Calculated benefit units are staff units multiplied by the benefit allocation factors established in the collective bargaining agreement referenced in section 942 of this act. These factors are intended to adjust allocations so that, for the purpose of distributing insurance benefits, full-time equivalent employees may be calculated on the basis of 630 hours of work per year, with no individual employee counted as more than one full-time equivalent. The number of benefit units is determined as follows:

(a) The number of certificated staff units determined in subsections (2), (3), and (5) of this section multiplied by 1.02; and

(5)(a) Each project must have an investment plan that includes:

(i) An organizational chart of the project management team that identifies team members and their roles and responsibilities;

(B) Agency project team; and

(C) Quality assurance vendor, if applicable to the project.

(b) The dashboard must retain a roll up of the entire project cost, including all subprojects, that can display subproject detail. This includes coalition projects that are active.

(b) The dashboard must contain a statewide project technology budget roll up that includes each affected agency at the subproject level.

(e) The agency must consult with the contracting division of the department of enterprise services for a review of all contracts and agreements related to the project's information technology procurements.

(10) The office of the chief information officer must evaluate the project at each stage and certify whether the project is planned, managed, and meeting deliverable targets as defined in the project's approved technology budget and investment plan.

(11) The office of the chief information officer may suspend or terminate a project at any time if it determines that the project is not meeting or not expected to meet anticipated performance and technology outcomes. Once suspension or termination occurs, the agency shall unallot any unused funding and shall not make any expenditure for the project without the approval of the office of financial management. The office of the chief information officer must report on July 1 and December 1 each calendar year any suspension or termination of a project in the previous six month period to the legislative fiscal committees.

(12) The office of the chief information officer, in consultation with the office of financial management, may identify additional projects to be subject to this section, including projects that are not separately identified within an agency budget. (2) Until bonds are issued under RCW 43.99N.020, up to five million dollars per year beginning January 1, 1999, shall be used for the purposes of subsection (3)(b) of this section, all remaining moneys in the account shall be transferred to the public stadium authority, created under RCW 36.102.020, to be used for public stadium authority operations and development of the stadium and exhibition center.

(3) After bonds are issued under RCW 43.99N.020, all moneys in the stadium and exhibition center account shall be used exclusively for the following purposes in the following priority:

(b) An additional reserve amount not in excess of the expected average annual principal and interest requirements of bonds issued under RCW 43.99N.020 shall be accumulated and maintained in the account, subject to withdrawal by the state treasurer at any time if necessary to meet the requirements of (a)

(c) The balance, if any, shall be transferred to the youth athletic facility account under subsection (4) of this section.

Any revenues derived from the taxes authorized by RCW 36.38.010(5) and 36.38.040 or other amounts that if used as provided under (a) and (b) of this subsection would cause the loss of any tax exemption under federal law for interest on bonds issued under RCW 43.99N.020 shall be deposited in and used exclusively for the purposes of the youth athletic facility account and shall not be used, directly or indirectly, as a source of payment of principal of or interest on bonds issued under RCW 43.99N.020, or to replace or reimburse other funds used for that purpose.

In the 2009-2011 biennium, if there are not enough project applications submitted in a category within the account to meet the requirement of equal distribution of funds to each category, the director of the recreation and conservation office may distribute any remaining funds to other categories within the account. The director of the recreation and conservation office may expend up to one and one-half percent of the moneys deposited in the account created in this subsection for administrative purposes. During the 2021-2023 fiscal biennium, the legislature may appropriate moneys from the youth athletic facility account to support a task force to consider ways to improve equitable access to K-12 schools' fields and athletic facilities and local parks agency facilities with the goal of increasing physical activity for youth and families. thirty cents per gallon of motor vehicle fuel from August 1, 2015, through June 30, 2016; and (vii) thirty-four and nine-tenths cents per gallon of motor vehicle fuel from July 1, 2016, through June 30, 2031; and (b) beginning July 1, 2031, and thereafter, the state's motor vehicle fuel tax rate in existence at the time of the fuel purchase, less proper deductions for refunds and costs of collection as provided in RCW 46.68.090.

(2) The treasurer must place these funds in the general fund as follows:

(a) Thirty-six percent must be credited to the ORV and nonhighway vehicle account and administered by the department of natural resources solely for acquisition, planning, development, maintenance, and management of ORV, nonmotorized, and nonhighway road recreation facilities, and information programs and maintenance of nonhighway roads;

(b) Three and one-half percent must be credited to the ORV and nonhighway vehicle account and administered by the department of fish and wildlife solely for the acquisition, planning, development, maintenance, and management of ORV, nonmotorized, and nonhighway road recreation facilities and the maintenance of nonhighway roads;

(c) Two percent must be credited to the ORV and nonhighway vehicle account and administered by the parks and recreation commission solely for the acquisition, planning, development, maintenance, and management of ORV, nonmotorized, and nonhighway road recreation facilities; and

(d) Fifty-eight and one-half percent must be credited to the nonhighway and off-road vehicle activities program account to be administered by the board for planning, acquisition, development, maintenance, and management of ORV, nonmotorized, and nonhighway road recreation facilities and for education, information, and law enforcement programs. The funds under this subsection must be expended in accordance with the following limitations:

(i) Not more than thirty percent may be expended for education, information, and law enforcement programs under this chapter;

(ii) Not less than seventy percent may be expended for ORV, nonmotorized, and nonhighway road recreation facilities. Except as provided in (d)(iii) of this subsection, of this amount:

(A) Not less than thirty percent, together with the funds the board receives under RCW 46.68.045, may be expended for ORV recreation facilities;

(B) Not less than thirty percent may be expended for nonmotorized recreation facilities. Funds expended under this subsection (2)(d)(ii)(B) are known as Ira Spring outdoor recreation facilities funds; and

(C) Not less than thirty percent may be expended for nonhighway road recreation facilities;

(4) During the 2009-2011 fiscal biennium, the legislature may appropriate such amounts as reflect the excess fund balance in the NOVA account to the department of natural resources to install consistent off-road vehicle signage at department-managed recreation sites, and to implement the recreation opportunities on department-managed lands in the Reiter block and Ahtanum state forest, and to the state parks and recreation commission. The

legislature finds that the appropriation of funds from the NOVA account during the 2009-2011 fiscal biennium for maintenance and operation of state parks or to improve accessibility for boaters and off-road vehicle users at state parks will benefit boaters and off-road vehicle users and others who use nonhighway and nonmotorized recreational facilities. The appropriations under this subsection are not required to follow the specific distribution specified in subsection (2) of this section.

(5) During the 2021-2023 fiscal biennium, the legislature may appropriate moneys from the NOVA account to the department of natural resources to support programs that benefit ORV, nonhighway road and nonmotorized recreational facilities.

(7) Counties are encouraged to consider regional agreements and submit regional plans for the efficient delivery of treatment under this section.

(8) Moneys allocated under this section shall be used to supplement, not supplant, other federal, state, and local funds used for substance abuse treatment.

(9) If a region or county uses criminal justice treatment account funds to support a therapeutic court, the therapeutic court must allow the use of all medications approved by the federal food and drug administration for the treatment of opioid use disorder as deemed medically appropriate for a participant by a medical professional. If appropriate medication-assisted treatment resources are not available or accessible within the jurisdiction, the health care authority's designee for assistance must assist the court with acquiring the resource.

(10) Counties must meet the criteria established in RCW 2.30.030(3).

(11) The authority shall annually review and monitor the expenditures made by any county or group of counties that receives appropriated funds distributed under this section. Counties shall repay any funds that are not spent in accordance with the requirements of its contract with the authority.

Sec. 990. RCW 74.13.715 and 2020 c 33 s 2 are each amended to read as follows:

(1) Beginning September 1, 2020, the department shall contract with an external organization or organizations with experience serving youth or families receiving out-of-home care services to implement and operate the family connections program, which facilitates interaction between a parent of a child found to be

dependent pursuant to chapter 13.34 RCW and in out-of-home care and the individual with whom the child is placed.

(2) The external organization or organizations contracted to implement and operate the family connections program shall implement and operate the family connections program in one location west of the crest of the Cascade mountains, and one location east of the crest of the Cascade mountains.

(3) Families may be referred to the family connections program by a caseworker, an attorney, a guardian ad litem as defined in RCW 13.34.030, a parent ally, an office of public defense social worker, or the court.

(4) After receiving a referral, the family connections program shall determine whether an in-person meeting between a parent of a child found to be dependent pursuant to chapter 13.34 RCW and in out-of-home care and the individual with whom the child is placed is appropriate. If the family connections program determines that such a meeting is appropriate, the family connections program shall then determine whether:

(a) The parent of a child found to be dependent pursuant to chapter 13.34 RCW and in out-of-home care and the individual with whom the child is placed are willing to participate in an in-person meeting; and

(b) Safety concerns exist such that an in-person meeting should not occur.

(5) If the family connections program determines that an in-person meeting should occur following the analysis required by subsection (4) of this section, the family connections program shall provide a referral to the family connections program team. The family connections program team shall include a parent ally and an experienced caregiver. After receiving a referral, the family connections program team shall:

(a) Ensure that the parent ally contact the parent to prepare for an in-person meeting between the parent and caregiver;

(b) Ensure that the experienced caregiver contact the caregiver to prepare for an in-person meeting between the parent and caregiver;

(c) Convene an in-person meeting between the parent and caregiver; and

(d) Provide ongoing support to the parent and caregiver following the in-person meeting.

(6) If the family connections program determines that an in-person meeting should not occur following the analysis required under subsection (4) of this section, the family connections program team shall facilitate the exchange of information between the parent and caregiver in an appropriate manner that does not include an in-person meeting. The format of this exchange of information may include written messages, phone calls, or videoconferencing. The family connections program shall routinely reevaluate whether an in-person meeting should occur using the analysis required under subsection (4) of this section.

(7) The department shall collect data and measure outcomes for families engaging in the family connections program. By September 1, 2021, and in compliance with RCW 43.01.036, the department shall submit a report to the relevant committees of the legislature that details:

(a) Data collected for the family connections program;

(b) Outcomes for families engaging in the family connections program; and

(c) The department's plan on how to expand the family connections program statewide.

(8) The definitions in this subsection apply throughout this section:

(a) "Experienced caregiver" means:

(i) An individual who is or has received a foster-family home license pursuant to chapter 74.15 RCW or an equivalent license from another state; or

(ii) An individual who cared for a child who was removed from his or her parent pursuant to chapter 13.34 RCW and who has a kin relationship to that child pursuant to RCW 74.13.600.

(b) "Parent ally" has the same meaning as provided in RCW 2.70.060.

(9) This section expires June 30, (~~2022~~) 2023.

Sec. 991. RCW 74.46.485 and 2017 c 286 s 1 are each amended to read as follows:

(1) The legislature recognizes that staff and resources needed to adequately care for individuals with cognitive or behavioral impairments is not limited to support for activities of daily living. Therefore, the department shall:

(a) Employ the resource utilization group IV case mix classification methodology. The department shall use the fifty-seven group index maximizing model for the resource utilization group IV grouper version MDS 3.05, but in the 2021-2023 biennium the department may revise or update the (~~classification~~) methodology used to establish case mix classifications to reflect advances or refinements in resident assessment or classification, (~~subject to federal requirements~~) as made available by the federal government. The department may adjust by no more than thirteen percent the case mix index for resource utilization group categories beginning with PA1 through PB2 to any case mix index that aids in achieving the purpose and intent of RCW 74.39A.007 and cost-efficient care, excluding behaviors, and allowing for exceptions for limited placement options; and

(b) Implement minimum data set 3.0 under the authority of this section. The department must notify nursing home contractors twenty-eight days in advance the date of implementation of the minimum data set 3.0. In the notification, the department must identify for all semiannual rate settings following the date of minimum data set 3.0 implementation a previously established semiannual case mix adjustment established for the semiannual rate settings that will be used for semiannual case mix calculations in direct care until minimum data set 3.0 is fully implemented.

(2) The department is authorized to adjust upward the weights for resource utilization groups BA1-BB2 related to cognitive or behavioral health to ensure adequate access to appropriate levels of care.

(3) A default case mix group shall be established for cases in which the resident dies or is discharged for any purpose prior to completion of the resident's initial assessment. The default case mix group and case mix weight for these cases shall be designated by the department.

(4) A default case mix group may also be established for cases in which there is an untimely assessment for the resident. The default case mix group and case mix weight for these cases shall be designated by the department.

Sec. 992. RCW 74.46.501 and 2016 c 131 s 5 are each amended to read as follows:

(1) From individual case mix weights for the applicable quarter, the department shall determine two average case mix indexes for each medicaid nursing facility, one for all residents in the facility, known as the facility average case mix index, and one for medicaid residents, known as the medicaid average case mix index.

(2)(a) In calculating a facility's two average case mix indexes for each quarter, the department shall include all residents or medicaid residents, as applicable, who were physically in the facility during the quarter in question based on the resident assessment instrument completed by the facility and the

requirements and limitations for the instrument's completion and transmission (January 1st through March 31st, April 1st through June 30th, July 1st through September 30th, or October 1st through December 31st).

(b) The facility average case mix index shall exclude all default cases as defined in this chapter. However, the medicaid average case mix index shall include all default cases.

(3) Both the facility average and the medicaid average case mix indexes shall be determined by multiplying the case mix weight of each resident, or each medicaid resident, as applicable, by the number of days, as defined in this section and as applicable, the resident was at each particular case mix classification or group, and then averaging.

(4) In determining the number of days a resident is classified into a particular case mix group, the department shall determine a start date for calculating case mix grouping periods as specified by rule.

(5) The cutoff date for the department to use resident assessment data, for the purposes of calculating both the facility average and the medicaid average case mix indexes, and for establishing and updating a facility's direct care component rate, shall be one month and one day after the end of the quarter for which the resident assessment data applies.

(6)(a) Although the facility average and the medicaid average case mix indexes shall both be calculated quarterly, the cost-rebasing period facility average case mix index will be used throughout the applicable cost-rebasing period in combination with cost report data as specified by RCW 74.46.561, to establish a facility's allowable cost per case mix unit. To allow for the transition to minimum data set 3.0 and implementation of resource utilization group IV for July 1, 2015, through June 30, 2016, the department shall calculate rates using the medicaid average case mix scores effective for January 1, 2015, rates adjusted under RCW 74.46.485(1)(a), and the scores shall be increased each six months during the transition period by one-half of one percent. The July 1, 2016, direct care cost per case mix unit shall be calculated by utilizing 2014 direct care costs, patient days, and 2014 facility average case mix indexes based on the minimum data set 3.0 resource utilization group IV grouper 57. Otherwise, a facility's medicaid average case mix index shall be used to update a nursing facility's direct care component rate semiannually.

(b) (~~The~~) Except during the 2021-2023 fiscal biennium, the facility average case mix index used to establish each nursing facility's direct care component rate shall be based on an average of calendar quarters of the facility's average case mix indexes from the four calendar quarters occurring during the cost report period used to rebase the direct care component rate allocations as specified in RCW 74.46.561.

(c) (~~The~~) Except during the 2021-2023 fiscal biennium, the medicaid average case mix index used to update or recalibrate a nursing facility's direct care component rate semiannually shall be from the calendar six-month period commencing nine months prior to the effective date of the semiannual rate. For example, July 1, 2010, through December 31, 2010, direct care component rates shall utilize case mix averages from the October 1, 2009, through March 31, 2010, calendar quarters, and so forth.

(d) The department shall establish a methodology to use the case mix to set the direct care component in the 2021-2023 fiscal biennium.

Sec. 993. RCW 74.46.561 and 2020 c 357 s 918 are each amended to read as follows:

(1) The legislature adopts a new system for establishing nursing home payment rates beginning July 1, 2016. Any payments to nursing homes for services provided after June 30, 2016, must be based on the new system. The new system must be

ONE HUNDRED FIFTH DAY, APRIL 25, 2021

2021 REGULAR SESSION

designed in such a manner as to decrease administrative complexity associated with the payment methodology, reward nursing homes providing care for high acuity residents, incentivize quality care for residents of nursing homes, and establish minimum staffing standards for direct care.

(2) The new system must be based primarily on industry-wide costs, and have three main components: Direct care, indirect care, and capital.

(3) The direct care component must include the direct care and therapy care components of the previous system, along with food, laundry, and dietary services. Direct care must be paid at a fixed rate, based on one hundred percent or greater of statewide case mix neutral median costs, but for fiscal year 2023 shall be ((set)) capped so that a nursing home provider's direct care rate does not exceed one hundred (~~eighteen~~) thirty percent of its base year's direct care allowable costs except if the provider is below the minimum staffing standard established in RCW 74.42.360(2). The legislature intends to remove the cap on direct care rates by June 30, 2027. Direct care must be performance-adjusted for acuity every six months, using case mix principles. Direct care must be regionally adjusted using countywide wage index information available through the United States department of labor's bureau of labor statistics. There is no minimum occupancy for direct care. The direct care component rate allocations calculated in accordance with this section must be adjusted to the extent necessary to comply with RCW 74.46.421.

(4) The indirect care component must include the elements of administrative expenses, maintenance costs, and housekeeping services from the previous system. A minimum occupancy assumption of ninety percent must be applied to indirect care. Indirect care must be paid at a fixed rate, based on ninety percent or greater of statewide median costs. The indirect care component rate allocations calculated in accordance with this section must be adjusted to the extent necessary to comply with RCW 74.46.421.

(5) The capital component must use a fair market rental system to set a price per bed. The capital component must be adjusted for the age of the facility, and must use a minimum occupancy assumption of ninety percent.

(a) Beginning July 1, 2016, the fair rental rate allocation for each facility must be determined by multiplying the allowable nursing home square footage in (c) of this subsection by the RSMean rental rate in (d) of this subsection and by the number of licensed beds yielding the gross unadjusted building value. An equipment allowance of ten percent must be added to the unadjusted building value. The sum of the unadjusted building value and equipment allowance must then be reduced by the average age of the facility as determined by (e) of this subsection using a depreciation rate of one and one-half percent. The depreciated building and equipment plus land valued at ten percent of the gross unadjusted building value before depreciation must then be multiplied by the rental rate at seven and one-half percent to yield an allowable fair rental value for the land, building, and equipment.

(b) The fair rental value determined in (a) of this subsection must be divided by the greater of the actual total facility census from the prior full calendar year or imputed census based on the number of licensed beds at ninety percent occupancy.

(c) For the rate year beginning July 1, 2016, all facilities must be reimbursed using four hundred square feet. For the rate year beginning July 1, 2017, allowable nursing facility square footage must be determined using the total nursing facility square footage as reported on the medicaid cost reports submitted to the department in compliance with this chapter. The maximum allowable square feet per bed may not exceed four hundred fifty.

(d) Each facility must be paid at eighty-three percent or greater of the median nursing facility RSMean construction index value per square foot. The department may use updated RSMean construction index information when more recent square footage data becomes available. The statewide value per square foot must be indexed based on facility zip code by multiplying the statewide value per square foot times the appropriate zip code based index. For the purpose of implementing this section, the value per square foot effective July 1, 2016, must be set so that the weighted average fair rental value rate is not less than ten dollars and eighty cents per patient day. The capital component rate allocations calculated in accordance with this section must be adjusted to the extent necessary to comply with RCW 74.46.421.

(e) The average age is the actual facility age reduced for significant renovations. Significant renovations are defined as those renovations that exceed two thousand dollars per bed in a calendar year as reported on the annual cost report submitted in accordance with this chapter. For the rate beginning July 1, 2016, the department shall use renovation data back to 1994 as submitted on facility cost reports. Beginning July 1, 2016, facility ages must be reduced in future years if the value of the renovation completed in any year exceeds two thousand dollars times the number of licensed beds. The cost of the renovation must be divided by the accumulated depreciation per bed in the year of the renovation to determine the equivalent number of new replacement beds. The new age for the facility is a weighted average with the replacement bed equivalents reflecting an age of zero and the existing licensed beds, minus the new bed equivalents, reflecting their age in the year of the renovation. At no time may the depreciated age be less than zero or greater than forty-four years.

(f) A nursing facility's capital component rate allocation must be rebased annually, effective July 1, 2016, in accordance with this section and this chapter.

(g) For the purposes of this subsection (5), "RSMean" means building construction costs data as published by Gordian.

(6) A quality incentive must be offered as a rate enhancement beginning July 1, 2016.

(a) An enhancement no larger than five percent and no less than one percent of the statewide average daily rate must be paid to facilities that meet or exceed the standard established for the quality incentive. All providers must have the opportunity to earn the full quality incentive payment.

(b) The quality incentive component must be determined by calculating an overall facility quality score composed of four to six quality measures. For fiscal year 2017 there shall be four quality measures, and for fiscal year 2018 there shall be six quality measures. Initially, the quality incentive component must be based on minimum data set quality measures for the percentage of long-stay residents who self-report moderate to severe pain, the percentage of high-risk long-stay residents with pressure ulcers, the percentage of long-stay residents experiencing one or more falls with major injury, and the percentage of long-stay residents with a urinary tract infection. Quality measures must be reviewed on an annual basis by a stakeholder work group established by the department. Upon review, quality measures may be added or changed. The department may risk adjust individual quality measures as it deems appropriate.

(c) The facility quality score must be point based, using at a minimum the facility's most recent available three-quarter average centers for medicare and medicaid services quality data. Point thresholds for each quality measure must be established using the corresponding statistical values for the quality measure point determinants of eighty quality measure points, sixty quality measure points, forty quality measure points, and twenty quality

measure points, identified in the most recent available five-star quality rating system technical user's guide published by the ~~(centers))~~ centers for medicare and medicaid services.

(d) Facilities meeting or exceeding the highest performance threshold (top level) for a quality measure receive twenty-five points. Facilities meeting the second highest performance threshold receive twenty points. Facilities meeting the third level of performance threshold receive fifteen points. Facilities in the bottom performance threshold level receive no points. Points from all quality measures must then be summed into a single aggregate quality score for each facility.

(e) Facilities receiving an aggregate quality score of eighty percent of the overall available total score or higher must be placed in the highest tier (tier V), facilities receiving an aggregate score of between seventy and seventy-nine percent of the overall available total score must be placed in the second highest tier (tier IV), facilities receiving an aggregate score of between sixty and sixty-nine percent of the overall available total score must be placed in the third highest tier (tier III), facilities receiving an aggregate score of between fifty and fifty-nine percent of the overall available total score must be placed in the fourth highest tier (tier II), and facilities receiving less than fifty percent of the overall available total score must be placed in the lowest tier (tier I).

(f) The tier system must be used to determine the amount of each facility's per patient day quality incentive component. The per patient day quality incentive component for tier IV is seventy-five percent of the per patient day quality incentive component for tier V, the per patient day quality incentive component for tier III is fifty percent of the per patient day quality incentive component for tier V, and the per patient day quality incentive component for tier II is twenty-five percent of the per patient day quality incentive component for tier V. Facilities in tier I receive no quality incentive component.

(g) Tier system payments must be set in a manner that ensures that the entire biennial appropriation for the quality incentive program is allocated.

(h) Facilities with insufficient three-quarter average centers for medicare and medicaid services quality data must be assigned to the tier corresponding to their five-star quality rating. Facilities with a five-star quality rating must be assigned to the highest tier (tier V) and facilities with a one-star quality rating must be assigned to the lowest tier (tier I). The use of a facility's five-star quality rating shall only occur in the case of insufficient centers for medicare and medicaid services minimum data set information.

(i) The quality incentive rates must be adjusted semiannually on July 1 and January 1 of each year using, at a minimum, the most recent available three-quarter average centers for medicare and medicaid services quality data.

(j) Beginning July 1, 2017, the percentage of short-stay residents who newly received an antipsychotic medication must be added as a quality measure. The department must determine the quality incentive thresholds for this quality measure in a manner consistent with those outlined in (b) through (h) of this subsection using the centers for medicare and medicaid services quality data.

(k) Beginning July 1, 2017, the percentage of direct care staff turnover must be added as a quality measure using the centers for medicare and medicaid services' payroll-based journal and nursing home facility payroll data. Turnover is defined as an employee departure. The department must determine the quality incentive thresholds for this quality measure using data from the centers for medicare and medicaid services' payroll-based journal, unless such data is not available, in which case the

department shall use direct care staffing turnover data from the most recent medicaid cost report.

(7) Reimbursement of the safety net assessment imposed by chapter 74.48 RCW and paid in relation to medicaid residents must be continued.

(8)(a) The direct care and indirect care components must be rebased in even-numbered years, beginning with rates paid on July 1, 2016. Rates paid on July 1, 2016, must be based on the 2014 calendar year cost report. On a percentage basis, after rebasing, the department must confirm that the statewide average daily rate has increased at least as much as the average rate of inflation, as determined by the skilled nursing facility market basket index published by the centers for medicare and medicaid services, or a comparable index. If after rebasing, the percentage increase to the statewide average daily rate is less than the average rate of inflation for the same time period, the department is authorized to increase rates by the difference between the percentage increase after rebasing and the average rate of inflation.

(b) It is the intention of the legislature that direct and indirect care rates paid in fiscal year 2022 will be rebased using the calendar year 2019 cost reports. For fiscal year 2021, in addition to the rates generated by (a) of this subsection, an additional adjustment is provided as established in this subsection (8)(b). Beginning May 1, 2020, and through June 30, 2021, the calendar year costs must be adjusted for inflation by a twenty-four month consumer price index, based on the most recently available monthly index for all urban consumers, as published by the bureau of labor statistics. It is also the intent of the legislature that, starting in fiscal year 2022, a facility-specific rate add-on equal to the inflation adjustment that facilities received solely in fiscal year 2021, must be added to the rate.

(c) To determine the necessity of regular inflationary adjustments to the nursing facility rates, by December 1, 2020, the department shall provide the appropriate policy and fiscal committees of the legislature with a report that provides a review of rates paid in 2017, 2018, and 2019 in comparison to costs incurred by nursing facilities.

(9) The direct care component provided in subsection (3) of this section is subject to the reconciliation and settlement process provided in RCW 74.46.022(6). Beginning July 1, 2016, pursuant to rules established by the department, funds that are received through the reconciliation and settlement process provided in RCW 74.46.022(6) must be used for technical assistance, specialized training, or an increase to the quality enhancement established in subsection (6) of this section. The legislature intends to review the utility of maintaining the reconciliation and settlement process under a price-based payment methodology, and may discontinue the reconciliation and settlement process after the 2017-2019 fiscal biennium.

(10) Compared to the rate in effect June 30, 2016, including all cost components and rate add-ons, no facility may receive a rate reduction of more than one percent on July 1, 2016, more than two percent on July 1, 2017, or more than five percent on July 1, 2018. To ensure that the appropriation for nursing homes remains cost neutral, the department is authorized to cap the rate increase for facilities in fiscal years 2017, 2018, and 2019.

Sec. 994. RCW 79.64.040 and 2019 c 415 s 984 are each amended to read as follows:

(1) The board shall determine the amount deemed necessary in order to achieve the purposes of this chapter and shall provide by rule for the deduction of this amount from the moneys received from all leases, sales, contracts, licenses, permits, easements, and rights-of-way issued by the department and affecting state lands and aquatic lands, except as provided in RCW 79.64.130,

ONE HUNDRED FIFTH DAY, APRIL 25, 2021

2021 REGULAR SESSION

provided that no deduction shall be made from the proceeds from agricultural college lands.

(2) Moneys received as deposits from successful bidders, advance payments, and security under RCW 79.15.100, 79.15.080, and 79.11.150 prior to December 1, 1981, which have not been subjected to deduction under this section are not subject to deduction under this section.

(3) Except as otherwise provided in subsection (5) of this section, the deductions authorized under this section shall not exceed twenty-five percent of the moneys received by the department in connection with any one transaction pertaining to state lands and aquatic lands other than second-class tide and shore lands and the beds of navigable waters, and fifty percent of the moneys received by the department pertaining to second-class tide and shore lands and the beds of navigable waters.

(4) In the event that the department sells logs using the contract harvesting process described in RCW 79.15.500 through 79.15.530, the moneys received subject to this section are the net proceeds from the contract harvesting sale.

(5) During the 2015-2017, 2017-2019, ~~((and))~~ 2019-2021, and 2021-2023 fiscal biennia, the board may increase the twenty-five percent limitation up to thirty-two percent.

Sec. 995. RCW 79.64.110 and 2019 c 415 s 985 and 2019 c 309 s 1 are each reenacted and amended to read as follows:

(1) Any moneys derived from the lease of state forestlands or from the sale of valuable materials, oils, gases, coal, minerals, or fossils from those lands, except as provided in RCW 79.64.130, or the appraised value of these resources when transferred to a public agency under RCW 79.22.060, except as provided in RCW 79.22.060(4), must be distributed as follows:

(a) For state forestlands acquired through RCW 79.22.040 or by exchange for lands acquired through RCW 79.22.040:

(i) The expense incurred by the state for administration, reforestation, and protection, not to exceed twenty-five percent, which rate of percentage shall be determined by the board, must be returned to the forest development account created in RCW 79.64.100. During the 2017-2019 ~~((and))~~, 2019-2021, and 2021-2023 fiscal biennia, the board may increase the twenty-five percent limitation up to twenty-seven percent.

(ii) Any balance remaining must be paid to the county in which the land is located or, for counties participating in a land pool created under RCW 79.22.140, to each participating county proportionate to its contribution of asset value to the land pool as determined by the board. Payments made under this subsection are to be paid, distributed, and prorated, except as otherwise provided in this section, to the various funds in the same manner as general taxes are paid and distributed during the year of payment. However, in order to test county flexibility in distributing state forestland revenue, a county may in its discretion pay, distribute, and prorate payments made under this subsection of moneys derived from state forestlands acquired by exchange between July 28, 2019, and June 30, 2020, for lands acquired through RCW 79.22.040, within the same county, in the same manner as general taxes are paid and distributed during the year of payment for the former state forestlands that were subject to the exchange.

(iii) Any balance remaining, paid to a county with a population of less than sixteen thousand, must first be applied to the reduction of any indebtedness existing in the current expense fund of the county during the year of payment.

(iv) With regard to moneys remaining under this subsection (1)(a), within seven working days of receipt of these moneys, the department shall certify to the state treasurer the amounts to be distributed to the counties. The state treasurer shall distribute

funds to the counties four times per month, with no more than ten days between each payment date.

(b) For state forestlands acquired through RCW 79.22.010 or by exchange for lands acquired through RCW 79.22.010, except as provided in RCW 79.64.120:

(i) Fifty percent shall be placed in the forest development account.

(ii) Fifty percent shall be prorated and distributed to the state general fund, to be dedicated for the benefit of the public schools, to the county in which the land is located or, for counties participating in a land pool created under RCW 79.22.140, to each participating county proportionate to its contribution of asset value to the land pool as determined by the board, and according to the relative proportions of tax levies of all taxing districts in the county. The portion to be distributed to the state general fund shall be based on the regular school levy rate under RCW 84.52.065 (1) and (2) and the levy rate for any maintenance and operation special school levies. With regard to the portion to be distributed to the counties, the department shall certify to the state treasurer the amounts to be distributed within seven working days of receipt of the money. The state treasurer shall distribute funds to the counties four times per month, with no more than ten days between each payment date. The money distributed to the county must be paid, distributed, and prorated to the various other funds in the same manner as general taxes are paid and distributed during the year of payment.

(2) A school district may transfer amounts deposited in its debt service fund pursuant to this section into its capital projects fund as authorized in RCW 28A.320.330.

Sec. 996. RCW 79.105.150 and 2019 c 415 s 986 are each amended to read as follows:

(1) After deduction for management costs as provided in RCW 79.64.040 and payments to towns under RCW 79.115.150(2), all moneys received by the state from the sale or lease of state-owned aquatic lands and from the sale of valuable material from state-owned aquatic lands shall be deposited in the aquatic lands enhancement account which is hereby created in the state treasury. After appropriation, these funds shall be used solely for aquatic lands enhancement projects; for the purchase, improvement, or protection of aquatic lands for public purposes; for providing and improving access to the lands; and for volunteer cooperative fish and game projects. During the 2017-2019 ~~((and))~~, 2019-2021, and 2021-2023 fiscal biennia, the aquatic lands enhancement account may be used to support the shellfish program, the ballast water program, hatcheries, the Puget Sound toxic sampling program and steelhead mortality research at the department of fish and wildlife, the knotweed program at the department of agriculture, actions at the University of Washington for reducing ocean acidification, which may include the creation of a center on ocean acidification, the Puget SoundCorps program, and support of the marine resource advisory council and the Washington coastal marine advisory council. During the 2017-2019 and 2019-2021 fiscal biennia, the legislature may transfer from the aquatic lands enhancement account to the geoduck aquaculture research account for research related to shellfish aquaculture. During the 2015-2017 fiscal biennium, the legislature may transfer moneys from the aquatic lands enhancement account to the marine resources stewardship trust account.

(2) In providing grants for aquatic lands enhancement projects, the recreation and conservation funding board shall:

(1) The water pollution control revolving administration account is created in the state treasury. All receipts from charges authorized in this section must be deposited in the account. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used only in a manner consistent with this section.

(2) The department is authorized to assess administration charges as a portion of the debt service for loans issued under the water pollution control revolving fund created in RCW 90.50A.020. The sole purpose of assessing administration charges is to predictably and adequately fund the department's costs of administering the water pollution control revolving fund loan program, as identified in subsection (5) of this section. The department must assess administration charges on each water pollution control revolving fund loan at the point the loan enters repayment status, after July 28, 2013, and rule changes are adopted to implement the administration charge. Loans that are at an interest rate below the established administration charge rate are exempt from the administration charge.

(3) The water pollution control revolving administration account consists of:

(b) Any other revenues derived from gifts, grants, or bequests pledged to the state for the purpose of administering the water pollution control revolving fund.

In its submittal to the office of financial management, the department may:

(a) Find that the projected administration charge income is inadequate to fund the cost of administering the program, and that the rate of the charge must be increased. However, the administration charge may never exceed one percent on the declining principal loan balance;

(b) Find that the projected administration charge income exceeds what is needed to fund the cost of administering the program, and that the rate of the charge must be decreased;

(c) Find that there is an excess balance in the revolving administration account, and that the excess must be transferred to the water pollution control revolving fund to be used for loans; or

(d) Find that there is no need for any rate adjustments or balance transfers.

(8) At the point where the water pollution control revolving administration account adequately covers the program administration costs, the department may no longer use the federal administration allowance. If a federal capitalization grant is awarded after that point, all federal capitalization dollars must be used for making loans.

(9) By December 1, 2018, the department must submit to the appropriate legislative fiscal committees a report on implementation of the administration charge, including information on: The amount of income the administration charge has produced since its inception; the uses and adequacy of the income for administrative costs; any excess balances that have been transferred to the water pollution control revolving fund; and any additional sources that the department is using for program administration.

Strategies for vaccine distribution shall include the establishment and expansion of community vaccination centers, mobile vaccination units, reporting enhancements, in-home visits for vaccinations for the elderly, and transportation of individuals to vaccination sites.

(ii) The number of tests conducted per week, including data specifically addressing testing conducted in hard-to-reach communities.

(c) The first monthly report is due no later than one month from February 19, 2021. Monthly reports are no longer required upon the department's determination that the remaining balance of the COVID-19 response account is less than \$100,000.

HUMAN SERVICES
SUPPLEMENTAL**

Sec. 1201. 2020 c 357 s 201 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES

(1) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. Appropriations made in this act to the department of social and health services shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in this act, nor shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that purpose.

(2) The department of social and health services shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(3) The legislature finds that medicaid payment rates, as calculated by the department pursuant to the appropriations in this

act, bear a reasonable relationship to the costs incurred by efficiently and economically operated facilities for providing quality services and will be sufficient to enlist enough providers so that care and services are available to the extent that such care and services are available to the general population in the geographic area. The legislature finds that cost reports, payment data from the federal government, historical utilization, economic data, and clinical input constitute reliable data upon which to determine the payment rates.

(4) The department shall to the maximum extent practicable use the same system for delivery of spoken-language interpreter services for social services appointments as the one established for medical appointments in the health care authority. When contracting directly with an individual to deliver spoken language interpreter services, the department shall only contract with language access providers who are working at a location in the state and who are state-certified or state-authorized, except that when such a provider is not available, the department may use a language access provider who meets other certifications or standards deemed to meet state standards, including interpreters in other states.

(5) Information technology projects or investments and proposed projects or investments impacting time capture, payroll and payment processes and systems, eligibility, case management, and authorization systems within the department of social and health services are subject to technical oversight by the office of the chief information officer.

(6)(a) The department shall facilitate enrollment under the medicaid expansion for clients applying for or receiving state funded services from the department and its contractors. Prior to open enrollment, the department shall coordinate with the health care authority to provide referrals to the Washington health benefit exchange for clients that will be ineligible for medicaid.

(b) To facilitate a single point of entry across public and medical assistance programs, and to maximize the use of federal funding, the health care authority, the department of social and health services, and the health benefit exchange will coordinate efforts to expand HealthPlanfinder access to public assistance and medical eligibility staff. The department shall complete medicaid applications in the HealthPlanfinder for households receiving or applying for public assistance benefits.

(7) The health care authority, the health benefit exchange, the department of social and health services, the department of health, and the department of children, youth, and families shall work together within existing resources to establish the health and human services enterprise coalition (the coalition). The coalition, led by the health care authority, must be a multi-organization collaborative that provides strategic direction and federal funding guidance for projects that have cross-organizational or enterprise impact, including information technology projects that affect organizations within the coalition. By October 31, 2019, the coalition must submit a report to the governor and the legislature that describes the coalition's plan for projects affecting the coalition organizations. The report must include any information technology projects impacting coalition organizations and, in collaboration with the office of the chief information officer, provide: (a) The status of any information technology projects currently being developed or implemented that affect the coalition; (b) funding needs of these current and future information technology projects; and (c) next steps for the coalition's information technology projects. The office of the chief information officer shall maintain a statewide perspective when collaborating with the coalition to ensure that the development of projects identified in this report are planned for in a manner that ensures the efficient use of state resources and maximizes federal financial participation. The work of the

coalition is subject to the conditions, limitations, and review provided in section 701 of this act.

(8)(a) The appropriations to the department of social and health services in this act must be expended for the programs and in the amounts specified in this act. However, after May 1, ~~((2020))~~ 2021, unless prohibited by this act, the department may transfer ~~general fund—state, general fund—federal, or general fund—~~ local appropriations for fiscal year ~~((2020))~~ 2021 among programs and subprograms after approval by the director of the office of financial management. However, the department may not transfer state appropriations that are provided solely for a specified purpose except as expressly provided in (b) of this subsection.

(b) To the extent that transfers under (a) of this subsection are insufficient to fund actual expenditures in excess of fiscal year ~~((2020))~~ 2021 in response to the COVID-19 pandemic or caseload forecasts and utilization assumptions in the long-term care, developmental disabilities, and public assistance programs, the department may transfer ~~state, federal, or local~~ appropriations that are provided solely for a specified purpose. The department may not transfer funds, and the director of the office of financial management may not approve the transfer, unless the transfer is consistent with the objective of conserving, to the maximum extent possible, the expenditure of state funds. The director of the office of financial management shall notify the appropriate fiscal committees of the legislature in writing seven days prior to approving any allotment modifications or transfers under this subsection. The written notification shall include a narrative explanation and justification of the changes, along with expenditures and allotments by budget unit and appropriation, both before and after any allotment modifications or transfers.

(c) The department may not transfer appropriations from any other program or subprogram to the mental health program. Within the mental health program, the department may transfer appropriations that are provided solely for a specified purpose as needed to fund actual expenditures through the end of fiscal year ~~((2020))~~ 2021.

(d) The department may not transfer appropriations for the developmental disabilities program to any other program or subprograms of the department of social and health services.

During the 2019-2021 fiscal biennium, the department must use a portion of these amounts to increase forensic bed capacity at the state hospitals pursuant to the settlement agreement under *Trueblood, et al. v. Department of Social and Health Services, et al.*, United States District Court for the Western District of Washington, Cause No. 14-cv-01178-MJP.

(k) \$86,601,000 of the general fund—state appropriation for fiscal year 2020 and \$86,705,000 of the general fund—state appropriation for fiscal year 2021 are provided solely for the department to continue to implement an acuity based staffing tool at western state hospital and eastern state hospital in collaboration with the hospital staffing committees.

The notice must identify the reason for the authorization to exceed budgeted staffing levels and the time frame for the authorization. Extensions of authorizations under this subsection must also be submitted to the director of the office of financial management for written approval in advance of the expiration of an authorization. The office of financial management must notify the appropriate committees of the legislature of any extensions of authorizations granted under this subsection within thirty days of granting such authorizations and identify the reason and time frame for the extension.

(f) Community residential cost reports that are submitted by or on behalf of contracted agency providers are required to include information about agency staffing including health insurance, wages, number of positions, and turnover.

The health care authority may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the health care authority receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in

this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. The authority may also transfer general fund—state appropriations for fiscal year 2020 that are provided solely for a specified purpose within section 215 of this act to cover any deficits in section 215 of this act resulting from assumptions related to the return of \$35,000,000 in general fund—state behavioral health organization reserves in fiscal year ~~((2020))~~ 2021. ONE HUNDRED FIFTH DAY, APRIL 25, 2021

2021 REGULAR SESSION

\$43,004,000 of the general fund—local appropriation may be expended for the medicaid quality improvement program. Under federal regulations, the medicaid quality improvement program is authorized and allows states to design quality improvement programs for the medicaid population in ways that support the state's quality goals. Medicaid quality improvement program payments will not count against initiative 1 of the medicaid transformation demonstration waiver spending limit and are excluded from the waiver's budget neutrality calculation. Apple health managed care organizations and their partnering providers will receive medicaid quality improvement program payments as they meet designated milestones. Partnering providers and apple health managed care organizations will work together to achieve medicaid quality improvement program goals according to the performance period timelines and reporting deadlines as set forth by the authority. The authority shall only utilize the medicaid quality improvement program to support the transformation waiver and shall not pursue its use for other purposes. Any programs created or funded by the medicaid quality improvement program do not create an entitlement. The authority shall not increase general fund—state, federal, or local expenditures under this program. The director shall report to the joint select committee on health care oversight not less than quarterly on financial and health outcomes. The director shall report to the fiscal committees of the legislature all of the expenditures under this subsection and shall provide such fiscal data in the time, manner, and form requested by the legislative fiscal committees.

(4) Annually, no later than November 1st, the authority shall report to the governor and appropriate committees of the legislature: (a) Savings attributed to behavioral and physical integration in areas that are scheduled to integrate in the following calendar year, and (b) savings attributed to behavioral and physical health integration and the level of savings achieved in areas that have integrated behavioral and physical health.

(5) Sufficient amounts are appropriated in this subsection to implement the medicaid expansion as defined in the social security act, section 1902(a)(10)(A)(i)(VIII).

(6) The legislature finds that medicaid payment rates, as calculated by the health care authority pursuant to the appropriations in this act, bear a reasonable relationship to the costs incurred by efficiently and economically operated facilities for providing quality services and will be sufficient to enlist enough providers so that care and services are available to the extent that such care and services are available to the general population in the geographic area. The legislature finds that the cost reports, payment data from the federal government, historical utilization, economic data, and clinical input constitute reliable data upon which to determine the payment rates.

(7) Based on quarterly expenditure reports and caseload forecasts, if the health care authority estimates that expenditures for the medical assistance program will exceed the appropriations, the health care authority shall take steps including but not limited to reduction of rates or elimination of optional services to reduce expenditures so that total program costs do not exceed the annual appropriation authority.

(8) In determining financial eligibility for medicaid-funded services, the health care authority is authorized to disregard recoveries by Holocaust survivors of insurance proceeds or other assets, as defined in RCW 48.104.030.

(9) The legislature affirms that it is in the state's interest for Harborview medical center to remain an economically viable component of the state's health care system.

she would receive if eligible for medicaid, using state-only funds to the extent necessary.

(11) \$4,261,000 of the general fund—state appropriation for fiscal year 2020, (~~(\$4,261,000)~~) \$3,733,000 of the general fund—state appropriation for fiscal year 2021, and (~~(\$8,522,000)~~) \$9,050,000 of the general fund—federal appropriation are provided solely for low-income disproportionate share hospital payments.

(12) Within the amounts appropriated in this section, the health care authority shall provide disproportionate share hospital payments to hospitals that provide services to children in the children's health program who are not eligible for services under Title XIX or XXI of the federal social security act due to their citizenship status.

(13)(a) \$7,000,000 of the general fund—federal appropriation is provided solely for supplemental payments to nursing homes operated by public hospital districts. The public hospital district shall be responsible for providing the required nonfederal match for the supplemental payment, and the payments shall not exceed the maximum allowable under federal rules. It is the legislature's intent that the payments shall be supplemental to and shall not in any way offset or reduce the payments calculated and provided in accordance with part E of chapter 74.46 RCW. It is the legislature's further intent that costs otherwise allowable for rate-setting and settlement against payments under chapter 74.46 RCW shall not be disallowed solely because such costs have been paid by revenues retained by the nursing home from these supplemental payments. The supplemental payments are subject to retrospective interim and final cost settlements based on the nursing homes' as-filed and final medicare cost reports. The timing of the interim and final cost settlements shall be at the health care authority's discretion. During either the interim cost settlement or the final cost settlement, the health care authority shall recoup from the public hospital districts the supplemental payments that exceed the medicaid cost limit and/or the medicare upper payment limit. The health care authority shall apply federal rules for identifying the eligible incurred medicaid costs and the medicare upper payment limit.

(b) The authority, in consultation with the department of social and health services and the nursing homes operated by public hospitals in (a) of this subsection, must develop a plan with recommendations for an upper payment limit calculation and the supplemental payment model for nursing homes operated by a public hospital district. The group must consider how to restructure payments under (a) of this subsection, taking into consideration alternate upper payment limit calculation. If upon completion of the plan, the authority determines it can implement the recommendations of the group within the amounts provided in (a) of this subsection, the authority must submit a state plan amendment, if necessary, and submit a report to the fiscal committees of the legislature no later than September 30, 2020.

(c) \$193,000 of the general fund—state appropriation for fiscal year 2020 is provided solely for the authority to provide a one-time grant to a standalone skilled nursing facility operated by a public hospital district in Grant county. This grant is provided as a one-time offset to address the impact of the recoupment requirements of this subsection (13).

(14) The health care authority shall continue the inpatient hospital certified public expenditures program for the 2019-2021 fiscal biennium. The program shall apply to all public hospitals, including those owned or operated by the state, except those classified as critical access hospitals or state psychiatric institutions. The health care authority shall submit reports to the governor and legislature by November 1, 2020, and by November 1, 2021, that evaluate whether savings continue to exceed costs

for this program. If the certified public expenditures (CPE) program in its current form is no longer cost-effective to maintain, the health care authority shall submit a report to the governor and legislature detailing cost-effective alternative uses of local, state, and federal resources as a replacement for this program. During fiscal year 2020 and fiscal year 2021, hospitals in the program shall be paid and shall retain one hundred percent of the federal portion of the allowable hospital cost for each medicaid inpatient fee-for-service claim payable by medical assistance and one hundred percent of the federal portion of the maximum disproportionate share hospital payment allowable under federal regulations. Inpatient medicaid payments shall be established using an allowable methodology that approximates the cost of claims submitted by the hospitals. Payments made to each hospital in the program in each fiscal year of the biennium shall be compared to a baseline amount. The baseline amount will be determined by the total of (a) the inpatient claim payment amounts that would have been paid during the fiscal year had the hospital not been in the CPE program based on the reimbursement rates developed, implemented, and consistent with policies approved in the 2019-2021 biennial operating appropriations act and in effect on July 1, 2015, (b) one-half of the indigent assistance disproportionate share hospital payment amounts paid to and retained by each hospital during fiscal year 2005, and (c) all of the other disproportionate share hospital payment amounts paid to and retained by each hospital during fiscal year 2005 to the extent the same disproportionate share hospital programs exist in the 2019-2021 fiscal biennium. If payments during the fiscal year exceed the hospital's baseline amount, no additional payments will be made to the hospital except the federal portion of allowable disproportionate share hospital payments for which the hospital can certify allowable match. If payments during the fiscal year are less than the baseline amount, the hospital will be paid a state grant equal to the difference between payments during the fiscal year and the applicable baseline amount. Payment of the state grant shall be made in the applicable fiscal year and distributed in monthly payments. The grants will be recalculated and redistributed as the baseline is updated during the fiscal year. The grant payments are subject to an interim settlement within eleven months after the end of the fiscal year. A final settlement shall be performed. To the extent that either settlement determines that a hospital has received funds in excess of what it would have received as described in this subsection, the hospital must repay the excess amounts to the state when requested. \$759,000 of the general fund—state appropriation for fiscal year 2020 and (~~(\$740,000)~~) \$698,000 of the general fund—state appropriation for fiscal year 2021 are provided solely for state grants for the participating hospitals.

The health care authority shall prioritize evidence-based practices for delivery of maternity support services. To the extent practicable, the health care authority shall develop a mechanism to increase federal funding for maternity support services by leveraging local public funding for those services.

(17) The authority shall submit reports to the governor and the legislature by September 15, 2020, and no later than September 15, 2021, that delineate the number of individuals in medicaid managed care, by carrier, age, gender, and eligibility category, receiving preventative services and vaccinations. The reports should include baseline and benchmark information from the previous two fiscal years and should be inclusive of, but not limited to, services recommended under the United States preventative services task force, advisory committee on immunization practices, early and periodic screening, diagnostic, and treatment (EPSDT) guidelines, and other relevant preventative and vaccination medicaid guidelines and requirements.

(27) Beginning no later than January 1, 2018, for any service eligible under the medicaid state plan for encounter payments, managed care organizations at the request of a rural health clinic shall pay the full published encounter rate directly to the clinic. (10) Behavioral health entities may use local funds to earn additional federal medicaid match, provided the locally matched rate does not exceed the upper-bound of their federally allowable rate range, and provided that the enhanced funding is used only to provide medicaid state plan or waiver services to medicaid clients. Additionally, behavioral health entities may use a portion of the state funds allocated in accordance with subsection (7) of this section to earn additional medicaid match, but only to the extent that the application of such funds to medicaid services does not diminish the level of crisis and commitment, community inpatient, residential care, and outpatient services presently available to persons not eligible for medicaid.

(11) \$2,291,000 of the general fund—state appropriation for fiscal year 2020 and \$2,291,000 of the general fund—state appropriation for fiscal year 2021 are provided solely for mental health services for mentally ill offenders while confined in a county or city jail and for facilitating access to programs that offer mental health services upon release from confinement. The authority must collect information from the behavioral health entities on their plan for using these funds, the numbers of individuals served, and the types of services provided and submit a report to the office of financial management and the appropriate fiscal committees of the legislature by December 1st of each year of the biennium.

(12) Within the amounts appropriated in this section, funding is provided for the authority to develop and phase in intensive mental health services for high needs youth consistent with the settlement agreement in *T.R. v. Dreyfus and Porter*.

(13) The authority must establish minimum and maximum funding levels for all reserves allowed under behavioral health organization and administrative services organization contracts and include contract language that clearly states the requirements and limitations. The authority must monitor and ensure that behavioral health organization and administrative services organization reserves do not exceed maximum levels. The

authority must monitor revenue and expenditure reports and must require a behavioral health organization or administrative services organization to submit a corrective action plan on how it will spend its excess reserves within a reasonable period of time, when its reported reserves exceed maximum levels established under the contract. The authority must review and approve such plans and monitor to ensure compliance. If the authority determines that a behavioral health organization or administrative services organization has failed to provide an adequate excess reserve corrective action plan or is not complying with an approved plan, the authority must reduce payments to the entity in accordance with remedial actions provisions included in the contract. These reductions in payments must continue until the authority determines that the entity has come into substantial compliance with an approved excess reserve corrective action plan.

(14) During the 2019-2021 fiscal biennium, any amounts provided in this section that are used for case management services for pregnant and parenting women must be contracted directly between the authority and providers rather than through contracts with behavioral health organizations.

(17) Within the amounts provided in this section, behavioral health entities must provide outpatient chemical dependency treatment for offenders enrolled in the medicaid program who are supervised by the department of corrections pursuant to a term of community supervision. Contracts with behavioral health entities must require that behavioral health entities include in their provider network specialized expertise in the provision of manualized, evidence-based chemical dependency treatment services for offenders. The department of corrections and the authority must develop a memorandum of understanding for department of corrections offenders on active supervision who are medicaid eligible and meet medical necessity for outpatient substance use disorder treatment. The agreement will ensure that treatment services provided are coordinated, do not result in duplication of services, and maintain access and quality of care for the individuals being served. The authority must provide all necessary data, access, and reports to the department of corrections for all department of corrections offenders that receive medicaid paid services.

(18) The criminal justice treatment account—state appropriation is provided solely for treatment and treatment support services for offenders with a substance use disorder pursuant to RCW 71.24.580. The authority must offer counties the option to administer their share of the distributions provided for under RCW 71.24.580(5)(a). If a county is not interested in administering the funds, the authority shall contract with behavioral health entities to administer these funds consistent with the plans approved by local panels pursuant to RCW 71.24.580(5)(b). The authority must provide a report to the office of financial management and the appropriate committees of the

Under this initiative, the authority and the department of social and health services shall ensure that allowable and necessary services are provided to eligible clients as identified by the authority or its providers or third party administrator. The department and the authority in consultation with the medicaid forecast work group, shall ensure that reasonable reimbursements are established for services deemed necessary within an identified limit per individual. The authority shall not increase general fund—state expenditures under this initiative. The secretary in collaboration with the director of the authority shall report to the joint select committee on health care oversight no less than quarterly on financial and health outcomes. The secretary in cooperation with the director shall also report to the fiscal committees of the legislature all of the expenditures of this subsection and shall provide such fiscal data in the time, manner, and form requested by the legislative fiscal committees.

The authority may not use any of these amounts for services in facilities that are subject to federal funding restrictions that apply to institutions for mental diseases, unless they have received a waiver that allows for full federal participation in these facilities. Within these amounts, funding is provided to increase the fee for service rate for these facilities up to \$650 per day. The authority must require in contracts with behavioral health entities that, beginning in calendar year 2020, they pay no lower than the fee for service rate. The authority must coordinate with regional behavioral health entities to identify and implement purchasing strategies or regulatory changes that increase access to services for individuals with complex behavioral health needs at secure withdrawal management and stabilization facilities.

INFORMATION TECHNOLOGY INVESTMENT POOL**

General Fund—State Appropriation (FY 2020).....	\$9,107,000
General Fund—State Appropriation (FY 2021).....	\$12,309,000
General Fund—Federal Appropriation.....	\$7,427,000
General Fund—Private/local Appropriation.....	\$213,000
Other Appropriated Funds.....	\$65,139,000
TOTAL APPROPRIATION.....	\$94,195,000

The appropriations in this section are subject to the following conditions and limitations:

(1) The appropriations in this section are provided solely for expenditure into the information technology investment revolving account created in RCW 43.41.433. Funds in the account are provided solely for the information technology projects shown in LEAP omnibus documents IT-2019, dated April 25, 2019, and IT-2020, dated March 9, 2020, which is hereby incorporated by reference. To facilitate the transfer of

moneys from other funds and accounts that are associated with projects contained in LEAP omnibus documents IT-2019, dated April 25, 2019, and IT-2020, dated March 9, 2020, the state treasurer is directed to transfer moneys from other funds and accounts to the information technology investment revolving account in accordance with schedules provided by the office of financial management. To facilitate transfer of unused moneys originally from other funds and accounts that were deposited into the information technology revolving account as associated with these same projects, and that are not expended by June 30, 2021, the state treasurer is directed to transfer money from other funds and accounts out of the information technology investment revolving account and deposit into the fund or account of origin in accordance with schedules provided by the office of financial management. However, restricted federal funds and qualified employee benefit and pension funds may be transferred only to the extent permitted by law, and will otherwise remain outside the information technology investment account. The projects affected remain subject to the other provisions of this section.

(2) Agencies must apply to the office of financial management and the office of the chief information officer to receive funding from the information technology investment revolving account. The office of financial management must notify the fiscal committees of the legislature of the receipt of each application and may not approve a funding request for ten business days from the date of notification.

(3) Allocations and allotments of information technology investment revolving account must be made for discrete stages of projects as determined by the technology budget approved by the office of the state chief information officer and office of financial management. Fifteen percent of total funding allocated by the office of financial management, or another amount as defined jointly by the office of financial management and the office of the state chief information officer, will be retained in the account, but remain allocated to that project. The retained funding will be released to the agency only after successful completion of that stage of the project. For the military department enhanced 911 next generation project and the one Washington project, the amount retained is increased to at least twenty percent of total funding allocated for any stage of that project.

(4)(a) Each project must have a technology budget. The technology budget must use a method similar to the state capital budget, identifying project costs, each fund source, and anticipated deliverables through each stage of the entire project investment and across fiscal periods and biennia from project onset through implementation and close out.

(b) As part of the development of a technology budget and at each request for funding, the agency shall submit detailed financial information to the office of financial management and the office of the state chief information officer. The technology budget must describe the total cost of the project by fiscal month to include and identify:

- (i) Fund sources;
- (ii) Full time equivalent staffing level to include job classification assumptions;
- (iii) A discreet appropriation index and program index;
- (iv) Object and subject codes of expenditures; and
- (v) Anticipated deliverables.

(c) If a project technology budget changes and a revised technology budget is completed, a comparison of the revised technology budget to the last approved technology budget must be posted to the dashboard, to include a narrative rationale on what changed, why, and how that impacts the project in scope, budget, and schedule.

(5)(a) Each project must have an investment plan that includes:

- (i) An organizational chart of the project management team that identifies team members and their roles and responsibilities;
 - (ii) The office of the state chief information officer staff assigned to the project;
 - (iii) An implementation schedule covering activities, critical milestones, and deliverables at each stage of the project for the life of the project at each agency affected by the project;
 - (iv) Performance measures used to determine that the project is on time, within budget, and meeting expectations for quality of work product;
 - (v) Ongoing maintenance and operations cost of the project post implementation and close out delineated by agency staffing, contracted staffing, and service level agreements; and
 - (vi) Financial budget coding to include at least discreet program index and subject codes.
- (6) Projects with estimated costs greater than one hundred million dollars from initiation to completion and implementation may be divided into discrete subprojects as determined by the office of the state chief information officer, except for the one Washington project which must be divided into the following discrete subprojects: Core financials, expanding financials and procurement, budget, and human resources. Each subproject must have a technology budget and investment plan as provided in this section.
- (7)(a) The office of the state chief information officer shall maintain an information technology project dashboard that provides updated information each fiscal month on projects subject to this section. This includes, at least:
- (i) Project changes each fiscal month;
 - (ii) Noting if the project has a completed market requirements document;
 - (iii) Financial status of information technology projects under oversight;
 - (iv) Coordination with agencies;
 - (v) Monthly quality assurance reports, if applicable;
 - (vi) Monthly office of the state chief information officer status reports;
 - (vii) Historical project budget and expenditures through fiscal year 2019;
 - (viii) Budget and expenditures each fiscal month; and
 - (ix) Estimated annual maintenance and operations costs by fiscal year.
- (b) The dashboard must retain a roll up of the entire project cost, including all subprojects, that can be displayed the subproject detail.
- (8) If the project affects more than one agency:
- (a) A separate technology budget and investment plan must be prepared for each agency; and
 - (b) The dashboard must contain a statewide project technology budget roll up that includes each affected agency at the subproject level.
- (9) For any project that exceeds two million dollars in total funds to complete, requires more than one biennium to complete, or is financed through financial contracts, bonds, or other indebtedness:
- (a) Quality assurance for the project must report independently to the office of the chief information officer;
 - (b) The office of the chief information officer must review, and, if necessary, revise the proposed project to ensure it is flexible and adaptable to advances in technology;
 - (c) The technology budget must specifically identify the uses of any financing proceeds. No more than thirty percent of the financing proceeds may be used for payroll-related costs for state employees assigned to project management, installation, testing, or training;

(10) The office of the state chief information officer must evaluate the project at each stage and certify whether the project is planned, managed, and meeting deliverable targets as defined in the project's approved technology budget and investment plan.

(11) The office of the state chief information officer may suspend or terminate a project at any time if it determines that the project is not meeting or not expected to meet anticipated performance and technology outcomes. Once suspension or termination occurs, the agency shall unallot any unused funding and shall not make any expenditure for the project without the approval of the office of financial management. The office of the state chief information officer must report on July 1 and December 1 each calendar year, beginning July 1, 2020, any suspension or termination of a project in the previous six month period to the legislative fiscal committees.

(12) The office of the state chief information officer, in consultation with the office of financial management, may identify additional projects to be subject to this section, including projects that are not separately identified within an agency budget. The office of the state chief information officer must report on July 1 and December 1 each calendar year, beginning July 1, 2020, any additional projects to be subjected to this section that were identified in the previous six month period to the legislative fiscal committees.

(13) Any cost to administer or implement this section for projects listed in subsection (1) of this section, must be paid from the information technology investment revolving account. For any other information technology project made subject to the conditions, limitations, and review of this section, the cost to implement this section must be paid from the funds for that project.

FOR THE DEPARTMENT OF COMMERCE—RENTAL ASSISTANCE AND HOUSING

General Fund—Federal Appropriation	\$365,000,000
TOTAL APPROPRIATION	\$365,000,000

The appropriation in this section is subject to the following conditions and limitations:

(1) \$325,000,000 of the general fund—federal appropriation (CRRSA) is provided solely for the department to administer an emergency rental and utility assistance program pursuant to P.L. 116-260, the federal consolidated appropriations act. The department shall distribute funding in the form of grants to local housing providers. In making distributions, the department must consider the number of unemployed persons and renters in each jurisdiction served by the provider as well as account for any funding that jurisdiction, including cities within each county, received directly from the federal government. A provider may use up to 9.5 percent of their grant award for administrative costs and the remainder must be used for financial assistance as defined in P.L. 116-260. The department may retain up to 0.5 percent of the funding provided in this subsection to administer the program.

(2)(a) \$30,000,000 of the general fund—federal appropriation (CRF) is provided solely for the department to administer an eviction rental assistance program. The department shall distribute funding in the form of grants to local housing providers. In making distributions, the department must consider the number of unemployed persons and renters in each jurisdiction served by the provider. To be eligible for the program, households must, at a minimum, have an income at or below 80 percent of the area median income and must have a missed or partially paid rent payment. Rental payments made through the program will be provided directly to landlords. The department may establish additional eligibility criteria to target these resources to households most likely to become homeless if they do not receive rental assistance.

(b) Of the amounts provided in this subsection, \$16,000,000 of the general fund—federal appropriation (CRF) is provided solely for local housing providers to subgrant with community organizations that serve historically disadvantaged populations within their jurisdiction. Subgrants may be used for program outreach and assisting community members in applying for assistance under this subsection and subsection (1) of this section.

Funding must be used for activities to prevent mortgage or tax lien foreclosures, housing counselors, foreclosure prevention hotlines, low-income legal services, mediation, and other activities that promote homeownership. The department may contract with other state agencies to carry out these activities.

(4) \$1,500,000 of the general fund—federal appropriation (CRF) is provided solely for a contract with resolution Washington for alternative dispute resolution centers and dispute resolution programs to provide citizens with low-cost resolution as an alternative to litigation. This funding must be prioritized for resolution services relating to evictions.

(5) \$1,500,000 of the general fund—federal appropriation (CRF) is provided solely for the department to contract with the office of civil legal aid to provide services relating to evictions, housing, and utilities.

(6) \$1,000,000 of the general fund—federal appropriation (CRF) is provided solely for the department to contract with the office of the attorney general for legal work relating to the eviction moratorium extended in the governor's proclamation 20-19.5.

(7)(a) \$2,000,000 of the general fund—federal appropriation (CRF) is provided solely for a program to provide grants to eligible landlords who have encountered a significant financial hardship due to loss of rental income from elective nonpayer

tenants during the state's eviction moratorium pursuant to the governor's proclamation.

(b) To be eligible for a grant under this subsection, a landlord must:

(i) Apply for a grant or have a property manager or property management company apply for a grant on behalf of a landlord;

(ii) Be the sole investor in the property from which they are seeking rental arrears;

(iii) Be the owner of no more than ~~((four))~~ six dwelling units from which they receive rental payments; and

(iv) ~~((Not contract with a property manager or property management company for duties or activities related to the tenancy or dwelling unit; and~~

~~(v))~~ Have an elective nonpayer tenant who is in arrears in rent or utilities or both.

(c) Eligible landlords may receive a grant of up to 80 percent of the total amount of rent in arrears. The department must prioritize landlords who have an income at or below 100 percent of the area median income and who demonstrate a loss of rental income, to the extent that funds are available.

(d) The department may inspect the property and the landlord's records related to an application under the program, including the use of a third-party inspector as needed to investigate fraud, to assist in making its application review, and to determine eligibility.

(e) A landlord who receives a grant under this section is prohibited from:

(i) Taking any legal action against the tenant for damages attributable to the same tenancy; or

(ii) Pursuing collection, or authorizing another entity to pursue collection on the landlord's behalf, against the tenant for damages attributable to the same tenancy.

Rules adopted under this act must meet federal requirements that are a necessary condition to the receipt of federal funds by the state.

NEW SECTION. Sec. 1907. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

SIGNED BY THE PRESIDENT

WHEREAS, The 2021 Regular Session of the Sixty-seventh Legislature is drawing to a close; and

Pursuant to Article 2, Section 32 of the State Constitution and Senate Rule 1(5), the President announced the signing of and thereupon did sign in open session:

ENGROSSED SUBSTITUTE SENATE BILL NO. 5096.

WHEREAS, It is necessary to provide for the completion of the work of the Senate after its adjournment and during the interim period between the close of the 2021 Regular Session of the Sixty-seventh Legislature and the convening of the next regular session;

PERSONAL PRIVILEGE

NOW, THEREFORE, BE IT RESOLVED, That the Senate Facilities and Operations Committee shall have full authority and direction over the authorization and execution of any contracts or subcontracts that necessitate the expenditure of Senate appropriations, subject to all applicable budget controls and limitations; and

Senator Rolfes: "I know folks are tired and they want to go home, but you know who wants to go home more than we do? The people who worked on this budget behind the scenes. And so, I would, actually, technically they are probably already at home, but I want to make sure that we thank the folks that did all the hard, the really hard work on the state budget this year. So, I want to just name them: Michael Bezanson, James Kettel, Jeff Mitchell, Richard Ramsey, Julie Murray, Michele Alishahi, Amanda Cecil, Sarah Emmans, Kayla Hammer, Jed Herman, Maria Hovde, Alia Kennedy, Jeff Naas, Corban Nemeth, Trevor Press, Sarian Scott, Sandy Stith, Liza Weeks, Brenna Price and Mary Cho who left early but I hope they pass our thanks along to her. And before I close, I want to say that I don't think any of us guessed in December that this was actually going to work. And especially based on some of those practice runs that we had. And it was really hard to imagine how we were going to write a budget without any paper, all online. And Mr. President, we did it. And not only did we write a budget, but you cannot imagine how many trees we saved. Just from not printing the budget, we saved 747 reams of paper. Just from not printing the budget. That is 37 trees. That, my friends, is how you fight climate change. And so, I just want to make sure that people are aware of the technical work that those guys did and give special thanks for getting us across the finish line on time again. Thank you, Ways & Means staff."

BE IT FURTHER RESOLVED, That the Senate Facilities and Operations Committee may, as they deem appropriate, authorize travel for which members and staff may receive therefor their actual necessary expenses, and such per diem as may be authorized by law, subject to all applicable budget controls and limitations, to be paid upon receipt of their vouchers out of funds appropriated for legislative expenses; and

PERSONAL PRIVILEGE

BE IT FURTHER RESOLVED, That the Secretary of the Senate and the Senate Facilities and Operations Committee be, and they hereby are, authorized to retain such employees as they may deem necessary and that said employees be allowed such rate of pay therefor, subject to all applicable budget controls and limitations, as the Secretary of the Senate and the Senate Facilities and Operations Committee shall deem proper; and

Senator Wilson, L.: "Thank you Mr. President. I would actually love to extend my deepest appreciation for the Ways & Means staff. It's the first time that I have had the opportunity to work with them directly on two levels. I was so impressed when they were writing my budget and their budget at the same time and so pretty incredible work for this group of people and I just, so proud to be able to work directly with them. And so, I just really wanted to extend that and a know that they are doing a really good job. Thank you."

BE IT FURTHER RESOLVED, That the Secretary of the Senate be, and hereby is, authorized and directed to make out and execute the necessary vouchers upon which warrants for legislative expenses and expenditures shall be drawn from funds provided therefor; and

PERSONAL PRIVILEGE

BE IT FURTHER RESOLVED, That the Secretary of the Senate and the Facilities and Operations Committee be, and they hereby are, authorized to approve written requests by standing committees to meet during the interim period; and

Senator Carlyle: "Mr. President, in thanking our Ways & Means Committee staff, I also, I also just want to take just a brief moment if I could, to thank the rest of the policy staff members. I recognize and appreciate that our budget committee staff both Operating/Capital and Transportation often are recognized but it

BE IT FURTHER RESOLVED, That the Secretary of the Senate be, and hereby is, authorized and directed to have printed a copy of the Senate Journals of the 2021 Regular Session of the Sixty-seventh Legislature; and

BE IT FURTHER RESOLVED, That the Rules Committee is authorized to assign subject matters to standing committees for study during the interim, and the Majority Leader is authorized to create special committees as may be necessary to carry out the functions of the Senate in an orderly manner and appoint members thereto with the approval of the Facilities and Operations Committee; and

is not as frequent that we acknowledge all of the Committee Services staff, or all of our policy committees led by Curt Gavigan and Kim Johnson and course our dais staff. But I just want to take a brief moment, and of course I know that all chairs feel this way, but the staff, the professional committee services staff of the Environment, Energy & Technology Committee, Kim, Greg, Angela, Alison, and Julie, the whole team did just an extraordinary year of climate action, the issue of privacy didn't make it over the line but so much work. And I just want to express my gratitude and I had a comment from a member of the House regarding the work that just said: the level and the depth and the substance of the, and the quality of the work of our staff was just, was just extraordinary. And I know that all committee chairs feel that way. Health Care and every other committee and I just wanted to take that moment to thank Curt and Kim and all of our professional committee staff services. Thank you so much Mr. President."

PERSONAL PRIVILEGE

Senator Liias: "It is a tradition of mine always, yes, to first of all, thank my counterpart Senator Short for her partnership in making the Senate floor operational and smooth. As much as our sides disagree, really strongly on some of the issues facing the state, I appreciate her partnership on making this institution function. And I know Senator Short and I both owe a huge debt of gratitude to the team at the rostrum, led by our Secretary Brad Hendrickson and our deputy secretary, the readers, and of course the amazing counsels Jeannie Gorrell and Victoria Cantore. And this year we are even more grateful to the work of TVW and of our LEG-TECH teams to make sure that all of our senators could be here to participate. So, thank you for that gentle and kind reminder and you haven't been so bad yourself Mr. President. So, thanks for helping us out too."

REMARKS BY THE PRESIDENT

President Heck: "High praise coming from you. The President would like to observe that later this evening I'll be making the comment and observation that what I had the privilege to observe in the last 105 days is both a model of democracy and a miracle of democracy. Credit is due to all 49 members of this Senate for making what seemed like a short 105 days ago an impossible task, and trust me, from where the President comes from, the way in which you have engaged one another and treated one another even when disagreeing is in fact a model of democracy. My hat is off to each and every one of you."

HOUSE CONCURRENT RESOLUTION NO. 4403
HOUSE CONCURRENT RESOLUTION NO. 4404

PERSONAL PRIVILEGE

Senator Sheldon: "Mr. President, I have been here a long time, maybe too long. But I just wanted to say that you have shown incredible respect for this institution, and the people that work around you with Brad Hendrickson, the Secretary of the Senate's office have done a wonderful job this year. You have shown particular stamina. I know how hard it is to stand at the rostrum for so long each day. Although you have a rubber mat under your feet, that should make you feel really comfy. But you've done a great job. You've shown nonpartisanship and above all Mr. President, you've shown a great sense of humor. So, enjoy your interim and thank you to everyone."

PERSONAL PRIVILEGE

Senator Saldaña: "Thank you Mr. President. I too want to commend you, our secretary, and all of the rostrum staff. I also rise to thank those who have not been as visible this year but again were essential to making this, making us be able to be responsive to our constituents, to the many advocates and lobbyists, and individuals who need to reach us, and that is our Legislative Assistants that serve, we each Senators have one legislative assistant assigned to us year round and this session we also many of us had session aides and thanks to the leadership of our F & O Committee and our Secretary we were also able to retain interns. And so while they were not in our physical offices many of us created virtual offices with Zoom or Teams and phone calls where our staff were staffing those offices so that we could in our breaks have meetings with individuals from our districts and from all the many people that are normally filling the halls of this institution and these beautiful buildings here in Olympia. So, I want to do a particular thank you to all our legislative assistants who turned their homes into offices, who spent hours and hours going through, I know my office had over 20,000 pieces of email. I am sure my colleagues had similar amounts and making sure that we could stay responsive and connected even while we're doing social distance. So, a special thank you to all of those public servants that served us so well this session."

SIGNED BY THE PRESIDENT

Pursuant to Article 2, Section 32 of the State Constitution and Senate Rule 1(5), the President announced the signing of and thereupon did sign in open session:

MOTION

At 6:09 p.m., Sunday, April 25, 2021, on motion of Senator
Liias, the 2021 Regular Session of the Sixty-Seventh Legislature
adjourned SINE DIE.

DENNY HECK, President of the Senate

BRAD HENDRICKSON, Secretary of the Senate

EDITOR’S NOTE: The Editor will take a moment of “Personal Privilege”. This is a break from journal tradition, but I feel that in this case it is warranted. During the interim, Secretary of the Senate Brad Hendrickson announced that he would retire at the end of the year. Since he announced in the interim, he avoided all the pomp and circumstance a gentleman of his stature would normally receive upon such an announcement, so I find it necessary to make mention of it here. Mr. Brad Hendrickson, also known in some circles as B-Rad, has been serving the Legislature in various positions for over forty years. He started off as a Senate Intern and finishes as the Secretary of the Senate. The sheer volume of experience is a resource that will be sorely missed by the Senate, the Legislature and the numerous other groups and agencies with which Brad interacted. Brad brought his own style to the office and gave his staff the room to grow, the space to shine, and the encouragement to reach higher. I will also note here, and I am positive that Brad would approve, that under his tenure as Secretary of the Senate the Legislature did not enter into a single special session. I along with the entirety of the Senate Administration Staff, would like to wish our boss, mentor, and friend, Brad Hendrickson a wonderful and enjoyable retirement. We will miss the positive can-do attitude you have always brought to the office, as well as the congeniality and camaraderie.

Best Wishes and Thank You.

The Washington State Legislative Internship Program is an academic internship for college students from around Washington State. Interns are assigned to Senate offices and are mentored by members and staff as they conduct research, track legislation, and work with constituents. In addition to building professional experience through their office work, interns earn academic credit and take part in seminars and workshops with state policymakers to gain a first-hand understanding of the legislative process.

The 37 Senate interns in 2021 represented 13 college campuses, a wide range of majors, and communities all over Washington.

April 22, 2021

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Sections 12 and 13, Engrossed Second Substitute Senate Bill No. 5160 entitled:

"AN ACT Relating to addressing landlord-tenant relations by providing certain tenant protections during the public health emergency, providing for legal representation in eviction cases, establishing an eviction resolution pilot program for nonpayment of rent cases, and authorizing landlord access to certain rental assistance programs."

While Section 12 attempts to provide direct financial relief to landlords as part of a larger legislative solution in E2SSB 5160, it creates an entitlement for landlords to receive rent assistance without a sufficient framework to prioritize resources to those landlords who have the greatest need. The estimated cost of Section 12 is \$2.4 billion, which is \$1.5 billion more than is currently appropriated by the state or awarded by the federal government. RCW 43.88.055 requires the Legislature to enact an operating budget that leaves a positive ending fund balance at the end of the fiscal biennium.

Although the final budget will likely have a different ending fund balance than is reflected today, \$1.5 billion in additional costs could not be sustained by available fiscal resources. In order to ensure that the Legislature meets its statutory obligation to leave a positive ending fund balance at the end of the 2021-23 biennium, I am vetoing Section 12 of this bill at the request of legislative leadership.

In addition, Section 13 is largely duplicative of an early action bill that I have already signed, ESHB 1368, which provides \$2 million in grant opportunities for eligible landlords. Because of this, Section 13 creates administrative problems for the department of commerce, and may also cause confusion for landlords. As a result, again at the request of legislative leadership, I am also vetoing Section 13.

The Legislature and I agree it is important to provide resources to landlords, and to prioritize assisting those landlords who have a small number of units. If the Legislature wants to increase support for landlords who have a small number of units, I encourage the Legislature to increase funding to the program already created in the early action bill rather than creating redundant programs.

For these reasons I have vetoed Sections 12 and 13 of Engrossed Second Substitute Senate Bill No. 5160.

With the exception of Sections 12 and 13, Engrossed Second Substitute Senate Bill No. 5160 is approved.

Respectfully submitted,

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 2, Senate Bill No. 5159 entitled:

"AN ACT Relating to payments in lieu of real property taxes by the department of fish and wildlife."

This bill improves the method the state uses to pay counties for payments in lieu of taxes for lands owned by the Department of Fish and Wildlife. Counties distribute these payments to local taxing districts in the same manner they distribute property taxes supporting things like schools, emergency services, and noxious weed control. Section 2 sets an emergency effective date for the bill of July 1, 2021. The emergency effective date is unnecessary as payments to counties are due in April each year, not in July. The next payment to counties will be made in April 2022 and an emergency effective date is not needed to issue those payments. For this reason, I am vetoing section 2 of SB 5159.

For these reasons I have vetoed Section 2 of Senate Bill No. 5159. With the exception of Section 2, Senate Bill No. 5159 is approved.

Respectfully submitted,

May 10, 2021

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 8, Second Substitute Senate Bill No. 5293 entitled:

"AN ACT Relating to mental health sentencing alternatives."

Section 8 is an emergency clause that provides the bill with an effective date of July 20, 2021. Without the emergency clause, the bill will go into effect on July 25, 2021. There does not appear to be a need for the bill to go into effect earlier than July 25.

For these reasons I have vetoed Section 8 of Second Substitute Senate Bill No. 5293. With the exception of Section 8, Second Substitute Senate Bill No. 5293 is approved.

Respectfully submitted,

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 11, Engrossed Second Substitute Senate Bill No. 5304 entitled:

"AN ACT Relating to providing reentry services to persons releasing from state and local institutions."

Section 11 of E2SSB 5304 amends RCW 72.09.270 as it pertains to county of origin for individuals releasing from total confinement in the Department of Corrections. I support the policy changes made to this section, but some of these changes conflict with another bill that amends the same statute. Specifically, this bill changes the word "offender" to "person" in RCW 72.09.270, whereas E2SHB 1044 changes the word "offender" to "incarcerated individual" in the same statute. At the request of the prime sponsor, I am vetoing this section to remove the conflict.

For these reasons I have vetoed Section 11 of Engrossed Second Substitute Senate Bill No. 5304. With the exception of Section 11, Engrossed Second Substitute Senate Bill No. 5304 is approved.

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 33, Substitute Senate Bill No. 5151 entitled:

"AN ACT Relating to foster care and child care licensing by the department of children, youth, and families."

Section 33 is a null and void clause. It provides that if specific funding for the purposes of Section 29, a section related to prohibiting charging licensees for obtaining a child care license, is not provided in the omnibus appropriations act, then Section 29 is null and void. Although the omnibus appropriations act references Section 29 of this bill, it does not provide specific funding for Section 29. Section 33 must be vetoed so that Section 29 can be implemented.

For these reasons I have vetoed Section 33 of Substitute Senate Bill No. 5151. With the exception of Section 33, Substitute Senate Bill No. 5151 is approved.

May 13, 2021

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Sections 1, 3, and 4, Engrossed Substitute Senate Bill No. 5235 entitled:

"AN ACT Relating to increasing housing unit inventory by removing arbitrary limits on housing options."

Section 3 allows cities to delay local implementation of statewide requirements around siting of accessory dwelling units until two years after their next required comprehensive plan update. Accessory dwelling units play an important role in creating additional housing options in urban areas and the state is currently facing a housing crisis.

Section 4 limits the ability for local governments to require owner occupancy on lots containing an accessory dwelling unit, but it also creates numerous exceptions to that limitation which are problematic. I am concerned that the language may allow a local government to prevent the siting and development of accessory dwelling units in perpetuity with very little justification.

Section 1 establishes the intent of the bill. Due to the vetoes of Sections 3 and 4, the original statement of intent no longer fully applies to this bill.

For these reasons I have vetoed Sections 1, 3, and 4 of Engrossed Substitute Senate Bill No. 5235. With the exception of Sections 1, 3, and 4, Engrossed Substitute Senate Bill No. 5235 is approved.

Respectfully submitted,

May 13, 2021

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 2, Engrossed Substitute Senate Bill No. 5405 entitled:

"AN ACT Relating to racial equity analysis for the joint legislative audit and review committee work."

Section 2 directs the Joint Legislative Audit and Review Committee (JLARC) to complete a racial equity analysis on the impact of the restrictions on in-person K-12 education put in place since the COVID-19 state of emergency was declared on February 29, 2020, for all counties in Washington. Racial equity in education is a longstanding issue that was made worse by the COVID pandemic. Beyond the necessary school restrictions imposed, COVID impacts on education also included, but are not limited to, public health, economic disruption, teacher safety and loss of child care. I believe a broader review of racial inequities in K-12 is needed, and I will ask the Washington Student Achievement Council to conduct this review.

For these reasons I have vetoed Section 2 of Engrossed Substitute Senate Bill No. 5405. With the exception of Section 2, Engrossed Substitute Senate Bill No. 5405 is approved.

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 21, Engrossed Senate Bill No. 5476 entitled:

"AN ACT Relating to addressing the State v. Blake decision."

The bill creates a new account that will not be used, therefore it is unnecessary.

For these reasons I have vetoed Section 21 of Engrossed Senate Bill No. 5476. With the exception of Section 21, Engrossed Senate Bill No. 5476 is approved.

May 13, 2021

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Sections 4, 5, 6, and 7, Second Substitute Senate Bill No. 5368 entitled:

"AN ACT Relating to encouraging rural economic development."

Section 4 of this bill would allow the Public Works Board (Board) to award funding for broadband infrastructure to cities, towns, and counties found to be in noncompliance with the growth management act (GMA). Current law prohibits any funding distributed by the Board to go to a GMA noncompliant jurisdiction unless that funding is necessary to address a public health need or substantial environmental degradation. The new exception provided here does not rise to the same level of urgency established in current law. In addition, an underpinning of the GMA has been that GMA noncompliant jurisdictions are unable to access various forms of infrastructure funding. Broadband is critical infrastructure comparable to roads, bridges, and water systems, and should be treated the same before the Board.

Section 5 prohibits the Community Economic Revitalization Board (CERB) from considering compliance with the GMA as a factor in awarding broadband funding to counties, cities, and towns. CERB does not currently consider the GMA in making funding decisions. This new prohibition is unnecessary.

Section 6 prohibits the Utilities and Transportation Commission (UTC) from considering compliance with the GMA as a factor in awarding broadband funding to counties, cities, and towns. The only funding that the UTC distributes for broadband is the Universal Service Fund (USF). Local governments are not eligible applicants to that program. The USF awards subsidies to small, private telecommunications providers. This new prohibition is also unnecessary.

Section 7 prohibits the Department of Commerce from considering compliance with the GMA as a factor in awarding broadband funding to counties, cities, and towns. Commerce is not currently bound to any consideration of GMA compliance in its decision-making regarding broadband projects. The agency has appropriate autonomy to consider the individual merits and relative benefits of each application for broadband funding. Retaining a high-level of discretion within the agency is desirable to ensure the best and highest use of scarce resources.

For these reasons I have vetoed Sections 4, 5, 6, and 7 of Second Substitute Senate Bill No. 5368.

With the exception of Sections 4, 5, 6, and 7, Second Substitute Senate Bill No. 5368 is approved.

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Sections 6; 22; and the four internal cross- references to Section 22 [Section 8, on page 20, line 32, after "in" veto "section 22 of"; Section 9, on page 22, beginning on line 14, after "2026.", veto the sentence beginning with "If" and ending with "period." on line 16; Section 13, on page 39, line 21, after "with" veto "section 22 of"; and Section 19, on page 47, line 30, after "under" veto "section 22 of"], Engrossed Second Substitute Senate Bill No. 5126 entitled:

"AN ACT Relating to the Washington climate commitment act."

Section 6 requires the development of an improved consultation framework for state agencies to communicate and collaborate with tribes on climate investments made under the act. I strongly support the need for this work, as there are multiple new programs authorized under this act that require the state and tribes to work together. However, this section also requires tribes to provide their consent for climate projects funded by the Climate Commitment Act that might impact tribal interests, which differs from our current government-to-government approach, and does not properly recognize the mutual, sovereign relationship between tribal governments and the state. Although I am vetoing this Section, I will be requesting formal consultation with Tribal leaders to develop improved consultation procedures that strengthen our ability to work together as both sovereign governments and committed partners to advance our many mutual interests.

Section 22 primarily provides a convenient summary of compliance obligations under the Act that is duplicative of the same key compliance obligations and authorizing provisions that are well established and defined in other sections of the Act, including but not limited to Sections 23, 8 and 2. For example, the rulemaking authority acknowledged in Section 22 is provided for and expanded upon in Section 25, which separately establishes comprehensive rulemaking authority that authorizes the Department of Ecology to adopt rules to implement all of the provisions of the Act. There are no substantive aspects of Section 22 that Ecology cannot adopt and implement through this rulemaking authority. By vetoing Section 22, I am also removing an internal inconsistency with regard to the expiration date of allowances, because the ability of covered entities to rely on the last seven years of allowances in Section 22(1) conflicts with the unlimited time period for use of allowances in Section 9(2). Because I am vetoing Section 22, I am also vetoing the four internal cross-references to Section 22. Finally, I want to express my deep appreciation for the Legislature's remarkable work on this critical piece of legislation; however, the delayed effective date established in subsection (7) unnecessarily hinders our state's ability to combat climate change, one of the greatest challenges facing our state and the world today.

For these reasons I have vetoed Sections 6; 22; and the four internal cross-references to Section 22 [Section 8, on page 20, line 32, after "in" veto "section 22 of"; Section 9, on page 22, beginning on line 14, after "2026.", veto the sentence beginning with "If" and ending with "period." on line 16; Section 13, on page 39, line 21, after "with" veto "section 22 of"; and Section 19, on page 47, line 30, after "under" veto "section 22 of"] of Engrossed Second Substitute Senate Bill No. 5126.

With the exception of Sections 6; 22; and the four internal cross-references to Section 22 [Section 8, on page 20, line 32, after "in" veto "section 22 of"; Section 9, on page 22, beginning on line 14, after "2026.", veto the sentence beginning with "If" and ending with "period." on line 16; Section 13, on page 39, line 21, after "with" veto "section 22 of"; and Section 19, on page 47, line 30, after "under" veto "section 22 of"], Engrossed Second Substitute Senate Bill No. 5126 is approved.

May 18, 2021

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Sections 205(2); 205(4); 205(5); 220, page 48, line 15, beginning with "Fuel" through line 16 ending with "process."; page 48, line 28, beginning with "Fuel" through line 29 ending with "process."; page 48, line 32, beginning with "Fuel" through line 33 ending with "process."; page 49, line 5, beginning with "Fuel" through line 6 ending with "process."; page 49, line 37, beginning with "Fuel" through line 38 ending with "process."; and page 50, line 18, beginning with "Fuel" through line 19 ending with "process."; 309, page 70, line 35, beginning with "No" through page 71, line 2, ending with "biennium."; and 920(1), pages 175-176; 920(2), page 176; 920(3), page 176; page 177, line 13, beginning with "Fuel" and ending with "process."; page 177, line 33, beginning with "Fuel" through line 34 ending with "process."; and 920(9), page 179, Substitute Senate Bill No. 5165 entitled:

"AN ACT Relating to transportation funding and appropriations."

Section 205(5), pages 18-19, Transportation Commission, Unfunded Study

This section directs the Transportation Commission to evaluate and identify activities funded in the transportation budget that might be paid for using other revenue resources. This proviso also instructs the commission to recommend potential changes to funding sources in order to maintain a state of good repair. There was no funding provided to support this work. For this reason, I have vetoed Section 205(5).

Section 220, page 48, line 15, beginning with "Fuel" through line 16 ending with "process."; page 48, line 28, beginning with "Fuel" through line 29 ending with "process."; page 48, line 32, beginning with "Fuel" through line 33 ending with "process."; page 49, line 5, beginning with "Fuel" through line 6 ending with "process."; page 49, line 37, beginning with "Fuel" through line 38 ending with "process."; and page 50, line 18, beginning with "Fuel" through line 19 ending with "process."

Section 220 includes the following sentence in six provisos: "Fuel type may not be a factor in the grant selection process." This sentence is a nondollar proviso that is subject to the governor's veto authority. It is also substantive legislation included in an appropriations bill that either conflicts with or amends the statutory mandates in RCW 47.66.040 and 47.66.030 that direct WSDOT to consider, among other criteria, energy efficiency issues and federal and state air quality requirements in selecting programs and projects. In addition, this requirement conflicts with, or at best substantially impairs, the statutory mandate for the state and local government subdivisions to transition to zero emission vehicles as articulated in RCW 43.19.648. The sentence at issue is a policy change - that is, an amendment - to existing statutory requirements. As such, the sentence violates Article II, Sections 19 and 37 of the Washington State Constitution.

It is well established that the governor's veto powers in Article III, Section 12 of the Washington State Constitution extend to appropriation items and full subsections or provisos in an appropriations bill. It is also well established that our courts will intervene to prevent obvious circumvention of the veto power by the Legislature or equally obvious manipulation of that power by the governor. The addition of this sentence within these provisos constrains my ability to exercise the constitutionally authorized veto powers.

Based on the above concerns, I previously vetoed this sentence in several subsections in the 2019-21 biennial transportation budget bill, Engrossed Substitute House Bill 1160, to prevent a constitutional violation and a forced violation of state law. Litigation regarding this matter is ongoing. Because the same sentence is included again in this biennial transportation appropriations bill and because the litigation has not been resolved yet by our state Supreme Court, I again have no choice but to veto this sentence that appears in several subsections.

For these reasons, I have vetoed Section 220, page 48, line 15, beginning with "Fuel" through line 16 ending with "process."; page 48, line 28, beginning with "Fuel" through line 29 ending with "process."; page 48, line 32, beginning with "Fuel" through line 33 ending with "process."; page 49, line 5, beginning with "Fuel" through line 6 ending with "process."; page 49, line 37, beginning with "Fuel" through line 38 ending with "process."; and page 50, line 18, beginning with "Fuel" through line 19 ending with "process."

Section 309, page 70, line 35, beginning with "No" through page 71, line 2, ending with "biennium."

Section 309 provides the appropriation authority for the Washington State Ferries construction program. Section 309(1) includes the following sentence: "No funds appropriated in this act or additional funds received through the unanticipated receipt process may be allocated or expended for terminal electrification purposes this biennium." This sentence would prohibit any funds appropriated in the transportation budget, and not just this section, and any future funds that may be received as an unanticipated receipt, from being spent on the electrification of ferry terminals. This could result in the Department of Transportation foregoing opportunities to pursue funding for terminal electrification and charging, contrary to the needs of the ferries program. As we continue the work toward the first 144-car hybrid electric vessel and the conversion of the Jumbo Mark II vessel, we must also pursue the charging infrastructure to be able to access electricity for seamless operations.

It is well established that the governor's veto powers in Article III, Section 12 of the Washington State Constitution extend to appropriation items and full subsections or provisos in an appropriations bill. It is also well established that our courts will intervene to prevent obvious circumvention of the veto power by the Legislature or equally obvious manipulation of that power by the governor.

This sentence is a nondollar proviso that is subject to the governor's veto authority. The sentence is a condition on the entire transportation budget bill and on unanticipated receipts and thus does not naturally fit together with the other language in Section 309(1), which is a separate proviso applying to only the appropriations in Section 309.

The prohibition on terminal electrification expenditures not only stifles the ongoing work by Washington State Ferries to electrify fleets and terminals, but also eliminates pathways to attain federal funds or other grants. While my veto authority is generally limited to sections, subsections or appropriation items in an appropriations bill, this sentence embedded in a subsection is a separate, nondollar appropriation item that is subject to my veto. The deleterious effects of this prohibition leave me no choice but to veto this sentence.

For these reasons, I have vetoed Section 309, page 70, line 35, beginning with "No" through page 71, line 2, ending with "biennium."

Section 920(1), pages 175-176; Section 920(2), page 176; Section 920(3), page 176; page 177, line 13, beginning "Fuel" and ending with "process."; page 177, line 33, beginning with "Fuel" through line 34 ending with "process."; and Section 920(9), page 179

Section 920 includes the following sentence in seven provisos: "Fuel type may not be a factor in the grant selection process." I previously vetoed this sentence in six provisos in the 2019-21 biennial transportation budget bill, Engrossed Substitute House Bill 1160, for the reasons set forth in my veto message for Section 220 of this bill. Because Section 920 amends current law to reinstate the sentence that I had previously vetoed, I again have no choice but to veto the provisos that contain this sentence and have vetoed the sentence in two other provisos.

For these reasons, I have vetoed Section 920(1), pages 175-176; Section 920(2), page 176; Section 920(3), page 176; page 177, line 13, beginning with "Fuel" and ending with "process."; page 177, line 33, beginning with "Fuel" through line 34 ending with "process."; and Section 920(9), page 179.

I have vetoed the following sections related to bills that did not pass the Legislature, resulting in the lapse of funding. My veto of these sections will serve to clean up these unnecessary sections of the bill.

Section 205(2), page 18, Transportation Commission, SSB 5444, Implementing a per mile charge on electric and hybrid vehicles

Section 205(4), page 18, Transportation Commission, SSB 5444, Implementing a per mile charge on electric and hybrid vehicles

For these reasons I have vetoed Sections 205(2); 205(4); 205(5); 220, page 48, line 15, beginning with "Fuel" through line 16 ending with "process."; page 48, line 28, beginning with "Fuel" through line 29 ending with "process."; page 48, line 32, beginning with "Fuel" through line 33 ending with "process."; page 49, line 5, beginning with "Fuel" through line 6 ending with "process."; page 49, line 37, beginning with "Fuel" through line 38 ending with "process."; and page 50, line 18, beginning with "Fuel" through line 19 ending with "process."; 309, page 70, line 35, beginning with "No" through page 71, line 2, ending with "biennium."; and 920(1), pages 175-176; 920(2), page 176; 920(3), page 176; page 177, line 13, beginning with "Fuel" and ending with "process."; page 177, line 33, beginning with "Fuel" through line 34 ending with "process."; and 920(9), page 179 of Substitute Senate Bill No. 5165.

With the exception of Sections 205(2); 205(4); 205(5); 220, page 48, line 15, beginning with "Fuel" through line 16 ending with "process."; page 48, line 28, beginning with "Fuel" through line 29 ending with "process."; page 48, line 32, beginning with "Fuel" through line 33 ending with "process."; page 49, line 5, beginning with "Fuel" through line 6 ending with "process."; page 49, line 37, beginning with "Fuel" through line 38 ending with "process."; and page 50, line 18, beginning with "Fuel" through line 19 ending with "process."; 309, page 70, line 35, beginning with "No" through page 71, line 2, ending with "biennium."; and 920(1), pages 175-176; 920(2), page 176; 920(3), page 176; page 177, line 13, beginning with "Fuel" and ending with "process."; page 177, line 33, beginning with "Fuel" through line 34 ending with "process."; and 920(9), page 179, Substitute Senate Bill No. 5165 is approved.

May 18, 2021

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Sections 127(18); 137(13); 308(18); 738; 1110 (9); 955; and 1703, page 1076, lines 34-35, Engrossed Substitute Senate Bill No. 5092 entitled:

"AN ACT Relating to fiscal matters."

Section 127(18), pages 27-28, Attorney General, Washington State Missing and Murdered Indigenous Women and People Task Force

Section 127(18) provides funding for the Attorney General's Office to support the Washington State Missing and Murdered Indigenous Women and People Task Force established in Section 955 of this act. Because the wrong version of the section was included in the enacted budget, I have vetoed Section 955. Since Section 955 is vetoed, the funding in this proviso is no longer needed. Therefore, I have vetoed Section 127(18).

However, the work of this task force is extremely important, and the Attorney General's Office has agreed to convene the task force and begin the work set forth in this section. I will request the funding necessary for this task force in my next supplemental budget request.

Section 137(13), page 95, Department of Revenue, Future Taxation of Digital Products Work Group and Report

This section directs the Department of Revenue to convene a stakeholder work group to analyze and develop recommendations on the future taxation of digital products that are used in the electronic processing of prescriptions. The department must submit the analysis and recommendations in a report to the Legislature by December 1, 2021. Because funding was not provided for the department to do this work, I have vetoed Section 137(13).

However, I am directing the department to work with stakeholders to assist them in developing and drafting legislation that will help reduce the tax burden on pharmacies as it relates to digital services that are used in the processing of electronic prescriptions and transmission of prescription drug claims data.

Section 308(18), page 330, Department of Fish and Wildlife, Columbia River Gillnet License Buyback

This section provides funding solely for a voluntary buyback of Columbia River commercial gillnet licenses which is something I supported in my proposed budget. However, the last sentence of this section also requires the department to only authorize mainstem gillnet and drift net fisheries in certain areas of the Columbia River for one particular salmon run based on a set allocation for commercial fisheries. This allocation for commercial fisheries conflicts with Washington's agreement with the state of Oregon on management of commercial gillnet fisheries on the Columbia River. In addition, the last sentence potentially limits the department from issuing fishing licenses for other species such as eulachon or shad and from issuing permits for other commercial gear types. This may have unknown impacts on other fisheries along the Columbia River. Although I support the voluntary buyback of commercial gill net licenses on the Columbia River, I cannot support these additional provisions. For these reasons, I have vetoed Section 308(18).

Section 738, page 506-507, Office of Financial Management, Home and Community Based Services

This section requires OFM to direct spending from this appropriation dependent upon receiving guidance from the Centers for Medicare and Medicaid Services (CMS) by May 10, 2021, that extends the use of Home and Community Based Services funds beyond December 31, 2022. In Section 738(2), the Legislature expressed its intent to direct expenditures if CMS extended the expenditure time period. CMS provided guidance on May 13, 2021, extending the use of this fund source through March 2024.

For this reason, I have vetoed Section 738 to follow the spirit of the proviso and enable the Legislature to decide how the funds should be used.

Section 1110(9), page 631, Office of Civil Legal Aid, Tenant Representation Outcome Study

This section reduces the appropriations for a research-based controlled comparative study of the differences in outcomes for tenants facing eviction who receive legal representation and tenants facing eviction without legal representation in unlawful detainer cases filed under the Residential Landlord-Tenant Act. This reduction in funding includes fiscal year 2020. This fiscal year has closed and can no longer have changes in appropriation. For this reason, I have vetoed Section 1110 (9). I will ask the Office of Civil Legal Aid to place \$317,500 in reserve status for fiscal year 2021.

Section 955, pages 541 through 544

Section 955 creates the Washington State Missing and Murdered Indigenous Women and People Task Force and sets out the members of the task force, the work of the task force, and specific duties and authority for the Washington State Attorney General

to support the task force. The budget did not include the correct version of this section and has some issues that cannot be overcome. Because of the problems that arise from this version, I have vetoed Section 955. However, this work is extremely important and needs to move forward. We have coordinated with the Attorney General's Office, which will use its existing authority to convene the task force and begin the work set forth in this section. I will include the creation of the task force as intended in my next supplemental budget request.

Section 1703, page 1076, lines 34-35, State Treasurer, Bond Retirement and Interest

This section intends to adjust the appropriations for Nondebt-limit General Fund bond retirement in fiscal year 2021 to necessary levels. It appears the appropriation is an error. For this reason, I have vetoed Section 1703, page 1076, lines 34-35, (Nondebt-Limit Reimbursable Bond Retirement Account-State Appropriation).

For these reasons I have vetoed Sections 127(18); 137(13); 308(18); 738; 1110(9); 955; and 1703, page 1076, lines 34-35 of Engrossed Substitute Senate Bill No. 5092.

With the exception of Sections 127(18); 137(13); 308(18); 738; 1110(9); 955; and 1703, page 1076, lines 34-35, Engrossed Substitute Senate Bill No. 5092 is approved.

Respectfully submitted,

GUBERNATORIAL PROCLAMATIONS REGARDING COVID-19 PANDEMIC

In February of 2020, state health officials noticed a large increase in the disease that came be known as Covid-19 and the ease in which the disease was spreading. The World Health Organization identified the virus responsible as Severe Acute Respiratory Syndrome COroNaVirus 2 (SARS-CoV-2) and named the disease COVID-19 (CoronaVirus Disease, 2019). It had been previously referred to as “2019 novel coronavirus” and the names were used interchangeably. Washington State was generally credited with having the first coronavirus case in the United States in January 2020.

Governor Jay Inslee issued Proclamation 20-05, proclaiming a state of emergency for all counties as a result of the Covid-19 outbreak and person-to-person spread of COVID-19 in Washington State. On March 11, 2020, Governor Inslee further limited gatherings of two hundred and fifty people or more, in certain counties, for social, spiritual and recreational activities including, but not limited to, community, civic, public, leisure, faith-based, or sporting events; parades; concerts; festivals; conventions; fundraisers; and similar activities. Subsequent proclamations expanded the scope and areas of these restrictions as well as sanitizing requirements for places that were used. Eventually the entire state was under some restrictions.

Efforts to combat the pandemic resulted in the closure of childcare facilities, public schools, colleges, universities, places of worship, government offices, and businesses. The use of personal protective equipment (PPE), such as, wearing of facemasks and use of hand sanitizers, as well as gatherings of fewer than ten people but only if separated by at least six feet of space, "social distancing," became common place over the Spring and Summer. Places of learning, worship, government offices and businesses moved as much of their operations online, moving to tele-commuting and video conferencing to maintain some of their operations as they could.

After June 2020, a phased approach to reopening the state began to be implemented. However, an increase in the infection rate caused a halt to the incremental approach to reopening and, in some cases, restrictions were reimposed in late July. Many schools, churches, government offices and businesses expected to remain closed through the end of the calendar year.

The following are a continuation of the Governor’s proclamations in regard to the Covid-19 pandemic from November 1, 2020 until October 31, 2021.

WHEREAS, on November 9, 2020, under the provisions of RCW 43.06.220(4), the statutory waivers and suspensions of Proclamation 20-23, et seq., were again extended by the leadership of the Washington State Senate and House of Representatives until the termination of the COVID-19 State of Emergency or 11:59 p.m. on December 7, 2020, whichever occurs first; and

WHEREAS, hundreds of thousands of Washingtonians are struggling to pay for necessities, reflecting the continued financial precariousness of many in the state. According to unemployment information from the Washington State Employment Security Department website as of October 7, 2020, current data show there are more than six times as many people claiming unemployment benefits in Washington than there were a year ago, and almost 100,000 more people claiming unemployment benefits than at the peak of the Great Recession; and

NOW, THEREFORE, I, Jay Inslee, Governor of the state of Washington, as a result of the above- noted situation, and under Chapters 38.08, 38.52 and 43.06 RCW, do hereby proclaim that a State of Emergency continues to exist in all counties of

Washington State, that Proclamation 20-05 and all amendments thereto remain in effect, and that Proclamations 20-05 and 20-23, et seq., are amended to

- (1) recognize the extension of statutory waivers and suspensions therein by the leadership of the Washington State Senate and House of Representatives until the termination of the COVID-19 State of Emergency or 11:59 p.m. on December 7, 2020, whichever occurs first, and (2) similarly extend the prohibitions therein until the termination of the COVID-19 State of Emergency or 11:59 p.m. on December 7, 2020, whichever occurs first.

I again direct that the plans and procedures of the *Washington State Comprehensive Emergency Management Plan* be implemented throughout state government. State agencies and departments are directed to continue utilizing state resources and doing everything reasonably possible to support implementation of the *Washington State Comprehensive Emergency Management Plan* and to assist affected political subdivisions in an effort to respond to and recover from the COVID-19 pandemic.

I continue to order into active state service the organized militia of Washington State to include the National Guard and the State Guard, or such part thereof as may be necessary in the opinion of The Adjutant General to address the circumstances described above, to perform such duties as directed by competent authority of the Washington State Military Department in addressing the outbreak. Additionally, I continue to direct the Washington State Department of Health, the Washington State Military Department Emergency Management Division, and other agencies to identify and provide appropriate personnel for conducting necessary and ongoing incident related assessments.

ACCORDINGLY, in recognition of the above findings, and to help preserve and maintain life, health, property or the public peace under RCW 43.06.220(1)(h), I prohibit all energy, telecommunications, and water providers in Washington State from conducting the following activities:

- (1) Disconnecting any residential customers from energy, telecommunications, or water service due to nonpayment on an active account, except at the request of the customer.
- (2) Refusing to reconnect any residential customer who has been disconnected due to nonpayment;
- (3) Charging fees for late payment or reconnection of energy, telecommunications, or water service; and
- (4) Disconnecting service to any residential customer who has contacted the utility to request assistance from the utility's COVID-19 Customer Support Program.

These prohibitions on disconnecting, refusing to reconnect, and charging late fees in this proclamation, as amended, are extended until termination of the COVID-19 State of Emergency or 11:59 p.m. on December 31, 2020, whichever comes first.

FURTHERMORE, it is the intent of this order to ensure that vulnerable populations and households retain access to essential services while they are experiencing financial hardship caused by layoffs, reduced hours, or other circumstances caused by the COVID-19 pandemic. Access to these services is critical to ensure the safety and health of our communities during this crisis. This order therefore acknowledges the role that the public and private utilities subject to this order play in protecting the health and well-being of our communities and families; and expresses gratitude for their voluntary efforts to support customers during this crisis.

ADDITIONALLY, I want to thank the vast majority of utility customers who have continued to pay what they can, as soon as they can, to help support the people and the systems that are supporting them through this crisis. The intent of Proclamation 20-23, et seq., is to provide relief to those individuals who have been impacted by the COVID-19 crisis. This Proclamation does not relieve customer from the obligation to pay for utility services. Customers and utilities are expected to continue to communicate in good faith with one another, and to work together, on the timing and terms of payment and repayment solutions. I strongly encourage utilities and customers to be as proactive as possible in this regard, in order to help avoid large arrearage balances and credit and collections issues.

MOREOVER, as additional federal funding may become available for utility bill assistance, I hereby direct the Office of Financial Management to allocate appropriate funding for this purpose.

Violators of this order may be subject to criminal penalties pursuant to RCW 43.06.220(5).

Signed and sealed with the official seal of the state of Washington on this 10th day of November, A.D., Two Thousand and Twenty at Olympia, Washington.

NOW, THEREFORE, I, Jay Inslee, Governor of the state of Washington, as a result of the above-noted situations, and under RCW 38.08, 38.52, and 43.06, do hereby proclaim that a State of Emergency continues to exist in all counties of Washington State, that Proclamation 20-05 and all amendments remain in effect, and that the prohibitions in Proclamations 20-28, et seq., are amended

to (1) recognize the extension of the statutory waivers and suspensions of RCW 42.56 and RCW 42.30 restated herein by the leadership of the Washington State Senate and House of Representatives until the termination of the COVID19 State of Emergency or 11:59 p.m. on December 7, 2020, whichever occurs first, and (2) similarly extend the prohibitions herein until the termination of the COVID-19 State of Emergency or 11:59 p.m. on December 7, 2020, whichever occurs first.

I again direct that the plans and procedures of the *Washington State Comprehensive Emergency Management Plan* be implemented throughout state government. State agencies and departments are directed to continue utilizing state resources and doing everything reasonably possible to support implementation of the *Washington State Comprehensive Emergency Management Plan* and to assist affected political subdivisions in an effort to respond to and recover from the COVID-19 pandemic and wildfires.

I continue to order into active state service the organized militia of Washington State to include the National Guard and the State Guard, or such part thereof as may be necessary in the opinion of The Adjutant General to address the circumstances described above, to perform such duties as directed by competent authority of the Washington State Military Department in addressing the outbreak. Additionally, I continue to direct the Department of Health, the Washington State Military Department Emergency Management Division, and other agencies to identify and provide appropriate personnel for conducting necessary and ongoing incident related assessments.

FURTHERMORE, based on the above situation and under the provisions of RCW 43.06.220(1)(h), I find that RCW 42.30, as applied to all public agencies statewide, involves the conduct of state business, and to help preserve and maintain life, health, property or the public peace, I hereby amend Proclamation 20-05, and 20-28 et seq., to prohibit public agencies as follows:

Prohibition:

Any public agency subject to RCW 42.30 is prohibited from conducting a public meeting subject to RCW 42.30 unless (a) the meeting is not conducted in-person and instead provides an option(s) for the public to attend the proceedings through, at minimum, telephonic access, and may also include other electronic, internet or other means of remote access, and (b) provides the ability for all persons attending the meeting to hear each other at the same time.

Exemption from Prohibition:

As an exception to the above prohibition, public agencies holding public meetings in counties currently in Phase 3 of the *Safe Start Washington Phased Reopening County-by-County Plan* may, at their option and in addition to hosting the remote meeting elements described above, include an in-person component to a public meeting if all of the following requirements are met:

1. Open public meetings shall comply with all provisions of Proclamation 20-25, et seq., and the *Safe Start Washington Phased Reopening County-by-County Plan* found [here](#) including but not limited to adherence to the requirements that in-person gatherings are limited to the maximum number of persons allowed per the Phase of the county in which the public meeting is being held, and that all attendees are required to be separated by at least six feet and wear a face covering. For meetings held either indoors or outdoors, six feet of physical distance must be maintained by all attendees, and all attendees must wear a face covering. (*Note: If no indoor space is available that meets applicable distancing requirements, the public meeting can and should be held outdoors*); and
2. Any person wishing to attend in person a public meeting with an in-person component must be able to do so at a physical location meeting the requirements herein, either in a primary meeting location or an overflow physical location that provides the ability for all persons attending the meeting to hear each other at the same time; and
3. If at any time during a public meeting the in-person component cannot comply with each of the requirements herein, the public meeting (to include the telephonic/remote access portions) must be recessed until compliance is restored or if compliance cannot be restored then adjourned, continued, or otherwise terminated.
4. The public agency holding an in-person public meeting shall accommodate, to the extent practicable, those wishing to participate in and/or attend the public meeting (to include the press) by allowing persons to attend the meeting by listening and speaking through operable telecommunications devices (examples include using an attendee’s cell phone with service to connect to a conference calling service, or allowing persons to call in using an attendee’s cell phone with service).

FURTHERMORE, based on the above noted situation and under the provisions of RCW 43.06.220(2)(g), I continue to find that strict compliance with the following portions of statutory and regulatory obligations or limitations will prevent, hinder, or delay necessary action for coping with the COVID-19 State of Emergency by bringing people in contact with one another at a time when the virus is rapidly spreading, and that the language of each statutory provision specified below is hereby waived and suspended:

- RCW 42.30.030 – the following words only:
“and all persons shall be permitted to attend any meeting of the governing body of a public agency, except as otherwise provided in this chapter”
- RCW 42.30.040 – in its entirety;
- RCW 42.30.050 – as to the following word only: “room” in the first sentence
- RCW 42.30.070 – as to the following word only: the first usage of “site” - in the fourth sentence

- RCW 42.30.075 – as to the following words only:
“Notice of any change from such meeting schedule shall be published in the state register for distribution at least twenty days prior to the rescheduled meeting date.”
- RCW 42.30.080(2)(c) – as to the following words only:
“Prominently displayed at the main entrance of the agency's principal location and the meeting site if it is not held at the agency's principal location.”
- RCW 42.30.090 – as to the following words only:
“on or near the door of the place where the regular, adjourned regular, special, or adjourned special meeting was held.”

FURTHERMORE, based on the above noted situation and under the provisions of RCW 43.06.220(2)(g), I find that RCW 42.56, as applied to all public agencies statewide involves the conduct of state business and I also continue to find that strict compliance with the following statutory and regulatory obligations or limitations will prevent, hinder, or delay necessary action for coping with the COVID-19 State of Emergency in responding to public records requests by bringing people in contact with one another at a time when the virus is rapidly spreading, and that the language of each statutory provision specified below is hereby waived and suspended

- RCW 42.56.080(2), as to the following words only:
 - “Agency facilities shall be made available to any person for the copying of public records except when and to the extent that this would unreasonably disrupt the operations of the agency.”
 - “in person during an agency's normal office hours, or”
- RCW 42.56.090, as to the first sentence only
- RCW 42.56.100, as to the following word only in the first sentence: “full”
- RCW 42.56.520(1), as to the following words only in the second sentence:
 - “Within five business days of receiving a public records request,”
 - This statutory suspension at 42.56.520(1) does not apply to requests for public records received by an agency electronically.

Violators of this order may be subject to criminal penalties pursuant to RCW 43.06.220(5).

Public Records Act – Contact Tracing -- Personal Information

WHEREAS, on February 29, 2020, I issued Proclamation 20-05, proclaiming a State of Emergency for all counties throughout the state of Washington as a result of the coronavirus disease 2019 (COVID-19) outbreak in the United States and confirmed person-to-person spread of COVID-19 in Washington State; and

WHEREAS, as a result of the continued worldwide spread of COVID-19, its significant progression in Washington State, and the high risk it poses to our most vulnerable populations, I have subsequently issued several amendatory proclamations, exercising my emergency powers under RCW 43.06.220 by prohibiting certain activities and waiving and suspending specified laws and regulations; and

WHEREAS, the COVID-19 disease, caused by a virus that spreads easily from person to person which may result in serious illness or death and has been classified by the World Health Organization as a worldwide pandemic, has broadly spread throughout Washington State, significantly increasing the threat of serious associated health risks statewide; and

WHEREAS, an effective response to the COVID-19 epidemic requires public health professionals and others working with them to interview those infected with COVID-19 and trace their close contacts in order to provide guidance to, quarantine, and test those individuals for infection to prevent further spread of the COVID-19 disease, and this must be done by collecting the names and personal information of these individuals; and

WHEREAS, the success of the response to the COVID-19 epidemic depends in large part on the free flow of information and individuals' willingness to share information and cooperate with public health authorities, which would be significantly hindered if this personal information was required to be disclosed to the general public; and

WHEREAS, under RCW 42.56.360(2) and RCW 70.02.050(2)(a), any health care information that health care providers are required to report to the government, including information about individuals with confirmed or suspected COVID-19, is plainly exempt from disclosure; and

WHEREAS, while there are specific express exemptions for other case investigation and contact tracing information, including RCW 70.02.220(7) and RCW 70.24.022(3), which specifically, and broadly, exempt all information gathered in the course of a contact investigation related to sexually transmitted diseases that are reported to public health agencies, there is no express exemption from disclosure for case investigation and contact tracing information generally; and

WHEREAS, while RCW 42.56.230(1) provides reasonable grounds for withholding from disclosure case investigation, contact tracing, and visitor and customer log information as personal information in files maintained for "patients or clients" of "public health agencies," the courts have not interpreted the meaning of the term "client" or ruled on the application of this exemption to case investigation, contact tracing, or visitor, customer log, and employee log information, and the Public Records Act is liberally construed in favor of disclosure, and its exemptions are narrowly construed, to promote open government policies; and

WHEREAS, RCW 42.56.270(1), and, as an "other statute" in RCW 42.56.070(1), chapter 19.108 RCW, the Uniform Trade Secrets Act, provide reasonable grounds for withholding from disclosure visitor and customer log information that is collected by businesses and provided to a public health agency for contact tracing following a new case of infection as proprietary information and research data, the courts have not ruled on the application of these exemptions to visitor and customer log information, and the Public Records Act is liberally construed in favor of disclosure, and its exemptions are narrowly construed, to promote open government policies; and

WHEREAS, although the Public Records Act and related “other statutes” strongly suggest the intent to exempt the personally identifying information of persons contacted by COVID-19 case investigators and contact tracers, and also exempt visitor or customer log information that a business might share with contact tracers, whether this information is exempt remains uncertain in the absence of specific statutory definitions or exemptions; and

WHEREAS, while there are arguments that support the position that COVID-19 case investigation and contact tracing information, and the personally identifiable information that is gathered as a part of that work, is already exempt under the Public Records Act, ensuring the protection of a person’s personally identifiable information may determine whether that person will fully cooperate with COVID-19 case investigators and contact tracers; and

WHEREAS, under the provisions of RCW 43.06.220(4), the statutory waivers and suspensions of Proclamation 20-64, et seq., were extended by the leadership of the Washington State Senate and House of Representatives, and which I have acknowledged and similarly extended the prohibitions therein in subsequent sequentially-numbered proclamations; and

WHEREAS, on November 9, 2020, under the provisions of RCW 43.06.220(4), the statutory waivers and suspensions of Proclamation 20-64, et seq., were extended by the leadership of the Washington State Senate and House of Representatives until the termination of the COVID-19 State of Emergency or 11:59 p.m. on December 7, 2020; and

WHEREAS, the worldwide COVID-19 pandemic and its progression in Washington State continue to threaten the life and health of our people as well as the economy of Washington State, and remain a public disaster affecting life, health, property or the public peace; and

WHEREAS, the Washington State Department of Health continues to maintain a Public Health Incident Management Team in coordination with the State Emergency Operations Center and other supporting state agencies to manage the public health aspects of the incident; and

WHEREAS, the Washington State Military Department Emergency Management Division, through the State Emergency Operations Center, continues coordinating resources across state government to support the Department of Health and local health officials in alleviating the impacts to people, property, and infrastructure, and continues coordinating with the Department of Health in assessing the impacts and long-term effects of the incident on Washington State and its people.

NOW, THEREFORE, I, Jay Inslee, Governor of the state of Washington, as a result of the above-noted situation, and under RCW 38.08, 38.52 and 43.06, do hereby proclaim that a State of Emergency continues to exist in all counties of Washington State, that Proclamation 20-05 and all amendments thereto remain in effect as otherwise amended, and that Proclamations 20-05 and 20-64, et seq., are amended to (1) continue to recognize the extension of statutory waivers and suspensions therein by the leadership of the Washington State Senate and House of Representatives until the termination of the COVID-19 State of Emergency or 11:59 p.m. on December 7, 2020, whichever occurs first, and (2) similarly extend the prohibitions therein until termination of the COVID-19 State of Emergency or 11:59 p.m. on December 7, 2020, whichever occurs first.

I again direct that the plans and procedures of the *Washington State Comprehensive Emergency Management Plan* be implemented throughout state government. State agencies and departments are directed to continue utilizing state resources and doing everything reasonably possible to support implementation of the *Washington State Comprehensive Emergency Management Plan* and to assist affected political subdivisions in an effort to respond to and recover from the COVID-19 pandemic.

Long Term Care – Workers, Facilities, and Resources

WHEREAS, on February 29, 2020, I issued Proclamation 20-05, proclaiming a State of Emergency for all counties throughout the state of Washington as a result of the coronavirus disease 2019 (COVID-19) outbreak in the United States and confirmed person-to-person spread of COVID-19 in Washington State; and

WHEREAS, as a result of the continued worldwide spread of COVID-19, its significant progression in Washington State, and the high risk it poses to our most vulnerable populations, I have subsequently issued several amendatory proclamations, exercising my emergency powers under RCW 43.06.220 by prohibiting certain activities and waiving and suspending specified laws and regulations; and

WHEREAS, the COVID-19 disease, caused by a virus that spreads easily from person to person which may result in serious illness or death and has been classified by the World Health Organization as a worldwide pandemic, has broadly spread throughout Washington State and remains a significant health risk to all of our people, especially members of our most vulnerable populations; and

WHEREAS, the worldwide COVID-19 pandemic and its progression in Washington State continue to threaten the life and health of our people as well as the economy of Washington State, and remain a public disaster affecting life, health, property or the public peace; and

WHEREAS, there is an increased risk of rapid spread of COVID-19 among persons who live and work in congregate settings, and many residents and workers at long-term care facilities are at increased risk for severe COVID-19; and

WHEREAS, to mitigate the increased risk of rapid spread of COVID-19 among residents and workers, congregate living facilities have increased physical distancing protocols, heightened screening upon entrance and exit, instituted more intensive cleaning protocols, and taken a variety of other measures; and

WHEREAS, the measures taken in congregate settings to respond to the COVID-19 pandemic have resulted in unprecedented demands on the resources and caregivers necessary to provide essential services in Washington State's congregate living facilities; and

WHEREAS, as an added challenge to meeting the resource and workforce needs of our congregate living facilities, the outbreak of COVID-19 has significantly reduced the availability of long-term care workers in the state in recent weeks; and

WHEREAS, long-term care workers are required to complete specific training, testing and certification requirements by dates certain, yet necessary class offerings, testing opportunities, and certification processing have been disrupted and cancelled because of the COVID-19 pandemic, exacerbating the long-term care worker shortage throughout Washington State; and

WHEREAS, due to physical distancing and group size requirements, training class sizes held during early phases of reopening must be smaller, and it will take significant time for workers to receive training and testing to fully meet licensing and certification requirements and resume their positions with long-term care facilities or as individual providers to clients in the community; and

WHEREAS, if the existing waivers for fingerprint background check requirements for Adult Family Homes, Assisted Living Facilities, Enhanced Services Facilities, and in-home providers are not extended, staff who have been or are unable to obtain fingerprint background checks as a result of the COVID-19 pandemic cannot provide services while they wait for fingerprint test sites to become fully operational and address the backlog of customers; and

WHEREAS, long-term care facilities are required to meet specific construction reviews, at times, certificate of need requirements, and inspections by dates certain or at specified intervals, yet necessary personnel and resources to process those requirements are unavailable or cannot be utilized due to restrictions implemented in response to the COVID-19 pandemic; and

WHEREAS, restrictions and staff shortages related to the COVID-19 pandemic, to include possible quarantine of residential long-term care facilities such as nursing homes, may hinder safe reviews, certificate issuance, and inspection and survey activities; and

WHEREAS, to maintain availability of facilities, staffing, and resources in our congregate living system at levels necessary to safely provide essential services during the current COVID-19 pandemic, agencies and other entities operating congregate living facilities have utilized a variety of interim licenses, waiver of certain certification, inspection, administrative requirements, and other programs that are temporary in nature; and

WHEREAS, to prevent expiration of these temporary programs and the resulting loss of necessary facilities, staffing, and resources, I previously issued Proclamations 20-06, 20-10, 20-16, 20-17, 20-18, 20-37, et seq., 20-38, et seq., and 20-52, et seq., waiving and suspending specified statutes and rules relating to facilities, staffing, and resources at congregate living and care facilities and other related subjects; and

WHEREAS, because the waivers, suspensions and prohibitions contained in Proclamations 20-10, 20-18, 20-37, et seq., 20-38, et seq., and 20-52, et seq., address a variety of topics some of which are also addressed by other proclamations, orders and guidance documents, I issued Proclamations 20-65 and 20-66, dividing some of the waivers, suspensions and prohibitions into their topical areas and cross-reference applicable orders and guidance documents, to assist in the understanding, administration and implementation of those waivers, suspensions and prohibitions; and

WHEREAS, under the provisions of RCW 43.06.220(4), the statutory waivers and suspensions contained in Proclamations 20-10, 20-18, 20-37 et seq., 20-38 et seq., and 20-52 et seq., had been periodically extended with certain modifications, by the leadership of the Washington State Senate and House of Representatives until the termination of the COVID-19 State of Emergency, and which I acknowledged and similarly extended the prohibitions and the waiver and suspension of rules therein with certain modifications in subsequent proclamations; and

WHEREAS, under the provisions of RCW 43.06.220(4), the statutory waivers and suspensions in Proclamation 20-65, et seq., including all of the prior proclamations' statutory waivers and suspensions contained therein, except numbered paragraph 30 (at my request), were extended by the leadership of the Washington State Senate and House of Representatives, and which I acknowledged and similarly extended the prohibitions and the waiver and suspension of rules therein in subsequent proclamations; and

WHEREAS, on November 9, 2020, under the provisions of RCW 43.06.220(4), the statutory waivers and suspensions in Proclamation 20-65, et seq., were extended by the leadership of the Washington State Senate and House of Representatives until the termination of the COVID-19 State of Emergency or 11:59 p.m. on December 7, 2020, whichever occurs first; and

WHEREAS, to fully extend Proclamation 20-65, et seq., it is also necessary for me to extend the prohibitions and the waiver and suspension of rules provided therein; and

WHEREAS, the Washington State Department of Health continues to maintain a Public Health Incident Management Team in coordination with the State Emergency Operations Center and other supporting state agencies to manage the public health aspects of the incident; and

WHEREAS, the Washington State Military Department Emergency Management Division, through the State Emergency Operations Center, continues coordinating resources across state government to support the Department of Health and local health officials in alleviating the impacts to people, property, and infrastructure, and continues coordinating with the Department of Health in assessing the impacts and long-term effects of the incident on Washington State and its people; and

**PROCLAMATION BY THE GOVERNOR
AMENDING AND EXTENDING PROCLAMATIONS 20-05 and 20-28, et seq.**

**20-28.13
Open Public Meetings Act and Public Records Act Proclamations**

WHEREAS, on February 29, 2020, I issued Proclamation 20-05, proclaiming a State of Emergency for all counties throughout the state of Washington as a result of the coronavirus disease 2019 (COVID-19) outbreak in the United States and confirmed person-to-person spread of COVID-19 in Washington State; and

WHEREAS, as a result of the continued worldwide spread of COVID-19, its significant progression in Washington State, and the high risk it poses to our most vulnerable populations, I have subsequently issued several amendatory proclamations, exercising my emergency powers under RCW 43.06.220 by prohibiting certain activities and waiving and suspending specified laws and regulations; and

WHEREAS, to curtail the spread of the COVID-19 pandemic in Washington State by limiting person-to-person contact through social distancing and limiting in-person interactions, I issued Proclamation 20-25, et seq., which during the early stages of the COVID-19 pandemic prohibited all people in Washington State from leaving their homes except under certain circumstances and limitations, and then transitioned to a phased reopening of counties in accordance with specific guidance issued by my office and by the Washington State Department of Health; and

WHEREAS, to enable public meetings to occur while maintaining the social distancing and limitations on in-person interactions necessary to curtail the spread of COVID-19, on March 24, 2020, I issued Proclamation 20-28, prohibiting in-person meetings and waiving and suspending laws and rules concerning RCW 42.56, the Public Records Act, and RCW 42.30, the Open Public Meetings Act that hindered conducting public meetings remotely; and

WHEREAS, under the provisions of RCW 43.06.220(4), the statutory waivers and suspensions of Proclamation 20-28, et seq., have been periodically extended by the leadership of the Washington State Senate and House of Representatives, and which I have acknowledged and similarly extended the prohibitions therein in subsequent sequentially numbered proclamations, which proclamations also contained modifications and guidance regarding the waivers, suspensions, and prohibitions; and

WHEREAS, open public meetings are a fundamental part of open government and are essential to provide the people of Washington with timely and accurate information regarding wildfires and COVID-19, to provide them with answers to their questions, to enable public bodies to conduct business in response to the ongoing emergencies, and to dispel misinformation that may be spread through social media or otherwise; and

WHEREAS, to enable necessary public meetings in areas where telecommunications services were interrupted or degraded due to wildfires, on September 16, 2020, I issued Proclamation 20-28.10 modifying the prohibitions and guidance set forth in Proclamations 20-28 and prior amendments; but today, those telecommunication interruptions due to wildfires are no longer present, so those modifications to 20-28 initially outlined in 20-28.10 are not necessary at this time and are not further extended here; and

WHEREAS, on November 9, 2020, under the provisions of RCW 43.06.220(4), the statutory waivers and suspensions in Proclamation 20-28, et seq., were again extended by the leadership of the Washington State Senate and House of Representatives until the termination of the COVID-19 State of Emergency or 11:59 p.m. on December 7, 2020, whichever occurs first; and

WHEREAS, to provide greater opportunity for the public to engage its governing bodies, it is critical that we continue to strive to explore ways to identify and allow for safe in-person interactions between Washingtonians and their public officials; and

WHEREAS, to fully extend Proclamations 20-28, et seq., it is also necessary for me to extend the prohibitions provided therein; and

WHEREAS, to assist in the implementation of Proclamation 20-28, et seq., it is appropriate to restate in one document the prohibitions and the statutory waivers and suspensions currently in effect; and

WHEREAS, the Washington State Military Department Emergency Management Division, through the State Emergency Operations Center, continues coordinating resources across state government to address the impacts and long-term effects of the emergencies on Washington State and its people.

NOW, THEREFORE, I, Jay Inslee, Governor of the state of Washington, as a result of the above-noted situations, and under RCW 38.08, 38.52, and 43.06, do hereby proclaim that a State of Emergency continues to exist in all counties of Washington State, that Proclamation 20-05 and all amendments remain in effect, and that the prohibitions in Proclamations 20-28, et seq., are amended to (1) recognize the extension of the statutory waivers and suspensions of RCW 42.56 and RCW 42.30 restated herein by the leadership of the Washington State Senate and House of Representatives until the termination of the COVID19 State of Emergency or 11:59 p.m. on December 7, 2020, whichever occurs first, and (2) similarly extend the prohibitions herein until the termination of the COVID-19 State of Emergency or 11:59 p.m. on December 7, 2020, whichever occurs first.

I again direct that the plans and procedures of the *Washington State Comprehensive Emergency Management Plan* be implemented throughout state government. State agencies and departments are directed to continue utilizing state resources and doing everything reasonably possible to support implementation of the *Washington State Comprehensive Emergency Management Plan* and to assist affected political subdivisions in an effort to respond to and recover from the COVID-19 pandemic and wildfires.

I continue to order into active state service the organized militia of Washington State to include the National Guard and the State Guard, or such part thereof as may be necessary in the opinion of The Adjutant General to address the circumstances described above, to perform such duties as directed by competent authority of the Washington State Military Department in addressing the outbreak. Additionally, I continue to direct the Department of Health, the Washington State Military Department Emergency Management Division, and other agencies to identify and provide appropriate personnel for conducting necessary and ongoing incident related assessments.

FURTHERMORE, based on the above situation and under the provisions of RCW 43.06.220(1)(h), I find that RCW 42.30, as applied to all public agencies statewide, involves the conduct of state business, and to help preserve and maintain life, health, property or the public peace, I hereby amend Proclamation 20-05, and 20-28 et seq., to prohibit public agencies as follows:

Prohibition:

Any public agency subject to RCW 42.30 is prohibited from conducting a public meeting subject to RCW 42.30 unless (a) the meeting is not conducted in-person and instead provides an option(s) for the public to attend the proceedings through, at minimum, telephonic access, and may also include other electronic, internet or other means of remote access, and (b) provides the ability for all persons attending the meeting to hear each other at the same time.

Exemption from Prohibition:

As an exception to the above prohibition, public agencies holding public meetings in counties currently in Phase 3 of the *Safe Start Washington Phased Reopening County-by-County Plan* may, at their option and in addition to hosting the remote meeting elements described above, include an in-person component to a public meeting if all of the following requirements are met:

1. Open public meetings shall comply with all provisions of Proclamation 20-25, et seq., and the *Safe Start Washington Phased Reopening County-by-County Plan* found [here](#) including but not limited to adherence to the requirements that in-person gatherings are limited to the maximum number of persons allowed per the Phase of the county in which the public meeting is being held, and that all attendees are required to be separated by at least six feet and wear a face covering. For meetings held either indoors or outdoors, six feet of physical distance must be maintained by all attendees, and all attendees must wear a face covering. (*Note: If no indoor space is available that meets applicable distancing requirements, the public meeting can and should be held outdoors*); and
2. Any person wishing to attend in person a public meeting with an in-person component must be able to do so at a physical location meeting the requirements herein, either in a primary meeting location or an overflow physical location that provides the ability for all persons attending the meeting to hear each other at the same time; and
3. If at any time during a public meeting the in-person component cannot comply with each of the requirements herein, the public meeting (to include the telephonic/remote access portions) must be recessed until compliance is restored or if compliance cannot be restored then adjourned, continued, or otherwise terminated.
4. The public agency holding an in-person public meeting shall accommodate, to the extent practicable, those wishing to participate in and/or attend the public meeting (to include the press) by allowing persons to attend the meeting by listening and speaking through operable telecommunications devices (examples include using an attendee's cell phone with service to connect to a conference calling service, or allowing persons to call in using an attendee's cell phone with service).
5. County and other local election canvassing boards performing operations related to the 2020 general election are exempt from the prohibitions set forth in this Proclamation to allow them to perform their operations openly and transparently, provided that such boards must (a) permit all persons entitled by law to observe such operations access sufficient to conduct such observation, and (b) follow Department of Health and Department of Labor and Industries guidelines related to facial coverings, social distancing, sanitizing, and other protective measures enacted in response to the COVID-19 pandemic.

FURTHERMORE, based on the above noted situation and under the provisions of RCW 43.06.220(2)(g), I continue to find that strict compliance with the following portions of statutory and regulatory obligations or limitations will prevent, hinder, or delay necessary action for coping with the COVID-19 State of Emergency by bringing people in contact with one another at a time when the virus is rapidly spreading, and that the language of each statutory provision specified below is hereby waived and suspended:

- RCW 42.30.030 – the following words only:
“and all persons shall be permitted to attend any meeting of the governing body of a public agency, except as otherwise provided in this chapter”
- RCW 42.30.040 – in its entirety;
- RCW 42.30.050 – as to the following word only: “room” in the first sentence
- RCW 42.30.070 – as to the following word only: the first usage of “site” - in the fourth sentence
- RCW 42.30.075 – as to the following words only:
“Notice of any change from such meeting schedule shall be published in the state register for distribution at least twenty days prior to the rescheduled meeting date.”
- RCW 42.30.080(2)(c) – as to the following words only:
“Prominently displayed at the main entrance of the agency's principal location and the meeting site if it is not held at the agency's principal location.”
- RCW 42.30.090 – as to the following words only:
“on or near the door of the place where the regular, adjourned regular, special, or adjourned special meeting was held.”

FURTHERMORE, based on the above noted situation and under the provisions of RCW 43.06.220(2)(g), I find that RCW 42.56, as applied to all public agencies statewide involves the conduct of state business and I also continue to find that strict compliance with the following statutory and regulatory obligations or limitations will prevent, hinder, or delay necessary action for coping with the COVID-19 State of Emergency in responding to public records requests by bringing people in contact with one another at a time when the virus is rapidly spreading, and that the language of each statutory provision specified below is hereby waived and suspended

- RCW 42.56.080(2), as to the following words only:
 - “Agency facilities shall be made available to any person for the copying of public records except when and to the extent that this would unreasonably disrupt the operations of the agency.”
 - “in person during an agency's normal office hours, or”
- RCW 42.56.090, as to the first sentence only
- RCW 42.56.100, as to the following word only in the first sentence: “full”
- RCW 42.56.520(1), as to the following words only in the second sentence:
 - “Within five business days of receiving a public records request,”
 - This statutory suspension at 42.56.520(1) does not apply to requests for public records received by an agency electronically.

Violators of this order may be subject to criminal penalties pursuant to RCW 43.06.220(5).

“STAY SAFE– STAY HEALTHY”

ROLLBACK OF COUNTY-BY-COUNTY PHASED REOPENING RESPONDING TO A COVID-19 OUTBREAK SURGE

WHEREAS, on February 29, 2020, I issued Proclamation 20-05, proclaiming a State of Emergency for all counties throughout the

state of Washington as a result of the coronavirus disease 2019 (COVID-19) outbreak in the United States and confirmed person-to-person spread of COVID-19 in Washington State; and

WHEREAS, as a result of the continued worldwide spread of COVID-19, its significant progression in Washington State, and the high risk it poses to our most vulnerable populations, I have subsequently issued several amendatory proclamations, exercising my emergency powers under RCW 43.06.220 by prohibiting certain activities and waiving and suspending specified laws and regulations; and

WHEREAS, I issued Proclamations 20-25, et seq., first entitled “*Stay Home – Stay Healthy*,” and later changed to “*Safe Start – Stay Healthy*” *County-By-County Phased Reopening* found [here](#), in which I initially prohibited all people in Washington State from leaving their homes except under certain circumstances and then gradually relaxed those limitations based on county-by-county phasing established according to metrics provided by the Secretary of Health; and

WHEREAS, on July 2, 2020, due to the increased COVID-19 infection rates across the state, I ordered a freeze on all counties moving forward to a subsequent phase, and that freeze remains in place today; and

WHEREAS, on July 24, 2020, the Secretary of Health issued *Order of the Secretary of Health 20-03.1*, found [here](#), which, among other things, requires (with exceptions) the use of face coverings throughout the state; and

WHEREAS, despite this guidance, positive COVID-19-related cases and hospitalizations have been on a steady rise since early September; and, most alarmingly, from the latter part of October through the first two weeks of November, 2020, COVID-19 cases have doubled in Washington, and COVID-19-related hospitalizations have risen sharply, putting our people, our health system, and our economy in as dangerous a position as we faced in March 2020; and

WHEREAS, there is evidence that the virus is spread through very small droplets called aerosols that are expelled from our mouths when we breathe, talk, sing, vocalize, cough, or sneeze, that these aerosols linger in air, and that a significant risk factor for spreading the virus is prolonged, close contact with an infected person indoors, especially in poorly ventilated spaces; and

WHEREAS, we know that several factors increase the risk for person-to-person COVID-19 transmission; such factors include (1) the more that people and groups interact, (2) the longer those interactions last, (3) the closer the contact between individuals, and (4) the denser the occupancy for indoor facilities; and

WHEREAS, the Washington State Department of Health and the Centers for Disease Control and Prevention have provided health and safety guidance to reduce the risk of transmission of COVID-19 generally and in specific sectors, environments, and settings, yet many individuals continue to disregard this guidance, and person-to-person interactions, including gatherings, have led to many infections and are a primary factor in the dangerous increase in COVID-19 cases and hospitalizations currently being experienced in Washington; and

WHEREAS, to reduce the severe increases in COVID-19 cases and hospitalizations we are currently facing, and to reduce the increase in deaths from COVID-19 that likely will follow, it is necessary to immediately modify prior prohibitions and guidance, and to issue further guidance as it is developed; and

WHEREAS, COVID-19, caused by a virus that spreads easily from person to person which may result in serious illness or death and has been classified by the World Health Organization as a worldwide pandemic, has broadly spread throughout Washington State and remains a significant health risk to all of our people, especially among our most vulnerable populations; and

WHEREAS, the worldwide COVID-19 pandemic and its progression in Washington State continue to threaten the life and health of our people as well as the economy of Washington State, and remain a public disaster affecting life, health, property or the public peace; and

WHEREAS, the Washington State Department of Health continues to maintain a Public Health Incident Management Team in coordination with the State Emergency Operations Center and other supporting state agencies to manage the public health aspects of the incident; and

WHEREAS, the Washington State Military Department Emergency Management Division, through the State Emergency Operations Center, continues coordinating resources across state government to support the Department of Health and local health officials in alleviating the impacts to people, property, and infrastructure, and continues coordinating with the Department of Health in assessing the impacts and long-term effects of the incident on Washington State and its people; and

NOW, THEREFORE, I, Jay Inslee, Governor of the state of Washington, as a result of the above noted situation, and under Chapters 38.08, 38.52 and 43.06 RCW, do hereby proclaim and order that a State of Emergency continues to exist in all counties of Washington State, that Proclamation 20-05 and all amendments thereto remain in effect, and that, to help preserve and maintain

FURTHERMORE, in collaboration with the Washington State Department of Health, in furtherance of the physical, mental, and

economic well-being of all Washingtonians, I will continue to analyze the data and epidemiological modeling and adjust guidance accordingly.

ADDITIONALLY, as a reminder, a travel advisory for all non-essential travel, issued on November 13, 2020, remains in effect. That advisory provides the following guidance:

(1) Persons arriving in Washington from other states or countries, including returning Washington residents, should self-quarantine for 14 days after arrival. These persons should limit their interactions to their immediate household; and (2) Washingtonians are encouraged to stay home or in their region and avoid non-essential travel to other states or countries.

ADDITIONALLY, in furtherance of these prohibitions and for general awareness:

All mandatory guidelines for businesses and activities, which remain in effect except as modified by this Proclamation and the *Order of the Secretary of Health 20-03.1*, may be found at the Governor's Office [website](#), [COVID-19 Resources and Information](#), and at [COVID-19 Reopening Guidance for Businesses and Workers](#).

I again direct that the plans and procedures of the *Washington State Comprehensive Emergency Management Plan* be implemented throughout state government. State agencies and departments are directed to continue utilizing state resources and doing everything reasonably possible to support implementation of the *Washington State Comprehensive Emergency Management Plan* and to assist affected political subdivisions in an effort to respond to and recover from the COVID-19 pandemic.

I continue to order into active state service the organized militia of Washington State to include the National Guard and the State Guard, or such part thereof as may be necessary in the opinion of The Adjutant General to address the circumstances described above, to perform such duties as directed by competent authority of the Washington State Military Department in addressing the outbreak. Additionally, I continue to direct the Department of Health, the Washington State Military Department Emergency Management Division, and other agencies to identify and provide appropriate personnel for conducting necessary and ongoing incident related assessments.

Violators of this order may be subject to criminal penalties pursuant to RCW 43.06.220(5). Further, if people fail to comply with the required social distancing and other protective measures while engaging in this phased reopening, I may be forced to reinstate the prohibitions established in earlier proclamations.

Unless extended or amended, upon expiration or termination of this amendatory proclamation the provisions of Proclamation 20-25, et seq., will continue to be in effect until the state of emergency, issued on February 29, 2020, pursuant to Proclamation 20-05, is rescinded.

**PROCLAMATION BY THE GOVERNOR
AMENDING PROCLAMATION 20-05**

**20-76
Food Delivery Fees**

WHEREAS, on February 29, 2020, I issued Proclamation 20-05, proclaiming a State of Emergency for all counties throughout the state of Washington as a result of the coronavirus disease 2019 (COVID-19) outbreak in the United States and confirmed person-to-person spread of COVID-19 in Washington State; and

WHEREAS, as a result of the continued worldwide spread of COVID-19, its significant progression in Washington State, and the high risk it poses to our most vulnerable populations, I have subsequently issued several amendatory proclamations, exercising my emergency powers under RCW 43.06.220 by prohibiting certain activities and waiving and suspending specified laws and regulations; and

WHEREAS, I issued Proclamations 20-25, et seq., first entitled “*Stay Home – Stay Healthy*,” in which I initially prohibited all people in Washington State from leaving their homes except under certain circumstances, and later amended to “*Safe Start – Stay Healthy*” *County-By-County Phased Reopening*, gradually relaxing those limitations based on county-by-county phasing, and on November 16, 2020 I again amended 20-25, et seq., to “*Stay Safe– Stay Healthy - Rollback of County-By-County Phased Reopening Responding to a COVID-19 Outbreak Surge*”, in response to a surge of new cases of COVID-19 in Washington State, thereby rolling back the reopening of businesses and reestablishing limitations on community gatherings, which includes a prohibition against indoor dining, among other things; and

WHEREAS, the COVID-19 pandemic has caused a sustained economic slowdown for Washington State, resulting in layoffs and reduced work hours for a significant percentage of our workforce and reductions in business activity impacting our commercial sectors that support our state’s economic vitality, including severe impacts to the large number of small businesses that make the state’s economy thrive; and

WHEREAS, access to food is essential, and it is therefore necessary to take steps to support restaurants and other food providers so they may continue to perform an essential function of providing access to food via delivery and pick-up options and to address food insecurity to those who are unable to obtain food in other ways; and

WHEREAS, for the above stated reasons, it is necessary to take action to maximize restaurants’ revenue from delivery and pick-up orders that are a lifeline and currently the sole source of revenue for the state’s restaurant and food industry to enable these businesses to survive the impacts of the COVID- 19 pandemic and continue supporting the workforce and contributing to the vitality of the state’s economy; and

WHEREAS, many consumers are eager to support local restaurants by using third-party, app-based delivery platforms to place orders with those restaurants, and these third-party platforms charge commission fees based on the purchase price; and

WHEREAS, while the service agreement between restaurants and third-party delivery platforms vary, all of these agreements include delivery commission fees that can include commission fees of up to 30% or more of the purchase price, creating an economic hardship for these food providers; and

WHEREAS, capping the delivery commission fees on delivery or pick-up orders while restaurants are unable to provide unrestricted dine-in service will ease the economic hardship for these essential service providers, while not unduly burdening third-party, app-based delivery platforms; and

WHEREAS, during this time of local economic shutdown and uncertainty caused by the COVID- 19 pandemic, many vulnerable workers have found work as delivery drivers for these third-party delivery platforms to financially support themselves and their families, and may be economically impacted if third-party, app-based delivery platforms reduce compensation rates to these delivery drivers as a result of the cap on delivery commission fees, and therefore, it is necessary to take action to prevent such under-compensation; and

WHEREAS, COVID-19, caused by a virus that spreads easily from person to person which may result in serious illness or death and has been classified by the World Health Organization as a worldwide pandemic, has broadly spread throughout Washington State and remains a significant health risk to all of our people, especially among our most vulnerable populations; and

WHEREAS, the worldwide COVID-19 pandemic and its progression in Washington State continue to threaten the life and health of our people as well as the economy of Washington State, and remain a public disaster affecting life, health, property or the public peace; and

WHEREAS, the Washington State Department of Health continues to maintain a Public Health Incident Management Team in coordination with the State Emergency Operations Center and other supporting state agencies to manage the public health aspects of the incident; and

WHEREAS, the Washington State Military Department Emergency Management Division, through the State Emergency Operations Center, continues coordinating resources across state government to support the Department of Health and local health officials in alleviating the impacts to people, property, and infrastructure, and continues coordinating with the Department of Health in assessing the impacts and long-term effects of the incident on Washington State and its people; and

NOW, THEREFORE, I, Jay Inslee, Governor of the state of Washington, as a result of the above noted situation, and under Chapters 38.08, 38.52 and 43.06 RCW, do hereby proclaim and order that a State of Emergency continues to exist in all counties of Washington State, that Proclamation 20-05 and all amendments thereto remain in effect, and that, to help preserve and maintain life, health, property or the public peace pursuant to RCW 43.06.220(1)(h), I hereby prohibit third-party, app-based delivery platforms from charging covered establishments certain commissions and fees on food deliveries, as set forth in this order. I further prohibit the reduction of compensation to food delivery drivers, including the reduction of any amount of tips provided to delivery drivers that results from the restrictions on commission or delivery fees as set forth in this order. These prohibitions apply in any county where indoor dining is prohibited and until indoor dining is again permitted in the county at a capacity of at least 50%.

ADDITIONALLY, nothing in this proclamation shall be construed to limit a local government entity from imposing a similar cap on third-party, app-based delivery platforms provided it is not less prohibitive than this proclamation.

FURTHERMORE, I again direct that the plans and procedures of the *Washington State Comprehensive Emergency Management Plan* be implemented throughout state government. State agencies and departments are directed to continue utilizing state resources and doing everything reasonably possible to support implementation of the *Washington State Comprehensive Emergency Management Plan* and to assist affected political subdivisions in an effort to respond to and recover from the COVID-19 pandemic.

This order is effective at 12:01 a.m. on Wednesday, November 25, 2020. Unless extended or amended, upon expiration or termination of this amendatory proclamation the provisions of Proclamation 20-76, will continue to be in effect until the state of emergency, issued on February 29, 2020, pursuant to Proclamation 20-05, is rescinded.

20-24.2

Requirements for Non-Urgent Medical and Dental Procedures

WHEREAS, on February 29, 2020, I issued Proclamation 20-05, proclaiming a State of Emergency for all counties throughout Washington as a result of the coronavirus disease 2019 (COVID-19) outbreak in the United States and confirmed person-to-person spread of COVID-19 in Washington State; and

WHEREAS, as a result of the continued worldwide spread of COVID-19, its significant progression in Washington State, and the high risk it poses to our most vulnerable populations, I have subsequently issued several amendatory proclamations, exercising my emergency powers under RCW 43.06.220 by prohibiting certain activities and waiving and suspending specified laws and regulations; and

WHEREAS, I issued Proclamations 20-25, et seq., first entitled “Stay Home – Stay Healthy,” in which I initially prohibited all people in Washington State from leaving their homes except under certain circumstances, which I later amended to “Safe Start – Stay Healthy – County-By-County Phased Reopening,” gradually relaxing those limitations based on county-by-county phasing, and on November 16, 2020 again amended 20-25, et seq., to “Stay Safe – Stay Healthy - Rollback of County-By-County Phased Reopening Responding to a COVID-19 Outbreak Surge,” in response to a large surge of new cases of COVID-19, increased hospitalizations and ongoing COVID-19 related deaths in Washington State; and

WHEREAS, the COVID-19 disease, caused by a virus that spreads easily from person to person which may result in serious illness or death and has been classified by the World Health Organization as a worldwide pandemic, is again broadly spreading throughout Washington State, in a new wave of infections and hospitalizations, significantly increasing the threat of serious associated health risks statewide; and

WHEREAS, the health care personal protective equipment (PPE) supply chain in Washington State has been severely disrupted by the significant increased use of such equipment worldwide, such that there are now shortages of this equipment for health care workers. To curtail the spread of the COVID-19 pandemic in Washington State and to protect our health care workers as they provide health care services, it is necessary to prohibit all medical, dental and dental specialty facilities, practices, and practitioners in Washington State from providing non-urgent health care and dental services, procedures and surgeries unless specific procedures and criteria are met; and

WHEREAS, in accordance with the state comprehensive management plan, the State Departments of Enterprise Services, Health, and Military have facilitated the purchase and delivery of vital PPE and other health care equipment, to assist the state’s hospitals, health systems, and other providers of clinical services to address the health care crisis created by the COVID-19 pandemic; and

WHEREAS, Washington State’s collaborative approach has been effective in addressing the significant public health issues associated with the disease, while greatly expanding the clinical and operational capacity of the health system to effectively care for COVID-19 patients and safely provide preventive, diagnostic, outpatient, ambulatory, acute, and post-acute care for all people in need of care via both in-person and virtual means. The professionalism, expertise, and compassion of Washington’s clinicians, nurses, and other health care professionals during the COVID-19 pandemic has been exemplary; and

WHEREAS in the early days of the pandemic, I, in collaboration with the Washington State Department of Health and health care system partners, established a data-driven approach to addressing the health and safety of Washington’s citizens and communities, which was successful in reducing the impact of the disease in the State and must continue to direct the state’s health care response to the pandemic; and

WHEREAS, I have requested and will again request that the leadership of the Legislature extend Proclamation 20-29, et seq., to require telemedicine payment parity through year-end 2020, when the new parity law in ESSB 5385 will take effect; and

WHEREAS, recognizing that health status is impacted both by social determinants of health and untreated or inadequately treated health conditions, it is vital that public and private sector participants in the health care system work to enhance public health capabilities and capacity, such as testing, contact tracing and follow-up, and that access to appropriate care be expanded as safely as possible; and

WHEREAS, the exercise of clinical judgement by healthcare and dental professionals related to the care of patients is essential, and it is essential for all of our health and dental partners to follow the same procedures as outlined in this proclamation and work together to protect the health of all of our residents; and

WHEREAS, access to medical services is imperative to maintaining the health and welfare of all our residents, so that our residents do not forego medically necessary care unnecessarily and risk their own safety and welfare; and

WHEREAS, the worldwide COVID-19 pandemic and its progression throughout Washington State continue to threaten the life and health of our people as well as the economy of Washington State, and remain a public disaster affecting life, health, property or the public peace; and

WHEREAS, the Washington State Department of Health continues to maintain a Public Health Incident Management Team in coordination with the State Emergency Operations Center and other supporting state agencies to manage the public health aspects of this ongoing incident; and

WHEREAS, the Washington State Military Department Emergency Management Division, through the State Emergency Operations Center, continues coordinating resources across state government to support the Department of Health and local health officials in alleviating the impacts to people, property, and infrastructure, and continues coordinating with the Department of Health in assessing the impacts and long-term effects of the incident on Washington State and its people.

NOW, THEREFORE, I, Jay Inslee, Governor of Washington, as a result of the above-noted situation, and under Chapters 38.08, 38.52 and 43.06 RCW, do hereby proclaim that a State of Emergency continues to exist in all Washington State counties, that Proclamation 20-05 and all amendments thereto remain in effect, and that Proclamations 20-05 and 20-24, et seq., are amended to immediately prohibit certain medical and dental procedures, with exceptions, and as provided herein.

I again direct that the plans and procedures of the *Washington State Comprehensive Emergency Management Plan* be implemented throughout state government. State agencies and departments are directed to continue utilizing state resources and doing everything reasonably possible to support implementation of the *Washington State Comprehensive Emergency Management Plan* and to assist affected political subdivisions in an effort to respond to and recover from the COVID-19 pandemic.

I continue to order into active state service the organized militia of Washington State to include the National Guard and the State Guard, or such part thereof as may be necessary in the opinion of The Adjutant General to address the circumstances described above, to perform such duties as directed by competent authority of the Washington State Military Department in addressing the outbreak.

Also, I continue to direct the Department of Health, the Washington State Military Department Emergency Management Division, and other agencies to identify and provide appropriate personnel for conducting necessary and ongoing incident related assessments.

FURTHERMORE, based on the above situation and under the provisions of RCW 43.06.220(1)(h), to help preserve and maintain life, health, property or the public peace, I hereby prohibit all health care, dental and dental specialty facilities, practices, and practitioners in Washington State from providing non-urgent health care and dental services, procedures, and surgeries, unless they act in good faith and with reasonable clinical judgment to meet and follow the procedures and criteria provided below:

Expansion and Contraction of Care Plan

Each health care, dental or dental specialty facility, practice, or practitioner must develop, and maintain, an expansion and contraction of care plan that is both congruent with the community COVID-19 assessment, consistent with the clinical and operational capabilities and capacities of the organization, and responsive to the criteria provided below.

Expansion and contraction of care plans should be operationalized based on the standards of care that are in effect in the health care facility, practice, or practitioner's relevant geography as determined by that region's regional healthcare coalition, as follows:

- Conventional Care Phase – All appropriate clinical care can be provided.
- Contingency Care Phase – All appropriate clinical care can be provided so long as there is sufficient access to PPE and, for hospitals, surge capacity is at least 20%.
- Crisis Care Phase – All emergent and urgent care shall be provided; non-urgent care, the postponement of which for more than 90 days would, in the judgment of the clinician, cause harm; the full suite of family planning services and procedures; newborn care; infant and pediatric vaccinations; and other preventive care, such as annual flu vaccinations, can continue.

Criteria for Resuming, Continuing, or Discontinuing Non-Urgent Procedures

Until there is a widely available effective vaccine or herd immunity, hospitals, emergency management agencies, regional healthcare coalitions, professional associations, unions and local health jurisdictions will work together to maintain surge capacity in our health care system and use PPE so that we can keep health care workers safe and provide the needed health care to our

communities. To this end, the following must be met by health care, dental and dental specialty facilities, practices, and practitioners in order to provide non-urgent services, procedures, and surgeries. If a health care facility, practice, or practitioner cannot or does not comply with any of these requirements, non-urgent services, procedures, and surgeries must be reduced or stopped until compliance is achieved and in accordance with the direction, order, requirements, or guidance issued by the Department of Health (DOH) or Department of Labor & Industries (L&I), if any:

- Exercise clinical judgment to determine the need to deliver a health care or dental service in the context of the broader health care and dental needs of patients and communities and in the context of the pandemic, and within the parameters of operation provided by the health care, dental or dental specialty facility, practice or practitioner setting in which they are providing services.
- Continuously monitor the COVID-19 status in the communities they serve.
- Continuously monitor capacity in the health care system to ensure there are sufficient resources, including ventilators, beds, PPE, blood and blood products, pharmaceuticals, and trained staff available to combat any potential surges of COVID-19.
- Continuously monitor the facility's, practice's, or practitioner's supply of PPE and maintain sufficient access to PPE.
- Comply with all applicable state and federal labor and employment laws and provide the staffing and safe work conditions necessary to provide safe patient care.
- Update infection prevention policies and procedures as necessary to reflect current best practice guidelines for universal precautions issued by the Centers for Disease Control and Prevention (CDC), DOH, and L&I, and implement such policies and procedures.
- Circulate infection prevention practices to staff, and train staff on relevant infection prevention practices.
- Regularly evaluate and improve a formal employee feedback process to obtain direct input regarding care delivery processes, PPE, and technology availability.
- Utilize telemedicine as permitted by law for the type of care being provided in order to facilitate access to care while helping to minimize the spread of the virus to other patients and/or health care workers.
- Implement policies for non-punitive employee leave that adhere to CDC return-to-work guidance and applicable law.
- Post signage that strongly encourages staff, visitors, and patients to practice frequent hand hygiene with soap and water or hand sanitizer, avoid touching their face, and practice cough etiquette.
- Follow CDC Guidance on [Interim Infection Prevention and Control Recommendations for Healthcare Personnel During the Coronavirus Disease 2019 \(COVID-19\) Pandemic](#), including any subsequent amendments, for COVID-19 symptom screening for all patients, visitors, contractors, volunteers, and staff prior to, or immediately upon, entering a facility or practice.
- Limit visitors to those essential for the patient's well-being and care. As required under Proclamation 20-25.8, including any subsequent amendments, require visitors to wear face coverings in compliance with the [Secretary of Health's order \(20-03.1\)](#), including the exceptions and exemptions therein.
- As required under Proclamation 20-25.8, including any subsequent amendments, and subject to the requirements of the Emergency Medical Treatment and Active Labor Act, 42 U.S.C. §1395dd, and other applicable state and federal laws, require patients to wear face coverings in compliance with the Secretary of Health's order (20-03.1), including the exceptions and exemptions therein.
- To the greatest extent possible given the constraints of the facility layout, maintain strict physical distancing in patient scheduling, check-in processes, positioning, and movement within a facility. Set up waiting rooms and patient care areas to facilitate patients, visitors, and staff to maintain at least six feet of distance between them whenever possible, consider rooming patients directly from cars or parking lots, space out appointments, and consider scheduling or spatially separating well visits from sick visits.
- Except when physical distancing would interfere with providing health care, require, ensure, and provide adequate space, procedures, and means to maintain physical distancing of at least six feet by all employees in all areas of the hospital/clinic, including public areas, halls, office areas, breakrooms and cafeteria rooms.
- Frequently clean and disinfect high-touch surfaces regularly using an Environmental Protection Agency (EPA)-registered disinfectant, in accordance with guidance issued by the CDC, DOH, and L&I. Follow CDC guidelines to clean after reports of an employee with suspected or confirmed COVID-19 illness. This may involve the closure of the facility or areas of the facility until the location can be properly disinfected.
- Notify the local health jurisdiction where the facility or practitioner is located within 24 hours of identification of a COVID-19 outbreak, defined as suspected transmission among staff, patients, or visitors within the facility as defined in the [Department of Health's COVID-19 Outbreak Definition for Healthcare Settings](#), including any subsequent amendments. Subject to applicable privacy and confidentiality laws and rules, create and maintain a list of staff, patients, contractors, volunteers, and visitors with confirmed or suspected cases or exposure.

- Exclude employees infected with or with known or suspected high-risk exposure to COVID-19 from the workplace in accordance with the CDC's [Interim U.S. Guidance for Risk Assessment and Work Restrictions for Healthcare Personnel with Potential Exposure to COVID-19](#) and [Criteria for Return to Work for Healthcare Personnel with SARS-CoV-2 Infection](#), including any subsequent amendments, subject to the direction of the local health jurisdiction.
- Promptly offer and make available, either on-site or by directing to an external local testing location, testing to employees who have signs or symptoms consistent with COVID-19.
- Educate patients about COVID-19 in a language they best understand. The education should include the signs, symptoms, and risk factors associated with COVID-19 and how to prevent its spread.
- Follow the requirements in Governor Inslee's Proclamation 20-46, et seq., [High-Risk Employees – Workers' Rights](#).
- Follow any direction, order, requirement, or guidance issued by the local health jurisdictions, DOH or L&I for the implementation of this proclamation.

In addition to the above requirements, hospitals and ambulatory surgical facilities must also meet the requirements below in order to provide non-urgent services, procedures, and surgeries. As provided above, if a hospital or ambulatory surgical facility cannot or does not comply with any of the requirements in the lists above or below, non-urgent services, procedures, and surgeries must be reduced or stopped until compliance is achieved and in accordance with the direction, order, requirements, or guidance issued by DOH or L&I, if any:

- For hospitals only, submit accurate and complete data, as required by any DOH guidelines, to the WA HEALTH data reporting system to allow for a state-wide common operating perspective on resource availability.
- To maintain health system capacity and staff readiness during the COVID-19 epidemic, hospitals that are engaged in the COVID-19 response must meet the following requirements when providing non-urgent services, procedures, and surgeries:
 - For hospitals as defined in RCW 70.41.410(1), assign nursing personnel for all non-urgent services, procedures, and surgeries in accordance with the hospital's nurse staffing plan adopted under RCW 70.41.420.
 - For hospitals that are employers within the meaning of RCW 49.12.480, provide employees, as defined in RCW 49.12.480(3)(a), who are providing non-urgent services, procedures, or surgeries, with meal and rest periods as required by WAC 296-126-092, except that rest periods must be scheduled and the employers must provide employees with uninterrupted meal and rest breaks, unless there is a clinical circumstance as described in RCW 49.12.480(1)(b)(ii) that interrupts the break.
 - For health care facilities, as defined in RCW 49.28.130(3)(a), do not require, compel, or force any employee, as defined in RCW 49.28.130(1)(a), who is providing non-urgent services, procedures, or surgeries, to work overtime, unless the circumstance falls under the exceptions listed in RCW 49.28.140(3)(d).
- For clinical procedures and surgeries, develop and implement setting-appropriate, pre-procedure COVID-19 testing protocols from DOH guidance or, if none is issued, relevant and reputable professional clinical sources and research.
- For employees with known or suspected high-risk workplace exposure to SARS-CoV-2, notification to the employee and, with the employee's authorization, to their union representative, if any, by the facility must occur within 24 hours of confirmed exposure.
- For all high-risk exposures, testing must be offered and made available within an appropriate timeframe in accordance with CDC guidelines for testing healthcare personnel. Testing must be conducted in accordance with the CDC's [Interim Guidance on Testing Healthcare Personnel for SARS-CoV-2](#), including any subsequent amendments, subject to the direction of the local health jurisdiction. Per the CDC, test results should be available rapidly, within 24 hours of specimen collection. If the health care facility is unable to provide testing results within this timeframe, the employee should be referred to another testing site.
- Healthcare organizations may, at times, due to PPE shortages created by disruptions to global supply chains, operate in a contingent/crisis mode regarding PPE usage. In such situations, healthcare organizations must utilize PPE protocols that are consistent with CDC guidelines for non-conventional PPE usage. During times when contingent/crisis PPE protocols are in use, healthcare organizations must implement active epidemiological monitoring protocols, including testing of all employees with COVID-19-like illness symptoms within 24 hours of the onset of those symptoms, and implement randomized surveillance testing of employees in consultation with the local health jurisdiction.
- Develop and implement, or continue, and regularly evaluate and improve a management/ employee/union (if applicable) group to review current PPE, projected PPE burn rates, and projected delivery of PPE supplies and understand how that impacts operations for PPE use twice a month.

FURTHERMORE, I hereby prohibit all health care, dental and dental specialty facilities, practices, and practitioners in Washington State from failing to comply with Department of Health and Department of Labor and Industries Division of Occupational Safety and Health rules and guidance on PPE.

ADDITIONALLY, for purposes of this proclamation, non-urgent health care and dental services, procedures, and surgeries are

those that, if delayed, are not anticipated to cause harm to the patient within 90 days. The decision to perform any surgery or procedure in health care, dental and dental specialty facilities and offices should be weighed against the following criteria when considering potential harm to a patient’s health and well-being:

- Expected advancement of disease process
- Possibility that delay results in more complex future surgery or treatment
- Increased loss of function
- Continuing or worsening of significant or severe pain
- Deterioration of the patient’s condition or overall health
- Delay would be expected to result in a less-positive ultimate medical or surgical outcome
- Leaving a condition untreated could render the patient more vulnerable to COVID-19 contraction, or resultant disease morbidity and/or mortality
- Non-surgical alternatives are not available or appropriate per current standards of care
- Patient’s co-morbidities or risk factors for morbidity or mortality, if inflicted with COVID-19 after procedure is performed

Diagnostic imaging, diagnostic procedures or testing should continue in all settings based on clinical judgment that uses the same definition of harm and criteria as listed above. The full suite of family planning services and procedures are not non-urgent.

ADDITIONALLY, when making health system care capacity decisions, health care, dental and dental specialty facilities, practices, and practitioners must, in addition to the above, consider:

- the level and trending of COVID-19 infections in the relevant geography,
- the availability of appropriate PPE,
- collaborative activities with relevant emergency preparedness organizations and/or local health jurisdictions,
- surge capacity of the hospital/care setting, and
- the availability of appropriate post-discharge options addressing transitions of care.

ADDITIONALLY, given the geographic diversity of Washington, the variability in COVID-19 disease burden within the state, and health care system capabilities and capacity, no uniform approach to expanding access to care is possible nor would any such approach be effective or wise. It is essential that health care system participants act with good judgment within the context of their patients’ needs, their environment, and their capabilities and capacity.

This Proclamation goes into effect at 12:01 a.m. on December 3, 2020, and shall remain in effect until the state of emergency, issued on February 29, 2020, pursuant to Proclamation 20-05, is rescinded, or until this order is amended or rescinded, whichever occurs first.

Violators of this order may be subject to penalties pursuant to RCW 43.06.220(5).

Signed and sealed with the official seal of the state of Washington on this 25th day of November, A.D., Two Thousand and Twenty at Olympia, Washington.
