary to carry out the purposes hereof. He shall keep as nearly as possible an accurate record of the number of seals and sea lions that are so destroyed.

Any person other than an employee of the department killing or causing to be killed in the waters of the state, any common seal or sea lion shall be entitled to receive a bounty of not less than three dollars nor more than ten dollars, the amount to be designated by the director, from any moneys which may be appropriated by the legislature for the purposes of this section.

All moneys appropriated for such purposes by the legislature shall be expended under the direction of and upon vouchers approved by the director, who shall adopt rules and regulations providing for the proof of such killing and the surrender and destruction of the scalp, snout, or tail of such seal or sea lion. Any person who shall receive, or attempt to receive, any bounty for the killing of any common seal or sea lion not taken in the waters of the state of Washington is guilty of a gross misdemeanor and shall pay a fine of not less than two hundred and fifty dollars. Any real property so accepted must be useful for the protection, rehabilitation, preservation, or conservation of such fisheries resources.

The director is hereby designated the agent of the state to accept and receive all such funds and deposit them with the state treasurer who shall credit them to the contingent receipts fund created by RCW 43.79.250.

Cultivation shall include all aspects of breeding, obtaining eggs or young of, raising, preparing for consumption or for market, and marketing of the food fish, shellfish or other aquatic animals. Cultivation may be permitted on privately owned uplands, shorelands or tidelands, as well as on publicly owned uplands, tidelands, shorelands, or beds of navigable waters in accordance with procedures established for administration of such areas.

75.16.110 Fish farming—License—Fee. A license is required for each and every fish farm operated for commercial purposes at one or more locations on uplands, shorelands, tidelands, or beds of navigable waters, or in the waters of the state. The fee for said license is one hundred dollars per annum, and shall be paid for each and every year in which food fish, shellfish or other aquatic animals are being cultivated. A separate license is required for each county of the state in which a fish farm is operated by the same person, corporation, or other entity. [1971 c 35 § 3.]

75.18.005 Preamble. The state of Washington has a major and substantial interest in the fisheries and fishing industry within its boundaries and a special interest in its salmon resources. Salmon within the waters of the state, including its coastal waters and offshore waters contiguous thereto, constitute a commercial asset and a

vital food resource in which the state of Washington has a special interest, in that such salmon spawn in the fresh water streams of the state of Washington, migrate to the sea and, in response to their anadromous cycle, return to the fresh water streams of Washington, from which they originate, to spawn and die. Serious conditions and hazards detrimental to the preservation of this salmon supply have arisen and are now present, both in the fresh water streams of the state of Washington and in the salt waters of bays, inlets, canals, coves, sounds and estuaries, and in its coastal waters and offshore waters contiguous thereto, as a result of the extensive catching and taking of silver and chinook salmon within the described waters in such quantities as substantially to deplete the spawning and the source of existing and future salmon supplies and resources.

The preservation of the salmon industry and the salmon resources of the state of Washington is vital to the state's economy, and effective measures and remedies are necessary to prevent loss of such salmon resources due to the taking of immature fish and salmon present in the state's coastal and offshore waters, from which waters such salmon migrate, feed and return to the streams of this state to spawn.

It has proven impossible in seeking to regulate catching and taking of such salmon to distinguish between salmon taken from waters of the Pacific Ocean over which the state has jurisdiction and those taken outside the limits of the state's jurisdiction and brought within the boundaries of the state.

Research by the department of fisheries of the state has established that silver and chinook salmon found in the waters of district No. 2 and the Columbia River district, as herein defined, are substantially mature salmon. The silver and chinook salmon found during certain periods within the waters of district No. 1, herein defined, are for the most part immature salmon, the taking of which would prevent the return of an adequate number of such salmon to the spawning grounds in the streams of the state and risk the destruction or substantial depletion of the state's salmon resources, and would constitute an irreparable economic waste. [1955 c 12 § 75.18.005. Prior: 1953 c 147 § 1.]

75.18.010 Fishery districts created. The following fishery districts are hereby created:

(1) District No. 1, as used in this chapter, shall include the Straits of Juan de Fuca, and the waters of the Pacific Ocean over which the state of Washington has jurisdiction, exclusive of bays, inlets, canals, coves, sounds and estuaries.

(2) District No. 2, as used in this chapter, shall include all lands and waters over which the state of Washington has jurisdiction, excepting therefrom district No. 1, as herein defined. [1955 c 12 § 75.18.010. Prior: 1953 c 147 § 2.]

75.18.020 Commercial fishing—Silver salmon—District No. 1. It shall be unlawful for commercial purposes to fish for or take in the waters of district No. 1, as herein defined, silver salmon (*Oncorhynchus kisutch*) between the first day of November and the fifteenth day

of June of the year following, both dates inclusive. [1955 c 12 § 75.18.020. Prior: 1953 c 147 § 3.]

75.18.030 Commercial fishing—Chinook salmon—District No. 1. It shall be unlawful for commercial purposes to fish for or take in the waters of district No. 1, as herein defined, chinook salmon (*Oncorhynchus tshawytscha*) between the first day of November and the fourteenth day of March of the year following, both dates inclusive. 75.18.040 Possession, transportation of silver salmon—District No. 1. It shall be unlawful for commercial purposes for any person to have in his possession or transport through the waters of district No. 1, as herein defined, any fresh silver salmon (*Oncorhynchus kisutch*) taken from said waters or from the waters of the Pacific Ocean during the period from the first day of November and the fifteenth day of June of the year following, both dates inclusive. [1955 c 12 § 75.18.040. Prior: 1953 c 147 § 5.]

75.18.050 Possession, transportation of chinook salmon—District No. 1, Pacific Ocean. It shall be unlawful for commercial purposes for any person to have in his possession or transport through the waters of district No. 1, as herein defined, any fresh chinook salmon (*Oncorhynchus tshawytscha*) taken from said waters or from the waters of the Pacific Ocean during the period from the first day of November and the fourteenth day of March of the year following, both dates inclusive. [1955 c 12 § 75.18.050. Prior: 1953 c 147 § 6.]

75.18.060 Processors, wholesalers, etc.—Possession of silver salmon—District No. 1, Pacific Ocean. It shall be unlawful for any person in the state of Washington engaged in the business of canning, packing, processing, freezing, salting, smoking, kippering, preserving in ice, or otherwise involved in dealing in or curing any food fish or shellfish, or in wholesale selling of food fish or shellfish for commercial purposes, to have in his possession any silver salmon (*Oncorhynchus kisutch*) caught or taken during the period from the first day of November of any year to the fifteenth day of June of the following year from the waters of the Pacific Ocean or district No. 1. [1955 c 12 § 75.18.060. Prior: 1953 c 147 § 7.]

75.18.070 Processors, wholesalers, etc.—Chinook salmon—Closed season dates, director may vary—Notice, hearing. It shall be unlawful for any person in the state of Washington engaged in the business of canning, packing, processing, freezing, salting, smoking, kippering, preserving in ice, or otherwise involved in dealing in or curing any food fish or shellfish, or in wholesale selling of food fish or shellfish for commercial purposes, to have in his possession any chinook salmon (*Oncorhynchus tshawytscha*) caught or taken during the period from the first day of November of any year to the fourteenth day of March of the following year from

the waters of the Pacific Ocean or district No. 1: *Provided*, That with respect to the closed seasons defined in this chapter, the director of fisheries, upon due notice and hearing, and upon investigation, may, in accordance with his judgment, vary any of the opening or closing dates thereof. Notice of such hearing shall appear in not less than two issues of a newspaper of general circulation at the state capital. [1955 c 12 § 75.18.070. Prior: 1953 c 147 § 8.]

Every person or persons, firm or corporation operating a fishing vessel of any description used in the commercial taking or catching of salmon in offshore waters and the transporting or bringing the same in and through the waters of the state of Washington and delivering the same in any place or port in the state of Washington shall, as a condition of doing so, obtain a permit from the director of fisheries. The fee for said permit shall be one hundred dollars for the vessel and operator and ten dollars for each member of the crew thereof, such permit to be effective during the calendar year in which issued: *Provided*, That persons operating fishing vessels licensed under RCW 75.28.085 may apply the delivery permit fee of ten dollars against the fees outlined hereinabove except those holding a valid troll license are exempt from said fees: *Provided further*, That if it appears to the director of fisheries, after investigation, that the operation of such vessel under such permit tends to result in the impairment, depletion, or destruction of the salmon resource and supply of this state and in bringing into this state salmon products prohibited by law, in that event, the director under such regulations and terms as he may prescribe, may revoke said permit to use and operate such boat in the waters of this state, and in the event of the revocation of such permit, the further operation of such vessel as hereinabove set forth shall then be unlawful. [1971 ex.s. c 283 § 1; 1955 c 12 § 75.18.080. Prior: 1953 c 147 § 9.]

75.20.010 Columbia River fish sanctuary—Established. All streams and rivers tributary to the Columbia River downstream from McNary Dam are hereby reserved as an anadromous fish sanctuary against undue industrial encroachment for the preservation and development of the food and game fish resources of said river system and to that end there shall not be constructed thereon any dam of a height greater than twenty-five feet that may be located within the migration range of any anadromous fish as jointly determined by the director of fisheries and the director of game, nor shall waters of the Cowlitz River or its tributaries or of the other streams within the sanctuary area be diverted for any purpose other than fisheries in such quantities that will reduce the respective stream flows below the annual average low flow, as delineated in existing or future United States Geological Survey reports: *Provided*, That when the flow of any of the streams referred to in this section is below the annual average, as delineated in existing or future United States Geological Survey reports, water may be diverted for use, subject to legal appropriation, upon the concurrent order of the director of fisheries and director of game. [1955 c 12 § 75.20.010. Prior: 1949 c 9 § 1; Rem. Supp. 1949 § 5944-2.]

75.20.020 Columbia River fish sanctuary—Acquisition and abatement of dams—Water rights—Condemnation actions. The director of fisheries and the director of game, shall acquire and abate any dam or other obstruction, or acquire any water right which may have become vested on any streams or rivers tributary to

the Columbia River downstream from McNary Dam which may be in conflict with the provisions of RCW 75.20.010. Any condemnation action necessary under the provisions of this section shall be instituted under the provisions of chapter 120, Laws of 1947, and in the manner provided for the acquisition of property for public use of the state. [1955 c 12 § 75.20.020. Prior: 1949 c 9 § 2; Rem. Supp. 1949 § 5944-3.]

75.20.030 Columbia River fish sanctuary—Rivers not included in sanctuary. The provisions of RCW 75.20.010 and 75.20.020 shall not apply to the waters of the North Fork of the Lewis River, nor the White Salmon River (Big White Salmon River). [1955 c 12 § 75.20.030. Prior: 1949 c 9 § 3; Rem. Supp. 1949 § 5944-4.]

75.20.040 Fish guards required—Penalty for failure. Every ditch, channel, canal or waterpipe used for conducting water from any lake, river or stream, for irrigation, manufacturing, domestic or other purposes, shall be provided at its entrance or intake with a fish guard so as to prevent the passage of fish into such ditch, channel or waterpipe and subject to the approval of the director, which shall be constantly maintained at all times when water is taken or admitted into such ditch, channel, canal, or waterpipe: *Provided*, That such fish guards and screens shall be installed at such places and times as shall be prescribed by the director upon thirty days' notice to the owner or owners of any such water conduit. Every owner, manager, agent or person in charge of such ditch, channel, canal, or waterpipe who shall fail to comply with the provisions of this section is guilty of a gross misdemeanor.

Each day the end of the ditch, channel, canal or waterpipe is not equipped with this covering as provided shall constitute a separate offense. If within thirty days after notice to equip any such ditch, channel, canal, or waterpipe such person shall fail to do so, the director is hereby authorized to take possession of the same in the name of the state of Washington, and to close the same to the entrance of any water until such time as the ditch shall be properly equipped, and the expense incident thereto shall constitute a lien upon the ditch, channel, canal, or waterpipe and upon the real and personal property of the person owning the same. Notice of such lien shall be filed and recorded in the office of the county auditor in the county in which such action is taken. [1955 c 12 § 75.20.040. Prior: 1949 c 112 § 45; Rem. Supp. 1949 § 5780-319.]

75.20.050 Water flow to be maintained—May refuse permit to divert water. It is hereby declared to be the policy of this state that a flow of water sufficient to support game fish and food fish populations be maintained at all times in the streams of this state.

The supervisor of hydraulics shall give the director of fisheries and the director of game notice of each application for a permit to divert water, or other hydraulic permit of any nature, and the director of fisheries and director of game shall have thirty days after receiving such notice in which to state their objections to the

application, and the permit shall not be issued until such thirty days period has elapsed.

The supervisor of hydraulics may refuse to issue any permit to divert water, or any hydraulic permit of any nature, if, in the opinion of the director of fisheries or director of game, such permit might result in lowering the flow of water in any stream below the flow necessary to adequately support food fish and game fish populations in the stream.

The provisions of this section shall in no way affect existing water rights. [1955 c 12 § 75.20.050. Prior: 1949 c 112 § 46; Rem. Supp. 1949 § 5780-320.]

75.20.060 Fishways required in dams, obstructions—Remedies for failure. Every dam or other obstruction across or in any stream shall be provided with a durable and efficient fishway, which shall be maintained in a practical and effective condition in such place, form and capacity as the director may approve, for which plans and specification shall be furnished by the director upon application to him, and which shall be kept open, unobstructed and supplied with a sufficient quantity of water to freely admit the passage of fish through the same. Every owner, manager, agent or person in charge of such dam or obstruction who shall fail to comply with the provisions of this section is guilty of a gross misdemeanor.

If any person or government agency fails to construct and maintain such fish ladder or fishway or to remove such dam or obstruction in a manner satisfactory to the director, then within thirty days after written notice thereof has been served upon the owner, his agent, or the person in charge thereof, the director may construct a suitable fish ladder or fishway, or remove such dam or obstruction, and the actual cost in case of construction of fishway thereof shall constitute a lien upon the dam and upon all the personal property of the person or government agency owning the same. Notice of such lien shall be filed and recorded in the office of the county auditor of the county in which such dam or obstruction is situated. Such lien may be foreclosed in any action brought in the name of the state.

If any person or government agency fails to make any such fishway or remove such dam or obstruction in a manner satisfactory to the director, then within thirty days after written notice thereof has been served on the owner, his agent, or the person in charge, such dam or obstruction shall thereby become a public nuisance and the director may take possession thereof in his own name or in the name of the state and destroy it and no liability shall attach for such destruction. [1955 c 12 § 75.20.060. Prior: 1949 c 112 § 47; Rem. Supp. 1949 § 5780-321.]

75.20.061 Director may modify, etc., inadequate fishways and protective devices. In the event any fish passage facility or fish protective device as set forth in RCW 75.20.040 and 75.20.060 which have been in existence or are existing at the time of enactment of this act, is determined by the director to be inadequate for the purposes for which it was intended; the director in addition to other authority granted in this chapter may in his

discretion, remove, relocate, reconstruct, or modify said device, without cost for materials and labor to the owner or owners thereof: *Provided*, That the director may not materially modify the amount of flow of water through the facility or device. Thereafter such fish passage facility or fish protective device shall be maintained at the expense of the person or governmental agency owning said obstruction or water diversion in accordance with RCW 75.20.040 and 75.20.060. [1963 c 153 § 1.]

Director of game may modify, etc., inadequate fishways and protective devices: RCW 77.16.221.

75.20.070 Unlawful to fish in or interfere with fishways, screens, etc. It shall be unlawful for any person to fish for, take, injure, kill, or molest any fish in any fishway or fish ladder, fish screens, or other protective devices, or to interfere in any manner whatsoever with the proper operation of any fishway, fish ladder, fish screens, or other protective devices. [1955 c 12 § 75.20.070. Prior: 1949 c 112 § 39; Rem. Supp. 1949 § 5780-313.]

75.20.080 Unlawful to interfere with or damage fish ladders, guards, etc., or fish traps. It shall be unlawful for any person to break open, open, unlock, damage, interfere with, injure, or destroy any fish ladder, fish guard, screen, fish stop, fish protective device, bypass, or part thereof, or any fish trap operated by the department. 75.24.030 Sale, lease, disposal of oyster reserves. The oyster reserves of the state shall not be sold, leased, or otherwise disposed of: *Provided*, That in event the director recommends the sale, lease, or disposal of any of the reserves, or parts thereof, the same may be sold, leased or disposed of by the land commissioner in the manner provided by law for the sale, lease, or disposal of state land. [1955 c 12 § 75.24.030. Prior: 1949 c 112 § 55; Rem. Supp. 1949 § 5780-402.]

75.24.060 Reserves to be productive, self-maintaining—Furnish shellfish stock—Development—Harvesting for personal use, when. It is hereby declared to be the policy of the state to improve the oyster reserves of the state to the end that all may finally become productive, and to have these reserves yield a revenue sufficient for their maintenance and betterment. In fixing the price at which oysters and other shellfish shall be sold from the reserves, the director shall take into consideration such policy. It is further declared to be the policy of the state to maintain the oyster reserves for the purpose of furnishing a supply of shellfish to growers and processors and for the stocking of public beaches: *Provided*, That shellfish may be harvested for personal use as prescribed by the director.

The director shall protect all reserves, reseed, replant, issue cultch permits and do such other things as in his judgment are necessary for their care and protection. [1969 ex.s. c 91 § 1; 1955 c 12 § 75.24.060. Prior: 1949 c 112 § 56; Rem. Supp. 1949 § 5780-403.]

To maintain the permanency of local communities and industries, the prospects of fulfillment of contract requirement, and to restrain monopolistic controls endangering competition in the industry, the director shall have the power to determine the number of bushels which shall be sold to any person, firm, or corporation; and when sold at public auction, the right to reject any and all bids.

The director shall have the power to determine the time, place, and manner of holding the auctions and sales provided for in this section. [1955 c 12 § 75.24.070. Prior: 1949 c 112 § 57; Rem. Supp. 1949 § 5780-404.]

[1955 c 12 § 75.24.080. Prior: 1949 c 112 § 59; Rem. Supp. 1949 § 5780-406.]

[1955 c 212 § 7; 1955 c 12 § 75.24.090. Prior: 1949 c 112 § 61; Rem. Supp. 1949 § 5780-408.]

75.24.100 Geoduck clams, harvesting for commercial purposes—License—Gear—Director may impose limitations. The director of fisheries may at his discretion and with the approval of the commissioner of public lands issue licenses for the harvesting of geoduck clams for commercial purposes from leased beds of navigable waters of the state of Washington except that he may not authorize harvesting for commercial purposes on bottoms which are shallower than ten feet below mean lower low water (o.o. ft.), or which lie in an area bounded by the line of ordinary high tide (mean high tide) and a line one-quarter mile seaward from and parallel to said line of ordinary high tide. If the director shall determine that the numbers of units of gear are sufficient to harvest the known available crop and that additional units of gear might prove damaging to the resource or its habitat, he may suspend the issuance of such additional licenses for the balance of any given year or until he determines there is need for additional units of gear to achieve a sustained harvest. All harvesting shall be done with hand held, manually operated water jet or suction device guided and controlled from under water by scuba or other diver. The director shall also determine from time to time the effect of each type or unit of gear upon the geoduck population or the substrate they inhabit and he may require modification of the gear or cessation of its use if he determines that it is being operated in a wasteful or destructive manner or that its operation tends to cause permanent damage to the bottom or adjacent shellfish populations. [1969 ex.s. c 253 § 1.]

The term "fish buyer" as used in this section means a buyer who purchases at a place or places other than his employer's business premises, and who buys for only one person. In the event the buyer buys for two or more persons, he shall be deemed a wholesale fish dealer and shall be required to be licensed as such. [1965 ex.s. c 29 § 1; 1955 c 12 § 75.28.350. Prior: 1951 c 271 § 31; 1949 c 112 § 72(6); Rem. Supp. 1949 § 5780-510(6).]

house business enterprise having more than one place of business. One such place shall be designated as headquarters and said license shall be obtained for each and every other place of business or branch plant. The fee for said license is seven dollars and fifty cents per annum. [1955 c 12 § 75.28.370. Prior: 1953 c 207 § 15; 1951 c 271 § 33; 1949 c 112 § 72(8); Rem. Supp. 1949 § 5780-510(8).]

75.28.375 Certain license fees double for nonresidents. The fees for all licenses prescribed in *this act shall be double for nonresidents of the state. [1971 ex.s. c 283 § 12.]

***Reviser's note:** "this act" [1971 ex.s. c 283] consists of this section and RCW 75.28.081, and to the 1971 amendments to RCW 75.12.010, 75.18.080, 75.28.012, 75.28.013, 75.28.060, 75.28.085, 75.28.087, 75.28.095, 75.28.130, 75.28.140, 75.28.190 and 75.28.220.

75.28.377 Nonresident applicants and certain wholesale dealer licensees—Surety or property bond or deposit may be required. (Effective January 1, 1977.)

(1) In addition to license fees required to accompany license applications for wholesale dealers licenses, the director may require certain applicants, as specified in this section, to file a surety bond in the amount of two thousand dollars, issued by a surety insurer who meets the requirements of chapter 48.28 RCW in a form acceptable to the director running to the state of Washington, guaranteeing the payment of catch and privilege fees. Such bond shall be required of any applicant from outside the state of Washington and any applicant who has not held a Washington wholesale dealers license for the preceding three years.

(2) In lieu of the surety bond that may be required under subsection (1) of this section, the applicant may file with the director a property bond, or a deposit, consisting of cash or other security acceptable to the department, equal to the amount of the surety bond. The director shall file all such deposits with the state treasurer until such time as they are returned or applied to outstanding fees. [1975-'76 2nd ex.s. c 40 § 3.]

Effective date—1975-'76 2nd ex.s. c 40: See note following RCW 75.28.083.

75.28.380 Forfeiture of license for violations. Upon conviction of any person of a violation of any provision of this title, or rule or regulation of the director, the judge or justice of the peace may, in addition to the penalty imposed by law, forfeit the license of such person: *Provided*, That upon conviction of any person of a violation of any statute or regulation prescribing the length, depth or construction of fishing gear, or upon subsequent conviction of any person of any violation of any other provisions of this title or rule or regulation of the director, the forfeiture of such license shall be mandatory, and the license shall remain forfeited pending any appeal. The director may prohibit the issuance of a license to any person convicted two or more times of any such violation or prescribe the conditions under which the license may be issued. [1957 c 171 § 5; 1955 c 12 § 75.28.380. Prior: 1949 c 112 § 77; Rem. Supp. 1949 § 5780-603.]

75.28.390 Commercial herring fishing—Legislative finding. The legislature finds that a significant commercial herring fishing industry is presently developing in the state of Washington under the careful guidance of the department of fisheries. The legislature further finds that the stocks of herring within the waters of this state are limited in extent and are in need of strict preservation. [1973 1st ex.s. c 173 § 1.]

75.28.400 Commercial herring fishing—Additional finding—Purpose. In addition, the legislature finds that the number of commercial fishermen engaged in fishing for herring has steadily increased. This factor, combined with advances made in fishing and marketing techniques, has resulted in strong pressures on the supply of herring, unnecessary waste in one of Washington's valuable resources, and economic loss to the citizens of this state. Therefore, it is the purpose of RCW 75.28-.390 through 75.28.430 to establish reasonable procedures for controlling the extent of commercial herring fishing. [1973 1st ex.s. c 173 § 2.]

75.28.410 Commercial herring fishing—Validation of licenses required. After April 25, 1973, only those persons who have obtained a validated license to fish for herring issued by the department of fisheries of the state of Washington shall engage in the commercial taking or catching of herring. Licenses issued under this section shall be valid for one year, from January 1 through December 31. Any food fish license as stipulated in chapter 75.28 RCW intended for use in fishing for herring in the Puget Sound district must be validated for these species by the department of fisheries after proving compliance with the provisions of RCW 75.28.420. [1973 1st ex.s. c 173 § 3.]

75.28.420 Commercial herring fishing—Validated licenses—Limitation—Required—Additional licenses. For the 1973 season and subsequent seasons, the department shall limit the number of licenses validated under RCW 75.28.410 to those individuals who held valid commercial fishing licenses and can prove that they landed herring as documented by a Washington department of fisheries landing ticket for that type of fishing gear during the period (1) January 1, 1971, through April 15, 1973, or (2) January 1, 1969, through December 31, 1970, for only those individuals who were in the armed services of the United States during the period January 1, 1971, through April 1, 1973. The validated herring license shall be required for commercial herring fishing in Puget Sound as set forth in the Washington Administrative Code under section 220-16-210. Additional licenses may be granted after the 1976 season by the department only upon a showing that the stocks of herring will not be jeopardized by the granting of such additional licenses. The individual validation to fish for herring shall be fully transferable. [1974 ex.s. c 104 § 1; 1973 1st ex.s. c 173 § 4.]

75.28.430 Commercial herring fishing—Elimination of units as alternative measure. If subsequent court action requires that additional validated licenses must be

permitted for the 1973 season and if such increases in a particular gear result in placing an excessive strain on herring stocks, the department shall reduce the number of validated licenses for such gear by eliminating units with the shortest history of landings as established and documented by Washington department of fisheries' landing tickets for the herring fishery. If two or more units have a similar history of landings, then such reduction for those vessels shall be by lot. [1973 1st ex.s. c 173 § 5.]

75.28.440 Commercial herring fishing—Advisory committee—Hardship cases. On and after February 16, 1974 the director of the department of fisheries shall appoint three persons broadly representative of the commercial herring fishery to function as an advisory committee to the department for the purpose of defining hardship cases as such cases relate to denials of commercial herring licenses under this chapter. The committee shall hold meetings and hearings and take such testimony as it deems necessary to carry out the duty imposed on it by this section. Upon making its final decision on the meaning of a hardship case and communicating the same in writing to the director the committee shall be dissolved. The director, upon receipt of the committee's findings, may promulgate the committee's definition of a hardship case as a rule and regulation of the department after complying with the provisions of chapter 34.04 RCW, the administrative procedure act. [1974 ex.s. c 104 § 2.]

75.28.450 Limitation upon salmon licenses and delivery permits—Intention. The legislature finds that the protection, welfare, and economic good of the commercial salmon fishing industry is of paramount importance to the people of this state. Scientific advancement has increased the efficiency of salmon fishing gear. There presently exists an overabundance of commercial salmon fishing gear in our state waters which causes great pressure on the salmon fishery resource. This situation results in great economic waste to the state and prohibits conservation programs from achieving their goals. The public welfare requires that the number of commercial salmon fishing licenses and vessel delivery permits issued by the state be limited to insure that sound conservation programs can be scientifically carried out. It is the intention of the legislature to preserve this valuable natural resource so that our food supplies from such resource can continue to meet the ever increasing demands placed on it by the people of this state. [1974 ex.s. c 184 § 1.]

Severability—1974 ex.s. c 184: "If any provision of this act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected." [1974 ex.s. c 184 § 11.]

Expiration date—1974 ex.s. c 184 §§ 1-9: "The provisions of sections 1 through 9 of this act shall expire on December 31, 1977, and shall be null and void and without any further force and effect on such date without any further action by the legislature." [1974 ex.s. c 184 § 12.]

75.28.455 Limitation upon salmon licenses and delivery permits—Program to limit commercial salmon

vessels—Qualifications for licensing. On and after May 6, 1974, the department of fisheries of the state of Washington shall initiate a program to limit the number of commercial salmon vessels for each type of fishing gear and area by issuing licenses and vessel delivery permits to fish for salmon only to those vessels holding such licenses or permits in any year between January 1, 1970 and May 6, 1974: *Provided*, That only those vessels which held commercial gear fishing licenses or vessel delivery permits valid for salmon during such period and can prove by means of a valid fish receiving document that salmon were caught and landed during such period shall be entitled to a valid commercial fishing license or vessel delivery permit to fish for or possess salmon for the same type of gear and area for each year of a period extending from January 1, 1975 through December 31, 1977: *Provided, however*, That nothing herein shall be construed to be contrary to the provisions of Title 75 RCW or any regulation promulgated thereunder. All such licenses or vessel delivery permits shall be transferable. [1974 ex.s. c 184 § 2.]

Severability—Expiration date—1974 ex.s. c 184: See notes following RCW 75.28.450.

75.28.460 Limitation upon salmon licenses and delivery permits—Salmon caught outside state waters—Single delivery permit—Fee. Any commercial salmon fishing vessel not qualified for a commercial salmon fishing license or vessel delivery permit under RCW 75.28.455 and wishing to land salmon caught outside the territorial waters of the state of Washington shall be able to obtain a single delivery vessel delivery permit. The fee for such permit shall be the same as the annual vessel delivery permits. [1974 ex.s. c 184 § 3.]

Severability—Expiration date—1974 ex.s. c 184: See notes following RCW 75.28.450.

75.28.465 Limitation upon salmon licenses and delivery permits—Vessels under construction. In addition to the commercial salmon fishing licenses and vessel delivery permits issued pursuant to RCW 75.28.455 the department shall issue the required license to any commercial fishing vessel which is under construction or purchased in good faith between April 16, 1973, and May 6, 1974. [1974 ex.s. c 184 § 4.]

Severability—Expiration date—1974 ex.s. c 184: See notes following RCW 75.28.450.

75.28.470 Limitation upon salmon licenses and delivery permits—Licensing of charter fishing vessels. Charter fishing vessels may be licensed for commercial trolling during the salmon trolling season if the director finds that the charter industry in this state is suffering economic hardship due to a national or state fuel crisis. [1974 ex.s. c 184 § 6.]

Severability—Expiration date—1974 ex.s. c 184: See notes following RCW 75.28.450.

75.28.475 Limitation upon salmon licenses and delivery permits—Advisory boards of review—Travel expenses. The director shall appoint three man advisory boards of review to hear cases as provided for in RCW

75.28.480. The members of such a review board shall be from the commercial salmon fishing industry, shall serve without pay, and shall serve at the discretion of the director of the department of fisheries. The members of such a review board shall be reimbursed for travel expenses pursuant to RCW 43.03.050 and 43.03.060 as now existing or hereafter amended for each day or major portion thereof spent in the performance of their duty. The director shall promulgate regulations concerning the operation of such review boards in accordance with chapter 34.04 RCW. [1975-'76 2nd ex.s. c 34 § 171; 1974 ex.s. c 184 § 7.]

Effective date—Severability——1975-'76 2nd ex.s. c 34: See notes following RCW 2.08.115.

Severability—Expiration date——1974 ex.s. c 184: See notes following RCW 75.28.450.

75.28.480 Limitation upon salmon licenses and delivery permits—Appeal to board of review—Hearing—Procedure. Any person aggrieved by a decision of the department pursuant to RCW 75.28.455 through 75.28.475 may voluntarily request that a board of review be impaneled to hear his case. Such a hearing before a board shall be informal and the rules of evidence shall not be applicable to the proceedings and a record shall be kept thereof as provided by chapter 34.04 RCW. After the presentation of a case such a review board shall inform in writing both the director and the initiating party of whether or not the board agrees or disagrees with the department's decision and the reasons for such agreement or disagreement. Upon receipt of the board's findings the director, at his discretion, may either uphold or reverse the department's action.

Nothing in this section shall be construed: (1) to impair an aggrieved person's right to proceed under chapter 34.04 RCW; or (2) to impose any liability on members of a review board for their actions pursuant to this section. [1974 ex.s. c 184 § 9.]

Severability—Expiration date——1974 ex.s. c 184: See notes following RCW 75.28.450.

75.28.485 Limitation upon salmon licenses and delivery permits—Evaluation—Recommendations. On and after May 6, 1974 the department of fisheries in cooperation with representatives of the commercial salmon fishing industry shall continually evaluate the provisions of RCW 75.28.450 through 75.28.470 and recommend to the legislature prior to January 1, 1977, a phase II approach to limit gear entry into this state's commercial salmon fisheries. [1974 ex.s. c 184 § 10.]

Severability—Expiration date——1974 ex.s. c 184: See notes following RCW 75.28.450.

75.28.500 Program to purchase fishing vessels, gear, licenses and permits—Finding and intent. The legislature finds that the protection, welfare, and economic well-being of the commercial fishing industry is important to the people of this state. There presently exists an overabundance of commercial fishing gear in our state waters which causes great pressure on the fishing resources. This results in great economic waste to the

state and prohibits conservation and harvesting programs from achieving their goals. This adverse situation has been compounded by the recent federal court decision, *United States of America et al. v. State of Washington et al.*, Civil No. 9213, United States District Court for the Western District of Washington, February 12, 1974. As a result, large numbers of commercial fishermen face personal economic hardship and the state commercial fishing industry is confronted with economic difficulty. The public welfare requires that the state have the authority to purchase commercial fishing vessels, licenses, gear, and permits offered for sale, as appropriate, in a manner which will provide relief to the individual vessel owner, and which will effect a reduction in the amount of commercial fishing gear in use in the state so as to insure increased economic opportunity for those persons in the industry and to insure that sound scientific conservation and harvesting programs can be carried out. It is the intention of the legislature to provide relief to commercial fishermen adversely affected by the current economic situation in the state fishery and to preserve this valuable state industry and these natural resources. [1975 1st ex.s. c 183 § 2.]

Loan assistance program for commercial fishermen: Chapter 75.44 RCW.

State of Washington et al.*, Civil No. 9213, United States District Court for Western District of Washington, February 12, 1974, or any area in which fishing rights are affected by court decision in a manner consistent with the above-mentioned decision;

(2) "Department" means the department of fisheries;

(3) "Director" means the director of the department of fisheries. [1975 1st ex.s. c 183 § 3.]

Reviser's note: Throughout RCW 75.28.500–75.28.540, the phrase "this 1975 amendatory act" has been changed to RCW 75.28.500 through 75.28.540. "This 1975 amendatory act" [1975 1st ex.s. c 183] also amends RCW 75.08.012.

75.28.510 Program to purchase fishing vessels, gear, licenses and permits—Authorized. The department is authorized to purchase commercial fishing vessels and appurtenant gear, and the appropriate current commercial fishing licenses and delivery permits issued by the state of Washington if the vessel, licensee or permit holder:

(1) Was licensed to fish or deliver fish during 1974 within the case area; and

(2) Was substantially restricted in its fishing season in 1974 by the department as a result of compliance with *United States of America et al. v. State of Washington*

et al., Civil No. 9213, United States District Court for Western District of Washington, February 12, 1974.

The department shall not purchase any vessel without also purchasing all appropriate current Washington commercial fishing licenses and delivery permits issued to such vessel or its owner: *Provided*, That the department is authorized to purchase current licenses and delivery permits in the absence of the purchase of a vessel. [1975 1st ex.s. c 183 § 4.]

75.28.515 Program to purchase fishing vessels, gear, licenses and permits—Valuation—Maximum price—Retirement of licenses and permits. The purchase by the department of a vessel and appurtenant gear shall be based on a survey conducted by a qualified marine surveyor. A license or delivery permit shall be valued separately by the department.

The director may specify a maximum price to be paid by the department for any vessel, gear, license or delivery permit purchased pursuant to RCW 75.28.510. Any license or delivery permit so purchased shall be permanently retired by the department. [1975 1st ex.s. c 183 § 5.]

75.28.520 Program to purchase fishing vessels, gear, licenses and permits—Disposition of vessels and gear—Prohibition against using purchased vessels for fishing purposes. The department may arrange for the insurance and storage and for the resale or other disposition of all vessels and gear purchased pursuant to RCW 75.28.500 through 75.28.540. Such vessels shall not be used by any owner or operator as a fishing vessel other than as a vessel used for angling or other personal use in waters within the state of Washington, nor shall such vessels be used by any owner or operator to deliver fish within the boundaries of the state of Washington. The department shall require that the purchasers or other users of vessels resold or otherwise disposed of by the department execute any and all suitable instruments to insure compliance with the requirements of this section. The director may commence suit or be sued on any such instrument in any state court of record or United States district court having jurisdiction. [1975 1st ex.s. c 183 § 6.]

Upon conviction of any person of a violation of any provision of RCW 75.28.500 through 75.28.540, or rule or regulation of the

director, the judge or justice of the peace may, in addition to the penalty imposed by law, provide for the forfeiture of the vessel and licenses and/or permits to the state of Washington. [1975 1st ex.s. c 183 § 7.]

Reviser's note: See note following RCW 75.28.505.

75.28.530 Program to purchase fishing vessels, gear, licenses and permits—Administration of program—Advisory board—Travel expenses. The director shall promulgate rules and regulations concerning the operation of such program in accordance with the provisions of chapter 34.04 RCW. The director may enlist the aid of such other state agencies to assist the department in the administration of the provisions of RCW 75.28.500 through 75.28.540. To minimize the impact of this program on other ongoing state activities as well as on current staffing levels, the director shall have the authority to contract with persons or entities not employed by the state to assist in the administration of the provisions of RCW 75.28.500 through 75.28.540.

The director shall appoint an advisory board composed of four individuals who are knowledgeable of the commercial fishing industry to assist the director, including the rendering of advice from time to time concerning the values of licenses and permits which may be purchased pursuant to the provisions of RCW 75.28.510, and to perform such other functions as deemed appropriate by the director. The members of such advisory board shall be reimbursed for travel expenses pursuant to RCW 43.03.050 and 43.03.060 as now existing or hereafter amended for each day or major portion thereof spent in the performance of their duty. [1975-'76 2nd ex.s. c 34 § 172; 1975 1st ex.s. c 183 § 8.]

Effective date—Severability—1975-'76 2nd ex.s. c 34: See notes following RCW 2.08.115.

75.28.535 Program to purchase fishing vessels, gear, licenses and permits—Effective date—Expiration—Administration—Vessel, gear, license and permit reduction fund. The provisions of *this 1975 amendatory act shall become effective only upon receipt by the department from the federal government of funds in an amount sufficient to administer such provisions and to accomplish its purposes. If such funds are not received or authorized prior to July 1, 1976, *this 1975 amendatory act shall expire on said date.

The director shall be the responsible state officer for the administration of, and the disbursement of all funds, goods, commodities, and services, which may be received by the state in connection with the provisions of *this 1975 amendatory act. There is created within the state treasury a fund to be known as the "vessel, gear, license, and permit reduction fund", which shall be used for the purchase of vessels, licenses, permits, and fishing gear as provided in *this 1975 amendatory act, and for the administration of the provisions of *this 1975 amendatory act. This fund shall be credited with any federal or other funds received to carry out the purposes of *this 1975 amendatory act and shall also be credited with all

proceeds from the sale or other disposition of any property purchased pursuant to RCW 75.28.510. [1975 1st ex.s. c 183 § 9.]

The director shall provide for the expeditious completion of the program thereafter and shall notify the state legislature when such provisions might appropriately be declared null and void. [1975 1st ex.s. c 183 § 10.]

75.40.030 Pacific Marine Fisheries Compact—
Provisions. Should congress, by virtue of the authority vested in it under Article I, section 10, of the Constitution of the United States, providing for compacts and agreements between the states, ratify The Pacific Marine Fisheries Compact after the enactment of this compact by the states of Alaska, California, Idaho, Oregon and Washington, then, and in that event, there shall exist between the contracting states a definite compact and agreement, the purport of which shall be substantially as follows:

THE PACIFIC MARINE FISHERIES COMPACT

The contracting states do hereby agree as follows:

ARTICLE I.

The purposes of this compact are and shall be to promote the better utilization of fisheries, marine, shell and anadromous, which are of mutual concern, and to develop a joint program of protection and prevention of physical waste of such fisheries in all of those areas of the Pacific Ocean and adjacent waters over which the compacting states jointly or separately now have or may hereafter acquire jurisdiction.

Nothing herein contained shall be construed so as to authorize the compacting states or any of them to limit the production of fish or fish products for the purpose of establishing or fixing the prices thereof or creating and perpetuating a monopoly.

ARTICLE II.

This agreement shall become operative immediately as to those states executing it whenever the compacting states have executed it in the form that is in accordance with the laws of the executing states and the congress has given its consent.

ARTICLE III.

Each state joining herein shall appoint, as determined by state statutes, one or more representatives to a commission hereby constituted and designated as The Pacific Marine Fisheries Commission, of whom one shall be the administrative or other officer of the agency of such state charged with the conservation of the fisheries resources to which this compact pertains. This commission shall be a body with the powers and duties set forth herein.

The term of each commissioner of The Pacific Marine Fisheries Commission shall be four years. A commissioner shall hold office until his successor shall be appointed and qualified but such successor's term shall expire four years from legal date of expiration of the term of his predecessor. Vacancies occurring in the office of such commissioner from any reason or cause shall be filled for the unexpired term, or a commissioner may be

removed from office, as provided by the statutes of the state concerned. Each commissioner may delegate in writing from time to time to a deputy the power to be present and participate, including voting as his representative or substitute, at any meeting of or hearing by or other proceeding of the commission.

Voting powers under this compact shall be limited to one vote for each state regardless of the number of representatives.

ARTICLE IV.

The duty of the said commission shall be to make inquiry and ascertain from time to time such methods, practices, circumstances and conditions as may be disclosed for bringing about the conservation and the prevention of the depletion and physical waste of the fisheries, marine, shell, and anadromous in all of those areas of the Pacific Ocean over which the states signatory to this compact jointly or separately now have or may hereafter acquire jurisdiction. The commission shall have power to recommend the coordination of the exercise of the police powers of the several states within their respective jurisdictions and said conservation zones to promote the preservation of those fisheries and their protection against overfishing, waste, depletion or any abuse whatsoever and to assure a continuing yield from the fisheries resources of the signatory parties hereto.

To that end the commission shall draft and, after consultation with the advisory committee hereinafter authorized, recommend to the governors and legislative branches of the various signatory states hereto legislation dealing with the conservation of the marine, shell and anadromous fisheries in all of those areas of the Pacific Ocean and adjacent waters over which the signatory states jointly or separately now have or may hereafter acquire jurisdiction. The commission shall, more than one month prior to any regular meeting of the legislative branch in any state signatory hereto, present to the governor of such state its recommendations relating to enactments by the legislative branch of that state in furthering the intents and purposes of this compact.

The commission shall consult with and advise the pertinent administrative agencies in the signatory states with regard to problems connected with the fisheries and recommend the adoption of such regulations as it deems advisable and which lie within the jurisdiction of such agencies.

The commission shall have power to recommend to the states signatory hereto the stocking of the waters of such states with marine, shell, or anadromous fish and fish eggs or joint stocking by some or all of such states and when two or more of the said states shall jointly stock waters the commission shall act as the coordinating agency for such stocking.

ARTICLE V.

The commission shall elect from its number a chairman and a vice chairman and shall appoint and at its pleasure, remove or discharge such officers and employees as may be required to carry the provisions of this compact into effect and shall fix and determine their

duties, qualifications and compensation. Said commission shall adopt rules and regulations for the conduct of its business. It may establish and maintain one or more offices for the transaction of its business and may meet at any time or place within the territorial limits of the signatory states but must meet at least once a year.

ARTICLE VI.

No action shall be taken by the commission except by the affirmative vote of a majority of the whole number of compacting states represented at any meeting. No recommendation shall be made by the commission in regard to any species of fish except by the vote of a majority of the compacting states which have an interest in such species.

ARTICLE VII.

The fisheries research agencies of the signatory states shall act in collaboration as the official research agency of The Pacific Marine Fisheries Commission.

An advisory committee to be representative of the commercial fishermen, commercial fishing industry and such other interests of each state as the commission deems advisable shall be established by the commission as soon as practicable for the purpose of advising the commission upon such recommendations as it may desire to make.

ARTICLE VIII.

Nothing in this compact shall be construed to limit the powers of any state or to repeal or prevent the enactment of any legislation or the enforcement of any requirement by any state imposing additional conditions and restrictions to conserve its fisheries.

ARTICLE IX.

Continued absence of representation or of any representative on the commission from any state party hereto, shall be brought to the attention of the governor thereof.

ARTICLE X.

The states agree to make available annual funds for the support of the commission on the following basis:

Eighty percent of the annual budget shall be shared equally by those member states having as a boundary the Pacific Ocean; not less than five percent of the annual budget shall be contributed by any other member state; the balance of the annual budget shall be shared by those member states, having as a boundary the Pacific Ocean, in proportion to the primary market value of the products of their commercial fisheries on the basis of the latest five-year catch records.

The annual contribution of each member state shall be figured to the nearest one hundred dollars.

This amended article shall become effective upon its enactment by the states of Alaska, California, Idaho, Oregon, and Washington and upon ratification by congress by virtue of the authority vested in it under Article I, section 10 of the Constitution of the United States.

ARTICLE XI.

This compact shall continue in force and remain binding upon each state until renounced by it. Renunciation of this compact must be preceded by sending six months' notice in writing of intention to withdraw from the compact to the other parties hereto.

ARTICLE XII.

The states of Alaska or Hawaii, or any state having rivers or streams tributary to the Pacific Ocean may become a contracting state by enactment of The Pacific Marine Fisheries Compact. Upon admission of any new state to the compact, the purposes of the compact and the duties of the commission shall extend to the development of joint programs for the conservation, protection and prevention of physical waste of fisheries in which the contracting states are mutually concerned and to all waters of the newly admitted state necessary to develop such programs.

This article shall become effective upon its enactment by the states of Alaska, California, Idaho, Oregon and Washington and upon ratification by congress by virtue of the authority vested in it under Article I, section 10, of the Constitution of the United States. Program to purchase vessels, gear, licenses and permits: RCW 75.28-.500-75.28.540.

75.44.010 Legislative finding and intent. The legislature finds that the economic health and stability of the commercial fishing industry is of paramount importance to the people of this state. The recent federal court decision, *United States of America et al v. State of Washington et al*, Civil No. 9213, United States District Court for the Western District of Washington, February 12, 1974, together with department of fisheries compliance therewith, have had an adverse impact on this economic health and stability. The public welfare requires that the state have the authority to transmit federal funds in the form of loans to eligible productive commercial fishermen.

Retaining productive commercial fishermen in the state's fishery will enhance productivity by the fishing industry, will improve economic opportunity for those fishermen dependent upon the resource as a source of income, and will contribute to sound conservation and

harvesting programs affecting this important state fishery resource. It is the intention of the legislature to provide assistance to productive commercial fishermen who are adversely affected by the current economic situation in the state's commercial fishery. [1975 1st ex.s. c 152 § 1.]

75.44.020 Definitions. As used in this chapter the terms in this section shall have the meanings indicated unless the context indicates otherwise.

(1) "Case area" shall have the meaning as defined in *United States of America, et al v. State of Washington, et al*, Civil No. 9213, United States District Court for the Western District of Washington, February 12, 1974, which is: "That portion of the State of Washington west of the Cascade Mountains and north of the Columbia River drainage area, and includes the American portion of the Puget Sound watershed, the watersheds of the Olympic Peninsula north of the Grays Harbor watershed, and the offshore waters adjacent to those areas". The director is authorized to modify the definition of "case area" to correspond to any subsequent definition included in a relevant decision of the same court, or in appellate review thereof, or where fishing rights are affected by some other court decision in a manner consistent with the above-mentioned decision.

(2) "Department" means the department of general administration.

(3) "Director" means the director of the department of general administration. [1975 1st ex.s. c 152 § 3.]

75.44.030 Authority to make loans—Eligibility. The department is empowered to make loans which the department determines to be necessary and appropriate to commercial fishermen. To be eligible a commercial fisherman shall:

- (1) Own a commercial fishing vessel;
- (2) Have been licensed to fish or deliver fish in 1974 in the case area;
- (3) Have been adversely affected by a fishing season in 1974 in the case area which was substantially restricted by the department of fisheries as a result of compliance with the federal court decision;
- (4) Be currently licensed to fish or deliver fish;
- (5) Be determined to be a productive commercial fisherman by the department in cooperation with the department of fisheries by an analysis of individual fish catch records for the calendar years 1972, 1973, 1974, and/or 1975; and
- (6) Be determined by the department to have been primarily dependent on commercial fishing for his or her earned income during at least one of the calendar years 1972, 1973, 1974, or 1975. [1975 1st ex.s. c 152 § 4.]

75.44.040 Loan restrictions and limitations. (1) Loans made pursuant to RCW 75.44.030 shall be used only to pay accrued and past due interest payments owing on obligations whose proceeds were used for the construction, reconstruction, or purchase of a commercial fishing vessel and shall not exceed the amount of such interest payments falling due during 1974 and 1975.

(2) No loan assistance provided under this chapter shall be made available to any fisherman who participates or seeks to participate in any aspect of the program administered through funds made available from the "vessel, gear, and permit reduction fund" if such fund is established pursuant to separate legislation.

(3) The provisions of subsections (1) and (2) of this section shall be subject to the following additional restrictions and limitations:

(a) No financial assistance shall be extended pursuant to this chapter unless the financial assistance applied for is not otherwise available on reasonable terms.

(b) No loan under this chapter shall be made if the total amount outstanding and committed to the borrower from the interest payment loan fund established by RCW 75.44.070 would exceed ten thousand dollars or is less than five hundred dollars.

(c) The rate of interest to be charged by the department for any such loan shall be at the average annual interest rate on all interest-bearing obligations of the United States then forming a part of the public debt as computed at the end of the fiscal year next preceding the date of the loan and adjusted to the nearest one-eighth of one percent, plus one-quarter of one percent per annum.

76.04.010 Definitions. As used in this chapter:

"Additional fire hazard" means a condition of forest land resulting from the existence of forest debris so located and in such amounts and flammability as to readily support, intensify and/or continue the spread of fire beyond the spread that would occur in the absence of such debris or if the debris had been abated in a manner approved by the department of natural resources;

"Department" means the department of natural resources or its authorized representatives;

"Director" means the director of conservation and development as that term occurred in pre-1957 law and means the department in all subsequent law;

"Supervisor" means the supervisor of forestry as that term occurred in pre-1957 law and means the department in all subsequent law;

"Emergency fire costs" means those costs incurred or approved by the department for emergency forest fire suppression, including the employment of men, rental of equipment, and purchase of supplies over and above costs regularly budgeted and provided for nonemergency fire expenses for the biennium in which such costs occur;

"Forest debris" includes forest slashing, chopping, and any other vegetative residue resulting from activities on forest land;

"Forest fire service" includes all wardens, rangers, and other help employed especially for preventing or fighting forest fires;

"Forest land" means any land which has enough timber, standing or down, or flammable material, to constitute in the judgment of the department a fire menace to life or property: *Provided*, That sagebrush and grass areas east of the summit of the Cascade mountains are not included unless such areas are adjacent to or intermingled with areas supporting tree growth;

[1971 ex.s. c 207 § 1; 1951 c 58 § 1. Prior: (i) 1911 c 125 § 1; RRS § 5781. (ii) 1911 c 125 § 4, part; RRS § 5784, part. (iii) 1917 c 105 § 6; RRS § 5809.]

Reviser's note: Compare the definition of "Forest fire service" in this section with the definition in RCW 76.04.050.

Construction—1971 ex.s. c 207: "Nothing in this 1971 amendatory act shall be construed to repeal, affect, or limit either directly, indirectly, or by implication any claims or liability for costs incurred by the department or others prior to the effective date of this 1971 amendatory act." The director of conservation and development, through and by means of the division of forestry, shall, upon his appointment, qualification and assumption of the duties of his office, exercise all the powers and perform all the duties vested in, and required by *this act to be performed by either the state forester and fire warden or the state board of forest commissioners. The director of conservation and development shall have the power and authority and it shall be his duty to receive, and disburse through and by means of the division of forestry, any and all moneys contributed, allotted or paid by the United States under the authority of any act of congress for use in cooperation with the state of Washington in protecting and developing forests. He shall, subject to the rules and regulations of the board, have direct charge and supervision of all matters pertaining to forestry, including the forest fire service of the state.

The term "forest fire service" as used in *this act shall be held to include all wardens, rangers and help especially employed for preventing or fighting forest fires.

In times of emergency or unusual danger the forester is empowered to mass the forest fire service of the state where its presence might be required by reason of forest fires, and to take charge of, and direct the work of suppressing such fires.

The forester shall enforce all laws for the preservation of the forests within the state, investigate the origin of all forest fires, vigorously prosecute all violators of *this act; prepare and print for public distribution an abstract of the forest laws and the forest fire laws of Washington, together with such rules and regulations as may be formulated by the board.

The forester may, with the approval of the board, publish for free distribution, information pertaining to forestry, and to forest products, which he may consider of benefit to the people of the state.

It shall be the duty of the forester to annually notify the county clerk in each county where wardens or rangers are appointed, giving the names of such appointees.

The forester shall furnish notices printed in large letters on cloth, calling attention to the dangers from forest fires, and to the penalties for the violation of *this act; such notices to be posted in conspicuous places by the wardens or rangers in all timbered districts along roads and trails, streams and lakes, frequented by tourists, campers, hunters and fishermen, and in other visited regions.

The forester shall, subject to the approval of the board, prepare all necessary printed forms for use of wardens and rangers, in connection with the granting of applications for permits to burn; for the appointment of wardens and rangers, and any and all forms or blanks required or desirable, and shall supply each warden and ranger with such forms and blanks.

The forester shall become familiar with the location and the areas of all state timbered and cut-over lands, and shall prepare maps of each of the timbered counties showing the state land therein, and supply such maps to each warden, and in all ways that are practical and feasible protect such lands from the dangers of fire, trespass, and the illegal cutting of timber, reporting from time to time direct to the board such information as may be of benefit to the state in the care and protection of its timber.

It shall be the duty of the forester to institute inquiry into the extent, kind, value and condition of all timber lands within the state; the amount of acres, and the value of the timber that is cut and removed each year, to determine what state lands are chiefly valuable for growing timber; the extent to which timber lands are being destroyed by fire; and also to examine into the production, quality and quantity of second growth timber, with a view to ascertaining conditions for reforestation, and not later than the first day of December of each year, make a written report to the board upon all such tracts so examined by him, together with detailed information as to the work of the forest fire service of the state. [1911 c 125 § 4; RRS § 5784. Prior: 1905 c 164 § 4; 1903 c 114 § 8. Formerly RCW 76.04.010, part, and 76.04.050.]

Reviser's note: (1) The 1941 Code Committee divided and codified this section as RCW 76.04.050 and 76.04.010 which latter section was subsequently amended by 1951 c 58 § 1. In particular the definition of "forest fire service" contained herein should be compared with the definition in RCW 76.04.010.

76.04.060 Wardens—Appointment—Duties—Compensation. The state supervisor of forestry shall, subject to the approval of the director of the department of conservation and development, have power to appoint within any region or district in this state where there is timber requiring protection, one or more wardens for all or any portion of the period during which the said supervisor deems that forest fire dangers exist.

The said supervisor may, subject to the approval of the said director, and at such times and in such localities as he deems the public welfare demands, employ one or more wardens whose duty it shall be to examine deforested lands of the state, and ascertain if such lands are chiefly valuable for agriculture, or if they are chiefly valuable for timber growing, with a view to reforestation. The said wardens, shall, under the direction of the said supervisor engage in the discovery of inflammable materials, and cause, or assist in the burning of such material at such times as the burning can be done with a minimum of danger to adjacent timber, or other property. The said wardens, under the direction of the said supervisor, shall report any trespass and illegal cutting upon state timber lands, coming to his notice, and report the same to the state land commissioner.

The said supervisor shall have power to temporarily suspend any warden or ranger who may be incompetent or unwilling to discharge properly the duties of his office, and to appoint his successor temporarily, until his action shall be passed upon by the said director.

The wardens shall make their headquarters at such place as the said supervisor shall determine, and upon request of said supervisor to the county commissioners of any county, such wardens shall be furnished with suitably equipped office quarters in the county court house, said quarters to be designated by said county commissioners.

The authority of the wardens respecting the prevention, suppression and control of forest fires, summoning, impressing or employing help, or making arrests for the

violation of *this act, may extend to any part of the state.

The salaries and necessary expenses of all wardens, together with all wages and expenses incurred for help and assistance in forest fire protection shall be fixed by the said director, the wages and salaries to be based on but not to exceed going wages and salaries for similar work.

All accounts of the wardens shall be submitted to the said supervisor, as well as all bills for forest fire protection authorized by the wardens.

All wardens and rangers shall render reports to the said supervisor on such blanks or forms, or in such manner, and at such times as may be ordered, giving a summary of how employed, the area of county visited, expenses incurred, and such other information as may be called for by the said supervisor. [1937 c 97 § 1; 1923 c 184 § 2; 1921 c 102 § 1; 1911 c 125 § 5; RRS § 5785. Prior: 1905 c 164 § 5.]

It shall be the duty of wardens to post over the forest areas notices of warning giving the date of the closed season as provided for in RCW 76.04.150, and copies of all such laws and rules as they may be directed to post by the supervisor of forestry.

They shall investigate all fires and report all of a serious or threatening character to the supervisor of forestry immediately. They shall patrol their districts; visit all parts of roads and trails, and frequented places and camps as far as possible, warn campers or other users of fire, see that all locomotives are provided with spark arresters, and with adequate devices for preventing the escape of fire or live coals from ash pans and fire boxes, in accordance with the law; extinguish small or smoldering fires, and set back-fires to control fires; summon, impress and employ help in controlling fires, and see that all laws for the protection of forests are enforced, and arrest and cause to be prosecuted all offenders. [1933 c 68 § 1; 1911 c 125 § 6; RRS § 5786. Prior: 1905 c 164 § 6.]

76.04.080 Rangers—Appointment—Ex officio rangers—Compensation. All state land cruisers, all game wardens, road supervisors and state highway patrolmen, when approved by the state supervisor of forestry, and all rangers and assistant rangers of the United States forest service, when recommended by their forest supervisors, and commissioned by the state supervisor of forestry shall be ex officio rangers.

Timber cruisers and citizens of the state advantageously located may, at the discretion of the said supervisor, be appointed rangers and vested with the powers and duties of wardens.

Rangers shall receive no compensation for their services except when employed in cooperation with the state and under the provisions of *this act, and shall not create any indebtedness, or incur any liability on behalf of

the state: *Provided*, That rangers actually engaged in extinguishing, or preventing the spread of fire in brush, slashings, choppings, timber or elsewhere that may endanger timber or other property, shall when their accounts for such service have been approved by the fire wardens in authority, be entitled to receive compensation for such services at a rate to be fixed by the director of the department of conservation and development. [1925 ex.s. c 43 § 2; 1923 c 184 § 3; 1917 c 33 § 1; 1911 c 125 § 7; RRS § 5787. Prior: 1905 c 164 § 7.]

Whenever an arrest shall have been made for a violation of any of the provisions of *this act or whenever information of such violation shall have been lodged with him, the prosecuting attorney of the county in which the criminal act was committed, shall prosecute the offender or offenders, with all diligence and energy. If any prosecuting attorney shall fail to comply with the provisions of this section, he shall be guilty of a misdemeanor and shall be punished by a fine of not less than fifty dollars nor more than five hundred dollars, and by imprisonment of not less than thirty days, nor more than one year in the county jail. The penalties of this section shall apply to any magistrate, with proper authority, who refuses or neglects to cause the arrest and prosecution of any person or persons when complaint under oath of violation of any provisions of this act has been lodged with him. [1911 c 125 § 20; RRS § 5800. Prior: 1905 c 164 § 11.]

*Reviser's note: "this act", see note following RCW 76.04.030.

76.04.100 Service of notices. Any notice required by *this or other acts to be served by a forest officer shall be sufficient if a written or printed copy thereof is delivered, mailed or telegraphed by a forest officer to the person to receive notice or to his responsible agent, or, in case the name or address of such person or agent is unknown to the officers and cannot be obtained by reasonable diligence, by posting such copy in a conspicuous place upon the premises concerned by this notice. [1917 c 105 § 7; RRS § 5810.]

*Reviser's note: "this act" appears in 1917 c 105 codified as RCW 76.04.010, 76.04.100, 76.04.350 through 76.04.380 and 76.04.400.

76.04.110 Arrests without warrant. The forester, his assistants, wardens, rangers, and all police officers are hereby empowered to make arrests without warrant of persons violating *this act. [1911 c 125 § 19; RRS § 5799.]

Any person who shall wilfully violate any of the orders, rules or regulations made by the director of the department of conservation and development of the state of Washington in accordance with the authority granted by the provisions of Title XXXVI of Remington's Compiled Statutes of Washington 1922, for the protection of

forests from fires, shall be guilty of a misdemeanor. [1923 c 184 § 11, part; RRS § 5811-1.]

*Reviser's note: Title XXXVI Rem. Comp. Stat. (1911 c 125, 1891 p 226 § 1, and 1917 c 105) is codified in chapter 76.04 RCW.

76.04.130 Disposition of fines. All fines collected under *this act shall be paid into the county treasury of the county in which the offense was committed: *Provided*, That all fees, fines, forfeitures and penalties collected or assessed by a justice court because of the violation of a state law shall be remitted as provided in chapter 3.62 RCW as now exists or is later amended. [1969 ex.s. c 199 § 32; 1911 c 125 § 21; RRS § 5801.]

*Reviser's note: "this act", see note following RCW 76.04.030.
Disposition of fines generally: Chapter 10.82 RCW.

76.04.140 Regions of extra fire hazard—Designation—Penalty. When, in the opinion of the director, any forest region is particularly exposed to fire danger, he may designate such region, defining the boundaries thereof by legal subdivisions or watercourses, watersheds, mountain ranges, or other natural monuments, as a region of extra fire hazard, and he shall promulgate rules and regulations for the protection thereof. All such rules and regulations shall be promulgated by publication in such newspapers of general circulation in the counties wherein such region is situated and for such length of time as the director may determine. When in the opinion of the director it becomes necessary to close the area to entry, posters carrying the wording "Region of extra fire hazard—CLOSED TO ENTRY—except as provided by RCW 76.04.140" and indicating the beginning and ending dates of such closures shall be posted on the public highways entering such regions. The rules and regulations shall be in force from the time specified therein: *Provided*, That when in the opinion of the director such forest region continues to be exposed to fire danger, or ceases to be so exposed, the director may extend, suspend, or terminate the closure as previously promulgated by proclamation so declaring.

This chapter shall not, however, authorize the director to prohibit the conduct of industrial operations, public work, or access of permanent residents to their own property within the closed area: *Provided*, That no one legally entering the region of extra fire hazard will be permitted to use the area for recreational purposes which are prohibited to the general public under the terms of this section.

Anyone violating any such rules and regulations or order closing any forest region shall be guilty of a misdemeanor. [1957 c 111 § 4; 1953 c 24 § 1; 1925 ex.s. c 43 § 1; RRS § 5782-1.]

76.04.150 Closed season—Permits. Except in certain areas designated by the department of natural resources, or as permitted under rules and regulations promulgated by the department of natural resources, no one shall burn any inflammable material within any county in this state in which there is a warden or ranger during the period beginning the fifteenth day of March, and ending on the fifteenth day of October in each year in western Washington, or during the period beginning

the fifteenth day of April and ending on the fifteenth day of October in eastern Washington, unless a different date for such beginning and ending is fixed by order of the department of natural resources, after a finding that such different dates are necessary for the protection of life and property, or air quality standards, without first obtaining permission in writing from the department of natural resources, any authorized employee thereof, or a warden, or ranger, and afterwards complying with the terms of said permit. However, if such fire is contained in a suitable device sufficient, in the opinion of the department of natural resources to prevent the fire from spreading, and such device complies with air pollution requirements as provided under chapter 70.94 RCW, said written permission will not be necessary under RCW 76.04.150 and 76.04.170.

The department of natural resources or authorized employees thereof, or any warden or ranger, may refuse, revoke, or postpone the use of permits to burn when such act is clearly necessary for the safety of adjacent property. They may also refuse, suspend, or revoke a permit authorized under this section when necessary in their judgment to prevent air pollution as provided for in chapter 70.94 RCW.

A person violating this section shall, upon conviction, be fined not less than twenty-five dollars nor more than five hundred dollars or be imprisoned in the county jail not exceeding thirty days. Permission for burning shall be given only upon compliance with such rules and regulations as the department of natural resources shall prescribe, which shall be only such as the department of natural resources deems necessary for the protection of life or property, and air quality. [1971 ex.s. c 233 § 1; 1965 c 82 § 1; 1953 c 24 § 2; 1951 c 58 § 2; 1945 c 11 § 1; 1925 ex.s. c 43 § 3; 1921 c 102 § 2; 1911 c 125 § 8; Rem. Supp. 1945 § 5788. Prior: 1905 c 164 § 8; 1903 c 114 §§ 6, 7.]

76.04.170 Burning waste forest material—Permit. Anyone desiring to dispose of the refuse or waste forest material on or from forest lands, to reduce the potential danger of loss of life or property by burning during the period beginning the fifteenth day of March, and ending on the fifteenth day of October in each year in western Washington, or during the period beginning the fifteenth day of April and ending on the fifteenth day of October in eastern Washington, unless different dates for such beginning and ending are fixed by order of the department of natural resources after a finding that such different dates are necessary for the protection of life and property, or air quality, may make application to the department of natural resources, authorized employees thereof, or to any warden or ranger, for a permit so to do. The application shall state the location and extent of the area sought to be burned over, and by whom the burning is to be done. Upon receipt of an application the department of natural resources may inspect, or cause to be inspected the area described in the application and if satisfied that all requirements relating to fire fighting equipment, the work to be done or precautions to be taken before commencing such burning, have been complied with and that no unreasonable danger will result,

and that the burning will be done at a time and in a manner so as to minimize reduction in air quality, the department of natural resources shall issue a permit.

The department of natural resources, authorized employees thereof, warden, or ranger may impose reasonable conditions in such permits for the protection of life, property, or air quality, and may suspend or revoke such permits when conditions warrant. A permit shall be effective only under the conditions and for the period stated therein. Compliance with the terms of the permit shall create a presumption of due care with respect to the starting and control of such fire. [1971 ex.s. c 233 § 2; 1955 c 142 § 1; 1929 c 207 § 1; 1927 c 223 § 1; RRS § 5788-1. Prior: 1905 c 164 § 8.]

Severability—1955 c 142: "If any section or part of this act or the application thereof to any person or circumstances is held invalid, such invalidity shall not affect other sections or parts of this act or the application thereof, if it can be given effect without the invalid provision, and to this end the provisions of this act are declared to be severable and independent of any other provision of law." [1955 c 142 § 15.] This applies to RCW 76.04.170, 76.04.210, 76.04.223-76.04.230, 76.04.250-76.04.270, 76.04.320 and 76.04.360.

Burning permit within fire protection districts: RCW 52.28.010.

Burning permits for abating or prevention of forest fire hazards: RCW 70.94.660-70.94.700.

76.04.180 Supervised burning—Fire fighting—Employment—Penalty for refusing assistance. No one shall burn any forest material or the waste or debris resulting from logging or land clearing operations until such work shall have been done in and around the slashing or chopping and/or the area proposed to be burned over to prevent the spread of fire therefrom as shall be required to be done by the state supervisor of forestry, or any warden or ranger. The said supervisor or any warden or ranger may require the cutting of such dry snags, stumps and dead trees within the area to be burned, which in his judgment constitute a menace or are likely to further the spread of fire therefrom.

When any person shall have obtained permission from the said supervisor, warden or ranger, to burn any slashings made for the purpose of clearing land, the warden may, at his discretion, furnish him with a man to supervise and control the burning, who shall represent and act for such warden, and shall have all the power and authority of a warden while engaged in such service, including the right to revoke such permit, if in his opinion the burning authorized would endanger any valuable timber or other property. Such a man shall serve only until such time as the party burning may be able to keep the fire under control himself.

The said supervisor and wardens are hereby authorized and empowered to employ a sufficient number of men to extinguish or prevent the spreading of any fires that may be in danger of destroying any valuable timber or other property of the state. The said supervisor, or any warden by special authority of the said supervisor, may provide needed tools and supplies, and transportation when necessary for men so employed.

Every man so employed, and also the representative of the warden supervising the burning, shall be entitled to compensation at a rate to be fixed by the director of the department of conservation and development, and the

warden shall issue a certificate to each man so employed showing the number of hours worked by him and the amounts due to him, upon which, after approval by said supervisor, the men shall be entitled to receive payment from the state.

Any person refusing to render assistance when called upon by any warden, shall be guilty of a misdemeanor, and shall be punished by a fine of not less than ten dollars nor more than one hundred dollars. [1971 ex.s. c 207 § 13; 1929 c 207 § 3; 1923 c 184 § 5; 1917 c 33 § 2; 1911 c 125 § 9; RRS § 5789.]

Construction—1971 ex.s. c 207: See note following RCW 76.04.010.

76.04.190 Closure of forest operation—Penalty. When in the opinion of the supervisor, weather conditions arise which present an extreme fire hazard, whereby life and property may be endangered by spreading forest fires, he may issue an order shutting down all logging, land clearing, or other industrial operations which may cause a forest fire to start, and such shutdown shall be for the periods and regions, designated in the order. During all such shutdowns, all persons are excluded from logging operating areas and areas of logging slashings, except those persons present in the interest of fire protection for the period of the shutdown ordered by the state supervisor of forestry, or his authorized deputies.

Anyone violating any such order shall be punished by a fine of not less than fifty dollars nor more than five hundred dollars for each violation, or by imprisonment for not less than thirty days in the county jail. Each day's violation shall constitute a separate offense. [1957 c 111 § 5; 1951 2nd ex.s. c 18 § 1; 1937 c 152 § 3; RRS § 5789-1.]

76.04.200 Suspension of burning permits and hunting privileges. In times and localities of unusual fire danger, the governor, with the advice of the forester, may suspend any or all permits or privileges authorized by RCW 76.04.150, and may prohibit absolutely the use of fire therein mentioned.

Whenever during an open season for the hunting of any kind of game within this state, it shall appear to the governor that by reason of extreme drought, the use of firearms or fire by hunters is liable to cause forest fires, he may by proclamation suspend the open season and make it a closed season for the shooting of wild birds or animals of any kind, for such time as he may designate, and during the time so designated all provisions of law relating to closed seasons for game shall be enforced. [1911 c 125 § 10; RRS § 5790.]

Reviser's note: The powers and duties of the governor referred to herein have devolved upon the department of natural resources through a chain of statutes as follows: (1) 1921 c 7 §§ 1, 68; (2) 1957 c 87 §§ 3, 7, 8.

76.04.210 Penalties for setting fires or removing notices. Any person who wilfully or needlessly defaces or removes any warning notice posted under the requirements of this chapter shall upon conviction be punished by a fine of not less than twenty-five dollars nor more

than one hundred dollars for each offense, or by imprisonment in the county jail not exceeding thirty days.

Any person who upon any land sets any fire, except at the proper places on camping grounds which have been prepared and designated as such by the supervisor or which have been approved by the supervisor, which fire shall spread and damage or destroy property of any kind not his own, or who starts any fire, except in a stove, upon any designated camp ground and, upon leaving the ground, fails to extinguish the fire, shall upon conviction be punished by a fine of not less than twenty-five dollars nor more than five hundred dollars. If the fire is set or left with intent to destroy property not his own, he shall be punished by a fine of not less than one hundred dollars nor more than one thousand dollars or imprisonment in the county jail for not less than one month nor more than one year, or by both such fine and imprisonment.

During the period beginning the fifteenth day of March, and ending on the fifteenth day of October in each year in western Washington, or between the fifteenth day of April and the fifteenth day of October in eastern Washington, unless different dates for such beginning and ending are fixed by order of the supervisor of forestry after a finding that such different dates are necessary for the protection of life and property, any person who without a written permit kindles a fire, in or dangerously near any forest material, except at the proper places on camping grounds as described above, or who is a party to kindling such fire, or who by throwing away any lighted cigar, cigarette, matches, or by use of firearms, or in any other manner starts a fire in forest materials, and who fails immediately to extinguish it, shall upon conviction, be fined not less than twenty-five dollars nor more than one hundred dollars, or be imprisoned in the county jail not exceeding two months. Nothing in this section shall absolve any person from liability on account of negligence.

The supervisor shall designate and prepare or approve such camping grounds as he may determine for the purpose of carrying out the provisions of this section. [1955 c 142 § 2; 1925 ex.s. c 43 § 4; 1921 c 102 § 3; 1911 c 125 § 11; RRS § 5791. Prior: 1905 c 164 § 9; 1903 c 114 § 10.]

76.04.220 Wilful or negligent fires—Fire fighting—Refusal to aid—Penalty. Every person who shall wilfully or negligently set, or fail to carefully guard or extinguish any fire, whether on his own land or the land of another, whereby the timber or property of another shall be endangered, or who shall fail to respond to any lawful summons to aid in guarding or extinguishing any fire, shall be guilty of a misdemeanor. [1909 c 249 § 271; RRS § 2523.]

Reviser's note: Caption for 1909 c 249 § 271 reads: "Sec. 271. Negligent fires."

76.04.222 Snags must be felled currently with logging. Standing dead trees constitute the greatest single detriment to effective fire control action in the forest areas. To insure continued forest growth free from destruction by conflagration, snags must be felled currently with the logging. [1951 c 13 § 1.]

76.04.223 Size of snags—Number to be felled in snag areas. On forest lands west of the summit of the Cascade mountains, all snags or standing dead trees over twenty-five feet in height and sixteen inches and over in diameter breast high, shall be felled currently with the felling of live timber or with the current logging operation: *Provided*, That where the majority of the timber has been killed prior to logging, the operator, timber owner and/or landowner will not be required to fell more nonmerchantable snags than the average number of nonmerchantable snags per acre in green timber in the stands of the county. The average number of nonmerchantable snags per acre in green timber will be determined for the various counties of the state by the supervisor of forestry with the approval of the state forest board. [1955 c 142 § 3; 1951 c 13 § 2.]

76.04.224 Number of snags to be felled—Same ratio as green timber cut. On areas where only part of the live merchantable timber is cut and removed, the number of nonmerchantable snags to be felled shall be in the same proportion to the number of nonmerchantable snags in the stand, as the volume, Scribner scale, of green trees cut over twelve inches diameter breast high is to the total volume, Scribner scale, of green trees over twelve inches diameter breast high in the stand. [1955 c 142 § 4; 1951 c 13 § 3.]

76.04.225 Snag removal pattern. In stands wherever the operator, timber owner and/or landowner is not required to fall all the snags on the area, as provided in RCW 76.04.222 to 76.04.227, the supervisor may designate which snags shall be felled in an effort to remove the snags in patterns to establish snag-free fire breaks. [1957 c 111 § 6; 1955 c 142 § 5; 1951 c 13 § 4.]

76.04.226 Snag removal—Penalty for failure to remove—Lien. If an operator, timber owner and/or landowner shall fail to comply with the provisions of RCW 76.04.222 to 76.04.227 he shall be charged with violation of such sections, and the supervisor may subsequently have the snags felled and the cost thereof may be recovered by a lien against any property of the violators, which lien may be enforced in the same manner and with the same effect as a mechanic's lien. [1955 c 142 § 6; 1951 c 13 § 5.]

Mechanics' lien, generally: Chapter 60.04 RCW.

76.04.227 Snag removal—Violation is misdemeanor. Any person violating the provisions of RCW 76.04.222 to 76.04.227 shall be guilty of a misdemeanor, and upon conviction be fined not less than twenty-five dollars nor more than two hundred and fifty dollars and/or be imprisoned in the county jail not exceeding thirty days. [1955 c 142 § 7; 1951 c 13 § 6.]

76.04.240 Burning mill wood waste—Arresters. It shall be unlawful for any one manufacturing lumber or shingles, or other forest products, to destroy wood waste material by burning the same at or near any mill situated within one-quarter of one mile of any forest material, without properly confining the place of said burning

and without further safeguarding the surrounding property against danger from said burning by such additional devices as the forester may require.

It shall be unlawful for anyone to destroy any wood waste material by fire within any burner or destructor operated at or near any mill, and situated within one-quarter of one mile of any forest material, or to operate any power producing plant using in connection therewith any smokestack, chimney, or other spark emitting outlet, without installing and maintaining on such burner, or destructor, or on such smokestack, chimney or other spark emitting outlet, a safe and suitable device for arresting sparks.

Anyone violating the provisions of this section shall upon conviction thereof, be punished by a fine of not less than fifty dollars nor more than five hundred dollars for each and every violation, or by imprisonment of not less than thirty days in the county jail. [1911 c 125 § 13; RRS § 5793.]

76.04.242 Dumping mill waste, forest debris—Prohibited—Penalty. No person shall dump mill waste from forest products or forest debris of any kind, in quantities that the department of natural resources declares to constitute a forest fire hazard, on or threatening forest lands located in this state, without first obtaining a written permit issued by the department of natural resources on such terms and conditions determined by the department pursuant to rules and regulations enacted to protect forest lands from fire. Said permits must be obtained in addition to any and all other permits required by law. Any person who dumps such mill waste, or forest debris without a required permit, or in violation of a permit shall be guilty of a gross misdemeanor and upon conviction shall be subject to a fine of not less than two hundred fifty dollars and not more than one thousand dollars, and may further be required to remove all materials dumped in violation of *this act. [1971 ex.s. c 134 § 3.]

It shall be unlawful to use fuse for blasting on any area of logging slash or area of actual logging operation for the period of June fifteenth to October fifteenth. This period may be extended by the supervisor if hazardous weather conditions warrant. Any person violating the provisions of this section shall be guilty of a misdemeanor. Upon the issuance of a written permit by the supervisor or warden or ranger, fuse may be used during the closed season under the conditions specified in the permit. [1953 c 24 § 8.]

76.04.251 Steam, internal combustion or electric engines and other spark emitting equipment regulated. It shall be unlawful for anyone to operate during the closed season as defined in RCW 76.04.252, any steam, internal combustion, or electric engines, or any other spark emitting equipment or devices on any forest land or in any place where, in the opinion of the department, within reason, fire could be communicated to forest land,

without first complying with the requirements as may be established by the department by rule or regulation pursuant to *this 1973 amendatory act.

The department of natural resources is authorized to promulgate rules and regulations relating to forest fire prevention and suppression preparedness, including the type, number, location and condition of fire equipment; the provision of water or other fire suppression agent, spark arresters, watchmen and/or patrols; the felling of snags; the clearing of flammable material from proximity to ignition sources; and the curtailment of operations during periods of critical fire danger. The department may further provide for reasonable reductions of requirements so promulgated where operating conditions including, but not limited to, location or weather, would justify the same. [1973 1st ex.s. c 24 § 1; 1971 ex.s. c 134 § 1; 1965 ex.s. c 12 § 2.]

***Reviser's note:** "this 1973 amendatory act" consists of amendments to RCW 76.04.251, 76.04.270, 76.04.385 and 76.04.515 and to the repeal of RCW 76.04.253-76.04.260 and 76.04.320 by 1973 1st ex.s. c 24.

The provisions of this section and RCW 76.04.277 shall not apply to snag falling conducted for forest protection purposes.

To obtain such a permit the operator or owner must make a written application to the supervisor or to his authorized agent submitting a map showing the area to be logged, legal description and acreage. All permits shall expire at the end of each calendar year but shall be renewable for another year upon written application. [1953 c 18 § 1.]

76.04.277 Power driven machinery—**Penalty.** Every person violating RCW 76.04.275 shall be guilty of a misdemeanor and shall incur the penalties and prohibitions set forth in RCW 76.04.270. [1953 c 18 § 2.]

Anyone violating the provisions of this section respecting the deposit of fire or live coals, shall upon conviction pay a fine of not less than twenty-five dollars, nor more than one hundred dollars or be imprisoned in the county jail not exceeding thirty days.

Wardens and rangers shall report any lack of sufficient spark arresters, and any lack of adequate devices for preventing the escape of fire and live coals, as provided in *this act, to the forester, and to the prosecuting attorney of their county, and the superior court of that county where suit is first instituted, shall have jurisdiction of the offense. [1923 c 184 § 7; RRS § 5795-1.]

76.04.300 Lighted cigars, etc.—**Receptacles in conveyances**—**Penalty.** It shall be unlawful during the closed season, from April 15th to October 15th inclusive, for any person to throw away any lighted tobacco, cigars, cigarettes, matches, fireworks, or other lighted material in any forest, brush, range, or grain areas. 76.04.310 Disposal of forest debris—Permission to allow trees to fall on another's land. Everyone clearing land or clearing right of way for railroad, public highway, private road, ditch, dike, pipe or wire line, or for any other transmission, or transportation utility right of way, shall pile and burn or dispose of by other satisfactory means, all forest debris cut thereon, as rapidly as the clearing or cutting progresses, or at such other times as the department may specify, and if during the closed season, in compliance with the law requiring burning permits.

No one clearing any land or right of way, or in cutting or logging timber for any purpose, shall fell, or permit to be felled, any trees so that they may fall on to land owned by another without first obtaining permission from such owner in addition to complying with the terms of this section for the disposal of refuse. All the terms of this section and other forest laws of the state shall be observed in all clearings of right of way or other land on behalf of the state itself or any county thereof, either directly or by contract; and, unless unavoidable emergency prevents, provision shall be made by all officials directing such work for withholding a sufficient portion of the payment therefor until the disposal is completed, to insure the completion of the disposal in compliance with this section. 76.04.340 Destruction of forests—Penalty. Any person or persons who shall wilfully and deliberately set fire to any forest within the state, or in any place from which fire may be communicated to any such forest, or who shall accidentally set fire to any such forest, or to any place from which fire may be communicated to any such forest, and shall not extinguish the same or use every effort to that end, or who shall build any fire for lawful purposes or otherwise in or near any such forest, and through carelessness or neglect shall permit said fire to extend to and burn through such forest, shall be deemed guilty of a misdemeanor, and on conviction

before a court of competent jurisdiction shall be punishable by fine not exceeding one thousand dollars or imprisonment not exceeding one year, or by both such fine and imprisonment. [1923 c 184 § 9; RRS § 5803.]

76.04.350 Owners to protect forests. Every owner of forest land in the state of Washington shall furnish or provide therefor, during the season of the year when there is danger of forest fires, adequate protection against the spread of fire thereon or therefrom which shall meet with the approval of the state forest board: *Provided*, That for the purposes of this section forest lands, lying in counties east of the summit of the Cascade mountains, shall be deemed to be adequately protected where patrol is furnished by the United States forest service of a standard and efficiency and seasonal duration, deemed by the state forest board to be sufficient for the proper protection of the forest land of such counties. [1941 c 168 § 2; 1917 c 105 § 1; Rem. Supp. 1941 § 5804.]

76.04.360 Fire patrol assessments—Lien—Supervisor's bond (as amended by 1973 1st ex.s. c 182 § 1). If any owner of forest land neglects or fails to provide adequate fire protection therefor as required by RCW 76.04.350, the department shall provide such protection therefor, notwithstanding the provisions of RCW 76.04.520, at a cost to the owner of not to exceed nine cents an acre per year on lands west of the summit of the Cascade mountains and seven cents an acre per year on lands east of the summit of the Cascade mountains: *Provided*, That for the calendar years 1973 and 1974 the cost to the owner for such protection shall be eighteen cents an acre per year on lands west of the summit of the Cascade mountains and fourteen cents an acre per year on lands east of the summit of the Cascade mountains. During said calendar years the legislative committees on natural resources shall study the costs of forest fire protection to determine the ratio of financial support to be borne by the state to that of the forest land owner.

The findings of the legislative committees on natural resources shall be considered when establishing the forest patrol assessment for the ensuing biennium.

For the purpose of *this act, the supervisor may divide the forest lands of the state, or any part thereof, into districts, for patrol and assessment purposes, may classify lands according to the character of timber prevailing, and the fire hazard existing, and place unprotected lands under the administration of the proper district. Such cost must be justified by a showing of budgets on demand of twenty-five owners of forest land in the county concerned at public hearing. Any amounts paid or contracted to be paid by the supervisor of natural resources for this purpose from any funds at his disposal shall be a lien upon the property patrolled and protected, and unless reimbursed by the owner within ten days after October 1st of the year in which they were incurred, on which date the supervisor of natural resources shall be prepared to make statement thereof upon request to any forest owner whose own protection has not been previously approved by him as adequate, shall be reported by the supervisor of natural resources to the assessor of the county in which the property is situated who shall extend the amounts upon the tax rolls covering the property, or the county assessor may upon authorization from the supervisor of natural resources levy the forest patrol assessment against the amounts of unimproved land as shown in each ownership on the county assessor's records and the assessor may then segregate on his records to provide that the improved land and improvements thereon carry the millage levy designed to support the rural fire protection districts as provided for in chapter 52.04 RCW.

The amounts assessed shall be collected at the time, in the same manner, by the same procedure, and with the same penalties attached that the next general state and county taxes on the same property are collected, except that errors in assessments may be corrected at any time by the supervisor of natural resources certifying them to the treasurer of the county in which the land involved is situated. Upon the collection of such assessments the county treasurer shall transmit them

to the supervisor of natural resources to be applied against expenses incurred in carrying out the provisions of this section.

The supervisor of natural resources shall include in the assessment a sum not to exceed one-half of one cent per acre, to cover the necessary and reasonable cost of office and clerical work incurred in the enforcement of these provisions. He may also expend any sums collected from owners of forest lands or received from any other source for necessary office and clerical expense in connection with the enforcement of RCW 76.04.370.

When land against which fire patrol assessments are outstanding is acquired for delinquent taxes and sold at public auction, the state shall have a prior lien on the proceeds of sale over and above the amount necessary to satisfy the county's delinquent tax judgment, and the county treasurer in case the proceeds of sale exceed the amount of the delinquent tax judgment shall forthwith remit to the supervisor of natural resources the amount of the outstanding patrol assessments.

The supervisor of natural resources shall furnish a good and sufficient surety company bond running to the state, in a sum as great as the probable amount of money annually coming into his hands under the provisions of this chapter, conditioned for the faithful performance of his duties and for a faithful accounting for all sums received and expended thereunder, which bond shall be approved by the attorney general. [1973 1st ex.s. c 182 § 1; 1971 ex.s. c 207 § 14; 1959 c 123 § 1; 1955 c 142 § 14; 1951 c 58 § 8; 1925 ex.s. c 43 § 6; 1923 c 184 § 10; 1921 c 64 § 1; 1917 c 105 § 2; RRS § 5805.]

76.04.360 Fire patrol assessments—Lien—Supervisor's bond (as amended by 1973 1st ex.s. c 195 § 87). If any owner of forest land neglects or fails to provide adequate fire protection therefor as required by RCW 76.04.350, the department shall provide such protection therefor, notwithstanding the provisions of RCW 76.04.520, at a cost to the owner of not to exceed eighteen cents an acre per year on lands west of the summit of the Cascade mountains and fourteen cents an acre per year on lands east of the summit of the Cascade mountains.

The amounts assessed shall be collected at the time, in the same manner, by the same procedure, and with the same penalties attached that the next general state and county taxes on the same property are collected, except that errors in assessments may be corrected at any time by the supervisor of natural resources certifying them to the treasurer of the county in which the land involved is situated. 76.04.370 Additional fire hazards—Extreme fire hazard areas—Abatement, isolation or reduction—Summary action—Recovery of costs. Any land in the state covered wholly or in part by forest debris and which by reason of such condition is likely to further the spread of fire and thereby endanger life or property, shall constitute an additional fire hazard, and the owner thereof and/or the person responsible for its existence shall take reasonable measures to reduce the danger of fire spreading from the area and may abate such hazard by burning or other satisfactory means.

Notwithstanding the above, the department shall promulgate rules and regulations defining areas of extreme fire hazard including but not limited to high risk areas such as where life or buildings may be endangered, areas adjacent to public highways, and areas of frequent public use and the owner and/or person responsible shall abate such hazard; and in addition the department may define other conditions of extreme fire hazard with a high potential for fire spreading to lands in other ownerships and may, under rules and regulations adopted after consultation with the advisory board, prescribe additional measures that shall be taken by the owner and/or person responsible to isolate and/or reduce such hazard.

If the owner or person responsible for the existence of such extreme hazard or for the existence of forest debris subject to RCW 76.04.310 as now or hereafter amended, refuses, neglects, or fails to abate, isolate or reduce the same, the department may summarily cause it to be abated, isolated, or reduced as required in *this act and twice the actual cost thereof may be recovered from the owner or person responsible therefor. Such costs shall include all salaries and expenses of men and equipment incurred therein, including those of the department. All such costs shall also be a lien upon the land enforceable in the same manner with the same effect as a mechanic's lien. The summary action may be taken only after ten

days' notice in writing, which shall include a suggested method of abatement and estimated cost thereof, has been given to the owner or reputed owner of the land on which such hazard or forest debris subject to RCW 76.04.310 as now or hereafter amended exists, either by personal service or by registered or certified letter addressed to him at his last known place of residence. 76.04.380 Uncontrolled fire a public nuisance—Suppression—Duties—Summary action—Recovery of costs. Any fire on or threatening any forest land burning uncontrolled and without proper action being taken to prevent its spread, notwithstanding the origin of such fire, is a public nuisance by reason of its menace to life and property. Any person engaged in any activity on such lands, having knowledge of such fire, notwithstanding the origin or subsequent spread thereof on his own or other forest lands, and/or the landowner, shall make every reasonable effort to suppress such fire and to prudently report the same to the department. If such person has not suppressed such fire, the department shall summarily suppress the fire and the cost thereof may be recovered from the owner, lessee, or other possessor of the land and the cost of the work shall also constitute a lien upon the property or chattels under his ownership. Such lien may be filed by the department in the office of the county auditor and foreclosed in the same manner provided by law for the foreclosure of mechanics' liens. The prosecuting attorney shall bring the action to recover the cost or foreclose the lien, upon the request of the department: *Provided*, That in the absence of negligence, no costs, other than those provided in RCW 76.04.385 shall be recovered from any landowner for lands subject to the forest patrol assessment with respect to the land on which the fire burns.

When a fire occurs in a land clearing, right of way clearing, or landowner operation it shall be fought to the full limit of the available employees and equipment, and such fire fighting shall be continued with the necessary crews and equipment in such numbers as are, in the opinion of the department sufficient to suppress the fire. The fire shall not be left without a fire fighting crew or fire patrol until authority so to do has been granted in writing by the department. 76.04.385 Reimbursement for costs of suppression action. Any person, firm, or corporation, public or private, obligated to take suppression action on any forest fire shall, under the provisions of this section, be entitled to reimbursement for reasonable costs incurred thereby, subject to the following:

(1) If the fire is started in the course of or as a result of a land clearing, right of way clearing, or landowner's operation, the person, firm, or corporation conducting such operation shall supply at his expense the manpower and equipment under his control and reasonably available until midnight on the day on which the fire started, after which time he shall supply, at his expense, only the manpower and equipment which were within a one-half mile radius of the point of origin of such fire, but in any case never less than five men and one suitable bulldozer, or other equipment accepted by the department as equivalent, unless, in the opinion of the department, less is needed for the purpose of suppressing the same. If he has no men or equipment within the said one-half mile he shall pay to the department the equivalent of the minimum requirement. If after midnight of the day on which the fire started, additional manpower and equipment are necessary, in the opinion of the department, he shall supply the manpower and equipment under his control outside such one-half mile radius, if reasonably available, but he shall be reimbursed for such manpower and equipment as provided herein;

(2) Where a fire, which occurred in the course of or as a result of a land clearing, right of way clearing, or landowner's operation, and which fire had previously been suppressed, rekindles, the operator shall be required to supply at his expense the same manpower and equipment which were required of him at the time of the original fire.

(3) Claims for reimbursement shall be submitted within a reasonable time to the department which shall, upon verifying the amounts therein and the necessity therefor, authorize payment at such rates as established by the department for wages and equipment rental;

(4) No reimbursement provided herein shall be allowed to a person, firm, or corporation negligently responsible for the starting or existence of any fire for which costs may be recoverable by the department pursuant to law.

Reimbursement of emergency fire costs incurred or approved by the department in suppressing a forest fire may be paid from the appropriate contingency account as provided therein. Such payment shall be without restriction to the right of the department to recover costs pursuant to the provisions of RCW 76.04.390 as now or hereafter amended or other laws but any such recovery by the department shall be returned into the account from which it was spent, less reasonable costs of collection. [1973 1st ex.s. c 24 § 3; 1971 ex.s. c 207 § 5.]

Construction—1971 ex.s. c 207: See note following RCW 76.04.010.

76.04.390 Negligent starting of fires—Permitting existence of extreme fire hazard or forest debris—Liability for costs—Recovery. Any person, firm, or corporation negligently responsible for the starting or

existence of a fire which spreads on forest land, including permitting the existence of an extreme fire hazard under RCW 76.04.370, as now or hereafter amended, after failure to abate, isolate, or reduce, as required in *this 1971 amendatory act, or for the existence of forest debris subject to RCW 76.04.310 as now or hereafter amended, and which contributes to the spread of said fire, shall be liable for any expense made necessary by such negligence, incurred by the state, a municipality, or a forest protective association, in fighting such fire provided that such expense was authorized or subsequently approved by the department. The department or agency incurring such expense shall have a lien for the same against any property of said person, firm, or corporation liable as above provided by filing a claim of lien naming said person, firm, or corporation describing the property against which the lien is claimed, specifying the amount expended on the lands on which the fire fighting took place and the period during which the expenses were incurred, and signed by the claimant with post office address. No claim of lien shall be valid unless filed with the county auditor of the county in which the property sought to be charged is located within a period of ninety days after the expenses of the claimant were incurred. The claimant may recover said expenses incurred in a civil action against said person, firm, or corporation liable therefor, and shall have in addition the lien remedy above provided. Said lien may be foreclosed in the same manner as a mechanic's lien is foreclosed under the statutes of the state of Washington. [1971 ex.s. c 207 § 6; 1923 c 184 § 11, part; RRS § 5806-1.]

*Reviser's note: "this 1971 amendatory act", see note following RCW 76.04.370.

Mechanics' lien, generally: Chapter 60.04 RCW.

76.04.395 Permitting spread of fire—Penalty. Any person who shall negligently suffer fire originating on his own property to spread to the property of another shall be deemed guilty of a misdemeanor. [1923 c 184 § 11, part; RRS § 5806-2. Formerly RCW 9.40.090.]

76.04.397 Cutting or destroying trees without authority—Penalty. Any person who shall go upon any lands owned by the state, or by any person, firm or corporation, without the consent of the owner thereof, and cut down, cut off, top, or destroy any tree, shall be punished by a fine equivalent to one dollar for every tree so cut down, topped, or destroyed. [1923 c 184 § 11, part; RRS § 5813-1. Formerly RCW 9.61.130.]

76.04.400 Cooperative protection. When any responsible protective agency or agencies composed of timber owners other than the state shall agree to undertake systematic forest protection in cooperation therewith and such cooperation shall appear more advantageous to the state than the maintenance of the independent system provided elsewhere by law, the *state forester may, with the approval of the *state board of forest commissioners, designate suitable areas to be official cooperative districts and substitute thereto whenever necessary, in place

of the county wardens elsewhere provided by law, such district wardens, with such district headquarters and duties, as may be agreed upon by him and by the cooperating agencies to render such cooperation most effective. He may also cooperate in the compensation of such wardens, or in the payment of other expenses for the prevention and control of fire in such official fire districts, to such extent as the board of forest commissioners may deem equitable on behalf of the state, and claim for such payments shall be approved and paid in the manner prescribed for claims outside such cooperative districts. [1917 c 105 § 5; RRS § 5808.]

*Reviser's note: "state forester", "state board of forest commissioners", see note following RCW 76.04.020.

76.04.410 Contracts for protection and development. The state supervisor of forestry shall, subject to the approval of the director of the department of conservation and development, have power, subject to the provisions hereof, to enter into contracts and undertakings with private corporations or rural fire protection districts for the protection and development of the forests or any designated forest area within the state. [1949 c 141 § 1; 1933 c 45 § 1; Rem. Supp. 1949 § 5817-1.]

Construction—1933 c 45: "This act shall be construed so as not to abrogate or supplant any of the provisions of chapter 43, Laws of the Extraordinary Session 1925 [RCW 76.04.080, 76.04.140, 76.04.150, 76.04.210, 76.04.300 and 76.04.360], or chapter 40, Laws of 1931 [chapter 84.28 RCW]." [1933 c 45 § 5.] This applies to RCW 76.04-410 through 76.04.440.

76.04.420 Corporations may contract with state. Any private corporation organized and existing under the laws of this state, or organized under the laws of any other state and legally qualified to transact business in this state, may, where its articles of incorporation or charter so provide, contract with the state supervisor of forestry for the purposes provided for in RCW 76.04-410. [1933 c 45 § 2; RRS § 5817-2.]

76.04.430 Articles of incorporation—Requirements. Before any such private corporation shall be qualified to enter into any such contract, there shall be incorporated into the articles of incorporation or charter of such corporation a provision limiting the dividends which are by law payable to the stockholders thereof and such corporation shall, out of its earnings or earned surplus, and in a manner satisfactory to the state supervisor of forestry, provide for the annual setting apart of a fund or funds to discharge any contract entered into between such corporation and the said state supervisor of forestry relating to said matters. [1933 c 45 § 3; RRS § 5817-3.]

76.04.440 Requisites of contracts. Any undertaking for the protection and development of the forests of the state under RCW 76.04.410 through 76.04.440 shall be regulated and controlled by a contract to be entered into between said qualified private corporation and the state supervisor of forestry, such contract to outline the lands involved and the conditions and details of said undertaking, including an exact specification of the amount of funds to be made available by said corporation and the time and manner of the disbursement thereof: *Provided,*

however, That before entering into any such contract, the state supervisor of forestry shall be satisfied that said private corporation is financially solvent and will be able to carry out the project outlined in said contract: *And provided further*, That the state supervisor of forestry shall have charge of the project for the protection and development of the forest area described in such contract, and that any expense incurred by said state supervisor of forestry under any such contract shall be payable solely by said corporation from the fund or funds provided by it for said purposes, and that the state of Washington shall not in any event be responsible to any person, firm, company or corporation for any such indebtedness thereby created. [1933 c 45 § 4; RRS § 5817-4.]

76.04.450 Olympic peninsula area protection. All forests and timber upon all lands in the state of Washington, lying west of a line one mile west of the eastern boundary of range ten west of the Willamette Meridian and north of the north boundary line of Grays Harbor county, shall be protected and preserved from the fire hazard to which they are or may be exposed by reason of the unusual quantity of fallen timber upon such lands. It shall therefore be unlawful for any person, firm, company or corporation, their officers, agents or employees, to do or commit any act which shall expose any of the forests or timber upon such lands to the hazard of fire. [1921 c 67 § 1; RRS § 5818.]

76.04.460 Olympic peninsula area protection—Rules and regulations. The director of conservation and development through and by means of the division of forestry shall have the power and it shall be his duty to make, adopt, amend and promulgate rules and regulations for the preservation and protection of the forests and timber situated upon the lands described in RCW 76.04.450, from damage or destruction by fire. [1923 c 143 § 1; 1921 c 67 § 2; RRS § 5819.]

76.04.470 Olympic peninsula area protection—Publication of rules. [1923 c 143 § 2; 1921 c 67 § 3; RRS § 5820.]

76.04.480 Olympic peninsula area protection—Penalty for violation of rules. Any person violating or failing to comply with any rules or regulations of the director of conservation and development through and by means of the division of forestry, made under the provisions of *this act, shall be guilty of a misdemeanor. [1923 c 143 § 3; 1921 c 67 § 4; RRS § 5821.]

76.04.490 Clarke-McNary fund. The division of forestry of the department of conservation and development and the Washington State University, and each of them, are hereby authorized to receive funds from the federal government in connection with cooperative work with the United States department of agriculture, authorized by sections 4 and 5 of the Clarke-McNary act of congress, approved June 7, 1924, providing for the procurement, protection and distribution of forestry seed and plants for the purpose of establishing windbreaks, shelter belts and farm wood lots and to assist the owners of farms in establishing, improving and renewing wood lots, shelter belts and windbreaks; and are authorized to disburse such funds as needed. [1939 c 68 § 1; RRS § 5823-1.]

Reviser's note: Transitional material omitted. Such material reads: "and the Director of Conservation and Development is hereby further authorized to transfer to the state college the sum of two thousand thirteen dollars and sixty-seven cents (\$2,013.67) received by him from the Federal government under sections 4 and 5 of said Clarke-McNary Act of the Federal government during the years of 1937 and 1938."

76.04.500 Cooperative farm forestry funds. The division of forestry of the department of conservation and development and the Washington State University, upon the approval of the director of the department of conservation and development, are hereby authorized to receive funds from the federal government for cooperative work, as authorized by the *cooperative farm forestry act of congress, approved May 18, 1937, for all purposes authorized by said act, and to disburse said funds in cooperation with the federal government in accordance therewith. [1939 c 68 § 2; RRS § 5823-2.]

*Reviser's note: The "cooperative farm forestry act" was repealed August 25, 1950 (repeal effective June 30, 1951) by the "cooperative forest management act", chapter 781, public law 729, 64 Stat. 473 (Title 16 U.S.C.A. §§ 568c, 568d).

76.04.510 General contingency forest fire suppression account. There is created a general contingency forest fire suppression account which shall be a separate account in the general fund. The account is for the purpose of paying the emergency fire costs and expenses incurred and/or approved by the department in forest fire suppression or in reacting to any potential forest fire situation. When a determination is made that the fire started in the course of or as a result of a participating landowner operation, moneys expended from this account in the suppression of such fire shall be recovered

from the landowner contingency forest fire suppression account. The department shall transmit to the state treasurer for deposit in the general contingency forest fire suppression account any moneys paid out of said account which are later recovered and said moneys may be spent for purposes set forth herein during the current biennium, without reappropriation. Interfund loans to and from this account are authorized at the then current rate of interest as determined by the state treasurer. [1971 ex.s. c 207 § 7; 1959 c 332 § 1.]

Construction—1971 ex.s. c 207: See note following RCW 76.04.010.

76.04.515 Landowner contingency forest fire suppression account. There is created a landowner contingency forest fire suppression account which shall be a separate account in the general fund. This account shall be for the purpose of paying emergency fire costs incurred or approved by the department in the suppression of forest fires. When a determination is made that the fire was started by other than a participating landowner operation, moneys expended from this account in the suppression of such fire shall be recovered from the general contingency forest fire suppression account. Moneys spent from this account shall be by appropriation. The department shall transmit to the state treasurer for deposit in the landowner contingency forest fire suppression account any moneys paid out of said account which are later recovered, less reasonable costs of recovery, which moneys may be expended for purposes set forth herein during the current biennium, without reappropriation.

This account shall be established and renewed by a special forest fire suppression account assessment paid by participating forest landowners at rates to be established by the department, but not to exceed five cents per acre per year for such period of years as may be necessary to establish and thereafter reestablish a balance in said account of one million dollars. The assessments with respect to forest lands in western and eastern Washington may differ to equitably distribute the assessment based on emergency fire suppression cost experience necessitated by participating landowner operations. Amounts assessed for this account shall be a lien upon the forest lands with respect to which the assessment is made, and may be collected as directed by the department in the same manner as forest patrol assessments. This account shall be held by the state treasurer who is authorized to invest so much of said account as is not necessary to meet current needs. Any interest earned on moneys from said account shall be deposited in and remain a part of the account, and shall be computed as part of the same in determining the balance thereof. Interfund loans to and from this account are authorized at the then current rate of interest as determined by the state treasurer, provided that the effect of the loan is considered for purposes of determining the assessments. Payment of emergency costs from this account shall in no way restrict the right of the department to recover costs pursuant to RCW 76.04.390 as now or hereafter amended, or other laws.

[Title 76—p 16]

When the department determines that a forest fire was started in the course of or as a result of a participating landowner operation, it shall notify the forest fire advisory board of such determination. Such determination shall be final, unless, within ninety days of such notification, the forest fire advisory board or any interested party, serves a request for a hearing before the department. Such hearing shall constitute a contested case under chapter 34.04 RCW and any appeal therefrom shall be to the superior court of Thurston county. [1973 1st ex.s. c 24 § 4; 1971 ex.s. c 207 § 8.]

Construction—1971 ex.s. c 207: See note following RCW 76.04.010.

76.04.520 Forest fire advisory board. There is hereby created a forest fire advisory board, consisting of seven members who shall represent private and public forest landowners and other interested segments of the public. The members shall be appointed by the commissioner of public lands and shall serve at his pleasure, without compensation.

The duties of the forest fire advisory board shall be strictly advisory and shall include, but not necessarily be limited to, reviewing forest fire policy and protection budgets of the department; monitoring expenditures from and recoveries for the landowner contingency forest fire suppression account; recommending appropriate assessments and allocations for establishment and replenishment of said account based upon the proportionate expenditures necessitated by participating landowner operations in western and eastern Washington; recommending to the department appropriate rules and regulations or amendments to existing rules and regulations and reviewing nonemergency rules and regulations, affecting the protection of forest lands from fire, including reasonable alternative means or procedures for the abatement, isolation, or reduction of forest fire hazards. Except where an emergency exists, all rules and regulations as to the above shall be promulgated by the department after consultation with the forest fire advisory board. [1971 ex.s. c 207 § 9.]

Construction—1971 ex.s. c 207: See note following RCW 76.04.010.

Reviser's note: The powers and duties of certain agencies mentioned in this chapter have devolved upon the department of natural resources, see note following Title 76 RCW digest.

76.06.010 Forest insects and tree diseases are public nuisance. Forest insects and forest tree diseases which threaten the permanent timber production of the forest areas of the state of Washington are hereby declared to be a public nuisance. [1951 c 233 § 1.]

76.06.020 Definitions. As used in this chapter:

"Supervisor" means the supervisor of forestry;

"Board" means the state forest board;

"Owner" means and includes individuals, partnerships, corporations and associations;

"Agent" means the recognized legal representative, representatives, agent or agents for any owner;

"Timber land" means any land on which there is a sufficient number of trees, standing or down, to constitute, in the judgment of the board, a forest insect or forest disease breeding ground of a nature to constitute a menace, injurious and dangerous to permanent forest growth in the district under consideration. [1951 c 233 § 2.]

76.06.030 Administration. This chapter shall be administered by the division of forestry under the guidance and approval of the state forest board. [1951 c 233 § 3.]

76.06.040 Owner must control pests and diseases. Every owner of timber lands, or his agent, shall make every reasonable effort to control, destroy and eradicate such forest insect pests and forest tree diseases which threaten the existence of any stand of timber or provide for the same to be done on timber lands owned by him or under his control. In the event he fails, neglects, or is unable to accomplish such control, the action may be performed as provided for in this chapter. [1951 c 233 § 4.]

76.06.050 Infestation control district—Creation—Notice to owners. Whenever the supervisor finds timber lands threatened by infestations of forest insects or forest tree diseases, and if he finds that such infestation is of such character as to threaten destruction of timber stands, the supervisor shall with the approval of the board declare and certify an infestation control district and fix and declare the boundaries thereof, so as to definitely describe such district. Said district may include timber lands threatened by the infestation as well as those timber lands already infested.

Thereafter the supervisor shall at once serve written notice to all owners of timber lands or their agents within the said district to proceed under the provisions of this chapter without delay to control, destroy and eradicate the said forest insect pests or forest tree diseases as provided herein. The said notice may be made by personal service, or by mail addressed to the last known place or address of such owner or agent. Said notice shall list and describe the method or methods of action that will be acceptable to the board if the owner or agent elects to control, destroy and eradicate said insects or diseases on his own property.

Said notice when published for five consecutive days in at least one daily newspaper or in two consecutive

issues of a weekly newspaper, either paper having a general circulation in said district will serve as the written notice to owners of noncommercial timber lands. [1961 c 72 § 1; 1951 c 233 § 5.]

76.06.060 State shall control pests and diseases if owner fails. If the owner or agent so notified shall fail, refuse, neglect or is unable to comply with the requirements of said notice, within a period of thirty days after the date thereof, it shall be the duty of the supervisor or his agents, using such funds as have been, or hereafter may be, made available to proceed with the control, eradication and destruction of such forest pests or forest tree diseases with or without the cooperation of the owner involved in a manner approved by the forest board. [1951 c 233 § 6.]

76.06.070 Lien for costs of control—Collection. Upon the completion of the work directed, authorized and performed under the provisions of this chapter, the supervisor shall prepare a verified statement of the expenses necessarily incurred in performing the work of controlling, eradicating and destroying said forest insects or forest tree diseases. The balance of such expenses after deducting such amounts as may be contributed to the control costs by the state, by the federal government, or by any other agencies, companies, corporations or individuals, shall be a lien to be prorated per acre upon the property, or properties involved: *Provided*, That the amount of said lien shall not exceed twenty-five percent of the total costs incurred on such owner's lands including necessary buffer strips. Said lien shall be reported by the supervisor to the county assessor of the county in which said lands are situated, and shall be levied and collected with the next taxes on such lands in the same manner and with the same interest, penalty and cost charges as apply to ad valorem property taxes in this state: *Provided further*, Such report and levy shall be made only on commercial timber lands. The assessor shall extend the amounts on the assessment roll in a separate column, and the procedure provided by law for the collection of taxes and delinquent taxes shall be applicable thereto, and, upon the collection thereof, the county treasurer shall repay the same to the supervisor to be applied to the expenses incurred in carrying out the provisions of this chapter. [1951 c 233 § 7.]

Property taxes, generally: Title 84 RCW.

76.06.080 Owner complying with notice is exempt. Every owner, and all owners or representatives, who upon receiving notice as provided in RCW 76.06.050, shall proceed and continue in good faith to control, eradicate and destroy said forest insects and forest tree diseases in accordance with standards established by the supervisor shall be exempt from the provisions hereof as to the lands upon which he or they are so proceeding. [1951 c 233 § 11.]

76.06.090 Dissolution of infestation control district. Whenever the board shall determine that insect control work within the designated district of infestation is no

longer necessary or feasible, said board by resolution may dissolve said district. [1951 c 233 § 12.]

76.06.100 Forest insect and disease control fund created. There is hereby created the forest insect and disease control fund of which the state treasurer shall be the custodian. The state treasurer shall keep an account of his records of said fund and all sums deposited therein and expended or withdrawn therefrom. Any sums placed in said fund shall be kept separate and apart from the funds of the state treasurer, and shall not be deemed to be a part of the state funds, but shall be pledged for the purpose of paying costs incurred for the control, eradication, and destruction of forest insect pests and forest diseases. No funds shall be expended for payment of said costs, until so authorized by the board. [1951 c 233 § 8.]

State funds: Chapter 43.79 RCW.

76.06.110 Deposits and availability of fund—Balances do not revert to general fund. All moneys collected under the provisions of RCW 76.06.070, together with such moneys as may be appropriated by the legislature for the purposes of this chapter, by the federal government or by any owner or agent, shall be deposited by the supervisor in the forest insect and disease control fund, and the moneys therein hereby are made available to the board for the purposes of this chapter.

All unexpended balances remaining in said fund shall continue to be available for the purposes of this chapter and shall not revert to the state general fund. [1951 c 233 § 9.]

76.06.120 Appropriations made available. Any money appropriated to the forest insect and disease control fund is hereby made available to the division of forestry for the purposes of this chapter. [1951 c 233 § 10.]

(1) The legislature hereby finds and declares that the forest land resources are among the most valuable of all resources in the state; that a viable forest products industry is of prime importance to the state's economy; that it is in the public interest for public and private commercial forest lands to be managed consistent with sound policies of natural resource protection; that coincident with maintenance of a viable forest products industry, it is important to afford protection to forest soils, fisheries, wildlife, water quantity and quality, air quality, recreation, and scenic beauty.

(2) The legislature further finds and declares it to be in the public interest of this state to create and maintain through the adoption of this chapter a comprehensive state-wide system of laws and forest practices regulations which will achieve the following purposes and policies:

(a) Afford protection to, promote, foster and encourage timber growth, and require such minimum reforestation of commercial tree species on forest lands as will reasonably utilize the timber growing capacity of the soil following current timber harvest;

(b) Afford protection to forest soils and public resources by utilizing all reasonable methods of technology in conducting forest practices;

(c) Recognize both the public and private interest in the profitable growing and harvesting of timber;

(d) Promote efficiency by permitting maximum operating freedom consistent with the other purposes and policies stated herein;

(e) Provide for regulation of forest practices so as to avoid unnecessary duplication in such regulation;

(f) Provide for interagency input and intergovernmental coordination and cooperation;

(g) Achieve compliance with all applicable requirements of federal and state law with respect to nonpoint sources of water pollution from forest practices; and

(h) To consider reasonable land use planning goals and concepts contained in local comprehensive plans and zoning regulations. [1974 ex.s. c 137 § 1.]

76.09.040 Forest practices regulations—Promulgation—Review of proposed regulations—Hearings—Adoption. (1) Where necessary to accomplish the purposes and policies stated in RCW 76.09.010, and to implement the provisions of this chapter, the board shall promulgate forest practices regulations establishing minimum standards for forest practices and setting forth necessary administrative provisions, pursuant to chapter 34.04 RCW and in accordance with the procedures enumerated in this section and RCW 76.09.200. Forest practices regulations pertaining to water quality protection shall be promulgated individually by the board and by the department of ecology after they have reached agreement with respect thereto. All other forest practices regulations shall be promulgated by the board.

Forest practices regulations shall be administered and enforced by the department except as otherwise provided in this chapter. Such regulations shall be promulgated and administered so as to give consideration to all purposes and policies set forth in RCW 76.09.010.

(2) The board shall prepare proposed forest practices regulations. In addition to any forest practices regulations relating to water quality protection proposed by the board, the department of ecology shall prepare proposed forest practices regulations relating to water quality protection.

Prior to initiating the rule making process, the proposed regulations shall be submitted for review and comments to the department of fisheries, the department of game, and to the counties of the state. After receipt of the proposed forest practices regulations, the departments of fisheries and game and the counties of the state shall have thirty days in which to review and submit comments to the board, and to the department of ecology with respect to its proposed regulations relating to water quality protection. After the expiration of such thirty day period the board and the department of ecology shall jointly hold one or more hearings on the proposed regulations pursuant to chapter 34.04 RCW. At such hearing(s) any county may propose specific forest practices regulations relating to problems existing within such county. The board and the department of ecology may adopt such proposals if they find the proposals are

consistent with the purposes and policies of this chapter. [1974 ex.s. c 137 § 4.]

76.09.050 Rules establishing classes of forest practices—Applications for classes of forest practices—Approval or disapproval—Notifications—Procedures—Appeals—Waiver. (1) The board shall establish by rule which forest practices shall be included within each of the following classes:

Class I: Minimal or specific forest practices that have no direct potential for damaging a public resource that may be conducted without submitting an application or a notification;

Class II: Forest practices which have a less than ordinary potential for damaging a public resource that may be conducted without submitting an application and may begin five calendar days, or such lesser time as the department may determine, after written notification by the operator, in the manner, content, and form as prescribed by the department, is received by the department. Class II shall not include forest practices:

(a) On lands platted after January 1, 1960, or being converted to another use;

(b) Which require approvals under the provisions of the hydraulics act, RCW 75.20.100;

(c) Within "shorelines of the state" as defined in RCW 90.58.030; or

(d) Excluded from Class II by the board;

Class III: Forest practices other than those contained in Class I, II, or IV. A Class III application must be approved or disapproved by the department within fourteen calendar days from the date the department receives the application;

Class IV: Forest practices other than those contained in Class I or II: (a) On lands platted after January 1, 1960, (b) on lands being converted to another use, (c) on lands which, pursuant to RCW 76.09.070 as now or hereafter amended, are not to be reforested because of the likelihood of future conversion to urban development, and/or (d) which have a potential for a substantial impact on the environment and therefore require an evaluation by the department as to whether or not a detailed statement must be prepared pursuant to the state environmental policy act, chapter 43.21C RCW. Such evaluation shall be made within ten days from the date the department receives the application: *Provided*, That nothing herein shall be construed to prevent any local or regional governmental entity from determining that a detailed statement must be prepared for an action pursuant to a Class IV forest practice taken by that governmental entity concerning the land on which forest practices will be conducted. A Class IV application must be approved or disapproved by the department within thirty calendar days from the date the department receives the application, unless the department determines that a detailed statement must be made, in which case the application must be approved or disapproved by the department within sixty calendar days from the date the department receives the application, unless the commissioner of public lands, through the promulgation of a formal order, determines that the process cannot be completed within such period.

Forest practices under Classes I, II, and III are exempt from the requirements for preparation of a detailed statement under the state environmental policy act.

(2) No Class II, Class III, or Class IV forest practice shall be commenced or continued after January 1, 1975, unless the department has received a notification with regard to a Class II forest practice or approved an application with regard to a Class III or Class IV forest practice containing all information required by RCW 76.09.060 as now or hereafter amended: *Provided*, That any person commencing a forest practice during 1974 may continue such forest practice until April 1, 1975, if such person has submitted an application to the department prior to January 1, 1975: *Provided, further*, That in the event forest practices regulations necessary for the scheduled implementation of this chapter and RCW 90.48.420 have not been adopted in time to meet such schedules, the department shall have the authority to regulate forest practices and approve applications on such terms and conditions consistent with this chapter and RCW 90.48.420 and the purposes and policies of RCW 76.09.010 until applicable forest practices regulations are in effect.

(3) If a notification or application is delivered in person to the department by the operator or his agent, the department shall immediately provide a dated receipt thereof. In all other cases, the department shall immediately mail a dated receipt to the operator.

(4) Forest practices shall be conducted in accordance with the forest practices regulations, orders and directives as authorized by this chapter or the forest practices regulations, and the terms and conditions of any approved applications.

(5) The department of natural resources shall notify the applicant in writing of either its approval of the application or its disapproval of the application and the specific manner in which the application fails to comply with the provisions of this section or with the forest practices regulations. Except as provided otherwise in this section, if the department fails to either approve or disapprove an application or any portion thereof within the applicable time limit, the application shall be deemed approved and the operation may be commenced: *Provided*, That this provision shall not apply to applications which are neither approved nor disapproved pursuant to the provisions of subsection (7) of this section: *Provided, further*, That if seasonal field conditions prevent the department from being able to properly evaluate the application, the department may issue an approval conditional upon further review within sixty days: *Provided, further*, That the department shall have until April 1, 1975, to approve or disapprove an application involving forest practices allowed to continue to April 1, 1975, under the provisions of subsection (2) of this section. Upon receipt of any notification or any satisfactorily completed application the department shall in any event no later than two business days after such receipt transmit a copy to the departments of ecology, game, and fisheries, and to the county in which the forest practice is to be commenced. Any comments by such

agencies shall be directed to the department of natural resources.

(6) If the county believes that an application is inconsistent with this chapter, the forest practices regulations, or any local authority consistent with RCW 76.09.240 as now or hereafter amended, it may so notify the department and the applicant, specifying its objections.

(7) The department shall not approve portions of applications to which a county objects if:

(a) The department receives written notice from the county of such objections within fourteen business days from the time of transmittal of the application to the county, or one day before the department acts on the application, whichever is later; and

(b) The objections relate to lands either:

(i) Platted after January 1, 1960; or

(ii) Being converted to another use.

The department shall either disapprove those portions of such application or appeal the county objections to the appeals board. If the objections related to subparagraphs (b) (i) and (ii) of this subsection are based on local authority consistent with RCW 76.09.240 as now or hereafter amended, the department shall disapprove the application until such time as the county consents to its approval or such disapproval is reversed on appeal. The applicant shall be a party to all department appeals of county objections. Unless the county either consents or has waived its rights under this subsection, the department shall not approve portions of an application affecting such lands until the minimum time for county objections has expired.

(8) In addition to any rights under the above paragraph, the county may appeal any department approval of an application with respect to any lands within its jurisdiction. The appeals board may suspend the department's approval in whole or in part pending such appeal where there exists potential for immediate and material damage to a public resource.

(9) Appeals under this section shall be made to the appeals board in the manner and time provided in RCW 76.09.220(9). In such appeals there shall be no presumption of correctness of either the county or the department position.

(10) The department shall, within four business days notify the county of all notifications, approvals, and disapprovals of an application affecting lands within the county, except to the extent the county has waived its right to such notice.

(11) A county may waive in whole or in part its rights under this section, and may withdraw or modify any such waiver, at any time by written notice to the department. [1975 1st ex.s. c 200 § 2; 1974 ex.s. c 137 § 5.]

76.09.060 Applications for forest practices—Form—Contents—Conversion of forest land to other use—New applications—Approval—Emergencies.
(1) The department shall prescribe the form and contents of the notification and application. The forest practices regulations shall specify by whom and under what conditions the notification and application shall be signed. The application or notification shall be delivered

in person or sent by certified mail to the department. The information required may include, but shall not be limited to:

- (a) Name and address of the forest land owner, timber owner, and operator;
- (b) Description of the proposed forest practice or practices to be conducted;
- (c) Legal description of the land on which the forest practices are to be conducted;
- (d) Planimetric and topographic maps showing location and size of all lakes and streams and other public waters in and immediately adjacent to the operating area and showing all existing and proposed roads and major tractor roads;
- (e) Description of the silvicultural, harvesting, or other forest practice methods to be used, including the type of equipment to be used and materials to be applied;
- (f) Proposed plan for reforestation and for any revegetation necessary to reduce erosion potential from roadsides and yarding roads, as required by the forest practices regulations;
- (g) Soil, geological, and hydrological data with respect to forest practices;
- (h) The expected dates of commencement and completion of all forest practices specified in the application;
- (i) Provisions for continuing maintenance of roads and other construction or other measures necessary to afford protection to public resources; and
- (j) An affirmation that the statements contained in the notification or application are true.

(2) At the option of the applicant, the application or notification may be submitted to cover a single forest practice or any number of forest practices within reasonable geographic or political boundaries as specified by the department. Long range plans may be submitted to the department for review and consultation.

(3) The application shall indicate whether any land covered by the application will be converted or is intended to be converted to a use other than commercial timber production within three years after completion of the forest practices described in it. (a) If the application states that any such land will be or is intended to be so converted:

- (i) The reforestation requirements of this chapter and of the forest practices regulations shall not apply if the land is in fact so converted unless applicable alternatives or limitations are provided in forest practices regulations issued under RCW 76.09.070 as now or hereafter amended;
- (ii) Completion of such forest practice operations shall be deemed conversion of the lands to another use for purposes of chapters 84.28, 84.33, and 84.34 RCW unless the conversion is to a use permitted under a current use tax agreement permitted under chapter 84.34 RCW;
- (iii) The forest practices described in the application are subject to applicable county, city and regional governmental authority permitted under RCW 76.09.240 as now or hereafter amended as well as the forest practices regulations.

(b) If the application does not state that any land covered by the application will be or is intended to be so converted:

- (i) For six years after the date of the application the county or city and regional governmental entities may deny any or all applications for permits or approvals, including building permits and subdivision approvals, relating to nonforestry uses of land subject to the application;
- (ii) Failure to comply with the reforestation requirements contained in any final order or decision shall constitute a removal from classification under the provisions of RCW 84.28.065, a removal of designation under the provisions of RCW 84.33.140, and a change of use under the provisions of RCW 84.34.080, and, if applicable, shall subject such lands to the payments and/or penalties resulting from such removals or changes; and
- (iii) Conversion to a use other than commercial timber operations within three years after completion of the forest practices without the consent of the county or municipality shall constitute a violation of each of the county, municipal and regional authorities to which the forest practice operations would have been subject if the application had so stated.

(c) The application shall be either signed by the land owner or accompanied by a statement signed by the land owner indicating his intent with respect to conversion and acknowledging that he is familiar with the effects of this subsection.

(4) Whenever an approved application authorizes a forest practice which, because of soil condition, proximity to a water course or other unusual factor, has a potential for causing material damage to a public resource, as determined by the department, the applicant shall, when requested on the approved application, notify the department two days before the commencement of actual operations.

(5) Before the operator commences any forest practice in a manner or to an extent significantly different from that described in a previously approved application or notification, there shall be submitted to the department a new application or notification form in the manner set forth in this section.

(6) The notification to or the approval given by the department to an application to conduct a forest practice shall be effective for a term of one year from the date of approval or notification and shall not be renewed unless a new application is filed and approved or a new notification has been filed.

(7) Notwithstanding any other provision of this section, no prior application or notification shall be required for any emergency forest practice necessitated by fire, flood, windstorm, earthquake, or other emergency as defined by the board, but the operator shall submit an application or notification, whichever is applicable, to the department within forty-eight hours after commencement of such practice. [1975 1st ex.s. c 200 § 3; 1974 ex.s. c 137 § 6.]

76.09.070 Reforestation—Requirements—Procedures. After the completion of a logging operation, satisfactory reforestation as defined by the rules and

regulations promulgated by the board shall be completed within three years: *Provided*, That a longer period may be authorized if seed or seedlings are not available: *Provided further*, That a period of up to five years may be allowed where a natural regeneration plan is approved by the department. Upon the completion of a reforestation operation a report on such operation shall be filed with the department of natural resources. Within twelve months of receipt of such a report the department shall inspect the reforestation operation, and shall determine either that the reforestation operation has been properly completed or that further reforestation and inspection is necessary.

The forest practices regulations may provide alternatives to or limitations on the applicability of reforestation requirements with respect to forest lands being converted in whole or in part to another use which is compatible with timber growing. The forest practices regulations may identify classifications and/or areas of forest land that have the likelihood of future conversion to urban development within a ten year period. The reforestation requirements may be modified or eliminated on such lands: *Provided*, That such identification and/or such conversion to urban development must be consistent with any local or regional land use plans or ordinances. [1975 1st ex.s. c 200 § 4; 1974 ex.s. c 137 § 7.]

76.09.080 Stop work orders—Grounds—Contents—Procedure—Appeals. (1) The department shall have the authority to serve upon an operator a stop work order which shall be a final order of the department if:

(a) There is any violation of the provisions of this chapter or the forest practices regulations; or

(b) There is a deviation from the approved application; or

(c) Immediate action is necessary to prevent continuation of or to avoid material damage to a public resource.

(2) The stop work order shall set forth:

(a) The specific nature, extent, and time of the violation, deviation, damage, or potential damage;

(b) An order to stop all work connected with the violation, deviation, damage, or potential damage;

(c) The specific course of action needed to correct such violation or deviation or to prevent damage and to correct and/or compensate for damage to public resources which has resulted from any violation, unauthorized deviation, or wilful or negligent disregard for potential damage to a public resource; and/or those courses of action necessary to prevent continuing damage to public resources where the damage is resulting from the forest practice activities but has not resulted from any violation, unauthorized deviation, or negligence; and

(d) The right of the operator to a hearing before the appeals board.

The department shall immediately file a copy of such order with the appeals board and mail a copy thereof to the timber owner and forest land owner at the addresses shown on the application. The operator, timber owner,

or forest land owner may commence an appeal to the appeals board within fifteen days after service upon the operator. If such appeal is commenced, a hearing shall be held not more than twenty days after copies of the notice of appeal were filed with the appeals board. Such proceeding shall be a contested case within the meaning of chapter 34.04 RCW. The operator shall comply with the order of the department immediately upon being served, but the appeals board if requested shall have authority to continue or discontinue in whole or in part the order of the department under such conditions as it may impose pending the outcome of the proceeding. [1975 1st ex.s. c 200 § 5; 1974 ex.s. c 137 § 8.]

76.09.090 Notice of failure to comply—Contents—Procedures—Appeals—Hearing—Final order—Limitations on actions. If a violation, a deviation, material damage or potential for material damage to a public resource has occurred and the department determines that a stop work order is unnecessary, then the department shall issue and serve upon the operator or land owner a notice, which shall clearly set forth:

(1) (a) The specific nature, extent, and time of failure to comply with the approved application; or identifying the damage or potential damage; and/or

(b) The relevant provisions of this chapter or of the forest practice regulations relating thereto;

(2) The right of the operator or land owner to a hearing before the department; and

(3) The specific course of action ordered by the department to be followed by the operator to correct such failure to comply and to prevent, correct and/or compensate for material damage to public resources which resulted from any violation, unauthorized deviation, or wilful or negligent disregard for potential damage to a public resource; and/or those courses of action necessary to prevent continuing damage to public resources where the damage is resulting from the forest practice activities but has not resulted from any violation, unauthorized deviation, or negligence.

The department shall mail a copy thereof to the forest land owner and the timber owner at the addresses shown on the application, showing the date of service upon the operator. Such notice to comply shall become a final order of the department: *Provided*, That no direct appeal to the appeals board will be allowed from such final order. Such operator shall undertake the course of action so ordered by the department unless, within fifteen days after the date of service of such notice to comply, the operator, forest land owner, or timber owner, shall request the department in writing to schedule a hearing. If so requested, the department shall schedule a hearing on a date not more than twenty days after receiving such request. Within ten days after such hearing, the department shall issue a final order either withdrawing its notice to comply or clearly setting forth the specific course of action to be followed by such operator. Such operator shall undertake the course of action so ordered by the department unless within thirty days after the date of such final order, the operator, forest land owner, or timber owner appeals such final order to the appeals board.

No person shall be under any obligation under this section to prevent, correct, or compensate for any damage to public resources which occurs more than one year after the date of completion of the forest practices operations involved exclusive of reforestation, unless such forest practices were not conducted in accordance with forest practices rules and regulations: *Provided*, That this provision shall not relieve the forest land owner from any obligation to comply with forest practices rules and regulations pertaining to providing continuing road maintenance. No action to recover damages shall be taken under this section more than two years after the date the damage involved occurs. [1975 1st ex.s. c 200 § 6; 1974 ex.s. c 137 § 9.]

76.09.100 Failure to comply with water quality protection—Department of ecology authorized to petition appeals board—Action on petition. If the department of ecology determines that a person has failed to comply with the forest practices regulations relating to water quality protection, and that the department of natural resources has not issued a stop work order or notice to comply, the department of ecology shall inform the department thereof. If the department of natural resources fails to take authorized enforcement action within twenty-four hours under RCW 76.09.080, 76.09.090, 76.09.120, or 76.09.130, the department of ecology may petition to the chairman of the appeals board, who shall, within forty-eight hours, either deny the petition or direct the department of natural resources to immediately issue a stop work order or notice to comply, or to impose a penalty. No civil or criminal penalties shall be imposed for past actions or omissions if such actions or omissions were conducted pursuant to an approval or directive of the department of natural resources. [1975 1st ex.s. c 200 § 7; 1974 ex.s. c 137 § 10.]

76.09.110 Final orders or final decisions binding upon all parties. Unless declared invalid on appeal, a final order of the department or a final decision of the appeals board shall be binding upon all parties. [1974 ex.s. c 137 § 11.]

76.09.120 Failure of owner to take required course of action—Notice of cost—Department authorized to complete course of action—Liability of owner for costs—Lien. If an operator fails to undertake and complete any course of action with respect to a forest practice, as required by a final order of the department or a final decision of the appeals board or any court pursuant to RCW 76.09.080 and 76.09.090, the department may determine the cost thereof and give written notice of such cost to the operator, the timber owner and the owner of the forest land upon or in connection with which such forest practice was being conducted. If such operator, timber owner, or forest land owner fails within thirty days after such notice is given to undertake such course of action, or having undertaken such course of action fails to complete it within a reasonable time, the department may expend any funds available to undertake and complete such course of action and such operator, timber owner, and forest land owner shall be

jointly and severally liable for the actual, direct cost thereof, but in no case more than the amount set forth in the notice from the department. If not paid within sixty days after the department completes such course of action and notifies such forest land owner in writing of the amount due, such amount shall become a lien on such forest land and the department may collect such amount in the same manner provided in chapter 60.04 RCW for mechanics' liens. [1974 ex.s. c 137 § 12.]

76.09.130 Failure to obey stop work order—Departmental action authorized—Liability of owner or operator for costs. When the operator has failed to obey a stop work order issued under the provisions of RCW 76.09.080 the department may take immediate action to prevent continuation of or avoid material damage to public resources. If a final order or decision fixes liability with the operator, timber owner, or forest land owner, they shall be jointly and severally liable for such emergency costs which may be collected in the manner provided for in RCW 76.09.120. [1974 ex.s. c 137 § 13.]

76.09.140 Enforcement. (1) The department of natural resources, through the attorney general, may take any necessary action to enforce any final order or final decision, or to enjoin any forest practices by any person for a one year period after such person has failed to comply with a final order or a final decision.

(2) A county may bring injunctive, declaratory, or other actions for enforcement for forest practice activities within its jurisdiction in the superior court as provided by law against the department, the forest land owner, timber owner or operator to enforce the forest practice regulations or any final order of the department, or the appeals board: *Provided*, That no civil or criminal penalties shall be imposed for past actions or omissions if such actions or omissions were conducted pursuant to an approval or directive of the department of natural resources: *And provided further*, That such actions shall not be commenced unless the department fails to take appropriate action after ten days written notice to the department by the county of a violation of the forest practices regulations or final orders of the department or the appeals board. [1975 1st ex.s. c 200 § 8; 1974 ex.s. c 137 § 14.]

76.09.150 Inspection—Right of entry. Each and every such violation shall be a separate and distinct offense. Whenever an appeal of any penalty incurred hereunder is filed, the penalty shall become due and payable only upon completion of all review proceedings

and the issuance of a final decision confirming the penalty in whole or in part.

If the amount of any penalty is not paid to the department within thirty days after it becomes due and payable, the attorney general, upon the request of the department, shall bring an action in the name of the state of Washington in the superior court of Thurston county or of any county in which such violator may do business, to recover such penalty. In all such actions the procedure and rules of evidence shall be the same as an ordinary civil action except as otherwise in this chapter provided. [1975 1st ex.s. c 200 § 9; 1974 ex.s. c 137 § 17.]

To assist in the initial preparation of proposed forest practices regulations for different forest regions, the chairman of the advisory committee shall establish regional committees to assist the advisory committee. Such regional committees shall be composed of nine members, four of whom are private forest land owners regularly engaged in forest practices.

(4) Nothing contained in this section shall be construed to preclude submission of proposed forest practices regulations by any other persons or to eliminate any procedures set forth in chapter 34.04 RCW for adoption, repeal, or modification of rules. [1974 ex.s. c 137 § 20.]

(9) (a) Any person aggrieved by the approval or disapproval of an application to conduct a forest practice may seek review from the appeals board by filing a request for the same within thirty days of the approval or disapproval. Concurrently with the filing of any request for review with the board as provided in this section, the requestor shall file a copy of his request with the department and the attorney general. The attorney general may intervene to protect the public interest and insure that the provisions of this chapter are complied with.

(b) The review proceedings authorized in subparagraph (a) of this subsection are subject to the provisions of chapter 34.04 RCW pertaining to procedures in contested cases. [1975-'76 2nd ex.s. c 34 § 174; 1975 1st ex.s. c 200 § 10; 1974 ex.s. c 137 § 22.]

Upon approval of the board of county commissioners of the county in which said land is located such gift or donation of land may be accepted subject to delinquent general taxes thereon, and upon such acceptance of such gift or donation subject to such taxes, the state forest board shall record the deed of conveyance thereof and file with the assessor and treasurer of the county wherein such land is situated, written notice of acquisition of such land, and that all delinquent general taxes thereon, except state taxes, shall be canceled, and the county treasurer shall thereupon proceed to make such cancellation in the records of his office. Thereafter, such lands shall be held in trust, protected, managed, and administered upon, and the proceeds therefrom disposed of, under RCW 76.12.030. [1937 c 172 § 1; 1929 c 117 § 1; 1923 c 154 § 3; RRS § 5812-3. Prior: 1921 c 169 § 1, part.]

***Reviser's note:** "board" refers to the state forest board, see note following Title 76 RCW digest.

76.12.030 Deed of county land to board—Disposition of proceeds. If any land acquired by a county through foreclosure of tax liens, or otherwise, comes within the classification of land described in RCW 76.12.020 and can be used as state forest land and if the board deems such land necessary for the purposes of this chapter, the county shall, upon demand by the board, deed such land to the board and the land shall become a part of the state forest lands, and upon such deed being made the commissioner of public lands shall be notified and enter and note it upon the records of his office.

Such land shall be held in trust and administered and protected by the board as other state forest lands. Any moneys derived from the lease of such land or from the sale of forest products, oils, gases, coal, minerals, or fossils therefrom, shall be distributed as follows:

(1) The expense incurred by the state for administration, reforestation, and protection, not to exceed twenty-five percent, which rate of percentage shall be determined by the board of natural resources, shall be returned to the forest development account in the state general fund.

(2) Any balance remaining shall be paid to the county in which the land is located to be paid, distributed, and prorated, except as hereinafter provided, to the various funds in the same manner as general taxes are paid and distributed during the year of payment: *Provided*, That any such balance remaining paid to a county of the seventh, eighth, or ninth class shall first be applied to the reduction of any indebtedness existing in the current expense fund of such county during the year of payment. [1971 ex.s. c 224 § 1; 1969 c 110 § 1; 1957 c 167 § 1; 1951 c 91 § 1; 1935 c 126 § 1; 1927 c 288 § 3, part (adding a new section to 1923 c 154 § 3b); RRS § 5812-36.]

Reviser's note: The forest development fund was originally created by 1923 c 154 § 6. It was recreated by 1951 c 149 (RCW 76.12.110) and was later abolished and superseded by 1955 c 370 (RCW 43.79-.330 through 43.79.334) which created a forest development account in the general fund and transferred thereto all moneys in the forest development fund. RCW 76.12.110 was amended accordingly in 1959.

76.12.035 Reacquisition from federal government of lands originally acquired through tax foreclosure—Agreements. Whenever any forest land which shall have been acquired by any county through the foreclosure of tax liens, or otherwise, and which shall have been acquired by the federal government either from said county or from the state holding said lands in trust, and shall be available for reacquisition, the state board of natural resources and the board of county commissioners of any such county are hereby authorized to enter into an agreement for the reacquisition of such lands as state forest lands in trust for such county. Such agreement shall provide for the price and manner of such reacquisition. The state board of natural resources is authorized to provide in such agreement for the advance of funds available to it for such purpose from the forest development account, all or any part of the price for such reacquisition so agreed upon, which advance shall be repaid at such time and in such manner as in said agreement provided, solely from any distribution to be made to said county under the provisions of RCW 76.12.030; that the

title to said lands shall be retained by the state free from any trust until the state shall have been fully reimbursed for all funds advanced in connection with such reacquisition; and that in the event of the failure of the county to repay such advance in the manner provided, the said forest lands shall be retained by the state to be administered and/or disposed of in the same manner as other state forest lands free and clear of any trust interest therein by said county. Such county shall make provisions for the reimbursement of the various funds from any moneys derived from such lands so acquired, or any other county trust forest board lands which are distributable in a like manner, for any sums withheld from funds for other areas which would have been distributed thereto from time to time but for such agreement. [1959 c 87 § 1.]

76.12.040 Gifts of county or city land for offices, warehouses, etc. Any county, city or town is authorized and empowered to convey to the state of Washington any lands owned by such county, city or town upon the selection of such lands by the forestry board of the state of Washington and the state forestry board is hereby authorized to select and accept conveyances of lands from such counties, cities or towns, suitable for use by the said forestry board as locations for offices, warehouses and machinery storage buildings in the administration of the forestry laws and lands of the state of Washington: *Provided, however*, No consideration shall be paid by the state nor by the state forestry board for the conveyance of such lands by such county, city or town. [1937 c 125 § 1; RRS § 5812-3c. FORMER PART OF SECTION: 1937 c 125 § 2 now codified as RCW 76.12.045.]

76.12.045 Gifts of county or city land for offices, warehouses, etc.—Use of lands authorized. The state forestry board, through the division of forestry of the department of conservation and development, is authorized to use such lands for the purposes hereinbefore expressed and to improve said lands and build thereon any necessary structures for the purposes hereinbefore expressed and expend in so doing such funds as may be authorized by law therefor. [1937 c 125 § 2; RRS § 5812-3d. Formerly RCW 76.12.040.]

76.12.050 Exchange of lands to consolidate, block up holdings or obtain lands having commercial recreational leasing potential. The board of county commissioners of any county and/or the mayor and city council or city commission of any city or town and/or the board of natural resources shall have authority to exchange, each with the other, or with the federal forest service, the federal government or any proper agency thereof and/or with any private landowner, county land of any character, land owned by municipalities of any character, and land owned by the state under the jurisdiction of the department of natural resources, for real property of equal value for the purpose of consolidating and blocking up the respective land holdings of any county, municipality, the federal government, or the state of Washington or for the purpose of obtaining lands having

commercial recreational leasing potential. [1973 1st ex.s. c 50 § 1; 1961 c 77 § 1; 1937 c 77 § 1; RRS § 5812-3e.]

76.12.060 Exchange of lands to consolidate and block up holdings—Agreements and deeds by commissioner. The commissioner of public lands shall, with the advice and approval of the attorney general, execute such agreements, writings, or relinquishments and certify to the governor such deeds as are necessary or proper to complete an exchange as authorized by the board of natural resources under RCW 76.12.050. [1961 c 77 § 2; 1937 c 77 § 2; RRS § 5812-3f.]

76.12.065 Exchange of lands to consolidate and block up holdings—Lands acquired are subject to same laws and administered for same fund as lands exchanged. Lands acquired by the state of Washington as the result of any exchange authorized under RCW 76.12.050 shall be held and administered for the benefit of the same fund and subject to the same laws as were the lands exchanged therefor. [1961 c 77 § 3.]

76.12.070 Reconveyance to county in certain cases. Whenever any county shall have acquired by tax foreclosure, or otherwise, lands within the classification of RCW 76.12.020 and shall have thereafter contracted to sell such lands to bona fide purchasers before the same may have been selected as forest lands by the state forest board, and has heretofore deeded or shall hereafter deed because of inadvertence or oversight such lands to the state or to the state forest board to be held under RCW 76.12.030 or any amendment thereof; the state forest board upon being furnished with a certified copy of such contract of sale on file in such county and a certificate of the county treasurer showing said contract to be in good standing in every particular and that all due payments and taxes have been made thereon, and upon receipt of a certified copy of a resolution of the board of county commissioners of such county requesting the reconveyance to the county of such lands, is hereby authorized to reconvey such lands to such county by quitclaim deed executed by the chairman and secretary of said board: *Provided*, Such reconveyance of lands heretofore acquired by the state or state forest board be made within one year from the taking effect of this act and such reconveyance of lands hereafter so acquired be made within one year from the conveyance thereof to the state or state forest board. [1941 c 84 § 1; Rem. Supp. 1941 § 5812-3g.]

Reviser's note: Effective date of this act [1941 c 84 § 1] was midnight June 11, 1941, see preface 1941 session laws.

76.12.072 Transfer of state forest lands back to county for public park use—Procedure—Reconveyance back when use ceases. Whenever the board of county commissioners of any county shall determine that forest lands, that were acquired from such county by the state pursuant to RCW 76.12.030 and that are under the administration of the department of natural resources, are needed by the county for public park use in accordance with the county and the state outdoor recreation plans, the board of county commissioners may

file an application with the board of natural resources for the transfer of such forest lands.

Upon the filing of an application by the board of county commissioners, the department of natural resources shall cause notice of the impending transfer to be given in the manner provided by *RCW 42.32.010. If the department of natural resources determines that the proposed use is in accordance with the state outdoor recreation plan, it shall reconvey said forest lands to the requesting county to have and to hold for so long as the forest lands are developed, maintained, and used for the proposed public park purpose. This reconveyance may contain conditions to allow the department of natural resources to coordinate the management of any adjacent state owned lands with the proposed park activity to encourage maximum multiple use management and may reserve rights of way needed to manage other state owned lands in the area. The application shall be denied if the department of natural resources finds that the proposed use is not in accord with the state outdoor recreation plan. If the land is not, or ceases to be, used for public park purposes the land shall be conveyed back to the department of natural resources upon request of the department. [1969 ex.s. c 47 § 1.]

**Reviser's note:* "RCW 42.32.010" was repealed by 1971 ex. sess. c 250 § 15. Later enactment, see RCW 42.30.060.

76.12.073 Transfer of state forest lands back to county for public park use—Timber resource management. The timber resources on any such state forest land transferred to the counties under RCW 76.12.072 shall be managed by the department of natural resources to the extent that this is consistent with park purposes and meets with the approval of the board of county commissioners. Whenever the department of natural resources does manage the timber resources of such lands, it will do so in accordance with the general statutes relative to the management of all other state forest lands. [1969 ex.s. c 47 § 2.]

76.12.074 Transfer of state forest lands back to county for public park use—Lands transferred by deed. Under provisions mutually agreeable to the board of county commissioners and the board of natural resources, lands approved for transfer to a county for public park purposes under the provisions of RCW 76.12.072 shall be transferred to the county by deed. [1969 ex.s. c 47 § 3.]

76.12.075 Transfer of state forest lands back to county for public park use—Provisions cumulative and nonexclusive. The provisions of RCW 76.12.072 through 76.12.075 shall be cumulative and nonexclusive and shall not repeal any other related statutory procedure established by law. [1969 ex.s. c 47 § 4.]

76.12.080 Acquisition of forest land—Requisites. Said board shall take such steps as it deems advisable for locating and acquiring lands suitable for state forests and reforestation. No sum in excess of two dollars per acre shall ever be paid or allowed either in cash, bonds or otherwise, for any lands suitable for forest growth,

but devoid of such; nor shall any sum in excess of six dollars per acre be paid or allowed either in cash, bonds or otherwise, for any lands adequately restocked with young growth or left in a satisfactory natural condition for natural reforestation and continuous forest production; nor shall any lands ever be acquired by said board except upon the approval of the title by the attorney general and on a conveyance being made to the state of Washington by good and sufficient deed. No forest lands shall be designated, purchased, or acquired by said board unless the area so designated or the area to be acquired shall, in the judgment of the board be of sufficient acreage and so located that it can be economically administered for forest development purposes. Whenever the board acquires or designates an area as forest lands it shall designate such area by a distinctive name or number, e.g., "State forest No. -----", or, "Cascade State Forest". [1923 c 154 § 4; RRS § 5812-4. Prior: 1921 c 169 § 1, part.]

76.12.085 Validation of prior land transfers—
Certain lands declared state forest lands. All transfers of lands heretofore made to the state forest board as state forest lands are hereby validated, and all lands heretofore administered by the state forest board as state forest lands are hereby declared to be state forest lands and public lands of the state of Washington. [1953 c 209 § 1.]

76.12.090 Utility bonds. For the purpose of acquiring and paying for lands for state forests and reforestation as herein provided the board may issue utility bonds of the state of Washington, in an amount not to exceed two hundred thousand [dollars] in principal, during the biennium expiring March 31, 1925, and such other amounts as may hereafter be authorized by the legislature. Said bonds shall bear interest at not to exceed the rate of two percent per annum which shall be payable annually. Said bonds shall never be sold or exchanged at less than par and accrued interest, if any, and shall mature in not less than a period equal to the time necessary to develop a merchantable forest on the lands exchanged for said bonds or purchased with money derived from the sale thereof. Said bonds shall be known as state forest utility bonds. The principal or interest of said bonds shall not be a general obligation of the state, but shall be payable only from the forest development fund hereinafter created. The board may issue said bonds in exchange for lands selected by it in accordance with *this act, or may sell said bonds in such manner as it deems advisable, and with the proceeds purchase and acquire such lands. Any of said bonds issued in exchange and payment for any particular tract of lands may be made a first and prior lien against the particular land for which they are exchanged, and upon failure to pay said bonds and interest thereon according to their terms, the lien of said bonds may be foreclosed by appropriate court action. [1937 c 104 § 1; 1923 c 154 § 5; RRS § 5812-5.]

*Reviser's note: "this act" appears in 1923 c 154 codified as RCW 43.64.010, 43.64.020, 43.12.140, 76.12.020, 76.12.030, 76.12.080, 76.12.090, 76.12.110, 76.12.120, 76.12.140, and 76.12.150.

76.12.100 Bonds—Purchase price of land limited—Retirement of bonds. For the purpose of acquiring, seeding[,] reforestation and administering land for forests and of carrying out the provisions of *chapter 154 of the Laws of 1923, the state forest board is authorized to issue and dispose of utility bonds of the state of Washington in an amount not to exceed one hundred thousand dollars in principal during the biennium expiring March 31, 1951: *Provided, however,* That no sum in excess of one dollar per acre shall ever be paid or allowed either in cash, bonds, or otherwise, for any lands suitable for forest growth, but devoid of such, nor shall any sum in excess of three dollars per acre be paid or allowed either in cash, bonds, or otherwise, for any lands adequately restocked with young growth.

Any utility bonds issued under the provisions of this section may be retired from time to time, whenever there is sufficient money in the forest development fund, said bonds to be retired at the discretion of the state forest board either in the order of issuance, or by first retiring bonds with the highest rate of interest. [1949 c 80 § 1; 1947 c 66 § 1; 1945 c 13 § 1; 1943 c 123 § 1; 1941 c 43 § 1; 1939 c 106 § 1; 1937 c 104 § 2; 1935 c 126 § 2; 1933 c 117 § 1; Rem. Supp. 1949 § 5812-11.]

76.12.110 Forest development account. There is created a forest development account in the state general fund. The state treasurer shall keep an account of all sums deposited therein and expended or withdrawn therefrom. Any sums placed in the account shall be pledged for the purpose of paying interest and principal on the bonds issued by the board, and for the purchase of land for growing timber. Any bonds issued shall constitute a first and prior claim and lien against the account for the payment of principal and interest. No sums shall be withdrawn or paid out of the account except upon approval of the board.

Appropriations may be made by the legislature from the forest development account to the department of natural resources for the purpose of carrying on the activities of the department on county trust and fee title forest board lands. [1959 c 314 § 1; 1951 c 149 § 1; 1933 c 118 § 2; 1923 c 154 § 6; RRS § 5812-6.]

All money derived from the sale of timber or other products, or from lease, or from any other source from the land, except where the Constitution of this state or

RCW 76.12.030 requires other disposition, shall be disposed of as follows:

(1) Fifty percent shall be placed in the forest development fund.

(2) Fifty percent shall be paid to the county in which the land is located to be paid, distributed, and prorated to the various funds in the same manner as general taxes are paid and distributed during the year of payment. 76.14.010 Definitions. As used in this chapter:

The term "supervisor" means the supervisor of forestry;

The term "board" means the state forest board;

The term "owner" means and includes individuals, partnerships, corporations, associations, federal land managing agencies, state of Washington, counties, municipalities, and other forest land owners;

"Forest land" means any lands considered best adapted for the growing of trees. [1953 c 74 § 2.]

76.14.020 Yacolt burn designated high hazard area—Rehabilitation required. The Yacolt burn situated in Clark, Skamania, and Cowlitz counties in townships 2, 3, 4, 5, 6 and 7 north, ranges 3, 4, 5, 6, 7, 7 1/2 and 8 east is hereby designated a high hazard forest area requiring rehabilitation by the establishment of extensive protection facilities and by the restocking of denuded areas artificially to restore the productivity of the land. [1953 c 74 § 1.]

76.14.030 Administration. This chapter shall be administered by the division of forestry under the guidance and approval of the state forest board. [1953 c 74 § 3.]

76.14.040 Duties of supervisor. The supervisor shall use funds placed at his disposal to map, survey, fell snags, build firebreaks and access roads, increase forest protection activities and do all work deemed necessary to protect forest lands from fire in the rehabilitation zone, and to perform reforestation and do other improvement work on state lands in the rehabilitation zone. [1955 c 171 § 1; 1953 c 74 § 4.]

76.14.050 Firebreaks—Powers of board and supervisor—Grazing lands. The supervisor is authorized to cooperate with owners of land located in the area described in RCW 76.14.020 in establishing firebreaks in their most logical position regardless of land ownership. The board may by gift, purchase, condemnation or otherwise acquire easements for road rights of way and land or interests therein located in the high hazard forest area described in RCW 76.14.020 for any purpose deemed necessary for access for forest protection, reforestation, development and utilization, and for access to state owned lands within the area described in RCW 76.14.020 for all other purposes, and the supervisor shall have authority to regulate the use thereof. When the landowner is using the land for agricultural grazing purposes the state shall maintain gates or adequate cattle guards at each place the road enters upon the private landowner's fenced lands. [1975 1st ex.s. c 101 § 1; 1955 c 171 § 2; 1953 c 74 § 5.]

76.14.051 Firebreaks—Preexisting agreements not altered. [1975 1st ex.s. c 101 § 2.]

76.14.060 Powers and duties of supervisor—Private lands. The supervisor, subject to the guidance and approval of the board, shall have authority to acquire the right by purchase, condemnation or otherwise to cause snags on private land to be felled, slash to be disposed of, and to take such other measures on private land necessary to carry out the objectives of this chapter. [1955 c 171 § 3.]

76.14.070 Powers and duties of supervisor—Expenditure of public funds. The supervisor shall have authority subject to the guidance and approval of the board to expend public money for the purposes and objectives provided in this chapter. [1955 c 171 § 4.]

76.14.080 Fire protection projects—Assessments—Payment. The supervisor, with the guidance and approval of the board, shall develop fire protection projects within the high hazard forest area and shall determine the boundaries thereof in accordance with the lands benefited thereby and shall assess one-sixth of the cost of such projects equally upon all forest lands within the project on an acreage basis. Such assessment shall not, however, exceed twenty-five cents per acre annually nor more than one dollar and fifty cents per acre in the aggregate and shall constitute a lien upon any forest products harvested therefrom. The landowner may by written notice to the supervisor of forestry elect to pay his assessment on a deferred basis at a rate of ten cents per thousand board feet and/or one cent per Christmas tree when these products are harvested from the lands for commercial use until the assessment plus two percent interest from the date of completion of each project has been paid for each acre. Payments under the deferred plan shall be credited by forty acre tracts and shall be first applied to payment of the assessment against the forty acre tract from which the funds were derived and secondly to other forty acre tracts held and designated by the payor. In the event total ownership is less than forty acres then payment shall be applied on an undivided basis to the entire areas as to which the assessment remains unpaid. The landowner who elects to pay on deferred basis may pay any unpaid assessment and interest at any time. [1955 c 171 § 5.]

76.14.090 Fire protection projects—Notice—Hearing. Notice of each project, the estimated assessment per acre and a description of the boundaries thereof shall be given by publication in a local newspaper of general circulation thirty days in advance of commencing work. Any person owning land within the project may within ten days after publication of notice demand a hearing before the supervisor in Olympia and present any reasons why he feels the assessment should not be made upon his land. Thereafter, the supervisor may change the boundaries of said project to eliminate land from the project which he determines in his discretion will not be benefited by the project. [1955 c 171 § 6.]

76.14.100 Fire protection projects—Collection of assessments. Except when the owner has notified the supervisor in writing that he will make payment on the deferred plan, the assessment shall be collected by the supervisor reporting the same to the county assessor of the county in which the property is situated upon completion of the work in that project and the assessor shall annually extend the amounts upon the tax rolls covering the property, and the amounts shall be collected in the same manner, by the same procedure, and with the same penalties attached as the next general state and county

taxes on the same property are collected. Errors in assessments may be corrected at any time by the supervisor by certifying them to the treasurer of the county in which the land involved is situated. Upon the collection of such assessments the county treasurer shall transmit them to the supervisor. Payment on the deferred plan shall be made directly to the supervisor. Such payment must be made by January 31st for any timber or Christmas trees harvested during the previous calendar year and must be accompanied by a statement of the amount of timber or number of Christmas trees harvested and the legal description of the property from which they were harvested. Whenever an owner paying on the deferred plan desires to pay any unpaid balance or portion thereof, he may make direct payment to the supervisor. [1955 c 171 § 7.]

Collection of taxes: Chapter 84.56 RCW.

76.14.110 Fire protection projects—Credit on assessment for private expenditure. Where the supervisor finds that a portion of the work in any project, except road building, has been done by private expenditures for fire protection purposes only and that the work was not required by other forestry laws having general application, then the supervisor shall appraise the work on the basis of what it would have cost the state and shall credit the amount of the appraisal toward payment of any sums assessed against lands contained in the project and owned by the person or his predecessors in title making the expenditure. Such appraisal shall be added to the cost of the project for purposes of determining the general assessment. [1955 c 171 § 8.]

76.14.120 Landowner's responsibility under other laws. This chapter shall not relieve the landowner of providing adequate fire protection for forest land pursuant to RCW 76.04.360, as amended, or in lieu thereof of paying the fire patrol assessment specified, but shall be deemed as providing solely for extra fire protection needed in the extrahazardous fire area. [1955 c 171 § 9.]

76.14.130 Lands not to be included in project. Projects pursuant to RCW 76.14.080 shall not be developed to include lands outside the following described boundary within the high hazard forest areas: Beginning at a point on the east boundary of section 24, township 4 north, range 4 east 1/4 mile south of the northeast corner; thence west 1/4 mile; south 1/16 mile; west 1/4 mile; north 1/16 mile; west 1/2 mile; south 1/8 mile; west 1/4 mile; south 1/8 mile; west 1/2 mile; south 1/16 mile; west 1/8 mile; south 1/16 mile; west 1/8 mile; south 1/16 mile; west 1/2 mile; south 1/16 mile; west 3/4 mile; north 1/16 mile; west 1/4 mile; north 1/16 mile; west 1/2 mile; north 1/16 mile; west 1/4 mile; north 1/16 mile; west 1 3/4 miles to the west quarter corner of section 19, township 4 north, range 4 east. Reviser's note: The powers and duties of certain agencies mentioned in this chapter have devolved upon the department of natural resources, see note following Title 76 RCW digest.

76.16.010 Acquisition of property interests for access authorized—Maintenance. Whenever the department of natural resources, hereinafter referred to as the department, shall find it to be for the best interests of the state of Washington to acquire any property or use of a road in private ownership to afford access to state timber and other valuable material for the purpose of developing, caring for or selling the same, the acquisition of such property, or use thereof, is hereby declared to be necessary for the public use of the state of Washington, and said department is hereby authorized to acquire such property or the use of such roads by gift, purchase, exchange or condemnation, and subject to all of the terms and conditions of such gift, purchase, exchange or decree of condemnation to maintain such property or roads as part of the department's land management road system. [1963 c 140 § 1; 1945 c 239 § 1; Rem. Supp. 1945 § 5823–30.]

Eminent domain: State Constitution Art. 1 § 16 (Amendment 9); chapter 8.04 RCW.

State lands subject to easements for removal of materials: RCW 79.01.312 and 79.36.230.

76.16.020 Condemnation—Duty of attorney general. The attorney general of the state of Washington is hereby required and authorized to condemn said property interests found to be necessary for the public purposes of the state of Washington, as provided in RCW 76.16.010, and upon being furnished with a certified copy of the resolution of the department, describing said property interests found to be necessary for the purposes set forth in RCW 76.16.010, the attorney general shall immediately take steps to acquire said property interests by exercising the state's right of eminent domain under the provisions of chapter 8.04 RCW, and in any condemnation action herein authorized, the resolution so describing the property interests found to be necessary for the purposes set forth above shall, in the absence of a showing of bad faith, arbitrary, capricious or fraudulent action, be conclusive as to the public use and real necessity for the acquisition of said property interests for a public purpose, and said property interests shall be awarded to the state without the necessity of either

pleading or proving that the department was unable to agree with the owner or owners of said private property interest for its purchase. Any condemnation action herein authorized shall have precedence over all actions, except criminal actions, and shall be summarily tried and disposed of. [1963 c 140 § 2; 1945 c 239 § 2; Rem. Supp. 1945 § 5823–31.]

76.16.030 Disposal of property interests acquired under this chapter. In the event the department should determine that the property interests acquired under the authority of this chapter are no longer necessary for the purposes for which they were acquired, the department shall dispose of the same in the following manner, when in the discretion of the department it is to the best interests of the state of Washington to do so, except that property purchased with educational funds or held in trust for educational purposes shall be sold only in the same manner as are public lands of the state:

(1) Where the state property necessitating the acquisition of private property interests for access purposes under authority of this chapter is sold or exchanged, said acquired property interests may be sold or exchanged as an appurtenance of said state property when it is determined by the department that sale or exchange of said state property and acquired property interests as one parcel is in the best interests of the state.

(2) If said acquired property interests are not sold or exchanged as provided in the preceding subsection, the department shall notify the person or persons from whom the property interest was acquired, stating that said property interests are to be sold, and that said person or persons shall have the right to purchase the same at the appraised price. Said notice shall be given by registered letter or certified mail, return receipt requested, mailed to the last known address of said person or persons. If the address of said person or persons is unknown, said notice shall be published twice in an official newspaper of general circulation in the county where the lands or a portion thereof is located. The second notice shall be published not less than ten nor more than thirty days after the notice is first published. Said person or persons shall have thirty days after receipt of the registered letter or five days after the last date of publication, as the case may be, to notify the department, in writing, of their intent to purchase the offered property interest. The purchaser shall include with his notice of intention to purchase, cash payment, certified check or money order in an amount not less than one-third of the appraised price. No instrument conveying property interests shall issue from the department until the full price of the property is received by said department. All costs of publication required under this section shall be added to the appraised price and collected by the department upon sale of said property interests.

(3) If said property interests are not sold or exchanged as provided in the preceding subsections, the department shall notify the owners of land abutting said property interests in the same manner as provided in the preceding subsection and their notice of intent to purchase shall be given in the manner and in accordance with the

same time limits as are set forth in the preceding subsection (2): *Provided*, That if more than one abutting owner gives notice of intent to purchase said property interests the department shall apportion them in relation to the lineal footage bordering each side of the property interests to be sold, and apportion the costs to the interested purchasers in relation thereto: *Provided further*, That no sale is authorized by this section unless the department is satisfied that the amounts to be received from the several purchasers will equal or exceed the appraised price of the entire parcel plus any costs of publishing notices.

(4) If no sale or exchange is consummated as provided in subsections (1), (2) and (3) hereof, the department shall sell said properties in the same manner as public lands of the state of Washington are sold.

(5) Any disposal of property interests authorized by this chapter shall be subject to any existing rights previously granted by the department. [1963 c 140 § 3; 1945 c 239 § 3; Rem. Supp. 1945 § 5823-32.]

76.16.040 Acquisition—Payment—Moneys available to department. The department in acquiring any property interests under the provisions of this chapter, either by purchase or condemnation, is hereby authorized to pay for the same out of any moneys available to the department of natural resources for this purpose. [1963 c 140 § 4; 1945 c 239 § 4; Rem. Supp. 1945 § 5823-33.]

hereafter organized in the state of Washington for the purpose of catching, booming, sorting, rafting and holding logs, lumber or other timber products, shall have power to acquire, hold, use and transfer all such real and personal property or estate, by lease or purchase, as shall be necessary for carrying on the business of said corporation. Any corporation hereafter organized for the purpose mentioned in RCW 76.28.010, shall within ninety days after its articles of incorporation have been filed, file in the office of the supervisor of forestry a plat or survey of so much of the shore lines of the waters of the state and lands contiguous thereto as are proposed to be appropriated by the corporation. Such plat shall be made from the records of the United States Surveyor General, or by a competent surveyor, after actual survey. The corporation may from time to time whenever it desires to extend its operations to portions of streams not embraced in its original plat, or to other streams tributary to the stream or streams described in the original plat, or any portion of such streams, or in any manner to change, modify, or correct its original plat, file additional plats or surveys in the office of the supervisor of forestry, of so much of the shore lines of the waters of the state and lands contiguous thereto as are proposed to be appropriated for such purposes. Whenever, by reason of floods or otherwise, the channel of any stream is so changed as to put the stream beyond the limits of the original plat, or any supplemental or additional plat filed pursuant to the provisions of this section, the corporation may file in the office of the supervisor of forestry additional plats or surveys showing the change in the channel and so much of the shore lines of the waters of the state and lands contiguous thereto as are proposed to be appropriated for its purposes by the corporation, which shall vest it with the same rights that it acquired by the filing of the original plat. [1957 c 33 § 1; 1907 c 52 § 1; 1890 p 470 § 2; RRS § 8400.]

Reviser's note: The 1957 amendment of this section transferred the functions of the secretary of state to the supervisor of forestry; however, chapter 38, Laws of 1957 transfers the functions relating to booming companies to the newly created department of natural resources, see chapter 43.30 RCW, particularly RCW 43.30.110, 43.30.070, 43.30.080.

76.28.030 Boom facilities—Restrictions. [1890 p 471 § 3; RRS § 8401.]

76.28.040 Tolls—Duty of company—Lien. After such works have been constructed, the corporation shall catch, hold, and assort the logs and timber products of all persons requesting such service, upon the same terms and without discrimination. It shall have the right, in consideration of the convenience and security afforded to the public in the handling of logs and timber products, to charge and collect tolls on all logs or other timber products caught within its works and upon the order or request of the owner or owners thereof, and there assorted, boomed, or rafted. The tolls shall not exceed one dollar and fifty cents per thousand feet on logs, spars, or other large timber, and reasonable rates on all other timber products. A corporation operating a boom at the mouth of any river, shall catch and hold, assort, boom, and raft all logs and timber products, except such as may be already in charge of the owner or his agents, without request of the owner, and it shall have the right to charge and collect tolls not to exceed one dollar and fifty cents per thousand feet for such service. The amount of logs or timber is to be board measure, to be ascertained by the usual legal method of scaling. The corporation shall have a lien upon the logs and timber products for the driving, floating, booming, sorting, and rafting thereof, and the right to foreclose such lien as provided in chapter 60.10 RCW and RCW 61.12.162. The corporation shall, as soon as practicable, deliver logs or other timber products caught within its booms, sorted and rafted ready for towing, to the owner thereof, and if required to hold such property for more than thirty days, shall have the right to charge a reasonable rate for such storage for the excess period. Liens, generally: Title 60 RCW.

76.28.050 Duty in assorting products. It shall be the duty of all said boom corporations, in assorting, to separate the logs, lumber or other timber products into separate booms ready for towing, so that logs or other timber products shall go to the mill or place intended for use or storage in one or more booms: *Provided*, That in case more than one boom is located on or in the same river or its tributaries, the corporation owning the upper boom or works shall pass free of charge all saw logs or other

timber products consigned to the lower boom or booms. [1890 p 472 § 5; RRS § 8403.]

76.28.060 Record of rafts. It shall be the duty of every corporation organized and transacting business under the provisions of this chapter to keep in the office of its secretary, open to public inspection, a book or books in which shall be truly recorded the facts, so far as known, regarding each and every raft by it assorted. Such record shall specify: (1) Names of owners; (2) marks or brands; (3) number of logs in each boom; (4) number of feet in boom; (5) name of steamer receiving possession; (6) date of departure from boom. [1890 p 472 § 6; RRS § 8404.]

Corporations organized in accordance with the provisions of this chapter shall be liable to the owner or owners of logs or other timber products for all loss or damage resultant from neglect, carelessness or unnecessary delay on the part of servants of such corporations: *Provided*, That loss caused by fire and ice, which cannot be reasonably guarded against, shall not be construed as resultant upon neglect or carelessness on the part of the corporation. [1890 p 472 § 7; RRS § 8405.]

76.28.080 Additional liability for failure to assort and deliver. In addition to such damages as are herein provided for any corporation wilfully neglecting to assort and deliver such logs and timber products according to the provisions of this chapter, it shall be liable to a fine not exceeding twenty percent of the value of such property which it shall have failed to deliver, but no such corporation shall be liable to such damages or penalty if said owner or owners of such logs or timber products shall have failed to furnish the necessary boom sticks and chains to raft the same. Corporations and associations (Profit): Title 23A RCW.

76.32.010 Formation of—Object. Any corporation having for its object, in whole or in part, the clearing out and improvement of rivers and streams in this state, and for the purpose of driving, sorting, holding and delivering logs and other timber products thereon, may be organized under the laws of this state, and in accordance with the provisions of the codes and statutes of Washington, as set down and numbered in volume 1 of Hill's Annotated Statutes and Codes of Washington, *sections 1497 to 1520, inclusive, and such corporations shall have all powers and be subject to all the liabilities and duties therein mentioned. [1895 c 72 § 1; RRS § 8408.]

***Reviser's note:** "sections 1497 to 1520", Hill's Annotated Statutes and Codes, formed a part of the general corporation laws existing at the time of enactment of this section. Current laws on the subject matter now appear in Title 23A RCW.

76.32.020 Acquisition of property—Eminent domain. Such corporation shall have power to acquire, hold, use and transfer all such real and personal property or estate, by lease or purchase, as shall be necessary for carrying on the business of said corporation. If such corporation shall not be able to agree with persons owning land, shore rights or other property sought to be appropriated, as to the amount of compensation to be paid therefor, the compensation therefor may be assessed and determined and the appropriation thereof be made in the manner provided by law for the appropriation of private property in *chapter 6 of title 9, volume 2, Hill's Annotated Statutes and Codes of Washington: *Provided*, That any property acquired under the provisions of this chapter for the purposes herein mentioned by the exercise of the right of eminent domain shall be used exclusively for the purposes aforesaid; and whenever the use of said property acquired by the right of eminent domain, as herein contemplated, shall cease for a period of one year, the same shall revert to the original owner, his heirs or assigns. [1895 c 72 § 2; RRS § 8409.]

***Reviser's note:** "chapter 6 of title 9, volume 2, Hill's Annotated Statutes and Codes of Washington" is codified as RCW 8.20.010 through 8.20.140.

76.32.030 Plat or survey to be filed. Any corporation organized under this chapter shall within ninety days after its articles of incorporation have been filed, file in the office of the supervisor of forestry a plat or survey of so much of the shore lines of the waters of the state or of any of the rivers or streams thereof and lands contiguous thereto as are proposed to be appropriated by the corporation. Such plat shall be made from the records of the United States Surveyor General or by a competent surveyor, after actual survey. The corporation may from time to time whenever it desires to extend its operations to portions of streams not embraced in its original plat, or to other streams tributary to the stream or streams described in the original plat, or any portion of such streams, file additional plats in the office of the supervisor of forestry. Whenever by reason of floods or otherwise, the channel of any stream is so changed as to put the stream beyond the limits of the original plat, or any

supplemental or additional plat filed pursuant to the provisions of this section, the corporation may file in the office of the supervisor of forestry supplemental plats showing the change in the channel which shall vest it with the same rights that it acquired by the filing of the original plat. [1957 c 34 § 1; 1905 c 119 § 1; 1895 c 72 § 3; RRS § 8410.]

Reviser's note: The 1957 amendment of this section transferred the functions of the secretary of state to the supervisor of forestry; however, chapter 38, Laws of 1957 transferred the functions relating to log driving companies to the newly created department of natural resources, see chapter 43.30 RCW, particularly RCW 43.30.110, 43.30.070, 43.30.080.

76.32.040 General powers and duties—Improvement of streams—Remonstrances. Such corporation shall have power and is hereby authorized in any of the rivers and streams of this state, or the dividing waters thereof, to remove jams, roots, snags and rocks, improve and straighten the channel, build wing dams and sheer booms, construct dams and gates, or otherwise, for the purpose of storing water with which to produce artificial freshets and for the purpose of holding logs and other timber products and in all ways to improve such streams and rivers for the purposes herein mentioned and contemplated. *Provided*, That no such wing dam, sheer boom, dam with gate or otherwise, shall be so constructed, maintained or used as to in any manner obstruct or impede the outlet of such stream: *And provided further*, That if any such wing dam, sheer boom, dam with gate or otherwise shall be so constructed, maintained or used as to interfere with the use for any purpose of the waters of any stream so dammed or used, or any of its tributaries, or in any manner to injure or damage any lands adjacent to such stream or its tributaries, compensation for such interference with the use of such water and for any such injury or damage shall be first assessed and determined and the appropriation thereof may be made by the exercise of the power of eminent domain in the manner provided in RCW 76.32-.020: *Provided, however*, That whenever the owners of more than one-half of the land lying alongside or abutting on any stream affected by the tide, proposed to be improved according to this chapter, shall file with the board of county commissioners of the county in which said river is situated a remonstrance against any improvements of so much of the stream as is affected by the tide, it shall then be unlawful for any corporation to take the land or any slough within the territory owned by any such remonstrancers: *Provided*, That such remonstrance shall be filed with said board within fifteen days from the filing of said plat. Nothing in this chapter shall be construed to authorize the taking or damaging of any power plant constructed or being constructed for the creation or utilization of water power. [1905 c 57 § 1; 1897 c 31 § 1; 1895 c 72 § 4; RRS § 8411.]

76.32.050 Duty to drive timber products—Tolls—Liens. After such corporation has entered upon its duties, which shall be within three months of the filing of its maps of location, it shall operate in streams theretofore navigable, upon the request of the owners, and in the case of logs and other timber products which

are commingled, or lying in such a position as to obstruct or impede the drive, without such request. When a navigable stream upon which it was not previously practicable to float logs or other timber products is improved by clearing out rocks, straightening the channel, or constructing wing dams and sheers, thereby aiding and assisting the floating of logs and other timber products, the corporation shall be entitled to driving charges on all logs or other timber products placed in the stream without a request to drive them, and in streams not navigable before such improvements were made, it shall without request, sluice, sack, and drive all logs and other timber products of suitable length that may be placed in the stream so improved, or that may be delivered into its ponds.

It shall handle all such logs and other timber products of all persons upon the same terms, without discrimination as to time of sluicing, sacking, and driving.

It shall be entitled to charge and collect reasonable and uniform tolls for such services and improvements, on all logs and other timber products handled, or sheered out of sloughs or off the bars by means of the improvements. Such tolls shall not exceed two dollars per thousand feet, board measure, on logs, spars or other large timber, and reasonable compensation on all other timber products, such charges to be fixed by the board of trustees of the corporation in proportion to the distance the timber is to be driven and the number of dams through which it is necessarily sluiced or sheered. In case the corporation is also engaged in the booming and rafting of logs and other timber so sluiced, sacked, and driven, an additional sum not to exceed one dollar and twenty cents per thousand feet for logs, spars and other large timber, and reasonable compensation on all other timber products may be charged for the booming and rafting.

The amount of such logs and other products shall be determined by the usual method of scaling, and the corporation shall have a lien upon all logs and other timber products handled for sluicing, sacking, and driving, and for booming and rafting to be foreclosed as provided in chapter 60.10 RCW and RCW 61.12.162. [1969 c 82 § 18; 1953 c 124 § 1; 1909 c 229 § 1; 1901 c 140 § 1; 1895 c 72 § 5; RRS § 8412.]

76.32.060 Liability for loss or damage. Any corporation acting under and in accordance with the provisions of this chapter shall be liable to the owner or owners of logs or other timber products for all loss or damage resulting from neglect, carelessness or unnecessary delay on the part of such corporation or its agents. [1895 c 72 § 6; RRS § 8413.]

76.32.070 Rights to cease, when. Should any corporation neglect, for the period of eight months after improving any stream or river, to operate its dams, or to otherwise perform its duties as herein provided, then all rights herein conferred to such corporations upon such streams or rivers, or portions thereof, shall cease. [1895 c 72 § 7; RRS § 8414.]

76.32.080 Boom companies may come under chapter. Duly organized boom companies at present operating

upon any of the streams or rivers of this state may file amended articles of incorporation to embrace the provisions of this chapter, and, for the purpose of time limitations mentioned in this chapter, the time of filing such amended articles of incorporation shall be deemed to be the time of organization thereof, but failure to comply with the provisions of this chapter shall work forfeiture of the rights of such corporations only so far as the same are subjoined under the provisions of this paragraph. [1895 c 72 § 8; RRS § 8415.]

76.36.010 Definitions. The words and phrases herein used, unless the same be clearly contrary to or inconsistent with the context of this chapter or the section in which used, shall be construed as follows:

(1) "Person" shall include the plural and all corporations, foreign and domestic, copartnerships, firms and associations of person.

(2) "Waters of this state" shall include any and all bodies of fresh and salt water within the jurisdiction of the state capable of being used for the transportation of forest products, and all rivers and lakes and their tributaries, harbors, bays, bayous and marshes.

(3) "Forest products" shall be taken to mean and include logs, spars, piles, and poles, boom sticks and shingle bolts and every form into which a fallen tree may be cut before it is manufactured into lumber or run through a sawmill, shingle mill or tie mill, or cut into cord wood, stove wood or hewn ties.

(4) "Catch brand" shall be taken to mean a mark or brand used by a person as an identifying mark upon forest products and booming equipment previously owned by another.

(5) "Booming equipment" shall include boom sticks and boom chains. [1925 ex.s. c 154 § 1; RRS § 8381-1.]

76.36.020 Forest products and equipment to be marked. Every person who shall put into any of the waters of this state, or ship on any common carrier railroad for the purpose of floating or rafting in any of said

waters, any forest products, or use any booming equipment as a part of his operation in securing, rafting or floating forest products, shall have a mark or brand, previously selected by him and registered in the manner hereinafter provided, plainly impressed or cut in a conspicuous place on each stick or piece of forest products so shipped on any common carrier railroad or put into any of said waters and on each piece of booming equipment so used. [1925 ex.s. c 154 § 2; RRS § 8381-2. Prior: 1890 p 110 § 1.]

76.36.030 Registration of marks or brands. Every person selecting a mark or brand, before using it, shall make application for the registration thereof in the office of the supervisor of forestry by depositing in that office an impression burned in a piece of leather of appropriate size, or a drawing thereof, together with, in duplicate a written statement duly signed and verified by him or his agent, containing a description of the mark or brand and declaring that such mark or brand is not, and at the time of its adoption by him was not, in use, to his knowledge, by any other person, and that he has selected it in good faith for marking or branding forest products to be transported on common carrier railroads, or floated or rafted in the waters of this state, or booming equipment to be used by him as a part of his operations in securing, rafting, or floating forest products.

The supervisor of forestry, upon receipt of the application and the fee hereinafter provided, if he finds that the mark or brand is not identical with any other mark or brand registered in his office, or does not so closely resemble one registered therein as to be confounded therewith, shall file in his office the impression or drawing, and one copy of the written statement, and shall register the mark or brand in a book to be provided by him and kept for the purpose and known as the "Forest products brand register," entering therein the name of the owner, character of the mark or brand, date of registration, and such other details as he may see fit to enter therein. He shall return to the applicant the other copy of the written statement, with a certificate attached thereto and signed by him or his deputy to the effect that the mark or brand has been duly registered in accordance with the provisions of this chapter, and that the applicant is the registered owner thereof. The supervisor of forestry, in the event of his refusal to register a mark or brand on account of conflict with, or resemblance to, one already registered, shall immediately give notice of that fact to the applicant, who may select another mark or brand, and apply for its registration in the manner of an original application. [1957 c 36 § 1; 1925 ex.s. c 154 § 3; RRS § 8381-3. Prior: 1890 p 110 §§ 2, 3.]

76.36.040 Assignment. Every mark or brand registered under this chapter, shall be assignable in law; and the supervisor of forestry, upon presentation to him, in duplicate, of an assignment transferring the mark or brand to a person therein named and duly executed and acknowledged by the owner thereof and the payment of the fee hereinafter mentioned, shall file one copy of the assignment in his office and make an entry in the forest

products brand register of the fact of the assignment, the date thereof and the name of the assignee, and such other details as he may see fit to enter therein. He shall then return to the assignee the other copy of the assignment, with a certificate attached thereto and signed by him or his deputy to the effect that the mark or brand has been duly registered in accordance with the provisions of this chapter and assigned to the assignee, and that the assignee is the registered owner thereof. The assignee, upon the due registration of the assignment, shall be and become the owner of the mark or brand with the full right of exclusive use to the same extent as though he had been the original owner. [1957 c 36 § 2; 1925 ex.s. c 154 § 4; RRS § 8381-4.]

76.36.050 Certificate as evidence of registration and ownership. The certificate of the supervisor of forestry, attached to the original or copy of the written statement or assignment, and signed by him or his deputy as herein provided, shall be received in all courts of this state as evidence of the due and proper registration of the mark or brand and of the ownership thereof without proof of the signature thereto. [1957 c 36 § 3; 1925 ex.s. c 154 § 5; RRS § 8381-5.]

76.36.060 Impression of mark—Presumption. All forest products and booming equipment having impressed thereupon a registered mark or brand shall be presumed to belong to the person appearing on the records in the office of the supervisor of forestry as the owner of such mark or brand. All forest products having impressed thereupon a registered catch brand shall be presumed to belong to the owner of the registered catch brand, unless there shall be impressed thereupon more than one registered catch brand, in which event they shall be presumed to belong to the owner whose registered catch brand was placed thereupon latest in point of time. [1957 c 36 § 4; 1925 ex.s. c 154 § 6; RRS § 8381-6. Prior: 1890 p 111 § 4.]

76.36.070 Cancellation of registration. The supervisor of forestry, upon the petition of the owner of a registered mark or brand, may cause the registration thereof to be canceled, and, in the event of such cancellation, the mark or brand shall be open to registration by any person subsequently applying therefor. [1957 c 36 § 5; 1925 ex.s. c 154 § 7; RRS § 8381-7.]

76.36.090 Catch brands. Every person desiring to use a catch brand as an identifying mark upon forest products or booming equipment purchased or lawfully acquired by him from another, shall before using it, make application for the registration thereof in the office of the supervisor of forestry in the manner prescribed for the registration of other marks or brands as herein required. The provisions contained in this chapter in reference to registration, certifications, assignment, and cancellation, and the fees to be paid to the supervisor of forestry shall apply equally to catch brands. The certificate of the supervisor of forestry shall designate the mark or brand as a catch brand, and the mark or brand selected by the applicant as a catch brand shall be

[1925 ex.s. c 154 § 10; RRS § 8381-10. Prior: 1901 c 123 § 4.]

76.36.110 Penalties for false branding, etc. Every person:

(1) Who shall put into any of the waters of this state, or ship on any common carrier railroad for the purpose of floating or rafting in any of said waters, any forest products, or use any booming equipment as a part of his operation in securing, rafting or floating forest products, without having plainly impressed or cut in a conspicuous place on each stick or piece of forest products so put into any of the waters of this state or shipped on any common carrier railroad, and on each piece of booming equipment so used, a mark or brand previously registered as required by the terms of this chapter; or,

(2) Except boom companies and log patrol companies organized as corporations for the purpose of catching or reclaiming and holding or disposing of forest products for the benefit of the owners, and authorized to do business under the laws of this state, who shall have or take in tow or into his custody or possession or under his control, without the authorization of the owner of a registered mark or brand thereupon, any forest products or booming equipment having thereupon a mark or brand registered as required by the terms of this chapter, or, with or without such authorization, any forest products or booming equipment required to be branded under the terms of this chapter with a registered mark or brand and having no registered mark or brand impressed thereupon or cut therein; or,

(3) Who shall impress upon or cut in any forest products or booming equipment a mark or brand that is false, forged or counterfeit; or,

(4) Who shall interfere with, prevent or obstruct the owner of any registered mark or brand, or his duly authorized agent or representative, entering into or upon any tidelands, marshes or beaches of this state or any mill, mill site, mill yard or mill boom or rafting or storage grounds or any forest products or any raft or boom thereof for the purpose of searching for forest products and booming equipment having impressed thereupon a registered mark or brand belonging to him or retaking any forest products or booming equipment so found by him; or,

(5) Who shall impress or cut a catch brand that shall not have been registered under the terms of this chapter upon or into any forest products or booming equipment upon which there is or should be a registered mark or brand as required by the terms of this chapter or a catch brand, whether registered or not, upon any forest products or booming equipment that shall not have been purchased or lawfully acquired by him from the owner; shall be guilty of a gross misdemeanor. [1925 ex.s. c 154 § 11; RRS § 8381-11. Prior: 1890 p 112 § 8.]

[1957 c 36 § 7; 1925 ex.s. c 154 § 13; RRS § 8381-13.]

In view of the different conditions existing in the logging industry of this state between the parts of the state lying respectively east and west of the crest of the Cascade mountains, forest products may be put into the water of this state or shipped on common carrier railroads without having thereon a registered mark or brand, as herein required, within that portion of the state lying east of the crest of the Cascade mountains and composed of the following counties to wit: Adams, Asotin, Benton, Chelan, Columbia, Douglas, Ferry, Franklin, Garfield, Grant, Kittitas, Klickitat, Lincoln, Okanogan, Pend Oreille, Spokane, Stevens, Walla Walla, Whitman, and Yakima; and the penalties herein provided for failure to mark or brand such forest products shall not apply: *Provided*, That any person operating within such east portion of the state may select a mark or brand and cause it to be registered in the office of the supervisor of forestry pursuant to the terms of this chapter, and use it for the purpose of marking or branding forest products and booming equipment, and, in the event of the registration of such mark or brand and the

use of it in marking or branding forest products or booming equipment, the provisions hereof shall apply as to the forest products and booming equipment so marked or branded. [1957 c 36 § 8; 1925 ex.s. c 154 § 14; RRS § 8381-14.]

76.36.150 Renewal of marks or brands—Effect of failure to renew—Abandoned marks or brands. The supervisor of forestry shall on or before September 30, 1949, and each five-year period thereafter, notify by registered letter the owner or owners of all log marks or brands then of record in the state, to renew the same. A fee of five dollars shall be charged for new brands or marks, assignment of brands or marks and renewing marks or brands. Upon receipt of said fee, the supervisor of forestry shall give a renewal certificate, which shall give the holder and owner thereof the exclusive right to continue the use of said mark or brand within the state. If any owner or owners of a mark or brand which is on record fails to pay such renewing fee within three months after the notification as herein provided, such brand shall become forfeited and no longer be carried on said records.

On and after January 1, 1950, no person, firm, association, or corporation shall claim or own any log mark or brand which has not been renewed in accordance with the provisions of this section, and any failure to renew the log mark or brand as required by such provisions shall be deemed the abandonment of the same, and any other person, firm, association, or corporation shall be at liberty to adopt or use such mark or brand so abandoned: *Provided*, That no person, firm, association, or corporation shall be at liberty to claim or use such abandoned mark or brand until after the same has been recorded in his or its own name, in the manner provided in this chapter: *Provided, however*, That no abandoned or canceled brand may be reissued for a period of one year after such abandonment or cancellation, except to the previous owner or his assignee: *Provided further*, That in case of a dispute as to the right to the use of such mark or brand, the supervisor of forestry shall determine which of the applicants is entitled to the use thereof. [1953 c 140 § 4.]

76.40.125 Violations by licensee—Remedy of owner—Procedure. If any licensee takes possession of or sells or delivers or fails to deliver any logs, in contravention of the provisions of this chapter, the owner of the logs or his agent or the transportation agency which lost any of the logs may make written demand upon the licensee by registered mail to the place of business listed in the license to deliver the stray logs, as provided in this chapter, to the owner or his agent or to a boom company, or, if the logs are not stray logs or were taken into possession in contravention of this chapter, to deliver the logs to the owner or his agent or the transportation agency. The supervisor of forestry may thereupon make demand upon the licensee to deliver the logs as provided in this chapter or give a satisfactory explanation or make a settlement with the owner, his agent or the transportation agency. If the licensee fails to comply with the demand within seven days the supervisor of forestry shall notify the licensee that a hearing will be held at a specified time and place to determine whether the supervisor of forestry should revoke or suspend the license of the licensee. 76.40.127 Denial, revocation, suspension of license. The supervisor of forestry may upon giving notice to the licensee or the applicant, hold hearings to determine whether a license should be revoked or suspended or the application for a license denied and to find whether any person has been injured by reason of any violation of this chapter by the licensee or applicant. If the supervisor of forestry at such hearing finds that the licensee or applicant has been guilty of any violation of the provisions of this chapter or of any rule or regulation adopted pursuant to the authority granted in this chapter, or has made false statements on the application for a license, or of any report or return required to be made by such licensee, he shall revoke, suspend or deny the application therefor. [1957 c 182 § 8; 1955 c 108 § 7; 1953 c 140 § 6.]

76.40.128 Denial, revocation, suspension of license—Reparation as condition to issuance or reinstatement. The supervisor of forestry, in the order revoking or suspending a license or denying the application for a license, may provide in the order that before the licensee's license will be reinstated or a new one issued to him, he shall make reparation in such amount as the supervisor of forestry believes reasonable, just and equitable, to any person found at the hearing to have been injured as a result of the licensee's violation of the provisions of this chapter. [1955 c 108 § 8; 1953 c 140 § 7.]

76.40.130 Penalties—Criminal—Civil actions. Any violation of this chapter shall be a gross misdemeanor. In addition thereto, the owner who has been deprived of the use, benefit or possession of any stray logs, boom sticks or boom chains, in violation of this chapter, shall have a right of civil action to recover for himself in damages from any person causing such deprivation, including the purchaser of such stray logs, boom sticks and boom chains. [1947 c 116 § 13; Rem. Supp. 1947 § 8415-22.]

not affect the validity of the remaining portions of said act. [1947 c 116 § 15; no RRS.]

77.12.175 Personalized license plates—Use of fees for support and aid of wildlife resources—Purpose of act. It is declared to be the public policy of the state of Washington to direct financial resources of this state toward the support and aid of the wildlife resources existing within the state of Washington in order that the general welfare of these inhabitants of the state be served. For the purposes of this chapter, wildlife resources are understood to be those species of wildlife other than that managed by the department of fisheries under their existing jurisdiction as well as all unclassified marine fish, shellfish, and marine invertebrates which shall remain under the jurisdiction of the director of fisheries. The legislature further finds that the preservation, protection, perpetuation, and enhancement of such wildlife resources of the state is of major concern to it, and that aid for a satisfactory environment and ecological balance in this state for such wildlife resources serves a public interest, purpose, and desire.

It is further declared that such preservation, protection, perpetuation, and enhancement can be fostered through financial support derived on a voluntary basis from those citizens of the state of Washington who wish to assist in such objectives; that a desirable manner of accomplishing this is through offering personalized license plates for certain vehicles and campers the fees for which are to be directed to the state treasury to the

credit of the state game fund for the furtherance of the programs, policies, and activities of the state game department in preservation, protection, perpetuation, and enhancement of the wildlife resources that abound within the geographical limits of the state of Washington.

In particular, the legislature recognizes the benefit of this program to be specifically directed toward those species of wildlife including but not limited to song birds, protected wildlife, rare and endangered wildlife, aquatic life, and specialized-habitat types, both terrestrial and aquatic, as well as all unclassified marine fish, shellfish, and marine invertebrates which shall remain under the jurisdiction of the director of fisheries that exist within the limits of the state of Washington. 1887 ACT

78.08.005 Prior claims, how governed. All mining claims upon veins or lodes of quartz or other rock in place, bearing gold, silver or other valuable mineral deposits heretofore located, shall be governed as to length along the vein or lode by the customs, regulations and laws in force at the date of such location. [1887 c 87 § 1; RRS § 8615.]

For earlier acts on this subject, see: 1867 pp 146–147, 1869 pp 386–388, 1873 pp 444–446, 1875 pp 126–127, 1877 pp 335–336. See also, act of congress, May 10, 1872.

78.08.020 Extent of lode claims. A mining claim located upon any vein or lode of quartz or other rock in place, bearing gold, silver or other valuable mineral deposits, after the approval of *this act by the governor, whether located by one or more persons, may equal, but shall not exceed, one thousand five hundred feet in length along the vein or lode; but no location of a mining claim shall be made until the discovery of the vein or lode within the limits of the claims located. No claims shall extend more than three hundred feet on each side of the middle of the vein at the surface, nor shall any claims be limited by any mining regulation to less than fifty feet of surface on each side of the middle of such vein or lode at the surface, excepting where adverse

rights, existing at the date of the approval of this act, shall make such limitation necessary. The end lines of each claim shall be parallel to each other. [1887 c 87 § 2; RRS § 8616.]

*Reviser's note: "this act" [1887 c 87], is codified in RCW 78.08.005 through 78.08.040; "date of the approval of this act" was February 2, 1888.

78.08.030 Rights of locators. The locators of all mining locations heretofore made or hereafter made under the provisions of RCW 78.08.005 through 78.08.040, on any mineral vein, lode or ledge on the public domain, and their heirs and assigns so long as they comply with the laws of the United States and the state and local laws relating thereto, shall have the exclusive right to the possession and enjoyment of all surface included within the lines of their location, and of all veins, lodes and ledges throughout their entire depth, and the top or apex of which lies within the surface lines of such location, extending downward vertically, although such veins, lodes or ledges may so far depart from the perpendicular in their course downward as to extend outside of the vertical side line of said surface location. [1887 c 87 § 3; RRS § 8617.]

78.08.031 Recorder may be elected—Duties—Records. The miners of each mining district may elect a recorder of the said district. When so elected, such recorder shall provide books of record, in which it shall be his duty to record all notices of locations or transfers, bonds, conveyances or assignments of mining claims within his district when the same shall be presented to him for record. Such records are hereby declared to be public records open to inspection, and shall have the same force and effect so far as notice is concerned, as the records of deeds and mortgages, in this state. [1887 c 87 § 5; RRS § 8619.]

78.08.032 Recorder may be elected—Term—Oath—Certifying officer—Record transfer upon vacancy. When a recorder shall be elected as provided in RCW 78.08.031, he shall hold his office for a term of one year from the date of his election, and until his successor is elected and qualified. He shall, immediately after his election, file with the county auditor, of the county in which his district is situated, an oath to the effect that he will faithfully discharge the duties of his office. He shall be a certifying officer, and certified copies of his records shall have the same force and effect as similar papers certified by other officers of this state. His fees shall be the same as those of the county auditor for similar work, and should the office of recorder in any mining district at any time become vacant, it shall be the duty of the person last holding said office, and of any person into whose possession the same may come, to forthwith transmit all the records, papers and files of the said office to the auditor of the county in which such district is located, and such auditor shall thereafter keep the same as part of the records and files of his office. [1887 c 87 § 6; RRS § 8620.]

78.08.040 Recording instruments affecting claim. Inasmuch as RCW 78.08.031 and 78.08.032 leaves the election of a recorder for a mining district optional with the miners thereof, all location notices, bonds, assignments and transfers of mining claims shall be recorded in the office of the county auditor of the county where the same is situated within thirty days after the execution thereof; *provided*, that all records of mining claims and of assignments, deeds, bonds and transfers heretofore made by any recorder of any mining district, or by any county auditor, are hereby declared to be valid and to have the same force and effect as records made in pursuance of the provisions of RCW 78.08.005 through 78.08.040. [1887 c 87 § 7; RRS § 8621.]

1899 AND LATER ACTS

78.08.050 Location notices—Contents—Recording. The discoverer of a lode shall within ninety days from the date of discovery, record in the office of the auditor of the county in which such lode is found, a notice containing the name or names of the locators, the date of the location, the number of feet in length claimed on each side of the discovery, the general course of the lode and such a description of the claim or claims located by reference to some natural object or permanent monument as will identify the claim. [1899 c 45 § 1; RRS § 8622.]

For earlier acts on this subject, see: 1867 pp 146-147, 1869 pp 386-388, 1873 pp 444-446, 1875 pp 126-127, 1877 pp 335-336, 1887 c 87; see also, act of congress, May 10, 1872.

78.08.060 Staking of claim—Requisites—Right of person diligently engaged in search. (1) Before filing such notice for record, the discoverer shall locate his claim by posting at the discovery at the time of discovery a notice containing the name of the lode, the name of the locator or locators, and the date of discovery, and marking the surface boundaries of the claim by placing substantial posts or stone monuments bearing the name of the lode and date of location; one post or monument must appear at each corner of such claim; such posts or monuments must be not less than three feet high; if posts are used they shall be not less than four inches in diameter and shall be set in the ground in a substantial manner. If any such claim be located on ground that is covered wholly or in part with brush or trees, such brush shall be cut and trees be marked or blazed along the lines of such claim to indicate the location of such lines.

(2) Prior to valid discovery the actual possession and right of possession of one diligently engaged in the search for minerals shall be exclusive as regards prospecting during continuance of such possession and diligent search. As used in this section, "diligently engaged" shall mean performing not less than one hundred dollars worth of annual assessment work on or for the benefit of the claim in such year or years it is required under federal law, or any larger amount that may be designated now or later by the federal government for annual assessment work. [1965 c 151 § 1; 1963 c 64 § 1; 1949 c 12 § 1; 1899 c 45 § 2; RRS § 8623.]

78.08.070 Cut, excavation, tunnel or test hole in lieu of discovery shaft. Any open cut, excavation or tunnel which cuts or exposes a lode and from which a total of two hundred cubic feet of material has been removed or in lieu thereof a test hole drilled on the lode to a minimum depth of twenty feet from the collar, shall hold the lode the same as if a discovery shaft were sunk thereon, and shall be equivalent thereto. [1955 c 357 § 1; 1899 c 45 § 3; RRS § 8624.]

78.08.072 Holding claim by geological, etc., survey—Report of survey. Any geological, geochemical, or geophysical survey which reasonably involves a direct expenditure on or for the benefit of each claim of not less than the one hundred dollars worth of annual assessment work required under federal statute or regulations shall hold such claim for not more than two consecutive years or more than a total of five years: *Provided*, That a written report of such survey shall be filed with the county auditor at the time annual assessment work is recorded as required under federal statute, and said written report shall set forth fully:

(1) The location of the survey performed in relation to the point of discovery or location notice and boundaries of the claim.

(2) The nature, extent, and cost of the survey.

(3) The date the survey was commenced and the date completed.

(4) The basic findings therefrom.

(5) The name, address, and professional background of the person or persons performing or conducting the survey. [1965 c 151 § 2; 1963 c 64 § 2; 1959 c 114 § 1.]

Reports of geological, etc., surveys: Chapter 78.06 RCW.

78.08.075 "Lode" defined. The term "lode" as used in RCW 78.08.050 through 78.08.140 shall be construed to mean ledge, vein or deposit. [1899 c 45 § 4; RRS § 8625. Formerly RCW 78.08.010.]

78.08.080 Amended certificate of location. If at any time the locator of any quartz or lode mining claim heretofore or hereafter located, or his assigns, shall learn that his original certificate was defective or that the requirements of the law had not been complied with before filing, or shall be desirous of changing his surface boundaries or of taking in any additional ground which is subject to location, or in any case the original certificate was made prior to the *passage of this law, and he shall be desirous of securing the benefits of RCW 78.08.050 through 78.08.140, such locator or his assigns may file an amended certificate of location, subject to the provisions of RCW 78.08.050 through 78.08.140, regarding the making of new locations. [1899 c 45 § 5; RRS § 8626.]

**Reviser's note: "passage of this law": 1899 c 45 (H.B. 272) passed the house, February 27, 1899; passed the senate, March 7, 1899, and was approved by the governor March 8, 1899.*

78.08.081 Assessment work, affidavit of work performed. Within thirty days after the expiration of the period of time fixed for the performance of annual labor or the making of improvements upon any quartz or lode

mining claim or premises, the person in whose behalf such work or improvement was made or some person for him knowing the facts, shall make and record in the office of the county auditor of the county wherein such claims are situate an affidavit or oath of labor performed on such claim. Such affidavit shall state the exact amount and kind of labor, including the number of feet of shaft, tunnel or open cut made on such claim, or any other kind of improvements allowed by law or by rules of mining districts made thereon. Such affidavit shall contain the section, township and range in which such lode is located if the location be in a surveyed area. [1955 c 357 § 3; 1899 c 45 § 6; RRS § 8627.]

When road building to apply as assessment work: RCW 78.08.140.

78.08.082 Affidavit is prima facie evidence. Such affidavit when so recorded shall be prima facie evidence of the performance of such labor or the making of such improvements, and such original affidavit after it has been recorded, or a certified copy of record of same, shall be received as evidence accordingly by all the courts of this state. [1899 c 45 § 7; RRS § 8628.]

78.08.090 Relocating abandoned claim. The relocation of a forfeited or abandoned quartz or lode claim shall only be made by sinking a new discovery shaft, or in lieu thereof performing at least an equal amount of development work within the borders of the claim, and fixing new boundaries in the same manner and to the same extent as is required in making a new location, or the relocater may sink the original discovery shaft ten feet deeper than it was at the date of commencement of such relocation, and shall erect new, or make the old monuments the same as originally required; in either case a new location monument shall be erected. [1949 c 12 § 2; 1899 c 45 § 8; RRS § 8629.]

Second. Within thirty days from the date of such discovery he must record such notice or certificate of location in the office of the auditor of the county in which such discovery is made, and so distinctly mark his location on the ground that its boundaries may be readily traced.

Third. Within sixty days from the date of discovery, the discoverer shall perform labor upon such location or claim in developing the same to an amount which shall be equivalent in the aggregate to at least ten dollars worth of such labor for each twenty acres, or fractional part thereof, contained in such location or claim: *Provided, however,* That nothing in this subdivision shall be held to apply to lands located under the laws of the United States as placer claims for the purpose of the development of petroleum and natural gas and other natural oil products.

Fourth. Such locator shall, upon the performance of such labor, file with the auditor of the county an affidavit showing such performance and generally the nature and kind of work so done. [1901 c 137 § 1; 1899 c 45 § 10; RRS § 8631.]

[1899 c 45 § 13; RRS § 8634.]

78.08.140 When road building to apply as assessment work. Any mining district shall have the power to make road building to mining claims within such district applicable as assessment work, or improvement upon such claims: *Provided,* That rules pertaining to such road building shall be made only at a public meeting of the miners of such district regularly called by the mining recorder of such district: *Provided further,* That such meeting shall be attended by at least twelve property holders of such district, and that no such rule can be made without the assent of the majority of the property holders of such district, who are present at such meeting. Such meeting to designate where, when and how such road work shall be done, and shall designate some one of their number who shall superintend such road building or construction, and who shall receipt for such labor to the performer thereof, such receipts to be filed with the county auditor of the county in which such work is performed by the holder or holders of such receipts, and

Any such lease shall be upon terms and conditions as said county commissioners may deem for the best interests of said county and the taxing

districts, and as in this chapter provided, and may be for such primary term as said board may determine and as long thereafter as minerals, including oil, and/or gas, may be produced therefrom. [1945 c 93 § 1; 1907 c 38 § 1; Rem. Supp. 1945 § 11312.]

Construction—1945 c 93: "Chapter 38, Laws of 1907, is amended by adding a new section to be designated as section 8, to read as follows:

Section 8. Nothing herein contained is intended to or shall be construed as affecting any existing rights granted under chapter 38, Laws of 1907." [1945 c 93 § 6.]

78.16.020 Order for lease—Terms—Option to purchase. When said commissioners, in their discretion, decide to lease said claims or properties as provided in RCW 78.16.010, they shall enter an order to that effect upon their records and shall fix the duration and terms and conditions of said lease, and in case an option to purchase is given shall fix the purchase price, which shall not be less than the total amount of the taxes, interest and penalties due at the time the property was acquired by the county, and may provide that any royalties paid shall apply and be credited on the purchase price, and said lease or lease and option shall be signed and executed on behalf of said county by said commissioners, or a majority of them. [1907 c 38 § 2; RRS § 11313.]

78.16.030 Sale and conveyance. Such conveyance shall refer to the order of the board authorizing such leasing with the option to purchase, and shall be deemed to convey all the estate, right, title and interest of the county in and to the property sold; and such conveyance, when executed, shall be conclusive evidence of the regularity and validity of all proceedings hereunder. [1907 c 38 § 3; RRS § 11314.]

78.16.040 Option to surrender lands. The lessee under any such petroleum lease shall have the option of surrendering any of the lands included in said lease at any time, and shall thereby be relieved of all liability with respect to such lands except the payment of accrued royalties as provided in said lease. Upon such surrender, the lessee shall have the right for a period of one hundred twenty days following the date of such surrender, to remove all improvements placed by him on the lands which have been surrendered. [1945 c 93 § 2; Rem. Supp. 1945 § 11314-1.]

Any royalties or rentals received by the said county under any lease entered into under the provisions of this chapter, shall be divided among the various taxing districts entitled thereto, in the same proportion and manner as the purchase money for said lands would have been divided in the event the said properties had been sold. [1945 c 93 § 3; Rem. Supp. 1945 § 11314-2.]

78.16.060 Surface rights. Nothing in this chapter contained shall be construed as giving the county commissioners the right to lease the surface rights of tax

acquired property, except that the lease of any property as in this chapter provided shall give the lessee the right to use such portions of the surface on said land as may be necessary or desirable to it in its business. [1945 c 93 § 4; Rem. Supp. 1945 § 11314-3.]

78.16.070 Damages to owner. In the event said lease shall be for reserved mineral rights on lands previously sold by said county with mineral rights reserved, as provided in chapter 19, Laws of 1943 [RCW 36.34.010], said lease shall contain a provision that no rights shall be exercised under said lease by the lessee, his heirs, executors, administrators, successors or assigns, until provision has been made by the lessee, his heirs, executors, administrators, successors or assigns to pay to the owner of the land upon which the rights reserved to the county are sought to be exercise [exercised], full payment for all damages to said owner by reason of entering upon said land; said rights to be determined as provided for in said chapter 19, Laws of Washington, 1943 [RCW 36.34.010]: *Provided, however,* That in the event of litigation to determine such damage, the primary term of such lease shall be extended for a period equal to the time required for such litigation, but not to exceed three years. The inspector may require either self-acting doors of an approved type, or an attendant at permanent doors that control the air current on any main haulage roads through which cars are hauled, for the purpose of opening and closing it for the employees and cars to pass in and out from the workings. A hole for shelter shall be provided at each door, to protect the attendant from danger from cars while performing his duty. Persons employed for this purpose shall remain at the doors at all times during working hours: *Provided*, That the same attendant may attend two doors if his absence from the first door does not endanger the safety of the employees. [1917 c 36 § 42; RRS § 8677. Formerly RCW 78.36.490.]

78.40.208 Stoppings between airways—Construction. In all mines, all new permanent stoppings in crosscuts or breakthroughs between the main intake and return airways shall be substantially built of masonry, concrete, or blocks of timber. Renewals of old stoppings shall be built as above. When timber is used the same must be faced with concrete or other incombustible material. [1917 c 36 § 43; RRS § 8678. Formerly RCW 78.36.510.]

78.40.211 Stoppings between airways—Airtight stoppings. Stoppings on levels between intake and return airways shall be substantially built and made as near airtight as possible. On levels driven more than two thousand feet, stoppings shall be built of masonry, concrete or blocks of timber. [1917 c 36 § 44; RRS § 8679. Formerly RCW 78.36.520.]

78.40.214 Wood stoppings to get air to working places. Stoppings shall be built in crosscuts or breakthroughs, between breasts, chutes or rooms, or other working places, to conduct the ventilation to the working places. However, such stoppings may be built of wood. [1917 c 36 § 45; RRS § 8680. Formerly RCW 78.36.530, part.]

78.40.217 Outlets, number required—Exceptions. It shall be unlawful for the owner, operator or superintendent of any mine, or the agent of such owner, operator or superintendent, to employ any person or persons in such mine, or permit any person or persons to be in such mine for the purpose of working therein, unless there are provided and maintained in connection with and leading from such mine, in addition to the hoisting shaft, slope or other place of delivery not less than two openings or outlets to the surface, or one outlet to the surface and one underground passage leading to a contiguous mine; said openings or outlets to be separated from each other and from such hoisting shaft, slope or other place of delivery, by a stratum of not less than fifty feet in thickness, at and through which openings or outlets safe and ready means of ingress and egress are at all times available by not less than three routes, for any person or persons employed in said mine; and in connection with and leading from each seam or stratum of coal being worked in said mine, and from every lift thereof, not less than two openings or outlets leading directly or indirectly to the surface, and separated by a stratum of not less than fifty feet in thickness; at and through which two openings safe and ready means of ingress and egress are at all times available by not less than two routes for any person or persons employed in said stratum or seam of coal or lift thereof. This section shall not apply to a mine while being worked for the purpose of making communication between said outlets, or to open a seam or stratum of coal, or new lift thereof, so long as not more than twenty persons are employed at any time in such part of a mine, or new lift of a mine; neither shall it apply to any mine or part of a mine in which any outlet has been rendered unavailable by reason of the final robbing of pillars, previous to abandonment, so long as not more

than twenty persons are employed in such mine or any part of such mine at one time.

This section shall apply only to mines or parts of mines which shall be developed or in which development shall be started after this chapter shall go into effect, but it shall not be construed to permit any openings or outlets now in use for the safety of men to be abandoned unless other such openings are substituted therefor. [1919 c 201 § 3; 1917 c 36 § 46; RRS § 8681. Prior: 1887 c 21 § 3, part; 1883 p 27 § 17, part; Code 1881 § 2634, part. Formerly RCW 78.34.710.]

78.40.220 Distances allowed from outlets or passages for removal of coal. It shall be unlawful for the owner, operator or superintendent of any mine to loosen or remove, or cause or permit to be loosened or removed from its original position, any coal within a distance of two hundred and fifty feet on either side of any hoisting slope, or within a distance of fifty feet on either side of any permanent airway, or escapeway, or within twenty-five feet of any level or gangway, or any parallel airway to any level or gangway, except for the purpose of driving air and escapeways, crosscuts and such other passages as may be necessary for the proper operation of the mine: *Provided*, That if the inspector shall deem it safe to permit coal to be loosened or removed within a distance nearer than two hundred and fifty feet from any hoisting slope he may grant permission to the operator to remove such coal within a distance of not less than one hundred and fifty feet of such hoisting slope, by issuing a written permit therefor. This section shall not be construed to prevent the drawing of pillars previous to the final abandonment of the mine. [1919 c 201 § 4; 1917 c 36 § 47; RRS § 8682. Formerly RCW 78.34.730.]

78.40.229 Danger signs. Danger signs in all mines shall be uniform, and of a design submitted by the mine inspector. All danger signs shall be kept in good condition, and no defective sign shall be allowed to remain in any mine. [1917 c 36 § 50; RRS § 8685. Formerly RCW 78.34.780.]

ARTICLE VI MAPS AND PLANS

78.40.235 Survey and map of mine. The operator of every coal mine in this state shall make, or cause to be made, an accurate transit survey and an accurate map or plan of such mine, drawn to the scale of one hundred

feet to the inch, on which shall appear the name of the state, county and township in which the mine is located; the designation of the mine, the name of the company or owner; the certificate of the mining engineer or surveyor as to the accuracy and date of the survey; the direction of the true meridian, and the scale to which the drawing is made. A separate map shall also be made of the surface whenever the surface buildings, lines or objects are so numerous as to obscure the details of the mine workings if drawn upon the same sheet with them, and in such cases the surface map shall be drawn upon transparent cloth or paper, so that it can be laid on the map of the underground workings and thus truly indicate the local relation of lines and objects on the surface to the excavations of the mine. [1917 c 36 § 55; RRS § 8690. Prior: 1909 c 117 § 1(e). Formerly RCW 78.38.840.]

78.40.253 Annual extension of survey——Maps to be changed. An extension of the last preceding survey of every mine in active operation shall be made once in every twelve months prior to July 1st of every year, and the results of said survey, with the date thereof, shall be promptly and accurately entered upon the original maps and all copies of same so as to show all changes in plan or new work in the mine and all extensions to the old workings which have been made since the last preceding survey. The said changes and extensions shall be entered upon the copies of the maps in the hands of said inspector, or a new copy furnished and the old copy returned to the operator. [1917 c 36 § 57; RRS § 8692. Prior: 1909 c 117 § 1(h); 1891 c 81 § 1, part; 1883 c 21 § 16, part; Code 1881 § 2633, part. Formerly RCW 78.38.860.]

78.40.256 Final survey and map. When any coal mine is worked out or is about to be abandoned or indefinitely closed, the operator of the same shall make or cause to be made a final survey of all parts of such mine, and the results of the same shall be duly extended on all maps of the mine and a copy of such final survey shall be filed with the mine inspector, so as to show all excavations and the most advanced workings of the mine, and their exact relation to the boundary or section lines of the surface. [1917 c 36 § 58; RRS § 8693. Prior: 1909 c 117 § 1(i); 1891 c 81 § 1, part; 1883 c 21 § 16, part; Code 1881 § 2633, part. Formerly RCW 78.38.870.]

78.40.259 Failure to furnish maps——Penalty. Whenever an operator of any mine shall neglect or refuse or for any cause not satisfactory to the mine inspector, fail for the period of three months to furnish said inspector the map or plan of such mine, or a copy thereof, or the extensions thereto, as provided in this article, such operator shall be deemed guilty of a misdemeanor, and the inspector is hereby authorized to make or cause to be made an accurate plan or map of such mine at the cost of the operator thereof, and the cost of

the same may be recovered from the operator in an action at law brought in the name of the inspector, for his use. [1917 c 36 § 59; RRS § 8694. Prior: 1909 c 117 § 2; 1891 c 81 § 2. Formerly RCW 78.38.880.]

78.40.262 Resurveys and maps——Expense. The mine inspector may order a survey to be made of the workings of any mine, in addition to the regular annual survey, the results to be extended on the maps of the same and copies thereof, whenever the safety of the workmen, unlawful injury to the surface, unlawful encroachment on adjoining property, or the safety of an adjoining mine requires it.

If the inspector shall believe any map required by this chapter is materially inaccurate or imperfect, he is authorized to make or cause to be made a correct survey and map at the expense of the operating company, the cost recoverable as for debt: *Provided*, If such test survey shows the operator's map to be practically correct, the state shall be liable for the expense incurred, payable in such manner as other state accounts incurred by the mine inspector. [1917 c 36 § 60; RRS § 8695. Prior: 1909 c 117 §§ 1(j) and 2; 1891 c 81 § 2. Formerly RCW 78.38.890.]

ARTICLE VII HOISTS AND HOISTING

78.40.270 Signaling apparatus required. The owner, operator or agent of every coal mine operated by shaft or slope, shall provide efficient means of signaling between the top and bottom thereof and each intermediate working level, by an electric bell or other equally satisfactory signaling device, and also a uniform code of signals for use therewith.

The operator or the superintendent shall provide, and hereafter maintain in good condition from the top to the bottom of every shaft or slope, and at each alternate intermediate working level from or to which persons or materials are lowered or hoisted, a telephone or metal tube of proper diameter, suitably adjusted to the free passage of sound, through which conversation may be held and understood between persons at the top and bottom of said shaft or slope. [1917 c 36 § 61; RRS § 8696. Prior: 1907 c 105 § 2, part; 1891 c 81 § 16, part; 1887 c 21 § 6, part; 1885 p 132 § 24, part. Formerly RCW 78.36.800.]

78.40.273 Hoisting apparatus——Requirements. For the purpose of hoisting or lowering men in any shaft or slope the owner, operator or agent thereof shall provide:

(1) A type of hoisting apparatus of sufficient strength to hold twice the maximum weight of the cage or cars loaded with men at any point on the shaft or slope. Each hoisting apparatus to be equipped with a brake or brakes on each drum of sufficient power to fully control the speed of the cage or cages or cars in such shaft or slope.

(2) An efficient indicator that will show at all times the true position of the cage or cages or cars attached to each hoist.

(3) An efficient device for the prevention of overwinding shall be attached to every hoisting apparatus hereafter put in service for hoisting or lowering persons in a shaft.

(4) A cage with a floor free from all obstructions must be provided for all shafts. Such cage shall be solidly constructed of heavy timber or iron beams for the frame, sufficient to withstand severe shocks under strains, and shall be covered with a substantially supported bonnet of boiler iron to protect persons riding in the cage from anything falling down the shaft. Each cage must be equipped with chains, bars or gates at each end, which must be always in place when men are hoisted or lowered. Each cage must also be equipped with efficient safety catches to prevent the cage from falling down the shaft in the event of the rope breaking. All rope links or chains attached to cars or cages must be of ample strength with a factor of safety of not less than five to one on the maximum load.

(5) On all regular man trips being hoisted on slopes of twenty degrees or more, each car shall be attached to the car ahead by two or more separate connections, each one of which must be of ample strength to hold any load placed upon it by the breaking of the other. And the first car shall be secured to the socket by an extra cable or chain securely attached to the car: *Provided*, That any other approved safety device may be used in lieu of those hereinabove in this paragraph (5) mentioned. On all slopes of less than twenty degrees a safety rope shall extend from the main rope to the last car, or other approved safety device that will answer the same purpose.

(6) At all shafts, when hoisting men or material, there must be provided a competent person at the top and bottom to have control of the admission of cars, material or persons, to the cage operating in such shaft.

(7) Safety gates must be provided at the top and at any intermediate landing of a shaft, or of a slope inclined over sixty degrees from the horizontal, such gates to be so constructed that when closed access to the shaft or slope will be entirely cut off; and such gates to be kept closed at all times when the rope rider or other person in charge of such landing is not present.

(8) At distances not to exceed sixty feet on inclined planes or slopes where men are employed during operations suitable holes for refuge must be provided, these to be cut into the strata not less than two and one-half feet deep and four feet wide and five feet high and level with the road. Such holes to be located at points easy of access and to be kept whitewashed. [1917 c 36 § 62; RRS § 8697. Prior: 1907 c 105 § 2, part; 1891 c 81 § 16, part; 1887 c 21 § 6, part. 78.40.276 Strength and inspection of safety devices. All ropes, chains, safety catches, etc., as enumerated above, must be of ample strength to support a strain equivalent to five times the maximum load, and must be kept in safe condition; and, furthermore, they must be

inspected at least once in twenty-four hours by a competent person appointed by the superintendent for that purpose, and a record of such examinations, reporting all defects that may have been found, must be written in ink in a book kept for that purpose at the mine office. Any defects must be corrected immediately and no persons shall be lowered into or hoisted from the mine by defective apparatus; and, furthermore, all coupling links, pins and chains used on main haulage in hoisting or lowering men on a slope shall be annealed once in every three months. Pins and couplings on all other cars must be annealed once a year. [1917 c 36 § 63; RRS § 8698. Prior: 1909 c 117 § 3, part; 1891 c 81 § 4, part. Formerly RCW 78.36.830.]

78.40.279 Testing safety catches. The following tests of safety catches on cages shall be made once every six months: The cage shall be secured by passing a heavy hemp rope through the bridle chain ring or link and fastening both ends of the ropes to guides or to diagonally opposite posts of head frame, drawing the rope taut. A blocking to be passed below the cage to support same before hoisting rope is taut. The hoisting engineer shall then slack away until the cage is suspended on the hemp rope with at least four feet of the slack hoisting rope on top of it. Everything being in readiness the hemp rope shall be suddenly cut. If the safety catches stop the cage before it rests upon the blocking, the apparatus shall be considered efficient. [1917 c 36 § 64; RRS § 8699. Formerly RCW 78.36.840.]

78.40.281 Allowable proximity of structures to ventilating fan or main airway. No building or structure shall be erected within seventy-five feet of any main ventilating fan or main entrance to or exit from main airway slope or drift, except the tibble building and trestle thereto, unless same shall be built of fireproof material, and no fires shall be allowed in or about said tibble or trestle, except it be in a fire box of a boiler: *Provided*, That this section shall not apply to any shaft or slope heretofore sunk, or to any building heretofore erected, or to prospecting or development work otherwise regulated by this chapter. [1917 c 36 § 65; RRS § 8700. Formerly RCW 78.36.540.]

overwinding device, a competent attendant, in addition to the hoistman, shall be stationed in close proximity to engine controls at such time as men are being hoisted or lowered on regular man trips. [1943 c 211 § 3; 1917 c 36 § 67; Rem. Supp. 1943 § 8702. Prior: 1891 c 81 § 19, part; 1887 c 21 § 7, part. Formerly RCW 78.36.870.]

all deaths and all injuries sustained by any employees in the pursuance of their regular occupations. These records shall be forwarded to the inspection department within one month from the time the accident occurs. [1917 c 36 § 72; RRS § 8707. Prior: 1891 c 81 § 15, part; 1887 c 21 § 7, part. In case of any major or fatal accident, the resident district officers of the miners' organization shall be notified by telephone or telegraph at the same time the mine inspector is notified, and shall have the privilege of appearing at all investigations held to determine the cause of such accident, and to recommend safety measures for the prevention of accidents. If the coroner shall determine to hold an inquest, the mine inspector shall be

allowed to testify and offer such testimony as he shall deem necessary to thoroughly inform the said inquest of the cause of death, and the said inspector shall have authority at any time to appear before such coroner and jury and question or cross-question any witness, and in choosing a jury for the purpose of holding such inquest it shall be the duty of the coroner to impanel a jury, no one of whom shall be directly or indirectly interested. It shall be the duty of the mine inspector upon being notified as herein provided, to immediately repair to the scene of the accident and make such suggestions as may appear necessary to secure the safety of the men, and if the results of the explosion or accident do not require an investigation by the coroner, he shall proceed to investigate and ascertain the cause of the explosion or accident, and make a record thereof, which he shall file as provided for, and to enable him to make the investigation he shall have the power to compel the attendance of persons to testify, and administer oaths or affirmations. The cost of such investigation shall be paid by the county in which the accident occurred, in the same manner as costs of inquests held by coroners or justices of the peace are paid, and copies of evidence taken at inquests shall be furnished the mine inspector. [1939 c 51 § 2; 1917 c 36 § 88; RRS § 8723. Prior: 1891 c 81 § 15; 1887 c 21 § 9. Formerly RCW 78.38.530.]

of dust is produced either on the roadways or in the working places, which may tend to cause danger of explosion, then all the haulage ways leading thereto and all the haulage roads and working places in such section of the mine, shall be thoroughly and effectively watered by some recognized and approved system of watering, or other treatment equivalent to watering. If, in the opinion of the inspector, an undue quantity of dust is produced and the method employed is not adequate or effective, he may notify the manager in writing and proceed as provided for in *section 9, article II of this act: *Provided, however,* That the provisions of this section shall not apply to any mine or separate split or panel of such mine if no explosives are permitted and safety lamps are used in such separate part of a mine, unless in the opinion of the inspector this exemption would be dangerous to the persons employed in such section or part of the mine. [1917 c 36 § 91; RRS § 8726. Formerly RCW 78.34.650.]

All escapement shafts or slopes over thirty degrees pitch shall be equipped with stairways or ladders having landing places or platforms at reasonable distances apart or, in lieu thereof, such hoisting apparatus as will enable the employees in the mine to make safe and speedy exit in case of danger. At all points where the passageway to the escapement shaft and other places of exit is intersected by other roadways or entries, conspicuous signboards, subject to the approval of the mine inspector,

shall be placed indicating the direction it is necessary to take in order to reach such place of exit. [1917 c 36 § 94; RRS § 8729. Prior: 1909 c 117 § 3; 1907 c 105 § 1, part; 1891 c 81 § 3; 1887 c 21 § 3, part. Formerly RCW 78.34.720.]

The mine foreman shall keep a careful watch over the ventilating apparatus, the ventilation, airways, traveling ways, timbering and drainage, and shall see that all stoppings along the airways are properly built. He shall also see that the proper crosscuts or breakthroughs are made in the pillars of all chutes, breasts, rooms, gangways, entries and levels, in accordance with this chapter, and that they are closed when necessary so that the ventilating current can be conducted in sufficient quantities through the last crosscut or breakthrough and to the working places by means of brattices or other devices, and all other duties pertaining to the safety of the men, as provided for in this chapter. [1917 c 36 § 103; RRS § 8738. Formerly RCW 78.32.480.]

The mine foreman shall each day write and sign with ink in a book provided for that purpose, a report of the general condition of the mine, which report shall clearly state any unusual danger that may have come under his observation during the day, or any unusual danger reported to him by his assistants, or by the fire bosses. The report shall also state the manner in which the requirements of the law are not complied with.

He, or his assistant, shall also once each week enter plainly with ink in said book a true report of all air measurements required by this chapter, designating the place, the area of each breakthrough and entry separately, the velocity of the air in each breakthrough and entry, and the number of men employed in each separate split of air, with the date when measurements were taken. Said book shall at all times be kept in the main office at the mine for examination by the inspector and by any persons working in the mine. Such examinations made by others than inspectors shall be in the presence of the superintendent or mine foreman.

The mine foreman shall also each day read carefully and countersign in ink all reports entered in the fire bosses' book. [1917 c 36 § 105; RRS § 8740. Formerly RCW 78.32.500.]

If the circulation of air through the mine be stopped, each entrance to said mine shall be fenced off in such manner as will ordinarily prevent persons from entering said mine, and a danger sign shall be displayed upon said fence at each entrance. The mine foreman shall see that all danger signs used at the mine are in good condition, and if they become defective he shall cause same to be repaired, or notify the superintendent.

In case of accident to a ventilating fan or its machinery whereby the ventilation in a mine is, or is about to be seriously interrupted, the mine foreman shall order the men to withdraw immediately from the mine, and he shall not allow them to return to their work until the ventilation has been restored and the mine has been thoroughly examined by him, or by an assistant mine foreman or fire boss, and reported safe.

In case the operation of the ventilating fan is stopped at a gaseous mine because of the suspension of the operations in the mine, the mine foreman shall not allow the men employed therein to enter the mine until the ventilation has been restored by the operation of the fan for at least twelve hours and the mine has been thoroughly examined by him, or by an assistant mine foreman or fire boss, and reported safe. prompt attention to its removal, and in case it is impracticable to remove the danger at once, he shall post danger signs warning every person whose safety is menaced thereby, to remain away from the place that the dangerous conditions affect. He or his assistant shall once each week travel and examine all the air courses and traveling ways, and in addition all the openings that give access to old workings or falls. He shall record and sign in ink in a book provided for that purpose the results of these weekly examinations. [1943 c 211 § 6; 1917 c 36 § 108; Rem. Supp. 1943 § 8743. Formerly RCW 78.32.510.]

78.40.420 Foreman—Precautions against gas and water. In any working place that is being driven within supposedly dangerous proximity to an abandoned mine suspected of containing explosive gases, or that may contain a dangerous accumulation of water, the mine foreman shall see that at least one bore hole shall be maintained not less than twenty feet in advance of the face; and in a seam of coal on either side of the bore hole, flank holes shall be driven not less than twelve feet in advance, and any place driven to tap water or gas shall not be more than eight feet wide. After being treated with all the skill known to the foreman or his assistant, the injured person or persons shall be carefully wrapped up and taken to their homes or the hospital. [1917 c 36 § 112; RRS § 8747. Formerly RCW 78.32.550.]

78.40.432 Fire boss—Duties in general. It shall be the duty of the fire boss to examine carefully not more than three hours before a first shift enters the mine, every working place in his charge in which men have not been employed at the working face within ninety minutes previous to the starting time of such shift all open places adjacent to live workings, and every unfenced road to abandoned workings. He shall see that the air current is traveling in its proper course. In making the

examination he shall use no other than an approved safety lamp. The fire boss shall examine for all dangers in all portions of the mine under his charge, and after each examination he shall leave at or near the working face of every place examined the date of the examination as evidence that he has performed his duty. [1917 c 36 § 113; RRS § 8748. Formerly RCW 78.32.590.]

At the entrance to and in crosscuts or breakthroughs to any working place where explosive gas is discovered or where there is immediate danger found to exist from any other cause, the fire boss shall place a danger sign, which shall be sufficient warning for persons not to enter.

The danger sign shall consist of a lagging, board or piece of timber, or other obstruction, placed across the entrance to the working place, and in crosscuts and breakthroughs open to such working place, so that it is distinctly visible and marked plainly showing that danger exists beyond. [1917 c 36 § 114; RRS § 8749. Formerly RCW 78.32.600.]

78.40.438 Fire boss—Record of inspections—Procedure upon report of gas. Each fire boss shall, immediately after making his inspection and before the employees are allowed to enter the mine, report on a bulletin board provided for that purpose at the entrance to the mine, a true record of such inspection, designating each place where gas is found, also that all other places are clear. A like report of such inspection shall immediately be made by the fire boss, with ink, in a book kept for that purpose at the mine office on the surface, and in addition shall set forth the time of the inspection, the reason for the presence of any danger found, the means taken and by whom for the removal of same. If explosive gas is found the report shall show as near as possible the amount found, and time the place was clear. The fire bosses' record shall, at all times, be accessible to the mine inspector or his deputy, and to the employees of the mine in the presence of a mine official. The fire boss, mine foreman, or his assistant must reexamine all places in which gas is reported in advance of employees working in such places. After making such examination he shall personally direct the removal of said gas or other danger. Gas shall not be removed by brushing. [1917 c 36 § 115; RRS § 8750. Formerly RCW 78.32.610.]

No blasts in such part of a mine shall be fired by any other person than a shot firer, fire boss or foreman. Incombustible material for tamping must be used for that purpose, and the mine foreman shall supply same at convenient places inside the mine. Under no circumstances shall coal dust or any other combustible material be used for tamping. Each shot firer shall report to the fire boss, mine foreman, or his

assistant, every shot that he has refused to fire, every blown out shot, and every shot that has missed fire, and a record shall be kept of same. [1917 c 36 § 116; RRS § 8751. Formerly RCW 78.38.270 and 78.38.350, part.]

78.40.444 Shot firing—Restrictions on. No shot firer or any other person shall fire a shot in any working place if he can detect explosive gas in the place. In dusty mines no shot shall be fired unless the place in which the shot is to be fired is thoroughly wetted or otherwise treated to prevent the existence of any dust for a distance of not less than one hundred feet from the shot to be fired.

When the presence of coal dust is likely to enter into an explosion hazard, the chief mine inspector may require that the dry area be thoroughly rock dusted to the extent that the incombustible content shall be at least seventy percent.

In all advancing entries, counters and haulage inclines where an undue quantity of dry coal dust is present, the chief mine inspector may require that the rock dusting shall be kept within one hundred feet of the working face. The rock dust shall be of such material as will meet the requirements of the U.S. bureau of mines in exclusion of deleterious substances. [1943 c 211 § 7; 1917 c 36 § 117; Rem. Supp. 1943 § 8752. Formerly RCW 78.38.330.]

ARTICLE X MINE RESCUE EQUIPMENT

78.40.450 Rescue apparatus and supplies—Reports on. Within one year after *this chapter goes into effect, every coal mine employing as many as twenty underground men, shall have and maintain ready for use at all times, at least three sets of mine rescue apparatus, and one reviving device, of a type approved by the U.S. bureau of mines.

For each one hundred underground men in addition to the first twenty, one additional apparatus shall be maintained, up to six sets.

At every coal mine where mine rescue equipment is maintained, supplies for same shall be kept on hand to last at least twenty-four hours. The superintendent of the mine, or some person designated by him for that purpose, shall examine each apparatus once each month and report the condition of same, also the amount of supplies on hand at the time of such examination. This report shall be made in writing by the person making the examination and a record of same shall be kept at the mine office and shall be accessible to the mine inspector or his deputy at all times.

Whenever two or more coal mines are operated by the same company within a radius of twenty miles, they shall be considered as one mine. However, mines within a radius of twenty miles and connected by a wagon road or railroad, may agree to equip and maintain one central station at which there shall not be less than six apparatuses and one reviving device; when more than four mines are associated at one central station, an additional machine must be added: *Provided, however,* That any coal mining operation within fifty miles of a properly equipped and maintained U.S. bureau of mines rescue

station, in lieu of the provisions of this section, shall be required to furnish such personnel as the bureau of mines or the state mine inspector may require for adequate training in mine rescue and first aid work, the cost of the training of said personnel to be borne by the mine operator. [1947 c 166 § 4; 1943 c 211 § 8; 1917 c 36 § 118; Rem. Supp. 1947 § 8753. Formerly RCW 78.34.450.]

**Reviser's note:* "this chapter goes into effect": "this act" used in session law language is changed to "this chapter"; the phrase was first used in the 1917 act, which took effect at midnight, June 6, 1917. The 1947 amendatory act took effect at midnight, June 11, 1947.

78.40.453 Stretchers required—Use. The operator or superintendent of every mine employing from five to fifty persons, shall provide and keep in good condition near the principal entrance to the mine, one stretcher. When more than fifty persons are employed, they shall keep at least two stretchers. These stretchers shall be used for conveying to his abode, or to the hospital if necessary, any person who may be injured while in the discharge of his duties. [1917 c 36 § 119; RRS § 8754. Prior: 1891 c 81 § 13. Formerly RCW 78.34.460, part.]

78.40.456 Woolen blankets required. Suitable woolen blankets shall be kept on hand for each stretcher. [1917 c 36 § 120; RRS § 8755. Formerly RCW 78.34.460, part.]

78.40.459 Medical supplies required. At all times there shall be provided bandages, splints, and other medical supplies, to render first aid and relief to employees who may be injured. These supplies shall be kept in a suitable room near the entrance to the mine. [1917 c 36 § 121; RRS § 8756. Formerly RCW 78.34.480.]

78.40.462 First aid kits—Penalties. At each working level, or entry, of every mine in this state, the operating company shall maintain a box of first aid supplies equivalent to the American Red Cross (industrial) first aid box. If these boxes are kept locked, the keys shall always be near at hand and plainly visible. Such keys may be kept under glass as a fire alarm box key is kept. Additional keys may be given to employees selected by the mine foreman on each level or working section of the mine. The foreman shall keep a list of those who have keys in their possession posted on the (industrial) first aid box nearest their working places. In addition to the above first aid boxes, the operating company of each mine shall furnish each driver or motorman with a metallic covered packet equivalent to those sold by the American Red Cross. At all times when they are underground or at their respective places of employment, said drivers or motormen shall have the metallic packets in their possession. Failure of the operator to provide the supplies required by this section shall constitute a misdemeanor. Any person destroying or stealing any of the first aid supplies shall be guilty of a misdemeanor. [1917 c 36 § 122; RRS § 8757. Formerly RCW 78.34.490.]

ARTICLE XI POWDER AND EXPLOSIVES

78.40.470 Explosives, how and where to be kept. Every person who has powder or other explosives in a mine shall keep the same in a proper, closed receptacle. Said receptacle shall be kept as far as practicable from the track or chute; and all powder receptacles shall be kept as far as practicable from each other, and each in a secluded place. Detonators shall at all times be kept in securely closed cases, separate and apart from other explosives, until required for use. [1917 c 36 § 123; RRS § 8758. Formerly RCW 78.38.200.]

Storage of explosives—Issuance to workmen: RCW 78.40.488.

78.40.473 Use of lamps and lighted pipes near explosives—Opening receptacles. Whenever a workman using an open light is about to open a receptacle containing explosives, and while handling the explosives, he shall place and keep his lamp at least five feet distant from said explosive and in such position that the air currents cannot convey sparks to it, and at such time no person shall approach nearer than five feet to any explosive with an open lamp, lighted pipe, or anything containing fire, except safety lamps, unless such explosive is contained in a proper closed receptacle. No miner, workman, or other person shall open any receptacle containing an explosive except in the manner prescribed by the manufacturer thereof, and it shall be unlawful for any person to have in his possession in any mine any receptacle containing explosives which has been opened in violation of this chapter. [1917 c 36 § 124; RRS § 8759. Formerly RCW 78.38.210 and 78.38.220, part.]

Limitations on storage and handling of explosives: RCW 78.40.651.

Precautions in handling explosives: RCW 78.40.675.

78.40.476 High explosives. No high explosive shall be stored in any mine and no more shall be taken into any mine at any one time, by any person, than is required in one shift. The quantity used shall be subject to the approval of the mine inspector. [1917 c 36 § 125; RRS § 8760. Formerly RCW 78.38.230.]

78.40.479 Firing dependent shots—Permit. No person shall fire a dependent shot in the coal as hereinafter defined. A dependent shot is a shot dependent on another shot so placed as to make an opening sufficient for the dependent shot to do its work properly. At mines where solid shooting is allowed the opening shot shall be fired first and no dependent shot shall be fired at that time. In no case shall more than one kind of explosive be used in the same drill hole: *Provided*, That in any mine where the coal bed worked is less than three feet between walls and no gas or dust is present, where it can be shown to the satisfaction of the mine inspector that the above rule would prohibit the operating company to mine the coal at a profit, the mine inspector may grant him a permit to suit his conditions. [1917 c 36 § 126; RRS § 8761. Formerly RCW 78.38.310.]

78.40.482 Black powder, how handled. Black powder for use in mines shall be put up in metallic cans or canisters, or receptacles of equally safe material. No black powder, high explosive, or detonators shall be hauled on any electric motor trip in any mine, unless the same are encased in nonconductive boxes or receptacles: *Provided*, That they may be hauled in nonconductive car.

No black powder, other than that taken by each man for his own use, shall be hauled on man trips. [1917 c 36 § 127; RRS § 8762. Formerly RCW 78.38.260.]

78.40.485 Needles and tamping bars—Depth of holes—Unconfined shots—Penalty. The needle used in preparing a blast of black powder shall be made of copper, and the tamping bar shall be tipped with at least five inches of solid copper. All other explosives where a cap or detonator is used for the purpose of exploding the blast, shall be tamped with a wooden tamping bar. In no case shall iron or steel or other metal that is liable to cause a spark while tamping, be used for the purpose of tamping any explosive. Neither shall a scraper be used for tamping. It shall be unlawful for any person to have in his possession in the mine underground, any iron or steel needle or tamping bar not tipped as above required.

No hole shall be drilled more than six feet in depth for the purpose of blasting: *Provided, however*, That where mining machines are used holes may be drilled to the depth of the cut.

Bulldozing, mudcapping, or other unconfined shots shall not be fired in any coal mine, excepting and provided the confronting situation is such that it cannot safely be overcome by any other method. In such case, and then only in the interests of safe practice may such a shot or shots be placed, and the area within fifty feet thereof shall be thoroughly wetted down or rock dusted before firing, and the shot or shots be packed or heavily capped with rock dust.

Any violation of this section shall be a misdemeanor and the offender shall be punished under the provisions of this chapter. [1943 c 211 § 9; 1917 c 36 § 128; Rem. Supp. 1943 § 8763. Prior: 1887 c 21 § 19. Formerly RCW 78.38.280.]

Types of tamping bars for blasting enumerated: RCW 78.40.678.

78.40.488 Storage of explosives—Issuance to workmen—Penalty. Each person, firm or corporation, engaged in coal mining, requiring the use of powder or other explosives, shall provide (subject to the approval of the mine inspector) at or near the entrance of each coal mine operated, at some suitable place near such work, a suitable distributing magazine for the storage of such powder or other explosives. There shall be posted upon such magazine a notice printed in letters not less than three inches in height, that such magazine contains explosives. No person shall store or keep in any magazine mentioned in this section, any powder or other explosive in excess of one ton. Such powder or other explosives shall be issued daily in quantities not to exceed the amount used by each workman in one shift, in proper receptacles. Any miner taking powder into the mine and having to return the same on account of not

being able to work, may return the same to the operator and the operator shall receive it. Any person or corporation violating or failing to comply with the provisions of this section shall be guilty of a misdemeanor. [1917 c 36 § 129; RRS § 8764. Prior: 1911 c 65 § 1. Formerly RCW 78.38.240.]

Explosives, how and where to be kept: RCW 78.40.470.

Limitations on storage and handling of explosives: RCW 78.40.651.

ARTICLE XII SAFETY LAMPS

78.40.500 Safety lamps—Type—Examination. In every working of a coal mine approaching any place where there is likely to be an accumulation of explosive gases, or in any working place where there is imminent danger from explosive gases, no light or lamp other than a magnetic locked safety lamp or electric lamp shall be allowed or used, except by superintendents, shot lighters or other certified men, who may use such lamps as may be approved by the mine inspector.

Whenever safety lamps are required in any mine they shall be the property of the owner of said mine, and a competent person who shall be appointed for that purpose shall examine every safety lamp immediately before it is taken into the workings for use and ascertain it to be clean, safe and securely locked; and safety lamps shall not be used until they have been examined and found safe, clean and securely locked. [1917 c 36 § 131; RRS § 8766. Prior: 1909 c 57 § 1. Formerly RCW 78.36.010.]

Prerequisite to entrusting lamps to workmen: RCW 78.40.657.

Unauthorized possession of keys to safety lamps—Prosecution: RCW 78.40.660.

78.40.503 Safety lamps—Open lights prohibited, when. At mines where the danger from explosive gas requires the use of safety lamps, no open lights shall be used in that part or district of the mine where safety lamps are in use. [1917 c 36 § 132; RRS § 8767. Formerly RCW 78.36.020.]

78.40.506 Safety lamps—Tampering with lamps or using other lighting devices—Penalty. In any mine where locked safety lamps are used, any person other than those authorized by this chapter, opening or tampering with one of said safety lamps, or found with matches or any lighting device other than safety lamps, shall be guilty of a misdemeanor and upon conviction thereof he shall be fined not less than fifty dollars nor more than two hundred dollars, or imprisonment for a term of not more than one year: *Provided, however*, This shall not prohibit the use of any flame used in making repairs to any machinery or wires when such repairs are made on the intake air. [1917 c 36 § 133; RRS § 8768. Prior: 1909 c 57 § 3, part. Formerly RCW 78.36.040.]

78.40.509 Safety lamps—Penalty. For the violation of any provisions of RCW 78.40.500 and 78.40.503, the operator or employee of any mine shall be deemed guilty of a misdemeanor, and upon conviction thereof may be fined in any sum not less than fifty dollars nor more than two hundred dollars, and in addition thereto

the mine inspector shall have authority and it shall be his duty to close such mine until the provisions of this chapter shall be complied with. [1917 c 36 § 134; RRS § 8769. Prior: 1909 c 57 § 3, part. Formerly RCW 78.36.030.]

78.40.512 Safety lamps—Appeal—Number of lamps. The operator of any mine may appeal to the mining board when in his judgment the order of the mine inspector to place a mine on safety lamps is unreasonable. The decision of the board shall be final.

At every mine in this state the operator shall provide and maintain in condition for use, not less than four approved safety lamps. [1917 c 36 § 135; RRS § 8770. Formerly RCW 78.36.050.]

78.40.518 Precautions against falling material. Over every shaft that is being sunk, or that shall hereafter be sunk, there shall be a safe and substantial structure erected to support the sheaves or pulleys at a height of not less than twenty-five feet above the tipping place. The landing platform of such shaft shall be so arranged that material cannot fall down the shaft while the bucket is being emptied or taken from the hoisting rope. If provisions are made to land the bucket on a truck, said truck and platform shall be so arranged that material cannot fall into the shaft. [1917 c 36 § 137; RRS § 8772. Formerly RCW 78.38.030.]

78.40.521 Hoisting methods. Rock or coal shall not be hoisted except in a bucket or on a cage when men are in the bottom of a shaft, and said bucket or cage must be connected to the hoisting rope by a safety hook or clevis or other safety attachment, and said bucket shall be so arranged that there will be no danger of its tipping over while the bucket is being hoisted or lowered. The rope shall be fastened to the side of the drum, and not less than three coils of rope shall always remain on the drum. In shafts over one hundred feet in depth, such shafts shall be provided with guides and guide attachments applied in such manner as to prevent the bucket from swinging while descending or ascending, and such guide or guide attachments shall be maintained at a distance of not more than seventy-five feet from the bottom of such shaft, until its sinking shall have been completed. [1917 c 36 § 138; RRS § 8773. Formerly RCW 78.36.900.]

78.40.527 Shaft levels to be made safe. Where the strata are not safe, every shaft level shall be securely cased, lined, or otherwise made secure, and the person in charge shall see that all loose rock or other material on the sides of the shaft, or on the timber in the shaft, shall not be allowed to remain on said timber or sides of the shaft after each blast. [1917 c 36 § 140; RRS § 8775. Formerly RCW 78.38.050.]

78.40.530 Precaution when gas in shaft—Blasting in shaft sinking. Where explosive gas is encountered in sinking shafts, the person in charge shall see that the shaft is examined before each shift of men enters to work and before the men descend after each blast. All blasts in shaft sinking shall be exploded by an electric battery placed on the surface. [1917 c 36 § 141; RRS § 8776. Formerly RCW 78.38.060.]

ARTICLE XIV RULES FOR THE INSTALLATION OF ELECTRICITY

78.40.540 Compliance with rules—Definitions. The operator, superintendent, or mine foreman in charge of any coal mine in which electricity is used as a means of power, shall, within six months after the passage of this chapter, comply with the following rules:

DEFINITIONS

Potential: The terms "potential" and "voltage" are synonymous and mean electrical pressure.

Difference of potential: The expression "difference of potential" means the difference of electrical pressure existing between any two points of an electrical system, or between any point of such system and the earth, as determined by a volt meter.

Potential of a circuit: The potential or voltage of a circuit, machine, or any piece of electrical apparatus, is the potential normally existing between the conductors of such circuit or the terminals of such machine or apparatus.

(1) Where the conditions of the supply of electricity are such that the difference in potential between any points of the circuit does not exceed three hundred volts, the supply shall be deemed a low voltage supply.

(2) Where the conditions of the supply of electricity are such that the difference in the potential between any two points in the circuit may at any time exceed three

hundred volts, but does not exceed six hundred volts, the supply shall be deemed a medium voltage supply.

(3) Where the conditions of the supply of electricity are such that the difference of potential between any two points in the circuit exceeds six hundred volts, the supply shall be deemed a high voltage supply.

Grounding: Grounding any part of an electric system shall consist in so connecting such part to the earth that there shall be no difference of potential between them.

Underground station: An underground station is herein considered as any place where electrical machinery is permanently installed. [1917 c 36 § 144; RRS § 8779. Formerly RCW 78.36.600.]

78.40.543 Grounding. All metallic coverings, armoring of cables other than trailing cables, and, where installed underground, the frames and bed-plates of generators, transformers and motors, other than low voltage portable motors, shall be efficiently grounded, as shall also the neutral wire of three wire continuous current systems. [1917 c 36 § 145; RRS § 8780. Formerly RCW 78.36.610.]

78.40.546 Voltage underground—Installations—Danger signs. No higher voltage than medium voltage shall be used underground, except for transmission or for application to transformers, or other apparatus, in which the whole of the high voltage circuit is stationary.

In gaseous mines, high voltage transmission cables shall be installed in the intake airways only, and high voltage transformers shall be installed only in suitable chambers ventilated by the intake air which has not passed through or by a gaseous district.

All high voltage machines, apparatus, and lines shall be so marked as to clearly indicate that they are dangerous by the use of the word "danger" placed at frequent intervals. [1917 c 36 § 146; RRS § 8781. Formerly RCW 78.36.620.]

78.40.549 Switchboards. Switchboards: Main and distribution switch and fuse boards, underground, shall be made of incombustible insulating material, such as marble or slate, free from metallic veins, and be fixed in as dry a situation as practicable. [1917 c 36 § 147; RRS § 8782. Formerly RCW 78.36.630.]

78.40.552 Gloves and mats for repairmen. Precaution against shock: Gloves or mats of rubber or other suitable insulating material shall be provided and used by persons so engaged when repairs are made to the live parts of any electrical apparatus, or when the live parts of electrical apparatus have to be handled for the purpose of adjustment. [1917 c 36 § 148; RRS § 8783. Formerly RCW 78.36.640.]

78.40.555 Meddling with electrical system—Penalty. Any person who shall wilfully damage, or, without authority, alter or make connection to any portion of a mine electrical system, shall be guilty of a misdemeanor. [1917 c 36 § 149; RRS § 8784. Formerly RCW 78.36.650.]

78.40.558 Defects to be reported. Report of defective equipment: In the event of a breakdown, or of damage or injury to any portion of the electrical equipment of a mine, or of overheating, or of the appearance of sparks or arcs outside of enclosing casings, or in the event of any portion of the equipment, not a part of the electrical circuit, becoming alive, every such occurrence shall be promptly reported to the person in charge of the electrical equipment. [1917 c 36 § 150; RRS § 8785. Formerly RCW 78.36.660.]

78.40.561 Underground installations—Authorized personnel only—Fire protection. Underground stations and transformer rooms: Switchboards: All switches, circuit breakers, rheostats, fuses and instruments used in connection with underground motor-generators, rotary converters, high voltage motors, transformers, and low and medium voltage motors of more than fifty horsepower capacity, shall be installed upon a suitable switchboard, or its equivalent. Similar equipment, for low and medium voltage motors of fifty horsepower and less, may be separately installed if mounted upon installing bases of slate or equivalent insulating material.

In underground stations where switchboards are installed, there shall be a passageway in front of the switchboard not less than five feet in width, and if there are any high voltage connections at the back of the switchboard, any passageway behind the switchboard shall not be less than three feet clear.

Unauthorized persons: No person other than one authorized by the mine foreman shall enter a station or transformer room, or interfere with the workings of any apparatus connected therewith.

Fire equipment: Fire equipment of an approved type shall be kept in electrical stations and transformer rooms, ready for immediate use in extinguishing fires. [1917 c 36 § 151; RRS § 8786. Formerly RCW 78.36.670.]

78.40.564 Insulation. Transmission circuits and conductors: Power and light circuits: All high pressure wires used inside of the mines shall be in the form of insulated, lead covered or armored conductors, subject to insulation tests, and with carrying capacity according to the rules of the National Board of Fire Underwriters.

Medium or low pressure conductors may be bare, except in gaseous portions of the mines, where they may be used only on intake air. No bare conductors shall be used in rooms, or beyond the last cut-through in intake entries.

All underground cables and wires, other than trailing cables, unless provided with grounded or metallic covering, shall be supported by means of efficient insulators. Conductors connecting lamps to the power supply shall in all cases be insulated.

Main circuits: Every main circuit coming from generating or transformer stations shall there be provided with switches, fuses or circuit breakers.

In any gaseous mine, or gaseous portion of a mine, the electrical supply shall be brought underground only through such portions of the mine as are ventilated by the intake air, unless in lead incased cables.

Grounded circuits: One side of the grounded circuits shall be very effectively insulated from earth.

Underground trolley: In underground roads the trolley wires shall be securely supported on hangers placed at such intervals that the sag between points of support shall not exceed three inches. The sag between points of support can exceed three inches if the height of the trolley wires above the rail is five feet or more and does not touch the roof when the trolley passes under.

In underground haulage roads where the potential is higher than low voltage, all trolley or other bare power wires which are placed less than six and one-half feet above the top rail, shall be efficiently protected. This protection shall consist in placing boards along the wire, which shall extend below it, or the use of other approved devices that will afford the same protection: *Provided*, That this rule shall not apply to entries or gangways already driven where the height is less than five feet above the lower rail.

All low pressure trolley wires must be guarded in front of loading chutes, slants, landings and partings where men are required to regularly work or pass under same.

All branch trolley lines shall be fitted with an automatic trolley switch or section insulator and line switch, or some other device that will allow the current to be shut off from such branch headings.

Joints in conductors: All joints in conductors shall be mechanically and electrically efficient, and wherever it is possible to do so, they shall be soldered. Wherever the conductors cannot be soldered together, suitable screw clamps or connectors shall be used. All joints in insulated wire shall, after the joint is complete, be reinsulated to at least the same extent as the remainder of the wire.

Where lead covered or armored cable is used, the lead or armor shall be electrically continuous throughout and shall be efficiently grounded.

Cables entering fittings: The exposed end of cables where they enter fittings of any description, shall be so protected and finished off that moisture cannot enter the cable, or the insulating material, if of an oily or viscous nature, leak.

Where unarmored cables or wires pass through metal frames, or into boxes or motor casings, the holes shall be substantially bushed with insulating bushings, and, where necessary, with gas tight bushings which cannot readily become displaced.

Joints in cables: Where cables other than signal cables are joined, suitable junction boxes shall be used, or the joints shall be soldered and the insulation, armoring, or lead covering replaced in at least as safe a condition as it was originally.

Power wires and cables in shafts: All power wires and cables in hoisting shafts or manway compartments shall be highly insulated and substantially fixed in position.

Cables and wires, unless provided with metallic coverings shall not be fixed to walls or timbers by means of insulated fastenings.

Trailing cables: Trailing cables for portable machines shall be especially flexible, heavily insulated and protected with extra stout braiding, hose pipes or other equally effective covering.

Each trailing cable in use shall be daily examined by the machine operator, for abrasions and other defects, and he shall also be required to carefully observe the trailing cable while in use, and shall at once report any defect to the person in charge of electrical equipment.

In gaseous portions of a mine a fixed terminal box shall be provided at the points where trailing cables are attached to the power supply. This terminal box shall be flameproof and shall contain a switch and fuse on each pole of the circuit. The switch shall be so arranged that it can be operated only from without the box, when the latter is completely closed, and the switch shall also be so constructed that the trailing cables cannot be attached or removed when the switch is closed. [1917 c 36 § 152; RRS § 8787. Formerly RCW 78.36.680.]

78.40.567 Switches, fuses and circuit breakers—
Operation and capacity. Switches, fuses and circuit breakers: Operation and capacity: Fuses and automatic circuit breakers shall be so constructed as effectually to interrupt the current on short circuit, or when the current through them exceeds a predetermined value.

Circuit breakers shall be adjusted to trip at from fifty percent to one hundred and fifty percent of their normal rated capacity, and provided with an indicator which shall show at what current the circuit breaker is set to trip.

Fuses shall be stamped or marked, or shall have a label attached indicating the maximum current which they are intended to carry. Fuses shall only be adjusted or replaced by a competent person authorized by the mine foreman.

Feeder circuit breakers: Circuit breakers used to protect feeder circuits shall be set to trip when the current exceeds by more than fifty percent the current carrying capacity of the feeder. In case the feeder is subjected to overloads sufficient to trip the circuit breaker, but of short duration, the circuit breaker may be equipped with a device which shall prevent its acting unless the overload persists for a longer period than ten seconds.

Bases: All switches, circuit breakers and fuses shall have incombustible bases.

Switches: All points at which a circuit, other than a signal circuit, has to be made or broken, shall be provided with proper switches. The use of hooks or other makeshifts is prohibited, except that connection for gathering locomotives, or locomotives and machines used in driving headings or rooms, may be made to the trolley by means of suitable hooks; switches shall be so installed that they cannot be closed by gravity. In any gaseous portions of a mine switches, circuit breakers or fuses shall not be of the open type, but must be enclosed in explosion proof castings, or break under oil. 78.40.570 Motors. Every stationary motor underground, together with its starting resistance, shall be protected by a fuse or circuit breaking device on at least

one pole for direct current; and all poles for alternating current motors, and by switches arranged to entirely cut off the power from the motor. The above devices shall be installed in a convenient position near the motor.

Motors in coal mines: In any coal mine all motors, unless placed in such rooms as are separately ventilated with intake air, shall have all their current carrying parts, also their starters, terminals and connections, completely closed in explosion proof inclosures made of nonflammable materials. These inclosures shall not be opened except by an authorized person, and then only when the motor is switched off. The power shall not be switched on while the inclosures are open.

Mechanization: In any coal mine, all electrical equipment shall be of permissible type approved by the U.S. bureau of mines, unless used strictly in pure intake air. In by last open cross cut is not to be considered as pure intake air. (1) Frequent inspections must be made. All electrical parts including trailing cables and wiring must be kept in a safe condition. A permissible junction box must be used in connecting the power circuit, unless the connections are made in pure intake air. (2) All bolts, nuts, screws, and other means of fastenings must be in place, properly tightened and secured. The maximum clearance shall not exceed .004 of an inch on all flange fits. (3) Inspections, repairs, or renewals of electrical parts must not be made unless the current is disconnected from the power circuit. The power must not be turned on until all parts are properly assembled. (4) Spliced cables must not be used unless the splices are properly made and vulcanized. (5) The frame of all electrical equipment must be connected to an adequate ground. The power wires must not be used for grounding. (6) The power shall not be turned on any piece of electrical equipment until a test for explosive gas has been made, unless said equipment is operated in intake air. (7) A test for gas must be made before starting the mining machine or electric drill and also a test for gas must be made at least every ten minutes while the machine or drill is in operation. (8) Water must be used on the cutter bar of mining machines while in operation in dusty conditions. (9) It is positively forbidden to use mining machines or electrical drills unless they are in good condition. (10) Hand drills shall not be operated on a higher potential than low voltage.

The person in charge of a coal cutter or drilling machine shall not leave the machine while it is working, and shall, before leaving the working place, see that the current is cut off from the trailing cables.

In any portion of a mine if any electric sparking or arc be produced outside of a coal cutting or other portable motor, or by the cable or rails, the machine shall be stopped and not worked again until the defect is repaired, and the occurrence shall be reported to an official of the mine. (2) The miners employed by or engaged in working at any coal mine in this state shall have the privilege, if they desire, of employing at their expense a check weighman, whose compensation shall be deducted by the mine operator before paying the wages due the miner, and who shall have like rights, powers and privileges in the weighing of coal as the regular weighman, and be subject to the same oath and penalties as the regular weighman. Said oath or affirmation shall be conspicuously posted in the weigh office.

The miner shall examine his working place before beginning work, and take down all dangerous slate, or otherwise make it safe by properly timbering it, before commencing to mine or load coal. He shall examine his place to see whether the fire boss has left the date marks indicating his examination thereof, and if said marks cannot be found it shall be the duty of the miner to notify the mine foreman, or the assistant mine foreman, of the fact immediately. The miner shall at all times be careful to keep his working place in a safe condition.

Should he at any time find his place becoming dangerous from gas or from roof or from any unusual condition that may arise, he shall at once cease working and inform the mine foreman, or the assistant mine foreman, of said danger, but before leaving his place he shall put

some plain warning across the entrance thereto to warn others against entering into danger.

After each blast he shall exercise care in examining the roof and coal, and shall secure them safely before beginning work.

He shall order all props, cap pieces, and all other timbers necessary at least one day in advance of needing them, or as provided for in the rules of the mine. If he fails to receive said timbers and finds his place unsafe, he shall vacate it until the necessary timbers are supplied.

The management of any mine may submit to the mine inspector, for his approval, uniform rules for timbering at mines where conditions may be favorable for same. If approved by the mine inspector, they will become a part of the rules of said mine.

In all working places where it is necessary to temporarily remove posts, substitute posting shall be done when necessary for safety and such posts as are removed must be replaced as soon as possible by permanent timbers.

Under no condition shall the miner use coal dust or other combustible material for tamping in any gaseous or dusty mines.

When places are liable to generate sudden outbursts of explosive gas, no miner shall be allowed to charge or fire shorts [shots] except under the supervision and with the consent of the mine foreman, or the assistant mine foreman, or some other competent person designated by the mine foreman for that purpose.

The miner shall remain during working hours in the place assigned to him, and he shall not leave his working place without the consent of the mine foreman, assistant mine foreman, or fire boss, unless called upon to assist others, or in case of need. He shall not wander about the hauling roads or enter abandoned or idle workings. [1943 c 211 § 14; 1917 c 36 § 207; Rem. Supp. 1943 § 8842. Formerly RCW 78.34.180, 78.34.190 and 78.38.340.]

He must take care while making his trip down grade to have the brakes or sprags so adjusted that he can keep the cars under control and prevent them from running over himself or others.

He shall not leave any cars standing where they may materially obstruct the ventilating current, except in case of accident, which he shall promptly report to the mine foreman, or assistant mine foreman.

He shall not allow any person to ride on loaded mine cars. He shall not allow any person to drive his horses or mules in his stead, unless authorized by a mine official. When it is his duty to open a door for the purpose of

passing his trip through he shall see that the door is immediately closed thereafter. [1917 c 36 § 208; RRS § 8843. Formerly RCW 78.32.800.]

He shall see that the steam pressure does not at any time exceed the limit allowed by the superintendent or master mechanic; he shall frequently try the safety valves, and shall not increase the weight on the same. He shall maintain a proper height of water in each boiler, and if anything should happen to prevent this he shall report it without delay to the superintendent or master mechanic, or other person designated by the superintendent, and take such other action as may under the circumstances be best for the protection of life and preservation of property. He shall report promptly to the mine foreman, or assistant mine foreman, in case of accident to boiler or fan machinery. If only ordinary repairs to the fan or machinery become necessary, he shall await the instructions of the mine foreman or assistant mine foreman before stopping the fan. Should it become impossible to run the fan, or become necessary to stop it to prevent its destruction, he shall at once notify the superintendent or mine foreman, who shall give immediate warning to the persons in the mine. He shall not attempt to withdraw the car until the cage comes to a rest, and when putting the full car on the cage, he must be careful to see that the springs or catches are properly adjusted to keep the car in place before signaling the engineer. He shall personally attend the signals and see that the provisions of this chapter in respect to hoisting and lowering persons in shafts or slopes are complied with. [1917 c 36 § 215; RRS § 8850. Formerly RCW 78.32.870.]

The men shall place their tools in cars provided for that purpose, which cars shall be lowered before or after the men have been lowered. He shall also see that no driver or other person descends the shaft with any horse or mule, unless the said horse or mule is secured in a suitable box or safely penned, and only the driver in charge of said horse or mule shall accompany it in any cage. 78.40.771 Severability—1917 c 36. If it shall be adjudicated that any section or part of a section of this chapter shall be unconstitutional and invalid for any reason, an adjudication of invalidity of said section or part of a section shall not affect the validity of the chapter as a whole, or any part thereof. [1917 c 36 § 219; RRS § 8854.]

78.40.772 Effective date for certain compliance. Every operator of a mine affected by this chapter shall be given six months after this chapter takes effect to make any necessary changes or secure any materials or supplies to comply with the provisions of this chapter. [1917 c 36 § 220; RRS § 8855.]

78.40.773 What constitutes a coal mine—Inspection. No coal mine shall be considered a mine for the purpose of this chapter unless five men or more are employed underground on one shift, nor shall mines employing less than ten men be subject to the provisions of this chapter, except that the inspector of mines shall have the right to enter any of the places where men are at work within such prospect, and if the conditions therein are dangerous to life, the inspector may, and it shall be his duty to stop work on such prospect until such dangerous place is rendered safe, or the same be placed in control of a certified mine foreman: *Provided*, That all such operators of prospects and places herein in this section referred to shall make reports to the state mine inspector as are required to be made by other mines and mine operators under the provisions of this chapter. ARTICLE XIX SAFETY COMMITTEE

78.40.780 Safety committee—Members, officers, records, duties—Appeals to inspector. In every mine a general safety committee shall be selected, composed of the mine superintendent or manager of mines, one man selected by the employees or any association of employees in or around said mine, and a third member selected by these two.

The general safety committee shall elect one of the members to act as chairman and one to act as secretary. The duties of the chairman shall be to preside at all

meetings of the general safety committee, enforce its rules and regulations and see that its business is conducted in a prompt and businesslike manner. The secretary shall keep an accurate written record of the proceedings of all meetings, conduct its correspondence and post notices of regular and special meetings and other matters pertaining to safety.

The duties of the general safety committee shall be to investigate all serious and fatal accidents; make bimonthly examination of the mine, their findings and recommendations to be made in writing, one copy to be sent to the chief state mine inspector. They shall coordinate with the management in the work of supervision of bulletin board service, and the outline and conduct of safety educational activities, arrange the programs for all safety meetings, pass on all safety controversial matters referred to them by subsafety committees. They shall meet with all other safety committees as often as possible, but not less often than once each month, and discuss safety measures, violations of safety rules and practices, and take up any other safety subject that will tend to eliminate accidents and pass on all safety suggestions referred to them by any employer or employee.

Should there be any disagreement among the members of the general safety committee relating to any safety matter brought or referred to them for disposition, either side may appeal to the chief state mine inspector, who shall in this case pass on controversial safety matters. His decision will be final and binding on both parties.

The written records of the general safety committee shall be open for inspection at all times by the chief state mine inspector, or his deputies or any state official connected with accident or safety work. [1927 c 306 § 12; RRS § 8856-1. Formerly RCW 78.34.400 and 78.34.410.]

78.40.783 Subsafety committee—Members, qualifications, duties. At mines employing more than twenty-five men there shall be a subsafety committee at each level or entry, consisting of a mine foreman, assistant mine foreman, or fire boss, and one employee selected by the men working on such level or entry.

The members of this committee shall have had six months' experience in this mine or at mines where similar conditions exist. Workmen serving on safety committee may be changed every two months.

Where workman finds dangerous conditions that he cannot correct himself, he shall report it to the official in charge of that section of the mine. If the condition is not corrected in a reasonable time he shall then call the other member of the safety committee to make an investigation. If the subsafety committee shall fail to agree they shall report to the general safety committee.

All level or entry safety committees shall attend and report at all meetings of the general safety committee.

The workmen's representative on the subsafety committee shall not visit or inspect any part of the mine except when accompanied by the other member of the subsafety committee. If for any reason either member of the committee fails to act on any complaint it shall be referred to the general safety committee. At all mines

employing less than twenty-five men the general safety committee shall have general supervision over all safety matters. [1927 c 306 § 13; RRS § 8856-2. Formerly RCW 78.34.420.]

78.40.786 Outside committee—Members, duties. At each mine employing more than twenty-five men there shall be an outside committee consisting of the outside foreman, master mechanic and two employees selected by the men working on the outside. Workmen serving on outside safety committee may be changed every two months. Where workman finds dangerous or unsafe conditions that he cannot correct himself, he shall report it to the outside foreman. If the condition is not corrected in a reasonable time, he shall report it to one of the workmen's representatives on the safety committee, who shall then call the other members of the safety committee to make an investigation. If the outside safety committee shall fail to agree they shall report it to the general safety committee. The workmen's representatives shall not visit or inspect any part of the outside workings except when accompanied by the outside foreman or master mechanic. If for any reason any member of the committee fails to act upon any complaint called to his attention, it shall be referred to the general safety committees. It shall be understood that all safety committees shall confine themselves to safety measures and accident prevention alone, the sole purpose of their organization being to preserve the life and limb of workmen in and around the mines. [1927 c 306 § 14; RRS § 8856-3. Formerly RCW 78.34.430.]

78.40.789 Safety bulletin boards. It shall be the duty of the mine operators of each mine to establish and maintain a safety bulletin board service, to provide at least one standard bulletin board located in such place as to attract the attention of the greatest number of mine employees, and to post upon such board, all bulletins and such other matters as will be valuable in the educational development of the prevention of accidents.

The number of bulletin boards required and the frequency of displaying new bulletins, or shifting bulletins from board to board, shall be determined by the operator or by the operator and the chief state mine inspector, or by the chief state mine inspector.

Whenever a lesson of value to the mine is determined as the result of an investigation of an accident occurring within such mine, which will be of value in preventing the recurrence of future accidents of similar nature, the same can be given the greatest accident prevention value by being made the subject of a typewritten or other form of bulletin descriptive of the accident, giving the cause of, and recommendations covering measures adopted to prevent accidents of like or similar nature or cause.

The safety bulletin board shall be open to the services of bulletins on mine safety measures only; to the mine safety committee, the state mining board, chief state mine inspector and the employer's report of accidents occurring at the mine during the previous calendar month. [1927 c 306 § 15; RRS § 8856-4. Formerly RCW 78.34.600.]

78.40.791 Rule for loaders in certain mines—
Signs. At all mines using the gangway and counter system, a rule shall be enforced to compel the loaders to keep the coal in the chutes above the bulkhead, thereby preventing a short circuit of the air that may create a dangerous condition in some of the working places further inside.

Adequate signs approved by the chief state mine inspector shall be placed at intervals on the gangway calling attention to the foregoing danger. [1927 c 306 § 16; RRS § 8856-5. Formerly RCW 78.34.800.]

78.40.794 Workman to report violations of safety rules. Whenever any workman in or about any mine shall observe any violation of the safety rules and regulations governing the mine, or unsafe conditions or unsafe practice, it shall be his duty to report the same to a member of the safety committee. [1927 c 306 § 17; RRS § 8856-6. Formerly RCW 78.34.810.]

78.40.797 First aid—Education, treatment, records. There shall be developed at each mine a requirement of first aid education that will result in the practical and intensive education in first aid administration of a minimum of ten percent of the employment of said mine.

The operating company shall keep a record of all employees who have completed the course of required training in first aid, and a complete copy of such record shall be furnished the chief state mine inspector.

All employees shall be educated to report and receive first aid treatment of all injuries, no matter how trivial they shall be. This rule is made to obviate frequent infections that develop from wounds that are trivial in character. This first aid treatment of wounds of trivial character shall be in the hands of a trained first aid man, if more convenient than the mine surgeon, but the first aid attendant shall promptly refer any accident to the mine surgeon when he deems it of sufficiently severe character. [1927 c 306 § 18; RRS § 8856-7. Formerly RCW 78.34.440.]

Reviser's note: Chapter 64, Laws of 1970 ex.s. has been codified as a new chapter in Title 78 RCW "Mines, Minerals, and Petroleum" although section 1 of the act states "Sections 2 through 25 of this act shall constitute a new chapter in Title 76 RCW." As the act pertains solely to surface mining, the change in placement has been made to preserve the subject matter arrangement of the code.

78.44.010 Legislative finding. The legislature recognizes that the extraction of minerals by surface mining is a basic and essential activity making an important contribution to the economic well-being of the state and nation. At the same time, proper reclamation of surface mined land is necessary to prevent undesirable land and water conditions that would be detrimental to the general welfare, health, safety, and property rights of the citizens of the state. Surface mining takes place in diverse areas where the geologic, topographic, climatic, biologic, and social conditions are significantly different, and reclamation specifications must vary accordingly. It is not practical to extract minerals required by our society without disturbing the surface of the earth and producing waste materials, and the very character of many types of surface mining operations precludes complete restoration of the land to its original condition. However, the legislature finds that reclamation of surface mined lands as provided in this chapter will allow the mining of valuable minerals and will provide for the protection and subsequent beneficial use of the mined and reclaimed land. [1970 ex.s. c 64 § 2.]

78.44.020 Purpose. The purpose of this chapter is to provide that the usefulness, productivity, and scenic values of all lands and waters involved in surface mining within the state will receive the greatest practical degree of protection and restoration. It is a further purpose of this chapter to provide a means of cooperation between private and governmental entities in carrying this chapter into effect. [1970 ex.s. c 64 § 3.]

78.44.030 Definitions. As used in this chapter, unless the context indicates otherwise:

(1) "Surface mining" shall mean all or any part of the process involved in mining of minerals by removing the overburden and mining directly from the mineral deposits thereby exposed, including open-pit mining of minerals naturally exposed at the surface of the earth, mining by the auger method, and including the production of surface mining refuse. For the purpose of this chapter surface mining shall mean those operations described in this paragraph from which more than ten thousand tons of minerals are produced or more than two acres of land is newly disturbed within a period of twelve consecutive calendar months. Surface mining shall not include excavation or removal of sand, gravel, clay, rock or other

materials in remote areas by an owner or holder of a possessory interest in land for the primary purpose of construction or maintenance of access roads to or on such landowner's property. Surface mining shall not include excavation or grading conducted for farming, on-site road construction or other on-site construction, but shall include adjacent or off-site borrow pits except those on landowner's property for use on access roads on such property. Prospecting and exploration activities shall be included within the definition of surface mining when they are of such nature and extent as to exceed the qualifying sizes listed above or when collectively they disturb more than one acre per eight acres of land area.

(2) "Unit of surface mined area" shall mean the area of land and water covered by each operating permit that is actually newly disturbed by surface mining during each twelve-month period of time, beginning at the date of issuance of the permit, and shall comprise the area from which overburden and/or minerals have been removed, the area covered by spoil banks, and all additional areas used in surface mining operations which by virtue of such use are thereafter susceptible to excessive erosion.

(3) "Abandonment of surface mining" shall mean a cessation of surface mining, not set forth in an operator's plan of operation or by any other sufficient written notice, extending for more than six consecutive months or when, by reason of examination of the premises or by any other means, it becomes the opinion of the department of natural resources that the operation has in fact been abandoned by the operator: *Provided*, That the operator does not, within thirty days of receipt of written notification from the department of his intent to declare the operation abandoned, submit evidence to the department's satisfaction that the operation is in fact not abandoned.

(4) "Minerals" shall mean coal, clay, stone, sand, gravel, metallic ore, and any other similar solid material or substance to be excavated from natural deposits on or in the earth for commercial, industrial, or construction uses.

(5) "Overburden" shall mean the earth, rock, and other materials that lie above a natural deposit of mineral.

(6) "Surface mining refuse" shall mean all waste soil, rock, mineral, liquid, vegetation, and other material directly resulting from or displaced by the mining, cleaning, or preparation of minerals during the surface mining operations on the operating permit area, and shall include all waste materials deposited on or in the permit area from other sources.

(7) "Spoil bank" shall mean a deposit of excavated overburden or mining refuse.

(8) "Operator" shall mean any person or persons, any partnership, limited partnership, or corporation, or any association of persons, either natural or artificial, including every public or governmental agency engaged in surface mining operations, whether individually, jointly, or through subsidiaries, agents, employees, or contractors.

(9) "Department" shall mean the board of natural resources.

(10) "Reclamation" shall mean the reasonable protection of all surface resources subject to disruption from surface mining and rehabilitation of the surface resources affected by surface mining. Although both the need for and the practicability of reclamation will control the type and degree of reclamation in any specific instance, the basic objective will be to reestablish on a continuing basis the vegetative cover, soil stability, water conditions, and safety conditions appropriate to the intended subsequent use of the area.

(11) "Reclamation plan" shall mean the operator's written proposal, as required and approved by the department, for reclamation of the affected resources which shall include, but not be limited to:

(a) A statement of the proposed subsequent use of the land after reclamation and satisfactory evidence that all owners of a possessory interest in the land concur with this proposed use;

(b) Evidence that this subsequent use would not be illegal under local zoning regulations;

(c) Proposed practices to protect adjacent surface resources;

(d) Specifications for surface gradient restoration to a surface suitable for the proposed subsequent use of the land after reclamation is completed, and proposed method of accomplishment;

(e) Manner and type of revegetation or other surface treatment of disturbed areas;

(f) Method of prevention or elimination of conditions that will create a public nuisance, endanger public safety, damage property, or be hazardous to vegetative, animal, fish, or human life in or adjacent to the area;

(g) Method of control of contaminants and disposal of surface mining refuse;

(h) Method of diverting surface waters around the disturbed areas;

(i) Method of restoration of stream channels and stream banks to a condition minimizing erosion and siltation and other pollution;

(j) Such maps and other supporting documents as reasonably required by the department; and

(k) A time schedule for reclamation that meets the requirements of RCW 78.44.090. [1970 ex.s. c 64 § 4.]

78.44.040 Administration of chapter. The board of natural resources is charged with the administration of this chapter by utilizing the services of the department of natural resources. In order to implement the chapter's terms and provisions, the department, under the provisions of the administrative procedure act (chapter 34.04 RCW), as now or hereafter amended, may from time to time promulgate those rules and regulations necessary to carry out the purposes of this chapter. [1970 ex.s. c 64 § 5.]

78.44.050 Chapter cumulative and nonexclusive—
Other laws not affected. This chapter shall not affect any of the provisions of the state fisheries laws (Title 75 RCW), the state water pollution control laws (Title 90 RCW), the state game laws (Title 77 RCW), or any other state laws, and shall be cumulative and nonexclusive. [1970 ex.s. c 64 § 6.]

78.44.060 Investigations, research, etc.—Dissemination of information. The department shall have the authority to conduct or authorize investigations, research, experiments and demonstrations, and to collect and disseminate information relating to surface mining and reclamation of surface mined lands. [1970 ex.s. c 64 § 7.]

78.44.070 Cooperation with other agencies—Receipt and expenditure of funds. The department may cooperate with other governmental and private agencies in this state and other states and agencies of the federal government, and may reasonably reimburse them for any services the department requests that they provide. The department may also receive any federal funds, state funds and any other funds and expend them for reclamation of land affected by surface mining and for purposes enumerated in RCW 78.44.060. [1970 ex.s. c 64 § 8.]

78.44.080 Operating permits—Required—Applications. After January 1, 1971, no operator shall engage in surface mining without having first obtained an operating permit from the department. Except as otherwise permitted in this section a separate permit shall be required for each separate surface mining operation. Prior to receiving an operating permit from the department an operator must submit an application on a form provided by the department, which shall contain the following information and any other pertinent data required by the department:

(1) Name and address of the legal landowner, any purchaser of the land under a real estate contract, and the operator and, if any of these are corporations or other business entities, the names and addresses of their principal officers and resident agent for service of process;

(2) Materials to be surface mined;

(3) Type of surface mining to be performed;

(4) Expected starting date of surface mining;

(5) Anticipated termination date of the surface mining project;

(6) Expected amount of mineral to be surface mined;

(7) Maximum depth of surface mining;

(8) Size and legal description of the area that will be disturbed by surface mining. If more than ten acres will be disturbed by surface mining or, regardless of the amount of land to be disturbed, if the department finds that conditions warrant it and so requests, a map of the area to be surface mined shall be submitted. The map shall show the boundaries of the area of land which will be affected; topographic detail; the location and names of all streams, roads, railroads, and utility lines on or immediately adjacent to the area; location of proposed access roads to be built in conjunction with the surface mining operation; and the names of the surface and mineral owners of all lands within the surface mining area;

(9) A plan of surface mining that will provide, within limits of normal operational procedure of the industry, for completion of surface mining and associated disturbances on each segment of the area for which a permit is

requested so that reclamation can be initiated at the earliest possible time on those portions of the surface mined area that will not be subject to further disturbance by the mining operation. Whenever feasible, visual screening, vegetative or otherwise, will be maintained or established on the property containing the surface mining to screen the view of the operation from public highways, public parks, and residential areas.

(10) A reclamation plan that must be acceptable to and approved by the department, except as provided in RCW 78.44.100. An operator may not depart from an approved plan without having previously obtained from the department written approval of his proposed change.

The department may adopt rules and regulations permitting an operator of more than one surface mining operation to submit a single application for a combined operating permit covering all of his surface mining operations. Such application may require detailing of information required by this section for each separate location. An operator operating under such a combined permit may submit a consolidated reclamation program covering all his operations under rules and regulations prescribed by the department, but may be required to furnish specific information relative to reclamation of any single operating area if the department determines that such is necessary to carry out the purposes of this chapter. [1970 ex.s. c 64 § 9.]

78.44.090 Reclamation plans. The reclamation plan shall provide that reclamation activities, particularly those relating to control of erosion, shall, to the extent feasible, be conducted simultaneously with surface mining and in any case shall be initiated at the earliest possible time after completion or abandonment of mining on any segment of the permit area. The plan shall provide that reclamation activities shall be completed not more than two years after completion or abandonment of surface mining on each segment of the area for which a permit is requested.

A reclamation plan will be approved by the department if it adequately provides for the accomplishment of the activities specified in the definition of "reclamation plan", RCW 78.44.030(11), and meets those of the following minimum standards that are applicable:

(1) Excavations made to a depth not less than two feet below the low groundwater mark, which will result in the establishment of a lake of sufficient area and depth of water to be useful for residential, recreational, game, or wildlife purposes, shall be reclaimed in the following manner:

(a) All banks in soil, sand, gravel, and other unconsolidated materials shall be sloped to two feet below the low groundwater line at a slope no steeper than one and one-half feet horizontal to one foot vertical;

(b) Portions of solid rock banks shall be stepped or other measures be taken to permit a person to escape from the water.

(2) In all other excavations in soil, sand, gravel, and other unconsolidated materials, the side slopes and the slopes between successive benches shall be no steeper than one and one-half feet horizontal to one foot vertical for their entire length.

(3) The sides of all strip pits and open pits in rock and other consolidated materials shall be no steeper than one foot horizontal to one foot vertical, or other precautions must be taken to provide adequate safety.

(4) The slopes of quarry walls in rock or other consolidated materials shall have no prescribed angle of slope, but where a hazardous condition is created that is not indigenous to the immediate area, the quarry shall be either graded or backfilled to a slope of one foot horizontal to one foot vertical or other precautions must be taken to provide adequate safety.

(5) In strip mining operations the peaks and depressions of the spoil banks shall be reduced to a gently rolling topography which will minimize erosion and which will be in substantial conformity with the immediately surrounding land area.

(6) In no event shall any provision of this section be construed to allow stagnant water to collect or remain on the surface mined area. Suitable drainage systems shall be constructed or installed to avoid such conditions if natural drainage is not possible.

(7) All grading and backfilling shall be made with nonnoxious, nonflammable, noncombustible solids unless approval has been granted by the director for a supervised sanitary fill.

(8) In all types of surface mining, in order to prevent water pollution, all acid-forming surface mining refuse shall be disposed of by covering all acid-forming materials with at least two feet of clean fill. The final surface covering shall be graded so that surface water will drain away from the disposal area.

(9) Vegetative cover will be required in the reclamation plan as appropriate to the future use of the land.

(10) All surface mining that will disturb streams must comply with the requirements of the state fisheries laws (Title 75 RCW), and every application for an operating permit for such operations must have a reclamation plan that shall have been approved by the department of fisheries with regard to operations in streams as required by Title 75 RCW. [1970 ex.s. c 64 § 10.]

78.44.100 Inspections—Provisional permits—Duration of operating permits—Modification of reclamation plan—Successor operators. Upon receipt of an application for a permit, the surface mining site must be inspected by a representative of the department. Within twenty-five days of receipt of the application and reclamation plan by the department and receipt of the permit fee, the department shall either issue an operating permit to the applicant or return any incomplete or inadequate application to the applicant along with a description of the deficiencies.

Failure to act within the twenty-five day period on the reclamation plan shall not be cause for a denial of a permit. The department shall set the amount of the bond or other security required for a provisional permit governing the surface mining operation set forth in the application. A provisional permit shall be granted pursuant to conditions prescribed by the department until a plan is approved as long as the operator complies with the bond or security requirements established by the

department: *Provided, however,* That a provisional permit shall not be granted if the department considers the site unsuitable for surface mining.

If the department refuses to approve a reclamation plan in the form submitted by the operator, it shall notify the operator, in writing, stating the reasons for its refusal and listing such additional requirements to the operator's reclamation plan as are necessary for the approval of the plan by the department. Within thirty days, the operator shall either accept such additional requirements as part of the reclamation plan or file notice of appeal. If notice of appeal is filed by the operator, a provisional permit shall be granted as herein specified.

The operating permit shall be granted for the period required to mine the land covered by the plan and shall be valid until the surface mining authorized by the permit is completed or abandoned, unless the permit is suspended by the department as provided in this chapter. The operating permit shall provide that the reclamation plan may be modified, after timely notice and opportunity for hearing, at any time during the term of the permit for any of the following reasons:

(1) To modify the requirements so that they will not conflict with existing laws;

(2) The department determines that the previously adopted reclamation plan is clearly impossible or impracticable to implement and maintain;

(3) The department determines that the previously adopted reclamation plan is obviously not accomplishing the intent of this chapter; or

(4) The operator and the department mutually agree to change the reclamation plan.

When one operator succeeds to the interest of another in any uncompleted surface mining operation by sale, assignment, lease, or otherwise, the department may release the first operator from the duties imposed upon him by this chapter as to such operation: *Provided,* That both operators have complied with the requirements of this chapter and the successor operator assumes the duty of the former operator to complete the reclamation of the land, in which case the department shall transfer the permit to the successor operator upon approval of the successor operator's bond as required under this chapter. [1970 ex.s. c 64 § 11.]

78.44.110 Fees. The permit fees required under this chapter shall be as follows:

(1) The basic fee for the permit shall be twenty-five dollars per permit year for each separate location, payable with submission of the application and annually thereafter with submission of the report required in RCW 78.44.130.

(2) In addition, there shall be a five dollar per acre fee for all acreage exceeding ten acres which was newly disturbed by surface mining during the previous permit year, which acreage fee shall be paid at the time of submission of the report required in RCW 78.44.130. [1970 ex.s. c 64 § 12.]

78.44.120 Performance bonds and other security. Upon receipt of an operating permit an operator other

than a public or governmental agency shall not commence surface mining until the operator has deposited with the department an acceptable performance bond on forms prescribed and furnished by the department. This performance bond shall be a corporate surety bond executed in favor of the department by a corporation authorized to do business in the state of Washington under the provisions of chapter 48.28 RCW and approved by the department. The bond shall be filed and maintained in an amount equal to the estimated cost of completing the reclamation plan for the area to be surface mined during the next twelve-month period and any previously surface mined area for which a permit has been issued and on which the reclamation has not been satisfactorily completed and approved. The department shall have the authority to determine the amount of the bond that shall be required, and for any reason may refuse any bond not deemed adequate. In no case shall the amount of the bond be less than one hundred dollars or more than one thousand dollars per acre or fraction thereof.

The bond shall be conditioned upon the faithful performance of the requirements set forth in this chapter and of the rules and regulations adopted pursuant thereto.

In lieu of the surety bond required by this section the operator may file with the department a cash deposit, negotiable securities acceptable to the department, or an assignment of a savings account in a Washington bank on an assignment form prescribed by the department.

Liability under the bond shall be maintained as long as reclamation is not completed in compliance with the approved reclamation plan unless released prior thereto as hereinafter provided. Liability under the bond may be released only upon written notification from the department. Notification shall be given upon completion of compliance or acceptance by the department of a substitute bond. In no event shall the liability of the surety exceed the amount of the surety bond required by this section.

A public or governmental agency shall not be required to post a bond under the terms of this chapter.

A blanket performance bond covering two or more surface mining operations may be submitted by an operator in lieu of separate bonds for each separate operation. [1970 ex.s. c 64 § 13.]

78.44.130 Reports. Within thirty days after completion or abandonment of mining on an area under permit or within thirty days after each annual anniversary date of the operating permit, whichever is earlier, or at such later date as may be provided by department rules and regulations, and each year thereafter until reclamation is completed and approved, the operator shall file a report of activities completed during the preceding year on a form prescribed by the department, which report shall:

- (1) Identify the operator and permit number;
- (2) Locate the operation by subdivision, section, township, and range, and with relation to the nearest town or other well known geographic feature;
- (3) Estimate acreage to be newly disturbed by surface mining in the next twelve-month period; and

(4) Update any maps previously submitted or provide such maps as may be specifically requested by the department. Such maps shall show:

- (a) The operating permit area;
- (b) The unit of surface mined area;
- (c) The area to be surface mined during the next twelve-month period;
- (d) If completed, the date of completion of surface mining;
- (e) If not completed, the area that will not be further disturbed by the mining operations; and
- (f) The date of beginning, amount, and current status of reclamation performed during the previous twelve months. An operator operating under a combined operating permit may submit a single annual report, but such report shall include the data required in this section for each separate operating area. [1970 ex.s. c 64 § 14.]

78.44.140 Inspection of permit area—Deficiencies—Extension of performance periods—Performance actions by department—Recovery of expenses—Enforcement. Upon receipt of the operator's report, and at any other reasonable time the department may elect, the department shall cause the permit area to be inspected to determine if the operator has complied with the reclamation plan and the department's rules and regulations.

The operator shall proceed with reclamation as scheduled in his reclamation plan. Following any written notice by the department noting deficiencies, the operator shall commence action within thirty days to rectify these deficiencies and shall diligently proceed until the deficiencies are corrected: *Provided*, That deficiencies that also violate other laws that require earlier rectification shall be corrected in accordance with the applicable time provisions of such laws. The department may extend performance periods referred to in this section and in RCW 78.44.090, for delays clearly beyond the operator's control, but only when the operator is, in the opinion of the department, making every reasonable effort to comply.

Within thirty days after notification by the operator and when in the judgment of the department reclamation of a unit of surface mined area is properly completed, the mining operator shall be notified in writing and his bond on said area shall be released or decreased proportionately.

If reclamation of surface mined land is not proceeding in accordance with the reclamation plan and the operator has not commenced action to rectify deficiencies within thirty days after notification by the department, or if reclamation is not properly completed in conformance with the reclamation plan within two years after completion or abandonment of surface mining on any segment of the permit area, the department is authorized, with the staff, equipment and material under his control, or by contract with others, to take such actions as are necessary for the reclamation of the surface mined areas. The department shall keep a record of all necessary expenses incurred in carrying out any project or activity authorized under this section, including a reasonable charge for the services performed by the

state's personnel and the state's equipment and materials utilized.

The department shall notify the operator and his surety by order. The order shall state the amount of necessary expenses incurred by the department in reclaiming the surface mined land and a notice that the amount is due and payable to the department by the operator and the surety.

If the amount specified in the order is not paid within thirty days after receipt of the notice, the attorney general, upon request of the department, shall bring an action on behalf of the state in the superior court for Thurston county or any county in which the persons to whom the order is directed do business to recover the amount specified in the final order of the department. The surety shall be liable to the state to the extent of the bond.

The amount owed the department by the operator for the reclamation performed by the state may be recovered by a lien against the reclaimed property, which may be enforced in the same manner and with the same effect as a mechanic's lien.

In addition to the other liabilities imposed by this chapter, failure to commence action to rectify deficiencies in reclamation within thirty days after notification by the department or failure satisfactorily to complete reclamation work on any segment of the permit area within two years after completion or abandonment of surface mining on any segment of the permit area shall constitute sufficient grounds for cancellation of a permit and refusal to issue another permit to the delinquent operator until such deficiencies are corrected by the operator. [1970 ex.s. c 64 § 15.]

78.44.150 Operating without permit—Penalty. Any operator conducting surface mining within the state of Washington without a valid operating permit shall be guilty of a gross misdemeanor. Each day of operation shall constitute a separate offense. [1970 ex.s. c 64 § 16.]

78.44.160 Enjoining or stopping illegal operations. When the department finds that an operator is conducting surface mining on an area for which a valid operating permit is not in effect, or is conducting surface mining in any manner not authorized by his operating permit or by the rules and regulations adopted by the department, the department may forthwith order such operator to suspend all such operations until compliance is effected or assured to the satisfaction of the department. In the event the operator fails or declines to obey such order, the facts may be reported by the department to the attorney general. The attorney general shall forthwith take the necessary legal action to enjoin, or otherwise cause to be stopped, such conduct of surface mining. [1970 ex.s. c 64 § 17.]

78.44.170 Appeals. Appeals from determinations made under this chapter shall be made under the provisions of the administrative procedure act (chapter 34.04 RCW), as now or hereafter amended and shall be considered a contested case within the meaning of the

administrative procedure act (chapter 34.04 RCW). [1970 ex.s. c 64 § 18.]

78.44.180 Confidentiality. All reclamation plans, operators' reports and other required information under this chapter shall be for the confidential use of the department which shall by rule or regulation provide for the release thereof to proper interested persons. [1970 ex.s. c 64 § 20.]

78.44.900 Existing operations—Temporary permits. Operators of surface mines in operation on January 1, 1971 shall have ninety days thereafter to submit an application for an operating permit. Any such operator who has timely filed an application for an operating permit but for reasons beyond his control has neither received an operating permit nor had his application denied within twenty-five days after his application has been submitted as provided in RCW 78.44.080, shall have issued to him by the department a temporary operating permit, which, if the applicant is diligently pursuing his application, shall be effective until a regular operating permit is either issued or denied. [1970 ex.s. c 64 § 19.]

78.44.910 Previously mined land. This act shall not direct itself to the reclamation of land mined prior to January 1, 1971. [1970 ex.s. c 64 § 22.]

78.44.920 Effective date—1970 ex.s. c 64. This act shall become effective January 1, 1971. [1970 ex.s. c 64 § 23.]

78.44.930 Severability—1970 ex.s. c 64. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances shall not be affected. [1970 ex.s. c 64 § 24.]

78.52.001 Declaration of purpose. It is hereby declared to be in the public interest to foster, encourage, and promote the development, production, and utilization of oil and gas in the state in such manner as will prevent waste; to authorize and to provide for the operation and development of oil and gas properties in such manner as to assure that the maximum economic recovery of oil and gas may be obtained and the rights of owners thereof fully protected; and to encourage, authorize, and provide for cycling, recycling, pressure maintenance and secondary recovery operations in order that the maximum economic recovery of oil and gas may be obtained to the end that landowners, royalty owners, producers, and the general public may realize and enjoy

the greatest possible benefits from these vital resources. [1951 c 146 § 1.]

78.52.010 Definitions. For the purposes of this chapter, unless the text otherwise requires, the following terms shall have the following meanings:

(1) "Waste" in addition to its ordinary meaning, shall mean "physical waste" as that term is generally understood in the petroleum industry, and shall include:

(a) The inefficient, excessive or improper use of, or unnecessary dissipation of, reservoir energy; and the locating, spacing, drilling, equipping, operating or producing of any oil or gas well in a manner which results, or tends to result in reducing the quantity of oil or gas to be recovered from any pool in this state under operations conducted in accordance with good oil field engineering practices;

(b) The inefficient above ground storage of oil; and the locating, spacing, drilling, equipping, operating or producing of any oil or gas well in a manner causing, or tending to cause, unnecessary or excessive surface loss or destruction of oil or gas;

(c) Producing oil or gas in such manner as to cause unnecessary water channeling, or coning;

(d) The operation of an oil well with an inefficient gas-oil ratio;

(e) The drowning with water of any pool or part thereof capable of producing oil or gas, except insofar as, and to the extent, authorized by the committee hereunder;

(f) Underground waste;

(g) The creation of unnecessary fire hazards;

(h) The escape into the open air, from a well producing oil or gas, of gas in excess of the amount which is reasonably necessary in the efficient development or production of the well;

(i) The use of gas for the manufacture of carbon black, except as provided in *section 15 hereof; and

(j) Production of oil and gas in excess of the reasonable market demand.

(2) "Oil" shall mean crude petroleum oil, and any other hydrocarbons regardless of gravity, which are produced at the well in liquid form by ordinary production methods or which are the result of condensation of gaseous hydrocarbons before or after they leave the reservoir, other than gas produced in association with oil and commonly known as wet gas.

(3) "Gas" shall mean all natural gas and other fluid or gaseous hydrocarbons not defined as oil in subsection (2) above, including wet gas, dry gas and residue gas as those terms are generally understood in the petroleum industry.

(4) "Pool" shall mean an underground reservoir proven to contain a common accumulation of oil or gas, or both. Each zone of a general structure which is completely separated from any other zone in the structure is covered by the term "pool" as herein used.

(5) "Field" shall mean the general area which is underlaid by at least one pool and shall include the underground reservoir or reservoirs containing oil or gas, or both. The words "field" and "pool" mean the same thing when only one underground reservoir is involved;

however, "field", unlike "pool", may relate to two or more pools.

(6) "Lessee" shall mean the lessee under an oil and gas lease, or the owner of any land or mineral rights who conducts or carries on any oil and gas development, exploration and operation thereon, or any person so operating for himself or others.

(7) "Person" shall mean any natural person, corporation, association, partnership, receiver, trustee, executor, administrator, guardian, fiduciary, or representative of any kind. [1951 c 146 § 3.]

***Reviser's note:** The reference to "section 15 hereof" (RCW 78.52-.130) seems erroneous. The use of gas for manufacture of carbon black is provided for in 1951 c 146 § 16 (RCW 78.52.140).

78.52.020 Conservation committee created. There is hereby created and established an oil and gas conservation committee, which shall consist of the governor, the land commissioner, and the lieutenant governor together with the director of the department of ecology and the state treasurer. The governor shall be the chairman of this committee, and the commissioner of public lands shall be its executive secretary. The members of the committee may act through designated agents or deputies for the purpose of carrying out the provisions of this chapter. [1971 ex.s. c 180 § 7; 1961 c 300 § 7; 1951 c 146 § 4.]

Severability—Short title—Construction—1971 ex.s. c 180: See RCW 90.48.903, 90.48.906, and 90.48.907.

78.52.025 Hearings in general. The committee shall hold hearings at such times and places as may be found by the committee to be necessary to carry out its duties. The committee may establish its own rules for the conduct of public hearings. [1951 c 146 § 5. Formerly RCW 78.52.060.]

78.52.030 Employment of personnel. The committee shall have the authority and it shall be its duty to employ all personnel necessary to carry out the provisions of this chapter. [1951 c 146 § 6.]

78.52.031 Conduct of hearings—Evidence. The committee shall have the power to summon witnesses, to administer oaths, and to require the production of records, books, and documents for examination at any hearing or investigation conducted by it. No person shall be excused from attending and testifying, or from producing books, papers, and records before the committee or a court, or from obedience to the subpoena of the committee or a court, on the ground or for the reason that the testimony or evidence, documentary or otherwise, required of him may tend to incriminate him or subject him to a penalty or forfeiture: *Provided*, That nothing herein contained shall be construed as requiring any person to produce any books, papers, or records, or to testify in response to any inquiry not pertinent to some question lawfully before such committee or court for determination. No person shall be subjected to criminal prosecution or to any penalty or forfeiture for or on account of any transaction, matter, or thing concerning which, in spite of his objection, he may be required to

testify or produce evidence, documentary or otherwise before the committee or court, or in obedience to its subpoena: *Provided, however*, That no person testifying shall be exempt from prosecution and punishment for perjury committed in so testifying. [1951 c 146 § 7. Formerly RCW 78.52.080.]

78.52.033 Failure of witness to attend or testify—Contempt. In case of failure or refusal on the part of any person to comply with a subpoena issued by the committee or in case of the refusal of any witness to testify as to any matter regarding which he may be interrogated, any superior court in the state, upon the application of the committee, may compel him to comply with such subpoena, and to attend before the committee and produce such records, books, and documents for examination, and to give his testimony and shall have the power to punish for contempt as in the case of disobedience to a like subpoena issued by the court, or for refusal to testify therein. [1951 c 146 § 8. Formerly RCW 78.52.090.]

78.52.035 Attorney for committee. The attorney general shall be the attorney for the committee: *Provided*, That in cases of emergency, the committee may call upon the prosecuting attorney of the county where the action is to be brought, or defended, to represent the committee until such time as the attorney general may take charge of the litigation. [1951 c 146 § 9. Formerly RCW 78.52.110.]

78.52.040 Duty and powers of committee—In general. It shall be the duty of the committee to administer and enforce the provisions of this chapter, and all rules, regulations and orders promulgated hereunder, and the committee is hereby vested with jurisdiction, power and authority, over all persons and property, public and private, necessary to enforce effectively such duty. [1951 c 146 § 10.]

78.52.050 Rules, regulations and orders—Time and place of hearing. The committee shall have authority to make such reasonable rules, regulations and orders as may be necessary from time to time for the proper administration and enforcement of this chapter. Unless otherwise required by law or by this chapter or by rules of procedure made under this chapter, the committee may make such rules, regulations and orders, after notice, as the basis therefor. The notice may be given by publication in some newspaper of general circulation in the state in a manner and form which may be prescribed by the committee by general rule. The public hearing shall be at the time and in the manner and at the place prescribed by the committee, and any person having any interest in the subject matter of the hearing shall be entitled to be heard. [1951 c 146 § 11.]

78.52.070 Hearing upon petition for bearing—Time for action. Any interested person shall have the right to have the committee call a hearing for the purpose of taking action with respect to any matter within the jurisdiction of the committee by filing a verified

written petition therefor, which shall state in substance the matter and reasons for and nature of the action requested. Upon receipt of any such request the committee, if in its judgment a hearing is warranted and justifiable, shall promptly call a hearing thereon, and after such hearing, and with all convenient speed, and in any event within twenty days after the conclusion of such hearing, shall take such action with regard to the subject matter thereof as it may deem appropriate. [1951 c 146 § 12.]

78.52.100 Records—Copies as evidence—Copies to be furnished. All rules, regulations and orders of the committee, all petitions, copies of all notices and actions with affidavits of posting, mailing or publications pertaining thereto, all findings of fact, and transcripts of all hearings shall be in writing and shall be entered in full by the committee in the permanent official records of the office of the commissioner of public lands and shall be open for inspection at all times during reasonable office hours. A copy of any rule, regulation, order, or other official records of the committee, certified by the executive secretary of the committee, shall be received in evidence in all courts of this state with the same effect as the original. The committee is hereby required to furnish for the public on request all rules, regulations, orders, and amendments thereof. [1951 c 146 § 13.]

78.52.120 Drilling permit required. Any person desiring or proposing to drill any well in search of oil or gas, before commencing the drilling of any such well, shall notify the committee upon such form as the committee may prescribe, and shall pay to the state treasurer a fee of one hundred dollars for each such permit. The drilling of any well is prohibited until such notice is given and such fee has been paid as herein provided. The committee shall have the authority to prescribe that the said form indicate the exact location of such well, the name and address of the owner, operator, contractor, driller, and any other person responsible for the conduct of drilling operations, the proposed depth of the well, the elevation of the well above sea level, and such other relevant and reasonable information as the committee may deem necessary or convenient to effectuate the purposes of this chapter. [1951 c 146 § 14.]

78.52.125 Environmental impact statement required when drilling affects surface waters of the state—Drilling may be denied, when. Any person desiring or proposing to drill any well in search of oil or gas, when such drilling would be conducted through or under any surface waters of the state, shall prepare and submit an environmental impact statement upon such form as the department of ecology shall prescribe at least one hundred and twenty days prior to commencing the drilling of any such well. Within ninety days after receipt of such environmental statement the department of ecology shall prepare and submit to each member of the committee a report examining the potential environmental impact of the proposed well and recommendations for committee action thereon. If after consideration of the report the committee determines that the proposed well

is likely to have a substantial environmental impact the drilling permit for such well may be denied.

The committee shall require sufficient safeguards to minimize the hazards of pollution of all surface and ground waters of the state. If safeguards acceptable to the committee cannot be provided the drilling permit shall be denied. [1971 ex.s. c 180 § 8.]

Severability—Short title—Construction—1971 ex.s. c 180: See RCW 90.48.903, 90.48.906, and 90.48.907.

78.52.130 Waste prohibited. Waste of oil and gas, as defined in this chapter, is prohibited. [1951 c 146 § 15.]

78.52.140 Carbon black and carbon products—Permit required. The use of gas from a well producing gas only, or from a well which is primarily a gas well, for the manufacture of carbon black or similar products predominantly carbon, is declared to constitute waste prima facie, and such gas well shall not be used for any such purpose unless it is clearly shown, at a public hearing to be held by the committee, on application of the person desiring to use such gas, that waste would not take place by the use of such gas for the purpose or purposes applied for, and that gas which would otherwise be lost is not available for such purpose or purposes, and that the gas to be used cannot be used for a more beneficial purpose, such as for light or fuel purposes, except at prohibitive cost, and that it would be in the public interest to grant such permit. If the committee finds that the applicant has clearly shown a right to use such gas for the purpose or purposes applied for, it shall issue a permit upon such terms and conditions as may be found necessary in order to permit the use of the gas, and at the same time require compliance with the intent of this section. [1951 c 146 § 16.]

78.52.150 Investigations authorized. The committee has authority, and it shall be its duty, to make such investigations as it may deem proper to determine whether waste exists or is imminent or whether other facts exist which justify action by the committee. [1951 c 146 § 17.]

78.52.160 Powers of committee with respect to petroleum industry. The committee has authority to require:

- (1) Identification of ownership of oil or gas wells, producing leases, tanks, plants, structures, and facilities for the transportation or refining of oil or gas;
- (2) The making and filing of well logs, directional surveys, and reports on well locations, drilling, and production;
- (3) The drilling, casing, operating, and plugging of wells in such manner as to prevent the escape of oil or gas out of one pool into another, the intrusion of water into an oil or gas pool, the pollution of fresh water supplies by oil, gas, or salt water, and to prevent blow-outs, cavings, seepages, and fires;

(4) The furnishing of a reasonable bond with good and sufficient surety, conditioned on the performance of the duty to plug each dry or abandoned well;

(5) The operation of wells with efficient gas-oil and water-oil ratios, and to fix these ratios;

(6) That the production of oil and gas from wells be accurately measured by such means and upon such standards as may be prescribed by the committee, and that every person who produces, sells, purchases, acquires, stores, transports, refines, or processes oil or gas in this state shall keep and maintain within this state complete and accurate records thereof, which records shall be available for examination by the committee or its agents at all reasonable times, and that every such person file with the committee such reports as it may prescribe with respect to such oil or gas; and

(7) Compliance with each and all of the applicable statutes of this state and the rules and regulations of the supervisor of forestry for the prevention of unreasonable loss or damage to timber. [1951 c 146 § 18.]

78.52.170 Committee may regulate production, storage, transportation and refining operations. The committee shall have further authority to regulate:

(1) The drilling, producing, spacing, and plugging of wells, and all other operations for the production of oil or gas;

(2) The shooting and chemical treatment of wells;

(3) Operations to increase ultimate recovery such as cycling of gas, the maintenance of pressure, and the introduction of gas, water, or other substances into producing formations;

(4) Disposal of salt water and oil field brines;

(5) The storage, processing, and refining of natural gas and oil produced within this state. [1951 c 146 § 19.]

78.52.180 Production may be restricted. The committee has authority to limit and to prorate oil or gas produced in this state and to restrict future production of oil and gas from any pool in such amounts as will offset and compensate for any production determined by the committee to be in excess of or in violation of "oil allowable" or "gas allowable" as defined herein. [1951 c 146 § 20.]

78.52.190 Classification of wells authorized. The committee also has authority to classify wells as oil or gas wells for purposes material to the interpretation or enforcement of this chapter. [1951 c 146 § 21.]

78.52.200 Well spacing areas—Authorized. When necessary to prevent waste, to avoid the drilling of unnecessary wells, or to protect correlative rights, the committee shall establish well spacing areas. Well spacing areas when established shall be of uniform size and shape for the entire pool, except that when found to be necessary for any of the purposes above-mentioned, the committee is authorized to divide any pool into zones and establish well spacing areas for each zone, which areas may differ in size and shape from those established in any other zone. [1951 c 146 § 22.]

78.52.210 Well spacing areas—Size and shape. The size and the shape of well spacing areas are to be such as will result in the efficient and economical development of the pool as a whole, and the size shall not be smaller than the maximum area that can be efficiently drained by one well, nor greater than forty acres for oil or one hundred sixty acres for gas only. [1951 c 146 § 23.]

78.52.220 Well spacing areas—Location of well. An order establishing well spacing areas for a pool shall specify the size and shape of each area and the location of the permitted well thereon in accordance with a reasonable uniform spacing plan. Upon application and after hearing, if the committee finds that a well drilled at the prescribed location would not produce in paying quantities, or that surface conditions would substantially add to the burden or hazard of drilling such well, the committee is authorized to enter an order permitting the well to be drilled at a location other than that prescribed by such spacing order; however, the committee shall include in the order suitable provisions to prevent the production from the well spacing area of more than its just and equitable share of the oil and gas in the pool. [1951 c 146 § 24.]

78.52.230 Well spacing areas—Order must cover entire pool—Modifications. An order establishing well spacing areas for a pool shall cover all lands determined or believed to be underlaid by such pool, and may be modified by the committee from time to time to include additional areas determined to be underlaid by such pool. When the committee determines that it is necessary for the prevention of waste, or to avoid the drilling of unnecessary wells, or to protect correlative rights, an order establishing well spacing areas in a pool may be modified by the committee to increase the size of well spacing areas in the pool or any zone thereof, or to permit the drilling of additional wells on a reasonably uniform plan in the pool, or any zone thereof. [1951 c 146 § 25.]

78.52.240 Well spacing areas—Combining of interests. When two or more separately owned tracts are embraced within a well spacing area, or when there are separately owned interests in all or a part of the well spacing area, then the owners and lessees thereof may combine their interests for the development and operation of the well spacing area. In the absence of this voluntary combination, the committee, upon the application of any interested person, shall enter an order combining all interests in the well spacing area for the development and operation thereof. Each such combining order shall be made after notice and hearing, and shall be upon terms and conditions that are just and reasonable, and that afford to the owner of each tract or interest in the well spacing area the opportunity to recover or receive, without unnecessary expense or penalty, his just and equitable share. Operations incident to the drilling of a well upon any portion of a well spacing area covered by a combining order shall be deemed, for all purposes, the conduct of such operations upon each separately owned

tract in the well spacing area by the several owners thereof. That portion of the production allocated to each tract included in a well spacing area covered by a combining order shall, when produced, be deemed for all purposes to have been produced from such tract by a well drilled thereon. [1951 c 146 § 26.]

78.52.250 Combined interests in well in well spacing area—Allocation of costs. Each such combining order shall make provision for the drilling and operation of a well on the well spacing area, and for the payment of the reasonable actual cost thereof by the owners of interests in the well spacing area, plus a reasonable charge for supervision. In the event of any dispute as to such costs the committee shall determine the proper costs. If one or more of the owners shall drill and operate, or pay the expenses of drilling and operating the well for the benefit of others, then, the owner or owners so drilling or operating shall have a lien on the share of production from the well spacing area accruing to the interest of each of the other owners for the payment of his proportionate share of such expenses. Such lien shall be only against the said share of production, and not against any interest, estate, equity or title of any of the said other owners. All the oil and gas subject to the lien shall be marketed and sold and the proceeds applied in payment of the expenses secured by such lien. [1951 c 146 § 27.]

78.52.260 "Wildcat" or "exploratory" well data confidential. Whenever the committee shall require the making and filing of well logs, directional surveys or reports on the drilling of, subsurface conditions found in, or reports with respect to the substance produced, or capable of being produced from, a "wildcat" or "exploratory" well, as those terms are used in the petroleum industry, such logs, surveys, reports or information shall be kept confidential by the committee for a period of one year, if at the time of filing such logs, surveys, reports or other information, the owner, lessee, or operator of such well requests that such information be kept confidential: *Provided, however,* That the committee shall have the right to divulge or use such information in a public hearing or suit when it is necessary for the enforcement of the provisions of this chapter or any rule, regulation or order made hereunder. [1951 c 146 § 28.]

78.52.270 Limitation of production to "oil allowable"—Proration. Whenever the total amount of oil which all of the pools in this state can currently produce in accordance with good operating practices, exceeds the amount reasonably required to meet the reasonable market demand, the committee shall limit the oil which may be currently produced in this state to an amount, designated the "oil allowable". The committee shall then prorate this "oil allowable" among the pools on a reasonable basis, avoiding undue discrimination among the pools, and so that waste will be prevented. In determining the "oil allowable", and in prorating such "oil allowable" among the pools in the state, the committee shall take into account the producing conditions and other relevant facts with respect to such pools, including the separate needs for oil and gas, and separate needs for oil

of particular kinds or qualities, and shall formulate rules setting forth standards or a program for the determination of the "oil allowable", and shall prorate the "oil allowable" in accordance with such standards or program, and where conditions in one pool or area are substantially similar to those in another pool or area, then the same standards or program shall be applied to such pools or areas so that as far as practicable a uniform program will be followed: *Provided, however,* That if the amount prorated to a pool as its share of the "oil allowable" is in excess of the amount which the pool can efficiently produce currently, then the committee shall prorate to such pool the maximum amount which can be efficiently produced currently without waste. [1951 c 146 § 29.]

78.52.280 Determining market demand—No undue discrimination in proration of "allowable". The committee shall not be required to determine the reasonable market demand applicable to any single pool of oil except in relation to all pools producing oil of similar kind and quality and in relation to the reasonable market demand. The committee shall prorate the "allowable" in such manner as will prevent undue discrimination against any pool or area in favor of another or others resulting from selective buying or nomination by purchasers. [1951 c 146 § 30.]

78.52.290 Limitation of production to "gas allowable"—Proration. Whenever the total amount of gas which all of the pools in this state can currently produce in accordance with good operating practice exceeds the amount reasonably required to meet the reasonable market demand, the committee shall limit the gas which may be currently produced to an amount, designated as the "gas allowable", which will not exceed the reasonable market demand for gas. The committee shall then prorate the "gas allowable" among the pools on a reasonable basis, avoiding undue discrimination among the pools, and so that waste will be prevented, giving due consideration to location of pipe lines, cost of interconnecting such pipe lines, and other pertinent factors, and insofar as applicable, the provisions of RCW 78.52.270 shall be followed in determining the "gas allowable" and in prorating such "gas allowable" among the pools therein: *Provided, however,* That in determining the reasonable market demand for gas as between pools, the committee shall give due regard to the fact that gas produced from oil pools is to be regulated in a manner which will protect the reasonable use of gas energy for oil production and promote the most or maximum efficient recovery of oil from such pools. [1951 c 146 § 31.]

78.52.300 Limitation of gas production from one pool. Whenever the total amount of gas which may be currently produced from all of the pools in this state has not been limited as hereinabove provided, and the available production from any one pool containing gas only is in excess of the reasonable market demand or available transportation facilities for gas from such pool, the committee shall limit the production of gas from such pool to that amount which does not exceed the reasonable

market demand or transportation facilities for gas from such pool. [1951 c 146 § 32.]

78.52.310 Proration of allowable production in pool—Publication of orders—Emergency orders. Whenever the committee limits the total amount of oil or gas which may be produced from any pool to an amount less than that which the pool could produce if no restrictions were imposed (whether incidental to, or without, a limitation of the total amount of oil which may be produced in the state) the committee shall prorate the allowable production for the pool among the producers in the pool on a reasonable basis, so that each producer will have opportunity to produce or receive his just and equitable share, subject to the reasonable necessities for the prevention of waste, giving where reasonable, under the circumstances, to each pool with small wells of settled production, allowable production which prevents the premature abandonment of wells in the pool.

All orders establishing the "oil allowable" and "gas allowable" for this state, and all orders prorating such allowables as herein provided, and any changes thereof, for any month or period shall be issued by the committee on or before the fifteenth day of the month preceding the month for which such orders are to be effective, and such orders shall be immediately published in some newspaper of general circulation printed in Olympia, Washington. No orders establishing such allowables, or prorating such allowables, or any changes thereof, shall be issued without first having a hearing, after notice, as provided in this chapter: *Provided, however,* When in the judgment of the committee, an emergency requiring immediate action is found to exist, the committee is authorized to issue an emergency order under this section which shall have the same effect and validity as if a hearing with respect to the same had been held after due notice. The emergency order permitted by this subsection shall remain in force no longer than thirty days, and in any event it shall expire when the order made after due notice and hearing with respect to the subject matter of the emergency order becomes effective. [1951 c 146 § 33.]

78.52.320 Compliance with limitation or proration required. Whenever the production of oil or gas in this state or any pool therein is limited and the "oil allowable" or "gas allowable" is established and prorated by the committee as provided in RCW 78.52.310, no person shall thereafter produce from any well, pool, lease or property more than the production which is prorated thereto. [1951 c 146 § 34.]

78.52.330 Unit operation of separately owned tracts. To assist in the development of oil and gas in this state and to further the purposes of this chapter, the persons owning interests in separate tracts of land, may validly agree to integrate their interests and manage, operate and develop their land as a unit, subject to the approval of the committee. [1951 c 146 § 35.]

78.52.340 Unit operation for conduct of secondary recovery operations. When in the judgment of the committee production in any pool or field shall have declined to a point where secondary recovery operations are advisable or necessary, if the lessees or owners of oil and gas rights cannot agree on a unit plan of operation covering the pool or field as a whole, the committee may, after a hearing as hereinafter provided, enter and enforce an order for the unit or cooperative development and operation of a field or pool, in connection with the conduct of repressuring or pressure maintenance operations, cycling or recycling operations, including the extraction and separation of liquid hydrocarbons from natural gas in connection therewith, or any other method of operation, including water floods. [1951 c 146 § 36.]

78.52.350 Unit plan—Requisites in general. Any unit plan shall:

- (1) Define and identify the unit area to be included in, and subject to, the unit plan;
- (2) Contain a statement of the nature and purpose of the operation contemplated;
- (3) Provide for the efficient unitized management or control of the operation of the unit area for the recovery and production of oil and gas from the pool affected. Under such a plan the actual operations within the unit area may be carried on, in whole or in part, by the several lessees of land within the unit area, or may be conducted by some particular lessee of a lease in the unit area, who is designated as unit operator, dependent upon what is most beneficial or expedient. The designation of the unit operator shall be by vote of the lessees of land in the unit area in a manner provided in the unit plan; and
- (4) Provide for the division of interest and formula for the apportionment and allocation, among and to each of the several separately-owned tracts within the unit area, of a fair, equitable and reasonable share of the production from the pool. [1951 c 146 § 38.]

78.52.360 Unit plan—Provisions for financing and allocation of costs. Any unit plan shall provide for the manner in which the development and operation of the unit area shall or may be financed and the basis, terms and conditions on which the cost thereof shall be apportioned among, and assessed against, the tracts and interests made chargeable therewith, including a detailed accounting procedure governing all charges and credits incident to such operations. Upon and subject to such terms and conditions as to time and rate of interest as may be fair to all concerned, reasonable provisions shall be made in the unit plan for carrying or otherwise financing lessees who are unable to meet their financial obligations under the unit plan. The share of such financing properly and proportionately chargeable to any such lessee may become a lien on such lessee's share of production under the unit plan, but in no event shall any such lien be or operate against any interest, estate, equity or title of any such lessee, but only against the said share of production. [1951 c 146 § 39.]

78.52.370 Unit plan—Additional provisions. Any unit plan shall also:

(1) Provide for the procedure and basis upon which wells, equipment and other properties of the several lessees within the unit area are to be taken over and used, including the method of arriving at the compensation therefor, or of otherwise proportionately equalizing or adjusting the investment of the several lessees in the unit area as of the effective date of the unit plan;

(2) Provide a fair and equitable plan for the general over-all management and control of the unit area. Each lessee of land within the unit area shall be entitled to representation in the general over-all management and control of the unit development and operations. Voting shall be on a fair, equitable, and reasonable basis as provided in such unit plan;

(3) Provide that the obligations or liabilities of the lessees shall at all times be several and not joint or collective, and in no event shall a lessee be chargeable with, obligated, or liable, directly or indirectly, for more than the amount of expenses apportioned or otherwise assessed or charged to his interest in his separately-owned tract pursuant to the unit plan;

(4) Provide that each lessee shall own and take in kind his share of the production allocated under the unit plan;

(5) Provide for possible amendments to the unit plan; and

(6) Contain such other provisions as the lessees may deem appropriate for the prevention of waste or protection of all interested parties. [1951 c 146 § 40.]

78.52.380 Unit plan proposal—Hearing required. All petitions or proposals for the creation of a unit and approval of a unit plan shall be set for public hearing by the committee, and the date of the first of such hearings shall be not less than thirty days, nor more than sixty days, from the filing of such petition or proposal. [1951 c 146 § 41.]

78.52.390 Unit plan proposal—Notice of hearing. Notice of the time and place of the first of such hearings, and a description of the lands within the unit area, shall be given by publication and in the following manner:

(1) Publication on three consecutive days, at least ten days prior to said hearing, in some newspaper of general circulation printed in Olympia, Washington, and by publication on three consecutive days, at least ten days prior to said hearing, in some newspaper of general circulation in the county, or in each county, if there be more than one, in which the lands embraced in the petition are situated; and

(2) Mailing a postal card notice to the last known post office address as shown by the record of the county treasurer in the county where the land is located not less than thirty days prior to the date of the first of such hearings to all persons owning interests in the land within the unit area. [1951 c 146 § 42.]

78.52.400 Unit plan proposal—Hearing, notice of continuance on recess. If the hearing cannot be completed on the first day set for such hearing, the committee shall, before adjournment or recess thereof, publicly announce the time and place at which the hearing will be continued, and such announcement will serve as sufficient notice of such continuance without recourse to the form of public notice as provided above in *this section. [1951 c 146 § 43.]

78.52.410 Unit plan proposal—Findings and order on hearing. Within fifteen days after completion of the public hearings held in accordance with the procedure and requirements herein provided, the committee shall determine from the facts and evidence presented to it:

(1) Whether the unit plan, attached to such petition, or proposal, for the management and operation of a pool is proper, feasible, equitable, reasonably necessary, is for the common good and will result in the general advantage of the lessees and owners of the oil and gas rights within the pool; will prevent waste; will distribute the oil, and gas produced therewith, recovered from the pool, on a fair and equitable basis; and will increase the ultimate recovery of oil from the pool, and that the estimated additional oil to be recovered from the pool under the unit plan will exceed the estimated additional expense, if any, of the conduction of operations under such unit plan;

(2) Whether the unit plan, attached to such petition, or proposal, for the management and operation of a pool containing gas only is proper, feasible, equitable, reasonably necessary, is for the common good, and will result in the general advantage of the lessees and owners of the gas rights within the pool; will prevent waste; and will distribute the gas recovered from the pool on a fair and equitable basis.

If it is the determination of the committee that the unit plan will accomplish the requirements set forth above, it shall make a finding to that effect, and enter an order creating the unit, and designating the date when such unit plan shall become effective.

If it is the determination of the committee that the unit plan will not accomplish the requirements set forth above, it shall make a finding to that effect, reciting, in detail, the considerations upon which such finding is based. [1951 c 146 § 44.]

78.52.420 Unit plan proposal—Leases and contracts conformed to unit plan. From and after the date designated by the committee that a unit plan shall be effective, oil and gas leases upon lands within the unit area, or other contracts pertaining to the development thereof, shall be conformed to meet the provisions and requirements of such unit plan, but otherwise to remain in full force and effect. Operations carried on under and in accordance with such unit plan shall be regarded and considered as fulfillment of and compliance with all of the provisions, covenants, and conditions, expressed or implied, of the several oil and gas leases upon lands

within the unit area, or other contracts pertaining to the development thereof, insofar as said leases, or other contracts, may relate to the pool or field subject to such unit plan. The amount of production apportioned and allocated, pursuant to said unit plan, to each separately-owned tract within the unit area, and only that amount, regardless of the location of the well within the unit area from which it may be produced, and regardless of whether it be more or less than the amount of production from the well, if any, on each separately-owned tract, shall for all intents, uses and purposes be regarded as production from such separately-owned tract, and lessees shall not be obligated to pay royalties or make other payments, required by the oil and gas leases or other contracts affecting each such separately-owned tract, on production in excess of that amount apportioned and allocated to such separately-owned tract pursuant to the unit plan. [1951 c 146 § 45.]

78.52.430 Operations contrary to unit plan prohibited. From and after the date designated by the committee that a unit plan shall become effective, the operation of any well producing from the pool within the area subject to said unit plan, by persons other than persons acting under the authority of the unit plan, or except in the manner and to the extent provided in such unit plan, shall be unlawful and is hereby prohibited. [1951 c 146 § 46.]

78.52.440 Amendment of unit plan. In any proceeding hereunder in which an order is entered creating a unit and approving a unit plan, the committee shall retain jurisdiction thereof and of all parties in interest for the purpose of amending the unit plan from time to time whenever by reason of changed conditions or otherwise for good cause shown it is made to appear that such amendment is necessary or proper. Any amendment to a unit plan made pursuant hereto shall be effective prospectively only from and after the date on which the order providing for such amendment shall become final. The procedure for any such amendment, including the filing of a petition, the giving of notice and conduct of hearings, shall be the same as that required for the creation of a unit in the same instance, insofar as applicable. [1951 c 146 § 47.]

78.52.450 Participation of public lands in unit plan. The commissioner of public lands, or other officer or board having the control and management of state land, and the proper board or officer of any political, municipal, or other subdivision or agency of the state having control and management of public lands, may, on behalf of the state or of such political, municipal, or other subdivision or agency thereof, with respect to land and oil and gas rights subject to the control and management of such respective body, board or officer, consent to and participate in any unit plan. [1951 c 146 § 48.]

78.52.460 Unit plan not deemed monopolistic. No plan for the operation of a field or pool of oil or gas as a unit, either whole or in part, created or approved by the committee hereunder shall be held to violate any of the

statutes of this state prohibiting monopolies or acts, arrangements, agreements, contracts, combinations or conspiracies in restraint of trade or commerce. [1951 c 146 § 49.]

78.52.470 Objections to rule, regulation, order—Hearing required—Modification. Any person adversely affected by any rule, regulation or order of the committee may, within thirty days from the effective date of such rule, regulation or order, apply for a hearing with respect to any matter determined therein; the application shall be granted or denied by the committee within fifteen days from the date the same shall be filed, and if the hearing is not granted within fifteen days it shall be taken as denied. If a hearing is granted, the matter shall be set for hearing by the committee within thirty days after the same is submitted. No cause for action arising out of any rule, regulation or order of the committee shall accrue in any court to any party unless such party makes application for a hearing as herein provided. Such application shall set forth specifically the ground on which the applicant considers such rule, regulation or order to be unlawful or unreasonable. No party shall, in any court, urge or rely upon any ground not set forth in said application. A rule, regulation, or order made in conformity to a decision resulting from a hearing which abrogates[,] changes or modifies the original rule, regulation or order, shall have the same force and effect as an original. [1951 c 146 § 50.]

78.52.480 Appeal from rule, regulation, order—Rights of committee. In proceedings for review of a rule, regulation or order of the committee, the committee shall be a party to the proceedings and shall have all rights and privileges granted by this chapter to any other party to such proceedings. [1951 c 146 § 51.]

78.52.490 Appeal—How taken. Within thirty days after the application for a hearing is denied, or if the application is granted, then within thirty days after the rendition of the decision on the hearing, the applicant may apply to the superior court of Thurston county for a review of such rule, regulation, order or decision. The application for review shall be filed in the office of the clerk of the superior court of Thurston county and shall specifically state the grounds for review upon which the applicant relies and shall designate the rule, regulation, order or decision sought to be reviewed. The applicant shall immediately serve a certified copy of said application upon the executive secretary of the committee who shall immediately notify all parties who appeared in the proceedings before the committee that such application for review has been filed. [1951 c 146 § 52.]

78.52.500 Transcript—Filing—Scope of review—Appeal. The executive secretary, upon receipt of said copy of the application for review, shall forthwith transmit to the clerk of the superior court in which the application for review has been filed, a certified transcript of all pleadings, applications, proceedings, rules, regulations or orders of the committee and of the evidence heard by the committee on the hearings of the

matter or cause: *Provided*, That the parties, with the consent and approval of the committee may stipulate in writing that only certain portions of the record be transcribed. Said proceedings for review shall be for the purpose of having the lawfulness or reasonableness of the rule, regulation, order or decision of the committee, inquired into and determined, and the superior court hearing said cause shall have the power to vacate or set aside such rule, regulation, order or decision on the ground that it is unlawful or unreasonable. After the said transcript is filed, the judge of said superior court may, on his motion, or on application of any parties interested therein, make an order fixing a time for the filing of the transcript and briefs and shall fix a day for the hearing of the cause. All proceedings under this section shall have precedence in any court in which they may be pending. An appeal shall lie to the supreme court or the court of appeals of this state from orders, judgments and decisions made by the superior court. The procedure upon the trial of such proceedings in the superior court and upon appeal to the supreme court or the court of appeals of this state shall be the same as in other civil actions, except as herein provided. [1971 c 81 § 138; 1951 c 146 § 53.]

78.52.510 Hearing the appeal—New or additional evidence—Effect of affirmation. No new or additional evidence may be introduced upon the trial of any proceedings for review under the provisions of this chapter, but the cause shall be heard upon the questions of fact and law presented by the evidence and exhibits introduced before the committee and certified by it: *Provided*, That if it is shown to the satisfaction of the court that any party to the proceeding has additional material evidence which could not, by the exercise of due diligence, have been produced at the hearing before the committee, or which for some good reason it was prevented from producing at such hearing, or if upon the trial of the proceeding the court shall find the committee has erroneously refused to admit or consider material evidence offered by any party at the hearing before the committee the court may, in its discretion, stay the proceedings and make an order directing the committee to hear and consider such evidence. In such cases, the committee shall immediately hear and consider such evidence and make an order modifying, setting aside or affirming its former rule, regulation, order or decision. A transcript of the additional evidence and the rule, regulation, order or decision of the committee as modified or affirmed, shall immediately be certified and forwarded to the clerk of the superior court in which such proceeding is pending, and said superior court shall on the motion of any interested party, order the trial to proceed upon the transcript as supplemented, so as to enable the court to properly determine if the rule, regulation, order or decision of the committee as originally made, or as modified, is in any respect unlawful or unreasonable. If the rule, regulation, order or decision of the committee is affirmed by the court it shall continue in force and effect as if no appeal were pending. [1951 c 146 § 54.]

78.52.520 Stay, pending appeal. The filing or pendency of the application for review provided for in this chapter shall not in itself stay or suspend the operation of any rule, regulation or order, but the court, in its discretion, may stay or suspend, in whole or in part, the operation of the rule, regulation or order of the committee. [1951 c 146 § 55.]

78.52.530 Violations—Injunctions. Whenever it shall appear that any person is violating any provisions of this chapter, or any rule, regulation or order made by the committee hereunder, and if the committee cannot, without litigation, effectively prevent further violation, the committee may bring suit in the name of the state against such person in the superior court in the county of the residence of the defendant, or in the county of the residence of any defendant if there be more than one defendant, or in the county where the violation is alleged to have occurred, to restrain such person from continuing such violation. In such suit the committee may without bond obtain injunctions prohibitory and mandatory, including temporary restraining orders and preliminary injunctions, as the facts may warrant. [1951 c 146 § 56.]

78.52.540 Violations—Injunctions by private party. In the event the committee should fail to bring suit within thirty days to enjoin any apparent violation of this chapter, or of any rule, regulation or order made by the committee hereunder, then any person or party in interest adversely affected by such violation, who has requested the committee in writing to sue, may, to prevent any or further violation, bring suit for that purpose in the superior court of any county where the committee could have instituted such suit. If, in such suit, the court should hold that injunctive relief should be granted, then the state shall be made a party and shall be substituted for the person who brought the suit, and the injunction shall be issued as if the state had at all times been the complainant. [1951 c 146 § 57.]

78.52.550 Violations—Penalty. Every person who shall violate or knowingly aid and abet the violation of this chapter or any valid orders, rules and regulations issued thereunder, or who fails to perform any act which is herein made his duty to perform, shall be guilty of a gross misdemeanor. [1951 c 146 § 58.]

78.52.900 Short title. This chapter shall be known as the "Oil and Gas Conservation Act." [1951 c 146 § 2.]

78.52.910 Construction—1951 c 146. It is intended that the provisions of this chapter shall be liberally construed to accomplish the purposes authorized and provided for, or intended to be provided for by this chapter. [1951 c 146 § 59.]

78.52.920 Severability—1951 c 146. If any part or parts of this chapter, or the application thereof to any person or circumstances be held to be unconstitutional, such invalidity shall not affect the validity of the remaining portions of this chapter, or the application

thereof to other persons or circumstances. The legislature hereby declares that it would have passed the remaining parts of this chapter if it had known that said invalid part or parts thereof would be declared unconstitutional. [1951 c 146 § 60.]

In case of applications to purchase state lands, other than lands granted to the state for educational purposes and capitol building lands, the department shall appraise and fix the value thereof. In case of applications for the lease of state lands, for any lawful purposes other than that of mining for valuable minerals or coal, or extraction of petroleum or gas, the department shall fix the rental value thereof, and shall fix the limit of the value of the improvements that may be placed upon said land by any lessee of the state, and may, in case the land is leased, at any time during the life of the lease, extend the limit of value of the improvements that may be placed upon the land covered by the lease, if he deems it advisable and for the best interest of the state, by written order which shall be filed with the lease in the department of natural resources, and a copy mailed to the lessee at his last known post office address, and upon the expiration of such lease the department, shall not appraise said improvements in an amount exceeding the limit so fixed by the department: *Provided*, That the board of natural resources, in considering the management of individual tracts of state lands, shall include in their consideration of the financial benefits that may accrue to the particular beneficiary of such trust land any increased financial benefits that the beneficiary may receive from direct and indirect state and local taxes, including improvement in values resulting from private development and the local taxation benefits therefrom, if the property were to be sold into private ownership. Periodically at intervals to be determined by the board of natural resources, the commissioner of public lands shall cause an economic analysis to be made of those state lands held in trust, where the nature of the trust makes maximization of the economic return to the beneficiaries of income from state lands the prime objective. The analysis shall be by specific tracts, or where such tracts are of similar economic characteristics, by groupings of such tracts.

The most recently made analysis shall be considered by the department of natural resources in making decisions as to whether to sell or lease state lands, standing timber or crops thereon, or minerals therein, including but not limited to oil and gas and other hydrocarbons, rocks, gravel and sand.

The economic analysis shall include, but shall not be limited to the following criteria: (1) Present and potential sale value; (2) present and probable future returns on the investment of permanent state funds; (3) probable future inflationary or deflationary trends; (4) present and probable future income from leases or the sale of land products; and (5) present and probable future tax income derivable therefrom specifically including additional state, local and other tax revenues from potential private development of land currently used primarily for grazing and other similar low priority use; such private development would include, but not be limited to, development as irrigated agricultural land. right for six months from notice of such proposal to purchase or lease such land at the appraised value determined by the board of natural resources.

Land granted to the state shall not be leased for a longer period than ten years: *Provided*, That such lands may be leased for the purpose of prospecting for, developing and producing oil, gas and other hydrocarbon substances or for the mining of coal subject to the provisions of chapter 79.14 RCW and RCW 79.01.692: *Provided further*, That such lands may be leased for agricultural purposes for any period not to exceed twenty-five years: *Provided further*, That such lands may be leased for public school, college or university purposes for any period not exceeding seventy-five years: *Provided further*, That such lands may be leased for commercial, residential, business or recreational purposes for any period not exceeding fifty-five years: *And, provided further*, That, as to lands under lease on July 30, 1967 for commercial, residential, business or recreational purposes for a period of not to exceed twenty years, the lessee shall have an option for a new lease for such lands for an additional period not exceeding thirty-five years, the terms and conditions of said new lease to be fixed by the department: *And, provided further*, That if during the term of the lease of any state lands for commercial, residential, business or recreational purposes, in the opinion of the department it is in the best interest of the state so to do, the department may, on the application of the lessee, alter and amend the terms and conditions of such lease as to the types and conditions of commercial, residential, business or recreational enterprises conducted on such leased premises and the rent to be paid. The interest rate shall be fixed, from time to time, by rule adopted by the board of natural resources and shall not be less than six percent per annum. The applicable rate of interest as fixed at the date of sale and the maximum extension payment shall be set forth in the contract. The method for calculating the unpaid portion of the contract upon which such interest shall be paid by the purchaser shall be set forth in the contract. In appraising tide or shore lands hereafter platted, or replatted, by the commissioner of public lands, the commissioner shall appraise each lot, tract or piece of land separately, and shall enter in a well bound book to be kept in his office a description of each lot, tract or piece of tide or shore land, its full appraised value, the area and rate per acre at which it was appraised, and if any lot is covered in whole or in part by improvements in actual use for commerce, trade, residence, or business, on, or prior to, the date of the plat or replat, the commissioner shall enter the name of the owner, or reputed owner, the nature of the improvements, the area covered by the improvements, the portion of each lot, tract or piece of land covered, and the appraised value of the land covered, with, and exclusive of, the improvements. [1927 c 255 § 110; RRS § 7797-110. Prior: 1897 c 89 § 41; 1895 c 178 § 54. Formerly RCW 79.16.230.]

79.01.444 Tide and shore lands—Notice of filing plat and record of appraisal—Appeal. The commissioner of public lands shall, before filing in his office the plat and record of appraisal of any tide or shore lands platted and appraised by him, cause a notice to be published once each week for four consecutive weeks in a newspaper published and of general circulation in the county wherein the land covered by such plat and record are situated, stating that such plat and record, describing it, is complete and subject to inspection at the office of the commissioner of public lands and will be filed on a certain day to be named in the notice.

Any person claiming a preference right of purchase of any of the tide and shore lands platted and appraised by the commissioner of public lands, and who feels aggrieved at the appraisal fixed by the commissioner upon said lands, or any part thereof, may within sixty days after the filing of such plat and record in the office of the commissioner (which shall be done on the day fixed in said notice), appeal from such appraisal to the superior court of the county in which the tide or shore lands are situated, in the manner provided by this chapter for appeals from orders or decisions.

The prosecuting attorney of any county, or city attorney of any city, in which such lands are situated, shall at the request of the governor, or of ten freeholders of the county or city, in which such lands are situated, appeal on behalf of the state, or the county, or city, from any such appraisal in the manner hereinabove provided.

Notice of such appeal shall be served upon the commissioner of public lands, and it shall be his duty to immediately notify all persons claiming a preference right to purchase the lands the appraisal of which has been appealed from.

Any party, other than the state, county or city, appealing, shall execute a bond to the state with sufficient surety, to be approved by the commissioner of public lands, in the sum of two hundred dollars conditioned for the payment of costs on appeal.

The superior court to which an appeal is taken shall hear evidence as to the value of the lands appraised and enter an order confirming, or raising, or lowering the

appraisement appealed from, and the clerk of the court shall file a certified copy thereof in the office of the commissioner of public lands. The appraisement fixed by the court shall be final. [1927 c 255 § 111; RRS § 7797-111. Prior: 1897 c 89 § 44; 1895 c 178 § 57. Formerly RCW 79.16.240.]

79.01.448 Tide and shore lands—Preference right of upland owner—How exercised. Upon platting and appraisal of tide or shore lands of the first class, as in this chapter provided, if the department of natural resources shall deem it for the best public interests to offer said tide or shore lands of the first class for lease, the department shall cause a notice to be served upon the owner of record of land fronting upon the tide or shore lands to be offered for lease if he be a resident of this state, or if he be a nonresident of this state, shall mail to his last known post office address, as reflected in the county records, a copy of the notice notifying him that the state is offering such tide or shore lands for lease, giving a description and the department's appraised fair market value of such tide or shore lands for lease, and notifying such owner that he has a preference right to apply to lease said tide or shore lands at the appraised value for the lease thereof for a period of sixty days from the date of service or mailing of said notice. If at the expiration of the sixty days from the service or mailing of the notice, as above provided, there being no conflicting applications filed, and the owner of land fronting upon the tide or shore lands offered for lease has failed to avail himself of his preference right to apply to lease or to pay to the department the appraised value for lease of the tide or shore lands described in said notice, then in that event, said tide or shore lands may be offered for lease and leased in the manner provided for the lease of state lands.

If at the expiration of sixty days two or more claimants asserting a preference right to lease shall have filed applications to lease any tract, conflicting with each other, the conflict between the claimants shall be equitably resolved by the department of natural resources as the best interests of the state require in accord with the procedures prescribed by chapter 34.04 RCW: *Provided*, That any contract purchaser of land or rights, which land qualifies the owner for a preference right under this section, shall have first priority for such preference right. [1971 ex.s. c 217 § 1; 1927 c 255 § 112; RRS § 7797-112. Prior: 1915 c 147 § 8; 1897 c 89 § 45; 1895 c 178 §§ 58, 61. Formerly RCW 79.16.250.]

79.01.452 Tide and shore lands—Sale of remaining lands. Any tide or shore lands of the first class remaining unsold and where there is no pending application for the purchase of the same under claim of any preference right, shall be sold on the same terms and in the same manner as provided for the sale of state lands, for not less than the appraised value fixed at the time of the application to purchase, and the commissioner of public lands whenever he shall deem it advisable and for the best interest of the state may reappraise such lands in the same manner as provided for the appraisement of state lands. [1959 c 257 § 37; 1927 c 255 § 113; RRS §

7797-113. Prior: 1897 c 89 § 47. Formerly RCW 79.16.260.]

79.01.456 Tide and shore lands—Petition for replat—Replatting and reappraisement—Vacation by replat. Whenever all of the owners and other persons having a vested interest in the lands embraced within any plat of tide or shore lands of the first class, heretofore or hereafter platted or replatted, or within any portion of any such plat in which there are unsold tide or shore lands belonging to the state, shall file a petition with the commissioner of public lands accompanied by proof of service of such petition upon the city council, or other governing body, of the city or town in which the tide or shore lands described in the petition are situated, or upon the board of county commissioners of the county in which such tide or shore lands outside of any incorporated city or town are situated, asking for a replat of such tide or shore lands, the commissioner is authorized and empowered to replat the tide or shore lands described in such petition, and all unsold tide or shore lands within such replat shall be reappraised as provided for the original appraisement of tide or shore lands. All streets, alleys, waterways and other public places embraced within any such plat or portion of plat vacated by the replat hereby authorized shall vest in the owner or owners of the lands abutting thereon. [1927 c 255 § 114; RRS § 7797-114. Prior: 1901 c 161 § 1; 1897 c 89 § 40; 1895 c 178 § 53. Formerly RCW 79.16.270.]

79.01.460 Tide and shore lands—Dedication of replat—All interests must join. If in the preparation of such replat by the commissioner of public lands it becomes desirable to appropriate any tide or shore lands heretofore sold, for use as streets, alleys, waterways or other public places, all persons interested in the title to such tide or shore lands desired for public places shall join in the dedication of such replat before it shall become effective. [1927 c 255 § 115; RRS § 7797-115. Prior: 1901 c 161 § 1. Formerly RCW 79.16.280.]

79.01.464 Tide and shore lands—Vacation by replat—Preference right of tideland owner. If any street, alley, waterway or other public place theretofore platted is vacated by a replat as in the foregoing sections provided and any new street, alley, waterway or other public place is so laid out as to leave unsold tidelands between such new street, alley, waterway or other public place, and tidelands theretofore sold, the owner of said tidelands theretofore sold shall have the preference right, for sixty days after the final approval of such replat, to purchase the unsold tidelands so intervening at the appraised value thereof. [1927 c 255 § 116; RRS § 7797-116. Prior: 1901 c 161 § 1; 1897 c 89 § 40; 1895 c 178 § 53. Formerly RCW 79.16.290.]

79.01.468 Tide and shore lands—Vacation procedure cumulative. The foregoing sections are intended to afford a method of procedure, in addition to other methods provided in this chapter for the vacation of streets, alleys, waterways and other public places platted on tide

or shore lands. [1927 c 255 § 117; RRS § 7797-117. Formerly RCW 79.16.300.]

79.01.470 First and second class tidelands and shorelands, waterways of state to be sold only to public entities—Leasing—Limitation. (1) This section shall only apply to:

- (a) First class tidelands as defined in RCW 79.01.020;
- (b) Second class tidelands as defined in RCW 79.01.024;
- (c) First class shorelands as defined in RCW 79.01-.028; and
- (d) Second class shorelands as defined in RCW 79.01.032.

(e) Waterways as described in RCW 79.01.428.

(2) Notwithstanding any other provision of law, from and after August 9, 1971, all tidelands and shorelands enumerated in subsection (1) owned by the state of Washington shall not be sold except to public entities as may be authorized by law or except as provided in *section 2 of this 1974 amendatory act, and shall not be given away.

(3) Tidelands and shorelands enumerated in subsection (1) may be leased for a period not to exceed fifty-five years: *Provided*, That nothing herein shall be construed as modifying or canceling any outstanding lease during its present term.

(4) Nothing herein shall:

- (a) be construed to cancel an existing sale contract;
- (b) prohibit sale or exchange of beds and shorelands where the water course has changed and the area now has the characteristics of uplands;
- (c) prevent exchange involving state-owned tide and shorelands. [1974 ex.s. c 186 § 1; 1971 ex.s. c 217 § 2.]

*Reviser's note: "section 2 of this 1974 amendatory act" [1974 ex.s. c 186] was vetoed.

79.01.471 Construction of RCW 79.01.470—Use and occupancy fee where unauthorized improvements placed on publicly owned aquatic lands. Nothing in RCW 79.01.470 and 79.01.471 shall be construed to prevent the assertion of public ownership rights in publicly owned aquatic lands or the leasing of such lands when such leasing is not contrary to the state-wide public interest.

The department of natural resources may require the payment of a use and occupancy fee in lieu of a lease where improvements have been placed without authorization on publicly owned aquatic lands. [1974 ex.s. c 186 § 3.]

79.01.472 Vacation of waterways—Extension of streets. Whenever any waterway established under the authority of the laws of this state, or any portion of such waterway, shall not have been excavated, or shall not be in use for the purposes of navigation, or shall no longer be required in the public interest to exist as a waterway, such waterway or portion thereof may be vacated by written order of the commissioner of public lands of the state of Washington whenever he shall be requested so to do by ordinance or resolution of the city council of the city in which such waterway is situate, in whole or in

part, or, in case such waterway is situate, in whole or in part, in a port district organized under the laws of the state of Washington, whenever he shall be requested so to do by resolution of the port commission of such port district; and upon the making of such order the waterway or portion thereof shall thereupon be deemed to be and shall be thereby vacated: *Provided, however*, That if the waterway or portion thereof so vacated be navigable water of the United States, or otherwise within the jurisdiction of the United States, a copy of such resolution or ordinance, together with a copy of said order of the commissioner of public lands certified to by him, shall be submitted to the secretary of the army and chief of engineers of the United States for their approval, and if they approve the same such waterway or portion thereof shall thereupon be deemed to be and shall be thereupon vacated.

Upon such vacation occurring, in either of the manners aforesaid, the commissioner of public lands shall notify the city within, or in front of, which, such waterway is located, and the city shall have the right to extend across the portions so vacated any existing streets, or to select therefrom such portions thereof as the city may desire for street purposes, in no case to exceed one hundred fifty feet in width for any one street. Such selection shall be made within sixty days subsequent to the receipt of notice of the vacation of the portion of the waterway so vacated.

Should such city fail to make such selection within such time, or within such time make such selection, the title of the remaining portions of such waterway so vacated shall vest in the state, unless the same be situate within the territorial limits of a port district created under the laws of the state, in which event such title shall vest in said port district. If subsequent to such vacation, the vacated waterway or portion of waterway shall be embraced within the limits of a port district created under the laws of the state, the title to such portions thereof as shall then remain undisposed of by the state shall vest in such port district. Such title so vesting shall be subject to any railroad or street railway crossings existing at the time of such vacation. [1967 ex.s. c 105 § 1; 1927 c 255 § 118; RRS § 7797-118. Severability—1967 ex.s. c 105: See RCW 79.24.646.

79.01.476 Effect of replat of tide or shore lands. Any replat of tide or shore lands heretofore, or hereafter, platted shall be in full force and effect and shall constitute a vacation of streets, alleys, waterways and other public places theretofore dedicated and the dedication of new streets, alleys, waterways and other public places appearing upon such replat, when the same is recorded and filed as in the case of original plats. [1927 c 255 § 119; RRS § 7797-119. Prior: 1901 c 161 § 1; 1897 c 89 § 40; 1895 c 178 § 53. Formerly RCW 79.16.320.]

79.01.480 Sale of tidelands other than first class. All tidelands, other than first class, shall be offered for sale and sold in the same manner as state lands, other than capitol building lands, but for not less than five dollars

per lineal chain, measured on the United States meander line bounding the inner shore limit of such tidelands, and each applicant shall furnish a copy of the United States field notes certified to by the officer in charge thereof, of said meander line with his application, and shall pay one-tenth of the purchase price on the date of sale. [1927 c 255 § 120; RRS § 7797-120. Prior: 1899 c 86 § 1; 1897 c 89 § 48. Formerly RCW 79.16.330.]

79.01.484 Shorelands of second class—Sale or lease when in best public interest—Preference right of upland owner—Procedure upon determining sale or lease not in best public interest or where transfer made for public use—Platting. If application is made to purchase or lease any shorelands of the second class and the department of natural resources shall deem it for the best public interest to offer said shorelands of the second class for sale or lease, the department shall cause a notice to be served upon the abutting upland owner if he be a resident of this state, or if the upland owner be a nonresident of this state, shall mail to his last known post office address, as reflected in the county records a copy of a notice notifying him that the state is offering such shorelands for sale or lease, giving a description and the department's appraised fair market value of such shorelands for sale or lease, and notifying such upland owner that he has a preference right to purchase or lease said shorelands at the appraised value thereof for a period of thirty days from the date of the service or mailing of said notice. If at the expiration of the thirty days from the service or mailing of the notice, as above provided, the abutting upland owner has failed to avail himself of his preference right to purchase or lease or to pay to the department the appraised value for sale or lease of the shorelands described in said notice, then in that event, except as otherwise provided in this section, said shorelands may be offered for sale or lease and sold or leased in the manner provided for the sale or lease of state lands.

The department of natural resources shall authorize the sale or lease, whether to abutting upland owners or others, only if such sale or lease would be for the best public interest. It is the intent of the legislature that whenever it is in the best public interest, the shorelands of the second class managed by the department of natural resources shall not be sold but shall be maintained in public ownership for the use and benefit of the people of the state.

If, following an application by the abutting upland owner to either purchase or obtain an exclusive lease at appraised full market value or rental, the department deems that such sale or lease is not in the best public interest; or if property rights in state-owned second class shorelands are at any time withdrawn, sold or assigned in any manner authorized by law to a public agency for a use by the general public, the department shall within one hundred eighty days from receipt of such application to purchase or lease, or on reaching a decision to withdraw, sell, or assign such shorelands to a public agency:

(1) Make a formal finding that the body of water adjacent to such shorelands is navigable;

(2) Find that the state or the public has an overriding interest inconsistent with a sale or exclusive lease to a private person, and specifically identify such interest and the factor or factors amounting to such inconsistency; and

(3) Provide for the review of said decision in accordance with the procedures prescribed by chapter 34.04 RCW.

Notwithstanding the above provisions, the department may cause any of such shorelands to be platted as is provided for the platting of shorelands of the first class, and when so platted such lands shall be sold or leased in the manner provided for the sale or lease of shorelands of the first class. [1969 ex.s. c 54 § 1; 1927 c 255 § 121; RRS § 7797-121. Prior: 1901 c 175 §§ 1 through 5; 1899 c 86 § 1; 1897 c 89 § 252. Formerly RCW 79.16.340.]

79.01.488 Second class tide or shore lands detached from upland by navigable water. Tide or shore lands of the second class which are separated from the upland by navigable waters, shall be sold at not less than five dollars per acre; an applicant to purchase such tide or shore lands shall, at his own expense, survey and cause to be filed with his application a plat of the surveys of the land applied for, which surveys shall be connected with, and the plat shall show, two or more connections with the United States survey of the uplands, and the applicant shall also file the field notes of the survey of said land with his application. The commissioner of public lands shall examine and test said plat and field notes of survey, and if found incorrect or indefinite, he shall cause the same to be corrected or may reject the same and cause a new survey to be made. [1927 c 255 § 122; RRS § 7797-122. Prior: 1907 c 256 § 4; 1897 c 89 § 49; 1895 c 178 §§ 65 through 68. Formerly RCW 79.16.350.]

79.01.492 Accretions—Preference right to purchase. Any accretions that may be added to any tract or tracts of tide or shore lands heretofore sold or that may hereafter be sold, by the state, shall belong to the state and shall not be sold or offered for sale until such accretions shall have been first surveyed under the direction of the commissioner of public lands, and the owner of the adjacent tide or shore lands shall have the preference right to purchase said lands produced by accretion for thirty days after the owner of the adjacent tide or shore lands shall be notified by registered mail of his preference right to purchase such accreted lands. [1927 c 255 § 123; RRS § 7797-123. Prior: 1899 c 83 § 1; 1897 c 89 § 51; 1895 c 178 § 81. Formerly RCW 79.16.360.]

79.01.496 Tide or shore lands—Preference rights, time limit on exercise. All preference rights to purchase tide or shore lands awarded by the commissioner of public lands, or by the superior court in case of appeal from the award of the commissioner of public lands, shall be exercised by the parties to whom the award is made within thirty days from the date of the service of notice of the award by registered mail, by the payment to the commissioner of public lands of the sums required by law to be paid for a contract, or deed, as in the case

of the sale of state lands, other than capitol building lands, and upon failure to make such payment such preference rights shall expire. [1927 c 255 § 124; RRS § 7797–124. Prior: 1899 c 83 § 1; 1897 c 89 § 51. Formerly RCW 79.16.370.]

79.01.500 Court review of actions. Any applicant to purchase, or lease, any public lands of the state, or any valuable materials thereon, and any person whose property rights or interests will be affected by such sale or lease, feeling himself aggrieved by any order or decision of the board of state land commissioners, or the commissioner of public lands, concerning the same, may appeal therefrom to the superior court of the county in which such lands or materials are situated, by serving upon all parties who have appeared in the proceedings in which the order or decision was made, or their attorneys, a written notice of appeal, and filing such notice, with proof, or admission, of service, with the board, or the commissioner, within thirty days from the date of the order or decision appealed from, and at the time of filing the notice, or within five days thereafter, filing a bond to the state, in the penal sum of two hundred dollars, with sufficient sureties, to be approved by the secretary of the board, or the commissioner, conditioned that the appellant shall pay all costs that may be awarded against him on appeal, or the dismissal thereof. Within thirty days after the filing of notice of appeal, the secretary of the board, or the commissioner, shall certify, under official seal, a transcript of all entries in the records of the board, or the commissioner, together with all processes, pleadings and other papers relating to and on file in the case, except evidence used in such proceedings, and file such transcript and papers, at the expense of the applicant, with the clerk of the court to which the appeal is taken. The hearing and trial of said appeal in the superior court shall be de novo before the court, without a jury, upon the pleadings and papers so certified, but the court may order the pleadings to be amended, or new and further pleadings to be filed. Costs on appeal shall be awarded to the prevailing party as in actions commenced in the superior court, but no costs shall be awarded against the state, the board, or the commissioner. Should judgment be rendered against the appellant, the costs shall be taxed against him and his sureties on the appeal bond, except when the state is the only adverse party, and shall be included in the judgment, upon which execution may issue as in other cases. Any party feeling himself aggrieved by the judgment of the superior court may appeal therefrom to the supreme court or the court of appeals of the state, in the manner, and within the time, for appealing from judgments in actions at law. Unless appeal be taken from the judgment of the superior court, the clerk of said court shall, on demand, certify, under his hand and the seal of the court, a true copy of the judgment, to the board, or the commissioner, which judgment shall thereupon have the same force and effect as if rendered by the board, or the commissioner. In all cases of appeals from orders or decisions of the commissioner of public lands involving the prior right to purchase tidelands of the first class, if the appeal be not prosecuted, heard and determined,

within two years from the date of the appeal, the attorney general shall, after thirty days' notice to the appellant of his intention so to do, move the court for a dismissal of the appeal, but nothing herein shall be construed to prevent the dismissal of such appeal at any time in the manner provided by law. [1971 c 81 § 139; 1927 c 255 § 125; RRS § 7797–125. Prior: 1901 c 62 §§ 1 through 7; 1897 c 89 § 52; 1895 c 178 § 82. Formerly RCW 79.08.030.]

79.01.504 Authority to lease tidelands and harbor areas—Conditions. The power to lease all platted first class tidelands, second class tidelands and all harbor areas belonging to the state and situate upon tidal waters, shall be vested in the commissioner of public lands, who shall have authority to make leases thereof to such persons, upon such terms and conditions and for such length of time, conformably to the state Constitution and this chapter, as he may prescribe. All applications for leases of harbor areas situate upon tidal waters, or tidelands, lying within the limits of a port district shall before the execution of any such lease be referred by the commissioner of public lands to the port commission of such port district who shall make such investigation as it deems advisable, and by resolution make to the commissioner of public lands within sixty days, such recommendations as to the character of the improvements, time of commencement and completion thereof, the percentage for fixing rental, and the terms and conditions of the lease, as to such port commission shall seem proper, which recommendations shall be advisory to but not binding upon the commissioner of public lands. No preference rights are renewed or created under the provisions of this section and the power of the commissioner of public lands to grant or reject an application as the public interest in his judgment may require, is hereby declared, but nothing in this section contained shall be construed to nullify or qualify the provisions of RCW 79.01.508, or 79.01.512. In every lease granted the commissioner of public lands shall insert a provision reserving to the state, port district, county, city or other public agency in the territory where the portion of the harbor area described in such lease is located, the right to assume and thereafter hold such lease upon acquirement of the tidelands contiguous thereto and fronting thereon, without any value for said lease except for improvements thereon. [1927 c 255 § 126; RRS § 7797–126. Prior: 1923 c 171 § 1. Formerly RCW 79.16.020.]

Lease of state-owned fresh water harbor areas: Chapter 53.32 RCW.

79.01.508 Terms of leases. Applications, leases, and bonds of lessees, shall be in such form as the commissioner shall prescribe. Every lease shall provide that the rental shall be payable to the commissioner, and for cancellation by the commissioner upon sixty days' written notice for any breach of the conditions thereof. Every lessee shall furnish a bond, with surety satisfactory to the commissioner, in such penalty as he may prescribe, but not less than five hundred dollars, conditioned for the faithful performance of the terms of the

lease and the payment of the rent when due. If the commissioner shall at any time deem any bond insufficient, he may require the lessee to file a new and sufficient bond within thirty days after receiving notice so to do.

Applications for leases of harbor areas upon tidal waters shall be accompanied by such plans and drawings and other data concerning the proposed wharves, docks or other structures or improvements thereof as the commissioner shall require. Every lease of harbor area shall provide that, wharves, docks or other conveniences of navigation and commerce adequate for the public needs, to be specified in such lease, shall be constructed within such time as may be fixed in each case by the commissioner; that in no case shall the construction be commenced more than two years from the date of such lease and shall be completed within such reasonable time as the commissioner shall fix, any of which times may be extended by the commissioner either before or after their expiration, and the character of the improvements may be changed either before or after completion with the approval of the commissioner: *Provided*, That if in his opinion the improvements existing upon such harbor area or the tidelands adjacent thereto are adequate for the public needs, the commissioner may require the maintenance of such existing improvements and need not require further improvements. [1927 c 255 § 127; RRS § 7797-127. Prior: 1923 c 171 § 2. Formerly RCW 79.16.030.]

79.01.512 Construction or extension of docks, wharves, etc.—New lease. If the owner of any lease of harbor area upon tidal waters shall desire to construct thereon any wharf, dock or other convenience of navigation or commerce, or to extend, enlarge or improve any existing structure used in connection with such harbor area, and shall deem the required expenditure not warranted by his right to occupy such harbor area during the remainder of the term of his lease, he may make application to the department of natural resources for a new lease of such harbor area for a period not exceeding thirty years. Upon the filing of such application accompanied by such proper plans, drawings or other data, the department shall forthwith investigate the same and if it shall determine that the proposed work or improvement is in the public interest and reasonably adequate for the public needs, it shall by order fix the terms and conditions and the rate of rental for such new lease, such rate of rental to be a fixed percentage during the term of such lease on the true and fair value in money of such harbor area, determined from time to time by the department of natural resources as provided in RCW 79.01.520. The department may propose modifications of the proposed wharf, dock or other convenience or extensions, enlargements or improvements thereon. The department shall, within ninety days from the filing of such application notify the said applicant in writing of the terms and conditions upon which such new lease will be granted, and of the rental to be paid and if the applicant shall within ninety days thereafter elect to accept a new lease of such harbor area upon the terms and under the conditions and at the rental prescribed by the department, the department shall make a new lease for

such harbor area for the term applied for and the existing lease shall thereupon be surrendered and canceled. [1969 ex.s. c 97 § 1; 1927 c 255 § 128; RRS § 7797-128. Prior: 1923 c 171 § 3. Formerly RCW 79.16.040.]

79.01.516 Re-leases of harbor areas. Upon the expiration of any lease of harbor area upon tidal waters hereafter expiring the owner thereof may apply for a re-lease of such harbor area for a period not exceeding thirty years. Such application shall be accompanied with maps showing the existing improvements upon such harbor area and the tidelands adjacent thereto and with proper plans, drawings and other data showing any proposed extensions or improvements of existing structures. Upon the filing of such application the department of natural resources shall forthwith investigate the same and if it shall determine that the character of the wharfs, docks or other conveniences of commerce and navigation are reasonably adequate for the public needs and in the public interest, it shall by order fix and determine the terms and conditions upon which such re-lease shall be granted and the rate of rental to be paid which rate shall be a fixed percentage during the term of such lease on the true and fair value in money of such harbor area determined from time to time by the department of natural resources as provided in RCW 79.01.520. 79.01.520 Department's valuation prior to lease, renewal or re-lease—Appeal. Prior to the issuance of a lease, renewal lease, or re-lease of harbor area on tidal waters under the preceding sections of this chapter, and every five years thereafter during the life of all leases written after August 11, 1969, and no less frequently than every five years for all prior leases, the department of natural resources shall determine the true and fair value in money of such harbor area (exclusive of the improvements thereon), which value shall be the value at which the property would be taken in payment of a just debt from a solvent debtor. All harbor area leases will stipulate the percentage rate of said values that will be paid as the annual rent during the period until the next reappraisal of the value of the harbor area as established herein: *Provided*, That the applicant, or lessee, being dissatisfied with the valuation as fixed by the department of natural resources shall have the right of appeal from the findings of the department to a valuation board to be composed of the county commissioners, the county treasurer and the county assessor of the county in which the harbor area is located. To perfect such appeal, notice thereof shall be in writing and a copy must, within ten days after receipt of notice of the department of natural resources' valuation, be personally served upon each member of the board of county commissioners and upon the county treasurer, the county assessor, and the administrator of the department of natural resources; or such copy may be left at the residence of such officer with some person of suitable age and discretion. Service of the notice may be made by any person qualified to

serve a summons in a civil action. Within five days following the service of said notice on the chairman of the board of county commissioners, said chairman shall fix a time and place for a meeting of said valuation board and shall notify each of the officers of said board thereof, which said time shall be not less than five nor more than ten days from the date of giving said notice; like notice of the time and place fixed for said hearing shall also be given the applicant, or lessee, and the department of natural resources. Except as otherwise provided in chapter 79.01 RCW, such hearing will be conducted in compliance with chapter 34.04 RCW. At the time and place fixed for said meeting, the said board shall meet and determine, by such means as it may select, the valuation of the harbor area in question. A majority of said officers shall constitute a quorum for the purpose of determining the question, and the valuation shall be determined by a majority vote of the members of said board. If a majority of the members of said board participate in said meeting no question shall be made as to any irregularity of the giving of the notices required. The meeting of the board and its deliberations and voting shall be open to the public and any interested parties. The decision of the board of the question of valuation shall be final and conclusive on all parties. [1969 ex.s. c 97 § 3; 1927 c 255 § 130; RRS § 7797-130. Prior: 1923 c 171 § 5. 79.01.524 Procedure to re-lease harbor areas. Upon receipt of the valuation of any tract of harbor area applied for, under RCW 79.01.516, the commissioner shall notify the applicant of the terms and conditions upon which the re-lease will be granted and of the rental fixed, and such applicant or his successor in interest shall have the option for the period of sixty days from the date of the service of such notice in which to accept a lease on the terms and conditions and at the rental so fixed and determined. If such terms and conditions and rental be accepted a new lease shall be granted for the term applied for. If such terms and conditions be not accepted within the time aforesaid or within such further time, not exceeding three months, as said commissioner shall grant, the same shall be deemed rejected by the applicant, and the commissioner shall give eight weeks' notice by publication in one or more weekly newspapers printed and of general circulation in the county in which such harbor area is situate, that a lease of such harbor area will be sold on said terms and conditions and at said rental at a time and place specified in such notice (which shall not be more than three months from the date of the first publication of said notice) to the person offering at such public sale to pay the highest sum as a cash bonus at the time of sale for such lease. Notice of such sale shall be served upon the applicant at least six weeks prior to the date thereof. The person paying the highest sum as a cash bonus shall be entitled to lease such harbor area. If such lease be not sold at such public sale the commissioner may at any time or times again fix the terms, conditions and rental and again advertise such lease for sale as above provided and upon similar notice, upon failure to secure any sale of such lease as above

prescribed, the commissioner may issue revocable leases without requirement of improvements for one year periods at the minimum rate of two percent. [1927 c 255 § 131; RRS § 7797-131. Prior: 1923 c 171 § 6. Formerly RCW 79.16.070.]

No lease issued under the provisions of this section shall be for a longer term than ten years from the date thereof and every such lease shall be subject to termination upon ninety days' notice to the lessee in the event that the commissioner of public lands shall decide that it is to the best interest of the state that such tide or shore lands be surveyed and platted. At the expiration of any lease issued under the provisions of this section, the lessee, his successors or assigns, shall have a preference right to re-lease the lands covered by his original lease, or any portion thereof if the commissioner of public lands shall deem it to the best interest of the state to re-lease the same, for succeeding periods not exceeding five years each at such rental and upon such terms and conditions as may be prescribed by said commissioner of public lands. In case such tide or shore lands are not leased, or sold, within three years after the expiration of such former lease, then and in that event, such improvements existing on the lands at the time of any subsequent lease or sale thereof, shall be considered a part of the land, and shall be taken into consideration in appraising the value, or rental value, of the land, and sold, or leased, with the land. to its size and isolation, he shall thereupon appraise the value of the land applied for, and upon the payment of the appraised value to the commissioner of public lands cause a deed to be issued for the land applied for in the same manner as deeds of state lands are issued, which deed shall contain a covenant or condition of defeasance to the effect that if said lands be used for any other purpose than the cultivation of oysters or edible shell fish, then such deed shall be canceled and the lands described therein revert to the state: *Provided*, That if the tract of land applied for is located between the lands of two or more owners, then upon the application of either of the adjoining owners, the others shall be notified of such application and given sixty days within which to apply for the purchase of said land, and if others of said adjoining owners make application to purchase said land, the commissioner of public lands shall determine an equitable division of said land between said applicants, and each shall be given the privilege of purchasing the part allotted to him, but if any of said adjoining owners fail for a period of sixty days to purchase said land at the appraised value, then the other adjoining owner, or owners, shall have the privilege of purchasing the land. The holder of any option contract shall be entitled, during the period of one year from the date thereof, to enter upon the lands and carry on such work of exploration, examination and prospecting for coal as may be necessary to determine the presence of coal upon the lands and the feasibility of mining the same. He shall have the right to use such timber found upon the lands and owned by the state as may be necessary for steam purposes and timbering in the examination and prospecting of such lands: *Provided*, That this provision shall not be construed to require the state to withhold any such timber from sale. No coal shall be removed

from such lands during the period of such option contract except for samples and testing. At the expiration of the option contract, the applicant shall fill or cover in a substantial manner all prospect holes and shafts, or surround the same with substantial fences, and shall file with the commissioner of public lands a report showing in detail the result of his investigation and prospecting. In the case of lands which the state may have sold or leased and reserved the mineral rights therein, if the holder of any option contract or lease shall be unable to agree with the owner or prior lessee of the lands, he shall have a right of action in the superior court of the county in which the land is situated to ascertain and determine the amount of damages which will accrue to such owner or lessee of the land by reason of the entry thereon and prospecting for or mining coal, as the case may be. In the event of any such action, the term of the option contract or lease shall begin thirty days after the entry of the final judgment in such action. [1927 c 255 § 166; RRS § 7797-166. At any time during the life of the option contract, the holder thereof may apply to the commissioner of public lands for a coal mining lease of the lands included therein, or such portion thereof as he may specify, for the purpose of mining and extraction of coal therefrom. Such coal mining lease shall be for such term, not more than twenty years, and in such form as may be prescribed by the commissioner of public lands, shall entitle the lessee to mine and sell and dispose of all coal underlying said lands and to occupy and use so much of the surface thereof as may be necessary for bunkers and other outside works, and for railroads, buildings, appliances and appurtenances in connection with the mining operations. Such lease shall provide for the payment to the state of a royalty, according to the grade of coal, for each ton of two thousand two hundred and forty pounds of merchantable coal taken from the lands, as follows: For lignite coal of the class commonly found in Lewis and Thurston counties, not less than ten cents per ton; for subbituminous coal, not less than fifteen cents per ton; for high grade bituminous and coking coals, not less than twenty cents per ton; but such lease shall provide for the payment each year of a minimum royalty of not less than one nor more than ten dollars an acre for the lands covered thereby: *Provided*, That the commissioner of public lands may agree with the lessee that said minimum royalty shall be graduated for the different years of said lease so that a lower minimum royalty shall be paid during the earlier years of the term. The minimum royalty fixed in the lease shall be paid in advance each year, and the lessee, at stated periods during the term of the lease, fixed by the commissioner,

shall furnish to the commissioner of public lands a written report under oath showing the amount of merchantable coal taken from the land during the period covered by such report and shall remit therewith such sum in excess of the minimum royalty theretofore paid for the current year as may be payable as royalty for the period covered by such report.

Failure on the part of any lessee to comply with the foregoing provisions, or of his lease, shall work a forfeiture of the lease, and no such forfeiture may be waived. The commissioner shall incorporate in every lease such provisions and conditions not inconsistent with the provisions of this chapter and not inconsistent with good coal mining practice as he shall deem necessary and proper for the protection of the state, and, in addition thereto, the commissioner shall be empowered to prescribe such rules and regulations, not inconsistent with this chapter and not inconsistent with good mining practice, governing the manner and methods of mining as in his judgment are necessary and proper. The state shall have the right to sell or otherwise dispose of any timber, stone or other valuable materials, except coal, found upon the land during the period covered by any option contract, or lease issued under the foregoing provisions, with the right to enter upon such lands and cut and remove the same, and shall not be obliged to withhold from sale any timber for coal mining or prospecting purposes: *Provided*, That the lessee shall be permitted to use in his mining operations any timber found upon the land, first paying therefor to the commissioner of public lands the value thereof as fixed by said commissioner: *And provided further*, That

any bill of sale for the removal of timber, stone or other material given subsequent to the coal lease shall contain provisions preventing any interference with the operations of the coal lease. [1927 c 255 § 170; RRS § 7797-170. Prior: 1925 ex.s. c 155 § 8. Formerly RCW 78.24.080.]

79.01.684 Coal mining—Suspension of mining—Termination of lease. Should the lessee for any reason, except strikes or inability to mine or dispose of his output without loss, suspend mining operations upon the lands included in his lease, or upon any contiguous lands operated by him in connection therewith, for a period of six months, or should the lessee for any reason suspend mining operations upon the lands included in his lease or in such contiguous lands for a period of twelve months, the commissioner of public lands may, at his option, cancel the lease, first giving thirty days' notice in writing to the lessee.

The lessee shall have the right to terminate the lease after thirty days' written notice to the commissioner of public lands and the payment of all royalties and rentals then due. [1927 c 255 § 171; RRS § 7797-171. Prior: 1925 ex.s. c 155 § 9. Formerly RCW 78.24.090.]

79.01.688 Coal mining—Condition of premises on termination of lease—Removal of personalty. Upon the termination of any lease issued under the foregoing provisions, the lessee shall surrender the lands and premises and leave in good order and repair all shafts, slopes, airways, tunnels and watercourses then in use. Unless the coal therein is exhausted, he shall also, as far as it is reasonably practicable so to do, leave open to the face all main entries then in use so that the work of further development and operation may not be unnecessarily hampered. He shall also leave on the premises all buildings and other structures, but shall have the right to, without damage to such buildings and structures, remove all tracks, machinery and other personal property. [1927 c 255 § 172; RRS § 7797-172. Prior: 1925 ex.s. c 155 § 10. Formerly RCW 78.24.100.]

Such application shall be in writing and under oath, setting forth the extent, character and value of all improvements, development work and structures existing upon the land. The commissioner of public lands may on the filing of such application cause the lands to be inspected, and if he deems it for the best interests of the state to re-lease said lands, he shall fix the royalties for the ensuing term in accordance with the foregoing provisions relating to original leases, and issue to the applicant a renewal lease for a further term; such application for a release when received from the lessee, or successor of any lessee, who has in good faith developed and improved the property in a substantial manner during his original lease to be given preference on equal terms against the application

of any new applicant. [1927 c 255 § 173; RRS § 7797-173. Prior: 1925 ex.s. c 155 § 11. Formerly RCW 78.24.110.]

79.14.010 Definitions. Whenever used in this chapter, unless the context otherwise requires, words and terms shall have the meaning attributed to them herein:

(1) "Public lands": Lands and areas belonging to or held in trust by the state, including tide and submerged lands of the Pacific Ocean or any arm thereof and lands of every kind and nature including mineral rights reserved to the state.

(2) "Commissioner": The commissioner of public lands of the state of Washington. [1967 c 163 § 6; 1955 c 131 § 1. Prior: 1937 c 161 § 1. Formerly RCW 78.28.280.]

1967 act adopted to implement Amendment 42—Severability—1967 c 163: See notes following RCW 64.16.005.

79.14.020 Leases authorized—Terms—Duration. The commissioner is authorized to lease public lands for the purpose of prospecting for, developing and producing oil, gas or other hydrocarbon substances. Each such lease is to be composed of not more than six hundred forty acres, except a lease on river bed, lake bed, tide and submerged lands which is to be composed of not more than one thousand nine hundred twenty acres. All leases shall contain such terms and conditions as may be prescribed by the rules and regulations adopted by the commissioner in accordance with the provisions of this chapter. All leases shall be for terms of five years and for so long thereafter as lessee shall produce any of said substances from the leased lands, and shall comply with the provisions hereof, or shall be engaged in drilling, deepening, repairing, or redrilling any well thereon, or be thereafter excused therefrom but not to exceed a period of twenty years. The lessee shall have preferential right to a new lease covering such lands for an additional twenty-year period on the same terms and conditions as set forth in such previous lease. [1955 c 131 § 2. Prior: 1937 c 161 §§ 2, 3; 1927 c 255 §§ 175, 176. Formerly RCW 78.28.290.]

79.14.030 Rental fees—Minimum royalties. The commissioner shall require as a prerequisite to the issuing of any lease a rental of fifty cents per acre for the first year of such lease, payable in advance to the commissioner at the time of making application therefor and a like rental of fifty cents per acre annually in advance thereafter so long as such lease remains in force: *Provided*, That in the event no lease be issued or the lease when issued includes less acreage than that applied for, such rental shall be returned to the applicant insofar as it pertains to lands not included in such lease. Such rental shall cease at such time as royalty accrues to the state from production from such lease. Commencing with the lease year beginning on or after oil, gas or other hydrocarbon substances are first produced in quantities deemed paying quantities by lessee on the land subject to such lease, lessee shall pay a minimum royalty of five dollars per acre or fraction thereof at the expiration of each year, or the difference between the actual royalty paid during the year if less than five dollars per acre and the prescribed minimum royalty of five dollars per acre: *Provided*, That if such lease is unitized, the minimum royalty shall be payable only on the leased acreage after production is obtained in such paying quantities from such lease. [1955 c 131 § 3. Prior: 1937 c 161 § 4; 1927 c 255 § 176. Formerly RCW 78.28.300.]

79.14.040 Compensation to owners of private rights and to state for surface damage. No lessee shall commence any operation upon lands covered by his lease until such lessee has provided for compensation to owners of private rights therein according to law, or in lieu thereof, filed a surety bond with the commissioner in an amount sufficient in the opinion of the commissioner to cover such compensation until the amount of compensation is determined by agreement, arbitration or judicial decision and has provided for compensation to the state of Washington for damage to the surface rights of the state in accordance with the rules and regulations adopted by the commissioner. [1955 c 131 § 4. Prior: 1937 c 161 § 6; 1927 c 255 § 175. Formerly RCW 78.28.310.]

79.14.050 Drilling operations beyond lease term—Lease provisions. All leases shall provide that if oil, gas or other hydrocarbon substances are not encountered on or before the end of the initial five-year term, the lease shall not terminate if the lessee is then prosecuting drilling operations on the leased lands with due diligence, in which event the same shall remain in force so long as lessee shall keep one string of tools in operation on the leased lands, allowing not to exceed ninety days between the completion of one well and the commencement of the next until such substances are encountered in quantities deemed paying quantities by lessee. All leases shall further provide that if oil, gas or other hydrocarbon substances in paying quantities shall have been discovered on the leased lands prior to the expiration of the initial five-year term, then in the event at any time after the expiration of the initial five-year term production on the leased land shall cease from any cause, the lease shall not terminate provided lessee resumes operations

for the drilling of a well or the restoration of production within ninety days from such cessation. The lease shall remain in force during the prosecution of such operations, and if production results therefrom, then so long as production continues. [1955 c 131 § 5. Prior: 1937 c 161 § 7; 1927 c 255 § 180. Formerly RCW 78.28.320.]

79.14.060 Surrender of lease—Liability. Every lessee shall have the option of surrendering his lease as to all or any portion or portions of the land covered thereby at any time and shall be relieved of all liability thereunder with respect to the land so surrendered except for monetary payments theretofore accrued and except for physical damage to the premises embraced by his lease which have been occasioned by his operations. [1955 c 131 § 6. Prior: 1937 c 161 §§ 8, 10. Formerly RCW 78.28.330.]

79.14.070 Royalties. All oil and gas leases issued pursuant to this chapter shall be upon a royalty of not less than twelve and one-half percent of the gross production of all oil, gas or other hydrocarbons produced and saved from the lands covered by such lease. [1955 c 131 § 7. Prior: 1937 c 161 § 9; 1927 c 255 § 176. Formerly RCW 78.28.340.]

79.14.080 Leases of land within a geologic structure. Oil and gas leases shall not be issued on unleased lands which have been classified by the commissioner as being within a known geologic structure of a producing oil or gas field, except as follows: Upon application of any person, the commissioner shall lease in areas not exceeding six hundred forty acres, at public auction, any or all unleased lands within such geologic structure to the person offering the greatest cash bonus therefor at such auction. Notice of the offer of such lands for lease will be given by publication in a newspaper of general circulation in Olympia, Washington, and in such other publications as the commissioner may authorize. The first publication shall be at least thirty days prior to the date of sale. [1955 c 131 § 8. Prior: 1937 c 161 §§ 5, 11. Formerly RCW 78.28.350.]

79.14.090 Cancellation or forfeiture of leases—New leases. The commissioner is hereby authorized to cancel any lease issued as provided herein for nonpayment of rentals or royalties or nonperformance by the lessee of any provision or requirement of the lease: *Provided*, That before any such cancellation shall be made, the commissioner shall mail to the lessee by registered mail, addressed to the post office address of such lessee shown by the records of the office of the commissioner, a notice of intention to cancel such lease specifying the default for which the lease is subject to cancellation. If lessee shall, within thirty days after the mailing of said notice to the lessee, commence and thereafter diligently and in good faith prosecute the remedying of the default specified in such notice, then no cancellation of the lease shall be entered by the commissioner. Otherwise, the said cancellation shall be made and all rights of the lessee under the lease shall automatically terminate, except

that lessee shall retain the right to continue its possession and operation of any well or wells in regard to which lessee is not in default: *Provided further*, That failure to pay rental and royalty required under leases within the time prescribed therein shall automatically and without notice work a forfeiture of such leases and of all rights thereunder. Upon the expiration, forfeiture, or surrender of any lease, no new lease covering the lands or any of them embraced by such expired, forfeited, or surrendered lease, shall be issued for a period of ten days following the date of such expiration, forfeiture, or surrender. If more than one application for a lease covering such lands or any of them shall be made during such ten-day period the commissioner shall issue a lease to such lands or any of them to the person offering the greatest cash bonus for such lease at a public auction to be held at the time and place and in the manner as the commissioner shall by regulation prescribe. [1955 c 131 § 9. Prior: 1937 c 161 § 12; 1927 c 255 § 179. Formerly RCW 78.28.360.]

79.14.100 Cooperative or unit plans—Communication or drilling agreements. For the purpose of more properly conserving the natural resources of any oil or gas pool, field, or like area, lessees thereon and their representatives may unite with each other, or jointly or separately with others, in collectively adopting and operating under a cooperative [or] unit plan of development or operation of such pool, field, or like area, or any part thereof, whenever determined and certified by commissioner to be necessary or advisable in the public interest. The commissioner is thereunto authorized, in his discretion, with the consent of the holders of leases involved, in order to conform with the terms and conditions of any such cooperative or unit plan to establish, alter, change or revoke exploration, drilling, producing, rental, and royalty requirements of such leases with like consent on the part of the lessees, in connection with the institution and operation of any such cooperative or unit plan as he may deem necessary or proper to secure the proper protection of the public interest.

When separate tracts cannot be independently developed and operated in conformity with an established well spacing or development program, any lease or any portion thereof may be pooled with other lands, whether or not owned by the state of Washington under a communication or drilling agreement providing for an apportionment of production or royalties among the separate tracts of land comprising the drilling or spacing unit when determined by the commissioner to be in the public interest, and operations or production pursuant to such an agreement shall be deemed to be operations or production as to each such lease committed thereto.

The term of any lease that has become the subject of any cooperative or unit plan of development or operation of a pool, field, or like area, which plan has the approval of the commissioner, shall continue in force until the termination of such plan, and in the event such plan is terminated prior to the expiration of any such lease, the original term of such lease shall continue. Any lease under this chapter hereinafter committed to any such plan embracing lands that are in part within and in part

79.14.110 Customary provisions in leases. [1955 c 131 § 11. Prior: 1937 c 161 § 15; 1927 c 255 § 178. Formerly RCW 78.28.380.]

79.14.120 Rules and regulations. He may amend or rescind any rule or regulation promulgated by him under the authority contained herein: *Provided*, That no rule or regulation or amendment of the same or any order rescinding any rule or regulation shall become effective until after thirty days from the promulgation of the same by publication in a newspaper of general circulation published at the state capitol and shall take effect and be in force at times specified therein. All rules and regulations of the commissioner and all amendments or revocations of existing rules and regulations shall be recorded in an appropriate book or books, shall be adequately indexed, and shall be kept in the office of the commissioner and shall constitute a public record. Formerly RCW 78.28.390.]

79.14.130 Wells to be located minimum distance from boundaries—Exception. Each lease issued under this chapter shall provide that without the approval of the commissioner, no well shall be drilled on the lands demised thereby in such manner or at such location that the producing interval thereof shall be less than three hundred thirty feet from any of the outer boundaries of the demised lands, except that if the right to oil, gas or other hydrocarbons underlying adjoining lands be vested in private ownership, such approval shall not be required. [1955 c 131 § 13. Prior: 1937 c 161 § 17. Formerly RCW 78.28.400.]

79.14.140 Rights of way over public lands—Payment for timber. Any person granted a lease under the provisions of this chapter shall have a right of way over public lands, as provided by law, when necessary, for the drilling, recovering, saving and marketing of oil, gas or other hydrocarbons. Before any such right of way grant shall become effective, a written application for, and a plat showing the location of, such right of way, and the land necessary for the well site and drilling operations, with reference to adjoining lands, shall be filed with the commissioner. All timber on said right of way and the

land necessary for the drilling operation, shall be appraised by the commissioner and paid for in money by the person to whom the lease is granted. [1955 c 131 § 14. Prior: 1937 c 161 § 18. Formerly RCW 78.28.410.]

79.14.150 Sales of timber—Rules. All sales of timber, as prescribed in this chapter, shall be made subject to the right, power and authority of the commissioner to prescribe rules and regulations governing the manner of the removal of the merchantable timber upon any lands embraced within any lease with the view of protecting the same and other timber against destruction or injury by fire or from other causes. Such rules or regulations shall be binding upon the lessee, his successors in interest, and shall be enforced by the commissioner. [1955 c 131 § 15. Prior: 1937 c 161 § 19. Formerly RCW 78.28.420.]

79.14.160 Development after discovery. After the discovery of oil, gas or other hydrocarbons in paying quantities, lessee shall proceed to develop the oil, gas or other hydrocarbons in the lands covered thereby through the drilling of such wells as will efficiently extract the oil, gas or other hydrocarbons therefrom and such development shall take into account the productiveness of the producing horizon, the depth at which it occurs, the average cost of wells, the market requirements obtaining at any given time, and the maintenance of proper oil and gas ratios. [1955 c 131 § 16. Prior: 1937 c 161 § 20. Formerly RCW 78.28.430.]

79.14.170 Spacing and offsetting of wells. All leases shall contain such terms, conditions, and provisions as will protect the interests of the state with reference to spacing of wells for the purpose of offsetting any wells on privately owned lands. [1955 c 131 § 17. Prior: 1937 c 161 § 21. Formerly RCW 78.28.440.]

79.14.180 Lands may be withheld from leasing. Nothing contained in this chapter shall be construed as requiring the commissioner to offer any tract or tracts of land for lease; but the commissioner shall have power to withhold any tract or tracts from leasing for oil, gas or other hydrocarbons, if, in his judgment, the best interest of the state will be served by so doing. [1955 c 131 § 18. Prior: 1937 c 161 § 24. Formerly RCW 78.28.450.]

79.14.190 Payment of royalty share—Royalty in kind. The lessee shall pay to the commissioner the market value at the well of the state's royalty share of oil and other hydrocarbons except gas produced and saved and delivered by lessee from the lease. In lieu of receiving payment for the market value of the state's royalty share of oil, the commissioner may elect that such royalty share of oil be delivered in kind at the mouth of the wells into tanks provided by the commissioner. Lessee shall pay to the commissioner the state's royalty share of the sale price received by the lessee for gas produced and saved and sold from the lease. If such gas is not sold but is used by lessee for the manufacture of gasoline or other products, lessee shall pay to the commissioner the market value of the state's royalty share of the residue gas

and other products, less a proper allowance for extraction costs. [1955 c 131 § 19. Prior: 1937 c 161 § 25. Formerly RCW 78.28.460.]

79.14.200 Prior permits validated—Relinquishment for new leases. All exploration permits issued by the commissioner prior to the *effective date of this chapter, which have not expired or been legally canceled for non-performance by the permittees, are hereby declared to be valid and existing contracts with the state of Washington, according to their terms and provisions. The obligation of the state to conform to the terms and provisions of such permits is hereby recognized, and the commissioner is directed to accept and recognize all such permits according to their express terms and provisions. No repeal or amendment made by this chapter shall affect any right acquired under the law as it existed prior to such repeal or amendment, and such right shall be governed by the law in effect at time of its acquisition. Any permit recognized and confirmed by this section may be relinquished to the state by the permittee, and a new lease or, if such permit contains more than six hundred forty acres, new leases in the form provided for in this chapter, shall be issued in lieu of same and without bonus therefor; but the new lease or leases so issued shall be as provided for in this chapter and governed by the applicable provisions of this chapter instead of by the law in effect prior thereto. [1955 c 131 § 20. Prior: 1937 c 161 § 26. Formerly RCW 78.28.470.]

*Reviser's note: "effective date of this chapter" was midnight, June 8, 1955; see preface 1955 session laws.

79.14.210 Assignments and subleases of leases. Any oil or gas lease issued under the authority of this chapter may be assigned or subleased as to all or part of the acreage included therein, subject to final approval by the commissioner, and as to either a divided or undivided interest therein to any person. Any assignment or sublease shall take effect as of the first day of the lease month following the date of filing with the commissioner: *Provided, however,* That the commissioner may, in his discretion, disapprove an assignment of a separate zone or deposit under any lease or of a part of a legal subdivision. Upon approval of any assignment or sublease, the assignee or sublessee shall be bound by the terms of the lease to the same extent as if such assignee or sublessee were the original lessee, any conditions in the assignment or sublease to the contrary notwithstanding. Any partial assignment of any lease shall segregate the assigned and retained portions thereof, and upon approval of such assignment by the commissioner, the assignor shall be released and discharged from all obligations thereafter accruing with respect to the assigned lands. [1955 c 131 § 21. Prior: 1937 c 161 § 27. Formerly RCW 78.28.480.]

79.14.220 Appeal from rulings of commissioner. 79.14.900 Severability—1955 c 131. If any provision or section of this chapter shall be adjudicated to be unconstitutional, such adjudication shall not affect the validity of this chapter as a whole or any part thereof not adjudicated unconstitutional. If any provision of this chapter, or the application of such provision to any person or circumstances is held unconstitutional, invalid or unenforceable, the remainder of this chapter or the application of such provision to persons or circumstances other than those as to which it is held unconstitutional, invalid or unenforceable, shall not be affected thereby. No lease issued under the provisions of RCW 79.16.530 through 79.16.560 shall be for a longer term than thirty years from the date thereof if in front of second class tide or shore lands, or a longer term than ten years if in front of unplatted first class tide or shore lands leased under the provisions of RCW 79.01-.536. Any lease of the bed of navigable waters in front of unplatted first class tide or shore lands, shall be subject to the same terms and conditions as provided in the lease of such unplatted first class tide or shore lands. Failure to use any lands leased under the provisions of RCW

79.16.530 through 79.16.560 for booming purposes for a period of two years shall work a forfeiture of the said lease and the land shall revert to the state without notice to the lessee upon the entry of a declaration of forfeiture in the records of the commissioner of public lands. [1953 c 164 § 2.]

79.16.550 Lease of beds of navigable waters—Improvements—Federal permit—Forfeiture—Plans and specifications. The applicant for a lease under the provisions of RCW 79.16.530 through 79.16.560 shall first obtain, from the United States army engineers or other federal regulatory agency, a permit to place structures or improvements in said navigable waters and file with the commissioner of public lands a copy of the said permit. No structures or improvements shall be constructed beyond a point authorized by the United States army engineers or the commissioner of public lands and any construction beyond authorized limits will work a forfeiture of all rights granted by the terms of any lease issued under the provisions of RCW 79.16.530 through 79.16.560. The applicant shall also file plans and specifications of any proposed improvements to be placed upon such areas with the commissioner of public lands, said plans and specifications to be the same as provided for in the case of the lease of harbor areas. [1953 c 164 § 3.]

79.16.560 Lease of beds of navigable waters—Preference right to re-lease. At the expiration of any lease issued under the provisions of RCW 79.16.530 through 79.16.560, the lessee, his successors or assigns, shall have a preference right to re-lease the area covered by the original lease or any portion thereof if the commissioner of public lands deems it to the best interest of the state to re-lease the same. Such re-lease shall be for such term as specified by the provisions of RCW 79.16.530 through 79.16.560 and at such rental and upon such conditions as may be prescribed by the commissioner of public lands. If such preference right is not exercised, the rights and obligations of the lessee, the commissioner of public lands, and any subsequent lessee shall be as provided in RCW 79.01.548 relating to failure to re-lease tide or shore lands. Any person who heretofore has occupied and improved an area subject to lease under RCW 79.16.530 through 79.16.560 and has secured a permit for such improvements from the United States army engineers or other federal regulatory agency, shall have the rights and obligations of a lessee under this section upon the filing of a copy of such permit together with plans and specifications of such improvements with the commissioner of public lands. [1953 c 164 § 4.]

79.16.570 Sale of rock, gravel, sand and silt. The commissioner of public lands, upon application by any person, firm, or corporation, may enter into a contract or lease providing for the removal and sale of rock, gravel, sand and silt located upon beds of navigable waters and any tidelands and shorelands owned by the state and providing for payment to be made therefor by such royalty as the commissioner may fix. [1955 c 386 § 1.]

Each application made pursuant to RCW 79.16.570 hereof shall set forth the estimated quantity and kind of materials desired to be removed and shall be accompanied by a map or plat showing the area from which the applicant wishes to remove such materials. The commissioner of public lands may in his discretion include in any lease or contract entered into pursuant to RCW 79.16.570 through 79.16.590, such terms and conditions protecting the interests of the state as he may require. In each such lease or contract the commissioner of public lands shall provide for a right of forfeiture by the state, upon a failure to operate under the lease or contract or pay royalties for periods therein stipulated, and he shall require a bond with a surety company authorized to transact a surety business in this state, as surety, to secure the performance of the terms and conditions of such contract or lease, including the payment of royalties. The right of forfeiture shall be exercised by entry of a declaration of forfeiture in the records of the commissioner of public lands. The amount of rock, gravel, sand, or silt taken under the contract or lease shall be reported monthly by the purchaser to the commissioner of public lands and payment therefor made on the basis of the royalty provided in the lease or contract. [1955 c 386 § 2.]

79.16.590 Sale of rock, gravel, sand and silt—Investigation, audit of books of person removing. The commissioner of public lands may inspect and audit books, contracts and accounts of each person removing rock, gravel, sand, or silt pursuant to any such lease or contract and make such other investigation and secure or receive any other evidence necessary to determine whether or not the state is being paid the full amount payable to it for the removal of such materials. (2) Enter into agreements with any person relating to purchase, construction, reconstruction, maintenance, repair, regulation, and use of access roads;

(3) Dispose, by sale, exchange, or otherwise, of any interest in an access road in the event it determines such interest is no longer necessary for the purposes of this chapter. [1961 c 44 § 2.]

79.38.030 Use of roads by purchasers of valuable materials—Terms—Charges. Purchasers of valuable materials from public lands or state forest lands may use access roads for the removal of such materials where the rights acquired by the state will permit, but use shall be subject to the right of the department of natural resources:

The department may use moneys in the fund for the purposes for which they were obtained without appropriation by the legislature. [1961 c 44 § 5.]

79.38.060 Use of moneys not deposited in revolving fund. All moneys received by the department of natural resources from users of access roads which are not deposited in the access-road revolving fund shall be paid as follows:

(1) To reimburse the state fund or account from which expenditures have been made for the acquisition and construction of the access road, and upon full reimbursement, then

(2) To the funds or accounts for which the public lands and state forest lands, to which access is provided,

are pledged by law or constitutional provision, in which case the department of natural resources shall make an equitable apportionment between funds and accounts so that no fund or account shall benefit at the expense of another. [1961 c 44 § 6.]

79.38.900 Severability—1961 c 44. If any provisions of this chapter, or its application to any person or circumstance is held invalid, the remainder of the chapter, or the application of the provision to other persons or circumstances is not affected. [1961 c 44 § 7.]

79.44.003 "Assessing district" defined. As used in this chapter "assessing district" means:

- (1) Incorporated cities and towns;
- (2) Diking districts;
- (3) Drainage districts;
- (4) Port districts;
- (5) Irrigation districts;
- (6) Water districts;
- (7) Sewer districts;
- (8) Counties; and

(9) Any municipal corporation or public agency having power to levy local improvement or other assessments which by statute are expressly made applicable to lands of the state. [1971 ex.s. c 234 § 14; 1963 c 20 § 1.]

79.44.010 Public lands subject to local assessments. All lands, including school lands, granted lands, escheated lands, tidelands, shorelands, or other lands, (including harbor areas lying between tide or shore lands and outer harbor line) held or owned by the state of Washington in fee simple (in trust or otherwise), situated within the limits of any assessing district in this state, may be assessed and charged for the cost of local or other improvements specially benefiting such lands which may be ordered by the proper authorities of any such assessing district and may be assessed by any irrigation district to the same extent as private lands within the district are assessed: *Provided*, That the leasehold, contractual or possessory interest of any person, firm, association, private or municipal corporation in any such lands shall be charged and assessed in the proportional amount such leasehold, contractual or possessory interest is benefited: *Provided, further*, That no lands of the state shall be included within an irrigation district except as provided in RCW 87.03.025 and 89.12.090. [1963 c 20 § 2; 1919 c 164 § 1; RRS § 8125. Cf. 1909 c 154 §§ 1, 4.]

79.44.020 State to be charged its proportion of cost—Construction of chapter. In all local improvement assessment districts in any assessing district in this state, property in such district, held or owned by the state shall be assessed and charged for its proportion of the cost of such local improvements in the same manner as other property in such district, it being the intention of this chapter that the state shall bear its just and equitable proportion of the cost of local improvements specially benefiting state lands: *Provided*, That none of the provisions of this chapter shall have the effect, or be construed to have the effect, to alter or modify in any particular any existing lease of any lands or property owned by the state, or release or discharge any lessee of any such lands or property from any of the obligations, covenants or conditions of the contract under which any such lands or property are leased or held by any such lessee. [1963 c 20 § 3; 1919 c 164 § 2; RRS § 8126. Cf. 1909 c 154 § 5.]

79.44.030 Apportioning cost on leaseholds. Where state lands are under lease, the proportionate amounts to be assessed against the leasehold interest, and the fee simple interest of the state, shall be fixed with reference to the life of the improvement and the period for which said lease has yet to run. [1919 c 164 § 3; RRS § 8127. Cf. 1909 c 154 § 3; 1907 c 74 § 3.]

79.44.040 Notice to state of intention to improve—Consent—Notice to port commission. Notice of the intention to make such improvement, together with the estimate of the amount to be charged to each lot, tract or parcel of land, or other property owned by the state to be assessed for said improvement, shall be forwarded by registered or certified mail to the budget director and to

the chief administrative officer of the agency of state government occupying, using, or having jurisdiction over such lands at least thirty days prior to the date fixed for hearing on the resolution or petition initiating said improvement. Such assessing district, shall not have jurisdiction to order such improvement as to the interest of the state in harbor areas and state tidelands until the written consent of the commissioner of public lands to the making of such improvement shall have been obtained, unless other means be provided for paying that portion of the cost which would otherwise be levied on the interest of the state of Washington in and to said tidelands, and nothing herein shall prevent the city from assessing the proportionate cost of said improvement against any leasehold, contractual or possessory interest in and to any tideland or harbor area owned by the state: *Provided, however*, That in the case of tidelands and harbor areas within the boundaries of any port district, notice of intention to make such improvement shall also be forwarded to the commissioners of said port district. [1963 c 20 § 4; 1919 c 164 § 4; RRS § 8128. Cf. 1909 c 154 § 6.]

79.44.050 Certification of roll—Penalties, interest. Upon the approval and confirmation of the assessment roll for any local improvement ordered by the proper authorities of any assessing district, the treasurer of such assessing district shall certify and forward to the budget director and to the chief administrative officer of the agency of state government occupying, using, or having jurisdiction over the lands, in accordance with such rules and regulations as the budget director may provide, a statement of all the lots or parcels of land held or owned by the state and charged on such assessment roll for the cost of such improvement, separately describing each such lot or parcel of the state's land, with the amount of the local assessment charged against it, or the proportionate amount assessed against the fee simple interest of the state, in case said land has been leased. The chief administrative officer upon receipt of such statement shall cause a proper record to be made in his office of the cost of such improvement upon the lands occupied, used, or under the jurisdiction of his agency.

No penalty shall be provided or enforced against the state, and the interest upon such assessments shall be computed and paid at the rate paid by other property situated in the same improvement district. [1963 c 20 § 5; 1933 c 108 § 1; 1919 c 164 § 5; RRS § 8129. Cf. 1909 c 154 § 6; 1907 c 74 §§ 1, 2, 4, 5.]

79.44.060 Payment procedure—State lands not subject to lien, exception. When the chief administrative officer of an agency of state government is satisfied that an assessing district has complied with all the conditions precedent to the levy of assessments for district purposes, pursuant to this chapter against state lands occupied, used, or under the jurisdiction of his agency, he shall pay them, together with any interest thereon from any funds specifically appropriated to his agency therefor or from any funds of his agency which under existing law have been or are required to be expended to pay assessments on a current basis. In all other cases, the

chief administrative officer shall certify to the budget director that the assessment is one properly chargeable to the state. The budget director shall pay such assessments from funds available or appropriated to him for this purpose.

Except as provided in RCW 79.44.190 no lands of the state shall be subject to a lien for unpaid assessments, nor shall the interest of the state in any land be sold for unpaid assessments where assessment liens attached to the lands prior to state ownership. [1971 ex.s. c 116 § 2; 1963 c 20 § 6; 1947 c 205 § 1; Rem. Supp. 1947 § 8136a.]

79.44.070 Enforcement against lessee or contract holder. When any assessing district has made or caused to be made an assessment against such leasehold, contractual or possessory interest for any such local improvement, the treasurer of said assessing district shall immediately give notice to the budget director and to the chief administrative officer of the agency having jurisdiction over the lands. Said assessment shall become a lien against the leasehold, contractual or possessory interest in the same manner as the assessments on other property, and its collection may be enforced against such interests as provided by law for the enforcement of other local improvement assessments: *Provided*, That said assessment shall not be made payable in installments unless the owner of such leasehold, contractual or possessory interest shall first file with such treasurer a satisfactory bond guaranteeing the payment of such installments as they become due. [1963 c 20 § 7; 1919 c 164 § 6; RRS § 8130. Cf. 1909 c 154 § 2.]

79.44.080 Foreclosure against leasehold or contract interest—Cancellation of lease or contract. Whenever any assessing district shall have foreclosed the lien of any such delinquent assessments, as provided by law, and shall have obtained title to such leasehold, contractual or possessory interest, the budget director and the chief administrative officer of the agency having jurisdiction over the lands shall be notified by registered or certified mail of such action and furnished a statement of all assessments against such leasehold, contractual or possessory interest, and the chief administrative officer or budget director shall cause the amount of such assessments to be paid as provided in RCW 79.44.060, and upon the receipt of an assignment from such assessing district, the chief administrative officer shall cancel such lease or contract: *Provided, however*, That unless the assessing district making said local improvement and levying said special assessment shall have used due diligence in the foreclosure thereof, the chief administrative officer and the budget director shall not be required to pay any sum in excess of what they deem to be the special benefits accruing to the state's reversionary interest in said property: *And provided further*, That if such delinquent assessment or installment shall be against a leasehold interest in fresh water harbor areas within a port district, the chief administrative officer shall notify the commissioners of said port district of the receipt of such assignment, and said commissioners shall forthwith

cancel such lease. [1963 c 20 § 8; 1919 c 164 § 7; RRS § 8131.]

79.44.090 Payment by state after forfeiture of lease or contract. If by reason of default in the payment of rentals or installments, or other causes, the state shall cancel any lease or contract against which assessments have been levied as herein provided, the chief administrative officer of the agency having jurisdiction over the lands shall cause such assessments or installments as shall fall due subsequent to the cancellation of said contract or leasehold interest to be paid as provided in RCW 79.44.060, the same as if the assessments or installments thereof had been levied on the state's interest in said lands. [1963 c 20 § 9; 1919 c 164 § 8; RRS § 8132.]

79.44.095 Assessments paid by state to be added to purchase price of land. When any land, other than lands occupied and used in connection with state institutions, owned or held by the state within incorporated cities, towns, diking, drainage or port districts in this state, against which local improvement assessments have been paid, as herein provided for, is offered for sale, there shall be added to the appraised value of such land, as provided by law, such portion of the local improvement assessment paid by the state as shall be deemed to represent the value added to such lands by such improvement for the purpose of sale, which amount so added shall be paid by the purchaser in cash at the time of the sale of said land, in addition to the amounts otherwise due to the state for said land, and no deed shall ever be executed until such local improvement assessments have been paid, and nothing herein shall be construed as canceling any unpaid assessments on the land so sold by the state, but such land shall be sold subject to all assessments unpaid at the time of sale. [1919 c 164 § 9; RRS § 8133. Cf. 1909 c 154 § 7.]

Assessments paid to be added to purchase price of land: RCW 79.01.728.

79.44.100 Assignment of lease or contract to purchaser at foreclosure sale. Whenever any such tide, state, school, granted or other lands situated within the limits of any assessing district, has been included within any local improvement district by such assessing district, and the contract, leasehold or other interest of any individual has been sold to satisfy the lien of such assessment for local improvement, the purchaser of such interest at such sale shall be entitled to receive from the state of Washington, on demand, an assignment of the contract, leasehold or other interest purchased by him, and shall assume, subject to the terms and conditions of the contract or lease, the payment to the state of the amount of the balance which his predecessor in interest was obligated to pay. [1963 c 20 § 10; 1919 c 164 § 10; RRS § 8134. Cf. 1909 c 154 § 10.]

79.44.120 When assessments need not be added in certain cases. Whenever any state school, granted, tide or other public lands of the state shall have been charged with local improvement assessments under any

local improvement assessment district in any incorporated city, town, irrigation, diking, drainage, port, weed or pest district, or any other district now authorized by law to levy assessments against state lands, where such assessments are required under existing statutes to be returned to the fund of the state treasury from which said assessments were originally paid, the commissioner of public lands may, and he is hereby authorized, to sell such lands for their appraised valuation without regard to such assessments, anything to the contrary in the existing statutes notwithstanding: *Provided*, That nothing herein contained shall be construed to alter in any way any existing statute providing for the method of procedure in levying assessments against state lands in any of such local improvement assessment districts. [1937 c 80 § 1; RRS § 7797-192a.]

An assessment lien or installment thereof, delinquent at the time of such acquisition shall be paid at the time of acquisition, and the amount thereof, including any accrued interest and delinquent penalties, shall be withheld from the purchase price or condemnation award by the public body acquiring the property and shall be paid immediately to the county, city, or town treasurer, whichever is applicable, in payment of and discharge of such delinquent installment lien.

Any installment or installments not delinquent at the time of acquisition shall become due and payable in such year and at such date as said installment would have become due if such property had not been so acquired: *Provided*, That where such property is acquired by the state of Washington, the balance of the assessment shall be paid in full at the time of acquisition.

For the purpose of this section, the "time of acquisition" shall mean the date of completion of the sale, date of condemnation verdict, date of the order of immediate possession and use pursuant to RCW 8.04.090, or the date of judgment, if not tried to a jury. [1971 ex.s. c 116 § 1.]

Reclamation, conservation and settlement: Title 89 RCW.

79.48.010 Acceptance of grant. The state of Washington does hereby accept the terms of the act of congress approved August 18, 1894, donating to each of the public land states one million acres of arid land. [1895 c 166 § 1; RRS § 7922.]

Reviser's note: While the above section codifies 1895 c 166 § 1, the remainder of the 1895 act is omitted as it was from prior compilations. Succeeding sections in Chapter 79.48 RCW codify the 1903 act on this subject (1903 c 152). Concerning the amendment and repeal of the 1895 act and its various parts, see 1897 c 117, 1897 c 89 § 70, and 1903 c 152 § 24; see also *Howlett v. Cheetham*, 17 Wash. 626.

79.48.020 Acceptance of condition. The state of Washington hereby accepts the condition of section four of an act of congress entitled: "An act making appropriations for sundry civil expenses of the Government for the fiscal year ending June 30th, 1895, and for other purposes," approved August 18, 1894, and all acts subsequent and relating thereto together with all the grants of land to the state under the provisions of the aforesaid acts. [1903 c 152 § 1; RRS § 7923.]

79.48.030 Department to administer. The selection, management and disposal of said lands shall be vested in the commissioner of public lands of the state of Washington. He shall receive and file all proposals for the construction of irrigation works to reclaim lands selected under the provisions of this chapter; prepare and keep for public inspection, maps or plats, on a scale of two inches to the mile, of all lands selected, receive entries of settlers on these lands, and hear or receive the final proof of their reclamation; and do any and all work required to be done in carrying out the provisions of this chapter. [1903 c 152 § 2; RRS § 7924.]

79.48.040 Request for selection. Any person, company or association of persons, or incorporated company, constructing, having constructed or desiring to construct ditches, canals or other navigation works, to reclaim land under the provisions of said act, shall file with the commissioner of public lands a request for the selection on behalf of the state by the commissioner of public lands of the land to be reclaimed, designating said land by legal subdivision. This request shall be accompanied

by a proposal to construct the ditch, canal or other irrigation works necessary for the complete reclamation of the lands to be selected. The proposal shall be prepared in accordance with the rules of the commissioner of public lands and with the regulations of the department of the interior. It shall state the source of water supply, the location and dimensions of the proposed works, the price and terms per acre at which perpetual water rights will be sold to settlers on the land to be reclaimed. In the case of incorporated companies it shall state the name of the company, the purpose of its incorporation, the names and places of residence of its trustees and officers, the amount of its authorized and of its paid-up capital. If the applicant is not an incorporated company the proposal shall set forth the name or names of the party or parties, and such other facts as will enable the commissioner of public lands to determine his or their financial ability to carry out the proposed undertaking. [1903 c 152 § 3; RRS § 7925.]

79.48.050 Monetary guarantee of performance. A certified check for a sum not less than two hundred and fifty dollars nor more than two thousand five hundred dollars as may be determined by the rules of the commissioner of public lands shall accompany each such request and proposal, the same to be held as a guarantee of the execution of the contract with the state, in accordance with its terms, by the party submitting such proposal, in case of the approval of the same and the selection of the land by the commissioner of public lands, and to be forfeited to the state in case of the failure of said party to enter into a contract with the state in accordance with the provisions of this chapter. [1903 c 152 § 4; RRS § 7926.]

79.48.060 Examination and approval of request. Immediately upon the receipt of any request and proposal as designated in RCW 79.48.040, it shall be the duty of the commissioner of public lands to examine the same and ascertain if it complies in form with the rules of his office and the regulations of the department of the interior. If it does not it is to be returned for correction, and, if not corrected within sixty days, it may be rejected by the commissioner. The commissioner of public lands shall determine whether or not the proposed works are feasible and the water appropriated and provided for is adequate and whether the maps filed in his office comply with the requirements of his office and the regulations of the department of the interior; also whether the lands proposed to be irrigated are desert in character, and such as may be properly set apart under the provisions of the aforesaid acts of congress and the rules and regulations of the department of the interior thereunder. When a request or proposal as to substance is not approved by the commissioner he shall notify the party making such request or proposal of his disapproval thereof and the reason therefor, and the party so notified shall have sixty days in which to make a satisfactory proposal but the commissioner may, at his discretion, extend the time to six months. [1903 c 152 § 5; RRS § 7927.]

79.48.070 List to be filed requesting withdrawal of lands. On receipt of the request and proposal, and the approval of the same by the commissioner of public lands, he shall file in the local United States land office a list in triplicate, describing the land embraced in said proposal with a request for the withdrawal of the land described in said list. [1903 c 152 § 6; RRS § 7928.]

79.48.080 Contract to be entered into—Terms—Performance bond. Upon the withdrawal of the land by the department of the interior, it shall be the duty of the commissioner of public lands to enter into a contract with the party submitting the proposal, which contract shall contain complete specifications of the location, dimensions and character of the proposed ditch, canal and other irrigation works; the price and terms per acre at which perpetual water rights shall be sold to the settler, the amount of water to be supplied; the price of an annual maintenance fee per acre, and the price and terms upon which the state is to dispose of the land to settlers: *Provided*, That such price and terms for irrigation works, water rights, maintenance fee and for lands to be disposed of by the state to settlers, shall in all cases be reasonable and just. This contract shall not be entered into on the part of the state until withdrawal of these lands by the department of the interior and the filing of a satisfactory bond on the part of the proposed contractor for irrigation works, which bond shall be in penal sum equal to five percent of the estimated cost of the works, and to be conditioned for the faithful performance of the provisions of the contract with the state: *Provided*, That no contract under the provisions of this chapter shall be entered into by the commissioner of public lands until the same shall have been approved by the attorney general and the governor. [1903 c 152 § 7; RRS § 7929.]

79.48.090 Life of contract—Time of commencement of work, etc. No contract shall be made by the commissioner of public lands which requires a greater time than ten years for the construction of the works and such additional time as may be granted by the interior department as provided by the aforesaid acts of congress and amendments thereto, and all contracts shall state that the work shall begin within six months from the date of the contract; at least one-tenth of the construction work shall be completed within two years from the date of said contract; and the construction of said works shall be prosecuted with reasonable diligence to completion. [1903 c 152 § 8; RRS § 7930.]

79.48.100 Procedure on default of contractor—Receivership. Upon the failure of any party having a contract with the state for the construction of irrigation works, to begin the same within the time specified by the contract, or to complete the same within the time or in accordance with the specifications of the contract with the state, it shall be the duty of the commissioner of public lands to give such party written notice of such failure and if, after a period of sixty days from the giving of such notice such party shall have failed to proceed with the work or to conform to the specifications of his

contract with the state the bond and contract of such party and all work constructed under such contract shall be at once and thereby forfeited to the state, and it shall be the duty of the commissioner of public lands at once so to declare and to give notice once each week for a period of four weeks in some newspaper of general circulation in the county in which the work is situated, and in one newspaper at the state capitol in like manner and for a like period, that upon a day fixed, proposals will be received at the office of the commissioner of public lands at Olympia, Washington, for the purchase of the incompleting works and for the completion of said contract, the time for receiving said bids to be at least sixty days subsequent to the issuing of the last notice of forfeiture. The money received from the sale of partially completed works, under the provisions of this section shall first be applied to the expenses incurred by the state in their forfeiture and disposal, to satisfy the bond, and the surplus, if any exists, shall be paid to the original contractor with the state. Whenever after the completion of said irrigation works any contractor or his successors or assigns shall fail to furnish an adequate amount of water to irrigate the lands of water right owners or there shall exist other cause as provided by law for the appointment of a receiver, the attorney general may apply for the appointment of a receiver to take possession of the irrigation works and canal and other property of such party, and manage, operate, sell or dispose of the same. Such application shall be made to the superior court of the county in which the whole or some portion of the irrigation works or canal of such party is situated; and the court or its receiver by order of the court shall have and may exercise such powers as to the possession, management, operation, sale or disposition of the property and works of such party as is provided by law relating to receivers: *Provided*, That nothing herein contained shall be taken or construed as limiting the right of any party to have a receiver appointed as is in other cases provided by law. [1903 c 152 § 9; RRS § 7931.]

79.48.110 State not liable for work done or contractor's default. Nothing in this chapter shall be construed as authorizing the commissioner of public lands to obligate the state to pay for any work constructed under any contract or to hold the state in any way responsible to settlers for the failure of contractors to complete the work according to the terms of their contracts with the state. [1903 c 152 § 10; RRS § 7932.]

79.48.120 Notice that land is open to settlement. Immediately upon the withdrawal of any land for the state by the department of the interior and the inauguration of work by the contractor, it shall be the duty of the commissioner of public lands, by publication once a week in one newspaper of the county or counties in which said land is situated, and such further notice as he may deem necessary, for a period of four weeks, that said land is open for settlement; the price for which said land will be sold to settlers by the state, the contract price at which settlers can purchase a perpetual water right, and the cost of an annual maintenance fee. [1903 c 152 § 11; RRS § 7933.]

79.48.130 Application for entry—Certificate of location—Minimum price. Any citizen of the United States, or any person having declared his intention to become a citizen of the United States eighteen years of age or over, may make application under oath, to the commissioner of public lands, to enter any of said lands in any amount not to exceed one hundred and sixty acres for any one person; such application shall set forth that the person desiring to make such entry does so for the purpose of actual reclamation, cultivation and settlement in accordance with the act of congress and the laws of this state relating thereto, and the applicant has never received the benefit of the provisions of this chapter, to an amount greater than one hundred and sixty acres, including the number of acres specified in the application under consideration. Such application must be accompanied by a certified copy of a contract for a perpetual water right, made and entered into by the party making application with the person, company or association of persons, or incorporated company who have been authorized by the commissioner of public lands to furnish water for the reclamation of said land; and if said applicant has at any previous time entered land under the provisions of this chapter, he shall so state in his application, together with the description, date of entry and location of said lands. The commissioner of public lands shall thereupon file in his office the application and papers relating thereto, and, if allowed, issue a certificate of location to the applicant. All applications for entry shall be accompanied by a payment of one dollar per acre, which shall be paid as a partial payment on the land if the application is allowed, and all certificates when issued shall be recorded in a book to be kept for that purpose. If the application is not allowed, or the contractor fails to complete the work according to contract the one dollar per acre accompanying the application shall be returned to the applicant. The commissioner of public lands shall dispose of all lands accepted by the state under the provisions of this chapter at a uniform price of not less than ten dollars per acre, one-tenth to be paid at the time of entry and the remainder in nine equal annual installments, with interest at six percent per annum payable annually, provided a settler may make payment in full at any time upon or after making final proof. [1973 1st ex.s. c 154 § 115; 1971 ex.s. c 292 § 55; 1903 c 152 § 12; RRS § 7934.]

79.48.140 Disposition of funds. All moneys received by the commissioner of public lands from the sale of lands selected under the provisions of this chapter shall be deposited with the state treasurer and shall constitute a trust fund in the hands of said treasurer to be used in the reclamation of other arid lands. [1903 c 152 § 13; RRS § 7935.]

Proceeds from sale of land to be paid into general fund: RCW 43.79.010.

79.48.150 Contract of purchase—Payments—Cultivation requirements—Final proof—Patent. Within one year after any person, company or association of persons or incorporated company authorized to construct irrigation works under the provisions of this chapter, shall have notified the settlers under such works that they are prepared to furnish water under the terms of their contract with the state, each settler shall enter into a contract with the state for the purchase of the land described in his certificate of location, complete the first annual payment thereon, and shall cultivate and reclaim not less than one-sixteenth part of the land filed upon by him, and within two years after the said notice, the settler shall have actually irrigated and cultivated not less than one-eighth of the land filed upon, and within ten years from the date of said notice the settler shall appear before the commissioner of public lands or the clerk of the superior court, within the county wherein said land is situated and make final proof of reclamation, settlement and occupation, which proof shall embrace evidence that he has a perpetual water right for his entire tract of land sufficient in volume for the complete irrigation and reclamation thereof; that he is an actual settler thereon and has cultivated and irrigated not less than one-eighth of said tract, and such further proof, if any, as may be required by the regulations of the department of the interior, and the commissioner of public lands. The officer taking this proof shall be entitled to receive a fee of two dollars, which fee shall be paid by the settler and shall be in addition to the price paid for the land. All proofs so received shall be submitted to the commissioner of public lands and shall be accompanied by the last and final payment for said land, and approved by the commissioner of public lands, and such proceedings had that a patent of said land shall be issued: *Provided*, That when the commissioner of public lands shall take such final proof all fees received by him shall be turned in to the state treasurer. 79.48.170 Water right—Lien for water payments—Foreclosure. The water right to all land acquired under the provisions of this chapter shall attach to and become appurtenant to the land as soon as title passes from the United States to the state. Any person, company or association of persons, or incorporated company furnishing water for any tract of land shall have a prior lien on said water right and land upon which said

water is used for all deferred payments for said water right and for any maintenance fee due, said lien to be in all respects prior to any other lien or liens created or attempted to be created by the owner or possessor of said land; said lien to remain in full force and effect until the last deferred payment for the water right is fully paid and satisfied according to the terms of the contract under which said water right was acquired and until all delinquent maintenance fees are fully paid. The contract for the water right upon which the aforesaid lien is founded shall be recorded in the office of the county auditor of the county where the land is situated. Upon default of any of the deferred payments secured by any lien under the provisions of this chapter and any maintenance fee, the person, company, or association of persons, or incorporated company holding or owning said lien, may foreclose the same according to the conditions and terms of the contract granting and selling to the settler the water right and providing for a maintenance fee. And the sheriff of said county shall in all such cases give notice of sale and shall sell such land and water right and shall make and deliver a certificate of sale to the purchaser, and at such sale no person, company, or association or persons, or incorporated company, owning or holding any lien shall bid in or purchase any land or water right at a greater price than the amount due on deferred payment or payments for said water right and land and maintenance fee due and the costs incurred in making the sale of the land and water right. At any time within nine months after the foreclosure sale by the sheriff of the land and water right as aforesaid, the original owner against whom the lien has been foreclosed, or any other party entitled to redeem land sold under execution may redeem land and water right so sold in the same manner and order and under the same procedure as is or may be provided by law for the redemption of land sold under execution. The party reclaiming said land and water right shall pay to the sheriff the amount for which said land and water right was sold and costs and increased costs, together with interest thereon at the legal rate, and all taxes and payments maturing subsequent to such foreclosure as well as all maintenance fees due at the time of redemption with interest at like rate. If there be more than one redemption each successive redemption shall be made within six weeks after the last preceding redemption. And where the lienholder becomes the purchaser at such foreclosure sale, and in no other case, if such land and water right be not redeemed by the original owner or other person entitled to redeem as above provided within nine months then at any time within three months after the expiration of such nine months any person desiring to settle upon and use such land and water right may redeem the said land and water right in the manner hereinbefore provided for redemption by the owner or other redemptioners. Where such land and water right

are not purchased by the lienholder at such foreclosure sale the sheriff shall pay out the proceeds of such sale as follows:

Such right of way to embrace the entire width of the canal, distribution and irrigation works and such additional width as may be required for their proper operation and maintenance. [1903 c 152 § 17; RRS § 7939.]

Not less than one thousand copies of such report shall be printed for gratuitous distribution. [1903 c 152 § 20; RRS § 7942.]

79.48.220 Water rights extended to state lands. Any contract for the reclamation of arid land under this chapter shall provide that a water right be extended to all state, school and granted lands owned by the state of Washington, under the canal and irrigation works to be constructed under such contract at the same rates and upon the same terms and conditions as apply to the lands granted under said act of congress. [1903 c 152 § 21; RRS § 7943.]

79.60.010 Cooperation. The state forest board with regard to state forest board lands, and the commissioner of public lands with regard to state granted lands, are hereby authorized to enter into cooperative agreements with the United States of America, Indian tribes, and private owners of timber land providing for coordinated forest management, including time, rate and method of cutting timber and method of silvicultural practice on a sustained yield unit. Wherever applicable in this chapter, it shall be understood that the state forest board shall have complete authority over state forest board lands and the commissioner of public lands complete authority over state granted land. [1941 c 123 § 1; 1939 c 130 § 1; Rem. Supp. 1941 § 7879-11. Formerly RCW 79.52.070.]

79.60.020 Cooperative units. The state forest board and the commissioner of public lands are hereby authorized and directed to determine, define and declare informally the establishment of a sustained yield unit, comprising the land area to be covered by any such cooperative agreement and include therein such other lands as may be later acquired by the state forest board and included under the cooperative agreement. [1939 c 130 § 2; RRS § 7879-12. Formerly RCW 79.52.080.]

79.60.030 Limitations on agreements. The state shall agree that the cutting from combined national forest and state lands will be limited to the sustained yield capacity of these lands in the management unit as determined by the contracting parties and approved by the state forest board and the commissioner of public lands. Cooperation with the private contracting party or parties shall be contingent on limitation of production to a specified amount as determined by the contracting parties and approved by the state forest board and the commissioner of public lands and shall comply with the other conditions and requirements of such cooperative agreement. [1939 c 130 § 3; RRS § 7879-13. Formerly RCW 79.52.090.]

79.60.040 Easement over state land during life of agreement. The private contracting party or parties shall enjoy the right of easement over state forest board lands and state granted lands included under said cooperative agreement for railway, road and other uses necessary to the carrying out of the agreement. This easement shall be only for the life of the cooperative agreement and shall be granted without charge with the provision that payment shall be made for all merchantable timber cut, removed or damaged in the use of such easement, payment to be based on the contract stumpage price for timber of like value and species and to be made within thirty days from date of cutting, removal and/or damage of such timber and appraisal thereof by the commissioner of public lands and the state forest board. [1941 c 123 § 2; Rem. Supp. 1941 § 7879-13a. Formerly RCW 79.52.110.]

79.60.050 Sale agreements. During the period when any such cooperative agreement is in effect, the timber on the state lands which the state forest board and the commissioner of public lands determine shall be included in the sustained yield unit may, from time to time, be sold at not less than its appraised value as approved by the state forest board and the commissioner of public lands, due consideration being given to existing forest conditions on all lands included in the cooperative management unit and such sales may be made in the discretion of the state forest board and the commissioner of public lands and the contracting party or parties in the cooperative sustained yield agreement. These sale agreements shall contain such provisions as are necessary to effectually permit the state forest board and the commissioner of public lands to carry out the purpose of this section and in other ways afford adequate protection to the public interests involved. [1939 c 130 § 4; RRS § 7879-14. Formerly RCW 79.52.100.]

79.60.060 Minimum price—Alternative bases—Bids and awards. The sale of timber upon state forest board land and state granted land within such sustained yield unit or units shall be made for not less than the appraised value thereof as heretofore provided for the sale of timber on state lands: *Provided*, That, if in the judgment of the state forest board or the commissioner of public lands, it is to the best interests of the state to do so, said timber or any such sustained yield unit or units may be sold on a stumpage or scale basis for a price per thousand not less than the appraised value thereof. The state forest board and the commissioner of public lands shall reserve the right to reject any and all bids if the intent of this chapter will not be carried out. Permanency of local communities and industries, prospects of fulfillment of contract requirements, and financial position of the bidder shall all be factors included in this decision. [1939 c 130 § 5; RRS § 7879-15. Formerly RCW 79.52.040.]

79.60.070 Contracts—Requirements. A written contract shall be entered into with the successful bidder which shall fix the time when logging operations shall be commenced and concluded and require monthly payments for timber removed as soon as scale sheets have been tabulated and the amount of timber removed during the month determined, or require payments monthly in advance at the discretion of the board or the commissioner. The board and the commissioner shall designate the price per thousand to be paid for each species of timber and shall provide for supervision of logging operations, the methods of scaling and report, and shall require the purchaser to comply with all laws of the state of Washington with respect to fire protection and logging operation of the timber purchased; and shall contain such other provisions as may be deemed advisable. [1939 c 130 § 6; RRS § 7879-16. Formerly RCW 79.52.050, part.]

79.60.080 Transfer or assignment of contract of purchase. No transfer or assignment by the purchaser shall be valid unless the transferee or assignee is acceptable to

the commissioner of public lands and the state forest board and the transfer or assignment approved by them in writing. [1941 c 123 § 3; Rem. Supp. 1941 § 7879-16a. Formerly RCW 79.52.120.]

79.60.090 Performance bond—Cash deposit. The purchaser shall, at the time of executing the contract, deliver a performance bond or sureties acceptable in regard to terms and amount to the commissioner of public lands and the state forest board, but such performance bond or sureties shall not exceed ten percent of the estimated value of the timber purchased computed at the stumpage price and at no time shall exceed a total of fifty thousand dollars. The purchaser shall also be required to make a cash deposit equal to twenty percent of the estimated value of the timber purchased, computed at the stumpage bid. Upon failure of the purchaser to comply with the terms of the contract, the performance bond or sureties may be forfeited to the state upon order of the forest board or the commissioner of public lands.

At no time shall the amount due the state for timber actually cut and removed exceed the amount of the deposit as hereinabove set forth. The amount of the deposit shall be returned to the purchaser upon completion and full compliance with the contract by the purchaser, or it may, at the discretion of the purchaser, be applied on final payment on the contract. [1941 c 123 § 4; 1939 c 130 § 7; Rem. Supp. 1941 § 7879-17. Formerly RCW 79.52.060.]

79.68.080 Fostering use of aquatic environment—Limitation. The department of natural resources shall foster the commercial and recreational use of the aquatic environment for production of food, fibre, income, and public enjoyment from state-owned aquatic lands under its jurisdiction and from associated waters, and to this end the department may develop and improve production and harvesting of seaweeds and sealife attached to or growing on aquatic land or contained in aquaculture containers, but nothing in this section shall alter the responsibility of other state agencies for their normal management of fish, shellfish, game and water. [1971 ex.s. c 234 § 8.]

79.70.010 Purpose. The purpose of this chapter is to establish a state system of natural area preserves and a means whereby the preservation of these aquatic and land areas can be accomplished.

All areas within the state, except those which are expressly dedicated by law for preservation and protection in their natural condition, are subject to alteration by human activity. Natural lands, together with the plants and animals living thereon in natural ecological systems, are valuable for the purposes of scientific research, teaching, as habitats of rare and vanishing species, as places of natural historic and natural interest and scenic beauty, and as living museums of the original heritage of the state.

It is, therefore, the public policy of the state of Washington to secure for the people of present and future generations the benefit of an enduring resource of natural areas by establishing a system of natural area preserves, and to provide for the protection of these natural areas. [1972 ex.s. c 119 § 1.]

79.70.020 Definitions. For the purposes of this chapter:

(1) "Department" shall mean the department of natural resources.

(2) "Natural areas" and "natural area preserves" shall mean such public or private areas of land or water which have retained their natural character, although not necessarily completely natural and undisturbed, or which are important in preserving rare or vanishing flora, fauna, archeological, natural historical or similar features of scientific or educational value.

(3) "Public lands" and "state lands" shall have the meaning set out in RCW 79.01.004.

(4) "Committee" shall mean the Washington state natural preserves advisory committee created in RCW 79.70.050. [1972 ex.s. c 119 § 2.]

79.70.030 Powers of department. In order to set aside, preserve and protect natural areas within the state, the department is authorized, in addition to any other powers, to:

(1) Establish by rule and regulation the criteria for selection, acquisition, management, protection and use of such natural areas;

(2) Cooperate and contract with any federal, state, or local governmental agency, private organizations or individuals in carrying out the purpose of this chapter;

(3) Acquire by gift, devise, purchase, grant, dedication, or means other than eminent domain, the fee or any lesser right or interest in real property which shall be held and managed as a natural area; and

(4) Acquire by gift, devise, grant or donation any personal property to be used in the acquisition and/or management of natural areas;

(5) Inventory existing public, state and private lands in cooperation with the committee to assess possible natural areas to be preserved within the state. [1972 ex.s. c 119 § 3.]

79.70.040 Powers as to transactions involving public lands deemed natural areas—Alienation of lands designated natural area preserves. The department is further authorized to purchase, lease, set aside or exchange any public land or state-owned trust lands which are deemed to be natural areas: *Provided*, That the appropriate state land trust receives the fair market value for any interests that are disposed of: *Provided, further*, That such transactions are approved by the board of natural resources.

An area consisting of public land or state-owned trust lands designated as a natural area preserve shall be held in trust and shall not be alienated except to another public use upon a finding by the department of natural resources of imperative and unavoidable public necessity. [1972 ex.s. c 119 § 4.]

79.70.050 Natural preserves advisory committee. A Washington state natural preserves advisory committee is hereby created within the department of natural resources to assist the department in carrying out the intent of this chapter. Such committee shall consist of seven members appointed by the commissioner of the department. Any vacancies shall be filled in the same manner. Members shall be chosen from persons with an interest in the establishment of natural areas and shall serve a period of three years. [1972 ex.s. c 119 § 5.]

79.70.900 Construction—1972 ex.s. c 119. Nothing in this chapter is intended to supersede or otherwise affect any existing legislation. [1972 ex.s. c 119 § 6.]

79.76.010 Legislative declaration. The public has a direct interest in the safe, orderly and nearly pollution-free development of the geothermal resources of the state, as hereinafter in RCW 79.76.030(1) defined. The legislature hereby declares that it is in the best interests of the state to further the development of geothermal resources for the benefit of all of the citizens of the state while at the same time fully providing for the protection of the environment. The development of geothermal resources shall be so conducted as to protect the rights of landowners, other owners of interests therein, and the general public. In providing for such development, it is the purpose of this chapter to provide for the orderly exploration, safe drilling, production and proper abandonment of geothermal resources in the state of Washington. [1974 ex.s. c 43 § 1.]

79.76.020 Short title. This chapter shall be known as the Geothermal Resources Act. [1974 ex.s. c 43 § 2.]

79.76.030 Definitions. For the purposes of this chapter, unless the text otherwise requires, the following terms shall have the following meanings:

(1) "Geothermal resources" means only that natural heat energy of the earth from which it is technologically practical to produce electricity commercially and the medium by which such heat energy is extracted from the earth, including liquids or gases, as well as any minerals contained in any natural or injected fluids, brines and associated gas, but excluding oil, hydrocarbon gas and other hydrocarbon substances.

(2) "Waste", in addition to its ordinary meaning, shall mean "physical waste" as that term is generally understood and shall include:

(a) The inefficient, excessive, or improper use of, or unnecessary dissipation of, reservoir energy; or the

locating, spacing, drilling, equipping, operating or producing of any geothermal energy well in a manner which results, or tends to result, in reducing the quantity of geothermal energy to be recovered from any geothermal area in this state;

(b) The inefficient above-ground transporting or storage of geothermal energy; or the locating, spacing, drilling, equipping, operating, or producing of any geothermal well in a manner causing, or tending to cause, unnecessary excessive surface loss or destruction of geothermal energy;

(c) The escape into the open air, from a well of steam or hot water, in excess of what is reasonably necessary in the efficient development or production of a geothermal well.

(3) "Geothermal area" means any land that is, or reasonably appears to be, underlain by geothermal resources.

(4) "Energy transfer system" means the structures and enclosed fluids which facilitate the utilization of geothermal energy. The system includes the geothermal wells, cooling towers, reinjection wells, equipment directly involved in converting the heat energy associated with geothermal resources to mechanical or electrical energy or in transferring it to another fluid, the closed piping between such equipment, wells and towers and that portion of the earth which facilitates the transfer of a fluid from reinjection wells to geothermal wells: *Provided*, That the system shall not include any geothermal resources which have escaped into or have been released into the nongeothermal ground or surface waters from either man-made containers or through leaks in the structure of the earth caused by or to which access was made possible by any drilling, re-drilling, reworking or operating of a geothermal or reinjection well.

(5) "Operator" means the person supervising or in control of the operation of a geothermal resource well, whether or not such person is the owner of the well.

(6) "Owner" means the person who possesses the legal right to drill, convert or operate any well or other facility subject to the provisions of this chapter.

(7) "Person" means any individual, corporation, company, association of individuals, joint venture, partnership, receiver, trustee, guardian, executor, administrator, personal representative, or public agency that is the subject of legal rights and duties.

(8) "Pollution" means any damage or injury to ground or surface waters, soil or air resulting from the unauthorized loss, escape, or disposal of any substances at any well subject to the provisions of this chapter.

(9) "Department" means the department of natural resources.

(10) "Well" means any excavation made for the discovery or production of geothermal resources, or any special facility, converted producing facility, or reactivated or converted abandoned facility used for the reinjection of geothermal resources, or the residue thereof underground.

(11) "Core holes" are holes drilled or excavations made expressly for the acquisition of geological or geophysical data for the purpose of finding and delineating

a favorable geothermal area prior to the drilling of a well.

(12) A "completed well" is a well that has been drilled to its total depth, has been adequately cased, and is ready to be either plugged and abandoned, shut-in, or put into production.

(13) "Plug and abandon" means to place permanent plugs in the well in such a way and at such intervals as are necessary to prevent future leakage of fluid from the well to the surface or from one zone in the well to the other, and to remove all drilling and production equipment from the site, and to restore the surface of the site to its natural condition or contour or to such condition as may be prescribed by the department.

(14) "Shut-in" means to adequately cap or seal a well to control the contained geothermal resources for an interim period. [1974 ex.s. c 43 § 3.]

79.76.040 Geothermal resources deemed sui generis. Notwithstanding any other provision of law, geothermal resources are found and hereby determined to be sui generis, being neither a mineral resource nor a water resource. [1974 ex.s. c 43 § 4.]

79.76.050 Administration of chapter. (1) The department shall administer and enforce the provisions of this chapter and the rules, regulations, and orders relating to the drilling, operation, maintenance, abandonment and restoration of geothermal areas, to prevent damage to and waste from underground geothermal deposits, and to prevent damage to underground and surface waters, land or air that may result from improper drilling, operation, maintenance or abandonment of geothermal resource wells.

(2) In order to implement the terms and provisions of this chapter, the department under the provisions of chapter 34.04 RCW, as now or hereafter amended, may from time to time promulgate those rules and regulations necessary to carry out the purposes of this chapter, including but not restricted to defining geothermal areas; establishing security requirements, which may include bonding; providing for liens against production; providing for casing and safety device requirements; providing for site restoration plans to be completed prior to abandonment; and providing for abandonment requirements. [1974 ex.s. c 43 § 5.]

79.76.060 Scope of chapter. This chapter is intended to preempt local regulation of the drilling and operation of wells for geothermal resources but shall not be construed to permit the locating of any well or drilling when such well or drilling is prohibited under state or local land use law or regulations promulgated thereunder. Geothermal resources, byproducts and/or waste products which have escaped or been released from the energy transfer system and/or a mineral recovery process shall be subject to provisions of state law relating to the pollution of ground or surface waters (Title 90 RCW), provisions of the state fisheries law (Title 75 RCW), and the state game laws (Title 77 RCW), and any other state environmental pollution control laws. Authorization for use of byproduct water resources for

all beneficial uses, including but not limited to greenhouse heating, warm water fish propagation, space heating plants, irrigation, swimming pools, and hot springs baths, shall be subject to the appropriation procedure as provided in Title 90 RCW. [1974 ex.s. c 43 § 6.]

79.76.070 Drilling permits—Applications—Hearing—Fees. (1) Any person proposing to drill a well or redrill an abandoned well for geothermal resources shall file with the department a written application for a permit to commence such drilling or redrilling on a form prescribed by the department accompanied by a permit fee of two hundred dollars. The department shall forward a duplicate copy to the department of ecology within ten days of filing.

(2) Upon receipt of a proper application relating to drilling or redrilling the department shall set a date, time, and place for a public hearing on the application, which hearing shall be in the county in which the drilling or redrilling is proposed to be made, and shall instruct the applicant to publish notices of such application and hearing by such means and within such time as the department shall prescribe. The department shall require that the notice so prescribed shall be published twice in a newspaper of general circulation within the county in which the drilling or redrilling is proposed to be made and in such other appropriate information media as the department may direct.

(3) Any person proposing to drill a core hole for the purpose of gathering geothermal data, including but not restricted to heat flow, temperature gradients, and rock conductivity, shall be required to obtain a single permit for each geothermal area according to subsection (1) of this section, except that no permit fee shall be required, no notice need be published, and no hearing need be held. Such core holes that penetrate more than seven hundred and fifty feet into bedrock shall be deemed geothermal test wells and subject to the payment of a permit fee and to the requirement in subsection (2) of this section for public notices and hearing. In the event geothermal energy is discovered in a core hole, the hole shall be deemed a geothermal well and subject to the permit fee, notices, and hearing. Such core holes as described by this subsection are subject to all other provisions of this chapter, including a bond or other security as specified in RCW 79.76.130.

(4) All moneys paid to the department under this section shall be deposited with the state treasurer for credit to the general fund. [1974 ex.s. c 43 § 7.]

79.76.080 Drilling permits—Criteria for granting. A permit shall be granted only if the department is satisfied that the area is suitable for the activities applied for; that the applicant will be able to comply with the provisions of this chapter and the rules and regulations enacted hereunder; and that a permit would be in the best interests of the state.

The department shall not allow operation of a well under permit if it finds that the operation of any well will unreasonably decrease ground water available for prior water rights in any aquifer or other ground water source for water for beneficial uses, unless such affected

water rights are acquired by condemnation, purchase or other means.

The department shall have the authority to condition the permit as it deems necessary to carry out the provisions of this chapter, including but not limited to conditions to reduce any environmental impact.

The department shall forward a copy of the permit to the department of ecology within five days of issuance. [1974 ex.s. c 43 § 8.]

79.76.090 Casing requirements. Any operator engaged in drilling or operating a well for geothermal resources shall equip such well with casing of sufficient strength and with such safety devices as may be necessary, in accordance with methods approved by the department.

No person shall remove a casing, or any portion thereof, from any well without prior approval of the department. [1974 ex.s. c 43 § 9.]

79.76.100 Plugging and abandonment of wells—Transfer of jurisdiction to department of ecology. Any well drilled under authority of this chapter from which:

(1) It is not technologically practical to derive the energy to produce electricity commercially, or the owner or operator has no intention of deriving energy to produce electricity commercially, and

(2) Usable minerals cannot be derived, or the owner or operator has no intention of deriving usable minerals, shall be plugged and abandoned as provided in this chapter or, upon the owner's or operator's written application to the department of natural resources and with the concurrence and approval of the department of ecology, jurisdiction over the well may be transferred to the department of ecology and, in such case, the well shall no longer be subject to the provisions of this chapter but shall be subject to any applicable laws and regulations relating to wells drilled for appropriation and use of ground waters. If an application is made to transfer jurisdiction, a copy of all logs, records, histories, and descriptions shall be provided to the department of ecology by the applicant. [1974 ex.s. c 43 § 10.]

79.76.110 Suspension of drilling, shut-in or removal of equipment for authorized period—Unlawful abandonment. (1) The department may authorize the operator to suspend drilling operations, shut-in a completed well, or remove equipment from a well for the period stated in the department's written authorization. The period of suspension may be extended by the department upon the operator showing good cause for the granting of such extension.

(2) If drilling operations are not resumed by the operator, or the well is not put into production, upon expiration of the suspension or shut-in permit, an intention to unlawfully abandon shall be presumed.

(3) A well shall also be deemed unlawfully abandoned if, without written approval from the department, drilling equipment is removed.

(4) An unlawful abandonment under this chapter shall be entered in the department records and written notice thereof shall be mailed by registered mail both to

such operator at his last known address as disclosed by records of the department and to the operator's surety. The department may thereafter proceed against the operator and his surety. [1974 ex.s. c 43 § 11.]

79.76.120 Notification of abandonment or suspension of operations—Required—Procedure. (1) Before any operation to plug and abandon or suspend the operation of any well is commenced, the owner or operator shall submit in writing a notification of abandonment or suspension of operations to the department for approval. No operation to abandon or suspend the operation of a well shall commence without approval by the department. The department shall respond to such notification in writing within ten working days following receipt of the notification.

(2) Failure to abandon or suspend operations in accordance with the method approved by the department shall constitute a violation of this chapter, and the department shall take appropriate action under the provisions of RCW 79.76.270. [1974 ex.s. c 43 § 12.]

79.76.130 Performance bond or other security—Required. Every operator who engages in the drilling, redrilling, or deepening of any well shall file with the department a reasonable bond or bonds with good and sufficient surety, or the equivalent thereof, acceptable to the department, conditioned on compliance with the provisions of this chapter and all rules and regulations and permit conditions adopted pursuant to this chapter. This performance bond shall be executed in favor of and approved by the department.

In lieu of a bond the operator may file with the department a cash deposit, negotiable securities acceptable to the department, or an assignment of a savings account in a Washington bank on an assignment form prescribed by the department. The department, in its discretion, may accept a single surety or security arrangement covering more than one well. [1974 ex.s. c 43 § 13.]

79.76.140 Termination or cancellation of bond or change in other security, when. The department shall not consent to the termination and cancellation of any bond by the operator, or change as to other security given, until the well or wells for which it has been issued have been properly abandoned or another valid bond for such well has been submitted and approved by the department. A well is properly abandoned when abandonment has been approved by the department. [1974 ex.s. c 43 § 14.]

79.76.150 Notification of sale, exchange, etc. The owner or operator of a well shall notify the department in writing within ten days of any sale, assignment, conveyance, exchange, or transfer of any nature which results in any change or addition in the owner or operator of the well on such forms with such information as may be prescribed by the department. [1974 ex.s. c 43 § 15.]

79.76.160 Combining orders, unitization programs and well spacing—Authority of department. The department has the authority, through rules and regulations, to promulgate combining orders, unitization programs, and well spacing, and establish proportionate costs among owners or operators for the operation of such units as the result of said combining orders, if good and sufficient reason is demonstrated that such measures are necessary to prevent the waste of geothermal resources. [1974 ex.s. c 43 § 16.]

79.76.170 Designation of resident agent for service of process. Each owner or operator of a well shall designate a person who resides in this state as his agent upon whom may be served all legal processes, orders, notices, and directives of the department or any court. [1974 ex.s. c 43 § 17.]

79.76.180 General authority of department. The department shall have the authority to conduct or authorize investigations, research, experiments, and demonstrations, cooperate with other governmental and private agencies in making investigations, receive any federal funds, state funds, and other funds and expend them on research programs concerning geothermal resources and their potential development within the state, and to collect and disseminate information relating to geothermal resources in the state: *Provided*, That the department shall not construct or operate commercial geothermal facilities. [1974 ex.s. c 43 § 18.]

79.76.190 Employment of personnel. The department shall have the authority, and it shall be its duty, to employ all personnel necessary to carry out the provisions of this chapter pursuant to chapter 41.06 RCW. [1974 ex.s. c 43 § 19.]

79.76.200 Drilling records, etc., to be maintained—Inspection—Filing. (1) The owner or operator of any well shall keep or cause to be kept careful and accurate logs, records, descriptions, and histories of the drilling, redrilling, or deepening of the well.

(2) All logs, records, histories, and descriptions referred to in subsection (1) of this section shall be kept in the local office of the owner or operator, and together with other reports of the owner or operator shall be subject during business hours to inspection by the department. Each owner or operator, upon written request from the department, shall file with the department a copy of the logs, records, histories, descriptions, or other records or portions thereof pertaining to the geothermal drilling or operation underway or suspended. [1974 ex.s. c 43 § 20.]

79.76.210 Filing of records with department upon completion, abandonment or suspension of operations. Upon completion or plugging and abandonment of any well or upon the suspension of operations conducted with respect to any well for a period of at least six months, one copy of the log, core record, electric log, history, and all other logs and surveys that may have been run on the well, shall be filed with the department within thirty

days after such completion, plugging and abandonment, or six months' suspension. [1974 ex.s. c 43 § 21.]

79.76.220 Statement of geothermal resources produced—Filing. The owner or operator of any well producing geothermal resources shall file with the department a statement of the geothermal resources produced. Such report shall be submitted on such forms and in such manner as may be prescribed by the department. [1974 ex.s. c 43 § 22.]

79.76.230 Confidentiality of records. (1) The records of any owner or operator, when filed with the department as provided in this chapter, shall be confidential and shall be open to inspection only to personnel of the department for the purpose of carrying out the provisions of this chapter and to those authorized in writing by such owner or operator, until the expiration of a twenty-four month confidential period to begin at the date of commencement of production or of abandonment of the well.

(2) Such records shall in no case, except as provided in this chapter, be available as evidence in court proceedings. No officer, employee, or member of the department shall be allowed to give testimony as to the contents of such records, except as provided in this chapter for the review of a decision of the department or in any proceeding initiated for the enforcement of an order of the department, for the enforcement of a lien created by the enforcement of this chapter, or for use as evidence in criminal proceedings arising out of such records or the statements upon which they are based. [1974 ex.s. c 43 § 23.]

79.76.240 Removal, destruction, alteration, etc., of records prohibited. No person shall, for the purpose of evading the provision of this chapter or any rule, regulation or order of the department made thereunder, remove from this state, or destroy, mutilate, alter or falsify any such record, account, or writing. [1974 ex.s. c 43 § 24.]

79.76.250 Violations—Modification of permit, when necessary—Departmental order—Issuance—Appeal. Whenever it appears with probable cause to the department that:

(1) A violation of any provision of this chapter, regulation adopted pursuant thereto, or condition of a permit issued pursuant to this chapter has occurred or is about to occur, or

(2) That a modification of a permit is deemed necessary to carry out the purpose of this chapter, the department shall issue a written order in person to the operator or his employees or agents, or by certified mail, concerning the drilling, testing, or other operation conducted with respect to any well drilled, in the process of being drilled, or in the process of being abandoned or in the process of reclamation or restoration, and the operator, owner, or designated agent of either shall comply with the terms of the order and may appeal from the order in the manner provided for in RCW 79.76.280. When the department deems necessary the order may

include a shutdown order to remain in effect until the deficiency is corrected. [1974 ex.s. c 43 § 25.]

79.76.260 Liability in damages for violations—Procedure. Any person who violates any of the provisions of this chapter, or fails to perform any duty imposed by this chapter, or violates an order or other determination of the department made pursuant to the provisions of this chapter, and in the course thereof causes the death of, or injury to, fish, animals, vegetation or other resources of the state, shall be liable to pay the state damages including an amount equal to the sum of money necessary to restock such waters, replenish such resources, and otherwise restore the stream, lake, other water source, or land to its condition prior to the injury, as such condition is determined by the department. Such damages shall be recoverable in an action brought by the attorney general on behalf of the people of the state of Washington in the superior court of the county in which such damages occurred: *Provided*, That if damages occurred in more than one county the attorney general may bring action in any of the counties where the damage occurred. Any moneys so recovered by the attorney general shall be transferred to the department under whose jurisdiction the damaged resource occurs, for the purposes of restoring the resource. [1974 ex.s. c 43 § 26.]

79.76.270 Injunctions—Restraining orders. Whenever it shall appear that any person is violating any provision of this chapter, or any rule, regulation, or order made by the department hereunder, and if the department cannot, without litigation, effectively prevent further violation, the department may bring suit in the name of the state against such person in the court in the county of the residence of the defendant, or in the county of the residence of any defendant if there be more than one defendant, or in the county where the violation is alleged to have occurred, to restrain such person from continuing such violation. In such suit the department may, without bond, obtain injunctions prohibitory and mandatory, including temporary restraining orders and preliminary injunctions, as the facts may warrant. [1974 ex.s. c 43 § 27.]

79.76.280 Judicial review. (1) Any person adversely affected by any rule, regulation, order, or permit entered by the department pursuant to this chapter may obtain judicial review thereof in accordance with the applicable provisions of chapter 34.04 RCW.

(2) The court having jurisdiction, insofar as is practicable, shall give precedence to proceedings for judicial review brought under this chapter. [1974 ex.s. c 43 § 28.]

79.76.290 Violations—Penalty. Violation of any provision of this chapter or of any rule, regulation, order of the department, or condition of any permit made hereunder is punishable, upon conviction, by a fine of not more than two thousand five hundred dollars or by imprisonment in the county jail for not more than six months, or both. [1974 ex.s. c 43 § 29.]

79.76.300 Aiding or abetting violations. No person shall knowingly aid or abet any other person in the violation of any provision of this chapter or of any rule, regulation or order of the department made hereunder. [1974 ex.s. c 43 § 30.]

79.76.900 Severability—1974 ex.s. c 43. If any provision of this 1974 act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected. [1974 ex.s. c 43 § 32.]
