
**Comprehensive School
Health Reform, Interim
Leg. Task Force**

Friday
May 2, 2008
9:30 a.m.
Administrative Building Boardroom
200 North Bernard
Spokane WA

Agenda:

- I. **School Environmental Health** (9:30 – 11:30)
 - Panel: What environmental considerations related to school facilities affect the health of students and faculty and how do they impact learning?
 - Panel: What programs and standards have state agencies developed to promote a healthy school environment and how have they impacted school facilities?
 - Panel: How do different local authorities promote healthy school environments?

- II. **Facility Tour** (11:30 – 12:30) (MEMBERS AND STAFF ONLY)

- III. **Psycho-Social Issues Affecting Students** (with working lunch) (1:00 – 4:00)
 - Speaker: What are the social and emotional issues facing school age kids today and how are Washington public schools responding?
 - Speaker: Why the magnitude of mental health issues affecting kids requires a public health solution?
 - Speaker: How Spokane Public School District works with Regional Support Networks to provide mental health services to school age children?
 - Speaker: How one educational school district is implementing prevention programs in Spokane.

- IV. **Public Comment** (30 minutes)
