Please take action to provide a pension increase for PLAN 1 members. At age 78 I have increased mobility issues, which makes it impossible for me to continue as a substitute teacher. I counted on that extra money to get by. With the cost of living climbing monthly it is impossible to keep up. And please remember that my pension is based on wages I earned 25-40 years ago. During the 1980's we had many years with no pay raises at all, but were promised that we would be cared for in our old age with a good pension. Thank you.
