PREFACE

Numbering system: The number of each section of this code is made up of three parts, in sequence as follows: Number of title; number of chapter within the title; number of section within the chapter. Thus RCW 1.04.020 is Title 1, chapter 4, section 20. The section part of the number (.020) is initially made up of three digits, constitutes a true decimal, and allows for new sections to be inserted between old sections already consecutively numbered, merely by adding one or more digits at the end of the number. In most chapters of the code, sections have been numbered by tens (.010, .020, .030, .040, etc.), leaving vacant numbers between existing sections so that new sections may be inserted without extension of the section number beyond three digits.

Citation to the Revised Code of Washington: The code should be cited as RCW; see RCW 1.04.040. An RCW title should be cited Title 7 RCW. An RCW chapter should be cited chapter 7.24 RCW. An RCW section should be cited RCW 7.24.010. Through references should be made as RCW 7.24.010 through 7.24.100. Series of sections should be cited as RCW 7.24.010, 7.24.020, and 7.24.030.

History of the Revised Code of Washington; Source notes: The Revised Code of Washington was adopted by the legislature in 1950; see chapter 1.04 RCW. The original publication (1951) contained material variances from the language and organization of the session laws from which it was derived, including a variety of divisions and combinations of the session law sections. During 1953 through 1959, the Statute Law Committee, in exercise of the powers in chapter 1.08 RCW, completed a comprehensive study of these variances and, by means of a series of administrative orders or reenactment bills, restored each title of the code to reflect its session law source, but retaining the general codification scheme originally adopted. An audit trail of this activity has been preserved in the concluding segments of the source note of each section of the code so affected. The legislative source of each section is enclosed in brackets [] at the end of the section. Reference to session laws is abbreviated; thus "1891 c 23 § 1; 1854 p 99 § 135" refers to section 1, chapter 23, Laws of 1891 and section 135, page 99, Laws of 1854. "Prior" indicates a break in the statutory chain, usually a repeal and reenactment. "RRS or Rem. Supp.—" indicates the parallel citation in Remington's Revised Code, last published in 1949.

Where, before restoration, a section of this code constituted a consolidation of two or more sections of the session laws, or of sections separately numbered in Remington's, the line of derivation is shown for each component section, with each line of derivation being set off from the others by use of small Roman numerals, "(i)," "(ii)," etc.

Where, before restoration, only a part of a session law section was reflected in a particular RCW section the history note reference is followed by the word "part."

"Formerly" and its correlative form "FORMER PART OF SECTION" followed by an RCW citation preserves the record of original codification.

Double amendments: Some double or other multiple amendments to a section made without reference to each other are set out in the code in smaller (8-point) type. See RCW 1.12.025.

Index: Titles 1 through 91 are indexed in the RCW General Index. A separate index is provided for the State Constitution.

Sections repealed or decodified; Disposition table: Information concerning RCW sections repealed or decodified can be found in the table entitled "Disposition of former RCW sections."

Codification tables: To convert a session law citation to its RCW number (for Laws of 1999 or later) consult the codification tables. A complete codification table, including Remington's Revised Statutes, is on the Code Reviser web site at <http://www.leg.wa.gov/codereviser>.

Notes: Notes that are more than ten years old have been removed from the print publication of the RCW except when retention has been deemed necessary to preserve the full intent of the law. All notes are displayed in the electronic copy of the RCW on the Code Reviser web site at <http://www.leg.wa.gov/codereviser>.

Errors or omissions: (1) Where an obvious clerical error has been made in the law during the legislative process, the code reviser adds a corrected word, phrase, or punctuation mark in [brackets] for clarity. These additions do not constitute any part of the law.

(2) Although considerable care has been taken in the production of this code, it is inevitable that in so large a work that there will be errors, both mechanical and of judgment. When those who use this code detect errors in particular sections, a note citing the section involved and the nature of the error may be sent to: Code Reviser, Box 40551, Olympia, WA 98504-0551, so that correction may be made in a subsequent publication.

47.01.011 Legislative declaration. The legislature hereby recognizes the following imperative needs within the state: To create a statewide transportation development plan which identifies present status and sets goals for the future; to coordinate transportation modes; to promote and protect land use programs required in local, state, and federal law; to coordinate transportation with the economic development of the state; to supply a broad framework in which regional, metropolitan, and local transportation needs can be related; to facilitate the supply of federal and state aid to those areas which will most benefit the state as a whole; to provide for public involvement in the transportation planning and development process; to administer programs within the jurisdiction of this title relating to the safety of the state's transportation systems; and to coordinate and implement national transportation policy with the state transportation planning program.

The legislature finds and declares that placing all elements of transportation in a single department is fully consistent with and shall in no way impair the use of moneys in the motor vehicle fund exclusively for highway purposes.

Through this chapter, a unified department of transportation is created. To the jurisdiction of this department will be transferred the present powers, duties, and functions of the department of highways, the highway commission, the toll bridge authority, the aeronautics commission, and the canal commission, and the transportation related powers, duties, and functions of the *planning and community affairs agency. The powers, duties, and functions of the department of transportation must be performed in a manner consistent with the policy goals set forth in RCW 47.04.280. [2007 c 516 § 2; 1977 ex.s. c 151 § 1.]

***Reviser's note:** "Planning and community affairs agency" means "department of community, trade, and economic development," but the name is retained here for historical purposes. The "department of community, trade, and economic development" was renamed the "department of commerce" by 2009 c 565.

Findings—Intent—2007 c 516: "The legislature finds and declares that the citizens of the state expect clear and concise goals, objectives, and responsibilities regarding the operation of the statewide transportation system. Furthermore, the state's citizens expect that the state periodically receive clear and streamlined information that measures whether the goals and objectives are being satisfied. Therefore, it is the intent of the legislature that this act serve to clarify existing goals, objectives, and responsibilities related to the operation of an efficient statewide transportation system." [2007 c 516 § 1.]

47.01.021 Definitions. As used in this title unless the context indicates otherwise:

(1) "Department" means the department of transportation created in RCW 47.01.031;

(2) "Commission" means the transportation commission created in RCW 47.01.051;

(3) "Secretary" means the secretary of transportation as provided for in RCW 47.01.041. [1977 ex.s. c 151 § 2.]

Additional definitions: RCW 47.04.010.

47.01.031 Department created—Transfer of powers, duties, and functions. (1) There is created a department of state government to be known as the department of transportation.

(2) All powers, duties, and functions vested by law in the department of highways, the state highway commission, the director of highways, the Washington toll bridge authority, the aeronautics commission, the director of aeronautics, and the canal commission, and the transportation related powers, duties, and functions of the *planning and community affairs agency, are transferred to the jurisdiction of the department, except those powers, duties, and functions which are expressly directed elsewhere in **this or in any other act of the 1977 legislature.

(3) The board of pilotage commissioners is transferred to the jurisdiction of the department for its staff support and administration: PROVIDED, That nothing in this section shall be construed as transferring any policy making powers of the board of pilotage commissioners to the transportation commission or the department of transportation. [1988 c 167 § 11; 1977 ex.s. c 151 § 3.]

Reviser's note: *(1) The "planning and community affairs agency" has been renamed the "department of community, trade, and economic development." The "department of community, trade, and economic development" was renamed the "department of commerce" by 2009 c 565.

** (2) For codification of "this . . . act" [1977 ex.s. c 151], see Codification Tables.

47.01.041 Secretary of transportation—Appointment, salary, removal. The executive head of the department of transportation shall be the secretary of transportation, who shall be appointed by the governor with the advice and consent of the senate, and shall be paid a salary to be fixed by the governor in accordance with the provisions of RCW 43.03.040. The secretary shall be an ex officio member of the transportation commission without a vote. The secretary shall serve at the pleasure of the governor. [2005 c 319 § 3; 1983 1st ex.s. c 53 § 28; 1977 ex.s. c 151 § 4.]

Findings—Intent—Part headings—Effective dates—2005 c 319: See notes following RCW 43.17.020.

Additional notes found at www.leg.wa.gov

47.01.051 Commission created—Appointment of members—Terms—Qualifications—Removal. There is hereby created a transportation commission, which shall consist of seven voting members appointed by the governor, with the consent of the senate. The present five members of the highway commission shall serve as five initial members of the transportation commission until their terms of office as highway commission members would have expired. The additional two members provided herein for the transportation commission shall be appointed for initial terms to expire on June 30, 1982, and June 30, 1983. Thereafter all terms shall be for six years. No elective state official, state officer, or state employee shall be a member of the commission. At the time of appointment or thereafter during their respective terms of office, four members of the commission shall reside in the western part of the state and three members shall reside in the eastern part of the state as divided north and south by the summit of the Cascade mountains. No more than two members of the commission shall reside in the same county;

(2012 Ed.)

however, the governor, or his or her designee, shall serve as a nonvoting member of the commission. Commission appointments should reflect both a wide range of transportation interests and a balanced statewide geographic representation. Commissioners may be removed from office by the governor before the expiration of their terms for cause. No member shall be appointed for more than two consecutive terms. [2006 c 334 § 1; 1977 ex.s. c 151 § 5.]

Effective date—2006 c 334: "This act takes effect July 1, 2006." [2006 c 334 § 52.]

47.01.061 Commission—Procedures and internal operations. (1) The commission shall meet at such times as it deems advisable but at least on a quarterly basis with meetings to be held in different parts of the state. It may adopt its own rules and regulations and may establish its own procedure. It shall act collectively in harmony with recorded resolutions or motions adopted by majority vote of at least four members. The commission may appoint an executive director, and shall elect one of its members chair for a term of one year. The chair may vote on all matters before the commission. The commission may from time to time retain planners, consultants, and other technical personnel to advise it in the performance of its duties.

(2) The commission shall submit to each regular session of the legislature held in an odd-numbered year its own budget proposal necessary for the commission's operations separate from that proposed for the department.

(3) Each member of the commission shall be compensated in accordance with RCW 43.03.250 and shall be reimbursed for actual necessary traveling and other expenses in going to, attending, and returning from meetings of the commission, and actual and necessary traveling and other expenses incurred in the discharge of such duties as may be requested by a majority vote of the commission or by the secretary of transportation, but in no event shall the entire commission membership be compensated for more than one thousand two hundred thirty days combined. Service on the commission shall not be considered as service credit for the purposes of any public retirement system.

(4) Each member of the commission shall disclose any actual or potential conflict of interest, if applicable under the circumstance, regarding any commission business. [2006 c 334 § 2; 2005 c 319 § 4; 1987 c 364 § 2; 1984 c 287 § 94; 1983 1st ex.s. c 53 § 29; 1981 c 59 § 1; 1977 ex.s. c 151 § 6.]

Effective date—2006 c 334: See note following RCW 47.01.051.

Findings—Intent—Part headings—Effective dates—2005 c 319: See notes following RCW 43.17.020.

Legislative findings—Severability—Effective date—1984 c 287: See notes following RCW 43.03.220.

Additional notes found at www.leg.wa.gov

47.01.070 Director's and commissioner's prior assignments may be delegated. In all situations wherein the director of highways, the director of aeronautics, or any one of their designees, or any member of the highway commission, the toll bridge authority, the aeronautics commission, the canal commission, or any one of their designees was on September 21, 1977, designated or serving as a member of any board, commission, committee, or authority, the chair of the transportation commission or the chair's designee who

shall be an employee of the department of transportation, shall hereafter determine who shall serve as such member. [2010 c 8 § 10001; 1977 ex.s. c 151 § 27; 1961 c 13 § 47.01.070. Prior: 1951 c 247 § 5. Formerly RCW 43.27.120.]

47.01.071 Commission—Functions, powers, and duties. The transportation commission shall have the following functions, powers, and duties:

(1) To propose policies to be adopted by the governor and the legislature designed to assure the development and maintenance of a comprehensive and balanced statewide transportation system which will meet the needs of the people of this state for safe and efficient transportation services. Wherever appropriate, the policies shall provide for the use of integrated, intermodal transportation systems. The policies must be aligned with the goals established in RCW 47.04.280. To this end the commission shall:

(a) Develop transportation policies which are based on the policies, goals, and objectives expressed and inherent in existing state laws;

(b) Inventory the adopted policies, goals, and objectives of the local and area-wide governmental bodies of the state and define the role of the state, regional, and local governments in determining transportation policies, in transportation planning, and in implementing the state transportation plan;

(c) Establish a procedure for review and revision of the state transportation policy and for submission of proposed changes to the governor and the legislature; and

(d) Integrate the statewide transportation plan with the needs of the elderly and persons with disabilities, and coordinate federal and state programs directed at assisting local governments to answer such needs;

(2) To provide for the effective coordination of state transportation planning with national transportation policy, state and local land use policies, and local and regional transportation plans and programs;

(3) In conjunction with the provisions under RCW 47.01.075, to provide for public involvement in transportation designed to elicit the public's views both with respect to adequate transportation services and appropriate means of minimizing adverse social, economic, environmental, and energy impact of transportation programs;

(4) By December 2010, to prepare a comprehensive and balanced statewide transportation plan consistent with the state's growth management goals and based on the transportation policy goals provided under RCW 47.04.280 and applicable state and federal laws. The plan must reflect the priorities of government developed by the office of financial management and address regional needs, including multimodal transportation planning. The plan must, at a minimum: (a) Establish a vision for the development of the statewide transportation system; (b) identify significant statewide transportation policy issues; and (c) recommend statewide transportation policies and strategies to the legislature to fulfill the requirements of subsection (1) of this section. The plan must be the product of an ongoing process that involves representatives of significant transportation interests and the general public from across the state. Every four years, the plan shall be reviewed and revised, and submitted to the gov-

ernor and the house of representatives and senate standing committees on transportation.

The plan shall take into account federal law and regulations relating to the planning, construction, and operation of transportation facilities;

(5) By December 2007, the office of financial management shall submit a baseline report on the progress toward attaining the policy goals under RCW 47.04.280 in the 2005-2007 fiscal biennium. By October 1, 2008, beginning with the development of the 2009-2011 biennial transportation budget, and by October 1st biennially thereafter, the office of financial management shall submit to the legislature and the governor a report on the progress toward the attainment by state transportation agencies of the state transportation policy goals and objectives prescribed by statute, appropriation, and governor directive. The report must, at a minimum, include the degree to which state transportation programs have progressed toward the attainment of the policy goals established under RCW 47.04.280, as measured by the objectives and performance measures established by the office of financial management under RCW 47.04.280;

(6) To propose to the governor and the legislature prior to the convening of each regular session held in an odd-numbered year a recommended budget for the operations of the commission as required by RCW 47.01.061;

(7) To adopt such rules as may be necessary to carry out reasonably and properly those functions expressly vested in the commission by statute;

(8) To contract with the office of financial management or other appropriate state agencies for administrative support, accounting services, computer services, and other support services necessary to carry out its other statutory duties;

(9) To conduct transportation-related studies and policy analysis to the extent directed by the legislature or governor in the biennial transportation budget act, or as otherwise provided in law, and subject to the availability of amounts appropriated for this specific purpose; and

(10) To exercise such other specific powers and duties as may be vested in the transportation commission by this or any other provision of law. [2007 c 516 § 4; 2006 c 334 § 3; 2005 c 319 § 5; 1981 c 59 § 2; 1980 c 87 § 45; 1977 ex.s. c 151 § 7.]

Findings—Intent—2007 c 516: See note following RCW 47.01.011.

Effective date—2006 c 334: See note following RCW 47.01.051.

Findings—Intent—Part headings—Effective dates—2005 c 319: See notes following RCW 43.17.020.

47.01.075 Transportation policy development. (1) The transportation commission shall provide a public forum for the development of transportation policy in Washington state to include coordination with regional transportation planning organizations, transportation stakeholders, counties, cities, and citizens. At least every five years, the commission shall convene regional forums to gather citizen input on transportation issues. The commission shall consider the input gathered at the forums as it establishes the statewide transportation plan under RCW 47.01.071(4).

(2) In fulfilling its responsibilities under this section, the commission may create ad hoc committees or other such committees of limited duration as necessary.

(3) In order to promote a better transportation system, the commission may offer policy guidance and make recommen-

dations to the governor and the legislature in key issue areas, including but not limited to:

- (a) Transportation finance;
- (b) Preserving, maintaining, and operating the statewide transportation system;
- (c) Transportation infrastructure needs;
- (d) Promoting best practices for adoption and use by transportation-related agencies and programs;
- (e) Transportation efficiencies that will improve service delivery and/or coordination;
- (f) Improved planning and coordination among transportation agencies and providers; and
- (g) Use of intelligent transportation systems and other technology-based solutions. [2007 c 516 § 5; 2006 c 334 § 4; 2005 c 319 § 6.]

Findings—Intent—2007 c 516: See note following RCW 47.01.011.

Effective date—2006 c 334: See note following RCW 47.01.051.

Transfers—2005 c 319: "(1)(a) All reports, documents, surveys, books, records, files, papers, or written material relating to the conduct of performance reviews and audits in the possession of the legislative transportation committee must be delivered to the custody of the transportation commission. Any remaining documents, books, records, files, papers, and written materials must be delivered to the custody of the joint transportation committee. All funds, credits, or other assets held by the legislative transportation committee for the purposes of staffing the transportation performance audit board are assigned to the transportation commission. Any remaining funds, credits, or other assets held by the legislative transportation committee are assigned to the joint transportation committee.

(b) If any question arises as to the transfer of any funds, books, documents, records, papers, files, equipment, or other tangible property used or held in the exercise of the powers and the performance of the duties and functions transferred, the director of financial management shall make a determination as to the proper allocation and certify the same to the state agencies concerned.

(2) All employees of the legislative transportation committee are transferred to the jurisdiction of the transportation commission for the support of the transportation performance audit board. However, the commission may, if staffing needs warrant, assign the employees to other commission functions." [2005 c 319 § 15.]

Findings—Intent—Part headings—Effective dates—2005 c 319: See notes following RCW 43.17.020.

47.01.078 Transportation system policy goals—Duties. To support achievement of the policy goals described in RCW 47.04.280, the department shall:

- (1) Maintain an inventory of the condition of structures and corridors in most urgent need of retrofit or rehabilitation;
- (2) Develop long-term financing tools that reliably provide ongoing maintenance and preservation of the transportation infrastructure;
- (3) Balance system safety and convenience through all phases of a project to accommodate all users of the transportation system to safely, reliably, and efficiently provide mobility to people and goods;
- (4) Develop strategies to gradually reduce the per capita vehicle miles traveled based on consideration of a range of reduction methods;
- (5) Consider efficiency tools, including high occupancy vehicle and high occupancy toll lanes, corridor-specific and systemwide pricing strategies, active traffic management, commute trip reduction, and other demand management tools;
- (6) Promote integrated multimodal planning; and

(2012 Ed.)

(7) Consider engineers and architects to design environmentally sustainable, context-sensitive transportation systems. [2007 c 516 § 6.]

Findings—Intent—2007 c 516: See note following RCW 47.01.011.

47.01.081 Department—Organization—Management personnel. (1) Initially the department shall be organized into divisions, including the division of highways, the division of public transportation, the division of aeronautics, the division of marine transportation, and the division of transportation planning and budget.

(2) The secretary may reorganize divisions in order to attain the maximum possible efficiency in the operation of the department. Each division shall be headed by an assistant secretary to be appointed by the secretary. The secretary may also appoint a deputy secretary as may be needed for the performance of the duties and functions vested in the department and may also appoint up to twelve ferry system management positions as defined in RCW 47.64.011. The secretary may delegate to officers within the several divisions of the department authority to employ personnel necessary to discharge the responsibilities of the department.

(3) The officers appointed under this section shall be exempt from the provisions of the state civil service law and shall be paid salaries to be fixed by the governor in accordance with the procedure established by law for the fixing of salaries for officers exempt from the operation of the state civil service law. [1984 c 48 § 1; 1977 ex.s. c 151 § 8.]

47.01.091 Advisory councils. The secretary shall establish such advisory councils as are necessary to carry out the purposes of this title, and to insure adequate public participation in the planning and development of transportation facilities. Members of such councils shall serve at the pleasure of the secretary and may receive per diem and necessary expenses, in accordance with RCW 43.03.050 and 43.03.060, as now or hereafter amended. [2006 c 334 § 5; 1977 ex.s. c 151 § 9.]

Effective date—2006 c 334: See note following RCW 47.01.051.

47.01.101 Secretary—Authority and duties. The secretary shall have the authority and it shall be his or her duty:

- (1) To serve as chief executive officer of the department with full administrative authority to direct all its activities;
- (2) To organize the department as he or she may deem necessary to carry out the work and responsibilities of the department effectively;
- (3) To designate and establish such transportation district, region, or branch offices as may be necessary or convenient, and to appoint assistants and delegate any powers, duties, and functions to them or any officer or employee of the department as deemed necessary to administer the department efficiently;
- (4) To direct and coordinate the programs of the various divisions of the department to assure that they achieve the greatest possible mutual benefit, produce a balanced overall effort, and eliminate unnecessary duplication of activity;
- (5) To adopt all department rules that are subject to the adoption procedures contained in the state administrative procedure act, except rules subject to adoption by the commission pursuant to statute;

[Title 47 RCW—page 5]

(6) To maintain and safeguard the official records of the department, including the commission's recorded resolutions and orders;

(7) To provide, under contract or interagency agreement, staff support to the commission, including long-term technical and administrative support as needed, to assist it in carrying out its functions, powers, and duties;

(8) To execute and implement the biennial operating budget for the operation of the department in accordance with chapter 43.88 RCW and with legislative appropriation;

(9) To advise the governor and the legislature with respect to matters under the jurisdiction of the department; and

(10) To exercise all other powers and perform all other duties as are now or hereafter provided by law. [2006 c 334 § 6; 2005 c 319 § 7. Prior: 1987 c 505 § 48; 1987 c 179 § 1; 1983 1st ex.s. c 53 § 30; 1977 ex.s. c 151 § 10.]

Effective date—2006 c 334: See note following RCW 47.01.051.

47.01.131 Continuation of state services to department. All state officials required to maintain contact with or provide services for any of the departments or agencies whose functions are transferred by RCW 47.01.031 shall continue to perform such services for the department of transportation unless otherwise directed by this title. [1977 ex.s. c 151 § 18.]

47.01.141 Biennial report. The department shall submit a biennial report to the governor and chairs of the transportation committees of the senate and house of representatives with a copy to the staff of each of the committees, including but not limited to operational and construction activities of the preceding fiscal period as the department deems important and recommendations for future operations of the department. [1987 c 505 § 49; 1984 c 7 § 75; 1977 c 75 § 68; 1973 2nd ex.s. c 12 § 1.]

47.01.170 Right of entry. The department or its duly authorized and acting assistants, agents, or appointees have the right to enter upon any land, real estate, or premises in this state, whether public or private, for purposes of making examinations, locations, surveys, and appraisals for highway purposes. The making of any such entry for those purposes does not constitute any trespass by the department or by its duly authorized and acting assistants, agents, or appointees. [1984 c 7 § 77; 1961 c 13 § 47.01.170. Prior: 1945 c 176 § 1; Rem. Supp. 1945 § 6400-3f. Formerly RCW 43.27.030.]

47.01.240 Coordination of long-range needs studies. The department and the transportation improvement board shall coordinate their activities relative to long-range needs studies, in accordance with the provisions of chapter 47.05 RCW and RCW 47.26.170, respectively, in order that long-range needs data may be developed and maintained on an integrated and comparable basis. Needs data for county roads and city streets in nonurban areas shall be provided by the counties and cities to the department in such form and extent as requested by the department, after consultation with the county road administration board and the association of Washington cities, in order that needs data may be obtained on a comparable basis for all highways, roads, and streets in Washington. [1988 c 167 § 12; 1984 c 7 § 82; 1971 ex.s. c 195 § 10.]

47.01.250 Consultation with designated state officials. The chief of the Washington state patrol, the director of the traffic safety commission, the executive director of the county road administration board, and the director of licensing are designated as official consultants to the transportation commission so that the goals and activities of their respective agencies which relate to transportation are fully coordinated with other related responsibilities of the department of transportation. In this capacity, the chief of the Washington state patrol, the director of the traffic safety commission, the executive director of the county road administration board, and the director of licensing shall consult with the transportation commission and the secretary of transportation on the implications and impacts on the transportation related functions and duties of their respective agencies of any proposed comprehensive transportation plan, program, or policy.

In order to develop fully integrated, balanced, and coordinated transportation plans, programs, and budgets the chief of the Washington state patrol, the director of the traffic

safety commission, the executive director of the county road administration board, and the director of licensing shall consult with the secretary of transportation on the matter of relative priorities during the development of their respective agencies' plans, programs, and budgets as they pertain to transportation activities. [1998 c 245 § 92; 1990 c 266 § 5; 1979 c 158 § 204; 1977 ex.s. c 151 § 26.]

47.01.260 Authority of department. (1) The department of transportation shall exercise all the powers and perform all the duties necessary, convenient, or incidental to the planning, locating, designing, constructing, improving, repairing, operating, and maintaining state highways, including bridges and other structures, culverts, and drainage facilities and channel changes necessary for the protection of state highways, and shall examine and allow or disallow bills, subject to the provisions of RCW 85.07.170, for any work or services performed or materials, equipment, or supplies furnished.

(2) Subject to the limitations of RCW 4.24.115, the department, in the exercise of any of its powers, may include in any authorized contract a provision for indemnifying the other contracting party against specific loss or damages arising out of the performance of the contract.

(3) The department is authorized to acquire property as provided by law and to construct and maintain thereon any buildings or structures necessary or convenient for the planning, design, construction, operation, maintenance, and administration of the state highway system and to acquire property and to construct and maintain any buildings, structures, appurtenances, and facilities necessary or convenient to the health and safety and for the accommodation of persons traveling upon state highways.

(4) The department is authorized to engage in planning surveys and may collect, compile, and analyze statistics and other data relative to existing and future highways and highway needs throughout the state, and shall conduct research, investigations, and testing as it deems necessary to improve the methods of construction and maintenance of highways and bridges. [2006 c 368 § 2; 1983 c 29 § 1; 1979 ex.s. c 58 § 1.]

47.01.270 Radioactive or hazardous cargo, notice of prohibition. The department of transportation shall adopt regulations to establish procedures for giving notice to transporters of placarded radioactive or hazardous cargo of times when transportation of such cargo is prohibited. [1983 c 205 § 2.]

Transportation of radioactive or hazardous cargo, prohibited, when: RCW 47.48.050.

47.01.280 Application for improvements to existing highways. (1) Upon receiving an application for improvements to an existing state highway or highways pursuant to RCW 43.160.074 from the community economic revitalization board, the department shall, in a timely manner, determine whether or not the proposed state highway improvements:

(a) Meet the safety and design criteria of the department of transportation;

(b) Will impair the operational integrity of the existing highway system; and

(c) Will affect any other improvements planned by the department.

(2) Upon completion of its determination of the factors contained in subsection (1) of this section and any other factors it deems pertinent, the department shall forward its approval, as submitted or amended or disapproval of the proposed improvements to the board, along with any recommendation it may wish to make concerning the desirability and feasibility of the proposed development. If the department disapproves any proposed improvements, it shall specify its reasons for disapproval.

(3) Upon notification from the board of an application's approval pursuant to RCW 43.160.074, the department shall carry out the improvements in coordination with the applicant. [2006 c 334 § 7; 2005 c 319 § 121; 1999 c 94 § 10; 1985 c 433 § 6.]

47.01.290 Environmental review of transportation projects. The legislature recognizes that environmental review of transportation projects is a continuous process that should begin at the earliest stages of planning and continue through final project construction. Early and extensive involvement of the relevant environmental regulatory authorities is critical in order to avoid significant changes in substantially completed project design and engineering. It is the expectation of the legislature that if a comprehensive environmental approach is integrated throughout various transportation processes, onerous, duplicative, and time-consuming permit processes will be minimized. [1994 c 258 § 3; 1993 c 55 § 1.]

Statewide transportation planning: Chapter 47.06 RCW.

Additional notes found at www.leg.wa.gov

47.01.300 Environmental review of transportation projects—Cooperation with other environmental regulatory authorities. The department shall, in cooperation with environmental regulatory authorities:

(1) Identify and document environmental resources in the development of the statewide multimodal plan under RCW 47.06.040;

(2) Allow for public comment regarding changes to the criteria used for prioritizing projects under chapter 47.05 RCW before final adoption of the changes by the commission;

(3) Use an environmental review as part of the project prospectus identifying potential environmental impacts, mitigation, the utilization of the mitigation option available in RCW 90.74.040, and costs during the early project identification and selection phase, submit the prospectus to the relevant environmental regulatory authorities, and maintain a record of comments and proposed revisions received from the authorities;

(4) Actively work with the relevant environmental regulatory authorities during the design alternative analysis process and seek written concurrence from the authorities that they agree with the preferred design alternative selected;

(5) Develop a uniform methodology, in consultation with relevant environmental regulatory authorities, for submitting plans and specifications detailing project elements that impact environmental resources, and proposed mitigation measures including the mitigation option available in RCW 90.74.040, to the relevant environmental regulatory authorities during the preliminary specifications and engineering phase of project development;

(6) Screen construction projects to determine which projects will require complex or multiple permits. The permitting authorities shall develop methods for initiating review of the permit applications for the projects before the final design of the projects;

(7) Conduct special prebid meetings for those projects that are environmentally complex; and

(8) Review environmental considerations related to particular projects during the preconstruction meeting held with the contractor who is awarded the bid. [2012 c 62 § 1; 1994 c 258 § 4.]

47.01.305 Environmental mitigation in highway construction projects—Public lands first or other sites that avoid loss of long-term, commercially significant agricultural lands. (1) For highway construction projects where the department considers agricultural lands of long-term commercial significance, as defined in RCW 36.70A.030, in reviewing and selecting sites to meet environmental mitigation requirements under the national environmental policy act (42 U.S.C. Sec. 4321 et seq.) and chapter 43.21C RCW, the department shall, to the greatest extent possible, consider using public land first.

(2) If public lands are not available that meet the required environmental mitigation needs, the department may use other sites while making every effort to avoid any net loss of agricultural lands that have a designation of long-term commercial significance. [2009 c 471 § 1.]

47.01.321 Skills bank—Report. The department of transportation shall work with local transportation jurisdictions and representatives of transportation labor groups to establish a human resources skills bank of transportation professionals. The skills bank must be designed to allow all transportation authorities to draw from it when needed. The department shall issue a report of findings and recommendations to the transportation committees of the legislature by December 1, 2003. The report must include, but not be limited to, identification of any statutory or administrative rule changes necessary to create the skills bank and allow it to function in the manner described. [2003 c 363 § 203.]

Findings—Intent—2003 c 363 §§ 201-206: See note following RCW 49.04.041.

Part headings not law—Severability—2003 c 363: See notes following RCW 47.28.241.

47.01.330 Office of transit mobility. (1) The secretary shall establish an office of transit mobility. The purpose of

the office is to facilitate the integration of decentralized public transportation services with the state transportation system. The goals of the office of transit mobility are: (a) To facilitate connection and coordination of transit services and planning; and (b) maximizing opportunities to use public transportation to improve the efficiency of transportation corridors.

(2) The duties of the office include, but are not limited to, the following:

(a) Developing a statewide strategic plan that creates common goals for transit agencies and reduces competing plans for cross-jurisdictional service;

(b) Developing a park and ride lot program;

(c) Encouraging long-range transit planning;

(d) Providing public transportation expertise to improve linkages between regional transportation planning organizations and transit agencies;

(e) Strengthening policies for inclusion of transit and transportation demand management strategies in route development, corridor plan standards, and budget proposals;

(f) Recommending best practices to integrate transit and demand management strategies with regional and local land use plans in order to reduce traffic and improve mobility and access;

(g) Producing recommendations for the public transportation section of the Washington transportation plan; and

(h) Participating in all aspects of corridor planning, including freight planning, ferry system planning, and passenger rail planning.

(3) In forming the office, the secretary shall use existing resources to the greatest extent possible.

(4) The office of transit mobility shall establish measurable performance objectives for evaluating the success of its initiatives and progress toward accomplishing the overall goals of the office.

(5) The office of transit mobility must report quarterly to the secretary, and annually to the transportation committees of the legislature, on the progress of the office in meeting the goals and duties provided in this section. [2005 c 318 § 2.]

Findings—Intent—2005 c 318: "The legislature finds that the state needs to reestablish itself as a leader in public transportation.

The legislature also finds that increased demands on transportation resources require increased coordination among public transportation service providers.

The legislature also finds that the efficiency of transportation corridors would be enhanced by a more proactive and integrated approach to public transportation service delivery and planning.

The legislature also finds that the state department of transportation is in the unique position of being able to improve connectivity between service territories of transit agencies and modes of transportation.

The legislature also finds that the state should be a center of excellence in public transportation planning and research and providing technical assistance to transit agencies serving urban, suburban, and rural areas.

Therefore, it is the intent of the legislature that the state department of transportation be a leader in public transportation. The department shall play a guiding role in coordinating decentralized public transportation services, increasing connectivity between them, advocating for public transportation as a means to increase corridor efficiency, and increasing the integration of public transportation and the highway system." [2005 c 318 § 1.]

47.01.340 Local and regional transportation goals. Local and regional transportation agencies shall adopt common transportation goals. The office of transit mobility shall review local and regional transportation plans, including

plans required under RCW 35.58.2795, 36.70A.070(6), 36.70A.210, and 47.80.023, to provide for the efficient integration of multimodal and multijurisdictional transportation planning. [2005 c 318 § 3.]

Findings—Intent—2005 c 318: See note following RCW 47.01.330.

47.01.350 Ferry grant program. (1) The department of transportation shall establish a ferry grant program subject to availability of amounts appropriated for this specific purpose. The purpose of the grant program is to provide operating or capital grants for ferry systems as provided in chapters 36.54, 36.57A, and 53.08 RCW to operate passenger-only ferry service.

(2) In providing grants under this section, the department may enter into multiple year contracts with the stipulation that future year allocations are subject to the availability of funding as provided by legislative appropriation. [2008 c 45 § 1; 2007 c 223 § 2; 2006 c 332 § 4.]

Effective date—2007 c 223: See note following RCW 36.57A.220.

47.01.360 Back-up plan for passenger-only ferry service between Vashon and Seattle. The office of financial management shall contract to develop a back-up plan for operating the Vashon to Seattle passenger-only ferry route existing on January 1, 2006, that does not include operations by state government. [2006 c 332 § 6.]

47.01.380 State route No. 520 improvements—Exceptions. The department shall not commence construction on any part of the state route number 520 bridge replacement and HOV project until a record of decision has been reached providing reasonable assurance that project impacts will be avoided, minimized, or mitigated as much as practicable to protect against further adverse impacts on neighborhood environmental quality as a result of repairs and improvements made to the state route number 520 bridge and its connecting roadways, and that any such impacts will be addressed through engineering design choices, mitigation measures, or a combination of both. The requirements of this section shall not apply to off-site pontoon construction supporting the state route number 520 bridge replacement and HOV project. The requirements of this section shall not apply during the 2009-2011 and 2011-2013 fiscal biennia. [2011 c 367 § 708; 2009 c 470 § 705; 2006 c 311 § 26.]

Findings—2006 c 311: See note following RCW 36.120.020.

47.01.390 Alaskan Way viaduct, Seattle Seawall, and state route No. 520 improvements—Requirements—Exceptions. (1) Prior to commencing construction on either project, the department of transportation must complete all of the following requirements for both the Alaskan Way viaduct and Seattle Seawall replacement project, and the state route number 520 bridge replacement and HOV project: (a) In accordance with the national environmental policy act, the department must designate the preferred alternative, prepare a substantial project mitigation plan, and complete a comprehensive cost estimate review using the department's cost estimate validation process, for each project; (b) in accordance with all applicable federal highway administration planning

and project management requirements, the department must prepare a project finance plan for each project that clearly identifies secured and anticipated fund sources, cash flow timing requirements, and project staging and phasing plans if applicable; and (c) the department must report these results for each project to the joint transportation committee.

(2) The requirements of this section shall not apply to (a) utility relocation work, and related activities, on the Alaskan Way viaduct and Seattle Seawall replacement project and (b) off-site pontoon construction supporting the state route number 520 bridge replacement and HOV project.

(3) The requirements of subsection (1) of this section shall not apply during the 2007-2009 fiscal biennium.

(4) The requirements of subsection (1) of this section shall not apply during the 2009-2011 fiscal biennium. [2009 c 470 § 706; 2007 c 518 § 705; 2006 c 311 § 27.]

Effective date—2009 c 470: See note following RCW 46.68.170.

Severability—Effective date—2007 c 518: See notes following RCW 46.68.170.

Findings—2006 c 311: See note following RCW 36.120.020.

47.01.400 Alaskan Way viaduct, Seattle Seawall, and state route No. 520 improvements—Expert review panel—Governor's finding. The legislature recognizes that the finance and project implementation planning processes required for the Alaskan Way viaduct and Seattle Seawall replacement project and the state route number 520 bridge replacement and HOV project cannot guarantee appropriate decisions unless key study assumptions are reasonable with respect to each project.

To assure appropriate finance plan and project implementation plan assumptions, an expert review panel shall be appointed to provide independent financial and technical review for development of a finance plan and project implementation plan for the projects described in this section.

(1) The expert review panel shall consist of five to ten members who are recognized experts in relevant fields, such as planning, engineering, finance, law, the environment, emerging transportation technologies, geography, and economics.

(2) The expert review panel shall be selected cooperatively by the chairs of the senate and house transportation committees, the secretary of the department of transportation, and the governor to assure a balance of disciplines.

(3) The chair of the expert review panel shall be designated by the governor.

(4) The expert review panel shall, with respect to completion of the project alternatives as described in the draft environmental impact statement of each project:

(a) Review the finance plan for the project to ensure that it clearly identifies secured and anticipated funding sources and is feasible and sufficient;

(b) Review the project implementation plan covering all state and local permitting and mitigation approvals that ensure the most expeditious and cost-effective delivery of the project; and

(c) Report its findings and recommendations on the items described in (a) and (b) of this subsection to the joint transportation committee, the office of financial management, and the governor by September 1, 2006.

(5) Upon receipt of the expert review panel's findings and recommendations under subsection (4)(c) of this section, the governor must make a finding of whether each finance plan is feasible and sufficient to complete the project as described in the draft environmental impact statement.

(6) Nothing in this section shall be interpreted to delay construction of any of the projects referenced in this section. [2006 c 311 § 28.]

Findings—2006 c 311: See note following RCW 36.120.020.

47.01.402 Alaskan Way viaduct replacement project—Deep bore tunnel option—Funding, accountability, and responsibility. (1) The legislature finds that the replacement of the vulnerable state route number 99 Alaskan Way viaduct is a matter of urgency for the safety of Washington's traveling public and the needs of the transportation system in central Puget Sound. The state route number 99 Alaskan Way viaduct is susceptible to damage, closure, or catastrophic failure from earthquakes and tsunamis. Additionally, the viaduct serves as a vital route for freight and passenger vehicles through downtown Seattle.

Since 2001, the department has undertaken an extensive evaluation of multiple options to replace the Alaskan Way viaduct, including an initial evaluation of seventy-six conceptual alternatives and a more detailed analysis of five alternatives in 2004. In addition to a substantial technical review, the department has also undertaken considerable public outreach, which included consultation with a stakeholder advisory committee that met sixteen times over a thirteen-month period.

Therefore, it is the conclusion of the legislature that time is of the essence, and that Washington state cannot wait for a disaster to make it fully appreciate the urgency of the need to replace this vulnerable structure. The state shall take the necessary steps to expedite the environmental review and design processes to replace the Alaskan Way viaduct with a deep bore tunnel under First Avenue from the vicinity of the sports stadiums in Seattle to Aurora Avenue north of the Battery Street tunnel. The tunnel must include four general purpose lanes in a stacked formation.

(2) The state route number 99 Alaskan Way viaduct replacement project finance plan must include state funding not to exceed two billion four hundred million dollars and must also include no more than four hundred million dollars in toll revenue. These funds must be used solely to build a replacement tunnel, as described in subsection (1) of this section, and to remove the existing state route number 99 Alaskan Way viaduct. All costs associated with city utility relocations for state work as described in this section must be borne by the city of Seattle and provided in a manner that meets project construction schedule requirements as determined by the department. State funding is not authorized for any utility relocation costs, or for central seawall or waterfront promenade improvements.

(3) The department shall provide updated cost estimates for construction of the bored tunnel and also for the full Alaskan Way viaduct replacement project to the legislature and governor by January 1, 2010. The department must also consult with independent tunnel engineering experts to review the estimates and risk assumptions. The department shall not enter into a design-build contract for construction of the

bored tunnel until the report in this section has been submitted.

(4) Any contract the department enters into related to construction of the deep bored tunnel must include incentives and penalties to encourage on-time completion of the project and to minimize the potential for cost overruns.

(5) It is important that the public and policymakers have accurate and timely access to information related to the Alaskan Way viaduct replacement project as it proceeds to, and during, construction of all aspects of the project, specifically including but not limited to information regarding costs, schedules, contracts, project status, and neighborhood impacts. Therefore it is the intent of the legislature that the state, city, and county departments of transportation establish a single source of accountability for integration, coordination, tracking, and information of all requisite components of the replacement project, which must include, at minimum:

(a) A master schedule of all subprojects included in the full replacement project or program; and

(b) A single point of contact for the public, media, stakeholders, and other interested parties.

(6)(a) The city and county departments of transportation shall be responsible for the cost, delivery, and associated risks of the project components for which each department is responsible, as outlined in the January 13, 2009, letter of agreement signed by the governor, city, and county.

(b) The state's contribution shall not exceed two billion four hundred million dollars. If costs exceed two billion four hundred million dollars, no more than four hundred million [dollars] of the additional costs shall be financed with toll revenue. Any costs in excess of two billion eight hundred million dollars shall be borne by property owners in the Seattle area who benefit from replacement of the existing viaduct with the deep bore tunnel.

(7) Compression brakes may be used by authorized motor vehicles in the deep bore tunnel in a manner consistent with the requirements of RCW 46.37.395. [2009 c 458 § 1.]

Alaskan Way viaduct replacement project—Deep bore tunnel option—Traffic and revenue study—2009 c 458: "The department of transportation must prepare a traffic and revenue study for a state route number 99 deep bore tunnel for the purpose of determining the facility's potential to generate toll revenue. The department shall regularly report to the transportation commission regarding the progress of the study for the purpose of guiding the commission's toll setting on the facility. The study must include the following information:

(1) An analysis of the potential diversion from state route number 99 to other parts of the transportation system resulting from tolls on the facility;

(2) An analysis of potential mitigation measures to offset or reduce diversion from state route number 99;

(3) A summary of the amount of revenue generated from tolling the deep bore tunnel; and

(4) An analysis of the impact of tolls on the performance of the facility.

The department must provide the results of the study to the governor and the legislature by January 2010." [2009 c 458 § 2.]

Effective date—2009 c 458: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect July 1, 2009." [2009 c 458 § 3.]

47.01.405 State route No. 520 improvements—Project impact plan—Mediator, duties. (1) As soon as practicable after May 15, 2007, and after consulting with the city of Seattle, the office of financial management shall hire a mediator, and appropriate planning staff, including urban,

transportation, and neighborhood planners, to develop a state route number 520 project impact plan for addressing the impacts of the state route number 520 bridge replacement and HOV project design on Seattle city neighborhoods, parks, including the Washington park arboretum, and institutions of higher education. The mediator must have significant professional experience in working with communities that surround major transportation construction projects, and mitigating the impacts of those transportation projects on those communities. The office of financial management shall hire the mediator and the planning staff within existing appropriations allocated for the state route number 520 bridge replacement and HOV project. The position of mediator under this section is not considered a certified or legally binding position.

(2) The mediator's responsibility to develop a project impact plan is highly time sensitive. As a result, competitive bidding is not cost-effective or appropriate for personal service contracts to hire the mediator. The director of the office of financial management shall, by the director's authority under *RCW 39.29.011(5), exempt any such personal service contract from the competitive bidding requirements of *chapter 39.29 RCW.

(3) In evaluating the project impacts, the mediator must consider the concerns of neighborhoods and institutions of higher education directly impacted by the proposed design, establish a process that incorporates interest-based negotiation, and work with the appropriate planning staff to develop mitigation recommendations related to the project design. The mediator shall work to ensure that the project impact plan provides a comprehensive approach to mitigating the impacts of the project, including incorporating construction mitigation plans.

(4) The ultimate goal of the mediation and planning process established in subsection (1) of this section is to develop a project impact plan agreed to by all appropriate parties including, but not limited to, those parties listed in subsection (6) of this section. The project impact plan must be consistent with RCW 47.01.380, and must support and be consistent with the approved purpose and need statement for the project, which is: "The purpose of the project is to improve mobility for people and goods across Lake Washington within the SR 520 corridor from Seattle to Redmond in a manner that is safe, reliable, and cost-effective while avoiding, minimizing, and/or mitigating impacts on the affected neighborhoods and the environment." The mediator must strive to develop a consensus-based plan. In the event that the mediation process does not result in consensus, the mediator shall submit a project impact plan to the governor and the joint transportation committee that reflects the views of the majority of the mediation participants.

(5) The process established in subsection (1) of this section shall result in a project design that provides six total lanes, with four general purpose lanes and two lanes that are for high occupancy vehicle travel that could also accommodate high capacity transportation. The bridge shall also be designed to accommodate light rail in the future and to support a bus rapid transit system. Additionally, the mediator shall strive to develop a project impact plan within the constraints of the range of estimated project costs as of May 1, 2007.

(6)(a) In performing the duties of this section, and consistent with the governor's findings and conclusions, dated December 15, 2006, the mediator shall work with interested parties directly affected by the state route number 520 bridge replacement and HOV project including, but not limited to, at least the following:

- (i) Representation from each neighborhood directly impacted by the project;
 - (ii) Representation from local governments on both ends of the bridge directly impacted by the project;
 - (iii) Representation from King county;
 - (iv) Representation from the Washington park arboretum;
 - (v) Representation from the University of Washington; and
 - (vi) Representation from sound transit.
- (b) The mediator shall also work with the department and others as necessary.

(c) Before the mediator may submit the project impact plan, it must be reviewed by the mayor of Seattle and the Seattle city council. The project impact plan must reflect whether the mayor and council concur or do not concur with the plan and include an explanation regarding their positions.

(7) Until December 1, 2008, the mediator must provide periodic reports to the joint transportation committee and the governor regarding the status of the project impact plan development process. The mediator must submit a progress report to the joint transportation committee and the governor by August 1, 2007. The mediator must submit a final project impact plan to the governor and legislature by December 1, 2008. [2007 c 517 § 2.]

***Reviser's note:** Chapter 39.29 RCW was repealed by 2012 c 224 § 29, effective January 1, 2013. See chapter 39.26 RCW.

Finding—2007 c 517: "The legislature finds that the replacement of the vulnerable state route number 520 corridor is a matter of urgency for the safety of Washington's traveling public and the needs of the transportation system in central Puget Sound. The state route number 520 floating bridge is susceptible to damage, closure, or even catastrophic failure from earthquakes, windstorms, and waves. Additionally, the bridge serves as a vital route for vehicles to cross Lake Washington, carrying over three times its design capacity in traffic, resulting in more than seven hours of congestion per day.

Therefore, it is the conclusion of the legislature that time is of the essence, and that Washington state cannot wait for a disaster to make it fully appreciate the urgency of the need to replace this vulnerable structure. The state must take the necessary steps to move forward with a state route number 520 bridge replacement project design that provides six total lanes, with four general purpose lanes and two lanes that are for high occupancy vehicle travel that could also accommodate high capacity transportation, and the bridge shall also be designed to accommodate light rail in the future. High occupancy vehicle lanes in the state route 520 corridor must also be able to support a bus rapid transit system." [2007 c 517 § 1.]

Severability—2007 c 517: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [2007 c 517 § 8.]

Effective date—2007 c 517: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [May 15, 2007]." [2007 c 517 § 9.]

47.01.406 State route No. 520 improvements—Review of project design plans—Goals. In developing the state route number 520 project impact plan provided in RCW 47.01.405, the mediator and associated planning staff shall

review the department's project design plans in the draft environmental impact statement for conformance with the following legislative goals regarding the final design for the state route number 520 bridge replacement and HOV project:

(1) Minimize the total footprint and width of the bridge, and seek appropriate federal design variances to safety and mobility standards, while complying with other federal laws;

(2) Minimize the project impact on surrounding neighborhoods, including incorporation of green lids and connectors, and minimize any increases in additional traffic volumes through the Washington park arboretum and other adjacent neighborhoods;

(3) Incorporate the recommendations of a health impact assessment to calculate the project's impact on air quality, carbon emissions, and other public health issues, conducted by the Puget Sound clean air agency and King county public health;

(4) Ensure that the ultimate project configuration effectively prioritizes maintaining travel time, speed, and reliability on the two high occupancy vehicle lanes; and

(5) Clearly articulate in required environmental documents the alignment of the selected preferred alternative for the state route number 520 bridge replacement and HOV project and the footprint of the project and the affected areas. [2007 c 517 § 3.]

Finding—Severability—Effective date—2007 c 517: See notes following RCW 47.01.405.

47.01.408 State route No. 520 improvements—Design requirements. (1) The state route number 520 bridge replacement and HOV project shall be designed to provide six total lanes, with two lanes that are for transit and high occupancy vehicle travel, and four general purpose lanes.

(2) The state route number 520 bridge replacement and HOV project shall be designed to accommodate effective connections for transit, including high capacity transit, to the light rail station at the University of Washington. [2008 c 270 § 2.]

Finding—2008 c 270: "The legislature finds that the replacement of the vulnerable state route number 520 bridge is a matter of urgency for the safety of Washington's traveling public and the needs of the transportation system in central Puget Sound. The state route number 520 bridge is forty-four years old and has a useful remaining life of between thirteen and eighteen years. While one hundred fifteen thousand vehicles travel on the bridge each day, there is an ever present likelihood that wind or an earthquake could suddenly destroy the bridge or render it unusable. Therefore, the state must develop a comprehensive approach to fund a state route number 520 bridge replacement to be constructed by 2018." [2008 c 270 § 1.]

47.01.410 State route No. 520 improvements—Multimodal transportation plan. As part of the state route number 520 bridge replacement and HOV project, the governor's office shall work with the department, sound transit, King county metro, and the University of Washington, to plan for high capacity transportation in the state route number 520 corridor. The parties shall jointly develop a multimodal transportation plan that ensures the effective and efficient coordination of bus services and light rail services throughout the state route number 520 corridor. The plan shall include alternatives for a multimodal transit station that serves the state route number 520 - Montlake interchange vicinity, and mitigation of impacts on affected parties. The high capacity

transportation planning work must be closely coordinated with the state route number 520 bridge replacement and HOV project's environmental planning process, and must be completed within the current funding for the project. A draft plan must be submitted to the governor and the joint transportation committee by October 1, 2007. A final plan must be submitted to the governor and the joint transportation committee by December 2008. [2007 c 517 § 6.]

Finding—Severability—Effective date—2007 c 517: See notes following RCW 47.01.405.

47.01.412 State route No. 520 improvements—Tax deferrals—Definition. (1)(a) Any person involved in the construction of the state route number 520 bridge replacement and HOV project may apply for deferral of state and local sales and use taxes on the site preparation for, the construction of, the acquisition of any related machinery and equipment that will become a part of, and the rental of equipment for use in, the project.

(b) Application shall be made to the department of revenue in a form and manner prescribed by the department of revenue. The application must contain information regarding estimated or actual costs, time schedules for completion and operation, and other information required by the department of revenue. The department of revenue shall approve the application within sixty days if it meets the requirements of this section.

(2) The department of revenue shall issue a sales and use tax deferral certificate for state and local sales and use taxes imposed or authorized under chapters 82.08, 82.12, and 82.14 RCW and RCW 81.104.170 on the project.

(3) A person granted a tax deferral under this section shall begin paying the deferred taxes in the fifth year after the date certified by the department of revenue as the date on which the project is operationally complete. The project is operationally complete under this section when the replacement bridge is constructed and opened to traffic. The first payment is due on December 31st of the fifth calendar year after the certified date, with subsequent annual payments due on December 31st of the following nine years. Each payment shall equal ten percent of the deferred tax.

(4) The department of revenue may authorize an accelerated repayment schedule upon request of a person granted a deferral under this section.

(5) Interest shall not be charged on any taxes deferred under this section for the period of deferral, although all other penalties and interest applicable to delinquent excise taxes may be assessed and imposed for delinquent payments under this section. The debt for deferred taxes is not extinguished by insolvency or other failure of any private entity granted a deferral under this section.

(6) Applications and any other information received by the department of revenue under this section are not confidential and are subject to disclosure. Chapter 82.32 RCW applies to the administration of this section.

(7) For purposes of this section, "person" has the same meaning as in RCW 82.04.030 and also includes the department of transportation. [2008 c 270 § 7.]

Finding—2008 c 270: See note following RCW 47.01.408.

47.01.415 State route No. 520 improvements—Finance plan. The state route number 520 bridge replacement and HOV project finance plan must include state funding, federal funding, at least one billion dollars in regional contributions, and revenue from tolling. The department must provide a proposed finance plan to be tied to the estimated cost of the recommended project solutions, as provided under RCW 47.01.406, to the governor and the joint transportation committee by January 1, 2008. [2007 c 517 § 7.]

Finding—Severability—Effective date—2007 c 517: See notes following RCW 47.01.405.

47.01.417 State route No. 520 improvements—Finance plan—Revenue sources and savings recognition. The state route number 520 bridge replacement and HOV project finance plan must include:

(1) Recognition of revenue sources that include: One billion seven hundred million dollars in state and federal funds allocated to the project; one billion five hundred million dollars to two billion dollars in tolling revenue, including early tolls that could begin in late 2009; eighty-five million dollars in federal urban partnership grant funds; and other contributions from private and other government sources; and

(2) Recognition of savings to be realized from:

(a) Potential early construction of traffic improvements from the eastern Lake Washington shoreline to 108th Avenue Northeast in Bellevue;

(b) Early construction of a single string of pontoons to support two lanes that are for transit and high occupancy vehicle travel and four general purpose lanes;

(c) Preconstruction tolling to reduce total financing costs; and

(d) A deferral of the sales taxes paid on construction costs. [2008 c 270 § 3.]

Reviser's note: This section was directed to be codified in chapter 47.56 RCW. Placement in chapter 47.01 RCW is more appropriate.

Finding—2008 c 270: See note following RCW 47.01.408.

47.01.418 State route No. 520 improvements—Work group, subgroups—Corridor projects. (1)(a) The state route number 520 work group is created. The work group shall consist of the following members:

(i) The legislators from the forty-third legislative district;

(ii) The legislators from the forty-eighth legislative district;

(iii) The secretary of transportation;

(iv) Two legislators from each of the forty-sixth and forty-fifth legislative districts as jointly determined by the speaker of the house of representatives and the president of the senate;

(v) The chairs of the transportation committees of the legislature, who may each appoint one additional legislator from the joint transportation committee representing a legislative district outside of the state route number 520 corridor; and

(vi) The member of the transportation commission representing King county.

(b) The work group members shall elect two cochairs to consist of one legislative member representing the east side

of the state route number 520 corridor and one legislative member representing the west side of the state route number 520 corridor. The work group shall conduct at least three meetings consisting of an initial meeting, a midcourse meeting, and a final meeting.

(2) The state route number 520 work group must:

(a) Review and recommend a financing strategy, in conjunction with the department, to fund the projects in the state route number 520 corridor that reflects the design options recommended under (b) of this subsection. The financing strategy must be based on a total cost of all the intended projects in the state route number 520 corridor that does not exceed four billion six hundred fifty million dollars;

(b) Recommend design options that provide for a full state route number 520 corridor project, including projects in the corridor for which the department applies for federal stimulus funds provided in the American recovery and reinvestment act of 2009, that meets the needs of the region's transportation system while providing appropriate mitigation for the neighborhood and communities in the area directly impacted by the project; and

(c) Present a final report with recommendations on financing and design options to the legislature and the governor by January 1, 2010. The recommendations will inform the supplemental draft environmental impact statement process for the state route number 520 corridor. The process must continue through 2009.

(3) All design options considered or recommended by the state route number 520 work group must adhere to RCW 47.01.408.

(4) The state route number 520 work group shall form a westside subgroup to conduct a detailed review and make recommendations on design options on the west side of the corridor, which extends from the west end of the floating bridge to Interstate 5. The westside subgroup shall consult with neighborhood and community groups impacted by the potential design options. The work group may form an eastside subgroup to review current design options on the east side of the corridor, which extends from the east end of the floating bridge to state route number 202.

(5) The state route number 520 work group shall consult with the governor and legislators representing the primary users of the state route number 520 corridor.

(6) The department shall provide staff support to the state route number 520 work group. [2009 c 472 § 3.]

Reviser's note: 2009 c 472 § 3 directed that this section be codified in chapter 47.56 RCW, but codification in chapter 47.01 RCW appears to be more appropriate.

Intent—Effective date—2009 c 472: See notes following RCW 47.56.870.

47.01.420 Naming and renaming state transportation facilities. (1) The commission may name or rename state transportation facilities including, but not limited to: State highways; state highway bridges, structures, and facilities; state rest areas; and state roadside facilities, such as viewpoints. The commission must consult with the department before taking final action to name or rename a state transportation facility.

(2)(a) The department, state and local governmental entities, citizen organizations, and any person may initiate the process to name or rename a state transportation facility.

(b) For the commission to consider a naming or renaming proposal, the requesting entity or person must provide sufficient evidence, as determined by the commission, indicating community support and acceptance of the proposal. Evidence may include the following:

(i) Letters of support from state and federal legislators representing the impacted area encompassing the state transportation facility;

(ii) Resolutions passed by local, publicly elected bodies in the impacted area encompassing the state transportation facility;

(iii) Department support; or

(iv) Supportive actions by or letters from local organizations including, but not limited to, local chambers of commerce and service clubs.

(3) After the commission takes final action in naming or renaming a state transportation facility, the department shall design and install the appropriate signs in accordance with state and federal standards. [2007 c 33 § 1.]

47.01.425 Jurisdictional transfers. The legislature recognizes the need for a multijurisdictional body to review future requests for jurisdictional transfers. The commission shall receive petitions from cities, counties, or the state requesting any addition or deletion from the state highway system. The commission must utilize the criteria established in RCW 47.17.001 in evaluating petitions and to adopt rules for implementation of this process. The commission shall forward to the senate and house transportation committees by November 15th each year any recommended jurisdictional transfers. [2009 c 260 § 1; 2005 c 319 § 130; 1991 c 342 § 62. Formerly RCW 47.26.167.]

Findings—Intent—Part headings—Effective dates—2005 c 319: See notes following RCW 43.17.020.

47.01.430 Wounded combat veterans internship program. Subject to the availability of amounts appropriated for this specific purpose, the department shall establish an internship program for returning wounded combat veterans. The purpose of the program is to assist returning wounded combat veterans by matching them with jobs within the department that require their military skill sets and would be of benefit to the department, or that would teach them new skills. The jobs may include, but are not limited to, the following classifications: Engineering; construction trades; logistics; and project planning. The emphasis of the program should be to assist veterans who served in southern or central Asia, Operation Enduring Freedom; and the Persian Gulf, Operation Iraqi Freedom. This program may assist with the placement of wounded combat veterans as apprentices under RCW 39.04.320. The department may adopt rules under chapter 34.05 RCW to implement the requirements of this section. For the purposes of this section, "veteran" has the same meaning as in RCW 41.04.005. [2007 c 92 § 1.]

47.01.435 Highway construction workforce development—Report. (1) The department shall expend federal

funds received by the department, and funds that may be available to the department, under 23 U.S.C. Sec. 140(b) to increase diversity in the highway construction workforce and prepare individuals interested in entering the highway construction workforce by conducting activities in subsection (4) of this section.

(2) The requirements contained in subsection (1) of this section do not apply to or reduce the federal funds that would be otherwise allocated to local government agencies.

(3) The department shall, to the greatest extent practicable, in coordination with the apprenticeship and training council described in chapter 49.04 RCW, expend moneys from other sources than those specified in subsection (1) of this section for the activities in subsection (4) of this section.

(4) The department shall coordinate with the apprenticeship and training council to provide any portion of the following services:

(a) Preapprenticeship programs approved by the apprenticeship and training council;

(b) Preemployment counseling;

(c) Orientations on the highway construction industry, including outreach to women, minorities, and other disadvantaged individuals;

(d) Basic skills improvement classes;

(e) Career counseling;

(f) Remedial training;

(g) Entry requirements for training programs;

(h) Supportive services and assistance with transportation;

(i) Child care and special needs;

(j) Job site mentoring and retention services; and

(k) Assistance with tools, protective clothing, and other related support for employment costs.

(5) The department, in coordination with the apprenticeship and training council, shall submit a report to the transportation committees of the legislature by December 1st of each year beginning in 2012. The report must contain:

(a) An analysis of the results of the activities in subsection (4) of this section;

(b) The amount available to the department from federal funds for the activities in subsection (4) of this section and the amount expended for those activities; and

(c) The performance outcomes achieved from each activity, including the number of persons receiving services, training, and employment. [2012 c 66 § 1.]

47.01.440 Adoption of statewide goals to reduce annual per capita vehicle miles traveled by 2050—Department's duties—Reports to the legislature. To support the implementation of RCW 47.04.280 and 47.01.078(4), the department shall adopt broad statewide goals to reduce annual per capita vehicle miles traveled by 2050 consistent with the stated goals of executive order 07-02. Consistent with these goals, the department shall:

(1) Establish the following benchmarks using a statewide baseline of seventy-five billion vehicle miles traveled less the vehicle miles traveled attributable to vehicles licensed under RCW 46.16A.455 and weighing ten thousand pounds or more, which are exempt from this section:

(a) Decrease the annual per capita vehicle miles traveled by eighteen percent by 2020;

(b) Decrease the annual per capita vehicle miles traveled by thirty percent by 2035; and

(c) Decrease the annual per capita vehicle miles traveled by fifty percent by 2050;

(2) By July 1, 2008, establish and convene a collaborative process to develop a set of tools and best practices to assist state, regional, and local entities in making progress towards the benchmarks established in subsection (1) of this section. The collaborative process must provide an opportunity for public review and comment and must:

(a) Be jointly facilitated by the department, the department of ecology, and the *department of community, trade, and economic development;

(b) Provide for participation from regional transportation planning organizations, the Washington state transit association, the Puget Sound clean air agency, a statewide business organization representing the sale of motor vehicles, at least one major private employer that participates in the commute trip reduction program, and other interested parties, including but not limited to parties representing diverse perspectives on issues relating to growth, development, and transportation;

(c) Identify current strategies to reduce vehicle miles traveled in the state as well as successful strategies in other jurisdictions that may be applicable in the state;

(d) Identify potential new revenue options for local and regional governments to authorize to finance vehicle miles traveled reduction efforts;

(e) Provide for the development of measurement tools that can, with a high level of confidence, measure annual progress toward the benchmarks at the local, regional, and state levels, measure the effects of strategies implemented to reduce vehicle miles traveled and adequately distinguish between common travel purposes, such as moving freight or commuting to work, and measure trends of vehicle miles traveled per capita on a five-year basis;

(f) Establish a process for the department to periodically evaluate progress toward the vehicle miles traveled benchmarks, measure achieved and projected emissions reductions, and recommend whether the benchmarks should be adjusted to meet the state's overall goals for the reduction of greenhouse gas emissions;

(g) Estimate the projected reductions in greenhouse gas emissions if the benchmarks are achieved, taking into account the expected implementation of existing state and federal mandates for vehicle technology and fuels, as well as expected growth in population and vehicle travel;

(h) Examine access to public transportation for people living in areas with affordable housing to and from employment centers, and make recommendations for steps necessary to ensure that areas with affordable housing are served by adequate levels of public transportation; and

(i) By December 1, 2008, provide a report to the transportation committees of the legislature on the collaborative process and resulting recommended tools and best practices to achieve the reduction in annual per capita vehicle miles traveled goals.

(3) Included in the December 1, 2008, report to the transportation committees of the legislature, the department shall identify strategies to reduce vehicle miles traveled in the state as well as successful strategies in other jurisdictions that may

(2012 Ed.)

be applicable in the state that recognize the differing urban and rural transportation requirements.

(4) Prior to implementation of the goals in this section, the department, in consultation with the *department of community, trade, and economic development, cities, counties, local economic development organizations, and local and regional chambers of commerce, shall provide a report to the appropriate committees of the legislature on the anticipated impacts of the goals established in this section on the following:

(a) The economic hardship on small businesses as it relates to the ability to hire and retain workers who do not reside in the county in which they are employed;

(b) Impacts on low-income residents;

(c) Impacts on agricultural employers and their employees, especially on the migrant farmworker community;

(d) Impacts on distressed rural counties; and

(e) Impacts in counties with more than fifty percent of the land base of the county in public or tribal lands. [2011 c 171 § 103; 2008 c 14 § 8.]

***Reviser's note:** The "department of community, trade, and economic development" was renamed the "department of commerce" by 2009 c 565.

Intent—Effective date—2011 c 171: See notes following RCW 4.24.210.

Findings—Intent—Scope of chapter 14, Laws of 2008—Severability—2008 c 14: See RCW 70.235.005, 70.235.900, and 70.235.901.

47.01.450 Funding special needs transportation, application for—Deference to agency council on coordinated transportation recommendations. (1) To be eligible for funding on or after January 1, 2010, any organization applying for state paratransit/special needs grants, as described in section 223(1), chapter 121, Laws of 2008, or for other funding provided for persons with special transportation needs, as defined in *RCW 47.06B.012, must include in its application, in addition to meeting other eligibility requirements provided in law, an explanation of how the requested funding will advance efficiencies in, accessibility to, or coordination of transportation services provided to persons with special transportation needs as defined in *RCW 47.06B.012.

(2) Unless otherwise required by law, in administering federal funding provided for special needs transportation purposes, including funding under SAFETEA-LU, the safe, accountable, flexible, efficient transportation equity act, P.L. 109-59, or its successor, the department shall give priority to projects that result in increased efficiencies in special needs transportation or improved coordination among special needs transportation service providers.

(3) In making final grant award determinations under subsection (1) of this section, the department shall seek input from the agency council on coordinated transportation, as provided in *chapter 47.06B RCW, and shall give substantial deference to applications recommended by the council. [2009 c 515 § 16.]

***Reviser's note:** Chapter 47.06B RCW was repealed by 2011 c 60 § 51.

47.01.460 Adjustments to recreational vehicle fees. (1) The department of transportation may increase the recreational vehicle sanitary disposal fee charged under RCW

46.17.375 as authorized in RCW 43.135.055 by a percentage that exceeds the fiscal growth factor. After consultation with citizen representatives of the recreational vehicle user community, the department of transportation may implement RV account fee adjustments no more than once every four years. RV account fee adjustments must be preceded by an evaluation of the following factors:

- (a) Maintenance of a self-supporting program;
- (b) Levels of service at existing recreational vehicle sanitary disposal facilities;
- (c) Identified needs for improved recreational vehicle service at safety rest areas statewide;
- (d) Sewage treatment costs; and
- (e) Inflation.

(2) If the department of transportation chooses to adjust the RV account fee, it shall notify the department of licensing six months before implementation of the fee increase. Adjustments in the RV account fee must be in increments of no more than fifty cents per biennium. [2010 c 161 § 1145.]

Reviser's note: 2010 c 161 § 1145 directed that this section be codified under chapter 47.06 RCW, but codification under chapter 47.01 RCW appears to be more appropriate.

Effective date—Intent—Legislation to reconcile chapter 161, Laws of 2010 and other amendments made during the 2010 legislative session—2010 c 161: See notes following RCW 46.04.013.

47.02.020 Issuance and sale of limited obligation bonds. In order to finance the immediate acquisition and construction of the buildings and facilities referred to in RCW 47.02.010 there shall be issued and sold limited obligation bonds of the state of Washington in the sum of four million dollars, or such amount thereof and at such times as determined to be necessary by the state highway commission. The issuance, sale and retirement of said bonds shall be under the supervision and control of the state finance committee which, upon request being made by the Washington state highway commission, shall provide for the issuance, sale and retirement of coupon or registered bonds to be dated, issued and sold from time to time in such amounts as may be necessary for the orderly progress of said project. [1965 ex.s. c 167 § 2.]

Reviser's note: Powers, duties, and functions of highway commission transferred to department of transportation; see RCW 47.01.031. Term "Washington state highway commission" means department of transportation; see RCW 47.04.015.

47.02.030 Bonds—Term—Terms and conditions. Each of such bonds shall be made payable at any time not exceeding thirty years from the date of its issuance with such reserved rights of prior redemption, bearing such interest, and such terms and conditions as the state finance committee may prescribe, to be specified therein. [1965 ex.s. c 167 § 3.]

47.02.040 Bonds—Signatures—Registration—Where payable—Negotiable instruments. The bonds shall be signed by the governor and the state treasurer under the seal of the state, one of which signatures shall be made manually and the other signature may be in printed facsimile, and any coupons attached to such bond shall be signed by the same officers whose signatures thereon may be in printed facsimile. Any bonds may be registered in the name of the holder on presentation to the state treasurer or at the fiscal agency of the state of Washington in New York City, as to principal alone, or as to both principal and interest under such regulations as the state treasurer may prescribe. Such bonds shall be payable at such places as the state finance committee may provide. All bonds issued hereunder shall be fully negotiable instruments. [1965 ex.s. c 167 § 4.]

47.02.050 Bonds—Denominations—Manner and terms of sale—Legal investment for state funds. The bonds issued hereunder shall be in denominations to be prescribed by the state finance committee and may be sold in such manner and in such amounts and at such times and on such terms and conditions as the committee may prescribe. If bonds are sold to any purchaser other than the state of Washington, they shall be sold at public sale, and it shall be the duty of the state finance committee to cause such sale to be advertised in such manner as it shall deem sufficient. Bonds issued under the provisions of this chapter shall be legal investment for any of the funds of the state, except the permanent school fund. [1965 ex.s. c 167 § 5.]

47.02.060 Bonds—Bond proceeds—Deposit and use. The money arising from the sale of said bonds shall be deposited in the state treasury to the credit of the motor vehicle

fund and such money shall be available only for the acquisition of the land and construction of the buildings and facilities referred to in RCW 47.02.010, and for payment of the expenses incurred in the drafting, printing, issuance and sale of any such bonds. [1965 ex.s. c 167 § 6.]

47.02.070 Bonds—Statement describing nature of obligation—Pledge of excise taxes. Bonds issued under the provisions of this chapter shall distinctly state that they are not a general obligation of the state but are payable in the manner provided in this chapter from the proceeds of state excise taxes on motor vehicle fuels imposed by chapter 82.36 and *chapter 82.40 RCW. The proceeds of such excise taxes are hereby pledged to the payment of any bonds and the interest thereon issued under the provisions of this chapter and the legislature hereby agrees to continue to impose the same excise taxes on motor vehicle fuels in amounts sufficient to pay, when due, the principal and interest on all bonds issued under the provisions of this chapter. [1965 ex.s. c 167 § 7.]

***Reviser's note:** Chapter 82.40 RCW was repealed by 1971 ex.s. c 175 § 33; for later enactment, see chapter 82.38 RCW.

47.02.080 Bonds—Designation of funds to repay bonds and interest. Any funds required to repay such bonds, or the interest thereon when due, shall be taken from that portion of the motor vehicle fund which results from the imposition of excise taxes on motor vehicle fuels and which is, or may be appropriated to the department for state highway purposes, and shall never constitute a charge against any allocations of such funds to counties, cities, and towns unless and until the amount of the motor vehicle fund arising from the excise taxes on motor vehicle fuels and available for state highway purposes proves insufficient to meet the requirements for bond retirement or interest on any such bonds. [1984 c 7 § 84; 1965 ex.s. c 167 § 8.]

Additional notes found at www.leg.wa.gov

47.02.090 Bonds—Repayment procedure—Highway bond retirement fund. At least one year prior to the date any interest is due and payable on such bonds or before the maturity date of any bonds, the state finance committee shall estimate the percentage of the receipts in money of the motor vehicle fund, resulting from collection of excise taxes on motor vehicle fuels, for each month of the year which will be required to meet interest or bond payments under the provisions of this chapter when due, and shall notify the state treasurer of such estimated requirement. The state treasurer shall thereafter from time to time each month as such funds are paid into the motor vehicle fund, transfer such percentage of the monthly receipts from excise taxes on motor vehicle fuels of the motor vehicle fund to the highway bond retirement fund, which fund shall be available solely for payment of such interest or bonds when due. If in any month it shall appear that the estimated percentage of money so made is insufficient to meet the requirements for interest or bond retirement, the treasurer shall notify the state finance committee forthwith and such committee shall adjust its estimates so that all requirements for interest and principal of all bonds issued shall be fully met at all times. [1965 ex.s. c 167 § 9.]

(2012 Ed.)

47.02.100 Bonds—Sums in excess of retirement requirements—Use. Whenever the percentage of the motor vehicle fund arising from excise taxes on motor fuels payable into the highway bond retirement fund shall prove more than is required for the payment of interest on bonds when due or current retirement of bonds, or in the event there is appropriated from time to time additional amounts to be placed in the said bond retirement fund, any excess may, in the discretion of the state finance committee, be available for the prior redemption of any bonds or remain available in the fund to reduce the requirements upon the fuel excise tax portion of the motor vehicle fund at the next interest or bond payment period. [1965 ex.s. c 167 § 10.]

47.02.110 Bonds—Appropriation from motor vehicle fund. There is hereby appropriated from the motor vehicle fund to the state highway commission for the biennium ending June 30, 1967, the sum of four million dollars, or so much thereof as may be necessary to carry out the provisions of this chapter, but no money shall be available under this appropriation from said fund unless a like amount of bonds provided for herein are sold and the money derived therefrom deposited to the credit of such fund. [1965 ex.s. c 167 § 11.]

47.02.120 District 1 headquarters bonds—Issuance and sale. For the purpose of providing funds for the acquisition of headquarters facilities for district 1 of the department of transportation and costs incidental thereto, together with all improvements and equipment required to make the facilities suitable for the department's use, there shall be issued and sold upon the request of the secretary of the department of transportation a total of fifteen million dollars of general obligation bonds of the state of Washington. [2006 c 334 § 39; 1990 c 293 § 1.]

Effective date—2006 c 334: See note following RCW 47.01.051.

Additional notes found at www.leg.wa.gov

47.02.130 District 1 headquarters bonds—Uses of proceeds. Authorized uses of proceeds from the sale of bonds authorized in RCW 47.02.120 through 47.02.190 include but are not limited to repayment to the motor vehicle fund for the initial financing of the headquarters facilities. [1999 c 94 § 11; 1990 c 293 § 2.]

Legislative finding—Effective dates—1999 c 94: See notes following RCW 43.84.092.

Additional notes found at www.leg.wa.gov

47.02.140 District 1 headquarters bonds—Duties of state finance committee. Upon the request of the secretary of the department of transportation, the state finance committee shall supervise and provide for the issuance, sale, and retirement of the bonds authorized by RCW 47.02.120 through 47.02.190 in accordance with chapter 39.42 RCW. Bonds authorized by RCW 47.02.120 through 47.02.190 shall be sold in such manner, at such time or times, in such amounts, and at such price as the state finance committee shall determine. Except for the purpose of repaying the loan from the motor vehicle fund, no such bonds may be offered for sale without prior legislative appropriation of the net proceeds of the sale of the bonds.

The state finance committee shall consider the issuance of short-term obligations in lieu of long-term obligations for the purposes of more favorable interest rates, lower total interest costs, and increased marketability and for the purpose of retiring the bonds during the life of the project for which they were issued. [2006 c 334 § 40; 1990 c 293 § 3.]

Effective date—2006 c 334: See note following RCW 47.01.051.

Additional notes found at www.leg.wa.gov

47.02.150 District 1 headquarters bonds—Proceeds, deposit and use. The proceeds from the sale of bonds authorized by RCW 47.02.120 through 47.02.190 shall be available only for the purposes enumerated in RCW 47.02.120 and 47.02.130; for the payment of bond anticipation notes, if any; and for the payment of bond issuance costs, including the costs of underwriting. Proceeds shall be deposited in the motor vehicle fund. [1999 c 94 § 12; 1990 c 293 § 4.]

Legislative finding—Effective dates—1999 c 94: See notes following RCW 43.84.092.

Additional notes found at www.leg.wa.gov

47.02.160 District 1 headquarters bonds—Statement of general obligation—Pledge of excise taxes. Bonds issued under the authority of RCW 47.02.120 through 47.02.190 shall distinctly state that they are a general obligation of the state of Washington, shall pledge the full faith and credit of the state to the payment of the principal thereof and the interest thereon, and shall contain an unconditional promise to pay such principal and interest as the same shall become due. The principal and interest on the bonds shall be first payable in the manner provided in RCW 47.02.120 through 47.02.190 from the proceeds of the state excise taxes on motor vehicle and special fuels imposed by chapters 82.36 and 82.38 RCW. Proceeds of such excise taxes are hereby pledged to the payment of any bonds and the interest thereon issued under the authority of RCW 47.02.120 through 47.02.190, and the legislature agrees to continue to impose these excise taxes on motor vehicle and special fuels in amounts sufficient to pay, when due, the principal and interest on all bonds issued under the authority of RCW 47.02.120 through 47.02.190. [1995 c 274 § 5; 1990 c 293 § 5.]

Additional notes found at www.leg.wa.gov

47.02.170 District 1 headquarters bonds—Repayment procedure—Designated funds. Both principal and interest on the bonds issued for the purposes of RCW 47.02.120 through 47.02.190 shall be payable from the highway bond retirement fund. The state finance committee may provide that a special account be created in the fund to facilitate payment of the principal and interest. The state finance committee shall, on or before June 30th of each year, certify to the state treasurer the amount required for principal and interest on the bonds in accordance with the bond proceedings. The state treasurer shall withdraw revenues from the motor vehicle fund and deposit in the highway bond retirement fund, or a special account in the fund, such amounts, and at such times, as are required by the bond proceedings.

Any funds required for bond retirement or interest on the bonds authorized by RCW 47.02.120 through 47.02.190 shall be taken from that portion of the motor vehicle fund that results from the imposition of excise taxes on motor vehicle

and special fuels and that is distributed to the state under RCW 46.68.130. Funds required shall never constitute a charge against any other allocations of motor vehicle fuel and special fuel tax revenues to the state, counties, cities, and towns unless the amount arising from excise taxes on motor vehicle and special fuels distributed to the state under RCW 46.68.130 proves insufficient to meet the requirements for bond retirement or interest on any such bonds. [1990 c 293 § 6.]

Additional notes found at www.leg.wa.gov

47.02.190 District 1 headquarters bonds—Equal charges against certain revenues. Bonds issued under the authority of RCW 47.02.120 through *47.02.180 and this section and any other general obligation bonds of the state of Washington that have been or that may be authorized and that pledge motor vehicle and special fuels excise taxes for the payment of principal and interest thereon shall be an equal charge against the revenues from such motor vehicle and special fuels excise taxes. [1990 c 293 § 8.]

***Reviser's note:** RCW 47.02.180 was repealed by 1999 c 94 § 33, effective July 1, 1999.

47.04.010 Definitions. The following words and phrases, wherever used in this title, shall have the meaning as in this section ascribed to them, unless where used the context thereof shall clearly indicate to the contrary or unless otherwise defined in the chapter of which they are a part:

(1) "Alley." A highway within the ordinary meaning of alley not designated for general travel and primarily used as a means of access to the rear of residences and business establishments;

(2) "Arterial highway." Every highway, as herein defined, or portion thereof designated as such by proper authority;

(3) "Business district." The territory contiguous to and including a highway, as herein defined, when within any six hundred feet along such highway there are buildings in use for business or industrial purposes, including but not limited to hotels, banks, or office buildings, railroad stations, and public buildings which occupy at least three hundred feet of frontage on one side or three hundred feet collectively on both sides of the highway;

(4) "Center line." The line, marked or unmarked parallel to and equidistant from the sides of a two-way traffic roadway of a highway except where otherwise indicated by painted lines or markers;

(5) "Center of intersection." The point of intersection of the center lines of the roadways of intersecting highways;

(6) "City street." Every highway as herein defined, or part thereof located within the limits of incorporated cities and towns, except alleys;

(7) "Combination of vehicles." Every combination of motor vehicle and motor vehicle, motor vehicle and trailer, or motor vehicle and semitrailer;

(8) "Commercial vehicle." Any vehicle the principal use of which is the transportation of commodities, merchandise, produce, freight, animals, or passengers for hire;

(9) "County road." Every highway as herein defined, or part thereof, outside the limits of incorporated cities and towns and which has not been designated as a state highway, or branch thereof;

(10) "Crosswalk." The portion of the roadway between the intersection area and a prolongation or connection of the farthest sidewalk line or in the event there are no sidewalks then between the intersection area and a line ten feet therefrom, except as modified by a marked crosswalk;

(11) "Highway." Every way, lane, road, street, boulevard, and every way or place in the state of Washington open as a matter of right to public vehicular travel both inside and outside the limits of incorporated cities and towns;

(12) "Intersection area." (a) The area embraced within the prolongation or connection of the lateral curb lines, or, if none, then the lateral boundary lines of the roadways of two or more highways which join one another at, or approxi-

mately at, right angles, or the area within which vehicles traveling upon different highways joining at any other angle may come in conflict;

(b) Where a highway includes two roadways thirty feet or more apart, then every crossing of each roadway of such divided highway by an intersecting highway shall be regarded as a separate intersection. In the event such intersecting highway also includes two roadways thirty feet or more apart, then every crossing of two roadways of such highways shall be regarded as a separate intersection;

(c) The junction of an alley with a street or highway shall not constitute an intersection;

(13) "Intersection control area." The intersection area as herein defined, together with such modification of the adjacent roadway area as results from the arc or curb corners and together with any marked or unmarked crosswalks adjacent to the intersection;

(14) "Laned highway." A highway the roadway of which is divided into clearly marked lanes for vehicular traffic;

(15) "Local authorities." Every county, municipal, or other local public board or body having authority to adopt local police regulations under the Constitution and laws of this state;

(16) "Marked crosswalk." Any portion of a roadway distinctly indicated for pedestrian crossing by lines or other markings on the surface thereof;

(17) "Metal tire." Every tire, the bearing surface of which in contact with the highway is wholly or partly of metal or other hard, nonresilient material;

(18) "Motor truck." Any motor vehicle, as herein defined, designed or used for the transportation of commodities, merchandise, produce, freight, or animals;

(19) "Motor vehicle." Every vehicle, as herein defined, which is in itself a self-propelled unit;

(20) "Multiple lane highway." Any highway the roadway of which is of sufficient width to reasonably accommodate two or more separate lanes of vehicular traffic in the same direction, each lane of which shall be not less than the maximum legal vehicle width, and whether or not such lanes are marked;

(21) "Operator." Every person who drives or is in actual physical control of a vehicle as herein defined;

(22) "Peace officer." Any officer authorized by law to execute criminal process or to make arrests for the violation of the statutes generally or of any particular statute or statutes relative to the highways of this state;

47.04.015 Change of meaning, certain terms. Unless the language specifically indicates otherwise, or unless the context plainly requires a different interpretation:

Wherever in Title 47 RCW or in any provision in the Revised Code of Washington the term "Washington state highway commission", "the state highway commission", "the highway commission", "the commission" (when referring to the Washington state highway commission), "the department of highways", "Washington toll bridge authority", or "the authority" (when referring to the Washington toll bridge authority) is used, it shall mean the department of transportation created in RCW 47.01.031.

Wherever in Title 47 RCW or in any provision in the Revised Code of Washington the term "director of highways" is used, it shall mean the secretary of transportation, whose office is created in RCW 47.01.041. [1977 ex.s. c 151 § 23.]

47.04.020 Classification of highways. All public highways in the state of Washington, or portions thereof, outside incorporated cities and towns shall be divided and classified as state highways and county roads. All state highways and branches thereof shall be established by the legislature of the state of Washington by appropriate general location and termini. Any prior distinctions between highways as primary or secondary are hereby abolished. All powers granted to, or duties imposed upon, the department with regard to either primary or secondary state highways shall be construed to relate to all state highways. Whenever these terms are used, either jointly or independently, each shall be construed to include all state highways. All public highways in the state of Washington, or portions thereof, outside incorporated cities and towns, not established as state highways, are hereby

declared to be county roads. [1984 c 7 § 85; 1967 ex.s. c 145 § 41; 1963 c 24 § 3; 1961 c 13 § 47.04.020. Prior: 1937 c 207 § 1; RRS § 6402-1; 1937 c 53 § 5; RRS § 6400-5; 1913 c 65 § 1; RRS § 6790.]

47.04.040 Title to rights-of-way vested in state. Upon and after April 1, 1937, all rights-of-way of any primary state highways, together with all appurtenances thereto, the right or interest in or to which was, or is, in any county, road district, township, local improvement district, or other highway or road district or political subdivision of the state of Washington shall be and the same is hereby transferred to and vested in the state of Washington for use in conjunction with such primary state highways under the department of transportation.

All public highways in the state of Washington which have been designated to be primary state highways or secondary state highways or classified as primary roads and which have been constructed and improved and maintained for a period of seven years prior to April 1, 1937, at the expense of the state shall operate to vest in the state of Washington all right, title, and interest to the right of ways thereof, including the roadway and ditches and existing drainage facilities, together with all appurtenances thereto and no informalities in the records of title to such public highways shall be construed to invalidate or vacate such public highways or to divest the state of Washington of any right, title and interest in the right-of-way thereof. [1979 ex.s. c 30 § 7; 1961 c 13 § 47.04.040. Prior: 1937 c 53 § 29; RRS § 6400-29.]

47.04.045 Wireless service facilities—Right-of-way leases—Rules. (1) For the purposes of this section:

(a) "Right-of-way" means all state-owned land within a state highway corridor.

(b) "Service provider" means every corporation, company, association, joint stock association, firm, partnership, or person that owns, operates, or manages any personal wireless service facility. "Service provider" includes a service provider's contractors, subcontractors, and legal successors.

(2) The department shall establish a process for issuing a lease for the use of the right-of-way by a service provider and shall require that telecommunications equipment be collocated on the same structure whenever practicable. Consistent with federal highway administration approval, the lease must include the right of direct ingress and egress from the highway for construction and maintenance of the personal wireless service facility during nonpeak hours if public safety is not adversely affected. Direct ingress and egress may be allowed at any time for the construction of the facility if public safety is not adversely affected and if construction will not substantially interfere with traffic flow during peak traffic periods. The lease may specify an indirect ingress and egress to the facility if it is reasonable and available for the particular location.

(3) The cost of the lease must be limited to the fair market value of the portion of the right-of-way being used by the service provider and the direct administrative expenses

(2012 Ed.)

incurred by the department in processing the lease application.

If the department and the service provider are unable to agree on the cost of the lease, the service provider may submit the cost of the lease to binding arbitration by serving written notice on the department. Within thirty days of receiving the notice, each party shall furnish a list of acceptable arbitrators. The parties shall select an arbitrator; failing to agree on an arbitrator, each party shall select one arbitrator and the two arbitrators shall select a third arbitrator for an arbitration panel. The arbitrator or panel shall determine the cost of the lease based on comparable siting agreements. Costs of the arbitration, including compensation for the arbitrator's services, must be borne equally by the parties participating in the arbitration and each party shall bear its own costs and expenses, including legal fees and witness expenses, in connection with the arbitration proceeding.

(4) The department shall act on an application for a lease within sixty days of receiving a completed application, unless a service provider consents to a different time period.

(5) The reasons for a denial of a lease application must be supported by substantial evidence contained in a written record.

(6) The department may adopt rules to implement this section.

(7) All lease money paid to the department under this section shall be deposited in the motor vehicle fund created in RCW 46.68.070. [2003 c 244 § 5.]

47.04.046 Wireless site leases—Pending applications. Applications for wireless site leases pending on July 27, 2003, must be treated as applications under RCW 47.04.045 with the consent of the applicant. [2003 c 244 § 8.]

47.04.047 Personal wireless service facilities. Personal wireless service is a critical part of the state's infrastructure. The rapid deployment of personal wireless service facilities is critical to ensure public safety, network access, quality of service, and rural economic development.

It is the declared policy of this state to assure that the use of rights-of-way of state highways accommodate the deployment of personal wireless service facilities consistent with highway safety and the preservation of the public investment in state highway facilities. [2004 c 131 § 2.]

47.04.050 Acceptance of federal acts. The state of Washington hereby assents to the purposes, provisions, terms and conditions of the grant of money provided in an act of congress entitled: "An act to provide that the United States shall aid the states in the construction of rural post roads, and for other purposes," approved July 11, 1916, and all acts, grants and appropriations amendatory and supplementary thereto and affecting the state of Washington. [1961 c 13 § 47.04.050. Prior: 1937 c 53 § 43; RRS § 6400-43; 1917 c 76 § 1; RRS § 6844.]

47.04.060 Administration of federal grants. The department is authorized and directed to act for and on behalf of the state of Washington, and any political subdivision of the state, in all things pertaining to the selection, construction, and maintenance of highways and roads under the pro-

visions of the act of congress approved July 11, 1916, and any and all acts amendatory thereto; and to enter into such agreement with the secretary of transportation or other duly authorized agent of the United States as may from time to time be desirable or necessary to secure the money or aid for any section of state highway, county road, or city or town street selected by law for construction or improvement through an appropriation for the period in which the construction or improvement is to be made. The money shall be added to and expended in connection with the appropriation aforesaid; and shall apply thereto, as may be required, cooperative expenditures from the motor vehicle fund, which may have been appropriated by the state legislature, and from any highway, road, or street fund of any political subdivision, and which are available for the construction and maintenance of any section of state highway, county road, or city or town street selected as aforesaid for such aid and improvement. [1984 c 7 § 86; 1961 c 13 § 47.04.060. Prior: 1937 c 53 § 47; RRS § 6400-47; 1917 c 76 § 5, part; RRS § 6848, part.]

47.04.070 Conformity with federal requirements. In all matters relating to the cooperative construction or improvement of any state highway, county road, or city or town street for which federal funds or aid is secured under any act of congress, the department shall act in the manner provided by state law relating to state highway construction from the motor vehicle fund, so far as the same may be consistent with the provisions of such act of congress and the rules and regulations made by the secretary of transportation or other authorized agent of the United States government pursuant to such act, to which the procedure shall be adapted by the department as may be necessary. [1984 c 7 § 87; 1961 c 13 § 47.04.070. Prior: 1937 c 53 § 44; RRS § 6400-44; 1917 c 76 § 5, part; RRS § 6848, part.]

47.04.080 Joint action with other governments and agencies. The department is empowered to join financially or otherwise with any other state or any county, city, or town of any other state, or with any foreign country, or any province or district of any foreign country, or with the federal government or any agency thereof, or with any or all thereof, for the erecting, constructing, operating, or maintaining of any bridge, trestle, or any other structure, for the continuation or connection of any state highway across any stream, body of water, gulch, navigable water, swamp, or other topographical formation requiring any such structure and forming a boundary between the state of Washington and any other state or foreign country, and for the purchase or condemnation of right-of-way therefor. [1984 c 7 § 88; 1973 1st ex.s. c 151 § 11; 1961 c 13 § 47.04.080. Prior: 1937 c 53 § 47 1/2; RRS § 6400-47 1/2.]

47.04.081 Urban public transportation systems—Participation in planning, development, and establishment. The department is empowered to join financially or otherwise with any public agency or any county, city, or town in the state of Washington or any other state, or with the federal government or any agency thereof, or with any or all

thereof for the planning, development, and establishment of urban public transportation systems in conjunction with new or existing highway facilities. [1984 c 7 § 89; 1967 c 108 § 13; 1965 ex.s. c 170 § 63.]

Urban public transportation system defined: RCW 47.04.082.

47.04.082 Urban public transportation systems—Defined. As used in *this act the term "urban public transportation system" shall mean a system for the public transportation of persons or property by buses, streetcars, trains, electric trolley coaches, other public transit vehicles, or any combination thereof operating in or through predominantly urban areas and owned and operated by the state, any city or county or any municipal corporation of the state, including all structures, facilities, vehicles and other property rights and interest forming a part of such a system. [1967 c 108 § 1.]

*Reviser's note: For codification of "this act" [1967 c 108], see Codification Tables.

47.04.083 Urban public transportation systems—Declaration of public policy—Use of motor vehicle, city street, or county road funds. The separate and uncoordinated development of public highways and urban public transportation systems is wasteful of this state's natural and financial resources. It is the public policy of this state to encourage wherever feasible the joint planning, construction and maintenance of public highways and urban public transportation systems serving common geographical areas as joint use facilities. To this end the legislature declares it to be a highway purpose to use motor vehicle funds, city and town street funds or county road funds to pay the full proportionate highway, street or road share of the costs of design, right-of-way acquisition, construction and maintenance of any highway, street or road to be used jointly with an urban public transportation system. [1967 c 108 § 2.]

47.04.090 Penalty. It is a misdemeanor for any person to violate any of the provisions of this title unless specifically provided otherwise by this title or other law of this state.

Unless another penalty is provided in this title, every person convicted of a misdemeanor for violation of any provisions of this title shall be punished in accordance with chapter 9A.20 RCW. [1989 c 224 § 2; 1961 c 13 § 47.04.090. Prior: 1937 c 53 § 95; RRS § 6400-95.]

47.04.100 Temporary route pending construction of new highway—Streets, roads not to be maintained as. Unless otherwise provided, whenever by statute a new highway or extension is added to the state highway system, no existing city street or county road may be maintained or improved by the department as a temporary route of such new highway or extension pending the construction of the new highway or extension on the location adopted by the department. [1984 c 7 § 90; 1973 1st ex.s. c 151 § 12; 1965 ex.s. c 170 § 34.]

47.04.140 Counties obtaining federal aid for construction, reconstruction, etc., of ferry boats or approaches. Whenever a county that operates or proposes to

operate ferries obtains federal aid for the construction, reconstruction, or modification of any ferry boat or approaches thereto under Title 23, United States Code, the following provisions apply to the county's operation of its ferries:

(1) The county shall obtain from the department a franchise authorizing the ferry operations. The county's application for a franchise or amended franchise shall designate all ferry routes it proposes to operate. The department shall issue the franchise or amended franchise for the operation of each route that it finds is not otherwise served by adequate transportation facilities. A county may terminate any ferry route without approval of the department.

(2) At least ninety days before applying for federal aid for the construction, reconstruction, or modification of any of its ferries or approaches thereto, and thereafter whenever new tolls or charges are proposed for use of its ferries, the county shall file with the department, the current or proposed schedule of tolls and charges for use of its ferries. Such tolls and charges shall be deemed approved by the department unless it finds that the aggregate revenues to be derived from the county's ferry operations will exceed the amount required to pay the actual and necessary costs of operation, maintenance, administration, and repair of the county's ferries and their appurtenances. [1989 c 62 § 1; 1984 c 7 § 91; 1975-'76 2nd ex.s. c 65 § 1.]

47.04.150 Outstanding bonds—Savings. While any bonds, whether definitive, temporary, or interim, or warrants, certificates, or receipts of any denomination, with or without coupons attached heretofore issued by the state aeronautics commission, the toll bridge authority, the highway commission, or any of the other agencies whose functions are transferred to the department of transportation by RCW 47.01.031, remain outstanding, the powers and duties relating thereto of such agencies or of any official or employee thereof transferred by *RCW 47.01.111 to the department of transportation, or any powers and duties of any other state official or state agency with respect to such bonds, warrants, certificates, or receipts shall not be diminished or impaired in any manner that will adversely affect the interests and rights of the holders of such bonds, warrants, certificates, or receipts. The holder of any such bond, warrant, certificate, or receipt may by mandamus or other appropriate proceeding require the performance by the department of transportation, or other appropriate state official or agency, of any of the duties heretofore imposed upon any state department, official, or employee under the terms of any such prior bond, warrant, certificate, or receipt agreement or sale: PROVIDED, That the enumeration of such rights and remedies herein shall not be deemed to exclude the exercise or prosecution of any other rights or remedies by the holders of such bonds, warrants, certificates, or receipts. [1977 ex.s. c 151 § 19.]

*Reviser's note: RCW 47.01.111 was decodified pursuant to 1985 c 6 § 26.

47.04.160 Lewis and Clark bridge. In commemoration of the 175th anniversary of captains Meriwether Lewis and William Clark's epic journey from Wood River, Illinois, to Cape Disappointment, Washington, and to fully honor the

(2012 Ed.)

expedition's passing the present location of the city of Longview, Washington, in November, 1805, and to couple this commemoration with the dedication of the bridge from Longview, Washington, to Rainier, Oregon, on March 29, 1930, the official name of this bridge is changed from the Longview-Columbia bridge to the Lewis and Clark bridge. [1980 c 5 § 1.]

47.04.170 Federal agreements for public transportation, rail transportation. The department of transportation is authorized to enter into and perform agreements with federal agencies as may be necessary to secure federal grants, loans, or other assistance on its own behalf or on behalf of other public or private recipients for:

(1) Public transportation purposes, including but not limited to, bus transportation, specialized transportation services for the elderly and handicapped, and ride sharing activities; and

(2) Rail transportation. [1985 c 20 § 1.]

47.04.180 Twenty-four hour headlight policy. On the recommendation of their public works departments or designees, counties or cities can petition the department of transportation to create a "twenty-four hour headlight policy" on state highways in their respective jurisdictions. The department shall develop criteria for approval or disapproval, such as traffic volume, accident statistics, and costs of signs. The department shall notify all counties about this program.

A jurisdiction requesting such a policy shall periodically report to the department regarding its educational efforts. A jurisdiction may petition the department to remove such a policy.

The jurisdiction shall educate its citizens on the "twenty-four hour headlight policy." The department shall place and maintain appropriate signs along the designated highway. Participating jurisdictions shall share in the cost of signing in an amount as determined by the department. [1998 c 245 § 94; 1989 c 195 § 1.]

47.04.190 Bicycle transportation management program. (1) The department of transportation is responsible for the initiation, coordination, and operation of a bicycle transportation management program.

(2) To assist in the operation of the bicycle transportation management program, a full-time staff position of state bicycle program manager is established within the department of transportation. [1991 c 214 § 5.]

Bicycle awareness program: RCW 43.43.390.

Pavement marking standards: RCW 47.36.280.

47.04.200 Bicycle program manager. The state bicycle program manager shall:

(1) Design programs that encourage the use of bicycling for transportation;

(2) Coordinate bicycle safety related programs and bicycle tourism programs in all state agencies;

(3) Assist the department of transportation and the cities and counties of the state in assigning priorities to, programming, and developing bicycle-related projects;

(4) Serve as a clearinghouse for bicycle program information and resources;

(5) Provide assistance in revising and updating bicycle material of the superintendent of public instruction and the state patrol;

(6) Promote the use of bicycle helmets of a type certified to meet the requirements of standard Z-90.4 of the American National Standards Institute or such subsequent nationally recognized standard for bicycle helmet performance; and

(7) Promote bicycle safety equipment. [1991 c 214 § 6.]

47.04.210 Reimbursable transportation expenditures—Processing and accounting. Federal funds that are administered by the department of transportation and are passed through to municipal corporations or political subdivisions of the state and moneys that are received as total reimbursement for goods, services, or projects constructed by the department of transportation are removed from the transportation budget. To process and account for these expenditures a new treasury trust account is created to be used for all department of transportation one hundred percent federal and local reimbursable transportation expenditures. This new account is nonbudgeted and nonappropriated. At the same time, federal and private local appropriations and full-time equivalents in subprograms R2, R3, T6, Y6, and Z2 processed through this new account are removed from the department of transportation's 1997-99 budget.

The department of transportation may make expenditures from the account before receiving federal and local reimbursements. However, at the end of each biennium, the account must maintain a zero or positive cash balance. In the twenty-fourth month of each biennium the department of transportation shall calculate and transfer sufficient cash from either the motor vehicle fund or the multimodal transportation account to cover any negative cash balances. The amount transferred is calculated based on expenditures from each fund. In addition, any interest charges accruing to the new account must be distributed to the motor vehicle fund and the multimodal transportation account.

The department of transportation shall provide an annual report to the senate and house transportation committees and the office of financial management on expenditures and full-time equivalents processed through the new account. The report must also include recommendations for process changes, if needed. [2005 c 319 § 122; 2001 2nd sp.s. c 14 § 601; 1997 c 94 § 1.]

47.04.220 Miscellaneous transportation programs account. (1) The miscellaneous transportation programs account is created in the custody of the state treasurer.

(2) Moneys from the account may be used only for the costs of:

(a) Miscellaneous transportation services provided by the department that are reimbursed by other public and private entities;

(b) Local transportation projects for which the department is a conduit for federal reimbursement to a municipal corporation or political subdivision; or

(c) Other reimbursable activities as recommended by the senate and house transportation committees and approved by the office of financial management.

(3) Moneys received as reimbursement for expenditures under subsection (2) of this section must be deposited into the account.

(4) No appropriation is required for expenditures from this account. This fund is not subject to allotment procedures provided under chapter 43.88 RCW.

(5) Only the secretary of transportation or the secretary's designee may authorize expenditures from the account.

(6) It is the intent of the legislature that this account maintain a zero or positive cash balance at the end of each biennium. Toward this purpose the department may make expenditures from the account before receiving reimbursements under subsection (2) of this section. Before the end of the biennium, the department shall transfer sufficient cash to cover any negative cash balances from the motor vehicle fund and the multimodal transportation account to the miscellaneous transportation programs account for unrecovered reimbursements. The department shall calculate the distribution of this transfer based on expenditures. In the ensuing biennium the department shall transfer the reimbursements received in the miscellaneous transportation programs account back to the motor vehicle fund and the multimodal transportation account to the extent of the cash transferred at biennium end. The department shall also distribute any interest charges accruing to the miscellaneous transportation programs account to the motor vehicle fund and the multimodal transportation account. Adjustments for any indirect cost recoveries may also be made at this time.

(7) The department shall provide an annual report to the senate and house transportation committees and the office of financial management on the expenditures and full-time equivalents processed through the miscellaneous transportation programs account. The report must also include recommendations for changes to the process, if needed. [2005 c 319 § 123; 2001 2nd sp.s. c 14 § 602; 1997 c 94 § 2.]

Findings—Intent—Part headings—Effective dates—2005 c 319: See notes following RCW 43.17.020.

47.04.230 Dredge spoils—Cowlitz County. The legislature finds and declares that the December 19, 1991, Washington state conveyance of the Mt. St. Helens Recovery Program, LT-1 and Cook Ferry Road Sites, to Cowlitz County, should be amended to enable Cowlitz County to use dredge spoils revenues for recreational purposes throughout the county.

The legislature further declares that the department of transportation shall execute sufficient legal release to accomplish the following:

(1) Dredge spoil revenues from either the LT-1 or Cook Ferry Road Site must be dedicated for recreational facilities and recreational administration costs throughout the county;

(2) Any mining excavation must meet the requirements of the Shoreline Management Act of 1971 as identified in chapter 90.58 RCW;

(3) Both the LT-1 and Cook Ferry Road Site must be preserved as a long-term dredging facility;

(4) All other requirements in the December 19, 1991, conveyance between the state of Washington and Cowlitz County will remain in effect; and

(5) The LT-1 and Cook Ferry Road Site remains subject to any agreements with the United States Army Corps of Engineers and other agencies of the federal government. [1999 c 63 § 1.]

47.04.235 Dredge spoils—Castle Rock. The legislature finds and declares that the December 20, 1993, Washington state conveyance of the Mt. St. Helens recovery program, CR601F site, to the city of Castle Rock, should be amended to enable the city to use dredge spoil revenues for recreational purposes adjacent to the Cowlitz river in the city limits of Castle Rock, and also those other properties owned by the city of Castle Rock that are adjacent to the Cowlitz river.

The legislature further declares that the department of transportation shall execute sufficient legal release to accomplish the following:

(1) Dredge spoil revenues from the CR601F site must be dedicated for recreational facilities and recreational administration cost throughout the defined area listed above;

(2) Any mining excavation must meet the requirements of the Shoreline Management Act of 1971 as identified in chapter 90.58 RCW;

(3) All other requirements in the December 20, 1993, conveyance between the state of Washington and the city of Castle Rock will remain in effect; and

(4) The CR601F site remains subject to any agreements with the United States Army Corps of Engineers and other agencies of the federal government. [2000 c 13 § 1.]

47.04.240 Public transportation information—Confidentiality. The department, a county, city, town, any other public entity, and any private entity under the public-private transportation initiatives authorized under chapter 47.46 RCW, that provides transit, high-speed ground transportation, high capacity transportation service, ferry service, toll facilities, or other public transportation service or facilities may only use personally identifiable information obtained from the use of electronic toll payments, transit passes, or other fare media such as magnetic strip cards or stored value cards for billing purposes. This information may not be used to track or monitor individual use of the public transportation facilities or service, except for billing purposes and to provide statistical compilations and reports that do not identify an individual. [1999 c 215 § 2.]

Public records: Chapter 42.56 RCW.

47.04.250 Assaults by motorists on department employees. (1) For the purposes of this section only, "assault" means an act by a motorist that results in physical injury to an employee of the department while engaged in highway construction or maintenance activities along a roadway right-of-way (fence line to fence line, landscaped areas) or in the loading and unloading of passenger vehicles in service of the vessel as a maritime employee not covered under chapter 51.32 RCW or engaged in those work activities as a Washington State Ferries terminal employee covered under chapter 51.32 RCW.

(2) In recognition of the nature of employment in departmental highway construction or maintenance activities and by the Washington State Ferries, this section provides a supplementary program to reimburse employees of the department for some of their costs attributable to their being the victims of assault by motorists. This program is limited to the reimbursement provided in this section.

(3) An employee is entitled to receive the reimbursement provided in this section only if the secretary finds that each of the following has occurred:

(a) A motorist has assaulted the employee who is engaged in highway construction or maintenance along a roadway right-of-way (fence line to fence line, landscaped areas) or service of the vessel as a maritime employee or terminal employee engaged in the loading or unloading of passenger vehicles and as a result the employee has sustained demonstrated physical injuries that have required the employee to miss one or more days of work;

(b) The assault is not attributable to any extent to the employee's negligence, misconduct, or failure to comply with any rules or conditions of employment; and

(c) The department of labor and industries has approved the employee's workers' compensation application under chapter 51.32 RCW, or for maritime employees the department of transportation risk management office has approved maintenance and cure benefits under 46 U.S.C. Sec. 688 et seq.

(4) The reimbursement authorized under this section is as follows:

(a) The employee's accumulated sick leave days will not be reduced for the workdays missed. The injured worker who qualifies for and receives assault benefits will also receive full standard benefits (vacation leave, sick leave, health insurance, etc.) as if uninjured;

(b) For an employee covered by chapter 51.32 RCW, for each workday missed for which the employee is not eligible to receive compensation under chapter 51.32 RCW, the employee will receive the full amount of the injured worker's net pay at the time of injury; and

(c) In respect to workdays missed for which the employee will receive or has received compensation under chapter 51.32 RCW, or under federal maritime law benefits, including the Jones Act, for an employee deemed a maritime employee assigned to work in service of the vessel or a non-maritime terminal employee covered under chapter 51.32 RCW, the employee will be reimbursed in an amount that, when added to that compensation, will result in the employee receiving no more than full net pay (gross pay less mandatory and voluntary deductions) for the workdays missed.

(5) Reimbursement under this section may not last longer than three hundred sixty-five consecutive days after the date of the injury. No application for assault benefits is valid nor may a claim be enforced unless it was made within one year after the day upon which the injury occurred.

(6) The employee is not entitled to the reimbursement provided in subsection (4) of this section for a workday for which the secretary or an applicable designee finds that the employee has not diligently pursued his or her compensation remedies under chapter 51.32 RCW or federal maritime law, including the Jones Act.

(7) The reimbursement may be made only for absences that the secretary or an applicable designee believes are justified.

(8) While the employee is receiving reimbursement under this section, he or she will continue to be classified as a state employee, and the reimbursement amount is considered as salary or wages.

(9) The department shall make all reimbursement payments required to be made to employees under this section. The payments are considered as a salary or wage expense and must be paid by the department in the same manner and from the same appropriations as other salary and wage expenses for the department.

(10) Nothing in this section precludes the department from recovering the supplemental payments authorized by this section from the assaulting motorist, and that recovery is considered exclusive of recovery under chapter 51.24 RCW.

(11) If the legislature revokes the reimbursement authorized under this section or repeals this section, no affected employee is entitled after that to receive the reimbursement as a matter of contractual right. [2002 c 355 § 1.]

47.04.260 Latecomer fees. The department of transportation may impose and collect latecomer fees on behalf of another entity for infrastructure improvement projects initially funded partially or entirely by private sources. However, there must be an agreement in place between the department of transportation and the entity, before the imposition and collection of any such fees, that specifies (1) the collection process, (2) the maximum amount that may be collected, and (3) the period of time during which the collection may occur. [2005 c 317 § 30.]

47.04.270 Tire chain installation and removal. The department may issue written permits authorizing permittees to install or remove tire chains on motor vehicles with the following conditions:

(1) Chains may only be installed or removed at locations designated in the permit;

(2) Permittees must comply with terms and conditions in the permit relating to the safe and orderly movement of traffic; and

(3) Permittees may charge a fee to drivers for their services.

The department may issue sufficient permits for the installation or removal of tire chains that it finds necessary or desirable to accommodate the demand for those services consistent with the maximum convenience and safety to traffic. In issuing the permits, the department shall insure that the maximum practicable number of different individuals and entities receive permits, and that no one entity, to the extent practicable, is the sole permit holder for a particular location. The department may charge a fee no greater than fifty dollars to permittees for the issuance of permits. The department, in issuing a permit for the installation or removal of tire chains, assumes no responsibility for the actions, inactions, competence, or reliability of the permittee in performing those services and shall not be liable for the damages relating to acts or omissions of the permittees. The department shall adopt rules to implement this section, including requiring permit-

tees to wear reflective clothing and use appropriate signage. [2006 c 324 § 1.]

47.04.280 Transportation system policy goals. (1) It is the intent of the legislature to establish policy goals for the planning, operation, performance of, and investment in, the state's transportation system. The policy goals established under this section are deemed consistent with the benchmark categories adopted by the state's blue ribbon commission on transportation on November 30, 2000. Public investments in transportation should support achievement of these policy goals:

(a) Economic vitality: To promote and develop transportation systems that stimulate, support, and enhance the movement of people and goods to ensure a prosperous economy;

(b) Preservation: To maintain, preserve, and extend the life and utility of prior investments in transportation systems and services;

(c) Safety: To provide for and improve the safety and security of transportation customers and the transportation system;

(d) Mobility: To improve the predictable movement of goods and people throughout Washington state;

(e) Environment: To enhance Washington's quality of life through transportation investments that promote energy conservation, enhance healthy communities, and protect the environment; and

(f) Stewardship: To continuously improve the quality, effectiveness, and efficiency of the transportation system.

(2) The powers, duties, and functions of state transportation agencies must be performed in a manner consistent with the policy goals set forth in subsection (1) of this section.

(3) These policy goals are intended to be the basis for establishing detailed and measurable objectives and related performance measures.

(4) It is the intent of the legislature that the office of financial management establish objectives and performance measures for the department of transportation and other state agencies with transportation-related responsibilities to ensure transportation system performance at local, regional, and state government levels progresses toward the attainment of the policy goals set forth in subsection (1) of this section. The office of financial management shall submit initial objectives and performance measures to the legislature for its review and shall provide copies of the same to the commission during the 2008 legislative session. The office of financial management shall submit objectives and performance measures to the legislature for its review and shall provide copies of the same to the commission during each regular session of the legislature during an even-numbered year thereafter.

(5) This section does not create a private right of action. [2010 c 74 § 1; 2007 c 516 § 3; 2002 c 5 § 101. Formerly RCW 47.01.012.]

Findings—Intent—2007 c 516: See note following RCW 47.01.011.

Effective date—2002 c 5 § 101: "Section 101 of this act takes effect July 1, 2002." [2002 c 5 § 102.]

Captions not law—2002 c 5: "Captions and part headings used in this act are not part of the law." [2002 c 5 § 419.]

Severability—2002 c 5: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the

application of the provision to other persons or circumstances is not affected." [2002 c 5 § 420.]

47.04.290 Park and ride lot accommodation—Definitions. (1) Any local transit agency that has received state funding for a park and ride lot shall make reasonable accommodation for use of that lot by: Auto transportation companies regulated under chapter 81.68 RCW; passenger charter carriers regulated under chapter 81.70 RCW, except marked or unmarked stretch limousines and stretch sport utility vehicles as defined under department of licensing rules; private, nonprofit transportation providers regulated under chapter 81.66 RCW; and private employer transportation service vehicles, provided that such use does not interfere with the efficiency, reliability, and safety of public transportation operations. The accommodation must be in the form of an agreement between the applicable local transit agency and the private transportation provider. The transit agency may require that the agreement include provisions to recover actual costs and fair market value for the use of the lot and its related facilities and to provide adequate insurance and indemnification of the transit agency, and other reasonable provisions to ensure that the private transportation provider's use does not unduly burden the transit agency. The transit agency may consider benefits to its public transportation system when establishing an amount to charge for the use of the park and ride lot and its related facilities. If the agreement includes provisions to recover actual costs, the private transportation provider is responsible to remit the full actual costs of park and ride lot use to the appropriate transit agency. No accommodation is required, and any agreement may be terminated, if the park and ride lot is at or exceeds ninety percent capacity between the hours of 6:00 a.m. and 4:00 p.m., Monday through Friday for two consecutive months. Additionally, any agreement may be terminated if the private transportation provider violates any policies guiding the terms of use of the park and ride lot. The transit agency may reserve the authority to designate which pick-up and drop-off zones of the park and ride lot may be used by the private transportation provider.

(2) A local transit agency described under subsection (1) of this section may enter into a cooperative agreement with a taxicab company regulated under chapter 81.72 RCW in order to accommodate the taxicab company at the agency's park and ride lot, provided the taxicab company must agree to provide service with reasonable availability, subject to schedule coordination provisions as agreed to by the parties.

(3) For the purposes of this section, "private employer transportation service" means regularly scheduled, fixed-route transportation service that is similarly marked or identified to display the business name or logo on the driver and passenger sides of the vehicle, meets the annual certification requirements of the department, and is offered by an employer for the benefit of its employees.

(4) For the purposes of this section, "private transportation provider" means:

(a) A company regulated under chapter 81.68 RCW; chapter 81.70 RCW, except marked or unmarked stretch limousines and stretch sport utility vehicles as defined under department of licensing rules; and chapter 81.66 RCW; and

(2012 Ed.)

(b) An entity providing private employer transportation service.

(5)(a) Local authorities are encouraged to establish a process for private transportation providers, described under subsections (1) and (4) of this section, to apply for the use of park and ride facilities.

(b) The process must provide a list of facilities that the local authority determines to be unavailable for use by the private transportation provider and must provide the criteria used to reach that determination.

(c) The application and review processes must be uniform and should provide for an expeditious response by the authority.

(6) The department must convene a stakeholder process that includes interested public and private transportation providers, which must develop standard permit forms, clear explanations of permit rate calculations, and standard indemnification provisions that may be used by all local authorities. [2011 c 379 § 2; 2008 c 257 § 1.]

Conflict with state and federal environmental mitigation requirements—2011 c 379: See note following RCW 46.61.165.

47.04.295 Park and ride lots—Leases with private entities authorized—Rules. (1) The department, or any local transit agency that has received state funding for a park and ride lot, may enter into a lease with private entities allowing them to operate food or beverage retailers, restaurants, grocery and convenience stores, or other private enterprises that are of benefit to the traveling public at park and ride lots owned by the department or local transit agency.

(2) The department or local transit agency must take all necessary action to ensure the most favorable lease rates for the state or local transit agency, whether by bid or other reasonable manner, and to require the lessee to enter into any other contract or agreement to protect the state and its citizens or the local transit agency from commercial harm or other type of harm. Any lease entered into under this section must ensure that the lease payments are at fair market value and comparable to market rates in the area of the park and ride lot. Lease payments must first be applied towards maintenance and operations of the applicable park and ride lot and the remainder must be deposited into the multimodal transportation account created under RCW 47.66.070.

(3) The department must adopt and enforce such reasonable rules that are consistent with and necessary to carry out this section, including a flexible process to prioritize local business interests when entering into lease agreements. [2011 c 378 § 1.]

47.04.300 Safe routes to school program. Concurrent with the federal safe, accountable, flexible, efficient transportation equity act of 2005, a safe routes to school program is established within the department. The purpose of the program is to:

(1) Enable and encourage children, including those with disabilities, to walk and bicycle to school;

(2) Make bicycling and walking to school a safer and more appealing transportation alternative, encouraging a healthy and active lifestyle from an early age; and

(3) Facilitate the planning, development, and implementation of projects and activities that will improve safety and

reduce traffic, fuel consumption, and air pollution in the vicinity of schools. [2009 c 392 § 1.]

47.04.310 Rental car company fees—Child restraint system availability. (1) A rental car company may include separately stated surcharges, fees, or charges in a rental agreement, which may include, but may not be in any way limited to, vehicle license cost recovery fees, child restraint system rental fees, airport-related recovery fees, all applicable taxes, and government surcharges.

(2) If a rental car company includes a vehicle license cost recovery fee as a separately stated charge in a rental transaction, the amount of the fee must represent the rental car company's good faith estimate of the rental car company's average daily charge as calculated by the rental car company to recover its actual total annual rental car titling, registration, plating, and inspection costs in the state of Washington.

(3) If the total amount of the vehicle license cost recovery fees collected by a rental car company under this section in any calendar year exceeds the rental car company's actual costs in the state of Washington to license, title, register, and plate rental cars and to have such rental cars inspected for that calendar year, the rental car company shall do both of the following:

(a) Retain the excess amount; and

(b) Adjust the estimated average per vehicle titling, licensing, plating, inspecting, and registration charge for the following calendar year by a corresponding amount.

(4) Nothing in this section prevents a rental car company from making adjustments to the vehicle license cost recovery fee during the calendar year.

(5) The following definitions apply to this section unless the context clearly requires otherwise:

(a) "Child restraint system rental fee" means a charge that may be separately stated and charged on the rental contract in a car rental transaction originating in Washington state to recover the costs associated with providing child restraint systems; and

(b) "Vehicle license cost recovery fee" means a charge that may be separately stated and charged on the rental contract in a car rental transaction originating in Washington state to recover costs incurred in the state of Washington by a rental car company to license, title, register, plate, and inspect rental cars.

(6)(a) If a rental car company includes a child restraint system rental fee as a separately stated charge in a rental transaction, the amount of the fee must represent no more than the rental car company's good faith estimate of the rental car company's costs to provide a child restraint system.

(b) If a rental car customer pays a child restraint system rental fee and the child restraint system is not available in a timely manner, as determined by the rental car customer, but in no case less than one hour after the arrival of the customer at the location where the customer receives the vehicle or vehicles, (i) the customer may cancel any reservation or other agreement for the rental of the vehicle or vehicles, (ii) any costs or penalties associated with the cancellation are void, and (iii) the customer is entitled to a full refund of any costs associated with the rental of the vehicle or vehicles. [2009 c 346 § 2.]

Reviser's note: The definitions in this section have been alphabetized pursuant to RCW 1.08.015(2)(k).

Finding—Intent—2009 c 346: "The legislature finds that there are car rental agreements entered into between car rental companies and their customers that include fees in addition to the rental rate and taxes. It is the intent of the legislature that such fees be clearly and separately stated in such agreements." [2009 c 346 § 1.]

47.04.320 Complete streets grant program—Purpose—Goals—Awards—Report. (1) The department shall establish a complete streets grant program within the department's highways and local programs division, or its successor. During program development, the department shall include, at a minimum, the department of archaeology and historic preservation, local governments, and other organizations or groups that are interested in the complete streets grant program. The purpose of the grant program is to encourage local governments to adopt urban arterial retrofit street ordinances designed to provide safe access to all users, including bicyclists, pedestrians, motorists, and public transportation users, with the goals of:

(a) Promoting healthy communities by encouraging walking, bicycling, and using public transportation;

(b) Improving safety by designing major arterials to include features such as wider sidewalks, dedicated bicycle facilities, medians, and pedestrian streetscape features, including trees where appropriate;

(c) Protecting the environment and reducing congestion by providing safe alternatives to single-occupancy driving; and

(d) Preserving community character by involving local citizens and stakeholders to participate in planning and design decisions.

(2) For purposes of this section:

(a) "Eligible project" means (i) a local government street retrofit project that includes the addition of, or significant repair to, facilities that provide street access with all users in mind, including pedestrians, bicyclists, and public transportation users; or (ii) a retrofit project on city streets that are part of a state highway that include the addition of, or significant repair to, facilities that provide street access with all users in mind, including pedestrians, bicyclists, and public transportation users.

(b) "Local government" means incorporated cities and towns that have adopted a jurisdiction-wide complete streets ordinance that plans for the needs of all users and is consistent with sound engineering principles.

(c) "Sound engineering principles" means peer-reviewed, context sensitive solutions guides, reports, and publications, consistent with the purposes of this section.

(3) In carrying out the purposes of this section, the department may award funding, subject to the availability of amounts appropriated for this specific purpose, only to eligible projects that are designed consistent with sound engineering principles.

(4) The department must report annually to the transportation committees of the legislature on the status of any grant projects funded by the program created under this section. [2011 c 257 § 2.]

Intent—2011 c 257: "Urban main streets should be designed to provide safe access to all users, including bicyclists, pedestrians, motorists, and public transportation users. Context sensitive design and engineering principles

allow for flexible solutions depending on a community's needs, and result in many positive outcomes for cities and towns, including improving the health and safety of a community. It is the intent of the legislature to encourage street designs that safely meet the needs of all users and also protect and preserve a community's environment and character." [2011 c 257 § 1.]

47.04.325 Complete streets grant program—Account—Solicitation and receipt of gifts. (1) The complete streets grant program account is created in the state treasury. Moneys in the account may be spent only after appropriation. Only the department may authorize expenditures from the account. The department may use complete streets grant program funds for city streets, and city streets that are part of a state highway. Expenditures from the account may be used solely for the grants provided under RCW 47.04.320.

(2) The department may solicit and receive gifts, grants, or endowments from private and other sources that are made, in trust or otherwise, for the use and benefit of the purposes of the complete streets grant program as provided in RCW 47.04.320. [2011 c 257 § 3.]

Intent—2011 c 257: See note following RCW 47.04.320.

47.04.330 Street projects—Consultation with local jurisdictions—Context sensitive design solutions. When constructing, reconstructing, or making major improvements to streets described in RCW 47.24.010, the department must, for street projects initially planned or scoped after July 1, 2011:

(1) Consult with local jurisdictions in the design and planning phases. Consultation with local jurisdictions must include public outreach and meetings with interested stakeholders in the predesign phase for the purpose of clarifying community goals and priorities through community design exercises prior to developing any designs or visualizations; and

(2) Consider the needs of all users by applying context sensitive design solutions consistent with peer-reviewed, context sensitive solutions guides, reports, and publications, consistent with the purposes of this section. [2011 c 257 § 4.]

Intent—2011 c 257: See note following RCW 47.04.320.

47.04.340 Accommodation of private transportation vehicle use of high occupancy vehicle lanes in highway design. When designing portions of a highway that are intended to be used as portions reserved for the exclusive or preferential use of public transportation vehicles, state and local jurisdictions shall consider whether the design will safely accommodate private transportation provider vehicles that may be authorized to use the reserved portions under RCW 46.61.165 and 47.52.025 without interfering with the efficiency, reliability, and safety of public transportation operations. [2011 c 379 § 4.]

Conflict with state and federal environmental mitigation requirements—2011 c 379: See note following RCW 46.61.165.

Chapter 47.05 RCW PRIORITY PROGRAMMING FOR HIGHWAY DEVELOPMENT

Sections

47.05.010 Declaration of purpose.
47.05.021 Functional classification of highways.

(2012 Ed.)

47.05.022 Highways of statewide significance.
47.05.025 Highways of regional significance.
47.05.030 Ten-year programs—Investments, improvements, preservation.
47.05.035 Demand modeling tools.
47.05.195 Highways of statewide significance—State route No. 164.
47.05.200 Highways of statewide significance—State route No. 169.

47.05.010 Declaration of purpose. The legislature finds that solutions to state highway deficiencies have become increasingly complex and diverse and that anticipated transportation revenues will fall substantially short of the amount required to satisfy all transportation needs. Difficult investment trade-offs will be required.

It is the intent of the legislature that investment of state transportation funds to address deficiencies on the state highway system be based on a policy of priority programming having as its basis the rational selection of projects and services according to factual need and an evaluation of life cycle costs and benefits that are systematically scheduled to carry out defined objectives within available revenue. The state must develop analytic tools to use a common methodology to measure benefits and costs for all modes.

The priority programming system must ensure preservation of the existing state highway system, relieve congestion, provide mobility for people and goods, support the state's economy, and promote environmental protection and energy conservation.

The priority programming system must implement the state-owned highway component of the statewide transportation plan, consistent with local and regional transportation plans, by targeting state transportation investment to appropriate multimodal solutions that address identified state highway system deficiencies.

The priority programming system for improvements must incorporate a broad range of solutions that are identified in the statewide transportation plan as appropriate to address state highway system deficiencies, including but not limited to highway expansion, efficiency improvements, nonmotorized transportation facilities, high occupancy vehicle facilities, transit facilities and services, rail facilities and services, and transportation demand management programs. [2002 c 5 § 401; 1993 c 490 § 1; 1969 ex.s. c 39 § 1; 1963 c 173 § 1.]

47.05.021 Functional classification of highways. (1) The department shall conduct periodic analyses of the entire state highway system and report to the office of financial management and the chairs of the transportation committees of the senate and house of representatives, any subsequent recommendations to subdivide, classify, and subclassify all designated state highways into the following three functional classes:

(a) The "principal arterial system" shall consist of a connected network of rural arterial routes with appropriate extensions into and through urban areas, including all routes designated as part of the interstate system, which serve corridor movements having travel characteristics indicative of substantial statewide and interstate travel;

(b) The "minor arterial system" shall, in conjunction with the principal arterial system, form a rural network of arterial routes linking cities and other activity centers which generate long distance travel, and, with appropriate extensions into and through urban areas, form an integrated network providing interstate and interregional service; and

(c) The "collector system" shall consist of routes which primarily serve the more important intercounty, intracounty, and intraurban travel corridors, collect traffic from the system of local access roads and convey it to the arterial system, and on which, regardless of traffic volume, the predominant travel distances are shorter than on arterial routes.

(2) The department shall adopt a functional classification of highways. The department shall consider comments from the public and local municipalities. The department shall give consideration to criteria consistent with this section and federal regulations relating to the functional classification of highways, including but not limited to the following:

(a) Urban population centers within and without the state stratified and ranked according to size;

(b) Important traffic generating economic activities, including but not limited to recreation, agriculture, government, business, and industry;

(c) Feasibility of the route, including availability of alternate routes within and without the state;

(d) Directness of travel and distance between points of economic importance;

(e) Length of trips;

(f) Character and volume of traffic;

(g) Preferential consideration for multiple service which shall include public transportation;

(h) Reasonable spacing depending upon population density; and

(i) System continuity.

(3) The department or the legislature shall designate state highways of statewide significance under RCW 47.06.140. If the department designates a state highway of statewide significance, it shall submit a list of such facilities for adoption by the legislature. This statewide system shall include at a minimum interstate highways and other statewide principal arterials that are needed to connect major communities across the state and support the state's economy.

(4) The department shall designate a freight and goods transportation system. This statewide system shall include state highways, county roads, and city streets. The department, in cooperation with cities and counties, shall review and make recommendations to the legislature regarding policies governing weight restrictions and road closures which affect the transportation of freight and goods. [2006 c 334 § 8; 2005 c 319 § 8; 2002 c 56 § 301. Prior: 1998 c 245 § 95; 1998 c 171 § 5; 1993 c 490 § 2; 1987 c 505 § 50; 1979 ex.s. c 122 § 1; 1977 ex.s. c 130 § 1.]

47.05.022 Highways of statewide significance. The legislature designates as highways of statewide significance

those highways so designated by transportation commission resolution number 660 as adopted on January 21, 2004. [2004 c 232 § 1; 2002 c 56 § 302.]

47.05.025 Highways of regional significance. Highways of regional significance may receive funding under the conditions of RCW 36.120.020(8)(c). The following highways are of regional significance:

(1) That portion of state route number 9 that runs from state route number 522 in the south to state route number 531 in the north;

(2) That portion of state route number 524 that runs from state route number 5 easterly to state route number 522;

(3) That portion of state route number 704 from state route number 5 to state route number 7. [2002 c 56 § 303.]

47.05.030 Ten-year programs—Investments, improvements, preservation. (1) The office of financial management shall propose a comprehensive ten-year investment program for the preservation and improvement programs defined in this section, consistent with the policy goals described under RCW 47.04.280. The proposed ten-year investment program must be forwarded as a recommendation by the office of financial management to the legislature, and must be based upon the needs identified in the statewide transportation plan established under RCW 47.01.071(4).

(2) The preservation program consists of those investments necessary to preserve the existing state highway system and to restore existing safety features, giving consideration to lowest life cycle costing.

(3) The improvement program consists of investments needed to address identified deficiencies on the state highway system to meet the goals established in RCW 47.04.280. [2007 c 516 § 7; 2006 c 334 § 45; 2005 c 319 § 9; 2002 c 5 § 402; 1998 c 171 § 6; 1993 c 490 § 3; 1987 c 179 § 2; 1979 ex.s. c 122 § 2; 1977 ex.s. c 151 § 44; 1975 1st ex.s. c 143 § 1; 1973 2nd ex.s. c 12 § 4; 1969 ex.s. c 39 § 3; 1965 ex.s. c 170 § 33; 1963 c 173 § 3.]

47.05.035 Demand modeling tools. (1) The department shall use the transportation demand modeling tools developed under subsection (2) of this section to evaluate investments based on the best mode or improvement, or mix of modes and improvements, to meet current and future long-term demand within a corridor or system for the lowest cost. The end result of these demand modeling tools is to provide a cost-benefit analysis by which the department can determine the relative mobility improvement and congestion relief each

mode or improvement under consideration will provide and the relative investment each mode or improvement under consideration will need to achieve that relief.

(2) The department will participate in the refinement, enhancement, and application of existing transportation demand modeling tools to be used to evaluate investments. This participation and use of transportation demand modeling tools will be phased in. Environmental review of transportation projects: RCW 47.01.290.

47.06.010 Findings. The legislature recognizes that the ownership and operation of Washington's transportation system is spread among federal, state, and local government agencies, regional transit agencies, port districts, and the private sector. The legislature also recognizes that transportation planning authority is shared on the local, regional, and state levels, and that this planning must be a comprehensive and coordinated effort. While significant authority for transportation planning is vested with local agencies and regional transportation planning organizations under the growth man-

(2012 Ed.)

agement act, the legislature recognizes that certain transportation issues and facilities cross local and regional boundaries and are vital to the statewide economy and the cross-state mobility of people and goods. Therefore, the state has an appropriate role in developing statewide transportation plans that address state jurisdiction facilities and services as well as transportation facilities and services of state interest. These plans shall serve as a guide for short-term investment needs and provide a long-range vision for transportation system development. [1993 c 446 § 1.]

47.06.020 Role of department. The specific role of the department in transportation planning must be, consistent with the policy goals described under RCW 47.04.280: (1) Ongoing coordination and development of statewide transportation policies that guide all Washington transportation providers; (2) ongoing development of a statewide multimodal transportation plan that includes both state-owned and state-interest facilities and services; (3) coordinating the state high capacity transportation planning and regional transportation planning programs; (4) conducting special transportation planning studies that impact state transportation facilities or relate to transportation facilities and services of statewide significance; and (5) assisting the transportation commission in the development of the statewide transportation plan required under RCW 47.01.071(4). Specific requirements for each of these state transportation planning components are described in this chapter. [2007 c 516 § 9; 1993 c 446 § 2.]

Findings—Intent—2007 c 516: See note following RCW 47.01.011.

47.06.040 Statewide multimodal transportation plan. The department shall develop a statewide multimodal transportation plan under *RCW 47.01.071(3) and in conformance with federal requirements, to ensure the continued mobility of people and goods within regions and across the state in a safe, cost-effective manner. The statewide multimodal transportation plan shall consist of:

(1) A state-owned facilities component, which shall guide state investment for state highways including bicycle and pedestrian facilities, and state ferries; and

(2) A state-interest component, which shall define the state interest in aviation, marine ports and navigation, freight rail, intercity passenger rail, bicycle transportation and pedestrian walkways, and public transportation, and recommend actions in coordination with appropriate public and private transportation providers to ensure that the state interest in these transportation modes is met.

The plans developed under each component must be consistent with the state transportation policy plan and with each other, reflect public involvement, be consistent with regional transportation planning, high capacity transportation planning, and local comprehensive plans prepared under chapter 36.70A RCW, and include analysis of intermodal connections and choices. A primary emphasis for these plans shall be the relief of congestion, the preservation of existing investments and downtowns, ability to attract or accommodate planned population, and employment growth, the improvement of traveler safety, the efficient movement of freight and goods, and the improvement and integration of all

transportation modes to create a seamless intermodal transportation system for people and goods.

In the development of the statewide multimodal transportation plan, the department shall identify and document potential affected environmental resources, including, but not limited to, wetlands, storm water runoff, flooding, air quality, fish passage, and wildlife habitat. The department shall conduct its environmental identification and documentation in coordination with all relevant environmental regulatory authorities, including, but not limited to, local governments. The department shall give the relevant environmental regulatory authorities an opportunity to review the department's environmental plans. The relevant environmental regulatory authorities shall provide comments on the department's environmental plans in a timely manner. Environmental identification and documentation as provided for in RCW 47.01.300 and this section is not intended to create a private right of action or require an environmental impact statement as provided in chapter 43.21C RCW. [2002 c 189 § 4; 1998 c 199 § 1; 1994 c 258 § 5; 1993 c 446 § 4.]

***Reviser's note:** RCW 47.01.071 was amended by 2005 c 319 § 5, changing subsection (3) to subsection (4).

47.06.043 Technical workers—Skill enhancement.

The state interest component of the statewide multimodal transportation plan must include a plan for enhancing the skills of the existing technical transportation workforce. [2003 c 363 § 204.]

Findings—Intent—2003 c 363 §§ 201-206: See note following RCW 49.04.041.

Part headings not law—Severability—2003 c 363: See notes following RCW 47.28.241.

47.06.045 Freight mobility plan. The state-interest component of the statewide multimodal transportation plan shall include a freight mobility plan which shall assess the transportation needs to ensure the safe, reliable, and efficient movement of goods within and through the state and to ensure the state's economic vitality. [1998 c 175 § 10.]

Additional notes found at www.leg.wa.gov

47.06.050 State-owned facilities component. The state-owned facilities component of the statewide multimodal transportation plan shall consist of:

(1) The state highway system plan, which identifies program and financing needs and recommends specific and financially realistic improvements to preserve the structural integrity of the state highway system, ensure acceptable operating conditions, and provide for enhanced access to scenic, recreational, and cultural resources. The state highway system plan shall contain the following elements:

(a) A system preservation element, which shall establish structural preservation objectives for the state highway system including bridges, identify current and future structural deficiencies based upon analysis of current conditions and projected future deterioration, and recommend program funding levels and specific actions necessary to preserve the structural integrity of the state highway system consistent with adopted objectives. Lowest life cycle cost methodologies must be used in developing a pavement management

system. This element shall serve as the basis for the preservation component of the six-year highway program and the two-year biennial budget request to the legislature;

(b) A highway maintenance element, establishing service levels for highway maintenance on state-owned highways. The highway maintenance element must include an estimate of costs for achieving those service levels over twenty years. This element will serve as the basis for the maintenance component of the six-year highway program and the two-year biennial budget request to the legislature;

(c) A capacity and operational improvement element, which shall establish operational objectives, including safety considerations, for moving people and goods on the state highway system, identify current and future capacity, operational, and safety deficiencies, and recommend program funding levels and specific improvements and strategies necessary to achieve the operational objectives. In developing capacity and operational improvement plans the department shall first assess strategies to enhance the operational efficiency of the existing system before recommending system expansion. Strategies to enhance the operational efficiencies include but are not limited to access management, transportation system management, demand management, and high occupancy vehicle facilities. The capacity and operational improvement element must conform to the state implementation plan for air quality and be consistent with regional transportation plans adopted under chapter 47.80 RCW, and shall serve as the basis for the capacity and operational improvement portions of the six-year highway program and the two-year biennial budget request to the legislature;

(d) A scenic and recreational highways element, which shall identify and recommend designation of scenic and recreational highways, provide for enhanced access to scenic, recreational, and cultural resources associated with designated routes, and recommend a variety of management strategies to protect, preserve, and enhance these resources. The department, affected counties, cities, and towns, regional transportation planning organizations, and other state or federal agencies shall jointly develop this element;

(e) A paths and trails element, which shall identify the needs of nonmotorized transportation modes on the state transportation systems and provide the basis for the investment of state transportation funds in paths and trails, including funding provided under chapter 47.30 RCW.

(2) The state ferry system plan, which shall guide capital and operating investments in the state ferry system. The plan shall establish service objectives for state ferry routes, forecast travel demand for the various markets served in the system, develop strategies for ferry system investment that consider regional and statewide vehicle and passenger needs, support local land use plans, and assure that ferry services are fully integrated with other transportation services. The plan must provide for maintenance of capital assets. The plan must also provide for preservation of capital assets based on lowest life cycle cost methodologies. The plan shall assess the role of private ferries operating under the authority of the utilities and transportation commission and shall coordinate ferry system capital and operational plans with these private operations. The ferry system plan must be consistent with the regional transportation plans for areas served by the state ferry system, and shall be developed in conjunction with the

ferry advisory committees. [2007 c 516 § 10; 2002 c 5 § 413; 1993 c 446 § 5.]

Findings—Intent—2007 c 516: See note following RCW 47.01.011.

Finding—Intent—2002 c 5: "The legislature finds that roads, streets, bridges, and highways in the state represent public assets worth over one hundred billion dollars. These investments require regular maintenance and preservation, or rehabilitation, to provide cost-effective transportation services. Many of these facilities are in poor condition. Given the magnitude of public investment and the importance of safe, reliable roadways to the motoring public, the legislature intends to create stronger accountability to ensure that cost-effective maintenance and preservation is provided for these transportation facilities." [2002 c 5 § 408.]

Captions not law—Severability—2002 c 5: See notes following RCW 47.04.280.

47.06.060 Aviation plan. The state-interest component of the statewide multimodal transportation plan shall include an aviation plan, which shall fulfill the statewide aviation planning requirements of the federal government, coordinate statewide aviation planning, and identify the program needs for public use and state airports. [1993 c 446 § 6.]

47.06.070 Marine ports and navigation plan. The state-interest component of the statewide multimodal transportation plan shall include a state marine ports and navigation plan, which shall assess the transportation needs of Washington's marine ports, including navigation, and identify transportation system improvements needed to support the international trade and economic development role of Washington's marine ports. [1993 c 446 § 7.]

47.06.080 Freight rail plan. The state-interest component of the statewide multimodal transportation plan shall include a state freight rail plan, which shall fulfill the statewide freight rail planning requirements of the federal government, identify freight rail mainline issues, identify light-density freight rail lines threatened with abandonment, establish criteria for determining the importance of preserving the service or line, and recommend priorities for the use of state rail assistance and state rail banking program funds, as well as other available sources of funds. The plan shall also identify existing intercity rail rights-of-way that should be preserved for future transportation use. [1993 c 446 § 8.]

47.06.090 Intercity passenger rail plan. The state-interest component of the statewide multimodal transportation plan shall include an intercity passenger rail plan, which shall analyze existing intercity passenger rail service and recommend improvements to that service under the state passenger rail service program including depot improvements, potential service extensions, and ways to achieve higher train speeds.

For purposes of maintaining and preserving any state-owned component of the state's passenger rail program, the statewide multimodal transportation plan must identify all such assets and provide a preservation plan based on lowest life cycle cost methodologies. [2002 c 5 § 414; 1993 c 446 § 9.]

Finding—Intent—2002 c 5: See note following RCW 47.06.050.

Captions not law—Severability—2002 c 5: See notes following RCW 47.04.280.

(2012 Ed.)

47.06.100 Bicycle transportation and pedestrian walkways plan. The state-interest component of the statewide multimodal transportation plan shall include a bicycle transportation and pedestrian walkways plan, which shall propose a statewide strategy for addressing bicycle and pedestrian transportation, including the integration of bicycle and pedestrian pathways with other transportation modes; the coordination between local governments, regional agencies, and the state in the provision of such facilities; the role of such facilities in reducing traffic congestion; and an assessment of statewide bicycle and pedestrian transportation needs. This plan shall satisfy the federal requirement for a long-range bicycle transportation and pedestrian walkways plan. [1993 c 446 § 10.]

47.06.110 Public transportation plan. The state-interest component of the statewide multimodal transportation plan shall include a state public transportation plan that:

(1) Articulates the state vision of an interest in public transportation and provides quantifiable objectives, including benefits indicators;

(2) Identifies the goals for public transit and the roles of federal, state, regional, and local entities in achieving those goals;

(3) Recommends mechanisms for coordinating state, regional, and local planning for public transportation;

(4) Recommends mechanisms for coordinating public transportation with other transportation services and modes;

(5) Recommends criteria, consistent with the goals identified in subsection (2) of this section and with *RCW 82.44.180 (2) and (3), for existing federal authorizations administered by the department to transit agencies; and

(6) Recommends a statewide public transportation facilities and equipment management system as required by federal law.

In developing the state public transportation plan, the department shall involve local jurisdictions, public and private providers of transportation services, nonmotorized interests, and state agencies with an interest in public transportation, including but not limited to the departments of **community, trade, and economic development, social and health services, and ecology, the office of the superintendent of public instruction, the office of the governor, and the office of financial management.

The department shall submit to the senate and house transportation committees by December 1st of each year, reports summarizing the plan's progress. [2005 c 319 § 124; 1996 c 186 § 512; 1995 c 399 § 120; 1993 c 446 § 11.]

Reviser's note: *(1) RCW 82.44.180 was amended by 1999 c 402 § 5 and by 1999 c 94 § 31, deleting subsection (2) and changing subsection (3) to subsection (2).

** (2) The "department of community, trade, and economic development" was renamed the "department of commerce" by 2009 c 565.

Environmental review of transportation projects: RCW 47.01.290.

47.06.120 High capacity transportation planning and regional transportation planning—Role of department. The department's role in high capacity transportation plan-

ning and regional transportation planning is to administer state planning grants for these purposes, represent the interests of the state in these regional planning processes, and coordinate other department planning with these regional efforts, including those under RCW 81.104.060. [1993 c 446 § 12.]

47.06.130 Special planning studies—Cost-benefit analysis. (1) The department may carry out special transportation planning studies to resolve specific issues with the development of the state transportation system or other statewide transportation issues.

(2) The department shall conduct multimodal corridor analyses on major congested corridors where needed improvements are likely to cost in excess of one hundred million dollars. Analysis will include the cost-effectiveness of all feasible strategies in addressing congestion or improving mobility within the corridor, and must recommend the most effective strategy or mix of strategies to address identified deficiencies. A long-term view of corridors must be employed to determine whether an existing corridor should be expanded, a city or county road should become a state route, and whether a new corridor is needed to alleviate congestion and enhance mobility based on travel demand. To the extent practicable, full costs of all strategies must be reflected in the analysis. At a minimum, this analysis must include:

(a) The current and projected future demand for total person trips on that corridor;

(b) The impact of making no improvements to that corridor;

(c) The daily cost per added person served for each mode or improvement proposed to meet demand;

(d) The cost per hour of travel time saved per day for each mode or improvement proposed to meet demand; and

(e) How much of the current and anticipated future demand will be met and left unmet for each mode or improvement proposed to meet demand.

The end result of this analysis will be to provide a cost-benefit analysis by which policymakers can determine the most cost-effective improvement or mode, or mix of improvements and modes, for increasing mobility and reducing congestion. [2002 c 5 § 404; 1993 c 446 § 13.]

Effective date—2002 c 5 §§ 401-404: See note following RCW 47.05.010.

Captions not law—Severability—2002 c 5: See notes following RCW 47.04.280.

47.06.140 Transportation facilities and services of statewide significance—Level of service standards. (1) The legislature declares the following transportation facilities and services to be of statewide significance: Highways of statewide significance as designated by the legislature under chapter 47.05 RCW, the interstate highway system, interregional state principal arterials including ferry connections that serve statewide travel, intercity passenger rail services, intercity high-speed ground transportation, major passenger intermodal terminals excluding all airport facilities and services, the freight railroad system, the Columbia/Snake navigable river system, marine port facilities and services that are related solely to marine activities affecting international and interstate trade, key freight transportation corridors serving

these marine port facilities, and high capacity transportation systems serving regions as defined in RCW 81.104.015. The department, in cooperation with regional transportation planning organizations, counties, cities, transit agencies, public ports, private railroad operators, and private transportation providers, as appropriate, shall plan for improvements to transportation facilities and services of statewide significance in the statewide multimodal transportation plan. Improvements to facilities and services of statewide significance identified in the statewide multimodal transportation plan, or to highways of statewide significance designated by the legislature under chapter 47.05 RCW, are essential state public facilities under RCW 36.70A.200.

(2) The department of transportation, in consultation with local governments, shall set level of service standards for state highways and state ferry routes of statewide significance. Although the department shall consult with local governments when setting level of service standards, the department retains authority to make final decisions regarding level of service standards for state highways and state ferry routes of statewide significance. In establishing level of service standards for state highways and state ferry routes of statewide significance, the department shall consider the necessary balance between providing for the free interjurisdictional movement of people and goods and the needs of local communities using these facilities. When setting the level of service standards under this section for state ferry routes, the department may allow for a standard that is adjustable for seasonality. [2009 c 514 § 3. Prior: 2007 c 516 § 11; 2007 c 512 § 2; 1998 c 171 § 7.]

Findings—Intent—2009 c 514: See note following RCW 36.70A.085.

Findings—Intent—2007 c 516: See note following RCW 47.01.011.

Finding—Intent—2007 c 512: "The legislature finds from the 2006 Washington state ferries financing study that the state has limited information on state ferry users and markets. Accurate user and market information is vital in order to find ways to maximize the ferry systems' current capacity and to make the most efficient use of citizens' tax dollars. Therefore, it is the intent of the legislature that Washington state ferries be given the tools necessary to maximize the utilization of existing capacity and to make the most efficient use of existing assets and tax dollars. Furthermore, it is the intent of the legislature that the department of transportation adopt adaptive management practices in its operating and capital programs so as to keep the costs of the Washington state ferries system as low as possible while continuously improving the quality and timeliness of service." 47.06A.001 Findings. The legislature finds that:

(1) Washington state is uniquely positioned as a gateway to the global economy. As the most trade-dependent state in the nation, per capita, Washington's economy is highly dependent on an efficient multimodal transportation network in order to remain competitive.

(2) The vitality of the state's economy is placed at risk by growing traffic congestion that impedes the safe and efficient movement of goods. The absence of a comprehensive and coordinated state policy that facilitates freight movements to local, national, and international markets limits trade opportunities.

(3) Freight corridors that serve international and domestic interstate and intrastate trade, and those freight corridors that enhance the state's competitive position through regional and global gateways are strategically important. In many instances, movement of freight on these corridors is diminished by: Barriers that block or delay access to intermodal facilities where freight is transferred from one mode of transport to another; conflicts between rail and road traffic; constraints on rail capacity; highway capacity constraints, congestion, and condition; waterway system depths that affect capacity; and institutional, regulatory, and operational barriers.

(4) Rapidly escalating population growth is placing an added burden on streets, roads, and highways that serve as freight corridors. Community benefits from economic activity associated with freight movement often conflict with community concerns over safety, mobility, [and] environmental quality. Efforts to minimize community impacts in areas of high freight movements that encourage the active participation of communities in the early stages of proposed public and private infrastructure investments will facilitate needed freight mobility improvements.

(5) Ownership of the freight mobility network is fragmented and spread across various public jurisdictions, private companies, and state and national borders. Transportation projects have grown in complexity and size, requiring more resources and longer implementation time frames. Currently, there is no comprehensive and integrated framework for planning the freight mobility needs of public and private stakeholders in the freight transportation system. A coordinated planning process should identify new infrastructure investments that are integrated by public and private planning bodies into a multimodal and multijurisdictional network in all areas of the state, urban and rural, east and west. The state should integrate freight mobility goals with state policy on related issues such as economic development, growth management, and environmental management.

(6) State investment in projects that enhance or mitigate freight movements, should pay special attention to solutions that utilize a corridor solution to address freight mobility issues with important transportation and economic impacts beyond any local area. The corridor approach builds partnerships and fosters coordinated planning among jurisdictions and the public and private sectors.

(7) It is the policy of the state of Washington that limited public transportation funding and competition between freight and general mobility improvements for the same fund sources require strategic, prioritized freight investments that reduce barriers to freight movement, maximize cost-effec-

tiveness, yield a return on the state's investment, require complementary investments by public and private interests, and solve regional freight mobility problems. State financial assistance for freight mobility projects must leverage other funds from all potential partners and sources, including federal, county, city, port district, and private capital. [1998 c 175 § 1.]

47.06A.010 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Board" means the freight mobility strategic investment board created in RCW 47.06A.030.

(2) "Department" means the department of transportation.

(3) "Freight mobility" means the safe, reliable, and efficient movement of goods within and through the state to ensure the state's economic vitality.

(4) "Local governments" means cities, towns, counties, special purpose districts, port districts, and any other municipal corporations or quasi-municipal corporations in the state excluding school districts.

(5) "Public entity" means a state agency, city, town, county, port district, or municipal or regional planning organization.

(6) "Strategic freight corridor" means a transportation corridor of great economic importance within an integrated freight system that:

(a) Serves international and domestic interstate and intrastate trade;

(b) Enhances the state's competitive position through regional and global gateways;

(c) Carries freight tonnages of at least:

(i) Four million gross tons annually on state highways, city streets, and county roads;

(ii) Five million gross tons annually on railroads; or

(iii) Two and one-half million net tons on waterways; and

(d) Has been designated a strategic corridor by the board under RCW 47.06A.020(3). However, new alignments to, realignments of, and new links to strategic corridors that enhance freight movement may qualify, even though no tonnage data exists for facilities to be built in the future. [1998 c 175 § 2.]

47.06A.020 Board—Duties. (1) The board shall:

(a) Adopt rules and procedures necessary to implement the freight mobility strategic investment program;

(b) Solicit from public entities proposed projects that meet eligibility criteria established in accordance with subsection (4) of this section; and

(c) Review and evaluate project applications based on criteria established under this section, and prioritize and select projects comprising a portfolio to be funded in part with grants from state funds appropriated for the freight mobility strategic investment program. In determining the appropriate level of state funding for a project, the board shall ensure that state funds are allocated to leverage the greatest amount of partnership funding possible. After selecting projects comprising the portfolio, the board shall submit them as part of its budget request to the office of financial manage-

ment and the legislature. The board shall ensure that projects submitted as part of the portfolio are not more appropriately funded with other federal, state, or local government funding mechanisms or programs. The board shall reject those projects that appear to improve overall general mobility with limited enhancement for freight mobility.

The board shall provide periodic progress reports on its activities to the office of financial management and the senate and house transportation committees.

(2) The board may:

(a) Accept from any state or federal agency, loans or grants for the financing of any transportation project and enter into agreements with any such agency concerning the loans or grants;

(b) Provide technical assistance to project applicants;

(c) Accept any gifts, grants, or loans of funds, property, or financial, or other aid in any form from any other source on any terms and conditions which are not in conflict with this chapter;

(d) Adopt rules under chapter 34.05 RCW as necessary to carry out the purposes of this chapter; and

(e) Do all things necessary or convenient to carry out the powers expressly granted or implied under this chapter.

(3) The board shall designate strategic freight corridors within the state. The board shall update the list of designated strategic corridors not less than every two years, and shall establish a method of collecting and verifying data, including information on city and county-owned roadways.

(4) The board shall utilize threshold project eligibility criteria that, at a minimum, includes the following:

(a) The project must be on a strategic freight corridor;

(b) The project must meet one of the following conditions:

(i) It is primarily aimed at reducing identified barriers to freight movement with only incidental benefits to general or personal mobility; or

(ii) It is primarily aimed at increasing capacity for the movement of freight with only incidental benefits to general or personal mobility; or

(iii) It is primarily aimed at mitigating the impact on communities of increasing freight movement, including roadway/railway conflicts; and

(c) The project must have a total public benefit/total public cost ratio of equal to or greater than one.

(5) From June 11, 1998, through the biennium ending June 30, 2001, the board shall use the multicriteria analysis and scoring framework for evaluating and ranking eligible freight mobility and freight mitigation projects developed by the freight mobility project prioritization committee and contained in the January 16, 1998, report entitled "Project Eligibility, Priority and Selection Process for a Strategic Freight Investment Program." The prioritization process shall measure the degree to which projects address important program objectives and shall generate a project score that reflects a project's priority compared to other projects. The board shall assign scoring points to each criterion that indicate the relative importance of the criterion in the overall determination of project priority. After June 30, 2001, the board may supplement and refine the initial project priority criteria and scoring framework developed by the freight mobility project

prioritization committee as expertise and experience is gained in administering the freight mobility program.

(6) It is the intent of the legislature that each freight mobility project contained in the project portfolio submitted by the board utilize the greatest amount of nonstate funding possible. The board shall adopt rules that give preference to projects that contain the greatest levels of financial participation from nonprogram fund sources. The board shall consider twenty percent as the minimum partnership contribution, but shall also ensure that there are provisions allowing exceptions for projects that are located in areas where minimal local funding capacity exists or where the magnitude of the project makes the adopted partnership contribution financially unfeasible.

(7) The board shall develop and recommend policies that address operational improvements that primarily benefit and enhance freight movement, including, but not limited to, policies that reduce congestion in truck lanes at border crossings and weigh stations and provide for access to ports during nonpeak hours. [2005 c 319 § 125; 1999 c 216 § 1; 1998 c 175 § 3.]

See notes following RCW 43.17.020.

47.06A.030 Board—Creation—Membership. (1)

The freight mobility strategic investment board is created. The board shall convene by July 1, 1998.

(2) The board is composed of twelve members. The following members are appointed by the governor for terms of four years, except that five members initially are appointed for terms of two years: (a) Two members, one of whom is from a city located within or along a strategic freight corridor, appointed from a list of at least four persons nominated by the association of Washington cities or its successor; (b) two members, one of whom is from a county having a strategic freight corridor within its boundaries, appointed from a list of at least four persons nominated by the Washington state association of counties or its successor; (c) two members, one of whom is from a port district located within or along a strategic freight corridor, appointed from a list of at least four persons nominated by the Washington public ports association or its successor; (d) one member representing the office of financial management; (e) one member appointed as a representative of the trucking industry; (f) one member appointed as a representative of the railroads; (g) the secretary of the department of transportation; (h) one member representing the steamship industry; and (i) one member of the general public. In appointing the general public member, the governor shall endeavor to appoint a member with special expertise in relevant fields such as public finance, freight transportation, or public works construction. The governor shall appoint the general public member as chair of the board. In making appointments to the board, the governor shall ensure that each geographic region of the state is represented.

(3) Members of the board shall be reimbursed for reasonable and customary travel expenses as provided in RCW 43.03.050 and 43.03.060.

(4) If a vacancy on the board occurs by death, resignation, or otherwise, the governor shall fill the vacant position for the unexpired term. Each vacancy in a position appointed from lists provided by the associations and departments

under subsection (2) of this section must be filled from a list of at least four persons nominated by the relevant association or associations.

(5) The appointments made in subsection (2) of this section are not subject to confirmation. [1999 c 216 § 2; 1998 c 175 § 4.]

47.06A.040 Board—Administration and staffing.

The board, at its option, may either appoint an executive director, who shall serve at its pleasure and whose salary shall be set by the board or make provisions ensuring the responsibilities of the executive director are carried out by an existing transportation-related state agency or by private contract. Staff support to the board shall be provided by the department of transportation, the transportation improvement board, and the county road administration board, or their successor agencies. [1999 c 216 § 3; 1998 c 175 § 5.]

47.06A.050 Allocation of funds. (1) For the purpose of allocating funds for the freight mobility strategic investment program, the board shall allocate the first fifty-five percent of funds to the highest priority projects, without regard to location.

(2) The remaining funds shall be allocated equally among three regions of the state, defined as follows:

(a) The Puget Sound region includes King, Pierce, and Snohomish counties;

(b) The western Washington region includes Clallam, Jefferson, Island, Kitsap, San Juan, Skagit, Whatcom, Clark, Cowlitz, Grays Harbor, Lewis, Mason, Pacific, Skamania, Thurston, and Wahkiakum counties; and

(c) The eastern Washington region includes Adams, Chelan, Douglas, Ferry, Grant, Lincoln, Okanogan, Pend Oreille, Spokane, Stevens, Whitman, Asotin, Benton, Columbia, Franklin, Garfield, Kittitas, Klickitat, Walla Walla, and Yakima counties.

(3) If a region does not have enough qualifying projects to utilize its allocation of funds, the funds will be made available to the next highest priority project, without regard to location.

(4) In the event that a proposal contains projects in more than one region, for purposes of assuring that equitable geographic distributions are made under subsection (2) of this section, the board shall evaluate the proposal and proportionally assign the benefits that are attributable to each region.

(5) If the board identifies a project for funding, but later determines that the project is not ready to proceed at the time the legislature's funding decision is pending, the board shall recommend removing the project from consideration and the next highest priority project shall be substituted in the project portfolio. Any project removed from funding consideration because it is not ready to proceed shall retain its position on the priority project list and is eligible to be recommended for funding in the next project portfolio submitted by the board. [1998 c 175 § 6.]

47.06A.060 Grants and loans. In order to aid the financing of eligible freight mobility projects, the board may:

(1) Make grants or loans from funds appropriated for the freight mobility strategic investment program for the purpose of financing freight mobility projects. The board may require

(2012 Ed.)

terms and conditions as it deems necessary or convenient to carry out the purposes of this chapter.

(2) The state shall not bear the financial burden for project costs unrelated to the movement of freight. Project amenities unrelated to the movement of freight may not be submitted to the board as part of a project proposal under the freight mobility strategic investment program.

(3) All freight mobility projects aided in whole or in part under this chapter must have a public entity designated as the lead project proponent. [1998 c 175 § 7.]

47.06A.070 Records. The board shall keep proper records and shall be subject to audit by the state auditor. [1998 c 175 § 8.]

47.06A.080 Port district development plans. Port districts in the state shall submit their development plans to the relevant regional transportation planning organization or metropolitan planning organization, the department, and affected cities and counties to better coordinate the development and funding of freight mobility projects. [1998 c 175 § 9.]

47.06A.900 Severability—1998 c 175. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1998 c 175 § 15.]

47.08.020 State to match federal funds. For the construction, alteration, repair and improvement of state highways, county roads, or city and town streets in the state of

Washington which are part of the public highway system, the good faith of the state of Washington is hereby pledged to make available funds sufficient to equal the sums appropriated to the state by or under the United States government during succeeding fiscal years and to use and expend the same within one year after the fiscal year for which appropriated, and in the manner and under the rules and regulations imposed by the secretary of commerce and to maintain, or cause to be maintained, the highways or roads constructed or improved with the aid of funds so appropriated, and to make adequate provisions for carrying out such maintenance. [1961 c 13 § 47.08.020. Prior: 1937 c 53 § 46; RRS § 6400-46; 1917 c 76 § 3; RRS § 6846.]

47.08.040 Contracts with United States as to state highway property. Whenever it is necessary or desirable for the federal government or any agency thereof to acquire an interest in or in any way damage any property or interest therein owned by the state of Washington and used in connection with any highway in the state of Washington in connection with any federal project for the development of any river within or partially within the state of Washington, the department is authorized, empowered, and directed to negotiate and enter into an agreement with the proper agency of the federal government as to the rights which shall be acquired, the compensation which shall be made therefor and the character of instruments by which the rights shall be conveyed, and as to any other matters which may be necessary in order to satisfy the requirements of the federal government. If the agreement is required to be reduced to writing, the writing shall be approved as to form by the attorney general of the state of Washington. [1984 c 7 § 93; 1961 c 13 § 47.08.040. Prior: 1937 c 113 § 1; RRS § 6450-91.]

47.08.050 Contracts with United States—Governor to execute instrument to the United States. Whenever the department has entered into an agreement under RCW 47.08.040 with the federal government or any agency thereof requiring the execution of any deed, flowage easement, or instrument of any nature, to the federal government or agency, and the instrument is approved as to form by the attorney general of the state of Washington, the governor of the state of Washington is authorized and directed without further authority and in the name of the state of Washington to execute and deliver to the proper agency of the federal government any such instrument or instruments which shall be, when attested by the secretary of state, binding upon the state of Washington. [1984 c 7 § 94; 1961 c 13 § 47.08.050. Prior: 1937 c 113 § 2; RRS § 6450-92.]

47.08.060 Contracts with United States—Disposal of funds from the United States. Whenever any moneys shall be realized by the state of Washington as a result of any agreement authorized by RCW 47.08.040, the same shall be deposited in the treasury of the state of Washington to the credit of the motor vehicle fund, and shall be available for highway purposes only. [1967 ex.s. c 145 § 45; 1961 c 13 § 47.08.060. Prior: 1937 c 113 § 3; RRS § 6450-93.]

47.08.070 Cooperation in public works projects, urban public transportation systems. When it appears to the department that any state highway will be benefited or improved by the construction of any public works project, including any urban public transportation system, within the state of Washington by any of the departments of the state of Washington, by the federal government, or by any agency, instrumentality, or municipal corporation of either the state of Washington or the United States, the department is authorized to enter into cooperative agreements with any such state department, with the United States, or with any agency, instrumentality, or municipal corporation of either the state of Washington or the United States, wherein the state of Washington, acting through the department, will participate in the cost of the public works project in such amount as may be determined by the department to be the value of the benefits or improvements to the particular state highway derived from the construction of the public works project. Under any such agreement the department may contribute to the cost of the public works project by making direct payment to the particular state department, federal government, or to any agency, instrumentality, or municipal corporation of either the state or the United States, or any combination thereof, which may be involved in the project, from any funds appropriated to the department and available for highway purposes, or by doing a portion of the project either by day labor or by contract, or in any other manner as may be deemed advisable and necessary by the department. [1984 c 7 § 95; 1967 c 108 § 3; 1961 c 13 § 47.08.070. Prior: 1945 c 127 § 2; Rem. Supp. 1945 § 6400-121.]

47.08.080 Funds when department is in charge of county road improvements. If any funds become available from the federal government or otherwise for expenditure in conjunction with county funds for the construction, alteration, repair, or improvement of any county road and the work is to be performed by the department, the state treasurer shall, upon notice from the department, set aside from any moneys in the motor vehicle fund credited to any such county, the cost thereof, together with the cost of engineering, supervision, and other proper items, or so much of the money in the state treasury to the credit of the county as may be necessary for use in conjunction with funds from the federal government to accomplish the work. The work shall then be performed by the department and paid from the money so set aside upon vouchers approved and submitted by the department in the same manner as payment is made for such work on state highways: PROVIDED, That the legislative authority of any such county shall have, by proper resolution, filed in duplicate in the office of the department and approved by it, determined the county road construction, alteration, repair, or improvement to be performed in such county and the same is found to conform in all respects to the requirements necessary for the use of such funds of the federal government. [1984 c 7 § 96; 1973 c 106 § 22; 1961 c 13 § 47.08.080. Prior: 1937 c 187 § 59; RRS § 6450-59.]

47.08.090 Funds when department is in charge of city street improvements. If any funds become available from the federal government or otherwise for expenditure in conjunction with funds accruing to any incorporated city or town for the construction, alteration, repair, or improvement of its city streets designated as forming a part of the route of any state highway through the incorporated city or town and the work is to be performed by the department, the state treasurer shall, upon notice from the department, set aside from any moneys in the motor vehicle fund credited to the incorporated city or town, the cost thereof or so much money in the state treasury to the credit of the incorporated city or town as may be necessary in conjunction with the funds from the federal government or otherwise to accomplish the work, the cost to be paid by the state treasurer from the money so set aside upon vouchers approved and submitted by the department in the same manner as payment is made for work on state highways. If any such incorporated city or town has agreed with the state of Washington or the federal government as a condition precedent to the acquiring of federal funds for construction on any city street of the incorporated city or town designated as forming a part of the route of any state highways, that the street will be maintained to a standard and the incorporated city or town fails to so maintain the city street, then the department may perform the maintenance, and the state treasurer is authorized to deduct the cost thereof from any funds credited or to be credited to the incorporated city or town and pay the same on vouchers approved and submitted by the department in the same manner as payment is made for work performed on state highways. [1984 c 7 § 97; 1973 c 106 § 23; 1961 c 13 § 47.08.090. Prior: 1937 c 187 § 65; RRS § 6450-65.]

47.08.100 Illegal use of county or city road funds—Procedure to correct. The department is authorized from time to time to investigate expenditures from the county road fund and the city street fund; and if it determines that unauthorized, illegal, or wrongful expenditures are being or have been made from the fund it is authorized to proceed as follows: If the county road fund is involved it shall notify in writing the county legislative authority and the county treasurer of its determination; and if the city street fund is involved it shall notify the city council or commission and the mayor and city treasurer of the city or town of its determination. In its determination the department is authorized to demand of those officials that the wrongful or illegal expenditures shall be stopped, adjusted, or remedied and that restitution of any wrongful or illegal diversion or use shall be made; and it may notify the officials that if the wrong is not stopped, remedied, or adjusted, or restitution made to its satisfaction within a specified period fixed by it, it will direct the withholding of further payments to the county or city from the motor vehicle fund. The county or city shall have ten days after the notice is given within which to correct or remedy the wrong, or wrongful and illegal practices, to make restitution, or to adjust the matter to the satisfaction of the department.

If no correction, remedy, adjustment, or restitution is made within ten days to the satisfaction of the department, it has power to request in writing that the state treasurer withhold further payments from the motor vehicle fund to the

county or city; and it is the duty of the state treasurer upon being so notified to withhold further payments from the motor vehicle fund to the county or city involved until the officials are notified in writing by the department that payments may be resumed.

The department is also authorized to notify in writing the prosecuting attorney of the county in which the violation occurs of the facts, and it is the duty of the prosecuting attorney to file charges and to criminally prosecute any and all persons guilty of any such violation. [1984 c 7 § 98; 1973 c 106 § 24; 1961 c 13 § 47.08.100. Prior: 1943 c 82 § 13, part; 1937 c 187 § 66, part; Rem. Supp. 1943 § 6450-66, part.]

Additional notes found at www.leg.wa.gov

47.08.110 Misuse of county or city road funds—General penalty. It shall be unlawful and a misdemeanor, unless the same is by this title or other law of this state declared to be a felony or gross misdemeanor, to divert or use, or authorize, permit or participate in the diversion or use of any moneys in the county road fund or in the city street fund for any other purpose or in any other manner than that authorized by law. [1961 c 13 § 47.08.110. Prior: 1943 c 82 § 13, part; 1937 c 187 § 66, part; Rem. Supp. 1943 § 6450-66, part.]

47.08.120 Transportation equipment fund. There is hereby created in the state treasury a state fund to be known as the "transportation equipment fund," the same to be used by the department of transportation as a revolving fund to be expended for salaries, wages and operations required for the repair, replacement, purchase and operation of equipment and for purchase of equipment, materials and supplies to be used as follows: (1) In the administration and operation of this fund; and (2) in the administration, maintenance and construction of highways and transportation facilities.

The transportation equipment fund shall be credited, in the case of equipment, with a reasonable rental assessed upon the use of such equipment by the various state departments, and in the case of materials and supplies, with a reasonable charge for such materials and supplies. Such credit for rental and charges for materials and supplies shall be charged against the proper appropriation therefor.

Equipment may be rented and materials and supplies may be sold out of this fund to any federal, state, county or city political subdivision or governmental agency. The terms and charges for such rental and the prices for such sale shall be solely within the discretion of the department of transportation and its determination of the charge for rental or sale price shall be considered a reasonable rental charge or a reasonable sale price. Any political subdivision or governmental agency shall make payment for such rental or for purchase of such materials or supplies directly to the transportation equipment fund at the office of the department of transportation at Olympia. [1979 c 39 § 1; 1961 c 13 § 47.08.120. Prior: 1943 c 135 § 1; 1935 c 144 § 10; Rem. Supp. 1943 § 6600-1c.]

47.08.121 Transportation equipment fund declared revolving fund of proprietary nature—Use. The "highway equipment fund" as established by RCW 47.08.120 is declared to be a revolving fund of a proprietary nature and moneys that are or will be deposited in this fund are hereby

authorized for expenditures for the purposes provided by law. [1961 c 13 § 47.08.121. Prior: 1959 c 326 § 3.]

47.08.130 Custody of federal funds—Disbursement.

The state treasurer is hereby authorized and directed to receive and have custody of such funds and warrants drawn by the secretary of transportation or other authorized agent of the United States as are made available for payment by the secretary of the treasury of the United States under the provisions of the federal aid road act approved July 11, 1916, and all acts amendatory or supplementary thereto, disbursing the same under such terms and conditions as may be prescribed by the secretary of transportation or by the secretary of the treasury or other authorized agent of the United States. The state treasurer is further authorized and directed to pay from the motor vehicle fund for the use of the department such funds as may be necessary upon any project in anticipation of reimbursement by the government of the United States. [1984 c 7 § 99; 1961 c 13 § 47.08.130. Prior: 1937 c 53 § 45; RRS § 6400-45; 1931 c 129 § 1; 1929 c 146 § 1; 1927 c 214 § 1; 1925 c 4 § 1; 1923 c 41 § 1; 1921 c 89 § 1; 1919 c 56 § 1; RRS § 6850.]

FIRST PRIORITY PROJECT—1951 ACT

47.10.010 First priority highway projects—Declaration of. Reconstruction of primary state highway No. 1 from Oregon to British Columbia, construction of four traffic lanes at Snoqualmie Pass, construction of an adequate highway bridge from Pasco to Kennewick and construction of county arterial highways and farm to market roads in Grant, Franklin and Adams counties to coincide with the opening of lands for settlement in the Columbia Basin irrigation project, are declared to be highway projects of the first priority. The construction of such projects is required in the interest of the public safety and for the orderly development of the state. The reimbursement of the motor vehicle fund for money used to purchase Agate Pass Bridge bonds will also make possible other war emergency or high priority highway construction. The threat of war makes acceleration of construction a vital necessity at this time. [1961 c 13 § 47.10.010. Prior: 1951 c 121 § 1.]

47.10.020 Bond issue authorized—Use of motor vehicle fund. To provide funds for accelerating construction of these first priority projects, and to reimburse the motor vehicle fund for money expended for Agate Pass Bridge construction there shall be issued and sold limited obligation bonds of the state of Washington in the sum of sixty-six million seven hundred three thousand, six hundred and twenty-five dollars. The issuance, sale and retirement of said bonds shall be under the general supervision and control of the state finance committee. The state finance committee shall, when notified by the Washington state highway commission, provide for the issuance of coupon or registered bonds to be dated, issued and sold from time to time in such amounts as may be necessary to the orderly progress of construction of the first priority projects: PROVIDED, That if funds are available in the motor vehicle fund in an amount greater than is necessary to pay current demands such funds may be used to finance these first priority projects until such time as bonds are sold, as provided by law, at which time the motor vehicle fund shall be reimbursed. [1961 c 13 § 47.10.020. Prior: 1955 c 117 § 1; 1951 c 121 § 2.]

Reviser's note: Powers, duties, and functions of highway commission transferred to department of transportation; see RCW 47.01.031. Term "Washington state highway commission" means department of transportation; see RCW 47.04.015.

47.10.030 Form and term of bonds. Each of such bonds shall be made payable at any time not exceeding twenty-five years from the date of its issuance, with such reserved rights of prior redemption as the state finance committee may prescribe to be specified therein. The bonds shall be signed by the governor and the state auditor under the seal of the state, one of which signatures shall be made manually and the other signature may be in printed facsimile, and any coupons attached to such bonds shall be signed by the same officers whose signatures thereon may be in printed facsimile. Any bonds may be registered in the name of the holder on presentation to the state treasurer or at the fiscal agency of the

state of Washington in New York City, as to principal alone, or as to both principal and interest under such regulations as the state treasurer may prescribe. Such bonds shall be payable at such places as the state finance committee may provide. All bonds issued under authority of RCW 47.10.010 through 47.10.140 shall be fully negotiable instruments. [1961 c 13 § 47.10.030. Prior: 1951 c 121 § 3.]

47.10.040 Bonds not general obligations—Taxes pledged. Bonds issued under the provisions of RCW 47.10.010 through 47.10.140 shall distinctly state that they are not a general obligation of the state, but are payable in the manner provided in RCW 47.10.010 through 47.10.140 from the proceeds of all state excise taxes on motor vehicle fuels imposed by chapter 82.36 RCW and RCW 82.36.020, 82.36.230, 82.36.250, and 82.36.400, as derived from chapter 58, Laws of 1933, as amended, and as last amended by chapter 220, Laws of 1949; and *chapter 82.40 RCW and RCW 82.40.020, as derived from chapter 127, Laws of 1941, as amended, and as last amended by chapter 220, Laws of 1949. The proceeds of such excise taxes are hereby pledged to the payment of any bonds and the interest thereon issued under the provisions of RCW 47.10.010 through 47.10.140, and the legislature hereby agrees to continue to impose the same excise taxes on motor vehicle fuels in amounts sufficient to pay the principal and interest on all bonds issued under the provisions of RCW 47.10.010 through 47.10.140 when due. [1961 c 13 § 47.10.040. Prior: 1951 c 121 § 4.]

***Reviser's note:** Chapter 82.40 RCW and RCW 82.40.020 were repealed by 1971 ex.s. c 175 § 33; for later enactment see chapter 82.38 RCW.

47.10.050 Sale of bonds. The bonds issued hereunder shall be in denominations to be prescribed by the state finance committee and may be sold in such manner and in such amounts and at such times and on such terms and conditions as the committee may prescribe. If bonds are sold to any purchaser other than the state of Washington, they shall be sold at public sale, and it shall be the duty of the state finance committee to cause such sale to be advertised in such manner as it shall deem sufficient. Bonds issued under the provisions of RCW 47.10.010 through 47.10.140 shall be legal investment for any of the funds of the state, except the permanent school fund: PROVIDED, That bonds authorized herein to reimburse the motor vehicle fund for the cost of the Agate Pass Bridge construction shall be sold at the earliest date which the committee finds feasible. [1961 c 13 § 47.10.050. Prior: 1951 c 121 § 5.]

47.10.060 Proceeds—Deposit and use. The money arising from the sale of said bonds shall be deposited in the state treasury to the credit of the motor vehicle fund and such money shall be available only for the construction of such first priority projects, reimbursement of the motor vehicle fund for money expended for construction of the Agate Pass Bridge in order to make such money available for war emergency highway projects or other high priority highway uses, and payment of the expense incurred in the printing, issuance and sale of any such bonds. [1961 c 13 § 47.10.060. Prior: 1951 c 121 § 6.]

47.10.070 Source of funds for payment of principal and interest. Any funds required to repay such bonds, or the interest thereon when due, subject to the proviso of this section, shall be taken from that portion of the motor vehicle fund which results from the imposition of all excise taxes on motor vehicle fuels and which is, or may be, appropriated to the department for state highway purposes, and shall never constitute a charge against any allocations of such funds to counties, cities, and towns unless and until the amount of the motor vehicle fund arising from the excise taxes on motor vehicle fuels and available for state highway purposes proves insufficient to meet the requirements for bond retirement or the interest on any bonds: PROVIDED, That money required hereunder to pay interest on or to retire any bonds issued for Columbia Basin county arterial highways or farm to market roads shall be repaid by any such county or counties wherein such highways or roads are constructed in the manner set forth in RCW 47.10.110. [1984 c 7 § 100; 1961 c 13 § 47.10.070. Prior: 1951 c 121 § 7.]

Additional notes found at www.leg.wa.gov

47.10.080 Highway bond retirement fund. At least one year prior to the date any interest is due and payable on such bonds or before the maturity date of any bonds, the state finance committee shall estimate, subject to the provisions of RCW 47.10.070, the percentage of the receipts in money of the motor vehicle fund, resulting from collection of excise taxes on motor vehicle fuels, for each month of the year which will be required to meet interest or bond payments hereunder when due, and shall notify the state treasurer of such estimated requirement. The state treasurer shall thereafter from time to time each month as such funds are paid into the motor vehicle fund, transfer such percentage of the monthly receipts from excise taxes on motor vehicle fuels of the motor vehicle fund to the highway bond retirement fund, which is hereby established, and which fund shall be available solely for payment of such interest or bonds when due. If in any month it shall appear that the estimated percentage of money so made is insufficient to meet the requirements for interest or bond retirement, the treasurer shall notify the state finance committee forthwith and such committee shall adjust its estimates so that all requirements for interest and principal of all bonds issued shall be fully met at all times. [1961 c 13 § 47.10.080. Prior: 1951 c 121 § 8.]

47.10.090 Excess sums in bond retirement fund—Use. Whenever the percentage of the motor vehicle fund arising from excise taxes on motor fuels, payable into the highway bond retirement fund, shall prove more than is required for the payment of interest on bonds when due, or current retirement of bonds, any excess may, in the discretion of the state finance committee, be available for the prior redemption of any bonds or remain available in the fund to reduce the requirements upon the fuel excise tax portion of the motor vehicle fund at the next interest or bond payment period. [1961 c 13 § 47.10.090. Prior: 1951 c 121 § 11.]

47.10.100 Allocation of bonds. The bonds authorized herein are allocated to the first priority projects as follows:

(1) Forty-nine million two hundred fifty thousand dollars of the total issue for the acceleration of the reconstruction of

primary state highway No. 1, said amount to be expended on said primary state highway No. 1 as follows: Thirty-three million five hundred thousand dollars between Everett, Seattle, Tacoma, Olympia, Chehalis, Centralia, Kelso, Vancouver, and the Oregon boundary line, and fifteen million seven hundred fifty thousand dollars between Everett and the Canadian boundary line;

(2) Six million five hundred thousand dollars of the total issue for the construction of the highway bridge from Pasco to Kennewick;

(3) Four million two hundred fifty thousand dollars of the total issue for the construction of a four lane highway at Snoqualmie Pass;

(4) Five million dollars of the total issue for the construction of Columbia Basin county arterial highways and farm to market roads in Grant, Franklin and Adams counties, for which the state must be reimbursed as provided in RCW 47.10.110; and

(5) One million seven hundred three thousand six hundred twenty-five dollars of the total issue for reimbursement of the motor vehicle fund for money spent for Washington toll bridge authority bonds purchased in connection with the construction of the Agate Pass Bridge, said sum of one million seven hundred three thousand six hundred twenty-five dollars to be used when it becomes available in the motor vehicle fund, under allotments to be made by the director of highways, for war emergency or other high priority highway projects: PROVIDED, That no bonds shall be issued for Columbia Basin county arterial highway and road purposes unless expenditures are actually required for the settlement of lands ready for irrigation in the Columbia Basin project and all construction of arterial highways and roads in such counties shall be accomplished by the engineering forces of the various counties under the supervision of the director of highways. [1961 c 13 § 47.10.100. Prior: 1951 c 121 § 12.]

Reviser's note: Powers, duties, and functions of director of highways transferred to secretary of transportation; see RCW 47.01.031. Term "director of highways" means secretary of transportation; see RCW 47.04.015.

47.10.110 Columbia Basin highway projects—Reimbursement by counties. The secretary shall report separately to the state finance committee all sums expended from funds resulting from the sale of bonds for Columbia Basin county arterial highways and farm to market roads in Grant, Franklin, and Adams counties under the provisions of RCW 47.10.010 through 47.10.140. Those counties shall repay to the state all the cost of any Columbia Basin highway or road facilities actually constructed under the provisions of RCW 47.10.010 through 47.10.140 within each of such counties as follows: The state finance committee, at least one year prior to the date any interest is due and payable on such bonds or before the maturity date of any such bonds, shall ascertain the percentage of the motor vehicle funds arising from the excise taxes on motor vehicle fuels, which is to be transferred to such counties under the provisions of law which will be necessary to pay all of the interest upon or retire when due all of the portion of said bonds chargeable to expenditures incurred under the provisions of RCW 47.10.010 through 47.10.140 in each of said counties. The state finance committee shall notify the state treasurer of this estimate and the treasurer shall thereafter, when distributions are made from the motor

vehicle fund to counties, retain such percentage of the total sums credited to such counties as aforesaid in the motor vehicle fund arising from the excise taxes on motor vehicle fuels until such fund is fully reimbursed for all expenditures under RCW 47.10.010 through 47.10.140 in Grant, Adams, and Franklin counties. Any money so retained shall be available for state highway purposes. [1984 c 7 § 101; 1961 c 13 § 47.10.110. Prior: 1951 c 121 § 9.]

Additional notes found at www.leg.wa.gov

47.10.120 Columbia Basin highway projects—Limit as to amounts currently retained. The sums retained from motor vehicle funds arising from the excise taxes on motor vehicle fuel, of any such counties shall not exceed in any distribution period fifty percent of the total amount to be credited to such county. If there shall be a deficit in the amount available for reimbursement of the motor vehicle fund, due to this provision, then such deficit shall continue to be a charge against any sums due any such county from the motor vehicle fund from such excise taxes until the full cost of such Columbia Basin highway facilities is paid. [1961 c 13 § 47.10.120. Prior: 1951 c 121 § 10.]

47.10.130 Agate Pass Bridge to become toll free—Cancellation of Agate Pass bonds. When the state finance committee has made arrangements for the sale of sufficient bonds to reimburse the motor vehicle fund in the sum of one million seven hundred three thousand six hundred twenty-five dollars as aforesaid, the committee shall notify the Washington toll bridge authority and the authority is thereafter directed to transfer the Agate Pass Bridge to the highway department for operation as a toll free part of the state highway system. The bonds of the authority issued to construct the Agate Pass Bridge shall then be canceled. [1961 c 13 § 47.10.130. Prior: 1951 c 121 § 13.]

Reviser's note: Powers, duties, and functions of toll bridge authority transferred to department of transportation; see RCW 47.01.031. Terms "Washington state toll bridge authority" and "authority" mean department of transportation; see RCW 47.04.015.

47.10.140 Appropriation from motor vehicle fund. There is appropriated from the motor vehicle fund for the biennium ending March 31, 1953 the sum of sixty-six million seven hundred three thousand six hundred and twenty-five dollars, or so much thereof as may be necessary, to carry out the provisions of RCW 47.10.010 through 47.10.140, but no money shall be available under this appropriation from said fund unless a like amount of the bonds provided for herein are sold and the money derived deposited to the credit of such fund. [1961 c 13 § 47.10.140. Prior: 1951 c 121 § 15.]

ADDITIONAL BONDS—1953 ACT

47.10.150 Declaration of necessity for additional funds. Increased construction costs for highway and bridge construction since the enactment of a highway bond issue by the 1951 legislature makes necessary additional money with which to complete the sections of primary state highway No. 1 planned from funds allocated under RCW 47.10.010 through 47.10.140 and it is vital to the economy of the state and the safety of the traffic that these sections shall be com-

pleted to relieve traffic congestions, to add capacity in event of war, and to presently insure greater safety to highway users; the rapid increase of traffic across Snoqualmie Pass necessitates continued improvement of primary state highway No. 2 to provide four-lane paving contiguous to Snoqualmie Pass as the funds will permit; the rapid increase of traffic and the facilitation of movement of military forces and equipment from the military centers of the state makes imperative the construction of a highway from primary state highway No. 2 beginning approximately four miles west of North Bend thence southwesterly by the most feasible route by the way of Auburn to a junction with primary state highway No. 1 in the vicinity of Milton; said highway to follow approximately the route surveyed by the director of highways and covered in the report filed by him or her with the 1951 legislature commonly known as the "Echo Lake Route," as the funds provided for herein will permit; the construction of secondary state highways in to the Columbia Basin area is immediately necessary to provide needed state arterial highways for the irrigated lands of the Columbia Basin areas to market centers and thereby encourage the full development of the basin project. The construction of such projects is required in the interest of the public safety and for the orderly development of the state. The threat of war makes acceleration of construction a vital necessity at this time. [2010 c 8 § 10002; 1961 c 13 § 47.10.150. Prior: 1953 c 154 § 1.]

Reviser's note: Powers, duties, and functions of director of highways transferred to department of transportation; see RCW 47.01.031. Term "director of highways" means secretary of transportation; see RCW 47.04.015.

47.10.160 Additional bonds—Issuance and sale authorized—Use of motor vehicle fund. To provide funds for accelerating construction of these priority projects there shall be issued and sold limited obligation bonds of the state of Washington in the sum of eighteen million dollars. The issuance, sale and retirement of said bonds shall be under the general supervision and control of the state finance committee. The state finance committee shall, when notified by the Washington state highway commission, provide for the issuance of coupon or registered bonds to be dated, issued and sold from time to time in such amounts as may be necessary to the orderly progress of construction of the first priority projects: PROVIDED, That if funds are available in the motor vehicle fund in an amount greater than is necessary to pay current demands such funds may be used to finance these first priority projects until such time as bonds are sold, as provided by law, at which time the motor vehicle fund shall be reimbursed. [1961 c 13 § 47.10.160. Prior: 1955 c 117 § 2; 1953 c 154 § 2.]

Reviser's note: Powers, duties, and functions of highway commission transferred to department of transportation; see RCW 47.01.031. Term "Washington state highway commission" means department of transportation; see RCW 47.04.015.

47.10.170 Additional bonds—Form and term of bonds. Each of such bonds shall be made payable at any time not exceeding twenty-five years from the date of its issuance, with such reserved rights of prior redemption as the state finance committee may prescribe to be specified therein. The bonds shall be signed by the governor and the state auditor under the seal of the state, one of which signatures shall be

made manually and the other signature may be in printed facsimile, and any coupons attached to such bonds shall be signed by the same officers whose signatures thereon may be in printed facsimile. Any bonds may be registered in the name of the holder on presentation to the state treasurer or at the fiscal agency of the state of Washington in New York City, as to principal alone, or as to both principal and interest under such regulations as the state treasurer may prescribe. Such bonds shall be payable at such places as the state finance committee may provide. All bonds issued under authority of RCW 47.10.150 through 47.10.270 shall be fully negotiable instruments. [1961 c 13 § 47.10.170. Prior: 1953 c 154 § 3.]

47.10.180 Additional bonds—Bonds not general obligations—Taxes pledged. Bonds issued under the provisions of RCW 47.10.150 through 47.10.270 shall distinctly state that they are not a general obligation of the state, but are payable in the manner provided in RCW 47.10.150 through 47.10.270 from the proceeds of all state excise taxes on motor vehicle fuels imposed by chapter 82.36 RCW and RCW 82.36.020, 82.36.230, 82.36.250, and 82.36.400, as derived from chapter 58, Laws of 1933, as amended, and as last amended by chapter 220, Laws of 1949; and *chapter 82.40 RCW and RCW 82.40.020, as derived from chapter 127, Laws of 1941, as amended, and as last amended by chapter 220, Laws of 1949. The proceeds of such excise taxes are hereby pledged to the payment of any bonds and the interest thereon issued under the provisions of RCW 47.10.150 through 47.10.270 and the legislature hereby agrees to continue to impose the same excise taxes on motor vehicle fuels in amounts sufficient to pay the principal and interest on all bonds issued under the provisions of RCW 47.10.150 through 47.10.270 when due. [1961 c 13 § 47.10.180. Prior: 1953 c 154 § 4.]

*Reviser's note: Chapter 82.40 RCW and RCW 82.40.020, see note following RCW 47.10.040.

47.10.190 Additional bonds—Sale of bonds. The bonds issued under RCW 47.10.150 through 47.10.270 shall be in denominations to be prescribed by the state finance committee and may be sold in such manner and in such amounts and at such times and on such terms and conditions as the committee may prescribe. If bonds are sold to any purchaser other than the state of Washington, they shall be sold at public sale, and it shall be the duty of the state finance committee to cause such sale to be advertised in such manner as it shall deem sufficient. Bonds issued under the provisions of RCW 47.10.150 through 47.10.270 shall be legal investment for any of the funds of the state, except the permanent school fund. [1961 c 13 § 47.10.190. Prior: 1953 c 154 § 5.]

47.10.200 Additional bonds—Proceeds—Deposit and use. The money arising from the sale of said bonds shall be deposited in the state treasury to the credit of the motor vehicle fund and such money shall be available only for the construction of such priority projects, and payment of the expense incurred in the printing, issuance and sale of any such bonds. [1961 c 13 § 47.10.200. Prior: 1953 c 154 § 6.]

(2012 Ed.)

47.10.210 Additional bonds—Source of funds for payment of principal and interest. Any funds required to repay such bonds, or the interest thereon when due shall be taken from that portion of the motor vehicle fund which results from the imposition of all excise taxes on motor vehicle fuels and which is, or may be, appropriated to the department for state highway purposes, and shall never constitute a charge against any allocations of such funds to counties, cities, and towns unless and until the amount of the motor vehicle fund arising from the excise taxes on motor vehicle fuels and available for state highway purposes proves insufficient to meet the requirements for bond retirement or the interest on any bonds. [1984 c 7 § 102; 1961 c 13 § 47.10.210. Prior: 1953 c 154 § 7.]

Additional notes found at www.leg.wa.gov

47.10.220 Additional bonds—Highway bond retirement fund. At least one year prior to the date any interest is due and payable on such bonds or before the maturity date of any bonds, the state finance committee shall estimate the percentage of the receipts in money of the motor vehicle fund, resulting from collection of excise taxes on motor vehicle fuels, for each month of the year which will be required to meet interest or bond payments under RCW 47.10.150 through 47.10.270 when due, and shall notify the state treasurer of such estimated requirement. The state treasurer shall thereafter from time to time each month as such funds are paid into the motor vehicle fund, transfer such percentage of the monthly receipts from excise taxes on motor vehicle fuels of the motor vehicle fund to the highway bond retirement fund, and which fund shall be available solely for payment of such interest or bonds when due. If in any month it shall appear that the estimated percentage of money so made is insufficient to meet the requirements for interest or bond retirement, the treasurer shall notify the state finance committee forthwith and such committee shall adjust its estimate so that all requirements for interest and principal of all bonds issued shall be fully met at all times. [1961 c 13 § 47.10.220. Prior: 1953 c 154 § 8.]

47.10.230 Additional bonds—Excess sums in bond retirement fund—Use. Whenever the percentage of the motor vehicle fund arising from excise taxes on motor fuels, payable into the highway bond retirement fund, shall prove more than is required for the payment of interest on bonds when due, or current retirement of bonds, any excess may, in the discretion of the state finance committee, be available for the prior redemption of any bonds or remain available in the fund to reduce the requirements upon the fuel excise tax portion of the motor vehicle fund at the next interest or bond payment period. [1961 c 13 § 47.10.230. Prior: 1953 c 154 § 9.]

47.10.240 Additional bonds—Allocation—Primary state highway No. 1. Seven million dollars of the total issue of the bonds authorized by RCW 47.10.150 through 47.10.270 are allocated for accelerating the completion of four-lane construction of primary state highway No. 1. [1961 c 13 § 47.10.240. Prior: 1953 c 154 § 10.]

47.10.250 Additional bonds—Allocation—Primary state highway No. 2, Snoqualmie Pass. Five million dollars

of the total issue of the bonds authorized by RCW 47.10.150 through 47.10.270 are allocated for accelerating four-lane construction of primary state highway No. 2 contiguous to Snoqualmie Pass. [1961 c 13 § 47.10.250. Prior: 1953 c 154 § 11.]

47.10.260 Additional bonds—Allocation—Columbia Basin highways. Three million dollars of the total issue of the bonds authorized by RCW 47.10.150 through 47.10.270 are allocated for accelerating the construction of secondary state highways in the Columbia Basin area. [1961 c 13 § 47.10.260. Prior: 1953 c 154 § 12.]

47.10.270 Additional bonds—Allocation—Echo Lake route. Three million dollars of the total issue of the bonds authorized by RCW 47.10.150 through 47.10.270 are allocated insofar as said funds will permit to the construction of a highway from primary state highway No. 2 beginning approximately four miles west of North Bend thence southwesterly by the most feasible route by the way of Auburn to a junction with primary state highway No. 1 in the vicinity of Milton. [1961 c 13 § 47.10.270. Prior: 1953 c 154 § 13.]

ADDITIONAL BONDS—1955 ACT

47.10.280 Construction in Grant, Franklin, Adams counties authorized—Declaration of priority. Construction of county arterial highways and farm to market roads in Grant, Franklin and Adams counties to coincide with the opening of lands for settlement in the Columbia Basin irrigation project, is declared to be a project of the first priority. The construction of said project is required in the interest of the public safety and for the orderly development of the state. [1961 c 13 § 47.10.280. Prior: 1955 c 311 § 1.]

47.10.290 Construction in Grant, Franklin, Adams counties authorized—Issuance and sale of bonds. To provide funds for construction of this first priority project, there shall be issued and sold limited obligation bonds of the state of Washington in the sum of four million three hundred thousand dollars.

The issuance, sale and retirement of said bonds shall be under the general supervision and control of the state finance committee. The state finance committee shall, when notified by the director of highways, provide for the issuance of coupon or registered bonds to be dated, issued and sold from time to time in such amounts as may be necessary to the orderly progress of construction of this first priority project. [1961 c 13 § 47.10.290. Prior: 1955 c 311 § 2.]

Reviser's note: Powers, duties, and functions of director of highways transferred to secretary of transportation; see RCW 47.01.031. Term "director of highways" means secretary of transportation; see RCW 47.04.015.

47.10.300 Construction in Grant, Franklin, Adams counties authorized—Form and term of bonds. Each of such bonds shall be made payable at any time not exceeding twenty-five years from the date of its issuance, with such reserved rights of prior redemption as the state finance committee may prescribe to be specified therein. The bonds shall be signed by the governor and the state auditor under the seal of the state, one of which signatures shall be made manually

and the other signatures may be printed facsimile. Any bonds may be registered in the name of the holder by the same officers whose signatures thereon may be in printed facsimile. Any bonds may be registered in the name of the holder on presentation to the state treasurer or at the fiscal agency of the state of Washington in New York City, as to principal alone, or as to both principal and interest under such regulations as the state treasurer may prescribe. Such bonds shall be payable at such places as the state finance committee may provide. All bonds issued under authority of RCW 47.10.280 through 47.10.400 shall be fully negotiable instruments. [1961 c 13 § 47.10.300. Prior: 1955 c 311 § 3.]

47.10.310 Construction in Grant, Franklin, Adams counties authorized—Bonds not general obligations—Taxes pledged. Bonds issued under the provisions of RCW 47.10.280 through 47.10.400 shall distinctly state that they are not a general obligation of the state, but are payable in the manner provided in RCW 47.10.280 through 47.10.400 from the proceeds of all state excise taxes on motor vehicle fuels imposed by chapter 82.36 RCW, and RCW 82.36.020, 82.36.230, 82.36.250 and 82.36.400; and *chapter 82.40 RCW and RCW 82.40.020. The proceeds of such excise taxes are pledged to the payment of any bonds and the interest thereon issued under the provisions of RCW 47.10.280 through 47.10.400. The legislature agrees to continue to impose the same excise taxes on motor fuels in amounts sufficient to pay the principal and interest on all bonds issued under the provisions of RCW 47.10.280 through 47.10.400 when due. [1961 c 13 § 47.10.310. Prior: 1955 c 311 § 4.]

***Reviser's note:** Chapter 82.40 RCW and RCW 82.40.020, see note following RCW 47.10.040.

47.10.320 Construction in Grant, Franklin, Adams counties authorized—Sale of bonds. The bonds issued hereunder shall be in denominations to be prescribed by the state finance committee. They may be sold in such manner and in such amounts and at such times and on such terms and conditions as the committee may prescribe. If such bonds are sold to any purchaser other than the state of Washington, they shall be sold at public sale. It shall be the duty of the state finance committee to cause such sale to be advertised in such manner as it shall deem sufficient. Bonds issued under the provisions of RCW 47.10.280 through 47.10.400 shall be legal investment for any of the funds of the state, except the permanent school fund. [1961 c 13 § 47.10.320. Prior: 1955 c 311 § 5.]

47.10.330 Construction in Grant, Franklin, Adams counties authorized—Bond proceeds—Deposit and use. The money arising from the sale of said bonds shall be deposited in the state treasury to the credit of the motor vehicle fund and such money shall be available only for the construction of this first priority project, and payment of the expense incurred in the printing, issuance and sale of any such bonds. [1961 c 13 § 47.10.330. Prior: 1955 c 311 § 6.]

47.10.340 Construction in Grant, Franklin, Adams counties authorized—Source of funds for payment of bond principal and interest. Any funds required to repay such bonds, or the interest thereon when due, subject to the

proviso of this section, shall be taken from that portion of the motor vehicle fund which results from the imposition of all excise taxes on motor vehicle fuels and which is, or may be, appropriated to the department for state highway purposes. They shall never constitute a charge against any allocation of such funds to counties, cities, and towns unless and until the amount of the motor vehicle fund arising from the excise taxes on motor vehicle fuels and available for state highway purposes proves insufficient to meet the requirements for bond retirement or the interest on any bonds: PROVIDED, That money required hereunder to pay interest on or to retire any bonds issued for Columbia Basin county arterial highways or farm to market roads shall be repaid by any such county or counties wherein such highways or roads are constructed in the manner set forth in RCW 47.10.360. [1984 c 7 § 103; 1961 c 13 § 47.10.340. Prior: 1955 c 311 § 7.]

Additional notes found at www.leg.wa.gov

47.10.350 Construction in Grant, Franklin, Adams counties authorized—Highway bond retirement fund. At least one year prior to the date any interest is due and payable on such bonds or before the maturity date of any bonds, the state finance committee shall estimate, subject to the provisions of RCW 47.10.340, the percentage of receipts in money of the motor vehicle fuels, resulting from collection of excise taxes on motor vehicle fuels, for each month of the year which will be required to meet interest or bond payments hereunder when due, and shall notify the state treasurer of such estimated requirement. The state treasurer shall thereafter from time to time each month as such funds are paid into the motor vehicle fund, transfer such percentage of the monthly receipts from excise taxes on motor vehicle fuels of the motor vehicle fund to the highway bond retirement fund, which is hereby established, and which fund shall be available solely for payment of such interest or bonds when due. If in any month it shall appear that the estimated percentage of money so made is insufficient to meet the requirements for interest or bond retirement, the treasurer shall notify the state finance committee forthwith and such committee shall adjust its estimates so that all requirements for interest and principal of all bonds issued shall be fully met at all times. [1961 c 13 § 47.10.350. Prior: 1955 c 311 § 8.]

47.10.360 Construction in Grant, Franklin, Adams counties authorized—Reimbursement by counties. The secretary shall report to the state finance committee all sums expended from funds resulting from the sale of bonds for Columbia Basin county arterial highways and farm to market roads in Grant, Franklin, and Adams counties under the provisions of RCW 47.10.280 through 47.10.400. Those counties shall repay to the state all the cost of any Columbia Basin highway or road facilities actually constructed under the provisions of RCW 47.10.280 through 47.10.400 within each of those counties as follows: The state finance committee, at least one year prior to the date any such interest is due and payable on such bonds or before the maturity date of any such bonds, shall ascertain the percentage of the motor vehicle funds arising from the excise taxes on motor vehicle fuels, which is to be transferred to such counties under the provisions of law which will be necessary to pay all of the interest upon or retire when due all of the portion of said bonds

(2012 Ed.)

chargeable to expenditures incurred under the provisions of RCW 47.10.280 through 47.10.400 in each of said counties. The state finance committee shall notify the state treasurer of this estimate and the treasurer shall thereafter, when distributions are made from the motor vehicle fund to counties, retain such percentage of the total sums credited to such counties as aforesaid in the motor vehicle fund arising from such excise taxes on motor vehicle fuels until such fund is fully reimbursed for all expenditures under RCW 47.10.280 through 47.10.400 in Grant, Adams, and Franklin counties. Any money so retained shall be available for state highway purposes. [1984 c 7 § 104; 1961 c 13 § 47.10.360. Prior: 1955 c 311 § 9.]

47.10.370 Construction in Grant, Franklin, Adams counties authorized—Limit as to amounts currently retained from excise taxes. The sums retained from motor vehicle funds, arising from the excise taxes on motor vehicle fuel, of any such counties shall not exceed in any distribution period fifty percent of the total amount to be credited to such county. If there shall be a deficit in the amount available for reimbursement of the motor vehicle fund, due to this provision, then such deficit shall continue to be a charge against any sums due any such county from the motor vehicle fund from such excise taxes until the full cost of such Columbia Basin highway facilities is paid. [1961 c 13 § 47.10.370. Prior: 1955 c 311 § 10.]

47.10.380 Construction in Grant, Franklin, Adams counties authorized—Excess sums in bond retirement fund—Use. Whenever the percentage of the motor vehicle fund arising from excise taxes on motor fuels, payable into the highway bond retirement fund, shall prove more than is required for the payment of interest on bonds when due, or current retirement of bonds, any excess may, in the discretion of the state finance committee, be available for prior redemption of any bonds or remain available in the fund to reduce the requirements upon the fuel excise tax portion of the motor vehicle fund at the next interest or bond payment period. [1961 c 13 § 47.10.380. Prior: 1955 c 311 § 11.]

47.10.390 Construction in Grant, Franklin, Adams counties authorized—Allocation of funds to each county. The bonds authorized herein are allocated to the counties as follows:

- (1) For Adams county—six hundred thousand dollars.
- (2) For Franklin county—one million five hundred thousand dollars.
- (3) For Grant county—two million two hundred thousand dollars:

PROVIDED, That no bonds shall be issued for Columbia Basin county arterial highway and road purposes unless expenditures are actually required for the settlement of lands ready for irrigation in the Columbia Basin project and all construction of arterial highways and roads in such counties shall be accomplished by the engineering forces of the various counties under the supervision of the director of highways. [1961 c 13 § 47.10.390. Prior: 1955 c 311 § 12.]

Reviser's note: Powers, duties, and functions of director of highways transferred to secretary of transportation; see RCW 47.01.031. Term "director of highways" means secretary of transportation; see RCW 47.04.015.

47.10.400 Construction in Grant, Franklin, Adams counties authorized—Appropriation from motor vehicle fund. There is appropriated from the motor vehicle fund for the biennium ending June 30, 1957 the sum of four million three hundred thousand dollars, or so much thereof as may be necessary, to carry out the provisions of RCW 47.10.280 through 47.10.400, but no money shall be available under this appropriation from said fund unless a like amount of the bonds provided for herein are sold and the money derived deposited to the credit of such fund. [1961 c 13 § 47.10.400. Prior: 1955 c 311 § 13.]

ADDITIONAL BONDS—1957 ACT

47.10.410 Echo Lake route—Declaration of necessity. Increased costs for highway and bridge construction since the enactment of the highway bond issues authorized by the 1951, 1953 and 1955 legislatures makes necessary additional money with which to complete that portion of primary state highway No. 2, beginning approximately four miles west of North Bend thence southwesterly by the most feasible route by way of Auburn to a junction with primary state highway No. 1 in the vicinity of Milton, commonly known as the "Echo Lake Route." It is vital to the economy of the state and traffic safety that this project be constructed as soon as the funds provided herein will permit. [1961 c 13 § 47.10.410. Prior: 1957 c 206 § 1.]

47.10.420 Echo Lake route—Additional bond issue authorized—Use of motor vehicle fund. To provide additional funds for the construction of the "Echo Lake Route," in addition to bonds authorized to be sold by RCW 47.10.160 and as allocated by RCW 47.10.270, there shall be issued and sold limited obligation bonds of the state of Washington in the sum of three million dollars. The issuance, sale and retirement of said bonds shall be under the general supervision and control of the state finance committee. The state finance committee shall when notified by the Washington state highway commission, provide for the issuance of coupon or registered bonds to be dated, issued and sold from time to time in such amounts as may be necessary to the orderly progress of construction of this project: PROVIDED, That if funds are available in the motor vehicle fund in an amount greater than is necessary to pay current demands, moneys appropriated to the state highway commission for highway purposes may be used to finance this project until such time as bonds are sold, as provided by law, at which time the motor vehicle fund shall be reimbursed. [1961 c 13 § 47.10.420. Prior: 1957 c 206 § 2.]

Reviser's note: Powers, duties, and functions of highway commission transferred to department of transportation; see RCW 47.01.031. Terms "Washington state highway commission" and "state highway commission" mean department of transportation; see RCW 47.04.015.

47.10.430 Echo Lake route—Form and term of bonds. Each of such bonds shall be made payable at any time not exceeding twenty-five years from the date of its issuance, with such reserved rights of prior redemption bearing such

interest, and such terms and conditions as the state finance committee may prescribe to be specified therein. The bonds shall be signed by the governor and the state auditor under the seal of the state, one of which signatures shall be made manually and the other signature may be in printed facsimile, and any coupons attached to such bonds shall be signed by the same officers whose signatures thereon may be in printed facsimile. Any bonds may be registered in the name of the holder on presentation to the state treasurer or at the fiscal agency of the state of Washington in New York City, as to principal alone, or as to both principal and interest under such regulations as the state treasurer may prescribe. Such bonds shall be payable at such places as the state finance committee may provide. All bonds issued under authority of RCW 47.10.410 through 47.10.500 shall be fully negotiable instruments. [1961 c 13 § 47.10.430. Prior: 1957 c 206 § 3.]

47.10.440 Echo Lake route—Bonds not general obligations—Taxes pledged. Bonds issued under the provisions of RCW 47.10.410 through 47.10.500 shall distinctly state that they are not a general obligation of the state, but are payable in the manner provided in RCW 47.10.410 through 47.10.500 from the proceeds of all state excise taxes on motor vehicle fuels imposed by chapter 82.36 RCW and RCW 82.36.020, 82.36.230, 82.36.250, and 82.36.400, as derived from chapter 58, Laws of 1933, as amended, and as last amended by chapter 220, Laws of 1949, and *chapter 82.40 RCW and RCW 82.40.020, as derived from chapter 127, Laws of 1941, as amended, and as last amended by chapter 220, Laws of 1949. The proceeds of such excise taxes are hereby pledged to the payment of any bonds and the interest thereon issued under the provisions of RCW 47.10.410 through 47.10.500 and the legislature hereby agrees to continue to impose the same excise taxes on motor vehicle fuels in amounts sufficient to pay the principal and interest on all bonds issued under the provisions of RCW 47.10.410 through 47.10.500. [1961 c 13 § 47.10.440. Prior: 1957 c 206 § 4.]

***Reviser's note:** Chapter 82.40 RCW and RCW 82.40.020, see note following RCW 47.10.040.

47.10.450 Echo Lake route—Sale of bonds. The bonds issued under the terms of RCW 47.10.410 through 47.10.500 shall be in denominations to be prescribed by the state finance committee and may be sold in such manner and in such amounts and at such times and on such terms and conditions as the committee may prescribe. If bonds are sold to any purchaser other than the state of Washington, they shall be sold at public sale, and it shall be the duty of the state finance committee to cause such sale to be advertised in such manner as it shall deem sufficient. Bonds issued under the provisions of RCW 47.10.150 through 47.10.270 shall be legal investment for any of the funds of the state, except the permanent school fund. [1961 c 13 § 47.10.450. Prior: 1957 c 206 § 5.]

47.10.460 Echo Lake route—Proceeds—Deposit and use. The money arising from the sale of said bonds shall be deposited in the state treasury to the credit of the motor vehicle fund and such money shall be available only for the construction of the project referred to in RCW 47.10.410, and

payment of the expense incurred in the printing, issuance and sale of any such bonds. [1961 c 13 § 47.10.460. Prior: 1957 c 206 § 6.]

47.10.470 Echo Lake route—Source of funds for payment of principal and interest. Any funds required to repay such bonds, or the interest thereon when due shall be taken from that portion of the motor vehicle fund which results from the imposition of all excise taxes on motor vehicle fuels and which is, or may be, appropriated to the department for state highway purposes, and shall never constitute a charge against any allocations of such funds to counties, cities, and towns unless and until the amount of the motor vehicle fund arising from the excise taxes on motor vehicle fuels and available for state highway purposes proves insufficient to meet the requirements for bond retirement or the interest on any bonds. [1984 c 7 § 105; 1961 c 13 § 47.10.470. Prior: 1957 c 206 § 7.]

47.10.480 Echo Lake route—Highway bond retirement fund. At least one year prior to the date any interest is due and payable on such bonds or before the maturity date of any bonds, the state finance committee shall estimate the percentage of the receipts in money of the motor vehicle fund, resulting from collection of excise taxes on motor vehicle fuels, for each month of the year which will be required to meet interest or bond payments under RCW 47.10.410 through 47.10.500 when due, and shall notify the state treasurer of such estimated requirement. The state treasurer shall thereafter from time to time each month as such funds are paid into the motor vehicle fund, transfer such percentage of the monthly receipts from excise taxes on motor vehicle fuels of the motor vehicle fund to the highway bond retirement fund, and which fund shall be available solely for payment of such interest or bonds when due. If in any month it shall appear that the estimated percentage of money so made is insufficient to meet the requirements for interest or bond retirement, the treasurer shall notify the state finance committee forthwith and such committee shall adjust its estimates so that all requirements for interest and principal of all bonds issued shall be fully met at all times. [1961 c 13 § 47.10.480. Prior: 1957 c 206 § 8.]

47.10.490 Echo Lake route—Excess sums in bond retirement fund—Use. Whenever the percentage of the motor vehicle fund arising from excise taxes on motor fuels, payable into the highway bond retirement fund, shall prove more than is required for the payment of interest on bonds when due, or current retirement of bonds, any excess may, in the discretion of the state finance committee, be available for the prior redemption of any bonds or remain available in the fund to reduce the requirements upon the fuel excise tax portion of the motor vehicle fund at the next interest or bond payment period. 47.10.500 Echo Lake route—Appropriation from motor vehicle fund. There is hereby appropriated from the motor vehicle fund to the state highway commission for the biennium ending June 30, 1959 the sum of three million dollars, or so much thereof as may be necessary to carry out the

provisions of RCW 47.10.410 through 47.10.500, but no money shall be available under this appropriation from said fund unless a like amount of bonds provided for herein are sold and the moneys derived therefrom are deposited to the credit of such fund. [1961 c 13 § 47.10.500. Prior: 1957 c 206 § 10.]

TACOMA-SEATTLE-EVERETT FACILITY—1957 ACT

47.10.700 Tacoma-Seattle-Everett facility—Declaration of necessity. Increased traffic and increased costs of highway and bridge construction make necessary additional moneys with which to complete the sections of primary state highway No. 1 through and between the cities of Tacoma, Seattle, and Everett and as an additional alternate route bypassing Seattle east of Lake Washington. It is vital to the economy of the state and the safety of traffic that these sections shall be completed to relieve traffic congestions, to insure greater safety to highway users, and to assure an adequate through highway to accommodate traffic from bridges across Lake Washington as soon as possible. [1961 c 13 § 47.10.700. Prior: 1957 c 189 § 1.]

47.10.702 Tacoma-Seattle-Everett facility—To be part of federal system as limited access—Federal standards and conditions to be met. This highway project shall be constructed as a part of the federal interstate highway system as a fully controlled limited access facility and shall meet the standards and specifications required by the state of Washington and the secretary of commerce of the United States in order to qualify for federal grants in aid as provided for in the federal-aid highway act of 1956. The state shall perform all conditions precedent to payment in advance of apportionment as provided by section 108(h) of the federal-aid highway act of 1956 so as to be entitled to federal aid funds for the project covered by RCW 47.10.700 through 47.10.724 when such funds are apportioned. [1961 c 13 § 47.10.702. Prior: 1957 c 189 § 2.]

47.10.704 Tacoma-Seattle-Everett facility—Powers and duties of highway commission—Route of project. In order to facilitate vehicular traffic through and between the cities of Tacoma, Seattle, and Everett and to remove the present handicaps and hazards on primary state highway No. 1 as presently established, the state highway commission is authorized to realign, redesign, and reconstruct primary state highway No. 1 upon a newly located right-of-way or upon portions of existing right-of-way through and between the cities of Tacoma, Seattle, and Everett and as an additional alternate route bypassing Seattle east of Lake Washington. The route of the proposed project is established as follows: Beginning in the vicinity of Ponders Corner, thence in a general northeasterly and northerly direction through the cities of Tacoma and Seattle to a point in the vicinity of the city of Everett and as an additional alternate route bypassing Seattle east of Lake Washington. [2010 c 161 § 1146; 1961 c 13 § 47.10.704. Prior: 1957 c 189 § 3.]

Reviser's note: Powers, duties, and functions of highway commission transferred to department of transportation; see RCW 47.01.031. Term "state highway commission" means department of transportation; see RCW 47.04.015.

Effective date—Intent—Legislation to reconcile chapter 161, Laws of 2010 and other amendments made during the 2010 legislative session—2010 c 161: See notes following RCW 46.04.013.

47.10.706 Tacoma-Seattle-Everett facility—Issuance and sale of bonds authorized. In order to finance the immediate construction of the project referred to in RCW 47.10.700 pending receipt of federal grants in aid and in accordance with the federal-aid highway act of 1956, there shall be issued and sold limited obligation bonds of the state of Washington in the sum of forty-five million dollars or such amount thereof and at such times as determined to be necessary by the state highway commission. No bonds shall be issued under the provisions of RCW 47.10.700 through 47.10.724 until the congress of the United States shall approve the estimated cost of completing the federal interstate system to be submitted to it within ten days subsequent to January 2, 1958, as provided by section 108(d), federal-aid highway act of 1956. The issuance, sale and retirement of said bonds shall be under the supervision and control of the state finance committee which, upon request being made by the Washington state highway commission, shall provide for the issuance, sale and retirement of coupon or registered bonds to be dated, issued, and sold from time to time in such amounts as may be necessary for the orderly progress of said project. [1967 ex.s. c 7 § 1; 1961 c 13 § 47.10.706. Prior: 1957 c 189 § 4.]

Reviser's note: Powers, duties, and functions of highway commission transferred to department of transportation; see RCW 47.01.031. Terms "state highway commission" and "Washington state highway commission" mean department of transportation; see RCW 47.04.015.

47.10.708 Tacoma-Seattle-Everett facility—Form and term of bonds. Each of such bonds shall be made payable at any time not exceeding twenty-five years from the date of its issuance, with such reserved rights of prior redemption, bearing such interest, and such terms and conditions, as the state finance committee may prescribe to be specified therein. The bonds shall be signed by the governor and the state auditor under the seal of the state, one of which signatures shall be made manually and the other signature may be in printed facsimile, and any coupons attached to such bonds shall be signed by the same officers whose signatures thereon may be in printed facsimile. Any bonds may be registered in the name of the holder on presentation to the state treasurer or at the fiscal agency of the state of Washington in New York City, as to principal alone, or as to both principal and interest under such regulations as the state treasurer may prescribe. Such bonds shall be payable at such places as the state finance committee may provide. All bonds issued hereunder shall be fully negotiable instruments. [1961 c 13 § 47.10.708. Prior: 1957 c 189 § 5.]

47.10.710 Tacoma-Seattle-Everett facility—Sale of bonds. The bonds issued hereunder shall be in denominations to be prescribed by the state finance committee and may be sold in such manner and in such amounts and at such times and on such terms and conditions as the committee may prescribe. If bonds are sold to any purchaser other than the state of Washington, they shall be sold at public sale, and it shall be the duty of the state finance committee to cause such sale to be advertised in such manner as it shall deem sufficient.

Bonds issued under the provisions of RCW 47.10.700 through 47.10.724 shall be legal investment for any of the funds of the state, except the permanent school fund. [1961 c 13 § 47.10.710. Prior: 1957 c 189 § 6.]

47.10.712 Tacoma-Seattle-Everett facility—Proceeds from bonds—Deposit and use. The money arising from the sale of said bonds shall be deposited in the state treasury to the credit of the motor vehicle fund and such money shall be available only for the construction of the project referred to in RCW 47.10.700, 47.10.702 and 47.10.704, and for payment of the expense incurred in the drafting, printing, issuance, and sale of any such bonds. [1961 c 13 § 47.10.712. Prior: 1957 c 189 § 7.]

47.10.714 Tacoma-Seattle-Everett facility—Bonds not general obligations—Taxes pledged. Bonds issued under the provisions of RCW 47.10.700 through 47.10.724 shall distinctly state that they are not a general obligation of the state, but are payable in the manner provided in RCW 47.10.700 through 47.10.724 from the proceeds of state excise taxes on motor vehicle fuels imposed by chapter 82.36 RCW and RCW 82.36.020, 82.36.230, 82.36.250 and 82.36.400, as derived from chapter 58, Laws of 1933, as amended, and as last amended by chapter 220, Laws of 1949; and *chapter 82.40 RCW and RCW 82.40.020, as derived from chapter 127, Laws of 1941, as amended, and as last amended by chapter 220, Laws of 1949. The proceeds of such excise taxes are hereby pledged to the payment of any bonds and the interest thereon issued under the provisions of RCW 47.10.700 through 47.10.724, and the legislature hereby agrees to continue to impose the same excise taxes on motor vehicle fuels in amounts sufficient to pay, when due, the principal and interest on all bonds issued under the provisions of RCW 47.10.700 through 47.10.724. [1961 c 13 § 47.10.714. Prior: 1957 c 189 § 8.]

***Reviser's note:** Chapter 82.40 RCW and RCW 82.40.020, see note following RCW 47.10.040.

47.10.716 Tacoma-Seattle-Everett facility—Source of funds for payment of principal and interest. Any funds required to repay such bonds, or the interest thereon when due, subject to the proviso of this section, shall be taken from that portion of the motor vehicle fund which results from the imposition of excise taxes on motor vehicle fuels and which is, or may be appropriated to the department for state highway purposes, and shall never constitute a charge against any allocations of such funds to counties, cities, and towns unless and until the amount of the motor vehicle fund arising from the excise taxes on motor vehicle fuels and available for state highway purposes proves insufficient to meet the requirements for bond retirement or interest on any such bonds. [1984 c 7 § 106; 1961 c 13 § 47.10.716. Prior: 1957 c 189 § 9.]

47.10.718 Tacoma-Seattle-Everett facility—Additional security for payment of bonds—Pledge of federal funds. As additional security for payment of the principal amount of any or all of the bonds to be issued hereunder, the state finance committee, with the consent of the department,

may pledge all or any portion of the federal aid funds received or from time to time to be received by the state from the United States under the provisions of the federal-aid highway act of 1956 for the construction of all or any part of the project referred to in RCW 47.10.700, 47.10.702, and 47.10.704. [1984 c 7 § 107; 1961 c 13 § 47.10.718. Prior: 1957 c 189 § 10.]

Additional notes found at www.leg.wa.gov

47.10.720 Tacoma-Seattle-Everett facility—Highway bond retirement fund. At least one year prior to the date any interest is due and payable on such bonds or before the maturity date of any bonds, the state finance committee shall estimate, subject to the provisions of RCW 47.10.716, the percentage of the receipts in money of the motor vehicle fund, resulting from collection of excise taxes on motor vehicle fuels, for each month of the year which, together with federal funds which may be pledged as provided in RCW 47.10.718, shall be required to meet interest or bond payments hereunder when due, and shall notify the state treasurer of such estimated requirement. The state treasurer shall thereafter from time to time each month as such funds are paid into the motor vehicle fund, transfer such percentage of the monthly receipts from excise taxes on motor vehicle fuels of the motor vehicle fund to the bond retirement fund, which fund shall be available solely for payment of interest or bonds when due. If in any month it shall appear that the estimated percentage of money so made is insufficient to meet the requirements for interest or bond retirement, the treasurer shall notify the state finance committee forthwith and such committee shall adjust its estimates so that all requirements for interest and principal of all bonds issued shall be fully met at all times. [1961 c 13 § 47.10.720. Prior: 1957 c 189 § 11.]

47.10.722 Tacoma-Seattle-Everett facility—Excess sums in bond retirement fund—Use. Whenever the percentage of the motor vehicle fund arising from excise taxes on motor fuels and the federal funds which may be pledged as provided in RCW 47.10.718, payable into the highway bond retirement fund, shall prove more than is required for the payment of interest on bonds when due, or current retirement of bonds, any excess may, in the discretion of the state finance committee, be available for the prior redemption of any bonds or remain available in the fund to reduce the requirements upon the fuel excise tax portion of the motor vehicle fund at the next interest or bond payment period. [1961 c 13 § 47.10.722. Prior: 1957 c 189 § 12.]

47.10.724 Tacoma-Seattle-Everett facility—Appropriation from motor vehicle fund. There is hereby appropriated from the motor vehicle fund to the state highway commission for the biennium ending June 30, 1959 the sum of forty-five million dollars, or so much thereof as may be necessary to carry out the provisions of RCW 47.10.700 through 47.10.724, but no money shall be available under this appropriation from said fund unless a like amount of bonds provided for herein are sold and the money derived therefrom deposited to the credit of such fund. [1967 ex.s. c 7 § 2; 1961 c 13 § 47.10.724. Prior: 1957 c 189 § 13.]

ADDITIONAL BONDS—1965 ACT

47.10.726 Construction in Grant, Franklin, Adams counties authorized—Declaration of public interest. Construction of county arterial highways and farm to market roads in Grant, Franklin and Adams counties to coincide with the opening of additional lands for settlement in the Columbia Basin irrigation project, is declared to be a project required in the interest of the public safety and for the orderly development of the state. [1965 c 121 § 1.]

47.10.727 Construction in Grant, Franklin, Adams counties authorized—Issuance and sale of limited obligation bonds. To provide funds for construction of this project, there shall be issued and sold limited obligation bonds of the state of Washington in the sum of one million eight hundred and fifty thousand dollars.

The issuance, sale and retirement of said bonds shall be under the general supervision and control of the state finance committee. The state finance committee shall, when notified by the director of highways, provide for the issuance of coupon or registered bonds to be dated, issued and sold from time to time in such amounts as may be necessary to the orderly progress of construction of this project. [1965 c 121 § 2.]

Reviser's note: Powers, duties, and functions of director of highways transferred to secretary of transportation; see RCW 47.01.031. Term "director of highways" means secretary of transportation; see RCW 47.04.015.

47.10.728 Construction in Grant, Franklin, Adams counties authorized—Form and term of bonds. Each of such bonds shall be made payable at any time not exceeding twenty-five years from the date of its issuance, with such reserved rights of prior redemption as the state finance committee may prescribe to be specified therein. The bonds shall be signed by the governor and the state treasurer under the seal of the state, one of which signatures shall be made manually and the other signatures may be printed facsimile. The coupons attached to the bonds shall be signed by the same officers whose signatures thereon may be in printed facsimile. Any bonds may be registered in the name of the holder on presentation to the state treasurer or at the fiscal agency of the state of Washington in New York City, as to principal alone, or as to both principal and interest under such regulations as the state treasurer may prescribe. Such bonds shall be payable at such places as the state finance committee may provide. All bonds issued under authority of RCW 47.10.726 through 47.10.738 shall be fully negotiable instruments. [1965 c 121 § 3.]

47.10.729 Construction in Grant, Franklin, Adams counties authorized—Bonds not general obligations—Taxes pledged. Bonds issued under the provisions of RCW 47.10.726 through 47.10.738 shall distinctly state that they are not a general obligation of the state, but are payable in the manner provided in RCW 47.10.726 through 47.10.738 from the proceeds of all state excise taxes on motor vehicle fuels imposed by chapter 82.36 RCW and *chapter 82.40 RCW. The proceeds of such excise taxes are pledged to the payment of any bonds and the interest thereon issued under the provisions of RCW 47.10.726 through 47.10.738. The legislature agrees to continue to impose the same excise taxes on motor

fuels in amounts sufficient to pay the principal and interest on all bonds issued under the provisions of RCW 47.10.726 through 47.10.738 when due. [1965 c 121 § 4.]

***Reviser's note:** Chapter 82.40 RCW was repealed by 1971 ex.s. c 175 § 33; for later enactment, see chapter 82.38 RCW.

47.10.730 Construction in Grant, Franklin, Adams counties authorized—Sale of bonds—Legal investment for state funds. The bonds issued hereunder shall be in denominations to be prescribed by the state finance committee. They may be sold in such manner and in such amounts and at such times and on such terms and conditions as the committee may prescribe. The bonds shall be sold at public sale. It shall be the duty of the state finance committee to cause such sale to be advertised in such manner as it shall deem sufficient. Bonds issued under the provisions of RCW 47.10.726 through 47.10.738 shall be legal investment for any of the funds of the state, except the permanent school fund. [1965 c 121 § 5.]

47.10.731 Construction in Grant, Franklin, Adams counties authorized—Bond proceeds—Deposit and use. The money arising from the sale of said bonds shall be deposited in the state treasury to the credit of the motor vehicle fund and such money shall be available only for the construction of the project authorized by RCW 47.10.726 through 47.10.738, and payment of the expense incurred in the printing, issuance and sale of any such bonds, in which expense shall be included the sum of one eighth of one percent of the amount of the issue to cover the cost of servicing said issue, such sum to be deposited in the general fund. [1965 c 121 § 6.]

47.10.732 Construction in Grant, Franklin, Adams counties authorized—Source of funds for payment of bond principal and interest. Any funds required to repay such bonds, or the interest thereon when due, subject to the proviso of this section, shall be taken from that portion of the motor vehicle fund which results from the imposition of all excise taxes on motor vehicle fuels and which is, or may be, appropriated to the department for state highway purposes. They shall never constitute a charge against any allocation of such funds to counties, cities, and towns unless and until the amount of the motor vehicle fund arising from the excise taxes on motor vehicle fuels and available for state highway purposes proves insufficient to meet the requirements for bond retirement or the interest on any bonds: PROVIDED, That money required hereunder to pay interest on or to retire any bonds issued as authorized by RCW 47.10.726 through 47.10.738 shall be repaid by the county or counties wherein the highways or roads are constructed in the manner set forth in RCW 47.10.734. [1984 c 7 § 108; 1965 c 121 § 7.]

Additional notes found at www.leg.wa.gov

47.10.733 Construction in Grant, Franklin, Adams counties authorized—Highway bond retirement fund. At least one year prior to the date any interest is due and payable on such bonds or before the maturity date of any bonds, the state finance committee shall estimate the percentage of receipts in money of the motor vehicle *fund, resulting from collection of excise taxes on motor vehicle fuels, for each

month of the year which will be required to meet interest or bond payments hereunder when due, and shall notify the state treasurer of such estimated requirement. The state treasurer shall thereafter from time to time each month as such funds are paid into the motor vehicle fund, transfer such percentage of the monthly receipts from excise taxes on motor vehicle fuels of the motor vehicle fund to the highway bond retirement fund, which is hereby established, and which fund shall be available solely for payment of such interest or bonds when due. If in any month it shall appear that the estimated percentage of money so made is insufficient to meet the requirements for interest or bond retirement, the treasurer shall notify the state finance committee forthwith and such committee shall adjust its estimates so that all requirements for interest and principal of all bonds issued shall be fully met at all times. [1965 c 121 § 8.]

***Reviser's note:** The word "fuels" appearing in the session law version of the above section has been corrected to read "fund"; see comparable provisions in RCW 47.10.080, 47.10.220, 47.10.480, and 47.10.720.

47.10.734 Construction in Grant, Franklin, Adams counties authorized—Repayment to state by Grant, Franklin and Adams counties by retention of funds. The secretary shall report to the state finance committee all sums expended from funds resulting from the sale of bonds authorized by RCW 47.10.726 through 47.10.738. Grant, Franklin, and Adams counties shall repay to the state all the cost of highway or road facilities actually constructed under the provisions of RCW 47.10.726 through 47.10.738 within each of said counties as follows: The state finance committee, at least one year prior to the date any such interest is due and payable on such bonds or before the maturity date of any such bonds, shall ascertain the percentage of the motor vehicle funds arising from the excise taxes on motor vehicle fuels, which is to be transferred to such counties under the provisions of law which will be necessary to pay all of the interest upon or retire when due all of the portion of said bonds sold under the provisions of RCW 47.10.726 through 47.10.738 in each of said counties. The state finance committee shall notify the state treasurer of this estimate and the treasurer shall thereafter, when distributions are made from the motor vehicle fund to counties, retain such percentage of the total sums credited to such counties as aforesaid in the motor vehicle fund arising from such excise taxes on motor vehicle fuels until such fund is fully reimbursed for all expenditures under RCW 47.10.726 through 47.10.738 in Grant, Adams, and Franklin counties. Any money so retained shall be available for state highway purposes. [1984 c 7 § 109; 1965 c 121 § 9.]

Additional notes found at www.leg.wa.gov

47.10.735 Construction in Grant, Franklin, Adams counties authorized—Repayment, limitation as to amount of funds retained—Deficits. The sums retained from motor vehicle funds, arising from the excise taxes on motor vehicle fuel, of any such counties as provided in RCW 47.10.734, together with the sums similarly retained under the provisions of RCW 47.10.010 through 47.10.140 and RCW 47.10.280 through 47.10.400 shall not exceed in any distribution period fifty percent of the total amount to be credited to such county. If there shall be a deficit in the amount available for reimbursement of the motor vehicle

fund, due to this provision, then such deficit shall continue to be a charge against any sums due any such county from the motor vehicle fund from such excise taxes until the full cost of such highway facilities is paid. [1965 c 121 § 10.]

47.10.736 Construction in Grant, Franklin, Adams counties authorized—Sums in excess of retirement requirements—Use. Whenever the percentages of the motor vehicle fund arising from excise taxes on motor fuels, payable into the highway bond retirement fund, shall prove more than is required for the payment of interest on bonds when due, or current retirement of bonds, any excess may, in the discretion of the state finance committee, be available for prior redemption of any bonds or remain available in the fund to reduce the requirements upon the fuel excise tax portion of the motor vehicle fund at the next interest or bond payment period. [1965 c 121 § 11.]

47.10.737 Construction in Grant, Franklin, Adams counties authorized—Allocation of bonds to counties—Conditions upon issuance—Use of county engineering forces. The bonds authorized herein are allocated to the counties as follows:

- (1) For Adams county—one hundred thousand dollars.
- (2) For Franklin county—four hundred fifty thousand dollars.
- (3) For Grant county—one million three hundred thousand dollars:

PROVIDED, That no bonds shall be issued for Columbia Basin county arterial highway and road purposes unless expenditures are actually required for the settlement of lands ready for irrigation in the Columbia Basin project and all construction of arterial highways and roads in such counties shall be accomplished by the engineering forces of the various counties under the supervision of the director of highways. [1965 c 121 § 12.]

Reviser's note: Powers, duties, and functions of director of highways transferred to secretary of transportation; see RCW 47.01.031. Term "director of highways" means secretary of transportation; see RCW 47.04.015.

47.10.738 Construction in Grant, Franklin, Adams counties authorized—Appropriation from motor vehicle fund. There is appropriated from the motor vehicle fund for the biennium ending June 30, 1967 the sum of one million eight hundred fifty thousand dollars, or so much thereof as may be necessary, to carry out the provisions of RCW 47.10.726 through 47.10.738. [1965 c 121 § 13.]

ADDITIONAL BONDS—CONSTRUCTION AND IMPROVEMENT—1967 ACT

47.10.751 Additional funds—Declaration of necessity. Increased costs of construction combined with an unprecedented increase in motor vehicle use in this state have created an urgent demand for additional highway construction funds. It is vital to the economy of this state and the safety of the public that additional funds be provided for the construction of state highways. [1967 ex.s. c 7 § 3.]

47.10.752 Additional funds—Issuance and sale of limited obligation bonds. In order to provide funds for the

construction and improvement of state highways, there shall be issued and sold limited obligation bonds of the state of Washington in the sum of thirty million dollars or such amount thereof and at such times as determined to be necessary by the state highway commission. The issuance, sale and retirement of said bonds shall be under the supervision and control of the state finance committee which, upon request being made by the state highway commission, shall provide for the issuance, sale and retirement of coupon or registered bonds to be dated, issued, and sold from time to time in such amounts as shall be requested by the state highway commission. [1967 ex.s. c 7 § 4.]

Reviser's note: Powers, duties, and functions of highway commission transferred to department of transportation; see RCW 47.01.031. Term "state highway commission" means department of transportation; see RCW 47.04.015.

47.10.753 Additional funds—Form and term of bonds. Each of such bonds shall be made payable at any time not exceeding twenty-five years from the date of its issuance, with such reserved rights of prior redemption, bearing such interest, and such terms and conditions, as the state finance committee may prescribe to be specified therein. The bonds shall be signed by the governor and the state treasurer under the seal of the state, one of which signatures shall be made manually and the other signature may be in printed facsimile, and any coupons attached to such bonds shall be signed by the same officers whose signatures thereon may be in printed facsimile. Any bonds may be registered in the name of the holder on presentation to the state treasurer or at the fiscal agency of the state of Washington in New York City, as to principal alone, or as to both principal and interest under such regulations as the state treasurer may prescribe. Such bonds shall be payable at such places as the state finance committee may provide. All bonds issued hereunder shall be fully negotiable instruments. [1967 ex.s. c 7 § 5.]

47.10.754 Additional funds—Sale of bonds—Legal investment for state funds. The bonds issued hereunder shall be in denominations to be prescribed by the state finance committee and may be sold in such manner and in such amounts and at such times and on such terms and conditions as the committee may prescribe. If the bonds are sold to any purchaser other than the state of Washington, they shall be sold at public sale, and it shall be the duty of the state finance committee to cause such sale to be advertised in such manner as it shall deem sufficient. Bonds issued under the provisions of RCW 47.10.751 through 47.10.760 shall be legal investment for any of the funds of the state, except the permanent school fund. [1967 ex.s. c 7 § 6.]

47.10.755 Additional funds—Bond proceeds—Deposit and use. The money arising from the sale of said bonds shall be deposited in the state treasury to the credit of the motor vehicle fund and such money shall be available only for the construction of state highways and for payment of the expenses incurred in the printing, issuance, and sale of any such bonds. [1967 ex.s. c 7 § 7.]

47.10.756 Additional funds—Bonds not general obligations—Taxes pledged. Bonds issued under the provisions

of RCW 47.10.751 through 47.10.760 shall distinctly state that they are not a general obligation of the state, but are payable in the manner provided in RCW 47.10.751 through 47.10.760 from the proceeds of state excise taxes on motor vehicle fuels imposed by chapter 82.36 RCW and *chapter 82.40 RCW. The proceeds of such excise taxes are hereby pledged to the payment of any bonds and the interest thereon issued under the provisions of RCW 47.10.751 through 47.10.760, and the legislature hereby agrees to continue to impose the same excise taxes on motor vehicle fuels in amounts sufficient to pay, when due, the principal and interest on all bonds issued under the provisions of RCW 47.10.751 through 47.10.760. [1967 ex.s. c 7 § 8.]

***Reviser's note:** Chapter 82.40 RCW was repealed by 1971 ex.s. c 175 § 33; for later enactment, see chapter 82.38 RCW.

47.10.757 Additional funds—Source of funds for payment of bond principal and interest. Any funds required to repay such bonds, or the interest thereon when due, subject to the proviso of this section, shall be taken from that portion of the motor vehicle fund which results from the imposition of excise taxes on motor vehicle fuels and which is or may be appropriated to the department for state highway purposes, and shall never constitute a charge against any allocations of any other such funds to the state, counties, cities, and towns unless and until the amount of the motor vehicle fund arising from the excise taxes on motor vehicle fuels and available to the state for construction of state highways proves insufficient to meet the requirements for bond retirement or interest on any such bonds. [1984 c 7 § 110; 1967 ex.s. c 7 § 9.]

47.10.758 Additional funds—Highway bond retirement fund. At least one year prior to the date any interest is due and payable on such bonds or before the maturity date of any such bonds, the state finance committee shall estimate, subject to the provisions of RCW 47.10.757, the percentage of the receipts in money of the motor vehicle fund, resulting from collection of excise taxes on motor vehicle fuels, for each month of the year which shall be required to meet interest or bond payments hereunder when due, and shall notify the state treasurer of such estimated requirement. The state treasurer shall thereafter from time to time each month as such funds are paid into the motor vehicle fund, transfer such percentage of the monthly receipts from excise taxes on motor vehicle fuels of the motor vehicle fund to the bond retirement fund, hereby created, which fund shall be available solely for payment of interest or bonds when due. If in any month it shall appear that the estimated percentage of money so made is insufficient to meet the requirements for interest or bond retirement, the treasurer shall notify the state finance committee forthwith and such committee shall adjust its estimates so that all requirements for interest and principal of all bonds issued shall be fully met at all times. [1967 ex.s. c 7 § 10.]

47.10.759 Additional funds—Sums in excess of retirement requirements—Use. Whenever the percentage of the motor vehicle fund arising from excise taxes on motor vehicle fuels payable into the bond retirement fund, shall

prove more than is required for the payment of interest on bonds when due, or current retirement of bonds, any excess may, in the discretion of the state finance committee, be available for the prior redemption of any bonds or remain available in the fund to reduce the requirements upon the fuel excise tax portion of the motor vehicle fund at the next interest or bond payment period. [1967 ex.s. c 7 § 11.]

47.10.760 Additional funds—Appropriation from motor vehicle fund. There is hereby appropriated from the motor vehicle fund to the state highway commission for the biennium ending June 30, 1969, the sum of thirty million dollars, or so much thereof as may be necessary to carry out the provisions of RCW 47.10.751 through 47.10.760. [1967 ex.s. c 7 § 12.]

RESERVE FUNDS FOR HIGHWAY, STREET, AND ROAD PURPOSES—1967 ACT

47.10.761 Reserve funds—Purposes. It is the purpose of RCW 47.10.761 through 47.10.771 to provide reserve funds to the department for the following purposes:

(1) For construction, reconstruction, or repair of any state highway made necessary by slides, storm damage, or other unexpected or unusual causes;

(2) For construction or improvement of any state highway when necessary to alleviate or prevent intolerable traffic congestion caused by extraordinary and unanticipated economic development within any area of the state;

(3) To advance funds to any city or county to be used exclusively for the construction or improvement of any city street or county road when necessary to alleviate or prevent intolerable traffic congestion caused by extraordinary and unanticipated economic development within a particular area of the state. Before funds provided by the sale of bonds as authorized in RCW 47.10.761 through 47.10.770, are loaned to any city or county for the purposes specified herein, the department shall enter into an agreement with the city or county providing for repayment to the motor vehicle fund of such funds, together with the amount of bond interest thereon, from the city's or the county's share of the motor vehicle funds arising from excise taxes on motor vehicle fuels, over a period not to exceed twenty-five years; and

(4) To participate in projects on state highways or projects benefiting state highways that have been selected for funding by entities other than the Washington state department of transportation and require a financing contribution by the department of transportation. [1993 sp.s. c 11 § 1; 1984 c 7 § 111; 1967 ex.s. c 7 § 13.]

47.10.762 Issuance and sale of general obligation bonds. In order to provide reserve funds for the purposes specified in RCW 47.10.761, there shall be issued and sold general obligation bonds of the state of Washington in the sum of twenty-five million dollars or such amount thereof and at such times as may be determined to be necessary by the state transportation commission. The issuance, sale and retirement of said bonds shall be under the supervision and control of the state finance committee which, upon request being made by the Washington state transportation commis-

sion, shall provide for the issuance, sale and retirement of coupon or registered bonds to be dated, issued and sold from time to time in such amounts as may be necessary for the purposes enumerated in RCW 47.10.761. [1993 sp.s. c 11 § 2; 1967 ex.s. c 7 § 14.]

47.10.763 Bonds—Term—Terms and conditions—Signatures—Registration—Where payable—Negotiable instruments. Each of such bonds shall be made payable at any time not exceeding twenty-five years from the date of its issuance, with such reserved rights of prior redemption, bearing such interest, and such terms and conditions, as the state finance committee may prescribe to be specified therein. The bonds shall be signed by the governor and the state treasurer under the seal of the state, one of which signatures shall be made manually and the other signature may be in printed facsimile, and any coupons attached to such bonds shall be signed by the same officers whose signatures thereon may be in printed facsimile. Any bonds may be registered in the name of the holder on presentation to the state treasurer or at the fiscal agency of the state of Washington in New York City, as to principal alone, or as to both principal and interest under such regulations as the state treasurer may prescribe. Such bonds shall be payable at such places as the state finance committee may provide. All bonds issued hereunder shall be fully negotiable instruments. [1967 ex.s. c 7 § 15.]

47.10.764 Bonds—Denominations—Manner and terms of sale—Legal investment for state funds. The bonds issued hereunder shall be in denominations to be prescribed by the state finance committee and may be sold in such manner and in such amounts and at such times and on such terms and conditions as the committee may prescribe. If the bonds are sold to any purchaser other than the state of Washington, they shall be sold at public sale, and it shall be the duty of the state finance committee to cause such sale to be advertised in such manner as it shall deem sufficient. Bonds issued under the provisions of RCW 47.10.761 through 47.10.771 shall be legal investment for any of the funds of the state, except the permanent school fund. [1967 ex.s. c 7 § 16.]

47.10.765 Bonds—Bond proceeds—Deposit and use. The money arising from the sale of said bonds shall be deposited in the state treasury to the credit of the motor vehicle fund and such money shall be available only for the purposes enumerated in RCW 47.10.761 and for payment of the expense incurred in the drafting, printing, issuance and sale of any such bonds. [1967 ex.s. c 7 § 17.]

47.10.766 Bonds—Statement describing nature of obligation—Pledge of excise taxes. Bonds issued under the provisions of RCW 47.10.761 through 47.10.771 shall distinctly state that they are not a general obligation of the state, but are payable in the manner provided in RCW 47.10.761 through 47.10.771 from the proceeds of state excise taxes on motor vehicle fuels imposed by chapter 82.36 RCW and *chapter 82.40 RCW. The proceeds of such excise taxes are hereby pledged to the payment of any bonds and the interest thereon issued under the provisions of RCW 47.10.761 through 47.10.771, and the legislature hereby agrees to con-

tinue to impose the same excise taxes on motor vehicle fuels in amounts sufficient to pay, when due, the principal and interest on all bonds issued under the provisions of RCW 47.10.761 through 47.10.771. [1967 ex.s. c 7 § 18.]

*Reviser's note: Chapter 82.40 RCW was repealed by 1971 ex.s. c 175 § 33; for later enactment, see chapter 82.38 RCW.

47.10.767 Bonds—Designation of funds to repay bonds and interest. Any funds required to repay such bonds, or the interest thereon when due, subject to the proviso of this section, shall be taken from that portion of the motor vehicle fund which results from the imposition of excise taxes on motor vehicle fuels and which is, or may be appropriated to the department for state highway purposes, and shall never constitute a charge against any allocations of such funds to counties, cities, and towns unless and until the amount of the motor vehicle fund arising from the excise taxes on motor vehicle fuels and available for state highway purposes proves insufficient to meet the requirements for bond retirement or interest on any such bonds. [1984 c 7 § 112; 1967 ex.s. c 7 § 19.]

Additional notes found at www.leg.wa.gov

47.10.768 Bonds—Pledge of federal aid funds. As additional security for payment of the principal amount of any or all of the bonds to be issued hereunder, the state finance committee, with the consent of the department, may pledge all or any portion of the federal aid funds received or from time to time to be received by the state from the United States under the provisions of the federal-aid highway act of 1956, as amended, for the construction of Washington's portion of the national system of interstate and defense highways. [1984 c 7 § 113; 1967 ex.s. c 7 § 20.]

47.10.769 Bonds—Repayment procedure—Bond retirement fund. At least one year prior to the date any interest is due and payable on such bonds or before the maturity date of any bonds, the state finance committee shall estimate, subject to the provisions of RCW 47.10.767, the percentage of the receipts in money of the motor vehicle fund, resulting from collection of excise taxes on motor vehicle fuels, for each month of the year which, together with federal funds which may be pledged as provided in RCW 47.10.768, shall be required to meet interest or bond payments hereunder when due, and shall notify the state treasurer of such estimated requirement. The state treasurer shall thereafter from time to time each month as such funds are paid into the motor vehicle fund, transfer such percentage of the monthly receipts from excise taxes on motor vehicle fuels of the motor vehicle fund to the bond retirement fund, which fund shall be available solely for payment of interest or bonds when due. If in any month it shall appear that the estimated percentage of money so made is insufficient to meet the requirements for interest or bond retirement, the treasurer shall notify the state finance committee forthwith and such committee shall adjust its estimates so that all requirements for interest and principal of all bonds issued shall be fully met at all times. [1967 ex.s. c 7 § 21.]

47.10.770 Bonds—Sums in excess of retirement requirements—Use. Whenever the percentage of the motor vehicle fund arising from excise taxes on motor fuels and the federal funds which may be pledged as provided in RCW 47.10.768, payable into the highway bond retirement fund, shall prove more than is required for the payment of interest on bonds when due, or current retirement of bonds, any excess may, in the discretion of the state finance committee, be available for the prior redemption of any bonds or remain available in the fund to reduce the requirements upon the fuel excise tax portion of the motor vehicle fund at the next interest or bond payment period. [1967 ex.s. c 7 § 22.]

47.10.771 Bonds—Appropriation from motor vehicle fund. There is hereby appropriated from the motor vehicle fund to the state highway commission for the biennium ending June 30, 1969, the sum of twenty-five million dollars, or so much thereof as may be necessary to carry out the provisions of RCW 47.10.761 through 47.10.771. INTERSTATE 90 COMPLETION—1979 ACT

47.10.790 Issuance and sale of general obligation bonds—State route 90 improvements. (1) In order to provide funds for the location, design, right-of-way, and construction of selected interstate highway improvements, there shall be issued and sold upon the request of the Washington state transportation commission, a total of one hundred million dollars of general obligation bonds of the state of Washington to pay the state's share of costs for completion of state route 90 (state route 5 to state route 405) and other related state highway projects eligible for regular federal interstate funding and until December 31, 1989, to temporarily pay the regular federal share of construction of completion projects on state route 90 (state route 5 to state route 405) and other related state highway projects eligible for regular interstate funding in advance of federal-aid apportionments under the provisions of 23 U.S.C. Secs. 115 or 122: PROVIDED, That the total amount of bonds issued to temporarily pay the regular federal share of construction of federal-aid interstate highways in advance of federal-aid apportionments as authorized by this section and RCW 47.10.801 shall not exceed one hundred twenty million dollars: PROVIDED FURTHER, That the transportation commission shall adopt plans for the obligation of federal-aid apportionments received in federal fiscal year 1985 and subsequent years to pay the regular federal share of federal-aid interstate highway construction projects or to convert such apportionments under the provisions of 23 U.S.C. Secs. 115 or 122.

(2) The transportation commission may at any time find and determine that any amount of the bonds authorized in subsection (1) of this section, and not then sold, are no longer required to be issued and sold for the purposes described in subsection (1) of this section.

(3) Any bonds authorized by subsection (1) of this section that the transportation commission determines are no longer required for the purpose of paying the cost of the designated interstate highway improvements described therein shall be issued and sold, upon the request of the Washington state transportation commission, to provide funds for the location, design, right-of-way, and construction of major transportation improvements throughout the state. [2005 c 319 § 126; 1985 c 406 § 1; 1982 c 19 § 3; 1981 c 316 § 10; 1979 ex.s. c 180 § 1.]

47.10.791 Administration and amount of bond sales. Upon request being made by the transportation commission, the state finance committee shall supervise and provide for the issuance, sale, and retirement of the bonds authorized by RCW 47.10.790 in accordance with the provisions of chapter 39.42 RCW. The amount of such bonds issued and sold under the provisions of RCW 47.10.790 through 47.10.798 in any biennium may not exceed the amount of a specific appropriation therefor. Such bonds may be sold from time to time in such amounts as may be necessary for the orderly progress of the state highway improvements specified in RCW 47.10.790. The bonds shall be sold in such manner, at such time or times, in such amounts, and at such price or prices as the state finance committee shall determine. The state finance committee may obtain insurance, letters of credit, or other credit facility devices with respect to the bonds and may authorize the execution and delivery of agreements, promissory notes, and other obligations for the purpose of insuring the payment or enhancing the marketability of the bonds. Promissory notes or other obligations issued under this section shall not constitute a debt or the contracting of indebtedness under any constitutional or statutory indebtedness limitation if their payment is conditioned upon the failure of the state to pay the principal of or interest on the bonds with respect to which the promissory notes or other obligations relate. The state finance committee may authorize the issuance of short-term obligations in lieu of long-term obligations for the purposes of more favorable interest rates, lower total interest costs, and increased marketability and for the purposes of retiring the bonds during the life of the project for which they were issued. [1986 c 290 § 6; 1979 ex.s. c 180 § 2.]

47.10.792 Bond proceeds—Deposit and use. The proceeds from the sale of the bonds authorized by RCW 47.10.790 shall be deposited in the motor vehicle fund and such proceeds shall be available only for the purposes enumerated in RCW 47.10.790, for the payment of bond anticipation notes, if any, and for the payment of the expense incurred in the drafting, printing, issuance, and sale of such bonds. The costs of obtaining insurance, letters of credit, or other credit enhancement devices with respect to the bonds

shall be considered to be expenses incurred in the issuance and sale of the bonds. [1986 c 290 § 7; 1979 ex.s. c 180 § 3.]

47.10.793 Statement of general obligation—Pledge of excise taxes. Bonds issued under the provisions of RCW 47.10.790 shall distinctly state that they are a general obligation of the state of Washington, shall pledge the full faith and credit of the state to the payment of the principal thereof and the interest thereon, and shall contain an unconditional promise to pay such principal and interest as the same shall become due. The principal of and interest on such bonds shall be first payable in the manner provided in RCW 47.10.790 through 47.10.798 from the proceeds of the state excise taxes on motor vehicle and special fuels imposed by chapters 82.36 and 82.38 RCW. Proceeds of such excise taxes are hereby pledged to the payment of any bonds and the interest thereon issued under the provisions of RCW 47.10.790 through 47.10.798, and the legislature hereby agrees to continue to impose the same excise taxes on motor vehicle and special fuels in amounts sufficient to pay, when due, the principal and interest on all bonds issued under the provisions of RCW 47.10.790 through 47.10.798. [1995 c 274 § 6; 1979 ex.s. c 180 § 4.]

47.10.794 Designation of funds to repay bonds and interest. Any funds required to repay the bonds authorized by RCW 47.10.790 or the interest thereon when due shall be taken from that portion of the motor vehicle fund which results from the imposition of excise taxes on motor vehicle and special fuels and which is distributed to the state for expenditure pursuant to RCW 46.68.130 and shall never constitute a charge against any allocations of such funds to counties, cities, and towns unless and until the amount of the motor vehicle fund arising from the excise taxes on motor vehicle and special fuels and available for state highway purposes proves insufficient to meet the requirements for bond retirement or interest on any such bonds. [1979 ex.s. c 180 § 5.]

47.10.795 Repayment procedure—Bond retirement fund. At least one year prior to the date any interest is due and payable on such bonds or before the maturity date of such bonds, the state finance committee shall estimate, subject to the provisions of RCW 47.10.794, the percentage of the receipts in money of the motor vehicle fund resulting from collection of excise taxes on motor vehicle and special fuels, for each month of the year which shall be required to meet interest or bond payments when due and shall notify the treasurer of such estimated requirement. The state treasurer shall thereafter from time to time each month as such funds are paid into the motor vehicle fund, transfer such percentage of the monthly receipts from excise taxes on motor vehicle and special fuels of the motor vehicle fund to the highway bond retirement fund heretofore created in the state treasury, which funds shall be available solely for payment of the principal of and interest on the bonds when due. If in any month it shall appear that the estimated percentage of moneys so made is insufficient to meet the requirements for payment of the principal thereof or interest thereon, the treasurer shall notify the state finance committee forthwith, and such committee shall adjust its estimates so that all requirements for the interest on

and principal of all bonds issued shall be fully met at all times. [1979 ex.s. c 180 § 6.]

47.10.796 Sums in excess of retirement requirements—Use. Whenever the percentage of the motor vehicle fund arising from excise taxes on motor vehicle and special fuels payable into the highway bond retirement fund shall prove more than is required for the payment of interest on bonds when due, or current retirement of bonds, any excess may, in the discretion of the state finance committee, be available for the prior redemption of any bonds pursuant to applicable bond covenants or remain available in the fund to reduce requirements upon the fuel excise tax portion of the motor vehicle fund. [1979 ex.s. c 180 § 7.]

47.10.797 Bonds legal investment for state funds. The bonds authorized in RCW 47.10.790 through 47.10.798 constitute a legal investment for all state funds or for funds under state control and all funds of municipal corporations. [1979 ex.s. c 180 § 8.]

47.10.798 Bonds equal charge against fuel tax revenues. Except as otherwise provided by statute, general obligation bonds issued under authority of legislation enacted during the 45th session of the legislature and thereafter and which pledge motor vehicle and special fuel excise taxes for the payment of principal and interest thereon shall be an equal charge against the revenues from such motor vehicle and special fuel excise taxes. [1979 ex.s. c 180 § 9.]

47.10.799 Appropriation—Expenditure limited to bond sale proceeds. There is hereby appropriated from the motor vehicle fund to the department of transportation for the biennium ending June 30, 1981, the sum of ten million dollars, or so much thereof as may be necessary, to carry out the provisions of RCW 47.10.790: PROVIDED, That the money available for expenditure under this appropriation may not exceed the amount of money derived from the sale of ten million dollars of bonds authorized by RCW 47.10.790 and deposited to the credit of the motor vehicle fund. [1979 ex.s. c 180 § 10.]

47.10.800 Severability—1979 ex.s. c 180. If any provision of this 1979 act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1979 ex.s. c 180 § 12.]

INTERSTATE HIGHWAY, CATEGORY A,
CATEGORY C IMPROVEMENTS—1981 ACT

47.10.801 Issuance and sale of general obligation bonds. (1) In order to provide funds necessary for the location, design, right-of-way, and construction of selected interstate and other state highway improvements, there shall be issued and sold, subject to subsections (2), (3), and (4) of this section, upon the request of the Washington state transportation commission a total of four hundred sixty million dollars of general obligation bonds of the state of Washington for the following purposes and specified sums:

(a) Not to exceed two hundred twenty-five million dollars to pay the state's share of costs for federal-aid interstate highway improvements and until December 31, 1989, to temporarily pay the regular federal share of construction of federal-aid interstate highway improvements to complete state routes 82, 90, 182, and 705 in advance of federal-aid apportionments under the provisions of 23 U.S.C. Secs. 115 or 122: PROVIDED, That the total amount of bonds issued to temporarily pay the regular federal share of construction of federal-aid interstate highways in advance of federal-aid apportionments as authorized by this section and RCW 47.10.790 shall not exceed one hundred twenty million dollars: PROVIDED FURTHER, That the transportation commission shall adopt plans for the obligation of federal-aid apportionments received in federal fiscal year 1985 and subsequent years to pay the regular federal share of federal-aid interstate highway construction projects or to convert such apportionments under the provisions of 23 U.S.C. Secs. 115 or 122;

(b) Two hundred twenty-five million dollars for major transportation improvements throughout the state that are identified as category C improvements and for selected major non-interstate construction and reconstruction projects that are included as Category A Improvements;

(c) Ten million dollars for state highway improvements necessitated by planned economic development, as determined through the procedures set forth in RCW 43.160.074 and 47.01.280.

(2) The amount of bonds authorized in subsection (1)(a) of this section shall be reduced if the transportation commission determines that any of the bonds that have not been sold are no longer required.

(3) The amount of bonds authorized in subsection (1)(b) of this section shall be increased by an amount not to exceed, and concurrent with, any reduction of bonds authorized under subsection (1)(a) of this section in the manner prescribed in subsection (2) of this section.

(4) The transportation commission may decrease the amount of bonds authorized in subsection (1)(c) of this section and increase the amount of bonds authorized in subsection (1)(a) or (b) of this section, or both by an amount equal to the decrease in subsection (1)(c) of this section. The transportation commission may decrease the amount of bonds authorized in subsection (1)(c) of this section only if the legislature appropriates an equal amount of funds from the motor vehicle fund - basic account for the purposes enumerated in subsection (1)(c) of this section. 47.10.802 Administration and amount of bond sales.

Upon request being made by the transportation commission, the state finance committee shall supervise and provide for the issuance, sale, and retirement of the bonds authorized by RCW 47.10.801 in accordance with chapter 39.42 RCW. The amount of such bonds issued and sold under RCW 47.10.801 through 47.10.809 in any biennium may not

exceed the amount of a specific appropriation therefor. Such bonds may be sold from time to time in such amounts as may be necessary for the orderly progress of the state highway improvements specified in RCW 47.10.801. The amount of bonds issued and sold under RCW 47.10.801(1)(a) in any biennium shall not, except as provided in that section, exceed the amount required to match federal-aid interstate funds available to the state of Washington. The bonds shall be sold in such manner, at such time or times, in such amounts, and at such price or prices as the state finance committee shall determine. The state finance committee may obtain insurance, letters of credit, or other credit facility devices with respect to the bonds and may authorize the execution and delivery of agreements, promissory notes, and other obligations for the purpose of insuring the payment or enhancing the marketability of the bonds. Promissory notes or other obligations issued under this section shall not constitute a debt or the contracting of indebtedness under any constitutional or statutory indebtedness limitation if their payment is conditioned upon the failure of the state to pay the principal of or interest on the bonds with respect to which the promissory notes or other obligations relate. The state finance committee may authorize the issuance of short-term obligations in lieu of long-term obligations for the purposes of more favorable interest rates, lower total interest costs, and increased marketability and for the purposes of retiring the bonds during the life of the project for which they were issued. [2005 c 319 § 128; 1986 c 290 § 1; 1983 1st ex.s. c 53 § 23; 1982 c 19 § 2; 1981 c 316 § 2.]

47.10.803 Bond proceeds—Deposit and use. The proceeds from the sale of the bonds authorized by RCW 47.10.801(1) shall be deposited in the motor vehicle fund. All such proceeds shall be available only for the purposes enumerated in RCW 47.10.801, for the payment of bond anticipation notes, if any, and for the payment of the expense incurred in the drafting, printing, issuance, and sale of such bonds. The costs of obtaining insurance, letters of credit, or other credit enhancement devices with respect to the bonds shall be considered to be expenses incurred in the issuance and sale of the bonds. 47.10.804 Statement of general obligation—Pledge of excise taxes. Bonds issued under RCW 47.10.801 shall distinctly state that they are a general obligation of the state of Washington, shall pledge the full faith and credit of the state to the payment of the principal thereof and the interest thereon, and shall contain an unconditional promise to pay such principal and interest as the same shall become due. The principal of and interest on such bonds shall be first payable in the manner provided in RCW 47.10.801 through 47.10.809 from the proceeds of the state excise taxes on motor vehicle and special fuels imposed by chapters 82.36 and 82.38 RCW. Proceeds of such excise taxes are hereby pledged to the pay-

ment of any bonds and the interest thereon issued under RCW 47.10.801 through 47.10.809, and the legislature hereby agrees to continue to impose these excise taxes on motor vehicle and special fuels in amounts sufficient to pay, when due, the principal and interest on all bonds issued under RCW 47.10.801 through 47.10.809. [1995 c 274 § 7; 1981 c 316 § 4.]

47.10.805 Designation of funds to repay bonds and interest. Any funds required to repay the bonds authorized by RCW 47.10.801 or the interest thereon when due shall be taken from that portion of the motor vehicle fund which results from the imposition of excise taxes on motor vehicle and special fuels and which is distributed to the state for expenditure pursuant to RCW 46.68.130 and shall never constitute a charge against any allocations of such funds to counties, cities, and towns unless the amount of the motor vehicle fund arising from the excise taxes on motor vehicle and special fuels and available for state highway purposes proves insufficient to meet the requirements for bond retirement or interest on any such bonds. [1981 c 316 § 5.]

47.10.806 Repayment procedure—Bond retirement fund. At least one year prior to the date any interest is due and payable on such bonds or before the maturity date of such bonds, the state finance committee shall estimate, subject to RCW 47.10.805, the percentage of the receipts in money of the motor vehicle fund resulting from collection of excise taxes on motor vehicle and special fuels, for each month of the year which shall be required to meet interest or bond payments when due and shall notify the treasurer of such estimated requirement. The state treasurer shall thereafter from time to time each month as such funds are paid into the motor vehicle fund, transfer such percentage of the monthly receipts from excise taxes on motor vehicle and special fuels of the motor vehicle fund to the highway bond retirement fund heretofore created in the state treasury, which funds shall be available solely for payment of the principal of and interest on the bonds when due. If in any month it shall appear that the estimated percentage of moneys so made is insufficient to meet the requirements for payment of the principal thereof or interest thereon, the treasurer shall notify the state finance committee forthwith, and the committee shall adjust its estimates so that all requirements for the interest on and principal of all bonds issued shall be fully met at all times. [1981 c 316 § 6.]

47.10.807 Sums in excess of retirement requirements—Use. Whenever the percentage of the motor vehicle fund arising from excise taxes on motor vehicle and special fuels payable into the highway bond retirement fund shall prove more than is required for the payment of interest on bonds when due, or current retirement bonds, any excess may, in the discretion of the state finance committee, be available for the prior redemption of any bonds or remain available in the fund to reduce requirements upon the fuel excise tax portion of the motor vehicle fund at the next interest or bond payment period. [1981 c 316 § 7.]

47.10.808 Bonds legal investment for state funds. The bonds authorized in RCW 47.10.801 through 47.10.809

constitute a legal investment for all state funds or for funds under state control and all funds of municipal corporations. [1981 c 316 § 8.]

47.10.809 Bonds equal charge against fuel tax revenues. Bonds issued under authority of RCW 47.10.801 through 47.10.809 and any subsequent general obligation bonds of the state of Washington which may be authorized and which pledge motor vehicle and special fuel excise taxes for the payment of principal and interest thereon shall be an equal charge against the revenues from such motor vehicle and special fuel excise taxes. [1981 c 316 § 9.]

47.10.811 Severability—1981 c 316. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1981 c 316 § 13.]

CATEGORY C IMPROVEMENTS—1993 ACT

47.10.812 Issuance and sale of general obligation bonds. In order to provide funds necessary for the location, design, right-of-way, and construction of state highway improvements that are identified as special category C improvements, there shall be issued and sold upon the request of the Washington state secretary of transportation a total of six hundred million dollars of general obligation bonds of the state of Washington. [2007 c 519 § 1; 1999 sp.s. c 2 § 1; 1993 c 431 § 1.]

47.10.813 Administration and amount of sale. Upon the request of the secretary of transportation, the state finance committee shall supervise and provide for the issuance, sale, and retirement of the bonds authorized by RCW 47.10.812 through 47.10.817 in accordance with chapter 39.42 RCW. Bonds authorized by RCW 47.10.812 through 47.10.817 shall be sold in such manner, at such time or times, in such amounts, and at such price as the state finance committee shall determine. No such bonds may be offered for sale without prior legislative appropriation of the net proceeds of the sale of the bonds.

The state finance committee shall consider the issuance of short-term obligations in lieu of long-term obligations for the purposes of more favorable interest rates, lower total interest costs, and increased marketability and for the purpose of retiring the bonds during the life of the project for which they were issued. [2007 c 519 § 2; 1993 c 431 § 2.]

47.10.814 Proceeds—Deposit and use. The proceeds from the sale of bonds authorized by RCW 47.10.812 through 47.10.817 shall be deposited in the special category C account in the motor vehicle fund. The proceeds shall be available only for the purposes enumerated in RCW 47.10.812, for the payment of bond anticipation notes, if any, and for the payment of bond issuance costs, including the costs of underwriting. [1993 c 431 § 3.]

47.10.815 Statement of general obligation—Pledge of excise taxes. Bonds issued under the authority of RCW 47.10.812 through 47.10.817 shall distinctly state that they

are a general obligation of the state of Washington, shall pledge the full faith and credit of the state to the payment of the principal thereof and the interest thereon, and shall contain an unconditional promise to pay such principal and interest as the same shall become due. The principal and interest on the bonds shall be first payable in the manner provided in RCW 47.10.812 through 47.10.817 from the proceeds of the state excise taxes on motor vehicle and special fuels imposed by chapters 82.36 and 82.38 RCW. Proceeds of such excise taxes are hereby pledged to the payment of any bonds and the interest thereon issued under the authority of RCW 47.10.812 through 47.10.817, and the legislature agrees to continue to impose these excise taxes on motor vehicle and special fuels in amounts sufficient to pay, when due, the principal and interest on all bonds issued under the authority of RCW 47.10.812 through 47.10.817. [1995 c 274 § 8; 1993 c 431 § 4.]

47.10.816 Designation of funds to repay bonds and interest. Both principal and interest on the bonds issued for the purposes of RCW 47.10.812 through 47.10.817 shall be payable from the highway bond retirement fund. The state finance committee may provide that a special account be created in the fund to facilitate payment of the principal and interest. The state finance committee shall, on or before June 30th of each year, certify to the state treasurer the amount required for principal and interest on the bonds in accordance with the bond proceedings. The state treasurer shall withdraw revenues from the special category C account in the motor vehicle fund and deposit in the highway bond retirement fund, or a special account in the fund, such amounts, and at such times, as are required by the bond proceedings.

Any funds required for bond retirement or interest on the bonds authorized by RCW 47.10.812 through 47.10.817 shall be taken from that portion of the motor vehicle fund that results from the imposition of excise taxes on motor vehicle and special fuels and that is distributed to the special category C account in the motor vehicle fund. Funds required shall never constitute a charge against any other allocations of motor vehicle fuel and special fuel tax revenues to the state, counties, cities and towns unless the amount arising from excise taxes on motor vehicle and special fuels distributed to the special category C account proves insufficient to meet the requirements for bond retirement or interest on any such bonds.

Any payments for bond retirement or interest on the bonds taken from other revenues from the motor vehicle fuel or special fuel taxes that are distributable to the state, counties, cities and towns, shall be repaid from the first revenues from the motor vehicle fuel or special fuel taxes distributed to the special category C account not required for bond retirement or interest on the bonds. [1993 c 431 § 5.]

47.10.817 Equal charge against fuel tax revenues. Bonds issued under the authority of RCW 47.10.812 through 47.10.816 and this section and any other general obligation bonds of the state of Washington that have been or that may be authorized and that pledge motor vehicle and special fuels excise taxes for the payment of principal and interest thereon shall be an equal charge against the revenues from such

motor vehicle and special fuels excise taxes. [1993 c 431 § 6.]

47.10.818 Severability—1993 c 431. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1993 c 431 § 8.]

INTERSTATE, OTHER HIGHWAY IMPROVEMENTS— 1993 ACT

47.10.819 Issuance and sale of general obligation bonds. In order to provide funds necessary for the location, design, right-of-way, and construction of selected interstate and other highway improvements, there shall be issued and sold upon the request of the secretary of the department of transportation a total of one hundred million dollars of general obligation bonds of the state of Washington for the following purposes and specified sums:

(1) Not to exceed twenty-five million dollars to pay the state's and local governments' share of matching funds for the ten demonstration projects identified in the Intermodal Surface Transportation Efficiency Act of 1991.

(2) Not to exceed fifty million dollars to temporarily pay the regular federal share of construction in advance of federal-aid apportionments as authorized by this section.

(3) Not to exceed twenty-five million dollars for loans to local governments to provide the required matching funds to take advantage of available federal funds. These loans shall be on such terms and conditions as determined by the secretary of the department of transportation, but in no event may the loans be for a period of more than ten years. The interest rate on the loans authorized under this subsection shall be equal to the interest rate on the bonds sold for such purposes. [2006 c 334 § 37; 1993 c 432 § 1.]

Effective date—2006 c 334: See note following RCW 47.01.051.

47.10.820 Administration and amount of sale. Upon the request of the secretary of the department of transportation, the state finance committee shall supervise and provide for the issuance, sale, and retirement of the bonds authorized by RCW 47.10.819 through 47.10.824 in accordance with chapter 39.42 RCW. Bonds authorized by RCW 47.10.819 through 47.10.824 shall be sold in such manner, at such time or times, in such amounts, and at such price as the state finance committee shall determine. No such bonds may be offered for sale without prior legislative appropriation of the net proceeds of the sale of the bonds.

The state finance committee shall consider the issuance of short-term obligations in lieu of long-term obligations for the purposes of more favorable interest rates, lower total interest costs, and increased marketability and for the purpose of retiring the bonds during the life of the project for which they were issued. [2006 c 334 § 38; 1993 c 432 § 2.]

Effective date—2006 c 334: See note following RCW 47.01.051.

47.10.821 Proceeds—Deposit and use. The proceeds from the sale of bonds authorized by RCW 47.10.819 through 47.10.824 shall be deposited in the motor vehicle fund. The proceeds shall be available only for the purposes

enumerated in RCW 47.10.819, for the payment of bond anticipation notes, if any, and for the payment of bond issuance costs, including the costs of underwriting. [1993 c 432 § 3.]

47.10.822 Statement of general obligation—Pledge of excise taxes. Bonds issued under the authority of RCW 47.10.819 through 47.10.824 shall distinctly state that they are a general obligation of the state of Washington, shall pledge the full faith and credit of the state to the payment of the principal thereof and the interest thereon, and shall contain an unconditional promise to pay such principal and interest as the same shall become due. The principal and interest on the bonds shall be first payable in the manner provided in RCW 47.10.819 through 47.10.824 from the proceeds of the state excise taxes on motor vehicle and special fuels imposed by chapters 82.36 and 82.38 RCW. Proceeds of such excise taxes are hereby pledged to the payment of any bonds and the interest thereon issued under the authority of RCW 47.10.819 through 47.10.824, and the legislature agrees to continue to impose these excise taxes on motor vehicle and special fuels in amounts sufficient to pay, when due, the principal and interest on all bonds issued under the authority of RCW 47.10.819 through 47.10.824. [1995 c 274 § 9; 1993 c 432 § 4.]

47.10.823 Designation of funds to repay bonds and interest. Both principal and interest on the bonds issued for the purposes of RCW 47.10.819 through 47.10.824 shall be payable from the highway bond retirement fund. The state finance committee may provide that a special account be created in the fund to facilitate payment of the principal and interest. The state finance committee shall, on or before June 30th of each year, certify to the state treasurer the amount required for principal and interest on the bonds in accordance with the bond proceedings. The state treasurer shall withdraw revenues from the motor vehicle fund and deposit in the highway bond retirement fund, or a special account in the fund, such amounts, and at such times, as are required by the bond proceedings.

Any funds required for bond retirement or interest on the bonds authorized by RCW 47.10.819 through 47.10.824 shall be taken from that portion of the motor vehicle fund that results from the imposition of excise taxes on motor vehicle and special fuels and which is, or may be appropriated to the department of transportation for state highway purposes. Funds required shall never constitute a charge against any other allocations of motor vehicle fuel and special fuel tax revenues to the state, counties, cities, and towns unless the amount arising from excise taxes on motor vehicle and special fuels distributed to the state in the motor vehicle fund proves insufficient to meet the requirements for bond retirement or interest on any such bonds.

Any payments for bond retirement or interest on the bonds taken from other revenues from the motor vehicle fuel or special fuel taxes that are distributed to the state, counties, cities, and towns, shall be repaid from the first revenues from the motor vehicle fuel or special fuel taxes distributed to the motor vehicle fund not required for bond retirement or interest on the bonds. [1993 c 432 § 5.]

47.10.824 Equal charge against fuel tax revenues. Bonds issued under the authority of RCW 47.10.819 through 47.10.823 and this section and any other general obligation bonds of the state of Washington that have been or that may be authorized and that pledge motor vehicle and special fuels excise taxes for the payment of principal and interest thereon shall be an equal charge against the revenues from such motor vehicle and special fuels excise taxes. [1993 c 432 § 6.]

47.10.825 Severability—1993 c 432. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1993 c 432 § 8.]

PUBLIC-PRIVATE TRANSPORTATION INITIATIVES— 1994 ACT

47.10.834 Issuance and sale of general obligation bonds. In order to provide funds necessary to implement the public-private transportation initiatives authorized by chapter 47.46 RCW, there shall be issued and sold upon the request of the secretary of the department of transportation a total of twenty-five million six hundred twenty-five thousand dollars of general obligation bonds of the state of Washington. [2006 c 334 § 35; 1995 2nd sp.s. c 15 § 2; 1994 c 183 § 2.]

Effective date—2006 c 334: See note following RCW 47.01.051.

Finding—1994 c 183: "The legislature finds and declares:

Successful implementation of the public-private transportation initiatives program authorized in chapter 47.46 RCW may require the financial participation of the state in projects authorized in that chapter.

The participation may take the form of loans, loan guarantees, user charge guarantees, including incidental costs incurred by the department in direct support of activities required under chapter 47.46 RCW, or such other cash contribution arrangements as may improve the ability of the private entities sponsoring the projects to obtain financing.

It is in the best interests of the people of the state that state funding of possible financial participation in the projects authorized under chapter 47.46 RCW be in the form of long-term bonds. In order to repay expenditures incurred in the 1993-1995 biennium, up to two million two hundred thousand dollars of these bonds may be expended on highway improvement projects, under chapter 47.05 RCW." [1995 2nd sp.s. c 15 § 1; 1994 c 183 § 1.]

47.10.835 Administration and amount of sale. Upon the request of the secretary of the department of transportation, the state finance committee shall supervise and provide for the issuance, sale, and retirement of the bonds authorized by RCW 47.10.834 through 47.10.841 in accordance with chapter 39.42 RCW. Bonds authorized by RCW 47.10.834 through 47.10.841 shall be sold in such manner, at such time or times, in such amounts, and at such price as the state finance committee shall determine. No such bonds may be offered for sale without prior legislative appropriation of the net proceeds of the sale of the bonds. In making such appropriation of the net proceeds of the sale of the bonds, the legislature shall specify what portion of the appropriation is provided for possible loans and what portion of the appropriation is provided for other forms of cash contributions to projects.

The state finance committee shall consider the issuance of short-term obligations in lieu of long-term obligations for the purposes of more favorable interest rates, lower total

interest costs, and increased marketability and for the purpose of retiring the bonds during the life of the project for which they were issued. [2006 c 334 § 36; 1994 c 183 § 3.]

Effective date—2006 c 334: See note following RCW 47.01.051.

47.10.836 Proceeds—Deposit and use. (1) The proceeds from the sale of bonds authorized by RCW 47.10.834 through 47.10.841 that are in support of possible loans as specified under RCW 47.10.835 shall be deposited into the motor vehicle fund. The proceeds shall be available only for the purposes of making loans to entities authorized to undertake projects selected under chapter 47.46 RCW as enumerated in RCW 47.10.835, including incidental costs incurred by the department in direct support of activities required under chapter 47.46 RCW, for the payment of bond anticipation notes, if any, and for the payment of bond issuance costs, including the costs of underwriting.

(2) The proceeds from the sale of bonds authorized by RCW 47.10.834 through 47.10.841 that are in support of all forms of cash contributions to projects selected under chapter 47.46 RCW, including incidental costs incurred by the department in direct support of activities required under chapter 47.46 RCW, except loans shall be deposited into the motor vehicle fund. The proceeds shall be available only for the purposes of making any contributions except loans to projects selected under chapter 47.46 RCW, for the payment of bond anticipation notes, if any, and for the payment of bond issuance costs, including the costs of underwriting.

(3) Up to two million two hundred thousand dollars of the proceeds from the sale of bonds authorized by RCW 47.10.834 through 47.10.841 may be expended on highway improvement projects under chapter 47.05 RCW and for the payment of bond issuance cost, including the cost of underwriting. Such proceeds shall be deposited into the motor vehicle fund. [1995 2nd sp.s. c 15 § 3; 1994 c 183 § 4.]

2003 TRANSPORTATION PROJECTS— NICKEL ACCOUNT

47.10.861 Bond issue authorized. In order to provide funds necessary for the location, design, right-of-way, and construction of selected projects or improvements that are identified as transportation 2003 projects or improvements in the omnibus transportation budget, there shall be issued and sold upon the request of the secretary of the department of transportation a total of three billion two hundred million dollars of general obligation bonds of the state of Washington. [2007 c 519 § 3; 2006 c 334 § 31; 2003 c 147 § 1.]

Effective date—2006 c 334: See note following RCW 47.01.051.

Effective date—2003 c 147: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect July 1, 2003." [2003 c 147 § 16.]

47.10.862 Administration and amount of sale. Upon the request of the secretary of the department of transportation, as appropriate, the state finance committee shall supervise and provide for the issuance, sale, and retirement of the bonds in RCW 47.10.861 through 47.10.866 in accordance with chapter 39.42 RCW. Bonds authorized by RCW 47.10.861 through 47.10.866 shall be sold in the manner, at time or times, in amounts, and at the price as the state finance committee shall determine. No bonds may be offered for sale without prior legislative appropriation of the net proceeds of the sale of the bonds.

The state finance committee shall consider the issuance of short-term obligations in lieu of long-term obligations for the purposes of more favorable interest rates, lower total interest costs, and increased marketability and for the purpose of retiring the bonds during the life of the project for which they were issued. [2006 c 334 § 32; 2003 c 147 § 2.]

Effective date—2006 c 334: See note following RCW 47.01.051.

Effective date—2003 c 147: See note following RCW 47.10.861.

47.10.863 Proceeds—Deposit and use. The proceeds from the sale of bonds authorized by RCW 47.10.861 shall be deposited in the transportation 2003 account (nickel account) in the motor vehicle fund. The proceeds shall be available only for the purposes enumerated in RCW 47.10.861, for the payment of bond anticipation notes, if any, and for the payment of bond issuance costs, including the costs of underwriting. [2003 c 147 § 3.]

Effective date—2003 c 147: See note following RCW 47.10.861.

47.10.864 Statement of general obligation—Pledge of excise taxes. Bonds issued under the authority of RCW 47.10.861 through 47.10.866 shall distinctly state that they are a general obligation of the state of Washington, shall pledge the full faith and credit of the state to the payment of the principal thereof and the interest thereon, and shall con-

tain an unconditional promise to pay such principal and interest as the same shall become due. The principal and interest on the bonds shall be first payable in the manner provided in RCW 47.10.861 through 47.10.866 from the proceeds of the state excise taxes on motor vehicle and special fuels imposed by chapters 82.36 and 82.38 RCW. Proceeds of these excise taxes are hereby pledged to the payment of any bonds and the interest thereon issued under the authority of RCW 47.10.861 through 47.10.866, and the legislature agrees to continue to impose these excise taxes on motor vehicle and special fuels in amounts sufficient to pay, when due, the principal and interest on all bonds issued under the authority of RCW 47.10.861 through 47.10.866. [2003 c 147 § 4.]

Effective date—2003 c 147: See note following RCW 47.10.861.

47.10.865 Repayment procedure—Bond retirement fund. Both principal and interest on the bonds issued for the purposes of RCW 47.10.861 through 47.10.866 shall be payable from the highway bond retirement fund. The state finance committee may provide that a special account be created in the fund to facilitate payment of the principal and interest. The state finance committee shall, on or before June 30th of each year, certify to the state treasurer the amount required for principal and interest on the bonds in accordance with the bond proceedings. The state treasurer shall withdraw revenues from the transportation 2003 account (nickel account) in the motor vehicle fund and deposit in the highway bond retirement fund, or a special account in the fund, such amounts, and at such times, as are required by the bond proceedings.

Any funds required for bond retirement or interest on the bonds authorized by RCW 47.10.861 through 47.10.866 shall be taken from that portion of the motor vehicle fund that results from the imposition of excise taxes on motor vehicle and special fuels and that is distributed to the transportation 2003 account (nickel account) in the motor vehicle fund. Funds required shall never constitute a charge against any other allocations of motor vehicle fuel and special fuel tax revenues to the state, counties, cities, and towns unless the amount arising from excise taxes on motor vehicle and special fuels distributed to the transportation 2003 account (nickel account) proves insufficient to meet the requirements for bond retirement or interest on any such bonds.

Any payments for bond retirement or interest on the bonds taken from other revenues from the motor vehicle fuel or special fuel taxes that are distributable to the state, counties, cities, and towns shall be repaid from the first revenues from the motor vehicle fuel or special fuel taxes distributed to the transportation 2003 account (nickel account) not required for bond retirement or interest on the bonds. [2003 c 147 § 5.]

Effective date—2003 c 147: See note following RCW 47.10.861.

47.10.866 Equal charge against motor vehicle and special fuels tax revenues. Bonds issued under the authority of RCW 47.10.861 through 47.10.865 and this section and any other general obligation bonds of the state of Washington that have been or that may be authorized and that pledge motor vehicle and special fuels excise taxes for the payment of principal and interest thereon shall be an equal charge

against the revenues from such motor vehicle and special fuels excise taxes. [2003 c 147 § 6.]

Effective date—2003 c 147: See note following RCW 47.10.861.

MULTIMODAL TRANSPORTATION PROJECTS—
2003 ACT

47.10.867 Bond issue authorized—Appropriation of proceeds. For the purpose of providing funds for the planning, design, construction, reconstruction, and other necessary costs for transportation projects, the state finance committee is authorized to issue general obligation bonds of the state of Washington in the sum of two hundred forty-nine million five hundred thousand dollars, or as much thereof as may be required, to finance these projects and all costs incidental thereto. Bonds authorized in this section may be sold at such price as the state finance committee shall determine. No bonds authorized in this section may be offered for sale without prior legislative appropriation of the net proceeds of the sale of the bonds. [2009 c 498 § 6; 2003 c 147 § 7.]

Effective date—2003 c 147: See note following RCW 47.10.861.

47.10.868 Proceeds—Deposit and use. The proceeds of the sale of the bonds authorized in RCW 47.10.867 must be deposited in the multimodal transportation account and must be used exclusively for the purposes specified in RCW 47.10.867 and for the payment of expenses incurred in the issuance and sale of the bonds. [2003 c 147 § 8.]

Effective date—2003 c 147: See note following RCW 47.10.861.

47.10.869 Repayment procedure. (1) The nondebt-limit reimbursable bond retirement account must be used for the payment of the principal and interest on the bonds authorized in RCW 47.10.867.

(2)(a) The state finance committee must, on or before June 30th of each year, certify to the state treasurer the amount needed in the ensuing twelve months to meet the bond retirement and interest requirements on the bonds authorized in RCW 47.10.867.

(b) On or before the date on which any interest or principal and interest is due, the state treasurer shall transfer from the multimodal transportation account for deposit into the nondebt-limit reimbursable bond retirement account the amount computed in (a) of this subsection for bonds issued for the purposes of RCW 47.10.867.

(3) If the multimodal transportation account has insufficient revenues to pay the principal and interest computed in subsection (2)(a) of this section, then the debt-limit reimbursable bond retirement account must be used for the payment of the principal and interest on the bonds authorized in RCW 47.10.867 from any additional means provided by the legislature.

(4) If at any time the multimodal transportation account has insufficient revenues to repay the bonds, the legislature may provide additional means for the payment of the bonds. [2003 c 147 § 9.]

Effective date—2003 c 147: See note following RCW 47.10.861.

47.10.870 Statement of general obligation—Transfer and payment of funds. (1) Bonds issued under RCW 47.10.867 must state that they are a general obligation of the

(2012 Ed.)

state of Washington, must pledge the full faith and credit of the state to the payment of the principal and interest, and must contain an unconditional promise to pay the principal and interest as it becomes due.

(2) The owner and holder of each of the bonds or the trustee for the owner and holder of any of the bonds may by mandamus or other appropriate proceeding require the transfer and payment of funds as directed in this section. [2003 c 147 § 10.]

Effective date—2003 c 147: See note following RCW 47.10.861.

47.10.871 Additional repayment means. The legislature may provide additional means for raising moneys for the payment of the principal and interest on the bonds authorized in RCW 47.10.867, and RCW 47.10.869 and 47.10.870 are not deemed to provide an exclusive method for their payment. [2003 c 147 § 11.]

Effective date—2003 c 147: See note following RCW 47.10.861.

47.10.872 Legal investment. The bonds authorized in RCW 47.10.867 are a legal investment for all state funds or funds under state control and for all funds of any other public body. [2003 c 147 § 12.]

Effective date—2003 c 147: See note following RCW 47.10.861.

SELECTED PROJECTS AND IMPROVEMENTS—
2005 ACT

47.10.873 Bond issue authorized. In order to provide funds necessary for the location, design, right-of-way, and construction of selected projects or improvements that are identified as 2005 transportation partnership projects or improvements in the omnibus transportation budget chapter 313, Laws of 2005, there shall be issued and sold upon the request of the department of transportation a total of five billion three hundred million dollars of general obligation bonds of the state of Washington. [2007 c 519 § 4; 2005 c 315 § 1.]

Effective date—2005 c 315: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect July 1, 2005." [2005 c 315 § 8.]

47.10.874 Administration and amount of sale. Upon the request of the department of transportation, as appropriate, the state finance committee shall supervise and provide for the issuance, sale, and retirement of the bonds in RCW 47.10.873 through 47.10.878 in accordance with chapter 39.42 RCW. Bonds authorized by RCW 47.10.873 through 47.10.878 shall be sold in the manner, at time or times, in amounts, and at the price as the state finance committee shall determine. No bonds may be offered for sale without prior legislative appropriation of the net proceeds of the sale of the bonds.

The state finance committee shall consider the issuance of short-term obligations in lieu of long-term obligations for the purposes of more favorable interest rates, lower total interest costs, and increased marketability and for the purpose of retiring the bonds during the life of the project for which they were issued. [2005 c 315 § 2.]

Effective date—2005 c 315: See note following RCW 47.10.873.

47.10.875 Proceeds—Deposit and use. The proceeds from the sale of bonds authorized by RCW 47.10.873 shall be deposited in the transportation partnership account in the motor vehicle fund. The proceeds shall be available only for the purposes enumerated in RCW 47.10.873, for the payment of bond anticipation notes, if any, and for the payment of bond issuance costs, including the costs of underwriting. [2005 c 315 § 3.]

Effective date—2005 c 315: See note following RCW 47.10.873.

47.10.876 Statement of general obligation—Pledge of excise taxes. Bonds issued under the authority of RCW 47.10.873 through 47.10.878 shall distinctly state that they are a general obligation of the state of Washington, shall pledge the full faith and credit of the state to the payment of the principal thereof and the interest thereon, and shall contain an unconditional promise to pay such principal and interest as the same shall become due. The principal and interest on the bonds shall be first payable in the manner provided in RCW 47.10.873 through 47.10.878 from the proceeds of the state excise taxes on motor vehicle and special fuels imposed by chapters 82.36 and 82.38 RCW. Proceeds of these excise taxes are hereby pledged to the payment of any bonds and the interest thereon issued under the authority of RCW 47.10.873 through 47.10.878, and the legislature agrees to continue to impose these excise taxes on motor vehicle and special fuels in amounts sufficient to pay, when due, the principal and interest on all bonds issued under the authority of RCW 47.10.873 through 47.10.878. [2005 c 315 § 4.]

Effective date—2005 c 315: See note following RCW 47.10.873.

47.10.877 Repayment procedure—Bond retirement fund. Both principal and interest on the bonds issued for the purposes of RCW 47.10.873 through 47.10.878 shall be payable from the highway bond retirement fund. The state finance committee may provide that a special account be created in the fund to facilitate payment of the principal and interest. The state finance committee shall, on or before June 30th of each year, certify to the state treasurer the amount required for principal and interest on the bonds in accordance with the bond proceedings. The state treasurer shall withdraw revenues from the transportation partnership account in the motor vehicle fund and deposit in the highway bond retirement fund, or a special account in the fund, such amounts, and at such times, as are required by the bond proceedings.

Any funds required for bond retirement or interest on the bonds authorized by RCW 47.10.873 through 47.10.878 shall be taken from that portion of the motor vehicle fund that results from the imposition of excise taxes on motor vehicle and special fuels and that is distributed to the transportation partnership account in the motor vehicle fund. Funds required shall never constitute a charge against any other allocations of motor vehicle fuel and special fuel tax revenues to the state, counties, cities, and towns unless the amount arising from excise taxes on motor vehicle and special fuels distributed to the transportation partnership account proves insufficient to meet the requirements for bond retirement or interest on any such bonds.

Any payments for bond retirement or interest on the bonds taken from other revenues from the motor vehicle fuel

or special fuel taxes that are distributable to the state, counties, cities, and towns shall be repaid from the first revenues from the motor vehicle fuel or special fuel taxes distributed to the transportation partnership account not required for bond retirement or interest on the bonds. [2007 c 519 § 5; 2005 c 315 § 5.]

Effective date—2005 c 315: See note following RCW 47.10.873.

47.10.878 Equal charge against motor vehicle and special fuels tax revenues. Bonds issued under the authority of RCW 47.10.873 through 47.10.877 and this section and any other general obligation bonds of the state of Washington that have been or that may be authorized and that pledge motor vehicle and special fuels excise taxes for the payment of principal and interest thereon shall be an equal charge against the revenues from such motor vehicle and special fuels excise taxes. [2005 c 315 § 6.]

Effective date—2005 c 315: See note following RCW 47.10.873.

STATE ROUTE NO. 520 CORRIDOR PROJECTS— 2009 ACT

47.10.879 Bond issue authorized. In order to provide funds necessary for the location, design, right-of-way, and construction of the state route number 520 corridor projects, as allowed in section 2, chapter 472, Laws of 2009, there shall be issued and sold upon the request of the department of transportation a total of one billion nine hundred fifty million dollars of general obligation bonds of the state of Washington first payable from toll revenue and excise taxes on motor vehicle and special fuels in accordance with RCW 47.10.883. [2009 c 498 § 8.]

47.10.880 Administration and amount of sale. Upon the request of the department of transportation, the state finance committee shall supervise and provide for the issuance, sale, and retirement of the bonds authorized by chapter 498, Laws of 2009 in accordance with chapter 39.42 RCW. Bonds authorized by chapter 498, Laws of 2009 shall be sold in the manner, at time or times, in amounts, and at the price as the state finance committee shall determine. No bonds may be offered for sale without prior legislative appropriation of the net proceeds of the sale of the bonds. [2009 c 498 § 9.]

47.10.881 Proceeds—Deposit and use. The proceeds from the sale of bonds authorized by chapter 498, Laws of 2009 shall be deposited in the state route number 520 corridor account created under chapter 472, Laws of 2009, and shall be available only for the purposes enumerated in RCW 47.10.879, for the payment of bond anticipation notes or other interim financing, if any, capitalizing interest on the bonds, and for the payment of bond issuance costs, including the costs of underwriting. [2009 c 498 § 10.]

47.10.882 Toll facility bond retirement account. The toll facility bond retirement account is created in the state treasury for the purpose of payment of the principal of and interest and premium on bonds. Both principal of and interest on the bonds issued for the purposes of chapter 498, Laws of 2009 and chapter 377, Laws of 2011 shall be payable from the toll facility bond retirement account. The state finance

committee may provide that special subaccounts be created in the account to facilitate payment of the principal of and interest on the bonds. The state finance committee shall, on or before June 30th of each year, certify to the state treasurer the amount required for principal and interest on the bonds in accordance with the bond proceedings. [2011 c 377 § 3; 2009 c 498 § 11.]

Effective date—2011 c 377: See note following RCW 47.56.796.

47.10.883 Statement of general obligation—Pledge of toll revenue and excise taxes. Bonds issued under the authority of this section and RCW 47.10.879, 47.10.884, and 47.10.885 shall distinctly state that they are a general obligation of the state of Washington, shall pledge the full faith and credit of the state to the payment of the principal thereof and the interest thereon, and shall contain an unconditional promise to pay such principal and interest as the same shall become due. The principal of and interest on the bonds shall be first payable in the manner provided in this section and RCW 47.10.879, 47.10.884, and 47.10.885 from toll revenue and then from proceeds of excise taxes on motor vehicle and special fuels to the extent toll revenue is not available for that purpose. Toll revenue and the state excise taxes on motor vehicle and special fuels imposed by chapters 82.36 and 82.38 RCW are hereby pledged to the payment of any bonds and the interest thereon issued under the authority of this section and RCW 47.10.879, 47.10.884, and 47.10.885, and the legislature agrees to continue to impose these toll charges on the state route number 520 corridor, and on any other eligible toll facility designated by the legislature and on which the imposition of tolls is authorized by the legislature in respect of the bonds, and excise taxes on motor vehicle and special fuels in amounts sufficient to pay, when due, the principal and interest on all bonds issued under the authority of this section and RCW 47.10.879, 47.10.884, and 47.10.885. [2009 c 498 § 12.]

47.10.884 Repayment procedure. For bonds issued under the authority of this section and RCW 47.10.879, 47.10.883, and 47.10.885, the state treasurer shall first withdraw toll revenue from the state route number 520 corridor account created under chapter 472, Laws of 2009, and, to the extent toll revenue is not available, excise taxes on motor vehicle and special fuels in the motor vehicle fund and deposit in the toll facility bond retirement account, or a special subaccount in the account, such amounts, and at such times, as are required by the bond proceedings.

Any excise taxes on motor vehicle and special fuels required for bond retirement or interest on the bonds authorized by this section and RCW 47.10.879, 47.10.883, and 47.10.885 shall be taken from that portion of the motor vehicle fund that results from the imposition of excise taxes on motor vehicle and special fuels and which is, or may be, appropriated to the department for state highway purposes. Funds required shall never constitute a charge against any other allocations of motor vehicle fuel and special fuel tax revenues to the state, counties, cities, and towns unless the amount arising from excise taxes on motor vehicle and special fuels distributed to the state in the motor vehicle fund proves insufficient to meet the requirements for bond retirement or interest on any such bonds.

Any payments for bond retirement or interest on the bonds taken from other revenues from the motor vehicle fuel or special fuel taxes that are distributable to the state, counties, cities, and towns shall be repaid from available toll revenue in the manner provided in the bond proceedings or, if toll revenue is not available for that purpose, from the first excise taxes on motor vehicle and special fuels distributed to the motor vehicle fund not required for bond retirement or interest on the bonds. Any excise taxes on motor vehicle and special fuels required for bond retirement or interest on the bonds authorized by this section and RCW 47.10.879, 47.10.883, and 47.10.885 shall be reimbursed to the motor vehicle fund from toll revenue in the manner and with the priority specified in the bond proceedings. [2009 c 498 § 13.]

47.10.885 Equal charge against motor vehicle and special fuels excise taxes. Bonds issued under the authority of RCW 47.10.879, 47.10.883, and 47.10.884 and this section and any other general obligation bonds of the state of Washington that have been or that may be authorized and that pledge motor vehicle and special fuels excise taxes for the payment of principal and interest thereon shall be an equal charge against the revenues from such motor vehicle and special fuels excise taxes. [2009 c 498 § 14.]

47.10.886 Toll revenue bonds. If and to the extent that the state finance committee determines, in consultation with the department of transportation and the tolling authority, that it will be beneficial for the state to issue any bonds authorized in RCW 47.10.879 and 47.10.883 through 47.10.885 as toll revenue bonds rather than as general obligation bonds, the state finance committee is authorized to issue and sell, upon the request of the department of transportation, such bonds as toll revenue bonds and not as general obligation bonds. Notwithstanding RCW 47.10.883, each such bond shall contain a recital that payment or redemption of the bond and payment of the interest and any premium thereon is payable solely from and secured solely by a direct pledge, charge, and lien upon toll revenue and is not a general obligation of the state to which the full faith and credit of the state is pledged.

Toll revenue is hereby pledged to the payment of any bonds and the interest thereon issued under the authority of this section, and the legislature agrees to continue to impose these toll charges on the state route number 520 corridor, and on any other eligible toll facility designated by the legislature and on which the imposition of tolls is authorized by the legislature in respect of the bonds, in amounts sufficient to pay, when due, the principal and interest on all bonds issued under the authority of this section. [2011 c 377 § 4. Prior: 2009 c 498 § 16.]

Effective date—2011 c 377: See note following RCW 47.56.796.

47.10.887 State finance committee authority—Department of transportation approval of actions—Bond owners' rights. The state finance committee may determine and include in any resolution authorizing the issuance of any bonds under chapter 498, Laws of 2009 and chapter 377, Laws of 2011, such terms, provisions, covenants, and conditions as it may deem appropriate in order to assist with the marketing and sale of the bonds, confer rights upon the own-

ers of bonds, and safeguard rights of the owners of bonds including, among other things:

(1) Provisions regarding the maintenance and operation of eligible toll facilities;

(2) The pledges, uses, and priorities of application of toll revenue;

(3) Provisions that bonds shall be payable from and secured solely by toll revenue as provided by RCW 47.10.886, or shall be payable from and secured by both toll revenue and by a pledge of excise taxes on motor vehicle and special fuels and the full faith and credit of the state as provided in RCW 47.10.879 and 47.10.883 through 47.10.885;

(4) In consultation with the department of transportation and the tolling authority, financial covenants requiring that the eligible toll facilities must produce specified coverage ratios of toll revenue to debt service on bonds;

(5) The purposes and conditions that must be satisfied prior to the issuance of any additional bonds that are to be payable from and secured by any toll revenue on an equal basis with previously issued and outstanding bonds payable from and secured by toll revenue;

(6) Provisions that bonds for which any toll revenue are pledged, or for which a pledge of any toll revenue may be reserved, may be structured on a senior, parity, subordinate, or special lien basis in relation to any other bonds for which toll revenue is pledged, with respect to toll revenue only; and

(7) Provisions regarding reserves, credit enhancement, liquidity facilities, and payment agreements with respect to bonds.

Notwithstanding the foregoing, covenants and conditions detailing the character of management, maintenance, and operation of eligible toll facilities, insurance for eligible toll facilities, financial management of toll revenue, and disposition of eligible toll facilities must first be approved by the department of transportation.

The owner of any bond may by mandamus or other appropriate proceeding require and compel performance of any duties imposed upon the tolling authority and the department of transportation and their respective officials, including any duties imposed upon or undertaken by them or by their respective officers, agents, and employees, in connection with the construction, maintenance, and operation of eligible toll facilities and in connection with the collection, deposit, investment, application, and disbursement of the proceeds of the bonds and toll revenue. [2011 c 377 § 5; 2009 c 498 § 17.]

Effective date—2011 c 377: See note following RCW 47.56.796.

47.10.888 Definitions. (1) For the purposes of chapter 498, Laws of 2009 and chapter 377, Laws of 2011, "toll revenue" means all toll receipts, all interest income derived from the investment of toll receipts, and any gifts, grants, or other funds received for the benefit of transportation facilities in the state, including eligible toll facilities. However, for the purpose of any pledge of toll revenue to the payment of particular bonds issued under chapter 498, Laws of 2009 and chapter 377, Laws of 2011, "toll revenue" means and includes only such toll revenue or portion thereof that is pledged to the payment of those bonds in the resolution authorizing the issuance of such bonds. Toll revenue constitutes "fees and revenues derived from the ownership or oper-

ation of any undertaking, facility, or project" as that phrase is used in Article VIII, section 1(c)(1) of the state Constitution.

(2) For the purposes of chapter 498, Laws of 2009 and chapter 377, Laws of 2011, "tolling authority" has the same meaning as in RCW 47.56.810. [2011 c 377 § 6; 2009 c 498 § 18.]

Effective date—2011 c 377: See note following RCW 47.56.796.

Acquisition of real property subject to local improvement assessments: RCW 79.44.190.

Acquisition of rights-of-way, city streets: RCW 47.24.030.

47.12.010 Acquisition of property authorized—Condemnation actions—Cost. Whenever it is necessary to secure any lands or interests in land for a right-of-way for any state highway, or for the drainage thereof or construction of a protection therefor or so as to afford unobstructed vision therefor toward any railroad crossing or another public highway crossing or any point of danger to public travel or to provide a visual or sound buffer between highways and adjacent properties or for the purpose of acquiring sand pits, gravel pits, borrow pits, stone quarries, or any other land for the extraction of materials for construction or maintenance or both, or for any site for the erection upon and use as a maintenance camp, of any state highway, or any site for other necessary structures or for structures for the health and accommodation of persons traveling or stopping upon the state highways of this state, or any site for the construction and maintenance of structures and facilities adjacent to, under, upon, within, or above the right-of-way of any state highway for exclusive or nonexclusive use by an urban public transportation system, or for any other highway purpose, together with right-of-way to reach such property and gain access thereto, the department of transportation is authorized to acquire such lands or interests in land in behalf of the state by gift, purchase, or condemnation. In case of condemnation to secure such lands or interests in land, the action shall be brought in the name of the state of Washington in the manner provided for the acquiring of property for the public uses of the state, and in such action the selection of the lands or interests in land by the secretary of transportation shall, in the absence of bad faith, arbitrary, capricious, or fraudulent action, be conclusive upon the court and judge before which the action is brought that said lands or interests in land are necessary for public use for the purposes sought. The cost and expense of such lands or interests in land may be paid as a part of the cost of the state highway for which such right-of-way, drainage, unobstructed vision, sand pits, gravel pits, borrow pits, stone quarries, maintenance camp sites, and structure sites or other lands are acquired. [1977 ex.s. c 151 § 46; 1967 c 108 § 4; 1961 c 13 § 47.12.010. Prior: 1937 c 53 § 25, part; RRS § 6400-25, part.]

Urban public transportation system defined: RCW 47.04.082.

Right-of-way donations: Chapter 47.14 RCW.

47.12.011 Purchase options authorized. Whenever it becomes necessary or feasible to purchase rights-of-way for state highways, and the department deems it to be in the best interest of the general public, the department may secure options for purchase of property needed or proposed for any entire project or section thereof or proposed alignment for the location or relocation of any highway. under the authority of the United States Secretary of the Interior. [2002 c 255 § 2.]

47.12.023 Acquisition of state lands or interests or rights therein—Procedures—Compensation—Reacquisition by department of natural resources. (1) Except as provided in RCW 47.12.026 and 47.12.029, whenever it is necessary to secure any lands or interests in lands for any highway purpose mentioned in RCW 47.12.010, or for the construction of any toll facility or ferry terminal or docking facility, the title to which is in the state of Washington and under the jurisdiction of the department of natural resources, the department of transportation may acquire jurisdiction over the lands or interests in lands, or acquire rights to remove materials from the lands in the manner set forth in this section.

(2) At any time after the final adoption of a right-of-way plan or other plan requiring the acquisition of lands or interests in lands for any purpose as authorized in subsection (1) of this section, the department of transportation may file with the department of natural resources a notice setting forth its intent to acquire jurisdiction of the lands or interests in lands under the jurisdiction of the department of natural resources required for right-of-way or other highway purposes related to the construction or improvement of such state highway, toll facility, or ferry terminal or docking facility.

(3) The department of transportation at the time of filing its notice of intent as provided in subsection (2) of this section shall file therewith a written statement showing the total amount of just compensation to be paid for the property in the event of settlement. The offer shall be based upon the department of transportation approved appraisal of the fair market value of the property to be acquired. In no event may the offer of settlement be referred to or used during any arbitration proceeding or trial conducted for the purpose of determining the amount of just compensation.

(4) Just compensation and/or fair market value for the purposes of this section shall be determined in accordance with applicable federal and state constitutional, statutory, and case law relating to the condemnation of private and public property for public purposes.

(5) If the department of natural resources does not accept the offer of the department of transportation, the department of transportation may nonetheless pay to the department of natural resources the amount of its offer and obtain immediate possession and use of the property pending the determination of just compensation in the manner hereinafter provided.

(6) If the amount of just compensation is not agreed to, either the department of natural resources or the department of transportation may request in writing the appointment of an arbitrator for the purpose of determining the amount of compensation to be paid by the department of transportation for the acquisition of jurisdiction over the lands or interests in lands or rights therein. In that event the department of natural resources and the department of transportation may jointly agree on an arbitrator to determine the compensation, and his or her determination shall be final and conclusive upon both departments. The costs of the arbitrator shall be borne equally by the parties. If the department of natural resources and the department of transportation are unable to agree on the selection of an arbitrator within thirty days after a request

therefor is made, either the department of transportation or the department of natural resources may file a petition with the superior court for Thurston county for the purpose of determining the amount of just compensation to be paid. The matter shall be tried by the court pursuant to the procedures set forth in RCW 8.04.080.

(7) Whenever the department of transportation has acquired immediate possession and use of property by payment of the amount of its offer to the department of natural resources, and the arbitration award or judgment of the court for the acquisition exceeds the payment for immediate possession and use, the department of transportation shall forthwith pay the amount of such excess to the department of natural resources with interest thereon from the date it obtained immediate possession. If the arbitration or court award is less than the amount previously paid by the department of transportation for immediate possession and use, the department of natural resources shall forthwith pay the amount of the difference to the department of transportation.

(8) Upon the payment of just compensation, as agreed to by the department of transportation and the department of natural resources, or as determined by arbitration or by judgment of the court, and other costs or fees as provided by statute, the department of natural resources shall cause to be executed and delivered to the department of transportation an instrument transferring jurisdiction over the lands or interests in lands, or rights to remove material from the lands, to the department of transportation.

(9) Except as provided in RCW 47.12.026, whenever the department of transportation ceases to use any lands or interests in lands acquired in the manner set forth in this section for the purposes mentioned herein, the department of natural resources may reacquire jurisdiction over the lands or interests in land by paying the fair market value thereof to the department of transportation. If the two departments are unable to agree on the fair market value of the lands or interests in lands, the market value shall be determined and the interests therein shall be transferred in accordance with the provisions and procedures set forth in subsections (4) through (8) of this section. [2010 c 8 § 10003; 1984 c 7 § 115; 1977 ex.s. c 103 § 1.]

47.12.026 Acquisition of state lands or interests or rights therein—Easements—Removal of materials—Relocation of railroad tracks. (1) The department of transportation may acquire an easement for highway or toll facilities right-of-way or for ferry terminal or docking facilities, including the right to make necessary fills, on, over, or across the beds of navigable waters which are under the jurisdiction of the department of natural resources, in accordance with the provisions of RCW 47.12.023, except that no charge may be made to the department of transportation for such an easement.

(2) The department of transportation may obtain an easement for highway or toll facilities purposes or for ferry terminal or docking facilities on, over, or across harbor areas in accordance with RCW 47.12.023 but only when the areas are approved by the harbor line commission as a public place for public landings, wharves, or other public conveniences of

commerce or navigation. No charge may be made to the department of transportation for such an easement.

(3) Upon the selection by the department of transportation of an easement for highway or toll facilities right-of-way or for ferry terminal or docking facilities, as authorized in subsections (1) and (2) of this section, the department of natural resources shall cause to be executed and delivered to the department of transportation an instrument transferring the easement. Whenever the state no longer requires the easement for highway or toll facilities right-of-way or for ferry terminal or docking facilities, the easement shall automatically terminate and the department of transportation shall, upon request, cause to be executed an instrument relinquishing to the department of natural resources all of its interest in the lands.

(4) The department of transportation, pursuant to the procedures set forth in RCW 47.12.023, may remove sand and gravel and borrow materials and stone from the beds of navigable waters under the jurisdiction of the department of natural resources which lie below the line of ordinary high water upon the payment of fair market value per cubic yard for such materials to be determined in the manner set forth in RCW 47.12.023.

(5) The department of transportation may acquire full jurisdiction over lands under the jurisdiction of the department of natural resources including the beds of navigable waters that are required for the relocation of the operating tracks of any railroad that will be displaced by the acquisition of such railroad property for state highway purposes. The department of transportation may exchange lands so acquired in consideration or partial consideration for the land or property rights needed for highway purposes and may cause to be executed a conveyance of the lands in the manner prescribed in RCW 47.12.150. In that event the department of transportation shall pay to the department of natural resources, as just compensation for the acquisition, the fair market value of the property, including the beds of any navigable waters, to be determined in accordance with procedures set forth in RCW 47.12.023. [1984 c 7 § 116; 1977 ex.s. c 103 § 2.]

47.12.029 Acquisition of state lands or interests or rights therein—Certain purposes prohibited. The department of transportation shall not acquire jurisdiction of any lands or interest in lands under the jurisdiction of the department of natural resources for any of the purposes set forth in RCW 47.12.150, 47.12.160, 47.12.180, 47.12.250, and 47.12.270. 47.12.040 Acquisition of property from a political subdivision. Whenever it is necessary to secure any lands for primary or secondary state highway right-of-way or other state highway purposes, the title to which is in any county of the state or in any political or municipal subdivision of the state, which land is not at the time being used as a public highway, the county legislative authority or the board of directors or governing body of any such political or municipal subdivision are authorized to directly lease, sell, or convey by gift the land or any interest therein to the state of Washington, without requiring competitive bids or notice to

the public, and at such price as the legislative authority, directors, or governing body may deem for the best interests of the county or for the best interests of the political or municipal subdivision of the state. The county legislative authority or the directors or governing body of any political or municipal subdivision are empowered to execute a deed or other proper instrument to the land, passing title to the state of Washington, and the instrument need not require consideration other than the benefit which may be derived by the grantor on account of the use thereof. Whenever any state highway is established by legislative enactment and the state highway is upon the former route of a county road, the county legislative authority shall cause the title to the existing right-of-way or so much thereof as the department requires to be transferred to the state of Washington by proper instrument. [1984 c 7 § 118; 1961 c 13 § 47.12.040. Prior: 1943 c 266 § 1; 1937 c 53 § 26; Rem. Supp. 1943 § 6400-26.]

47.12.044 Proceedings to acquire property or rights for highway purposes—Precedence. Court proceedings necessary to acquire property or property rights for highway purposes pursuant to RCW 47.12.010 take precedence over all other causes not involving the public interest in all courts in cases where the state is unable to secure an order granting it immediate possession and use of the property or property rights pursuant to RCW 8.04.090 through 8.04.094. [1983 c 140 § 2.]

47.12.050 Work on remaining land as payment. Whenever it is considered in the securing of any lands for state highway purpose, whether by condemnation or otherwise, that it is for the best interest of the state, for specific structural items of damage claimed, the court or judge may order or the person whose lands are sought may agree that a portion or all work or labor necessary to the land or remaining land by reason of the taking by way of damage, be performed by the state through the department as all or a part of the consideration or satisfaction of the judgment therefor, in which event the department may perform the work as a portion of the right-of-way cost of the state highway. [1984 c 7 § 119; 1961 c 13 § 47.12.050. Prior: 1937 c 53 § 27; RRS § 6400-27.]

47.12.055 Notification requirements. Actions under this chapter are subject to the notification requirements of RCW 43.17.400. [2007 c 62 § 9.]

Finding—Intent—Severability—2007 c 62: See notes following RCW 43.17.400.

47.12.063 Surplus real property program. (1) It is the intent of the legislature to continue the department's policy giving priority consideration to abutting property owners in agricultural areas when disposing of property through its surplus property program under this section.

(2) Whenever the department determines that any real property owned by the state of Washington and under the jurisdiction of the department is no longer required for transportation purposes and that it is in the public interest to do so, the department may sell the property or exchange it in full or

part consideration for land or improvements or for construction of improvements at fair market value to any person through the solicitation of written bids through public advertising in the manner prescribed under RCW 47.28.050 or in the manner prescribed under RCW 47.12.283.

(3) The department may forego the processes prescribed by RCW 47.28.050 and 47.12.283 and sell the real property to any of the following entities or persons at fair market value:

- (a) Any other state agency;
- (b) The city or county in which the property is situated;
- (c) Any other municipal corporation;
- (d) Regional transit authorities created under chapter 81.112 RCW;
- (e) The former owner of the property from whom the state acquired title;
- (f) In the case of residentially improved property, a tenant of the department who has resided thereon for not less than six months and who is not delinquent in paying rent to the state;
- (g) Any abutting private owner but only after each other abutting private owner (if any), as shown in the records of the county assessor, is notified in writing of the proposed sale. If more than one abutting private owner requests in writing the right to purchase the property within fifteen days after receiving notice of the proposed sale, the property shall be sold at public auction in the manner provided in RCW 47.12.283;
- (h) To any other owner of real property required for transportation purposes;

(i) In the case of property suitable for residential use, any nonprofit organization dedicated to providing affordable housing to very low-income, low-income, and moderate-income households as defined in RCW 43.63A.510 and is eligible to receive assistance through the Washington housing trust fund created in chapter 43.185 RCW; or

(j) A federally recognized Indian tribe within whose reservation boundary the property is located.

(4) When selling real property pursuant to RCW 47.12.283, the department may withhold or withdraw the property from an auction when requested by one of the entities or persons listed in subsection (3) of this section and only after the receipt of a nonrefundable deposit equal to ten percent of the fair market value of the real property or five thousand dollars, whichever is less. This subsection does not prohibit the department from exercising its discretion to withhold or withdraw the real property from an auction if the department determines that the property is no longer surplus or chooses to sell the property through one of the other means listed in subsection (2) of this section. If a transaction under this subsection is not completed within sixty days, the real property must be put back up for sale.

(5) Sales to purchasers may at the department's option be for cash, by real estate contract, or exchange of land or improvements. Transactions involving the construction of improvements must be conducted pursuant to chapter 47.28 RCW and Title 39 RCW, as applicable, and must comply with all other applicable laws and rules.

(6) Conveyances made pursuant to this section shall be by deed executed by the secretary of transportation and shall be duly acknowledged.

(7) Unless otherwise provided, all moneys received pursuant to the provisions of this section less any real estate broker commissions paid pursuant to RCW 47.12.320 shall be deposited in the motor vehicle fund. [2011 c 376 § 2; (2011 c 376 § 1 expired June 30, 2012); (2010 c 157 § 1 expired June 30, 2012); 2006 c 17 § 2; 2002 c 255 § 1; 1999 c 210 § 1; 1993 c 461 § 11; 1988 c 135 § 1; 1983 c 3 § 125; 1977 ex.s. c 78 § 1.]

47.12.064 Affordable housing—Inventory of suitable property. (1) The department shall identify and catalog real property that is no longer required for department purposes and is suitable for the development of affordable housing for very low-income, low-income, and moderate-income households as defined in RCW 43.63A.510. The inventory shall include the location, approximate size, and current zoning classification of the property. The department shall provide a copy of the inventory to the *department of community, trade, and economic development by November 1, 1993, and every November 1 thereafter.

(2) By November 1 of each year, beginning in 1994, the department shall purge the inventory of real property of sites that are no longer available for the development of affordable housing. The department shall include an updated listing of real property that has become available since the last update. As used in this section, "real property" means buildings, land, or buildings and land. [1995 c 399 § 121; 1993 c 461 § 10.]

***Reviser's note:** The "department of community, trade, and economic development" was renamed the "department of commerce" by 2009 c 565.

Finding—1993 c 461: See note following RCW 43.63A.510.

47.12.066 Sale or lease of personal property—Provision of services—Proceeds. (1) The department may sell at fair market value, or lease at rental value (economic rent), materials or other personal property to any United States agency or to any municipal corporation, political subdivision, or another agency of the state and may provide services to any United States agency or to any municipal corporation, political subdivision, or another agency of the state at actual cost, including a reasonable amount for indirect costs.

(2) The department may sell at fair market value materials or other personal property to any private utility company regulated by the utilities and transportation commission for the purpose of making emergency repairs to utility facilities or to protect such facilities from imminent damage upon a finding in writing by the secretary that an emergency exists.

(3) The proceeds of all sales and leases under this section shall be placed in the motor vehicle fund. [1984 c 7 § 120; 1977 ex.s. c 78 § 2.]

47.12.080 Sale or exchange of unused land. The secretary of transportation may transfer and convey to the United States, its agencies or instrumentalities, to any other state agency, to any county or city or port district of this state, or to any public utility company, any unused state-owned real property under the jurisdiction of the department of transportation when, in the judgment of the secretary of transportation and the attorney general, the transfer and conveyance is consistent with public interest. Whenever the secretary makes an agreement for any such transfer or conveyance, and the attorney general concurs therein, the secretary shall execute and deliver unto the grantee a deed of conveyance, easement, or other instrument, duly acknowledged, as shall be necessary to fulfill the terms of the aforesaid agreement. All moneys paid to the state of Washington under any of the provisions hereof shall be deposited in the motor vehicle fund. [1984 c 7 § 121. Prior: 1977 ex.s. c 151 § 49; 1977 ex.s. c 78 § 5; 1975 1st ex.s. c 96 § 3; 1961 c 13 § 47.12.080; prior: 1945 c 127 § 1; Rem. Supp. 1945 § 6400-120.]

47.12.120 Lease of unused highway land or air space. The department may rent or lease any lands, improvements, or air space above or below any lands that are held for highway purposes but are not presently needed. The rental or lease:

(1) Must be upon such terms and conditions as the department may determine;

(2) Is subject to the provisions and requirements of zoning ordinances of political subdivisions of government;

(3) Includes lands used or to be used for both limited access and conventional highways that otherwise meet the requirements of this section; and

(4) In the case of bus shelters provided by a local transit authority that include commercial advertising, may charge the transit authority only for commercial space. [2003 c 198 § 2; 1977 ex.s. c 151 § 50; 1969 c 91 § 1; 1961 c 13 § 47.12.120. Prior: 1949 c 162 § 1; Rem. Supp. 1949 § 6400-122.]

47.12.125 Lease of unused highway land or air space—Disposition of proceeds. All moneys paid to the state of Washington under any of the provisions of RCW 47.12.120 shall be deposited in the department's advance right-of-way revolving fund, except moneys that are subject to federal aid reimbursement and moneys received from rental of capital facilities properties, which shall be deposited in the motor vehicle fund. [1999 c 94 § 15; 1991 c 291 § 3; 1961 c 13 § 47.12.125. Prior: 1949 c 162 § 2; Rem. Supp. 1949 § 6400-123.]

Legislative finding—Effective dates—1999 c 94: See notes following RCW 43.84.092.

47.12.140 Severance and sale of timber and other personalty—Removal of nonmarketable materials. Whenever the department has acquired any lands for transportation purposes, except state granted lands, upon which are located any structures, timber, or other thing of value attached to the land that the department deems it best to sever from the land and sell as personal property, the same may be disposed of by one of the following means:

(1) The department may sell the personal property at public auction after due notice has been given in accordance with general rules adopted by the secretary. The department may set minimum prices that will be accepted for any item offered for sale at public auction as provided in this section and may prescribe terms or conditions of sale. If an item is offered for sale at the auction and no satisfactory bids are received or the amount bid is less than the minimum set by the department, the department may sell the item at private sale for the best price that it deems obtainable, but not less than the highest price bid at the public auction. The proceeds of all sales under this section must be placed in the motor vehicle fund.

(2) The department may issue permits to residents of this state to remove specified quantities of standing or downed trees and shrubs, rock, sand, gravel, or soils that have no market value in place and that the department desires to be removed from state-owned lands that are under the jurisdiction of the department. An applicant for a permit must certify that the materials so removed are to be used by the applicant and that they will not be disposed of to any other person. Removal of materials under the permit must be in accordance with rules adopted by the department. The fee for a permit is two dollars and fifty cents, which fee must be deposited in the motor vehicle fund. The department may adopt rules providing for special access to limited access facilities for the purpose of removal of materials under permits authorized in this section.

(3) The department may sell timber or logs to an abutting landowner for cash at full appraised value, but only after each other abutting owner (if any), as shown in the records of the county assessor, is notified in writing of the proposed sale. If more than one abutting owner requests in writing the right to purchase the timber within fifteen days after receiving notice of the proposed sale, the timber must be sold in accordance with subsection (1) of this section.

(4) The department may sell timber or logs having an appraised value of one thousand dollars or less directly to interested parties for cash at the full appraised value without notice or advertising. If the timber is attached to state-owned land, the department shall issue a permit to the purchaser of the timber to allow for the removal of the materials from state land. The permit fee is two dollars and fifty cents. [1997 c 240 § 1; 1981 c 260 § 12. Prior: 1977 ex.s. c 151 § 52; 1977 ex.s. c 78 § 6; 1961 c 13 § 47.12.140; prior: 1953 c 42 § 1.]

47.12.150 Acquisition, exchange of property to relocate displaced facility. Whenever the department shall need for highway purposes land or property rights belonging to the United States government or any municipality or political subdivision of the state, or which shall be a part of the right-of-way of any public utility having authority to exercise powers of eminent domain, when the acquisition of such property by the state will result in the displacement of any existing right-of-way or facility, the department is authorized to acquire by condemnation or otherwise such lands and property rights as shall be needed to relocate such right-of-way or facilities so displaced and to exchange lands or property rights so acquired in consideration or partial consideration for the land or property rights needed for highway purposes. The secretary of transportation shall execute each conveyance,

(2012 Ed.)

which shall be duly acknowledged, necessary to accomplish such exchange. [1977 ex.s. c 151 § 53; 1975 1st ex.s. c 96 § 5; 1961 c 13 § 47.12.150. Prior: 1953 c 55 § 1.]

47.12.160 Acquisition of land outside highway right-of-way to minimize damage. Whenever a part of a parcel of land is to be acquired for state highway purposes and the remainder lying outside of the right-of-way is to be left in such shape or condition as to be of little value to its owner or to give rise to claims or litigation concerning severance or other damage, and its value does not exceed the probable amount of the severance claims or damages, the department may acquire by gift, purchase, or condemnation the whole parcel and may sell that portion lying outside of the highway right-of-way or may exchange the same for other property needed for highway purposes. The provisions of this section do not apply if the taking of that portion of the land lying outside of the highway right-of-way would deprive any adjacent owner of an existing right of ingress and egress to his or her property. [2010 c 8 § 10004; 1984 c 7 § 122; 1961 c 13 § 47.12.160. Prior: 1953 c 131 § 1.]

47.12.180 Additional financing methods for property and engineering costs—Formal declarations. It is declared to be the public policy of the state of Washington to provide for the acquisition of real property and engineering costs necessary for the improvement of the state highway system, in advance of actual construction, for the purposes of eliminating costly delays in construction, reducing hardship to owners of the property, and eliminating economic waste occasioned by the improvement of such property immediately prior to its acquisition for highway uses.

The legislature therefore finds and declares that purchase and condemnation of real property necessary for the state highway system and engineering costs, reasonably in advance of programmed construction, is a public use and purpose and a highway purpose.

The department is hereby authorized to purchase or condemn any real property or property rights therein which it deems will be necessary for the improvement of routes on the state highway system by the method provided in RCW 47.12.180 through 47.12.240 or alternatively by the method provided in RCW 47.12.242 through 47.12.246. Neither method may be used to condemn property or property rights in advance of programmed construction until the department has complied with hearing procedures required for the location or relocation of the type of highway for which the property is to be condemned. [1984 c 7 § 123; 1969 ex.s. c 197 § 1; 1961 c 281 § 1.]

47.12.190 Additional financing methods for property and engineering costs—Purchase or condemnation. The department, in addition to its other powers and duties as provided by law, is authorized to purchase or condemn any real property or property rights therein which it deems will be necessary for the improvements of routes on the state highway system by the method provided in RCW 47.12.180 through 47.12.240. Condemnation actions brought hereunder shall be brought in the name of the state as provided for

acquiring property for the public uses of the state, and in such actions selection of the property and property rights by the secretary of transportation is conclusive that they are necessary for the purposes sought, in the absence of bad faith, or arbitrary, capricious, or fraudulent action. [1977 ex.s. c 151 § 54; 1961 c 281 § 2.]

Additional notes found at www.leg.wa.gov

47.12.200 Additional financing methods for property and engineering costs—Agreements with state finance committee. The transportation commission may enter into agreements with the state finance committee for financing the acquisition, by purchase or condemnation, of real property together with engineering costs that the transportation commission deems will be necessary for the improvement of the state highway system. Such agreements may provide for the acquisition of an individual parcel or for the acquisition of any number of parcels within the limits of a contemplated highway project. [1977 ex.s. c 151 § 55; 1969 ex.s. c 197 § 2; 1961 c 281 § 3.]

Additional notes found at www.leg.wa.gov

47.12.210 Additional financing methods for property and engineering costs—Warrants on motor vehicle fund. Such an agreement shall provide that the state finance committee shall purchase, at par, warrants drawn upon the motor vehicle fund in payment for the property covered by the agreement and the engineering costs necessary for such advance purchase or condemnation. Such warrants shall be purchased by the state finance committee, upon the presentation by the holders thereof to the state treasurer, from any moneys available for investment in the state treasury as provided in RCW 43.84.080: PROVIDED, That in no event shall more than ten percent of the assets of any fund be used for the purpose of acquiring property as authorized herein, except in the case of current state funds in the state treasury, twenty percent of the balance therein available for investment may be invested as provided in RCW 47.12.180 through 47.12.240. [1981 c 3 § 38; 1969 ex.s. c 197 § 3; 1961 c 281 § 4.]

47.12.220 Additional financing methods for property and engineering costs—Provisions in agreement. Each such agreement shall include, but shall not be limited to the following:

(1) A provision stating the term of the agreement which shall not extend more than seven years from the effective date of the agreement;

(2) A designation of the specific fund or funds to be used to carry out such agreement;

(3) A provision that the department of transportation may redeem warrants purchased by the state finance committee at any time prior to the letting of a highway improvement contract utilizing the property; and further, during the effective period of each such agreement the department of transportation shall redeem such warrants whenever such a highway improvement contract is let, or upon the expiration of such agreement, whichever date is earlier;

(4) A provision stating the rate of interest such warrants shall bear commencing at the time of purchase by the state finance committee;

(5) Any additional provisions agreed upon by the transportation commission and the state finance committee which are necessary to carry out the purposes of such agreement as indicated by RCW 47.12.180 through 47.12.240, as now or hereafter amended. [1977 ex.s. c 151 § 56; 1969 ex.s. c 197 § 4; 1961 c 281 § 5.]

47.12.230 Additional financing methods for property and engineering costs—Warrant form and procedure. Warrants issued for payment of property and engineering costs as provided herein shall be of a distinctive design and shall contain the words "for purchase by the state finance committee from . . . fund" (indicating the proper investing fund as provided by the agreement). Such warrants shall be approved by the secretary of the state finance committee prior to their issuance by the state treasurer. Upon presentation of such warrants to the state treasurer for payment, he or she shall pay the par value thereof from the fund for which the state finance committee agreed to purchase such warrants whether or not there are then funds in the motor vehicle fund. The state treasurer shall deposit such warrants in the treasury for the investing fund. [2010 c 8 § 10005; 1969 ex.s. c 197 § 5; 1961 c 281 § 6.]

Additional notes found at www.leg.wa.gov

47.12.240 Additional financing methods for property and engineering costs—Payment procedure—Prior charge. The state treasurer shall transfer from the motor vehicle fund to the credit of the fund purchasing such warrants interest at the rate and at the times provided for in the agreement. The state treasurer shall pay the warrants at the time provided for in the agreement. The obligations coming due are a prior charge against any funds in the motor vehicle fund available to the department for construction of state highways. [1984 c 7 § 124; 1961 c 281 § 7.]

47.12.242 "Advance right-of-way acquisition" defined. The term "advance right-of-way acquisition" means the acquisition of property and property rights, generally not more than ten years in advance of programmed highway construction projects, together with the engineering costs necessary for such advance right-of-way acquisition. Any property or property rights purchased must be in designated highway transportation corridors and be for projects approved by the commission as part of the state's six-year plan or included in the state's route development planning effort. [1991 c 291 § 1; 1969 ex.s. c 197 § 6.]

47.12.244 Advance right-of-way revolving fund. There is created the "advance right-of-way revolving fund" in the custody of the treasurer, into which the department is authorized to deposit directly and expend without appropriation:

(1) An initial deposit of ten million dollars from the motor vehicle fund included in the department of transportation's 1991-93 budget;

(2) All moneys received by the department as rental income from real properties that are not subject to federal aid reimbursement, except moneys received from rental of capital facilities properties as defined in *chapter 47.13 RCW; and

(3) Any federal moneys available for acquisition of right-of-way for future construction under the provisions of section 108 of Title 23, United States Code.

During the 2009-2011 and 2011-2013 fiscal biennia, the legislature may transfer from the advance right-of-way revolving fund to the motor vehicle account amounts as reflect the excess fund balance of the advance right-of-way revolving fund. [2011 c 367 § 717; 2009 c 470 § 709; 2007 c 518 § 707; 1991 c 291 § 2; 1984 c 7 § 125; 1969 ex.s. c 197 § 7.]

47.12.246 Reimbursement to advance right-of-way revolving fund. (1) After any properties or property rights are acquired from funds in the advance right-of-way revolving fund, the department shall manage the properties in accordance with sound business practices. Funds received from interim management of the properties shall be deposited in the advance right-of-way revolving fund.

(2) When the department proceeds with the construction of a highway which will require the use of any of the property so acquired, the department shall reimburse the advance right-of-way revolving fund, from other funds available to it, the current appraised value of the property or property rights required for the project together with damages caused to the remainder by the acquisition after offsetting against all such compensation and damages the special benefits, if any, accruing to the remainder by reason of the state highway being constructed.

(3) When the department determines that any properties or property rights acquired from funds in the advance right-of-way revolving fund will not be required for a highway construction project the department may sell the property at fair market value in accordance with requirements of RCW 47.12.063. All proceeds of such sales shall be deposited in the advance right-of-way revolving fund.

(4) Deposits in the fund may be reexpended as provided in RCW 47.12.180, 47.12.200 through 47.12.230, and 47.12.242 through 47.12.248 without further or additional appropriations. [1991 c 291 § 4; 1984 c 7 § 126; 1969 ex.s. c 197 § 9.]

47.12.248 Structures acquired in advance of programmed construction—Maintenance. Whenever the department purchases or condemns any property under RCW 47.12.180 through 47.12.240 or 47.12.242 through 47.12.246, the department shall cause any structures so acquired and not removed within a reasonable time to be

maintained in good appearance. [1984 c 7 § 127; 1969 ex.s. c 197 § 10.]

47.12.250 Acquisition of property for preservation, safety, buffer purposes. The department is authorized to acquire by purchase, lease, condemnation, gift, devise, bequest, grant, or exchange, title to or any interests or rights in real property adjacent to state highways for the preservation of natural beauty, historic sites or viewpoints or for safety rest areas or to provide a visual or sound buffer between highways and adjacent properties. However, the department shall not acquire, by condemnation, less than an owner's entire interest for providing a visual or sound buffer between highways and adjacent properties under RCW 47.12.010 and 47.12.250 if the owner objects to the taking of a lesser interest or right. [1984 c 7 § 128; 1967 c 108 § 5; 1965 ex.s. c 170 § 62.]

47.12.270 Acquisition of property for park and ride lots. The department may acquire real property or interests in real property by gift, purchase, lease, or condemnation and may construct and maintain thereon fringe and transportation corridor parking facilities to serve motorists transferring to or from urban public transportation vehicles or private car pool vehicles. The department may obtain and exercise options for the purchase of property to be used for purposes described in this section. The department shall not expend any funds for acquisition or construction costs of any parking facility to be operated as a part of a transit system by a metropolitan municipal corporation unless the facility has been approved by the department in advance of its acquisition or construction. [1984 c 7 § 129; 1973 2nd ex.s. c 18 § 1.]

47.12.283 Sale of real property authorized—Procedure—Disposition of proceeds. (1) Whenever the department of transportation determines that any real property owned by the state of Washington and under the jurisdiction of the department is no longer required for highway purposes and that it is in the public interest to do so, the department may, in its discretion, sell the property under RCW 47.12.063 or under subsections (2) through (6) of this section.

(2) Whenever the department determines to sell real property under its jurisdiction at public auction, the department shall first give notice thereof by publication on the same day of the week for two consecutive weeks, with the first publication at least two weeks prior to the date of the auction, in a legal newspaper of general circulation in the area where the property to be sold is located. The notice shall be placed in both the legal notices section and the real estate classified section of the newspaper. The notice shall contain a description of the property, the time and place of the auction, and the terms of the sale. The sale may be for cash or by real estate contract.

(3) The department shall sell the property at the public auction, in accordance with the terms set forth in the notice,

to the highest and best bidder providing the bid is equal to or higher than the appraised fair market value of the property.

(4) If no bids are received at the auction or if all bids are rejected, the department may, in its discretion, enter into negotiations for the sale of the property or may list the property with a licensed real estate broker. No property shall be sold by negotiations or through a broker for less than the property's appraised fair market value. Any offer to purchase real property pursuant to this subsection shall be in writing and may be rejected at any time prior to written acceptance by the department.

(5) Before the department shall approve any offer for the purchase of real property having an appraised value of more than ten thousand dollars, pursuant to subsection (4) of this section, the department shall first publish a notice of the proposed sale in a local newspaper of general circulation in the area where the property is located. The notice shall include a description of the property, the selling price, the terms of the sale, including the price and interest rate if sold by real estate contract, and the name and address of the department employee or the real estate broker handling the transaction. The notice shall further state that any person may, within ten days after the publication of the notice, deliver to the designated state employee or real estate broker a written offer to purchase the property for not less than ten percent more than the negotiated sale price, subject to the same terms and conditions. A subsequent offer shall not be considered unless it is accompanied by a deposit of twenty percent of the offer in the form of cash, money order, cashier's check, or certified check payable to the Washington state treasurer, to be forfeited to the state (for deposit in the motor vehicle fund) if the offeror fails to complete the sale if the offeror's offer is accepted. If a subsequent offer is received, the first offeror shall be informed by registered or certified mail sent to the address stated in his or her offer. The first offeror shall then have ten days, from the date of mailing the notice of the increased offer, in which to file with the designated state employee or real estate broker a higher offer than that of the subsequent offeror. After the expiration of the ten-day period, the department shall approve in writing the highest and best offer which the department then has on file.

(6) All moneys received pursuant to this section, less any real estate broker's commissions paid pursuant to RCW 47.12.320, shall be deposited in the motor vehicle fund. [2010 c 8 § 10006; 1979 ex.s. c 189 § 1.]

47.12.287 Exchange of real property authorized—Conveyance by deed. The department of transportation is hereby authorized to enter into an exchange agreement with the owner of real property required for highway purposes to convey to such owner real property, owned by the state and under the department's jurisdiction, as full or part consideration for property to be acquired for highway purposes. Such an exchange agreement may relate back and apply to any exchange of property previously agreed to and partially executed (pursuant to an earlier exchange agreement found to be void for want of a governor's deed as required by prior law), and shall be subject to such agreed terms and conditions as are authorized by *RCW 47.12.063(3) as now existing or hereafter amended. Any conveyance from the state of Wash-

ington made pursuant to this section shall be by deed executed by the secretary of transportation, which shall be duly acknowledged. [1979 ex.s. c 189 § 2.]

*Reviser's note: RCW 47.12.063 was amended by 2011 c 376 § 1, changing subsection (3) to subsection (5).

47.12.290 Sale of real property—Execution, acknowledgment, and delivery of deed. When full payment for real property agreed to be sold as authorized by RCW 47.12.283 has been received, the secretary of transportation shall execute the deed which shall be duly acknowledged and deliver it to the grantee. 47.12.330 Advanced environmental mitigation—Authorized. For the purpose of environmental mitigation of transportation projects, the department may acquire or develop, or both acquire and develop, environmental mitigation sites in advance of the construction of programmed projects. The term "advanced environmental mitigation" means mitigation of adverse impacts upon the environment from transportation projects before their design and construction. Advanced environmental mitigation consists of the acquisition of property; the acquisition of property, water, or air rights; the development of property for the purposes of improved environmental management; engineering costs necessary for such purchase and development; and the use of advanced environmental mitigation sites to fulfill project environmental permit requirements. Advanced environmental mitigation must be conducted in a manner that is consistent with the definition of mitigation found in the council of environmental quality regulations (40 C.F.R. Sec. 1508.20) and the governor's executive order on wetlands (EO 90-04). Advanced environmental mitigation is for projects approved by the transportation commission as part of the state's six-year plan or included in the state highway system plan. Advanced environmental mitigation must give consideration to activities related to fish passage, fish habitat, wetlands, and flood management. Advanced environmental mitigation may also be conducted in partnership with federal, state, or local government agencies, tribal governments, interest groups, or private parties. Partnership arrangements may include joint acquisition and development of mitigation sites, purchasing and selling mitigation bank credits among participants, and transfer of mitigation site title from one party to another. Specific conditions of partnership arrangements will be developed in written agreements for each applicable environmental mitigation site. [1998 c 181 § 2; 1997 c 140 § 2.]

Findings—1998 c 181: "The legislature finds that fish passage, fish habitat, wetlands, and flood management are critical issues in the effective management of watersheds in Washington. The legislature also finds that the state of Washington invests a considerable amount of resources on environ-

mental mitigation activities related to fish passage, fish habitat, wetlands, and flood management. The department of transportation's advanced environmental mitigation revolving account established under RCW 47.12.340, is a key funding component in bringing environmental mitigation together with comprehensive watershed management." [1998 c 181 § 1.]

Intent—1997 c 140: "It is the intent of chapter 140, Laws of 1997 to provide environmental mitigation in advance of the construction of programmed projects where desirable and feasible, [which] will provide a more efficient and predictable environmental permit process, increased benefits to environmental resources, and a key tool in using the watershed approach for environmental impact mitigation. The legislative transportation committee, through its adoption of the December 1994 report "Environmental Cost Savings and Permit Coordination Study," encourages state agencies to use a watershed approach based on a water resource inventory area in an improved environmental mitigation and permitting process. Establishment of an advanced transportation environmental mitigation revolving account would help the state to improve permit processes and environmental protection when providing transportation services." [1997 c 140 § 1.]

47.12.340 Advanced environmental mitigation revolving account. The advanced environmental mitigation revolving account is created in the custody of the treasurer, into which the department shall deposit directly and may expend without appropriation:

(1) An initial appropriation included in the department of transportation's 1997-99 budget, and deposits from other identified sources;

(2) All moneys received by the department from internal and external sources for the purposes of conducting advanced environmental mitigation; and

(3) Interest gained from the management of the advanced environmental mitigation revolving account.

(4) During the 2009-2011 fiscal biennium, the legislature may transfer from the advanced environmental mitigation revolving account to the motor vehicle account such amounts as reflect the excess fund balance of the advanced environmental mitigation revolving account. [2010 c 247 § 703; 1997 c 140 § 3.]

Effective date—2010 c 247: See note following RCW 43.19.642.

Intent—1997 c 140: See note following RCW 47.12.330.

47.12.350 Advanced environmental mitigation—Site management—Reimbursement of account. (1) After advanced environmental mitigation is conducted from funds in the advanced environmental mitigation revolving account, the advanced environmental mitigation sites must be managed in accordance with any permits, agreements, or other legal documents under which the subject advanced environmental mitigation is conducted.

(2) When the department or any of its transportation partners proceeds with the construction of a transportation project that will use advanced environmental mitigation sites to meet the environmental mitigation needs of a project, the advanced environmental mitigation revolving account shall be reimbursed from those transportation project funds appropriated for the use of the advanced environmental mitigation sites. Reimbursements to the advanced environmental mitigation revolving account must be paid at a rate that captures:

(a) Projected land acquisition costs for environmental mitigation for the subject transportation project;

(b) Advanced environmental mitigation site development costs;

(c) Advanced environmental mitigation site operational costs (e.g., site monitoring);

(2012 Ed.)

(d) Administrative costs for the management of the advanced environmental revolving account.

These costs must be adjusted based on inflation, as appropriate.

When only a portion of an advanced environmental mitigation site is used, the reimbursement rate charged to the purchasing party will be prorated for the portion used. [1997 c 140 § 4.]

Intent—1997 c 140: See note following RCW 47.12.330.

47.12.370 Environmental mitigation—Exchange agreements. (1) The department may enter into exchange agreements with local, state, or federal agencies, tribal governments, or private nonprofit nature conservancy corporations as defined in RCW 64.04.130, to convey properties under the jurisdiction of the department that serve as environmental mitigation sites, as full or part consideration for the grantee assuming all future maintenance and operation obligations and costs required to maintain and operate the environmental mitigation site in perpetuity.

(2) Tribal governments shall only be eligible to participate in an exchange agreement if they:

(a) Provide the department with a valid waiver of their tribal sovereign immunity from suit. The waiver must allow the department to enforce the terms of the exchange agreement or quitclaim deed in state court; and

(b) Agree that the property shall not be placed into trust status.

(3) The conveyances must be by quitclaim deed, or other form of conveyance, executed by the secretary of transportation, and must expressly restrict the use of the property to a mitigation site consistent with preservation of the functions and values of the site, and must provide for the automatic reversion to the department if the property is not used as a mitigation site or is not maintained in a manner that complies with applicable permits, laws, and regulations pertaining to the maintenance and operation of the mitigation site. [2003 c 187 § 1; 2002 c 188 § 1.]

RIGHT-OF-WAY DONATIONS

47.14.010 Legislative finding, intent. The legislature finds that in numerous areas throughout the state, rapid expansion of residential, commercial, industrial, and business activities is producing increased traffic levels. The legislature further finds that many property owners have exhibited a willingness to donate real property or property rights for transportation improvements to accommodate such increases in traffic. The legislature recognizes that the cost of right-of-way acquisition is often a significant, and even a prohibitive cost element in many transportation improvement projects.

The legislature seeks to encourage the voluntary donation of right-of-way to the state, counties, cities, and towns for transportation improvements recognizing that such donations can result in direct benefits to property owners, developers, and the community at large.

It is the intent of the legislature to further facilitate the department of transportation's authority under RCW 47.12.010, 47.24.030, and 47.52.050 to accept donations of right-of-way for state transportation purposes. The legislature further intends to facilitate the authority of a city, town, or county to accept donations of right-of-way for other transportation purposes.

The legislature therefore declares it to be in the best interest and welfare of the citizens of Washington for the state department of transportation, and for counties, cities, and towns to actively foster and encourage donations of right-of-way by willing donors in all areas where transportation improvements are to be made. In addition, and in lieu of monetary compensation for property needed for right-of-way purposes, the legislature seeks to provide incentives to potential donors such as are set forth in RCW 47.14.030 and 47.14.040. [1987 c 267 § 1.]

47.14.020 Definitions. The definitions set forth in this section apply throughout this chapter.

(1) "Right-of-way" means the area of land designated for transportation purposes.

(2) "Airspace" means the space above and below the gradeline of all highways, roads, and streets, and the area alongside the traveled way and within approved right-of-way lines. [1987 c 267 § 2.]

47.14.030 Credit against transportation benefit district assessment. The governing body of a transportation benefit district may give credit for all or any portion of any real property donation against an assessment, charge, or other required financial contribution for transportation improvements within a transportation benefit district established under RCW 36.73.020 or 35.21.225. The credit granted shall be available against any assessment, charge or other required financial contribution for any transportation purpose which utilizes the donated property. [1987 c 267 § 3.]

47.14.040 Advertising signs on donated parcel. The department or the county, city, or town to which the right-of-way is donated shall, upon request, grant the donor an airspace lease or a permit for the purpose of erecting or maintaining, or both, one or more signs advertising a business of the donor that is conducted on premises adjacent to the donated parcel unless the sign or signs would be detrimental to the safety and operation of the highway, road, or street. This provision applies to all highways, roads, and streets other than limited access highways and streets, where it applies only until the donated parcel becomes part of a completed operating facility. Except as provided in this section, any such sign shall conform to the requirements of all other applicable federal, state, and local laws and ordinances. The lease agreement or permit shall take into consideration applicable county and city zoning ordinances and may provide for compensation for removal of the sign in accordance with applicable federal, state, and local laws and ordinances. The

lease agreement or permit shall specify the conditions for signage. [1987 c 267 § 4.]

47.14.050 Department's duties. The department shall:
(1) Give priority to the refinement and modification of right-of-way procedures and policies dealing with donation;

(2) Reduce or simplify paperwork requirements resulting from right-of-way procurement;

(3) Increase communication and education efforts as a means to solicit and encourage voluntary right-of-way donations;

(4) Enhance communication and coordination with local governments through agreements of understanding that address state acceptance of right-of-way donations secured under zoning, use permits, subdivision, and associated police power authority of local government. [1998 c 245 § 96; 1987 c 267 § 5.]

47.14.900 Construction. Nothing in this chapter may be construed to contravene the requirements of chapter 8.26 RCW. [1987 c 267 § 6.]

47.14.910 Severability—1987 c 267. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1987 c 267 § 12.]

47.17.001 Criteria for changes to system. In considering whether to make additions, deletions, or other changes to the state highway system, the legislature shall be guided by the following criteria as contained in the Road Jurisdiction

Committee Phase I report to the legislature dated January 1987:

(1) A rural highway route should be designated as a state highway if it meets any of the following criteria:

(a) Is designated as part of the national system of interstate and defense highways (popularly called the interstate system); or

(b) Is designated as part of the system of numbered United States routes; or

(c) Contains an international border crossing that is open twelve or more hours each day.

(2) A rural highway route may be designated as a state highway if it is part of an integrated system of roads and:

(a) Carries in excess of three hundred thousand tons annually and provides primary access to a rural port or intermodal freight terminal;

(b) Provides a major cross-connection between existing state highways;

(c) Connects places exhibiting one or more of the following characteristics:

(i) A population center of one thousand or greater;

(ii) An area or aggregation of areas having a population equivalency of one thousand or more, such as, but not limited to, recreation areas, military installations, and so forth;

(iii) A county seat;

(iv) A major commercial-industrial terminal in a rural area with a population equivalency of one thousand or greater; or

(d) Is designated as a scenic and recreational highway.

(3) An urban highway route that meets any of the following criteria should be designated as part of the state highway system:

(a) Is designated as part of the interstate system;

(b) Is designated as part of the system of numbered United States routes;

(c) Is an urban extension of a rural state highway into or through an urban area and is necessary to form an integrated system of state highways;

(d) Is a principal arterial that is a connecting link between two state highways and serves regionally oriented through traffic in urbanized areas with a population of fifty thousand or greater, or is a spur that serves regionally oriented traffic in urbanized areas.

(4) The following guidelines are intended to be used as a basis for interpreting and applying the criteria to specific routes:

(a) For any route wholly within one or more contiguous jurisdictions which would be proposed for transfer to the state highway system under these criteria, if local officials prefer, responsibility will remain at the local level.

(b) State highway routes maintain continuity of the system by being composed of routes that join other state routes at both ends or to arterial routes in the states of Oregon and Idaho and the Province of British Columbia.

(c) Public facilities may be considered to be served if they are within approximately two miles of a state highway.

(d) Exceptions may be made to include:

(i) Rural spurs as state highways if they meet the criteria relative to serving population centers of one thousand or greater population or activity centers with population equiva-

lencies or an aggregated population of one thousand or greater;

(ii) Urban spurs as state highways that provide needed access to Washington state ferry terminals, state parks, major seaports, and trunk airports; and

(iii) Urban connecting links as state highways that function as needed bypass routing of regionally oriented through traffic and benefit truck routing, capacity alternative, business congestion, and geometric deficiencies.

(e) In urban and urbanized areas:

(i) Unless they are significant regional traffic generators, public facilities such as state hospitals, state correction centers, state universities, ferry terminals, and military bases do not constitute a criteria for establishment of a state highway; and

(ii) There may be no more than one parallel nonaccess controlled facility in the same corridor as a freeway or limited access facility as designated by the metropolitan planning organization.

(f) When there is a choice of two or more routes between population centers, the state route designation shall normally be based on the following considerations:

(i) The ability to handle higher traffic volumes;

(ii) The higher ability to accommodate further development or expansion along the existing alignment;

(iii) The most direct route and the lowest travel time;

(iv) The route that serves traffic with the most interstate, statewide, and interregional significance;

(v) The route that provides the optimal spacing between other state routes; and

(vi) The route that best serves the comprehensive plan for community development in those areas where such a plan has been developed and adopted.

(g) A route designated in chapter 47.39 RCW as a scenic and recreational highway may be designated as a state highway in addition to a parallel state highway route. [1993 c 430 § 1; 1990 c 233 § 1.]

47.20.570 Manette bridge authorized. The department is authorized and directed to construct a bridge across Port Washington Narrows connecting state route number 304 at or near Bremerton with state route number 303 on the Manette Peninsula; to make surveys and plans; and to condemn or otherwise acquire such lands as are necessary or proper for approaches to the bridge or for the relocation of any portion of the highway to locate the bridge at the most feasible place. The bridge shall become and be maintained as a part of the state highway system. [1984 c 7 § 140; 1970 ex.s. c 51 § 173; 1961 c 13 § 47.20.570. Prior: 1947 c 4 p 6 § 2; Rem. Supp. 1947 § 6584a-1.]

47.20.610 Washington State University highway, University of Washington approach—Condemnation. In case of condemnation to secure any real estate, rights, or interests authorized under this chapter, the court actions shall be brought in the name of the state of Washington in the respective counties in which the real estate is located and in the manner provided by law for acquiring property for public uses for the state. In such actions the selection of the real estate, rights, and interests by the department is, in the absence of bad faith, arbitrary, capricious, or fraudulent action, conclusive upon the court and judge before which the action is brought that the real estate, rights, and interests are necessary for public use for the purposes sought. [1984 c 7 § 145; 1961 c 13 § 47.20.610. Prior: 1945 c 27 § 5; Rem. Supp. 1945 § 6402-44.]

47.20.620 Washington State University highway, University of Washington approach—Measure of damage to buildings. If, in any condemnation proceeding authorized herein, it appears that there is any building wholly or partially upon any of the real estate to be taken, the jury, or the court, if the jury be waived, shall add to the value of the land taken the amount of damages to the building. If the entire building is taken, or if the building is damaged so that it cannot be readjusted to the real estate not taken, then the measure of damages shall be the fair cash value of the building. If part of a building is taken or damaged and the building can be readjusted or replaced on the real estate remaining, then the measure of damages shall be the cost of readjusting or moving the building, or part thereof left, together with the depreciation in the market value of said building by reason of said readjustment or moving. [1961 c 13 § 47.20.620. Prior: 1945 c 27 § 6; Rem. Supp. 1945 § 6402-45.]

47.20.630 Washington State University highway, University of Washington approach—Sale of buildings, personalty, acquired in acquisition of land. The department shall have power to sell at public or private sale any building, equipment, or fixtures acquired in the acquisition of the real estate for such price as it shall fix and to execute to the purchaser upon payment of the purchase price a bill of sale in the name of the state. Proceeds of the sale shall be placed in the motor vehicle fund of the state treasury. The department shall have power to permit occupation of buildings on real estate so acquired for such specified limited time as it deems will lapse before construction of the approach, underpass, and highway can be undertaken; and in behalf of the state it may be shown in any condemnation proceeding the period during which such occupancy will be permitted for the purpose of mitigating damages. [1984 c 7 § 146; 1961 c 13 § 47.20.630. Prior: 1945 c 27 § 7; Rem. Supp. 1945 § 6402-46.]

47.20.635 University of Washington approach—Ordinance requisite—Construction and maintenance.

No action may be taken by the department for the acquisition of real estate, rights, and interests for the approach and underpass to the University of Washington unless and until the city of Seattle, through its legislative authority, enacts an ordinance providing that the city of Seattle will, within three months after the necessary real estate, rights, and interests have been secured by the state as provided in this chapter, begin the work of grading, paving, and such other work as is necessary to complete and render available for use of the public, the approach and underpass and approaches to the underpass; and further providing that the city of Seattle shall thereafter keep and maintain the approach and underpass and approach to the underpass in a good state of repair and suitable for public travel and use, which construction and maintenance work the city of Seattle is hereby authorized and empowered to do and perform. [1984 c 7 § 147; 1961 c 13 § 47.20.635. Prior: 1945 c 27 § 8; Rem. Supp. 1945 § 6402-47.]

47.20.640 Reestablishment and redesignation of intersections when highway relocated. In any case where a state highway is relocated in such manner that it ceases to intersect another state highway, the department is authorized to extend and designate either of the state highways to reestablish an appropriate intersection. [1984 c 7 § 148; 1967 ex.s. c 145 § 44; 1961 c 13 § 47.20.640. Prior: 1953 c 82 § 1.]

47.20.645 Interstate 90 corridor—Legislative finding. The legislature finds that the department initiated route studies for the location of that segment of the national system of interstate and defense highways (interstate system) between south Bellevue and state route No. 5 in Seattle in 1957 culminating in a corridor public hearing and adoption of a corridor in 1963; that thereafter the department, utilizing a multidisciplinary design team and soliciting the broadest public participation, developed a series of designs culminating in a public design hearing in 1970, a public limited access hearing in 1971, and adoption of a design and limited access plan for the facility in 1971; that commencing in 1970 the proposed facility has been the subject of numerous lawsuits and administrative proceedings that have prevented advancement of the project to construction; that since further development of the project was enjoined by federal courts in 1971 the cost of constructing the project has increased by more than one hundred million dollars; that the traffic congestion and traffic hazards existing in the existing highway corridor between south Bellevue, Mercer Island, and the city of Seattle are no longer tolerable; that after more than seventeen years of studies the public interest now requires that final decisions regarding the appropriate system for meeting the transportation requirements between south Bellevue and the city of Seattle be made promptly and in accordance with a prescribed schedule.

It is therefore the sense of the legislature that further protracted delay in establishing the transportation system to be constructed between south Bellevue and state route No. 5 in the city of Seattle is contrary to the interest of the people of this state and can no longer be tolerated as acceptable public administration. Accordingly the schedule for finally deter-

mining the character of transportation modes between south Bellevue and state route No. 5 in the city of Seattle as set forth in RCW 47.20.645 through 47.20.653 and 47.20.900 is adopted as the public policy of this state. [1984 c 7 § 149; 1975 1st ex.s. c 272 § 1.]

47.20.647 Interstate 90 corridor—Withdrawal of local governments from project—Effect on use of state funds. (1) The Puget Sound council of governments (until July 1, 1975, known as the Puget Sound governmental conference) now engaged in a study of the withdrawal from the interstate system of that segment of state route No. 90 between the south Bellevue interchange and the Connecticut street interchange on state route No. 5 and the substitution of public mass transit projects in lieu thereof as authorized by section 103(e)(4) of Title 23, United States Code, is directed to complete all phases of the study by November 1, 1975.

(2) No later than January 15, 1976, the city councils of Seattle, Mercer Island and Bellevue and the county council of King County shall each by resolution either approve or disapprove a request to withdraw from the interstate system the segment of state route No. 90 between south Bellevue interchange and the Connecticut street interchange on state route No. 5. Nothing in this subsection shall be construed as requiring the city or county councils to adopt by January 15, 1976 any proposal for substitute mass transit projects.

(3) If at least three of the four city and county councils request withdrawal from the interstate system of the designated segment of state route No. 90 by January 15, 1976, and such request is thereafter concurred in by the governor and the Puget Sound council of governments, such determination shall be final as it relates to the state of Washington and except as may be required to terminate the project in an orderly manner, no moneys shall thereafter be expended from the motor vehicle fund for further development of the designated section of highway as an interstate highway without further express authorization of the legislature.

(4) If fewer than three of the four city and county councils request withdrawal from the interstate system of the designated segment of state route No. 90 by January 15, 1976, or if the governor does not concur in the withdrawal request, then no tax revenues collected by the state of Washington shall thereafter be expended for the construction of substitute public mass transit projects in the Seattle metropolitan area pursuant to section 103(e)(4) of Title 23, United States Code, without further express authorization of the legislature. [1975 1st ex.s. c 272 § 2.]

47.20.653 Interstate 90 corridor—Court proceedings, priority. State court proceedings instituted to challenge the validity of any steps taken in pursuance of the construction of the segment of the interstate system between south Bellevue and state route No. 5 in Seattle, or the construction of substitute public mass transit projects in lieu thereof, shall take precedence over all other causes not involving the public interest in all courts of this state to the end construction of such facilities may be expedited to the fullest. The legislature of the state of Washington respectfully requests of the federal judiciary that challenges instituted in the federal courts relating to the validity of steps leading to

the construction of the designated interstate highway or substitute public mass transit projects in lieu thereof be expedited to the fullest. [1975 1st ex.s. c 272 § 5.]

47.20.700 State route No. 504 (Spirit Lake Memorial Highway)—Extension and parking facilities. The department of transportation may provide for the construction of an extension of state route number 504 from the vicinity of Maple Flats to the vicinity of the United States Corps of Engineers debris dam on the north fork of the Toutle river on an alignment to be approved by the department of transportation. The department may enter into an agreement with the principal owner of the necessary right-of-way providing as follows:

(1) The owner of the right-of-way shall construct the highway extension and public parking facilities as specified by the department of transportation.

(2) The owner of the right-of-way shall convey to the state, right-of-way for the highway extension a minimum of one hundred fifty feet in width (except right-of-way presently under the control of the department of natural resources), together with areas for public parking facilities as designated by the department of transportation.

(3) The department of transportation shall reimburse the present owner of the right-of-way for the actual cost of construction of the highway extension and the public parking facilities.

(4) The construction of the highway extension and public parking facilities shall be completed within one year after March 27, 1982.

The department of transportation may acquire that part of the right-of-way necessary for the highway extension that is now under the control of the department of natural resources in the manner provided in RCW 47.12.023 through 47.12.029.

All expenditures by the department of transportation pursuant to this section shall be from appropriations for the construction of category A projects. [1982 c 82 § 2.]

47.20.710 Quinault Tribal Highway—Agreement authorized—Route. The department of transportation is authorized to enter into a cooperative agreement with the governing authority for the Indian peoples of the Quinault Indian Reservation and appropriate agencies of the United States for the location, design, right-of-way acquisition, construction, and maintenance of a highway beginning at the south boundary of the Quinault Indian reservation on state route number 109, thence northerly along the present right-of-way of state route number 109 to the township line, thence inland and northerly across the Raft river to an intersection with state route number 101 south of Queets. The highway shall be known as the "Tribal Highway" and may also be designated by the department as state route number 109. It is anticipated that this highway construction will be funded from federal sources other than normal federal aid highway allocations. [1985 c 228 § 1.]

State route number 109: RCW 47.17.200.

47.20.715 Quinault Tribal Highway—Maintenance, operation, improvements—Intersections, access. As a part of the agreement, the department may assume responsi-

bility for the operation and maintenance and future improvement of the highway. The agreement may also reserve to the governing authority for the Indian peoples of the Quinault Indian Reservation authority to construct public road intersections or grade separation crossings of the highway. Existing rights of access from adjoining property to existing state route number 109 from the south reservation boundary to the township line shall not be affected by RCW 47.20.710 through 47.20.735 or the agreement authorized by RCW 47.20.710. [1985 c 228 § 2.]

47.20.720 Quinault Tribal Highway—Certain portion as limited access. The department is authorized to determine the location of the highway from the township line to a junction with state route number 101 after consultations with the governing authority for the Indian peoples of the Quinault Indian Reservation and the bureau of Indian affairs. The department may then proceed with the establishment of this section of the highway as a limited access facility in the manner prescribed in RCW 47.52.131 through 47.52.137 and 47.52.195 (and the administrative rules adopted by the department to implement those sections), subject, however, to the following conditions: (1) The access report required by RCW 47.52.131 shall be approved by the governing authority for the Indian peoples of the Quinault Indian Reservation before public hearings; and (2) the final limited access plan adopted pursuant to RCW 47.52.137 at the conclusion of the public hearing, or after any appeal from it has been decided, shall be approved by the governing authority for the Indian peoples of the Quinault Indian Reservation and the bureau of Indian affairs before right-of-way is acquired for this section of highway. [1985 c 228 § 3.]

47.20.725 Quinault Tribal Highway—Acquisition of remaining right-of-way. The department is authorized to acquire the remaining right-of-way for the Tribal Highway by purchase or by condemnation under state or federal eminent domain statutes. The secretary of transportation pursuant to the agreement is authorized to convey by deed to the governing authority for the Indian peoples of the Quinault Indian Reservation the right-of-way to the entire highway when fully acquired in return for a conveyance by the governing authority for the Indian peoples of the Quinault Indian Reservation to the state of Washington of a perpetual easement for public travel on the through lanes and shoulders of the highway when constructed. The agreement may also authorize the governing authority for the Indian peoples of the Quinault Indian Reservation to convey to the United States an easement to construct, maintain, and repair the highway improvements if such an easement is required by regulations of the bureau of Indian affairs. [1985 c 228 § 4.]

47.20.730 Quinault Tribal Highway—Department as agent. Except as otherwise provided by RCW 47.20.710 through 47.20.735 or by the agreement authorized by RCW 47.20.710, the department may proceed with the location, design, acquisition of right-of-way, construction, and maintenance of the highway as an agent of the governing authority for the Indian peoples of the Quinault Indian Reservation in accordance with applicable state or federal law. [1985 c 228 § 5.]

47.20.735 Quinault Tribal Highway—Authority to seek federal funding. The department is authorized to join with the governing authority for the Indian peoples of the Quinault Indian Reservation to seek federal funding for the construction of the Tribal Highway. [1985 c 228 § 6.]

47.20.780 Design-build—Competitive bidding. The department of transportation shall develop a process for awarding competitively bid highway construction contracts for projects over ten million dollars that may be constructed using a design-build procedure. As used in this section and RCW 47.20.785, "design-build procedure" means a method of contracting under which the department of transportation contracts with another party for the party to both design and build the structures, facilities, and other items specified in the contract.

The process developed by the department must, at a minimum, include the scope of services required under the design-build procedure, contractor prequalification requirements, criteria for evaluating technical information and project costs, contractor selection criteria, and issue resolution procedures. [2007 c 152 § 1; 2001 c 226 § 2.]

Findings—Purpose—2001 c 226: "The legislature finds and declares that a contracting procedure that facilitates construction of transportation facilities in a more timely manner may occasionally be necessary to ensure that construction can proceed simultaneously with the design of the facility. The legislature further finds that the design-build process and other alternative project delivery concepts achieve the goals of time savings and avoidance of costly change orders.

The legislature finds and declares that a 2001 audit, conducted by Talbot, Korvola & Warwick, examining the Washington state ferries' capital program resulted in a recommendation for improvements and changes in auto ferry procurement processes. The auditors recommended that auto ferries be procured through use of a modified request for proposals process whereby the prevailing shipbuilder and Washington state ferries engage in a design and build partnership. This process promotes ownership of the design by the shipbuilder while using the department of transportation's expertise in ferry design and operations. Alternative processes like design-build partnerships can promote innovation and create competitive incentives that increase the likelihood of finishing projects on time and within the budget.

The purpose of this act is to authorize the department's use of a modified request for proposals process for procurement of auto ferries, and to prescribe appropriate requirements and criteria to ensure that contracting procedures for this procurement process serve the public interest." [2001 c 226 § 1.]

47.20.785 Design-build—Qualified projects. (1) The department of transportation may use the design-build procedure for public works projects over ten million dollars where:

(a) The construction activities are highly specialized and a design-build approach is critical in developing the construction methodology; or

(b) The projects selected provide opportunity for greater innovation and efficiencies between the designer and the builder; or

(c) Significant savings in project delivery time would be realized.

(2) To test the applicability of the design-build procedure on smaller projects and specialty projects, the department may conduct up to five pilot projects on projects that cost between two and ten million dollars. The department shall evaluate these pilot projects with respect to cost, time to complete, efficiencies gained, if any, and other pertinent information to facilitate analysis regarding the further use of the

design-build process on projects of this size. [2006 c 37 § 1; 2001 c 226 § 3.]

Findings—Purpose—2001 c 226: See note following RCW 47.20.780.

47.20.900 Severability—1975 1st ex.s. c 272. If any provision of this act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected. [1975 1st ex.s. c 272 § 6.]

47.24.020 Jurisdiction, control. The jurisdiction, control, and duty of the state and city or town with respect to such streets is as follows:

(1) The department has no authority to change or establish any grade of any such street without approval of the governing body of such city or town, except with respect to limited access facilities established by the commission;

(2) The city or town shall exercise full responsibility for and control over any such street beyond the curbs and if no curb is installed, beyond that portion of the highway used for highway purposes. However, within incorporated cities and towns the title to a state limited access highway vests in the state, and, notwithstanding any other provision of this section, the department shall exercise full jurisdiction, responsibility, and control to and over such facility as provided in chapter 47.52 RCW;

(3) The department has authority to prohibit the suspension of signs, banners, or decorations above the portion of such street between the curbs or portion used for highway purposes up to a vertical height of twenty feet above the surface of the roadway;

(4) The city or town shall at its own expense maintain all underground facilities in such streets, and has the right to construct such additional underground facilities as may be necessary in such streets. However, pavement trenching and restoration performed as part of installation of such facilities must meet or exceed requirements established by the department;

(5) The city or town has the right to grant the privilege to open the surface of any such street, but all damage occasioned thereby shall promptly be repaired either by the city or town itself or at its direction. Pavement trenching and restoration performed under a privilege granted by the city under this subsection must meet or exceed requirements established by the department;

(6) The city or town at its own expense shall provide street illumination and shall clean all such streets, including storm sewer inlets and catch basins, and remove all snow, except that the state shall when necessary plow the snow on the roadway. In cities and towns having a population of twenty-five thousand or less according to the latest determination of population by the office of financial management, the state, when necessary for public safety, shall assume, at its expense, responsibility for the stability of the slopes of cuts and fills and the embankments within the right-of-way to protect the roadway itself. When the population of a city or town first exceeds twenty-five thousand according to the determination of population by the office of financial management, the city or town shall have three years from the date of the determination to plan for additional staffing, budgetary, and equipment requirements before being required to assume the responsibilities under this subsection. The state shall install, maintain, and operate all illuminating facilities on any limited access facility, together with its interchanges, located within the corporate limits of any city or town, and shall assume and pay the costs of all such installation, maintenance, and operation incurred after November 1, 1954;

(7) The department has the right to use all storm sewers on such highways without cost; and if new storm sewer facilities are necessary in construction of new streets by the department, the cost of the facilities shall be borne by the

state and/or city as may be mutually agreed upon between the department and the governing body of the city or town;

(8) Cities and towns have exclusive right to grant franchises not in conflict with state laws and rules, over, beneath, and upon such streets, but the department is authorized to enforce in an action brought in the name of the state any condition of any franchise which a city or town has granted on such street. No franchise for transportation of passengers in motor vehicles may be granted on such streets without the approval of the department, but the department shall not refuse to approve such franchise unless another street conveniently located and of strength of construction to sustain travel of such vehicles is accessible;

(9) Every franchise or permit granted any person by a city or town for use of any portion of such street by a public utility must require the grantee or permittee to restore, repair, and replace any portion of the street damaged or injured by it to conditions that meet or exceed requirements established by the department;

(10) The city or town has the right to issue overload or overwidth permits for vehicles to operate on such streets or roads subject to regulations printed and distributed to the cities and towns by the department;

(11) Cities and towns shall regulate and enforce all traffic and parking restrictions on such streets, but all regulations adopted by a city or town relating to speed, parking, and traffic control devices on such streets not identical to state law relating thereto are subject to the approval of the department before becoming effective. All regulations pertaining to speed, parking, and traffic control devices relating to such streets heretofore adopted by a city or town not identical with state laws shall become null and void unless approved by the department heretofore or within one year after March 21, 1963;

(12) The department shall erect, control, and maintain at state expense all route markers and directional signs, except street signs, on such streets;

(13) The department shall install, operate, maintain, and control at state expense all traffic control signals, signs, and traffic control devices for the purpose of regulating both pedestrian and motor vehicular traffic on, entering upon, or leaving state highways in cities and towns having a population of twenty-five thousand or less according to the latest determination of population by the office of financial management. Such cities and towns may submit to the department a plan for traffic control signals, signs, and traffic control devices desired by them, indicating the location, nature of installation, or type thereof, or a proposed amendment to such an existing plan or installation, and the department shall consult with the cities or towns concerning the plan before installing such signals, signs, or devices. Cities and towns having a population in excess of twenty-five thousand according to the latest determination of population by the office of financial management shall install, maintain, operate, and control such signals, signs, and devices at their own expense, subject to approval of the department for the installation and type only. When the population of a city or town first exceeds twenty-five thousand according to the determination of population by the office of financial management, the city or town shall have three years from the date of the determination to plan for additional staffing, budgetary, and

equipment requirements before being required to assume the responsibilities under this subsection. For the purpose of this subsection, striping, lane marking, and channelization are considered traffic control devices;

(14) All revenue from parking meters placed on such streets belongs to the city or town;

(15) Rights-of-way for such streets shall be acquired by either the city or town or by the state as shall be mutually agreed upon. Costs of acquiring rights-of-way may be at the sole expense of the state or at the expense of the city or town or at the expense of the state and the city or town as may be mutually agreed upon. Title to all such rights-of-way so acquired shall vest in the city or town: PROVIDED, That no vacation, sale, rental, or any other nontransportation use of any unused portion of any such street may be made by the city or town without the prior written approval of the department; and all revenue derived from sale, vacation, rental, or any nontransportation use of such rights-of-way shall be shared by the city or town and the state in the same proportion as the purchase costs were shared;

(16) If any city or town fails to perform any of its obligations as set forth in this section or in any cooperative agreement entered into with the department for the maintenance of a city or town street forming part of the route of a state highway, the department may notify the mayor of the city or town to perform the necessary maintenance within thirty days. If the city or town within the thirty days fails to perform the maintenance or fails to authorize the department to perform the maintenance as provided by RCW 47.24.050, the department may perform the maintenance, the cost of which is to be deducted from any sums in the motor vehicle fund credited or to be credited to the city or town. [2007 c 84 § 1; 2001 c 201 § 8; 1993 c 126 § 1; 1991 c 342 § 52; 1987 c 68 § 1; 1984 c 7 § 150; 1977 ex.s. c 78 § 7; 1967 c 115 § 1; 1963 c 150 § 1; 1961 c 13 § 47.24.020. 47.24.030 Acquisition of rights-of-way—Condemnation proceedings. The department is authorized to acquire rights-of-way, by purchase, gift, or condemnation for any such streets, highways, bridges, and wharves. Any such condemnation proceedings shall be exercised in the manner provided by law for condemnation proceedings to acquire lands required for state highways. [1984 c 7 § 151; 1961 c 13 § 47.24.030. Prior: 1949 c 220 § 5, part; 1945 c 250 § 1, part; 1943 c 82 § 10, part; 1937 c 187 § 61, part; Rem. Supp. 1949 § 6450-61, part.]

47.24.040 Street fund—Expenditures on streets forming part of state highway. All funds accruing to the credit of incorporated cities and towns in the motor vehicle fund shall be paid monthly to such incorporated cities and towns and shall, by the respective cities and towns, be placed in a fund to be designated as "city street fund" and disbursed as authorized and directed by the legislative authority of the city or town, as agents of the state, for salaries and wages,

material, supplies, equipment, purchase or condemnation of right-of-way, engineering or any other proper highway or street purpose in connection with the construction, alteration, repair, improvement or maintenance of any city street or bridge, or viaduct or underpassage along, upon or across such streets. Such expenditure may be made either independently or in conjunction with any federal, state or any county funds. [1961 c 13 § 47.24.040. Prior: 1949 c 220 § 4; 1947 c 96 § 1; 1943 c 82 § 9; 1939 c 181 § 8; 1937 c 187 § 60; Rem. Supp. 1949 § 6450-60.]

47.24.050 Aid on streets by state or county—Payment. If a city or town, whether or not any of its streets are designated as forming a part of a state highway, is unable to construct, repair, or maintain its streets for good cause, or if it is in need of engineering assistance to construct, repair, or maintain any of its streets, it may authorize the department to perform such construction, repair, or maintenance, or it may secure necessary engineering assistance from the department, to the extent of the funds credited or to be credited in the motor vehicle fund for payment to the city or town. Any sums due from a city or town for such purposes shall be paid on vouchers approved and submitted by the department from moneys credited to the city or town in the motor vehicle fund, and the amount of the payments shall be deducted from funds which would otherwise be paid to the city or town from the motor vehicle fund. The department may in certain special cases, in its discretion, enter into an agreement with the governing officials of the city or town for the performance of such work or services, the terms of which shall provide for reimbursement of the motor vehicle fund for the benefit of the state's share of the fund by the city or town of the cost thereof from any funds of the city or town on hand and legally available for the work or services. The city or town may, by resolution, authorize the legislative authority of the county in which it is located, to perform any such construction, repair, or maintenance, and the work shall be paid for by the city or town at the actual cost thereof as provided for payment for work performed on city streets, and any payment received therefor by a county shall be deposited in the county road fund to be expended under the same provisions as are imposed upon the funds used to perform the construction, repair, or maintenance. [1984 c 7 § 152; 1961 c 13 § 47.24.050. Prior: 1951 c 54 § 1; 1949 c 220 § 6; 1943 c 82 § 11; 1937 c 187 § 63; Rem. Supp. 1949 § 6450-63.]

Bicycle transportation management program: RCW 47.04.190.

Public-private transportation initiatives—1994 act: RCW 47.10.834 through 47.10.839.

47.26.010 Declaration of intent. Due to unprecedented industrial development and population increases, the state of

Washington is confronted with emergency needs for improvement of state highways, county roads, and city streets in urban areas. It is the intent of the legislature to provide sufficient new highway revenues to alleviate and prevent intolerable traffic congestion in urban areas without the disruption of the long range statewide highway program essential to the economic well-being of the people of this state. [1967 ex.s. c 83 § 1.]

Reviser's note: Throughout chapter 47.26 RCW the term "this 1967 amendatory act" has been translated to "this chapter." For codification of "this 1967 amendatory act" [1967 ex.s. c 83], see Codification Tables.

47.26.040 "Urban area" defined. The term "urban area" as used in this chapter means every area of this state designated as an urban area by the department in cooperation with the board and regional transportation planning organizations. [1994 c 179 § 7; 1984 c 7 § 153; 1977 ex.s. c 317 § 12; 1975 1st ex.s. c 253 § 1; 1967 ex.s. c 83 § 10.]

Additional notes found at www.leg.wa.gov

47.26.044 "Board" defined. The term "board" as used in this chapter means the transportation improvement board. [1994 c 179 § 6.]

47.26.050 Regional grouping for purpose of apportioning urban state highway funds. For the purpose of apportioning urban state highway funds, the urban areas of the state are grouped within five regions of the state as follows:

(1) Puget Sound region shall include those urban areas within the counties of King, Pierce and Snohomish.

(2) Northwest region shall include those urban areas within the counties of Clallam, Jefferson, Island, Kitsap, San Juan, Skagit and Whatcom.

(3) Northeast region shall include those urban areas within the counties of Adams, Chelan, Douglas, Ferry, Grant, Lincoln, Okanogan, Pend Oreille, Spokane, Stevens and Whitman.

(4) Southeast region shall include those urban areas within the counties of Asotin, Benton, Columbia, Franklin, Garfield, Kittitas, Klickitat, Walla Walla and Yakima.

(5) Southwest region shall include those urban areas within the counties of Clark, Cowlitz, Grays Harbor, Lewis, Mason, Pacific, Skamania, Thurston and Wahkiakum. [1967 ex.s. c 83 § 11.]

47.26.084 Transportation improvement account—Small city program—Certification of funding. (1) The transportation improvement account is hereby created in the motor vehicle fund. The intent of the program is to:

(a) Improve mobility of people and goods in Washington state by supporting economic development and environmentally responsive solutions to our statewide transportation system needs;

(b) Improve the arterial street system of the state by improving mobility and safety while supporting an environment essential to the quality of life of the citizens of the state; and

(c) Maintain, preserve, and extend the life and utility of prior investments in transportation systems and services.

(2012 Ed.)

(2) The small city program, as provided for in RCW 47.26.115, is implemented within the transportation improvement account.

(3) Within one year after board approval of an application for funding, a county, city, or transportation benefit district shall provide written certification to the board of the pledged local and/or private funding. Funds allocated to an applicant that does not certify its funding within one year after approval may be reallocated by the board. [2011 c 120 § 6; 1999 c 94 § 17; 1994 c 179 § 10; 1988 c 167 § 2.]

Legislative finding—Effective dates—1999 c 94: See notes following RCW 43.84.092.

Additional notes found at www.leg.wa.gov

47.26.086 Transportation improvement account projects—Limitations. Transportation improvement account projects selected for funding programs after fiscal year 1995 are governed by the requirements of this section.

The board shall allocate funds from the account by June 30th of each year for the ensuing fiscal year to urban counties, cities with a population of five thousand and over, and to transportation benefit districts. Projects may include, but are not limited to, multiagency projects and arterial improvement projects in fast-growing areas. The board shall endeavor to provide geographical diversity in selecting improvement projects to be funded from the account.

To be eligible to receive these funds, a project must be consistent with the Growth Management Act, the Clean Air Act including conformity, and the Commute Trip Reduction Law and consideration must have been given to the project's relationship, both actual and potential, with the statewide rail passenger program and rapid mass transit. Projects must be consistent with any adopted high capacity transportation plan, must consider existing or reasonably foreseeable congestion levels attributable to economic development or growth and all modes of transportation and safety, and must be partially funded by local government or private contributions, or a combination of such contributions. Priority consideration shall be given to those projects with the greatest percentage of local or private contribution, or both.

Within one year after board approval of an application for funding, the lead agency shall provide written certification to the board of the pledged local and private funding for the phase of the project approved. Funds allocated to an applicant that does not certify its funding within one year after approval may be reallocated by the board. [2011 c 120 § 7; 1994 c 179 § 11.]

47.26.090 "Arterial" defined. The term "arterial" as used in this chapter means any state highway, county road, or city street, in an urban area, that is functionally classified as a principal arterial, minor arterial, or collector street by the department in cooperation with the board, regional transportation planning organizations, cities, and counties. The board shall develop criteria and procedures for designating arterials in the incorporated cities and towns lying outside urban areas. [1994 c 179 § 12; 1988 c 167 § 14. Prior: 1967 ex.s. c 83 § 15.]

Additional notes found at www.leg.wa.gov

47.26.100 "City" defined. The term "city" as used in *this chapter shall include incorporated towns. [1967 ex.s. c 83 § 16.]

***Reviser's note:** The term "this chapter" has been substituted for "this 1967 amendatory act." See note following RCW 47.26.010 for codification of "this 1967 amendatory act" [1967 ex.s. c 83].

47.26.110 "Urban arterial" defined. The term "urban arterial" as used in *this chapter means an arterial within an urban area. [1967 ex.s. c 83 § 17.]

***Reviser's note:** The term "this chapter" has been substituted for "this 1967 amendatory act." See note following RCW 47.26.010 for codification of "this 1967 amendatory act." [1967 ex.s. c 83.]

47.26.115 Small city program. The intent of the small city program is to preserve and improve the roadway system consistent with local needs of incorporated cities and towns with a population of less than five thousand. The board shall adopt rules and procedures to govern the allocation of funds distributed to the small city program. [1999 c 94 § 18; 1994 c 179 § 9.]

Legislative finding—Effective dates—1999 c 94: See notes following RCW 43.84.092.

47.26.121 Transportation improvement board—Membership—Chair—Expenses. (1) There is hereby created a transportation improvement board of twenty-one members, six of whom shall be county members and six of whom shall be city members. The remaining members shall be: (a) One representative appointed by the governor who shall be a state employee with responsibility for transportation policy, planning, or funding; (b) two representatives from the department of transportation; (c) two representatives of public transit systems; (d) a private sector representative; (e) a member representing the ports; (f) a member representing nonmotorized transportation; and (g) a member representing special needs transportation.

(2) Of the county members of the board, one shall be a county engineer or public works director; one shall be the executive director of the county road administration board; one shall be a county planning director or planning manager; one shall be a county executive, councilmember, or commissioner from a county with a population of one hundred twenty-five thousand or more; one shall be a county executive, councilmember, or commissioner of a county who serves on the board of a public transit system; and one shall be a county executive, councilmember, or commissioner from a county with a population of less than one hundred twenty-five thousand. All county members of the board, except the executive director of the county road administration board, shall be appointed. Not more than one county member of the board shall be from any one county. No more than two of the three county-elected officials may represent counties located in either the eastern or western part of the state as divided north and south by the summit of the Cascade mountains.

(3) Of the city members of the board one shall be a chief city engineer, public works director, or other city employee with responsibility for public works activities, of a city with a population of twenty thousand or more; one shall be a chief city engineer, public works director, or other city employee with responsibility for public works activities, of a city of less

than twenty thousand population; one shall be a city planning director or planning manager; one shall be a mayor, commissioner, or city councilmember of a city with a population of twenty thousand or more; one shall be a mayor, commissioner, or city councilmember of a city who serves on the board of a public transit system; and one shall be a mayor, commissioner, or councilmember of a city of less than twenty thousand population. All of the city members shall be appointed. Not more than one city member of the board shall be from any one city. No more than two of the three city-elected officials may represent cities located in either the eastern or western part of the state as divided north and south by the summit of the Cascade mountains.

(4) Of the transit members, at least one shall be a general manager, executive director, or transit director of a public transit system in an urban area with a population over two hundred thousand and at least one representative from a rural or small urban transit system in an area with a population less than two hundred thousand.

(5) The private sector member shall be a citizen with business, management, and transportation related experience and shall be active in a business community-based transportation organization.

(6) The port member shall be a commissioner or senior staff person of a public port.

(7) The nonmotorized transportation member shall be a citizen with a demonstrated interest and involvement with a nonmotorized transportation group.

(8) The specialized transportation member shall be a citizen with a demonstrated interest and involvement with a statewide specialized needs transportation group.

(9) Appointments of county, city, Washington department of transportation, transit, port, nonmotorized transportation, special needs transportation, and private sector representatives shall be made by the secretary of the department of transportation. Appointees shall be chosen from a list of two persons for each position nominated by the Washington state association of counties for county members, the association of Washington cities for city members, the Washington state transit association for the transit members, and the Washington public ports association for the port member. The private sector, nonmotorized transportation, and special needs members shall be sought through classified advertisements in selected newspapers collectively serving all urban areas of the state, and other appropriate means. Persons applying for the private sector, nonmotorized transportation, or special needs transportation member position must provide a letter of interest and a resume to the secretary of the department of transportation. In the case of a vacancy, the appointment shall be only for the remainder of the unexpired term in which the vacancy has occurred. A vacancy shall be deemed to have occurred on the board when any member elected to public office completes that term of office or is removed therefrom for any reason or when any member employed by a political subdivision terminates such employment for whatsoever reason or when a private sector, nonmotorized transportation, or special needs transportation member resigns or is unable or unwilling to serve.

(10) Appointments shall be for terms of four years. Terms of all appointed members shall expire on June 30th of even-numbered years. The initial term of appointed members

may be for less than four years. No appointed member may serve more than two consecutive four-year terms.

(11) The board shall elect a chair from among its members for a two-year term.

(12) Expenses of the board shall be paid in accordance with RCW 47.26.140.

(13) For purposes of this section, "public transit system" means a city-owned transit system, county transportation authority, metropolitan municipal corporation, public transportation benefit area, or regional transit authority. [1996 c 49 § 1; 1995 c 269 § 2603; 1994 c 179 § 13; 1993 c 172 § 1. Prior: 1991 c 363 § 124; 1991 c 308 § 1; 1990 c 266 § 4; 1988 c 167 § 1.]

Purpose—Captions not law—1991 c 363: See notes following RCW 2.32.180.

Additional notes found at www.leg.wa.gov

47.26.130 Transportation improvement board—Travel expenses. Members of the transportation improvement board shall receive no compensation for their services on the board, but shall be reimbursed for travel expenses incurred while attending meetings of the board or while engaged on other business of the board when authorized by the board in accordance with RCW 43.03.050 and 43.03.060 as now existing or hereafter amended. [1988 c 167 § 15; 1975-'76 2nd ex.s. c 34 § 139; 1975 1st ex.s. c 1 § 2; 1969 ex.s. c 171 § 2; 1967 ex.s. c 83 § 19.]

Additional notes found at www.leg.wa.gov

47.26.140 Transportation improvement board—Executive director, staff—Finances. The transportation improvement board shall appoint an executive director, who shall serve at its pleasure and whose salary shall be set by the board, and may employ additional staff as it deems appropriate. All costs associated with staff, together with travel expenses in accordance with RCW 43.03.050 and 43.03.060, shall be paid from the public transportation systems account and the transportation improvement account in the motor vehicle fund as determined by the biennial appropriation. 47.26.160 Transportation improvement board—Powers and duties. The transportation improvement board shall:

(1) Adopt rules necessary to implement the provisions of chapter 47.66 RCW and this chapter relating to the allocation of funds;

(2) Adopt reasonably uniform design standards for city and county arterials. [1995 c 269 § 2607; 1994 c 179 § 15; 1988 c 167 § 18; 1987 c 505 § 51; 1984 c 7 § 155; 1977 ex.s. c 235 § 17; 1971 ex.s. c 291 § 1; 1967 ex.s. c 83 § 22.]

47.26.164 City hardship assistance program—Implementation. The board shall adopt reasonable rules necessary to implement the city hardship assistance program as recommended by the road jurisdiction study.

The following criteria shall be used to implement the program:

(1) Cities with a population of twenty thousand or less and a net gain in cost responsibility due to jurisdictional transfers in chapter 342, Laws of 1991, and thereafter under *RCW 47.26.167, are eligible to receive money from the small city pavement and sidewalk account created in RCW 47.26.340;

(2) The board shall develop criteria and procedures under which eligible cities may receive funding for rehabilitation projects on transferred city streets; and

(3) The amount spent for the city hardship assistance program shall not exceed the amount deposited under RCW 46.68.110(3). [2007 c 148 § 3; 1999 c 94 § 20; 1991 c 342 § 60.]

47.26.170 Long-range arterial construction planning—Arterial inventory data. Each county having within its boundaries an urban area and cities and towns shall prepare and submit to the transportation improvement board arterial inventory data required to determine the long-range arterial construction needs. The counties, cities, and towns shall revise the arterial inventory data every four years to show the current arterial construction needs through the advanced planning period, and as revised shall submit them to the transportation improvement board during the first week of January every four years beginning in 1996. The inventory data shall be prepared pursuant to guidelines established by the transportation improvement board. As information is updated, it shall be made available to the commission. [2005 c 319 § 131; 1994 c 179 § 16; 1988 c 167 § 19; 1984 c 7 § 156; 1971 ex.s. c 291 § 2; 1967 ex.s. c 83 § 23.]

47.26.185 Qualifications for administering and supervising projects—Rules. The transportation improvement board may adopt rules establishing qualifications for cities and counties administering and supervising the design and construction of projects financed in part from funds administered by the board. The rules establishing qualification shall take into account the resources and population of

the city or county, its permanent engineering staff, its design and construction supervision experience, and other factors the board deems appropriate. Any city or county failing to meet the qualifications established by the board for administering and supervising a project shall contract with a qualified city or county or the department for the administration and supervision of the design and construction of any approved project as a condition for receiving funds for the project. [1994 c 179 § 17; 1988 c 167 § 21; 1984 c 7 § 157; 1975 1st ex.s. c 253 § 4.]

47.26.260 Payment of funds—Rules—Limitations. The transportation improvement board shall adopt rules providing for the approval of payments of funds in the accounts to a county, city, town, or transportation benefit district for costs of predesign, design, engineering, and costs of construction of an approved project from time to time as work progresses. These payments shall at no time exceed the account share of the costs incurred to the date of the voucher covering such payment. [1994 c 179 § 19; 1988 c 167 § 26; 1973 1st ex.s. c 126 § 1; 1967 ex.s. c 83 § 32.]

47.26.270 Matching funds requirements. Counties, cities, towns, and transportation benefit districts receiving funds from the board shall provide such matching funds as established by rules adopted by the transportation improvement board. When determining matching requirements, the board shall consider (1) financial resources available to counties and cities to meet arterial needs, (2) the amounts and percentages of funds available for road or street construction traditionally expended by counties and cities on arterials, (3) in the case of counties, the relative needs of arterials lying outside urban areas, and (4) the requirements necessary to avoid diversion of funds traditionally expended for arterial construction to other street or road purposes or to nonhighway purposes. [1994 c 179 § 20; 1988 c 167 § 27; 1983 1st ex.s. c 49 § 22; 1977 ex.s. c 317 § 16; 1967 ex.s. c 83 § 33.]

47.26.282 Land use implications. In any project funded by the transportation improvement board, except for projects in cities having a population of less than five thousand persons, and in addition to any other items required to be considered by statute, the board also shall consider the land use implications of the project, such as whether the programs and projects:

- (1) Support development in and revitalization of existing downtowns;
- (2) Implement local comprehensive plans for rural and urban residential and nonresidential densities;
- (3) Have land use planning and regulations encouraging compact development for rural and urban residential and nonresidential densities; and
- (4) Promote the use of multimodal transportation. [2002 c 189 § 5.]

47.26.300 Bicycle routes—Legislative declaration. The state of Washington is confronted with emergency shortages of energy sources utilized for the transportation of its citizens and must seek alternative methods of providing public mobility.

Bicycles are suitable for many transportation purposes, and are pollution-free in addition to using a minimal amount of resources and energy. However, the increased use of bicycles for both transportation and recreation has led to an increase in both fatal and nonfatal injuries to bicyclists.

The legislature therefore finds that the establishment, improvement, and upgrading of bicycle routes is necessary to promote public mobility, conserve energy, and provide for the safety of the bicycling and motoring public. [1974 ex.s. c 141 § 1.]

47.26.305 Bicycle routes—Use of board funds. Bicycle routes shall, when established in accordance with RCW 47.06.100 be eligible for establishment, improvement, and upgrading with board funds. The board shall adopt rules and procedures that will encourage the development of a system of bicycle routes within counties, cities, and towns. [1994 c 179 § 21; 1988 c 167 § 28; 1974 ex.s. c 141 § 2.]

47.26.320 Advance right-of-way acquisition—Definition. The term "advance right-of-way acquisition" as used in this chapter means the acquisition of property and property rights, together with the engineering costs necessary for the advance right-of-way acquisition. Property or property rights purchased must be for projects approved by the transportation improvement board or the county road administration board as part of a city or county six-year plan or program. [2001 c 201 § 1.]

47.26.340 Small city pavement and sidewalk account. The small city pavement and sidewalk account is created in the state treasury. All state money allocated to the small city pavement and sidewalk account for the ongoing support of cities and towns must be deposited into the account. Money in the account may be spent only after appropriation. Expenditures from the account must be used for small city pavement and sidewalk projects or improvements selected by the board in accordance with RCW 47.26.164 or 47.26.345, to pay principal and interest on bonds authorized for these projects or improvements, to make grants or loans in accordance with this chapter, or to pay for engineering feasibility studies selected by the board. [2007 c 148 § 4; 2005 c 83 § 2.]

Findings—2005 c 83: "The state legislature finds that it is in the state's interest to support the economic vitality of all cities and towns and recognizes that those cities and towns with a population of less than five thousand

are unable to fully maintain and preserve their street system. Therefore, the legislature finds it is necessary to create a small city pavement and sidewalk account." [2005 c 83 § 1.]

Effective dates—2005 c 83: "Except for section 5 of this act which takes effect July 1, 2006, this act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect July 1, 2005." [2005 c 83 § 6.]

47.26.345 Small city pavement and sidewalk funding.

All cities and towns with a population of less than five thousand are eligible to receive money from the small city pavement and sidewalk account created under RCW 47.26.340 for maintenance, repair, and resurfacing of city and town streets. For the purposes of determining population under this section, cities may include or exclude the population of any state correctional facility located within the city. The board shall determine the allocation of money based on:

(1) The amount of available funds within the small city pavement and sidewalk account;

(2) Whether the city or town meets one or more of the following criteria:

(a) The city or town has identified a street in a six-year transportation improvement plan, as defined by RCW 35.77.010, or a project identified through the use of a pavement management system;

(b) The city or town has provided pavement rating information on the proposed street improvement or street network improvement;

(c) The city or town has provided sidewalk information on the proposed sidewalk system improvement;

(d) The city or town has provided information, where available, on traffic conditions for truck routes, bus routes, and traffic volumes;

(e) The city or town has the ability to provide a local match as demonstrated by one or more of the following:

(i) A funding match based upon a city's assessed valuation;

(ii) Community involvement and support, including volunteer participation, such as landscaping and maintaining landscaping along the street or sidewalk system; or

(iii) Partnership efforts with federal or other state programs, including the department of commerce mainstreet program. [2011 c 14 § 3; 2005 c 83 § 3.]

BOND ISSUE—STATE HIGHWAYS IN URBAN AREAS

47.26.400 Issuance and sale of general obligation bonds—Authorized—Amount—Declaration of purpose.

In order to provide funds necessary to meet the urgent needs for highway construction on state highways within urban areas, there shall be issued and sold general obligation bonds of the state of Washington in the sum of two hundred million dollars or such amount thereof and at such times as determined to be necessary by the commission. The amount of the bonds issued and sold under the provisions of RCW 47.26.400 through 47.26.407 in any biennium shall not exceed the amount of a specific appropriation therefor from the proceeds of such bonds, for the construction of state highways in urban areas. The issuance, sale, and retirement of the

(2012 Ed.)

bonds shall be under the supervision and control of the state finance committee which, upon request being made by the commission, shall provide for the issuance, sale, and retirement of coupon or registered bonds to be dated, issued, and sold from time to time in such amounts as shall be requested by the commission. [1984 c 7 § 161; 1973 1st ex.s. c 169 § 1; 1967 ex.s. c 83 § 36.]

47.26.401 Bonds—Term—Terms and conditions—Signatures—Registration—Where payable—Negotiable instruments.

Each of such bonds shall be made payable at any time not exceeding thirty years from the date of its issuance, with such reserved rights of prior redemption, bearing such interest, and such terms and conditions, as the state finance committee may prescribe to be specified therein. The bonds shall be signed by the governor and the state treasurer under the seal of the state, one of which signatures shall be made manually and the other signature may be in printed facsimile, and any coupons attached to such bonds shall be signed by the same officers whose signatures thereon may be in printed facsimile. Any bonds may be registered in the name of the holder on presentation to the state treasurer or at the fiscal agency of the state of Washington in New York City, as to principal alone, or as to both principal and interest under such regulations as the state treasurer may prescribe. Such bonds shall be payable at such places as the state finance committee may provide. All bonds issued hereunder shall be fully negotiable instruments. [1973 1st ex.s. c 169 § 2; 1967 ex.s. c 83 § 37.]

47.26.402 Bonds—Denominations—Manner and terms of sale—Legal investment for state funds.

The bonds issued hereunder shall be in denominations to be prescribed by the state finance committee and may be sold in such manner and in such amounts and at such times and on such terms and conditions as the committee may prescribe. If the bonds are sold to any purchaser other than the state of Washington, they shall be sold at public sale, and it shall be the duty of the state finance committee to cause such sale to be advertised in such manner as it shall deem sufficient. Bonds issued under the provisions of RCW 47.26.400 through 47.26.407 shall be legal investment for any of the funds of the state, except the permanent school fund. [1967 ex.s. c 83 § 38.]

47.26.403 Bonds—Bond proceeds—Deposit and use.

The money arising from the sale of said bonds shall be deposited in the state treasury to the credit of the motor vehicle fund and such money shall be available only for the construction of state highways within the urban areas of the state, and for payment of the expenses incurred in the printing, issuance, and sale of any such bonds. [1967 ex.s. c 83 § 39.]

47.26.404 Bonds—Statement describing nature of obligation—Pledge of excise taxes.

Bonds issued under the provisions of RCW 47.26.400 through 47.26.407 shall distinctly state that they are a general obligation of the state of Washington, shall pledge the full faith and credit of the state to the payment of the principal thereof and the interest thereon and shall contain an unconditional promise to pay

[Title 47 RCW—page 107]

such principal and interest as the same shall become due. The principal of and interest on such bonds shall be first payable in the manner provided in RCW 47.26.400 through 47.26.407 from the proceeds of state excise taxes on motor vehicle fuels imposed by chapter 82.36 RCW and *chapter 82.40 RCW. The proceeds of such excise taxes are hereby pledged to the payment of any bonds and the interest thereon issued under the provisions of RCW 47.26.400 through 47.26.407, and the legislature hereby agrees to continue to impose the same excise taxes on motor vehicle fuels in amounts sufficient to pay, when due, the principal and interest on all bonds issued under the provisions of RCW 47.26.400 through 47.26.407. [1973 1st ex.s. c 169 § 3; 1967 ex.s. c 83 § 40.]

***Reviser's note:** Chapter 82.40 RCW was repealed by 1971 ex.s. c 175 § 33; for later enactment, see chapter 82.38 RCW.

47.26.405 Bonds—Designation of funds to repay bonds and interest. Any funds required to repay such bonds, or the interest thereon when due shall be taken from that portion of the motor vehicle fund which results from the imposition of excise taxes on motor vehicle and special fuels and which is distributed to the state under the provisions of *RCW 46.68.090(1)(c) for construction of state highways in urban areas, and shall never constitute a charge against any allocations of any other such funds to the state, counties, cities, and towns unless and until the amount of the motor vehicle fund arising from the excise taxes on motor vehicle and special fuels and available to the state for construction of state highways in urban areas proves insufficient to meet the requirements for bond retirement or interest on any such bonds. [1999 c 269 § 5; 1977 ex.s. c 317 § 17; 1967 ex.s. c 83 § 41.]

***Reviser's note:** RCW 46.68.090 was amended by 2003 c 361 § 403, changing subsection (1)(c) to subsection (2)(a).

47.26.406 Bonds—Repayment procedure—Bond retirement fund. At least one year prior to the date any interest is due and payable on such bonds or before the maturity date of any such bonds, the state finance committee shall estimate, subject to the provisions of RCW 47.26.405, the percentage of the receipts in money of the motor vehicle fund, resulting from collection of excise taxes on motor vehicle fuels, for each month of the year which shall be required to meet interest or bond payments hereunder when due, and shall notify the state treasurer of such estimated requirement. The state treasurer shall thereafter from time to time each month as such funds are paid into the motor vehicle fund, transfer such percentage of the monthly receipts from excise taxes on motor vehicle fuels of the motor vehicle fund to the bond retirement fund, hereby created, which fund shall be available solely for payment of interest or bonds when due. If in any month it shall appear that the estimated percentage of money so made is insufficient to meet the requirements for interest or bond retirement, the treasurer shall notify the state finance committee forthwith and such committee shall adjust its estimates so that all requirements for interest and principal of all bonds issued shall be fully met at all times. [1967 ex.s. c 83 § 42.]

47.26.407 Bonds—Sums in excess of retirement requirements—Use. Whenever the percentage of the motor vehicle fund arising from excise taxes on motor vehicle fuels payable into the bond retirement fund, shall prove more than is required for the payment of interest on bonds when due, or current retirement of bonds, any excess may, in the discretion of the state finance committee, be available for the prior redemption of any bonds or remain available in the fund to reduce the requirements upon the fuel excise tax portion of the motor vehicle fund at the next interest or bond payment period. [1967 ex.s. c 83 § 43.]

BOND ISSUE—COUNTY AND CITY ARTERIALS IN URBAN AREAS

47.26.420 Issuance and sale of general obligation bonds—Authorized—Amount—Declaration of purpose. In order to provide funds necessary to meet the urgent construction needs on county and city arterials within urban areas, there are hereby authorized for issuance general obligation bonds of the state of Washington, the first authorization of which shall be in the sum of two hundred fifty million dollars, and the second authorization of which, to be known as series II bonds, shall be in the sum of sixty million dollars, and the third authorization of which, to be known as series III bonds, shall be in the sum of one hundred million dollars, which shall be issued and sold in such amounts and at such times as determined to be necessary by the transportation improvement board. The amount of such bonds issued and sold under the provisions of RCW 47.26.420 through 47.26.427 in any biennium shall not exceed the amount of a specific appropriation therefor, from the proceeds of such bonds, for the construction of county and city arterials in urban areas. The issuance, sale, and retirement of said bonds shall be under the supervision and control of the state finance committee which, upon request being made by the transportation improvement board, shall provide for the issuance, sale, and retirement of coupon or registered bonds to be dated, issued, and sold from time to time in such amounts as shall be requested by the transportation improvement board. [2007 c 519 § 6; 1981 c 315 § 5; 1979 c 5 § 3. Prior: 1977 ex.s. c 317 § 18; 1973 1st ex.s. c 169 § 4; 1967 ex.s. c 83 § 45.]

47.26.421 Bonds—Term—Terms and conditions—Signatures—Registration—Where payable—Negotiable instruments. Each of such first authorization bonds, series II bonds, and series III bonds shall be made payable at any time not exceeding thirty years from the date of its issuance, with such reserved rights of prior redemption, bearing such interest, and such terms and conditions, as the state finance committee may prescribe to be specified therein. The bonds shall be signed by the governor and the state treasurer under the seal of the state, either or both of which signatures may be in printed facsimile, and any coupons attached to such bonds shall be signed by the same officers whose signatures thereon may be in printed facsimile. Any bonds may be registered in the name of the holder on presentation to the state treasurer or at the fiscal agency of the state of Washington in Seattle or New York City, as to principal alone, or as to both principal

and interest under such regulations as the state treasurer may prescribe. Such bonds shall be payable at such places as the state finance committee may provide. All bonds issued hereunder shall be fully negotiable instruments. [1986 c 290 § 3; 1981 c 315 § 6; 1979 c 5 § 4; 1973 1st ex.s. c 169 § 5; 1967 ex.s. c 83 § 46.]

47.26.422 Bonds—Denominations—Manner and terms of sale—Legal investment for state funds. The first authorization bonds, series II bonds, and series III bonds issued hereunder shall be in denominations to be prescribed by the state finance committee and may be sold in such manner and in such amounts and at such times and on such terms and conditions as the committee may prescribe. The state finance committee may obtain insurance, letters of credit, or other credit facility devices with respect to the bonds and may authorize the execution and delivery of agreements, promissory notes, and other obligations for the purpose of insuring the payment or enhancing the marketability of the bonds. Promissory notes or other obligations issued pursuant to this section shall not constitute a debt or the contracting of indebtedness under any constitutional or statutory indebtedness limitation if their payment is conditioned upon the failure of the state to pay the principal of or interest on the bonds with respect to which the promissory notes or other obligations relate. The state finance committee may authorize the issuance of short-term obligations in lieu of long-term obligations for the purposes of more favorable interest rates, lower total interest costs, and increased marketability and for the purpose of retiring the bonds during the life of the project for which they were issued. Bonds issued under the provisions of RCW 47.26.420 through 47.26.427 and 47.26.425 shall be legal investment for any of the funds of the state, except the permanent school fund. Any funds required to repay the authorization of series II bonds authorized by RCW 47.26.420, as reenacted by section 3, chapter 5, Laws of 1979, or the interest thereon when due, shall first be taken from that portion of the motor vehicle fund which results from the imposition of excise taxes on motor vehicle and special fuels imposed by chapters 82.36 and 82.38 RCW and which is distributed to the transportation improvement account in the motor vehicle fund pursuant to RCW 46.68.090(2)(e), subject, however, to the prior lien of the first authorization of bonds authorized by RCW 47.26.420, as reenacted by section 3, chapter 5, Laws of 1979. If the moneys distributed to the transportation improvement account shall ever be insufficient to repay the first authorization bonds together with interest thereon, and the series II bonds or the interest thereon when due, the amount required to make such payments on such bonds or interest thereon shall next be taken from that portion of the motor vehicle fund which results from the imposition of excise taxes on motor vehicle and special fuels and which is distributed to the state, counties, cities, and towns pursuant to

47.26.4254 Bonds—Series III bonds—Designation of funds to repay bonds and interest. (1) Any funds required to repay series III bonds authorized by RCW 47.26.420, or the interest thereon, when due shall first be taken from that portion of the motor vehicle fund that results from the imposition of excise taxes on motor vehicle and special fuels imposed by chapters 82.36 and 82.38 RCW and that is distributed to the transportation improvement account in the motor vehicle fund pursuant to RCW 46.68.090(2)(e), subject, however, to the prior lien of the first authorization of bonds authorized by RCW 47.26.420. If the moneys so distributed to the transportation improvement account, after first being applied to administrative expenses of the transportation improvement board and to the requirements of bond retirement and payment of interest on first authorization bonds and series II bonds as provided in RCW 47.26.425 and 47.26.4252, are insufficient to meet the requirements for bond retirement or interest on any series III bonds, the amount required to make such payments on series III bonds or interest thereon shall next be taken from that portion of the motor vehicle fund that results from the imposition of excise taxes on motor vehicle and special fuels and that is distributed to the state, counties, cities, and towns pursuant to RCW 46.68.090, subject, however, to subsection (2) of this section.

(2) To the extent that moneys so distributed to the transportation improvement account are insufficient to meet the requirements for bond retirement or interest on any series III bonds, sixty percent of the amount required to make such payments when due shall first be taken from that portion of the motor vehicle fund that results from the imposition of excise taxes on motor vehicle and special fuels and that is distributed to the state. The remaining forty percent shall first be taken from that portion of the motor vehicle fund that results from the imposition of excise taxes on motor vehicle and special fuels and that is distributed to the cities and towns pursuant to RCW 46.68.090(2)(g) and to the counties pursuant to RCW 46.68.090(2)(h). Of the counties', cities', and towns' share of any additional amounts required in each fiscal year, the percentage thereof to be taken from the counties' distributive share and from the cities' and towns' distributive share shall correspond to the percentage of funds authorized for specific county projects and for specific city and town projects, respectively, from the proceeds of series III bonds, for the period through the first eleven months of the prior fiscal year as determined by the chair of the transportation improvement board and reported to the state finance commit-

tee and the state treasurer not later than the first working day of June.

(3) Any payments on such bonds or interest thereon taken from motor vehicle or special fuel tax revenues that are distributable to the state, counties, cities, and towns shall be repaid from the first moneys distributed to the transportation improvement account not required for redemption of the first authorization bonds, series II bonds, or series III bonds or interest on these bonds. [2011 c 120 § 13; 2010 c 8 § 10008; 1999 sp.s. c 1 § 611. Prior: 1999 c 269 § 8; 1999 c 94 § 23; 1995 c 274 § 13; 1994 c 179 § 24; 1988 c 167 § 30; 1983 1st ex.s. c 49 § 24; 1981 c 315 § 10.]

47.26.4255 Bonds—Series II bonds, 1979 reenactment—Charge against fuel tax revenues. Except as otherwise provided by statute, the series II bonds issued under authority of RCW 47.26.420, as reenacted by section 3, chapter 5, Laws of 1979, the bonds authorized by RCW 47.60.560 through 47.60.640, and any general obligation bonds of the state of Washington which may be authorized by the forty-sixth legislature or thereafter and which pledge motor vehicle and special fuel excise taxes for the payment of principal and interest thereon shall be an equal charge against the revenues from such motor vehicle and special fuel excise taxes. [1979 c 5 § 9.]

47.26.426 Bonds—Repayment procedure—Bond retirement account. At least one year prior to the date any interest is due and payable on such first authorization bonds, series II bonds, and series III bonds or before the maturity date of any such bonds, the state finance committee shall estimate, subject to the provisions of RCW 47.26.425, 47.26.4252, and 47.26.4254 the percentage of the receipts in money of the motor vehicle fund, resulting from collection of excise taxes on motor vehicle and special fuels, for each month of the year which shall be required to meet interest or bond payments hereunder when due, and shall notify the state treasurer of such estimated requirement. The state treasurer, subject to RCW 47.26.425, 47.26.4252, and 47.26.4254, shall thereafter from time to time each month as such funds are paid into the motor vehicle fund, transfer such percentage of the monthly receipts from excise taxes on motor vehicle and special fuels of the motor vehicle fund to the transportation improvement board bond retirement account, maintained in the office of the state treasurer, which fund shall be available for payment of interest or bonds when due. If in any month it shall appear that the estimated percentage of money so made is insufficient to meet the requirements for interest or bond retirement, the treasurer shall notify the state finance committee forthwith and such committee shall adjust its estimates so that all requirements for interest and principal of all bonds issued shall be fully met at all times. [1999 c 268 § 1; 1981 c 315 § 11; 1979 c 5 § 10; 1967 ex.s. c 83 § 51.]

47.26.427 Bonds—Sums in excess of retirement requirements—Use. Whenever the percentage of the motor

vehicle fund arising from excise taxes on motor vehicle and special fuels payable into the transportation improvement board bond retirement account, shall prove more than is required for the payment of interest on bonds when due, or current retirement of bonds, any excess may, in the discretion of the state finance committee, be available for the prior redemption of any bonds or remain available in the fund [account] to reduce the requirements upon the fuel excise tax portion of the motor vehicle fund at the next interest or bond payment period. [1999 c 268 § 2; 1979 c 5 § 11; 1967 ex.s. c 83 § 52.]

47.26.440 Budget for expenditures from funds administered by board—Estimate of revenues. Not later than November 1st of each even-numbered year the transportation improvement board shall prepare and present to the commission for comment and recommendation an adopted budget for expenditures from funds administered by the board during the ensuing biennium. The budget shall contain an estimate of the revenues to be credited to the several accounts and the amount, if any, of bond proceeds which the board determines should be made available through the sale of bonds in the ensuing biennium. [1994 c 179 § 25; 1988 c 167 § 32; 1984 c 7 § 163; 1967 ex.s. c 83 § 54.]

47.26.450 Allocation of funds—Value engineering studies—Rules. The board shall adopt rules and procedures to govern the allocation of funds subject to the appropriations actually approved by the legislature.

The board shall develop rules and procedures to require value engineering studies performed by an interagency team for certain board funded projects. When determining the process, the board shall consider the project cost, length, and complexity. [1994 c 179 § 26; 1988 c 167 § 33; 1987 c 360 § 2; 1973 1st ex.s. c 126 § 3; 1969 ex.s. c 171 § 6.]

47.26.460 Increase in funds allocated to a project—Rules—Factors. The board shall adopt reasonable rules pursuant to which funds allocated to a project may be increased upon a subsequent application of the county, city, town, or transportation benefit district constructing the project. The rules adopted by the board shall consider the following factors: (1) The financial effect of increasing the original allocation for the project upon other urban arterial projects either approved or requested; (2) whether the project for which an additional authorization is requested can be reduced in scope while retaining a usable segment; (3) whether the cost of the project shown in the original application was based upon reasonable engineering estimates; and (4) whether the requested additional authorization is to pay for an expansion in the scope of work originally approved. [1994 c 179 § 27; 1969 ex.s. c 171 § 7.]

BOND ISSUE—TRANSPORTATION PROJECTS IN URBAN AREAS

47.26.500 Issuance authorized. In order to provide funds necessary to meet the urgent construction needs on

state, county, and city transportation projects, there are hereby authorized for issuance general obligation bonds of the state of Washington in the sum of one hundred million dollars, which shall be issued and sold in such amounts and at such times as determined to be necessary by the state transportation improvement board. The amount of such bonds issued and sold under the provisions of RCW 47.26.500 through 47.26.507 in any biennium shall not exceed the amount of a specific appropriation therefor, from the proceeds of such bonds, for the construction of state, county, and city transportation projects. The issuance, sale, and retirement of the bonds shall be under the supervision and control of the state finance committee which, upon request being made by the board, shall provide for the issuance, sale, and retirement of coupon or registered bonds to be dated, issued, and sold from time to time in such amounts as shall be requested by the board. [2000 2nd sp.s. c 6 § 1; 1994 c 179 § 28; 1993 c 440 § 1.]

47.26.501 Term—Signatures—Registration—Negotiable instruments. Each of such bonds shall be made payable at any time not exceeding thirty years from the date of its issuance, with such reserved rights of prior redemption, bearing such interest, and such terms and conditions, as the state finance committee may prescribe to be specified therein. The bonds shall be signed by the governor and the state treasurer under the seal of the state, either or both of which signatures may be in printed facsimile, and any coupons attached to such bonds shall be signed by the same officers whose signatures thereon may be in printed facsimile. Any bonds may be registered in the name of the holder on presentation to the state treasurer or at the fiscal agency of the state of Washington in Seattle or New York City, as to principal alone, or as to both principal and interest under such rules as the state treasurer may adopt. Such bonds shall be payable at such places as the state finance committee may provide. All bonds issued hereunder shall be fully negotiable instruments. [1993 c 440 § 2.]

47.26.502 Denominations—Manner and terms of sale—State investment. The bonds issued under RCW 47.26.500 through 47.26.507 shall be in denominations to be prescribed by the state finance committee and may be sold in such manner and in such amounts and at such times and on such terms and conditions as the committee may prescribe. The state finance committee may obtain insurance, letters of credit, or other credit facility devices with respect to the bonds and may authorize the execution and delivery of agreements, promissory notes, and other obligations for the purpose of insuring the payment or enhancing the marketability of the bonds. Promissory notes or other obligations issued pursuant to this section shall not constitute a debt or the contracting of indebtedness under any constitutional or statutory indebtedness limitation if their payment is conditioned upon the failure of the state to pay the principal of or interest on the bonds with respect to which the promissory notes or other obligations relate. The state finance committee may authorize the issuance of short-term obligations in lieu of long-term obligations for the purposes of more favorable interest rates, lower total interest costs, and increased marketability and for the purpose of retiring the bonds during the life of the project

for which they were issued. Bonds issued under the provisions of RCW 47.26.500 through 47.26.507 shall be legal investment for any of the funds of the state, except the permanent school fund. [1993 c 440 § 3.]

47.26.503 Use of proceeds. The money arising from the sale of the bonds shall be deposited in the state treasury to the credit of the transportation improvement account in the motor vehicle fund, and such money shall be available only for the construction and improvement of state, county, and city transportation projects, and for payment of the expense incurred in the printing, issuance, and sale of any such bonds. The costs of obtaining insurance, letters of credit, or other credit enhancement devices with respect to the bonds shall be considered to be expenses incurred in the issuance and sale of the bonds. [1993 c 440 § 4.]

47.26.504 Statement of obligation—Pledge of excise taxes. Bonds issued under the provisions of RCW 47.26.500 through 47.26.507 shall distinctly state that they are a general obligation of the state of Washington, shall pledge the full faith and credit of the state to the payment of the principal thereof and the interest thereon, and shall contain an unconditional promise to pay such principal and interest as the same shall become due. The principal and interest on such bonds shall be first payable in the manner provided in RCW 47.26.500 through 47.26.507 from the proceeds of state excise taxes on motor vehicle and special fuels imposed by chapters 82.36 and 82.38 RCW. The proceeds of such excise taxes are hereby pledged to the payment of any such bonds and the interest thereon, and the legislature hereby agrees to continue to impose the same excise taxes on motor vehicle and special fuels in amounts sufficient to pay, when due, the principal and interest on all such bonds. [1995 c 274 § 14; 1993 c 440 § 5.]

47.26.505 Funds for repayment. Any funds required to repay such bonds, or the interest thereon when due, shall be taken from that portion of the motor vehicle fund which results from the imposition of excise taxes on motor vehicle and special fuels and which is distributed to the transportation improvement account in the motor vehicle fund under *RCW 46.68.090(1)(h), and shall never constitute a charge against any allocations of any other such funds in the motor vehicle fund to the state, counties, cities, and towns unless and until the amount of the motor vehicle fund arising from the excise tax on motor vehicle and special fuels and distributed to the transportation improvement account proves insufficient to meet the requirements for bond retirement or interest on any such bonds. [1999 sp.s. c 1 § 612. Prior: 1999 c 269 § 9; 1999 c 94 § 24; 1994 c 179 § 29; 1993 c 440 § 6.]

***Reviser's note:** RCW 46.68.090 was amended by 2003 c 361 § 403, changing subsection (1)(h) to subsection (2)(f).

47.26.506 Repayment procedure—Bond retirement account. At least one year prior to the date any interest is due and payable on such bonds or before the maturity date of any such bonds, the state finance committee shall estimate, sub-

ject to the provisions of RCW 47.26.505 the percentage of the receipts in money of the motor vehicle fund, resulting from collection of excise taxes on motor vehicle and special fuels, for each month of the year which shall be required to meet interest or bond payments under RCW 47.26.500 through 47.26.507 when due, and shall notify the state treasurer, subject to RCW 47.26.505, shall thereafter from time to time each month as such funds are paid into the motor vehicle fund, transfer such percentage of the monthly receipts from excise taxes on motor vehicle and special fuels of the motor vehicle fund to the transportation improvement board bond retirement account, maintained in the office of the state treasurer, which account shall be available for payment of principal and interest or bonds when due. If in any month it shall appear that the estimated percentage of money so made is insufficient to meet the requirements for interest or bond retirement, the treasurer shall notify the state finance committee forthwith and such committee shall adjust its estimates so that all requirements for interest and principal of all bonds issued shall be fully met at all times. [1997 c 456 § 24; 1993 c 440 § 7.]

47.26.507 Sums in excess of retirement requirements—Use. Whenever the percentage of the motor vehicle fund arising from excise taxes on motor vehicle and special fuels payable into the transportation improvement board bond retirement account, shall prove more than is required for the payment of interest on bonds when due, or current retirement of bonds, any excess may, in the discretion of the state finance committee, be available for the prior redemption of any bonds or remain available in the fund [account] to reduce the requirements upon the fuel excise tax portion of the motor vehicle fund at the next interest or bond payment period. [1999 c 268 § 3; 1993 c 440 § 8.]

47.26.900 Severability—1967 ex.s. c 83. If any provision of this 1967 amendatory act or the application thereof to any person, firm, or corporation or circumstance is held invalid, in whole or in part, such invalidity shall not affect other provisions of the act which can be given effect without the invalid provisions or application and to this end the provisions of this 1967 amendatory act are declared to be severable. [1967 ex.s. c 83 § 55.]

47.26.910 Effective dates—1967 ex.s. c 83. This 1967 amendatory act is necessary for the immediate preservation of the public peace, health and safety, the support of the state government and its existing public institutions and sections 1 through 55 and section 56, renumbered "Sec. 62", shall take effect on the first day of the month following the approval of this act by the governor; sections 56 through 61 shall take effect on July 1, 1967 with respect to fees paid on or after July 1, 1967. Fees paid pursuant to RCW *46.16.070, 46.16.072, 46.16.075 or 46.16.120 prior to July 1, 1967 shall not be affected by this act. [1967 ex.s. c 83 § 62.]

***Reviser's note:** RCW 46.16.070 was recodified as RCW 46.16A.455 pursuant to 2010 c 161 § 1217, effective July 1, 2011.

47.26.930 Construction—1969 ex.s. c 171. The rule of strict construction shall have no application to this 1969 act or to the provisions of chapter 47.26 RCW, and they shall be liberally construed in order to carry out an effective, efficient and equitable program of financial assistance to urban area cities and counties for arterial roads and streets. [1969 ex.s. c 171 § 8.]

47.28.010 Latitude in selecting route. Whenever the general route of any state highway shall be designated and laid out as running to or by way of certain designated points, without specifying the particular route to be followed to or by way of such points, the department shall determine the particular route to be followed by said state highway to or by way of said designated points, and shall be at liberty to select and adopt as a part of such state highway, the whole or any part of any existing public highway previously designated as a county road, primary road, or secondary road or now or hereafter classified as a county road. The department need not select and adopt the entire routes for such state highways at one time, but may select and adopt parts of such routes from time to time as it deems advisable. Where a state highway is designated as passing by way of a certain point, this shall not require the department to cause such state highway to pass through or touch such point but such designation is direc-

tional only and may be complied with by location in the general vicinity. The department is empowered to construct as a part of any state highway as designated and in addition to any portion meeting the limits of any incorporated city or town a bypass section either through or around any such incorporated city or town. [2006 c 334 § 22; 1977 ex.s. c 151 § 59; 1961 c 13 § 47.28.010. Prior: 1937 c 53 § 31; RRS § 6400-31.]

Effective date—2006 c 334: See note following RCW 47.01.051.

47.28.020 Width of right-of-way. From and after April 1, 1937, the width of one hundred feet is the necessary and proper right-of-way width for state highways unless the department, for good cause, adopts and designates a different width. This section shall not be construed to require the department to acquire increased right-of-way for any state highway in existence on such date. [1984 c 7 § 164; 1961 c 13 § 47.28.020. Prior: 1937 c 53 § 30; RRS § 6400-30; 1913 c 65 § 8; RRS § 6831.]

47.28.025 Description and plan of new or limited access highway—Recording. Whenever the department establishes the location, width, and lines of any new highway, or declares any such new highway as a limited access facility and schedules the acquisition of the right-of-way for the highway or facility within the ensuing two years, it may cause the description and plan of any such highway to be made, showing the center line of the highway and the established width thereof, and attach thereto a certified copy of the resolution. Such description, plan, and resolution shall then be recorded in the office of the county auditor of the proper county. [1999 c 233 § 5; 1984 c 7 § 165; 1977 ex.s. c 225 § 1; 1961 c 13 § 47.28.025. Prior: 1955 c 161 § 1.]

Additional notes found at www.leg.wa.gov

47.28.026 Description and plan of new or limited access highway—Buildings and improvements prohibited, when. (1) No owner or occupier of lands, buildings, or improvements may erect any buildings or make any improvements within the limits of any such highway, the location, width, and lines of which have been established and recorded as provided in RCW 47.28.025. If any such erection and improvements are made, no allowances may be had therefor by the assessment of damages. No permits for improvements within the limits may be issued by any authority. The establishment of any highway location as set forth in RCW 47.28.025 is ineffective after one year from the filing thereof if no action to condemn or acquire the property within the limits has been commenced within that time.

(2) Unless and until the department causes a plan of a proposed new highway or limited access facility to be recorded in the office of the county auditor as authorized in RCW 47.28.025, nothing contained in RCW 47.28.025 or 47.28.026 may be deemed to restrict or restrain in any manner the improvement, development, or other use by owners or occupiers of lands, buildings, or improvements within the limits of any proposed new or limited access highway or any proposed relocated or widened highway. Because of the uncertainties of federal aid and the state level of funding of proposed construction or improvement of state highways,

plans for such improvements approved by the department shall be deemed tentative until filed with the county auditor as authorized in RCW 47.28.025 or until the department commences action to condemn or otherwise acquire the right-of-way for the highway improvements. [1984 c 7 § 166; 1977 ex.s. c 225 § 2; 1961 c 13 § 47.28.026. Prior: 1955 c 161 § 2.]

47.28.030 Contracts—State forces—Monetary limits—Small businesses, veteran, minority, and women contractors—Rules—Work on ferry vessels and terminals, ferry vessel program.

(1)(a) A state highway shall be constructed, altered, repaired, or improved, and improvements located on property acquired for right-of-way purposes may be repaired or renovated pending the use of such right-of-way for highway purposes, by contract or state forces. The work or portions thereof may be done by state forces when the estimated costs thereof are less than fifty thousand dollars and effective July 1, 2005, sixty thousand dollars.

(b) When delay of performance of such work would jeopardize a state highway or constitute a danger to the traveling public, the work may be done by state forces when the estimated cost thereof is less than eighty thousand dollars and effective July 1, 2005, one hundred thousand dollars.

(c) When the department of transportation determines to do the work by state forces, it shall enter a statement upon its records to that effect, stating the reasons therefor.

(d) To enable a larger number of small businesses and veteran, minority, and women contractors to effectively compete for department of transportation contracts, the department may adopt rules providing for bids and award of contracts for the performance of work, or furnishing equipment, materials, supplies, or operating services whenever any work is to be performed and the engineer's estimate indicates the cost of the work would not exceed eighty thousand dollars and effective July 1, 2005, one hundred thousand dollars.

(2) The rules adopted under this section:

(a) Shall provide for competitive bids to the extent that competitive sources are available except when delay of performance would jeopardize life or property or inconvenience the traveling public; and

(b) Need not require the furnishing of a bid deposit nor a performance bond, but if a performance bond is not required then progress payments to the contractor may be required to be made based on submittal of paid invoices to substantiate proof that disbursements have been made to laborers, material suppliers, mechanics, and subcontractors from the previous partial payment; and

(c) May establish prequalification standards and procedures as an alternative to those set forth in RCW 47.28.070, but the prequalification standards and procedures under RCW 47.28.070 shall always be sufficient.

(3) The department of transportation shall comply with such goals and rules as may be adopted by the office of minority and women's business enterprises to implement chapter 39.19 RCW with respect to contracts entered into under this chapter. The department may adopt such rules as may be necessary to comply with the rules adopted by the office of minority and women's business enterprises under chapter 39.19 RCW.

(4)(a) For the period of March 15, 2010, through June 30, 2013, work for less than one hundred twenty thousand dollars may be performed on ferry vessels and terminals by state forces.

(b) The department shall hire a disinterested, third party to conduct an independent analysis to identify methods of reducing out-of-service times for vessel maintenance, preservation, and improvement projects. The analysis must include options that consider consolidating work while vessels are at shipyards by having state forces perform services traditionally performed at Eagle Harbor at the shipyard and decreasing the allowable time at shipyards. The analysis must also compare the out-of-service vessel times of performing services by state forces versus contracting out those services which in turn must be used to form a recommendation as to what the threshold of work performed on ferry vessels and terminals by state forces should be. This analysis must be presented to the transportation committees of the senate and house of representatives by December 1, 2010.

(c) The department shall develop a proposed ferry vessel maintenance, preservation, and improvement program and present it to the transportation committees of the senate and house of representatives by December 1, 2010. The proposed program must:

(i) Improve the basis for budgeting vessel maintenance, preservation, and improvement costs and for projecting those costs into a sixteen-year financial plan;

(ii) Limit the amount of planned out-of-service time to the greatest extent possible, including options associated with department staff as well as commercial shipyards; and

(iii) Be based on the service plan in the capital plan, recognizing that vessel preservation and improvement needs may vary by route.

(d) In developing the proposed ferry vessel maintenance, preservation, and improvement program, the department shall consider the following, related to reducing vessel out-of-service time:

(i) The costs compared to benefits of Eagle Harbor repair and maintenance facility operations options to include staffing costs and benefits in terms of reduced out-of-service time;

(ii) The maintenance requirements for on-vessel staff, including the benefits of a systemwide standard;

(iii) The costs compared to benefits of staff performing preservation or maintenance work, or both, while the vessel is underway, tied up between sailings, or not deployed;

(iv) A review of the department's vessel maintenance, preservation, and improvement program contracting process and contractual requirements;

(v) The costs compared to benefits of allowing for increased costs associated with expedited delivery;

(vi) A method for comparing the anticipated out-of-service time of proposed projects and other projects planned during the same construction period;

(vii) Coordination with required United States coast guard dry dockings;

(viii) A method for comparing how proposed projects relate to the service requirements of the route on which the vessel normally operates; and

(ix) A method for evaluating the ongoing maintenance and preservation costs associated with proposed improve-

ment projects. [2011 c 367 § 710. 47.28.035 Cost of project, defined. The cost of any project for the purposes of RCW 47.28.030 shall be the aggregate of all amounts to be paid for labor, material, and equipment on one continuous or interrelated project where work is to be performed simultaneously. The department shall not permit the construction of any project by state forces by dividing a project into units of work or classes of work to give the appearance of compliance with RCW 47.28.030. [1984 c 194 § 2.]

47.28.040 Precontract preparation of maps, plans, and specifications—Filing. Before entering into any contract for the construction, alteration, repair, or improvement of any state highway the department shall cause the highway to be surveyed throughout the entire length of the proposed construction, alteration, repair, or improvement and cause to be prepared maps, plans, and specifications, together with an estimate of the cost of the proposed work, and such information and directions as will enable a contractor to carry them out. The maps, plans, specifications, and directions shall be approved by the department and a copy thereof filed permanently in the department's office. [1984 c 7 § 167; 1961 c 13 § 47.28.040. 47.28.050 Call for bids. Except as may be provided by rules and regulations adopted under RCW 47.28.030 as now or hereafter amended the department of transportation shall publish a call for bids for the construction of the highway according to the maps, plans, and specifications, once a week for at least two consecutive weeks, next preceding the day set for receiving and opening the bids, in not less than one trade paper of general circulation in the state. The call shall state the time, place, and date for receiving and opening the bids, give a brief description of the location and extent of the work, and contain such special provisions or specifications as the department deems necessary. When necessary to implement chapter 39.19 RCW and the rules adopted to implement that chapter, the department shall include in its call for bids provisions or specifications requiring bidders to comply with chapter 39.19 RCW and the rules adopted to implement it: PROVIDED, That when the estimated cost of any contract to be awarded is less than fifty thousand dollars, the call for bids need only be published in at least one paper of general circu-

lation in the county where the major part of the work is to be performed: PROVIDED FURTHER, That when the estimated cost of a contract to be awarded is seven thousand five hundred dollars or less, including the cost of materials, supplies, engineering, and equipment, the department of transportation need not publish a call for bids: PROVIDED FURTHER, That after a bid call has been advertised for two consecutive weeks it may be postponed and the bids opened one week later. 47.28.060 Copy of map, plans, etc.—Charge. Any person, firm, or corporation is entitled to receive copies of the maps, plans, specifications, and directions for any work upon which call for bids has been published, upon request therefor and subsequent payment to the department of a reasonable sum as required by the department in the call for bids for each copy of such maps, plans, and specifications. Any money so received shall be certified by the department to the state treasurer and deposited to the credit of the motor vehicle fund. The department may deliver with or without charge informational copies of maps, plans, specifications, and directions at such places as it may designate. 47.28.070 Form of bid—Data required—Requirements—Refusal to furnish form—Appeal. Bid proposals upon any construction or improvement of any state highway shall be made upon contract proposal form supplied by the department and in no other manner. The department shall, before furnishing any person, firm, or corporation desiring to bid upon any work for which a call for bid proposals has been published with a contract proposal form, require from the person, firm, or corporation, answers to questions contained in a standard form of questionnaire and financial statement, including a complete statement of the financial ability and experience of the person, firm, or corporation in performing state highway, road, or other public work. The questionnaire and financial statement shall be sworn to before a notary public or other person authorized to take acknowledgment of deeds, and shall be submitted once a year and at such other times as the department may require. Whenever the department is not satisfied with the sufficiency of the answers contained in the questionnaire and financial statement or whenever the department determines that the person, firm, or corporation does not meet all of the requirements set forth in this section it may refuse to furnish the person, firm, or corporation with a contract proposal form, and any bid proposal of the person, firm, or corporation must be disregarded. In order to obtain a contract proposal form, a person, firm, or corporation shall have all of the following requirements:

- (1) Adequate financial resources or the ability to secure such resources;
- (2) The necessary experience, organization, and technical qualifications to perform the proposed contract;

(3) The ability to comply with the required performance schedule taking into consideration all of its existing business commitments;

(4) A satisfactory record of performance, integrity, judgment, and skills; and

(5) Be otherwise qualified and eligible to receive an award under applicable laws and regulations.

The refusal is conclusive unless appeal therefrom to the superior court of Thurston county is taken within five days, which appeal shall be heard summarily within ten days after it is taken and on five days' notice thereof to the department. [1984 c 7 § 169; 1967 ex.s. c 145 § 39; 1961 c 13 § 47.28.070. Prior: 1937 c 53 § 35; RRS § 6400-35.]

47.28.075 Financial information not open to public inspection. The department of transportation shall not be required to make available for public inspection and copying financial information supplied by any person, firm, or corporation for the purpose of qualifying to submit a bid or proposal for highway construction or improvement as required by RCW 47.28.070. [1981 c 215 § 1.]

47.28.080 Withdrawal of bids—New bids—Time fixed in call controls. Any person, firm, or corporation proposing a bid for the construction or improvement of any state highway in response to a call for bids published therefor may withdraw the bid proposal without forfeiture and without prejudice to the right of the bidder to file a new bid proposal before the time fixed for the opening of the bid proposals. The request for the withdrawal shall be made in writing, signed by the person proposing the bid or his or her duly authorized agent, and filed at the place and before the time fixed in the call for bids for receipt of the bid proposals. No bid proposal may be considered that has not been filed with the department before the time fixed for the receipt of bid proposals. In any provisions regarding the filing or withdrawing of bid proposals the time fixed for the receipt of bid proposals in the call for bid proposals as published shall control without regard for the time when the bid proposals are actually opened. [2010 c 8 § 10009; 1985 c 242 § 2; 1984 c 7 § 170; 1961 c 13 § 47.28.080. Prior: 1937 c 53 § 36; RRS § 6400-36.]

47.28.090 Opening of bids and award of contract—Deposit. At the time and place named in the call for bids the department of transportation shall publicly open and read the final figure in each of the bid proposals that have been properly filed and read only the unit prices of the three lowest bids, and shall award the contract to the lowest responsible bidder unless the department has, for good cause, continued the date of opening bids to a day certain, or rejected that bid. Any bid may be rejected if the bidder has previously defaulted in the performance of and failed to complete a written public contract, or has been convicted of a crime arising from a previous public contract. If the lowest responsible bidder fails to meet the provisions or specifications requiring compliance with chapter 39.19 RCW and the rules adopted to implement that chapter, the department may award the contract to the next lowest responsible bidder which does meet

the provisions or specifications or may reject all bids and readvertise. All bids shall be under sealed cover and accompanied by deposit in cash, certified check, cashier's check, or surety bond in an amount equal to five percent of the amount of the bid, and a bid shall not be considered unless the deposit is enclosed with it. [1985 c 242 § 3; 1983 c 120 § 17; 1971 ex.s. c 21 § 2; 1961 c 13 § 47.28.090. Prior: 1955 c 83 § 1; 1949 c 64 § 1; 1937 c 53 § 37; Rem. Supp. 1949 § 6400-37.]

47.28.100 Failure or rejection of bidder. If the successful bidder fails to enter into the contract and furnish satisfactory bond as provided by law within twenty days from the award, exclusive of the day of the award, his or her deposit shall be forfeited to the state and deposited by the state treasurer to the credit of the motor vehicle fund, and the department may award the contract to the second lowest responsible bidder. If the second lowest responsible bidder fails to enter into the contract and furnish bond within twenty days after award to him or her, forfeiture of his or her deposit shall also be made, and the contract may be awarded to the third lowest responsible bidder, and in like manner until the contract and bond are executed by a responsible bidder to whom award is made, or further bid proposals are rejected, or the number of bid proposals are exhausted. If the contract is not executed or no contractor's bond provided within the time required, and there appear circumstances that are deemed to warrant an extension of time, the department may extend the time for execution of the contract or furnishing bond for not to exceed twenty additional days. After awarding the contract the deposits of unsuccessful bidders shall be returned, but the department may retain the deposit of the next lowest responsible bidder or bidders as it desires until such time as the contract is entered into and satisfactory bond is provided by the bidder to whom the award is ultimately made. A low bidder who claims error and fails to enter into a contract is prohibited from bidding on the same project if a second or subsequent call for bids is made for the project.

If in the opinion of the department the acceptance of the bid of the lowest responsible bidder or bidders, or on prior failure of the lowest responsible bidder or bidders the acceptance of the bid of the remaining lowest responsible bidder or bidders, will not be for the best interest of the state, it may reject all bids or all remaining bids and republish a call for bids in the same manner as for an original publication thereof. [1996 c 18 § 8; 1984 c 7 § 171; 1961 c 13 § 47.28.100. Prior: 1953 c 53 § 1; 1937 c 53 § 38; RRS § 6400-38.]

47.28.110 Sureties—Qualifications—Additional sureties. At any time and as often as it may be deemed necessary, the department may require any or all sureties or any surety company to appear and qualify themselves upon any contractor's bond. Whenever the surety or sureties upon any contractor's bond become insufficient or are deemed by the department to have become insufficient, the department may demand in writing that the contracting person, firm, or corporation furnish such further contractor's bond or bonds or additional surety in an amount not exceeding that originally

required as may be deemed necessary considering the extent of the work remaining to be done upon the contract. No further payments may be made on the contract until such additional surety as is required is furnished. [1984 c 7 § 172; 1961 c 13 § 47.28.110. Prior: 1937 c 53 § 39; RRS § 6400-39.]

47.28.120 Actions for labor and materials—Limitation of action. Any contracting person, firm, or corporation performing any labor or furnishing any materials upon their contract or otherwise for public work or improvement under the direction of the department or any person claiming any right of action upon any such contract with the state of Washington or who claims a cause of action against the state of Washington arising out of any such contract must bring such suit in the proper court in Thurston county before the expiration of one hundred and eighty days from and after the final acceptance and the approval of the final estimate of such work by the department; otherwise the action is forever barred. 47.28.140 Highway, public transportation improvements, flood damage prevention—Cooperative agreements. When in the opinion of the governing authorities representing the department and any agency, instrumentality, municipal corporation, or political subdivision of the state of Washington, any highway, road, or street will be benefited or improved by constructing, reconstructing, locating, relocating, laying out, repairing, surveying, altering, improving, or maintaining, or by the establishment adjacent to, under, upon, within, or above any portion of any such highway, road, or street of an urban public transportation system, by either the department or any agency, instrumentality, municipal corporation, or political subdivision of the state, and it is in the public interest to do so, the authorities may enter into cooperative agreements wherein either agrees to perform the work and furnish the materials necessary and pay the cost thereof, including necessary engineering assistance, which costs and expenses shall be reimbursed by the party whose responsibility it was to do or perform the work or improvement in the first instance. The work may be done by either day labor or contract, and the cooperative agreement between the parties shall provide for the method of reimbursement. In the case of some special benefit or improvement to a state highway derived from any project that assists in preventing or minimizing flood damages as defined in RCW 86.16.120 or from the construction of any public works project, including any urban public transportation system, the department may contribute to the cost thereof by making direct payment to the particular state department, agency, instrumentality, municipal corporation, or political subdivision on the basis of benefits received, but such payment shall be made only after a cooperative agreement has been entered into for a specified amount or on an actual cost basis prior to the commencement of the particular public works project. [1991 c 322 § 29; 1984 c 7 § 174; 1967 c 108 § 6; 1961 c 13 § 47.28.140. Prior: 1955 c 384 § 8.]

47.28.150 Underpasses, overpasses constructed with federal funds—Maintenance cost apportionment. Notwithstanding any of the provisions of RCW 81.53.090, where the cost of constructing an overpass or underpass which is part of the state highway system has been paid for in whole or in part by the use of federal funds, the state shall at its expense maintain the entire overpass structure and the approaches thereto, and the railroad company shall at its expense maintain the entire underpass structure, including the approaches thereto. The state shall at its expense maintain the roadway, and the railroad company shall at its expense maintain its roadbed and tracks on or under all such structures. [1961 c 13 § 47.28.150. Prior: 1959 c 319 § 34.]

47.28.170 Emergency protection and restoration of highways. (1) Whenever the department finds that as a consequence of accident, natural disaster, or other emergency, an existing state highway is in jeopardy or is rendered impassible in one or both directions and the department further finds that prompt reconstruction, repair, or other work is needed to preserve or restore the highway for public travel, the department may obtain at least three written bids for the work without publishing a call for bids, and the secretary of transportation may award a contract forthwith to the lowest responsible bidder.

The department shall notify any association or organization of contractors filing a request to regularly receive notification. Notification to an association or organization of contractors shall include: (a) The location of the work to be done; (b) the general anticipated nature of the work to be done; and (c) the date determined by the department as reasonable in view of the nature of the work and emergent nature of the problem after which the department will not receive bids.

(2) Whenever the department finds it necessary to protect a highway facility from imminent damage or to perform emergency work to reopen a highway facility, the department may contract for such work on a negotiated basis not to exceed force account rates for a period not to exceed thirty working days.

(3) The secretary shall review any contract exceeding seven hundred thousand dollars awarded under subsection (1) or (2) of this section with the office of financial management within thirty days of the contract award.

(4) Any person, firm, or corporation awarded a contract for work must be prequalified pursuant to RCW 47.28.070 and may be required to furnish a bid deposit or performance bond. [2006 c 334 § 23; 1990 c 265 § 1; 1984 c 7 § 175; 1971 ex.s. c 89 § 1.]

47.28.220 Compost products. (1) A contract awarded in whole or in part for the purchase of compost products as a soil cover or soil amendment to state highway rights-of-way shall specify that compost products be purchased in accordance with the following schedule:

(a) For the period July 1, 1996, through June 30, 1997, twenty-five percent of the total dollar amount purchased;

(b) For the period July 1, 1998, through June 30, 1999, fifty percent of the total dollar amount purchased. The percentages in this subsection apply to the materials' value and include services or other materials.

(2) In order to carry out the provisions of this section, the department of transportation shall develop and adopt bid specifications for compost products used in state highway construction projects.

(3)(a) For purposes of this section, "compost products" means mulch, soil amendments, ground cover, or other landscaping material derived from the biological or mechanical conversion of biosolids or cellulose-containing waste materials.

(b) For purposes of this section, "biosolids" means municipal sewage sludge or septic tank septage sludge that meets the requirements of chapter 70.95J RCW. [1996 c 198 § 4; 1992 c 174 § 14; 1991 c 297 § 14.]

47.28.241 Alternative delivery of construction services—Definitions. The definitions in this section apply throughout RCW 47.28.251 and *41.06.380 unless the context clearly requires otherwise.

(1) "Construction services" means those services that aid in the delivery of the highway construction program and include, but are not limited to, real estate services and construction engineering services.

(2) "Construction engineering services" include, but are not limited to, construction management, construction administration, materials testing, materials documentation, contractor payments and general administration, construction oversight, and inspection and surveying. [2003 c 363 § 102.]

*Reviser's note: RCW 41.06.380 was repealed by 2002 c 354 § 403, effective July 1, 2005.

Part headings not law—2003 c 363: "Part headings used in this act are not part of the law." [2003 c 363 § 308.]

Severability—2003 c 363: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [2003 c 363 § 309.]

47.28.251 Alternative delivery of construction services—Financial incentives—Private contracting—Reports. (1) The department of transportation shall work with representatives of transportation labor groups to develop a financial incentive program to aid in retention and recruitment of employee classifications where problems exist and program delivery is negatively affected. The department's financial incentive program must be reviewed and approved by the legislature before it can be implemented. This program must support the goal of enhancing project delivery timelines as outlined in section 101, chapter 363, Laws of 2003. Upon receiving approval from the legislature, the office of financial management shall implement, as required, specific aspects of the financial incentive package, as developed by the department of transportation.

(2) Notwithstanding chapter 41.06 RCW, the department of transportation may acquire services from qualified private firms in order to deliver the transportation construction program to the public. Services may be acquired solely for aug-

menting the department's workforce capacity and only when the department's transportation construction program cannot be delivered through its existing or readily available workforce. The department of transportation shall work with representatives of transportation labor groups to develop and implement a program identifying those projects requiring contracted services while establishing a program as defined in subsection (1) of this section to provide the classified personnel necessary to deliver future construction programs. The procedures for acquiring construction engineering services from private firms may not be used to displace existing state employees nor diminish the number of existing classified positions in the present construction program. The acquisition procedures must be in accordance with chapter 39.80 RCW.

(3) Starting in December 2004, and biennially thereafter, the secretary shall report to the transportation committees of the legislature on the use of construction engineering services from private firms authorized under this section. The information provided to the committees must include an assessment of the benefits and costs associated with using construction engineering services, or other services, from private firms, and a comparison of public versus private sector costs. The secretary may act on these findings to ensure the most cost-effective means of service delivery. [2011 1st sp.s. c 43 § 477; 2003 c 363 § 103.]

Effective date—Purpose—2011 1st sp.s. c 43: See notes following RCW 43.19.003.

Finding—Intent—2003 c 363 §§ 103 and 104: "The legislature finds that there is a pressing need for additional transportation projects to meet the mobility needs of Washington's citizens. With major new investments approved to meet these pressing needs, additional workforce assistance is necessary to ensure and enhance project delivery timelines. Recruiting and retaining a high quality workforce, and implementing new and innovative procedures for delivering these transportation projects, is required to accomplish them on a timely basis that best serves the public. It is the intent of sections 103 and 104 of this act that no state employees will lose their employment as a result of implementing new and innovative project delivery procedures." 47.29.010 Finding—Intent. (1) The legislature finds that the public-private transportation initiatives act created under chapter 47.46 RCW has not met the needs and expectations of the public or private sectors for the development of transportation projects. The legislature intends to phase out chapter 47.46 RCW coincident with the completion of the Tacoma Narrows Bridge - SR 16 public-private partnership. From July 24, 2005, this chapter will provide a more desirable and effective approach to developing transportation projects in partnership with the private sector by applying lessons learned from other states and from this state's ten-year experience with chapter 47.46 RCW.

(2) It is the legislature's intent to achieve the following goals through the creation of this new approach to public-private partnerships:

(a) To provide a well-defined mechanism to facilitate the collaboration between public and private entities in transportation;

(b) To bring innovative thinking from the private sector and other states to bear on public projects within the state;

(c) To provide greater flexibility in achieving the transportation projects; and

(d) To allow for creative cost and risk sharing between the public and private partners.

(3) The legislature intends that the powers granted in this chapter to the commission or department are in addition to any powers granted under chapter 47.56 RCW.

(4) It is further the intent of the legislature that an expert review panel be established for each project developed under chapter 334, Laws of 2006. Expert review panels shall be responsible for reviewing selected proposals, analyzing and reviewing tentative agreements, and making recommendations to the governor and the transportation commission on the advisability of executing agreements under chapter 334, Laws of 2006. [2006 c 334 § 48; 2005 c 317 § 1.]

Effective date—2006 c 334: See note following RCW 47.01.051.

47.29.020 Definitions. The definitions in this section apply throughout this chapter.

(1) "Authority" means the transportation commission.

(2) "Commission" means the transportation commission.

(3) "Department" means the department of transportation.

(4) "Eligible project" means any project eligible for development under RCW 47.29.050.

(5) "Eligible public works project" means only a project that meets the criteria of either RCW 47.29.060 (3) or (4).

(6) "Private sector partner" and "private partner" means a person, entity, or organization that is not the federal government, a state, or a political subdivision of a state.

(7) "Public funds" means all moneys derived from taxes, fees, charges, tolls, etc.

(8) "Public sector partner" and "public partner" means any federal or state unit of government, bistate transportation organization, or any other political subdivision of any state.

(9) "Transportation innovative partnership program" or "program" means the program as outlined in RCW 47.29.040.

(10) "Transportation project" means a project, whether capital or operating, where the state's primary purpose for the project is to preserve or facilitate the safe transport of people or goods via any mode of travel. However, this does not include projects that are primarily for recreational purposes, such as parks, hiking trails, off-road vehicle trails, etc.

(11) "Unit of government" means any department or agency of the federal government, any state or agency, office, or department of a state, any city, county, district, commission, authority, entity, port, or other public corporation organized and existing under statutory law or under a voter-approved charter or initiative, and any intergovernmental entity created under chapter 39.34 RCW or this chapter. [2005 c 317 § 2.]

47.29.030 Transportation commission powers and duties. In addition to the powers it now possesses, the commission shall:

(1) Approve or review contracts or agreements authorized in this chapter;

(2) Adopt rules to carry out this chapter and govern the program, which at a minimum must address the following issues:

(a) The types of projects allowed; however, all allowed projects must be included in the Washington transportation plan or identified by the authority as being a priority need for the state;

(b) The types of contracts allowed, with consideration given to the best practices available;

(c) The composition of the team responsible for the evaluation of proposals to include:

(i) Washington state department of transportation staff;

(ii) An independent representative of a consulting or contracting field with no interests in the project that is prohibited from becoming a project manager for the project and bidding on any part of the project;

(iii) An observer from the state auditor's office or the joint legislative audit and review committee;

(iv) A person appointed by the commission, if the secretary of transportation is a cabinet member, or appointed by the governor if the secretary of transportation is not a cabinet member; and

(v) A financial expert;

(d) Minimum standards and criteria required of all proposals;

(e) Procedures for the proper solicitation, acceptance, review, and evaluation of projects;

(f) Criteria to be considered in the evaluation and selection of proposals that includes:

(i) Comparison with the department's internal ability to complete the project that documents the advantages of completing the project as a partnership versus solely as a public venture; and

(ii) Factors such as, but not limited to: Priority, cost, risk sharing, scheduling, and management conditions;

(g) The protection of confidential proprietary information while still meeting the need for public disclosure that is consistent with RCW 47.29.190;

(h) Protection for local contractors to participate in sub-contracting opportunities;

(i) Specifying that maintenance issues must be resolved in a manner consistent with the personnel system reform act, chapter 41.80 RCW;

(j) Specifying that provisions regarding patrolling and law enforcement on a public facility are subject to approval by the Washington state patrol;

(3) Adopt guidelines to address security and performance issues.

Preliminary rules and guidelines developed under this section must be submitted to the chairs and ranking members of both transportation committees by November 30, 2005, for review and comment. All final rules and guidelines must be submitted to the full legislature during the 2006 session for review. [2005 c 317 § 3.]

47.29.040 Purpose. The Transportation Innovative Partnerships Act is created for the planning, acquisition, design, financing, management, development, construction, reconstruction, replacement, improvement, maintenance, preservation, repair, and operation of transportation projects. The goals of this chapter are to:

- (1) Reduce the cost of transportation project delivery;
- (2) Recover transportation investment costs;
- (3) Develop an expedited project delivery process;
- (4) Encourage business investment in public infrastructure;
- (5) Use any fund source outside the state treasury, where financially advantageous and in the public interest;
- (6) Maximize innovation;
- (7) Develop partnerships between and among private entities and the public sector for the advancement of public purposes on mutually beneficial terms;
- (8) Create synergies between and among public sector entities to develop projects that serve both transportation and other important public purposes; and
- (9) Access specialized construction management and project management services and techniques available in the private sector. [2005 c 317 § 4.]

47.29.050 Eligible projects. Projects eligible for development under this chapter include:

- (1) Transportation projects, whether capital or operating, where the state's primary purpose for the project is to facilitate the safe transport of people or goods via any mode of travel. However, this does not include projects that are primarily for recreational purposes, such as parks, hiking trails, off-road vehicle trails, etc.; and
- (2) Facilities, structures, operations, properties, vehicles, vessels, or the like that are developed concurrently with an eligible transportation project and that are capable of (a) providing revenues to support financing of an eligible transportation project, or (b) that are public projects that advance public purposes unrelated to transportation. [2005 c 317 § 5.]

47.29.060 Eligible financing. (1) Subject to the limitations in this section, the department may, in connection with

[Title 47 RCW—page 120]

the evaluation of eligible projects, consider any financing mechanisms identified under subsections (3) through (5) of this section or any other lawful source, either integrated as part of a project proposal or as a separate, stand-alone proposal to finance a project. Financing may be considered for all or part of a proposed project. A project may be financed in whole or in part with:

(a) The proceeds of grant anticipation revenue bonds authorized by 23 U.S.C. Sec. 122 and applicable state law. Legislative authorization and appropriation is required in order to use this source of financing;

(b) Grants, loans, loan guarantees, lines of credit, revolving lines of credit, or other financing arrangements available under the Transportation Infrastructure Finance and Innovation Act under 23 U.S.C. Sec. 181 et seq., or any other applicable federal law;

(c) Infrastructure loans or assistance from the state infrastructure bank established by RCW 82.44.195;

(d) Federal, state, or local revenues, subject to appropriation by the applicable legislative authority;

(e) User fees, tolls, fares, lease proceeds, rents, gross or net receipts from sales, proceeds from the sale of development rights, franchise fees, or any other lawful form of consideration. However, projects financed by tolls or equivalent funding sources must first be authorized by the legislature under RCW 47.56.820.

(2) As security for the payment of financing described in this section, the revenues from the project may be pledged, but no such pledge of revenues constitutes in any manner or to any extent a general obligation of the state. Any financing described in this section may be structured on a senior, parity, or subordinate basis to any other financing.

(3) For any transportation project developed under this chapter that is owned, leased, used, or operated by the state, as a public facility, if indebtedness is issued, it must be issued by the state treasurer for the transportation project.

(4) For other public projects defined in RCW 47.29.050(2) that are developed in conjunction with a transportation project, financing necessary to develop, construct, or operate the public project must be approved by the state finance committee or by the governing board of a public benefit corporation as provided in the federal Internal Revenue Code section 63-20;

(5) For projects that are developed in conjunction with a transportation project but are not themselves a public facility or public project, any lawful means of financing may be used. [2008 c 122 § 18; 2005 c 317 § 6.]

47.29.070 Use of federal funds and similar revenues.

The department may accept from the United States or any of its agencies such funds as are available to this state or to any other unit of government for carrying out the purposes of this chapter, whether the funds are made available by grant, loan, or other financing arrangement. The department may enter into such agreements and other arrangements with the United States or any of its agencies as may be necessary, proper, and convenient for carrying out the purposes of this chapter, subject to RCW 47.29.080. [2005 c 317 § 7.]

47.29.080 Other sources of funds or property. The department may accept from any source any grant, donation,

(2012 Ed.)

gift, or other form of conveyance of land, money, other real or personal property, or other valuable thing made to the state of Washington, the department, or a local government for carrying out the purposes of this chapter.

Any eligible project may be financed in whole or in part by contribution of any funds or property made by any private entity or public sector partner that is a party to any agreement entered into under this chapter. [2005 c 317 § 8.]

47.29.090 Project review, evaluation, and selection.

(1) Subject to subsection (2) of this section, the commission may:

(a) Solicit concepts or proposals for eligible projects from private entities and units of government;

(b) On or after January 1, 2007, accept unsolicited concepts or proposals for eligible projects from private entities and units of government, subject to RCW 47.29.170;

(c) Direct the department to evaluate projects for inclusion in the transportation innovative partnerships program that are already programmed or identified for traditional development by the state;

(d) Direct the department to evaluate the concepts or proposals received under this section; and

(e) Select potential projects based on the concepts or proposals. The evaluation under this subsection must include consultation with any appropriate unit of government.

(2) Before undertaking any of the activities contained in subsection (1) of this section, the commission must have:

(a) Completed the tolling feasibility study; and

(b) Adopted rules specifying procedures for the proper solicitation, acceptance, review, and evaluation of projects, which procedures must include:

(i) A comparison with the department's internal ability to complete the project that documents the advantages of completing the project as a partnership versus solely as a public venture; and

(ii) Factors such as priority, cost, risk sharing, scheduling, and management conditions. [2005 c 317 § 9.]

47.29.100 Administrative fee. The department may charge a reasonable administrative fee for the evaluation of an unsolicited project proposal. The amount of the fee will be established in rules of the commission. [2005 c 317 § 10.]

47.29.110 Funds for proposal evaluation and negotiation. The department may spend, out of any funds identified for the purpose, such moneys as may be necessary for the evaluation of concepts or proposals for eligible projects and for negotiating agreements for eligible projects authorized by this chapter. The department may employ engineers, consultants, or other experts the department determines are needed for the purposes of doing the evaluation and negotiation. Expenses incurred by the department under this section before the issuance of transportation project bonds or other financing must be paid by the department and charged to the appropriate project. The department shall keep records and accounts showing each amount so charged.

Unless otherwise provided in the omnibus transportation budget the funds spent by the department under this section in connection with the project must be repaid from the proceeds of the bonds or other financing upon the sale of transportation

project bonds or upon obtaining other financing for an eligible project, as allowed by law or contract. [2005 c 317 § 11.]

47.29.120 Expert consultation. The commission and department may consult with legal, financial, and other experts inside and outside the public sector in the evaluation, negotiation, and development of projects under this chapter, consistent with RCW 43.10.040 where applicable. [2005 c 317 § 12.]

47.29.130 Contracted studies. Notwithstanding any other provision of law, and in the absence of any direct federal funding or direction, the department may contract with a private developer of a selected project proposal to conduct environmental impact studies and engineering and technical studies. [2005 c 317 § 13.]

47.29.140 Partnership agreements. (1) The following provisions must be included in any agreement to which the state is a party:

(a) For any project that proposes terms for stand-alone maintenance or asset management services for a public facility, those services must be provided in a manner consistent with any collective bargaining agreements, the personnel system reform act (chapter 41.80 RCW), and civil service laws that are in effect for the public facility;

(b) Transportation projects that are selected for development under this chapter must be identified in the Washington transportation plan or be identified by the authority as being a priority need for the state;

(c) If there is a tolling component to the project, then it must be specified that tolling technology used in the project must be consistent with tolling technology standards adopted by the department for transportation-related projects;

(d) Provisions for bonding, financial guarantees, deposits, or the posting of other security to secure the payment of laborers, subcontractors, and suppliers who perform work or provide materials as part of the project;

(e) All projects must be financed in a manner consistent with RCW 47.29.060. This chapter is null and void if this subsection or RCW 47.29.060 fails to become law or is held invalid by a court of final jurisdiction.

(2) Agreements between the state and private sector partners entered into under this section must specifically include the following contractual elements:

(a) The point in the project at which public and private sector partners will enter the project and which partners will assume responsibility for specific project elements;

(b) How the partners will share management of the risks of the project;

(c) How the partners will share the costs of development of the project;

(d) How the partners will allocate financial responsibility for cost overruns;

(e) The penalties for nonperformance;

(f) The incentives for performance;

(g) The accounting and auditing standards to be used to evaluate work on the project;

(h) For any project that reverts to public ownership, the responsibility for reconstruction or renovations that are

required in order for a facility to meet all applicable government standards upon reversion of the facility to the state; and

(i) Provisions for patrolling and law enforcement on transportation projects that are public facilities. [2005 c 317 § 14.]

47.29.150 Public involvement and participation. (1)

Before final approval, agreements entered into under this chapter must include a process that provides for public involvement and participation with respect to the development of the projects. This plan must be submitted along with the proposed agreement, and both must be approved under RCW 47.29.160 before the state may enter a binding agreement.

(2) All workshops, forums, open houses, meetings, public hearings, or similar public gatherings must be administered and attended by representatives of the state and any other public entities that are party to an agreement authorized by this chapter. [2005 c 317 § 15.]

47.29.160 Approval and execution. (1) Before approving an agreement under subsection (2) of this section, the commission, with the technical assistance of the department, must:

(a) Prepare a financial analysis that fully discloses all project costs, direct and indirect, including costs of any financing;

(b) Publish notice and make available the contents of the agreement, with the exception of patent information, at least twenty days before the public hearing required in (c) of this subsection; and

(c) Hold a public hearing on the proposed agreement, with proper notice provided at least twenty days before the hearing. The public hearing must be held within the boundaries of the county seat of the county containing the project.

(2) The commission must allow at least twenty days from the public hearing on the proposed agreement required under subsection (1)(c) of this section before approving and executing any agreements authorized under this chapter. [2005 c 317 § 16.]

47.29.170 Unsolicited proposals. Before accepting any unsolicited project proposals, the commission must adopt rules to facilitate the acceptance, review, evaluation, and selection of unsolicited project proposals. These rules must include the following:

(1) Provisions that specify unsolicited proposals must meet predetermined criteria;

(2) Provisions governing procedures for the cessation of negotiations and consideration;

(3) Provisions outlining that unsolicited proposals are subject to a two-step process that begins with concept proposals and would only advance to the second step, which are fully detailed proposals, if the commission so directed;

(4) Provisions that require concept proposals to include at least the following information: Proposers' qualifications and experience; description of the proposed project and impact; proposed project financing; and known public benefits and opposition; and

(5) Provisions that specify the process to be followed if the commission is interested in the concept proposal, which must include provisions:

(a) Requiring that information regarding the potential project would be published for a period of not less than thirty days, during which time entities could express interest in submitting a proposal;

(b) Specifying that if letters of interest were received during the thirty days, then an additional sixty days for submission of the fully detailed proposal would be allowed; and

(c) Procedures for what will happen if there are insufficient proposals submitted or if there are no letters of interest submitted in the appropriate time frame.

The commission may adopt other rules as necessary to avoid conflicts with existing laws, statutes, or contractual obligations of the state.

The commission may not accept or consider any unsolicited proposals before July 1, 2013. [2011 c 367 § 701; 2009 c 470 § 702; 2007 c 518 § 702; 2006 c 370 § 604; 2005 c 317 § 17.]

Effective date—2011 c 367: "Except for sections 703, 704, 705, 716, 719, and 722 of this act, this act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [May 16, 2011]." [2011 c 367 § 1102.]

Effective date—2009 c 470: See note following RCW 46.68.170.

Severability—Effective date—2007 c 518: See notes following RCW 46.68.170.

Severability—2006 c 370: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [2006 c 370 § 701.]

Effective date—2006 c 370: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [March 31, 2006]." [2006 c 370 § 702.]

47.29.180 Advisory committees. For projects with costs, including financing costs, of three hundred million dollars or greater, advisory committees are required.

(1) The commission must establish an advisory committee to advise with respect to eligible projects. An advisory committee must consist of not fewer than five and not more than nine members, as determined by the public partners. Members must be appointed by the commission, or for projects with joint public sector participation, in a manner agreed to by the commission and any participating unit of government. In making appointments to the committee, the commission shall consider persons or organizations offering a diversity of viewpoints on the project.

(2) An advisory committee shall review concepts or proposals for eligible projects and submit comments to the public sector partners.

(3) An advisory committee shall meet as necessary at times and places fixed by the department, but not less than twice per year. The state shall provide personnel services to assist the advisory committee within the limits of available funds. An advisory committee may adopt rules to govern its proceedings and may select officers.

(4) An advisory committee must be dissolved once the project has been fully constructed and debt issued to pay for the project has been fully retired. [2005 c 317 § 18.]

47.29.190 Confidentiality. A proposer shall identify those portions of a proposal that the proposer considers to be confidential, proprietary information, or trade secrets and provide any justification as to why these materials, upon request, should not be disclosed by the authority. Patent information will be covered until the patent expires. Other information such as originality of design or records of negotiation may only be protected under this section until an agreement is reached. Disclosure must occur before final agreement and execution of the contract. Projects under federal jurisdiction or using federal funds must conform to federal regulations under the Freedom of Information Act. [2005 c 317 § 19.]

47.29.200 Prevailing wages. If public funds are used to pay any costs of construction of a public facility that is part of an eligible project, chapter 39.12 RCW applies to the entire eligible public works project. [2005 c 317 § 20.]

47.29.210 Government agreements. The state may, either separately or in combination with any other public sector partner, enter into working agreements, coordination agreements, or similar implementation agreements, including the formation of bistate transportation organizations, to carry out the joint implementation of a transportation project selected under this chapter. The state may enter into agreements with other units of government or Canadian provinces for transborder transportation projects. [2005 c 317 § 21.]

47.29.220 Eminent domain. The state may exercise the power of eminent domain to acquire property, rights-of-way, or other rights in property for projects that are necessary to implement an eligible project developed under this chapter, regardless of whether the property will be owned in fee simple by the state. [2005 c 317 § 22.]

47.29.230 Transportation innovative partnership account. (1) The transportation innovative partnership account is established in the custody of the state treasurer separate and distinct from the state general fund. Interest earned by the transportation innovative partnership account must be credited to the account. The account is subject to allotment procedures under chapter 43.88 RCW.

(2) The following moneys must be deposited into the transportation innovative partnership account:

(a) Proceeds from bonds or other financing instruments issued under RCW 47.29.250;

(b) Revenues received from any transportation project developed under this chapter or developed under the general powers granted to the department; and

(c) Any other moneys that are by donation, grant, contract, law, or other means transferred, allocated, or appropriated to the account.

(3) Moneys in the transportation innovative partnership account may only be expended upon evidence of approval by the Washington state legislature, either upon appropriation of supporting state funds or by other statutory direction.

(4) The state treasurer shall serve as a fiduciary for the purpose of carrying out this chapter and implementing all or portions of any transportation project financed under this chapter.

(5) Moneys in the transportation innovative partnership account that were derived from revenue subject to Article II, section 40 (Amendment 18) of the Washington state Constitution, may be used only for purposes authorized by that provision of the state Constitution.

(6) The state treasurer shall establish separate subaccounts within the transportation innovative partnership account for each transportation project that is initiated under this chapter or under the general powers granted to the department. Except as provided in subsection (5) of this section, the state may pledge moneys in the transportation innovative partnership account to secure revenue bonds or any other debt obligations relating to the project for which the account is established. [2005 c 317 § 23.]

47.29.240 Use of account. (1) The state may use moneys in the transportation innovative partnership subaccount to ensure the repayment of loan guarantees or extensions of credit made to or on behalf of private entities engaged in the planning, acquisition, financing, development, design, construction, reconstruction, replacement, improvement, maintenance, preservation, management, repair, or operation of any eligible project that is related to a subaccount established under this chapter.

(2) The lien of a pledge made under this section is subordinate to the lien of a pledge securing bonds payable from moneys in the motor vehicle fund established in RCW 46.68.070, or the transportation innovative partnership account established in RCW 47.29.230. [2005 c 317 § 24.]

47.29.250 Issuing bonds and other obligations. (1) In addition to any authority the commission or department has to issue and sell bonds and other similar obligations, this section establishes continuing authority for the issuance and sale of bonds and other similar obligations in a manner consistent with this section. To finance a project in whole or in part, the commission may request that the state treasurer issue revenue bonds on behalf of the public sector partner. The bonds must be secured by a pledge of, and a lien on, and be payable only from moneys in the transportation innovative partnership account established in RCW 47.29.230, and any other revenues specifically pledged to repayment of the bonds. Such a pledge by the public partner creates a lien that is valid and binding from the time the pledge is made. Revenue bonds issued under this section are not general obligations of the state or local government and are not secured by or payable from any funds or assets of the state other than the moneys and revenues specifically pledged to the repayment of such revenue bonds.

(2) Moneys received from the issuance of revenue bonds or other debt obligations, including any investment earnings thereon, may be spent:

(a) For the purpose of financing the costs of the project for which the bonds are issued;

(b) To pay the costs and other administrative expenses of the bonds;

(c) To pay the costs of credit enhancement or to fund any reserves determined to be necessary or advantageous in connection with the revenue bonds; and

(d) To reimburse the public sector partners for any costs related to carrying out the projects authorized under this chapter. [2005 c 317 § 25.]

47.29.260 Study and report. The department shall conduct a study of:

(1) The contracting powers and project management authorities it currently possesses; those same powers and authorities authorized under this chapter; and those powers and authorities employed by other states or the private sector;

(2) Methods of encouraging competition for the development of transportation projects; and

(3) Any additional procedures that may be necessary or desirable for negotiating contracts in situations of a single qualified bidder, in either solicited or unsolicited proposals.

The department must submit its report, along with any recommended legislative changes, to the commission by November 1, 2005, and to the governor and the legislature for consideration in the 2006 legislative session. [2005 c 317 § 26.]

47.29.270 Federal laws. Notwithstanding any provision of this chapter, applicable federal laws, rules, and regulations govern in any situation that involves federal funds if the federal laws, rules, or regulations:

(1) Conflict with any provision of this chapter;

(2) Require procedures that are additional to or different from those provided in this chapter; or

(3) Require contract provisions not authorized in this chapter. If no federal funds are provided, state laws, rates, and rules will govern. [2005 c 317 § 27.]

47.29.280 Expert review panel on proposed project agreements—Creation—Authority. (1) The department shall establish an expert review panel to review, analyze, and make recommendations to the governor and the transportation commission on whether to approve, reject, or continue negotiations on a proposed project agreement under this chapter. The department shall provide staff to support the expert review panel, if requested by the panel. The expert review panel may utilize any of the consultants under contract for the department, and the expert review panel may contract for consulting expertise in specific areas as it deems necessary to ensure a thorough and critical review of any proposed project agreement.

(2) The governor shall appoint members of an expert review panel that have experience in large capital project delivery, public-private partnerships, public financing of infrastructure improvements, or other areas of expertise that will benefit the panel. The panel shall consist of no less than three, but no more than five members, as determined by the governor. [2006 c 334 § 49.]

Effective date—2006 c 334: See note following RCW 47.01.051.

47.29.290 Expert review panel on proposed project agreements—Execution of agreements. Upon receiving the recommendations of the expert review panel as provided in RCW 47.29.280, and upon consultation with the governor, the transportation commission shall either execute the proposed project agreement, reject the proposed project agreement, or continue further negotiations between the state and a

private partner. The execution of any agreement or the rejection of any agreement shall constitute a final action for legal or administrative purposes. [2006 c 334 § 50.]

Effective date—2006 c 334: See note following RCW 47.01.051.

Recreation trails system: Chapter 79A.35 RCW.

47.30.005 Definitions. For the purposes of this chapter, "trail" or "path" means a public way constructed primarily for and open to pedestrians, equestrians, or bicyclists, or any combination thereof, other than a sidewalk constructed as a part of a city street or county road for the exclusive use of pedestrians. The term "trail" or "path" also includes a widened shoulder of a highway, street, or road when the extra shoulder width is constructed to accommodate bicyclists consistent with a comprehensive plan or master plan for bicycle trails or paths adopted by a state or local governmental authority either prior to such construction or prior to January 1, 1980. [1979 ex.s. c 121 § 4.]

47.30.010 Recreational trail interference. (1) No limited access highway shall be constructed that will result in the severance or destruction of an existing recreational trail of substantial usage for pedestrians, equestrians or bicyclists unless an alternative recreational trail, satisfactory to the authority having jurisdiction over the trail being severed or destroyed, either exists or is reestablished at the time the limited access highway is constructed. If a proposed limited access highway will sever a planned recreational trail which is part of a comprehensive plan for trails adopted by a state or local governmental authority, and no alternative route for the planned trail exists which is satisfactory to the authority which adopted the comprehensive plan for trails, the state or local agency proposing to construct the limited access highway shall design the facility and acquire sufficient right-of-way to accommodate future construction of the portion of the trail which will properly lie within the highway right-of-way. Thereafter when such trail is developed and constructed by the authority having jurisdiction over the trail, the state or local agency which constructed the limited access highway shall develop and construct the portion of such trail lying within the right-of-way of the limited access highway.

(2) Where a highway other than a limited access highway crosses a recreational trail of substantial usage for pedes-

trians, equestrians, or bicyclists, signing sufficient to insure safety shall be provided.

(3) Where the construction or reconstruction of a highway other than a limited access highway would destroy the usefulness of an existing recreational trail of substantial usage for pedestrians, equestrians, or bicyclists or of a planned recreational trail for pedestrians, equestrians, or bicyclists incorporated into the comprehensive plans for trails of the state or any of its political subdivisions, replacement land, space, or facilities shall be provided and where such recreational trails exist at the time of taking, reconstruction of said recreational trails shall be undertaken. [1971 ex.s. c 130 § 1.]

47.30.020 Facilities for nonmotorized traffic—Joint usage of rights-of-way. Facilities for pedestrians, equestrians, or bicyclists shall be incorporated into the design of highways and freeways along corridors where such facilities do not exist upon a finding that such facilities would be of joint use and conform to the comprehensive plans of public agencies for the development of such facilities, will not duplicate existing or proposed routes, and that safety to both motorists and to pedestrians, equestrians, and bicyclists would be enhanced by the segregation of traffic.

In planning and design of all highways, every effort shall be made consistent with safety to promote joint usage of rights-of-way for trails and paths in accordance with the comprehensive plans of public agencies. [1971 ex.s. c 130 § 2.]

47.30.030 Facilities for nonmotorized traffic—Expenditure of available funds. Where an existing highway accommodates a trail for pedestrians, equestrians, or bicyclists or where the separation of motor vehicle traffic from pedestrians, equestrians, or bicyclists will materially increase the motor vehicle safety, the provision of facilities for pedestrians, equestrians, or bicyclists which are a part of a comprehensive trail plan adopted by federal, state, or local governmental authority having jurisdiction over the trail is hereby authorized. The department of transportation, or the county or city having jurisdiction over the highway, road, or street, or facility is further authorized to expend reasonable amounts out of the funds made available to them, according to the provisions of RCW 46.68.090, as necessary for the planning, accommodation, establishment, and maintenance of such facilities. [1999 c 269 § 10; 1979 ex.s. c 121 § 1; 1974 ex.s. c 141 § 12; 1972 ex.s. c 103 § 2.]

47.30.040 Establishing paths and trails—Factors to be considered. Before establishing paths and trails, the following factors shall be considered:

- (1) Public safety;
- (2) The cost of such paths and trails as compared to the need or probable use;
- (3) Inclusion of the trail in a plan for a comprehensive trail system adopted by a city or county in a state or federal trails plan. [1972 ex.s. c 103 § 3.]

(2012 Ed.)

47.30.050 Expenditures for paths and trails—Minimum amount. (1) The amount expended by a city, town, or county as authorized by RCW 47.30.030 shall never in any one fiscal year be less than 0.42 percent of the total amount of funds received from the motor vehicle fund according to RCW 46.68.090. However, this section does not apply to a city or town in any year in which the 0.42 percent equals five hundred dollars or less, or to a county in any year in which the 0.42 percent equals three thousand dollars or less. Also, a city, town, or county in lieu of expending the funds each year may credit the funds to a financial reserve or special fund, to be held for not more than ten years, and to be expended for the purposes required or permitted by RCW 47.30.030.

(2) In each fiscal year the department of transportation shall expend, as a minimum, for the purposes mentioned in RCW 47.30.030 a sum equal to three-tenths of one percent of all funds, both state and federal, expended for the construction of state highways in such year, or in order to more efficiently program trail improvements the department may defer any part of such minimum trail or path expenditures for a fiscal year for a period not to exceed four years after the end of such fiscal year. Any fiscal year in which the department expends for trail or path purposes more than the minimum sum required by this subsection, the amount of such excess expenditure shall constitute a credit which may be carried forward and applied to the minimum trail and path expenditure requirements for any of the ensuing four fiscal years.

(3) The department of transportation, a city, or a county in computing the amount expended for trails or paths under their respective jurisdictions may include the cost of improvements consistent with a comprehensive plan or master plan for bicycle trails or paths adopted by a state or local governmental authority either prior to such construction or prior to January 1, 1980. 47.30.060 Expenditures deemed to be for highway purposes—Powers and duties of department—Restrictions on use of paths and trails. For the purposes of this chapter, the establishment of paths and trails and the expenditure of funds as authorized by RCW 47.30.030, as now or hereafter amended, shall be deemed to be for highway, road, and street purposes. The department of transportation shall, when requested, and subject to reimbursement of costs, provide technical assistance and advice to cities, towns, and counties in carrying out the purposes of RCW 47.30.030, as now or hereafter amended. The department shall recommend construction standards for paths and trails. The department shall provide a uniform system of signing paths and trails which shall apply to paths and trails under the jurisdiction of the department and of cities, towns, and counties. The department and cities, towns, and counties may restrict the use of paths and trails under their respective jurisdictions to pedestrians, equestrians, and nonmotorized vehicles. 47.30.070 Bicycle, equestrian, pedestrian paths as public highways. For purposes of 43 U.S.C. 912 and related provisions of federal law involving federally granted railroad rights-of-way, a bicycle, equestrian or pedestrian path shall be deemed to be a public highway under the laws of the state of Washington. 47.32.010 Order to remove obstructions—Removal by state. Whenever the department determines and orders that it is necessary for the convenience and safety of public travel and the use of (or construction, alteration, repair, improvement, or maintenance of) any state highway to have the full width of right-of-way of any such state highway or of any portion of the right-of-way of any such state highway free from any and all obstructions, encroachments, and occupancy, other than pole lines, pipe lines, or other structures maintained thereon for public or quasi-public utilities by virtue of a valid franchise, and causes due notice of the order to be given as provided by law, the obstructions, encroachments, and means of occupancy, and any structure, building, improvement, or other means of occupancy of any of the right-of-way of the state highway not removed within the time allowed by law shall become an unlawful property and may be confiscated, removed, and sold or destroyed by the state of Washington according to procedure as provided in this chapter, without any right in anyone to make any claim therefor, either by reason of the removal thereof or otherwise. It is unlawful for any person to keep, maintain, or occupy any such unlawful structure. [1984 c 7 § 176; 1961 c 13 § 47.32.010. Prior: 1937 c 53 § 68; RRS § 6400-68.]

47.32.020 Notice of order, contents, posting—Return. Whenever the department determines that the right-of-way of any state highway or any portion of the right-of-way of any state highway shall be made free from any and all obstructions, encroachments, and occupancy it shall forth-

with cause to be posted, by a competent person eighteen years of age or over upon any and all structures, buildings, improvements, and other means of occupancy of the state highway or portion thereof, other than property of public or quasi-public utilities, by virtue of a valid franchise, a notice bearing a copy of the order and dated as of the date of posting, to all whom it may concern to vacate the right-of-way and to remove all property from the right-of-way within ten days after the posting of the notice, exclusive of the date of posting. The department shall also require the filing of duplicate affidavits in proof of the postings, showing upon what structures, buildings, improvements, or other means of occupancy of the state highway or portions thereof, respectively, copies of the notice were posted and the date of each such posting, sworn to by the person making the posting. [1984 c 7 § 177; 1971 ex.s. c 292 § 46; 1961 c 13 § 47.32.020. Prior: 1937 c 53 § 69; RRS § 6400-69.]

47.32.030 Proceedings in rem authorized—Records certified. In case the property or any portion thereof described in the notice is not removed from the right-of-way within ten days after the date of the posting, exclusive of the date of posting, all such property upon the right-of-way of the state highway or portion thereof becomes unlawful, and the department shall commence proceedings in the name of the state of Washington for the removal thereof by court action. The department shall thereupon prepare two original copies of the order together with two copies each of the notice posted and of the affidavits in proof of posting thereof and duplicate copies of a certificate by the department describing with reasonable certainty and with due reference to the center line stationing of the state highway and to proper legal subdivisional points, each structure, building, improvement, encroachment, or other means of occupancy, other than pole lines, pipe lines, or other structures maintained for public and quasi-public utilities, on the state highway or portion thereof specified in the order that remain upon the right-of-way as aforesaid. Thereupon action shall be commenced in rem for the purpose of removal of all such unlawful property, in the superior court of the county in which the state highway or portion thereof containing the structures is situated, entitled and in the name of the state of Washington as plaintiff and describing each unlawful structure, building, improvement, encroachment, or other means of occupancy, which structures, buildings, improvements, encroachments, or other means of occupancy shall be briefly named as defendants. [1984 c 7 § 178; 1961 c 13 § 47.32.030. Prior: 1937 c 53 § 70; RRS § 6400-70; prior: 1925 ex.s. c 131 § 3; RRS § 6837-3.]

47.32.040 Complaint, contents. The complaint shall, in such action, describe the property unlawfully remaining upon the right-of-way of the state highway or portion thereof with reasonable certainty by reference to the certificate of the department, which shall be attached to and filed with the complaint, and pray that an order be entered for the removal from the right-of-way of the state highway or portion thereof of all the described property unlawfully thereon and the disposal thereof. [1984 c 7 § 179; 1961 c 13 § 47.32.040. Prior:

47.32.050 Notice, action, service, contents—Proceedings void when. Service of such complaint shall be given by publication of notice thereof once a week for two successive weeks in a newspaper of general circulation in the county in which such action is commenced, which notice shall briefly state the objects of the action and contain a brief description of each structure, building, improvement, encroachment or other means of occupancy sought to be removed from the right-of-way of the state highway, describe such state highway or portion thereof by number and location and state the time and place when and where the action will come before the court or judge thereof; and a copy of such notice shall also be posted at least ten days before the date of hearing of such action upon each such structure, building, improvement, encroachment or other means of occupancy described therein. Posting may be made by any person qualified to serve legal process. Want of posting upon, or failure to describe any such structure, building, improvement, encroachment or other means of occupancy shall render subsequent proceedings void as to those not posted upon or described but all others described and posted upon shall be bound by the subsequent proceedings. [1961 c 13 § 47.32.050. Prior: 1937 c 53 § 72; RRS 6400-72; prior: 1925 ex.s. c 131 § 5; RRS § 6837-5.]

47.32.060 Hearing—Findings—Order—Appellate review. At the time and place appointed for hearing upon the complaint, which hearing shall be by summary proceedings, if the court or judge thereof finds that due notice has been given by posting and publication and that the order of the department was duly made, and is further satisfied and finds that the state highway or portion thereof described is legally a state highway having the width of right-of-way specified in the order and that the structure, buildings, improvements, or other means of occupancy of the state highway or portion thereof as stated in the certificate of the department do in fact encroach, or that any portion thereof encroach, upon the state highway right-of-way, the court or judge thereof shall thereupon make and enter an order establishing that each of the structures, buildings, improvements, and other means of occupancy specified in the order is unlawfully maintained within the right-of-way and is subject to confiscation and sale and that they be forthwith confiscated, removed from the right-of-way, and sold, and providing that six days after the entry of the order, a writ shall issue from the court directed to the sheriff of the county, commanding the sheriff to seize and remove from the right-of-way of the state highway each such structure, building, improvement, or other means of occupancy specified in the order forthwith on receipt of a writ based on the order and to take and hold the property in his or her custody for a period of ten days, unless redelivered earlier as provided for by law, and if not then so redelivered to sell the property at public or private sale and to pay the proceeds thereof into the registry of the court within sixty days after the issuance of the writ, and further in such action, including costs of posting original notices of the department, the costs of posting and publishing notices of hearing as part thereof

(2012 Ed.)

and any cost of removal, be paid by the clerk to the state treasurer and credited to the motor vehicle fund. The order shall be filed with the clerk of the court and recorded in the minutes of the court, and is final unless appellate review thereof is sought within five days after filing of the order. [2010 c 8 § 10010; 1988 c 202 § 45; 1984 c 7 § 180; 1961 c 13 § 47.32.060. Prior: 1937 c 53 § 73; RRS § 6400-73; prior: 1925 ex.s. c 131 § 7; RRS § 6837-7.]

47.32.070 Writ, execution of—Return—Disposition of unsold property. Six days after filing of the order above provided for, if no review thereof be taken to the supreme court or the court of appeals of the state, the clerk of the court shall issue under seal of such court a writ directed to the sheriff of the county in which such court is held commanding him or her to remove, take into custody and dispose of the property described in such order and make returns thereof as provided for such writ by said order. On receipt of such writ it shall be the duty of such sheriff to obey the command thereof, proceed as therein directed and make return within the time fixed by such writ; and said sheriff shall be liable upon his or her official bond for the faithful discharge of such duties. Upon filing of such return the clerk of court shall make payments as provided for in the order of court. If by the sheriff's return any of the property seized and removed pursuant to such writ is returned as unsold and as of no sale value, and if the court or judge thereof be satisfied that such is the fact, the court or judge thereof may make further order directing the destruction of such property, otherwise directing the sheriff to give new notice and again offer the same for sale, when, if not sold, the same may on order of court be destroyed. [2010 c 8 § 10011; 1971 c 81 § 115; 1961 c 13 § 47.32.070. Prior: 1937 c 53 § 74; RRS § 6400-74; prior: 1925 ex.s. c 131 § 8; RRS § 6837-8.]

47.32.080 Property reclaimed—Bond. At any time within ten days after the removal by virtue of such writ of any such property from the right-of-way of such state highway any person, firm, association or corporation claiming ownership or right of possession of any such property may have the right to demand and to receive the same from the sheriff upon making an affidavit that such claimant owns such property or is entitled to possession thereof, stating on oath the value thereof satisfactory to said sheriff, or which value shall be raised to a value satisfactory to said sheriff, which value shall be indorsed on said affidavit and signed both by said claimant and said sheriff before such sheriff shall be required to accept the bond hereinafter provided for, and deliver to the sheriff a bond with sureties in double the value of such property, conditioned that such claimant will appear in the superior court of such county within ten days after the bond is accepted by the sheriff and make good such claim of title thereto and pay all accrued costs of service of notice to remove, all costs and disbursements to be assessed to such property and the costs of removal and custody thereof and will hold said sheriff and the state of Washington free from any and all claims on account of such property or will return such property or pay its value to said sheriff, and that such claimant will at all times thereafter keep such property off the right-of-way of the state highway in question. [1961 c 13 § 47.32.080. Prior: 1937 c

53 § 75; RRS § 6400-75; prior: 1925 ex.s. c 131 § 9; RRS § 6837-9.]

47.32.090 Sureties on bond—Hearing on claim. The sureties on such bond shall justify as in other cases if the sheriff requires it and in case they do not so justify when required, the sheriff shall retain and sell or dispose of the property; and if the sheriff does not require the sureties to justify, he or she shall stand good for their sufficiency. He or she shall date and indorse his or her acceptance upon the bond, and shall return the affidavit, bond and justification, if any, to the office of the clerk of such superior court, whereupon such clerk shall set the hearing thereof as a separate case for trial, in which such claimant shall be the plaintiff and the sheriff and the state of Washington defendants: PROVIDED, That no costs shall, in such case, be assessed against the sheriff or the state of Washington in the event the plaintiff should prevail. [2010 c 8 § 10012; 1961 c 13 § 47.32.090. Prior: 1937 c 53 § 76; RRS § 6400-76; prior: 1925 ex.s. c 131 § 10; RRS § 6837-10.]

47.32.100 Procedure when claimant wins or loses. If the claimant makes good the claimant's title to or right to possession of the property, upon payment into the registry of the court of the costs of service or posting of original notice issued by the department with respect to the property, the cost of posting notice of hearing in the court and such proportion of the cost of publication of the notice as the court may fix and direct to be entered and the clerk's fees of filing the affidavit and bond as a separate action and of entry of judgment therein at the amounts provided for in civil actions, judgment shall be entered restoring the property to the claimant without any confirmation of title as to any other claimant thereto, relieving the sheriff from necessity of selling the property and making return thereon, and continuing the effect of the bond for a period of six years thereafter for the benefit of such adverse claimants to the property, if any, as may thereafter make claim to the property. If the claimant does not make good such claim of title to or right to possession of the property, judgment shall be rendered against the claimant and the sureties of the claimant for the value of the property as finally shown by the affidavit as above provided for, together with such fees for filing the affidavit and bond as a separate action and for entry of judgment therein and other costs and disbursements as taxed in any civil action including the statutory attorney fee as part thereof, for all of which execution may accordingly issue, and relieving the sheriff from the necessity of selling the property or making return thereon. [1984 c 7 § 181; 1961 c 13 § 47.32.100. Prior: 1937 c 53 § 77; RRS § 6400-77; prior: 1925 ex.s. c 131 § 11; RRS § 6837-11.]

47.32.110 Merchandising structures—Permit—Removal. It is unlawful for any person to build, erect, establish, operate, maintain, or conduct along and upon the right-of-way of any state highway any platform, box, stand, or any other temporary or permanent device or structure used or to be used for the purpose of receiving, vending, or delivering any milk, milk cans, vegetables, fruits, merchandise, produce, or any other thing or commodity of any nature unless a permit therefor has first been obtained from the department.

[Title 47 RCW—page 128]

The department shall in each instance determine where any platform, box, stand, or any other temporary or permanent device or structure shall be permitted. Upon the existence of any such device or structure without a permit having been first obtained, it shall be considered an obstruction unlawfully upon the right-of-way of the state highway, and the department may proceed to effect its removal. [1984 c 7 § 182; 1961 c 13 § 47.32.110. Prior: 1937 c 53 § 78; RRS § 6400-78; 1927 c 309 § 48; RRS § 6362-48; 1923 c 181 § 10; RRS § 6358-1.]

47.32.120 Business places along highway. Except as provided in RCW 47.04.270, it is unlawful for any person to erect a structure or establishment or maintain a business, the nature of which requires the use by patrons or customers of property adjoining the structure or establishment unless the structure or establishment is located at a distance from the right-of-way of any state highway so that none of the right-of-way thereof is required for the use of the patrons or customers of the establishment. Any such structure erected or business maintained that makes use of or tends to invite patrons to use the right-of-way or any portion thereof of any state highway by occupying it while a patron is a public nuisance, and the department may fence the right-of-way of the state highway to prevent such unauthorized use thereof. [2006 c 324 § 2; 1984 c 7 § 183; 1961 c 13 § 47.32.120. Prior: 1937 c 53 § 79; RRS § 6400-79.]

47.32.130 Dangerous objects and structures as nuisances—Logs—Abatement—Removal. (1) Whenever there exists upon the right-of-way of any state highway or off the right-of-way thereof in sufficiently close proximity thereto, any structure, device, or natural or artificial thing that threatens or endangers the state highway or portion thereof, or that tends to endanger persons traveling thereon, or obstructs or tends to obstruct or constitutes a hazard to vehicles or persons traveling thereon, the structure, device, or natural or artificial thing is declared to be a public nuisance, and the department is empowered to take such action as may be necessary to effect its abatement. Any such structure, device, or natural or artificial thing considered by the department to be immediately or eminently dangerous to travel upon a state highway may be forthwith removed, and the removal in no event constitutes a breach of the peace or trespass.

(2) Logs dumped on any state highway roadway or in any state highway drainage ditch due to equipment failure or for any other reason shall be removed immediately. Logs remaining within the state highway right-of-way for a period of thirty days shall be confiscated and removed or disposed of as directed by the department. [1984 c 7 § 184; 1961 c 13 § 47.32.130. 47.32.140 Railroad crossings, obstructions—Hearing. Each railroad company shall keep its right-of-way clear

(2012 Ed.)

of all brush and timber in the vicinity of a railroad grade crossing with a state highway for a distance of one hundred feet from the crossing in such manner as to permit a person upon the highway to obtain an unobstructed view in both directions of an approaching train. The department shall cause brush and timber to be cleared from the right-of-way of a state highway in the proximity of a railroad grade crossing for a distance of one hundred feet from the crossing in such manner as to permit a person upon the highway to obtain an unobstructed view in both directions of an approaching train. It is unlawful to erect or maintain a sign, signboard, or billboard, except official highway signs and traffic devices and railroad warning or operating signs, outside the corporate limits of any city or town within a distance of one hundred feet from the point of intersection of the highway and railroad grade crossing unless, after thirty days notice to the Washington utilities and transportation commission and the railroad operating the crossing, the department determines that it does not obscure the sight distance of a person operating a vehicle or train approaching the grade crossing.

When a person who has erected or who maintains such a sign, signboard, or billboard or when a railroad company permits such brush or timber in the vicinity of a railroad grade crossing with a state highway or permits the surface of a grade crossing to become inconvenient or dangerous for passage and who has the duty to maintain it, fails, neglects, or refuses to remove or cause to be removed such brush, timber, sign, signboard, or billboard, or maintain the surface of the crossing, the utilities and transportation commission upon complaint of the department or upon complaint of any party interested, or upon its own motion, shall enter upon a hearing in the manner now provided for hearings with respect to railroad-highway grade crossings, and make and enforce proper orders for the removal of the brush, timber, sign, signboard or billboard, or maintenance of the crossing. However, nothing in this section prevents the posting or maintaining of any legal notice or sign, signal, or traffic device required or permitted to be posted or maintained, or the placing and maintaining thereon of highway or road signs or traffic devices giving directions or distances for the information of the public when the signs are approved by the department. The department shall inspect highway grade crossings and make complaint of the violation of any provisions of this section. [1983 c 19 § 2; 1961 c 13 § 47.32.140. discretion to adopt reasonable rules governing the issuance of permits under RCW 47.32.150 for the construction of any approach road, facility, thing, or appurtenance, upon state highway rights-of-way. The rules shall be designed to achieve and preserve reasonable standards of highway safety and the operational integrity of the state highway facility. Any permit issued may contain such terms and conditions as may be prescribed. All such construction shall be under the supervision of the department and at the expense of the applicant. After completion of the construction of the particular approach road, facility, thing, or appurtenance, it shall be maintained at the expense of the applicant and in accordance with the directions of the department. Rules of the road: Chapter 46.61 RCW.

47.36.005 Definitions. The definitions set forth in this section apply throughout this chapter.

(1) "Erect" means to construct, build, raise, assemble, place, affix, attach, create, paint, draw, or in any other way bring into being or establish.

(2) "Interstate system" means a state highway that is or becomes part of the national system of interstate and defense highways as described in section 103(d) of Title 23, United States Code.

(3) "Maintain" means to allow to exist.

(4) "Primary system" means a state highway that is or becomes part of the federal-aid primary system as described in section 103(b) of Title 23, United States Code.

(5) "Scenic system" means (a) a state highway within a public park, federal forest area, public beach, public recreation area, or national monument, (b) a state highway or portion of a highway outside the boundaries of an incorporated city or town designated by the legislature as a part of the scenic system, or (c) a state highway or portion of a highway outside the boundaries of an incorporated city or town designated by the legislature as a part of the scenic and recreational highway system except for the sections of highways specifically excluded in RCW 47.42.025.

(6) "Motorist information sign panel" means a panel, rectangular in shape, located in the same manner as other official traffic signs readable from the main traveled ways, and consisting of:

(a) The words "GAS," "FOOD," "LODGING," "CAMPING," "RECREATION," or "TOURIST ACTIVITIES" and directional information; and

(b) One or more individual business signs mounted on the panel.

(7) "Business sign" means a separately attached sign mounted on the motorist information sign panel or roadside area information panel to show the brand or trademark and name, or both, of the motorist service available on the crossroad at or near the interchange. Nationally, regionally, or locally known commercial symbols or trademarks for service stations, restaurants, and motels shall be used when applicable. The brand or trademark identification symbol used on the business sign shall be reproduced with the colors and general shape consistent with customary use. Messages, trademarks, or brand symbols that interfere with, imitate, or resemble an official warning or regulatory traffic sign, signal, or device are prohibited.

(8) "Roadside area information panel or display" means a panel or display located so as not to be readable from the main traveled way, erected in a safety rest area, scenic over-

look, or similar roadside area, for providing motorists with information in the specific interest of the traveling public.

(9) "Tourist-oriented directional sign" means a sign on a motorist information sign panel on the state highway system to provide directional information to a qualified tourist-oriented business, service, or activity.

(10) "Qualified tourist-oriented business" means a lawful cultural, historical, recreational, educational, or entertaining activity or a unique or unusual commercial or nonprofit activity, the major portion of whose income or visitors are derived during its normal business season from motorists not residing in the immediate area of the activity.

(11) "Adopt-a-highway sign" means a sign on a state highway right-of-way referring to the departments' adopt-a-highway litter control program. [1999 c 201 § 1; 1991 c 94 § 3.]

47.36.010 Restoration of United States survey markers. The department shall fix permanent monuments at the original positions of all United States government monuments at township corners, section corners, quarter section corners, meander corners, and witness markers, as originally established by the United States government survey whenever any such original monuments or markers fall within the right-of-way of any state highway, and aid in the reestablishment of any such corners, monuments, or markers destroyed or obliterated by the construction of any state highway by permitting inspection of the records in the department's office. [1984 c 7 § 188; 1961 c 13 § 47.36.010. Prior: 1937 c 53 § 42; RRS § 6400-42; 1931 c 117 § 1; RRS § 6830-1.]

47.36.020 Traffic control signals. The secretary of transportation shall adopt specifications for a uniform system of traffic control signals consistent with the provisions of this title for use upon public highways within this state. Such uniform system shall correlate with and so far as possible conform to the system current as approved by the American Association of State Highway Officials and as set out in the manual of uniform traffic control devices for streets and highways. [1977 ex.s. c 151 § 60; 1961 c 13 § 47.36.020. Prior: 1937 c 53 § 50; RRS § 6400-50; prior: 1927 c 309 § 6; RRS § 6362-6.]

47.36.022 Traffic control signals—Duration of yellow change interval. The duration of a yellow change interval at any traffic control signal must be at least as long as the minimum yellow change interval identified in the manual of uniform traffic control devices for streets and highways as adopted by the department under this chapter. [2012 c 85 § 2.]

Findings—Intent—2012 c 85: See note following RCW 46.63.170.

47.36.025 Vehicle-activated traffic control signals—Detection of motorcycles and bicycles. (1) For the purposes of this section:

(a) "Arterial" means a public road or highway that is designated or qualifies as a principal or minor arterial under a state or local law, ordinance, regulation, or plan.

(b) "Bicycle" means a human-powered vehicle with metallic wheels at least sixteen inches in diameter or with

metallic braking strips and metallic components, not necessarily including the frame or fork, which may be lawfully ridden on a public road or highway.

(c) "Bicycle route" means a route (i) that is designated as a route for bicycle use in a state or local law, ordinance, rule, or plan, or (ii) that provides bicycle access to urban areas that are not reasonably and conveniently accessible through other bicycle routes. The level of existing or projected use by bicyclists is a factor to consider in determining whether a bicycle route provides access that is not reasonably and conveniently available from other bicycle routes. An intersection that provides necessary linkages in a bicycle route or between routes is considered a part of the bicycle route or routes.

(d) "Design complete" means that all major design work for a new vehicle-activated traffic control signal has been completed and that the funding necessary for complete construction of the vehicle-activated traffic control signal has been firmly secured.

(e) "Existing vehicle-activated traffic control signal" means a vehicle-activated traffic control signal that is in use or design complete on or before July 26, 2009.

(f)(i) "Motorcycle" means a motor vehicle designed to travel on not more than three wheels in contact with the ground, on which the driver:

(A) Rides on a seat or saddle and the motor vehicle is designed to be steered with a handle bar; or

(B) Rides on a seat in a partially or completely enclosed seating area that is equipped with safety belts and the motor vehicle is designed to be steered with a steering wheel.

(ii) "Motorcycle" excludes a farm tractor, a power wheelchair, an electric personal assistive mobility device, a motorized foot scooter, an electric-assisted bicycle, and a moped.

(g) "Restricted right turn lane" means a right turn only lane where a right turn is not allowed after stopping but only upon a green signal.

(h) "Routinely and reliably detect motorcycles and bicycles" means that the detection equipment at a vehicle-activated traffic control signal is capable of detecting and will reliably detect a motorcycle or bicycle (i) when the motorcycle or bicycle is present immediately before a stop line or crosswalk in the center of a lane at an intersection or road entrance to such an intersection, or (ii) when the motorcycle or bicycle is present at marked detection areas.

(i) "Vehicle-activated traffic control signal" means a traffic control signal on a public road or highway that detects the presence of a vehicle as a means to change a signal phase.

(2) During routine maintenance or monitoring activities, but subject to the availability of funds:

(a) All existing vehicle-activated traffic control signals that do not currently routinely and reliably detect motorcycles and bicycles must be adjusted to do so to the extent that the existing equipment is capable consistent with safe traffic control. Priority must be given to existing vehicle-activated traffic control signals for which complaints relating to motorcycle or bicycle detection have been received and existing vehicle-activated traffic control signals that are otherwise identified as a detection problem for motorcyclists or bicyclists, or both. Jurisdictions operating existing vehicle-activated traffic control signals shall establish and publicize a

procedure for filing these complaints in writing or by e-mail, and maintain a record of these complaints and responses; and

(b) Where motorcycle and bicycle detection is limited to certain areas other than immediately before the stop line or crosswalk in the center of a lane at an existing vehicle-activated traffic control signal, those detection areas must be clearly marked on the pavement at left turn lanes, through lanes, and limited right turn lanes. These detection areas must also be marked to allow a bicyclist to leave a bicycle lane to enter a detection area, if necessary, to cross an intersection. Pavement markings must be consistent with the standards described in the state of Washington's "Manual on Uniform Traffic Control Devices for Streets and Highways" obtainable from the department of transportation.

(3)(a) If at least a substantial portion of detection equipment at an existing vehicle-activated traffic control signal on an arterial or bicycle route is scheduled to be replaced or upgraded, the replaced or upgraded detection equipment must routinely and reliably detect motorcycles and bicycles. For purposes of this subsection (3)(a), "substantial portion" means that the proposed replacement or upgrade will cost more than twenty percent of the cost of full replacement or upgraded detection equipment that would routinely and reliably detect motorcycles and bicycles.

(b) If at least a substantial portion of detection equipment at an existing vehicle-activated traffic control signal on a public road or highway that is not an arterial or bicycle route is scheduled to be replaced or upgraded, the replaced or upgraded detection equipment must routinely and reliably detect motorcycles and bicycles. For purposes of this subsection (3)(b), "substantial portion" means that the proposed replacement or upgrade will cost more than fifty percent of the cost of full replacement or upgraded detection equipment that would routinely and reliably detect motorcycles and bicycles.

(4) All vehicle-activated traffic control signals that are design complete and put in operation after July 26, 2009, must be designed and operated, when in use, to routinely and reliably detect motorcycles and bicycles, including the detection of bicycles in bicycle lanes that cross an intersection. [2009 c 275 § 10.]

47.36.030 Traffic control devices—Specifications to counties and cities—Signs, banners over highways. (1)

The secretary of transportation shall have the power and it shall be its duty to adopt and designate a uniform state standard for the manufacture, display, erection, and location of all signs, signals, signboards, guideposts, and other traffic devices erected or to be erected upon the state highways of the state of Washington for the purpose of furnishing information to persons traveling upon such state highways regarding traffic regulations, directions, distances, points of danger, and conditions requiring caution, and for the purpose of imposing restrictions upon persons operating vehicles thereon. Such signs shall conform as nearly as practicable to the manual of specifications for the manufacture, display, and erection of uniform traffic control devices for streets and highways and all amendments, corrections, and additions thereto.

(2) The department of transportation shall prepare plans and specifications of the uniform state standard of traffic

devices so adopted and designated, showing the materials, colors, and designs thereof, and shall upon the issuance of any such plans and specifications or revisions thereof and upon request, furnish to the boards of county commissioners and the governing body of any incorporated city or town, a copy thereof. Signs, signals, signboards, guideposts, and other traffic devices erected on county roads shall conform in all respects to the specifications of color, design, and location approved by the secretary. Traffic devices hereafter erected within incorporated cities and towns shall conform to such uniform state standard of traffic devices so far as is practicable. The uniform system must allow local transit authority bus shelters located within the right-of-way of the state highway system to display and maintain commercial advertisements subject to applicable federal regulations, if any.

(3) The uniform system adopted by the secretary under this section may allow signs, banners, or decorations over a highway that:

- (a) Are in unincorporated areas;
- (b) Are at least twenty vertical feet above a highway; and
- (c) Do not interfere with or obstruct the view of any traffic control device.

The department shall adopt rules regulating signs, banners, or decorations installed under this subsection (3). [2005 c 398 § 1; 2003 c 198 § 3; 1977 ex.s. c 151 § 61; 1961 c 13 § 47.36.030. Prior: 1945 c 178 § 1, part; 1937 c 53 § 48, part; Rem. Supp. 1945 § 6400-48, part; prior: 1931 c 118 § 1, part; RRS § 6308-1, part; 1923 c 102 § 1, part; 1917 c 78 § 1, part; RRS § 6303, part.]

47.36.040 Furnished by department, paid for by counties and cities. The department, upon written request, shall cause to be manufactured, painted, and printed, and shall furnish to any county legislative authority or the governing body of any incorporated city or town, directional signboards, guide boards, and posts of the uniform state standard of color, shape, and design for the erection and maintenance thereof by the county legislative authority or the governing body of any incorporated city or town upon the roads and streets within their respective jurisdictions. The directional signboards, guide boards, and posts shall be manufactured and furnished, as aforesaid, pursuant to written request showing the number of signs desired and the directional or guide information to be printed thereon. The department shall fix a charge for each signboard, guide board, and post manufactured and furnished as aforesaid, based upon the ultimate cost of the operations to the department, and the county legislative authority, from the county road fund, and the governing body of any incorporated city or town, from the street fund, shall pay the charges so fixed for all signboards, guide boards, and posts so received from the department. [1984 c 7 § 189; 1961 c 13 § 47.36.040. Prior: 1945 c 178 § 1, part; 1937 c 53 § 48, part; Rem. Supp. 1945 § 6400-48, part; prior: 1931 c 118 § 1, part; RRS § 6308-1, part; 1923 c 102 § 1, part; 1917 c 78 § 1, part; RRS § 6303, part.]

47.36.050 Duty to erect traffic devices on state highways and railroad crossings. The department shall erect and maintain upon every state highway in the state of Washington suitable and proper signs, signals, signboards, guide-

posts, and other traffic devices according to the adopted and designated state standard of design, erection, and location, and in the manner required by law. The department shall erect and maintain upon all state highways appropriate stop signs, warning signs, and school signs. Any person, firm, corporation, or municipal corporation, building, owning, controlling, or operating a railroad that crosses any state highway at grade shall construct, erect, and maintain at or near each point of crossing, or at such point or points as will meet the approval of the department, a sign of the type known as the saw buck crossing sign with the lettering "railroad crossing" inscribed thereon and also a suitable inscription indicating the number of tracks. The sign must be of standard design that will comply with the plans and specifications furnished by the department. Additional safety devices and signs may be installed at any time when required by the utilities and transportation commission as provided by laws regulating railroad-highway grade crossings. [1984 c 7 § 190; 1961 c 13 § 47.36.050. Prior: 1937 c 53 § 49; RRS § 6400-49; prior: 1931 c 118 § 1, part; RRS § 6308-1, part; 1923 c 102 § 1, part; RRS § 6303, part; 1919 c 146 § 1; 1917 c 78 § 2; RRS § 6304. FORMER PART OF SECTION: 1937 c 53 § 51 now in RCW 47.36.053.]

Additional notes found at www.leg.wa.gov

47.36.053 General duty to place and maintain traffic devices on state highways and railroad crossings. The department shall place and maintain such traffic devices conforming to the manual and specifications adopted upon all state highways as it deems necessary to carry out the provisions of this title or to regulate, warn, or guide traffic. [1984 c 7 § 191; 1961 c 13 § 47.36.053. Prior: 1937 c 53 § 51; RRS § 6400-51. Formerly RCW 47.36.050, part.]

Additional notes found at www.leg.wa.gov

47.36.060 Traffic devices on county roads and city streets. Local authorities in their respective jurisdictions shall place and maintain such traffic devices upon public highways under their jurisdiction as are necessary to carry out the provisions of the law or local traffic ordinances or to regulate, warn, or guide traffic. Cities and towns, which as used in this section mean cities and towns having a population of over fifteen thousand according to the latest federal census, shall adequately equip with traffic devices, streets that are designated as forming a part of the route of a primary or secondary state highway and streets which constitute connecting roads and secondary state highways to such cities and towns. The traffic devices, signs, signals, and markers shall comply with the uniform state standard for the manufacture, display, direction, and location thereof as designated by the department. The design, location, erection, and operation of traffic devices and traffic control signals upon such city or town streets constituting either the route of a primary or secondary state highway to the city or town or connecting streets to the primary or secondary state highways through the city or town shall be under the direction of the department, and if the city or town fails to comply with any such directions, the department shall provide for the design, location, erection, or operation thereof, and any cost incurred therefor shall be charged to and paid from any funds in the motor vehicle fund of the state that have accrued or may accrue to the credit of

the city or town, and the state treasurer shall issue warrants therefor upon vouchers submitted and approved by the department. [1984 c 7 § 192; 1961 c 13 § 47.36.060. Prior: 1955 c 179 § 4; 1939 c 81 § 1; 1937 c 53 § 52; RRS § 6400-52.]

Additional notes found at www.leg.wa.gov

47.36.070 Failure to erect signs, procedure. Whenever any person, firm, corporation, municipal corporation, or local authorities responsible for the erection and maintenance, or either, of signs at any railroad crossing or point of danger upon any state highway fails, neglects, or refuses to erect and maintain, or either, the sign or signs as required by law at highway-railroad grade crossings, the utilities and transportation commission shall upon complaint of the department or upon complaint of any party interested, or upon its own motion, enter upon a hearing in the manner provided by law for hearings with respect to railroad-highway grade crossings and make and enforce proper orders for the erection or maintenance of the signs, or both. [1984 c 7 § 193; 1961 c 13 § 47.36.070. Prior: 1937 c 53 § 54; RRS § 6400-54.]

Additional notes found at www.leg.wa.gov

47.36.080 Signs at railroad crossings. Wherever it is considered necessary or convenient the department may erect approach and warning signs upon the approach of any state highway to a highway-railroad grade crossing situated at a sufficient distance therefrom to make the warning effective. The department may further provide such additional or other highway-railroad grade crossing markings as may be considered to serve the interests of highway safety. [1984 c 7 § 194; 1961 c 13 § 47.36.080. Prior: 1937 c 53 § 57; RRS § 6400-57.]

Additional notes found at www.leg.wa.gov

47.36.090 Cooperation with United States on road markers. Standard federal road markers shall be placed on state highways in the manner requested by the department of transportation of the United States. The department of transportation of the state of Washington is authorized and empowered to cooperate with the several states and with the federal government in promoting, formulating, and adopting a standard and uniform system of numbering or designating state highways of an interstate character and in promoting, formulating, and adopting uniform and standard specifications for the manufacture, display, erection, and location of road markers and signs, for the information, direction, and control of persons traveling upon public highways. [1984 c 7 § 195; 1961 c 13 § 47.36.090. Prior: 1937 c 53 § 55; RRS § 6400-55; prior: 1925 c 24 § 1; RRS § 6303-1.]

Additional notes found at www.leg.wa.gov

47.36.095 Highway designation system—Signs. The department is hereby authorized to establish a continuing system for the designating of state highways and branches or portions thereof, heretofore established by the legislature of the state of Washington, to give designations to such state highways and branches, or portions thereof, in accord with that system, and to install signs in accord therewith on such state highways and branches, or portions thereof. The system

may be changed from time to time and shall be extended to new state highways and branches, or portions thereof, as they are hereafter established by the legislature. [1984 c 7 § 196; 1967 ex.s. c 145 § 43; 1963 c 24 § 1.]

Classification of highways: RCW 47.04.020.

Additional notes found at www.leg.wa.gov

47.36.097 Highway designation system—Filing. Designations or redesignations assigned under the system by the department pursuant to RCW 47.36.095 as each is made, shall be filed with the secretary of state and with the auditor of each county. Thereafter such highways shall be so designated for all purposes. [1984 c 7 § 197; 1967 ex.s. c 145 § 46.]

Additional notes found at www.leg.wa.gov

47.36.100 Directional, caution, and stop signs. Directional signs showing distance and direction to points of importance may be placed at all crossings and intersections of primary and secondary state highways. The department may place such directional signs as it deems necessary upon any city streets designated by it as forming a part of the route of any primary or secondary state highway through any incorporated city or town. Caution and warning signs or signals shall be placed wherever practicable on all primary and secondary state highways in a manner provided by law. Stop signs shall be placed, erected, and maintained by the department as follows: Upon all county roads at the point of intersection with any arterial primary or secondary state highway; upon all primary and secondary state highways at the point of intersection with any county road that has been designated by the department as an arterial having preference over the traffic on the state highway; and upon at least one state highway at the intersection of two state highways. [1984 c 7 § 198; 1967 ex.s. c 145 § 38; 1961 c 13 § 47.36.100. Prior: 1947 c 206 § 1; 1937 c 53 § 56; Rem. Supp. 1947 § 6400-56.]

Additional notes found at www.leg.wa.gov

47.36.110 Stop signs, "Yield" signs—Duties of persons using highway. In order to provide safety at intersections on the state highway system, the department may require persons traveling upon any portion of such highway to stop before entering the intersection. For this purpose there may be erected a standard stop sign as prescribed in the state department of transportation's "Manual on Uniform Traffic Control Devices for Streets and Highways." All persons traveling upon the highway shall come to a complete stop at such a sign, and the appearance of any sign so located is sufficient warning to a person that he or she is required to stop. A person stopping at such a sign shall proceed through that portion of the highway in a careful manner and at a reasonable rate of speed not to exceed twenty miles per hour. It is unlawful to fail to comply with the directions of any such stop sign. When the findings of a traffic engineering study show that the condition of an intersection is such that vehicles may safely enter the major artery without stopping, the department or local authorities in their respective jurisdictions shall install and maintain a "Yield" sign. [2010 c 8 § 10013; 1984 c 7 § 199; 1963 ex.s. c 3 § 49; 1961 c 13 § 47.36.110. Prior: 1955 c 146 § 6; 1937 c 53 § 59; RRS § 6400-59.]

Arterial highways designated—Stopping on entering: RCW 46.61.195.

Additional notes found at www.leg.wa.gov

47.36.120 City limit signs. The department shall erect wherever it deems necessary upon state highways at or near their point of entrance into cities and towns, signs of the standard design designating the city or town limits of the cities or towns. [1984 c 7 § 200; 1961 c 13 § 47.36.120. Prior: 1937 c 53 § 58; RRS § 6400-58.]

Additional notes found at www.leg.wa.gov

47.36.130 Meddling with signs prohibited. No person shall without lawful authority attempt to or in fact alter, deface, injure, knock down, or remove any official traffic control signal, traffic device or railroad sign or signal, or any inscription, shield, or insignia thereon, or any other part thereof. [1961 c 13 § 47.36.130. Prior: 1937 c 53 § 53; RRS § 6400-53.]

Defacing, injuring, or destroying signs: RCW 46.61.080.

Imitation of signs: RCW 46.61.075.

Structures concealing signs prohibited: RCW 46.61.075.

Unlawful erection of traffic devices: RCW 46.61.075.

47.36.141 Bus shelters—Advertising. (1) Local transit authority bus shelters within the right-of-way of the state highway system may display and maintain commercial advertisements subject to applicable federal regulations, if any. Pursuant to RCW 47.12.120, the department may lease state right-of-way air space to local transit authorities for this purpose, unless there are significant safety concerns regarding the placement of certain advertisements.

(2) Advertisements posted on a local transit authority's bus shelter may not exceed twenty-four square feet on each side of the panel. Panels may not be placed on the roof of the shelter or on the forward side of the shelter facing oncoming traffic. [2003 c 198 § 1.]

47.36.180 Forbidden devices—Penalty. (1) It is unlawful to erect or maintain at or near a city street, county road, or state highway any structure, sign, or device:

(a) Visible from a city street, county road, or state highway and simulating any directional, warning, or danger sign or light likely to be mistaken for such a sign or bearing any such words as "danger," "stop," "slow," "turn," or similar words, figures, or directions likely to be construed as giving warning to traffic;

(b) Visible from a city street, county road, or state highway and displaying any red, green, blue, or yellow light or intermittent or blinking light or rotating light identical or similar in size, shape, and color to that used on any emergency vehicle or road equipment or any light otherwise likely to be mistaken for a warning, danger, directional, or traffic control signal or sign;

(c) Visible from a city street, county road, or state highway and displaying any lights tending to blind persons operating vehicles upon the highway, city street, or county road, or any glaring light, or any light likely to be mistaken for a vehicle upon the highway or otherwise to be so mistaken as to constitute a danger; or

(d) Visible from a city street, county road, or state highway and flooding or intending to flood or directed across the

roadway of the highway with a directed beam or diffused light, whether or not the flood light is shielded against directing its flood beam toward approaching traffic on the highway, city street, or county road.

(2) Any structure or device erected or maintained contrary to the provisions of this section is a public nuisance, and the department, the chief of the Washington state patrol, the county sheriff, or the chief of police of any city or town shall notify the owner thereof that it constitutes a public nuisance and must be removed, and if the owner fails to do so, the department, the chief of the Washington state patrol, the county sheriff, or the chief of police of any city or town may abate the nuisance.

(3) If the owner fails to remove any structure or device within fifteen days after being notified to remove the structure or device as provided in this section, he or she is guilty of a misdemeanor. [2003 c 53 § 257; 1984 c 7 § 201; 1961 c 13 § 47.36.180. Prior: 1957 c 204 § 1; 1937 c 53 § 62; RRS § 6400-62.]

47.36.200 Signs or flaggers at thoroughfare work sites—Penalty. (1) When construction, repair, or maintenance work is conducted on or adjacent to a public highway, county road, street, bridge, or other thoroughfare commonly traveled and when the work interferes with the normal and established mode of travel on the highway, county road, street, bridge, or thoroughfare, the location shall be properly posted by prominently displayed signs or flaggers or both. Signs used for posting in such an area shall be consistent with the provisions found in the state of Washington "Manual on Uniform Traffic Control Devices for Streets and Highways" obtainable from the department of transportation.

(2) If the construction, repair, or maintenance work includes or uses grooved pavement, abrupt lane edges, steel plates, or gravel or earth surfaces, the construction, repair, or maintenance zone must be posted with signs stating the condition, as required by current law, and in addition, must warn motorcyclists of the potential hazard only if the hazard or condition exists on a paved public highway, county road, street, bridge, or other thoroughfare commonly traveled. For the purposes of this subsection, the department shall adopt by rule a uniform sign or signs for this purpose, including at least the following language, "MOTORCYCLES USE EXTREME CAUTION."

(3) Any contractor, firm, corporation, political subdivision, or other agency performing such work shall comply with this section.

(4) Each driver of a motor vehicle used in connection with such construction, repair, or maintenance work shall obey traffic signs posted for, and flaggers stationed at such location in the same manner and under the same restrictions as is required for the driver of any other vehicle.

(5) A violation of or a failure to comply with this section is a misdemeanor. Each day upon which there is a violation, or there is a failure to comply, constitutes a separate violation. [2010 c 8 § 10014; 2006 c 331 § 1. Prior: 2003 c 355 § 1; 2003 c 53 § 258; 1984 c 7 § 202; 1961 c 13 § 47.36.200; prior: 1957 c 95 § 1.]

47.36.250 Dangerous road conditions requiring special tires, chains, or traction equipment—Signs or devices—Penalty. (1) If the department or its delegate determines at any time for any part of the public highway system that the unsafe conditions of the roadway require particular tires, tire chains, or traction equipment in addition to or beyond the ordinary pneumatic rubber tires, the department may establish the following recommendations or requirements with respect to the use of such equipment for all persons using such public highway:

(a) Traction advisory - oversize vehicles prohibited.

(b) Traction advisory - oversize vehicles prohibited. Vehicles over 10,000 GVW - chains required.

(c) Traction advisory - oversize vehicles prohibited. All vehicles - chains required, except all wheel drive.

(2) Any equipment that may be required by this section shall be approved by the state patrol as authorized under RCW 46.37.420.

(3) The department shall place and maintain signs and other traffic control devices on the public highways that indicate the tire, tire chain, or traction equipment recommendation or requirement determined under this section. Such signs or traffic control devices shall in no event prohibit the use of studded tires from November 1st to April 1st, but when the department determines that chains are required and that no other traction equipment will suffice, the requirement is applicable to all types of tires including studded tires. The Washington state patrol or the department may specify different recommendations or requirements for four wheel drive vehicles in gear.

(4) Failure to obey a requirement indicated under this section is a traffic infraction under chapter 46.63 RCW subject to a penalty of five hundred dollars including all statutory assessments. [2003 c 356 § 1; 2003 c 53 § 259; 1987 c 330 § 747; 1984 c 7 § 203; 1975 1st ex.s. c 255 § 1; 1969 ex.s. c 7 § 2.]

Reviser's note: This section was amended by 2003 c 53 § 259 and by 2003 c 356 § 1, each without reference to the other. Both amendments are incorporated in the publication of this section under RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

47.36.260 Signs indicating proper lane usage. The department shall erect signs on multilane highways indicating proper lane usage. [1986 c 93 § 6.]

Keep right except when passing, etc: RCW 46.61.100.

47.36.270 Regional shopping center directional signs. Regional shopping center directional signs shall be erected and maintained on state highway right-of-way if they meet each of the following criteria:

(1) There shall be at least five hundred thousand square feet of retail floor space available for lease at the regional shopping center;

(2) The regional shopping center shall contain at least three major department stores that are owned by a national or regional retail chain organization;

(3) The shopping center shall be located within one mile of the roadway;

(4) The center shall generate at least nine thousand daily one-way vehicle trips to the center;

(5) There is sufficient space available for installation of the directional sign as specified in the Manual On Uniform Traffic Control Devices;

(6) Supplemental follow-through directional signing is required at key decision points to direct motorists to the shopping center if it is not clearly visible from the point of exit from the main traveled way.

The department shall collect from the regional shopping center a reasonable fee based upon the cost of erection and maintenance of the directional sign. [1987 c 469 § 1.]

47.36.280 Pavement marking standards. The department of transportation shall, by January 1, 1992, adopt minimum pavement marking standards for the area designating the limits of the vehicle driving lane along the right edge for arterials that do not have curbs or sidewalks and are inside urbanized areas. In preparing the standards, the department of transportation shall take into consideration all types of pavement markings, including flat, raised, and recessed markings, and their effect on pedestrians, bicycle, and motor vehicle safety.

The standards shall provide that a jurisdiction shall conform to these requirements, at such time thereafter that it undertakes to (1) renew or install permanent markings on the existing or new roadway, and (2) remove existing nonconforming raised pavement markers at the time the jurisdiction prepares to resurface the roadway, or earlier, at its option. These standards shall be in effect, as provided in this section, unless the legislative authority of the local governmental body finds that special circumstances exist affecting vehicle and pedestrian safety that warrant a variance to the standard.

For the purposes of this section, "urbanized area" means an area designated as such by the United States bureau of census and having a population of more than fifty thousand. Other jurisdictions that install pavement marking material on the right edge of the roadway shall do so in a manner not in conflict with the minimum state standard. [1991 c 214 § 4.]

47.36.290 State park directional signs. Directional signs for state parks within fifteen miles of an interstate highway shall be erected and maintained on the interstate highway by the department despite the existence of additional directional signs on primary or scenic system highways in closer proximity to such state parks. [1985 c 376 § 7. Formerly RCW 47.42.160.]

Legislative intent—1985 c 376: See note following RCW 47.42.020.

47.36.300 Supplemental directional signs—Erection by local governments. (1) The legislative authority of any county, city, or town may erect, or permit the erection of, supplemental directional signs directing motorists to motorist

service businesses qualified for motorist information sign panels pursuant to RCW 47.36.310 or 47.36.320 in any location on, or adjacent to, the right-of-way of any roads or streets within their jurisdiction.

(2) Appropriate fees may be charged to cover the cost of issuing permits, installation, or maintenance of such signs.

(3) Supplemental signs and their locations shall comply with all applicable provisions of this chapter, the Manual on Uniform Traffic Control Devices, and such rules as may be adopted by the department. [1999 c 201 § 2; 1986 c 114 § 3. Formerly RCW 47.42.052.]

47.36.310 Motorist information signs—Interstate highways—Contents, placement, fees. The department is authorized to erect and maintain motorist information sign panels within the right-of-way of the interstate highway system to give the traveling public specific information as to gas, food, lodging, camping, or tourist-oriented business available on a crossroad at or near an interchange. Motorist information sign panels shall include the words "GAS," "FOOD," "LODGING," "CAMPING," or "TOURIST ACTIVITIES" and the letters "RV" next to a gas, food, lodging, camping, or tourist activity sign if the business or destination accommodates recreational vehicles, and directional information. Directional information may contain one or more individual business signs maintained on the panel. The "RV" logo for businesses or destinations that accommodate recreational vehicles shall be placed in the lower right corner of the gas, food, lodging, camping, or tourist activity sign and shall be in the form of a small yellow circle with the letters "RV" in black. In managing the number of individual business signs to be displayed, the department must ensure the use of available space on a panel is maximized. Motorist information sign panels are authorized within the corporate limits of cities and towns and areas zoned for commercial or industrial uses at locations where there is adequate distance between interchanges to ensure compliance with the Manual on Uniform Traffic Control Devices. The erection and maintenance of motorist information sign panels shall also conform to the Manual on Uniform Traffic Control Devices and rules adopted by the state department of transportation. A motorist service or tourist-oriented business located within one mile of an interstate highway shall not be permitted to display its name, brand, or trademark on a motorist information sign panel unless its owner has first entered into an agreement with the department limiting the height of its on-premise signs at the site of its service installation to not more than fifteen feet higher than the roof of its main building measured to the bottom of the on-premise sign. The restriction for on-premise signs does not apply if the sign is not visible from the highway. The department may, on a case-by-case basis, waive the height restriction when an on-premise sign is visible from the rural interstate system. The department shall charge sufficient fees for the display of individual business signs to recover the costs of their installation and maintenance, and shall charge sufficient fees to recover costs for the erection and maintenance of the motorist information sign panels. [2005 c 407 § 1; 1999 c 201 § 3; 1987 c 469 § 3; 1986 c 114 § 1; 1985 c 142 § 1; 1984 c 7 § 223; 1974 ex.s. c 80 § 2. Formerly RCW 47.42.046.]

47.36.320 Motorist information signs, tourist-oriented directional signs—Primary and scenic roads—Contents, placement, fees. The department is authorized to erect and maintain motorist information sign panels within the right-of-way of noninterstate highways to give the traveling public specific information as to gas, food, lodging, recreation, or tourist-oriented businesses accessible by way of highways intersecting the noninterstate highway. The motorist information sign panels are permitted only at locations within the corporate limits of cities and towns and areas zoned for commercial or industrial uses where there is adequate distance between interchanges to ensure compliance with the Manual on Uniform Traffic Control Devices. Motorist information sign panels shall include the words "GAS," "FOOD," "LODGING," "RECREATION," or "TOURIST ACTIVITIES" and the letters "RV" next to a gas, food, lodging, camping, or tourist activity sign if the business or destination accommodates recreational vehicles, and directional information. Directional information may contain one or more individual business signs maintained on the panel. The "RV" logo for businesses or destinations that accommodate recreational vehicles shall be placed in the lower right corner of the gas, food, lodging, camping, or tourist activity sign and shall be in the form of a small yellow circle with the letters "RV" in black. In managing the number of individual business signs to be displayed, the department must ensure the use of available space on a panel is maximized. The erection and maintenance of motorist information sign panels along noninterstate highways shall also conform to the Manual on Uniform Traffic Control Devices and rules adopted by the state department of transportation. A motorist service or tourist-oriented business located within one mile of a noninterstate highway shall not be permitted to display its name, brand, or trademark on a motorist information sign panel unless its owner has first entered into an agreement with the department limiting the height of its on-premise signs at the site of its service installation to not more than fifteen feet higher than the roof of its main building measured to the bottom of the on-premise sign.

The department shall adopt rules for the erection and maintenance of tourist-oriented directional signs with the following restrictions:

(1) Where installed, they shall be placed in advance of the "GAS," "FOOD," "LODGING," "RECREATION," or "RV" motorist information sign panels previously described in this section;

(2) Signs shall not be placed to direct a motorist to an activity visible from the main traveled roadway;

(3) Premises on which the qualified tourist-oriented business is located must be within fifteen miles of the state highway except as provided in RCW 47.36.330(3) (b) and (c), and necessary supplemental signing on local roads must be provided before the installation of the signs on the state highway.

The department shall charge sufficient fees for the display of individual business signs to recover the costs of their installation and maintenance, and shall charge sufficient fees to recover the costs for the erection and maintenance of the motorist information sign panels. [2005 c 407 § 2. Prior: 1999 c 213 § 1; 1999 c 201 § 4; 1986 c 114 § 2; 1985 c 376 §

47.36.330 Motorist information signs—Maximum number and distance. (1) Not more than six business signs may be permitted on motorist information sign panels authorized by RCW 47.36.310 and 47.36.320.

(2) The maximum distance that eligible service facilities may be located on either side of an interchange or intersection to qualify for a business sign are as follows:

(a) On interstate highways, gas, food, or lodging activities shall be located within three miles. Camping or tourist-oriented activities shall be within five miles.

(b) On noninterstate highways, gas, food, lodging, recreation, or tourist-oriented activities shall be located within five miles.

(3)(a) If no eligible services are located within the distance limits prescribed in subsection (2) of this section, the distance limits shall be increased until an eligible service of a type being considered is reached, up to a maximum of fifteen miles.

(b) The department may erect and maintain signs on an alternate route that is longer than fifteen miles if it is safer and still provides reasonable and convenient travel to an eligible service.

(c) The department may erect and maintain signs on a route up to a maximum of twenty miles if it qualifies as an eligible service and is within a distressed area as defined in RCW 43.168.020. [2005 c 136 § 16; 1999 c 213 § 2; 1999 c 201 § 5; 1985 c 142 § 3. Formerly RCW 47.42.0475.]

Reviser's note: This section was amended by 1999 c 201 § 5 and by 1999 c 213 § 2, each without reference to the other. Both amendments are incorporated in the publication of this section under RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

Savings—Effective date—2005 c 136: See notes following RCW 43.168.020.

47.36.340 Motorist information signs—Lodging. To be eligible for placement of a business sign on a motorist information sign panel a lodging activity shall:

(1) Be licensed or approved by the department of social and health services or county health authority;

(2) Provide adequate sleeping and bathroom accommodations available for rental on a daily basis; and

(3) Provide public telephone facilities. [1999 c 201 § 6; 1985 c 376 § 8. Formerly RCW 47.42.170.]

Legislative intent—1985 c 376: See note following RCW 47.42.020.

47.36.350 Motorist information signs—Installation time. The department shall ensure that motorist information sign panels are installed within nine months of receiving the request for installation. [1999 c 201 § 7; 1991 c 94 § 5.]

47.36.360 Motorist information signs—"RV" logo. (1) The department of transportation shall not include the logo "RV" under RCW 47.36.310 and 47.36.320 unless a business or destination requests an "RV" logo and the department determines that the gas, food, or lodging business or the camping or tourist activity destination provides parking

(2012 Ed.)

spaces, overhang clearances, and entrances and exits designed to accommodate recreational or other large vehicles.

(2) The department may charge a reasonable fee in accordance with RCW 47.36.310 or 47.36.320 to defray the costs associated with the installation and maintenance of signs with "RV" logos.

(3) The department may adopt rules necessary to administer this section. [2005 c 407 § 3.]

47.36.400 Adopt-a-highway signs. The department may install adopt-a-highway signs, with the following restrictions:

(1) Signs shall be designed by the department and may only include the words "adopt-a-highway litter control facility" or "adopt-a-highway litter control next XX miles" and the name of the litter control area sponsor. The sponsor's name shall not be displayed more predominantly than the remainder of the sign message. Trademarks or business logos may be displayed;

(2) Signs may be placed along interstate, primary, and scenic system highways;

(3) Signs may be erected at other state-owned transportation facilities in accordance with RCW 47.40.100(1);

(4) For each litter control area designated by the department, one sign may be placed visible to traffic approaching from each direction;

(5) Signs shall be located so as not to detract from official traffic control signs installed pursuant to the manual on uniform traffic control devices adopted by the department;

(6) Signs shall be located so as not to restrict sight distance on approaches to intersections or interchanges;

(7) The department may charge reasonable fees to defray the cost of manufacture, installation, and maintenance of adopt-a-highway signs. [1998 c 180 § 1; 1991 c 94 § 4.]

47.38.010 Rules governing use and control of rest areas, historic sites, viewpoints, etc.—Penalties. (1) Pursuant to chapter 34.05 RCW, the department and the Washington state patrol shall jointly adopt rules governing the conduct and the safety of the traveling public relating to the use and control of rest areas and other areas as designated in RCW 47.12.250. Nothing herein may be construed as limiting the powers of the department as provided by law.

(2) Except as otherwise provided in this section, any person violating this section or any rule or regulation adopted pursuant to this section is guilty of a misdemeanor.

(3)(a) Except as provided in (b) of this subsection, violation of such a rule or regulation relating to traffic including parking, standing, stopping, and pedestrian offenses is a traffic infraction.

(b) Violation of such a rule or regulation equivalent to those provisions of Title 46 RCW set forth in RCW 46.63.020 remains a misdemeanor. [2003 c 53 § 260; 1993 c 116 § 1; 1984 c 7 § 204; 1967 ex.s. c 145 § 29.]

47.38.020 Limitations on use of rest areas. Except where specifically authorized by the department, it is unlawful for any person or persons to stop, stand, or park any vehicle, including but not limited to trailers, campers, and motorcycles, for more than eight hours, or for any person or persons to camp or to maintain a camp, tent, or other sleeping accommodation or facility, in any rest area or safety rest area within the limits of the right-of-way of interstate highways or other state highways or in other areas of state or interstate highways as designated in RCW 47.12.250. This section does not apply to disabled vehicles. [1984 c 7 § 205; 1967 ex.s. c 145 § 30.]

Additional notes found at www.leg.wa.gov

47.38.040 Information centers. In order to provide information in the specific interest of the traveling public, the department may establish information centers at safety rest areas and permit maps, informational directories, and advertising pamphlets to be made available there for the purpose of informing the public of places of interest within the state and providing such other information as the department deems desirable. [1984 c 7 § 206; 1967 ex.s. c 145 § 32.]

47.38.050 Recreational vehicle sanitary disposal systems. The department of transportation shall construct and maintain recreational vehicle sanitary disposal systems in the following safety rest areas lying along highways which are a part of the interstate highway system:

- (1) Gee Creek safety rest area, northbound and southbound on Interstate 5 in Clark county;
- (2) SeaTac safety rest area, northbound on Interstate 5 in King county;
- (3) Silver Lake safety rest area, southbound on Interstate 5 in Snohomish county;
- (4) Winchester Wasteway safety rest area, eastbound and westbound on Interstate 90 in Grant county;
- (5) Sprague safety rest area, eastbound on Interstate 90 in Lincoln county;
- (6) Selah Creek safety rest area, northbound and southbound on Interstate 82 in Yakima county;
- (7) Indian John Hill safety rest area, eastbound and westbound on Interstate 90 in Kittitas county;

[Title 47 RCW—page 138]

(8) Smokey Point safety rest area, northbound and southbound on Interstate 5 in Snohomish county;

(9) Schrag safety rest area, westbound on Interstate 90 in Adams county. [1996 c 237 § 3; 1980 c 60 § 1.]

47.38.060 Dedication of memorial signs at rest areas.

The department may designate interstate safety rest areas, as appropriate, as locations for memorial signs to prisoners of war and those missing in action. The department shall adopt policies for the placement of memorial signs on interstate safety rest areas and may disapprove any memorial sign that it determines to be inappropriate or inconsistent with the policies. The policies shall include, but are not limited to, guidelines for the size and location of and inscriptions on memorial signs. The secretary shall adopt rules for administering this program. Nonprofit associations may have their name identified on a memorial sign if the association bears the cost of supplying and maintaining the memorial sign. [2006 c 334 § 24; 1996 c 172 § 1.]

Effective date—2006 c 334: See note following RCW 47.01.051.

47.38.070 Electric vehicle infrastructure. (1) As a necessary and desirable step to spur public and private investment in electric vehicle infrastructure in accordance with section 1, chapter 459, Laws of 2009, and to begin implementing the provisions of RCW 43.19.648, the legislature authorizes an alternative fuels corridor pilot project capable of supporting electric vehicle charging and battery exchange technologies.

(2) To the extent permitted under federal programs, rules, or law, the department may enter into partnership agreements with other public and private entities for the use of land and facilities along state routes and within interstate highway rights-of-way for an alternative fuels corridor pilot project. At a minimum, the pilot project must:

(a) Limit renewable fuel and vehicle technology offerings to those with a forecasted demand over the next fifteen years and approved by the department;

(b) Ensure that a pilot project site does not compete with existing retail businesses in the same geographic area for the provision of the same refueling services, recharging technologies, or other retail commercial activities;

(c) Provide existing truck stop operators and retail truck refueling businesses with an absolute right of first refusal over the offering of refueling services to class six trucks with a maximum gross vehicle weight of twenty-six thousand pounds within the same geographic area identified for a possible pilot project site;

(d) Reach agreement with the department of services for the blind ensuring that any activities at host sites do not materially affect the revenues forecasted from their vending operations at each site;

(e) Regulate the internal rate of return from the partnership, including provisions to reduce or eliminate the level of state support once the partnership attains economic self-sufficiency;

(f) Be limited to not more than five locations on state-owned land within federal interstate rights-of-way or state highway rights-of-way in Washington; and

(2012 Ed.)

(g) Be limited in duration to a term of years reasonably necessary for the partnership to recover the cost of capital investments, plus the regulated internal rate of return.

(3) The department is not responsible for providing capital equipment nor operating refueling or recharging services. The department must provide periodic status reports on the pilot project to the office of financial management and the relevant standing committees of the legislature not less than every biennium.

(4) The provisions of this section are subject to the availability of existing funds. However, capital improvements under this section must be funded with federal or private funds. [2009 c 459 § 14.]

Finding—Purpose—2009 c 459: See note following RCW 47.80.090.
Regional transportation planning organizations—Electric vehicle infrastructure: RCW 47.80.090.

47.38.075 Electrical outlets for electric vehicles at rest areas—Battery exchange and charging station installation and operation. (1) By December 31, 2015, the state must, to the extent practicable, install electrical outlets capable of charging electric vehicles in each state-operated highway rest stop.

(2) By December 31, 2015, the state must provide the opportunity to lease space for the limited purpose of installing and operating a battery exchange station or a battery charging station in appropriate state-owned highway rest stops.

(3) The department of transportation’s obligations under this section are subject to the availability of amounts appropriated for the specific purpose identified in this section, unless the department receives federal or private funds for the specific purpose identified in this section.

(4) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Battery charging station" means an electrical component assembly or cluster of component assemblies designed specifically to charge batteries within electric vehicles, which meet or exceed any standards, codes, and regulations set forth by chapter 19.28 RCW and consistent with rules adopted under RCW 19.27.540.

(b) "Battery exchange station" means a fully automated facility that will enable an electric vehicle with a swappable battery to enter a drive lane and exchange the depleted battery with a fully charged battery through a fully automated process, which meets or exceeds any standards, codes, and regulations set forth by chapter 19.28 RCW and consistent with rules adopted under RCW 19.27.540. [2009 c 459 § 15.]

Finding—Purpose—2009 c 459: See note following RCW 47.80.090.
Regional transportation planning organizations—Electric vehicle infrastructure: RCW 47.80.090.

47.38.080 Human trafficking informational posters at rest areas. The department may work with human trafficking victim advocates in developing informational posters for placement in rest areas. The department may adopt policies for the placement of these posters in rest areas and these policies must address, at a minimum, placement of the posters in bathroom stalls. The posters may be in a variety of languages and include toll-free telephone numbers a person may call for assistance, including the number for the national

human trafficking resource center at (888)373-7888 and the number for the Washington state office of crime victims advocacy at (800)822-1067. [2010 c 48 § 1.]

47.39.010 System created—Standards. There is hereby created a scenic and recreational highway system. Highways in this system shall be developed and maintained in accordance with general standards for state highways of comparable classification and usage.

Recognizing that the Transportation Equity Act for the 21st Century establishes a national "scenic byway" program that could benefit state and local roadways, the Washington state scenic byway designation program is revised to address state and local transportation routes. Byways in this program must be designated and maintained in accordance with the criteria developed by the department under this chapter. However, a highway so designated under RCW 47.39.069 does not become part of the scenic and recreational highway system unless approved by the legislature. Corridors within the scenic and recreational highway system that showcase the state’s historic agricultural areas and promote the maintenance and enhancement of agricultural areas may be designated as agricultural scenic corridors. [2010 c 14 § 1; 1999 c 218 § 1; 1967 ex.s. c 85 § 1.]

(65) All Washington state ferry routes. [2011 c 123 § 1; 2010 c 14 § 2; 2009 c 277 § 1; 2003 c 55 § 1; 1993 c 430 § 7; 1992 c 26 § 2; 1991 c 342 § 54; 1990 c 240 § 3; 1975 c 63 § 8; 1973 1st ex.s. c 151 § 10; 1971 ex.s. c 73 § 29; 1970 ex.s. c 51 § 177; 1969 ex.s. c 281 § 6; 1967 ex.s. c 85 § 2.]

Legislative finding—1990 c 240: "The legislature finds that scenic and recreational highways are designated because of a need to develop management plans that will protect and preserve the scenic and recreational resources from loss through inappropriate development. Protection of scenic and recreational resources includes managing land use outside normal highway rights-of-way. The legislature recognizes that scenic and recreational highways are typically located in areas that are natural in character, along watercourses or through mountainous areas, or in areas with a view of such scenery." 47.39.030 Development and maintenance of system by department of transportation and parks and recreation commission—Allocation of costs. (1) The department shall pay from motor vehicle funds appropriated for construction of state highways, the following costs of developing and constructing scenic and recreational highways: (a) Acquisition of the right-of-way necessary for state highway purposes; (b) construction of the portion of the highway designed primarily for motor vehicle travel; (c) exit and entrance roadways providing access to scenic observation points; (d) safety rest areas; (e) roadside landscaping within the portion of the highway right-of-way acquired by the department for state highway purposes; (f) the uniform signs and markers designating the various features and facilities of the scenic and recreational highways; and (g) any additional costs of constructing and developing the scenic and recreational highways, including property acquisition adjacent to highways as authorized by RCW 47.12.250, for which the department shall receive reimbursement from the federal government or any other source.

(2) The parks and recreation commission shall pay the costs of developing and constructing the scenic and recreational highways not provided for in subsection (1) of this section from any funds appropriated for such purposes.

(3) The costs of maintaining the scenic and recreational highway system shall be allocated between the department and the parks and recreation commission in the same manner

that costs of developing and constructing such highways are allocated in subsections (1) and (2) of this section.

(4) The city, town, county, regional transportation planning organization, federal agency, federally recognized tribe, or any other such party that nominates a roadway not located on a state-owned right-of-way for designation as a scenic byway shall bear all costs relating to the nomination and designation of the byway, such as costs for developing, maintaining, planning, designing, and constructing the scenic byway. [1999 c 218 § 2; 1984 c 7 § 207; 1967 ex.s. c 85 § 3.]

47.39.040 Planning and design standards established by department of community, trade, and economic development. The establishment of planning and design standards for items provided for in RCW 47.39.050 shall be coordinated by the *department of community, trade, and economic development. The department of transportation, parks and recreation commission, and any other departments or commissions whose interests are affected shall prepare, submit, and file with the *department of community, trade, and economic development standards relating to the scenic and recreational highway system. If varying planning and design standards are filed, the *department of community, trade, and economic development shall consult with the submitting agencies on the merits of the several proposals and, based upon such consultation, establish a set of standards. Pursuant to the planning and design standards so established, the department of transportation and the parks and recreation commission shall develop the highways and areas adjacent thereto to accomplish the purposes of this chapter, but the department shall retain exclusive authority over the highway right-of-way.

Responsibility for construction and maintenance is hereby established between the department and the parks and recreation commission with the department responsible for activities financed with funds provided for under RCW 47.39.030(1) and the parks and recreation commission responsible for activities financed from other sources of funds. By mutual consent, responsibility for development and/or maintenance may be transferred between the two agencies. [1995 c 399 § 122; 1985 c 6 § 16; 1984 c 7 § 208; 1967 ex.s. c 85 § 4.]

47.39.050 Planning and design standards—Facilities and factors considered. Planning and design standards established for highways falling within the scenic and recreational highways system may include, but shall not be limited to, provision for the following:

- (1) Hiking, bicycle, and bridle trails, including regulations for their use;
- (2) Campsites and shelters;
- (3) Boat launching sites;
- (4) Access trails to lakes, rivers and streams, and easements along their shores;
- (5) Safety rest areas;

- (6) Historic and geologic interpretative facilities;
- (7) Scenic observation facilities;
- (8) Roadside landscaping, restoration and aesthetic enhancement;
- (9) Specifically delineated highway corridors and means for the preservation of natural beauty, historic sites, or viewpoints;
- (10) A uniform system of signs and markers designating the various features and facilities of the scenic and recreational highway systems. [1967 ex.s. c 85 § 5.]

47.39.060 Designation of system on maps or other descriptive material. The department and the parks and recreation commission may include, where appropriate, on any maps, or in any relevant descriptive material they may prepare at state expense, references to those portions of highways designated in RCW 47.39.020, and may include those designated byways by appropriate color or code designation. [1999 c 218 § 3; 1984 c 7 § 209; 1967 ex.s. c 85 § 6.]

47.39.069 Designation and removal criteria. (1) The department, in consultation with the *department of community, trade, and economic development, the department of natural resources, the parks and recreation commission, affected cities, towns, and counties, federally recognized tribes, regional transportation planning organizations, Washington-based automobile clubs, statewide bicycling organizations, and other interested parties, shall develop by December 31, 1999, criteria for assessing scenic byways and heritage tour routes and an appropriate method of nomination and application for the designation and removal of the designation of the byways. Factors the department may take into consideration, but is not limited by, are: (a) Scenic quality of the byway; (b) natural aspects, such as geological formations, water bodies, vegetation, and wildlife; (c) historic elements; (d) cultural features such as the arts, crafts, music, customs, or traditions of a distinct group of people; (e) archaeological features; (f) recreational activities; (g) roadway safety including accommodations for bicycle and pedestrian travel, tour buses, and automobiles; (h) scenic byway and local and regional byway management plans; and (i) local public involvement and support for the byway.

(2) The criteria developed in subsection (1) of this section must not impose nor require regulation of privately owned lands or property rights.

(3) Any person may nominate a roadway, path, or trail for inclusion in the scenic byway program. The department shall assess nominations in accordance with the criteria developed under subsection (1) of this section. The department shall submit its recommendations for scenic byway and heritage tour route designations to the commission for its approval and official designation of the roadway, path, or trail as a scenic byway or a heritage tour route. All decisions made by the commission relating to scenic byway and heritage tour route designations are final.

(4) The department shall apply the criteria in subsection (1) of this section to state highways that are currently not a part of the designated scenic and recreational highway system. The department shall respond to local requests for route evaluation as defined in subsection (3) of this section.

(2012 Ed.)

(5) Once the commission has designated a roadway as a scenic byway, the department may submit an individual nomination to the federal highway administration for its consideration of whether the roadway qualifies to be designated as a national scenic byway or an All-American Roadway. [1999 c 218 § 4.]

*Reviser's note: The "department of community, trade, and economic development" was renamed the "department of commerce" by 2009 c 565.

47.39.075 Corridor management plan. The department shall participate with local communities to develop a corridor management plan for a state highway nominated to be part of the scenic byway program. Local, regional, or other governmental bodies shall develop a corridor management plan for nominated routes that are under their jurisdiction. [1999 c 218 § 5.]

Additional notes found at www.leg.wa.gov

47.39.080 Funding priorities—Signage. Recognizing that the Transportation Equity Act for the 21st Century establishes a national "Scenic Byways" grant program and a new apportionment program called "Transportation Enhancement Activities," the department of transportation shall place high priority on obtaining funds from those sources for further development of a scenic and recreational highways program, including enhancement projects on the designated scenic and recreational highway system. The department shall consider the use of the designated system by bicyclists and pedestrians in connection with nonmotorized routes in the state trail plan, and the state bicycle plan which are also eligible for TEA-21 funding. Appropriate signage may be used at intersections of nonmotorized and motorized systems to demonstrate the access, location, and the interconnectivity of various modes of travel for transportation and recreation. For the purposes of leveraging national scenic byway planning grant funds, the commission may designate eligible state highways as scenic byways on an interim basis. [1999 c 218 § 6; 1993 c 430 § 8.]

Additional notes found at www.leg.wa.gov

47.39.090 Consultation with other agencies and parties—Identification of tourist routes. In developing the scenic and recreational highways program, the department shall consult with the *department of community, trade, and economic development, the department of natural resources, the parks and recreation commission, affected cities, towns, and counties, regional transportation planning organizations, statewide bicycling organizations, and other interested parties. The scenic and recreational highways program may identify entire highway loops or similar tourist routes that could be developed to promote tourist activity and provide concurrent economic growth while protecting the scenic and recreational quality surrounding state highways. [1995 c 399 § 123; 1993 c 430 § 9.]

*Reviser's note: The "department of community, trade, and economic development" was renamed the "department of commerce" by 2009 c 565.

47.39.100 Removal of designation. (1) The commission may remove the designation of a route if it no longer possesses the intrinsic qualities or fails to meet the criteria that supported its designation.

(2) The department shall determine whether a roadway designated as a national scenic byway or an All-American Roadway is being properly maintained in accordance with the roadway's byway management plan, including preserving the intrinsic qualities that originally supported the designation. When the department determines that the intrinsic qualities of a national scenic byway or All-American Roadway have not been maintained sufficiently to retain its designation, the department shall notify the party responsible for maintaining the designation of the finding and allow the party an opportunity, under federal regulations, for corrective action before formal removal of the designation of the roadway.

(3) Local, regional, or other governmental bodies may notify the commission of the removal of a designated route if they determine it no longer meets the designation criteria, or community support for the designation no longer exists, or it no longer possesses the intrinsic qualities that supported its original designation.

(4) State or local removal of a designated route will result in discontinued state support of the designated route and can include, but is not limited to, state matching assistance for grant applications, the removal of signs directly related to the byway, free promotional information in the state-owned safety rest areas, and inclusion in maps, brochures, and electronic media. [1999 c 218 § 7.]

47.40.010 Improvement and beautification a highway purpose. The planting and cultivating of any shrubs, trees, hedges or other domestic or native ornamental growth,

the improvement of roadside facilities and view points, and the correction of unsightly conditions, upon the right-of-way of any state highway is hereby declared to be a proper state highway purpose. [1961 c 13 § 47.40.010. Prior: 1937 c 53 § 88; RRS § 6400-88.]

47.40.020 Use of funds authorized. Whenever funds are available for the planting or cultivation of any shrubs, trees, hedges, or other domestic or native ornamental growth, the improvement of roadside facilities and view points, the correction of unsightly conditions upon the right-of-way of any state highway, and for roadside development and beautification, the department is empowered to expend such funds, either independently or in conjunction with the funds of any county, political subdivision, or any person, firm, corporation, association, or organization. [1984 c 7 § 210; 1961 c 13 § 47.40.020. Prior: 1937 c 53 § 89; RRS § 6400-89.]

47.40.030 Permit to private persons. Any person, firm, corporation, association, or organization owning lands abutting upon any state highway and desiring to plant, cultivate, and grow any hedge, shade trees, or ornamental trees or shrubs along the right-of-way thereof, or to clear and cultivate a portion of the state highway right-of-way for the purpose of growing crops and destroying noxious weeds, or any person, firm, corporation, association, or organization interested in public improvement and desiring to improve and beautify any state highway right-of-way or any portion thereof by planting, cultivating, or growing any hedge or shade or ornamental trees or cultivate along or upon the right-of-way thereof, may upon application to the department, be granted a permit therefor as provided by law. [1984 c 7 § 211; 1961 c 13 § 47.40.030. Prior: 1937 c 53 § 90; RRS § 6400-90; prior: 1927 c 242 § 1; RRS § 6437-1.]

47.40.040 Application for permit, contents. Each application for a permit to plant, cultivate and grow any hedge, shade or ornamental trees or shrubbery along or upon the right-of-way of any state highway or improve such right-of-way shall be in writing, signed by the applicant, and shall describe the state highway or portion thereof along or upon the right-of-way of which permit to plant, cultivate, grow or improve is sought, by name, number, or other reasonable description, and the lands bordering thereon by governmental subdivisions, and shall state the names, places or residence and post office addresses of the applicant or applicants owning the land abutting upon such state highway or the name of the person, firm, corporation, association or organization applying for the permit and the names of its officers and their places of residence and their post office addresses, and shall state definitely the purpose for which the permit is sought, giving a description of the kind of hedge, or variety of shrubbery or trees desired to be planted or the kinds of crops to be grown, or improvement to be made, with a diagram illustrating the location and number of hedges, trees or shrubs or the area of cultivation desired or plans of the improvement proposed to be made. [1961 c 13 § 47.40.040. Prior: 1937 c 53 § 91; RRS § 6400-91; prior: 1927 c 242 § 2; RRS § 6437-2.]

47.40.050 Survey—Report—Permit. Upon the filing of such application, the department shall cause a survey of the state highway to be made with reference to the application and a report of the findings and recommendations as to the granting of the permit, and if it appears to the satisfaction of the department that the use of a portion of the state highway for the purpose set out in the application will not interfere with the use of the state highway for public travel and will beautify and improve the state highway, a permit may be granted and issued to the applicant to plant, cultivate, and grow any hedge, shade or ornamental trees, shrubbery, or crops, or make such improvement along or upon the right-of-way of such portion of the state highway as is definitely described in the permit, and to construct and maintain such temporary and substantial fence on and along the portion of the right-of-way of the state highway described in the permit as is specified in the permit. The permit shall specify the exact location of all hedges, shade or ornamental trees, or shrubbery to be planted and grown, or the area to be cultivated under the permit, or the area to be improved to which specified location the person, firm, corporation, association, or organization receiving the permit shall specifically conform. The department may in its discretion refuse to issue the permit, and any such permit that is granted is revocable at the will of the department and nothing in this title may be construed as in anywise affecting the title of the state to the lands included in the state highway, or the right to use the lands for state highway purposes, or to remove or destroy any of such hedges, trees, shrubbery, or crops for the purpose of construction, alteration, repair, improvement, or maintenance of the state highway, or for any other purpose and at any time. [1984 c 7 § 212; 1961 c 13 § 47.40.050. Prior: 1937 c 53 § 92; RRS § 6400-92; prior: 1927 c 242 § 3, part; RRS § 6437, part.]

47.40.060 Agreement to maintain project. If any such permit is granted, the department shall enter into an agreement with the person, firm, corporation, association, or organization agreeing that such roadside development or beautification shall be maintained and kept up by the state through the department or by the person, firm, corporation, association, or organization. If any such person, firm, corporation, association, or organization so agreeing fails or neglects to maintain the roadside development or beautification, the department is empowered to do so, and the expense thereof shall be a charge against the person, firm, corporation, association, or organization. [1984 c 7 § 213; 1961 c 13 § 47.40.060. Prior: 1937 c 53 § 93; RRS § 6400-93; prior: 1927 c 242 § 3, part; RRS § 6437-3, part.]

47.40.070 Damaging project unlawful. It is unlawful for any person to injure, destroy, or remove any hedge, shade or ornamental trees, shrubbery, or crops, planted, cultivated, and grown or improvement made upon or along any portion of any state highway under permit from the department or otherwise, or to injure, destroy, or remove any fence erected under any such permit or otherwise. However, nothing in this section may be construed to prevent any person with the department to do so or the officers of the state charged with

(2012 Ed.)

the duty of constructing and maintaining any such state highway, from removing any hedges, trees, shrubbery, or crops planted or improvements or fences built under permit, where in their judgment they interfere with or are detrimental to, the use of the state highway for public travel, or such removal is necessary for the construction, alteration, repair, improvement, or maintenance of the state highway. [1984 c 7 § 214; 1961 c 13 § 47.40.070. Prior: 1937 c 53 § 94; RRS § 6400-94; prior: 1927 c 242 § 4; RRS § 6437-4.]

47.40.080 Penalty for destroying native flora on state lands, highways, parks. Any person who shall break or cut from any lands owned by the state of Washington or shall cut down, remove, destroy or uproot any rhododendron, evergreen, huckleberry, native dogwood or any other native tree, shrub, fern, herb, bulb or wild plants, or any part thereof, within three hundred feet of the center line of any state or county road, or who shall cut down, remove or destroy any flowering or ornamental tree or shrub, or any native flowering plant, fern, herb or bulb, either perennial or annual, situate, growing or being on any public street or highway, state or city park, in the state of Washington, unless such person be engaged in the work of constructing or repairing such highway or street under authority and direction of the legally constituted public officials being charged by law with the duty of constructing or repairing such highways or streets, state or city parks, shall be guilty of a misdemeanor. [1961 c 13 § 47.40.080. Prior: 1933 c 133 § 1; 1925 ex.s. c 59 § 1; RRS § 2787-1.]

47.40.090 Glass bottles along highways—Collection and removal. The department and any other governmental subdivision shall, with the staff, equipment, and material under their control, or by contract with others, take all necessary actions to collect and remove any or all glass bottles or glass containers along the right-of-way of any public road or public highway. [1984 c 7 § 215; 1969 ex.s. c 281 § 48.]

47.40.100 State adopt-a-highway program. (1) The department of transportation shall establish a statewide adopt-a-highway program. The purpose of the program is to provide volunteers and businesses an opportunity to contribute to a cleaner environment, enhanced roadsides, and protection of wildlife habitats. Participating volunteers and businesses shall adopt department-designated sections of state highways, rest areas, park and ride lots, intermodal facilities, and any other facilities the department deems appropriate, in accordance with rules adopted by the department. The department may elect to coordinate a consortium of participants for adopt-a-highway projects.

The adopt-a-highway program shall include, at a minimum, litter control for the adopted section, and may include additional responsibilities such as planting and maintaining vegetation, controlling weeds, graffiti removal, and any other roadside improvement or clean-up activities the department

deems appropriate. The department shall not accept adopt-a-highway proposals that would have the effect of terminating classified employees or classified employee positions.

(2) A volunteer group or business choosing to participate in the adopt-a-highway program must submit a proposal to the department. The department shall review the proposal for consistency with departmental policy and rules. The department may accept, reject, or modify an applicant's proposal.

(3) The department shall seek partnerships with volunteer groups and businesses to facilitate the goals of this section. The department may solicit funding for the adopt-a-highway program that allows private entities to undertake all or a portion of financing for the initiatives. The department shall develop guidelines regarding the cash, labor, and in-kind contributions to be performed by the participants.

(4) An organization whose name: (a) Endorses or opposes a particular candidate for public office, (b) advocates a position on a specific political issue, initiative, referendum, or piece of legislation, or (c) includes a reference to a political party shall not be eligible to participate in the adopt-a-highway program.

(5) In administering the adopt-a-highway program, the department shall:

(a) Provide a standardized application form, registration form, and contractual agreement for all participating groups. The forms shall notify the prospective participants of the risks and responsibilities to be assumed by the department and the participants;

(b) Require all participants to be at least fifteen years of age;

(c) Require parental consent for all minors;

(d) Require at least one adult supervisor for every eight minors;

(e) Require one designated leader for each participating organization, unless the department chooses to coordinate a consortium of participants;

(f) Assign each participating organization a section or sections of state highway, or other state-owned transportation facilities, for a specified period of time;

(g) Recognize the efforts of a participating organization by erecting and maintaining signs with the organization's name on both ends of the organization's section of highway;

(h) Provide appropriate safety equipment. Safety equipment issued to participating groups must be returned to the department upon termination of the applicable adopt-a-highway agreement;

(i) Provide safety training for all participants;

(j) Pay any and all premiums or assessments required under RCW 51.12.035 to secure medical aid benefits under chapter 51.36 RCW for all volunteers participating in the program;

(k) Require participating businesses to pay all employer premiums or assessments required to secure medical aid benefits under chapter 51.36 RCW for all employees or agents participating in the program;

(l) Maintain records of all injuries and accidents that occur;

(m) Adopt rules that establish a process to resolve any question of an organization's eligibility to participate in the adopt-a-highway program;

(n) Obtain permission from property owners who lease right-of-way before allowing an organization to adopt a section of highway on such leased property; and

(o) Establish procedures and guidelines for the adopt-a-highway program.

(6) Nothing in this section affects the rights or activities of, or agreements with, adjacent landowners, including the use of rights-of-way and crossings, nor impairs these rights and uses by the placement of signs. [1995 c 106 § 1; 1990 c 258 § 5.]

Legislative findings and intent—1990 c 258: "The legislature finds that despite the efforts of the department of transportation, the department of ecology, and the ecology youth corps to pick up litter along state highways, roadside litter in Washington state has increased by thirty-six percent since 1983. The legislature further finds that in twenty-seven states, volunteer organizations are able to give of their time and energy, demonstrate commitment to a clean environment, and discourage would-be litterers by keeping sections of highway litter free because those states have established programs to encourage and recognize such voluntary efforts. Therefore, it is the legislature's intent to establish an "adopt-a-highway" litter control program as a partnership between citizen volunteers and the state to reduce roadside litter and build civic pride in a litter-free Washington." [1990 c 258 § 4.]

47.40.105 Local adopt-a-highway programs. Local government legislative authorities may enact local "adopt-a-highway sign" programs which are not inconsistent with state or federal law. [1990 c 258 § 3.]

47.41.010 Legislative declaration—Purpose. For the purpose of promoting the public safety, health, welfare, convenience, and enjoyment of public travel, to protect the public investment in public highways, and to preserve and enhance the scenic beauty of lands bordering public highways, it is hereby declared to be in the public interest to regulate and restrict the establishment, operation, and maintenance of junkyards in areas adjacent to the interstate and federal-aid primary systems within this state. The legislature hereby finds and declares that junkyards which do not conform to the requirements of this chapter are public nuisances. [1971 ex.s. c 101 § 1.]

47.41.020 Definitions. The definitions set forth in this section apply throughout this chapter.

(1) "Junk" means old or scrap copper, brass, rope, rags, batteries, paper, trash, rubber debris, waste, or junked, dismantled, or wrecked automobiles, or parts thereof, iron, steel, and other old or scrap ferrous or nonferrous material.

(2) "Automobile graveyard" means any establishment or place of business that is maintained, used, or operated by storing, keeping, buying, or selling wrecked, scrapped, ruined, or dismantled motor vehicles or motor vehicle parts.

(3) "Junkyard" means an establishment or place of business that is maintained, operated, or used for storing, keeping, buying, or selling junk or for the maintenance or operation of an automobile graveyard, and the term includes garbage dumps and sanitary fills.

(4) "Interstate system" means that portion of the national system of interstate and defense highways located within this state, as officially designated or as may hereafter be so designated by the department and approved by the United States secretary of transportation under Title 23 United States Code.

(5) "Federal-aid primary system" means that portion of connected main highways as officially designated or as may hereafter be so designated by the department and approved by the United States secretary of transportation as the federal-aid primary system pursuant to the provisions of Title 23 United States Code.

(6) "Department" means the Washington state department of transportation. [1984 c 7 § 216; 1971 ex.s. c 101 § 2.]

Additional notes found at www.leg.wa.gov

47.41.030 Junkyards adjacent to highways prohibited—Exceptions. No person may establish, operate, or maintain a junkyard any portion of which is within one thousand feet of the nearest edge of the right-of-way of any interstate or federal-aid primary highway, except the following:

(1) Those which are screened by natural objects, plantings, fences, or other appropriate means so as not to be visible from the main-traveled way of the system or otherwise removed from sight;

(2) Those located within areas which are zoned for industrial use under authority of law;

(3) Those located within unzoned industrial areas, which areas shall be determined from actual land uses and defined by rules adopted by the department and approved by the United States secretary of transportation; and

(4) Those which are not visible from the main-traveled way of the system. [1984 c 7 § 217; 1971 ex.s. c 101 § 3.]

Additional notes found at www.leg.wa.gov

47.41.040 Screening or removal of junkyard. Before July 1, 1971, the department shall determine whether or not the topography of the land adjoining the highway will permit adequate screening of any junkyard lawfully in existence located outside of a zoned industrial area or an unzoned industrial area as defined under RCW 47.41.030 on August 9, 1971, that is within one thousand feet of the nearest edge of the right-of-way and visible from the main traveled way of any highway on the interstate and primary system and whether screening of the junkyard would be economically feasible. Within thirty days thereafter the department shall notify by certified mail the record owner of the land upon which the junkyard is located, or the operator thereof, of its determination.

If it is economically feasible to screen the junkyard, the department shall screen the junkyard so that it will not be visible from the main-traveled way of the highway. The depart-

(2012 Ed.)

ment is authorized to acquire by gift, purchase, exchange, or condemnation such lands or interest in lands as may be required for these purposes.

If it is not economically feasible to screen the junkyard, the department shall acquire by purchase, gift, or condemnation an interest in the real property used for junkyard purposes that is visible from the main traveled way of the highway, restricting any owner of the remaining interest to use of the real estate for purposes other than a junkyard. In addition to compensation for the real property interest, the operator of a junkyard shall receive the actual reasonable expenses in moving his or her business personal property to a location within the same general area where a junkyard may be lawfully established, operated, and maintained. This section shall be interpreted as being in addition to all other rights and remedies of a junkyard owner or operator and shall not be interpreted as a limitation on or alteration of the law of compensation in eminent domain. [2010 c 8 § 10015; 1984 c 7 § 218; 1971 ex.s. c 101 § 4.]

Additional notes found at www.leg.wa.gov

47.41.050 Administrative rules—Review of action.

The department shall adopt rules for the administration of this chapter consistent with the policy of this chapter and the national policy set forth in 23 U.S.C. Sec. 136, and the regulations promulgated thereunder by the United States secretary of transportation. Proceedings for review of any action taken by the department pursuant to this chapter shall be instituted by filing a petition only in the superior court of Thurston county. [1984 c 7 § 219; 1971 ex.s. c 101 § 5.]

Additional notes found at www.leg.wa.gov

47.41.060 Other laws not affected. Nothing in this chapter shall be construed to permit a person to maintain any junkyard that is otherwise prohibited by statute or by the resolution or ordinance of any county, city, or town, nor to abrogate or affect the lawful provisions of any statute, ordinance, regulation, or resolution which are more restrictive than the provisions of this chapter. [1971 ex.s. c 101 § 6.]

47.41.070 Violations—Penalty—Abatement as public nuisance. (1) If the owner of the land upon which any such junkyard is located, or the operator thereof, as the case may be, fails to comply with the notice or remove any such junk within the time provided in this chapter after being so notified, he or she is guilty of a misdemeanor. In addition to the penalties imposed by law upon conviction, an order may be entered compelling compliance with this chapter. Each day the junkyard is maintained in a manner so as not to comply with this chapter constitutes a separate offense.

(2) If the operator of the junkyard or the owner of the property upon which it is located, as the case may be, is not found or refuses receipt of the notice, the department, the chief of the Washington state patrol, the county sheriff, or the chief of police of any city or town shall post the property upon which it is located with a notice that the junkyard constitutes a public nuisance and that the junk thereon must be removed as provided in this chapter. If the notice is not complied with, the department, the chief of the Washington state patrol, the county sheriff, or the chief of police of any city or town shall abate the nuisance and remove the junk, and for

that purpose may enter upon private property without incurring liability for doing so. [2003 c 53 § 261; 1984 c 7 § 220; 1971 ex.s. c 101 § 7.]

Intent—Effective date—2003 c 53: See notes following RCW 2.48.180.

Additional notes found at www.leg.wa.gov

47.41.080 Agreements with United States secretary of transportation. The department is authorized to enter into agreements with the United States secretary of transportation as provided in Title 23 United States Code, relating to the control of junkyards in areas adjacent to the interstate and primary systems, and to take action in the name of the state to comply with the terms of the agreement. [1984 c 7 § 221; 1971 ex.s. c 101 § 8.]

Additional notes found at www.leg.wa.gov

47.41.900 Severability—1971 ex.s. c 101. If any provision of this act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected. [1971 ex.s. c 101 § 9.]

47.42.010 Declaration of purpose. The control of signs in areas adjacent to state highways of this state is

hereby declared to be necessary to promote the public health, safety, welfare, convenience and enjoyment of public travel, to protect the public investment in the interstate system and other state highways, and to attract visitors to this state by conserving the natural beauty of areas adjacent to the interstate system, and of scenic areas adjacent to state highways upon which they travel in great numbers, and to insure that information in the specific interest of the traveling public is presented safely and effectively. [1961 c 96 § 1.]

47.42.020 Definitions. The definitions set forth in this section apply throughout this chapter.

(1) "Commercial and industrial areas" means any area zoned commercial or industrial by a county or municipal code, or if unzoned or zoned for general uses by a county or municipal code, that area occupied by three or more separate and distinct commercial or industrial activities, or any combination thereof, within a space of five hundred feet and the area within five hundred feet of such activities on both sides of the highway. The area shall be measured from the outer edges of the regularly used buildings, parking lots, or storage or processing areas of the commercial or industrial activity and not from the property lines of the parcels upon which the activities are located. Measurements shall be along or parallel to the edge of the main traveled way of the highway. The following shall not be considered commercial or industrial activities:

- (a) Agricultural, forestry, grazing, farming, and related activities, including, but not limited to, wayside fresh produce stands;
- (b) Transient or temporary activities;
- (c) Railroad tracks and minor sidings;
- (d) Signs;
- (e) Activities more than six hundred and sixty feet from the nearest edge of the right-of-way;
- (f) Activities conducted in a building principally used as a residence.

If any commercial or industrial activity that has been used in defining or delineating an unzoned area ceases to operate for a period of six continuous months, any signs located within the former unzoned area become nonconforming and shall not be maintained by any person.

(2) "Department" means the Washington state department of transportation.

(3) "Erect" means to construct, build, raise, assemble, place, affix, attach, create, paint, draw, or in any other way bring into being or establish.

(4) "Interstate system" means any state highway which is or does become part of the national system of interstate and defense highways as described in section 103(d) of Title 23, United States Code.

(5) "Maintain" means to allow to exist.

(6) "Person" means this state or any public or private corporation, firm, partnership, association, as well as any individual or individuals.

(7) "Primary system" means any state highway which is or does become part of the federal-aid primary system as described in section 103(b) of Title 23, United States Code.

(8) "Roadside area information panel or display" means a panel or display located so as not to be readable from the main traveled way, erected in a safety rest area, scenic over-

look, or similar roadside area, for providing motorists with information in the specific interest of the traveling public.

(9) "Scenic system" means (a) any state highway within any public park, federal forest area, public beach, public recreation area, or national monument, (b) any state highway or portion thereof outside the boundaries of any incorporated city or town designated by the legislature as a part of the scenic system, or (c) any state highway or portion thereof outside the boundaries of any incorporated city or town designated by the legislature as a part of the scenic and recreational highway system except for the sections of highways specifically excluded in RCW 47.42.025 or located within areas zoned by the governing county for predominantly commercial and industrial uses, and having development visible to the highway, as determined by the department.

(10) "Sign" means any outdoor sign, display, device, figure, painting, drawing, message, placard, poster, billboard, or other thing that is designed, intended, or used to advertise or inform, any part of the advertising or informative contents of which is visible from any place on the main-traveled way of the interstate system or other state highway. "Sign" does not include a display authorized under RCW 47.36.030(3) promoting a local agency sponsored event that does not include advertising.

(11) "Temporary agricultural directional sign" means a sign on private property adjacent to a state highway right-of-way, or on a state highway right-of-way, to provide directional information to places of business offering for sale seasonal agricultural products on the property where the sale is taking place. [2010 c 138 § 1; 2005 c 398 § 2; 1993 c 430 § 10; 1991 c 94 § 1; 1990 c 258 § 1; 1987 c 469 § 2; 1985 c 376 § 2; 1984 c 7 § 222; 1977 ex.s. c 258 § 1; 1974 ex.s. c 80 § 1; 1971 ex.s. c 62 § 1; 1961 c 96 § 2.]

Reviser's note: The definitions in this section have been alphabetized pursuant to RCW 1.08.015(2)(k).

Legislative findings and intent—1990 c 258: See note following RCW 47.40.100.

Legislative intent—1985 c 376: "It is the intent of the legislature that state highway information and directional signs provide appropriate guidance to all motorists traveling throughout the state. Such guidance should include the identity, location, and types of recreational, cultural, educational, entertainment, or unique or unusual commercial activities whose principle source of visitation is derived from motorists not residing in the immediate locale of the activity. Such informational and directional signs shall comply with Title 23, United States Code and the rules adopted by the department under RCW 47.42.060." [1985 c 376 § 1.]

47.42.025 Exclusions from scenic system. The following sections of the scenic and recreational highway system are excluded from the scenic system as defined in subsection (7) of *RCW 47.42.020:

(1) Beginning on state route number 101 at the junction with Airport Road north of Shelton, thence north to a point two thousand feet north of Airport Road.

(2) Beginning on state route number 101 at the junction with Mill Creek Road south of Forks, thence north two and four-tenths miles to the Calawah River bridge.

(3) Beginning on state route number 105 at a point one-half mile southwest of the boundary of Aberdeen, thence northeast to the boundary of Aberdeen.

(4) Beginning on state route number 17 at a point nine-tenths of a mile west of Grape Drive in the vicinity of Moses Lake, thence easterly to a junction of Grape Drive.

(5) Beginning on state route number 12 at a point one-half mile south of the south boundary of Dayton, thence northerly to the south boundary of Dayton.

(6) Beginning on state route number 14 one-half mile west of the west boundary of Bingen, thence east to a point one-half mile east of the east boundary of Bingen. [1971 ex.s. c 62 § 2.]

***Reviser's note:** RCW 47.42.020 was alphabetized pursuant to RCW 1.08.015(2)(k), changing subsection (7) to subsection (9).

47.42.030 Signs visible from interstate, primary, or scenic systems restricted. Except as permitted under this chapter, no person shall erect or maintain a sign which is visible from the main traveled way of the interstate system, the primary system, or the scenic system. In case a highway or a section of highway is both a part of the primary system and the scenic system, only those signs permitted along the scenic system shall be erected or maintained. [1971 ex.s. c 62 § 3; 1961 c 96 § 3.]

47.42.040 Permissible signs classified. It is declared to be the policy of the state that no signs which are visible from the main traveled way of the interstate system, primary system, or scenic system shall be erected or maintained except the following types:

(1) Directional or other official signs or notices that are required or authorized by law including signs with the Crime Stoppers name, logo, and telephone number;

(2) Signs advertising the sale or lease of the property upon which they are located;

(3) Signs advertising activities conducted on the property on which they are located;

(4) Signs, not inconsistent with the policy of this chapter and the national policy set forth in section 131 of title 23, United States Code as codified and enacted by Public Law 85-767 and amended only by section 106, Public Law 86-342, and the national standards promulgated thereunder by the secretary of commerce or the secretary of transportation, advertising activities being conducted at a location within twelve miles of the point at which such signs are located: PROVIDED, That no sign lawfully erected pursuant to this subsection adjacent to the interstate system and outside commercial and industrial areas shall be maintained by any person after three years from May 10, 1971;

(5) Signs, not inconsistent with the policy of this chapter and the national policy set forth in section 131 of title 23, United States Code as codified and enacted by Public Law 85-767 and amended only by section 106, Public Law 86-342, and the regulations promulgated thereunder by the secretary of commerce or the secretary of transportation, designed to give information in the specific interest of the traveling public: PROVIDED, That no sign lawfully erected pursuant to this subsection adjacent to the interstate system and outside commercial and industrial areas shall be maintained by any person after three years from May 10, 1971;

(6) Signs lawfully in existence on October 22, 1965, determined by the commission, subject to the approval of the United States secretary of transportation, to be landmark

signs, including signs on farm structures or natural surfaces, of historic or artistic significance the preservation of which would be consistent with the purposes of chapter 47.42 RCW;

(7) Public service signs, located on school bus stop shelters, which:

(a) Identify the donor, sponsor, or contributor of said shelters;

(b) Contain safety slogans or messages which occupy not less than sixty percent of the area of the sign;

(c) Contain no other message;

(d) Are located on school bus shelters which are authorized or approved by city, county, or state law, regulation, or ordinance, and at places approved by the city, county, or state agency controlling the highway involved; and

(e) Do not exceed thirty-two square feet in area. Not more than one sign on each shelter may face in any one direction.

Subsection (7) of this section notwithstanding, the department of transportation shall adopt regulations relating to the appearance of school bus shelters, the placement, size, and public service content of public service signs located thereon, and the prominence of the identification of the donors, sponsors, or contributors of the shelters;

(8) Temporary agricultural directional signs, with the following restrictions:

(a) Signs shall be posted only during the period of time the seasonal agricultural product is being sold;

(b) Signs shall not be placed adjacent to the interstate highway system unless the sign qualifies as an on-premise sign;

(c) Signs shall not be placed within an incorporated city or town;

(d) Premises on which the seasonal agricultural products are sold must be within fifteen miles of the state highway, and necessary supplemental signing on local roads must be provided before the installation of the signs on the state highway;

(e) Signs must be located so as not to restrict sight distances on approaches to intersections;

(f) The department shall establish a permit system and fee schedule and rules for the manufacturing, installation, and maintenance of these signs in accordance with the policy of this chapter;

(g) Signs in violation of these provisions shall be removed in accordance with the procedures in RCW 47.42.080;

Only signs of types 1, 2, 3, 7, and 8 may be erected or maintained within view of the scenic system. Signs of types 7 and 8 may also be erected or maintained within view of the federal aid primary system. [2001 c 107 § 1; 1991 c 94 § 2; 1990 c 258 § 2; 1985 c 376 § 3; 1979 c 69 § 1; 1975 1st ex.s. c 271 § 1; 1971 ex.s. c 62 § 4; 1961 c 96 § 4.]

Legislative intent—1985 c 376: See note following RCW 47.42.020.

47.42.045 Number of signs—Spacing—Tourist facility, business or agricultural signs. (1) Not more than one type 3 sign visible to traffic proceeding in any one direction on an interstate system, primary system outside an incorporated city or town or commercial or industrial area, or scenic

system highway may be permitted more than fifty feet from the advertised activity;

(2) A type 3 sign, other than one along any portion of the primary system within an incorporated city or town or within any commercial or industrial area, permitted more than fifty feet from the advertised activity pursuant to subsection (1) of this section shall not be erected or maintained a greater distance from the advertised activity than one of the following options selected by the owner of the business being advertised:

(a) One hundred fifty feet measured along the edge of the protected highway from the main entrance to the activity advertised (when applicable);

(b) One hundred fifty feet from the main building of the advertised activity; or

(c) Fifty feet from a regularly used parking lot maintained by and contiguous to the advertised activity.

(3) In addition to signs permitted by subsections (1) and (2) of this section, the commission may adopt regulations permitting one type 3 sign visible to traffic proceeding in any one direction on an interstate, primary or scenic system highway on premises which, on June 25, 1976, are used wholly or in part as an operating business, farm, ranch or orchard which sign bears only the name of the business, farm, ranch or orchard and a directional arrow or short directional message. Regulations adopted under this subsection shall prohibit the erection or maintenance of such type 3 signs on narrow strips of land a substantial distance from but connected with a business, farm, ranch or orchard. Signs permitted under this subsection shall not exceed fifty square feet in area.

(4) The commission with advice from the parks and recreation commission shall adopt specifications for a uniform system of official tourist facility directional signs to be used on the scenic system highways. Official directional signs shall be posted by the commission to inform motorists of types of tourist and recreational facilities available off the scenic system which are accessible by way of public or private roads intersecting scenic system highways. [1975-'76 2nd ex.s. c 55 § 2; 1974 ex.s. c 154 § 1; 1974 ex.s. c 138 § 1; 1971 ex.s. c 62 § 5.]

47.42.048 State and local prohibitions. Nothing in this chapter shall be construed to permit a person to erect or maintain a sign that is otherwise prohibited by statute or by the resolution or ordinance of any county, city or town of the state of Washington. [1974 ex.s. c 80 § 3.]

47.42.050 Information signs by governmental units. Information signs may be erected and maintained by the state, any county, city, or town. [1961 c 96 § 5.]

47.42.055 Roadside area information panels or displays. The department is authorized to erect roadside area information panels or displays adjacent to the state highway system within this state. The department may contract with private persons for the erection and operation of the information panels or displays. Compensation to the contractors shall be derived solely from the reasonable fees that the contractors will be permitted to charge participating businesses for making and exhibiting business signs and displays and for render-

ing services to tourists. [1985 c 376 § 5; 1984 c 7 § 225; 1977 ex.s. c 258 § 2.]

47.42.060 Rules for signs visible from interstate and scenic systems—Judicial review. The department shall adopt rules for the erection and maintenance of signs that are visible from the main traveled way of the interstate system and the scenic system and that are permitted by this chapter and other rules for the administration of this chapter consistent with the policy of this chapter and the national policy set forth in section 131, title 23, United States Code as codified and enacted by Public Law 85-767 and amended only by section 106, Public Law 86-342 and the regulations promulgated thereunder by the secretary of commerce or the secretary of transportation. Proceedings for review of any action taken by the department pursuant to this chapter shall be instituted by filing a petition only in the superior court of Thurston county. [1984 c 7 § 226; 1971 ex.s. c 62 § 6; 1961 c 96 § 6.]

47.42.062 Signs visible from primary system in commercial and industrial areas—Requirements, restrictions, and prohibitions. Signs within six hundred and sixty feet of the nearest edge of the right-of-way which are visible from the main traveled way of the primary system within commercial and industrial areas and whose size, lighting, and spacing are consistent with the customary use of property for the effective display of outdoor advertising as set forth in this section may be erected and maintained: PROVIDED, That this section shall not serve to restrict type 3 signs located along any portion of the primary system within an incorporated city or town or within any commercial or industrial area.

(1) General: Signs shall not be erected or maintained which (a) imitate or resemble any official traffic sign, signal, or device; (b) are erected or maintained upon trees or painted or drawn upon rocks or other natural features and which are structurally unsafe or in disrepair; or (c) have any visible moving parts.

(2) Size of signs:

(a) The maximum area for any one sign shall be six hundred seventy-two square feet with a maximum height of twenty-five feet and maximum length of fifty feet inclusive of any border and trim but excluding the base or apron, supports and other structural members: PROVIDED, That cut-outs and extensions may add up to twenty percent of additional sign area.

(b) For the purposes of this subsection, double-faced, back-to-back, or V-type signs shall be considered as two signs.

(c) Signs which exceed three hundred twenty-five square feet in area may not be double-faced (abutting and facing the same direction).

(3) Spacing of signs:

(a) Signs may not be located in such a manner as to obscure, or otherwise physically interfere with the effectiveness of an official traffic sign, signal, or device, obstruct or physically interfere with the driver's view of approaching, merging, or intersecting traffic.

(b) On limited access highways established pursuant to chapter 47.52 RCW no two signs shall be spaced less than one thousand feet apart, and no sign may be located within three thousand feet of the center of an interchange, a safety rest area, or information center, or within one thousand feet of an intersection at grade. Double-faced signs shall be prohibited. Not more than a total of five sign structures shall be permitted on both sides of the highway per mile.

(c) On noncontrolled access highways inside the boundaries of incorporated cities and towns not more than a total of four sign structures on both sides of the highway within a space of six hundred sixty feet shall be permitted with a minimum of one hundred feet between sign structures. In no event, however, shall more than four sign structures be permitted between platted intersecting streets or highways. On noncontrolled access highways outside the boundaries of incorporated cities and towns minimum spacing between sign structures on each side of the highway shall be five hundred feet.

(d) For the purposes of this subsection, a back-to-back sign and a V-type sign shall be considered one sign structure.

(e) Official signs, and signs advertising activities conducted on the property on which they are located shall not be considered in determining compliance with the above spacing requirements. The minimum space between structures shall be measured along the nearest edge of the pavement between points directly opposite the signs along each side of the highway and shall apply to signs located on the same side of the highway.

(4) Lighting: Signs may be illuminated, subject to the following restrictions:

(a) Signs which contain, include, or are illuminated by any flashing, intermittent, or moving light or lights are prohibited, except those giving public service information such as time, date, temperature, weather, or similar information.

(b) Signs which are not effectively shielded as to prevent beams or rays of light from being directed at any portion of the traveled ways of the highway and which are of such intensity or brilliance as to cause glare or to impair the vision of the driver of any motor vehicle, or which otherwise interfere with any driver's operation of a motor vehicle are prohibited.

(c) No sign shall be so illuminated that it interferes with the effectiveness of, or obscures an official traffic sign, device, or signal.

(d) All such lighting shall be subject to any other provisions relating to lighting of signs presently applicable to all highways under the jurisdiction of the state. [1975 1st ex.s. c 271 § 3; 1974 ex.s. c 154 § 2; 1974 ex.s. c 138 § 2; 1971 ex.s. c 62 § 7.]

47.42.063 Signs visible from primary system in commercial and industrial areas—Preexisting signs—Permissible signs—Spacing. (1) Signs within six hundred and sixty feet of the nearest edge of the right-of-way lawfully erected and maintained which are visible from the main traveled way of the primary system within commercial and industrial areas on June 1, 1971 shall be permitted to remain and be maintained.

(2) Signs within six hundred and sixty feet of the nearest edge of the right-of-way which are visible from the main traveled way of the primary system within commercial and

industrial areas whose size, lighting, and spacing are consistent with customary use as set forth in RCW 47.42.062 may be erected and maintained. Signs lawfully erected and maintained on June 1, 1971 shall be included in the determination of spacing requirements for additional signs. [1975 1st ex.s. c 271 § 4; 1971 ex.s. c 62 § 8.]

47.42.065 Signs viewable from other highways or streets—Requirements. Notwithstanding any other provision of chapter 47.42 RCW, signs may be erected and maintained more than six hundred and sixty feet from the nearest edge of the right-of-way which are visible from the main traveled way of the interstate system, primary system, or scenic system when designed and oriented to be viewed from highways or streets other than the interstate system, primary system, or the scenic system and the advertising or informative contents of which may not be clearly comprehended by motorists using the main traveled way of the interstate system, primary system or scenic system. [1975 1st ex.s. c 271 § 5; 1971 ex.s. c 62 § 9.]

47.42.070 State and local prohibitions. Nothing in this chapter shall be construed to permit a person to erect or maintain any sign that is otherwise prohibited by statute or by the resolution or ordinance of any county, city, or town of the state of Washington. [1961 c 96 § 7.]

47.42.080 Public nuisance—Abatement—Penalty. (1) Any sign erected or maintained contrary to the provisions of this chapter or rules adopted hereunder that is designed to be viewed from the interstate system, the primary system, or the scenic system is a public nuisance, and the department, the chief of the Washington state patrol, the county sheriff, or the chief of police of any city or town shall notify the permittee or, if there is no permittee, the owner of the property on which the sign is located, by certified mail at his or her last known address, that it constitutes a public nuisance and must comply with the chapter or be removed.

(2) If the permittee or owner, as the case may be, fails to comply with the chapter or remove any such sign within fifteen days after being notified to remove the sign he or she is guilty of a misdemeanor. In addition to the penalties imposed by law upon conviction, an order may be entered compelling removal of the sign. Each day the sign is maintained constitutes a separate offense.

(3) If the permittee or the owner of the property upon which it is located, as the case may be, is not found or refuses receipt of the notice, the department, the chief of the Washington state patrol, the county sheriff, or the chief of police of any city or town shall post the sign and property upon which it is located with a notice that the sign constitutes a public nuisance and must be removed. If the sign is not removed within fifteen days after such posting, the department, the chief of the Washington state patrol, the county sheriff, or the chief of police of any city or town shall abate the nuisance and destroy the sign, and for that purpose may enter upon private property without incurring liability for doing so.

(4) Nothing in this section may be construed to affect the provisions contained in RCW 47.42.102 requiring the payment of compensation upon the removal of any signs compensable under state law.

(5) Any sign erected or maintained on state highway right-of-way contrary to this chapter or rules adopted under it is a public nuisance, and the department is authorized to remove any such sign without notice. [2010 c 8 § 10016; 1985 c 376 § 6; 1984 c 7 § 227; 1975-'76 2nd ex.s. c 55 § 1; 1971 ex.s. c 62 § 10; 1961 c 96 § 8.]

Legislative intent—1985 c 376: See note following RCW 47.42.020.

47.42.100 Preexisting signs—Moratorium. (1) No sign lawfully erected in a protected area as defined by section 2, chapter 96, Laws of 1961 (before the amendment thereof), prior to March 11, 1961, within a commercial or industrial zone within the boundaries of any city or town, as such boundaries existed on September 21, 1959, wherein the use of real property adjacent to the interstate system is subject to municipal regulation or control but which does not comply with the provisions of this chapter or any regulations promulgated hereunder, shall be maintained by any person after March 11, 1965.

(2) No sign lawfully erected in a protected area as defined by section 2, chapter 96, Laws of 1961 (before the amendment thereof), prior to March 11, 1961, other than within a commercial or industrial zone within the boundaries of a city or town as such boundaries existed on September 21, 1959, wherein the use of real property adjacent to the interstate system is subject to municipal regulation or control but which does not comply with the provisions of this chapter or any regulations promulgated hereunder, shall be maintained by any person after three years from March 11, 1961.

(3) No sign lawfully erected in a scenic area as defined by section 2, chapter 96, Laws of 1961 (before the amendment thereof), prior to the effective date of the designation of such area as a scenic area shall be maintained by any person after three years from the effective date of the designation of any such area as a scenic area.

(4) No sign visible from the main traveled way of the interstate system, the primary system (other than type 3 signs along any portion of the primary system within an incorporated city or town or within a commercial or industrial area), or the scenic system which was there lawfully maintained immediately prior to May 10, 1971, but which does not comply with the provisions of chapter 47.42 RCW as now or hereafter amended, shall be maintained by any person (a) after three years from May 10, 1971, or (b) with respect to any highway hereafter designated by the legislature as a part of the scenic system, after three years from the effective date of the designation. Signs located in areas zoned by the governing county for predominantly commercial or industrial uses, that do not have development visible to the highway, as determined by the department, and that were lawfully installed after May 10, 1971, visible to any highway now or hereafter designated by the legislature as part of the scenic system, shall be allowed to be maintained. [1993 c 430 § 11;

1974 ex.s. c 154 § 3; 1974 ex.s. c 138 § 3; 1971 ex.s. c 62 § 11; 1963 ex.s. c 3 § 55; 1961 c 96 § 10.]

47.42.102 Compensation for removal of signs—

Authorized—Applicability. (1) Except as otherwise provided in subsection (3) of this section, just compensation shall be paid upon the removal of any sign (pursuant to the provisions of chapter 47.42 RCW), lawfully erected under state law, which is visible from the main traveled way of the interstate system or the primary system.

(2) Such compensation shall be paid for the following:

(a) The taking from the owner of such sign, display, or device of all right, title, leasehold, and interest in such sign, display, or device; and

(b) The taking from the owner of the real property on which the sign, display, or device is located, of the right to erect and maintain such signs, displays, and devices thereon.

(3) In no event, however, shall compensation be paid for the taking or removal of signs adjacent to the interstate system and the scenic system which became subject to removal pursuant to chapter 96, Laws of 1961 as amended by section 55, chapter 3, Laws of 1963 ex. sess. prior to May 10, 1971. [1975 1st ex.s. c 271 § 2; 1971 ex.s. c 62 § 12.]

47.42.103 Compensation for removal—Action determining amount—Payment—State’s share. (1) Compensation as required by RCW 47.42.102 shall be paid to the person or persons entitled thereto for the removal of such signs. If no agreement is reached on the amount of compensation to be paid, the department may institute an action by summons and complaint in the superior court for the county in which the sign is located to obtain a determination of the compensation to be paid. If the owner of the sign is unknown and cannot be ascertained after diligent efforts to do so, the department may remove the sign upon the payment of compensation only to the owner of the real property on which the sign is located. Thereafter the owner of the sign may file an action at any time within one year after the removal of the sign to obtain a determination of the amount of compensation he or she should receive for the loss of the sign. If either the owner of the sign or the owner of the real property on which the sign is located cannot be found within the state, service of the summons and complaint on such person for the purpose of obtaining a determination of the amount of compensation to be paid may be by publication in the manner provided by RCW 4.28.100.

(2) If compensation is determined by judicial proceedings, the sum so determined shall be paid into the registry of the court to be disbursed upon removal of the sign by its owner or by the owner of the real property on which the sign is located. If the amount of compensation is agreed upon, the department may pay the agreed sum into escrow to be released upon the removal of the sign by its owner or the owner of the real property on which the sign is located.

(3) The state’s share of compensation shall be paid from the motor vehicle fund, or if a court having jurisdiction enters a final judgment declaring that motor vehicle funds may not be used, then from the general fund. [2010 c 8 § 10017; 1984 c 7 § 229; 1971 ex.s. c 62 § 13.]

(2012 Ed.)

47.42.104 Compensation for removal—Federal share—Acceptance. The department may accept any allotment of funds by the United States, or any agency thereof, appropriated to carry out the purposes of section 131 of title 23, United States Code, as now or hereafter amended. The department shall take such steps as may be necessary from time to time to obtain from the United States, or the appropriate agency thereof, funds allotted and appropriated, pursuant to section 131, for the purpose of paying the federal share of the just compensation to be paid to sign owners and owners of real property under the terms of subsection (g) of section 131 and RCW 47.42.102, 47.42.103, and 47.42.104. [1984 c 7 § 230; 1971 ex.s. c 62 § 14.]

Additional notes found at www.leg.wa.gov

47.42.105 Unavailability of federal share. No sign, display, or device shall be required to be removed if the federal share of the just compensation to be paid upon the removal of such sign, display, or device is not available to make such payment. [1971 ex.s. c 62 § 15.]

47.42.107 Compensation for removal under local authority. (1) Just compensation shall be paid upon the removal of any existing sign pursuant to the provisions of any resolution or ordinance of any county, city, or town of the state of Washington by such county, city, or town if:

(a) Such sign was lawfully in existence on May 10, 1971 (the effective date of the Scenic Vistas Act of 1971); or

(b) Such sign was erected subsequent to May 10, 1971 (the effective date of the Scenic Vistas Act of 1971), in compliance with existing state and local law.

(2) Such compensation shall be paid in the same manner as specified in RCW 47.42.102(2) for the following:

(a) The taking from the owner of such sign, display, or device of all right, title, leasehold, and interest in such sign, display, or device; and

(b) The taking from the owner of the real property on which the sign, display, or device is located, of the right to erect and maintain such signs, displays, and devices thereon. [1977 ex.s. c 141 § 1.]

47.42.110 Agreements for federal aid. The department is authorized to enter into agreements (and such supplementary agreements as may be necessary) consistent with this chapter, with the secretary of commerce or the secretary of transportation authorized under section 131(b) of title 23, United States Code, as codified and enacted by Public Law 85-767 and amended only by section 106, Public Law 86-342, in order that the state may become eligible for increased federal aid as provided for in section 131 of title 23, United States Code, as codified and enacted by Public Law 85-767 and amended only by section 106, Public Law 86-342. [1984 c 7 § 231; 1971 ex.s. c 62 § 16; 1961 c 96 § 11.]

47.42.120 Permits—Application—Fees—Renewal—Permissible acts—Revocation. Notwithstanding any other provisions of this chapter, no sign except a sign of type 1 or 2 or those type 3 signs that advertise activities conducted upon the properties where the signs are located, may be erected or

[Title 47 RCW—page 153]

maintained without a permit issued by the department. Application for a permit shall be made to the department on forms furnished by it. The forms shall contain a statement that the owner or lessee of the land in question has consented thereto. For type 8 signs (temporary agricultural directional signs), when the land in question is owned by the department, the consent statement must be reviewed and, if the sign does not create a safety concern, be approved within ten days of application by the department. The application shall be accompanied by a fee established by department rule to be deposited with the state treasurer to the credit of the motor vehicle fund. Permits shall be for the remainder of the calendar year in which they are issued, and accompanying fees shall not be prorated for fractions of the year. Permits must be renewed annually through a certification process established by department rule. Advertising copy may be changed at any time without the payment of an additional fee. Assignment of permits in good standing is effective only upon receipt of written notice of assignment by the department. A permit may be revoked after hearing if the department finds that any statement made in the application or annual certification process was false or misleading, or that the sign covered is not in good general condition and in a reasonable state of repair, or is otherwise in violation of this chapter, if the false or misleading information has not been corrected and the sign has not been brought into compliance with this chapter or rules adopted under it within thirty days after written notification. [2010 c 138 § 2; 1999 c 276 § 1; 1984 c 7 § 232; 1971 ex.s. c 62 § 17; 1961 c 96 § 12.]

47.42.130 Permit identification number. Every permit issued by the department shall be assigned a separate identification number, and each permittee shall fasten to each sign a weatherproof label, not larger than sixteen square inches, that shall be furnished by the department and on which shall be plainly visible the permit number. The permittee shall also place his or her name in a conspicuous position on the front or back of each sign. The failure of a sign to have such a label affixed to it is prima facie evidence that it is not in compliance with the provisions of this chapter. [1999 c 276 § 2; 1984 c 7 § 233; 1961 c 96 § 13.]

47.42.140 Scenic areas designated. The following portions of state highways are designated as a part of the scenic system:

- (1) State route number 2 beginning at the crossing of Woods creek at the east city limits of Monroe, thence in an easterly direction by way of Stevens pass to a junction with state route number 97 in the vicinity of Peshastin.
- (2) State route number 7 beginning at a junction with state route number 706 at Elbe, thence in a northerly direction to a junction with state route number 507 south of Spanaway.
- (3) State route number 11 beginning at the Blanchard overcrossing, thence in a northerly direction to the limits of Larabee state park (north line of section 36, township 37 north, range 2 east).
- (4) State route number 12 beginning at Kosmos southeast of Morton, thence in an easterly direction across White

pass to the Oak Flat junction with state route number 410 northwest of Yakima.

(5) State route number 90 beginning at the westerly junction with West Lake Sammamish parkway in the vicinity of Issaquah, thence in an easterly direction by way of North Bend and Snoqualmie pass to a junction with state route number 970 at Cle Elum.

(6) State route number 97 beginning at a junction with state route number 970 at Virden, thence via Blewett pass to a junction with state route number 2 in the vicinity of Peshastin.

(7) State route number 106 beginning at the junction with state route number 101 in the vicinity of Union, thence northeasterly to the junction with state route number 3 in the vicinity of Belfair.

(8) State route number 123 beginning at a junction with state route number 12 at Ohanapecosh junction in the vicinity west of White pass, thence in a northerly direction to a junction with state route number 410 at Cayuse junction in the vicinity west of Chinook pass.

(9) State route number 165 beginning at the northwest entrance to Mount Rainier national park, thence in a northerly direction to a junction with state route number 162 east of the town of South Prairie.

(10) State route number 206, Mt. Spokane Park Drive, beginning at the junction with state route number 2 near the north line section 3, township 26 N, range 43 E, thence northeasterly to a point in section 28, township 28 N, range 45 E at the entrance to Mt. Spokane state park.

(11) State route number 305, beginning at the ferry slip at Winslow on Bainbridge Island, thence northwesterly by way of Agate Pass bridge to a junction with state route number 3 approximately four miles northwest of Poulsbo.

(12) State route number 410 beginning at the crossing of Scatter creek approximately six miles east of Enumclaw, thence in an easterly direction by way of Chinook pass to a junction of state route number 12 and state route number 410.

(13) State route number 706 beginning at a junction with state route number 7 at Elbe thence in an easterly direction to the southwest entrance to Mount Rainier national park.

(14) State route number 970 beginning at a junction with state route number 90 in the vicinity of Cle Elum thence via Teanaway to a junction with state route number 97 in the vicinity of Virden. 47.44.010 Wire and pipe line and tram and railway franchises—Application—Rules on hearing and notice.

(1) The department of transportation may grant franchises to persons, associations, private or municipal corporations, the United States government, or any agency thereof, to use any state highway for the construction and maintenance of water pipes, flume, gas, oil or coal pipes, telephone, telegraph and electric light and power lines and conduits, trams or railways, and any structures or facilities that are part of an urban public transportation system owned or operated by a municipal corporation, agency, or department of the state of Washington other than the department of transportation, and any other such facilities. In order to minimize the disruption to traffic and damage to the roadway, the department is encouraged to develop a joint trenching policy with other affected jurisdictions so that all permittees and franchisees requiring access to ground under the roadway may do so at one time.

(2) All applications for the franchise must be made in writing and subscribed by the applicant, and describe the state highway or portion thereof over which franchise is desired and the nature of the franchise. The application must also include the identification of all jurisdictions affected by the franchise and the names of other possible franchisees who should receive notice of the application for a franchise.

(3) The department of transportation shall adopt rules providing for a hearing or an opportunity for a hearing with reasonable public notice thereof with respect to any franchise application involving the construction and maintenance of utilities or other facilities within the highway right-of-way which the department determines may (a) during construction, significantly disrupt the flow of traffic or use of driveways or other facilities within the right-of-way, or (b) during or following construction, cause a significant and adverse effect upon the surrounding environment. [2001 c 201 § 5; 1980 c 28 § 1; 1975 1st ex.s. c 46 § 1; 1967 c 108 § 7; 1963 c 70 § 1; 1961 ex.s. c 21 § 26; 1961 c 13 § 47.44.010. Prior: 1943 c 265 § 2; 1937 c 53 § 83; Rem. Supp. 1943 § 6400-83.]

Urban public transportation system defined: RCW 47.04.082.

47.44.020 Grant of franchise—Conditions—Hearing.

(1) If the department of transportation deems it to be for the public interest, the franchise may be granted in whole or in part, with or without hearing under such regulations and conditions as the department may prescribe, with or without compensation, but not in excess of the reasonable cost for investigating, handling, and granting the franchise. The department may require that the utility and appurtenances be so placed on the highway that they will, in its opinion, least interfere with other uses of the highway.

(2) If a hearing is held, it must be conducted by the department, and may be adjourned from time to time until completed. The applicant may be required to produce all facts pertaining to the franchise, and evidence may be taken for and against granting it.

(3) The facility must be made subject to removal when necessary for the construction, alteration, repair, or improvement of the highway and at the expense of the franchise holder, except that the state shall pay the cost of the removal whenever the state is entitled to receive proportionate reimbursement therefor from the United States in the cases and in the manner set forth in RCW 47.44.030. Renewal upon expiration of a franchise must be by application.

(4) A person constructing or operating such a utility on a state highway is liable to any person injured thereby for any damages incident to the work of installation or the continuation of the occupancy of the highway by the utility, and except as provided above, is liable to the state for all necessary expenses incurred in restoring the highway to a permanent suitable condition for travel. A person constructing or operating such a utility on a state highway is also liable to the state for all necessary expenses incurred in inspecting the construction and restoring the pavement or other related transportation equipment or facilities to a permanent condition suitable for travel and operation in accordance with requirements set by the department. Permit and franchise holders are also financially responsible to the department for trenching work not completed within the contractual period and for compensating for the loss of useful pavement life

caused by trenching. No franchise may be granted for a longer period than fifty years, and no exclusive franchise or privilege may be granted.

(5) The holder of a franchise granted under this section is financially responsible to the department for trenching work not completed within the period of the permit and for compensating for the loss of useful pavement life caused by trenching. In the case of common trenching operations, liability under this subsection will be assessed equally between the franchisees. The assessed parties may thereafter pursue claims of contribution or indemnity in accord with such fault as may be determined by arbitration or other legal action. [2001 c 201 § 6; 1980 c 28 § 2; 1975 1st ex.s. c 46 § 2; 1961 c 13 § 47.44.020. Prior: 1959 c 330 § 1; 1937 c 53 § 84; RRS § 6400-84.]

47.44.030 Removal of facilities—Notice—Reimbursement, when. If the department deems it necessary that a facility be removed from the highway for the safety of persons traveling thereon or for construction, alteration, improvement, or maintenance purposes, it shall give notice to the franchise holder to remove the facility at his or her expense and as the department orders. However, notwithstanding any contrary provision of law or of any existing or future franchise held by a public utility, the department shall pay or reimburse the owner for relocation or removal of any publicly, privately, or cooperatively owned public utility facilities when necessitated by the construction, reconstruction, relocation, or improvement of a highway that is part of the national system of interstate and defense highways for each item of cost for which the state is entitled to be reimbursed by the United States in an amount equal to at least ninety percent thereof under the provisions of section 123 of the federal aid highway act of 1958 and any other subsequent act of congress under which the state is entitled to be reimbursed by the United States in an amount equal to at least ninety percent of the cost of relocation of utility facilities on the national system of interstate and defense highways. [1984 c 7 § 234; 1961 c 13 § 47.44.030. Prior: 1959 c 330 § 2; 1937 c 53 § 85; RRS § 6400-85.]

Additional notes found at www.leg.wa.gov

47.44.031 Removal of facilities—Limitation. The provisions of RCW 47.44.030 authorizing the department to pay or reimburse the owner of a utility apply only to relocation or removal of utility facilities required by state construction contracts which are advertised for bids by the department after June 30, 1959. [1984 c 7 § 235; 1961 c 13 § 47.44.031. Prior: 1959 c 330 § 3.]

47.44.040 Franchises across joint bridges. Whenever any bridge exists on the route of any state highway and crosses any stream, body of water, gulch, navigable water, swamp, or other topographical formation constituting the boundary of this state or the boundary of a county, city, or town of this state and the bridge is owned or operated by this state jointly with any such county, city, or town, or with any municipal corporation of this state, or with such other state or with any county, city, or town of such other state, the department is empowered to join with the proper officials of the

county, city, or town, or the municipal corporation of this state or of such other state or of such county, city, or town of such other state in granting franchises to persons or private or municipal corporations for the construction and maintenance on the bridge of water pipes, flumes, gas pipes, telephone, telegraph, and electric light and power lines and conduits, trams and railways, and any structures or facilities that are part of an urban public transportation system owned or operated by a municipal corporation, agency, or department of the state of Washington other than the department, or any other such facilities. All such franchises shall be granted in the same manner as provided for the granting of like franchises on state highways. Any revenue accruing to the state of Washington from the franchises shall be paid to the state treasurer and deposited to the credit of the fund from which this state's share of the cost of joint operation of the bridge is paid. [1984 c 7 § 236; 1967 c 108 § 8; 1961 c 13 § 47.44.040. Prior: 1937 c 53 § 86; RRS § 6400-86.]

Urban public transportation system defined: RCW 47.04.082.

47.44.050 Permit for short distances. (1) The department may grant a permit to construct or maintain on, over, across, or along any state highway any water, gas, telephone, telegraph, light, power, or other such facilities when they do not extend along the state highway for a distance greater than three hundred feet. The department may require such information as it deems necessary in the application for any such permit, and may grant or withhold the permit within its discretion. Any permit granted may be canceled at any time, and any facilities remaining upon the right-of-way of the state highway after thirty days written notice of the cancellation are an unlawful obstruction and may be removed in the manner provided by law.

(2) The holder of a permit granted under this section is financially responsible to the department for trenching work not completed within the period of the permit and for compensating for the loss of useful pavement life caused by trenching. In the case of common trenching operations, liability under this subsection will be assessed equally between the permit holders. The assessed parties may thereafter pursue claims of contribution or indemnity in accord with such fault as may be determined by arbitration or other legal action. [2001 c 201 § 7; 1984 c 7 § 237; 1961 c 13 § 47.44.050. Prior: 1943 c 265 § 3; 1937 c 53 § 87; Rem. Supp. 1943 § 6400-87.]

47.44.060 Penalties. (1) Any person, firm, or corporation who constructs or maintains on, over, across, or along any state highway any water pipe, flume, gas pipe, telegraph, telephone, electric light, or power lines, or tram or railway, or any other such facilities, without having first obtained and having at all times in full force and effect a franchise or permit to do so in the manner provided by law is guilty of a misdemeanor. Each day of violation is a separate and distinct offense.

(2) Any person, firm, or corporation who constructs or maintains on, over, across, or along any state highway any water pipe, flume, gas pipe, telegraph, telephone, electric light or power lines, or tram or railway, or any other such facilities, without having first obtained and having at all

times in full force and effect a franchise or permit to do so in the manner provided by law is liable for a civil penalty of one hundred dollars per calendar day beginning forty-five days from the date notice is given and until application is made for a franchise or permit or until the facility is removed as required by notice. The state shall give notice by certified mail that a franchise or permit is required or the facility must be removed and shall include in the notice sufficient information to identify the portion of right-of-way in question. Notice is effective upon delivery.

(3) If a person, firm or corporation does not apply for a permit or franchise within forty-five days of notice given in accordance with subsection (2) of this section or the state determines that the facility constructed or maintained without a permit or franchise would not be granted a permit or franchise, the state may order the facility to be removed within such time period as the state may specify. If the facility is not removed, the state, in addition to any other remedy, may remove the facility at the expense of the owner. [1989 c 224 § 1; 1961 c 13 § 47.44.060. Prior: 1943 c 265 § 1; 1937 c 53 § 82; Rem. Supp. 1943 § 6400-82.]

47.44.081 Exception—Leases for deployment of personal wireless service facilities. This chapter does not apply to leases issued for the deployment of personal wireless service facilities as provided in RCW 47.04.045. [2003 c 244 § 3.]

47.44.150 Measure of damages. In any action for damages against the state of Washington, its agents, contractors, or employees by reason of damages to a utility or other facility located on a state highway, the damages are limited to the cost of repair of the utility or facility and are recoverable only in those instances where the utility or facility is authorized to be located on the state highway. However, the state is subject to the penalties provided in RCW 19.122.070 (1) and (2) only if the state has failed to give a notice meeting the requirements of RCW 19.122.030 to utilities or facilities that are authorized to be located on the state highway. [1989 c 196 § 1.]

47.46.010 Finding. The legislature finds and declares:

It is essential for the economic, social, and environmental well-being of the state and the maintenance of a high quality of life that the people of the state have an efficient transportation system.

The ability of the state to provide an efficient transportation system will be enhanced by a public-private sector program providing for private entities to undertake all or a portion of the study, planning, design, development, financing, acquisition, installation, construction or improvement, operation, and maintenance of transportation systems and facility projects.

A public-private initiatives program will provide benefits to both the public and private sectors. Public-private initiatives provide a sound economic investment opportunity for the private sector. Such initiatives will provide the state with increased access to property development and project opportunities, financial and development expertise, and will supplement state transportation revenues, allowing the state to use its limited resources for other needed projects.

The public-private initiatives program, to the fullest extent possible, should encourage and promote business and employment opportunities for Washington state citizens.

The public-private initiatives program shall be implemented in cooperation, consultation, and with the support of the affected communities and local jurisdictions.

The secretary of transportation should be permitted and encouraged to test the feasibility of building privately funded transportation systems and facilities or segments thereof through the use of innovative agreements with the private sector. The secretary of transportation should be vested with the authority to solicit, evaluate, negotiate, and administer public-private agreements with the private sector relating to the planning, construction, upgrading, or reconstruction of transportation systems and facilities.

Agreements negotiated under a public-private initiatives program will not bestow on private entities an immediate right to construct and operate the proposed transportation facilities. Rather, agreements will grant to private entities the opportunity to design the proposed facilities, demonstrate public support for proposed facilities, and complete the planning processes required in order to obtain a future decision by the department of transportation and other state and local lead agencies on whether the facilities should be permitted and built.

Agreements negotiated under the public-private initiatives program should establish the conditions under which the private developer may secure the approval necessary to develop and operate the proposed transportation facilities; create a framework to attract the private capital necessary to finance their development; ensure that the transportation facilities will be designed, constructed, and operated in accordance with applicable local, regional, state, and federal laws and the applicable standards and policies of the department of transportation; and require a demonstration that the proposed transportation facility has the support of the affected communities and local jurisdictions.

[Title 47 RCW—page 157]

The legislature finds that the Puget Sound congestion pricing project, selected under this chapter, raises major transportation policy, economic, and equity concerns. These relate to the integrity of the state's high occupancy vehicle program; the cost-effective movement of freight and goods; the diversion of traffic to local streets and arterials; and possible financial hardship to commuters. The legislature further finds that these potential economic and social impacts require comprehensive legislative review prior to advancement of the project and directs that the secretary not proceed with the implementation of the project without prior approval of the legislature.

The department of transportation should be encouraged to take advantage of new opportunities provided by federal legislation under section 1012 of the Intermodal Surface Transportation Efficiency Act of 1991 (ISTEA). That section establishes a new program authorizing federal participation in construction or improvement or improvement of publicly or privately owned toll roads, bridges, and tunnels, and allows states to leverage available federal funds as a means for attracting private sector capital. [1995 2nd sp.s. c 19 § 1; 1993 c 370 § 1.]

Additional notes found at www.leg.wa.gov

47.46.011 Finding—Intent—2002 c 114. The legislature finds that greater flexibility to provide state financing for projects developed under chapter 47.46 RCW will result in better use of public resources, lower financing costs, and potential savings to taxpayers. The legislature intends to: Clarify the ability of the department of transportation to use public and private financing for projects selected and developed under chapter 47.46 RCW; provide the department with specific means of state financing where that financing is in the public's best interest; provide citizens living in the impacted areas a statutory mechanism to review proposed toll rates and provide input before adoption of toll schedules by the toll authority; and prevent unreasonable delay of critical transportation projects that are essential for public safety and welfare. [2002 c 114 § 1.]

Captions not law—2002 c 114: "Captions used in this act do not constitute any part of the law." [2002 c 114 § 26.]

47.46.020 Definitions. As used in this chapter:

(1) "Electronic toll collection system" means a system that collects tolls by crediting or debiting funds from a customer's unique prepaid tolling account.

(2) "Photo toll" means a charge associated with a particular vehicle that can only be identified by its license plate. A photo toll may be paid through one of the following methods:

(a) A customer-initiated account that is prepaid or post-paid.

(b) In response to a toll bill that is sent to the registered owner of the vehicle incurring the photo toll charge. The toll bill may designate a toll payment due date for the photo toll assessed.

(3) "Photo toll system" means a camera-based imaging system that uses digital video or still image formats to record license plate images of vehicles using toll lanes for the purpose of collecting a photo toll.

(4) "Toll payment due date" means the date when a toll must be paid to avoid a toll violation civil penalty. The toll

payment due date is eighty days from the date the vehicle uses the toll facility and incurs the toll charge.

(5) "Transportation systems and facilities" means capital-related improvements and additions to the state's transportation infrastructure, including but not limited to highways, roads, bridges, vehicles, and equipment, marine-related facilities, vehicles, and equipment, park and ride lots, transit stations and equipment, transportation management systems, and other transportation-related investments. [2010 c 249 § 2; 1993 c 370 § 2.]

Contingent effective date—2010 c 249: See note following RCW 47.56.795.

47.46.030 Demonstration projects—Selection—Public involvement. (1) The secretary or a designee shall solicit proposals from, and negotiate and enter into agreements with, private entities to undertake as appropriate, together with the department and other public entities, all or a portion of the study, planning, design, construction, operation, and maintenance of transportation systems and facilities, using in whole or in part public or private sources of financing.

The public-private initiatives program may develop up to six demonstration projects. Each proposal shall be weighed on its own merits, and each of the six agreements shall be negotiated individually, and as a stand-alone project.

(2) If project proposals selected prior to September 1, 1994, are terminated by the public or private sectors, the department shall not select any new projects, including project proposals submitted to the department prior to September 1, 1994, and designated by the transportation commission as placeholder projects, after June 16, 1995, until June 30, 1997.

The department, in consultation with the legislative transportation committee, shall conduct a program and fiscal audit of the public-private initiatives program for the biennium ending June 30, 1997. The department shall submit a progress report to the legislative transportation committee on the program and fiscal audit by June 30, 1996, with preliminary and final audit reports due December 1, 1996, and June 30, 1997, respectively.

The department shall develop and submit a proposed public involvement plan to the 1997 legislature to identify the process for selecting new potential projects and the associated costs of implementing the plan. The legislature must adopt the public involvement plan before the department may proceed with any activity related to project identification and selection. Following legislative adoption of the public involvement plan, the department is authorized to implement the plan and to identify potential new projects.

The public involvement plan for projects selected after June 30, 1997, shall, at a minimum, identify projects that: (a) Have the potential of achieving overall public support among users of the projects, residents of communities in the vicinity of the projects, and residents of communities impacted by the projects; (b) meet a state transportation need; (c) provide a significant state benefit; and (d) provide competition among proposers and maximum cost benefits to users. Prospective projects may include projects identified by the department or submitted by the private sector.

Projects that meet the minimum criteria established under this section and the requirements of the public involve-

ment plan developed by the department and approved by the legislature shall be submitted to the Washington state transportation commission for its review. Forty-five days after the submission to the commission of the list of eligible projects, the secretary is authorized to solicit proposals for the eligible project.

(3) Prior to entering into agreements with private entities under the requirements of RCW 47.46.040 for any project proposal selected before September 1, 1994, or after June 30, 1997, except as provided for in subsections (11) and (12) of this section, the department shall require an advisory vote as provided under subsections (5) through (9) of this section.

(4) The advisory vote shall apply to project proposals selected prior to September 1, 1994, or after June 30, 1997, that receive public opposition as demonstrated by the submission to the department of original petitions bearing at least five thousand signatures of individuals opposing the project collected and submitted in accordance with the dates established in subsections (11) and (12) of this section. The advisory vote shall be on the preferred alternative identified under the requirements of chapter 43.21C RCW and, if applicable, the national environmental policy act, 42 U.S.C. 4321 et seq. The execution by the department of the advisory vote process established in this section is subject to the prior appropriation of funds by the legislature for the purpose of conducting environmental impact studies, a public involvement program, local involvement committee activities, traffic and economic impact analyses, engineering and technical studies, and the advisory vote.

(5) In preparing for the advisory vote, the department shall conduct a comprehensive analysis of traffic patterns and economic impact to define the geographical boundary of the project area that is affected by the imposition of tolls or user fees authorized under this chapter. The area so defined is referred to in this section as the affected project area. In defining the affected project area, the department shall, at a minimum, undertake: (a) A comparison of the estimated percentage of residents of communities in the vicinity of the project and in other communities impacted by the project who could be subject to tolls or user fees and the estimated percentage of other users and transient traffic that could be subject to tolls or user fees; (b) an analysis of the anticipated traffic diversion patterns; (c) an analysis of the potential economic impact resulting from proposed toll rates or user fee rates imposed on residents, commercial traffic, and commercial entities in communities in the vicinity of and impacted by the project; (d) an analysis of the economic impact of tolls or user fees on the price of goods and services generally; and (e) an analysis of the relationship of the project to state transportation needs and benefits.

(6)(a) After determining the definition of the affected project area, the department shall establish a committee comprised of individuals who represent cities and counties in the affected project area; organizations formed to support or oppose the project; and users of the project. The committee shall be named the public-private local involvement committee, and be known as the local involvement committee.

(b) The members of the local involvement committee shall be: (i) An elected official from each city within the affected project area; (ii) an elected official from each county within the affected project area; (iii) two persons from each

county within the affected project area who represent an organization formed in support of the project, if the organization exists; (iv) two persons from each county within the affected project area who represent an organization formed to oppose the project, if the organization exists; and (v) four public members active in a statewide transportation organization. If the committee makeup results in an even number of committee members, there shall be an additional appointment of an elected official from the county in which all, or the greatest portion of the project is located.

(c) City and county elected officials shall be appointed by a majority of the members of the city or county legislative authorities of each city or county within the affected project area, respectively. The county legislative authority of each county within the affected project area shall identify and validate organizations officially formed in support of or in opposition to the project and shall make the appointments required under this section from a list submitted by the chair of the organizations. Public members shall be appointed by the governor. All appointments to the local involvement committee shall be made and submitted to the department of transportation no later than January 1, 1996, for projects selected prior to September 1, 1994, and no later than thirty days after the affected project area is defined for projects selected after June 30, 1997. Vacancies in the membership of the local involvement committee shall be filled by the appointing authority under (b)(i) through (v) of this subsection for each position on the committee.

(d) The local involvement committee shall serve in an advisory capacity to the department on all matters related to the execution of the advisory vote.

(e) Members of the local involvement committee serve without compensation and may not receive subsistence, lodging expenses, or travel expenses.

(7) The department shall conduct a minimum thirty-day public comment period on the definition of the geographical boundary of the project area. The department, in consultation with the local involvement committee, shall make adjustments, if required, to the definition of the geographical boundary of the affected project area, based on comments received from the public. Within fourteen calendar days after the public comment period, the department shall set the boundaries of the affected project area in units no smaller than a precinct as defined in RCW 29A.04.121.

(8) The department, in consultation with the local involvement committee, shall develop a description for selected project proposals. After developing the description of the project proposal, the department shall publish the project proposal description in newspapers of general circulation for seven calendar days in the affected project area. Within fourteen calendar days after the last day of the publication of the project proposal description, the department shall transmit a copy of the map depicting the affected project area and the description of the project proposal to the county auditor of the county in which any portion of the affected project area is located.

(9) Upon receipt of the map and the description of the project proposal, the county auditor shall, within thirty days, verify the precincts that are located within the affected project area. The county auditor shall prepare the text identifying and describing the affected project area and the project

proposal using the definition of the geographical boundary of the affected project area and the project description submitted by the department and shall set an election date for the submission of a ballot proposition authorizing the imposition of tolls or user fees to implement the proposed project within the affected project area, which date may be the next succeeding general election to be held in the state, or at a special election, if requested by the department. The text of the project proposal must appear in a voter's pamphlet for the affected project area. The department shall pay the costs of publication and distribution. The special election date must be the next date for a special election provided under RCW 29A.04.330 that is at least sixty days but, if authorized under RCW 29A.04.330, no more than ninety days after the receipt of the final map and project description by the auditor. The department shall pay the cost of an election held under this section.

(10) Notwithstanding any other provision of law, the department may contract with a private developer of a selected project proposal to conduct environmental impact studies, a public involvement program, and engineering and technical studies funded by the legislature. For projects subject to this subsection, the department shall not enter into an agreement under RCW 47.46.040 prior to the advisory vote on the preferred alternative.

(11) Subsections (5) through (9) of this section shall not apply to project proposals selected prior to September 1, 1994, that have no organized public opposition as demonstrated by the submission to the department of original petitions bearing at least five thousand signatures of individuals opposing the project, collected and submitted after September 1, 1994, and by thirty calendar days after June 16, 1995.

(12) Subsections (5) through (9) of this section shall not apply to project proposals selected after June 30, 1997, that have no organized public opposition as demonstrated by the submission to the department of original petitions bearing at least five thousand signatures of individuals opposing the project, collected and submitted by ninety calendar days after project selection. 47.46.040 Demonstration projects—Terms of agreements—Public participation. (1) The secretary or a designee shall consult with legal, financial, and other experts within and outside state government in the negotiation and development of the agreements.

(2) Agreements may provide for private ownership of the projects during the construction period. After completion and final acceptance of each project or discrete segment thereof, the agreement may provide for state ownership of the transportation systems and facilities and lease to the private entity unless the state elects to provide for ownership of the facility by the private entity during the term of the agreement.

The state may lease each of the demonstration projects, or applicable project segments, to the private entities for operating purposes for up to fifty years.

(3) The department may exercise any power possessed by it to facilitate the development, construction, financing operation, and maintenance of transportation projects under this section. Agreements for maintenance services entered into under this section shall provide for full reimbursement for services rendered by the department or other state agencies. Agreements for police services for projects, involving state highway routes, developed under agreements shall be entered into with the Washington state patrol. The agreement for police services shall provide that the state patrol will be reimbursed for costs on a comparable basis with the costs incurred for comparable service on other state highway routes. The department may provide services for which it is reimbursed, including but not limited to preliminary planning, environmental certification, and preliminary design of the demonstration projects.

(4) The plans and specifications for each project constructed under this section shall comply with the department's standards for state projects. A facility constructed by and leased to a private entity is deemed to be a part of the state highway system for purposes of identification, maintenance, and enforcement of traffic laws and for the purposes of applicable sections of this title. Upon reversion of the facility to the state, the project must meet all applicable state standards. Agreements shall address responsibility for reconstruction or renovations that are required in order for a facility to meet all applicable state standards upon reversion of the facility to the state.

(5) For the purpose of facilitating these projects and to assist the private entity in the financing, development, construction, and operation of the transportation systems and facilities, the agreements may include provisions for the department to exercise its authority, including the lease of facilities, rights-of-way, and airspace, exercise of the power of eminent domain, granting of development rights and opportunities, granting of necessary easements and rights of access, issuance of permits and other authorizations, protection from competition, remedies in the event of default of either of the parties, granting of contractual and real property rights, liability during construction and the term of the lease, authority to negotiate acquisition of rights-of-way in excess of appraised value, and any other provision deemed necessary by the secretary.

(6) The agreements entered into under this section may include provisions authorizing the state to grant necessary easements and lease to a private entity existing rights-of-way or rights-of-way subsequently acquired with public or private financing. The agreements may also include provisions to lease to the entity airspace above or below the right-of-way associated or to be associated with the private entity's transportation facility. In consideration for the reversion rights in these privately constructed facilities, the department may negotiate a charge for the lease of airspace rights during the term of the agreement for a period not to exceed fifty years. If, after the expiration of this period, the department continues to lease these airspace rights to the private entity, it shall do so only at fair market value. The agreement may also provide the private entity the right of first refusal to undertake projects utilizing airspace owned by the state in the vicinity of the public-private project.

(7) Agreements under this section may include any contractual provision that is necessary to protect the project revenues required to repay the costs incurred to study, plan, design, finance, acquire, build, install, operate, enforce laws, and maintain toll highways, bridges, and tunnels and which will not unreasonably inhibit or prohibit the development of additional public transportation systems and facilities. Agreements under this section must secure and maintain liability insurance coverage in amounts appropriate to protect the project's viability and may address state indemnification of the private entity for design and construction liability where the state has approved relevant design and construction plans.

(8) Agreements entered into under this section shall include a process that provides for public involvement in decision making with respect to the development of the projects.

(9)(a) In carrying out the public involvement process required in subsection (8) of this section, the private entity shall proactively seek public participation through a process appropriate to the characteristics of the project that assesses and demonstrates public support among: Users of the project, residents of communities in the vicinity of the project, and residents of communities impacted by the project.

(b) The private entity shall conduct a comprehensive public involvement process that provides, periodically throughout the development and implementation of the project, users and residents of communities in the affected project area an opportunity to comment upon key issues regarding the project including, but not limited to: (i) Alternative sizes and scopes; (ii) design; (iii) environmental assessment; (iv) right-of-way and access plans; (v) traffic impacts; (vi) tolling or user fee strategies and tolling or user fee ranges; (vii) project cost; (viii) construction impacts; (ix) facility operation; and (x) any other salient characteristics.

(c) If the affected project area has not been defined, the private entity shall define the affected project area by conducting, at a minimum: (i) A comparison of the estimated percentage of residents of communities in the vicinity of the project and in other communities impacted by the project who could be subject to tolls or user fees and the estimated percentage of other users and transient traffic that could be subject to tolls or user fees; (ii) an analysis of the anticipated traffic diversion patterns; (iii) an analysis of the potential economic impact resulting from proposed toll rates or user fee rates imposed on residents, commercial traffic, and commercial entities in communities in the vicinity of and impacted by the project; (iv) an analysis of the economic impact of tolls or user fees on the price of goods and services generally; and (v) an analysis of the relationship of the project to state transportation needs and benefits.

The agreement may require an advisory vote by users of and residents in the affected project area.

(d) In seeking public participation, the private entity shall establish a local involvement committee or committees comprised of residents of the affected project area, individuals who represent cities and counties in the affected project area, organizations formed to support or oppose the project, if such organizations exist, and users of the project. The private entity shall, at a minimum, establish a committee as required

under the specifications of RCW 47.46.030(6)(b) (ii) and (iii) and appointments to such committee shall be made no later than thirty days after the project area is defined.

(e) Local involvement committees shall act in an advisory capacity to the department and the private entity on all issues related to the development and implementation of the public involvement process established under this section.

(f) The department and the private entity shall provide the local involvement committees with progress reports on the status of the public involvement process including the results of an advisory vote, if any occurs.

(10) Nothing in this chapter limits the right of the secretary and his or her agents to render such advice and to make such recommendations as they deem to be in the best interests of the state and the public. [2005 c 319 § 133; 2002 c 114 § 16; 2001 c 64 § 14; 1995 2nd sp.s. c 19 § 3; 1993 c 370 § 4.]

47.46.050 Financial arrangements. (1) The department may enter into agreements using federal, state, and local financing in connection with the projects, including without limitation, grants, loans, and other measures authorized by section 1012 of ISTEA, and to do such things as necessary and desirable to maximize the funding and financing, including the formation of a revolving loan fund to implement this section.

(2) Agreements entered into under this section may authorize the private entity to lease the facilities within a designated area or areas from the state and to impose user fees or tolls within the designated area to allow a reasonable rate of return on investment, as established through a negotiated agreement between the state and the private entity. The negotiated agreement shall determine a maximum development fee and, where appropriate, a maximum rate of return on investment, based on project and financing characteristics. If the negotiated rate of return on investment or development fee is not affected, the private entity may establish and modify toll rates and user fees.

(3) Agreements that include a maximum rate of return may establish "incentive" rates of return beyond the negotiated maximum rate of return on investment. The incentive rates of return shall be designed to provide financial benefits to the affected public jurisdictions and the private entity, given the attainment of various safety, performance, or transportation demand management goals. The incentive rates of return shall be negotiated in the agreement.

(4) Agreements shall require that over the term of the ownership or lease the user fees or toll revenues be applied only to payment of:

(a) The capital outlay costs for the project, including the costs associated with planning, design, development, financing, construction, improvement, operations, toll collection, maintenance, and administration of the project;

(b) The reimbursement to the state for all costs associated with an election as required under RCW 47.46.030, the costs of project review and oversight, and technical and law enforcement services;

(c) The establishment of a fund to assure the adequacy of maintenance expenditures; and

(d) A reasonable return on investment to the private entity. A negotiated agreement shall not extend the term of the ownership or lease beyond the period of time required for payment of the private entity's capital outlay costs for the project under this subsection. 47.46.060 Deferral of taxes—Application—Repayment. (1) Any person, including the department of transportation and any private entity or entities, may apply for deferral of taxes on the site preparation for, the construction of, the acquisition of any related machinery and equipment that becomes a part of, and the rental of equipment for use in the state route number 16 corridor improvements project under this chapter. Application must be made to the department of revenue in a form and manner prescribed by the department of revenue. The application must contain information regarding estimated or actual costs, time schedules for completion and operation, and other information required by the department of revenue. The department of revenue must approve the application within sixty days if it meets the requirements of this section.

(2) The department of revenue must issue a sales and use tax deferral certificate for state and local sales and use taxes due under chapters 82.08, 82.12, and 82.14 RCW on the project.

(3) The department of transportation or a private entity granted a tax deferral under this section must begin paying the deferred taxes in the eleventh year after the date certified by the department of revenue as the date on which the project is operationally complete. The first payment is due on December 31st of the eleventh calendar year after such certified date, with subsequent annual payments due on December 31st of the following nine years. Each payment must equal ten percent of the deferred tax. The project is operationally complete under this section when the collection of tolls is commenced for the state route number 16 improvements covered by the deferral.

(4) The department of revenue may authorize an accelerated repayment schedule upon request of the department of transportation or a private entity granted a deferral under this section.

(5) Interest may not be charged on any taxes deferred under this section for the period of deferral, although all other penalties and interest applicable to delinquent excise taxes may be assessed and imposed for delinquent payments under this section. The debt for deferred taxes is not extinguished by insolvency or other failure of the private entity. Transfer of ownership does not terminate the deferral.

(6) Applications and any other information received by the department of revenue under this section are not confidential and are subject to disclosure. Chapter 82.32 RCW applies to the administration of this section. [2012 c 77 § 1; 2002 c 114 § 18; 1998 c 179 § 4.]

47.46.070 Use of state bonds on certain projects. (1) To the extent that the legislature specifically appropriates funding for a project developed under this chapter using the proceeds of bonds issued by the state, an agreement for the design or construction of the project entered into by the secretary must incorporate provisions that are consistent with the use of the state financing provided by the appropriation.

(2) The secretary shall amend existing agreements or execute new agreements to comply with subsection (1) of this section.

(3) If the secretary is unable to reach agreement with other parties on contractual provisions providing for state financing, the secretary shall not enter into an agreement, or shall take no action with respect to an agreement, or shall exercise termination provisions, whichever option in the secretary's determination will result in the lowest net cost to the state. 47.46.080 State toll facilities authorized for projects. The department may provide for the establishment and construction of state toll bridge facilities upon any public highways of this state together with approaches to them under agreements entered into under this chapter to develop such facilities. A state toll bridge facility authorized under this section includes, but is not limited to, the construction of an additional toll bridge, including approaches, adjacent to and within two miles of an existing bridge, the imposition of tolls on both bridges, and the operation of both bridges as one toll facility. [2002 c 114 § 5.]

47.46.090 Citizen advisory committee—Tolls. (1) A citizen advisory committee must be created for any project developed under this chapter that imposes toll charges for use of a transportation facility. The governor shall appoint nine members to the committee, all of whom must be permanent residents of the affected project area as defined for each project. Members of the committee shall serve without compensation.

(2) The citizen advisory committee shall serve in an advisory capacity to the commission on all matters related to the imposition of tolls including, but not limited to, (a) the feasibility of providing discounts to frequent users, electronic transponder users, senior citizens, or students; (b) the tradeoff of lower tolls versus the early retirement of debt; and (c) a consideration of variable, or time of day pricing.

(3) No toll charge may be imposed or modified unless the citizen advisory committee has been given at least twenty days to review and comment on any proposed toll charge schedule. In setting toll rates, the commission shall give consideration to any recommendations of the citizen advisory committee. [2005 c 329 § 1; 2002 c 114 § 6.]

47.46.091 Tacoma Narrows bridge citizen advisory committee. The Tacoma Narrows bridge citizen advisory committee is hereby created as directed under RCW 47.46.090. The advisory committee members shall be appointed proportionately, to the extent practicable, from those areas from which the majority of the trips originate on the bridge according to the latest traffic analysis by the department. [2005 c 329 § 2.]

47.46.100 Tolls—Setting—Lien on. (1) The commission shall fix the rates of toll and other charges for all toll bridges built under this chapter that are financed primarily by bonds issued by the state. Subject to RCW 47.46.090, the commission may impose and modify toll charges from time to time as conditions warrant.

(2) In establishing toll charges, the commission shall give due consideration to any required costs for operating and maintaining the toll bridge or toll bridges, including the cost of insurance, and to any amount required by law to meet the redemption of bonds and interest payments on them.

(3) The toll charges must be imposed in amounts sufficient to:

(a) Provide annual revenue sufficient to provide for annual operating and maintenance expenses, except as provided in RCW 47.56.245;

(b) Make payments required under RCW 47.56.165 and 47.46.140, including insurance costs and the payment of principal and interest on bonds issued for any particular toll bridge or toll bridges; and

(c) Repay the motor vehicle fund under RCW 47.46.110, 47.56.165, and 47.46.140.

(4) The bond principal and interest payments, including repayment of the motor vehicle fund for amounts transferred from that fund to provide for such principal and interest payments, constitute a first direct and exclusive charge and lien on all tolls and other revenues from the toll bridge concerned, subject to operating and maintenance expenses. [2002 c 114 § 7.]

47.46.105 Tolls—Electronic toll collection and photo toll systems—Administrative fees—Violation. (1) A toll collection system may include, but is not limited to, electronic toll collection and photo tolling.

(2)(a) A photo toll system may take photographs, digital photographs, microphotographs, videotapes, or other recorded images of the vehicle and vehicle license plate only.

(b) Notwithstanding any other provision of law, all photographs, digital photographs, microphotographs, videotape, other recorded images, or other records identifying a specific instance of travel prepared under this chapter are for the exclusive use of the tolling agency for toll collection and enforcement purposes and are not open to the public and may not be used in a court in a pending action or proceeding unless the action or proceeding relates to a civil penalty under RCW 46.63.160. No photograph, digital photograph, microphotograph, videotape, other recorded image, or other record identifying a specific instance of travel may be used for any purpose other than toll collection or enforcement of civil penalties under RCW 46.63.160. Records identifying a specific

(2012 Ed.)

instance of travel by a specific person or vehicle must be retained only as required to ensure payment and enforcement of tolls and to comply with state records retention policies.

(3) The department and its agents shall only use electronic toll collection system technology for toll collection purposes.

(4) Tolls may be collected and paid by the following methods:

(a) A customer may pay an electronic toll through an electronic toll collection account;

(b) A customer who does not have an electronic toll collection account may pay a photo toll either through a customer-initiated payment or in response to a toll bill; or

(c) A customer who does not have an electronic toll collection account may pay with cash on toll facilities that have a manual cash collection system.

(5) To the extent practicable, the department shall adopt electronic toll collection options, which allow for anonymous customer accounts and anonymous accounts that are not linked to a specific vehicle.

(6) The transportation commission shall adopt rules, in accordance with chapter 34.05 RCW, to assess administrative fees as appropriate for toll collection processes. Administrative fees must not exceed toll collection costs. All administrative fees collected under this section must be deposited into the toll facility account of the facility on which the toll was assessed.

(7) Failure to pay a photo toll by the toll payment due date is a violation for which a notice of civil penalty may be issued under RCW 46.63.160. [2010 c 249 § 4; 2004 c 230 § 2.]

Contingent effective date—2010 c 249: See note following RCW 47.56.795.

47.46.110 Tolls—Term, use. (1) The commission shall retain toll charges on any existing and future facilities constructed under this chapter and financed primarily by bonds issued by the state until:

(a) All costs of investigation, financing, acquisition of property, and construction advanced from the motor vehicle fund have been fully repaid, except as provided in subsection (2)(b) of this section;

(b) Obligations incurred in constructing that facility have been fully paid; and

(c) The motor vehicle fund is fully repaid under RCW 47.46.140.

(2) This section does not:

(a) Prohibit the use of toll revenues to fund maintenance, operations, or management of facilities constructed under this chapter except as prohibited by RCW 47.56.245;

(b) Require repayment of funds specifically appropriated as a nonreimbursable state financial contribution to a project.

(3) Notwithstanding the provisions of subsection (2)(a) of this section, upon satisfaction of the conditions enumerated in subsection (1) of this section:

(a) The facility must be operated as a toll-free facility; and

(b) The operation, maintenance, upkeep, and repair of the facility must be paid from funds appropriated for the use of the department for the construction and maintenance of the

primary state highways of the state of Washington. [2002 c 114 § 8.]

47.46.130 Use of state bond proceeds. Proceeds of the sale of bonds issued by the state for projects constructed under this chapter must be deposited in the state treasury to the credit of a special account designated for those purposes. Those proceeds must be expended only for the purposes enumerated in this chapter, for payment of the expense incurred in the issuance and sale of any such bonds, and to repay the motor vehicle fund for any sums advanced to pay the cost of surveys, location, design, development, right-of-way, and other activities related to the financing and construction of the bridge and its approaches. 47.46.140 Repayment of motor vehicle fund from toll charges. Toll charges must be used to repay the motor vehicle fund consistent with RCW 47.56.165 for any amounts transferred from the motor vehicle fund to the highway bond retirement fund under RCW 47.10.847 to provide for bond retirement and interest on bonds issued for the Tacoma Narrows public-private initiative project. Toll charges must remain on any facility financed by bonds issued by the state for a length of time necessary to repay the motor vehicle fund for any amounts expended from that fund for the design, development, right-of-way, financing, construction, maintenance, repair, or operation of the toll facility or for amounts transferred from the motor vehicle fund to the highway bond retirement fund under RCW 47.10.847 to provide for bond retirement and interest on bonds issued for the Tacoma Narrows public-private initiative project. Funds specifically appropriated as a nonreimbursable state financial contribution to the project do not require repayment. [2002 c 114 § 12.]

47.46.150 Alteration not a new proposal. If a proposal is or has been selected for the design, development, construction, maintenance, or operation of transportation systems or facilities under this chapter, subsequent agreements may be made to implement portions of the proposal that modify the proposal or that do not incorporate all the features of the proposal. Any such modified agreement does not require the solicitation or consideration of additional proposals for all or any portion of the services rendered under that modified agreement. Modified agreements may provide for the reimbursement of expenses and fees incurred under earlier agreements. [2002 c 114 § 13.]

Closure of Camas slough: RCW 88.28.055.

47.48.010 Closure or restriction authorized—Restriction for urban public transportation system use. Whenever the condition of any state highway, county road, or city street, either newly or previously constructed, altered, repaired, or improved, or any part thereof is such that for any reason its unrestricted use or continued use by vehicles or by any class of vehicles will greatly damage that state highway,

county road, or city street, or will be dangerous to traffic, or it is being constructed, altered, repaired, improved, or maintained in such a manner as to require that use of the state highway, county road, or city street, or any portion thereof be closed or restricted as to all vehicles or any class of vehicles for any period of time, the secretary, if it is a state highway, the county legislative authority, if it is a county road, or the governing body of any city or town, if it is a city street, is authorized to close the state highway, county road, or city street, as the case may be, to travel by all vehicles or by any class of vehicles, or may declare a lower maximum speed for any class of vehicles, for such a definite period as it shall determine. Nothing in the law of this state prevents the secretary, county legislative authority, or governing body of any city or town from classifying vehicles according to gross weight, axle weight, height, width, length, braking area, performance, vehicle combinations, or tire equipment for the purposes of this section, or from restricting the use of any portion of any state highway, county road, or city street, as the case may be, to its use by an urban public transportation system. 47.48.020 Notice of closure or restriction—Emergency closure. Before any state highway, county road, or city street is closed to, or the maximum speed limit thereon reduced for, all vehicles or any class of vehicles, a notice thereof including the effective date shall be published in one issue of a newspaper of general circulation in the county or city or town in which such state highway, county road, or city street or any portion thereof to be closed is located; and a like notice shall be posted on or prior to the date of publication of such notice in a conspicuous place at each end of the state highway, county road, or city street or portion thereof to be closed or restricted: PROVIDED, That no such state highway, county road, or city street or portion thereof may be closed sooner than three days after the publication and the posting of the notice herein provided for: PROVIDED, HOWEVER, That in cases of emergency or conditions in which the maximum time the closure will be in effect is twelve hours or less the proper officers may, without publication or delay, close state highways, county roads, and city streets temporarily by posting notices at each end of the closed portion thereof and at all intersecting state highways if the closing be of a portion of a state highway, at all intersecting state highways and county roads if the closing be a portion of a county road, and at all intersecting city streets if the closing be of a city street. In all emergency cases or conditions in which the maximum time the closure will be in effect is twelve hours or less, as herein provided, the orders of the proper authorities shall be immediately effective. (2012 Ed.)

47.48.031 Emergency closures by state patrol. (1) Whenever the chief or another officer of the state patrol determines on the basis of a traffic investigation that an emergency exists or less than safe road conditions exist due to human-caused or natural disasters or extreme weather conditions upon any state highway, or any part thereof, state patrol officers may determine and declare closures and temporarily reroute traffic from any such affected highway.

(2) Any alteration of vehicular traffic on any state highway due to closure in emergency conditions is effective until such alteration has been approved or altered by the secretary of transportation or other department of transportation authorities in their local respective jurisdictions.

(3) All state highway closures by officers of the state patrol shall be immediately reported to the secretary of transportation and to other authorities in their local jurisdictions. [1981 c 197 § 1.]

47.48.040 Penalty. Except as provided under RCW 47.48.060, when any state highway, county road, or city street or portion thereof shall have been closed, or when the maximum speed limit thereon shall have been reduced, for all vehicles or any class of vehicles, as by law provided, any person, firm, or corporation disregarding such closing or reduced speed limit shall be guilty of a misdemeanor, and shall in addition to any penalty for violation of the provisions of this section, be liable in any civil action instituted in the name of the state of Washington or the county or city or town having jurisdiction for any damages occasioned to such state highway, county road, or city street, as the case may be, as the result of disregarding such closing or reduced speed limit. [2007 c 252 § 3; 1977 ex.s. c 216 § 3; 1961 c 13 § 47.48.040. Prior: 1937 c 53 § 67; RRS § 6400-67; prior: 1921 c 21 § 3; RRS § 6841.]

47.48.050 Transportation of radioactive or hazardous cargo—Definition—Violation, penalty. The chief or other officer of the Washington state patrol may prohibit the transportation of placarded radioactive or hazardous cargo over the highways of the state, or a portion thereof, if weather or other conditions create a substantial risk to public safety. For the purposes of this section hazardous cargo shall mean hazardous materials as defined in RCW 70.136.020(1). Violation of an order issued under this section constitutes a misdemeanor. [1983 c 205 § 1.]

Regulations on notice of prohibition on radioactive or hazardous cargo: RCW 47.01.270.

47.48.060 Registry of persons allowed access to property to conduct fire prevention despite closures—Liability. (1) Each county sheriff may, until a model policy pursuant to RCW 36.28A.140 is developed and implemented in the sheriff's county, establish and maintain a registry of persons authorized to access their land during a forest [fire] or wildfire. Upon request, the sheriff must include in the registry persons who demonstrate ownership of agriculture land or forest land within the county and who possess equipment that may be used for fire prevention or suppression activities. Persons included in the registry must be allowed to access their property to conduct fire prevention or suppression activ-

ities despite the closure of any state highway, county road, or city street under this chapter.

(2)(a) Residents, landowners, and others in lawful possession and control of land in the state are not liable for unintentional injuries or loss suffered by persons entering upon, or passing through, their land pursuant to this section.

(b) Federal, state, and local agencies, and their employees, are not liable for any action, or failure to act, when facilitating the access described in this section. [2007 c 252 § 2.]

Chapter 47.50 RCW HIGHWAY ACCESS MANAGEMENT

Sections

47.50.010	Findings—Access.
47.50.020	Definitions—Access.
47.50.030	Regulating connections.
47.50.040	Access permits.

47.50.070	Permit conditions.
47.50.080	Permit removal.
47.50.090	Access management standards.

47.50.010 Findings—Access. (1) The legislature finds that:

(a) Regulation of access to the state highway system is necessary in order to protect the public health, safety, and welfare, to preserve the functional integrity of the state highway system, and to promote the safe and efficient movement of people and goods within the state;

(b) The development of an access management program, in accordance with this chapter, which coordinates land use planning decisions by local governments and investments in the state highway system, will serve to control the proliferation of connections and other access approaches to and from the state highway system. Without such a program, the health, safety, and welfare of the residents of this state are at risk, due to the fact that uncontrolled access to the state highway system is a significant contributing factor to the congestion and functional deterioration of the system; and

(c) The development of an access management program in accordance with this chapter will enhance the development of an effective transportation system and increase the traffic-carrying capacity of the state highway system and thereby reduce the incidences of traffic accidents, personal injury, and property damage or loss; mitigate environmental degradation; promote sound economic growth and the growth management goals of the state; reduce highway maintenance costs and the necessity for costly traffic operations measures; lengthen the effective life of transportation facilities in the state, thus preserving the public investment in such facilities; and shorten response time for emergency vehicles.

(2) In furtherance of these findings, all state highways are hereby declared to be controlled access facilities as defined in RCW 47.50.020, except those highways that are defined as limited access facilities in chapter 47.52 RCW.

(3) It is the policy of the legislature that:

(a) The access rights of an owner of property abutting the state highway system are subordinate to the public's right and interest in a safe and efficient highway system; and

(b) Every owner of property which abuts a state highway has a right to reasonable access to that highway, unless such

access has been acquired pursuant to chapter 47.52 RCW, but may not have the right of a particular means of access. The right of access to the state highway may be restricted if, pursuant to local regulation, reasonable access can be provided to another public road which abuts the property.

(4) The legislature declares that it is the purpose of this chapter to provide a coordinated planning process for the permitting of access points on the state highway system to effectuate the findings and policies under this section.

(5) Nothing in this chapter shall affect the right to full compensation under section 16, Article I of the state Constitution. [1991 c 202 § 1.]

47.50.020 Definitions—Access. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Controlled access facility" means a transportation facility to which access is regulated by the governmental entity having jurisdiction over the facility. Owners or occupants of abutting lands and other persons have a right of access to or from such facility at such points only and in such manner as may be determined by the governmental entity.

(2) "Connection" means approaches, driveways, turnouts, or other means of providing for the right of access to or from controlled access facilities on the state highway system.

(3) "Permitting authority" means the department for connections in unincorporated areas or a city or town within incorporated areas which are authorized to regulate access to state highways pursuant to chapter 47.24 RCW. [1991 c 202 § 2.]

Additional notes found at www.leg.wa.gov

47.50.030 Regulating connections. (1) Vehicular access and connections to or from the state highway system shall be regulated by the permitting authority in accordance with the provisions of this chapter in order to protect the public health, safety, and welfare.

(2) The department shall by July 1, 1992, adopt administrative procedures pursuant to chapter 34.05 RCW which establish state highway access standards and rules for its issuance and modification of access permits, closing of unpermitted connections, revocation of permits, and waiver provisions in accordance with this chapter. The department shall consult with the association of Washington cities and obtain concurrence of the city design standards committee as established by RCW 35.78.030 in the development and adoption of rules for access standards for city streets designated as state highways under chapter 47.24 RCW.

(3) Cities and towns shall, no later than July 1, 1993, adopt standards for access permitting on streets designated as state highways which meet or exceed the department's standards, provided that such standards may not be inconsistent with standards adopted by the department. [1991 c 202 § 3.]

Additional notes found at www.leg.wa.gov

47.50.040 Access permits. (1) No connection to a state highway shall be constructed or altered without obtaining an access permit in accordance with this chapter in advance of such action. A permitting authority has the authority to deny access to the state highway system at the location specified in

the permit until the permittee constructs or alters the connection in accordance with the permit requirements.

(2) The cost of construction or alteration of a connection shall be borne by the permittee, except for alterations which are not required by law or administrative rule, but are made at the request of and for the convenience of the permitting authority. The permittee, however, shall bear the cost of alteration of any connection which is required by the permitting authority due to increased or altered traffic flows generated by changes in the permittee's facilities or nature of business conducted at the location specified in the permit.

(3) Except as otherwise provided in this chapter, an unpermitted connection is subject to closure by the appropriate permitting authority which shall have the right to install barriers across or remove the connection. When the permitting authority determines that a connection is unpermitted and subject to closure, it shall provide reasonable notice of its impending action to the owner of property served by the connection. The permitting authority's procedures for providing notice and preventing the operation of unpermitted connections shall be adopted by rule. [1991 c 202 § 4.]

Additional notes found at www.leg.wa.gov

47.50.050 Permit fee. The department shall establish by rule a schedule of fees for permit applications made to the department. The fee shall be nonrefundable and shall be used only to offset the costs of administering the access permit review process and the costs associated with administering the provisions of this chapter. [1991 c 202 § 5.]

Additional notes found at www.leg.wa.gov

47.50.060 Permit review process. The review process for access permit applications made by the department shall be as follows: Any person seeking an access permit shall file an application with the department. The department by rule shall establish application form and content requirements. The fee required by RCW 47.50.050 must accompany the applications. [1991 c 202 § 6.]

Additional notes found at www.leg.wa.gov

47.50.070 Permit conditions. The permitting authority may issue a permit subject to any conditions necessary to carry out the provisions of this chapter, including, but not limited to, requiring the use of a joint-use connection. The permitting authority may revoke a permit if the applicant fails to comply with the conditions upon which the issuance of the permit was predicated. [1991 c 202 § 7.]

Additional notes found at www.leg.wa.gov

47.50.080 Permit removal. (1) Unpermitted connections to the state highway system in existence on July 1, 1990, shall not require the issuance of a permit and may continue to provide access to the state highway system, unless the permitting authority determines that such a connection does not meet minimum acceptable standards of highway safety. However, a permitting authority may require that a permit be obtained for such a connection if a significant change occurs in the use, design, or traffic flow of the connection or of the state highway to which it provides access. If a permit is not obtained, the connection may be closed pursuant to RCW 47.50.040.

(2012 Ed.)

(2) Access permits granted prior to adoption of the permitting authorities' standards shall remain valid until modified or revoked. Access connections to state highways identified on plats and subdivisions approved prior to July 1, 1991, shall be deemed to be permitted pursuant to chapter 202, Laws of 1991. The permitting authority may, after written notification, under rules adopted in accordance with RCW 47.50.030, modify or revoke an access permit granted prior to adoption of the standards by requiring relocation, alteration, or closure of the connection if a significant change occurs in the use, design, or traffic flow of the connection.

(3) The permitting authority may issue a nonconforming access permit after finding that to deny an access permit would leave the property without a reasonable means of access to the public roads of this state. Every nonconforming access permit shall specify limits on the maximum vehicular use of the connection and shall be conditioned on the availability of future alternative means of access for which access permits can be obtained. [1991 c 202 § 8.]

Additional notes found at www.leg.wa.gov

47.50.090 Access management standards. (1) The department shall develop, adopt, and maintain an access control classification system for all routes on the state highway system, the purpose of which shall be to provide for the implementation and continuing applications of the provision of this chapter.

(2) The principal component of the access control classification system shall be access management standards, the purpose of which shall be to provide specific minimum standards to be adhered to in the planning for and approval of access to state highways.

(3) The control classification system shall be developed consistent with the following:

(a) The department shall, no later than January 1, 1993, adopt rules setting forth procedures governing the implementation of the access control classification system required by this chapter. The rule shall provide for input from the entities described in (b) of this subsection as well as for public meetings to discuss the access control classification system. Nothing in this chapter shall affect the validity of the department's existing or subsequently adopted rules concerning access to the state highway system. Such rules shall remain in effect until repealed or replaced by the rules required by this chapter.

(b) The access control classification system shall be developed in cooperation with counties, cities and towns, the *department of community, trade, and economic development, regional transportation planning organizations, and other local governmental entities, and for city streets designated as state highways pursuant to chapter 47.24 RCW, adopted with the concurrence of the city design standards committee.

(c) The rule required by this section shall provide that assignment of a road segment to a specific access category be made in consideration of the following criteria:

(i) Local land use plans and zoning, as set forth in comprehensive plans;

(ii) The current functional classification as well as potential future functional classification of each road on the state highway system;

(iii) Existing and projected traffic volumes;
 (iv) Existing and projected state, local, and metropolitan planning organization transportation plans and needs;
 (v) Drainage requirements;
 (vi) The character of lands adjoining the highway;
 (vii) The type and volume of traffic requiring access;
 (viii) Other operational aspects of access;
 (ix) The availability of reasonable access by way of county roads and city streets to a state highway; and
 (x) The cumulative effect of existing and projected connections on the state highway system's ability to provide for the safe and efficient movement of people and goods within the state.

(d) Access management standards shall include, but not be limited to, connection location standards, safety factors, design and construction standards, desired levels of service, traffic control devices, and effective maintenance of the roads. The standards shall also contain minimum requirements for the spacing of connections, intersecting streets, roads, and highways.

(e) An access control category shall be assigned to each segment of the state highway system by July 1, 1993. [1995 c 399 § 124; 1991 c 202 § 9.]

***Reviser's note:** The "department of community, trade, and economic development" was renamed the "department of commerce" by 2009 c 565.

Port districts, toll facilities: Chapter 53.34 RCW.

Speed limits on limited access facilities: RCW 46.61.430.

47.52.001 Declaration of policy. (1) Unrestricted access to and from public highways has resulted in congestion and peril for the traveler. It has caused undue slowing of all traffic in many areas. The investment of the public in highway facilities has been impaired and highway facilities costing vast sums of money will have to be relocated and reconstructed.

(2) Personal wireless service is a critical part of the state's infrastructure. The rapid deployment of personal wireless service facilities is critical to ensure public safety, network access, quality of service, and rural economic development.

(3) It is, therefore, the declared policy of this state to limit access to the highway facilities of this state in the interest of highway safety and for the preservation of the investment of the public in such facilities, and to assure that the use of rights-of-way of limited access facilities accommodate the deployment of personal wireless service facilities consistent with these interests. [2004 c 131 § 1; 1961 c 13 § 47.52.001. Prior: 1951 c 167 § 1.]

47.52.010 "Limited access facility" defined. For the purposes of this chapter, a "limited access facility" is defined as a highway or street especially designed or designated for through traffic, and over, from, or to which owners or occupants of abutting land, or other persons, have no right or easement, or only a limited right or easement of access, light, air, or view by reason of the fact that their property abuts upon such limited access facility, or for any other reason to accomplish the purpose of a limited access facility. Such highways or streets may be parkways, from which vehicles forming part of an urban public transportation system, trucks, buses, or other commercial vehicles may be excluded; or they may be freeways open to use by all customary forms of street and highway traffic, including vehicles forming a part of an urban public transportation system. [1967 c 108 § 10; 1961 c 13 § 47.52.010. Prior: 1951 c 167 § 2; 1947 c 202 § 1; Rem. Supp. 1947 § 6402-60.]

Urban public transportation system defined: RCW 47.04.082.

47.52.011 "Existing highway" defined. For the purposes of this chapter, the term "existing highway" shall include all highways, roads and streets duly established, constructed, and in use. It shall not include new highways, roads or streets, or relocated highways, roads or streets, or portions of existing highways, roads or streets which are relocated. [1961 c 13 § 47.52.011. Prior: 1951 c 167 § 3.]

47.52.020 Powers of highway authorities—State facility, county road crossings. The highway authorities of the state, counties, and incorporated cities and towns, acting alone or in cooperation with each other, or with any federal, state, or local agency, or any other state having authority to participate in the construction and maintenance of highways, may plan, designate, establish, regulate, vacate, alter, improve, construct, maintain, and provide limited access facilities for public use wherever the authority or authorities are of the opinion that traffic conditions, present or future, will justify the special facilities. However, upon county roads within counties, the state or county authorities are subject to the consent of the county legislative authority, except that where a state limited access facility crosses a county road the department may, without the consent of the county legislative authority, close off the county road so that it will not intersect such limited access facility.

The department may, in constructing or relocating any state highway, cross any county road at grade without obtaining the consent of the county legislative authority, and in so doing may revise the alignment of the county road to the extent that the department finds necessary for reasons of traffic safety or practical engineering considerations. [1984 c 7 § 239; 1961 c 13 § 47.52.020. Prior: 1957 c 235 § 2; prior: 1953 c 30 § 1; 1951 c 167 § 4; 1947 c 202 § 2, part; Rem. Supp. 1947 § 6402-61, part.]

47.52.025 Additional powers—Controlling use of limited access facilities—High occupancy vehicle lanes—Definition. (1) Highway authorities of the state, counties, and incorporated cities and towns, in addition to the specific powers granted in this chapter, shall also have, and may exercise, relative to limited access facilities, any and all additional authority, now or hereafter vested in them relative to highways or streets within their respective jurisdictions, and may regulate, restrict, or prohibit the use of such limited access facilities by various classes of vehicles or traffic. Such highway authorities may reserve any limited access facility or portions thereof, including designated lanes or ramps for the exclusive or preferential use of (a) public transportation vehicles, (b) privately owned buses, (c) private motor vehicles carrying not less than a specified number of passengers, or (d) the following private transportation provider vehicles if the vehicle has the capacity to carry eight or more passengers, regardless of the number of passengers in the vehicle, and if such use does not interfere with the efficiency, reliability, and safety of public transportation operations: (i) Auto transportation company vehicles regulated under chapter 81.68 RCW; (ii) passenger charter carrier vehicles regulated under chapter 81.70 RCW, except marked or unmarked stretch limousines and stretch sport utility vehicles as defined under department of licensing rules; (iii) private nonprofit transportation provider vehicles regulated under chapter 81.66 RCW; and (iv) private employer transportation service vehicles, when such limitation will increase the efficient utilization of the highway facility or will aid in the conservation of energy resources. Regulations authorizing such exclusive or preferential use of a highway facility may be declared to be effective at all time or at specified times of day or on specified days.

(2012 Ed.)

(2) Any transit-only lanes that allow other vehicles to access abutting businesses that are reserved pursuant to subsection (1) of this section may not be authorized for the use of private transportation provider vehicles as described under subsection (1) of this section.

(3) Highway authorities of the state, counties, or incorporated cities and towns may prohibit the use of limited access facilities by the following private transportation provider vehicles: (a) Auto transportation company vehicles regulated under chapter 81.68 RCW; (b) passenger charter carrier vehicles regulated under chapter 81.70 RCW, and marked or unmarked limousines and stretch sport utility vehicles as defined under department of licensing rules; (c) private nonprofit transportation provider vehicles regulated under chapter 81.66 RCW; and (d) private employer transportation service vehicles, when the average transit speed in the high occupancy vehicle travel lane fails to meet department standards and falls below forty-five miles per hour at least ninety percent of the time during the peak hours for two consecutive months.

(4)(a) Local authorities are encouraged to establish a process for private transportation providers, described under subsections (1) and (3) of this section, to apply for the use of limited access facilities that are reserved for the exclusive or preferential use of public transportation vehicles.

(b) The process must provide a list of facilities that the local authority determines to be unavailable for use by the private transportation provider and must provide the criteria used to reach that determination.

(c) The application and review processes must be uniform and should provide for an expeditious response by the authority.

(5) For the purposes of this section, "private employer transportation service" means regularly scheduled, fixed-route transportation service that is similarly marked or identified to display the business name or logo on the driver and passenger sides of the vehicle, meets the annual certification requirements of the department, and is offered by an employer for the benefit of its employees. 47.52.026 Rules—Control of vehicles entering—Ramp closure, metering, or restrictions—Notice. (1) The department may adopt rules for the control of vehicles entering any state limited access highway as it deems necessary (a) for the efficient or safe flow of traffic traveling upon any part of the highway or connections with it or (b) to avoid exceeding federal, state, or regional air pollution standards either along the highway corridor or within an urban area served by the highway.

(2) Rules adopted by the department pursuant to subsection (1) of this section may provide for the closure of highway ramps or the metering of vehicles entering highway ramps or the restriction of certain classes of vehicles entering highway ramps (including vehicles with less than a specified number of passengers), and any such restrictions may vary at

different times as necessary to achieve the purposes mentioned in subsection (1) of this section.

(3) Vehicle restrictions authorized by rules adopted pursuant to this section are effective when proper notice is given by any police officer, or by appropriate signals, signs, or other traffic control devices. [1984 c 7 § 240; 1974 ex.s. c 133 § 3.]

47.52.027 Standards and rules for interstate and defense highways—Construction, maintenance, access.

The secretary of transportation may adopt design standards, rules, and regulations relating to construction, maintenance, and control of access of the national system of interstate and defense highways within this state as it deems advisable to properly control access thereto, to preserve the traffic-carrying capacity of such highways, and to provide the maximum degree of safety to users thereof. In adopting such standards, rules, and regulations the secretary shall take into account the policies, rules, and regulations of the United States secretary of commerce and the federal highway administration relating to the construction, maintenance, and operation of the system of interstate and defense highways. The standards, rules, and regulations so adopted by the secretary shall constitute the public policy of this state and shall have the force and effect of law. [1977 ex.s. c 151 § 62; 1961 c 13 § 47.52.027. Prior: 1959 c 319 § 35. Formerly RCW 47.28.160.]

Nonmotorized traffic may be prohibited: RCW 46.61.160.

47.52.040 Design—Entrance and exit restricted—Closure of intersecting roads.

The highway authorities of the state, counties and incorporated cities and towns may so design any limited access facility and so regulate, restrict, or prohibit access as to best serve the traffic for which such facility is intended; and the determination of design by such authority shall be conclusive and final. In this connection such highway authorities may divide and separate any limited access facility into separate roadways by the construction of raised curbs, central dividing sections, or other physical separations, or by designating such separate roadways by signs, markers, stripes, and the proper lane for such traffic by appropriate signs, markers, stripes and other devices. No person shall have any right of ingress or egress to, from, or across limited access facilities to or from abutting lands, except at designated points at which access may be permitted by the highway authorities upon such terms and conditions as may be specified from time to time: PROVIDED, That any intersecting streets, roads or highways, not made a part of such facility, shall be deemed closed at the right-of-way line by the designation and construction of said facility and without the consent of any other party or the necessity of any other legal proceeding for such closing, notwithstanding any laws to the contrary. [1961 c 13 § 47.52.040. Prior: 1955 c 75 § 1; 1947 c 202 § 3; Rem. Supp. 1947 § 6402-62.]

47.52.041 Closure of intersecting roads—Rights of abutters. No person, firm or corporation, private or municipal, shall have any claim against the state, city or county by reason of the closing of such streets, roads or highways as long as access still exists or is provided to such property abutting upon the closed streets, roads or highways. Circuity of

travel shall not be a compensable item of damage. [1961 c 13 § 47.52.041. Prior: 1955 c 75 § 2.]

47.52.042 Closure of intersecting roads—Other provisions not affected. RCW 47.52.040 and 47.52.041 shall not be construed to affect provisions for establishment, notice, hearing and court review of any decision establishing a limited access facility on an existing highway pursuant to chapter 47.52 RCW. [1961 c 13 § 47.52.042. Prior: 1955 c 75 § 3.]

47.52.050 Acquisition of property. (1) For the purpose of this chapter the highway authorities of the state, counties and incorporated cities and towns, respectively, or in cooperation one with the other, may acquire private or public property and property rights for limited access facilities and service roads, including rights of access, air, view and light, by gift, devise, purchase, or condemnation, in the same manner as such authorities are now or hereafter may be authorized by law to acquire property or property rights in connection with highways and streets within their respective jurisdictions. Except as otherwise provided in subsection (2) of this section all property rights acquired under the provisions of this chapter shall be in fee simple. In the acquisition of property or property rights for any limited access facility or portion thereof, or for any service road in connection therewith, the state, county, incorporated city and town authority may, in its discretion, acquire an entire lot, block or tract of land, if by so doing the interest of the public will be best served, even though said entire lot, block or tract is not immediately needed for the limited access facility.

(2) The highway authorities of the state, counties, and incorporated cities and towns may acquire by gift, devise, purchase, or condemnation a three dimensional air space corridor in fee simple over or below the surface of the ground, together with such other property in fee simple and other property rights as are needed for the construction and operation of a limited access highway facility, but only if the acquiring authority finds that the proposal will not:

(a) impair traffic safety on the highway or interfere with the free flow of traffic; or

(b) permit occupancy or use of the air space above or below the highway which is hazardous to the operation of the highway. [1971 ex.s. c 39 § 1; 1961 c 13 § 47.52.050. Prior: 1947 c 202 § 4; Rem. Supp. 1947 § 6402-63.]

Award of costs in air space corridor acquisitions: RCW 8.25.073.

Right-of-way donations: Chapter 47.14 RCW.

47.52.060 Court process expedited. Court proceedings necessary to acquire property or property rights for purposes of this chapter shall take precedence over all other causes not involving the public interest in all courts to the end that the provision for limited access facilities may be expedited. [1961 c 13 § 47.52.060. Prior: 1947 c 202 § 5; Rem. Supp. 1947 § 6402-64.]

47.52.070 Establishment of facility—Grade separation—Service roads. The designation or establishment of a limited access facility shall, by the authority making the designation or establishment, be entered upon the records or minutes of such authority in the customary manner for the

keeping of such records or minutes. The state, counties and incorporated cities and towns may provide for the elimination of intersections at grade of limited access facilities with existing state or county roads, and with city or town streets, by grade separation or service road, or by closing off such roads and streets at the right-of-way boundary line of such limited access facility; and after the establishment of any such facility, no highway or street which is not part of said facility, shall intersect the same at grade. No city or town street, county road, or state highway, or any other public or private way, shall be opened into or connect with any such limited access facility without the consent and previous approval of the highway authority of the state, county, incorporated city or town having jurisdiction over such limited access facility. Such consent and approval shall be given only if the public interest shall be served thereby. [1961 c 13 § 47.52.070. Prior: 1951 c 167 § 10; 1947 c 202 § 6; Rem. Supp. 1947 § 6402-65.]

47.52.080 Abutter's right of access protected—Compensation. No existing public highway, road, or street shall be constructed as a limited access facility except upon the waiver, purchase, or condemnation of the abutting owner's right of access thereto as herein provided. In cases involving existing highways, if the abutting property is used for business at the time the notice is given as provided in RCW 47.52.133, the owner of such property shall be entitled to compensation for the loss of adequate ingress to or egress from such property as business property in its existing condition at the time of the notice provided in RCW 47.52.133 as for the taking or damaging of property for public use. [1983 c 3 § 127; 1961 c 13 § 47.52.080. Prior: 1955 c 54 § 2; 1951 c 167 § 11; 1947 c 202 § 7; Rem. Supp. 1947 § 6402-66.]

47.52.090 Cooperative agreements—Urban public transportation systems—Title to highway—Traffic regulations—Underground utilities and overcrossings—Passenger transportation—Storm sewers—City street crossings. The highway authorities of the state, counties, incorporated cities and towns, and municipal corporations owning or operating an urban public transportation system are authorized to enter into agreements with each other, or with the federal government, respecting the financing, planning, establishment, improvement, construction, maintenance, use, regulation, or vacation of limited access facilities in their respective jurisdictions to facilitate the purposes of this chapter. Any such agreement may provide for the exclusive or nonexclusive use of a portion of the facility by streetcars, trains, or other vehicles forming a part of an urban public transportation system and for the erection, construction, and maintenance of structures and facilities of such a system including facilities for the receipt and discharge of passengers. Within incorporated cities and towns the title to every state limited access highway vests in the state, and, notwithstanding any other provision of this section, the department shall exercise full jurisdiction, responsibility, and control to and over the highway from the time it is declared to be operational as a limited access facility by the department, subject to the following provisions:

(1) Cities and towns shall regulate all traffic restrictions on such facilities except as provided in RCW 46.61.430, and

all regulations adopted are subject to approval of the department before becoming effective. Nothing herein precludes the state patrol or any county, city, or town from enforcing any traffic regulations and restrictions prescribed by state law, county resolution, or municipal ordinance.

(2) The city, town, or franchise holder shall at its own expense maintain its underground facilities beneath the surface across the highway and has the right to construct additional facilities underground or beneath the surface of the facility or necessary overcrossings of power lines and other utilities as may be necessary insofar as the facilities do not interfere with the use of the right-of-way for limited access highway purposes. The city or town has the right to maintain any municipal utility and the right to open the surface of the highway. The construction, maintenance until permanent repair is made, and permanent repair of these facilities shall be done in a time and manner authorized by permit to be issued by the department or its authorized representative, except to meet emergency conditions for which no permit will be required, but any damage occasioned thereby shall promptly be repaired by the city or town itself, or at its direction. Where a city or town is required to relocate overhead facilities within the corporate limits of a city or town as a result of the construction of a limited access facility, the cost of the relocation shall be paid by the state.

(3) Cities and towns have the right to grant utility franchises crossing the facility underground and beneath its surface insofar as the franchises are not inconsistent with the use of the right-of-way for limited access facility purposes and the franchises are not in conflict with state laws. The department is authorized to enforce, in an action brought in the name of the state, any condition of any franchise that a city or town has granted. No franchise for transportation of passengers in motor vehicles may be granted on such highways without the approval of the department, except cities and towns are not required to obtain a franchise for the operation of municipal vehicles or vehicles operating under franchises from the city or town operating within the corporate limits of a city or town and within a radius not exceeding eight miles outside the corporate limits for public transportation on such facilities, but these vehicles may not stop on the limited access portion of the facility to receive or to discharge passengers unless appropriate special lanes or deceleration, stopping, and acceleration space is provided for the vehicles.

Every franchise or permit granted any person by a city or town for use of any portion of a limited access facility shall require the grantee or permittee to restore, permanently repair, and replace to its original condition any portion of the highway damaged or injured by it. Except to meet emergency conditions, the construction and permanent repair of any limited access facility by the grantee of a franchise shall be in a time and manner authorized by a permit to be issued by the department or its authorized representative.

(4) The department has the right to use all storm sewers that are adequate and available for the additional quantity of run-off proposed to be passed through such storm sewers.

(5) The construction and maintenance of city streets over and under crossings and surface intersections of the limited access facility shall be in accordance with the governing policy entered into between the department and the association of Washington cities on June 21, 1956, or as such policy may

be amended by agreement between the department and the association of Washington cities. [1984 c 7 § 241; 1977 ex.s. c 78 § 8; 1967 c 108 § 11; 1961 c 13 § 47.52.090. Prior: 1957 c 235 § 4; 1947 c 202 § 8; Rem. Supp. 1947 § 6402-67.]

47.52.100 Existing roads and streets as service roads.

In connection with the development of any limited access facility the state, county or incorporated city or town highway authorities are authorized to plan, designate, establish, use, regulate, alter, improve, construct, maintain and vacate local service roads and streets, or to designate as local service roads and streets any existing road or street, and to exercise jurisdiction over service roads in the same manner as is authorized for limited access facilities under the terms of this chapter. If, in their opinion such local service roads and streets are necessary or desirable, such local service roads or streets shall be separated from the limited access facility by such means or devices designated as necessary or desirable by the proper authority. [1961 c 13 § 47.52.100. Prior: 1947 c 202 § 9; Rem. Supp. 1947 § 6402-68.]

47.52.105 Acquisition and construction to preserve limited access or reduce required compensation.

Whenever, in the opinion of the department, frontage or service roads in connection with limited access facilities are not feasible either from an engineering or economic standpoint, the department may acquire private or public property by purchase or condemnation and construct any road, street, or highway connecting to or leading into any other road, street, or highway, when by so doing, it will preserve a limited access facility or reduce compensation required to be paid to an owner by reason of reduction in or loss of access. The department shall provide by agreement with a majority of the legislative authority of the county or city concerned as to location, future maintenance, and control of any road, street, or highway to be so constructed. The road, street, or highway need not be made a part of the state highway system or connected thereto, but may upon completion by the state be turned over to the county or city for location, maintenance, and control pursuant to the agreement as part of the system of county roads or city streets. [1984 c 7 § 242; 1967 c 117 § 1; 1961 c 13 § 47.52.105. Prior: 1955 c 63 § 1.]

47.52.110 Marking of facility with signs. After the opening of any new and additional limited access highway facility, or after the designation and establishment of any existing street or highway, as included the particular highways and streets or those portions thereof designated and established, shall be physically marked and indicated as follows: By the erection and maintenance of such signs as in the opinion of the respective authorities may be deemed proper, indicating to drivers of vehicles that they are entering a limited access area and that they are leaving a limited access area. [1961 c 13 § 47.52.110. Prior: 1947 c 202 § 10; Rem. Supp. 1947 § 6402-69.]

47.52.120 Violations specified—Exceptions—Penalty. (1) After the opening of any limited access highway

facility, it shall be unlawful for any person to: (a) Drive a vehicle over, upon, or across any curb, central dividing section, or other separation or dividing line on limited access facilities; (b) make a left turn or semicircular or U-turn except through an opening provided for that purpose in the dividing curb section, separation, or line; (c) drive any vehicle except in the proper lane provided for that purpose and in the proper direction and to the right of the central dividing curb, separation section, or line; (d) drive any vehicle into the limited access facility from a local service road except through an opening provided for that purpose in the dividing curb, dividing section, or dividing line which separates such service road from the limited access facility proper; (e) stop or park any vehicle or equipment within the right-of-way of such facility, including the shoulders thereof, except at points specially provided therefor, and to make only such use of such specially provided stopping or parking points as is permitted by the designation thereof: PROVIDED, That this subsection (1)(e) shall not apply to authorized emergency vehicles, law enforcement vehicles, assistance vans, or to vehicles stopped for emergency causes or equipment failures; (f) travel to or from such facility at any point other than a point designated by the establishing authority as an approach to the facility or to use an approach to such facility for any use in excess of that specified by the establishing authority.

(2) For the purposes of this section, an assistance van is a vehicle rendering aid free of charge to vehicles with equipment or fuel problems. The state patrol shall establish by rule additional standards and operating procedures, as needed, for assistance vans.

(3) Any person who violates this section is guilty of a misdemeanor and upon arrest and conviction therefor shall be punished by a fine of not less than five dollars nor more than one hundred dollars, or by imprisonment in the city or county jail for not less than five days nor more than ninety days, or by both fine and imprisonment.

(4) Nothing contained in this section prevents the highway authority from proceeding to enforce the prohibitions or limitations of access to such facilities by injunction or as otherwise provided by law. [2003 c 53 § 262; 1987 c 330 § 748; 1985 c 149 § 1; 1961 c 13 § 47.52.120. Prior: 1959 c 167 § 1; 1947 c 202 § 11; Rem. Supp. 1947 § 6402-70.]

47.52.121 Prior determinations validated. Any determinations of an authority establishing a limited access facility subsequent to March 19, 1947, and prior to March 16, 1951, in connection with new highways, roads or streets, or relocated highways, roads or streets, or portions of existing highways, roads or streets which are relocated, and all acquisitions of property or access rights in connection therewith are hereby validated, ratified, approved and confirmed, notwithstanding any lack of power (other than constitutional) of such authority, and notwithstanding any defects or irregularities (other than constitutional) in such proceedings. [1961 c 13 § 47.52.121. Prior: 1951 c 167 § 12.]

47.52.131 Consideration of local conditions—Report to local authorities—Conferences—Proposed plan. When

the department is planning a limited access facility through a county or an incorporated city or town, the department or its staff, before any hearing, shall give careful consideration to available data as to the county or city's comprehensive plan, land use pattern, present and potential traffic volume of county roads and city streets crossing the proposed facility, origin and destination traffic surveys, existing utilities, the physical appearance the facility will present, and other pertinent surveys and, except as provided in RCW 47.52.134, shall submit to the county and city officials for study a report showing how these factors have been taken into account and how the proposed plan for a limited access facility will serve public convenience and necessity, together with the locations and access and egress plans, and over and under crossings that are under consideration. This report shall show the proposed approximate right-of-way limits and profile of the facility with relation to the existing grade, and shall discuss in a general manner plans for landscaping treatment, fencing, and illumination, and shall include sketches of typical roadway sections for the roadway itself and any necessary structures such as viaducts or bridges, subways, or tunnels.

Conferences shall be held on the merits of this state report and plans and any proposed modification or alternate proposal of the county, city, or town in order to attempt to reach an agreement between the department and the county or city officials. As a result of the conference, the proposed plan, together with any modifications, shall be prepared by the department and presented to the county or city for inspection and study. 47.52.133 Local public hearing—Notice. Except as provided in RCW 47.52.134, the department and the highway authorities of the counties and incorporated cities and towns, with regard to facilities under their respective jurisdictions, prior to the establishment of any limited access facility, shall hold a public hearing within the county, city, or town wherein the limited access facility is to be established to determine the desirability of the plan proposed by such authority. Notice of such hearing shall be given to the owners of property abutting the section of any existing highway, road, or street being established as a limited access facility, as indicated in the tax rolls of the county, and in the case of a state limited access facility, to the county and/or city or town. Such notice shall be by United States mail in writing, setting forth a time for the hearing, which time shall be not less than fifteen days after mailing of such notice. Notice of such hearing also shall be given by publication not less than fifteen days prior to such hearing in one or more newspapers of general circulation within the county, city, or town. Such notice by publication shall be deemed sufficient as to any owner or reputed owner or any unknown owner or owner who cannot be located. Such notice shall indicate a suitable location where plans for such proposal may be inspected. [2006 c 334 § 25; 1987 c 200 § 2; 1981 c 95 § 1; 1965 ex.s. c 75 § 2.]

Effective date—2006 c 334: See note following RCW 47.01.051.

47.52.134 When access reports and hearings not required. Access reports and hearings on the establishment of limited access facilities are not required if:

(1) The limited access facility would lie wholly within state or federal lands and the agency or agencies with jurisdiction of the land agree to the access plan; or

(2) The access rights to the affected section of roadway have previously been purchased or established by others; or

(3) The limited access facility would not significantly change local road use, and all affected local agencies and abutting property owners agree in writing to waive a formal hearing on the establishment of the facility after publication of a notice of opportunity for a limited access hearing. This notice of opportunity for a limited access hearing shall be given in the same manner as required for published notice of hearings under RCW 47.52.133. If the authority specified in the notice receives a request for a hearing from one or more abutting property owners or affected local agencies on or before the date stated in the notice, an access report shall be submitted as provided in RCW 47.52.131 and a hearing shall be held. Notice of the hearing shall be given by mail and publication as provided in RCW 47.52.133. [1987 c 200 § 3.]

47.52.135 Hearing procedure. At the hearing any representative of the county, city or town, or any other person may appear and be heard even though such official or person is not an abutting property owner. Such hearing may, at the option of the highway authority, be conducted in accordance with federal laws and regulations governing highway design public hearings. The members of such authority shall preside, or may designate some suitable person to preside as examiner. The authority shall introduce by competent evidence a summary of the proposal for the establishment of a limited access facility and any evidence that supports the adoption of the plan as being in the public interest. At the conclusion of such evidence, any person entitled to notice who has entered a written appearance shall be deemed a party to this hearing for purposes of this chapter and may thereafter introduce, either in person or by counsel, evidence and statements or counterproposals bearing upon the reasonableness of the proposal. Any such evidence and statements or counterproposals shall receive reasonable consideration by the authority before any proposal is adopted. Such evidence must be material to the issue before the authority and shall be presented in an orderly manner. [1982 c 189 § 5; 1981 c 67 § 29; 1977 c 77 § 2; 1965 ex.s. c 75 § 3.]

Additional notes found at www.leg.wa.gov

47.52.137 Adoption of plan—Service of findings and order—Publication of resume—Finality—Review. Following the conclusion of such hearing the authority shall adopt a plan with such modifications, if any, it deems proper and necessary. Its findings and order shall be in writing and copies thereof shall be served by United States mail upon all persons having entered a written appearance at such hearing, and in the case of a state limited access facility, the county commissioners of the county affected and the mayor of the city or town affected. The authority shall also cause a resume of such plan to be published once each week for two weeks in one or more newspapers of general circulation within such county, city or town beginning not less than ten days after the mailing of such findings and order. Such determination by the authority shall become final within thirty days after such mailing unless a review is taken as hereinafter provided. In

case of an appeal, the order shall be final as to all parties not appealing. [1965 ex.s. c 75 § 4.]

47.52.139 Local approval of plan—Disapproval, request for review. Upon receipt of the findings and order adopting a plan, the county, city, or town may notify the department of transportation of its approval of such plan in writing, in which event such plan shall be final.

In the event that a county, city, or town does not approve the plan, the county, city, or town shall file its disapproval in writing with the secretary of transportation within thirty days after the mailing thereof to such mayor or county commissioner. Along with the written disapproval shall be filed a written request for a hearing before a board of review, hereinafter referred to as the board. The request for hearing shall set forth the portions of the plan of the department to which the county, city, or town objects, and shall include every issue to be considered by the board. The hearing before a board of review shall be governed by RCW 47.52.150 through 47.52.190, as now or hereafter amended. [1977 ex.s. c 151 § 63; 1965 ex.s. c 75 § 5.]

47.52.145 Modification of adopted plan without further public hearings—Conditions. Whenever after the final adoption of a plan for a limited access highway by the department, an additional design public hearing with respect to the facility or any portion thereof is conducted pursuant to federal law resulting in a revision of the design of the limited access plan, the department may modify the previously adopted limited access plan to conform to the revised design without further public hearings providing the following conditions are met:

(1) As compared with the previously adopted limited access plan, the revised plan will not require additional or different right-of-way with respect to that section of highway for which the design has been revised, in excess of five percent by area; and

(2) If the previously adopted limited access plan was modified by a board of review convened at the request of a county, city, or town, the legislative authority of the county, city, or town shall approve any revisions of the plan which conflict with modifications ordered by the board of review. [2006 c 334 § 26; 1981 c 95 § 2; 1977 c 77 § 1.]

Effective date—2006 c 334: See note following RCW 47.01.051.

47.52.150 State facility through city or town—Board of review, composition and appointment. Upon request for a hearing before the board by any county, city, or town, a board consisting of five members shall be appointed as follows: The mayor or the county commissioners, as the case may be shall appoint two members of the board, of which one shall be a duly elected official of the city, county, or legislative district, except that of the legislative body of the county, city, or town requesting the hearing, subject to confirmation by the legislative body of the city or town; the secretary of transportation shall appoint two members of the board; and one member shall be selected by the four members thus appointed. Such fifth member shall be a licensed civil engineer or a recognized professional city or town planner, who shall be chair of the board. In the case both the county and an included city or town request a hearing, the board shall con-

sist of nine members appointed as follows: The mayor and the county commission shall each appoint two members from the elective officials of their respective jurisdictions, and of the four thus selected no more than two thereof may be members of a legislative body of the county, city, or town. The secretary of transportation shall appoint four members of the board. One member shall be selected by the members thus selected, and such ninth member shall be a licensed civil engineer or a recognized city or town planner, who shall be chair of the board. Such boards as are provided by this section shall be appointed within thirty days after the receipt of such a request by the secretary. In the event the secretary or a county, city, or town shall not appoint members of the board or members thus appointed fail to appoint a fifth or ninth member of the board, as the case may be, either the secretary or the county, city, or town may apply to the superior court of the county in which the county, city, or town is situated to appoint the member or members of the board in accordance with the provisions of this chapter. [2010 c 8 § 10018; 1977 ex.s. c 151 § 64; 1963 c 103 § 3; 1961 c 13 § 47.52.150. Prior: 1959 c 242 § 3; 1957 c 235 § 7.]

47.52.160 State facility through city or town—Hearing—Notice—Evidence—Determination of issues. The board shall fix a reasonable time not more than thirty days after the date of its appointment and shall indicate the time and place for the hearing, and shall give notice to the county, city, or town and to the department. At the time and place fixed for the hearing, the state and the county, city, or town shall present all of their evidence with respect to the objections set forth in the request for the hearing before the board, and if either the state, the county, or the city or town fails to do so, the board may determine the issues upon such evidence as may be presented to it at the hearing. [1984 c 7 § 244; 1963 c 103 § 4; 1961 c 13 § 47.52.160. Prior: 1957 c 235 § 8.]

47.52.170 State facility through city or town—Hearing—Procedure. No witness's testimony shall be received unless he or she shall have been duly sworn, and the board may cause all oral testimony to be stenographically reported. Members of the board, its duly authorized representatives, and all persons duly commissioned by it for the purpose of taking depositions, shall have power to administer oaths; to preserve and enforce order during such hearings; to issue subpoenas for, and to compel the attendance and testimony of witnesses, or the production of books, papers, documents and other evidence, or the taking of depositions before any designated individual competent to administer oaths, and it shall be their duty so to do; to examine witnesses; and to do all things conformable to law which may be necessary to enable them, or any of them, effectively to discharge the duties of their office. [2010 c 8 § 10019; 1961 c 13 § 47.52.170. Prior: 1957 c 235 § 9.]

47.52.180 State facility through city or town—Hearing—Findings of board—Modification of proposed plan by stipulation. At the conclusion of such hearing, the board shall consider the evidence taken and shall make specific findings with respect to the objections and issues within

thirty days after the hearing, which findings shall approve, disapprove, or modify the proposed plan of the department of transportation. Such findings shall be final and binding upon both parties. Any modification of the proposed plan of the department of transportation made by the board of review may thereafter be modified by stipulation of the parties. [1977 ex.s. c 151 § 65; 1977 c 77 § 3; 1961 c 13 § 47.52.180. Prior: 1957 c 235 § 10.]

47.52.190 State facility through city or town—Hearing—Assistants—Costs—Reporter. The board shall employ such assistance and clerical help as is necessary to perform its duties. The costs thereby incurred and incident to the conduct of the hearing, necessary expenses, and fees, if any, of members of the board shall be borne equally by the county, city, or town requesting the hearing and the department. When oral testimony is stenographically reported, the department shall provide a reporter at its expense. [1984 c 7 § 245; 1963 c 103 § 5; 1961 c 13 § 47.52.190. Prior: 1957 c 235 § 11.]

47.52.195 Review and appeal on petition of abutter. An abutting property owner may petition for review in the superior court of the state of Washington in the county where the limited access facility is to be located. Such review and any appeal therefrom shall be considered and determined by said court upon the record of the authority in the manner, under the conditions and subject to the limitations and with the effect specified in the Administrative Procedure Act, chapter 34.05 RCW, as amended. [1965 ex.s. c 75 § 6.]

47.52.200 Law enforcement jurisdiction within city or town. Whenever any limited access highway facility passes within or through any incorporated city or town the municipal police officers of such city or town, the sheriff of the county wherein such city or town is situated and officers of the Washington state patrol shall have independent and concurrent jurisdiction to enforce any violation of the laws of this state occurring thereon: PROVIDED, The Washington state patrol shall bear primary responsibility for the enforcement of laws of this state relating to motor vehicles within such limited access highway facilities. [1961 c 122 § 1.]

47.52.210 Property title designation upon construction of limited access highways. (1) Whenever the department adopts a plan for a limited access highway to be constructed within the corporate limits of a city or town which incorporates existing city or town streets, title to such streets shall remain in the city or town, and the provisions of RCW 47.24.020 as now or hereafter amended shall continue to apply to such streets until such time that the highway is operated as either a partially or fully controlled access highway. Title to and full control over that portion of the city or town street incorporated into the limited access highway shall be vested in the state upon a declaration by the secretary of transportation that such highway is operational as a limited access facility, but in no event prior to the acquisition of right-of-way for such highway including access rights, and not later than the final completion of construction of such highway.

(2012 Ed.)

(2) Upon the completion of construction of a state limited access highway within a city or town, the department of transportation may relinquish to the city or town streets constructed or improved as a functional part of the limited access highway, slope easements, landscaping areas, and other related improvements to be maintained and operated by the city or town in accordance with the limited access plan. Title to such property relinquished to a city or town shall be conveyed by a deed executed by the secretary of transportation and duly acknowledged. Relinquishment of such property to the city or town may be expressly conditioned upon the maintenance of access control acquired by the state and the continued operation of such property as a functional part of the limited access highway. [2006 c 334 § 27; 1981 c 95 § 3; 1977 ex.s. c 78 § 3.]

Effective date—2006 c 334: See note following RCW 47.01.051.

47.52.220 Personal wireless service facilities—Approach permit—Report. (1) The department shall authorize an off and on approach to partially controlled limited access highways for the placement and service of facilities providing personal wireless services.

(a) The approach shall be in a legal manner not to exceed thirty feet in width.

(b) The approach may be specified at a point satisfactory to the department at or between designated highway stations.

(c) The permit holder may use the approach for ingress and egress from the highway for construction or maintenance of the personal wireless service facility during nonpeak traffic hours so long as public safety is not adversely affected. The permit holder may use the approach for ingress and egress at any time for the construction of the facility if public safety is not adversely affected and if construction will not substantially interfere with traffic flow during peak traffic periods.

(2) The department shall authorize the approach by an annual permit, which may only be canceled upon one hundred eighty days' written notice to the permit holder.

(a) The department shall set the yearly cost of a permit in rule.

(b) The permit shall be assignable to the contractors and subcontractors of the permit holder. The permit shall also be transferable to a new owner following the sale or merger of the permit holder.

(3) For the purposes of this section:

(a) "Personal wireless services" means any federally licensed personal wireless service.

(b) "Facilities" means unstaffed facilities that are used for the transmission or reception, or both, of wireless communication services including, but not necessarily limited to, antenna arrays, transmission cables, equipment shelters, and support structures.

(4) The department shall present a report to the house of representatives technology, telecommunications, and energy committee and the senate technology and communications committee on the implementation of the permit process and the cost of permits by January 15, 2004, and by the first day of the legislative session following adoption of any rule increasing the cost of permits. GENERAL PROVISIONS

47.56.010 Definitions. As used in this chapter:

(1) "1950 Tacoma Narrows bridge" means the bridge crossing the Tacoma Narrows that was opened to vehicle travel in 1950.

(2) "Electronic toll collection system" means a system that collects tolls by crediting or debiting funds from a customer's unique prepaid tolling account.

(3) "Photo toll" means a toll charge associated with a particular vehicle that is identified by its license plate. A photo toll may be paid through one of the following methods:

(a) A customer-initiated account that is prepaid or post-paid.

(b) In response to a toll bill that is sent to the registered owner of the vehicle incurring the photo toll charge. The toll bill may designate a toll payment due date for the photo toll assessed.

(4) "Photo toll system" means a camera-based imaging system that uses digital video or still image formats to record license plate images of vehicles using toll lanes for the purpose of collecting a photo toll.

(5) "Toll bridge" means a bridge constructed or acquired under this chapter, upon which tolls are charged, together with all appurtenances, additions, alterations, improvements, and replacements thereof, and the approaches thereto, and all lands and interests used therefor, and buildings and improvements thereon.

(6) "Toll payment due date" means the date when a toll must be paid to avoid a toll violation civil penalty. The toll payment due date is eighty days from the date the vehicle uses the toll facility and incurs the toll charge.

(7) "Toll road" means any express highway, superhighway, or motorway at such locations and between such termini as may be established by law, and constructed or to be constructed as a limited access highway under the provisions of this chapter by the department, and shall include, but not be limited to, all bridges, tunnels, overpasses, underpasses, interchanges, entrance plazas, approaches, toll houses, service areas, service facilities, communications facilities, and administration, storage, and other buildings that the department may deem necessary for the operation of the project, together with all property, rights, easements, and interests that may be acquired by the department for the construction or the operation of the project, all of which shall be conducted in the same manner and under the same procedure as provided for the establishing, constructing, operating, and maintaining of toll bridges by the department, insofar as those procedures are reasonably consistent and applicable. 47.56.030 Powers and duties regarding toll facilities—Purchasing. (1) Except as permitted under chapter 47.29 or 47.46 RCW:

(a) Unless otherwise delegated, and subject to RCW 47.56.820, the department of transportation shall have full charge of the planning, analysis, and construction of all toll bridges and other toll facilities including the Washington state ferries, and the operation and maintenance thereof.

(b) The transportation commission shall determine and establish the tolls and charges thereon.

(c) Unless otherwise delegated, and subject to RCW 47.56.820, the department shall have full charge of planning, analysis, and design of all toll facilities. The department may conduct the planning, analysis, and design of toll facilities as necessary to support the legislature's consideration of toll authorization.

(d) The department shall utilize and administer toll collection systems that are simple, unified, and interoperable. To the extent practicable, the department shall avoid the use of toll booths. The department shall set the statewide standards and protocols for all toll facilities within the state, including those authorized by local authorities.

(e) Except as provided in this section, the department shall proceed with the construction of such toll bridges and other facilities and the approaches thereto by contract in the manner of state highway construction immediately upon there being made available funds for such work and shall prosecute such work to completion as rapidly as practicable. The department is authorized to negotiate contracts for any amount without bid under (e)(i) and (ii) of this subsection:

(i) Emergency contracts, in order to make repairs to ferries or ferry terminal facilities or removal of such facilities whenever continued use of ferries or ferry terminal facilities constitutes a real or immediate danger to the traveling public or precludes prudent use of such ferries or facilities; and

(ii) Single source contracts for vessel dry dockings, when there is clearly and legitimately only one available bidder to conduct dry dock-related work for a specific class or classes of vessels. The contracts may be entered into for a single vessel dry docking or for multiple vessel dry dockings for a period not to exceed two years.

(2) The department shall proceed with the procurement of materials, supplies, services, and equipment needed for the support, maintenance, and use of a ferry, ferry terminal, or other facility operated by Washington state ferries, in accordance with chapter 43.19 RCW except as follows:

(a) When the secretary of the department of transportation determines in writing that the use of invitation for bid is either not practicable or not advantageous to the state and it may be necessary to make competitive evaluations, including technical or performance evaluations among acceptable proposals to complete the contract award, a contract may be entered into by use of a competitive sealed proposals method, and a formal request for proposals solicitation. Such formal request for proposals solicitation shall include a functional description of the needs and requirements of the state and the significant factors.

(b) When purchases are made through a formal request for proposals solicitation the contract shall be awarded to the responsible proposer whose competitive sealed proposal is determined in writing to be the most advantageous to the state taking into consideration price and other evaluation factors set forth in the request for proposals. No significant factors may be used in evaluating a proposal that are not specified in the request for proposals. Factors that may be considered in evaluating proposals include but are not limited to: Price; maintainability; reliability; commonality; performance levels; life cycle cost if applicable under this section; cost of transportation or delivery; delivery schedule offered; installation cost; cost of spare parts; availability of parts and service offered; and the following:

(i) The ability, capacity, and skill of the proposer to perform the contract or provide the service required;

(ii) The character, integrity, reputation, judgment, experience, and efficiency of the proposer;

(iii) Whether the proposer can perform the contract within the time specified;

(iv) The quality of performance of previous contracts or services;

(v) The previous and existing compliance by the proposer with laws relating to the contract or services;

(vi) Objective, measurable criteria defined in the request for proposal. These criteria may include but are not limited to items such as discounts, delivery costs, maintenance services costs, installation costs, and transportation costs; and

(vii) Such other information as may be secured having a bearing on the decision to award the contract.

(c) When purchases are made through a request for proposal process, proposals received shall be evaluated based on the evaluation factors set forth in the request for proposal. When issuing a request for proposal for the procurement of propulsion equipment or systems that include an engine, the request for proposal must specify the use of a life cycle cost analysis that includes an evaluation of fuel efficiency. When a life cycle cost analysis is used, the life cycle cost of a proposal shall be given at least the same relative importance as the initial price element specified in the request of proposal documents. The department may reject any and all proposals received. If the proposals are not rejected, the award shall be made to the proposer whose proposal is most advantageous to the department, considering price and the other evaluation factors set forth in the request for proposal. 47.56.031 Approval of tolls. No tolls may be imposed on new or existing highways or bridges without specific legislative authorization, or upon a majority vote of the people within the boundaries of the unit of government empowered to impose tolls. This section applies to chapter 47.56 RCW and to any tolls authorized under chapter 47.29 RCW, the transportation innovative partnership act of 2005. [2005 c 335 § 2.]

47.56.032 Authority of department and commission relating to state ferries. All powers vested in the toll bridge authority as of September 21, 1977, relating to the acquiring, operating, extending, designing, constructing, repairing, and maintenance of the Washington state ferries or any part thereof and the collecting of tolls and charges for use of its facilities, shall be performed by the department. The commission shall determine all fares, tolls, and other charges for its facilities and shall directly perform all duties and exercise all powers relating to financing, refinancing, and fiscal management of the system's bonded indebtedness in the manner provided by law. [1984 c 7 § 247; 1961 c 278 § 9.]

Additional notes found at www.leg.wa.gov

47.56.040 Toll bridges authorized—Investigations.

The department is empowered, in accordance with the provisions of this chapter, to provide for the establishment and construction of toll bridges upon any public highways of this state together with approaches thereto wherever it is considered necessary or advantageous and practicable for crossing any stream, body of water, gulch, navigable water, swamp, or other topographical formation whether that formation is within this state or constitutes a boundary between this state and an adjoining state or country. For the purpose of obtaining information for the consideration of the department upon the construction of any toll bridge or any other matters pertaining thereto, any cognizant officer or employee of the state shall, upon the request of the department, make reasonable examination, investigation, survey, or reconnaissance for the determination of material facts pertaining thereto and report this to the department. The cost of any such examination, investigation, survey, or reconnaissance shall be borne by the department or office conducting these activities from the funds provided for that department or office for its usual functions. [2008 c 122 § 9; 1984 c 7 § 248; 1961 c 13 § 47.56.040. Prior: 1937 c 173 § 3; RRS § 6524-3; prior: 1913 c 56 § 2; RRS § 6525.]

47.56.042 State boundary bridges—Investigations—Agreements with counties or states.

The department is authorized to enter into agreements with any county of this state and/or with an adjoining state or county thereof for the purpose of implementing an investigation of the feasibility of any toll bridge project for the bridging of a river forming a portion of the boundary of this state, and the adjoining state. The department may use funds available to it to carry out the purposes of this section. These agreements may provide that if any such project is determined to be feasible and is adopted, any advancement of funds by any state or county may be reimbursed out of any proceeds derived from the sale of bonds or out of tolls and revenues to be derived from the project. [1984 c 7 § 249; 1961 c 13 § 47.56.042. Prior: 1955 c 203 § 1.]

47.56.050 Purchase of bridges and ferries authorized—Provisions applicable.

(1) The department, whenever it is considered necessary or advantageous and practicable, is empowered to provide for the acquisition by purchase of, and to acquire by purchase (a) any bridge or bridges or ferries which connect with or may be connected with the public highways of this state (b) together with approaches thereto.

(2) In connection with the acquisition by purchase of any bridge or bridges or ferries under subsection (1) of this section, the department, the state treasurer, any city, county, or other political subdivision of this state, and all of their officers:

(a) Are empowered and required to do all acts and things provided for in this chapter to establish and construct toll bridges and operate, finance, and maintain such bridges insofar as the powers and requirements are applicable to the purchase of any bridge or bridges or ferries and their operation, financing, and maintenance; and

(b) In purchasing, operating, financing, and maintaining any bridge or bridges or ferries acquired or to be acquired by purchase under this section, shall act in the same manner and under the same procedures as are provided in this chapter to establish, construct, operate, finance, and maintain toll bridges insofar as such manner and procedure are applicable to the purchase of any bridge or bridges or ferries and their operation, financing, and maintenance.

(3) Without limiting the generality of the provisions contained in subsections (1) and (2) of this section, the department is empowered: (a) To cause surveys to be made for the purpose of investigating the propriety of acquiring by purchase any such bridge or bridges or ferries and the right-of-way necessary or proper for that bridge or bridges or ferries, and other facilities necessary to carry out the provisions of this chapter; (b) to issue, sell, and redeem bonds, and to deposit and pay out the proceeds of the bonds for the financing thereof; (c) to collect, deposit, and expend tolls therefrom; (d) to secure and remit financial and other assistance in the purchase thereof; and (e) to carry insurance thereon.

(4) The provisions of RCW 47.56.220 apply when any bridge or bridges or ferries are acquired by purchase pursuant to this section. [1984 c 7 § 250; 1973 c 106 § 25; 1961 c 13 § 47.56.050. Prior: 1945 c 266 § 1; Rem. Supp. 1945 § 6524-3a.]

47.56.060 Toll bridges—General powers of department and officials—Financial statements. The department, the officials thereof, and all other state officials are empowered to act and make agreements consistent with law as may be necessary or desirable in connection with the duties and powers conferred upon them respectively by law regarding the construction, maintenance, operation, and insurance of toll bridges or the safeguarding of the funds and revenues required for such construction and the payment of the indebtedness incurred therefor. The department shall keep full, complete, and separate accounts of each toll bridge, and annually shall prepare balance sheet and income and profit and loss statements showing the financial condition of each such toll bridge, which statement shall be open at all reasonable times to the inspection of holders of bonds issued by the department. [1984 c 7 § 251; 1961 c 13 § 47.56.060. Prior: 1937 c 173 § 17; RRS § 6524-17.]

47.56.070 Toll facilities authorized—Provisions applicable. The department of transportation may, in accordance with this chapter, provide for the construction and operation of toll tunnels, toll roads, and other facilities necessary for their construction and connection with public highways of the state. It may cause surveys to be made to determine the propriety of their construction and operation, and may acquire rights-of-way and other facilities necessary to carry out the provisions hereof; and may issue, sell, and redeem bonds, and deposit and expend them; secure and remit financial and other assistance in the construction thereof; carry insurance thereon; and handle any other matters pertaining thereto, all of which shall be conducted in the same manner and under the same procedure as provided for the constructing, operating, and maintaining of toll bridges

47.56.076 Regional transportation investment district—Vehicle tolls authorized. (1) Upon approval of a majority of the voters within its boundaries voting on the ballot proposition, a regional transportation investment district may authorize vehicle tolls on a local or regional arterial or a state or federal highway within the boundaries of the district. The department shall administer the collection of vehicle tolls authorized on designated facilities unless otherwise specified in law or by contract, and the commission or its successor statewide tolling authority shall set and impose the tolls in amounts sufficient to implement the regional transportation investment plan under RCW 36.120.020.

(2) Consistent with RCW 47.56.820, vehicle tolls must first be authorized by the legislature if the tolls are imposed on a state route.

(3) Consistent with RCW 47.56.850, vehicle tolls, including any change in an existing toll rate, must first be reviewed and approved by the tolling authority designated in RCW 47.56.850 if the tolls, or change in toll rate, would have a significant impact, as determined by the tolling authority, on the operation of any state facility. 47.56.078 Transportation benefit district—Vehicle tolls authorized. (1) Subject to the provisions under chapter 36.73 RCW, a transportation benefit district may authorize vehicle tolls on state routes or federal highways, city streets, or county roads, within the boundaries of the district, unless otherwise prohibited by law. The department of transportation shall administer the collection of vehicle tolls authorized on state routes or federal highways, unless otherwise specified in law or by contract, and the state transportation commission, or its successor, may approve, set, and impose the tolls in amounts sufficient to implement the district's trans-

portation improvement finance plan. The district shall administer the collection of vehicle tolls authorized on city streets or county roads, and shall set and impose the tolls, only with approval of the transportation commission, in amounts sufficient to implement the district's transportation improvement plan. Toll rates may vary for type of vehicle, for time of day, for traffic conditions, and/or other factors designed to improve performance of the facility or the transportation network.

(2) Consistent with RCW 47.56.820, vehicle tolls must first be authorized by the legislature if the tolls are imposed on a state route.

(3) Consistent with RCW 47.56.850, vehicle tolls, including any change in an existing toll rate, must first be reviewed and approved by the tolling authority designated in RCW 47.56.850 if the tolls, or change in toll rate, would have a significant impact, as determined by the tolling authority, on the operation of any state facility. 47.56.090 Authority to acquire right-of-way in constructing a toll bridge. The department of transportation is empowered to secure right-of-way for toll bridges and for approaches thereto by gift or purchase, or by condemnation in the manner provided by law for the taking of private property for public highway purposes. [1977 ex.s. c 151 § 69; 1961 c 13 § 47.56.090. Prior: 1937 c 173 § 5; RRS § 6524-5.]

47.56.100 Toll bridges—Right-of-way across state highways and political subdivisions—Compensation. The right-of-way is hereby given, dedicated, and set apart upon which to locate, construct, and maintain bridges or approaches thereto or other highway crossings, and transportation facilities thereof or thereto, through, over, or across any state highways, and through, over, or across the streets, alleys, lanes, and roads within any city, county, or other political subdivision of the state. If any property belonging to any city, county, or other political subdivision of the state is required to be taken for the construction of any bridge or approach thereto, or if any such property is injured or damaged by such construction, compensation therefor as may be proper or necessary and as agreed upon may be paid by the department to the particular county, city, or other political subdivision of the state owning the property, or condemnation proceedings may be brought for the determination of the compensation. [1984 c 7 § 254; 1977 ex.s. c 103 § 4; 1961 c 13 § 47.56.100. Prior: 1937 c 173 § 16; RRS § 6524-16.]

47.56.110 Toll bridges—Resolution of necessity in acquiring right-of-way—Effect of. Before the department proceeds with any action to secure a right-of-way or with construction of any toll bridge under the provisions of this chapter, the commission shall first pass a resolution that public interest and necessity require the acquisition of right-of-way for and the construction of the toll bridge. The resolution is conclusive evidence (1) of the public necessity of such construction; (2) that the property is necessary therefor; and (3) that the proposed construction is planned or located in a manner which will be most compatible with the greatest public

good and the least private injury. When it becomes necessary for the department to condemn any real estate to be used in connection with any such bridge, the attorney general of the state shall represent the department. In eminent domain proceedings to acquire property for any of the purposes of this chapter, any toll bridge, real property, personal property, franchises, rights, easements, or other property or privileges appurtenant thereto appropriated or dedicated to a public use or purpose by any person, firm, private, public, or municipal corporation, county, city, town, district, or any political subdivision of the state, may be condemned and taken, and the acquisition and use as provided in this chapter for the same public use or purpose to which the property has been so appropriated or dedicated, or for any other public use or purpose, is a superior and permanent right and necessity, and a more necessary use and purpose than the public use or purpose to which the property has already been appropriated or dedicated. It is not necessary in any eminent domain proceedings under this chapter to plead or prove any acts or proceedings preliminary or prior to the adoption of the resolution hereinbefore referred to describing the property sought to be taken and directing such proceedings. [1984 c 7 § 255; 1961 c 13 § 47.56.110. Prior: 1937 c 173 § 11; RRS § 6524-11.]

47.56.120 Toll bridges—Construction directed—Costs. In the event that any toll bridge should be constructed, all cost thereof including right-of-way, survey, and engineering shall be paid out of any funds available for payment of the cost of such toll bridge under this chapter. [2008 c 122 § 13; 1977 ex.s. c 151 § 70; 1961 c 13 § 47.56.120. Prior: 1937 c 173 § 4; RRS § 6524-4.]

47.56.130 Toll bridges—Bonds—Cooperative funds from state and federal government. The department is hereby empowered to issue bonds for the construction of any toll bridge or toll bridges authorized under the provisions of this chapter. Any and all bonds issued for the construction of any toll bridge or toll bridges under the authority of the department shall be issued in the name of the department, shall constitute obligations only of the department, shall be identified as toll bridge bonds, and shall contain a recital on the face thereof that the payment or redemption of the bonds and the payment of the interest thereon is secured by a direct and exclusive charge and lien upon the tolls and other revenues of any nature whatever received from the operation of the particular toll bridge or bridges for the construction of which the bonds are issued and that neither the payment of the principal or any part thereof nor of the interest thereon or any part thereof constitutes a debt, liability, or obligation of the state of Washington. The department is empowered to receive and accept funds from the state of Washington or the federal government upon a cooperative or other basis for the construction of any toll bridge authorized under this chapter and is empowered to enter into such agreements with the state of Washington or the federal government as may be required for the securing of such funds. [1984 c 7 § 256; 1961 c 13 § 47.56.130. Prior: 1937 c 173 § 7; RRS § 6524-7.]

47.56.140 Toll bridges, bonds—Form, contents, manner of sale—Interim bonds. The revenue bonds may be issued and sold by the department of transportation from time to time and in such amounts as it deems necessary to provide sufficient funds for the construction of the bridge, and to pay interest on outstanding bonds issued for its construction during the period of actual construction and for six months after completion thereof.

The department of transportation shall determine the form, conditions, and denominations of the bonds, and the maturity dates which the bonds to be sold shall bear and the interest rate thereon. All bonds of the same issue need not bear the same interest rate. Principal and interest of the bonds may be payable at such place as determined by the department. They may be in any form including bearer bonds or registered bonds as provided in RCW 39.46.030, with interest payable at such times as determined by the department, and shall mature at such times and in such amounts as the department prescribes. The department may provide for the retirement of the bonds at any time prior to maturity, and in such manner and upon payment of such premiums as it may determine in the resolution providing for the issuance of the bonds. All such bonds shall be signed by the state auditor and countersigned by the governor and any interest coupons appertaining thereto shall bear the signature of the state auditor. The countersignature of the governor on such bonds and the signature of the state auditor on any coupons may be their printed or lithographed facsimile signatures. Successive issues of such bonds within the limits of the original authorization shall have equal preference with respect to the redemption thereof and the payment of interest thereon. The department may fix different maturity dates, serially or otherwise, for successive issues under any one original authorization. The bonds shall be negotiable instruments under the law merchant. All bonds issued and sold hereunder shall be sold on sealed bids to the highest and best bidder after such advertising for bids as the department deems proper. The department may reject any and all bids and may thereafter sell the bonds at private sale under such terms and conditions as it deems most advantageous to its own interests; but not at a price below that of the best bid which was rejected. The department may contract loans and borrow money through the sale of bonds of the same character as those herein authorized, from the United States or any agency thereof, upon such conditions and terms as may be agreed to and the bonds shall be subject to all the provisions of this chapter, except the requirement that they be first offered at public sale.

Temporary or interim bonds, certificates, or receipts, of any denomination, and with or without coupons attached, signed by the state auditor, may be issued and delivered until bonds are executed and available for delivery. [1983 c 167 § 118; 1970 ex.s. c 56 § 62; 1969 ex.s. c 232 § 33; 1963 ex.s. c 3 § 45; 1961 c 13 § 47.56.140. Prior: 1953 c 79 § 1; 1937 c 173 § 8; RRS § 6524-8.]

47.56.150 Toll bridges—Bond proceeds and toll revenues, disposition of—Construction fund—Disbursement—Investment. The proceeds from the sale of all bonds authorized under the provisions of this chapter shall be paid

to the state treasurer for the credit of the department and be deposited as demand deposits forthwith in such depository or depositories as may be authorized by law to receive deposits of state funds to the credit of a fund to be designated as the construction fund of the particular toll bridge or toll bridges for which such bonds were issued and sold, which fund shall not be a state fund and shall at all times be kept segregated and set apart from all other funds and in trust for the purposes herein set out. Such proceeds shall be paid out or disbursed solely for the construction of such toll bridge or toll bridges, the acquisition of the necessary lands and easements therefor and the payment of interest on such bonds during the period of actual construction and for a period of six months thereafter, only as the need therefor shall arise. The department may agree with the purchaser of the bonds upon any conditions or limitations restricting the disbursement of such funds that may be deemed advisable, for the purpose of assuring the proper application of such funds. All moneys in such fund and not required to meet current construction costs of the toll bridge or toll bridges for which such bonds were issued and sold, and all funds constituting surplus revenues that are not immediately needed for the particular object or purpose to which they must be applied or are pledged shall be invested in bonds and obligations of the nature eligible for investment of surplus state moneys: PROVIDED, That the department may provide in the proceedings authorizing the issuance of these bonds that the investment of such moneys shall be made only in particular bonds and obligations within the classifications eligible for such investment, and such provisions shall thereupon be binding upon the department and all officials having anything to do with the investment. Any surplus which may exist in the construction fund shall be applied to the retirement of bonds issued for the construction of such toll bridge or toll bridges by purchase or call. If these bonds cannot be purchased at a price satisfactory to the department and are not by their terms callable prior to maturity, the surplus shall be paid into the fund applicable to the payment of principal and interest of the bonds and shall be used for that purpose. The proceedings authorizing the issuance of bonds may provide limitations and conditions upon the time and manner of applying the surplus to the purchase and call of outstanding bonds and the terms upon which they shall be purchased or called. Such limitations and conditions shall be followed and observed in the application and use of the surplus. All bonds so retired by purchase or call shall be immediately canceled. 47.56.160 Toll bridges—Toll revenue fund. All tolls or other revenues received from the operation of any toll bridge or toll bridges constructed with the proceeds of bonds issued and sold hereunder shall be paid over by the department to the state treasurer. The treasurer shall deposit them forthwith as demand deposits in a depository or depositories authorized by law to receive deposits of state funds. The deposit shall be made to the credit of a special trust fund designated as the toll revenue fund of the particular toll bridge or toll bridges producing the tolls or revenue, which fund shall be a trust fund and shall at all times be kept segregated and set apart from all other funds. 47.56.165 Tacoma Narrows toll bridge account. A special account to be known as the Tacoma Narrows toll bridge account is created in the motor vehicle fund in the state treasury.

(1) Deposits to the account must include:

(a) All proceeds of bonds issued for construction of the Tacoma Narrows public-private initiative project, including any capitalized interest;

(b) All of the toll charges and other revenues received from the operation of the Tacoma Narrows bridge as a toll facility, to be deposited at least monthly;

(c) Any interest that may be earned from the deposit or investment of those revenues;

(d) Notwithstanding RCW 47.12.063, proceeds from the sale of any surplus real property acquired for the purpose of building the second Tacoma Narrows bridge; and

(e) All liquidated damages collected under any contract involving the construction of the second Tacoma Narrows bridge.

(2) Proceeds of bonds shall be used consistent with RCW 47.46.130, including the reimbursement of expenses and fees incurred under agreements entered into under RCW 47.46.040 as required by those agreements.

(3) Toll charges, other revenues, and interest may only be used to:

(a) Pay required costs that contribute directly to the financing, operation, maintenance, management, and necessary repairs of the tolled facility, as determined by rule by the transportation commission; and

(b) Repay amounts to the motor vehicle fund as required under RCW 47.46.140.

(4) Toll charges, other revenues, and interest may not be used to pay for costs that do not contribute directly to the financing, operation, maintenance, management, and necessary repairs of the tolled facility, as determined by rule by the transportation commission.

(5) The department shall make detailed quarterly expenditure reports available to the transportation commission and to the public on the department's web site using current department resources.

(6) When repaying the motor vehicle fund under RCW 47.46.140, the state treasurer shall transfer funds from the Tacoma Narrows toll bridge account to the motor vehicle fund on or before each debt service date for bonds issued for the Tacoma Narrows public-private initiative project in an amount sufficient to repay the motor vehicle fund for amounts transferred from that fund to the highway bond retirement fund to provide for any bond principal and interest due on that date. The state treasurer may establish subaccounts for the purpose of segregating toll charges, bond sale proceeds, and other revenues. [2009 c 567 § 1; 2006 c 17 § 1; 2002 c 114 § 11.]

47.56.167 Toll collection account. (1) The toll collection account is created in the custody of the state treasurer for

the deposit of prepaid customer tolls and clearing activities benefiting multiple toll facilities.

(2) All receipts from prepaid customer tolls must be deposited into the account. Prepaid customer tolls may be used only to refund customer prepaid tolls or for distributions to the appropriate toll facility account based on an equitable methodology to be determined by the department in consultation with the office of financial management. For purposes of accounting, distributions from the account constitute earned toll revenues in the receiving toll facility account at the time of distribution.

(3) Operations that benefit multiple toll facilities may be recorded in the account. At least monthly, operating activities must be distributed to the benefiting toll facility accounts.

(4) On a monthly basis, interest earnings on deposits in the account must be distributed to the toll facility accounts based on an equitable methodology to be determined by the department in consultation with the office of financial management.

(5) Only the secretary of transportation or the secretary's designee may authorize distributions from the account. Distributions of revenue and refunds from this account are not subject to the allotment procedures under chapter 43.88 RCW and an appropriation is not required. [2010 c 249 § 8; 2008 c 122 § 23.]

Contingent effective date—2010 c 249: See note following RCW 47.56.795.

Effective date—2008 c 122 §§ 23 and 24: "Sections 23 and 24 of this act are necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and take effect immediately [March 25, 2008]." [2008 c 122 § 26.]

47.56.170 Toll bridges—Transfer of funds for bond payments—Surplus funds. From the money deposited in each separate construction fund under RCW 47.56.160, the state treasurer shall transfer to the place or places of payment named in the bonds such sums as may be required to pay the interest as it becomes due on all bonds sold and outstanding for the construction of a particular toll bridge or toll bridges during the period of actual construction and during the period of six months immediately thereafter. The state treasurer shall thereafter transfer from each separate toll revenue fund to the place or places of payment named in the bonds such sums as may be required to pay the interest on the bonds and redeem the principal thereof as the interest payments and bond redemption become due for all bonds issued and sold for the construction of the particular toll bridge or toll bridges producing the tolls or revenues so deposited in the toll revenue fund. All funds so transferred for the payment of principal or interest on bonds issued for any particular toll bridge shall be segregated and applied solely for the payment of that principal or interest. The proceedings authorizing the issuance of bonds may provide for setting up a reserve fund or funds out of the tolls and other revenues not needed for the payment of principal and interest, as the same currently matures and for the preservation and continuance of the fund in a manner to be provided therein. The proceedings may also require the immediate application of all surplus moneys in the toll revenue fund to the retirement of the bonds prior to maturity, by call or purchase, in such manner and upon such

terms and the payment of such premiums as may be deemed advisable in the judgment of the department.

The moneys remaining in each separate toll revenue fund after providing the amount required for interest and redemption of bonds as provided in this section shall be held and applied as provided in the proceedings authorizing the issuance of the bonds. If the proceedings authorizing the issuance of the bonds do not require surplus revenues to be held or applied in any particular manner, they shall be allocated and used for such other purposes incidental to the construction, operation, and maintenance of the toll bridge or bridges as the department may determine. [1984 c 7 § 259; 1961 c 13 § 47.56.170. Prior: 1937 c 173 § 14, part; RRS § 6524-14, part.]

47.56.180 Toll bridges—Payments made by warrants on vouchers—Interest on deposits. Warrants for payments to be made on account of the bonds shall be duly drawn by the state treasurer on vouchers approved by the department.

Moneys required to meet the costs of construction and all expenses and costs incidental to the construction of any particular toll bridge or toll bridges or to meet the costs of operating, maintaining, and repairing the bridge or bridges shall be paid from the proper fund therefor by the state treasurer upon vouchers approved by the department.

All interest received or earned on money deposited in each and every fund provided for in this chapter shall be credited to and become a part of the particular fund upon which the interest accrues. [1984 c 7 § 260; 1973 c 106 § 26; 1961 c 13 § 47.56.180. Prior: 1937 c 173 § 14, part; RRS § 6524-14, part.]

47.56.200 Toll bridges—Use of bond proceeds and revenue for expenses. Notwithstanding anything contained in this chapter, the proceeds received from the sale of bonds and the tolls or other revenues received from the operation of any toll bridge or toll bridges may be used to defray any expenses incurred by the department in connection with and incidental to the issuance and sale of bonds for the construction of the toll bridge or toll bridges including expenses for the preparation of surveys and estimates and making inspections and examinations required by the purchasers of the bonds. In addition, the proceedings authorizing the issuance of the bonds may contain appropriate provisions governing

the use and application of the bond proceeds and toll or other revenues for the purposes herein specified. [1984 c 7 § 262; 1961 c 13 § 47.56.200. Prior: 1937 c 173 § 14, part; RRS § 6524-14, part.]

47.56.210 Toll bridges—Remedies of bond holders. While any bonds issued by the department under this chapter remain outstanding, the powers, duties, or existence of the department or of any other official or agency of the state shall not be diminished or impaired in any manner that will affect adversely the interests and rights of the holders of such bonds. The holder of any bond may by mandamus or other appropriate proceeding require and compel the performance of any of the duties imposed upon any state department, official, or employee, or imposed upon the department or its officers, agents, and employees in connection with the construction, maintenance, operation, and insurance of any bridge, and in connection with the collection, deposit, investment, application, and disbursement of all tolls and other revenues derived from the operation and use of any bridge and in connection with the deposit, investment, and disbursement of the proceeds received from the sale of bonds. The enumeration of rights and remedies in this section shall not be deemed to exclude the exercise or prosecution of any other rights or remedies by the holders of the bonds. 47.56.220 Toll bridges—Limitations on other service—Protection of outstanding bonds. Except as otherwise provided in RCW *47.56.291, **47.56.714, and *47.56.756, as long as any of the bonds issued hereunder for the construction of any toll bridge are outstanding and unpaid, there shall not be erected, constructed, or maintained any other bridge or other crossing over, under, through, or across the waters over which such toll bridge is located or constructed, connecting or joining directly or indirectly the lands or extensions thereof or abutments thereon on both sides of the waters spanned or crossed by such toll bridge within a distance of ten miles from either side of such toll bridge excepting bridges or other highway crossings actually in existence and being maintained, or for which there was outstanding an existing and lawfully issued franchise, at the time of the location of such toll bridge and prior to the time of the authorization of such bonds, and no ferry or other similar means of crossing the said waters within the said distance and connecting or plying directly or indirectly between the lands or extensions thereof or abutments thereon on both sides of the waters spanned or crossed by such bridge shall be maintained or operated or permitted or allowed: PROVIDED, That ferries and other similar means of crossing actually in existence and being maintained and operated, or for which there was outstanding an existing and lawfully issued franchise, at the time of the location of such bridge and prior to the time of the authorization of such bonds, may continue and be permitted to be operated and maintained under such existing rights and franchises, or any lawful renewal or extension thereof. The provisions of this section shall be binding upon the state department of transportation, the state of Washington, and all of its departments, agencies, or instrumentalities

as well as any and all private, political, municipal, and public corporations and subdivisions, including cities, counties, and other political subdivisions, and the prohibitions of this section shall restrict and limit the powers of the legislature of the state of Washington in respect to the matters herein mentioned as long as any of such bonds are outstanding and unpaid and shall be deemed to constitute a contract to that effect for the benefit of the holders of all such bonds. 47.56.230 Toll bridges—Insurance or indemnity bonds authorized. When any toll bridge or bridges authorized under this chapter is being built by the department, the department may carry or cause to be carried an amount of insurance or indemnity bond or bonds as protection against loss or damage as the department may deem proper. The department is hereby further empowered to carry such an amount of insurance to cover any accident or destruction in part or in whole to any toll bridge or toll bridges until all bonds sold for the construction of the toll bridge or toll bridges and interest accrued thereon have been fully redeemed and paid. All moneys collected on any indemnity bond or insurance policy as the result of any damage or injury to the toll bridge or toll bridges shall be used for the purpose of repairing or rebuilding the toll bridge or toll bridges as long as there are revenue bonds against any such structure outstanding and unredeemed. The department is also empowered to carry insurance or indemnity bonds insuring against the loss of tolls or other revenues to be derived from any such toll bridge or bridges by reason of any interruption in the use of the toll bridge or toll bridges from any cause whatever, and the proceeds of the insurance or indemnity bonds shall be paid into the fund into which the tolls and other revenues of the bridge thus insured are required to be paid and shall be applied to the same purposes and in the same manner as other moneys in the fund. The insurance or indemnity bonds may be in an amount equal to the probable tolls and other revenues to be received from the operation of the toll bridge or toll bridges during any period of time that may be determined by the department and fixed in its discretion, and be paid for out of the toll revenue fund as may be specified in the proceedings. The department may provide in the proceedings authorizing the issuance of bonds for the carrying of insurance as authorized by this chapter, and the purchase and carrying of insurance as authorized by this chapter, and the purchase and carrying of such insurance shall thereupon be obligatory upon the department and be paid for out of the toll revenue fund as may be specified in the proceedings. [1984 c 7 § 264; 1961 c 13 § 47.56.230. Prior: 1937 c 173 § 15; RRS § 6524-15.]

47.56.240 Toll bridges—Fixing of toll rates authorized—Lien of bonds on revenue. Except as otherwise provided in RCW 47.56.850, the commission is hereby empow-

ered to fix the rates of toll and other charges for all toll bridges built under the terms of this chapter. Toll charges so fixed may be changed from time to time as conditions warrant. The commission, in establishing toll charges, shall give due consideration to the cost of operating and maintaining such toll bridge or toll bridges including the cost of insurance, and to the amount required annually to meet the redemption of bonds and interest payments on them. The tolls and charges shall be at all times fixed at rates to yield annual revenue equal to annual operating and maintenance expenses including insurance costs and all redemption payments and interest charges of the bonds issued for any particular toll bridge or toll bridges as the bonds become due. The bond redemption and interest payments constitute a first direct charge and lien on all such tolls and other revenues and interest thereon. Sinking funds created therefrom received from the use and operation of the toll bridge or toll bridges, and such tolls and revenues together with the interest earned thereon shall constitute a trust fund for the security and payment of such bonds and shall not be used or pledged for any other purpose as long as any of these bonds are outstanding and unpaid. [2008 c 122 § 14; 1984 c 7 § 265; 1961 c 13 § 47.56.240. Prior: 1937 c 173 § 9; RRS § 6524-9.]

47.56.242 Liquidation and closure of facility accounts upon removal of tolls—Transfer to motor vehicle fund. The department is authorized to liquidate and close toll facility trust and other facility accounts established outside the state treasury under chapter 47.56 RCW after the removal of tolls from the facility for which the accounts were established. Any balance remaining in the accounts shall thereupon be transferred to the motor vehicle fund. In addition, the department may, after the removal of tolls from a particular facility or facilities, require that all moneys transferred to the place of payment named in the revenue bonds, for the purpose of paying principal or interest or for redemption of the bonds not then expended for such purpose, be returned to the state treasurer for deposit in the motor vehicle fund. [1984 c 7 § 266; 1967 ex.s. c 145 § 48.]

47.56.243 Liquidation and closure of facility accounts upon removal of tolls—Satisfaction of claims. After transfer of such moneys pursuant to RCW 47.56.242, all valid claims against such accounts, including proper claims for refunds for unused commute media and other prepaid toll fees, may be satisfied, and any outstanding bonds or any coupons may be redeemed by payment from the motor vehicle fund upon proper application to and approval by the department of transportation.

Neither the provisions of this section nor of RCW 47.56.242 shall be construed to preclude any remedy otherwise available to bond owners or coupon holders. [1983 c 167 § 119; 1967 ex.s. c 145 § 49.]

47.56.245 Toll charges retained until costs paid. The department shall retain toll charges on all existing and future facilities until all costs of investigation, financing, acquisition of property, and construction advanced from the motor vehi-

cle fund, and obligations incurred under RCW 47.56.250 and chapter 16, Laws of 1945 have been fully paid.

(1) Except as provided in subsection (2) of this section, with respect to every facility completed after March 19, 1953, costs of maintenance and operation shall be paid periodically out of the revenues of the facility in which such costs were incurred.

(2) Where a state toll facility is constructed under chapter 47.46 RCW adjacent to or within two miles of an existing bridge that was constructed under this chapter, revenue from the toll facility may not be used to pay for costs of maintenance on the existing bridge. [2002 c 114 § 23; 1984 c 7 § 267; 1965 ex.s. c 170 § 53; 1961 c 13 § 47.56.245. Prior: 1953 c 220 § 6.]

47.56.247 Credit permits for vehicular passage. The department may issue permits for the passage of vehicles on any or all of its toll bridges, toll tunnels, toll roads, or for the Washington state ferry system on a credit basis upon such terms and conditions as the department deems proper. [1984 c 7 § 268; 1961 c 258 § 1.]

47.56.248 Credit permits for vehicular passage—Cash deposit or bond—Revocation of permit. The department may require the holder of the permit to furnish to and maintain in force with the department a cash deposit or a corporate surety bond. The department may require the holder of the permit to increase the amount of cash bond, or to furnish an additional surety bond, or may reduce the amount of the cash bond or surety bond required, as the amount of charges incurred and regularity of payment warrant, or may revoke any permit granted for failure of the holder to comply with any of its terms. [1984 c 7 § 269; 1961 c 258 § 2.]

47.56.250 Contributions by the state or political subdivision—Bonds—Repayment. Whenever a proposed toll bridge, toll road, toll tunnel, or any other toll facility of any sort is to be constructed, any city, county, or other political subdivision located in relation to such facility so as to benefit directly or indirectly thereby, may, either jointly or separately, at the request of the transportation commission advance or contribute money, or bonds, rights-of-way, labor, materials, and other property toward the expense of building the toll facility, and for preliminary surveys and the preparation of plans and estimates of cost therefor and other preliminary expenses. Any such city, county, or other political subdivision may, either jointly or separately, at the request of the transportation commission advance or contribute money or bonds for the purpose of guaranteeing the payment of interest or principal on the bonds issued by the commission to finance the toll facility. Appropriations for such purposes may be made from any funds available, including county road funds received from or credited by the state, or funds obtained by excess tax levies made pursuant to law or the issuance of general obligation bonds for this purpose. General obligation

(2012 Ed.)

bonds issued by a city, county, or political subdivision may with the consent of the commission be placed with the department of transportation to be sold by the department to provide funds for such purpose. Money, or bonds, or property so advanced or contributed may be immediately transferred or delivered to the department to be used for the purpose for which contribution was made. The commission may enter into an agreement with a city, county, or other political subdivision to repay any money, or bonds or the value of a right-of-way, labor, materials, or other property so advanced or contributed. The commission may make such repayment to a city, county, or other political subdivision and reimburse the state for any expenditures made by it in connection with the toll facility out of tolls and other revenues for the use of the toll facility. [1977 ex.s. c 151 § 71; 1961 c 13 § 47.56.250. Prior: 1959 c 162 § 1; 1955 c 166 § 1; 1937 c 173 § 12; RRS § 6524-12.]

47.56.253 Permits, leases, licenses to governmental entities to use property of toll facility or ferry system. If the department deems it in the public interest and not inconsistent with the use and operation of the toll facility involved, the department may on application therefor issue a permit, lease, or license to the state, or to any city, county, port district, or other political subdivision or municipal corporation of the state to use any portion of the property of any toll bridge, toll road, toll tunnel, or Washington state ferry system upon such terms and conditions as the department may prescribe. [1984 c 7 § 270; 1961 c 257 § 2.]

47.56.254 Sale of unneeded property—Authorized—Rules. If the secretary of transportation determines that any real property (including lands, improvements thereon, and any interests or estates) originally acquired for toll facility purposes is no longer required for purposes of the department, the department shall offer it for sale as authorized by RCW 47.12.063 or 47.12.283. The department may adopt rules further implementing this section. [1979 ex.s. c 189 § 4; 1977 ex.s. c 151 § 72; 1973 1st ex.s. c 177 § 3; 1961 c 257 § 3.]

47.56.256 Franchises for utility, railway, urban public transportation purposes. If the department deems it not inconsistent with the use and operation of any department facility, the department may grant franchises to persons, associations, private or municipal corporations, the United States government, or any agency thereof, to use any portion of the property of any toll bridge, toll road, toll tunnel, or the

Washington state ferry system, including approaches thereto, for the construction and maintenance of water pipes, flumes, gas pipes, telephone, telegraph, and electric light and power lines and conduits, trams or railways, any structures or facilities that are part of an urban public transportation system owned or operated by a municipal corporation, agency, or department of the state of Washington other than the department of transportation, and any other such facilities in the manner of granting franchises on state highways. 47.56.401 High occupancy toll lanes defined. For the purposes of RCW 46.61.165, 47.56.403, and 47.66.090, "high occupancy toll lanes" means one or more lanes of a highway that charges tolls as a means of regulating access to or the use of the facility, to maintain travel speed and reliability. Supporting facilities include, but are not limited to, approaches, enforcement areas, improvements, buildings, and equipment. [2005 c 312 § 2.]

Intent—2005 c 312: "The legislature recognizes that the Puget Sound region is faced with growing traffic congestion and has limited ability to expand freeway capacity due to financial, environmental, and physical constraints. Freeway high occupancy vehicle lanes have been an effective means of providing transit, vanpools, and carpools with a fast trip on congested freeway corridors, but in many cases, these lanes are themselves getting crowded during the peak commute times, while some are being underused at off-peak times.

It is the intent of the legislature to maximize the effectiveness and efficiency of the freeway system. To evaluate methods to accomplish this, it is beneficial to evaluate alternative approaches to managing the use of freeway high occupancy vehicle lanes, including pilot projects to determine and demonstrate the effectiveness and benefits of implementing high occupancy toll lanes. The legislature acknowledges that state route 167 provides an ideal test of the high occupancy toll lane concept because it is a congested corridor, it has underused capacity in the high occupancy vehicle lane, and it has adequate right-of-way for improvements needed to test the concept. Therefore, it is the intent of this act to direct that the department of transportation, as a pilot project, develop and operate a high occupancy toll lane on state route 167 in King county and to conduct an evaluation of that project to determine impacts on freeway efficiency, effectiveness for transit, feasibility of financing improvements through tolls, and the impacts on freeway users." [2005 c 312 § 1.]

47.56.403 High occupancy toll lane pilot project. (1) The department may provide for the establishment, construction, and operation of a pilot project of high occupancy toll lanes on state route 167 high occupancy vehicle lanes within King county. The department may issue, buy, and redeem bonds, and deposit and expend them; secure and remit financial and other assistance in the construction of high occupancy toll lanes, carry insurance, and handle any other matters pertaining to the high occupancy toll lane pilot project.

(2) Tolls for high occupancy toll lanes will be established as follows:

(a) The schedule of toll charges for high occupancy toll lanes must be established by the transportation commission and collected in a manner determined by the commission.

(b) Toll charges shall not be assessed on transit buses and vanpool vehicles owned or operated by any public agency.

(c) The department shall establish performance standards for the state route 167 high occupancy toll lane pilot project. The department must automatically adjust the toll charge, using dynamic tolling, to ensure that toll-paying single-occupant vehicle users are only permitted to enter the lane to the extent that average vehicle speeds in the lane remain above forty-five miles per hour at least ninety percent of the time during peak hours. The toll charge may vary in amount by time of day, level of traffic congestion within the highway facility, vehicle occupancy, or other criteria, as the commission may deem appropriate. The commission may also vary toll charges for single-occupant inherently low-emission vehicles such as those powered by electric batteries, natural gas, propane, or other clean burning fuels.

(d) The commission shall periodically review the toll charges to determine if the toll charges are effectively maintaining travel time, speed, and reliability on the highway facilities.

(3) The department shall monitor the state route 167 high occupancy toll lane pilot project and shall annually report to the transportation commission and the legislature on operations and findings. At a minimum, the department shall provide facility use data and review the impacts on:

- (a) Freeway efficiency and safety;
- (b) Effectiveness for transit;
- (c) Person and vehicle movements by mode;
- (d) Ability to finance improvements and transportation services through tolls; and

(e) The impacts on all highway users. The department shall analyze aggregate use data and conduct, as needed, separate surveys to assess usage of the facility in relation to geographic, socioeconomic, and demographic information within the corridor in order to ascertain actual and perceived questions of equitable use of the facility.

(4) The department shall modify the pilot project to address identified safety issues and mitigate negative impacts to high occupancy vehicle lane users.

(5) Authorization to impose high occupancy vehicle tolls for the state route 167 high occupancy toll pilot project expires if either of the following two conditions apply:

- (a) If no contracts have been let by the department to begin construction of the toll facilities associated with this pilot project within four years of July 24, 2005; or
- (b) If high occupancy vehicle tolls are being collected on June 30, 2013.

(6) The department of transportation shall adopt rules that allow automatic vehicle identification transponders used for electronic toll collection to be compatible with other electronic payment devices or transponders from the Washington state ferry system, other public transportation systems, or other toll collection systems to the extent that technology permits.

(7) The conversion of a single existing high occupancy vehicle lane to a high occupancy toll lane as proposed for SR-167 must be taken as the exception for this pilot project.

(8) A violation of the lane restrictions applicable to the high occupancy toll lanes established under this section is a traffic infraction.

(9) Procurement activity associated with this pilot project shall be open and competitive in accordance with *chapter 39.29 RCW. [2011 c 367 § 709; 2005 c 312 § 3.]

47.56.720 Puget Island-Westport ferry—Payments for operation and maintenance to Wahkiakum county—Toll-free operation and provision of rest room facilities, when. (1) The legislature finds that the ferry operated by Wahkiakum county between Puget Island and Westport on the Columbia river provides service which is primarily local in nature with secondary benefits to the state highway system in providing a bypass for state route 4 and providing the only crossing of the Columbia river between the Astoria-Megler bridge and the Longview bridge.

(2) The department is hereby authorized to enter into a continuing agreement with Wahkiakum county pursuant to which the department shall pay to Wahkiakum county from moneys appropriated for such purpose monthly amounts not to exceed eighty percent of the operating and maintenance deficit with a maximum not to exceed the amount appropriated for that biennium to be used in the operation and maintenance of the Puget Island ferry, commencing July 1, 1992.

(3) The annual deficit, if any, incurred in the operation and maintenance of the ferry shall be determined by Wahkiakum county subject to the approval of the department. If eighty percent of the deficit for the preceding fiscal year exceeds the total amount paid to the county for that year, the additional amount shall be paid to the county by the department upon the receipt of a properly executed voucher. The total of all payments to the county in any biennium shall not exceed the amount appropriated for that biennium. The fares established by the county shall be comparable to those used for similar runs on the state ferry system.

(4) Whenever, subsequent to June 9, 1977, state route 4 between Cathlamet and Longview is closed to traffic pursuant to chapter 47.48 RCW due to actual or potential slide con-

ditions and there is no suitable, reasonably short alternate state route provided, Wahkiakum county is authorized to operate the Puget Island ferry on a toll-free basis during the entire period of such closure. The state's share of the ferry operations and maintenance deficit during such period shall be one hundred percent.

(5) Whenever state route 4 between Cathlamet and Longview is closed to traffic, as mentioned in subsection (4) hereof, the state of Washington shall provide temporary rest room facilities at the Washington ferry landing terminal. [1992 c 82 § 1; 1987 c 368 § 1; 1984 c 7 § 285; 1977 c 11 § 1; 1973 2nd ex.s. c 26 § 1; 1971 ex.s. c 254 § 1.]

47.56.725 County ferries—Deficit reimbursements—Capital improvement funds. (1) The department is hereby authorized to enter into a continuing agreement with Pierce, Skagit, and Whatcom counties pursuant to which the department shall, from time to time, direct the distribution to each of the counties the amounts authorized in subsection (2) of this section in accordance with RCW 46.68.090.

(2) The department is authorized to include in each agreement a provision for the distribution of funds to each county to reimburse the county for fifty percent of the deficit incurred during each previous fiscal year in the operation and maintenance of the ferry system owned and operated by the county. The total amount to be reimbursed to Pierce, Skagit, and Whatcom counties collectively shall not exceed one million dollars in any biennium. Each county agreement shall contain a requirement that the county shall maintain tolls on its ferries at least equal to tolls in place on January 1, 1990.

(3) The annual fiscal year operating and maintenance deficit, if any, shall be determined by Pierce, Skagit, and Whatcom counties subject to review and approval of the department. The annual fiscal year operating and maintenance deficit is defined as the total of operations and maintenance expenditures less the sum of ferry toll revenues and that portion of fuel tax revenue distributions which are attributable to the county ferry as determined by the department. Distribution of the amounts authorized by subsection (2) of this section by the state treasurer shall be directed by the department upon the receipt of properly executed vouchers from each county.

(4) The county road administration board may evaluate requests by Pierce, Skagit, Wahkiakum, and Whatcom counties for county ferry capital improvement funds. The board shall evaluate the requests and, if approved by a majority of the board, submit the requests to the legislature for funding out of the amounts available under *RCW 46.68.090(1)(j). Any county making a request under this subsection shall first seek funding through the public works trust fund, or any other available revenue source, where appropriate. [1999 c 269 § 12; 1991 c 310 § 1; 1984 c 7 § 286; 1977 c 51 § 2; 1975-'76 2nd ex.s. c 57 § 2; 1975 1st ex.s. c 21 § 1.]

47.56.730 "No Smoking" areas on ferries—Establishment directed. The legislature finds that the public health, safety, and welfare require that "No Smoking" areas

be established on all state ferries since there is a significant number of our citizens who are nonsmokers. The department is hereby authorized and directed to adopt rules pursuant to the administrative procedure act, chapter 34.05 RCW, to establish and clearly designate areas on all state operated ferries that are expressly reserved for use by nonsmokers. [1984 c 7 § 287; 1974 ex.s. c 10 § 1.]

47.56.770 Refunding bonds—Authorized. The state finance committee is authorized to issue refunding bonds and use other available money to refund, defease, and redeem all of those toll bridge authority, ferry, and Hood Canal bridge refunding revenue bonds under RCW 47.56.771 through 47.56.774. [1993 c 4 § 2.]

47.56.771 Refunding bonds—General obligation—Signatures, negotiability—Payment of principal and interest—Pledge of excise taxes. (1) The refunding bonds authorized under RCW 47.56.770 shall be general obligation bonds of the state of Washington and shall be issued in a total principal amount not to exceed fifteen million dollars. The exact amount of refunding bonds to be issued shall be determined by the state finance committee after calculating the amount of money deposited with the trustee for the bonds to be refunded which can be used to redeem or defease outstanding toll bridge authority, ferry, and Hood Canal bridge revenue bonds after the setting aside of sufficient money from that fund to pay the first interest installment on the refunding bonds. The refunding bonds shall be serial in form maturing at such time, in such amounts, having such denomination or denominations, redemption privileges, and having such terms and conditions as determined by the state finance committee. The last maturity date of the refunding bonds shall not be later than January 1, 2002.

(2) The refunding bonds shall be signed by the governor and the state treasurer under the seal of the state, which signatures shall be made manually or in printed facsimile. The bonds shall be registered in the name of the owner in accordance with chapter 39.46 RCW. The refunding bonds shall distinctly state that they are a general obligation of the state of Washington, shall pledge the full faith and credit of the state, and shall contain an unconditional promise to pay the principal thereof and the interest thereon when due. The refunding bonds shall be fully negotiable instruments.

(3) The principal and interest on the refunding bonds shall be first payable in the manner provided in this section from the proceeds of state excise taxes on motor vehicle and special fuels imposed by chapters 82.36 and 82.38 RCW.

(4) The principal of and interest on the refunding bonds shall be paid first from the state excise taxes on motor vehicle and special fuels deposited in the ferry bond retirement fund. There is hereby pledged the proceeds of state excise taxes on motor vehicle and special fuels imposed under chapters 82.36 and 82.38 RCW to pay the refunding bonds and interest thereon, and the legislature hereby agrees to continue to impose the same excise taxes on motor vehicle and special fuels in amounts sufficient to pay, when due, the principal and interest on the refunding bonds. Not less than fifteen days prior to the date any interest or principal and interest pay-

ments are due, the state finance committee shall certify to the state treasurer such amount of additional money as may be required for debt service, and the treasurer shall thereupon transfer from the motor vehicle fund such amount from the proceeds of such excise taxes into the ferry bond retirement fund. Any proceeds of such excise taxes required for these purposes shall first be taken from that portion of the motor vehicle fund which results from the imposition of the excise taxes on motor vehicle and special fuels and which is distributed to the Puget Sound capital construction account. If the proceeds from excise taxes distributed to the state are ever insufficient to meet the required payments on principal or interest on the refunding bonds when due, the amount required to make the payments on the principal or interest shall next be taken from that portion of the motor vehicle fund which results from the imposition of excise taxes on motor vehicle and special fuels and which is distributed to the state, counties, cities, and towns pursuant to RCW 46.68.090. Any payments of the principal or interest taken from the motor vehicle or special fuel tax revenues which are distributable to the counties, cities, and towns shall be repaid from the first money distributed to the state not required for redemption of the refunding bonds or interest thereon. The legislature covenants that it shall at all times provide sufficient revenues from the imposition of such excise taxes to pay the principal and interest due on the refunding bonds. [1999 c 269 § 14; 1995 c 274 § 17; 1993 c 4 § 3.]

47.56.772 Refunding bonds—Liquidation of existing bond funds. Upon the issuance of refunding bonds as authorized by RCW 47.56.770, the department of transportation may liquidate the existing bond fund and other funds and accounts established in the proceedings which authorized the issuance of the outstanding toll bridge authority, ferry, and Hood Canal bridge refunding revenue bonds and apply the money contained in those funds and accounts to the defeasance and redemption of outstanding toll bridge authority, ferry, and Hood Canal refunding revenue bonds, except that prior to such bond redemption, money sufficient to pay the first interest installment on the refunding bonds shall be deposited in the ferry bond retirement fund. Money remaining in such funds not used for such bond defeasance and redemption or first interest installment on the refunding bonds shall be transferred to and deposited in the Puget Sound ferry operations account created under RCW 47.60.530. [1999 c 94 § 25; 1993 c 4 § 4.]

47.56.774 Various bond issues—Charge against fuel tax revenues. Except as otherwise provided by statute, the refunding bonds issued under authority of RCW 47.56.770, the bonds authorized by RCW 47.60.560 through 47.60.640, the bonds authorized by RCW 47.26.420 through 47.26.427, and any general obligation bonds of the state of Washington which have been or may be authorized by the legislature after the enactment of those sections and which pledge motor vehicle and special fuel excise taxes for the payment of principal thereof and interest thereon shall be an equal charge and lien against the revenues from such motor vehicle and special fuel excise taxes. 47.56.780 New ferry vessel construction for service on routes that require a vessel that carries no more than one hundred motor vehicles—How constructed—Warranty work. (1) The department shall construct one or more new ferry vessels for service on routes that require a vessel that carries no more than one hundred motor vehicles. The department shall include in the procurement of the new vessels a requirement that the vessels be constructed within the boundaries of the state of Washington, except that equipment furnished by the state and components, products, and systems that are standard manufactured items are not subject to the in-state requirement under this subsection.

(2) For purposes of this section, "constructed" means: The fabrication, by the joining together by welding or fastening, of all steel parts from which the total vessel is constructed including, but not limited to, all shell frames, longitudinals, bulkheads, webs, piping runs, wire ways, and ducting. "Constructed" also means (a) the installation of all components and systems including, but not limited to, equipment and machinery, castings, electrical, electronics, deck covering, lining, paint, and joiner work required by the contract and (b) the interconnection of all equipment, machinery, and services, such as piping, wiring, and ducting.

(3) The procurement of the new ferry vessels must also include a requirement that all warranty work on the vessels be performed within the boundaries of the state of Washington, insofar as practicable. [2008 c 4 § 2.]

Findings—2008 c 4: "Washington's marine highways provide vital transportation links between communities. Citizens, businesses, and visitors depend on the state's ferry system to provide safe, dependable auto and passenger service in order to conduct daily life and commerce activities. On November 20, 2007, the secretary of the department of transportation ordered the eighty-year old steel electric class vessels to be immediately removed from service because previously undetected corrosion and pitting in the vessel hulls posed a risk to the safety of passengers and crew. The emergency removal of the state ferry system's steel electric class vessels has imposed a significant hardship on the citizens and businesses served by those vessels. Therefore, an expedited procurement is required for the construction of new vessels to fully restore service to routes previously served by the steel electric class vessels." [2008 c 4 § 1.]

Effective date—2008 c 4: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [February 14, 2008]." [2008 c 4 § 3.]

47.56.785 Authority to collect tolls on existing or replacement state route number 520 bridge—Toll charge schedule. (1) Following the submission of the report required in section 6, chapter 270, Laws of 2008, the department may seek authorization from the legislature to collect tolls on the existing state route number 520 bridge or on a replacement state route number 520 bridge.

(2) The schedule of toll charges must be established by the transportation commission and collected in a manner determined by the department. [2008 c 270 § 4.]

Finding—2008 c 270: See note following RCW 47.01.408.

47.56.790 Interstate 90 floating bridge tolls—Federal authorization—Report. The department shall work with the federal highways administration to determine the necessary actions for receiving federal authorization to toll the Interstate 90 floating bridge. The department must periodically report the status of those discussions to the governor and the joint transportation committee. [2008 c 270 § 5.]

Finding—2008 c 270: See note following RCW 47.01.408.

47.56.795 Tolls—Electronic toll collection and photo toll systems—Administrative fees—Violation. (1) A toll collection system may include, but is not limited to, electronic toll collection and photo tolling.

(2)(a) A photo toll system may take photographs, digital photographs, microphotographs, videotapes, or other recorded images of the vehicle and vehicle license plate only.

(b) Notwithstanding any other provision of law, all photographs, digital photographs, microphotographs, videotape, other recorded images, or other records identifying a specific instance of travel prepared under this chapter are for the exclusive use of the tolling agency for toll collection and enforcement purposes and are not open to the public and may not be used in a court in a pending action or proceeding unless the action or proceeding relates to a civil penalty under RCW 46.63.160. No photograph, digital photograph, microphotograph, videotape, other recorded image, or other record identifying a specific instance of travel may be used for any purpose other than toll collection or enforcement of civil penalties under RCW 46.63.160. Records identifying a specific instance of travel by a specific person or vehicle must be retained only as required to ensure payment and enforcement of tolls and to comply with state records retention policies. Aggregate records that do not identify an individual, vehicle, or account may be maintained.

(3) The department and its agents shall only use electronic toll collection system technology for toll collection purposes.

(4) Tolls may be collected and paid by the following methods:

(a) A customer may pay an electronic toll through an electronic toll collection account;

(b) A customer may pay a photo toll either through a customer-initiated payment or in response to a toll bill; or

(c) A customer may pay with cash on toll facilities that have a manual cash collection system.

(5) To the extent practicable, the department shall adopt electronic toll collection options, which allow for anonymous customer accounts and anonymous accounts that are not linked to a specific vehicle.

(6) The transportation commission shall adopt rules, in accordance with chapter 34.05 RCW, to assess administrative fees as appropriate for toll collection processes. Administrative fees must not exceed toll collection costs. All administrative fees collected under this section must be deposited into the toll facility account of the facility on which the toll was assessed.

(7) Failure to pay a photo toll by the toll payment due date is a violation for which a notice of civil penalty may be issued under RCW 46.63.160. [2010 c 249 § 3.]

Contingent effective date—2010 c 249: "This act takes effect upon certification by the secretary of transportation that the new statewide tolling operations center and photo toll system are fully operational. A notice of certification must be filed with the code reviser for publication in the state register. If a certificate is not issued by the secretary of transportation by December 1, 2012, this act is null and void." [2010 c 249 § 12.] A notice of certification was filed with the code reviser on December 2, 2011, becoming effective December 3, 2011 (see WSR 11-24-042).

47.56.796 Toll rates—Legislative approval—Adjustments—Reports. (1) Consistent with RCW 43.135.055 and 47.56.805 through 47.56.876, the legislature approves the action taken by the transportation commission on January 5, 2011, adopting amended rules to set the schedule of toll rates applicable to the state route number 520 corridor. The legislature further authorizes the transportation commission, as the tolling authority for the state, to set and adjust toll rates on the state route number 520 corridor in accordance with the authorization, requirements, and guidelines set forth in RCW 47.56.830, 47.56.850, and 47.56.870. The transportation commission may adjust the toll rates, as identified in the adopted schedule of toll rates, only in amounts not greater than those sufficient to meet (a) the operating costs of the state route number 520 corridor, including necessary maintenance, preservation, renewal, replacement, administration, and toll enforcement by public law enforcement and (b) obligations for the timely payment of debt service on bonds issued under chapter 498, Laws of 2009 and chapter 377, Laws of 2011, and any other associated financing costs including, but not limited to, required reserves, minimum debt coverage or other appropriate contingency funding, insurance, and compliance with all other financial and other covenants made by the state in the bond proceedings. Prior to the convening of each regular session of the legislature, the transportation commission must provide the transportation committees of the legislature with a detailed report regarding any increase or decrease in any toll rate approved by the commission that has not been described in a previous report provided pursuant to this subsection (1), along with a detailed justification for each such increase or decrease.

(2) Consistent with RCW 43.135.055 and 47.46.100, the legislature approves the action taken by the transportation commission on January 25, 2011, adopting amended rules to set the schedule of photo toll, or "pay by mail," charges applicable to the Tacoma Narrows bridge. Prior to the convening of each regular session of the legislature, the transportation commission must provide the transportation committees of the legislature with a detailed report regarding any increase or decrease in any toll rate approved by the commission that has not been described in a previous report provided pursuant to this subsection (2), along with a detailed justification for each such increase or decrease.

(3) Consistent with RCW 43.135.055 and 47.56.795(6), the legislature approves the action taken by the transportation commission on January 5, 2011, adopting amended rules concerning the assessment of administrative fees for toll collection processes. The administrative fees must not exceed toll collection costs. [2011 c 377 § 2.]

Effective date—2011 c 377: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [May 16, 2011]." [2011 c 377 § 8.]

TOLL FACILITIES CREATED AFTER JULY 1, 2008

47.56.805 Finding—Intent. The legislature finds and declares that it is the policy of the state of Washington to use tolling to provide a source of transportation funding and to encourage effective use of the transportation system.

The legislature intends that the policy framework created by chapter 122, Laws of 2008 will guide subsequent legislation and decisions regarding the tolling of specific facilities and corridors. For each state-owned facility or corridor, the legislature intends that it will authorize the budget and finance plan. Specific issues that may be addressed in the finance plan and budget authorization legislation include the amount of financing required for a facility or corridor, the budget for any construction and operations financed by tolling, whether and how variable pricing will be applied, and the timing of tolling.

The legislature also intends that while the transportation commission, as the toll-setting authority, may set toll rates for facilities, corridors, or systems thereof, the legislature reserves the authority to impose tolls on any state transportation route or facility. Similarly, local or quasi-local entities that retain the power to impose tolls may do so as long as the effect of those tolls on the state highway system is consistent with the policy guidelines detailed in chapter 122, Laws of 2008. If the imposition of tolls could have an impact on state facilities, the state tolling authority must review and approve such tolls. [2008 c 122 § 1.]

47.56.810 Definitions. (Contingent expiration date.) The definitions in this section apply throughout this subchapter unless the context clearly requires otherwise:

(1) "Eligible toll facility" or "eligible toll facilities" means portions of the state highway system specifically identified by the legislature including, but not limited to, transportation corridors, bridges, crossings, interchanges, on-ramps, off-ramps, approaches, bistate facilities, and interconnections between highways.

(2) "Express toll lanes" means one or more high occupancy vehicle lanes of a highway in which the department charges tolls primarily as a means of regulating access to or use of the lanes to maintain travel speed and reliability.

(3) "Toll revenue" or "revenue from an eligible toll facility" means toll receipts, all interest income derived from the investment of toll receipts, and any gifts, grants, or other funds received for the benefit of transportation facilities in the state, including eligible toll facilities.

(4) "Tolling authority" means the governing body that is legally empowered to review and adjust toll rates. Unless otherwise delegated, the transportation commission is the

tolling authority for all state highways. [2011 c 377 § 7; 2011 c 369 § 2; 2008 c 122 § 3.]

Reviser's note: (1) The definitions in this section have been alphabetized pursuant to RCW 1.08.015(2)(k).

(2) This section was amended by 2011 c 369 § 2 and by 2011 c 377 § 7, each without reference to the other. Both amendments are incorporated in the publication of this section under RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

Effective date—2011 c 377: See note following RCW 47.56.796.

Intent—2011 c 369: See note following RCW 47.56.880.

47.56.810 Definitions. (Contingent effective date.) The definitions in this section apply throughout this subchapter unless the context clearly requires otherwise:

(1) "Eligible toll facility" or "eligible toll facilities" means portions of the state highway system specifically identified by the legislature including, but not limited to, transportation corridors, bridges, crossings, interchanges, on-ramps, off-ramps, approaches, bistate facilities, and interconnections between highways. For purposes of a bistate facility, the legislature may define an "eligible toll facility" to include a part of a project that may extend beyond the state border.

(2) "Express toll lanes" means one or more high occupancy vehicle lanes of a highway in which the department charges tolls primarily as a means of regulating access to or use of the lanes to maintain travel speed and reliability.

(3) "Toll revenue" or "revenue from an eligible toll facility" means toll receipts, all interest income derived from the investment of toll receipts, and any gifts, grants, or other funds received for the benefit of transportation facilities in the state, including eligible toll facilities.

(4) "Tolling authority" means the governing body that is legally empowered to review and adjust toll rates. Unless otherwise delegated, the transportation commission is the tolling authority for all state highways. [2012 c 36 § 6. Prior: 2011 c 377 § 7; 2011 c 369 § 2; 2008 c 122 § 3.]

47.56.820 Imposition of tolls on eligible toll facilities—Who may authorize, revenue expenditures. (1) Unless otherwise delegated, only the legislature may authorize the imposition of tolls on eligible toll facilities.

(2) All revenue from an eligible toll facility must be used only to construct, improve, preserve, maintain, manage, or operate the eligible toll facility on or in which the revenue is collected. Expenditures of toll revenues are subject to appropriation and must be made only:

(a) To cover the operating costs of the eligible toll facility, including necessary maintenance, preservation, administration, and toll enforcement by public law enforcement within the boundaries of the facility;

(b) To meet obligations for the repayment of debt and interest on the eligible toll facilities, and any other associated financing costs including, but not limited to, required reserves and insurance;

(c) To meet any other obligations to provide funding contributions for any projects or operations on the eligible toll facilities;

(d) To provide for the operations of conveyances of people or goods; or

(e) For any other improvements to the eligible toll facilities. [2008 c 122 § 4.]

47.56.830 Policy guidelines for eligible toll facility proposals. Any proposal for the establishment of eligible toll facilities shall consider the following policy guidelines:

(1) Overall direction. Washington should use tolling to encourage effective use of the transportation system and provide a source of transportation funding.

(2) When to use tolling. Tolling should be used when it can be demonstrated to contribute a significant portion of the cost of a project that cannot be funded solely with existing sources or optimize the performance of the transportation system. Such tolling should, in all cases, be fairly and equitably applied in the context of the statewide transportation system and not have significant adverse impacts through the diversion of traffic to other routes that cannot otherwise be reasonably mitigated. Such tolling should also consider relevant social equity, environmental, and economic issues, and should be directed at making progress toward the state's greenhouse gas reduction goals.

(3) Use of toll revenue. All revenue from an eligible toll facility must be used only to improve, preserve, manage, or operate the eligible toll facility on or in which the revenue is collected. Additionally, toll revenue should provide for and encourage the inclusion of recycled and reclaimed construction materials.

(4) Setting toll rates. Toll rates, which may include variable pricing, must be set to meet anticipated funding obligations. To the extent possible, the toll rates should be set to optimize system performance, recognizing necessary trade-offs to generate revenue.

(5) Duration of toll collection. Because transportation infrastructure projects have costs and benefits that extend well beyond those paid for by initial construction funding, tolls on future toll facilities may remain in place to fund additional capacity, capital rehabilitation, maintenance, management, and operations, and to optimize performance of the system. [2008 c 122 § 5.]

47.56.840 Tolling advisory committee. (1) A tolling advisory committee may be created at the direction of the tolling authority for any eligible toll facilities. The tolling authority shall appoint nine members to the committee, all of whom must be permanent residents of the affected project area as defined for each project. Members of the committee shall serve without receiving compensation.

(2) The tolling advisory committee shall serve in an advisory capacity to the tolling authority on all matters related to the imposition of tolls including, but not limited to: (a) The feasibility of providing discounts; (b) the trade-off of lower tolls versus the early retirement of debt; and (c) consideration of variable or time of day pricing.

(3) In setting toll rates, the tolling authority shall consider recommendations of the tolling advisory committee. [2008 c 122 § 6.]

47.56.850 Transportation commission as state tolling authority—Powers and duties—Toll rates—Restrictions on toll revenue. (1) Unless these powers are otherwise delegated by the legislature, the transportation commission is the tolling authority for the state. The tolling authority shall:

(a) Set toll rates, establish appropriate exemptions, if any, and make adjustments as conditions warrant on eligible toll facilities;

(b) Review toll collection policies, toll operations policies, and toll revenue expenditures on the eligible toll facilities and report annually on this review to the legislature.

(2) The tolling authority, in determining toll rates, shall consider the policy guidelines established in RCW 47.56.830.

(3) Unless otherwise directed by the legislature, in setting and periodically adjusting toll rates, the tolling authority must ensure that toll rates will generate revenue sufficient to:

(a) Meet the operating costs of the eligible toll facilities, including necessary maintenance, preservation, renewal, replacement, administration, and toll enforcement by public law enforcement;

(b) Meet obligations for the timely payment of debt service on bonds issued for eligible toll facilities, and any other associated financing costs including, but not limited to, required reserves, minimum debt coverage or other appropriate contingency funding, insurance, and compliance with all other financial and other covenants made by the state in the bond proceedings;

(c) Meet obligations to reimburse the motor vehicle fund for excise taxes on motor vehicle and special fuels applied to the payment of bonds issued for eligible toll facilities; and

(d) Meet any other obligations of the tolling authority to provide its proportionate share of funding contributions for any projects or operations of the eligible toll facilities.

(4) The established toll rates may include variable pricing, and should be set to optimize system performance, recognizing necessary trade-offs to generate revenue for the purposes specified in subsection (3) of this section. Tolls may vary for type of vehicle, time of day, traffic conditions, or other factors designed to improve performance of the system.

(5) In fixing and adjusting toll rates under this section, the only toll revenue to be taken into account must be toll revenue pledged to bonds that includes toll receipts, and the only debt service requirements to be taken into account must be debt service on bonds payable from and secured by toll revenue that includes toll receipts.

(6) The legislature pledges to appropriate toll revenue as necessary to carry out the purposes of this section. When the legislature has specifically identified and designated an eligible toll facility and authorized the issuance of bonds for the financing of the eligible toll facility that are payable from and secured by a pledge of toll revenue, the legislature further agrees for the benefit of the owners of outstanding bonds issued by the state for eligible toll facilities to continue in effect and not to impair or withdraw the authorization of the tolling authority to fix and adjust tolls as provided in this section. The state finance committee shall pledge the state's obligation to impose and maintain tolls, together with the application of toll revenue as described in this section, to the owners of any bonds. [2009 c 498 § 15; 2008 c 122 § 7.]

47.56.855 Report to legislature on toll rate increases and decreases by transportation commission. Prior to the convening of each regular session of the legislature, the transportation commission must provide the transportation committees of the legislature with a detailed report regarding any increase or decrease in any toll rate approved by the commission that has not been described in a previous report provided pursuant to this section, along with a detailed justification for each such increase or decrease. [2009 c 472 § 6.]

Intent—Effective date—2009 c 472: See notes following RCW 47.56.870.

47.56.860 Application. This subchapter applies only to all state toll bridges and other state toll facilities, excluding the Washington state ferries, first authorized within this state after July 1, 2008. [2008 c 122 § 2.]

47.56.862 State route number 99, deep bore tunnel—Tolls authorized—Eligible toll facility—Toll revenue—Toll rate schedule. (1) The initial imposition of tolls on the portion of state route number 99 that is the deep bore tunnel under First Avenue from the vicinity of the sports stadiums in Seattle to Aurora Avenue north of the Battery Street tunnel is authorized, this portion of state route number 99 is designated an eligible toll facility, and toll revenue generated from this facility must only be expended as allowed under RCW 47.56.820.

(2) The toll imposed under this section must be charged only for travel on the portion of state route number 99 that is a deep bore tunnel.

(3)(a) In setting toll rates for the deep bore tunnel portion of state route number 99 pursuant to RCW 47.56.850, the tolling authority shall set a variable schedule of toll rates to maintain travel time, speed, and reliability on this facility and generate the necessary revenue as required under (b) of this subsection.

(b) The tolling authority may adjust the variable schedule of toll rates at least annually to reflect inflation as measured by the consumer price index to meet the redemption of bonds, to meet the obligations of the tolling authority under RCW 47.56.850, and interest payments on bonds and for those costs that are eligible under RCW 47.56.820. [2012 c 83 § 2.]

Finding—Intent—2012 c 83: "The legislature finds that there is an urgent need to replace the central waterfront section of state route number 99, known as the Alaskan Way viaduct, because the viaduct is vulnerable to closure, damage, or catastrophic failure as a result of earthquakes or other events. In 2009, the legislature determined that the finance plan for the Alaskan Way viaduct replacement project should include no more than four hundred million dollars in toll funding for the project.

Therefore, it is the intent of the legislature to authorize tolling on the Alaskan Way viaduct replacement project, both to help finance the Alaskan Way viaduct replacement project and to help maintain travel time, speed, and reliability on the portion of state route number 99 that would be replaced by this project." [2012 c 83 § 1.]

47.56.864 Alaskan Way viaduct replacement project account—Deposits—Use and transfer of funds. A special account to be known as the Alaskan Way viaduct replacement project account is created in the state treasury.

(1) Deposits to the account must include:

(a) All proceeds of bonds issued for construction of the Alaskan Way viaduct replacement project, including any capitalized interest;

(b) All of the tolls and other revenues received from the operation of the Alaskan Way viaduct replacement project as a toll facility, to be deposited at least monthly;

(c) Any interest that may be earned from the deposit or investment of those revenues;

(d) Notwithstanding RCW 47.12.063, proceeds from the sale of any surplus real property acquired for the purpose of building the Alaskan Way viaduct replacement project; and

(e) All damages, liquidated or otherwise, collected under any contract involving the construction of the Alaskan Way viaduct replacement project.

(2) Subject to the covenants made by the state in the bond proceedings authorizing the issuance and sale of bonds for the construction of the Alaskan Way viaduct replacement project, toll charges, other revenues, and interest received from the operation of the Alaskan Way viaduct replacement project as a toll facility may be used to:

(a) Pay any required costs allowed under RCW 47.56.820; and

(b) Repay amounts to the motor vehicle fund as required.

(3) When repaying the motor vehicle fund, the state treasurer shall transfer funds from the Alaskan Way viaduct replacement project account to the motor vehicle fund on or before each debt service date for bonds issued for the construction of the Alaskan Way viaduct replacement project in an amount sufficient to repay the motor vehicle fund for amounts transferred from that fund to the highway bond retirement fund to provide for any bond principal and interest due on that date. The state treasurer may establish subaccounts for the purpose of segregating toll charges, bond sale proceeds, and other revenues. [2012 c 83 § 3.]

Finding—Intent—2012 c 83: See note following RCW 47.56.862.

47.56.870 State route No. 520 corridor—Tolls authorized—Eligible toll facility—Toll revenue—Toll rate schedule—Bridge replacement program, work groups.

(1) The initial imposition of tolls on the state route number 520 corridor is authorized, the state route number 520 corridor is designated an eligible toll facility, and toll revenue generated in the corridor must only be expended as allowed under RCW 47.56.820.

(2) The state route number 520 corridor consists of that portion of state route number 520 between the junctions of Interstate 5 and state route number 202. The toll imposed by this section shall be charged only for travel on the floating bridge portion of the state route number 520 corridor.

(3)(a) In setting the toll rates for the corridor pursuant to RCW 47.56.850, the tolling authority shall set a variable schedule of toll rates to maintain travel time, speed, and reliability on the corridor and generate the necessary revenue as required under (b) of this subsection.

(b) The tolling authority shall initially set the variable schedule of toll rates, which the tolling authority may adjust at least annually to reflect inflation as measured by the consumer price index or as necessary to meet the redemption of bonds and interest payments on the bonds, to generate revenue sufficient to provide for:

(i) The issuance of general obligation bonds, authorized in RCW 47.10.879, first payable from toll revenue and then excise taxes on motor vehicle and special fuels pledged for the payment of those bonds in the amount necessary to fund the state route number 520 bridge replacement and HOV program, subject to subsection (4) of this section; and

(ii) Costs associated with the project designated in subsection (4) of this section that are eligible under RCW 47.56.820.

(4)(a) The proceeds of the bonds designated in subsection (3)(b)(i) of this section must be used only to fund the state route number 520 bridge replacement and HOV program; however, two hundred million dollars of bond proceeds, in excess of the proceeds necessary to complete the floating bridge segment and necessary landings, must be used only to fund the state route number 520, Interstate 5 to Medina bridge replacement and HOV project segment of the program, as identified in applicable environmental impact statements, and may be used to fund effective connections for high occupancy vehicles and transit for state route number 520, but only to the extent those connections benefit or improve the operation of state route number 520.

(b) The program must include the following elements within the cost constraints identified in section 1, chapter 472, Laws of 2009, consistent with the legislature's intent that cost savings applicable to the program stay within the program and that the bridge open to vehicular traffic in 2014:

(i) A project design, consistent with *RCW 47.01.408, that includes high occupancy vehicle lanes with a minimum carpool occupancy requirement of three-plus persons on state route number 520;

(ii) High occupancy vehicle lane performance standards for the state route number 520 corridor established by the department. The department shall report to the transportation committees of the legislature when average transit speeds in the two lanes that are for high occupancy vehicle travel fall below forty-five miles per hour at least ten percent of the time during peak hours;

(iii) A work group convened by the mayor and city council of the city of Seattle to include sound transit, King county metro, the Seattle department of transportation, the department, the University of Washington, and other persons or organizations as designated by the mayor or city council to study and make recommendations of alternative connections for transit, including bus routes and high capacity transit, to the university link light rail line. The work group must consider such techniques as grade separation, additional stations, and pedestrian lids to effect these connections. The recommendations must be alternatives to the transit connections identified in the supplemental draft environmental impact statement for the state route number 520 bridge replacement and HOV program released in January 2010, and must meet the requirements under *RCW 47.01.408, including accommodating effective connections for transit. The recommendations must be within the scope of the supplemental draft environmental impact statement. For the purposes of this section, "effective connections for transit" means a connection that connects transit stops, including high capacity transit stops, that serve the state route number 520/Montlake interchange vicinity to the university link light rail line, with a connection distance of less than one thousand two hundred

feet between the stops and the light rail station. The city of Seattle shall submit the recommendations by October 1, 2010, to the governor and the transportation committees of the legislature. However, if the city of Seattle does not convene the work group required under this subsection before July 1, 2010, or does not submit recommendations to the governor and the transportation committees of the legislature by October 1, 2010, the department must convene the work group required under this subsection and meet all the requirements of this subsection that are described as requirements of the city of Seattle by November 30, 2010;

(iv) A work group convened by the department to include sound transit and King county metro to study and make recommendations regarding options for planning and financing high capacity transit through the state route number 520 corridor. The department shall submit the recommendations by January 1, 2011, to the governor and the transportation committees of the legislature;

(v) A plan to address mitigation as a result of the state route number 520 bridge replacement and HOV program at the Washington park arboretum. As part of its process, the department shall consult with the governing board of the Washington park arboretum, the Seattle city council and mayor, and the University of Washington to identify all mitigation required by state and federal law resulting from the state route number 520 bridge replacement and HOV program's impact on the arboretum, and to develop a project mitigation plan to address these impacts. The department shall submit the mitigation plan by December 31, 2010, to the governor and the transportation committees of the legislature. Wetland mitigation required by state and federal law as a result of the state route number 520 bridge replacement and HOV program's impacts on the arboretum must, to the greatest extent practicable, include on-site wetland mitigation at the Washington park arboretum, and must enhance the Washington park arboretum. This subsection (4)(b)(v) does not preclude any other mitigation planned for the Washington park arboretum as a result of the state route number 520 bridge replacement and HOV program;

(vi) A work group convened by the department to include the mayor of the city of Seattle, the Seattle city council, the Seattle department of transportation, and other persons or organizations as designated by the Seattle city council and mayor to study and make recommendations regarding design refinements to the preferred alternative selected by the department in the supplemental draft environmental impact statement process for the state route number 520 bridge replacement and HOV program. To accommodate a timely progression of the state route number 520 bridge replacement and HOV program, the design refinements recommended by the work group must be consistent with the current environmental documents prepared by the department for the supplemental draft environmental impact statement. The department shall submit the recommendations to the legislature and governor by December 31, 2010, and the recommendations must inform the final environmental impact statement prepared by the department; and

(vii) An account, created in section 5 of this act, into which civil penalties generated from the nonpayment of tolls on the state route number 520 corridor are deposited to be used to fund any project within the program, including miti-

gation. However, this subsection (4)(b)(vii) is contingent on the enactment by June 30, 2010, of either chapter 249, Laws of 2010 or **chapter . . . (Substitute House Bill No. 2897), Laws of 2010, but if the enacted bill does not designate the department as the toll penalty adjudicating agency, this subsection (4)(b)(vii) is null and void.

(5) The department may carry out the improvements designated in subsection (4) of this section and administer the tolling program on the state route number 520 corridor. [2010 c 248 § 2; 2009 c 472 § 2.]

Reviser's note: *(1) 2010 c 248 § 3, which amended RCW 47.01.408, was vetoed by the governor.

** (2) Substitute House Bill No. 2897 did not pass.

Intent—2009 c 472: "It is the intent of the legislature that the state authorize early tolling on the state route number 520 corridor in order to secure the authority to spend federal grant moneys provided to Washington state as part of the urban partnership grant program.

It is further the intent of the legislature to impose tolls on the state route number 520 floating bridge subject to section 2 of this act, to help finance construction of the replacement state route number 520 floating bridge and necessary landings.

It is further the intent of the legislature to expedite the replacement of the floating bridge and necessary landings in a manner that does not preclude local design options on either side of the state route number 520 corridor. For all projects in the state route number 520 corridor program, the legislature intends that the total cost will be no more than four billion six hundred fifty million dollars.

It is further the intent of the legislature that if the tolls on the state route number 520 corridor significantly alter the performance of nearby facilities, the legislature will reconsider the tolling policy for the corridor.

It is further the intent of the legislature that the department of transportation applies for federal stimulus funds for projects in the corridor." [2009 c 472 § 1.]

Effective date—2009 c 472: "This act takes effect August 1, 2009." [2009 c 472 § 7.]

47.56.875 State route No. 520 corridor account—Deposits—Use and transfer of funds. A special account to be known as the state route number 520 corridor account is created in the state treasury.

(1) Deposits to the account must include:

(a) All proceeds of bonds issued for the state route number 520 bridge replacement and HOV program, including any capitalized interest;

(b) Except as provided in RCW 47.56.870(4)(b)(vii), all of the tolls and other revenues received from the operation of the state route number 520 corridor as a toll facility, to be deposited at least monthly;

(c) Any interest that may be earned from the deposit or investment of those revenues;

(d) Notwithstanding RCW 47.12.063, proceeds from the sale of any surplus real property acquired for the state route number 520 bridge replacement and HOV program; and

(e) All damages, liquidated or otherwise, collected under any contract involving the state route number 520 bridge replacement and HOV program.

(2) Subject to the covenants made by the state in the bond proceedings authorizing the issuance and sale of bonds for the state route number 520 bridge replacement and HOV program, toll charges, other revenues, and interest received from the operation of the state route number 520 corridor as a toll facility may be used to:

(a) Pay any required costs allowed under RCW 47.56.820; and

(b) Repay amounts to the motor vehicle fund as required.

(3) When repaying the motor vehicle fund, the state treasurer shall transfer funds from the state route number 520 corridor account to the motor vehicle fund on or before each debt service date for bonds issued for the state route number 520 bridge replacement and HOV program in an amount sufficient to repay the motor vehicle fund for amounts transferred from that fund to the highway bond retirement fund to provide for any bond principal and interest due on that date. The state treasurer may establish subaccounts for the purpose of segregating toll charges, bond sale proceeds, and other revenues. [2010 c 248 § 4; 2009 c 472 § 4.]

Intent—Effective date—2009 c 472: See notes following RCW 47.56.870.

47.56.876 State route number 520 civil penalties account. (1) A special account to be known as the state route number 520 civil penalties account is created in the state treasury. All state route number 520 bridge replacement and HOV program civil penalties generated from the nonpayment of tolls on the state route number 520 corridor must be deposited into the account, as provided under RCW 47.56.870(4)(b)(vii). Moneys in the account may be spent only after appropriation. Expenditures from the account may be used to fund any project within the state route number 520 bridge replacement and HOV program, including mitigation. During the 2011-2013 fiscal biennium, the legislature may transfer from the state route number 520 civil penalties account to the state route number 520 corridor account such amounts as reflect the excess fund balance of the state route number 520 civil penalties account. Funds transferred must be used solely for capital expenditures for the state route number 520 bridge replacement and HOV project (8B11003).

(2) This section is contingent on the enactment by June 30, 2010, of either chapter 249, Laws of 2010 or *chapter . . . (Substitute House Bill No. 2897), Laws of 2010, but if the enacted bill does not designate the department as the toll penalty adjudicating agency, this section is null and void. [2011 c 367 § 720; 2010 c 248 § 5.]

***Reviser's note:** Substitute House Bill No. 2897 did not pass.

Effective date—2011 c 367: See note following RCW 47.29.170.

47.56.880 Interstate 405 corridor—Tolls authorized—Eligible toll facility—Toll rate schedule—Capacity improvements—Performance measures—Violation. (1) The imposition of tolls for express toll lanes on Interstate 405 between the junctions with Interstate 5 on the north end and NE 6th Street in the city of Bellevue on the south end is authorized, Interstate 405 is designated an eligible toll facility, and toll revenue generated in the corridor must only be expended as allowed under RCW 47.56.820.

(2) Tolls for the express toll lanes must be set as follows:

(a) The schedule of toll rates must be set by the tolling authority pursuant to RCW 47.56.850. Toll rates may vary in amount by time of day, level of traffic congestion within the highway facility, or other criteria, as the tolling authority deems appropriate.

(b) In those locations with two express toll lanes in each direction, the toll rate must be the same in both lanes.

(c) Toll charges may not be assessed on transit buses and vanpools.

(d) The department shall establish performance standards for travel time, speed, and reliability for the express toll lanes project. The department must automatically adjust the toll rate within the schedule established by the tolling authority, using dynamic tolling, to ensure that average vehicle speeds in the lanes remain above forty-five miles per hour at least ninety percent of the time during peak hours.

(e) The tolling authority shall periodically review the toll rates against traffic performance of all lanes to determine if the toll rates are effectively maintaining travel time, speed, and reliability on the highway facilities.

(3) The department may construct and operate express toll lanes on Interstate 405 between the city of Bellevue on the south end and Interstate 5 on the north end. Operation of the express toll lanes may not commence until the department has completed capacity improvements necessary to provide a two-lane system from NE 6th Street in the city of Bellevue to state route number 522 and the conversion of the existing high occupancy vehicle lane to an express toll lane between state route number 522 and the city of Lynnwood. Construction of the capacity improvements described in this subsection, including items that enable implementation of express toll lanes such as conduit and other underground features, must begin as soon as practicable. However, any contract term regarding tolling equipment, such as gantries, barriers, or cameras, for Interstate 405 may not take effect unless specific appropriation authority is provided in 2012 stating that funding is provided solely for tolling equipment on Interstate 405. The department shall work with local jurisdictions to minimize and monitor impacts to local streets and, after consultation with local jurisdictions, recommend mitigation measures to the legislature in those locations where it is appropriate.

(4) The department shall monitor the express toll lanes project and shall annually report to the transportation commission and the legislature on the impacts from the project on the following performance measures:

(a) Whether the express toll lanes maintain speeds of forty-five miles per hour at least ninety percent of the time during peak periods;

(b) Whether the average traffic speed changed in the general purpose lanes;

(c) Whether transit ridership changed;

(d) Whether the actual use of the express toll lanes is consistent with the projected use;

(e) Whether the express toll lanes generated sufficient revenue to pay for all Interstate 405 express toll lane-related operating costs;

(f) Whether travel times and volumes have increased or decreased on adjacent local streets and state highways; and

(g) Whether the actual gross revenues are consistent with projected gross revenues as identified in the fiscal note for Engrossed House Bill No. 1382 distributed by the office of financial management on March 15, 2011.

(5) If after two years of operation of the express toll lanes on Interstate 405 performance measures listed in subsection (4)(a) and (e) of this section are not being met, the express toll lanes project must be terminated as soon as practicable.

(6) The department, in consultation with the transportation commission, shall consider making operational changes

necessary to fix any unintended consequences of implementing the express toll lanes project.

(7) A violation of the lane restrictions applicable to the express toll lanes established under this section is a traffic infraction. [2011 c 369 § 3.]

Intent—2011 c 369: "The legislature recognizes that the Puget Sound region is faced with growing traffic congestion and has limited ability to expand freeway capacity due to financial, environmental, and physical constraints. Freeway high occupancy vehicle lanes have been an effective means of providing transit, vanpools, and carpools with a fast trip on congested freeway corridors, but in many cases, these lanes operate beyond their capacity during peak commute times.

It is the intent of the legislature to improve mobility for people and goods by maximizing the effectiveness of the freeway system. An express toll lanes network is one approach for managing the use of freeway high occupancy vehicle lanes and, at the same time, generating funds to improve the Interstate 405 and state route number 167 corridor. The legislature acknowledges that as one of the most congested freeway sections in the state, the combined Interstate 405 and state route number 167 corridor serves as an ideal candidate for the use of an express toll lanes network. An express toll lanes network could provide benefits for movement of vehicles and people, as well as having the potential to generate revenue for other improvements in the Interstate 405 and state route number 167 corridor, also known as the eastside corridor.

The legislature also recognizes the need for geographic balance and regional equity in decisions regarding tolling and pricing, and intends to consider the implementation of express toll lanes on other facilities in the region in the future. It is further the intent of the legislature to use its evaluation of initial express toll lanes on Interstate 405 to guide additions to the express toll lanes network, particularly in the most congested areas of the Interstate 405 and state route number 167 corridor, such as the Renton-to-Bellevue segment and the Interstate 405/state route number 167 interchange, with the ultimate goal of continuous express toll lanes from Puyallup to Lynnwood.

Therefore, it is the intent of this act to direct the department of transportation to develop and operate express toll lanes on Interstate 405 between the city of Bellevue on the south end and Interstate 5 on the north end and to conduct an evaluation of that project to determine the impacts on the movement of vehicles and people through the Interstate 405 and state route number 167 corridor, effectiveness for transit, carpools and single occupancy vehicles, and feasibility of financing capacity improvements through tolls." [2011 c 369 § 1.]

47.56.884 Interstate 405 express toll lanes operations account. The Interstate 405 express toll lanes operations account is created in the motor vehicle fund. All revenues received by the department as toll charges collected from Interstate 405 express toll lane users must be deposited into the account. Moneys in the account may be spent only after appropriation. Consistent with RCW 47.56.820, expenditures from the account may be used for debt service, planning, administration, construction, maintenance, operation, repair, rebuilding, enforcement, and the expansion of express toll lanes on Interstate 405. [2011 c 369 § 5.]

Intent—2011 c 369: See note following RCW 47.56.880.

47.56.886 State route number 167 and Interstate 405 express toll lane system—Traffic and revenue analysis—Finance plan. (1)(a) The transportation commission shall retain appropriate independent experts and conduct a traffic and revenue analysis for the development of a forty-mile continuous express toll lane system that includes state route number 167 and Interstate 405. The analysis must include a review of the following variables within the express toll lane system:

(i) Vehicles with two or more occupants are exempt from payment;

(ii) Vehicles with three or more occupants are exempt from payment;

- (iii) A variable fee; and
- (iv) A flat rate fee.

(b) The department, in consultation with the transportation commission, shall develop a corridor-wide project management plan to develop a strategy for phasing the completion of improvements in the Interstate 405 and state route number 167 corridor.

(2) The department, in consultation with the transportation commission, shall use the information from the traffic and revenue analysis and the corridor-wide project management plan to develop a finance plan to fund improvements in the Interstate 405 and state route number 167 corridor. The department must include the following elements in the finance plan:

(a) Current state and federal funding contributions for projects in the Interstate 405 and state route number 167 corridor;

(b) A potential future state and federal funding contribution to leverage toll revenues;

(c) Financing mechanisms to optimize the revenue available for capacity improvements including, but not limited to, using the full faith and credit of the state;

(d) An express toll lane system operating in the Interstate 405 and state route number 167 corridor by 2014; and

(e) Completion of the capacity improvements in the Interstate 405 and state route number 167 corridor.

(3) The department and the transportation commission must consult with a committee consisting of local and state elected officials from the Interstate 405 and state route number 167 corridor and representatives from the transit agencies that operate in the Interstate 405 and state route number 167 corridor while developing the performance standards, traffic and revenue analysis, and finance plan.

(4) The transportation commission must provide the traffic and revenue analysis plan, and the department must provide the finance plan, to the governor and the legislature by January 2012. The department shall provide technical and other support as requested by the transportation commission to complete the plans identified in this subsection. Funds from Interstate 405 capital project appropriations may be used by the transportation commission through an inter-agency agreement with the department to cover the cost of the plans identified in this subsection.

(5) The department shall conduct ongoing education and outreach to ensure public awareness of the express toll lane system. [2011 c 369 § 4.]

Intent—2011 c 369: See note following RCW 47.56.880.

47.56.890 Columbia river crossing project—Eligible toll facility—Tolls authorized—Toll, revenue, and cost limitations. (Contingent effective date.) (1) For the purposes of this section and RCW 47.56.892 and 47.56.894, "Columbia river crossing project" means the bistate, multimodal corridor improvement program between the state route number 500 interchange in Vancouver, Washington and the Victory Boulevard interchange in Portland, Oregon.

(2) The Columbia river crossing project is designated an eligible toll facility. Tolls are authorized to be imposed on the Columbia river crossing project. However, the tolls must be charged only for travel on the existing and replacement Interstate 5 Columbia river bridges. Tolls may not be

(2012 Ed.)

charged for travel on any portion of Interstate 205. Toll revenue generated on the Columbia river crossing project must be expended only as allowed under RCW 47.56.820. The total cost of the Columbia river crossing project may not exceed three billion four hundred thirteen million dollars. [2012 c 36 § 2.]

Finding—2012 c 36: "The legislature finds that the replacement and improvement of the Interstate 5 Columbia river crossing is critical for the west coast's transportation system and for the safety of Washington and Oregon drivers. The interstate bridge includes two side-by-side structures built in 1917 and 1958. In 2005, approximately one hundred thirty-four thousand vehicles traveled across the interstate bridge each day, and about forty billion dollars in freight crosses the river each year. Collisions on and near the bridge occur at a rate almost twice as high as other similar urban highways, and the aging bridges are vulnerable to earthquakes. Replacing these structures and making multimodal improvements to facilitate travel in the bistate corridor is essential for the economy of the region. Therefore, the state must develop a comprehensive approach to fund an Interstate 5 Columbia river crossing project." [2012 c 36 § 1.]

Contingent effective date—2012 c 36: "Except for section 4 of this act, this act takes effect upon, and tolls may not be collected on the Columbia river crossing project until: (1) Certification of the secretary of transportation to the governor that the department of transportation has received satisfactory evidence that sufficient funding, including federal funds, will be available to complete the phase of the Columbia river crossing project that includes the construction of the Columbia river bridge and landings; and (2) the agreement or agreements described in section 4 of this act have taken effect. If the secretary of transportation does not provide such certification to the governor by December 31, 2015, this act, except for section 4 of this act, is null and void." [2012 c 36 § 7.]

Notice of certification and toll rate agreements—2012 c 36: "The secretary of transportation must provide notice that the governor has received certification as described under section 7 of this act to affected parties, the chief clerk of the house of representatives, the secretary of the senate, the office of the code reviser, and others as deemed appropriate by the secretary. Additionally, the tolling authority, as defined in RCW 47.56.810, must provide written notice that the agreements described under section 4 of this act have taken effect to affected parties, the chief clerk of the house of representatives, the secretary of the senate, the office of the code reviser, and others as deemed appropriate by the tolling authority." [2012 c 36 § 8.]

47.56.892 Columbia river crossing project—Agreements with the Oregon state transportation commission. (Contingent expiration date.) For the Columbia river crossing project, the tolling authority may enter into agreements with the Oregon state transportation commission regarding the mutual or joint setting, adjustment, and review of toll rates as the tolling authority may find necessary to carry out the purposes of this section. Any agreement between the tolling authority and the Oregon state transportation commission made pursuant to this section takes effect, and is not binding and enforceable until, thirty days after adjournment of the next ensuing regular legislative session. If the tolling authority has not entered into an agreement with the Oregon state transportation commission by December 31, 2015, this section expires. [2012 c 36 § 4.]

Finding—Notice of certification and toll rate agreements—2012 c 36: See notes following RCW 47.56.890.

47.56.894 Columbia river crossing project account—Deposits. (Contingent effective date.) (1) A special account to be known as the Columbia river crossing project account is created in the state treasury.

(2) Deposits to the account must include:

(a) All proceeds of bonds and loans issued for the Columbia river crossing project, including any capitalized interest;

(b) All tolls and other revenues received from the operation of the Columbia river crossing project as a toll facility to be deposited at least monthly;

(c) Any interest that may be earned from the deposit or investment of those revenues;

(d) Notwithstanding RCW 47.12.063, proceeds from the sale of any surplus real property acquired for the Columbia river crossing project; and

(e) All damages, liquidated or otherwise, collected under any contract involving the Columbia river crossing project. [2012 c 36 § 3.]

Finding—Contingent effective date—Notice of certification and toll rate agreements—2012 c 36: See notes following RCW 47.56.890.

Bridges over navigable waters: RCW 79.110.110 through 79.110.140.

47.58.010 Improvement of existing bridge and construction of new bridge as single project—Agreement—Tolls. Whenever the legislature specifically authorizes, as a single project, the construction of an additional toll bridge, including approaches, and the reconstruction of an existing adjacent bridge, including approaches, and the imposition of tolls on both bridges, the department is authorized to enter into appropriate agreements whereunder the existing bridge or its approaches will be reconstructed and improved and an additional bridge, including approaches and connecting highways will be constructed as a part of the same project to be located adjacent to or within two miles of the existing bridge and will be financed through the issuance of revenue bonds of the same series. The department has the right to impose tolls for traffic over the existing bridge as well as the additional bridge for the purpose of paying the cost of operation and maintenance of the bridge or bridges and the interest on and creating a sinking fund for retirement of revenue bonds issued for account of such project, all in the manner permitted and provided by this chapter. [1984 c 7 § 288; 1961 c 13 § 47.58.010. Prior: 1955 c 208 § 1.]

Additional notes found at www.leg.wa.gov

47.58.020 Examinations and surveys—Preliminary expenses—Financing. For the purpose of obtaining information as to the necessity of the reconstruction or improvement of any such bridge and the expediency of constructing any such additional bridge it is the duty of the department to make any examination, investigation, survey, or reconnais-

sance pertaining thereto. The cost of any such examination, investigation, survey, or reconnaissance, and all preliminary expenses in the issuance of any revenue bonds, making surveys and appraisals and drafting, printing, issuance, and sale of bonds under this chapter, shall be advanced by any interested municipality, agency, or department of the state of Washington. All such advancements shall be reimbursed out of any proceeds derived from the sale of bonds or out of tolls and revenues to be derived by the department through its operations hereunder for account of the project, as may be agreed upon between the department and the municipality, agency, or department. [1984 c 7 § 289; 1961 c 13 § 47.58.020. Prior: 1955 c 208 § 2.]

Additional notes found at www.leg.wa.gov

47.58.030 Construction, operation of bridges—Collection of tolls—Schedule of charges. Except as otherwise provided in RCW 47.56.850, the secretary shall have full charge of the construction of all such improvements and reconstruction work and the construction of any additional bridge, including approaches and connecting highways, that may be authorized under this chapter and the operation of such bridge or bridges, as well as the collection of tolls and other charges for services and facilities thereby afforded. The schedule of charges for the services and facilities shall be fixed and revised from time to time by the commission so that the tolls and revenues collected will yield annual revenue and income sufficient, after payment or allowance for all operating, maintenance, and repair expenses, to pay the interest on all revenue bonds outstanding under the provisions of this chapter for account of the project and to create a sinking fund for the retirement of the revenue bonds at or prior to maturity. The charges shall be continued until all such bonds and interest thereon and unpaid advancements, if any, have been paid. [2008 c 122 § 19; 1984 c 7 § 290; 1961 c 13 § 47.58.030. Prior: 1955 c 208 § 3.]

47.58.040 Revenue bonds—Form—Sale—Interim bonds—Deposit of proceeds. For the purpose of paying the cost of all or any part of the improvement and reconstruction work and the construction of any additional bridge, approaches thereto, and connecting highways, the department is hereby authorized by resolution to issue its revenue bonds which shall constitute obligations only of the department and shall be payable from any funds available except revenue from the general fund, including but not limited to the revenues and income from the operation of the bridge or bridges constituting the project as may be provided in and by such resolution. Each such revenue bond shall contain a recital that payment or redemption of the bond and payment of the interest thereon is secured by a direct charge and lien upon the tolls and revenues pledged for that purpose and that such bond does not constitute an indebtedness of the state of Washington. Such revenue bonds may bear such date or dates, may mature at such time or times as the department shall determine, may bear interest at such rate or rates, may be in such denomination or denominations, may be in such form, either coupon or registered, may carry such registration and conversion privileges, may be made subject to such terms of redemption with or without premium, and may contain

such other terms and covenants not inconsistent with this chapter as may be provided in such resolution. Notwithstanding the form or tenor of the bond, and in the absence of an express recital on its face that the bond is nonnegotiable, each such revenue bond shall at all times be and shall be treated as a negotiable instrument for all purposes. All such bonds shall be signed by the state treasurer and countersigned by the governor, and any interest coupons appertaining thereto shall bear the signature of the state treasurer. The countersignature of the governor on the bonds and the signature of the state treasurer on the coupons may be their printed or lithographed facsimile signatures. Pending the issuance of definitive bonds, temporary or interim bonds, certificates, or receipts of any denomination and with or without coupons attached may be issued as may be provided by the resolution. All bonds issued under or by authority of this chapter shall be sold to the highest and best bidder at such price or prices, at such rate or rates of interest, and after such advertising for bids as the department may deem proper, but it may reject any and all bids so submitted and thereafter sell the bonds so advertised under such terms and conditions as it deems advantageous. The purchase price of all bonds issued hereunder shall be paid to the state treasurer consistent with the provisions of the resolution pursuant to which the bonds have been issued or to the trustee designated in the bond resolution and held as a separate trust fund to be disbursed on the orders of the department. [1984 c 7 § 291; 1973 c 106 § 27; 1970 ex.s. c 56 § 64; 1969 ex.s. c 232 § 78; 1961 c 102 § 1; 1961 c 13 § 47.58.040. Prior: 1955 c 208 § 4.]

47.58.050 Revenue bonds—Expenses includable—Conditions—Remedies of bondholders. In determining the amount of bonds required to be issued, there may be included any expenses incurred or approved by the department in connection with and incidental to the issuance and sale of bonds and for the preparation of surveys and estimates and making inspections and examinations, required reserves, if any, interest during the estimated construction period and for six months thereafter, and a reasonable amount for initial operating expenses and prepaid insurance. The department is hereby empowered to include in any resolution authorizing the issuance of the bonds such covenants, stipulations, and conditions as it deems necessary with respect to the continued use and application of the revenues and income from the bridge or bridges. The holder of any bond or the trustee for any bonds designated by resolution may by mandamus or other appropriate proceeding compel performance of any duties imposed upon any state department, official, or employee, including any duties imposed upon or undertaken by the department or its officers, agents, and employees in connection with any improvement or reconstruction work on any existing bridge, the construction of any additional bridge, including approaches and connecting highways provided to be so constructed, the maintenance and operation of the bridge or bridges and in connection with the collection, deposit, investment, application, and disbursement of the proceeds of the bonds and the revenues and income derived from the operation of the bridge or bridges. 47.58.060 Bond resolution—Disposition of income and revenues. Each resolution providing for the issuance of revenue bonds shall provide for setting aside the necessary amounts for the reasonable and proper operation, maintenance, and repair expenses, and shall fix and determine the amounts to be set apart and applied to the payment of the interest on and retirement of the revenue bonds. All income and revenues as collected shall be paid to the state treasurer for the account of the department as a separate trust fund to be segregated and set apart for the payment of the revenue bonds, or may be remitted to and held by a designated trustee in such manner and with such collateral as may be provided in the resolution authorizing the issuance of the bonds. 47.58.080 Eminent domain. The department is hereby authorized and empowered to acquire in the name of the state by the exercise of the power of eminent domain any lands, property, rights, rights-of-way, franchises, easements, and other property of any person, firm, corporation, political subdivision, or other owner, deemed necessary or convenient for the construction, reconstruction, improvement, and operation of any project initiated and carried on by the department under this chapter. The proceedings shall be in accordance with and subject to the provisions of any and all laws applicable to the exercise of the power of eminent domain by the state. [1984 c 7 § 294; 1961 c 13 § 47.58.080. Prior: 1955 c 208 § 8.]

47.58.090 Study of projects—Specific authorization of construction and finance. Under the provisions of this chapter, projects other than those specifically authorized herein involving existing bridges may be studied and analyzed by the department, and recommendations therefor may be submitted to the legislature, but such other projects shall not be financed or constructed by the department under the provisions of this chapter until further specific authorization therefor has been provided by the legislature. [1984 c 7 § 295; 1961 c 13 § 47.58.090. Prior: 1955 c 208 § 11.]

47.58.900 Chapter provides additional method. This chapter shall be deemed to provide an additional and alternative method for the doing of the things authorized thereby, and shall be regarded as supplemental and additional to powers conferred by other laws, and shall not be regarded as in derogation of any powers existing on June 8, 1955. [1961 c 13 § 47.58.900. Prior: 1955 c 208 § 9.]

47.60.005 Definitions. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Adaptive management" means a systematic process for continually improving management policies and practices by learning from the outcomes of operational programs.

(2) "Capital plan" means the state ferry system plan developed by the department as described in RCW 47.06.050(2), reviewed by the commission, and reported to the transportation committees of the legislature by the commission.

(3) "Capital project" has the same meaning as used in budget instructions developed by the office of financial management.

(4) "Commission" means the transportation commission created in RCW 47.01.051.

(5) "Improvement project" has the same meaning as in the budget instructions developed by the office of financial management. If the budget instructions do not define improvement project, then it has the same meaning as "program project" in the budget instructions. If a project meets both the improvement project and preservation project definitions in this section it must be defined as an improvement project. New vessel acquisitions must be defined as improvement projects.

(6) "Life-cycle cost model" means that portion of a capital asset inventory system which, among other things, is used to estimate future preservation needs.

(7) "Maintenance cost" has the same meaning as used in budget instructions developed by the office of financial management.

(8) "Preservation project" has the same meaning as used in budget instructions developed by the office of financial management.

(9) "Route" means all ferry sailings from one location to another, such as the Seattle to Bainbridge route or the Port Townsend to Keystone route.

(10) "Sailing" means an individual ferry sailing for a specific route, such as the 5:00 p.m. sailing from Seattle to Bremerton.

(11) "Travel shed" means one or more ferry routes with distinct characteristics as determined by the department. [2008 c 124 § 1; 2007 c 512 § 3.]

Finding—Intent—2007 c 512: See note following RCW 47.06.140.

47.60.010 Ferry system, toll bridges, and facilities authorized—Power to contract, sell, and lease back. The department is authorized to acquire by lease, charter, contract, purchase, condemnation, or construction, and partly by any or all of such means, and to thereafter operate, improve, and extend, a system of ferries on and crossing Puget Sound and any of its tributary waters and connections thereof, and connecting with the public streets and highways in the state. The system of ferries shall include such boats, vessels, wharves, docks, approaches, landings, franchises, licenses, and appurtenances as shall be determined by the department to be necessary or desirable for efficient operation of the ferry system and best serve the public. Subject to RCW 47.56.820, the department may in like manner acquire by purchase, condemnation, or construction and include in the ferry system such toll bridges, approaches, and connecting roadways as may be deemed by the department advantageous in channeling traffic to points served by the ferry system. In addition to the powers of acquisition granted by this section, the department is empowered to enter into any contracts, agreements, or leases with any person, firm, or corporation and to thereby provide, on such terms and conditions as it shall determine,

(2012 Ed.)

for the operation of any ferry or ferries or system thereof, whether acquired by the department or not.

The authority of the department to sell and lease back any state ferry, for federal tax purposes only, as authorized by 26 U.S.C., Sec. 168(f)(8) is confirmed. Legal title and all incidents of legal title to any ferry sold and leased back (except for the federal tax benefits attributable to the ownership thereof) shall remain in the state of Washington. [2008 c 122 § 20; 1984 c 18 § 1; 1984 c 7 § 296; 1961 c 13 § 47.60.010. Prior: 1949 c 179 § 1; Rem. Supp. 1949 § 6584-30.]

47.60.013 Emergency powers of governor to insure continued operation of ferry and toll bridge system—Cost reimbursement. The governor is authorized to take such actions as may be necessary to insure the continued operation of the Puget Sound ferry and toll bridge system under any emergency circumstances which threaten the continued operation of the system. In the event of such an emergency, the governor may assume all the powers granted by law to the transportation commission and department of transportation with respect to the ferry system. In addition, notwithstanding the provisions of chapters 47.60 and 47.64 RCW, the governor may contract with any qualified persons for the operation of the Washington state ferry system, or any part thereof, or for ferry service to be provided by privately owned vessels. Administrative costs to the office of the governor incurred in the exercise of this authority shall be reimbursed by the department. [1981 c 341 § 1.]

Additional notes found at www.leg.wa.gov

47.60.015 "Washington State Ferries"—Name authorized. The department is authorized to operate its ferry system under the name: "Washington State Ferries." [1984 c 7 § 297; 1961 c 13 § 47.60.015. Prior: 1953 c 33 § 1.]

Additional notes found at www.leg.wa.gov

47.60.017 State ferry system a public mass transportation system. The legislature finds and declares that the state ferry system is a public mass transportation system. [1974 ex.s. c 105 § 1.]

47.60.020 Eminent domain—Condemnation proceedings. For the purpose of carrying out any or all of the powers granted in this chapter, the department has the power of eminent domain for the acquisition of either real or personal property, used or useful for the Puget Sound ferry system. Condemnation pursuant to this chapter shall be the procedure set out in chapter 8.04 RCW. The department may institute condemnation proceedings in the superior court of any county or other court of competent jurisdiction in which any of the property sought to be condemned is located or in which the owner of any thereof does business, and the court in any such action has jurisdiction to condemn property wherever located within the state. It shall not be necessary to allege or prove any offer to purchase or inability to agree with the owners thereof for the purchase of any such property in the proceedings. It is the intention of this section to permit the consolidation in one action of all condemnation proceedings necessary to acquire a ferry system and every type of prop-

erty incident thereto, irrespective of its location within the state or diversity of ownership. Upon the filing of a petition for condemnation as provided in this section, the court may issue an order restraining the removal from the jurisdiction of the state of any personal property sought to be acquired by the proceeding during the pendency thereof. The court further has the power to issue such orders or process as are necessary to place the department into possession of any property condemned. [1984 c 7 § 298; 1961 c 13 § 47.60.020. Prior: 1949 c 179 § 2; Rem. Supp. 1949 § 6584-31.]

Additional notes found at www.leg.wa.gov

47.60.030 Existing contracts—Prior negotiations and bids validated. In any case where the department takes over any property or properties which are under lease, contract, or concession, or where the department has heretofore entered into any contract or negotiation or received any bid for any of the purposes set forth in this chapter, the department is authorized to continue in effect and carry out any such contract, lease, or concession or complete any such negotiation or accept any such bid or any modification of any of them which appears advantageous to the department without regard to any limitations or directions as to the manner thereof contained in this chapter. However, this section shall not be construed as requiring the department so to act, but this section is permissive only and then only in respect to contracts, leases, concessions, negotiations, or bids existing, entered into, or received prior to April 1, 1949. [1984 c 7 § 299; 1961 c 13 § 47.60.030. Prior: 1949 c 179 § 7; Rem. Supp. 1949 § 6584-36.]

Additional notes found at www.leg.wa.gov

47.60.040 Survey by department. For the purpose of obtaining information for the consideration of the department upon the acquisition of any ferries or ferry facilities or the construction of any toll bridge under this chapter, the department shall make any examination, investigation, survey, or reconnaissance for the determination of material facts pertaining thereto.

The cost of any such examination, investigation, survey, or reconnaissance, and all preliminary expenses leading up to and resulting in the issuance of any revenue bonds including, but not being limited to expenses in making surveys and appraisals and the drafting, printing, issuance, and sale of bonds under this chapter shall be borne by the department out of the motor vehicle fund. All such costs and expenses as well as any thereof heretofore incurred shall be reimbursed to the motor vehicle fund out of any proceeds derived from the sale of bonds or out of tolls and revenues to be derived by the department through its operations hereunder. [1984 c 7 § 300; 1961 c 13 § 47.60.040. Prior: 1949 c 179 § 4, part; Rem. Supp. 1949 § 6584-33, part.]

Additional notes found at www.leg.wa.gov

47.60.050 Improvement of facilities—Financing. Any facility that the department acquires or is authorized to acquire under the provisions of this chapter may be rehabilitated, rebuilt, enlarged, or improved, and the cost thereof may be paid from the revenues of the system or through the issuance of bonds as hereinafter provided. [1984 c 7 § 301; 1961

c 13 § 47.60.050. Prior: 1949 c 179 § 3, part; Rem. Supp. 1949 § 6584-32, part.]

47.60.060 Revenue bonds authorized—Issuance—Conditions—Negotiability—Interim bonds. For the purpose of paying the cost of acquiring by lease, charter, contract, purchase, condemnation, or construction all or any part of such Puget Sound ferry system, including toll bridges, approaches, and roadways incidental thereto, and for rehabilitating, rebuilding, enlarging, or improving all or any part of the system, the department is authorized by resolution to issue its revenue bonds which shall constitute obligations only of the department and shall be payable solely and only from all or such part of the revenues from the operation of the system as may be provided in and by the resolution.

Each revenue bond shall contain a recital that payment or redemption of the bond and payment of the interest thereon is secured by a direct charge and lien upon the tolls and revenues pledged for that purpose and that the bond does not constitute an indebtedness of the state of Washington.

The department is empowered to include in any resolution authorizing the issuance of the bonds such covenants, stipulations, and conditions as may be deemed necessary with respect to the continued use and application of the income and revenues from the undertaking.

The revenue bonds may bear such date or dates, may mature at such time or times as the department determines, may bear interest at such rate or rates, may be in such denomination or denominations, may be in such form, either coupon or registered, may carry such registration and conversion privileges, may be made subject to such terms of redemption with or without premium, and may contain such other terms and covenants not inconsistent with this chapter as may be provided in the resolution. Notwithstanding the form or tenor thereof, and in the absence of an express recital on the face thereof that the bond is nonnegotiable, each such revenue bond shall at all times be and shall be treated as a negotiable instrument for all purposes. All such bonds shall be signed by the state treasurer and countersigned by the governor, and any interest coupons appertaining thereto shall bear the signature of the state treasurer. The countersignature of the governor on the bonds and the signature of the state treasurer on the coupons may be their printed or lithographed facsimile signatures.

Pending the issuance of definitive bonds, temporary or interim bonds, certificates, or receipts of any denomination and with or without coupons attached may be issued as may be provided by the resolution. [1984 c 7 § 302; 1973 c 106 § 28; 1970 ex.s. c 56 § 65; 1969 ex.s. c 232 § 34; 1961 c 13 § 47.60.060. Prior: 1949 c 179 § 4, part; Rem. Supp. 1949 § 6584-33, part.]

Purpose—1970 ex.s. c 56: See note following RCW 39.52.020.

47.60.080 Determining amount of bonds to be issued. In determining the amount of bonds required to be issued there may be included any expenses incurred by the department in connection with and incidental to the issuance and sale of bonds and for the preparation of surveys and estimates and making inspections and examinations, interest during the

estimated construction period, and for six months thereafter, and a reasonable amount for working capital and prepaid insurance. [1984 c 7 § 303; 1961 c 13 § 47.60.080. Prior: 1949 c 179 § 4, part; Rem. Supp. 1949 § 6584-33, part.]

47.60.090 Sale of bonds—Deposit, disbursement of proceeds. All bonds issued under or by authority of this chapter shall be sold to the highest and best bidder after such advertising for bids as the department deems proper. However, the department may reject any and all bids so submitted and thereafter sell such bonds so advertised under such terms and conditions as it deems most advantageous to its own interests. The purchase price of all bonds issued under this chapter shall be paid to the state treasurer consistent with the provisions of the resolution pursuant to which the bonds have been issued or to the trustee designated in the bond resolution and held as a separate trust fund to be disbursed on the orders of the department. [1984 c 7 § 304; 1961 c 13 § 47.60.090. Prior: 1949 c 179 § 4, part; Rem. Supp. 1949 § 6584-33, part.]

47.60.113 Refunding bonds—Authorization—Amount—Interest—Conditions. The department is authorized to refund, at the maturity thereof, or before the maturity thereof if they are subject to call prior to maturity or if all of the holders thereof consent thereto, upon such terms and conditions as it deems best, any or all of its revenue bonds now or hereafter outstanding, issued for the purpose of acquiring, constructing, or reconstructing any toll bridge, toll road, toll tunnel, ferry system, or any other toll facility of any sort, or issued for the purpose of refunding such bonds, which revenue bonds are payable out of all or part of the revenues of the toll facility. Refunding bonds may be issued hereunder in a sufficient amount to provide additional funds for acquiring, constructing, reconstructing, rehabilitating, rebuilding,

enlarging, or improving any toll bridge, toll road, toll tunnel, ferry system, or any other toll facility of any sort, and to pay all refunding costs and expenses and to provide adequate reserves for the toll facility and for any such refunding bonds. Various issues and series of such outstanding bonds, including refunding bonds, may be combined and refunded by a single issue of refunding bonds. The refunding bonds shall bear interest at such rates and mature at such times, without limitation by the interest rates or maturity of the bonds being refunded, and shall contain such other covenants and conditions as the department determines by resolution. [1984 c 7 § 305; 1961 c 13 § 47.60.113. Prior: 1957 c 152 § 1; 1955 c 17 § 1.]

47.60.114 Refunding bonds—Payable from revenues. Any refunding bonds authorized by this chapter constitute obligations of the department only and not of the state of Washington. They shall be payable solely out of all or such part of the revenues derived from the operation of the toll bridge, toll road, toll tunnel, ferry system, or any other toll facility, as shall be provided in the resolution authorizing the issuance of the refunding bonds. [1984 c 7 § 306; 1961 c 13 § 47.60.114. Prior: 1957 c 152 § 2; 1955 c 17 § 2.]

47.60.115 Refunding bonds—Disposition—Laws applicable. The bonds herein authorized shall, in the discretion of the department, be exchanged at the best possible price for the bonds being refunded, or any such bonds not exchanged shall be sold in the manner provided in RCW 47.60.090. The bonds herein authorized shall be issued in accordance with, and shall be subject to, the provisions of RCW 47.60.050, 47.60.060, 47.60.080, 47.60.100, 47.60.110, and 47.60.120. 47.60.120 Other crossings—Infringement of existing franchises—Waivers (as amended by 2003 c 83). (1) If the department acquires or constructs, maintains, and operates any ferry crossings upon or toll bridges over Puget Sound or any of its tributary or connecting waters, there shall not be constructed, operated, or maintained any other ferry crossing upon or bridge over any such waters within ten miles of any such crossing or bridge operated or maintained by the department excepting such bridges or ferry crossings in existence, and being operated and maintained under a lawfully issued franchise at the time of the location of the ferry crossing or construction of the toll bridge by the department.

(2) The ten-mile distance in subsection (1) of this section means ten statute miles measured by airline distance. The ten-mile restriction shall be applied by comparing the two end points (termini) of a state ferry crossing to those of a private ferry crossing.

(3) The Washington utilities and transportation commission may, upon written petition of a commercial ferry operator certificated or applying for certification under chapter 81.84 RCW, and upon notice and hearing, grant a waiver from the ten-mile restriction. The waiver must not be detrimental to the public interest. In making a decision to waive the ten-mile restriction, the commission shall consider, but is not limited to, the impact of the waiver on transportation congestion mitigation, air quality improvement, and the overall impact on the Washington state ferry system. The commission shall act upon a request for a waiver within ninety days after the conclusion of the hearing. A waiver is effective for a period of five years from the date of issuance. At the end of five years the waiver becomes permanent unless appealed within thirty days by the commission on its own motion, the department, or an interested party.

(4) The department shall not maintain and operate any ferry crossing or toll bridge over Puget Sound or any of its tributary or connecting waters that would infringe upon any franchise lawfully issued by the state and in exist-

ence and being exercised at the time of the location of the ferry crossing or toll bridge by the department, without first acquiring the rights granted to such franchise holder under the franchise.

(5) This section does not apply to the operation of passenger-only ferry service by public transportation benefit areas meeting the requirements of RCW 36.57A.200 or to the operation of passenger-only ferry service by ferry districts. [2003 c 83 § 204; 1993 c 427 § 1; 1984 c 7 § 307; 1961 c 13 § 47.60.120. Prior: 1949 c 179 § 6; Rem. Supp. 1949 § 6584-35.]

47.60.122 Ferries, terminal facilities—Interim revenue warrants authorized. For the purpose of paying the cost of acquiring, constructing, or reconstructing ferries or ferry terminal facilities, and all costs which may be incurred in connection therewith, the department is authorized to issue interim revenue warrants, which shall constitute obligations only of the department, and which shall not be obligations of the state of Washington. Such warrants shall be payable solely out of part or all of the revenues derived from the operation of the Puget Sound ferry system as shall be provided in the resolution authorizing their issuance, and shall be drawn upon, and the principal thereof and interest thereon shall be payable out of, such fund or funds as shall be created in and provided by the resolution. The warrants may be interest-bearing coupon warrants with a fixed maturity date, or may be interest-bearing registered warrants payable in order of

their issuance whenever there is sufficient money in the fund upon which they were drawn to redeem any of them. [1984 c 7 § 308; 1961 c 13 § 47.60.122. Prior: 1953 c 159 § 1.]

47.60.124 Revenue refunding bonds to redeem interim warrants. If it is deemed advisable or found necessary to redeem any or all of such warrants, the department is authorized to issue its revenue refunding bonds for that purpose. The bonds shall constitute obligations only of the department, and shall not be obligations of the state of Washington. The refunding bonds shall be payable solely out of part or all of the revenues derived from the operation of the Puget Sound ferry system as shall be provided in the resolution authorizing their issuance. 47.60.130 Unit or combined operation—Continuous project—Rental, charter, lease of system property—Sale of unneeded property. Such ferry system, including any toll bridges, approaches, and roadways incidental thereto, may be financed and operated in combination or separately as one or more units as the department of transportation may determine, and such ferry system together with any toll bridge hereafter constructed by the department upon or across the waters of Puget Sound or Hood Canal, or any part of either, replacing one or more presently operated ferry routes, is declared to be a continuous project within the meaning of *RCW 47.56.070. The department is empowered to rent, lease, or charter any property acquired under this chapter. If the department determines that any real property (including lands, improvements thereon, and any interests or estates) originally acquired for the ferry system is no longer required for the purposes of the ferry system, the department shall offer it for sale in the manner and with the authority authorized to the department by RCW 47.12.063 or 47.12.283. The secretary of transportation may adopt rules further implementing this section. The proceeds of all such sales shall be paid into the separate trust fund of the state treasury established pursuant to **RCW 47.60.150. [1979 ex.s. c 189 § 6; 1973 1st ex.s. c 177 § 5; 1961 c 13 § 47.60.130. Prior: 1955 c 22 § 1; 1953 c 32 § 1; 1949 c 179 § 3, part; Rem. Supp. 1949 § 6584-32, part.]

47.60.135 Charter of state ferries—Hazardous materials. (1) The charter use of Washington State Ferry vessels

when established route operations and normal user requirements are not disrupted is permissible. In establishing chartering agreements, Washington State Ferries shall consider the special needs of local communities and interested parties. Washington State Ferries shall use sound business judgment and be sensitive to the interests of existing private enterprises.

(2) Consistent with the policy as established in subsection (1) of this section, the chief executive officer of the Washington State Ferries may approve agreements for the chartering of Washington State Ferry vessels to groups or individuals, including hazardous material transporters, in accordance with the following:

(a) Vessels may be committed to charter only when established route operation and normal user requirements are not disrupted or inconvenienced. If a vessel is engaged in the transport of hazardous materials, the transporter shall pay for all legs necessary to complete the charter, even if the vessel is simultaneously engaged in an operational voyage on behalf of Washington State Ferries.

(b) Charter rates for vessels must be established at actual vessel operating costs plus a market-rate profit margin. Actual vessel operating costs include, but are not limited to, all labor, fuel, and vessel maintenance costs incurred due to the charter agreement, including deadheading and standby.

(c) Parties chartering Washington State Ferry vessels shall comply with all applicable laws, rules, and regulations during the charter voyage, and failure to so comply is cause for immediate termination of the charter voyage. [2003 c 374 § 1; 1997 c 323 § 2.]

Finding—1997 c 323: "The legislature finds that when established route operations and normal user requirements are not disrupted Washington state ferries may be used for the transportation of hazardous materials under the chartering procedures and rates described in RCW 47.60.135." [1997 c 323 § 1.]

47.60.140 System as self-liquidating undertaking—Powers of department—Concessions. (1) The department is empowered to operate such ferry system, including all operations, whether intrastate or international, upon any route or routes, and toll bridges as a revenue-producing and self-liquidating undertaking. The department has full charge of the construction, rehabilitation, rebuilding, enlarging, improving, operation, and maintenance of the ferry system, including toll bridges, approaches, and roadways incidental thereto that may be authorized by the department, including the collection of tolls and other charges for the services and facilities of the undertaking. The department has the exclusive right to enter into leases and contracts for use and occupancy by other parties of the concessions and space located on the ferries, wharves, docks, approaches, parking lots, and landings, including the selling of commercial advertising space and licenses to use the Washington State Ferries trademarks, but, except as provided in subsection (2) of this section, no such leases or contracts may be entered into for more than ten years, nor without a competitive contract process, except as otherwise provided in this section. The competitive process shall be either an invitation for bids in accordance with the process established by chapter 43.19 RCW, or a request for proposals in accordance with the process established by RCW 47.56.030. All revenues from commercial

advertising, concessions, parking, leases, and contracts must be deposited in the Puget Sound ferry operations account in accordance with *RCW 47.60.150.

(2) As part of a joint development agreement under which a public or private developer constructs or installs improvements on ferry system property, the department may lease all or part of such property and improvements to such developers for that period of time, not to exceed fifty-five years, or not to exceed thirty years for those areas located within harbor areas, which the department determines is necessary to allow the developer to make reasonable recovery on its initial investment. Any lease entered into as provided for in this subsection that involves state aquatic lands shall conform with the Washington state Constitution and applicable statutory requirements as determined by the department of natural resources. That portion of the lease rate attributable to the state aquatic lands shall be distributed in the same manner as other lease revenues derived from state aquatic lands as provided in **RCW 79.24.580.

(3) The department shall include in the strategic planning and performance assessment process, as required by RCW 43.88.090, an analysis of the compatibility of public and private partnerships with the state ferry system's core business, and the department's efforts to maximize nonfarebox revenues and provide benefit to the public users of the ferry system facilities. The department shall include an assessment of the need for an open solicitation to identify and select possible public or private partnerships in order to maximize the value of projects and the state's investment in current and future ferry system operations.

(a) When the department determines that an open solicitation is necessary, a request for proposal shall be released, consisting of an open solicitation outlining functional specifications to be used as the basis for selecting partnerships in the project.

(b) Any responses to the request for proposal shall be evaluated, at a minimum, on the basis of compatibility with the state ferry system's core business, potential to maximize nonfarebox revenue, longevity of the possible partnership commitment, and benefit to the public users of the ferry system facilities.

(c) If no responses are received, or those that are received are incompatible with ferry system operations, or do not meet the criteria stated in (b) of this subsection, the state ferry system may proceed with state ferry system operating strategies designed to achieve state ferry system objectives without established partnerships. [2003 c 374 § 2; 1995 1st sp.s. c 4 § 2; 1987 c 69 § 1; 1984 c 7 § 311; 1965 ex.s. c 170 § 58; 1961 c 13 § 47.60.140. Prior: 1951 c 259 § 1; 1949 c 179 § 5, part; Rem. Supp. 1949 § 6584-34, part.]

47.60.145 Historic ferries—Acquisition by qualified persons or organizations. (1) An "historic ferry" is any vessel in the Washington state ferries fleet which has been listed in the Washington state register of historic places.

(2) When the department of transportation determines that an historic ferry is surplus to the needs of Washington state ferries, the department shall call for proposals from persons who wish to acquire the historic ferry. Proposals for the acquisition of an historic ferry shall be accepted only from persons or organizations that (a) are a governmental entity or a nonprofit corporation or association dedicated to the preservation of historic properties; (b) agree to a contract approved by the state historic preservation officer, which requires the preservation and maintenance of the historic ferry and provides that title to the ferry reverts to the state if the secretary of transportation determines that the contract has been violated; and (c) demonstrate the administrative and financial ability successfully to comply with the contract.

(3) The department shall evaluate the qualifying proposals and shall select the proposal which is most advantageous to the state. Factors to be considered in making the selection shall include but not be limited to:

- (a) Extent and quality of restoration;
- (b) Retention of original design and use;
- (c) Public access to the vessel;
- (d) Provisions for historical interpretation;
- (e) Monetary return to the state.

(4) If there are no qualifying proposals, an historic ferry shall be disposed of in the manner provided by state law. [1982 c 210 § 1.]

47.60.170 Ferries revolving fund—Deposit of excess funds. Nothing in *RCW 47.60.150 forbids the establishment by the department of a Washington state ferries revolving fund of not to exceed six hundred thousand dollars from the proceeds of any bonds sold under the provisions of this chapter. The fund may be deposited by the department in such banks or financial institutions as it may select throughout the state. RCW 43.01.050 does not apply to the fund or any deposits therein made by the department under this section. The department may deposit all moneys received under this chapter in the fund. All expenses whatsoever arising in the operations of the Puget Sound ferry system shall be paid from the fund, if established, by check or voucher in such manner as may be prescribed by the department.

All moneys received by the department or any employee under the foregoing sections of this chapter, except an amount of petty cash for each day's needs as fixed by the regulation of the department, shall each day and as often during the day as advisable, be deposited in the nearest authorized depository selected by the department under this section.

Whenever the fund exceeds six hundred thousand dollars, the department shall forthwith transmit the excess to the state treasurer for deposit in the trust fund established by *RCW 47.60.150. [1984 c 7 § 313; 1970 ex.s. c 85 § 6; 1961 c 13 § 47.60.170. Prior: 1951 c 259 § 13.]

47.60.250 Claim for damages—Filing—Contents—Time limitations. As a condition to a recovery thereon, a verified claim against the department growing out of such damages, loss, injuries, or death must first be presented to the department and filed with the secretary within one hundred twenty days after the time when the claim accrued. If the claimant is incapacitated from verifying and filing a claim

within the one hundred twenty days, or if the claimant is a minor, then the claim may be verified and presented on behalf of the claimant by his or her relative, attorney, or agent. Each claim must accurately locate and describe the event or defect that caused the damage, loss, injury, or death, reasonably describe the damage, loss, or injury, and state the time when the damage, loss, or injury occurred, give the claimant's residence for the last six months, and contain the items of damages claimed. No action may be maintained against the department upon the claim until the claim has been presented to, and filed with, the department and sixty days have elapsed after the presentation and filing, nor more than three years after the claim accrued.

With respect to the content of the claims, this section shall be liberally construed so that substantial compliance will be deemed satisfactory. [1984 c 7 § 319; 1967 c 164 § 3; 1961 c 13 § 47.60.250. Prior: 1951 c 259 § 10.]

47.60.280 Ferry service—Lummi Island to Orcas Island—Limitation on operation. The department is authorized and directed to establish and operate a ferry service

from a suitable point on Lummi Island in Whatcom county to a suitable point on Orcas Island in San Juan county by the most feasible route if and when Whatcom county constructs a bridge from Gooseberry Point on the mainland to Lummi Island. The actual operation of the ferry service shall not begin until Whatcom county has completed the construction of such bridge. [1984 c 7 § 322; 1961 c 13 § 47.60.280. Prior: 1959 c 198 § 1.]

47.60.282 Ferry service between Port Townsend and Keystone—Operation authorized, when. The department is authorized to operate a ferry service between Port Townsend and Keystone on Admiralty Inlet if the certificate of convenience and necessity for the ferry operation is theretofore surrendered, rights thereunder are abandoned, and the ferry service is discontinued. In no event may the department undertake such a ferry service preceding events as set forth herein or before April 1, 1973. [1984 c 7 § 323; 1972 ex.s. c 44 § 1.]

Additional notes found at www.leg.wa.gov

47.60.283 Ferry service between Port Townsend and Keystone—Purpose. The purpose of RCW 47.60.282 and 47.60.283 is to provide service on the ferry route between Port Townsend and Keystone to be determined by the department. Operation of this route is necessary for the economic health, safety, and welfare of the people of the state. Additionally, state operation of this route will further benefit the people of the state by providing better access to important installations maintained by the United States Navy and the United States Coast Guard. [1984 c 7 § 324; 1972 ex.s. c 44 § 2.]

47.60.286 Ferry user data survey. (1) The commission shall, with the involvement of the department, conduct a survey to gather data on ferry users to help inform level of service, operational, pricing, planning, and investment decisions. The survey must include, but is not limited to:

- (a) Recreational use;
- (b) Walk-on customer use;
- (c) Vehicle customer use;
- (d) Freight and goods movement demand; and
- (e) Reactions to potential operational strategies and pricing policies described under RCW 47.60.327 and 47.60.290.

(2) The commission shall develop the survey after providing an opportunity for ferry advisory committees to offer input.

(3) The survey must be updated at least every two years and maintained to support the development and implementation of adaptive management of ferry services. [2007 c 512 § 4.]

Finding—Intent—2007 c 512: See note following RCW 47.06.140.

47.60.290 State ferries—Review of fares and pricing policies—Proposals. (1) The department shall annually review fares and pricing policies applicable to the operation of the Washington state ferries.

(2) Beginning in 2008, the department shall develop fare and pricing policy proposals that must:

(a) Recognize that each travel shed is unique, and might not have the same farebox recovery rate and the same pricing policies;

(b) Use data from the current survey conducted under RCW 47.60.286;

(c) Be developed with input from affected ferry users by public hearing and by review with the affected ferry advisory committees, in addition to the data gathered from the survey conducted in RCW 47.60.286;

(d) Generate the amount of revenue required by the biennial transportation budget;

(e) Consider the impacts on users, capacity, and local communities; and

(f) Keep fare schedules as simple as possible.

(3) While developing fare and pricing policy proposals, the department must consider the following:

(a) Options for using pricing to level vehicle peak demand; and

(b) Options for using pricing to increase off-peak ridership. [2007 c 512 § 5; 1983 c 3 § 136; 1972 ex.s. c 24 § 6; 1961 c 13 § 47.60.290. Prior: 1959 c 199 § 1.]

Finding—Intent—2007 c 512: See note following RCW 47.06.140.

47.60.300 State ferries—Scope of review—Periodic reviews required. The review shall include but not be limited to tariffs for automobiles, passengers, trucks, commutation rates, and volume discounts. The review shall give proper consideration to time of travel, distance of travel, operating costs, maintenance and repair expenses, and the resultant effect any change in tariff might have on the debt service requirements of the department as specifically provided in existing financing programs. The review shall also include the allocation of vessels to particular runs, the scheduling of particular runs, the adequacy and arrangements of docks and dock facilities, and any other subject deemed by the department to be properly within the scope of the review. The department is further authorized and directed to make a like review within every three-year period. [1984 c 7 § 325; 1961 c 13 § 47.60.300. Prior: 1959 c 199 § 2.]

Additional notes found at www.leg.wa.gov

47.60.310 State ferries—Local expressions—Ferry advisory committees. (1) The department is further directed to conduct such review by soliciting and obtaining expressions from local community groups in order to be properly informed as to problems being experienced within the area served by the Washington state ferries. In order that local representation may be established, the department shall give prior notice of the review to the ferry advisory committees.

(2) The legislative authorities of San Juan, Skagit, Clallam, and Jefferson counties shall each appoint a committee to consist of five members to serve as an advisory committee to the department or its designated representative in such review. The legislative authorities of other counties that contain ferry terminals shall appoint ferry advisory committees consisting of three members for each terminal area in each county, except for Vashon Island, which shall have one committee, and its members shall be appointed by the Vashon/Maury Island community council. At least one person appointed to each ferry advisory committee shall be representative of an established ferry user group or of frequent users

of the ferry system. Each member shall reside in the vicinity of the terminal that the advisory committee represents.

(3) The members of the San Juan, Clallam, and Jefferson county ferry advisory committees shall be appointed for four-year terms. The initial terms shall commence on July 1, 1982, and end on June 30, 1986. Any vacancy shall be filled for the remainder of the unexpired term by the appointing authority. At least one person appointed to the advisory committee shall be representative of an established ferry-user group or of frequent users of the ferry system, at least one shall be representative of persons or firms using or depending upon the ferry system for commerce, and one member shall be representative of a local government planning body or its staff. Every member shall be a resident of the county upon whose advisory committee he or she sits, and not more than three members shall at the time of their appointment be members of the same major political party.

(4) The members of each terminal area committee shall be appointed for four-year terms. The initial terms of the members of each terminal area committee shall be staggered as follows: All terms shall commence September 1, 1988, with one member's term expiring August 31, 1990, one member's term expiring August 31, 1991, and the remaining member's term expiring August 31, 1992. Any vacancy shall be filled for the remainder of the unexpired term by the appointing authority. Not more than two members of any terminal-area committee may be from the same political party at the time of their appointment, and in a county having more than one committee, the overall party representation shall be as nearly equal as possible.

(5) The chair[s] of the several committees constitute an executive committee of the Washington state ferry users. The executive committee shall meet twice each year with representatives of the marine division of the department to review ferry system issues.

(6) The committees to be appointed by the county legislative authorities shall serve without fee or compensation. [2010 c 8 § 10020; 1988 c 100 § 1; 1983 c 15 § 24; 1983 c 3 § 137; 1977 c 29 § 1; 1961 c 13 § 47.60.310. Prior: 1959 c 199 § 3.]

47.60.315 Fares and pricing policies—Adoption schedule—Revenues—Vessel replacement surcharge. (1) The commission shall adopt fares and pricing policies by rule, under chapter 34.05 RCW, according to the following schedule:

(a) Each year the department shall provide the commission a report of its review of fares and pricing policies, with recommendations for the revision of fares and pricing policies for the ensuing year;

(b) By September 1st of each year, beginning in 2008, the commission shall adopt by rule fares and pricing policies for the ensuing year.

(2) The commission may adopt by rule fares that are effective for more or less than one year for the purposes of transitioning to the fare schedule in subsection (1) of this section.

(3) The commission may increase ferry fares included in the schedule of charges adopted under this section by a percentage that exceeds the fiscal growth factor.

(4) The chief executive officer of the ferry system may authorize the use of promotional, discounted, and special event fares to the general public and commercial enterprises for the purpose of maximizing capacity use and the revenues collected by the ferry system. The department shall report to the commission a summary of the promotional, discounted, and special event fares offered during each fiscal year and the financial results from these activities.

(5) Fare revenues and other revenues deposited in the Puget Sound ferry operations account created in RCW 47.60.530 may not be used to support the Puget Sound capital construction account created in RCW 47.60.505, unless the support for capital is separately identified in the fare.

(6) The commission may not raise fares until the fare rules contain pricing policies developed under RCW 47.60.290, or September 1, 2009, whichever is later.

(7) The commission shall impose a vessel replacement surcharge of twenty-five cents on every one-way and round-trip ferry fare sold, including multiride and monthly pass fares. This surcharge must be clearly indicated to ferry passengers and drivers and, if possible, on the fare media itself. [2011 1st sp.s. c 16 § 3; 2007 c 512 § 6.]

Effective date—2011 1st sp.s. c 16 §§ 1-15: See note following RCW 47.60.530.

Finding—Intent—2007 c 512: See note following RCW 47.06.140.

47.60.322 Capital vessel replacement account—Transfer prohibition. (1) The capital vessel replacement account is created in the motor vehicle fund. All revenues generated from the vessel replacement surcharge under RCW 47.60.315(7) must be deposited into the account. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used only for the construction or purchase of ferry vessels and to pay the principal and interest on bonds authorized for the construction or purchase of ferry vessels. However, expenditures from the account must first be used to support the construction or purchase, including any applicable financing costs, of a ferry vessel with a carrying capacity of at least one hundred forty-four cars.

(2) The state treasurer may not transfer any moneys from the capital vessel replacement account except to the transportation 2003 account (nickel account) for debt service on bonds issued for the construction of a 144-car class ferry vessel. [2011 1st sp.s. c 16 § 2.]

Effective date—2011 1st sp.s. c 16 §§ 1-15: See note following RCW 47.60.530.

47.60.327 Operational strategies for asset utilization.

(1) The department shall develop, and the commission shall review, operational strategies to ensure that existing assets are fully utilized and to guide future investment decisions. These operational strategies must, at a minimum:

(a) Recognize that each travel shed is unique and might not have the same operational strategies;

(b) Use data from the current survey conducted under RCW 47.60.286;

(c) Be consistent with vehicle level of service standards;

(d) Choose the most efficient balance of capital and operating investments by using a life-cycle cost analysis; and

(e) Use methods of collecting fares that maximize efficiency and achieve revenue management control.

(2012 Ed.)

(2) After the commission reviews recommendations by the department, the commission and department shall make joint recommendations to the legislature for the improvement of operational strategies.

(3) In developing operational strategies, the following, at a minimum, must be considered:

(a) The feasibility of using reservation systems;

(b) Methods of shifting vehicular traffic to other modes of transportation;

(c) Methods of improving on-dock operations to maximize efficiency and minimize operating and capital costs;

(d) A cost-benefit analysis of remote holding versus over-water holding;

(e) Methods of reorganizing holding areas and minimizing on-dock employee parking to maximize the dock size available for customer vehicles;

(f) Schedule modifications;

(g) Efficiencies in exit queuing and metering;

(h) Interoperability with other transportation services;

(i) Options for leveling vehicle peak demand; and

(j) Options for increasing off-peak ridership.

(4) Operational strategies must be reevaluated periodically and, at a minimum, before developing a new capital plan. [2007 c 512 § 7.]

Finding—Intent—2007 c 512: See note following RCW 47.06.140.

47.60.330 Public participation—Legislative approval. (1) Before a substantial change to the service levels provided to ferry users, the department shall consult with affected ferry users by public hearing and by review with the affected ferry advisory committees.

(2) Before adding or eliminating a ferry route, the department shall consult with affected ferry users and receive legislative approval. [2007 c 512 § 8; 2003 c 374 § 5; 1983 c 15 § 26.]

Finding—Intent—2007 c 512: See note following RCW 47.06.140.

Additional notes found at www.leg.wa.gov

47.60.335 Appropriation limitations—Capital program cost allocation. (1) Appropriations made for the Washington state ferries capital program may not be used for maintenance costs.

(2) Appropriations made for preservation projects shall be spent only on preservation and only when warranted by asset condition, and shall not be spent on master plans, right-of-way acquisition, or other nonpreservation items.

(3) Systemwide and administrative capital program costs shall be allocated to specific capital projects using a cost allocation plan developed by the department. Systemwide and administrative capital program costs shall be identifiable.

(4) The vessel emergency repair budget may not be used for planned maintenance and inspections of inactive vessels. [2008 c 124 § 7; 2007 c 512 § 9.]

Finding—Intent—2007 c 512: See note following RCW 47.06.140.

47.60.340 Vessel maintenance and preservation program—Report. (1) The department shall develop and maintain a vessel maintenance and preservation program that meets or exceeds all federal requirements and, at a minimum:

(a) Includes a bilge and void maintenance program;

(b) Includes a visual inspection/audio gauging steel preservation program; and

(c) Uses a lowest life-cycle cost method.

(2) The vessel maintenance and preservation program must maximize cost efficiency by, at a minimum:

(a) Reducing planned out-of-service time to the greatest extent possible; and

(b) Striving to eliminate planned peak season out-of-service periods.

(3) When construction is underway for the replacement of a vessel, the vessel that is scheduled for retirement is exempt from the requirement in subsection (1)(c) of this section.

(4) The department shall include a plain language status report on the maintenance and preservation vessel program with each budget submittal to the office of financial management. This report must include, at a minimum:

(a) A description of the maintenance and preservation of each vessel in the fleet;

(b) A highlight and explanation of any significant deviation from the norm;

(c) A highlight and explanation of any significant deviation from the vessel preservation plan required under RCW 47.60.375;

(d) A highlight and explanation of decisions not to invest in vessels; and

(e) A highlight and explanation of decisions to invest early in vessels. [2008 c 124 § 5.]

47.60.345 Life-cycle cost model on capital assets. (1)

The department shall maintain a life-cycle cost model on capital assets such that:

(a) Available industry standards are used for estimating the life of an asset, and department-adopted standard life cycles derived from the experience of similar public and private entities are used when industry standards are not available;

(b) Standard estimated life is adjusted for asset condition when inspections are made;

(c) It does not include utilities or other systems that are not replaced on a standard life cycle; and

(d) It does not include assets not yet built.

(2) All assets in the life-cycle cost model must be inspected and updated in the life-cycle cost model for asset condition at least every three years.

(3) The life-cycle cost model shall be used when estimating future terminal and vessel preservation needs.

(4) The life-cycle cost model shall be the basis for developing the budget request for terminal and vessel preservation funding. [2008 c 124 § 4; 2007 c 512 § 10.]

Finding—Intent—2007 c 512: See note following RCW 47.06.140.

47.60.355 Terminal and vessel preservation funding requests—Predesign study. (1) Terminal and vessel preservation funding requests shall only be for assets in the life-cycle cost model.

(2) Terminal and vessel preservation funding requests that exceed five million dollars per project must be accompanied by a predesign study. The predesign study must include all elements required by the office of financial management. [2010 c 283 § 3; 2007 c 512 § 11.]

Findings—Intent—2010 c 283: "The legislature finds that the Washington state ferry system is a critical component of the state's highway system. The legislature further finds that ferry system revenues are inadequate to support the capital requirements of aging vessels and terminals, and operating cost growth is fast outpacing the growth of fare revenue and gas tax revenue dedicated to the ferry system. As such, and drawing on more than four consecutive years of legislative analysis and operating policy reforms, the legislature finds that a realignment of the ferry compensation policy framework is an appropriate next step toward the legislature's long-term goal of assuring sustainable, cost-effective ferry service. The legislature further intends to address increased costs of ferry system operations in a manner that balances the interests of the ferry system, ferry workforce, and fare payers. It is the intent of the legislature that final recommendations from the joint transportation committee ferry study, submitted to the legislature during the 2009 regular legislative session, be enacted by the legislature and implemented by the department of transportation as soon as practicable in order to benefit from the efficiencies and cost savings identified in the recommendations. It is also the intent of the legislature to make various additional policy changes aimed at further efficiencies and cost savings. Since the study began in 2006, recommendations have been made with regard to long range planning and implementing the most efficient and effective balance between ferry capital and operating investments. It is intended that this act, the 2009-2011 omnibus transportation appropriations act, and subsequent transportation appropriations acts serve as vehicles for enacting these recommendations in order to maximize the utilization of existing capacity and to make the most efficient use of existing assets and tax dollars." [2010 c 283 § 1.]

Effective date—2010 c 283: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [April 1, 2010]." [2010 c 283 § 24.]

Finding—Intent—2007 c 512: See note following RCW 47.06.140.

47.60.365 Terminal and vessel design standards. The department shall develop terminal and vessel design standards that:

(1) Adhere to vehicle level of service standards as described in RCW 47.06.140;

(2) Adhere to operational strategies as described in RCW 47.60.327; and

(3) Choose the most efficient balance between capital and operating investments by using a life-cycle cost analysis. [2010 c 283 § 4; 2007 c 512 § 12.]

Findings—Intent—Effective date—2010 c 283: See notes following RCW 47.60.355.

Finding—Intent—2007 c 512: See note following RCW 47.06.140.

47.60.375 Capital plan. (1) The capital plan must adhere to the following:

(a) A current ridership demand forecast;

(b) Vehicle level of service standards as described in RCW 47.06.140;

(c) Operational strategies as described in RCW 47.60.327; and

(d) Terminal and vessel design standards as described in RCW 47.60.365.

(2) The capital plan must include the following:

(a) A current vessel preservation plan;

(b) A current systemwide vessel rebuild and replacement plan as described in RCW 47.60.377;

(c) A current vessel deployment plan; and

(d) A current terminal preservation plan that adheres to the life-cycle cost model on capital assets as described in RCW 47.60.345. [2010 c 283 § 5; 2008 c 124 § 3; 2007 c 512 § 13.]

Findings—Intent—Effective date—2010 c 283: See notes following RCW 47.60.355.

Finding—Intent—2007 c 512: See note following RCW 47.06.140.

47.60.377 Vessel rebuild and replacement plan. The department shall develop and maintain a vessel rebuild and replacement plan that, at a minimum:

- (1) Includes projected retirement dates for all vessels, distinguishing between active and inactive vessels;
- (2) Includes projected rebuild dates for all vessels;
- (3) Includes timelines for vessel replacement, including business decisions, design, procurement, and construction; and
- (4) Includes a summary of the condition of all vessels, distinguishing between active and inactive vessels. [2008 c 124 § 2.]

47.60.385 Terminal improvement, vessel improvement, and vessel acquisition project funding requests—Predesign study—Prioritization. (1) Terminal improvement, vessel improvement, and vessel acquisition project funding requests must adhere to the capital plan, include route-based planning, and be submitted with a predesign study that:

- (a) Includes all elements required by the office of financial management;
 - (b) Separately identifies basic terminal and vessel elements essential for operation and their costs;
 - (c) Separately identifies additional elements to provide ancillary revenue and customer comfort and their costs;
 - (d) Includes construction phasing options that are consistent with forecasted ridership increases;
 - (e) Separately identifies additional elements requested by local governments and the cost and proposed funding source of those elements;
 - (f) Separately identifies multimodal elements and the cost and proposed funding source of those elements;
 - (g) Identifies all contingency amounts;
 - (h) Identifies any terminal, vessel, or other capital modifications that would be required as a result of the proposed capital project;
 - (i) Includes planned service modifications as a result of the proposed capital project, and the consistency of those service modifications with the capital plan; and
 - (j) Demonstrates the evaluation of long-term operating costs including fuel efficiency, staffing, and preservation.
- (2) The department shall prioritize vessel preservation and acquisition funding requests over vessel improvement funding requests. [2010 c 283 § 6; 2008 c 124 § 6; 2007 c 512 § 14.]

Findings—Intent—Effective date—2010 c 283: See notes following RCW 47.60.355.

Finding—Intent—2007 c 512: See note following RCW 47.06.140.

47.60.386 Additional requirements for vessel improvement and vessel acquisition funding requests. (1) In addition to the requirements of RCW 47.60.385(1), initial requests for, and substantial modification requests to, vessel acquisition funding must be submitted with a predesign study that:

- (a) Includes a business decision case on vessel sizing;

(2012 Ed.)

(b) Includes an updated vessel deployment plan demonstrating maximum use of existing vessels, and an updated systemwide vessel rebuild and replacement plan;

(c) Includes an analysis that demonstrates that acquiring a new vessel or improving an existing vessel is more cost-effective than other alternatives considered. At a minimum, alternatives explored must include:

- (i) Alternatives to new vessel construction that increase capacity of existing vessels;
- (ii) Service level changes in lieu of adding vessel capacity; and
- (iii) Acquiring existing vessels or existing vessel plans rather than wholly new vessels or vessel plans; and

(d) Demonstrates that the vessel proposed for improvement, construction, or purchase, if intended to replace an existing vessel or to place an existing vessel into inactive or reserve status, is consistent with the scheduled replacements in the rebuild and replacement plan.

(2) In addition to the requirements of RCW 47.60.385(1), initial requests for, and substantial modification requests to, vessel improvement funding must be submitted with a predesign study that includes:

- (a) An explanation of any regulatory changes necessitating the improvement;
- (b) The requirements under subsection (1) of this section, if the improvement modifies the capacity of a vessel;
- (c) A cost-benefit analysis of any modifications designed to improve fuel efficiency, including potential impacts on vessel maintenance and repair; and
- (d) An assessment of out-of-service time associated with making the improvement and ongoing preservation of the improvement. [2010 c 283 § 7.]

Findings—Intent—Effective date—2010 c 283: See notes following RCW 47.60.355.

47.60.400 Refunding bonds authorized, 1961 Act. The Washington toll bridge authority is authorized to issue revenue bonds to refund all or any part of the authority's outstanding 1955 Washington state ferry system refunding revenue bonds and 1957 ferry and Hood Canal bridge revenue bonds. With respect to the issuing of such bonds and the payment of principal and interest thereon, the payment into reserves, sinking funds, and the fixing and revision of charges for services and facilities of the system, and in managing all its fiscal operations, the authority shall have all the powers and shall follow the same procedures established for it under existing laws, except as otherwise provided herein. [1986 c 66 § 3; 1961 ex.s. c 9 § 1.]

Reviser's note: Powers, duties, and functions of toll bridge authority transferred to department of transportation; see RCW 47.01.031. Term "Washington toll bridge authority" means department of transportation; see RCW 47.04.015.

47.60.420 Additional revenue bonds, refunding bonds, authorized, 1961 Act—Prior charge against Puget Sound capital construction account if ferry system revenues insufficient. To the extent that all revenues from the Washington state ferry system available therefor are insufficient to provide for the payment of principal and interest on the bonds authorized and issued under RCW 47.60.400

through *47.60.450 and for sinking fund requirements established with respect thereto and for payment into such reserves as the department has established with respect to the securing of the bonds, there is imposed a first and prior charge against the Puget Sound capital construction account of the motor vehicle fund created by RCW 47.60.505 and, to the extent required, against all revenues required by RCW 46.68.090 to be deposited in the Puget Sound capital construction account.

To the extent that the revenues from the Washington state ferry system available therefor are insufficient to meet required payments of principal and interest on bonds, sinking fund requirements, and payments into reserves, the department shall use moneys in the Puget Sound capital construction account for such purpose. [1999 c 269 § 15; 1990 c 42 § 407; 1986 c 66 § 4; 1984 c 7 § 330; 1961 ex.s. c 9 § 3.]

47.60.440 Additional revenue bonds, refunding bonds, authorized, 1961 Act—Ferry system a revenue-producing undertaking—Debt service—Tolls on ferry system and Hood Canal bridge. The Washington state ferry system shall be efficiently managed, operated, and maintained as a revenue-producing undertaking. Subject to the provisions of *RCW 47.60.326 the commission shall maintain and revise from time to time as necessary a schedule of tolls and charges on said ferry system with other moneys deposited in the Puget Sound ferry operations account for maintenance and operation and all moneys in the Puget Sound capital construction account available for debt service will produce net revenue available for debt service, in each fiscal year, in an amount at least equal to minimum annual debt service requirements as hereinafter provided. Minimum annual debt service requirements as used in this section shall include required payments of principal and interest, sinking fund requirements, and payments into reserves on all outstanding revenue bonds authorized by RCW 47.60.400 through **47.60.470.

The provisions of law relating to the revision of tolls and charges to meet minimum annual debt service requirements from net revenues as required by this section shall be binding upon the commission but shall not be deemed to constitute a contract to that effect for the benefit of the holders of such bonds. [1999 c 94 § 28; 1990 c 42 § 408; 1986 c 66 § 6; 1983 c 3 § 139; 1972 ex.s. c 24 § 7; 1963 ex.s. c 3 § 42; 1961 ex.s. c 9 § 5.]

47.60.500 Acquisition of additional ferries—Legislative finding—Department authority. (1) The legislature finds that the state's ferry fleet available for mass transportation of people within the urban region of Puget Sound is critically deficient and that substantial financial assistance for the acquisition of new ferries is necessary if the Washington state ferries is to continue to fulfill its role in the Puget Sound regional urban transportation system.

(2) The department is authorized:

(a) To apply to the United States secretary of transportation for a financial grant to assist the state to acquire urgently needed ferries;

(b) To enter into an agreement with the United States secretary of transportation or other duly authorized federal officials and to assent to such conditions as may be necessary to obtain financial assistance for the acquisition of additional ferries. In connection with the agreement the department may pledge any moneys in the Puget Sound capital construction account, not required for debt service, in the motor vehicle fund or any moneys to be deposited in the account for the purpose of paying the state's share of the cost of acquiring ferries. To the extent of the pledge the department shall use the moneys available in the Puget Sound capital construction account to meet the obligations as they arise. [1986 c 66 § 8; 1984 c 7 § 333; 1970 ex.s. c 85 § 1.]

47.60.505 Puget Sound capital construction account—Created—Use. There is hereby created in the motor vehicle fund the Puget Sound capital construction account. All moneys hereafter deposited in said account shall be used by the department of transportation for:

(1) Reimbursing the motor vehicle fund for all transfers therefrom made in accordance with RCW 47.60.620; and

(2) Improving the Washington state ferry system including, but not limited to, vessel acquisition, vessel construction, major and minor vessel improvements, terminal construction and improvements, and reconstruction or replacement of, and improvements to, the Hood Canal bridge, reimbursement of the motor vehicle fund for any state funds, other than insurance proceeds, expended therefrom for reconstruction or replacement of and improvements to the Hood Canal bridge, pursuant to proper appropriations: PROVIDED, That any funds accruing to the Puget Sound capital construction account after June 30, 1979, which are not required to reimburse the motor vehicle fund pursuant to RCW 47.60.620 as such obligations come due nor are required for capital improvements of the Washington state ferries pursuant to appropriations therefor shall from time to time as shall be determined by the department of transportation be transferred by the state treasurer to the Puget Sound ferry operations account in the motor vehicle fund.

(3) The department may pledge any moneys in the Puget Sound capital construction account or to be deposited in that account to guarantee the payment of principal or interest on

bonds issued to refund the outstanding 1955 Washington state ferry system refunding bonds and the 1957 ferry and Hood Canal bridge revenue bonds.

The department may further pledge moneys in the Puget Sound capital construction account to meet any sinking fund requirements or reserves established by the department with respect to any bond issues provided for in this section.

To the extent of any pledge authorized in this section, the department shall use the first moneys available in the Puget Sound capital construction account to meet such obligations as they arise, and shall maintain a balance of not less than one million dollars in the account for this purpose.

(4) The treasurer shall never transfer any moneys from the Puget Sound capital construction account for use by the department for state highway purposes so long as there is due and unpaid any obligations for payment of principal, interest, sinking funds, or reserves as required by any pledge of the Puget Sound capital construction account. Whenever the department has pledged any moneys in the account for the purposes authorized in this section, the state agrees to continue to deposit in the Puget Sound capital construction account the motor vehicle fuel taxes and special fuel taxes as provided in RCW 82.36.020 and 82.38.290 and further agrees that, so long as there exists any outstanding obligations pursuant to such pledge, to continue to impose such taxes.

(5) Funds in the Puget Sound capital construction account of the motor vehicle fund that are not required by the department for payment of principal or interest on bond issues or for any of the other purposes authorized in this chapter may be invested by the department in bonds and obligations of the nature eligible for the investment of current state funds as provided in RCW 43.84.080. [1986 c 66 § 9; 1979 c 27 § 3; 1977 ex.s. c 360 § 10; 1970 ex.s. c 85 § 2.]

47.60.530 Puget Sound ferry operations account. (1) The Puget Sound ferry operations account is created in the motor vehicle fund.

(2) The following funds must be deposited into the account:

- (a) All moneys directed by law;
- (b) All revenues generated from ferry fares; and
- (c) All revenues generated from commercial advertising, concessions, parking, and leases as allowed under RCW 47.60.140.

(3) Moneys in the account may be spent only after appropriation.

(4) Expenditures from the account may be used only for the maintenance, administration, and operation of the Washington state ferry system. [2011 1st sp.s. c 16 § 1; 1979 c 27 § 4; 1972 ex.s. c 24 § 3.]

Effective date—2011 1st sp.s. c 16 §§ 1-15: "Sections 1 through 15 of this act are necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and take effect immediately [June 7, 2011]." [2011 1st sp.s. c 16 § 30.]

47.60.550 Parking or holding area for ferry patrons in conjunction with municipal off-street parking facilities.

(2012 Ed.)

(1) Whenever a county, city, or other municipal corporation acquires or constructs a facility to be used in whole or in part for off-street parking of motor vehicles which is in the immediate vicinity of an existing or planned ferry terminal, the department may enter into an agreement with the local governmental body providing for the use in part or at specified times of the facility as a holding area for traffic waiting to board a ferry or for parking by ferry patrons.

(2) As a part of an agreement authorized by subsection (1) of this section, the department, subject to the limitations contained in RCW 47.60.505, may pledge any moneys in the Puget Sound capital construction account in the motor vehicle fund, or to be deposited in the account, to guarantee the payment of principal and interest on bonds issued by a county, city, or other municipal corporation to finance the acquisition or construction of the parking facility. In making the pledge, the department shall reserve the right to issue its own bonds for the purpose of paying the costs of acquiring ferry vessels with the provision that the bonds shall rank on parity with the bonds authorized by this section as a lien upon moneys in or to be deposited in the Puget Sound capital construction account.

The department shall also reserve the right to pledge moneys in the Puget Sound capital construction account to guarantee subsequent bonds issued by any county, city, or other municipal corporation to finance parking facilities as authorized in subsection (1) of this section with the provision that the subsequent bonds shall rank on parity with prior bonds guaranteed pursuant to this section as a lien upon moneys in or to be deposited in the Puget Sound capital construction account. To the extent of any pledge herein authorized, the department shall use the first moneys available in the Puget Sound capital construction account to meet the obligations as they arise. [1986 c 66 § 10; 1984 c 7 § 335; 1975-'76 2nd ex.s. c 69 § 1.]

47.60.560 General obligation bonds—Ferries—Authorized—Purposes—Passenger-only vessels—Issuance, sale, and retirement. In order to provide funds necessary for vessel acquisition, vessel construction, major and minor vessel improvements, and terminal construction and improvements for the Washington state ferries, there shall be issued and sold upon the request of the department general obligation bonds of the state of Washington in the sum of one hundred thirty-five million dollars or such amount thereof as may be required (together with other funds available therefor). If the state of Washington is able to obtain matching funds from the urban mass transportation administration or other federal government agencies for the acquisition of passenger-only vessels capable of operating as an integral part of the Washington state ferries on Puget Sound and the Straits of Juan de Fuca, a sufficient amount of the proceeds of the bonds authorized herein shall be used to pay the state's share of the acquisition cost of the passenger-only vessels. Upon request being made by the department, the state finance committee shall supervise and provide for the issuance, sale, and retirement of the bonds in accordance with chapter 39.42 RCW. The bonds may be sold from time to time in such amounts as may be necessary for the orderly progress in constructing the ferries. The bonds shall be sold in such manner,

at such time or times, in such amounts, and at such price or prices as the state finance committee shall determine. The state finance committee may obtain insurance, letters of credit, or other credit facility devices with respect to the bonds and may authorize the execution and delivery of agreements, promissory notes, and other obligations for the purpose of insuring the payment or enhancing the marketability of the bonds. Promissory notes or other obligations issued under this section shall not constitute a debt or the contracting of indebtedness under any constitutional or statutory indebtedness limitation if their payment is conditioned upon the failure of the state to pay the principal of or interest on the bonds with respect to which the promissory notes or other obligations relate. The state finance committee may authorize the issuance of short-term obligations in lieu of long-term obligations for the purposes of more favorable interest rates, lower total interest costs, and increased marketability and for the purposes of retiring the bonds during the life of the project for which they were issued. [1986 c 290 § 8; 1985 c 176 § 1; 1984 c 7 § 336; 1977 ex.s. c 360 § 1.]

47.60.570 Disposition of proceeds from sale of bonds.

The proceeds from the sale of the bonds shall be deposited in the Puget Sound capital construction account of the motor vehicle fund and such proceeds shall be available only for the purposes enumerated in RCW 47.60.560, for the payment of bond anticipation notes, if any, and for the payment of the expense incurred in the drafting, printing, issuance, and sale of such bonds. The costs of obtaining insurance, letters of credit, or other credit enhancement devices with respect to the bonds shall be considered to be expenses incurred in the issuance and sale of the bonds. [1986 c 290 § 9; 1977 ex.s. c 360 § 2.]

47.60.580 Bonds—Terms—Principal and interest payable from proceeds of state excise taxes on motor vehicle and special fuels. Bonds issued under the provisions of RCW 47.60.560 shall distinctly state that they are a general obligation of the state of Washington, shall pledge the full faith and credit of the state to the payment of the principal thereof and the interest thereon, and shall contain an unconditional promise to pay such principal and interest as the same shall become due. The principal of and interest on such bonds shall be first payable in the manner provided in RCW 47.60.560 through 47.60.640 from the proceeds of the state excise taxes on motor vehicle and special fuels imposed by chapters 82.36 and 82.38 RCW. Proceeds of such excise taxes are hereby pledged to the payment of any bonds and the interest thereon issued under the provisions of RCW 47.60.560 through 47.60.640 and the legislature hereby agrees to continue to impose the same excise taxes on motor vehicle and special fuels in amounts sufficient to pay, when due, the principal and interest on all bonds issued under the provisions of RCW 47.60.560 through 47.60.640. [1995 c 274 § 18; 1977 ex.s. c 360 § 3.]

Additional notes found at www.leg.wa.gov

47.60.590 Repayment of bonds—Fund sources. Any funds required to repay the bonds authorized by RCW

47.60.560 or the interest thereon when due shall be taken from that portion of the motor vehicle fund which results from the imposition of excise taxes on motor vehicle and special fuels and which is distributed to the state for expenditure pursuant to RCW 46.68.130 and shall never constitute a charge against any allocations of such funds to counties, cities, and towns unless and until the amount of the motor vehicle fund arising from the excise taxes on motor vehicle and special fuels and available for state highway purposes proves insufficient to meet the requirements for bond retirement or interest on any such bonds. [1977 ex.s. c 360 § 4.]

47.60.600 Bonds—Powers and duties of state finance committee. At least one year prior to the date any interest is due and payable on such bonds or before the maturity date of such bonds, the state finance committee shall estimate, subject to the provisions of RCW 47.60.590, the percentage of the receipts in money of the motor vehicle fund resulting from collection of excise taxes on motor vehicle and special fuels, for each month of the year which shall be required to meet interest or bond payments when due and shall notify the treasurer of such estimated requirement. The state treasurer shall thereafter from time to time each month as such funds are paid into the motor vehicle fund, transfer such percentage of the monthly receipts from excise taxes on motor vehicle and special fuels of the motor vehicle fund to the ferry bond retirement fund hereby created in the state treasury, which funds shall be available solely for payment of the principal of and interest on the bonds when due. If in any month it shall appear that the estimated percentage of moneys so made is insufficient to meet the requirements for payment of the principal thereof or interest thereon, the treasurer shall notify the state finance committee forthwith and such committee shall adjust its estimates so that all requirements for the interest on and principal of all bonds issued shall be fully met at all times. [1977 ex.s. c 360 § 5.]

Additional notes found at www.leg.wa.gov

47.60.610 Excess repayment funds—Disposition. Whenever the percentage of the motor vehicle fund arising from excise taxes on motor vehicle and special fuels payable into the bond retirement fund proves more than is required for the payment of interest on bonds when due, or current retirement of bonds, any excess may, in the discretion of the state finance committee and with the concurrence of the department, be available for the prior redemption of any bonds or remain available in the fund to reduce requirements upon the fuel excise tax portion of the motor vehicle fund at the next interest or bond payment period. [1984 c 7 § 337; 1977 ex.s. c 360 § 6.]

47.60.620 Reimbursements and transfers of funds. Whenever, pursuant to RCW 47.60.600, the state treasurer shall transfer funds from the motor vehicle fund to the ferry bond retirement fund, the state treasurer shall at the same time reimburse the motor vehicle fund in an identical amount from the Puget Sound capital construction account. After each transfer by the treasurer of funds from the motor vehicle fund to the bond retirement fund and to the extent permitted

by RCW 47.60.420, 47.60.505(3), and 47.60.505(4), the obligation to reimburse the motor vehicle fund as required herein shall constitute a first and prior charge against the funds within and accruing to the Puget Sound capital construction account, including the proceeds of the additional two-tenths of one percent excise tax imposed by *RCW 82.44.020, as amended by chapter 332, Laws of 1977 ex. sess. All funds reimbursed to the motor vehicle fund as provided herein shall be distributed to the state for expenditure pursuant to RCW 46.68.130. [1986 c 66 § 11; 1977 ex.s. c 360 § 7.]

*Reviser's note: RCW 82.44.020 was repealed by 2000 1st sp.s. c 1 § 2.

47.60.645 Passenger ferry account. There is hereby established in the transportation fund the passenger ferry account. Money in the account shall be used for operating or capital grants for ferry systems as provided in chapters 36.54, 36.57A, and 53.08 RCW. Moneys in the account shall be expended with legislative appropriation. During the 2007-2009 fiscal biennium, the legislature may transfer from the passenger ferry account such amounts as reflect the excess fund balance of the account. [2009 c 8 § 504; 2008 c 45 § 2; 2006 c 332 § 1; 1995 2nd sp.s. c 14 § 558.]

47.60.656 Passenger-only ferry service—Conveyance of vessels authorized. The department of transportation may enter into contracts with public transportation benefit areas meeting the requirements of RCW 36.57A.200 or county ferry districts to convey passenger-only ferry vessels and other properties associated with passenger-only ferry service that serve to provide passenger-only ferry service, as full or part consideration for the benefit area or ferry district assuming all future maintenance and operation obligations and costs required to maintain and operate the vessel and facilities. The conveyances must provide that the vessels or properties revert to the department if the vessels are not used for providing passenger-only ferry service. [2003 c 83 § 203.]

Reviser's note: 2003 c 83 directed that this section be added to chapter 47.52 RCW. However, codification in chapter 47.60 RCW appears to be more appropriate.

47.60.662 Ferry system collaboration with passenger-only ferry service providers. The Washington state ferry system shall collaborate with new and potential passenger-only ferry service providers, as described in chapters 36.54, 36.57A, and 53.08 RCW, for terminal operations at its existing terminal facilities. [2008 c 45 § 3; 2007 c 223 § 3; 2006 c 332 § 5.]

Effective date—2007 c 223: See note following RCW 36.57A.220.

47.60.680 Prequalification of contractors required.

No contract for the construction, improvement, or repair of a ferry, ferry terminal, or other facility operated by the Washington state ferries or for the repair, overhaul, or the dry-docking of any ferry operated by Washington state ferries may be awarded to any contractor who has not first been prequalified to perform the work by the department of transportation. No bid or proposal for such a contract may be received from any contractor who has not first been prequalified to perform the work by the department of transportation. [1983 c 133 § 1.]

47.60.690 Qualifications of contractor—Rules to assure. The secretary of transportation shall adopt rules prescribing standards and criteria to assure that each ferry system construction and repair contract described in RCW 47.60.680 shall be awarded to a competent and responsible contractor who has all of the following qualifications:

- (1) Adequate financial resources, which may take into account the ability of the contractor to secure such resources;
- (2) The necessary organization, personnel, equipment, facilities, experience, and technical qualification[s] to perform ferry system construction and repair contracts generally and with respect to any specific contract such additional special qualifications as may be necessary to perform the contract;
- (3) The ability to comply with the department's performance schedules taking into account the outstanding work on all of the contractor's construction and repair contracts;
- (4) A satisfactory record of performing previous contracts;
- (5) A satisfactory record of integrity, judgment, and skills; and
- (6) Such other qualifications as the secretary may prescribe to assure that prequalified contractors are competent and responsible. [1983 c 133 § 2.]

47.60.700 Application for prequalification—Form.

Any contractor desiring to submit bids or proposals for ferry system construction or repair contracts as described in RCW 47.60.680 shall file an application for prequalification with the department. The application shall be on a standard form supplied by the department. The form shall require a complete statement of the applicant's financial ability, including a statement of the applicant's current net assets and working capital. The form shall require such additional information as may be necessary for the department to determine whether or not the applicant is entitled to be prequalified in accordance

with RCW 47.60.680 through 47.60.760 and the rules adopted thereunder. [1983 c 133 § 3.]

47.60.710 Department authority to obtain information. Upon request by the department an applicant for prequalification shall authorize the department to obtain any information pertinent to the application, including information relating to the applicant's net worth, assets, and liabilities, from banks or other financial institutions, surety companies, and material and equipment suppliers. [1983 c 133 § 4.]

47.60.720 Additional investigation—Terms of prequalification—Notice of nonqualification. Upon receipt of an application by a contractor for prequalification to perform ferry system construction and repair contracts, the department shall conduct such additional investigation as it deems necessary. If it finds that the applicant is qualified in accordance with the rules as adopted by the secretary, the department shall prequalify the contractor to perform the contracts for a period of one year. The prequalification shall fix the aggregate dollar amount of work, including any contract let by the department, that the contractor may have under contract and uncompleted at any one time and may limit the contractor to the submission of bids or proposals upon a certain class of work. Subject to any restrictions on the dollar amount or class of work specified thereunder, the prequalification shall authorize a contractor to bid or submit proposals on all ferry system construction and repair contracts mentioned in RCW 47.60.680 except contracts requiring special prequalification. If the department determines that an applicant is not entitled to prequalification, it shall give written notice of the determination to the applicant. [1983 c 133 § 5.]

47.60.730 Renewal of prequalification—Nonrenewal or revocation, notice. A contractor may apply annually for renewal of its prequalification by submission of a new or supplemental questionnaire and financial statement on standard forms provided by the department. Based upon information received at the time of renewal or at any other time the department may amend the prequalification of the contractor as to the dollar amount or class of work that the contractor may perform or may refuse to renew the prequalification or may revoke a prequalification previously approved, all in accordance with the same standards and criteria used for considering an original application for prequalification. The department shall give written notice of any such action to the contractor. [1983 c 133 § 6.]

47.60.740 Rejection of bid despite prequalification—Unqualified bidder. If the department finds, after the opening of bids, that facts exist that would disqualify the lowest bidder, or that the lowest bidder is not competent or responsible in accordance with the standards and criteria for prequalifying contractors, the department shall reject the bid despite the prior prequalification of the bidder. No contract may be awarded to a bidder not qualified to bid on it at the time fixed for receiving bids. [1983 c 133 § 7.]

47.60.750 Appeal of refusal, modification, or revocation of prequalification. The action of the department in

refusing, modifying, or revoking the prequalification of any contractor under RCW 47.60.680 through 47.60.740 is conclusive unless an appeal is filed with the Thurston county superior court within ten days after receiving written notice of the refusal, modification, or revocation. The appeal shall be heard summarily within twenty days after the appeal is taken and on five days notice thereof to the department. The court shall hear any such appeal on the administrative record that was before the department. The court may affirm the decision of the department, or it may reverse the decision if it determines the action of the department was arbitrary or capricious. [1983 c 133 § 8.]

47.60.760 Financial information regarding qualifying not public. The department of transportation shall not be required to make available for public inspection and copying financial information supplied by any person, firm, or corporation for the purpose of qualifying to submit a bid or proposal for a ferry system construction or repair contract as required by RCW 47.60.680 through 47.60.750. [1983 c 133 § 9.]

47.60.800 General obligation bonds—1992 issue—Purpose—Issuance and sale. In order to provide funds necessary for vessel and terminal acquisition, construction, and major and minor improvements, including long lead time materials acquisition for the Washington state ferries, there shall be issued and sold upon the request of the Washington state transportation commission and legislative appropriation a total of two hundred ten million dollars of general obligation bonds of the state of Washington. [1992 c 158 § 1.]

47.60.802 Bonds—1992 issue—Supervision of sale by state finance committee—Option of short-term obligations. (1) Upon request being made by the transportation commission, the state finance committee shall supervise and provide for the issuance, sale, and retirement of the bonds authorized by RCW 47.60.800 through 47.60.808 in accordance with chapter 39.42 RCW. The bonds may be sold from time to time in such amounts as may be necessary for the purposes under RCW 47.60.800. The bonds shall be sold in such manner, at such time or times, in such amounts, and at such price or prices as the state finance committee shall determine. No such bonds may be offered for sale without prior legislative appropriation of the net proceeds of the sale of the bonds.

(2) The state finance committee shall consider the issuance of short-term obligations in lieu of long-term obligations for the purposes of more favorable interest rates, lower total interest costs, and increased marketability and for the purposes of retiring the bonds during the life of the project for which they were issued. [1992 c 158 § 2.]

47.60.804 Bonds—1992 issue—Use of proceeds. The proceeds from the sale of bonds authorized by RCW 47.60.800 through 47.60.808 shall be deposited in the Puget Sound capital construction account of the motor vehicle fund and such proceeds shall be available only for the purposes under RCW 47.60.800, for the payment of bond anticipation notes, if any, and for the payment of bond issuance costs, including the costs of underwriting. [1992 c 158 § 3.]

47.60.806 Bonds—1992 issue—Payment of principal and interest from pledged excise taxes. Bonds issued under the authority of RCW 47.60.800 through 47.60.808 shall distinctly state that they are a general obligation of the state of Washington, shall pledge the full faith and credit of the state to the payment of the principal thereof and the interest thereon, and shall contain an unconditional promise to pay such principal and interest as the same shall become due. The principal and interest shall be first payable in the manner provided in RCW 47.60.800 through 47.60.808 from the proceeds of the state excise taxes on motor vehicle and special fuels imposed by chapters 82.36 and 82.38 RCW and distributed to the state pursuant to RCW 46.68.130 and shall never constitute a charge against any allocations of such funds to counties, cities, and towns unless and until the amount of the motor vehicle fund arising from the excise taxes on motor vehicle and special fuels and available for state highway purposes proves insufficient to meet the requirements for bond retirement or interest on any such bonds. Proceeds of such excise taxes are hereby pledged to the payment of any bonds and the interest thereon issued under the authority of RCW 47.60.800 through 47.60.808, and the legislature agrees to continue to impose these excise taxes on motor vehicle and special fuels in amounts sufficient to pay, when due, the principal and interest on all bonds issued under the authority of RCW 47.60.800 through 47.60.808. [1995 c 274 § 19; 1992 c 158 § 4.]

47.60.808 Bonds—1992 issue—Payment from ferry bond retirement fund. Both principal and interest on the bonds issued for the purposes of RCW 47.60.800 through 47.60.808 shall be payable from the ferry bond retirement fund authorized in RCW 47.60.600. Whenever, pursuant to RCW 47.60.800 and 47.60.806, the state treasurer transfers funds from the motor vehicle fund to the ferry bond retirement fund, the state treasurer may at the same time reimburse the motor vehicle fund in an identical amount from the Puget Sound capital construction account. [1992 c 158 § 5.]

47.60.810 Design-build ferries—Authorized—Phases defined. (1) The department may purchase new auto ferries through use of a modified request for proposals process whereby the prevailing shipbuilder and the department engage in a design and build partnership for the design and construction of the auto ferries. The process consists of the three phases described in subsection (2) of this section.

(2) The definitions in this subsection apply throughout RCW 47.60.812 through 47.60.822.

(a) "Phase one" means the evaluation and selection of proposers to participate in development of technical proposals in phase two.

(b) "Phase two" means the preparation of technical proposals by the selected proposers in consultation with the department.

(c) "Phase three" means the submittal and evaluation of bids, the award of the contract to the successful proposer, and the design and construction of the auto ferries. [2001 c 226 § 4.]

Findings—Purpose—2001 c 226: See note following RCW 47.20.780.

(2012 Ed.)

47.60.812 Design-build ferries—Notice of request for proposals. To commence the request for proposals process, the department shall publish a notice of its intent once a week for at least two consecutive weeks in at least one trade paper and one other paper, both of general circulation in the state. The notice must contain, but is not limited to, the following information:

(1) The number of auto ferries to be procured, the auto and passenger capacities, the delivery dates, and the estimated price range for the contract;

(2) A statement that a modified request for proposals design and build partnership will be used in the procurement process;

(3) A short summary of the requirements for prequalification of proposers including a statement that prequalification is a prerequisite to submittal of a proposal in phase one; and

(4) An address and telephone number that may be used to obtain a prequalification questionnaire and the request for proposals. [2001 c 226 § 5.]

Findings—Purpose—2001 c 226: See note following RCW 47.20.780.

47.60.814 Design-build ferries—Issuance of request for proposals. Subject to legislative appropriation for the procurement of vessels, the department shall issue a request for proposals to interested parties that must include, at least, the following:

(1) Solicitation of a proposal to participate in a design and build partnership with the department to design and construct the auto ferries;

(2) Instructions on the prequalification process and procedures;

(3) A description of the modified request for proposals process. Under this process, the department may modify any component of the request for proposals, including the outline specifications, by addendum at any time before the submittal of bids in phase three;

(4) A description of the design and build partnership process to be used for procurement of the vessels;

(5) Outline specifications that provide the requirements for the vessels including, but not limited to, items such as length, beam, displacement, speed, propulsion requirements, capacities for autos and passengers, passenger space characteristics, and crew size. The department will produce notional line drawings depicting hull geometry that will interface with Washington state ferries terminal facilities. Notional lines may be modified in phase two, subject to approval by the department;

(6) Instructions for the development of technical proposals in phase two, and information regarding confidentiality of technical proposals;

(7) The vessel delivery schedule, identification of the port on Puget Sound where delivery must take place, and the location where acceptance trials must be held;

(8) The estimated price range for the contract;

(9) The form and amount of the required bid deposit and contract security;

(10) A copy of the contract that will be signed by the successful proposer;

(11) The date by which proposals in phase one must be received by the department in order to be considered;

(12) A description of information to be submitted in the proposals in phase one concerning each proposer's qualifications, capabilities, and experience;

(13) A statement of the maximum number of proposers that may be selected in phase one for development of technical proposals in phase two;

(14) Criteria that will be used for the phase one selection of proposers to participate in the phase two development of technical proposals;

(15) A description of the process that will be used for the phase three submittal and evaluation of bids, award of the contract, and postaward administrative activities;

(16) A requirement that the contractor comply with all applicable laws, rules, and regulations including but not limited to those pertaining to the environment, worker health and safety, and prevailing wages;

(17) A requirement that the vessels be constructed within the boundaries of the state of Washington except that equipment furnished by the state and components, products, and systems that are standard manufactured items are not subject to the in-state requirement under this subsection. For the purposes of this subsection, "constructed" means the fabrication, by the joining together by welding or fastening of all steel parts from which the total vessel is constructed, including, but not limited to, all shell frames, longitudinal, bulkheads, webs, piping runs, wire ways, and ducting. "Constructed" also means the installation of all components and systems, including, but not limited to, equipment and machinery, castings, electrical, electronics, deck covering, lining, paint, and joiner work required by the contract. "Constructed" also means the interconnection of all equipment, machinery, and services, such as piping, wiring, and ducting; and

(18) A requirement that all warranty work on the vessel must be performed within the boundaries of the state of Washington, insofar as practical. [2001 c 226 § 6.]

Findings—Purpose—2001 c 226: See note following RCW 47.20.780.

47.60.816 Design-build ferries—Phase one. Phase one of the request for proposals process consists of evaluation and selection of prequalified proposers to participate in subsequent development of technical proposals in phase two, as follows:

(1) The department shall issue a request for proposals to interested parties.

(2) The request for proposals must require that each proposer prequalify for the contract under chapter 468-310 WAC, except that the department may adopt rules for the financial prequalification of proposers for this specific contract only. The department shall modify the financial prequalification rules in chapter 468-310 WAC in order to maximize competition among financially capable and otherwise qualified proposers. In adopting these rules, the department shall consider factors including, without limitation: (a) Shipyard resources in Washington state; (b) the cost to design and construct multiple vessels under a single contract without options; and (c) the sequenced delivery schedule for the vessels.

(3) The department may use some, or all, of the nonfinancial prequalification factors as part of the evaluation factors in phase one to enable the department to select a limited number of best qualified proposers to participate in development of technical proposals in phase two.

(4) The department shall evaluate submitted proposals in accordance with the selection criteria established in the request for proposals. Selection criteria may include, but are not limited to, the following:

- (a) Shipyard facilities;
- (b) Organization components;
- (c) Design capability;
- (d) Build strategy;
- (e) Experience and past performance;
- (f) Ability to meet vessel delivery dates;
- (g) Projected workload; and
- (h) Expertise of project team and other key personnel.

(5) Upon concluding its evaluation of proposals, the department shall select the best qualified proposers in accordance with the request for proposals. The selected proposers must participate in development of technical proposals. Selection must be made in accordance with the selection criteria stated in the request for proposals. All proposers must be ranked in order of preference as derived from the same selection criteria. [2001 c 226 § 7.]

Findings—Purpose—2001 c 226: See note following RCW 47.20.780.

47.60.818 Design-build ferries—Phase two. Phase two of the request for proposals process consists of preparation of technical proposals in consultation with the department, as follows:

(1) The development of technical proposals in compliance with the detailed instructions provided in the request for proposals, including the outline specifications, and any addenda to them. Technical proposals must include the following:

- (a) Design and specifications sufficient to fully depict the ferries' characteristics and identify installed equipment;
- (b) Drawings showing arrangements of equipment and details necessary for the proposer to develop a firm, fixed price bid;
- (c) Project schedule including vessel delivery dates; and
- (d) Other appropriate items.

(2) The department shall conduct periodic reviews with each of the selected proposers to consider and critique their designs, drawings, and specifications. These reviews must be held to ensure that technical proposals meet the department's requirements and are responsive to the critiques conducted by the department during the development of technical proposals.

(3) If, as a result of the periodic technical reviews or otherwise, the department determines that it is in the best interests of the department to modify any element of the request for proposals, including the outline specifications, it shall do so by written addenda to the request for proposals.

(4) Proposers must submit final technical proposals for approval that include design, drawings, and specifications at a sufficient level of detail to fully depict the ferries' characteristics and identify installed equipment, and to enable a proposer to deliver a firm, fixed price bid to the department. The

department shall reject final technical proposals that modify, fail to conform to, or are not fully responsive to and in compliance with the requirements of the request for proposals, including the outline specifications, as amended by addenda. [2001 c 226 § 8.]

Findings—Purpose—2001 c 226: See note following RCW 47.20.780.

47.60.820 Design-build ferries—Phase three. Phase three consists of the submittal and evaluation of bids and the award of the contract to the successful proposer for the final design and construction of the auto ferries, as follows:

(1) The department shall request bids for detailed design and construction of the vessels after completion of the review of technical proposals in phase two. The department will review detailed design drawings in phase three for conformity with the technical proposals submitted in phase two. In no case may the department's review replace the builder's responsibility to deliver a product meeting the phase two technical proposal. The department may only consider bids from selected proposers that have qualified to bid by submitting technical proposals that have been approved by the department.

(2) Each qualified proposer must submit its total bid price for all vessels, including certification that the bid is based upon its approved technical proposal and the request for proposals.

(3) Bids constitute an offer and remain open for ninety days from the date of the bid opening. A deposit in cash, certified check, cashier's check, or surety bond in an amount specified in the request for proposals must accompany each bid and no bid may be considered unless the deposit is enclosed.

(4) The department shall evaluate the submitted bids. Upon completing the bid evaluation, the department may select the responsive and responsible proposer that offers the lowest total bid price for all vessels.

(5) The department may waive informalities in the proposal and bid process, accept a bid from the lowest responsive and responsible proposer, reject any or all bids, republish, and revise or cancel the request for proposals to serve the best interests of the department.

(6) The department may:

(a) Award the contract to the proposer that has been selected as the responsive and responsible proposer that has submitted the lowest total bid price;

(b) If a contract cannot be signed with the apparent successful proposer, award the contract to the next lowest responsive and responsible proposer; or

(c) If necessary, repeat this procedure with each responsive and responsible proposer in order of rank until the list of those proposers has been exhausted.

(7) If the department awards a contract to a proposer under this section, and the proposer fails to enter into the contract and furnish satisfactory contract security as required by chapter 39.08 RCW within twenty days from the date of award, its deposit is forfeited to the state and will be deposited by the state treasurer to the credit of the Puget Sound capital construction account. Upon the execution of a ferry design and construction contract all proposal deposits will be returned.

(2012 Ed.)

(8) The department may provide an honorarium to reimburse each unsuccessful phase three proposer for a portion of its technical proposal preparation costs at a preset, fixed amount to be specified in the request for proposals. If the department rejects all bids, the department may provide the honoraria to all phase three proposers that submitted bids. [2001 c 226 § 9.]

Findings—Purpose—2001 c 226: See note following RCW 47.20.780.

47.60.822 Design-build ferries—Notice to proposers not selected—Appeal. (1) The department shall immediately notify those proposers that are not selected to participate in development of technical proposals in phase one and those proposers who submit unsuccessful bids in phase three.

(2) The department's decision is conclusive unless an aggrieved proposer files an appeal with the superior court of Thurston county within five days after receiving notice of the department's award decision. The court shall hear any such appeal on the department's administrative record for the project. The court may affirm the decision of the department, or it may reverse or remand the administrative decision if it determines the action of the department was arbitrary and capricious. [2001 c 226 § 10.]

Findings—Purpose—2001 c 226: See note following RCW 47.20.780.

47.60.824 Design-build ferries—Single best-qualified proposer—Incentives—Proposal negotiations—Compensation. If at any point there is only a single best-qualified proposer participating in the competitive design-build procurement process prior to the submission of bids in phase three, or if there is only a single responsive and responsible bid submitted in phase three, or if the current best-qualified proposers elect to jointly submit a single proposal, the department may negotiate a fair-value contract with the proposer or joint proposers. The negotiations may consider the scope of work as well as contract price. The contract price must be established between the department and the proposer through negotiation based on detailed cost and price information provided by the proposer, the department, and other relevant sources in a format as determined by the department. To achieve efficiencies, the department may negotiate incentives and economic cost sharing between the state and the proposer. In addition to the cost incentives, other incentives may be considered, as determined by the department, to be in the best interests of the state. Such incentives may include, but are not limited to, key schedule milestones, technological innovations, performance efficiencies, constructability, and operational value or life-cycle cost. The department may issue guidelines, requirements, and procedures for all negotiations.

If the department conducts negotiations with a single remaining proposer or joint proposers prior to the submission of bids in phase three, all negotiations must be completed within forty-five days of the department's approval of the final technical proposal. If the department conducts negotiations with a single responsive and responsible phase three bidder, all negotiations must be completed within thirty days of submission of the phase three bids.

[Title 47 RCW—page 219]

If the department reaches an agreement with the proposer or joint proposers, the department shall submit a copy of the contract, the final negotiated price, and supporting information to the office of financial management at least ten days prior to execution of the contract. If the final negotiated price is greater than the legislature's adopted expenditure plan for vessel construction, the department may not execute the contract until the legislature reviews the final proposals and adjusts the expenditure plan accordingly.

If the department is unable within the designated time period to reach an agreement with the proposer or joint proposers that is fair, reasonable, and in the department's budget, or if the proposers initially provide notice of their intent to jointly submit a single proposal but fail to do so, or if any one of the proposers withdraws from a jointly submitted single proposal before entering into a contract with the department, or if both of the current best-qualified proposers withdraw or otherwise fail to proceed with the request for proposals process, the department may issue a new request for proposals or cancel the request for proposals process, to serve the best interests of the state.

The department may pay an honorarium in a specified amount determined by the department to a proposer or joint proposers who has [have] submitted a final, approved technical proposal and with whom the department has engaged in unsuccessful negotiations. The proposer or joint proposers shall not receive any other compensation for attempting to negotiate a contract, except to the extent allowed by the department in a final contract awarded pursuant to the request for proposal. [2007 c 481 § 2.]

Effective date—2007 c 481: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [May 14, 2007]." [2007 c 481 § 3.]

47.60.8241 Findings—Single proposal process for new ferry vessel construction. The legislature finds that the Washington state ferry system has an excellent safety record and has commenced a long-term vessel procurement plan to ensure the replacement of older and outdated ferry vessels. The legislature further finds that the current vessel procurement process must move forward with all due speed, balancing the interests of both the taxpayers and shipyards. The commencement of construction of new vessels is important not only for safety reasons, but also to keep skilled marine construction jobs in the Puget Sound region and to sustain the capacity of the region to meet the ongoing preservation needs of the ferry system fleet of vessels.

The legislature further finds that the balancing of interests described in this section may necessitate the department of transportation to consider in the department's current new 144—auto ferries request for proposals a single proposal submitted jointly by the current best-qualified proposers. The department may, therefore, consider and accept or reject in the department's discretion such a single proposal, and the current best-qualified proposers may meet and confer to discuss matters that are reasonably necessary to determine whether to submit such a single proposal and to implement a single final contract if the proposal is accepted by the department. Discussions may address the terms of any agreement that may be entered into between the best-qualified proposers

for purposes of submitting a single proposal, as well as any agreement that may be entered into with the department. Discussions may also address cost and price information and division of work under the request for proposals. The current best-qualified proposers shall each expressly declare in writing to the department, their intent, if any, to jointly submit a single proposal within thirty days of May 14, 2007, and shall further provide within the thirty-day period information that may be required by the department including, but not limited to, information regarding the proposed shipyard organizational structure and responsibilities of each participant. If at the end of the thirty-day period the proposers have not declared such an intent and provided the information required by the department, or if the department, in its discretion, determines that the joint venture, other legal entity, or organizational structure, or division of responsibilities intended by the joint proposers are unacceptable and not in the best interests of the state, the proposers will be deemed as proposing separately to the request for proposals, and further discussions related to the request for proposals shall not be allowed between the proposers.

To further facilitate the balancing of interests described in this section, the department of transportation may, in its discretion, make revisions to the request for proposals that the department deems necessary or appropriate to balance such interests. [2007 c 481 § 1.]

Effective date—2007 c 481: See note following RCW 47.60.824.

47.60.830 Ferry system operation—Fuel purchasing strategies—Report. In performing the function of operating its ferry system, the department may, subject to the availability of amounts appropriated for this specific purpose and after consultation with the *department of general administration's office of state procurement, explore and implement strategies designed to reduce the overall cost of fuel and mitigate the impact of market fluctuations and pressure on both short-term and long-term fuel costs. These strategies may include, but are not limited to, futures contracts, hedging, swap transactions, option contracts, costless collars, and long-term storage. The department shall periodically submit a report to the transportation committees of the legislature and the office of state procurement on the status of any such implemented strategies, including cost mitigation results, a description of each contract established to mitigate fuel costs, the amounts of fuel covered by the contracts, the cost mitigation results, and any related recommendations. The first report must be submitted within one year of implementation. [2008 c 126 § 4.]

***Reviser's note:** The "department of general administration" was renamed the "department of enterprise services" by 2011 1st sp.s. c 43 § 107.

47.64.005 Declaration of policy. The state of Washington, as a public policy, declares that sound labor relations are essential to the development of a ferry and bridge system which will best serve the interests of the people of the state. [1961 c 13 § 47.64.005. Prior: 1949 c 148 § 1; Rem. Supp. 1949 § 6524-22.]

47.64.006 Public policy. The legislature declares that it is the public policy of the state of Washington to: (1) Provide continuous operation of the Washington state ferry system at reasonable cost to users; (2) efficiently provide levels of ferry service consistent with trends and forecasts of ferry usage; (3) promote harmonious and cooperative relationships between the ferry system and its employees by permitting ferry employees to organize and bargain collectively; (4) protect the citizens of this state by assuring effective and orderly operation of the ferry system in providing for their health, safety, and welfare; (5) prohibit and prevent all strikes or work stoppages by ferry employees; (6) protect the rights of ferry employees with respect to employee organizations; and (7) promote just and fair compensation, benefits, and working conditions for ferry system employees as compared with public and private sector employees in states along the west coast of the United States, including Alaska, and in British Columbia in directly comparable but not necessarily identical positions. [1989 c 327 § 1; 1983 c 15 § 1.]

47.64.011 Definitions. As used in this chapter, unless the context otherwise requires, the definitions in this section shall apply.

(1) "Collective bargaining representative" means the persons designated by the governor and employee organizations to be the exclusive representatives during collective bargaining negotiations.

(2) "Commission" means the public employment relations commission created in RCW 41.58.010.

(3) "Department of transportation" means the department as defined in RCW 47.01.021.

(4) "Employer" means the state of Washington.

(5) "Executive director" means the executive director of the commission.

(6) "Ferry employee" means any employee of the marine transportation division of the department of transportation who is a member of a collective bargaining unit represented by a ferry employee organization and does not include an exempt employee pursuant to RCW 41.06.079.

(7) "Ferry employee organization" means any labor organization recognized to represent a collective bargaining unit of ferry employees.

(8) "Lockout" means the refusal of the employer to furnish work to ferry employees in an effort to get ferry employee organizations to make concessions during collective bargaining, grievance, or other labor relation negotiations. Curtailment of employment of ferry employees due to lack of work resulting from a strike or work stoppage shall not be considered a lockout.

(9) "Office of financial management" means the office as created in RCW 43.41.050.

(10) "Strike or work stoppage" means a ferry employee's refusal, in concerted action with others, to report to duty, or his or her willful absence from his or her position, or his or her stoppage or slowdown of work, or his or her abstinence in whole or in part from the full, faithful, and proper performance of the duties of employment, for the purpose of inducing, influencing, or coercing a change in conditions, compensation, rights, privileges, or obligations of his, her, or any other ferry employee's employment. A refusal, in good faith, to work under conditions which pose an endangerment to the health and safety of ferry employees or the public, as determined by the master of the vessel, shall not be considered a strike for the purposes of this chapter. [2011 1st sp.s. c 16 § 24; 2006 c 164 § 1; 1983 c 15 § 2.]

Effective date—2011 1st sp.s. c 16 §§ 16-25: See note following RCW 41.58.065.

Transfer of powers, duties, and functions—2011 1st sp.s. c 16: See note following RCW 41.58.065.

Prospective application—Savings—2006 c 164: "(1) This act applies prospectively only and not retroactively. It applies to collective bargaining agreements, the negotiations of collective bargaining agreements, mediations, arbitrations, and other actions under this act that arise or are commenced on or after March 21, 2006.

(2) This act does not apply to collective bargaining agreements, either in effect or for which the negotiations have begun, or mediations and arbitrations that arose or commenced under *this chapter before March 21, 2006. Such collective bargaining agreements and related proceedings must be administered in accordance with the authorities, rules, and procedures that were established under *this chapter as it existed before March 21, 2006. The repealers in section 19 of this act do not affect any existing right acquired, or liability or obligation incurred, under the statutes repealed or under any rule or order adopted under those statutes, nor do they affect any proceeding instituted under them." [2006 c 164 § 16.]

***Reviser's note:** The term "this chapter" apparently refers to chapter 47.64 RCW.

Effective dates—2006 c 164: "Except for section 10 of this act which takes effect July 1, 2006, this act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [March 21, 2006]." [2006 c 164 § 21.]

47.64.060 Federal social security—State employees' retirement. All employees engaged in the operation of ferries acquired by the department shall remain subject to the federal social security act and shall be under the state employees' retirement act. The department shall make such deductions from salaries of employees and contributions from revenues of the department as shall be necessary to qualify the employees for benefits under the federal social security act. The appropriate officials are authorized to contract with the secretary of health, education and welfare to effect the coverage. [1984 c 7 § 340; 1961 c 13 § 47.64.060. Prior: 1957 c 271 § 7; 1951 c 82 § 2; 1949 c 148 § 5; Rem. Supp. 1949 § 6524-26.]

Additional notes found at www.leg.wa.gov

47.64.070 Employees subject to industrial insurance laws. Employees, except the masters and members of the crews of vessels, shall be subject to and entitled to the benefits of the industrial insurance laws of the state, and are hereby declared to be in extrahazardous employment within the meaning of such laws. [1961 c 13 § 47.64.070. Prior: 1951 c 259 § 2; 1949 c 148 § 6; Rem. Supp. 1949 § 6524-27.]

47.64.080 Employee seniority rights. (Effective until July 1, 2013.) Employees employed at the time of the acquisition of any ferry or ferry system by the department have seniority rights to the position they occupy aboard the ferries or ferry system. In the event of curtailment of ferry operations for any reason, employees shall be relieved of service on the basis of their duration of employment in any ferry or ferry system acquired by the department. [1984 c 7 § 341; 1961 c 13 § 47.64.080. Prior: 1949 c 148 § 7; Rem. Supp. 1949 § 6524-28.]

Additional notes found at www.leg.wa.gov

47.64.090 Other party operating ferry by rent, lease, or charter—Passenger-only ferry service. (1) Except as provided in RCW 47.60.656 and subsections (2) and (4) of this section, or as provided in RCW 36.54.130 and subsection (3) of this section, if any party assumes the operation and maintenance of any ferry or ferry system by rent, lease, or charter from the department of transportation, such party shall assume and be bound by all the provisions herein and any agreement or contract for such operation of any ferry or ferry system entered into by the department shall provide that the wages to be paid, hours of employment, working conditions, and seniority rights of employees will be established by the commission in accordance with the terms and provisions of this chapter and it shall further provide that all labor disputes shall be adjudicated in accordance with chapter 47.64 RCW.

(2) If a public transportation benefit area meeting the requirements of RCW 36.57A.200 has voter approval to operate passenger-only ferry service, it may enter into an agreement with Washington State Ferries to rent, lease, or purchase passenger-only vessels, related equipment, or terminal space for purposes of loading and unloading the passenger-only ferry. Charges for the vessels, equipment, and space must be fair market value taking into account the public benefit derived from the ferry service. A benefit area or subcontractor of that benefit area that qualifies under this subsection

is not subject to the restrictions of subsection (1) of this section, but is subject to:

(a) The terms of those collective bargaining agreements that it or its subcontractors negotiate with the exclusive bargaining representatives of its or its subcontractors' employees under chapter 41.56 RCW or the National Labor Relations Act, as applicable;

(b) Unless otherwise prohibited by federal or state law, a requirement that the benefit area and any contract with its subcontractors, give preferential hiring to former employees of the department of transportation who separated from employment with the department because of termination of the ferry service by the state of Washington; and

(c) Unless otherwise prohibited by federal or state law, a requirement that the benefit area and any contract with its subcontractors, on any questions concerning representation of employees for collective bargaining purposes, may be determined by conducting a cross-check comparing an employee organization's membership records or bargaining authorization cards against the employment records of the employer.

(3) If a ferry district is formed under RCW 36.54.110 to operate passenger-only ferry service, it may enter into an agreement with Washington State Ferries to rent, lease, or purchase vessels, related equipment, or terminal space for purposes of loading and unloading the ferry. Charges for the vessels, equipment, and space must be fair market value taking into account the public benefit derived from the ferry service. A ferry district or subcontractor of that district that qualifies under this subsection is not subject to the restrictions of subsection (1) of this section, but is subject to:

(a) The terms of those collective bargaining agreements that it or its subcontractors negotiate with the exclusive bargaining representatives of its or its subcontractors' employees under chapter 41.56 RCW or the National Labor Relations Act, as applicable;

(b) Unless otherwise prohibited by federal or state law, a requirement that the ferry district and any contract with its subcontractors, give preferential hiring to former employees of the department of transportation who separated from employment with the department because of termination of the ferry service by the state of Washington; and

(c) Unless otherwise prohibited by federal or state law, a requirement that the ferry district and any contract with its subcontractors, on any questions concerning representation of employees for collective bargaining purposes, may be determined by conducting a cross-check comparing an employee organization's membership records or bargaining authorization cards against the employment records of the employer.

(4) The department of transportation shall make its terminal, dock, and pier space available to private operators of passenger-only ferries if the space can be made available without limiting the operation of car ferries operated by the department. These private operators are not bound by the provisions of subsection (1) of this section. Charges for the equipment and space must be fair market value taking into account the public benefit derived from the passenger-only ferry service. [2011 1st sp.s. c 16 § 25. Prior: 2003 c 373 § 3; 2003 c 91 § 1; 2003 c 83 § 205; 1983 c 15 § 27; 1961 c 13

Findings—Intent—2003 c 373: "The legislature finds that the Washington state department of transportation should focus on its core ferry mission of moving automobiles on Washington state's marine highways. The legislature finds that current statutes impose barriers to entities other than the state operating passenger-only ferries. The legislature intends to lift those barriers to allow entities other than the state to provide passenger-only ferry service. The legislature finds that the provision of this service and the improvement in the mobility of the citizens of Washington state is legally adequate consideration for the use of state facilities in conjunction with the provision of the service, and the legislature finds that allowing the operators of passenger-only ferries to use state facilities on the basis of legally adequate consideration does not evince donative intent on the part of the legislature." [2003 c 373 § 1.]

Contingent effective date—2003 c 91: "Sections 1 and 2 of this act are necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and take effect immediately [April 23, 2003], but only if Engrossed Substitute House Bill No. 1853 has become law. If Engrossed Substitute House Bill No. 1853 has not become law by June 30, 2003, sections 1 and 2 of this act are null and void." [2003 c 91 § 4.] Engrossed Substitute House Bill No. 1853 became law as 2003 c 83, effective April 23, 2003.

47.64.120 Scope of negotiations—Interest on retroactive compensation increases—Prohibitions—Agreement conflicts. (1) Except as otherwise provided in this chapter, the employer and ferry system employee organizations, through their collective bargaining representatives, shall meet at reasonable times to negotiate in good faith with respect to wages, hours, working conditions, and insurance, and other matters mutually agreed upon. Employer funded retirement benefits shall be provided under the public employees retirement system under chapter 41.40 RCW and shall not be included in the scope of collective bargaining. Except as provided under RCW 47.64.270, the employer is not required to bargain over health care benefits. Any retirement system or retirement benefits shall not be subject to collective bargaining.

(2) Upon ratification of bargaining agreements, ferry employees are entitled to an amount equivalent to the interest earned on retroactive compensation increases. For purposes of this section, the interest earned on retroactive compensation increases is the same monthly rate of interest that was earned on the amount of the compensation increases while held in the state treasury. The interest will be computed for each employee until the date the retroactive compensation is paid, and must be allocated in accordance with appropriation authority. The interest earned on retroactive compensation is not considered part of the ongoing compensation obligation of the state and is not compensation earnable for the purposes of chapter 41.40 RCW. Negotiations shall also include grievance procedures for resolving any questions arising under the agreement, which shall be embodied in a written agreement and signed by the parties.

(3) The employer shall not bargain over the rights of management as identified in RCW 41.80.040.

(4) A collective bargaining agreement may not contain any provision that extends the term of an existing collective bargaining agreement or applicability of items incompatible with this section in an existing collective bargaining agreement.

(5) Except as otherwise provided in this chapter, if a conflict exists between an executive order, administrative rule, or agency policy relating to wages, hours, and terms and conditions of employment and a collective bargaining agreement negotiated under this chapter, the collective bargaining agreement shall prevail. A provision of a collective bargaining agreement that conflicts with the terms of a statute is invalid and unenforceable. 47.64.130 Unfair labor practices. (1) It is an unfair labor practice for the employer or its representatives:

(a) To interfere with, restrain, or coerce employees in the exercise of the rights guaranteed by this chapter;

(b) To dominate or interfere with the formation or administration of any employee organization or contribute financial or other support to it. However, subject to rules made by the public employment relations commission pursuant to RCW 41.58.050, an employer shall not be prohibited from permitting employees to confer with it or its representatives or agents during working hours without loss of time or pay;

(c) To encourage or discourage membership in any employee organization by discrimination in regard to hiring, tenure of employment, or any term or condition of employment, but nothing contained in this subsection prevents an employer from requiring, as a condition of continued employment, payment of periodic dues and fees uniformly required to an exclusive bargaining representative pursuant to RCW 47.64.160. However, nothing prohibits the employer from agreeing to obtain employees by referral from a lawful hiring hall operated by or participated in by a labor organization;

(d) To discharge or otherwise discriminate against an employee because he or she has filed charges or given testimony under this chapter;

(e) To refuse to bargain collectively with the representatives of its employees.

(2) It is an unfair labor practice for an employee organization:

(a) To restrain or coerce (i) employees in the exercise of the rights guaranteed by this chapter. However, this subsection does not impair the right of an employee organization to prescribe its own rules with respect to the acquisition or retention of membership therein, or (ii) an employer in the selection of his or her representatives for the purposes of collective bargaining or the adjustment of grievances;

(b) To cause or attempt to cause an employer to discriminate against an employee in violation of subsection (1)(c) of this section;

(c) To refuse to bargain collectively with an employer.

(3) The expression of any view, argument, or opinion, or the dissemination thereof to the public, whether in written, printed, graphic, or visual form, shall not constitute or be evidence of an unfair labor practice under any of the provisions of this chapter, if the expression contains no threat of reprisal or force or promise of benefit. [2011 1st sp.s. c 16 § 19; 2010 c 8 § 10021; 2006 c 164 § 4; 1983 c 15 § 4.]

47.64.132 Unfair labor practice procedures—Powers and duties of commission. (Effective July 1, 2013.) (1) The commission is empowered and directed to prevent any unfair labor practice and to issue appropriate remedial orders; however, a complaint shall not be processed for any unfair labor practice occurring more than six months before the filing of the complaint with the commission. This power shall not be affected or impaired by any means of adjustment, mediation, or conciliation in labor disputes that have been or may hereafter be established by law.

(2) If the commission determines that any person has engaged in or is engaging in an unfair labor practice, the commission shall issue and cause to be served upon the person an order requiring the person to cease and desist from such unfair labor practice, and to take such affirmative action as will effectuate the purposes and policy of this chapter, such as the payment of damages and the reinstatement of employees.

(3) The commission may petition the superior court for the county in which the main office of the employer is located or in which the person who has engaged or is engaging in such unfair labor practice resides or transacts business, for the enforcement of its order and for appropriate temporary relief. [2011 1st sp.s. c 16 § 26.]

Effective date—2011 1st sp.s. c 16 §§ 26-28: "Sections 26 through 28 of this act take effect July 1, 2013." [2011 1st sp.s. c 16 § 32.]

Transfer of powers, duties, and functions—2011 1st sp.s. c 16: See note following RCW 41.58.065.

47.64.135 Representation—Elections—Rules. (Effective July 1, 2013.) (1) The commission shall determine all questions pertaining to representation and shall administer all elections and be responsible for the processing and adjudication of all disputes that arise as a consequence of elections. The commission shall adopt rules that provide for at least the following:

- (a) Secret balloting;
- (b) Consulting with employee organizations;
- (c) Access to lists of employees, job classification, work locations, and home mailing addresses;
- (d) Absentee voting;
- (e) Procedures for the greatest possible participation in voting;
- (f) Campaigning on the employer's property during working hours; and
- (g) Election observers.

(2) If an employee organization has been certified as the exclusive bargaining representative of the employees of a bargaining unit, the employee organization may act for and negotiate master collective bargaining agreements that will include within the coverage of the agreement all employees in the bargaining unit.

(3) The certified exclusive bargaining representative is responsible for representing the interests of all the employees in the bargaining unit. This section shall not be construed to limit an exclusive representative's right to exercise its discretion to refuse to process grievances of employees that are unmeritorious.

(4) No question concerning representation may be raised if:

(a) Fewer than twelve months have elapsed since the last certification or election; or

(b) A valid collective bargaining agreement exists covering the unit, except for that period of no more than one hundred twenty calendar days and no less than ninety calendar days before the expiration of the contract. [2011 1st sp.s. c 16 § 27.]

Effective date—2011 1st sp.s. c 16 §§ 26-28: See note following RCW 47.64.132.

Transfer of powers, duties, and functions—2011 1st sp.s. c 16: See note following RCW 41.58.065.

47.64.140 Strikes, work stoppages, and lockouts prohibited. (1) It is unlawful for any ferry system employee or any employee organization, directly or indirectly, to induce, instigate, encourage, authorize, ratify, or participate in a strike or work stoppage against the ferry system.

(2) It is unlawful for the employer to authorize, consent to, or condone a strike or work stoppage; or to conduct a lockout; or to pay or agree to pay any ferry system employee for any day in which the employee participates in a strike or work stoppage; or to pay or agree to pay any increase in compensation or benefits to any ferry system employee in response to or as a result of any strike or work stoppage or any act that violates subsection (1) of this section. It is unlawful for any official, director, or representative of the ferry system to authorize, ratify, or participate in any violation of this subsection. Nothing in this subsection prevents new or renewed bargaining and agreement within the scope of negotiations as defined by this chapter, at any time. No collective bargaining agreement provision regarding suspension or modification of any court-ordered penalty provided in this section is binding on the courts.

(3) In the event of any violation or imminently threatened violation of subsection (1) or (2) of this section, any citizen domiciled within the jurisdictional boundaries of the state may petition the superior court for Thurston county for an injunction restraining the violation or imminently threatened violation. Rules of civil procedure regarding injunctions apply to the action. However, the court shall grant a temporary injunction if it appears to the court that a violation has occurred or is imminently threatened; the plaintiff need not show that the violation or threatened violation would greatly or irreparably injure him or her; and no bond may be required of the plaintiff unless the court determines that a bond is necessary in the public interest. Failure to comply with any temporary or permanent injunction granted under

this section is a contempt of court as provided in chapter 7.21 RCW. The court may impose a penalty of up to ten thousand dollars for an employee organization or the ferry system, for each day during which the failure to comply continues. The sanctions for a ferry employee found to be in contempt shall be as provided in chapter 7.21 RCW. An individual or an employee organization which makes an active good faith effort to comply fully with the injunction shall not be deemed to be in contempt.

(4) The right of ferry system employees to engage in strike or work slowdown or stoppage is not granted and nothing in this chapter may be construed to grant such a right.

(5) Each of the remedies and penalties provided by this section is separate and several, and is in addition to any other legal or equitable remedy or penalty.

(6) In addition to the remedies and penalties provided by this section the successful litigant is entitled to recover reasonable attorney fees and costs incurred in the litigation.

(7) Notwithstanding the provisions of chapter 88.04 RCW and chapter 88.08 RCW, the department of transportation shall adopt rules allowing vessels, as defined in RCW 88.04.015, as well as other watercraft, to engage in emergency passenger service on the waters of Puget Sound in the event ferry employees engage in a work slowdown or stoppage. Such emergency rules shall allow emergency passenger service on the waters of Puget Sound within seventy-two hours following a work slowdown or stoppage. Such rules that are adopted shall give due consideration to the needs and the health, safety, and welfare of the people of the state of Washington. [2006 c 164 § 5; 1989 c 373 § 25; 1983 c 15 § 5.]

47.64.150 Grievance procedures. (Effective until July 1, 2013.) An agreement with a ferry employee organization that is the exclusive representative of ferry employees in an appropriate unit may provide procedures for the consideration of ferry employee grievances and of disputes over the interpretation and application of agreements. Negotiated procedures may provide for binding arbitration of ferry employee grievances and of disputes over the interpretation and application of existing agreements. An arbitrator's decision on a grievance shall not change or amend the terms, conditions, or applications of the collective bargaining agreement. The procedures shall provide for the invoking of arbitration only with the approval of the employee organization. The costs of arbitrators shall be shared equally by the parties.

Ferry system employees shall follow either the grievance procedures provided in a collective bargaining agreement, or if no such procedures are so provided, shall submit the grievances to the marine employees' commission as provided in RCW 47.64.280. [1983 c 15 § 6.]

47.64.160 Union security provisions. A collective bargaining agreement may include union security provisions including an agency shop, but not a union or closed shop. If an agency shop provision is agreed to, the employer shall enforce it by deducting from the salary payments to members of the bargaining unit the dues required of membership in the

bargaining representative, or, for nonmembers thereof, a fee equivalent to such dues. All union security provisions shall safeguard the right of nonassociation of employees based on bona fide religious tenets or teachings of a church or religious body of which such employee is a member. Such employee shall pay an amount of money equivalent to regular dues and fees to a nonreligious charity or to another charitable organization mutually agreed upon by the employee affected and the bargaining representative to which such employee would otherwise pay the dues and fees. The employee shall furnish written proof that such payment has been made. If the employee and the bargaining representative do not reach agreement on such matter, the commission shall designate the charitable organization. [1983 c 15 § 7.]

47.64.170 Collective bargaining procedures. (1) Any ferry employee organization certified as the bargaining representative shall be the exclusive representative of all ferry employees in the bargaining unit and shall represent all such employees fairly.

(2) A ferry employee organization or organizations and the governor may each designate any individual as its representative to engage in collective bargaining negotiations.

(3) Negotiating sessions, including strategy meetings of the employer or employee organizations, mediation, and the deliberative process of arbitrators are exempt from the provisions of chapter 42.30 RCW. Hearings conducted by arbitrators may be open to the public by mutual consent of the parties.

(4) Terms of any collective bargaining agreement may be enforced by civil action in Thurston county superior court upon the initiative of either party.

(5) Ferry system employees or any employee organization shall not negotiate or attempt to negotiate directly with anyone other than the person who has been appointed or authorized a bargaining representative for the purpose of bargaining with the ferry employees or their representative.

(6)(a) Within ten working days after the first Monday in September of every odd-numbered year, the parties shall attempt to agree on an interest arbitrator to be used if the parties are not successful in negotiating a comprehensive collective bargaining agreement. If the parties cannot agree on an arbitrator within the ten-day period, either party may request a list of seven arbitrators from the federal mediation and conciliation service. The parties shall select an interest arbitrator using the coin toss/alternate strike method within thirty calendar days of receipt of the list. Immediately upon selecting an interest arbitrator, the parties shall cooperate to reserve dates with the arbitrator for potential arbitration between August 1st and September 15th of the following even-numbered year. The parties shall also prepare a schedule of at least five negotiation dates for the following year, absent an agreement to the contrary. The parties shall execute a written agreement before November 1st of each odd-numbered year setting forth the name of the arbitrator and the dates reserved for bargaining and arbitration. This subsection (6)(a) imposes minimum obligations only and is not intended to define or limit a party's full, good faith bargaining obligation under other sections of this chapter.

(b) The negotiation of a proposed collective bargaining agreement by representatives of the employer and a ferry

employee organization shall commence on or about February 1st of every even-numbered year.

(c) For negotiations covering the 2009-2011 biennium and subsequent biennia, the time periods specified in this section, and in RCW 47.64.210 and 47.64.300 through 47.64.320, must ensure conclusion of all agreements on or before October 1st of the even-numbered year next preceding the biennial budget period during which the agreement should take effect. These time periods may only be altered by mutual agreement of the parties in writing. Any such agreement and any impasse procedures agreed to by the parties under RCW 47.64.200 must include an agreement regarding the new time periods that will allow final resolution by negotiations or arbitration by October 1st of each even-numbered year.

(7) It is the intent of this section that the collective bargaining agreement or arbitrator's award shall commence on July 1st of each odd-numbered year and shall terminate on June 30th of the next odd-numbered year to coincide with the ensuing biennial budget year, as defined by RCW 43.88.020(7), to the extent practical. It is further the intent of this section that all collective bargaining agreements be concluded by October 1st of the even-numbered year before the commencement of the biennial budget year during which the agreements are to be in effect. After the expiration date of a collective bargaining agreement negotiated under this chapter, except to the extent provided in subsection (11) of this section and RCW 47.64.270(4), all of the terms and conditions specified in the collective bargaining agreement remain in effect until the effective date of a subsequently negotiated agreement, not to exceed one year from the expiration date stated in the agreement. Thereafter, the employer may unilaterally implement according to law.

(8) The office of financial management shall conduct a salary survey, for use in collective bargaining and arbitration, which must be conducted through a contract with a firm nationally recognized in the field of human resources management consulting.

(9) Except as provided in subsection (11) of this section:

(a) The governor shall submit a request either for funds necessary to implement the collective bargaining agreements including, but not limited to, the compensation and fringe benefit provisions or for legislation necessary to implement the agreement, or both. Requests for funds necessary to implement the collective bargaining agreements shall not be submitted to the legislature by the governor unless such requests:

(i) Have been submitted to the director of the office of financial management by October 1st before the legislative session at which the requests are to be considered; and

(ii) Have been certified by the director of the office of financial management as being feasible financially for the state.

(b) The governor shall submit a request either for funds necessary to implement the arbitration awards or for legislation necessary to implement the arbitration awards, or both. Requests for funds necessary to implement the arbitration awards shall not be submitted to the legislature by the governor unless such requests:

(i) Have been submitted to the director of the office of financial management by October 1st before the legislative session at which the requests are to be considered; and

(ii) Have been certified by the director of the office of financial management as being feasible financially for the state.

(c) The legislature shall approve or reject the submission of the request for funds necessary to implement the collective bargaining agreements or arbitration awards as a whole for each agreement or award. The legislature shall not consider a request for funds to implement a collective bargaining agreement or arbitration award unless the request is transmitted to the legislature as part of the governor's budget document submitted under RCW 43.88.030 and 43.88.060. If the legislature rejects or fails to act on the submission, either party may reopen all or part of the agreement and award or the exclusive bargaining representative may seek to implement the procedures provided for in RCW 47.64.210 and 47.64.300.

(10) If, after the compensation and fringe benefit provisions of an agreement are approved by the legislature, a significant revenue shortfall occurs resulting in reduced appropriations, as declared by proclamation of the governor or by resolution of the legislature, both parties shall immediately enter into collective bargaining for a mutually agreed upon modification of the agreement.

(11)(a) For the collective bargaining agreements negotiated for the 2011-2013 fiscal biennium, the legislature may consider a request for funds to implement a collective bargaining agreement even if the request for funds was not received by the office of financial management by October 1st and was not transmitted to the legislature as part of the governor's budget document submitted under RCW 43.88.030 and 43.88.060.

(b) For the 2011-2013 fiscal biennium, a collective bargaining agreement related to employee health care benefits negotiated between the employer and coalition pursuant to RCW 41.80.020(3) regarding the dollar amount expended on behalf of each employee must be a separate agreement for which the governor may request funds necessary to implement the agreement. If such an agreement is negotiated and funded by the legislature, this agreement will supersede any terms and conditions of an expired 2009-2011 biennial master collective bargaining agreement under this chapter regarding health care benefits. [2011 c 367 § 712; 2010 c 283 § 11; 2007 c 160 § 1; 2006 c 164 § 6; 1983 c 15 § 8.]

47.64.175 Collective bargaining agreement negotiation. (1) For the purpose of negotiating collective bargaining agreements under this chapter, the employer shall be represented by the governor or governor's designee.

(2) Two or more ferry employee organizations may, upon agreement of the parties, negotiate, as a coalition with the employer representative as designated in subsection (1) of this section, a multiunion collective bargaining agreement on behalf of all the employees in ferry employee organization

bargaining units that the exclusive bargaining representatives represent. The coalition shall bargain for a multiunion collective bargaining agreement covering all of the employees represented by the coalition. The governor's designee and the exclusive bargaining representative or representatives are authorized to enter into supplemental bargaining of bargaining unit-specific issues for inclusion in or as an addendum to the multiunion collective bargaining agreement, subject to the parties' agreement regarding the issues and procedures for supplemental bargaining. Nothing in this section impairs the right of each ferry employee organization to negotiate a collective bargaining agreement exclusive to the bargaining unit it represents. [2006 c 164 § 2.]

Prospective application—Savings—Effective dates—2006 c 164: See notes following RCW 47.64.011.

47.64.200 Impasse procedures. As the first step in the performance of their duty to bargain, the employer and the employee organization shall endeavor to agree upon impasse procedures. Unless otherwise agreed to by the employee organization and the employer in their impasse procedures, the arbitrator or panel shall issue a decision it deems just and appropriate with respect to each impasse item. If the parties fail to agree upon impasse procedures under this section, the impasse procedures provided in RCW 47.64.210 and 47.64.230 and 47.64.300 through 47.64.320 apply. It is unlawful for either party to refuse to participate in the impasse procedures provided in RCW 47.64.210 and 47.64.230 and 47.64.300 through 47.64.320. [2010 c 283 § 12; 2006 c 164 § 7; 1983 c 15 § 11.]

47.64.210 Mediation. In the absence of an impasse agreement between the parties or the failure of either party to utilize its procedures by August 1st in the even-numbered year preceding the biennium, either party may request the commission to appoint an impartial and disinterested person to act as mediator. It is the function of the mediator to bring the parties together to effectuate a settlement of the dispute, but the mediator shall not compel the parties to agree. [2007 c 160 § 2; 2006 c 164 § 8; 1983 c 15 § 12.]

Prospective application—Savings—Effective dates—2006 c 164: See notes following RCW 47.64.011.

47.64.230 Waiver of mediation. By mutual agreement, the parties may waive mediation and proceed with binding arbitration as provided for in the impasse procedures agreed to under RCW 47.64.200 or in 47.64.300 through 47.64.320, as applicable. The waiver shall be in writing and be signed by the representatives of the parties. Regardless of the status of mediation, the parties must comply with the interest arbitration agreement under RCW 47.64.170(6)(a), absent any subsequent agreement to the contrary. [2007 c 160 § 3; 2006 c 164 § 11; 1983 c 15 § 14.]

47.64.250 Legal actions. (1) Any ferry employee organization and the department of transportation may sue or be

(2012 Ed.)

sued as an entity under this chapter. Service upon any party shall be in accordance with law or the rules of civil procedure. Nothing in this chapter may be construed to make any individual or his or her assets liable for any judgment against the department of transportation or a ferry employee organization if the individual was acting in his or her official capacity.

(2) Any legal action by any ferry employee organization or the department of transportation under this chapter shall be filed in Thurston county superior court within ten days of when the cause of action arose. The court shall consider those actions on a priority basis and determine the merits of the actions within thirty days of filing. [2010 c 8 § 10022; 1983 c 15 § 16.]

47.64.260 Notice and service. Any notice required under this chapter shall be in writing, but service thereof is sufficient if mailed by certified mail, return receipt requested, addressed to the last known address of the parties, or sent by electronic facsimile transmission with transaction report verification and same-day United States postal service mailing of copies or service as specified in Title 316 WAC, unless otherwise provided in this chapter. Refusal of certified mail by any party shall be considered service. Prescribed time periods commence from the date of the receipt of the notice. Any party may at any time execute and deliver an acceptance of service in lieu of mailed notice. [2001 c 19 § 1; 1983 c 15 § 17.]

47.64.270 Insurance and health care. (1) The employer and one coalition of all the exclusive bargaining representatives subject to this chapter and chapter 41.80 RCW shall conduct negotiations regarding the dollar amount expended on behalf of each employee for health care benefits.

(2) Absent a collective bargaining agreement to the contrary, the department of transportation shall provide contributions to insurance and health care plans for ferry system employees and dependents, as determined by the state health care authority, under chapter 41.05 RCW.

(3) The employer and employee organizations may collectively bargain for insurance plans other than health care benefits, and employer contributions may exceed that of other state agencies as provided in RCW 41.05.050.

(4) For the 2011-2013 fiscal biennium, a collective bargaining agreement related to employee health care benefits negotiated between the employer and coalition pursuant to RCW 41.80.020(3) regarding the dollar amount expended on behalf of each employee must be a separate agreement for which the governor may request funds necessary to implement the agreement. If such an agreement is negotiated and funded by the legislature, this agreement will supersede any terms and conditions of an expired 2009-2011 biennial collective bargaining agreement under this chapter regarding health care benefits. 47.64.280 Marine employees' commission—Complaint and dispute procedure. (Expires June 30, 2013.)

(1) The marine employees' commission, created in RCW 41.58.065, shall adjust all complaints, grievances, and disputes between labor and management arising out of the operation of the ferry system as provided in *RCW 47.64.150.

(2) All unfair labor practice complaints, questions concerning representation, and unit clarifications must be filed with the public employment relations commission and processed in accordance with the commission's rules adopted under RCW 41.58.050, except that the marine employees' commission shall act in place of the public employment relations commission only for appeals.

(3) This section expires June 30, 2013. [2011 1st sp.s. c 16 § 20; 2010 c 283 § 14; 2006 c 164 § 18; 1984 c 287 § 95; 1983 c 15 § 19.]

***Reviser's note:** RCW 47.64.150 was repealed by 2011 1st sp.s. c 16 § 28, effective July 1, 2013.

Compensation of class four groups: RCW 43.03.250.

47.64.290 Toll bridge employees subject to civil service. Notwithstanding any other provisions of this chapter, toll bridge employees of the marine transportation division are subject to chapter 41.06 RCW. [1984 c 48 § 2.]

47.64.300 Interest arbitration—Procedures. (1) If an agreement has not been reached following a reasonable period of negotiations and, when applicable, mediation, upon the recommendation of the assigned mediator that the parties remain at impasse or, with respect to biennial bargaining, in compliance with the interest arbitration agreement under RCW 47.64.170(6)(a), all impasse items shall be submitted to arbitration under this section. The issues for arbitration shall be limited to the issues certified by the executive director.

(2) The parties may agree to submit the dispute to a single arbitrator, whose authority and duties shall be the same as those of an arbitration panel. If the parties cannot agree on the arbitrator within five working days, the selection shall be made under subsection (3) of this section, except with respect to biennial bargaining described under RCW 47.64.170(6). The full costs of arbitration under this section shall be shared equally by the parties to the dispute.

(3) Within seven days following the issuance of the determination of the executive director, each party shall, absent an agreement to the contrary, name one person to serve as its arbitrator on the arbitration panel. Except with respect to biennial bargaining described under RCW 47.64.170(6), the two members so appointed shall meet within seven days following the appointment of the later appointed member to attempt to choose a third member to act as the neutral chair of the arbitration panel. Upon the failure of the arbitrators to select a neutral chair within seven days, either party may apply to the federal mediation and conciliation service, or, with the consent of the parties, the American arbitration association to provide a list of five qualified arbitrators from which the neutral chair shall be chosen. Each party shall pay the fees and expenses of its arbitrator, and the fees and expenses of the neutral chair shall be shared equally between the parties.

(4) In consultation with the parties, the arbitrator or arbitration panel shall promptly establish a date, time, and place for a hearing and shall provide reasonable notice thereof to the parties to the dispute. The parties shall exchange final positions in writing, with copies to the arbitrator or arbitration panel, with respect to every issue to be arbitrated, on a date mutually agreed upon, but in no event later than ten working days before the date set for hearing. A hearing, which shall be informal, shall be held, and each party shall have the opportunity to present evidence and make argument. No member of the arbitration panel may present the case for a party to the proceedings. The rules of evidence prevailing in judicial proceedings may be considered, but are not binding, and any oral testimony or documentary evidence or other data deemed relevant by the chair of the arbitration panel may be received in evidence. A recording of the proceedings shall be taken. The arbitration panel has the power to administer oaths, require the attendance of witnesses, and require the production of such books, papers, contracts, agreements, and documents as may be deemed by the panel to be material to a just determination of the issues in dispute. If any person refuses to obey a subpoena issued by the arbitration panel, or refuses to be sworn or to make an affirmation to testify, or any witness, party, or attorney for a party is guilty of any contempt while in attendance at any hearing held hereunder, the arbitration panel may invoke the jurisdiction of the superior court in the county where the labor dispute exists, and the court has jurisdiction to issue an appropriate order. Any failure to obey the order may be punished by the court as a contempt thereof.

(5) The neutral chair shall consult with the other members of the arbitration panel, if a panel has been created. Within thirty days following the conclusion of the hearing, or sooner as the October 1st deadline set forth in RCW 47.64.170 (6)(c) and (7) necessitates, the neutral chair shall make written findings of fact and a written determination of the issues in dispute, based on the evidence presented. A copy thereof shall be served on each of the other members of the arbitration panel, and on each of the parties to the dispute. That determination is final and binding upon both parties, subject to review by the superior court upon the application of either party solely upon the question of whether the decision of the panel was arbitrary or capricious. [2011 1st sp.s. c 16 § 21; 2007 c 160 § 4; 2006 c 164 § 12.]

47.64.310 Interest arbitration—Function. An interest arbitration proceeding under RCW 47.64.300 exercises a state function and is, for the purposes of this chapter, functioning as a state agency. Chapter 34.05 RCW does not apply to an interest arbitration proceeding under this chapter. [2006 c 164 § 13.]

Prospective application—Savings—Effective dates—2006 c 164: See notes following RCW 47.64.011.

47.64.320 Parties not bound by arbitration—Arbitration factors. (1) The mediator, arbitrator, or arbitration panel may consider only matters that are subject to bargaining under this chapter, except that health care benefits are not subject to interest arbitration.

(2) The decision of an arbitrator or arbitration panel is not binding on the legislature and, if the legislature does not approve the funds necessary to implement provisions pertaining to compensation and fringe benefit provisions of an arbitrated collective bargaining agreement, is not binding on the state, the department of transportation, or the ferry employee organization.

(3) In making its determination, the arbitrator or arbitration panel shall be mindful of the legislative purpose under RCW 47.64.005 and 47.64.006 and, as additional standards or guidelines to aid it in reaching a decision, shall take into consideration the following factors:

(a) The financial ability of the department to pay for the compensation and fringe benefit provisions of a collective bargaining agreement;

(b) Past collective bargaining contracts between the parties including the bargaining that led up to the contracts;

(c) The constitutional and statutory authority of the employer;

(d) Stipulations of the parties;

(e) The results of the salary survey as required in RCW 47.64.170(8);

(f) Comparison of wages, hours, employee benefits, and conditions of employment of the involved ferry employees with those of public and private sector employees in states along the west coast of the United States, including Alaska, and in British Columbia doing directly comparable but not necessarily identical work, giving consideration to factors peculiar to the area and the classifications involved;

(g) Changes in any of the foregoing circumstances during the pendency of the proceedings;

(h) The limitations on ferry toll increases and operating subsidies as may be imposed by the legislature;

(i) The ability of the state to retain ferry employees;

(j) The overall compensation presently received by the ferry employees, including direct wage compensation, vacations, holidays and other paid excused time, pensions, insurance benefits, and all other direct or indirect monetary benefits received; and

(k) Other factors that are normally or traditionally taken into consideration in the determination of matters that are subject to bargaining under this chapter.

(4) This section applies to any matter before the respective mediator, arbitrator, or arbitration panel. [2010 c 283 § 15; 2006 c 164 § 14.]

Findings—Intent—Effective date—2010 c 283: See notes following RCW 47.60.355.

Prospective application—Savings—Effective dates—2006 c 164: See notes following RCW 47.64.011.

47.64.330 Collective bargaining limitations. Collective bargaining under chapter 164, Laws of 2006 may not be for the purposes of making a collective bargaining agreement take effect before July 1, 2007. No party may engage in collective bargaining under chapter 164, Laws of 2006 to amend a collective bargaining agreement in effect on March 21, 2006. A collective bargaining agreement or amendment thereto entered into under chapter 164, Laws of 2006 shall not be effective before July 1, 2007, and may not have any retroactive effect. [2006 c 164 § 15.]

Prospective application—Savings—Effective dates—2006 c 164: See notes following RCW 47.64.011.

47.64.340 Ferry vessel captains—Authority, responsibilities—Collective bargaining. (1) The captain of a Washington state ferry vessel, also known as the master of a vessel or the commanding officer, is the ultimate authority on, manager of, and has responsibility for the entire vessel and its Washington state ferries personnel while it is in service. The captain's responsibilities include, but are not limited to:

(a) Ensuring the safe navigation of the vessel and its crew and passengers;

(b) Following all applicable federal, state, and agency policies and regulations;

(c) Supervising crew in performance, operations, training, security, and environmental protection;

(d) Overseeing all aspects of vessel operations;

(e) Ensuring that the vessel operations and its Washington state ferries personnel satisfy performance expectations set forth by the department; and

(f) Managing vessel arrivals and departures, as well as all other vessel operations while the vessel is in service.

(3) [(2)] Effective July 1, 2013, the public employment relations commission shall sever from the masters, mates, and pilots bargaining unit all captains. By August 31, 2011, if a majority of the captains in the masters, mates, and pilots bargaining unit indicate by vote that they desire to be included in a newly formed captains-only bargaining unit, the public employment relations commission shall certify a captains-only bargaining unit, to be effective July 1, 2013. For the vote described in this subsection, a union seeking to represent captains does not have to demonstrate a showing of interest to be included on a ballot. Notwithstanding the results of a vote, captains shall remain a part of the masters, mates, and pilots bargaining unit through June 30, 2013.

(4) [(3)] If a new captains-only bargaining unit is created, the employer and the exclusive bargaining representative for the captains-only bargaining unit must negotiate a

collective bargaining agreement exclusive to the captains-only bargaining unit.

(5) [(4)] Beginning with negotiations covering the 2013-2015 biennium, the employer and the exclusive bargaining representative of the captains-only bargaining unit must negotiate agreements that are consistent with this section.

(6) [(5)] A collective bargaining agreement may not contain any provision that extends the term of an existing collective bargaining agreement or applicability of items incompatible with this section in an existing collective bargaining agreement. [2011 1st sp.s. c 16 § 8.]

Effective date—2011 1st sp.s. c 16 §§ 1-15: See note following RCW 47.60.530.

47.64.350 Ferry system performance measures and targets—Definitions. For the purposes of this section and *sections 10 through 15 of this act:

(1) "Management" means an employee at the Washington state ferries who is part of Washington management services or is exempt.

(2) "Performance measure" means measurable standards to be used by the department to evaluate the sufficiency of the services being provided to ferry riders.

(3) "Performance report" means a report that summarizes ferry system performance using the performance measures identified in RCW 47.64.355 and *section 11 of this act.

(4) "Performance target" means the desired outcome of a performance measure. [2011 1st sp.s. c 16 § 9.]

***Reviser's note:** Sections 10 and 12 of this act were codified as RCW 47.64.355 and 47.64.360, respectively. Sections 11, 13, 14, and 15 of this act were vetoed by the governor.

Effective date—2011 1st sp.s. c 16 §§ 1-15: See note following RCW 47.60.530.

47.64.355 Ferry system performance measures and targets—Ad hoc committee. Performance targets must be established by an ad hoc committee with members from and designated by the office of the governor, which must include at least one member from labor. The committee may not consist of more than eleven members. By December 31, 2011, the committee shall present performance targets to the representatives of the legislative transportation committees and the joint transportation committee for review of the performance measures listed under this section. The committee may also develop performance measures in addition to the following:

(1) Safety performance as measured by passenger injuries per one million passenger miles and by injuries per ten thousand revenue service hours that are recordable by standards of the federal occupational safety and health administration and related to standard operating procedures;

(2) Service effectiveness measures including, but not limited to, passenger satisfaction of interactions with ferry employees, cleanliness and comfort of vessels and terminals, and satisfactory response to requests for assistance. Passenger satisfaction must be measured by an evaluation that is created by a contracted market research company and conducted by the Washington state transportation commission as part of the ferry riders' opinion group survey. The Washington state transportation commission shall, to the extent possible, integrate the passenger satisfaction evaluation into the ferry user data survey described in RCW 47.60.286;

(3) Cost-containment measures including, but not limited to, operating cost per passenger mile, operating cost per revenue service mile, discretionary overtime as a percentage of straight time, and gallons of fuel consumed per revenue service mile; and

(4) Maintenance and capital program effectiveness measures including, but not limited to: Project delivery rate as measured by the number of projects completed on time and within the omnibus transportation appropriations act; vessel and terminal design and engineering costs as measured by a percentage of the total capital program, including measurement of the ongoing operating and maintenance costs; and total vessel out-of-service time.

The ad hoc committee described in subsection (1) of this section expires December 31, 2011. [2011 1st sp.s. c 16 § 10.]

Effective date—2011 1st sp.s. c 16 §§ 1-15: See note following RCW 47.60.530.

47.64.360 Ferry system performance measures and targets—Reports. (1) The office of financial management shall complete a government management and accountability performance report that provides a baseline assessment of current performance on the performance measures identified in RCW 47.64.355 and *section 11 of this act using final 2009-2011 data. This report must be presented to the legislature by November 1, 2011, through the attainment report required in RCW 47.01.071(5) and 47.04.280.

(2) By December 31, 2012, and each year thereafter, the office of financial management shall complete a performance report for the prior fiscal year. This report must be reviewed by the joint transportation committee.

(3) Management shall lead implementation of the performance measures in RCW 47.64.355 and *section 11 of this act. [2011 1st sp.s. c 16 § 12.]

***Reviser's note:** Section 11 of this act was vetoed by the governor.

Effective date—2011 1st sp.s. c 16 §§ 1-15: See note following RCW 47.60.530.

47.64.900 Section captions not part of law—1983 c 15. Section captions used in this act constitute no part of the law. [1983 c 15 § 29.]

47.64.910 Severability—1983 c 15. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1983 c 15 § 30.]

47.66.090	High occupancy toll lanes operations account.
47.66.100	Rural mobility grant program.
47.66.900	Effective date—1993 c 393.

47.66.010 Legislative declaration. There is significant state interest in assuring that viable multimodal transportation programs are available throughout the state. The legislature recognizes the need to create a mechanism to fund multimodal transportation programs and projects. The legislature further recognizes the complexities associated with current funding mechanisms and seeks to create a process that would allow for all transportation programs and projects to compete for limited resources. [1993 c 393 § 3.]

47.66.030 Regional mobility grants. (1) The department shall establish a regional mobility grant program. The purpose of the grant program is to aid local governments in funding projects such as intercounty connectivity service, park and ride lots, rush hour transit service, and capital projects that improve the connectivity and efficiency of our transportation system. The department shall identify cost-effective projects that reduce delay for people and goods and improve connectivity between counties and regional population centers. The department shall submit a prioritized list of all projects requesting funding to the legislature by December 1st of each year.

(2) The department may establish an advisory committee to carry out the mandates of this chapter.

(3) The department must report annually to the transportation committees of the legislature on the status of any grants projects funded by the program created under this section. [2005 c 318 § 4; 1996 c 49 § 3; 1995 c 269 § 2604; 1993 c 393 § 5.]

Findings—Intent—2005 c 318: See note following RCW 47.01.330.

Additional notes found at www.leg.wa.gov

47.66.040 Selection process—Local matching funds.

(1) The department shall select projects based on a competitive process. The competition shall be consistent with the following criteria:

- (a) Local, regional, and state transportation plans;
- (b) Local transit development plans; and
- (c) Local comprehensive land use plans.

(2) The following criteria shall be considered by the department in selecting programs and projects:

(a) Objectives of the growth management act, the high capacity transportation act, the commute trip reduction act, transportation demand management programs, federal and state air quality requirements, and federal Americans with Disabilities Act and related state accessibility requirements; and

(b) Enhancing the efficiency of regional corridors in moving people among jurisdictions and modes of transportation, energy efficiency issues, reducing delay for people and goods, freight and goods movement as related to economic development, regional significance, rural isolation, the leveraging of other funds, and safety and security issues.

(3) The department shall determine the appropriate level of local match required for each project based on the source of funds. [2005 c 318 § 5; 1995 c 269 § 2606; 1993 c 393 § 6.]

Findings—Intent—2005 c 318: See note following RCW 47.01.330.

Additional notes found at www.leg.wa.gov

47.66.070 Multimodal transportation account. The multimodal transportation account is created in the state treasury. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used only for transportation purposes. [2000 2nd sp.s. c 4 § 2.]

Additional notes found at www.leg.wa.gov

47.66.080 Grant programs examination. Beginning in 2005, and every other year thereafter, the department shall examine the division's existing grant programs, and the methods used to allocate grant funds, to determine the program's effectiveness, and whether the methods used to allocate funds result in an equitable distribution of the grants. The department shall submit a report of the findings to the transportation committees of the legislature. [2005 c 318 § 6.]

Findings—Intent—2005 c 318: See note following RCW 47.01.330.

47.66.090 High occupancy toll lanes operations account. The high occupancy toll lanes operations account is created in the state treasury. The department shall deposit all revenues received by the department as toll charges collected from high occupancy toll lane users. Moneys in this account may be spent only if appropriated by the legislature. Moneys in this account may be used for, but be not limited to, debt service, planning, administration, construction, maintenance, operation, repair, rebuilding, enforcement, and expansion of high occupancy toll lanes and to increase transit, vanpool and carpool, and trip reduction services in the corridor. A reasonable proportion of the moneys in this account must be dedicated to increase transit, vanpool, carpool, and trip reduction services in the corridor. A reasonable proportion of the moneys in this account must be dedicated to increase transit, vanpool, carpool, and trip reduction services in the corridor. [2005 c 312 § 4.]

Intent—Captions—2005 c 312: See notes following RCW 47.56.401.

47.66.100 Rural mobility grant program. (1) The department shall establish a rural mobility grant program. The purpose of the grant program is to aid small cities and rural areas, as identified in the "Summary of Public Transportation - 2008" published by the department or subsequent versions published by the department.

(a) Fifty percent of the money appropriated for the rural mobility grant program must go to noncompetitive grants that must be distributed to the transit systems serving small cities and rural areas in a manner similar to past disparity equalization programs.

(b) Fifty percent of the money appropriated for the rural mobility grant program must go to competitive grants to providers of rural mobility service in areas not served or underserved by transit agencies.

(2) The department may establish an advisory committee to carry out the mandates of this section.

(3) The department must report annually to the transportation committees of the legislature on the status of any grants projects funded by the program created under this section.

(4) During the 2011-2013 fiscal biennium, the department shall, with money appropriated for the competitive grants program under subsection (1)(b) of this section, implement a pilot project to provide agricultural workers with

enhanced transit opportunities through the establishment of one or more vanpool programs. The pilot project must, at a minimum, provide appropriate vehicles, insurance, and maintenance, and may charge an appropriate fee, as determined by the department, to the riders in a vanpool. [2011 c 272 § 2.]

47.66.900 Effective date—1993 c 393. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately [May 15, 1993]. [1993 c 393 § 10.]

47.68.010 Statement of policy. It is hereby declared that the purpose of this chapter is to further the public interest and aeronautical progress by providing for the protection and promotion of safety in aeronautics; by cooperating in effecting uniformity of the laws and regulations relating to the development and regulation of aeronautics in the several states consistent with federal aeronautics laws and regulations; by granting to a state agency such powers and imposing

upon it such duties that the state may properly perform its functions relative to aeronautics and effectively exercise its jurisdiction over persons and property within such jurisdiction, assist in the development of a statewide system of airports, cooperate with and assist the municipalities of this state and others engaged in aeronautics, and encourage and develop aeronautics; by establishing only such regulations as are essential in order that persons engaged in aeronautics of every character may so engage with the least possible restriction, consistent with the safety and the rights of others; and by providing for cooperation with the federal authorities in the development of a national system of civil aviation and for coordination of the aeronautical activities of those authorities and the authorities of this state. [1947 c 165 § 2; Rem. Supp. 1947 § 10964-82. Formerly RCW 14.04.010.]

47.68.015 Change of meaning, certain terms. Unless the language specifically indicates otherwise, or unless the context plainly requires a different interpretation:

Wherever in any provision in the Revised Code of Washington the term "Washington state aeronautics commission", "the state aeronautics commission", "the aeronautics commission of the state", "the aeronautics commission", or "the commission" (when referring to the Washington state aeronautics commission) is used, it shall mean the department of transportation created in RCW 47.01.031.

Wherever in any provision in the Revised Code of Washington the term "state director of aeronautics", "director of aeronautics", or "director" (when referring to the state director of aeronautics) is used, it shall mean the secretary of transportation whose office is created in RCW 47.01.041. [1977 ex.s. c 151 § 22.]

47.68.020 Definitions. As used in this chapter, unless the context clearly indicates otherwise:

(1) "Aeronautics" means the science and art of flight and including but not limited to transportation by aircraft; the operation, construction, repair, or maintenance of aircraft, aircraft power plants and accessories, including the repair, packing, and maintenance of parachutes; the design, establishment, construction, extension, operation, improvement, repair, or maintenance of airports or air navigation facilities; and instruction in flying or ground subjects pertaining thereto.

(2) "Aircraft" means any contrivance now known, or hereafter invented, used or designed for navigation of or flight in the air.

(3) "Airport" means any area of land or water which is used, or intended for use, for the landing and take-off of aircraft, and any appurtenant areas which are used, or intended for use, for airport buildings or other airport facilities or right-of-way, together with all airport buildings and facilities located thereon.

(4) "Department" means the state department of transportation.

(5) "Secretary" means the state secretary of transportation.

(6) "State" or "this state" means the state of Washington.

(7) "Air navigation facility" means any facility, other than one owned or operated by the United States, used in, available for use in, or designed for use in aid of air naviga-

tion, including any structures, mechanisms, lights, beacons, markers, communicating systems, or other instrumentalities or devices used or useful as an aid, or constituting an advantage or convenience, to the safe taking-off, navigation, and landing of aircraft, or the safe and efficient operation or maintenance of an airport, and any combination of any or all of such facilities.

(8) "Operation of aircraft" or "operate aircraft" means the use, navigation, or piloting of aircraft in the airspace over this state or upon any airport within this state.

(9) "Airman or airwoman" means any individual who engages, as the person in command, or as pilot, mechanic, or member of the crew in the navigation of aircraft while under way, and any individual who is directly in charge of the inspection, maintenance, overhauling, or repair of aircraft engines, airframes, propellers, or appliances, and any individual who serves in the capacity of aircraft dispatcher or air-traffic control tower operator; but does not include any individual employed outside the United States, or any individual employed by a manufacturer of aircraft, aircraft engines, airframes, propellers, or appliances to perform duties as inspector or mechanic in connection therewith, or any individual performing inspection or mechanical duties in connection with aircraft owned or operated by the person.

(10) "Aeronautics instructor" means any individual who for hire or reward engages in giving instruction or offering to give instruction in flying or ground subjects pertaining to aeronautics, but excludes any instructor in a public school, university, or institution of higher learning duly accredited and approved for carrying on collegiate work, who instructs in flying or ground subjects pertaining to aeronautics, while in the performance of his or her duties at such school, university, or institution.

(11) "Air school" means any person who advertises, represents, or holds out as giving or offering to give instruction in flying or ground subjects pertaining to aeronautics whether for or without hire or reward; but excludes any public school, university, or institution of higher learning duly accredited and approved for carrying on collegiate work.

(12) "Person" means any individual, firm, partnership, corporation, company, association, joint stock association, or body politic; and includes any trustee, receiver, assignee, or other similar representative thereof.

(13) "Municipal" means pertaining to a municipality, and "municipality" means any county, city, town, authority, district, or other political subdivision or public corporation of this state.

(14) "Airport hazard" means any structure, object of natural growth, or use of land, which obstructs the airspace required for the flight of aircraft in landing or taking off at an airport or is otherwise hazardous to such landing or taking off.

(15) "State airway" means a route in the navigable airspace over and above the lands or waters of this state, designated by the department as a route suitable for air navigation. [1993 c 208 § 4; 1984 c 7 § 342; 1947 c 165 § 1; Rem. Supp. 1947 § 10964-81. Formerly RCW 14.04.020.]

47.68.070 General powers. The department has general supervision over aeronautics within this state. It is empowered and directed to encourage, foster, and assist in the development of aeronautics in this state and to encourage the establishment of airports and air navigation facilities. It shall cooperate with and assist the federal government, the municipalities of this state, and other persons in the development of aeronautics, and shall seek to coordinate the aeronautical activities of these bodies and persons. Municipalities are authorized to cooperate with the department in the development of aeronautics and aeronautical facilities in this state. [1984 c 7 § 344; 1947 c 165 § 7; Rem. Supp. 1947 § 10964-87. Formerly RCW 14.04.070.]

47.68.090 Aid to municipalities, Indian tribes, persons—Federal aid. (1) The department of transportation may make available its engineering and other technical services, with or without charge, to any municipality or person desiring them in connection with the planning, acquisition, construction, improvement, maintenance, or operation of airports or air navigation facilities.

(2)(a) The department may render financial assistance by grant or loan, or both, to the following entities out of appropriations made by the legislature for the following purposes:

(i) Any municipality or municipalities acting jointly in the planning, acquisition, construction, improvement, maintenance, or operation of an airport owned or controlled, or to be owned or controlled by such municipality or municipalities;

(ii) Any Indian tribe recognized as such by the federal government or such tribes acting jointly in the planning, acquisition, construction, improvement, maintenance, or operation of an airport, owned or controlled, or to be owned or controlled by such tribe or tribes, and to be held available for the general use of the public; or

(iii) Any person or persons acting jointly in the planning, acquisition, construction, improvement, maintenance, or operation of an airport, owned or controlled, or to be owned or controlled by such person or persons, and to be held available for the general use of the public.

(b) Such financial assistance may be furnished in connection with federal or other financial aid for the same purposes: PROVIDED, That no grant or loan, or both, shall be in excess of two hundred fifty thousand dollars, or five hundred thousand dollars during the 2009-2011 fiscal biennium, for any one project: PROVIDED FURTHER, That no grant or loan, or both, shall be granted unless the municipality or municipalities acting jointly, the tribe or tribes acting jointly, or the person or persons acting jointly shall from their own funds match any funds made available by the department upon such ratio as the department may prescribe.

(c) The department must establish, by rule, criteria for administering financial assistance to any entity.

(3) The department is authorized to act as agent of any municipality or municipalities acting jointly, any tribe or tribes acting jointly, or any person or persons acting jointly upon the request of such municipality or municipalities, tribe or tribes, or person or persons in accepting, receiving, receipting for, and disbursing federal moneys, and other moneys public or private, made available to finance, in whole or in part, the planning, acquisition, construction, improvement, maintenance, or operation of an airport or air navigation facility; and if requested by such municipality or municipalities, tribe or tribes, or person or persons, may act as its or their agent in contracting for and supervising such planning, acquisition, construction, improvement, maintenance, or operation; and all municipalities, tribes, and persons are authorized to designate the department as their agent for the foregoing purposes. The department, as principal on behalf of the state, and any municipality on its own behalf, may enter into any contracts, with each other or with the United States or with any person, which may be required in connection with a grant or loan of federal moneys for airport or air navigation facility purposes. All federal moneys accepted under this section shall be accepted and transferred or expended by the department upon such terms and conditions as are prescribed by the United States. All moneys received by the department pursuant to this section shall be deposited in the state treasury, and, unless otherwise prescribed by the authority from which such moneys were received, shall be kept in separate funds designated according to the purposes for which the moneys were made available, and held by the state in trust for such purposes. All such moneys are hereby appropriated for the purposes for which the same were made available, to be disbursed or expended in accordance with the terms and conditions upon which they were made available: PROVIDED, That any landing fee or charge imposed by any Indian tribe or tribes for the privilege of use of an airport facility planned, acquired, constructed, improved, maintained, or operated with financial assistance from the department pursuant to this section must apply equally to tribal and nontribal members: PROVIDED FURTHER, That in the event any municipality or municipalities, Indian tribe or tribes, or person or persons, or any distributor of aircraft fuel as defined by RCW 82.42.020 which operates in any airport facility which has received financial assistance pursuant to this section, fails to collect the aircraft fuel excise tax as specified in chapter 82.42 RCW, all funds or value of technical assistance given or paid to such municipality or municipalities, Indian tribe or tribes, or person or persons under the provisions of this section shall revert to the department, and shall

be due and payable to the department immediately. [2011 c 51 § 1; 2009 c 470 § 718; 1980 c 67 § 1; 1975 1st ex.s. c 161 § 1; 1947 c 165 § 9; Rem. Supp. 1947 § 10964-89. Formerly RCW 14.04.090.]

Distributor of aircraft fuel defined: RCW 82.42.010(7).

47.68.100 Acquisition and disposal of airports, facilities, etc. The department is authorized on behalf of and in the name of the state, out of appropriations and other moneys made available for such purposes, to plan, establish, construct, enlarge, improve, maintain, equip, operate, regulate, protect, and police airports, air navigation facilities, and air markers and/or air marking systems, either within or without the state, including the construction, installation, equipment, maintenance, and operation at the airports of buildings and other facilities for the servicing of aircraft or for the comfort and accommodation of air travelers. For such purposes the department may by purchase, gift, devise, lease, condemnation, or otherwise, acquire property, real or personal, or any interest therein, including easements or land outside the boundaries of an airport or airport site, as are necessary to permit safe and efficient operation of the airports or to permit the removal, elimination, marking, or lighting of obstructions or airport hazards, or to prevent the establishment of airport hazards. In like manner the department may acquire existing airports and air navigation facilities. However, it shall not acquire or take over any airport or air navigation facility owned or controlled by a municipality of this or any other state without the consent of the municipality. The department may by sale, lease, or otherwise, dispose of any property, airport, air navigation facility, or portion thereof or interest therein. The disposal by sale, lease, or otherwise shall be in accordance with the laws of this state governing the disposition of other property of the state, except that in the case of disposals to any municipality or state government or the United States for aeronautical purposes incident thereto, the sale, lease, or other disposal may be effected in such manner and upon such terms as the department deems in the best interest of the state. The department may exercise any powers granted by this section jointly with any municipalities, agencies, or departments of the state government, with other states or their municipalities, or with the United States. 47.68.130 Contracts or leases of facilities in operating airports. In operating an airport or air navigation facility owned or controlled by the state, the department may enter into contracts, leases, and other arrangements for a term not exceeding twenty-five years with any persons. The department may grant the privilege of using or improving the airport or air navigation facility or any portion or facility thereof or space therein for commercial purposes, confer the privilege of supplying goods, commodities, things, services, or facilities at the airport or air navigation facility, or make available services to be furnished by the department or its agents at the airport or air navigation facility. In each case the department may establish the terms and conditions and fix the charges, rentals, or fees for the privileges or services, which shall be reasonable and uniform for the same class of privilege or service and shall be established with due regard to the property and improvements used and the cost of operation to the state. In no case shall the public be deprived of its rightful, equal, and uniform use of the airport, air navigation facility, or portion or facility thereof. [1984 c 7 § 348; 1947 c 165 § 13; Rem. Supp. 1947 § 10964-93. Formerly RCW 14.04.130.]

47.68.140 Lease of airports. The department may by contract, lease, or other arrangement, upon a consideration fixed by it, grant to any qualified person for a term not to exceed twenty-five years the privilege of operating, as agent of the state or otherwise, any airport owned or controlled by the state: PROVIDED, That no such person shall be granted any authority to operate the airport other than as a public airport or to enter into any contracts, leases, or other arrangements in connection with the operation of the airport which the department might not have undertaken under RCW 47.68.130. [1983 c 3 § 141; 1947 c 165 § 14; Rem. Supp. 1947 § 10964-94. Formerly RCW 14.04.140.]

47.68.150 Lien for state's charges. To enforce the payment of any charges for repairs to, improvements, storage, or care of any personal property made or furnished by the department or its agents in connection with the operation of an airport or air navigation facility owned or operated by the state, the state shall have liens on such property, which shall be enforceable by the department as provided by law. 47.68.160 Acceptance of federal moneys. The department is authorized to accept, receive, receipt for, disburse, and expend federal moneys, and other moneys public or private, made available to accomplish, in whole or in part, any of the purposes of this section. All federal moneys accepted under this section shall be accepted and expended by the department upon such terms and conditions as are prescribed by the United States. In accepting federal moneys under this section, the department shall have the same authority to enter

(2012 Ed.)

into contracts on behalf of the state as is granted to the department under RCW 47.68.090 with respect to federal moneys accepted on behalf of municipalities. All moneys received by the department pursuant to this section shall be deposited in the state treasury, and, unless otherwise prescribed by the authority from which such moneys were received, shall be kept in separate funds designated according to the purposes for which the moneys were made available, and held by the state in trust for such purposes. All such moneys are hereby appropriated for the purpose of which the same were made available, to be disbursed or expended in accordance with the terms and conditions upon which they were made available. 47.68.170 State airways system. The department may designate, design, and establish, expand, or modify a state airways system that will best serve the interest of the state. It may chart the airways system and arrange for publication and distribution of such maps, charts, notices, and bulletins relating to the airways as may be required in the public interest. The system shall be supplementary to and coordinated in design and operation with the federal airways system. It may include all types of air navigation facilities, whether publicly or privately owned, if the facilities conform to federal safety standards. [1984 c 7 § 350; 1947 c 165 § 17; Rem. Supp. 1947 § 10964-97. Formerly RCW 14.04.170.]

47.68.210 Rules—Standards. The department of transportation may perform such acts, issue and amend such orders, make, promulgate, and amend such reasonable general rules, and procedures, and establish such minimum standards, consistent with the provisions of this chapter, as it shall deem necessary to perform its duties hereunder; all commensurate with and for the purpose of protecting and insuring the general public interest and safety, the safety of persons operating, using or traveling in aircraft or persons receiving instruction in flying or ground subjects pertaining to aeronautics, and the safety of persons and property on land or water, and developing and promoting aeronautics in this state. No rule of the department shall apply to airports or air navigation facilities owned or operated by the United States.

The department shall keep on file with the code reviser, and at the principal office of the department, a copy of all its rules for public inspection.

The department shall provide for the publication and general distribution of all its orders, rules, and procedures having general effect. [1982 c 35 § 198; 1947 c 165 § 21; Rem. Supp. 1947 § 10964-101. Formerly RCW 14.04.210.]

[Title 47 RCW—page 236]

47.68.230 Aircraft, airman, and airwoman certificates required. It shall be unlawful for any person to operate or cause or authorize to be operated any civil aircraft within this state unless such aircraft has an appropriate effective certificate, permit, or license issued by the United States, if such certificate, permit, or license is required by the United States, and a current registration certificate issued by the secretary of transportation, if registration of the aircraft with the department of transportation is required by this chapter. It shall be unlawful for any person to engage in aeronautics as an airman or airwoman in the state unless the person has an appropriate effective airman or airwoman certificate, permit, rating, or license issued by the United States authorizing him or her to engage in the particular class of aeronautics in which he or she is engaged, if such certificate, permit, rating, or license is required by the United States.

Where a certificate, permit, rating, or license is required for an airman or airwoman by the United States, it shall be kept in his or her personal possession when he or she is operating within the state. Where a certificate, permit, or license is required by the United States or by this chapter for an aircraft, it shall be carried in the aircraft at all times while the aircraft is operating in the state and shall be conspicuously posted in the aircraft where it may be readily seen by passengers or inspectors. Such certificates shall be presented for inspection upon the demand of any peace officer, or any other officer of the state or of a municipality or member, official, or employee of the department of transportation authorized pursuant to this chapter to enforce the aeronautics laws, or any official, manager, or person in charge of any airport, or upon the reasonable request of any person. 47.68.235 License or certificate suspension—Non-compliance with support order—Reissuance. The department shall immediately suspend the license or certificate of a person who has been certified pursuant to RCW 74.20A.320 by the department of social and health services as a person who is not in compliance with a support order or a *residential or visitation order. If the person has continued to meet all other requirements for reinstatement during the suspension, reissuance of the license or certificate shall be automatic upon the department's receipt of a release issued by the department of social and health services stating that the licensee is in compliance with the order. [1997 c 58 § 859.]

***Reviser's note:** 1997 c 58 § 886 requiring a court to order certification of noncompliance with residential provisions of a court-ordered parenting plan was vetoed. 47.68.240 Penalties for violations. (1) Except as provided in subsection (2) of this section, any person violating

any of the provisions of this chapter, or any of the rules, regulations, or orders issued pursuant thereto, is guilty of a misdemeanor.

(2)(a) Any person violating any of the provisions of RCW 47.68.220, 47.68.230, or 47.68.255 is guilty of a gross misdemeanor.

(b) In addition to, or in lieu of, the penalties provided in this section, or as a condition to the suspension of a sentence which may be imposed pursuant thereto, for violations of RCW 47.68.220 and 47.68.230, the court in its discretion may prohibit the violator from operating an aircraft within the state for such period as it may determine but not to exceed one year. Violation of the duly imposed prohibition of the court may be treated as a separate offense under this section or as a contempt of court.

(3) In addition to the provisions of subsections (1) and (2) of this section, failure to register an aircraft, as required by this chapter is subject to the following civil penalties:

(a) If the aircraft registration is sixty days to one hundred nineteen days past due, the civil penalty is one hundred dollars.

(b) If the aircraft registration is one hundred twenty days to one hundred eighty days past due, the civil penalty is two hundred dollars.

(c) If the aircraft registration is over one hundred eighty days past due, the civil penalty is four hundred dollars.

(4) The revenue from penalties prescribed in subsection (3) of this section must be deposited into the aeronautics account under RCW 82.42.090. [2005 c 341 § 2. 47.68.250 Registration of aircraft. Every aircraft shall be registered with the department for each calendar year in which the aircraft is operated or is based within this state. A fee of fifteen dollars shall be charged for each such registration and each annual renewal thereof.

Possession of the appropriate effective federal certificate, permit, rating, or license relating to ownership and airworthiness of the aircraft, and payment of the excise tax imposed by Title 82 RCW for the privilege of using the aircraft within this state during the year for which the registration is sought, and payment of the registration fee required by this section shall be the only requisites for registration of an aircraft under this section.

The registration fee imposed by this section shall be payable to and collected by the secretary. The fee for any calendar year must be paid during the month of January, and shall be collected by the secretary at the time of the collection by him or her of the said excise tax. If the secretary is satisfied

that the requirements for registration of the aircraft have been met, he or she shall thereupon issue to the owner of the aircraft a certificate of registration therefor. The secretary shall pay to the state treasurer the registration fees collected under this section, which registration fees shall be credited to the aeronautics account in the transportation fund.

It shall not be necessary for the registrant to provide the secretary with originals or copies of federal certificates, permits, ratings, or licenses. The secretary shall issue certificates of registration, or such other evidences of registration or payment of fees as he or she may deem proper; and in connection therewith may prescribe requirements for the possession and exhibition of such certificates or other evidences.

The provisions of this section shall not apply to:

(1) An aircraft owned by and used exclusively in the service of any government or any political subdivision thereof, including the government of the United States, any state, territory, or possession of the United States, or the District of Columbia, which is not engaged in carrying persons or property for commercial purposes;

(2) An aircraft registered under the laws of a foreign country;

(3) An aircraft which is owned by a nonresident and registered in another state: PROVIDED, That if said aircraft shall remain in and/or be based in this state for a period of ninety days or longer it shall not be exempt under this section;

(4) An aircraft engaged principally in commercial flying constituting an act of interstate or foreign commerce;

(5) An aircraft owned by the commercial manufacturer thereof while being operated for test or experimental purposes, or for the purpose of training crews for purchasers of the aircraft;

(6) An aircraft being held for sale, exchange, delivery, test, or demonstration purposes solely as stock in trade of an aircraft dealer licensed under Title 14 RCW;

(7) An aircraft based within the state that is in an unairworthy condition, is not operated within the registration period, and has obtained a written exemption issued by the secretary.

The secretary shall be notified within thirty days of any change in ownership of a registered aircraft. The notification shall contain the N, NC, NR, NL, or NX number of the aircraft, the full name and address of the former owner, and the full name and address of the new owner. For failure to so notify the secretary, the registration of that aircraft may be canceled by the secretary, subject to reinstatement upon application and payment of a reinstatement fee of ten dollars by the new owner.

A municipality or port district that owns, operates, or leases an airport, as defined in RCW 47.68.020, with the intent to operate, shall require from an aircraft owner proof of aircraft registration as a condition of leasing or selling tiedown or hanger space for an aircraft. It is the responsibility of the lessee or purchaser to register the aircraft. The airport shall work with the aviation division to assist in its efforts to register aircraft by providing information about based aircraft on an annual basis as requested by the division. 47.68.255 Evasive registration. A person who is required to register an aircraft under this chapter and who registers an aircraft in another state or foreign country evading the Washington aircraft excise tax is guilty of a gross misdemeanor. For a second or subsequent offense, the person convicted is also subject to a fine equal to four times the amount of avoided taxes and fees, no part of which may be suspended or deferred. Excise taxes owed and fines assessed will be deposited in the manner provided under RCW 46.16A.030(6). 47.68.280 Investigations, hearings, etc.—Subpoenas—Compelling attendance. The department or any officer or employee of the department designated by it has the power to hold investigations, inquiries, and hearings concerning matters covered by this chapter including accidents in aeronautics within this state. Hearings shall be open to the public and, except as hereinafter provided, shall be held upon such call or notice as the department deems advisable. The department and every officer or employee of the department designated by it to hold any inquiry, investigation, or hearing has the power to administer oaths and affirmations, certify to all official acts, issue subpoenas, and order the attendance of witnesses and the production of papers, books and documents. In case of the failure of a person to comply with a subpoena or order issued under the authority of this section, the department or its authorized representatives may invoke the aid of a competent court of general jurisdiction. The court may thereupon order the person to comply with the requirements of the subpoena or order or to give evidence touching the matter in question. Failure to obey the order of the court may be punished by the court as a contempt thereof. [1984 c 7 § 356; 1947 c 165 § 28; Rem. Supp. 1947 § 10964-108. Formerly RCW 14.04.280.]

47.68.290 Joint hearings—Cooperation. The department may confer with or hold joint hearings with any agency of the United States in connection with any matter arising under this chapter or relating to the development of aeronautics.

The department may avail itself of the cooperation, services, records, and facilities of the agencies of the United States as fully as may be practicable in the administration and enforcement of this chapter, and shall furnish to the agencies of the United States such services, records, and facilities as are practicable.

The department shall report to the appropriate agency of the United States all accidents in aeronautics in this state of which it is informed, and shall in so far as is practicable preserve, protect, and prevent the removal of the component parts of any aircraft involved in an accident being investigated by it until the federal agency institutes an investigation. [1984 c 7 § 357; 1947 c 165 § 29; Rem. Supp. 1947 § 10964-109. Formerly RCW 14.04.290.]

47.68.300 State and municipal agencies to cooperate.

In carrying out this chapter the department may use the facilities and services of other agencies of the state and of the municipalities of the state to the utmost extent possible, and the agencies and municipalities are authorized and directed to make available their facilities and services. [1984 c 7 § 358; 1947 c 165 § 30; Rem. Supp. 1947 § 10964-110. Formerly RCW 14.04.300.]

47.68.310 Enforcement of aeronautics laws. It is the duty of the secretary, the department, the officers and employees of the department, and every state and municipal officer charged with the enforcement of state and municipal laws to enforce and assist in the enforcement of this chapter and of all other laws of this state relating to aeronautics. The secretary and those officers or employees of the department designated by the secretary in writing are granted police powers solely for the enforcement of state aeronautics laws and the rules having the effect of law. [1984 c 7 § 359; 1955 c 204 § 1; 1947 c 165 § 31; Rem. Supp. 1947 § 10964-111. Formerly RCW 14.04.310.]

47.68.320 Service of orders—Hearings—Review. Every order of the department requiring performance of certain acts or compliance with certain requirements and any denial or revocation of an approval, certificate, or license shall set forth the reasons and shall state the acts to be done or requirements to be met before approval by the department will be given or the approval, license, or certificate granted or restored, or the order modified or changed. Orders issued by the department under this chapter shall be served upon the persons affected either by certified mail or in person. In every case where notice and opportunity for a hearing are required under this chapter, the order of the department shall, on not less than ten days notice, specify a time when and place where the person affected may be heard, or the time within which the person may request a hearing, and the order shall become effective upon the expiration of the time for exercising the opportunity for a hearing, unless a hearing is held or requested within the time provided, in which case the order shall be suspended until the department affirms, disaffirms, or modifies the order after a hearing has been held or default by the person has been affected. To the extent practicable, hearings on the orders shall be in the county where the affected person resides or does business. Any person aggrieved by an order of the department or by the grant, denial, or revocation of an approval, license, or certificate may have the action of the department reviewed by the courts of this state under chapter 34.05 RCW. [1984 c 7 § 360; 1947

47.68.330 Exchange of data, reports of violations, etc.

The department is authorized to report to the appropriate federal agencies and agencies of other states all proceedings instituted charging violation of RCW 47.68.220 and 47.68.230 and all penalties, of which it has knowledge, imposed upon airmen or airwomen or the owners or operators of aircraft for violations of the law of this state relating to aeronautics or for violations of the rules, regulations, or orders of the department. The department is authorized to receive reports of penalties and other data from agencies of the federal government and other states and, when necessary, to enter into agreements with federal agencies and the agencies of other states governing the delivery, receipt, exchange, and use of reports and data. The department may make the reports and data of the federal agencies, the agencies of other states, and the courts of this state available, with or without request therefor, to any and all courts of this state. [2010 c 8 § 10023; 1983 c 3 § 146; 1947 c 165 § 33; Rem. Supp. 1947 § 10964-113. Formerly RCW 14.04.330.]

47.68.340 Hazardous structures and obstacles—Marking—Hearing to determine hazard. A structure or obstacle that obstructs the air space above ground or water level, when determined by the department after a hearing to be a hazard or potential hazard to the safe flight of aircraft, shall be plainly marked, illuminated, painted, lighted, or designated in a manner to be approved in accordance with the general rules of the department so that the structure or obstacle will be clearly visible to airmen or airwomen. In determining which structures or obstacles constitute a safety hazard, or a hazard to flight, the department shall take into account those obstacles located at a river, lake, or canyon crossing, and in other low-altitude flight paths usually traveled by aircraft including, but not limited to, airport areas and runway departure and approach areas as defined by federal air regulations. [2010 c 8 § 10024; 1995 c 153 § 2; 1984 c 7 § 361; 1961 c 263 § 2. Formerly RCW 14.04.340.]

47.68.350 Hazardous structures and obstacles—Reporting location—Subpoenas. The secretary may require owners, operators, lessees, or others having the control or management of structures or obstacles over one hundred fifty feet above ground or water level and that are or may become a hazard to air flight to report the location of the existing or proposed structures or obstacles to the department. For that purpose the secretary may issue subpoenas and subpoenas duces tecum returnable within twenty days to the department. If a person refuses to obey the secretary's subpoena, the department may certify to the superior court all facts of the refusal. The court shall summarily hear evidence on the refusal, and, if the evidence warrants, punish the person refusing in the same manner and to the same extent as a contempt committed before the court. [1984 c 7 § 362; 1961 c 263 § 3. Formerly RCW 14.04.350.]

47.68.360 Hazardous structures and obstacles—Exemption of structures required by federal law to be marked. RCW 47.68.340 and 47.68.350 shall not apply to structures required to be marked by federal regulations. [1983 c 3 § 147; 1961 c 263 § 4. Formerly RCW 14.04.360.]

47.68.380 Aerial search and rescue—Liability—Definition. (1) The aviation division of the department is responsible for the conduct and management of all aerial search and rescue within the state. This includes search and rescue efforts involving aircraft and airships. The division is also responsible for search and rescue activities involving electronic emergency signaling devices such as emergency locator transmitters (ELT's) and emergency position indicating radio beacons (EPIRB's).

(2) An act or omission by any person registered with the aviation division of the department for the purpose of engaging in aerial search and rescue activities, while engaged in such activities, shall not impose any liability on the department or the person for civil damages resulting from the act or omission. However, the immunity provided under this subsection shall not apply to an act or omission that constitutes gross negligence or willful or wanton misconduct. For the purpose of this subsection, "aerial search and rescue activities" includes, but is not limited to, training and training-related activities, but does not include appropriate search and rescue activities conducted under the authority of RCW 38.52.400. [2008 c 34 § 1; 1995 c 153 § 1.]

47.68.390 Airport capacity and facilities assessment. (1) The aviation division of the department of transportation shall conduct a statewide airport capacity and facilities assessment. The assessment must include a statewide analysis of existing airport facilities, and passenger and air cargo transportation capacity, regarding both commercial aviation and general aviation; however, the primary focus of the assessment must be on commercial aviation. The assessment must at a minimum address the following issues:

- (a) Existing airport facilities, both commercial and general aviation, including air side, land side, and airport service facilities;
- (b) Existing air and airport capacity, including the number of annual passengers and air cargo operations;
- (c) Existing airport services, including fixed based operator services, fuel services, and ground services; and
- (d) Existing airspace capacity.

(2) The department shall consider existing information, technical analyses, and other research the department deems appropriate. The department may contract and consult with private independent professional and technical experts regarding the assessment.

(3) The department shall submit the assessment to the appropriate standing committees of the legislature, the governor, the transportation commission, and regional transportation planning organizations by July 1, 2006. [2005 c 316 § 1.]

47.68.400 Airport capacity and facilities market analysis. (1) After submitting the assessment under RCW 47.68.390, the aviation division of the department of transportation shall conduct a statewide airport capacity and facil-

ities market analysis. The analysis must include a statewide needs analysis of airport facilities, passenger and air cargo transportation capacity, and demand and forecast market needs over the next twenty-five years with a more detailed analysis of the Puget Sound, southwest Washington, Spokane, and Tri-Cities regions. The analysis must address the forecasted needs of both commercial aviation and general aviation; however, the primary focus of the analysis must be on commercial aviation. The analysis must at a minimum address the following issues:

(a) A forecast of future airport facility needs based on passenger and air cargo operations and demand, airline planning, and a determination of aviation trends, demographic, geographic, and market factors that may affect future air travel demand;

(b) A determination of when the state's existing commercial service airports will reach their capacity;

(c) The factors that may affect future air travel and when capacity may be reached and in which location;

(d) The role of the state, metropolitan planning organizations, regional transportation planning organizations, the federal aviation administration, and airport sponsors in addressing statewide airport facilities and capacity needs; and

(e) Whether the state, metropolitan planning organizations, regional transportation planning organizations, the federal aviation administration, or airport sponsors have identified options for addressing long-range capacity needs at airports, or in regions, that will reach capacity before the year 2030.

(2) The department shall consider existing information, technical analyses, and other research the department deems appropriate. The department may contract and consult with private independent professional and technical experts regarding the analysis.

(3) The department shall submit the analysis to the appropriate standing committees of the legislature, the governor, the transportation commission, and regional transportation planning organizations by July 1, 2007. [2005 c 316 § 2.]

47.68.900 Severability—1947 c 165. If any provision of this act or the application thereof to any person or circumstance shall be held invalid, such invalidity shall not affect the provisions or application of this act which can be given effect without the invalid provisions or application, and to this end the provisions of this act are declared to be severable. [1947 c 165 § 35. Formerly RCW 14.04.900.]

Sections

47.72.010	Declaration of purpose.
47.72.050	Powers and duties.
47.72.060	"Canal" defined.

47.72.010 Declaration of purpose. The purposes of this chapter are to aid commerce and navigation, including the development of recreational facilities related thereto, and to otherwise promote the general welfare by the development

of navigation canals within the boundaries of the state of Washington. [1965 ex.s. c 123 § 1. Formerly RCW 91.12.010.]

47.72.050 Powers and duties. In its capacity as successor to the canal commission, the department of transportation may:

(1) Adopt rules and regulations necessary to carry out the purposes of this chapter.

(2) Make such investigations, surveys, and studies it deems necessary to determine the feasibility of the development of a navigation canal, or systems of navigation canals within the state of Washington.

(3) Construct, maintain, and/or operate any navigation canal, or navigation canal systems deemed feasible by the department of transportation.

(4) Acquire by gift, purchase, or condemnation from any person, municipal, public, or private corporation, or the state of Washington, or lease from the United States of America, any lands, rights-of-way, easements, or property rights in, over, or across lands or waters necessary for the construction, operation, or maintenance of any navigation canal, or navigation canal system. The acquisition of such rights is for a public use. The exercise of the right of eminent domain shall be in the manner provided by chapter 8.04 RCW, and all actions initiated thereunder shall be brought in the name of the department of transportation.

(5) Hold public hearings. Prior to a determination of feasibility for any proposed project, the department shall hold a public hearing so that members of the public may present their views thereon.

(6) Accept and expend moneys appropriated by the legislature or received from any public or private source, including the federal government, in carrying out the purposes of this chapter.

(7) Negotiate and cooperate with the United States of America for the purpose of inducing the United States to undertake the construction, operation, or maintenance of any navigation canal, or navigation canal system provided for in this chapter.

(8) As a local sponsor cooperate, contract, and otherwise fully participate on behalf of the state of Washington with the United States of America, in any study relating to a determination of feasibility of a navigation canal or navigation canal system, and in any project relating to the construction, operation, or maintenance of a navigation canal, or navigation canal system to be undertaken by the United States of America.

The authority granted herein includes, but is not limited to, contributing such moneys to the United States of America as may be required and appropriated for that purpose by the legislature and furnishing without cost to the United States of America all lands, easements, and rights-of-way, performing all necessary alterations to utilities arising from any project, and holding the United States of America free from any claims for damages arising out of the construction of any project. [1977 ex.s. c 151 § 75; 1965 ex.s. c 123 § 5. Formerly RCW 91.12.050.]

47.72.060 "Canal" defined. For the purposes of this chapter, "canal" is defined as any waterway for navigation

created by construction of reservoirs or construction of channels by excavation in dry ground, in streams, rivers or in tidal waters and any existing waterway incorporated into such a canal and including any appurtenant features necessary for operation and maintenance of the canal. [1965 ex.s. c 123 § 6. Formerly RCW 91.12.060.]

47.76.200 Legislative findings. The legislature finds that a balanced multimodal transportation system is required to maintain the state’s commitment to the growing mobility needs of its citizens and commerce. The state’s freight rail system, including branch lines, mainlines, rail corridors, terminals, yards, and equipment, is an important element of this multimodal system. Washington’s economy relies heavily upon the freight rail system to ensure movement of the state’s agricultural, chemical, and natural resources and manufactured products to local, national, and international markets and thereby contributes to the economic vitality of the state.

Since 1970, Washington has lost over one-third of its rail miles to abandonment and bankruptcies. The combination of rail abandonments and rail system capacity constraints may alter the delivery to market of many commodities. In addition, the resultant motor vehicle freight traffic increases the burden on state highways and county roads. In many cases, the cost of maintaining and upgrading the state highways and county roads exceeds the cost of maintaining rail freight service. Thus, the economy of the state will be best served by a policy of maintaining and encouraging a healthy rail freight system by creating mechanisms that keep rail freight lines operating if the benefits of the service outweigh the cost.

Recognizing the implications of this trend for freight mobility and the state’s economic future, the legislature finds that better freight rail planning, better cooperation to preserve rail lines, and increased financial assistance from the state are necessary to maintain and improve the freight rail system

within the state. [1995 c 380 § 1; 1993 c 224 § 1; 1983 c 303 § 4. Formerly RCW 47.76.010.]

47.76.210 State freight rail program. The Washington state department of transportation shall implement a state freight rail program that supports the freight rail service objectives identified in the state’s multimodal transportation plan required under chapter 47.06 RCW. The support may be in the form of projects and strategies that support branch lines and light-density lines, provide access to ports, maintain adequate mainline capacity, and preserve or restore rail corridors and infrastructure. [1995 c 380 § 2; 1990 c 43 § 2. Formerly RCW 47.76.110.]

47.76.220 State rail plan—Contents. (1) The department of transportation shall prepare and periodically update a state rail plan, the objective of which is to identify, evaluate, and encourage essential rail services. The plan shall:

- (a) Identify and evaluate mainline capacity issues;
- (b) Identify and evaluate port-to-rail access and congestion issues;
- (c) Identify and evaluate those rail freight lines that may be abandoned or have recently been abandoned;
- (d) Quantify the costs and benefits of maintaining rail service on those lines that are likely to be abandoned;
- (e) Establish priorities for determining which rail lines should receive state support. The priorities should include the anticipated benefits to the state and local economy, the anticipated cost of road and highway improvements necessitated by the abandonment or capacity constraints of the rail line, the likelihood of the rail line receiving funding can meet operating costs from freight charges, surcharges on rail traffic, and other funds authorized to be raised by a county or port district, and the impact of abandonment or capacity constraints on changes in energy utilization and air pollution;
- (f) Identify and describe the state’s rail system;
- (g) Prepare a state freight rail system map;
- (h) Identify and evaluate rail commodity flows and traffic types;
- (i) Identify lines and corridors that have been rail banked or preserved; and
- (j) Identify and evaluate other issues affecting the state’s rail traffic.

(2) The state rail plan may be prepared in conjunction with the rail plan prepared by the department pursuant to the federal Railroad Revitalization and Regulatory Reform Act. [1995 c 380 § 3; 1993 c 224 § 2; 1985 c 432 § 1; 1983 c 303 § 5. Formerly RCW 47.76.020.]

Additional notes found at www.leg.wa.gov

47.76.230 Freight rail planning—Railroad safety. (1) The department of transportation shall continue its responsibility for the development and implementation of the state rail plan and programs, and the utilities and transportation commission shall continue its responsibility for railroad safety issues.

(2) The department of transportation shall maintain an enhanced data file on the rail system. Proprietary annual station traffic data from each railroad and the modal use of

major shippers must be obtained to the extent that such information is available.

(3) The department of transportation shall provide technical assistance, upon request, to state agencies and local interests. Technical assistance includes, but is not limited to, the following:

(a) Rail project cost-benefit analyses conducted in accordance with methodologies recommended by the federal railroad administration;

(b) Assistance in the formation of county rail districts and port districts; and

(c) Feasibility studies for rail service continuation or rail service assistance, or both.

(4) With funding authorized by the legislature, the department of transportation, in collaboration with the *department of community, trade, and economic development, and local economic development agencies, and other interested public and private organizations, shall develop a cooperative process to conduct community and business information programs and to regularly disseminate information on rail matters. [2007 c 234 § 94; 1995 c 380 § 4; 1990 c 43 § 3. Formerly RCW 47.76.120.]

***Reviser's note:** The "department of community, trade, and economic development" was renamed the "department of commerce" by 2009 c 565.

Additional notes found at www.leg.wa.gov

47.76.240 Rail preservation program. The state, counties, local communities, ports, railroads, labor, and shippers all benefit from continuation of rail service and should participate in its preservation. Lines that provide benefits to the state and local jurisdictions, such as avoided roadway costs, reduced traffic congestion, economic development potential, environmental protection, and safety, should be assisted through the joint efforts of the state, local jurisdictions, and the private sector.

State funding for rail service, rail preservation, and corridor preservation projects must benefit the state's interests. The state's interest is served by reducing public roadway maintenance and repair costs, increasing economic development opportunities, increasing domestic and international trade, preserving jobs, and enhancing safety. State funding for projects is contingent upon appropriate local jurisdiction and private sector participation and cooperation. Before spending state moneys on projects, the department shall seek federal, local, and private funding and participation to the greatest extent possible.

(1) The department of transportation shall continue to monitor the status of the state's mainline and branchline common carrier railroads and preserved rail corridors through the state rail plan and various analyses, and shall seek alternatives to abandonment prior to interstate commerce commission proceedings, where feasible.

(2) The utilities and transportation commission shall intervene in proceedings of the surface transportation board, or its successor agency, on abandonments, when necessary, to protect the state's interest.

(3) The department of transportation, in consultation with the Washington state freight rail policy advisory committee, shall establish criteria for evaluating rail projects and corridors of significance to the state.

(4) Local jurisdictions may implement rail service preservation projects in the absence of state participation.

(5) The department of transportation shall continue to monitor projects for which it provides assistance. [2007 c 234 § 95; 1995 c 380 § 5; 1993 c 224 § 3; 1990 c 43 § 4. Formerly RCW 47.76.130.]

47.76.250 Essential rail assistance account—Purposes. (1) The essential rail assistance account is created in the state treasury. Moneys in the account may be appropriated only for the purposes specified in this section.

(2) Moneys appropriated from the account to the department of transportation may be used by the department or distributed by the department to cities, county rail districts, counties, economic development councils, port districts, and privately or publicly owned railroads for the purpose of:

(a) Acquiring, rebuilding, rehabilitating, or improving rail lines;

(b) Purchasing or rehabilitating railroad equipment necessary to maintain essential rail service;

(c) Constructing railroad improvements to mitigate port access or mainline congestion;

(d) Construction of loading facilities to increase business on light density lines or to mitigate the impacts of abandonment;

(e) Preservation, including operation, of light density lines, as identified by the Washington state department of transportation, in compliance with this chapter; or

(f) Preserving rail corridors for future rail purposes by purchase of rights-of-way. The department shall first pursue transportation enhancement program funds, available under the federal surface transportation program, to the greatest extent practicable to preserve rail corridors. Purchase of rights-of-way may include track, bridges, and associated elements, and must meet the following criteria:

(i) The right-of-way has been identified and evaluated in the state rail plan prepared under this chapter;

(ii) The right-of-way may be or has been abandoned; and

(iii) The right-of-way has potential for future rail service.

(3) The department or the participating local jurisdiction is responsible for maintaining any right-of-way acquired under this chapter, including provisions for drainage management, fire and weed control, and liability associated with ownership.

(4) Nothing in this section impairs the reversionary rights of abutting landowners, if any, without just compensation.

(5) The department, cities, county rail districts, counties, and port districts may grant franchises to private railroads for the right to operate on lines acquired under this chapter.

(6) The department, cities, county rail districts, counties, and port districts may grant trackage rights over rail lines acquired under this chapter.

(7) If rail lines or rail rights-of-way are used by county rail districts, port districts, state agencies, or other public agencies for the purposes of rail operations and are later abandoned, the rail lines or rail rights-of-way cannot be used for any other purposes without the consent of the underlying fee title holder or reversionary rights holder, or until compen-

sation has been made to the underlying fee title holder or reversionary rights holder.

(8) The department of transportation shall develop criteria for prioritizing freight rail projects that meet the minimum eligibility requirements for state assistance under RCW 47.76.240. The department shall develop criteria in consultation with the Washington state freight rail policy advisory committee. Project criteria should consider the level of local financial commitment to the project as well as cost/benefit ratio. Counties, local communities, railroads, shippers, and others who benefit from the project should participate financially to the greatest extent practicable.

(9) Moneys received by the department from franchise fees, trackage rights fees, and loan payments shall be redeposited in the essential rail assistance account. Repayment of loans made under this section shall occur within a period not longer than fifteen years, as set by the department. The repayment schedule and rate of interest, if any, shall be determined before the distribution of the moneys.

(10) The state shall maintain a contingent interest in any equipment, property, rail line, or facility that has outstanding grants or loans. The owner may not use the line as collateral, remove track, bridges, or associated elements for salvage, or use it in any other manner subordinating the state's interest without permission from the department.

(11) Moneys may be granted for improvements to privately owned railroads, railroad property, or other private property under this chapter for freight rail projects that meet the minimum eligibility criteria for state assistance under RCW 47.76.240, and which are supported by contractual consideration. At a minimum, such contractual consideration shall consist of defined benefits to the public with a value equal to or greater than the grant amount, and where the grant recipient provides the state a contingent interest adequate to ensure that such public benefits are realized. 47.76.255 Essential rail assistance account—Deposit of revenue from lease or operations on Palouse River and Coulee City rail lines. All revenue received by the department of transportation from operating leases or other business operations on the Palouse River and Coulee City rail lines must be deposited in the essential rail assistance account created in RCW 47.76.250 and used only for the refurbishment or improvement of the Palouse River and Coulee City rail lines. [2011 c 161 § 3.]

Reviser's note: This section was directed to be codified in chapter 46.68 RCW, but placement in chapter 47.76 RCW appears to be more appropriate.

47.76.280 Sale or lease for use as rail service—Time limit. (1) The department may sell or lease property acquired under this chapter to a county rail district established under chapter 36.60 RCW, a county, a port district, or any other public or private entity authorized to operate rail service. Any public or private entity that originally donated funds to the department under this chapter shall receive credit against the purchase price for the amount donated to the department, less management costs, in the event such public or private entity purchases the property from the department.

(2) If no county rail district, county, port district, or other public or private entity authorized to operate rail service purchases or leases the property within six years after its acquisition by the department, the department may sell or lease such property in the manner provided in RCW 47.76.290. Failing this, the department may sell or convey all such property in the manner provided in RCW 47.76.300 or 47.76.320.

(3) Property acquired by the department under this chapter that is not essential for the operation of the rail service contemplated in subsections (1) and (2) of this section may be sold or leased at any time following acquisition in the manner provided in RCW 47.76.290. [2011 c 161 § 1; 1995 c 380 § 8; 1993 c 224 § 7; 1991 sp.s. c 15 § 61; 1991 c 363 § 126; 1985 c 432 § 3. Formerly RCW 47.76.040.]

47.76.290 Sale or lease for other use—Authorized buyers, notice, terms, deed, deposit of moneys. (1) If real property acquired by the department under this chapter that is essential for the operation of the rail service contemplated in RCW 47.76.280 is not sold or leased to a public or private entity authorized to operate rail service within six years of its acquisition by the department, the department may sell or lease the property at fair market value to any of the following governmental entities or persons:

- (a) Any other state agency;
- (b) The city or county in which the property is situated;
- (c) Any other municipal corporation;
- (d) The former owner, heir, or successor of the property from whom the property was acquired; or
- (e) Any abutting private owner or owners.

(2)(a) Real property acquired by the department under this chapter that is not essential for the operation of the rail service contemplated in RCW 47.76.280 may be leased or sold at fair market value, at any time following acquisition, to any entity or person in the following priority order:

- (i) The current tenant or lessee of the real property or real property abutting the property being sold;

(ii) An abutting private owner, but only after each other abutting private owner, if any, as shown in the records of the county assessor, is notified in writing of the proposed sale. If more than one abutting private owner requests in writing the right to purchase the real property within fifteen days after receiving notice of the proposed sale, the real property must be sold at public auction in the manner provided in RCW 47.76.320 (2) through (4);

(iii) Any other state agency;

(iv) The city or county in which the real property is situated;

(v) Any other municipal corporation; or

(vi) The former owner, heir, or successor of the real property from whom the real property was acquired.

(b) If the department intends to sell or lease property under this subsection to an entity or person that is not the entity or person with the highest priority status under this subsection, the department must give written notice to each entity or person with higher priority status under this subsection that is reasonably considered to have an interest in the property. The entity with the highest priority status, willing to enter into a sale or lease at fair market value, must be given right of first refusal to buy or lease the property.

(3) Notice of intention to sell under this section shall be given by publication in one or more newspapers of general circulation in the area in which the property is situated not less than thirty days prior to the intended date of sale.

(4) Sales to purchasers under this section may, at the department's option, be for cash or by real estate contract, except that any such property of the Palouse River and Coulee City rail lines that was purchased with bond proceeds in November 2004 may be sold only for cash at fair market value.

(5) Conveyances made under this section shall be by deed executed by the secretary of transportation and shall be duly acknowledged.

(6) All moneys received under this section shall be deposited in the essential rail assistance account created in RCW 47.76.250. Any moneys deposited under this subsection from sales or leases of property that are related, in any way, to the Palouse River and Coulee City rail lines must be used and, in the case of moneys received from sales, expended within two years of receipt, only for the refurbishment or improvement of the Palouse River and Coulee City rail lines. [2011 c 161 § 2; 1993 c 224 § 8; 1991 sp.s. c 15 § 62; 1985 c 432 § 4. Formerly RCW 47.76.050.]

47.76.300 Sale for other use—Governmental entity.

If real property acquired by the department under this chapter is not sold to a public or private entity authorized to operate rail service within six years of its acquisition by the department, the department may transfer and convey the property to the United States, its agencies or instrumentalities, to any other state agency, or to any county or city or port district of this state when, in the judgment of the secretary, the transfer and conveyance is consistent with the public interest. Whenever the secretary makes an agreement for any such transfer or conveyance, the secretary shall execute and deliver to the grantee a deed of conveyance, easement, or other instrument, duly acknowledged, as necessary to fulfill the terms of the

agreement. All moneys paid to the state of Washington under this section shall be deposited in the essential rail banking account of the general fund. [1993 c 224 § 9; 1991 sp.s. c 15 § 63; 1985 c 432 § 5. Formerly RCW 47.76.060.]

47.76.320 Sale at public auction. (1) If real property acquired by the department under this chapter is not sold, conveyed, or leased to a public or private entity within six years of its acquisition by the department, the department may, in its discretion, sell the property at public auction in accordance with subsections (2) through (5) of this section.

(2) The department shall first give notice of the sale by publication on the same day of the week for two consecutive weeks, with the first publication at least two weeks before the date of the auction, in a legal newspaper of general circulation in the area where the property to be sold is located. The notice shall be placed in both the legal notices section and the real estate classified section of the newspaper. The notice shall contain a description of the property, the time and place of the auction, and the terms of the sale. The sale may be for cash or by real estate contract.

(3) In accordance with the terms set forth in the notice, the department shall sell the property at the public auction to the highest and best bidder if the bid is equal to or higher than the appraised fair market value of the property.

(4) If no bids are received at the auction or if all bids are rejected, the department may, in its discretion, enter into negotiations for the sale of the property or may list the property with a licensed real estate broker. No property may be sold by negotiations or through a broker for less than the property's appraised fair market value. Any offer to purchase real property under this subsection shall be in writing and may be rejected at any time before written acceptance by the department.

(5) Conveyances made under this section shall be by deed executed by the secretary of transportation and shall be duly acknowledged.

(6) All moneys received under this section shall be deposited in the essential rail banking account of the general fund. [1993 c 224 § 11; 1991 sp.s. c 15 § 65; 1985 c 432 § 7. Formerly RCW 47.76.080.]

47.76.360 Transfer of funds in excess of grain train program operating needs or capital reserves authorized. Funds deemed by the department of transportation, in consultation with relevant port districts, to be in excess of current operating needs or capital reserves of the grain train program may be transferred from the miscellaneous program account to the essential rail assistance account created in RCW 47.76.250 for the purpose of sustaining the grain train program. [2012 c 86 § 801.]

Effective date—2012 c 86: "Except for sections 701 through 713, 805, and 806 of this act, this act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [March 23, 2012]." [2012 c 86 § 902.]

47.76.400 Produce railcar pool—Findings—Intent. The legislature finds that an actively coordinated and cooperatively facilitated railcar pool for transportation of perishable agricultural commodities is necessary for the continued viability and competitiveness of Washington's agricultural industry. The legislature also finds that the rail transportation model established by the Washington Grain Train program has been successful in serving the shipping needs of the wheat industry.

It is, therefore, the intent of the legislature to authorize and direct the Washington department of transportation to develop a railcar program for Washington's perishable commodity industries to be known as the Washington Produce Railcar Pool. This railcar program should be modeled from the Washington Grain Train program, but be made flexible enough to work with entities outside state government in order to fulfill its mission, including, but not limited to, the federal and local governments, commodity commissions, and private entities. [2003 c 191 § 1.]

47.76.410 Produce railcar pool—Definition. As used in RCW 47.76.400 through 47.76.450 "short line railroad" means a Class II or Class III railroad as defined by the United States Surface Transportation Board. [2003 c 191 § 2.]

47.76.420 Produce railcar pool—Departmental authority. In addition to powers otherwise granted by law, the department may establish a Washington Produce Railcar Pool to promote viable, cost-effective rail service for Washington produce, including but not limited to apples, onions, pears, and potatoes, both processed and fresh.

To the extent that funds are appropriated, the department may:

- (1) Operate the Washington Produce Railcar Pool program while working in close coordination with the department of agriculture, interested commodity commissions, port districts, and other interested parties;
- (2) For the purposes of this program:
 - (a) Purchase or lease new or used refrigerated railcars;
 - (b) Accept donated refrigerated railcars; and

(c) Refurbish and remodel the railcars;

(3) Hire, in consultation with affected stakeholders, including but not limited to short line railroads, commodity commissions, and port districts, a transportation management firm to perform the function outlined in RCW 47.76.440; and

(4) Contribute the efforts of a short line rail-financing expert to find funding for the project to help interested short line railroads in this state to accomplish the necessary operating arrangements once the railcars are ready for service. [2003 c 191 § 3.]

47.76.430 Produce railcar pool—Funding. To the extent that funds are appropriated, the department shall fund the program as follows: The department may accept funding from the federal government, or other public or private sources, to purchase or lease new or used railcars and to refurbish and remodel the railcars as needed. Nothing in this section precludes other entities, including but not limited to short line railroads, from performing the remodeling under RCW 47.76.400 through 47.76.450. [2003 c 191 § 4.]

47.76.440 Produce railcar pool—Management. (1) The transportation management firm hired under RCW 47.76.420(3) shall manage the day-to-day operations of the railcars, such as monitoring the location of the cars, returning them to this state, distributing them, arranging for pretrips and repairs, and arranging for per diem, mileage allowances, and other freight billing charges with the railroads.

(2) The railcar pool must be managed over the life of the railcars so that the railcars will be distributed to railroads and port districts around the state for produce loadings as market conditions warrant or to other users, including out-of-state users by contractual agreement, during times of excess capacity.

(3) To maximize railcar availability and use, the department or the transportation management firm may make agreements with the transcontinental railroad systems to pool Washington-owned or Washington-managed railcars with those of the railroads. In such instances, the railroad must agree to provide immediately an equal number of railcars to the Washington railcar pool.

(4) The department shall act in an oversight role to verify that the railcar pool is managed in accordance with subsections (2) and (3) of this section. [2003 c 191 § 5.]

47.76.450 Produce railcar pool account. The produce railcar pool account is created in the custody of the state treasurer. All receipts from per diem charges, mileage charges, and freight billing charges paid by railroads and shippers that use the railcars in the Washington Produce Railcar Pool must be deposited into the account. Expenditures from the account may be used only for the purposes of RCW 47.76.400 through 47.76.440. Only the secretary of transportation or the secretary's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures. [2003 c 191 § 6.]

47.79.900 Effective date—1993 c 381.

47.79.010 Legislative declaration. The legislature recognizes that major intercity transportation corridors in this state are becoming increasingly congested. In these corridors, population is expected to grow by nearly forty percent over the next twenty years, while employment will grow by nearly fifty percent. The estimated seventy-five percent increase in intercity travel demand must be accommodated to ensure state economic vitality and protect the state's quality of life.

The legislature finds that high-speed ground transportation offers a safer, more efficient, and environmentally responsible alternative to increasing highway capacity. High-speed ground transportation can complement and enhance existing air transportation systems. High-speed ground transportation can be compatible with growth management plans in counties and cities served by such a system. Further, high-speed ground transportation offers a reliable, all-weather service capable of significant energy savings over other intercity modes. [1993 c 381 § 1.]

47.79.020 Program established—Goals. The legislature finds that there is substantial public benefit to establishing a high-speed ground transportation program in this state. The program shall implement the recommendations of the high-speed ground transportation steering committee report dated October 15, 1992. The program shall be administered by the department of transportation in close cooperation with

the utilities and transportation commission and affected cities and counties.

The high-speed ground transportation program shall have the following goals:

(1) Implement high-speed ground transportation service offering top speeds over 150 m.p.h. between Everett and Portland, Oregon by 2020. This would be accomplished by meeting the intermediate objectives of a maximum travel time between downtown Portland and downtown Seattle of two hours and thirty minutes by the year 2000 and maximum travel time of two hours by the year 2010;

(2) Implement high-speed ground transportation service offering top speeds over 150 m.p.h. between Everett and Vancouver, B.C. by 2025;

(3) Implement high-speed ground transportation service offering top speeds over 150 m.p.h. between Seattle and Spokane by 2030.

The department of transportation shall, subject to legislative appropriation, implement such projects as necessary to achieve these goals in accordance with the implementation plans identified in RCW 47.79.030 and 47.79.040. [1993 c 381 § 2.]

47.79.030 Project priority—Funding sources. The legislature finds it important to develop public support and awareness of the benefits of high-speed ground transportation by developing high-quality intercity passenger rail service as a first step. This high-quality intercity passenger rail service shall be developed through incremental upgrading of the existing service. The department of transportation shall, subject to legislative appropriation, develop a prioritized list of projects to improve existing passenger rail service and begin new passenger rail service, to include but not be limited to:

(1) Improvement of depots;

(2) Improved grade crossing protection or grade crossing elimination;

(3) Enhanced train signals to improve rail corridor capacity and increase train speeds;

(4) Revised track geometry or additional trackage to improve ride quality and increase train speeds; and

(5) Contract for new or improved service in accordance with federal requirements to improve service frequency.

Service enhancements and station improvements must be based on the extent to which local comprehensive plans contribute to the viability of intercity passenger rail service, including providing efficient connections with other transportation modes such as transit, intercity bus, and roadway networks. Before spending state moneys on these projects, the department of transportation shall seek federal, local, and private funding participation to the greatest extent possible. Funding priorities for station improvements must also be based on the level of local and private in-kind and cash contributions. [1993 c 381 § 3.]

47.79.040 Rail passenger plan. The legislature recognizes the need to plan for the high-speed ground transportation service and the high-quality intercity rail passenger service set forth in RCW 47.79.020 and 47.79.030. The department of transportation shall, subject to legislative appropriation, develop a rail passenger plan through the con-

duct of studies addressing, but not limited to, the following areas:

- (1) Refined ridership estimates;
- (2) Preliminary location and environmental analysis on new corridors;
- (3) Detailed station location assessments in concert with affected local jurisdictions;
- (4) Coordination with the air transportation commission on statewide air transportation policy and its effects on high-speed ground transportation service; and
- (5) Coordination with the governments of Oregon and British Columbia, when appropriate, on alignment, station location, and environmental analysis. [1993 c 381 § 4.]

47.79.050 Facility acquisition and management. Subject to appropriation, the department is authorized to acquire by purchase, lease, condemnation, gift, devise, bequest, grant, or exchange, title to or any interests or rights in real property adjacent to or used in association with state intercity passenger rail service which may include, but are not limited to, depots, platforms, parking areas, and maintenance facilities. The department is authorized to contract with a public or private entity for the operation, maintenance, and/or management of these facilities. [1999 c 253 § 1.]

47.79.060 Gifts. Subject to appropriation, the department is authorized to accept and expend or use gifts, grants, and donations for the benefit of any depot, platform, parking area, maintenance facility, or other associated rail facility. However, such an expenditure shall be for the public benefit of the state's intercity passenger rail service. [1999 c 253 § 2.]

47.79.070 Adjacent real property. Subject to appropriation, the department is authorized to exercise all the powers and perform all the duties necessary, convenient, or incidental to the planning, designing, constructing, improving, repairing, operating, and maintaining real property adjacent to or used in association with the state intercity passenger rail service which may include, but are not limited to, depots, platforms, parking areas, and maintenance facilities, even if such real property is owned or controlled by another entity. However, any expenditure of public funds for these purposes shall be directly related to public benefit of the state's intercity passenger rail service. The department shall enter into a written contract with the affected real property owners to secure the public's investment. [1999 c 253 § 3.]

47.79.110 King Street station—Findings. The legislature finds that a balanced, multimodal transportation system is an essential element of the state's infrastructure, and that effective rail passenger service is an integral part of a balanced, multimodal transportation system. The legislature further finds that the King Street railroad station is the key hub for both Puget Sound's intermodal passenger transportation system and the state's rail passenger system. The legislature recognizes that the redevelopment of the King Street railroad station depot, along with necessary and related properties, is critical to its continued functioning as a transportation hub and finds that innovative funding arrangements can materi-

ally assist in furthering the redevelopment at reduced public expense. [2001 c 62 § 1.]

Additional notes found at www.leg.wa.gov

47.79.120 King Street station—Acquisition. The department may acquire, or contract to acquire, by purchase, lease, option to lease or purchase, condemnation, gift, devise, bequest, grant, or exchange of title, the King Street railroad station depot located in Seattle, or any interests or rights in it, and other real property and improvements adjacent to, or used in association with, the King Street railroad station depot. The property may include, but not be limited to, the depot, platforms, parking areas, pedestrian and vehicle access areas, and maintenance facilities. These properties, in the aggregate, will be known as the King Street railroad station. [2001 c 62 § 2.]

Additional notes found at www.leg.wa.gov

47.79.130 King Street station—Department's powers and duties. During all periods that the department contracts to own or lease some, or all, of the King Street railroad station properties, the department may exercise all the powers and perform all the duties necessary, convenient, or incidental for planning, designing, constructing, improving, repairing, renovating, restoring, operating, and maintaining the King Street railroad station properties. These powers also include authority to lease or sell, assign, sublease, or otherwise transfer all, or portions of, the King Street railroad station properties for transportation or other public or private purposes and to contract with other public or private entities for the operation, administration, maintenance, or improvement of the King Street railroad station properties after the department takes possession of some, or all, of the properties, as the secretary deems appropriate. If the department transfers any of its fee ownership interests in the King Street railroad station properties, proceeds from the transaction must be placed in an account that supports multimodal programs, but not into an account restricted by Article II, section 40 of the state Constitution. [2001 c 62 § 3.]

Additional notes found at www.leg.wa.gov

47.79.140 King Street station—Leases and contracts for multimodal terminal. To facilitate tax exempt financing for the acquisition and improvement of the King Street railroad station, the department may lease from or contract with public or private entities for the acquisition, lease, operation, maintenance, financing, renovation, restoration, or management of some, or all, of the King Street railroad station properties as a multimodal terminal that supports the state intercity passenger rail service. The leases or contracts are not subject to either chapter 39.94 or 43.82 RCW. The leases and contracts will expire no later than fifty years from the time they are executed, and at that time the department will either receive title or have the right to receive title to the financed property without additional obligation to compensate the owner of those properties for the acquisition of them. The secretary may take all actions necessary, convenient, or incidental to the financing. [2001 c 62 § 4.]

Additional notes found at www.leg.wa.gov

47.79.150 King Street railroad station facility account. (1) The department may establish the King Street railroad station facility account as an interest-bearing local account. Receipts from the sources listed in subsection (2) of this section must be deposited into the account. Nothing in this section is a pledge of funds deposited to the account for repayment of tax exempt financing related to the King Street railroad station. The department may invest funds from the account as permitted by law and may enter into contracts with financial advisors as deemed necessary for that purpose. Only the secretary or the secretary's designee may authorize expenditures from the account.

(2) All funds appropriated to the King Street railroad station facility account by the legislature; all contributions, payments, grants, gifts, and donations to the account from other public or private entities; all receipts from departmental transactions involving capital facility sales, transfers, property leases and rents, incomes, and parking fees associated with the King Street railroad station; as well as all investment income associated with the account must be deposited into the King Street railroad station facility account for purposes specified in subsection (3) of this section.

(3) All funds deposited into the King Street railroad station facility account must be expended by the department solely to pay the following expenses:

- (a) Costs for management of the account;
- (b) Purchase and acquisition costs for King Street railroad station properties;
- (c) Payments, including incidental expenses, relating to the King Street railroad station depot as required by a lease or contract under RCW 47.79.140;
- (d) Maintenance and operating costs for the King Street railroad station properties; and
- (e) Capital improvement projects initiated by the department associated with, and for the benefit of, the King Street railroad station depot occurring after the date of the department's beneficial occupancy of the renovated King Street railroad station depot, and for capital improvement projects initiated at any time by the department for the benefit of King Street railroad station properties other than the depot including, but not limited to, improvements to associated platforms, parking areas, temporary buildings, maintenance facilities, pedestrian access, and other improvements essential to the operation of the station as a multimodal terminal.

(4) Nothing in this section is intended to restrict the right of the department from otherwise funding purchase, acquisition, capital improvement, maintenance, rental, operational, and other incidental costs relating to the King Street railroad station from appropriations and resources that are not designated for deposit in the King Street railroad station facility account. 47.80.010 Findings—Declaration. The legislature finds that while the transportation system in Washington is owned and operated by numerous public jurisdictions, it should function as one interconnected and coordinated system. Transportation planning, at all jurisdictional levels, should be coordinated with local comprehensive plans. Further, local jurisdictions and the state should cooperate to achieve both statewide and local transportation goals. To facilitate this coordination and cooperation among state and local jurisdictions, the legislature declares it to be in the state's interest to establish a coordinated planning program for regional transportation systems and facilities throughout the state. [1990 1st ex.s. c 17 § 53.]

47.80.011 Legislative intent. The legislature recognizes that recent legislative enactments have significantly added to the complexity of and to the potential for benefits from integrated transportation and comprehensive planning and that there is currently a unique opportunity for integration of local comprehensive plans and regional goals with state and local transportation programs. Further, approaches to transportation demand management initiatives and local and state transportation funding can be better coordinated to insure an efficient, effective transportation system that insures mobility and accessibility, and addresses community needs.

The legislature further finds that transportation and land use share a critical relationship that policymakers can better utilize to address regional strategies.

Prudent and cost-effective investment by the state and by local governments in highway facilities, local streets and arterials, rail facilities, marine facilities, nonmotorized transportation facilities and systems, public transit systems, transportation system management, transportation demand management, and the development of high capacity transit systems can help to effectively address mobility needs. Such investment can also enhance local and state objectives for effective comprehensive planning, economic development strategies, and clean air policies.

The legislature finds that addressing public initiatives regarding transportation and comprehensive planning necessitates an innovative approach. Improved integration between transportation and comprehensive planning among public

institutions, particularly in the state's largest metropolitan areas is considered by the state to be imperative, and to have significant benefit to the citizens of Washington. [1994 c 158 § 1.]

47.80.020 Regional transportation planning organizations authorized. The legislature hereby authorizes creation of regional transportation planning organizations within the state. Each regional transportation planning organization shall be formed through the voluntary association of local governments within a county, or within geographically contiguous counties. Each organization shall:

- (1) Encompass at least one complete county;
- (2) Have a population of at least one hundred thousand, or contain a minimum of three counties; and
- (3) Have as members all counties within the region, and at least sixty percent of the cities and towns within the region representing a minimum of seventy-five percent of the cities' and towns' population.

The state department of transportation must verify that each regional transportation planning organization conforms with the requirements of this section.

In urbanized areas, the regional transportation planning organization is the same as the metropolitan planning organization designated for federal transportation planning purposes. [1990 1st ex.s. c 17 § 54.]

47.80.023 Duties. Each regional transportation planning organization shall have the following duties:

(1) Prepare and periodically update a transportation strategy for the region. The strategy shall address alternative transportation modes and transportation demand management measures in regional corridors and shall recommend preferred transportation policies to implement adopted growth strategies. The strategy shall serve as a guide in preparation of the regional transportation plan.

(2) Prepare a regional transportation plan as set forth in RCW 47.80.030 that is consistent with countywide planning policies if such have been adopted pursuant to chapter 36.70A RCW, with county, city, and town comprehensive plans, and state transportation plans.

(3) Certify by December 31, 1996, that the transportation elements of comprehensive plans adopted by counties, cities, and towns within the region reflect the guidelines and principles developed pursuant to RCW 47.80.026, are consistent with the adopted regional transportation plan, and, where appropriate, conform with the requirements of RCW 36.70A.070.

(4) Where appropriate, certify that countywide planning policies adopted under RCW 36.70A.210 and the adopted regional transportation plan are consistent.

(5) Develop, in cooperation with the department of transportation, operators of public transportation services and local governments within the region, a six-year regional transportation improvement program which proposes regionally significant transportation projects and programs and transportation demand management measures. The regional transportation improvement program shall be based on the programs, projects, and transportation demand management measures of regional significance as identified by transit agencies, cities, and counties pursuant to RCW 35.58.2795,

35.77.010, and 36.81.121, respectively, and any recommended programs or projects identified by the agency council on coordinated transportation, as provided in *chapter 47.06B RCW, that advance special needs coordinated transportation as defined in *RCW 47.06B.012. The program shall include a priority list of projects and programs, project segments and programs, transportation demand management measures, and a specific financial plan that demonstrates how the transportation improvement program can be funded. The program shall be updated at least every two years for the ensuing six-year period.

(6) Include specific opportunities and projects to advance special needs coordinated transportation, as defined in *RCW 47.06B.012, in the coordinated transit-human services transportation plan, after providing opportunity for public comment.

(7) Designate a lead planning agency to coordinate preparation of the regional transportation plan and carry out the other responsibilities of the organization. The lead planning agency may be a regional organization, a component county, city, or town agency, or the appropriate Washington state department of transportation district office.

(8) Review level of service methodologies used by cities and counties planning under chapter 36.70A RCW to promote a consistent regional evaluation of transportation facilities and corridors.

(9) Work with cities, counties, transit agencies, the department of transportation, and others to develop level of service standards or alternative transportation performance measures.

(10) Submit to the agency council on coordinated transportation, as provided in *chapter 47.06B RCW, beginning on July 1, 2007, and every four years thereafter, an updated plan that includes the elements identified by the council. Each regional transportation planning organization must submit to the council every two years a prioritized regional human service and transportation project list. [2009 c 515 § 15; 2007 c 421 § 5; 1998 c 171 § 8; 1994 c 158 § 2.]

*Reviser's note: Chapter 47.06B RCW was repealed by 2011 c 60 § 51.

47.80.026 Comprehensive plans, transportation guidelines, and principles. Each regional transportation planning organization, with cooperation from component cities, towns, and counties, shall establish guidelines and principles by July 1, 1995, that provide specific direction for the development and evaluation of the transportation elements of comprehensive plans, where such plans exist, and to assure that state, regional, and local goals for the development of transportation systems are met. These guidelines and principles shall address at a minimum the relationship between transportation systems and the following factors: Concentration of economic activity, residential density, development corridors and urban design that, where appropriate, supports high capacity transit, freight transportation and port access, development patterns that promote pedestrian and nonmotorized transportation, circulation systems, access to regional systems, effective and efficient highway systems, the ability of transportation facilities and programs to retain existing and attract new jobs and private investment and to accommodate growth in demand, transportation demand management, joint

and mixed use developments, present and future railroad right-of-way corridor utilization, and intermodal connections.

Examples shall be published by the organization to assist local governments in interpreting and explaining the requirements of this section. [1994 c 158 § 3.]

47.80.030 Regional transportation plan—Contents, review, use. (1) Each regional transportation planning organization shall develop in cooperation with the department of transportation, providers of public transportation and high capacity transportation, ports, and local governments within the region, adopt, and periodically update a regional transportation plan that:

(a) Is based on a least cost planning methodology that identifies the most cost-effective facilities, services, and programs;

(b) Identifies existing or planned transportation facilities, services, and programs, including but not limited to major roadways including state highways and regional arterials, transit and nonmotorized services and facilities, multimodal and intermodal facilities, marine ports and airports, railroads, and noncapital programs including transportation demand management that should function as an integrated regional transportation system, giving emphasis to those facilities, services, and programs that exhibit one or more of the following characteristics:

(i) Crosses member county lines;

(ii) Is or will be used by a significant number of people who live or work outside the county in which the facility, service, or project is located;

(iii) Significant impacts are expected to be felt in more than one county;

(iv) Potentially adverse impacts of the facility, service, program, or project can be better avoided or mitigated through adherence to regional policies;

(v) Transportation needs addressed by a project have been identified by the regional transportation planning process and the remedy is deemed to have regional significance; and

(vi) Provides for system continuity;

(c) Establishes level of service standards for state highways and state ferry routes, with the exception of transportation facilities of statewide significance as defined in RCW 47.06.140. These regionally established level of service standards for state highways and state ferries shall be developed jointly with the department of transportation, to encourage consistency across jurisdictions. In establishing level of service standards for state highways and state ferries, consideration shall be given for the necessary balance between providing for the free interjurisdictional movement of people and goods and the needs of local commuters using state facilities;

(d) Includes a financial plan demonstrating how the regional transportation plan can be implemented, indicating resources from public and private sources that are reasonably expected to be made available to carry out the plan, and recommending any innovative financing techniques to finance needed facilities, services, and programs;

(e) Assesses regional development patterns, capital investment and other measures necessary to:

(i) Ensure the preservation of the existing regional transportation system, including requirements for operational improvements, resurfacing, restoration, and rehabilitation of existing and future major roadways, as well as operations, maintenance, modernization, and rehabilitation of existing and future transit, railroad systems and corridors, and nonmotorized facilities; and

(ii) Make the most efficient use of existing transportation facilities to relieve vehicular congestion and maximize the mobility of people and goods;

(f) Sets forth a proposed regional transportation approach, including capital investments, service improvements, programs, and transportation demand management measures to guide the development of the integrated, multimodal regional transportation system. For regional growth centers, the approach must address transportation concurrency strategies required under RCW 36.70A.070 and include a measurement of vehicle level of service for off-peak periods and total multimodal capacity for peak periods; and

(g) Where appropriate, sets forth the relationship of high capacity transportation providers and other public transit providers with regard to responsibility for, and the coordination between, services and facilities.

(2) The organization shall review the regional transportation plan biennially for currency and forward the adopted plan along with documentation of the biennial review to the state department of transportation.

(3) All transportation projects, programs, and transportation demand management measures within the region that have an impact upon regional facilities or services must be consistent with the plan and with the adopted regional growth and transportation strategies. [2005 c 328 § 2; 1998 c 171 § 9; 1994 c 158 § 4; 1990 1st ex.s. c 17 § 55.]

47.80.040 Transportation policy boards. Each regional transportation planning organization shall create a transportation policy board. Transportation policy boards shall provide policy advice to the regional transportation planning organization and shall allow representatives of major employers within the region, the department of transportation, transit districts, port districts, and member cities, towns, and counties within the region to participate in policy making. Any members of the house of representatives or the state senate whose districts are wholly or partly within the boundaries of the regional transportation planning organization are considered ex officio, nonvoting policy board members of the regional transportation planning organization. This does not preclude legislators from becoming full-time, voting board members. [2003 c 351 § 1; 1990 1st ex.s. c 17 § 56.]

47.80.050 Allocation of regional transportation planning funds. Biennial appropriations to the department of transportation to carry out the regional transportation planning program shall set forth the amounts to be allocated as follows:

(1) A base amount per county for each county within each regional transportation planning organization, to be distributed to the lead planning agency;

(2) An amount to be distributed to each lead planning agency on a per capita basis; and

(3) An amount to be administered by the department of transportation as a discretionary grant program for special regional planning projects, including grants to allow counties which have significant transportation interests in common with an adjoining region to also participate in that region's planning efforts. [1990 1st ex.s. c 17 § 57.]

47.80.060 Executive board membership. In order to qualify for state planning funds available to regional transportation planning organizations, the regional transportation planning organizations containing any county with a population in excess of one million shall provide voting membership on its executive board to the state transportation commission, the state department of transportation, the four largest public port districts within the region as determined by gross operating revenues, any incorporated principal city of a metropolitan statistical area within the region, as designated by the United States census bureau, and any incorporated city within the region with a population in excess of eighty thousand. It shall further assure that at least fifty percent of the county and city local elected officials who serve on the executive board also serve on transit agency boards or on a regional transit authority. [2007 c 511 § 1; 2005 c 334 § 1; 1992 c 101 § 31.]

Additional notes found at www.leg.wa.gov

47.80.070 Statewide consistency. In order to ensure statewide consistency in the regional transportation planning process, the state department of transportation, in conformance with chapter 34.05 RCW, shall:

(1) In cooperation with regional transportation planning organizations, establish minimum standards for development of a regional transportation plan;

(2) Facilitate coordination between regional transportation planning organizations; and

(3) Through the regional transportation planning process, and through state planning efforts as required by RCW 47.01.071, identify and jointly plan improvements and strategies within those corridors important to moving people and goods on a regional or statewide basis. [1994 c 158 § 5.]

47.80.080 Majority vote on state matters. When voting on matters solely affecting Washington state, a regional transportation planning organization must obtain a majority vote of the Washington residents serving as members of the regional transportation planning organization before a matter may be adopted. [2003 c 351 § 2.]

47.80.090 Regional transportation planning organizations—Electric vehicle infrastructure. (1) A regional transportation planning organization containing any county with a population in excess of one million in collaboration with representatives from the department of ecology, the department of commerce, local governments, and the office of regulatory assistance must seek federal or private funding for the planning for, deployment of, or regulations concerning electric vehicle infrastructure. These efforts should include:

(a) Development of short-term and long-term plans outlining how state, regional, and local government construction may include electric vehicle infrastructure in publicly available off-street parking and government fleet vehicle parking, including what ratios of charge spots to parking may be appropriate based on location or type of facility or building;

(b) Consultations with the state building code council and the department of labor and industries to coordinate the plans with state standards for new residential, commercial, and industrial buildings to ensure that the appropriate electric circuitry is installed to support electric vehicle infrastructure;

(c) Consultation with the workforce development council and the student achievement council to ensure the development of appropriate educational and training opportunities for citizens of the state in support of the transition of some portion of vehicular transportation from combustion to electric vehicles;

(d) Development of an implementation plan for counties with a population greater than five hundred thousand with the goal of having public and private parking spaces, in the aggregate, be ten percent electric vehicle ready by December 31, 2018; and

(e) Development of model ordinances and guidance for local governments for siting and installing electric vehicle infrastructure, in particular battery charging stations, and appropriate handling, recycling, and storage of electric vehicle batteries and equipment.

(2) These plans and any recommendations developed as a result of the consultations required by this section must be submitted to the legislature by December 31, 2010, or as soon as reasonably practicable after the securing of any federal or private funding. Priority will be given to the activities in subsection (1)(e) of this section and any ordinances or guidance that is developed will be submitted to the legislature, the department of commerce, and affected local governments prior to December 31, 2010, if completed.

(3) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Battery charging station" means an electrical component assembly or cluster of component assemblies designed specifically to charge batteries within electric vehicles, which meet or exceed any standards, codes, and regulations set forth by chapter 19.28 RCW and consistent with rules adopted under RCW 19.27.540.

(b) "Battery exchange station" means a fully automated facility that will enable an electric vehicle with a swappable battery to enter a drive lane and exchange the depleted battery with a fully charged battery through a fully automated process, which meets or exceeds any standards, codes, and regulations set forth by chapter 19.28 RCW and consistent with rules adopted under RCW 19.27.540.

(c) "Electric vehicle infrastructure" means structures, machinery, and equipment necessary and integral to support an electric vehicle, including battery charging stations, rapid charging stations, and battery exchange stations.

(d) "Rapid charging station" means an industrial grade electrical outlet that allows for faster recharging of electric vehicle batteries through higher power levels, which meets or exceeds any standards, codes, and regulations set forth by chapter 19.28 RCW and consistent with rules adopted under RCW 19.27.540. [2012 c 229 § 592; 2009 c 459 § 2.]

Effective date—2012 c 229 §§ 101, 117, 401, 402, 501 through 594, 601 through 609, 701 through 708, 801 through 821, 902, and 904: See note following RCW 28B.77.005.

Finding—Purpose—2009 c 459: "The legislature finds the development of electric vehicle infrastructure to be a critical step in creating jobs, fostering economic growth, reducing greenhouse gas emissions, reducing our reliance on foreign fuels, and reducing the pollution of Puget Sound attributable to the operation of petroleum-based vehicles on streets and highways. Limited driving distance between battery charges is a fundamental disadvantage and obstacle to broad consumer adoption of vehicles powered by electricity. In order to eliminate this fundamental disadvantage and dramatically increase consumer acceptance and usage of electric vehicles, it is essential that an infrastructure of convenient electric vehicle charging opportunities be developed. The purpose of this act is to encourage the transition to electric vehicle use and to expedite the establishment of a convenient, cost-effective, electric vehicle infrastructure that such a transition necessitates. The state's success in encouraging this transition will serve as an economic stimulus to the creation of short-term and long-term jobs as the entire automobile industry and its associated direct and indirect jobs transform over time from combustion to electric vehicles." [2009 c 459 § 1.]

47.80.902 Captions not part of law—1994 c 158. Captions used in this act do not constitute any part of the law. [1994 c 158 § 11.]

47.80.903 Severability—1994 c 158. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1994 c 158 § 12.]

47.80.904 Effective date—1994 c 158. This act shall take effect July 1, 1994. [1994 c 158 § 13.]

47.82.010 Service improvement program. The department, in conjunction with local jurisdictions, shall coordinate as appropriate with the designated metropolitan planning organizations to develop a program for improving Amtrak passenger rail service. The program may include:

(1) Determination of the appropriate level of Amtrak passenger rail service;

(2) Implementation of higher train speeds for Amtrak passenger rail service, where safety considerations permit;

(3) Recognition, in the state's long-range planning process, of potential higher speed intercity passenger rail service, while monitoring socioeconomic and technological conditions as indicators for higher speed systems; and

(4) Identification of existing intercity rail rights-of-way which may be used for public transportation corridors in the future. [1990 c 43 § 36.]

47.82.020 Depot upgrading. The department shall, when feasible, assist local jurisdictions in upgrading Amtrak depots. Multimodal use of these facilities shall be encouraged. [1990 c 43 § 37.]

[Title 47 RCW—page 252]

47.82.030 Service extension. (1) The department, in conjunction with local jurisdictions, shall coordinate as appropriate with designated metropolitan and provincial transportation organizations to pursue resumption of Amtrak service from Seattle to Vancouver, British Columbia, via Everett, Mount Vernon, and Bellingham.

(2) The department, in conjunction with local jurisdictions, shall study potential Amtrak service on the following routes:

(a) Daytime Spokane-Wenatchee-Everett-Seattle service;

(b) Daytime Spokane-Tri-Cities-Vancouver-Portland service;

(c) Tri-Cities-Yakima-Ellensburg-Seattle service, if the Stampede Pass route is reopened; and

(d) More frequent Portland-Vancouver-Kelso-Centralia-Olympia-Tacoma-Seattle service or increments thereof. [1990 c 43 § 38.]

47.82.040 Coordination with other rail systems and common carriers. The department, with other state and local agencies shall coordinate as appropriate with designated metropolitan planning organizations to provide public information with respect to common carrier passenger transportation. This information may include maps, routes, and schedules of passenger rail service, local transit agencies, air carriers, private ground transportation providers, and international, state, and local ferry services.

The state shall continue its cooperative relationship with Amtrak and Canadian passenger rail systems. [1990 c 43 § 39.]

47.98.045 Severability—1969 ex.s. c 281. If any provision of this act, or its application to any person or circumstance is held invalid, the remainder of the act, or the applica-

tion of the provision to other persons or circumstances is not affected. [1969 ex.s. c 281 § 64.]

47.98.050 Repeals and saving. See 1961 c 13 § 47.98.050.

47.98.060 Emergency—1961 c 13. This act is necessary for the immediate preservation of the public peace, health and safety, the support of the state government and its existing institutions and shall take effect immediately: PROVIDED, That the effective date of sections *47.16.160, 47.20.110, and 47.20.380 shall be July 1, 1961. [1961 c 13 § 47.98.060.]

*Reviser's note: RCW 47.16.160, 47.20.110, and 47.20.380 were repealed by 1970 ex.s. c 51.

47.98.070 Federal requirements. If any part of this title or any section of this 1977 amendatory act is ruled to be in conflict with federal requirements which are a prescribed condition of the allocation of federal funds to the state, or to any department or agencies thereof, such conflicting part or section is declared to be inoperative solely to the extent of the conflict. No such ruling shall affect the operation of the remainder of the act. Any internal reorganization carried out under the terms of this title or any section of this 1977 amendatory act shall meet federal requirements which are a necessary condition to the receipt of federal funds by the state. [1977 ex.s. c 151 § 76.]

47.98.080 Severability—1977 ex.s. c 151. If any provision of this 1977 amendatory act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected. [1977 ex.s. c 151 § 77.]

47.98.090 Liberal construction. The rule of strict construction shall have no application to this title, and it shall be liberally construed in order to carry out the objectives for which it is designed. Any ambiguities arising from its interpretation should be resolved consistently with the broad purposes set forth in *RCW 47.01.011. [1977 ex.s. c 151 § 78.]

48.01.010 Short title. Title 48 RCW constitutes the insurance code. [1975 1st ex.s. c 266 § 2; 1947 c 79 § .01.01; Rem. Supp. 1947 § 45.01.01.]

Additional notes found at www.leg.wa.gov

48.01.020 Scope of code. All insurance and insurance transactions in this state, or affecting subjects located wholly or in part or to be performed within this state, and all persons having to do therewith are governed by this code. [1947 c 79 § .01.02; Rem. Supp. 1947 § 45.01.02.]

48.01.030 Public interest. The business of insurance is one affected by the public interest, requiring that all persons be actuated by good faith, abstain from deception, and practice honesty and equity in all insurance matters. Upon the insurer, the insured, their providers, and their representatives rests the duty of preserving inviolate the integrity of insurance. [1995 c 285 § 16; 1947 c 79 § .01.03; Rem. Supp. 1947 § 45.01.03.]

Additional notes found at www.leg.wa.gov

48.01.035 "Developmental disability" defined. The term "developmental disability" as used in this title means a disability attributable to intellectual disability, cerebral palsy, epilepsy, autism, or another neurological condition closely

related to an intellectual disability or to require treatment similar to that required for persons with intellectual disabilities, which disability originates before such individual attains age eighteen, which has continued or can be expected to continue indefinitely, and which constitutes a substantial limitation to such individual. [2010 c 94 § 14; 1985 c 264 § 1.]

Purpose—2010 c 94: See note following RCW 44.04.280.

48.01.040 "Insurance" defined. Insurance is a contract whereby one undertakes to indemnify another or pay a specified amount upon determinable contingencies. [1947 c 79 § .01.04; Rem. Supp. 1947 § 45.01.04.]

48.01.050 "Insurer" defined. "Insurer" as used in this code includes every person engaged in the business of making contracts of insurance, other than a fraternal benefit society. A reciprocal or interinsurance exchange is an "insurer" as used in this code. Two or more hospitals that join and organize as a mutual corporation pursuant to chapter 24.06 RCW for the purpose of insuring or self-insuring against liability claims, including medical liability, through a contributing trust fund are not an "insurer" under this code. Two or more local governmental entities, under any provision of law, that join together and organize to form an organization for the purpose of jointly self-insuring or self-funding are not an "insurer" under this code. Two or more affordable housing entities that join together and organize to form an organization for the purpose of jointly self-insuring or self-funding under chapter 48.64 RCW are not an "insurer" under this code. Two or more persons engaged in the business of commercial fishing who enter into an arrangement with other such persons for the pooling of funds to pay claims or losses arising out of loss or damage to a vessel or machinery used in the business of commercial fishing and owned by a member of the pool are not an "insurer" under this code. [2009 c 314 § 19; 2003 c 248 § 1; 1990 c 130 § 1; 1985 c 277 § 9; 1979 ex.s. c 256 § 13; 1975-'76 2nd ex.s. c 13 § 1; 1947 c 79 § .01.05; Rem. Supp. 1947 § 45.01.05.]

Effective date—2009 c 314: See RCW 48.64.900.

"Domestic," "foreign," "alien" insurers defined: RCW 48.05.010.

Merger, rehabilitation, liquidation situations—"Insurer" defined: RCW 48.31.020, 48.99.010.

"Reciprocal insurance, insurer" defined: RCW 48.10.010, 48.10.020.

Additional notes found at www.leg.wa.gov

48.01.053 "Issuer" defined. "Issuer" as used in this title and chapter 26.18 RCW means insurer, fraternal benefit society, certified health plan, health maintenance organization, and health care service contractor. [1995 c 34 § 1.]

48.01.060 "Insurance transaction" defined. "Insurance transaction" includes any:

- (1) Solicitation.
- (2) Negotiations preliminary to execution.
- (3) Execution of an insurance contract.
- (4) Transaction of matters subsequent to execution of the contract and arising out of it.
- (5) Insuring. [1947 c 79 § .01.06; Rem. Supp. 1947 § 45.01.06.]

(2012 Ed.)

48.01.070 "Person" defined. "Person" means any individual, company, insurer, association, organization, reciprocal or interinsurance exchange, partnership, business trust, or corporation. [1947 c 79 § .01.07; Rem. Supp. 1947 § 45.01.07.]

48.01.080 Penalties. Except as otherwise provided in this code, any person violating any provision of this code is guilty of a gross misdemeanor and will, upon conviction, be fined not less than ten dollars nor more than one thousand dollars, or imprisoned for not more than three hundred sixty-four days, or both, in addition to any other penalty or forfeiture provided herein or otherwise by law. [2011 c 96 § 37; 2003 c 250 § 1; 1947 c 79 § .01.08; Rem. Supp. 1947 § 45.01.08.]

Findings—Intent—2011 c 96: See note following RCW 9A.20.021.

Severability—2003 c 250: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [2003 c 250 § 15.]

48.01.090 Severability—1947 c 79. If any provision of this code or the application thereof to any circumstance is held invalid, the remainder of the code, or the application of the provision to other circumstances, is not affected thereby. [1947 c 79 § .01.09; Rem. Supp. 1947 § 45.01.09.]

48.01.100 Existing officers. Continuation by this code of any office existing under any act repealed herein preserves the tenure of the individual holding the office at the effective date of this code. [1947 c 79 § .01.10; Rem. Supp. 1947 § 45.01.10.]

48.01.110 Existing licenses. Every license or certificate of authority in force immediately prior to the effective date of this code and existing under any act herein repealed is valid until its original expiration date, unless earlier terminated in accordance with this code. [1947 c 79 § .01.11; Rem. Supp. 1947 § 45.01.11.]

48.01.120 Existing insurance forms. Every form of insurance document in use at the effective date of this code in accordance with the commissioner's approval pursuant to any act herein repealed, may continue to be so used unless the commissioner otherwise prescribes in accordance with this code. [1947 c 79 § .01.12; Rem. Supp. 1947 § 45.01.12.]

48.01.130 Existing actions, violations. No action or proceeding commenced, and no violation of law existing, under any act herein repealed is affected by the repeal, but all procedure hereafter taken in reference thereto shall conform to this code as far as possible. [1947 c 79 § .01.13; Rem. Supp. 1947 § 45.01.13.]

48.01.140 Headings. The meaning or scope of any provision is not affected by chapter, section, or paragraph headings. [1947 c 79 § .01.14; Rem. Supp. 1947 § 45.01.14.]

48.01.150 Particular provisions prevail. Provisions of this code relating to a particular kind of insurance or a particular type of insurer or to a particular matter prevail over provisions relating to insurance in general or insurers in general

or to such matter in general. [1947 c 79 § .01.15; Rem. Supp. 1947 § 45.01.15.]

48.01.160 Repealed acts not revived. Repeal by this code of any act shall not revive any law heretofore repealed or superseded. [1947 c 79 § .01.16; Rem. Supp. 1947 § 45.01.16.]

48.01.170 Effective date—1947 c 79. This code shall become effective on the first day of October, 1947. [1947 c 79 § .01.17; Rem. Supp. 1947 § 45.01.17.]

48.01.180 Adopted children—Insurance coverage.

(1) A child of an insured, subscriber, or enrollee shall be considered a dependent child for insurance purposes under this title upon assumption by the insured, subscriber, or enrollee of a legal obligation for total or partial support of a child in anticipation of adoption of the child. Upon the termination of such legal obligations, the child shall not be considered a dependent child for insurance purposes.

(2) Every policy or contract providing coverage for health benefits to a resident of this state shall provide coverage for dependent children placed for adoption under the same terms and conditions as apply to the natural, dependent children of the insured, subscriber, or enrollee whether or not the adoption has become final.

(3) No policy or contract may restrict coverage of any dependent child adopted by, or placed for adoption with, an insured, subscriber, or enrollee solely on the basis of a preexisting condition of the child at the time that the child would otherwise become eligible for coverage under the plan if the adoption or placement for adoption occurs while the insured, subscriber, or enrollee is eligible for coverage under the plan. [1995 c 34 § 4; 1986 c 140 § 1.]

Additional notes found at www.leg.wa.gov

48.01.190 Immunity from civil liability. (1) Any person who files reports, or furnishes other information, required under Title 48 RCW, required by the commissioner under authority granted by Title 48 RCW, useful to the commissioner in the administration of Title 48 RCW, or furnished to the National Association of Insurance Commissioners at the request of the commissioner or pursuant to Title 48 RCW, shall be immune from liability in any civil action or suit arising from the filing of any such report or furnishing such information to the commissioner or the National Association of Insurance Commissioners, unless actual malice, fraud, or bad faith is shown.

(2) The commissioner and the National Association of Insurance Commissioners, and the agents and employees of each, are immune from liability in any civil action or suit arising from the publication of any report or bulletin or dissemination of information related to the official activities of the commissioner or the National Association of Insurance Commissioners, unless actual malice, fraud, or bad faith is shown.

(3) Any licensee under chapter 48.17 RCW and any trade association of the licensees under chapter 48.15 RCW, and any officer, director, employee, agent, or committee of the licensee or association who furnishes information to or for the commissioner or to or for the association regarding unauthorised insurers or regarding attempts by any person to place

or actual placement by any person of business with the insurers, whether in compliance with chapter 48.15 RCW or not, shall be immune from each and every kind of liability in any civil action or suit arising in whole or in part from the information or from the furnishing of the information.

(4) The immunity granted by this section is in addition to any common law or statutory privilege or immunity enjoyed by such person, and nothing in this section is intended to abrogate or modify in any way such common law or statutory privilege or immunity. [1995 c 10 § 1; 1987 c 51 § 1.]

48.01.220 Mental health regional support networks—Limited exemption. The activities and operations of mental health regional support networks, to the extent they pertain to the operation of a medical assistance managed care system in accordance with chapters 71.24 and 74.09 RCW, are exempt from the requirements of this title. [1993 c 462 § 104.]

Additional notes found at www.leg.wa.gov

48.01.230 Eligibility for coverage or making payments may not be contingent on eligibility for medical assistance. An issuer and an employee welfare benefit plan, whether insured or self funded, as defined in the employee retirement income security act of 1974, 29 U.S.C. Sec. 1101 et seq. may not consider the availability of eligibility for medical assistance in this state under medical assistance, RCW 74.09.500, or any other state under 42 U.S.C. Sec. 1396a, section 1902 of the social security act, in considering eligibility for coverage or making payments under its plan for eligible enrollees, subscribers, policyholders, or certificate holders. [1995 c 34 § 2.]

48.01.235 Enrollment of a child under the health plan of the child's parent—Requirements—Restrictions.

(1) An issuer and an employee welfare benefit plan, whether insured or self funded, as defined in the employee retirement income security act of 1974, 29 U.S.C. Sec. 1101 et seq. may not deny enrollment of a child under the health plan of the child's parent on the grounds that:

(a) The child was born out of wedlock;

(b) The child is not claimed as a dependent on the parent's federal tax return; or

(c) The child does not reside with the parent or in the issuer's, or insured or self funded employee welfare benefit plan's service area.

(2) Where a child has health coverage through an issuer, or an insured or self funded employee welfare benefit plan of a noncustodial parent, the issuer, or insured or self funded employee welfare benefit plan, shall:

(a) Provide such information to the custodial parent as may be necessary for the child to obtain benefits through that coverage;

(b) Permit the provider or the custodial parent to submit claims for covered services without the approval of the noncustodial parent. If the provider submits the claim, the provider will obtain the custodial parent's assignment of insurance benefits or otherwise secure the custodial parent's approval.

For purposes of this subsection the health care authority as the state medicaid agency under RCW 74.09.500 may

reassign medical insurance rights to the provider for custodial parents whose children are eligible for services under RCW 74.09.500; and

(c) Make payments on claims submitted in accordance with (b) of this subsection directly to the custodial parent, to the provider, or to the health care authority as the state medicaid agency under RCW 74.09.500.

(3) Where a child does not reside in the issuer's service area, an issuer shall cover no less than urgent and emergent care. Where the issuer offers broader coverage, whether by policy or reciprocal agreement, the issuer shall provide such coverage to any child otherwise covered that does not reside in the issuer's service area.

(4) Where a parent is required by a court order to provide health coverage for a child, and the parent is eligible for family health coverage, the issuer, or insured or self funded employee welfare benefit plan, shall:

(a) Permit the parent to enroll, under the family coverage, a child who is otherwise eligible for the coverage without regard to any enrollment season restrictions;

(b) Enroll the child under family coverage upon application of the child's other parent, health care authority as the state medicaid agency under RCW 74.09.500, or child support enforcement program, if the parent is enrolled but fails to make application to obtain coverage for such child; and

(c) Not disenroll, or eliminate coverage of, such child who is otherwise eligible for the coverage unless the issuer or insured or self funded employee welfare benefit plan is provided satisfactory written evidence that:

(i) The court order is no longer in effect; or

(ii) The child is or will be enrolled in comparable health coverage through another issuer, or insured or self funded employee welfare benefit plan, which will take effect not later than the effective date of disenrollment.

(5) An issuer, or insured or self funded employee welfare benefit plan, that has been assigned the rights of an individual eligible for medical assistance under medicaid and coverage for health benefits from the issuer, or insured or self funded employee welfare benefit plan, may not impose requirements on the health care authority that are different from requirements applicable to an agent or assignee of any other individual so covered. [2011 1st sp.s. c 15 § 76; 2003 c 248 § 2; 1995 c 34 § 3.]

Effective date—Findings—Intent—Report—Agency transfer—References to head of health care authority—Draft legislation—2011 1st sp.s. c 15: See notes following RCW 74.09.010.

48.01.250 Assistance or services in exchange for dues, assessments, or periodic or lump-sum payments—Certificate of authority required—Certain travel or automobile services excepted—Violations. (1) Any person, firm, partnership, corporation, or association promising, in exchange for dues, assessments, or periodic or lump-sum payments, to furnish members or subscribers with assistance in matters relating to trip cancellation, bail bond service or any accident, sickness, or death insurance benefit program must:

(a) Have a certificate of authority, issued by the insurance commissioner, authorizing the person, firm, partnership, corporation, or association to sell that coverage in this state; or

(b) Purchase the service or insurance from a company that holds a certificate of authority, issued by the insurance commissioner, authorizing the company to sell that coverage in this state. If coverage cannot be procured from an authorized insurer holding a certificate of authority issued by the insurance commissioner, insurance may be procured from an unauthorized insurer subject to chapter 48.15 RCW.

(2) Travel or automobile related products or assistance including but not limited to community traffic safety service, travel and touring service, theft or reward service, map service, towing service, emergency road service, lockout or lost key service, reimbursement of emergency expenses due to a vehicle disabling accident, or legal fee reimbursement service in the defense of traffic offenses shall not be considered to be insurance for the purposes of Title 48 RCW.

(3) Violation of this section is subject to the enforcement provisions of RCW 48.02.080 and to the hearing and appeal provisions of chapter 48.04 RCW. [1998 c 303 § 1.]

48.01.260 Health benefit plans—Carriers—Clarification. (1) Except as required in RCW 48.21.045, 48.44.023, and 48.46.066, nothing in this title shall be construed to require a carrier, as defined in RCW 48.43.005, to offer any health benefit plan for sale.

(2) Nothing in this title shall prohibit a carrier as defined in RCW 48.43.005 from ceasing sale of any or all health benefit plans to new applicants if the closed plans are closed to all new applicants.

(3) This section is intended to clarify, and not modify, existing law. [2000 c 79 § 40.]

48.01.270 PACE programs—Exemption. The activities and operations of PACE programs, as defined in RCW 74.09.523 and as authorized under sections 1894, 1905(a), and 1934 of the social security act, when registered, certified, licensed, or otherwise recognized or designated as a PACE program by the Washington state department of social and health services, are exempt from the requirements of this title. [2001 c 191 § 3.]

Finding—Effective date—2001 c 191: See notes following RCW 74.09.523.

48.01.280 Private air ambulance service—Subscription service—Exempt when conditions are met. (1) A private air ambulance service that solicits membership subscriptions, accepts membership applications, charges membership fees, and provides air ambulance services, to subscription members and designated members of their household is not an insurer under RCW 48.01.050, a health carrier under chapter 48.43 RCW, a health care services contractor under chapter 48.44 RCW, or a health maintenance organization under chapter 48.46 RCW if the private air ambulance service:

(a) Is licensed in accordance with RCW 18.73.130;

(b) Attains and maintains accreditation by the commission on accreditation of medical transport services or another accrediting organization approved by the department of health as having equivalent requirements as the commission for aeromedical transport;

(c) Has been in operation in Washington for at least two years; and

(d) Has submitted evidence of its compliance with this section, the licensing requirements of RCW 18.73.130, and accreditation from the commission or another accrediting organization approved by the department of health as having equivalent requirements as the commission for aeromedical transport to the commissioner.

(2) A subscription service that solicits membership subscriptions, charges membership fees, and provides rescue, evacuation, emergency transport, and crisis management and consulting services related to an emergency while traveling more than one hundred miles away from home, to its members or designated members of a member's household is not an insurer under RCW 48.01.050, a health carrier under chapter 48.43 RCW, a health care services contractor under chapter 48.44 RCW, or a health maintenance organization under chapter 48.46 RCW. Rescue, evacuation, emergency transport, and crisis management and consulting services related to an emergency, include the following:

- (a) Providing rescue, evacuation, and emergency transport and crisis management services related to the emergency;
- (b) Locator services for medical and legal professionals;
- (c) Visa and passport services;
- (d) Emergency message services;
- (e) Emergency-related travel and emergency-related services and information;
- (f) Transport of human remains; and
- (g) Other services established by rule of the commissioner.

(3) A subscription service that provides rescue, evacuation, emergency transport, and crisis management and consulting services related to an emergency as described in subsection (2) of this section must satisfy, or contract with a service provider which satisfies, the licensing requirements, if any, of the jurisdiction in which the services are provided. The requirements of subsection (1) of this section must be satisfied when providing air ambulance services within the state of Washington.

(4) It is not required that a subscription service under subsection (1) or (2) of this section own the vehicles, planes, helicopters, other aircraft, maritime vessels, or other means of transportation that will be used to provide the contracted services. [2012 c 93 § 1; 2006 c 61 § 1.]

Commissioner to prepare annuity tables for calculation of reserve fund in cases of death or permanent disability under workers' compensation: RCW 51.44.070.

Public bodies may retain collection agencies to collect public debts—Fees: RCW 19.16.500.

Salary of insurance commissioner: RCW 43.03.010.

48.02.010 Insurance commissioner. (1) There shall be an insurance commissioner of this state who shall be elected at the time and in the manner that other state officers are elected.

(2) The commissioner in office at the effective date of this code shall continue in office for the remainder of the term for which he or she was elected and until his or her successor is duly elected and qualified.

(3) "Commissioner," where used in this code, means the insurance commissioner of this state. [2009 c 549 § 7001; 1947 c 79 § .02.01; Rem. Supp. 1947 § 45.02.01.]

48.02.020 Term of office. The term of office of the commissioner shall be four years, commencing on the Wednesday after the second Monday in January after his or her election. [2009 c 549 § 7002; 1947 c 79 § .02.02; Rem. Supp. 1947 § 45.02.02.]

48.02.030 Bond. Before entering upon his or her duties the commissioner shall execute a bond to the state in the sum of twenty-five thousand dollars, to be approved by the state treasurer and the attorney general, conditioned upon the faithful performance of the duties of his or her office. [2009 c 549 § 7003; 1947 c 79 § .02.03; Rem. Supp. 1947 § 45.02.03.]

48.02.050 Seal. The official seal of the commissioner shall be a vignette of George Washington, with the words "Insurance Commissioner, State of Washington" surrounding the vignette. [1947 c 79 § .02.05; Rem. Supp. 1947 § 45.02.05.]

48.02.060 General powers and duties—State of emergency. (1) The commissioner has the authority expressly conferred upon him or her by or reasonably implied from the provisions of this code.

(2) The commissioner must execute his or her duties and must enforce the provisions of this code.

(3) The commissioner may:

(a) Make reasonable rules for effectuating any provision of this code, except those relating to his or her election, qualifications, or compensation. Rules are not effective prior to their being filed for public inspection in the commissioner's office.

(b) Conduct investigations to determine whether any person has violated any provision of this code.

(c) Conduct examinations, investigations, hearings, in addition to those specifically provided for, useful and proper for the efficient administration of any provision of this code.

(4) When the governor proclaims a state of emergency under RCW 43.06.010(12), the commissioner may issue an order that addresses any or all of the following matters related to insurance policies issued in this state:

(a) Reporting requirements for claims;

(b) Grace periods for payment of insurance premiums and performance of other duties by insureds;

(c) Temporary postponement of cancellations and nonrenewals; and

(d) Medical coverage to ensure access to care.

(5) An order by the commissioner under subsection (4) of this section may remain effective for not more than sixty days unless the commissioner extends the termination date for the order for an additional period of not more than thirty days. The commissioner may extend the order if, in the commissioner's judgment, the circumstances warrant an extension. An order of the commissioner under subsection (4) of this section is not effective after the related state of emergency is terminated by proclamation of the governor under RCW 43.06.210. The order must specify, by line of insurance:

(a) The geographic areas in which the order applies, which must be within but may be less extensive than the geographic area specified in the governor's proclamation of a state of emergency and must be specific according to an appropriate means of delineation, such as the United States postal service zip codes or other appropriate means; and

(b) The date on which the order becomes effective and the date on which the order terminates.

(6) The commissioner may adopt rules that establish general criteria for orders issued under subsection (4) of this section and may adopt emergency rules applicable to a specific proclamation of a state of emergency by the governor.

(7) The rule-making authority set forth in subsection (6) of this section does not limit or affect the rule-making authority otherwise granted to the commissioner by law. [2010 c 27 § 1; 2009 c 335 § 1; 1947 c 79 § .02.06; Rem. Supp. 1947 § 45.02.06.]

48.02.062 Mental health services—Rules. The insurance commissioner may adopt rules to implement RCW 48.21.241, 48.44.341, and 48.46.291, except that the rules do not apply to health benefit plans administered or operated under chapter 41.05 or 70.47 RCW. [2005 c 6 § 10.]

Findings—Intent—Severability—2005 c 6: See notes following RCW 41.05.600.

48.02.065 Confidentiality of documents, materials, or other information—Public disclosure. (1) Documents, materials, or other information as described in either subsection (5) or (6), or both, of this section are confidential by law and privileged, are not subject to public disclosure under chapter 42.56 RCW, and are not subject to subpoena directed to the commissioner or any person who received documents, materials, or other information while acting under the authority of the commissioner. The commissioner is authorized to use such documents, materials, or other information in the furtherance of any regulatory or legal action brought as a part

(2012 Ed.)

of the commissioner's official duties. The confidentiality and privilege created by this section and *RCW 42.56.400(9) applies only to the commissioner, any person acting under the authority of the commissioner, the national association of insurance commissioners and its affiliates and subsidiaries, regulatory and law enforcement officials of other states and nations, the federal government, and international authorities.

(2) Neither the commissioner nor any person who received documents, materials, or other information while acting under the authority of the commissioner is permitted or required to testify in any private civil action concerning any confidential and privileged documents, materials, or information subject to subsection (1) of this section.

(3) The commissioner:

(a) May share documents, materials, or other information, including the confidential and privileged documents, materials, or information subject to subsection (1) of this section, with (i) the national association of insurance commissioners and its affiliates and subsidiaries, and (ii) regulatory and law enforcement officials of other states and nations, the federal government, and international authorities, if the recipient agrees to maintain the confidentiality and privileged status of the document, material, or other information;

(b) May receive documents, materials, or information, including otherwise either confidential or privileged, or both, documents, materials, or information, from (i) the national association of insurance commissioners and its affiliates and subsidiaries, and (ii) regulatory and law enforcement officials of other states and nations, the federal government, and international authorities and shall maintain as confidential and privileged any document, material, or information received that is either confidential or privileged, or both, under the laws of the jurisdiction that is the source of the document, material, or information; and

(c) May enter into agreements governing the sharing and use of information consistent with this subsection.

(4) No waiver of an existing privilege or claim of confidentiality in the documents, materials, or information may occur as a result of disclosure to the commissioner under this section or as a result of sharing as authorized in subsection (3) of this section.

(5) Documents, materials, or information, which is either confidential or privileged, or both, which has been provided to the commissioner by (a) the national association of insurance commissioners and its affiliates and subsidiaries, (b) regulatory or law enforcement officials of other states and nations, the federal government, or international authorities, or (c) agencies of this state, is confidential and privileged only if the documents, materials, or information is protected from disclosure by the applicable laws of the jurisdiction that is the source of the document, material, or information.

(6) Working papers, documents, materials, or information produced by, obtained by, or disclosed to the commissioner or any other person in the course of a financial or market conduct examination, or in the course of financial analysis or market conduct desk audit, are not required to be disclosed by the commissioner unless cited by the commissioner in connection with an agency action as defined in RCW 34.05.010(3). The commissioner shall notify a party that produced the documents, materials, or information five business days before disclosure in connection with an agency

action. The notified party may seek injunctive relief in any Washington state superior court to prevent disclosure of any documents, materials, or information it believes is confidential or privileged. In civil actions between private parties or in criminal actions, disclosure to the commissioner under this section does not create any privilege or claim of confidentiality or waive any existing privilege or claim of confidentiality.

(7)(a) After receipt of a public disclosure request, the commissioner shall disclose the documents, materials, or information under subsection (6) of this section that relate to a financial or market conduct examination undertaken as a result of a proposed change of control of a nonprofit or mutual health insurer governed in whole or in part by chapter 48.31B or 48.31C RCW.

(b) The commissioner is not required to disclose the documents, materials, or information in (a) of this subsection if:

(i) The documents, materials, or information are otherwise privileged or exempted from public disclosure; or

(ii) The commissioner finds that the public interest in disclosure of the documents, materials, or information is outweighed by the public interest in nondisclosure in that particular instance.

(8) Any person may petition a Washington state superior court to allow inspection of information exempt from public disclosure under subsection (6) of this section when the information is connected to allegations of negligence or malfeasance by the commissioner related to a financial or market conduct examination. The court shall conduct an in-camera review after notifying the commissioner and every party that produced the information. The court may order the commissioner to allow the petitioner to have access to the information provided the petitioner maintains the confidentiality of the information. The petitioner must not disclose the information to any other person, except upon further order of the court. After conducting a regular hearing, the court may order that the information can be disclosed publicly if the court finds that there is a public interest in the disclosure of the information and the exemption of the information from public disclosure is clearly unnecessary to protect any individual's right of privacy or any vital governmental function. [2007 c 126 § 1. Prior: 2005 c 274 § 309; 2005 c 126 § 1; 2001 c 57 § 1.]

***Reviser's note:** RCW 42.56.400 was amended by 2007 c 197 § 7, changing subsection (9) to subsection (8).

Part headings not law—Effective date—2005 c 274: See RCW 42.56.901 and 42.56.902.

48.02.080 Enforcement. (1) The commissioner may prosecute an action in any court of competent jurisdiction to enforce any order made by him or her pursuant to any provision of this code.

(2) If the commissioner has cause to believe that any person has violated any penal provision of this code or of other laws relating to insurance he or she shall certify the facts of the violation to the public prosecutor of the jurisdiction in which the offense was committed.

(3) If the commissioner has cause to believe that any person is violating or is about to violate any provision of this code or any regulation or order of the commissioner, he or she may:

(a) issue a cease and desist order; and/or

(b) bring an action in any court of competent jurisdiction to enjoin the person from continuing the violation or doing any action in furtherance thereof.

(4) The attorney general and the several prosecuting attorneys throughout the state shall prosecute or defend all proceedings brought pursuant to the provisions of this code when requested by the commissioner. [2009 c 549 § 7005; 1967 c 150 § 1; 1947 c 79 § .02.08; Rem. Supp. 1947 § 45.02.08.]

48.02.090 Deputies—Employees. (1) The commissioner may appoint a chief deputy commissioner, who shall have power to perform any act or duty conferred upon the commissioner. The chief deputy commissioner shall take and subscribe the same oath of office as the commissioner, which oath shall be endorsed upon the certificate of his or her appointment and filed in the office of the secretary of state.

(2) The commissioner may appoint additional deputy commissioners for such purposes as he or she may designate.

(3) The commissioner shall be responsible for the official acts of his or her deputies, and may revoke at will the appointment of any deputy.

(4) The commissioner may employ examiners, and such actuarial, technical, and administrative assistants and clerks as he or she may need for proper discharge of his or her duties.

(5) The commissioner, or any deputy or employee of the commissioner, shall not be interested, directly or indirectly, in any insurer except as a policyholder; except, that as to such matters wherein a conflict of interests does not exist on the part of any such person, the commissioner may employ insurance actuaries or other technicians who are independently practicing their professions even though such persons are similarly employed by insurers.

(6) The commissioner may require any deputy or employee to be bonded as he or she shall deem proper but not to exceed in amount the sum of twenty-five thousand dollars. The cost of any such bond shall be borne by the state. [2009 c 549 § 7006; 1949 c 190 § 1; 1947 c 79 § .02.09; Rem. Supp. 1949 § 45.02.09.]

48.02.093 Health care authority ombudsman—Retirees—Volunteer position. There is established, within the office of the insurance commissioner, the volunteer position of health care authority ombudsman to assist retirees enrolled in the public employees' benefits board program. The volunteer position shall be trained as part of the existing volunteer training provided to the statewide health insurance benefit advisors. The position shall help retirees with questions and concerns, assist the public employees' benefits board program with identification of retiree concerns, and maintain access to updated program information. [2012 c 150 § 1.]

48.02.100 Commissioner may delegate authority. Any power or duty vested in the commissioner by any provision of this code may be exercised or discharged by any deputy, assistant, examiner, or employee of the commissioner acting in his or her name and by his or her authority. [2009 c 549 § 7007; 1947 c 79 § .02.10; Rem. Supp. 1947 § 45.02.10.]

48.02.110 Office. The commissioner shall have an office at the state capital, and may maintain such offices elsewhere in this state as he or she may deem necessary. [2009 c 549 § 7008; 1947 c 79 § .02.11; Rem. Supp. 1947 § 45.02.11.]

48.02.120 Records—Public inspection. (1) The commissioner shall preserve in permanent form records of his or her proceedings, hearings, investigations, and examinations, and shall file such records in his or her office.

(2) The records of the commissioner and insurance filings in his or her office shall be open to public inspection, except as otherwise provided by this code.

(3) Except as provided in subsection (4) of this section, actuarial formulas, statistics, and assumptions submitted in support of a rate or form filing by an insurer, health care service contractor, or health maintenance organization or submitted to the commissioner upon his or her request shall be withheld from public inspection in order to preserve trade secrets or prevent unfair competition.

(4) For individual and small group health benefit plan rate filings submitted on or after July 1, 2011, subsection (3) of this section applies only to the numeric values of each small group rating factor used by a health carrier as authorized by RCW 48.21.045(3)(a), 48.44.023(3)(a), and 48.46.066(3)(a). Subsection (3) of this section may continue to apply for a period of one year from the date a new individual or small group product filing is submitted or until the next rate filing for the product, whichever occurs earlier, if the commissioner determines that the proposed rate filing is for a new product that is distinct and unique from any of the carrier's currently or previously offered health benefit plans. Carriers must make a written request for a product classification as a new product under this subsection and must receive subsequent written approval by the commissioner for this subsection to apply.

(5) Unless the commissioner has determined that a filing is for a new product pursuant to subsection (4) of this section, for all individual or small group health benefit rate filings submitted on or after July 1, 2011, the health carrier must submit part I rate increase summary and part II written explanation of the rate increase as set forth by the department of health and human services at the time of filing, and the commissioner must:

(a) Make each filing and the part I rate increase summary and part II written explanation of the rate increase available for public inspection on the tenth calendar day after the commissioner determines that the rate filing is complete and accepts the filing for review through the electronic rate and form filing system; and

(b) Prepare a standardized rate summary form, to explain his or her findings after the rate review process is completed. The commissioner's summary form must be included as part of the rate filing documentation and available to the public electronically. [2011 c 312 § 1; 1985 c 264 § 2; 1979 ex.s. c 130 § 1; 1947 c 79 § .02.12; Rem. Supp. 1947 § 45.02.12.]

48.02.122 Filings or actions affecting corporate or company name—Notice to secretary of state. Whenever any documents are filed with the insurance commissioner which affect a corporate or company name, the insurance

commissioner shall immediately notify the secretary of state of the filing. If any other action is taken by the insurance commissioner which affects a corporate or company name, the insurance commissioner shall immediately notify the secretary of state of the action. The insurance commissioner shall cooperate with the secretary of state to ascertain that there is no duplication of corporate or company names. [1998 c 23 § 19.]

48.02.130 Certificates—Copies—Evidentiary effect.

(1) Any certificate or license issued by the commissioner shall bear the seal of his or her office.

(2) Copies of records or documents in his or her office certified to by the commissioner shall be received as evidence in all courts in the same manner and to the same effect as if they were the originals.

(3) When required for evidence in court, the commissioner shall furnish his or her certificate as to the authority of an insurer or other licensee in this state on any particular date, and the court shall receive the certificate in lieu of the commissioner's testimony. [2009 c 549 § 7009; 1947 c 79 § .02.13; Rem. Supp. 1947 § 45.02.13.]

48.02.140 Interstate cooperation. (1) The commissioner shall to the extent he or she deems useful for the proper discharge of his or her responsibilities under the provisions of this code:

(a) Consult and cooperate with the public officials having supervision over insurance in other states.

(b) Share jointly with other states in the employment of actuaries, statisticians, and other insurance technicians whose services or the products thereof are made available and are useful to the participating states and to the commissioner.

(c) Share jointly with other states in establishing and maintaining offices and clerical facilities for purposes useful to the participating states and to the commissioner.

(2) All arrangements made jointly with other states under items (b) and (c) of subsection (1) of this section shall be in writing executed on behalf of this state by the commissioner. Any such arrangement, as to participation of this state therein, shall be subject to termination by the commissioner at any time upon reasonable notice.

(3) For the purposes of this code "National Association of Insurance Commissioners" means that voluntary organization of the public officials having supervision of insurance in the respective states, districts, and territories of the United States, whatever other name such organization may hereafter adopt, and in the affairs of which each of such public officials is entitled to participate subject to the constitution and bylaws of such organization. [2009 c 549 § 7010; 1947 c 79 § .02.14; Rem. Supp. 1947 § 45.02.14.]

48.02.150 Supplies. The commissioner must purchase at the expense of the state, and in the manner provided by law, printing, books, reports, furniture, equipment, and supplies as he or she deems necessary to the proper discharge of his or her duties under this code. [2011 c 47 § 2; 2009 c 549 § 7011; 1947 c 79 § .02.15; Rem. Supp. 1947 § 45.02.15.]

48.02.160 Special duties. The commissioner shall:

(1) Obtain and publish for the use of courts and appraisers throughout the state, tables showing the average expectancy of life and values of annuities and of life and term estates.

(2) Disseminate information concerning the insurance laws of this state.

(3) Provide assistance to members of the public in obtaining information about insurance products and in resolving complaints involving insurers and other licensees. [1988 c 248 § 1; 1947 c 79 § .02.16; Rem. Supp. 1947 § 45.02.16.]

48.02.170 Annual report. The commissioner shall, as soon as accurate preparation enables, prepare a report of his or her official transactions during the preceding fiscal year, containing information relative to insurance as the commissioner deems proper. [2009 c 549 § 7012; 1987 c 505 § 53; 1977 c 75 § 69; 1947 c 79 § .02.17; Rem. Supp. 1947 § 45.02.17.]

48.02.180 Publication of insurance code and related statutes, manuals, etc.—Distribution—Sale. (1) The commissioner may periodically prepare and publish:

(a) Title 48 RCW, Title 284 WAC, insurance bulletins and technical assistance advisories, and other laws, rules, or regulations relevant to the regulation of insurance;

(b) Manuals and other material relating to examinations for licensure; and

(c) Any other publications authorized under Title 48 RCW.

(2) The commissioner may provide copies of the publications referred to in subsection (1)(a) of this section free of charge to:

(a) Public offices and officers in this state;

(b) Public officials of other states and jurisdictions that regulate insurance;

(c) The library of congress; and

(d) Officers of the armed forces of the United States of America located at military installations in this state who are concerned with insurance transactions at or involving the military installations.

(3) Except as provided in subsection (2) of this section, the commissioner shall sell the publications referred to in subsection (1) of this section. The commissioner may charge a reasonable price that is not less than the cost of publication, handling, and distribution. The commissioner shall promptly deposit all funds received under this subsection with the state treasurer to the credit of the insurance commissioner's regulatory account. For appropriation purposes, the funds received and deposited by the commissioner are a recovery of a previous expenditure. [2005 c 223 § 1; 1981 c 339 § 1; 1977 c 75 § 70; 1959 c 225 § 1.]

48.02.190 Operating costs of office—Insurance commissioner's regulatory account—Regulatory surcharge.

(1) As used in this section:

(a) "Organization" means every insurer, as defined in RCW 48.01.050, having a certificate of authority to do business in this state, every health care service contractor, as defined in RCW 48.44.010, every health maintenance organization, as defined in RCW 48.46.020, or self-funded multiple

employer welfare arrangement, as defined in RCW 48.125.010, registered to do business in this state. "Class one" organizations consist of all insurers as defined in RCW 48.01.050. "Class two" organizations consist of all organizations registered under provisions of chapters 48.44 and 48.46 RCW. "Class three" organizations consist of self-funded multiple employer welfare arrangements as defined in RCW 48.125.010.

(b)(i) "Receipts" means (A) net direct premiums consisting of direct gross premiums, as defined in RCW 48.18.170, paid for insurance written or renewed upon risks or property resident, situated, or to be performed in this state, less return premiums and premiums on policies not taken, dividends paid or credited to policyholders on direct business, and premiums received from policies or contracts issued in connection with qualified plans as defined in RCW 48.14.021, and (B) prepayments to health care service contractors, as defined in RCW 48.44.010, health maintenance organizations, as defined in RCW 48.46.020, or participant contributions to self-funded multiple employer welfare arrangements, as defined in RCW 48.125.010, less experience rating credits, dividends, prepayments returned to subscribers, and payments for contracts not taken.

(ii) Participant contributions, under chapter 48.125 RCW, used to determine the receipts in this state under this section are determined in the same manner as premiums taxable in this state are determined under RCW 48.14.090.

(c) "Regulatory surcharge" means the fees imposed by this section.

(2) The annual cost of operating the office of insurance commissioner is determined by legislative appropriation. A pro rata share of the cost is charged to all organizations as a regulatory surcharge. Each class of organization must contribute a sufficient amount to the insurance commissioner's regulatory account to pay the reasonable costs, including overhead, of regulating that class of organization.

(3) The regulatory surcharge is calculated separately for each class of organization. The regulatory surcharge collected from each organization is that portion of the cost of operating the insurance commissioner's office, for that class of organization, for the ensuing fiscal year that is represented by the organization's portion of the receipts collected or received by all organizations within that class on business in this state during the previous calendar year. However, the regulatory surcharge must not exceed one-eighth of one percent of receipts and the minimum regulatory surcharge is one thousand dollars.

(4) The commissioner must annually, on or before July 1st, calculate and bill each organization for the amount of the regulatory surcharge. The regulatory surcharge is due and payable no later than July 15th of each year. However, if the necessary financial records are not available or if the amount of the legislative appropriation is not determined in time to carry out such calculations and bill such regulatory surcharge within the time specified, the commissioner may use the regulatory surcharge factors for the prior year as the basis for the regulatory surcharge and, if necessary, the commissioner may impose supplemental fees to fully and properly charge the organizations. Any organization failing to pay the regulatory surcharges by July 31st must pay the same penalties as the penalties for failure to pay taxes when due under RCW

48.14.060. The regulatory surcharge required by this section is in addition to all other taxes and fees now imposed or that may be subsequently imposed.

(5) All moneys collected must be deposited in the insurance commissioner's regulatory account in the state treasury which is hereby created.

(6) Unexpended funds in the insurance commissioner's regulatory account at the close of a fiscal year are carried forward in the insurance commissioner's regulatory account to the succeeding fiscal year and are used to reduce future regulatory surcharges.

(7)(a) Each insurer may annually collect regulatory surcharges remitted in preceding years by means of a policyholder surcharge on premiums charged for all kinds of insurance. The recoupment is at a uniform rate reasonably calculated to collect the regulatory surcharge remitted by the insurer.

(b) If an insurer fails to collect the entire amount of the recoupment in the first year under this section, it may repeat the recoupment procedure provided for in this subsection (7) in succeeding years until the regulatory surcharge is fully collected or a de minimis amount remains uncollected. Any such de minimis amount may be collected as provided in (d) of this subsection.

(c) The amount and nature of any recoupment must be separately stated on either a billing or policy declaration sent to an insured. The amount of the recoupment must not be considered a premium for any purpose, including the premium tax or agents' commissions.

(d) An insurer may elect not to collect the regulatory surcharge from its insured. In such a case, the insurer may recoup the regulatory surcharge through its rates, if the following requirements are met:

(i) The insurer remits the amount of surcharge not collected by election under this subsection; and

(ii) The surcharge is not considered a premium for any purpose, including the premium tax or agents' commission. [2011 c 47 § 3; 2009 c 161 § 1; 2008 c 328 § 6003. Prior: 2007 c 468 § 1; 2007 c 153 § 3; 2004 c 260 § 22; 2003 1st sp.s. c 25 § 923; 2002 c 371 § 913; 1987 c 505 § 54; 1986 c 296 § 7.]

48.02.200 When legal process against a person is served on the commission. (1) Legal process against a person (a) for whom the commissioner has been appointed attorney for service of process, or (b) who may be served by service of process upon the commissioner, must be served upon the commissioner either by a person competent to serve a summons or by registered mail. At the time of service, the plaintiff must pay to the commissioner ten dollars, taxable as costs in the action.

(2012 Ed.)

(2) As soon as practicable, the commissioner must send or make available a copy of the process to the person on whose behalf he or she has been served by mail, electronic means, or other means reasonably calculated to give notice. The copy must be sent or made available in a manner that is secure and with a receipt that is verifiable.

(3) The commissioner must keep a record of the day and hour of service upon him or her of all legal process.

(4) Proceedings must not be had against the person, and the person must not be required to appear, plead, or answer until the expiration of forty days after the date of service upon the commissioner.

(5) The commissioner may adopt rules to implement this section. [2010 c 18 § 5.]

Effective date—2010 c 18: See note following RCW 48.15.070.

48.02.210 School district health insurance benefits—Annual report. (1) For purposes of this section, "benefit provider" has the same meaning as provided in RCW 28A.400.270.

(2)(a) By December 1, 2013, and December 1st of each year thereafter, the commissioner shall submit a report to the governor, the health care authority, and the legislature on school district health insurance benefits. The report shall be available to the public on the commissioner's web site. The confidentiality of personally identifiable district employee data shall be safeguarded consistent with the provisions of RCW 42.56.400(21).

(b) The report shall include a summary of each school district's health insurance benefit plans and each district's aggregated financial data and other information as required in RCW 28A.400.275.

(3) The commissioner shall collect data from school districts or their benefit providers to fulfill the requirements of this section. The commissioner may adopt rules necessary to implement the data submission requirements under this section and RCW 28A.400.275, including, but not limited to, the format, timing of data reporting, data elements, data standards, instructions, definitions, and data sources.

(4) In fulfilling the duties under chapter 3, Laws of 2012 2nd sp. sess., the commissioner shall consult with school district representatives to ensure that the data and reports from benefit providers will give individual school districts sufficient information to enhance districts' ability to understand, manage, and seek competitive alternatives for health insurance coverage for their employees.

(5) If the commissioner determines that a school district has not substantially complied with the reporting requirements of RCW 28A.400.275, and the failure is due to the action or inaction of the school district, the commissioner will inform the superintendent of public instruction of the noncompliance.

(6) Data, information, and documents, other than those described in subsection (2) of this section, that are provided by a school district or an entity providing coverage pursuant to this section are exempt from public inspection and copying under chapter 3, Laws of 2012 2nd sp. sess. and chapters 42.17A and 42.56 RCW.

(7) If a school district or benefit provider does not comply with the data reporting requirements of this section or RCW 28A.400.275, and the failure is due to the actions of an

entity providing coverage authorized under Title 48 RCW, the commissioner may take enforcement actions under this chapter.

(8) The commissioner may enter into one or more personal services contracts with third-party contractors to provide services necessary to accomplish the commissioner's responsibilities under chapter 3, Laws of 2012 2nd sp. sess. [2012 2nd sp.s. c 3 § 5.]

48.03.005 Application. This chapter applies to the financial analysis and examination of insurers and other regulated entities. [2007 c 82 § 1.]

48.03.010 Examination of insurers, bureaus. (1) The commissioner shall examine the affairs, transactions, accounts, records, documents, and assets of each authorized insurer as often as he or she deems advisable. The commissioner shall so examine each insurer holding a certificate of authority or certificate of registration not less frequently than every five years. Examination of an alien insurer may be limited to its insurance transactions in the United States. In scheduling and determining the nature, scope, and frequency of an examination, the commissioner shall consider such matters as the results of financial statement analyses and ratios, changes in management or ownership, actuarial opinions, reports of independent certified public accountants, and other criteria as set forth in the examiner's handbook adopted by the National Association of Insurance Commissioners and in effect when the commissioner exercises discretion under this section.

(2) As often as the commissioner deems advisable and at least once in five years, the commissioner shall fully examine each rating organization and examining bureau licensed in this state. As often as he or she deems it advisable the commissioner may examine each advisory organization and each joint underwriting or joint reinsurance group, association, or organization.

(3) The commissioner shall in like manner examine each insurer or rating organization applying for authority to do business in this state.

(4) In lieu of making an examination under this chapter, the commissioner may accept a full report of the last recent examination of a nondomestic rating or advisory organiza-

tion, or joint underwriting or joint reinsurance group, association or organization, as prepared by the insurance supervisory official of the state of domicile or of entry. In lieu of an examination under this chapter of a foreign or alien insurer licensed in this state, the commissioner may accept an examination report on the company as prepared by the insurance department for the company's state of domicile or port-of-entry state until January 1, 1994. Thereafter, an examination report may be accepted only if: (a) That insurance department was at the time of the examination accredited under the National Association of Insurance Commissioners' financial regulation standards and accreditation program; or (b) the examination was performed either under the supervision of an accredited insurance department or with the participation of one or more examiners employed by an accredited state insurance department who, after a review of the examination work papers and report, state under oath that the examination was performed in a manner consistent with the standards and procedures required by their insurance department.

(5) The commissioner may elect to accept and rely on an audit report made by an independent certified public accountant for the insurer in the course of that part of the commissioner's examination covering the same general subject matter as the audit. The commissioner may incorporate the audit report in his or her report of the examination.

(6) For the purposes of completing an examination of any company under this chapter, the commissioner may examine or investigate any managing general agent or any other person, or the business of any managing general agent or other person, insofar as that examination or investigation is, in the sole discretion of the commissioner, necessary or material to the examination of the company. [1993 c 462 § 43; 1982 c 181 § 1; 1979 c 139 § 1; 1947 c 79 § .03.01; Rem. Supp. 1947 § 45.03.01.]

48.03.020 Examination of producers, surplus line brokers, adjusters, title insurance agents, managers, or promoters. For the purpose of ascertaining its condition, or compliance with this code, the commissioner may as often as he or she deems advisable examine the accounts, records, documents, and transactions of:

(1) Any insurance producer, surplus line broker, adjuster, or title insurance agent.

(2) Any person having a contract under which he or she enjoys in fact the exclusive or dominant right to manage or control a stock or mutual insurer.

(3) Any person holding the shares of capital stock or policyholder proxies of a domestic insurer for the purpose of control of its management either as voting trustee or otherwise.

(4) Any person engaged in or proposing to be engaged in or assisting in the promotion or formation of a domestic insurer, or an insurance holding corporation, or a stock corporation to finance a domestic mutual insurer or the production of its business, or a corporation to be attorney-in-fact for a domestic reciprocal insurer. [2009 c 162 § 1; 2008 c 217 § 1; 1947 c 79 § .03.02; Rem. Supp. 1947 § 45.03.02.]

Effective date—2009 c 162: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state gov-

ernment and its existing public institutions, and takes effect July 1, 2009." [2009 c 162 § 36.]

Severability—2008 c 217: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [2008 c 217 § 101.]

Effective date—2008 c 217: "This act takes effect July 1, 2009." [2008 c 217 § 102.]

48.03.025 Examiners—Scope of examination—Examiners' handbook. Upon determining that an examination should be conducted, the commissioner or the commissioner's designee shall appoint one or more examiners to perform the examination and instruct them as to the scope of the examination. In conducting the examination, the examiner shall observe those guidelines and procedures set forth in the examiners' handbook adopted by the National Association of Insurance Commissioners. The commissioner may also employ such other guidelines or procedures as the commissioner may deem appropriate. [1993 c 462 § 44.]

Additional notes found at www.leg.wa.gov

48.03.030 Access to records on examination—Correction of accounts. (1) Every person being examined, its officers, employees, and representatives shall produce and make freely accessible to the commissioner the accounts, records, documents, and files in his or her possession or control relating to the subject of the examination, and shall otherwise facilitate the examination.

(2) If the commissioner finds the accounts to be inadequate, or improperly kept or posted, he or she may employ experts to rewrite, post or balance them at the expense of the person being examined. [2009 c 549 § 7013; 1947 c 79 § .03.03; Rem. Supp. 1947 § 45.03.03.]

48.03.040 Examination reports—Consideration by commissioner—Orders—Confidentiality. (1) No later than sixty days after completion of each examination, the commissioner shall make a full written report of each examination made by him or her containing only facts ascertained from the accounts, records, and documents examined and from the sworn testimony of individuals, and such conclusions and recommendations as may reasonably be warranted from such facts.

(2) The report shall be certified by the commissioner or by his or her examiner in charge of the examination, and shall be filed in the commissioner's office subject to subsection (3) of this section.

(3) The commissioner shall furnish a copy of the examination report to the person examined not less than ten days and, unless the time is extended by the commissioner, not more than thirty days prior to the filing of the report for public inspection in the commissioner's office. If such person so requests in writing within such period, the commissioner shall hold a hearing to consider objections of such person to the report as proposed, and shall not so file the report until after such hearing and until after any modifications in the report deemed necessary by the commissioner have been made.

(4) Within thirty days of the end of the period described in subsection (3) of this section, unless extended by order of the commissioner, the commissioner shall consider the

report, together with any written submissions or rebuttals and any relevant portions of the examiner's workpapers and enter an order:

(a) Adopting the examination report as filed or with modification or corrections. If the examination report reveals that the company is operating in violation of any law, rule, or order of the commissioner, the commissioner may order the company to take any action the commissioner considers necessary and appropriate to cure that violation;

(b) Rejecting the examination report with directions to the examiners to reopen the examination for purposes of obtaining additional data, documentation, or information, and refiling under this section; or

(c) Calling for an investigatory hearing with no less than twenty days' notice to the company for purposes of obtaining additional documentation, data, information, and testimony.

(5) All orders entered under subsection (4) of this section must be accompanied by findings and conclusions resulting from the commissioner's consideration and review of the examination report, relevant examiner workpapers, and any written submissions or rebuttals. Such an order is considered a final administrative decision and may be appealed under the Administrative Procedure Act, chapter 34.05 RCW, and must be served upon the company by certified mail or certifiable electronic means, together with a copy of the adopted examination report. A copy of the adopted examination report must be sent by certified mail or certifiable electronic means to each director at the director's residence address or to a personal e-mail account.

(6)(a) Upon the adoption of the examination report under subsection (4) of this section, the commissioner shall continue to hold the content of the examination report as private and confidential information for a period of five days except that the order may be disclosed to the person examined. Thereafter, the commissioner may open the report for public inspection so long as no court of competent jurisdiction has stayed its publication.

(b) Nothing in this title prohibits the commissioner from disclosing the content of an examination report, preliminary examination report or results, or any matter relating thereto, to the insurance department of any other state or country, or to law enforcement officials of this or any other state or agency of the federal government at any time, so long as the agency or office receiving the report or matters relating thereto agrees in writing to hold it confidential and in a manner consistent with this chapter.

(c) If the commissioner determines that regulatory action is appropriate as a result of any examination, he or she may initiate any proceedings or actions as provided by law.

(d) Nothing contained in this section requires the commissioner to disclose any information or records that would indicate or show the existence or content of any investigation or activity of a criminal justice agency. [2008 c 100 § 1; 1993 c 462 § 45; 1965 ex.s. c 70 § 1; 1947 c 79 § .03.04; Rem. Supp. 1947 § 45.03.04.]

48.03.050 Reports withheld. The commissioner may withhold from public inspection any examination or investigation report for so long as he or she deems it advisable, sub-

ject to RCW 48.32.080. [1993 c 462 § 46; 1947 c 79 § .03.05; Rem. Supp. 1947 § 45.03.05.]

48.03.060 Examination expense. (1) Examinations within this state of any insurer or self-funded multiple employer welfare arrangement as defined in RCW 48.125.010 domiciled or having its home offices in this state, other than a title insurer, made by the commissioner or the commissioner's examiners and employees must, except as to fees, mileage, and expense incurred as to witnesses, be at the expense of the state.

(2) Every other examination, whatsoever, or any part of the examination of any person domiciled or having its home offices in this state requiring travel and services outside this state, must be made by the commissioner or by examiners designated by the commissioner and must be at the expense of the person examined; but a domestic insurer must not be liable for the compensation of examiners employed by the commissioner for such services outside this state.

(3) When making an examination under this chapter, the commissioner may retain attorneys, appraisers, independent actuaries, independent certified public accountants, or other professionals and specialists as examiners, the cost of which must be borne by the person who is the subject of the examination, except as provided in subsection (1) of this section.

(4) The person examined and liable must reimburse the state upon presentation of an itemized statement for the actual travel expenses of the commissioner's examiners, their reasonable living expense allowance, and their per diem compensation, including salary and the employer's cost of employee benefits, at a reasonable rate approved by the commissioner, incurred on account of the examination. Per diem salary and expenses for employees examining insurers domiciled outside the state of Washington must be established by the commissioner on the basis of the national association of insurance commissioner's recommended salary and expense schedule for zone examiners, or the salary schedule established by the state director of personnel, and the expense schedule established by the office of financial management, whichever is higher. A domestic title insurer must pay the examination expense and costs to the commissioner as itemized and billed by the commissioner.

The commissioner or the commissioner's examiners must not receive or accept any additional emolument on account of any examination.

(5) Nothing contained in this chapter limits the commissioner's authority to terminate or suspend any examination in order to pursue other legal or regulatory action under the insurance laws of this state. Findings of fact and conclusions made pursuant to any examination are prima facie evidence in any legal or regulatory action. [2011 c 47 § 4; 2004 c 260 § 23; 1995 c 152 § 2. Prior: 1993 c 462 § 47; 1993 c 281 § 55; 1981 c 339 § 2; 1979 ex.s. c 35 § 1; 1947 c 79 § .03.06; Rem. Supp. 1947 § 45.03.06.]

Severability—Effective date—2004 c 260: See RCW 48.125.900 and 48.125.901.

Intent—1995 c 152: "The only intent of the legislature in chapter 152, Laws of 1995 is to correct double amendments. It is not the intent of the legislature to change the substance or effect of any statute previously enacted." [1995 c 152 § 1.]

Additional notes found at www.leg.wa.gov

48.03.065 Appointments by commissioner—Examiners—Exceptions. (1) No examiner may be appointed by the commissioner if the examiner, either directly or indirectly, has a conflict of interest or is affiliated with the management of or owns a pecuniary interest in a person subject to examination under this chapter. This section does not automatically preclude an examiner from being:

(a) A policyholder or claimant under an insurance policy;

(b) A grantor of a mortgage or similar instrument on the examiner's residence to a regulated entity if done under customary terms and in the ordinary course of business;

(c) An investment owner in shares of regulated diversified investment companies; or

(d) A settlor or beneficiary of a blind trust into which any otherwise impermissible holdings have been placed.

(2) Notwithstanding the requirements of subsection (1) of this section, the commissioner may retain from time to time, on an individual basis, qualified actuaries, certified public accountants, or other similar individuals who are independently practicing their professions, even though those persons may from time to time be similarly employed or retained by persons subject to examination under this chapter. [1993 c 462 § 48.]

Additional notes found at www.leg.wa.gov

48.03.070 Witnesses—Subpoenas—Depositions—Oaths. (1) The commissioner may take depositions, may subpoena witnesses or documentary evidence, administer oaths, and examine under oath any individual relative to the affairs of any person being examined, or relative to the subject of any hearing or investigation: PROVIDED, That the provisions of RCW 34.05.446 shall apply in lieu of the provisions of this section as to subpoenas relative to hearings in rule-making and adjudicative proceedings.

(2) The subpoena shall be effective if served within the state of Washington and shall be served in the same manner as if issued from a court of record.

(3) Witness fees and mileage, if claimed, shall be allowed the same as for testimony in a court of record. Witness fees, mileage, and the actual expense necessarily incurred in securing attendance of witnesses and their testimony shall be itemized, and shall be paid by the person to whom the examination is being made, or by the person if other than the commissioner, at whose request the hearing is held.

(4) Enforcement of subpoenas shall be in accord with RCW 34.05.588. [1989 c 175 § 112; 1967 c 237 § 15; 1963 c 195 § 1; 1949 c 190 § 2; 1947 c 79 § .03.07; Rem. Supp. 1949 § 45.03.07.]

Additional notes found at www.leg.wa.gov

48.03.075 Legal protection for commissioner, authorized representatives, and examiners—Good faith—Attorneys' fees—Payment by commissioner. (1) No cause of action may arise nor may any liability be imposed against the commissioner, the commissioner's authorized representatives, or an examiner appointed by the commissioner for

statements made or conduct performed in good faith while carrying out this chapter.

(2) No cause of action may arise nor may any liability be imposed against any person for the act of communicating or delivering information or data to the commissioner or the commissioner's authorized representative or examiner pursuant to an examination made under this chapter, if that act of communication or delivery was performed in good faith and without fraudulent intent or the intent to deceive.

(3) This section does not modify a privilege or immunity previously enjoyed by a person identified in subsection (1) of this section.

(4) A person identified in subsection (1) of this section is entitled to an award of attorneys' fees and costs if he or she is the prevailing party in a civil cause of action for libel, slander, or any other tort arising out of activities in carrying out this chapter and the party bringing the action was not substantially justified in doing so. For purposes of this section a proceeding is "substantially justified" if it had a reasonable basis in law or fact at the time that it was initiated.

(5) If a claim is made or threatened of the sort described in subsection (1) of this section, the commissioner shall provide or pay for the defense of himself or herself, the examiner or representative, and shall pay a judgment or settlement, until it is determined that the person did not act in good faith or did act with fraudulent intent or the intent to deceive.

(6) The immunity, indemnification, and other protections under this section are in addition to those now or hereafter existing under other law. [1993 c 462 § 49.]

48.04.010 Hearings—Waiver—Administrative law judge. (1) The commissioner may hold a hearing for any purpose within the scope of this code as he or she may deem necessary. The commissioner shall hold a hearing:

(a) If required by any provision of this code; or

(b) Except under RCW 48.13.475, upon written demand for a hearing made by any person aggrieved by any act, threatened act, or failure of the commissioner to act, if such failure is deemed an act under any provision of this code, or by any report, promulgation, or order of the commissioner other than an order on a hearing of which such person was given actual notice or at which such person appeared as a party, or order pursuant to the order on such hearing.

(2) Any such demand for a hearing shall specify in what respects such person is so aggrieved and the grounds to be relied upon as basis for the relief to be demanded at the hearing.

(3) Unless a person aggrieved by a written order of the commissioner demands a hearing thereon within ninety days

(2012 Ed.)

after receiving notice of such order, or in the case of a licensee under Title 48 RCW within ninety days after the commissioner has mailed the order to the licensee at the most recent address shown in the commissioner's licensing records for the licensee, the right to such hearing shall conclusively be deemed to have been waived.

(4) If a hearing is demanded by a licensee whose license has been temporarily suspended pursuant to RCW 48.17.540, the commissioner shall hold such hearing demanded within thirty days after receipt of the demand or within thirty days of the effective date of a temporary license suspension issued after such demand, unless postponed by mutual consent.

(5) A licensee under this title may request that a hearing authorized under this section be presided over by an administrative law judge assigned under chapter 34.12 RCW. Any such request shall not be denied.

(6) Any hearing held relating to RCW 48.20.025, 48.44.017, or 48.46.062 shall be presided over by an administrative law judge assigned under chapter 34.12 RCW. [2000 c 221 § 8; 2000 c 79 § 1; 1990 1st ex.s. c 3 § 1; 1988 c 248 § 2; 1967 c 237 § 16; 1963 c 195 § 2; 1947 c 79 § .04.01; Rem. Supp. 1947 § 45.04.01.]

Reviser's note: This section was amended by 2000 c 79 § 1 and by 2000 c 221 § 8, each without reference to the other. Both amendments are incorporated in the publication of this section under RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

48.04.020 Stay of action. (1) Such demand for a hearing received by the commissioner prior to the effective date of action taken or proposed to be taken by him or her shall stay such action pending the hearing, except as to action taken or proposed

(a) under an order on hearing, or

(b) under an order pursuant to an order on hearing, or

(c) under an order to make good an impairment of the assets of an insurer, or

(d) under an order of temporary suspension of license issued pursuant to RCW 48.17.540 as now or hereafter amended.

(2) In any case where an automatic stay is not provided for, and if the commissioner after written request therefor fails to grant a stay, the person aggrieved thereby may apply to the superior court for Thurston county for a stay of the commissioner's action.

(3) A stay of action is not available for actions taken by the commissioner under RCW 48.13.475. [2000 c 221 § 9; 1982 c 181 § 2; 1949 c 190 § 3; 1947 c 79 § .04.02; Rem. Supp. 1949 § 45.04.02.]

48.04.030 Place of hearing. The hearing shall be held at the place designated by the commissioner, and at his or her discretion it may be open to the public. [2009 c 549 § 7014; 1947 c 79 § .04.03; Rem. Supp. 1947 § 45.04.03.]

48.04.050 Show cause notice. If any person is entitled to a hearing by any provision of this code before any proposed action is taken, the notice of the proposed action may be in the form of a notice to show cause stating that the proposed action may be taken unless such person shows cause at

a hearing to be held as specified in the notice, why the proposed action should not be taken, and stating the basis of the proposed action. [1947 c 79 § .04.05; Rem. Supp. 1947 § 45.04.05.]

48.04.060 Adjourned hearings. The commissioner may adjourn any hearing from time to time and from place to place without other notice of the adjourned hearing than announcement thereof at the hearing. [1947 c 79 § .04.06; Rem. Supp. 1947 § 45.04.06.]

48.04.070 Nonattendance, effect of. The validity of any hearing held in accordance with the notice thereof shall not be affected by failure of any person to attend or to remain in attendance. [1947 c 79 § .04.07; Rem. Supp. 1947 § 45.04.07.]

48.04.140 Stay of action on appeal. (1) The taking of an appeal shall not stay any action taken or proposed to be taken by the commissioner under the order appealed from unless a stay is granted by the court at a hearing held as part of the proceedings on appeal.

(2) A stay shall not be granted by the court in any case where the granting of a stay would tend to injure the public interest. In granting a stay, the court may require of the person taking the appeal such security or other conditions as it deems proper. [1988 c 248 § 3; 1947 c 79 § .04.14; Rem. Supp. 1947 § 45.04.14.]

48.05.010 "Domestic," "foreign," "alien" insurers defined. (1) A "domestic" insurer is one formed under the laws of this state.

(2) A "foreign" insurer is one formed under the laws of the United States, of a state or territory of the United States other than this state, or of the District of Columbia.

(3) An "alien" insurer is one formed under the laws of a nation other than the United States.

(4) For the purposes of this code, "United States," when used to signify place, means only the states of the United States, the government of Puerto Rico and the District of

Columbia. [1961 c 194 § 1; 1947 c 79 § .05.01; Rem. Supp. 1947 § 45.05.01.]

"Insurer" defined: RCW 48.01.050.

48.05.030 Certificate of authority required. (1) No person shall act as an insurer and no insurer shall transact insurance in this state other than as authorized by a certificate of authority issued to it by the commissioner and then in force; except, as to such transactions as are expressly otherwise provided for in this code.

(2) Every certificate of authority shall specify the name of the insurer, the location of its principal office, the name and location of the principal office of its attorney-in-fact if a reciprocal insurer, and the kind or kinds of insurance it is authorized to transact in this state.

(3) The investigation and adjustment of any claim in this state arising under an insurance contract issued by an unauthorized insurer, shall not be deemed to constitute the transacting of insurance in this state. [1947 c 79 § .05.03; Rem. Supp. 1947 § 45.05.03.]

48.05.040 Certificate of authority—Qualifications. To qualify for and hold a certificate of authority an insurer must:

(1) Be a stock, mutual, or reciprocal insurer of the same general type as may be formed as a domestic insurer under the provisions of chapter 48.06 RCW of this code, but this requirement shall not apply as to domestic mutual property insurers which, as of January 1, 1957, were lawfully transacting insurance on the assessment plan; and

(2) Have capital funds as required by this code, based upon the type and domicile of the insurer and the kinds of insurance proposed to be transacted; and

(3) Transact or propose to transact in this state insurances authorized by its charter, and only such insurance as meets the standards and requirements of this code; and

(4) Fully comply with, and qualify according to, the other provisions of this code. [1957 c 193 § 1; 1947 c 79 § .05.04; Rem. Supp. 1947 § 45.05.04.]

48.05.045 Certificate of authority not to be issued to governmentally owned insurer. No certificate of authority shall be issued to or exist with respect to any insurer which is owned and controlled, in whole or in substantial part, by any government or governmental agency. [1957 c 193 § 2.]

48.05.050 "Charter" defined. "Charter" means articles of incorporation, articles of agreement, articles of association of a corporation, or other basic constituent document of a corporation, or subscribers' agreement and attorney-in-fact agreement of a reciprocal insurer. [1947 c 79 § .05.05; Rem. Supp. 1947 § 45.05.05.]

48.05.060 "Capital funds" defined. "Capital funds" means the excess of the assets of an insurer over its liabilities. Capital stock, if any, shall not be deemed to be a liability for the purposes of this section. [1947 c 79 § .05.06; Rem. Supp. 1947 § 45.05.06.]

48.05.070 Application for certificate of authority. To apply for an original certificate of authority an insurer shall:

(2012 Ed.)

(1) File with the commissioner its request therefor showing:

(a) Its name, home office location, type of insurer, organization date, and state or country of its domicile.

(b) The kinds of insurance it proposes to transact.

(c) Additional information as the commissioner may reasonably require.

(2) File with the commissioner:

(a) A copy of its charter as amended, certified, if a foreign or alien insurer, by the proper public officer of the state or country of domicile.

(b) A copy of its bylaws, certified by its proper officer.

(c) A statement of its financial condition, management, and affairs on a form satisfactory to or furnished by the commissioner.

(d) If a foreign or alien insurer, or a domestic reciprocal insurer, an appointment of the commissioner as its attorney to receive service of legal process.

(e) If an alien insurer, a copy of the appointment and authority of its United States manager, certified by its proper officer.

(f) If a foreign or alien insurer, a certificate from the proper public official of its state or country of domicile showing that it is duly organized and is authorized to transact the kinds of insurance proposed to be transacted.

(g) If a domestic reciprocal insurer, the declaration required by RCW 48.10.090 of this code.

(h) Other documents or stipulations as the commissioner may reasonably require to evidence compliance with the provisions of this code.

(3) Deposit with the commissioner the fees required by this code to be paid for filing the accompanying documents, and for the certificate of authority, if granted. [1947 c 79 § .05.07; Rem. Supp. 1947 § 45.05.07.]

48.05.073 Filing of financial statements. Every insurer holding a certificate of authority from the commissioner shall file its financial statements as required by this code and by the commissioner in accordance with the accounting practices and procedures manuals as adopted by the national association of insurance commissioners, unless otherwise provided by law. [1999 c 33 § 1.]

48.05.080 Foreign insurers—Deposit. (1) Prior to the issuance of a certificate of authority to a foreign insurer, it shall make a deposit of assets with the commissioner for the protection of all its policyholders, or of all of its policyholders and obligees or its policyholders and obligees within the United States, in amount and kind, subject to RCW 48.14.040, the same as is required of a like domestic insurer transacting like kinds of insurance.

(2) In lieu of such deposit or part thereof the commissioner may accept the certificate of the public official having supervision over insurers in any other state to the effect that a like deposit by such insurer or like part thereof in equal or greater amount is held in public custody in such state. [1955 c 86 § 1; 1947 c 79 § .05.08; Rem. Supp. 1947 § 45.05.08.]

Additional notes found at www.leg.wa.gov

48.05.090 Alien insurers—Assets required—Trust deposit. (1) An alien insurer shall not be authorized to trans-

act insurance in this state unless it maintains within the United States assets in amount not less than its outstanding liabilities arising out of its insurance transactions in the United States, nor unless it maintains a trust deposit in an amount not less than the required reserves under its policies resulting from such transactions (after deducting, in the case of a life insurer, the amount of outstanding policy loans on such policies) plus assets equal to the larger of the following sums:

(a) The largest amount of deposit required under this title to be made in this state by any type of domestic insurer transacting like kinds of insurance; or

(b) Two hundred thousand dollars.

(2) The trust deposit shall be for the security of all policyholders or policyholders and obligees of the insurer in the United States. It shall not be subject to diminution below the amount currently determined in accordance with subsection (1) of this section so long as the insurer has outstanding any liabilities arising out of its business transacted in the United States.

(3) The trust deposit shall be maintained with public depositaries or trust institutions within the United States approved by the commissioner. [1949 c 190 § 4; 1947 c 79 § .05.09; Rem. Supp. 1949 § 45.05.09.]

48.05.100 Alien insurers—Deposit resolution. An alien insurer shall file with the commissioner a certified copy of the resolution of its governing board by which the trust deposit was established, together with a certified copy of any trust agreement under which the deposit is held. [1947 c 79 § .05.10; Rem. Supp. 1947 § 45.05.10.]

48.05.105 Foreign or alien insurers—Three years active transacting required—Exception. (1) No certificate of authority shall be granted to a foreign or alien applicant that has not actively transacted for three years the classes of insurance for which it seeks to be admitted.

(2) Subsection (1) of this section does not apply to the following:

(a) Any subsidiary of a seasoned, reputable insurer that has held a certificate of authority in this state for at least three years; or

(b) Any applicant that:

(i) Has surplus of not less than twenty-five million dollars; and

(ii) Has made a deposit with the commissioner in the amount of one million dollars for the sole benefit of the applicant's Washington policyholders.

(3) The commissioner shall release the deposit to an authorized insurer who originally met the requirement in subsection (2)(b)(ii) of this section, in accordance with chapter 48.16 RCW, if:

(a) The certificate of authority was issued at least three years prior to application for release of the deposit; and

(b) The insurer is in good standing with the commissioner. [2010 c 93 § 1; 1967 c 150 § 2.]

48.05.110 Issuance of certificate of authority. If the commissioner finds that an insurer has met the requirements for and is fully entitled thereto under this code, he or she shall issue to it a proper certificate of authority. If the commis-

sioner does not so find, the authority shall be refused within a reasonable length of time following completion by the insurer of the application therefor. [2009 c 549 § 7015; 1947 c 79 § .05.11; Rem. Supp. 1947 § 45.05.11.]

48.05.120 Certificate of authority—Duration, renewal, amendment. (1) All certificates of authority shall continue in force until suspended, revoked, or not renewed. A certificate shall be subject to renewal annually on the first day of July upon application of the insurer and payment of the fee therefor. If not so renewed, the certificate shall expire as of the thirtieth day of June next preceding.

(2) The commissioner may amend a certificate of authority at any time in accordance with changes in the insurer's charter or insuring powers. [1957 c 193 § 3; 1955 c 31 § 1; 1947 c 79 § .05.12; Rem. Supp. 1947 § 45.05.12.]

48.05.130 Certificate of authority—Mandatory refusal, revocation, suspension. The commissioner shall refuse to renew or shall revoke or suspend an insurer's certificate of authority, in addition to other grounds therefor in this code, if the insurer:

(1) Is a foreign or alien insurer and no longer qualifies or meets the requirements for the authority; or, is a domestic mutual or domestic reciprocal insurer, and fails to make good a deficiency of assets as required by the commissioner.

(2) Is a domestic stock insurer and has assets less in amount than its liabilities, including its capital stock as a liability, and has failed to make good such deficiency as required by the commissioner.

(3) Knowingly exceeds its charter powers or its certificate of authority. [1947 c 79 § .05.13; Rem. Supp. 1947 § 45.05.13.]

48.05.140 Certificate of authority—Discretionary refusal, revocation, suspension. The commissioner may refuse, suspend, or revoke an insurer's certificate of authority, in addition to other grounds therefor in this code, if the insurer:

(1) Fails to comply with any provision of this code other than those for violation of which refusal, suspension, or revocation is mandatory, or fails to comply with any proper order or regulation of the commissioner.

(2) Is found by the commissioner to be in such condition that its further transaction of insurance in this state would be hazardous to policyholders and the people in this state.

(3) Refuses to remove or discharge a director or officer who has been convicted of any crime involving fraud, dishonesty, or like moral turpitude.

(4) Usually compels claimants under policies either to accept less than the amount due them or to bring suit against it to secure full payment of the amount due.

(5) Is affiliated with and under the same general management, or interlocking directorate, or ownership as another insurer which transacts insurance in this state without having a certificate of authority therefor, except as is permitted by this code.

(6) Refuses to be examined, or if its directors, officers, employees or representatives refuse to submit to examination or to produce its accounts, records, and files for examination

by the commissioner when required, or refuse to perform any legal obligation relative to the examination.

(7) Fails to pay any final judgment rendered against it in this state upon any policy, bond, recognizance, or undertaking issued or guaranteed by it, within thirty days after the judgment became final or within thirty days after time for taking an appeal has expired, or within thirty days after dismissal of an appeal before final determination, whichever date is the later.

(8) Is found by the commissioner, after investigation or upon receipt of reliable information, to be managed by persons, whether by its directors, officers, or by any other means, who are incompetent or untrustworthy or so lacking in insurance company managerial experience as to make a proposed operation hazardous to the insurance-buying public; or that there is good reason to believe it is affiliated directly or indirectly through ownership, control, reinsurance or other insurance or business relations, with any person or persons whose business operations are or have been marked, to the detriment of policyholders or stockholders or investors or creditors or of the public, by bad faith or by manipulation of assets, or of accounts, or of reinsurance.

(9) Does business through insurance producers or title insurance agents in this state or in any other state who are not properly licensed under applicable laws and duly enacted regulations adopted pursuant thereto. [2008 c 217 § 2; 1973 1st ex.s. c 152 § 1; 1969 ex.s. c 241 § 3; 1967 c 150 § 4; 1947 c 79 § .05.14; Rem. Supp. 1947 § 45.04.14.]

Severability—Effective date—2008 c 217: See notes following RCW 48.03.020.

Additional notes found at www.leg.wa.gov

48.05.150 Notice of intention to refuse, revoke, or suspend. The commissioner shall give an insurer notice of his or her intention to suspend, revoke, or refuse to renew its certificate of authority not less than ten days before the order of suspension, revocation or refusal is to become effective; except that no advance notice of intention is required where the order results from a domestic insurer's failure to make good a deficiency of assets as required by the commissioner. [2009 c 549 § 7016; 1947 c 79 § .05.15; Rem. Supp. 1947 § 45.05.15.]

48.05.160 Period of suspension. The commissioner shall not suspend an insurer's certificate of authority for a period in excess of one year, and he or she shall state in his or her order of suspension the period during which it shall be effective. [2009 c 549 § 7017; 1947 c 79 § .05.16; Rem. Supp. 1947 § 45.05.16.]

48.05.170 Reauthorization, limitation upon. No insurer whose certificate of authority has been suspended, revoked, or refused shall subsequently be authorized unless the grounds for such suspension, revocation, or refusal no longer exist and the insurer is otherwise fully qualified. [1947 c 79 § .05.17; Rem. Supp. 1947 § 45.05.17.]

48.05.180 Notice of refusal, revocation, suspension—Effect upon insurance producers' or title insurance agents' authority. Upon the suspension, revocation or refusal of an insurer's certificate of authority, the commis-

sioner shall give notice thereof to the insurer and shall likewise suspend, revoke or refuse the authority of its appointed insurance producers or title insurance agents to represent it in this state and give notice thereof to these insurance producers or title insurance agents. [2008 c 217 § 3; 1947 c 79 § .05.18; Rem. Supp. 1947 § 45.05.18.]

Severability—Effective date—2008 c 217: See notes following RCW 48.03.020.

48.05.185 Fine in addition or in lieu of suspension, revocation, or refusal. After hearing or with the consent of the insurer and in addition to or in lieu of the suspension, revocation, or refusal to renew any certificate of authority the commissioner may levy a fine upon the insurer in an amount not less than two hundred fifty dollars and not more than ten thousand dollars. The order levying such fine shall specify the period within which the fine shall be fully paid and which period shall not be less than fifteen nor more than thirty days from the date of such order. Upon failure to pay any such fine when due the commissioner shall revoke the certificate of authority of the insurer if not already revoked, and the fine shall be recovered in a civil action brought in behalf of the commissioner by the attorney general. Any fine so collected shall be paid by the commissioner to the state treasurer for the account of the general fund. [1980 c 102 § 1; 1975 1st ex.s. c 266 § 3; 1965 ex.s. c 70 § 3.]

Additional notes found at www.leg.wa.gov

48.05.190 Name of insurer. (1) Every insurer shall conduct its business in its own legal name.

(2) No insurer shall assume or use a name deceptively similar to that of any other authorized insurer. [1947 c 79 § .05.19; Rem. Supp. 1947 § 45.05.19.]

48.05.200 Commissioner as attorney for service of process—Exception. (1) Each authorized foreign or alien insurer must appoint the commissioner as its attorney to receive service of, and upon whom must be served, all legal process issued against it in this state upon causes of action arising within this state. Service upon the commissioner as attorney constitutes service upon the insurer. Service of legal process against the insurer can be had only by service upon the commissioner, except actions upon contractor bonds pursuant to RCW 18.27.040, where service may be upon the department of labor and industries.

(2) With the appointment the insurer must designate by name, e-mail address, and address the person to whom the commissioner must forward legal process so served upon him or her. The insurer may change the person by filing a new designation.

(3) The insurer must keep the designation, address, and e-mail address filed with the commissioner current.

(4) The appointment of the commissioner as attorney is irrevocable, binds any successor in interest or to the assets or liabilities of the insurer, and remains in effect as long as there is in force in this state any contract made by the insurer or liabilities or duties arising therefrom.

(5) The service of process must be accomplished and processed in the manner prescribed under RCW 48.02.200. [2011 c 47 § 5; 1985 c 264 § 3; 1947 c 79 § .05.20; Rem. Supp. 1947 § 45.05.20.]

48.05.215 Unauthorized foreign or alien insurers—Jurisdiction of state courts—Service of process—Procedure. (1) Any foreign or alien insurer not authorized by the commissioner, whether it be a surplus lines insurer operating under chapter 48.15 RCW or not, who, by mail or otherwise, solicits insurance business in this state or transacts insurance business in this state as defined by RCW 48.01.060, thereby submits itself to the jurisdiction of the courts of this state in any action, suit, or proceeding instituted by or on behalf of an insured, beneficiary or the commissioner arising out of an unauthorized solicitation of insurance business, including, but not limited to, an action for injunctive relief by the commissioner.

(2) In any action, suit, or proceeding instituted by or on behalf of an insured or beneficiary, service of legal process against an unauthorized foreign or alien insurer must be accomplished and processed in the manner prescribed under RCW 48.02.200. The defendant insurer has forty days from the date of the service on the commissioner within which to plead, answer, or otherwise defend the action.

(3) In any such action, suit, or proceeding by the commissioner, service of legal process against an unauthorized foreign or alien insurer may be made by personal service of legal process upon any officer of such insurer at its last known principal place of business outside the state of Washington. The summons upon an unauthorized foreign or alien insurer must contain the same requisites and be served in like manner as personal summons within the state of Washington; except, the insurer has forty days from the date of personal service within which to plead, answer, or otherwise defend the action. [2011 c 47 § 6; 1981 c 339 § 4; 1967 c 150 § 3.]

48.05.220 Venue of actions against insurer. Suit upon causes of action arising within this state against an insurer upon an insurance contract shall be brought in the county where the cause of action arose. [1947 c 79 § .05.22; Rem. Supp. 1947 § 45.05.22.]

48.05.250 Annual statement. (1) Each domestic insurer shall annually, on or before the first day of March, file with the commissioner a true statement of its financial condition, transactions, and affairs as of the thirty-first day of December preceding. The statement forms shall be in general form and context as approved by the National Association of Insurance Commissioners for the kinds of insurance to be reported upon, and as supplemented for additional information required by this code and by the commissioner. The statement shall be verified by the oaths of at least two of the insurer's officers.

(2) The annual statement of an alien insurer shall relate only to its transactions and affairs in the United States unless the commissioner requires otherwise. The statement shall be verified by the insurer's United States manager or by its officers duly authorized.

(3) The commissioner shall suspend or revoke the certificate of authority of any insurer failing to file its annual statement when due or during any extension of time therefor which the commissioner, for good cause, may grant. [2006 c 25 § 5; 1983 c 85 § 1; 1947 c 79 § .05.25; Rem. Supp. 1947 § 45.05.25.]

Advertising of financial condition: RCW 48.30.070.

Assets and liabilities: Chapter 48.12 RCW.

False financial statements: RCW 48.30.030.

48.05.270 Alien insurer—Capital funds, determination. (1) The capital funds of an alien insurer shall be deemed to be the amount by which its assets, deposited and otherwise held as provided in RCW 48.05.090 exceed its liabilities with respect to its business transacted in the United States.

(2) Assets of such insurer held in any state for the special protection of policyholders and obligees in such state shall not constitute assets of the insurer for the purposes of this code. Liabilities of the insurer so secured by such assets, but not exceeding the amount of such assets, may be deducted in computing the insurer's liabilities for the purpose of this section. [1947 c 79 § .05.27; Rem. Supp. 1947 § 45.05.27.]

48.05.280 Records and accounts of insurers. Every insurer shall keep full and adequate accounts and records of its assets, obligations, transactions, and affairs. [1947 c 79 § .05.28; Rem. Supp. 1947 § 45.05.28.]

48.05.290 Withdrawal of insurer—Reinsurance. (1) No insurer shall withdraw from this state until its direct liability to its policyholders and obligees under all its insurance contracts then in force in this state has been assumed by another authorized insurer under an agreement approved by the commissioner. In the case of a life insurer, its liability pursuant to contracts issued in this state in settlement of proceeds under its policies shall likewise be so assumed.

(2) The commissioner may waive this requirement if he or she finds upon examination that a withdrawing insurer is then fully solvent and that the protection to be given its policyholders in this state will not be impaired by the waiver.

(3) The assuming insurer shall within a reasonable time replace the assumed insurance contracts with its own, or by endorsement thereon acknowledge its liability thereunder. [2009 c 549 § 7019; 1947 c 79 § .05.29; Rem. Supp. 1947 § 45.05.29.]

48.05.320 Reports of fire losses. (1) Each authorized insurer shall promptly report to the chief of the Washington state patrol, through the director of fire protection, upon forms as prescribed and furnished by him or her, each fire loss of property in this state reported to it and whether the loss is due to criminal activity or to undetermined causes.

(2) Each such insurer shall likewise report to the chief of the Washington state patrol, through the director of fire protection, upon claims paid by it for loss or damage by fire in this state. Copies of all reports required by this section shall be promptly transmitted to the state insurance commissioner. [1995 c 369 § 24; 1986 c 266 § 66; 1985 c 470 § 16; 1947 c 79 § .05.32; Rem. Supp. 1947 § 45.05.32.]

48.05.330 Insurers—Combination of kinds of insurance authorized—Exceptions. An insurer which otherwise qualifies therefor may be authorized to transact any one kind or combinations of kinds of insurance as defined in chapter 48.11 RCW, except:

(1) A life insurer may grant annuities and may be authorized to transact in addition only disability insurance; except, that the commissioner may, if the insurer otherwise qualifies therefor, continue so to authorize any life insurer which immediately prior to June 13, 1963 was lawfully authorized to transact in this state a kind or kinds of insurance in addition to life and disability insurances and annuity business.

(2) A reciprocal insurer shall not transact life insurance.

(3) A title insurer shall be a stock insurer and shall not transact any other kind of insurance. This provision shall not prohibit the ceding of reinsurance by a title insurer to insurers other than mutual or reciprocal insurers. [1963 c 195 § 6.]

48.05.340 Capital and surplus requirements. (1) Subject to RCW 48.05.350 to qualify for authority to transact any one kind of insurance as defined in chapter 48.11 RCW or combination of kinds of insurance as set forth in this subsection, a foreign or alien insurer, whether stock or mutual, or a domestic insurer must possess unimpaired paid-in capital stock, if a stock insurer, or unimpaired surplus if a mutual insurer, and additional funds in surplus, as follows, and must thereafter maintain unimpaired a combined total of: (a) The paid-in capital stock if a stock insurer or surplus if a mutual insurer, plus (b) additional funds in surplus equal to the total of the following initial requirements:

Kind or kinds of insurance	Paid-in capital stock or basic surplus	Additional surplus
Life	\$2,000,000	\$2,000,000
Disability	2,000,000	2,000,000
Life and disability ..	2,400,000	2,400,000
Property	2,000,000	2,000,000
Marine & transportation	2,000,000	2,000,000
General casualty ...	2,400,000	2,400,000
Vehicle	2,000,000	2,000,000
Surety	2,000,000	2,000,000
Ocean marine and foreign trade	2,000,000	2,000,000
Any two of the following kinds of insurance: Property, marine & transportation, general casualty, vehicle, surety, ocean marine and foreign trade, disability	3,000,000	3,000,000
Multiple lines (all insurances except life and title insurance)	3,000,000	3,000,000
Title	2,000,000	2,000,000

(2) Capital and surplus requirements are based upon all the kinds of insurance transacted by the insurer wherever it operates or proposes to operate, whether or not only a portion of the kinds are to be transacted in this state.

(3) Until December 31, 1996, a foreign or alien insurer holding a certificate of authority to transact insurance in this

state immediately prior to June 9, 1994, may continue to be authorized to transact the same kinds of insurance as long as it is otherwise qualified for that authority. A domestic insurer, except a title insurer, holding a certificate of authority to transact insurance in this state immediately prior to June 9, 1994, may continue to be authorized to transact the same kinds of insurance as long as it is otherwise qualified for such an authority and thereafter maintains unimpaired the amount of paid-in capital stock, if a stock insurer, or basic surplus, if a mutual or reciprocal insurer, and special or additional surplus as required of it under laws in force immediately prior to June 9, 1994. A domestic insurer that is acquired or merged must, immediately after completion of an acquisition or merger, meet the capital and surplus requirements of subsection (1) of this section. A domestic insurer, upon attaining the capital and surplus requirements of subsection (1) of this section, may not return to the capital and surplus requirements existing before June 9, 1994. [2007 c 127 § 1; 2005 c 223 § 2; 1995 c 83 § 14; 1994 c 171 § 1; 1993 c 462 § 50; 1991 sp.s. c 5 § 1; 1982 c 181 § 3; 1980 c 135 § 1; 1967 c 150 § 5; 1963 c 195 § 7.]

48.05.350 General casualty insurer combining disability, fidelity, insurance. An insurer authorized to transact general casualty insurance shall be authorized to transact disability insurance and fidelity insurance without requiring additional financial qualifications. [1963 c 195 § 8.]

48.05.370 Fiduciary relationship to insurer of officers, directors or corporation holding controlling interest. Officers and directors of an insurer or a corporation holding a controlling interest in an insurer shall be deemed to stand in a fiduciary relation to the insurer, and shall discharge the duties of their respective positions in good faith, and with that diligence, care and skill which ordinary prudent persons would exercise under similar circumstances in like positions. [2009 c 549 § 7020; 1969 ex.s. c 241 § 1.]

48.05.380 Reports by property and casualty insurers—Rules. The insurance commissioner shall adopt rules requiring insurers who are authorized to write property and casualty insurance in the state of Washington to record and report their Washington state loss and expense experiences and other data, as required by RCW 48.05.390. These rules may not require a report to be submitted by any insurer that has no data or experience to report. [2002 c 22 § 1; 1986 c 148 § 1; 1985 c 238 § 1.]

48.05.383 Statement of actuarial opinion—Property and casualty insurance. (1) Every property and casualty insurance company doing business in this state, unless otherwise exempted by the domiciliary commissioner, shall annually submit the opinion of an appointed actuary entitled "Statement of Actuarial Opinion." This opinion shall be filed in accordance with the property and casualty annual statement instructions as adopted by the national association of insurance commissioners.

(2) Every property and casualty insurance company domiciled in this state that is required to submit a statement

of actuarial opinion shall annually submit an actuarial opinion summary, written by the company's appointed actuary. This actuarial opinion summary shall be filed in accordance with the property and casualty annual statement instructions as adopted by the national association of insurance commissioners and shall be considered as a document supporting the actuarial opinion required in subsection (1) of this section.

(3) An insurance company authorized but not domiciled in this state shall provide the actuarial opinion summary upon request.

(4) An actuarial report and underlying work papers as required by the property and casualty annual statement instructions as adopted by the national association of insurance commissioners shall be prepared to support each actuarial opinion.

(5) If the insurance company fails to provide either a supporting actuarial report or work papers, or both, at the request of the commissioner or the commissioner determines that the supporting actuarial report or work papers provided by the insurance company is otherwise unacceptable to the commissioner, the commissioner may engage a qualified actuary at the expense of the company to review the opinion and the basis for the opinion and prepare the supporting actuarial report or work papers.

(6) The appointed actuary is not liable for damages to any person, other than the insurance company, the commissioner, or both, for any act, error, omission, decision, or conduct with respect to the actuary's opinion, except in cases of fraud or willful misconduct on the part of the appointed actuary. [2006 c 25 § 1.]

Short title—2006 c 25 §§ 1-3: "Sections 1 through 3 of this act may be known and cited as the property and casualty actuarial opinion law." [2006 c 25 § 4.]

Effective date—2006 c 25 §§ 1-4: "Sections 1 through 4 of this act take effect December 31, 2007." [2006 c 25 § 18.]

48.05.385 Statement of actuarial opinion—Property and casualty insurance—Confidentiality. (1) The statement of actuarial opinion shall be provided with the annual statement in accordance with the property and casualty annual statement instructions as adopted by the national association of insurance commissioners and shall be treated as a public document.

(2) Documents, materials or other information in the possession or control of the commissioner that are considered an actuarial report, work papers, or actuarial opinion summary provided in support of the opinion, and any other material provided by the insurance company to the commissioner in connection with the actuarial report, work papers, or actuarial opinion summary, is confidential by law and privileged, is not subject to chapter *42.17 or 42.56 RCW, is not subject to subpoena, and is not subject to discovery or admissible in evidence in any private civil action.

(3) Subsection (2) of this section does not limit the commissioner's authority to release the documents to the actuarial board for counseling and discipline so long as the material is required for the purpose of professional disciplinary proceedings and the board establishes procedures satisfactory to the commissioner for preserving the confidentiality of the documents. Subsection (2) of this section does not limit the commissioner's authority to use the documents, materials, or

other information in furtherance of any regulatory or legal action brought as part of the commissioner's official duties.

(4) Neither the commissioner nor any person who received documents, materials, or other information while acting under the authority of the commissioner is permitted or required to testify in any private civil action concerning any confidential documents, materials, or information subject to subsection (2) of this section.

(5) In order to assist in the performance of the commissioner's duties, the commissioner:

(a) May share documents, materials, or other information, including the confidential and privileged documents, materials, or information subject to subsection (2) of this section with other state, federal, and international regulatory agencies, with the national association of insurance commissioners and its affiliates and subsidiaries, and with state, federal, and international law enforcement authorities, provided that the recipient agrees to maintain the confidentiality and privileged status of the document, material, or other information and has the legal authority to maintain confidentiality;

(b) May receive documents, materials, or information, including otherwise confidential and privileged documents, materials, or information, from the national association of insurance commissioners and its affiliates and subsidiaries, and from regulatory and law enforcement officials of other foreign or domestic jurisdictions, and shall maintain as confidential or privileged any document, material, or information received with notice or the understanding that it is confidential or privileged under the laws of the jurisdiction that is the source of the document, material, or information; and

(c) May enter into agreements governing the sharing and use of information consistent with this subsection.

(6) A waiver of any applicable privilege or claim of confidentiality in the documents, materials, or information may not occur as a result of disclosure to the commissioner under this section or as a result of sharing as authorized in subsection (5) of this section. [2006 c 25 § 2.]

48.05.400 Annual filing and fee to National Association of Insurance Commissioners—Penalty. (1) Each domestic, foreign, and alien insurer that is authorized to transact insurance in this state shall annually, on or before March 1 of each year, file with the National Association of Insurance Commissioners a copy of its annual statement convention blank, along with such additional filings as prescribed by the commissioner for the preceding year. The information filed with the National Association of Insurance Commissioners shall be in the same format and scope as that required by the commissioner and shall include the signed jurate page and the actuarial certification. Any amendments and addendums to the annual statement filing subsequently filed with the commissioner shall also be filed with the National Association of Insurance Commissioners.

(2) Coincident with the filing of its annual statement convention blank and other filings, each such insurer shall pay a reasonable fee directly to the National Association of Insurance Commissioners in an amount approved by the commissioner to cover the costs associated with the analysis of the annual statement convention blank.

(3) Foreign insurers that are domiciled in a state which has a law substantially similar to subsection (1) of this section shall be considered to be in compliance with this section.

(4) In the absence of actual malice, members of the National Association of Insurance Commissioners, their duly authorized committees, subcommittees, and task forces, their delegates, National Association of Insurance Commissioners employees, and all other persons charged with the responsi-

(2012 Ed.)

bility of collecting, reviewing, analyzing, and disseminating the information developed from the filing of the annual statement convention blanks shall be acting as agents of the commissioner under the authority of this section and shall not be subject to civil liability for libel, slander, or any other cause of action by virtue of their collection, review, and analysis or dissemination of the data and information collected for the filings required under this section.

(5) The commissioner may suspend, revoke, or refuse to renew the certificate of authority of any insurer failing to file its annual statement or pay the fees when due or within any extension of time which the commissioner, for good cause, may have granted. [1987 c 132 § 1.]

48.05.410 Health care practitioner risk management training. Effective July 1, 1994, each health care provider, facility, or health maintenance organization that self-insures for liability risks related to medical malpractice and employs physicians or other independent health care practitioners in Washington state shall condition each physician's and practitioner's liability coverage by that entity upon that physician's or practitioner's participation in risk management training offered by the provider, facility, or health maintenance organization to its employees. The risk management training shall provide information related to avoiding adverse health outcomes resulting from substandard practice and minimizing damages associated with those adverse health outcomes that do occur. For purposes of this section, "independent health care practitioner" means those health care practitioner licensing classifications designated by the department of health in rule pursuant to *RCW 18.130.330. [1993 c 492 § 414.]

*Reviser's note: RCW 18.130.330 was repealed by 1995 c 265 § 27, effective July 1, 1995.

48.05.430 Definitions. As used in RCW 48.05.430 through *48.05.490, these terms have the following meanings:

- (1) "RBC" means risk-based capital.
- (2) "NAIC" means the national association of insurance commissioners.
- (3) "Domestic insurer" means any insurance company domiciled in this state.
- (4) "Foreign or alien insurer" means any insurance company that is licensed to do business in this state under this chapter but is not domiciled in this state.
- (5) "Life and disability insurer" means any insurance company authorized to write only life insurance, disability insurance, or both, as defined in chapter 48.11 RCW.
- (6) "Property and casualty insurer" means any insurance company authorized to write only property insurance, marine and transportation insurance, general casualty insurance, vehicle insurance, or any combination thereof, including disability insurance, as defined in chapter 48.11 RCW.
- (7) "Corrective order" means an order issued by the commissioner specifying corrective actions that the commissioner has determined are required.
- (8) "Negative trend" means, with respect to a life insurer, a disability insurer, or a life and disability insurer, the negative trend over a period of time, as determined in accordance

with the trend test calculation included in the RBC instructions.

(9) "Adjusted RBC report" means an RBC report that has been adjusted by the commissioner in accordance with RCW 48.05.435(5).

(10) "RBC instructions" means the RBC report including risk-based capital instructions adopted by the NAIC.

(11) "RBC level" means an insurer's company action level RBC, regulatory action level RBC, authorized control level RBC, or mandatory control level RBC where:

(a) "Company action level RBC" means, with respect to any insurer, the product of 2.0 and its authorized control level RBC;

(b) "Regulatory action level RBC" means the product [of] 1.5 and its authorized control level RBC;

(c) "Authorized control level RBC" means the number determined under the risk-based capital formula in accordance with the RBC instructions; and

(d) "Mandatory control level RBC" means the product of .70 and the authorized control level RBC.

(12) "RBC plan" means a comprehensive financial plan containing the elements specified in RCW 48.05.440(2). If the commissioner rejects the RBC plan, and it is revised by the insurer, with or without the commissioner's recommendation, the plan shall be called the "revised RBC plan."

(13) "RBC report" means the report required in RCW 48.05.435.

(14) "Total adjusted capital" means the sum of:

(a) An insurer's statutory capital and surplus as determined in accordance with statutory accounting applicable to the annual financial statements required to be filed under RCW 48.05.250; and

(b) Other items, if any, as the RBC instructions may provide. [1995 c 83 § 1.]

*Reviser's note: RCW 48.05.490 was repealed by 2006 c 25 § 11.

48.05.435 Report of RBC levels—Formula for determining levels—Inaccurate reports adjusted by commissioner. (1) Every domestic insurer shall, on or prior to the filing date, which is hereby established as March 1, prepare and submit to the commissioner a report of its RBC levels as of the end of the calendar year just ended, in a form and containing that information required by the RBC instructions. In addition, every domestic insurer shall file its RBC report:

(a) With the NAIC in accordance with the RBC instructions; and

(b) With the insurance commissioner in any state in which the insurer is authorized to do business, if the insurance commissioner has notified the insurer of its request in writing, in which case the insurer shall file its RBC report not later than the later of:

(i) Fifteen days from the receipt of notice to file its RBC report with that state; or

(ii) The filing date.

(2) A life and disability insurer's RBC shall be determined in accordance with the formula set forth in the RBC instructions. The formula shall take into account and may adjust for the covariance between:

(a) The risk with respect to the insurer's assets;

(b) The risk of adverse insurance experience with respect to the insurer's liabilities and obligations;

(c) The interest rate risk with respect to the insurer's business; and

(d) All other business risks and other relevant risks as are set forth in the RBC instructions; determined in each case by applying the factors in the manner set forth in the RBC instructions.

(3) A property and casualty insurer's RBC shall be determined in accordance with the formula set forth in the RBC instructions. The formula shall take into account and may adjust for the covariance between:

(a) Asset risk;

(b) Credit risk;

(c) Underwriting risk; and

(d) All other business risks and other relevant risks as are set forth in the RBC instructions; determined in each case by applying the factors in the manner set forth in the RBC instructions.

(4) An excess of capital over the amount produced by the RBC requirements and the formulas, schedules, and instructions under RCW 48.05.430 through *48.05.490 is desirable in the business of insurance. Accordingly, insurers should seek to maintain capital above the RBC levels required. Additional capital is used and useful in the insurance business and helps to secure an insurer against various risks inherent in, or affecting, the business of insurance and not accounted for or only partially measured by the RBC requirements.

(5) If a domestic insurer files an RBC report that in the judgment of the commissioner is inaccurate, then the commissioner shall adjust the RBC report to correct the inaccuracy and shall notify the insurer of the adjustment. The notice shall contain a statement of the reason for the adjustment. [1995 c 83 § 2.]

*Reviser's note: RCW 48.05.490 was repealed by 2006 c 25 § 11.

48.05.440 Company action level event—Definition—RBC plan—Commissioner's review. (1) "Company action level event" means any of the following events:

(a) The filing of an RBC report by an insurer indicating that:

(i) The insurer's total adjusted capital is greater than or equal to its regulatory action level RBC, but less than its company action level RBC;

(ii) If a life and disability insurer, the insurer has total adjusted capital that is greater than or equal to its company action level RBC, but less than the product of its authorized control level RBC and 3 and has a negative trend; or

(iii) If a property and casualty insurer, the insurer has total adjusted capital that is greater than or equal to its company action level RBC but less than the product of its authorized control level RBC and 3.0 and met the trend test determined in accordance with the trend test calculation included in the RBC instructions;

(b) The notification by the commissioner to the insurer of an adjusted RBC report that indicates an event in (a) of this subsection, provided the insurer does not challenge the adjusted RBC report under RCW 48.05.460; or

(c) If, under RCW 48.05.460, an insurer challenges an adjusted RBC report that indicates an event in (a) of this subsection, the notification by the commissioner to the insurer

that the commissioner has, after a hearing, rejected the insurer's challenge.

(2) In the event of a company action level event, the insurer shall prepare and submit to the commissioner an RBC plan that:

(a) Identifies the conditions that contribute to the company action level event;

(b) Contains proposals of corrective actions that the insurer intends to take and would be expected to result in the elimination of the company action level event;

(c) Provides projections of the insurer's financial results in the current year and at least the four succeeding years, both in the absence of proposed corrective actions and giving effect to the proposed corrective actions, including projections of statutory operating income, net income, capital, and surplus. The projections for both new and renewal business might include separate projections for each major line of business and separately identify each significant income, expense, and benefit component;

(d) Identifies the key assumptions impacting the insurer's projections and the sensitivity of the projections to the assumptions; and

(e) Identifies the quality of, and problems associated with, the insurer's business, including but not limited to its assets, anticipated business growth and associated surplus strain, extraordinary exposure to risk, mix of business, and use of reinsurance, if any, in each case.

(3) The RBC plan shall be submitted:

(a) Within forty-five days of the company action level event; or

(b) If the insurer challenges an adjusted RBC report under RCW 48.05.460, within forty-five days after notification to the insurer that the commissioner has, after a hearing, rejected the insurer's challenge.

(4) Within sixty days after the submission by an insurer of an RBC plan to the commissioner, the commissioner shall notify the insurer whether the RBC plan may be implemented or is, in the judgment of the commissioner, unsatisfactory. If the commissioner determines the RBC plan is unsatisfactory, the notification to the insurer shall set forth the reasons for the determination, and may set forth proposed revisions that will render the RBC plan satisfactory. Upon notification from the commissioner, the insurer shall prepare a revised RBC plan, that may incorporate by reference any revisions proposed by the commissioner, and shall submit the revised RBC plan to the commissioner:

(a) Within forty-five days after the notification from the commissioner; or

(b) If the insurer challenges the notification from the commissioner under RCW 48.05.460, within forty-five days after a notification to the insurer that the commissioner has, after a hearing, rejected the insurer's challenge.

(5) In the event of a notification by the commissioner to an insurer that the insurer's RBC plan or revised RBC plan is unsatisfactory, the commissioner may, subject to the insurer's rights to a hearing under RCW 48.05.460, specify in the notification that the notification constitutes a regulatory action level event.

(6) Every domestic insurer that files an RBC plan or revised RBC plan with the commissioner shall file a copy of the RBC plan or revised RBC plan with the insurance com-

missioner in any state in which the insurer is authorized to do business if:

(a) The state has an RBC provision substantially similar to RCW 48.05.465(1); and

(b) The insurance commissioner of that state has notified the insurer of its request for the filing in writing, in which case the insurer shall file a copy of the RBC plan or revised RBC plan in that state no later than the later of:

(i) Fifteen days after the receipt of notice to file a copy of its RBC plan or revised plan with the state; or

(ii) The date on which the RBC plan or revised RBC plan is filed under subsections (3) and (4) of this section. [2012 c 211 § 2; 2006 c 25 § 6; 1995 c 83 § 3.]

48.05.445 Regulatory action level event—Definition—Commissioner's duties—Corrective actions. (1) "Regulatory action level event" means, with respect to any insurer, any of the following events:

(a) The filing of an RBC report by the insurer indicating that the insurer's total adjusted capital is greater than or equal to its authorized control level RBC but less than its regulatory action level RBC;

(b) The notification by the commissioner to an insurer of an adjusted RBC report that indicates the event in (a) of this subsection, provided the insurer does not challenge the adjusted RBC report under RCW 48.05.460;

(c) If, under RCW 48.05.460, the insurer challenges an adjusted RBC report that indicates the event in (a) of this subsection, the notification by the commissioner to the insurer that the commissioner has, after a hearing, rejected the insurer's challenge;

(d) The failure of the insurer to file an RBC report by the filing date, unless the insurer has provided an explanation for such failure that is satisfactory to the commissioner and has cured the failure within ten days after the filing date;

(e) The failure of the insurer to submit an RBC plan to the commissioner within the time period set forth in RCW 48.05.440(3);

(f) Notification by the commissioner to the insurer that:

(i) The RBC plan or revised RBC plan submitted by the insurer is, in the judgment of the commissioner, unsatisfactory; and

(ii) The notification constitutes a regulatory action level event with respect to the insurer, provided the insurer has not challenged the determination under RCW 48.05.460;

(g) If, under RCW 48.05.460, the insurer challenges a determination by the commissioner under (f) of this subsection, the notification by the commissioner to the insurer that the commissioner has, after a hearing, rejected the challenge;

(h) Notification by the commissioner to the insurer that the insurer has failed to adhere to its RBC plan or revised RBC plan, but only if the failure has a substantial adverse effect on the ability of the insurer to eliminate the company action level event in accordance with its RBC plan or revised RBC plan and the commissioner has so stated in the notification, provided the insurer has not challenged the determination under RCW 48.05.460; or

(i) If, under RCW 48.05.460, the insurer challenges a determination by the commissioner under (h) of this subsection, the notification by the commissioner to the insurer that the commissioner has, after a hearing, rejected the challenge.

(2) In the event of a regulatory action level event the commissioner shall:

(a) Require the insurer to prepare and submit an RBC plan or, if applicable, a revised RBC plan;

(b) Perform the examination or analysis the commissioner deems necessary of the assets, liabilities, and operations of the insurer including a review of its RBC plan or revised RBC plan; and

(c) Subsequent to the examination or analysis, issue an order specifying those corrective actions the commissioner determines are required.

(3) In determining corrective actions, the commissioner may take into account those factors deemed relevant with respect to the insurer based upon the commissioner's examination or analysis of the assets, liabilities, and operations of the insurer, including, but not limited to, the results of any sensitivity tests undertaken under the RBC instructions. The RBC plan or revised RBC plan shall be submitted:

(a) Within forty-five days after the occurrence of the regulatory action level event;

(b) If the insurer challenges an adjusted RBC report under RCW 48.05.460, and the challenge is not frivolous in the judgment of the commissioner, within forty-five days after the notification to the insurer that the commissioner has, after a hearing, rejected the insurer's challenge; or

(c) If the insurer challenges a revised RBC plan under RCW 48.05.460, and the challenge is not frivolous in the judgment of the commissioner, within forty-five days after the notification to the insurer that the commissioner has, after a hearing, rejected the insurer's challenge.

(4) The commissioner may retain actuaries and investment experts and other consultants as may be necessary in the judgment of the commissioner to review the insurer's RBC plan or revised RBC plan, examine or analyze the assets, liabilities, and operations of the insurer and formulate the corrective order with respect to the insurer. The fees, costs, and expenses relating to consultants shall be borne by the affected insurer or other party as directed by the commissioner. [1995 c 83 § 4.]

48.05.450 Authorized control level event—Definition—Commissioner's duties. (1) "Authorized control level event" means any of the following events:

(a) The filing of an RBC report by the insurer indicating that the insurer's total adjusted capital is greater than or equal to its mandatory control level RBC but less than its authorized control level RBC;

(b) The notification by the commissioner to the insurer of an adjusted RBC report that indicates the event in (a) of this subsection, provided the insurer does not challenge the adjusted RBC report under RCW 48.05.460;

(c) If, under RCW 48.05.460, the insurer challenges an adjusted RBC report that indicates the event in (a) of this subsection, notification by the commissioner to the insurer that the commissioner has, after a hearing, rejected the insurer's challenge;

(d) The failure of the insurer to respond, in a manner satisfactory to the commissioner, to a corrective order, provided the insurer has not challenged the corrective order under RCW 48.05.460; or

(e) If the insurer has challenged a corrective order under RCW 48.05.460 and the commissioner has, after a hearing, rejected the challenge or modified the corrective order, the failure of the insurer to respond, in a manner satisfactory to the commissioner, to the corrective order subsequent to rejection or modification by the commissioner.

(2) In the event of an authorized control level event with respect to an insurer, the commissioner shall:

(a) Take those actions required under RCW 48.05.445 regarding an insurer with respect to which a regulatory action level event has occurred; or

(b) If the commissioner deems it to be in the best interests of the policyholders and creditors of the insurer and of the public, take those actions necessary to cause the insurer to be placed under regulatory control under chapter 48.31 RCW. In the event the commissioner takes these actions, the authorized control level event is sufficient grounds for the commissioner to take action under chapter 48.31 RCW, and the commissioner has the rights, powers, and duties with respect to the insurer as are set forth in chapter 48.31 RCW. In the event the commissioner takes actions under this subsection pursuant to an adjusted RBC report, the insurer is entitled to those protections afforded to insurers under RCW 48.31.121 pertaining to summary proceedings. [1995 c 83 § 5.]

48.05.455 Mandatory control level event—Definition—Commissioner's duties. (1) "Mandatory control level event" means any of the following events:

(a) The filing of an RBC report indicating that the insurer's total adjusted capital is less than its mandatory control level RBC;

(b) Notification by the commissioner to the insurer of an adjusted RBC report that indicates the event in (a) of this subsection, provided the insurer does not challenge the adjusted RBC report under RCW 48.05.460; or

(c) If, under RCW 48.05.460, the insurer challenges an adjusted RBC report that indicates the event in (a) of this subsection, notification by the commissioner to the insurer that the commissioner has, after a hearing, rejected the insurer's challenge.

(2) In the event of a mandatory control level event:

(a) With respect to a life and disability insurer, the commissioner shall take those actions necessary to place the insurer under regulatory control under chapter 48.31 RCW. In that event, the mandatory control level event is sufficient grounds for the commissioner to take action under chapter 48.31 RCW, and the commissioner has the rights, powers, and duties with respect to the insurer as are set forth in chapter 48.31 RCW. If the commissioner takes actions pursuant to an adjusted RBC report, the insurer is entitled to the protections of RCW 48.31.121 pertaining to summary proceedings. However, the commissioner may forego action for up to ninety days after the mandatory control level event if the commissioner finds there is a reasonable expectation that the mandatory control level event may be eliminated within the ninety-day period.

(b) With respect to a property and casualty insurer, the commissioner shall take those actions necessary to place the insurer under regulatory control under chapter 48.31 RCW, or, in the case of an insurer that is writing no business and that

is running-off its existing business, may allow the insurer to continue its run-off under the supervision of the commissioner. In either event, the mandatory control level event is sufficient grounds for the commissioner to take action under chapter 48.31 RCW and the commissioner has the rights, powers, and duties with respect to the insurer as are set forth in chapter 48.31 RCW. If the commissioner takes actions pursuant to an adjusted RBC report, the insurer is entitled to the protections of RCW 48.31.121 pertaining to summary proceedings. However, the commissioner may forego action for up to ninety days after the mandatory control level event if the commissioner finds there is a reasonable expectation that the mandatory control level event may be eliminated within the ninety-day period. [1995 c 83 § 6.]

48.05.460 Insurer's right to a hearing—Request—Commissioner sets date. (1) Upon notification to an insurer by the commissioner of any of the following, the insurer shall have the right to a hearing, in accordance with chapters 48.04 and 34.05 RCW, at which the insurer may challenge any determination or action by the commissioner:

- (a) Of an adjusted RBC report; or
 - (b)(i) That the insurer's RBC plan or revised RBC plan is unsatisfactory; and
 - (ii) The notification constitutes a regulatory action level event with respect to such insurer; or
 - (c) That the insurer has failed to adhere to its RBC plan or revised RBC plan and that such failure has a substantial adverse effect on the ability of the insurer to eliminate the company action level event with respect to the insurer in accordance with its RBC plan or revised RBC plan; or
 - (d) Of a corrective order with respect to the insurer.
- (2) The insurer shall notify the commissioner of its request for a hearing within five days after the notification by the commissioner under this section. Upon receipt of the insurer's request for a hearing, the commissioner shall set a date for the hearing. The date shall be no less than ten nor more than thirty days after the date of the insurer's request. [1995 c 83 § 7.]

48.05.465 Confidentiality of RBC reports and plans—Use of information for comparative purposes—Use of information to monitor solvency. (1) All RBC reports, to the extent the information is not required to be set forth in a publicly available annual statement schedule, and RBC plans, including the results or report of any examination or analysis of an insurer and any corrective order issued by the commissioner, with respect to any domestic insurer or foreign insurer that are filed with the commissioner constitute information that might be damaging to the insurer if made available to its competitors, and therefore shall be kept confidential by the commissioner. This information shall not be made public or be subject to subpoena, other than by the commissioner and then only for the purpose of enforcement actions taken by the commissioner.

(2) The comparison of an insurer's total adjusted capital to any of its RBC levels is a regulatory tool that may indicate the need for possible corrective action with respect to the insurer, and is not a means to rank insurers generally. Therefore, except as otherwise required under the provisions of RCW 48.05.430 through 48.05.485, the making, publishing,

(2012 Ed.)

disseminating, circulating, or placing before the public, or causing, directly or indirectly to be made, published, disseminated, circulated, or placed before the public, in a newspaper, magazine, or other publication, or in the form of a notice, circular, pamphlet, letter, or poster, or over any radio or television station, or in any other way, an advertisement, announcement, or statement containing an assertion, representation, or statement with regard to the RBC levels of any insurer, or of any component derived in the calculation, by any insurer, insurance producer, title insurance agent, or other person engaged in any manner in the insurance business would be misleading and is therefore prohibited. However, if any materially false statement with respect to the comparison regarding an insurer's total adjusted capital to its RBC levels, or any of them, or an inappropriate comparison of any other amount to the insurer's RBC levels is published in any written publication and the insurer is able to demonstrate to the commissioner with substantial proof the falsity of such statement, or the inappropriateness, as the case may be, then the insurer may publish an announcement in a written publication if the sole purpose of the announcement is to rebut the materially false statement.

(3) The RBC instructions, RBC reports, adjusted RBC reports, RBC plans, and revised RBC plans are solely for use by the commissioner in monitoring the solvency of insurers and the need for possible corrective action with respect to insurers and shall not be used by the commissioner for rate-making nor considered or introduced as evidence in any rate proceeding nor used by the commissioner to calculate or derive any elements of an appropriate premium level or rate of return for any line of insurance that an insurer or any affiliate is authorized to write. [2008 c 217 § 4; 1995 c 83 § 8.]

Severability—Effective date—2008 c 217: See notes following RCW 48.03.020.

48.05.470 Regulation of capital and surplus requirements is supplemental—Commissioner may grant exemptions. (1) The provisions of RCW 48.05.430 through *48.05.490 are supplemental to any other provisions of the laws of this state, and shall not preclude or limit any other powers or duties of the commissioner under those laws, including, but not limited to, chapter 48.31 RCW.

(2) The commissioner may exempt any domestic property and casualty insurer from RCW 48.05.430 through *48.05.490, if the insurer:

- (a) Writes direct business only in this state;
- (b) Writes direct annual premiums of two million dollars or less; and
- (c) Assumes no reinsurance in excess of five percent of direct premiums written. [1995 c 83 § 9.]

*Reviser's note: RCW 48.05.490 was repealed by 2006 c 25 § 11.

48.05.475 RBC report from foreign or alien insurers—Request of commissioner—Commissioner's options. (1) Any foreign or alien insurer shall, upon the written request of the commissioner, submit to the commissioner an RBC report as of the end of the calendar year just ended by the later of:

- (a) The date an RBC report would be required to be filed by a domestic insurer under RCW 48.05.435; or

(b) Fifteen days after the request is received by the foreign or alien insurer. Any foreign or alien insurer shall, at the written request of the commissioner, promptly submit to the commissioner a copy of any RBC plan that is filed with the insurance commissioner of any other state.

(2) In the event of a company action level event, regulatory action level event, or authorized control level event with respect to any foreign or alien insurer as determined under the RBC statute applicable in the state of domicile of the insurer or, if no RBC statute is in force in that state, under the provisions of RCW 48.05.430 through *48.05.490, if the insurance commissioner of the state of domicile of the foreign or alien insurer fails to require the foreign or alien insurer to file an RBC plan in the manner specified under that state's RBC statute, the commissioner may require the foreign or alien insurer to file an RBC plan. In this event, the failure of the foreign or alien insurer to file an RBC plan is grounds to order the insurer to cease and desist from writing new insurance business in this state.

(3) In the event of a mandatory control level event with respect to any foreign or alien insurer, if no domiciliary receiver has been appointed with respect to the foreign or alien insurer under the rehabilitation and liquidation statute applicable in the state of domicile of the foreign or alien insurer, the commissioner may apply for an order under RCW 48.31.080 or 48.31.090 to conserve the assets within this state of foreign or alien insurers, and the occurrence of the mandatory control level event is considered adequate grounds for the application. [1995 c 83 § 10.]

*Reviser's note: RCW 48.05.490 was repealed by 2006 c 25 § 11.

48.05.480 No liability for regulation of capital and surplus requirements. There is no liability on the part of, and no cause of action may arise against, the commissioner or insurance department or its employees or agents for any action taken by them in the performance of their powers and duties under RCW 48.05.430 through *48.05.490. [1995 c 83 § 11.]

*Reviser's note: RCW 48.05.490 was repealed by 2006 c 25 § 11.

48.05.485 Notices by commissioner—When effective. All notices by the commissioner to an insurer that may result in regulatory action are effective upon dispatch if transmitted by registered or certified mail, or in the case of any other transmission are effective upon the insurer's receipt of the notice. [1995 c 83 § 12.]

48.05.510 Disclosure of certain material transactions—Insurer's report—Information is confidential. (1) Every insurer domiciled in this state shall file a report with the commissioner disclosing material acquisitions and dispositions of assets or material nonrenewals, cancellations, or revisions of ceded reinsurance agreements unless these acquisitions and dispositions of assets or material nonrenewals, cancellations, or revisions of ceded reinsurance agreements have been submitted to the commissioner for review, approval, or information purposes under other provisions of this title or other requirements.

(2) The report required in subsection (1) of this section is due within fifteen days after the end of the calendar month in which any of the transactions occur.

(3) One complete copy of the report, including any exhibits or other attachments filed as part of the report, shall be filed with the:

- (a) Commissioner; and
- (b) National association of insurance commissioners.

(4) All reports obtained by or disclosed to the commissioner under this section and RCW 48.05.515 through 48.05.535 are exempt from public inspection and copying and are not subject to subpoena. These reports shall not be made public by the commissioner, the national association of insurance commissioners, or any other person, except to insurance departments of other states, without the prior written consent of the insurer to which it pertains unless the commissioner, after giving the insurer that would be affected by disclosure notice and a hearing under chapter 48.04 RCW, determines that the interest of policyholders, shareholders, or the public will be served by the publication, in which event the commissioner may publish all or any part of the report in the manner he or she deems appropriate. [1995 c 86 § 1.]

48.05.515 Material acquisitions or dispositions. No acquisitions or dispositions of assets need be reported under RCW 48.05.510 if the acquisitions or dispositions are not material. For purposes of RCW 48.05.510 through 48.05.535, a material acquisition, or the aggregate of any series of related acquisitions during any thirty-day period; or disposition, or the aggregate of any series of related dispositions during any thirty-day period is an acquisition or disposition that is nonrecurring and not in the ordinary course of business and involves more than five percent of the reporting insurer's total assets as reported in its most recent statutory statement filed with the commissioner. [1995 c 86 § 2.]

48.05.520 Asset acquisitions—Asset dispositions. (1) Asset acquisitions subject to RCW 48.05.510 through 48.05.535 include every purchase, lease, exchange, merger, consolidation, succession, or other acquisition other than the construction or development of real property by or for the reporting insurer or the acquisition of materials for such a purpose.

(2) Asset dispositions subject to RCW 48.05.510 through 48.05.535 include every sale, lease, exchange, merger, consolidation, mortgage, hypothecation, abandonment, destruction, other disposition, or assignment, whether the assignment is for the benefit of creditors or otherwise. [1995 c 86 § 3.]

48.05.525 Report of a material acquisition or disposition of assets—Information required. (1) The following information is required to be disclosed in any report of a material acquisition or disposition of assets:

- (a) Date of the transaction;
- (b) Manner of acquisition or disposition;
- (c) Description of the assets involved;
- (d) Nature and amount of the consideration given or received;
- (e) Purpose of or reason for the transaction;
- (f) Manner by which the amount of consideration was determined;
- (g) Gain or loss recognized or realized as a result of the transaction; and

(h) Names of the persons from whom the assets were acquired or to whom they were disposed.

(2) Insurers are required to report material acquisitions and dispositions on a nonconsolidated basis unless the insurer is part of a consolidated group of insurers that utilizes a pooling arrangement or one hundred percent reinsurance agreement that affects the solvency and integrity of the insurer's reserves and such an insurer ceded substantially all of its direct and assumed business to the pool. An insurer has ceded substantially all of its direct and assumed business to a pool if the insurer has less than one million dollars total direct plus assumed written premiums during a calendar year that are not subject to a pooling arrangement and the net income of the business not subject to the pooling arrangement represents less than five percent of the insurer's capital and surplus. [1995 c 86 § 4.]

48.05.530 Material nonrenewals, cancellations, or revisions of ceded reinsurance agreements. (1) No nonrenewals, cancellations, or revisions of ceded reinsurance agreements need be reported under RCW 48.05.510 if the nonrenewals, cancellations, or revisions are not material. For purposes of RCW 48.05.510 through 48.05.535, a material nonrenewal, cancellation, or revision is one that affects:

(a) More than fifty percent of a property and casualty insurer's total ceded written premium;

(b) More than fifty percent of the property and casualty insurer's total ceded indemnity and loss adjustment reserves;

(c) More than fifty percent of a nonproperty and casualty insurer's total reserve credit taken for business ceded, on an annualized basis, as indicated in the insurer's most recent annual statement;

(d) More than ten percent of an insurer's total cession when it is replaced by one or more unauthorized reinsurers; or

(e) Previously established collateral requirements, when they have been reduced or waived as respects one or more unauthorized reinsurers representing collectively more than ten percent of a total cession.

(2) However, a filing is not required if:

(a) A property and casualty insurer's total ceded written premium represents, on an annualized basis, less than ten percent of its total written premium for direct and assumed business; or

(b) A nonproperty and casualty insurer's total reserve credit taken for business ceded represents, on an annualized basis, less than ten percent of the statutory reserve requirement prior to any cession. [1995 c 86 § 5.]

48.05.535 Report of a material nonrenewal, cancellation, or revision of ceded reinsurance agreements—Information required. (1) The following is required to be disclosed in any report of a material nonrenewal, cancellation, or revision of ceded reinsurance agreements:

(a) The effective date of the nonrenewal, cancellation, or revision;

(b) The description of the transaction with an identification of the initiator;

(c) The purpose of or reason for the transaction; and

(d) If applicable, the identity of the replacement reinsurers.

(2012 Ed.)

(2) Insurers are required to report all material nonrenewals, cancellations, or revisions of ceded reinsurance agreements on a nonconsolidated basis unless the insurer is part of a consolidated group of insurers that utilizes a pooling arrangement or one hundred percent reinsurance agreement that affects the solvency and integrity of the insurer's reserves and the insurer ceded substantially all of its direct and assumed business to the pool. An insurer has ceded substantially all of its direct and assumed business to a pool if the insurer has less than one million dollars total direct plus assumed written premiums during a calendar year that are not subject to a pooling arrangement and the net income of the business not subject to the pooling arrangement represents less than five percent of the insurer's capital and surplus. [1995 c 86 § 6.]

48.05.900 Severability—1995 c 83. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1995 c 83 § 15.]

48.06.010 Types of domestic insurers permitted. An insurer formed in this state shall be either

(1) An incorporated stock insurer, or
 (2) An incorporated mutual insurer, or
 (3) An incorporated specific risks mutual property insurer, or

(4) An incorporated mutual assessment property insurer only, or

(5) An incorporated farm mutual assessment property insurer only, or

(6) A reciprocal insurer, with respective powers, duties, and restrictions as provided in this code. [1947 c 79 § .06.01; Rem. Supp. 1947 § 45.06.01.]

48.06.020 Assessment mutuals prohibited—Exceptions. No insurer shall be formed or be authorized in this state to issue contracts of insurance the performance of which is contingent upon the payment of assessments, assessment premiums, or calls made upon its members. Mutual assessment property insurers and farm mutual assessment property

insurers shall be the only exception to this provision. [1947 c 79 § .06.02; Rem. Supp. 1947 § 45.06.02.]

48.06.030 Solicitation permit. (1) No person forming or proposing to form in this state an insurer, or insurance holding corporation, or stock corporation to finance an insurer or insurance production therefor, or corporation to manage an insurer, or corporation to be attorney-in-fact for a reciprocal insurer, or a syndicate for any of such purposes, shall advertise, or solicit or receive any funds, agreement, stock subscription, or membership on account thereof unless he or she has applied for and has received from the commissioner a solicitation permit.

(2) Any person violating this section is guilty of a class B felony and shall be subject to a fine of not more than ten thousand dollars or imprisonment for not more than ten years, or by both fine and imprisonment. [2003 c 53 § 267; 1947 c 79 § .06.03; Rem. Supp. 1947 § 45.06.03.]

Intent—Effective date—2003 c 53: See notes following RCW 2.48.180.

48.06.040 Application for solicitation permit. To apply for a solicitation permit the person shall:

(1) File with the commissioner a request showing:

(a) Name, type, and purpose of insurer, corporation, or syndicate proposed to be formed;

(b) Biographical reports on forms prescribed by the national association of insurance commissioners evidencing the general trustworthiness and competence of each individual who is serving or who will serve as an officer, director, trustee, employee, or fiduciary of the insurer, corporation, or syndicate to be formed;

(c) Third-party verification reports from a vendor authorized by the national association of insurance commissioners to perform a state, national, and international background history check of any person who exercises control over the financial dealings and operations of the insurer, corporation, or syndicate;

(d) Full disclosure of the terms of all understandings and agreements existing or proposed among persons so associated relative to the proposed insurer, corporation, or syndicate, or the formation thereof;

(e) The plan according to which solicitations are to be made; and

(f) Additional information as the commissioner may reasonably require.

(2) File with the commissioner:

(a) Original and copies in triplicate of proposed articles of incorporation, or syndicate agreement; or, if the proposed insurer is a reciprocal, original and duplicate of the proposed subscribers' agreement and attorney-in-fact agreement;

(b) Original and duplicate copy of any proposed bylaws;

(c) Copy of any security proposed to be issued and copy of application or subscription agreement for that security;

(d) Copy of any insurance contract proposed to be offered and copy of application for that contract;

(e) Copy of any prospectus, advertising, or literature proposed to be used; and

(f) Copy of proposed form of any escrow agreement required.

(3) Deposit with the commissioner the fees required by law to be paid for the application including fees associated with the state and national criminal history background check, for filing of the articles of incorporation of an insurer, for filing the subscribers' agreement and attorney-in-fact agreement if the proposed insurer is a reciprocal, for the solicitation permit, if granted, and for filing articles of incorporation with the secretary of state. [2012 c 211 § 3; 2002 c 227 § 1; 1967 c 150 § 6; 1947 c 79 § .06.04; Rem. Supp. 1947 § 45.06.04.]

Effective date—2002 c 227: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [March 28, 2002]." [2002 c 227 § 6.]

48.06.050 Procedure upon application. The commissioner shall expeditiously examine the application for a solicitation permit and make any investigation relative thereto deemed necessary. If the commissioner finds that

(1) the application is complete; and

(2) the documents therewith filed are equitable in terms and proper in form; and

(3) the management of the company, whether by its directors, officers, or by any other means is competent and trustworthy and not so lacking in managerial experience as to make a proposed operation hazardous to the insurance-buying public; and that there is no reason to believe the company is affiliated, directly or indirectly, through ownership, control, reinsurance, or other insurance or business relations, with any other person or persons whose business operations are or have been marked, to the detriment of the policyholders or stockholders or investors or creditors or of the public, by bad faith or by manipulation of assets, or of accounts, or of reinsurance; and

(4) the agreements made or proposed are equitable to present and future shareholders, subscribers, members or policyholders, he or she shall give notice to the applicant that he or she will issue a solicitation permit, stating the terms to be contained therein, upon the filing of the bond required by RCW 48.06.110 of this code.

If the commissioner does not so find, he or she shall give notice to the applicant that the permit will not be granted, stating the grounds therefor, and shall refund to the applicant all sums so deposited except the application fee. [2009 c 549 § 7021; 1967 c 150 § 7; 1947 c 79 § .06.05; Rem. Supp. 1947 § 45.06.05.]

48.06.060 Issuance of permit—Bond. Upon the filing of the bond required by RCW 48.06.110 after notice by the commissioner, the commissioner shall:

(1) File the articles of incorporation of the proposed incorporated insurer or other corporation; and

(2) Issue to the applicant a solicitation permit. [1998 c 23 § 1; 1947 c 79 § .06.06; Rem. Supp. 1947 § 45.06.06.]

48.06.070 Duration of permit—Contents. Every solicitation permit issued by the commissioner shall:

(1) Be for a period of not over two years, subject to the right of the commissioner to grant a reasonable extension for good cause.

(2) State the securities for which subscriptions are to be solicited, the number, classes, par value, and selling price thereof, or identify the insurance contract for which applications and advance premiums or deposits are to be solicited.

(3) Limit the portion of funds received on account of stock or syndicate subscriptions, if any are proposed to be taken, which may be used for promotion and organization expenses to such amount as he or she deems adequate, but in no event to exceed fifteen percent of such funds as and when actually received.

(4) If to be a mutual or reciprocal insurer, limit the portion of funds received on account of applications for insurance which may be used for promotion or organization expenses to a reasonable commission upon such funds, giving consideration to the kind of insurance and policy involved and to the costs incurred by insurers generally in the production of similar business, and provide that no such commission shall be deemed to be earned nor be paid until the insurer has received its certificate of authority and the policies applied for and upon which such commission is to be based, have been actually issued and delivered.

(5) Contain such other information required by this chapter or reasonable conditions relative to accounting and reports or otherwise as the commissioner deems necessary. [2009 c 549 § 7022; 1953 c 197 § 1; 1947 c 79 § .06.07; Rem. Supp. 1947 § 45.06.07.]

48.06.080 Permit as inducement. The granting of a solicitation permit is permissive only and shall not constitute an endorsement by the commissioner of any person or thing related to the proposed insurer, corporation, or syndicate and the existence of the permit shall not be advertised or used as an inducement in any solicitation. The substance of this section in bold faced type not less than ten point shall be printed at the top of each solicitation permit. [1947 c 79 § .06.08; Rem. Supp. 1947 § 45.06.08.]

48.06.090 Solicitors' licenses. Solicitation for sale of securities to members of the public under a solicitation permit shall be made only by individuals licensed therefor pursuant to the provisions of the securities act. [1949 c 190 § 5; 1947 c 79 § .06.09; Rem. Supp. 1949 § 45.06.09.]

48.06.100 Modification, revocation of permit. (1) The commissioner may, for cause, modify a solicitation permit, or may, after a hearing, revoke any solicitation permit for violation of any provision of this code, or of the terms of the permit, or of any proper order of the commissioner, or for misrepresentation.

(2) The commissioner shall revoke a solicitation permit if requested in writing by a majority of the syndicate members, or by a majority of the incorporators and two-thirds of the subscribers to stock or applicants for insurance in the proposed incorporated insurer or corporation, or if he or she is so requested by a majority of the subscribers of a proposed reciprocal insurer. [2009 c 549 § 7023; 1947 c 79 § .06.10; Rem. Supp. 1947 § 45.06.10.]

48.06.110 Bond—Cash deposit. (1) The commissioner shall not issue a solicitation permit until the person applying therefor files with him or her a corporate surety bond in the

penalty of fifty thousand dollars, in favor of the state and for the use and benefit of the state and of subscribers and creditors of the proposed organization.

The bond shall be conditioned upon the payment of costs incurred by the state in event of any legal proceedings for liquidation or dissolution of the proposed organization before completion of organization or in event a certificate of authority is not granted; and upon a full accounting for funds received until the proposed insurer has been granted its certificate of authority, or until the proposed corporation or syndicate has completed its organization as defined in the solicitation permit.

(2) In lieu of filing such bond, the person may deposit with the commissioner fifty thousand dollars in cash or in United States government bonds at par value, to be held in trust upon the same conditions as required for the bond.

(3) The commissioner may waive the requirement for a bond or deposit in lieu thereof if the permit provides that:

(a) The proposed securities are to be distributed solely and finally to those few persons who are the active promoters intimate to the formation of the insurer, or other corporation or syndicate, or

(b) The securities are to be issued in connection with subsequent financing as provided in RCW 48.06.180.

(4) Any bond filed or deposit or remaining portion thereof held under this section shall be released and discharged upon settlement or termination of all liabilities against it. [2009 c 549 § 7024; 1969 ex.s. c 241 § 2; 1955 c 86 § 2; 1953 c 197 § 2; 1947 c 79 § .06.11; Rem. Supp. 1947 § 45.06.11.]

Additional notes found at www.leg.wa.gov

48.06.120 Escrow of funds. (1) All funds received pursuant to a solicitation permit shall be deposited and held in escrow in a bank or trust company under an agreement approved by the commissioner. No part of any such deposit shall be withdrawn, except:

(a) For the payment of promotion and organization expenses as authorized by the solicitation permit; or

(b) for the purpose of making any deposit with the commissioner required for the issuance of a certificate of authority to an insurer; or

(c) if the proposed organization is not to be an insurer, upon completion of payments on stock or syndicate subscriptions made under the solicitation permit and deposit or appropriation of such funds to the purposes specified in the solicitation permit; or

(d) for making of refunds as provided in RCW 48.06.170.

(2) When the commissioner has issued a certificate of authority to an insurer any such funds remaining in escrow for its account shall be released to the insurer. [1947 c 79 § .06.12; Rem. Supp. 1947 § 45.06.12.]

48.06.130 Liability of organizers—Organization expense. (1) The incorporators of any insurer or other corporation, or the persons proposing to form a reciprocal insurer, or a syndicate, shall be jointly and severally liable for its debts or liabilities until it has secured a certificate of authority, if an insurer, or has completed its organization if a corporation other than an insurer or a syndicate.

(2) Any portion of funds received on account of stock or syndicate subscriptions which is allowed therefor under the solicitation permit, may be applied concurrently toward the payment of promotion and organization expense theretofore incurred. [1947 c 79 § .06.13; Rem. Supp. 1947 § 45.06.13.]

48.06.150 Payment for subscriptions—Forfeiture.

(1) No such proposed stock insurer, corporation, or syndicate shall issue any share of stock or participation agreement except for payment in cash or in securities eligible for investment of funds of insurers. No such shares or agreement shall be issued until all subscriptions received under the solicitation permit have been so fully paid, nor, if an insurer, until a certificate of authority has been issued to it.

(2) Every subscription contract to shares of a stock insurer or other corporation calling for payment in installments, together with all amounts paid thereon may be forfeited at the option of the corporation, upon failure to make good a delinquency in any installment upon not less than forty-five days' notice in writing, and every such contract shall so provide. [1947 c 79 § .06.15; Rem. Supp. 1947 § 45.06.15.]

48.06.160 Insurance applications—Mutual and reciprocal insurers. All applications for insurance obtained in forming a mutual or reciprocal insurer shall provide that:

(1) Issuance of the policy is contingent upon completion of organization of the insurer and issuance to it of a certificate of authority; and

(2) the prepaid premium or deposit will be refunded in full to the applicant if the organization is not completed and certificate of authority issued prior to the solicitation permit's date of expiration; and

(3) the agreement for insurance is not effective until a policy has been issued under it. [1947 c 79 § .06.16; Rem. Supp. 1947 § 45.06.16.]

48.06.170 Procedure on failure to complete organization or to qualify. The commissioner shall withdraw all funds held in escrow and refund to subscribers or applicants all sums paid in on stock or syndicate subscriptions, less that part of such sums paid in on subscriptions as has been allowed and used for promotion and organization expenses, and all sums paid in on insurance applications, and shall disallow the proposed insurer, corporation or syndicate if

(1) the proposed insurer, corporation or syndicate fails to complete its organization and obtain full payment for subscriptions and applications, and, if an insurer, it fails to secure its certificate of authority, all before expiration of the solicitation permit; or

(2) the commissioner revokes the solicitation permit. [1947 c 79 § .06.17; Rem. Supp. 1947 § 45.06.17.]

48.06.180 Subsequent financing. (1) No domestic insurer, or insurance holding corporation, or stock corporation for financing operations of a mutual insurer, or attorney-in-fact corporation of a reciprocal insurer, after

(a) it has received a certificate of authority, if an insurer, or

(b) it has completed its initial organization and financing if a corporation other than an insurer, shall solicit or receive

funds in exchange for any new issue of its corporate securities, other than through a stock dividend, until it has applied to the commissioner for, and has been granted, a solicitation permit.

(2) The commissioner shall issue such a permit unless he or she finds that:

(a) The funds proposed to be secured are excessive in amount for the purpose intended, or

(b) the proposed securities or the manner of their distribution are inequitable, or

(c) the issuance of the securities would jeopardize the interests of policyholders or the holders of other securities of the insurer or corporation.

(3) Any such solicitation permit granted by the commissioner shall be for such duration, and shall contain such terms and be issued upon such conditions as the commissioner may reasonably specify or require. [2009 c 549 § 7025; 1949 c 190 § 6; 1947 c 79 § .06.18; Rem. Supp. 1949 § 45.06.18.]

48.06.190 Penalty for exhibiting false accounts, etc.

Every person who, with intent to deceive, knowingly exhibits any false account, or document, or advertisement, relative to the affairs of any insurer, or of any corporation or syndicate of the kind enumerated in RCW 48.06.030, formed or proposed to be formed, is guilty of a class B felony punishable according to chapter 9A.20 RCW. [2003 c 53 § 268; 1947 c 79 § .06.19; Rem. Supp. 1947 § 45.06.19.]

Intent—Effective date—2003 c 53: See notes following RCW 2.48.180.

48.06.200 Incorporation, articles of—Contents. (1)

This section applies to insurers incorporated in this state, but no insurer heretofore lawfully incorporated in this state is required to reincorporate or change its articles of incorporation by reason of any provisions of this section.

(2) The incorporators shall be individuals who are United States citizens, of whom two-thirds shall be residents of this state. The number of incorporators shall be not less than five if a stock insurer, nor less than ten if a mutual insurer.

(3) The incorporators shall execute articles of incorporation in duplicate, acknowledge their signatures thereunto before an officer authorized to take acknowledgments of deeds, and file both copies with the commissioner.

(4) After approval of the articles by the commissioner, one copy shall be filed in the office of the commissioner and the other copy shall be returned to the insurer.

(5) The articles of incorporation shall state:

First: The names and addresses of the incorporators.

Second: The name of the insurer. If a mutual insurer the name shall include the word "mutual."

Third: (a) The objects for which the insurer is formed;

(b) whether it is a stock or mutual insurer, and if a mutual property insurer only, whether it will insure on the cash premium or assessment plan;

(c) the kinds of insurance it will issue, according to the designations made in this code.

Fourth: If a stock insurer, the amount of its capital, the aggregate number of shares, and the par value of each share, which par value shall be not less than ten dollars, except that after the corporation has transacted business as an authorized

insurer in the state for five years or more, its articles of incorporation may be amended, at the option of its stockholders, to provide for a par value of not less than one dollar per share. If a mutual insurer, the maximum contingent liability of its policyholders for the payment of its expenses and losses occurring under its policies.

Fifth: The duration of its existence, which may be perpetual.

Sixth: The names and addresses of the directors, not less than five in number, who shall constitute the board of directors of the insurer for the initial term, not less than two nor more than six months, as designated in the articles of incorporation.

Seventh: The name of the city or town of this state in which the insurer's principal place of business is to be located.

Eighth: Other provisions not inconsistent with law as may be deemed proper by the incorporators. [1998 c 23 § 2; 1981 c 302 § 37; 1963 c 60 § 1; 1949 c 190 § 7; 1947 c 79 § .06.20; Rem. Supp. 1949 § 45.06.20.]

48.07.040 Annual, special meetings. Each incorporated domestic insurer shall hold an annual meeting of its shareholders or members at such time and place as may be stated in or fixed in accordance with its bylaws for the purpose of receiving reports of its affairs and to elect directors. Each domestic insurance holding corporation shall hold an annual meeting of its shareholders at such time and place as may be stated in or fixed in accordance with its bylaws. Special meetings of the shareholders of an incorporated domestic insurer or domestic insurance holding corporation shall be called and held by such persons and in such a manner as stated in the articles of incorporation or bylaws. [2002 c 300 § 5; 1985 c 364 § 2; 1965 ex.s. c 70 § 4; 1947 c 79 § .07.04; Rem. Supp. 1947 § 45.07.04.]

Additional notes found at www.leg.wa.gov

48.07.050 Directors—Qualifications—Removal. Not less than three-fourths of the directors of an incorporated domestic insurer shall be United States or Canadian citizens, and a majority of the board of directors of a mutual life insurer shall be residents of this state. The directors of a domestic insurer or domestic insurance holding corporation may be removed with cause by a vote of a majority of its voting capital stock or members (if a mutual insurer) at a valid meeting and said directors may be removed without cause by a vote of sixty-seven percent of its voting capital stock or members (if a mutual insurer) at a valid meeting. [1989 c 24 § 1; 1985 c 364 § 3; 1957 c 193 § 21; 1947 c 79 § .07.05; Rem. Supp. 1947 § 45.07.05.]

Additional notes found at www.leg.wa.gov

48.07.060 Corrupt practices—Penalty. No person shall buy or sell or barter a vote or proxy, relative to any meeting of shareholders or members of an incorporated domestic insurer, or engage in any corrupt or dishonest practice in or relative to the conduct of any such meeting. Violation of this section shall constitute a gross misdemeanor. [1947 c 79 § .07.06; Rem. Supp. 1947 § 45.07.06.]

48.07.070 Amendment of articles of incorporation.

(1) Unless a vote of a greater proportion of directors or shares is required by its articles of incorporation, amendments to the articles of incorporation of a domestic insurer or a domestic insurance holding corporation shall be made by a majority vote of its board of directors and the vote or written assent of a majority of its voting capital stock, or two-thirds of the members (if a mutual insurer) voting at a valid meeting of members.

(2) The president and secretary of the insurer shall, under the corporate seal, certify the amendment in duplicate, and

file both copies in the office of the commissioner as required under this code for original articles of incorporation. Thereupon, subject to the requirements of RCW 48.08.010 relative to increase of capital stock of a stock insurer, the amendment shall become effective. [1998 c 23 § 3; 1985 c 364 § 4; 1981 c 302 § 38; 1947 c 79 § .07.07; Rem. Supp. 1947 § 45.07.07.]

Additional notes found at www.leg.wa.gov

48.07.080 Guarantee of officers' obligations prohibited. No domestic insurer or its affiliates or subsidiaries shall guarantee the financial obligation of any director or officer of such insurer or affiliate or subsidiary in his or her personal capacity, and any such guaranty attempted shall be void.

This prohibition shall not apply to obligations of the insurer under surety bonds or insurance contracts issued in the regular course of business. [2009 c 549 § 7026; 1947 c 79 § .07.08; Rem. Supp. 1947 § 45.07.08.]

48.07.100 Vouchers for expenditures. (1) No domestic insurer shall make any disbursement of twenty-five dollars or more, unless evidenced by a voucher correctly describing the consideration for the payment and supported by a check or receipt endorsed or signed by or on behalf of the person receiving the money.

(2) If the disbursement is for services and reimbursement, the voucher shall describe the services and itemize the expenditures.

(3) If the disbursement is in connection with any matter pending before any legislature or public body or before any public official, the voucher shall also correctly describe the nature of the matter and of the insurer's interest therein. [1947 c 79 § .07.10; Rem. Supp. 1947 § 45.07.10.]

48.07.110 Depositories. The funds of a domestic insurer shall not be deposited in any bank or banking institution which has not first been approved as a depository by the insurer's board of directors or by a committee thereof designated for the purpose. [1947 c 79 § .07.11; Rem. Supp. 1947 § 45.07.11.]

48.07.130 Pecuniary interest of officer or director, restrictions upon. (1) No person having any authority in the investment or disposition of the funds of a domestic insurer and no officer or director of an insurer shall accept, except for the insurer, or be the beneficiary of any fee, brokerage, gift, commission, or other emolument because of any sale of insurance or of any investment, loan, deposit, purchase, sale, payment, or exchange made by or for the insurer, or be pecuniarily interested therein in any capacity; except, that such a person may procure a loan from the insurer direct upon approval by two-thirds of its directors and upon the pledge of securities eligible for the investment of the insurer's funds under this code.

(2) This section does not prohibit a life insurer from making a policy loan to such person on a life insurance contract issued by it and in accordance with the terms thereof.

(3) The commissioner may permit additional exceptions to the prohibition contained in subsection (1) of this section to enable payment of reasonable compensation to a director who is not otherwise an officer or employee of the insurer, or to a corporation or firm in which the director is interested, for

necessary services performed or sales or purchases made to or for the insurer in the ordinary course of the insurer's business and in the usual private professional or business capacity of such director or such corporation or firm.

In addition, the commissioner may permit exceptions to the prohibitions contained in subsection (1) of this section where the payment of a fee, brokerage, gift, commission, or other emolument is fully disclosed to the insurer's officers and directors and is reasonable in relation to the service performed. [1989 c 228 § 1; 1981 c 339 § 5; 1947 c 79 § .07.13; Rem. Supp. 1947 § 45.07.13.]

48.07.140 Compliance with foreign laws. Any domestic insurer doing business in another state, territory or sovereignty may design and issue insurance contracts and transact insurance in such state, territory or sovereignty as required or permitted by the laws thereof, any provision of the insurer's articles of incorporation or bylaws notwithstanding. [1947 c 79 § .07.14; Rem. Supp. 1947 § 45.07.14.]

48.07.150 Solicitations in other states. (1) No domestic insurer shall knowingly solicit insurance business in any reciprocating state in which it is not then licensed as an authorized insurer.

(2) This section shall not prohibit advertising through publications and radio broadcasts originating outside such reciprocating state, if the insurer is licensed in a majority of the states in which such advertising is disseminated, and if such advertising is not specifically directed to residents of such reciprocating state.

(3) This section shall not prohibit insurance, covering persons or risks located in a reciprocating state, under contracts solicited and issued in states in which the insurer is then licensed. Nor shall it prohibit insurance effectuated by the insurer as an unauthorized insurer in accordance with the laws of the reciprocating state. Nor shall it prohibit renewal or continuance in force, with or without modification, of contracts otherwise lawful and which were not originally executed in violation of this section.

(4) A "reciprocating" state, as used herein, is one under the laws of which a similar prohibition is imposed upon and is enforced against insurers domiciled in that state.

(5) The commissioner shall suspend or revoke the certificate of authority of a domestic insurer found by him or her, after a hearing, to have violated this section. [2009 c 549 § 7027; 1988 c 248 § 4; 1947 c 79 § .07.15; Rem. Supp. 1947 § 45.07.15.]

48.07.160 Continuing operation in event of emergency—Declaration of purpose—"Insurer" defined. It is desirable for the general welfare and in particular for the welfare of insurance beneficiaries, policyholders, claimants, subscribers, and others that the business of domestic insurers be continued notwithstanding the event of a local, state, or national emergency. The purpose of this section, RCW 48.07.170 through 48.07.200, and 48.07.203 is to facilitate the continued operation of domestic insurers in the event that a local, state, or national emergency is so disruptive of normal business and commerce as to make it impossible or impracticable for a domestic insurer to conduct its business in accord with applicable provisions of law, its bylaws, or its

charter. When used in this section, RCW 48.07.170 through 48.07.200, and 48.07.203 the word "insurer" means the same as defined in RCW 48.01.053 [48.01.050]. [2009 c 150 § 1; 1963 c 195 § 25.]

Effective date—2009 c 150: "This act takes effect January 1, 2011." [2009 c 150 § 8.]

48.07.170 Continuing operation in event of emergency—Emergency bylaws. The board of directors of any domestic insurer may at any time adopt emergency bylaws, subject to repeal or change by action of those having power to adopt regular bylaws for such insurer, which shall be operative during such a local, state, or national emergency and which may, notwithstanding any different provisions of the regular bylaws, or of the applicable statutes, or of such insurer's charter, make any provision that may be reasonably necessary for the operation of such insurer during the period of such emergency. [2009 c 150 § 2; 1963 c 195 § 26.]

Effective date—2009 c 150: See note following RCW 48.07.160.

48.07.180 Continuing operation in event of emergency—Directors. In the event that the board of directors of a domestic insurer has not adopted emergency bylaws, the following provisions shall become effective upon the occurrence of such a local, state, or national emergency as described in this chapter:

(1) Three directors shall constitute a quorum for the transaction of business at all meetings of the board.

(2) Any vacancy in the board may be filled by a majority of the remaining directors, though less than a quorum, or by a sole remaining director.

(3) If there are no surviving directors, but at least three vice presidents of such insurer survive, the three vice presidents with the longest term of service shall be the directors and shall possess all of the powers of the previous board of directors and such powers as are granted in this chapter or by subsequently enacted legislation. By majority vote, such emergency board of directors may elect other directors. If there are not at least three surviving vice presidents, the commissioner or duly designated person exercising the powers of the commissioner shall appoint three persons as directors who shall include any surviving vice presidents and who shall possess all of the powers of the previous board of directors and such powers as are granted in this chapter or by subsequently enacted legislation, and these persons by majority vote may elect other directors. [2009 c 150 § 3; 1963 c 195 § 27.]

Effective date—2009 c 150: See note following RCW 48.07.160.

48.07.190 Continuing operation in event of emergency—Officers. At any time the board of directors of a domestic insurer may, by resolution, provide that in the event of such a local, state, or national emergency and in the event of the death or incapacity of the president, the secretary, or the treasurer of such insurer, such officers, or any of them, shall be succeeded in the office by the person named or described in a succession list adopted by the board of directors. Such list may be on the basis of named persons or position titles, shall establish the order of priority and may prescribe the conditions under which the powers of the office shall be exercised. [2009 c 150 § 4; 1963 c 195 § 28.]

(2012 Ed.)

Effective date—2009 c 150: See note following RCW 48.07.160.

48.07.200 Continuing operation in event of emergency—Principal office and place of business. At any time the board of directors of a domestic insurer may, by resolution, provide that in the event of such a local, state, or national emergency the principal office and place of business of such insurer shall be at such location as is named or described in the resolution. Such resolution may provide for alternate locations and establish an order of preference. [2009 c 150 § 5; 1963 c 195 § 29.]

Effective date—2009 c 150: See note following RCW 48.07.160.

48.07.203 Continuing operation in event of emergency—Written plan required. Each domestic insurer must create and maintain a written business continuity plan identifying procedures relating to a local, state, or national emergency or significant business disruption. [2009 c 150 § 6.]

Effective date—2009 c 150: See note following RCW 48.07.160.

48.07.205 Continuing operation in event of emergency—Planning standards—Rules. After considering relevant standards adopted by the national association of insurance commissioners, other states, and other regulatory authorities that regulate financial institutions, the commissioner shall adopt, by rule, standards for insurers and insurance producers to follow for business continuity planning. [2009 c 150 § 7.]

Effective date—2009 c 150: See note following RCW 48.07.160.

48.07.210 Conversion to domestic insurer. (1)(a) Any insurer duly organized under the laws of any other state and admitted to transact insurance business in this state may become a domestic insurer upon complying with all requirements of law for the organization of a domestic insurer in this state and by designating its principal place of business at a location in this state. Such domestic insurer is entitled to a certificate of authority to transact insurance in this state, subject to the conditions set forth in (b) of this subsection, and is subject to the authority and the jurisdiction of this state.

(b) Before being eligible to become a domestic insurer under this section, an admitted insurer shall advise the commissioner, in writing, thirty days in advance of the proposed date of its plan to become a domestic insurer. The commissioner must approve the plan in advance of the proposed date. The commissioner shall not approve any such plan unless, after a hearing, pursuant to such notice as the commissioner may require, the commissioner finds that the plan is consistent with law, and that no reasonable objection to the plan exists. If the commissioner fails to approve the plan, the commissioner shall state his or her reasons for failure to approve the plan in an order issued at the hearing.

(2) After providing thirty days' advance written notice of its plan to the commissioner and upon the written approval of the commissioner in advance of the proposed transfer date, any domestic insurer of this state may transfer its domicile to any other state in which it is admitted to transact the business of insurance. Upon transfer of domicile, the insurer ceases to be a domestic insurer of this state. If otherwise qualified under the laws of this state, the commissioner shall admit the

insurer to do business in this state as a foreign insurer. The commissioner shall approve any proposed transfer of domicile unless the commissioner determines after a hearing, pursuant to such notice as the commissioner may require, that the transfer is not in the best interests of the public or the insurer's policyholders in this state. If the commissioner fails to approve a proposed transfer of domicile, the commissioner shall state his or her reasons for failure to approve the transfer in an order issued at the hearing.

(3) When a foreign insurer, admitted to transact business in this state, transfers its corporate domicile to this state or to any other state, the certificate of authority, appointment of statutory agent, and all approved licenses, policy forms, rates, filings, and other authorizations and approvals in existence at the time the foreign insurer transfers its corporate domicile shall continue in effect.

(4) Any insurer transferring its corporate domicile under this section shall file any amendments to articles of incorporation, bylaws, or other corporate documents that are required to be filed in this state before the insurer may receive approval of its proposed plan by the commissioner. [1988 c 248 § 5.]

Merger or consolidation: RCW 48.31.010.

Organization of domestic insurers: Chapter 48.06 RCW.

Superadded liability of shareholders of domestic stock insurance companies: State Constitution Art. 12 § 11.

48.08.010 Increase of capital stock. (1) Increase of the capital stock of a domestic stock insurer shall be by amendment to its articles of incorporation.

(2) If the increased capital stock is to be distributed as a stock dividend, such increased capital stock may be fully paid in out of any available surplus funds as is provided in RCW 48.08.030, and such payment shall be effected by a transfer on the insurer's books from its surplus account to its capital account.

(3) When the increased capital has been fully paid in, a certificate to such effect shall be made in quadruplicate under

oath and the corporate seal by the insurer's president and secretary and filed in the public offices named in RCW 48.07.070. [1953 c 197 § 4; 1947 c 79 § .08.01; Rem. Supp. 1947 § 45.08.01.]

48.08.020 Reduction of capital stock. (1) Reduction of the capital stock of a domestic stock insurer shall be by amendment of its articles of incorporation. No such reduction shall be made which results in capital stock less in amount than the minimum required by this code for the kinds of insurance thereafter to be transacted by the insurer.

(2) No surplus funds of the insurer resulting from a reduction of its capital stock shall be distributed to stockholders, except as a stock dividend on a subsequent increase of capital stock, or upon dissolution of the insurer, or upon approval of the commissioner of a distribution upon proof satisfactory to him or her that the distribution will not impair the interests of policyholders or the insurer's solvency.

(3) Upon such reduction of capital stock, the insurer's directors shall call in any outstanding stock certificates required to be changed pursuant thereto, and issue proper certificates in their stead. [2009 c 549 § 7028; 1947 c 79 § .08.02; Rem. Supp. 1947 § 45.08.02.]

48.08.030 Dividends to stockholders. (1) No domestic stock insurer shall pay any cash dividend to stockholders except out of earned surplus. For the purpose of this section, "earned surplus" means that part of its available surplus funds which is derived from any realized net profits on its business, and does not include unrealized capital gains or reevaluation of assets.

(2) Such an insurer may pay a stock dividend out of any available surplus funds.

(3) Payment of any dividend to stockholders of a domestic stock insurer shall also be subject to all the limitations and requirements governing the payment of dividends by other private corporations.

(4) No dividend shall be declared or paid which would reduce the insurer's surplus to an amount less than the minimum required for the kinds of insurance thereafter to be transacted.

(5) For the purposes of this chapter "surplus funds" means the excess of the insurer's assets over its liabilities, including its capital stock as a liability.

(6) Available surplus means the excess over the minimum amount of surplus required for the kinds of insurance the insurer is authorized to transact. [1993 c 462 § 52; 1947 c 79 § .08.03; Rem. Supp. 1947 § 45.08.03.]

Additional notes found at www.leg.wa.gov

48.08.040 Illegal dividends, reductions—Penalty against directors. Any director of a domestic stock insurer who votes for or concurs in the declaration or payment of any dividend to stockholders or a reduction of capital stock not authorized by law shall, in addition to any other liability imposed by law, be guilty of a gross misdemeanor. [1947 c 79 § .08.04; Rem. Supp. 1947 § 45.08.04.]

48.08.050 Impairment of capital. (1) If the capital stock of a domestic stock insurer becomes impaired, the commissioner shall at once determine the amount of the defi-

ciency and serve notice upon the insurer to require its stockholders to make good the deficiency within ninety days after service of such notice.

(2) The deficiency shall be made good in cash, or in assets eligible under this code for the investment of the insurer's funds, or by reduction of the insurer's capital stock to an amount not below the minimum required for the kinds of insurance to be thereafter transacted.

(3) If the deficiency is not made good and proof thereof filed with the commissioner within such ninety-day period, the insurer shall be deemed insolvent and shall be proceeded against as authorized by this code.

(4) If the deficiency is not made good the insurer shall not issue or deliver any policy after the expiration of such ninety-day period. Any officer or director who violates or knowingly permits the violation of this provision shall be subject to a fine of from fifty dollars to one thousand dollars for each violation. [1947 c 79 § .08.05; Rem. Supp. 1947 § 45.08.05.]

48.08.060 Repayment of contributions to surplus.

Contributions to the surplus of a domestic stock insurer other than resulting from sale of its capital stock, shall not be subject to repayment except out of surplus in excess of the minimum surplus initially required of such an insurer transacting like kinds of insurance. [1947 c 79 § .08.06; Rem. Supp. 1947 § 45.08.06.]

48.08.070 Participating policies. (1) Any domestic stock insurer may, if its charter so provides, issue policies entitled to participate from time to time in the earnings of the insurer through dividends.

(2) Any classification of its participating policies and of risks assumed thereunder which the insurer may make shall be reasonable. No dividend shall be paid which is inequitable or which unfairly discriminates as between such classifications or as between policies within the same classification.

(3) No such insurer shall issue in this state both participating and nonparticipating policies for the same class of risks; except, that both participating and nonparticipating life insurance policies may be issued if the right or absence of the right to participate is reasonably related to the premium charged.

(4) Dividends to participating life insurance policies issued by such insurer shall be paid only out of its surplus funds as defined in subsection (5) of RCW 48.08.030. Dividends to participating policies for other kinds of insurance shall be paid only out of that part of such surplus funds which is derived from any realized net profits from the insurer's business.

(5) No dividend, otherwise earned, shall be made contingent upon the payment of renewal premium on any policy. [1947 c 79 § .08.07; Rem. Supp. 1947 § 45.08.07.]

48.08.080 Mutualization of stock insurers. (1) Any domestic stock insurer may become a domestic mutual insurer pursuant to such plan and procedure as are approved by the commissioner in advance of such mutualization.

(2) The commissioner shall not approve any such plan, procedure, or mutualization unless:

(a) It is equitable to both shareholders and policyholders.

(b) It is approved by vote of the holders of not less than three-fourths of the insurer's capital stock having voting rights, and by vote of not less than two-thirds of the insurer's policyholders who vote on such plan, pursuant to such notice and procedure as may be approved by the commissioner. Such vote may be registered in person, by proxy, or by mail.

(c) If a life insurer, the right to vote thereon is limited to those policyholders whose policies have face amounts of not less than one thousand dollars and have been in force one year or more.

(d) Mutualization will result in retirement of shares of the insurer's capital stock at a price not in excess of the fair value thereof as determined by competent disinterested appraisers.

(e) The plan provides for appraisal and purchase of the shares of any nonconsenting stockholder in accordance with the laws of this state relating to the sale or exchange of all the assets of a private corporation.

(f) The plan provides for definite conditions to be fulfilled by a designated early date upon which such mutualization will be deemed effective.

(g) The mutualization leaves the insurer with surplus funds reasonably adequate to preserve the security of its policyholders and its ability to continue successfully in business in the states in which it is then authorized, and in the kinds of insurance it is then authorized to transact. [1947 c 79 § .08.08; Rem. Supp. 1947 § 45.08.08.]

48.08.090 Stockholder meetings—Duty to inform stockholders of matters to be presented—Proxies. (1) This section shall apply to all domestic stock insurers except:

(a) A domestic stock insurer having less than one hundred stockholders; except, that if ninety-five percent or more of the insurer's stock is owned or controlled by a parent or affiliated insurer, this section shall not apply to such insurer unless its remaining shares are held by five hundred or more stockholders.

(b) Domestic stock insurers which file with the Securities and Exchange Commission forms of proxies, consents and authorizations pursuant to the Securities and Exchange Act of 1934, as amended.

(2) Every such insurer shall seasonably furnish its stockholders in advance of stockholder meetings, information in writing reasonably adequate to inform them relative to all matters to be presented by the insurer's management for consideration of stockholders at such meeting.

(3) No person shall solicit a proxy, consent, or authorization in respect of any stock of such an insurer unless he or she furnishes the person so solicited with written information reasonably adequate as to

(a) The material matters in regard to which the powers so solicited are proposed to be used, and

(b) The person or persons on whose behalf the solicitation is made, and the interest of such person or persons in relation to such matters.

(4) No person shall so furnish to another, information which the informer knows or has reason to believe, is false or misleading as to any material fact, or which fails to state any material fact reasonably necessary to prevent any other statement made from being misleading.

(5) The form of all such proxies shall:

(a) Conspicuously state on whose behalf the proxy is solicited;

(b) Provide for dating the proxy;

(c) Impartially identify each matter or group of related matters intended to be acted upon;

(d) Provide means for the principal to instruct the vote of his or her shares as to approval or disapproval of each matter or group, other than election to office; and

(e) Be legibly printed, with context suitably organized.

Except, that a proxy may confer discretionary authority as to matters as to which choice is not specified pursuant to (d) of this subsection, if the form conspicuously states how it is intended to vote the proxy or authorization in each such case; and may confer discretionary authority as to other matters which may come before the meeting but unknown for a reasonable time prior to the solicitation by the persons on whose behalf the solicitation is made.

(6) No proxy shall confer authority (a) to vote for election of any person to any office for which a bona fide nominee is not named in the proxy statement, or (b) to vote at any annual meeting (or adjournment thereof) other than the annual meeting next following the date on which the proxy statement and form were furnished stockholders.

(7) The commissioner shall have authority to make and promulgate reasonable rules and regulations for the effectuation of this section, and in so doing shall give due consideration to rules and regulations promulgated for similar purposes by the insurance supervisory officials of other states. [2010 c 8 § 11001; 2009 c 549 § 7029; 1965 ex.s. c 70 § 5.]

Exemption from federal registration: 15 U.S.C. § 78 l(g)(2)(G).

48.08.100 Equity security—Defined. The term "equity security" when used in RCW 48.08.100 through 48.08.160 means any stock or similar security; or any security convertible, with or without consideration, into such a security, or carrying any warrant or right to subscribe to or purchase such a security; or any such warrant or right; or any other security which the commissioner shall deem to be of similar nature and consider necessary or appropriate, by such rules and regulations as he or she may prescribe in the public interest or for the protection of investors, to treat as an equity security. [2009 c 549 § 7030; 1965 ex.s. c 70 § 11.]

48.08.110 Equity security—Duty to file statement of ownership. Every person who is directly or indirectly the beneficial owner of more than ten percent of any class of any equity security of a domestic stock insurer, or who is a director or an officer of such insurer, shall file with the commissioner on or before the 30th day of September, 1965, or within ten days after he or she becomes such beneficial owner, director or officer, a statement, in such form as the commissioner may prescribe, of the amount of all equity securities of such insurer of which he or she is the beneficial owner, and within ten days after the close of each calendar month thereafter, if there has been a change in such ownership during such month, shall file with the commissioner a statement, in such form as the commissioner may prescribe, indicating his or her ownership at the close of the calendar month and such changes in his or her ownership as have occurred during such calendar month. [2009 c 549 § 7031; 1965 ex.s. c 70 § 6.]

48.08.120 Equity security—Profits from short term transactions—Remedies—Limitation of actions. For the purpose of preventing the unfair use of information which may have been obtained by such beneficial owner, director or officer by reason of his or her relationship to such insurer, any profit realized by him from any purchase and sale, or any sale and purchase, of any equity security of such insurer within any period of less than six months, unless such security was acquired in good faith in connection with a debt previously contracted, shall inure to and be recoverable by the insurer, irrespective of any intention on the part of such beneficial owner, director or officer in entering into such transaction of holding the security purchased or of not repurchasing the security sold for a period exceeding six months. Suit to recover such profit may be instituted at law or in equity in any court of competent jurisdiction by the insurer, or by the owner of any security of the insurer in the name and in behalf of the insurer if the insurer shall fail or refuse to bring such suit within sixty days after request or shall fail diligently to prosecute the same thereafter: PROVIDED, That no such suit shall be brought more than two years after the date such profit was realized. This section shall not be construed to cover any transaction where such beneficial owner was not such both at the time of the purchase and sale, or the sale and purchase, of the security involved, or any transaction or transactions which the commissioner by rules and regulations may exempt as not comprehended within the purpose of this section. [2009 c 549 § 7032; 1965 ex.s. c 70 § 7.]

Exemption from federal registration: 15 U.S.C. § 78 l(g)(2)(G).

48.08.130 Equity security—Sales, unlawful practices. It shall be unlawful for any such beneficial owner, director or officer, directly or indirectly, to sell any equity security of such insurer if the person selling the security or his or her principal (1) does not own the security sold, or (2) if owning the security, does not deliver it against such sale within twenty days thereafter, or does not within five days after such sale deposit it in the mails or other usual channels of transportation: PROVIDED, That no person shall be deemed to have violated this section if he or she proves that notwithstanding the exercise of good faith he or she was unable to make such delivery or deposit within such time, or that to do so would cause undue inconvenience or expense. [2010 c 8 § 11002; 2009 c 549 § 7033; 1965 ex.s. c 70 § 8.]

48.08.140 Equity security—Exemptions—Sales by dealer. The provisions of RCW 48.08.120 shall not apply to any purchase and sale, or sale and purchase, and the provisions of RCW 48.08.130 shall not apply to any sale of an equity security of a domestic stock insurer not then or theretofore held by him or her in an investment account, by a dealer in the ordinary course of his or her business and incident to the establishment or maintenance by him or her of a primary or secondary market (otherwise than on an exchange as defined in the Securities Exchange Act of 1934) for such security. The commissioner may, by such rules and regulations as he or she deems necessary or appropriate in the public interest, define and prescribe terms and conditions with respect to securities held in an investment account and transactions made in the ordinary course of business and incident

to the establishment or maintenance of a primary or secondary market. [2009 c 549 § 7034; 1965 ex.s. c 70 § 9.]

48.08.150 Equity security—Exemptions—Foreign or domestic arbitrage transactions. The provisions of RCW 48.08.110, 48.08.120 and 48.08.130 shall not apply to foreign or domestic arbitrage transactions unless made in contravention of such rules and regulations as the commissioner may adopt in order to carry out the purposes of RCW 48.08.100 through 48.08.160. [1965 ex.s. c 70 § 10.]

48.08.160 Equity security—Exemptions—Securities registered or required to be, or no class held by one hundred or more persons. The provisions of RCW 48.08.110, 48.08.120, and 48.08.130 shall not apply to equity securities of a domestic stock insurer if (1) such securities shall be registered, or shall be required to be registered, pursuant to section 12 of the Securities Exchange Act of 1934, as amended, or if (2) such domestic stock insurer shall not have any class of its equity securities held of record by one hundred or more persons on the last business day of the year next preceding the year in which equity securities of the insurer would be subject to the provisions of RCW 48.08.110, 48.08.120, and 48.08.130 except for the provisions of this subsection (2). [1965 ex.s. c 70 § 12.]

48.08.170 Equity security—Rules and regulations. The commissioner shall have the power to make such rules and regulations as may be necessary for the execution of the functions vested in him or her by RCW 48.08.100 through 48.08.160, and may for such purpose classify domestic stock insurers, securities, and other persons or matters within his jurisdiction. No provision of RCW 48.08.110, 48.08.120, and 48.08.130 imposing any liability shall apply to any act done or omitted in good faith in conformity with any rule or regulation of the commissioner, notwithstanding that such rule or regulation may, after such act or omission, be amended or rescinded or determined by judicial or other authority to be invalid for any reason. [2009 c 549 § 7035; 1965 ex.s. c 70 § 13.]

48.08.190 Failure to file required information, documents, or reports—Forfeiture. Any person who fails to file information, documents, or reports required to be filed under chapter 241, Laws of 1969 ex. sess. or any rule or regulation thereunder shall forfeit to the state of Washington the sum of one hundred dollars for each and every day such failure to file shall continue. Such forfeiture, which shall be in lieu of any criminal penalty for such failure to file which might be deemed to arise under this title, shall be payable to the treasurer of the state of Washington and shall be recoverable in a civil suit in the name of the state of Washington. [1969 ex.s. c 241 § 18.]

Dividends not to be guaranteed: RCW 48.30.100.

Merger or consolidation: RCW 48.31.010.

Organization of domestic insurers: Chapter 48.06 RCW.

Policy dividends are payable to real party in interest: RCW 48.18.340.

48.09.010 Initial qualifications. (1) The commissioner shall not issue a certificate of authority to a domestic mutual insurer unless it has fully qualified therefor under this code, and unless it has met the minimum requirements for the kind of insurance it proposes to transact as provided in this chapter.

(2) All applications for insurance submitted by such an insurer as fulfilling qualification requirements shall be bona fide applications from persons resident in this state covering lives, property, or risks resident or located in this state.

(3) All qualifying premiums collected and initial surplus funds of such an insurer shall be in cash. Any deposit made by such an insurer in lieu of applications, premiums, and initial surplus funds, shall be in cash or in securities eligible for the investment of the capital of a domestic stock insurer transacting the same kind of insurance. [1947 c 79 § .09.01; Rem. Supp. 1947 § 45.09.01.]

48.09.090 Additional kinds of insurance. A domestic mutual insurer may be authorized to transact kinds of insurance in addition to that for which it was originally authorized, if it has otherwise complied with the provisions of this code therefor, and while it possesses and maintains surplus funds in aggregate amount not less than the minimum amount of capital and surplus required under this code of a domestic stock insurer authorized to transact like kinds of insurance pursuant to RCW 48.05.340. [1980 c 135 § 2; 1957 c 193 § 5; 1947 c 79 § .09.09; Rem. Supp. 1947 § 45.09.09.]

48.09.100 Minimum surplus. A domestic mutual insurer on the cash premium plan shall at all times have and maintain surplus funds, representing the excess of its assets over its liabilities, in amount not less than the aggregate of

(1) the amount of any surplus funds deposited by it with the commissioner to qualify for its original certificate of authority, and

(2) the amount of any additional surplus required of it pursuant to RCW 48.09.090 for authority to transact additional kinds of insurance. [1963 c 195 § 3; 1947 c 79 § .09.10; Rem. Supp. 1947 § 45.09.10.]

48.09.110 Membership. (1) Each holder of one or more insurance contracts issued by a domestic mutual insurer, other than a contract of reinsurance, is a member of the insurer, with the rights and obligations of such membership, and each insurance contract so issued shall effectively so stipulate.

(2) Any person, government or governmental agency, state or political subdivision thereof, public or private corporation, board, association, estate, trustee or fiduciary, may be a member of a mutual insurer. [1947 c 79 § .09.11; Rem. Supp. 1947 § 45.09.11.]

48.09.120 Rights of members. (1) A domestic mutual insurer is owned by and shall be operated in the interest of its members.

(2) Each member is entitled to one vote in the election of directors and on matters coming before corporate meetings of members, subject to such reasonable minimum requirements as to duration of membership and amount of insurance held as may be made in the insurer's bylaws. The person named as the policyholder in any group insurance policy issued by such insurer shall be deemed the member, and shall have but one such vote regardless of the number of individuals insured by such policy.

(3) With respect to the management, records, and affairs of the insurer, a member shall have the same character of rights and relationship as a stockholder has toward a domestic stock insurer. [1947 c 79 § .09.12; Rem. Supp. 1947 § 45.09.12.]

48.09.130 Bylaws. A domestic mutual insurer shall adopt bylaws for the conduct of its affairs. Such bylaws, or any modification thereof, shall forthwith be filed with the commissioner. The commissioner shall disapprove any such bylaws, or as so modified, if he or she finds after a hearing thereon, that it is not in compliance with the laws of this state, and he or she shall forthwith communicate such disapproval to the insurer. No such bylaw, or modification, so disapproved shall be effective during the existence of such disapproval. [2009 c 549 § 7036; 1947 c 79 § .09.13; Rem. Supp. 1947 § 45.09.13.]

48.09.140 Notice of annual meeting. (1) Notice of the time and place of the annual meeting of members of a domestic mutual insurer shall be given by imprinting such notice plainly on the policies issued by the insurer.

(2) Any change of the date or place of the annual meeting shall be made only by an annual meeting of members. Notice of such change may be given:

(a) By imprinting such new date or place on all policies which will be in effect as of the date of such changed meeting; or

(b) Unless the commissioner otherwise orders, notice of the new date or place need be given only through policies issued after the date of the annual meeting at which such change was made and in premium notices and renewal certifi-

icates issued during the twenty-four months immediately following such meeting. [1947 c 79 § .09.14; Rem. Supp. 1947 § 45.09.14.]

48.09.150 Voting—Proxies. (1) A member of a domestic mutual insurer may vote in person or by proxy given another member on any matter coming before a corporate meeting of members.

(2) An officer of the insurer shall not hold or vote the proxy of any member.

(3) No such proxy shall be valid beyond the earlier of the following dates:

(a) The date of expiration set forth in the proxy; or

(b) the date of termination of membership; or

(c) five years from the date of execution of the proxy.

(4) No member's vote upon any proposal to divest the insurer of its business and assets, or the major part thereof, shall be registered or taken except in person or by a proxy newly executed and specific as to the matter to be voted upon. [1947 c 79 § .09.15; Rem. Supp. 1947 § 45.09.15.]

48.09.160 Directors—Disqualification. No individual shall be a director of a domestic mutual insurer by reason of his or her holding public office. Adjudication as a bankrupt or taking the benefit of any insolvency law or making a general assignment for the benefit of creditors disqualifies an individual from being or acting as a director. [2009 c 549 § 7037; 1947 c 79 § .09.16; Rem. Supp. 1947 § 45.09.16.]

48.09.180 Limitation of expenses as to property and casualty insurance. (1) For any calendar year after its first two full calendar years of operation, no domestic mutual insurer on the cash premium plan, other than one issuing non-assessable policies, shall incur any costs or expense in the writing or administration of property, disability, and casualty insurances (other than boiler and machinery or elevator) transacted by it which, exclusive of losses paid, loss adjustment expenses, investment expenses, dividends, and taxes exceeds the sum of

(a) forty percent of the net premium income during that year after deducting therefrom net earned reinsurance premiums for such year, plus

(b) all of the reinsurance commissions received on reinsurance ceded by it.

(2) The bylaws of every domestic mutual property insurer on the assessment premium plan shall impose a reasonable limitation upon its expenses. [1949 c 190 § 8; 1947 c 79 § .09.18; Rem. Supp. 1949 § 45.09.18.]

48.09.190 Procedure upon violation of limitation. The officers and directors of an insurer violating RCW 48.09.180 shall be jointly and severally liable to the insurer for any excess of expenses incurred. If the insurer fails to exercise reasonable diligence or refuses to enforce such liability, the commissioner may prosecute action thereon for the benefit of the insurer. Such failure or refusal constitutes grounds for revocation of the insurer's certificate of authority. [1947 c 79 § .09.19; Rem. Supp. 1947 § 45.09.19.]

48.09.210 Limitation of action on officer's salary. No action to recover, or on account of, any salary or other com-

compensation due or claimed to be due any officer or director of a domestic mutual insurer, or on any note or agreement relative thereto, shall be brought against such insurer after twelve months after the date on which such salary or compensation, or any installment thereof, first accrued. [1947 c 79 § .09.21; Rem. Supp. 1947 § 45.09.21.]

48.09.220 Contingent liability of members. (1) Each member of a domestic mutual insurer, except as otherwise provided in this chapter, shall have a contingent liability, pro rata and not one for another, for the discharge of its obligations. The contingent liability shall be in such maximum amount as is stated in the insurer's articles of incorporation, but shall be not less than one, nor more than five, additional premiums for the member's policy at the annual premium rate and for a term of one year.

(2) Every policy issued by the insurer shall contain a statement of the contingent liability.

(3) Termination of the policy of any such member shall not relieve the member of contingent liability for his or her proportion of the obligations of the insurer which accrued while the policy was in force. [2009 c 549 § 7038; 1949 c 190 § 9; 1947 c 79 § .09.22; Rem. Supp. 1949 § 45.09.22.]

48.09.230 Assessment of members. (1) If at any time the assets of a domestic mutual insurer doing business on the cash premium plan are less than its liabilities and the minimum surplus, if any, required of it by this code as prerequisite for continuance of its certificate of authority, and the deficiency is not cured from other sources, its directors may, if approved by the commissioner, make an assessment only on its members who at any time within the twelve months immediately preceding the date such assessment was authorized by its directors held policies providing for contingent liability.

(2) Such an assessment shall be for such an amount of money as is required, in the opinion of the commissioner, to render the insurer fully solvent, but not to result in surplus in excess of five percent of the insurer's liabilities as of the date of the assessment.

(3) A member's proportionate part of any such assessment shall be computed by applying to the premium earned, during the period since the deficiency first appeared, on his or her contingently liable policy or policies the ratio of the total assessment to the total premium earned during such period on all contingently liable policies which are subject to the assessment.

(4) No member shall have an offset against any assessment for which he or she is liable on account of any claim for unearned premium or losses payable. [2009 c 549 § 7039; 1949 c 190 § 10; 1947 c 79 § .09.23; Rem. Supp. 1949 § 45.09.23.]

48.09.235 Issuing a capital call—Notice—Insurer's duties—Rules. (1) In addition to authority granted by RCW 48.09.220 and 48.09.230, a domestic mutual insurer meeting all the requirements of this section may increase its surplus by issuing a capital call. A capital call requires policyholders or applicants for insurance to pay a sum, in addition to premium, to be eligible to renew a policy or be issued a new policy. A policyholder that does not pay the amount of a call

(2012 Ed.)

cannot be canceled or denied the benefits of an existing policy.

(2) Prior to issuing a capital call, the insurer must have:

(a) Adopted articles of incorporation or other organizational documents authorizing capital calls; and

(b) For any capital call issued on or after January 1, 2006, included information concerning the insurer's authority to issue a capital call in the policy of every policyholder. This information must be provided at least one full policy renewal cycle prior to a capital call.

(3) The insurer must notify the commissioner of its intent to issue a capital call at least ninety days prior to the capital call. The notice to the commissioner must include:

(a) A statement of each of the following:

(i) The specific purpose or purposes of the capital call;

(ii) The total amount intended to be raised by issuance of the capital call;

(iii) The amount intended to be raised for each stated purpose;

(iv) The grounds relied upon by the insurer in deciding that the capital call is the best option available to the insurer for raising capital; and

(v) Each of the alternative methods of raising capital the insurer considered and the reasons the insurer rejected each alternative in favor of the capital call;

(b) For the ten years immediately preceding the filing of the notice, a year by year accounting of:

(i) All rate filings and actions;

(ii) The total of all underwriting losses; and

(iii) The total amount of dividends paid to policyholders; and

(c) A complete application for a solicitation permit as required in RCW 48.06.030.

(4) Before an insurer may issue a capital call, the insurer must:

(a) Notify the commissioner and provide information as required in subsection (3) of this section;

(b) Provide any and all additional information that the commissioner may determine is useful or necessary in evaluating the merits of the proposed capital call;

(c) Receive approval of the policy or insuring instrument from the commissioner; and

(d) Receive approval of the commissioner for the capital call and the solicitation permit.

The commissioner may disapprove a capital call if he or she does not believe it is in the best interest of the insurer, the policyholders, or the citizens of the state of Washington. In making this determination, the commissioner may consider the financial health of the insurer, the impact on the marketplace, the possible use of other means to raise capital, the frequency of previous capital calls by the insurer, the effect of raising premiums instead of a capital call, the impact on state revenue, or any other factor the commissioner deems proper.

(5) The funds raised by an approved capital call are not premiums for the purposes of RCW 48.14.020.

(6) The commissioner may adopt rules to implement this section. [2004 c 89 § 2.]

Effective date—2004 c 89 § 2: "Section 2 of this act takes effect January 1, 2006." [2004 c 89 § 4.]

Effective date—2004 c 89: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state gov-

ernment and its existing public institutions, and takes effect immediately [March 22, 2004]." [2004 c 89 § 5.]

48.09.240 Contingent liability of members of assessment insurer. The contingent liability of members of a domestic mutual insurer doing business on the assessment premium plan shall be called upon and enforced by its directors as provided in its bylaws. [1947 c 79 § .09.24; Rem. Supp. 1947 § 45.09.24.]

48.09.250 Contingent liability as asset. Any contingent liability of members of a domestic mutual insurer to assessment does not constitute an asset of the insurer in any determination of its financial condition. [1949 c 190 § 11; 1947 c 79 § .09.25; Rem. Supp. 1949 § 45.09.25.]

48.09.260 Liability as lien on policy reserves. As to life insurance, any portion of an assessment of contingent liability upon a policyholder which remains unpaid following notice of such assessment, demand for payment, and lapse of a reasonable waiting period as specified in such notice, may, if approved by the commissioner, be secured by placing a lien on the reserves held by the insurer to the credit of such policyholder. [1949 c 190 § 12; 1947 c 79 § .09.26; Rem. Supp. 1949 § 45.09.26.]

48.09.270 Nonassessable policies. (1) A domestic mutual insurer on the cash premium plan, after it has established a surplus not less in amount than the minimum capital funds required of a domestic stock insurer to transact like kinds of insurance, and for so long as it maintains such surplus, may extinguish the contingent liability of its members to assessment and omit provisions imposing contingent liability in all policies currently issued.

(2) Any deposit made with the commissioner as a prerequisite to the insurer's certificate of authority may be included as part of the surplus required in this section.

(3) When the surplus has been so established and the commissioner has so ascertained, he or she shall issue to the insurer, at its request, his or her certificate authorizing the extinguishment of the contingent liability of its members and the issuance of policies free therefrom.

(4) While it maintains surplus funds in amount not less than the minimum capital required of a domestic stock insurer authorized to transact like kinds of insurance, and subject to the requirements of *RCW 48.05.360 as to special surplus, a foreign or alien mutual insurer on the cash premium plan may, if consistent with its charter and the laws of its domicile, issue nonassessable policies covering subjects located, resident, or to be performed in this state. [2009 c 549 § 7040; 1963 c 195 § 4; 1947 c 79 § .09.27; Rem. Supp. 1947 § 45.09.27.]

*Reviser's note: RCW 48.05.360 was repealed by 2005 c 223 § 35.

48.09.280 Qualification on issuance of nonassessable policies. The commissioner shall not authorize a domestic mutual insurer so to extinguish the contingent liability of any of its members or in any of its policies to be issued, unless it qualifies to and does extinguish such liability of all its members and in all such policies for all kinds of insurance transacted by it. Except, that if required by the laws of another

state in which such an insurer is transacting insurance as an authorized insurer, the insurer may issue policies providing for the contingent liability of such of its members as may acquire such policies in such state, and need not extinguish the contingent liability applicable to policies theretofore in force in such state. [1947 c 79 § .09.28; Rem. Supp. 1947 § 45.09.28.]

48.09.290 Revocation of right to issue nonassessable policies. (1) The commissioner shall revoke the authority of a domestic mutual insurer so to extinguish the contingent liability of its members if

(a) at any time the insurer's assets are less than the sum of its liabilities and the surplus required for such authority, or

(b) the insurer, by resolution of its directors approved by its members, requests that the authority be revoked.

(2) Upon revocation of such authority for any cause, the insurer shall not thereafter issue any policies without contingent liability, nor renew any policies then in force without written endorsement thereon providing for contingent liability. [1947 c 79 § .09.29; Rem. Supp. 1947 § 45.09.29.]

48.09.300 Dividends. (1) The directors of a domestic mutual insurer on the cash premium plan may from time to time apportion and pay to its members as entitled thereto, dividends only out of that part of its surplus funds which are in excess of its required minimum surplus and which represent net realized savings and net realized earnings from its business.

(2) Any classification of its participating policies and of risks assumed thereunder which the insurer may make shall be reasonable. No dividend shall be paid which is inequitable, or which unfairly discriminates as between such classifications or as between policies within the same classification.

(3) No dividend, otherwise earned, shall be made contingent upon the payment of renewal premium on any policy. [1947 c 79 § .09.30; Rem. Supp. 1947 § 45.09.30.]

48.09.310 Nonparticipating policies. (1) If its articles of incorporation so provide, a domestic mutual insurer on the cash premium plan may, while it is authorized to issue policies without contingent liability to assessment, issue policies not entitled to participate in the insurer's savings and earnings.

(2) Such insurer shall not issue in this state both participating and nonparticipating policies for the same class of risks; except, that both participating and nonparticipating life insurance policies may be issued if the right or absence of the right to participate is reasonably related to the premium charged. [1947 c 79 § .09.31; Rem. Supp. 1947 § 45.09.31.]

48.09.320 Borrowed capital. (1) A domestic mutual insurer may, with the commissioner's advance approval and without the pledge of any of its assets, borrow money to defray the expenses of its organization or for any purpose required by its business, upon an agreement that such money and such fair and reasonable interest thereon as may be agreed upon, shall be repaid only out of the insurer's earned surplus in excess of its required minimum surplus.

(2) An insurer borrowing funds under this section must comply with the national association of insurance

commissioner's - accounting practices and procedures manual which sets forth requirements for borrowed money to be treated as surplus notes for financial accounting purposes.

(3) The commissioner's approval of such borrowed funds, if granted, shall specify the amount to be borrowed, the purpose for which the money is to be used, the terms and form of the loan agreement, the date by which the loan must be completed, fair and reasonable commissions or promotional expenses to be incurred or to be paid, and such other related matters as the commissioner shall deem proper. If the money is to be borrowed upon multiple agreements, the agreements shall be serially numbered. No loan agreement or series thereof shall have or be given any preferential rights over any other such loan agreement or series. [2003 c 249 § 1; 1947 c 79 § .09.32; Rem. Supp. 1947 § 45.09.32.]

48.09.330 Repayment of borrowed capital. (1) The insurer may repay any loan received pursuant to RCW 48.09.320, or any part thereof as approved by the commissioner, only out of its funds which represent such loan or realized net earned surplus. No repayment shall be made which reduces the insurer's surplus below the minimum surplus required for the kinds of insurance transacted.

(2) The insurer shall repay any such loan or the largest possible part thereof when the purposes for which such funds were borrowed have been fulfilled and when the insurer's surplus is adequate to so repay without unreasonable impairment of the insurer's operations.

(3) No repayment of such loan shall be made unless approved by the commissioner. The insurer shall notify the commissioner in writing not less than sixty days in advance of its intention to repay such loan or any part thereof, and the commissioner shall forthwith ascertain whether the insurer's financial condition is such that the repayment can properly be made.

(4) Upon dissolution and liquidation of the insurer, after the retirement of all its other outstanding obligations the holders of any such loan agreements then remaining unpaid shall be entitled to payment before any distribution of surplus is made to the insurer's members. [1949 c 190 § 13; 1947 c 79 § .09.33; Rem. Supp. 1949 § 45.09.33.]

48.09.340 Impairment of surplus. (1) If the assets of a domestic mutual insurer on the cash premium plan fall below the amount of its liabilities, plus the amount of any surplus required by this code for the kinds of insurance authorized to be transacted, the commissioner shall at once ascertain the amount of the deficiency and serve notice upon the insurer to cure the deficiency within ninety days after such service of notice.

(2) If the deficiency is not made good in cash or in assets eligible under this code for the investment of the insurer's funds, and proof thereof filed with the commissioner within such ninety-day period, the insurer shall be deemed insolvent and shall be proceeded against as authorized by this code.

(3) If the deficiency is not made good the insurer shall not issue or deliver any policy after the expiration of such ninety-day period. Any officer or director who violates or knowingly permits the violating of this provision shall be subject to a fine of from fifty dollars to one thousand dollars

for each violation. [1949 c 190 § 14; 1947 c 79 § 09.34; Rem. Supp. 1949 § 45.09.34.]

48.09.350 Reorganization of mutual as stock insurer—Reinsurance—Approval. (1) Upon satisfaction of the requirements applicable to the formation of a domestic stock insurer, a domestic mutual insurer may be reorganized as a stock corporation, pursuant to a plan of reorganization as approved by the commissioner.

(2) A domestic mutual insurer may be wholly reinsured in and its assets transferred to and its liabilities assumed by another mutual or stock insurer under such terms and conditions as are approved by the commissioner in advance of such reinsurance.

(3) The commissioner shall not approve any such reorganization plan or reinsurance agreement which does not determine the amount of and make adequate provision for paying to members of such mutual insurer, reasonable compensation for their equities as owners of such insurer, such compensation to be apportioned to members as identified and in the manner prescribed in RCW 48.09.360. The procedure for approval by the commissioner of any such reorganization plan or reinsurance agreement shall be the same as the procedure for approval by the commissioner of a plan of merger or consolidation under RCW 48.31.010.

Approval at a corporate meeting of members by two-thirds of the then members of a domestic mutual insurer who vote on the plan or agreement pursuant to such notice and procedure as was approved by the commissioner shall constitute approval of any such reorganization plan or reinsurance agreement by the insurer's members. [1984 c 23 § 1; 1983 1st ex.s. c 32 § 1; 1947 c 79 § .09.35; Rem. Supp. 1947 § 45.09.35.]

48.09.360 Distribution of assets and ownership equities upon liquidation. (1) Upon the liquidation of a domestic mutual insurer, its assets remaining after discharge of its indebtedness and policy obligations shall be distributed to its members who were such within the thirty-six months prior to the last termination of its certificate of authority.

(2) Upon the reorganization of a domestic mutual insurer as a domestic stock insurer under RCW 48.09.350(1) or upon reinsurance of the whole of the liabilities and transfer of all the assets of a domestic mutual insurer under RCW 48.09.350(2), the ownership equities of members of the domestic mutual insurer shall be distributed to its members who were such on an eligibility date stated in the reorganization plan or reinsurance agreement, or who were such within the thirty-six months prior to such eligibility date. Such eligibility date shall be either the date on which the reorganization plan or reinsurance agreement is adopted by resolution of the board of directors of the domestic mutual insurer, or the date on which the reorganization plan or reinsurance agreement is approved by a vote of the members, or the date which ends a calendar quarter during which either of such actions is taken.

(3) Upon the liquidation of a domestic mutual insurer, the distributive share of each such member shall be in the proportion that the aggregate premiums earned by the insurer on the policies of the member during the thirty-six months before the last termination of the insurer's certificate of authority, bear to the aggregate of all premiums so earned on

the policies of all such members during the same thirty-six months.

(4) Upon the reorganization of a domestic mutual insurer as a domestic stock insurer under RCW 48.09.350(1) or upon reinsurance of the whole of the liabilities and transfer of all the assets of a domestic mutual insurer under RCW 48.09.350(2), the distributive share of each member entitled thereto shall be in the proportion that the aggregate premiums earned by the insurer on the policies in force of that member during the thirty-six months before the eligibility date established under RCW 48.09.360(2) bear to the aggregate of all premiums so earned during the same thirty-six months on all the policies in force of all such members who are entitled to a distributive share.

(5) If a life insurer, the insurer shall make a reasonable classification of its life insurance policies so held by such members entitled to a distributive share and a formula based upon such classification for determining the equitable distributive share of each such member. Such classification and formula shall be subject to the commissioner's approval. [1984 c 23 § 2; 1947 c 79 § .09.36; Rem. Supp. 1947 § 45.09.36.]

48.10.010 "Reciprocal insurance" defined. "Reciprocal insurance" is that resulting from an interexchange among persons, known as "subscribers," of reciprocal agreements of indemnity, the interexchange being effectuated through an "attorney-in-fact" common to all such persons. [1947 c 79 § .10.01; Rem. Supp. 1947 § 45.10.01.]

48.10.020 "Reciprocal insurer" defined. A "reciprocal insurer" means an unincorporated aggregation of subscribers operating individually and collectively through an attorney-in-fact to provide reciprocal insurance among themselves. [1947 c 79 § .10.02; Rem. Supp. 1947 § 45.10.02.]

48.10.030 Scope of chapter. All authorized reciprocal insurers shall be governed by those sections of this chapter not expressly made applicable to domestic reciprocal insurers. [1947 c 79 § .10.03; Rem. Supp. 1947 § 45.10.03.]

48.10.050 Insuring powers of reciprocals. (1) A reciprocal insurer may, upon qualifying therefor as provided by this code, transact any kind or kinds of insurance defined by this code, other than life or title insurances.

(2) A reciprocal insurer may purchase reinsurance upon the risk of any subscriber, and may grant reinsurance as to any kind of insurance which it is authorized to transact direct. [1947 c 79 § .10.05; Rem. Supp. 1947 § 45.10.05.]

48.10.055 Real property—Attorney's duty. A reciprocal insurer may purchase, sell, mortgage, encumber, lease, or otherwise affect the title to real property for the purposes and objects of the reciprocal insurer. All deeds, notes, mortgages, or other documents relating to the real property may be executed in the name of the reciprocal insurer by its attorney. [1991 c 266 § 1.]

48.10.060 Name—Suits. A reciprocal insurer shall:

(1) Have and use a business name. The name shall include the word "reciprocal," or "interinsurer," or "interinsurance," or "exchange," or "underwriters," or "underwriting."

(2) Sue and be sued in its own name. [1947 c 79 § .10.06; Rem. Supp. 1947 § 45.10.06.]

48.10.070 Surplus funds required. (1) A domestic reciprocal insurer hereafter formed, if it has otherwise complied with the provisions of this code, may be authorized to transact insurance if it initially possesses surplus in an amount equal to or exceeding the capital and surplus requirements required under RCW 48.05.340(1) plus special surplus, if any, required under *RCW 48.05.360 and thereafter possesses, and maintains surplus funds equal to the paid-in capital stock required under RCW 48.05.340 of a stock insurer transacting like kinds of insurance, and the special surplus, if any, required under *RCW 48.05.360.

(2) A domestic reciprocal insurer which under prior laws held authority to transact insurance in this state may continue to be so authorized so long as it otherwise qualifies therefor and maintains surplus funds in amount not less than as required under laws of this state in force at the time such authority to transact insurance in this state was granted.

(3) A domestic reciprocal insurer heretofore formed shall maintain on deposit with the commissioner surplus funds of not less than the sum of one hundred thousand dollars, and to transact kinds of insurance transacted by it in addition to that authorized by its original certificate of authority, shall have and maintain surplus (including the amount of such deposit) in amount not less than the paid-in capital stock required under RCW 48.05.340(1) plus special

surplus, if any, required under *RCW 48.05.360, of a domestic stock insurer formed after 1967 and transacting the same kinds of insurance. Such additional surplus funds need not be deposited with the commissioner. [1985 c 264 § 4; 1975 1st ex.s. c 266 § 5; 1963 c 195 § 5; 1947 c 79 § .10.07; Rem. Supp. 1947 § 45.10.07.]

*Reviser's note: RCW 48.05.360 was repealed by 2005 c 223 § 35.

Additional notes found at www.leg.wa.gov

48.10.080 Attorney. (1) "Attorney" as used in this chapter refers to the attorney-in-fact of a reciprocal insurer. The attorney may be an individual, firm, or corporation.

(2) The attorney of a foreign or alien reciprocal insurer, which insurer is duly authorized to transact insurance in this state, shall not, by virtue of discharge of its duties as such attorney with respect to the insurer's transactions in this state, be thereby deemed to be doing business in this state within the meaning of any laws of this state applying to foreign persons, firms, or corporations.

(3) The subscribers and the attorney-in-fact comprise a reciprocal insurer and a single entity for the purposes of chapter 48.14 RCW as to all operations under the insurer's certificate of authority. [1965 ex.s. c 70 § 35; 1947 c 79 § .10.08; Rem. Supp. 1947 § 45.10.08.]

48.10.090 Organization of reciprocal. (1) Twenty-five or more persons domiciled in this state may organize a domestic reciprocal insurer and in compliance with this code make application to the commissioner for a certificate of authority to transact insurance.

(2) When applying for a certificate of authority, the original subscribers and the proposed attorney shall fulfill the requirements of and shall execute and file with the commissioner a declaration setting forth:

- (a) the name of the insurer;
- (b) the location of the insurer's principal office, which shall be the same as that of the attorney and shall be maintained within this state;
- (c) the kinds of insurance proposed to be transacted;
- (d) the names and addresses of the original subscribers;
- (e) the designation and appointment of the proposed attorney and a copy of the power of attorney;
- (f) the names and addresses of the officers and directors of the attorney, if a corporation, or of its members, if a firm;
- (g) the powers of the subscribers' advisory committee and the names and terms of office of the members thereof;
- (h) that all moneys paid to the reciprocal, after deducting therefrom any sum payable to the attorney, shall be held in the name of the insurer and for the purposes specified in the subscriber's agreement;
 - (i) a copy of the subscriber's agreement;
 - (j) a statement that each of the original subscribers has in good faith applied for insurance of the kind proposed to be transacted, and that the insurer has received from each such subscriber the full premium or premium deposit required for the policy applied for, for a term of not less than six months at the rate theretofore filed with and approved by the commissioner;
 - (k) a statement of the financial condition of the insurer, a schedule of its assets, and a statement that the surplus as required by RCW 48.10.070 is on hand;

(l) a copy of each policy, endorsement, and application form it then proposes to issue or use.

Such declaration shall be acknowledged by each such subscriber and by the attorney in the manner required for the acknowledgment of deeds to real estate. [1947 c 79 § .10.09; Rem. Supp. 1947 § 45.10.09.]

48.10.100 Policies of original subscribers, effective when. Any policy applied for by an original subscriber shall become effective coincidentally with the issuance of a certificate of authority to the reciprocal insurer. [1947 c 79 § .10.10; Rem. Supp. 1947 § 45.10.10.]

48.10.110 Certificate of authority. (1) The certificate of authority of a reciprocal insurer shall be issued to its attorney in the name of the insurer.

(2) The commissioner may refuse, suspend, or revoke the certificate of authority, in addition to other grounds therefor, for failure of its attorney to comply with any provision of this code. [1947 c 79 § .10.11; Rem. Supp. 1947 § 45.10.11.]

48.10.120 Power of attorney. (1) The rights and powers of the attorney of a reciprocal insurer shall be as provided in the power of attorney given it by the subscribers.

(2) The power of attorney must set forth:

- (a) The powers of the attorney;
- (b) that the attorney is empowered to accept service of process on behalf of the insurer and to authorize the commissioner to receive service of process in actions against the insurer upon contracts exchanged;
- (c) the services to be performed by the attorney in general;
- (d) the maximum amount to be deducted from advance premiums or deposits to be paid to the attorney;
- (e) except as to nonassessable policies, a provision for a contingent several liability of each subscriber in a specified amount which amount shall be not less than one nor more than ten times the premium or premium deposit stated in the policy.

(3) The power of attorney may:

- (a) Provide for the right of substitution of the attorney and revocation of the power of attorney and rights thereunder;
 - (b) impose such restrictions upon the exercise of the power as are agreed upon by the subscribers;
 - (c) provide for the exercise of any right reserved to the subscribers directly or through their advisory committee;
 - (d) contain other lawful provisions deemed advisable.
- (4) The terms of any power of attorney or agreement collateral thereto shall be reasonable and equitable, and no such power or agreement or any amendment thereof, shall be used or be effective in this state until approved by the commissioner. [1949 c 190 § 15; 1947 c 79 § .10.12; Rem. Supp. 1949 § 45.10.12.]

48.10.130 Modification of subscriber's agreement or power of attorney. Modification of the terms of the subscriber's agreement or of the power of attorney of a domestic reciprocal insurer shall be made jointly by the attorney and the subscribers' advisory committee. No such modification shall be effective retroactively, nor as to any insurance con-

tract issued prior thereto. [1947 c 79 § .10.13; Rem. Supp. 1947 § 45.10.13.]

48.10.140 Attorney's bond. (1) Concurrently with the filing of the declaration provided for in RCW 48.10.090, (or, if an existing domestic reciprocal insurer, within ninety days after the effective date of this code) the attorney of a domestic reciprocal shall file with the commissioner a bond running to the state of Washington. The bond shall be executed by the attorney and by an authorized corporate surety, and shall be subject to the commissioner's approval.

(2) The bond shall be in the penal sum of twenty-five thousand dollars, conditioned that the attorney will faithfully account for all moneys and other property of the insurer coming into his or her hands, and that he or she will not withdraw or appropriate for his or her own use from the funds of the insurer any moneys or property to which he or she is not entitled under the power of attorney.

(3) The bond shall provide that it is not subject to cancellation unless thirty days advance notice in writing of intent to cancel is given to both the attorney and the commissioner. [2009 c 549 § 7041; 1947 c 79 § .10.14; Rem. Supp. 1947 § 45.10.14.]

48.10.150 Deposit in lieu of bond. In lieu of such bond, the attorney may maintain on deposit with the commissioner a like amount in cash or in value of securities qualified under this code as insurers' investments, and subject to the same conditions as the bond. [1947 c 79 § .10.15; Rem. Supp. 1947 § 45.10.15.]

48.10.160 Actions on bond. Action on the attorney's bond or to recover against any such deposit made in lieu thereof may be brought at any one time by one or more subscribers suffering loss through a violation of the conditions thereof or by a receiver or liquidator of the insurer. Amounts so recovered shall be deposited in and become part of the insurer's funds. [1947 c 79 § .10.16; Rem. Supp. 1947 § 45.10.16.]

48.10.170 Service of legal process. (1) Each authorized reciprocal insurer must appoint the commissioner as its attorney to receive service of, and upon whom service must be served, all legal process issued against it in this state upon causes of action arising within this state. Service upon the commissioner as attorney constitutes service upon the insurer.

(2) With the appointment the insurer must designate the person to whom the commissioner must forward legal process so served upon him or her.

(3) The appointment of the commissioner as attorney is irrevocable, binds any successor in interest or to the assets or liabilities of the insurer, and remains in effect as long as there is in force in this state any contract made by the insurer or liabilities or duties arising under that contract.

(4) The service of process must be accomplished and processed in the manner prescribed under RCW 48.02.200.

(5) In lieu of service on the commissioner, legal process may be served upon a domestic reciprocal insurer by serving the insurer's attorney at his or her principal offices.

(6) Any judgment against the insurer based upon legal process so served is binding upon each of the insurer's subscribers as their respective interests may appear and in an amount not exceeding their respective contingent liabilities. [2011 c 47 § 7; 2009 c 549 § 7042; 1947 c 79 § .10.17; Rem. Supp. 1947 § 45.10.17.]

48.10.180 Annual statement. The annual statement of a reciprocal insurer shall be made and filed by the attorney. [1947 c 79 § .10.18; Rem. Supp. 1947 § 45.10.18.]

48.10.190 Attorney's contribution—Repayment. No contribution to a domestic reciprocal insurer's surplus by the attorney shall be retrievable by the attorney except under such terms and in such circumstances as the commissioner approves. [1947 c 79 § .10.19; Rem. Supp. 1947 § 45.10.19.]

48.10.200 Determination of financial condition. In determining the financial condition of a reciprocal insurer the commissioner shall apply the following rules:

(1) He or she shall charge as liabilities the same reserves as are required of incorporated insurers issuing nonassessable policies on a reserve basis.

(2) The surplus deposits of subscribers shall be allowed as assets, except that any premium deposit delinquent for ninety days shall first be charged against such surplus deposit.

(3) The surplus deposits of subscribers shall not be charged as a liability.

(4) All premium deposits delinquent less than ninety days shall be allowed as assets.

(5) An assessment levied upon subscribers, and not collected, shall not be allowed as an asset.

(6) The contingent liability of subscribers shall not be allowed as an asset.

(7) The computation of reserves shall be based upon premium deposits other than membership fees and without any deduction for the compensation of the attorney. [2009 c 549 § 7043; 1947 c 79 § .10.20; Rem. Supp. 1947 § 45.10.20.]

48.10.220 Who may become subscriber. Any person, government or governmental agency, state or political subdivision thereof, public or private corporation, board, association, estate, trustee, or fiduciary may be a subscriber of a reciprocal insurer. [1947 c 79 § .10.22; Rem. Supp. 1947 § 45.10.22.]

48.10.230 Subscribers' advisory committee. (1) The advisory committee of a domestic reciprocal insurer exercising the subscribers' rights shall be selected under such rules as the subscribers adopt.

(2) Not less than three-fourths of such committee shall be composed of subscribers other than the attorney, or any person employed by, representing, or having a financial interest in the attorney.

(3) The committee shall:

(a) Supervise the finances of the insurer;

(b) supervise the insurer's operations to such extent as to assure their conformity with the subscribers' agreement and power of attorney;

(c) procure the audit of the accounts and records of the insurer and of the attorney at the expense of the insurer;

(d) have such additional powers and functions as may be conferred by the subscribers' agreement. [1947 c 79 § .10.23; Rem. Supp. 1947 § 45.10.23.]

48.10.250 Assessment liability of subscriber. (1) The liability of each subscriber subject to assessment for the obligations of the reciprocal insurer shall not be joint, but shall be individual and several.

(2) Each subscriber who is subject to assessment shall have a contingent assessment liability, in the amount provided for in the power of attorney or in the subscribers' agreement, for payment of actual losses and expenses incurred while his or her policy was in force. Such contingent liability may be at the rate of not less than one nor more than ten times the premium or premium deposit stated in the policy, and the maximum aggregate thereof shall be computed in the manner set forth in RCW 48.10.290.

(3) Each assessable policy issued by the insurer shall plainly set forth a statement of the contingent liability. [2009 c 549 § 7044; 1947 c 79 § .10.25; Rem. Supp. 1947 § 45.10.25.]

48.10.260 Action against subscriber requires judgment against insurer. (1) No action shall lie against any subscriber upon any obligation claimed against the insurer until a final judgment has been obtained against the insurer and remains unsatisfied for thirty days.

(2) Any such judgment shall be binding upon each subscriber only in such proportion as his or her interests may appear and in an amount not exceeding his or her contingent liability, if any. [2009 c 549 § 7045; 1947 c 79 § .10.26; Rem. Supp. 1947 § 45.10.26.]

48.10.270 Assessments. (1) Assessments may be levied from time to time upon the subscribers of a domestic reciprocal insurer, other than as to nonassessable policies, by the attorney upon approval in advance by the subscribers' advisory committee and the commissioner; or by the commissioner in liquidation of the insurer.

(2) Each such subscriber's share of a deficiency for which an assessment is made, not exceeding in any event his or her aggregate contingent liability as computed in accordance with RCW 48.10.290, shall be computed by applying to the premium earned on the subscriber's policy or policies during the period to be covered by the assessment, the ratio of the total deficiency to the total premiums earned during such period upon all policies subject to the assessment.

(3) In computing the earned premiums for the purposes of this section, the gross premium received by the insurer for the policy shall be used as a base, deducting therefrom solely charges not recurring upon the renewal or extension of the policy.

(4) No subscriber shall have an offset against any assessment for which he or she is liable, on account of any claim for unearned premium or losses payable. [2009 c 549 § 7046; 1947 c 79 § .10.27; Rem. Supp. 1947 § 45.10.27.]48.10.280

48.10.280 Time limit for assessment. Every subscriber of a domestic reciprocal insurer having contingent liability shall be liable for, and shall pay his or her share of any assessment, as computed and limited in accordance with this chapter, if:

(1) While his or her policy is in force or within one year after its termination, he or she is notified by either the attorney or the commissioner of his or her intention to levy such assessment; or

(2) If an order to show cause why a receiver, conservator, rehabilitator, or liquidator of the insurer should not be appointed is issued pursuant to RCW 48.31.190 while his or her policy is in force or within one year after its termination. [2009 c 549 § 7047; 1947 c 79 § .10.28; Rem. Supp. 1947 § 45.10.28.]

48.10.290 Aggregate liability. No one policy or subscriber as to such policy, shall be assessed or be charged with an aggregate of contingent liability as to obligations incurred by a domestic reciprocal insurer in any one calendar year, in excess of the number of times the premium as stated in the policy as computed solely upon premium earned on such policy during that year. [1947 c 79 § .10.29; Rem. Supp. 1947 § 45.10.29.]

48.10.300 Nonassessable policies. (1) Subject to the special surplus requirements of *RCW 48.05.360, if a reciprocal insurer has a surplus of assets over all liabilities at least equal to the minimum capital stock required of a domestic stock insurer authorized to transact like kinds of insurance, upon application of the attorney and as approved by the subscribers' advisory committee the commissioner shall issue his or her certificate authorizing the insurer to extinguish the contingent liability of subscribers under its policies then in force in this state, and to omit provisions imposing contingent liability in all policies delivered or issued for delivery in this state for so long as all such surplus remains unimpaired.

(2) Upon impairment of such surplus, the commissioner shall forthwith revoke the certificate. No policy shall thereafter be issued or renewed without providing for the contingent assessment liability of subscribers.

(3) The commissioner shall not authorize a domestic reciprocal insurer so to extinguish the contingent liability of any of its subscribers or in any of its policies to be issued, unless it qualifies to and does extinguish such liability of all its subscribers and in all such policies for all kinds of insurance transacted by it. Except, that if required by the laws of another state in which the insurer is transacting insurance as an authorized insurer, the insurer may issue policies providing for the contingent liability of such of its subscribers as may acquire such policies in such state, and need not extinguish the contingent liability applicable to policies theretofore in force in such state. [2009 c 549 § 7048; 1983 c 3 § 148; 1947 c 79 § .10.30; Rem. Supp. 1947 § 45.10.30.]

*Reviser's note: RCW 48.05.360 was repealed by 2005 c 223 § 35.

48.10.310 Return of savings to subscribers. A reciprocal insurer may from time to time return to its subscribers any savings or credits accruing to their accounts. Any such distribution shall not unfairly discriminate between classes of

risks, or policies, or between subscribers. [1947 c 79 § .10.31; Rem. Supp. 1947 § 45.10.31.]

48.10.320 Distribution of assets upon liquidation.

Upon the liquidation of a domestic reciprocal insurer, its assets remaining after discharge of its indebtedness and policy obligations, the return of any contribution of the attorney to its surplus made as provided in RCW 48.10.190, and the return of any unused deposits, savings, or credits, shall be distributed to its subscribers who were such within the twelve months prior to the last termination of its certificate of authority according to such formula as may have been approved by the commissioner. [1947 c 79 § .10.32; Rem. Supp. 1947 § 45.10.32.]

48.10.330 Merger—Conversion to stock or mutual insurer.

(1) A domestic reciprocal insurer, upon affirmative vote of not less than two-thirds of the subscribers who vote upon such merger pursuant to such notice as may be approved by the commissioner and with the approval of the commissioner of the terms therefor, may merge with another reciprocal insurer or be converted to a stock or mutual insurer.

(2) Such a stock or mutual insurer shall be subject to the same capital requirements and shall have the same rights as a like domestic insurer transacting like kinds of insurance.

(3) The commissioner shall not approve any plan for such merger or conversion which is inequitable to subscribers, or which, if for conversion to a stock insurer, does not give each subscriber preferential right to acquire stock of the proposed insurer proportionate to his or her interest in the reciprocal insurer as determined in accordance with RCW 48.10.320 and a reasonable length of time within which to exercise such right. [2009 c 549 § 7049; 1947 c 79 § .10.33; Rem. Supp. 1947 § 45.10.33.]

48.10.340 Impairment of assets—Procedure. (1) If the assets of a domestic reciprocal insurer are at any time insufficient to discharge its liabilities other than any liability on account of funds contributed by the attorney, and to maintain the surplus required for the kinds of insurance it is authorized to transact, its attorney shall forthwith levy an assessment upon subscribers made subject to assessment by the terms of their policies for the amount needed to make up the deficiency.

(2) If the attorney fails to make the assessment within thirty days after the commissioner orders him or her to do so, or if the deficiency is not fully made up within sixty days after the date the assessment was made, the insurer shall be deemed insolvent and shall be proceeded against as authorized by this code.

(3) If liquidation of such an insurer is ordered, an assessment shall be levied upon the subscribers for such an amount, subject to limits as provided by this chapter, as the commissioner determines to be necessary to discharge all liabilities of the insurer, exclusive of any funds contributed by the attorney, but including the reasonable cost of the liquidation. [2009 c 549 § 7050; 1947 c 79 § .10.34; Rem. Supp. 1947 § 45.10.34.]

48.11.040 "Property insurance" defined. "Property insurance" is insurance against loss of or damage to real or personal property of every kind and any interest therein, from any or all hazard or cause, and against loss consequential upon such loss or damage. [1947 c 79 § .11.04; Rem. Supp. 1947 § 45.11.04.]

48.11.050 "Marine and transportation insurance" defined. "Marine and transportation insurance" is:

(1) Insurance against loss of or damage to:

(a) Vessels, craft, aircraft, vehicles, goods, freights, cargoes, merchandise, effects, disbursements, profits, moneys, securities, choses in action, evidences of debt, valuable papers, bottomry, and respondentia interests and all other kinds of property and interests therein, in respect to, appertaining to or in connection with any and all risks or perils of navigation, transit or transportation, or while being assembled, packed, crated, baled, compressed or similarly prepared for shipment or while awaiting shipment, or during any delays, storage, transshipment, or reshipment incident thereto, including war risks, marine builder's risks, and all personal property floater risks.

(b) Person or property in connection with or appertaining to a marine, transit or transportation insurance, including liability for loss of or damage to either incident to the construction, repair, operation, maintenance or use of the subject matter of such insurance (but not including life insurance or surety bonds nor insurance against loss by reason of bodily injury to any person arising out of the ownership, maintenance, or use of automobiles).

(c) Precious stones, jewels, jewelry, precious metals, whether in course of transportation or otherwise.

(d) Bridges, tunnels and other instrumentalities of transportation and communication (excluding buildings, their furniture and furnishings, fixed contents and supplies held in storage); piers, wharves, docks and slips, and other aids to navigation and transportation, including dry docks and marine railways, dams and appurtenant facilities for the control of waterways.

(2) "Marine protection and indemnity insurance," meaning insurance against, or against legal liability of the insured for, loss, damage, or expense incident to ownership, operation, chartering, maintenance, use, repair or construction of any vessel, craft or instrumentality in use in ocean or inland waterways, including liability of the insured for personal injury, illness or death or for loss of or damage to the property of another person. [1947 c 79 § .11.05; Rem. Supp. 1947 § 45.11.05.]

48.11.060 "Vehicle insurance" defined. (1) "Vehicle insurance" is insurance against loss or damage to any land vehicle or aircraft or any draft or riding animal or to property while contained therein or thereon or being loaded or unloaded therein or therefrom, and against any loss or liability resulting from or incident to ownership, maintenance, or use of any such vehicle or aircraft or animal.

(2) Insurance against accidental death or accidental injury to individuals while in, entering, alighting from, adjusting, repairing, cranking, or caused by being struck by a vehicle, aircraft, or draft or riding animal, if such insurance is issued as part of insurance on the vehicle, aircraft, or draft or riding animal, shall be deemed to be vehicle insurance. [1947 c 79 § .11.06; Rem. Supp. 1947 § 45.11.06.]

48.11.070 "General casualty insurance" defined. "General casualty insurance" includes vehicle insurance as defined in RCW 48.11.060, and in addition is insurance:

(1) Against legal liability for the death, injury, or disability of any human being, or for damage to property.

(2) Of medical, hospital, surgical and funeral benefits to persons injured, irrespective of legal liability of the insured, when issued with or supplemental to insurance against legal liability for the death, injury or disability of human beings.

(3) Of the obligations accepted by, imposed upon, or assumed by employers under law for workers' compensation.

(4) Against loss or damage by burglary, theft, larceny, robbery, forgery, fraud, vandalism, malicious mischief, confiscation or wrongful conversion, disposal or concealment, or from any attempt of any of the foregoing; also insurance against loss of or damage to moneys, coins, bullion, securities, notes, drafts, acceptances or any other valuable papers or documents, resulting from any cause, except while in the cus-

tody or possession of and being transported by any carrier for hire or in the mail.

(5) Upon personal effects against loss or damage from any cause.

(6) Against loss or damage to glass, including its lettering, ornamentation and fittings.

(7) Against any liability and loss or damage to property resulting from accidents to or explosions of boilers, pipes, pressure containers, machinery, or apparatus and to make inspection of and issue certificates of inspection upon elevators, boilers, machinery, and apparatus of any kind.

(8) Against loss or damage to any property caused by the breakage or leakage of sprinklers, water pipes and containers, or by water entering through leaks or openings in buildings.

(9) Against loss or damage resulting from failure of debtors to pay their obligations to the insured (credit insurance).

(10) Against any other kind of loss, damage, or liability properly the subject of insurance and not within any other kind or kinds of insurance as defined in this chapter, if such insurance is not contrary to law or public policy. [1987 c 185 § 18; 1953 c 197 § 5; 1947 c 79 § .11.07; Rem. Supp. 1947 § 45.11.07.]

Intent—Severability—1987 c 185: See notes following RCW 51.12.130.

48.11.080 "Surety insurance" defined. "Surety insurance" includes:

(1) Credit insurance as defined in subdivision (9) of RCW 48.11.070.

(2) Bail bond insurance.

(3) Fidelity insurance, which is insurance guaranteeing the fidelity of persons holding positions of public or private trust.

(4) Guaranteeing the performance of contracts, other than insurance policies, and guaranteeing and executing bonds, undertakings, and contracts of suretyship.

(5) Indemnifying banks, bankers, brokers, financial or moneyed corporations or associations against loss resulting from any cause of bills of exchange, notes, bonds, securities, evidence of debts, deeds, mortgages, warehouse receipts, or other valuable papers, documents, money, precious metals and articles made therefrom, jewelry, watches, necklaces, bracelets, gems, precious and semiprecious stones, including any loss while the same are being transported in armored motor vehicles, or by messenger, but not including any other risks of transportation or navigation; also against loss or damage to such an insured's premises, or to his or her furnishings, fixtures, equipment, safes and vaults therein, caused by burglary, robbery, theft, vandalism or malicious mischief, or any attempt thereat. [2009 c 549 § 7051; 1967 c 150 § 8; 1947 c 79 § .11.08; Rem. Supp. 1947 § 45.11.08.]

48.11.100 "Title insurance" defined. "Title insurance" is insurance of owners of property or others having an interest in real property, against loss by encumbrance, or defective titles, or adverse claim to title, and associated services. [2005 c 223 § 3; 1947 c 79 § .11.10; Rem. Supp. 1947 § 45.11.10.]

48.11.105 "Ocean marine and foreign trade insurances" defined. For the purposes of this code other than as to chapter 48.19 RCW "ocean marine and foreign trade insurances" shall include only:

(1) Insurances upon vessels, crafts, hulls, and of interests therein or with relation thereto;

(2) Insurance of marine builders' risks, marine war risks, and contracts of marine protection and indemnity insurance;

(3) Insurance of freights and disbursements pertaining to a subject of insurance coming within this definition;

(4) Insurance of personal property and interests therein, in course of exportation from or importation into any country, or in course of transportation coastwise, including transportation by land, water, or air from point of origin to final destination, in respect to, appertaining to, or in connection with, any and all risks or perils of navigation, transit, or transportation, and while being prepared for and while awaiting shipment, and during any delays, storage, transshipment, or reshipment incident thereto. [2007 c 80 § 5.]

48.11.130 Reinsurance powers. A domestic mutual assessment insurer shall not have authority to accept reinsurance. Any other domestic insurer may accept reinsurance only of such kinds of insurance as it is authorized to transact direct. [1947 c 79 § .11.13; Rem. Supp. 1947 § 45.11.13.]

48.11.140 Limitation of single risk. (1) An insurer may not retain any risk on any one subject of insurance, whether located or to be performed in this state or elsewhere, in an amount exceeding ten percent of its surplus to policyholders.

(2) For the purposes of this section, a "subject of insurance" as to insurance against fire includes all properties insured by the same insurer that are reasonably subject to loss or damage from the same fire.

(3) Reinsurance in an alien reinsurer not qualified under RCW 48.12.166 may not be deducted in determining risk retained for the purposes of this section.

(4) In the case of surety insurance, the net retention shall be computed after deduction of reinsurances, the amount assumed by any co-surety, the value of any security deposited, pledged, or held subject to the consent of the surety and for the protection of the surety.

(5) This section does not apply to life insurance, disability insurance, title insurance, or insurance of marine risks or marine protection and indemnity risks. [2005 c 223 § 4; 1993 c 462 § 53; 1983 c 3 § 149; 1959 c 225 § 2; 1947 c 79 § .11.14; Rem. Supp. 1947 § 45.11.14.]

(1) Cash in the possession of the insurer or in transit under its control, and the true balance of any deposit of the insurer in a solvent bank or trust company;

(2) Investments, securities, properties, and loans acquired or held in accordance with this code, and in connection therewith the following items:

(a) Interest due or accrued on any bond or evidence of indebtedness which is not in default and which is not valued on a basis including accrued interest.

(b) Declared and unpaid dividends on stocks and shares unless such amount has otherwise been allowed as an asset.

(c) Interest due or accrued upon a collateral loan in an amount not to exceed one year's interest thereon.

(d) Interest due or accrued on deposits in solvent banks and trust companies, and interest due or accrued on other assets if such interest is in the judgment of the commissioner a collectible asset.

(e) Interest due or accrued on a mortgage loan, in amount not exceeding in any event the amount, if any, of the difference between the unpaid principal and the value of the property less delinquent taxes thereon; but if any interest on the loan is in default more than one hundred eighty days, or if any interest on the loan is in default and any taxes or any installment thereof on the property are and have been due and unpaid for more than one hundred eighty days, no allowance shall be made for any interest on the loan.

(f) Rent due or accrued on real property if such rent is not in arrears for more than three months;

(3) Premium notes, policy loans, and other policy assets and liens on policies of life insurance, in amount not exceeding the legal reserve and other policy liabilities carried on each individual policy;

(4) The net amount of uncollected and deferred premiums in the case of a life insurer which carries the full annual mean tabular reserve liability;

(5) Premiums in the course of collection, other than for life insurance, not more than ninety days past due, less commissions payable thereon. The foregoing limitation shall not

apply to premiums payable directly or indirectly by the United States government or any of its instrumentalities;

(6) Installment premiums other than life insurance premiums, in accordance with regulations prescribed by the commissioner consistent with practice formulated or adopted by the National Association of Insurance Commissioners;

(7) Notes and like written obligations not past due, taken for premiums other than life insurance premiums, on policies permitted to be issued on such basis, to the extent of the unearned premium reserves carried thereon and unless otherwise required by regulation prescribed by the commissioner;

(8) Reinsurance recoverable subject to RCW 48.12.160;

(9) Amounts receivable by an assuming insurer representing funds withheld by a solvent ceding insurer under a reinsurance treaty;

(10) Deposits or equities recoverable from underwriting associations, syndicates and reinsurance funds, or from any suspended banking institution, to the extent deemed by the commissioner available for the payment of losses and claims and at values to be determined by him or her;

(11) Electronic and mechanical machines constituting a data processing and accounting system if the cost of such system is at least twenty-five thousand dollars, which cost shall be amortized in full over a period not to exceed three calendar years; and

(12) Other assets, not inconsistent with the foregoing provisions, deemed by the commissioner available for the payment of losses and claims, at values to be determined by him or her. [2009 c 549 § 7052; 2007 c 80 § 2; 1977 ex.s. c 180 § 2; 1963 c 195 § 11; 1947 c 79 § .12.01; Rem. Supp. 1947 § 45.12.01.]

48.12.020 Nonallowable assets. In addition to assets impliedly excluded under RCW 48.12.010, the following expressly shall not be allowed as assets in any determination of the financial condition of an insurer:

(1) Goodwill, except in accordance with regulations prescribed by the commissioner, trade names, agency plants and other like intangible assets.

(2) Prepaid or deferred charges for expenses and commissions paid by the insurer.

(3) Advances to officers (other than policy loans or loans made pursuant to RCW 48.07.130), whether secured or not, and advances to employees, agents and other persons on personal security only.

(4) Stock of such insurer, owned by it, or any equity therein or loans secured thereby, or any proportionate interest in such stock through the ownership by such insurer of an interest in another firm, corporation or business unit.

(5) Furniture, furnishings, fixtures, safes, equipment, vehicles, library, stationery, literature, and supplies; except, electronic and mechanical machines authorized by subsection (11) of RCW 48.12.010, or such personal property as the insurer is permitted to hold pursuant to paragraph (e) of subsection (2) of *RCW 48.13.160, or which is acquired through foreclosure of chattel mortgages acquired pursuant to *RCW 48.13.150, or which is reasonably necessary for the maintenance and operation of real estate lawfully acquired and held by the insurer other than real estate used by it for home office, branch office, and similar purposes.

(2012 Ed.)

(6) The amount, if any, by which the aggregate book value of investments as carried in the ledger assets of the insurer exceeds the aggregate value thereof as determined under this code. [1982 c 218 § 1; 1963 c 195 § 12; 1947 c 79 § .12.02; Rem. Supp. 1947 § 45.12.02.]

*Reviser's note: RCW 48.13.150 and 48.13.160 were repealed by 2011 c 188 § 22, effective July 1, 2012.

Additional notes found at www.leg.wa.gov

48.12.030 Liabilities. In any determination of the financial condition of an insurer, liabilities to be charged against its assets shall include:

(1) The amount of its capital stock outstanding, if any; and

(2) The amount, estimated consistent with the provisions of this chapter, necessary to pay all of its unpaid losses and claims incurred on or prior to the date of statement, whether reported or unreported, together with the expense of adjustment or settlement thereof; and

(3) With reference to life and disability insurance, and annuity contracts,

(a) the amount of reserves on life insurance policies and annuity contracts in force (including disability benefits for both active and disabled lives, and accidental death benefits, in or supplementary thereto) and disability insurance, valued according to the tables of mortality, tables of morbidity, rates of interest, and methods adopted pursuant to this chapter which are applicable thereto; and

(b) any additional reserves which may be required by the commissioner, consistent with practice formulated or approved by the National Association of Insurance Commissioners, on account of such insurances; and

(4) With reference to insurances other than those specified in subdivision (3) of this section, and other than title insurance, the amount of reserves equal to the unearned portions of the gross premiums charged on policies in force, computed in accordance with this chapter; and

(5) Taxes, expenses, and other obligations accrued at the date of the statement; and

(6) Any additional reserve set up by the insurer for a specific liability purpose or required by the commissioner consistent with practices adopted or approved by the National Association of Insurance Commissioners. [1973 1st ex.s. c 162 § 1; 1947 c 79 § .12.03; Rem. Supp. 1947 § 45.12.03.]

48.12.040 Unearned premium reserve, property, casualty, and surety insurance. (1) With reference to insurances against loss or damage to property, except as provided in RCW 48.12.050, and with reference to all general casualty insurances, and surety insurances, every insurer shall maintain an unearned premium reserve on all policies in force.

(2) The commissioner may require that such reserve shall be equal to the unearned portions of the gross premiums in force after deducting authorized reinsurance, as computed on each respective risk from the policy's date of issue. If the commissioner does not so require, the portions of the gross premiums in force, less authorized reinsurance, to be held as a premium reserve, shall be computed according to the following table:

Term for which policy was written	Reserve for unearned premium
One year, or less	1/2
Two years	First year 3/4 Second year 1/4
Three years	First year 5/6 Second year 1/2 Third year 1/6
Four years	First year 7/8 Second year 5/8 Third year 3/8 Fourth year 1/8
Five years	First year 9/10 Second year 7/10 Third year 1/2 Fourth year 3/10 Fifth year 1/10
Over five years	Pro rata

(3) In lieu of computation according to such table, all of such reserves may be computed, at the insurer's option, on a monthly pro rata basis.

(4) After adopting any one of the methods for computing such reserve an insurer shall not change methods without the commissioner's approval.

(5) If, for certain policies, the insurer's exposure to loss is uneven over the policy term, the commissioner may grant permission to the insurer to use a different method of calculating the unearned premium reserve on those certain policies. [1995 c 35 § 1; 1973 1st ex.s. c 162 § 2; 1947 c 79 § .12.04; Rem. Supp. 1947 § 45.12.04.]

48.12.050 Unearned premium reserve, marine and transportation insurance. With reference to marine and transportation insurances, premiums on trip risks not terminated shall be deemed unearned and the commissioner may require the insurer to carry a reserve thereon equal to one hundred percent on trip risks written during the month ended as of the date of statement; and computed upon a pro rata basis or, with the commissioner's consent, in accordance with the alternative methods provided in RCW 48.12.040 for all other risks. [1947 c 79 § .12.05; Rem. Supp. 1947 § 45.12.05.]

48.12.060 Reserve—Disability insurance. For all disability insurance policies the insurer shall maintain an active life reserve which shall place a sound value on its liabilities under such policies and be not less than the reserve according to appropriate standards set forth in regulations issued by the commissioner and, in no event, less in the aggregate than the pro rata gross unearned premiums for such policies. [1973 1st ex.s. c 162 § 3; 1947 c 79 § .12.06; Rem. Supp. 1947 § 45.12.06.]

48.12.070 Loss records. An insurer shall maintain a complete and itemized record showing all losses and claims as to which it has received notice, including with regard to property, casualty, surety, and marine and transportation insurances, all notices received of the occurrence of any event which may result in a loss. [1947 c 79 § .12.07; Rem. Supp. 1947 § 45.12.07.]

48.12.080 Increased reserves. (1) If the commissioner determines that an insurer's unearned premium reserves, however computed, are inadequate, he or she may require the insurer to compute such reserves or any part thereof according to such other method or methods as are prescribed in this chapter.

(2) If the loss experience of an insurer shows that its loss reserves, however estimated, are inadequate, the commissioner shall require the insurer to maintain loss reserves in such increased amount as is needed to make them adequate. [2009 c 549 § 7053; 1947 c 79 § .12.08; Rem. Supp. 1947 § 45.12.08.]

48.12.090 Loss reserves—Liability insurance. The reserves for outstanding losses and loss expenses under policies of personal injury liability insurance and under policies of employer's liability insurance shall be computed as follows:

(1) The reserves for outstanding losses and loss expenses under policies of personal injury liability insurance and under policies of employer's liability insurance shall be computed in accordance with accepted loss-reserving standards and principles and shall make a reasonable provision for all unpaid loss and loss expense obligations of the insurer under the terms of such policies.

(2) Reserves under liability policies written during the three years immediately preceding the date of determination shall include any additional reserves required by the annual statement instructions of the national association of insurance commissioners. [1995 c 35 § 2; 1947 c 79 § .12.09; Rem. Supp. 1947 § 45.12.09.]

48.12.100 Unallocated liability loss expense. Subject to any restrictions contained in the annual statement instructions or accounting practices and procedures manuals of the national association of insurance commissioners, all unallocated liability loss expense payments shall be distributed as follows:

(1) All payments associated with particular claims shall be distributed to the year in which the claim was covered; and

(2) All other payments shall be distributed by year in a reasonable manner. [1995 c 35 § 3; 1947 c 79 § .12.10; Rem. Supp. 1947 § 45.12.10.]

48.12.110 Schedule of experience. Any insurer transacting any liability or workers' compensation insurances shall include in its annual statement filed with the commissioner, a schedule of its experience thereunder in such form as the commissioner may prescribe. [1987 c 185 § 19; 1947 c 79 § .12.11; Rem. Supp. 1947 § 45.12.11.]

Intent—Severability—1987 c 185: See notes following RCW 51.12.130.

48.12.140 "Loss payments," "loss expense" defined. "Loss payments" and "loss expense payments" as used with reference to liability and workers' compensation insurances shall include all payments to claimants, payments for medical and surgical attendance, legal expenses, salaries and expenses of investigators, adjusters and claims field representatives, rents, stationery, telegraph and telephone charges, postage, salaries and expenses of office employees, home

office expenses and all other payments made on account of claims, whether such payments are allocated to specific claims or are unallocated. [2009 c 549 § 7054; 1987 c 185 § 22; 1947 c 79 § .12.14; Rem. Supp. 1947 § 45.12.14.]

Intent—Severability—1987 c 185: See notes following RCW 51.12.130.

48.12.154 Rules. The commissioner may adopt rules to implement and administer chapter 379, Laws of 1997. [1997 c 379 § 9.]

Purpose—Intent—1997 c 379: See note following RCW 48.12.156.

48.12.156 Qualified United States financial institution—Definition. For purposes of chapter 379, Laws of 1997, a "qualified United States financial institution" means an institution that complies with all of the following:

(1) Is organized or, in the case of a United States office of a foreign banking organization, licensed under the laws of the United States or any state thereof;

(2) Is regulated, supervised, and examined by United States federal or state authorities having regulatory authority over banks and trust companies;

(3) Has been determined by the commissioner, or, in the discretion of the commissioner, the securities valuation office of the national association of insurance commissioners, to meet such standards of financial condition and standing as are considered necessary and appropriate to regulate the quality of financial institutions whose letters of credit will be acceptable to the commissioner; and

(4) Is not affiliated with the assuming company. [1997 c 379 § 2.]

Purpose—Intent—1997 c 379: "(1) The purpose of this act is to protect the interest of insureds, claimants, ceding insurers, assuming insurers, and the public generally.

(2) It is the intent of the legislature to ensure adequate regulation of insurers and reinsurers and adequate protection for those to whom they owe obligations.

(3) It is also the intent of the legislature to declare that the matters contained in this act are fundamental to the business of insurance and to exercise its powers and privileges under 15 U.S.C. Secs. 1011 and 1012." [1997 c 379 § 1.]

48.12.158 Insolvency of non-United States insurer or reinsurer—Maintenance of assets—Claims. Upon insolvency of a non-United States insurer or reinsurer that provides security to fund its United States obligations in accordance with chapter 379, Laws of 1997, the assets representing the security must be maintained in the United States and claims must be filed with and valued by the state insurance commissioner with regulatory oversight, and the assets distributed, in accordance with the insurance laws of the state in which the trust is domiciled that are applicable to the liquidation of domestic United States insurance companies. [1997 c 379 § 3.]

Purpose—Intent—1997 c 379: See note following RCW 48.12.156.

48.12.160 Credit for reinsurance—Trust fund—Regulatory oversight. (1) Any insurance company organized under the laws of this state may take credit as an asset or as a deduction from loss or claim, unearned premium, or life policy or contract reserves on risks ceded to a reinsurer to the extent reinsured by an insurer or insurers holding a certificate of authority to transact that kind of business in this state,

unless the assuming insurer is the subject of a regulatory order or regulatory oversight by a state in which it is licensed based upon a commissioner's determination that the assuming insurer is in a hazardous financial condition. The credit on ceded risks reinsured by any insurer which is not authorized to transact business in this state may be taken:

(a) Where the reinsurer is a group including incorporated and unincorporated underwriters, and the group maintains a trust fund in a qualified United States financial institution which trust fund must be in an amount equal to:

(i) For reinsurance ceded under reinsurance agreements with an inception, amendment, or renewal date on or after August 1, 1995, funds in trust in an amount not less than the group's several liabilities attributable to business ceded by United States domiciled insurers to any member of the group; or

(ii) For reinsurance ceded under reinsurance agreements with an inception date on or before July 31, 1995, and not amended or renewed after that date, notwithstanding the other provisions of chapter 379, Laws of 1997, funds in trust in an amount not less than the group's several insurance and reinsurance liabilities attributable to business written in the United States.

In addition, the group shall maintain a trustee surplus of which one hundred million dollars shall be held jointly and exclusively for the benefit of United States ceding insurers of any member of the group.

The incorporated members of the group shall not be engaged in any business other than underwriting as a member of the group and shall be subject to the same level of solvency regulation and control by the group's domiciliary regulator as are the unincorporated members; and the group shall make available to the commissioner an annual certification of the solvency of each underwriter by the group's domiciliary regulator and its independent public accountants;

(b) Where the reinsurer does not meet the definition of (a) of this subsection, the single assuming alien reinsurer that, as of the date of the ceding insurer's statutory financial statement, maintains a trust fund in a qualified United States financial institution, which trust fund must be in an amount not less than the assuming alien reinsurer's liabilities attributable to reinsurance ceded by United States domiciled insurers, and in addition, the assuming insurer shall maintain a trustee surplus of not less than twenty million dollars, and the assuming alien reinsurer maintaining the trust fund must have received a registration from the commissioner under RCW 48.12.166. The assuming alien reinsurer shall report on or before February 28th to the commissioner substantially the same information as that required to be reported on the national association of insurance commissioners annual statement form by licensed insurers, to enable the commissioner to determine the sufficiency of the trust fund;

(c) In an amount not exceeding:

(i) The amount of deposits by and funds withheld from the assuming insurer pursuant to express provision therefor in the reinsurance contract, as security for the payment of the obligations thereunder, if the deposits or funds are assets of the types and amounts that are authorized under chapter 48.13 RCW and are held subject to withdrawal by and under the control of the ceding insurer or if the deposits or funds are placed in trust for these purposes in a bank which is a member

of the federal reserve system and withdrawals from the trust cannot be made without the consent of the ceding company; or

(ii) The amount of a clean, irrevocable, and unconditional letter of credit issued by a United States bank that is determined by the national association of insurance commissioners to meet credit standards for issuing letters of credit in connection with reinsurance, and issued for a term of at least one year with provisions that it must be renewed unless the bank gives notice of nonrenewal at least thirty days before the expiration issued under arrangements satisfactory to the commissioner of insurance as constituting security to the ceding insurer substantially equal to that of a deposit under (c)(i) of this subsection.

(2) Credit for reinsurance may not be granted under subsection (1)(a), (b), and (c)(i) of this section unless:

(a) The form of the trust and amendments to the trust have been approved by the insurance commissioner of the state where the trust is located, or the insurance commissioner of another state who, pursuant to the terms of the trust agreement, has accepted principal regulatory oversight of the trust;

(b) The trust and trust amendments are filed with the commissioner of every state in which the ceding insurer beneficiaries of the trust are domiciled;

(c) The trust instrument provides that contested claims are valid, enforceable, and payable out of funds in trust to the extent remaining unsatisfied thirty days after entry of the final order of a court of competent jurisdiction in the United States;

(d) The trust vests legal title to its assets in the trustees of the trust for the benefit of the grantor's United States ceding insurers, their assigns, and successors in interest;

(e) The trust and the assuming insurer are subject to examination as determined by the commissioner;

(f) The trust shall remain in effect for as long as the assuming insurer, member, or former member of a group of insurers has outstanding obligations due under the reinsurance agreements subject to the trust; and

(g) No later than [than] February 28th of each year, the trustees of the trust report to the commissioner in writing setting forth the balance of the trust and listing the trust's investments at the preceding year end. In addition, the trustees of the trust shall certify the date of termination of the trust, if so planned, or certify that the trust shall not expire within the next twelve months.

(3) Any reinsurance ceded by a company organized under the laws of this state or ceded by any company not organized under the laws of this state and transacting business in this state must be payable by the assuming insurer on the basis of liability of the ceding company under the contract or contracts reinsured without diminution because of the insolvency of the ceding company, and any such reinsurance agreement which may be canceled on less than ninety days notice must provide for a run-off of the reinsurance in force at the date of cancellation.

(4) The domiciliary conservator, liquidator, receiver, or statutory successor of an insolvent ceding insurer shall give written notice to the assuming insurer of the pendency of a claim against the insolvent ceding insurer on the policy or bond reinsured within a reasonable time after such claim is

filed in the insolvency proceeding and that during the pendency of such claim any assuming insurer may investigate such claim and interpose, at its own expense, in the proceeding where such claim is to be adjudicated, any defense or defenses which it may deem available to the ceding insurer or its liquidator or receiver or statutory successor.

The expense thus incurred by the assuming insurer shall be chargeable subject to court approval against the insolvent ceding insurer as a part of the expense of liquidation to the extent of a proportionate share of the benefit which may accrue to the ceding insurer solely as a result of the defense undertaken by the assuming insurer.

(5) Where two or more assuming insurers are involved in the same claim and a majority in interest elect to interpose to such claim, the expense shall be apportioned in accordance with the terms of the reinsurance agreement as though such expense had been incurred by the ceding insurer.

(6) The credit permitted by subsection (1)(b) of this section is prohibited unless the assuming alien insurer agrees in the trust agreement, notwithstanding other provisions in the trust instrument, if the trust fund is inadequate because it contains an amount less than the amount required by subsection (1)(b) of this section or if the grantor of the trust has been declared insolvent or placed into receivership, rehabilitation, liquidation, or similar proceedings under the laws of its state or country of domicile:

(a) To comply with an order of the commissioner with regulatory oversight over the trust or with an order of a court of competent jurisdiction directing the trustee to transfer to the commissioner with regulatory oversight all of the assets of the trust fund;

(b) That assets be distributed by, and insurance claims of United States trust beneficiaries be filed with and valued by, the commissioner with regulatory oversight in accordance with the laws of the state in which the trust is domiciled that are applicable to the liquidation of domestic insurance companies;

(c) That if the commissioner with regulatory oversight determines that the assets of the trust fund or a part thereof are not necessary to satisfy the claims of the United States ceding insurers, which are United States trust beneficiaries, the assets or part thereof shall be returned by the commissioner with regulatory oversight to the trustee for distribution in accordance with the trust agreement; and

(d) That the grantor waives any right otherwise available to it under United States law that is inconsistent with this provision. [1997 c 379 § 6; 1996 c 297 § 1; 1994 c 86 § 1; 1993 c 91 § 2; 1977 ex.s. c 180 § 3; 1947 c 79 § .12.16; Rem. Supp. 1947 § 45.12.16.]

Purpose—Intent—1997 c 379: See note following RCW 48.12.156.

48.12.162 Credit for reinsurance—Contract provisions—After December 31, 1996—Payment—Rights of original insured or policyholder. (1) Credit for reinsurance in a reinsurance contract entered into after December 31, 1996, is allowed a domestic ceding insurer as either an asset or a deduction from liability in accordance with RCW 48.12.160 only if the reinsurance contract contains provisions that provide, in substance, as follows:

(a) The reinsurer shall indemnify the ceding insurer against all or a portion of the risk it assumed according to the terms and conditions contained in the reinsurance contract.

(b) In the event of insolvency and the appointment of a conservator, liquidator, or statutory successor of the ceding company, the portion of risk or obligation assumed by the reinsurer is payable to the conservator, liquidator, or statutory successor on the basis of claims allowed against the insolvent company by a court of competent jurisdiction or by a conservator, liquidator, or statutory successor of the company having authority to allow such claims, without diminution because of that insolvency, or because the conservator, liquidator, or statutory successor failed to pay all or a portion of any claims. Payments by the reinsurer as provided in this subsection are made directly to the ceding insurer or to its conservator, liquidator, or statutory successor, except where the contract of insurance, reinsurance, or other written agreement specifically provides another payee of such reinsurance in the event of the insolvency of the ceding insurer.

(2) Payment under a reinsurance contract must be made within a reasonable time with reasonable provision for verification in accordance with the terms of the reinsurance agreement. However, in no event shall the payments be beyond the period required by the national association of insurance commissioners accounting practices and procedures manual.

(3) The original insured or policyholder may not have any rights against the reinsurer that are not specifically set forth in the contract of reinsurance, or in a specific agreement between the reinsurer and the original insured or policyholder. [1997 c 379 § 4.]

Purpose—Intent—1997 c 379: See note following RCW 48.12.156.

48.12.164 Credit for reinsurance—Accounting or financial statement—After December 31, 1996. Credit for reinsurance, as either an asset or a deduction, is prohibited in an accounting or financial statement of the ceding insurer in respect to the reinsurance contract unless, in such contract, the reinsurer undertakes to indemnify the ceding insurer against all or a part of the loss or liability arising out of the original insurance. This section only applies to those reinsurance contracts entered into after December 31, 1996. [1997 c 379 § 5.]

Purpose—Intent—1997 c 379: See note following RCW 48.12.156.

48.12.166 Assuming alien reinsurer—Registration—Requirements—Duties of commissioner—Costs. (1) The assuming alien reinsurer must register with the commissioner and must:

(a) File with the commissioner evidence of its submission to this state's jurisdiction and to this state's authority to examine its books and records under chapter 48.03 RCW;

(b) Designate the commissioner as its lawful attorney upon whom service of all papers may be made for an action, suit, or proceeding instituted by or on behalf of the ceding insurer;

(c) File with the commissioner a certified copy of a letter or a certificate of authority or a certificate of compliance issued by the assuming alien insurer's domiciliary jurisdiction and the domiciliary jurisdiction of its United States reinsurance trust;

(d) Submit a statement, signed and verified by an officer of the assuming alien insurer to be true and correct, that discloses whether the assuming alien insurer or an affiliated person who owns or has a controlling interest in the assuming alien insurer is currently known to be the subject of one or more of the following:

(i) An order or proceeding regarding conservation, liquidation, or receivership;

(ii) An order or proceeding regarding the revocation or suspension of a license or accreditation to transact insurance or reinsurance in any jurisdiction; or

(iii) An order or proceeding brought by an insurance regulator in any jurisdiction seeking to restrict or stop the assuming alien insurer from transacting insurance or reinsurance based upon a hazardous financial condition.

The assuming alien insurer shall provide the commissioner with copies of all orders or other documents initiating proceedings subject to disclosure under this subsection. The statement must affirm that no actions, proceedings, or orders subject to this subsection are outstanding against the assuming alien insurer or an affiliated person who owns or has a controlling interest in the assuming alien insurer, except as disclosed in the statement;

(e) File other information, financial or otherwise, which the commissioner reasonably requests.

(2) A registration continues in force until suspended, revoked, or not renewed. A registration is subject to renewal annually on the first day of July upon application of the assuming alien insurer and payment of the fee in the same amount as an insurer pays for renewal of a certificate of authority.

(3) The commissioner shall give an assuming alien insurer notice of his or her intention to revoke or refuse to renew its registration at least ten days before the order of revocation or refusal is to become effective.

(4) The commissioner shall, consistent with chapters 48.04 and 34.05 RCW, deny or revoke an assuming alien insurer's registration if the assuming alien insurer no longer qualifies or meets the requirements for registration.

(5) The commissioner may, consistent with chapters 48.04 and 34.05 RCW, deny or revoke an assuming alien insurer's registration if the assuming alien insurer:

(a) Fails to comply with a provision of this chapter or fails to comply with an order or regulation of the commissioner;

(b) Is found by the commissioner to be in such a condition that its further transaction of reinsurance would be hazardous to ceding insurers, policyholders, or the people in this state;

(c) Refuses to remove or discharge a trustee, director, or officer who has been convicted of a crime involving fraud, dishonesty, or moral turpitude;

(d) Usually compels policy-holding claimants either to accept less than the amount due them or to bring suit against the assuming alien insurer to secure full payment of the amount due;

(e) Refuses to be examined, or its trustees, directors, officers, employees, or representatives refuse to submit to examination or to produce its accounts, records, and files for examination by the commissioner when required, or refuse to perform a legal obligation relative to the examination;

(f) Refuses to submit to the jurisdiction of the United States courts;

(g) Fails to pay a final judgment rendered against it:

(i) Within thirty days after the judgment became final;

(ii) Within thirty days after time for taking an appeal has expired; or

(iii) Within thirty days after dismissal of an appeal before final determination;

whichever date is later;

(h) Is found by the commissioner, after investigation or upon receipt of reliable information:

(i) To be managed by persons, whether by its trustees, directors, officers, or by other means, who are incompetent or untrustworthy or so lacking in insurance company management experience as to make proposed operation hazardous to the insurance-buying public; or

(ii) That there is good reason to believe it is affiliated directly or indirectly through ownership, control, or business relations, with a person or persons whose business operations are, or have been found to be, in violation of any law or rule, to the detriment of policyholders, stockholders, investors, creditors, or of the public, by bad faith or by manipulation of the assets, accounts, or reinsurance;

(i) Does business through reinsurance intermediaries or other representatives in this state or in any other state, who are not properly licensed under applicable laws and rules; or

(j) Fails to pay, by the date due, any amounts required by this code.

(6) A domestic ceding insurer is not allowed credit with respect to reinsurance ceded, if the assuming alien insurer's registration has been revoked by the commissioner.

(7) The actual costs and expenses incurred by the commissioner for an examination of a registered alien insurer must be charged to and collected from the alien reinsurer.

(8) A registered alien reinsurer is included as a "class one" organization for the purposes of RCW 48.02.190. [1997 c 379 § 7.]

Purpose—Intent—1997 c 379: See note following RCW 48.12.156.

48.12.168 Credit for reinsurance—Foreign ceding insurer. (1) Unless credit for reinsurance or deduction from liability is prohibited under RCW 48.12.164, a foreign ceding insurer is allowed credit for reinsurance or deduction from liability to the extent credit has been allowed by the ceding insurer's state of domicile if:

(a) The state of domicile is accredited by the national association of insurance commissioners; or

(b) Credit or deduction from liability would be allowed under chapter 379, Laws of 1997 if the foreign ceding insurer were domiciled in this state.

(2) Notwithstanding subsection (1) of this section, credit for reinsurance or deduction from liability may be disallowed upon a finding by the commissioner that either the condition of the reinsurer, or the collateral or other security provided by the reinsurer, does not satisfy the credit for reinsurance requirements applicable to ceding insurers domiciled in this state. [1997 c 379 § 8.]

Purpose—Intent—1997 c 379: See note following RCW 48.12.156.

48.12.170 Valuation of bonds. (1) All bonds or other evidences of debt having a fixed term and rate held by any

insurer may, if amply secured and not in default as to principal or interest, be valued as follows:

(a) If purchased at par, at the par value.

(b) If purchased above or below par, on the basis of the purchase price adjusted so as to bring the value to par at the earliest date callable at par or maturing at par and so as to yield in the meantime the effective rate of interest at which the purchase was made; or in lieu of such method, according to such accepted method of valuation as is approved by the commissioner.

(c) Purchase price shall in no case be taken at a higher figure than the actual market value at the time of purchase.

(d) Unless otherwise provided by a valuation established or approved by the National Association of Insurance Commissioners, no such security shall be carried at above call price for the entire issue during any period within which the security may be so called.

(2) Such securities not amply secured or in default as to principal or interest shall be carried at market value.

(3) The commissioner shall have full discretion in determining the method of calculating values according to the rules set forth in this section, and not inconsistent with any such methods then currently formulated or approved by the National Association of Insurance Commissioners. [1947 c 79 § .12.17; Rem. Supp. 1947 § 45.12.17.]

48.12.180 Valuation of stocks. (1) Securities, other than those referred to in RCW 48.12.170, held by an insurer shall be valued, in the discretion of the commissioner, at their market value, or at their appraised value, or at prices determined by him or her as representing their fair market value.

(2) Preferred or guaranteed stocks or shares while paying full dividends may be carried at a fixed value in lieu of market value, at the discretion of the commissioner and in accordance with such method of computation as he or she may approve.

(3) The stock of a subsidiary of an insurer shall be valued on the basis of the greater of (a) the value of only such of the assets of such subsidiary as would constitute lawful investments for the insurer if acquired or held directly by the insurer or (b) such other value determined pursuant to rules and cumulative limitations which shall be promulgated by the commissioner to effectuate the purposes of this chapter.

(4) The commissioner has full discretion in determining the method of calculating values according to the rules set forth in this section, and consistent with such methods as then adopted by the National Association of Insurance Commissioners. [1993 c 462 § 54; 1973 c 151 § 1; 1947 c 79 § .12.18; Rem. Supp. 1947 § 45.12.18.]

48.12.190 Valuation of property. (1) Real property acquired pursuant to a mortgage loan or a contract for a deed, in the absence of a recent appraisal deemed by the commissioner to be reliable, shall not be valued at an amount greater than the unpaid principal of the defaulted loan or contract at the date of such acquisition, together with any taxes and expenses paid or incurred in connection with such acquisition, and the cost of improvements thereafter made by the insurer and any amounts thereafter paid by the insurer on

assessments levied for improvements in connection with the property.

(2) Other real property held by an insurer shall not be valued at any amount in excess of fair value, less reasonable depreciation based on the estimated life of the improvements.

(3) Personal property acquired pursuant to chattel mortgages made under *RCW 48.13.150 shall not be valued at an amount greater than the unpaid balance of principal on the defaulted loan at date of acquisition together with taxes and expenses incurred in connection with such acquisition, or the fair value of such property, whichever amount is the lesser.

(4) The commissioner has full discretion in determining the method of calculating values according to the rules set forth in this section, and consistent with such methods as then adopted by the National Association of Insurance Commissioners. [1993 c 462 § 55; 1967 ex.s. c 95 § 10; 1947 c 79 § .12.19; Rem. Supp. 1947 § 45.12.19.]

*Reviser's note: RCW 48.13.150 was repealed by 2011 c 188 § 22, effective July 1, 2012.

48.12.200 Valuation of purchase money mortgages.

(1) Purchase money mortgages shall be valued in an amount not exceeding the acquisition cost of the real property covered thereby or ninety percent of the fair value of such real property, whichever is less.

(2) The commissioner has full discretion in determining the method of calculating values according to the rules set forth in this section, and consistent with such methods as then adopted by the National Association of Insurance Commissioners. [1993 c 462 § 56; 1947 c 79 § .12.20; Rem. Supp. 1947 § 45.12.20.]

Valuation of investments: RCW 48.12.170 through 48.12.200.

48.13.005 Purpose—Application. (1) The purpose of chapter 188, Laws of 2011 is to protect and to further the interests of insureds, creditors, and the general public by providing, with minimum interference with management initiative and judgment, prudent standards for the development and administration of insurer investment programs.

(2) Chapter 188, Laws of 2011 and the rules adopted to interpret and implement it apply to domestic insurers, United States branches of alien insurers entered through this state, alien insurers admitted and using this state as their port of entry, domestic fraternal benefit societies formed pursuant to chapter 48.36A RCW, domestic health care service contractors formed pursuant to chapter 48.44 RCW, domestic health maintenance organizations formed pursuant to chapter 48.46 RCW, and domestic self-funded multiple employer welfare arrangements formed pursuant to chapter 48.125 RCW.

(3) Separate accounts established in accordance with RCW 48.18A.020 shall be evaluated separately pursuant to that section. [2011 c 188 § 1.]

48.13.009 Definitions. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Derivative instrument" means an item appropriately reported in schedule DB (derivative instruments) or schedule DC (insurance futures and insurance futures options) of an insurer's statutory financial statement or successor schedules, pursuant to applicable annual statement instructions or statutory accounting guidelines.

(2) "Derivative transaction" means a transaction involving the use of one or more derivative instruments.

(3) "Income generation" means a derivative transaction involving the writing of covered options, caps, or floors that is intended to generate income or enhance return.

(4) "Leverage" means the relationship of insurance and investment risks to capital and surplus as defined by the national association of insurance commissioners insurance regulatory information system and its other financial analysis solvency tools and reports.

(5) "Lower grade investment" means a rated credit instrument or debt-like preferred stock rated 4, 5, or 6 by the securities valuation office of the national association of insurance commissioners or any successor office.

(6) "Medium grade investment" means a rated credit instrument or debt-like preferred stock rated 3 by the securities valuation office of the national association of insurance commissioners or any successor office.

(7) "Minimum asset requirement" is the sum of an insurer's liabilities and its minimum financial security benchmark.

(8) "Minimum financial security benchmark" is the amount an insurer is required to have under RCW 48.13.021.

(9) "Mutual fund" means a mutual fund or exchange traded fund registered with the securities and exchange commission of the United States under the investment company act of 1940.

(10) "Rated by the securities valuation office" means any security that is directly rated by the securities valuation office or that is given an equivalent filing exempt rating as prescribed in the purposes and procedures manual of the national association of insurance commissioners securities valuation office.

(11) "Replication" means a derivative transaction involving one or more derivative instruments being used to modify the cash flow characteristics of one or more investments held by an insurer in a manner so that the aggregate cash flows of the derivative instruments and investments reproduce the cash flows of another investment having a higher risk-based capital charge than the risk-based capital charge of the original instruments or investments.

(12) "Securities valuation office listed mutual fund" means a money market mutual fund or short-term bond fund that is registered with the United States securities and exchange commission under the investment company act of 1940, and that has been determined by the national association of insurance commissioners securities valuation office to be eligible for special reserve and reporting treatment, other than as common stock.

(13) "Surplus" means the excess of admitted assets over all liabilities.

(14) "United States government securities" means any security defined in the purposes and procedures manual of the national association of insurance commissioners securities valuation office as a United States government security. [2011 c 188 § 2.]

48.13.021 Minimum financial security benchmark—Determination of amount. (1) Minimum financial security benchmark.

(a) Unless otherwise established in accordance with (b) and (c) of this subsection, the amount of the minimum financial security benchmark for an insurer shall be the greater of:

(i) The authorized control level risk-based capital applicable to the insurer as set forth by RCW 48.05.450 or 48.43.320; or

(ii) The minimum capital or minimum surplus required by statute or rule for maintenance of an insurer's certificate of authority, certificate of registration, or other form of authorization to transact business pursuant to Title 48 RCW.

(b) The commissioner may, in accordance with the factors in subsection (2)(b) of this section, establish by order a minimum financial security benchmark to apply to a specific insurer provided it is not less than the amount determined by (a) of this subsection, in the event the insurer falls below three and one-half times the authorized control level risk-based capital applicable to the insurer as set forth by RCW 48.05.450 or 48.43.320.

(c) The commissioner may establish by rule a minimum financial security benchmark that is a multiple of authorized control level risk-based capital to apply to any class of insurers provided the amount established by the rule is not less than the amount determined in (a) of this subsection.

(2) The commissioner shall determine the amount of surplus that shall constitute an insurer's minimum financial security benchmark, as an amount that will provide reasonable security against contingencies affecting the insurer's financial position that are not fully covered by reserves or by reinsurance.

(a) Types of contingencies. The commissioner shall consider the risks of:

(i) Increases in the frequency or severity of losses beyond the levels contemplated by the rates charged;

(ii) Increases in expenses beyond those contemplated by the rates charged;

(iii) Decreases in the value of or the return on invested assets below those planned on;

(iv) Changes in economic conditions that would make liquidity more important than contemplated and would force untimely sale of assets or prevent timely investments;

(v) Currency devaluation to which the insurer may be subject;

(vi) Diminished prospects for performance of reinsurers' or other counter parties' obligations; and

(vii) Any other contingencies the commissioner can identify that may affect the insurer's operations.

(b) Controlling factors. In making the determination under this subsection, the commissioner shall take into account the following factors:

(i) The most reliable information available as to the magnitude of the various risks under (a) of this subsection;

(ii) The extent to which the risks in (a) of this subsection are independent of each other or are related, and whether any dependency is direct or inverse;

(iii) The insurer's recent history of profits or losses;

(iv) The extent to which the insurer has provided protection against the contingencies in other ways than the establishment of surplus; including redundancy of premiums, adjustability of contracts under their terms, investment valuation reserves whether voluntary or mandatory, appropriate reinsurance, the use of conservative actuarial assumptions to provide a margin of security, reserve adjustments in recognition of previous rate inadequacies, contingency or catastrophe reserves, diversification of assets, and underwriting risks;

(v) Independent judgments of the soundness of the insurer's operations, as evidenced by the ratings of reliable professional financial reporting services; and

(vi) Any other relevant factors. [2011 c 188 § 3.]

48.13.031 Investment of funds—Board of directors—Judgment and care—Internal controls and procedures.

(1) Subject to the provisions of this chapter, an insurer may loan or invest its funds, and may buy, sell, hold title to, possess, occupy, pledge, convey, manage, protect, insure, and deal with its investments, property, and other assets to the same extent as any other person or corporation under the laws of this state and of the United States.

(2) With respect to all of the insurer's investments, the board of directors of an insurer shall exercise the judgment

and care, under the circumstances then prevailing, that persons of reasonable prudence, discretion, and intelligence exercise in the management of a like enterprise, not in regard to speculating but in regard to the permanent disposition of their funds, considering the probable income as well as the probable safety of their capital. Investments shall be of sufficient value, liquidity, and diversity to assure the insurer's ability to meet its outstanding obligations based on reasonable assumptions as to new business production for current lines of business. As part of its exercise of judgment and care, the board of directors shall take into account the prudence evaluation criteria of RCW 48.13.041.

(3) The insurer shall establish and implement internal controls and procedures to assure compliance with investment policies and procedures to assure that:

(a) The insurer's investment staff and any consultants used are reputable and capable;

(b) A periodic evaluation and monitoring process occurs for assessing the effectiveness of investment policy and strategies;

(c) Management's performance is assessed in meeting the stated objectives within the investment policy; and

(d) Appropriate analyses are undertaken of the degree to which asset cash flows are adequate to meet liability cash flows under different economic environments. These analyses shall be conducted at least annually and make specific reference to economic conditions. [2011 c 188 § 4.]

48.13.041 Determining whether an investment portfolio or investment policy is prudent. The following factors shall be evaluated by the insurer and considered along with its business in determining whether an investment portfolio or investment policy is prudent; the commissioner shall consider the following factors prior to making a determination that an insurer's investment portfolio or investment policy is not prudent:

(1) General economic conditions;

(2) The possible effect of inflation or deflation;

(3) The expected tax consequences of investment decisions or strategies;

(4) The fairness and reasonableness of the terms of an investment considering its probable risk and reward characteristics and relationship to the investment portfolio as a whole;

(5) The extent of the diversification of the insurer's investments among:

(a) Individual investments;

(b) Classes of investments;

(c) Industry concentrations;

(d) Dates of maturity; and

(e) Geographic areas;

(6) The quality and liquidity of investments in affiliates;

(7) The investment exposure to the following risks, quantified in a manner consistent with the insurer's acceptable risk level identified in RCW 48.13.051(8):

(a) Liquidity;

(b) Credit and default;

(c) Systemic (market);

(d) Interest rate;

(e) Call, prepayment, and extension;

(f) Currency;

(g) Foreign sovereign; and

(h) Leverage;

(8) The amount of the insurer's assets, capital, and surplus, premium writings, insurance in force, and other appropriate characteristics;

(9) The amount and adequacy of the insurer's reported liabilities;

(10) The relationship of the expected cash flows of the insurer's assets and liabilities, and the risk of adverse changes in the insurer's assets and liabilities;

(11) The adequacy of the insurer's capital and surplus to secure the risks and liabilities of the insurer; and

(12) Any other factors relevant to whether an investment is prudent. [2011 c 188 § 5.]

48.13.051 Written investment policy required—Annual review—Contents. In acquiring, investing, exchanging, holding, selling, and managing investments, an insurer shall establish and follow a written investment policy that shall be reviewed and approved by the insurer's board of directors at least annually. The content and format of an insurer's investment policy are at the insurer's discretion, but shall include written guidelines appropriate to the insurer's business as to the following:

(1) The delegation and monitoring of policies, procedures, and controls covering all aspects of the investing function;

(2) Quantified goals and objectives regarding the composition of classes of investments, including maximum internal limits;

(3) Periodic evaluation of the investment portfolio as to its risk and reward characteristics. This subsection shall not preclude an insurer from the use of modern portfolio theory to manage its investments;

(4) Professional standards for the individuals making day-to-day investment decisions to assure that investments are managed in an ethical and capable manner;

(5) The types of investments to be made and those to be avoided, based on their risk and reward characteristics and the insurer's level of experience with the investments;

(6) The relationship of classes of investments to the insurer's insurance products and liabilities;

(7) The manner in which the insurer intends to implement RCW 48.13.041; and

(8) The level of risk, based on quantitative measures, appropriate for the insurer given the level of capitalization and expertise available to the insurer. [2011 c 188 § 6.]

48.13.061 Classes of investments—Description—Rules. The following classes of investments may be counted for the purposes specified in RCW 48.13.101, whether they are made directly or as a participant in a partnership, joint venture, or limited liability company. Investments in partnerships, joint ventures, and limited liability companies are authorized investments only pursuant to subsection (12) of this section:

(1) Cash in the direct possession of the insurer or on deposit with a financial institution regulated by any federal or state agency of the United States;

(2) Bonds, debt-like preferred stock, and other evidences of indebtedness of governmental units in the United States or

Canada, or the instrumentalities of the governmental units, or private business entities domiciled in the United States or Canada, including asset-backed securities and securities valuation office listed mutual funds;

(3) Loans secured by first mortgages, first trust deeds, or other first security interests in real property located in the United States or Canada or secured by insurance against default issued by a government insurance corporation of the United States or Canada or by an insurer authorized to do business in this state;
