SECOND READING

HOUSE BILL NO. 1148, by Representatives Tharinger, Callan and Wylie

Concerning state general obligation bonds and related accounts.

The bill was read the second time.

There being no objection, Substitute House Bill No. 1148 was substituted for House Bill No. 1148 and the substitute bill was placed on the second reading calendar.

SUBSTITUTE HOUSE BILL NO. 1148 was read the second time.

Representative Tharinger moved the adoption of the striking amendment (775):

Strike everything after the enacting clause and insert the following:

**"PART I
2021-2023 AND 2023-2025 BIENNIAL BOND
AUTHORIZATION**

NEW SECTION. **Sec. 101.** For the purpose of providing funds to finance the projects described and authorized by the legislature in the omnibus capital and operating appropriations acts for the 2021-2023 and 2023-2025 fiscal biennia and future biennia, and all costs incidental thereto, the state finance committee is authorized to issue general obligation bonds of the state of Washington in the sum of \$4,186,076,000, or as much thereof as may be required, to finance these projects and all costs incidental thereto. Bonds authorized in this section may be sold at such price as the state finance committee shall determine. No bonds authorized in this section may be offered for sale without prior legislative appropriation of the net proceeds of the sale of the bonds.

NEW SECTION. **Sec. 102.** (1) The proceeds from the sale of bonds authorized in section 101 of this act shall be deposited in the state building construction account created by RCW 43.83.020. The proceeds shall be transferred as follows:

(a) \$3,834,193,000 to remain in the state building construction account created by RCW 43.83.020;

(b) \$351,883,000 to the state taxable building construction account. All receipts from taxable bonds issued are to be deposited into the account. If the state treasurer, on behalf of the state finance committee, deems it necessary or advantageous to issue more than the amount specified in this subsection (1)(b) as taxable bonds in order to comply with federal internal revenue service rules and regulations pertaining to the use of nontaxable bond proceeds or in order to reduce the total financing costs for bonds issued, the proceeds of such additional taxable bonds shall be transferred to the state taxable building construction account in lieu of any transfer otherwise provided by this section. If the state treasurer, on behalf of the state finance committee, determines that a portion of the amount specified in this subsection (1)(b) as taxable bonds may be issued as nontaxable bonds in compliance with federal internal revenue service rules and regulations pertaining to the use of nontaxable bond proceeds, then such bond proceeds shall be transferred to the state building construction account in lieu of the transfer to the state taxable building construction account otherwise provided by this subsection (1)(b). The state treasurer, on behalf of the state finance committee, shall submit written notice to the director of the office of financial management if it is determined that any such additional transfer to the state taxable building construction account is necessary or that a transfer from the state taxable building construction account to the state building construction account may be made. Moneys in the account may be spent only after appropriation.

(2)(a) The state treasurer shall transfer bond proceeds deposited in the state building construction account into the outdoor recreation account created by RCW 79A.25.060, the habitat conservation account created by RCW 79A.15.020, the farm and forest account created by RCW 79A.15.130, and the Ruth Lecocq Kagi early learning facilities development account created by RCW 43.31.569, at various times and in various amounts necessary to support authorized expenditures from those accounts.

(b) The state treasurer shall transfer bond proceeds deposited in the state taxable building construction account into the Ruth Lecocq Kagi early learning facilities revolving account created by RCW 43.31.569 at various times and in various amounts necessary to support authorized expenditures from that account.

(3) These proceeds shall be used exclusively for the purposes specified in section 101 of this act and for the payment of expenses incurred in the issuance and sale of the bonds issued for the purposes of section 101 of this act, and shall be administered by the office of financial management subject to legislative appropriation.

NEW SECTION. Sec. 103. (1) The debt-limit general fund bond retirement account shall be used for the payment of the principal of and interest on the bonds authorized in section 101 of this act.

(2) The state finance committee shall, on or before June 30th of each year, certify to the state treasurer the amount needed in the ensuing 12 months to meet the bond retirement and interest requirements on the bonds authorized in section 101 of this act.

(3) On each date on which any interest or principal and interest payment is due on bonds issued for the purposes of section 102 (1) and (2) of this act the state treasurer shall withdraw from any general state revenues received in the state treasury and deposit in the debt-limit general fund bond retirement account an amount equal to the amount certified by the state finance committee to be due on the payment date.

NEW SECTION. Sec. 104. (1) Bonds issued under section 101 of this act shall state that they are a general obligation of the state of Washington, shall pledge the full faith and credit of the state to the payment of the principal thereof and the interest thereon, and shall contain an unconditional promise to pay the principal and interest as the same shall become due.

(2) The owner and holder of each of the bonds or the trustee for the owner and holder of any of the bonds may by mandamus or other appropriate proceeding require the transfer and payment of funds as directed in this section.

NEW SECTION. Sec. 105. The legislature may provide additional means for raising moneys for the payment of the principal of and interest on the bonds authorized in section 101 of this act, and sections 102 and 103 of this act shall not be deemed to provide an exclusive method for the payment.

PART II UNISSUED BOND EXPIRATIONS

Sec. 201. RCW 43.99U.010 and 2008 c 179 s 101 are each amended to read as follows:

(1) For the purpose of providing state funds for federally matched flood hazard mitigation and other projects throughout the Chehalis river basin, the state finance committee is authorized to issue general obligation bonds of the state of Washington in the sum of ~~((fifty million dollars))~~ \$50,000,000, or as much thereof as may be required, to finance the projects and all costs incidental thereto. Bonds authorized in this section may be sold at such price as the state finance committee shall determine. No bonds authorized in this section may be offered for sale without prior legislative appropriation of the net proceeds of the sale of the bonds.

(2) If any bonds authorized in this chapter have not been issued by June 30, 2025, the authority of the state finance committee to issue such remaining unissued bonds expires June 30, 2025.

Sec. 202. RCW 28A.527.010 and 2008 c 179 s 202 are each amended to read as follows:

(1) For the purpose of providing school construction assistance grants and needed capital improvements consisting of the predesign, design, acquisition, construction, modification, renovation, expansion, equipping, and other improvements of skill centers facilities, including capital improvements to support satellite or branch campus programs for underserved rural areas or high-density areas, the state finance committee is authorized to issue general obligation bonds of the state of Washington in the sum of ~~((one hundred million dollars))~~ \$100,000,000, or as much thereof as may be required, to finance all or a part of these projects and all costs incidental thereto. Bonds authorized in this section may be sold at such price as the state finance committee shall determine. No bonds authorized in this section may be offered for sale without prior legislative appropriation of the net proceeds of the sale of the bonds. If the state finance committee deems it necessary to issue taxable bonds in order to comply with federal internal revenue service rules and regulations pertaining to the use of nontaxable bond proceeds, the proceeds of such taxable bonds shall be transferred to the state taxable building construction account in lieu of any deposits otherwise provided by this section. The state treasurer shall submit written notice to the director of financial management if it is determined that any such transfer to the state taxable building construction account is necessary.

(2) If any bonds authorized in this chapter have not been issued by June 30, 2025, the authority of the state finance committee to issue such remaining unissued bonds expires June 30, 2025.

Sec. 203. RCW 28A.527.020 and 2008 c 179 s 203 are each amended to read as follows:

This chapter is not intended to limit the legislature's ability to appropriate bond proceeds if the full amount authorized in this chapter has not been appropriated after one biennia ~~((, and the authorization to issue bonds contained in this chapter does not expire until the full authorization has been appropriated and issued))~~.

Sec. 204. RCW 43.99V.010 and 2009 c 6 s 1 are each amended to read as follows:

(1) For the purpose of providing funds to finance the school construction assistance grant program described and authorized by the legislature in the capital appropriations acts for the 2007-2009 and 2009-2011 fiscal biennia and future biennia, and all costs incidental thereto, the state finance committee is authorized to issue general obligation bonds of the state of Washington in the sum of ~~((one hundred thirty-three million dollars))~~ \$133,000,000, or as much thereof as may be required, to finance these projects and all costs incidental thereto. Bonds authorized in this section may be sold at such price as the

state finance committee shall determine. No bonds authorized in this section may be offered for sale without prior legislative appropriation of the net proceeds of the sale of the bonds.

(2) If any bonds authorized in this chapter have not been issued by June 30, 2025, the authority of the state finance committee to issue such remaining unissued bonds expires June 30, 2025.

**PART III
ADJUSTING CAPACITY FOR BONDS PREVIOUSLY
AUTHORIZED BUT NOT YET ISSUED**

Sec. 301. RCW 43.100A.316 and 2021 c 331 s 1 are each amended to read as follows:

For the purpose of providing funds to finance the projects described and authorized by the legislature in the omnibus capital and operating appropriations acts for the 2019-2021 and 2021-2023 fiscal biennia and future biennia, and all costs incidental thereto, the state finance committee is authorized to issue general obligation bonds of the state of Washington in the sum of \$3,971,290,793, or as much thereof as may be required, to finance these projects and all costs incidental thereto. Bonds authorized in this section may be sold at such price as the state finance committee shall determine. No bonds authorized in this section may be offered for sale without prior legislative appropriation of the net proceeds of the sale of the bonds.

Sec. 302. RCW 43.100A.311 and 2019 c 414 s 1 are each amended to read as follows:

For the purpose of providing funds to finance the projects described and authorized by the legislature in the omnibus capital and operating appropriations acts for the 2017-2019 and 2019-2021 fiscal biennia and future biennia, and all costs incidental thereto, the state finance committee is authorized to issue general obligation bonds of the state of Washington in the sum of three billion two hundred million nine hundred twenty-six thousand dollars, or as much thereof as may be required, to finance these projects and all costs incidental thereto. Bonds authorized in this section may be sold at such price as the state finance committee shall determine. No bonds authorized in this section may be offered for sale without prior legislative appropriation of the net proceeds of the sale of the bonds.

NEW SECTION. Sec. 303. A new section is added to chapter 43.100A RCW to read as follows:

The legislature acknowledges that legislation authorizing the issuance of general obligation bonds of the state requires the legislature to appropriate the proceeds of sale of the bonds before the bonds may be issued. The legislature finds that the state has not fully expended all appropriations for capital projects that could have been supported by the issuance of state general obligation bonds, and that over time this under utilization of appropriation authority and the related bond

issuance authority has resulted in a cumulative difference between the amount of general obligation bonds authorized and the amount of bonds actually issued. This difference is reflected in LEAP Document No. BOND-1-HB-2023, which documents a cumulative amount of unused appropriation authority and related bond issuance authority.

The difference between the amount of bonds authorized and the amount of appropriations actually expended has not been reflected in the calculation of available debt capacity under the state debt limit, and has resulted in an understatement of available debt capacity of the state. The legislature intends to address this understatement by making a one-time adjustment of \$400,000,000 to the legislative balance sheet to reflect previously unused bond issuance authority enacted for the 2019-2021 and 2021-2023 fiscal biennia, and to utilize that bond issuance authority by authorizing appropriations for the 2023-2025 fiscal biennium that will be supported by that bond issuance authority.

PART IV MISCELLANEOUS

NEW SECTION. **Sec. 401.** RCW 43.100A.306 (Bond issuance—Intent) and 2018 c 3 s 202 are each repealed.

NEW SECTION. **Sec. 402.** Sections 101 through 105 of this act are each added to chapter 43.100A RCW.

NEW SECTION. **Sec. 403.** If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. **Sec. 404.** This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

Correct the title.

Representatives Tharinger and Steele spoke in favor of the adoption of the striking amendment.

The striking amendment (775) was adopted.

The bill was ordered engrossed.

There being no objection, the rules were suspended, the second reading considered the third and the bill was placed on final passage.

Representatives Tharinger and Steele spoke in favor of the passage of the bill.

MOTION

Excused: Representatives Ortiz-Self and Reeves

ENGROSSED SUBSTITUTE HOUSE BILL NO. 1148, having received the necessary constitutional majority, was declared passed.

ENGROSSED SUBSTITUTE SENATE BILL NO. 5200, by Senate Committee on Ways & Means (originally sponsored by Mullet, Schoesler and Nguyen)

Concerning the capital budget.

The bill was read the second time.

Representative Tharinger moved the adoption of the striking amendment (776):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** (1) A capital budget is hereby adopted and, subject to the provisions set forth in this act, the several dollar amounts hereinafter specified, or so much thereof as shall be sufficient to accomplish the purposes designated, are hereby appropriated and authorized to be incurred for capital projects during the period beginning with the effective date of this act and ending June 30, 2025, out of the several funds specified in this act.

(2) The definitions in this subsection apply throughout this act unless the context clearly requires otherwise.

(a) "Fiscal year 2024" or "FY 2024" means the period beginning July 1, 2023, and ending June 30, 2024.

(b) "Fiscal year 2025" or "FY 2025" means the period beginning July 1, 2024, and ending June 30, 2025.

(c) "Lapse" or "revert" means the amount shall return to an unappropriated status.

(d) "Provided solely" means the specified amount may be spent only for the specified purpose.

(3) Unless otherwise specifically authorized in this act, any portion of an amount provided solely for a specified purpose that is not expended subject to the

specified conditions and limitations to fulfill the specified purpose shall lapse.

(4) The amounts shown under the headings "Prior Biennia," "Future Biennia," and "Total" in this act are for informational purposes only and do not constitute legislative approval of these amounts. "Prior biennia" typically refers to the immediate prior biennium for reappropriations, but may refer to multiple biennia in the case of specific projects. A "future biennia" amount is an estimate of what may be appropriated for the project or program in the 2025-2027 biennium and the following three biennia; an amount of zero does not necessarily constitute legislative intent to not provide funding for the project or program in the future.

(5) "Reappropriations" in this act are appropriations and, unless the context clearly provides otherwise, are subject to the relevant conditions and limitations applicable to appropriations. Reappropriations shall be limited to the unexpended balances remaining on June 30, 2023, from the 2021-2023 biennial appropriations for each project.

2023-25 Energy Retrofits and Solar Power for Public Buildings (40000283)

The appropriation in this section is subject to the following conditions and limitations:

(1) \$22,500,000 of the appropriation in this section is provided solely for grants to local governments, public higher education institutions, school districts, tribal governments, and state agencies for improvements to facilities and related projects that result in energy and operational cost savings.

(a) At least 20 percent of each competitive grant round is designated for award to eligible projects in small cities or towns with a population of 5,000 or fewer residents.

(b) In each competitive round, a higher energy savings to investment ratio must result in a higher project ranking. Priority consideration must be given to applicants that have not received grant awards for this purpose in prior biennia.

(c) The department must determine a minimum match ratio to maximize the leverage of nonstate funds.

(2) \$22,500,000 of the appropriation in this section is provided solely for grants to be awarded in competitive rounds to local governments, public higher education institutions, school districts, tribal governments, and state agencies for projects that involve the purchase and installation of solar energy systems, including solar modules and inverters, with a preference for products manufactured in Washington.

(a) At least 20 percent of each competitive grant round is designated for award to eligible projects in small cities or towns with a population of 5,000 or fewer residents.

(b) In each competitive round, a higher energy savings to investment ratio must result in a higher project ranking. Priority consideration must be given to applicants that have not received grant awards for this purpose in prior biennia.

(c) The department must determine a minimum match ratio to maximize the leverage of nonstate funds.

(3) \$5,000,000 of the appropriation in this section is provided solely for the energy efficiency and environmental performance improvements to minor works, stand-alone, and emergency projects at facilities owned by agencies that repair or replace existing building systems and reduce greenhouse gas emissions from state operations, including, but not limited to, HVAC, lighting, insulation, windows, and

other mechanical systems. Eligibility for this funding is dependent on an analysis using the office of financial management's life-cycle cost tool that compares project design alternatives for initial and long-term cost-effectiveness. Assuming a reasonable return on investment, the department shall provide grants in the amount required to improve the project's energy efficiency compared to the original project request.

(4) The department shall develop metrics that indicate the performance of energy efficiency efforts.

(5) If a grant is provided in subsection (1) or (3) of this section to purchase heating devices or systems, the agency must, whenever possible and most cost effective, select devices and systems that do not use fossil fuels.

(6) Grants provided in subsections (1), (2), and (3) of this section to state agencies are exempt from the match requirements in this section.

Home Electrification and Appliance Rebates Program (HEAR) (40000284)

The appropriations in this section are subject to the following conditions and limitations:

(1) (a) \$83,000,000 of the general fund—federal appropriation and \$75,000,000 of the climate commitment account—state appropriation are provided solely for the department to administer grants to eligible third-party administrators for heat pump and other high-efficiency electric equipment rebates, with a focus on low/moderate income households and small businesses. State incentives and rebates for installation of high efficiency electric equipment, including electrical panel upgrades, provide a benefit to the public consistent with the state's energy strategy and climate mandates by reducing greenhouse gas emissions from the built environment.

(b) \$5,000,000 of the climate commitment account—state appropriation is provided solely for the department to administer grants to eligible third-party administrators for heat pumps for adult family homes.

(2) The department shall implement a statewide high efficiency electric equipment program consistent with the following:

(a) Aid the transition of residential and commercial buildings away from fossil fuels by providing education and outreach resources for the installation of high efficiency electric heat pumps and other high efficiency electric equipment;

(b) Provide grants, coordination, and technical assistance to eligible third-party administrators to promote the adoption of

high-efficiency electric heat pump equipment for space and water heating; and

(c) Develop strategies to ensure that the program serves low-income households, vulnerable populations, and overburdened communities, including dedicating a portion of the program funding for this purpose. For the purposes of this subsection (2) (c), "overburdened communities" has the same meaning as defined in RCW 70A.65.010.

(3) For the purposes of this section, "eligible third-party administrators" include, but are not limited to, nonprofits, utilities, housing providers, community action agencies and community-based organizations.

(2) The department must establish a competitive process to solicit proposals for and prioritize projects whose primary objective is to assist libraries operated by governmental units, as defined in RCW 27.12.010, in acquiring, constructing, repairing, or rehabilitating facilities.

(3) The department must establish a committee to develop the grant program criteria established under subsection (2) of this section and review proposals. The committee must be composed of five members as provided in this subsection. The committee must include: (a) A representative from the department of commerce; (b) a representative from the department of archaeology and historic preservation; (c) the state librarian; (d) a representative from a library district; and (e) a representative from a municipal library.

(4) The department must conduct a statewide solicitation of project applications. The department must evaluate and rank applications in consultation with the committee established in subsection (3) of this section, using objective criteria. The ranking of projects must prioritize library district facilities listed on a local, state, or federal register of historic places and those located in distressed or rural counties. The evaluation and ranking process must also include an examination of existing assets that applicants propose to apply to projects. Grant assistance under this section may not exceed 50 percent of the total cost of the project. The nonstate portion of the total project cost may include cash, the value of real property when acquired solely for the purpose of the project, and in-kind contributions.

(5) The department must submit a prioritized list of recommended projects to the governor and the legislature by October 1, 2024, for inclusion in the department of commerce's 2025-2027 biennial capital budget request. The list must include a description of each project, the amount of recommended state funding, and documentation of nonstate funds to be used for the project. Individual grants may not exceed \$2,000,000. The total amount of recommended state funding for the projects on a biennial project list may not exceed \$10,000,000.

(6) In contracts for grants authorized under this section, the department must include provisions that require that capital improvements be held by the grantee for a specified period of time appropriate to the amount of the grant and that facilities be used for the express purpose of the grant. If the grantee is found to be out of compliance with provisions of the contract, the grantee must repay to the state general fund the principal amount of the grant plus interest calculated at the rate of interest on state of Washington general obligation bonds issued on the date most close in time to the date of authorization of the grant.

(7) The department must assist grant recipients under this section to apply for applicable competitive federal grant funding and, upon receipt of any such funding, an equal amount of the state building construction account—state appropriation must be placed in unallotted status.

2023-25 Broadband Infrastructure Federal Match Projects (40000290)

The appropriations in this section are subject to the following conditions and limitations:

(1) (a) \$50,000,000 of the state building construction account—state appropriation in this section is provided solely as match for federal authority allocated under this section and section 7017 of this act for the statewide broadband office to administer the broadband equity, access, and deployment state grants program in section 60102 of P.L. 117-58 (infrastructure investment and jobs act). Expenditure of the amount in this subsection is contingent on the receipt of this grant funding.

(b) To the extent permitted by federal law, the office shall provide state match only for projects where the lead applicant is a public entity.

(2) In addition to scoring and weighting criteria established pursuant to the federal broadband equity, access, and deployment program, the state broadband office must establish additional secondary selection criteria, including, but not limited to, criteria that give weight to projects that:

(a) Provide open-access wholesale last-mile broadband service for the useful life of the subsidized networks on fair, equal, and neutral terms to all potential retail providers; and

(b) Demonstrate support from the local government or any tribal government with oversight over the location or locations to be served.

(3) The statewide broadband office must include, in the five-year action plan developed using initial planning funds from the broadband equity, access, and deployment program funded under P.L. 117-58 (infrastructure investment and jobs act):

(a) Consideration of broadband infrastructure projects that use wireless technology in order to expand access at the lowest cost to the most unserved or underserved residents; and

(b) Steps the office will take to promote: The use of existing infrastructure; dig-once policies; streamlined permitting processes; and cost-effective access to poles, conduits, easements, and rights-of-way. To the extent permitted under federal law, the office must consider creating a pool of grant funds dedicated to pole costs.

(4) \$300,000 of the general fund—federal appropriation provided in this section is for a staff position dedicated to advising the statewide broadband office on the availability and feasibility of deploying new and emerging technologies in broadband internet service.

2023-25 Weatherization Plus Health (40000291)

The appropriations in this section are subject to the following conditions and limitations:

(1) \$5,000,000 of the state building construction account—state appropriation in this section is provided solely for grants for the Washington State University energy extension community energy efficiency program (CEEP) to support homeowners, tenants, and small business owners in making sound energy efficiency investments by providing consumer education and marketing, workforce support through training and lead generation, and direct consumer incentives for upgrades to existing homes and small commercial buildings. This is the maximum amount the department may expend for this purpose.

(2) The department must, to the extent practicable, implement the recommendations in the weatherization plus health 2022 report.

(3) If funding from these appropriations is used to purchase heating devices or

systems, the agency shall, whenever possible and most cost effective, select devices and systems that do not use fossil fuels.

(4) The department must:

(a) Recruit community energy efficiency program sponsors that are community-based organizations located in geographic areas of the state that have not received funding for low-income weatherization programs, targeting hard to reach market segments;

(b) Leverage funding from community energy efficiency program sponsors in an amount greater than or equal to the amount provided by the state through the weatherization program;

(c) Ensure that community energy efficiency program utility sponsors work with nonprofit community-based organizations to deliver community energy efficiency program services; and

(d) Identify community energy efficiency program sponsors that support the conversion of space and water heating from fossil fuels to electricity, as part of a set of energy efficiency investments.

2023-25 Youth Recreational Facilities Grant Program (40000292)

The appropriation in this section is subject to the following conditions and limitations:

(1) The appropriation is subject to the provisions of RCW 43.63A.135.

(2) Except as directed otherwise prior to the effective date of this section, the department may not expend the appropriation in this section unless and until the nonstate share of project costs have been either expended or firmly committed, or both, in an amount sufficient to complete the project or a distinct phase of the project that is useable to the public for the purpose intended by this appropriation. This requirement does not apply to projects where a share of the appropriation is for design costs only.

(3) The appropriation is provided solely for the following list of projects:

Camp Kilworth Lodges Renovation and Activation \$500,000
Coupeville Boys & Girls Club Construction Project \$391,000
Dylan Jude Harrell Community Center Gymnasium \$384,000

2023-25 Clean Energy Fund Program (40000294)

The appropriation in this section is subject to the following conditions and limitations:

(1) (a) \$500,000 of the appropriation in this section is provided solely for the department to convene a work group to:

(i) Analyze the financial investments required for owners of tier 1 covered buildings to comply with the state energy performance standard under RCW 19.27A.210; and

(ii) Make recommendations to the legislature to assist building owners in attaining compliance, which must include, but are not limited to:

(A) Identifying energy efficiency investments or other strategies and related timelines for increasing energy efficiency in the buildings sector;

(B) Providing a cost-benefit analysis of options, including energy efficiency, to meet the goal of reducing greenhouse gas emissions from the buildings sector; and

(C) Recommendations to balance financial investments while maximizing clean energy benefits for the state, including statutory changes that may be necessary for this purpose.

(b) The work group membership convened under this section must include, but is not limited to: One representative of the office of the superintendent of public instruction; one representative of a K-12 maintenance and operation administrators association; one representative of each of the state's public four-year institutions of higher education; one representative of the state board for community and technical colleges; one representative of the department of social and health services; one representative of

the department of corrections; one representative of the department of enterprise services; one representative of a health care organization; one representative from a local government; one representative from an organization representing privately owned tier 1 covered buildings; one representative from a business specializing in performance contracting for energy services; one representative from a nonprofit specializing in clean energy; and two representatives of a national association for industrial and office parks.

(c) The department must submit to the appropriate committees of the legislature:

(i) Analysis of financial investments as required by this section by December 15, 2023; and

(ii) A final report with recommendations as required by this section by September 1, 2024.

(2) Except as provided in subsections (1) and (13) of this section, the appropriation in this section is provided solely for competitive grants to eligible entities for predevelopment, design, and construction of projects that provide a public benefit through research, development, demonstration, or deployment of clean energy technologies that save energy and reduce energy costs, reduce harmful air emissions, or increase energy independence for the state. Priority must be given to projects that benefit vulnerable populations and overburdened communities, including tribes.

(3) Entities eligible for grant funding under this section include local governments, federally recognized tribal governments and tribes' contracted service providers, public and private utilities that serve retail customers in the state, for-profit entities, research institutions, nonprofit organizations, and state agencies.

(4) To be eligible, a project must be consistent with the state energy strategy adopted under chapter 43.21F RCW and policies under chapter 19.405 RCW. To the extent practicable, the department must prioritize projects that build upon Washington's strengths in aerospace, maritime, information and communications technology, grid modernization, advanced materials, and decarbonizing the built environment.

(5) The department must invite stakeholders to participate in the design and implementation of grant programs funded under this section. The department must consider equity and environmental justice when developing the program structure and opportunities for applicant participation.

(6) When soliciting and evaluating proposals, awarding contracts, and monitoring projects under this section, the department must:

(a) Ensure that competitive processes, rather than sole source contracting processes, are used to select all projects, except as otherwise noted in this section;

(b) Ensure that a public benefit results from the use of public funds through due diligence and monitoring of contracted projects, including ensuring compliance with all applicable laws related to the project selection process, project monitoring, and contracting; and

(c) Prioritize projects for funding that leverage the greatest amount of matching funds, such as local levy funding.

(7) (a) The department must require project applicants to:

(i) Disclose all sources of public funding invested in a project; and

(ii) Identify by name any former or current state of Washington employees employed by the applicant or its governing body in the 24 months preceding the application submittal. The identification must include the person's separation date and job title or position held. If the department determines that a conflict of interest or other violation of chapter 42.52 RCW exists, the application must be disqualified from further consideration.

(b) If, after a grant has been awarded, the department finds that a grantee has violated chapter 42.52 RCW, either in procuring or performing under the grant, the department in its sole discretion may terminate the grant funding by written notice. If the grant is terminated, the department must reserve its right to pursue all available remedies under law to address the violation.

(8) The department must specify the requirements in subsections (6) and (7) of this section in funding contracts entered into by the department under this section.

(9) \$10,000,000 of the appropriation in this section is provided solely for grants to tribes for clean energy development projects. Eligible uses of grant funding include planning, predesign, design, construction, project predevelopment, and deployment of clean energy projects that contribute to achieving the state's greenhouse gas emissions reduction goals and related policies. The department must collaborate with tribes in the design and development of this grant program.

(10) \$10,000,000 of the appropriation in this section is provided solely for state match for federal funding that aligns with subsection (2) of this section and accelerates meeting state clean energy and climate goals. Funding may be used to match federal grants to the state or nonstate entities for clean energy research, development, and demonstration projects.

(11) \$12,000,000 of the appropriation in the section is provided solely for grants for strategic research, development, and demonstration of new and emerging clean energy generation and storage technologies and climate change mitigation technologies, including greenhouse gas removal. Grants awarded under this subsection must reduce reliance on fossil fuels, reduce risk of irregularities in power supply, offer opportunities for economic and job growth, and strengthen technology supply chains. Grant funds are intended to catalyze diverse new technologies that change production, use, storage, and transportation of energy. The department may provide funding to projects at various stages of readiness, including early-stage research, pilot and demonstration projects, and dual use projects that produce clean energy and additional benefits.

(12) \$20,000,000 of the appropriation in this section is provided solely for grants

for electrical grid integration and innovation projects. To be eligible, a project must develop and demonstrate distributed energy resources, as defined in RCW 19.405.020, and nonwire alternatives that advance community resilience, support implementation of demand response and sustainable microgrids, improve integration of renewable energy and energy storage, and accelerate beneficial load integration and demand management for building electrification, equipment electrification, and electric vehicle charging.

(13) \$7,500,000 of the appropriation in this section is provided solely to support regional energy analytics capability at Pacific Northwest national laboratory.

(14) The department must strive to allocate all of the amounts appropriated in this section within the 2023-2025 fiscal biennium in the manner prescribed in each subsection. However, no sooner than January 1, 2024, if upon review of applications the department determines there are not adequate suitable projects in a category, the department may reallocate funding among the purposes of subsections (9) through (12) of this section. Beginning January 1, 2024, the department must provide quarterly notice of any funding reallocations to the appropriate fiscal committees of the legislature.

2023-25 Housing Trust Fund (40000295)

The appropriations in this section are subject to the following conditions and limitations:

(1) \$163,663,000 of the state taxable building construction account—state appropriation is provided solely for the new construction, acquisition, or rehabilitation of affordable housing projects that serve and benefit low-income and special needs populations including, but not limited to, people with chronic mental illness or behavioral health conditions, farmworkers, people who are homeless, and people in need of permanent supportive housing. The department shall strive to invest at least 20 percent of the appropriation provided under this subsection with by and for organizations, as defined by the office of equity.

(2) \$25,000,000 of the state taxable building construction account—state appropriation is provided solely for affordable housing projects that serve and benefit low-income people with developmental or intellectual disabilities. The department must use a separate application form and evaluation criteria for applications under this subsection. The department must coordinate with the department of social and health services regarding any needed supportive services and make efforts to enact the recommendations of the housing needs study for individuals with intellectual and developmental disabilities, as provided in section 1068(6), chapter 332, Laws of 2021.

(3) \$100,000,000 of the state taxable building construction account—state appropriation is provided solely for the apple health and homes rapid permanent supportive housing program created in chapter 216, Laws of 2022. Of the amounts provided in this subsection, \$5,000,000 is provided solely for the St. Agnes Haven project in Spokane.

(4) \$40,000,000 of the state building construction account—state appropriation is provided solely for awards to organizations eligible under RCW 43.185A.040 for the development of homeownership projects affordable to first-time low-income households throughout the state. Projects serving homebuyers whose income is up to 80 percent of the area median income, adjusted for household size, for the county where the property is located are eligible to apply, except that projects located in rural areas of the state, as defined by the department, serving homebuyers whose income is up to 100 percent of the area median income, adjusted for household size, for the county where the property is located are eligible to apply. Eligible activities include, but are not limited to, down payment assistance, closing costs, acquisition, rehabilitation costs, and new construction. Eligible organizations may include those that plan to provide housing to socially disadvantaged communities as defined in 13 C.F.R. Sec. 124.103. The department shall strive to invest at least 50 percent of these funds with by and for organizations, as defined by the office of equity, and make efforts to enact the recommendations of the homeownership disparities work group created in section 128(100), chapter 297, Laws of 2022.

(5) \$25,000,000 of the state building construction account—state appropriation is provided solely for affordable housing preservation projects, which may include, but are not limited to:

(a) Projects preserving and extending the affordability commitment period for projects in the housing trust fund portfolio. The funds may be provided for major building improvements, preservation, and system replacements, necessary for the existing housing trust fund portfolio to maintain long-term viability. The department must require a capital needs assessment be provided prior to contract execution. Funds may not be used to add or expand the capacity of the property. When allocating funds, the department must prioritize buildings that are older than 15 years and that serve very low-income and extremely low-income populations.

(b) Projects preserving affordable multifamily housing at risk of losing its affordability due to expiration of use restrictions that otherwise require affordability including, but not limited to, United States department of agriculture funded multifamily housing. The department must prioritize projects that satisfy the goal of long-term preservation of Washington's affordable multifamily housing stock, particularly in rural areas of the state. Funds may be used for acquisition or for acquisition and rehabilitation of properties to preserve the affordable housing units beyond their existing use restrictions and keep them in Washington's housing portfolio for a minimum of 40 years. If a capital needs assessment is required, the department must work with the applicant to ensure that this does not create an unnecessary impediment to rapidly accessing these funds.

(c) The funding provided under this subsection (5) is not subject to the 90-day application periods in RCW 43.185.070 or 43.185A.050.

(d) The amount awarded under this subsection (5) may not be calculated in award limitations for other housing trust fund awards.

(6) \$4,000,000 of the state taxable building construction account—state appropriation is provided solely for a grant to the northwest cooperative development center to provide subgrants for the acquisition and preservation of mobile or manufactured home communities. Funding provided under this subsection may be used to acquire mobile or manufactured home communities for the purpose of avoiding household displacement due to sale or other transactions and ensuring preservation of housing affordability for low-income households for a minimum of 40 years.

(7) \$2,000,000 of the state taxable building construction account—state appropriation is provided solely for a grant to the northwest cooperative development center to provide subgrants to organizations that are "mobile home park cooperatives" or "manufactured housing cooperatives" under RCW 59.20.030 for completing capital improvement processes. Subgrants provided under this subsection may be used solely for critical improvements, repairs, and infrastructure upgrades to promote the preservation of mobile or manufactured home communities as affordable housing. The grantee must award subgrants based on needs relating to health, safety, and cost.

(8) \$40,337,000 of the state taxable building construction account—state appropriation is provided solely for the following list of projects:

African Diaspora Cultural Anchor Village (SeaTac)	\$4,000,000
Gravelly Lake Commons at LASA (Lakewood)	\$500,000
Kenmore Supportive Housing (Kenmore)	\$1,000,000

New Hope Family Housing (Seattle)	\$325,000
Peninsula Community Health Housing (Bremerton)	\$412,000
Shiloh Baptist Church New Life Housing (Tacoma)	\$1,000,000
Skyway Affordable Housing (Skyway)	\$3,000,000
Tacoma/Pierce County Habitat Affordable Housing (Pierce County)	\$14,000,000

(9) In evaluating projects in this section, the department must give preference for applications based on some or all of the criteria in RCW 43.185.070(5).

(10) The department shall strive to allocate at least 30 percent of the funds provided in this section to projects located in rural areas of the state, as defined by the department.

(11) The department must strive to allocate all of the amounts appropriated in this section within the 2023-2025 fiscal biennium in the manner prescribed in each subsection. However, if upon review of applications the department determines there are not adequate suitable projects in a category, the department may allocate funds to other affordable housing projects serving other low-income and special needs populations, provided those projects are located in an area with an identified need for the type of housing proposed.

NEW SECTION. Sec. 1021. FOR THE DEPARTMENT OF COMMERCE
 2023-25 Connecting Housing to Infrastructure (CHIP) (40000296)

The appropriation in this section is subject to the following conditions and limitations:

(1) The appropriation in this section is provided solely for grants or deferred loans to local governments and public utility districts or their contracted service providers for system development charges and utility improvements for new affordable housing projects that serve and benefit low-income households. Where applicable, the extension must be consistent with the approved comprehensive plans under the growth management act and must be within the established boundaries of the urban growth area.

(2) \$37,202,000 of the state building construction account—state appropriation is provided solely for grants or deferred loans to local governments or public utilities located within a jurisdiction that impose a sales and use tax under RCW 82.14.530(1) (a) (ii) or (b) (i) (B), 82.14.540, or 84.52.105.

(3) \$20,000,000 of the state building construction account—state appropriation in this section is provided solely for grants to local governments or public utilities located within:

- (a) A city or county with a population of 150,000 or less; and
- (b) A jurisdiction that imposed a sales and use tax under RCW 82.14.530(1) (a) (ii) or (b) (i) (B).

(4) \$798,000 of the state building construction account—state appropriation in this section is provided solely for the Habitat for Humanity Infrastructure Project in Kennewick and Walla Walla.

(5) \$2,000,000 of the state building construction account—state appropriation in this section is provided solely for the Aviva Crossing Sanitary Sewer Upgrades Project (Tacoma).

(6) To be eligible for funding under this section, an applicant must demonstrate, at minimum:

(a) That affordable housing development will begin construction within 24 months of the grant or loan award; and

(b) A strong probability of serving the original target group or income level for a period of at least 25 years.

(7) For purposes of this section, the following definitions apply.

(a) "Affordable housing" has the same meaning as in RCW 43.185A.010.

(b) "Low-income household" has the same meaning as in RCW 43.185A.010.

(c) "System development charges" means charges for new drinking water, wastewater, or stormwater connections when a local government or public utility has waived standard fees normally applied to developers for connection charges on affordable housing projects.

(d) "Utility improvements" means drinking water, wastewater, or stormwater utility improvements.

NEW SECTION. Sec. 1022. FOR THE DEPARTMENT OF COMMERCE

Transit Oriented Housing Development Partnership Match (40000298)

The appropriations in this section are subject to the following conditions and limitations: The appropriations in this section are provided solely as match to private investment for grants to for-profit and nonprofit housing developers and public entities to carry out projects designed to increase the supply and affordability of transit-oriented housing development. Grants from this appropriation may only be used for the construction of units affordable at 80 percent of area median income or lower, if a project includes a range of affordability levels. The department shall work with the department of transportation to develop and administer a competitive grant program to assist in the financing of housing projects within rapid transit corridors. The department shall implement the program pursuant to the following eligibility criteria and definitions:

(1) Entities eligible to receive grant awards are state agencies, local governments, and nonprofit or for-profit housing developers. Eligible uses of grant awards include project capital costs and infrastructure costs and addressing gaps in project financing that would prevent ongoing or complete project construction.

(2) Eligible housing projects must meet the following requirements:

(a) Be within a rapid transit corridor. For purposes of this subsection (2), "rapid transit corridor" includes either one-half mile from light rail or commuter rail, or one-quarter mile from bus rapid transit.

(b) Produce at least 100 units of housing; and

(c) Include a covenant on the property requiring at least 10 percent of total housing units in the project remain affordable for households with incomes at or below 60 percent of area median income and at least 10 percent of total housing units in the project remain affordable for households with incomes at or below 80 percent of area median income for at least 99 years.

(3) The department must prioritize eligible projects by occupancy date, with a target occupancy date of December 31, 2025, or sooner.

(4) To source project requests, the department may first review the list of housing trust fund applications from the prior two years to determine if any projects not fully funded would meet the criteria listed in subsection (2) of this section and would be able to proceed to construction. If so, the department must conduct outreach to those project owners to discuss the grant program before soliciting new projects.

(5) The department must also consider the following criteria when prioritizing all projects:

(a) Are comprised of the largest number of affordable units;

(b) Have the largest total number of units affordable to households with incomes at or below 60 percent area median income;

(c) Include land acquired at a reduced price or without cost;

(d) Abide by any applicable antidisplacement measures;

(e) Include units with additional bedrooms or intended for occupancy by families with multiple dependents; or

(f) Have acquired all necessary permits.

(6) The department may adopt any necessary guidance or rules to implement the competitive grant program under this section, including any additional project eligibility criteria and prioritization criteria.

(7) The department must report a program update and any projects awarded on their website by June 30, 2024. The report must include project award data at the time of award, such as, but not limited to, the awardee, total project cost, amount of the award, number of households being served by household income, project location, and any other relevant information.

(8) The department must strive to allocate the amounts appropriated in this section by September 30, 2024, in the manner prescribed in this section. However, if upon review of applications the department determines there are not adequate suitable projects to receive awards, the department may allocate state funding to other affordable housing projects serving other low-income and special needs populations.

NEW SECTION. Sec. 1023. FOR THE DEPARTMENT OF COMMERCE

2023-25 Behavioral Health Community Capacity Grants (40000299)

The appropriation in this section is subject to the following conditions and limitations:

(1) The appropriation in this section is provided solely for the department to issue grants to community hospitals or other community providers to expand and establish new capacity for behavioral health services in communities. The department must consult an advisory group consisting of representatives from the department of social and health services, the health care authority, one representative from a managed care organization, one representative from an accountable care organization, and one representative from the association of county human services. Amounts provided in this section may be used for construction and equipment costs associated with establishment or preservation of the facilities. The department may approve funding for the acquisition of a facility if the project will result in increased behavioral health capacity. Amounts provided in this section may not be used for operating costs associated with the treatment of patients using these services.

(2) In awarding funding for projects in subsection (5) of this section, the department must establish criteria for the issuance of the grants, which must include:

(a) Evidence that the application was developed in collaboration with one or more regional behavioral health entities that administer the purchasing of services;

(b) Evidence that the applicant has assessed and would meet gaps in geographical availability of behavioral health services in their region;

(c) Evidence that the applicant is able to meet applicable licensing and certification requirements in the facility that will be used to provide services;

(d) A commitment by applicants to serve persons who are publicly funded and persons detained for involuntary commitment under chapter 71.05 RCW;

(e) A commitment by the applicant to maintain and operate the beds or facility for a time period commensurate to the state investment, but for at least a 10-year period;

(f) The date upon which structural modifications or construction would begin and the anticipated date of completion of the project;

(g) A detailed estimate of the costs associated with opening the beds;

(h) A financial plan demonstrating the applicant's ability to maintain and operate the facility; and

(i) The applicant's commitment to work with local courts and prosecutors to ensure that prosecutors and courts in the area served by the hospital or facility will be available to conduct involuntary commitment hearings and proceedings under chapter 71.05 RCW.

(3) In awarding funding for projects in subsection (5) of this section, the department, in consultation with the advisory group established in subsection (1) of this section, must strive for geographic distribution and to allocate funding based on population and service needs of an area. The department must consider current services available, anticipated services available based on projects underway, and the service delivery needs of an area.

(4) The department must prioritize projects that increase capacity in unserved and underserved areas of the state.

(5)(a) \$28,443,000 of the state building construction account—state appropriation in this section is provided solely for competitive community behavioral health grants to address regional needs. Applicants must provide confirmation that the health care authority, department of social and health services, or a managed care organization plans to contract with the facility sufficient to cover the facility's operating costs. The department must give priority to facilities that:

(i) Serve individuals on 90-day or 180-day civil commitments as an alternative to treatment in the state hospitals;

(ii) Serve individuals who will be transitioned from or diverted from the state hospitals;

(iii) Provide secure withdrawal management and stabilization treatment beds; or

(iv) Provide substance use disorder treatment.

(b) In awarding this funding to projects under (a)(i) of this subsection (5), the department must coordinate with the department of social and health services, the health care authority, and the department of health and must only select facilities that meet the following conditions:

(i) The funding must be used to increase capacity related to serving individuals who will be transitioned from or diverted from the state hospitals;

(ii) The facility is not subject to federal funding restrictions that apply to institutions of mental diseases;

(iii) The provider has submitted a proposal for operating the facility to the health care authority;

(iv) The provider has demonstrated to the department of health and the health care authority that it is able to meet the applicable licensing and certification requirements for the facility that will be used to provide services; and

(v) The health care authority has confirmed that it intends to contract with the facility for operating costs within funds provided in the operating budget for these purposes.

(c) \$24,000,000 of the state building construction account—state appropriation in

this section is provided solely for grants to intensive behavioral health treatment facilities for long-term placement of behavioral health patients with complex needs and that are not subject to federal funding restrictions that apply to institutions of mental diseases.

(d) \$18,000,000 of the state building construction account—state appropriation in this section is provided solely for grants to community providers to increase behavioral health services and capacity for children and minor youth including, but not limited to, services for youth crisis walk-in intervention, substance use disorder treatment, sexual assault and traumatic stress, anxiety, or depression, children with behavioral health and intellectual or developmental disability needs, and interventions for children exhibiting aggressive or depressive behaviors in facilities that are not subject to federal funding restrictions. Consideration must be given to programs that incorporate outreach and treatment for youth dealing with behavioral health or social isolation issues.

(6) The amounts provided in this subsection are subject to the criteria in subsection (1) of this section, except the projects are not required to establish new capacity:

(a) \$7,500,000 of the state building construction account—state appropriation in this section is provided solely for grants to community providers to prevent the closure of existing behavioral health facilities. For purposes of this subsection (6) (a), the department must implement necessary procedures to enable rapid commitment of funds on a first-come, first-served basis to qualifying project proposals that satisfy the goal of long-term preservation of behavioral health facilities.

(b) \$133,057,000 of the appropriation in this section is provided solely for the following list of projects:

- Aristo Healthcare Services (Renton) . . . \$2,000,000
- Center for Alcohol & Drug Treatment New Facility (Wenatchee) \$19,600,000
- Compass Health Broadway Behavioral Health Services (Everett) \$18,700,000
- CRMHS Satellite Building Project (Vancouver) \$2,500,000
- Evergreen Treatment Services (Seattle) . . . \$6,000,000
- Jamestown S'Klallam Behavior Health Center (Sequim) \$13,000,000
- Lummi Nation Substance Abuse Treatment (Bellingham) \$8,147,000
- Lynnwood Community Recovery Center (Lynnwood) \$2,750,000
- Nisqually Tribe Healing Village (Olympia) \$12,000,000
- Recovery Innovations Crisis Stabilization (Federal Way) \$1,900,000
- SeaMar Youth Crisis Center (Seattle) . . . \$480,000
- SHC Medical Center - Astria/Toppenish Hospital

- (Toppenish) \$2,500,000
- SIHB Thunderbird Treatment Center (Vashon) \$1,030,000
- Skagit County Crisis Stabilization Center (SCCSC) (Sedro-Woolley) \$12,700,000
- Spokane Treatment and Recovery Service (Spokane) \$4,000,000
- Substance Use Disorder & Mental Health Inpatient Treatment (Yakima) \$11,750,000
- Three Rivers Behavioral Health Center (Kennewick) \$5,000,000
- Whatcom 23-Hour Crisis Relief Center (Bellingham) \$9,000,000

(7) The department shall notify all applicants that they may be required to have a construction review performed by the department of health.

(8) To accommodate the emergent need for behavioral health services, the department and the department of health, in collaboration with the health care authority and the department of social and health services, must establish a concurrent and expedited process to assist grant applicants in meeting any applicable regulatory requirements necessary to operate inpatient psychiatric beds, freestanding evaluation and treatment facilities, enhanced services facilities, triage facilities, crisis stabilization facilities, or secure detoxification/secure withdrawal management and stabilization facilities.

(9) The department must strive to allocate all of the amounts provided in this section in the manner prescribed in each subsection. However, if upon review of applications, the department determines, in consultation with the advisory group established in subsection (1) of this section, that there are not adequate suitable projects in a category, the department may allocate funding to other project categories listed in this section, prioritizing projects that support serving individuals who will be transitioned from or diverted from the state hospitals. Underserved areas of the state may also be considered.

(10) In contracts for grants authorized under this section, the department must include provisions that require that the grantee or successor hold the capital improvements for at least a 10-year period. The provisions must require the facility to be used for behavioral health services, but may allow the facility to change ownership or facility type during the commitment period. The department shall monitor the activities of recipients of grants under this program to determine compliance with the terms and conditions set forth in its contract.

(11) The department must provide a progress report to the appropriate committees of the legislature by September 1, 2024. The report must include:

- (a) The total number of applications and amount of funding requested;
- (b) A list and description of the projects approved for funding including state funding, total project cost, services anticipated to be provided, bed capacity, and anticipated completion date;

(c) A statewide map of new capacity since 2018, including projected bed capacity and opening dates;

(d) A status report of projects that received funding in prior funding rounds, including details about the project completion and the date the facility began providing services; and

(e) Recommendations for statutory language that would codify the grant program on an ongoing basis including:

(i) Evaluation and prioritization criteria;

(ii) Monitoring and compliance requirements;

(iii) Preconstruction and technical assistance services; and

(iv) Data needed to determine the service needs by area of the state.

(12) The department must coordinate with the health care authority to submit capital budget requests to fund behavioral health community capacity grants for the 2025-2027 biennial budget by the due date established by the office of financial management. Associated state budget operating costs must also be identified and requested.

NEW SECTION. Sec. 1024. FOR THE DEPARTMENT OF COMMERCE

2023-25 Early Learning Facilities Fund Grant Program (40000300)

The appropriation in this section is subject to the following conditions and limitations:

(1) \$5,000,000 of the Ruth Lecocq Kagi early learning facilities development account—state appropriation in this section is provided solely for minor renovation grants.

(2) \$42,050,000 of the Ruth Lecocq Kagi early learning facilities development account—state appropriation in this section is provided solely for the early learning facility grant and loan program, subject to the provisions of RCW 43.31.573 through 43.31.583 and 43.84.092, to provide state assistance for designing, constructing, purchasing, expanding, or modernizing public or private early learning education facilities for eligible organizations. Up to four percent of the funding in this subsection may be used by the department of children, youth, and families to provide technical assistance to early learning providers interested in applying for the early learning facility grant or loan program.

(3) The department of children, youth, and families must develop methodology to identify, at the school district boundary level, the geographic locations of where early childhood education and assistance program slots are needed to meet the entitlement specified in RCW 43.216.556. This methodology must be linked to the

caseload forecast produced by the caseload forecast council and must include estimates of the number of slots needed at each school district. This methodology must inform any early learning facilities needs assessment conducted by the department and the department of children, youth, and families. This methodology must be included as part of the budget submittal documentation required by RCW 43.88.030.

(4) When prioritizing areas with the highest unmet need for early childhood education and assistance program slots, the committee of early learning experts convened by the department pursuant to RCW 43.31.581 must first consider those areas at risk of not meeting the entitlement specified in RCW 43.216.556.

(5) The department must track the number of slots being renovated separately from the number of slots being constructed and, within these categories, must track the number of slots separately by program for the working connections child care program and the early childhood education and assistance program.

(6) When prioritizing applications for projects pursuant to RCW 43.31.581, the department must award priority points to applications from a rural county or from extreme child care deserts as defined by the department of children, youth, and families.

(7) For early learning facilities collocated with affordable or supportive housing developments, the department may remit state funding on a reimbursement basis for 100 percent of eligible project costs, regardless of the project's match amount, once the nonstate share of project costs have been either expended or firmly committed in an amount sufficient to complete the entire project or a distinct phase of the project that is useable to the public as an early learning facility. These projects are not subject to section 8015 of this act or RCW 43.88.150.

(8) It is the intent of the legislature to reappropriate funding in the 2023-2025 omnibus capital appropriations act for early learning facilities appropriated in this section.

(9) \$17,600,000 of the Ruth Lecocq Kagi early learning facilities development account—state appropriation in this section is provided solely for the following list of early learning facility projects:

Cora Whitley Family Center (Tacoma). . .	\$2,500,000

(Olympia). \$1,000,000
 (10) \$350,000 of the Ruth Lecocq Kagi early learning facilities development account—state appropriation in this section is provided solely for the early learning facilities capital readiness pilot program. The department, in partnership with the department of children, youth, and families, shall administer the program as part of the early learning facilities program. The early learning facilities capital readiness pilot program must support no more than 10 licensed early learning providers that will serve children through working connections child care or through the early childhood education and assistance program to study the feasibility of expanding, remodeling, purchasing, or constructing early learning facilities and classrooms. Participants must receive small grants and project support to conduct capital feasibility studies that cover financing, architectural design, construction, business operations, and other relevant topics. Participants must also have access to professional consultation related to financing, architectural design, construction, and business operations.

NEW SECTION. Sec. 1025. FOR THE DEPARTMENT OF COMMERCE
 2024 Local and Community Projects (40000301)

The appropriations in this section are subject to the following conditions and limitations:

(1) The department shall not expend the appropriation in this section unless and until the nonstate share of project costs have been either expended or firmly committed, or both, in an amount sufficient to complete the project or a distinct phase of the project that is useable to the public for the purpose intended by the legislature. This requirement does not apply to projects where a share of the appropriation is for design costs only.

(2) Prior to receiving funds, project recipients must demonstrate that the project site is under control for a minimum of 10 years, either through ownership or a long-term lease. This requirement does not apply to appropriations for preconstruction activities or appropriations in which the sole purpose is to purchase real property that does not include a construction or renovation component.

(3) Projects funded in this section may be required to comply with Washington's high performance building standards under chapter 39.35D RCW.

(4) Project funds are available on a reimbursement basis only and may not be advanced under any circumstances.

(5) In contracts for grants authorized under this section, the department shall

include provisions that require that capital improvements be held by the grantee for a specified period of time appropriate to the amount of the grant and that facilities be used for the express purpose of the grant. If the grantee is found to be out of compliance with provisions of the contract, the grantee shall repay to the state general fund the principal amount of the grant plus interest calculated at the rate of interest on state of Washington general obligation bonds issued most closely to the date of authorization of the grant.

(6) Projects funded in this section, including those that are owned and operated by nonprofit organizations, are generally required to pay state prevailing wages.

(7) The department must comply with the requirements set forth in executive order 21-02 and must consult with the department of archaeology and historic preservation and affected tribes on the potential effects of these projects on cultural resources and historic properties. Consultation with the department of archaeology and historic preservation and affected tribes must be initiated before project funds are made available.

(8) The state building construction account—state appropriation in this section is provided solely for the following list of projects:

(2) The department must consult with the senate facilities and operations committee or its designees and the house of representatives' executive rules committee or its designees at least every other month.

(3) All appropriations must be coded and tracked as separate discrete subprojects in the agency financial reporting system.

(4) If the department receives information, after value engineering has been performed, that projected costs for any of the subprojects in subsections (5), (6), or (7) of this section will exceed the amount provided in the respective subsections, including projected costs in future biennia, the department must timely notify and provide that information in writing to the project executive team. Prior to proceeding with design or construction, the department must:

(a) Provide at least three options that do not include square footage reduction to reduce the subproject costs to stay within the amount provided for that subproject and the project schedule;

(b) Consult with the project executive team on the options offered, prior to proceeding with a reduced cost option; and

(c) Receive majority consensus from the project executive team to either adopt and move forward with reduced cost options that bring the subproject costs within amounts appropriated or adopt a tentative modified budget for the subproject. If a tentative modified budget is adopted, the department must seek additional funding in the next agency budget submittal.

(5) \$20,751,000 of the amount provided in this section is provided solely for the Irv Newhouse building replacement design and construction subproject on opportunity site six west. The department must:

(a) Start Newhouse building construction by July 1, 2023;

(b) Complete Newhouse building construction by October 31, 2024; and

(c) Consult with the leadership of the senate, or their designees, at least every month, beginning July 1, 2023.

(6) \$87,000,000 of the amount provided in this section is provided solely for the

rehabilitation, design, and construction of the Pritchard building and the renovation of the John L. O'Brien building subproject. The legislature intends to provide funding in the amount of \$136,504,000 over the course of the 2023-2025 and the 2025-2027 fiscal biennia for design and construction of this project. Pursuant to RCW 43.88.130, the department may enter into a multibiennium contract for the construction of the subproject. Nothing in this section authorizes the agency to make an expenditure without an appropriation.

(7) \$4,865,000 of the amount provided in this section is provided solely for the legislative campus modernization global subproject that includes, but is not limited to, the visitor lot (opportunity site six east), Columbia street site work, the legislative modular building, and Water street site work.

NEW SECTION. Sec. 2002. FOR THE CRIMINAL JUSTICE TRAINING COMMISSION

Criminal Justice Training Facilities (40000019)

The appropriation in this section is subject to the following conditions and limitations: The appropriation in this

section is provided solely to fund a predesign for a criminal justice training facility or facilities to serve the training needs of the commission.

(1) The predesign must include an option for renovation of the Burien campus that:

(a) Assesses the current condition of each building on campus, including an evaluation of major mechanical systems, building envelope, roofing, and energy upgrades.

(b) Assesses the viability of renovating each building on campus to meet the training needs of the commission and recommends whether each building should be renovated, demolished, or rebuilt.

(c) Recommends the placement and construction of any new buildings or structures on campus, which may include repurposing of the track, to meet the demands of the commission.

(d) Prioritizes each of the recommendations in subsections (b) and (c) of this section including a justification, estimated time of construction, and cost for each.

(e) Recommends mechanisms that will enable the commission to maintain training capacity during the course of construction. In addition to phased construction, recommendations may include the use of temporary modular buildings on the Burien campus or the use of leased space.

(2) As part of the predesign process, the commission must:

(a) Address the extent to which regional training centers will be used as a long-term delivery mechanism to deliver trainings around the state. The commission must include information regarding the current or proposed training location; facilities available or proposed to be provided at the regional location; type and target number of classes and students; and the cost or anticipated cost of the facilities; and

(b) Collaborate with the department of corrections and the Washington state patrol to identify and evaluate options for colocating training facilities and maximizing efficiencies in space usage. The commission shall consider where cost efficiencies and mutually beneficial shared arrangements for training could occur, including the possibility of a regional training facility or expanded tactical training at the Washington state patrol academy in Shelton. Any capital budget requests submitted by the commission for the 2024 supplemental capital budget or the 2025-2027 biennial capital budget that are related to the design, renovation, or construction of training facilities must include a discussion of the colocation options considered.

(3) The commission shall submit a plan for consideration in the 2025-2027 biennial budget cycle that includes a phased construction schedule over the next two or three biennia with a target total budget for the commission of \$100,000,000.

Corrections Training Center (92001125)

The appropriation in this section is subject to the following conditions and limitations:

The appropriation in this section is provided solely to fund a predesign for the construction or renovation of a training center or centers to provide for the staff training needs of the department.

(1) The predesign must include, at least:

(a) The projected training needs by fiscal year for fiscal years 2024 through 2027, to include the number of individuals to be trained and how the department will use existing training locations to meet training needs;

(b) A proposed plan for how training will be delivered to staff assigned to correctional facilities across the state, including the target training location, facilities served by the location, type and target number of classes and students, and cost or anticipated cost of the facilities by fiscal year for fiscal years 2024 through 2027;

(c) Where the department recommends locating potential new training facilities, to include all analysis and prioritization used to reach the recommendation; and

(d) For the proposed training plan, the estimated operational cost impacts to the department's base funded operating budget level by fiscal year.

(2) In reviewing facility options, the department must collaborate with the Washington state patrol and the criminal justice training commission to identify and evaluate options for colocating training facilities and maximizing efficiencies in space usage. The department shall consider where cost efficiencies and mutually beneficial shared arrangements for training could occur. Any capital budget requests submitted by the department for the 2024 supplemental capital budget or the 2025-2027 biennial capital budget that are related to the design, renovation, or construction of training facilities must include a discussion of the colocation options considered.

2023-25 Chehalis Basin Strategy (40000476)

The appropriation in this section is subject to the following conditions and limitations:

(1) \$66,100,000 of the appropriation in this section is provided solely for board-approved projects:

(a) To protect and restore aquatic species habitat, including: Construction and property acquisition; preconstruction and acquisition planning and project development, feasibility, design, environmental review, and permitting; postconstruction and acquisition monitoring and adaptive management; and engagement of state agencies, tribes, conservation partners, landowners, and other parties;

(b) To reduce flood damage, including: Construction and property acquisition; preconstruction and acquisition project planning and development, feasibility, design, environmental review, and permitting; completion of environmental review and endangered species act consultation on the proposed flood protection facility; refinement and evaluation of the local action non-dam alternative; and engagement of state agencies, tribes, project sponsors, landowners, and other parties; and

(c) That advance both the habitat restoration and the flood damage reduction goals of the Chehalis Basin strategy using a multibenefit approach, including: Community outreach and education; construction and property acquisition; preconstruction and acquisition planning and project development, feasibility, design, environmental review, and permitting; post construction and acquisition monitoring and adaptive management; and engagement of federal, state, and local agencies, tribes, conservation partners, landowners, and other parties.

(2) \$3,900,000 of the appropriation in this section is provided solely for the operations of the office of Chehalis Basin and Chehalis Basin board to oversee the development, implementation, and amendment of the Chehalis Basin strategy, and this is the maximum amount the board may expend for this purpose. Oversight operations include, but are not limited to: Providing financial accountability, project management, and board meeting administration and facilitation.

(3) Specific projects must be approved by at least six of the seven voting members of the Chehalis Basin board. The Chehalis Basin

board has the discretion to allocate the funding between subsections (1) (a), (b), and (c) of this section as needed to meet the objectives of this appropriation and if approved by at least six of the seven voting members of the board. However, \$3,900,000 is the maximum amount the department may expend for the purposes of subsection (2) of this section.

(4) Up to 1.5 percent of the appropriation in this section may be used by the recreation and conservation office to administer contracts associated with the subprojects funded through this section. Contract administration includes, but is not limited to: Drafting and amending contracts, reviewing and approving invoices, tracking expenditures, and performing field inspections to assess project status when conducting similar assessments related to other agency contracts in the same geographic area.

 Springwood Ranch in Kittitas County (91001663)

The appropriations in this section are subject to the following conditions and limitations:

(1) Except as provided under subsection (4) of this section, the appropriations in this section are provided solely for a grant from the agency to The Trust for Public Land to cover the costs of the Trust's acquisition, disposition, and temporary management of real property in upper Kittitas County known as Springwood Ranch in exchange for an agreement to reconvey the real property for public purposes as described in this section.

(2) The recreation and conservation office shall enter into a grant agreement with The Trust for Public Land that allows for the disbursement of the funding described in subsection (1) of this section to The Trust for Public Land for the following purposes:

(a) To convey a portion of the Springwood Ranch property to Kittitas County for its ownership and management, including maintenance of existing agricultural uses and future uses allowed under current zoning or that provide a public use or benefit;

(b) To convey a portion of the Springwood Ranch property to the department of fish and wildlife for its ownership and management to provide public use and benefit;

(c) To convey a portion of the Springwood Ranch property to the Yakama Nation for its ownership and management to provide public benefit;

(d) To convey a portion of the Springwood Ranch property to the Kittitas Reclamation District, which shall hold the property until a transfer, without compensation and subject to section 8039 of this act, to the United States bureau of reclamation for the purposes of construction of a water supply reservoir for managing instream flow in accordance with the Yakima Basin integrated plan, or until such purpose is declared by the bureau of reclamation as no longer feasible; and

(e) To assist in achieving the goals of the Yakima Basin integrated plan.

(3) If the bureau of reclamation determines that the construction of a water supply reservoir is not feasible as described in subsection (2)(d) of this section, the Kittitas Reclamation District must work with Kittitas County, the Yakama Nation, the department of fish and wildlife, and other interested stakeholders to identify the appropriate public owner and manager and convey, without compensation and in accordance with RCW 87.03.136, as amended in section 8039 of this act, the Kittitas Reclamation District's portion of Springwood Ranch to that entity.

2023-25 Irrigation Efficiencies (40000025)

The appropriation in this section is subject to the following conditions and limitations:

(1) The appropriation in this section is provided solely for technical assistance and grants to conservation districts for the purpose of implementing water conservation measures and irrigation efficiencies. The state conservation commission shall give preference to projects located in the 16 fish critical basins, other water-short or drought impacted basins, and basins with significant water resource and instream flow issues. Projects that are not within the basins described in this subsection are also eligible to receive funding.

(2) Conservation districts statewide are eligible for grants under subsection (1) of this section. A conservation district receiving funds shall manage each grant to ensure that a portion of the water saved by the water conservation measure or irrigation efficiency is available for other instream and out-of-stream uses and users. The proportion of saved water made available for other uses and users must be equal to the percentage of the public investment in the conservation measure or irrigation efficiency.

(a) Total project cost broken out by federal, state, and other fund sources;

(b) Anticipated budget by fund source by state fiscal year;

(c) Whether or not the commission received the project cost information from the project sponsor prior to the sponsor applying for funding from the federal government; and

(d) The date of when the federal award was received or is anticipated to be received.

(2) It is the intent of the legislature to prioritize projects that report the need for state match to the commission prior to submitting an application to the federal government. The commission must communicate this requirement and legislative intent to conservation districts and other interested applicants.

NEW SECTION. Sec. 3087. FOR THE STATE CONSERVATION COMMISSION

Riparian Restoration with Landowners (91000020)

The appropriations in this section are subject to the following conditions and limitations:

(1) The appropriations in this section are provided solely for the state conservation commission to provide grants for riparian restoration projects with landowners.

(2)(a) Within funds appropriated in this section, the commission shall develop and implement the voluntary riparian grant program to fund protection and restoration of critical riparian management zones. The commission is responsible for developing the voluntary grant program criteria to achieve optimal restoration of functioning riparian ecosystems in priority critical riparian management zones.

(b) In adopting the program criteria under this section, the commission must:

(i) Invite federally recognized tribes to be full participants;

(ii) Coordinate with private landowners and other interested stakeholders;

(iii) Coordinate with the department of ecology, the department of fish and wildlife, conservation districts, and the department of agriculture; and

(iv) Consider the best available, locally applicable science that is specific to each region of the state where the program criteria will be applied.

(3)(a) The commission shall prioritize critical riparian management zones at the watershed or subbasin scale where grant funding under the program created in this section would be primarily targeted. The prioritization must be informed by, consistent with, and aligned with one or more of the following: Watershed plans developed pursuant to chapter 90.82 RCW; the action agenda developed under RCW 90.71.260; regional recovery plans created under RCW 77.85.090; the habitat project lists developed pursuant to RCW 77.85.050; the prioritization process developed under RCW 77.95.160; and priority projects identified for salmon recovery through agency grant programs.

(b) The prioritization of critical riparian management projects must be developed in coordination with:

(i) Local federally recognized tribes;

(ii) Local private landowners who are voluntarily participating in the program;

(iii) Local conservation districts; and

(iv) The local county, the department of fish and wildlife, the department of ecology, and water resource inventory area planning units organized pursuant to chapter 90.82 RCW.

(4)(a) Conditions for awarding funding for projects under this program include, but are not limited to:

(i) Consistency with the program criteria established under subsection (2) of this section;

(ii) Tiered incentive rates tied to improving functionality for riparian areas; and

(iii) Other requirements as determined by the commission.

(b) The commission must give preference and compensation for permanent protection of riparian areas or removal of riparian land from agricultural production or other development by purchase at fair market value.

(5) The commission must distribute riparian grant program funding equitably throughout the state, consistent with received grant applications and benefit to salmon habitat. Funding is intended primarily for projects located in salmon recovery regions, as defined in RCW 77.85.010, but funding may also be distributed to a project not located in a salmon recovery region upon a determination by the commission that the project will provide a unique benefit to salmon habitat.

(6) Allowable expenses to a grantee receiving funds under this section include, but are not limited to, labor, equipment, fencing, mulch, seed, seedling trees, manual weed control, and yearly maintenance costs for up to 10 years.

(7) Any native woody trees and shrubs planted with funding provided under this section must be maintained for a minimum of five years or as otherwise set by the commission for each grantee. Vegetation must be chosen to prevent invasive weed populations and ensure survival and successful establishment of plantings.

(8) The commission shall determine appropriate recordkeeping and data collections procedures required for program implementation and shall establish a data management system that allows for coordination between the commission and other state agencies. Any data collected or shared under this section may be used only to assess the successes of the riparian grant program in improving the functions of critical riparian habitat.

(9) The commission shall develop and implement a framework that includes monitoring, adaptive management, and metrics in order to ensure consistency with the requirements of the riparian grant program. The monitoring and adaptive management framework may include, but is not limited to, consideration of:

(a) Acres identified as eligible for restoration within a watershed;

(b) Acres planned to be restored;

(c) Acres actually planted and maintained;

(d) Success in targeting and achieving aggregated project implementation resulting in increase in linear miles restored;

(e) Plan review criteria; and

(f) Other similar factors as identified by the commission.

(10) The commission may use up to two percent of any amounts appropriated in this section for targeted outreach activities that focus on critically identified geographic locations for listed salmon species.

(11) The commission may use up to four percent of amounts appropriated in this section for administrative expenses.

(12) For the purposes of this section, "critical riparian management zone" means the area adjacent to freshwaters, wetlands, and marine waters that has been locally or regionally identified as an area where salmon recovery efforts would significantly benefit from enhanced protection or restoration.

Carbon Sequestration Forests (40000405)

The appropriation in this section is subject to the following conditions and limitations: \$83,000,000 of the appropriation is provided solely for the purchase of property to be managed for increased carbon sequestration and carbon storage through sustainable harvests and as replacement trust lands for existing encumbered forested state trust lands; and for structurally complex, carbon dense, forested state trust lands that may be transferred from trust status. The amount provided in this section is also to be used to carry out additional silvicultural activities on state trust lands, to convene a stakeholder group and conduct additional analysis related to the management of forested state trust lands, and to cover department costs to implement this section. Of the amount provided in this section:

(1) (a) \$70,000,000 of the appropriation is provided solely to purchase forestland in counties west of the crest of the Cascade mountains, all of Skamania county, and the western portion of Klickitat county. When feasible and appropriate, the department should prioritize the purchase of lands at risk of conversion to a nonforested use. Once purchased, the land must be considered as part of the land bank created in RCW 79.19.020. The property must be purchased before the transfer of any existing trust land is fully executed. The department must transfer the appropriated amount into the natural resources real property replacement account in accordance with RCW 79.17.210.

(b) Up to 2,000 acres of structurally complex, carbon dense forestland currently existing on state trust lands may be transferred out of trust status with, prior to the transfer, a letter of support issued to the department by the legislative authority of the county in which the forestland is located. Forestland transferred out of trust status according to this subsection (1) (b) must be replaced with lands purchased in (a) of this subsection (1). Replacement lands must be of equal value to the lands transferred. The department must prepare a preliminary identification of the acres intended to be

transferred out of trust status under this subsection (1) (b) and submit it to the board of natural resources no later than December 31, 2023.

(c) The remainder of the new purchased land may be used as exchange land for any encumbered state forest lands in Clallam, Jefferson, Pacific, Skamania, and Wahkiakum counties. Any exchanged land under this purpose must be designated as state forest transfer land and be managed under the department's habitat conservation plan and policy for sustainable forests.

(d) Forested state trust lands exchanged with lands purchased under this subsection (1) may be designated by the department as natural area preserves or natural resource conservation areas without being subject to the requirements of chapter 79.70 and 79.71 RCW. The legislative authority of the county from which the real property was transferred may not request that the department distribute a percentage of the proceeds associated with the valuable materials to the legislative authority of the county from which the real property was transferred.

(e) By December 1, 2023, the department must submit an initial progress report to the legislature on the implementation of this subsection (1).

(2) \$10,000,000 of the appropriation is provided solely for the department to enhance forest stand growth on managed trust lands in western Washington, employing silviculture to increase growth and vigor of the trees for healthy, resilient forests.

(3) \$2,500,000 of the appropriation is provided solely for the department to:

(a) Contract with an independent facilitator to convene a stakeholder group comprised of a balanced representation of relevant stakeholders and tribal interests to:

(i) Collaborate on approaches related to the conservation and management of older, carbon dense, structurally complex forest stands located on lands managed by the department; increasing carbon sequestration and storage in forests and harvested wood products from department managed forestlands; generating predictable beneficiary revenue; maintaining timber supplies that support local industry; and addressing economic needs in rural counties;

(ii) Develop an understanding of current timber supply by region and the effect of potential changes to forest management practices on regional wood supply for the timber market, including an analysis of what is currently known about the needs of existing forest industry infrastructure and what information gaps exist; and

(iii) Explore concepts and strategies relevant to the sequestration and storage of carbon in forests and wood products from forested state trust lands managed by the department, including the effect of potential changes to forest management practices, that satisfy the department's trust management responsibilities; and

(b) Contract with universities or other researchers or consultants for additional analysis or existing research that is beneficial in the execution of this section, which must include an analysis of:

(i) The existing and future demand for wood supply by region, including levels required to maintain existing industry related infrastructure, and modeled impacts on wood supply increases or decreases based on potential changes to forest management practices;

(ii) Carbon accounting and quantification methodologies outlined by the intergovernmental panel on climate change as well as emerging scientific research. The methodologies considered must be used to verify and assess the potential increases or decreases in carbon sequestration and storage, in both forests and harvested wood products based on potential changes to management practices on forested state trust lands that also account for increases or decreases in the availability of wood products harvested from forests managed by the department.

(c) A report of the stakeholder group's findings, including any information received in work performed in (b) of this subsection (3), must be submitted to the appropriate committees of the legislature by December 1, 2023.

(4) \$500,000 of the appropriation is provided solely for the department to analyze the appropriateness of using consulting businesses for buying large forest parcels in a competitive marketplace as a way to execute the provisions of this section, and, if appropriate, enter into contracts for that purpose. If the department does not enter into a contract or contracts with consultants for the purposes of purchasing large forest parcels, the funding appropriated for this subsection (4) may be solely used for the purposes of subsection (3) of this section.

(3) \$12,145,000 of the state building construction account—state appropriation in this section is provided solely for planning grants and modernization grants to state-tribal compact schools. The superintendent of public instruction may prioritize planning grants for state-tribal compact schools with the most serious building deficiencies and the most limited financial capacity.

(4) \$5,000,000 of the climate commitment account—state appropriation in this section is provided solely for energy assessment grants for small school districts eligible under RCW 28A.525.159. Grant funding awarded may be used to perform facility energy assessments of instructional buildings.

(5) The superintendent of public instruction shall submit a list of small school district modernization projects, as prioritized by the advisory committee under RCW 28A.525.159, to the legislature and the governor by September 15, 2024. The list must include: (a) A description of the project; (b) the proposed state funding level, not to exceed \$6,000,000 per project; (c) estimated total project costs; and (d) local funding resources.

(6) The appropriations in this section may be awarded only to projects approved by the legislature, as identified in LEAP capital document No. OSPI-1-2023, developed April 10, 2023.

NEW SECTION. Sec. 5005. FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION

2023-25 School District Health and Safety (40000067)

The appropriation in this section is subject to the following conditions and limitations:

(1) \$5,000,000 of the appropriation in this section is provided solely for emergency repair grants to address unexpected and imminent health and safety hazards at K-12 public schools, including skill centers, that will impact the day-to-day operations of the school facility, and this is the maximum amount that may be spent for this purpose. For emergency repair grants only, an emergency declaration must be signed by the school district board of directors and submitted to the superintendent of public instruction for consideration. The emergency declaration must include a description of the imminent health and safety hazard, the possible cause, the proposed scope of emergency repair work and related cost estimate, and identification of local funding to be applied to the project. Grants of emergency repair moneys must be conditioned upon the written commitment and plan of the school district board of directors to repay the grant with any insurance payments or other judgments that may be awarded, if applicable.

(2) \$11,600,000 of the appropriation in this section is provided solely for urgent repair grants to address nonrecurring urgent small repair projects at K-12 public schools, excluding skill centers, that could impact the health and safety of students and staff if not completed, and this is the maximum amount that may be spent for this purpose. The office of the superintendent of public instruction, after consulting with maintenance and operations administrators of school districts, shall develop criteria and assurances for providing funding for specific projects through a competitive grant program. The criteria and assurances must include, but are not limited to, the following: (a) Limiting school districts to one grant, not to exceed \$500,000, per three-year period; (b) prioritizing applications based on limited school district financial resources for the project; and (c) requiring any district receiving funding provided in this section to demonstrate a consistent commitment to addressing school facility needs. The grant applications must include a comprehensive description of the health and safety issues to be addressed, a detailed description of the remedy, including a detailed cost estimate of the repair or replacement work to be performed, and identification of local funding, if any, which will be applied to the project. Grants may be used for, but are not limited to: Repair or replacement of failing building systems, abatement of

potentially hazardous materials, and safety-related structural improvements.

(3) \$3,600,000 of the appropriation in this section is provided solely for equal access grants for facility repairs and alterations at K-12 public schools, including skills centers, to improve compliance with the Americans with disabilities act and individuals with disabilities education act, and this is the maximum amount that may be spent for this purpose. The office of the superintendent of public instruction shall develop criteria and assurances for providing funding for specific projects through a competitive grant program. The criteria and assurances must include, but are not limited to, the following: (a) Limiting districts to one grant, not to exceed \$100,000, per three-year period; (b) prioritizing applications based on limited school district financial resources for the project; and (c) requiring recipient districts to demonstrate a consistent commitment to addressing school facility needs. The grant applications must include a description of the Americans with disabilities act or individuals with disabilities education act compliance deficiency, a comprehensive description of the facility accessibility issues to be addressed, a detailed description of the remedy including a detailed cost estimate of the repair or replacement work to be performed, and identification of local funding, if any, which will be applied to the project. Priority for grant funding must be given to school districts that demonstrate a lack of capital resources to address the compliance deficiencies outlined in the grant application.

(4) The superintendent of public instruction must notify the office of financial management, the legislative evaluation and accountability program committee, the house capital budget committee, and the senate ways and means committee as projects described in subsection (1) of this section are approved for funding.

2023-25 Healthy Kids-Healthy Schools (40000068)

The appropriations in this section are subject to the following conditions and limitations:

(1)(a) \$10,000,000 of the common school construction account—state appropriation in this section is provided solely for healthy kids and healthy schools grants for projects that are consistent with the healthiest next generation priorities.

(b) The appropriation in this subsection (1) is provided solely for grant funding to school districts for the purchase of

equipment or to make repairs to existing equipment that is related to improving: (i) Children's physical health, and may include, but is not limited to, fitness playground equipment, covered play areas, and physical education equipment or related structures or renovation; and (ii) children's nutrition, and may include, but is not limited to, garden related structures and greenhouses to provide students access to fresh produce, and kitchen equipment or upgrades.

(c) The office of the superintendent of public instruction shall develop criteria for grant funding under this subsection (1) that include, but are not limited to, the following requirements: (i) Districts may apply for grants, but no single district may receive more than \$200,000 of the appropriation for grants awarded under this section; (ii) any district receiving funding provided in this section must demonstrate a consistent commitment to addressing school facilities' needs; and (iii) applicants with a high percentage of students who are eligible and enrolled in the free and reduced-price meals program may be prioritized.

(2) \$1,500,000 of the state building construction account—state appropriation in this section is provided solely for grants to school districts, charter schools, and state-tribal education compact schools for the replacement of lead-contaminated pipes, drinking water fixtures, and the purchase of water filters, including the labor costs of remediation design, installation, and construction.

2023-25 Career Preparation and Launch Capital Grants (40000069)

The appropriation in this section is subject to the following conditions and limitations:

(1) The appropriation in this section is provided solely for the superintendent of public instruction to provide competitive grants to school districts to purchase and install career and technical education equipment that expands career connected learning and work-integrated learning opportunities.

(2) The office of the superintendent of public instruction, after consulting with school districts, Career Connect Washington, and the workforce training and education coordinating board, shall develop criteria and assurances for providing funding and outcomes for specific projects through a competitive grant program to stay within the appropriation level provided in this section consistent with the following priorities.

The criteria must include, but are not limited to, the following:

(a) Districts or schools must demonstrate that the request provides necessary equipment to deliver career and technical education; and

(b) Applicants with a high percentage of students who are eligible and enrolled in the free and reduced-price meals program must be prioritized.

(3) No single district may receive more than \$150,000 of the appropriation.

Green Schools: Stormwater Infrastructure Projects (91000466)

The appropriation in this section is subject to the following conditions and limitations:

(1) The appropriation in this section is provided solely for a contract with a statewide community-based organization with experience planning and developing green stormwater infrastructure and related

educational programs on public school properties. The organization awarded funding under this section must use this funding solely for green stormwater infrastructure projects on public school properties.

(2) The organization selected under subsection (1) of this section must use geographic analysis to identify green stormwater infrastructure project locations based on the opportunity to reduce stormwater runoff.

(3) To qualify for a project under this section, schools must be eligible for financial assistance under Title I of the elementary and secondary education act, as amended by the every student succeeds act (P.L. 114-95). The organization selected under subsection (1) of this section must prioritize schools with high percentages of students eligible for the free and reduced-price meals program that also serve diverse student populations.

(4) Stormwater infrastructure projects under this section should aim to: (a) Provide equity of opportunity in high-need communities; and (b) engage students in conjunction with K-12 STEM education programs aligned with the Washington state science and learning standards.

FOR THE DEPARTMENT OF COMMERCE

2021-23 Rapid Capital Housing Acquisition (40000222)

The appropriations in this section are subject to the following conditions and limitations:

(1) Except as provided in subsections (7) through (8) of this section, the appropriations in this section are provided solely for the department to issue competitive financial assistance to eligible organizations under RCW 43.185A.040 to acquire or rent real property for a rapid conversion into enhanced emergency shelters, permanent supportive housing, transitional housing, permanent housing, youth housing, drop-in center, or shelter for extremely low-income people, as well as individuals, families, unaccompanied youth, and young people experiencing sheltered and unsheltered homelessness. Amounts provided in this section may be also used for renovation and building update costs associated with establishment of the acquired or rented facilities. For youth housing, drop-in centers, and shelter projects, renovation of existing properties is an allowable activity. The department may only approve funding for projects resulting in increased shelter or housing capacity. Amounts provided in this section may not be used for operating or maintenance costs associated with providing housing, supportive services, or debt service.

(2) Funds may also be used for permanent financing for real estate acquired using other short term acquisition sources. To expand availability of permanent housing, financing of acquisition of unoccupied multifamily housing is a priority. Funds must also be provided specifically for the city of Seattle to move people experiencing unsheltered homelessness into safe spaces, including, but not limited to, tiny homes, hotels, enhanced emergency shelters, or other rapid housing alternatives.

(3) While emphasizing the rapid deployment of the amounts appropriated under this section to alleviate the immediate crisis of homelessness throughout the state, the department shall establish criteria for the issuance of the grants, during which time the property must be used for the express purpose of the grant. If the grantee is found to be out of compliance with

provisions of the contract, the grantee shall repay to the state general fund the principal amount of the grant plus interest calculated at the rate of interest on state of Washington general obligation bonds issued on the date most close in time to the date of authorization of the grant. The criteria must include:

(a) The date upon which structural modifications or construction would begin and the anticipated date of completion of the project;

(b) A detailed estimate of the costs associated with the acquisition and any updates or improvements necessary to make the property habitable for its intended use;

(c) A detailed estimate of the costs associated with opening the beds or units; and

(d) A financial plan demonstrating the ability to maintain and operate the property and support its intended tenants throughout the end of the grant contract.

(4) The department must provide a progress report on its website by December 1, 2022. The report must include:

(a) The total number of applications and amount of funding requested; and

(b) A list and description of the projects approved for funding including state funding, total project cost, services anticipated to be provided, housing units, and anticipated completion date.

(5) The funding provided under this section is not subject to the 90-day application periods in RCW 43.185.070 or 43.185A.050. The department of commerce shall dispense funds to the city of Seattle and other qualifying applicants within 45 days of receipt of documentation from the applicant for qualifying uses and execution of any necessary contracts with the department in order to effect the purpose of rapid deployment of funds under this section.

(6) If the department receives simultaneous applications for funding under this program, proposals that reach the greatest public benefit, as defined by the department, must be prioritized. For purposes of this subsection (6), "greatest public benefit" must include, but is not limited to:

(a) The greatest number of accommodations or increased shelter capacity that will benefit extremely low-income people, as well as individuals, families, and youth experiencing homelessness.

(b) Whether the project has federally funded rental assistance tied to it;

(c) The scarcity of the affordable housing or shelter capacity applied for compared to the number of available affordable housing units or shelter capacity in the same geographic location; and

(d) The program's established funding priorities under RCW 43.185.070(5).

(7) ((~~\$17,500,000~~)) \$18,400,000 of the state building construction account—state appropriation is provided solely for the following list of projects:

- \$5,000,000 for the Tacoma Housing Authority affordable housing acquisition;
- \$4,000,000 for the Keiro nursing home acquisition in Seattle;

~~(\$1,500,000)~~ \$2,400,000 for the Parkland (~~Spanaway homeless~~) Next Chapter shelter;

\$2,000,000 for the Illahee Affordable Housing project in Bellevue; and

\$5,000,000 for the City of Seattle for the acquisition of the Clay Apartments in partnership with a low-income housing provider.

(8) (a) ~~(\$6,565,000 of the coronavirus state fiscal recovery account—federal appropriation and \$1,338,000)~~ \$7,903,000 of the state building construction account—state appropriation ~~((are))~~ is provided solely for the following list of youth housing projects identified by the office of homeless youth protection and prevention programs:

FYRE's Village: Housing Stability for Young Adults	
(Omak)	\$3,350,000
NWYS Young Adult Shelter Services (Bellingham)	\$438,000
OlyCap Pfeiffer House (Port Townsend)	\$127,000
Ryan's House for Youth Campus (Coupeville)	\$1,015,000
Shelton Young Adult Transitional Housing (Shelton)	\$773,000
Volunteers of America Crosswalk 2.0 (Spokane)	\$2,200,000

(b) If funding provided in (a) of this subsection needs to be reallocated, the department shall consult with the office of homeless youth prevention and protection programs to identify other eligible youth housing projects.

(9) The department must ensure compliance with conditions of the federal coronavirus state fiscal recovery fund. All expenditures from the coronavirus state fiscal recovery account—federal appropriation in this section must be obligated by December 31, 2024.

Sec. 7005. 2022 c 296 s 1018 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF COMMERCE

2021-23 Clean Energy V - Investing in Washington's Clean Energy (40000148)

The appropriations in this section are subject to the following conditions and limitations:

(1) The appropriations in this section are provided solely for projects that provide a benefit to the public through development, demonstration, and deployment of clean energy technologies that save energy and reduce energy costs, reduce harmful air emissions, or increase energy independence for the state. Priority must be given to projects that benefit vulnerable populations and overburdened communities, including tribes and communities with high environmental or energy burdens.

(2) The 2021 state energy strategy must guide the department in the design of programs under this section, using an equity and environmental justice lens for program structure and participation. To the extent practicable, the department must prioritize projects that build upon Washington's existing strengths in communities, aerospace, maritime, information and communications technology (particularly data center infrastructure, artificial intelligence and machine learning), grid modernization, advanced materials, and decarbonizing the built environment.

(3) Subject to the availability of funds, the department must reconvene an advisory committee to support involvement of a broad range of stakeholders in the design and implementation of programs implemented under this section to encourage collaboration, leverage partners, and engage communities and organizations in improving the equitable distribution of benefits from the program.

(4) In soliciting and evaluating proposals, awarding contracts, and monitoring projects under this section, the department must:

(a) Ensure that competitive processes, rather than sole source contracting processes, are used to select all projects, except as otherwise noted in this section; and

(b) Conduct due diligence activities associated with the use of public funds including, but not limited to, oversight of the project selection process, project monitoring, and ensuring that all applications and contracts fully comply with all applicable laws including disclosure and conflict of interest statutes.

(5) During project solicitation periods for grants funded with this appropriation, the department must maintain a list of applicants by grant program that scored competitively but did not receive a grant award due to lack of available funding. These applicants must be considered for funding during future grant award cycles. If the department submits a 2022 supplemental budget request for this program, the request must include a list of prioritized projects by grant type.

(6) (a) Pursuant to chapter 42.52 RCW, the ethics in public service act, the department must require a project applicant to identify

in application materials any state of Washington employees or former state employees employed by the firm or on the firm's governing board during the past 24 months. Application materials must identify the individual by name, the agency previously or currently employing the individual, job title or position held, and separation date. If it is determined by the department that a conflict of interest exists, the applicant may be disqualified from further consideration for award of funding.

(b) If the department finds, after due notice and examination, that there is a violation of chapter 42.52 RCW, or any similar statute involving a grantee who received funding under this section, either in procuring or performing under the grant, the department in its sole discretion may terminate the funding grant by written notice. If the grant is terminated, the department must reserve its right to pursue all available remedies under law to address the violation.

(7) The requirements in subsections (4) and (6) of this section must be specified in funding agreements issued by the department.

(8) \$17,594,000 of the state building construction account—state appropriation is provided solely for grid modernization grants.

(a)(i) \$11,000,000 is provided solely for projects that: Advance community resilience, clean and renewable energy technologies and transmission and distribution control systems; support integration of renewable energy sources, deployment of distributed energy resources and sustainable microgrids; and support state decarbonization goals pursuant to the clean energy transformation act, including requirements placed upon retail electric utilities.

(ii) Projects must be implemented by community organizations, local governments, federally recognized tribal governments, or by public and private electrical utilities that serve retail customers in the state (retail electric utilities). Projects submitted by applicants other than retail electric utilities must demonstrate partnership with their load serving entity to apply. Priority must be given to:

(A) Projects that benefit vulnerable populations, including tribes and communities with high environmental or energy burden; and

(B) Projects that demonstrate partnerships between eligible applicants in applying for funding, including utilities, public and private sector research organizations, businesses, tribes, and nonprofit organizations.

(iii) The department shall develop a grant application process to competitively select projects for grant awards, to include scoring conducted by a group of qualified experts with application of criteria specified by the department. In development of the application criteria, the department shall, to the extent possible, develop program guidelines that encourage smaller utilities or consortia of small utilities to apply for funding. Where suitable, this may include funding for projects consisting

solely of planning, predesign and/or predevelopment activities.

(iv) Applications for grants must disclose all sources of public funds invested in a project.

(b) \$3,550,000 of the appropriation in this section is provided solely for a grant to the Public Utility District No. 1 of Lewis county for land acquisition and construction of the Winlock Industrial Park and South County Substation and Transmission facility, located on North Military Road in Winlock.

(c) \$3,044,000 of the appropriation in this section is provided solely for a grant to the Klickitat County Public Hospital District #1 for the Electrical Upgrade and Smart Grid project at the Klickitat Valley Health Hospital in Goldendale.

(9) \$10,830,000 of the state building construction account—state appropriation is provided solely for grants for strategic research and development for new and emerging clean energy technologies. These grants must be used to match federal or other nonstate funds to research, develop, and demonstrate clean energy technologies, focusing on areas that help develop technologies to meet the state's climate goals, offer opportunities for economic and job growth, and strengthen technology supply chains. The program may include, but is not limited to: Solar technologies, advanced bioenergy and biofuels, development of new earth abundant materials or lightweight materials, advanced energy storage, recycling energy system components, and new renewable energy and energy efficiency technologies.

(a) \$5,000,000 of the appropriation in this section is provided solely for competitive grants.

(b) \$4,800,000 of the appropriation in this section is provided solely for a grant to the Pacific Northwest National Laboratory for a renewable energy platform to support ocean energy research and development testbeds for the Marine and Coastal Research Laboratory in Sequim.

(c) \$1,030,000 of the appropriation in this section is provided solely for a grant to the Chelan County Public Utility District for the hydroelectric turbine hub project at Rocky Reach dam near Wenatchee.

(10)(a) \$2,500,000 of the state taxable building construction account—state appropriation is provided solely as grants to nonprofit lenders to create a revolving loan fund to support the widespread use of proven energy efficiency and renewable energy technologies by households, or for the benefit of households, with high energy burden or environmental health risk now inhibited by lack of access to capital.

(b) The department shall provide grant funds to one or more competitively selected nonprofit lenders that must provide matching private capital and administer the loan fund. The department shall select the loan fund administrator or administrators through a competitive process, with scoring conducted by a group of qualified experts, applying criteria specified by the department.

(c) The department must establish guidelines that specify applicant eligibility, the screening process, and evaluation and selection criteria. The guidelines must be used by the nonprofit lenders.

(11) \$5,550,000 of the state building construction account—state appropriation is provided solely for grants to demonstrate innovative approaches to electrification of transportation systems.

(a) (i) \$3,000,000 of the appropriation is provided solely for competitive grants, prioritizing projects that:

(A) Demonstrate meaningful and enduring benefits to communities and populations disproportionately burdened by air pollution, climate change, or lack of transportation investments;

(B) Beneficially integrate load using behavioral, software, hardware, or other demand-side management technologies, such as demand response, time-of-use rates, or behavioral programming;

(C) Accelerate the transportation electrification market in Washington using market transformation principles; or

(D) Develop electric vehicle charging and hydrogen fueling infrastructure along highways, freeways, and other heavily trafficked corridors across the state to support long-distance travel.

(ii) Projects must be implemented by local governments, federally recognized tribal governments, by public and private electrical utilities that serve retail customers in the state, or state agencies. Eligible parties may partner with other public and private sector research organizations and businesses in applying for funding. The department shall consult and coordinate with the Washington state department of transportation on project selection and implementation. The department shall also coordinate with other state agencies that have other electrification programs, in order to determine to optimally accomplish each agency's respective policy and program goals.

(iii) Projects must be related to on-road end-uses and nonmaritime off-road uses.

(iv) Eligible technologies for these projects include, but are not limited to:

(A) Battery electric vehicle supply equipment;

(B) On-site generation or storage, where the technology directly supplies electricity to the electric vehicle supply equipment;

(C) Electric grid distribution system infrastructure upgrades, where the upgrade is needed as a result of the installed electric vehicle supply equipment;

(D) Hydrogen refueling station infrastructure that:

(I) Dispenses renewable hydrogen or hydrogen produced in Washington with electrolysis; and

(II) Aligns with the 2021 state energy strategy's recommended uses of hydrogen in the transportation sector.

(v) \$2,000,000 of the state building construction account—state appropriation is provided solely for federally recognized tribal governments and for local governments in rural communities, for projects aligning

with the above objectives and addressing electric vehicle supply infrastructure gaps in rural communities.

(b) \$2,550,000 of the appropriation in this section is provided solely for a grant to the Lewis Public Transportation Benefit Area to construct a hydrogen fueling station that dispenses renewable hydrogen or hydrogen produced in Washington with electrolysis for electric vehicles at Exit 74 on Interstate 5, near Chehalis.

(12) (a) \$10,000,000 of the state building construction account—state appropriation is provided solely for the purpose of building electrification projects that advance the goals of the 2021 state energy strategy to demonstrate grid-enabled, high-efficiency, all electric buildings.

(b) The program may include, but is not limited to: Shifting from fossil fuels to high-efficiency electric heat pumps and other electric equipment, control systems that enable grid integration or demand control, and on-site renewable generation and efficiency measures that significantly reduce building energy loads.

(c) Preference must be given to projects based on total greenhouse gas emissions reductions, accelerating the path to zero-energy, or that demonstrate early adoption of grid integration technology.

(d) Program funding may be administered to entities also receiving incentives provided according to RCW 19.27A.220 for buildings covered by the state energy performance standard, RCW 19.27A.210.

(e) \$5,000,000 of the appropriation in this section is provided solely for the purpose of supporting the transition of residential and commercial buildings away from fossil fuels through the installation of high-efficiency electric heat pumps and other electric equipment.

(13) \$4,924,000 of the state building construction account—state appropriation is provided solely for maritime electrification grants.

(a) \$4,450,000 of the appropriation in this section is provided solely for a grant to the Northwest Seaport Alliance to upgrade the reefer plug capacity at the Port of Seattle's Terminal 5, located in west Seattle.

(b) \$474,000 of the appropriation in this section is provided solely for a grant to the Skagit County Public Works Department for electric ferry charging infrastructure in Anacortes.

(14) \$4,900,000 of the state building construction account—state appropriation is provided solely for the department to develop targeted rural clean energy innovation projects as provided in this subsection (14).

(a) \$150,000 of the appropriation is provided solely for the department to develop targeted rural clean energy strategies informed by rural community and business engagement, outreach, and research. The department must convene a rural energy work group to identify investments, programs, and policy changes that align with the 2021 state energy strategy and increase access to clean energy opportunities in rural communities and agricultural and

forestry management practices. The group must identify existing federal funding opportunities and strategies to leverage these funds with state capital investment. By June 30, 2022, the department shall report recommendations and findings from the rural energy work group to the office of financial management, the governor, and the appropriate legislative committees and present a strategic plan for state rural clean energy investment.

(b) \$4,750,000 of the appropriation is provided solely for rural clean energy innovation grants.

(i) The department must award at least 40 percent of the funding to projects that enhance the viability of dairy digester bioenergy projects through advanced resource recovery systems that produce renewable natural gas and value-added biofertilizers, reduce greenhouse gas emissions, and improve soil health and air and water quality.

(ii) Grants may also be awarded to other clean energy innovation projects in rural communities, including, but not limited to, projects that enhance energy efficiency, demand response, energy storage, renewable energy, beneficial electrification, resilience, organic waste management, and biological carbon sequestration.

(iii) Grants may fund project predevelopment, research, and development, pilot projects, strategic implementation, field trials, and data dashboards and tools to inform rural project development.

(c) The department is encouraged to make 20 percent of the funds under (b) of this subsection (14) to tribal governments, designated subdivisions, and agencies.

(d) If a grant is awarded to purchase heating devices or systems, the agency must, whenever possible and most cost effective, select devices and systems that do not use fossil fuels.

~~((15) \$10,072,000 of the state building construction account state appropriation is provided solely for the first phase of an aluminum smelter restart project which, when fully deployed, will reduce emissions of greenhouse gases by a minimum of 750,000 tons per year, increase energy efficiency, and protect or create aluminum manufacturing jobs located in Whatcom county. It is the intent of the legislature that if the appropriation in this subsection is not spent by June 30, 2025, the funding provided in this subsection shall not be reappropriated.~~

~~(16) \$10,000,000 of the state building construction account state appropriation is provided solely for the Grant county public utility district for expenses related to public infrastructure development benefiting a large scale solar manufacturing facility in central Washington. If the department has not received a signed agreement between the Grant county public utility district and the large scale solar manufacturer indicating the manufacturer's intent to develop the site in central Washington by December 31, 2025, the funding provided in this subsection shall not be reappropriated.)~~

FOR THE DEPARTMENT OF COMMERCE

2021-23 Housing Trust Fund Investment in Affordable Housing (40000153)

The appropriations in this section are subject to the following conditions and limitations:

(1) \$58,347,000 of the state taxable building construction account—state appropriation, \$73,606,000 of the coronavirus state fiscal recovery fund—federal appropriation, \$20,000,000 of the state building construction account—state appropriation, and \$96,028,000 of the capital community assistance account—state appropriation are provided solely for production and preservation of affordable housing projects that serve and benefit low-income and special needs populations including, but not limited to, people with chronic mental illness, people with developmental disabilities, farmworkers, people who are homeless, and people in need of permanent supportive housing. The department shall strive to allocate at least 30 percent of these funds to projects located in rural areas of the state, as defined by the department.

(a) In addition to the definition of "first-time home buyer" in RCW 43.185A.010, for the purposes of awarding homeownership projects during the 2021-2023 fiscal biennium "first-time home buyer" also includes:

- (i) A single parent who has only owned a home with a former spouse while married;
- (ii) An individual who is a displaced homemaker as defined in 24 C.F.R. Sec. 93.2 as it existed on the effective date of this section, or such subsequent date as may be provided by the department by rule, consistent with the purposes of this section, and who has only owned a home with a spouse;
- (iii) An individual who has only owned a principal residence not permanently affixed to a permanent foundation in accordance with applicable regulations; or
- (iv) An individual who has only owned a property that is discerned by a licensed building inspector as being uninhabitable.

(b) \$5,000,000 of the appropriation provided in this subsection (1) is provided solely for housing that serves people with developmental disabilities;

(c) (i) \$20,000,000 of the appropriation in this subsection (1) is provided solely for housing preservation grants or loans to be awarded competitively.

(ii) The funds may be provided for major building improvements, preservation, and

system replacements, necessary for the existing housing trust fund portfolio to maintain long-term viability. The department must require a capital needs assessment be provided prior to contract execution. Funds may not be used to add or expand the capacity of the property.

(iii) To allocate preservation funds, the department must review applications and evaluate projects based on the following criteria:

(A) The age of the property, with priority given to buildings that are more than 15 years old;

(B) The population served, with priority given to projects with at least 50 percent of the housing units being occupied by families and individuals at or below 50 percent area median income;

(C) The degree to which the applicant demonstrates that the improvements will result in a reduction of operating or utilities costs, or both;

(D) The potential for additional years added to the affordability period of the property; and

(E) Other criteria that the department considers necessary to achieve the purpose of this program.

(d) \$25,000,000 of the capital community assistance account—state appropriation in subsection (1) of this section is provided to nonprofit agencies for the development of homeownership projects affordable to low-income households throughout the state.

(2) \$10,000,000 of the state building construction account—state appropriation is provided solely for grant awards for the development of community housing and cottage communities to shelter individuals or households experiencing homelessness.

(a) \$8,775,000 of the state building construction account—state appropriation is provided solely for competitive grant awards. This funding must be awarded to projects that develop a minimum of four individual structures in the same location. Individual structures must contain insulation, electricity, overhead lights, and heating. Kitchens and bathrooms may be contained within the individual structures or offered as a separate facility that is shared with the community. When evaluating applications for this grant program, the department must prioritize projects that demonstrate:

(i) The availability of land to locate the community;

(ii) A strong readiness to proceed to construction;

(iii) A longer term of commitment to maintain the community;

(iv) A commitment by the applicant to provide, directly or through a formal partnership, case management and employment support services to the tenants;

(v) Access to employment centers, health care providers, and other services; and

(vi) A community engagement strategy.

(b) \$1,225,000 of the state building construction account—state appropriation is provided solely for Eagle Haven Cottage Village located in Bellingham.

(3)(a) \$11,500,000 of the state taxable building construction account—state

appropriation is provided solely for the following list of projects:

Bellwether Affordable Housing (Seattle).
\$4,000,000
Didgwalic Transitional Housing
(Anacortes) \$4,500,000

(5) In evaluating projects in this section, the department must give preference for applications based on some or all of the criteria in RCW 43.185.070(5). (6) The appropriations in this section are subject to the following reporting requirements:

(a) By June 30, 2023, the department must report on its website the following for every previous funding cycle: The number of homeownership and multifamily rental projects funded by housing trust fund moneys; the percentage of housing trust fund investments made to homeownership and multifamily rental projects; and the total number of households being served at up to 80 percent of the area median income, up to 50 percent of the area median income, and up to 30 percent of the area median income, for both homeownership and multifamily rental projects.

(b) Beginning December 1, 2021, and continuing annually, the department must provide the legislature with a report of its final cost data for each project under this section. Such cost data must, at a minimum, include total development cost per unit for each project completed within the past year,

descriptive statistics such as average and median per unit costs, regional cost variation, and other costs that the department deems necessary to improve cost controls and enhance understanding of development costs. The department must coordinate with the housing finance commission to identify relevant development costs data and ensure that the measures are consistent across relevant agencies. (7) \$100,000 of the state building construction account—state appropriation is provided solely for the department of social and health services to complete a study of the community-based housing needs of adults with intellectual and developmental disabilities. The department of social and health services shall collaborate with appropriate stakeholders and the department in completing this study and the study shall:

(a) Estimate the number of adults with intellectual and developmental disabilities who are facing housing insecurity;

(b) Make recommendations for how to improve housing stability for adults with intellectual and developmental disabilities who are facing housing insecurity;

(c) Make recommendations for how to increase the capacity of developers to support increasing the supply of housing that meets the needs of the intellectual and developmental disabilities population; and

(d) Be submitted to the appropriate committees of the legislature no later than December 1, 2022. (8) The legislature finds that there are insufficient data sources to identify adults with intellectual and developmental disabilities facing housing insecurity in Washington state and that the absence of reliable data limits the ability for the legislature to make informed decisions that will improve the outcomes of these individuals. The legislature further finds that reliable, current information about the unmet housing needs of this population will position Washington state to leverage community-based partnerships and funding to establish greater housing choice and increased community integration of individuals with intellectual and developmental disabilities.

Sec. 7007. 2022 c 296 s 1026 (uncodified) is amended to read as follows:
FOR THE DEPARTMENT OF COMMERCE

2023 Local and Community Projects (40000266)

The appropriations in this section ~~((is))~~are subject to the following conditions and limitations:

(1) The department may not expend the appropriations provided in this section unless and until the nonstate share of project costs have been either expended or firmly committed, or both, in an amount sufficient to complete the project or a distinct phase of the project that is useable to the public for the purpose intended by the legislature. This requirement does not apply to projects where a share of the appropriation is for design costs only.

(2) Prior to receiving funds, project recipients must demonstrate that the project site is under control for a minimum of 10 years, either through ownership or a long-term lease. This requirement does not apply to appropriations for preconstruction activities or appropriations in which the sole purpose is to purchase real property that does not include a construction or renovation component.

(3) Projects funded in this section may be required to comply with Washington's high-performance building standards as required by chapter 39.35D RCW.

(4) Project funds are available on a reimbursement basis only and may not be advanced under any circumstances.

(5) In contracts for grants authorized under this section, the department must include provisions that require that capital improvements be held by the grantee for a specified period of time appropriate to the amount of the grant and that facilities be used for the express purpose of the grant. If the grantee is found to be out of compliance with provisions of the contract, the grantee shall repay to the state general fund the principal amount of the grant plus interest calculated at the rate of interest on state of Washington general obligation bonds issued most closely to the date of authorization of the grant.

(6) Projects funded in this section, including those that are owned and operated by nonprofit organizations, are generally required to pay state prevailing wages.

(7) The department must comply with the requirements set forth in executive order 21-02 and must consult with the department of archaeology and historic preservation and affected tribes on the potential effects of these projects on cultural resources and historic properties. Consultation with the department of archaeology and historic preservation and affected tribes must be initiated before project funds are made available.

Sec. 7009. 2022 c 296 s 1024 (unmodified) is amended to read as follows:
FOR THE DEPARTMENT OF COMMERCE

2022 Rapid Capital Housing Acquisition (40000260)

The appropriations in this section are subject to the following conditions and limitations:

(1) (a) ((~~\$207,628,000~~)) \$169,628,000 of the capital community assistance account—state appropriation, \$22,935,000 of the state building construction account—state appropriation, and \$15,065,000 of the coronavirus state fiscal recovery fund—federal appropriation in this section ((is)are) provided solely for the department to issue competitive financial assistance to eligible organizations under RCW 43.185A.040 to acquire real property for a rapid conversion into enhanced emergency shelters, permanent supportive housing, transitional housing, permanent housing, youth housing, or shelter for extremely low-income people, as well as individuals, families, unaccompanied youth, and young people experiencing sheltered and unsheltered homelessness. The department shall prioritize housing projects that will rapidly move people experiencing unsheltered homelessness into housing, including, but not limited to, individuals living in unsanctioned encampments, the public rights-of-way, or other public spaces. Amounts provided in this section may also be used for renovation and building update costs associated with establishment of the acquired facilities. The department may only approve funding for projects resulting in increased shelter or housing capacity. Amounts provided in this section may not be used for operating or maintenance costs associated with providing housing, supportive services, or debt service.

(b) \$20,000,000 of the capital community assistance account—state appropriation in this section is provided solely for housing projects in rural areas as defined by the department under RCW 43.185.050 and underserved communities with the goal of maximizing the investment and increasing the number of supportive housing units in rural, underserved communities.

(c) \$2,000,000 of the capital community assistance account—state appropriation in this section is provided solely for the

Woodley Place by Bayside Housing and Services project in Port Hadlock.

(d) \$172,000 of the capital community assistance account—state appropriation in this section is provided solely for Building Transitional Tiny Homes for the Homeless project in Seattle.

(e) \$200,000 of the capital community assistance account—state appropriation in this section is provided solely for the department to contract and work with a professional real estate broker to identify opportunities for rapid acquisition or conversion of properties.

(f) \$10,000,000 of the capital community assistance account—state appropriation in this section is provided solely for unexpected cost increases experienced by projects funded by prior rapid capital appropriations. The department must create a process by which providers that received prior rapid capital awards may request additional funding for unexpected costs of affordable housing projects that are under or ready for construction

(g) When selecting projects, the department shall balance the state's interest in quickly approving and financing projects, the degree to which the project will leverage other funds, the extent to which the project promotes racial equity, and the extent to which the project will promote priorities on a statewide basis, including in rural areas and in geographically diverse parts of the state.

(h) Amounts appropriated under this section may also be used for permanent financing for real estate acquired using other short-term acquisition sources. To expand availability of permanent housing, financing of acquisition of multifamily housing is a priority.

(i) While emphasizing the rapid deployment of the amounts appropriated under this section to alleviate the immediate crisis of homelessness throughout the state, the department shall use criteria for the issuance of funds that were developed to administer prior rapid capital appropriations, and which must include:

(i) The date upon which the units can be placed in service and occupied by the intended population, or the date any necessary structural modifications would begin and the anticipated date of completion of the project;

(ii) A detailed estimate of the costs associated with the acquisition and any updates or improvements necessary to make the property habitable for its intended use;

(iii) A detailed estimate of the costs associated with placing the beds or units in service; and

(iv) A financial plan demonstrating the ability to maintain and operate the property and support its intended tenants.

(j) If the recipient is found to be out of compliance with provisions of the contract, the recipient shall repay to the state general fund the principal amount of the award plus interest calculated at the rate of interest on state of Washington general obligation bonds issued on the date most close in time to the date of authorization of the award.

(k) The department must provide a progress report on its website by December 30, 2023. The report must include:

(i) The total number of applications and amount of funding requested; and

(ii) A list and description of the projects approved for funding including state funding, total project cost, services anticipated to be provided, housing units, and anticipated completion date.

(l) The funding provided under this section is not subject to the 90-day application periods in RCW 43.185.070 or 43.185A.050.

(m) The department shall prioritize proposals that reach the greatest public benefit, as defined by the department. For purposes of this subsection (1)(m), "greatest public benefit" must include, but is not limited to:

(i) The rapid transition of people living unsheltered or chronically homeless, into housing;

(ii) The greatest number of accommodations or increased shelter capacity that will benefit extremely low-income people, as well as individuals, families, and youth experiencing homelessness;

(iii) Whether the project has local funding commitments and rental assistance;

(iv) The scarcity of the affordable housing or shelter capacity applied for compared to the number of available affordable housing units or shelter capacity in the same geographic location; and

(v) The program's established funding priorities under RCW 43.185.070(5).

(n) The department must strive to allocate all of the amounts appropriated in this section within the 2021-2023 fiscal biennium in the manner prescribed in this section. However, if upon review of applications the department determines there are not adequate suitable projects in (a) of this subsection, the department may allocate funds to (f) of this subsection or to projects serving other low-income and special needs populations, provided those projects are located in an area with an identified need for the type of housing proposed.

(2) \$60,000,000 of the apple health and homes account—state appropriation in this section is provided solely for the rapid permanent supportive housing program created under chapter . . . , Laws of 2022 (Engrossed Substitute House Bill No. 1866) and the creation of a housing dashboard providing permanent supportive housing need and current capacity data. Of the amounts in this subsection, \$1,500,000 is provided solely for the St. Agnes Haven project in Spokane. If Engrossed Substitute House Bill No. 1866 is not enacted by June 30, 2022, the amount provided in this subsection shall lapse.

2021-23 Behavioral Health Community Capacity Grants (40000219)

The appropriations in this section are subject to the following conditions and limitations:

(1) The appropriations in this section are provided solely for the department to issue grants to community hospitals or other community providers to expand and establish new capacity for behavioral health services in communities. The department must consult an advisory group consisting of representatives from the department of social and health services, the health care authority, one representative from a managed care organization, one representative from an accountable care organization, and one representative from the association of county human services. Amounts provided in this section may be used for construction and equipment costs associated with establishment of the facilities. The department may approve funding for the acquisition of a facility if the project will result in increased behavioral health capacity. Amounts provided in this section may not be used for operating costs associated with the treatment of patients using these services.

(2) The department must establish criteria for the issuance of the grants, which must include:

(a) Evidence that the application was developed in collaboration with one or more regional behavioral health entities that administer the purchasing of services;

(b) Evidence that the applicant has assessed and would meet gaps in geographical behavioral health services needs in their region;

(c) Evidence that the applicant is able to meet applicable licensing and certification requirements in the facility that will be used to provide services;

(d) A commitment by applicants to serve persons who are publicly funded and persons detained under the involuntary treatment act under chapter 71.05 RCW;

(e) A commitment by the applicant to maintain and operate the beds or facility for a time period commensurate to the state investment, but for at least a 15-year period;

(f) The date upon which structural modifications or construction would begin and the anticipated date of completion of the project;

(g) A detailed estimate of the costs associated with opening the beds;

(h) A financial plan demonstrating the ability to maintain and operate the facility; and

(i) The applicant's commitment to work with local courts and prosecutors to ensure

that prosecutors and courts in the area served by the hospital or facility will be available to conduct involuntary commitment hearings and proceedings under chapter 71.05 RCW.

(3) In awarding funding for projects in subsection (5) of this section, the department, in consultation with the advisory group established in subsection (1) of this section, must strive for geographic distribution and allocate funding based on population and service needs of an area. The department must consider current services available, anticipated services available based on projects underway, and the service delivery needs of an area.

(4) The department must prioritize projects that increase capacity in unserved and underserved areas of the state.

(5) \$71,400,000 of the state building construction account—state appropriation in this section is provided solely for a competitive process for each category listed and is subject to the criteria in subsections (1), (2), (3), and (4) of this section:

(a) \$11,600,000 of the state building construction account—state appropriation in this section is provided solely for at least six enhanced service facilities for long-term placement of patients discharged or diverted from the state psychiatric hospitals and that are not subject to federal funding restrictions that apply to institutions of mental diseases;

(b) \$10,000,000 of the state building construction account—state appropriation in this section is provided solely for enhanced adult residential care facilities for long-term placements of dementia discharged or diverted from the state psychiatric hospitals and are not subject to federal funding restrictions that apply to institutions of mental diseases;

(c) \$2,000,000 of the state building construction account—state appropriation in this section is provided solely for at least one facility with secure withdrawal management and stabilization treatment beds that are not subject to federal funding restrictions that apply to institutions of mental diseases;

(d) \$2,000,000 of the state building construction account—state appropriation in this section is provided solely for at least one crisis triage and stabilization facility that is not subject to federal funding restrictions that apply to institutions of mental diseases;

(e) \$12,000,000 of the state building construction account—state appropriation in this section is provided solely for two 16-bed crisis triage and stabilization facilities in the King county region consistent with the settlement agreement in *A.B. by and through Trueblood, et al., v. DSHS, et al.*, No. 15-35462, and that are not subject to federal funding restrictions that apply to institutions of mental disease;

(f) \$2,000,000 of the state building construction account—state appropriation in this section is provided solely for at least two mental health peer respite centers that are not subject to federal funding restrictions that apply to institutions of

mental diseases. No more than one mental health peer respite center should be funded in each of the nine regions;

(g) \$18,000,000 of the state building construction account—state appropriation in this section is provided solely for the department to provide grants to community hospitals, freestanding evaluation and treatment providers, or freestanding psychiatric hospitals to develop capacity for beds to serve individuals on 90-day or 180-day civil commitments as an alternative to treatment in the state hospitals. In awarding this funding, the department must coordinate with the department of social and health services, the health care authority, and the department of health and must only select facilities that meet the following conditions:

(i) The funding must be used to increase capacity related to serving individuals who will be transitioned from or diverted from the state hospitals;

(ii) The facility is not subject to federal funding restrictions that apply to institutions of mental diseases;

(iii) The provider has submitted a proposal for operating the facility to the health care authority;

(iv) The provider has demonstrated to the department of health and the health care authority that it is able to meet the applicable licensing and certification requirements for the facility that will be used to provide services; and

(v) The health care authority has confirmed that it intends to contract with the facility for operating costs within funds provided in the operating budget for these purposes;

(h) \$2,400,000 of the state building construction account—state appropriation in this section is provided solely for competitive community behavioral health grants to address regional needs;

(i) \$9,400,000 of the state building construction account—state appropriation in this section is provided solely for at least three intensive behavioral health treatment facilities for long-term placement of behavioral health patients with complex needs and that are not subject to federal funding restrictions that apply to institutions of mental diseases; and

(j) \$2,000,000 of the state building construction account—state appropriation in this section is provided solely for grants to community providers to increase behavioral health services and capacity for children and minor youth including, but not limited to, services for substance use disorder treatment, sexual assault and traumatic stress, anxiety, or depression, and interventions for children exhibiting aggressive or depressive behaviors in facilities that are not subject to federal funding restrictions. Consideration must be given to programs that incorporate outreach and treatment for youth dealing with mental health or social isolation issues.

(6) (a) \$15,648,000 of the state building construction account—state appropriation and \$8,748,000 of the capital community assistance account—state appropriation in this section are provided solely for the

following list of projects and is subject to the criteria in subsection (1) of this section:

Astria Toppenish Hospital (Toppenish)	
\$1,648,000	
Compass Health Broadway (Everett)	
\$14,000,000	
Evergreen Recovery Residential Treatment (Everett)	\$1,000,000
EvergreenHealth Monroe (Monroe)	\$4,275,000
NE Spokane Community Behavioral Health Center (Spokane)	\$700,000
Red Road Clean and Sober Housing (Renton)	\$773,000
Seattle Clinic at Evergreen Treatment (Seattle)	\$2,000,000
(b) \$8,116,000 of the state building construction account—state appropriation and \$17,575,000 of the capital community assistance account—state appropriation in this section are provided solely for the following list of projects and is subject to the criteria in subsection (1) of this section, except that the following projects are not required to establish new capacity:	
Cascade Hall (Seattle)	\$6,000,000
Comprehensive Health Care - ((Goldendale Facility (Goldendale))) Camp Hope (Yakima)	\$1,030,000
Jamestown S'Klallam (Sequim)	\$3,250,000

Sound Enhanced Services Facility (Auburn)	\$3,000,000
Three Rivers Behavioral Health Recovery Center (Kennewick)	\$4,295,000

(7) The department must notify all applicants that they may be required to have a construction review performed by the department of health.

(8) To accommodate the emergent need for behavioral health services, the department and the department of health, in collaboration with the health care authority and the department of social and health services, must establish a concurrent and expedited process to assist grant applicants in meeting any applicable regulatory requirements necessary to operate inpatient psychiatric beds, freestanding evaluation and treatment facilities, enhanced services facilities, triage facilities, crisis stabilization facilities, or secure detoxification/secure withdrawal management and stabilization facilities.

(9) The department must strive to allocate all of the amounts appropriated within subsection (5) of this section in the manner prescribed. However, if upon review of applications, the department determines, in consultation with the advisory group established in subsection (1) of this section, that there are not adequate suitable projects in a category of projects

under subsection (5) of this section, the department may allocate funds to other behavioral health capacity project categories within subsection (5) of this section, prioritizing projects under subsections (5)(a), (g), and (i) of this section. Underserved areas of the state may also be considered.

(10) The department must provide a progress report by November 1, 2022. The report must include:

(a) The total number of applications and amount of funding requested;

(b) A list and description of the projects approved for funding including state funding, total project cost, services anticipated to be provided, bed capacity, and anticipated completion date; and

(c) A status report of projects that received funding in prior funding rounds, including details about the project completion and the date the facility began providing services.

Sec. 7011. 2021 c 332 s 1065 (uncodified) is amended to read as follows:
FOR THE DEPARTMENT OF COMMERCE
 2021-23 Energy Retrofits for Public Buildings Grant Program (40000149)

The appropriation in this section is subject to the following conditions and limitations:

(1) \$4,000,000 of the appropriation in this section is provided solely for grants to local governments, public higher education institutions, school districts, federally recognized tribal governments, and state agencies for operational cost savings improvements to facilities and related projects that result in energy and operational cost savings.

(a) (i) \$3,000,000 of the appropriation in this section is provided solely for grants awarded in competitive rounds.

(ii) At least 20 percent of each competitive grant round is designated for award to eligible projects in small cities or towns with a population of 5,000 or fewer residents.

(iii) In each competitive round, a higher energy savings to investment ratio must result in a higher project ranking. Priority consideration must be given to applicants that have not received grant awards for this purpose in prior biennia.

(iv) The department must determine a minimum match ratio to maximize the leverage of nonstate funds.

(b) \$450,000 of the appropriation in this section is provided solely for a grant to Western Washington University for the heating system conversion feasibility study.

(c) \$550,000 of the appropriation in this section is provided solely for a grant to Whidbey Island Public Hospital District for energy upgrades at WhidbeyHealth Medical Center in Coupeville.

(2) (a) \$1,000,000 of the appropriation in this section is provided solely for grants to be awarded in competitive rounds to local governments, public higher education institutions, school districts, federally recognized tribal governments, and state agencies for projects that involve the purchase and installation of solar energy systems, including solar modules and inverters, with a preference for products manufactured in Washington.

(b) At least 20 percent of each competitive grant round is designated for award to eligible projects in small cities or towns with a population of 5,000 or fewer residents.

(c) In each competitive round, a higher energy savings to investment ratio must result in a higher project ranking. Priority consideration must be given to applicants that have not received grant awards for this purpose in prior biennia.

(d) The department must determine a minimum match ratio to maximize the leverage of nonstate funds.

(3) \$4,500,000 of the appropriation in this section is provided solely for the energy efficiency and environmental performance improvements to minor works, stand-alone, and emergency projects at facilities owned by agencies named by the state efficiency and environmental performance office executive order 20-01 that repair or replace existing building systems and reduce greenhouse gas emissions from state operations, including, but not limited to, HVAC, lighting, insulation, windows, and other mechanical systems. Eligibility for this funding is dependent on an analysis using the office of financial management's life-cycle cost tool that compares project design alternatives for initial and long-term cost-effectiveness. Assuming a reasonable return on investment, the department shall provide grants in the amount required to improve the project's energy efficiency compared to the original project request. Prior to awarding funds, the department shall submit to the office of financial management a list of all proposed awards for review and approval.

(4) The department shall develop metrics that indicate the performance of energy efficiency efforts.

(5) \$457,000 of the appropriation provided in this section is provided solely for photovoltaic panels for the capitol campus child care center.

(6) If a grant is provided in subsection (1) or (3) of this section to purchase heating devices or systems, the agency must, whenever possible and most cost effective, select devices and systems that do not use fossil fuels.

(7) Grants to state agencies provided under subsections (1), (2), and (3) of this section are exempt from the match requirements of this section.

Sec. 7012. 2022 c 296 s 1022 (unmodified) is amended to read as follows:

FOR THE DEPARTMENT OF COMMERCE
2022 Local & Community Projects (40000230)

The appropriation in this section is subject to the following conditions and limitations:

(1) The department may not expend the appropriation in this section unless and until the nonstate share of project costs have been either expended or firmly committed, or both, in an amount sufficient to complete the project or a distinct phase of the project that is useable to the public for the purpose intended by the legislature. This requirement does not apply to projects where a share of the appropriation is for design costs only or to the Chelan municipal airport extension project in subsection (8) (a) of this section.

(2) Prior to receiving funds, project recipients must demonstrate that the project site is under control for a minimum of 10 years, either through ownership or a long-term lease. This requirement does not apply to appropriations for preconstruction activities or appropriations in which the sole purpose is to purchase real property that does not include a construction or renovation component.

(3) Projects funded in this section may be required to comply with Washington's high-performance building standards as required by chapter 39.35D RCW.

(4) Project funds are available on a reimbursement basis only, and may not be advanced under any circumstances.

(5) In contracts for grants authorized under this section, the department must include provisions that require that capital improvements be held by the grantee for a specified period of time appropriate to the amount of the grant and that facilities be used for the express purpose of the grant. If the grantee is found to be out of compliance with provisions of the contract, the grantee shall repay to the state general fund the principal amount of the grant plus interest calculated at the rate of interest on state of Washington general obligation bonds issued most closely to the date of authorization of the grant.

(6) Projects funded in this section, including those that are owned and operated by nonprofit organizations, are generally required to pay state prevailing wages.

(7) The department must comply with the requirements set forth in executive order 21-02 and must consult with the department of archaeology and historic preservation and affected tribes on the potential effects of these projects on cultural resources and historic properties. Consultation with the department of archaeology and historic preservation and affected tribes must be initiated before project funds are made available.

(8) (a) The appropriation is provided solely for the following list of projects:

(b) The funding for the Magnuson Park
Historic Hanger 2 (Seattle) project is
contingent on the contribution of at least
\$6,000,000 for the Magnuson Park Center For
Excellence. If the Magnuson Park Center For
Excellence has not certified to the
department of commerce that the project has

secured at least \$6,000,000 in total funding for the capital phase of the project by July 31, 2022, the funds in this subsection (8) (b) shall lapse. The lapse date of July 31, 2022, must be extended to the same extent that the city of Seattle grants an extension, if any, beyond that date for the same project, provided that no further extension may be granted past July 31, 2023. The Magnuson Park Center For Excellence must ensure that the long-term lease with Seattle Parks and Recreation stipulates meaningful public benefits that prioritize low-income, black, indigenous, and people of color youth and families of the Magnuson park and neighborhood and Northeast Seattle. The lease must include provisions to proactively recruit and provide no-cost access to the residents as well as the creation of a scholarship fund dedicated to the residents for the center's events and programming. Additional public benefits to improve accessibility for Magnuson Park residents must be considered in the lease negotiations.

 (uncodified) is amended to read as follows:
FOR THE DEPARTMENT OF COMMERCE
 Work, Education, Health Monitoring
 Projects (91001686)

The appropriation in this section is subject to the following conditions and limitations:

(1) The department may not expend the appropriation in this section unless and until the nonstate share of project costs have been either expended or firmly committed, or both, in an amount sufficient to complete the project or a distinct phase of the project that is useable to the public for the purpose intended by the legislature. This requirement does not apply to projects where a share of the appropriation is for design costs only.

(2) Prior to receiving funds, project recipients must demonstrate that the project site is under control for a minimum of 10 years, either through ownership or a long-term lease. This requirement does not apply to appropriations for preconstruction activities or appropriations in which the sole purpose is to purchase real property that does not include a construction or renovation component.

(3) Projects funded in this section may be required to comply with Washington's high-performance building standards as required by chapter 39.35D RCW.

(4) Project funds are available on a reimbursement basis only, and may not be advanced under any circumstances.

(5) In contracts for grants authorized under this section, the department must include provisions that require that capital

improvements be held by the grantee for a specified period of time appropriate to the amount of the grant and that facilities be used for the express purpose of the grant. If the grantee is found to be out of compliance with provisions of the contract, the grantee shall repay to the state general fund the principal amount of the grant plus interest calculated at the rate of interest on state of Washington general obligation bonds issued most closely to the date of authorization of the grant.

(6) Projects funded in this section, including those that are owned and operated by nonprofit organizations, are generally required to pay state prevailing wages.

(7) The department must comply with the requirements set forth in executive order 21-02 and must consult with the department of archaeology and historic preservation and affected tribes on the potential effects of these projects on cultural resources and historic properties. Consultation with the department of archaeology and historic preservation and affected tribes must be initiated before project funds are made available.

(8) (~~(\$926,000 of the state building construction account—state)~~) The appropriation in this section is provided solely for the following list of projects:

~~((Camp Waskowitz Restrooms (North Bend)) Sylvester Middle School Restrooms (Burien). \$250,000 Mary's Place Burien Shelter ((COVID Updates) (Seattle)). \$550,000 Nordic Heritage Museum HVAC Renovation (Seattle). \$26,000 ((Sherwood COVID Mitigation (Lake Stevens)). \$100,000))~~

(2) The grants may not be used for operating expenditures, but must be used for capital needs to:

(a) Support increased social distancing requirements;

- (b) Support increased health and safety measures;
 - (c) Provide increased outdoor space; or
 - (d) Increase or preserve early learning slots within a facility or community.
- (3) Grant recipients must meet the requirements in RCW 43.31.575.
- (4) Up to four percent of the funding in this appropriation may be used by the contractor to provide technical assistance to early learning providers interested in applying for the early learning facility grant or loan program.

FOR THE DEPARTMENT OF COMMERCE
 2021-23 Weatherization Plus Health (40000150)

The appropriations in this section are subject to the following conditions and limitations:

(1) \$5,000,000 of the state building construction account—state appropriation in this section is provided solely for grants for the Washington State University energy extension community energy efficiency program (CEEP) to support homeowners, tenants, and small business owners in making sound energy efficiency investments by providing consumer education and marketing, workforce support through training and lead generation, and direct consumer incentives for upgrades to existing homes and small commercial buildings. This is the maximum amount the department may expend for this purpose.

(2) The department, in collaboration with the Washington State University, shall make recommendations to the appropriate committees of the legislature on strategies to expand and align the weatherization program and the rural rehabilitation loan program. The department shall report the recommendations to the appropriate committees of the legislature and the governor by November 1, 2022. The recommendations must include strategies to:

- (a) Recruit community energy efficiency program sponsors that are community-based organizations located in geographic areas of the state that have not received funding for low-income weatherization programs, targeting hard to reach market segments;
- (b) Leverage funding from community energy efficiency program sponsors in an amount greater than or equal to the amount provided by the state through the weatherization program;
- (c) Ensure that community energy efficiency program utility sponsors work with non-profit community-based organizations to deliver community energy efficiency program services; and

(d) Identify community energy efficiency program sponsors that support the conversion of space and water heating from fossil fuels to electricity, as part of a set of energy efficiency investments.

(3) If funding from this appropriation is used to purchase heating devices or systems, the agency shall, whenever possible and most cost effective, select devices and systems that do not use fossil fuels.

(4) ~~(((\$69,766,000))~~\$47,115,000 of the general fund—federal appropriation in this section is provided solely as expenditure authority for grant funding received by the department for the weatherization assistance program in section 40551 of P.L. 117-58 (infrastructure investment and jobs act), not to exceed the actual amount of grant funding awarded. Expenditure of the amount in this subsection is contingent on the receipt of this grant funding. ~~((If the department does not receive the grant funding by June 30, 2023, the expenditure authority in this section shall lapse.))~~

FOR THE DEPARTMENT OF COMMERCE
 2021-23 Broadband Office (92000953)

The appropriations in this section are subject to the following conditions and limitations:

(1) (a) The appropriations in this section are provided solely to the statewide broadband office for qualifying broadband infrastructure projects.

(b) Unless otherwise stated, eligible applicants for grants awarded under subsections (2) and (3) of this section are:

- (i) Local governments, including ports and public utility districts;
- (ii) Federally recognized tribes;
- (iii) Nonprofit organizations;
- (iv) Nonprofit cooperative organizations; and

(v) Multiparty entities comprised of a combination of public entity members or private entity members. A multiparty entity cannot be solely comprised of private entities.

(c) The department must prioritize eligible applications where the lead applicant is a public entity.

(d) Projects receiving grants under this section must:

- (i) Demonstrate that the project site is under the applicant's control for a minimum of 25 years, either through ownership or a long-term lease; and

(ii) Commit to using the infrastructure funded by the grant for the purposes of providing broadband connectivity for a minimum of 25 years. (e) Unless otherwise stated, priority must be given to projects:

(i) Located in unserved areas of the state, which for the purposes of this section means areas of Washington in which households and businesses lack access to broadband service of speeds at a minimum of 100 megabits per second download and at a minimum 20 megabits per second upload;

(ii) Located in geographic areas of greatest priority for the deployment of broadband infrastructure to achieve the state's broadband goals, as provided in RCW 43.330.536, identified with department and board mapping tools; or

(iii) That construct last mile infrastructure, as defined in RCW 43.330.530. (f) Unless otherwise stated, appropriations may not be used for projects where a broadband provider currently provides, or has begun construction to provide, broadband service, as defined in RCW 43.330.530, to end users in the proposed project area.

(g) The appropriations must be used for projects that use a technology-neutral approach in order to expand access at the lowest cost to the most unserved or underserved residents.

(h) (i) The statewide broadband office must act as fiscal agent for the grants authorized in subsections (2) and (3) of this section.

(ii) No more than 1.5 percent of the funds appropriated for the program may be expended by the statewide broadband office for administration purposes.

(i) The statewide broadband office must impose grant or contract conditions to help ensure that any project funded under this section will result in an enduring public benefit, where feasible, for at least 25 years.

(2) (a) (~~(\$50,000,000)~~) \$27,591,000 of the state building construction account—state appropriation is provided solely to the statewide broadband office to award as grants to eligible applicants as match funds to leverage federal broadband infrastructure program funding.

(b) (i) For the purposes of this subsection (2), "state broadband infrastructure funders" are the state broadband office, the public works board, and the community economic revitalization board.

(ii) The statewide broadband office must develop a project evaluation process to assist in coordination among state broadband infrastructure funders to maximize opportunities to leverage federal funding and ensure efficient state investment. The project evaluation process must help determine whether a project is a strong candidate for a known federal funding opportunity and if a project can be packaged as part of a regional or other coordinated federal grant proposal. The state broadband infrastructure funders are encouraged to enter into a memorandum of understanding outlining how coordination will take place so that the process can help with a

coordinated funding strategy across these entities.

(3) (a) \$150,996,000 of the coronavirus state fiscal recovery fund—federal appropriation, \$124,749,000 of the coronavirus capital projects account—federal appropriation, and \$258,000 of the state building construction account—state appropriation are provided solely for grants to eligible applicants for qualifying broadband infrastructure projects.

(b) (i) Projects that receive grant funding under this subsection (3) must be eligible for funds under section 9901 of the American rescue plan act.

(ii) To ensure compliance with conditions of the federal coronavirus state fiscal recovery fund and coronavirus capital projects account, all expenditures of amounts appropriated in this subsection (3) must be obligated by December 31, 2024.

(c) (i) \$5,000,000 of the appropriation in this subsection is provided for broadband equity and affordability grants.

(ii) Grants must be provided to eligible applicants located in areas:

(A) With existing broadband service with speeds at a minimum of 100 megabits per second download and at a minimum 20 megabits per second upload; and

(B) Where the state broadband office, in consultation with the department of equity, determine that access to existing broadband service is not affordable or equitable.

(iii) Eligible applicants for grants awarded under this subsection (3) (c) are:

(A) Local governments, including ports and public utility districts;

(B) Federally recognized tribes;

(C) Public school districts;

(D) Nonprofit organizations; and

(E) Multiparty entities comprised of public entity members to fund broadband deployment.

(d) \$258,000 of the state building construction account—state appropriation in this subsection is provided solely for the Precision Agriculture and Broadband pilot project.

(e) \$225,000 of the coronavirus capital projects account—federal appropriation in this subsection is provided solely for the Point Roberts rural broadband project.

(4) By January 30, 2022, and January 30, 2023, the statewide broadband office must develop and submit a report regarding the grants established in subsections (2) and (3) of this section to the office of financial management and appropriate fiscal committees of the legislature. The report must include:

(a) The total number of applications and amount of funding requested;

(b) A list and description of projects approved for grant funding in the preceding fiscal year;

(c) The total amount of grant funding that was disbursed during the preceding fiscal year;

(d) The total amount of funds obligated and timing of when the funds were obligated in the preceding fiscal year; and

(e) For projects funded in the prior biennium, the outcomes achieved by the approved projects.

(5) For eligible applicants providing service outside of their jurisdictional boundary, no more than three percent of the award amount may be expended for administration purposes.

Table with 2 columns: Project Name and Amount. Lists various library districts and systems with their respective funding amounts, including Stevens County Rural Library District and Sno-Isle Regional Inter-County Libraries.

(2) The department must establish a competitive process to solicit proposals for and prioritize projects whose primary objective is to assist libraries operated by governmental units, as defined in RCW 27.12.010, in acquiring, constructing, repairing, or rehabilitating facilities.

(3) The department must establish a committee to develop the grant program criteria and review proposals. The committee must be composed of five members as provided in this subsection. The committee must include: (a) A representative from the department of commerce; (b) a representative from the department of archaeology and historic preservation; (c) the state librarian; (d) a representative from a library district; and (e) a representative from a municipal library.

(4) The department must conduct a statewide solicitation of project applications. The department must evaluate and rank applications in consultation with the committee established in subsection (3) of this section, using objective criteria. The ranking of projects must prioritize library district facilities listed on a local, state, or federal register of historic places and those located in distressed or rural counties.

(5) The department must submit a prioritized list of recommended projects to the governor and the legislature by October 1, 2022, for inclusion in the department of commerce's 2023-2025 biennial capital budget request. The list must include a description of each project, the amount of recommended state funding, and documentation of nonstate funds to be used for the project.

(6) In contracts for grants authorized under this section, the department must

include provisions that require that capital improvements be held by the grantee for a specified period of time appropriate to the amount of the grant and that facilities be used for the express purpose of the grant. If the grantee is found to be out of compliance with provisions of the contract, the grantee must repay to the state general fund the principal amount of the grant plus interest calculated at the rate of interest on state of Washington general obligation bonds issued on the date most close in time to the date of authorization of the grant.

(7) The department must assist grant recipients under this section to apply for applicable competitive federal grant funding and, upon receipt of any such funding, an equal amount of the state building construction account—state appropriation must be placed in unallotted status.

FOR THE DEPARTMENT OF ENTERPRISE SERVICES
Legislative Campus Modernization
(92000020)

The appropriations in this section are subject to the following conditions and limitations:

(1) The reappropriations are subject to the provisions of section 6024 of this act.

(2) The department must consult with the senate facilities and operations committee or its designee(s) and the house of representatives executive rules committee or its designee(s) at least every other month.

(3) \$11,585,000 of the Thurston county capital facilities account—state appropriation is provided solely for the global legislative campus modernization subproject, which includes, but is not limited to, modular building leases or purchases and associated costs, site development work on campus to include Columbia street, stakeholder outreach, and historic mitigation for the project.

(4) \$69,037,000 of the amount provided in this section is provided solely for Irv Newhouse building replacement design and construction subproject on opportunity site six.

(a) The department must:

(i) Have a design contractor selected by September 1, 2021;

(ii) Start design validation by October 1, 2021; and

(iii) Start design by December 1, 2021.

(b) The design and construction must result in:

(i) A high performance building that meets net-zero-ready energy standards, with an energy use intensity of no greater than 35;

(ii) Sufficient program space required to support senate offices and support functions;

(iii) A building façade similar to the American neoclassical style with a base, shaft, and capitol expression focus with some relief expressed in modern construction methods to include adding more detailing and depth to the exterior so that it will fit with existing legislative buildings on west capitol campus, like the John Cherberg building;

(iv) Member offices of similar size as member offices in the John A. Cherberg building;

(v) Demolition of the buildings located on opportunity site six;

(vi) Consultation with the leadership of the senate, or their designee(s), at least every month, effective July 1, 2021; and

(vii) Ensure the subproject meets legislative intent to complete design by April 30, 2023, and start construction by September 1, 2023.

(5) \$8,538,000 of the amount provided in this section is provided solely for the Pritchard building and the John L. O'Brien renovation design subproject. The design contractor must be selected by September 1, 2022, and the design must result in:

(a) A high performance building that meets net-zero-ready energy standards, with an energy use intensity of no greater than 35;

(b) Sufficient program space required to support house of representatives offices and support functions; and

(c) Additional office space in the Pritchard building necessary to offset house of representatives members and staff office space that will be eliminated in the renovation of the third and fourth floors of the John L. O'Brien building.

(6) All appropriations must be coded and tracked as separate discrete subprojects in the agency financial reporting system.

(7) The state capitol committee, in consultation with capitol campus design advisory committee, may review architectural design proposals for continuity with the 2006 master plan for the capitol of the state of Washington and 2009 west capitol campus historic landscape preservation and vegetation management plan. As part of planning efforts, the state capitol committee may conduct a review of current design criteria and standards.

(8) The Irv Newhouse building replacement and Pritchard building designs should include an analysis of comprehensive impacts to the campus and the surrounding neighborhood, an evaluation of future workforce projections and an analysis of traffic impacts, parking needs, visual buffers, and campus aesthetics. The designs should include a public engagement process including the capitol campus design advisory committee and state capitol committee.

(9) \$180,000 of the appropriation in this section is provided solely for the department to conduct a preservation study of the Pritchard building as a continuation of the predesign in section 6024 of this act. The study must include an analysis of seismic, geotechnical, building codes, constructability, and costs associated with renovation and expansion of the Pritchard building to accommodate tenant space needs. The department shall contract with a third-party historic preservation specialist to ensure the study is in compliance with the secretary of the interior's standards and any other applicable standards for historic rehabilitation. The study must include a public engagement process including the capitol campus design advisory committee and state capitol committee. The study is subject to review and approval by the state capitol committee by March 31, 2022, to inform the design of a renovation,

expansion, or replacement of the Pritchard building.

(10) The department may sell by auction the Ayers and Carlyon houses, known as the press houses, separate and apart from the underlying land, subject to the following conditions:

(a) The purchaser, at its sole cost and expense, must remove the houses by December 31, 2021;

(b) The state is not responsible for any costs or expenses associated with the sale, removal, or relocation of the buildings from opportunity site six; and

(c) Any sale proceeds must be deposited into the Thurston county capital facilities account.

(11) Implementation of subsections (7) through (10) of this section is not intended to delay the design and construction of any of the subprojects included in the legislative campus modernization project.

(12) If the department receives information that projected costs for any of the subprojects in subsections (3), (4), or (5) of this section will exceed the amount provided in the respective subsections and the future biennia projected costs, the department must timely notify and provide that information in writing to the project executive team committee. ((The))Prior to proceeding with design or construction, the department must ((provide)):

(a) Provide at least ((two))three options to reduce subproject costs to stay within the amount provided for that subproject and ((to stay)) on the project schedule((- Before));

(b) Consult with the project executive team on the options offered, prior to proceeding with a reduced cost option((, the department must consult with the project executive team committee. The project executive team must reach majority consensus to either move forward with a lower cost option or to request additional capital budget funding)); and

(c) Receive majority consensus from the project executive team to either adopt and move forward with reduced cost options that bring the subproject costs within amounts appropriated or adopt a tentative modified budget for the subproject. If a tentative modified budget is adopted, the department must seek additional funding in the next agency budget submittal.

2021-23 Healthy Housing Remediation Program (40000378)

The appropriation in this section is subject to the following conditions and limitations:

(1) (a) ((\$10,161,000)) \$9,822,000 of the appropriation in this section is provided solely for the department to establish and administer a program to:

(i) Provide grants or other public funding to persons intending to remediate contaminated real property for development of affordable housing, as defined in RCW 43.185A.010. The grants or public funding may only be used for:

(A) Integrated planning to fund studies and other activities necessary to facilitate the acquisition, remediation, and adaptive reuse of known or suspected contaminated real property for affordable housing development, including:

(I) The activities specified under RCW 70A.305.190(5)(d); and

(II) Entry into development agreements pursuant to RCW 36.70B.170, 36.70B.180, and 36.70B.190 to accelerate the development of the contaminated real property into affordable housing; and

(B) Remediation of contaminated real property for affordable housing development; or

(ii) Remediate contaminated real property where a person intends to develop affordable housing, as defined in RCW 43.185A.010.

(b) When evaluating projects under this section, the department must consult with the department of commerce and consider at a minimum:

(i) The ability of the project to expedite the cleanup and reuse of the contaminated real property for affordable housing development;

\$46,000,000

(ii) The extent to which the project leverages other public or private funding for the cleanup and reuse of the contaminated real property for affordable housing development;

(iii) The suitability of the real property for affordable housing based on the threat posed by the contamination to human health;

(iv) Whether the work to be funded is ready to proceed and be completed; and

(v) The distribution of funding throughout the state and among public and private entities.

(c) Any remediation of contaminated real property funded under this section must be performed:

(i) Under an agreed order or consent decree issued under chapter 70A.305 RCW or by the department; and

(ii) In accordance with the rules established under chapter 70A.305 RCW.

(d) Real property remediated under this section must be restricted to affordable housing use for a period of no less than 30 years.

(i) To ensure that real property remediated under this section is used for affordable housing, the department may file a lien against the real property pursuant to RCW 70A.305.060, require the person to record an interest in the real property in accordance with RCW 64.04.130, or use other means deemed by the department to be no less protective of the affordable housing use and interests of the department.

(ii) Any person who refuses, without sufficient cause, to comply with this subsection is subject to enforcement pursuant to any agreement or chapter 70A.305 RCW for the repayment, with interest, of funds provided or expended by the department under this section.

(2) \$750,000 of the appropriation in this section is provided solely to mitigate soil contamination of toxic substances to enable the development of affordable housing, at the former University of Washington Mount Baker site, located at 2901 27th Ave South in Seattle and consisting of approximately four acres of land.

Sec. 7052. 2022 c 296 s 3010 (uncodified) is amended to read as follows: FOR THE DEPARTMENT OF ECOLOGY 2021-23 Water Banking (91000373)

The appropriations in this section are subject to the following conditions and limitations:

(1) (a) The appropriations in this section are provided solely for the department to administer a pilot grant program for water banking strategies to meet local water needs.

(b) \$2,000,000 is provided solely for qualified applicants located within the Methow River Basin.

(2) (a) Grant awards may only be used for:

(i) Development of water banks in rural counties as defined in RCW 82.14.370(5);

(ii) Acquisition of water rights appropriate for use in a water bank including all costs necessary to evaluate the water right for eligibility for its intended use; and

(iii) Activities necessary to facilitate the creation of a water bank.

(b) For applicants located outside of the Methow River Basin, grant awards may only be used for the development of water banks in rural counties that have the headwaters of a major watershed within their borders and only for water banking strategies within the county of origin. For purposes of this section, "major watershed" has the same meaning as shoreline of statewide significance in RCW 90.58.030(2)(f)(v)(A) and (B).

(3) Grant awards may not exceed \$2,000,000 per applicant.

(4) For the purposes of a grant pursuant to this section, a water bank must meet water needs, which include, but are not limited to, agricultural use and instream flow for fish and wildlife. The water bank must preserve water rights for use in the county of origin and for permanent instream flows for fish and wildlife through the primary and secondary reaches of the water right.

(5) To be eligible to receive a grant under this section, an applicant must:

(a) Be a public entity or a participant in a public-private partnership with a public entity;

(b) Exhibit sufficient expertise and capacity to develop and maintain a water bank consistent with the purposes of this appropriation;

(c) Secure a valid interest to purchase a water right;

(d) Show that the water rights appear to be adequate for the intended use; and

(e) Agree to have one-third of any water right purchased with the funds appropriated under this section to have its purpose of use changed permanently to instream flow benefiting fish and wildlife.

(6) (If the amounts provided in subsection (1)(b) of this section are not obligated by June 30, 2023, the water banking pilot program established in this section is null and void, and funding is not reappropriated.) In determining whether a grant request is eligible for funding under

this section, the department may not disqualify proposals that purchase water rights from an existing water bank.

Sec. 7063. 2022 c 296 s 7002 (uncodified) is amended to read as follows:

ACQUISITION OF PROPERTIES AND FACILITIES THROUGH FINANCIAL CONTRACTS. (1) The following agencies may enter into financial contracts, paid from any funds of an agency, appropriated or nonappropriated, for the purposes indicated and in not more than the principal amounts indicated, plus financing expenses and required reserves pursuant to chapter 39.94 RCW. When securing properties under this section, agencies shall use the most economical financial contract option available, including long-term leases, lease-purchase agreements, lease-development with option to purchase agreements or financial contracts using certificates of participation. Expenditures made by an agency for one of the indicated purposes before the issue date of the authorized financial contract and any certificates of participation therein are intended to be reimbursed from proceeds of the financial contract and any certificates of participation therein to the extent provided in the agency's financing plan approved by the state finance committee.

(2) Those noninstructional facilities of higher education institutions authorized in this section to enter into financial contracts are not eligible for state funded maintenance and operations. Instructional space that is available for regularly scheduled classes for academic transfer, basic skills, and workforce training programs may be eligible for state funded maintenance and operations.

(3) Secretary of state: Enter into a financing contract for up to \$119,000,000 plus financing expenses ~~((and))~~ and required reserves, and capitalized interest pursuant to chapter 39.94 RCW to construct a new library-archives building.

(4) Washington state patrol: Enter into a financing contract for up to \$7,706,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to construct a burn building for live fire training.

(5) Department of social and health services: Enter into a financing contract for up to ~~(\$115,700,000)~~ \$175,888,000 plus costs and financing expenses ~~((and))~~ and required reserves, and capitalized interest pursuant to chapter 39.94 RCW to construct a nursing facility on the fircrest residential

habilitation center campus. The department may contract to lease develop or lease purchase the facility. Before entering into a contract, the department must consult with the office of financial management and the office of the state treasurer. Should the department of social and health services choose to use a financing contract that does not provide for the issuance of certificates of participation, the financing contract shall be subject to approval by the state finance committee as required by RCW 39.94.010. In approving a financing contract not providing for the use of certificates of participation, the state finance committee should be reasonably certain that the contract is excluded from the computation of indebtedness, particularly that the contract is not backed by the full faith and credit of the state and the legislature is expressly not obligated to appropriate funds to make payments. For purposes of this subsection, "financing contract" includes but is not limited to a certificate of participation and tax exempt financing similar to that authorized in RCW 47.79.140.

(6) Community and technical colleges:

(a) Enter into a financing contract on behalf of Grays Harbor College for up to \$3,200,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to construct a student services and instructional building.

(b) Enter into a financing contract on behalf of Shoreline Community College for up to \$3,128,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to construct an allied health, science, and manufacturing replacement building.

(c) Enter into a financing contract on behalf of South Puget Sound Community College for up to \$5,000,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to renovate a health education building.

(d) Enter into a financing contract on behalf of Bates Technical College for up to \$1,350,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to purchase land and facilities.

(7) The department of ecology: Enter into a financing contract for up to \$3,797,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW for the Lacey headquarters parking garage preservation project.

Sec. 7064. 2022 c 296 s 2030 (uncodified) is amended to read as follows:
FOR THE DEPARTMENT OF VETERANS AFFAIRS
 DVA ARPA Federal Funds & State Match (91000013)

The appropriations in this section are subject to the following conditions and limitations:

(1) The department is granted federal expenditure authority in anticipation of the receipt of federal competitive grant funding for which it is eligible to apply under section 8004 of the American rescue plan act of 2021, P.L. 117-2.

(2) Funding appropriated in this section must be used for projects in the following priority order:

(a) The WVH HVAC Retrofit project (40000006); and

(b) Minor works projects that meet the requirements set forth in section 8004 of the American rescue plan act of 2021, P.L. 117-2.

(3) The state building construction account—state appropriation in this section is provided solely for state match funds to leverage the federal funding described in subsection (1) of this section. Any amount that exceeds the level of state match funds required to maximize the federal funding opportunity must be placed in unallotted status.

Appropriation:

General Fund—Federal.	\$24,515,000
State Building Construction Account—	
State.	\$10,884,000
Subtotal Appropriation.	\$35,399,000
Prior Biennia (Expenditures).	\$0
Future Biennia (Projected Costs).	\$0
TOTAL.	\$35,399,000

NEW SECTION. Sec. 7065. The following acts or parts of acts are each repealed:

- (1) 2022 c 296 s 1012 (uncodified);
- (2) 2022 c 296 s 1013 (uncodified); and
- (3) 2021 c 332 s 3111 (uncodified).

(End of part)

**PART 8
 MISCELLANEOUS PROVISIONS**

NEW SECTION. Sec. 8001. RCW 43.88.031 requires the disclosure of the estimated debt service costs associated with new capital bond appropriations. The estimated debt service costs for the appropriations contained in this act are \$59,934,000 for the 2023-2025 biennium, \$371,683,000 for the 2025-2027 biennium, and \$519,454,000 for the 2027-2029 biennium.

NEW SECTION. Sec. 8002. ACQUISITION OF PROPERTIES AND FACILITIES THROUGH FINANCIAL CONTRACTS. (1) The following agencies may enter into financial contracts, paid from any funds of an agency, appropriated or nonappropriated, for the purposes indicated and in not more than the principal amounts indicated, plus financing expenses and required reserves pursuant to chapter 39.94 RCW. When securing properties under this section, agencies shall use the most economical financial contract option available, including long-term leases, lease-purchase agreements, lease-development with option to purchase agreements or financial contracts using certificates of participation. Expenditures made by an agency for one of the indicated purposes before the issue date of the authorized financial contract and any certificates of participation therein are intended to be reimbursed from proceeds of the financial contract and any certificates of participation therein to the extent provided in the agency's financing plan approved by the state finance committee.

(2) Those noninstructional facilities of higher education institutions authorized in this section to enter into financial contracts are not eligible for state funded maintenance and operations. Instructional space that is available for regularly scheduled classes for academic transfer, basic skills, and workforce training programs may be eligible for state funded maintenance and operations.

(3) Secretary of state: Enter into a financing contract for up to \$119,000,000 plus financing expenses, required reserves, and capitalized interest pursuant to chapter 39.94 RCW to construct a new library-archives building.

(4) Department of social and health services: Enter into a financing contract for up to \$175,888,000 plus costs and financing expenses, required reserves, and capitalized interest pursuant to chapter 39.94 RCW to construct a nursing facility on the Fircrest residential habilitation center campus. The department may contract to lease develop or lease purchase the facility. Before entering into a contract, the department must consult with the office of financial management and the office of the state treasurer. Should the department of social and health services choose to use a financing contract that does not provide for the issuance of certificates of participation, the financing contract shall be subject to approval by the state finance committee as required by RCW 39.94.010. In approving a financing contract not providing for the use of certificates of participation, the state finance committee should be reasonably certain that the contract is excluded from the computation of indebtedness, particularly that the contract is not backed by the full faith and credit of the state and the legislature is expressly not obligated to appropriate funds to make payments. For purposes of this subsection, "financing contract" includes but is not limited to a certificate of participation and tax exempt financing similar to that authorized in RCW 47.79.140.

NEW SECTION. Sec. 8003. (1) To ensure that major construction projects are carried out in accordance with legislative and executive intent, agencies must complete a predesign for state construction projects with a total anticipated cost in excess of \$10,000,000. For purposes of this section, "total anticipated cost" means the sum of the anticipated cost of the predesign, design, and construction phases of the project.

(2) Appropriations for design may not be expended or encumbered until the office of financial management has reviewed and approved the agency's predesign.

(3) The predesign must explore at least three project alternatives. These alternatives must be both distinctly different and viable solutions to the issue being addressed. The chosen alternative should be the most reasonable and cost-effective solution. The predesign document must include, but not be limited to, program, site, and cost analysis, and an analysis of the life-cycle costs of the

alternatives explored, in accordance with the predesign manual adopted by the office of financial management.

(4) For projects exceeding the \$10,000,000 predesign threshold established in this section, the office of financial management may make an exception to some or all of the predesign requirements in this section. The office of financial management shall report any exception to the fiscal committees of the legislature:

(a) A description of the major capital project for which the predesign waiver is made;

(b) An explanation of the reason for the waiver; and

(c) A rough order of magnitude cost estimate for the project's design and construction.

(5) In deliberations related to submitting an exception under this section, the office of financial management shall consider the following factors:

(a) Whether there is any determination to be made regarding the site of the project;

(b) Whether there is any determination to be made regarding whether the project will involve renovation, new construction, or both;

(c) Whether, within six years of submitting the request for funding, the agency has completed, or initiated the construction of, a substantially similar project;

(d) Whether there is any anticipated change to the project's program or the services to be delivered at the facility;

(e) Whether the requesting agency indicates that the project may not require some or all of the predesign requirements in this section due to a lack of complexity; and

(f) Whether any other factors related to project complexity or risk, as determined by the office of financial management, could reduce the need for, or scope of, a predesign.

(6) If under this section, some or all predesign requirements are waived, the office of financial management may instead propose a professional project cost estimate instead of a request for predesign funding.

NEW SECTION. Sec. 8004. (1) The legislature finds that use of life-cycle cost analysis will aid public entities, architects, engineers, and contractors in making design and construction decisions that positively impact both the initial construction cost and the ongoing operating and maintenance cost of a project. To ensure that the total cost of a project is accounted for and the most reasonable and cost-efficient design is used, agencies shall develop life-cycle costs for any construction project over \$10,000,000. The life-cycle costs must represent the present value sum of capital costs, installation costs, operating costs, and maintenance costs over the life expectancy of the project. The legislature further finds the most effective approach to the life-cycle cost analysis is to integrate it into the early part of the design process.

(2) Agencies must develop a minimum of three project alternatives for use in the life-cycle cost analysis. These alternatives must be both distinctly different and viable solutions to the issue being addressed. Agencies must choose the most reasonable and cost-effective solution, as supported by the life-cycle cost analysis. A brief description of each project alternative and why it was chosen must be included in the life-cycle cost analysis section of the predesign.

(3) The office of financial management shall: (a) Make available a life-cycle cost model to be used for analysis; (b) in consultation with the department of enterprise services, provide assistance in using the life-cycle cost model; and (c) update the life-cycle cost model annually including assumptions for inflation rates, discount rates, and energy rates.

(4) Agencies shall consider architectural and engineering firms' and general contractors' experience using life-cycle costs, operating costs, and energy efficiency measures when selecting an architectural and engineering firm, or when selecting contractors using alternative contracting methods.

NEW SECTION. Sec. 8005. Agencies administering construction projects with a total anticipated cost in excess of \$10,000,000 must submit progress reports to the office of financial management and to the fiscal committees of the house of representatives and senate. "Total anticipated cost" means the sum of the anticipated cost of the predesign, design, and construction phases of the project. Reports must be submitted on July 1st and December 31st of each year in a format determined by the office of financial management. After the project is completed, agencies must also submit a closeout report that identifies the total project cost and any unspent appropriations.

NEW SECTION. Sec. 8006. (1) Allotments for appropriations in this act shall be provided in accordance with the capital project review requirements adopted by the office of financial management and in compliance with RCW 43.88.110. Projects that will be employing alternative public works construction procedures under chapter 39.10 RCW are subject to the allotment procedures defined in this section and RCW 43.88.110.

(2) Each project is defined as proposed in the legislative budget notes or in the governor's budget document.

NEW SECTION. Sec. 8007. (1) The office of financial management may authorize a transfer of appropriation authority provided for a capital project that is in excess of the amount required for the completion of such project to another capital project for which the appropriation is insufficient. No such transfer may be used to expand the capacity of any facility beyond that intended in making the appropriation. Such transfers may be effected only between capital appropriations

to a specific department, commission, agency, or institution of higher education and only between capital projects that are funded from the same fund or account. No transfers may occur between projects to local government agencies except where the grants are provided within a single omnibus appropriation and where such transfers are specifically authorized by the implementing statutes that govern the grants.

(2) The office of financial management may find that an amount is in excess of the amount required for the completion of a project only if: (a) The project as defined in the notes to the budget document is substantially complete and there are funds remaining; or (b) bids have been let on a project and it appears to a substantial certainty that the project as defined in the notes to the budget document can be completed within the biennium for less than the amount appropriated in this act.

(3) For the purposes of this section, the intent is that each project be defined as proposed to the legislature in the governor's budget document, unless it clearly appears from the legislative history that the legislature intended to define the scope of a project in a different way.

(4) A report of any transfer effected under this section, except emergency projects or any transfer under \$250,000, shall be filed with the fiscal committees of the legislature by the office of financial management at least 30 days before the date the transfer is effected. The office of financial management shall report all emergency or smaller transfers within 30 days from the date of transfer.

NEW SECTION. Sec. 8008. (1) It is expected that projects be ready to proceed in a timely manner depending on the type or phase of the project or program that is the subject of the appropriation in this act. Except for major projects that customarily may take more than two biennia to complete from predesign to the end of construction, or large infrastructure grant or loan programs supporting projects that often take more than two biennia to complete, the legislature generally does not intend to reappropriate funds more than once, particularly for smaller grant programs, local/community projects, and minor works.

(2) Agencies shall expedite the expenditure of reappropriations and appropriations in this act in order to: (a) Rehabilitate infrastructure resources; (b) accelerate environmental rehabilitation and restoration projects for the improvement of the state's natural environment; (c) reduce additional costs associated with acquisition and construction inflationary pressures; and (d) provide additional employment opportunities associated with capital expenditures.

(3) To the extent feasible, agencies are directed to accelerate expenditure rates at their current level of permanent employees and shall use contracted design and construction services wherever necessary to meet the goals of this section.

NEW SECTION. Sec. 8009. Any building project that receives over \$10,000,000 in funding from the capital budget must be built to sustainable standards. "Sustainable building" means a building that integrates and optimizes all major high-performance building attributes, including energy efficiency, durability, life-cycle performance, and occupant productivity, and minimizes greenhouse gas emissions. The following design and construction attributes must be integrated into the building project:

(1) **Employ integrated design principles:** Use a collaborative, integrated planning and design process that initiates and maintains an integrated project team in all stages of a project's planning and delivery. Establish performance goals for siting, energy, water, materials, and indoor environmental quality along with other comprehensive design goals and ensures incorporation of these goals throughout the design and life-cycle of the building. Consider all stages of the building's life-cycle, including deconstruction.

(2) **Commissioning:** Employ commissioning practices tailored to the size and complexity of the building and its system components in order to verify performance of building components and systems and help ensure that design requirements are met. This should include an experienced commissioning provider, inclusion of commissioning requirements in construction documents, a commissioning plan, verification of the installation and performance of systems to be commissioned, and a commissioning report.

(3) **Optimize energy performance:** Establish a whole building performance target that takes into account the intended use, occupancy, operations, plug loads, other energy demands, and design to earn the ENERGY STAR targets for new construction and major renovation where applicable. For new construction target low energy use index. For major renovations, target reducing energy use by 50 percent below prerenovations baseline.

(4) **On-site renewable energy:** Implement renewable energy generation projects on agency property for agency use, when life-cycle cost effective.

(5) **High-efficiency electric equipment:** Use only high-efficiency electric equipment for water and space heating needs not met through on-site renewable energy, when life-cycle cost effective.

(6) **Measurement and verification:** For buildings over 50,000 square feet, install building level electricity meters in new major construction and renovation projects to track and continuously optimize performance. Include equivalent meters for natural gas and steam, where natural gas and steam are used. Where appropriate, install dashboards inside buildings to display and incentivize occupants on energy use.

(7) **Benchmarking:** Compare performance data from the first year of operation with the energy design target. Verify that the building performance meets or exceeds the design target. For other building and space types, use an equivalent benchmarking tool.

NEW SECTION. Sec. 8010. State agencies, including institutions of higher education, shall allot and report full-time equivalent staff for capital projects in a manner comparable to staff reporting for operating expenditures.

NEW SECTION. Sec. 8011. Executive Order No. 21-02, archaeological and cultural resources, was issued effective April 7, 2021. Agencies shall comply with the requirements set forth in this executive order and must consult with the department of archaeology and historic preservation and affected tribes on the potential effects of projects on cultural resources and historic properties proposed in state-funded construction or acquisition projects, including grant or pass-through funding that culminates in construction or land acquisitions. Consultation with the department of archaeology and historic preservation and affected tribes must be initiated early in the project planning process, prior to construction or taking title.

NEW SECTION. Sec. 8012. FOR THE ARTS COMMISSION—ART WORK ALLOWANCE. (1) One-half of one percent of moneys appropriated in this act for original construction of school plant facilities is provided solely for the purposes of RCW 28A.335.210.

(2) One-half of one percent of moneys appropriated in this act for original construction or any major renovation or remodel work exceeding \$200,000 by colleges or universities is provided solely for the purposes of RCW 28B.10.027.

(3) One-half of one percent of moneys appropriated in this act for original construction of any public building by a state agency identified in RCW 43.17.200 is provided solely for the purposes of RCW 43.17.200.

(4) At least 75 percent of the moneys spent by the Washington state arts commission during the 2023-2025 fiscal biennium for the purposes of RCW 28A.335.210, 28B.10.027, and 43.17.200 must be expended solely for direct acquisition of works of art; 20 percent may be expended for program administration; and 5 percent may be expended to conserve or maintain existing pieces in the state art collection.

(5) Except for art allocations made under K-3 class size reduction grants under section 6530 of this act, art allocations not expended within the ensuing two fiscal biennia shall lapse.

NEW SECTION. Sec. 8013. To carry out the provisions of this act, the governor may assign responsibility for predesign, design, construction, and other related activities to any appropriate agency.

NEW SECTION. Sec. 8014. If any federal moneys appropriated by this act for capital projects are not received by the state, the department or agency to which the moneys were appropriated may replace the federal moneys with funds available from

private or local sources. No replacement may occur under this section without the prior approval of the director of financial management in consultation with the senate ways and means committee and the house of representatives capital budget committee.

NEW SECTION. **Sec. 8015.** (1) Unless otherwise stated, for all appropriations under this act that require a match of nonstate money or in-kind contributions, the following requirement, consistent with RCW 43.88.150, shall apply: Expenditures of state money shall be timed so that the state share of project expenditures never exceeds the intended state share of total project costs.

(2) Provision of the full amount of required matching funds is not required to permit the expenditure of capital budget appropriations for phased projects if a proportional amount of the required matching funds is provided for each distinct, identifiable phase of the project.

NEW SECTION. **Sec. 8016.** NONTAXABLE AND TAXABLE BOND PROCEEDS. Portions of the appropriation authority granted by this act from the state building construction account, or any other account receiving bond proceeds, may be transferred to the state taxable building construction account as deemed necessary by the state treasurer, on behalf of the state finance committee, to comply with the federal internal revenue service rules and regulations pertaining to the use of nontaxable bond proceeds. Portions of the general obligation bond proceeds authorized by Substitute House Bill No. 1148 (state general obligation bonds and related accounts) for deposit into the state taxable building construction account that are in excess of amounts required to comply with the federal internal revenue service rules and regulations shall be deposited into the state building construction account. The state treasurer shall submit written notification to the director of financial management and the legislative evaluation and accountability program committee if it is determined that a shift of appropriation authority between the state building construction account, or any other account receiving bond proceeds, and the state taxable building construction account is necessary, or that a shift of appropriation authority from the state taxable building construction account to the state building construction account may be made.

NEW SECTION. **Sec. 8017.** (1) Minor works project lists are single line appropriations that include multiple projects of a similar nature and that are valued between \$25,000 and \$1,500,000 each, with the exception of higher education minor works projects that may be valued up to \$2,000,000. Funds appropriated in this act for minor works may not be initially allotted until agencies submit project lists to the office of financial management for review and approval.

(2) Revisions to the project lists, including the addition of projects and the transfer of funds between projects, are allowed but must be submitted to the office of financial management, the house of representatives capital budget committee, and the senate ways and means committee for review and comment, and must include an explanation of variances from prior approved lists. Any project list revisions must be approved by the office of financial management before funds may be expended from the minor works appropriation.

(3)(a) All minor works projects should be completed within two years of the appropriation with the funding provided.

(b) Agencies are prohibited from including projects on their minor works lists that are a phase of a larger project, and that if combined over a continuous period of time, would exceed \$1,500,000, or \$2,000,000 for higher education minor works projects.

(c) Minor works appropriations may not be used for the following: Studies, except for technical or engineering reviews or designs that lead directly to and support a project on the same minor works list; planning; design outside the scope of work on a minor works list; movable, temporary, and traditionally funded operating equipment not in compliance with the equipment criteria established by the office of financial management; software not dedicated to control of a specialized system; moving expenses; land or facility acquisition; rolling stock; computers; or to supplement funding for projects with funding shortfalls unless expressly authorized. The office of financial management may make an exception to the limitations described in this subsection (3)(c) for exigent circumstances after notifying the legislative fiscal committees and waiting 10 days for comments by the legislature regarding the proposed exception.

(d) Minor works preservation projects may include program improvements of no more than 25 percent of the individual minor works preservation project cost.

(e) Improvements for accessibility in compliance with the Americans with disabilities act may be included in any of the minor works categories.

NEW SECTION. **Sec. 8018.** To the extent that any appropriation authorizes expenditures of state funds from the state building construction account, or from any other capital project account in the state treasury, for a capital project or program that is specified to be funded with proceeds from the sale of bonds, the legislature declares that any such expenditures for that project or program made prior to the issue date of the applicable bonds are intended to be reimbursed from proceeds of those bonds in a maximum amount equal to the amount of such appropriation.

NEW SECTION. **Sec. 8019. FOR THE STATE TREASURER—TRANSFERS**

(1) Public Works Assistance Account: For transfer to the

water pollution control revolving account—
state, up to
\$17,500,000 for fiscal year 2024 and up to
\$17,500,000
for fiscal year 2025. \$35,000,000

(2) Public Works Assistance Account: For
transfer
to the drinking water assistance account—
state, up to
\$1,750,000 for fiscal year 2024 and up to
\$1,750,000
for fiscal year 2025. \$3,500,000

NEW SECTION. Sec. 8020. In order to
accelerate the reduction of embodied carbon
and improve the environmental performance of
construction materials, agencies shall,
whenever possible, review and consider
embodied carbon reported in environmental
product declarations when evaluating
proposed structural materials for
construction projects.

NEW SECTION. Sec. 8021. The
department of natural resources, in
coordination with the department of social
and health services, shall enter into long-
term, revenue-generating opportunities for
underutilized portions of the Fircrest
residential habilitation center bounded by
15th Ave NE and NE 150th Street to benefit
the charitable, educational, penal, and
reformatory institutions account. Long-term,
revenue generating opportunities may
include, but are not limited to, land
leases, land sales, and land swaps. The
department of social and health services and
the department of natural resources must
amend their lease under chapter 7, Laws of
1986 if necessary to conform with this
section.

Sec. 8022. RCW 28A.320.330 and 2021 c
332 s 7045 are each amended to read as
follows:

School districts shall establish the
following funds in addition to those
provided elsewhere by law:

(1)(a) A general fund for the school
district to account for all financial
operations of the school district except
those required to be accounted for in
another fund.

(b) By the 2018-19 school year, a local
revenue subfund of its general fund to
account for the financial operations of a
school district that are paid from local
revenues. The local revenues that must be
deposited in the local revenue subfund are
enrichment levies and transportation vehicle
levies collected under RCW 84.52.053, local
effort assistance funding received under
chapter 28A.500 RCW, and other school
district local revenues including, but not
limited to, grants, donations, and state and
federal payments in lieu of taxes, but do
not include other federal revenues, or local
revenues that operate as an offset to the
district's basic education allocation under
RCW 28A.150.250. School districts must track
expenditures from this subfund separately to
account for the expenditure of each of these
streams of revenue by source, and must
provide the supplemental expenditure

schedule under (c) of this subsection, and
any other supplemental expenditure schedules
required by the superintendent of public
instruction or state auditor, for purposes
of RCW 43.09.2856.

(c) Beginning in the 2019-20 school year,
the superintendent of public instruction
must require school districts to provide a
supplemental expenditure schedule by revenue
source that identifies the amount expended
by object for each of the following
supplementary enrichment activities beyond
the state funded amount:

(i) Minimum instructional offerings under
RCW 28A.150.220 or 28A.150.260 not otherwise
included on other lines;

(ii) Staffing ratios or program
components under RCW 28A.150.260, including
providing additional staff for class size
reduction beyond class sizes allocated in
the prototypical school model and additional
staff beyond the staffing ratios allocated
in the prototypical school formula;

(iii) Program components under RCW
28A.150.200, 28A.150.220, or 28A.150.260,
not otherwise included on other lines;

(iv) Program components to support
students in the program of special
education;

(v) Program components of professional
learning, as defined by RCW 28A.415.430,
beyond that allocated under RCW 28A.150.415;

(vi) Extracurricular activities;

(vii) Extended school days or an extended
school year;

(viii) Additional course offerings beyond
the minimum instructional program
established in the state's statutory program
of basic education;

(ix) Activities associated with early
learning programs;

(x) Activities associated with providing
the student transportation program;

(xi) Any additional salary costs
attributable to the provision or
administration of the enrichment activities
allowed under RCW 28A.150.276;

(xii) Additional activities or
enhancements that the office of the
superintendent of public instruction
determines to be a documented and
demonstrated enrichment of the state's
statutory program of basic education under
RCW 28A.150.276; and

(xiii) All other costs not otherwise
identified in other line items.

(d) For any salary and related benefit
costs identified in (c)(xi), (xii), and
(xiii) of this subsection, the school
district shall maintain a record describing
how these expenditures are documented and
demonstrated enrichment of the state's
statutory program of basic education. School
districts shall maintain these records until
the state auditor has completed the audit
under RCW 43.09.2856.

(2) A capital projects fund shall be
established for major capital purposes. All
statutory references to a "building fund"
shall mean the capital projects fund so
established. Money to be deposited into the
capital projects fund shall include, but not
be limited to, bond proceeds, proceeds from
excess levies authorized by RCW 84.52.053,
state apportionment proceeds as authorized
by RCW 28A.150.270, earnings from capital

projects fund investments as authorized by RCW 28A.320.310 and 28A.320.320, and state forest revenues transferred pursuant to subsection (3) of this section.

Money derived from the sale of bonds, including interest earnings thereof, may only be used for those purposes described in RCW 28A.530.010, except that accrued interest paid for bonds shall be deposited in the debt service fund.

Money to be deposited into the capital projects fund shall include but not be limited to rental and lease proceeds as authorized by RCW 28A.335.060, and proceeds from the sale of real property as authorized by RCW 28A.335.130.

Money legally deposited into the capital projects fund from other sources may be used for the purposes described in RCW 28A.530.010, and for the purposes of:

(a) Major renovation and replacement of facilities and systems where periodical repairs are no longer economical or extend the useful life of the facility or system beyond its original planned useful life. Such renovation and replacement shall include, but shall not be limited to, major repairs, exterior painting of facilities, replacement and refurbishment of roofing, exterior walls, windows, heating and ventilating systems, floor covering in classrooms and public or common areas, and electrical and plumbing systems.

(b) Renovation and rehabilitation of playfields, athletic fields, and other district real property.

(c) The conduct of preliminary energy audits and energy audits of school district buildings. For the purpose of this section:

(i) "Preliminary energy audits" means a determination of the energy consumption characteristics of a building, including the size, type, rate of energy consumption, and major energy using systems of the building.

(ii) "Energy audit" means a survey of a building or complex which identifies the type, size, energy use level, and major energy using systems; which determines appropriate energy conservation maintenance or operating procedures and assesses any need for the acquisition and installation of energy conservation measures, including solar energy and renewable resource measures.

(iii) "Energy capital improvement" means the installation, or modification of the installation, of energy conservation measures in a building which measures are primarily intended to reduce energy consumption or allow the use of an alternative energy source.

(d) Those energy capital improvements which are identified as being cost-effective in the audits authorized by this section.

(e) Purchase or installation of additional major items of equipment and furniture: PROVIDED, That vehicles shall not be purchased with capital projects fund money.

(f) (i) Costs associated with implementing technology systems, facilities, and projects, including acquiring hardware, licensing software, and online applications and training related to the installation of the foregoing. However, the software or applications must be an integral part of the

district's technology systems, facilities, or projects.

(ii) Costs associated with the application and modernization of technology systems for operations and instruction including, but not limited to, the ongoing fees for online applications, subscriptions, or software licenses, including upgrades and incidental services, and ongoing training related to the installation and integration of these products and services. However, to the extent the funds are used for the purpose under this subsection (2)(f)(ii), the school district shall transfer to the district's general fund the portion of the capital projects fund used for this purpose. The office of the superintendent of public instruction shall develop accounting guidelines for these transfers in accordance with internal revenue service regulations.

(g) Major equipment repair, painting of facilities, and other major preventative maintenance purposes. However, to the extent the funds are used for the purpose under this subsection (2)(g), the school district shall transfer to the district's general fund the portion of the capital projects fund used for this purpose. The office of the superintendent of public instruction shall develop accounting guidelines for these transfers in accordance with internal revenue service regulations. Based on the district's most recent two-year history of general fund maintenance expenditures, funds used for this purpose may not replace routine annual preventative maintenance expenditures made from the district's general fund.

(h) During the 2021-2023 fiscal biennium, renovation and replacement of facilities and systems, purchase or installation of items of equipment and furniture, including maintenance vehicles and machinery, and other preventative maintenance or infrastructure improvement purposes.

(i) During the 2023-2025 fiscal biennium, for moneys in the capital projects fund not attributable to capital levies, moving of equipment and furniture between buildings and warehouses for storage, moving of the content of teachers' classrooms between buildings, and furniture purchases, when these costs are due to the following activities: Construction, remodeling, replacement, temporary placement, consolidation, or directed transfer.

(3) A debt service fund to provide for tax proceeds, other revenues, and disbursements as authorized in chapter 39.44 RCW. State forestland revenues that are deposited in a school district's debt service fund pursuant to RCW 79.64.110 and to the extent not necessary for payment of debt service on school district bonds may be transferred by the school district into the district's capital projects fund.

(4) An associated student body fund as authorized by RCW 28A.325.030.

(5) Advance refunding bond funds and refunded bond funds to provide for the proceeds and disbursements as authorized in chapter 39.53 RCW.

Sec. 8023. RCW 28B.20.725 and 2021 c 332 s 7027 are each amended to read as follows:

The board is hereby empowered:

(1) To reserve the right to issue bonds later on a parity with any bonds being issued;

(2) To authorize the investing of moneys in the bond retirement fund and any reserve account therein;

(3) To authorize the transfer of money from the University of Washington building account to the bond retirement fund when necessary to prevent a default in the payments required to be made out of such fund;

(4) To create a reserve account or accounts in the bond retirement fund to secure the payment of the principal of and interest on any bonds;

(5) To authorize the transfer to the University of Washington building account of any money on deposit in the bond retirement fund in excess of debt service for a period of three years from the date of such transfer on all outstanding bonds payable out of such fund. ~~((However, during the 2019-2021 fiscal biennium, the legislature may transfer to the University of Washington building account moneys that are in excess of the debt service due within the 2019-2021 fiscal biennium from the date of such transfer on all outstanding bonds payable out of the bond retirement fund.))~~ However, during the 2021-2023 fiscal biennium, the legislature may transfer to the University of Washington building account moneys that are in excess of the debt service due within the 2021-2023 fiscal biennium from the date of such transfer on all outstanding bonds payable out of the bond retirement fund. However, during the 2023-2025 fiscal biennium, the legislature may transfer to the University of Washington building account moneys that are in excess of the debt service due within the 2023-2025 fiscal biennium from the date of such transfer on all outstanding bonds payable out of the bond retirement fund.

Sec. 8024. RCW 28B.15.210 and 2021 c 332 s 7025 are each amended to read as follows:

Within ~~((thirty-five))~~³⁵ days from the date of collection thereof, all building fees at the University of Washington, including building fees to be charged students registering in the schools of medicine and dentistry, shall be paid into the state treasury and credited as follows:

One-half or such larger portion as may be necessary to prevent a default in the payments required to be made out of the bond retirement fund to the "University of Washington bond retirement fund" and the remainder thereof to the "University of Washington building account." The sum so credited to the University of Washington building account shall be used exclusively for the purpose of erecting, altering, maintaining, equipping, or furnishing buildings, and for certificates of participation under chapter 39.94 RCW, except for any sums transferred as authorized in RCW 28B.20.725(3). The sum so

credited to the University of Washington bond retirement fund shall be used for the payment of principal of and interest on bonds outstanding as provided by chapter 28B.20 RCW except for any sums transferred as authorized in RCW 28B.20.725(5). ~~((During the 2019-2021 biennium, sums credited to the University of Washington building account may also be used for routine facility maintenance, utility costs, and facility condition assessments.))~~ During the 2021-2023 biennium, sums credited to the University of Washington building account may also be used for routine facility maintenance, utility costs, and facility condition assessments. During the 2023-2025 biennium, sums credited to the University of Washington building account may also be used for routine facility maintenance, utility costs, and facility condition assessments.

Sec. 8025. RCW 28B.15.310 and 2021 c 332 s 7026 are each amended to read as follows:

Within ~~((thirty-five))~~³⁵ days from the date of collection thereof, all building fees shall be paid and credited as follows: To the Washington State University bond retirement fund, one-half or such larger portion as may be necessary to prevent a default in the payments required to be made out of such bond retirement fund; and the remainder thereof to the Washington State University building account.

The sum so credited to the Washington State University building account shall be expended by the board of regents for buildings, equipment, or maintenance on the campus of Washington State University as may be deemed most advisable and for the best interests of the university, and for certificates of participation under chapter 39.94 RCW, except for any sums transferred as authorized by law. ~~((During the 2019-2021 biennium, sums credited to the Washington State University building account may also be used for routine facility maintenance, utility costs, and facility condition assessments.))~~ During the 2021-2023 biennium, sums credited to the Washington State University building account may also be used for routine facility maintenance, utility costs, and facility condition assessments. During the 2023-2025 biennium, sums credited to the Washington State University building account may also be used for routine facility maintenance, utility costs, and facility condition assessments. Expenditures so made shall be accounted for in accordance with existing law and shall not be expended until appropriated by the legislature.

The sum so credited to the Washington State University bond retirement fund shall be used to pay and secure the payment of the principal of and interest on building bonds issued by the university, except for any sums which may be transferred out of such fund as authorized by law.

Sec. 8026. RCW 28B.30.750 and 2021 c 332 s 7028 are each amended to read as follows:

The board is hereby empowered:

(1) To reserve the right to issue bonds later on a parity with any bonds being issued;

(2) To authorize the investing of moneys in the bond retirement fund and any reserve account therein;

(3) To authorize the transfer of money from the Washington State University building account to the bond retirement fund when necessary to prevent a default in the payments required to be made out of such fund;

(4) To create a reserve account or accounts in the bond retirement fund to secure the payment of the principal of and interest on any bonds;

(5) To authorize the transfer to the Washington State University building account of any money on deposit in the bond retirement fund in excess of debt service for a period of three years from the date of such transfer on all outstanding bonds payable out of such fund. (~~However, during the 2019-2021 fiscal biennium, the legislature may transfer to the Washington State University building account moneys that are in excess of the debt service due within the 2019-2021 fiscal biennium from the date of such transfer on all outstanding bonds payable out of the bond retirement fund.~~) However, during the 2021-2023 fiscal biennium, the legislature may transfer to the Washington State University building account moneys that are in excess of the debt service due within the 2021-2023 fiscal biennium from the date of such transfer on all outstanding bonds payable out of the bond retirement fund. However, during the 2023-2025 fiscal biennium, the legislature may transfer to the Washington State University building account moneys that are in excess of the debt service due within the 2023-2025 fiscal biennium from the date of such transfer on all outstanding bonds payable out of the bond retirement fund.

Sec. 8027. RCW 28B.35.370 and 2021 c 332 s 7029 are each amended to read as follows:

Within (~~(thirty-five))~~35 days from the date of collection thereof all building fees of each regional university and The Evergreen State College shall be paid into the state treasury and these together with such normal school fund revenues as provided in RCW 28B.35.751 as are received by the state treasury shall be credited as follows:

(1) On or before June 30th of each year the board of trustees of each regional university and The Evergreen State College, if issuing bonds payable out of its building fees and above described normal school fund revenues, shall certify to the state treasurer the amounts required in the ensuing (~~(twelve))~~12 months to pay and secure the payment of the principal of and interest on such bonds. The amounts so certified by each regional university and The Evergreen State College shall be a prior lien and charge against all building fees and above described normal school fund revenues of such institution. The state treasurer shall thereupon deposit the amounts so certified in the Eastern Washington University capital projects

account, the Central Washington University capital projects account, the Western Washington University capital projects account, or The Evergreen State College capital projects account respectively, which accounts are hereby created in the state treasury. The amounts deposited in the respective capital projects accounts shall be used to pay and secure the payment of the principal of and interest on the building bonds issued by such regional universities and The Evergreen State College as authorized by law. If in any (~~(twelve))~~12-month period it shall appear that the amount certified by any such board of trustees is insufficient to pay and secure the payment of the principal of and interest on the outstanding building and above described normal school fund revenue bonds of its institution, the state treasurer shall notify the board of trustees and such board shall adjust its certificate so that all requirements of moneys to pay and secure the payment of the principal of and interest on all such bonds then outstanding shall be fully met at all times.

(2) All normal school fund revenue pursuant to RCW 28B.35.751 shall be deposited in the Eastern Washington University capital projects account, the Central Washington University capital projects account, the Western Washington University capital projects account, or The Evergreen State College capital projects account respectively, which accounts are hereby created in the state treasury. The sums deposited in the respective capital projects accounts shall be appropriated and expended to pay and secure the payment of the principal of and interest on bonds payable out of the building fees and normal school revenue and for the construction, reconstruction, erection, equipping, maintenance, demolition and major alteration of buildings and other capital assets, and the acquisition of sites, rights-of-way, easements, improvements or appurtenances in relation thereto except for any sums transferred therefrom as authorized by law. (~~(During the 2019-2021 biennium, sums in the respective capital accounts may also be used for routine facility maintenance, utility costs, and facility condition assessments.)~~) During the 2021-2023 biennium, sums in the respective capital accounts may also be used for routine facility maintenance, utility costs, and facility condition assessments. During the 2023-2025 biennium, sums in the respective capital accounts may also be used for routine facility maintenance, utility costs, and facility condition assessments.

(3) Funds available in the respective capital projects accounts may also be used for certificates of participation under chapter 39.94 RCW.

Sec. 8028. RCW 28B.50.360 and 2021 c 332 s 7030 are each amended to read as follows:

Within (~~(thirty-five))~~35 days from the date of start of each quarter all collected building fees of each such community and technical college shall be paid into the state treasury, and shall be credited as follows:

(1) On or before June 30th of each year the college board, if issuing bonds payable out of building fees, shall certify to the state treasurer the amounts required in the ensuing ~~((twelve))~~ 12-month period to pay and secure the payment of the principal of and interest on such bonds. The state treasurer shall thereupon deposit the amounts so certified in the community and technical college capital projects account. Such amounts of the funds deposited in the community and technical college capital projects account as are necessary to pay and secure the payment of the principal of and interest on the building bonds issued by the college board as authorized by this chapter shall be devoted to that purpose. If in any ~~((twelve))~~ 12-month period it shall appear that the amount certified by the college board is insufficient to pay and secure the payment of the principal of and interest on the outstanding building bonds, the state treasurer shall notify the college board and such board shall adjust its certificate so that all requirements of moneys to pay and secure the payment of the principal and interest on all such bonds then outstanding shall be fully met at all times.

(2) The community and technical college capital projects account is hereby created in the state treasury. The sums deposited in the capital projects account shall be appropriated and expended to pay and secure the payment of the principal of and interest on bonds payable out of the building fees and for the construction, reconstruction, erection, equipping, maintenance, demolition and major alteration of buildings and other capital assets owned by the state board for community and technical colleges in the name of the state of Washington, and the acquisition of sites, rights-of-way, easements, improvements or appurtenances in relation thereto, engineering and architectural services provided by the department of enterprise services, and for the payment of principal of and interest on any bonds issued for such purposes. ~~((During the 2019-2021 biennium, sums in the capital projects account may also be used for routine facility maintenance and utility costs.))~~ During the 2021-2023 biennium, sums in the capital projects account may also be used for routine facility maintenance and utility costs. During the 2023-2025 biennium, sums in the capital projects account may also be used for routine facility maintenance and utility costs.

(3) Funds available in the community and technical college capital projects account may also be used for certificates of participation under chapter 39.94 RCW.

Sec. 8029. RCW 39.35D.030 and 2021 c 332 s 7049 are each amended to read as follows:

(1) All major facility projects of public agencies receiving any funding in a state capital budget, or projects financed through a financing contract as defined in RCW 39.94.020, must be designed, constructed, and certified to at least the LEED silver standard. This subsection applies to major facility projects that have not entered the design phase prior to July 24, 2005, and to

the extent appropriate LEED silver standards exist for that type of building or facility.

(2) All major facility projects of any entity other than a public agency or public school district receiving any funding in a state capital budget must be designed, constructed, and certified to at least the LEED silver standard. This subsection applies to major facility projects that have not entered the grant application process prior to July 24, 2005, and to the extent appropriate LEED silver standards exist for that type of building or facility.

(3)(a) Public agencies, under this section, shall monitor and document ongoing operating savings resulting from major facility projects designed, constructed, and certified as required under this section.

(b) Public agencies, under this section, shall report annually to the department on major facility projects and operating savings.

(4) The department shall consolidate the reports required in subsection (3) of this section into one report and report to the governor and legislature by September 1st of each even-numbered year beginning in 2006 and ending in 2016. In its report, the department shall also report on the implementation of this chapter, including reasons why the LEED standard was not used as required by RCW 39.35D.020(5)(b). The department shall make recommendations regarding the ongoing implementation of this chapter, including a discussion of incentives and disincentives related to implementing this chapter.

(5) For the purposes of determining compliance with the requirement for a project to be designed, constructed, and certified to at least the LEED silver standard, the department must credit one additional point for a project that uses wood products with a credible third-party sustainable forest certification or from forests regulated under chapter 76.09 RCW, the Washington forest practices act. For projects that qualify for this additional point, and for which an additional point would have resulted in formal certification under the LEED silver standard, the project must be deemed to meet the standard under this section.

(6) During the 2021-2023 and 2023-2025 fiscal ~~((biennium))~~ biennia, an alternative high-performance building certification, as determined by the legislature, may be used instead of the LEED silver building design, construction, and certification standard required by this section.

Sec. 8030. RCW 43.07.410 and 2019 c 448 s 9 are each amended to read as follows:

The Washington state library-archives building account is created in the custody of the state treasurer. All moneys received under RCW 36.18.010(12), 36.22.175(3), and 43.07.370(3) must be deposited in the account. ~~((Expenditures))~~ Except for during the 2023-2025 fiscal biennium, expenditures from the account may be made only for the purposes of payment of the financing contract entered into by the secretary of state for the Washington state library-archives building. During the 2023-2025

fiscal biennium, the secretary of state may spend up to \$8,000,000 from the account for costs associated with the design and construction of the state library-archives building and for costs necessary to prepare the building for occupancy. Only the secretary of state or the secretary of state's designee may authorize expenditures from the account. An appropriation is not required for expenditures, but the account is subject to allotment procedures under chapter 43.88 RCW.

Sec. 8031. RCW 43.31.577 and 2021 c 130 s 1 are each amended to read as follows:

(1) Activities eligible for funding through the early learning facilities grant and loan program for eligible organizations include:

(a) Facility predesign grants or loans of no more than \$20,000 to allow eligible organizations to secure professional services or consult with organizations certified by the community development financial institutions fund to plan for and assess the feasibility of early learning facilities projects or receive other technical assistance to design and develop projects for construction funding;

(b) Grants or loans of no more than \$200,000 for minor renovations or repairs of existing early learning facilities or for predevelopment activities to advance a proposal from planning to major construction or renovation;

(c) Major construction and renovation grants or loans and grants or loans for facility purchases of no more than \$1,000,000 to create or expand early learning facilities, except that during the 2023-2025 fiscal biennium these grants or loans may not exceed \$2,500,000; and

(d) Administration costs associated with conducting application processes, managing contracts, and providing technical assistance.

(2) Activities eligible for funding through the early learning facilities grant and loan program for school districts include major construction, purchase, and renovation grants or loans of no more than \$1,000,000 to create or expand early learning facilities that received priority and ranking as described in RCW 43.31.581.

(3) Amounts in this section must be increased annually by the United States implicit price deflator for state and local government construction provided by the office of financial management.

Sec. 8032. RCW 43.82.010 and 2018 c 217 s 7 are each amended to read as follows:

(1) The director of enterprise services, on behalf of the agency involved and after consultation with the office of financial management, shall purchase, lease, lease purchase, rent, or otherwise acquire all real estate, improved or unimproved, as may be required by elected state officials, institutions, departments, commissions, boards, and other state agencies, or federal agencies where joint state and federal activities are undertaken and may grant easements and transfer, exchange, sell, lease, or sublease all or part of any

surplus real estate for those state agencies which do not otherwise have the specific authority to dispose of real estate. Any such transfer, exchange, or sale must comply with RCW 43.17.400, and may be made in accordance with RCW 39.33.015. This section does not transfer financial liability for the acquired property to the department of enterprise services.

(2) Except for real estate occupied by federal agencies, the director shall determine the location, size, and design of any real estate or improvements thereon acquired or held pursuant to subsection (1) of this section. Facilities acquired or held pursuant to this chapter, and any improvements thereon, shall conform to standards adopted by the director and approved by the office of financial management governing facility efficiency unless a specific exemption from such standards is provided by the director of enterprise services. The director of enterprise services shall report to the office of financial management and the appropriate committees of the legislature annually on any exemptions granted pursuant to this subsection.

(3) Except for leases permitted under subsection (4) of this section, the director of enterprise services may fix the terms and conditions of each lease entered into under this chapter, except that no lease shall extend greater than twenty years in duration. The director of enterprise services may enter into a long-term lease greater than ten years in duration upon a determination by the director of the office of financial management that the long-term lease provides a more favorable rate than would otherwise be available, it appears to a substantial certainty that the facility is necessary for use by the state for the full length of the lease term, and the facility meets the standards adopted pursuant to subsection (2) of this section. The director of enterprise services may enter into a long-term lease greater than ten years in duration if an analysis shows that the life-cycle cost of leasing the facility is less than the life-cycle cost of purchasing or constructing a facility in lieu of leasing the facility.

(4) (a) The director of enterprise services may fix the terms of leases for property under the department of enterprise services' control at the former Northern State Hospital site for up to sixty years.

(b) During the 2023-2025 fiscal biennium, the state board for community and technical colleges on behalf of north Seattle community college may enter into a long-term lease, not to exceed 99 years, of a portion of the north Seattle community college for purposes of affordable housing under RCW 39.33.015.

(5) Except as permitted under chapter 39.94 RCW, no lease for or on behalf of any state agency may be used or referred to as collateral or security for the payment of securities offered for sale through a public offering. Except as permitted under chapter 39.94 RCW, no lease for or on behalf of any state agency may be used or referred to as collateral or security for the payment of securities offered for sale through a

private placement without the prior written approval of the state treasurer. However, this limitation shall not prevent a lessor from assigning or encumbering its interest in a lease as security for the repayment of a promissory note provided that the transaction would otherwise be an exempt transaction under RCW 21.20.320. The state treasurer shall adopt rules that establish the criteria under which any such approval may be granted. In establishing such criteria the state treasurer shall give primary consideration to the protection of the state's credit rating and the integrity of the state's debt management program. If it appears to the state treasurer that any lease has been used or referred to in violation of this subsection or rules adopted under this subsection, then he or she may recommend that the governor cause such lease to be terminated. The department of enterprise services shall promptly notify the state treasurer whenever it may appear to the department that any lease has been used or referred to in violation of this subsection or rules adopted under this subsection.

(6) It is the policy of the state to encourage the colocation and consolidation of state services into single or adjacent facilities, whenever appropriate, to improve public service delivery, minimize duplication of facilities, increase efficiency of operations, and promote sound growth management planning.

(7) The director of enterprise services shall provide coordinated long-range planning services to identify and evaluate opportunities for collocating and consolidating state facilities. Upon the renewal of any lease, the inception of a new lease, or the purchase of a facility, the director of enterprise services shall determine whether an opportunity exists for collocating the agency or agencies in a single facility with other agencies located in the same geographic area. If a colocation opportunity exists, the director of enterprise services shall consult with the affected state agencies and the office of financial management to evaluate the impact colocation would have on the cost and delivery of agency programs, including whether program delivery would be enhanced due to the centralization of services. The director of enterprise services, in consultation with the office of financial management, shall develop procedures for implementing colocation and consolidation of state facilities.

(8) The director of enterprise services is authorized to purchase, lease, rent, or otherwise acquire improved or unimproved real estate as owner or lessee and to lease or sublet all or a part of such real estate to state or federal agencies. The director of enterprise services shall charge each using agency its proportionate rental which shall include an amount sufficient to pay all costs, including, but not limited to, those for utilities, janitorial and accounting services, and sufficient to provide for contingencies; which shall not exceed five percent of the average annual rental, to meet unforeseen expenses incident to management of the real estate.

(9) If the director of enterprise services determines that it is necessary or advisable to undertake any work, construction, alteration, repair, or improvement on any real estate acquired pursuant to subsection (1) or (8) of this section, the director shall cause plans and specifications thereof and an estimate of the cost of such work to be made and filed in his or her office and the state agency benefiting thereby is hereby authorized to pay for such work out of any available funds: PROVIDED, That the cost of executing such work shall not exceed the sum of twenty-five thousand dollars. Work, construction, alteration, repair, or improvement in excess of twenty-five thousand dollars, other than that done by the owner of the property if other than the state, shall be performed in accordance with the public works law of this state.

(10) In order to obtain maximum utilization of space, the director of enterprise services shall make space utilization studies, and shall establish standards for use of space by state agencies. Such studies shall include the identification of opportunities for colocation and consolidation of state agency office and support facilities.

(11) The director of enterprise services may construct new buildings on, or improve existing facilities, and furnish and equip, all real estate under his or her management. Prior to the construction of new buildings or major improvements to existing facilities or acquisition of facilities using a lease purchase contract, the director of enterprise services shall conduct an evaluation of the facility design and budget using life-cycle cost analysis, value-engineering, and other techniques to maximize the long-term effectiveness and efficiency of the facility or improvement.

(12) All conveyances and contracts to purchase, lease, rent, transfer, exchange, or sell real estate and to grant and accept easements shall be approved as to form by the attorney general, signed by the director of enterprise services or the director's designee, and recorded with the county auditor of the county in which the property is located.

(13) The director of enterprise services may delegate any or all of the functions specified in this section to any agency upon such terms and conditions as the director deems advisable. By January 1st of each year, beginning January 1, 2008, the department shall submit an annual report to the office of financial management and the appropriate committees of the legislature on all delegated leases.

(14) This section does not apply to the acquisition of real estate by:

- (a) The state college and universities for research or experimental purposes;
- (b) The state liquor and cannabis board for liquor stores and warehouses;
- (c) The department of natural resources, the department of fish and wildlife, the department of transportation, and the state parks and recreation commission for purposes other than the leasing of offices, warehouses, and real estate for similar purposes; and

(d) The department of commerce for community college health career training programs, offices for the department of commerce or other appropriate state agencies, and other nonprofit community uses, including community meeting and training facilities, where the real estate is acquired during the 2013-2015 fiscal biennium.

(15) Notwithstanding any provision in this chapter to the contrary, the department of enterprise services may negotiate ground leases for public lands on which property is to be acquired under a financing contract pursuant to chapter 39.94 RCW under terms approved by the state finance committee.

(16) The department of enterprise services shall report annually to the office of financial management and the appropriate fiscal committees of the legislature on facility leases executed for all state agencies for the preceding year, lease terms, and annual lease costs. The report must include leases executed under RCW 43.82.045 and subsection (13) of this section.

Sec. 8033. RCW 43.83B.430 and 2022 c 297 s 957 and 2022 c 296 s 7008 are each reenacted and amended to read as follows:

The state drought preparedness and response account is created in the state treasury. All receipts from appropriated funds designated for the account and all cost recovery revenues collected under RCW 43.83B.410(5) must be deposited into the account. Expenditures from the account may be used for drought preparedness and response activities under this chapter, including grants issued under RCW 43.83B.415. ~~((During the 2021-2023 fiscal biennium, moneys in the account may be used for water banking pilot projects.))~~ Moneys in the account may be spent only after appropriation. During the 2021-2023 and 2023-2025 fiscal ~~((biennium))~~ biennia, the legislature may appropriate moneys from the account for activities related to water banking.

Sec. 8034. RCW 43.88D.010 and 2021 c 332 s 7034 are each amended to read as follows:

(1) By October 1st of each even-numbered year, the office of financial management shall complete an objective analysis and scoring of all capital budget projects proposed by the public four-year institutions of higher education and submit the results of the scoring process to the legislative fiscal committees and the four-year institutions. Each project must be reviewed and scored within one of the following categories, according to the project's principal purpose. Each project may be scored in only one category. The categories are:

(a) Access-related projects to accommodate enrollment growth at all campuses, at existing or new university centers, or through distance learning. Growth projects should provide significant additional student capacity. Proposed projects must demonstrate that they are based on solid enrollment demand

projections, more cost-effectively provide enrollment access than alternatives such as university centers and distance learning, and make cost-effective use of existing and proposed new space;

(b) Projects that replace failing permanent buildings. Facilities that cannot be economically renovated are considered replacement projects. New space may be programmed for the same or a different use than the space being replaced and may include additions to improve access and enhance the relationship of program or support space;

(c) Projects that renovate facilities to restore building life and upgrade space to meet current program requirements. Renovation projects should represent a complete renovation of a total facility or an isolated wing of a facility. A reasonable renovation project should cost between sixty to eighty percent of current replacement value and restore the renovated area to at least twenty-five years of useful life. New space may be programmed for the same or a different use than the space being renovated and may include additions to improve access and enhance the relationship of program or support space;

(d) Major stand-alone campus infrastructure projects;

(e) Projects that promote economic growth and innovation through expanded research activity. The acquisition and installation of specialized equipment is authorized under this category; and

(f) Other project categories as determined by the office of financial management in consultation with the legislative fiscal committees.

(2) The office of financial management, in consultation with the legislative fiscal committees, shall establish a scoring system and process for each four-year project category that is based on the framework used in the community and technical college system of prioritization. Staff from the state board for community and technical colleges and the four-year institutions shall provide technical assistance on the development of a scoring system and process.

(3) The office of financial management shall consult with the legislative fiscal committees in the scoring of four-year institution project proposals, and may also solicit participation by independent experts.

(a) For each four-year project category, the scoring system must, at a minimum, include an evaluation of enrollment trends, reasonableness of cost, the ability of the project to enhance specific strategic master plan goals, age and condition of the facility if applicable, and impact on space utilization.

(b) Each four-year project category may include projects at the predesign, design, or construction funding phase.

(c) To the extent possible, the objective analysis and scoring system of all capital budget projects shall occur within the context of any and all performance agreements between the office of financial management and the governing board of a public, four-year institution of higher education that aligns goals, priorities,

desired outcomes, flexibility, institutional mission, accountability, and levels of resources.

(4) In evaluating and scoring four-year institution projects, the office of financial management shall take into consideration project schedules that result in realistic, balanced, and predictable expenditure patterns over the ensuing three biennia.

(5) The office of financial management shall distribute common definitions, the scoring system, and other information required for the project proposal and scoring process as part of its biennial budget instructions. The office of financial management, in consultation with the legislative fiscal committees, shall develop common definitions that four-year institutions must use in developing their project proposals and lists under this section.

(6) In developing any scoring system for capital projects proposed by the four-year institutions, the office of financial management:

(a) Shall be provided with all required information by the four-year institutions as deemed necessary by the office of financial management;

(b) May utilize independent services to verify, sample, or evaluate information provided to the office of financial management by the four-year institutions; and

(c) Shall have full access to all data maintained by the joint legislative audit and review committee concerning the condition of higher education facilities.

(7) By August 1st of each even-numbered year each public four-year higher education institution shall prepare and submit prioritized lists of the individual projects proposed by the institution for the ensuing six-year period in each category. The lists must be submitted to the office of financial management and the legislative fiscal committees. The four-year institutions may aggregate minor works project proposals by primary purpose for ranking purposes. Proposed minor works projects must be prioritized within the aggregated proposal, and supporting documentation, including project descriptions and cost estimates, must be provided to the office of financial management and the legislative fiscal committees.

(8) For ~~((the 2019-2021 fiscal biennium and))~~ the 2021-2023 fiscal biennium, pursuant to subsection (1) of this section, by November 1, 2022, the office of financial management must score higher education capital project criteria with a rating scale that assesses how well a particular project satisfies those criteria. The office of financial management may not use a rating scale that weighs the importance of those criteria.

(9) For ~~((the 2019-2021 fiscal biennium and))~~ the 2021-2023 fiscal biennium, pursuant to subsection (6)(a) of this section and in lieu of the requirements of subsection (7) of this section, by August 15, 2022, the institutions of higher education shall prepare and submit or resubmit to the office of financial

management and the legislative fiscal committees:

(a) Individual project proposals developed pursuant to subsection (1) of this section;

(b) Individual project proposals scored in prior biennia pursuant to subsection (1) of this section; and

(c) A prioritized list of up to five project proposals submitted pursuant to (a) and (b) of this subsection.

(10) The requirements of this section are suspended during the 2023-2025 fiscal biennium. However, instead of these requirements, the public four-year institutions of higher education must submit additional supporting information for major project funding requests for the 2025-2027 fiscal biennium that is equivalent to the information produced for the 2022 higher education scoring process under subsection (9) of this section. Examples of the information required under this subsection include, but are not limited to, measures of: (a) Space efficiency, (b) reasonableness of project cost, (c) facility condition, and (d) anticipated impacts of the requested major projects on projected degree totals. The public four-year institutions of higher education shall consult with the office of financial management and legislative fiscal staff regarding the implementation of this requirement and the content of the additional information.

Sec. 8035. RCW 43.88.030 and 2020 c 218 s 1 are each amended to read as follows:

(1) The director of financial management shall provide all agencies with a complete set of instructions for submitting biennial budget requests to the director at least three months before agency budget documents are due into the office of financial management. The budget document or documents shall consist of the governor's budget message which shall be explanatory of the budget and shall contain an outline of the proposed financial policies of the state for the ensuing fiscal period, as well as an outline of the proposed six-year financial policies where applicable, and shall describe in connection therewith the important features of the budget. The biennial budget document or documents shall also describe performance indicators that demonstrate measurable progress towards priority results. The message shall set forth the reasons for salient changes from the previous fiscal period in expenditure and revenue items and shall explain any major changes in financial policy. Attached to the budget message shall be such supporting schedules, exhibits and other explanatory material in respect to both current operations and capital improvements as the governor shall deem to be useful to the legislature. The budget document or documents shall set forth a proposal for expenditures in the ensuing fiscal period, or six-year period where applicable, based upon the estimated revenues and caseloads as approved by the economic and revenue forecast council and caseload forecast council or upon the estimated revenues and caseloads of the office of financial

management for those funds, accounts, sources, and programs for which the forecast councils do not prepare an official forecast. Revenues shall be estimated for such fiscal period from the source and at the rates existing by law at the time of submission of the budget document, including the supplemental budgets submitted in the even-numbered years of a biennium. However, the estimated revenues and caseloads for use in the governor's budget document may be adjusted to reflect budgetary revenue transfers and revenue and caseload estimates dependent upon budgetary assumptions of enrollments, workloads, and caseloads. All adjustments to the approved estimated revenues and caseloads must be set forth in the budget document. The governor may additionally submit, as an appendix to each supplemental, biennial, or six-year agency budget or to the budget document or documents, a proposal for expenditures in the ensuing fiscal period from revenue sources derived from proposed changes in existing statutes.

The budget document or documents shall also contain:

(a) Revenues classified by fund and source for the immediately past fiscal period, those received or anticipated for the current fiscal period, and those anticipated for the ensuing biennium;

(b) The undesignated fund balance or deficit, by fund;

(c) Such additional information dealing with expenditures, revenues, workload, performance, and personnel as the legislature may direct by law or concurrent resolution;

(d) Such additional information dealing with revenues and expenditures as the governor shall deem pertinent and useful to the legislature;

(e) Tabulations showing expenditures classified by fund, function, and agency;

(f) The expenditures that include nonbudgeted, nonappropriated accounts outside the state treasury;

(g) Identification of all proposed direct expenditures to implement the Puget Sound water quality plan under chapter 90.71 RCW, shown by agency and in total; and

(h) Tabulations showing each postretirement adjustment by retirement system established after fiscal year 1991, to include, but not be limited to, estimated total payments made to the end of the previous biennial period, estimated payments for the present biennium, and estimated payments for the ensuing biennium.

(2) The budget document or documents shall include detailed estimates of all anticipated revenues applicable to proposed operating or capital expenditures and shall also include all proposed operating or capital expenditures. The total of beginning undesignated fund balance and estimated revenues less working capital and other reserves shall equal or exceed the total of proposed applicable expenditures. The budget document or documents shall further include:

(a) Interest, amortization and redemption charges on the state debt;

(b) Payments of all reliefs, judgments, and claims;

(c) Other statutory expenditures;

(d) Expenditures incident to the operation for each agency;

(e) Revenues derived from agency operations;

(f) Expenditures and revenues shall be given in comparative form showing those incurred or received for the immediately past fiscal period and those anticipated for the current biennium and next ensuing biennium;

(g) A showing and explanation of amounts of general fund and other funds obligations for debt service and any transfers of moneys that otherwise would have been available for appropriation;

(h) Common school expenditures on a fiscal-year basis;

(i) A showing, by agency, of the value and purpose of financing contracts for the lease/purchase or acquisition of personal or real property for the current and ensuing fiscal periods; and

(j) A showing and explanation of anticipated amounts of general fund and other funds required to amortize the unfunded actuarial accrued liability of the retirement system specified under chapter 41.45 RCW, and the contributions to meet such amortization, stated in total dollars and as a level percentage of total compensation.

(3) The governor's operating budget document or documents shall reflect the statewide priorities as required by RCW 43.88.090.

(4) The governor's operating budget document or documents shall identify activities that are not addressing the statewide priorities.

(5)(a) Beginning in the 2021-2023 fiscal biennium, the governor's operating budget document or documents submitted to the legislature must leave, in total, a positive ending fund balance in the general fund and related funds.

(b) Beginning in the 2021-2023 fiscal biennium, the projected maintenance level of the governor's operating budget document or documents submitted to the legislature must not exceed the available fiscal resources for the next ensuing fiscal biennium.

(c) For purposes of this subsection:

(i) "Available fiscal resources" means the beginning general fund and related funds balances and any fiscal resources estimated for the general fund and related funds, adjusted for proposed revenue legislation, and with forecasted revenues adjusted to the greater of (A) the official general fund and related funds revenue forecast for the ensuing biennium, or (B) the official general fund and related funds forecast for the second fiscal year of the current fiscal biennium, increased by 4.5 percent for each fiscal year of the ensuing biennium.

(ii) "Projected maintenance level" means estimated appropriations necessary to maintain the continuing costs of program and service levels either funded in the governor's budget document or documents submitted to the legislature or mandated by other state or federal law, adjusted by the estimated cost of proposed executive branch legislation, and the amount of any general fund moneys projected to be transferred to the budget stabilization account pursuant to

Article VII, section 12 of the state Constitution. Proposed executive branch legislation does not include proposals by institutions of higher education, other separately elected officials, or other boards, commissions, and offices not under the authority of the governor that are not funded or assumed in the governor's budget document or documents submitted to the legislature.

(iii) "Related funds" has the meaning defined in RCW 43.88.055.

(d) (b) of this subsection (5) does not apply:

(i) To any governor-proposed legislation submitted to the legislature that makes net reductions in general fund and related funds appropriations to prevent the governor from making across-the-board reductions in allotments for these particular funds as provided in RCW 43.88.110 ~~((+7))~~ (10); or

(ii) In a fiscal biennium for which the governor proposes appropriations from the budget stabilization account pursuant to Article VII, section 12(d)(ii) of the state Constitution.

(6) A separate capital budget document or schedule shall be submitted that will contain the following:

(a) A statement setting forth a long-range facilities plan for the state that identifies and includes the highest priority needs within affordable spending levels;

(b) A capital program consisting of proposed capital projects for the next biennium and the two biennia succeeding the next biennium consistent with the long-range facilities plan. Inasmuch as is practical, and recognizing emergent needs, the capital program shall reflect the priorities, projects, and spending levels proposed in previously submitted capital budget documents in order to provide a reliable long-range planning tool for the legislature and state agencies;

(c) A capital plan consisting of proposed capital spending for at least four biennia succeeding the next biennium;

(d) A strategic plan for reducing backlogs of maintenance and repair projects. The plan shall include a prioritized list of specific facility deficiencies and capital projects to address the deficiencies for each agency, cost estimates for each project, a schedule for completing projects over a reasonable period of time, and identification of normal maintenance activities to reduce future backlogs;

(e) A statement of the reason or purpose for a project;

(f) Verification that a project is consistent with the provisions set forth in chapter 36.70A RCW;

(g) A statement about the proposed site, size, and estimated life of the project, if applicable;

(h) Estimated total project cost;

(i) For major projects valued over five million dollars, estimated costs for the following project components: Acquisition, consultant services, construction, equipment, project management, and other costs included as part of the project. Project component costs shall be displayed in a standard format defined by the office

of financial management to allow comparisons between projects;

(j) Estimated total project cost for each phase of the project as defined by the office of financial management;

(k) Estimated ensuing biennium costs;

(l) Estimated costs beyond the ensuing biennium;

(m) Estimated construction start and completion dates;

(n) Source and type of funds proposed;

(o) Estimated ongoing operating budget costs or savings resulting from the project, including staffing and maintenance costs;

(p) For any capital appropriation requested for a state agency for the acquisition of land or the capital improvement of land in which the primary purpose of the acquisition or improvement is recreation or wildlife habitat conservation, the capital budget document, or an omnibus list of recreation and habitat acquisitions provided with the governor's budget document, shall identify the projected costs of operation and maintenance for at least the two biennia succeeding the next biennium. Omnibus lists of habitat and recreation land acquisitions shall include individual project cost estimates for operation and maintenance as well as a total for all state projects included in the list. The document shall identify the source of funds from which the operation and maintenance costs are proposed to be funded;

(q) For any capital budget request for funding in the 2023-2025 or 2025-2027 fiscal biennia by an institution of higher education to address a cost increase for any major project, a statement describing the unexpected project costs, ways the agency has mitigated or will mitigate the estimated project costs, and identification of other funding that may be applied to the project. For purposes of this subsection (6)(q):

(i) "Cost increases" means total project costs estimated above those listed in the prior agency budget request and for which the legislature relied in making a funding decision for design or construction, adjusted for C-100 inflation factors; and

(ii) "Institution of higher education" has the meaning provided in RCW 28B.10.016;

(r) Such other information bearing upon capital projects as the governor deems to be useful;

~~((+r))~~ (s) Standard terms, including a standard and uniform definition of normal maintenance, for all capital projects; and

~~((+s))~~ (t) Such other information as the legislature may direct by law or concurrent resolution.

For purposes of this subsection (6), the term "capital project" shall be defined subsequent to the analysis, findings, and recommendations of a joint committee comprised of representatives from the house capital appropriations committee, senate ways and means committee, legislative evaluation and accountability program committee, and office of financial management.

(7) No change affecting the comparability of agency or program information relating to expenditures, revenues, workload, performance and personnel shall be made in the format of any budget document or report

presented to the legislature under this section or RCW 43.88.160(1) relative to the format of the budget document or report which was presented to the previous regular session of the legislature during an odd-numbered year without prior legislative concurrence. Prior legislative concurrence shall consist of (a) a favorable majority vote on the proposal by the standing committees on ways and means of both houses if the legislature is in session or (b) a favorable majority vote on the proposal by members of the legislative evaluation and accountability program committee if the legislature is not in session.

Sec. 8036. RCW 43.99N.060 and 2021 c 334 s 976 are each amended to read as follows:

(1) The stadium and exhibition center account is created in the custody of the state treasurer. All receipts from the taxes imposed under RCW 82.14.0494 and distributions under RCW 67.70.240(1)(d) shall be deposited into the account. Only the director of the office of financial management or the director's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW. An appropriation is not required for expenditures from this account.

(2) Until bonds are issued under RCW 43.99N.020, up to ~~((five million dollars))~~ \$5,000,000 per year beginning January 1, 1999, shall be used for the purposes of subsection (3)(b) of this section, all remaining moneys in the account shall be transferred to the public stadium authority, created under RCW 36.102.020, to be used for public stadium authority operations and development of the stadium and exhibition center.

(3) After bonds are issued under RCW 43.99N.020, all moneys in the stadium and exhibition center account shall be used exclusively for the following purposes in the following priority:

(a) On or before June 30th of each year, the office of financial management shall accumulate in the stadium and exhibition center account an amount at least equal to the amount required in the next succeeding twelve months for the payment of principal of and interest on the bonds issued under RCW 43.99N.020;

(b) An additional reserve amount not in excess of the expected average annual principal and interest requirements of bonds issued under RCW 43.99N.020 shall be accumulated and maintained in the account, subject to withdrawal by the state treasurer at any time if necessary to meet the requirements of (a) of this subsection, and, following any withdrawal, reaccumulated from the first tax revenues and other amounts deposited in the account after meeting the requirements of (a) of this subsection; and

(c) The balance, if any, shall be transferred to the youth athletic facility account under subsection (4) of this section.

Any revenues derived from the taxes authorized by RCW 36.38.010(5) and 36.38.040 or other amounts that if used as provided

under (a) and (b) of this subsection would cause the loss of any tax exemption under federal law for interest on bonds issued under RCW 43.99N.020 shall be deposited in and used exclusively for the purposes of the youth athletic facility account and shall not be used, directly or indirectly, as a source of payment of principal of or interest on bonds issued under RCW 43.99N.020, or to replace or reimburse other funds used for that purpose.

(4) Any moneys in the stadium and exhibition center account not required or permitted to be used for the purposes described in subsection (3)(a) and (b) of this section shall be deposited in the youth athletic facility account hereby created in the state treasury. Expenditures from the account may be used only for purposes of grants or loans to cities, counties, and qualified nonprofit organizations for community outdoor athletic facilities. Only the director of the recreation and conservation office or the director's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures. The athletic facility grants or loans may be used for acquiring, developing, equipping, maintaining, and improving community outdoor athletic facilities. Funds shall be divided equally between the development of new community outdoor athletic facilities, the improvement of existing community outdoor athletic facilities, and the maintenance of existing community outdoor athletic facilities. Cities, counties, and qualified nonprofit organizations must submit proposals for grants or loans from the account. To the extent that funds are available, cities, counties, and qualified nonprofit organizations must meet eligibility criteria as established by the director of the recreation and conservation office. The grants and loans shall be awarded on a competitive application process and the amount of the grant or loan shall be in proportion to the population of the city or county for where the community outdoor athletic facility is located. Grants or loans awarded in any one year need not be distributed in that year. ~~((In the 2009-2011 biennium, if there are not enough project applications submitted in a category within the account to meet the requirement of equal distribution of funds to each category, the director of the recreation and conservation office may distribute any remaining funds to other categories within the account.))~~ The director of the recreation and conservation office may expend up to one and one-half percent of the moneys deposited in the account created in this subsection for administrative purposes. During the 2021-2023 fiscal biennium, the legislature may appropriate moneys from the youth athletic facility account to support a task force to consider ways to improve equitable access to K-12 schools' fields and athletic facilities and local parks agency facilities with the goal of increasing physical activity for youth and families. A portion of the appropriation must be used to

inventory K-12 school fields and athletic facilities and park agency facilities.

(5) During the 2023-2025 fiscal biennium, subsection (4) of this section applies to expenditures from the youth athletic facility account except as provided in this subsection.

(a) During the 2023-2025 fiscal biennium, the recreation and conservation office may spend appropriations made from the youth athletic facility account for grants and loans to political subdivisions of the state other than cities and counties as well as federally recognized Indian tribes for community outdoor athletic facilities. The office is not required to divide the expenditures equally between development, improvement, and maintenance of facilities. The office's authority to retain 1.5 percent of amounts deposited in the account for administration is suspended, and the office's administrative overhead is instead specified in the appropriations for this purpose.

(b) During the 2023-2025 fiscal biennium, the legislature may also appropriate moneys in the youth athletic facility account for the following:

(i) To the department of commerce for the public facility improvement fund as provided in section 1038 of this act; and

(ii) To the recreation and conservation office for the purpose of the youth athletic facilities program as provided in section 3060 of this act.

Sec. 8037. RCW 43.155.050 and 2022 c 296 s 7009, 2022 c 182 s 302, and 2022 c 157 s 15 are each reenacted and amended to read as follows:

(1) The public works assistance account is hereby established in the state treasury. Money may be placed in the public works assistance account from the proceeds of bonds when authorized by the legislature or from any other lawful source. Money in the public works assistance account shall be used to make loans and grants and to give financial guarantees to local governments for public works projects. Moneys in the account may also be appropriated or transferred to the water pollution control revolving fund and the drinking water assistance account to provide for state match requirements under federal law. Moneys in the account may be transferred to the move ahead WA account to provide support of public works projects funded in the move ahead WA program. Not more than 20 percent of the biennial capital budget appropriation to the public works board from this account may be expended or obligated for preconstruction loans and grants, emergency loans and grants, or loans and grants for capital facility planning under this chapter. Not more than 10 percent of the biennial capital budget appropriation to the public works board from this account may be expended or obligated as grants for preconstruction, emergency, capital facility planning, and construction projects. During the 2017-2019 and 2019-2021 fiscal biennia, the legislature may appropriate moneys from the account for activities related to rural economic development, the growth management

act, the aviation revitalization loan program, the community economic revitalization board broadband program, and the voluntary stewardship program. During the 2021-2023 ~~((biennium))~~ and 2023-2025 fiscal biennia, the legislature may appropriate moneys from the account for activities related to the community aviation revitalization board. During the 2019-2021 fiscal biennia, the legislature may direct the state treasurer to make transfers of moneys in the public works assistance account to the education legacy trust account. During the 2019-2021 and 2021-2023 fiscal biennia, the legislature may direct the state treasurer to make transfers of moneys in the public works assistance account to the statewide broadband account. The legislature may appropriate moneys from the public works assistance account for activities related to the voluntary stewardship program, rural economic development, and the growth management act. During the 2021-2023 biennium, the legislature may appropriate moneys from the account for projects identified in section 1033, chapter 296, Laws of 2022. During the 2023-2025 fiscal biennium, the legislature may appropriate moneys from the public works assistance account for an evaluation of the costs of relocating public utilities related to fish barrier removal projects.

(2) For fiscal year 2024 through fiscal year 2038, the state treasurer must transfer from the public works assistance account to the move ahead WA account created in RCW 46.68.510 \$57,000,000 each fiscal year in four equal quarterly transfers.

Sec. 8038. RCW 43.19.125 and 2011 1st sp.s. c 43 s 204 are each amended to read as follows:

(1) The director of enterprise services shall have custody and control of the capitol buildings and grounds, supervise and direct proper care, heating, lighting and repairing thereof, and designate rooms in the capitol buildings to be occupied by various state officials.

(2) ~~((During the 2007-2009 biennium, responsibility for development of the "Wheeler block" on the capitol campus as authorized in section 6013, chapter 520, Laws of 2007 shall be transferred from the department of general administration to the department of information services.))~~ During the 2023-2025 fiscal biennium, the director may access and tour the top of the legislative dome and, upon request, shall provide access to any legislative member and the member's guest.

Sec. 8039. RCW 87.03.136 and 2011 c 50 s 1 are each amended to read as follows:

An irrigation district has the power to sell or lease real property owned by the district whenever its board of directors, by resolution: Determines that the property is not necessary or needed for the use of the district; and authorizes the sale or lease. Notice of the district's intention to sell or lease the property shall be made by publication at least ~~((twenty))~~ 20 days before the transaction is executed regarding the property in a newspaper of general

circulation in the county where the property or part of the property is located or, if there is no such newspaper in the county, in a newspaper of general circulation published in an adjoining county. The publication shall be made at least once a week during three consecutive weeks. The notice shall state whether the sale or lease will be negotiated by the district or will be awarded by bid.

The district may lease the property for a duration determined by the board, afford the lessee the option to purchase the property, sell the property on contract for deferred payments, sell the property pursuant to a promissory note secured by a mortgage or deed of trust, or sell the property for cash and conveyance by deed. The appropriate documents shall be executed by the president of the board and acknowledged by the secretary.

The resolution authorizing the sale or lease shall be entered in the minutes of the board and shall fix the price at which the lease, option, or sale may be made. The price shall be not less than the reasonable market value of the property; however, the board may, without consideration, dedicate, grant, or convey district land or easements in district land for highway or public utility purposes that convenience the inhabitants of the district if the board deems that the action will enhance the value of the remaining district land to an extent equal to or greater than the value of the land or easement dedicated, granted, or conveyed.

During the 2023-2025 fiscal biennium, the limitations under this section on the power of an irrigation district to sell or lease real property owned by the district do not apply to property transferred to the bureau of reclamation or to a public owner under section 3073, chapter . . ., Laws of 2023 (section 3073 of this act).

NEW SECTION. Sec. 8040. If any part of this act is found to be in conflict with federal requirements that are a prescribed condition to the allocation of federal funds to the state, the conflicting part of this act is inoperative solely to the extent of the conflict and with respect to the agencies directly affected, and this finding does not affect the operation of the remainder of this act in its application to the agencies concerned. Rules adopted under this act must meet federal requirements that are a necessary condition to the receipt of federal funds by the state.

NEW SECTION. Sec. 8041. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 8042. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

THIRD READING

MESSAGE FROM THE SENATE

Mme. Speaker:

The Senate has passed SECOND SUBSTITUTE HOUSE BILL NO. 1470, with the following amendment(s): 1470-S2 AMS HS S2405.2

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 42.56.475 and 2022 c 272 s 1 are each amended to read as follows:

(1) The following information or records created or maintained by the department of corrections or a private detention facility is exempt from public inspection and copying under this chapter:

(a) Body scanner images from any system designed to detect and visualize contraband hidden in body cavities or beneath clothing, including backscatter X-ray, millimeter wave, and transmission X-ray systems;

(b) The following information and records created or maintained pursuant to the federal prison rape elimination act, 34 U.S.C. Sec. 30301 et seq., and its regulations:

(i) Risk assessments, risk indicators, and monitoring plans;

(ii) Reports of sexual abuse or sexual harassment, as defined under 28 C.F.R. 115.6;

(iii) Records of open prison rape elimination act investigations; and

(iv) The identities of individuals other than department of corrections or private detention facility staff, contractors, and volunteers, in closed prison rape elimination act investigation reports and related investigative materials; however, the identity of an accused individual is not exempt if the allegation is determined to have been substantiated; and

(c) Health information in records other than an incarcerated individual's or detained individual's medical, mental health, or dental files.

(2) The exemption of information or records described under subsection (1)(b) and (c) of this section does not apply to requests by the incarcerated individual or detained individual who is the subject of the information, a requestor with the written permission of the incarcerated individual or detained individual who is the subject of the information, or a personal representative of an incarcerated individual or detained individual who is the subject of the information. In response to such requests, the department of corrections or private detention facility may withhold information revealing the identity of other incarcerated or detained individuals.

(3) An agency refusing, in whole or in part, inspection of a public record containing information listed in subsection (1)(c) of this section may cite to subsection (1)(c) of this section, without further explanation, when providing the brief explanation required by RCW 42.56.210(3), and shall also identify the number of pages withheld, if any pages are withheld in their entirety.

(4) For purposes of this section:

(a) "Health information" means any information that identifies or can readily be associated with the identity of an incarcerated individual or detained individual and directly relates to the following: Medical, mental health, or dental diagnoses or conditions; medical, mental health, or dental services, treatments, or procedures, including requests for or complaints about such services, treatments, or procedures; transgender, intersex, nonbinary, or gender nonconforming status; sexual orientation; genital anatomy; or gender-affirming care or accommodations other than an incarcerated individual's or detained individual's preferred name, pronouns, and gender marker.

(b) The following information is not "health information" under this section: (i) Health care information subject to RCW 42.56.360(2) and chapter 70.02 RCW; and (ii) information related to injuries, other than injuries related to medical procedures or genital anatomy, contained in incident reports, infraction records, or use of force reports, prepared by department of corrections or private detention facility staff other than health care providers.

(c) "Incarcerated individual" has the same meaning as "inmate" under RCW 72.09.015 and includes currently or formerly incarcerated individuals.

(d) "Detained individual" means a person confined in a private detention facility.

(e) "Private detention facility" has the same meaning as in RCW 70.395.020.

(5) A private detention facility operating pursuant to a contract with a state or local agency is subject to the requirements of this chapter.

NEW SECTION. Sec. 2. A new section is added to chapter 70.395 RCW to read as follows:

(1) The department of health shall adopt rules as may be necessary to effectuate the intent and purposes of this section in order to ensure private detention facilities comply with measurable standards providing sanitary, hygienic, and safe conditions for detained persons. The department of health rules shall include that:

(a) A detained person should have a safe, clean, and comfortable environment that allows a detained person to use the person's personal belongings to the extent possible;

(b) Living areas, including areas used for sleeping, recreation, dining, telecommunications, visitation, and bathrooms, must be cleaned and sanitized regularly;

(c) A private detention facility must provide laundry facilities, equipment, handling, and processes for linen and laundered items that are clean and in good repair, adequate to meet the needs of detained persons, and maintained according to the manufacturer's instructions. Laundry and linen must be handled, cleaned, and stored according to acceptable methods of infection control including preventing contamination from other sources. Separate areas for handling clean laundry and soiled laundry must be provided and laundry rooms

and areas must be ventilated to the exterior;

(d) Basic personal hygiene items must be provided to a detained person regularly at no cost;

(e) A private detention facility shall provide a nutritious and balanced diet, including fresh fruits and vegetables, and shall recognize a detained person's need for a special diet. A private detention facility must follow proper food handling and hygiene practices. A private detention facility must provide at least three meals per day, at no cost, and at reasonable hours;

(f) Safe indoor air quality must be maintained;

(g) The private detention facility must have both heating and air conditioning equipment that can be adjusted by room or area. Rooms used by a detained person must be able to maintain interior temperatures between 65 degrees Fahrenheit and 78 degrees Fahrenheit year-round. Excessive odors and moisture must be prevented in the building; and

(h) A private detention facility must implement and maintain an infection control program that prevents the transmission of infections and communicable disease among detained persons, staff, and visitors.

(2) The office of the attorney general may enforce violations of this section on its own initiative or in response to complaints or violations.

NEW SECTION. Sec. 3. A new section is added to chapter 70.395 RCW to read as follows:

(1) The department of health shall:

(a) Conduct routine, unannounced inspections of private detention facilities including, but not limited to, inspection of food service and food handling, sanitation and hygiene, and nutrition as provided in (c) of this subsection;

(b) Conduct investigations of complaints received relating to any private detention facility located within the state;

(c) Regularly review the list of food items provided to detained persons to ensure the specific nutrition and calorie needs of each detained person are met, including any needs related to medical requirements, food allergies, or religious dietary restrictions;

(d) Test water used for drinking and bathing and air quality every six months at private detention facilities both inside and outside of the facility; and

(e) Post inspection results on its website and in a conspicuous place viewable by detained persons and visitors to private detention facilities. Results should be posted in English and in languages spoken by detainees, to the extent practicable.

(2) The department of health may delegate food safety inspections to the local health jurisdiction, where the local health jurisdiction is in the county where the private detention facility is located, to conduct inspections pursuant to regulations.

(3) The department of health shall adopt rules as may be necessary to effectuate the intent and purposes of this section in order to ensure private detention facilities allow

regular inspections and comply with measurable standards providing sanitary, hygienic, and safe conditions for detained persons.

(4) The department of labor and industries shall conduct routine, unannounced inspections of workplace conditions at private detention facilities, including work undertaken by detained persons.

(5) The office of the attorney general may enforce violations of this section on its own initiative or in response to complaints or violations.

NEW SECTION. Sec. 4. A new section is added to chapter 70.395 RCW to read as follows:

(1) This section does not apply to private detention facilities operating pursuant to a valid contract that was in effect prior to January 1, 2023, for the duration of that contract, not to include any extensions or modifications made to, or authorized by, that contract.

(2) A private detention facility operating pursuant to a contract or agreement with a federal, state, or local government shall comply with the following:

(a) A detained person, upon admission to a private detention facility, must be issued new clothing and new footwear for both indoor and outdoor use and for protection against cold and heat. Clothing issued must be regularly laundered and replaced at no cost once no longer hygienic or serviceable;

(b) Any food items in the commissary must be available at reasonable prices taking into account the income and financial circumstances of detained persons;

(c) Telecommunications services must be provided free of charge to detained persons and any communication, whether initiated or received through such a service, must be free of charge to the detained person initiating or receiving the communication. Each detained person must be eligible to use these telecommunications services for at least 60 minutes on each day of the person's detention. Private detention facilities must not use the provision of telecommunications services or any other communication service to supplant in-person contact visits any detained person may be eligible to receive;

(d) In-person visitation must be available daily. Visitation rooms must allow for the presence of children and personal contact between visiting persons and detained persons may not be restricted. A detained person may receive reading and writing materials during visitation;

(e) Solitary confinement is prohibited;

(f) Televisions must be available and accessible to a detained person at no cost. The private detention facility shall make every effort to make television programming available in the language of the detained person;

(g) Handheld radios must be provided to a detained person at no cost;

(h) A detained person may invite persons to the private detention facility to provide legal education, know your rights

presentations, and other similar programming;

(i) Computer and internet access must be available and accessible to a detained person at no cost;

(j) A law library must be available and accessible;

(k) Communication from the private detention facility to a detained person, either in writing or verbally, must be delivered in the primary language of the detained person;

(l) Sexual violence and harassment grievances must be responded to immediately by culturally competent professionals on-site and reported to local law enforcement in the county where the private detention facility is located;

(m) Mental health evaluations should occur at intake and periodically, at least once a week. Culturally competent mental health therapy must be available and free;

(n) Requested medical care and attention must be provided without delay, including the provision of requested medical accommodations;

(o) Rooms used by a detained person for sleeping must have access to windows, natural light, and natural air circulation. Subject to safety limitations, sleeping rooms must include adjustable curtains, shades, blinds, or the equivalent installed at the windows for visual privacy and that are shatterproof, screened, or of the security type as determined by the private detention facility needs; and

(p) A private detention facility must be equipped to respond to natural and human-made emergencies, including earthquakes, lahar threats, tsunamis, and industrial accidents. A private detention facility must be earthquake resistant. A private detention facility shall develop emergency operation and continuity of operations plans and provide those plans to the local emergency management department. A private detention facility must stock all necessary personal protective equipment in case of disease outbreaks consistent with large numbers of people detained in close contact to one another.

(3) The office of the attorney general may enforce violations of this section on its own initiative or in response to complaints or violations.

NEW SECTION. Sec. 5. A new section is added to chapter 70.395 RCW to read as follows:

(1) A detained person aggrieved by a violation of this chapter has a right of action in superior court and may recover for each violation as follows:

(a) Against any person who negligently violates a provision of this chapter, \$1,000, or actual damages, whichever is greater, for each violation;

(b) Against any person who intentionally or recklessly violates a provision of this chapter, \$10,000, or actual damages, whichever is greater, for each violation;

(c) Reasonable attorneys' fees and costs if the detained person is the prevailing party; and

(d) Other relief, including an injunction, as the court may deem appropriate. Injunctive relief may be issued without bond in the discretion of the court, notwithstanding any other requirement imposed by statute.

(2) Any action under this chapter is barred unless the action is commenced within three years after the cause of action accrues.

(3) For the purposes of this section, "person" means an owner, operator, contractor, subcontractor, or employee of a private detention facility.

(4) The state and its agencies are not liable for a violation of this chapter.

NEW SECTION. Sec. 6. A new section is added to chapter 70.395 RCW to read as follows:

(1) Any person who fails to comply with this chapter may be subject to a civil penalty in an amount of not more than \$1,000 per violation per day.

(2) Subject to the availability of amounts appropriated for this specific purpose, the secretary of the department of health may adopt by rule a penalty matrix that establishes procedures for civil penalties assessed under this chapter.

(3) Each violation is a separate and distinct offense. The department of health shall impose the civil penalty in accordance with chapter 34.05 RCW. Moneys collected under this section must be deposited into the state general fund.

(4) If the civil penalty is not paid to the department of health within 15 days after receipt of notice, the office of the attorney general may bring an action to recover the penalty in the name of the state of Washington in the superior court of Thurston county or in the county where the private detention facility is located. In all such actions, the procedure and rules of evidence are the same as in ordinary civil actions. All penalties recovered by the attorney general under this chapter must be paid into the Washington state attorney general humane detention account created in section 7 of this act.

(5) For the purposes of this section, "person" means an owner, operator, contractor, subcontractor, or employee of a private detention facility.

(6) The state and its agencies are not liable for a violation of this chapter.

NEW SECTION. Sec. 7. A new section is added to chapter 70.395 RCW to read as follows:

The Washington state attorney general humane detention account is created in the custody of the state treasurer. All receipts from civil penalties under section 6 of this act must be deposited in the account. Only the attorney general or the attorney general's designee may authorize expenditures from the account. Moneys in the account must be used exclusively for the costs associated with the attorney general's enforcement of the provisions of this chapter governing the recovery of civil penalties. The account is subject to allotment procedures under chapter 43.88

RCW, but an appropriation is not required for expenditures.

Sec. 8. RCW 70.395.010 and 2021 c 30 s 1 are each amended to read as follows:

(1) The legislature finds that all people confined in prisons and detention facilities in Washington deserve basic health care, nutrition, and safety. As held in *United States v. California*, 921 F.3d 865, 886 (9th Cir. 2019), states possess "the general authority to ensure the health and welfare of inmates and detainees in facilities within its borders." States have broad authority to enforce generally applicable health and safety laws against contractors operating private detention facilities within the state. The ninth circuit reinforced this authority in *Geo Group, Inc. v. Newsom*, 50 F.4th 745, 750 (9th Cir. 2022), stating "[p]rivate contractors do not stand on the same footing as the federal government, so states can impose many laws on federal contractors that they could not apply to the federal government itself."

(2) The legislature finds that profit motives lead private prisons and detention facilities to cut operational costs, including the provision of food, health care, and rehabilitative services, because their primary fiduciary duty is to maximize shareholder profits. This is in stark contrast to the interests of the state to ensure the health, safety, and welfare of Washingtonians, including all inmates and detainees within Washington's borders.

(3) The legislature finds that people confined in for-profit prisons and detention facilities have experienced abuses and have been confined in dangerous and unsanitary conditions. Safety risks and abuses in private prisons and detention facilities at the local, state, and federal level have been consistently and repeatedly documented. The United States department of justice office of the inspector general found in 2016 that privately operated prisons "incurred more safety and security incidents per capita than comparable BOP [federal bureau of prisons] institutions." The office of inspector general additionally found that privately operated prisons had (~~"higher rates of inmate-on-inmate and inmate-on-staff assaults, as well as")~~ higher rates of staff uses of force and that people detained in private prisons submitted more safety and security related grievances, including those regarding the quality of food. ("")

(4) The legislature finds that private prison operators have cut costs by reducing essential security and health care staffing. The sentencing project, a national research and advocacy organization, found in 2012 that private prison staff earn an average of five thousand dollars less than staff at publicly run facilities and receive almost 60 hours less training. The office of inspector general also found that people confined in private facilities often failed to receive necessary medical care and that one private prison went without a full-time physician for eight months. People confined within private detention facilities are subjected to prolonged periods of confinement, inadequate nutrition, medical

and mental health access issues, and arbitrary and improper visitation and communication restrictions. In 2018, the sentencing project, a national research and advocacy organization, found that private prisons offer lower quality services and have higher staff turnover rates compared to publicly operated facilities. The office of inspector general also found that people confined in private facilities often failed to receive necessary medical care.

(5) The legislature finds that private prisons and detention centers are less accountable for what happens inside those facilities than state-run facilities, as they are not subject to the freedom of information act under 5 U.S.C. Sec. 552 or the Washington public records act under chapter 42.56 RCW.

(6) The legislature finds that at least 22 other states have stopped confining people in private for-profit facilities.

(7) Therefore, it is the intent of the legislature to prohibit the use of private, for-profit prisons and detention facilities in the state, and to set minimum standards for the conditions of confinement within private detention facilities in the state and to require the inspection and review of those facilities by appropriate state or local agencies to ensure public health and safety.

Sec. 9. RCW 70.395.020 and 2021 c 30 s 2 are each amended to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Basic personal hygiene items" means items used to promote or preserve a detained person's health and contribute to the prevention of disease or infection, including soap, toothbrush and toothpaste, shampoo and conditioner, lotion, nail clippers, comb, towels, and menstrual products.

(2) "Culturally competent" includes: Knowledge of a detained person's cultural histories and contexts, as well as family norms and values in different cultures; knowledge and skills in accessing community resources and community outreach; and skills in adapting services and treatment to a detained person's experiences and identifying cultural contexts for individuals.

(3) "Detained person" means a person confined in a private detention facility.

(4) "Detention facility" means any facility in which persons are incarcerated or otherwise involuntarily confined for purposes including prior to trial or sentencing, fulfilling the terms of a sentence imposed by a court, or for other judicial or administrative processes or proceedings.

~~((2))~~ (5) "Fresh fruits and vegetables" means any unprocessed fruits or vegetables, not including any processed, canned, frozen, or dehydrated fruits or vegetables, or any fruits or vegetables infected or infested with insects or other contaminants.

(6)(a) "Personal protective equipment" means equipment worn to minimize exposure to hazards that cause serious injuries and

illness, which may result from contact with chemical, radiological, physical, electrical, mechanical, or other hazards.

(b) Personal protective equipment may include items such as gloves, safety glasses and shoes, earplugs or muffs, hard hats, respirators, or coveralls, vests, and full body suits.

(7) "Private detention facility" means a detention facility that is operated by a private, nongovernmental for-profit entity and operating pursuant to a contract or agreement with a federal, state, or local governmental entity.

(8) "Solitary confinement" means the confinement of a detained person alone in a cell or similarly confined holding or living space for 20 hours or more per day under circumstances other than a partial or facility wide lockdown.

(9) "Telecommunications services" means phone calls or other voice communication services, video communications, and email services.

NEW SECTION. Sec. 10. Sections 2 through 6 of this act do not apply to a facility that is:

(1) Providing rehabilitative, counseling, treatment, mental health, educational, or medical services to juveniles who are subject to Title 13 RCW, or similarly applicable federal law;

(2) Providing evaluation and treatment or forensic services to a person who has been civilly detained or is subject to an order of commitment by a court pursuant to chapter 10.77, 71.05, 71.09, or 71.34 RCW, or similarly applicable federal law, including facilities regulated under chapters 70.41, 71.12, and 71.24 RCW;

(3) Used for the quarantine or isolation of persons for public health reasons pursuant to RCW 43.20.050, or similarly applicable federal law;

(4) Used for work release under chapter 72.65 RCW, or similarly applicable federal law;

(5) Used for extraordinary medical placement;

(6) Used for residential substance use disorder treatment; or

(7) Owned and operated by federally recognized tribes and contracting with a government.

NEW SECTION. Sec. 11. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately.

NEW SECTION. Sec. 12. This act shall be construed liberally for the accomplishment of the purposes thereof.

NEW SECTION. Sec. 13. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. **Sec. 14.** If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2023, in the omnibus appropriations act, this act is null and void."

On page 1, line 1 of the title, after "facilities;" strike the remainder of the title and insert "amending RCW 42.56.475, 70.395.010, and 70.395.020; adding new sections to chapter 70.395 RCW; creating new sections; prescribing penalties; and declaring an emergency."

and the same is herewith transmitted.

SECOND SUBSTITUTE HOUSE BILL NO. 1470, as amended by the Senate, having received the necessary constitutional majority, was declared passed.

THIRD READING

MESSAGE FROM THE SENATE

Friday, April 14, 2023

Mme. Speaker:

The Senate refuses to concur in the House amendment(s) to ENGROSSED SECOND SUBSTITUTE SENATE BILL NO. 5440 and asks the House to recede therefrom.

and the same is herewith transmitted.

Colleen Rust, Deputy Secretary

HOUSE AMENDMENT TO SENATE BILL

There being no objection, the House receded from its amendment to ENGROSSED SECOND SUBSTITUTE SENATE BILL NO. 5440.

There being no objection, the rules were suspended, and ENGROSSED SECOND SUBSTITUTE SENATE BILL NO. 5440 was returned to second reading for the purpose of amendment.

Representative Farivar moved the adoption of the striking amendment (777):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** The legislature finds that defendants referred for services related to competency to stand trial requiring admission into a psychiatric facility are currently facing unprecedented wait times in jail for admission. The situation has been exacerbated by closure of forensic beds and workforce shortages related to COVID-19, and treatment capacity limits related to social distancing requirements. Moreover, a backlog of criminal prosecutions that were held back during the first two years of the pandemic due to capacity limitations in courts, prosecuting attorneys offices, and jails, are now being filed, causing a surge in demand for competency services which exceeds the state's capacity to make a timely response. In partial consequence, as of January 2023, wait times for admission to western state hospital for competency services, directed to be completed within seven days by order of the United States district court for western Washington, have risen to over ten months, while wait times for admission to eastern state hospital for the same services have risen to over five months. The state's forensic bed capacity forecast model indicates that if the state continues to receive competency referrals from local superior, district, and municipal courts at the same volume, the state will rapidly fall farther behind.

The legislature further finds that historical investments and policy changes have been made in behavioral health services over the past five years, designed to both increase capacity to provide competency to stand trial services and to reduce the need for them by creating opportunities for diversion, prevention, and improved community health. New construction at western state hospital is expected to result in the opening of 58 forensic psychiatric beds in the first quarter of 2023, while emergency community hospital contracts are expected to allow for the discharge or transfer of over 50 civil conversion patients occupying forensic state hospital

beds over the same period. Sixteen beds for civil conversion patients will open at Maple Lane school in the first quarter of 2023, with 30 additional beds for patients acquitted by reason of insanity expected to open by late 2023 or early 2024. Over a longer time period, 350 forensic beds are planned to open within a new forensic hospital on western state hospital campus between 2027 and 2029. Policy and budget changes have increased capacity for assisted outpatient treatment, 988 crisis response, use of medication for opioid use disorders in jails and community settings, reentry services, and mental health advance directives, and created new behavioral health facility types, supportive housing, and supportive employment services. Forensic navigator services, outpatient competency restoration programs, and other specialty forensic services are now available and continuing to be deployed in phase two Trueblood settlement regions.

The legislature further finds that despite these investments there is a need for everyone to come together to find solutions to both reduce demand for forensic services and to increase their supply. The state needs collaboration from local governments and other entities to identify any and all facilities that can be used to provide services to patients connected to the forensic system, to reduce the flow of competency referrals coming from municipal, district, and superior courts, and to improve availability and effectiveness of behavioral health services provided outside the criminal justice system.

Sec. 2. RCW 10.77.010 and 2022 c 288 s 1 are each reenacted and amended to read as follows:

As used in this chapter:

(1) "Admission" means acceptance based on medical necessity, of a person as a patient.

(2) "Authority" means the Washington state health care authority.

(3) "Clinical intervention specialist" means a licensed professional with prescribing authority who is employed by or contracted with the department to provide direct services, enhanced oversight and monitoring of the behavioral health status of in-custody defendants who have been referred for evaluation or restoration services related to competency to stand trial and who coordinate treatment options with forensic navigators, the department, and jail health services.

(4) "Commitment" means the determination by a court that a person should be detained for a period of either evaluation or treatment, or both, in an inpatient or a less-restrictive setting.

((4)) (5) "Community behavioral health agency" has the same meaning as "licensed or certified behavioral health agency" defined in RCW 71.24.025.

((5)) (6) "Conditional release" means modification of a court-ordered commitment, which may be revoked upon violation of any of its terms.

((6)) (7) A "criminally insane" person means any person who has been acquitted of a crime charged by reason of insanity, and

thereupon found to be a substantial danger to other persons or to present a substantial likelihood of committing criminal acts jeopardizing public safety or security unless kept under further control by the court or other persons or institutions.

((7)) (8) "Department" means the state department of social and health services.

((8)) (9) "Designated crisis responder" has the same meaning as provided in RCW 71.05.020.

((9)) (10) "Detention" or "detain" means the lawful confinement of a person, under the provisions of this chapter, pending evaluation.

((10)) (11) "Developmental disabilities professional" means a person who has specialized training and ~~((three years of))~~ experience in directly treating or working with persons with developmental disabilities and is a psychiatrist or psychologist, or a social worker, and such other developmental disabilities professionals as may be defined by rules adopted by the secretary.

((11)) (12) "Developmental disability" means the condition as defined in RCW 71A.10.020 ~~((4))~~.

((12)) (13) "Discharge" means the termination of hospital medical authority. The commitment may remain in place, be terminated, or be amended by court order.

((13)) (14) "Furlough" means an authorized leave of absence for a resident of a state institution operated by the department designated for the custody, care, and treatment of the criminally insane, consistent with an order of conditional release from the court under this chapter, without any requirement that the resident be accompanied by, or be in the custody of, any law enforcement or institutional staff, while on such unescorted leave.

((14)) (15) "Genuine doubt as to competency" means that there is reasonable cause to believe, based upon actual interactions with or observations of the defendant or information provided by counsel, that a defendant is incompetent to stand trial.

(16) "Habilitative services" means those services provided by program personnel to assist persons in acquiring and maintaining life skills and in raising their levels of physical, mental, social, and vocational functioning. Habilitative services include education, training for employment, and therapy. The habilitative process shall be undertaken with recognition of the risk to the public safety presented by the person being assisted as manifested by prior charged criminal conduct.

((15)) (17) "History of one or more violent acts" means violent acts committed during: (a) The ten-year period of time prior to the filing of criminal charges; plus (b) the amount of time equal to time spent during the ten-year period in a mental health facility or in confinement as a result of a criminal conviction.

((16)) (18) "Immediate family member" means a spouse, child, stepchild, parent, stepparent, grandparent, sibling, or domestic partner.

((17)) (19) "Incompetency" means a person lacks the capacity to understand the nature of the proceedings against him or her

or to assist in his or her own defense as a result of mental disease or defect.

~~((18))~~ (20) "Indigent" means any person who is financially unable to obtain counsel or other necessary expert or professional services without causing substantial hardship to the person or his or her family.

~~((19))~~ (21) "Individualized service plan" means a plan prepared by a developmental disabilities professional with other professionals as a team, for an individual with developmental disabilities, which shall state:

(a) The nature of the person's specific problems, prior charged criminal behavior, and habilitation needs;

(b) The conditions and strategies necessary to achieve the purposes of habilitation;

(c) The intermediate and long-range goals of the habilitation program, with a projected timetable for the attainment;

(d) The rationale for using this plan of habilitation to achieve those intermediate and long-range goals;

(e) The staff responsible for carrying out the plan;

(f) Where relevant in light of past criminal behavior and due consideration for public safety, the criteria for proposed movement to less-restrictive settings, criteria for proposed eventual release, and a projected possible date for release; and

(g) The type of residence immediately anticipated for the person and possible future types of residences.

~~((20))~~ (22) "Professional person" means:

(a) A psychiatrist licensed as a physician and surgeon in this state who has, in addition, completed three years of graduate training in psychiatry in a program approved by the American medical association or the American osteopathic association and is certified or eligible to be certified by the American board of psychiatry and neurology or the American osteopathic board of neurology and psychiatry;

(b) A psychologist licensed as a psychologist pursuant to chapter 18.83 RCW;

(c) A psychiatric advanced registered nurse practitioner, as defined in RCW 71.05.020; or

(d) A social worker with a master's or further advanced degree from a social work educational program accredited and approved as provided in RCW 18.320.010.

~~((21))~~ (23) "Release" means legal termination of the court-ordered commitment under the provisions of this chapter.

~~((22))~~ (24) "Secretary" means the secretary of the department of social and health services or his or her designee.

~~((23))~~ (25) "Treatment" means any currently standardized medical or mental health procedure including medication.

~~((24))~~ (26) "Treatment records" include registration and all other records concerning persons who are receiving or who at any time have received services for mental illness, which are maintained by the department, by behavioral health administrative services organizations and their staffs, by managed care organizations and their staffs, and by treatment facilities. Treatment records do not include notes or records maintained for personal use

by a person providing treatment services for the department, behavioral health administrative services organizations, managed care organizations, or a treatment facility if the notes or records are not available to others.

~~((25))~~ (27) "Violent act" means behavior that: (a) (i) Resulted in; (ii) if completed as intended would have resulted in; or (iii) was threatened to be carried out by a person who had the intent and opportunity to carry out the threat and would have resulted in, homicide, nonfatal injuries, or substantial damage to property; or (b) recklessly creates an immediate risk of serious physical injury to another person. As used in this subsection, "nonfatal injuries" means physical pain or injury, illness, or an impairment of physical condition. "Nonfatal injuries" shall be construed to be consistent with the definition of "bodily injury," as defined in RCW 9A.04.110.

Sec. 3. RCW 10.77.060 and 2022 c 288 s 2 are each amended to read as follows:

(1) (a) Whenever a defendant has pleaded not guilty by reason of insanity, ~~((or there is reason to doubt his or her competency,))~~ the court on its own motion or on the motion of any party shall either appoint or request the secretary to designate a qualified expert or professional person, who shall be approved by the prosecuting attorney, to evaluate and report upon the mental condition of the defendant.

(b) (i) Whenever there is a doubt as to competency, the court on its own motion or on the motion of any party shall first review the allegations of incompetency. The court shall make a determination of whether sufficient facts have been provided to form a genuine doubt as to competency based on information provided by counsel, judicial colloquy, or direct observation of the defendant. If a genuine doubt as to competency exists, the court shall either appoint or request the secretary to designate a qualified expert or professional person, who shall be approved by the prosecuting attorney, to evaluate and report upon the mental condition of the defendant.

(ii) Nothing in this subsection (1) (b) is intended to require a waiver of attorney-client privilege. Defense counsel may meet the requirements under this subsection (1) (b) by filing a declaration stating that they have reason to believe that a competency evaluation is necessary, and stating the basis on which the defendant is believed to be incompetent.

(c) The signed order of the court shall serve as authority for the evaluator to be given access to all records held by any mental health, medical, long-term services or supports, educational, or correctional facility that relate to the present or past mental, emotional, or physical condition of the defendant. If the court is advised by any party that the defendant may have a developmental disability, the evaluation must be performed by a developmental disabilities professional and the evaluator shall have access to records of the developmental disabilities administration of the department. If the court is advised by

any party that the defendant may have dementia or another relevant neurocognitive disorder, the evaluator shall have access to records of the aging and long-term support administration of the department.

~~((e))~~(d) The evaluator shall assess the defendant in a jail, detention facility, in the community, or in court to determine whether a period of inpatient commitment will be necessary to complete an accurate evaluation. If inpatient commitment is needed, the signed order of the court shall serve as authority for the evaluator to request the jail or detention facility to transport the defendant to a hospital or secure mental health facility for a period of commitment not to exceed fifteen days from the time of admission to the facility. Otherwise, the evaluator shall complete the evaluation.

~~((d))~~(e) The court may commit the defendant for evaluation to a hospital or secure mental health facility without an assessment if: (i) The defendant is charged with murder in the first or second degree; (ii) the court finds that it is more likely than not that an evaluation in the jail will be inadequate to complete an accurate evaluation; or (iii) the court finds that an evaluation outside the jail setting is necessary for the health, safety, or welfare of the defendant. The court shall not order an initial inpatient evaluation for any purpose other than a competency evaluation.

~~((e))~~(f) The order shall indicate whether, in the event the defendant is committed to a hospital or secure mental health facility for evaluation, all parties agree to waive the presence of the defendant or to the defendant's remote participation at a subsequent competency hearing or presentation of an agreed order if the recommendation of the evaluator is for continuation of the stay of criminal proceedings, or if the opinion of the evaluator is that the defendant remains incompetent and there is no remaining restoration period, and the hearing is held prior to the expiration of the authorized commitment period.

~~((f))~~(g) When a defendant is ordered to be evaluated under this subsection (1), or when a party or the court determines at first appearance that an order for evaluation under this subsection will be requested or ordered if charges are pursued, the court may delay granting bail until the defendant has been evaluated for competency or sanity and appears before the court. Following the evaluation, in determining bail the court shall consider: (i) Recommendations of the evaluator regarding the defendant's competency, sanity, or diminished capacity; (ii) whether the defendant has a recent history of one or more violent acts; (iii) whether the defendant has previously been acquitted by reason of insanity or found incompetent; (iv) whether it is reasonably likely the defendant will fail to appear for a future court hearing; and (v) whether the defendant is a threat to public safety.

(h) If the defendant ordered to be evaluated under this subsection (1) is charged with a serious traffic offense under RCW 9.94A.030, or a felony version of a

serious traffic offense, the prosecutor may make a motion to modify the defendant's conditions of release to include a condition prohibiting the defendant from driving during the pendency of the competency evaluation period.

(2) The court may direct that a qualified expert or professional person retained by or appointed for the defendant be permitted to witness the evaluation authorized by subsection (1) of this section, and that the defendant shall have access to all information obtained by the court appointed experts or professional persons. The defendant's expert or professional person shall have the right to file his or her own report following the guidelines of subsection (3) of this section. If the defendant is indigent, the court shall upon the request of the defendant assist him or her in obtaining an expert or professional person.

(3) The report of the evaluation shall include the following:

(a) A description of the nature of the evaluation;

(b) A diagnosis or description of the current mental status of the defendant;

(c) If the defendant ~~((suffers from))~~ has a mental disease or defect, or has a developmental disability, an opinion as to competency;

(d) If the defendant has indicated his or her intention to rely on the defense of insanity pursuant to RCW 10.77.030, and an evaluation and report by an expert or professional person has been provided concluding that the defendant was criminally insane at the time of the alleged offense, an opinion as to the defendant's sanity at the time of the act, and an opinion as to whether the defendant presents a substantial danger to other persons, or presents a substantial likelihood of committing criminal acts jeopardizing public safety or security, unless kept under further control by the court or other persons or institutions, provided that no opinion shall be rendered under this subsection (3)(d) unless the evaluator or court determines that the defendant is competent to stand trial;

(e) When directed by the court, if an evaluation and report by an expert or professional person has been provided concluding that the defendant lacked the capacity at the time of the offense to form the mental state necessary to commit the charged offense, an opinion as to the capacity of the defendant to have a particular state of mind which is an element of the offense charged;

(f) An opinion as to whether the defendant should be evaluated by a designated crisis responder under chapter 71.05 RCW.

(4) The secretary may execute such agreements as appropriate and necessary to implement this section and may choose to designate more than one evaluator.

(5) In the event that a person remains in jail more than 21 days after service on the department of a court order to transport the person to a facility designated by the department for inpatient competency restoration treatment, upon the request of

any party and with notice to all parties, the department shall perform a competency to stand trial status check to determine if the circumstances of the person have changed such that the court should authorize an updated competency evaluation. The status update shall be provided to the parties and the court. Status updates may be provided at reasonable intervals.

(6) If a finding of the competency evaluation under this section or under RCW 10.77.084 is that the individual is not competent due to an intellectual or developmental disability, dementia, or traumatic brain injury, the evaluator shall notify the department, which shall refer the individual to the developmental disabilities administration or the aging and long-term support administration of the department for review of eligibility for services. The department shall inform the forensic navigator about availability of services.

(7) If the expert or professional person appointed to perform a competency evaluation in the community is not able to complete the evaluation after two attempts at scheduling with the defendant, the department shall submit a report to the court and parties and include a date and time for another evaluation which must be at least four weeks later. The court shall provide notice to the defendant of the date and time of the evaluation. If the defendant fails to appear at that appointment, the court shall recall the order for competency evaluation and may issue a warrant for the failure to appear.

Sec. 4. RCW 10.77.068 and 2022 c 288 s 3 are each amended to read as follows:

(1)(a) The legislature establishes a performance target of seven days or fewer to extend an offer of admission to a defendant in pretrial custody for inpatient competency evaluation or inpatient competency restoration services, when access to the services is legally authorized.

(b) The legislature establishes a performance target of 14 days or fewer for the following services related to competency to stand trial, when access to the services is legally authorized:

(i) To complete a competency evaluation in jail and distribute the evaluation report; and

(ii) To extend an offer of admission to a defendant ordered to be committed to ~~((a state hospital))~~ the department for placement in a facility operated by or contracted by the department following dismissal of charges based on incompetency to stand trial under RCW 10.77.086.

(c) The legislature establishes a performance target of 21 days or fewer to complete a competency evaluation in the community and distribute the evaluation report.

(2)(a) A maximum time limit of seven days as measured from the department's receipt of the court order, or a maximum time limit of 14 days as measured from signature of the court order, whichever is shorter, is established to complete the services specified in subsection (1)(a) of this section, subject to the limitations under subsection (9) of this section.

(b) A maximum time limit of 14 days as measured from the department's receipt of the court order, or a maximum time limit of 21 days as measured from signature of the court order, whichever is shorter, is established to complete the services specified in subsection (1)(b) of this section, subject to the limitations under subsection (9) of this section.

(3) The legislature recognizes that these targets may not be achievable in all cases, but intends for the department to manage, allocate, and request appropriations for resources in order to meet these targets whenever possible without sacrificing the accuracy and quality of competency services.

(4) It shall be a defense to an allegation that the department has exceeded the maximum time limits for completion of competency services described in subsection (2) of this section if the department can demonstrate by a preponderance of the evidence that the reason for exceeding the maximum time limits was outside of the department's control including, but not limited to, the following circumstances:

(a) Despite a timely request, the department has not received necessary medical information regarding the current medical status of a defendant;

(b) The individual circumstances of the defendant make accurate completion of an evaluation of competency to stand trial dependent upon review of mental health, substance use disorder, or medical history information which is in the custody of a third party and cannot be immediately obtained by the department, provided that completion shall not be postponed for procurement of information which is merely supplementary;

(c) Additional time is needed for the defendant to no longer show active signs and symptoms of impairment related to substance use so that an accurate evaluation may be completed;

(d) The defendant is medically unavailable for competency evaluation or admission to a facility for competency restoration;

(e) Completion of the referral requires additional time to accommodate the availability or participation of counsel, court personnel, interpreters, or the defendant;

(f) The defendant asserts legal rights that result in a delay in the provision of competency services; or

(g) An unusual spike in the receipt of evaluation referrals or in the number of defendants requiring restoration services has occurred, causing temporary delays until the unexpected excess demand for competency services can be resolved.

(5) The department shall provide written notice to the court when it will not be able to meet the maximum time limits under subsection (2) of this section and identify the reasons for the delay and provide a reasonable estimate of the time necessary to complete the competency service. Good cause for an extension for the additional time estimated by the department shall be presumed absent a written response from the court or a party received by the department within seven days.

(6) The department shall:

(a) Develop, document, and implement procedures to monitor the clinical status of defendants admitted to a state hospital for competency services that allow the state hospital to accomplish early discharge for defendants for whom clinical objectives have been achieved or may be achieved before expiration of the commitment period;

(b) Investigate the extent to which patients admitted to a state hospital under this chapter overstay time periods authorized by law and take reasonable steps to limit the time of commitment to authorized periods; and

(c) Establish written standards for the productivity of forensic evaluators and utilize these standards to internally review the performance of forensic evaluators.

(7) Following any quarter in which a state hospital has failed to meet one or more of the performance targets or maximum time limits under subsection (1) or (2) of this section, the department shall report to the executive and the legislature the extent of this deviation and describe any corrective action being taken to improve performance. This report shall be made publicly available. An average may be used to determine timeliness under this subsection.

(8) The department shall report annually to the legislature and the executive on the timeliness of services related to competency to stand trial and the timeliness with which court referrals accompanied by charging documents, discovery, and criminal history information are provided to the department relative to the signature date of the court order. The report must be in a form that is accessible to the public and that breaks down performance by county.

(9) This section does not create any new entitlement or cause of action related to the timeliness of competency to stand trial services, nor can it form the basis for contempt sanctions under chapter 7.21 RCW or a motion to dismiss criminal charges.

Sec. 5. RCW 10.77.074 and 2019 c 326 s 2 are each amended to read as follows:

(1) Subject to the limitations described in subsection (2) of this section, a court may appoint an impartial forensic navigator employed by or contracted by the department to assist individuals who have been referred for competency evaluation and shall appoint a forensic navigator in circumstances described under section 10 of this act.

(2) A forensic navigator must assist the individual to access services related to diversion and community outpatient competency restoration. The forensic navigator must assist the individual, prosecuting attorney, defense attorney, and the court to understand the options available to the individual and be accountable as an officer of the court for faithful execution of the responsibilities outlined in this section.

(3) The duties of the forensic navigator include, but are not limited to, the following:

(a) To collect relevant information about the individual, including behavioral health

services and supports available to the individual that might support placement in outpatient restoration, diversion, or some combination of these;

(b) To meet with, interview, and observe the individual;

(c) To assess the individual for appropriateness for assisted outpatient treatment under chapter 71.05 RCW;

~~(d)~~ To present information to the court in order to assist the court in understanding the treatment options available to the individual to support the entry of orders for diversion from the forensic mental health system or for community outpatient competency restoration, ((and)) to facilitate that transition; ((and

~~(d))~~ (e) To provide regular updates to the court and parties of the status of the individual's participation in diversion or outpatient services and be responsive to inquiries by the parties about treatment status;

~~(f)~~ When the individual is ordered to receive community outpatient restoration, to provide services to the individual including:

(i) Assisting the individual with attending appointments and classes relating to outpatient competency restoration;

(ii) Coordinating access to housing for the individual;

(iii) Meeting with the individual on a regular basis;

(iv) Providing information to the court concerning the individual's progress and compliance with court-ordered conditions of release, which may include appearing at court hearings to provide information to the court;

(v) Coordinating the individual's access to community case management services and mental health services;

(vi) Assisting the individual with obtaining prescribed medication and encouraging adherence with prescribed medication;

(vii) Assessing the individual for appropriateness for assisted outpatient treatment under chapter 71.05 RCW and coordinating the initiation of an assisted outpatient treatment order if appropriate;

~~(viii)~~ (viii) Planning for a coordinated transition of the individual to a case manager in the community behavioral health system;

~~((viii))~~ (ix) Attempting to follow-up with the individual to check whether the meeting with a community-based case manager took place;

~~((ix))~~ (x) When the individual is a high utilizer, attempting to connect the individual with high utilizer services; and

~~((x))~~ (xi) Attempting to check up on the individual at least once per month for up to sixty days after coordinated transition to community behavioral health services, without duplicating the services of the community-based case manager;

(g) If the individual is an American Indian or Alaska Native who receives medical, behavioral health, housing, or other supportive services from a tribe within this state, to notify and coordinate with the tribe and Indian health care provider. Notification shall be made in

person or by telephonic or electronic communication to the tribal contact listed in the authority's tribal crisis coordination plan as soon as possible.

(4) Forensic navigators may submit ~~((nonclinical))~~ recommendations to the court regarding treatment and restoration options for the individual, which the court may consider and weigh in conjunction with the recommendations of all of the parties.

(5) Forensic navigators shall be deemed officers of the court for the purpose of immunity from civil liability.

(6) The signed order for competency evaluation from the court shall serve as authority for the forensic navigator to be given access to all records held by a behavioral health, educational, or law enforcement agency or a correctional facility that relates to an individual. Information that is protected by state or federal law, including health information, shall not be entered into the court record without the consent of the individual or their defense attorney.

(7) Admissions made by the individual in the course of receiving services from the forensic navigator may not be used against the individual in the prosecution's case in chief.

(8) A court may not issue an order appointing a forensic navigator unless the department certifies that there is adequate forensic navigator capacity to provide these services at the time the order is issued.

Sec. 6. RCW 10.77.084 and 2016 sp.s. c 29 s 410 are each amended to read as follows:

(1)(a) If at any time during the pendency of an action and prior to judgment the court finds, following a report as provided in RCW 10.77.060, a defendant is incompetent, the court shall order the proceedings against the defendant be stayed except as provided in subsection (4) of this section. Beginning October 1, 2023, if the defendant is charged with a serious traffic offense under RCW 9.94A.030, or a felony version of a serious traffic offense, the court may order the clerk to transmit an order to the department of licensing for revocation of the defendant's driver's license for a period of one year.

(b) The court may order a defendant who has been found to be incompetent to undergo competency restoration treatment at a facility designated by the department if the defendant is eligible under RCW 10.77.086 or 10.77.088. At the end of each competency restoration period or at any time a professional person determines competency has been, or is unlikely to be, restored, the defendant shall be returned to court for a hearing, except that if the opinion of the professional person is that the defendant remains incompetent and the hearing is held before the expiration of the current competency restoration period, the parties may agree to waive the defendant's presence, to remote participation by the defendant at a hearing, or to presentation of an agreed order in lieu of a hearing. The facility shall promptly notify the court and all parties of the date on which the competency

restoration period commences and expires so that a timely hearing date may be scheduled.

(c) If, following notice and hearing or entry of an agreed order under (b) of this subsection, the court finds that competency has been restored, the court shall lift the stay entered under (a) of this subsection. If the court finds that competency has not been restored, the court shall dismiss the proceedings without prejudice, except that the court may order a further period of competency restoration treatment if it finds that further treatment within the time limits established by RCW 10.77.086 or 10.77.088 is likely to restore competency, and a further period of treatment is allowed under RCW 10.77.086 or 10.77.088.

(d) If at any time during the proceeding the court finds, following notice and hearing, a defendant is not likely to regain competency, the court shall dismiss the proceedings without prejudice and refer the defendant for civil commitment evaluation or proceedings if appropriate under RCW 10.77.065, 10.77.086, or 10.77.088.

(e) Beginning October 1, 2023, if the court issues an order directing revocation of the defendant's driver's license under (a) of this subsection, and the court subsequently finds that the defendant's competency has been restored, the court shall order the clerk to transmit an order to the department of licensing for reinstatement of the defendant's driver's license. The court may direct the clerk to transmit an order reinstating the defendant's driver's license before the end of one year for good cause upon the petition of the defendant.

(2) If the defendant is referred for evaluation by a designated crisis responder under this chapter, the designated crisis responder shall provide prompt written notification of the results of the evaluation and whether the person was detained. The notification shall be provided to the court in which the criminal action was pending, the prosecutor, the defense attorney in the criminal action, and the facility that evaluated the defendant for competency.

(3) The fact that the defendant is unfit to proceed does not preclude any pretrial proceedings which do not require the personal participation of the defendant.

(4) A defendant receiving medication for either physical or mental problems shall not be prohibited from standing trial, if the medication either enables the defendant to understand the proceedings against him or her and to assist in his or her own defense, or does not disable him or her from so understanding and assisting in his or her own defense.

(5) At or before the conclusion of any commitment period provided for by this section, the facility providing evaluation and treatment shall provide to the court a written report of evaluation which meets the requirements of RCW 10.77.060(3). For defendants charged with a felony, the report following the second competency restoration period or first competency restoration period if the defendant's incompetence is determined to be solely due to a developmental disability or the evaluator

concludes that the defendant is not likely to regain competency must include an assessment of the defendant's future dangerousness which is evidence-based regarding predictive validity.

Sec. 7. RCW 10.77.086 and 2022 c 288 s 4 are each amended to read as follows:

(1) If the defendant is charged with a felony and determined to be incompetent, until he or she has regained the competency necessary to understand the proceedings against him or her and assist in his or her own defense, but in any event for a period of no longer than 90 days, the court shall commit the defendant to the custody of the secretary for inpatient competency restoration, or may alternatively order the defendant to receive outpatient competency restoration based on a recommendation from a forensic navigator and input from the parties.

(a) To be eligible for an order for outpatient competency restoration, a defendant must be clinically appropriate and be willing to:

(i) Adhere to medications or receive prescribed intramuscular medication;

(ii) Abstain from alcohol and unprescribed drugs; and

(iii) Comply with urinalysis or breathalyzer monitoring if needed.

(b) If the court orders inpatient competency restoration, the department shall place the defendant in an appropriate facility of the department for competency restoration.

(c) If the court orders outpatient competency restoration, the court shall modify conditions of release as needed to authorize the department to place the person in approved housing, which may include access to supported housing, affiliated with a contracted outpatient competency restoration program. The department, in conjunction with the health care authority, must establish rules for conditions of participation in the outpatient competency restoration program, which must include the defendant being subject to medication management. The court may order regular urinalysis testing. The outpatient competency restoration program shall monitor the defendant during the defendant's placement in the program and report any noncompliance or significant changes with respect to the defendant to the department and, if applicable, the forensic navigator.

(d) If a defendant fails to comply with the restrictions of the outpatient restoration program such that restoration is no longer appropriate in that setting or the defendant is no longer clinically appropriate for outpatient competency restoration, the director of the outpatient competency restoration program shall notify the authority and the department of the need to terminate the outpatient competency restoration placement and intent to request placement for the defendant in an appropriate facility of the department for inpatient competency restoration. The outpatient competency restoration program shall coordinate with the authority, the department, and any law enforcement

personnel under (d)(i) of this subsection to ensure that the time period between termination and admission into the inpatient facility is as minimal as possible. The time period for inpatient competency restoration shall be reduced by the time period spent in active treatment within the outpatient competency restoration program, excluding time periods in which the defendant was absent from the program and all time from notice of termination of the outpatient competency restoration period through the defendant's admission to the facility. The department shall obtain a placement for the defendant within seven days of the notice of intent to terminate the outpatient competency restoration placement.

(i) The department may authorize a peace officer to detain the defendant into emergency custody for transport to the designated inpatient competency restoration facility. If medical clearance is required by the designated competency restoration facility before admission, the peace officer must transport the defendant to a crisis stabilization unit, evaluation and treatment facility, emergency department of a local hospital, or triage facility for medical clearance once a bed is available at the designated inpatient competency restoration facility. The signed outpatient competency restoration order of the court shall serve as authority for the detention of the defendant under this subsection. This subsection does not preclude voluntary transportation of the defendant to a facility for inpatient competency restoration or for medical clearance, or authorize admission of the defendant into jail.

(ii) The department shall notify the court and parties of the defendant's admission for inpatient competency restoration before the close of the next judicial day. The court shall schedule a hearing within five days to review the conditions of release of the defendant and anticipated release from treatment and issue appropriate orders.

(e) The court may not issue an order for outpatient competency restoration unless the department certifies that there is an available appropriate outpatient competency restoration program that has adequate space for the person at the time the order is issued or the court places the defendant under the guidance and control of a professional person identified in the court order.

(2) For a defendant whose highest charge is a class C felony, or a class B felony that is not classified as violent under RCW 9.94A.030, the maximum time allowed for the initial competency restoration period is 45 days if the defendant is referred for inpatient competency restoration, or 90 days if the defendant is referred for outpatient competency restoration, provided that if the outpatient competency restoration placement is terminated and the defendant is subsequently admitted to an inpatient facility, the period of inpatient treatment during the first competency restoration period under this subsection shall not exceed 45 days.

(3) If the court determines or the parties agree before the initial competency restoration period or at any subsequent stage of the proceedings that the defendant is unlikely to regain competency, the court may dismiss the charges without prejudice without ordering the defendant to undergo an initial or further period of competency restoration treatment, in which case the court shall order that the defendant be referred for evaluation for civil commitment in the manner provided in subsection (5) of this section.

(4) On or before expiration of the initial competency restoration period the court shall conduct a hearing to determine whether the defendant is now competent to stand trial. If the court finds by a preponderance of the evidence that the defendant is incompetent to stand trial, the court may order an extension of the competency restoration period for an additional period of 90 days, but the court must at the same time set a date for a new hearing to determine the defendant's competency to stand trial before the expiration of this second restoration period. The defendant, the defendant's attorney, and the prosecutor have the right to demand that the hearing be before a jury. No extension shall be ordered for a second or third competency restoration period if the defendant's incompetence has been determined by the secretary to be solely the result of a developmental disability which is such that competence is not reasonably likely to be regained during an extension.

(5) ~~((A+))~~ (a) Except as provided in (b) of this subsection, at the hearing upon the expiration of the second competency restoration period, or at the end of the first competency restoration period if the defendant is ineligible for a second or third competency restoration period under subsection (4) of this section, if the jury or court finds that the defendant is incompetent to stand trial, the court shall dismiss the charges without prejudice and order the defendant to be committed to ((a state hospital)) the department for placement in a facility operated or contracted by the department for up to 120 hours if the defendant has not undergone competency restoration services or has engaged in outpatient competency restoration services and up to 72 hours if the defendant engaged in inpatient competency restoration services starting from admission to the facility, excluding Saturdays, Sundays, and holidays, for evaluation for the purpose of filing a civil commitment petition under chapter 71.05 RCW. ((However, the)) If at the time the order to dismiss the charges without prejudice is entered by the court the defendant is already in a facility operated or contracted by the department, the 72-hour or 120-hour period shall instead begin upon department receipt of the court order.

(b) The court shall not dismiss the charges if the court or jury finds that: ((+)) (i) The defendant ((+)) (A) is a substantial danger to other persons; or ((+)) (B) presents a substantial likelihood of committing criminal acts jeopardizing public safety or security; and ((+)) (ii) there is a substantial

probability that the defendant will regain competency within a reasonable period of time. If the court or jury makes such a finding, the court may extend the period of commitment for up to an additional six months.

(6) Any period of competency restoration treatment under this section includes only the time the defendant is actually at the facility or is actively participating in an outpatient competency restoration program and is in addition to reasonable time for transport to or from the facility.

Sec. 8. RCW 10.77.086 and 2022 c 288 s 4 are each amended to read as follows:

(1) ~~((#))~~ (a) Except as otherwise provided in this section, if the defendant is charged with a felony and determined to be incompetent, until he or she has regained the competency necessary to understand the proceedings against him or her and assist in his or her own defense, but in any event for a period of no longer than 90 days, the court shall commit the defendant to the custody of the secretary for inpatient competency restoration, or may alternatively order the defendant to receive outpatient competency restoration based on a recommendation from a forensic navigator and input from the parties.

(b) For a defendant who is determined to be incompetent and whose highest charge is a class C felony other than assault in the third degree under RCW 9A.36.031(1) (d) or (f), felony physical control of a vehicle under RCW 46.61.504(6), felony hit and run resulting in injury under RCW 46.52.020(4) (b), a hate crime offense under RCW 9A.36.080, a class C felony with a domestic violence designation, a class C felony sex offense as defined in RCW 9.94A.030, or a class C felony with a sexual motivation allegation, the court shall first consider all available and appropriate alternatives to inpatient competency restoration. The court shall dismiss the proceedings without prejudice upon agreement of the parties if the forensic navigator has found an appropriate and available diversion program willing to accept the defendant.

(2)(a) To be eligible for an order for outpatient competency restoration, a defendant must be clinically appropriate and be willing to:

(i) Adhere to medications or receive prescribed intramuscular medication;
(ii) Abstain from alcohol and unprescribed drugs; and
(iii) Comply with urinalysis or breathalyzer monitoring if needed.

(b) If the court orders inpatient competency restoration, the department shall place the defendant in an appropriate facility of the department for competency restoration.

(c) If the court orders outpatient competency restoration, the court shall modify conditions of release as needed to authorize the department to place the person in approved housing, which may include access to supported housing, affiliated with a contracted outpatient competency restoration program. The department, in conjunction with the health care authority,

must establish rules for conditions of participation in the outpatient competency restoration program, which must include the defendant being subject to medication management. The court may order regular urinalysis testing. The outpatient competency restoration program shall monitor the defendant during the defendant's placement in the program and report any noncompliance or significant changes with respect to the defendant to the department and, if applicable, the forensic navigator.

(d) If a defendant fails to comply with the restrictions of the outpatient restoration program such that restoration is no longer appropriate in that setting or the defendant is no longer clinically appropriate for outpatient competency restoration, the director of the outpatient competency restoration program shall notify the authority and the department of the need to terminate the outpatient competency restoration placement and intent to request placement for the defendant in an appropriate facility of the department for inpatient competency restoration. The outpatient competency restoration program shall coordinate with the authority, the department, and any law enforcement personnel under (d)(i) of this subsection to ensure that the time period between termination and admission into the inpatient facility is as minimal as possible. The time period for inpatient competency restoration shall be reduced by the time period spent in active treatment within the outpatient competency restoration program, excluding time periods in which the defendant was absent from the program and all time from notice of termination of the outpatient competency restoration period through the defendant's admission to the facility. The department shall obtain a placement for the defendant within seven days of the notice of intent to terminate the outpatient competency restoration placement.

(i) The department may authorize a peace officer to detain the defendant into emergency custody for transport to the designated inpatient competency restoration facility. If medical clearance is required by the designated competency restoration facility before admission, the peace officer must transport the defendant to a crisis stabilization unit, evaluation and treatment facility, emergency department of a local hospital, or triage facility for medical clearance once a bed is available at the designated inpatient competency restoration facility. The signed outpatient competency restoration order of the court shall serve as authority for the detention of the defendant under this subsection. This subsection does not preclude voluntary transportation of the defendant to a facility for inpatient competency restoration or for medical clearance, or authorize admission of the defendant into jail.

(ii) The department shall notify the court and parties of the defendant's admission for inpatient competency restoration before the close of the next judicial day. The court shall schedule a hearing within five days to review the conditions of release of the defendant and

anticipated release from treatment and issue appropriate orders.

(e) The court may not issue an order for outpatient competency restoration unless the department certifies that there is an available appropriate outpatient competency restoration program that has adequate space for the person at the time the order is issued or the court places the defendant under the guidance and control of a professional person identified in the court order.

~~((2))~~ (3) For a defendant whose highest charge is a class C felony, or a class B felony that is not classified as violent under RCW 9.94A.030, the maximum time allowed for the initial competency restoration period is 45 days if the defendant is referred for inpatient competency restoration, or 90 days if the defendant is referred for outpatient competency restoration, provided that if the outpatient competency restoration placement is terminated and the defendant is subsequently admitted to an inpatient facility, the period of inpatient treatment during the first competency restoration period under this subsection shall not exceed 45 days.

~~((3))~~ (4) When any defendant whose highest charge is a class C felony other than assault in the third degree under RCW 9A.36.031(1) (d) or (f), felony physical control of a vehicle under RCW 46.61.504(6), felony hit and run resulting in injury under RCW 46.52.020(4)(b), a hate crime offense under RCW 9A.36.080, a class C felony with a domestic violence designation, a class C felony sex offense as defined in RCW 9.94A.030, or a class C felony with a sexual motivation allegation is admitted for inpatient competency restoration with an accompanying court order for involuntary medication under RCW 10.77.092, and the defendant is found not competent to stand trial following that period of competency restoration, the court shall dismiss the charges pursuant to subsection (7) of this section.

(5) If the court determines or the parties agree before the initial competency restoration period or at any subsequent stage of the proceedings that the defendant is unlikely to regain competency, the court may dismiss the charges without prejudice without ordering the defendant to undergo an initial or further period of competency restoration treatment, in which case the court shall order that the defendant be referred for evaluation for civil commitment in the manner provided in subsection ~~((5))~~ (7) of this section.

~~((4))~~ (6) On or before expiration of the initial competency restoration period the court shall conduct a hearing to determine whether the defendant is now competent to stand trial. If the court finds by a preponderance of the evidence that the defendant is incompetent to stand trial, the court may order an extension of the competency restoration period for an additional period of 90 days, but the court must at the same time set a date for a new hearing to determine the defendant's competency to stand trial before the expiration of this second restoration

period. The defendant, the defendant's attorney, and the prosecutor have the right to demand that the hearing be before a jury. No extension shall be ordered for a second or third competency restoration period if the defendant is ineligible for a subsequent competency restoration period under subsection (4) of this section or the defendant's incompetence has been determined by the secretary to be solely the result of ((a))an intellectual or developmental disability, dementia, or traumatic brain injury which is such that competence is not reasonably likely to be regained during an extension.

~~((5) At)~~ (7) (a) Except as provided in (b) of this subsection, at the hearing upon the expiration of the second competency restoration period, or at the end of the first competency restoration period if the defendant is ineligible for a second or third competency restoration period under subsection ((4)) (3) or (6) of this section, if the jury or court finds that the defendant is incompetent to stand trial, the court shall dismiss the charges without prejudice and order the defendant to be committed to ((a state hospital)) the department for placement in a facility operated or contracted by the department for up to 120 hours if the defendant has not undergone competency restoration services or has engaged in outpatient competency restoration services, and up to 72 hours if the defendant engaged in inpatient competency restoration services starting from admission to the facility, excluding Saturdays, Sundays, and holidays, for evaluation for the purpose of filing a civil commitment petition under chapter 71.05 RCW. ((However, the)) If at the time the order to dismiss the charges without prejudice is entered by the court the defendant is already in a facility operated or contracted by the department, the 72-hour or 120-hour period shall instead begin upon department receipt of the court order.

(b) The court shall not dismiss the charges if the defendant is eligible for a second or third competency restoration period under subsection (6) of this section and the court or jury finds that: ((a)) (i) The defendant ((i)) (A) is a substantial danger to other persons; or ((ii)) (B) presents a substantial likelihood of committing criminal acts jeopardizing public safety or security; and ((b)) (ii) there is a substantial probability that the defendant will regain competency within a reasonable period of time. If the court or jury makes such a finding, the court may extend the period of commitment for up to an additional six months.

~~((6))~~ (8) Any period of competency restoration treatment under this section includes only the time the defendant is actually at the facility or is actively participating in an outpatient competency restoration program and is in addition to reasonable time for transport to or from the facility.

Sec. 9. RCW 10.77.088 and 2022 c 288 s 5 are each amended to read as follows:

(1) If the defendant is charged with a nonfelony crime which is a serious offense as identified in RCW 10.77.092 and found by the court to be not competent, the court shall first consider all available and appropriate alternatives to inpatient competency restoration. If the parties agree that there is an appropriate diversion program available to accept the defendant, the court shall dismiss the proceedings without prejudice and refer the defendant to the recommended diversion program. If the parties do not agree that there is an appropriate diversion program available to accept the defendant, then the court:

(a) Shall dismiss the proceedings without prejudice and detain the defendant ((for sufficient time to allow the designated crisis responder to evaluate the defendant and consider initial detention proceedings under chapter 71.05 RCW)) pursuant to subsection (6) of this section, unless the prosecutor objects to the dismissal and provides notice of a motion for an order for competency restoration treatment, in which case the court shall schedule a hearing within seven days.

(b) At the hearing, the prosecuting attorney must establish that there is a compelling state interest to order competency restoration treatment for the defendant. The court may consider prior criminal history, prior history in treatment, prior history of violence, the quality and severity of the pending charges, any history that suggests whether competency restoration treatment is likely to be successful, in addition to the factors listed under RCW 10.77.092. If the defendant is subject to an order under chapter 71.05 RCW or proceedings under chapter 71.05 RCW have been initiated, there is a rebuttable presumption that there is no compelling state interest in ordering competency restoration treatment. If the prosecuting attorney proves by a preponderance of the evidence that there is a compelling state interest in ordering competency restoration treatment, then the court shall issue an order in accordance with subsection (2) of this section.

(2) (a) If a court finds pursuant to subsection (1) (b) of this section that there is a compelling state interest in pursuing competency restoration treatment, the court shall ((commit the defendant to the custody of the secretary for inpatient competency restoration, or may alternatively)) order the defendant to receive outpatient competency restoration ((based on a recommendation from a forensic navigator and input from the parties)) consistent with the recommendation of the forensic navigator, unless the court finds that an order for outpatient competency restoration is inappropriate considering the health and safety of the defendant and risks to public safety.

~~((a))~~ (b) To be eligible for an order for outpatient competency restoration, a defendant must be ((clinically appropriate and be)) willing to:

(i) Adhere to medications or receive prescribed intramuscular medication;

(ii) Abstain from alcohol and unprescribed drugs; and

(iii) Comply with urinalysis or breathalyzer monitoring if needed.

~~((b-))~~(c) If the court orders inpatient competency restoration, the department shall place the defendant in an appropriate facility of the department for competency restoration under subsection (3) of this section.

~~((e-))~~(d) If the court orders outpatient competency restoration, the court shall modify conditions of release as needed to authorize the department to place the person in approved housing, which may include access to supported housing, affiliated with a contracted outpatient competency restoration program. The department, in conjunction with the health care authority, must establish rules for conditions of participation in the outpatient competency restoration program, which must include the defendant being subject to medication management. The court may order regular urinalysis testing. The outpatient competency restoration program shall monitor the defendant during the defendant's placement in the program and report any noncompliance or significant changes with respect to the defendant to the department and, if applicable, the forensic navigator.

~~((d-))~~(e) If a defendant fails to comply with the restrictions of the outpatient competency restoration program such that restoration is no longer appropriate in that setting or the defendant is no longer clinically appropriate for outpatient competency restoration, the director of the outpatient competency restoration program shall notify the authority and the department of the need to terminate the outpatient competency restoration placement and intent to request placement for the defendant in an appropriate facility of the department for inpatient competency restoration. The outpatient competency restoration program shall coordinate with the authority, the department, and any law enforcement personnel under ~~((d-))~~(e)(i) of this subsection to ensure that the time period between termination and admission into the inpatient facility is as minimal as possible. The time period for inpatient competency restoration shall be reduced by the time period spent in active treatment within the outpatient competency restoration program, excluding time periods in which the defendant was absent from the program and all time from notice of termination of the outpatient competency restoration period through the defendant's admission to the facility. The department shall obtain a placement for the defendant within seven days of the notice of intent to terminate the outpatient competency restoration placement.

(i) The department may authorize a peace officer to detain the defendant into emergency custody for transport to the designated inpatient competency restoration facility. If medical clearance is required by the designated competency restoration facility before admission, the peace officer must transport the defendant to a crisis stabilization unit, evaluation and treatment facility, emergency department of a local hospital, or triage facility for medical clearance once a bed is available at the

designated inpatient competency restoration facility. The signed outpatient competency restoration order of the court shall serve as authority for the detention of the defendant under this subsection. This subsection does not preclude voluntary transportation of the defendant to a facility for inpatient competency restoration or for medical clearance, or authorize admission of the defendant into jail.

(ii) The department shall notify the court and parties of the defendant's admission for inpatient competency restoration before the close of the next judicial day. The court shall schedule a hearing within five days to review the conditions of release of the defendant and anticipated release from treatment and issue appropriate orders.

~~((e-))~~(f) The court may not issue an order for outpatient competency restoration unless the department certifies that there is an available appropriate outpatient restoration program that has adequate space for the person at the time the order is issued or the court places the defendant under the guidance and control of a professional person identified in the court order.

(g) If the court does not order the defendant to receive outpatient competency restoration under (a) of this subsection, the court shall commit the defendant to the department for placement in a facility operated or contracted by the department for inpatient competency restoration.

(3) The placement under subsection (2) of this section shall not exceed 29 days if the defendant is ordered to receive inpatient competency restoration, and shall not exceed 90 days if the defendant is ordered to receive outpatient competency restoration. The court may order any combination of this subsection, but the total period of inpatient competency restoration may not exceed 29 days.

(4) Beginning October 1, 2023, if the defendant is charged with a serious traffic offense under RCW 9.94A.030, the court may order the clerk to transmit an order to the department of licensing for revocation of the defendant's driver's license for a period of one year. The court shall direct the clerk to transmit an order to the department of licensing reinstating the defendant's driver's license if the defendant is subsequently restored to competency, and may do so at any time before the end of one year for good cause upon the petition of the defendant.

(5) If the court has determined or the parties agree that the defendant is unlikely to regain competency, the court may dismiss the charges without prejudice without ordering the defendant to undergo competency restoration treatment, in which case the court shall order that the defendant be referred for evaluation for civil commitment in the manner provided in subsection ~~((5-))~~(6) of this section.

~~((5-))~~(6) (a) If the proceedings are dismissed under RCW 10.77.084 and the defendant was on conditional release at the time of dismissal, the court shall order the designated crisis responder within that

county to evaluate the defendant pursuant to chapter 71.05 RCW. The evaluation may be conducted in any location chosen by the professional.

(b) If the defendant was in custody and not on conditional release at the time of dismissal, the defendant shall be detained and sent to an evaluation and treatment facility for up to 120 hours if the defendant has not undergone competency restoration services or has engaged in outpatient competency restoration services and up to 72 hours if the defendant engaged in inpatient competency restoration services, excluding Saturdays, Sundays, and holidays, for evaluation for purposes of filing a petition under chapter 71.05 RCW. The 120-hour or 72-hour period shall commence upon the next nonholiday weekday following the court order and shall run to the end of the last nonholiday weekday within the 120-hour or 72-hour period.

~~((6+))~~(7) If the defendant is charged with a nonfelony crime that is not a serious offense as defined in RCW 10.77.092 and found by the court to be not competent, the court may stay or dismiss proceedings and detain the defendant for sufficient time to allow the designated crisis responder to evaluate the defendant and consider initial detention proceedings under chapter 71.05 RCW. The court must give notice to all parties at least 24 hours before the dismissal of any proceeding under this subsection, and provide an opportunity for a hearing on whether to dismiss the proceedings.

~~((7+))~~(8) If at any time the court dismisses charges under subsections (1) through ~~((6+))~~(7) of this section, the court shall make a finding as to whether the defendant has a history of one or more violent acts. If the court so finds, the defendant is barred from the possession of firearms until a court restores his or her right to possess a firearm under RCW 9.41.047. The court shall state to the defendant and provide written notice that the defendant is barred from the possession of firearms and that the prohibition remains in effect until a court restores his or her right to possess a firearm under RCW 9.41.047.

~~((8+))~~(9) Any period of competency restoration treatment under this section includes only the time the defendant is actually at the facility or is actively participating in an outpatient competency restoration program and is in addition to reasonable time for transport to or from the facility.

NEW SECTION. Sec. 10. A new section is added to chapter 10.77 RCW to read as follows:

(1) In counties with a forensic navigator program, a forensic navigator shall:

(a) Meet, interview, and observe all defendants charged with a nonfelony, or a class C felony other than assault in the third degree under RCW 9A.36.031(1) (d) or (f), felony physical control of a vehicle under RCW 46.61.504(6), felony hit and run resulting in injury under RCW 46.52.020(4) (b), a hate crime offense under RCW

9A.36.080, a class C felony with a domestic violence designation, a class C felony sex offense as defined in RCW 9.94A.030, or a class C felony with a sexual motivation allegation, who have had two or more cases dismissed due to a finding of incompetency to stand trial in the preceding 24 months and who are at risk for a finding of incompetency under their current charge. The forensic navigator shall determine the defendants' willingness to engage with services under this section; and

(b) Provide a diversion program plan to the parties in each case that includes a recommendation for a diversion program to defense counsel and the prosecuting attorney. Services under a diversion program may include a referral for assisted outpatient treatment under chapter 71.05 RCW.

(2) The court shall dismiss the criminal charges upon agreement of the parties that the defendant has been accepted into the diversion program recommended by the forensic navigator.

(3) (a) For defendants charged with a nonfelony, the court may order the defendant to a diversion program if recommended by the forensic navigator. Upon engagement with the diversion program, the defense may move to dismiss the charges without prejudice. The court shall hold a hearing on this motion within 10 days. The court shall grant the defense motion if it finds by a preponderance of the evidence that the defendant is amenable to the services described in the diversion program and can safely receive services in the community.

(b) For defendants charged with a class C felony other than assault in the third degree under RCW 9A.36.031(1) (d) or (f), felony physical control of a vehicle under RCW 46.61.504(6), felony hit and run resulting in injury under RCW 46.52.020(4) (b), a hate crime offense under RCW 9A.36.080, a class C felony with a domestic violence designation, a class C felony sex offense as defined in RCW 9.94A.030, or a class C felony with a sexual motivation allegation, the defense may move for dismissal of the charges without prejudice if the defendant is currently subject to a civil commitment order under chapter 71.05 RCW. The court shall grant the defense motion upon confirmation of an available treatment plan under chapter 71.05 RCW.

(4) Individuals who are referred to a diversion program described in this section shall have a forensic navigator assigned to assist them for up to six months while engaging in the services described in the diversion program.

(5) Forensic navigators shall collaborate with available *Trueblood* settlement diversion programs if they are accessible in the geographic location where criminal charges are currently filed.

Sec. 11. RCW 10.77.092 and 2014 c 10 s 2 are each amended to read as follows:

(1) For purposes of determining whether a court may authorize involuntary medication for the purpose of competency restoration pursuant to RCW 10.77.084 and for maintaining the level of restoration in the

jail following the restoration period, a pending charge involving any one or more of the following crimes is a serious offense per se in the context of competency restoration:

(a) Any violent offense, sex offense, serious traffic offense, and most serious offense, as those terms are defined in RCW 9.94A.030;

(b) Any offense, except nonfelony counterfeiting offenses, included in crimes against persons in RCW 9.94A.411;

(c) Any offense contained in chapter 9.41 RCW (firearms and dangerous weapons);

(d) Any offense listed as domestic violence in RCW 10.99.020;

(e) Any offense listed as a harassment offense in chapter 9A.46 RCW, except for criminal trespass in the first or second degree;

(f) Any violation of chapter 69.50 RCW that is a class B felony; or

(g) Any city or county ordinance or statute that is equivalent to an offense referenced in this subsection.

(2) Any time a petition is filed seeking a court order authorizing the involuntary medication for purposes of competency restoration pursuant to RCW 10.77.084, the petition must also seek authorization to continue involuntary medication for purposes of maintaining the level of restoration in the jail or juvenile detention facility following the restoration period.

(3)(a) In a particular case, a court may determine that a pending charge not otherwise defined as serious by state or federal law or by a city or county ordinance is, nevertheless, a serious offense within the context of competency restoration treatment when the conduct in the charged offense falls within the standards established in (b) of this subsection.

(b) To determine that the particular case is a serious offense within the context of competency restoration, the court must consider the following factors and determine that one or more of the following factors creates a situation in which the offense is serious:

(i) The charge includes an allegation that the defendant actually inflicted bodily or emotional harm on another person or that the defendant created a reasonable apprehension of bodily or emotional harm to another;

(ii) The extent of the impact of the alleged offense on the basic human need for security of the citizens within the jurisdiction;

(iii) The number and nature of related charges pending against the defendant;

(iv) The length of potential confinement if the defendant is convicted; and

(v) The number of potential and actual victims or persons impacted by the defendant's alleged acts.

NEW SECTION. Sec. 12. A new section is added to chapter 10.77 RCW to read as follows:

(1) When an individual has a prescription for an antipsychotic, antidepressant, antiepileptic, or other drug prescribed to the individual to treat a serious mental

illness by a state hospital or other state facility or a behavioral health agency or other certified medical provider, and the individual is medically stable on the drug, a jail or juvenile detention facility shall continue prescribing the prescribed drug and may not require the substitution of a different drug in a given therapeutic class, except under the following circumstances:

(a) The substitution is for a generic version of a name brand drug and the generic version is chemically identical to the name brand drug; or

(b) The drug cannot be prescribed for reasons of drug recall or removal from the market, or medical evidence indicating no therapeutic effect of the drug.

(2) This section includes but is not limited to situations in which the individual returns to a jail or juvenile detention facility directly after undergoing treatment at a state hospital, behavioral health agency, outpatient competency restoration program, or prison.

(3) The department shall establish a program to reimburse jails and juvenile detention facilities for the costs of any drugs the jail or juvenile detention facility does not otherwise have available and must continue prescribing under this section.

NEW SECTION. Sec. 13. A new section is added to chapter 10.77 RCW to read as follows:

(1) Following a competency evaluation under RCW 10.77.060, individuals who are found not competent to stand trial and not restorable due to an intellectual or developmental disability, dementia, or traumatic brain injury, shall not be referred for competency restoration services.

(2) The department shall develop a process for connecting individuals who have been found not competent to stand trial due to an intellectual or developmental disability, dementia, or traumatic brain injury to available wraparound services and supports in community-based settings, which may include residential supports. The process shall include provisions for individuals who are current clients of the department's developmental disabilities administration or aging and long-term support administration and for individuals who are not current clients of the department.

(a) For current clients of the developmental disabilities administration and aging and long-term support administration, the department's assigned case manager shall:

(i) Coordinate with the individual's services providers to determine if the individual can return to the same or like services, or determine appropriate new community-based services. This shall include updating the individual's service plan and identifying and coordinating potential funding for any additional supports to stabilize the individual in community-based settings funded by the developmental disabilities administration or aging and long-term support administration so that the

individual does not lose existing services, including submitting any exceptions to rule for additional services;

(ii) Conduct a current service eligibility assessment and send referral packets to all community-based service providers for services for which the individual is eligible; and

(iii) Connect with the individual's assigned forensic navigator and determine if the individual is eligible for any diversion, supportive housing, or case management programs as a *Trueblood* class member, and assist the individual to access these services.

(b) For individuals who have not established eligibility for the department's support services, the department shall:

(i) Conduct an eligibility determination for services and send referral packets to service providers for all relevant community-based services for which the individual is eligible. This process must include identifying and coordinating funding for any additional supports that are needed to stabilize the individual in any community-based setting funded by the developmental disabilities administration or aging and long-term support administration, including submitting any necessary exceptions to rule for additional services; and

(ii) Connect with the individual's assigned forensic navigator and determine if the individual is eligible for any diversion, supportive housing, or case management programs as a *Trueblood* class member, if additional specialized services are available to supplement diversion program services, and assist the individual to access these services.

(3) The department shall offer to transition the individual in services either directly from the jail or as soon thereafter as may be practicable, without maintaining the individual at an inpatient facility for longer than is clinically necessary. Nothing in this subsection prohibits the department from returning the individual to their home or to another less restrictive setting if such setting is appropriate, which may include provision of supportive services to help the person maintain stability. The individual is not required to accept developmental disabilities administration, aging and long-term support administration, or other diversionary services as a condition of having the individual's criminal case dismissed without prejudice, provided the individual meets the criteria of subsection (1) of this section.

(4) Subject to the availability of funds appropriated for this specific purpose, the department shall develop a program for individuals who have been involved with the criminal justice system and who have been found under RCW 10.77.084 as incompetent to stand trial due to an intellectual or developmental disability, traumatic brain injury, or dementia and who do not meet criteria under other programs in this section. The program must involve wraparound services and housing supports appropriate to the needs of the individual. It is sufficient to meet the criteria for participation in this program if the

individual has recently been the subject of criminal charges and was found incompetent to stand trial due to an intellectual or developmental disability, traumatic brain injury, or dementia.

NEW SECTION. Sec. 14. The University of Washington shall implement a pilot project to provide short-term stabilization and transition support for individuals found incompetent to stand trial due to an intellectual or developmental disability who are or have been *Trueblood* class members. The project will be implemented in three phases, beginning December 1, 2023, using an interdisciplinary approach across various settings and overlapping with existing resources, including those available to *Trueblood* class members and services and supports they are eligible to receive from the department of social and health services. The department of social and health services shall collaborate with the University of Washington on this project, including assistance in identifying resources available to class members and determination of eligibility. By November 30, 2026, the University of Washington shall submit a report to the appropriate fiscal and policy committees of the legislature on the pilot project, including the pilot project's outcomes, data analysis, evaluation, and recommendations for improvement. In addition, the University of Washington shall report on the background of current and former *Trueblood* class members with intellectual and developmental disabilities. The department of social and health services shall share data as needed to assist in report development.

NEW SECTION. Sec. 15. Subject to the availability of funds appropriated for this specific purpose, the health care authority shall require the programs it contracts with to increase compensation for staff in outpatient competency restoration programs to provide compensation at competitive levels to improve recruitment and allow for the full implementation of outpatient competency restoration programs.

NEW SECTION. Sec. 16. A new section is added to chapter 10.77 RCW to read as follows:

An outpatient competency restoration program must include access to a prescriber.

NEW SECTION. Sec. 17. A new section is added to chapter 10.77 RCW to read as follows:

(1) Subject to the security and background investigation requirements of the jail, jails shall allow clinical intervention specialists to have access to individuals who are referred to receive services under this chapter and to all records relating to the health or conduct of the individual while incarcerated. Clinical intervention specialists shall support jail health services in providing direct services, enhanced oversight and monitoring of the behavioral health status of participating individuals. Clinical

intervention specialists shall work collaboratively with jail health services to ensure appropriate prescriptions, medication compliance monitoring, and access to supportive behavioral health services to the individuals. Clinical intervention specialists shall coordinate with forensic navigators and the department to assist forensic navigators in making recommendations for appropriate placements, which may include recommendations for participation in an outpatient competency restoration program or a diversion program designed for the needs of the individual. The clinical intervention specialist shall notify the department if a participating individual appears to have stabilized in their behavioral health such that a new competency evaluation is appropriate to reassess the individual's need for competency restoration treatment.

(2) The department shall establish a memorandum of understanding and any contracts needed with the jail to address the terms and conditions of allowing access to defendants and their records subject to the requirements of this section.

NEW SECTION. Sec. 18. A new section is added to chapter 10.77 RCW to read as follows:

The department shall collect data so that information can be retrieved based on unique individuals, their complete Washington criminal history and referrals for forensic services.

NEW SECTION. Sec. 19. A new section is added to chapter 10.77 RCW to read as follows:

(1) The department shall coordinate with cities, counties, hospitals, and other public and private entities to identify locations that may be commissioned or renovated for use in treating clients committed to the department for competency evaluation, competency restoration, civil conversion, or treatment following acquittal by reason of insanity.

(2) The department may provide capital grants to entities to accomplish the purposes described in subsection (1) of this section subject to provision of funding provided for this specific purpose.

Sec. 20. RCW 10.77.065 and 2019 c 325 s 5006 are each amended to read as follows:

(1)(a)(i) The expert conducting the evaluation shall provide his or her report and recommendation to the court in which the criminal proceeding is pending. For a competency evaluation of a defendant who is released from custody, if the evaluation cannot be completed within twenty-one days due to a lack of cooperation by the defendant, the evaluator shall notify the court that he or she is unable to complete the evaluation because of such lack of cooperation.

(ii) A copy of the report and recommendation shall be provided to the designated crisis responder, the prosecuting attorney, the defense attorney, and the professional person at the local

correctional facility where the defendant is being held, or if there is no professional person, to the person designated under (a)(iv) of this subsection. Upon request, the evaluator shall also provide copies of any source documents relevant to the evaluation to the designated crisis responder.

(iii) Any facility providing inpatient services related to competency shall discharge the defendant as soon as the facility determines that the defendant is competent to stand trial. Discharge shall not be postponed during the writing and distribution of the evaluation report. Distribution of an evaluation report by a facility providing inpatient services shall ordinarily be accomplished within two working days or less following the final evaluation of the defendant. If the defendant is discharged to the custody of a local correctional facility, the local correctional facility must continue the medication regimen prescribed by the facility, when clinically appropriate, unless the defendant refuses to cooperate with medication and an involuntary medication order by the court has not been entered.

(iv) If there is no professional person at the local correctional facility, the local correctional facility shall designate a professional person as defined in RCW 71.05.020 or, in cooperation with the behavioral health administrative services organization, a professional person at the behavioral health administrative services organization to receive the report and recommendation.

(v) Upon commencement of a defendant's evaluation in the local correctional facility, the local correctional facility must notify the evaluator of the name of the professional person, or person designated under (a)(iv) of this subsection, to receive the report and recommendation.

(b) If the evaluator concludes, under RCW 10.77.060(3)(f), the person should be evaluated by a designated crisis responder under chapter 71.05 RCW, the court shall order such evaluation be conducted prior to release from confinement when the person is acquitted or convicted and sentenced to confinement for twenty-four months or less, or when charges are dismissed pursuant to a finding of incompetent to stand trial.

(2) The designated crisis responder shall provide written notification within twenty-four hours of the results of the determination whether to commence proceedings under chapter 71.05 RCW. The notification shall be provided to the persons identified in subsection (1)(a) of this section.

(3) The prosecuting attorney shall provide a copy of the results of any proceedings commenced by the designated crisis responder under subsection (2) of this section to the secretary.

(4) A facility conducting a civil commitment evaluation under RCW 10.77.086((4)) (7) or 10.77.088((1)(c)-(ii)) (6)(b) that makes a determination to release the person instead of filing a civil commitment petition must provide written notice to the prosecutor and defense attorney at least twenty-four hours prior to

release. The notice may be given by email, facsimile, or other means reasonably likely to communicate the information immediately.

(5) The fact of admission and all information and records compiled, obtained, or maintained in the course of providing services under this chapter may also be disclosed to the courts solely to prevent the entry of any evaluation or treatment order that is inconsistent with any order entered under chapter 71.05 RCW.

Sec. 21. RCW 71.05.235 and 2020 c 302 s 36 are each amended to read as follows:

(1) If an individual is referred to a designated crisis responder under RCW 10.77.088(~~((2)(d)(i))~~)(6)(a), the designated crisis responder shall examine the individual within forty-eight hours. If the designated crisis responder determines it is not appropriate to detain the individual or petition for a ninety-day less restrictive alternative under RCW 71.05.230(4), that decision shall be immediately presented to the superior court for hearing. The court shall hold a hearing to consider the decision of the designated crisis responder not later than the next judicial day. At the hearing the superior court shall review the determination of the designated crisis responder and determine whether an order should be entered requiring the person to be evaluated at an evaluation and treatment facility. No person referred to an evaluation and treatment facility may be held at the facility longer than one hundred twenty hours.

(2) If an individual is placed in an evaluation and treatment facility under RCW 10.77.088(~~((2)(d)(ii))~~)(6)(b), a professional person shall evaluate the individual for purposes of determining whether to file a ninety-day inpatient or outpatient petition under this chapter. Before expiration of the one hundred twenty hour evaluation period authorized under RCW 10.77.088(~~((2)(d)(ii))~~)(6)(b), the professional person shall file a petition or, if the recommendation of the professional person is to release the individual, present his or her recommendation to the superior court of the county in which the criminal charge was dismissed. The superior court shall review the recommendation not later than forty-eight hours, excluding Saturdays, Sundays, and holidays, after the recommendation is presented. If the court rejects the recommendation to unconditionally release the individual, the court may order the individual detained at a designated evaluation and treatment facility for not more than a one hundred twenty hour evaluation and treatment period. If the evaluation and treatment facility files a ninety-day petition within the one hundred twenty hour period, the clerk shall set a hearing after the day of filing consistent with RCW 71.05.300. Upon the individual's first appearance in court after a petition has been filed, proceedings under RCW 71.05.310 and 71.05.320 shall commence. For an individual subject to this subsection, the professional person may directly file a petition for ninety-day inpatient or

outpatient treatment and no petition for initial detention or fourteen-day detention is required before such a petition may be filed.

(3) If a designated crisis responder or the professional person and prosecuting attorney for the county in which the criminal charge was dismissed or attorney general, as appropriate, stipulate that the individual does not present a likelihood of serious harm or is not gravely disabled, the hearing under this section is not required and the individual, if in custody, shall be released.

Sec. 22. RCW 71.05.280 and 2022 c 210 s 15 are each amended to read as follows:

At the expiration of the fourteen-day period of intensive treatment, a person may be committed for further treatment pursuant to RCW 71.05.320 if:

(1) Such person after having been taken into custody for evaluation and treatment has threatened, attempted, or inflicted: (a) Physical harm upon the person of another or himself or herself, or substantial damage upon the property of another, and (b) as a result of a behavioral health disorder presents a likelihood of serious harm; or

(2) Such person was taken into custody as a result of conduct in which he or she attempted or inflicted physical harm upon the person of another or himself or herself, or substantial damage upon the property of others, and continues to present, as a result of a behavioral health disorder, a likelihood of serious harm; or

(3) Such person has been determined to be incompetent and criminal charges have been dismissed pursuant to RCW 10.77.086(~~((4))~~)(7), and has committed acts constituting a felony, and as a result of a behavioral health disorder, presents a substantial likelihood of repeating similar acts.

(a) In any proceeding pursuant to this subsection it shall not be necessary to show intent, willfulness, or state of mind as an element of the crime;

(b) For any person subject to commitment under this subsection where the charge underlying the finding of incompetence is for a felony classified as violent under RCW 9.94A.030, the court shall determine whether the acts the person committed constitute a violent offense under RCW 9.94A.030; or

(4) Such person is gravely disabled.

Sec. 23. RCW 71.05.290 and 2022 c 210 s 16 are each amended to read as follows:

(1) At any time during a person's 14-day intensive treatment period, the professional person in charge of a treatment facility or his or her professional designee or the designated crisis responder may petition the superior court for an order requiring such person to undergo an additional period of treatment. Such petition must be based on one or more of the grounds set forth in RCW 71.05.280.

(2)(a)(i) The petition shall summarize the facts which support the need for further commitment and shall be supported by affidavits based on an examination of the patient and signed by:

(A) One physician, physician assistant, or psychiatric advanced registered nurse practitioner; and

(B) One physician, physician assistant, psychiatric advanced registered nurse practitioner, or mental health professional.

(ii) If the petition is for substance use disorder treatment, the petition may be signed by a substance use disorder professional instead of a mental health professional and by an advanced registered nurse practitioner instead of a psychiatric advanced registered nurse practitioner.

(b) The affidavits shall describe in detail the behavior of the detained person which supports the petition and shall explain what, if any, less restrictive treatments which are alternatives to detention are available to such person, and shall state the willingness of the affiant to testify to such facts in subsequent judicial proceedings under this chapter. If less restrictive alternative treatment is sought, the petition shall set forth any recommendations for less restrictive alternative treatment services.

(3) If a person has been determined to be incompetent pursuant to RCW 10.77.086((4)) (7), then the professional person in charge of the treatment facility or his or her professional designee or the designated crisis responder may directly file a petition for 180-day treatment under RCW 71.05.280(3), or for 90-day treatment under RCW 71.05.280 (1), (2), or (4). No petition for initial detention or 14-day detention is required before such a petition may be filed.

Sec. 24. RCW 71.05.300 and 2020 c 302 s 43 are each amended to read as follows:

(1) The petition for ninety day treatment shall be filed with the clerk of the superior court at least three days before expiration of the fourteen-day period of intensive treatment. The clerk shall set a trial setting date as provided in RCW 71.05.310 on the next judicial day after the date of filing the petition and notify the designated crisis responder. The designated crisis responder shall immediately notify the person detained, his or her attorney, if any, and his or her guardian or conservator, if any, the prosecuting attorney, and the behavioral health administrative services organization administrator, and provide a copy of the petition to such persons as soon as possible. The behavioral health administrative services organization administrator or designee may review the petition and may appear and testify at the full hearing on the petition.

(2) The attorney for the detained person shall advise him or her of his or her right to be represented by an attorney, his or her right to a jury trial, and, if the petition is for commitment for mental health treatment, his or her loss of firearm rights if involuntarily committed. If the detained person is not represented by an attorney, or is indigent or is unwilling to retain an attorney, the court shall immediately appoint an attorney to represent him or her. The court shall, if requested, appoint a reasonably available licensed physician,

physician assistant, psychiatric advanced registered nurse practitioner, psychologist, psychiatrist, or other professional person, designated by the detained person to examine and testify on behalf of the detained person.

(3) The court may, if requested, also appoint a professional person as defined in RCW 71.05.020 to seek less restrictive alternative courses of treatment and to testify on behalf of the detained person. In the case of a person with a developmental disability who has been determined to be incompetent pursuant to RCW 10.77.086((4)) (7), the appointed professional person under this section shall be a developmental disabilities professional.

Sec. 25. RCW 71.05.425 and 2021 c 264 s 19 are each amended to read as follows:

(1)(a) Except as provided in subsection (2) of this section, at the earliest possible date, and in no event later than thirty days before conditional release, final release, authorized leave under RCW 71.05.325(2), or transfer to a facility other than a state mental hospital, the superintendent shall send written notice of conditional release, release, authorized leave, or transfer of a person committed under RCW 71.05.280(3) or 71.05.320(4)(c) following dismissal of a sex, violent, or felony harassment offense pursuant to RCW 10.77.086((4)) (7) to the following:

(i) The chief of police of the city, if any, in which the person will reside;

(ii) The sheriff of the county in which the person will reside; and

(iii) The prosecuting attorney of the county in which the criminal charges against the committed person were dismissed.

(b) The same notice as required by (a) of this subsection shall be sent to the following, if such notice has been requested in writing about a specific person committed under RCW 71.05.280(3) or 71.05.320(4)(c) following dismissal of a sex, violent, or felony harassment offense pursuant to RCW 10.77.086((4)) (7):

(i) The victim of the sex, violent, or felony harassment offense that was dismissed pursuant to RCW 10.77.086((4)) (7) preceding commitment under RCW 71.05.280(3) or 71.05.320(4)(c) or the victim's next of kin if the crime was a homicide;

(ii) Any witnesses who testified against the person in any court proceedings;

(iii) Any person specified in writing by the prosecuting attorney. Information regarding victims, next of kin, or witnesses requesting the notice, information regarding any other person specified in writing by the prosecuting attorney to receive the notice, and the notice are confidential and shall not be available to the person committed under this chapter; and

(iv) The chief of police of the city, if any, and the sheriff of the county, if any, which had jurisdiction of the person on the date of the applicable offense.

(c) The thirty-day notice requirements contained in this subsection shall not apply to emergency medical transfers.

(d) The existence of the notice requirements in this subsection will not

require any extension of the release date in the event the release plan changes after notification.

(2) If a person committed under RCW 71.05.280(3) or 71.05.320(4)(c) following dismissal of a sex, violent, or felony harassment offense pursuant to RCW 10.77.086(~~((4))~~)(7) escapes, the superintendent shall immediately notify, by the most reasonable and expedient means available, the chief of police of the city and the sheriff of the county in which the person escaped and in which the person resided immediately before the person's arrest and the prosecuting attorney of the county in which the criminal charges against the committed person were dismissed. If previously requested, the superintendent shall also notify the witnesses and the victim of the sex, violent, or felony harassment offense that was dismissed pursuant to RCW 10.77.086(~~((4))~~)(7) preceding commitment under RCW 71.05.280(3) or 71.05.320(4) or the victim's next of kin if the crime was a homicide. In addition, the secretary shall also notify appropriate parties pursuant to RCW 70.02.230(2)(o). If the person is recaptured, the superintendent shall send notice to the persons designated in this subsection as soon as possible but in no event later than two working days after the department of social and health services learns of such recapture.

(3) If the victim, the victim's next of kin, or any witness is under the age of sixteen, the notice required by this section shall be sent to the parent or legal guardian of the child.

(4) The superintendent shall send the notices required by this chapter to the last address provided to the department of social and health services by the requesting party. The requesting party shall furnish the department of social and health services with a current address.

(5) For purposes of this section the following terms have the following meanings:

(a) "Violent offense" means a violent offense under RCW 9.94A.030;

(b) "Sex offense" means a sex offense under RCW 9.94A.030;

(c) "Next of kin" means a person's spouse, state registered domestic partner, parents, siblings, and children;

(d) "Felony harassment offense" means a crime of harassment as defined in RCW 9A.46.060 that is a felony.

Sec. 26. RCW 71.09.025 and 2009 c 409 s 2 are each amended to read as follows:

(1)(a) When it appears that a person may meet the criteria of a sexually violent predator as defined in RCW 71.09.020(~~((16))~~), the agency with jurisdiction shall refer the person in writing to the prosecuting attorney of the county in which an action under this chapter may be filed pursuant to RCW 71.09.030 and the attorney general, three months prior to:

(i) The anticipated release from total confinement of a person who has been convicted of a sexually violent offense;

(ii) The anticipated release from total confinement of a person found to have

committed a sexually violent offense as a juvenile;

(iii) Release of a person who has been charged with a sexually violent offense and who has been determined to be incompetent to stand trial pursuant to RCW 10.77.086(~~((4))~~)(7); or

(iv) Release of a person who has been found not guilty by reason of insanity of a sexually violent offense pursuant to RCW 10.77.020(3).

(b) The agency shall provide the prosecuting agency with all relevant information including but not limited to the following information:

(i) A complete copy of the institutional records compiled by the department of corrections relating to the person, and any such out-of-state department of corrections' records, if available;

(ii) A complete copy, if applicable, of any file compiled by the indeterminate sentence review board relating to the person;

(iii) All records relating to the psychological or psychiatric evaluation and/or treatment of the person;

(iv) A current record of all prior arrests and convictions, and full police case reports relating to those arrests and convictions; and

(v) A current mental health evaluation or mental health records review.

(c) The prosecuting agency has the authority, consistent with RCW 72.09.345(~~((3))~~)(4), to obtain all records relating to the person if the prosecuting agency deems such records are necessary to fulfill its duties under this chapter. The prosecuting agency may only disclose such records in the course of performing its duties pursuant to this chapter, unless otherwise authorized by law.

(d) The prosecuting agency has the authority to utilize the inquiry judge procedures of chapter 10.27 RCW prior to the filing of any action under this chapter to seek the issuance of compulsory process for the production of any records necessary for a determination of whether to seek the civil commitment of a person under this chapter. Any records obtained pursuant to this process may only be disclosed by the prosecuting agency in the course of performing its duties pursuant to this chapter, or unless otherwise authorized by law.

(2) The agency, its employees, and officials shall be immune from liability for any good-faith conduct under this section.

(3) As used in this section, "agency with jurisdiction" means that agency with the authority to direct the release of a person serving a sentence or term of confinement and includes the department of corrections, the indeterminate sentence review board, and the department of social and health services.

Sec. 27. RCW 71.09.030 and 2009 c 409 s 3 are each amended to read as follows:

(1) A petition may be filed alleging that a person is a sexually violent predator and stating sufficient facts to support such allegation when it appears that: (a) A

person who at any time previously has been convicted of a sexually violent offense is about to be released from total confinement; (b) a person found to have committed a sexually violent offense as a juvenile is about to be released from total confinement; (c) a person who has been charged with a sexually violent offense and who has been determined to be incompetent to stand trial is about to be released, or has been released, pursuant to RCW 10.77.086(~~((4+))~~) (7); (d) a person who has been found not guilty by reason of insanity of a sexually violent offense is about to be released, or has been released, pursuant to RCW 10.77.020(3), 10.77.110 (1) or (3), or 10.77.150; or (e) a person who at any time previously has been convicted of a sexually violent offense and has since been released from total confinement and has committed a recent overt act.

(2) The petition may be filed by:

(a) The prosecuting attorney of a county in which:

(i) The person has been charged or convicted with a sexually violent offense;

(ii) A recent overt act occurred involving a person covered under subsection (1)(e) of this section; or

(iii) The person committed a recent overt act, or was charged or convicted of a criminal offense that would qualify as a recent overt act, if the only sexually violent offense charge or conviction occurred in a jurisdiction other than Washington; or

(b) The attorney general, if requested by the county prosecuting attorney identified in (a) of this subsection. If the county prosecuting attorney requests that the attorney general file and prosecute a case under this chapter, then the county shall charge the attorney general only the fees, including filing and jury fees, that would be charged and paid by the county prosecuting attorney, if the county prosecuting attorney retained the case.

Sec. 28. RCW 71.09.060 and 2009 c 409 s 6 are each amended to read as follows:

(1) The court or jury shall determine whether, beyond a reasonable doubt, the person is a sexually violent predator. In determining whether or not the person would be likely to engage in predatory acts of sexual violence if not confined in a secure facility, the fact finder may consider only placement conditions and voluntary treatment options that would exist for the person if unconditionally released from detention on the sexually violent predator petition. The community protection program under RCW 71A.12.230 may not be considered as a placement condition or treatment option available to the person if unconditionally released from detention on a sexually violent predator petition. When the determination is made by a jury, the verdict must be unanimous.

If, on the date that the petition is filed, the person was living in the community after release from custody, the state must also prove beyond a reasonable doubt that the person had committed a recent overt act. If the state alleges that the

prior sexually violent offense that forms the basis for the petition for commitment was an act that was sexually motivated as provided in RCW 71.09.020(~~((15)(e))~~) (18)(c), the state must prove beyond a reasonable doubt that the alleged sexually violent act was sexually motivated as defined in RCW 9.94A.030.

If the court or jury determines that the person is a sexually violent predator, the person shall be committed to the custody of the department of social and health services for placement in a secure facility operated by the department of social and health services for control, care, and treatment until such time as: (a) The person's condition has so changed that the person no longer meets the definition of a sexually violent predator; or (b) conditional release to a less restrictive alternative as set forth in RCW 71.09.092 is in the best interest of the person and conditions can be imposed that would adequately protect the community.

If the court or unanimous jury decides that the state has not met its burden of proving that the person is a sexually violent predator, the court shall direct the person's release.

If the jury is unable to reach a unanimous verdict, the court shall declare a mistrial and set a retrial within forty-five days of the date of the mistrial unless the prosecuting agency earlier moves to dismiss the petition. The retrial may be continued upon the request of either party accompanied by a showing of good cause, or by the court on its own motion in the due administration of justice provided that the respondent will not be substantially prejudiced. In no event may the person be released from confinement prior to retrial or dismissal of the case.

(2) If the person charged with a sexually violent offense has been found incompetent to stand trial, and is about to be or has been released pursuant to RCW 10.77.086(~~((4+))~~) (7), and his or her commitment is sought pursuant to subsection (1) of this section, the court shall first hear evidence and determine whether the person did commit the act or acts charged if the court did not enter a finding prior to dismissal under RCW 10.77.086(~~((4+))~~) (7) that the person committed the act or acts charged. The hearing on this issue must comply with all the procedures specified in this section. In addition, the rules of evidence applicable in criminal cases shall apply, and all constitutional rights available to defendants at criminal trials, other than the right not to be tried while incompetent, shall apply. After hearing evidence on this issue, the court shall make specific findings on whether the person did commit the act or acts charged, the extent to which the person's incompetence or developmental disability affected the outcome of the hearing, including its effect on the person's ability to consult with and assist counsel and to testify on his or her own behalf, the extent to which the evidence could be reconstructed without the assistance of the person, and the strength of the prosecution's case. If, after the conclusion of the hearing on this issue, the court finds, beyond a reasonable doubt, that

the person did commit the act or acts charged, it shall enter a final order, appealable by the person, on that issue, and may proceed to consider whether the person should be committed pursuant to this section.

(3) Except as otherwise provided in this chapter, the state shall comply with RCW 10.77.220 while confining the person. During all court proceedings where the person is present, the person shall be detained in a secure facility. If the proceedings last more than one day, the person may be held in the county jail for the duration of the proceedings, except the person may be returned to the department's custody on weekends and court holidays if the court deems such a transfer feasible. The county shall be entitled to reimbursement for the cost of housing and transporting the person pursuant to rules adopted by the secretary. The department shall not place the person, even temporarily, in a facility on the grounds of any state mental facility or regional habilitation center because these institutions are insufficiently secure for this population.

(4) A court has jurisdiction to order a less restrictive alternative placement only after a hearing ordered pursuant to RCW 71.09.090 following initial commitment under this section and in accord with the provisions of this chapter.

NEW SECTION. Sec. 29. Sections 7 and 9 of this act are necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and take effect immediately.

NEW SECTION. Sec. 30. Section 7 of this act expires when section 8 of this act takes effect.

NEW SECTION. Sec. 31. Section 13 of this act takes effect December 1, 2023.

NEW SECTION. Sec. 32. If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2023, in the omnibus appropriations act, this act is null and void."
