Intent—1994 c 166; 1987 c 518: "The long-term social, community welfare, and economic interests of the state will be served by an investment in our children. Conclusive studies and experiences show that providing children with developmental experiences and providing parents with effective parental partnership, empowerment, opportunities for involvement with their child's developmental learning, and expanding parenting skills, learning, and training can greatly improve children's performance in school as well as increase the likelihood of children's success as adults. National studies have also confirmed that special attention to, and educational assistance for, children, their school environment, and their families are the most effective ways in which to meet the state's social and economic goals.

The legislature intends to enhance the readiness to learn of certain children and students by: Providing for an expansion of the state early childhood education and assistance program for children from low-income families and establishing an adult literacy program for certain parents; assisting school districts to establish elementary counseling programs; instituting a program to address learning problems due to drug and alcohol use and abuse; and establishing a program directed at students who leave school before graduation.

The legislature intends further to establish programs that will allow for parental, business, and community involvement in assisting the school systems throughout the state to enhance the ability of children to learn." [1994 c 166 § 7; 1987 c 518 § 1.]

Severability—1987 c 518: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1987 c 518 § 411.]

28A.215.160 Review of applications—Award of funds. The department shall review applications from public or private nonsectarian organizations for state funding of early childhood education and assistance programs and award funds as determined by department rules and based on local community needs and demonstrated capacity to provide services. 28A.215.170 Early childhood educational and assistance services—Report to governor. The department shall annually report to the governor and the legislature on the findings of the longitudinal study undertaken to examine and monitor the effectiveness of early childhood educational and assistance services for eligible children to measure, among other elements, if possible, how the average level of performance of children completing this program compare to the average level of performance of all state students in their grade level, and to the average level of performance of those eligible students who did not have access to this program. The evaluation system shall examine how the percentage of these children needing access to special education or

remedial programs compares to the overall percentage of children needing such services and compares to the percentage of eligible students who did not have access to this program needing such services. [1995 c 335 § 501; 1994 c 166 § 9; 1988 c 174 § 8; 1985 c 418 § 8. Formerly RCW 28A.34A.080.]

28A.225.010 Attendance mandatory—Age—Persons having custody shall cause child to attend public school—Child responsible for attending school—Exceptions—Excused temporary absences. (1) All parents in this state of any child eight years of age and under eighteen years of age shall cause such child to attend the public school of the district in which the child resides and such child shall have the responsibility to and therefore shall attend for the full time when such school may be in session unless:

(a) The child is attending an approved private school for the same time or is enrolled in an extension program as provided in RCW 28A.195.010(4);

(c) The child is attending an education center as provided in chapter 28A.205 RCW;

(d) The school district superintendent of the district in which the child resides shall have excused such child from attendance because the child is physically or mentally unable to attend school, is attending a residential school operated by the department of social and health services, or has been temporarily excused upon the request of his or her parents for purposes agreed upon by the school authorities and the parent: PROVIDED, That such excused absences shall not be permitted if deemed to cause a serious adverse effect upon the student's educational progress: PROVIDED FURTHER, That students excused for such temporary absences may be claimed as full time equivalent students to the extent they would otherwise have been so claimed for the purposes of RCW 28A.150.250 and 28A.150.260 and shall not affect school district compliance with the provisions of RCW 28A.150.220; or

(e) The child is sixteen years of age or older and:

(i) The child is regularly and lawfully employed and either the parent agrees that the child should not be required

to attend school or the child is emancipated in accordance with chapter 13.64 RCW;

(ii) The child has already met graduation requirements in accordance with state board of education rules and regulations; or

(iii) The child has received a certificate of educational competence under rules and regulations established by the state board of education under RCW 28A.305.190.

(2) A parent for the purpose of this chapter means a parent, guardian, or person having legal custody of a child.

(3) An approved private school for the purposes of this chapter and chapter 28A.200 RCW shall be one approved under regulations established by the state board of education pursuant to RCW 28A.305.130.

(4) For the purposes of this chapter and chapter 28A.200 RCW, instruction shall be home-based if it consists of planned and supervised instructional and related educational activities, including a curriculum and instruction in the basic skills of occupational education, science, mathematics, language, social studies, history, health, reading, writing, spelling, and the development of an appreciation of art and music, provided for a number of hours equivalent to the total annual program hours per grade level established for approved private schools under RCW 28A.195.010 and 28A.195.040 and if such activities are:

(c) Provided by a parent who is deemed sufficiently qualified to provide home-based instruction by the superintendent of the local school district in which the child resides.

(5) The legislature recognizes that home-based instruction is less structured and more experiential than the instruction normally provided in a classroom setting. Therefore, the provisions of subsection (4) of this section relating to the nature and quantity of instructional and related educational activities shall be liberally construed. 28A.225.020 School's duties upon child's failure to attend school—Generally. (1) If a child required to attend school under RCW 28A.225.010 fails to attend school without valid justification, the public school in which the child is enrolled shall:

(a) Inform the child's custodial parent, parents, or guardian by a notice in writing or by telephone whenever the child has failed to attend school after one unexcused absence within any month during the current school year. School officials shall inform the parent of the potential consequences of additional unexcused absences;

(b) Schedule a conference or conferences with the custodial parent, parents, or guardian and child at a time reasonably convenient for all persons included for the purpose of analyzing the causes of the child's absences after two unexcused absences within any month during the current school year. If a regularly scheduled parent-teacher conference day is to take place within thirty days of the second unexcused absence, then the school district may schedule this conference on that day; and

(c) Take steps to eliminate or reduce the child's absences. These steps shall include, where appropriate, adjusting the child's school program or school or course assignment, providing more individualized or remedial instruction, providing appropriate vocational courses or work experience, referring the child to a community truancy board, requiring the child to attend an alternative school or program, or assisting the parent or child to obtain supplementary services that might eliminate or ameliorate the cause or causes for the absence from school. If the child's parent does not attend the scheduled conference, the conference may be conducted with the student and school official. However, the parent shall be notified of the steps to be taken to eliminate or reduce the child's absence.

(2) For purposes of this chapter, an "unexcused absence" means that a child:

(a) Has failed to attend the majority of hours or periods in an average school day or has failed to comply with a more restrictive school district policy; and

(b) Has failed to meet the school district's policy for excused absences. [1996 c 134 § 2; 1995 c 312 § 67; 1992 c 205 § 202; 1986 c 132 § 2; 1979 ex.s. c 201 § 1. Formerly RCW 28A.27.020.]

28A.225.090 Court orders—Penalties—Parents' defense. (1) A court may order a child subject to a petition under RCW 28A.225.035 to:

- (a) Attend the child's current school;
- (b) If there is space available and the program can provide educational services appropriate for the child, order the child to attend another public school, an alternative education program, center, a skill center, dropout prevention program, or another public educational program;
- (c) Attend a private nonsectarian school or program including an education center. Before ordering a child to attend an approved or certified private nonsectarian school or program, the court shall: (i) Consider the public and private programs available; (ii) find that placement is in the best interest of the child; and (iii) find that the private school or program is willing to accept the child and will not charge any fees in addition to those established by contract with the student's school district. If the court orders the child to enroll in a private school or program, the child's school district shall contract with the school or program to provide educational services for the child. The school district shall not be required to contract for a weekly rate that exceeds the state general apportionment dollars calculated on a weekly basis generated by the child and received by the district. A

(2) If the child fails to comply with the court order, the court may order the child to be punished by detention or may impose alternatives to detention such as community service. Failure by a child to comply with an order issued under this subsection shall not be punishable by detention for a period greater than that permitted pursuant to a civil contempt proceeding against a child under chapter 13.32A RCW.

(3) Any parent violating any of the provisions of either RCW 28A.225.010 or 28A.225.080 shall be fined not more than twenty-five dollars for each day of unexcused absence from school. It shall be a defense for a parent charged with violating RCW 28A.225.010 to show that he or she exercised reasonable diligence in attempting to cause a child in his or her custody to attend school or that the child's school did not perform its duties as required in RCW 28A.225.020. The court may order the parent to provide community service instead of imposing a fine. Any fine imposed pursuant to this section may be suspended upon the condition that a parent charged with violating RCW 28A.225.010 shall participate with the school and the child in a supervised plan for the child's attendance at school or upon condition that the parent attend a conference or conferences scheduled by a school for the purpose of analyzing the causes of a child's absence. AIDS prevention education shall be limited to the discussion of the life-threatening dangers of the disease, its spread, and prevention. Students shall receive such education at least once each school year beginning no later than the fifth grade.

(2) Each district board of directors shall adopt an AIDS prevention education program which is developed in consultation with teachers, administrators, parents, and other community members including, but not limited to, persons from medical, public health, and mental health organizations and agencies so long as the curricula and materials developed for use in the AIDS education program either (a) are the model curricula and resources under subsection (3) of this section, or (b) are developed by the school district and approved for medical accuracy by the office on AIDS established in RCW 70.24.250. (1)(a) To the extent funds are appropriated, the office of the superintendent of public instruction shall provide student learning improvement grants for the 1994-95 through 1996-97 school years. The purpose of the grants is to provide funds for additional time and resources for site-based planning activities and staff development and planning intended to improve student learning for all students, including students with diverse needs, consistent with the student learning goals in RCW 28A.150.210.

(b) State evaluations and findings on the schools for the twenty-first century program, as well as national research, indicate that extra time for site-based planning activities and staff development and planning for school improvement efforts is critical to the success of such efforts. It is the intent of the legislature that school districts use the funds under this section to provide time and resources for site-based planning activities and staff development and planning that is in addition to locally funded extra time and resources provided for purposes of improving student learning. Districts are strongly encouraged not to supplant local funds with state funds provided under this section.

(2) To be eligible for student learning improvement grants, school district boards of directors shall:

(a) Adopt a policy regarding the involvement of school staff, parents, and community members in instructional decisions;

(b) Submit school-based applications that have been developed by school building personnel, parents, and community members. Each application shall:

The board shall only submit applications for grants to the superintendent of public instruction if the board has approved the plans.

(4) If the application is consistent with the purposes of the grant program and the requirements of subsections (2) and (3) of this section are met, the superintendent of public instruction shall approve the grant application.

(5) To the extent funds are appropriated, and for allocation purposes only, the amount of grants for the 1994-

95, 1995-96, and 1996-97 school years shall be based on time equivalent to up to four days depending upon the number of grant applications received and on the number of full-time equivalent certificated staff who work in the school. Funds from the grant may be used to pay for staff development and planning for certificated and classified staff and site-based planning activities. Site-based planning activities and staff development and planning conducted pursuant to this section also may be conducted during the months of July and August preceding each school year for which the school has received a grant. Expenses occurring as a result of these summer site-based planning activities and staff development and planning may be paid from the school year grant. School districts shall use all funds received under this section solely for grants to schools and shall not use any portion of the funds for indirect costs.

(6) The state schools for the deaf and blind may apply for grants under this section.

(7) The superintendent of public instruction shall adopt timelines and rules as necessary under chapter 34.05 RCW to administer the program. The superintendent may modify application requirements for schools that have schools for the twenty-first century projects under *RCW 28A.630.100.

(8) The superintendent of public instruction shall report annually to the legislature by December 1st the following information:

(a) The use of the funds granted under this section;

(b) An estimate of any increase in staff development and planning in the 1994-95, 1995-96, and 1996-97 school years respectively, above that in the 1993-94 school year; and

(c) An estimate of any increase in site-based planning activities in the 1994-95, 1995-96, and 1996-97 school years respectively, above that in the 1993-94 school year.

(9) Funding under this section shall not become a part of the state's basic program of education obligation as set forth under Article IX of the state Constitution. [1994 c 245 § 1; 1993 c 336 § 301.]

(1) The office of the superintendent of public instruction shall be the lead agency and shall assist the department of social and health services, the department of community, trade, and economic development, and school districts in establishing a coordinated primary prevention program for child abuse and neglect.

(2) In developing the program, consideration shall be given to the following:

(a) Parent, teacher, and children's workshops whose information and training is:

(4) Parents shall be given notice of the primary prevention program and may refuse to have their children participate in the program. [1995 c 399 § 21; 1987 c 489 § 3. Formerly RCW 28A.03.514.]

Intent—1987 c 489: See note following RCW 28A.300.150.

28A.300.164 Energy information program. The office of the superintendent of public instruction shall develop an energy information program for use in local school districts. The program shall utilize existing curricu-

lum which may include curriculum as developed by districts or the state relating to the requirement under RCW 28A.230.020 that schools provide instruction in science with special reference to the environment, and shall include but not be limited to the following elements:

- (1) The fundamental role energy plays in the national and regional economy;
- (2) Descriptions and explanations of the various sources of energy which are used both regionally and nationally;
- (3) Descriptions and explanations of the ways to use various energy sources more efficiently; and
- (4) Advantages and disadvantages to the various sources of present and future supplies of energy.

Under this section the office of superintendent of public instruction shall emphasize providing teacher training, promoting the use of local energy experts in the classroom, and dissemination of energy education curriculum. [1990 c 301 § 2.]

Findings—1990 c 301: "The legislature finds that the state is facing an impending energy supply crisis. The legislature further finds that keeping the importance of energy in the minds of state residents is essential as a means to help avert a future energy supply crisis and that citizens need to be aware of the importance and trade-offs associated with energy efficiency, the implications of wasteful uses of energy, and the need for long-term stable supplies of energy. One efficient and effective method of informing the state's citizens on energy issues is to begin in the school system, where information may guide energy use decisions for decades into the future." [1990 c 301 § 1.]

28A.300.170 State general fund—Estimates for state support to public schools, from. At such time as the governor shall determine under the provisions of chapter 43.88 RCW, the superintendent of public instruction shall submit such detailed estimates and other information to the governor and in such form as the governor shall determine of the total estimated amount required for appropriation from the state general fund for state support to public schools during the ensuing biennium. [1980 c 6 § 2; 1969 ex.s. c 223 § 28A.41.040. Prior: 1945 c 141 § 11; Rem. Supp. 1945 § 4940-9. Formerly RCW 28A.41.040, 28.41.040.]

28A.300.220 Cooperation with work force training and education coordinating board. The superintendent shall cooperate with the work force training and education coordinating board in the conduct of the board's responsibilities under RCW 28C.18.060 and shall provide information and data in a format that is accessible to the board. [1991 c 238 § 78.]

Effective dates—Severability—1991 c 238: See RCW 28B.50.917 and 28B.50.918.

28A.300.230 Findings—Integration of vocational and academic education. The legislature finds that the needs of the work force and the economy necessitate enhanced vocational education opportunities in secondary

education including curriculum which integrates vocational and academic education. In order for the state's work force to be competitive in the world market, employees need competencies in both vocational/technical skills and in core essential competencies such as English, math, science/technology, geography, history, and critical thinking. Curriculum which integrates vocational and academic education reflects that many students learn best through applied learning, and that students should be offered flexible education opportunities which prepare them for both the world of work and for higher education. [1991 c 238 § 140.]

Effective dates—Severability—1991 c 238: See RCW 28B.50.917 and 28B.50.918.

The curriculum shall integrate vocational education for gainful employment with education in the academic subjects of English, math, science/technology, geography, and history, and with education in critical thinking. Upon completion, the model curriculum shall be provided for consideration and use by school districts. [1991 c 238 § 141.]

Effective dates—Severability—1991 c 238: See RCW 28B.50.917 and 28B.50.918.

(2) The superintendent shall provide general information and assistance to school districts regarding international student exchange visitors, including, to the extent feasible with available resources, information on the type of visa required for enrollment, how to promote positive educational experiences for visiting exchange students, and how to integrate exchange students into the school environment to benefit the education of both the exchange students and students in the state. [1991 c 128 § 11.]

28A.300.250 Participation in federal nutrition programs—Superintendent's duties. The superintendent of public instruction shall aggressively solicit eligible schools, child and adult day care centers, and other organizations to participate in the nutrition programs authorized by the United States department of agriculture. [1991 c 366 § 402.]

Finding—1991 c 366: "Hunger and malnutrition threaten the future of a whole generation of children in Washington. Children who are hungry or malnourished are unable to function optimally in the classroom and are thus at risk of lower achievement in school. The resultant diminished future

capacity of and opportunities for these children will affect this state's economic and social future. Thus, the legislature finds that the state has an interest in helping families provide nutritious meals to children.

The legislature also finds that the state has an interest in helping hungry and malnourished adults obtain necessary nourishment. Adequate nourishment is necessary for physical health, and physical health is the foundation of self-sufficiency. Adequate nourishment is especially critical in the case of pregnant and lactating women, both to ensure that all mothers and babies are as healthy as possible and to minimize the costs associated with the care of low-birthweight babies." [1991 c 366 § 1.]

Finding—1991 c 366: "The legislature finds that the school breakfast and lunch programs, the summer feeding program, and the child and adult day care feeding programs authorized by the United States department of agriculture are effective in addressing unmet nutritional needs. However, some communities in the state do not participate in these programs. The result is hunger, malnutrition, and inadequate nutrition education for otherwise eligible persons living in nonparticipating communities." [1991 c 366 § 401.]

Parts and headings not law—1991 c 366: "Parts and headings as used in this act constitute no part of the law." [1991 c 366 § 502.]

Severability—1991 c 366: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1991 c 366 § 503.]

Effective date—1991 c 366: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect July 1, 1991." [1991 c 366 § 504.]

28A.300.270 Violence prevention training. The superintendent of public instruction shall, to the extent funding is available, contract with school districts, educational service districts, and approved in-service providers to conduct training sessions for school certificated and classified employees in conflict resolution and other violence prevention topics. The training shall be developmentally and culturally appropriate for the school populations being served and be research based. The training shall not be based solely on providing materials, but also shall include techniques on imparting these skills to students. The training sessions shall be developed in coordination with school districts, the superintendent of public instruction, parents, law enforcement agencies, human services providers, and other interested parties. The training shall be offered to school districts and school staff requesting the training, and shall be made available at locations throughout the state. [1994 sp.s. c 7 § 602.]

Finding—Intent—Severability—1994 sp.s. c 7: See notes following RCW 43.70.540.

28A.300.280 Conflict resolution program. The superintendent of public instruction and the office of the attorney general, in cooperation with the Washington state bar association, shall develop a volunteer-based conflict resolution and mediation program for use in community groups such as neighborhood organizations and the public schools. The program shall use lawyers to train students who in turn become trainers and mediators for their peers in conflict resolution. [1994 sp.s. c 7 § 611.]

Finding—Intent—Severability—1994 sp.s. c 7: See notes following RCW 43.70.540.

28A.300.290 Effective reading programs—Identification. (1) The center for the improvement of student learning, or its designee, shall develop and imple-

(2) In identifying effective reading programs, the center for the improvement of student learning, or its designee, shall consult primary education teachers, state-wide reading organizations, institutions of higher education, the commission on student learning, parents, legislators, and other appropriate individuals and organizations.

(3) In identifying effective reading programs, the following criteria shall be used:

(a) Whether the program will help the student meet the state-level and classroom-based assessments for reading;

(b) Whether the program has achieved documented results for students on valid and reliable assessments;

(c) Whether the results of the program have been replicated at different locations over a period of time;

(d) Whether the requirements and specifications for implementing the program are clear so that potential users can clearly determine the requirements of the program and how to implement it;

(e) Whether, when considering the cost of implementing the program, the program is cost-effective relative to other similar types of programs;

(f) Whether the program addresses differing student populations; and

(g) Other appropriate criteria and considerations.

(4) The initial identification of effective reading programs shall be completed and a list of the identified programs prepared by December 31, 1996. [1996 c 273 § 1.]

Effective date—1996 c 273: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately [March 29, 1996]." [1996 c 273 § 6.]

28A.300.295 Identified programs—Grants for in-service training and instructional materials. The superintendent of public instruction shall establish a grant program to provide incentives for teachers, schools, and school districts to use the identified programs on the approved list in grades kindergarten through four. Schools, school districts, and educational service districts may apply for grants. Funds for the grants shall be used for in-service training and instructional materials. Grants shall be awarded and funds distributed not later than June 30, 1997, for programs in the 1996-97 and 1997-98 school years. Priority shall be given to grant applications involving schools and school districts with the lowest mean percentile scores on the state-wide fourth grade assessment required under RCW 28A.230.190 among grant applicants. [1996 c 273 § 2.]

Effective date—1996 c 273: See note following RCW 28A.300.290.

28A.300.300 Effective reading programs—Information—Development and implementation of strategies—Status report. (1) After effective programs have been identified in accordance with RCW 28A.300.290, the center for the improvement of student learning, or its designee, shall provide information and take other appropriate steps to inform elementary school teachers, principals, curriculum directors, superintendents, school board members,

college and university reading instruction faculty, and others of its findings.

(2) The center, in cooperation with state-wide organizations interested in improving literacy, also shall develop and implement strategies to improve reading instruction in the state, with a special emphasis on the instruction of reading in the primary grades using the effective reading programs that have been identified in accordance with RCW 28A.300.290. The strategies may include, but should not be limited to, expanding and improving reading instruction of elementary school teachers in teacher preparation programs, expanded in-service training in reading instruction, the training of paraprofessionals and volunteers in reading instruction, improving classroom-based assessment of reading, and increasing state-wide and regional technical assistance in reading instruction.

(3) The center shall submit a status report to appropriate committees of the legislature by December 31, 1996, regarding its efforts to implement RCW 28A.300.290 and subsections (1) and (2) of this section. The report shall include a description of safeguards enacted to ensure the integrity and objectivity of the assistance and advice provided by the center. [1996 c 273 § 4.]

Training in reading instruction and assessment—1996 c 273: "(1) The center for the improvement of student learning in collaboration with the commission on student learning and in consultation with the state board of education, faculty in educator preparation programs, educators, parents, and school directors, shall establish training programs in reading instruction and assessment for educators in the primary grades. The programs shall be designed to prepare educators to use the classroom-based assessments developed by the commission on student learning to determine how children are reading, select and implement appropriate instructional strategies and effective programs consistent with RCW 28A.300.290 to improve reading instruction, and to involve parents in helping their children to learn to read. Funds shall be used to develop the training program and to provide the training to the educators both through institutes and in the classroom during the school year.

(2) This section shall expire June 30, 1998." [1996 c 273 § 3.]

Effective date—1996 c 273: See note following RCW 28A.300.290.

(3) Notwithstanding any other provision of this section or chapter, in order to reduce the number of state board of education members elected from each congressional district from two members to one member the following transitional measures shall govern board member terms, elections, and voting:

(a) The terms of office for each of the sixteen state board of education members and positions representing the first through the eighth congressional districts shall terminate in a sequence commencing with the terms of the four members and positions representing the third and sixth congressional districts as of the second Monday of January 1993, followed by the terms of the six members and positions representing the first, fourth, and seventh congressional districts as of the second Monday of January 1994, and

ending with the termination of the terms of the six members and positions representing the second, fifth, and eighth congressional districts as of the second Monday of January 1995;

(b) An election shall be conducted under RCW 28A.305.040 through 28A.305.060 each year preceding the termination of one or more terms under (a) of this subsection for the purpose of electing one state board of education member from each correspondingly numbered congressional district for a term of four years;

(c) If for any reason a vacancy occurs in one of two positions representing a congressional district before the termination of the term for the position under (a) of this subsection, no replacement may be appointed or elected and the position shall be deemed eliminated; and

(d) During the transition period from the second Monday of January 1993, to the second Monday of January 1995, a vote on any matter before the state board of education by any one of two members representing the same congressional district shall be equal to one-half [of] a vote and a vote by any other member shall be equal to one full vote. Any

state board member who hereafter fails to meet one or more of the conditions to eligibility shall be deemed to have immediately forfeited his or her membership upon the board for the balance of his or her term: PROVIDED, That such a forfeiture of office shall not affect the validity of board actions taken prior to the date of notification to the board during an open public meeting of the violation. 28A.305.140 Waiver from provisions of RCW 28A.150.200 through 28A.150.220 authorized. (Contingent effective date.) The state board of education may grant waivers to school districts from the provisions of RCW 28A.150.200 through 28A.150.220 on the basis that such waiver or waivers are necessary to implement successfully a local plan to provide for all students in the district an effective education system that is designed to enhance the educational program for each student. The local plan may include alternative ways to provide effective educational programs for students who experience difficulty with the regular education program.

The state board shall adopt criteria to evaluate the need for the waiver or waivers. [1990 c 33 § 267; 1985 c 349 § 6. Formerly RCW 28A.04.127.]

28A.305.210 Assistance of educational service district boards and superintendents—Scope. The state board of education, by rule or regulation, may require the assistance of educational service district boards and/or superintendents in the performance of any duty, authority, or power imposed upon or granted to the state board of education by law, upon such terms and conditions as the state board of education shall establish. The superintendent of public instruction shall require school districts to inform annually all high school students that prospective employers may request to see transcripts and that the prospective employee's decision to release transcripts can be an important part of the process of applying for employment. 28A.305.280 Forum for education issues. In exercising the state board of education's authority to establish high school credit equivalencies for credits earned at institutions of higher education, the state board of education has highlighted the need for an ongoing forum that encourages the various education entities to provide each other with advice and counsel as rules and policies are adopted that have implications for students in all sectors of the state's

education system. The legislature appreciates the willingness of the state board of education to consider any recommendations from the task force created in RCW 28A.305.285 and to delay until September 1995, implementation of its rule establishing course equivalencies. Ultimately the issue of credit equivalencies must be decided within the broad context of education reform and the desire of the legislature to provide options for students to move through the system without meeting bureaucratic barriers to individual educational success. [1994 c 222 § 1.]

Effective date—1994 c 222: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately [April 1, 1994]." [1994 c 222 § 4.]

(1) By May 1, 1994, or as soon as possible thereafter, the higher education coordinating board and the state board of education shall convene a task force creating a forum for ongoing discussion of curriculum issues that transect higher education and the common schools. In selecting members of the task force, the boards shall consult the office of the superintendent of public instruction, the commission on student learning, the state board for community and technical colleges, the work force training and education coordinating board, the Washington council on high school-college relations, representatives of the four-year institutions, representatives of the school directors, the school and district administrators, teachers, higher education faculty, students, counselors, vocational directors, parents, and other interested organizations. The process shall be designed to provide advice and counsel to the appropriate boards on topics that may include but are not limited to: (a) The changing nature of educational instruction and crediting, and awarding appropriate credit for knowledge and competencies learned in a variety of ways in both institutions of higher education and high schools; (b) options for students to enroll in programs and institutions that will best meet the students' needs and educational goals; and (c) articulation agreements between institutions of higher education and high schools.

(2) By December 30, 1994, after considering the advice of the task force created in this section, the higher education coordinating board and the state board of education shall report the recommendations on establishing credit equivalencies to the house of representatives and senate education and higher education committees. [1994 c 222 § 2.]

Board-member districts in districts reorganized under RCW 28A.310.020, or as provided for in RCW 28A.310.120 and under this section, shall be initially determined by the state board of education. If a reorganization pursuant to RCW 28A.310.020 places the residence of a board member into another or newly created educational service district, such member shall serve on the board of the educational service district of residence and at the next election called by the secretary to the state board of education pursuant to RCW 28A.310.080 a new seven member board shall be elected. If the redrawing of board-member district boundaries pursuant to this chapter shall cause the resident board-member district of two or more board members to coincide, such board members shall continue to serve on the board and at the next election called by the secretary to the state board of education a new board shall be elected. The board-member districts shall be arranged so far as practicable on a basis of equal population, with consideration being given existing board members of

28A.315.010 Purpose. It is the intent and purpose of this chapter (1) to incorporate into a single, permanent, school district organization law all essential provisions

governing the formation and establishment of new school districts, the alteration of the boundaries of existing districts, and the adjustment of the assets and liabilities of school districts when changes are made as aforesaid; and (2) to establish methods and procedures whereby the aforesaid changes in the school district system may be brought about by the people concerned and affected, all to the end that the territorial organization of school districts may be more readily adapted to the needs of the changing economic pattern and educational program in the state; that existing disparities among school districts in ability to provide current and capital outlay funds may be reduced and the educational opportunities of children thereby enhanced; and that a wiser use of public funds may be secured through improvement in the school district system. It is not the intent nor purpose of this chapter to apply to organizational changes and the procedure therefor relating to capital fund aid by nonhigh districts as provided for in chapter 28A.540 RCW. 28A.315.160 Adjustment of bonded indebtedness—Special election in certain cases. Whenever adjustments of bonded indebtedness are made between or among school districts in connection with the alteration of the boundaries thereof, pursuant to the provisions of this chapter, the order of the educational service district superintendent establishing the terms of adjustment of bonded indebtedness shall provide and specify:

(1) In every case where bonded indebtedness is transferred from one school district to another school district (a) that such bonded indebtedness is assumed by the school district to which it is transferred; (b) that thereafter such bonded indebtedness shall be the obligation of the school district to which it is transferred; (c) that, if the terms of adjustment so provide, any bonded indebtedness thereafter incurred by such transferee school district through the sale of bonds authorized prior to the date its boundaries were altered shall be the obligation of such school district including the territory added thereto; and (d) that taxes shall be levied thereafter against the taxable property located within such school district as it is constituted after its boundaries were altered, said taxes to be levied at the times and in the amounts required to pay the principal of and the interest on the bonded indebtedness assumed or incurred as aforesaid, as the same become due and payable.

In computing the debt limitation of any school district from which or to which bonded indebtedness has been transferred, the amount of such transferred bonded indebtedness at any time outstanding (a) shall be an offset against and deducted from the total bonded indebtedness, if any, of

the school district from which such bonded indebtedness was transferred and (b) shall be deemed to be bonded indebtedness solely of the transferee school district that assumed such indebtedness.

(2) In every case where adjustments of bonded indebtedness do not provide for transfer of bonded indebtedness from one school district to another school district (a) that the existing bonded indebtedness of each school district the boundaries of which are altered and any bonded indebtedness incurred by each such school district through the sale of bonds authorized prior to the date its boundaries were altered shall be the obligation of the school district in its reduced or enlarged form, as the case may be; and (b) that taxes shall be levied thereafter against the taxable property located within each such school district in its reduced or enlarged form, as the case may be, at the times and in the amounts required to pay the principal of and interest on such bonded indebtedness as the same become due and payable.

If a change in school district organization approved by the state board concerns a proposal to form a new school district or a proposal for adjustment of bonded indebtedness involving an established school district and one or more former school districts now included therein pursuant to a vote of the people concerned, a special election of the voters residing within the territory of the proposed new district or of the established district involved in a proposal for adjustment of bonded indebtedness as the case may be shall be held for the purpose of affording said voters an opportunity to approve or reject such proposals as concern or affect them.

In a case involving both the question of the formation of a new school district and the question of adjustment of bonded indebtedness, the questions may be submitted to the voters either in the form of a single proposition or as separate propositions, whichever to the educational service district superintendent seems expedient. When the regional committee has passed appropriate resolutions for the questions to be submitted and the educational service district superintendent has given notice thereof to the county auditor such special election shall be called, conducted, and the returns canvassed as in regular school district elections. Each school may follow the accreditation process developed by the state board of education under RCW 28A.305.130(6), although no school is required to file for actual accreditation, or the school may follow a self-study process developed locally. The initial self-study process within each district shall begin by September 1, 1986, and should be completed for all schools within a district by the end of the 1990-91 school year.

(2) Any self-study process must include the participation of staff, parents, members of the community, and students, where appropriate to their age.

As data from the assessments in RCW 28A.630.885 becomes available, the annual performance report should enable parents, educators, and school board members to determine whether students in the district's schools are attaining mastery of the student learning goals under RCW 28A.150.210, and other important facts about the schools' performance in assisting students to learn. The annual report shall make comparisons to a school's performance in preceding years and shall project goals in performance categories.

Recommendation of instructional materials shall be by the district's instructional materials committee in accordance with district policy. Approval or disapproval shall be by the local school district's board of directors.

Districts may pay the necessary travel and subsistence expenses for expert counsel from outside the district. In addition, the committee's expenses incidental to visits to observe other districts' selection procedures may be reimbursed by the school district.

Within the limitations of board policy, a school district's chief administrator may purchase instructional materials to meet deviant needs or rapidly changing circumstances.

All such projects estimated to be less than fifty thousand dollars may be awarded to a contractor on the small works roster. The small works roster shall be comprised of all responsible contractors who have requested to be on the list. The board of directors shall establish a procedure for securing telephone and/or written quotations from the contractors on the small works roster to assure establishment of a competitive price and for awarding contracts to the lowest responsible bidder. Such procedure shall require that a good faith effort be made to request quotations from all contractors on the small works roster who have indicated the capability of performing the kind of public works being contracted. Immediately after an award is made, the bid quotations obtained shall be recorded, open to public inspection, and available by telephone inquiry. The small works roster shall be revised at least once each year by publishing notice of such opportunity in at least one newspaper of general circulation in the district. Responsible contractors shall be added to the list at any time they submit a written request. Short title—Severability—Savings—Captions not law—Reservation of legislative power—Effective dates—1993 c 492: See RCW 43.72.910 through 43.72.915.

Intent—1990 1st ex.s. c 11: "The legislature recognizes the rising costs of health insurance premiums for school employees, and the increasing

need to ensure effective use of state benefit dollars to obtain basic coverage for employees and their dependents. In school districts that do not pool benefit allocations among employees, increases in premium rates create particular hardships for employees with families. For many of these employees, the increases translate directly into larger payroll deductions simply to maintain basic benefits.

The goal of this act is to provide access for school employees to basic coverage, including coverage for dependents, while minimizing employees' out-of-pocket premium costs. Unnecessary utilization of medical services can contribute to rising health insurance costs. Therefore, the legislature intends to encourage plans that promote appropriate utilization without creating major barriers to access to care. The legislature also intends that school districts pool state benefit allocations so as to eliminate major differences in out-of-pocket premium expenses for employees who do and do not need coverage for dependents." [1990 1st ex.s. c 11 § 1.]

28A.400.210 Employee attendance incentive program—Remuneration or benefit plan for unused sick leave. Every school district board of directors may, in accordance with chapters 41.56 and 41.59 RCW, establish an attendance incentive program for all certificated and noncertificated employees in the following manner, including covering persons who were employed during the 1982-'83 school year:

(1) In January of the year following any year in which a minimum of sixty days of leave for illness or injury is accrued, and each January thereafter, any eligible employee may exercise an option to receive remuneration for unused leave for illness or injury accumulated in the previous year at a rate equal to one day's monetary compensation of the employee for each four full days of accrued leave for illness or injury in excess of sixty days. Leave for illness or injury for which compensation has been received shall be deducted from accrued leave for illness or injury at the rate of four days for every one day's monetary compensation. No employee may receive compensation under this section for any portion of leave for illness or injury accumulated at a rate in excess of one day per month.

(2) Except as provided in RCW 28A.400.212, at the time of separation from school district employment due to retirement or death an eligible employee or the employee's estate shall receive remuneration at a rate equal to one day's current monetary compensation of the employee for each four full days accrued leave for illness or injury.

(3) In lieu of remuneration for unused leave for illness or injury as provided in subsections (1) and (2) of this section, a school district board of directors may, with equivalent funds, provide eligible employees a benefit plan that provides reimbursement for medical expenses. Any benefit plan adopted after July 28, 1991, shall require, as a condition of participation under the plan, that the employee sign an agreement with the district to hold the district harmless should the United States government find that the district or the employee is in debt to the United States as a result of the employee not paying income taxes due on the equivalent funds placed into the plan, or as a result of the district not withholding or deducting any tax, assessment, or other payment on such funds as required under federal law.

Moneys or benefits received under this section shall not be included for the purposes of computing a retirement allowance under any public retirement system in this state.

The superintendent of public instruction in its administration hereof, shall promulgate uniform rules and regulations to carry out the purposes of this section.

Should the legislature revoke any benefits granted under this section, no affected employee shall be entitled thereafter to receive such benefits as a matter of contractual right. [1992 c 234 § 12; 1991 c 92 § 2; 1989 c 69 § 2; 1983 c 275 § 2. Formerly RCW 28A.58.096.]

Intent—Construction—1983 c 275: "This act is intended to effectuate the legislature's intent in the original enactment of chapter 182, Laws of 1980 and constitutes a re adoption of the relevant portions of that law. This act shall be construed as being in effect since June 12, 1980." [1983 c 275 § 5.]

28A.400.212 Employee attendance incentive program—Effect of early retirement. The school district board of directors may, at its discretion, pay the remainder of such an employee's remuneration for accrued leave for illness or injury after the time of the employee's separation from school district employment, but the employee or the employee's estate is entitled to receive the remainder of the remuneration no later than the date the employee would have been eligible to retire under the provisions of RCW 41.40.180 or 41.32.480 had the employee continued to work for the district until eligible to retire, or three years following the date of the employee's separation from school district employment, whichever occurs first. A district exercising its discretion under this section to pay the remainder of the remuneration after the time of the employee's separation from school district employment shall establish a policy and procedure for paying the remaining remuneration that applies to all affected employees equally and without discrimination. Any remuneration paid shall be based on the number of days of leave the employee had accrued and the compensation the employee received at the time he or she retired under section 1 or 3, chapter 234, Laws of 1992, section 1 or 3, chapter 86, Laws of 1993, or section 4 or 6, chapter 519, Laws of 1993. [1993 c 519 § 14; 1993 c 86 § 8; 1992 c 234 § 13.]

Reviser's note: This section was amended by 1993 c 86 § 8 and by 1993 c 519 § 14, each without reference to the other. Both amendments are incorporated in the publication of this section pursuant to RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

After October 1, 1990, school districts may not contribute to any employee protection or insurance other than liability insurance unless the district's employee benefit plan conforms to RCW 28A.400.275 and 28A.400.280.

(3) For school board members and students, the premiums due on such protection or insurance shall be borne by the assenting school board member or student. The school district may contribute all or part of the costs, including the premiums, of life, health, health care, accident or disability insurance which shall be offered to all students participating in interschool activities on the behalf of or as representative of their school or school district. In establishing such a requirement, the district shall adopt regulations for waiving or reducing the premiums of such coverage as may be offered through the school district to students participating in extracurricular activities, for those students whose families, by reason of their low income, would have difficulty paying the entire amount of such insurance premiums. The district board shall adopt regulations for waiving or reducing the insurance coverage requirements for low-income students in order to assure such students are not prohibited from participating in extracurricular interschool activities.

(4) All contracts for insurance or protection written to take advantage of the provisions of this section shall provide that the beneficiaries of such contracts may utilize on an equal participation basis the services of those practitioners licensed pursuant to chapters 18.22, 18.25, 18.53, 18.57, and 18.71 RCW. CRITERIA FOR EVALUATION AND MODEL PROGRAMS

28A.405.100 Minimum criteria for the evaluation of certificated employees, including administrators—Procedure—Scope—Penalty. (1) The superintendent of public instruction shall establish and may amend from time to time minimum criteria for the evaluation of the professional performance capabilities and development of certificated classroom teachers and certificated support personnel. For classroom teachers the criteria shall be developed in the following categories: instructional skill; classroom management, professional preparation and scholarship; effort toward improvement when needed; the handling of student discipline and attendant problems; and interest in teaching pupils and knowledge of subject matter.

Every board of directors shall, in accordance with procedure provided in RCW 41.59.010 through 41.59.170, 41.59.910 and 41.59.920, establish evaluative criteria and procedures for all certificated classroom teachers and certificated support personnel. The evaluative criteria must contain as a minimum the criteria established by the superintendent of public instruction pursuant to this section and must be prepared within six months following adoption of the superintendent of public instruction's minimum criteria. The district must certify to the superintendent of public instruction that evaluative criteria have been so prepared by the district.

Except as provided in subsection (5) of this section, it shall be the responsibility of a principal or his or her designee to evaluate all certificated personnel in his or her school. During each school year all classroom teachers and certificated support personnel, hereinafter referred to as "employees" in this section, shall be observed for the purposes of evaluation at least twice in the performance of

their assigned duties. Total observation time for each employee for each school year shall be not less than sixty minutes. Following each observation, or series of observations, the principal or other evaluator shall promptly document the results of the observation in writing, and shall provide the employee with a copy thereof within three days after such report is prepared. New employees shall be observed at least once for a total observation time of thirty minutes during the first ninety calendar days of their employment period.

Every employee whose work is judged unsatisfactory based on district evaluation criteria shall be notified in writing of stated specific areas of deficiencies along with a suggested specific and reasonable program for improvement on or before February 1st of each year. A probationary period shall be established beginning on or before February 1st and ending no later than May 1st. The purpose of the probationary period is to give the employee opportunity to demonstrate improvements in his or her areas of deficiency. The establishment of the probationary period and the giving of the notice to the employee of deficiency shall be by the school district superintendent and need not be submitted to the board of directors for approval. During the probationary period the evaluator shall meet with the employee at least twice monthly to supervise and make a written evaluation of the progress, if any, made by the employee. The evaluator may authorize one additional certificated employee to evaluate the probationer and to aid the employee in improving his or her areas of deficiency; such additional certificated employee shall be immune from any civil liability that might otherwise be incurred or imposed with regard to the good faith performance of such evaluation. The probationer may be removed from probation if he or she has demonstrated improvement to the satisfaction of the principal in those areas specifically detailed in his or her initial notice of deficiency and subsequently detailed in his or her improvement program. Lack of necessary improvement shall be specifically documented in writing with notification to the probationer and shall constitute grounds for a finding of probable cause under RCW 28A.405.300 or 28A.405.210.

The establishment of a probationary period shall not be deemed to adversely affect the contract status of an employee within the meaning of RCW 28A.405.300.

(2) Every board of directors shall establish evaluative criteria and procedures for all superintendents, principals, and other administrators. It shall be the responsibility of the district superintendent or his or her designee to evaluate all administrators. Such evaluation shall be based on the administrative position job description. Such criteria, when applicable, shall include at least the following categories: Knowledge of, experience in, and training in recognizing good professional performance, capabilities and development; school administration and management; school finance; professional preparation and scholarship; effort toward improvement when needed; interest in pupils, employees, patrons and subjects taught in school; leadership; and ability and performance of evaluation of school personnel.

(3) Each certificated employee shall have the opportunity for confidential conferences with his or her immediate supervisor on no less than two occasions in each school year. Such confidential conference shall have as its sole

purpose the aiding of the administrator in his or her assessment of the employee's professional performance.

(4) The failure of any evaluator to evaluate or supervise or cause the evaluation or supervision of certificated employees or administrators in accordance with this section, as now or hereafter amended, when it is his or her specific assigned or delegated responsibility to do so, shall be sufficient cause for the nonrenewal of any such evaluator's contract under RCW 28A.405.210, or the discharge of such evaluator under RCW 28A.405.300.

(5) After an employee has four years of satisfactory evaluations under subsection (1) of this section, a school district may use a short form of evaluation, a locally bargained evaluation emphasizing professional growth, an evaluation under subsection (1) of this section, or any combination thereof. The short form of evaluation shall include either a thirty minute observation during the school year with a written summary or a final annual written evaluation based on the criteria in subsection (1) of this section and based on at least two observation periods during the school year totaling at least sixty minutes without a written summary of such observations being prepared. However, the evaluation process set forth in subsection (1) of this section shall be followed at least once every three years unless this time is extended by a local school district under the bargaining process set forth in chapter 41.59 RCW. The employee or evaluator may require that the evaluation process set forth in subsection (1) of this section be conducted in any given school year. No evaluation other than the evaluation authorized under subsection (1) of this section may be used as a basis for determining that an employee's work is unsatisfactory under subsection (1) of this section or as probable cause for the nonrenewal of an employee's contract under RCW 28A.405.210 unless an evaluation process developed under chapter 41.59 RCW determines otherwise. 28A.405.110 Evaluations—Legislative findings. The legislature recognizes the importance of teachers in the educational system. Teachers are the fundamental element in assuring a quality education for the state's and the nation's children. Teachers, through their direct contact with children, have a great impact on the development of the child. The legislature finds that this important role of the

teacher requires an assurance that teachers are as successful as possible in attaining the goal of a well-educated society. The legislature finds, therefore, that the evaluation of those persons seeking to enter the teaching profession is no less important than the evaluation of those persons currently teaching. The evaluation of persons seeking teaching credentials should be strenuous while making accommodations uniquely appropriate to the applicants. Strenuous teacher training and preparation should be complemented by examinations of prospective teachers prior to candidates being granted official certification by the state board of education. Teacher preparation program entrance evaluations, teacher training, teacher preparation program exit examinations, official certification, in-service training, and ongoing evaluations of individual progress and professional growth are all part of developing and maintaining a strong precertification and postcertification professional education system.

The legislature further finds that an evaluation system for teachers has the following elements, goals, and objectives: (1) An evaluation system must be meaningful, helpful, and objective; (2) an evaluation system must encourage improvements in teaching skills, techniques, and abilities by identifying areas needing improvement; (3) an evaluation system must provide a mechanism to make meaningful distinctions among teachers and to acknowledge, recognize, and encourage superior teaching performance; and (4) an evaluation system must encourage respect in the evaluation process by the persons conducting the evaluations and the persons subject to the evaluations through recognizing the importance of objective standards and minimizing subjectivity. Contingency—Effective date—1985 c 420: "If specific funding for the purposes of this act, referencing this act by bill number, is not provided by the legislature by July 1, 1987, sections 1 through 5 and 7 through 10 of this act shall be null and void. This act shall be of no effect unless such specific funding is so provided. If such funding is so provided, this act shall take effect when the legislation providing the funding takes effect." [1985 c 420 § 11.]

Reviser's note: (1) 1985 ex.s. c 6 § 501 provides specific funding for the purposes of this act.

28A.405.120 Training for evaluators. School districts shall require each administrator, each principal, or other supervisory personnel who has responsibility for evaluating classroom teachers to have training in evaluation procedures. [1995 c 335 § 401; 1985 c 420 § 3. Formerly RCW 28A.67.210.]

CONDITIONS AND CONTRACTS OF EMPLOYMENT

28A.405.200 Annual salary schedules as basis for salaries of certificated employees. Every school district by action of its board of directors shall adopt annual salary schedules and reproduce the same by printing, mimeographing or other reasonable method, which shall be the basis for salaries for all certificated employees in the district. Severability—1969 ex.s. c 283: See note following RCW 28A.150.050.

28A.405.210 Conditions and contracts of employment—Determination of probable cause for nonrenewal of contracts—Nonrenewal due to enrollment decline or revenue loss—Notice—Opportunity for hearing. No teacher, principal, supervisor, superintendent, or other certificated employee, holding a position as such with a school district, hereinafter referred to as "employee", shall be employed except by written order of a majority of the directors of the district at a regular or special meeting thereof, nor unless he or she is the holder of an effective teacher's certificate or other certificate required by law or the state board of education for the position for which the employee is employed.

The board shall make with each employee employed by it a written contract, which shall be in conformity with the laws of this state, and except as otherwise provided by law, limited to a term of not more than one year. Every such contract shall be made in duplicate, one copy to be retained by the school district superintendent or secretary and one copy to be delivered to the employee. No contract shall be offered by any board for the employment of any employee who has previously signed an employment contract for that same term in another school district of the state of Washington unless such employee shall have been released from his or her obligations under such previous contract by the board of directors of the school district to which he or she was obligated. Any contract signed in violation of this provision shall be void.

In the event it is determined that there is probable cause or causes that the employment contract of an employee

should not be renewed by the district for the next ensuing term such employee shall be notified in writing on or before May 15th preceding the commencement of such term of that determination, or if the omnibus appropriations act has not passed the legislature by May 15th, then notification shall be no later than June 1st, which notification shall specify the cause or causes for nonrenewal of contract. Such determination of probable cause for certificated employees, other than the superintendent, shall be made by the superintendent. Such notice shall be served upon the employee personally, or by certified or registered mail, or by leaving a copy of the notice at the house of his or her usual abode with some person of suitable age and discretion then resident therein. Every such employee so notified, at his or her request made in writing and filed with the president, chair or secretary of the board of directors of the district within ten days after receiving such notice, shall be granted opportunity for hearing pursuant to RCW 28A.405.310 to determine whether there is sufficient cause or causes for nonrenewal of contract: PROVIDED, That any employee receiving notice of nonrenewal of contract due to an enrollment decline or loss of revenue may, in his or her request for a hearing, stipulate that initiation of the arrangements for a hearing officer as provided for by RCW 28A.405.310(4) shall occur within ten days following July 15 rather than the day that the employee submits the request for a hearing. If any such notification or opportunity for hearing is not timely given, the employee entitled thereto shall be conclusively presumed to have been reemployed by the district for the next ensuing term upon contractual terms identical with those which would have prevailed if his or her employment had actually been renewed by the board of directors for such ensuing term.

This section shall not be applicable to "provisional employees" as so designated in RCW 28A.405.220; transfer to a subordinate certificated position as that procedure is set forth in RCW 28A.405.230 shall not be construed as a nonrenewal of contract for the purposes of this section. 28A.405.220 Conditions and contracts of employment—Nonrenewal of provisional employees—Notice—Procedure. Notwithstanding the provisions of RCW 28A.405.210, every person employed by a school district in a teaching or other nonsupervisory certificated position shall be subject to nonrenewal of employment contract as provided in this section during the first two years of employment by such district, unless the employee has previously completed at least two years of certificated employment in another school district in the state of Washington, in which case the employee shall be subject to nonrenewal of employment contract pursuant to this section during the first year of employment with the new district. Employees as defined in this section shall hereinafter be referred to as "provisional employees".

In the event the superintendent of the school district determines that the employment contract of any provisional employee should not be renewed by the district for the next ensuing term such provisional employee shall be notified thereof in writing on or before May 15th preceding the commencement of such school term, or if the omnibus appropriations act has not passed the legislature by May 15th, then notification shall be no later than June 1st, which notification shall state the reason or reasons for such determination. Such notice shall be served upon the provisional employee personally, or by certified or registered mail, or by leaving a copy of the notice at the place of his or her usual abode with some person of suitable age and discretion then resident therein. The determination of the superintendent shall be subject to the evaluation requirements of RCW 28A.405.100.

Every such provisional employee so notified, at his or her request made in writing and filed with the superintendent of the district within ten days after receiving such notice, shall be given the opportunity to meet informally with the superintendent for the purpose of requesting the superintendent to reconsider his or her decision. Such meeting shall be held no later than ten days following the receipt of such request, and the provisional employee shall be given written notice of the date, time and place of meeting at least three days prior thereto. At such meeting the provisional employee shall be given the opportunity to refute any facts upon which the superintendent's determination was based and to make any argument in support of his or her request for reconsideration.

Within ten days following the meeting with the provisional employee, the superintendent shall either reinstate the provisional employee or shall submit to the school district board of directors for consideration at its next regular meeting a written report recommending that the employment contract of the provisional employee be nonrenewed and stating the reason or reasons therefor. A copy of such report shall be delivered to the provisional employee at least three days prior to the scheduled meeting of the board of directors. In taking action upon the recommendation of the superintendent, the board of directors shall consider any written communication which the provisional employee may file with the secretary of the board at any time prior to that meeting.

The board of directors shall notify the provisional employee in writing of its final decision within ten days following the meeting at which the superintendent's rec-

ommendation was considered. The decision of the board of directors to nonrenew the contract of a provisional employee shall be final and not subject to appeal.

This section applies to any person employed by a school district in a teaching or other nonsupervisory certificated position after June 25, 1976. This section provides the exclusive means for nonrenewing the employment contract of a provisional employee and no other provision of law shall be applicable thereto, including, without limitation, RCW 28A.405.210 and chapter 28A.645 RCW. 28A.405.230 Conditions and contracts of employment—Transfer of administrator to subordinate certificated position—Notice—Procedure. Any certificated employee of a school district employed as an assistant superintendent, director, principal, assistant principal, coordinator, or in any other supervisory or administrative position, hereinafter in this section referred to as "administrator", shall be subject to transfer, at the expiration of the term of his or her employment contract, to any subordinate certificated position within the school district. "Subordinate certificated position" as used in this section, shall mean any administrative or nonadministrative certificated position for which the annual compensation is less than the position currently held by the administrator.

Every superintendent determining that the best interests of the school district would be served by transferring any administrator to a subordinate certificated position shall notify that administrator in writing on or before May 15th preceding the commencement of such school term of that determination, or if the omnibus appropriations act has not passed the legislature by May 15th, then notification shall be no later than June 1st, which notification shall state the reason or reasons for the transfer, and shall identify the subordinate certificated position to which the administrator will be transferred. Such notice shall be served upon the administrator personally, or by certified or registered mail, or by leaving a copy of the notice at the place of his or her usual abode with some person of suitable age and discretion then resident therein.

Every such administrator so notified, at his or her request made in writing and filed with the president or chair, or secretary of the board of directors of the district within ten days after receiving such notice, shall be given the opportunity to meet informally with the board of directors in an executive session thereof for the purpose of requesting the board to reconsider the decision of the superintendent. Such board, upon receipt of such request, shall schedule the meeting for no later than the next regularly scheduled meeting of the board, and shall notify the administrator in writing of the date, time and place of the meeting at least three days prior thereto. At such meeting the administrator shall be given the opportunity to refute any facts upon which the determination was based and to make any argument in

support of his or her request for reconsideration. The administrator and the board may invite their respective legal counsel to be present and to participate at the meeting. The board shall notify the administrator in writing of its final decision within ten days following its meeting with the administrator. No appeal to the courts shall lie from the final decision of the board of directors to transfer an administrator to a subordinate certificated position: PROVIDED, That in the case of principals such transfer shall be made at the expiration of the contract year and only during the first three consecutive school years of employment as a principal by a school district; except that if any such principal has been previously employed as a principal by another school district in the state of Washington for three or more consecutive school years the provisions of this section shall apply only to the first full school year of such employment.

This section applies to any person employed as an administrator by a school district on June 25, 1976 and to all persons so employed at any time thereafter. HIRING AND DISCHARGE

28A.405.300 Adverse change in contract status of certificated employee—Determination of probable cause—Notice—Opportunity for hearing. In the event it is determined that there is probable cause or causes for a teacher, principal, supervisor, superintendent, or other certificated employee, holding a position as such with the school district, hereinafter referred to as "employee", to be discharged or otherwise adversely affected in his or her contract status, such employee shall be notified in writing of that decision, which notification shall specify the probable cause or causes for such action. Such determinations of probable cause for certificated employees, other than the superintendent, shall be made by the superintendent. Such notices shall be served upon that employee personally, or by certified or registered mail, or by leaving a copy of the notice at the house of his or her usual abode with some person of suitable age and discretion then resident therein. Every such employee so notified, at his or her request made in writing and filed with the president, chair of the board or secretary of the board of directors of the district within ten days after receiving such notice, shall be granted opportunity for a hearing pursuant to RCW 28A.405.310 to determine whether or not there is sufficient cause or causes for his or her discharge or other adverse action against his or her contract status.

In the event any such notice or opportunity for hearing is not timely given, or in the event cause for discharge or other adverse action is not established by a preponderance of the evidence at the hearing, such employee shall not be discharged or otherwise adversely affected in his or her contract status for the causes stated in the original notice for the duration of his or her contract.

If such employee does not request a hearing as provided herein, such employee may be discharged or otherwise adversely affected as provided in the notice served upon the employee.

The legislature supports better integration of the elements of teacher preparation programs including knowledge of subject matter, teaching methods, and actual teaching experiences.

The legislature finds that establishing: (1) A teaching internship program; (2) a post-baccalaureate program resulting in a masters degree; (3) stronger requirements for earning principal credentials; and (4) a review of the preparation standards for school principals and educational staff associates are appropriate next steps in enhancing the quality of educational personnel in Washington." Findings—1992 c 141: "The legislature finds that the educational needs of students when they leave the public school system has [have] increased dramatically in the past two decades. If young people are to prosper in our democracy and if our nation is to grow economically, it is imperative that the overall level of learning achieved by students be significantly increased.

To achieve this higher level of learning, the legislature finds that the state of Washington needs to develop a performance-based school system. Instead of maintaining burdensome state accountability laws and rules that dictate educational offerings, the state needs to hold schools accountable for their performance based on what their students learn.

The legislature further finds moving toward a performance-based accountability system will require repealing state laws and rules that inhibit the freedom of school boards and professional educators to carry out their work, and also will require that significantly more decisions be made at the school district and school building levels. In addition, it will be necessary to set high expectations for students, to identify what is expected of all

students, and to develop a rigorous academic assessment system to determine if these expectations have been achieved.

The legislature further finds that the governor's council on education reform and funding will, by December 1992, identify broad student learning goals. Subject to decisions made by the 1993 legislature, the legislature finds that it is critical that an organization be established to continue the council's work in identifying necessary student skills and knowledge, to develop student assessment and school accountability systems, and to take other steps necessary to develop a performance-based education system.

The legislature further finds that there is a need for high quality professional development as the state implements a performance-based system. Professional development must be available to schools and school districts to maintain quality control and to assure access to proven research on effective teaching." [1992 c 141 § 1.]

[1991 c 155 § 1.]

28A.415.100 Student teaching centers—Legislative recognition—Intent. (1) The legislature recognizes that:

(a) Strong teacher preparation programs are vital to the success of the state's entire education system;

(b) Clinical field experiences, particularly student teaching, are critical to the developmental preparation of teacher candidates and to the success of teacher preparation programs;

(c) Schools, school districts, educational service districts, and institutions of higher education benefit mutually from cooperative relationships that provide teacher candidates with appropriate, necessary, and successful student teaching experiences that establish continuity between the theory and practice of teaching;

(d) Positive student teaching experiences result from the careful match between cooperating teachers and student teachers;

(e) Teacher candidates should have student teaching opportunities and other field experiences that are reflective of the diversity existing among schools and school districts state-wide; and

(f) School districts state-wide should have access to student teachers.

(2) Therefore, in support of quality, professional, research-based training of prospective teachers, it is the intent of the legislature to continue its support of evolving partnerships among schools, school districts, educational service districts, community colleges, and colleges and universities, that are:

(a) Benefiting the teaching profession;

(b) Enhancing the ability of all new teachers to assume initial teaching responsibilities with greater confidence and a higher level of training;

(c) Providing important and positive mentoring opportunities for experienced teachers; and

(d) Strengthening cooperation and communication between the precollegiate and collegiate sectors of the state education system. [1991 c 258 § 1.]

28A.415.105 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout RCW 28A.415.125 through 28A.415.140.

28A.415.130 Allocation of funds for student teaching centers. Funds for the student teaching centers shall be allocated by the superintendent of public instruction among the educational service district regions on the basis of student teaching placements. Nothing in RCW 28A.415.100 through 28A.415.140 or 28A.415.250 precludes a higher education institution that is not a participant in a training center from placing student teachers into a district that may be participating formally with other institutions in a student teaching center program, or placing student teachers into districts pursuant to an agreement between the institution and district. [1991 c 258 § 8.]

28A.415.140 Field experiences. Field experiences may be provided through a student teaching center. The cost of providing such experiences and opportunities shall be the sole responsibility of the participants cooperating in the operation of the center. [1991 c 258 § 9.]

28A.415.200 Minority teacher recruitment program—Intent. The legislature finds that it is important to have a teaching force that reflects the rich diversity of the students served in the public schools. The legislature further finds that certain groups, as characterized by ethnic background, are traditionally underrepresented in the teaching profession in the state of Washington and that the ethnic diversity of the student population in the state of Washington is increasing. The legislature intends to increase the number of people from underrepresented groups entering our teaching force. [1989 c 146 § 1. Formerly RCW 28A.305.260, 28A.67.250.]

Once a federal disallowance determination, decision, or order becomes final respecting federal moneys expended by a school district, the superintendent of public instruction may withhold all or a portion of the annual basic education allocation amounts otherwise due and apportionable to the school district as necessary to facilitate payment of the principal and interest to the federal government. The superintendent of public instruction may pay withheld basic education allocation moneys:

(1) To the school district before the close of the biennium and following the school district's repayment of moneys due the federal government, or the school district's commitment to an acceptable repayment plan, or both; or

The annual amount due and apportionable shall be the amount apportionable for all apportionment credits estimated to accrue to the schools during the apportionment year beginning September first and continuing through August thirty-first. Appropriations made for school districts for each year of a biennium shall be apportioned according to the

schedule set forth in this section for the fiscal year starting September 1st of the then calendar year and ending August 31st of the next calendar year. The apportionment from the state general fund for each month shall be an amount which will equal the amount due and apportionable to the several educational service districts during such month: PROVIDED, That any school district may petition the superintendent of public instruction for an emergency advance of funds which may become apportionable to it but not to exceed ten percent of the total amount to become due and apportionable during the school districts apportionment year. If the superintendent determines in the affirmative, he or she may approve such advance and, at the same time, add such an amount to the apportionment for the educational service district in which the school district is located: PROVIDED, That the emergency advance of funds and the interest earned by school districts on the investment of temporary cash surpluses resulting from obtaining such advance of state funds shall be deducted by the superintendent of public instruction from the remaining amount apportionable to said districts during that apportionment year in which the funds are advanced. Allocations to school districts of state funds provided by RCW 28A.525.160 through 28A.525.182 shall be made by the state board of education and the amount of state assistance to a school district in financing a school plant project shall be determined in the following manner:

PROVIDED, That in the event the percentage of state assistance to any school district based on the above formula is less than twenty percent and such school district is otherwise eligible for state assistance under RCW 28A.525.160 through 28A.525.182, the state board of education may establish for such district a percentage of state assistance not in excess of twenty percent of the approved cost of the project, if the state board finds that such additional assistance is necessary to provide minimum facilities for housing the pupils of the district.

(3) In addition to the computed percent of state assistance developed in (2) above, a school district shall be entitled to additional percentage points determined by the average percentage of growth for the past three years. One percent shall be added to the computed percent of state assistance for each percent of growth, with a maximum of twenty percent.

(4) The approved cost of the project determined in the manner herein prescribed times the percentage of state assistance derived as provided for herein shall be the amount of state assistance to the district for the financing of the project: PROVIDED, That need therefor has been established to the satisfaction of the state board of education: PROVIDED, FURTHER, That additional state assistance may be allowed if it is found by the state board of education that such assistance is necessary in order to meet (a) a school housing emergency resulting from the destruction of a school building by fire, the condemnation of a school building by properly constituted authorities, a sudden excessive and clearly foreseeable future increase in school population, or other conditions similarly emergent in nature; or (b) a special school housing burden imposed by virtue of the admission of nonresident students into educational programs established, maintained and operated in conformity with the requirements of law; or (c) a deficiency in the capital funds of the district resulting from financing, subsequent to April 1, 1969, and without benefit of the state assis-

28A.600.410 Alternatives to suspension—Encouraged. School districts are encouraged to find alternatives to suspension including reducing the length of a student's suspension conditioned by the commencement of counseling or other treatment services. Consistent with current law, the conditioning of a student's suspension does not obligate the school district to pay for the counseling or other treatment services except for those stipulated and agreed to by the district at the inception of the suspension. (5) This section does not apply to:

(a) Any student while engaged in military education authorized by school authorities in which rifles are used but not other firearms; or

28A.623.030	Nonprofit program for certain children and students—Conditions and restrictions.

28A.623.010 Nonprofit program for elderly—Purpose. The legislature finds that many elderly persons suffer dietary deficiencies and malnutrition due to inadequate financial resources, immobility, lack of interest due to isolation and loneliness, and characteristics of the aging process, such as physiological, social, and psychological changes which result in a way of life too often leading to feelings of rejection, abandonment, and despair. There is a real need as a matter of public policy to provide the elderly citizens with adequate nutritionally sound meals, through which their isolation may be penetrated with the company and the social contacts of their own. It is the declared purpose of RCW 28A.235.120, 28A.623.010, and 28A.623.020 to raise the level of dignity of the aged population where their remaining years can be lived in a fulfillment equal to the benefits they have bestowed, the richness they have added, and the great part they have played in the life of our society and nation. [1990 c 33 § 511; 1973 c 107 § 1. Formerly RCW 28A.58.720.]

(3) Any nonprofit meal program established pursuant to RCW 28A.235.120, 28A.623.010, and 28A.623.020 may not be operated so as to interfere with the normal educational process within the schools.

(4) No school district funds may be used for the operation of such a meal program.

(5) For purposes of RCW 28A.235.120, 28A.623.010, and 28A.623.020, "elderly persons" shall mean persons who are at least sixty years of age. [1990 c 33 § 512; 1973 c 107 § 3. Formerly RCW 28A.58.722.]

28A.623.030 Nonprofit program for certain children and students—Conditions and restrictions. The board of directors of any school district may establish or allow for the establishment of a nonprofit meal program using school facilities for feeding children who are participating in educational programs or activities conducted by private, nonprofit organizations and entities and students who are attending private elementary and secondary schools, and may authorize the extension of any school food services for the purpose of feeding such children and students, subject to the following conditions and restrictions:

(1) The charge to such persons, organizations, entities or schools for each meal shall be not less than the actual cost of such meal to the school, inclusive of a reasonable charge for overhead and the value of the use of the facilities.

28A.625.030 Washington State Christa McAuliffe award for teachers. The award for teachers under the Washington award for excellence in education program shall be named the "Washington State Christa McAuliffe Award, in honor and memory of Sharon Christa Corrigan McAuliffe." As the first teacher and private citizen selected nationally to voyage into space, Christa McAuliffe exemplified what is exciting and positive about the teaching profession. Her contributions within the scope of the nation's education system helped to show that education can and should be a vital and dynamic experience for all participants. Christa McAuliffe's chosen profession encompasses learning by discovery and her desire to make new discoveries was reflected by her participation in the nation's space program.

The selection of Christa McAuliffe as the first teacher in space was directly linked to Washington state in that then superintendent of public instruction Dr. Frank Brouillet both appointed and served as a member of the national panel which selected Christa McAuliffe.

The tragic loss of the life of Christa McAuliffe on the flight of the space shuttle Challenger on January 28, 1986, will be remembered through the legacy she gave to her family, friends, relatives, students, colleagues, the education profession, and the nation: A model example of striving toward excellence. 28A.625.200 Findings and intent. The legislature finds that high technology is important to the state's economy and the welfare of its citizens. The legislature finds that certain groups, as characterized by sex or ethnic background, are traditionally underrepresented in mathematics, engineer-

ing, and the science-related professions in this state. The legislature finds that women and minority students have been traditionally discouraged from entering the fields of science and mathematics including teaching in these fields. The legislature finds that attitudes and knowledges acquired during the kindergarten through eighth grade prepare students to succeed in high school science and mathematics programs and that special skills necessary for these fields need to be acquired during the ninth through twelfth grades. It is the intent of the legislature to promote a mathematics, engineering, and science achievement program to help increase the number of people in these fields and teaching in these fields from groups underrepresented in these fields. [1989 c 66 § 1; 1984 c 265 § 1. Formerly RCW 28A.03.430.]

Implementation—Funding required—1984 c 265: "Implementation of this act shall be subject to funds being appropriated or otherwise available for such purposes." [1984 c 265 § 6.]

28A.625.210 Mathematics, engineering, and science achievement program—Establishment and administration through University of Washington—Goals. A program to increase the number of people from groups underrepresented in the fields of mathematics, engineering, and the physical sciences in this state shall be established by the University of Washington. The program shall be administered through the University of Washington and designed to:

(1) Encourage students in the targeted groups in the common schools, with a particular emphasis on those students in middle and junior high schools and the sixth through twelfth grades, to acquire the academic skills needed to study mathematics, engineering, or related sciences at an institution of higher education;

(2) Promote the awareness of career opportunities including the career opportunities of teaching in the fields of science and mathematics and the skills necessary to achieve those opportunities among students sufficiently early in their educational careers to permit and encourage the students to acquire the skills;

(3) Promote cooperation among institutions of higher education, the superintendent of public instruction and local school districts in working towards the goals of the program; and

(4) Solicit contributions of time and resources from public and private institutions of higher education, high schools, middle and junior high schools, and private business and industry. [1990 c 286 § 1; 1989 c 66 § 2; 1984 c 265 § 2. Formerly RCW 28A.03.432.]

Implementation—Funding required—1984 c 265: See note following RCW 28A.625.200.

28A.625.220 Mathematics, engineering, and science achievement program—Coordinator—Staff. A coordinator shall be hired to administer the program. Additional staff as necessary may be hired. [1984 c 265 § 3. Formerly RCW 28A.03.434.]

Implementation—Funding required—1984 c 265: See note following RCW 28A.625.200.

28A.625.230 Coordinator to develop selection standards. The coordinator shall develop standards and criteria for selecting students who participate in the program

which may include predictive instruments to ascertain aptitude and probability of success. The standards shall include requirements that students take certain courses, maintain a certain grade point average, and participate in activities sponsored by the program. Women and students from minority groups, which are traditionally underrepresented in mathematics and science-related professions and which meet the requirements established by the coordinator shall be selected. [1984 c 265 § 4. Formerly RCW 28A.03.436.]

Implementation—Funding required—1984 c 265: See note following RCW 28A.625.200.

28A.625.240 Local program centers. The coordinator shall establish local program centers throughout the state to implement RCW 28A.625.210 through 28A.625.230. Each center shall be managed by a center director. Additional staff as necessary may be hired. [1990 c 33 § 521; 1984 c 265 § 5. Formerly RCW 28A.03.438.]

Implementation—Funding required—1984 c 265: See note following RCW 28A.625.200.

SCHOOL IMPROVEMENT AND RESEARCH PROJECTS

28A.625.350 Short title. RCW 28A.625.360 through 28A.625.390 may be known and cited as the Washington award for excellence in teacher preparation act. [1990 1st ex.s. c 10 § 1.]

Finding—1990 1st ex.s. c 10: "The legislature finds that excellence in teacher preparation requires increased cooperation and coordination between institutions of higher education and school districts as it relates to the preparation of students into the profession of teaching. The legislature further finds that an increase in the level of such cooperation and coordination in selecting, training, and supervising excellent "cooperating" teachers, and the development of new school and university partnerships, will be beneficial to the teaching profession, and will enhance the ability of all new teachers to perform at a more competent level during their initial teaching experience." [1990 1st ex.s. c 10 § 6.]

28A.625.360 Excellence in teacher preparation award established. (1) The state board of education shall establish an annual award program for excellence in teacher preparation to recognize higher education teacher educators for their leadership, contributions, and commitment to education.

(2) The program shall recognize annually one teacher preparation faculty member from one of the teacher preparation programs approved by the state board of education. [1990 1st ex.s. c 10 § 2.]

Finding—1990 1st ex.s. c 10: See note following RCW 28A.625.350.

28A.625.370 Award for teacher educator. The award for the teacher educator shall include:

(1) A certificate presented to the teacher educator by the governor, the president of the state board of education, and the superintendent of public instruction at a public ceremony; and

(2) A grant to the professional education advisory board of the institution from which the teacher educator is selected, which grant shall not exceed two thousand five hundred

dollars and which grant shall be awarded under RCW 28A.625.390. [1990 1st ex.s. c 10 § 3.]

These rules shall include establishing the selection criteria for the Washington award for excellence in teacher preparation. The state board of education is encouraged to consult with teacher educators, deans, and professional education advisory board members in developing the selection criteria. The criteria shall include any role performed by nominees relative to implementing innovative developments by the nominee's teacher preparation program and efforts the nominee has made to assist in communicating with legislators, common school teachers and administrators and others about the nominee's teacher preparation program. [1990 1st ex.s. c 10 § 4.]

Finding—1990 1st ex.s. c 10: See note following RCW 28A.625.350.

28A.625.390 Educational grant—Eligibility—Award. The professional education advisory board for the institution from which the teacher educator has been selected to receive an award shall be eligible to apply for an educational grant as provided under RCW 28A.625.370. The state board of education shall award the grant after the state board has approved the grant application as long as the written grant application is submitted to the state board within one year after the award is received by the teacher educator. The grant application shall identify the educational purpose toward which the grant shall be used. [1990 1st ex.s. c 10 § 5.]

28A.630.840 Special services demonstration project funding. (*Expires September 1, 2001.*) (1) Funding used in demonstration projects may include state, federal, and local funds, as determined by the district.

(2) State special education allocations shall be calculated for districts with demonstration projects according to the special education funding formula in use for other districts, except for the provisions of RCW 28A.630.845 and with the following changes:

(a) Funding for school districts that had pilot projects approved under section 13, chapter 233, Laws of 1989, and that were participating in projects under this section on January 31, 1992, shall be based for the duration of a project on four percent of the kindergarten through twelfth grade enrollment considered as specific learning disabled, without regard to the actual number of students so identified. The legislature recognizes the importance of continuing and developing the pilot projects.

(b) The funding percentages for districts with demonstration projects specified in (a) of this subsection and in RCW 28A.630.845 shall be used to adjust basic education allocations under RCW 28A.150.260 and learning assistance program allocations under RCW 28A.165.070.

(c) State special education allocations up to the level required by federal maintenance of effort rules shall be expended for special education services to students with disabilities. Allocations greater than the amount needed to comply with federal maintenance of effort rules may at the option of the district be designated as noncategorical project funds and may be expended on services to any student served in the project.

(3) Learning assistance program allocations shall be calculated for districts with demonstration projects according to the funding formula in use for other districts, except that any increases in the district allocation above the fiscal year 1991 amount shall be designated as noncategorical project funds and may be expended on services to any student served in the project.

(4) Transitional bilingual program allocations shall be calculated for districts with demonstration projects according to the funding formula in use for other districts, except that any increases in the district allocation above the fiscal year 1991 amount shall be designated as noncategorical project funds and may be expended on services to any student served in the project.

(5) Expenditures of noncategorical project funds under subsections (2)(c), (3), and (4) of this section shall be accounted for in new and discrete program or subprogram codes designated by the superintendent of public instruction. The codes shall take effect by September 1, 1991. [1995 c 77 § 29; 1994 c 13 § 6; 1992 c 180 § 2; 1991 c 265 § 5.]

Expiration date of RCW 28A.630.820 through 28A.630.845: See RCW 28A.630.850.

28A.630.845 Demonstration projects that reduce percentage of students labeled disabled—Funding. (*Expires September 1, 2001.*) (1) The legislature finds that

the state system of funding special education has fiscal incentives to label children as disabled and that unnecessary labeling can be detrimental to children. The legislature encourages demonstration projects that provide needed services without unnecessary labeling. To test this approach, the legislature intends to maintain the funding level for innovative special services programs that reduce the incidence of unnecessary labeling.

(2) School districts may propose demonstration projects under this subsection to provide needed services and achieve major reductions in the percentage of district students labeled as disabled in one or more specified categories. State special education funding for districts with such projects shall be based for the duration of the project on the average percentage of the kindergarten through twelfth grade enrollment in the specified categories during the school year before the start of the project.

(3) School districts with specific learning disabled enrollment at or above four percent of the district's kindergarten through twelfth grade enrollment may propose demonstration projects under this subsection to provide needed services and reduce unnecessary labeling to below the four percent level. When the specific learning disabled enrollment is below the four percent level, funding for the district shall be based on four percent of the kindergarten through twelfth grade enrollment considered as specific learning disabled, without regard to the actual number of students so identified.

(4) Funding under subsections (2) and (3) of this section is contingent on the following: (a) The funding is spent on children needing special services; and (b) the overall percentage of first through twelfth grade students in the district labeled as disabled declines each year of the project, excluding students with disabilities who transfer into the district. [1995 c 77 § 30; 1994 c 13 § 1; 1992 c 180 § 3.]

Expiration date—1995 c 77 §§ 28-30: See note following RCW 28A.630.835.

Expiration date of RCW 28A.630.820 through 28A.630.845: See RCW 28A.630.850.

28A.630.850 Expiration date of RCW 28A.630.820 through 28A.630.845. RCW 28A.630.820 through 28A.630.845 shall expire September 1, 2001. [1994 c 13 § 2; 1991 c 265 § 7.]

28A.630.853 Effective date—1994 c 13. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately [March 21, 1994]. [1994 c 13 § 7.]

SCHOOL-TO-WORK TRANSITIONS PROGRAM

28A.630.861 School-to-work transitions program—Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout RCW 28A.630.862 through 28A.630.880.

(1) "Integration of vocational and academic instruction" means an educational program that combines vocational and academic concepts into a single curriculum to increase the relevancy of course work, to strengthen and increase

academic standards, and to enable students to apply knowledge and skills to career and educational objectives.

(2) "School-to-work transition" means a restructuring effort which provides multiple learning options and seamless integrated pathways to increase all students' opportunities to pursue their career and educational interests.

(3) "Work-based learning" means a competency-based educational experience that coordinates and integrates classroom instruction with structured, work site employment in which the student receives occupational training that advances student knowledge and skills in essential academic learning requirements. [1993 c 335 § 11.]

Findings—Effective date—1993 c 335: See notes following RCW 28A.630.862.

28A.630.862 School-to-work transitions program. (Expires June 30, 1999.) There is established in the office of the superintendent of public instruction a school-to-work transitions program which shall fund and coordinate projects to develop model secondary school programs. The projects shall combine academic and vocational education into a single instructional system that is responsive to the educational needs of all students in secondary schools and shall provide multiple educational pathway options for all secondary students. Goals of the projects within the program shall include at a minimum:

(1) Integration of vocational and academic instructional curriculum into a single curriculum;

(2) Providing each student with a choice of multiple, flexible educational pathways based on the student's career or interest area;

(3) Emphasis on increased vocational and academic guidance and counseling for students as an essential component of the student's high school experience;

(4) Development of student essential academic learning requirements, methods of accurately measuring student performance, and goals for improved student learning;

(5) Partnership with local employers and employees to incorporate work sites as part of work-based learning experiences;

(6) Active participation of educators in the planning, implementation, and operation of the project, including increased opportunities for professional development and in-service training; and

(7) Active participation by employers, private and public community service providers, parents, and community members in the development and operation of the project. [1993 c 335 § 2; 1992 c 137 § 2.]

Findings—1993 c 335: "(1) The legislature finds that demonstrated relevancy and practical application of school work is essential to improving student learning and to increasing the ability of students to transition successfully to the world of work. Employers have an increasing need for highly skilled people whether they are graduating from high school, a community college, a four-year university, or a technical college.

(2) The legislature further finds that the school experience must prepare students to make informed career direction decisions at appropriate intervals in their educational progress. The elimination of rigid tracking into educational programs will increase students' posthigh school options and will expose students to a broad range of interrelated career and educational opportunities.

(3) The legislature further finds that student motivation and performance can be greatly increased by the demonstration of practical application of course work content and its relevancy to potential career directions.

(4) The legislature further finds that secondary schools should provide students with multiple, flexible educational pathways. Each educational pathway should:

- (a) Prepare students to demonstrate both core competencies common for all students and competencies in a career or interest area;
- (b) Integrate academic and vocational education into a single curriculum; and
- (c) Provide both classroom and workplace experience.

(5) The purpose of RCW 28A.630.862 through 28A.630.880 and 28A.630.861 is to equip students with improved school-to-work transition opportunities through the establishment of school-to-work transition model projects throughout the state." [1993 c 335 § 1.]

Effective date—1993 c 335: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately [May 12, 1993]." [1993 c 335 § 14.]

Expiration date—1992 c 137: "Sections 1 through 12 of this act shall expire June 30, 1999." [1992 c 137 § 14.]

Severability—1992 c 137: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1992 c 137 § 15.]

Conflict with federal requirements—1992 c 137: "If any part of this act is found to be in conflict with federal requirements that are a prescribed condition to the allocation of federal funds to the state, the conflicting part of this act is inoperative solely to the extent of the conflict and with respect to the agencies directly affected, and this finding does not affect the operation of the remainder of this act in its application to the agencies concerned. The rules under this act shall meet federal requirements that are a necessary condition to the receipt of federal funds by the state." [1992 c 137 § 16.]

28A.630.864 School-to-work transitions program—Selection of projects—Evaluation of program. (Expires June 30, 1999.) (1) The superintendent of public instruction shall develop a process for schools or school districts to apply to participate in the school-to-work transitions program. The office of the superintendent of public instruction shall review and select projects for grant awards, and monitor and evaluate the program.

(2) The superintendent of public instruction, in selecting projects for grant awards, shall give additional consideration to schools or school districts whose proposals include collaboration with middle schools or junior high schools to develop school-to-work transition objectives. Middle school or junior high school programs may include career awareness and exploration, preparation for school-to-school transition, and preparation for educational pathway decisions.

(3) The superintendent of public instruction, in selecting projects for grant awards, shall give additional consideration to schools or school districts whose proposals include a tech prep site selected under P.L. 101-392 or other articulation agreements with a community or technical college.

(4) The superintendent of public instruction, in selecting projects for grant awards, shall give additional consideration to schools or school districts whose proposals include the following elements: Paid student employment in an occupational area with growing labor market demand, instruction on the job from a mentor, demonstration of competency standards for program completion, and a contract to be signed by the participating student, the student's parent or legal guardian, the participating employer, and an education representative.

(5) The superintendent of public instruction and the state board of education may develop a process for teacher preparation programs to apply to participate in the school-to-

work transitions program. The office of the superintendent of public instruction and the state board of education may review and select projects for grant awards. Schools that demonstrate the relevancy and practical application of course work will expose students to a broad range of interrelated career and educational opportunities and will expand students' posthigh school options.

(3) The school-to-work transitions program, under chapter 335, Laws of 1993, is intended to help secondary schools develop model programs for school-to-work transitions. The purposes of the model programs are to provide incentives for selected schools to:

(b) Provide each student with a choice of multiple, flexible educational pathways based on the student's career interest areas;

(c) Emphasize increased vocational and academic guidance and counseling for students;

COMMISSION ON STUDENT LEARNING

28A.630.883 Washington commission on student learning—Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout RCW 28A.630.885 and 28A.300.130.

(1) "Commission" means the commission on student learning created in RCW 28A.630.885.

(2) "Student learning goals" mean[s] the goals established in RCW 28A.150.210.

(3) "Essential academic learning requirements" means more specific academic and technical skills and knowledge, based on the student learning goals, as determined under RCW 28A.630.885(3)(a). Essential academic learning requirements shall not limit the instructional strategies used by schools or school districts or require the use of specific curriculum.

(4) "Performance standards" or "standards" means the criteria used to determine if a student has successfully learned the specific knowledge or skill being assessed as determined under RCW 28A.630.885(3)(b). The standards should be set at internationally competitive levels.

(5) "Assessment system" or "student assessment system" means a series of assessments used to determine if students have successfully learned the essential academic learning requirements. The assessment system shall be developed under RCW 28A.630.885(3)(b).

(6) "Performance-based education system" means an education system in which a significantly greater emphasis is placed on how well students are learning, and significantly less emphasis is placed on state-level laws and rules that dictate how instruction is to be provided. The performance-based education system does not require that schools use an outcome-based instructional model. Decisions regarding how instruction is provided are to be made, to the greatest extent possible, by schools and school districts, not by the state. [1993 c 336 § 201.]

Findings—Intent—Part headings not law—1993 c 336: See notes following RCW 28A.150.210.

Findings—1993 c 336: See note following RCW 28A.630.879.

28A.630.885 Washington commission on student learning—Advisory committees—Essential academic learning requirements—State-wide academic assessment system—Certificate of mastery—Accountability—Reports to the legislature (as amended by 1995 c 209). (Expires June 30, 1999.) (1) The Washington commission on student learning is hereby established. The primary purposes of the commission are to identify the knowledge and skills all public school students need to know and be able to do based on the student learning goals in RCW 28A.150.210, to develop student assessment and school accountability systems, and to take other steps necessary to develop a performance-based education system. The commission shall include three members of the state board of education, three members appointed by the governor before July 1, 1992, and five members appointed no later than June 1, 1993, by the governor elected in the November 1992 election. The governor shall appoint a chair from the commission members, and fill any vacancies in gubernatorial appointments that may occur. The state board of education shall fill any vacancies of state board of education appointments that may occur. In making the appointments, educators, business leaders, and parents shall be represented, and nominations from state-wide education, business, and parent organizations shall be requested. Efforts shall be made to ensure that the commission reflects the racial and ethnic diversity of the state's K-12 student population and that the major geographic regions in the state are represented. Appointees shall be qualified individuals who are supportive of educational restructuring, who have a positive record of service, and who will devote sufficient time to the responsibilities of the commission to ensure that the objectives of the commission are achieved.

(2) The commission shall establish advisory committees. Membership of the advisory committees shall include, but not necessarily be limited to, professionals from the office of the superintendent of public instruction and the state board of education, and other state and local educational practitioners and student assessment specialists.

(3) The commission, with the assistance of the advisory committees, shall:

(a) Develop essential academic learning requirements based on the student learning goals in RCW 28A.150.210. Essential academic learning requirements shall be developed, to the extent possible, for each of the student learning goals in RCW 28A.150.210. Goals one and two shall be considered primary. Essential academic learning requirements for RCW 28A.150.210(1), goal one, and the mathematics component of RCW 28A.150.210(2), goal two, shall be completed no later than March 1, 1995. Essential academic learning requirements that incorporate the remainder of RCW 28A.150.210 (2), (3), and (4), goals two, three, and four, shall be completed no later than March 1, 1996. To the maximum extent possible, the commission shall integrate goal four and the knowledge and skill areas in the other goals in the development of the essential academic learning requirements;

(b)(i) The commission shall present to the state board of education and superintendent of public instruction a state-wide academic assessment system for use in the elementary, middle, and high school years designed to determine if each student has mastered the essential academic learning requirements identified in (a) of this subsection. The academic assessment system shall include a variety of assessment methods, including performance-based measures that are criterion-referenced. Performance standards for determining if a student has successfully completed an assessment shall be initially determined by the commission in consultation with the advisory committees required in subsection (2) of this section.

(ii) The assessment system shall be designed so that the results under the assessment system are used by educators as tools to evaluate instructional practices, and to initiate appropriate educational support for students who have not mastered the essential academic learning requirements at the appropriate periods in the student's educational development.

(iii) Assessments measuring the essential academic learning requirements developed for RCW 28A.150.210(1), goal one, and the mathematics component of RCW 28A.150.210(2), goal two, shall be initially implemented by the state board of education and superintendent of public instruction no later than the 1996-97 school year, unless the legislature takes action to delay or prevent implementation of the assessment system and essential academic learning requirements. Assessments measuring the essential academic learning requirements developed for RCW 28A.150.210 (2), (3), and (4), goals two, three, and four, shall be initially implemented by the state board of education and superintendent of public instruction no later

than the ((1997-98)) 1998-99 school year, unless the legislature takes action to delay or prevent implementation of the assessment system and essential academic learning requirements. To the maximum extent possible, the commission shall integrate knowledge and skill areas in development of the assessments.

(iv) Before the 2000-2001 school year, participation by school districts in the assessment system shall be optional. School districts that desire to participate before the 2000-2001 school year shall notify the superintendent of public instruction in a manner determined by the superintendent. Beginning in the 2000-2001 school year, all school districts shall be required to participate in the assessment system.

(v) The state board of education and superintendent of public instruction may modify the essential academic learning requirements and academic assessment system, as needed, in subsequent school years.

(vi) The commission shall develop assessments that are directly related to the essential academic learning requirements, and are not biased toward persons with different learning styles, racial or ethnic backgrounds, or on the basis of gender;

(c) After a determination is made by the state board of education that the high school assessment system has been implemented and that it is sufficiently reliable and valid, successful completion of the high school assessment shall lead to a certificate of mastery. The certificate of mastery shall be obtained by most students at about the age of sixteen, and is evidence that the student has successfully mastered the essential academic learning requirements during his or her educational career. The certificate of mastery shall be required for graduation but shall not be the only requirement for graduation. The commission shall make recommendations to the state board of education regarding the relationship between the certificate of mastery and high school graduation requirements. Upon achieving the certificate of mastery, schools shall provide students with the opportunity to continue to pursue career and educational objectives through educational pathways that emphasize integration of academic and vocational education. Educational pathways may include, but are not limited to, programs such as work-based learning, school-to-work transition, tech prep, vocational-technical education, running start, and preparation for technical college, community college, or university education;

(d) Consider methods to address the unique needs of special education students when developing the assessments in (b) and (c) of this subsection;

(e) Consider methods to address the unique needs of highly capable students when developing the assessments in (b) and (c) of this subsection;

(f) Develop recommendations on the time, support, and resources, including technical assistance, needed by schools and school districts to help students achieve the essential academic learning requirements. These recommendations shall include an estimate for the legislature, superintendent of public instruction, and governor on the expected cost of implementing the academic assessment system;

(g) Develop recommendations for consideration by the higher education coordinating board for adopting college and university entrance requirements for public school students that are consistent with the essential academic learning requirements and the certificate of mastery;

(h) By ((December 1, 1998)) June 30, 1999, recommend to the legislature, governor, state board of education, and superintendent of public instruction:

(i) A state-wide accountability system to monitor and evaluate accurately and fairly the level of learning occurring in individual schools and school districts. The accountability system shall be designed to recognize the characteristics of the student population of schools and school districts such as gender, race, ethnicity, socioeconomic status, and other factors. The system shall include school-site, school district, and state-level accountability reports;

(ii) A school assistance program to help schools and school districts that are having difficulty helping students meet the essential academic learning requirements;

(iii) A system to intervene in schools and school districts in which significant numbers of students persistently fail to learn the essential academic learning requirements; and

(iv) An awards program to provide incentives to school staff to help their students learn the essential academic learning requirements, with each school being assessed individually against its own baseline. Incentives shall be based on the rate of percentage change of students achieving the essential academic learning requirements. School staff shall determine how the awards will be spent.

It is the intent of the legislature to begin implementation of programs in this subsection (3)(h) on September 1, 2000;

(i) Report annually by December 1st to the legislature, the governor, the superintendent of public instruction, and the state board of education on the progress, findings, and recommendations of the commission; and

(j) Make recommendations to the legislature and take other actions necessary or desirable to help students meet the student learning goals.

(4) The commission shall coordinate its activities with the state board of education and the office of the superintendent of public instruction.

(5) The commission shall seek advice broadly from the public and all interested educational organizations in the conduct of its work, including holding periodic regional public hearings.

(6) The commission shall select an entity to provide staff support and the office of the superintendent of public instruction shall provide administrative oversight and be the fiscal agent for the commission. The commission may direct the office of the superintendent of public instruction to enter into subcontracts, within the commission's resources, with school districts, teachers, higher education faculty, state agencies, business organizations, and other individuals and organizations to assist the commission in its deliberations.

(7) Members of the commission shall be reimbursed for travel expenses as provided in RCW 43.03.050 and 43.03.060. [1995 c 209 § 1; 1994 c 245 § 13. Prior: 1993 c 336 § 202; 1993 c 334 § 1; 1992 c 141 § 202.]

Discrimination—Separation of sexes in dormitories, residence halls, etc.: RCW 49.60.222.

28A.640.010 Purpose—Discrimination prohibited. Inequality in the educational opportunities afforded women and girls at all levels of the public schools in Washington state is a breach of Article XXXI, section 1, Amendment 61, of the Washington state Constitution, requiring equal treatment of all citizens regardless of sex. This violation of rights has had a deleterious effect on the individuals affected and on society. Recognizing the benefit to our state and nation of equal educational opportunities for all students, discrimination on the basis of sex for any student in grades K-12 of the Washington public schools is prohibited. [1975 1st ex.s. c 226 § 1. Formerly RCW 28A.85.010.]

Severability—1975 1st ex.s. c 226: "If any provision of this act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected." [1975 1st ex.s. c 226 § 8.]

28A.640.020 Regulations, guidelines to eliminate discrimination—Scope—Sexual harassment policies. (1) The superintendent of public instruction shall develop regulations and guidelines to eliminate sex discrimination as it applies to public school employment, counseling and guidance services to students, recreational and athletic

activities for students, access to course offerings, and in textbooks and instructional materials used by students.

(a) Specifically with respect to public school employment, all schools shall be required to:

(i) Maintain credential requirements for all personnel without regard to sex;

(ii) Make no differentiation in pay scale on the basis of sex;

(iii) Assign school duties without regard to sex except where such assignment would involve duty in areas or situations, such as but not limited to a shower room, where persons might be disrobed;

(iv) Provide the same opportunities for advancement to males and females; and

(v) Make no difference in conditions of employment including, but not limited to, hiring practices, leaves of absence, hours of employment, and assignment of, or pay for, instructional and noninstructional duties, on the basis of sex.

(b) Specifically with respect to counseling and guidance services for students, they shall be made available to all students equally. All certificated personnel shall be required to stress access to all career and vocational opportunities to students without regard to sex.

(c) Specifically with respect to recreational and athletic activities, they shall be offered to all students without regard to sex. Schools may provide separate teams for each sex. Schools which provide the following shall do so with no disparities based on sex: Equipment and supplies; medical care; services and insurance; transportation and per diem allowances; opportunities to receive coaching and instruction; laundry services; assignment of game officials; opportunities for competition, publicity and awards; scheduling of games and practice times including use of courts, gyms, and pools: PROVIDED, That such scheduling of games and practice times shall be determined by local administrative authorities after consideration of the public and student interest in attending and participating in various recreational and athletic activities. Each school which provides showers, toilets, or training room facilities for athletic purposes shall provide comparable facilities for both sexes. Such facilities may be provided either as separate facilities or shall be scheduled and used separately by each sex.

The superintendent of public instruction shall also be required to develop a student survey to distribute every three years to each local school district in the state to determine student interest for male/female participation in specific sports.

(d) Specifically with respect to course offerings, all classes shall be required to be available to all students without regard to sex: PROVIDED, That separation is permitted within any class during sessions on sex education or gym classes.

(e) Specifically with respect to textbooks and instructional materials, which shall also include, but not be limited to, reference books and audio-visual materials, they shall be required to adhere to the guidelines developed by the superintendent of public instruction to implement the intent of this chapter: PROVIDED, That this subsection shall not be construed to prohibit the introduction of material deemed appropriate by the instructor for educational purposes.

(2)(a) By December 31, 1994, the superintendent of public instruction shall develop criteria for use by school districts in developing sexual harassment policies as required under (b) of this subsection. The criteria shall address the subjects of grievance procedures, remedies to victims of sexual harassment, disciplinary actions against violators of the policy, and other subjects at the discretion of the superintendent of public instruction. Disciplinary actions must conform with collective bargaining agreements and state and federal laws. The superintendent of public instruction also shall supply sample policies to school districts upon request.

(b) By June 30, 1995, every school district shall adopt and implement a written policy concerning sexual harassment. The policy shall apply to all school district employees, volunteers, parents, and students, including, but not limited to, conduct between students.

(c) School district policies on sexual harassment shall be reviewed by the superintendent of public instruction considering the criteria established under (a) of this subsection as part of the monitoring process established in RCW 28A.640.030.

(d) The school district's sexual harassment policy shall be conspicuously posted throughout each school building, and provided to each employee. A copy of the policy shall appear in any publication of the school or school district setting forth the rules, regulations, procedures, and standards of conduct for the school or school district.

(e) Each school shall develop a process for discussing the district's sexual harassment policy. The process shall ensure the discussion addresses the definition of sexual harassment and issues covered in the sexual harassment policy.

(f) "Sexual harassment" as used in this section means unwelcome sexual advances, requests for sexual favors, sexually motivated physical contact, or other verbal or physical conduct or communication of a sexual nature if:

(i) Submission to that conduct or communication is made a term or condition, either explicitly or implicitly, of obtaining an education or employment;

(ii) Submission to or rejection of that conduct or communication by an individual is used as a factor in decisions affecting that individual's education or employment; or

(iii) That conduct or communication has the purpose or effect of substantially interfering with an individual's educational or work performance, or of creating an intimidating, hostile, or offensive educational or work environment. 28A.640.030 Administration. 28A.650.005 Findings—Intent. The legislature recognizes that up-to-date tools will help students learn. Workplace technology requirements will continue to change and students should be knowledgeable in the use of technologies.

Furthermore, the legislature finds that the Washington systemic initiative is a broad-based effort to promote widespread public literacy in mathematics, science, and technology. An important component of the systemic initiative is the universal electronic access to information by students. It is the intent of the legislature that components of RCW 28A.650.010 through 28A.650.025 will support the state-wide systemic reform effort in mathematics, science, and technology as envisioned by the Washington systemic initiative. [1993 c 336 § 701.]

(b) The continued development of a network to connect school districts, institutions of higher learning, and other sources of on-line information; and

(c) Methods to equitably increase the use of education technology by students and school personnel throughout the state.

(2) The superintendent of public instruction shall appoint an educational technology advisory committee to assist in the development and implementation of the technology plan in subsection (1) of this section. The committee shall include, but is not limited to, persons representing: The state board of education, the commission on student learning, the department of information services, educational service districts, school directors, school administrators, school principals, teachers, classified staff, higher education faculty, parents, students, business, labor, scientists and mathematicians, the higher education coordinating board, the work force training and education coordinating board, and the state

28A.650.025 Distribution of funds for regional educational technology support centers. The superintendent of public instruction, to the extent funds are appropriated, shall distribute funds to educational service districts on a grant basis for the regional educational technology support centers established in RCW 28A.650.020. [1993 c 336 § 706.]

28A.650.030 Distribution of funds to expand the education state-wide network. The superintendent of public instruction, to the extent funds are appropriated, shall distribute funds to the Washington school information processing cooperative and to school districts on a grant basis, from moneys appropriated for the purposes of this section, for equipment, networking, and software to expand the current K-12 education state-wide network. AGREEMENT ON QUALIFICATIONS OF PERSONNEL

Sections

28A.690.010	Compact entered into—Terms.
28A.690.020	Superintendent as "designated state official", compact administrator—Board to approve text of contracts.
28A.690.030	True copies of contracts filed in office of superintendent—Publication.

28A.690.010 Compact entered into—Terms. The Interstate Agreement on Qualifications of Educational Personnel is hereby enacted into law and entered into by this state with all other states legally joining therein in the form substantially as follows:

The contracting states solemnly agree that:

Article I

1. The states party to this Agreement, desiring by common action to improve their respective school systems by utilizing the teacher or other professional educational person wherever educated, declare that it is the policy of each of them, on the basis of cooperation with one another, to take advantage of the preparation and experience of such persons wherever gained, thereby serving the best interests of society, of education, and of the teaching profession. It is the purpose of this Agreement to provide for the development and execution of such programs of cooperation as will facilitate the movement of teachers and other professional educational personnel among the states party to it, and to authorize specific interstate educational personnel contracts to achieve that end.

2. The party states find that included in the large movement of population among all sections of the nation are many qualified educational personnel who move for family and other personal reasons but who are hindered in using their professional skill and experience in their new locations. Variations from state to state in requirements for qualifying educational personnel discourage such personnel from taking the steps necessary to qualify in other states. As a consequence, a significant number of professionally prepared and experienced educators is lost to our school systems. Facilitating the employment of qualified educational personnel, without reference to their states or origin, can increase the available educational resources. Participation in this compact can increase the availability of educational manpower.

Article II

As used in this Agreement and contracts made pursuant to it, unless the context clearly requires otherwise:

1. "Educational personnel" means persons who must meet requirements pursuant to state law as a condition of employment in educational programs.

2. "Designated state official" means the education official of a state selected by that state to negotiate and enter into, on behalf of his or her state, contracts pursuant to this Agreement.

3. "Accept," or any variant thereof, means to recognize and give effect to one or more determinations of another state relating to the qualifications of educational personnel in lieu of making or requiring a like determination that would otherwise be required by or pursuant to the laws of a receiving state.

4. "State" means a state, territory, or possession of the United States; the District of Columbia; or the Commonwealth of Puerto Rico.

5. "Originating State" means a state (and the subdivision thereof, if any) whose determination that certain educational personnel are qualified to be employed for specific duties in schools is acceptable in accordance with the terms of a contract made pursuant to Article III.

6. "Receiving State" means a state (and the subdivisions thereof) which accept educational personnel in accordance with the terms of a contract made pursuant to Article III.

Article III

1. The designated state official of a party state may make one or more contracts on behalf of his or her state with one or more other party states providing for the acceptance of educational personnel. Any such contract for the period of its duration shall be applicable to and binding on the states whose designated state officials enter into it, and the subdivisions of those states, with the same force and effect as if incorporated in this Agreement. A designated state official may enter into a contract pursuant to this Article only with states in which he or she finds that there are programs of education, certification standards or other acceptable qualifications that assure preparation or qualification of educational personnel on a basis sufficiently comparable, even though not identical to that prevailing in his or her own state.

2. Any such contract shall provide for:

(a) Its duration.

(b) The criteria to be applied by an originating state in qualifying educational personnel for acceptance by a receiving state.

(c) Such waivers, substitutions, and conditional acceptances as shall aid the practical effectuation of the contract without sacrifice of basic educational standards.

(d) Any other necessary matters.

3. No contract made pursuant to this Agreement shall be for a term longer than five years but any such contract may be renewed for like or lesser periods.

4. Any contract dealing with acceptance of educational personnel on the basis of their having completed an educational program shall specify the earliest date or dates on which originating state approval of the program or programs involved can have occurred. No contract made pursuant to this Agreement shall require acceptance by a receiving state of any persons qualified because of successful completion of a program prior to January 1, 1954.

5. The certification or other acceptance of a person who has been accepted pursuant to the terms of a contract shall not be revoked or otherwise impaired because the contract has expired or been terminated. However, any certificate or other qualifying document may be revoked or suspended on any ground which would be sufficient for revocation or suspension of a certificate or other qualifying document initially granted or approved in the receiving state.

6. A contract committee composed of the designated state officials of the contracting states or their representatives shall keep the contract under continuous review, study means of improving its administration, and report no less frequently than once a year to the heads of the appropriate education agencies of the contracting states.

Article IV

1. Nothing in this Agreement shall be construed to repeal or otherwise modify any law or regulation of a party state relating to the approval of programs of educational preparation having effect solely on the qualification of educational personnel within that state.

2. To the extent that contracts made pursuant to this Agreement deal with the educational requirements for the proper qualification of educational personnel, acceptance of a program of educational preparation shall be in accordance with such procedures and requirements as may be provided in the applicable contract.

Article V

The party states agree that:

1. They will, so far as practicable, prefer the making of multilateral contracts pursuant to Article III of this Agreement.

2. They will facilitate and strengthen cooperation in interstate certification and other elements of educational personnel qualification and for this purpose shall cooperate with agencies, organizations, and associations interested in certification and other elements of educational personnel qualification.

Article VI

The designated state officials of any party state may meet from time to time as a group to evaluate progress under the Agreement, and to formulate recommendations for changes.

Article VII

Nothing in this Agreement shall be construed to prevent or inhibit other arrangements or practices of any party state or states to facilitate the interchange of educational personnel.

Article VIII

1. This Agreement shall become effective when enacted into law by two states. Thereafter it shall become effective as to any state upon its enactment of this Agreement.

2. Any party state may withdraw from this Agreement by enacting a statute repealing the same, but no such withdrawal shall take effect until one year after the governor of the withdrawing state has given notice in writing of the withdrawal to the governors of all other party states.

3. No withdrawal shall relieve the withdrawing state of any obligation imposed upon it by a contract to which it is a party. The duration of contracts and the methods and conditions of withdrawal therefrom shall be those specified in their terms.

Article IX

This Agreement shall be liberally construed so as to effectuate the purposes thereof. The provisions of this Agreement shall be severable and if any phrase, clause, sentence, or provision of this Agreement is declared to be contrary to the constitution of any state or of the United States, or the application thereof to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this Agreement and the applicability thereof to any government, agency, person, or circumstance shall not be affected thereby. If this Agreement shall be held contrary to the constitution of any state participating therein, the Agreement shall remain in full force and effect as to the state affected as to all severable matters. The provisions of this title, Title 28A RCW, insofar as they are substantially the same as statutory provisions repealed by this chapter, and relating to the same subject matter, shall be construed as restatements and continuations, and not as new enactments. Nothing in this 1969 code revision of Title 28 RCW shall be construed as authorizing any new bond issues or new or additional appropriations of moneys but the bond issue authorizations herein contained shall be construed only as continuations of bond issues authorized by prior laws herein repealed and reenacted, and the appropriations of moneys herein contained are continued herein for historical purposes only and this 1969 act shall not be construed as a reappropriation thereof and no appropriation contained herein shall be deemed to be extended or revived hereby and such appropriation shall lapse or shall have lapsed in accordance with the original enactment: PROVIDED, That this 1969 act shall not operate to terminate, extend or otherwise affect any appropriation for the biennium commencing July 1, 1967, and ending June 30, 1969. [1969 ex.s. c 223 § 28A.98.030. Formerly RCW 28A.98.030.]

28A.900.040 Provisions to be construed in pari materia. The provisions of this title, Title 28A RCW, shall be construed in pari materia even though as a matter of prior legislative history they were not originally enacted in the same statute. The provisions of this title shall also be construed in pari materia with the provisions of Title 28B RCW, and with other laws relating to education. This section shall not operate retroactively. [1969 ex.s. c 223 § 28A.98.040. Formerly RCW 28A.98.040.]

28A.900.050 Title, chapter, section headings not part of law. Title headings, chapter headings, and section or subsection headings, as used in this title, Title 28A RCW, do not constitute any part of the law. [1969 ex.s. c 223 § 28A.98.050. Formerly RCW 28A.98.050.]

28A.900.060 Invalidity of part of title not to affect remainder. If any provision of this title, Title 28A RCW, or its application to any person or circumstance is held invalid, the remainder of the title, or the application of the provision to other persons or circumstances is not affected. [1969 ex.s. c 223 § 28A.98.060. Formerly RCW 28A.98.060.]

28A.900.070 "This code" defined. As used in this title, Title 28A RCW, "this code" means Titles 28A and 28B RCW. [1969 ex.s. c 223 § 28A.98.070. Formerly RCW 28A.98.070.]

28A.900.080 Effective date—1969 ex.s. c 223. Title 28A RCW shall be effective July 1, 1970. [1969 ex.s. c 223 § 28A.98.080. Formerly RCW 28A.98.080.]

28A.900.100 Purpose—1990 c 33. (1) The purpose of *this act is to reorganize Title 28A RCW. There are three goals to this reorganization: (a) To place related sections in chapters organized by subject matter; (b) to make all terms gender neutral; and (c) to clarify existing language. *This act is technical in nature and is not intended to make substantive changes in the meaning, interpretation, court construction, or constitutionality of any provision of Title 28A RCW or other statutory provisions included in *this act and rules adopted under those provisions.

(2) *This act shall not have the effect of terminating or in any way modifying any proceedings or liability, civil or criminal, which exists on June 7, 1990. [1990 c 33 § 1.]

*Reviser's note: For codification of "this act" [1990 c 33], see Codification Tables, Volume 0.

28A.900.101 Statutory references—1990 c 33. (1) The code reviser shall correct all statutory references to code sections recodified by *section 4 of this act.

(2)(a) References to "RCW 28A.47.732 through 28A.47.748" in Title 28A RCW have intentionally not been changed since those code sections were repealed by chapter 189, Laws of 1983. These references are not being eliminated because it is not the purpose of this act to correct obsolete references.

(b) References to "RCW 28A.58.095" in Title 28A RCW have intentionally not been changed since that code section was repealed by chapter 2, Laws of 1987 1st ex. sess. These references are not being eliminated because it is not the purpose of this act to correct obsolete references. [1990 c 33 § 2.]

*Reviser's note: Section 4 of this act is an uncodified section that recodifies sections in Title 28A RCW.

28A.900.102 Severability—1990 c 33. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1990 c 33 § 603.]

28A.900.103 Subheadings not law—1990 c 33. Subheadings as used in this act do not constitute any part of the law. [1990 c 33 § 3.]

28A.900.105 Effect of repeal—1995 c 335. The repeal of any programs that are not funded as of July 23, 1995, is not intended to comment on the value of the services provided by the programs. The repeal of statutes in chapter 335, Laws of 1995 does not affect the general authority of school districts to provide services to accomplish the purposes of these programs. The deletion or repeal of language that permitted school districts to carry out specific activities that would be within their general authority is not intended to affect the general authority of school districts to continue to carry out those activities. [1995 c 335 § 801.]
