# SELF-MALEDICTORY OATH

Shahram,

I suggest that the Oath be preceded by a brief explanation of its self-maledictory nature, based on Noah Webster's 1828 Dictionary definition below. Feel free to edit in any way. Let us know if there is anything else you need.

Anne

**OATH**, noun. A solemn affirmation or declaration, made with an appeal to God for the truth of what is affirmed. The appeal to God in an oath implies that the person imprecates His vengeance and renounces His favor if the declaration is false, or if the declaration is a promise, the person invokes the vengeance of God if he should fail to fulfill it. A false oath is called perjury. — Noah Webster's 1828 Dictionary

I, \_\_\_\_\_, having been elected as a delegate to represent my local Assembly / Committee of the Whole to the provisional Congress of \_\_\_\_\_, do solemnly swear an oath before God:

- To faithfully represent the interests of those who elected me  
AND
- To protect the confidentiality of all presentations, discussions, documents, and any other content of this meeting. I affirm that this oath binds me to refuse to disclose any information now or in the future for any reason whatsoever to which I shall be privy unless I am released by the Congressional leaders to do so AND
- To protect the persons and positions of all here gathered, particularly the elected Delegates at Large who serve in the existing civil body politic, so that their work to protect and promote liberty on behalf of us all is not impeded.

So help me God.

## **INTERVENTION GUIDELINES**

The approach is roughly as follows:

1. Establish Prayer Covering.
2. Research the facts on the ground. Verify and confirm.
3. Get commitment from the people directly affected by the Federal Government's unlawful actions. If no commitment, stay out but for fact finding and training. This includes local buy in and invitation.
4. Build a local coalition of elected officials, peace officers, legal experts, and grass roots leaders.
5. Create a strategy and plan of execution with well established goals and objectives that support the Vision of Restoring a God Honoring Constitutional Republic and Mission of resisting tyranny and reclaiming ground for liberty at the state and local level.
6. Begin building public support and training and educating the populace.
7. Establish a local Assembly if one does not exist with a Committee of Correspondence and Committee of Safety.
8. Create an overall accountability structure. Put any elements designated to participate in armed but peaceful response under civilian leadership. We all must be accountable to someone including and especially "leaders." There must be "unity of command" and a clear "chain of command."

**Civilian leadership over militia units is non-negotiable. Local citizens will characterize those coming in to help as "outsiders" trying to decide this situation for them through coercion and brute force. WE NEVER, EVER, SHOULD BE SEEN THAT WAY SINCE THAT IS EXACTLY WHAT TYRANNY IS AND WHAT WE ARE FIGHTING AS EMBODIED BY THE FEDERAL GOVERNMENT. A formal invitation is best. That said we should not get lost form over substance. The Founders left us a great template to follow and when followed it leads to lasting victory.**
