NEW SECTION. **Sec. 4.** A new section is added to chapter 70.05 RCW to read as follows:

(1) The state of Washington fully occupies and preempts the entire field of safe injection site regulation within the boundaries of the state, including the registration, licensing, possession, purchase, sale, acquisition, transfer, use, authorization, or any other element relating to safe injection sites. Cities, towns, and counties or other municipalities may only enact laws and ordinances relating to safe injection sites that are specifically authorized by state law and are consistent with this chapter. Such local ordinances have the same penalty as provided for by state law. Local laws and ordinances that are inconsistent with, more restrictive than, or exceed the requirements of state law may not be enacted and are preempted and repealed, regardless of the nature of the code, charter, or home rule status of the enacting city, town, county, or municipality.

(2) Each local health board must provide annual certification to the legislature and state board of health that no private or public safe injection

sites are operating in its local health department jurisdiction.

Sec. 5. RCW 70.05.130 and 1993 c 492 s 242 are each amended to read as follows:

All expenses incurred by the state, health district, or county in carrying out the provisions of chapters 70.05 and 70.46 RCW or any other public health law, or the rules of the department of health enacted under such laws, shall be paid by the county and such expenses shall constitute a claim against the general fund as provided in this section. Any expenditure made related to safe injection sites voids any claim made against the general fund and will result in the denial of all funding claims until the state, health district, or county is able to certify and report to the state board of health and legislature that there are no safe injection sites operating within its jurisdiction."

POINT OF ORDER

Representative Tarleton requested a scope and object ruling on amendment (195) to Substitute House Bill No. 1427.

SPEAKER'S RULING

Mr. Speaker: *"The title of House Bill 1427 is an act 'relating to opioid treatment programs.' The bill modifies the standards for certifying and siting opioid treatment programs. The proposed amendment relates to safe injection sites, which are not treatment programs.*

The Speaker finds and rules that the amendment is beyond the scope of the bill as defined by its title. Your point of order is well taken."

(1) Responses to requests for public records shall be made promptly by agencies, the office of the secretary of the senate, and the office of the chief clerk of the house of representatives. Within five business days of receiving a public record request, an agency, the office of the secretary of the senate, or

the office of the chief clerk of the house of representatives must respond ~~((by either))~~ in one of the ways provided in this subsection (1):

(a) Providing the record;

~~((2))~~ (b) Providing an internet address and link on the agency's web site to the specific records requested, except that if the requester notifies the agency that he or she cannot access the records through the internet, then the agency must provide copies of the record or allow the requester to view copies using an agency computer;

~~((3))~~ (c) Acknowledging that the agency, the office of the secretary of the senate, or the office of the chief clerk of the house of representatives has received the request and providing a reasonable estimate of the time the agency, the office of the secretary of the senate, or the office of the chief clerk of the house of representatives will require to respond to the request;

(d) Acknowledging that the agency, the office of the secretary of the senate, or the office of the chief clerk of the house of representatives has received the request and asking the requestor to provide clarification for a request that is unclear, and providing, to the greatest extent possible, a reasonable estimate of the time the agency, the office of the secretary of the senate, or the office of the chief clerk of the house of representatives will require to respond to the request if it is not clarified; or

~~((4))~~ (e) Denying the public record request.

(2) Additional time required to respond to a request may be based upon the need to clarify the intent of the request, to locate and assemble the information requested, to notify third persons or agencies affected by the request, or to determine whether any of the information requested is exempt and that a denial should be made as to all or part of the request.

(3) (a) In acknowledging receipt of a public record request that is unclear, an agency, the office of the secretary of the senate, or the office of the chief clerk of the house of representatives may ask the requestor to clarify what information the requestor is seeking.

(b) If the requestor fails to respond to an agency request to clarify the request, and the entire request is unclear, the agency, the office of the secretary of the senate, or the office of the chief clerk of the house of representatives need not respond to it. Otherwise, the agency must respond, pursuant to this section, to those portions of the request that are clear.

(4) Denials of requests must be accompanied by a written statement of the specific reasons therefor. Agencies, the office of the secretary of the senate, and the office of the chief clerk of the house of representatives shall establish mechanisms for the most prompt possible review of decisions denying inspection, and such review shall be deemed completed at the end of the second business day following the denial of inspection and shall constitute final agency action or final action by the office of the secretary of the senate or the office of the chief clerk of the house of representatives for the purposes of judicial review.

Sec. 3. RCW 42.56.570 and 2007 c 197 s 8 are each amended to read as follows:

(1) The attorney general's office shall publish, and update when appropriate, a pamphlet, written in plain language, explaining this chapter.

(2) The attorney general, by February 1, 2006, shall adopt by rule ~~((an))~~ advisory model rules for state and local agencies, as defined in RCW 42.56.010, addressing the following subjects:

(a) Providing fullest assistance to requestors;

(b) Fulfilling large requests in the most efficient manner;

(c) Fulfilling requests for electronic records; and

(d) Any other issues pertaining to public disclosure as determined by the attorney general.

(3) The attorney general, in his or her discretion, may from time to time revise the model rule.

(4) Local agencies should consult the advisory model rules when establishing local ordinances for compliance with the requirements and responsibilities of this chapter.

(5) Until June 30, 2020, the attorney general must establish a consultation

program to provide information for developing best practices for local agencies requesting assistance in compliance with this chapter including, but not limited to: Responding to records requests, seeking additional public and private resources for developing and updating technology information services, and mitigating liability and costs of compliance. The attorney general may develop the program in conjunction with the advisory model rule and may collaborate with the chief information officer, the state archivist, and other relevant agencies and organizations in developing and managing the program. The program in this subsection ceases to exist June 30, 2020.

(6) Until June 30, 2020, the state archivist must offer and provide consultation and training services for local agencies on improving record retention practices.

Sec. 4. RCW 40.14.024 and 2008 c 328 s 6005 are each amended to read as follows:

The local government archives account is created in the state treasury. All receipts collected by the county auditors under RCW 40.14.027 and 36.22.175 for local government services, such as providing records ~~((scheduling))~~ schedule compliance, security microfilm inspection and storage, archival preservation, cataloging, and indexing for local government records and digital data and access to those records and data through the regional branch archives of the division of archives and records management, must be deposited into the account, and expenditures from the account may be used only for these purposes. ~~((During the 2007-2009 biennium, the legislature may transfer from the local government archives account to the Washington state heritage center account such amounts as reflect the excess fund balance in the account.))~~ Any amounts deposited in the account in accordance with RCW 36.22.175(4) may only be expended for the purposes authorized under that provision as follows: No more than fifty percent of funding may be used for the attorney general's consultation program and the state archivist's training services, and the remainder is to be used for the competitive grant program.

NEW SECTION. Sec. 5. A new section is added to chapter 40.14 RCW to read as follows:

(1) The division of archives and records management in the office of the secretary of state must establish and administer a competitive grant program for local agencies to improve technology information systems for public record retention, management, and disclosure, and any related training. The division of archives and records management may use up to six percent of amounts appropriated for the program for administration of the grant program.

(2) Any local agency may apply to the grant program. The division of archives and records management in the office of the secretary of state must award grants annually. The division of archives and records management must consult with the chief information officer to develop the criteria for grant recipient selection with a preference given to small local governmental agencies based on the applicant agency's need and ability to improve its information technology systems for public record retention, management, and disclosure. The division of archives and records management may award grants for specific hardware, software, equipment, technology services management and training needs, indexing for local records and digital data, and other resources for improving information technology systems. To the extent possible, information technology systems, processes, training, and other resources for improving information technology systems for records retention and distribution may be replicated and shared with other governmental entities. Grants are provided for one-time investments and are not an ongoing source of revenue for operation or management costs. A grantee may not supplant local funding with grant funding provided by the office of the secretary of state.

Sec. 6. RCW 36.22.175 and 2011 1st sp.s. c 50 s 931 are each amended to read as follows:

(1)(a) In addition to any other charge authorized by law, the county auditor shall charge a surcharge of one dollar per instrument for each document recorded. Revenue generated through this surcharge shall be transmitted monthly to the state treasurer for deposit in the local government archives account under RCW 40.14.024. These funds shall be used solely for providing records ~~((scheduling))~~ schedule compliance, security microfilm inspection and storage, archival preservation,

cataloging, and indexing for local government records and digital data and access to those records and data through the regional branch archives of the division of archives and records management.

(b) The division of archives and records management within the office of the secretary of state shall provide records management training for local governments and shall establish a competitive grant program to solicit and prioritize project proposals from local governments for potential funding to be paid for by funds from the auditor surcharge and tax warrant surcharge revenues. Application for specific projects may be made by local government agencies only. The state archivist in consultation with the advisory committee established under RCW 40.14.027 shall adopt rules governing project eligibility, evaluation, awarding of grants, and other criteria including requirements for records management training for grant recipients.

(2) The advisory committee established under RCW 40.14.027 shall review grant proposals and establish a prioritized list of projects to be considered for funding by January 1st of each even-numbered year, beginning in 2002. The evaluation of proposals and development of the prioritized list must be developed through open public meetings. Funding for projects shall be granted according to the ranking of each application on the prioritized list and projects will be funded only to the extent that funds are available. A grant award may have an effective date other than the date the project is placed on the prioritized list.

(3)(a) In addition to any other surcharge authorized by law, the county auditor shall charge a surcharge of one dollar per instrument for every document recorded after January 1, 2002. Revenue generated through this surcharge shall be transmitted to the state treasurer monthly for deposit in the local government archives account under RCW 40.14.024 to be used exclusively for: (i) The construction and improvement of a specialized regional facility located in eastern Washington designed to serve the archives, records management, and digital data management needs of local government; and (ii) payment of the certificate of participation issued for the Washington state heritage center to

the extent there is an excess fund balance in the account and fees generated under RCW 36.18.010 and 43.07.128 are insufficient to meet debt service payments on the certificate of participation.

(b) To the extent the facilities are used for the storage and retrieval of state agency records and digital data, that portion of the construction of such facilities used for state government records and data shall be supported by other charges and fees paid by state agencies and shall not be supported by the surcharge authorized in this subsection, except that to the extent there is an excess fund balance in the account and fees generated under RCW 36.18.010 and 43.07.128 are insufficient to meet debt service payments for the Washington state heritage center, the local government archives account under RCW 40.14.024 may be used for the Washington state heritage center.

(c) At such time that all debt service from construction of the specialized regional archive facility located in eastern Washington has been paid, fifty percent of the surcharge authorized by this subsection shall be reverted to the centennial document preservation and modernization account as prescribed in RCW 36.22.170 and fifty percent of the surcharge authorized by this section shall be reverted to the state treasurer for deposit in the public records efficiency, preservation, and access account to serve the archives, records management, and digital data management needs of local government, except that the state treasurer shall not revert funds to the centennial document preservation and modernization account and to the public records efficiency, preservation, and access account if fees generated under RCW 36.18.010 and 43.07.128 are insufficient to meet debt service payments on the Washington state heritage center.

(4) In addition to any other surcharge authorized by law, the county auditor shall charge a surcharge of one dollar per instrument for every document recorded. Revenue generated through this surcharge shall be transmitted to the state treasurer monthly for deposit in the local government archives account under RCW 40.14.024 to be used exclusively for the competitive grant program in section 5 of this act, and for the attorney general's consultation

program and state archivist's training services authorized in RCW 42.56.570.

NEW SECTION. Sec. 7. (1) The division of archives and records management in the office of the secretary of state must conduct a study to assess the feasibility of implementing a statewide open records portal through which a user can request and receive a response through a single internet web site relating to public records information.

(2) The division of archives and records management must hire a consultant to conduct the study.

(3) At a minimum, the report must include:

(a) The feasibility of Washington creating a central site from which a user can submit a records request and receive a timely response to such request;

(b) An examination of the experience in other states, including but not limited to the state of Utah, that have implemented an electronic open records portal;

(c) Whether the open records portals in other states serve as central repositories and archives for the purpose of all public records on behalf of local and state agencies;

(d) Whether other states' open records portals track and provide a timeline where each request is being responded to in the process;

(e) The cost of creating the open records portal in other states and the amount of funds local and state agencies or any other entities contributed to the start-up and ongoing costs to operate the open records portal;

(f) The length of time it took for other states to develop an open records portal from its initial start-up to its current full operation;

(g) The length of time it would take for Washington to develop and implement an open records portal from start-up to full operation that is similar to the portals located in other states;

(h) The length of time it would take for Washington to develop and implement an open records portal from start-up to full operation that would include: (i) The portal collecting, archiving, and holding all public records from local and state governmental agencies in Washington; (ii) the portal being capable

of allowing users to submit a public records request through a central site; and (iii) the records portal operating as a central site for answering and providing requested public records to a user;

(i) The estimated cost to develop and implement an open records portal that is: (i) Similar to the open records portals located in other states referenced and reviewed in (g) of this subsection; and (ii) a full open records portal pursuant to (h) of this subsection. In both instances, the costs must include costs associated with local and state governmental agencies in Washington participating in the portal and any needed supporting infrastructure, staffing, and training requirements;

(j) How much is charged and how fees are collected from a user requesting a public record through other states' open records portals;

(k) The feasibility of whether an open records portal created in Washington would be able to track all public records requests, when such requests for public records are made through the open records portal, and provide a timeline where each request is being responded to in the process;

(l) The feasibility of whether an open records portal created in Washington would be able to directly respond to answering a user's public records request and, if not, the feasibility of the portal tracking when a local or state agency responds to such a request and providing a timeline where each request is being responded to in the process;

(m) The feasibility of creating an open records portal in Washington that notifies a requestor that the request has been received and either immediately provides the requestor with a copy of the requested record, notifies the requestor that the record is not available, or notifies the requestor that because of the extraordinary request the record will be available on a date certain; and

(n) The allocation of liability between the agency operating an open records portal and any agency that provides records through the portal or accepts requests for public records through the portal in the event of litigation regarding denial of access to records or unreasonable estimate of time to produce records in response to a request.

(4) A report must be completed with findings and recommendations on the experience of the electronic open records portal created in other states and the feasibility of creating a central statewide open records portal in Washington. The report must be submitted to the governor, the appropriate committees of the legislature, and members of the stakeholder group in section 8 of this act, by September 1, 2018.

(5) This section expires December 31, 2018.

NEW SECTION. Sec. 8. (1) The division of archives and records management in the office of the secretary of state must convene a stakeholder group by September 1, 2017, to develop the initial scope and direction of the study in section 7 of this act.

(a) The president of the senate shall appoint one member from each of the two largest caucuses of the senate.

(b) The speaker of the house of representatives shall appoint one member from each of the two largest caucuses of the house of representatives.

(c) The president of the senate and the speaker of the house of representatives, in consultation with the division of archives and records management, jointly shall appoint the remaining three members. (3) This section expires September 30, 2018.

NEW SECTION. Sec. 9. (1) The joint legislative audit and review committee must conduct a review of the attorney general's consultation program and the state archivist's training services created under section 3, chapter . . ., Laws of 2017 (section 3 of this act), and the local government competitive grant program created under section 5 of this act. The review must include:

(a)(i) Information on the number of local governments served, the types of consultation and training provided, and the implementation of any practices adopted from the attorney general's

consultation program and the state archivist's training services; and

(ii) The effectiveness of the consultation program and the training services in providing assistance for local governments; and

(b)(i) Information on the number of local governments that applied for and participated in the competitive grant program under section 5 of this act, the amount of funding awarded through the grant program, and how such funding was used; and

(ii) The effectiveness of the grant program in improving local government technology information systems for public records retention, management, disclosure, and training.

(2) By December 1, 2019, the joint legislative audit and review committee must report to the legislature on its findings from the review, including recommendations on whether the competitive grant program, the attorney general's consultation program, and the state archivist's training services should continue or be allowed to expire.

"**Sec. 1.** RCW 42.56.070 and 2005 c 274 s 284 are each amended to read as follows:

(1) Each agency, in accordance with published rules, shall make available for public inspection and copying all public records, unless the record falls within the specific exemptions of subsection ~~((6+))~~ (8) of this section, this chapter, or other statute which exempts or prohibits disclosure of specific information or records. To the extent required to prevent an unreasonable invasion of personal privacy interests protected by this chapter, an agency shall delete identifying details in a manner consistent with this chapter when it makes available or publishes any public record; however, in each case, the justification for the deletion shall be explained fully in writing.

(2) For informational purposes, each agency shall publish and maintain a current list containing every law, other than those listed in this chapter, that the agency believes exempts or prohibits disclosure of specific information or records of the agency. An agency's failure to list an exemption shall not affect the efficacy of any exemption.

(3) Each local agency shall maintain and make available for public inspection and copying a current index providing identifying information as to the following records issued, adopted, or promulgated after January 1, 1973:

(a) Final opinions, including concurring and dissenting opinions, as well as orders, made in the adjudication of cases;

(b) Those statements of policy and interpretations of policy, statute, and

the Constitution which have been adopted by the agency;

(c) Administrative staff manuals and instructions to staff that affect a member of the public;

(d) Planning policies and goals, and interim and final planning decisions;

(e) Factual staff reports and studies, factual consultant's reports and studies, scientific reports and studies, and any other factual information derived from tests, studies, reports, or surveys, whether conducted by public employees or others; and

(f) Correspondence, and materials referred to therein, by and with the agency relating to any regulatory, supervisory, or enforcement responsibilities of the agency, whereby the agency determines, or opines upon, or is asked to determine or opine upon, the rights of the state, the public, a subdivision of state government, or of any private party.

(4) A local agency need not maintain such an index, if to do so would be unduly burdensome, but it shall in that event:

(a) Issue and publish a formal order specifying the reasons why and the extent to which compliance would unduly burden or interfere with agency operations; and

(b) Make available for public inspection and copying all indexes maintained for agency use.

(5) Each state agency shall, by rule, establish and implement a system of indexing for the identification and location of the following records:

(a) All records issued before July 1, 1990, for which the agency has maintained an index;

(b) Final orders entered after June 30, 1990, that are issued in adjudicative proceedings as defined in RCW 34.05.010 and that contain an analysis or decision of substantial importance to the agency in carrying out its duties;

(c) Declaratory orders entered after June 30, 1990, that are issued pursuant to RCW 34.05.240 and that contain an analysis or decision of substantial importance to the agency in carrying out its duties;

(d) Interpretive statements as defined in RCW 34.05.010 that were entered after June 30, 1990; and

(e) Policy statements as defined in RCW 34.05.010 that were entered after June 30, 1990.

Rules establishing systems of indexing shall include, but not be limited to, requirements for the form and content of the index, its location and availability to the public, and the schedule for revising or updating the index. State agencies that have maintained indexes for records issued before July 1, 1990, shall continue to make such indexes available for public inspection and copying. Information in such indexes may be incorporated into indexes prepared pursuant to this subsection. State agencies may satisfy the requirements of this subsection by making available to the public indexes prepared by other parties but actually used by the agency in its operations. State agencies shall make indexes available for public inspection and copying. State agencies may charge a fee to cover the actual costs of providing individual mailed copies of indexes.

(6) A public record may be relied on, used, or cited as precedent by an agency against a party other than an agency and it may be invoked by the agency for any other purpose only if:

(a) It has been indexed in an index available to the public; or

(b) Parties affected have timely notice (actual or constructive) of the terms thereof.

(7) Each agency (~~shall~~) may establish, maintain, and make available for public inspection and copying a statement of the actual (~~per page cost or other costs, if any,~~) costs that it charges for providing photocopies or electronically produced copies, of public records and a statement of the factors and manner used to determine the actual (~~per page cost or other costs, if any,~~) costs. Any statement of costs may be adopted by an agency only after providing notice and public hearing.

(a) (i) In determining the actual (~~per page~~) cost for providing (~~photocopies~~) copies of public records, an agency may include all costs directly incident to copying such public records including:

(A) The actual cost of the paper and the per page cost for use of agency copying equipment; and

(B) The actual cost of the electronic production or file transfer of the record and the use of any cloud-based data storage and processing service.

(ii) In determining other actual costs for providing ~~((photocopies))~~ copies of public records, an agency may include all costs directly incident to:

(A) Shipping such public records, including the cost of postage or delivery charges and the cost of any container or envelope used; and

(B) Transmitting such records in an electronic format, including the cost of any transmission charge and use of any physical media device provided by the agency.

(b) In determining the actual ~~((per page cost or other))~~ costs for providing copies of public records, an agency may not include staff salaries, benefits, or other general administrative or overhead charges, unless those costs are directly related to the actual cost of copying the public records. Staff time to copy and ~~((mail))~~ send the requested public records may be included in an agency's costs.

~~(8) ((An agency need not calculate the actual per page cost or other costs it charges for providing photocopies of public records if to do so would be unduly burdensome, but in that event: The agency may not charge in excess of fifteen cents per page for photocopies of public records or for the use of agency equipment to photocopy public records and the actual postage or delivery charge and the cost of any container or envelope used to mail the public records to the requestor.~~

~~(9))~~ This chapter shall not be construed as giving authority to any agency, the office of the secretary of the senate, or the office of the chief clerk of the house of representatives to give, sell or provide access to lists of individuals requested for commercial purposes, and agencies, the office of the secretary of the senate, and the office of the chief clerk of the house of representatives shall not do so unless specifically authorized or directed by law: PROVIDED, HOWEVER, That lists of applicants for professional licenses and of professional licensees shall be made available to those professional associations or educational organizations recognized by their professional licensing or examination

board, upon payment of a reasonable charge therefor: PROVIDED FURTHER, That such recognition may be refused only for a good cause pursuant to a hearing under the provisions of chapter 34.05 RCW, the administrative procedure act.

Sec. 2. RCW 42.56.080 and 2016 c 163 s 3 are each amended to read as follows:

(1) A public records request must be for identifiable records. A request for all or substantially all records prepared, owned, used, or retained by an agency is not a valid request for identifiable records under this chapter, provided that a request for all records regarding a particular topic or containing a particular keyword or name shall not be considered a request for all of an agency's records.

(2) Public records shall be available for inspection and copying, and agencies shall, upon request for identifiable public records, make them promptly available to any person including, if applicable, on a partial or installment basis as records that are part of a larger set of requested records are assembled or made ready for inspection or disclosure. Agencies shall not deny a request for identifiable public records solely on the basis that the request is overbroad. Agencies shall not distinguish among persons requesting records, and such persons shall not be required to provide information as to the purpose for the request except to establish whether inspection and copying would violate RCW 42.56.070 ~~((+9))~~ (8) or 42.56.240(14), or other statute which exempts or prohibits disclosure of specific information or records to certain persons. Agency facilities shall be made available to any person for the copying of public records except when and to the extent that this would unreasonably disrupt the operations of the agency. Agencies shall honor requests received in person during an agency's normal office hours, or by mail or email, for identifiable public records unless exempted by provisions of this chapter. No official format is required for making a records request; however, agencies may recommend that requestors submit requests using an agency provided form or web page.

(3) An agency may deny a bot request that is one of multiple requests from the requestor to the agency within a twenty-four hour period, if the agency establishes that responding to the

multiple requests would cause excessive interference with other essential functions of the agency. For purposes of this subsection, "bot request" means a request for public records that an agency reasonably believes was automatically generated by a computer program or script.

Sec. 3. RCW 42.56.120 and 2016 c 163 s 4 are each amended to read as follows:

(1) No fee shall be charged for the inspection of public records or locating public documents and making them available for copying, except as provided in RCW 42.56.240(14) and subsection (3) of this section. A reasonable charge may be imposed for providing copies of public records and for the use by any person of agency equipment or equipment of the office of the secretary of the senate or the office of the chief clerk of the house of representatives to copy public records, which charges shall not exceed the amount necessary to reimburse the agency, the office of the secretary of the senate, or the office of the chief clerk of the house of representatives for its actual costs directly incident to such copying. When calculating any fees authorized under this section, an agency shall use the most reasonable cost-efficient method available to the agency as part of its normal operations. If any agency translates a record into an alternative electronic format at the request of a requestor, the copy created does not constitute a new public record for purposes of this chapter. Scanning paper records to make electronic copies of such records is a method of copying paper records and does not amount to the creation of a new public record.

(2) (a) Agency charges for ~~((photocopies shall))~~ actual costs may only be imposed in accordance with the ((actual per page cost or other)) costs established and published by the agency pursuant to RCW 42.56.070(7), and in accordance with the statement of factors and manner used to determine the actual costs. In no event may an agency charge a per page cost greater than the actual ~~((per page))~~ cost as established and published by the agency.

(b) An agency need not calculate the actual costs it charges for providing public records if it has rules or regulations declaring the reasons doing so would be unduly burdensome. To the extent the agency has not determined the actual ~~((per page cost for photocopies~~

~~ef))~~ costs of copying public records, the agency may not charge in excess of:

(i) Fifteen cents per page for photocopies of public records, printed copies of electronic public records when requested by the person requesting records, or for the use of agency equipment to photocopy public records;

(ii) Ten cents per page for public records scanned into an electronic format or for the use of agency equipment to scan the records;

(iii) Five cents per each four electronic files or attachment uploaded to email, cloud-based data storage service, or other means of electronic delivery; and

(iv) Ten cents per gigabyte for the transmission of public records in an electronic format or for the use of agency equipment to send the records electronically. The agency shall take reasonable steps to provide the records in the most efficient manner available to the agency in its normal operations; and

(v) The actual cost of any digital storage media or device provided by the agency, the actual cost of any container or envelope used to mail the copies to the requestor, and the actual postage or delivery charge.

(c) The charges in (b) of this subsection may be combined to the extent that more than one type of charge applies to copies produced in response to a particular request.

(d) An agency may charge a flat fee of up to two dollars for any request as an alternative to fees authorized under (a) or (b) of this subsection. An additional flat fee shall not be charged for any installment after the first installment of a request produced in installments. An agency that has elected to charge the flat fee in this subsection for an initial installment may not charge the fees authorized under (a) or (b) of this subsection on subsequent installments.

(e) An agency shall not impose copying charges under this section for access to or downloading of records that the agency routinely posts on its public internet web site prior to receipt of a request unless the requestor has specifically requested that the agency provide copies of such records through other means.

(f) A requestor may ask an agency to provide a summary of the applicable

charges and may revise the request to reduce the number of records and reduce the applicable charges.

(3)(a)(i) In addition to the charge imposed for providing copies of public records and for the use by any person of agency equipment copying costs, an agency may include a customized service charge. A customized service charge may only be imposed if the agency estimates that the request would require the use of information technology expertise to prepare data compilations, or provide customized electronic access services when such compilations and customized access services are not used by the agency for other agency purposes.

(ii) The customized service charge may reimburse the agency up to the actual cost of providing the services in this subsection.

(b) An agency may not assess a customized service charge unless the agency has notified the requestor of the customized service charge to be applied to the request, including an explanation of why the customized service charge applies, a description of the specific expertise, and a reasonable estimate cost of the charge. The notice also must provide the requestor the opportunity to amend his or her request in order to avoid or reduce the cost of a customized service charge.

(4) An agency may require a deposit in an amount not to exceed ten percent of the estimated cost of providing copies for a request, including a customized service charge. If an agency makes a request available on a partial or installment basis, the agency may charge for each part of the request as it is provided. If an installment of a records request is not claimed or reviewed, the agency is not obligated to fulfill the balance of the request. An agency may waive any charge assessed for a request pursuant to agency rules and regulations. An agency may enter into any contract, memorandum of understanding, or other agreement with a requestor that provides an alternative fee arrangement to the charges authorized in this section, or in response to a voluminous or frequently occurring request.

Sec. 4. RCW 42.56.130 and 2005 c 274 s 286 are each amended to read as follows:

The provisions of RCW 42.56.070(7) and (8) and 42.56.120 that establish or allow

agencies to establish the costs charged for photocopies or electronically produced copies of public records do not supersede other statutory provisions, other than in this chapter, authorizing or governing fees for copying public records.

Sec. 5. RCW 42.56.550 and 2011 c 273 s 1 are each amended to read as follows:

(1) Upon the motion of any person having been denied an opportunity to inspect or copy a public record by an agency, the superior court in the county in which a record is maintained may require the responsible agency to show cause why it has refused to allow inspection or copying of a specific public record or class of records. The burden of proof shall be on the agency to establish that refusal to permit public inspection and copying is in accordance with a statute that exempts or prohibits disclosure in whole or in part of specific information or records.

(2) Upon the motion of any person who believes that an agency has not made a reasonable estimate of the time that the agency requires to respond to a public record request or a reasonable estimate of the charges to produce copies of public records, the superior court in the county in which a record is maintained may require the responsible agency to show that the estimate it provided is reasonable. The burden of proof shall be on the agency to show that the estimate it provided is reasonable.

(3) Judicial review of all agency actions taken or challenged under RCW 42.56.030 through 42.56.520 shall be de novo. Courts shall take into account the policy of this chapter that free and open examination of public records is in the public interest, even though such examination may cause inconvenience or embarrassment to public officials or others. Courts may examine any record in camera in any proceeding brought under this section. The court may conduct a hearing based solely on affidavits.

(4) Any person who prevails against an agency in any action in the courts seeking the right to inspect or copy any public record or the right to receive a response to a public record request within a reasonable amount of time shall be awarded all costs, including reasonable attorney fees, incurred in connection with such legal action. In addition, it shall be within the

discretion of the court to award such person an amount not to exceed one hundred dollars for each day that he or she was denied the right to inspect or copy said public record.

(5) For actions under this section against counties, the venue provisions of RCW 36.01.050 apply.

(6) Actions under this section must be filed within one year of the agency's claim of exemption or the last production of a record on a partial or installment basis."
