"State agency" includes every state office, department, division, bureau, board, commission, or other state agency. "Local agency" includes every county, city, town, municipal corporation, quasi-municipal corporation, or special purpose district, or any office, department, division, bureau, board, commission, or agency thereof, or other local public agency.

(2) "Ballot proposition" means any "measure" as defined by RCW 29.01.110, or any initiative, recall, or referendum proposition proposed to be submitted to the voters of the state or any municipal corporation, political subdivision, or other voting constituency from and after the time when the proposition has been initially filed with the appropriate election officer of that constituency prior to its circulation for signatures.

(3) "Depository" means a bank designated by a candidate or political committee pursuant to RCW 42.17.050.

(4) "Treasurer" and "deputy treasurer" mean the individuals appointed by a candidate or political committee, pursuant to RCW 42.17.050, to perform the duties specified in that section.

(5) "Candidate" means any individual who seeks election to public office. An individual shall be deemed to seek election when he first:

(a) Receives contributions or makes expenditures or reserves space or facilities with intent to promote his candidacy for office; or

(b) Announces publicly or files for office.

(6) "Commercial advertiser" means any person who sells the service of communicating messages or producing printed material for broadcast or distribution to the general public or segments of the general public whether through the use of newspapers, magazines, television and radio stations, billboard companies, direct mail advertising companies, printing companies, or otherwise.

(7) "Commission" means the agency established under RCW 42.17.350.

(8) "Compensation" unless the context requires a narrower meaning, includes payment in any form for real or personal property or services of any kind: PROVIDED, That for the purpose of compliance with RCW 42.17.241, the term "compensation" shall not include per diem allowances or other payments made by a governmental entity to reimburse a public official for expenses incurred while the official is engaged in the official business of the governmental entity.

(9) "Continuing political committee" means a political committee that is an organization of continuing existence not established in anticipation of any particular election campaign.

(10) "Contribution" includes a loan, gift, deposit, subscription, forgiveness of indebtedness, donation, advance, pledge, payment, transfer of funds between political committees, or transfer of anything of value, including personal and professional services for less than full consideration, but does not include interest on moneys deposited in a political committee's account, ordinary home hospitality and the rendering of personal services of the sort commonly performed by volunteer campaign workers, or incidental expenses personally incurred by volunteer campaign workers not in excess of fifty dollars personally paid for by the worker. Volunteer services, for the purposes of this chapter, means services or labor for which the individual is not compensated by any person. For the purposes of this chapter, contributions other than money or its equivalents shall be deemed to have a money value equivalent to the fair market value of the contribution. Sums paid for tickets to fund-raising events such as dinners and parties are contributions; however, the amount of any such contribution may be reduced for the purpose of complying with the reporting requirements of this chapter, by the actual cost of consumables furnished in connection with the purchase of the tickets, and only the excess over the actual cost of the consumables shall be deemed a contribution.

(11) "Elected official" means any person elected at a general or special election to any public office, and any person appointed to fill a vacancy in any such office.

(12) "Election" includes any primary, general, or special election for public office and any election in which a

(13) "Election campaign" means any campaign in support of or in opposition to a candidate for election to public office and any campaign in support of, or in opposition to, a ballot proposition.

(14) "Expenditure" includes a payment, contribution, subscription, distribution, loan, advance, deposit, or gift of money or anything of value, and includes a contract, promise, or agreement, whether or not legally enforceable, to make an expenditure. The term "expenditure" also includes a promise to pay, a payment, or a transfer of anything of value in exchange for goods, services, property, facilities, or anything of value for the purpose of assisting, benefiting, or honoring any public official or candidate, or assisting in furthering or opposing any election campaign. For the purposes of this chapter, agreements to make expenditures, contracts, and promises to pay may be reported as estimated obligations until actual payment is made. The term "expenditure" shall not include the partial or complete repayment by a candidate or political committee of the principal of a loan, the receipt of which loan has been properly reported.

(15) "Final report" means the report described as a final report in RCW 42.17.080(2).

(16) "Gift," for the purposes of RCW 42.17.170 and 42.17.2415, means a rendering of anything of value in return for which reasonable consideration is not given and received and includes a rendering of money, property, services, discount, loan forgiveness, payment of indebtedness, or reimbursements from or payments by persons (other than the federal government, or the state of Washington or any agency or political subdivision thereof) for travel or anything else of value. The term "reasonable consideration" refers to the approximate range of consideration that exists in transactions not involving donative intent. However, the value of the gift of partaking in a single hosted reception shall be determined by dividing the total amount of the cost of conducting the reception by the total number of persons partaking in the reception. "Gift" for the purposes of RCW 42.17.170 and 42.17.2415 does not include:

(a) A gift, other than a gift of partaking in a hosted reception, with a value of fifty dollars or less;

(b) The gift of partaking in a hosted reception if the value of the gift is one hundred dollars or less;

(c) A contribution that is required to be reported under RCW 42.17.090 or 42.17.243;

(e) A gift that is not used and that, within thirty days after receipt, is returned to the donor or delivered to a charitable organization. However, this exclusion from the definition does not apply if the recipient of the gift delivers the gift to a charitable organization and claims the delivery as a charitable contribution for tax purposes;

(f) A gift given under circumstances where it is clear beyond any doubt that the gift was not made as part of any design to gain or maintain influence in the governmental entity of which the recipient is an officer or official or with respect to any legislative matter or matters of that governmental entity; or

(19) "Lobby" and "lobbying" each mean attempting to influence the passage or defeat of any legislation by the legislature of the state of Washington, or the adoption or rejection of any rule, standard, rate, or other legislative enactment of any state agency under the state Administrative Procedure Act, chapter 34.05 RCW. Neither "lobby" nor "lobbying" includes an association's or other organization's act of communicating with the members of that association or organization.

(20) "Lobbyist" includes any person who lobbies either in his own or another's behalf.

(21) "Lobbyist's employer" means the person or persons by whom a lobbyist is employed and all persons by whom he is compensated for acting as a lobbyist.

(24) "Political advertising" includes any advertising displays, newspaper ads, billboards, signs, brochures, articles, tabloids, flyers, letters, radio or television presentations, or other means of mass communication, used for the purpose of appealing, directly or indirectly, for votes or for financial or other support in any election campaign.

(25) "Political committee" means any person (except a candidate or an individual dealing with his own funds

or property) having the expectation of receiving contributions or making expenditures in support of, or opposition to, any candidate or any ballot proposition.

(26) "Public office" means any federal, state, county, city, town, school district, port district, special district, or other state political subdivision elective office.

(27) "Public record" includes any writing containing information relating to the conduct of government or the performance of any governmental or proprietary function prepared, owned, used, or retained by any state or local agency regardless of physical form or characteristics.

(28) "Surplus funds" mean, in the case of a political committee or candidate, the balance of contributions that remain in the possession or control of that committee or candidate subsequent to the election for which the contributions were received, and that are in excess of the amount necessary to pay remaining debts incurred by the committee or candidate prior to that election. In the case of a continuing political committee, "surplus funds" mean those contributions remaining in the possession or control of the committee that are in excess of the amount necessary to pay all remaining debts when it makes its final report under RCW 42.17.065.

(29) "Writing" means handwriting, typewriting, printing, photostating, photographing, and every other means of recording any form of communication or representation, including letters, words, pictures, sounds, or symbols, or combination thereof, and all papers, maps, magnetic or paper tapes, photographic films and prints, magnetic or punched cards, discs, drums, and other documents.

This subsection does not apply to contributions made by, or accepted from, a major Washington state political party as defined in RCW 29.01.090.

(9) Contributions governed by this section include, but are not limited to, contributions made or received indirectly through a third party or entity whether the contributions are or are not reported to the commission as earmarked contributions under RCW 42.17.135. [1991 c 157 § 1; 1989 c 280 § 11; 1986 c 228 § 2; 1985 c 359 § 1; 1983 c 176 § 1.]

Effective date—1989 c 280: See note following RCW 42.17.020.

42.17.170 Reporting by lobbyists. (1) Any lobbyist registered under RCW 42.17.150 and any person who lobbies shall file with the commission periodic reports of his activities signed by the lobbyist. The reports shall be made in the form and manner prescribed by the commission. They shall be due monthly and shall be filed within fifteen days after the last day of the calendar month covered by the report.

(2) Each such monthly periodic report shall contain:

(a) The totals of all expenditures for lobbying activities made or incurred by such lobbyist or on behalf of such lobbyist by the lobbyist's employer during the period covered by the report. Such totals for lobbying activities shall be segregated according to financial category, including compensation; food and refreshments; living accommodations; advertising; travel; contributions; and other expenses or services. Each individual expenditure of more than twenty-five dollars for entertainment shall be identified by date, place, amount, and the names of all persons in the group partaking in or of such entertainment including any portion thereof attributable to the lobbyist's participation therein, without allocating any portion of such expenditure to individual participants. However, if the expenditure for a single hosted reception is more than one hundred dollars per person partaking therein, the report shall specify the per person amount, which shall be determined by dividing the total amount of the expenditure

by the total number of persons partaking in the reception.

Notwithstanding the foregoing, lobbyists are not required to report the following:

All contributions made to, or for the benefit of, any candidate, elected official, or officer or employee of any agency, or any political committee supporting or opposing any ballot proposition shall be identified by date, amount, and the name of the candidate, elected official, or officer or employee of any agency, or any political committee supporting or opposing any ballot proposition receiving, or to be benefited by each such contribution.

(f) A listing of each gift, as defined in RCW 42.17.020, made to a state elected official or executive state officer or to a member of the immediate family of such an official or officer. Such a gift shall be separately identified by the date it was given, the approximate value of the gift, and the name of the recipient. However, for a hosted reception where the average per person amount is reported under (a) of this subsection, the approximate value for the gift of partaking in the event is such average per person amount. The commission shall adopt forms to be used for reporting the giving of gifts under this subsection (2)(f). The forms shall be designed to permit a lobbyist to report on a separate form for each recipient the reportable gifts given to that recipient during the reporting period or, alternatively, to report on one form all reportable gifts given by the lobbyist during the reporting period.

(3) If a state elected official or a member of such an official's immediate family is identified by a lobbyist in such a report as having received from the lobbyist a gift, as defined in RCW 42.17.020, the lobbyist shall transmit to the official a copy of the completed form used to identify the gift in the report at the same time the report is filed with the commission. In case a public officer or employee collects or receives funds for the account of a taxing district of which he or she is an officer or employee, the treasurer shall, by Friday of each week, pay to the proper officer of the taxing district for the account of which the collection was made or payment received, the full amount collected or received during the current week for the account of the district. 43.09.260 Division of municipal corporations—Examination of taxing districts—Reports—Action by attorney general. (Effective January 1, 1992.) The state auditor, the chief examiner, and every state examiner shall have power by himself or herself or by any person legally appointed to perform the service, to examine into all financial affairs of every public office and officer.

The examination of the financial affairs of all taxing districts shall be made at such reasonable, periodic intervals as the state auditor shall determine. However, an examination of the financial affairs of all taxing districts shall be made at least once in every three years, and an examination of individual local government health and welfare benefit plans and local government self-insurance programs shall be made at least once every two years. The term "taxing districts" for purposes of RCW 43.09.190 through 43.09.285 includes but is not limited to all counties, cities, and other political subdivisions, municipal corporations, and quasi-municipal corporations, however denominated.

The state auditor shall establish a schedule to govern the auditing of taxing districts which shall include: A designation of the various classifications of taxing districts; a designation of the frequency for auditing each type of taxing district; and a description of events which cause a more frequent audit to be conducted.

On every such examination, inquiry shall be made as to the financial condition and resources of the taxing district; whether the Constitution and laws of the state, the ordinances and orders of the taxing district, and the requirements of the division of municipal corporations have been properly complied with; and into the methods and accuracy of the accounts and reports.

Willful false swearing in any such examination shall be perjury and punishable as such.

A report of such examination shall be made in triplicate, one copy to be filed in the office of the state auditor, one in the auditing department of the taxing district reported upon, and one in the office of the attorney general. If any such report discloses malfeasance, misfeasance, or nonfeasance in office on the part of any public officer or employee, within thirty days from the receipt of his copy of the report, the attorney general shall institute, in the proper county, such legal action as is proper in the premises by civil process and prosecute the same to final determination to carry into effect the findings of the examination.

It shall be unlawful for the county commissioners or any board or officer to make a settlement or compromise of any claim arising out of such malfeasance, misfeasance, or nonfeasance, or any action commenced therefor, or for any court to enter upon any compromise or settlement of such action, without the written approval and consent of the attorney general and the state auditor. Sections

- 43.10.260 Criminal profiteering—Assistance to local officials.
43.10.270 Criminal profiteering—Asset recovery.

43.10.260 Criminal profiteering—Assistance to local officials. The attorney general may: (1) Assist local law enforcement officials in the development of cases arising under the criminal profiteering laws with special emphasis on narcotics related cases; (2) assist local prosecutors in the litigation of criminal profiteering or

drug asset forfeiture cases, or, at the request of a prosecutor's office, litigate such cases on its behalf; and (3) conduct seminars and training sessions on prosecution of criminal profiteering cases and drug asset forfeiture cases. [1991 c 345 § 2.]

Findings—1991 c 345: "The legislature finds that drug asset forfeiture and criminal profiteering laws allow law enforcement officials and the courts to strip drug dealers and other successful criminals of the wealth they have acquired from their crimes and the assets they have used to facilitate those crimes. These laws are rarely used by prosecutors, however, because of the difficulty in identifying profiteering and the assets that criminals may have as a result of their crimes. It is the intent of the legislature to provide assistance to local law enforcement officials and state agencies to seize the assets of criminals and the proceeds of their profiteering." [1991 c 345 § 1.]

43.10.270 Criminal profiteering—Asset recovery. All assets recovered pursuant to RCW 43.10.260 shall be distributed in the following manner: (1) For drug asset forfeitures, pursuant to the provisions of RCW 69.50.505; and (2) for criminal profiteering cases, pursuant to the provisions of RCW 9A.82.100. [1991 c 345 § 3.]

Findings—1991 c 345: See note following RCW 43.10.260.

Therefore, the legislature finds that it is in the best interest of the state to provide for the donation of state-owned, surplus, tangible property to assist the homeless in meeting their basic needs." If the department determines, according to criteria established by rule that the use of this weighting factor does not encourage the use of more recycled material, the department shall consider and award bids without regard to the weighting factor. In making this determination, the department shall consider but not be limited to such factors as adequate competition, economics or environmental constraints, quality, and availability.

(b) Requiring a written statement of the percentage range of recycled content from the bidder providing products containing recycled [material]. The range may be stated in five percent increments.

(2) The director shall develop a directory of businesses that supply products containing significant quantities of recycled materials. This directory may be combined with and made accessible through the data

base of recycled content products to be developed under RCW 43.19A.060.

(3) The director shall encourage all parties using the state purchasing office to purchase products containing recycled materials.

The standards shall provide for exceptions under appropriate circumstances to allow purchases of recycled products that do not meet the minimum content requirements of the standards. [1991 c 297 § 3.]

43.19A.030 Local government duties. (1) By January 1, 1993, each local government shall review its existing procurement policies and specifications to determine

whether recycled products are intentionally or unintentionally excluded. The policies and specifications shall be revised to include such products unless a recycled content product does not meet an established performance standard of the agency.

(2) By fiscal year 1994, each local government shall adopt a minimum purchasing goal for recycled content as a percentage of the total dollar value of supplies purchased. To assist in achieving this goal each local government shall adopt a strategy by January 1, 1993, and shall submit a description of the strategy to the department. The department shall report to the appropriate standing committees of the legislature by October 1, 1993, on the progress of implementation by local governments, and shall thereafter periodically report on the progress of recycled product purchasing by state and other public agencies. All public agencies shall respond to requests for information from the department for the purpose of its reporting requirements under this section.

(3) Each local government shall designate a procurement officer who shall serve as the primary contact with the department for compliance with the requirements of this chapter.

(4) This section shall apply only to local governments with expenditures for supplies exceeding five hundred thousand dollars for fiscal year 1989. Expenditures for capital goods and for electricity, water, or gas for resale shall not be considered a supply expenditure. [1991 c 297 § 4.]

43.19A.040 Local government adoption of preferential purchase policy optional. (1) Each local government shall consider the adoption of policies, rules, or ordinances to provide for the preferential purchase of recycled content products. Any local government may adopt the preferential purchasing policy of the department of general administration, or portions of such policy, or another policy that provides a preference for recycled content products.

(2) The department of general administration shall prepare one or more model recycled content preferential purchase policies suitable for adoption by local governments. The model policy shall be widely distributed and provided through the technical assistance and workshops under RCW 43.19A.070.

(3) A local government that is not subject to the purchasing authority of the department of general administration, and that adopts the preferential purchase policy or rules of the department, shall not be limited by the percentage price preference included in such policy or rules. [1991 c 297 § 6.]

43.19A.050 Mandatory plan for state agency procurement. The department shall prepare a mandatory state plan to increase purchases of recycled-content products by the department and all state agencies, including higher education institutions. The plan shall include purchases from public works contracts. The plan shall address the purchase of plastic products, retread and remanufactured tires, motor vehicle lubricants, latex paint,

and lead acid batteries having recycled content. In addition, the plan shall incorporate actions to achieve the following purchase level goals of recycled content paper and compost products:

(1) Paper products as a percentage of the total dollar amount purchased on an annual basis:

- (a) At least forty percent by 1993;
- (b) At least fifty percent by 1994;
- (c) At least sixty percent by 1995.

- (a) At least twenty-five percent by 1993;
- (b) At least forty percent by 1995;
- (c) At least sixty percent by 1997. [1991 c 297 § 7.]

43.19A.060 Data base of products and vendors. (1) The department shall develop a data base of available products with recycled-content products, and vendors supplying such products. The data base shall incorporate information regarding product consistency with the content standards adopted under RCW 43.19A.020. The data base shall incorporate information developed through state and local government procurement of recycled-content products.

(2) By December 1, 1992, the department shall report to the appropriate standing committees of the legislature on the cost of making the data base accessible to all state and local governments and to the private sector.

(3) The department shall compile information on purchases made by the department or pursuant to the department's purchasing authority, and information provided by local governments, regarding:

- (a) The percentage of recycled content and, if known, the amount of postconsumer waste in the products purchased;
- (b) Price;
- (c) Agency experience with the performance of recycled products and the supplier under the terms of the purchase; and
- (d) Any other information deemed appropriate by the department. [1991 c 297 § 8.]

43.19A.070 Education program—Product substitution list—Model procurement guidelines. (1) The department shall implement an education program to encourage maximum procurement of recycled products by state and local government entities. The program shall include at least the following:

(b) Two or more workshops annually in which all state and local government entities are invited;

(c) Information on intergovernmental agreements to facilitate procurement of recycled products.

(2) The director shall, in consultation with the department of ecology, make available to the public, local jurisdictions, and the private sector, a comprehensive list

of substitutes for extremely hazardous, hazardous, toxic, and nonrecyclable products, and disposable products intended for a single use. The department and all state agencies exercising the purchasing authorities of the department shall include the substitute products on bid notifications, except where the department allows an exception based upon product availability, price, suitability for intended use, or similar reasons.

(3) The department shall prepare model procurement guidelines for use by local governments. [1991 c 297 § 9.]

43.19A.080 Bid notification to state recycled content requirements. A notification regarding a state or local government's intent to procure products with recycled content must be prominently displayed in the procurement solicitation or invitation to bid including:

(1) A description of the postconsumer waste content or recycled content requirements; and

(2) A description of the agency's recycled content preference program. [1991 c 297 § 11.]

43.19A.090 Vendor certification of percentage of recycled content. (1) After July 1, 1992, vendors shall certify the percentage of recycled content in products sold to state and local governments, including the percentage of postconsumer waste that is in the product. The certification shall be in the form of a label on the product or a statement by the vendor attached to the bid documents.

(2) The certification on multicomponent or multimaterial products shall verify the percentage and type of postconsumer waste and recycled content by volume contained in the major constituents of the product.

(3) The procuring agency may state in bid solicitations that permission to verify the certification by review of the bidder or manufacturer's records must be granted as a condition of the bid award, in the event of a bidder's protest or other challenge to the bid accepted.

(4) The department shall adopt rules by May 1, 1992, describing the contents of the certification required by this section. [1991 c 297 § 12.]

43.19A.100 Procurement of compost products. (1) The department shall increase the procurement of compost products for all state facilities and grounds that require landscaping or similar work. The department shall survey available vendors and state facilities for which such products are suitable, and attempt to match such supplies and need to lower transportation and other costs. The department shall consider and implement modification of performance standards where appropriate to achieve greater procurement of compost products.

(2) Beginning July 1, 1992, the total of department contracts awarded in whole or in part for the purchase of landscaping materials or soil amendments shall include compost products as follows:

(a) For the period July 1, 1992, through June 30, 1994, twenty-five percent of the total dollar amount of purchases; and

(b) On and after July 1, 1994, fifty percent of the total annual dollar amount of purchases. [1991 c 297 § 13.]

43.19A.110 Local road projects—Compost products. 43.20.240 Public water systems—Complaint process. (1) The department shall have primary responsibility among state agencies to receive complaints from persons aggrieved by the failure of a public water system. If the remedy to the complaint is not within the jurisdiction of the department, the department shall refer the complaint to the state or local agency that has the appropriate jurisdiction. The department shall take such steps as are necessary to inform other state agencies of their primary responsibility for such complaints and the implementing procedures.

(2) Each county shall designate a contact person to the department for the purpose of receiving and following up on complaint referrals that are within county jurisdiction. In the absence of any such designation, the county health officer shall be responsible for performing this function.

(3) The department and each county shall establish procedures for providing a reasonable response to complaints received from persons aggrieved by the failure of a public water system.

(4) The department and each county shall use all reasonable efforts to assist customers of public water systems in obtaining a dependable supply of water at all times. The availability of resources and the public health significance of the complaint shall be considered when determining what constitutes a reasonable effort.

(5) The department shall, in consultation with local governments, water utilities, water districts, public utility districts, and other interested parties, develop a booklet or other single document that will provide to members of the public the following information:

(a) A summary of state law regarding the obligations of public water systems in providing drinking water supplies to their customers;

(b) A summary of the activities, including planning, rate setting, and compliance, that are to be performed by both local and state agencies;

(c) The rights of customers of public water systems, including identification of agencies or offices to which they may address the most common complaints regarding the failures or inadequacies of public water systems.

This booklet or document shall be available to members of the public no later than January 1, 1991. [1990 c 132 § 3.]

Legislative findings—1990 c 132: "The legislature finds the best interests of the citizens of the state are served if:

(1) Customers served by public water systems are assured of an adequate quantity and quality of water supply at reasonable rates;

(2) There is improved coordination between state agencies engaged in water system planning and public health regulation and local governments responsible for land use planning and public health and safety; and

(3) Existing procedures and processes for water system planning are strengthened and fully implemented by state agencies, local government, and public water systems." [1990 c 132 § 1.]

Severability—1990 c 132: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1990 c 132 § 7.]

43.20A.720 Telecommunications devices for the hearing and speech impaired—Definitions. "Hearing impaired" means those persons who are certified to be deaf, deaf-blind, or hard of hearing, and those persons who are certified to have a hearing disability limiting their access to telecommunications.

"Speech impaired" means persons who are certified to be unable to speak or who are certified to have a speech impairment limiting their access to telecommunications.

"Telecommunications device for the deaf (TDD)" means a teletypewriter that has a typewriter keyboard and a readable display that couples with the telephone, allowing messages to be typed rather than spoken. The device allows a person to make a telephone call directly to another person possessing similar equipment. The conversation is typed through one machine to the other machine instead of spoken.

"TDD relay system" is a service for hearing and speech impaired people who have a TDD to call someone who does not have a TDD or vice versa. The service consists of several telephones being utilized by TDD relay service operators who receive either TDD or voice phone calls. If a TDD relay service operator receives a phone call from a hearing or speech impaired person wishing to call a hearing person, the operator will call the hearing person and act as an intermediary by translating what is displayed on the TDD to voice and typing what is voiced into the TDD to be read by the hearing or speech impaired caller. This process can also be reversed with a hearing person calling a deaf person through the TDD relay service.

"Qualified trainer" is a person who is knowledgeable about TDDs, signal devices, and amplifying accessories; familiar with the technical aspects of equipment designed to meet hearing impaired people's needs; and is fluent in American sign language.

"Qualified contractor" shall have bilingual staff available for quality language/cultural interpretations; quality training of operators; and policies, training, and operational procedures to be determined by the office.

"The department" means the department of social and health services of the state of Washington.

"Office" means the office of deaf services within the state department of social and health services. [1990 c 89 § 2; 1987 c 304 § 2.]

Legislative finding—1990 c 89: "The legislature finds that provision of telecommunications devices and relay capability for hearing impaired persons is an effective and needed service which should be continued. The legislature further finds that the same devices and relay capability can serve and should be extended to serve speech impaired persons." [1990 c 89 § 1.]

Legislative findings—1987 c 304: "The legislature finds that it is more difficult for hearing impaired people to have access to the telecommunications system than hearing persons. It is imperative that hearing impaired people be able to reach government offices and health, human, and emergency services with the same ease as other taxpayers. Regulations to provide telecommunications devices for the deaf with a relay system will help ensure that the hearing impaired

community has equal access to the public accommodations and telecommunications system in the state of Washington in accordance with chapter 49.60 RCW." [1987 c 304 § 1.]

Relation to other telecommunications device systems—1987 c 304: "Nothing in RCW 43.20A.725 and 43.20A.730 is inconsistent with any telecommunications device systems created by county legislative authorities under RCW 70.54.180. To the extent possible, the office, utilities and transportation commission, the TDD advisory committee, and any other persons or organizations implementing the provisions of RCW 43.20A.725 and 43.20A.730 will use the telecommunications devices already in place and work with county governments in ensuring that no duplication of services occurs." [1987 c 304 § 5.]

Short title—1987 c 304: "This act shall be known as the "Clyde Randolph Ketchum Act". [1987 c 304 § 6.]

43.20A.725 Telecommunications devices for the hearing and speech impaired—Program for provision of devices—Generally—TDD excise tax—Report.

(1) The department shall maintain a program whereby TDDs, signal devices, a TDD relay system, and amplifying accessories capable of serving the needs of the hearing and speech impaired shall be provided at no charge additional to the basic exchange rate, to an individual of school age or older, (a) who is certified as hearing impaired by a licensed physician, audiologist, or a qualified state agency, and to any subscriber that is an organization representing the hearing impaired, as determined and specified by the TDD advisory committee; or (b) who is certified as speech impaired by a licensed physician, speech pathologist, or a qualified state agency, and to any subscriber that is an organization representing the speech impaired, as determined and specified by the TDD advisory committee. For the purpose of this section, certification implies that individuals cannot use the telephone for expressive or receptive communications due to hearing or speech impairment.

(2) The office shall award contracts on a competitive basis, to qualified persons for which eligibility to contract is determined by the office, for the distribution and maintenance of such TDDs, signal devices, and amplifying accessories as shall be determined by the office. Such contract shall include a provision for the employment and use of a qualified trainer and the training of recipients in the use of such devices.

(3) The office shall establish and implement a policy for the ultimate responsibility for recovery of TDDs, signal devices, and amplifying accessories from recipients who are moving from this state or who for other reasons are no longer using them.

(4) Pursuant to recommendations of the TDD advisory committee, the office shall maintain a program whereby a relay system will be provided state-wide using operator intervention to connect hearing impaired and speech impaired persons and offices or organizations representing the hearing impaired and speech impaired, as determined and specified by the TDD advisory committee pursuant to RCW 43.20A.730. The relay system shall be the most cost-effective possible and shall operate in a manner consistent with federal requirements for such systems.

(5) The program shall be funded by telecommunications devices for the deaf (TDD) excise tax applied to each switched access line provided by the local exchange companies. The office shall determine, in consultation

with the TDD advisory committee, the amount of money needed to fund the program on an annual basis, including both operational costs and a reasonable amount for capital improvements such as equipment upgrade and replacement. That information shall be given by the department in an annual budget to the utilities and transportation commission no later than March 1 prior to the beginning of the fiscal year. The utilities and transportation commission shall then determine the amount of TDD excise tax to be placed on each access line and shall inform each local exchange company of this amount no later than May 15. The TDD excise tax shall not exceed ten cents per month per access line. Each local exchange company shall impose the amount of excise tax determined by the commission as of July 1, and shall remit the amount collected directly to the department on a monthly basis. The TDD excise tax shall be separately identified on each ratepayer's bill as "Telecommunications devices funds for deaf and hearing impaired". All proceeds from the TDD excise tax shall be put into a fund to be administered by the office through the department.

(6) The office shall administer and control the award of money to all parties incurring costs in implementing and maintaining telecommunications services, programs, equipment, and technical support services in accordance with the provisions of RCW 43.20A.725.

(7) The department shall provide the legislature with a biennial report on the operation of the program. The first report shall be provided no later than December 1, 1990, and successive reports every two years thereafter. Reports shall be prepared in consultation with the TDD advisory committee and the utilities and transportation commission. The reports shall, at a minimum, briefly outline the accomplishments of the program, the number of persons served, revenues and expenditures, the prioritizing of services to those eligible based on such factors as degree of physical handicap or the allocation of the program's revenue between provision of devices to individuals and operation of the state-wide relay service, other major policy or operational issues, and proposals for improvements or changes for the program. The first report shall contain a study which includes examination of like programs in other states, alternative methods of financing the program, alternative methods of using the telecommunications system, advantages and disadvantages of operating the TDD program from within the department, by telecommunications companies, and by a private, nonprofit corporation, and means to limit demand for system usage.

(8) The program shall be consistent with the requirements of federal law for the operation of both interstate and intrastate telecommunications services for the deaf or hearing impaired or speech impaired. The department and the utilities and transportation commission shall be responsible for ensuring compliance with federal requirements and shall provide timely notice to the legislature of any legislation that may be required to accomplish compliance. [1990 c 89 § 3; 1987 c 304 § 3.]

Legislative finding—1990 c 89: See note following RCW 43.20A.720.

43.20A.730 TDD advisory committee—Generally.

(1) The department advisory committee on deafness shall establish a TDD advisory committee to oversee operation of the TDD program. The TDD advisory committee shall consist of no more than thirteen individuals representing the hearing impaired and speech impaired communities, the department, the utilities and transportation commission, agencies and services serving the hearing impaired and speech impaired, and local exchange companies in the state. The membership on the TDD advisory committee shall, to the maximum extent possible, include representatives from (a) the major state-wide organizations representing the hearing impaired and speech impaired, (b) organizations for the hearing impaired and speech impaired located in areas of the state with high populations of such persons, and (c) organizations that reflect the different geographic regions of the state. In order to develop, implement, and maintain a state-wide relay system providing cost-effective relay centers at a reasonable cost and that will meet the requirements of the hearing impaired and speech impaired, the TDD advisory committee shall investigate options, conduct public hearings as needed to determine the most cost-effective method of operating a state-wide relay system providing relay centers to the hearing impaired and speech impaired, and solicit the advice, counsel, and assistance of interested parties and nonprofit consumer organizations for hearing impaired and speech impaired persons state-wide. The TDD advisory committee shall also, in conjunction with the department, monitor the activities and moneys that are being spent by the department for the program herein.

(2) The TDD advisory committee shall establish criteria and specify state-wide organizations representing the hearing or speech impaired meeting such criteria that are to receive telecommunications devices pursuant to RCW 43.20A.725(1), and in which offices the equipment shall be installed if an organization has more than one office. [1990 c 89 § 4; 1987 c 304 § 4.]

Legislative finding—1990 c 89: See note following RCW 43.20A.720.

(3) Funding for these services shall be coordinated through the economic recovery coordination board which will establish a fund to provide child care assistance, mortgage assistance, and counseling which cannot be met through current programs. No funds shall be used for additional full-time equivalents for administering this section.

(4)(a) Grants for family support centers are intended to provide support to families by responding to needs identified by the families and communities served by the centers. Services provided by family support centers may include parenting education, child development assessments, health and nutrition education, counseling, and information and referral services. Such services may be provided directly by the center or through referral to other agencies participating in the interagency team.

(b) The department shall consult with the council on child abuse or neglect regarding grants for family support centers.

(5) "Timber impact area" means a county having a population of less than five hundred thousand, or a city or town located within a county having a population of less than five hundred thousand, and meeting two of the following three criteria, as determined by the employment security department, for the most recent year such data is available: (a) A lumber and wood products employment location quotient at or above the state average; (b) projected or actual direct lumber and wood products job losses of one hundred positions or more, except counties having a population greater than two hundred thousand but less than five hundred thousand must have direct lumber and wood products job losses of one thousand positions or more; or (c) an annual unemployment rate twenty percent or more above the state average. 43.20B.060 Reimbursement for medical care or residential care—Lien—Subrogation. (1) To secure reimbursement of any assistance paid under chapter 74.09 RCW or reimbursement for any residential care provided by the department at a hospital for the mentally ill or habilitative care center for the developmentally disabled, as a result of injuries to or illness of a recipient caused by the negligence or wrong of another, the department shall be subrogated to the recipient's rights against a tortfeasor or the tortfeasor's insurer, or both.

(2) The department shall have a lien upon any recovery by or on behalf of the recipient from such tortfeasor or the tortfeasor's insurer, or both to the extent of the value of the assistance paid or residential care provided by the department, provided that such lien shall not be

effective against recoveries subject to wrongful death when there are surviving dependents of the deceased. The lien shall become effective upon filing with the county auditor in the county where the assistance was authorized or where any action is brought against the tortfeasor or insurer. The lien may also be filed in any other county or served upon the recipient in the same manner as a civil summons if, in the department's discretion, such alternate filing or service is necessary to secure the department's interest. The additional lien shall be effective upon filing or service.

(3) The lien of the department shall be upon any claim, right of action, settlement proceeds, money, or benefits arising from an insurance program to which the recipient might be entitled (a) against the tortfeasor or insurer of the tortfeasor, or both, and (b) under any contract of insurance purchased by the recipient or by any other person providing coverage for the illness or injuries for which the assistance or residential care is paid or provided by the department.

(4) If recovery is made by the department under this section and the subrogation is fully or partially satisfied through an action brought by or on behalf of the recipient, the amount paid to the department shall bear its proportionate share of attorneys' fees and costs. The determination of the proportionate share to be borne by the department shall be based upon:

(a) The fees and costs approved by the court in which the action was initiated; or

(b) The written agreement between the attorney and client which establishes fees and costs when fees and costs are not addressed by the court.

(c) When fees and costs have been approved by a court, after notice to the department, the department shall have the right to be heard on the matter of attorneys' fees and costs or its proportionate share.

(d) When fees and costs have not been addressed by the court, the department shall receive at the time of settlement a copy of the written agreement between the attorney and client which establishes fees and costs and may request and examine documentation of fees and costs associated with the case. The department may bring an action in superior court to void a settlement if it believes the attorneys' calculation of its proportionate share of fees and costs is inconsistent with the written agreement between the attorney and client which establishes fees and costs or if the fees and costs associated with the case are exorbitant in relation to cases of a similar nature. [1990 c 100 § 7.]

Application—1990 c 100 §§ 2, 4, 7(1), 8(2): "Sections 2, 4, 7(1), and 8(2) of this act apply to all existing claims against third parties for which settlements have not been reached or judgments entered by June 7, 1990." [1990 c 100 § 13.]

43.20B.070 Torts committed against recipients of state assistance—Duties of attorney representing recipient. An attorney representing a person who, as a result of injuries or illness sustained through the negligence or wrong of another, has received, is receiving, or has applied to receive assistance under chapter

74.09 RCW, or residential care provided by the department at a hospital for the mentally ill or habilitative care center for the developmentally disabled, shall:

(1) Notify the department at the time of filing any claim against a third party, commencing an action at law, negotiating a settlement, or accepting a settlement offer from the tortfeasor or the tortfeasor's insurer, or both; and

(2) Give the department thirty days' notice before any judgment, award, or settlement may be satisfied in any action or any claim by the applicant or recipient to recover damages for such injuries or illness. [1990 c 100 § 8.]

Application—1990 c 100 §§ 2, 4, 7(1), 8(2): See note following RCW 43.20B.060.

43.20B.110 License fees to be charged by secretary—Waiver—Review and comment. (1) The secretary shall charge fees to the licensee for obtaining a license. The secretary may waive the fees when, in the discretion of the secretary, the fees would not be in the best interest of public health and safety, or when the fees would be to the financial disadvantage of the state.

(2) Fees charged shall be based on, but shall not exceed, the cost to the department for the licensure of the activity or class of activities and may include costs of necessary inspection.

(3) Department of social and health services advisory committees may review fees established by the secretary for licenses and comment upon the appropriateness of the level of such fees.

(4) Fees associated with the licensing or regulation of health professions or health facilities administered by the department of health, shall be in accordance with RCW 43.70.110 and 43.70.250. [1991 c 3 § 296; 1989 1st ex.s. c 9 § 216; 1987 c 75 § 6; 1982 c 201 § 2. Formerly RCW 43.20A.055.]

(a) Where there is a surviving spouse; or

(b) Where there is a surviving child under 21 years of age or blind or disabled as defined in the state plan under Title XIX of the social security act; or

(c) To the extent of the first fifty thousand dollars of the estate value at the time of death, where there are surviving children other than as defined above, and not to exceed thirty-five percent of the remainder.

(2) The department may assert and enforce a claim against the estate of the deceased recipient for the debt

in subsection (1) of this section, in accordance with chapter 11.40 RCW.

(3) The remedies in subsection (2) of this section are nonexclusive and upon the death of the recipient, the department shall have a lien for the debt in subsection (1) of this section. The lien attaches to the real property of which the deceased recipient was seized immediately before death. Upon subsequent filing of the notice thereof with the county auditor of the county in which the real property is located, the lien shall be deemed to relate back and be effective against such property as of the date of the recipient's death. Recovery under the lien shall be upon the sale or transfer of the subject property. [1987 c 283 § 13. Formerly RCW 74.09.750.]

Severability—**Savings**—1987 c 283: See notes following RCW 43.20A.020.

43.20B.635 Overpayments of assistance—Orders to withhold property of debtor—Procedures. After service of a notice of debt for an overpayment as provided for in RCW 43.20B.630, stating the debt accrued, the secretary may issue to any person, firm, corporation, association, political subdivision, or department of the state, an order to withhold and deliver property of any kind including, but not restricted to, earnings which are due, owing, or belonging to the debtor, when the secretary has reason to believe that there is in the possession of such person, firm, corporation, association, political subdivision, or department of the state property which is due, owing, or belonging to the debtor. The order to withhold and deliver shall state the amount of the debt, and shall state in summary the terms of this section, RCW 6.27.150 and 6.27.160, chapters 6.13 and 6.15 RCW, 15 U.S.C. 1673, and other state or federal exemption laws applicable generally to debtors. The order to withhold and deliver shall be served in the manner prescribed for the service of a summons in a civil action or by certified mail, return receipt requested. Any person, firm, corporation, association, political subdivision, or department of the state upon whom service has been made shall answer the order to withhold and deliver within twenty days, exclusive of the day of service, under oath and in writing, and shall make true answers to the matters inquired of therein. The secretary may require further and additional answers to be completed by the person, firm, corporation, association, political subdivision, or department of the state. If any such person, firm, corporation, association, political subdivision, or department of the state possesses any property which may be subject to the claim of the department of social and health services, such property shall be withheld immediately upon receipt of the order to withhold and deliver and shall, after the twenty-day period, upon demand, be delivered forthwith to the secretary. The secretary shall hold the property in trust for application on the indebtedness involved or for return, without interest, in accordance with final determination of liability or nonliability. In the alternative, there may be furnished to the secretary a good and sufficient bond, satisfactory to the secretary, conditioned upon final determination of liability. Where money is due and

owing under any contract of employment, express or implied, or is held by any person, firm, corporation, association, political subdivision, or department of the state subject to withdrawal by the debtor, such money shall be delivered by remittance payable to the order of the secretary. Delivery to the secretary, subject to the exemptions under RCW 6.27.150 and 6.27.160, chapters 6.13 and 6.15 RCW, 15 U.S.C. 1673, and other state or federal law applicable generally to debtors, of the money or other property held or claimed satisfies the requirement of the order to withhold and deliver. Delivery to the secretary serves as full acquittance, and the state warrants and represents that it shall defend and hold harmless for such actions persons delivering money or property to the secretary pursuant to this chapter. The state also warrants and represents that it shall defend and hold harmless for such actions persons withholding money or property pursuant to this chapter.

The secretary shall also, on or before the date of service of the order to withhold and deliver, mail or cause to be mailed by certified mail a copy of the order to withhold and deliver to the debtor at the debtor's last known post office address, or, in the alternative, a copy of the order to withhold and deliver shall be served on the debtor in the same manner as a summons in a civil action on or before the date of service of the order or within two days thereafter. The copy of the order shall be mailed or served together with a concise explanation of the right to petition for a hearing on any issue related to the collection. This requirement is not jurisdictional, but, if the copy is not mailed or served as provided in this section, or if any irregularity appears with respect to the mailing or service, the superior court, on its discretion on motion of the debtor promptly made and supported by affidavit showing that the debtor has suffered substantial injury due to the failure to mail the copy, may set aside the order to withhold and deliver and award to the debtor an amount equal to the damages resulting from the secretary's failure to serve on or mail to the debtor the copy. 43.21A.650 Freshwater aquatic weeds account. The freshwater aquatic weeds account is hereby created in the state treasury. Expenditures from this account may only be used as provided in RCW 43.21A.660. Moneys in the account may be spent only after appropriation. [1991 c 302 § 2.]

Findings—1991 c 302: "The legislature hereby finds that Eurasian water milfoil and other freshwater aquatic weeds can adversely affect fish populations, reduce habitat for desirable plant and wildlife species, and decrease public recreational opportunities. The legislature further finds that the spread of freshwater aquatic weeds is a state-wide problem and requires a coordinated response among state agencies, local governments, and the public. It is therefore the intent of the legislature to establish a funding source to reduce the propagation of Eurasian water milfoil and other freshwater aquatic weeds and to manage the problems created by such freshwater aquatic plants." Effective date—1991 c 302: See note following RCW 46.16.670.

43.21A.660 Freshwater aquatic weeds management program. Funds in the freshwater aquatic weeds account may be appropriated to the department of ecology to develop a freshwater aquatic weeds management program to:

(1) Issue grants to cities, counties, and state agencies to prevent, remove, reduce, or manage excessive freshwater aquatic weeds. Such grants shall only be issued for lakes, rivers, or streams with a public boat launching ramp. The department shall give preference to projects having matching funds or in-kind services;

(2) Develop public education programs relating to preventing the propagation and spread of freshwater aquatic weeds;

(3) Provide technical assistance to local governments and citizen groups; and

(4) Fund demonstration or pilot projects consistent with the purposes of this section. [1991 c 302 § 4.]

Abolishment of office: RCW 88.46.921.

43.21I.005 Findings. The legislature declares that Washington's waters have irreplaceable value for the citizens of the state. These waters are vital habitat for numerous and diverse marine life and wildlife and the source of recreation, aesthetic pleasure, and pride for Washington's citizens. These waters are also vital for much of Washington's economic vitality.

The legislature finds that the transportation of oil on these waters creates a great potential hazard to these important natural resources. The legislature also finds that there is no state agency responsible for maritime safety to ensure this state's interest in preserving these resources.

The legislature therefore finds that in order to protect these waters it is necessary to establish an office of marine safety which will have the responsibility to promote the safety of marine transportation in Washington. [1991 c 200 § 401.]

43.21I.010 Office of marine safety. (1) There is hereby created an agency of state government to be

known as the office of marine safety. The office shall be vested with all powers and duties transferred to it and such other powers and duties as may be authorized by law. The main administrative office of the office shall be located in the city of Olympia. The administrator may establish administrative facilities in other locations, if deemed necessary for the efficient operation of the office, and if consistent with the principles set forth in subsection (2) of this section.

(2) The office of marine safety shall be organized consistent with the goals of providing state government with a focus in marine transportation and serving the people of this state. The legislature recognizes that the administrator needs sufficient organizational flexibility to carry out the office's various duties. To the extent practical, the administrator shall consider the following organizational principles:

(a) Clear lines of authority which avoid functional duplication within and between subelements of the office;

43.31.005 Findings. The legislature of the state of Washington finds that economic development is an essential public purpose which requires the active involvement of state government. The state's primary economic strategy is to encourage the retention and expansion of existing businesses, to attract new businesses and industries, to foster the formation of new businesses, and to economically link rural communities with urban areas. In order to aid the citizens of Washington to obtain desirable employment and achieve adequate incomes, it is necessary for the state to encourage balanced growth and economic prosperity and to promote a more diversified and healthy economy throughout the state.

The legislature finds that the state needs to improve its level of employment, business activity, and revenue growth. In order to increase job opportunities and revenues, a broader and more stable economic base is needed. The state shall take primary responsibility to encourage the balanced growth of the economy consistent with the preservation of Washington's quality of life and environment. A healthy economy can be achieved through partnership efforts with the private sector to facilitate increased investment in Washington. It is the policy of the state of Washington to encourage and promote an economic development program that provides sufficient employment opportunities for our current resident work force and those individuals who will enter the state's work force in the future.

The legislature finds that the state of Washington has the potential to become a major world trade gateway. In order for Washington to fulfill its potential and compete successfully with other states and provinces, it must articulate a consistent, long-term trade policy. It is the responsibility of the state to monitor and ensure that such traditional functions of state government as transportation, infrastructure, education, taxation, regulation and public expenditures contribute to the international trade focus the state of Washington must develop. Severability—Part, section headings not law—1990 1st ex.s. c 17: See RCW 36.70A.900 and 36.70A.901.

43.31.145 Foreign offices—Promotion of overseas trade and commerce. The department is charged with the primary role within state government for the establishment and operation of foreign offices created for the purpose of promoting overseas trade and commerce. [1991 c 24 § 7; 1985 c 466 § 18.]

Effective date—1991 c 24: See RCW 43.290.900.

Effective date—Severability—1985 c 466: See notes following RCW 43.31.005.

43.31.205 Hanford reservation—Promotion of sublease for nuclear-related industry. In an effort to enhance the economy of the Tri-Cities area, the department of trade and economic development is directed to promote the existence of the lease between the state of Washington and the federal government executed September 10, 1964, covering one thousand acres of land lying within the Hanford reservation near Richland, Washington, and the opportunity of subleasing the land to entities for nuclear-related industry, in agreement with the terms of the lease. [1990 c 281 § 2.]

Legislative findings—1990 c 281: "The legislature finds that the one thousand acres of land leased from the federal government to the state of Washington on the Hanford reservation constitutes an unmatched resource for development of high-technology industry, nuclear medicine research, and research into new waste immobilization and reduction techniques. The legislature further finds that continued diversification of the Tri-Cities economy will help stabilize and improve the Tri-Cities economy, and that this effort can be aided by emphasizing the resources of local expertise and nearby facilities." [1990 c 281 § 1.]

43.31.215 Hanford reservation—Tri-cities area—Emphasize work force and facilities. When the department implements programs intended to attract or maintain industrial or high-technology investments in the state, the department shall, to the extent possible, emphasize the following:

(1) The highly skilled and trained work force in the Tri-Cities area;

(2) The world-class research facilities in the area, including the fast flux test facility and the Pacific Northwest laboratories;

(3) The existence of the one thousand acres leased by the state from the federal government for the purpose of nuclear-related industries; and

(4) The ability for high-technology and medical industries to safely dispose of low-level radioactive waste at the Hanford commercial low-level waste disposal facility. [1990 c 281 § 3.]

Moneys in the fund shall only be used pursuant to the recommendations of the committee created in RCW 43.31.425 and the approval of the director of the department of trade and economic development for Hanford area revolving loan funds, Hanford area infrastructure projects, or other Hanford area economic development and diversification projects, but may not be used for government or nonprofit organization operating expenses. Up to five percent of moneys in the fund may be used for program administration. For the purpose of this chapter "Hanford area" means Benton and Franklin counties. Disbursements from the fund shall be on the authorization of the director of trade and economic development or the director's designee after an affirmative vote of at least six members of the committee created in

RCW 43.31.425 on any recommendations by the committee created in RCW 43.31.425. The fund is subject to the allotment procedures under chapter 43.88 RCW, but no appropriation is required for disbursements. The legislature intends to establish similar economic investment funds for areas that develop low-level radioactive waste disposal facilities. [1991 c 272 § 19.]

Effective dates—1991 c 272: See RCW 81.108.901.

(c) Careful consideration shall be given to assure minority representation on the committee.

(2) Each member appointed by the governor shall serve a term of three years, except that of the members first appointed, four shall serve two-year terms and four shall serve one-year terms. A person appointed to fill a vacancy of a member shall be appointed in a like manner and shall serve for only the unexpired term. A member is eligible for reappointment. A member may be removed by the governor for cause.

(3) The governor shall designate a member of the committee as its chairperson. The committee may elect such other officers as it deems appropriate. Six members of the committee constitute a quorum and six affirmative votes are necessary for the transaction of business or the exercise of any power or function of the committee.

43.31.428 Hanford area economic investment fund committee—Powers. (Effective January 1, 1993.) The Hanford area economic investment fund committee created under RCW 43.31.425 may:

(1) Adopt bylaws for the regulation of its affairs and the conduct of its business;

(2) Utilize the services of other governmental agencies;

(5) Recommend to the director a spending strategy for the moneys in the fund created in RCW 43.31.422. The strategy shall include five and ten year goals for economic development and diversification for use of the moneys in the Hanford area; and

(6) Recommend to the director no more than two allocations eligible for funding per calendar year, with a first priority on Hanford area revolving loan allocations, and Hanford area infrastructure allocations followed by other Hanford area economic development and diversification projects if the committee finds that there are no suitable allocations in the priority allocations described in this section. [1991 c 272 § 21.]

Effective dates—1991 c 272: See RCW 81.108.901.

43.31.502 Child care facility revolving fund—Purpose—Source of funds. (1) A child care facility revolving fund is created. Money in the fund shall be used solely for the purpose of starting or improving a child care facility pursuant to RCW 43.31.085 and 43.31.502 through 43.31.514. Only moneys from private or federal sources may be deposited into this fund.

(2) Funds provided under this section shall not be subject to reappropriation. The child care facility fund committee may use loan and grant repayments and income for the revolving fund program. [1991 c 248 § 1; 1989 c 430 § 3.]

Legislative findings—1989 c 430: "The legislature finds that increasing the availability and affordability of quality child care will enhance the stability of the family and facilitate expanded economic prosperity in the state. The legislature finds that balancing work and family life is a critical concern for employers and employees. The dramatic increase in participation of women in the work force has resulted in a demand for affordable child care exceeding the supply. The future of the state's work force depends in part upon the availability of quality affordable child care. There are not enough child care services and facilities to meet the needs of working parents, the costs of care are often beyond the resources of working parents, and facilities are not located conveniently to work places and neighborhoods. The prospect for labor shortages resulting from the aging of the population and the importance of the quality of the work force to the competitiveness of Washington businesses make the availability of quality child care an important concern for the state's businesses.

The legislature further finds that a partnership between business and child care providers can help the market for child care adjust to the needs of businesses and working families and improve productivity, reduce absenteeism, improve recruitment, and improve morale among Washington's labor force. The legislature further finds that private and

public partnerships and investments are necessary to increase the supply, affordability, and quality of child care in the state." [1989 c 430 § 1.]

Severability—1989 c 430: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1989 c 430 § 12.]

43.31.506 Child care facility fund committee—
Authority to award moneys from fund. The child care facility fund committee is authorized to solicit applications for and award grants and loans from the child care facility fund to assist persons, businesses, or organizations to start a licensed child care facility, or to make capital improvements in an existing licensed child care facility. Grants and loans shall be awarded on a one-time only basis, and shall not be awarded to cover operating expenses beyond the first three months of business. No grant shall exceed twenty-five thousand dollars. No loan shall exceed one hundred thousand dollars. [1991 c 248 § 2; 1989 c 430 § 5.]

Legislative findings—Severability—1989 c 430: See notes following RCW 43.31.502.

43.31.522 Marketplace program—Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout RCW 43.31.524 and 43.31.526:

(1) "Department" means the department of trade and economic development.

(2) "Center" means the business assistance center established under RCW 43.31.083.

(3) "Director" means the director of trade and economic development.

(4) "Local nonprofit organization" means a local nonprofit organization organized to provide economic development or community development services, including but not limited to associate development organizations, economic development councils, and community development corporations. [1990 c 57 § 2; 1989 c 417 § 2.]

Finding—1990 c 57; 1989 c 417: "The legislature finds and declares that substantial benefits in increased employment and business activity can be obtained by assisting businesses in identifying opportunities to purchase the goods and services they need from Washington state suppliers rather than from out-of-state suppliers and in identifying new markets for Washington state firms to provide goods and services. The replacement of out-of-state imports with services and manufactured goods produced in-state can be an important source of economic growth in a local community especially in rural areas. Businesses in the state are often unaware that goods and services they purchase from out-of-state suppliers are available from in-state firms with substantial advantages in responsiveness, service, and price. Increasing the economic partnerships between businesses in Washington state can build bridges between urban and rural communities and can result in the identification of additional opportunities for successful economic development initiatives. Providing additional information to businesses regarding in-state sources of goods and services can be a particularly valuable component of revitalization strategies in economically distressed areas. The legislature finds and declares that it is the policy of the state to strengthen the economies of local communities by increasing the economic partnerships between in-state businesses and creating programs to assist businesses in identifying in-state sources of goods and services, and in addition to identify new markets for Washington firms to provide goods and services." [1990 c 57 § 1; 1989 c 417 § 1.]

Severability—1989 c 417: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1989 c 417 § 15.]

43.31.524 Marketplace program—Generally. There is established a Washington marketplace program within the business assistance center established under RCW 43.31.083. The program shall assist businesses to competitively meet their needs for goods and services within Washington state by providing information relating to the replacement of imports or the fulfillment of new requirements with Washington products produced in Washington state. The program shall place special emphasis on strengthening rural economies in economically distressed areas of the state meeting the criteria of an "eligible area" as defined in RCW 82.60.020(3). 43.31.601 Definitions. For the purposes of RCW 43.31.601 through 43.31.661:

(1) "Board" means the economic recovery coordination board;

(2) "Timber impact area" means a county having a population of less than five hundred thousand, or a city or town located within a county having a population of less than five hundred thousand, and meeting two of the

following three criteria, as determined by the employment security department, for the most recent year such data is available: (a) A lumber and wood products employment location quotient at or above the state average; (b) projected or actual direct lumber and wood products job losses of one hundred positions or more, except counties having a population greater than two hundred thousand but less than five hundred thousand must have direct lumber and wood products job losses of one thousand positions or more; or (c) an annual unemployment rate twenty percent or more above the state average. [1991 c 314 § 2.]

Findings—1991 c 314: "The legislature finds that:

(1) Cutbacks in allowable sales of old growth timber in Washington state pose a substantial threat to the region and the state with massive layoffs, loss of personal income, and declines in state revenues;

(2) The timber impact areas are of critical significance to the state because of their leading role in the overall economic well-being of the state and their importance to the quality of life to all residents of Washington, and that these regions require a special state effort to diversify the local economy;

(3) There are key opportunities to broaden the economic base in the timber impact areas including agriculture, high-technology, tourism, and regional exports; and

(4) A coordinated state, local, and private sector effort offers the greatest potential to promote economic diversification and to provide support for new projects within the region.

The legislature further finds that if a special state effort does not take place the decline in allowable timber sales may result in a loss of six thousand logging and milling jobs; two hundred million dollars in direct wages and benefits; twelve thousand indirect jobs; and three hundred million dollars in indirect wages and benefits.

It is the intent of the legislature to develop comprehensive programs to provide diversified economic development and promote job creation and employment opportunities for the citizens of the timber impact areas." [1991 c 314 § 1.]

By enforcing bicycle regulations, law enforcement officers are reinforcing educational programs. Bicycling takes more skill than most people realize. Since bicyclists have a low profile in traffic and are unprotected, they need more defensive riding skills than motorists do.

A bicycle awareness program is created within the Washington state patrol. In developing the curriculum for the bicycle awareness program the patrol shall consult with the traffic safety commission and with bicycling groups providing bicycle safety education. The patrol shall conduct the program in conjunction with the safety education officer program and may use other law enforcement personnel and volunteers to implement the program for children in grades kindergarten through six. The patrol shall ensure that each safety educator presenting the bicycle awareness program has received specialized training in bicycle safety education and has

been trained in effective defensive bicycle riding skills. [1991 c 214 § 1.]

43.43.832 Background checks—Disclosure of child abuse or financial exploitation activity. Therefore, the Washington state patrol criminal identification system may disclose, upon the request of a business or organization as defined in RCW 43.43.830, an applicant's record for convictions of offenses against children or other persons, convictions for crimes relating to financial exploitation, but only if the victim was a vulnerable adult, adjudications of child abuse in a civil action, the issuance of a protection order against the respondent under chapter 74.34 RCW, and disciplinary board final decisions and any subsequent criminal charges associated with the conduct that is the subject of the disciplinary board final decision. When necessary, applicants may be employed on a conditional basis pending completion of such a background investigation.

(f) Found by a court in a protection proceeding under chapter 74.34 RCW, to have abused or financially exploited a vulnerable adult.

The disclosure shall be made in writing and signed by the applicant and sworn under penalty of perjury. The disclosure sheet shall specify all crimes against children or other persons and all crimes relating to financial exploitation as defined in RCW 43.43.830 in which the victim was a vulnerable adult.

(3) The business or organization shall pay such reasonable fee for the records check as the state patrol may require under RCW 43.43.838.

(4) The business or organization shall notify the applicant of the state patrol's response within ten days after receipt by the business or organization. The employer shall provide a copy of the response to the applicant and shall notify the applicant of such availability.

(5) The business or organization shall use this record only in making the initial employment or engagement decision. Further dissemination or use of the record is prohibited. A business or organization violating this subsection is subject to a civil action for damages.

However, access to conviction records pursuant to this subsection (1)(e) does not limit or restrict the ability of the department to obtain additional information regarding conviction records and pending charges as set forth in RCW 74.15.030(2)(b).

After processing the request, if the conviction record, disciplinary board final decision and any subsequent criminal charges associated with the conduct that is the subject of the disciplinary board final decision, or adjudication record shows no evidence of a crime against children or other persons or, in the case of vulnerable adults, no evidence of crimes relating to financial exploitation in which the victim was a vulnerable adult, an identification declaring the showing of no evidence shall be issued to the applicant by the state patrol and shall be issued within fourteen working days of the request. Legislative finding—1990 c 278: "The legislature finds that the industrial and manufacturing base of the Washington economy has undergone tremendous change during the past two decades. The challenge facing Washington firms is to become as productive and efficient as possible to survive in an increasingly competitive world market. Many of the state's communities are dependent on one or two industries. Many firms are heavily reliant on the defense expenditures of the federal government. It is the intent of the legislature to assist communities in planning for economic change, developing a broader economic base, and preparing for any shift in federal priorities that could cause a reduction in federal expenditures, and assist firms by providing information and technical assistance necessary for them to introduce new products or production processes." [1990 c 278 § 1.]

43.70.330 Labor camps and farmworker housing—Inspector—Interagency agreement for inspections. (1) The department of health shall be the primary inspector of labor camps and farmworker housing for the state of Washington: PROVIDED, That the department of labor and industries shall be the inspector for all farmworker housing not covered by the authority of the state board of health.

(2) The department of health, the department of labor and industries, the department of community development, the state board of health, and the employment security department shall develop an interagency agreement defining the rules and responsibilities for the inspection of farmworker housing. This agreement shall recognize the department of health as the primary inspector of labor camps for the state, and shall further be designed to provide a central information center for public information and education regarding farmworker housing. The agencies shall provide the legislature with a report on the results of this agreement by January 1, 1991. [1990 c 253 § 2.]

Legislative finding and purpose—1990 c 253: "The legislature finds that the demand for housing for migrant and seasonal farmworkers far exceeds the supply of adequate housing in the state of Washington. In addition, increasing numbers of these housing units are in deteriorated condition because they cannot be economically maintained and repaired.

The legislature further finds that the lack of a clear program for the regulation and inspection of farmworker housing has impeded the construction and renovation of housing units in this state.

It is the purpose of this act for the various agencies involved in the regulation of farmworker housing to coordinate and consolidate their activities to provide for efficient and effective monitoring of farmworker housing. It is intended that this action will provide greater responsiveness in dealing with public concerns over farmworker housing, and allow greater numbers of housing units to be built." [1990 c 253 § 1.]

43.70.340 Farmworker housing inspection fund—Fee on labor camp operating license—Licenses generally. (1) The farmworker housing inspection fund is established in the custody of the state treasury. Disbursement from the fund shall be on authorization of the secretary of health or the secretary's designee. The fund is subject to the allotment procedure provided under chapter 43.88 RCW, but no appropriation is required for disbursements.

(2) There is imposed a fee on each operating license issued by the department of health to every operator of a labor camp that is regulated by the state board of health. The fee paid under this subsection shall include all necessary inspection of the units to ensure compliance with applicable state board of health rules on labor camps.

(a) Fifty dollars shall be charged for each labor camp containing six or less units.

(b) Seventy-five dollars shall be charged for each labor camp containing more than six units.

(3) The term of the operating license and the application procedures shall be established, by rule, by the department of health. [1990 c 253 § 3.]

Legislative finding and purpose—1990 c 253: See note following RCW 43.70.330.

43.70.400 Head injury prevention—Legislative finding. The legislature finds that head injury is a major cause of death and disability for Washington citizens. The costs of head injury treatment and rehabilitation are extensive and resultant disabilities are long and indeterminate. These costs are often borne by public programs such as medicaid. The legislature finds further that many such injuries are preventable. The legislature intends to reduce the occurrence of head injury by educating persons whose behavior may place them at risk and by regulating certain activities. [1990 c 270 § 2.]

43.70.410 Head injury prevention—Program, generally. As used in RCW 43.70.400 through 43.70.440, the term "head injury" means traumatic brain injury.

A head injury prevention program is created in the department of health. The program's functions may be integrated with those of similar programs to promote comprehensive, integrated, and effective health promotion and disease prevention.

In consultation with the traffic safety commission, the department shall, directly or by contract, identify and coordinate public education efforts currently underway within state government and among private groups to prevent traumatic brain injury, including, but not limited to, bicycle safety, pedestrian safety, bicycle passenger seat safety, motorcycle safety, motor vehicle safety, and sports safety. If the department finds that programs are not available or not in use, it may, within funds appropriated for the purpose, provide grants to promote public education efforts. Grants may be awarded only after recipients have demonstrated coordination with relevant and knowledgeable groups within their communities, including at least schools, brain injury support organizations, hospitals, physicians, traffic safety specialists, police, and the public. The department may accept grants, gifts, and donations from public or private sources to use to carry out the head injury prevention program.

The department may assess or contract for the assessment of the effectiveness of public education efforts coordinated or initiated by any agency of state government. Agencies are directed to cooperate with assessment efforts by providing access to data and program records as reasonably required. The department may seek and receive additional funds from the federal government or private sources for assessments. Assessments shall contain findings and recommendations that will improve the effectiveness of public education efforts. These findings shall be distributed among public and private groups concerned with traumatic brain injury prevention. [1990 c 270 § 3.]

43.70.420 Head injury prevention—Information preparation. The department of health, the department of licensing, and the traffic safety commission shall jointly prepare information for driver license manuals, driver education programs, and driving tests to increase driver awareness of pedestrian safety, to increase driver skills in avoiding pedestrian and motor vehicle accidents, and to determine drivers' abilities to avoid pedestrian motor vehicle accidents. The governor may additionally submit, as an appendix to each supplemental, biennial, or six-year agency budget or to the budget document or documents, a proposal for expenditures in the ensuing fiscal period from revenue sources derived from proposed changes in existing statutes.

Supplemental and biennial documents shall reflect a six-year expenditure plan consistent with estimated revenues from existing sources and at existing rates for those agencies required to submit six-year program and financial plans under RCW 44.40.070. Any additional revenue resulting from proposed changes to existing statutes shall be separately identified within the document as well as related expenditures for the six-year period.

(2) The budget document or documents shall include detailed estimates of all anticipated revenues applicable

to proposed operating or capital expenditures and shall also include all proposed operating or capital expenditures. The total of beginning undesignated fund balance and estimated revenues less working capital and other reserves shall equal or exceed the total of proposed applicable expenditures. The budget document or documents shall further include:

(b) Payments of all reliefs, judgments and claims;

(c) Other statutory expenditures;

(d) Expenditures incident to the operation for each agency;

(e) Revenues derived from agency operations;

(f) Expenditures and revenues shall be given in comparative form showing those incurred or received for the immediately past fiscal period and those anticipated for the current biennium and next ensuing biennium, as well as those required to support the six-year programs and financial plans required under RCW 44.40.070;

(g) A showing and explanation of amounts of general fund and other funds obligations for debt service and any transfers of moneys that otherwise would have been available for appropriation;

43.88.031 Capital appropriation bill—Estimated general fund debt service costs. A capital appropriation bill shall include the estimated general fund debt service costs associated with new capital appropriations contained in that bill for the biennia in which the appropriations occur and for the succeeding two biennia. [1991 c 284 § 2.]

43.88.110 Expenditure programs—Allotments—Reserves. (Effective until April 1, 1992.) This section sets forth the expenditure programs and the allotment and reserve procedures to be followed by the executive branch for public funds. Allotments of an appropriation for any fiscal period shall conform to the terms, limits, or conditions of the appropriation.

(1) The director of financial management shall provide all agencies with a complete set of instructions for preparing a statement of proposed expenditures at least thirty days before the beginning of a fiscal period. The set of instructions need not include specific appropriation amounts for the agency.

(2) Within forty-five days after the beginning of the fiscal period or within forty-five days after the governor signs the omnibus biennial appropriations act, whichever is later, all agencies shall submit to the governor a statement of proposed expenditures at such times and in such form as may be required by the governor. If at any

time during the fiscal period the governor projects a cash deficit as defined by RCW 43.88.050, the governor shall make across-the-board reductions in allotments so as to prevent a cash deficit, unless the legislature has directed the liquidation of the cash deficit over one or more fiscal periods. Except for the legislative and judicial branches and other agencies headed by elective officials, the governor shall review the statement of proposed expenditures for reasonableness and conformance with legislative intent. Once the governor approves the statements of proposed expenditures, further revisions shall be made only at the beginning of the second fiscal year and must be initiated by the governor. However, changes in appropriation level authorized by the legislature, changes required by across-the-board reductions mandated by the governor, changes caused by executive increases to spending authority, and changes caused by executive decreases to spending authority for failure to comply with the provisions of chapter 36.70A RCW may require additional revisions. Revisions shall not be made retroactively. Revisions caused by executive increases to spending authority shall not be made after June 30, 1987. However, the governor may assign to a reserve status any portion of an agency appropriation withheld as part of across-the-board reductions made by the governor and any portion of an agency appropriation conditioned on a contingent event by the appropriations act. The governor may remove these amounts from reserve status if the across-the-board reductions are subsequently modified or if the contingent event occurs. The director of financial management shall enter approved statements of proposed expenditures into the state budgeting, accounting, and reporting system within forty-five days after receipt of the proposed statements from the agencies. If an agency or the director of financial management is unable to meet these requirements, the director of financial management shall provide a timely explanation in writing to the legislative fiscal committees.

(3) It is expressly provided that all agencies shall be required to maintain accounting records and to report thereon in the manner prescribed in this chapter and under the regulations issued pursuant to this chapter. Within ninety days of the end of the fiscal year, all agencies shall submit to the director of financial management their final adjustments to close their books for the fiscal year. Prior to submitting fiscal data, written or oral, to committees of the legislature, it is the responsibility of the agency submitting the data to reconcile it with the budget and accounting data reported by the agency to the director of financial management. The director of financial management shall monitor agency expenditures against the approved statement of proposed expenditures and shall provide the legislature with quarterly explanations of major variances.

(4) The director of financial management may exempt certain public funds from the allotment controls established under this chapter if it is not practical or necessary to allot the funds. Allotment control exemptions expire at the end of the fiscal biennium for which they are granted. The director of financial management shall

report any exemptions granted under this subsection to the legislative fiscal committees. Except for the legislative and judicial branches and other agencies headed by elective officials, the governor shall review the statement of proposed operating expenditures

for reasonableness and conformance with legislative intent. Once the governor approves the statements of proposed operating expenditures, further revisions shall be made only at the beginning of the second fiscal year and must be initiated by the governor. However, changes in appropriation level authorized by the legislature, changes required by across-the-board reductions mandated by the governor, changes caused by executive increases to spending authority, and changes caused by executive decreases to spending authority for failure to comply with the provisions of chapter 36.70A RCW may require additional revisions. Revisions shall not be made retroactively. Revisions caused by executive increases to spending authority shall not be made after June 30, 1987. However, the governor may assign to a reserve status any portion of an agency appropriation withheld as part of across-the-board reductions made by the governor and any portion of an agency appropriation conditioned on a contingent event by the appropriations act. The governor may remove these amounts from reserve status if the across-the-board reductions are subsequently modified or if the contingent event occurs. The director of financial management shall enter approved statements of proposed expenditures into the state budgeting, accounting, and reporting system within forty-five days after receipt of the proposed statements from the agencies. If an agency or the director of financial management is unable to meet these requirements, the director of financial management shall provide a timely explanation in writing to the legislative fiscal committees.

(6) It is expressly provided that all agencies shall be required to maintain accounting records and to report thereon in the manner prescribed in this chapter and under the regulations issued pursuant to this chapter. Within ninety days of the end of the fiscal year, all agencies shall submit to the director of financial management their final adjustments to close their books for the fiscal year. Prior to submitting fiscal data, written or oral, to committees of the legislature, it is the responsibility of the agency submitting the data to reconcile it with the budget and accounting data reported by the agency to the director of financial management.

(7) The director of financial management shall monitor agency operating expenditures against the approved statement of proposed expenditures and shall provide the legislature with quarterly explanations of major variances.

(8) The director of financial management may exempt certain public funds from the allotment controls established under this chapter if it is not practical or necessary to allot the funds. Allotment control exemptions expire at the end of the fiscal biennium for which they are granted. The director of financial management shall report any exemptions granted under this subsection to the legislative fiscal committees. 43.88.160 Fiscal management—Powers and duties of officers and agencies. (Effective April 1, 1992.) This section sets forth the major fiscal duties and responsibilities of officers and agencies of the executive branch. The regulations issued by the governor pursuant to this chapter shall provide for a comprehensive, orderly basis for fiscal management and control, including efficient accounting and reporting therefor, for the executive branch of the state government and may include, in addition, such requirements as will generally promote more efficient public management in the state.

(1) Governor; director of financial management. The governor, through the director of financial management, shall devise and supervise a modern and complete accounting system for each agency to the end that all revenues, expenditures, receipts, disbursements, resources, and obligations of the state shall be properly and systematically accounted for. The accounting system shall include the development of accurate, timely records and reports of all financial affairs of the state. The system shall also provide for central accounts in the office of financial management at the level of detail deemed necessary by the director to perform central financial management. The director of financial management shall adopt and periodically update an accounting procedures manual. Any agency maintaining its own accounting and reporting system shall comply with the updated accounting procedures manual and the rules of the director adopted under this chapter. An agency may receive a waiver from complying with this requirement if the waiver is approved by the director. Waivers expire at the end of the fiscal biennium for which they are granted. The director shall forward notice of waivers granted to the appropriate legislative fiscal committees. The director of financial management may require such financial, statistical, and other reports as the director deems necessary from all agencies covering any period.

(2) The director of financial management is responsible for quarterly reporting of primary operating budget drivers such as applicable workloads, caseload estimates, and appropriate unit cost data. These reports shall be transmitted to the legislative fiscal committees or by electronic means to the legislative evaluation and accountability program committee. Quarterly reports shall include actual monthly data and the variance between actual and estimated data to date. The reports shall also

include estimates of these items for the remainder of the budget period.

(3) The director of financial management shall report at least annually to the appropriate legislative committees regarding the status of all appropriated capital projects, including transportation projects, showing significant cost overruns or underruns. If funds are shifted from one project to another, the office of financial management shall also reflect this in the annual variance report. Once a project is complete, the report shall provide a final summary showing estimated start and completion dates of each project phase compared to actual dates, estimated costs of each project phase compared to actual costs, and whether or not there are any outstanding liabilities or unsettled claims at the time of completion.

(4) In addition, the director of financial management, as agent of the governor, shall:

(a) Make surveys and analyses of agencies with the object of determining better methods and increased effectiveness in the use of manpower and materials; and the director shall authorize expenditures for employee training to the end that the state may benefit from training facilities made available to state employees;

(b) Report to the governor with regard to duplication of effort or lack of coordination among agencies;

(c) Review any pay and classification plans, and changes thereunder, developed by any agency for their fiscal impact: PROVIDED, That none of the provisions of this subsection shall affect merit systems of personnel management now existing or hereafter established by statute relating to the fixing of qualifications requirements for recruitment, appointment, or promotion of employees of any agency. The director shall advise and confer with agencies including appropriate standing committees of the legislature as may be designated by the speaker of the house and the president of the senate regarding the fiscal impact of such plans and may amend or alter said plans, except that for the following agencies no amendment or alteration of said plans may be made without the approval of the agency concerned: Agencies headed by elective officials;

(d) Fix the number and classes of positions or authorized man years of employment for each agency and during the fiscal period amend the determinations previously fixed by the director except that the director shall not be empowered to fix said number or said classes for the following: Agencies headed by elective officials;

(e) Provide for transfers and repayments between the budget stabilization account and the general fund as directed by appropriation and RCW 43.88.525 through 43.88.540;

(f) Promulgate regulations to effectuate provisions contained in subsections (a) through (e) hereof.

(5) The treasurer shall:

(a) Receive, keep, and disburse all public funds of the state not expressly required by law to be received, kept, and disbursed by some other persons: PROVIDED, That this subsection shall not apply to those public funds of

the institutions of higher learning which are not subject to appropriation;

(b) Disburse public funds under the treasurer's supervision or custody by warrant or check;

(c) Keep a correct and current account of all moneys received and disbursed by the treasurer, classified by fund or account;

(d) Perform such other duties as may be required by law or by regulations issued pursuant to this law.

It shall be unlawful for the treasurer to issue any warrant or check for public funds in the treasury except upon forms duly prescribed by the director of financial management. Said forms shall provide for authentication and certification by the agency head or the agency head's designee that the services have been rendered or the materials have been furnished; or, in the case of loans or grants, that the loans or grants are authorized by law; or, in the case of payments for periodic maintenance services to be performed on state owned equipment, that a written contract for such periodic maintenance services is currently in effect and copies thereof are on file with the office of financial management; and the treasurer shall not be liable under the treasurer's surety bond for erroneous or improper payments so made: PROVIDED, That when services are lawfully paid for in advance of full performance by any private individual or business entity other than as provided for by RCW 42.24.035, such individual or entity other than central stores rendering such services shall make a cash deposit or furnish surety bond coverage to the state as shall be fixed in an amount by law, or if not fixed by law, then in such amounts as shall be fixed by the director of the department of general administration but in no case shall such required cash deposit or surety bond be less than an amount which will fully indemnify the state against any and all losses on account of breach of promise to fully perform such services: AND PROVIDED FURTHER, That no payments shall be made in advance for any equipment maintenance services to be performed more than three months after such payment. Any such bond so furnished shall be conditioned that the person, firm or corporation receiving the advance payment will apply it toward performance of the contract. The responsibility for recovery of erroneous or improper payments made under this section shall lie with the agency head or the agency head's designee in accordance with regulations issued pursuant to this chapter. Nothing in this section shall be construed to permit a public body to advance funds to a private service provider pursuant to a grant or loan before services have been rendered or material furnished.

(6) The state auditor shall:

(a) Report to the legislature the results of current post audits that have been made of the financial transactions of each agency; to this end the auditor may, in the auditor's discretion, examine the books and accounts of any agency, official or employee charged with the receipt, custody or safekeeping of public funds. The current post audit of each agency may include a section on recommendations to the legislature as provided in (c) of this subsection.

(b) Give information to the legislature, whenever required, upon any subject relating to the financial affairs of the state.

(c) Make the auditor's official report on or before the thirty-first of December which precedes the meeting of the legislature. The report shall be for the last complete fiscal period and shall include at least the following:

Determinations as to whether agencies, in making expenditures, complied with the laws of this state: **PROVIDED**, That nothing in this section may be construed to grant the state auditor the right to perform performance audits. A performance audit for the purpose of this section is the examination of the effectiveness of the administration, its efficiency, and its adequacy in terms of the programs of departments or agencies as previously approved by the legislature. The authority and responsibility to conduct such an examination shall be vested in the legislative budget committee as prescribed in RCW 44.28.085.

(d) Be empowered to take exception to specific expenditures that have been incurred by any agency or to take exception to other practices related in any way to the agency's financial transactions and to cause such exceptions to be made a matter of public record, including disclosure to the agency concerned and to the director of financial management. It shall be the duty of the director of financial management to cause corrective action to be taken promptly, such action to include, as appropriate, the withholding of funds as provided in RCW 43.88.110.

(e) Promptly report any irregularities to the attorney general.

(7) The legislative budget committee may:

(a) Make post audits of the financial transactions of any agency and management surveys and program reviews as provided for in RCW 44.28.085. To this end the committee may in its discretion examine the books, accounts, and other records of any agency, official, or employee.

(b) Give information to the legislature or any legislative committee whenever required upon any subject relating to the performance and management of state agencies.

(c) Make a report to the legislature which shall include at least the following:

(i) Determinations as to the extent to which agencies in making expenditures have complied with the will of the legislature and in this connection, may take exception to specific expenditures or financial practices of any agencies; and

43.98A.005 Findings. The legislature finds:

(1) That Washington possesses an abundance of natural wealth in the form of forests, mountains, wildlife, waters, and other natural resources, all of which help to provide an unparalleled diversity of outdoor recreation opportunities and a quality of life unmatched in this nation;

(2) That as the state's population grows, the demand on these resources is growing too, placing greater stress on today's already overcrowded public recreational lands and facilities, and resulting in a significant loss of wildlife habitat and lands of unique natural value;

(3) That public acquisition and development programs have not kept pace with the state's expanding population;

(4) That private investment and employment opportunities in general and the tourist industry in particular are dependent upon the continued availability of recreational opportunities and our state's unique natural environment;

(5) That if current trends continue, some wildlife species and rare ecosystems will be lost in the state forever and public recreational lands will not be adequate to meet public demands;

(6) That there is accordingly a need for the people of the state to reserve certain areas of the state, in rural as well as urban settings, for the benefit of present and future generations.

It is therefore the policy of the state to acquire as soon as possible the most significant lands for wildlife conservation and outdoor recreation purposes before they are converted to other uses, and to develop existing

public recreational land and facilities to meet the needs of present and future generations. [1990 1st ex.s. c 14 § 1.]

In carrying out the purposes of this chapter all counties of the state shall be eligible to participate in the distribution of the bond proceeds. (2) The commission shall seek advice from the Washington association of prosecuting attorneys, the Washington defender association, the Washington association of sheriffs and police chiefs, and the Washington coalition of sexual assault programs.

(4) The training shall be self-supporting through fees charged to the participants of the training. [1991 c 267 § 2.]

Findings—1991 c 267: "The safety of all children is enhanced when sexual assault cases are properly investigated and prosecuted. The victim of the sexual assault and the victim's family have a right to be treated with sensitivity and professionalism, which also increases the likelihood of their continued cooperation with the investigation and prosecution of the case. The legislature finds the sexual assault cases, particularly those involving victims who are children, are difficult to prosecute successfully. The cooperation of a victim and the victim's family through the investigation and prosecution of the sexual assault case is enhanced and the trauma associated with the investigation and prosecution is reduced when trained victim advocates assist the victim and the victim's family through the investigation and prosecution of the case. Trained victim advocates also assist law enforcement, prosecutors, and defense attorneys, by relieving some of the burden of explaining the investigation and prosecution process and possible delays to the victim and accompanying the victim during interviews by the police, prosecutor, and defense attorney, and accompanying the victim during hearings and the trial.

The legislature finds that counties should give priority to the successful prosecution of sexual assault cases, especially those that involve children, by ensuring that prosecutors, investigators, defense attorneys, and victim advocates are properly trained and available. Therefore, the legislature intends to establish a mechanism to provide the necessary training of prosecutors, law enforcement investigators, defense attorneys, and victim advocates and ensure the availability of victim advocates for victims of sexual assault and their families." [1991 c 267 § 1.]

Effective date—1991 c 267: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect July 1, 1991." [1991 c 267 § 7.]

43.103.030 Council created—Powers and duties. There is created the Washington state death investigations council. The council shall oversee the state toxicology laboratory and, together with the president of the University of Washington, control the laboratory's operation. The council may also study and recommend cost-efficient improvements to the death investigation system in Washington and report its findings to the legislature.

Further, the council shall, jointly with the chairperson of the pathology department of the University of Washington's School of Medicine, or the chairperson's designee, oversee the state forensic pathology fellowship program, determine the budget for the program and set the fellow's annual salary, and take those steps necessary to administer the program. [1991 c 176 § 2; 1983 1st ex.s. c 16 § 3.]

Forensic pathology fellowship program: RCW 28B.20.426.

43.103.100 Sudden infant death syndrome—Training. The council shall research and develop an appropriate training component on the subject of sudden, unexplained child death, including but not limited to sudden infant death syndrome. The training component shall include, at a minimum:

(1) Medical information on sudden, unexplained child death for first responders, including awareness and sensitivity in dealing with families and child care providers, and the importance of forensically competent death scene investigation;

(2) Information on community resources and support groups available to assist families who have lost a child to sudden, unexplained death, including sudden infant death syndrome;

(3) Development and adoption of an up-to-date protocol of investigation in cases of sudden, unexplained child death, including the importance of a consistent policy of thorough death scene investigation, and an autopsy in unresolved cases as appropriate;

(4) The value of timely communication between the county coroner or medical examiner and the public health department, when a sudden, unexplained child death occurs, in order to achieve a better understanding of such deaths, and connecting families to various community and public health support systems to enhance recovery from grief.

The council shall work with volunteer groups with expertise in the area of sudden, unexplained child death, including but not limited to the SIDS Northwest Regional Center at Children's Hospital, the Washington chapter of the national SIDS foundation, and the Washington association of county officials.

Upon development of an appropriate curriculum, agreed upon by the council, the training module shall be offered to first responders, coroners, medical examiners, prosecuting attorneys serving as coroners, and investigators, both voluntarily through their various associations and as a course offering at the criminal justice training center. [1991 c 176 § 6.]

Finding—Declaration—1991 c 176: "The legislature finds and declares that sudden and unexplained child deaths are a leading cause of death for children under age three. The public interest is served by

research and study of the potential causes and indications of such unexplained child deaths and the prevention of inaccurate and inappropriate designation of sudden infant death syndrome (SIDS) as a cause of death. The legislature further finds and declares that law enforcement officers, fire fighters, emergency medical technicians, and other first responders in emergency situations are not adequately informed regarding sudden, unexplained death in young children including but not limited to sudden infant death syndrome, its signs and typical history, and as a result may compound the family and child care provider's grief through conveyed suspicions of a criminal act. Coroners, investigators, and prosecuting attorneys are also in need of updated training on the identification of unexplained death in children under the age of three, including but not limited to sudden infant death syndrome awareness and sensitivity and the establishment of a state-wide uniform protocol in cases of sudden, unexplained child death." [1991 c 176 § 5.]

43.147.010 Terms of agreement. The Pacific Northwest Economic Region is hereby enacted into law and entered into by the state of Washington as a party, and is in full force and effect in accordance with the terms of this agreement.

THE PACIFIC NORTHWEST ECONOMIC REGION

ARTICLE I—Policy and Purpose

States and provinces participating in the Pacific Northwest Economic Region shall seek to develop and establish policies that: Promote greater regional collaboration among the seven entities; enhance the overall competitiveness of the region in international and domestic markets; increase the economic well-being of all citizens in the region; and improve the quality of life of the citizens of the Pacific Northwest.

States and provinces recognize that there are many public policy areas in which cooperation and joint efforts would be mutually beneficial. These areas include, but are not limited to: International trade; economic development; human resources; the environment and natural resources; energy; and education. Parties to this agreement shall work diligently to establish collaborative activity in these and other appropriate policy areas where such cooperation is deemed worthwhile and of benefit to

the participating entities. Participating states and provinces also agree that there are areas in which cooperation may not be feasible.

The substantive actions of the Pacific Northwest Economic Region may take the form of uniform legislation enacted by two or more states and/or provinces or policy initiatives endorsed as appropriate by participating entities. It shall not be necessary for all states and provinces to participate in each initiative.

ARTICLE II—Eligible Parties and Effective Date

Each of the following states and provinces is eligible to become a party to this agreement: Alaska, Alberta, British Columbia, Idaho, Montana, Oregon, and Washington. This agreement establishing the Pacific Northwest Economic Region shall become effective when it is executed by one state, one province, and one additional state and/or province in a form deemed appropriate by each entity. This agreement shall continue in force and remain binding upon each state and province until renounced by it. Renunciation of this agreement must be preceded by sending one year's notice in writing of intention to withdraw from the agreement to the other parties to the agreement.

ARTICLE III—Organizational Structure

Each state and province participating in this agreement shall appoint representatives to the Pacific Northwest Economic Region. The organizational structure of the Pacific Northwest Economic Region shall consist of the following: A delegate council consisting of four legislators from each participating state and four representatives from each participating province and an executive committee consisting of one legislator from each participating state and/or province who is a member of the delegate council. Policy committees may be established to carry out further duties and responsibilities of the Pacific Northwest Economic Region.

ARTICLE IV—Duties and Responsibilities

The delegate council shall have the following duties and responsibilities: Facilitate the involvement of other government officials in the development and implementation of specific collaborative initiatives; work with policy-making committees in the development and implementation of specific initiatives; approve general organizational policies developed by the executive committee; provide final approval of the annual budget and staffing structure for the Pacific Northwest Economic Region developed by the executive committee; and other duties and responsibilities as may be established in the rules and regulations of the Pacific Northwest Economic Region. The executive committee shall perform the following duties and responsibilities: Elect the president and vice-president of the Pacific Northwest Economic Region; approve and implement general organizational policies; develop the annual budget; devise the annual action plan; act as liaison with other public and private sector entities; and other duties and responsibilities established in the rules and regulations of the Pacific Northwest Economic Region. The rules and regulations

of the Pacific Northwest Economic Region shall establish the procedure for voting.

ARTICLE V—Membership of Policy Committees

Policy committees dealing with specific subject matter may be established by the executive committee.

Each participating state and province shall appoint legislators to sit on these committees in accordance with its own rules and regulations concerning such appointments.

ARTICLE VI—General Provisions

This agreement shall not be construed to limit the powers of any state or province or to amend or repeal or prevent the enactment of any legislation. [1991 c 251 § 2.]

43.147.020 Finding. The legislature finds that there is a new emerging global economy in which countries and regions located in specific areas of the world are forging new cooperative arrangements.

The legislature finds that these new cooperative arrangements are increasing the competitiveness of the participating countries and regions, thus increasing the economic benefits and the overall quality of life for the citizens of the individual countries and regions.

The legislature also finds that the Pacific Northwest states of Alaska, Idaho, Montana, Oregon, and Washington and the Canadian provinces of Alberta and British Columbia are in a strategic position to act together, as a region, thus increasing the overall competitiveness of the individual states and provinces that will provide substantial economic benefits for all of their citizens. [1991 c 251 § 1.]

43.147.030 Cooperative activities encouraged. It is the intent of chapter 251, Laws of 1991 to direct and encourage the establishment of cooperative activities between the seven legislative bodies of the region. The state representatives to the Pacific Northwest Economic Region shall work through appropriate channels to advance consideration of proposals developed by this body. [1991 c 251 § 3.]

43.155.070 Eligibility and priority.

43.155.065 Emergency public works projects. The board may make low-interest or interest-free loans to local governments for emergency public works projects. Emergency public works projects shall include the construction, repair, reconstruction, replacement, rehabilitation, or improvement of a public water system that is in violation of health and safety standards and is being operated by a local government on a temporary basis. The loans may be used to help fund all or part of an emergency public works project less any reimbursement from

any of the following sources: (1) Federal disaster or emergency funds, including funds from the federal emergency management agency; (2) state disaster or emergency funds; (3) insurance settlements; or (4) litigation. Emergency loans may be made only from those funds specifically appropriated from the public works assistance account for such purpose by the legislature. The amount appropriated from the public works assistance account for emergency loan purposes shall not exceed five percent of the total amount appropriated from this account in any biennium. [1990 c 133 § 7; 1988 c 93 § 1.]

Findings—Severability—1990 c 133: See notes following RCW 36.94.140.

43.155.070 Eligibility and priority. (1) To qualify for loans or pledges under this chapter the board must determine that a local government meets all of the following conditions:

(a) The city or county must be imposing a tax under chapter 82.46 RCW at a rate of at least one-quarter of one percent;

(b) The local government must have developed a long-term plan for financing public works needs;

(c) The local government must be using all local revenue sources which are reasonably available for funding public works, taking into consideration local employment and economic factors; and

(d) A county, city, or town that is required or chooses to plan under RCW 36.70A.040 must have adopted a comprehensive plan in conformance with the requirements of chapter 36.70A RCW, after it is required that the comprehensive plan be adopted, and must have adopted development regulations in conformance with the requirements of chapter 36.70A RCW, after it is required that development regulations be adopted.

(2) The board shall develop a priority process for public works projects as provided in this section. The intent of the priority process is to maximize the value of public works projects accomplished with assistance under this chapter. The board shall attempt to assure a geographical balance in assigning priorities to projects. The board shall consider at least the following factors in assigning a priority to a project:

(a) Whether the local government receiving assistance has experienced severe fiscal distress resulting from natural disaster or emergency public works needs;

(b) Whether the project is critical in nature and would affect the health and safety of a great number of citizens;

(c) The cost of the project compared to the size of the local government and amount of loan money available;

(d) The number of communities served by or funding the project;

(e) Whether the project is located in an area of high unemployment, compared to the average state unemployment;

(f) Whether the project is the acquisition, expansion, improvement, or renovation by a local government of a public water system that is in violation of health and

safety standards, including the cost of extending existing service to such a system;

(g) The relative benefit of the project to the community, considering the present level of economic activity in the community and the existing local capacity to increase local economic activity in communities that have low economic growth; and

(h) Other criteria that the board considers advisable.

(3) Existing debt or financial obligations of local governments shall not be refinanced under this chapter. Each local government applicant shall provide documentation of attempts to secure additional local or other sources of funding for each public works project for which financial assistance is sought under this chapter.

(4) Before November 1 of each year, the board shall develop and submit to the chairs of the ways and means committees of the senate and house of representatives a description of the emergency loans made under RCW 43.155.065 during the preceding fiscal year and a prioritized list of projects which are recommended for funding by the legislature, including one copy to the staff of each of the committees. The list shall include, but not be limited to, a description of each project and recommended financing, the terms and conditions of the loan or financial guarantee, the local government jurisdiction and unemployment rate, demonstration of the jurisdiction's critical need for the project and documentation of local funds being used to finance the public works project. The list shall also include measures of fiscal capacity for each jurisdiction recommended for financial assistance, compared to authorized limits and state averages, including local government sales taxes; real estate excise taxes; property taxes; and charges for or taxes on sewerage, water, garbage, and other utilities.

(5) The board shall not sign contracts or otherwise financially obligate funds from the public works assistance account before the legislature has appropriated funds for a specific list of public works projects. The legislature may remove projects from the list recommended by the board. The legislature shall not change the order of the priorities recommended for funding by the board.

(6) Subsections (4) and (5) of this section do not apply to loans made for emergency public works projects under RCW 43.155.065. [1991 1st sp.s. c 32 § 23; 1990 1st ex.s. c 17 § 82; 1990 c 133 § 6; 1988 c 93 § 3; 1987 c 505 § 40; 1985 c 446 § 12.]

43.160.010 Legislative declaration. (1) The legislature finds that it is the public policy of the state of Washington to direct financial resources toward the fostering of economic development through the stimulation of investment and job opportunities and the retention of sustainable existing employment for the general welfare of the inhabitants of the state. Reducing unemployment and reducing the time citizens remain jobless is important for the economic welfare of the state. A valuable means of fostering economic development is the construction of public facilities which contribute to the stability and growth of the state's economic base. Strengthening the economic base through issuance of industrial development bonds, whether single or umbrella, further serves to reduce unemployment. Consolidating issues of industrial development bonds when feasible to reduce costs additionally advances the state's purpose to improve economic vitality. Expenditures made for these purposes as authorized in this chapter are declared to be in the public interest, and constitute a proper use of public funds. A community economic revitalization board is needed which shall aid the development of economic opportunities. The general objectives of the board should include:

(a) Strengthening the economies of areas of the state which have experienced or are expected to experience chronically high unemployment rates or below average growth in their economies;

(b) Encouraging the diversification of the economies of the state and regions within the state in order to provide greater seasonal and cyclical stability of income and employment;

(c) Encouraging wider access to financial resources for both large and small industrial development projects;

(d) Encouraging new economic development or expansions to maximize employment;

(e) Encouraging the retention of viable existing firms and employment; and

(f) Providing incentives for expansion of employment opportunities for groups of state residents that have been less successful relative to other groups in efforts to gain permanent employment.

(2) The legislature also finds that the state's economic development efforts can be enhanced by, in certain instances, providing funds to improve state highways in the vicinity of new industries considering locating in this state or existing industries that are considering significant expansion.

(a) The legislature finds it desirable to provide a process whereby the need for diverse public works improvements necessitated by planned economic development can be addressed in a timely fashion and with coordination among all responsible governmental entities.

(b) It is the intent of the legislature to create an economic development account within the motor vehicle fund from which expenditures can be made by the department of transportation for state highway improvements necessitated by planned economic development. All such improvements must first be approved by the state transportation commission and the community economic revitalization board in accordance with the procedures established by RCW 43.160.074 and 47.01.280. It is further the intent of the legislature that such improvements not jeopardize any other planned highway construction projects. The improvements are intended to be of limited size and cost, and to include such items as additional turn lanes, signalization, illumination, and safety improvements.

(3) The legislature also finds that the state's economic development efforts can be enhanced by providing funds to improve markets for those recyclable materials representing a large fraction of the waste stream. The legislature finds that public facilities which result in private construction of processing or remanufacturing facilities for recyclable materials are eligible for consideration from the board.

(4) The legislature finds that sharing economic growth state-wide is important to the welfare of the state. Timber impact areas do not share in the economic vitality of the Puget Sound region. Infrastructure is one of several ingredients that are critical for economic development. Timber impact areas generally lack the infrastructure necessary to diversify and revitalize their economies. It is, therefore, the intent of the legislature to increase the availability of funds to help provide infrastructure to timber impact areas. [1991 c 314 § 21; 1989 c 431 § 61; 1987 c 422 § 1; 1984 c 257 § 1; 1982 1st ex.s. c 40 § 1.]

43.160.060 Loans and grants to political subdivisions for public facilities authorized—Application—Requirements for grants and loans. The board is authorized to make direct loans to political subdivisions of the state for the purposes of assisting the political subdivisions in financing the cost of public facilities, including development of land and improvements for public facilities, as well as the acquisition, construction, rehabilitation, alteration, expansion, or improvement of the facilities. A grant may also be authorized for purposes designated in this chapter, but only when, and to the extent that, a loan is not reasonably possible, given the limited resources of the political subdivision.

[1990–91 RCW Supp—page 1076]

Application for funds shall be made in the form and manner as the board may prescribe. In making grants or loans the board shall conform to the following requirements:

(1) The board shall not make a grant or loan:

(a) For a project the primary purpose of which is to facilitate or promote a retail shopping development or expansion.

(b) For any project that evidence exists would result in a development or expansion that would displace existing jobs in any other community in the state.

(c) For the acquisition of real property, including buildings and other fixtures which are a part of real property.

(2) The board shall only make grants or loans:

(a) For those projects which would result in specific private developments or expansions (i) in manufacturing, production, food processing, assembly, warehousing, and industrial distribution; (ii) for processing recyclable materials or for facilities that support recycling, including processes not currently provided in the state, including but not limited to, de-inking facilities, mixed waste paper, plastics, yard waste, and problem-waste processing; (iii) for manufacturing facilities that rely significantly on recyclable materials, including but not limited to waste tires and mixed waste paper; (iv) which support the relocation of businesses from nondistressed urban areas to distressed rural areas; or (v) which substantially support the trading of goods or services outside of the state's borders.

(b) For projects which it finds will improve the opportunities for the successful maintenance, establishment, or expansion of industrial or commercial plants or will otherwise assist in the creation or retention of long-term economic opportunities.

(c) When the application includes convincing evidence that a specific private development or expansion is ready to occur and will occur only if the grant or loan is made.

(3) The board shall prioritize each proposed project according to the relative benefits provided to the community by the jobs the project would create, not just the total number of jobs it would create after the project is completed and according to the unemployment rate in the area in which the jobs would be located. As long as there is more demand for loans or grants than there are funds available for loans or grants, the board is instructed to fund projects in order of their priority.

(4) A responsible official of the political subdivision shall be present during board deliberations and provide information that the board requests.

Before any loan or grant application is approved, the political subdivision seeking the loan or grant must demonstrate to the community economic revitalization board that no other timely source of funding is available to it at costs reasonably similar to financing available from the community economic revitalization board. [1990 1st ex.s. c 17 § 73; 1989 c 431 § 62; 1987 c 422 § 5; 1985 c 446 § 3; 1983 1st ex.s. c 60 § 3; 1982 1st ex.s. c 40 § 6.]

43.160.070 Conditions. (1) Public facilities loans and grants, when authorized by the board, are subject to the following conditions:

(a) The moneys in the public facilities construction loan revolving fund shall be used solely to fulfill commitments arising from loans or grants authorized in this chapter or, during the 1989–91 fiscal biennium, for economic development purposes as appropriated by the legislature. The total outstanding amount which the board shall dispense at any time pursuant to this section shall not exceed the moneys available from the fund. The total amount of outstanding loans and grants in Pierce, King, and Snohomish counties shall never exceed sixty percent of the total amount of outstanding loans and grants disbursed by the board.

(b) Financial assistance through the loans or grants may be used directly or indirectly for any facility for public purposes, including, but not limited to, sewer or other waste disposal facilities, arterials, bridges, access roads, port facilities, or water distribution and purification facilities.

(c) On contracts made for public facilities loans the board shall determine the interest rate which loans shall bear. The interest rate shall not exceed ten percent per annum. The board may provide reasonable terms and conditions for repayment for loans as the board determines. The loans shall not exceed twenty years in duration.

(d) Repayments of loans made under the contracts for public facilities construction loans shall be paid into the public facilities construction loan revolving fund.

(2) When every feasible effort has been made to provide loans and loans are not possible, the board may provide grants upon finding that unique circumstances exist. [1990 1st ex.s. c 16 § 802; 1983 1st ex.s. c 60 § 4; 1982 1st ex.s. c 40 § 7.]

43.160.076 Grants and loans in distressed counties. (Effective until June 30, 1993.) (1) Except as authorized to the contrary under subsection (2) of this section, from all funds available to the board for loans and grants, the board shall spend at least fifty percent for grants and loans for projects in distressed counties or timber impact areas. For purposes of this section, the term "distressed counties" includes any county, in which the average level of unemployment for the three years before the year in which an application for a loan or grant is filed, exceeds the average state employment for those years by twenty percent.

(2) If at any time during the last six months of a biennium the board finds that the actual and anticipated applications for qualified projects in distressed counties or timber impact areas are clearly insufficient to use up

the fifty percent allocation, then the board shall estimate the amount of the insufficiency and during the remainder of the biennium may use that amount of the allocation for loans and grants for projects not located in distressed counties or timber impact areas. [1991 c 314 § 24; 1985 c 446 § 6.]

43.160.080 Public facilities construction loan revolving account. There shall be a fund known as the public facilities construction loan revolving account, which shall consist of all moneys collected under this chapter, except moneys of the board collected in connection with the issuance of industrial development revenue bonds, and any moneys appropriated to it by law: PROVIDED, That seventy-five percent of all principal and interest payments on loans made with the proceeds deposited in the account under section 901, chapter 57, Laws of 1983 1st ex. sess. shall be deposited in the general fund as reimbursement for debt service payments on the bonds authorized in RCW 43.83.184. The state treasurer shall be custodian of the revolving account. Disbursements from the revolving account shall be on authorization of the board. In order to maintain an effective expenditure and revenue control, the public facilities construction loan revolving account shall be subject in all respects to chapter 43.88 RCW, but no appropriation is required to permit expenditures and payment of obligations from the account. (2) If at any time during the last six months of a biennium the board finds that the actual and anticipated applications for qualified projects in distressed counties are clearly insufficient to use up the twenty percent allocation, then the board shall estimate the amount of the insufficiency and during the remainder of the biennium may use that amount of the allocation for loans and grants for projects not located in distressed counties. ECONOMIC DEVELOPMENT FINANCE AUTHORITY

43.163.020	Economic development finance authority created—Membership.

43.163.100	Powers of the authority.

43.163.005 Purpose—Construction. Economic development is essential to the health, safety, and welfare of all Washington citizens by broadening and strengthening state and local tax bases, providing meaningful employment opportunities and thereby enhancing the quality of life. Economic development increasingly is dependent upon the ability of small-sized and medium-sized businesses and farms to finance growth and trade activities. Many of these businesses face an unmet need for capital that limits their growth. These unmet capital needs are a problem in both urban and rural areas which cannot be solved by the private sector alone. There presently exist some federal programs, private credit enhancements and other financial tools to complement the private banking industry in providing this needed capital. More research is needed to develop effective strategies to enhance access to capital and thereby stimulate economic development.

It is the purpose of this chapter to establish a state economic development finance authority to act as a financial conduit that, without using state funds or lending the credit of the state or local governments, can issue nonrecourse revenue bonds, and participate in federal, state, and local economic development programs to help facilitate access to needed capital by Washington businesses that cannot otherwise readily obtain needed capital on terms and rates comparable to large corporations,

and can help local governments obtain capital more efficiently. It is also a primary purpose of this chapter to encourage the employment and retention of Washington workers at meaningful wages and to develop innovative approaches to the problem of unmet capital needs. This chapter is enacted to accomplish these and related purposes and shall be construed liberally to carry out its purposes and objectives. [1990 c 53 § 1; 1989 c 279 § 1.]

43.163.020 Economic development finance authority created—Membership. The Washington economic development finance authority is established as a public body corporate and politic, with perpetual corporate succession, constituting an instrumentality of the state of Washington exercising essential governmental functions. The authority is a public body within the meaning of RCW 39.53.010.

The authority shall consist of eighteen members as follows: The director of the department of trade and economic development, the director of the department of community development, the director of the department of agriculture, the state treasurer, one member from each caucus in the house of representatives appointed by the speaker of the house, one member from each caucus in the senate appointed by the president of the senate, and ten public members with one representative of women-owned businesses and one representative of minority-owned businesses and with at least three of the members residing east of the Cascades. The public members shall be residents of the state appointed by the governor on the basis of their interest or expertise in trade, agriculture or business finance or jobs creation and development. One of the public members shall be appointed by the governor as chair of the authority and shall serve as chair of the authority at the pleasure of the governor. The authority may select from its membership such other officers as it deems appropriate.

The term of the persons appointed by the governor as public members of the authority, including the public member appointed as chair, shall be four years from the date of appointment, except that the term of three of the initial appointees shall be for two years from the date of appointment and the term of four of the initial appointees shall be for three years from the date of appointment. The governor shall designate the appointees who will serve the two-year and three-year terms.

In the event of a vacancy on the authority due to death, resignation or removal of one of the public members, or upon the expiration of the term of one of the public members, the governor shall appoint a successor for the remainder of the unexpired term. If either of the state offices is abolished, the resulting vacancy on the authority shall be filled by the state officer who shall succeed substantially to the power and duties of the abolished office.

Any public member of the authority may be removed by the governor for misfeasance, malfeasance or willful neglect of duty after notice and a public hearing, unless such notice and hearing shall be expressly waived in writing by the affected public member.

The state officials serving in ex officio capacity may each designate an employee of their respective departments to act on their behalf in all respects with regard to any matter to come before the authority. Such designations shall be made in writing in such manner as is specified by the rules of the authority.

The members of the authority shall serve without compensation but shall be entitled to reimbursement, solely from the funds of the authority, for expenses incurred in the discharge of their duties under this chapter. The authority may borrow funds from the department for the purpose of reimbursing members for expenses; however, the authority shall repay the department as soon as practicable.

A majority of the authority shall constitute a quorum. [1990 c 53 § 2; 1989 c 279 § 3.]

43.163.050 Pooling of loans. The authority is authorized to develop and conduct a program or programs to promote small business and agricultural financing in the state through the pooling of loans or portions of loans made or guaranteed through programs administered by federal agencies including the small business or farmers home administrations. For such purpose, the authority may acquire from eligible banking organizations and other financial intermediaries who make or hold loans made or guaranteed through programs administered by the federal small business or farmers home administrations all or portions of such loans, and the authority may contract or coordinate with parties authorized to acquire or pool loans made or guaranteed by a federal agency or with parties authorized to administer such loan or guarantee programs. [1990 c 53 § 3; 1989 c 279 § 6.]

43.163.070 Use of funds. The authority may use any funds legally available to it for any purpose specifically authorized by this chapter, or for otherwise improving economic development in this state by assisting businesses and farm enterprises that do not have access to capital at terms and rates comparable to large corporations due to the location of the business, the size of the business, the lack of financial expertise, or other appropriate reasons: PROVIDED, That no funds of the state shall be used for such purposes. [1990 c 53 § 4; 1989 c 279 § 8.]

43.163.080 General operating procedures. (1) The authority shall adopt general operating procedures for the authority. The authority shall also adopt operating procedures for individual programs as they are developed for obtaining funds and for providing funds to borrowers. These operating procedures shall be adopted by resolution prior to the authority operating the applicable programs.

(2) The operating procedures shall include, but are not limited to: (a) Appropriate minimum reserve requirements to secure the authority's bonds and other obligations; (b) appropriate standards for securing loans and other financing the authority provides to borrowers, such as guarantees or collateral; and (c) appropriate standards for providing financing to borrowers, such as

(i) the borrower is a responsible party with a high probability of being able to repay the financing provided by the authority, (ii) the financing is reasonably expected to provide economic growth or stability in the state by enabling a borrower to increase or maintain jobs or capital in the state, (iii) the borrowers with the greatest needs or that provide the most public benefit are given higher priority by the authority, and (iv) the financing is consistent with any plan adopted by the authority under RCW 43.163.090. [1990 c 53 § 5; 1989 c 279 § 9.]

43.163.100 Powers of the authority. In addition to accomplishing the economic development finance programs specifically authorized in this chapter, the authority may:

- (1) Maintain an office or offices;
- (2) Sue and be sued in its own name, and plead and be impleaded;
- (3) Engage consultants, agents, attorneys, and advisers, contract with federal, state, and local governmental entities for services, and hire such employees, agents and other personnel as the authority deems necessary, useful, or convenient to accomplish its purposes;

43.168.140	Timber impact areas.

43.168.020 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Committee" means the Washington state development loan fund committee.

(2) "Department" means the department of community development.

(3) "Director" means the director of the department of community development.

(4) "Distressed area" means: (a) A county which has an unemployment rate which is twenty percent above the state average for the immediately previous three years; (b) a metropolitan statistical area, as defined by the office of federal statistical policy and standards, United States department of commerce, in which the average level of unemployment for the calendar year immediately preceding the year in which an application is filed under this chapter exceeds the average state unemployment for such calendar year by twenty percent. Applications under this subsection (4)(b) shall be filed by April 30, 1989; (c) an area within a county, which area: (i) Is composed of contiguous census tracts; (ii) has a minimum population of five thousand persons; (iii) has at least seventy percent of its families and unrelated individuals with incomes below eighty percent of the county's median income for families and unrelated

individuals; and (iv) has an unemployment rate which is at least forty percent higher than the county's unemployment rate; or (d) a county designated as a timber impact area under RCW 43.31.601 if an application is filed by July 1, 1993. For purposes of this definition, "families and unrelated individuals" has the same meaning that is ascribed to that term by the federal department of housing and urban development in its regulations authorizing action grants for economic development and neighborhood revitalization projects.

(5) "Fund" means the Washington state development loan fund.

(6) "Local development organization" means a non-profit organization which is organized to operate within an area, demonstrates a commitment to a long-standing effort for an economic development program, and makes a demonstrable effort to assist in the employment of unemployed or underemployed residents in an area.

(7) "Project" means the establishment of a new or expanded business in an area which when completed will provide employment opportunities. "Project" also means the retention of an existing business in an area which when completed will provide employment opportunities. [1991 c 314 § 19; 1988 c 42 § 18; 1987 c 461 § 2; 1985 c 164 § 2.]

Findings—1991 c 314: See note following RCW 43.31.601.

Severability—1988 c 42: See note following RCW 4.24.480.

43.168.050 Application approval—Conditions and limitations. (1) The committee may only approve an application providing a loan for a project which the committee finds:

(a) Will result in the creation of employment opportunities or the maintenance of threatened employment;

(b) Has been approved by the director as conforming to federal rules and regulations governing the spending of federal community development block grant funds;

(c) Will be of public benefit and for a public purpose, and that the benefits, including increased or maintained employment, improved standard of living, and the employment of disadvantaged workers, will primarily accrue to residents of the area;

(d) Will probably be successful;

(e) Would probably not be completed without the loan because other capital or financing at feasible terms is unavailable or the return on investment is inadequate.

(2) The committee shall, subject to federal block grant criteria, give higher priority to economic development projects that contain provisions for child care.

(3) The committee may not approve an application if it fails to provide for adequate reporting or disclosure of financial data to the committee. The committee may require an annual or other periodic audit of the project books.

(4) The committee may require that the project be managed in whole or in part by a local development organization and may prescribe a management fee to be paid to such organization by the recipient of the loan or grant.

(5)(a) Except as provided in (b) of this subsection, the committee shall not approve any application which would result in a loan or grant in excess of three hundred fifty thousand dollars.

(b) The committee may approve an application which results in a loan or grant of up to seven hundred thousand dollars if the application has been approved by the director.

(6) The committee shall fix the terms and rates pertaining to its loans.

(7) Should there be more demand for loans than funds available for lending, the committee shall provide loans for those projects which will lead to the greatest amount of employment or benefit to a community. In determining the "greatest amount of employment or benefit" the committee shall also consider the employment which would be saved by its loan and the benefit relative to the community, not just the total number of new jobs or jobs saved.

(8) To the extent permitted under federal law the committee shall require applicants to provide for the transfer of all payments of principal and interest on loans to the Washington state development loan fund created under this chapter. Under circumstances where the federal law does not permit the committee to require such transfer, the committee shall give priority to applications where the applicants on their own volition make commitments to provide for the transfer.

(9) The committee shall not approve any application to finance or help finance a shopping mall.

(10) The committee shall make at least eighty percent of the appropriated funds available to projects located in distressed areas, and may make up to twenty percent available to projects located in areas not designated as distressed. The committee shall not make funds available to projects located in areas not designated as distressed if the fund's net worth is less than seven million one hundred thousand dollars.

(11) If an objection is raised to a project on the basis of unfair business competition, the committee shall evaluate the potential impact of a project on similar businesses located in the local market area. A grant may be denied by the committee if a project is not likely to result in a net increase in employment within a local market area. [1990 1st ex.s. c 17 § 74; 1989 c 430 § 9; 1987 c 461 § 4; 1986 c 204 § 2; 1985 c 164 § 5.]

43.180.330 Revenue refunding bonds. The commission may provide by resolution for the issuance of revenue refunding bonds for the purpose of refunding any obligations issued for a nonprofit facility, including the payment of any redemption premium thereon and any interest accrued or to accrue to the date of redemption or maturity of the revenue bonds and, if considered advisable by the commission, for the additional purpose of financing improvements, extensions, or enlargements to the nonprofit facility for another nonprofit facility. The issuance of the revenue refunding bonds, the maturities and other details thereof, the rights of the owners thereof, and the rights, duties, and obligations of the commission in respect to the same shall be governed by this chapter insofar as applicable. [1990 c 167 § 5.]

43.180.340 Trust agreements. Any bonds issued under this subchapter may be secured by a trust agreement between the commission and a corporate trustee, which may be any trust company or bank having the powers of a trust company within or without the state. The trust agreement may evidence a pledge or assignment of the financing documents and lease, sale, or loan revenues to be received from a lessee or purchaser of or borrower with respect to a nonprofit facility for the payment of principal of and interest and any premium on the bonds as the same shall become due and payable and may provide for creation and maintenance of reserves for these purposes. A trust agreement or resolution providing for the issuance of the revenue bonds may contain such provisions for protecting and enforcing the rights and remedies of the bondowners as may be reasonable and proper and not in violation of law, including covenants setting forth the duties in relation to the acquisition of property and the construction, improvement, maintenance, use, repair, operation, and insurance of the nonprofit facility for which the bonds are authorized, and the custody, safeguarding, and application of all money. Any bank or trust company incorporated under the laws of the state which may act as depository of the proceeds of revenue bonds or of revenues may furnish such indemnifying bonds or pledge such securities as may be required by the commission. A trust agreement may set forth the rights and remedies of the bondowners and of the trustee and may restrict the individual right of action by bondowners as is customary in trust agreements or trust indentures securing bonds and debentures of private corporations. In addition, a trust agreement may contain such provisions as the commission considers reasonable and proper for the security of the bondowners which are not in conflict with this subchapter. [1990 c 167 § 6.]

43.180.350 Lessees or assignees. A lessee or contracting party under a sale contract or loan agreement shall not be required to be the eventual user of a nonprofit facility if any sublessee or assignee assumes all of the obligations of the lessee or contracting party under the lease, sale contract, or loan agreement, but the lessee or contracting party or their successors shall remain primarily liable for all of its obligations under the lease, sale contract, or loan agreement and the use of the nonprofit facility shall be consistent with the purposes of this subchapter. [1990 c 167 § 7.]

43.180.360 Default. The proceedings authorizing any revenue bonds under this subchapter or any financing document securing the revenue bonds may provide that if there is a default in the payment of the principal of or the interest on the bonds or in the performance of any agreement contained in the proceedings or financing document, the payment and performance may be enforced by mandamus or by the appointment of a receiver in equity with power to charge and collect rents, purchase price payments, and loan repayments, and to apply the revenues from the nonprofit facility in accordance with the proceedings or provisions of the financing document. Any financing document entered into under this

subchapter may also provide that if there is a default in the payment thereof or a violation of any agreement contained in the financing document, the nonprofit facility may be foreclosed and sold under proceedings in equity or in any other manner now or hereafter permitted by law. Any financing document may also provide that any trustee under the financing document or the holder of any revenue bonds secured thereby may become the purchaser at any foreclosure sale if it is the highest bidder. [1990 c 167 § 8.]

Funding: RCW 43.79.201 and 79.01.007.

43.185.010 Findings. The legislature finds that current economic conditions, federal housing policies and declining resources at the federal, state, and local level adversely affect the ability of low and very low-income persons to obtain safe, decent, and affordable housing.

The legislature further finds that members of over one hundred twenty thousand households live in housing units which are overcrowded, lack plumbing, are otherwise threatening to health and safety, and have rents and utility payments which exceed thirty percent of their income.

The legislature further finds that minorities, rural households, and migrant farm workers require housing assistance at a rate which significantly exceeds their proportion of the general population.

The legislature further finds that one of the most dramatic housing needs is that of persons needing special housing-related services, such as the mentally ill, recovering alcoholics, frail elderly persons, families with members who have disabilities, and single parents. These services include medical assistance, counseling, chore services, and child care.

The legislature further finds that housing assistance programs in the past have often failed to help those in greatest need.

The legislature declares that it is in the public interest to establish a continuously renewable resource known as the housing trust fund and housing assistance program to assist low and very low-income citizens in meeting their basic housing needs, and that the needs of very

low-income citizens should be given priority and that whenever feasible, assistance should be in the form of loans. [1991 c 356 § 1; 1986 c 298 § 1.]

43.185.015 Housing assistance program. There is created within the department of community development the housing assistance program to carry out the purposes of this chapter. [1991 c 356 § 2.]

43.185.030 Washington housing trust fund. There is hereby created in the state treasury an account to be known as the Washington housing trust fund. The housing trust fund shall include revenue from the sources established by this chapter, appropriations by the legislature, private contributions, repayment of loans, and all other sources. [1991 1st sp.s. c 13 § 87; 1991 c 356 § 3; 1987 c 513 § 6; 1986 c 298 § 2.]

43.185.050 Use of moneys for loans and grant projects to provide housing—Eligible activities. (1) The department shall use moneys from the housing trust fund and other legislative appropriations to finance in whole or in part any loans or grant projects that will provide housing for persons and families with special housing needs and with incomes at or below fifty percent of the median family income for the county or standard metropolitan statistical area where the project is located. At least thirty percent of these moneys used in any given funding cycle shall be for the benefit of projects located in rural areas of the state as defined by the department of community development. If the department determines that it has not received an adequate number of suitable applications for rural projects during any given funding cycle, the department may allocate unused moneys for projects in nonrural areas of the state.

(2) Activities eligible for assistance from the housing trust fund and other legislative appropriations include, but are not limited to:

(a) New construction, rehabilitation, or acquisition of low and very low-income housing units;

(b) Rent subsidies;

(c) Matching funds for social services directly related to providing housing for special-need tenants in assisted projects;

(d) Technical assistance, design and finance services and consultation, and administrative costs for eligible nonprofit community or neighborhood-based organizations;

(e) Administrative costs for housing assistance groups or organizations when such grant or loan will substantially increase the recipient's access to housing funds other than those available under this chapter;

(f) Shelters and related services for the homeless;

(g) Mortgage subsidies, including temporary rental and mortgage payment subsidies to prevent homelessness;

(h) Mortgage insurance guarantee or payments for eligible projects;

(i) Down payment or closing cost assistance for eligible first-time home buyers;

(3) Legislative appropriations from capital bond proceeds and moneys from repayment of loans from appropriations from capital bond proceeds may be used only for the costs of projects authorized under subsection (2) (a), (i), and (j) of this section, and not for the administrative costs of the department. [1991 c 356 § 4; 1986 c 298 § 6.]

43.185.060 Eligible organizations. Organizations that may receive assistance from the department under this chapter are local governments, local housing authorities, regional support networks established under chapter 71.24 RCW, nonprofit community or neighborhood-based organizations, and regional or state-wide nonprofit housing assistance organizations. [1991 c 295 § 1; 1986 c 298 § 7.]

43.185.070 Notice of grant and loan application period—Priorities—Criteria for evaluation. (1) During each calendar year in which funds from the housing trust fund or other legislative appropriations are available for use by the department for the housing assistance program, the department shall announce to all known interested parties, and through major media throughout the state, a grant and loan application period of at least ninety days' duration. This announcement shall be made as often as the director deems appropriate for proper utilization of resources. The department shall then promptly grant as many applications as will utilize available funds less appropriate administrative costs of the department. Administrative costs paid out of the housing trust fund may not exceed four percent of annual revenues available for distribution to housing trust fund projects. In awarding funds under this chapter, the department shall provide for a geographic distribution on a state-wide basis.

(2) The department shall give first priority to applications for projects and activities which utilize existing privately owned housing stock including privately owned housing stock purchased by nonprofit public development authorities and public housing authorities as created in chapter 35.82 RCW. As used in this subsection, privately owned housing stock includes housing that is acquired by a federal agency through a default on the mortgage by the private owner. Such projects and activities shall be evaluated under subsection (3) of this section. Second priority shall be given to activities and projects which utilize existing publicly owned housing

stock. All projects and activities shall be evaluated by some or all of the criteria under subsection (3) of this section, and similar projects and activities shall be evaluated under the same criteria.

(3) The department shall give preference for applications based on some or all of the criteria under this subsection, and similar projects and activities shall be evaluated under the same criteria:

(a) The degree of leveraging of other funds that will occur;

(b) The degree of commitment from programs to provide necessary habilitation and support services for projects focusing on special needs populations;

(c) Recipient contributions to total project costs, including allied contributions from other sources such as professional, craft and trade services, and lender interest rate subsidies;

(d) Local government project contributions in the form of infrastructure improvements, and others;

(e) Projects that encourage ownership, management, and other project-related responsibility opportunities;

(f) Projects that demonstrate a strong probability of serving the original target group or income level for a period of at least twenty-five years;

(g) The applicant has the demonstrated ability, stability and resources to implement the project;

(h) Projects which demonstrate serving the greatest need;

(i) Projects that provide housing for persons and families with the lowest incomes;

(j) Projects serving special needs populations which are under statutory mandate to develop community housing;

(k) Project location and access to employment centers in the region or area; and

(l) Project location and access to available public transportation services.

(4) The department shall only approve applications for projects for mentally ill persons that are consistent with a regional support network six-year capital and operating plan. [1991 c 356 § 5; 1991 c 295 § 2; 1988 c 286 § 1; 1986 c 298 § 8.]

Reviser's note: This section was amended by 1991 c 295 § 2 and by 1991 c 356 § 5, each without reference to the other. Both amendments are incorporated in the publication of this section pursuant to RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

43.185.080 Preconstruction technical assistance. (1) The department may use moneys from the housing trust fund and other legislative appropriations, but not appropriations from capital bond proceeds, to provide preconstruction technical assistance to eligible recipients seeking to construct, rehabilitate, or finance housing-related services for very low and low-income persons. The department shall emphasize providing preconstruction technical assistance services to rural areas and small cities and towns. The department may contract with nonprofit organizations to provide this technical assistance. The department may contract for any of the following services:

(a) Financial planning and packaging for housing projects, including alternative ownership programs, such as limited equity partnerships and syndications;

(b) Project design, architectural planning, and siting;

(c) Compliance with planning requirements;

(d) Securing matching resources for project development;

(e) Maximizing local government contributions to project development in the form of land donations, infrastructure improvements, waivers of development fees, locally and state-managed funds, zoning variances, or creative local planning;

(g) Construction and materials management; and

(h) Project maintenance and management.

(2) The department shall publish requests for proposals which specify contract performance standards, award criteria, and contractor requirements. In evaluating proposals, the department shall consider the ability of the contractor to provide technical assistance to low and very low-income persons and to persons with special housing needs. [1991 c 356 § 6; 1986 c 298 § 9.]

43.185.110 Annual report—Low-income housing assistance advisory committee. The director shall prepare an annual report and shall send copies to the chair of the house of representatives committee on housing, the chair of the senate committee on commerce and labor, and one copy to the staff of each committee that summarizes the housing trust fund's income, grants and operating expenses, implementation of its program, and any problems arising in the administration thereof. The director shall promptly appoint a low-income housing assistance advisory committee composed of a representative from each of the following groups: Apartment owners, realtors, mortgage lending or servicing institutions, private nonprofit housing assistance programs, tenant associations, and public housing assistance programs. The advisory group shall advise the director on housing needs in this state, including housing needs for persons who are mentally ill or developmentally disabled or youth who are blind or deaf or otherwise disabled, operational aspects of the grant and loan program or revenue collection programs established by this chapter, and implementation of the policy and goals of this chapter. Such advice shall be consistent with policies and plans developed by regional support networks according to chapter 71.24 RCW for the mentally ill and the developmental disabilities planning council for the developmentally disabled. [1991 c 204 § 4; 1987 c 513 § 3.]

Effective date—Severability—1987 c 513: See notes following RCW 18.85.310.

43.185.120 Protection of state's interest. The department shall adopt policies to ensure that the state's interest will be protected upon either the sale or change of use of projects financed in whole or in part under RCW 43.185.050(2)(a), (i), and (j). These policies may include, but are not limited to: (1) Requiring a share of

the appreciation in the project in proportion to the state's contribution to the project; (2) requiring a lump-sum repayment of the loan or grant upon the sale or change of use of the project; or (3) requiring a deferred payment of principal or principal and interest on loans after a specified time period. [1991 c 356 § 7.]

43.185.910 Conflict with federal requirements—1991 c 356. If any part of this act is found to be in conflict with federal requirements which are a prescribed condition to the allocation of federal funds to the state, the conflicting part of this act is inoperative solely to the extent of the conflict and with respect to the agencies directly affected, and this finding does not affect the operation of the remainder of this act in its application to the agencies concerned. The rules under this act shall meet federal requirements which are a necessary condition to the receipt of federal funds by the state. [1991 c 356 § 8.]

43.185.911 Severability—1991 c 356. See RCW 43.185A.901.

43.200.080 Additional powers and duties of director—Site closure account—Perpetual surveillance and maintenance account. The director of ecology shall, in addition to the powers and duties otherwise imposed by law, have the following special powers and duties:

- (1) To fulfill the responsibilities of the state under the lease between the state of Washington and the federal government executed September 10, 1964, covering one thousand acres of land lying within the Hanford reservation near Richland, Washington. The department of ecology may sublease to private or public entities all or a portion of the land for specific purposes or activities which are determined, after public hearing, to be in agreement with the terms of the lease and in the best interests of the citizens of the state consistent with any criteria that may be developed as a requirement by the legislature;

(2) To assume the responsibilities of the state under the perpetual care agreement between the state of Washington and the federal government executed July 29, 1965 and the sublease between the state of Washington and the site operator of the Hanford low-level radioactive waste disposal facility. In order to finance perpetual surveillance and maintenance under the agreement and ensure site closure under the sublease, the department of ecology shall impose and collect fees from parties holding radioactive materials for waste management purposes. The fees shall be established by rule adopted under chapter 34.05 RCW and shall be an amount determined by the department of ecology to be necessary to defray the estimated liability of the state. Such fees shall reflect equity between the disposal facilities of this and other states. A site closure account and a perpetual surveillance and maintenance account is hereby created in the state treasury. The site closure account shall be exclusively available to reimburse, to the extent that moneys are available in the account, the site operator for its costs plus a reasonable profit as agreed by the operator and the state, or to reimburse the state licensing agency and any agencies under contract to the state licensing agency for their costs in final closure and decommissioning of the Hanford low-level radioactive waste disposal facility. If a balance remains in the account after satisfactory performance of closure and decommissioning, this balance shall be transferred to the perpetual surveillance and maintenance account. The perpetual surveillance and maintenance account shall be used exclusively by the state to meet post-closure surveillance and maintenance costs, or for otherwise satisfying surveillance and maintenance obligations. Appropriations are required to permit expenditures and payment of obligations from the site closure account and the perpetual surveillance and maintenance account. All moneys, including earnings from the investment of balances in the site closure and the perpetual surveillance and maintenance account, less the allocation to the state treasurer's service account [fund], pursuant to RCW 43.08.190 accruing under the authority of this section shall be directed to the site closure account until December 31, 1992. Thereafter receipts including earnings from the investment of balances in the site closure and the perpetual surveillance and maintenance account, less the allocation to the state treasurer's service account [fund], pursuant to RCW 43.08.190 shall be directed to the site closure account and the perpetual surveillance and maintenance account as specified by the department. Additional moneys specifically appropriated by the legislature or received from any public or private source may be placed in the site closure account and the perpetual surveillance and maintenance account;

(3) To assure maintenance of such insurance coverage by state licensees, lessees, or sublessees as will adequately, in the opinion of the director, protect the citizens of the state against nuclear accidents or incidents that may occur on privately or state-controlled nuclear facilities;

(4) To institute a user permit system and issue site use permits, consistent with regulatory practices, for generators, packagers, or brokers using the Hanford low-level radioactive waste disposal facility. The costs of administering the user permit system shall be borne by the applicants for site use permits. The site use permit fee shall be set at a level that is sufficient to fund completely the executive and legislative participation in activities related to the Northwest Interstate Compact on Low-Level Radioactive Waste Management;

(5) To make application for or otherwise pursue any federal funds to which the state may be eligible, through the federal resource conservation and recovery act or any other federal programs, for the management, treatment or disposal, and any remedial actions, of wastes that are both radioactive and hazardous at all Hanford low-level radioactive waste disposal facilities; and

(6) To develop contingency plans for duties and options for the department and other state agencies related to the Hanford low-level radioactive waste disposal facility based on various projections of annual levels of waste disposal. These plans shall include an analysis of expected revenue to the state in various taxes and funds related to low-level radioactive waste disposal and the resulting implications that any increase or decrease in revenue may have on state agency duties or responsibilities. The plans shall be updated annually. The department shall report annually on the plans and on the balances in the site closure and perpetual surveillance accounts to the energy and utilities committees of the senate and the house of representatives. [1991 1st sp.s. c 13 § 60; 1990 c 21 § 6; 1989 c 418 § 2; 1986 c 2 § 1; 1983 1st ex.s. c 19 § 8.]

43.200.170 Waste disposal surcharges and penalty surcharges—Disposition. The governor may assess surcharges and penalty surcharges on the disposal of waste at the Hanford low-level radioactive waste disposal facility. The surcharges may be imposed up to the maximum extent permitted by federal law. Ten dollars per cubic foot of the moneys received under this section shall be transmitted monthly to the site closure account established under RCW 43.200.080. The rest of the moneys received under this section shall be deposited in the general fund. [1990 c 21 § 3; 1986 c 2 § 3.]

43.200.200 Review of potential damage—Liability coverage—Reports. (1) The director of the department of ecology shall periodically review the potential for bodily injury and property damage in the packaging, shipping, transporting, treatment, storage, and disposal of commercial low-level radioactive materials under licenses or permits issued by the state.

(2) Except as otherwise provided in subsection (7) of this section, the director shall require each permit holder to maintain liability coverage in an amount that is adequate to protect the state and its citizens from all claims, suits, losses, damages, or expenses on account of injuries

to persons and property damage arising or growing out of the packaging, shipping, transporting, treatment, storage, and disposal of commercial low-level radioactive materials. The liability coverage may be in the form of insurance, cash, surety bonds, corporate guarantees, and other acceptable instruments.

(3) In making the determination of the appropriate level of liability coverage, the director shall consider:

(a) The nature and purpose of the activity and its potential for injury and damages to or claims against the state and its citizens;

(b) The current and cumulative manifested volume and radioactivity of material being packaged, transported, buried, or otherwise handled;

(c) The location where the material is being packaged, transported, buried, or otherwise handled, including the proximity to the general public and geographic features such as geology and hydrology, if relevant; and

(d) The legal defense cost, if any, that will be paid from the required liability coverage amount.

(4) The director may establish different levels of required liability coverage for various classes of permit holders.

(5) The director shall establish by rule the instruments or mechanisms by which a person may demonstrate liability coverage as required by RCW 43.200.210. Any instrument or mechanism approved as an alternative to liability insurance shall provide the state and its citizens with a level of financial protection at least as great as would be provided by liability insurance.

(6) The director shall complete the first review and determination, and report the results to the legislature, by December 1, 1987. At least every five years thereafter, the director shall conduct a new review and determination and report its results to the legislature.

(7)(a) The director by rule may exempt from the requirement to provide liability coverage a class of permit holders if the director determines that the exemption of that class will not pose a significant risk to persons or property and will not pose substantial financial risk to the state.

(b) The director may exempt from the requirement to provide liability coverage an individual permit holder if the director determines that the cost of obtaining that coverage for that permit holder would impose a substantial financial hardship on the person and that failure to maintain the coverage will not pose a significant risk to persons or property and will not pose a substantial financial risk to the state. [1990 c 82 § 1; 1986 c 191 § 1.]

43.200.210 Immunity of state—Demonstration of liability coverage—Suspension of permit. (1)(a) The department of ecology shall require that any person who holds or applies for a permit under this chapter indemnify and hold harmless the state from claims, suits, damages, or expenses on account of injuries to or death of persons and property, arising or growing out of any operations and activities for which the person holds the license or permit, and any necessary or incidental operations.

(b) Except for a permit holder not required to maintain liability insurance coverage under RCW 43.200.200(7), the department shall require any person who holds or applies for a permit under this chapter to demonstrate that the person has and maintains liability coverage for the operations for which the state has been indemnified and held harmless pursuant to this section. The agency shall require coverage in an amount determined by the director of the department of ecology pursuant to RCW 43.200.200.

(2) The department of ecology shall suspend the license of any person required by this section to hold and maintain liability coverage who fails to demonstrate compliance with this section. The permit shall not be reinstated until the person demonstrates compliance with this section.

(3) The department of ecology shall require (a) that any person required to maintain liability coverage maintain with the agency current copies of any insurance policies, certificates of insurance, or any other documents used to comply with this section, (b) that the agency be notified of any changes in the insurance coverage or financial condition of the person, and (c) that the state be named as an insured party on any insurance policy used to comply with this section. [1990 c 82 § 2; 1986 c 191 § 2.]

43.200.220 Site closure fee—Generally. Beginning January 1, 1993, the department of ecology may impose a reasonable site closure fee if necessary to be deposited in the site closure account established under RCW 43.200.080. The department may continue to collect moneys for the site closure account until the account contains an amount sufficient to complete the closure plan, as specified in the radioactive materials license issued by the department of health. [1990 c 21 § 4.]

Rate regulation anticipated—1990 c 21: "State and national policy directs that the management of low-level radioactive waste shall be accomplished by a system of interstate compacts and the development of regional disposal sites. The Northwest regional compact, comprised of the states of Alaska, Hawaii, Idaho, Montana, Oregon, Utah, and Washington, has as its disposal facility the low-level radioactive waste disposal site located near Richland, Washington. This site is expected to be the sole site for disposal of low-level radioactive waste for compact members effective January 1, 1993. Future closure of this site will require significant financial resources.

Low-level radioactive waste is generated by essential activities and services that benefit the citizens of the state. Washington state's low-level radioactive waste disposal site has been used by the nation and the Northwest compact as a disposal site since 1965. The public has come to rely on access to this site for disposal of low-level radioactive waste, which requires separate handling from other solid and hazardous wastes. The price of disposing of low-level radioactive waste at the Washington state low-level radioactive waste disposal site is anticipated to increase when the federal low-level radioactive waste policy amendments act of 1985 is implemented and waste generated outside the Northwest compact states is excluded. To protect Washington and other Northwest compact states' businesses and services, such as electrical production, medical and university research, and private industries, upon which the public relies, there may be a need to regulate the rates charged by the operator of Washington's low-level radioactive waste disposal site." [1990 c 21 § 1.]

Low-level waste disposal rate regulation study: RCW 81.04.520.

43.200.230 Fees for waste generators. (Effective January 1, 1993.) The director of the department of

ecology shall require that generators of waste pay a fee for each cubic foot of waste disposed at any facility in the state equal to six dollars and fifty cents. The fee shall be imposed specifically on the generator of the waste and shall not be considered to apply in any way to the low-level site operator's disposal activities. The fee shall be allocated in accordance with RCW 43.200.233 and 43.200.235. This subsection shall be invalidated and the authorization to collect a surcharge removed if the legislature or any administrative agency of the state of Washington prior to January 1, 1993, (1) imposes fees, assessments, or charges other than perpetual care and maintenance, site surveillance, and site closing fees currently applicable to the Hanford commercial low-level waste site operator's activities, (2) imposes any additional fees, assessments, or charges on generators using the Hanford commercial low-level waste site, or (3) increases any existing fees, assessments, or charges. [1991 c 272 § 16.]

Effective dates—1991 c 272: See RCW 81.108.901.

43.200.233 Waste generator surcharge remittal to counties. (Effective January 1, 1993.) A portion of the surcharge received under RCW 43.200.230 shall be remitted monthly to the county in which the low-level radioactive waste disposal facility is located in the following manner:

- (1) During 1993, six dollars and fifty cents per cubic foot of waste;
- (2) During 1994, three dollars and twenty-five cents per cubic foot of waste; and
- (3) During 1995 and thereafter, two dollars per cubic foot of waste. [1991 c 272 § 17.]

Effective dates—1991 c 272: See RCW 81.108.901.

43.200.235 Disposal of waste generator surcharges. (Effective January 1, 1993.) Except for moneys that may be remitted to a county in which a low-level radioactive waste disposal facility is located, all surcharges authorized under RCW 43.200.230 shall be deposited in the fund created in RCW 43.31.422. [1991 c 272 § 18.]

Effective dates—1991 c 272: See RCW 81.108.901.

Reviser's note—Sunset Act application: The Pacific Northwest export assistance project is subject to review, termination, and possible extension under chapter 43.131 RCW, the Sunset Act. See RCW 43.131.373. RCW 43.210.070, 43.210.100, 43.210.110, and 43.210.120 are scheduled for future repeal under RCW 43.131.374.

43.210.010 Findings. The legislature finds:

(1) The exporting of goods and services from Washington to international markets is an important economic stimulus to the growth, development, and stability of the state's businesses in both urban and rural areas, and that these economic activities create needed jobs for Washingtonians.

(2) Impediments to the entry of many small and medium-sized businesses into export markets have restricted growth in exports from the state.

(3) Particularly significant impediments for many small and medium-sized businesses are the lack of easily accessible information about export opportunities and financing alternatives.

(4) There is a need for a small business export finance assistance center which will specialize in providing export assistance to small and medium-sized businesses throughout the state in acquiring information about export opportunities and financial alternatives for exporting. [1990 1st ex.s. c 17 § 65; 1985 c 231 § 1; 1983 1st ex.s. c 20 § 1.]

Sunset Act application: See note following chapter digest in 1989 Volume 4.

Intent—1990 1st ex.s. c 17: "The legislature finds that the Puget Sound region is experiencing economic prosperity and the challenges associated with rapid growth; much of the rest of the state is not experiencing economic prosperity, and faces challenges associated with slow economic growth. It is the intent of the legislature to encourage economic prosperity and balanced economic growth throughout the state.

In order to accomplish this goal, growth must be managed more effectively in the Puget Sound region, and rural areas must build local capacity to accommodate additional economic activity in their communities. Where possible, rural economies and low-income areas should be linked with prosperous urban economies to share economic growth for the benefit of all areas and the state.

To accomplish this goal it is the intent of the legislature to: (1) Assure equitable opportunities to secure prosperity for distressed areas, rural communities, and disadvantaged populations by promoting urban-rural economic links, and by promoting value-added product development, business networks, and increased exports from rural areas; (2) improve the economic development service delivery system to be better able to serve these areas, communities, and populations; (3) re-direct the priorities of the state's economic development programs to focus economic development efforts into areas and sectors of the greatest need; (4) build local capacity so that communities are better able to plan for growth and achieve self-reliance; (5) administer grant programs to promote new feasibility studies and project development on projects of interest to rural areas or areas outside of the Puget Sound region; and (6) develop a coordinated economic investment strategy involving state economic development programs, businesses, educational and vocational training institutions, local governments and local economic development organizations, ports, and others." [1990 1st ex.s. c 17 § 64.]

(3) To provide information to and assist those businesses interested in exporting products, including the opportunities available to them in organizing export trading companies under the United States export trading company act of 1982, for the purpose of increasing their comparative sales volume and ability to export their products to foreign markets. Counseling agreements shall not be renewed unless there are compelling reasons to do so, and under no circumstances shall they be renewed for more than two additional years. A counseling agreement may not be renewed more than once. The counseling agreements shall have mutual performance clauses, that if not met, will be grounds for releasing each party, without penalty, from the provisions of the agreement. Clients shall be immediately released

from a counseling agreement with the Pacific Northwest export assistance project, without penalty, if a client wishes to switch to a private export management service and produces a valid contract signed with a private export management service, or if the president of the small business export finance assistance center determines there are compelling reasons to release a client from the provisions of the counseling agreement;

The president and board of directors shall decide the amount of funding allocated for trade fair assistance based on the availability of resources in the operating budget of the Pacific Northwest export assistance project;

(f) Provide biennial assessments of its performance. A biennial report shall be prepared for the governor and legislature to assess the costs and benefits to the state from creating the project. The president of the small business export finance assistance center shall design an appropriate methodology for biennial assessments in consultation with the director of the department of trade and economic development and the director of the Washington state department of agriculture. The department of revenue and the employment security department shall provide data necessary to complete this biennial evaluation, if the data being requested is available from existing data bases. Client-specific information generated from the files of the department of revenue and the employment security department for the purposes of this evaluation shall be kept strictly confidential by each department and the small business export finance assistance center;

(g) Take whatever action may be necessary to accomplish the purposes set forth in RCW 43.210.070 and 43.210.100 through 43.210.120; and

(h) Limit its assistance to promoting the exportation of value-added manufactured goods. The project shall not provide counseling or assistance, under any circumstances, for the importation of foreign made goods into the United States.

(2) The Pacific Northwest export assistance project shall not, under any circumstances, assume ownership or take title to the goods of its clients.

(3) The Pacific Northwest export assistance project may not use any Washington state funds which come

Interstate services shall not be provided by the Pacific Northwest export assistance project during its first biennium of operation. The provision of services may be temporary and subject to the payment of fees, or each state may request permanent services contingent upon a level of permanent funding adequate for services provided. Temporary services and fees may be negotiated by the small business export finance assistance center's president subject to approval of the board of directors. The president of the small business export finance assistance center may enter into negotiations with neighboring states to contract for delivery of the project's services. Final contracts for providing the project's counseling and services outside of the state of Washington on a permanent basis shall be subject to approval of the governor, appropriate legislative oversight committees, and the small business export finance assistance center's board of directors.

(6) The small business export finance assistance center may receive such gifts, grants, and endowments from public or private sources as may be made from time to time, in trust or otherwise, for the use and benefit of the purposes of the Pacific Northwest export assistance project and expend the same or any income therefrom according to the terms of the gifts, grants, or endowments.

(7) The president of the small business export finance assistance center, in consultation with the board of directors, may use the following formula in determining the number of clients that can be reasonably served by the Pacific Northwest export assistance project relative to its appropriation. Divide the amount appropriated for administration of the Pacific Northwest export assistance project by the marginal cost of adding each additional Pacific Northwest export assistance project client. For the purposes of this calculation, and only for the first biennium of operation, the biennial marginal cost of adding each additional Pacific Northwest export assistance project client shall be fifty-seven thousand ninety-five dollars. The biennial marginal cost of adding each additional client after the first biennium of operation shall be established from the actual operating experience of the Pacific Northwest export assistance project.

(8) All receipts from the Pacific Northwest export assistance project shall be deposited into the general fund. [1991 c 314 § 12.]

Chapter 43.220

WASHINGTON CONSERVATION CORPS

(Expires July 1, 1995.)

Sections

43.220.070 Corps membership—Eligibility, terms, etc.
43.220.230 Limitation on use of funds.

43.220.070 Corps membership—Eligibility, terms, etc. (1) Conservation corps members shall be unemployed residents of the state between eighteen and twenty-five years of age at the time of enrollment who are citizens or lawful permanent residents of the United States. The age requirements may be waived for corps leaders and specialists with special leadership or occupational skills; such members shall be given special responsibility for providing leadership, character development, and sense of community responsibility to the corps members, groups, and work crews to which they are assigned. The upper age requirement may be waived for residents who have a sensory or mental handicap. Special effort shall be made to recruit minority and disadvantaged youth who meet selection criteria of the conservation corps. Preference shall be given to youths residing in areas, both urban and rural, in which there exists substantial unemployment exceeding the state average unemployment rate.

(2) The legislature finds that people with developmental disabilities would benefit from experiencing a meaningful work experience, and learning the value of labor and of membership in a productive society.

The legislature urges state agencies that are participating in the Washington conservation corps program to consider for enrollment in the program people who have developmental disabilities, as defined in RCW 71A.10.020.

If an agency chooses to enroll people with developmental disabilities in its Washington conservation corps program, the agency may apply to the United States department of labor, employment standards administration for a special subminimum wage certificate in order to be allowed to pay enrollees with developmental disabilities according to their individual levels of productivity.

(3) Corps members shall not be considered state employees. Other provisions of law relating to civil service,

hours of work, rate of compensation, sick leave, unemployment compensation, state retirement plans, and vacation leave do not apply to the Washington conservation corps except for the crew leaders, who shall be project employees, and the administrative and supervisory personnel.

(4) Enrollment shall be for a period of six months which may be extended for an additional six months by mutual agreement of the corps and the corps member. 43.220.230 Limitation on use of funds. (1) Not more than fifteen percent of the funds available for the Washington conservation corps and the Washington service corps prescribed in chapter 50.65 RCW shall be expended for the cost of administration. For the purpose of this chapter, administrative costs are defined as including, but not limited to, program planning and evaluation, budget development and monitoring, personnel management, contract administration, payroll, development of program reports, normal recruitment and placement procedures, standard office space, and costs and utilities.

(2) The fifteen percent limitation does not include costs for any of the following: Program support activities such as direct supervision of enrollees, counseling, job training, equipment, and extraordinary recruitment procedures necessary to fill project positions.

(3) The total costs for all items included under subsection (1) of this section and excluded from the fifteen percent lid under subsection (2) of this section shall not: (a) Exceed thirty percent of the appropriated funds available during a fiscal biennium for the Washington conservation corps and the Washington service corps programs; or (b) result in the average cost per enrollee exceeding the level established by the following formula: Corps member basic hourly wage multiplied by two thousand eighty. The tests included in items (a) and (b) of this subsection are in the alternative and it is only required that one of these tests be satisfied. For purposes of this section, the term administrative costs does not include those extraordinary placement costs of the department of employment security for which the department is eligible for reimbursement under RCW

43.220.240. The provisions of this section apply separately to each corps agency listed in RCW 43.220.020. [1990 c 71 § 3; 1985 c 230 § 3.]

Legislative finding—1990 c 71: "The legislature finds that the Washington conservation corps has proven to be an effective method to provide meaningful work experience for many of the state's young persons. Because of recent, and possible future, increases in the minimum wage laws, it is necessary to make an adjustment in the limitation that applies to corps member reimbursements." [1990 c 71 § 1.]

Legislative findings—1984 c 286: "The legislature finds that the provisions made for safety, emergency care, and athletic health care and training for persons of junior high or high school age are dramatically inferior to those made for athletes at either the postsecondary or

professional levels. The legislature further finds that when care is provided at the junior high and high school level, participants in different athletic activities are not provided with equal care.

The legislature finds that the health and safety of the participants in athletics who are between twelve and eighteen years of age is of great importance. The legislature further finds that standards and guidelines for the health and safety of participants in organized athletics both in the high schools and junior high schools will help protect the young people of this state." [1984 c 286 § 1.]

Severability—1984 c 286: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1984 c 286 § 13.]

(4) "Funds" means:

(a) Public funds under the control of or in the custody of any local government official by virtue of the official's authority that are not immediately required to meet current demands;

(b) State funds that are the proceeds of bonds, notes, or other evidences of indebtedness authorized by the state finance committee under chapter 39.42 RCW or payments pursuant to financing contracts under chapter 39.94 RCW, when the investments are made in order to comply with the Internal Revenue Code of 1986, as amended. 43.280.010 Intent. The legislature recognizes the need to increase the services available to the victims of sex offenders. The legislature also recognizes that these services are most effectively planned and provided at the local level through the combined efforts of concerned community and citizens groups, treatment providers, and local government officials. The legislature further recognizes that adequate treatment for victims is not only a matter of justice for the victim, but also a method by which additional abuse can be prevented.

The legislature intends to enhance the community-based treatment services available to the victims of sex offenders by:

- (1) Providing funding support for local treatment programs which provide services to victims of sex offenders;
- (2) Providing technical assistance and support to help communities plan for and provide treatment services; and
- (3) Providing communities and local treatment providers with opportunities to share information about successful prevention and treatment programs. [1990 c 3 § 1201.]

43.280.020 Grant program—Funding priority. There is established in the department of community development a grant program to enhance the funding for treating the victims of sex offenders. Activities that can be funded through this grant program are limited to those that:

- (1) Provide effective treatment to victims of sex offenders;

(2) Increase access to and availability of treatment for victims of sex offenders, particularly if from underserved populations; and

(3) Create or build on efforts by existing community programs, coordinate those efforts, or develop cooperative efforts or other initiatives to make the most effective use of resources to provide treatment services to these victims.

Funding priority shall be given to those applicants that represent well-established existing programs and applicants that represent new programs that are being created in geographic areas where no programs presently exist. [1990 c 3 § 1203.]

43.280.030 Applications. Applications for funding under this chapter must:

(1) Present evidence demonstrating how the criteria in RCW 43.280.010 will be met and demonstrating the effectiveness of the proposal.

(2) Contain evidence of active participation of the community and its commitment to providing an effective treatment service for victims of sex offenders through the participation of local governments, tribal governments, human service and health organizations, and treatment entities and through meaningful involvement from others, including citizen groups. [1990 c 3 § 1204.]

43.280.040 Organizations eligible. Local governments, nonprofit community groups, and nonprofit treatment providers including organizations which provide services, such as emergency housing, counseling, and crisis intervention shall, among others, be eligible for grants under the program established in RCW 43.280.020. [1990 c 3 § 1205.]

43.280.050 Applications—Minimum requirements. At a minimum, grant applications must include the following:

(1) The geographic area from which the victims to be served are expected to come;

(2) A description of the extent and effect of the needs of these victims within the relevant geographic area;

(3) An explanation of how the funds will be used, their relationship to existing services available within the community, and the need that they will fulfill;

(4) An explanation of what organizations were involved in the development of the proposal; and

(5) An evaluation methodology. [1990 c 3 § 1206.]

43.280.060 Awarding of grants—Peer review committee. (1) Subject to funds appropriated by the legislature, the department of community development shall make awards under the grant program established by RCW 43.280.020.

(2) Awards shall be made competitively based on the purposes of and criteria in this chapter.

(3) To aid the department of community development in making its determination, the department shall form a peer review committee comprised of the executive administrator for the *crime victims' advocacy office and

individuals who have experience in the treatment of victims of predatory violent sex offenders. The peer review committee shall advise the department on the extent to which each eligible applicant meets the purposes and criteria of this chapter. The department shall consider this advice in making awards.

(4) Activities funded under this section may be considered for funding in future years, but shall be considered under the same terms and criteria as new activities. Funding under this chapter shall not constitute an obligation by the state of Washington to provide ongoing funding. [1990 c 3 § 1207.]

*Reviser's note: The section creating the crime victims' advocacy office, 1990 c 3 § 1202, was vetoed by the governor.

43.280.070 Gifts, grants, and endowments. The department of community development may receive such gifts, grants, and endowments from public or private sources as may be made from time to time, in trust or otherwise, for the use and benefit of the purposes of this chapter and expend the same or any income therefrom according to the terms of the gifts, grants, or endowments. 43.290.005	Finding—Purpose.
43.290.010	Office created.
43.290.020	Authority of office.
43.290.900	Effective date—1991 c 24.

43.290.005 Finding—Purpose. The legislature finds that it is in the public interest to create an office of international relations and protocol in order to: Make international relations and protocol a broad-based, focused, and functional part of state government; develop and promote state policies that increase international literacy and cross-cultural understanding among Washington state's citizens; expand Washington state's international cooperation role in such areas as the environment, education, science, culture, and sports; establish coordinated methods for responding to the increasing number of inquiries by foreign governments and institutions seeking cooperative activities within Washington state; provide leadership in state government on international relations and assistance to the legislature and state elected officials on international issues affecting the state; assist with multistate international efforts; and coordinate and improve

communication and resource sharing among various state offices, agencies, and educational institutions with international programs.

It is the purpose of this chapter to bring these functions together in a new office under the office of the governor in order to establish a visible, coordinated, and comprehensive approach to international relations and protocol. [1991 c 24 § 1.]

Transfer of authority—1991 c 24: "All powers, duties, and functions of the office of international relations and protocol in the department of trade and economic development are transferred to the office of international relations and protocol under the office of the governor." [1991 c 24 § 8.]

43.290.010 Office created. The office of international relations and protocol is created under the office of the governor. The office shall serve as the state's official liaison and protocol office with foreign governments. The governor shall appoint a director of the office of international relations and protocol, who shall serve at the pleasure of the governor. Because of the diplomatic character of this office, the director and staff will be exempt from the provisions of chapter 41.06 RCW. The director will be paid a salary to be fixed by the governor in accordance with the provisions of RCW 43.03.040. The director may hire such personnel as may be necessary for the general administration of the office. To the extent permitted by law, state agencies may temporarily loan staff to the office of international relations and protocol to assist in carrying out the office's duties and responsibilities under this chapter. An arrangement to temporarily loan staff must have the approval of the staff members to be loaned and the directors of the office and the agencies involved in the loan. [1991 c 24 § 2.]

43.290.020 Authority of office. The office of international relations and protocol may:

(1) Create temporary advisory committees as necessary to deal with specific international issues. Advisory committee representation may include external organizations such as the Seattle consular corps, world affairs councils, public ports, world trade organizations, private nonprofit organizations dealing with international education or international environmental issues, organizations concerned with international understanding, businesses with experience in international relations, or other organizations deemed appropriate by the director.

(2) Accept or request grants or gifts from citizens and other private sources to be used to defray the costs of appropriate hosting of foreign dignitaries, including appropriate gift-giving and reciprocal gift-giving, or other activities of the office. The office shall open and maintain a bank account into which it shall deposit all money received under this subsection. Such money and the interest accruing thereon shall not constitute public funds, shall be kept segregated and apart from funds of the state, and shall not be subject to appropriation or allotment by the state or subject to chapter 43.88 RCW. [1991 c 24 § 4.]

43.290.900 Effective date—1991 c 24. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect July 1, 1991. [1991 c 24 § 15.]

46.12.050 Issuance of certificates—Contents. The department, if satisfied from the statements upon the application that the applicant is the legal owner of the vehicle or otherwise entitled to have the certificate of ownership thereof in the applicant's name, shall thereupon issue an appropriate certificate of ownership, over the director's signature, authenticated by seal, and a new certificate of license registration if certificate of license registration is required.

Both the certificate of ownership and the certificate of license registration shall contain upon the face thereof, the date of application, the registration number assigned to the registered owner and to the vehicle, the name and address of the registered owner and legal owner, the vehicle identification number, and such other description of the vehicle and facts as the department shall require, and in addition thereto, if the vehicle described in such certificates shall have ever been licensed and operated as an exempt vehicle or a taxicab, or if it is less than four years old and has been rebuilt after having been totaled out by an insurance carrier, such fact shall be clearly shown thereon. All certificates of ownership of motor vehicles issued after April 30, 1990, shall reflect the odometer reading as provided by the odometer disclosure statement submitted with the title application involving a change of registration.

A blank space shall be provided on the face of the certificate of license registration for the signature of the registered owner.

of the reason for the surrender and the date and place of destruction. Failure to notify the department or the possession by any person of any such certificate for a vehicle so destroyed, after fifteen days following its destruction, is prima facie evidence of violation of the provisions of this chapter and constitutes a gross misdemeanor.

Any insurance company settling an insurance claim on a vehicle that has been issued a certificate of ownership under this chapter or a certificate of license registration under chapter 46.16 RCW as a total loss, less salvage value, shall notify the department thereof within fifteen days after the settlement of the claim. Notification shall be provided regardless of where or in what jurisdiction the total loss occurred. [1990 c 250 § 28; 1961 c 12 § 46.12.070. 46.12.101 Transfer of ownership, how perfected—Penalty, exceptions. A transfer of ownership in a motor vehicle is perfected by compliance with the requirements of this section.

(1) If an owner transfers his or her interest in a vehicle, other than by the creation, deletion, or change of a security interest, the owner shall, at the time of the delivery of the vehicle, execute an assignment to the transferee and provide an odometer disclosure statement under RCW 46.12.124 on the certificate of ownership or as the department otherwise prescribes, and cause the certificate and assignment to be transmitted to the transferee. Within five days, excluding Saturdays, Sundays, and state and federal holidays, the owner shall notify the department in writing, on the appropriate form, of the date of the sale or transfer, the name and address of the owner and of the transferee, and such description of the vehicle, including the vehicle identification number, the license plate number, or both, as may be required in the appropriate form provided for that purpose by the department.

(2) The requirements of subsection (1) of this section to provide an odometer disclosure statement apply to the transfer of vehicles held for lease when transferred to a lessee and then to the lessor at the end of the leasehold and to vehicles held in a fleet when transferred to a purchaser.

(3) Except as provided in RCW 46.12.120 the transferee shall within fifteen days after delivery to the transferee of the vehicle, execute the application for a new certificate of ownership in the same space provided therefor on the certificate or as the department prescribes, and cause the certificates and application to be transmitted to the department.

(4) Upon request of the owner or transferee, a secured party in possession of the certificate of ownership shall, unless the transfer was a breach of its security agreement, either deliver the certificate to the transferee for transmission to the department or, when the secured party receives the owner's assignment from the transferee, it shall transmit the transferee's application for a

new certificate, the existing certificate, and the required fee to the department. Compliance with this section does not affect the rights of the secured party.

(5) If a security interest is reserved or created at the time of the transfer, the certificate of ownership shall be retained by or delivered to the person who becomes the secured party, and the parties shall comply with the provisions of RCW 46.12.170.

(6) If the purchaser or transferee fails or neglects to make application to transfer the certificate of ownership and license registration within fifteen days after the date of delivery of the vehicle, he or she shall on making application for transfer be assessed a twenty-five dollar penalty on the sixteenth day and two dollars additional for each day thereafter, but not to exceed one hundred dollars. The director may by rule establish conditions under which the penalty will not be assessed when an application for transfer is delayed for reasons beyond the control of the purchaser. Conditions for not assessing the penalty may be established for but not limited to delays caused by:

(a) The department requesting additional supporting documents;

(b) Extended hospitalization or illness of the purchaser;

(c) Failure of a legal owner to release his or her interest;

(d) Failure, negligence, or nonperformance of the department, auditor, or subagent.

Failure or neglect to make application to transfer the certificate of ownership and license registration within forty-five days after the date of delivery of the vehicle is a misdemeanor.

(7) Upon receipt of an application for reissue or replacement of a certificate of ownership and transfer of license registration, accompanied by the endorsed certificate of ownership or other documentary evidence as is deemed necessary, the department shall, if the application is in order and if all provisions relating to the certificate of ownership and license registration have been complied with, issue new certificates of title and license registration as in the case of an original issue and shall transmit the fees together with an itemized detailed report to the state treasurer, to be deposited in the motor vehicle fund.

(8) Once each quarter the department shall report to the department of revenue a list of those vehicles for which a seller's report has been received but no transfer of title has taken place. 46.12.120 Duty when purchaser or transferee is a dealer. (1) If the purchaser or transferee is a dealer he shall, on selling or otherwise disposing of the vehicle,

promptly execute the assignment and warranty of title, in such form as the director shall prescribe.

(2) The assignment and warranty shall show any secured party holding a security interest created or reserved at the time of resale, to which shall be attached the assigned certificates of ownership and license registration received by the dealer. The dealer shall mail or deliver them to the department with the transferee's application for the issuance of new certificates of ownership and license registration. The title certificate issued for a vehicle possessed by a dealer and subject to a security interest shall be delivered to the secured party who upon request of the dealer's transferee shall, unless the transfer was a breach of the security agreement, either deliver the certificate to the transferee for transmission to the department, or upon receipt from the transferee of the owner's bill of sale or sale document, the transferee's application for a new certificate and the required fee, mail or deliver to the department. Failure of a dealer to deliver the title certificate to the secured party does not affect perfection of the security interest. If the certificate of ownership was issued after April 30, 1990, a secure odometer statement is required, unless specifically exempted. The statements shall include, at a minimum, the following:

If the odometer reading is one hundred thousand miles or more, the options "actual to the best of the transferor's knowledge" or "not the actual mileage" cannot be used unless the odometer has six digit capability;

(g) A statement that the notice is required by the federal Truth in Mileage Act of 1986; and

(h) A statement that failure to complete the odometer disclosure statement or providing false information may result in fines or imprisonment or both.

(2) The transferee shall return a signed copy of the odometer disclosure statement to the transferor at the time of transfer of ownership.

(3) The following vehicles are not subject to the odometer disclosure requirement at the time of ownership transfer:

(a) A vehicle having a declared gross vehicle weight of more than sixteen thousand pounds;

(b) A vehicle that is not self-propelled;

(c) A vehicle that is ten years old or older;

(1) Withhold issuance of a certificate of ownership for a period of three years or until the applicant presents documents reasonably sufficient to satisfy the department as to the applicant's ownership of the vehicle and that there are no undisclosed security interests in it; or

(2) As a condition of issuing a certificate of ownership, require the applicant to file with the department a bond for a period of three years in the form prescribed by the department and executed by the applicant. The bond shall be in an amount equal to one and one-half times the value of the vehicle as determined by the department and conditioned to indemnify any prior owner and secured party and any subsequent purchaser of the vehicle or person acquiring any security interest in it, and their respective successors in interest, against any expense, loss or damage, including reasonable attorney's fees, by reason of the issuance of the certificate of ownership of the vehicle or on account of any defect in or undisclosed security interest upon the right, title and interest of the applicant in and to the vehicle. Exclusions:

"Special highway construction equipment" does not include any of the following:

Dump trucks originally designed to comply with the legal size and weight provisions of this code notwithstanding any subsequent modification which would require a permit, as specified in RCW 46.44.090, to operate such vehicles on a public highway, including trailers, truck-mounted transit mixers, cranes and shovels, or other vehicles designed for the transportation of persons or property to which machinery has been attached.

Rules of court: Monetary penalty schedule—JTIR 6.2.

Legislative intent—1989 c 192: "The legislature recognizes that there are residents of this state who intentionally register motor vehicles in other states to evade payment of taxes and fees required by the laws of this state. This results in a substantial loss of revenue to the state. It is the intent of the legislature to impose a stronger criminal penalty upon those residents who defraud the state, thereby enhancing compliance with the registration laws of this state and further enhancing enforcement and collection efforts.

In order to encourage voluntary compliance with the registration laws of this state, administrative penalties associated with failing to register a motor vehicle are waived until September 1, 1989. It is not the intent of the legislature to waive traffic infraction or criminal traffic violations imposed prior to July 23, 1989." [1989 c 192 § 1.]

Effective date—1989 c 192: "Section 2 of this act shall take effect September 1, 1989." [1989 c 192 § 3.]

(2) The department has the sole discretion to determine whether or not to create, design, or issue any series of special license plates and whether any activity, status, contribution, or sacrifice merits the issuance of a series of special license plates. In making this determination, the department shall consider whether or not an activity or interest proposed contributes or has contributed significantly to the public health, safety, or welfare of the citizens of the United States or of this state or to their significant benefit, or whether the activity, interest, contribution, or sacrifice is recognized by the United States, this state, or other states, in other settings or contexts. The department may also consider the potential number of persons who may be eligible for the plates and the cost and efficiency of producing limited numbers of the plates. The design of a special license plate shall conform to all requirements for plates for the type of vehicle for which it is issued, as provided elsewhere in this chapter. [1990 c 250 § 1.]

(3) Any officer who sees a vehicle being operated with marked license plates may stop the vehicle for the sole purpose of ascertaining whether the driver of the vehicle is operating it in violation of RCW 46.20.021, 46.20.342, or 46.20.420. Nothing in this section prohibits the arrest of a person for an offense if an officer has probable cause to believe the person has committed the offense. [1991 c 293 § 2; 1987 c 388 § 2.]

46.20.021 Driver's license required—Penalty—Surrender of other license—Local license not required.

(1) No person, except as expressly exempted by this chapter, may drive any motor vehicle upon a highway in this state unless the person has a valid driver's license issued to Washington residents under the provisions of

this chapter. A violation of this subsection is a misdemeanor and is a lesser included offense within the offenses described in RCW 46.20.342(1) or 46.20.420.

(2) For the purposes of obtaining a valid driver's license, a resident is a person who manifests an intent to live or be located in this state on more than a temporary or transient basis. Evidence of residency includes but is not limited to:

- (a) Becoming a registered voter in this state; or
- (b) Receiving benefits under one of the Washington public assistance programs; or
- (c) Declaring that he or she is a resident for the purpose of obtaining a state license or tuition fees at resident rates.

(3) The term "Washington public assistance programs" referred to in subsection (2)(b) of this section includes only public assistance programs for which more than fifty percent of the combined costs of benefits and administration are paid from state funds. Programs which are not included within the term "Washington public assistance programs" pursuant to the above criteria include, but are not limited to the food stamp program under the federal food stamp act of 1964; programs under the child nutrition act of 1966, 42 U.S.C. Secs. 1771 through 1788; and aid to families with dependent children, 42 U.S.C. Secs. 601 through 606.

(4) No person shall receive a driver's license unless and until he or she surrenders to the department all valid driver's licenses in his or her possession issued to him or her by any other jurisdiction. The department shall establish a procedure to invalidate the surrendered photograph license and return it to the person. The invalidated license, along with the valid temporary Washington driver's license provided for in RCW 46.20.055(3), shall be accepted as proper identification. The department shall notify the issuing department that the licensee is now licensed in a new jurisdiction. No person shall be permitted to have more than one valid driver's license at any time.

(5) New Washington residents are allowed thirty days from the date they become residents as defined in this section to procure a valid Washington driver's license.

(6) Any person licensed as a driver under this chapter may exercise the privilege thereby granted upon all streets and highways in this state and shall not be required to obtain any other license to exercise such privilege by any county, municipal or local board, or body having authority to adopt local police regulations. Reviser's note: (1) This section was amended by 1991 c 73 § 1 and by 1991 c 293 § 3, each without reference to the other. Both amendments are incorporated in the publication of this section pursuant to RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

(2) Throughout chapter 46.20 RCW the phrases "this 1965 amendatory act" and "this act" have been changed to "this chapter." The 1965 amendatory act [1965 ex.s. c 121] consisted of RCW 46.20.021 through 46.20.055, 46.20.091, 46.20.161 through 46.20.181, 46.20.205,

46.20.207, 46.20.215, 46.20.285, 46.20.291, 46.20.305 through 46.20.315, 46.20.322 through 46.20.336, 46.20.342 through 46.20.344, 46.20.900, 46.20.910, and 46.64.025, the 1965 amendments to RCW 46.20.102 through 46.20.106, 46.20.120 through 46.20.140, 46.20.190, 46.20.200, 46.20.270, and 46.20.340 and 1965 ex.s. c 121 § 1, footnoted after RCW 46.20.021.

Severability—1990 c 250: See note following RCW 46.16.301.

Effective date—Severability—1979 ex.s. c 136: See notes following RCW 46.63.010.

Purpose—Construction—1965 ex.s. c 121: "With the advent of greatly increased interstate vehicular travel and the migration of motorists between the states, the legislature recognizes the necessity of enacting driver licensing laws which are reasonably uniform with the laws of other states and are at the same time based upon sound, realistic principles, stated in clear explicit language. To achieve these ends the legislature does hereby adopt this 1965 amendatory act relating to driver licensing modeled after the Uniform Vehicle Code subject to such variances as are deemed better suited to the people of this state. It is intended that this 1965 amendatory act be liberally construed to effectuate the purpose of improving the safety of our highways through driver licensing procedures within the framework of the traditional freedoms to which every motorist is entitled." [1965 ex.s. c 121 § 1.] For application of this section see reviser's note above.

46.20.055 Instruction permits and temporary licenses. (1) Any person who is at least fifteen and a half years of age may apply to the department for an instruction permit for the operation of any motor vehicle except a motorcycle. Any person sixteen years of age or older, holding a valid driver's license, may apply for an instruction permit for the operation of a motorcycle. The department may in its discretion, after the applicant has successfully passed all parts of the examination other than the driving test, issue to the applicant a driver's or motorcyclist's instruction permit.

(a) A driver's instruction permit entitles the permittee while having the permit in immediate possession to drive a motor vehicle upon the public highways for a period of one year when accompanied by a licensed driver who has had at least five years of driving experience and is occupying a seat beside the driver. Except as provided in subsection (c) of this subsection, only one additional permit, valid for one year, may be issued.

(b) A motorcyclist's instruction permit entitles the permittee while having the permit in immediate possession to drive a motorcycle upon the public highways for a period of ninety days as provided in *RCW 46.20.510(3). Except as provided in subsection (c) of this subsection, only one additional permit, valid for ninety days, may be issued.

(c) The department after investigation may issue a third driver's or motorcyclist's instruction permit when it finds that the permittee is diligently seeking to improve driving proficiency.

(2) The department may waive the examination, except as to eyesight and other potential physical restrictions, for any applicant who is enrolled in either a traffic safety education course as defined by RCW 28A.220.020(2) or a course of instruction offered by a licensed driver training school as defined by RCW 46.82.280(1) at the time the application is being considered by the department. The department may require

proof of registration in such a course as it deems necessary.

(3) The department upon receiving proper application may in its discretion issue a driver's instruction permit to an applicant who is at least fifteen years of age and is enrolled in a traffic safety education program which includes practice driving and which is approved and accredited by the superintendent of public instruction. Such instruction permit shall entitle the permittee having the permit in immediate possession to drive a motor vehicle only when an approved instructor or other licensed driver with at least five years of driving experience, is occupying a seat beside the permittee.

(4) The department may in its discretion issue a temporary driver's permit to an applicant for a driver's license permitting the applicant to drive a motor vehicle for a period not to exceed sixty days while the department is completing its investigation and determination of all facts relative to such applicant's right to receive a driver's license. Such permit must be in the permittee's immediate possession while driving a motor vehicle, and it shall be invalid when the permittee's license has been issued or for good cause has been refused. *Reviser's note: RCW 46.20.510 was amended by 1989 c 337 § 9, and the previous subsection (3) was renumbered as subsection (2).

Severability—1990 c 250: See note following RCW 46.16.301.

46.20.091 Application for license or instruction permit—Fees—Driving records from other jurisdictions. (1) Every application for an instruction permit or for an original driver's license shall be made upon a form prescribed and furnished by the department which shall be sworn to and signed by the applicant before a person authorized to administer oaths. Every application for an instruction permit containing a photograph shall be accompanied by a fee of five dollars. The department shall forthwith transmit the fees collected for instruction permits and temporary drivers' permits to the state treasurer.

(2) Every such application shall state the full name, date of birth, sex, and Washington residence address of the applicant, and briefly describe the applicant, and shall state whether the applicant has theretofore been licensed as a driver or chauffeur, and, if so, when and by what state or country, and whether any such license has ever been suspended or revoked, or whether an application has ever been refused, and, if so, the date of and reason for such suspension, revocation, or refusal, and shall state such additional information as the department shall require.

(3) Whenever application is received from a person previously licensed in another jurisdiction, the department shall request a copy of such driver's record from such other jurisdiction. When received, the driving record shall become a part of the driver's record in this state.

(4) Whenever the department receives request for a driving record from another licensing jurisdiction, the

record shall be forwarded without charge if the other licensing jurisdiction extends the same privilege to the state of Washington. Otherwise there shall be a reasonable charge for transmittal of the record, the amount to be fixed by the director of the department. [1990 c 250 § 35; 1985 ex.s. c 1 § 2; 1979 c 63 § 2; 1965 ex.s. c 121 § 8.]

Severability—1990 c 250: See note following RCW 46.16.301.

Effective date—1985 ex.s. c 1: See note following RCW 46.20.070.

46.20.100 Application of minor under eighteen—Cosignature, traffic safety education course required—Exception. The department of licensing shall not consider an application of any minor under the age of eighteen years for a driver's license or the issuance of a motorcycle endorsement for a particular category unless:

(1) The application is also signed by a parent or guardian having the custody of such minor, or in the event a minor under the age of eighteen has no father, mother, or guardian, then a driver's license shall not be issued to the minor unless his or her application is also signed by the minor's employer; and

(2) The applicant has satisfactorily completed a traffic safety education course as defined in RCW 28A.220.020, conducted by a recognized secondary school, that meets the standards established by the office of the state superintendent of public instruction or the applicant has satisfactorily completed a traffic safety education course, conducted by a commercial driving instruction enterprise, that meets the standards established by the office of the superintendent of public instruction and is officially approved by that office on an annual basis: PROVIDED, HOWEVER, That the director may upon a showing that an applicant was unable to take or complete a driver education course waive that requirement if the applicant shows to the satisfaction of the department that a need exists for the applicant to operate a motor vehicle and he or she has the ability to operate a motor vehicle in such a manner as not to jeopardize the safety of persons or property, under rules to be promulgated by the department in concert with the supervisor of the traffic safety education section, office of the superintendent of public instruction. For a person under the age of eighteen years to obtain a motorcycle endorsement, he or she must successfully complete a motorcycle safety education course that meets the standards established by the department of licensing.

The department may waive any education requirement under this subsection for an applicant previously licensed to drive a motor vehicle or motorcycle outside this state if the applicant provides proof satisfactory to the department that he or she has had education equivalent to that required under this subsection. Severability—1973 1st ex.s. c 154: See note following RCW 2.12.030.

46.20.118 Negative file. The department shall maintain a negative file. It shall contain negatives of all pictures taken by the department of licensing as authorized by RCW 46.20.070 through 46.20.119. Negatives in the file shall not be available for public inspection and copying under chapter 42.17 RCW. The department may make the file available to official governmental enforcement agencies to assist in the investigation by the agencies of suspected criminal activity. The department may also provide a print to the driver's next of kin in the event the driver is deceased. [1990 c 250 § 37; 1981 c 22 § 1; 1979 c 158 § 149; 1969 ex.s. c 155 § 5.]

Severability—1990 c 250: See note following RCW 46.16.301.

Purpose—1969 ex.s. c 155: "The identification of the injured or the seriously ill is often difficult. The need for an identification file to facilitate use by proper law enforcement officers has hampered law enforcement. Personal identification for criminal, personal and commercial reasons is becoming most important at a time when it is increasingly difficult to accomplish. The legislature finds that the public health and welfare requires a standard and readily recognizable means of identification of each person living within the state. The legislature further finds that the need for an identification file by law enforcement agencies must be met. The use of photographic drivers' licenses will greatly aid the problem, but some means of identification must be provided for persons who do not possess a driver's license. The purpose of this 1969 amendatory act is to provide for the positive identification of persons, both through an expanded use of drivers' licenses and also through issue of personal identification cards for nondrivers." [1969 ex.s. c 155 § 1.]

Effective date—1969 ex.s. c 155: "This 1969 amendatory act shall take effect September 1, 1969." [1969 ex.s. c 155 § 7.]

46.20.119 Rules and regulations to be reasonable. The rules and regulations adopted pursuant to RCW 46.20.070 through 46.20.119 shall be reasonable in view of the purposes to be served by RCW 46.20.070 through 46.20.119. [1990 c 250 § 38; 1969 ex.s. c 155 § 6.]

Severability—1990 c 250: See note following RCW 46.16.301.

Effective date—**Purpose**—1969 ex.s. c 155: See notes following RCW 46.20.118.

46.20.120 Examination of license applicants—Late renewal penalty—Exceptions. No new driver's license may be issued and no previously issued license may be renewed until the applicant therefor has successfully passed a driver licensing examination. However, the department may waive all or any part of the examination of any person applying for the renewal of a driver's license except when the department determines that an applicant for a driver's license is not qualified to hold a driver's license under this title. The department may also waive the actual demonstration of the ability to operate a motor vehicle by a person who surrenders a valid driver's license issued by the person's previous home state and who is otherwise qualified to be licensed. For a new license examination a fee of seven dollars shall be paid by each applicant, in addition to the fee charged for issuance of the license. A new license is one issued to a driver who has not been previously licensed in this state or to a driver whose last previous Washington license has been expired for more than four years.

Any person renewing his or her driver's license more than sixty days after the license has expired shall pay a penalty fee of ten dollars in addition to the renewal fee under RCW 46.20.181. The penalty fee shall be deposited in the highway safety fund.

Any person who is outside the state at the time his or her driver's license expires or who is unable to renew the license due to any incapacity may renew the license within sixty days after returning to this state or within sixty days after the termination of any such incapacity without the payment of the penalty fee.

The department shall provide for giving examinations at places and times reasonably available to the people of this state. 46.20.130 Content and conduct of examinations. The director shall prescribe the content of the driver licensing examination and the manner of conducting the examination, which shall include but is not limited to:

(1) A test of the applicant's eyesight and ability to see, understand, and follow highway signs regulating, warning, and directing traffic;

(2) A test of the applicant's knowledge of traffic laws and ability to understand and follow the directives of lawful authority, orally or graphically, that regulate, warn, and direct traffic in accordance with the traffic laws of this state;

(3) An actual demonstration of the applicant's ability to operate a motor vehicle in such a manner as not to jeopardize the safety of persons or property; and

(4) Such further examination as the director deems necessary (a) to determine whether any facts exist which would bar the issuance of a vehicle operator's license under chapters 46.20, 46.21, and 46.29 RCW, and (b) to determine the applicant's fitness to operate a motor vehicle safely on the highways; and

(5) In addition to the foregoing, when the applicant desires to drive a motorcycle, as defined in RCW 46.04-.330, or a motor-driven cycle, as defined in RCW 46.04.332, the applicant shall also demonstrate the ability to operate such motorcycle or motor-driven cycle in such a manner as not to jeopardize the safety of persons or property. Before issuing an original license or identification card or renewing a license or identification card under this chapter, the licensing agent shall determine if the applicant wants to register to vote or transfer his or her voter registration.

If the applicant chooses to register or transfer a registration, the agent shall provide the applicant with a voter registration form and instructions and shall record that the applicant has requested to register to vote or transfer a voter registration. [1990 c 143 § 6.]

46.20.270 Conviction of offense requiring license suspension or revocation—Procedure—Forwarding

of records—Municipalities to report parking violations—Terms defined. (1) Whenever any person is convicted of any offense for which this title makes mandatory the suspension or revocation of the driver's license of such person by the department, the privilege of the person to operate a vehicle is suspended until the department takes the action required by this chapter, and the court in which such conviction is had shall forthwith secure the immediate forfeiture of the driver's license of such convicted person and immediately forward such driver's license to the department, and on failure of such convicted person to deliver such driver's license the judge shall cause such person to be confined for the period of such suspension or revocation or until such driver's license is delivered to such judge: **PROVIDED**, That if the convicted person testifies that he or she does not and at the time of the offense did not have a current and valid vehicle driver's license, the judge shall cause such person to be charged with the operation of a motor vehicle without a current and valid driver's license and on conviction punished as by law provided, and the department may not issue a driver's license to such persons during the period of suspension or revocation: **PROVIDED, ALSO**, That if the driver's license of such convicted person has been lost or destroyed and such convicted person makes an affidavit to that effect, sworn to before the judge, the convicted person may not be so confined, but the department may not issue or re-issue a driver's license for such convicted person during the period of such suspension or revocation: **PROVIDED**, That perfection of notice of appeal shall stay the execution of sentence including the suspension and/or revocation of the driver's license.

(2) Every court having jurisdiction over offenses committed under this chapter, or any other act of this state or municipal ordinance adopted by a local authority regulating the operation of motor vehicles on highways, or any federal authority having jurisdiction over offenses substantially the same as those set forth in Title 46 RCW which occur on federal installations within this state, shall forward to the department within ten days of a forfeiture of bail or collateral deposited to secure the defendant's appearance in court, a payment of a fine or penalty, a plea of guilty or a finding of guilt, or a finding that any person has committed a traffic infraction an abstract of the court record in the form prescribed by rule of the supreme court, showing the conviction of any person or the finding that any person has committed a traffic infraction in said court for a violation of any said laws other than regulations governing standing, stopping, parking, and pedestrian offenses.

(3) Every municipality having jurisdiction over offenses committed under this chapter, or under any other act of this state or municipal ordinance adopted by a local authority regulating the operation of motor vehicles on highways, may forward to the department within ten days of failure to respond, failure to pay a penalty, failure to appear at a hearing to contest the determination that a violation of any statute, ordinance, or regulation relating to standing, stopping, or parking has been committed, or failure to appear at a hearing to explain

mitigating circumstances, an abstract of the citation record in the form prescribed by rule of the department, showing the finding by such municipality that two or more violations of laws governing standing, stopping, and parking have been committed and indicating the nature of the defendant's failure to act. Such violations may not have occurred while the vehicle is stolen from the registered owner or is leased or rented under a bona fide commercial vehicle lease or rental agreement between a lessor engaged in the business of leasing vehicles and a lessee who is not the vehicle's registered owner. The department may enter into agreements of reciprocity with the duly authorized representatives of the states for reporting to each other violations of laws governing standing, stopping, and parking.

(4) For the purposes of Title 46 RCW the term "conviction" means a final conviction in a state or municipal court or by any federal authority having jurisdiction over offenses substantially the same as those set forth in Title 46 RCW which occur on federal installations in this state, an unvacated forfeiture of bail or collateral deposited to secure a defendant's appearance in court, the payment of a fine, a plea of guilty, or a finding of guilt on a traffic law violation charge, regardless of whether the imposition of sentence or sanctions are deferred or the penalty is suspended, but not including entry into a deferred prosecution agreement under chapter 10.05 RCW.

(5) For the purposes of Title 46 RCW the term "finding that a traffic infraction has been committed" means a failure to respond to a notice of infraction or a determination made by a court pursuant to this chapter. Payment of a monetary penalty made pursuant to RCW 46.63.070(2) is deemed equivalent to such a finding. 46.20.311 Duration of suspension or revocation—Conditions for reissuance or renewal. (1) The department shall not suspend a driver's license or privilege to drive a motor vehicle on the public highways for a fixed period of more than one year, except as permitted under RCW 46.20.342 or 46.61.515. Whenever the license or driving privilege of any person is suspended by reason of a conviction, a finding that a traffic infraction has been committed, pursuant to chapter 46.29 RCW, or pursuant to RCW 46.20.291, the suspension shall remain in effect until the person gives and thereafter maintains proof of financial responsibility for the future as provided in chapter 46.29 RCW. The department shall not issue to the person a new, duplicate, or renewal license until the person pays a reissue fee of twenty dollars. (2) Any person whose license or privilege to drive a motor vehicle on the public highways has been revoked, unless the revocation was for a cause which has been removed, is not entitled to have the license or privilege renewed or restored until: (a) After the expiration of one year from the date the license or privilege to drive was revoked; (b) after the expiration of the applicable revocation period provided by RCW 46.61.515(3) (b) or (c); (c) after the expiration of two years for persons convicted of vehicular homicide; (d) after the expiration of one year in cases of revocation for the first refusal

For a revocation under RCW 46.20.265, the department shall not issue a new license unless it is satisfied after investigation of the driving ability of the person that it will be safe to grant that person the privilege of driving a motor vehicle on the public highways.

(3) Whenever the driver's license of any person is suspended pursuant to Article IV of the nonresident violators compact or RCW 46.23.020, the department shall not issue to the person any new or renewal license until the person pays a reissue fee of twenty dollars. Any person who has a valid Washington driver's license is not guilty of a violation of this section.

(a) A person found to be an habitual offender under chapter 46.65 RCW, who violates this section while an order of revocation issued under chapter 46.65 RCW prohibiting such operation is in effect, is guilty of driving while license suspended or revoked in the first degree, a gross misdemeanor. A conviction under this subsection does not prevent a person from petitioning for reinstatement as provided by RCW 46.65.080.

(b) A person who violates this section while an order of suspension or revocation prohibiting such operation is in effect and while the person is not eligible to reinstate his or her driver's license or driving privilege, other than for a suspension for the reasons described in (c) of this subsection, is guilty of driving while license suspended or revoked in the second degree, a gross misdemeanor. person must furnish proof of satisfactory progress in a required alcoholism or drug treatment program, (ii) the person must furnish proof of financial responsibility for the future as provided by chapter 46.29 RCW, (iii) the person has failed to comply with the provisions of chapter 46.29 RCW relating to uninsured accidents, or (iv) the person has committed an offense in another state that, if committed in this state, would not be grounds for the suspension or revocation of the person's driver's license, or any combination of (i) through (iv), is guilty of driving while license suspended or revoked in the third degree, a misdemeanor.

46.25.050 Commercial driver's license required—Exceptions, restrictions. (1) Drivers of commercial motor vehicles shall obtain a commercial driver's license as required under this chapter by April 1, 1992. The director shall establish a program to convert all qualified commercial motor vehicle drivers by that date. After April 1, 1992, except when driving under a commercial driver's instruction permit and a valid automobile or classified license and accompanied by the holder of a commercial driver's license valid for the vehicle being driven, no person may drive a commercial motor vehicle unless the person holds and is in immediate possession of a commercial driver's license and applicable endorsements valid for the vehicle they are driving. However, this requirement does not apply to any person:

(a) Who is the operator of a farm vehicle, and the vehicle is:

- (i) Controlled and operated by a farmer;
- (ii) Used to transport either agricultural products, farm machinery, farm supplies, or any combination of those materials to or from a farm;
- (iii) Not used in the operations of a common or contract motor carrier; and
- (iv) Used within one hundred fifty miles of the person's farm; or

(b) Who is a fire fighter or law enforcement officer operating emergency equipment, and:

(i) The fire fighter or law enforcement officer has successfully completed a driver training course approved by the director; and

(ii) The fire fighter or law enforcement officer carries a certificate attesting to the successful completion of the approved training course; or

(c) Who is operating a recreational vehicle for non-commercial purposes. As used in this section, "recreational vehicle" includes a vehicle towing a horse trailer for a noncommercial purpose.

(2) No person may drive a commercial motor vehicle while his or her driving privilege is suspended, revoked, or canceled, while subject to disqualification, or in violation of an out-of-service order. Violations of this subsection shall be punished in the same way as violations of RCW 46.20.342(1). [1990 c 56 § 1; 1989 c 178 § 7.]

46.25.070 Application—Change of address—Residency. (1) The application for a commercial driver's license or commercial driver's instruction permit must include the following:

- (a) The full name and current mailing and residential address of the person;
- (b) A physical description of the person, including sex, height, weight, and eye color;
- (c) Date of birth;
- (d) The applicant's Social Security number;
- (e) The person's signature;
- (f) Certifications including those required by 49 C.F.R. part 383.71(a);
- (g) Proof of certification of physical examination or waiver, as required by 49 C.F.R. 391.41 through 391.49;
- (h) Any other information required by the department; and

(i) A consent to release driving record information to parties identified in chapter 46.52 RCW and this chapter.

(2) When a licensee changes his or her name, mailing address, or residence address, the person shall notify the department as provided in RCW 46.20.205.

(3) No person who has been a resident of this state for thirty days may drive a commercial motor vehicle under the authority of a commercial driver's license issued by another jurisdiction. [1991 c 73 § 2; 1989 c 178 § 9.]

46.25.120 Test for alcohol or drugs—Disqualification for refusal of test or positive test. (1) A person who drives a commercial motor vehicle within this state

is deemed to have given consent, subject to RCW 46.61-.506, to take a test or tests of that person's blood or breath for the purpose of determining that person's alcohol concentration or the presence of other drugs.

(2) A test or tests may be administered at the direction of a law enforcement officer, who after stopping or detaining the commercial motor vehicle driver, has probable cause to believe that driver was driving a commercial motor vehicle while having alcohol in his or her system.

(3) The law enforcement officer requesting the test under subsection (1) of this section shall warn the person requested to submit to the test that a refusal to submit will result in that person being disqualified from operating a commercial motor vehicle under RCW 46.25.090.

(4) If the person refuses testing, or submits to a test that discloses an alcohol concentration of 0.04 or more, the law enforcement officer shall submit a sworn report to the department certifying that the test was requested pursuant to subsection (1) of this section and that the person refused to submit to testing, or submitted to a test that disclosed an alcohol concentration of 0.04 or more.

(5) Upon receipt of the sworn report of a law enforcement officer under subsection (4) of this section, the department shall disqualify the driver from driving a commercial motor vehicle under RCW 46.25.090, subject to the hearing provisions of RCW 46.20.329 and 46.20.332. The hearing shall be conducted in the county of the arrest. For the purposes of this section, the hearing shall cover the issues of whether a law enforcement officer had reasonable grounds to believe the person had been driving or was in actual physical control of a commercial motor vehicle within this state while having alcohol in the person's system, whether the person refused to submit to the test or tests upon request of the officer after having been informed that the refusal would result in the disqualification of the person from driving a commercial motor vehicle, and, if the test was administered, whether the results indicated an alcoholic concentration in that person's blood of 0.04 percent or more. The department shall order that the disqualification of the person either be rescinded or sustained. Any decision by the department disqualifying a person from driving a commercial motor vehicle is stayed and does not take effect while a formal hearing is pending under this section or during the pendency of a subsequent appeal to superior court so long as there is no conviction for a moving violation or no finding that the person has committed a traffic infraction that is a moving violation during the pendency of the hearing and appeal. If the disqualification of the person is sustained after the hearing, the person who is disqualified may file a petition in the superior court of the county of arrest to review the final order of disqualification by the department in the manner provided in RCW 46.20.334. [1990 c 250 § 50; 1989 c 178 § 14.]

lighting equipment or other equipment on the public streets and highways. [1990 c 94 § 2.]

Legislative finding—1990 c 94: "The legislature declares that public agencies should not engage in activity that leads or abets a person to engage in conduct that is not lawful. The legislature finds that some public agencies sell emergency vehicle lighting equipment at public auctions to persons who may not lawfully use the equipment. The legislature further finds that this practice misleads well-intentioned citizens and also benefits malevolent individuals." [1990 c 94 § 1.]

46.37.420 Tires—Restrictions. (1) It is unlawful to operate a vehicle upon the public highways of this state unless it is completely equipped with pneumatic rubber tires except vehicles equipped with temporary-use spare tires that meet federal standards that are installed and used in accordance with the manufacturer's instructions.

(2) No tire on a vehicle moved on a highway may have on its periphery any block, flange, cleat, or spike or any other protuberance of any material other than rubber which projects beyond the tread of the traction surface of the tire, except that it is permissible to use farm machinery with tires having protuberances that will not injure the highway, and except also that it is permissible to use tire chains or metal studs imbedded within the tire of reasonable proportions and of a type conforming to rules adopted by the state patrol, upon any vehicle when required for safety because of snow, ice, or other conditions tending to cause a vehicle to skid. It is unlawful to use metal studs imbedded within the tire between April 1st and November 1st. The state department of transportation may, from time to time, determine additional periods in which the use of tires with metal studs imbedded therein is lawful.

(3) The state department of transportation and local authorities in their respective jurisdictions may issue special permits authorizing the operation upon a highway of traction engines or tractors having movable tracks with transverse corrugations upon the periphery of the movable tracks or farm tractors or other farm machinery, the operation of which upon a highway would otherwise be prohibited under this section.

(4) Tires with metal studs imbedded therein may be used between November 1st and April 1st upon school buses and fire department vehicles, any law or regulation to the contrary notwithstanding. Motorcycles and motor-driven cycles—Additional requirements and limitations: RCW 46.37.539.

46.37.425 Tires—Unsafe—State patrol's authority—Penalty. No person shall drive or move or

cause to be driven or moved any vehicle, the tires of which have contact with the driving surface of the road, subject to registration in this state, upon the public highways of this state unless such vehicle is equipped with tires in safe operating condition in accordance with requirements established by this section or by the state patrol.

The state patrol shall promulgate rules and regulations setting forth requirements of safe operating condition of tires capable of being employed by a law enforcement officer by visual inspection of tires mounted on vehicles including visual comparison with simple measuring gauges. These rules shall include effects of tread wear and depth of tread.

A tire shall be considered unsafe if it has:

(1) Any ply or cord exposed either to the naked eye or when cuts or abrasions on the tire are probed; or

(2) Any bump, bulge, or knot, affecting the tire structure; or

(3) Any break repaired with a boot; or

(4) A tread depth of less than 2/32 of an inch measured in any two major tread grooves at three locations equally spaced around the circumference of the tire, or for those tires with tread wear indicators, a tire shall be considered unsafe if it is worn to the point that the tread wear indicators contact the road in any two major tread grooves at three locations equally spaced around the circumference of the tire; or

(5) A legend which indicates the tire is not intended for use on public highways such as, "not for highway use" or "for racing purposes only"; or

(6) Such condition as may be reasonably demonstrated to render it unsafe; or

(7) If not matched in tire size designation, construction, and profile to the other tire and/or tires on the same axle, except for temporary-use spare tires that meet federal standards that are installed and used in accordance with the manufacturer's instructions.

No person, firm, or corporation shall sell any vehicle for use on the public highways of this state unless the vehicle is equipped with tires that are in compliance with the provisions of this section. If the tires are found to be in violation of the provisions of this section, the person, firm, or corporation selling the vehicle shall cause such tires to be removed from the vehicle and shall equip the vehicle with tires that are in compliance with the provisions of this section.

It is a traffic infraction for any person to operate a vehicle on the public highways of this state, or to sell a vehicle for use on the public highways of this state, which is equipped with a tire or tires in violation of the provisions of this section or the rules and regulations promulgated by the state patrol hereunder: **PROVIDED, HOWEVER,** That if the violation relates to items (1) to (7) inclusive of this section then the condition or defect must be such that it can be detected by a visual inspection of tires mounted on vehicles, including visual comparison with simple measuring gauges. [1990 c 105 § 2; 1987 c 330 § 722; 1979 ex.s. c 136 § 73; 1977 ex.s. c 355 § 37; 1971 c 77 § 3.]

[1971 c 77 § 4.]

46.37.430 Safety glazing materials—Application of sunscreening or coloring material. (1) No person may sell any new motor vehicle as specified in this title, nor may any new motor vehicle as specified in this title be registered unless such vehicle is equipped with safety glazing material of a type that meets or exceeds federal standards, or if there are none, standards approved by the Washington state patrol. The foregoing provisions apply to all passenger-type motor vehicles, including passenger buses and school buses, but in respect to trucks, including truck tractors, the requirements as to safety glazing material apply to all glazing material used in doors, windows, and windshields in the drivers' compartments of such vehicles except as provided by subsection (4) of this section.

(2) The term "safety glazing materials" means glazing materials so constructed, treated, or combined with other materials as to reduce substantially, in comparison with ordinary sheet glass or plate glass, the likelihood of injury to persons by objects from exterior sources or by these safety glazing materials when they may be cracked or broken.

(3) The director of licensing shall not register any motor vehicle which is subject to the provisions of this section unless it is equipped with an approved type of safety glazing material, and he or she shall suspend the registration of any motor vehicle so subject to this section which the director finds is not so equipped until it is made to conform to the requirements of this section.

(4) No person may sell or offer for sale, nor may any person operate a motor vehicle registered in this state which is equipped with, any camper manufactured after May 23, 1969, unless such camper is equipped with safety glazing material of a type conforming to rules adopted by the state patrol wherever glazing materials are used in outside windows and doors.

(5) No film sunscreening or coloring material that reduces light transmittance to any degree may be applied to the surface of the safety glazing material in a motor vehicle unless it meets the following standards for such material:

(a) The maximum level of film sunscreening material to be applied to any window, except the windshield, shall have a total reflectance of thirty-five percent or less, plus or minus three percent, and a light transmission of thirty-five percent or more, plus or minus three percent, when measured against clear glass and where the vehicle is equipped with outside rearview mirrors on both the right and left. Installation of more than a single sheet of film sunscreening material to any window is prohibited.

The same maximum levels of film sunscreening material may be applied to windows to the immediate right and left of the driver on limousines and passenger buses used to transport persons for compensation and vehicles identified by the manufacturer as multi-use, multipurpose, or other similar designation. All windows to the rear of the driver on such vehicles may have film sunscreening material applied that has less than thirty-five percent light transmittance, if the light reflectance is thirty-five percent or less and the vehicle is equipped with outside rearview mirrors on both the right and left. Manufacturers of film sunscreening material shall provide a label to affix to the vehicle indicating the percentage light transmittance and light reflectance of the film and it shall be affixed by the installer to the area immediately below the federal vehicle identification number sticker on the driver's side striker post. All vehicles equipped with film sunscreening material are required, on and after January 1, 1991, to meet the labeling requirements in this section. The label shall meet standards adopted by the state patrol.

(b) A greater degree of light reduction is permitted on all windows and the top six inches of windshields of a vehicle operated by or carrying as a passenger a person who possesses a written verification from a licensed physician that the operator or passenger must be protected from exposure to sunlight for physical or medical reasons.

(c) Windshield application. A greater degree of light reduction is permitted on the top six-inch area of a vehicle's windshield. Clear film sunscreening material that reduces or eliminates ultraviolet light may be applied to windshields.

(d) When film sunscreening material is applied to any window except the windshield, outside mirrors on both the left and right sides shall be located so as to reflect to the driver a view of the roadway, through each mirror, a distance of at least two hundred feet to the rear of the vehicle.

(e) The following types of film sunscreening material are not permitted:

- (i) Mirror finish products;
- (ii) Red, gold, yellow, or black material; or
- (iii) Film sunscreening material that is in liquid pre-application form and brushed or sprayed on.

Nothing in this section prohibits the use of shaded or heat-absorbing safety glazing material in which the shading or heat-absorbing characteristics have been applied at the time of manufacture of the safety glazing material and which meet federal standards and the standards of the state patrol for such safety glazing materials.

(6) It is a traffic infraction for any person to operate a vehicle for use on the public highways of this state, if the vehicle is equipped with film sunscreening or coloring material in violation of this section.

(7) Owners of vehicles with film sunscreening material applied to windows to the rear of the driver, prior to June 7, 1990, must comply with the requirements of this section and RCW 46.37.435 by July 1, 1993. [1990 c 95 § 1; 1989 c 210 § 1; 1987 c 330 § 723; 1986 c 113 § 5;

Unlawful installation is a misdemeanor. [1990 c 95 § 2.]

46.37.480 Television viewers—Earphones. (1) No person shall drive any motor vehicle equipped with any television viewer, screen, or other means of visually receiving a television broadcast which is located in the motor vehicle at any point forward of the back of the driver's seat, or which is visible to the driver while operating the motor vehicle.

(2) No person shall operate any motor vehicle on a public highway while wearing any headset or earphones connected to any electronic device capable of receiving a radio broadcast or playing a sound recording for the purpose of transmitting a sound to the human auditory senses and which headset or earphones muffle or exclude other sounds. This subsection does not apply to students and instructors participating in a Washington state motorcycle safety program.

(3) This section does not apply to authorized emergency vehicles or to motorcyclists wearing a helmet with built-in headsets or earphones as approved by the Washington state patrol. 46.44.015 Tow truck exemptions. The limitations of RCW 46.44.010, 46.44.020, 46.44.030, 46.44.034, 46.44.041, 46.44.042, 46.44.050, and 46.44.080 do not apply to the movement of a tow truck, as defined in RCW 46.55.010, if the tow truck is performing the initial tow truck service, as defined in RCW 46.55.010, regardless of the destination, for a vehicle disabled on the public streets and highways of this state: PROVIDED, That an overweight permit has been obtained by the tow truck operator with such permit being available on a twenty-four hour basis by telephone. [1991 c 276 § 1.]

46.44.030 Maximum lengths. It is unlawful for any person to operate upon the public highways of this state any vehicle having an overall length, with or without load, in excess of forty feet. This restriction does not apply to (1) a municipal transit vehicle or (2) an articulated auto stage with an overall length not to exceed sixty-one feet.

It is unlawful for any person to operate on the highways of this state any combination of vehicles that contains a vehicle in excess of forty-eight feet, with or without load.

It is unlawful for any person to operate upon the public highways of this state any combination consisting of a tractor and semitrailer that has a semitrailer length in excess of forty-eight feet or a combination consisting of a tractor and two trailers in which the combined length of the trailers exceeds sixty feet, with or without load.

However, a combination of vehicles transporting automobiles or boats may have a front overhang of three feet and a rear overhang of four feet beyond this allowed length.

These length limitations do not apply to vehicles transporting poles, pipe, machinery, or other objects of a structural nature that cannot be dismembered and operated by a public utility when required for emergency repair of public service facilities or properties, but in respect to night transportation every such vehicle and load thereon shall be equipped with a sufficient number of clearance lamps on both sides and marker lamps upon the extreme ends of any projecting load to clearly mark the dimensions of the load.

The length limitations described in this section are exclusive of safety and energy conservation devices, such as mud flaps and splash and spray suppressant devices, refrigeration units or air compressors, and other devices that the department determines to be necessary for safe and efficient operation of commercial vehicles. No device excluded under this paragraph from the limitations of this section may have, by its design or use, the capability to carry cargo. (2) No vehicle shall be operated upon the public highways with any part of the permanent structure or load extending in excess of fifteen feet beyond the center of the last axle of such vehicle. This subsection does not apply to "specialized equipment" designated under 49 U.S.C. (1) A combination consisting of a truck tractor, a semitrailer, and another semitrailer or a full trailer. In this combination a converter gear used to convert a semitrailer into a full trailer shall be considered to be a part of the full trailer and not a separate vehicle. A converter gear being pulled without load and not used to convert a semitrailer into a full trailer may be substituted in lieu of a full trailer or a semitrailer in any lawful combination;

(2) A combination not exceeding seventy-five feet in overall length consisting of four trucks or truck tractors used in driveaway service where three of the vehicles are towed by the fourth in triple saddle mount position;

(3) A combination consisting of a truck tractor carrying a freight compartment no longer than eight feet, a semitrailer, and another semitrailer or full trailer that meets the legal length requirement for a truck and trailer combination set forth in RCW 46.44.030. 46.44.095 Annual additional tonnage permits—Fees. When a combination of vehicles has been lawfully licensed to a total gross weight of eighty thousand pounds and when a three or more axle single unit vehicle has been lawfully licensed to a total gross weight of forty thousand pounds pursuant to provisions of RCW 46.44-.041, a permit for additional gross weight may be issued by the department of transportation upon the payment of fifty-two dollars and fifty cents per year for each one thousand pounds or fraction thereof of such additional gross weight: PROVIDED, That the tire limits specified in RCW 46.44.042 shall apply, and the gross weight on any single axle shall not exceed twenty thousand pounds, and the gross load on any group of axles shall not exceed

the limits set forth in RCW 46.44.041: PROVIDED FURTHER, That within the tire limits of RCW 46.44.042, and notwithstanding RCW 46.44.041 and 46.44.091, a permit for an additional six thousand pounds may be purchased for the rear axles of a two-axle garbage truck or eight thousand pounds for the tandem axle of a three axle garbage truck at a rate not to exceed forty-two dollars per thousand. Such additional weight in the case of garbage trucks shall not be valid or permitted on any part of the federal interstate highway system.

The annual additional tonnage permits provided for in this section shall be issued upon such terms and conditions as may be prescribed by the department pursuant to general rules adopted by the transportation commission. Such permits shall entitle the permittee to carry such additional load in an amount and upon highways or sections of highways as may be determined by the department of transportation to be capable of withstanding increased gross load without undue injury to the highway: PROVIDED, That the permits are not valid on any highway where the use of such permits would deprive this state of federal funds for highway purposes.

For those vehicles registered under chapter 46.87 RCW, the annual additional tonnage permits provided for in this section may be issued to coincide with the registration year of the base jurisdiction. For those vehicles registered under chapter 46.16 RCW and whose registration has staggered renewal dates, the annual additional tonnage permits may be issued to coincide with the expiration date of the registration. The permits may be purchased at any time, and if they are purchased for less than a full year, the fee shall be one-twelfth of the full fee multiplied by the number of months, including any fraction thereof, covered by the permit. When the department issues a duplicate permit to replace a lost or destroyed permit and where the department transfers a permit from one vehicle to another a fee of fourteen dollars shall be charged for each duplicate issued or each transfer. The department of transportation shall issue permits on a temporary basis for periods not less than five days at two dollars and eighty cents per day for each two thousands pounds or fraction thereof.

The fees levied in RCW 46.44.0941 and this section shall not apply to any vehicles owned and operated by the state of Washington, any county within the state, or any city or town or metropolitan municipal corporation within the state, or by the federal government.

In the case of fleets prorating license fees under the provisions of chapter 46.87 RCW, the fees provided for in this section shall be computed by the department of transportation by applying the proportion of the Washington mileage of the fleet in question to the total mileage of the fleet as reported pursuant to chapter 46.87 RCW to the fees that would be required to purchase the additional weight allowance for all eligible vehicles or combinations of vehicles for which the extra weight allowance is requested.

When computing fees that result in an amount other than full dollars, the fee shall be increased to the next full dollar if fifty cents or over and shall be reduced to

the next full dollar if forty-nine cents or under. The minimum fee for any prorated tonnage permit issued under this section shall be thirty-five dollars. 46.44.105 Enforcement procedures—Penalties—Rules. (1) Violation of any of the provisions of RCW 46.44.041, 46.44.042, 46.44.047, 46.44.090, 46.44.091, and 46.44.095, or failure to obtain a permit as provided by RCW 46.44.090 and 46.44.095, or misrepresentation of the size or weight of any load or failure to follow the requirements and conditions of a permit issued hereunder is a traffic infraction, and upon the first finding thereof shall be assessed a basic penalty of not less than fifty dollars; and upon a second finding thereof shall be assessed a basic penalty of not less than seventy-five dollars; and upon a third or subsequent finding shall be assessed a basic penalty of not less than one hundred dollars.

(2) In addition to the penalties imposed in subsection (1) of this section, any person violating RCW 46.44.041, 46.44.042, 46.44.047, 46.44.090, 46.44.091, or 46.44.095 shall be assessed three cents for each pound of excess weight. Upon a first violation in any calendar year, the court may suspend the penalty for five hundred pounds of excess weight for each axle on any vehicle or combination of vehicles, not to exceed a two thousand pound suspension. In no case may the basic penalty assessed in subsection (1) of this section be suspended.

(3) Whenever any vehicle or combination of vehicles is involved in two violations of RCW 46.44.041, 46.44.042, 46.44.047, 46.44.090, 46.44.091, or 46.44.095 during any twelve-month period, the court may suspend the certificate of license registration of the vehicle or combination of vehicles for not less than thirty days. Upon a third or succeeding violation in any twelve-month period, the court shall suspend the certificate of license registration for not less than thirty days. Whenever the certificate of license registration is suspended, the court shall secure such certificate and immediately forward the same to the director with information concerning the suspension.

(4) Any person found to have violated any posted limitations of a highway or section of highway shall be assessed a monetary penalty of not less than one hundred and fifty dollars, and the court shall in addition

thereto upon second violation within a twelve-month period involving the same power unit, suspend the certificate of license registration for not less than thirty days.

(5) Any police officer is authorized to require the driver of any vehicle or combination of vehicles to stop and submit to a weighing either by means of a portable or stationary scale and may require that the vehicle be driven to the nearest public scale. Whenever a police officer, upon weighing a vehicle and load, determines that the weight is unlawful, the officer may require the driver to stop the vehicle in a suitable location and remain standing until such portion of the load is removed as may be necessary to reduce the gross weight of the vehicle to the limit permitted by law.

Any vehicle whose driver or owner represents that the vehicle is disabled or otherwise unable to proceed to a weighing location shall have its load sealed or otherwise marked by any police officer. The owner or driver shall be directed that upon completion of repairs, the vehicle shall submit to weighing with the load and markings and/or seal intact and undisturbed. Failure to report for weighing, appearing for weighing with the seal broken or the markings disturbed, or removal of any cargo prior to weighing is unlawful. Any person so convicted shall be fined five hundred dollars, and in addition the certificate of license registration shall be suspended for not less than thirty days.

(6) Any other provision of law to the contrary notwithstanding, district courts having venue have concurrent jurisdiction with the superior courts for the imposition of any penalties authorized under this section.

(7) For the purpose of determining additional penalties as provided by subsection (2) of this section, "excess weight" means the poundage in excess of the maximum gross weight prescribed by RCW 46.44.041 and 46.44.042 plus the weights allowed by RCW 46.44.047, 46.44.091, and 46.44.095.

(8) The penalties provided in subsections (1) and (2) of this section shall be remitted as provided in chapter 3.62 RCW or RCW 10.82.070. For the purpose of computing the basic penalties and additional penalties to be imposed under the provisions of subsections (1) and (2) of this section the convictions shall be on the same vehicle or combination of vehicles within a twelve-month period under the same ownership.

(9) Any state patrol officer or any weight control officer who finds any person operating a vehicle or a combination of vehicles in violation of the conditions of a permit issued under RCW 46.44.047, 46.44.090, and 46.44.095 may confiscate the permit and forward it to the state department of transportation which may return it to the permittee or revoke, cancel, or suspend it without refund. The department of transportation shall keep a record of all action taken upon permits so confiscated, and if a permit is returned to the permittee the action taken by the department of transportation shall be endorsed thereon. Any permittee whose permit is suspended or revoked may upon request receive a hearing

before the department of transportation or person designated by that department. After the hearing the department of transportation may reinstate any permit or revise its previous action.

Every permit issued as provided for in this chapter shall be carried in the vehicle or combination of vehicles to which it refers and shall be open to inspection by any law enforcement officer or authorized agent of any authority granting such a permit.

Upon the third finding within a calendar year of a violation of the requirements and conditions of a permit issued under RCW 46.44.095 as now or hereafter amended, the permit shall be canceled, and the canceled permit shall be immediately transmitted by the court or the arresting officer to the department of transportation. The vehicle covered by the canceled permit is not eligible for a new permit for a period of thirty days.

(10) For the purposes of determining gross weights the actual scale weight taken by the arresting officer is prima facie evidence of the total gross weight.

(11) It is a traffic infraction to direct the loading of a vehicle with knowledge that it violates the requirements in RCW 46.44.041, 46.44.042, 46.44.047, 46.44.090, 46.44.091, or 46.44.095 and that it is to be operated on the public highways of this state.

(12) The chief of the state patrol, with the advice of the department, may adopt reasonable rules to aid in the enforcement of this section. [1990 c 217 § 1; 1985 c 351 § 6; 1984 c 258 § 327; 1984 c 7 § 58; 1979 ex.s. c 136 § 75; 1975-'76 2nd ex.s. c 64 § 23.]

(b) "Private impound" means that the vehicle has been impounded at the direction of a person having control or possession of the private property upon which the vehicle was located.

(4) "Junk vehicle" means a vehicle certified under RCW 46.55.230 as meeting all the following requirements:

- (a) Is three years old or older;

- (d) Is without a valid, current registration plate;
- (e) Has an approximate fair market value equal only to the approximate value of the scrap in it.

(5) "Master log" means the document or an electronic facsimile prescribed by the department and the Washington state patrol in which an operator records transactions involving impounded vehicles.

(6) "Registered tow truck operator" or "operator" means any person who engages in the impounding, transporting, or storage of unauthorized vehicles or the disposal of abandoned vehicles.

(7) "Residential property" means property that has no more than four living units located on it.

Construction—Application of rules—Severability—1987 c 330: See notes following RCW 28B.12.050.

46.55.100 Impound notice—Abandoned vehicle report—Owner information—Disposition report. (1) At the time of impoundment the registered tow truck operator providing the towing service shall give immediate notification, by telephone or radio, to a law enforcement agency having jurisdiction who shall maintain a log of such reports. A law enforcement agency, or a private communication center acting on behalf of a law enforcement agency, shall within six to twelve hours of the impoundment, provide to a requesting operator the name and address of the legal and registered owners of the vehicle, the vehicle identification number, and any other

necessary, pertinent information. The initial notice of impoundment shall be followed by a written or electronic facsimile notice within twenty-four hours. In the case of a vehicle from another state, time requirements of this subsection do not apply until the requesting law enforcement agency in this state receives the information.

(2) The operator shall immediately send an abandoned vehicle report to the department for any vehicle in the operator's possession after the ninety-six hour abandonment period. Such report need not be sent when the impoundment is pursuant to a writ, court order, or police hold. The owner notification and abandonment process shall be initiated by the registered tow truck operator immediately following notification by a court or law enforcement officer that the writ, court order, or police hold is no longer in effect.

(3) Following the submittal of an abandoned vehicle report, the department shall provide the registered tow truck operator with owner information within seventy-two hours.

(4) Within fifteen days of the sale of an abandoned vehicle at public auction, the towing operator shall send a copy of the abandoned vehicle report showing the disposition of the abandoned vehicle to the crime information center of the Washington state patrol.

(5) If the operator sends an abandoned vehicle report to the department and the department finds no owner information, an operator may proceed with an inspection of the vehicle to determine whether owner identification is within the vehicle.

(6) If the operator finds no owner identification, the operator shall immediately notify the appropriate law enforcement agency, which shall search the vehicle for the vehicle identification number and check the necessary records to determine the vehicle's owners. [1991 c 20 § 1; 1989 c 111 § 9; 1987 c 311 § 8; 1985 c 377 § 10.]

46.55.140 Operator's lien, deficiency claim, liability.

(1) A registered tow truck operator who has a valid and signed impoundment authorization has a lien upon the impounded vehicle for services provided in the towing and storage of the vehicle, unless the impoundment is determined to have been invalid. The lien does not apply to personal property in or upon the vehicle that is not permanently attached to or is not an integral part of the vehicle. The registered tow truck operator also has a deficiency claim against the registered owner of the vehicle for services provided in the towing and storage of the vehicle not to exceed the sum of three hundred dollars less the amount bid at auction, and for vehicles of over ten thousand pounds gross vehicle weight, the operator has a deficiency claim of one thousand dollars less the amount bid at auction, unless the impound is determined to be invalid. In no case may the cost of the auction or a buyer's fee be added to the amount charged for the vehicle at the auction, the vehicle's lien, or the overage due. A registered owner who has completed and filed with the department the seller's report as provided for by RCW 46.12.101 and has timely and properly filed the seller's report is relieved of liability under this section.

The person named as the new owner of the vehicle on the timely and properly filed seller's report shall assume liability under this section.

(2) Any person who tows, removes, or otherwise disturbs any vehicle parked, stalled, or otherwise left on privately owned or controlled property, and any person owning or controlling the private property, or either of them, are liable to the owner or operator of a vehicle, or each of them, for consequential and incidental damages arising from any interference with the ownership or use of the vehicle which does not comply with the requirements of this chapter. [1991 c 20 § 2; 1989 c 111 § 13; 1987 c 311 § 14; 1985 c 377 § 14.]

46.55.230 Junk vehicles—Removal, disposal, sale.

(1) Notwithstanding any other provision of law, any law enforcement officer having jurisdiction or any person authorized by the director shall inspect and may authorize the disposal of an abandoned junk vehicle. The person making the inspection shall record the make and vehicle identification number or license number of the vehicle if available, and shall also verify that the approximate value of the junk vehicle is equivalent only to the approximate value of the scrap in it.

(2) The law enforcement officer or department representative shall provide information on the vehicle's registered and legal owner to the landowner.

(3) Upon receiving information on the vehicle's registered and legal owner, the landowner shall mail a notice to the registered and legal owners shown on the records of the department. The notification shall describe the redemption procedure and the right to arrange for the removal of the vehicle.

(4) If the vehicle remains unclaimed more than fifteen days after the landowner has mailed notification to the registered and legal owner, the landowner may dispose of the vehicle or sign an affidavit of sale to be used as a title document.

(5) If no information on the vehicle's registered and legal owner is found in the records of the department, the landowner may immediately dispose of the vehicle or sign an affidavit of sale to be used as a title document.

(6) The landowner of the property upon which the junk vehicle is located is entitled to recover from the vehicle's registered owner any costs incurred in the removal of the junk vehicle.

(7) For the purposes of this section, the term "landowner" includes a legal owner of private property, a person with possession or control of private property, or a public official having jurisdiction over public property.

(8) A person complying in good faith with the requirements of this section is immune from any liability arising out of an action taken or omission made in the compliance. [1991 c 292 § 2; 1987 c 311 § 19; 1985 c 377 § 23.]

46.55.240 Local ordinances—Requirements. (1) A city, town, or county that adopts an ordinance or resolution concerning unauthorized, abandoned, or impounded vehicles shall include the applicable provisions of this chapter.

(a) A city, town, or county may, by ordinance, authorize other impound situations that may arise locally upon the public right-of-way or other publicly owned or controlled property.

(b) A city, town, or county ordinance shall contain language that establishes a written form of authorization to impound, which may include a law enforcement notice of infraction or citation, clearly denoting the agency's authorization to impound.

(c) A city, town, or county may, by ordinance, provide for release of an impounded vehicle by means of a promissory note in lieu of immediate payment, if at the time of redemption the legal or registered owner requests a hearing on the validity of the impoundment. If the municipal ordinance directs the release of an impounded vehicle before the payment of the impoundment charges, the municipality is responsible for the payment of those charges to the registered tow truck operator within thirty days of the hearing date.

(d) The hearing specified in RCW 46.55.120(2) and in this section may be conducted by an administrative hearings officer instead of in the district court. A decision made by an administrative hearing officer may be appealed to the district court for final judgment.

(2) A city, town, or county may adopt an ordinance establishing procedures for the abatement and removal as public nuisances of junk vehicles or parts thereof from private property. Costs of removal may be assessed against the registered owner of the vehicle if the identity of the owner can be determined, unless the owner in the transfer of ownership of the vehicle has complied with RCW 46.12.101, or the costs may be assessed against the owner of the property on which the vehicle is stored.

(3) Ordinances pertaining to public nuisances shall contain:

(a) A provision requiring notice to the last registered owner of record and the property owner of record that a hearing may be requested and that if no hearing is requested, the vehicle will be removed;

(b) A provision requiring that if a request for a hearing is received, a notice giving the time, location, and date of the hearing on the question of abatement and removal of the vehicle or part thereof as a public nuisance shall be mailed, by certified mail, with a five-day return receipt requested, to the owner of the land as shown on the last equalized assessment roll and to the last registered and legal owner of record unless the vehicle is in such condition that identification numbers are not available to determine ownership;

(c) A provision that the ordinance shall not apply to (i) a vehicle or part thereof that is completely enclosed within a building in a lawful manner where it is not visible from the street or other public or private property or (ii) a vehicle or part thereof that is stored or parked in a lawful manner on private property in connection with the business of a licensed dismantler or licensed vehicle dealer and is fenced according to RCW 46.80.130;

(d) A provision that the owner of the land on which the vehicle is located may appear in person at the hearing or present a written statement in time for consideration at the hearing, and deny responsibility for the

presence of the vehicle on the land, with his reasons for the denial. If it is determined at the hearing that the vehicle was placed on the land without the consent of the landowner and that he has not subsequently acquiesced in its presence, then the local agency shall not assess costs of administration or removal of the vehicle against the property upon which the vehicle is located or otherwise attempt to collect the cost from the owner;

(e) A provision that after notice has been given of the intent of the city, town, or county to dispose of the vehicle and after a hearing, if requested, has been held, the vehicle or part thereof shall be removed at the request of a law enforcement officer with notice to the Washington state patrol and the department of licensing that the vehicle has been wrecked. The city, town, or county may operate such a disposal site when its governing body determines that commercial channels of disposition are not available or are inadequate, and it may make final disposition of such vehicles or parts, or may transfer such vehicle or parts to another governmental body provided such disposal shall be only as scrap.

(4) A registered disposer under contract to a city or county for the impounding of vehicles shall comply with any administrative regulations adopted by the city or county on the handling and disposing of vehicles. [1991 c 292 § 3; 1989 c 111 § 17; 1987 c 311 § 20; 1985 c 377 § 24.]

ENFORCEMENT**

46.64.020	Nonappearance after written promise—Penalty—Response by mail, when—Arrest, when.
46.64.048	Attempting, aiding, abetting, coercing, committing violations, punishable.

46.64.020 Nonappearance after written promise—Penalty—Response by mail, when—Arrest, when.

(1) The legislature finds that:

(a) Traffic laws are necessary for the safe and expeditious flow of motor vehicle traffic.

(b) For traffic laws to be effective, they must be judiciously and fairly enforced. This enforcement includes the issuance of notices of infraction and citations and the assessment of fines and penalties.

(c) The adjudication of notices of infraction through a written and signed promise to respond, and of citations through a written and signed promise to appear, as provided in this title is an integral and important part of the traffic law system.

(d) Approximately twenty percent of all people issued notices of infraction and citations violate their written and signed promise to respond or appear and obtain notices of failure to respond or appear on their driving records. Through their actions, these people are destroying the effectiveness of the traffic law system and undermining the department of licensing regulatory control of drivers' licenses.

(e) Notices of failure to respond or appear accumulated on a person's driving record shall be considered if they were issued after July 25, 1987.

(2) Any person violating his or her written and signed promise to appear in court or his or her written and signed promise to respond to a notice of traffic infraction, as provided in this title, is guilty of a misdemeanor regardless of the disposition of the charge upon which he or she was originally arrested or the disposition of the notice of infraction: **PROVIDED**, That a written promise to appear in court or a written promise to respond to a notice of traffic infraction may be complied with by an appearance by counsel: **PROVIDED FURTHER**, That a person charged under RCW 46.20.021 with driving with an expired driver's license may respond by mailing to the court within fifteen days of the violation, a copy of the person's currently valid driver's license. Any person who has been issued a notice of infraction pursuant to RCW 46.63.030(3) and who fails to respond as provided in this title is guilty of a misdemeanor regardless of the disposition of the notice of infraction.

(3) Any person who drives a motor vehicle within the state and has accumulated two or more notices of failure to appear or respond on his or her driving record maintained by the department of licensing in any five-year period as a result of noncompliance with the traffic laws in any jurisdiction or court within Washington, or in any jurisdiction or court within other states which are signatories with Washington in a nonresident violator compact or reciprocal agreement under chapter 46.23 RCW,

shall be guilty of failure to comply, a gross misdemeanor. A person is not subject to this subsection for failure to pay a fine for any pedestrian, bicycling, or parking offense.

Probable cause for arrest under this subsection is established by the officer obtaining, orally or in writing, information from the department of licensing that two or more notices of failure to appear or respond are on the person's driving record. For purposes of this chapter, failure to satisfy any penalties imposed under this title is considered equivalent to failure to appear or respond.

Venue for prosecution shall be in the court with jurisdiction in the area of apprehension. [1990 c 250 § 61; 1990 c 210 § 1; 1988 c 38 § 1; 1987 c 345 § 1; 1986 c 213 § 1; 1980 c 128 § 8; 1961 c 12 § 46.64.020. Prior: 1937 c 189 § 146; RRS § 6360-146.]

Severability—1990 c 250: See note following RCW 46.16.301.

Effective date—Severability—1980 c 128: See notes following RCW 46.63.060.

46.64.048 Attempting, aiding, abetting, coercing, committing violations, punishable. Every person who commits, attempts to commit, conspires to commit, or aids or abets in the commission of any act declared by this title to be a traffic infraction or a crime, whether individually or in connection with one or more other persons or as principal, agent, or accessory, shall be guilty of such offense, and every person who falsely, fraudulently, forcefully, or willfully induces, causes, coerces, requires, permits or directs others to violate any provisions of this title is likewise guilty of such offense. [1990 c 250 § 60; 1961 c 12 § 46.56.210. Prior: 1937 c 189 § 149; RRS § 6360-149. Formerly RCW 46.61.695.]

The mileage to be used for these computations shall be as shown in the county road log as maintained by the county road administration board as of July 1, 1985, and each two years thereafter. Each county shall be responsible for submitting changes, corrections, and deletions as regards the county road log to the county road administration board. Such changes, corrections, and deletions shall be subject to verification and approval by the county road administration board prior to inclusion in the county road log.

46.70.023 Place of business. (1) An "established place of business" requires a permanent, enclosed commercial building located within the state of Washington easily accessible at all reasonable times. An established place of business shall have an improved display area of not less than three thousand square feet in or immediately adjoining the building, or a display area large enough to display six or more vehicles of the type the dealer is licensed to sell, whichever area is larger. The business of a vehicle dealer, including the display and repair of vehicles, may be lawfully carried on at an established place of business in accordance with the terms of all applicable building code, zoning, and other land-use regulatory ordinances. The dealer shall keep the building open to the public so that they may contact the vehicle dealer or the dealer's salespersons at all reasonable times. The books, records, and files necessary to conduct the business shall be kept and maintained at that place. The established place of business shall display an exterior sign with the business name and nature of the business, such as auto sales, permanently affixed to the land or building, with letters clearly visible to the major avenue of traffic. In no event may a room or rooms in a hotel, rooming house, or apartment house building or part of a single or multiple-unit dwelling house be considered an "established place of business" unless the ground floor of such a dwelling is devoted principally to and occupied for commercial purposes and the dealer offices are located on the ground floor. A mobile office or mobile home may be used as an office if it is connected to utilities and is set up in accordance with state law. This subsection does not apply to auction companies that do not own vehicle inventory or sell vehicles from an auction yard.

(2) An auction company shall have office facilities within the state. The books, records, and files necessary to conduct the business shall be maintained at the office facilities. All storage facilities for inventory shall be listed with the department, and shall meet local zoning and land use ordinances. An auction company shall maintain a telecommunications system.

(3) Auction companies shall post their vehicle dealer license at each auction where vehicles are offered, and shall provide the department with the address of the auction at least three days before the auction.

(4) If a dealer maintains a place of business at more than one location or under more than one name in this state, he or she shall designate one location as the principal place of business of the firm, one name as the principal name of the firm, and all other locations or names as subagencies. A subagency license is required for each and every subagency: PROVIDED, That the department may grant an exception to the subagency requirement in the specific instance where a licensed dealer is unable to locate their used vehicle sales facilities adjacent to or at the established place of business. This exception shall be granted and defined under the promulgation of rules consistent with the Administrative Procedure Act.

(5) All vehicle dealers shall maintain ownership or leasehold throughout the license year of the real property from which they do business. The dealer shall provide the department with evidence of ownership or leasehold whenever the ownership changes or the lease is terminated.

(6) A subagency shall comply with all requirements of an established place of business, except that auction companies shall comply with the requirements in subsection (2) of this section.

(7) A temporary subagency shall meet all local zoning and building codes for the type of merchandising being conducted. The dealer license certificate shall be posted at the location. No other requirements of an established place of business apply to a temporary subagency. Auction companies are not required to obtain a temporary subagency license.

(8) A wholesale vehicle dealer shall have office facilities in a commercial building within this state, and all storage facilities for inventory shall be listed with the department, and shall meet local zoning and land use ordinances. A wholesale vehicle dealer shall maintain a telecommunications system. An exterior sign visible from the nearest street shall identify the business name and the nature of business. A wholesale dealer need not maintain a display area as required in this section. When two or more vehicle dealer businesses share a location, all records, office facilities, and inventory, if any, must be physically segregated and clearly identified.

(9) A retail vehicle dealer shall be open during normal business hours, maintain office and display facilities in a commercially zoned location or in a location complying with all applicable building and land use ordinances, and maintain a business telephone listing in the local directory. When two or more vehicle dealer businesses share a location, all records, office facilities, and inventory shall be physically segregated and clearly identified.

(10) A listing dealer need not have a display area if the dealer does not physically maintain any vehicles for display.

(11) A subagency license is not required for a mobile home dealer to display an on-site display model, a consigned mobile home not relocated from its site, or a repossessed mobile home if sales are handled from a principal place of business or subagency. A mobile home dealer shall identify on-site display models, repossessed mobile homes, and those consigned at their sites with a sign that includes the dealer's name and telephone number.

(12) Every vehicle dealer shall advise the department of the location of each and every place of business of the firm and the name or names under which the firm is doing business at such location or locations. If any name or location is changed, the dealer shall notify the department of such change within ten days. The license issued by the department shall reflect the name and location of the firm and shall be posted in a conspicuous place at that location by the dealer.

(13) A vehicle dealer's license shall upon the death or incapacity of an individual vehicle dealer authorize the

personal representative of such dealer, subject to payment of license fees, to continue the business for a period of six months from the date of the death or incapacity. [1991 c 339 § 28; 1989 c 301 § 2; 1986 c 241 § 4.]

46.70.029 Listing dealers, transaction of business. Listing dealers shall transact dealer business by obtaining a listing agreement for sale, and the buyer's purchase of the mobile home shall be handled as dealer inventory. All funds from the purchaser shall be placed in a trust account until the sale is completed, except that the dealer shall pay any outstanding liens against the mobile home from these funds. Where title has been delivered to the purchaser, the listing dealer shall pay the amount due a seller within ten days after the sale of a listed mobile home. A complete account of all funds received and disbursed shall be given to the seller or consignor after the sale is completed. The sale of listed mobile homes imposes the same duty under RCW 46.12.120 on the listing dealer as any other sale. [1990 c 250 § 63; 1986 c 241 § 6.]

Severability—1990 c 250: See note following RCW 46.16.301.

46.70.180 Unlawful acts and practices. Each of the following acts or practices is unlawful:

(1) To cause or permit to be advertised, printed, displayed, published, distributed, broadcasted, televised, or disseminated in any manner whatsoever, any statement

or representation with regard to the sale or financing of a vehicle which is false, deceptive, or misleading, including but not limited to the following:

(a) That no down payment is required in connection with the sale of a vehicle when a down payment is in fact required, or that a vehicle may be purchased for a smaller down payment than is actually required;

(b) That a certain percentage of the sale price of a vehicle may be financed when such financing is not offered in a single document evidencing the entire security transaction;

(c) That a certain percentage is the amount of the service charge to be charged for financing, without stating whether this percentage charge is a monthly amount or an amount to be charged per year;

(d) That a new vehicle will be sold for a certain amount above or below cost without computing cost as the exact amount of the factory invoice on the specific vehicle to be sold;

(e) That a vehicle will be sold upon a monthly payment of a certain amount, without including in the statement the number of payments of that same amount which are required to liquidate the unpaid purchase price.

(2) To incorporate within the terms of any purchase and sale agreement any statement or representation with regard to the sale or financing of a vehicle which is false, deceptive, or misleading, including but not limited to terms that include as an added cost to the selling price of a vehicle an amount for licensing or transfer of title of that vehicle which is not actually due to the state, unless such amount has in fact been paid by the dealer prior to such sale.

(3) To set up, promote, or aid in the promotion of a plan by which vehicles are to be sold to a person for a consideration and upon further consideration that the purchaser agrees to secure one or more persons to participate in the plan by respectively making a similar purchase and in turn agreeing to secure one or more persons likewise to join in said plan, each purchaser being given the right to secure money, credits, goods, or something of value, depending upon the number of persons joining the plan.

(4) To commit, allow, or ratify any act of "bushing" which is defined as follows: Taking from a prospective buyer of a vehicle a written order or offer to purchase, or a contract document signed by the buyer, which:

(a) Is subject to the dealer's, or his authorized representative's future acceptance, and the dealer fails or refuses within forty-eight hours, exclusive of Saturday, Sunday, or legal holiday, and prior to any further negotiations with said buyer, to deliver to the buyer either the dealer's signed acceptance or all copies of the order, offer, or contract document together with any initial payment or security made or given by the buyer, including but not limited to money, check, promissory note, vehicle keys, a trade-in, or certificate of title to a trade-in; or

(b) Permits the dealer to renegotiate a dollar amount specified as trade-in allowance on a vehicle delivered or to be delivered by the buyer as part of the purchase

price, for any reason except substantial physical damage or latent mechanical defect occurring before the dealer took possession of the vehicle and which could not have been reasonably discoverable at the time of the taking of the order, offer, or contract; or

(c) Fails to comply with the obligation of any written warranty or guarantee given by the dealer requiring the furnishing of services or repairs within a reasonable time.

(5) To commit any offense relating to odometers, as such offenses are defined in RCW 46.37.540, 46.37.550, 46.37.560, and 46.37.570. A violation of this subsection is a class C felony punishable under chapter 9A.20 RCW.

(6) For any vehicle dealer or vehicle salesman to refuse to furnish, upon request of a prospective purchaser, the name and address of the previous registered owner of any used vehicle offered for sale.

(7) To commit any other offense under RCW 46.37.423, 46.37.424, or 46.37.425.

(8) To commit any offense relating to a dealer's temporary license permit, including but not limited to failure to properly complete each such permit, or the issuance of more than one such permit on any one vehicle.

(9) For a dealer, salesman, or mobile home manufacturer, having taken an instrument or cash "on deposit" from a purchaser prior to the delivery of the bargained-for vehicle, to commingle said "on deposit" funds with assets of the dealer, salesman, or mobile home manufacturer instead of holding said "on deposit" funds as trustee in a separate trust account until the purchaser has taken delivery of the bargained-for vehicle. Failure, immediately upon receipt, to endorse "on deposit" instruments to such a trust account, or to set aside "on deposit" cash for deposit in such trust account, and failure to deposit such instruments or cash in such trust account by the close of banking hours on the day following receipt thereof, shall be evidence of intent to commit this unlawful practice: PROVIDED, HOWEVER, That a motor vehicle dealer may keep a separate trust account which equals his customary total customer deposits for vehicles for future delivery.

(10) For a dealer or manufacturer to fail to comply with the obligations of any written warranty or guarantee given by the dealer or manufacturer requiring the furnishing of goods and services or repairs within a reasonable period of time, or to fail to furnish to a purchaser, all parts which attach to the manufactured unit including but not limited to the undercarriage, and all items specified in the terms of a sales agreement signed by the seller and buyer.

(11) Being a manufacturer, other than a motorcycle manufacturer governed by chapter 46.94 RCW, to:

(a) Coerce or attempt to coerce any vehicle dealer to order or accept delivery of any vehicle or vehicles, parts or accessories, or any other commodities which have not been voluntarily ordered by the vehicle dealer: PROVIDED, That recommendation, endorsement, exposition, persuasion, urging, or argument are not deemed to constitute coercion;

(b) Cancel or fail to renew the franchise or selling agreement of any vehicle dealer doing business in this state without fairly compensating the dealer at a fair going business value for his capital investment which shall include but not be limited to tools, equipment, and parts inventory possessed by the dealer on the day he is notified of such cancellation or termination and which are still within the dealer's possession on the day the cancellation or termination is effective, if: (i) The capital investment has been entered into with reasonable and prudent business judgment for the purpose of fulfilling the franchise; and (ii) said cancellation or nonrenewal was not done in good faith. Good faith is defined as the duty of each party to any franchise to act in a fair and equitable manner towards each other, so as to guarantee one party freedom from coercion, intimidation, or threats of coercion or intimidation from the other party: PROVIDED, That recommendation, endorsement, exposition, persuasion, urging, or argument are not deemed to constitute a lack of good faith.

(c) Encourage, aid, abet, or teach a vehicle dealer to sell vehicles through any false, deceptive, or misleading sales or financing practices including but not limited to those practices declared unlawful in this section;

(d) Coerce or attempt to coerce a vehicle dealer to engage in any practice forbidden in this section by either threats of actual cancellation or failure to renew the dealer's franchise agreement;

(e) Refuse to deliver any vehicle publicly advertised for immediate delivery to any duly licensed vehicle dealer having a franchise or contractual agreement for the retail sale of new and unused vehicles sold or distributed by such manufacturer within sixty days after such dealer's order has been received in writing unless caused by inability to deliver because of shortage or curtailment of material, labor, transportation, or utility services, or by any labor or production difficulty, or by any cause beyond the reasonable control of the manufacturer;

(f) To provide under the terms of any warranty that a purchaser of any new or unused vehicle that has been sold, distributed for sale, or transferred into this state for resale by the vehicle manufacturer may only make any warranty claim on any item included as an integral part of the vehicle against the manufacturer of that item.

Nothing in this section may be construed to impair the obligations of a contract or to prevent a manufacturer, distributor, representative, or any other person, whether or not licensed under this chapter, from requiring performance of a written contract entered into with any licensee hereunder, nor does the requirement of such performance constitute a violation of any of the provisions of this section if any such contract or the terms thereof requiring performance, have been freely entered into and executed between the contracting parties. This paragraph and subsection (11)(b) of this section do not apply to new motor vehicle manufacturers governed by chapter 46.96 RCW.

(12) Unlawful transfer of an ownership interest in a motor vehicle as defined in RCW 19.116.050. [1990 c 44 § 14; 1989 c 415 § 20; 1986 c 241 § 18; 1985 c 472 §

46.87.020 Definitions. Terms used in this chapter have the meaning given to them in the International Registration Plan (IRP), the Uniform Vehicle Registration, Proration, and Reciprocity Agreement (Western Compact), chapter 46.04 RCW, or as otherwise defined in this section. Definitions given to terms by the IRP and the Western Compact, as applicable, shall prevail unless given a different meaning in this chapter or in rules adopted under authority of this chapter.

(1) "Apportionable vehicle" has the meaning given by the IRP, except that it does not include vehicles with a declared gross weight of twelve thousand pounds or less. Apportionable vehicles include trucks, tractors, truck tractors, road tractors, and buses, each as separate and licensable vehicles. For IRP jurisdictions that require the registration of nonmotor vehicles, this term may include trailers, semitrailers, and pole trailers as applicable, each as separate and licensable vehicles.

(2) "Cab card" is a certificate of registration issued for a vehicle by the registering jurisdiction under the Western Compact. Under the IRP, it is a certificate of registration issued by the base jurisdiction for a vehicle upon which is disclosed the jurisdictions and registered gross weights in such jurisdictions for which the vehicle is registered.

(3) "Commercial vehicle" is a term used by the Western Compact and means any vehicle, except recreational vehicles, vehicles displaying restricted plates, and government owned or leased vehicles, that is operated and registered in more than one jurisdiction and is used or maintained for the transportation of persons for hire, compensation, or profit, or is designed, used, or maintained primarily for the transportation of property and:

(a) Is a motor vehicle having a declared gross weight in excess of twenty-six thousand pounds; or

(b) Is a motor vehicle having three or more axles with a declared gross weight in excess of twelve thousand pounds; or

(c) Is a motor vehicle, trailer, pole trailer, or semitrailer used in combination when the gross weight or declared gross weight of the combination exceeds twenty-six thousand pounds combined gross weight. The non-motor vehicles mentioned are only applicable to those jurisdictions requiring the registration of such vehicles.

Although a two-axle motor vehicle, trailer, pole trailer, semitrailer, or any combination of such vehicles with an actual or declared gross weight or declared combined gross weight exceeding twelve thousand pounds but not more than twenty-six thousand is not considered to be a commercial vehicle, at the option of the owner, such vehicles may be considered as "commercial vehicles" for the purpose of proportional registration. The nonmotor vehicles mentioned are only applicable to those jurisdictions requiring the registration of such vehicles.

Commercial vehicles include trucks, tractors, truck tractors, road tractors, and buses. Trailers, pole trailers, and semitrailers, will also be considered as commercial vehicles for those jurisdictions who require registration of such vehicles.

(4) "Credentials" means cab cards, apportioned plates (for Washington-based fleets), and validation tabs issued for proportionally registered vehicles.

(5) "Declared combined gross weight" means the total unladen weight of any combination of vehicles plus the weight of the maximum load to be carried on the combination of vehicles as set by the registrant in the application pursuant to chapter 46.44 RCW and for which registration fees have been or are to be paid.

(6) "Declared gross weight" means the total unladen weight of any vehicle plus the weight of the maximum load to be carried on the vehicle as set by the registrant in the application pursuant to chapter 46.44 RCW and for which registration fees have been or are to be paid. In the case of a bus, auto stage, or a passenger-carrying for hire vehicle with a seating capacity of more than six, the declared gross weight shall be determined by multiplying the average load factor of one hundred and fifty pounds by the number of seats in the vehicle, including the driver's seat, and add this amount to the unladen weight of the vehicle. If the resultant gross weight is not listed in RCW 46.16.070, it will be increased to the next higher gross weight so listed pursuant to chapter 46.44 RCW.

(7) "Department" means the department of licensing.

(8) "Fleet" means one or more commercial vehicles in the Western Compact and one or more apportionable vehicles in the IRP.

(9) "In-jurisdiction miles" means the total miles accumulated in a jurisdiction during the preceding year by vehicles of the fleet while they were a part of the fleet.

(10) "IRP" means the International Registration Plan.

(11) "Jurisdiction" means and includes a state, territory or possession of the United States, the District of Columbia, the Commonwealth of Puerto Rico, a foreign county [country], and a state or province of a foreign country.

(12) "Owner" means a person or business firm who holds the legal title to a vehicle, or if a vehicle is the subject of an agreement for its conditional sale with the right of purchase upon performance of the conditions stated in the agreement and with an immediate right of possession vested in the conditional vendee, or if a vehicle is subject to a lease, contract, or other legal arrangement vesting right of possession or control, for security or otherwise, or if a mortgagor of a vehicle is entitled to possession, then the owner is deemed to be the person or business firm in whom is vested right of possession or control.

(13) "Preceding year" means the period of twelve consecutive months immediately prior to July 1st of the year immediately preceding the commencement of the registration or license year for which proportional registration is sought.

(14) "Properly registered," as applied to the place of registration under the provisions of the Western Compact, means:

(a) In the case of a commercial vehicle, the jurisdiction in which it is registered if the commercial enterprise in which the vehicle is used has a place of business therein, and, if the vehicle is most frequently dispatched, garaged, serviced, maintained, operated, or otherwise controlled in or from that place of business, and the vehicle has been assigned to that place of business; or

(b) In the case of a commercial vehicle, the jurisdiction where, because of an agreement or arrangement between two or more jurisdictions, or pursuant to a declaration, the vehicle has been registered as required by that jurisdiction.

In case of doubt or dispute as to the proper place of registration of a commercial vehicle, the department shall make the final determination, but in making such determination, may confer with departments of the other jurisdictions affected.

(15) "Prorate percentage" is the factor that is applied to the total proratable fees and taxes to determine the apportionable or prorate fees required for registration in a particular jurisdiction. It is determined by dividing the in-jurisdiction miles for a particular jurisdiction by the total miles. This term is synonymous with the term "mileage percentage."

(16) "Registrant" means a person, business firm, or corporation in whose name or names a vehicle or fleet of vehicles is registered.

(17) "Registration year" means the twelve-month period during which the registration plates issued by the base jurisdiction are valid according to the laws of the base jurisdiction. The "registration year" for Washington is the period from January 1st through December 31st of each calendar year.

(18) "Total miles" means the total number of miles accumulated in all jurisdictions during the preceding year by all vehicles of the fleet while they were a part of the fleet. Mileage accumulated by vehicles of the fleet that did not engage in interstate operations is not included in the fleet miles.

(19) "Western Compact" means the Uniform Vehicle Registration, Proration, and Reciprocity Agreement. [1991 c 163 § 4; 1990 c 42 § 111; 1987 c 244 § 16; 1985 c 380 § 2.]

46.87.022 Rental trailers, converter gears. Owners of rental trailers and semitrailers over six thousand pounds gross vehicle weight, and converter gears used solely in pool fleets shall fully register a portion of the pool fleet in this state. To determine the percentage of total fleet vehicles that must be registered in this state, divide the gross revenue received in the preceding year for the use of the rental vehicles arising from rental transactions occurring in this state by the total revenue received in the preceding year for the use of the rental vehicles arising from rental transactions in all jurisdictions in which the vehicles are operated. Apply the resulting percentage to the total number of vehicles that shall be registered in this state. Vehicles registered in this state shall be representative of the vehicles in the fleet according to age, size, and value. [1990 c 250 § 74.]

Severability—1990 c 250: See note following RCW 46.16.301.

46.87.025 Vehicles titled in owner's name. All vehicles being added to an existing Washington-based fleet or those vehicles that make up a new Washington-based fleet shall be titled in the name of the owner at time of registration, or evidence of filing application for title for

such vehicles in the name of the owner shall accompany the application for proportional registration. [1990 c 250 § 75; 1987 c 244 § 17.]

Severability—1990 c 250: See note following RCW 46.16.301.

Effective dates—1987 c 244: See note following RCW 46.12.020.

46.87.070 Registration of trailers, semitrailers, pole trailers. (1) Washington-based trailers, semitrailers, or pole trailers shall be licensed in this state under the provisions of chapter 46.16 RCW except as herein provided. If these vehicles are being operated in jurisdictions that require the registration of such vehicles, the applicable vehicles may be considered as apportionable or commercial vehicles for the purpose of registration in those jurisdictions and this state.

(2) Trailers, semitrailers, and pole trailers which are properly based in jurisdictions other than Washington, and which display currently registered license plates from such jurisdictions will be granted vehicle license reciprocity in this state without the need of further vehicle license registration. If pole trailers are not required to be licensed separately by a member jurisdiction, such vehicles may be operated in this state without displaying a current base license plate. [1991 c 339 § 9; 1991 c 163 § 5; 1990 c 42 § 112; 1987 c 244 § 22; 1985 c 380 § 7.]

Reviser's note: This section was amended by 1991 c 163 § 5 and by 1991 c 339 § 9, each without reference to the other. Both amendments are incorporated in the publication of this section pursuant to RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

Purpose—Headings—Severability—Effective dates—Application—Implementation—1990 c 42: See notes following RCW 82.36.025.

Effective dates—1987 c 244: See note following RCW 46.12.020.

46.87.120 Mileage data for applications—Non-motor vehicles. (1) The initial application for proportional registration of a fleet shall state the mileage data with respect to the fleet for the preceding year in this and other jurisdictions. If no operations were conducted with the fleet during the preceding year, the application shall contain a full statement of the proposed method of operation and estimates of annual mileage in each of the jurisdictions in which operation is contemplated. The registrant shall determine the in-jurisdiction and total miles to be used in computing the fees and taxes due for the fleet. The department may evaluate and adjust the estimate in the application if it is not satisfied as to its correctness.

(2) Fleets will consist of either motor vehicles or non-motor vehicles, but not a mixture of both.

(3) In instances where the use of mileage accumulated by a nonmotor vehicle fleet is impractical, for the purpose of calculating prorate percentages, the registrant may request another method and/or unit of measure to be used in determining the prorate percentages. Upon receiving such request, the department may prescribe another method and/or unit of measure to be used in lieu of mileage that will ensure each jurisdiction that requires the registration of nonmotor vehicles its fair share of vehicle licensing fees and taxes.

(4) When operations of a Washington-based fleet is materially changed through merger, acquisition, or extended authority, the registrant shall notify the department, which shall then require the filing of an amended application setting forth the proposed operation by use of estimated mileage for all jurisdictions. The department may adjust the estimated mileage by audit or otherwise to an actual travel basis to insure proper fee payment. The actual travel basis may be used for determination of fee payments until such time as a normal mileage year is available under the new operation. Under the provisions of the Western Compact, this subsection applies to any fleet proportionally registered in Washington irrespective of the fleet's base jurisdiction. [1990 c 42 § 113; 1987 c 244 § 25.]

Purpose—Headings—Severability—Effective dates—Application—Implementation—1990 c 42: See notes following RCW 82.36.025.

Effective dates—1987 c 244: See note following RCW 46.12.020.

46.87.140 Application—Filing, contents—Fees and taxes—Assessments, due date. (1) Any owner engaged in interstate operations of one or more fleets of apportionable or commercial vehicles may, in lieu of registration of the vehicles under chapter 46.16 RCW, register and license the vehicles of each fleet under this chapter by filing a proportional registration application for each fleet with the department. The nonmotor vehicles of Washington-based fleets which are operated in IRP jurisdictions that require registration of such vehicles may be proportionally registered for operation in those jurisdictions as herein provided. The application shall contain the following information and such other information pertinent to vehicle registration as the department may require:

(a) A description and identification of each vehicle of the fleet. Motor vehicles and nonpower units shall be placed in separate fleets.

(b) If registering under the provisions of the IRP, the registrant shall also indicate member jurisdictions in which registration is desired and furnish such other information as those member jurisdictions require.

(c) An original or renewal application shall also be accompanied by a mileage schedule for each fleet.

(2) Each application shall, at the time and in the manner required by the department, be supported by payment of a fee computed as follows:

(a) Divide the in-jurisdiction miles by the total miles and carry the answer to the nearest thousandth of a percent (three places beyond the decimal, e.g. 10.543%). This factor is known as the prorate percentage.

(b) Determine the total proratable fees and taxes required for each vehicle in the fleet for which registration is requested, based on the regular annual fees and taxes or applicable fees and taxes for the unexpired portion of the registration year under the laws of each jurisdiction for which fees or taxes are to be calculated.

Washington-based nonmotor vehicles shall normally be fully licensed under the provisions of chapter 46.16 RCW. If these vehicles are being operated in jurisdictions that require the registration of such vehicles, the

applicable vehicles may be considered as apportionable vehicles for the purpose of registration in those jurisdictions and this state. The prorate percentage for which registration fees and taxes were paid to such jurisdictions may be credited toward the one hundred percent of registration fees and taxes due this state for full licensing. Applicable fees and taxes for vehicles of Washington-based fleets are those prescribed under RCW 46.16.070, 46.16.085, 82.38.075, and 82.44.020, as applicable.

(c) Multiply the total, proratable fees or taxes for each motor vehicle by the prorate percentage applicable to the desired jurisdiction and round the results to the nearest cent. Fees and taxes for nonmotor vehicles being prorated will be calculated as indicated in (b) of this subsection.

(d) Add the total fees and taxes determined in (c) of this subsection for each vehicle to the nonproratable fees required under the laws of the jurisdiction for which fees are being calculated. Nonproratable fees required for vehicles of Washington-based fleets are the administrative fee required by RCW 82.38.075, if applicable, and the vehicle transaction fee pursuant to the provisions of RCW 46.87.130.

(e) Add the total fees and taxes determined in (d) of this subsection for each vehicle listed on the application. Assuming the fees and taxes calculated were for Washington, this would be the amount due and payable for the application under the provisions of the Western Compact. Under the provisions of the IRP, the amount due and payable for the application would be the sum of the fees and taxes referred to in (d) of this subsection, calculated for each member jurisdiction in which registration of the fleet is desired.

(3) All assessments for proportional registration fees are due and payable in United States funds on the date presented or mailed to the registrant at the address listed in the proportional registration records of the department. The registrant may petition for reassessment of the fees or taxes due under this section within thirty days of the date of original service as provided for in this chapter. [1991 c 339 § 10; 1990 c 42 § 114; 1987 c 244 § 27.]

Purpose—Headings—Severability—Effective dates—Application—Implementation—1990 c 42: See notes following RCW 82.36.025.

Effective dates—1987 c 244: See note following RCW 46.12.020.

46.87.270 Gross weight on vehicle. Every Washington-based motor vehicle registered under this chapter shall have the maximum gross weight or maximum combined gross weight for which the vehicle is licensed in this state, painted or stenciled in letters or numbers of contrasting color not less than two inches in height in a conspicuous place on the right and left sides of the vehicle. It is unlawful for the owner or operator of any motor vehicle to display a maximum gross weight or maximum combined gross weight other than that shown on the current cab card of the vehicle. [1990 c 250 § 77; 1987 c 244 § 40.]

Severability—1990 c 250: See note following RCW 46.16.301.

Effective dates—1987 c 244: See note following RCW 46.12.020.

46.87.335 Mitigation of assessments. Except in the case of violations of filing a false or fraudulent application, if the department deems mitigation of penalties and interest to be reasonable and in the best interests of carrying out the purpose of this chapter, it may mitigate such assessments upon whatever terms the department deems proper, giving consideration to the degree and extent of the lack of records and reporting errors. The department may ascertain the facts regarding recordkeeping and payment penalties in lieu of more elaborate proceedings under this chapter. [1991 c 339 § 5.]

[1990 c 293 § 1.]

Severability—1990 c 293: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1990 c 293 § 10.]

Authorized uses of proceeds from the sale of bonds authorized in RCW 47.02.120 through 47.02.190 include but are not limited to repayment to the motor vehicle fund for the loan from the motor vehicle fund to the transportation capital facilities account in the motor vehicle fund provided in the supplemental transportation budget for the initial financing of the headquarters facilities. [1990 c 293 § 2.]

Severability—1990 c 293: See note following RCW 47.02.120.

47.02.140 District 1 headquarters bonds—Duties of state finance committee. Upon the request of the transportation commission, the state finance committee shall supervise and provide for the issuance, sale, and retirement of the bonds authorized by RCW 47.02.120 through 47.02.190 in accordance with chapter 39.42 RCW. Bonds authorized by RCW 47.02.120 through 47.02.190 shall be sold in such manner, at such time or times, in such amounts, and at such price as the state finance committee shall determine. Except for the purpose of repaying the loan from the motor vehicle fund, no such bonds may be offered for sale without prior legislative appropriation of the net proceeds of the sale of the bonds.

The state finance committee shall consider the issuance of short-term obligations in lieu of long-term obligations for the purposes of more favorable interest rates, lower total interest costs, and increased marketability and for the purpose of retiring the bonds during the life

of the project for which they were issued. [1990 c 293 § 3.]

Severability—1990 c 293: See note following RCW 47.02.120.

47.02.150 District 1 headquarters bonds—Proceeds, deposit and use. The proceeds from the sale of bonds authorized by RCW 47.02.120 through 47.02.190 shall be available only for the purposes enumerated in RCW 47.02.120 and 47.02.130; for the payment of bond anticipation notes, if any; and for the payment of bond issuance costs, including the costs of underwriting. Proceeds required to repay the motor vehicle fund loan shall be deposited in the motor vehicle fund and remaining proceeds shall be deposited in the transportation capital facilities account. [1990 c 293 § 4.]

Severability—1990 c 293: See note following RCW 47.02.120.

47.02.160 District 1 headquarters bonds—Statement of general obligation—Pledge of excise taxes. Bonds issued under the authority of RCW 47.02.120 through 47.02.190 shall distinctly state that they are a general obligation of the state of Washington, shall pledge the full faith and credit of the state to the payment of the principal thereof and the interest thereon, and shall contain an unconditional promise to pay such principal and interest as the same shall become due. The principal and interest on the bonds shall be first payable in the manner provided in RCW 47.02.120 through 47.02.190 from the proceeds of the state excise taxes on motor vehicle and special fuels imposed by chapters 82.36, 82.37, and 82.38 RCW. Proceeds of such excise taxes are hereby pledged to the payment of any bonds and the interest thereon issued under the authority of RCW 47.02.120 through 47.02.190, and the legislature agrees to continue to impose these excise taxes on motor vehicle and special fuels in amounts sufficient to pay, when due, the principal and interest on all bonds issued under the authority of RCW 47.02.120 through 47.02.190. [1990 c 293 § 5.]

Severability—1990 c 293: See note following RCW 47.02.120.

47.02.170 District 1 headquarters bonds—Repayment procedure—Designated funds. Both principal and interest on the bonds issued for the purposes of RCW 47.02.120 through 47.02.190 shall be payable from the highway bond retirement fund. The state finance committee may provide that a special account be created in the fund to facilitate payment of the principal and interest. The state finance committee shall, on or before June 30th of each year, certify to the state treasurer the amount required for principal and interest on the bonds in accordance with the bond proceedings. The state treasurer shall withdraw revenues from the motor vehicle fund and deposit in the highway bond retirement fund, or a special account in the fund, such amounts, and at such times, as are required by the bond proceedings.

Any funds required for bond retirement or interest on the bonds authorized by RCW 47.02.120 through 47.02.190 shall be taken from that portion of the motor

vehicle fund that results from the imposition of excise taxes on motor vehicle and special fuels and that is distributed to the state under RCW 46.68.130. Funds required shall never constitute a charge against any other allocations of motor vehicle fuel and special fuel tax revenues to the state, counties, cities, and towns unless the amount arising from excise taxes on motor vehicle and special fuels distributed to the state under RCW 46.68.130 proves insufficient to meet the requirements for bond retirement or interest on any such bonds. [1990 c 293 § 6.]

Severability—1990 c 293: See note following RCW 47.02.120.

47.02.180 District 1 headquarters bonds—Reimbursement of motor vehicle fund. When the state treasurer transfers funds from the motor vehicle fund to the highway bond retirement fund to pay principal and interest on the bonds authorized by RCW 47.02.120 through 47.02.190, the state treasurer shall at the same time reimburse the motor vehicle fund in an identical amount from the transportation capital facilities account. This obligation to reimburse the motor vehicle fund shall constitute a first and prior charge against the funds within and accruing to the transportation capital facilities account. All funds reimbursed to the motor vehicle fund shall be distributed to the state for expenditures authorized by RCW 46.68.130. [1990 c 293 § 7.]

Severability—1990 c 293: See note following RCW 47.02.120.

47.02.190 District 1 headquarters bonds—Equal charges against certain revenues. Bonds issued under the authority of RCW 47.02.120 through 47.02.180 and this section and any other general obligation bonds of the state of Washington that have been or that may be authorized and that pledge motor vehicle and special fuels excise taxes for the payment of principal and interest thereon shall be an equal charge against the revenues from such motor vehicle and special fuels excise taxes. [1990 c 293 § 8.]

Severability—1990 c 293: See note following RCW 47.02.120.

The term "advance right of way acquisition" means the acquisition of property and property rights, generally not more than ten years in advance of programmed highway construction projects, together with the engineering costs necessary for such advance right of way acquisition. Any property or property rights purchased must be in designated highway transportation corridors and be for projects approved by the commission as part of the state's six-year plan or included in the state's route development planning effort. Funds received from interim management of the properties shall be deposited in the advance right of way revolving fund.

(2) When the department proceeds with the construction of a highway which will require the use of any of the property so acquired, the department shall reimburse the advance right of way revolving fund, from other funds available to it, the current appraised value of the

property or property rights required for the project together with damages caused to the remainder by the acquisition after offsetting against all such compensation and damages the special benefits, if any, accruing to the remainder by reason of the state highway being constructed.

(3) When the department determines that any properties or property rights acquired from funds in the advance right of way revolving fund will not be required for a highway construction project the department may sell the property at fair market value in accordance with requirements of RCW 47.12.063. All proceeds of such sales shall be deposited in the advance right of way revolving fund.

47.17.001 Criteria for changes to system. In considering whether to make additions, deletions, or other changes to the state highway system, the legislature shall be guided by the following criteria as contained in the Road Jurisdiction Committee Phase I report to the legislature dated January 1987:

(1) A rural highway route should be designated as a state highway if it meets any of the following criteria:

(a) Is designated as part of the national system of interstate and defense highways (popularly called the interstate system); or

(b) Is designated as part of the system of numbered United States routes; or

(c) Contains an international border crossing that is open twelve or more hours each day.

(2) A rural highway route may be designated as a state highway if it is part of an integrated system of roads and:

(a) Carries in excess of three hundred thousand tons annually and provides primary access to a rural port or intermodal freight terminal;

(b) Provides a major cross-connection between existing state highways; or

(c) Connects places exhibiting one or more of the following characteristics:

(i) A population center of one thousand or greater;

(ii) An area or aggregation of areas having a population equivalency of one thousand or more, such as, but not limited to, recreation areas, military installations, and so forth;

(iii) A county seat;

(iv) A major commercial-industrial terminal in a rural area with a population equivalency of one thousand or greater.

(3) An urban highway route that meets any of the following criteria should be designated as part of the state highway system:

(a) Is designated as part of the interstate system;

(b) Is designated as part of the system of numbered United States routes;

(c) Is an urban extension of a rural state highway into or through an urban area and is necessary to form an integrated system of state highways;

(d) Is a principal arterial that is a connecting link between two state highways and serves regionally oriented through traffic in urbanized areas with a population of fifty thousand or greater, or is a spur that serves regionally oriented traffic in urbanized areas.

(4) The following guidelines are intended to be used as a basis for interpreting and applying the criteria to specific routes:

(a) For any route wholly within one or more contiguous jurisdictions which would be proposed for transfer to the state highway system under these criteria, if local officials prefer, responsibility will remain at the local level.

(b) State highway routes maintain continuity of the system by being composed of routes that join other state routes at both ends or to arterial routes in the states of Oregon and Idaho and the Province of British Columbia.

(c) Public facilities may be considered to be served if they are within approximately two miles of a state highway.

(d) Exceptions may be made to include:

(i) Rural spurs as state highways if they meet the criteria relative to serving population centers of one thousand or greater population or activity centers with population equivalencies or an aggregated population of one thousand or greater;

(ii) Urban spurs as state highways that provide needed access to Washington state ferry terminals, state parks, major seaports, and trunk airports; and

(iii) Urban connecting links as state highways that function as needed bypass routing of regionally oriented through traffic and benefit truck routing, capacity alternative, business congestion, and geometric deficiencies.

(e) In urban and urbanized areas:

(i) Unless they are significant regional traffic generators, public facilities such as state hospitals, state correction centers, state universities, ferry terminals, and military bases do not constitute a criteria for establishment of a state highway; and

(ii) There may be no more than one parallel nonaccess controlled facility in the same corridor as a freeway or limited access facility as designated by the metropolitan planning organization.

(f) When there is a choice of two or more routes between population centers, the state route designation shall normally be based on the following considerations:

(i) The ability to handle higher traffic volumes;

- (ii) The higher ability to accommodate further development or expansion along the existing alignment;
- (iii) The most direct route and the lowest travel time;
- (iv) The route that serves traffic with the most interstate, state-wide, and interregional significance;
- (v) The route that provides the optimal spacing between other state routes; and
- (vi) The route that best serves the comprehensive plan for community development in those areas where such a plan has been developed and adopted. [1990 c 233 § 1.]

CITY STREETS AS PART OF STATE HIGHWAYS

Sections

47.24.020 Jurisdiction, control of such streets. (Effective April 1, 1992.)

47.24.020 Jurisdiction, control of such streets. (Effective April 1, 1992.) The jurisdiction, control, and duty of the state and city or town with respect to such streets shall be as follows:

(1) The department has no authority to change or establish any grade of any such street without approval of the governing body of such city or town, except with respect to limited access facilities established by the commission;

(2) The city or town shall exercise full responsibility for and control over any such street beyond the curbs and if no curb is installed, beyond that portion of the highway used for highway purposes. However, within incorporated cities and towns the title to a state limited access highway vests in the state, and, notwithstanding any other provision of this section, the department shall exercise full jurisdiction, responsibility, and control to and over such facility as provided in chapter 47.52 RCW;

(3) The department has authority to prohibit the suspension of signs, banners, or decorations above the portion of such street between the curbs or portion used for highway purposes up to a vertical height of twenty feet above the surface of the roadway;

(4) The city or town shall at its own expense maintain all underground facilities in such streets, and has the right to construct such additional underground facilities as may be necessary in such streets;

(5) The city or town has the right to grant the privilege to open the surface of any such street, but all damage occasioned thereby shall promptly be repaired either by the city or town itself or at its direction;

(6) The city or town at its own expense shall provide street illumination and shall clean all such streets, including storm sewer inlets and catch basins, and remove all snow, except that the state shall when necessary plow the snow on the roadway. In cities and towns having a population of fifteen thousand or less according to the latest determination of population by the office of financial management, the state, when necessary for public safety, shall assume, at its expense, responsibility for the stability of the slopes of cuts and fills and the embankments within the right of way to protect the roadway itself. When the population of a city or town reaches fifteen thousand after January 1, 1990, the state shall retain the responsibility for the stability of slopes of cuts and fills and the embankments within the right of way to protect the road itself until the legislature acts upon the findings of the task force created in section 53, chapter 342, Laws of 1991; or until June 30, 1993, whichever occurs first. The state shall install, maintain, and operate all illuminating facilities on any limited access facility, together with its interchanges, located within the corporate limits of any city or town, and shall assume and pay the costs of all such installation, maintenance, and operation incurred after November 1, 1954;

(7) The department has the right to use all storm sewers on such highways without cost; and if new storm sewer facilities are necessary in construction of new streets by the department, the cost of the facilities shall be borne by the state and/or city as may be mutually

agreed upon between the department and the governing body of the city or town;

(8) Cities and towns have exclusive right to grant franchises not in conflict with state laws, over, beneath, and upon such streets, but the department is authorized to enforce in an action brought in the name of the state any condition of any franchise which a city or town has granted on such street. No franchise for transportation of passengers in motor vehicles may be granted on such streets without the approval of the department, but the department shall not refuse to approve such franchise unless another street conveniently located and of strength of construction to sustain travel of such vehicles is accessible;

(9) Every franchise or permit granted any person by a city or town for use of any portion of such street by a public utility shall require the grantee or permittee to restore, repair, and replace to its original condition any portion of the street damaged or injured by it;

(10) The city or town has the right to issue overload or overwidth permits for vehicles to operate on such streets or roads subject to regulations printed and distributed to the cities and towns by the department;

(11) Cities and towns shall regulate and enforce all traffic and parking restrictions on such streets, but all regulations adopted by a city or town relating to speed, parking, and traffic control devices on such streets not identical to state law relating thereto are subject to the approval of the department before becoming effective. All regulations pertaining to speed, parking, and traffic control devices relating to such streets heretofore adopted by a city or town not identical with state laws shall become null and void unless approved by the department heretofore or within one year after March 21, 1963;

(12) The department shall erect, control, and maintain at state expense all route markers and directional signs, except street signs, on such streets;

(13) The department shall install, operate, maintain, and control at state expense all traffic control signals, signs, and traffic control devices for the purpose of regulating both pedestrian and motor vehicular traffic on, entering upon, or leaving state highways in cities and towns having a population of fifteen thousand or less according to the latest determination of population by the office of financial management. Such cities and towns may submit to the department a plan for traffic control signals, signs, and traffic control devices desired by them, indicating the location, nature of installation, or type thereof, or a proposed amendment to such an existing plan or installation, and the department shall consult with the cities or towns concerning the plan before installing such signals, signs, or devices. Cities and towns having a population in excess of fifteen thousand according to the latest determination of population by the office of financial management shall install, maintain, operate, and control such signals, signs, and devices at their own expense, subject to approval of the department for the installation and type only. When the population of a city or town reaches fifteen thousand after January

1, 1990, the state shall retain the responsibility for installing, operating, maintaining, and controlling such signals, signs, and devices until the legislature acts upon the findings of the task force created in section 53, chapter 342, Laws of 1991, or until June 30, 1993, whichever occurs first. For the purpose of this subsection, striping, lane marking, and channelization are considered traffic control devices;

(14) All revenue from parking meters placed on such streets belongs to the city or town;

(15) Rights of way for such streets shall be acquired by either the city or town or by the state as shall be mutually agreed upon. Costs of acquiring rights of way may be at the sole expense of the state or at the expense of the city or town or at the expense of the state and the city or town as may be mutually agreed upon. Title to all such rights of way so acquired shall vest in the city or town: PROVIDED, That no vacation, sale, rental, or any other nontransportation use of any unused portion of any such street may be made by the city or town without the prior written approval of the department; and all revenue derived from sale, vacation, rental, or any nontransportation use of such rights of way shall be shared by the city or town and the state in the same proportion as the purchase costs were shared;

(16) If any city or town fails to perform any of its obligations as set forth in this section or in any cooperative agreement entered into with the department for the maintenance of a city or town street forming part of the route of a state highway, the department may notify the mayor of the city or town to perform the necessary maintenance within thirty days. If the city or town within the thirty days fails to perform the maintenance or fails to authorize the department to perform the maintenance as provided by RCW 47.24.050, the department may perform the maintenance, the cost of which is to be deducted from any sums in the motor vehicle fund credited or to be credited to the city or town. [1991 c 342 § 52; 1987 c 68 § 1; 1984 c 7 § 150; 1977 ex.s. c 78 § 7; 1967 c 115 § 1; 1963 c 150 § 1; 1961 c 13 § 47.24.020. The task force shall also determine whether the transfer of responsibilities will be incremental or total.

(b) Assessing a city's ability, including its staffing and technical capabilities, to assume responsibility for maintaining traffic signals and other control devices on their streets that are part of the state highway system.

47.36.280 Pavement marking standards. The department of transportation shall, by January 1, 1992, adopt minimum pavement marking standards for the area designating the limits of the vehicle driving lane along the right edge for arterials that do not have curbs or sidewalks and are inside urbanized areas. In preparing the standards, the department of transportation shall take into consideration all types of pavement markings, including flat, raised, and recessed markings, and their effect on pedestrians, bicycle, and motor vehicle safety.

The standards shall provide that a jurisdiction shall conform to these requirements, at such time thereafter that it undertakes to (1) renew or install permanent markings on the existing or new roadway, and (2) remove existing nonconforming raised pavement markers at the time the jurisdiction prepares to resurface the roadway, or earlier, at its option. These standards shall be in effect, as provided in this section, unless the legislative authority of the local governmental body finds that special circumstances exist affecting vehicle and pedestrian safety that warrant a variance to the standard.

For the purposes of this section, "urbanized area" means an area designated as such by the United States bureau of census and having a population of more than fifty thousand. Other jurisdictions that install pavement marking material on the right edge of the roadway shall do so in a manner not in conflict with the minimum state standard. [1991 c 214 § 4.]

47.36.290 State park directional signs. Legislative intent—1985 c 376: See note following RCW 47.42.020.

47.36.300 Supplemental directional signs—Erection by local governments. (1) The legislative authority of any county, city, or town may erect, or permit the erection of, supplemental directional signs directing motorists to motorist service businesses qualified for specific information panels pursuant to RCW 47.36.320 in any location on, or adjacent to, the right of way of any roads or streets within their jurisdiction.

(2) Appropriate fees may be charged to cover the cost of issuing permits, installation, or maintenance of such signs.

(3) Supplemental signs and their locations shall comply with all applicable provisions of this chapter, sections 131 and 315 of Title 23 United States Code, and such rules as may be adopted by the department including the manual on uniform traffic control devices for streets and highways. [1986 c 114 § 3. Formerly RCW 47.42.052.]

47.36.310 Specific information panels—Interstate right of way—"Gas," "Food," or "Lodging"—Directional information—Individual business signs. The department is authorized to erect and maintain specific information panels within the right of way of the interstate highway system to give the traveling public specific information as to gas, food, or lodging available on a crossroad at or near an interchange. Specific information panels shall include the words "GAS," "FOOD," or "LODGING" and directional information and may contain one or more individual business signs maintained on the panel. Specific information panels are authorized within the corporate limits of cities and towns and areas zoned for commercial or industrial uses at locations where there is adequate distance between interchanges to ensure compliance with the provisions of Title 23 C.F.R. sec. 655.307(a). The erection and maintenance of specific information panels shall conform to the national standards promulgated by the United States secretary of transportation pursuant to sections 131 and 315 of Title 23, United States Code and rules adopted by the state department of transportation. A motorist service business located within one mile of a state highway shall not be permitted to display its name, brand, or trademark on a specific information panel unless its owner has first

entered into an agreement with the department limiting the height of its on-premise signs at the site of its service installation to not more than fifteen feet higher than the roof of its main building. The department shall charge reasonable fees for the display of individual business signs to defray the costs of their installation and maintenance. The restriction for on-premise signs shall not apply if the sign is not visible from the highway. The department may, on a case-by-case basis, waive the height restriction when an on-premise sign is visible from the rural interstate system. [1987 c 469 § 3; 1986 c 114 § 1; 1985 c 142 § 1; 1984 c 7 § 223; 1974 ex.s. c 80 § 2. Formerly RCW 47.42.046.]

The department is authorized to erect and maintain specific information panels within the right of way of both the primary system and the scenic system to give the traveling public specific information as to gas, food, recreation, or lodging available off the primary or scenic highway accessible by way of highways intersecting the primary or scenic highway. Such specific information panels and tourist-oriented directional signs shall be permitted only at locations within the corporate limits of cities and towns and areas zoned for commercial or industrial uses where there is adequate distance between interchanges to ensure compliance with the provisions of Title 23 C.F.R. secs. 655.308(a) and 655.309(a). Specific information panels shall include the words "GAS," "FOOD," "RECREATION," or "LODGING" and directional information and may contain one or more individual business signs maintained on the panel. A motorist service business located within one mile of a state highway shall not be permitted to display its name, brand, or trademark on a specific information panel unless its owner has first entered into an agreement with the department limiting the height of its on-premise signs at the site of its service installation to not more than fifteen feet higher than the roof of its main building.

The department shall adopt rules for the erection and maintenance of tourist-oriented directional signs with the following restrictions:

(1) Where installed, they shall be placed in advance of the "GAS," "FOOD," "RECREATION," or "LODGING" specific information panels previously described in this section;

(2) Signs shall not be placed to direct a motorist to an activity visible from the main traveled roadway;

(3) Premises on which the qualified tourist-oriented business is located must be within fifteen miles of the state highway, and necessary supplemental signing on local roads must be provided before the installation of the signs on the state highway.

The department shall charge reasonable fees for the display of individual business signs to defray the costs of their installation and maintenance. [1986 c 114 § 2; 1985 c 376 § 4; 1985 c 142 § 2; 1984 c 7 § 224; 1974 ex.s. c 80 § 4. Formerly RCW 47.42.047.]

(5) Signs shall be located so as not to restrict sight distance on approaches to intersections or interchanges;

(6) The department may charge reasonable fees to defray the cost of manufacture, installation, and maintenance of adopt-a-highway signs. [1991 c 94 § 4.]

Legislative finding—1990 c 240: See note following RCW 47.39.070.

47.39.070 Method of assessing scenic and recreational highways—Future additions to system: (1) In addition to planning and design standards required under RCW 47.39.040 and 47.39.050, the department of transportation, in consultation with the parks and recreation commission, shall develop, by December 1, 1990, a method for assessing scenic and recreational highways and an appropriate threshold for the addition of highways to the scenic and recreational system. The method shall take into consideration the following factors:

- (a) Scenic quality of the corridor;
- (b) Service to major population centers;
- (c) Economic feasibility;
- (d) Variety of recreational experience;
- (e) Compatibility with other highway users;
- (f) Harmony with other land uses;
- (g) Access from existing or planned highways and to parks and other recreational areas;
- (h) Popular demand; and
- (i) Degree of urgency for protecting the corridor.

(2) All additions to the scenic and recreational highway system made after June 7, 1990, shall be assessed by the department in accordance with the method adopted under subsection (1) of this section. The department shall submit its recommendations for additions to the legislature for its approval. [1990 c 240 § 2.]

Legislative finding—1990 c 240: "The legislature finds that scenic and recreational highways are designated because of a need to develop management plans that will protect and preserve the scenic and recreational resources from loss through inappropriate development. Protection of scenic and recreational resources includes managing land use outside normal highway rights of way. The legislature recognizes that scenic and recreational highways are typically located in areas that are natural in character, along watercourses or through mountainous areas, or in areas with a view of such scenery." [1990 c 240 § 1.]

47.40.100 State adopt-a-highway program. (1) The department of transportation shall establish a state-wide adopt-a-highway litter control program whereby volunteer organizations may contribute to a cleaner environment and a more attractive state by adopting sections of state highway and picking up litter along those sections.

An organization whose name: (a) Endorses or opposes a particular candidate for public office, (b) advocates a position on a specific political issue, initiative, referendum, or piece of legislation, or (c) includes a reference to a political party shall not be eligible to participate in the adopt-a-highway program.

(2) In administering the adopt-a-highway, the department shall:

- (a) Provide a standardized application form, registration form, and contractual agreement for all volunteer

groups. Such forms shall notify the prospective participants of the risks and responsibilities to be assumed by either the department and/or the volunteer groups;

(b) Require all volunteers to be at least fifteen years of age;

(c) Require parental consent for all minors;

(d) Require at least one volunteer adult supervisor for every eight minors;

(e) Require one designated leader for each volunteer organization;

(f) Assign each volunteer organization a section of state highway for a specified period of time;

(g) Recognize the efforts of a participating organization by erecting and maintaining signs with the organization's name on both ends of the organization's section of highway;

(h) Provide appropriate safety equipment and "Volunteer Litter Crew Ahead" signs. Safety equipment, other than hardhats, issued to volunteer organizations must be returned to the department after each use for reuse by other volunteer groups;

(i) Provide safety training for all volunteers;

(j) Pay any and all premiums or assessments required under RCW 51.12.035 to secure medical aid benefits under chapter 51.36 RCW for all volunteers participating in the program;

(k) Maintain records of all injuries and accidents that occur;

(l) Adopt rules which establish a process to resolve any question of an organization's eligibility to participate in the adopt-a-highway program;

(m) Obtain permission from property owners who lease right of way before allowing a volunteer organization to adopt a section of highway on such leased property; and

(n) Establish procedures and guidelines for the adopt-a-highway program.

(3) Nothing in this section affects the rights or activities of, or agreements with, adjacent landowners, including the use of rights of way and crossings, nor impairs these rights and uses by the placement of signs. [1990 c 258 § 5.]

Legislative findings and intent—1990 c 258: "The legislature finds that despite the efforts of the department of transportation, the department of ecology, and the ecology youth corps to pick up litter along state highways, roadside litter in Washington state has increased by thirty-six percent since 1983. The legislature further finds that in twenty-seven states, volunteer organizations are able to give of their time and energy, demonstrate commitment to a clean environment, and discourage would-be litterers by keeping sections of highway litter free because those states have established programs to encourage and recognize such voluntary efforts. Therefore, it is the legislature's intent to establish an "adopt-a-highway" litter control program as a partnership between citizen volunteers and the state to reduce roadside litter and build civic pride in a litter-free Washington." [1990 c 258 § 4.]

47.40.105 Local adopt-a-highway programs. Local government legislative authorities may enact local "adopt-a-highway sign" programs which are not inconsistent with state or federal law. [1990 c 258 § 3.]

Legislative findings and intent—1990 c 258: See note following RCW 47.40.100.

HIGHWAY ACCESS MANAGEMENT

47.50.010 Findings—Access. (1) The legislature finds that:

(a) Regulation of access to the state highway system is necessary in order to protect the public health, safety, and welfare, to preserve the functional integrity of the state highway system, and to promote the safe and efficient movement of people and goods within the state;

(b) The development of an access management program, in accordance with this chapter, which coordinates land use planning decisions by local governments and investments in the state highway system, will serve to control the proliferation of connections and other access approaches to and from the state highway system. Without such a program, the health, safety, and welfare of the residents of this state are at risk, due to the fact that uncontrolled access to the state highway system is a significant contributing factor to the congestion and functional deterioration of the system; and

(c) The development of an access management program in accordance with this chapter will enhance the development of an effective transportation system and increase the traffic-carrying capacity of the state highway system and thereby reduce the incidences of traffic accidents, personal injury, and property damage or loss; mitigate environmental degradation; promote sound economic growth and the growth management goals of the state; reduce highway maintenance costs and the necessity for costly traffic operations measures; lengthen the effective life of transportation facilities in the state, thus preserving the public investment in such facilities; and shorten response time for emergency vehicles.

(2) In furtherance of these findings, all state highways are hereby declared to be controlled access facilities as defined in RCW 47.50.020, except those highways that are defined as limited access facilities in chapter 47.52 RCW.

(3) It is the policy of the legislature that:

(a) The access rights of an owner of property abutting the state highway system are subordinate to the public's right and interest in a safe and efficient highway system; and

(b) Every owner of property which abuts a state highway has a right to reasonable access to that highway, unless such access has been acquired pursuant to chapter 47.52 RCW, but may not have the right of a particular means of access. The right of access to the state highway may be restricted if, pursuant to local regulation, reasonable access can be provided to another public road which abuts the property.

(4) The legislature declares that it is the purpose of this chapter to provide a coordinated planning process for the permitting of access points on the state highway system to effectuate the findings and policies under this section.

(5) Nothing in this chapter shall affect the right to full compensation under section 16, Article I of the state Constitution. [1991 c 202 § 1.]

Captions not law—1991 c 202: "Section captions and part headings as used in this act do not constitute any part of the law." [1991 c 202 § 22.] This act consists of chapter 47.50 RCW and RCW 70.94.521 through 70.94.551.

Effective date—1991 c 202: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of

the state government and its existing public institutions, and shall take effect July 1, 1991." [1991 c 202 § 24.]

Severability—1991 c 202: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1991 c 202 § 25.]

47.50.020 Definitions—Access. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Controlled access facility" means a transportation facility to which access is regulated by the governmental entity having jurisdiction over the facility. Owners or occupants of abutting lands and other persons have a right of access to or from such facility at such points only and in such manner as may be determined by the governmental entity.

(2) "Connection" means approaches, driveways, turn-outs, or other means of providing for the right of access to or from controlled access facilities on the state highway system.

(3) "Permitting authority" means the department for connections in unincorporated areas or a city or town within incorporated areas which are authorized to regulate access to state highways pursuant to chapter 47.24 RCW. [1991 c 202 § 2.]

Captions not law—Effective date—Severability—1991 c 202: See notes following RCW 47.50.010.

47.50.030 Regulating connections. (1) Vehicular access and connections to or from the state highway system shall be regulated by the permitting authority in accordance with the provisions of this chapter in order to protect the public health, safety, and welfare.

(2) The department shall by July 1, 1992, adopt administrative procedures pursuant to chapter 34.05 RCW which establish state highway access standards and rules for its issuance and modification of access permits, closing of unpermitted connections, revocation of permits, and waiver provisions in accordance with this chapter. The department shall consult with the association of Washington cities and obtain concurrence of the city design standards committee as established by RCW 35.78.030 in the development and adoption of rules for access standards for city streets designated as state highways under chapter 47.24 RCW.

(3) Cities and towns shall, no later than July 1, 1993, adopt standards for access permitting on streets designated as state highways which meet or exceed the department's standards, provided that such standards may not be inconsistent with standards adopted by the department. [1991 c 202 § 3.]

Captions not law—Effective date—Severability—1991 c 202: See notes following RCW 47.50.010.

47.50.040 Access permits. (1) No connection to a state highway shall be constructed or altered without obtaining an access permit in accordance with this chapter in advance of such action. A permitting authority has the authority to deny access to the state highway system at the location specified in the permit until the

permittee constructs or alters the connection in accordance with the permit requirements.

(2) The cost of construction or alteration of a connection shall be borne by the permittee, except for alterations which are not required by law or administrative rule, but are made at the request of and for the convenience of the permitting authority. The permittee, however, shall bear the cost of alteration of any connection which is required by the permitting authority due to increased or altered traffic flows generated by changes in the permittee's facilities or nature of business conducted at the location specified in the permit.

(3) Except as otherwise provided in this chapter, an unpermitted connection is subject to closure by the appropriate permitting authority which shall have the right to install barriers across or remove the connection. When the permitting authority determines that a connection is unpermitted and subject to closure, it shall provide reasonable notice of its impending action to the owner of property served by the connection. The permitting authority's procedures for providing notice and preventing the operation of unpermitted connections shall be adopted by rule. [1991 c 202 § 4.]

Captions not law—Effective date—Severability—1991 c 202: See notes following RCW 47.50.010.

47.50.050 Permit fee. The department shall establish by rule a schedule of fees for permit applications made to the department. The fee shall be nonrefundable and shall be used only to offset the costs of administering the access permit review process and the costs associated with administering the provisions of this chapter. [1991 c 202 § 5.]

Captions not law—Effective date—Severability—1991 c 202: See notes following RCW 47.50.010.

47.50.060 Permit review process. The review process for access permit applications made by the department shall be as follows: Any person seeking an access permit shall file an application with the department. The department by rule shall establish application form and content requirements. The fee required by RCW 47.50.050 must accompany the applications. [1991 c 202 § 6.]

Captions not law—Effective date—Severability—1991 c 202: See notes following RCW 47.50.010.

47.50.070 Permit conditions. The permitting authority may issue a permit subject to any conditions necessary to carry out the provisions of this chapter, including, but not limited to, requiring the use of a joint-use connection. The permitting authority may revoke a permit if the applicant fails to comply with the conditions upon which the issuance of the permit was predicated. [1991 c 202 § 7.]

Captions not law—Effective date—Severability—1991 c 202: See notes following RCW 47.50.010.

47.50.080 Permit removal. (1) Unpermitted connections to the state highway system in existence on July 1, 1990, shall not require the issuance of a permit and may

continue to provide access to the state highway system, unless the permitting authority determines that such a connection does not meet minimum acceptable standards of highway safety. However, a permitting authority may require that a permit be obtained for such a connection if a significant change occurs in the use, design, or traffic flow of the connection or of the state highway to which it provides access. If a permit is not obtained, the connection may be closed pursuant to RCW 47.50.040.

(2) Access permits granted prior to adoption of the permitting authorities' standards shall remain valid until modified or revoked. Access connections to state highways identified on plats and subdivisions approved prior to July 1, 1991, shall be deemed to be permitted pursuant to chapter 202, Laws of 1991. The permitting authority may, after written notification, under rules adopted in accordance with RCW 47.50.030, modify or revoke an access permit granted prior to adoption of the standards by requiring relocation, alteration, or closure of the connection if a significant change occurs in the use, design, or traffic flow of the connection.

(3) The permitting authority may issue a nonconforming access permit after finding that to deny an access permit would leave the property without a reasonable means of access to the public roads of this state. Every nonconforming access permit shall specify limits on the maximum vehicular use of the connection and shall be conditioned on the availability of future alternative means of access for which access permits can be obtained. 47.50.090 Access management standards. (1) The department shall develop, adopt, and maintain an access control classification system for all routes on the state highway system, the purpose of which shall be to provide for the implementation and continuing applications of the provision of this chapter.

(2) The principal component of the access control classification system shall be access management standards, the purpose of which shall be to provide specific minimum standards to be adhered to in the planning for and approval of access to state highways.

(3) The control classification system shall be developed consistent with the following:

(a) The department shall, no later than January 1, 1993, adopt rules setting forth procedures governing the implementation of the access control classification system required by this chapter. The rule shall provide for input from the entities described in (b) of this subsection as well as for public meetings to discuss the access control classification system. Nothing in this chapter shall affect the validity of the department's existing or subsequently adopted rules concerning access to the state highway system. Such rules shall remain in effect until repealed or replaced by the rules required by this chapter.

(b) The access control classification system shall be developed in cooperation with counties, cities and towns,

the state department of community development, regional transportation planning organizations, and other local governmental entities, and for city streets designated as state highways pursuant to chapter 47.24 RCW, adopted with the concurrence of the city design standards committee.

(c) The rule required by this section shall provide that assignment of a road segment to a specific access category be made in consideration of the following criteria:

(i) Local land use plans and zoning, as set forth in comprehensive plans;

(ii) The current functional classification as well as potential future functional classification of each road on the state highway system;

(iii) Existing and projected traffic volumes;

(iv) Existing and projected state, local, and metropolitan planning organization transportation plans and needs;

(v) Drainage requirements;

(vi) The character of lands adjoining the highway;

(vii) The type and volume of traffic requiring access;

(viii) Other operational aspects of access;

(ix) The availability of reasonable access by way of county roads and city streets to a state highway; and

(x) The cumulative effect of existing and projected connections on the state highway system's ability to provide for the safe and efficient movement of people and goods within the state.

(d) Access management standards shall include, but not be limited to, connection location standards, safety factors, design and construction standards, desired levels of service, traffic control devices, and effective maintenance of the roads. The standards shall also contain minimum requirements for the spacing of connections, intersecting streets, roads, and highways.

(e) An access control category shall be assigned to each segment of the state highway system by July 1, 1993. [1991 c 202 § 9.]

47.60.150 Fixing of charges—Deposit, segregation, and disbursement of revenues. Subject to the provisions of RCW 47.60.326, the schedule of charges for the services and facilities of the system shall be fixed and revised from time to time by the commission so that the tolls and revenues collected together with any moneys in the Puget Sound ferry operations account transferred to the ferry system revolving account for maintenance and operation, and all moneys in the Puget Sound capital construction account available for debt service will yield annual revenue and income sufficient, after allowance for all operating, maintenance, and repair expenses to pay the interest and principal and sinking fund charges for all outstanding revenue bonds, and to create and maintain a fund for ordinary renewals and replacements: **PROVIDED**, That if provision is made by any resolution for the issuance of revenue bonds for the creation and maintenance of a special fund for rehabilitating, rebuilding, enlarging, or improving all or any part of the ferry system then such schedule of tolls and rates of charges shall be fixed and revised so that the revenue and income will also be sufficient to comply with such provision.

All income and revenues as collected shall be paid to the state treasurer for the account of the department as a separate trust fund and to be segregated and disbursed upon order of the department: **PROVIDED**, That the fund so segregated and set apart for the payment of the revenue bonds may be remitted to and held by a designated trustee in such manner and with such collateral as may be provided in the resolution authorizing the issuance of said bonds. No expenditure may be made from the revenue fund established under this section and the bond resolution without an appropriation by law. Nothing in this section requires tolls on the Hood Canal bridge except as may be required by any bond covenants. [1990 c 42 § 405. 47.60.160 Repealed. See Supplementary Table of Disposition of Former RCW Sections, Supplement Volume 9A.

47.60.326 Schedule of charges for state ferries—Review by department, factors considered—Rule-making by commission. (1) In order to maintain an adequate, fair, and economically sound schedule of charges for the transportation of passengers, vehicles, and commodities on the Washington state ferries, the department of transportation each year shall conduct a full review of such charges.

(2) Prior to February 1st of each odd-numbered year the department shall transmit to the transportation commission a report of its review together with its recommendations for the revision of a schedule of charges for the ensuing biennium. The commission on or before July 1st of that year shall adopt as a rule, in the manner provided by the Washington administrative procedure act, a schedule of charges for the Washington state ferries for the ensuing biennium commencing July 1st. The schedule may initially be adopted as an emergency rule if necessary to take effect on, or as near as possible to, July 1st.

(3) The department in making its review and formulating recommendations and the commission in adopting a schedule of charges may consider any of the following factors:

(a) The amount of subsidy available to the ferry system for maintenance and operation;

(b) The time and distance of ferry runs;

(c) The maintenance and operation costs for ferry runs with a proper adjustment for higher costs of operating outmoded or less efficient equipment;

(d) The efficient distribution of traffic between cross-sound routes;

(e) The desirability of reasonable commutation rates for persons using the ferry system to commute daily to work;

(f) The effect of proposed fares in increasing walk-and vehicular passenger use;

(g) The effect of proposed fares in promoting all types of ferry use during nonpeak periods;

(h) Such other factors as prudent managers of a major ferry system would consider.

(4) If at any time during the biennium it appears that projected toll revenues from the ferry system, together with the transfer from the Puget Sound ferry operations account to the ferry system revolving account and any other operating subsidy available to the Washington state ferries, will be less than the projected total cost of maintenance and operation of the Washington state ferries for the biennium, the department shall forthwith undertake a review of its schedule of charges to ascertain whether or not the schedule of charges should be revised. The department shall, upon completion of its review report, submit its recommendation to the transportation commission which may in its sound discretion revise the schedule of charges as required to meet necessary maintenance and operation expenditures of the ferry system for the biennium or may defer action until the regular annual review and revision of ferry charges as provided in subsection (2) of this section.

(5) The provisions of RCW 47.60.330 relating to public participation shall apply to the process of revising ferry tolls under this section. [1990 c 42 § 406; 1983 c 15 § 25; 1981 c 344 § 5.]

Purpose—Headings—Severability—Effective dates—Application—Implementation—1990 c 42: See notes following RCW 82.36.025.

Severability—1983 c 15: See RCW 47.64.910.

of the act or the application of the provision to other persons or circumstances is not affected." [1981 c 344 § 8.]

47.60.420 Additional revenue bonds, refunding bonds, authorized, 1961 Act—Prior charge against Puget Sound capital construction account if ferry system revenues insufficient. To the extent that all revenues from the Washington state ferry system available therefor are insufficient to provide for the payment of principal and interest on the bonds authorized and issued under RCW 47.60.400 through 47.60.470 and for sinking fund requirements established with respect thereto and for payment into such reserves as the department has established with respect to the securing of the bonds, there is imposed a first and prior charge against the Puget Sound capital construction account of the motor vehicle fund created by RCW 47.60.505 and, to the extent required, against all revenues required by RCW 46.68.100 to be deposited in the Puget Sound capital construction account.

To the extent that the revenues from the Washington state ferry system available therefor are insufficient to meet required payments of principal and interest on bonds, sinking fund requirements, and payments into reserves, the department shall use moneys in the Puget Sound capital construction account for such purpose. [1990 c 42 § 407; 1986 c 66 § 4; 1984 c 7 § 330; 1961 ex.s. c 9 § 3.]

47.60.440 Additional revenue bonds, refunding bonds, authorized, 1961 Act—Ferry system a revenue-producing undertaking—Debt service—Tolls on ferry system and Hood Canal bridge. The Washington state ferry system shall be efficiently managed, operated, and maintained as a revenue-producing undertaking. Subject to the provisions of RCW 47.60.326 the commission shall maintain and revise from time to time as necessary a schedule of tolls and charges on said ferry system and, if necessary to comply with bond covenants, on the Hood Canal bridge which together with any moneys in the Puget Sound ferry operations account transferred to the ferry system revolving account for maintenance and operation and all moneys in the Puget Sound capital construction account available for debt service will produce net revenue available for debt service, in each fiscal year, in an amount at least equal to minimum annual debt service requirements as hereinafter provided. Minimum annual debt service requirements as used in this section shall include required payments of principal and interest, sinking fund requirements, and payments into reserves on all outstanding revenue bonds authorized by RCW 47.60.400 through 47.60.470.

The provisions of law relating to the revision of tolls and charges to meet minimum annual debt service requirements from net revenues as required by this section shall be binding upon the commission but shall not be deemed to constitute a contract to that effect for the

benefit of the holders of such bonds. [1990 c 42 § 408; 1986 c 66 § 6; 1983 c 3 § 139; 1972 ex.s. c 24 § 7; 1963 ex.s. c 3 § 42; 1961 ex.s. c 9 § 5.]

47.60.445 Hood Canal bridge—Tolls, upkeep costs. Notwithstanding the provisions of RCW 47.56.240 and 47.56.245 the transportation commission shall not collect tolls on the Hood Canal bridge for any purpose except where necessary to comply with bond covenants.

The cost of maintenance, upkeep, and repair may be paid from funds appropriated for the construction and maintenance of the primary state highways of the state of Washington. [1990 c 42 § 409.]

47.76.100 Legislative finding. The legislature finds that a balanced multimodal transportation system is required to maintain the state's commitment to the growing mobility needs of its citizens and commerce. Freight rail systems are important elements of this multimodal system.

Washington's economy relies heavily upon the freight rail system to ensure movement of the state's agricultural, chemical, and natural resource products to local, national, and international markets. Since 1970, Washington has lost nearly one-third of its five thousand two hundred rail miles to abandonment and bankruptcies, leaving approximately three thousand four hundred rail miles. Recognizing the implications of this trend for freight mobility and the state's economic future, the legislature believes that better freight rail planning, better cooperation to preserve rail lines, and increased financial assistance from the state are necessary to maintain and improve the freight rail system within the state. [1990 c 43 § 1.]

Construction—1990 c 43: "This act shall be liberally construed to give effect to the intent of this act." [1990 c 43 § 56.]

Severability—1990 c 43: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1990 c 43 § 57.]

47.76.110 State freight rail program. The Washington state department of transportation shall implement a state freight rail program for rail coordination, planning, and technical assistance. [1990 c 43 § 2.]

Construction—Severability—Headings—1990 c 43: See notes following RCW 47.76.100.

47.76.120 Freight rail planning. (1) The department of transportation shall continue its responsibility for the development and implementation of the state rail plan

and programs, and the utilities and transportation commission shall continue its responsibility for intrastate rates, service, and safety issues.

(2) The department of transportation shall maintain an enhanced data file on the rail system. Proprietary annual station traffic data from each railroad and the modal use of major shippers shall be obtained to the extent that such information is available.

(3) The department of transportation shall provide technical assistance, upon request, to state agencies and local interests. Technical assistance includes, but is not limited to, the following:

(a) Abandonment cost-benefit analyses, to include the public and private costs and benefits of maintaining the service, providing alternative service including necessary road improvement costs, or of taking no action;

(b) Assistance in the formation of county rail districts and port districts; and

(c) Feasibility studies for rail service continuation and/or rail service assistance.

(4) With funding authorized by the legislature, the department of transportation shall develop a cooperative process to conduct community and business information programs and to regularly disseminate information on rail matters. The following agencies and jurisdictions shall be involved in the process:

(a) The state departments of community development and trade and economic development;

(b) Local jurisdictions and local economic development agencies; and

(c) Other interested public and private organizations. [1990 c 43 § 3.]

Construction—Severability—Headings—1990 c 43: See notes following RCW 47.76.100.

47.76.130 Freight rail preservation program. The state, counties, local communities, railroads, labor, and shippers all benefit from continuation of rail service and should participate in its preservation. Lines which provide benefits to the state and local jurisdictions, such as avoided roadway costs, reduced traffic congestion, economic development potential, environmental protection, and safety, should be assisted through the joint efforts of the state, local jurisdictions, and the private sector.

(1) The department of transportation shall continue to monitor the status of the state's light density line system through the state rail plan and various analyses, and shall seek alternatives to abandonment prior to interstate commerce commission proceedings, where feasible.

(2) The utilities and transportation commission shall intervene in interstate commerce commission proceedings on abandonments, when necessary, to protect the state's interest.

(3) As conditions warrant, the following criteria shall be used for identifying the state's essential rail system:

(a) Established regional and short-line carriers excluding private operations which are not common carriers;

(b) Former state project lines, which are lines that have been studied and have received funds from the state and federal governments;

(c) Lines serving major agricultural and forest product areas or terminals, with such terminals generally being within a fifty-mile radius of producing areas, and sites associated with commodities shipped by rail;

(d) Lines serving ports, seaports, and navigable river ports;

(e) Lines serving power plants or energy resources;

(f) Lines used for passenger service;

(g) Mainlines connecting to the national and Canadian rail systems;

(h) Major intermodal service points or hubs; and

(i) The military's strategic rail network.

(4) Local jurisdictions may implement rail service preservation projects in the absence of state participation.

(5) The department of transportation shall continue to monitor projects for which it provides assistance. [1990 c 43 § 4.]

Construction—Severability—Headings—1990 c 43: See notes following RCW 47.76.100.

47.76.140 Rail corridor preservation guidelines. In rail banking situations where it is not practicable to implement or continue freight rail service operations until some future date and the line's right of way is available for purchase and/or meets the criteria of chapter 47.76 RCW:

(1) The department of transportation shall preserve rail corridors for future rail service by purchasing the rights of way with funds specifically appropriated from the essential rail banking account created in RCW 47.76.160.

(2) Acquisition of rights of way may also include track, bridges, and associated elements.

(3) All corridors purchased under the rail bank program shall be identified by the department of transportation.

(4) All corridors acquired by governmental entities by donation or reversion for future rail use shall be identified in the rail bank program.

(5) Any rail rights of way acquired with state money will be for present or future rail purposes and can only be used for other purposes with the consent of the Washington state department of transportation and the consent of the underlying fee title holder or reversionary rights holder, or if compensation has been made to the underlying fee title holder or reversionary rights holder. [1990 c 43 § 5.]

Construction—Severability—Headings—1990 c 43: See notes following RCW 47.76.100.

47.76.150 Goals of rail service preservation—Local participation. State funding for rail service preservation shall benefit the state's interests, which include reducing public roadway maintenance and repair costs, increasing economic development opportunities, preserving jobs, and enhancing safety, and shall be contingent upon appropriate local participation. [1990 c 43 § 6.]

Construction—Severability—Headings—1990 c 43: See notes following RCW 47.76.100.

47.76.160 Essential rail banking account—Creation, uses. (1) The essential rail banking account is created in the state treasury. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used only for the purposes specified in this section.

(2) Moneys in the account may be used by the department to:

(a) Purchase unused rail rights of way; or

(b) Provide up to eighty percent of the funding through loans to first class cities, port districts, counties, and county rail districts to purchase unused rail rights of way.

(3) Use of the moneys pursuant to subsection (2) of this section shall be for rights of way that meet the following criteria:

(a) The right of way has been identified, evaluated, and analyzed in the state rail plan prepared pursuant to this chapter;

(b) The right of way may be or has been abandoned;

(c) The right of way has potential for future rail service; and

(d) Reestablishment of rail service would benefit the state of Washington; and this benefit shall be based on the public and private costs and benefits of reestablishing the service compared with alternative service including necessary road improvement costs, or of taking no action.

Funds in the account may be expended for this purpose only with legislative appropriation. Funds for acquisition of any line shall be expended only after obtaining the approval of the legislative transportation committee. The department may also expend funds from the receipt of a donation of funds sufficient to cover the property acquisition and management costs. The department may receive donations of funds for this purpose, which shall be conditioned upon, and made in consideration for the repurchase rights contained in RCW 47.76.040. The department or the participating local jurisdiction shall be responsible for maintaining the right of way, including provisions for fire and weed control and for liability associated with ownership. Nothing in this section and in RCW 47.76.140 and 47.76.030 shall be interpreted or applied so as to impair the reversionary rights of abutting landowners, if any, without just compensation.  47.80.901 Part, section headings not law—1990 1st ex.s. c 17.

47.80.010 Findings—Declaration. The legislature finds that while the transportation system in Washington is owned and operated by numerous public jurisdictions, it should function as one interconnected and coordinated system. Transportation planning, at all jurisdictional levels, should be coordinated with local comprehensive plans. Further, local jurisdictions and the state should cooperate to achieve both state-wide and local transportation goals. To facilitate this coordination and cooperation among state and local jurisdictions, the legislature declares it to be in the state's interest to establish a coordinated planning program for regional transportation systems and facilities throughout the state. [1990 1st ex.s. c 17 § 53.]

47.80.020 Regional transportation planning organizations authorized. The legislature hereby authorizes creation of regional transportation planning organizations within the state. Each regional transportation planning organization shall be formed through the voluntary association of local governments within a county, or within geographically contiguous counties. Each organization shall:

- (1) Encompass at least one complete county;
- (2) Have a population of at least one hundred thousand, or contain a minimum of three counties; and
- (3) Have as members all counties within the region, and at least sixty percent of the cities and towns within the region representing a minimum of seventy-five percent of the cities' and towns' population.

The state department of transportation must verify that each regional transportation planning organization conforms with the requirements of this section.

In urbanized areas, the regional transportation planning organization is the same as the metropolitan planning organization designated for federal transportation planning purposes. [1990 1st ex.s. c 17 § 54.]

47.80.030 Regional transportation planning organizations—Duties. (1) Each regional transportation planning organization shall:

- (a) Certify that the transportation elements of comprehensive plans adopted by counties, cities, and towns within the region conform with the requirements of RCW 36.70A.070, and are consistent with regional transportation plans as provided for in (b) of this subsection;
- (b) Develop and adopt a regional transportation plan that is consistent with county, city, and town comprehensive plans and state transportation plans. Regional transportation planning organizations are encouraged to use county, city, and town comprehensive plans that existed prior to July 1, 1990, as the basis of its regional transportation plan whenever possible. Such plans shall address existing or planned transportation facilities and services that exhibit one or more of the following characteristics:
 - (i) Physically crosses member county lines;

- (ii) Is or will be used by a significant number of people who live or work outside the county in which the facility, service, or project is located;

- (iii) Significant impacts are expected to be felt in more than one county;

- (iv) Potentially adverse impacts of the facility, service, or project can be better avoided or mitigated through adherence to regional policies;

- (v) Transportation needs addressed by a project have been identified by the regional transportation planning process and the remedy is deemed to have regional significance;

- (c) Designate a lead planning agency to coordinate preparation of the regional transportation plan. The lead planning agency may be a regional council, a county, city, or town agency, or a Washington state department of transportation district;

- (d) Review the regional transportation plan biennially for currency; and

- (e) Forward the adopted plan, and documentation of the biennial review of it, to the state department of transportation.

(2) All transportation projects within the region that have an impact upon regional facilities or services must be consistent with the plan.

(3) In order to ensure state-wide consistency in the regional transportation planning process, the state department of transportation shall:

- (a) In cooperation with regional transportation planning organizations, establish minimum standards for development of a regional transportation plan;

- (b) Facilitate coordination between regional transportation planning organizations; and

- (c) Through the regional transportation planning process, and through state planning efforts as required by RCW 47.01.071, identify and jointly plan improvements and strategies within those corridors important to moving people and goods on a regional or state-wide basis. [1990 1st ex.s. c 17 § 55.]

47.80.040 Transportation policy boards. Each regional transportation planning organization shall create a transportation policy board. Transportation policy boards shall provide policy advice to the regional transportation planning organization and shall allow representatives of major employers within the region, the department of transportation, transit districts, port districts, and member cities, towns, and counties within the region to participate in policy making. [1990 1st ex.s. c 17 § 56.]

47.80.050 Allocation of regional transportation planning funds. Biennial appropriations to the department of transportation to carry out the regional transportation planning program shall set forth the amounts to be allocated as follows:

- (1) A base amount per county for each county within each regional transportation planning organization, to be distributed to the lead planning agency;

47.86.900	Expiration.
47.86.901	Severability—1990 c 298.

47.86.010 Legislative findings, intent. The legislature finds that with the increase in air traffic operations, combined with the projections for the rapid expansion of these operations in both the short and the long term, concerns regarding the environmental, health, social, and economic impacts of air traffic are increasing as well. The legislature also finds that advancing Washington's position as a national and international trading leader is dependent upon the development of a highly competitive, state-wide passenger and cargo air transportation system. Therefore, there is an obvious need for improved coordination of local, federal, and state efforts to develop state-wide air transportation policies to promote continued economic development and to mitigate the negative impacts of air traffic on surrounding communities.

The legislature seeks to provide for the comprehensive examination of air transportation issues, taking into

consideration the data and conclusions of appropriate air traffic studies, including but not limited to those currently underway by various public ports of Washington, local jurisdictions, the department of transportation, and the Puget Sound Council of Governments.

It is the intent of the legislature to establish an air transportation commission, made up of persons interested in and affected by air transportation. [1990 c 298 § 39.]

47.86.020 Creation, membership. (1) The air transportation commission is created to carry out the functions of this chapter. The commission shall consist of twenty-two voting members.

(2) The governor shall appoint nineteen members to represent the following interests:

(a) Four city representatives, who shall be elected city officials, with at least one from a small city or town affected by air traffic problems and one from a large city that is a member of the regional airport system study;

(b) Four county representatives, who shall be elected county officials, with at least one from a small county affected by air traffic problems, and one from a large county that is a member of the regional airport system study;

(c) Two citizens to represent the private sector, with one from western Washington and one from eastern Washington;

(d) Three as representatives from the airline industry;

(e) Two as representatives of the ports, one of whom shall represent a port located in a county of one million population or more;

(f) The governor or a designee;

(g) A representative from the SeaTac noise mediation project;

(h) A representative from an eastern Washington metropolitan planning organization; and

(i) A representative from a western Washington metropolitan planning organization.

(3) The remaining three members shall be:

(a) The secretary of transportation or a designee;

(b) The assistant secretary of the division of aeronautics of the department of transportation; and

(c) The director of the Washington state transportation center created by agreement between the University of Washington, Washington State University, and the department of transportation.

(4) The chair of the legislative transportation committee shall appoint four members of the legislature to serve as nonvoting members of the commission.

(5) The manager of the Seattle airports division, northwest region of the federal aviation administration shall serve as a nonvoting member. [1990 c 298 § 40.]

47.86.030 Studies. The commission shall conduct studies to determine Washington's long-range air transportation policy, including an assessment of intermodal needs, and to assess the impacts of increasing air traffic upon surrounding communities, including an evaluation of noise mitigation and surface transportation impacts at

existing facilities, and the potential impact at new or expanded facilities.

The studies shall include, but are not limited to the following:

(1) The feasibility of acquiring the Stampede Pass rail line for use as a utility corridor, intermodal high speed transportation corridor or other transportation uses. The study shall include an examination of the ownership of the Stampede Pass rail line right of way and evaluate the advantages and disadvantages of preserving the Stampede Pass rail line corridor. It shall include interested public and private agencies when conducting the study. The commission shall encourage local communities and the private sector to financially participate in the study. The commission shall make a presentation of the feasibility findings to the legislative transportation committee on or before December 1, 1990.

(2) Recommendations to the legislature on future Washington state air transportation policy, including the expansion of existing and potential air carrier and reliever facilities and the siting of such new facilities, specifically taking into consideration intermodal needs. The commission shall consider the development of wayports in eastern Washington, taking into account similar developments in Japan and Germany, in order to reduce congestion resulting from rapid growth in the Puget Sound region. The commission shall coordinate its study of airport siting policy issues with the efforts of the high-speed ground transportation steering committee.

The commission shall submit findings and recommendations to the legislative transportation committee by December 1, 1994, with an interim report to be presented to the legislative transportation committee by December 1, 1992. [1991 c 231 § 7; 1990 c 298 § 41.]

High-speed ground transportation system assessment—Finding: "The legislature recognizes that major transportation corridors in this state are reaching unacceptable levels of congestion. Proposed improvements such as extension of the HOV-lane system or regional high-capacity systems, can, at best, only temporarily reduce the rate at which congestion increases. Further, such improvements do not address cross-state travel demands, whether north-south or east-west.

Therefore, the legislature finds that 1991 is an appropriate time for the legislature and the governor to direct that a comprehensive assessment be made of the feasibility of developing a high-speed ground transportation system within the state and that a plan be developed for implementation of potential alternatives.

Congress has set aside federal funds in the amount of five hundred thousand dollars for the state of Washington to carry out such an assessment, with the stipulation that the state provide an equal amount of state funds for the effort." [1991 c 231 § 1.]

High-speed ground transportation steering committee—Members: "The high-speed ground transportation steering committee is created, consisting of fifteen members, appointed jointly by the governor, the chair of the legislative transportation committee, and the chair of the transportation commission. The appointing authorities shall also designate the chair of the steering committee.

The committee must include representatives from the following:

(1) Cities and counties, including both elected officials and planners, and if possible, representatives of regional transportation planning organizations;

(2) Public transportation systems;

(3) The United States department of transportation;

(4) Public ports; and

(5) The private sector, including:

(a) The financial community;

(b) The engineering and construction community;

- (c) Railroad companies;
- (d) Environmental interests; and
- (e) The legal profession.

The secretary of the state department of transportation, or the secretary's designee, shall also be a member.

Members of the steering committee shall receive no compensation for their service, but shall be reimbursed for travel expenses as provided in RCW 43.03.050 and 43.03.060." [1991 c 231 § 2.]

Liaison members: "The following persons shall serve as voting liaison members to the steering committee:

- (1) The governor or a designee;
- (2) Four legislators, one from each caucus of each house, appointed by the chair of the legislative transportation committee; and
- (3) The chair of the transportation commission.

In addition to those persons, the governor shall attempt to obtain appropriate nonvoting liaison representation to the steering committee from the state of Oregon and the province of British Columbia." [1991 c 231 § 3.]

Issues addressed: "The steering committee shall initially address the feasibility of a high-speed ground transportation system within this state, including such issues as:

- (1) When such a system would be economically feasible;
- (2) The forecasted demand, assessing whether the focus should be on passenger travel or freight or both;
- (3) Identification of the corridors to be analyzed;
- (4) Land use and economic development implications;
- (5) Environmental considerations;
- (6) The compatibility of such a system with regional transportation plans along proposed corridors;
- (7) Impacts on and interfaces with other travel modes;
- (8) Technological options for high-speed ground transportation, both foreign and domestic;
- (9) Required specifications for speed, safety, access, and frequency;
- (10) Identification of existing highway or railroad rights of way that are suitable for high-speed travel;
- (11) Identification of additional rights of way that may be needed and the process for acquiring those rights of way;
- (12) The recommended institutional arrangement for carrying out detailed planning for such a system, for constructing it, and for operating it;
- (13) Whether financing of construction should be public or private or some combination of both;
- (14) Whether financing of operations should be public or private or some combination of both;
- (15) If public sector financing for any portion of capital or operation costs is deemed necessary, which existing or new tax sources would be appropriate.

The steering committee shall coordinate its work with that of the air transportation commission established in "RCW 47.86.030." [1991 c 231 § 4.]

***Reviser's note:** The air transportation commission is created in RCW 47.86.020.

Office of high-speed ground transportation: "In order to provide technical and administrative support to the steering committee, the office of high-speed ground transportation is created within the department of transportation. That office may contract with consultants at the direction of the steering committee and shall provide other support functions as requested by the committee." [1991 c 231 § 5.]

Reports: "The steering committee shall present a final report to the governor, the legislature, and the transportation commission by October 15, 1992. It shall present interim progress reports as appropriate. (3) The commissioner may at any time require any licensed agent, broker, solicitor, or adjuster to take and successfully pass an examination testing the licensee's competence and qualifications as a condition to the continuance or renewal of a license, if the licensee has been guilty of violation of this code, or has so conducted affairs under an insurance license as to cause the commissioner reasonably to desire further evidence of the licensee's qualifications. The commissioner may adopt regulations establishing alternative appointment procedures for individuals within licensed firms, corporations, or sole proprietorships who are empowered to exercise the authority conferred by the firm, corporate, or sole proprietorship license.

(2) Each appointment shall be effective until the agent's license expires or is revoked, the appointment has expired, or written notice of termination of the appointment is filed with the commissioner, whichever occurs first.

(3) When the appointment is revoked by the insurer, written notice of such revocation shall be given to the agent and a copy of the notice of revocation shall be mailed to the commissioner.

(4) Revocation of an appointment by the insurer shall be deemed to be effective as of the date designated in the notice as being the effective date if the notice is actually received by the agent prior to such designated date; otherwise, as of the earlier of the following dates:

(a) The date such notice of revocation was received by the agent.

(b) The date such notice, if mailed to the agent at his last address of record with the insurer, in due course should have been received by the agent.

(5) Appointments shall be for one year and shall expire if not timely renewed. Each insurer shall annually pay the renewal fee set forth for each agent holding an appointment on the annual renewal date assigned the agents of the insurer by the commissioner. The commissioner, by rule, shall determine renewal dates. If a staggered system is used, fees shall be prorated in the conversion to a staggered system. (1) The commissioner may revoke or refuse to renew any license issued under this chapter, or any surplus line broker's license, immediately and without hearing, upon sentencing of the licensee for conviction of a felony by final judgment of any court of competent jurisdiction, if the facts giving rise to such conviction demonstrate the licensee to be untrustworthy to maintain any such license.

(2) The commissioner may suspend, revoke, or refuse to renew any such license:

(a) By an order served by mail or personal service upon the licensee not less than fifteen days prior to the effective date thereof, subject to the right of the licensee to have a hearing as provided in RCW 48.04.010; or

(3) The commissioner may temporarily suspend such license by an order served by mail or by personal service upon the licensee not less than three days prior to the effective date thereof, provided the order contains a notice of revocation and includes a finding that the public safety or welfare imperatively requires emergency action. Such suspension shall continue only until proceedings for revocation are concluded. The commissioner also may temporarily suspend such license in cases where proceedings for revocation are pending if he or she finds that the public safety or welfare imperatively requires emergency action.

(4) Service by mail under this section shall mean posting in the United States mail, addressed to the licensee at the most recent address shown in the commissioner's licensing records for the licensee. Chapter 48.18
THE INSURANCE CONTRACT

Sections

48.18.285 Termination of agency contract—Effect on insured.

48.18.285 Termination of agency contract—Effect on insured. (1) No insurer authorized to do business in this state may cancel or refuse to renew any policy because that insurer's contract with the independent agent through whom such policy is written has been terminated by the insurer, the agent, or by mutual agreement.

(2) If an insurer intends to terminate a written agency contract with an independent agent, the insurer shall give the agent not less than one hundred twenty days' advance written notice of the intent, unless the termination is based upon the agent's abandonment of the agency, the agent's gross and willful misconduct, the agent's loss of license by order of the insurance commissioner, the agent's sale of, or material change of ownership in, the agency, the agent's fraud or material misrepresentation relative to the business of insurance, or the agent's default in payments due the insurer under the terms of the agreement. During the notice period the insurer shall not amend the existing contract without the consent of the agent.

(a) Unless the agency contract provides otherwise, during the one hundred twenty day notice period the independent agent shall not write or bind any new business on behalf of the terminating insurer without specific written approval. However, routine adjustments by insureds are permitted. The terminating insurer shall permit renewal of all its policies in the agent's book of business for a period of one year following the effective date of the termination, to the extent the policies meet the insurer's underwriting standards and the insurer has no other reason for nonrenewal. The rate of commission for any policies renewed under this provision shall be the same as the agent would have received had the agency agreement not been terminated.

(b) An independent agent whose agency contract has been terminated shall have a reasonable opportunity to transfer affected policies to other insurers with which the agent has an appointment: PROVIDED, HOWEVER, That prior to the conclusion of the one-year renewal period following the effective date of the termination, an insurer without a reason for not renewing an insured's policy and which has not received notification of the placement of such policy with another insurer shall provide its insured with appropriate written notice of an offer to continue the policy. In such cases, except where the terminated agent has placed the policy with another agent of the insurer, the insurer shall, where practical, assign the policy to an appointed agent located reasonably near the insured willing to accept the assignment.

(c) An insurer is not required to continue the appointment of a terminated independent agent during or after the one year renewal period. However, an agent whose contract has been terminated by the insurer remains an agent of the terminating insurer as to actions

associated with the policies subject to this section just as if he or she were appointed by the insurer as its agent.

(3) In the absence of receipt of notice from the insured that coverage will not be continued with the existing insurer, an insurer whose agency contract has been terminated by an independent agent, or by the mutual agreement of the insurer and the agent, that elects to renew or lacks a reason not to renew, shall give the renewal notice required by chapter 48.18 RCW to affected insureds, and continue renewed coverage in accordance with the methods specified in subsection (2)(b) of this section. Agents affected by this subsection may provide the notice to an insurer that an insured does not intend to continue existing coverage with the insurer, after receiving written authority to do so from an insured.

(4) For purposes of this section an "independent agent" is a licensed insurance agent representing an insurer on an independent contractor basis and not as an employee. This term includes only those agents not obligated by contract to place insurance accounts with a particular insurer or group of insurers.

(5) This section does not apply to (a) agents or policies of an insurer or group of insurers if the business is not owned by the agent and the termination of any such contractual agreement does not result in the cancellation or nonrenewal of any policies of insurance; (b) general agents, to the extent that they are acting in that capacity; (c) life, disability, surety, ocean marine and foreign trade, and title insurance policies; (d) situations where the termination of the agency contract results from the insolvency or liquidation of the terminating insurer.

(6) No insurer may terminate its agency contract with an appointed agent unless it complies with this section.

(7) Nothing contained in this section excuses an insurer from giving cancellation and renewal notices that may be required by chapter 48.18 RCW. [1990 c 121 § 1.]

Reviser's note: 1990 c 121 directed that this section be added to chapter 48.17 RCW. The placement appears inappropriate and the section has been codified as part of chapter 48.18 RCW.

48.20.530 Nonresident pharmacies. For the purposes of this chapter, a nonresident pharmacy is defined as any pharmacy located outside this state that ships, mails, or delivers, in any manner, except when delivered in person to an enrolled participant or his/her representative, controlled substances, legend drugs, or devices into this state.

After October 1, 1991, an insurer providing coverage of prescription drugs from nonresident pharmacies may only provide coverage from licensed nonresident pharmacies. The insurers shall obtain proof of current licensure in conformity with this section and RCW 18.64.350

through 18.64.400 from the nonresident pharmacy and keep that proof of licensure on file.

The department of health may request from the insurer the proof of current licensure for all nonresident pharmacies through which the insurer is providing coverage for prescription drugs to residents of the state of Washington. This information, which may constitute a full or partial customer list, shall be confidential and exempt from public disclosure, and from the requirements of chapter 42.17 RCW. The board or the department shall not be restricted in the disclosure of the name of a nonresident pharmacy that is or has been licensed under RCW 18.64.360 or 18.64.370 or of the identity of a nonresident pharmacy disciplined under RCW 18.64.350 through 18.64.400. 48.21.045 Basic group disability insurance policy—Fewer than twenty-five employees. A basic group disability insurance policy may be offered to employers of fewer than twenty-five employees. Such a basic group disability insurance policy shall provide coverage for hospital expenses and services rendered by a physician licensed under chapter 18.57 or 18.71 RCW but is not subject to the requirements of RCW 48.21.130, 48.21.140, 48.21.141, 48.21.142, 48.21.144, 48.21.146, 48.21.160 through 48.21.197, 48.21.200, 48.21.220, 48.21.225, 48.21.230, 48.21.235, 48.21.240, 48.21.244, 48.21.250, 48.21.300, 48.21.310, or 48.21.320.

Nothing in this section shall prohibit an insurer from offering, or a purchaser from seeking, benefits in excess of the basic coverage authorized herein. All forms, policies, and contracts shall be submitted for approval to the commissioner, and the rates of any plan offered under this section shall be reasonable in relation to the benefits thereto.

The policy authorized by this section shall not supplant or supersede any existing policy for the benefit of employees in this state. Nothing in this section shall restrict the right of employees to collectively bargain for insurance providing benefits in excess of those provided herein. [1990 c 187 § 2.]

Finding—Intent—1990 c 187: "The legislature finds that the rising cost of comprehensive group health coverage is exceeding the affordability of many small businesses and their employees. The legislature further finds that certain public policies have an adverse impact on the cost of such coverage. It is therefore the intent of the legislature to reduce costs by authorizing the development of basic hospital and medical coverage for small groups." [1990 c 187 § 1.]

Severability—1990 c 187: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder

of the act or the application of the provision to other persons or circumstances is not affected." [1990 c 187 § 6.]

48.21.180 Chemical dependency benefits—Contracts issued or renewed after January 1, 1988. Each group disability insurance contract which is delivered or issued for delivery or renewed, on or after January 1, 1988, and which insures for hospital or medical care shall contain provisions providing benefits for the treatment of chemical dependency rendered to the insured by a provider which is an "approved treatment facility or program" under *RCW 70.96A.020(3). [1990 1st ex.s. c 3 § 7; 1987 c 458 § 14; 1974 ex.s. c 119 § 3.]

48.29.020 Qualifications—Guaranty fund deposit. A title insurer shall not be entitled to have a certificate of authority unless it otherwise qualifies therefor, nor unless:

- (1) It is a stock corporation.

(2) It owns or leases and maintains a complete set of tract indexes of the county in which its principal office within this state is located.

(3) It deposits and keeps on deposit with the commissioner a guaranty fund in amount as set forth in RCW 48.29.030 and comprised of cash or public obligations as specified in RCW 48.13.040. [1990 c 76 § 1; 1955 c 86 § 12; 1947 c 79 § .29.02; Rem. Supp. 1947 § 45.29.02.]

48.29.040 May do business in two or more counties—Restrictions. (1) Subject to the deposit requirements of RCW 48.29.030, a title insurer having its principal offices in one county may be authorized to transact business in only such additional counties as to which it owns or leases and maintains, or has a duly authorized agent that owns or leases and maintains, a complete set of tract indexes.

(2) A title insurer not authorized to transact business in a certain county may purchase a title policy on property located therein from another title insurer which is so authorized in that county. The first title insurer may thereafter issue its own policy of title insurance to the owner of such property. The first title insurer may combine the insurance on the title of such property in a single policy which also insures the title of one or more other pieces of property. The first title insurer must pay the full premium based on filed rates for the policy, and must charge the precise same amount to its own customer for the insurance as to the title of such property. A title insurer using the authority granted by this subsection in a transaction must so notify its customer. [1990 c 76 § 2; 1957 c 193 § 17; 1947 c 79 § .29.04; Rem. Supp. 1947 § 45.29.04.]

48.30.140 Rebating. (1) Except to the extent provided for in an applicable filing with the commissioner then in effect, no insurer, general agent, agent, broker, or solicitor shall, as an inducement to insurance, or after insurance has been effected, directly or indirectly, offer, promise, allow, give, set off, or pay to the insured or to any employee of the insured, any rebate, discount, abatement, or reduction of premium or any part thereof named in any insurance contract, or any commission thereon, or earnings, profits, dividends, or other benefit, or any other valuable consideration or inducement whatsoever which is not expressly provided for in the policy.

(2) Subsection (1) of this section shall not apply as to commissions paid to a licensed agent, general agent,

(3) This section shall not apply to the allowance by any marine insurer, or marine insurance agent, general agent, broker, or solicitor, to any insured, in connection with marine insurance, of such discount as is sanctioned by custom among marine insurers as being additional to the agent's or broker's commission.

(4) This section shall not apply to advertising or promotional programs conducted by insurers, agents, or brokers whereby prizes, goods, wares, or merchandise, not exceeding twenty-five dollars in value per person in the aggregate in any twelve month period, are given to all insureds or prospective insureds under similar qualifying circumstances. 48.30.150 Illegal inducements. No insurer, general agent, agent, broker, solicitor, or other person shall, as an inducement to insurance, or in connection with any insurance transaction, provide in any policy for, or offer, or sell, buy, or offer or promise to buy or give, or promise, or allow to, or on behalf of, the insured or prospective insured in any manner whatsoever:

(1) Any shares of stock or other securities issued or at any time to be issued on any interest therein or rights thereto; or

(2) Any special advisory board contract, or other contract, agreement, or understanding of any kind, offering, providing for, or promising any profits or special returns or special dividends; or

(3) Any prizes, goods, wares, or merchandise of an aggregate value in excess of twenty-five dollars.

This section shall not be deemed to prohibit the sale or purchase of securities as a condition to or in connection with surety insurance insuring the performance of an obligation as part of a plan of financing found by the commissioner to be designed and operated in good faith primarily for the purpose of such financing, nor shall it be deemed to prohibit the sale of redeemable securities of a registered investment company in the same transaction in which life insurance is sold. 48.30.210 Misrepresentation in application for insurance. Any agent, solicitor, broker, examining physician or other person who makes a false or fraudulent statement or representation in or relative to an application for insurance in an insurer transacting insurance under the provisions of this code, shall be guilty of a misdemeanor, and the license of any such agent, solicitor, or broker who makes such a statement or representation may be revoked. [1990 1st ex.s. c 3 § 10; 1947 c 79 § .30.21; Rem. Supp. 1947 § 45.30.21.]

48.30.230 False claims or proof—Penalty. Any person, who, knowing it to be such:

(1) Presents, or causes to be presented, a false or fraudulent claim, or any proof in support of such a

claim, for the payment of a loss under a contract of insurance; or

(2) Prepares, makes, or subscribes any false or fraudulent account, certificate, affidavit, or proof of loss, or other document or writing, with intent that it be presented or used in support of such a claim, is guilty of a gross misdemeanor, or if such claim is in excess of one thousand five hundred dollars, of a class C felony. [1990 1st ex.s. c 3 § 11; 1947 c 79 § .30.23; Rem. Supp. 1947 § 45.30.23.]

48.30.260 Right of debtor or borrower to select agent, broker, insurer. (1) Every debtor or borrower, when property insurance of any kind is required in connection with the debt or loan, shall have reasonable opportunity and choice in the selection of the agent, broker, and insurer through whom such insurance is to be placed; but only if the insurance is properly provided for the protection of the creditor or lender, whether by policy or binder, not later than at commencement of risk as to such property as respects such creditor or lender, and in the case of renewal of insurance, only if the renewal policy, or a proper binder therefor containing a brief description of the coverage bound and the identity of the insurer in which the coverage is bound, is delivered to the creditor or lender not later than thirty days prior to the renewal date.

(2) Every person who lends money or extends credit and who solicits insurance on real and personal property must explain to the borrower in prominently displayed writing that the insurance related to such loan or credit extension may be purchased from an insurer or agent of the borrower's choice, subject only to the lender's right to reject a given insurer or agent as provided in subsection (3)(b) of this section.

(3) No person who lends money or extends credit may:

(a) Solicit insurance for the protection of property, after a person indicates interest in securing a loan or credit extension, until such person has received a commitment from the lender as to a loan or credit extension;

(b) Unreasonably reject a contract of insurance furnished by the borrower for the protection of the property securing the credit or lien. A rejection shall not be deemed unreasonable if it is based on reasonable standards, uniformly applied, relating to the extent of coverage required and the financial soundness and the services of an insurer. Such standards shall not discriminate against any particular type of insurer, nor shall such standards call for rejection of an insurance contract because the contract contains coverage in addition to that required in the credit transaction;

(c) Require that any borrower, mortgagor, purchaser, insurer, broker, or agent pay a separate charge, in connection with the handling of any contract of insurance required as security for a loan, or pay a separate charge to substitute the insurance policy of one insurer for that of another. This subsection does not include the interest which may be charged on premium loans or premium advancements in accordance with the terms of the loan or credit document;

(d) Use or disclose, without the prior written consent of the borrower, mortgagor, or purchaser taken at a time other than the making of the loan or extension of credit, information relative to a contract of insurance which is required by the credit transaction, for the purpose of replacing such insurance;

(e) Require any procedures or conditions of duly licensed agents, brokers, or insurers not customarily required of those agents, brokers, or insurers affiliated or in any way connected with the person who lends money or extends credit; or

(f) Require property insurance in an amount in excess of the amount which could reasonably be expected to be paid under the policy, or combination of policies, in the event of a loss.

(4) Nothing contained in this section shall prevent a person who lends money or extends credit from placing insurance on real or personal property in the event the mortgagor, borrower, or purchaser has failed to provide required insurance in accordance with the terms of the loan or credit document.

(5) Nothing contained in this section shall apply to credit life or credit disability insurance. [1990 1st ex.s. c 3 § 13; 1988 c 248 § 18; 1984 c 6 § 2; 1977 c 61 § 1; 1957 c 193 § 20.]

48.32A.010 Purpose. The purpose of this chapter is the creation of funds arising from assessments upon all insurers authorized to transact life or disability insurance business in the state of Washington, to be used to assure to the extent prescribed herein the performance of the insurance contractual obligations of insurers becoming insolvent to residents of this state, and to promote thereby the stability of domestic insurers. In the judgment of the legislature, the foregoing purpose not being capable of accomplishment by a corporation created under general laws, the creation of the nonprofit association hereinafter in this chapter described is deemed essential for the protection of the general welfare. [1990 c 51 § 1; 1971 ex.s. c 259 § 1.]

48.32A.020 Scope—Obligations of association. This chapter shall apply as follows to life insurance policies, disability insurance policies, and annuity contracts of liquidating insurers, other than separate account variable policies and contracts authorized by chapter 48.18A RCW:

(1) To all such policies and contracts of a domestic, foreign, or alien insurer authorized to transact such insurance or annuity business in this state at the time such policies or contracts were issued or at the time of entry of the order of liquidation of the insolvent insurer, and of which the policy or contract owner, insured, annuitant, beneficiary, or payee is a resident of and domiciled within this state. This chapter shall apply only as to the insurance or annuities thereunder of individuals who are residents of and domiciled within this state. The place of residence or domicile shall be determined as of the date of entry of the order of liquidation against the insurer.

(2) To policies and contracts only of insolvent insurers with respect to which an order of liquidation is entered after May 21, 1971.

(3) The obligations of the association created under this chapter shall apply only as to contractual obligations of the insurer under insurance policies and annuity contracts, and shall be no greater than such obligations of the insolvent insurer at the time of entry of the order of liquidation. However, the liability of the association shall in no event exceed:

(a) With respect to any one life, regardless of the number of policies or contracts:

(i) Five hundred thousand dollars in life insurance death benefits, including any net cash surrender and net cash withdrawal values for life insurance;

(ii) Five hundred thousand dollars in disability insurance benefits, including any net cash surrender and net cash withdrawal values; or

(iii) Five hundred thousand dollars in the present value of allocated annuity benefits and annuities established under section 403(b) of the United States internal revenue code.

The association shall not be liable to expend more than five hundred thousand dollars in the aggregate with respect to any one individual under this subsection; or

(b) With respect to any one contract owner covered by any unallocated annuity contract, including governmental retirement plans established under section 401 or 457 of the United States internal revenue code, five million dollars in benefits, irrespective of the number of such contracts held by that contract owner.

(4) This chapter shall not apply to:

(a) Fraternal benefit societies;

(b) Health care service contractors;

(c) Insurance or liability assumed by the liquidating insurer under a contract of reinsurance other than bulk reinsurance;

(d) Any unallocated annuity contract issued to an employee benefit plan protected under the federal pension benefit guaranty corporation; or

(e) Any portion of any unallocated annuity contract which is not issued to or in connection with a specific employee, union, association of natural persons benefit plan, or a government lottery. [1990 c 51 § 2; 1971 ex.s. c 259 § 2.]

48.32A.030 Definitions. Within the meaning of this chapter:

(1) "Association" means "the Washington life and disability insurance guaranty association".

(2) "Board" means the board of directors of the Washington life and disability insurance guaranty association.

(3) "Commissioner" means the insurance commissioner of this state.

(4) "Policies" means life or disability insurance policies; "contracts" means annuity contracts and contracts supplemental to such insurance policies and annuity contracts.

(5) "Liquidating insurer" means an insurer with respect to which an order of liquidation has been entered by a court of competent jurisdiction.

(6) "Fund" means a guaranty fund provided for in RCW 48.32A.080.

(7) "Account" means any one of the three guaranty fund accounts created under RCW 48.32A.080(1).

(8) "Assessment" means a charge made upon an insurer by the board under this chapter for payment into a guaranty fund. The charge shall constitute a legal liability of the insurer so assessed.

(9) "Contributor" means an insurer which has paid an assessment.

(10) "Certificate" means a certificate of contribution provided for in RCW 48.32A.090.

(11) "Unallocated annuity contract" means any annuity contract or group annuity certificate which is not issued to and owned by an individual, except to the extent of any annuity benefits guaranteed to an individual by an insurer under such contract or certificate. [1990 c 51 § 3; 1971 ex.s. c 259 § 3.]

48.32A.060 Reinsurance—Guaranty of policies—Contracts. (1) The association shall, subject to such terms and conditions as it may impose with the approval of the commissioner, assume, reinsure, or guarantee the performance of the policies and contracts, for a resident of the state, of any domestic life or disability insurer with respect to which an order of liquidation has been entered by any court of general jurisdiction in the state of Washington, and shall have power to receive, own, and administer any assets acquired in connection with such assumption, reinsurance, or guaranty. The association, as to any such policy or contract under which there is no default in payment of premiums subsequent to such assumption, reinsurance, or guaranty, shall make or cause to be made prompt payment of the benefits due under the terms of the policy or contract.

(2) The association shall make or cause to be made payment of the death, endowment, or disability insurance or annuity benefits due under the terms of each policy or contract insuring the life or health of, or providing annuity or other benefits for, a resident of this state which was issued or assumed by a foreign or alien insurer with respect to which an order of liquidation has been entered by a court of competent jurisdiction in the state or country of its domicile.

(3) In determining benefits to be paid with respect to the policies and contracts of a particular liquidating insurer the board may give due consideration to amounts

reasonably recoverable or deductible because of the contingent liability, if any, of policyholders of the insurer (if a mutual insurer) or recoverable because of the assessment liability, if any, of the insurer's stockholders (if a stock insurer).

(4) With respect to an insolvent domestic insurer, the board shall have power to petition the court in which the delinquency proceedings are pending for, and the court shall have authority to order and effectuate, such modifications in the terms, benefits, values, and premiums thereafter to be in effect of policies and contracts of the insurer as may reasonably be necessary to effect a bulk reinsurance of such policies and contract in a solvent insurer.

In the event, after the entry of an order of liquidation, an assessment on the members is necessary to increase the assets of the insolvent company to an extent that a bulk reinsurance of such policies may be effected, the court shall have authority to order such assessment.

(5) In addition to any other rights of the association acquired by assignment or otherwise, the association shall be subrogated to the rights of any person entitled to receive benefits under this chapter against the liquidating insurer, or the receiver, rehabilitator, liquidator, or conservator, as the case may be, under the policy or contract with respect to which a payment is made or guaranteed, or obligation assumed by the association pursuant to this section, and the association may require an assignment to it of such rights by any such persons as a condition precedent to the receipt by such person of payment of any benefits under this chapter.

(6) For the purpose of carrying out its obligations under this chapter, the association shall be deemed to be a creditor of the liquidating insurer to the extent of assets attributable to covered policies and contracts reduced by any amounts to which the association is entitled as a subrogee. All assets of the liquidating insurer attributable to covered policies and contracts shall be used to continue all covered policies and contracts and pay all contractual obligations of the liquidating insurer as required by this chapter. Assets attributable to covered policies and contracts, as used in this subsection, are those in that proportion of the assets which the reserves that should have been established for such policies and contracts bear to the reserves that should have been established for all insurances written by the liquidating insurer.

(7) The association shall have the power to petition the superior court for an order appointing the commissioner as receiver of a domestic insurer upon any of the grounds set forth in RCW 48.31.030. [1990 c 51 § 4; 1975 1st ex.s. c 133 § 2; 1971 ex.s. c 259 § 6.]

48.32A.080 Guaranty funds—Assessment of member insurers. (1) For purposes of administration and assessment, the association shall establish and maintain three guaranty fund accounts:

(a) The life insurance and annuity account, which shall be divided into three subaccounts:

- (i) The life insurance subaccount;
- (ii) The allocated annuity subaccount; and

(iii) The unallocated annuity subaccount which shall include contracts qualified under section 403(b) of the United States internal revenue code;

(b) The disability insurance account; and

(c) The general account.

(2) For the purpose of providing the funds necessary to carry out the powers and duties of the association, the board shall assess the member insurers, separately for each account, at such times and for such amounts as the board finds necessary. The board shall collect the assessment after thirty days written notice to the member insurers before payment is due. The board may charge reasonable interest for delinquent payment of the assessment.

(3)(a) The amount of any assessment for each account and subaccount shall be determined by the board, and shall be divided among the accounts and subaccounts in the proportion that the premiums received by the liquidating insurer on the policies or contracts covered by each account and subaccount bears to the premiums received by such insurer on all covered policies and contracts.

(b) Assessments against member insurers for each account and subaccount shall be in the proportion that the premiums received on business in this state by each assessed member insurer on policies or contracts covered by each account or subaccount bears to such premiums received on business in this state by all assessed member insurers.

(c) Assessments for funds to meet the requirements of the association with respect to a particular liquidating insurer shall not be made until necessary, in the board's opinion, to implement the purposes of this chapter; and in no event shall such an assessment be made with respect to such insurer until an order of liquidation has been entered against the insurer by a court of competent jurisdiction of the insurer's state or country of domicile. Computation of assessments under this subsection shall be made with a reasonable degree of accuracy, recognizing that exact determination may not always be possible.

(d) The board may make an assessment of up to one hundred fifty dollars for each member insurer to be deposited in the general account and used for administrative and general expenses in carrying out the provisions of this chapter.

(4)(a) The total of all assessments upon a member insurer for the life and annuity account and for each subaccount shall not in any one calendar year exceed two percent and for the disability account shall not in any one calendar year exceed two percent of such insurer's average premiums received in this state on the policies and contracts covered by the account during the three calendar years preceding the entry of the order of liquidation against the liquidating insurer.

(b) The board may provide a method of allocating funds among claims, whether relating to one or more impaired or insolvent insurers, when the maximum assessment will be insufficient to cover anticipated claims.

(c) If a one percent assessment for any subaccount of the life and annuity account in any one year does not

provide an amount sufficient to carry out the responsibilities of the association, then pursuant to subsection (3) of this section, the board shall access all subaccounts of the life and annuity account for the necessary additional amount, subject to the maximum stated in (a) of this subsection.

(5) The association may abate or defer, in whole or in part, the assessment of a member insurer if, in the opinion of the board, payment of the assessment would endanger the ability of the insurer to fulfill its contractual obligations. In the event an assessment against a member insurer is abated or deferred, in whole or in part, the amount by which such assessment is abated or deferred may be assessed against the other member insurers in a manner consistent with the basis for assessments set forth in this section. If the maximum assessment, together with the other assets of the association in an account, does not provide in any one year an amount sufficient to carry out the responsibilities of the association with respect to such account, the necessary additional funds shall be assessed as soon thereafter as permitted by this chapter.

(6) The amount in a fund shall be kept at such a sum as in the opinion of the board will enable the association to meet the immediate obligations and liabilities of such fund. Whenever in the opinion of the board the amount in a fund is in excess of such immediate obligations and liabilities, with the approval of the commissioner the association may distribute such excess by retirement of certificates previously issued against the fund. Such distribution shall be made pro rata upon the basis of outstanding certificates, except that by unanimous consent of all directors and with the approval of the commissioner any other reasonable method of retirement of such certificates may be adopted.

(7) As used in this section, "premiums" are those for the calendar year preceding the entry of the order of liquidation as to a particular liquidating insurer, and shall be direct gross insurance premiums and annuity considerations received on policies and contracts to which this chapter applies, less return premiums and considerations and less dividends paid or credited to policyholders.

(8) Upon dissolution of a fund by the repeal of this chapter or otherwise, the fund shall be distributed in the same manner as is provided for the repayment or retirement of certificates. If the amount in the fund at the time of dissolution is in excess of outstanding certificates issued against the fund, such excess shall be distributed among contributing member insurers in such equitable manner as is approved by the commissioner. [1990 c 51 § 5; 1975-'76 2nd ex.s. c 119 § 5; 1971 ex.s. c 259 § 8.]

particular fund shall be of equal dignity and priority without reference to amounts or dates of issue.

(2) An outstanding certificate of contribution shall be shown by the insurer in its financial statements as an admitted asset for such amount and period of time as the commissioner may approve: PROVIDED, That unless a longer period has been allowed by the commissioner the insurer shall in any event at its option have the right to so show a certificate of contribution as an admitted asset at percentages of original face amount for calendar years as follows:

- 100% for the calendar year of issuance;
- 80% for the first calendar year after the year of issuance;
- 60% for the second calendar year after the year of issuance;
- 40% for the third calendar year after the year of issuance;
- 20% for the fourth calendar year after the year of issuance;
- and
- 0% for the fifth and subsequent calendar years after the year of issuance.

Notwithstanding the foregoing, if the value of a certificate of contribution is or becomes less than one thousand dollars, the entire amount may be written off by the insurer in that year.

(3) The insurer shall offset the amount written off by it in a calendar year under subsection (2) of this section against its premium tax liability to this state accrued with respect to business transacted in such year.

(4) Any sums recovered by the association representing sums which have theretofore been written off by contributing insurers and offset against premium taxes as provided in subsection (3) of this section, shall be paid by the association to the commissioner and by him deposited with the state treasurer for credit to the general fund of the state of Washington.

(5) No distribution to stockholders, if any, of a liquidating insurer shall be made unless and until the total amount of assessments levied by the association with respect to such insurer have been fully recovered by the association. [1990 c 51 § 6; 1977 ex.s. c 183 § 2; 1975 1st ex.s. c 133 § 1; 1971 ex.s. c 259 § 9.]

48.32A.931 Severability—1990 c 51. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1990 c 51 § 7.]

48.35.010 Application—Definition. This chapter applies to all alien insurers using this state as a state of entry to transact insurance in the United States.

For the purposes of this chapter, "alien insurer" has the definition supplied in RCW 48.05.010. [1991 c 268 § 1.]

48.35.020 Deposit required—Amount. (1) An alien insurer may use this state as a state of entry to transact insurance in the United States by maintaining in this state a deposit of assets in a solvent trust company or other solvent financial institution having trust powers domiciled in this state and so designated by the commissioner. The commissioner's designated depositories are authorized to receive and hold a deposit of assets. A deposit so held is at the expense of the insurer. A solvent financial institution domiciled in this state, the deposits of which are insured by the federal deposit insurance corporation and which is a member of the federal reserve system, may be designated as the commissioner's depository to receive and hold a deposit of assets.

(2) The deposit, together with other trust deposits of the insurer held in the United States for the same purpose, must be in an amount not less than the higher of deposits required of an alien insurer under RCW 48.05.090 or five hundred thousand dollars and consist of eligible assets as set forth in RCW 48.16.030.

(3) The deposit may be referred to as "trusteed assets." [1991 c 268 § 2.]

48.35.030 Deposit required—Duration. The deposit required by this chapter must be for the benefit, security, and protection of the policyholders or creditors, or both, of the insurer in the United States. It shall be maintained as long as there is outstanding any liability of the insurer arising out of its insurance transactions in the United States. [1991 c 268 § 4.]

48.35.040 Trusts created before May 17, 1991. All trusts of trustee assets created before May 17, 1991,

must be continued under the instruments creating those trusts. If the commissioner determines that the instruments are inconsistent with the provisions of this chapter, the insurer shall correct those inconsistencies within six months of the commissioner's determination. [1991 c 268 § 3.]

48.35.050 Alien insurer—State authorization required. An alien insurer proposing to use this state as a state of entry to transact insurance in the United States, must be authorized to transact insurance in this state and may make and execute any trust agreement required by this chapter. [1991 c 268 § 6.]

48.35.060 Trusteed assets—Creation—Commissioner's approval of trust agreement. (1) The alien insurer shall create the trustee assets required by this chapter under a written trust agreement between the insurer and the trustee, consistent with the provisions of this chapter, and in such form and manner as the commissioner may designate or approve.

(2) The agreement is effective when filed with and approved in writing by the commissioner. The commissioner shall not approve any trust agreement not found to be in compliance with state or federal law or the terms of which do not in fact provide reasonably adequate protection for the insurer's policyholders or creditors, or both, in the United States. [1991 c 268 § 5.]

48.35.070 Trust agreement—Amendment. A trust agreement may be amended. However, the amendment is not effective until filed with the commissioner and the commissioner finds and states in writing that the amendment is in compliance with this chapter. [1991 c 268 § 7.]

48.35.080 Trust agreement—Withdrawal of commissioner's approval. The commissioner may withdraw his or her approval of a trust agreement, or of an amendment to the agreement, if the commissioner determines that the requisites for the approval no longer exist. The determination shall be made after notice and a hearing as provided in chapter 48.04 RCW. [1991 c 268 § 8.]

48.35.090 Trust agreement—Vesting of trustee assets. The trust agreement must provide that title to the trustee assets vests and remains vested in the trustees and their successors for the purposes of the trust deposit. [1991 c 268 § 9.]

48.35.100 Trusteed assets—Trustee's records. The trustee shall keep the trustee assets separate from other assets and shall maintain a record sufficient to identify the trustee assets at all times. [1991 c 268 § 10.]

48.35.110 Trusteed assets—Trustee's statements—Commissioner's approval. (1) The trustee of trustee assets shall file statements with the commissioner, in a form required by the commissioner, certifying the character and amount of the assets.

(2) If the trustee fails to file a requested statement after a reasonable time has expired, the commissioner may suspend or revoke the certificate of authority of the insurer required under RCW 48.05.030. [1991 c 268 § 11.]

48.35.120 Trusteed assets—Examination—Commissioner's approval of assignment or transfer. (1) The commissioner may examine trusteed assets of any insurer at any time in accordance with the same conditions and procedures governing the examination of insurers provided in chapter 48.03 RCW.

(2) The depositing insurer shall not assign or transfer, voluntarily, involuntarily, or by operation of law, all or a part of its interest in the trusteed assets without the prior written approval of the commissioner, and a transfer or assignment occurring without approval is void. The assignee or transferee of the trusteed assets shall irrevocably and automatically assume all of the obligations and liabilities of the assignor or transferor. [1991 c 268 § 12.]

48.35.130 Trusteed assets—Commissioner's approval of withdrawals. (1) The trust agreement must provide that the commissioner shall authorize and approve in writing all withdrawals of trusteed assets in advance except as follows:

(a) Any or all income, earnings, dividends, or interest accumulations of the trusteed assets may be paid over to the United States manager of the insurer upon request of the insurer or the manager;

(b) Withdrawals coincident with substitutions of securities or assets that are at least equal in value to those being withdrawn, if the substituted securities or assets would be eligible for investment by domestic insurers, and the insurer's United States manager requests the withdrawal in writing under a general or specific written authority previously given or delegated by the insurer's board of directors, or other similar governing body, and a copy of such authority has been filed with the trustee;

(c) For the purpose of making deposits required by another state in which the insurer is, or becomes, an authorized insurer and for the protection of the insurer's policyholders or creditors, or both, in the state or United States, if the withdrawal does not reduce the insurer's deposit in this state to an amount less than the minimum deposit required. The trustee shall transfer any assets withdrawn and in the amount required to be deposited in the other state, directly to the depository required to receive the deposit as certified in writing by the public official having supervision of insurance in that state; and

(d) For the purpose of transferring the trusteed assets to an official liquidator, conservator, or rehabilitator under an order of a court of competent jurisdiction.

(2) The commissioner shall authorize a withdrawal of only those assets that are in excess of the amount of assets required to be held in trust, or as may otherwise be consistent with the provisions of this chapter.

(3) If at any time the insurer becomes insolvent or if its assets held in the United States are less than required as determined by the commissioner, the commissioner

shall order in writing the trustee to suspend the withdrawal of assets until a further order of the commissioner releasing the assets. [1991 c 268 § 13.]

48.35.140 Trusteed assets—Substitution of trustee. A new trustee may be substituted for the original trustee of trusteed assets in the event of a vacancy or for other proper cause. Any such substitution is subject to the commissioner's approval. [1991 c 268 § 14.]

48.35.150 Trusteed assets—Compensation and expenses of trustees. The insurer shall provide for the compensation and expenses of the trustees of assets of an alien insurer under this chapter in an amount, or on a basis, as agreed upon by the insurer and the trustees in the trust agreement, subject to the prior approval of the commissioner. [1991 c 268 § 15.]

48.35.160 United States manager—Mexican or Canadian insurers. The provisions of this chapter applicable to a United States manager shall, in the case of insurers domiciled in Mexico or Canada, be deemed to refer to the president, vice-president, secretary, or treasurer of the Mexican or Canadian insurer. [1991 c 268 § 16.]

48.35.170 Domestication of alien insurer—Commissioner's approval. (1) Upon compliance with this chapter, an alien insurer authorized to do business in this state may, with the prior written approval of the commissioner, domesticate its United States branch by entering into an agreement in writing with a domestic insurer providing for the acquisition by the domestic insurer of all of the assets and the assumption of all of the liabilities of the United States branch.

(2) The acquisition of assets and assumption of liabilities of the United States branch by the domestic insurer is effected by filing with the commissioner an instrument or instruments of transfer and assumption in form satisfactory to the commissioner and executed by the alien insurer and the domestic insurer. [1991 c 268 § 17.]

48.35.180 Domestication agreement—Necessary authorization. (1) The domestication agreement shall be authorized, adopted, approved, signed, and acknowledged by the alien insurer in accordance with the laws of the country under which it is organized.

(2) In the case of a domestic insurer, the domestication agreement shall be approved, adopted, and authorized by its board of directors and executed by its president or a vice-president and attested by its secretary or assistant secretary under its corporate seal. [1991 c 268 § 18.]

48.35.190 Domestication agreement—Commissioner's approval of corporate proceedings. An executed counterpart of the domestication agreement, together with certified copies of the corporate proceedings of the domestic insurer and the alien insurer, approving, adopting, and authorizing the execution of the domestication agreement, shall be submitted to the commissioner for approval. The commissioner shall thereupon

consider the agreement, and, if the commissioner finds that the same is in accordance with the provisions hereof and that the interests of the policyholders of the United States branch of the alien insurer and of the domestic insurer are not materially adversely affected, the commissioner shall approve the domestication agreement and authorize the consummation thereof. [1991 c 268 § 19.]

48.35.200 Domestication—When effective—Deposits—Transfer of assets. (1) Upon the filing with the commissioner of a certified copy of the instrument of transfer and assumption pursuant to which a domestic company succeeds to the business and assets of the United States branch of an alien insurer and assumes all its liabilities, the domestication of the United States branch is deemed effective; and all the rights, franchises, and interests of the United States branch in and to every species of property and things, in actions thereunder belonging, are deemed as transferred to and vested in the domestic insurer, and simultaneously the domestic insurer is deemed to have assumed all of the liabilities of the United States branch. The domestic insurer is considered as having the age as the oldest of the two parties to the domestication agreement for purposes of laws relating to age of company.

(2) All deposits of the United States branch held by the commissioner, or by state officers, or other state regulatory agencies pursuant to requirements of state laws, are deemed to be held as security for the satisfaction by the domestic insurer of all liabilities to policyholders within the United States assumed from the United States branch; and the deposits are deemed to be assets of the domestic insurer and are reported as such in the annual financial statements and other reports that the domestic insurer may be required to file. Upon the ultimate release by a state officer or agency of a deposit, the securities and cash constituting the released deposit is delivered and paid over to the domestic insurer as the lawful successor in interest to the United States branch.

(3) Contemporaneously with the consummation of the domestication of the United States branch, the commissioner shall direct the trustee, if any, of the United States branch's trusteed assets, as set forth in RCW 48.35.020, to transfer and deliver to the domestic insurer all assets, if any, held by such trustee. [1991 c 268 § 20.]

(2) The commissioner may on examination, subject to the right of the health care service contractor to demand and receive a hearing under chapters 48.04 and 34.05 RCW, disapprove any contract form for any of the following grounds:

48.44.023 Basic health care service contract—Fewer than twenty-five employees. A basic health care service contract may be offered to employers of fewer than twenty-five employees. Such a basic health care service contract shall provide coverage for hospital expenses and services rendered by a physician licensed under chapter 18.57 or 18.71 RCW but is not subject to the requirements of RCW 48.44.225, 48.44.240, 48.44.245, 48.44.290, 48.44.300, 48.44.310, 48.44.320, 48.44.325, 48.44.330, 48.44.335, 48.44.340, 48.44.344, 48.44.360, 48.44.400, 48.44.440, 48.44.450, and 48.44.460.

All forms, policies, and contracts shall be submitted for approval to the commissioner, and the rates of any plan offered under this section shall be reasonable in relation to the benefits thereto.

The policy authorized by this section shall not supplant or supersede any existing policy for the benefit of employees in this state. Nothing in this section shall restrict the right of employees to collectively bargain for insurance providing benefits in excess of those provided herein. [1990 c 187 § 3.]

Finding—Intent—Severability—1990 c 187: See notes following RCW 48.21.045.

48.44.026 Payment for certain health care services. Checks in payment for claims pursuant to any health

[1990 c 120 § 6; 1989 c 122 § 1; 1984 c 283 § 1; 1982 c 168 § 1.]

48.44.030 Underwriting of indemnity by insurance policy, bond, securities, or cash deposit. If any of the health care services which are promised in any such agreement are not to be performed by the health care service contractor, or by a participating provider, such activity shall not be subject to the laws relating to insurance, provided provision is made for reimbursement or indemnity of the persons who have previously paid, or on whose behalf prepayment has been made, for such services. Such reimbursement or indemnity shall either be underwritten by an insurance company authorized to write accident, health and disability insurance in the state or guaranteed by a surety company authorized to do business in this state, or guaranteed by a deposit of cash or securities eligible for investment by insurers pursuant to chapter 48.13 RCW, with the insurance commissioner, as hereinafter provided. If the reimbursement or indemnity is underwritten by an insurance company, the contract or policy of insurance may designate the health care service contractor as the named insured, but shall be for the benefit of the persons who have previously paid, or on whose behalf prepayment has been made, for such health care services. If the reimbursement or indemnity is guaranteed by a surety company, the surety bond shall designate the state of Washington as the named obligee, but shall be for the benefit of the persons who have previously paid, or on whose behalf prepayment has been made, for such health care services, and shall be in such amount as the insurance commissioner shall direct, but in no event in a sum greater than the amount of one hundred fifty thousand dollars or the amount necessary to cover incurred but unpaid reimbursement or indemnity benefits as reported in the last annual statement filed with the insurance commissioner, and adjusted to reflect known or anticipated increases or decreases during the ensuing year, plus an amount of unearned prepayments applicable to reimbursement or indemnity benefits satisfactory to the insurance commissioner, whichever amount is greater. A copy of such insurance policy or surety bond, as the case may be, and any modification thereof, shall be filed with the insurance commissioner. If the reimbursement or indemnity is guaranteed by a deposit of cash or securities,

such deposit shall be in such amount as the insurance commissioner shall direct, but in no event in a sum greater than the amount of one hundred fifty thousand dollars or the amount necessary to cover incurred but unpaid reimbursement or indemnity benefits as reported in the last annual statement filed with the insurance commissioner, and adjusted to reflect known or anticipated increases or decreases during the ensuing year, plus an amount of unearned prepayments applicable to reimbursement or indemnity benefits satisfactory to the insurance commissioner, whichever amount is greater. Such cash or security deposit shall be held in trust by the insurance commissioner and shall be for the benefit of the persons who have previously paid, or on whose behalf prepayment has been made, for such health care services. [1990 c 120 § 7; 1986 c 223 § 3; 1981 c 339 § 22; 1969 c 115 § 2; 1961 c 197 § 3; 1947 c 268 § 3; Rem. Supp. 1947 § 6131-12.]

48.44.033 Financial failure—Supervision of commissioner—Priority of distribution of assets. (1) Any rehabilitation, liquidation, or conservation of a health care service contractor shall be deemed to be the rehabilitation, liquidation, or conservation of an insurance company and shall be conducted under the supervision of the commissioner pursuant to the law governing the rehabilitation, liquidation, or conservation of insurance companies. The commissioner may apply for an order directing the commissioner to rehabilitate, liquidate, or conserve a health care service contractor upon any one or more grounds set out in RCW 48.31.030, 48.31.050, and 48.31.080.

(2) For purpose of determining the priority of distribution of general assets, claims of enrolled participants and enrolled participants' beneficiaries shall have the same priority as established by RCW 48.31.280 for policyholders and beneficiaries of insureds of insurance companies. If an enrolled participant is liable to any provider for services provided pursuant to and covered by the health care plan, that liability shall have the status of an enrolled participant claim for distribution of general assets.

(3) Any provider who is obligated by statute or agreement to hold enrolled participants harmless from liability for services provided pursuant to and covered by a health care plan shall have a priority of distribution of the general assets immediately following that of enrolled participants and enrolled participants' beneficiaries as described herein, and immediately preceding the priority of distribution described in chapter 48.31 RCW. [1990 c 120 § 2.]

48.44.035 Limited health care service—Uncovered expenditures. (1) For purposes of this section only, "limited health care service" means dental care services, vision care services, mental health services, chemical dependency services, pharmaceutical services, podiatric care services, and such other services as may be determined by the commissioner to be limited health services, but does not include hospital, medical, surgical, emergency, or out-of-area services except as those services

are provided incidentally to the limited health services set forth in this subsection.

(2) For purposes of this section only, a "limited health care service contractor" means a health care service contractor that offers one and only one limited health care service.

(3) For all limited health care service contractors that have had a certificate of registration for less than three years, their uncovered expenditures shall be either insured or guaranteed by a foreign or domestic carrier admitted in the state of Washington or by another carrier acceptable to the commissioner. All such contractors shall also deposit with the commissioner one-half of one percent of their projected premium for the next year in cash, approved surety bond, securities, or other form acceptable to the commissioner.

(4) For all limited health care service contractors that have had a certificate of registration for three years or more, their uncovered expenditures shall be assured by depositing with the insurance commissioner twenty-five percent of their last year's uncovered expenditures as reported to the commissioner and adjusted to reflect any anticipated increases or decreases during the ensuing year plus an amount for unearned prepayments; in cash, approved surety bond, securities, or other form acceptable to the commissioner. Compliance with subsection (3) of this section shall also constitute compliance with this requirement.

(5) Limited health service contractors need not comply with RCW 48.44.030 or 48.44.037. [1990 c 120 § 3.]

48.44.037 Minimum net worth—Requirement to maintain—Determination of amount. (1)(a) Except as provided in subsection (2) of this section, every health care service contractor must have a net worth of one million five hundred thousand dollars at the time of initial registration under this chapter and a net worth of one million dollars thereafter. The commissioner is authorized to establish standards for reviewing a health care service contractor's financial integrity when, for any reason, its net worth is reduced below one million dollars. When satisfied that such a health care service contractor is financially stable and not hazardous to its enrolled participants, the commissioner may waive compliance with the one million dollar net worth standard otherwise required by this subsection. When such a health care service contractor's net worth falls below five hundred thousand dollars, the commissioner shall require that net worth be increased to one million dollars.

(b) A health care service contractor who fails to maintain the required net worth must cure that defect in compliance with an order of the commissioner rendered in conformity with rules adopted under chapter 34.05 RCW. The commissioner may take appropriate action to assure that the continued operation of the health care service contractor will not be hazardous to its enrolled participants.

(2) A health care service contractor registered before June 7, 1990, must maintain a net worth of:

(a) Twenty-five percent of the amount required by subsection (1) of this section by December 31, 1990;

(b) Fifty percent of the amount required by subsection (1) of this section by December 31, 1991;

(c) Seventy-five percent of the amount required by subsection (1) of this section by December 31, 1992; and

(d) One hundred percent of the amount required by subsection (1) of this section by December 31, 1993.

(3)(a) In determining net worth, no debt shall be considered fully subordinated unless the subordination is in a form acceptable to the commissioner. An interest obligation relating to the repayment of a subordinated debt must be similarly subordinated.

(b) The interest expenses relating to the repayment of a fully subordinated debt shall not be considered uncovered expenditures.

(c) A subordinated debt incurred by a note meeting the requirement of this section, and otherwise acceptable to the commissioner, shall not be considered a liability and shall be recorded as equity.

(4) Every health care service contractor shall, when determining liabilities, include an amount estimated in the aggregate to provide for any unearned premium and for the payment of all claims for health care expenditures which have been incurred, whether reported or unreported, which are unpaid and for which the organization is or may be liable, and to provide for the expense of adjustment or settlement of the claims.

Liabilities shall be computed in accordance with regulations adopted by the commissioner upon reasonable consideration of the ascertained experience and character of the health care service contractor.

(5) All income from reserves on deposit with the commissioner shall belong to the depositing health care service contractor and shall be paid to it as it becomes available.

(6) Any funded reserve required by this chapter shall be considered an asset of the health care service contractor in determining the organization's net worth.

(7) A health care service contractor that has made a securities deposit with the commissioner may, at its option, withdraw the securities deposit or any part thereof after first having deposited or provided in lieu thereof an approved surety bond, a deposit of cash or securities, or any combination of these or other deposits of equal amount and value to that withdrawn. Any securities and surety bond shall be subject to approval by the commissioner before being substituted. [1990 c 120 § 4.]

48.44.055 Plan for handling insolvency—Commissioner's review. Each health care service contractor shall have a plan for handling insolvency that allows for continuation of benefits for the duration of the contract period for which premiums have been paid and continuation of benefits to members who are confined on the date of insolvency in an inpatient facility until their discharge or expiration of benefits. The commissioner shall approve such a plan if it includes:

(1) Insurance to cover the expenses to be paid for continued benefits after insolvency;

(2) Provisions in provider contracts that obligate the provider to provide services for the duration of the period after the health care service contractor's insolvency

for which premium payment has been made and until the enrolled participants are discharged from inpatient facilities;

(3) Use of insolvency reserves established under RCW 48.44.030;

(4) Acceptable letters of credit or approved surety bonds; or

(5) Any other arrangements the commissioner and the organization mutually agree are appropriate to assure that the benefits are continued. [1990 c 120 § 11.]

48.44.057 Insolvency—Commissioner's duties—Participants' options—Allocation of coverage. (1)(a) In the event of insolvency of a health services contractor or health maintenance organization and upon order of the commissioner, all other carriers then having active enrolled participants under a group plan with the affected agreement holder that participated in the enrollment process with the insolvent health services contractor or health maintenance organization at a group's last regular enrollment period shall offer the eligible enrolled participants of the insolvent health services contractor or health maintenance organization the opportunity to enroll in an existing group plan without medical underwriting during a thirty-day open enrollment period, commencing on the date of the insolvency. Eligible enrolled participants shall not be subject to preexisting condition limitations except to the extent that a waiting period for a preexisting condition has not been satisfied under the insolvent carrier's group plan. An open enrollment shall not be required where the agreement holder participates in a self-insured, self-funded, or other health plan exempt from commissioner rule, unless the plan administrator and agreement holder voluntarily agree to offer a simultaneous open enrollment and extend coverage under the same enrollment terms and conditions as are applicable to carriers under this title and rules adopted under this title. If an exempt plan was offered during the last regular open enrollment period, then the carrier may offer the agreement holder the same coverage as any self-insured plan or plans offered by the agreement holder without regard to coverage, benefit, or provider requirements mandated by this title for the duration of the current agreement period.

(b) For purposes of this subsection only, the term "carrier" means a health maintenance organization or a health care services contractor. In the event of insolvency of a carrier and if no other carrier has active enrolled participants under a group plan with the affected agreement holder, or if the commissioner determines that the other carriers lack sufficient health care delivery resources to assure that health services will be available or accessible to all of the group enrollees of the insolvent carrier, then the commissioner shall allocate equitably the insolvent carrier's group agreements for these groups among all carriers that operate within a portion of the insolvent carrier's area, taking into consideration the health care delivery resources of each carrier. Each carrier to which a group or groups are allocated shall offer the agreement holder, without medical underwriting, the carrier's existing coverage that is

most similar to each group's coverage with the insolvent carrier at rates determined in accordance with the successor carrier's existing rating methodology. The eligible enrolled participants shall not be subject to preexisting condition limitations except to the extent that a waiting period for a preexisting condition has not been satisfied under the insolvent carrier's group plan. No offering by a carrier shall be required where the agreement holder participates in a self-insured, self-funded, or other health plan exempt from commissioner rule. The carrier may offer the agreement holder the same coverage as any self-insured plan or plans offered by the agreement holder without regard to coverage, benefit, or provider requirements mandated by this title for the duration of the current agreement period.

(2) The commissioner shall also allocate equitably the insolvent carrier's nongroup enrolled participants who are unable to obtain coverage among all carriers that operate within a portion of the insolvent carrier's service area, taking into consideration the health care delivery resources of the carrier. Each carrier to which nongroup enrolled participants are allocated shall offer the nongroup enrolled participants the carrier's existing comprehensive conversion plan, without additional medical underwriting, at rates determined in accordance with the successor carrier's existing rating methodology. The eligible enrolled participants shall not be subject to preexisting condition limitations except to the extent that a waiting period for a preexisting condition has not been satisfied under the insolvent carrier's plan.

(3) Any agreements covering participants allocated pursuant to subsections (1)(b) and (2) of this section to carriers pursuant to this section may be rerated after ninety days of coverage.

(4) A limited health care service contractor shall not be required to offer services other than its one limited health care service to any enrolled participant of an insolvent carrier. [1990 c 120 § 8.]

48.44.070 Contracts to be filed with commissioner.

(1) Forms of contracts between health care service contractors and participating providers shall be filed with the insurance commissioner prior to use.

(2) Any contract form not affirmatively disapproved within fifteen days of filing shall be deemed approved, except that the commissioner may extend the approval period an additional fifteen days upon giving notice before the expiration of the initial fifteen-day period. The commissioner may approve such a contract form for immediate use at any time. Approval may be subsequently withdrawn for cause.

(3) Subject to the right of the health care service contractor to demand and receive a hearing under chapters 48.04 and 34.05 RCW, the commissioner may disapprove such a contract form if it is in any respect in violation of this chapter or if it fails to conform to minimum provisions or standards required by the commissioner by rule under chapter 34.05 RCW. [1990 c 120 § 9; 1965 c 87 § 2; 1961 c 197 § 4.]

48.44.080 Master lists of contractor's participating providers—Filing with commissioner—Notice of termination or participation. Every health care service contractor shall file with its annual statement with the insurance commissioner a master list of the participating providers with whom or with which such health care service contractor has executed contracts of participation, certifying that each such participating provider has executed such contract of participation. The health care service contractor shall on the first day of each month notify the insurance commissioner in writing in case of the termination of any such contract, and of any participating provider who has entered into a participating contract during the preceding month. [1990 c 120 § 10; 1986 c 223 § 4; 1965 c 87 § 3; 1961 c 197 § 5.]

48.44.240 Chemical dependency benefits—Provisions of group contracts delivered or renewed after January 1, 1988. Each group contract for health care services which is delivered or issued for delivery or renewed, on or after January 1, 1988, shall contain provisions providing benefits for the treatment of chemical dependency rendered to covered persons by a provider which is an "approved treatment facility or program" under *RCW 70.96A.020(3). [1990 1st ex.s. c 3 § 12; 1987 c 458 § 16; 1975 1st ex.s. c 266 § 14; 1974 ex.s. c 119 § 4.]

48.44.470 Nonresident pharmacies. For the purposes of this chapter, a nonresident pharmacy is defined as any pharmacy located outside this state that ships, mails, or delivers, in any manner, except when delivered in person to an enrolled participant or his/her representative, controlled substances, legend drugs, or devices into this state.

After October 1, 1991, a health care service contractor providing coverage of prescription drugs from nonresident pharmacies may only provide coverage from licensed nonresident pharmacies. The health care service contractors shall obtain proof of current licensure in conformity with this section and RCW 18.64.350 through 18.64.400 from the nonresident pharmacy and keep that proof of licensure on file.

The department may request from the health care service contractor the proof of current licensure for all nonresident pharmacies through which the insurer is providing coverage for prescription drugs for residents of the state of Washington. This information, which may constitute a full or partial customer list, shall be confidential and exempt from public disclosure, and from the requirements of chapter 42.17 RCW. The board or the department shall not be restricted in the disclosure of the name of a nonresident pharmacy that is or has been licensed under RCW 18.64.360 or 18.64.370 or of the

identity of a nonresident pharmacy disciplined under RCW 18.64.350 through 18.64.400. [1991 c 87 § 9.]

Chapter 48.45 RURAL HEALTH CARE

Sections	
48.45.005	Findings.
48.45.007	Recommendations.
48.45.010	Definitions.
48.45.020	Rural health care service arrangements.
48.45.030	Rule making.

48.45.005 Findings. The legislature finds that the residents of rural communities are having difficulties in locating and purchasing affordable health insurance. The legislature further finds that many rural communities have sufficient funds to pay for needed services, but those funds are being expended elsewhere causing insufficient funding of local health services. As part of the solution to this problem, rural communities need to be able to structure the financing of local health services to better serve local residents. The legislature further finds that as rural communities need well financed and organized health care, it is in the interest of residents of rural communities that existing unauthorized entities comply with appropriate fiscal solvency standards and consumer safeguards, and that those entities be given an opportunity to come into compliance with existing state laws. [1990 c 271 § 20.]

48.45.007 Recommendations. The insurance commissioner shall establish a committee to recommend to the governor and legislature methods to improve the availability of affordable health insurance or coverage in rural communities. The recommendations shall consider (1) the unique and varied nature of rural communities, (2) methods to maximize the retention of local health expenditures in rural communities, (3) the need of rural communities to have sufficient control over the health services in their communities so that they may improve the quality and have the appropriate quantity of those health services, (4) financial stability and consumer protection issues, and (5) the feasibility of such recommendations. The committee shall examine methods of improving the way currently authorized carriers address rural health issues and shall examine the use of alternative arrangements specifically adapted to rural communities including, but not limited to, the use of local service contractors in combination with other entities authorized under Title 48 RCW.

The committee shall include the insurance commissioner or the commissioner's designee and representatives of rural communities, rural health providers, entities authorized under Title 48 RCW, the department of health, and other individuals, as appointed by the insurance commissioner.

These recommendations shall be submitted to the governor and legislature no later than November 1, 1990.

The committee established under this section shall dissolve on January 1, 1991. [1990 c 271 § 21.]

48.45.010 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Rural community" means any grouping of consumers, seventy-five percent of whom reside in areas outside of a standard metropolitan statistical area as defined by the United States bureau of census.

(2) "Consumer" means any person enrolled and eligible to receive benefits in the rural health care arrangement.

(3) "Rural health care service arrangement" or "arrangement" means any arrangement which is established or maintained for the purpose of offering or providing through the purchase of insurance or otherwise, medical, surgical, or hospital care or benefits in the event of sickness, accident, or disability in a rural community, as defined in this section, that is subject to the jurisdiction of the insurance commissioner but is not now a currently authorized carrier. [1990 c 271 § 22.]

48.45.020 Rural health care service arrangements. Rural health care service arrangements existing on March 29, 1990, may continue in full operation only so long as they comply with all of the following:

(1) Within ten days following March 29, 1990, all rural health care service arrangements shall inform the insurance commissioner of their intent to apply for approval to operate as an entity authorized under chapter 48.44 RCW or intend to merge with an entity authorized under Title 48 RCW or merge with an entity defined in this section;

(2) The arrangement submits an application for approval as an entity authorized under chapter 48.44 RCW by May 1, 1990;

(3) The arrangement has one hundred thousand dollars on deposit with the insurance commissioner by July 1, 1990;

(4) The arrangement has one hundred fifty thousand dollars on deposit with the insurance commissioner by September 1, 1990; and

(5) The arrangement complies with all reasonable requirements of the insurance commissioner excluding the deposit requirement, except as outlined in this section.

If such rural health care service arrangements fail to comply with any of the above requirements, or if during the application process an entity engages in any activities which the insurance commissioner reasonably determines may cause imminent harm to consumers, the entity may be subject to appropriate legal action by the insurance commissioner pursuant to the authority provided in Title 48 RCW.

A rural health care service arrangement which comes into compliance with Title 48 RCW through the method outlined in this chapter shall be subject to all applicable requirements of Title 48 RCW except that the deposit requirements shall not be increased until May 1, 1991. [1990 c 271 § 23.]

48.45.030 Rule making. The insurance commissioner, pursuant to chapter 34.05 RCW, may promulgate rules to implement RCW 48.45.010 and 48.45.020. [1990 c 271 § 24.]

No person to whom a certificate of registration has not been issued, except a health maintenance organization certified by the secretary of the department of health and human services, pursuant to Public Law 93-222 or its successor, shall use the words "health maintenance organization" or the initials "HMO" in its name, contracts, or literature. Persons who are contracting with, operating in association with, recruiting enrolled participants for, or otherwise authorized by a health maintenance organization possessing a certificate of registration to act on its behalf may use the terms "health maintenance organization" or "HMO" for the limited purpose of denoting or explaining their relationship to such health maintenance organization.

The department of health, at the request of the insurance commissioner, shall inspect and review the facilities of every applicant health maintenance organization to determine that such facilities are reasonably adequate to provide the health care services offered in their contracts. If the commissioner has information to indicate that such facilities fail to continue to be adequate to provide the health care services offered, the department of health, upon request of the insurance commissioner, shall reinspect and review the facilities and report to the insurance commissioner as to their adequacy or inadequacy. [1990 c 119 § 3; 1989 1st ex.s. c 9 § 223; 1983 c 106 § 3; 1975 1st ex.s. c 290 § 5.]

Effective date—Severability—1989 1st ex.s. c 9: See RCW 43.70.910 and 43.70.920.

48.46.066 Basic health maintenance agreement—Fewer than twenty-five employees. A basic health maintenance agreement may be offered to employers of fewer than twenty-five employees. Such a basic health maintenance agreement shall provide coverage for hospital expenses and services rendered by a physician licensed under chapter 18.57 or 18.71 RCW but is not subject to

the requirements of RCW 48.46.275, 48.46.280, 48.46-.285, 48.46.290, 48.46.350, 48.46.355, 48.46.375, 48.46-.440, 48.46.480, 48.46.510, 48.46.520, and 48.46.530.

Nothing in this section shall prohibit an insurer from offering, or a purchaser from seeking, benefits in excess of the basic coverage authorized herein. All forms, policies, and contracts shall be submitted for approval to the commissioner, and the rates of any plan offered under this section shall be reasonable in relation to the benefits thereto.

The policy authorized by this section shall not supplant or supersede any existing policy for the benefit of employees in this state. Nothing in this section shall restrict the right of employees to collectively bargain for insurance providing benefits in excess of those provided herein. [1990 c 187 § 4.]

Finding—Intent—Severability—1990 c 187: See notes following RCW 48.21.045.

48.46.225 Financial failure—Supervision of commissioner—Priority of distribution of assets. (1) Any rehabilitation, liquidation, or conservation of a health maintenance organization shall be deemed to be the rehabilitation, liquidation, or conservation of an insurance company and shall be conducted under the supervision of the commissioner pursuant to the law governing the rehabilitation, liquidation, or conservation of insurance companies. The commissioner may apply for an order directing the commissioner to rehabilitate, liquidate, or conserve a health maintenance organization upon any one or more grounds set out in RCW 48.31.030, 48.31-.050, and 48.31.080. Enrolled participants shall have the same priority in the event of liquidation or rehabilitation as the law provides to policyholders of an insurer.

(2) For purposes of determining the priority of distribution of general assets, claims of enrolled participants and enrolled participants' beneficiaries shall have the same priority as established by RCW 48.31.280 for policyholders and beneficiaries of insureds of insurance companies. If an enrolled participant is liable to any provider for services provided pursuant to and covered by the health maintenance agreement, that liability shall have the status of an enrolled participant claim for distribution of general assets.

(3) A provider who is obligated by statute or agreement to hold enrolled participants harmless from liability for services provided pursuant to and covered by a health care plan shall have a priority of distribution of the general assets immediately following that of enrolled participants and enrolled participants' beneficiaries as described herein, and immediately preceding the priority of distribution described in RCW 48.31.280(2)(e). [1990 c 119 § 4.]

48.46.230 Repealed. See Supplementary Table of Disposition of Former RCW Sections, Supplement Volume 9A.

48.46.235 Minimum net worth—Requirement to maintain—Determination of amount. (1) Except as provided in subsection (2) of this section, every health

maintenance organization must maintain a minimum net worth equal to the greater of:

(a) One million dollars; or

(b) Two percent of annual premium revenues as reported on the most recent annual financial statement filed with the commissioner on the first one hundred fifty million dollars of premium and one percent of annual premium on the premium in excess of one hundred fifty million dollars; or

(c) An amount equal to the sum of three months' uncovered expenditures as reported on the most recent financial statement filed with the commissioner.

(2) A health maintenance organization registered before June 7, 1990, must maintain a minimum net worth of:

(a) Twenty-five percent of the amount required by subsection (1) of this section by December 31, 1990;

(b) Fifty percent of the amount required by subsection (1) of this section by December 31, 1991;

(c) Seventy-five percent of the amount required by subsection (1) of this section by December 31, 1992; and

(d) One hundred percent of the amount required by subsection (1) of this section by December 31, 1993.

(3)(a) In determining net worth, no debt shall be considered fully subordinated unless the subordination clause is in a form acceptable to the commissioner. An interest obligation relating to the repayment of a subordinated debt must be similarly subordinated.

(b) The interest expenses relating to the repayment of a fully subordinated debt shall not be considered uncovered expenditures.

(c) A subordinated debt incurred by a note meeting the requirement of this section, and otherwise acceptable to the commissioner, shall not be considered a liability and shall be recorded as equity.

(4) Every health maintenance organization shall, when determining liabilities, include an amount estimated in the aggregate to provide for any unearned premium and for the payment of all claims for health care expenditures that have been incurred, whether reported or unreported, which are unpaid and for which such organization is or may be liable, and to provide for the expense of adjustment or settlement of such claims.

Such liabilities shall be computed in accordance with rules promulgated by the commissioner upon reasonable consideration of the ascertained experience and character of the health maintenance organization. [1990 c 119 § 5.]

48.46.240 Funded reserve requirements. (1) Each health maintenance organization obtaining a certificate of registration from the commissioner shall provide and maintain a funded reserve of one hundred fifty thousand dollars. The funded reserve shall be deposited with the commissioner or with any organization/trustee acceptable to him in the form of cash, securities eligible for investment by the health maintenance organization pursuant to chapter 48.13 RCW, approved surety bond or any combination of these, and must equal or exceed one hundred fifty thousand dollars. The funded reserve shall

be established as an assurance that the uncovered expenditure obligations of the health maintenance organization to the enrolled participants will be performed.

(2) All income from reserves on deposit with the commissioner shall belong to the depositing health maintenance organization and shall be paid to it as it becomes available.

(3) Any funded reserve required by this section shall be considered an asset of the health maintenance organization in determining the organization's net worth.

(4) A health maintenance organization that has made a securities deposit with the commissioner may, at its option, withdraw the securities deposit or any part of the deposit after first having deposited or provided in lieu thereof an approved surety bond, a deposit of cash or securities, or any combination of these or other deposits of equal amount and value to that withdrawn. Any securities and surety bond shall be subject to approval by the commissioner before being substituted. [1990 c 119 § 6; 1985 c 320 § 4; 1982 c 151 § 3.]

Effective date—1982 c 151: See note following RCW 48.46.020.

48.46.243 Contract—Participant liability—Commissioner's review. (1) Subject to subsection (2) of this section, every contract between a health maintenance organization and its participating providers of health care services shall be in writing and shall set forth that in the event the health maintenance organization fails to pay for health care services as set forth in the agreement, the enrolled participant shall not be liable to the provider for any sums owed by the health maintenance organization. Every such contract shall provide that this requirement shall survive termination of the contract.

(2) The provisions of subsection (1) of this section shall not apply to emergency care from a provider who is not a participating provider, to out-of-area services or, in exceptional situations approved in advance by the commissioner, if the health maintenance organization is unable to negotiate reasonable and cost-effective participating provider contracts.

(3)(a) Each participating provider contract form shall be filed with the commissioner fifteen days before it is used.

(b) Any contract form not affirmatively disapproved within fifteen days of filing shall be deemed approved, except that the commissioner may extend the approval period an additional fifteen days upon giving notice before the expiration of the initial fifteen-day period. The commissioner may approve such a contract form for immediate use at any time. Approval may be subsequently withdrawn for cause.

(c) Subject to the right of the health maintenance organization to demand and receive a hearing under chapters 48.04 and 34.05 RCW, the commissioner may disapprove such a contract form if it is in any respect in violation of this chapter or if it fails to conform to minimum provisions or standards required by the commissioner by rule under chapter 34.05 RCW.

(4) No participating provider, or agent, trustee, or assignee thereof, may maintain an action against an enrolled participant to collect sums owed by the health maintenance organization. [1990 c 119 § 7.]

48.46.245 Plan for handling insolvency—Commissioner's review. Each health maintenance organization shall have a plan for handling insolvency which allows for continuation of benefits for the duration of the agreement period for which premiums have been paid and continuation of benefits to members who are confined on the date of insolvency in an inpatient facility until their discharge or expiration of benefits. The commissioner shall approve such a plan if it includes:

(1) Insurance to cover the expenses to be paid for continued benefits after insolvency;

(2) Provisions in provider contracts that obligate the provider to provide services for the duration of the period after the health maintenance organization's insolvency for which premium payment has been made and until the enrolled participants' discharge from inpatient facilities;

(3) Use of insolvency reserves established under RCW 48.46.240;

(4) Acceptable letters of credit or approved surety bonds; or

(5) Any other arrangements the commissioner and the organization mutually agree are appropriate to assure that benefits are continued. [1990 c 119 § 8.]

48.46.247 Insolvency—Commissioner's duties—Participants' options—Allocation of coverage. (1)(a) In the event of insolvency of a health care service contractor or health maintenance organization and upon order of the commissioner, all other carriers then having active enrolled participants under a group plan with the affected agreement holder that participated in the enrollment process with the insolvent health care service contractor or health maintenance organization at a group's last regular enrollment period shall offer the eligible enrolled participants of the insolvent health services contractor or health maintenance organization the opportunity to enroll in an existing group plan without medical underwriting during a thirty-day open enrollment period, commencing on the date of the insolvency. Eligible enrolled participants shall not be subject to preexisting condition limitations except to the extent that a waiting period for a preexisting condition has not been satisfied under the insolvent carrier's group plan. An open enrollment shall not be required where the agreement holder participates in a self-insured, self-funded, or other health plan exempt from commissioner rule, unless the plan administrator and agreement holder voluntarily agree to offer a simultaneous open enrollment and extend coverage under the same enrollment terms and conditions as are applicable to carriers under this title and rules adopted under this title. If an exempt plan was offered during the last regular open enrollment period, then the carrier may offer the agreement holder the

same coverage as any self-insured plan or plans offered by the agreement holder without regard to coverage, benefit, or provider requirements mandated by this title for the duration of the current agreement period.

(b) For purposes of this subsection only, the term "carrier" means a health maintenance organization or a health care service contractor. In the event of insolvency of a carrier and if no other carrier has active enrolled participants under a group plan with the affected agreement holder, or if the commissioner determines that the other carriers lack sufficient health care delivery resources to assure that health services will be available or accessible to all of the group enrollees of the insolvent carrier, then the commissioner shall allocate equitably the insolvent carrier's group agreements for these groups among all carriers that operate within a portion of the insolvent carrier's area, taking into consideration the health care delivery resources of each carrier. Each carrier to which a group or groups are allocated shall offer the agreement holder, without medical underwriting, the carrier's existing coverage that is most similar to each group's coverage with the insolvent carrier at rates determined in accordance with the successor carrier's existing rating methodology. The eligible enrolled participants shall not be subject to preexisting condition limitations except to the extent that a waiting period for a preexisting condition has not been satisfied under the insolvent carrier's group plan. No offering by a carrier shall be required where the agreement holder participates in a self-insured, self-funded, or other health plan exempt from commissioner rule. The carrier may offer the agreement holder the same coverage as any self-insured plan or plans offered by the agreement holder without regard to coverage, benefit, or provider requirements mandated by this title for the duration of the current agreement period.

(2) The commissioner shall also allocate equitably the insolvent carrier's nongroup enrolled participants who are unable to obtain coverage among all carriers that operate within a portion of the insolvent carrier's service area, taking into consideration the health care delivery resources of the carrier. Each carrier to which nongroup enrolled participants are allocated shall offer the nongroup enrolled participants the carrier's existing comprehensive conversion plan, without additional medical underwriting, at rates determined in accordance with the successor carrier's existing rating methodology. The eligible enrolled participants shall not be subject to preexisting condition limitations except to the extent that a waiting period for a preexisting condition has not been satisfied under the insolvent carrier's plan.

(3) Any agreements covering participants allocated pursuant to subsections (1)(b) and (2) of this section to carriers pursuant to this section may be rerated after ninety days of coverage.

(4) A limited health care service contractor shall not be required to offer services other than its one limited health care service to any enrolled participant of an insolvent carrier. [1990 c 119 § 9.]

48.46.350 Chemical dependency treatment. Each group agreement for health care services that is delivered or issued for delivery or renewed on or after January 1, 1988, shall contain provisions providing benefits for the treatment of chemical dependency rendered to covered persons by a provider which is an "approved treatment facility or program" under *RCW 70.96A.020(3); PROVIDED, That this section does not apply to any agreement written as supplemental coverage to any federal or state programs of health care including, but not limited to, Title XVIII health insurance for the aged (commonly referred to as Medicare, Parts A&B), and amendments thereto. Treatment shall be covered under the chemical dependency coverage if treatment is rendered by the health maintenance organization or if the health maintenance organization refers the enrolled participant or the enrolled participant's dependents to a physician licensed under chapter 18.57 or 18.71 RCW, or to a qualified counselor employed by an approved treatment facility or program described in *RCW 70.96A.020(3). In all cases, a health maintenance organization shall retain the right to diagnose the presence of chemical dependency and select the modality of treatment that best serves the interest of the health maintenance organization's enrolled participant, or the enrolled participant's covered dependent. [1990 1st ex.s. c 3 § 14; 1987 c 458 § 18; 1983 c 106 § 13.]

*Reviser's note: RCW 70.96A.020(3) defines "approved treatment program."

Effective date—Severability—1987 c 458: See notes following RCW 48.21.160.

Chemical dependency benefits, rules: RCW 48.21.197.

48.46.420 Penalty for violations. (1) Any health maintenance organization which, or person who, violates any provision of this chapter shall be guilty of a gross misdemeanor.

(2) A health maintenance organization that fails to comply with the net worth requirements of this chapter must cure that defect in compliance with an order of the commissioner rendered in conformity with rules adopted pursuant to chapter 34.05 RCW. The commissioner is authorized to take appropriate action to assure that the continued operation of the health maintenance organization will not be hazardous to its enrolled participants. [1990 c 119 § 10; 1983 c 106 § 20.]

48.46.540 Nonresident pharmacies. For the purposes of this chapter, a nonresident pharmacy is defined as any pharmacy located outside this state that ships, mails, or delivers, in any manner, except when delivered in person to an enrolled participant or his/her representative, controlled substances, legend drugs, or devices into this state.

After October 1, 1991, a health maintenance organization providing coverage of prescription drugs from nonresident pharmacies may only provide coverage from licensed nonresident pharmacies. The health maintenance organizations shall obtain proof of current licensure in conformity with this section and RCW 18.64.350

through 18.64.400 from the nonresident pharmacy and keep that proof of licensure on file.

The department may request from the health maintenance organization the proof of current licensure for all nonresident pharmacies through which the insurer is providing coverage for prescription drugs for residents of the state of Washington. This information, which may constitute a full or partial customer list, shall be confidential and exempt from public disclosure, and from the requirements of chapter 42.17 RCW. The board or the department shall not be restricted in the disclosure of the name of a nonresident pharmacy that is or has been licensed under RCW 18.64.360 or 18.64.370 or of the identity of a nonresident pharmacy disciplined under RCW 18.64.350 through 18.64.400. [1991 c 87 § 10.]

48.62.011 Legislative intent—Construction. (Effective January 1, 1992.) This chapter is intended to provide the exclusive source of local government entity authority to individually or jointly self-insure risks, jointly purchase insurance or reinsurance, and to contract for risk management, claims, and administrative services. This chapter shall be liberally construed to grant local government entities maximum flexibility in self-insuring to the extent the self-insurance programs are operated in a safe and sound manner. This chapter is intended to require prior approval for the establishment of every individual local government self-insured employee health and welfare benefit program and every joint local government self-insurance program. In addition, this chapter is intended to require every local government entity that establishes a self-insurance program not subject to prior approval to notify the state of the existence of the program and to comply with the regulatory and statutory standards governing the management and operation of the programs as provided in this chapter. This chapter is not intended to authorize or regulate self-insurance of unemployment compensation under chapter 50.44 RCW, or industrial insurance under chapter 51.14 RCW. [1991 1st sp.s. c 30 § 1.]

48.62.020 Repealed. (Effective January 1, 1992.)
See Supplementary Table of Disposition of Former RCW Sections, Supplement Volume 9A.

48.62.021 Definitions. (Effective January 1, 1992.)
Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Local government entity" or "entity" means every unit of local government, both general purpose and special purpose, and includes, but is not limited to, counties, cities, towns, port districts, public utility districts, water districts, sewer districts, school districts, fire protection districts, irrigation districts, metropolitan municipal corporations, conservation districts, and other

political subdivisions, governmental subdivisions, municipal corporations, and quasi-municipal corporations.

(2) "Risk assumption" means a decision to absorb the entity's financial exposure to a risk of loss without the creation of a formal program of advance funding of anticipated losses.

(3) "Self-insurance" means a formal program of advance funding and management of entity financial exposure to a risk of loss that is not transferred through the purchase of an insurance policy or contract.

(4) "Health and welfare benefits" means a plan or program established by a local government entity or entities for the purpose of providing its employees and their dependents, and in the case of school districts, its district employees, students, directors, or any of their dependents, with health care, accident, disability, death, and salary protection benefits.

(5) "Property and liability risks" includes the risk of property damage or loss sustained by a local government entity and the risk of claims arising from the tortious or negligent conduct or any error or omission of the local government entity, its officers, employees, agents, or volunteers as a result of which a claim may be made against the local government entity.

(6) "State risk manager" means the state risk manager of the division of risk management within the department of general administration. [1991 1st sp.s. c 30 § 2.]

48.62.030 Repealed. (Effective January 1, 1992.) See Supplementary Table of Disposition of Former RCW Sections, Supplement Volume 9A.

48.62.031 Authority to self-insure—Options—Risk manager. (Effective January 1, 1992.) (1) The governing body of a local government entity may individually self-insure, may join or form a self-insurance program together with other entities, and may jointly purchase insurance or reinsurance with other entities for property and liability risks, and health and welfare benefits only as permitted under this chapter. In addition, the entity or entities may contract for or hire personnel to provide risk management, claims, and administrative services in accordance with this chapter.

(2) The agreement to form a joint self-insurance program shall be made under chapter 39.34 RCW.

(3) Every individual and joint self-insurance program is subject to audit by the state auditor.

(4) If provided for in the agreement or contract established under chapter 39.34 RCW, a joint self-insurance program may, in conformance with this chapter:

(a) Contract or otherwise provide for risk management and loss control services;

(b) Contract or otherwise provide legal counsel for the defense of claims and other legal services;

(c) Consult with the state insurance commissioner and the state risk manager;

(d) Jointly purchase insurance and reinsurance coverage in such form and amount as the program's participants agree by contract; and

(e) Possess any other powers and perform all other functions reasonably necessary to carry out the purposes of this chapter.

(5) A local government entity that has decided to assume a risk of loss must have available for inspection by the state auditor a written report indicating the class of risk or risks the governing body of the entity has decided to assume.

(6) Every joint self-insurance program governed by this chapter shall appoint the risk manager as its attorney to receive service of, and upon whom shall be served, all legal process issued against it in this state upon causes of action arising in this state.

(a) Service upon the risk manager as attorney shall constitute service upon the program. Service upon joint insurance programs subject to chapter 30, Laws of 1991 1st sp. sess. can be had only by service upon the risk manager. At the time of service, the plaintiff shall pay to the risk manager a fee to be set by the risk manager, taxable as costs in the action.

(b) With the initial filing for approval with the risk manager, each joint self-insurance program shall designate by name and address the person to whom the risk manager shall forward legal process so served upon him or her. The joint self-insurance program may change such person by filing a new designation.

(c) The appointment of the risk manager as attorney shall be irrevocable, shall bind any successor in interest or to the assets or liabilities of the joint self-insurance program, and shall remain in effect as long as there is in force in this state any contract made by the joint self-insurance program or liabilities or duties arising therefrom.

(d) The risk manager shall keep a record of the day and hour of service upon him or her of all legal process. A copy of the process, by registered mail with return receipt requested, shall be sent by the risk manager, to the person designated for the purpose by the joint self-insurance program in its most recent such designation filed with the risk manager. No proceedings shall be had against the joint self-insurance program, and the program shall not be required to appear, plead, or answer, until the expiration of forty days after the date of service upon the risk manager. (2) If the state risk manager denies a request for approval, the state risk manager shall specify in detail the reasons for denial and the manner in which the program fails to meet the requirements of this chapter or any rules adopted in accordance with this chapter.

(3) Whenever the state risk manager determines that a joint self-insurance program covering property or liability risks or an individual or joint self-insured health and welfare benefits program is in violation of this chapter or is operating in an unsafe financial condition, the state risk manager may issue and serve upon the program an order to cease and desist from the violation or practice.

(a) The state risk manager shall deliver the order to the appropriate entity or entities directly or mail it to the appropriate entity or entities by registered mail with return receipt requested.

(b) If the program violates the order or has not taken steps to comply with the order after the expiration of twenty days after the cease and desist order has been received by the program, the program is deemed to be operating in violation of this chapter, and the state risk manager shall notify the state auditor and the attorney general of the violation.

(c) After hearing or with the consent of a program governed by this chapter and in addition to or in lieu of a continuation of the cease and desist order, the risk manager may levy a fine upon the program in an amount not less than three hundred dollars and not more than ten thousand dollars. The order levying such fine shall specify the period within which the fine shall be fully paid. The period within which such fines shall be paid shall not be less than fifteen nor more than thirty days from the date of such order. Upon failure to pay any such fine when due the risk manager shall request the attorney general to bring a civil action on the risk manager's behalf to collect the fine. The state risk manager shall approve or disapprove the proposed change within sixty days of receipt of the notice. If the state risk manager denies a requested change, the risk manager shall specify in detail the reasons for denial and the manner in which the program would fail to meet

the requirements of this chapter or any rules adopted in accordance with this chapter. [1991 1st sp.s. c 30 § 9.]

(1) All self-insurance programs governed by this chapter may provide for executive sessions in accordance with chapter 42.30 RCW to consider litigation and settlement of claims when it appears that public discussion of these matters would impair the program's ability to conduct its business effectively.

(2) Notwithstanding any provision to the contrary contained in the public disclosure act, chapter 42.17 RCW, in a claim or action against the state or a local government entity, no person is entitled to discover that portion of any funds or liability reserve established for purposes of satisfying a claim or cause of action, except that the reserve is discoverable in a supplemental or ancillary proceeding to enforce a judgment. All other records of individual or joint self-insurance programs are subject to disclosure in accordance with chapter 42.17 RCW.

(3) Local government members of a joint self-insurance program may by resolution of the program designate some other person having experience in financial or fiscal matters as treasurer of the program, if that designated treasurer is located in Washington state. The program shall, unless the program's treasurer is a county treasurer, require a bond obtained from a surety company authorized to do business in Washington in an amount and under the terms and conditions that the program finds will protect against loss arising from mismanagement or malfeasance in investing and managing

program funds. The program may pay the premium on the bond.

All program funds must be paid to the treasurer and shall be disbursed by the treasurer only on warrants issued by the treasurer or a person appointed by the program and upon orders or vouchers approved by the program or as authorized under chapters 35A.40 and 42.24 RCW. The treasurer shall establish a program account, into which shall be recorded all program funds, and the treasurer shall maintain such special accounts as may be created by the program into which the treasurer shall record all money as the program may direct by resolution.

(4) The treasurer of the joint program shall deposit all program funds in a qualified public depository or depositories as defined in RCW 39.58.010(2) and under the same restrictions, contracts, and security as provided for any participating local government entity, and such depository shall be designated by resolution of the program.

(5) A joint self-insurance program may invest all or a portion of its assets by depositing the assets with the state investment board, to be invested by the state investment board in accordance with chapter 43.33A RCW. (6) All interest and earnings collected on joint program funds belong to the program and must be deposited to the program's credit in the proper program account.

(7) A joint program may require a reasonable bond from any person handling money or securities of the program and may pay the premium for the bond.

(8) Subsections (3) and (4) of this section do not apply to a multistate joint self-insurance program governed by RCW 48.62.081. [1991 1st sp.s. c 30 § 11.]

(1) No employee or official of a local government entity may directly or indirectly receive anything of value for services rendered in connection with the operation and management of a self-insurance program other than the salary and benefits provided by his or her employer or the reimbursement of expenses reasonably incurred in furtherance of the operation or management of the program. No employee or official of a local government entity may accept or solicit anything of value for personal benefit or for the benefit of others under circumstances in which it can be reasonably inferred that the employee's or official's independence of judgment is impaired with respect to the management and operation of the program.

(2) No local government entity may participate in a joint self-insurance program in which local government entities do not retain complete governing control. This prohibition does not apply to local government contribution to a self-insured employee health and welfare benefits plan otherwise authorized and governed by state statute nor to local government participation in a multistate joint program where control is shared with local government entities from other states.

(3) Moneys made available and moneys expended by school districts and educational service districts for self-insurance under this chapter are subject to such rules of the superintendent of public instruction as the superintendent may adopt governing budgeting and accounting. However, the superintendent shall ensure that the rules are consistent with those adopted by the state risk manager for the management and operation of self-insurance programs.

(4) RCW 48.30.140, 48.30.150, 48.30.155, and 48.30.157 apply to the use of agents and brokers by local government self-insurance programs.

(5) Every individual and joint local government self-insured health and welfare benefits program that provides comprehensive coverage for health care services shall include mandated benefits that the state health care authority is required to provide under RCW 41.05.170 and 41.05.180. The state risk manager may adopt rules identifying the mandated benefits. [1991 1st sp.s. c 30 § 12.]

48.62.125 Educational service districts—Rules—Superintendent of public instruction. (Effective January 1, 1992.) The notice must also identify all investments and distribution of assets of the program, the current depository of assets and the program's designation of asset depository and investment agent as required by RCW 48.62.111. 48.62.141 Insufficient assets—Program requirement. (Effective January 1, 1992.) Every joint self-insurance program covering liability or property risks, excluding multistate programs governed by RCW

A joint self-insurance program approved in accordance with this chapter is exempt from insurance premium taxes, from fees assessed under chapter 48.02 RCW, from chapters 48.32 and 48.32A RCW, from business and occupations taxes imposed under chapter 82.04 RCW, and from any assigned risk plan or joint underwriting association otherwise required by law. This section does not apply to and no exemption is provided for insurance companies issuing policies to cover program risks, nor does it apply to or provide an exemption for third-party administrators or brokers serving the self-insurance program. [1991 1st sp.s. c 30 § 15.]

48.62.161 Establishment of fee to cover costs—Boards—State risk manager. (Effective January 1, 1992.) (1) The state risk manager shall establish and charge an investigation fee in an amount necessary to cover the costs for the initial review and approval of a self-insurance program. The fee must accompany the initial submission of the plan of operation and management.

(2) The costs of subsequent reviews and investigations shall be charged to the self-insurance program being reviewed or investigated in accordance with the actual time and expenses incurred in the review or investigation.

(3) After the formation of the two advisory boards, each board may calculate, levy, and collect from each joint property and liability self-insurance program and each individual and joint health and welfare benefit program regulated by this chapter a start-up assessment to pay initial expenses and operating costs of the boards and the risk manager's office in administering this chapter. Any program failing to remit its assessment when due is subject to denial of permission to operate or to a cease and desist order until the assessment is paid. [1991 1st sp.s. c 30 § 16.]

48.62.171 Dissemination of information—Civil immunity. (Effective January 1, 1992.) (1) Any person who files reports or furnishes other information required under Title 48 RCW, required by the risk manager or the state auditor under authority granted by Title 48 RCW, or which is useful to the risk manager or the state auditor in the administration of Title 48 RCW, shall be immune from liability in any civil action or suit arising from the filing of any such report or furnishing such information to the risk manager or to the state auditor, unless actual malice, fraud, or bad faith is shown.

(2) The risk manager and the state auditor, and the agents and employees of each, are immune from liability in any civil action or suit arising from the publication of any report or bulletins or arising from dissemination of information related to the official activities of the risk

manager, the advisory boards, or the state auditor, unless actual malice, fraud, or bad faith is shown.

(3) The immunity granted by this section is in addition to any common law or statutory privilege or immunity enjoyed by such person, and nothing in this section is intended to abrogate or modify in any way such common law or statutory privilege or immunity. [1991 1st sp.s. c 30 § 17.]

48.62.900 Effective date, implementation, application—1991 1st sp.s. c 30. (1) This act shall take effect January 1, 1992, but the state risk manager shall take all steps necessary to implement this act on its effective date.

(2) Every individual local government self-insured employee health and welfare plan and self-insurance program that has been in continuous operation for at least one year before January 1, 1992, need not obtain approval to continue operations until January 1, 1993, but must comply with all other provisions of this act.

(3) Local government entity authority to self-insure employee health and welfare benefits applies retroactively to 1979. [1991 1st sp.s. c 30 § 30.]

48.62.901 Severability—1991 1st sp.s. c 30. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1991 1st sp.s. c 30 § 32.]

48.96.005 Purpose. The purpose of this chapter is to protect the public and contract providers from losses arising from the mismanagement of funds paid for motor vehicle service contracts, to better inform the public of their rights and obligations under the contracts, to permit purchasers of such contracts the opportunity to return the contract for a refund, and to require the liabilities owed under these contracts to be fully insured, rather than partially insured, or insured only in the event of provider default. [1990 c 239 § 2.]

48.96.025 Reimbursement policy—Insurer's responsibility. (1) Every insurer issuing a reimbursement insurance policy shall include, as a part of the policy, the

motor vehicle service contract(s) that the reimbursement insurance policy is intended to cover. Notwithstanding RCW 48.18.100, subsequent changes to the motor vehicle service contract(s) must be filed by the insurer with the commissioner no later than thirty days after the date of the change.

(2) Every insurer issuing a reimbursement insurance policy must require that premiums due for coverage under the policy be paid directly by the provider to the insurer or its agent. [1990 c 239 § 3.]

48.96.030 Reimbursement policy—Required provisions. A motor vehicle service contract reimbursement insurance policy shall not be issued, sold, or offered for sale in this state unless the reimbursement insurance policy conspicuously states that the issuer of the policy shall pay on behalf of the provider all sums which the provider is legally obligated to pay according to the provider's contractual obligations under the motor vehicle service contracts issued or sold by the provider. [1990 c 239 § 6; 1987 c 99 § 3.]

48.96.040 Service contract—Required statements. A motor vehicle service contract shall not be issued, sold, or offered for sale in this state unless the contract conspicuously states that the obligations of the provider to the service contract holder are guaranteed under the reimbursement insurance policy, and unless the contract conspicuously states the name and address of the issuer of the reimbursement insurance policy, the applicable policy number, and the means by which a service contract holder may file a claim under the policy. [1990 c 239 § 7; 1987 c 99 § 4.]

48.96.045 Service contract—Notice to holder. A motor vehicle service contract shall not be issued, sold, or offered for sale in this state unless the contract contains a conspicuous statement that has been initialed by the service contract holder and discloses:

(1) Any material conditions that the service contract holder must meet to maintain coverage under the contract including, but not limited to any maintenance schedule to which the service contract holder must adhere, any requirement placed on the service contract holder for documenting repair or maintenance work, and any procedure to which the service contract holder must adhere for filing claims;

(2) The work and parts covered by the contract;

(3) Any time or mileage limitations;

(4) That the implied warranty of merchantability on the motor vehicle is not waived if the contract has been purchased within ninety days of the purchase date of the motor vehicle from a provider who also sold the motor vehicle covered by the contract;

(5) Any exclusions of coverage; and

(6) The contract holder's right to return the contract for a refund, which right can be no more restrictive than provided for in RCW 48.96.047. [1990 c 239 § 4.]

48.96.047 Service contract—Holder's right to return. (1) At a minimum, every provider shall permit the

service contract holder to return the contract within thirty days of its purchase if no claim has been made under the contract, and shall refund to the holder the full purchase price of the contract unless the service contract holder returns the contract ten or more days after its purchase, in which case the provider may charge a cancellation fee not exceeding twenty-five dollars. A ten percent penalty shall be added to any refund that is not paid within thirty days of return of the contract to the provider. The citation shall be in writing, describing the nature of the violation including reference to the standards, rules, or orders alleged to have been violated. An initial citation for failure to comply

with RCW 49.12.123 or rules requiring a minor work permit and maintenance of records shall state a specific and reasonable time for abatement of the violation to allow the employer to correct the violation without penalty. The director or the director's designee may establish a specific time for abatement of other nonserious violations in lieu of a penalty for first time violations. The citation and a proposed penalty assessment shall be given to the highest management official available at the workplace or be mailed to the employer at the workplace. In addition, the department shall mail a copy of the citation and proposed penalty assessment to the central personnel office of the employer. Citations issued under this section shall be posted at or near the place where the violation occurred.

(2) If the director, or the director's designee, finds that an employer has committed a serious or repeated violation of the requirements of RCW 49.12.121 or 49.12.123, or any rule or order adopted or variance granted under RCW 49.12.121 or 49.12.123, the employer is subject to a civil penalty of not more than one thousand dollars for each day the violation continues. For the purposes of this subsection, a serious violation shall be deemed to exist if death or serious physical harm has resulted or is imminent from a condition that exists, or from one or more practices, means, methods, operations, or processes that have been adopted or are in use by the employer, unless the employer did not, and could not with the exercise of reasonable diligence, know of the presence of the violation.

(3) In addition to any other authority provided in this section, if, upon inspection or investigation, the director, or director's designee, believes that an employer has violated RCW 49.12.121 or 49.12.123, or a rule or order adopted or variance granted under RCW 49.12.121 or 49.12.123, and that the violation creates a danger from which there is a substantial probability that death or serious physical harm could result to a minor employee, the director, or director's designee, may issue an order immediately restraining the condition, practice, method, process, or means creating the danger in the workplace. An order issued under this subsection may require the employer to take steps necessary to avoid, correct, or remove the danger and to prohibit the employment or presence of a minor in locations or under conditions where the danger exists.

A notice of appeal filed under this section shall stay the effectiveness of a citation or notice of the assessment of a penalty pending review of the appeal by the director, but such appeal shall not stay the effectiveness of an order of immediate restraint issued under RCW 49.12.390. Upon receipt of an appeal, a hearing shall be held in accordance with chapter 34.05 RCW. The director shall issue all final orders after the hearing. The final orders are subject to appeal in accordance with chapter 34.05 RCW. Orders not appealed within the time period specified in chapter 34.05 RCW are final and binding. [1991 c 303 § 4.]

(7) The director, or his authorized representatives, shall have authority to assess all civil penalties provided in this section, giving due consideration to the appropriateness of the penalty with respect to the number of affected employees of the employer being charged, the gravity of the violation, the size of the employer's business, the good faith of the employer, and the history of previous violations.

(8) Civil penalties imposed under this chapter shall be paid to the director for deposit in the supplemental pension fund established by RCW 51.44.033. Civil penalties may be recovered in a civil action in the name of the department brought in the superior court of the county where the violation is alleged to have occurred, or the department may utilize the procedures for collection of civil penalties as set forth in RCW 51.48.120 through 51.48.150. The director, in his or her discretion, is authorized to grant a variance from any rule or regulation or portion thereof, whenever he or she determines that such variance is necessary to permit an employer to participate in an experiment approved by the director, and the experiment is designed to demonstrate or validate new and improved techniques to safeguard the health or safety of employees. Any such variance shall require that all due regard be given to the health and safety of all employees participating in any experiment. [1991 c 89 § 1; 1973 c 80 § 21.]

49.17.250 Voluntary compliance program—Consultation and advisory services. (1) In carrying out the responsibilities for the development of a voluntary compliance program under the authority of RCW

Such consultation and advice shall be limited to the matters specified in the request affecting the interpretation and applicability of safety and health standards to the conditions, structures, machines, equipment, apparatus, devices, materials, methods, means, and practices in the employer's work place. The director in granting any requests for consultative or advisory service may provide for an alternative means of affording consultation and advice other than on-site consultation.

(2) The director, or an authorized representative, will make recommendations regarding the elimination of any hazards disclosed within the scope of the on-site consultation. No visit to an employer's work place shall be regarded as an inspection or investigation under the authority of this chapter, and no notices or citations shall be issued, nor, shall any civil penalties be assessed upon such visit, nor shall any authorized representative of the director designated to render advice and consult with employers under the voluntary compliance program have any enforcement authority: PROVIDED, That in the event an on-site visit discloses a serious violation of a health and safety standard as defined in RCW 49.17.180(6), and the hazard of such violation is either not abated by the cooperative action of the employer, or, is not subject to being satisfactorily abated by the cooperative action of the employer, the director shall either invoke the administrative restraining authority provided in RCW 49.17.130 or seek the issuance of injunctive process under the authority of RCW 49.17.170 or invoke both such remedies.

(3) Nothing in this section shall be construed as providing immunity to any employer who has made application for consultative services during the pendency of the granting of such application from inspections or investigations conducted under RCW 49.17.070 or any inspection conducted as a result of a complaint, nor immunity from inspections under RCW 49.17.070 or inspections resulting from a complaint subsequent to the conclusion of the consultative period. This section shall not be construed as requiring an inspection under RCW 49.17.070 of any work place which has been visited for consultative purposes. However, in the event of a subsequent inspection, the director, or an authorized representative, may in his or her discretion take into consideration any information obtained during the consultation visit of that work place in determining the nature of an alleged violation and the amount of penalties to be assessed, if any. Such rules and regulations to be promulgated pursuant to this section shall provide that in all instances of serious violations as defined in RCW 49.17.180(6) which are disclosed in any consultative period, shall be corrected within a specified period of time at the expiration of which an inspection will be conducted under the authority of RCW 49.17.070. of the provisions of this section and the rules adopted by the director relating to the voluntary compliance program. Information obtained by the department as a result of employer-requested consultation and training services shall be deemed confidential and shall not be open to public inspection. Within thirty days of receipt, the employer shall make voluntary services reports available to employees or their collective bargaining representatives for review. Employers may satisfy the availability requirement by requesting a copy of the reports from the department. The director may provide by rule for the frequency, manner, and method of the rendering of consultative services to employers, and for the scheduling and priorities in granting applications consistent with the availability of personnel, and in such a manner as not to jeopardize the enforcement requirements of this chapter. [1991 c 89 § 2; 1973 c 80 § 25.]

An individual's benefit year shall be extended to be fifty-three weeks when at the expiration of fifty-two weeks the establishment of a new benefit year would result in the use of a quarter of wages in the new base year

that had been included in the individual's prior base year.

No benefit year will be established unless it is determined that the individual earned wages in "employment" in not less than six hundred eighty hours of the individual's base year: PROVIDED, HOWEVER, That a benefit year cannot be established if the base year wages include wages earned prior to the establishment of a prior benefit year unless the individual worked and earned wages since the last separation from employment immediately before the application for initial determination in the previous benefit year if the applicant was an unemployed individual at the time of application, or since the initial separation in the previous benefit year if the applicant was not an unemployed individual at the time of filing an application for initial determination for the previous benefit year, of not less than six times the weekly benefit amount computed for the individual's new benefit year.

If an individual's prior benefit year was based on the last four completed calendar quarters, a new benefit year shall not be established until the new base year does not include any hours used in the establishment of the prior benefit year.

If the wages of an individual are not based upon a fixed duration of time or if the individual's wages are paid at irregular intervals or in such manner as not to extend regularly over the period of employment, the wages for any week shall be determined in such manner as the commissioner may by regulation prescribe. Such regulation shall, so far as possible, secure results reasonably similar to those which would prevail if the individual were paid his or her wages at regular intervals. 50.12.245 Cooperation with work force training and education coordinating board. The commissioner shall cooperate with the work force training and education coordinating board in the conduct of the board's responsibilities under RCW 28C.18.060 and shall provide information and data in a format that is accessible to the board. [1991 c 238 § 80.]

Effective dates—**Severability**—1991 c 238: See RCW 28B.50.917 and 28B.50.918.

50.12.270 Timber impact areas—**Training and services program**—**Survey**—**Definition.** (1) Subject to the availability of state or federal funds, the employment security department, as a member of the agency timber task force and in consultation with the economic recovery coordination board, shall consult with and may subcontract with local educational institutions, local businesses, local labor organizations, local associate development organizations, local private industry councils, local social service organizations, and local governments in carrying out a program of training and services, including training through the self-employment and enterprise development (SEED) program, for dislocated workers in timber impact areas.

(2) The department shall conduct a survey to determine the actual future employment needs and jobs skills in timber impact areas.

(3) The department shall coordinate the services provided in this section with all other services provided by the department and with the other economic recovery efforts undertaken by state and local government agencies on behalf of the timber impact areas.

(4) The department shall make every effort to procure additional federal and other moneys for the efforts enumerated in this section.

(5) For the purposes of this section, "timber impact area" means a county having a population of less than five hundred thousand, or a city or town located within a county having a population of less than five hundred thousand, and meeting two of the following three criteria, as determined by the employment security department, for the most recent year such data is available: (a) A lumber and wood products employment location quotient at or above the state average; (b) projected or actual direct lumber and wood products job losses of one hundred positions or more, except counties having a population greater than two hundred thousand but less than five hundred thousand must have direct lumber and wood products job losses of one thousand positions or more; or (c) an annual unemployment rate twenty percent or more above the state average. [1991 c 315 § 3.]

Intent—1991 c 315: "The legislature finds that:

(1) The economic health and well-being of timber-dependent communities is of substantial public concern. The significant reduction in annual timber harvest levels likely will result in reduced economic activity and persistent unemployment and underemployment over time, which would be a serious threat to the safety, health, and welfare of residents of the timber impact areas, decreasing the value of private investments and jeopardizing the sources of public revenue.

(2) Timber impact areas are most often located in areas that are experiencing little or no economic growth, creating an even greater risk to the health, safety, and welfare of these communities. The ability to remedy problems caused by the substantial reduction in harvest activity is beyond the power and control of the regulatory process and influence of the state, and the ordinary operations of private enterprise without additional governmental assistance are insufficient to adequately remedy the resulting problems of poverty and unemployment.

(3) To address these concerns, it is the intent of the legislature to increase training and retraining services accessible to timber impact areas, and provide for coordination of noneconomic development services in timber impact areas as economic development efforts will not succeed unless social, housing, health, and other needs are addressed." [1991 c 315 § 1.]

(b) The proper administration of this title for which purpose appropriations from federal funds have been requested but not yet received, provided, the administrative contingency fund will be reimbursed upon receipt of the requested federal appropriation.

50.20.160 Redetermination. (1) A determination of amount of benefits potentially payable issued pursuant to the provisions of RCW 50.20.120 and 50.20.140 shall not serve as a basis for appeal but shall be subject to request by the claimant for reconsideration and/or for redetermination by the commissioner at any time within one year from the date of delivery or mailing of such determination, or any redetermination thereof: **PROVIDED**, That in the absence of fraud or misrepresentation on the part of the claimant, any benefits paid prior to the date of any redetermination which reduces the amount of benefits payable shall not be subject to recovery under the provisions of RCW 50.20.190. A denial of a request to reconsider or a redetermination shall be furnished the claimant in writing and provide the basis for appeal under the provisions of RCW 50.32.020.

(2) A determination of denial of benefits issued under the provisions of RCW 50.20.180 shall become final, in absence of timely appeal therefrom: **PROVIDED**, That the commissioner may reconsider and redetermine such determinations at any time within one year from delivery or mailing to correct an error in identity, omission of fact, or misapplication of law with respect to the facts.

(3) A determination of allowance of benefits shall become final, in absence of a timely appeal therefrom: **PROVIDED**, That the commissioner may redetermine such allowance at any time within two years following the benefit year in which such allowance was made in order to recover any benefits improperly paid and for which recovery is provided under the provisions of RCW 50.20.190: **AND PROVIDED FURTHER**, That in the absence of fraud, misrepresentation, or nondisclosure, this provision or the provisions of RCW 50.20.190 shall not be construed so as to permit redetermination or recovery of an allowance of benefits which having been made after consideration of the provisions of RCW 50.20.010(3), or the provisions of RCW 50.20.050, 50.20.060, 50.20.080, or 50.20.090 has become final.

(4) A redetermination may be made at any time: (a) To conform to a final court decision applicable to either an initial determination or a determination of denial or allowance of benefits; (b) in the event of a back pay award or settlement affecting the allowance of benefits; or (c) in the case of fraud, misrepresentation, or willful

nondisclosure. 50.20.190 Recovery of benefit payments. (1) An individual who is paid any amount as benefits under this title to which he or she is not entitled shall, unless otherwise relieved pursuant to this section, be liable for repayment of the amount overpaid. The department shall issue an overpayment assessment setting forth the reasons for and the amount of the overpayment. The amount assessed, to the extent not collected, may be deducted from any future benefits payable to the individual: **PROVIDED**, That in the absence of fraud, misrepresentation, or willful nondisclosure, every determination of liability shall be mailed or personally served not later than two years after the close of the individual's benefit year in which the purported overpayment was made unless the merits of the claim are subjected to administrative or judicial review in which event the period for serving the determination of liability shall be extended to allow service of the determination of liability during the six-month period following the final decision affecting the claim.

(2) The commissioner may waive an overpayment if the commissioner finds that said overpayment was not the result of fraud, misrepresentation, willful nondisclosure, or fault attributable to the individual and that the recovery thereof would be against equity and good conscience: **PROVIDED, HOWEVER**, That the overpayment so waived shall be charged against the individual's applicable entitlement for the eligibility period containing the weeks to which the overpayment was attributed as though such benefits had been properly paid.

(3) Any assessment herein provided shall constitute a determination of liability from which an appeal may be had in the same manner and to the same extent as provided for appeals relating to determinations in respect to claims for benefits: **PROVIDED**, That an appeal from any determination covering overpayment only shall be deemed to be an appeal from the determination which was the basis for establishing the overpayment unless the merits involved in the issue set forth in such determination have already been heard and passed upon by the appeal tribunal. If no such appeal is taken to the appeal tribunal by the individual within thirty days of the delivery of the notice of determination of liability, or within thirty days of the mailing of the notice of determination, whichever is the earlier, said determination of liability shall be deemed conclusive and final. Whenever any such notice of determination of liability becomes conclusive and final, the commissioner, upon giving at

least twenty days notice by certified mail return receipt requested to the individual's last known address of the intended action, may file with the superior court clerk of any county within the state a warrant in the amount of the notice of determination of liability plus a filing fee of five dollars. The clerk of the county where the warrant is filed shall immediately designate a superior court cause number for the warrant, and the clerk shall cause to be entered in the judgment docket under the superior court cause number assigned to the warrant, the name of the person(s) mentioned in the warrant, the amount of the notice of determination of liability, and the date when the warrant was filed. The amount of the warrant as docketed shall become a lien upon the title to, and any interest in, all real and personal property of the person(s) against whom the warrant is issued, the same as a judgment in a civil case duly docketed in the office of such clerk. A warrant so docketed shall be sufficient to support the issuance of writs of execution and writs of garnishment in favor of the state in the manner provided by law for a civil judgment. A copy of the warrant shall be mailed to the person(s) mentioned in the warrant by certified mail to the person's last known address within five days of its filing with the clerk.

(4) On request of any agency which administers an employment security law of another state, the United States, or a foreign government and which has found in accordance with the provisions of such law that a claimant is liable to repay benefits received under such law, the commissioner may collect the amount of such benefits from the claimant to be refunded to the agency. In any case in which under this section a claimant is liable to repay any amount to the agency of another state, the United States, or a foreign government, such amounts may be collected without interest by civil action in the name of the commissioner acting as agent for such agency if the other state, the United States, or the foreign government extends such collection rights to the employment security department of the state of Washington, and provided that the court costs be paid by the governmental agency benefiting from such collection.

(5) Any employer who is a party to a back pay award or settlement due to loss of wages shall, within thirty days of the award or settlement, report to the department the amount of the award or settlement, the name and social security number of the recipient of the award or settlement, and the period for which it is awarded. When an individual has been awarded or receives back pay, for benefit purposes the amount of the back pay shall constitute wages paid in the period for which it was awarded. For contribution purposes, the back pay award or settlement shall constitute wages paid in the period in which it was actually paid. The following requirements shall also apply:

(a) The employer shall reduce the amount of the back pay award or settlement by an amount determined by the department based upon the amount of unemployment benefits received by the recipient of the award or settlement during the period for which the back pay award or settlement was awarded;

(b) The employer shall pay to the unemployment compensation fund, in a manner specified by the commissioner, an amount equal to the amount of such reduction;

(c) The employer shall also pay to the department any taxes due for unemployment insurance purposes on the entire amount of the back pay award or settlement notwithstanding any reduction made pursuant to (a) of this subsection;

(d) If the employer fails to reduce the amount of the back pay award or settlement as required in (a) of this subsection, the department shall issue an overpayment assessment against the recipient of the award or settlement in the amount that the back pay award or settlement should have been reduced; and

(e) If the employer fails to pay to the department an amount equal to the reduction as required in (b) of this subsection, the department shall issue an assessment of liability against the employer which shall be collected pursuant to the procedures for collection of assessments provided herein and in RCW 50.24.110.

(6) When an individual fails to repay an overpayment assessment that is due and fails to arrange for satisfactory repayment terms, the commissioner shall impose an interest penalty of one percent of the outstanding balance for each month that payments are not made in a timely fashion. Interest shall accrue immediately on overpayments assessed pursuant to RCW 50.20.070. For any other overpayment, interest shall accrue when the individual has missed two or more of their monthly payments either partially or in full. The interest penalty shall be used to fund detection and recovery of overpayment and collection activities. The additional benefit period for a county may end no sooner than fifty-two weeks after the additional benefit period begins.

(3) Additional benefits shall be paid as follows:

(a) No new claims for additional benefits shall be accepted for weeks beginning after July 3, 1993, but for claims established on or before July 3, 1993, weeks of unemployment occurring after July 3, 1993, shall be compensated as provided in this section.

(b) The total additional benefit amount shall be fifty-two times the individual's weekly benefit amount, reduced by the total amount of regular benefits and extended benefits paid, or deemed paid, with respect to the benefit year. Additional benefits shall not be payable for weeks more than one year beyond the end of the benefit year of the regular claim, and shall be payable for up to five weeks following the completion of the training required by this section.

(c) The weekly benefit amount shall be calculated as specified in RCW 50.22.040.

(d) Benefits paid under this section shall be paid under the same terms and conditions as regular benefits and shall not be charged to the experience rating account of individual employers. The additional benefit period shall be suspended with the start of an extended benefit period, or any totally federally funded benefit program, with eligibility criteria and benefits comparable to the program established by this section, and shall resume the first week following the end of the federal program.

(a)(i) At the time of last separation from employment, resided in or was employed in a county identified under subsection (2) of this section; or

(ii) During his or her base year, earned wages in at least six hundred eighty hours in the forest products industry, which shall be determined by the department but shall include the industries assigned the major group

standard industrial classification codes "24" and "26" and the industries involved in the harvesting and management of logs, transportation of logs and wood products, processing of wood products, and the manufacturing and distribution of wood processing and logging equipment. The commissioner may adopt rules further interpreting the industries covered under this subsection. For the purposes of this subsection, "standard industrial classification code" means the code identified in RCW 50.29.025(6)(c); and

(b)(i) Has received notice of termination or layoff; and

(c)(i) Is notified by the department of the requirements of this section and develops an individual training program that is submitted to the commissioner for approval not later than sixty days after the individual is notified of the requirements of this section, and enters the approved training program not later than ninety days after the date of the individual's termination or layoff, or ninety days after July 1, 1991, whichever is later, unless the department determines that the training is not available during the ninety-day period, in which case the individual shall enter training as soon as it is available; or

(ii) Is enrolled in training approved under this section on a full-time basis and maintains satisfactory progress in the training; and

(d) Does not receive a training allowance or stipend under the provisions of any federal or state law.

(5) For the purposes of this section:

(a) "Training program" means:

(i) A remedial education program determined to be necessary after counseling at the educational institution in which the individual enrolls pursuant to his or her approved training program; or

The commissioner is hereby authorized to issue to any person, firm, corporation, political subdivision, or department of the state, a notice and order to withhold and deliver property of any kind whatsoever when the commissioner has reason to believe that there is in the possession of such person, firm, corporation, political subdivision, or department, property which is due, owing, or belonging to any person, firm, or corporation upon whom the department has served a benefit overpayment assessment or a notice and order of assessment for unemployment compensation contributions, interest, or penalties. The effect of a notice to withhold and deliver shall be continuous from the date such notice and order to withhold and deliver is first made until the liability is satisfied or becomes unenforceable because of a lapse of time.

The notice and order to withhold and deliver shall be served by the sheriff or the sheriff's deputy of the county wherein the service is made, by certified mail, return receipt requested, or by any duly authorized representative of the commissioner. Any person, firm, corporation, political subdivision, or department upon whom service has been made is hereby required to answer the notice within twenty days exclusive of the day of service, under oath and in writing, and shall make true answers to the matters inquired of in the notice.

In the event there is in the possession of any such person, firm, corporation, political subdivision, or department, any property which may be subject to the claim of the employment security department of the state, such property shall be delivered forthwith to the commissioner or the commissioner's duly authorized representative upon demand to be held in trust by the commissioner for application on the indebtedness involved or for return, without interest, in accordance with final determination of liability or nonliability, or in the alternative, there shall be furnished a good and sufficient bond satisfactory to the commissioner conditioned upon final determination of liability.

No successor may be liable for any contributions due from the person from whom that person has acquired a business or stock of goods if that person gives written notice to the employment security department of such acquisition and no assessment is issued by the department within one hundred eighty days of receipt of such notice against the former operator of the business and a copy thereof mailed to such successor. (d) Benefits paid which represent the state's share of benefits payable under chapter 50.22 RCW shall not be charged to the experience rating account of any contribution paying employer.

(e) In the case of individuals who requalify for benefits under RCW 50.20.050 or 50.20.060, benefits based on wage credits earned prior to the disqualifying separation shall not be charged to the experience rating account of the contribution paying employer from whom that separation took place.

(g) In the case of individuals identified under RCW 50.20.015, benefits paid with respect to a calendar quarter, which exceed the total amount of wages earned in the state of Washington in the higher of two corresponding calendar quarters included within the individual's determination period, as defined in RCW 50.20.015, shall not be charged to the experience rating account of any contribution paying employer.

(h) Beginning July 1, 1985, a contribution-paying base year employer, not otherwise eligible for relief of charges for benefits under this section, may receive such relief if:

(i) The benefit charges result from payment to an individual who last left the employ of such employer voluntarily for reasons not attributable to the employer, or was discharged for misconduct connected with his or her work; and

(ii) The employer requests relief of charges in writing within thirty days following mailing to the last known address of the notification of the initial determination of such a claim, stating the date and reason for the last leaving; and

(iii) Upon investigation of the separation, the commissioner rules that the relief should be granted.

(i) An employer who employed a claimant during the claimant's base year, and who continues to employ the claimant, is eligible for relief of benefit charges if relief is requested in writing within thirty days of notification by the department of the claimant's application for initial determination of eligibility. Relief of benefit charges shall cease when the employment relationship with the claimant ends. This subsection shall not apply to shared work employers under chapter 50.60 RCW.

(j) Benefits paid to an individual who does not successfully complete an approved on-the-job training program under RCW 50.12.240 shall not be charged to the experience rating account of the contribution paying employer who provided the approved on-the-job training.

(k) Benefits paid resulting from a closure or severe curtailment of operations at the employer's plant, building, work site, or facility due to damage caused by fire, flood, or other natural disaster shall not be charged to the experience rating account of the employer if:

50.29.025 Contribution rates. The contribution rate for each employer shall be determined under this section.

The division shall be carried to the fourth decimal place with the remaining fraction, if any, disregarded. The fund balance ratio shall be expressed as a percentage.

(2) The interval of the fund balance ratio, expressed as a percentage, shall determine which tax schedule in subsection (5) of this section shall be in effect for assigning tax rates for the rate year. The intervals for determining the effective tax schedule shall be:

Interval of the Fund Balance Ratio Expressed as a Percentage	Effective Tax Schedule
3.40 and above	A
2.90 to 3.39	B
2.40 to 2.89	C
1.90 to 2.39	D
1.40 to 1.89	E
Less than 1.40	F

(3) An array shall be prepared, listing all qualified employers in ascending order of their benefit ratios. The array shall show for each qualified employer: (a) Identification number; (b) benefit ratio; (c) taxable payrolls for the four calendar quarters immediately preceding the computation date and reported to the department by the cut-off date; (d) a cumulative total of taxable payrolls consisting of the employer's taxable payroll plus the taxable payrolls of all other employers preceding him or her in the array; and (e) the percentage equivalent of the cumulative total of taxable payrolls.

(4) Each employer in the array shall be assigned to one of twenty rate classes according to the percentage intervals of cumulative taxable payrolls set forth in subsection (5) of this section: PROVIDED, That if an employer's taxable payroll falls within two or more rate classes, the employer and any other employer with the same benefit ratio shall be assigned to the lowest rate class which includes any portion of the employer's taxable payroll.

(5) The contribution rate for each employer in the array shall be the rate specified in the following table for the rate class to which he or she has been assigned, as determined under subsection (4) of this section, within

50.44.060 Financing benefits paid employees of nonprofit organizations—Election to make payments in lieu of contributions. Benefits paid to employees of "nonprofit organizations" shall be financed in accordance with the provisions of this section. For the purpose of this section and RCW 50.44.070, the term "nonprofit organization" is limited to those organizations described in RCW 50.44.010, and joint accounts composed exclusively of such organizations.

(1) Any nonprofit organization which is, or becomes subject to this title on or after January 1, 1972 shall pay contributions under the provisions of RCW 50.24.010 and chapter 50.29 RCW, unless it elects, in accordance with this subsection, to pay to the commissioner for the unemployment compensation fund an amount equal to the full amount of regular and additional benefits and one-half of the amount of extended benefits paid to individuals for weeks of unemployment that are based upon wages paid or payable during the effective period of such election to the extent that such payments are attributable to service in the employ of such nonprofit organization.

(a) Any nonprofit organization which becomes subject to this title after January 1, 1972 may elect to become liable for payments in lieu of contributions for a period of not less than twelve months beginning with the date on which such subjectivity begins by filing a written notice of its election with the commissioner not later than thirty days immediately following the date of the determination of such subjectivity.

(b) Any nonprofit organization which makes an election in accordance with paragraph (a) of this subsection will continue to be liable for payments in lieu of contributions until it files with the commissioner a written notice terminating its election not later than thirty days prior to the beginning of the taxable year for which such termination shall first be effective.

(c) Any nonprofit organization which has been paying contributions under this title for a period subsequent to January 1, 1972 may change to a reimbursable basis by filing with the commissioner not later than thirty days prior to the beginning of any taxable year a written notice of election to become liable for payments in lieu of contributions. Such election shall not be terminable by the organization for that and the next year.

(d) The commissioner may for good cause extend the period within which a notice of election, or a notice of

termination, must be filed and may permit an election to be retroactive but not any earlier than with respect to benefits paid after December 31, 1969.

(e) The commissioner, in accordance with such regulations as the commissioner may prescribe, shall notify each nonprofit organization of any determination which the commissioner may make of its status as an employer and of the effective date of any election which it makes and of any termination of such election. Any nonprofit organization subject to such determination and dissatisfied with such determination may file a request for review and redetermination with the commissioner within thirty days of the mailing of the determination to the organization. Should such request for review and redetermination be denied, the organization may, within ten days of the mailing of such notice of denial, file with the appeal tribunal a petition for hearing which shall be heard in the same manner as a petition for denial of refund. The appellate procedure prescribed by this title for further appeal shall apply to all denials of review and redetermination under this paragraph.

(2) Payments in lieu of contributions shall be made in accordance with the provisions of this section including either paragraph (a) or (b) of this subsection.

(a) At the end of each calendar quarter, the commissioner shall bill each nonprofit organization or group of such organizations which has elected to make payments in lieu of contributions for an amount equal to the full amount of regular and additional benefits plus one-half of the amount of extended benefits paid during such quarter that is attributable to service in the employ of such organization.

(b)(i) Each nonprofit organization that has elected payments in lieu of contributions may request permission to make such payments as provided in this paragraph. Such method of payment shall become effective upon approval by the commissioner.

(ii) At the end of each calendar quarter, or at the end of such other period as determined by the commissioner, the commissioner shall bill each nonprofit organization for an amount representing one of the following:

(A) The percentage of its total payroll for the immediately preceding calendar year as the commissioner shall determine. Such determination shall be based each year on the average benefit costs attributable to service in the employ of nonprofit organizations during the preceding calendar year.

(B) For any organization which did not pay wages throughout the four calendar quarters of the preceding calendar year, such percentage of its payroll during such year as the commissioner shall determine.

(iii) At the end of each taxable year, the commissioner may modify the quarterly percentage of payroll thereafter payable by the nonprofit organization in order to minimize excess or insufficient payments.

(iv) At the end of each taxable year, the commissioner shall determine whether the total of payments for such year made by a nonprofit organization is less than, or in excess of, the total amount of regular and additional benefits plus one-half of the amount of extended benefits paid to individuals during such taxable year based

on wages attributable to service in the employ of such organization. Each nonprofit organization whose total payments for such year are less than the amount so determined shall be liable for payment of the unpaid balance to the fund in accordance with paragraph (c). If the total payments exceed the amount so determined for the taxable year, all of the excess payments will be retained in the fund as part of the payments which may be required for the next taxable year, or a part of the excess may, at the discretion of the commissioner, be refunded from the fund or retained in the fund as part of the payments which may be required for the next taxable year.

(c) Payment of any bill rendered under paragraph (a) or (b) shall be made not later than thirty days after such bill was mailed to the last known address of the nonprofit organization or was otherwise delivered to it, and if not paid within such thirty days, the reimbursement payments itemized in the bill shall be deemed to be delinquent and the whole or part thereof remaining unpaid shall bear interest and penalties from and after the end of such thirty days at the rate and in the manner set forth in RCW 50.12.220 and 50.24.040.

(d) Payments made by any nonprofit organization under the provisions of this section shall not be deducted or deductible, in whole or in part, from the remuneration of individuals in the employ of the organization. Any deduction in violation of the provisions of this paragraph shall be unlawful.

(3) Each employer that is liable for payments in lieu of contributions shall pay to the commissioner for the fund the total amount of regular and additional benefits plus the amount of one-half of extended benefits paid that are attributable to service in the employ of such employer. If benefits paid to an individual are based on wages paid by more than one employer and one or more of such employers are liable for payments in lieu of contributions, the amount payable to the fund by each employer that is liable for such payments shall be determined in accordance with the provisions of paragraphs (a) and (b) of this subsection.

(a) If benefits paid to an individual are based on wages paid by one or more employers that are liable for payments in lieu of contributions and on wages paid by one or more employers who are liable for contributions, the amount of benefits payable by each employer that is liable for payments in lieu of contributions shall be an amount which bears the same ratio to the total benefits paid to the individual as the total base-period wages paid to the individual by such employer bear to the total base-period wages paid to the individual by all of his base-period employers.

(b) If benefits paid to an individual are based on wages paid by two or more employers that are liable for payments in lieu of contributions, the amount of benefits payable by each such employer shall be an amount which bears the same ratio to the total benefits paid to the individual as the total base-period wages paid to the

individual by such employer bear to the total base-period wages paid to the individual by all of his base-period employers. [1990 c 245 § 9; 1983 1st ex.s. c 23 § 24; 1977 ex.s. c 292 § 19; 1971 c 3 § 23.]

51.14.020 Qualification as self-insurer—Application for certification—Security deposit or letter of credit—Reinsurance. (1) An employer may qualify as a self-insurer by establishing to the director's satisfaction that he or she has sufficient financial ability to make certain the prompt payment of all compensation under this title and all assessments which may become due from such employer. Each application for certification as a self-insurer submitted by an employer shall be accompanied by payment of a fee of one hundred fifty dollars or such larger sum as the director shall find necessary for the administrative costs of evaluation of the applicant's qualifications. Any employer who has formerly been certified as a self-insurer and thereafter ceases to be so certified may not apply for certification within three years of ceasing to have been so certified.

(2)(a) A self-insurer may be required by the director to supplement existing financial ability by depositing in an escrow account in a depository designated by the director, money and/or corporate or governmental securities approved by the director, or a surety bond written by any company admitted to transact surety business in this state, or provide an irrevocable letter of credit issued by a federally or state chartered commercial banking institution authorized to conduct business in the state of Washington filed with the department. The money, securities, bond, or letter of credit shall be in an amount reasonably sufficient in the director's discretion to insure payment of reasonably foreseeable compensation and assessments but not less than the employer's normal expected annual claim liabilities and in no event less than one hundred thousand dollars. In arriving at the amount of money, securities, bond, or letter of credit required under this subsection, the director shall take into consideration the financial ability of the employer to pay compensation and assessments and his or her probable continuity of operation. However, a letter of credit shall be acceptable only if the self-insurer has a net worth of not less than five hundred million dollars as evidenced in an annual financial statement prepared by a qualified, independent auditor using generally accepted accounting principles. The money, securities, bond, or letter of credit so deposited shall be held by the director to secure the payment of compensation by the self-insurer and to secure payment of his or her assessments. The amount of security may be increased or decreased from time to time by the director. The income from any securities deposited may be distributed currently to the self-insurer.

(b) The letter of credit option authorized in (a) of this subsection shall not apply to self-insurers authorized under RCW 51.14.150 or to self-insurers who are counties, cities, or municipal corporations.

(3) Securities or money deposited by an employer pursuant to subsection (2) of this section shall be returned to him or her upon his or her written request provided the employer files the bond required by such subsection.

(4) If the employer seeking to qualify as a self-insurer has previously insured with the state fund, the director shall require the employer to make up his or her proper

share of any deficit or insufficiency in the state fund as a condition to certification as a self-insurer.

(5) A self-insurer may reinsure a portion of his or her liability under this title with any reinsurer authorized to transact such reinsurance in this state: PROVIDED, That the reinsurer may not participate in the administration of the responsibilities of the self-insurer under this title. Such reinsurance may not exceed eighty percent of the liabilities under this title.

(6) For purposes of the application of this section, the department may adopt separate rules establishing the security requirements applicable to units of local government. In setting such requirements, the department shall take into consideration the ability of the governmental unit to meet its self-insured obligations, such as but not limited to source of funds, permanency, and right of default.

(7) The director shall adopt rules to carry out the purposes of this section including, but not limited to, rules respecting the terms and conditions of letters of credit and the establishment of the appropriate level of net worth of the self-insurer to qualify for use of the letter of credit. Only letters of credit issued in strict compliance with the rules shall be deemed acceptable. [1990 c 209 § 1; 1986 c 57 § 1; 1977 ex.s. c 323 § 9; 1972 ex.s. c 43 § 16; 1971 ex.s. c 289 § 27.]

If the surviving spouse does not have legal custody of any child or children of the deceased worker, or if after the death of the worker, legal custody of such child or children passes from such surviving spouse to another, any payment on account of such child or children not in the legal custody of the surviving spouse shall be made to the person or persons having legal custody of such child or children.

(d) In no event shall the monthly payments provided in subsection (2) of this section exceed one hundred percent of the average monthly wage in the state as computed under RCW 51.08.018.

(e) In addition to the monthly payments provided for in (2)(a) through (2)(c) of this section, a surviving spouse or child or children of such worker if there is no surviving spouse, or dependent parent or parents, if there is no surviving spouse or child or children of any such deceased worker shall be forthwith paid the sum of one thousand six hundred dollars, any such children, or parents to share and share alike in said sum.

(f) Upon remarriage of a surviving spouse the monthly payments for the child or children shall continue as provided in this section, but the monthly payments to such surviving spouse shall cease at the end of the month during which remarriage occurs. However, after September 8, 1975, an otherwise eligible surviving spouse of a worker who died at any time prior to or after September 8, 1975, shall have an option of:

(i) Receiving, once and for all, a lump sum of twenty-four times the monthly compensation rate in effect on the date of remarriage allocable to the spouse for himself or herself pursuant to (2)(a)(i) of this section and subject to any modifications specified under (2)(d) of this section and RCW 51.32.075(3) or fifty percent of the then remaining annuity value of his or her pension, whichever is the lesser: PROVIDED, That if the injury occurred prior to July 28, 1991, the remarriage benefit lump sum available shall be as provided in the remarriage benefit schedules then in effect; or

(ii) If a surviving spouse does not choose the option specified in (2)(f)(i) of this section to accept the lump sum payment, the remarriage of the surviving spouse of a worker shall not bar him or her from claiming the lump sum payment authorized in (2)(f)(i) of this section during the life of the remarriage, or shall not prevent subsequent monthly payments to him or to her if the remarriage has been terminated by death or has been dissolved or annulled by valid court decree provided he or she has not previously accepted the lump sum payment.

(g) If the surviving spouse during the remarriage should die without having previously received the lump sum payment provided in (2)(f)(i) of this section, his or her estate shall be entitled to receive the sum specified under subsection (2)(f)(i) of this section or fifty percent of the then remaining annuity value of his or her pension whichever is the lesser.

(h) The effective date of resumption of payments under (2)(f)(ii) of this section to a surviving spouse based upon termination of a remarriage by death, annulment, or dissolution shall be the date of the death or the date the judicial decree of annulment or dissolution becomes final and when application for the payments has been received.

(i) If it should be necessary to increase the reserves in the reserve fund or to create a new pension reserve fund as a result of the amendments in chapter 45, Laws of 1975-'76 2nd ex. sess., the amount of such increase in pension reserve in any such case shall be transferred to the reserve fund from the supplemental pension fund.

(3) If there is a child or children and no surviving spouse of the deceased worker or the surviving spouse is not eligible for benefits under this title, a sum equal to thirty-five percent of the wages of the deceased worker

shall be paid monthly for one child and a sum equivalent to fifteen percent of such wage shall be paid monthly for each additional child, the total of such sum to be divided among such children, share and share alike: PROVIDED, That benefits under this subsection or subsection (4) shall not exceed sixty-five percent of the wages of the deceased worker at the time of his or her death or one hundred percent of the average monthly wage in the state as defined in RCW 51.08.018, whichever is the lesser of the two sums.

(4) In the event a surviving spouse receiving monthly payments dies, the child or children of the deceased worker shall receive the same payment as provided in subsection (3) of this section.

(5) If the worker leaves no surviving spouse or child, but leaves a dependent or dependents, a monthly payment shall be made to each dependent equal to fifty percent of the average monthly support actually received by such dependent from the worker during the twelve months next preceding the occurrence of the injury, but the total payment to all dependents in any case shall not exceed sixty-five percent of the wages of the deceased worker at the time of the death or one hundred percent of the average monthly wage in the state as defined in RCW 51.08.018, whichever is the lesser of the two sums. If any dependent is under the age of eighteen years at the time of the occurrence of the injury, the payment to such dependent shall cease when such dependent reaches the age of eighteen years except such payments shall continue until the dependent reaches age twenty-three while permanently enrolled at a full time course in an accredited school. The payment to any dependent shall cease if and when, under the same circumstances, the necessity creating the dependency would have ceased if the injury had not happened.

(6) For claims filed prior to July 1, 1986, if the injured worker dies during the period of permanent total disability, whatever the cause of death, leaving a surviving spouse, or child, or children, the surviving spouse or child or children shall receive benefits as if death resulted from the injury as provided in subsections (2) through (4) of this section. Upon remarriage or death of such surviving spouse, the payments to such child or children shall be made as provided in subsection (2) of this section when the surviving spouse of a deceased worker remarries.

(7) For claims filed on or after July 1, 1986, every worker who becomes eligible for permanent total disability benefits shall elect an option as provided in RCW 51.32.067. 51.32.240 Payments made due to error, mistake, erroneous adjudication, fraud, etc.—Penalty—Appeal—Enforcement of orders. (1) Whenever any payment of benefits under this title is made because of clerical error, mistake of identity, innocent misrepresentation by or on behalf of the recipient thereof mistakenly acted upon, or any other circumstance of a similar nature, all not induced by fraud, the recipient thereof shall repay it and recoupment may be made from any future payments due to the recipient on any claim with the state fund or self-insurer, as the case may be. The department or self-insurer, as the case may be, must make claim for such repayment or recoupment within one year of the making of any such payment or it will be deemed any claim therefor has been waived. The director, pursuant to rules adopted in accordance with the procedures provided in the administrative procedure act, chapter 34.05 RCW, may exercise his discretion to waive, in whole or in part, the amount of any such timely claim where the recovery would be against equity and good conscience.

(2) Whenever the department issues an order rejecting a claim for benefits paid pursuant to RCW 51.32-.190 or 51.32.210, after payment for temporary disability benefits has been paid by a self-insurer pursuant to RCW 51.32.190(3) or by the department pursuant to RCW 51.32.210, the recipient thereof shall repay such benefits and recoupment may be made from any future payments due to the recipient on any claim with the state fund or self-insurer, as the case may be. The director, under rules adopted in accordance with the procedures provided in the administrative procedure act, chapter 34.05 RCW, may exercise discretion to waive, in whole or in part, the amount of any such payments where the recovery would be against equity and good conscience.

(3) Whenever any payment of benefits under this title has been made pursuant to an adjudication by the department or by order of the board or any court and timely appeal therefrom has been made where the final decision is that any such payment was made pursuant to

an erroneous adjudication, the recipient thereof shall repay it and recoupment may be made from any future payments due to the recipient on any claim with the state fund or self-insurer, as the case may be. The director, pursuant to rules adopted in accordance with the procedures provided in the administrative procedure act, chapter 34.05 RCW, may exercise his discretion to waive, in whole or in part, the amount of any such payments where the recovery would be against equity and good conscience.

(4) Whenever any payment of benefits under this title has been induced by fraud the recipient thereof shall repay any such payment together with a penalty of fifty percent of the total of any such payments and the amount of such total sum may be recouped from any future payments due to the recipient on any claim with the state fund or self-insurer against whom the fraud was committed, as the case may be, and the amount of such penalty shall be placed in the supplemental pension fund. Such repayment or recoupment must be demanded or ordered within one year of the discovery of the fraud.

(5) The worker, beneficiary, or other person affected thereby shall have the right to contest an order assessing an overpayment pursuant to this section in the same manner and to the same extent as provided under RCW 51.52.050 and 51.52.060. In the event such an order becomes final under chapter 51.52 RCW and notwithstanding the provisions of subsections (1) through (4) of this section, the director, director's designee, or self-insurer may file with the clerk in any county within the state a warrant in the amount of the sum representing the unpaid overpayment and/or penalty plus interest accruing from the date the order became final. The clerk of the county in which the warrant is filed shall immediately designate a superior court cause number for such warrant and the clerk shall cause to be entered in the judgment docket under the superior court cause number assigned to the warrant, the name of the worker, beneficiary, or other person mentioned in the warrant, the amount of the unpaid overpayment and/or penalty plus interest accrued, and the date the warrant was filed. The amount of the warrant as docketed shall become a lien upon the title to and interest in all real and personal property of the worker, beneficiary, or other person against whom the warrant is issued, the same as a judgment in a civil case docketed in the office of such clerk. The sheriff shall then proceed in the same manner and with like effect as prescribed by law with respect to execution or other process issued against rights or property upon judgment in the superior court. Such warrant so docketed shall be sufficient to support the issuance of writs of garnishment in favor of the department or self-insurer in the manner provided by law in the case of judgment, wholly or partially unsatisfied. The clerk of the court shall be entitled to a filing fee of five dollars, which shall be added to the amount of the warrant. A copy of such warrant shall be mailed to the worker, beneficiary, or other person within three days of filing with the clerk.

The director, director's designee, or self-insurer may issue to any person, firm, corporation, municipal corporation, political subdivision of the state, public corporation, or agency of the state, a notice to withhold and deliver property of any kind if there is reason to believe that there is in the possession of such person, firm, corporation, municipal corporation, political subdivision of the state, public corporation, or agency of the state, property that is due, owing, or belonging to any worker, beneficiary, or other person upon whom a warrant has been served for payments due the department or self-insurer. The notice and order to withhold and deliver shall be served by certified mail accompanied by an affidavit of service by mailing or served by the sheriff of the county, or by the sheriff's deputy, or by any authorized representative of the director, director's designee, or self-insurer. Any person, firm, corporation, municipal corporation, political subdivision of the state, public corporation, or agency of the state upon whom service has been made shall answer the notice within twenty days exclusive of the day of service, under oath and in writing, and shall make true answers to the matters inquired or in the notice and order to withhold and deliver. In the event there is in the possession of the party named and served with such notice and order, any property that may be subject to the claim of the department or self-insurer, such property shall be delivered forthwith to the director, the director's authorized representative, or self-insurer upon demand. If the party served and named in the notice and order fails to answer the notice and order within the time prescribed in this section, the court may, after the time to answer such order has expired, render judgment by default against the party named in the notice for the full amount, plus costs, claimed by the director, director's designee, or self-insurer in the notice. In the event that a notice to withhold and deliver is served upon an employer and the property found to be subject thereto is wages, the employer may assert in the answer all exemptions provided for by chapter 6.27 RCW to which the wage earner may be entitled.

This subsection shall only apply to orders assessing an overpayment which are issued on or after July 28, 1991: PROVIDED, That this subsection shall apply retroactively to all orders assessing an overpayment resulting from fraud, civil or criminal.

(6) Orders assessing an overpayment which are issued on or after July 28, 1991, shall include a conspicuous notice of the collection methods available to the department or self-insurer. [1991 c 88 § 1; 1986 c 54 § 1; 1975 1st ex.s. c 224 § 13.]

Legislative finding—Purpose—1972 ex.s. c 92: "The legislature finds that the accident fund, medical aid fund and reserve funds could be invested in such a manner as to promote vocational training and retraining or reeducation among the workers of this state. The legislature recognizes that federally insured student loans are already available to students at institutions of higher education. The legislature declares that the purpose of this 1972 amendatory act is to encourage the state finance committee to consider making some investment funds available for investment in federally insured student loans made to persons enrolled in vocational training and retraining or reeducation programs." Findings—Purpose—1990 c 204: "The legislature finds that workplace safety in state employment is of paramount importance in maintaining a productive and committed state work force. The legislature also finds that recognition in state agencies and institutions of higher education of industrial insurance programs that provide safe working environments and promote early return-to-work for injured employees will encourage agencies and institutions of higher education

to develop these programs. A purpose of this act is to provide incentives for agencies and institutions of higher education to participate in industrial insurance safety programs and return-to-work programs by authorizing use of the industrial insurance premium refunds earned by agencies or institutions of higher education participating in industrial insurance retrospective rating programs." 52.18.010 Benefit charges authorized—Exceptions—Amounts—Limitations. The board of fire commissioners of a fire protection district may by resolution, for fire protection district purposes authorized by law, fix and impose a benefit charge on personal property and improvements to real property which are located within the fire protection district on the date specified and which have or will receive the benefits provided by the fire protection district, to be paid by the owners of the properties: PROVIDED, That a benefit charge shall not apply to personal property and improvements to real property owned or used by any recognized religious denomination or religious organization as, or including, a sanctuary or for purposes related to the bona fide religious ministries of the denomination or religious organization, including schools and educational facilities used for kindergarten, primary, or secondary educational purposes or for institutions of higher education and all grounds and buildings related thereto, but not including personal property and improvements to real property owned or used by any recognized religious denomination or religious organization for business operations, profit-making enterprises, or activities not including use of a sanctuary or related to kindergarten, primary, or secondary educational purposes or for institutions of higher education. The aggregate amount of such benefit charges in any one year shall not exceed an amount equal to sixty percent of the operating budget for the year in which the benefit charge is to be collected: PROVIDED, That it shall be the duty of the county legislative authority or authorities of the county or counties in which the fire protection district is located to make any necessary adjustments to assure compliance with such limitation and to immediately notify the board of fire commissioners of any changes thereof.

A benefit charge imposed shall be reasonably proportioned to the measurable benefits to property resulting from the services afforded by the district. It is acceptable to apportion the benefit charge to the values of the properties as found by the county assessor or assessors modified generally in the proportion that fire insurance rates are reduced or entitled to be reduced as the result of providing the services. Any other method that reasonably apportions the benefit charges to the actual benefits resulting from the degree of protection, which may include but is not limited to the distance from regularly maintained fire protection equipment, the level of fire prevention services provided to the properties, or the need of the properties for specialized services, may be specified in the resolution and shall be subject to contest on the ground of unreasonable or capricious action or action in excess of the measurable benefits to the property resulting from services afforded by the district. The board of fire commissioners may determine that certain properties or types or classes of properties are not receiving measurable benefits based on criteria they establish by resolution. A benefit charge authorized by this chapter shall not be applicable to the personal property or improvements to real property of any individual,

corporation, partnership, firm, organization, or association maintaining a fire department and whose fire protection and training system has been accepted by a fire insurance underwriter maintaining a fire protection engineering and inspection service authorized by the state insurance commissioner to do business in this state, but such property may be protected by the fire protection district under a contractual agreement. [1990 c 294 § 2; 1987 c 325 § 2; 1985 c 7 § 123; 1974 ex.s. c 126 § 2.]

The resolution establishing benefit charges as specified in RCW 52.18.010 shall specify, by legal geographical areas or other specific designations, the charge to apply to each property by location, type, or other designation, or other information that is necessary to the proper computation of the benefit charge to be charged to each property owner subject to the resolution. The county assessor of each county in which the district is located shall determine and identify the personal properties and improvements to real property which are subject to a benefit charge in each fire protection district and shall furnish and deliver to the county treasurer of that county a listing of the properties with information describing the location, legal description, and address of the person to whom the statement of benefit charges is to be mailed, the name of the owner, and the value of the property and improvements, together with the benefit charge to apply to each. Each fire protection district shall contract, prior to the imposition of a benefit charge, for the administration and collection of the benefit charge by each county treasurer, who shall deduct a percent, as provided by contract to reimburse the county for expenses incurred by the county assessor and county treasurer in the administration of the resolution and this chapter. The county treasurer shall make distributions each year, as the charges are collected, in the amount of the benefit charges imposed on behalf of each district, less the deduction provided for in the contract. [1990 c 294 § 4; 1989 c 63 § 30; 1987 c 325 § 4; 1974 ex.s. c 126 § 4.]

An election held pursuant to this section shall be held not more than twelve months prior to the date on which the first such charge is to be assessed: PROVIDED, That a benefit charge approved at an election shall not remain in effect for a period of more than six years nor more than the number of years authorized by the voters if fewer than six years unless subsequently re-approved by the voters.

(2) The ballot shall be submitted so as to enable the voters favoring the authorization of a fire protection district benefit charge to vote "Yes" and those opposed thereto to vote "No," and the ballot shall be:

(1) Subject to chapter 48.62 RCW, any public utility district engaged in the operation of electric or water utilities may enter into contracts of group insurance for the benefit of its employees, and pay all or any part of the premiums for such insurance. Such premiums shall be paid out of the revenues derived from the operation of such properties: PROVIDED, That if the premium is to be paid by the district and employees jointly, and the benefits of the policy are offered to all eligible employees, not less than seventy-five percent of such employees may be so insured.

(2) A public utility district whose employees or officials are not members of the state retirement system engaged in the operation of electric or water utilities may contract for individual annuity contracts, retirement income policies or group annuity contracts, including prior service, to provide a retirement plan, or any one or more of them, and pay all or any part of the premiums therefor out of the revenue derived from the operation of its properties. 54.04.070 Contracts for work or materials—Notice—Emergency purchases. Any item, or items of the same kind of materials, equipment, or supplies purchased, the estimated cost of which is in excess of five thousand dollars, exclusive of sales tax shall be by contract: PROVIDED, That a district may make purchases of the same kind of items of materials, equipment and supplies not exceeding five thousand dollars in any calendar month without a contract, purchasing any excess thereof over five thousand dollars by contract. Any work ordered by a district commission, the estimated cost of which is in excess of ten thousand dollars exclusive of sales tax, shall be by contract, except that a district commission may have its own regularly employed personnel perform work which is an accepted industry practice under prudent utility management without a contract. Prudent utility management means performing work with regularly employed personnel utilizing material of a worth not exceeding fifty thousand dollars in value without a contract: PROVIDED, That such limit on the value of material being utilized in work being performed by regularly employed personnel shall not include the value of individual items of equipment purchased or acquired and used as one unit of a project. Before awarding such a contract, the commission shall publish a notice once or more in a newspaper of general circulation in the district at least twenty days before the letting of the contract, inviting sealed proposals for the work or materials; plans and specifications of which

shall at the time of the publication be on file at the office of the district subject to public inspection: PROVIDED, That any published notice ordering work to be performed for the district shall be mailed at the time of publication to any established trade association which files a written request with the district to receive such notices. The commission may at the same time and as part of the same notice, invite tenders for the work or materials upon plans and specifications to be submitted by the bidders.

Notwithstanding any other provisions herein, all contract projects, the estimated cost of which is less than one hundred thousand dollars, may be awarded to a contractor on the small works roster. The small works roster shall be comprised of all responsible contractors who have requested to be on the list. The commission shall authorize by resolution a procedure for securing telephone and/or written quotations from the contractors on the small works roster to assure establishment of a competitive price and for awarding contracts to the lowest responsible bidder. Such procedure shall require that a good-faith effort be made to request quotations from all contractors on the small works roster. Immediately after an award is made, the bid quotations obtained shall be recorded, open to public inspection, and available by telephone inquiry. The small works roster shall be revised once a year. All contract projects equal to or in excess of one hundred thousand dollars shall be let by competitive bidding.

Whenever equipment or materials required by a district are held by a governmental agency and are available for sale but such agency is unwilling to submit a proposal, the commission may ascertain the price of such items and file a statement of such price supported by the sworn affidavit of one member of the commission and may consider such price as a bid without a deposit or bond. In the event of an emergency when the public interest or property of the district would suffer material injury or damage by delay, upon resolution of the commission, or proclamation of an official designated by the board to act for the board during such emergencies, declaring the existence of such emergency and reciting the facts constituting the same, the board, or the official acting for the board, may waive the requirements of this chapter with reference to any purchase or contract, after having taken precautions to secure the lowest price practicable under the circumstances.

After determination by the commission during a public meeting that a particular purchase is available clearly and legitimately only from a single source of supply, the bidding requirements of this section may be waived by the commission. 54.12.010 When district formed—Commissioners—Election—Terms—District boundaries change, etc. (Effective July 1, 1992.) Within ten days after such election, the county canvassing board shall canvass the returns, and if at such election a majority of the voters voting upon such proposition shall vote in favor of the formation of such district, the canvassing board shall so declare in its canvass of the returns of such election, and such public utility district shall then be and become a municipal corporation of the state of Washington, and the name of such public utility district shall be Public Utility District No. _____ of _____ County. The powers of the public utility district shall be exercised through a commission consisting of three members in three commissioner districts, and five members in five commissioner districts. When the public utility district is coextensive with the limits of such county, then, at the first election of commissioners and until any change shall have been made in the boundaries of public utility district commissioner districts, one public utility district commissioner shall be chosen from each of the three county commissioner districts of the county in which the public utility district is located if the county is not operating under a "Home Rule" charter. When the public utility district comprises only a portion of the county, with boundaries established in accordance with chapter 54.08 RCW, or when the public utility district is located in a county operating under a "Home Rule" charter, three public utility district commissioner districts, numbered consecutively, having approximately equal population and boundaries, following ward and precinct lines, as far as practicable, shall be described in the petition for the formation of the public utility district, which shall be subject to appropriate change by the county legislative authority if and when they change the boundaries of the proposed public utility district, and one commissioner shall be elected from each of said public utility district commissioner districts. In all five commissioner districts an additional commissioner at large shall be chosen from each of the two at large districts. No person shall be eligible to be elected to the office of public utility district commissioner for a particular district commissioner district unless he is a registered voter of the public utility district commissioner district or at large district from which he is elected.

Except as otherwise provided, the term of office of each public utility district commissioner other than the commissioners at large shall be six years, and the term of each commissioner at large shall be four years. Each term shall be computed in accordance with RCW 29.04.170 following the commissioner's election. One commissioner at large and one commissioner from a

commissioner district shall be elected at each general election held in an even-numbered year for the term of four years and six years respectively. All candidates shall be voted upon by the entire public utility district.

When a public utility district is formed, three public utility district commissioners shall be elected at the same election at which the proposition is submitted to the voters as to whether such public utility district shall be formed. If the general election adopting the proposition to create the public utility district was held in an even-numbered year, the commissioner residing in commissioner district number one shall hold office for the term of six years; the commissioner residing in commissioner district number two shall hold office for the term of four years; and the commissioner residing in commissioner district number three shall hold office for the term of two years. If the general election adopting the proposition to create the public utility district was held in an odd-numbered year, the commissioner residing in commissioner district number one shall hold office for the term of five years, the commissioner in district two shall hold office for the term of three years, and the commissioner in district three shall hold office for the term of one year. The commissioners first to be elected as above provided shall hold office from the first day of the month following the commissioners' election and their respective terms of office shall be computed from the first day of January next following the election.

All public utility district commissioners shall hold office until their successors shall have been elected and have qualified and assume office in accordance with RCW 29.04.170. A filing for nomination for public utility district commissioner shall be accompanied by a petition signed by one hundred registered voters of the public utility district which shall be certified by the county auditor to contain the required number of registered voters, and shall otherwise be filed in accord with the requirements of Title 29 RCW. At the time of filing such nominating petition, the person so nominated shall execute and file a declaration of candidacy subject to the provisions of Title 29 RCW, as now or hereafter amended. The petition and each page of the petition shall state whether the nomination is for a commissioner from a particular commissioner district or for a commissioner at large and shall state the districts; otherwise it shall be void. A vacancy in the office of public utility district commissioner shall occur by death, resignation, removal, conviction of a felony, nonattendance at meetings of the public utility district commission for a period of sixty days unless excused by the public utility district commission, by any statutory disqualification, or by any permanent disability preventing the proper discharge of his duty. In the event of a vacancy in said office, such vacancy shall be filled at the next general election held in an even-numbered year, the vacancy in the interim to be filled by appointment by the remaining commissioners. If more than one vacancy exists at the same time in a three commissioner district, or more than two in a five commissioner district, a special election shall be called by the county canvassing board upon the request of the remainder, or, that failing, by the county election board,

such election to be held not more than forty days after the occurring of such vacancies.

A majority of the persons holding the office of public utility district commissioner at any time shall constitute a quorum of the commission for the transaction of business, and the concurrence of a majority of the persons holding such office at the time shall be necessary and shall be sufficient for the passage of any resolution, but no business shall be transacted, except in usual and ordinary course, unless there are in office at least a majority of the full number of commissioners fixed by law.

The boundaries of the public utility district commissioners' district may be changed only by the public utility district commission, and shall be examined every ten years to determine substantial equality of population, but said boundaries shall not be changed oftener than once in four years, and only when all members of the commission are present. Whenever territory is added to a public utility district under RCW 54.04.035, the boundaries of the public utility commissioners' districts shall be changed to include such additional territory. The proposed change of the boundaries of the public utility district commissioners' district must be made by resolution and after public hearing. Notice of the time of a public hearing thereon shall be published for two weeks prior thereto. Upon a referendum petition signed by ten percent of the qualified voters of the public utility district being filed with the county auditor, the county legislative authority shall submit such proposed change of boundaries to the voters of the public utility district for their approval or rejection. Such petition must be filed within ninety days after the adoption of resolution of the proposed action. The validity of said petition shall be governed by the provisions of chapter 54.08 RCW. 54.16.285 Limitations on termination of utility service for residential heating. (1) A district providing utility service for residential space heating shall not terminate such utility service between November 15 through March 15 if the customer:

(a) Notifies the utility of the inability to pay the bill, including a security deposit. This notice should be provided within five business days of receiving a payment overdue notice unless there are extenuating circumstances. If the customer fails to notify the utility within five business days and service is terminated, the customer can, by paying reconnection charges, if any, and fulfilling the requirements of this section, receive the protections of this chapter;

(b) Provides self-certification of household income for the prior twelve months to a grantee of the department of community development which administers federally funded energy assistance programs. The grantee shall determine that the household income does not exceed the maximum allowed for eligibility under the state's plan for low-income energy assistance under 42 U.S.C. 8624 and shall provide a dollar figure that is seven percent of household income. The grantee may verify information provided in the self-certification;

(c) Has applied for home heating assistance from applicable government and private sector organizations and certifies that any assistance received will be applied to the current bill and future utility bills;

(d) Has applied for low-income weatherization assistance to the utility or other appropriate agency if such assistance is available for the dwelling;

(e) Agrees to a payment plan and agrees to maintain the payment plan. The plan will be designed both to pay the past due bill by the following October 15 and to pay for continued utility service. If the past due bill is not paid by the following October 15, the customer shall not be eligible for protections under this chapter until the past due bill is paid. The plan shall not require monthly payments in excess of seven percent of the customer's

monthly income plus one-twelfth of any arrearage accrued from the date application is made and thereafter during November 15 through March 15. A customer may agree to pay a higher percentage during this period, but shall not be in default unless payment during this period is less than seven percent of monthly income plus one-twelfth of any arrearage accrued from the date application is made and thereafter. If assistance payments are received by the customer subsequent to implementation of the plan, the customer shall contact the utility to reformulate the plan; and

(f) Agrees to pay the moneys owed even if he or she moves.

(2) The utility shall:

(a) Include in any notice that an account is delinquent and that service may be subject to termination, a description of the customer's duties in this section;

(b) Assist the customer in fulfilling the requirements under this section;

(c) Be authorized to transfer an account to a new residence when a customer who has established a plan under this section moves from one residence to another within the same utility service area;

(d) Be permitted to disconnect service if the customer fails to honor the payment program. Utilities may continue to disconnect service for those practices authorized by law other than for nonpayment as provided for in this section. Customers who qualify for payment plans under this section who default on their payment plans and are disconnected can be reconnected and maintain the protections afforded under this chapter by paying reconnection charges, if any, and by paying all amounts that would have been due and owing under the terms of the applicable payment plan, absent default, on the date on which service is reconnected; and

(e) Advise the customer in writing at the time it disconnects service that it will restore service if the customer contacts the utility and fulfills the other requirements of this section.

(3) All districts providing utility service for residential space heating shall offer residential customers the option of a budget billing or equal payment plan. The budget billing or equal payment plan shall be offered low-income customers eligible under the state's plan for low-income energy assistance prepared in accordance with 42 U.S.C. 8624(C)(1) without limiting availability to certain months of the year, without regard to the length of time the customer has occupied the premises, and without regard to whether the customer is the tenant or owner of the premises occupied.

(4) An agreement between the customer and the utility, whether oral or written, shall not waive the protections afforded under this chapter. [1991 c 165 § 3; 1990 1st ex.s. c 1 § 3; 1986 c 245 § 3; 1985 c 6 § 19; 1984 c 251 § 2.]

Findings—1991 c 165: See note following RCW 35.21.300.

54.16.310 Operation, maintenance, and inspection of sewage disposal facilities, septic tanks, and wastewater disposal facilities and systems—Maintenance costs. A public utility district as authorized by a county board of health, may perform operation and maintenance, including inspections, of on-site sewage disposal facilities, alternate sewage disposal facilities, approved septic tanks or approved septic tank systems, other facilities and systems for the collection, interception, treatment, and disposal of wastewater, and for the control and protection, preservation, and rehabilitation of surface and underground waters. Those costs associated with the maintenance of private on-site sewage systems may be charged by the public utility district to the system owner. [1990 c 107 § 1.]

56.04.030 Petition or resolution—Notice of hearing. For the purpose of formation or reorganization of sewer districts, a petition shall be presented to the county legislative authority of the county in which the proposed sewer district is located, which petition shall set forth the object for the creation or reorganization of the district, shall designate the boundaries thereof and set forth the further fact that the establishment or reorganization of the district will be conducive to the public health, convenience and welfare and will be of benefit to the property included therein. The petition shall specify the proposed property tax levy assessment, if any, which shall not exceed one dollar and twenty-five cents per thousand dollars of assessed value, for general preliminary expenses of the district. The petition shall be signed by at least ten percent of the registered voters residing within the district described in the petition who voted in the last general municipal election: PROVIDED, If in the opinion of the county health officer the existing sewerage disposal facilities are inadequate in the district to be created only, and it is for the public welfare, then the county legislative authority of the county may declare a sewerage disposal district a necessity, and the district shall be organized under the provisions of this title, and all amendments thereto. The petition or resolution shall be filed with the county auditor, who shall, within ten days examine the signatures thereof and certify to the sufficiency or insufficiency. For such purpose the county auditor shall have access to all registration books in the possession of the officers of any political subdivision in such proposed district. No person having signed such a petition shall be allowed to withdraw his or her name therefrom after the filing of the same with the county auditor. If the petition shall be found to contain a sufficient number of signatures, the county auditor shall transmit the same, together with his certificate of sufficiency attached thereto to the county legislative authority. If the petition or resolution is certified to contain a sufficient number of signatures, or if in the opinion of the county health officer the existing sewerage disposal facilities are a menace to the health and convenience of the public, the county legislative authority may, by resolution, and not otherwise, declare a sewerage district a necessity, then at a regular or special meeting of the county legislative authority of such county, the county legislative authority shall cause to be published for at least once a week for two successive weeks in some newspaper of general circulation in the county, giving notice that such a petition has been presented, stating the time of the meeting at which the same shall be presented, and setting forth the boundaries of the proposed

56.04.050 Election—Time—Notice—Ballots—Excess tax levy. Upon entry of the findings of the final hearing on the petition, if the commissioners find the proposed sewer system will be conducive to the public health, welfare, and convenience and be of special benefit to the land within the boundaries of the proposed or reorganized district, they shall call a special election by presenting a resolution to the county auditor at least forty-five days prior to the proposed election date. A special election will be held on a date decided by the commissioners in accordance with RCW 29.13.010 and 29.13.020. The commissioners shall cause to be published a notice of such election at least once a week for four successive weeks in a newspaper of general circulation in the county, setting forth the hours during which the polls will be open, the boundaries of the proposed or reorganized district as finally adopted, and the object of the election, and the notice shall also be posted for ten days in ten public places in the proposed or reorganized district. The proposition shall be expressed on the ballots in the following terms:

- Sewer District YES
- Sewer District NO

or in the reorganization of a district, the proposition shall be expressed on the ballot in the following terms:

- Sewer District Reorganization YES
- Sewer District Reorganization NO

giving in each instance the name of the district as decided by the board.

At the same election the county legislative authority shall submit a proposition to the voters, for their approval or rejection, authorizing the sewer district, if formed, to levy at the earliest time permitted by law on all property located in the district a general tax for one year, in excess of the tax limitations provided by law, in the amount specified in the petition to create the district, not to exceed one dollar and twenty-five cents per thousand dollars of assessed value, for general preliminary expenses of the district, the proposition to be expressed on the ballots in the following terms:

- One year dollars and cents per thousand dollars of assessed value tax YES
- One year dollars and cents per thousand dollars of assessed value tax NO

56.04.120 Sewerage improvement districts located in counties with populations of from forty thousand to less than seventy thousand become sewer districts. (1) On and after March 16, 1979, any sewerage improvement districts created under Title 85 RCW and located in a county with a population of from forty thousand to less than seventy thousand shall become sewer districts and shall be operated, maintained, and have the same powers as sewer districts created under Title 56 RCW, upon being so ordered by the county legislative authority of the county in which such district is located after a hearing of which notice is given by publication in a newspaper of general circulation within the district and mailed to any known creditors, holders of contracts and obligees at least thirty days prior to such hearing. After such hearing if the county legislative authority finds the converting of such district to be in the best interest of that district, it shall order that such sewer improvement district shall become a sewer district and fix the date of such conversion. All debts, contracts and obligations created while attempting to organize or operate a sewerage improvement district and all other financial obligations and powers of the district to satisfy such obligations established under Title 85 RCW are legal and valid until they are fully satisfied or discharged under Title 85 RCW.

(2) The board of supervisors of a sewerage improvement district in a county with a population of from forty thousand to less than seventy thousand shall act as the board of commissioners of the sewer district created under subsection (1) of this section until other members of the board of commissioners of the sewer district are elected and qualified. There shall be an election on the same date as the 1979 state general election and the seats of all three members of the governing authority of every entity which was previously known as a sewerage improvement district in a county with a population of from forty thousand to less than seventy thousand shall be up for election. The election shall be held in the manner provided for in RCW 56.12.020 for the election of the first board of commissioners of a sewer district. - 56.08.200 Sewer connections without district permission—Penalties.

56.08.020 General comprehensive plan—Approval of engineer, director of health, and city, town, or county—Amendments. The sewer commissioners before ordering any improvements hereunder or submitting to vote any proposition for incurring indebtedness shall adopt a general comprehensive plan for a system of sewers for the district. They shall investigate all portions and sections of the district and select a general comprehensive plan for a system of sewers for the district suitable and adequate for present and reasonably foreseeable future needs thereof. The general comprehensive plan shall provide for treatment plants and other methods for the disposal of sewage and industrial and other liquid wastes now produced or which may reasonably be expected to be produced within the district and shall, for such portions of the district as may then reasonably be served, provide for the acquisition or construction and installation of laterals, trunk sewers, intercepting sewers, syphons, pumping stations, or other sewage collection facilities. The general comprehensive plan shall provide the method of distributing the cost and expense of the sewer system provided therein against the district and against utility local improvement districts within the district, including any utility local improvement district lying wholly or partially within any other political subdivision included in the district; and provide whether the whole or some part of the cost and expenses shall be paid from sewer revenue bonds. The commissioners may employ such engineering and legal services as they deem necessary in carrying out the purposes hereof.

The general comprehensive plan shall be adopted by resolution and submitted to an engineer designated by the legislative authority of the county in which fifty-percent or more of the area of the district is located, and to the director of health of the county in which the district or any portion thereof is located, and must be approved in writing by the engineer and director of health. The general comprehensive plan shall be approved, conditionally approved, or rejected by the director of health within sixty days of the plan's receipt and by the designated engineer within sixty days of the plan's receipt. However, this sixty-day time limitation may be extended by the director of health or engineer for up to an additional sixty days if sufficient time is not available to review adequately the general comprehensive plans.

Before becoming effective, the general comprehensive plan shall also be submitted to, and approved by resolution of, the legislative authority of every county within

whose boundaries all or a portion of the sewer district lies. The general comprehensive plan shall be approved, conditionally approved, or rejected by each of these county legislative authorities pursuant to the criteria in RCW 56.02.060 for approving the formation, reorganization, annexation, consolidation, or merger of sewer districts, and the resolution, ordinance, or motion of the legislative body which rejects the comprehensive plan or a part thereof shall specifically state in what particular the comprehensive plan or part thereof rejected fails to meet these criteria. The general comprehensive plan shall not provide for the extension or location of facilities that are inconsistent with the requirements of RCW 36.70A.110. Nothing in this chapter shall preclude a county from rejecting a proposed plan because it is in conflict with the criteria in RCW 56.02.060. Each general comprehensive plan shall be deemed approved if the county legislative authority fails to reject or conditionally approve the plan within ninety days of submission to the county legislative authority or within thirty days of a hearing on the plan when the hearing is held within ninety days of the plan's submission to the county legislative authority. However, a county legislative authority may extend this ninety-day time limitation by up to an additional ninety days where a finding is made that ninety days is insufficient to review adequately the general comprehensive plan. In addition, the sewer commissioners and the county legislative authority may mutually agree to an extension of the deadlines in this section.

If the district includes portions or all of one or more cities or towns, the general comprehensive plan shall be submitted also to, and approved by resolution of, the governing body of such cities and towns before becoming effective. The general comprehensive plan shall be deemed approved by the city or town governing body if the city or town governing body fails to reject or conditionally approve the plan within ninety days of the plan's submission to the city or town or within thirty days of a hearing on the plan when the hearing is held within ninety days of submission to the county legislative authority. However, a city or town governing body may extend this time limitation by up to an additional ninety days where a finding is made that insufficient time exists to adequately review the general comprehensive plan within these time limitations. In addition, the sewer commissioners and the city or town governing body may mutually agree to an extension of the deadlines in this section.

Before becoming effective, any amendment to, alteration of, or addition to, a general comprehensive plan shall also be subject to such approval as if it were a new general comprehensive plan: PROVIDED, That only if the amendment, alteration, or addition, affects a particular city or town, shall the amendment, alteration, or addition be subject to approval by such particular city or town governing body. A sewer district with five thousand or more customers providing health, group, or life insurance to its employees may provide its commissioners with the same coverage: PROVIDED, That the per person amounts for such insurance paid by the district shall not exceed the per person amounts paid by the district for its employees. Any two or more sewer districts or one or more sewer districts and one or more water districts, by a majority vote of their respective boards of commissioners, may, if deemed expedient, join in the procuring of such health care services and/or group insurance and/or term life insurance, and the board of commissioners of each participating sewer and/or water district may by appropriate resolution authorize their respective district to pay all or any portion of the cost thereof.

A sewer district with five thousand or more customers providing health, group, or life insurance to its employees may provide its commissioners with the same coverage: PROVIDED, That the per person amounts for such insurance paid by the district shall not exceed the per person amounts paid by the district for its employees.

Increase in number of commissioners.

Nominations—Vacancies—Elections—Commissioner districts.

56.12.015 Increase in number of commissioners. If a three-member board of commissioners of any sewer district with any number of customers determines by resolution that it would be in the best interest of the district to increase the number of commissioners from three to five, or if the board of a sewer district with any number of customers is presented with a petition signed by ten percent of the registered voters resident within the district who voted in the last general municipal election calling for an increase in the number of commissioners of the district, the board shall submit a resolution to the county auditor requesting that an election be held. Upon

receipt of the resolution, the county auditor shall call a special election to be held within the sewer district in accordance with RCW 29.13.010 and 29.13.020, at which election a proposition in substantially the following language shall be submitted to the voters:

Shall the Board of Commissioners of (Name and/or No. of sewer district) be increased from three to five members?

Yes -----
No -----

If the proposition receives a majority approval at the election the board of commissioners of the sewer district shall be increased to five members. In any sewer district with more than ten thousand customers, if a three-member board of commissioners determines by resolution and approves by unanimous vote of the board that it would be in the best interest of the district to increase the number of commissioners from three to five, the number of commissioners shall be so increased, without an election, unless within ninety days of adoption of that resolution, a petition requesting an election and signed by at least ten percent of the registered voters who voted in the last general municipal election is filed with the board. If such a petition is received, the board shall submit the resolution and the petition to the county auditor, who shall call a special election in the manner described in this section and in accordance with the provisions of RCW 29.13.010 and 29.13.020.

The two positions created on boards of sewer commissioners by this section shall be filled initially as for a vacancy, except that the appointees shall draw lots, one appointee to serve until the next general sewer district election after the appointment, at which two commissioners shall be elected for six-year terms, and the other appointee to serve until the second general sewer district election after the appointment, at which two commissioners shall be elected for six-year terms. [1991 c 190 § 2; 1990 c 259 § 23; 1987 c 449 § 3.]

56.12.030 Nominations—Vacancies—Elections—Commissioner districts. (1) Nominations for the first board of commissioners to be elected at the election for the formation of the sewer district shall be by petition of fifty registered voters or ten percent of the registered voters of the district who voted in the last general municipal election, whichever is the smaller. The petition shall be filed in the auditor's office of the county in which the district is located at least forty-five days before the election. Thereafter candidates for the office of sewer commissioner shall file declarations of candidacy and their election shall be conducted as provided by the general elections laws. A vacancy or vacancies shall be filled by appointment by the remaining commissioner or commissioners until the next regular election for commissioners: **PROVIDED**, That if there are two vacancies on the board, one vacancy shall be filled by appointment by the remaining commissioner and the one remaining vacancy shall be filled by appointment by the then two commissioners and the appointed commissioners shall serve until the next regular election for

commissioners. If the vacancy or vacancies remain unfilled within six months of its or their occurrence, the county legislative authority in which the district is located shall make the necessary appointment or appointments. If there is a vacancy of the entire board a new board may be appointed by the county legislative authority. Any person residing in the district who is at the time of election a registered voter may vote at any election held in the sewer district.

(2) Subsection (1) of this section notwithstanding, the board of commissioners may provide by majority vote that subsequent commissioners be elected from commissioner districts within the district. If the board exercises this option, it shall divide the district into three commissioner districts of approximately equal population following current precinct and district boundaries. Thereafter, candidates shall be nominated and one candidate shall be elected from each commissioner district by the registered voters of the commissioner district.

(3) All expense of elections for the formation or reorganization of a sewer district shall be paid by the county in which the election is held and the expenditure is hereby declared to be for a county purpose, and the money paid for that purpose shall be repaid to the county by the district if formed or reorganized. [1990 c 259 § 24; 1986 c 41 § 1; 1985 c 141 § 3; 1981 c 169 § 2; 1953 c 250 § 9; 1947 c 212 § 1; 1945 c 140 § 7; 1941 c 210 § 8; Rem. Supp. 1947 § 9425-17.]

56.16.090 Rates and charges—Classification of services. The sewer commissioners of any sewer district, in the event that such sewer revenue bonds are issued, shall provide for revenues by fixing rates and charges for the furnishing of sewerage disposal service to those to whom such service is available. Such rates and charges may be combined for the furnishing of more than one type of sewer service such as but not limited to storm or surface water and sanitary. Such rates and charges are to be fixed as deemed necessary by such sewer commissioners, so that uniform charges will be made for the same class of customer or service.

In classifying customers served or service furnished by such system of sewerage, the board of commissioners may in its discretion consider any or all of the following factors: The difference in cost of service to the various customers; the location of the various customers within and without the district; the difference in cost of maintenance, operation, repair, and replacement of the various parts of the system; the different character of the service furnished various customers; the quantity and quality of the sewage delivered and the time of its delivery; the achievement of water conservation goals and the discouragement of wasteful water use practices; capital

contributions made to the system including but not limited to assessments; and any other matters which present a reasonable difference as a ground for distinction. Such rates are to be made on a monthly basis and shall produce revenues sufficient to take care of the costs of maintenance and operation, revenue bond and warrant interest and principal amortization requirements, and all other charges necessary for efficient and proper operation of the system. 56.20.080	Review.

56.20.030 Hearing—Improvement ordered—Divestment of power to order—Notice—Appeal—Assessment roll. Whether the improvement is initiated by petition or resolution, the board shall conduct a public hearing at the time and place designated in the notice to property owners. At this hearing the board shall hear objections from any person affected by the formation of the local district and may make such changes in the boundaries of the district or such modifications in plans for the proposed improvement as shall be deemed necessary. The board may not change the boundaries of the district to include property not previously included in it without first passing a new resolution of intention and giving a new notice to property owners in the manner and form and within the time provided in this chapter for the original notice.

After the hearing and the expiration of the ten-day period for filing written protests, the commissioners shall have jurisdiction to overrule protests and proceed with any such improvement initiated by petition or resolution. The jurisdiction of the commissioners to proceed with any improvement initiated by resolution shall be divested: (a) By protests filed with the secretary of the board no later than ten days after the hearing, signed by the owners, according to the records of the county auditor, of at least forty percent of the area of land within the proposed local district or (b) by the commissioners not adopting a resolution ordering the improvement at a public hearing held not more than ninety days from the day the resolution of intention was adopted, unless the commissioners file with the county auditor a copy of the notice required by RCW 56.20.020, and in no event at a

hearing held more than two years from the day the resolution of intention was adopted.

If the commissioners find that the district should be formed, they shall by resolution form the district and order the improvement. After execution of the resolution forming the district, the secretary of the board of commissioners shall publish, in a legal publication that serves the area subject to the district, a notice setting forth that a resolution has been passed forming the district and that a lawsuit challenging the jurisdiction or authority of the sewer district to proceed with the improvement and creating the district must be filed, and notice to the sewer district served, within thirty days of the publication of the notice. The notice shall set forth the nature of the appeal. Property owners bringing the appeal shall follow the procedures as set forth under appeal under RCW 56.20.080. Whenever a resolution forming a district has been adopted, the formation is conclusive in all things upon all parties, and cannot be contested or questioned in any manner in any proceeding whatsoever by any person not commencing a lawsuit in the manner and within the time provided in this section, except for lawsuits made under RCW 56.20.080.

Following an appeal, if it is unsuccessful or if no appeal is made under RCW 56.20.080, the commissioners may proceed with the improvement and provide the general funds of the sewer district to be applied thereto, adopt detailed plans of the utility local improvement district and declare the estimated cost thereof, acquire all necessary land therefor, pay all damages caused thereby, and commence in the name of the sewer district such eminent domain proceedings and supplemental assessment or reassessment proceedings to pay all eminent domain awards as may be necessary to entitle the district to proceed with the work. The board of sewer commissioners shall proceed with the work and file with the county treasurer of each county in which the real property is to be assessed its roll levying special assessments in the amount to be paid by special assessment against the property situated within the local improvement district in proportion to the special benefits to be derived by the property therein from the improvement. [1991 c 190 § 3; 1986 c 256 § 2; 1974 ex.s. c 58 § 6; 1971 ex.s. c 272 § 9; 1953 c 250 § 18; 1941 c 210 § 28; Rem. Supp. 1941 § 9425-37.]

56.20.080 Review. The decision of the sewer commission upon any objections made within the time and in the manner herein prescribed, may be reviewed by the superior court upon an appeal thereto taken in the following manner. Such appeal shall be made by filing written notice of appeal with the secretary of said sewer commission and with the clerk of the superior court in the county in which the real property is situated within ten days after publication of a notice that the resolution confirming such assessment roll has been adopted, and such notice of appeal shall describe the property and set forth the objections of such appellant to such assessment. Within ten days from the filing of such notice of appeal with the clerk of the superior court, the appellant

shall file with the clerk of said court, a transcript consisting of the assessment roll and his or her objections thereto, together with the resolution confirming such assessment roll and the record of the sewer district commission with reference to said assessment, which transcript, upon payment of the necessary fees therefor, shall be furnished by such secretary of said sewer commission and by him or her certified to contain full, true and correct copies of all matters and proceedings required to be included in such transcript. Such fees shall be the same as the fees payable to the county clerk for the preparation and certification of transcripts on appeal to the supreme court or the court of appeals in civil actions. At the time of the filing of the notice of appeal with the clerk of the superior court a sufficient bond in the penal sum of two hundred dollars, with sureties thereon as provided by law for appeals in civil cases, shall be filed conditioned to prosecute such appeal without delay, and if unsuccessful, to pay all costs to which the sewer district is put by reason of such appeal. The court may order the appellant upon application therefor, to execute and file such additional bond or bonds as the necessity of the case may require. Within three days after such transcript is filed in the superior court, as aforesaid, the appellant shall give written notice to the secretary of such sewer district, that such transcript is filed. Said notice shall state a time, not less than three days from the service thereof, when the appellant will call up the said cause for hearing. The superior court shall, at said time or at such further time as may be fixed by order of the court, hear and determine such appeal without a jury, and such cause shall have preference over all civil causes pending in said court, except proceedings under an act relating to eminent domain in such sewer district and actions of forcible entry and detainer. The judgment of the court shall confirm, unless the court shall find from the evidence that such assessment is either founded upon a fundamentally wrong basis or a decision of the council or other legislative body thereon was arbitrary or capricious, or both; in which event the judgment of the court shall correct, modify or annul the assessment insofar as the same affects the property of the appellant. A certified copy of the decision of the court shall be filed with the officer who shall have the custody of the assessment roll, and he or she shall modify and correct such assessment roll in accordance with such decision. An appeal shall lie to the supreme court or the court of appeals from the judgment of the superior court, as in other cases, however, such appeal must be taken within fifteen days after the date of the entry of the judgment of such superior court, and the record and opening brief of the appellant in said cause shall be filed in the supreme court or the court of appeals within sixty days after the appeal shall have been taken by notice as provided in this title. The time for filing such record and serving and filing of briefs in this section prescribed may be extended by order of the superior court, or by stipulation of the parties concerned. The supreme court or the court of appeals on such appeal may correct, change, modify, confirm or annul the assessment insofar as the same affects the property of

the appellant. A certified copy of the order of the supreme court or the court of appeals upon such appeal shall be filed with the officer having custody of such assessment roll, who shall thereupon modify and correct such assessment roll in accordance with such decision. All annexations shall be accomplished in the following manner: Ten percent of the number of registered voters residing in the territory proposed to be annexed who voted in the last general municipal election may file a petition with the district commissioners and cause the question to be submitted to the voters of the territory whether the territory will be annexed and become a part of the district. If the commissioners concur in the petition, they shall file it with the county auditor, who shall, within ten days, examine the signatures thereon and certify to the sufficiency or insufficiency thereof; and for such purpose the county auditor shall have access to all registration books in the possession of the officers of any city or town in the proposed district. If the petition contains a sufficient number of signatures, the county auditor shall transmit it, together with a certificate of sufficiency attached thereto to the sewer commissioners of the district. If there are no registered voters residing in the territory to be annexed, the petition may be signed by such a number as appear of record to own at least a majority of the acreage in the territory, and the petition shall disclose the total number of acres of land in the territory and the names of all record owners of land therein. 56.24.200 Annexation of certain unincorporated territory—Referendum authorized—Petition—Election—Effective date of annexation. Such annexation resolution under RCW 56.24.190 shall be subject to referendum for forty-five days after the passage thereof. Upon the filing of a timely and sufficient referendum petition with the board of commissioners, signed by registered voters in number equal to not less than ten percent of the registered voters in the area to be annexed who voted in the last general municipal election, the question of annexation shall be submitted to the voters of such area in a general election if one is to be held within ninety days or at a special election called for that purpose by the board of commissioners in accordance with RCW 29.13.010 and 29.13.020. Notice of such election shall be given under RCW 56.24.080 and the election shall be conducted under RCW 56.24.090. The annexation shall be deemed approved by the voters unless a majority of the votes cast on the proposition are in opposition thereto.

After the expiration of the forty-fifth day from but excluding the date of passage of the annexation resolution, if no timely and sufficient referendum petition has been filed, the area annexed shall become a part of the sewer district upon the date fixed in the resolution of annexation upon transmitting the resolution to the county legislative authority. 57.04.030 Petition procedure—Hearing—Boundaries. For the purpose of formation of water districts, a petition shall be presented to the county legislative authority of each county in which the proposed water district is located, which petition shall set forth the object for the creation of the district, shall designate the boundaries thereof and set forth the further fact that establishment of the district will be conducive to the public health, convenience and welfare and will be of benefit to the property included in the district. The petition shall specify the proposed property tax levy assessment, if any, which shall not exceed one dollar and twenty-five cents per thousand dollars of assessed value, for general preliminary expenses of the district. The petition shall be signed by at least ten percent of the registered voters who voted in the last general municipal election, who shall be qualified electors on the date of filing the petition, residing within the district described in the petition. The petition shall be filed with the county auditor of each county in which the proposed district is located, who shall, within ten days examine and verify the signatures of the signers residing in the county; and for such purpose the county election official shall have access to all registration books in the possession of the officers of any incorporated city or town in such proposed district. No person having signed such a petition shall be allowed to withdraw his name from the petition after the filing of the petition with the county election officer. The petition shall be transmitted to the election officer of the county in which the largest land area of the district is located who shall certify to the sufficiency or insufficiency of the number of signatures. If the petition shall be found to contain a sufficient number of signatures, the county election officer shall then transmit the same, together with a certificate of sufficiency attached thereto to the county legislative authority of each county in which the proposed district is located. Following receipt of a petition certified to contain a sufficient number of signatures, at a regular or special meeting the county legislative authority shall cause to be published once a week for at least two weeks in one or more newspapers of general circulation in the proposed district, a notice that such a petition has been presented, stating the time of the meeting at which the petition shall be considered, and setting forth the boundaries of the proposed district. When such a petition is presented for hearing, each county legislative authority shall hear the petition or may adjourn the hearing from time to time not exceeding one month in all. Any person, firm, or corporation may appear before the county legislative authority and make objections to the establishment of the district or the proposed boundary lines thereof. Upon a final hearing each county legislative authority shall make such changes in the proposed boundary lines within the county as it deems to be proper and shall establish and define the boundaries and shall find whether the proposed water district will be conducive to the public health, welfare and convenience and be of special benefit to the land included within the boundaries of the proposed district. No lands which will not, in the judgment of the county legislative authority,

be benefited by inclusion therein, shall be included within the boundaries of the district. No change shall be made by the county legislative authority in the boundary lines to include any territory outside of the boundaries described in the petition, except that the boundaries of any proposed district may be extended by the county legislative authority to include other lands in the county upon a petition signed by the owners of all of the land within the proposed extension. 57.04.050 Election—Notice—Ballots—Excess tax levy. Upon entry of the findings of the final hearing on the petition if one or more county legislative authorities find that the proposed district will be conducive to the public health, welfare, and convenience and be of special benefit to the land therein, they shall call a special election by presenting a resolution to the county auditor at least forty-five days prior to the proposed election date. A special election will be held on a date decided by the commissioners in accordance with RCW 29.13.010 and 29.13.020. The commissioners shall cause to be published a notice of the election for four successive weeks in a newspaper of general circulation in the proposed district, which notice shall state the hours during which the polls will be open, the boundaries of the district as finally adopted and the object of the election, and the notice shall also be posted for ten days in ten public places in the proposed district. In submitting the proposition to the voters, it shall be expressed on the ballots in the following terms:

Water District YES
Water District NO

giving the name of the district as provided in the petition.

At the same election a proposition shall be submitted to the voters, for their approval or rejection, authorizing the water district, if formed, to levy at the earliest time permitted by law on all property located in the district a general tax for one year, in excess of the limitations provided by law, in the amount specified in the petition to create the district, not to exceed one dollar and twenty-five cents per thousand dollars of assessed value, for general preliminary expenses of the district, the proposition to be expressed on the ballots in the following terms:

One year ----- dollars and
----- cents per thousand
dollars of assessed value tax YES
One year ----- dollars and
----- cents per thousand
dollars of assessed value tax NO

(f) Such electricity may be used by the water district or sold to any entity authorized by law to distribute electricity. Such electricity is a byproduct when the electrical generation is subordinate to the primary purpose of water supply.

(g) For such purposes, a water district may take, condemn and purchase, purchase, acquire, and retain water from any public or navigable lake, river, or watercourse, or any underflowing water and, by means of aqueducts or pipe line conduct the same throughout such water district and any city or town therein and carry it along and upon public highways, roads, and streets, within and without such district.

(h) For the purpose of constructing or laying aqueducts or pipe lines, dams, or waterworks or other necessary structures in storing and retaining water or for any other lawful purpose such water district may occupy the beds and shores up to the high water mark of any such lake, river, or other watercourse, and may acquire by purchase or condemnation such property or property rights or privileges as may be necessary to protect its water supply from pollution.

(i) For the purposes of waterworks which include facilities for the generation of electricity as a byproduct, nothing in this section may be construed to authorize a water district to condemn electric generating, transmission, or distribution rights or facilities of entities authorized by law to distribute electricity, or to acquire such rights or facilities without the consent of the owner.

(2) A water district may purchase and take water from any municipal corporation.

(3) A water district may fix rates and charges for water supplied and may charge property owners seeking to connect to the district's water supply system, as a condition to granting the right to so connect, in addition to the cost of such connection, such reasonable connection charge as the board of commissioners shall determine to be proper in order that such property owners shall bear their equitable share of the cost of such system.

(a) For purposes of calculating a connection charge, the board of commissioners shall determine the pro rata share of the cost of existing facilities and facilities planned for construction within the next ten years and contained in an adopted comprehensive plan and other

costs borne by the district which are directly attributable to the improvements required by property owners seeking to connect to the system. The cost of existing facilities shall not include those portions of the system which have been donated or which have been paid for by grants.

(b) The connection charge may include interest charges applied from the date of construction of the water system until the connection, or for a period not to exceed ten years, whichever is shorter, at a rate commensurate with the rate of interest applicable to the district at the time of construction or major rehabilitation of the water system, or at the time of installation of the water lines to which the property owner is seeking to connect.

(4)(a) A district may permit payment of the cost of connection and the reasonable connection charge to be paid with interest in installments over a period not exceeding fifteen years. The county treasurer may charge and collect a fee of three dollars for each year for the treasurer's services. Such fees shall be a charge to be included as part of each annual installment, and shall be credited to the county current expense fund by the county treasurer.

(b) Revenues from connection charges excluding permit fees are to be considered payments in aid of construction as defined by department of revenue rule.

(5) A district may operate and maintain a park or recreational facilities on real property that it owns or in which it has an interest that is not immediately necessary for its purposes.

(6) If such park or recreational facilities are operated by a person other than the district, including a corporation, partnership, or other business enterprise, the person shall indemnify and hold harmless the district for any injury or damage caused by the action of the person. 57.08.120 Lease of real property—Notice, contents, publication—Performance bond or security. A water district may lease out real property which it owns or in which it has an interest and which is not immediately necessary for its purposes upon such terms as the board of water commissioners deems proper: PROVIDED, That no such lease shall be made until the water district has first caused notice thereof to be published twice in a newspaper in general circulation in the water district, the first publication to be at least fifteen days and the second at least seven days prior to the making of such lease, which notice shall describe the property proposed to be leased out, to whom, for what purpose, and the rental to be charged therefor. A hearing shall be held pursuant to the terms of the said notice, at which

time any and all persons who may be interested shall have the right to appear and to be heard.

No such lease shall be for a period longer than twenty-five years, and each lease of real property shall be secured by a bond conditioned to perform the terms of such lease with surety satisfactory to the commissioners, in a penalty not less than the rental for one-sixth of the term: PROVIDED, That the penalty shall not be less than the rental for one year where the term is one year or more. In a lease, the term of which exceeds five years, and when at the option of the commissioners, it is so stipulated in the lease, the commission shall accept, with surety satisfactory to it, a bond conditioned to perform the terms of the lease for some part of the term, in no event less than five years (unless the remainder of the unexpired term is less than five years, in which case for the full remainder) and in every such case the commissioners shall require of the lessee, another or other like bond to be delivered within two years, and not less than one year prior to the expiration of the period covered by the existing bond, covering an additional part of the term in accordance with the foregoing provisions in respect to the original bond, and so on until the end of the term so that there will always be in force a bond securing the performance of the lease, and the penalty in each bond shall be not less than the rental for one-half the period covered thereby, but no bond shall be construed to secure the furnishing of any other bond. However, the board of commissioners may require a reasonable security deposit in lieu of a bond on leased real property owned by a water district.

The commissioners may accept as surety on any bond required by this section, either an approved surety company or one or more persons satisfactory to the commissioners, or in lieu of such bond may accept a deposit as security of such property or collateral or the giving of such other form of security as may be satisfactory to the commissioners. 57.08.170 Water conservation plan—Emergency water use restrictions—Fine. A water district may adopt a water conservation plan and emergency water use restrictions. The district may enforce a water conservation plan and emergency water use restrictions by imposing a fine as provided by resolution for failure to comply with any such plan or restrictions. The commissioners may provide by resolution that if a fine for failure to comply with the water conservation plan or emergency water use restrictions is delinquent for a specified period of time, the district shall certify the delinquency to the treasurer of the county in which the real property is located and serve notice of the delinquency on the subscribing water customer who fails to comply, and the fine is then a separate item for inclusion on the bill of the party failing to comply with the water conservation plan or emergency water use restrictions. [1991 c 82 § 7.]

57.08.180 Sewer connections without district permission—Penalties. It is unlawful and a misdemeanor to make, or cause to be made, or to maintain any sewer

57.12.020 Commissioners, nomination, declaration of candidacy, election law, vacancies—Who may vote.

57.12.015 Increase in number of commissioners. In the event a three-member board of commissioners of any water district with any number of customers determines by resolution that it would be in the best interest of the district to increase the number of commissioners from three to five, or in the event the board of a district with any number of customers is presented with a petition signed by ten percent of the registered voters resident within the district who voted in the last general municipal election calling for an increase in the number of commissioners of the district, the board shall submit a resolution to the county auditor requesting that an election be held. Upon receipt of the resolution, the county auditor shall call a special election to be held within the water district in accordance with RCW 29.13.010 and 29.13.020, at which election a proposition in substantially the following language shall be submitted to the voters:

Shall the Board of Commissioners of (Name and/or No. of water district) be increased from three to five members?

Yes -----

No -----

If the proposition receives a majority approval at the election the board of commissioners of the water district shall be increased to five members. In any water district with more than ten thousand customers, if a three-member board of commissioners determines by resolution and approves by unanimous vote of the board that it would be in the best interest of the district to increase the number of commissioners from three to five, the number of commissioners shall be so increased, without an election, unless within ninety days of adoption of that resolution a petition requesting an election and signed by at least ten percent of the registered voters who voted in the last general municipal election is filed with the board. If such a petition is received, the board shall submit the resolution and the petition to the county auditor, who shall call a special election in the manner described in this section and in accordance with the provisions of RCW 29.13.010 and 29.13.020.

The two positions created on boards of water commissioners by this section shall be filled initially as for a vacancy, except that the appointees shall draw lots, one appointee to serve until the next general water district election after the appointment, at which two commissioners shall be elected for six-year terms, and the other

appointee to serve until the second general water district election after the appointment, at which two commissioners shall be elected for six-year terms. [1991 c 190 § 6; 1990 c 259 § 29; 1987 c 449 § 12.]

57.12.020 Commissioners, nomination, declaration of candidacy, election law, vacancies—Who may vote. Nominations for the first board of commissioners to be elected at the election for the formation of the water district shall be by petition of at least ten percent of the registered voters of the district who voted in the last general municipal election, filed in the auditor's office of the county in which the district is located, at least forty-five days prior to the election. Thereafter, candidates for the office of water commissioners shall file declarations of candidacy and their election shall be conducted as provided by the general election laws. A vacancy or vacancies on the board shall be filled by appointment by the remaining commissioner or commissioners until the next regular election for commissioners: **PROVIDED**, That if there are two vacancies on the board, one vacancy shall be filled by appointment by the remaining commissioner and the one remaining vacancy shall be filled by appointment by the then two commissioners and the appointed commissioners shall serve until the next regular election for commissioners. If the vacancy or vacancies remain unfilled within six months of its or their occurrence, the county legislative authority in which the district is located shall make the necessary appointment or appointments. If there is a vacancy of the entire board a new board may be appointed by the county legislative authority.

Any person residing in the district who is a registered voter under the laws of the state may vote at any district election. 57.16.010 General comprehensive plan of improvements—Approval of engineer, director of health, and city, town, or county—Amendments. The water district commissioners before ordering any improvements hereunder or submitting to vote any proposition for incurring any indebtedness shall adopt a general comprehensive

plan of water supply for the district. They shall investigate the several portions and sections of the district for the purpose of determining the present and reasonably foreseeable future needs thereof; shall examine and investigate, determine and select a water supply or water supplies for such district suitable and adequate for present and reasonably foreseeable future needs thereof; and shall consider and determine a general system or plan for acquiring such water supply or water supplies; and the lands, waters and water rights and easements necessary therefor, and for retaining and storing any such waters, erecting dams, reservoirs, aqueducts and pipe lines to convey the same throughout such district. There may be included as part of the system the installation of fire hydrants at suitable places throughout the district, and the purchase and maintenance of necessary fire fighting equipment and apparatus, together with facilities for housing same. The water district commissioners shall determine a general comprehensive plan for distributing such water throughout such portion of the district as may then reasonably be served by means of subsidiary aqueducts and pipe lines, and the method of distributing the cost and expense thereof against such water district and against local improvement districts or utility local improvement districts within such water district for any lawful purpose, and including any such local improvement district or utility local improvement district lying wholly or partially within the limits of any city or town in such district, and shall determine whether the whole or part of the cost and expenses shall be paid from water revenue bonds. After July 23, 1989, when the district adopts a general comprehensive plan or plans for an area annexed as provided for in RCW 57.16.010, the district shall include a long-term plan for financing the planned projects. The commissioners may employ such engineering and legal service as in their discretion is necessary in carrying out their duties.

The general comprehensive plan shall be adopted by resolution and submitted to an engineer designated by the legislative authority of the county in which fifty-one percent or more of the area of the district is located, and to the director of health of the county in which the district or any portion thereof is located, and must be approved in writing by the engineer and director of health. The general comprehensive plan shall be approved, conditionally approved, or rejected by the director of health within sixty days of the plan's receipt and by the designated engineer within sixty days of the plan's receipt. However, this sixty-day time limitation may be extended by the director of health or engineer for up to an additional sixty days if sufficient time is not available to review adequately the general comprehensive plans.

Before becoming effective, the general comprehensive plan shall also be submitted to, and approved by resolution of, the legislative authority of every county within whose boundaries all or a portion of the water district lies. The general comprehensive plan shall be approved, conditionally approved, or rejected by each of these county legislative authorities pursuant to the criteria in RCW 57.02.040 for approving the formation, reorganization, annexation, consolidation, or merger of water

districts, and the resolution, ordinance, or motion of the legislative body which rejects the comprehensive plan or a part thereof shall specifically state in what particular the comprehensive plan or part thereof rejected fails to meet these criteria. The general comprehensive plan shall not provide for the extension or location of facilities that are inconsistent with the requirements of RCW 36.70A.110. Nothing in this chapter shall preclude a county from rejecting a proposed plan because it is in conflict with the criteria in RCW 57.02.040. Each general comprehensive plan shall be deemed approved if the county legislative authority fails to reject or conditionally approve the plan within ninety days of the plan's submission to the county legislative authority or within thirty days of a hearing on the plan when the hearing is held within ninety days of submission to the county legislative authority. However, a county legislative authority may extend this ninety-day time limitation by up to an additional ninety days where a finding is made that ninety days is insufficient to review adequately the general comprehensive plan. In addition, the water commissioners and the county legislative authority may mutually agree to an extension of the deadlines in this section.

If the district includes portions or all of one or more cities or towns, the general comprehensive plan shall be submitted also to, and approved by resolution of, the governing bodies of such cities and towns before becoming effective. The general comprehensive plan shall be deemed approved by the city or town governing body if the city or town governing body fails to reject or conditionally approve the plan within ninety days of the plan's submission to the city or town or within thirty days of a hearing on the plan when the hearing is held within ninety days of submission to the county legislative authority. However, a city or town governing body may extend this time limitation by up to an additional ninety days where a finding is made that insufficient time exists to adequately review the general comprehensive plan within these time limitations. In addition, the sewer [water] commissioners and the city or town governing body may mutually agree to an extension of the deadlines in this section.

Before becoming effective, any amendment to, alteration of, or addition to, a general comprehensive plan shall also be subject to such approval as if it were a new general comprehensive plan: PROVIDED, That only if the amendment, alteration, or addition affects a particular city or town, shall the amendment, alteration or addition be subject to approval by such particular city or town governing body. [1990 1st ex.s. c 17 § 35; 1989 c 389 § 10; 1982 c 213 § 2; 1979 c 23 § 2; 1977 ex.s. c 299 § 3; 1959 c 108 § 6; 1959 c 18 § 6. 57.16.060 Resolution or petition to form district—Procedure—Written protest—Notice—Appeal—Improvement ordered—Divestment of power

to order. Local improvement districts or utility local improvement districts to carry out the whole or any portion of the general comprehensive plan of improvements or plan providing for additions and betterments to the original general comprehensive plan previously adopted may be initiated either by resolution of the board of water commissioners or by petition signed by the owners according to the records of the office of the applicable county auditor of at least fifty-one percent of the area of the land within the limits of the local improvement district to be created.

In case the board of water commissioners desires to initiate the formation of a local improvement district or a utility local improvement district by resolution, it shall first pass a resolution declaring its intention to order such improvement, setting forth the nature and territorial extent of such proposed improvement, designating the number of the proposed local improvement district or utility local improvement district, and describing the boundaries thereof, stating the estimated cost and expense of the improvement and the proportionate amount thereof which will be borne by the property within the proposed district, and fixing a date, time, and place for a public hearing on the formation of the proposed local district.

In case any such local improvement district or utility local improvement district is initiated by petition, such petition shall set forth the nature and territorial extent of the proposed improvement requested to be ordered and the fact that the signers thereof are the owners according to the records of the applicable county auditor of at least fifty-one percent of the area of land within the limits of the local improvement district or utility local improvement district to be created. Upon the filing of such petition the board shall determine whether the petition is sufficient, and the board's determination thereof shall be conclusive upon all persons. No person may withdraw his or her name from the petition after it has been filed with the board of water commissioners. If the board finds the petition to be sufficient, it shall proceed to adopt a resolution declaring its intention to order the improvement petitioned for, setting forth the nature and territorial extent of the improvement, designating the number of the proposed local district and describing the boundaries thereof, stating the estimated cost and expense of the improvement and the proportionate amount thereof which will be borne by the property within the proposed local district, and fixing a date, time, and place for a public hearing on the formation of the proposed local district.

Notice of the adoption of the resolution of intention, whether the resolution was adopted on the initiative of the board or pursuant to a petition of the property owners, shall be published in at least two consecutive issues of a newspaper of general circulation in the proposed local district, the date of the first publication to be at least fifteen days prior to the date fixed by such resolution for hearing before the board of water commissioners. Notice of the adoption of the resolution of intention shall also be given each owner or reputed owner of any lot, tract, parcel of land, or other property within the proposed

improvement district by mailing the notice at least fifteen days before the date fixed for the public hearing to the owner or reputed owner of the property as shown on the tax rolls of the county treasurer of the county in which the real property is located at the address shown thereon. Whenever such notices are mailed, the water commissioners shall maintain a list of such reputed property owners, which list shall be kept on file at a location within the water district and shall be made available for public perusal. The notices shall refer to the resolution of intention and designate the proposed improvement district by number. The notices shall also set forth the nature of the proposed improvement, the total estimated cost, the proportion of total cost to be borne by assessments, the date, time, and place of the hearing before the board of water commissioners. In the case of improvements initiated by resolution, the notice shall also: (1) State that all persons desiring to object to the formation of the proposed district must file their written protests with the secretary of the board of water commissioners no later than ten days after the public hearing; (2) state that if owners of at least forty percent of the area of land within the proposed district file written protests with the secretary of the board, the power of the water commissioners to proceed with the creation of the proposed district shall be divested; (3) provide the name and address of the secretary of the board; and (4) state the hours and location within the water district where the names of the property owners within the proposed district are kept available for public perusal. In the case of the notice given each owner or reputed owner by mail, the notice shall set forth the estimated amount of the cost and expense of such improvement to be borne by the particular lot, tract, parcel of land, or other property.

Whether the improvement is initiated by petition or resolution, the board shall conduct a public hearing at the time and place designated in the notice to property owners. At this hearing the board shall hear objections from any person affected by the formation of the local district and may make such changes in the boundaries of the district or such modifications in the plans for the proposed improvement as shall be deemed necessary. The board may not change the boundaries of the district to include property not previously included in it without first passing a new resolution of intention and giving a new notice to property owners in the manner and form and within the time provided in this chapter for the original notice.

After the hearing and the expiration of the ten-day period for filing written protests, the commissioners shall have jurisdiction to overrule protests and proceed with any such improvement initiated by petition or resolution. The jurisdiction of the commissioners to proceed with any improvement initiated by resolution shall be divested by protests filed with the secretary of the board no later than ten days after the hearing, signed by the owners, according to the records of the applicable county auditor, of at least forty percent of the area of land within the proposed local district.

If the commissioners find that the district should be formed, they shall by resolution form the district and order the improvement. After execution of the resolution forming the district, the secretary of the board of commissioners shall publish, in a legal publication that serves the area subject to the district, a notice setting forth that a resolution has been passed forming the district and that a lawsuit challenging the jurisdiction or authority of the water district to proceed with the improvement and creating the district must be filed, and notice to the water district served, within thirty days of the publication of the notice. The notice shall set forth the nature of the appeal. Property owners bringing the appeal shall follow the procedures as set forth under appeal under RCW 57.16.090. Whenever a resolution forming a district has been adopted, the formation is conclusive in all things upon all parties, and cannot be contested or questioned in any manner in any proceeding whatsoever by any person not commencing a lawsuit in the manner and within the time provided in this section, except for lawsuits made under RCW 57.16.090.

Following an appeal, if it is unsuccessful or if no appeal is made under RCW 57.16.090, the commissioners may proceed with the improvement and provide the general funds of the water district to be applied thereto, adopt detailed plans of the local improvement district or utility local improvement district and declare the estimated cost thereof, acquire all necessary land therefor, pay all damages caused thereby, and commence in the name of the water district such eminent domain proceedings as may be necessary to entitle the district to proceed with the work. The board shall thereupon proceed with the work and file with the county treasurer of the county in which the real property is located its roll levying special assessments in the amount to be paid by special assessment against the property situated within the improvement district in proportion to the special benefits to be derived by the property therein from the improvement. [1991 c 190 § 7; 1986 c 256 § 3; 1982 1st ex.s. c 17 § 16; 1977 ex.s. c 299 § 7; 1965 ex.s. c 39 § 1; 1959 c 18 § 11. Prior: 1953 c 251 § 14; 1929 c 114 § 12, part; RRS § 11590, part. 57.16.090 Review. The decision of the water district commission upon any objections made within the time and in the manner herein prescribed, may be reviewed by the superior court upon an appeal thereto taken in the following manner. Such appeal shall be made by filing written notice of appeal with the secretary of said water district commission and with the clerk of the superior court in the county in which the real property is situated within ten days after publication of a notice that the resolution confirming such assessment roll has been adopted, and such notice of appeal shall describe the property and set forth the objections of such appellant to such assessment; and within ten days from the filing of such notice of appeal with the clerk of the superior court, the appellant shall file with the clerk of the court,

a transcript consisting of the assessment roll and the appellant's objections thereto, together with the resolution confirming such assessment roll and the record of the water district commission with reference to the assessment, which transcript, upon payment of the necessary fees therefor, shall be furnished by the secretary of the water district commission certified by the secretary to contain full, true and correct copies of all matters and proceedings required to be included in such transcript. Such fees shall be the same as the fees payable to the county clerk for the preparation and certification of transcripts on appeal to the supreme court or the court of appeals in civil actions. At the time of the filing of the notice of appeal with the clerk of the superior court a sufficient bond in the penal sum of two hundred dollars, with at least two sureties, to be approved by the judge of said court, conditioned to prosecute such appeal without delay, and if unsuccessful to pay all costs to which the water district is put by reason of such appeal. The court may order the appellant upon application therefor, to execute and file such additional bond or bonds as the necessity of the case may require. Within three days after such transcript is filed in the superior court, the appellant shall give written notice to the secretary of such water district, that such transcript is filed. The notice shall state a time, not less than three days from the service thereof, when the appellant will call up the cause for hearing; and the superior court shall, at said time or at such further time as may be fixed by order of the court, hear and determine such appeal without a jury; and such cause shall have preference over all civil causes pending in the court, except proceedings under an act relating to eminent domain and actions of forcible entry and detainer. The judgment of the court shall confirm, unless the court shall find from the evidence that such assessment is either founded upon the fundamentally wrong basis or a decision of the council or other legislative body thereon was arbitrary or capricious, or both; in which event the judgment of the court shall correct, modify or annul the assessment insofar as the same affects the property of the appellant. A certified copy of the decision of the court shall be filed with the officer who shall have custody of the assessment roll, who shall modify and correct such assessment roll in accordance with such decision. Appellate review of the judgment of the superior court may be sought as in other civil cases. However, the review must be sought within fifteen days after the date of the entry of the judgment of such superior court. A certified copy of the order of the supreme court or the court of appeals upon such appeal shall be filed with the officer having custody of such assessment roll, who shall thereupon modify and correct such assessment roll in accordance with such decision. FINANCES

Sections

57.20.020 Revenue bonds—Special fund—Classification of service—Adequate rates and charges to be fixed.

57.20.020 Revenue bonds—Special fund—Classification of service—Adequate rates and charges to be fixed. (1) Whenever any issue or issues of water revenue bonds have been authorized in compliance with the provisions of RCW 57.16.010 through 57.16.040, said bonds shall be in bearer form or registered as to principal or interest or both, as provided in RCW 39.46.030, and may provide for conversion between registered and coupon bonds; shall be in such denominations, shall be numbered, shall bear such date, and shall be payable at such time or times up to a maximum period of not to exceed thirty years as shall be determined by the board of water commissioners of the district; shall bear interest at such rate or rates payable at such time or times as authorized by the board; shall be payable at the office of the county treasurer of the county in which the water district is located and may also be payable at such other place or places as the board of water commissioners may determine; shall be executed by the president of the board of water commissioners and attested and sealed by the secretary thereof, one of which signatures may, with the written permission of the signator whose facsimile signature is being used, be a facsimile; and may have facsimile signatures of said president or secretary imprinted on any interest coupons in lieu of original signatures.

The water district commissioners shall have power and are required to create a special fund or funds for the sole purpose of paying the interest and principal of such bonds into which special fund or funds the said water district commissioners shall obligate and bind the water district to set aside and pay a fixed proportion of the gross revenues of the water supply system or any fixed amount out of and not exceeding a fixed proportion of such revenues, or a fixed amount or amounts without regard to any fixed proportion and such bonds and the interest thereof shall be payable only out of such special fund or funds, but shall be a lien and charge against all revenues and payments received from any utility local improvement district or districts pledged to secure such bonds, subject only to operating and maintenance expenses.

In creating any such special fund or funds the water district commissioners of such water district shall have due regard to the cost of operation and maintenance of the plant or system as constructed or added to and to any proportion or part of the revenue previously pledged as a fund for the payment of bonds, warrants or other indebtedness, and shall not set aside into such special fund a greater amount or proportion of the revenue and proceeds than in their judgment will be available over and above such cost of maintenance and operation and

the amount or proportion, if any, of the revenue so previously pledged. Any such bonds and interest thereon issued against any such fund as herein provided shall be a valid claim of the owner thereof only as against the said special fund and its fixed proportion or amount of the revenue pledged to such fund, and shall not constitute an indebtedness of such water district within the meaning of the constitutional provisions and limitations. Each such bond shall state upon its face that it is payable from a special fund, naming the said fund and the resolution creating it. Said bonds shall be sold in such manner, at such price and at such rate or rates of interest as the water district commissioners shall deem for the best interests of the water district, either at public or private sale, and the said commissioners may provide in any contract for the construction and acquirement of the proposed improvement (and for the refunding of outstanding local improvement district obligations, if any) that payment therefor shall be made in such bonds at par value thereof.

When any such special fund shall have been heretofore or shall be hereafter created and any such bonds shall have been heretofore or shall hereafter be issued against the same a fixed proportion or a fixed amount out of and not to exceed such fixed proportion, or a fixed amount or amounts without regard to any fixed proportion, of revenue shall be set aside and paid into said special fund as provided in the resolution creating such fund or authorizing such bonds, and in case any water district shall fail thus to set aside and pay said fixed proportion or amount as aforesaid, the owner of any bond payable from such special fund may bring suit or action against the water district and compel such setting aside and payment.

(2) Notwithstanding subsection (1) of this section, such bonds may be issued and sold in accordance with chapter 39.46 RCW.

(3) The water district commissioners of any water district, in the event that such water revenue bonds are issued, shall provide for revenues by fixing rates and charges for the furnishing of water supply to those receiving such service, such rates and charges to be fixed as deemed necessary by such water district commissioners, so that uniform charges will be made for the same class of customer or service.

In classifying customers served or service furnished by such water supply system, the board of water commissioners may in its discretion consider any or all of the following factors: The difference in cost of service to the various customers; the location of the various customers within and without the district; the difference in cost of maintenance, operation, repair and replacement of the various parts of the system; the different character of the service furnished various customers; the quantity and quality of the water furnished; the time of its use; the achievement of water conservation goals and the discouragement of wasteful practices; capital contributions made to the system including but not limited to assessments; and any other matters which present a reasonable difference as a ground for distinction. Such rates shall be made on a monthly basis as may be deemed proper

by such commissioners and as fixed by resolution and shall produce revenues sufficient to take care of the costs of maintenance and operation, revenue bond and warrant interest and principal amortization requirements and all other charges necessary for efficient and proper operation of the system. - 57.24.190 Annexation of certain unincorporated territory—Referendum authorized—Petition—Election—Effective date of annexation.

57.24.010 Annexation authorized—Petition—Notice of hearing. Territory within the county or counties in which a district is located, or territory adjoining or in close proximity to a district but which is located in another county, may be annexed to and become a part of the district. All annexations shall be accomplished in the following manner: Ten percent of the number of registered voters residing in the territory proposed to be annexed who voted in the last general municipal election may file a petition with the district commissioners and cause the question to be submitted to the voters of the territory whether such territory will be annexed and become a part of the district. If the commissioners concur in the petition, they shall file it with the county auditor of each county in which the real property proposed to be annexed is located, who shall, within ten days, examine and validate the signatures thereon and certify to the sufficiency or insufficiency thereof; and for such purpose the county auditor shall have access to all registration books in the possession of the officers of any city or town in the proposed district. If the petition contains a sufficient number of signatures, the county auditor of the county in which the real property proposed to be annexed is located shall transmit it, together with a certificate of sufficiency attached thereto to the water commissioners of the district. If there are no registered voters residing in the territory to be annexed, the petition may be signed by such a number as appear of record to own at least a majority of the acreage in the territory, and the petition shall disclose the total number of acres of land in the territory and the names of all record owners of land therein. If the commissioners are satisfied as to the sufficiency of the petition and concur

therein, they shall send it, together with their certificate of concurrence attached thereto to the county legislative authority of each county in which the territory proposed to be annexed is located.

The county legislative authority, upon receipt of a petition certified to contain a sufficient number of signatures of registered voters, or upon receipt of a petition signed by such a number as own at least a majority of the acreage, together with a certificate of concurrence signed by the water commissioners, at a regular or special meeting shall cause to be published once a week for at least two weeks in a newspaper in general circulation throughout the territory proposed to be annexed a notice that the petition has been filed, stating the time of the meeting at which it shall be presented, and setting forth the boundaries of the territory proposed to be annexed. 57.24.190 Annexation of certain unincorporated territory—Referendum authorized—Petition—Election—Effective date of annexation. Such annexation resolution under RCW 57.24.180 shall be subject to referendum for forty-five days after the passage thereof. Upon the filing of a timely and sufficient referendum petition with the board of commissioners, signed by registered voters in number equal to not less than ten percent of the registered voters in the area to be annexed who voted in the last general municipal election, the question of annexation shall be submitted to the voters of such area in a general election if one is to be held within ninety days or at a special election called for that purpose by the board of commissioners in accordance with RCW 29.13.010 and 29.13.020. Notice of such election shall be given under RCW 57.24.020 and the election shall be conducted under RCW 57.24.040. The annexation shall be deemed approved by the voters unless a majority of the votes cast on the proposition are in opposition thereto.

After the expiration of the forty-fifth day from but excluding the date of passage of the annexation resolution, if no timely and sufficient referendum petition has been filed, the area annexed shall become a part of the water district upon the date fixed in the resolution of annexation upon transmitting the resolution to the county legislative authority. 58.17.060 Short plats and short subdivisions—Summary approval—Regulations—Requirements.

(1) The legislative body of a city, town, or county shall adopt regulations and procedures, and appoint administrative personnel for the summary approval of short plats and short subdivisions or alteration or vacation thereof. When an alteration or vacation involves a public dedication, the alteration or vacation shall be processed as provided in RCW 58.17.212 or 58.17.215. Such regulations shall be adopted by ordinance and shall provide that a short plat and short subdivision may be approved only if written findings that are appropriate, as provided in RCW 58.17.110, are made by the administrative personnel, and may contain wholly different requirements than those governing the approval of preliminary and final plats of subdivisions and may require surveys and monumentations and shall require filing of a short plat, or alteration or vacation thereof, for record in the office of the county auditor: PROVIDED, That such regulations must contain a requirement that land in short subdivisions may not be further divided in any manner within a period of five years without the filing of a final plat, except that when the short plat contains fewer than four parcels, nothing in this section shall prevent the owner who filed the short plat from filing an alteration within the five-year period to create up to a total of four lots within the original short plat boundaries: PROVIDED FURTHER, That such regulations are not required to contain a penalty clause as provided in RCW 36.32.120 and may provide for wholly injunctive relief.

An ordinance requiring a survey shall require that the survey be completed and filed with the application for approval of the short subdivision.

(2) Cities, towns, and counties shall include in their short plat regulations and procedures pursuant to subsection (1) of this section provisions for considering sidewalks and other planning features that assure safe walking conditions for students who walk to and from school. [1990 1st ex.s. c 17 § 51; 1989 c 330 § 2; 1987 c 354 § 5; 1987 c 92 § 1; 1974 ex.s. c 134 § 3; 1969 ex.s. c 271 § 6.]

58.17.110 Approval or disapproval of subdivision and dedication—Factors to be considered—Conditions for approval—Finding—Release from damages. (1) The city, town, or county legislative body shall inquire into the public use and interest proposed to be served by the establishment of the subdivision and dedication. It shall determine: (a) If appropriate provisions are made for, but not limited to, the public health, safety, and general welfare, for open spaces, drainage ways, streets or roads, alleys, other public ways, transit stops, potable water supplies, sanitary wastes, parks and recreation,

playgrounds, schools and schoolgrounds, and shall consider all other relevant facts, including sidewalks and other planning features that assure safe walking conditions for students who only walk to and from school; and (b) whether the public interest will be served by the subdivision and dedication.

(2) A proposed subdivision and dedication shall not be approved unless the city, town, or county legislative body makes written findings that: (a) Appropriate provisions are made for the public health, safety, and general welfare and for such open spaces, drainage ways, streets or roads, alleys, other public ways, transit stops, potable water supplies, sanitary wastes, parks and recreation, playgrounds, schools and schoolgrounds and all other relevant facts, including sidewalks and other planning features that assure safe walking conditions for students who only walk to and from school; and (b) the public use and interest will be served by the platting of such subdivision and dedication. If it finds that the proposed subdivision and dedication make such appropriate provisions and that the public use and interest will be served, then the legislative body shall approve the proposed subdivision and dedication. Dedication of land to any public body, provision of public improvements to serve the subdivision, and/or impact fees imposed under RCW 82.02.050 through 82.02.090 may be required as a condition of subdivision approval. Dedications shall be clearly shown on the final plat. No dedication, provision of public improvements, or impact fees imposed under RCW 82.02.050 through 82.02.090 shall be allowed that constitutes an unconstitutional taking of private property. The legislative body shall not as a condition to the approval of any subdivision require a release from damages to be procured from other property owners. [1990 1st ex.s. c 17 § 52; 1989 c 330 § 3; 1974 ex.s. c 134 § 5; 1969 ex.s. c 271 § 11.]

58.17.218 Alteration of subdivision—Easements by dedication. The alteration of a subdivision is subject to RCW 64.04.175. [1991 c 132 § 2.]

58.17.310 Approval of plat within irrigation district without provision for irrigation prohibited. In addition to any other requirements imposed by the provisions of this chapter, the legislative authority of any city, town, or county shall not approve a short plat or final plat, as defined in RCW 58.17.020, for any subdivision, short subdivision, lot, tract, parcel, or site which lies in whole or in part in an irrigation district organized pursuant to chapter 87.03 RCW unless there has been provided an irrigation water right of way for each parcel of land in such district. In addition, if the subdivision, short subdivision, lot, tract, parcel, or site lies within land within the district classified as irrigable, completed irrigation water distribution facilities for such land may be required by the irrigation district by resolution, bylaw, or rule of general applicability as a condition for approval of the short plat or final plat by the legislative authority

of the city, town, or county. Rights of way shall be evidenced by the respective plats submitted for final approval to the appropriate legislative authority. In addition, if the subdivision, short subdivision, lot, tract, parcel, or site to be platted is wholly or partially within an irrigation district of two hundred thousand acres or more and has been previously platted by the United States bureau of reclamation as a farm unit in the district, the legislative authority shall not approve for such land a short plat or final plat as defined in RCW 58.17.020 without the approval of the irrigation district and the administrator or manager of the project of the bureau of reclamation, or its successor agency, within which that district lies. Compliance with the requirements of this section together with all other applicable provisions of this chapter shall be a prerequisite, within the expressed purpose of this chapter, to any sale, lease, or development of land in this state. - 59.18.253 Deposit to secure occupancy by tenant—Landlord's duties—Violation.

- 59.18.450 Relocation assistance for low-income tenants—Payments not considered income—Eligibility for other assistance not affected.

59.18.060 Landlord—Duties. The landlord will at all times during the tenancy keep the premises fit for human habitation, and shall in particular:

(1) Maintain the premises to substantially comply with any applicable code, statute, ordinance, or regulation governing their maintenance or operation, which the legislative body enacting the applicable code, statute, ordinance or regulation could enforce as to the premises rented if such condition substantially endangers or impairs the health or safety of the tenant;

(2) Maintain the roofs, floors, walls, chimneys, fireplaces, foundations, and all other structural components in reasonably good repair so as to be usable and capable of resisting any and all normal forces and loads to which they may be subjected;

(3) Keep any shared or common areas reasonably clean, sanitary, and safe from defects increasing the hazards of fire or accident;

(4) Provide a reasonable program for the control of infestation by insects, rodents, and other pests at the initiation of the tenancy and, except in the case of a single family residence, control infestation during tenancy except where such infestation is caused by the tenant;

(5) Except where the condition is attributable to normal wear and tear, make repairs and arrangements necessary to put and keep the premises in as good condition as it by law or rental agreement should have been, at the commencement of the tenancy;

(6) Provide reasonably adequate locks and furnish keys to the tenant;

(7) Maintain all electrical, plumbing, heating, and other facilities and appliances supplied by him in reasonably good working order;

(8) Maintain the dwelling unit in reasonably weather-tight condition;

(9) Except in the case of a single family residence, provide and maintain appropriate receptacles in common areas for the removal of ashes, rubbish, and garbage, incidental to the occupancy and arrange for the reasonable and regular removal of such waste;

(10) Except where the building is not equipped for the purpose, provide facilities adequate to supply heat and water and hot water as reasonably required by the tenant;

(11) Provide a written notice to the tenant that the dwelling unit is equipped with a smoke detection device as required in RCW 48.48.140. The notice shall inform the tenant of the tenant's responsibility to maintain the smoke detection device in proper operating condition and of penalties for failure to comply with the provisions of

RCW 48.48.140(3). The notice must be signed by the landlord or the landlord's authorized agent and tenant with copies provided to both parties.

(12) Designate to the tenant the name and address of the person who is the landlord by a statement on the rental agreement or by a notice conspicuously posted on the premises. The tenant shall be notified immediately of any changes by certified mail or by an updated posting. If the person designated in this section does not reside in the state where the premises are located, there shall also be designated a person who resides in the county who is authorized to act as an agent for the purposes of service of notices and process, and if no designation is made of a person to act as agent, then the person to whom rental payments are to be made shall be considered such agent.

No duty shall devolve upon the landlord to repair a defective condition under this section, nor shall any defense or remedy be available to the tenant under this chapter, where the defective condition complained of was caused by the conduct of such tenant, his family, invitee, or other person acting under his control, or where a tenant unreasonably fails to allow the landlord access to the property for purposes of repair. When the duty imposed by subsection (1) of this section is incompatible with and greater than the duty imposed by any other provisions of this section, the landlord's duty shall be determined pursuant to subsection (1) of this section. [1991 c 154 § 2; 1973 1st ex.s. c 207 § 6.]

59.18.130 Duties of tenant. Each tenant shall pay the rental amount at such times and in such amounts as provided for in the rental agreement or as otherwise provided by law and comply with all obligations imposed upon tenants by applicable provisions of all municipal, county, and state codes, statutes, ordinances, and regulations, and in addition shall:

(1) Keep that part of the premises which he occupies and uses as clean and sanitary as the conditions of the premises permit;

(2) Properly dispose from his dwelling unit all rubbish, garbage, and other organic or flammable waste, in a clean and sanitary manner at reasonable and regular intervals, and assume all costs of extermination and fumigation for infestation caused by the tenant;

(3) Properly use and operate all electrical, gas, heating, plumbing and other fixtures and appliances supplied by the landlord;

(4) Not intentionally or negligently destroy, deface, damage, impair, or remove any part of the structure or dwelling, with the appurtenances thereto, including the facilities, equipment, furniture, furnishings, and appliances, or permit any member of his family, invitee, licensee, or any person acting under his control to do so. Violations may be prosecuted under chapter 9A.48 RCW if the destruction is intentional and malicious;

(5) Not permit a nuisance or common waste;

(6) Not engage in drug-related activity at the rental premises, or allow a subtenant, sublessee, resident, or anyone else to engage in drug-related activity at the rental premises with the knowledge or consent of the tenant. "Drug-related activity" means that activity

which constitutes a violation of chapter 69.41, 69.50, or 69.52 RCW;

(7) Maintain the smoke detection device in accordance with the manufacturer's recommendations, including the replacement of batteries where required for the proper operation of the smoke detection device, as required in RCW 48.48.140(3); and

(8) Upon termination and vacation, restore the premises to their initial condition except for reasonable wear and tear or conditions caused by failure of the landlord to comply with his obligations under this chapter: **PROVIDED**, That the tenant shall not be charged for normal cleaning if he has paid a nonrefundable cleaning fee. [1991 c 154 § 3; 1988 c 150 § 2; 1983 c 264 § 3; 1973 1st ex.s. c 207 § 13.]

Legislative findings—1988 c 150: "The legislature finds that the illegal use, sale, and manufacture of drugs and other drug-related activities is a state-wide problem. Innocent persons, especially children, who come into contact with illegal drug-related activity within their own neighborhoods are seriously and adversely affected. Rental property is damaged and devalued by drug activities. The legislature further finds that a rapid and efficient response is necessary to: (1) Lessen the occurrence of drug-related enterprises; (2) reduce the drug use and trafficking problems within this state; and (3) reduce the damage caused to persons and property by drug activity. The legislature finds that it is beneficial to rental property owners and to the public to permit landlords to quickly and efficiently evict persons who engage in drug-related activities at rented premises." [1988 c 150 § 1.]

Severability—1988 c 150: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1988 c 150 § 15.]

59.18.253 Deposit to secure occupancy by tenant—Landlord's duties—Violation. (1) It shall be unlawful for a landlord to require a fee from a prospective tenant for the privilege of being placed on a waiting list to be considered as a tenant for a dwelling unit.

(2) A landlord who charges a prospective tenant a fee or deposit to secure that the prospective tenant will move into a dwelling unit, after the dwelling unit has been offered to the prospective tenant, must provide the prospective tenant with a receipt for the fee or deposit, together with a written statement of the conditions, if any, under which the fee or deposit is refundable. If the prospective tenant does occupy the dwelling unit, then the landlord must credit the amount of the fee or deposit to the tenant's first month's rent or to the tenant's security deposit. If the prospective tenant does not occupy the dwelling unit, then the landlord may keep up to the full amount of any fee or deposit that was paid by the prospective tenant to secure the tenancy, so long as it is in accordance with the written statement of conditions furnished to the prospective tenant at the time the fee or deposit was charged. A fee charged to secure a tenancy under this subsection does not include any cost charged by a landlord to use a tenant screening service or obtain background information on a prospective tenant.

(3) In any action brought for a violation of this section a landlord may be liable for the amount of the fee or deposit charged. In addition, any landlord who violates this section may be liable to the prospective tenant for an amount not to exceed one hundred dollars. The

prevailing party may also recover court costs and a reasonable attorneys' fee. [1991 c 194 § 2.]

Findings—1991 c 194: "The legislature finds that tenant application fees often have the effect of excluding low-income people from applying for housing because many low-income people cannot afford these fees in addition to the rent and other deposits which may be required. The legislature further finds that application fees are frequently not returned to unsuccessful applicants for housing, which creates a hardship on low-income people. The legislature therefore finds and declares that it is the policy of the state that certain tenant application fees should be prohibited and guidelines should be established for the imposition of other tenant application fees.

The legislature also finds that it is important to both landlords and tenants that consumer information concerning prospective tenants is accurate. Many tenants are unaware of their rights under federal fair credit reporting laws to dispute information that may be inaccurate. The legislature therefore finds and declares that it is the policy of the state for prospective tenants to be informed of their rights to dispute information they feel is inaccurate in order to help prevent denials of housing based upon incorrect information." [1991 c 194 § 1.]

59.18.257 Screening of tenants—Costs—Notice to tenant—Violation. (1) If a landlord uses a tenant screening service, then the landlord may only charge for the costs incurred for using the tenant screening service under this section. If a landlord conducts his or her own screening of tenants, then the landlord may charge his or her actual costs in obtaining the background information, but the amount may not exceed the customary costs charged by a screening service in the general area. The landlord's actual costs include costs incurred for long distance phone calls and for time spent calling landlords, employers, and financial institutions.

(2) A landlord may not charge a prospective tenant for the cost of obtaining background information under this section unless the landlord first notifies the prospective tenant in writing of what a tenant screening entails, the prospective tenant's rights to dispute the accuracy of information provided by the tenant screening service or provided by the entities listed on the tenant application who will be contacted for information concerning the tenant, and the name and address of the tenant screening service used by the landlord.

(3) Nothing in this section requires a landlord to disclose information to a prospective tenant that was obtained from a tenant screening service or from entities listed on the tenant application which is not required under the federal fair credit reporting act, 15 U.S.C. Sec. 1681 et seq.

(4) Any landlord who violates this section may be liable to the prospective tenant for an amount not to exceed one hundred dollars. The prevailing party may also recover court costs and reasonable attorneys' fees. [1991 c 194 § 3.]

Findings—1991 c 194: See note following RCW 59.18.253.

59.18.310 Default in rent—Abandonment—Liability of tenant—Landlord's remedies—Sale of tenant's property by landlord. If the tenant defaults in the payment of rent and reasonably indicates by words or actions the intention not to resume tenancy, the tenant shall be liable for the following for such abandonment: **PROVIDED**, That upon learning of such abandonment of the premises the landlord shall make a

reasonable effort to mitigate the damages resulting from such abandonment:

(1) When the tenancy is month-to-month, the tenant shall be liable for the rent for the thirty days following either the date the landlord learns of the abandonment, or the date the next regular rental payment would have become due, whichever first occurs.

(2) When the tenancy is for a term greater than month-to-month, the tenant shall be liable for the lesser of the following:

(a) The entire rent due for the remainder of the term; or

(b) All rent accrued during the period reasonably necessary to rerent the premises at a fair rental, plus the difference between such fair rental and the rent agreed to in the prior agreement, plus actual costs incurred by the landlord in rerenting the premises together with statutory court costs and reasonable attorney's fees.

In the event of such abandonment of tenancy and an accompanying default in the payment of rent by the tenant, the landlord may immediately enter and take possession of any property of the tenant found on the premises and may store the same in any reasonably secure place. A landlord shall make reasonable efforts to provide the tenant with a notice containing the name and address of the landlord and the place where the property is stored and informing the tenant that a sale or disposition of the property shall take place pursuant to this section, and the date of the sale or disposal, and further informing the tenant of the right under RCW 59.18.230 to have the property returned prior to its sale or disposal. The landlord's efforts at notice under this subsection shall be satisfied by the mailing by first class mail, postage prepaid, of such notice to the tenant's last known address and to any other address provided in writing by the tenant or actually known to the landlord where the tenant might receive the notice. The landlord shall return the property to the tenant after the tenant has paid the actual or reasonable drayage and storage costs whichever is less if the tenant makes a written request for the return of the property before the landlord has sold or disposed of the property. After forty-five days from the date the notice of such sale or disposal is mailed or personally delivered to the tenant, the landlord may sell or dispose of such property, including personal papers, family pictures, and keepsakes. The landlord may apply any income derived therefrom against moneys due the landlord, including actual or reasonable costs whichever is less of drayage and storage of the property. If the property has a cumulative value of fifty dollars or less, the landlord may sell or dispose of the property in the manner provided in this section, except for personal papers, family pictures, and keepsakes, after seven days from the date the notice of sale or disposal is mailed or personally delivered to the tenant: PROVIDED, That the landlord shall make reasonable efforts, as defined in this section, to notify the tenant. Any excess income derived from the sale of such property under this section shall be held by the landlord for the benefit of the tenant for a period of one year from the date of sale, and if no claim is made or action commenced by the tenant for

the recovery thereof prior to the expiration of that period of time, the balance shall be the property of the landlord, including any interest paid on the income. [1991 c 220 § 1; 1989 c 342 § 10; 1983 c 264 § 8; 1973 1st ex.s. c 207 § 31.]

59.18.440 Relocation assistance for low-income tenants—Certain cities, towns, counties, municipal corporations authorized to require. (1) Any city, town, county, or municipal corporation that is required to develop a comprehensive plan under RCW 36.70A.040(1) is authorized to require, after reasonable notice to the public and a public hearing, property owners to provide their portion of reasonable relocation assistance to low-income tenants upon the demolition, substantial rehabilitation whether due to code enforcement or any other reason, or change of use of residential property, or upon the removal of use restrictions in an assisted-housing development. No city, town, county, or municipal corporation may require property owners to provide relocation assistance to low-income tenants, as defined in this chapter, upon the demolition, substantial rehabilitation, upon the change of use of residential property, or upon the removal of use restrictions in an assisted-housing development, except as expressly authorized herein or when authorized or required by state or federal law. As used in this section, "assisted housing development" means a multifamily rental housing development that either receives government assistance and is defined as federally assisted housing in RCW 59.28.020, or that receives other federal, state, or local government assistance and is subject to use restrictions.

(2) As used in this section, "low-income tenants" means tenants whose combined total income per dwelling unit is at or below fifty percent of the median income, adjusted for family size, in the county where the tenants reside.

The department of community development shall adopt rules defining county median income in accordance with the definitions promulgated by the federal department of housing and urban development.

(3) A requirement that property owners provide relocation assistance shall include the amounts of such assistance to be provided to low-income tenants. In determining such amounts, the jurisdiction imposing the requirement shall evaluate, and receive public testimony on, what relocation expenses displaced tenants would reasonably incur in that jurisdiction including:

(a) Actual physical moving costs and expenses;

(b) Advance payments required for moving into a new residence such as the cost of first and last month's rent and security and damage deposits;

(c) Utility connection fees and deposits; and

(d) Anticipated additional rent and utility costs in the residence for one year after relocation.

(4)(a) Relocation assistance provided to low-income tenants under this section shall not exceed two thousand dollars for each dwelling unit displaced by actions of the property owner under subsection (1) of this section. A city, town, county, or municipal corporation may make future annual adjustments to the maximum amount of

relocation assistance required under this subsection in order to reflect any changes in the housing component of the consumer price index as published by the United States department of labor, bureau of labor statistics.

(b) The property owner's portion of any relocation assistance provided to low-income tenants under this section shall not exceed one-half of the required relocation assistance under (a) of this subsection in cash or services.

(c) The portion of relocation assistance not covered by the property owner under (b) of this subsection shall be paid by the city, town, county, or municipal corporation authorized to require relocation assistance under subsection (1) of this section. The relocation assistance may be paid from proceeds collected from the excise tax imposed under RCW 82.46.010.

(5) A city, town, county, or municipal corporation requiring the provision of relocation assistance under this section shall adopt policies, procedures, or regulations to implement such requirement. Such policies, procedures, or regulations shall include provisions for administrative hearings to resolve disputes between tenants and property owners relating to relocation assistance or unlawful detainer actions during relocation, and shall require a decision within thirty days of a request for a hearing by either a tenant or property owner.

Judicial review of an administrative hearing decision relating to relocation assistance may be had by filing a petition, within ten days of the decision, in the superior court in the county where the residential property is located. Judicial review shall be confined to the record of the administrative hearing and the court may reverse the decision only if the administrative findings, inferences, conclusions, or decision is:

- (a) In violation of constitutional provisions;
 - (b) In excess of the authority or jurisdiction of the administrative hearing officer;
 - (c) Made upon unlawful procedure or otherwise is contrary to law; or
 - (d) Arbitrary and capricious.
- (6) Any city, town, county, or municipal corporation may require relocation assistance, under the terms of this section, for otherwise eligible tenants whose living arrangements are exempted from the provisions of this chapter under RCW 59.18.040(3) and if the living arrangement is considered to be a rental or lease pursuant to RCW 67.28.180(1).

(7)(a) Persons who move from a dwelling unit prior to the application by the owner of the dwelling unit for any governmental permit necessary for the demolition, substantial rehabilitation, or change of use of residential property or prior to any notification or filing required for condominium conversion shall not be entitled to the assistance authorized by this section.

(b) Persons who move into a dwelling unit after the application for any necessary governmental permit or after any required condominium conversion notification or filing shall not be entitled to the assistance authorized by this section if such persons receive written notice from the property owner prior to taking possession of the dwelling unit that specifically describes the activity or

condition that may result in their temporary or permanent displacement and advises them of their ineligibility for relocation assistance. [1990 1st ex.s. c 17 § 49.]

Severability—Part, section headings not law—1990 1st ex.s. c 17: See RCW 36.70A.900 and 36.70A.901.

59.18.450 Relocation assistance for low-income tenants—Payments not considered income—Eligibility for other assistance not affected. Relocation assistance payments received by tenants under *RCW 59.18.440 shall not be considered as income or otherwise affect the eligibility for or amount of assistance paid under any government benefit program. [1990 1st ex.s. c 17 § 50.]

***Reviser's note:** The reference in 1990 1st ex.s. c 17 § 50 to "section 50 of this act" is apparently erroneous and has been translated to RCW 59.18.440, which was 1990 1st ex.s. c 17 § 49.

59.20.074	Rent—Liability of secured party taking possession of mobile home.

59.20.060 Rental agreements—Required contents—Exclusions. (1) Any mobile home space tenancy regardless of the term, shall be based upon a written rental agreement, signed by the parties, which shall contain:

- (a) The terms for the payment of rent, including time and place, and any additional charges to be paid by the tenant. Additional charges that occur less frequently than monthly shall be itemized in a billing to the tenant;
- (b) Reasonable rules for guest parking which shall be clearly stated;
- (c) The rules and regulations of the park;
- (d) The name and address of the person who is the landlord, and if such person does not reside in the state there shall also be designated by name and address a person who resides in the county where the mobile home park is located who is authorized to act as agent for the purposes of service of notices and process. If no designation is made of a person to act as agent, then the person to whom rental payments are to be made shall be considered the agent;
- (e) The name and address of any party who has a secured interest in the mobile home;
- (f) A forwarding address of the tenant or the name and address of a person who would likely know the whereabouts of the tenant in the event of an emergency or an abandonment of the mobile home;
- (g)(i) A covenant by the landlord that, except for acts or events beyond the control of the landlord, the mobile home park will not be converted to a land use that will prevent the space that is the subject of the lease from continuing to be used for its intended use for a period of

three years after the beginning of the term of the rental agreement;

(ii) A rental agreement may, in the alternative, contain a statement that the park may be sold or otherwise transferred at any time with the result that subsequent owners may close the mobile home park, or that the landlord may close the park at any time after the required notice. The covenant or statement required by this subsection must appear in print that is larger than the other text of the lease and must be set off by means of a box, blank space, or comparable visual device;

The requirements of this subsection shall apply to tenancies initiated after April 28, 1989.

(h) The terms and conditions under which any deposit or portion thereof may be withheld by the landlord upon termination of the rental agreement if any moneys are paid to the landlord by the tenant as a deposit or as security for performance of the tenant's obligations in a rental agreement;

(i) A listing of the utilities, services, and facilities which will be available to the tenant during the tenancy and the nature of the fees, if any, to be charged;

(j) A description of the boundaries of a mobile home space sufficient to inform the tenant of the exact location of the tenant's space in relation to other tenants' spaces;

(k) A statement of the current zoning of the land on which the mobile home park is located; and

(l) A statement of the expiration date of any conditional use, temporary use, or other land use permit subject to a fixed expiration date that is necessary for the continued use of the land as a mobile home park.

(2) Any rental agreement executed between the landlord and tenant shall not contain any provision:

(a) Which allows the landlord to charge a fee for guest parking unless a violation of the rules for guest parking occurs: PROVIDED, That a fee may be charged for guest parking which covers an extended period of time as defined in the rental agreement;

(b) Which authorizes the towing or impounding of a vehicle except upon notice to the owner thereof or the tenant whose guest is the owner of the vehicle;

(c) Which allows the landlord to alter the due date for rent payment or increase the rent: (i) During the term of the rental agreement if the term is less than one year, or (ii) more frequently than annually if the term is for one year or more: PROVIDED, That a rental agreement may include an escalation clause for a pro rata share of any increase in the mobile home park's real property taxes or utility assessments or charges, over the base taxes or utility assessments or charges of the year in which the rental agreement took effect, if the clause also provides for a pro rata reduction in rent or other charges in the event of a reduction in real property taxes or utility assessments or charges, below the base year: PROVIDED FURTHER, That a rental agreement for a term exceeding one year may provide for annual increases in rent in specified amounts or by a formula specified in such agreement;

(d) By which the tenant agrees to waive or forego rights or remedies under this chapter;

(e) Allowing the landlord to charge an "entrance fee" or an "exit fee";

(f) Which allows the landlord to charge a fee for guests: PROVIDED, That a landlord may establish rules charging for guests who remain on the premises for more than fifteen days in any sixty-day period;

(g) By which the tenant agrees to waive or forego homestead rights provided by chapter 6.13 RCW. This subsection shall not prohibit such waiver after a default in rent so long as such waiver is in writing signed by the husband and wife or by an unmarried claimant and in consideration of the landlord's agreement not to terminate the tenancy for a period of time specified in the waiver if the landlord would be otherwise entitled to terminate the tenancy under this chapter; or

(h) By which, at the time the rental agreement is entered into, the landlord and tenant agree to the selection of a particular arbitrator. [1990 c 174 § 1; 1990 c 169 § 1; 1989 c 201 § 9; 1984 c 58 § 1; 1981 c 304 § 18; 1979 ex.s. c 186 § 4; 1977 ex.s. c 279 § 6.]

59.20.074 Rent—Liability of secured party taking possession of mobile home. (1) A secured party who has a security interest in a mobile home that is located within a mobile home park and who has a right to possession of the mobile home under RCW 62A.9-503, shall be liable to the landlord from the date the secured party receives written notice by certified mail, return receipt requested, for rent for occupancy of the mobile home space under the same terms the tenant was paying prior to repossession, and any other reasonable expenses incurred after the receipt of the notice, until disposition of the mobile home under RCW 62A.9-504. The notice of default by a tenant must state the amount of rent and the amount and nature of any reasonable expenses that the secured party is liable for payment to the landlord. The notice must also state that the secured party will be provided a copy of the rental agreement previously signed by the tenant and the landlord upon request.

(2) This section shall not affect the availability of a landlord's lien as provided in chapter 60.72 RCW.

(3) As used in this section, "security interest" shall have the same meaning as this term is defined in RCW 62A.1-201, and "secured party" shall have the same meaning as this term is defined in RCW 62A.9-105.

(4) For purposes of this section, "reasonable expenses" means any routine maintenance and utility charges for which the tenant is liable under the rental agreement.

(5) Any rent or other reasonable expenses owed by the secured party to the landlord pursuant to this section shall be paid to the landlord prior to the removal of the mobile home from the mobile home park.
