MOTION

Mr. Pardini moved that HOUSE BILL NO. 743 be made a Special Order of Business at 2:00 p.m. today.

SPEAKER'S RULING (MR. O'BRIEN PRESIDING)

The Speaker (Mr. O'Brien presiding): "Your motion is incomplete. Where is House Bill No. 743? Your motion is not a valid motion. Apparently the bill is in the Committee on Energy. First of all that committee would have to be relieved of the bill; then when the committee is relieved of the bill you can make a motion of this nature."

Mr. Pardini: "The nature of the motion is to automatically relieve the committee of the bill."

The Speaker (Mr. O'Brien presiding): "You are out of order."

HOUSE BILL NO. 37, by Representatives Hurley (Margaret), Paris, North, Lee and Gaines:

Establishing a campsite reservation system in state parks.

The bill was read the second time.

Committee on Parks and Recreation recommendation: Majority, do pass as amended. (For amendments, see Journal, 34th Day ex. sess., April 13, 1977.)

On motion of Representative Hurley (Margaret), the committee amendment to page 1, line 24 was adopted.

Representative Hurley (Margaret) moved adoption of the committee amendment to page 2, line 27, and spoke against its adoption.

Mr. Owen spoke in favor of adoption of the committee amendment, and Representative Hurley (Margaret) spoke again in opposition to it.

POINT OF INQUIRY

Representative Hurley (Margaret) yielded to question by Mr. Owen.

Mr. Owen: "I'm curious after all this talk, are you speaking from your personal point of view or as committee Chairman?"

Representative Hurley (Margaret): "I think that's a good question. I did say I voted no on the amendment. I am Chairman of the committee and have been for three years before. I'm pretty interested in what happens in this field. I guess probably what I want is to have this reservation system really work for the people—for those people who have less time now than ever to go from one park to the other if they are turned down and for those people who are working and they have to—"

POINT OF ORDER

Mr. Boldt: "Mr. Speaker, I'm very interested in the answer to the inquiry by Representative Owen and I feel that the Representative from Spokane is using the question as an opportunity to discuss the amendment."

The Speaker (Mr. O'Brien presiding): "Continue, Representative Hurley, but confine your remarks to the question."

Mrs. Hurley: "I think it's pretty hard to say if I'm interested or am I disinterested. Of course, I'm interested. I'm interested as a member of the committee; I'm interested as a Chairman; I'm interested in the people using the system. I guess I'm talking both ways."

Representative Craswell spoke in favor of the amendment.

The amendment was adopted.

On motion of Representative Hurley (Margaret), the committee amendment to page 2, line 31 was adopted.

POINT OF INQUIRY

Mr. Martinis yielded to question by Mrs. Hurley (Margaret).

Mrs. Hurley (Margaret): "Representative Martinis, what is the fiscal impact on the reservation system with your amendment?"

Mr. Martinis: "Representative Hurley, the fiscal impact is, by the committee amendment, \$15,000. It's stated in the bill. I guess a person could turn right around and ask you, Representative Hurley, what is the fiscal impact of this, but the bill states that there will be appropriated \$15,000 to set up a reservation system. Of course, there is then an account where the charges for a reservation system will go in and be used solely to develop and maintain the reservation system. A fiscal impact? I'm more concerned over my constituents than I am the fiscal impact, but then we did reduce the appropriation to \$15,000."

Representatives Hurley (Margaret), Craswell and Owen spoke against the amendment, and Mr. Martinis spoke again in favor of it.

POINT OF ORDER

Mr. Owen: "Is Representative Martinis speaking on final passage of the bill or on the amendment?"

The Speaker (Mr. O'Brien presiding): "He's speaking on the amendment."

Mr. Martinis continued his remarks in favor of the amendment, and Mr. Charnley spoke against it.

Mr. Conner moved adoption of the committee amendment.

Representatives Conner, Wilson and Hansen spoke in favor of the committee amendment, and Mr. Charnley spoke against it.

Mr. Conner spoke again in favor of the amendment.

POINT OF INQUIRY

Mr. Conner yielded to question by Mr. Douthwaite.

Mr. Douthwaite: "Representative Conner, I would assume the Federal Environmental Protection Agency probably has rules and regulations, if not laws, prohibiting the removal of catalytic converters from exhaust systems. The language on line 11 reads, '...any catalytic converter in the exhaust system of any such vehicle may be lawfully removed.' If there is a federal law existing it seems we are building in a conflict. How is this resolved?"

Mr. Conner: "The federal rules and regulations do have that; however, the representative from the Department of Ecology did speak to us about the possibility of the loss of the federal funding, but the committee felt that in line with the evidence submitted in such a graphic manner, the state regulations should not be in effect."

Mr. Douthwaite spoke against the committee amendment.

If we had a personal services contract awarded to Ajax Incorporated or something, is it your intent, and the intent of the sponsors of this bill, that at least one of the principle officers of the corporation or association be identified?"

Mr. McKibbin: "The intent of this subsection is to clarify. Currently, when the contracts are written into the books, names are abbreviated because of the length of the names of them. If there's a large number of people in the firm—if it's a law firm, for instance—they would abbreviate down to two. This is to provide that we would know all the individuals that are members of that firm. In a corporation I would suspect it would include just the full name."

POINT OF INQUIRY

Mr. Warnke yielded to question by Mr. Ehlers.

Mr. Ehlers: "It's my understanding that with the federal regulations the federals will come in and, in fact, inspect the mobile homes that are being manufactured?"

Mr. Warnke: "That's true."

Mr. Ehlers: "If that's the case then our need for having the Department of Labor and Industries inspect the homes would no longer be necessary. Wouldn't we save money if the federals come in and did the inspections and we would not have to have employees from the Department do the inspections?"

Mr. Warnke: "No, I don't think we would save any money, because presently L&I has a team of inspectors that are traveling with the feds and are inspecting in other states as well as the state of Washington. With the adoption of the act, those inspectors will probably stay within the state."

Mr. Ehlers: "If I understand then, if we did not have to have inspectors by L&I, the federal inspectors would then continue to inspect the mobile homes and we would not really find it necessary to have those inspectors. Wouldn't we save money then? Wouldn't the federals be able to carry out the inspection and verify that everything is fine, is of good construction and fire-safe, etc.?"

Mr. Warnke: "We would not be losing federal support nor would we not be spending state dollars because we are presently, even if we don't adopt this act, using some state inspectors traveling with the federal inspectors. Those dollars are being spent presently. If the act does not pass we still will have some state inspectors that are doing inspections."

Mr. Ehlers spoke against passage of the bill.

MAJORITY recommendation: Do pass with the following amendments:

On page 1, strike everything after the enacting clause and insert the following:

'NEW SECTION. Section 1. This chapter shall be known and may be cited as the 'Mobile Home Landlord-Tenant Act'.

'NEW SECTION. Sec. 2. Every duty under this chapter and every act which must be performed as a condition precedent to the exercise of a right or remedy under this chapter imposes an obligation of good faith in its performance or enforcement.

NEW SECTION. Sec. 3. Unless the context clearly requires otherwise, the definitions contained in this section shall apply throughout this chapter.

(1) 'Landlord' means the owner of real property rented or held out for rent to others for the placement of two or more mobile homes, and includes the agents of a landlord.

(2) 'Mobile home' means a transportable, factory-assembled dwelling unit designed to be used as and suitable for year-round occupancy and containing similar facilities for water supply, waste disposal, and electrical conveniences as for immobile housing.

(3) 'Mobile home lot' means a portion of a mobile home park designated as the location of one mobile home and its accessory buildings, and intended for the exclusive use of the occupants of that mobile home.

(4) 'Mobile home park' means any real property which is rented or held out for rent as the location for two or more mobile homes for dwelling purposes.

(5) 'Owner' means one or more persons, jointly or severally, in whom is vested (a) all or part of the legal title to property; or (b) all or part of the beneficial ownership, and a right to present use and enjoyment of the property.

(6) 'Person' means an individual, group of individuals, corporation, estate, trust, partnership or association, two or more persons having a joint or common interest, or any other legal or commercial entity.

(7) 'Premises' means the grounds and facilities of the mobile home park held out for the common use of tenants and vacant mobile home lots, but not including rented mobile home lots or vacant lands adjacent to the mobile home park.

(8) 'Reasonable attorney's fees', where authorized in this chapter, means an amount to be determined which shall reflect the following factors: The time and labor required, the novelty and difficulty of the questions involved, the skill requisite to perform the legal service properly, the fee customarily charged in the locality for similar legal services, the amount involved and the results obtained, and the experience, reputation, and ability of the lawyer or lawyers performing the services.

(9) 'Rental agreement' means any contract or lease which establishes or modifies the terms, conditions, rules, regulations, or other provisions concerning the use of a mobile home lot and the occupancy of a mobile home thereon.

(10) 'Rent' means money or any other valuable consideration given for the right of use, possession, or occupation of a mobile home lot.

(11) 'Tenant' means any person, except a transient, who is entitled to occupy a mobile home on a mobile home lot pursuant to a rental agreement.

(12) 'Transient' means a person who rents a mobile home lot for a period of less than one month.

NEW SECTION. Sec. 4. This chapter shall regulate and determine legal rights, remedies, and obligations arising from any rental agreement between a landlord and a tenant regarding a mobile home lot. All such rental agreements shall be unenforceable to the extent of any conflict with any provision of this chapter. Chapter 59.12 RCW shall be applicable only in implementation of the provisions of this chapter and not as an alternative remedy to this chapter which shall be exclusive where applicable: PROVIDED, That the provisions of RCW 59.12.090, 59.12.100, and 59.12.170 shall not apply to any rental agreement included under the provisions of this chapter. NEW SECTION. Sec. 5. Each landlord shall notify his tenants in writing on or before November 1, 1977, that all rental agreements entered into thereafter for a term of six months or longer must be in writing and that a written one year rental agreement, conforming to the requirements of this chapter, is available upon request by the tenant: PROVIDED, That in the case of a mobile home park or part thereof acquired for construction of a public works project, or under imminent threat of condemnation for a public works project, such one year rental agreements need not be offered by the landlord. A tenant or prospective tenant may elect to execute a rental agreement for less than a one year term. If a one year rental agreement is executed, no landlord shall allow a mobile home to be moved into a mobile home park until the written rental agreement has been signed by both the landlord and tenant and a copy provided to the tenant.

NEW SECTION. Sec. 6. (1) All rental agreements executed between landlord and tenant shall contain:

(e) The name and address of the person who is the landlord and, if such person does not reside in Washington state, the name and address of a person who is authorized to act as agent of the landlord for the purpose of service of notices and process. If no designation is made of a person to act as agent, then the person to whom rental payments are to be made shall be considered such agent;

(2) Rental agreements between a landlord and tenant shall not contain:

(a) Any provision which permits the landlord to evict a tenant or charge a penalty fee for late payment of rent or other charges prior to five days beyond the date on which the rent or other charges are due;

(b) Any provision which permits the landlord to charge a penalty fee for late payment of rent or other charges in excess of five dollars per month or five percent of the total amount of rent or other charges due, whichever is greater;

(c) Any provision which allows the landlord to increase the rent or alter the due date for rent payment during the term of the rental agreement: PROVIDED, That a rental agreement may include an escalation clause for a pro rata share of any increase in the mobile home park's real property taxes or utility assessments or charges, over the base taxes or utility assessments or charges of the year in which the rental agreement took effect, if the clause also provides for a pro rata reduction in rent or other charges in the event of a reduction in real property taxes or utility assessments or charges, below the base year;

(d) Any provision allowing the landlord to charge an amount in excess of two months' rent in advance and an amount in excess of one month's rent as a security deposit;

(e) Any provision by which the tenant agrees to waive or forego rights or remedies under this chapter;

(f) Any provision allowing the landlord to charge an 'entrance fee' or an 'exit fee';

(g) Any provision by which the tenant agrees to the exculpation or limitation of any liability of the landlord arising under law, or to indemnify the landlord for that liability or the costs connected therewith; or

(h) Any provision by which the tenant agrees to pay the attorney's fees of the landlord, except as authorized in this chapter; and

(3) A provision in a rental agreement prohibited by subsection (2) of this section is unenforceable. If a landlord attempts to enforce any provision known by him to be prohibited, the tenant may recover actual damages sustained by him and reasonable attorney's fees.

(a) Otherwise agreed in the original rental agreement; or

(b) The landlord gives the tenant written notice, not less than two months prior to the expiration of a rental agreement for a fixed term and not less than thirty days prior to the expiration of a month-to-month rental agreement, that:

(i) The rental agreement will be renewed only upon the tenant's acceptance of the new terms specified in the notice; or

(ii) The rental agreement will be terminated upon its expiration date for due cause as specified in the notice: PROVIDED, That due cause shall be limited to one or more of the reasons enumerated in section 14 of this act; or

(iii) The rental agreement will be terminated upon its expiration date due to a change in land use to other than a mobile home park.

(2) After receipt of a notice which conditions renewal of the rental agreement upon acceptance by the tenant of new terms, the tenant shall notify the landlord in writing if the tenant does not intend to renew the rental agreement:

(a) Not less than thirty days prior to the expiration of a rental agreement for a fixed term; or

(b) Not less than fifteen days prior to the expiration of a month-to-month rental agreement.

(3) Failure of the tenant to notify the landlord as specified in subsection (2) of this section shall result in automatic renewal of the rental agreement on a month-to-month basis, including the terms specified in the landlord's notice.

NEW SECTION. Sec. 8. Rules and regulations contained in a rental agreement may be amended or supplemented by the landlord during the term of a rental agreement only:

(1) Upon six months' written notice; or

(3) Indicate each mobile home lot in the park so as to make clear each tenant's area of responsibility;

(4) Keep the premises free of weeds or plant growth noxious and detrimental to the health of the tenants;

(5) Keep the premises free of infestation by insects, rodents, and other pests detrimental to the health of the tenants;

(6) Maintain all electrical, water, sewer, gas, or other utilities provided by the landlord in reasonably good working condition;

(7) Maintain roads within the mobile home park in reasonably good condition; and

(8) Provide adequate space for parking which does not block traffic on any road.

NEW SECTION. Sec. 11. Improvements, except a natural lawn, purchased and installed by a tenant on a mobile home lot shall remain the property of the tenant even though affixed to or in the ground and may be removed or disposed of by the tenant at the termination of the tenancy: **PROVIDED**, That a tenant shall leave the mobile home lot in substantially the same or better condition than upon taking possession.

NEW SECTION. Sec. 12. A landlord shall not:

(1) Prohibit meetings by tenants of a mobile home park to discuss mobile home living and affairs, conducted at reasonable times and in an orderly manner, on the premises, nor penalize any tenant for participation in such activities;

(2) Deny any tenant the right to sell such tenant's mobile home within a park or require the removal of the mobile home from the park solely because of the sale thereof: **PROVIDED**, That:

(a) A rental agreement for a fixed term shall be assignable by the tenant to any person to whom he sells or transfers title to the mobile home, subject to the approval of the landlord after fifteen days' written notice of such intended assignment;

(b) The assignee of the rental agreement shall assume all the duties and obligations of his assignor for the remainder of the term of the rental agreement unless, by mutual agreement, a new rental agreement is entered into with the landlord; and

(c) The landlord shall approve or disapprove of the assignment of a rental agreement on the same basis that the landlord approves or disapproves of any new tenant, except that the landlord may, pursuant to a program to upgrade the quality of the mobile home park, disapprove the assignment of the rental agreement if the mobile home is less than ten feet in width, more than ten years old, or in a run-down condition;

(3) Enter any tenant's mobile home without permission of the tenant: **PROVIDED**, That in case of emergency or abandonment the landlord may enter the mobile home without the tenant's consent;

(4) Restrict the tenant's freedom of choice in purchasing goods or services: **PROVIDED**, That door-to-door solicitation in the mobile home park may be prohibited or restricted in the rental agreement;

The tenant shall be given a ten day written notice in which to comply or vacate. In the case of periodic rather than continuous violation, said notice shall specify that the same violation repeated shall result in eviction;

(2) Nonpayment of rent or additional charges specified in the rental agreement, upon five days' written notice to pay rent or to vacate;

(3) Conviction of the tenant of a misdemeanor, gross misdemeanor, or felony under federal, state, or local law, the commission of which threatens the health, safety, or welfare of the other mobile home park tenants, upon three days' written notice by the landlord to vacate.

If the tenant defaults in the payment of rent and reasonably indicates by words or actions his intention not to resume tenancy, he shall be liable for the following for such abandonment: **PROVIDED**, That upon learning of such abandonment of the premises the landlord shall make a reasonable effort to mitigate the damages resulting from such abandonment:

(1) When the tenancy is month-to-month, the tenant shall be liable for the rent for the thirty days following the date the next regular rental payment would have become due.

(2) When the tenancy is for a term greater than month-to-month, the tenant shall be liable for the lesser of the following:

(a) The entire rent due for the remainder of the term; or

(b) All rent accrued during the period reasonably necessary to rerent the premises at a fair rental, plus the difference between such fair rental and the rent agreed to in the prior rental agreement.

In the event of abandonment by the tenant of a mobile home located in the landlord's mobile home park, the landlord may immediately take possession of any property of the tenant located on the mobile home lot, including the mobile home, and may store the same in a secure place.

A notice containing the name and address of landlord and the place where the property is stored must be mailed promptly by the landlord to the last known address of the tenant. After sixty days from the date of default in rent, and after prior notice of such sale is mailed to the last known address of the tenant, the landlord may sell such property and may apply any income derived therefrom against moneys due the landlord, including drayage and storage. Any excess income derived from the sale of such property shall be held by the landlord for the benefit of the tenant for a period of one year from the date of sale, and if no claim is made or action commenced by the tenant for the recovery thereof prior to the expiration of that period of time, the balance shall be the property of the landlord.

(3) In the event of foreclosure on or repossession of a tenant's mobile home, the person entitled to possession of such mobile home shall be liable for rent for the mobile home lot, at the same rate as was charged the tenant, for the month in which he became entitled to such possession and thereafter until the mobile home is removed. The landlord shall have the right to require removal of the mobile home from the mobile home park within thirty days after establishment of legal possession. In the event that the removal is not effected in the time required, the landlord may take possession of and store the mobile home in a secure place and bring an action for damages against the person entitled to possession.

NEW SECTION. Sec. 17. If at any time during the tenancy the landlord fails to carry out the duties required by section 10 of this act, the tenant may, in addition to pursuit of remedies otherwise provided him by law, deliver written notice to the person designated in section 6(1)(e) of this act, which notice shall specify the mobile home park involved, the name of the owner, if known, and the nature of the defective condition. For the purposes of this chapter, a reasonable time for the landlord to commence remedial action after receipt of such notice by the tenant shall be, except where circumstances are beyond the landlord's control:

- (1) Not more than twenty-four hours, where the defective condition deprives the tenant of water or heat or is imminently hazardous to life or health;
- (2) Not more than forty-eight hours, where the landlord fails to provide hot water or electricity;
- (3) Subject to the provisions of subsections (1) and (2) of this section, not more than seven days in the case of a repair under section 19 of this act;
- (4) Not more than thirty days in all other cases.

In each instance the burden shall be on the landlord to see that remedial work under this section is completed with reasonable promptness.

NEW SECTION. Sec. 18. (1) If, after receipt of written notice, and expiration of the applicable period of time, as provided in section 17 of this act, the landlord fails to remedy the defective condition within a reasonable time the tenant may:

- (a) Terminate the rental agreement and quit the premises upon written notice to the landlord without further obligation under the rental agreement, in which case he shall be discharged from payment of rent for any period following the quitting date, and shall be entitled to a pro rata refund of any prepaid rent, and shall receive a full and specific statement of the bases for retaining any of the deposit together with any refund due in accordance with section 24 of this act;
 - (b) Bring an action in an appropriate court, or at arbitration if so agreed, for any remedy provided under this chapter or otherwise provided by law; or
 - (c) Pursue other remedies available under this chapter.
- (2) Not less than fifteen days following written notice to the landlord, a tenant may deposit into escrow the payment of rent while seeking relief for failure of the landlord to carry out the landlord's duties or obligations to the tenant as required by statute, regulation, or ordinance or as set forth in the rental agreement.

NEW SECTION. Sec. 19. (1) If at any time during the tenancy, the landlord fails to carry out any of the duties imposed by section 10 of this act, and notice of the defect is given to the landlord pursuant to section 17 of this act, the tenant may submit to the landlord or his designated agent by certified mail or in person at least two bids to perform the repairs necessary to correct the defective condition from licensed or registered persons, or if no licensing or registration requirement applies to the type of work to be performed, from responsible persons capable of performing such repairs. Such bids may be submitted to the landlord at the same time as notice is given pursuant to section 17 of this act: **PROVIDED**, That the remedy provided in this section shall not be available for a landlord's failure to carry out the duties in section 10(3) of this act.

(2) If the landlord fails to commence repair of the defective condition within a reasonable time after receipt of notice from the tenant, the tenant may contract with the person submitting the lowest bid to make the repair, and upon the completion of the repair and an opportunity for inspection by the landlord or his designated agent, the tenant may deduct the cost of repair from the rent in an amount not to exceed the sum expressed in dollars representing one month's rental of the tenant's mobile home lot in any twelve-month period: **PROVIDED**, That when the landlord must commence to remedy the defective condition within thirty days as provided in section 17(4) of this act, the tenant cannot contract for repairs for at least fifteen days following receipt of said bids by the landlord: **PROVIDED FURTHER**, That the total costs of repairs deducted in any twelve-month period under this subsection shall not exceed the sum expressed in dollars representing one month's rental of the tenant's mobile home lot.

(3) If the landlord fails to carry out the duties imposed by section 10 of this act within a reasonable time, and if the cost of repair does not exceed one month's rent, including the cost of materials and labor, which shall be computed at the prevailing rate in the community for the performance of such work, and if

repair of the condition need not by law be performed only by licensed or registered persons, the tenant may repair the defective condition in a workmanlike manner and upon completion of the repair and an opportunity for inspection, the tenant may deduct the cost of repair from the rent: PROVIDED, That the total costs of repairs deducted in any twelve-month period under this subsection shall not exceed one month's rent of the mobile home lot.

(4) The provisions of this section shall not:

(a) Create a relationship of employer and employee between landlord and tenant; or

(b) Create liability under the workmen's compensation act; or

(c) Constitute the tenant as an agent of the landlord for the purposes of RCW 60.04.010 and 60.04.040.

(5) Any repair work performed under the provisions of this section shall comply with the requirements imposed by any applicable code, statute, ordinance, or regulation. A landlord whose property is damaged because of repairs performed in a negligent manner may recover the actual damages in an action against the tenant.

NEW SECTION. Sec. 20. If the landlord violates any provision of sections 11 or 12 of this act, the tenant may bring an action in an appropriate court, or at arbitration if so agreed, for any remedy provided under this chapter or otherwise provided by law.

NEW SECTION. Sec. 21. (1) No duty shall devolve upon the landlord to repair a defective condition, nor shall any defense or remedy be available to the tenant under this chapter, where the defective condition complained of was caused by the conduct of such tenant, his family, invitee, or other person acting under his control, or where a tenant unreasonably fails to allow the landlord access to the property for purposes of repair.

(2) The tenant shall be current in the payment of rent before exercising any of the remedies accorded him under the provisions of this chapter: PROVIDED, That this section shall not be construed as limiting the tenant's civil remedies for negligent or intentional damages: PROVIDED FURTHER, That this section shall not be construed as limiting the tenant's right in an unlawful detainer proceeding to raise the defense that there is no rent due and owing.

NEW SECTION. Sec. 22. (1) Any written notice required by this chapter to be given to a tenant by a landlord shall be delivered to the tenant personally or mailed to the tenant's last known address.

(2) Any written notice required by this chapter to be given to a landlord by a tenant shall be delivered personally to the landlord or the agent, if any, named in the rental agreement, or mailed to the last known address of the landlord or to the last known address of the agent, if any, named in the rental agreement.

NEW SECTION. Sec. 23. All moneys paid to the landlord by the tenant as a deposit as security for performance of the tenant's obligations in a rental agreement shall promptly be deposited by the landlord in a trust account in a bank, savings and loan association, mutual savings bank, or with a licensed escrow agent located in Washington. Unless otherwise agreed in writing, the landlord shall be entitled to receipt of interest paid on such trust account deposits. The landlord shall provide the tenant with a written receipt for the deposit and shall provide written notice of the name and address and location of the depository and any subsequent change thereof. If during a tenancy the status of landlord is transferred to another, any sums in the deposit trust account affected by such transfer shall simultaneously be transferred to an equivalent trust account of the successor landlord, and the successor landlord shall promptly notify the tenant of the transfer and of the name, address, and location of the new depository. The tenant's claim to any moneys paid under this section shall be prior to that of any creditor of the landlord, even if such moneys are commingled.

NEW SECTION. Sec. 24. Within fourteen days after the termination of the rental agreement and vacation of the mobile home lot, the landlord shall give a full and specific statement of the basis for retaining any of the deposit together with the payment of any refund due the tenant under the terms and conditions of the rental agreement. No portion of any deposit shall be withheld on account of wear resulting from ordinary use of the mobile home lot.

If the landlord fails to give such statement together with any refund due the tenant within the time limits specified above such landlord shall be liable to the tenant for the amount of said deposit.

Nothing in this chapter shall preclude the landlord from proceeding against, and the landlord shall have the right to proceed against, a tenant to recover sums exceeding the amount of the tenant's damage or security deposit for damage to the property for which the tenant is responsible together with reasonable attorney's fees and costs of suit.

NEW SECTION. Sec. 25. In any action arising out of this chapter, the prevailing party shall be entitled to reasonable attorney's fees and costs. Venue for any action arising under this chapter shall be in the district or superior court of the county in which the mobile home lot is located.

NEW SECTION. Sec. 26. If any provision of this act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 27. There is added to chapter 59.04 RCW a new section to read as follows:

From those funds made available by the legislature for the use of the common schools, the superintendent of public instruction shall distribute annually as provided in RCW 28A.48.010 to each school district of the state operating a program approved by the state board of education an amount which, when combined with the following revenues, excluding excess property tax levies, will constitute (an equal guarantee in dollars for each weighted pupil enrolled) a basic education allocation, including instruction in basic skills, work skills, and optional subjects and activities as defined in section 3 of this 1977 amendatory act, in dollars for each annual average full time equivalent student enrolled, based upon one full school year of one hundred eighty days, except that for kindergartens one full school year may be ninety days as provided by RCW 28A.58.180:

~~((Operation of a program approved by the state board of education, for the purposes of this section, shall include a finding that the ratio of pupils per classroom teachers in grades kindergarten through three is not greater than the ratio of pupils per classroom teacher in grades four and above for such district. PROVIDED-That for the purposes of this section, "classroom teacher" shall be defined as a certificated employee whose primary duty is the daily educational instruction of pupils. PROVIDED FURTHER, That the state board of education shall adopt rules and regulations to insure compliance with the pupil/teacher ratio provisions of this section, and such rules and regulations shall allow for exemptions for those special programs and/or school districts which may be deemed unable to practicably meet the pupil/teacher ratio requirements of this section by virtue of a small number of pupils.~~

Notwithstanding any other provision of this chapter, the state shall guarantee to school districts an amount of money from state and local funds, not less than ninety-five percent of the average amount per enrolled student, excluding special levies, which any such district realized from state and local funds during the preceding three school years.) If a school district's basic education program fails to meet the basic education requirements enumerated in sections 2 through 5 of this 1977 amendatory act, the state board of

education shall withhold state funds in whole or in part for the basic education allocation until program compliance is assured: PROVIDED, That for the school years 1978 through 1981 the state board of education may waive this requirement in the event of levy failure.

Sec. 5. Section 14, chapter 244, Laws of 1969 ex. sess. and RCW 28A.41.140 are each amended to read as follows:

((To determine a 'weighted student enrolled,' as that term is used in this chapter a schedule shall be established by the superintendent of public instruction which shall provide appropriate recognition of the following costs among the various types of students and districts of the state, with the equalization of educational opportunity being the primary objective:

(1) Costs attributable to staff experience and professional preparation; and

(2) Costs to state and local funds attributable to the operation of approved educational programs arising as a result of a concentration of culturally disadvantaged students, or as a result of a high degree of transient enrollment;

(3) Costs resulting from the operation of small school plants within districts: PROVIDED, That such plants are judged by the state board of education as remote and necessary;

(4) Costs differentials attributable to the operation of approved elementary and secondary programs;

(5) Costs which must be incurred to operate an approved vocational program;

(6) Costs resulting from the attendance of students who:

(a) Do not reside within the servicing school district: PROVIDED, That nothing within this provision shall be construed as affecting the reimbursement procedures in RCW 28A.44.040;

(b) Reside in any home or institution devoted to providing a home for dependent or otherwise referred or entrusted children: PROVIDED, Such home or institution is exempt from taxation under the laws of the state of Washington; or

(c) Constitute at least three percent of the student enrollment within the district and who reside within the servicing district on property of either the state, its political subdivisions, or any municipal corporation.

The weighting schedule when established shall be renewed biennially by the state superintendent and shall be subject to approval, rejection or amendment by the legislature. The schedule shall be submitted for approval as a part of the state superintendent's biennial state budget. In the event the legislature rejects the weighting schedule presented, without adopting a new schedule, the schedule established for the previous biennium shall remain in effect. The enrollment of any district, before weighting, shall be the average number of full time students and part time students as provided in RCW 28A.41.145 enrolled on the first school day of each month.))

The basic education allocation for each annual average full time equivalent student shall be determined in accordance with the following procedures:

The governor shall and the superintendent of public instruction may recommend to the legislature a formula based on a ratio of students to staff for the distribution of a basic education allocation for each annual average full time equivalent student enrolled in a common school. The distribution formula shall have the primary objective of equalizing educational opportunities and shall provide appropriate recognition of the following costs among the various districts within the state:

(1) Certificated staff and their related costs;

(2) Classified staff and their related costs;

(3) Nonsalary costs;

(4) Extraordinary costs of remote and necessary schools, small high schools, urban schools, and schools experiencing enrollment declines.

This formula for distribution of basic education funds shall be reviewed biennially by the superintendent and governor and submitted to the legislature as part of either or both's biennial budget request. The recommended formula shall be subject to approval, amendment or rejection by the legislature: PROVIDED, That by the third year following the effective date of this 1977 amendatory act the ratios included in the formula shall reflect not less than fifty certificated personnel to one thousand students and one classified personnel to three certificated personnel. In the event the legislature rejects the distribution formula recommended by the governor, without adopting a new distribution formula, the distribution formula for the previous biennium shall remain in effect: PROVIDED, That the distribution formula developed pursuant to this section shall be for state apportionment and equalization purposes only and shall not be construed as mandating specific operational functions of local school districts other than those program requirements identified in section 3 of this 1977 amendatory act. The enrollment of any district shall be the annual average number of full time students and part time students as provided in RCW 28A.41.145, as now or hereafter amended, enrolled on the first school day of each month.

Certificated staff shall include those persons employed by a school district in a teaching, instructional, administrative or supervisory capacity and who hold positions as certificated employees as defined under RCW 28A.01.130, as now or hereafter amended, and every school district superintendent, and any person hired in any manner to fill a position designated as, or which is in fact, that of deputy superintendent or assistant superintendent: PROVIDED, That in exceptional cases, people of unusual competence but without certification may teach students so long as a certified person exercises general supervision. Annual written statements shall be submitted to the office of the superintendent of public instruction reporting and explaining such circumstances. Annual average full time equivalent classroom teacher's direct classroom contact hours shall be at least twenty-two hours per week. Classified staff shall include those persons employed by a school district other than certificated staff as defined in this section in a capacity for which certification is not required.

Sec. 6. Section 28A.41.160, chapter 223, Laws of 1969 ex. sess. as last amended by section 3, chapter 80, Laws of 1977 and RCW 28A.41.160 are each amended to read as follows:

(2) Costs of acquisition of approved transportation equipment shall be ~~((limited))~~ reimbursed up to ~~((ninety))~~ one hundred percent of the cost to be reimbursed over the anticipated life of the vehicle, as determined by the state superintendent: PROVIDED, That reimbursements for the acquisition of approved transportation equipment received by school districts shall be held within the general fund exclusively for the future ~~((purpose))~~ purchase of approved transportation equipment and for major transportation equipment repairs consistent with rules and regulations authorized and promulgated under RCW 28A.41.170 and chapter 28A.65 RCW.

In determining whether work is suitable for an individual or whether an individual has left work voluntarily without good cause, the commissioner shall consider the degree of risk involved to ((his)) the individual's health, safety, and morals, ((his)) the individual's physical fitness and prior training, ((his)) the individual's experience and prior earnings, ((his)) the individual's length of unemployment and prospects for securing local work in ((his)) the individual's customary occupation, the distance of the available work from ((his)) the individual's residence, and such other factors as the commissioner may deem pertinent, including state and national emergencies."

Renumber the remaining section consecutively.

On page 5, after line 2 insert the following:

"Sec. 6. Section 4, chapter 35, Laws of 1945 as last amended by section 1, chapter 73, Laws of 1973 and RCW 50.04.030 are each amended to read as follows:

'Benefit year' with respect to each individual, means the fifty-two consecutive week period beginning with the first day of the calendar week ((with respect to)) in which the individual files an application for an initial determination and thereafter the fifty-two consecutive week period beginning with the first day of the calendar week ((with respect to)) in which the individual next files an application for an initial determination after the expiration of ((his)) the individual's last preceding benefit year: PROVIDED, HOWEVER, That the foregoing limitation shall not be deemed to preclude the establishment of a new benefit year under the laws of another state pursuant to any agreement providing for the interstate combining of employment and wages and the interstate payment of benefits nor shall this limitation be deemed to preclude the commissioner from backdating an initial application at the request of the claimant either for the convenience of the department of employment security or for any other reason deemed by the commissioner to be good cause.

An individual's benefit year shall be extended to be fifty-three weeks when at the expiration of fifty-two weeks the establishment of a new benefit year would result in the use of a quarter of wages in the new base year that had been included in the individual's prior base year.

No benefit year will be established unless it is determined that the individual earned wages in ((employment' during his base year of not less than the 'qualifying annual wage' computed for the calendar year preceding the last June 30th immediately preceding his benefit year and either had 'employment' in not less than sixteen weeks of his base year in each of which he earned the 'qualifying weekly wage' computed for the second calendar year preceding the calendar year in which each such week ends or had)) 'employment' in not less than six hundred hours of ((his)) the individual's base year: PROVIDED, HOWEVER, That a benefit year cannot be established if the base year wages include wages earned prior to the establishment of a prior benefit year unless the individual earned wages in 'employment' during the last two quarters of the new base year of not less than six times the weekly benefit amount computed for ((his)) the individual's new benefit year.

((As the change contained in the third paragraph of this section relating to the weeks worked qualification would invalidate basic data upon which benefit qualification determinations must be made the satisfaction of the weeks worked requirement will require as to base year weeks ending in the second two quarters of 1972 that the individual will have earned not less than the 'qualifying weekly wage' computed for the calendar year 1971. Nothing in this paragraph or in the preceding paragraph shall be deemed to justify or support

the redetermination of any monetary determination denying the establishment of a benefit year made prior to the effective date of this 1977 amendatory act.)

If the wages of an individual are not based upon a fixed duration of time or if the individual's wages are paid at irregular intervals or in such manner as not to extend regularly over the period of employment, the wages for any week shall be determined in such manner as the commissioner may by regulation prescribe. Such regulation shall, so far as possible, secure results reasonably similar to those which would prevail if the individual were paid his or her wages at regular intervals.

Sec. 7. Section 6, chapter 2, Laws of 1970 ex. sess. as last amended by section 1, chapter 228, Laws of 1975 1st ex. sess. and RCW 50.04.355 are each amended to read as follows:

On or before the fifteenth day of June of each year an 'average annual wage', an 'average weekly wage', ((a 'qualifying annual wage', a 'qualifying weekly wage';)) and an 'average annual wage for contributions purposes' shall be computed from information for the preceding calendar year including corrections thereof reported within three months after the close of that year by all employers as defined in RCW 50.04.080. The 'average annual wage' is the quotient derived by dividing total remuneration reported by all employers by the average number of workers reported for all months and if the result is not a multiple of one dollar, rounding the result to the next lower multiple of one dollar. The 'average annual wage' thus obtained shall be divided by fifty-two and if the result is not a multiple of one dollar, rounding the result to the next lower multiple of one dollar to determine the 'average weekly wage'. ((The 'qualifying annual wage' shall be computed by multiplying the 'average annual wage' by fifteen percent and if the result is not a multiple of fifty dollars, rounding the result to the next lower multiple of fifty dollars. The 'qualifying weekly wage' shall be computed by multiplying the 'average weekly wage' by fifteen percent and if the result is not a multiple of one dollar, rounding the result to the next lower multiple of one dollar.)) The 'average annual wage' for contribution purposes is the quotient derived by dividing total remuneration reported by all employers subject to contributions by the average number of workers reported for all months by these same employers and if the result is not a multiple of one dollar, rounding the result to the next lower multiple of one dollar.

Sec. 8. Section 46, chapter 35, Laws of 1945 as amended by section 2, chapter 228, Laws of 1975 1st ex. sess. and RCW 50.12.070 are each amended to read as follows:

Each employing unit shall keep true and accurate work records, containing such information as the commissioner may prescribe. Such records shall be open to inspection and be subject to being copied by the commissioner or his or her authorized representatives at any reasonable time and as often as may be necessary. The commissioner may require from any employing unit any sworn or unsworn reports with respect to persons employed by it, which he or she deems necessary for the effective administration of this title. Each employer shall make periodic reports at such intervals as the commissioner may by regulation prescribe, setting forth the remuneration paid for employment to workers in its employ, the names of all such workers, and until April 1, 1978, the number of weeks for which the worker earned the 'qualifying weekly wage', and beginning July 1, 1977, the hours worked by each worker and such other information as the commissioner may by regulation prescribe.

In the event the employing unit fails or has failed to report the number of ((weeks)) hours in a reporting period for which a worker ((earned the 'qualifying weekly wage')) worked such number will be computed by the commissioner and given the same force and effect as if it had been reported by the employing unit. In computing the number of such ((weeks)) hours worked the total wages for the reporting period, as reported by the employing unit, shall be divided by the dollar amount of the ((qualifying weekly wage)) state's minimum wage in effect for such reporting period and the quotient, disregarding any remainder, shall be credited to the worker: PROVIDED, ((That the total number of weeks credited to the worker for any quarterly period shall not exceed thirteen weeks: PROVIDED, FURTHER;)) That the computation so made will not be subject to appeal by the employing unit."

Renumber the remaining section consecutively

On page 5, on line 11, after "1978" insert ": PROVIDED FURTHER, That the first paragraph of section 6 of this 1977 amendatory act shall take effect immediately and the remaining portion of section 6 of this 1977 amendatory act and all of section 7 of this 1977 amendatory act shall take effect commencing with benefit years beginning on and after October 1, 1978; and the first paragraph of section 8 of this 1977 amendatory act shall take effect on and after July 3, 1977 and the second paragraph of section 8 shall take effect on October 1, 1978"

On page 2, after subsection (4) insert a new subsection as follows:

"(5) 'Firearm' shall have the same meaning as provided in RCW 9A.41.025;"

Renumber the remaining subsections consecutively.

Mr. Tilly moved adoption of the following amendment:

On page 4, line 1 after "of" and before "years" strike "eight to ten" and insert "twelve to fifteen"

POINT OF PARLIAMENTARY INQUIRY

Mr. Hanna: "How can we be considering an amendment which assumes the adoption of something that will take place later on maybe? Amending this is assuming the Tilly amendments are all going to pass."

The Speaker (Mr. O'Brien presiding): "The body will have to determine whether or not these amendments shall be adopted and apparently if they are not adopted there will be some inconsistency."

Mr. Tilly moved adoption of the following amendment:

On page 23, after line 21 insert a new section as follows:

"Sec. 33. Section 9A.20.020, chapter 260, Laws of 1975 1st ex. sess. as amended by section 2, chapter 38, Laws of 1975-76 2nd ex. sess. and RCW 9A.20.020 are each amended to read as follows:

(1) Felony. Every person convicted of a classified felony shall be punished as follows:

(a) For a class A felony, by imprisonment in a state correctional institution for a maximum term fixed by the court of not less than twenty years, or by a fine in an amount fixed by the court of not more than ten thousand dollars, or by both such imprisonment and fine;

(b) For a class B felony, by imprisonment in a state correctional institution for a maximum term of not more than ((ten)) fifteen years, or by a fine in an amount fixed by the court of not more than ten thousand dollars, or by both such imprisonment and fine;

(c) For a class C felony, by imprisonment in a state correctional institution for a maximum term of not more than five years, or by a fine in an amount fixed by the court of not more than five thousand dollars, or by both such imprisonment and fine.

(2) Gross Misdemeanor. The Speaker (Mr. O'Brien presiding) stated that with the consent of the House, both Tilly amendments would be considered as one.

Mr. Tilly spoke in favor of the amendments, and Mr. Hanna spoke against them.

The amendments were not adopted.

MOTIONS

On motion of Mr. Bender, HOUSE BILL NO. 615 was placed on the calendar for immediate consideration.

On motion of Mr. Bender, further consideration of Substitute House Bill No. 614 was deferred until after consideration of House Bill No. 615.

HOUSE BILL NO. 615, by Representatives Enbody, Knowles and McKibbin:

Enacting the "Comprehensive Sentencing Act of 1977."

On motion of Mr. Knowles, Substitute House Bill No. 615 was substituted for House Bill No. 615, and the substitute bill was placed on the calendar for second reading.

Substitute House Bill No. 615 was read the second time.

Mr. Tilly moved adoption of the following amendment:

On page 3, line 22 strike "or intoxication"

Mr. Tilly spoke in favor of the amendment, and Mr. Smith spoke against it.

POINT OF INQUIRY

Mr. Tilly yielded to question by Mr. Knedlik.

Mr. Knedlik: "Representative Tilly, by intoxication are you concerned both with regard to drugs and with regard to alcohol or with regard to alcohol only?"

Mr. Tilly: "The drugs are not mentioned in here and in the statutes we are not defining intoxication, but I thought that since we debated that issue on the floor, I feel that who knows what a jury might stretch for. My basis on this is something someone takes, swallows, smokes or something and it gets them into that state. I think someone could do this deliberately. Also, when we discussed mitigating circumstances in the committee, we learned that even though in statute a state can spell out the mitigating circumstances, which we are attempting to do here, a jury is not limited to those that are in statute. I do feel that this is going far beyond what should be in statute."

The amendment was adopted.

On motion of Mr. Tilly, the following amendment was adopted:

On page 4, line 11 after "imposition" strike "((or execution))" and insert "or execution"

On motion of Mr. Enbody, the following amendment by Representatives Smith, Enbody and Tilly was adopted:

On page 4, after line 24 insert the following new section:

"NEW SECTION, Sec. 5. The determination whether the sentence of death shall be imposed shall be made by the jury.

(1) If the jury does not unanimously return a written finding of an aggravating circumstance or circumstances, the court shall:

- (a) Dismiss the jury;
- (b) Enter a finding of guilty of murder in the first degree; and
- (c) Impose sentence as prescribed in RCW 9A.32.040.

(2) If the jury unanimously returns a written finding of one or more aggravating circumstances, and unanimously returns a written finding that there are not mitigating circumstances sufficiently substantial to call for leniency, the court shall:

- (a) Enter a finding of guilty of aggravated murder in the first degree; and
- (b) Reconvene the jury and conduct a separate sentencing proceeding pursuant to sections 6 and 7.

(3) If the jury unanimously returns a finding of one or more aggravating circumstances, but further finds that there are mitigating circumstances sufficiently substantial to call for leniency, the court shall:

- (a) Discharge the jury;
- (b) Impose a sentence of life imprisonment as prescribed in RCW 9A.32.046.

(4) If following trial the jury is unable to reach a unanimous agreement as to either the existence or nonexistence of aggravating or mitigating circumstances, the court, through the proper procedure, shall establish whether or not the jury is found to be deadlocked on the issue of aggravating circumstances, the court shall dismiss the jury and proceed under subsection (1) of this section. If the jury is deadlocked on the issue of mitigating circumstances but have found an aggravating circumstance or circumstances, the court shall discharge the jury and proceed as prescribed in subsection (3) of this section. If the jury is deadlocked on both issues, it shall be dismissed and the court shall proceed as prescribed in subsection (1) of this section.

(5) When a death penalty is imposed, neither the court nor the jury shall have the discretion to suspend or defer the imposition or execution of the sentence of death and the death sentence shall be imposed in accordance with chapter 10.70 RCW. The death sentence shall take place at the state penitentiary under the direction of and under arrangements made by the superintendent thereof, but the time of the execution shall be set by the trial judge at the time of imposing sentence and as a part of the sentence."

Re-number the remaining sections consecutively and correct internal references.

On motion of Mr. Enbody, the following amendments by Representatives Enbody, Smith and Tilly were adopted:

On page 5, line 6 after "evidence," insert "and following a unanimous finding of one or more aggravating circumstances and a unanimous finding that there are no mitigating circumstances sufficiently substantial to call for leniency,"

On page 5, line 26 after "act," insert "unanimously returns a finding of one or more aggravating circumstances but further find the existence of a mitigating circumstance sufficiently substantial to call for leniency"

On motion of Mr. Smith, the following amendment was adopted:

On page 5, beginning on line 8 following "trial" strike the remainder of subsection (a) and insert "establishes the guilt of the defendant with clear certainty; and"

Substitute House Bill No. 615 was ordered engrossed.

On motion of Mr. Bender, the rules were suspended, the second reading considered the third, and Engrossed Substitute House Bill No. 615 was placed on final passage.

Mr. Enbody spoke in favor of passage of the bill.

POINT OF INQUIRY

Mr. Smith yielded to question by Mr. Tilly.

Mr. Tilly: "Representative Smith, as Chairman of the subcommittee on this subject, I would like to have your opinion as to what the word 'probability' would mean—what percentage that would indicate? On page 5, line 10 it says, 'Where there is a probability that the defendant would commit criminal acts of violence that would constitute a continuing threat to society.'"

Mr. Smith: "This, of course, is one of the questions a jury must answer unanimously in the affirmative before they can execute an individual. This language was taken from the Texas statute which has been upheld by the United States Supreme Court and the use of the word 'probability' in the law is that it would be more than fifty-one percent—or fifty-one percent more likely. It's the same as preponderance of evidence. The next would be beyond a reasonable doubt, which would be considerably higher."

Mr. Tilly spoke in favor of passage of the bill, and Representatives Shinpoch and Hanna spoke against it.

POINT OF INQUIRY

Mr. Smith yielded to question by Mr. Douthwaite.

Mr. Douthwaite: "I understand there is an important court case with respect to Washington state death penalty. Would you explain to the body how this bill will dovetail or will match, I hope, if it does pass, that court case which is pending?"

Mr. Smith: "I will yield to Representative Knowles."

Mr. Knowles: "The conviction that you are speaking of occurred either in Pierce or King County. Of course, it's based on the initiative which is the current law in the state of Washington until our Supreme Court declares it unconstitutional. In the opinions rendered by the Attorney General and various prosecuting attorneys about the state, the initiative as it was passed by virtue of the Supreme Court case which was issued after that time, would be unconstitutional. It is my understanding also that there has been a conviction under that initiative and that the Superior Court in that case did hold it constitutional. So now it's up to the Supreme Court to determine whether or not that initiative is constitutional. This task force set about however to try to examine the laws dealing with capital punishment in those states whose capital punishment laws had been declared constitutional and attempted to put together a bill here that would meet the test of constitutionality."

POINT OF INQUIRY

Mr. Knowles yielded to question by Mr. Smith.

Mr. Smith: "Representative Knowles, can you describe for the record, what you understood to be the committee's intent in developing section 6(1)(a) particularly as it was amended here on the floor today?"

Mr. Knowles: "What the committee intended here was for the protection of those instances where an innocent man might be convicted, only to find later that someone else had committed that crime. The committee felt that just using the reasonable doubt standard, which is all that's necessary for conviction, but to use that reasonable doubt standard to determine whether or not you're going to take that man's life, we ought to have a little higher standard. I forget the exact language that was in the subcommittee bill, but there was a lowering of that standard by committee amendment and using that language that we've adopted today, it would satisfy the concerns of the Judiciary Committee in adopting that standard which is a little higher than a reasonable doubt."

Mr. Smith: "Representative Knowles, do you recall that the language in the substitute bill recommended by the committee was beyond any doubt?"

Mr. Knowles: "Yes, that was the language used."

Mr. Smith: "Section 3 describes the possible sentence following conviction of aggravated murder in the first degree shall be punishment by confinement in a state institution for life without possibility of release by the parole board for any reason. That is no work release, furlough, etc. Was it the intent of the committee to, in any way, affect the authority of the Governor to pardon a convicted offender by this section or any provision of the bill?"

Mr. Knowles: "No, there is nothing in the bill that would, in any way, restrict the right of any Governor to issue a pardon. That's an executive authority and I doubt seriously if we could change it by statute even if it was in the bill."

Representatives Smith, Struthers and Enbody spoke in favor of passage of the bill.

Mr. Newhouse demanded the previous question and the demand was sustained.

ROLL CALL

The Clerk called the roll on the final passage of Engrossed Substitute House Bill No. 615, and the bill failed to pass the House by the following vote: Yeas, 63; nays, 25; not voting, 10.

Voting yea: Representatives Adams, Amen, Barnes, Barr, Bauer, Bender, Berentson, Blair, Boldt, Chandler, Clayton, Conner, Craswell, Deccio, Dunlap, Ehlers, Enbody, Erak, Erickson, Fancher, Fischer, Fortson, Fuller, Gaines, Gallagher, Gilleland, Greengo, Grimm, Haley, Hansen, Hughes, Hurley M., Keller, Kilbury, Knowles, Leckenby, Lee, Martinis, May, McCormick, McKibbin, Newhouse, North, O'Brien, Owen, Pardini, Patterson, Pearsall, Polk, Sanders, Schmitten, Sherman, Shinoda, Smith, Sommers, Struthers, Taller, Tilly, Vrooman, Walk, Winsley, Zimmerman, and Mr. Speaker.

POINT OF INQUIRY

Mr. Hanna yielded to question by Mr. Amen.

Mr. Amen: "Representative Hanna, the amendment we just passed adds a new section 9, which says the following factors shall never be considered—sex, race, creed, social class; and then you took out section 12. You said you were taking out what we had put in, but section 12 pertains to something entirely different. It pertains to when a court imposes sentence for more than one sentence. I don't understand what we did there, would you please explain it?"

Mr. Hanna: "I said that those two amendments would bring the bill back into the form passed by the House Judiciary Committee. If you think there is some fine tuning we need to do on that, I think we can get at it in the Senate. What I was trying to do was to amend the bill back into the shape the Judiciary Committee has passed to the body. We made those decisions in the Judiciary Committee and that was the purpose of the amendments."

Mr. Amen: "When you spoke on the amendments you were saying that this was taking out something that we just put in the bill, but these are two entirely different subjects. If section 12 is taken out, does this appear any other place in the bill?"

Mr. Hanna: "My understanding from the staff is that in this section on mitigating aspects, we have already taken care of that. In that section the changes we have made now make the whole bill consistent."

POINT OF INQUIRY

Mr. Hanna yielded to question by Mr. Newhouse.

Mr. Newhouse: "What then was the purpose—this is a substitute bill proposed by the Judiciary Committee. Do you mean that it was a misprint?"

Mr. Hanna: "Either the mistake was made by staff of Judiciary Committee or by the Code Reviser's Office, but the amendment I offered brought it back into the shape we passed it out of committee."

Mr. Taller spoke in favor of passage of the bill, and Mr. Shipoch spoke against it.

Mr. Hanna closed debate, speaking again in favor of the bill.

POINT OF INQUIRY

Mr. Hansen: "Representative Eng, as Chairman of the Committee on Financial Institutions, why did the amendments you have on this bill come out on the floor instead of as a substitute bill? How can people keep track of their bank accounts with this bill as it is now?"

Mr. Eng: "To answer your last question, this won't alter your bank account in any way. Last Friday was the last day with our rules for getting House bills out of committee, and so we decided to get this bill out. The reason for that was that a federal financial institution has gone ahead and set up a point of sale terminal which has the other financial institutions very upset. We had a hearing on it last Friday and the conclusion was that maybe they are getting into an area that may be an infringement on the state franchise laws for financial institutions. If they are, the only recourse the state has in that area would be to file suit against them, but the other financial institutions feel that this is not a viable course. In our country there are two forms for regulating financial institutions, the state and the federal, so the thing is that if we don't get this bill out, the other financial institutions that are regulated by the state would not have a chance to try to get into this area which means they fall behind. This area is very competitive and very costly, and once someone gets a head start, it's very hard for the banks to catch up."

Representatives Deccio and Struthers spoke in favor of the bill.

MESSAGE FROM THE SENATE

May 3, 1977

Mr. Speaker:

The Senate has passed:

ENGROSSED SUBSTITUTE SENATE BILL NO. 2697,

and the same is herewith transmitted.

Sidney R. Snyder, Secretary.

MOTION

On motion of Mr. Bender, the House reverted to the fourth order of business.

INTRODUCTION AND FIRST READING

ENGROSSED SUBSTITUTE SENATE BILL NO. 2697, by Committee on Ways and Means (Originally sponsored by Senators Donohue and Odegaard):

Relating to property tax limitation.

MOTION

On motion of Mr. Bender, the rules were suspended, and Engrossed Substitute Senate Bill No. 2697 was advanced to second reading and placed at the top of today's second reading calendar.

The Speaker declared the House to be at ease.

The Speaker called the House to order.

Engrossed Substitute Senate Bill No. 2697 was read the second time in full.

On motion of Mr. Shinpoch, the following amendment was adopted:

On page 3, line 24 after "authorized" strike "except for expenditures attributable to an unexpected increase in student enrollment and for the acquisition of motor vehicles for student transportation"

Mr. Charette moved adoption of the following amendment:

On page 5, line 4 after "allocation" insert a period and strike the rest of subsection (6) beginning with "PROVIDED" on line 4

Representatives Charette and Pardini spoke in favor of the amendment, and Representatives Shinpoch, Newhouse and Dunlap spoke against it.

POINT OF INQUIRY

Mr. Charette yielded to question by Mr. Douthwaite.

Mr. Douthwaite: "If this amendment passes, or even if it doesn't, if the school districts want a special levy for one year and use it for whatever purpose and run a similar levy the following year to continue, is there an obligation, as you read the bill, for us here in the Legislature to continue this fund to the school district at the level which it is funding itself plus supplementing it at a state level? Is there an obligation for us to continue its funding at that level?"

Mr. Charette: "I believe the answer is no."

POINT OF INQUIRY

Mr. Shinpoch yielded to question by Mr. Douthwaite.

Mr. Douthwaite: "Representative Shinpoch, will you answer that same question?"

Mr. Shinpoch: "What you are asking is a question that in my judgment would ultimately be settled in Supreme Court. What you're asking is, can we pass any kind of statutory language that limits our constitutional obligation. I guess I, not being an attorney, have a rather simplistic view that says no, we may not change the Constitution by passing a statute. So I guess the answer to your question is that the Supreme Court will have to answer it. The position we are in today is a position we did not think we had responsibility to, that we allowed the local level to determine what the salaries were. Once the levies failed, they came to the courts and said the Legislature doesn't give them enough money to pay that and the courts agreed. I think you're right back in the same position if you allow this."

Mr. Douthwaite: "Your answer is yes, you do think we are liable to continue the salaries if we allow them to run levies, then we do pick up that obligation the following year?"

Mr. Shinpoch: "Yes."

Mr. Douthwaite spoke against adoption of the amendment.

Mr. Charnley demanded an electric roll call and the demand was sustained.

Representatives Barnes, Knedlik and Hurley (George) spoke in favor of the amendment, and Representatives Clemente and Flanagan spoke against it.

Mr. Charette closed debate, speaking again in favor of the amendment.

ROLL CALL

The Clerk called the roll on adoption of the amendment by Representative Charette to Engrossed Substitute Senate Bill No. 2697, and the amendment was not adopted by the following vote: Yeas, 45; nays, 47; not voting, 6.

S., Keller, King, Knedlik, Knowles, Kreidler, Leckenby, Lux, Maxie, May, McCormick, Nelson D., Nelson G. A., O'Brien, Pardini, Paris, Pearsall, Pruitt, Salatino, Sanders, Sherman, Valle, Vrooman, Walk, Warnke, Williams, Wilson, Winsley, Zimmerman.

Voting nay: Representatives Adams, Barr, Bauer, Becker, Bender, Berentson, Boldt, Chandler, Clayton, Clemente, Craswell, Deccio, Dunlap, Erickson, Fancher, Flanagan, Fortson, Fuller, Gallagher, Gilleland, Greengo, Gruger, Hanna, Hansen, Hawkins, Heck, Hurley M., Kilbury, Lee, Lysen, McKibbin, Newhouse, North, Owen, Patterson, Polk, Schmitten, Shinoda, Shinpoch, Smith, Sommers, Struthers, Taller, Thompson, Tilly, Whiteside, and Mr. Speaker.

Not voting: Representatives Blair, Bond, Grimm, Martinis, Moreau, Oliver.

STATEMENT FOR THE JOURNAL

Explanation of my vote for the Charette amendment to SSB 2697:

I favored this proposal (which lost) to allow local levies for any purpose for these reasons:

We need to continue local control, and thus must allow local levies.

We should trust the voters; they can make these decisions.

Levies will not pass easily, once state provides basic funding at the state level.

We should take the Washington Education Association at its word, that it favors local control.

There are differences in the cost of living throughout the state, and reasons why people live in different areas. Therefore, not all professional people should be paid the same and differences should be allowed for all the variations of this state. School boards should be given some local latitude.

HAROLD S. ZIMMERMAN, 17th District.

Mr. Taller moved adoption of the following amendment:

On page 4, line 34 strike "ten" and insert "fifteen"

Mr. Taller spoke in favor of the amendment, and Mr. Shinpoch spoke against it.

Mr. Taller spoke again in favor of the amendment.

The amendment was not adopted.

The Clerk read the following amendment by Representative Taller:

On page 5, line 2 strike "ten" and insert "fifteen"

With the consent of the House, Mr. Taller withdrew the amendment.

Mr. Shinpoch moved adoption of the following amendments:

On page 4, beginning on line 1 strike everything down through line 22 on page 5 and insert the following:

"After the effective date of this 1977 amendatory act, no property taxes collected by a school district pursuant to voter authorization under RCW 84.52.052 shall be used to increase the average compensation levels for certificated and classified employees in the district: PROVIDED, That any school district which otherwise would be unable to maintain its 1976-77 cost per full time equivalent pupil in the 1977-78 school year, may collect taxes pursuant to RCW 84.52.052 and may expend such property taxes for any purpose necessary to maintain such 1976-77 FTE cost: PROVIDED FURTHER, That any school district with a district average salary for certificated staff or classified staff below the respective statewide average salary for certificated staff or classified staff during the preceding school year, may collect taxes pursuant to RCW 84.52.052 and may expend such property taxes for the purpose of increasing such average salary levels for certificated staff or classified staff up to but not to exceed the statewide average for the preceding year.

If any school district with an average salary for certificated staff and classified staff greater than the respective statewide average salary for certificated staff and classified staff during the preceding school year expends such property taxes to increase the average compensation levels for certificated or classified employees in the district, the amount of funds to which such district would otherwise be entitled from state general funds appropriated for compensation increases shall be withheld by the superintendent of public instruction in an amount equal to such expenditure. The legislature declares that by fiscal year 1979, no taxes approved by the electors of a school district pursuant to RCW 84.52.052 shall be used to fund basic programs of education as defined in Chapter . . . , Laws of 1977 (SHB 960)."

On page 5, line 23 strike "3, 1981" and insert "8, 1977"

POINT OF ORDER

Mr. Pardini: "The House, in acting on Representative Charette's amendment, has already decided the question before us as to whether special levies can or cannot be used for teacher salaries and Representative Shinpoch's amendment purports to change that decision. I believe the amendment is out of order, that the House has already made their decision on that."

SPEAKER'S RULING

The Speaker: "Your point is not well taken, they are two different amendments."

Mr. Shinpoch spoke in favor of the amendment.

POINT OF INQUIRY

Mr. Shinpoch yielded to question by Mr. Polk.

Mr. Polk: "Representative Shinpoch, it appears that your amendment would limit levies for the purpose of raising salaries. It would do away with any levies for what might be considered basic education, but I see nothing in your amendment, or what would be remaining in the

bill, which would, in any way, limit levies for subjects that are not considered basic education. Is that correct?"

Mr. Shinpoch: "The only limit on levies in here is on using them to increase the compensation. There is no limit—if you want to enhance your program, if you want to add additional subjects, if you want to enrich your programs. We're going to fund, beginning in 1978/79 under this, at a staffing ratio that seems to be accepted throughout the state (at least I've heard no one speak against it) at 1 to 20 for certificated; 1 to 60 with court costs to go along with that. If you are like Tacoma, which at this point is 1 to 17.8 and you want to pass a special levy to maintain that, then that is permitted under this bill. There's nothing in this amendment that would keep Tacoma from doing that. There is nothing in this to keep you from passing special levies for anything you wanted other than increasing compensation."

Mr. Charette spoke in favor of the amendments.

POINT OF INQUIRY

Mr. Shinpoch yielded to question by Mr. Pardini.

Mr. Pardini: "Representative Shinpoch, following up on Representative Polk's question, the proviso in your amendment—'any school district which would otherwise be unable to maintain its 1976-77 cost. . . ' would only be limited, as I understand your amendment, on any special levy in the future to that 1976-77 cost. How then could they enrich their program or do anything above and beyond that if that were the absolute limitation on them?"

Mr. Shinpoch: "I believe it was Representative Dunlap's amendment that you put on Substitute House Bill No. 960—all I did was modify that amendment to the extent that you could use the levies for salaries so long as you're not above the statewide average. Possibly you'd like to ask him the question. My staff just informed me that it only applies to that one year. It is a grandfather clause for Bellevue."

Mr. Pardini: "I think it's a little different situation here than what we had in Substitute House Bill No. 960. I think the proviso very clearly says that the maximum you can use special levies for is to maintain 1976-77 costs for full time students. There is no escape hatch above and beyond that for any special enrichment program or anything like that. If you have a district with a double levy loss in 1976-77, you're going to be in trouble."

Mr. Dunlap: "The intent of my amendment which is now slightly modified by Representative Shinpoch, was to do just as you have suggested—make certain that any school district would be able to maintain its 1976-77 costs per FTE. If it were unable to do so it could levy a special levy in order to bring it up to that FTE cost. No additional moneys were envisioned for supplemental programs."

Mr. Barnes spoke in favor of the amendment.

ROLL CALL

The Clerk called the roll on adoption of the amendments by Representative Shinpoch to Engrossed Substitute Senate Bill No. 2697, and the amendments were adopted by the following vote: Yeas, 47; nays, 45; not voting, 6.

Not voting: Representatives Blair, Bond, Grimm, Martinis, Moreau, Oliver.

On motion of Mr. Clemente, the following amendment was adopted:

On page 5, line 29 strike all the material down to and including "receive." on line 35 and insert the following:

"The state of Washington currently makes ample provision for the education of all children residing within the state, in accordance with the state Constitution and the legislative definitions thereof. The passage of this excess levy will provide additional funding for certain special programs, which the elected school board of this district believes would enhance the delivery of quality education. The failure of this levy would not affect the basic educational program of this district."

Mr. Salatino moved adoption of the following amendment:

On page 5, line 23 strike all of section 5 and renumber the remaining sections consecutively.

Representatives Salatino and Heck spoke in favor of the amendment.

MOTION FOR RECONSIDERATION

Mr. Gallagher, having voted on the prevailing side, moved that the House now reconsider the vote by which the amendment to page 5, line 4 by Representative Charette failed to pass the House.

SPEAKER'S RULING

The Speaker: "There has been action of consequence since the Charette amendment was acted upon. The language that the Charette amendment would have stricken is no longer in the bill, therefore your motion is out of order."

MOTION FOR RECONSIDERATION

Mr. Polk, having voted on the prevailing side, moved that the House reconsider the vote by which the amendments to Engrossed Substitute Senate Bill No. 2697 by Representative Shinpoch were passed.

NEW SECTION. Sec. 6. In all counties, all voters shall be registered in accordance with the provisions of this chapter. For the purpose of this chapter, 'county auditor' shall have the meaning ascribed to that term by RCW 29.04.095(1). The county auditor shall be responsible for the conduct of voter registration within the county and shall be the custodian of all official voter registration records for that county.

NEW SECTION. Sec. 7. The secretary of state shall design a unified voter registration form, compatible with existing records, which will permit the applicant to conveniently prepare, on a single card, an original registration, an initiative signature card as required by section 14 of this 1977 amendatory act, and a cancellation of any prior registration in this state. The applicant shall enter the required information, other

than his or her signature, no more than one time. The form shall also contain instructions on its use, a notification of filing deadlines specified by section 16 of this 1977 amendatory act, a warning to the applicant of the penalty for knowingly supplying false information, and space for the county auditor to enter the voter's precinct identification, taxing district identification, and registration number. The reverse side of the form shall be printed to permit mailing to the county auditor.

NEW SECTION. Sec. 8. Registration forms necessary to carry out the registration of voters as provided by this chapter shall be furnished by the secretary of state without cost to the respective counties.

NEW SECTION. Sec. 9. The original voter registration records for all precincts within each county shall be filed alphabetically without regard to precincts in the office of the county auditor and shall not be open to public inspection. The information from such records, with the exception of date of birth, shall be available for public inspection and copying as provided in RCW 29.04.100 and 29.04.110.

NEW SECTION. Sec. 10. Each county auditor shall maintain a computer file on magnetic tape or disk, punched cards, or other form of data storage containing the records of all registered voters within the county. Where it is necessary or advisable, the auditor may provide for the maintenance of such files by private contract or through interlocal agreement as provided by chapter 39.34 RCW, as now or hereafter amended. The computer file shall include, but not be limited to, each voter's name, residence address, sex, date of registration, applicable taxing district and precinct codes, and the last five consecutive dates on which the individual has voted: PROVIDED, That if the voter has not voted at least five times since establishing his or her current registration record, only the available dates shall be included. The county auditor shall subsequently record each consecutive date upon which the individual votes and retain at least the last five such consecutive dates. The computer file of voter registration records shall be arranged so that individual precinct lists of registered voters may be prepared containing only the names, and other information required by this section, listed alphabetically by the surnames of the voters in that precinct.

NEW SECTION. Sec. 11. There is established in the state general fund an account, entitled the voter registration assistance account, to be used to compensate county auditors in counties with fewer than twelve thousand registered voters at the time of the most recent state general election, for unrecoverable costs incident to the maintenance of voter registration records on electronic data processing systems. The secretary of state shall administer the voter registration assistance account and authorize the payments therefrom under such rules as he may prescribe. County auditors in counties entitled to this compensation shall be paid annually an amount equal to thirty cents for each registered voter in that county at the time of the most recent state general election.

NEW SECTION. Sec. 12. The expense of voter registration and the maintenance of voter registration records shall be apportioned between the county and the cities and towns within that county according to the number of voters registered in all rural areas of the county and in each city and town, respectively, at the time of the last state general election.

NEW SECTION. Sec. 13. The county auditor shall be responsible for the distribution of voter registration forms by which a person may register to vote and cancel any previous registration in the state. Registrations submitted on such voter registration forms need not be subscribed to by the county auditor or a deputized registrar. The county auditor shall keep an adequate supply of voter registration forms in his or her office at all times for political parties and others interested in assisting in voter registration, and he or she shall make every effort to make these forms generally available to the public through government offices, businesses, labor union offices, schools, and any other locations necessary to extend registration opportunities to all areas of the county. After the initial distribution of voter registration forms to a given location, it shall be the duty of a representative designated at that location by that office, business, union, school, firm, or other establishment to notify the county auditor of the need for additional supplies of voter registration forms.

NEW SECTION. Sec. 14. An applicant for registration shall record on the registration form the following items concerning his or her qualifications as a voter of this state, and of the county, city, town, and precinct in which he or she applies for registration:

- (1) The address of his or her last former registration as a voter in this state, if applicable;
- (2) His or her full name;
- (3) His or her sex;
- (4) His or her date of birth;
- (5) His or her place of residence for voting purposes, giving the street and number, or post office box and physical description sufficient to determine location; and
- (6) His or her daytime telephone number, if any. After completing this information concerning his or her qualifications, the applicant shall sign a statement in the following form: 'I, the undersigned, hereby declare that the facts set forth relating to my qualifications as a voter are true. I further declare that I am a citizen of the United States, that I am not presently denied my civil rights as a result of being convicted of an infamous crime, that I will have lived in this state, county, and precinct thirty days immediately preceding the next election at which I offer to vote, and that I will be at least eighteen years of age at the time of voting.'

The applicant shall also sign his or her name upon a separate portion of the voter registration card, to be designated as an initiative signature card, which also contains spaces for his or her surname, followed by his or her given name or names, the name of the county and city or town, with post office or street address, the date on which the individual registered, and the name or number of the precinct in which the voter is registered.

The voter registration form shall provide, in a conspicuous place, the following warning: 'Any person who knowingly supplies false information on this voter registration form or who knowingly makes a false declaration as to his or her qualifications for registration shall be guilty of a class C felony.'

NEW SECTION. Sec. 15. Upon receipt of a completed voter registration form, the county auditor shall immediately examine the form to see that the applicant for registration is not currently registered in that county and shall record on the form the precinct identification, taxing district identification, and other information required by law. Except as provided in section 16 of this 1977 amendatory act, the county auditor, within thirty days of receipt of a voter registration form, shall send to the applicant by first class mail a voter registration card identifying his or her current precinct and containing such other information as may be prescribed by the secretary of state. If the voter registration form is incomplete or incorrect the county auditor, within fifteen days of receipt of such form, shall so notify the applicant, and if necessary, send him or her a new voter registration form. The post office shall be instructed not to forward this form or any voter registration card to any other address and to return to the county auditor all undelivered forms and voter registration cards.

NEW SECTION. Sec. 16. To be included among the records of a given precinct for any primary or election, the applicant's voter registration form must be received not later than thirty days prior to that primary or election. An applicant for voter registration whose otherwise complete and correct application is received less than thirty days prior to a primary or election shall be notified by the county auditor that he or she is not eligible to vote in such primary or election at a regular precinct polling place, explaining that he or she may vote an absentee ballot for said primary or election under section 19 of this 1977 amendatory act.

NEW SECTION. Sec. 17. At least thirty-five days prior to each primary or election, the county auditor shall give notice that, in order to be eligible to vote in that election at a regular precinct polling place, an original voter registration form or a request for transfer must be received not later than thirty days prior to that primary or election.

NEW SECTION. Sec. 18. Any qualified elector temporarily residing outside of the county of his or her permanent residence but within the state of Washington, may submit a registration form to the auditor of the county in which he or she is temporarily residing in the manner provided in this chapter. The county auditor receiving the voter registration forms as provided in section 15 of this 1977 amendatory act shall transmit the forms to the county auditor of the county where the applicant permanently resides. A voter registration form received from another county shall be processed immediately by the county auditor of the place of permanent residence of the applicant in the manner provided in sections 15 and 16 of this 1977 amendatory act.

NEW SECTION. Sec. 19. Any otherwise qualified elector whose otherwise complete and correct application for voter registration is received by the county auditor less than thirty days prior to a primary or election, general or special, may apply prior to the day of any such primary or election in person to the office of the county auditor of the county of his or her residence for a special absentee ballot for such election or primary. The auditor shall register the individual in the manner provided in this chapter, but the registration shall not be effective until thirty days after its execution. The auditor, after the twenty-first day before the election in which the individual intends to vote, shall issue the individual an absentee ballot for any election which occurs before the effectiveness of the individual's registration. This absentee ballot shall be of the same form and shall be processed and canvassed in the same manner as other absentee ballots under chapter 29.36 RCW, as now or hereafter amended.

NEW SECTION. Sec. 20. On the first Monday of each calendar month the county auditor shall transmit all initiative signature cards which have been received in his or her office during the prior month to the secretary of state for filing in his office. Each lot must be accompanied by the certificate of the county auditor that the cards so transmitted are the original cards, and that the voters are registered in the precincts and from the addresses shown thereon.

NEW SECTION. Sec. 21. The initiative signature cards shall be kept on file in the office of the secretary of state in such manner as will be most convenient for, and for the sole purpose of, checking initiative and referendum petitions. They shall not be open to public inspection or be used for any other purpose.

NEW SECTION. Sec. 22. Prior to each primary or election, the county auditor shall prepare a precinct list of registered voters for each precinct in which that primary or election is to be conducted and a certificate as to the authenticity of those records. He or she shall deliver the precinct list of registered voters and the certificate to the inspector or one of the judges of the appropriate precinct at the proper polling place as provided by RCW 29.48.030, as now or hereafter amended.

NEW SECTION. Sec. 23. The precinct list of registered voters for each precinct, delivered to the precinct election officers for use on the day of a primary or an election held in that precinct, shall be returned by them to the county auditor upon the closing of the polling place or at the completion of the count of the votes cast in that precinct at the primary or election. The lists shall be retained by the county auditor for a period of at least one year following the election. These records shall be open to public inspection under such rules as the county auditor may prescribe.

NEW SECTION. Sec. 24. The secretary of state, as chief election officer, shall adopt rules not inconsistent with the provisions of this chapter to:

- (1) Provide the specifications, including style, form, color, quality, and dimensions of the cards, records, forms, lists, and other supplies to be used in recording and maintaining voter registration records;
- (2) Establish standards and procedures for the maintenance of voter registration records on electronic data processing systems and the use of voter registration information in the conduct of elections; and

On the front of the first ballot page or prominently displayed on each voting device to be used at a primary, general, or special election, there shall be printed instructions directing the voters how to properly record a vote for any candidate and for or against any measure. Beginning at the top of the left hand column, at the left of the line shall appear the name of the position for which the names to the immediate right are candidates, and below the name of the office or position the words, 'Vote for', then the words 'One', 'Two', or a spelled number designating how many persons under that head are to be voted for. Additional sets of ballot pages for the voting devices shall be printed in which the positions of the names of all candidates for each such office or position shall be changed as many times as there are candidates in the office or position in which there are the greatest number of names. In making the changes of position between each set of ballot pages, the candidates for each such office in the first position under the office heading shall be moved to the last position under that office heading, and each other name shall be moved to the position previously occupied by the name of the preceding candidate under that office heading in the order of filing for such office. Sample ballots shall be substantially in the same form as the official ballot pages but the names of the candidates for each office shall be arranged thereon in the order in which their declarations of candidacy were filed, except that the position of precinct committeeman shall be shown on the general election sample ballot only by a listing of the position itself, and the names of candidates therefor need not be shown.

NEW SECTION. Sec. 38. There is added to chapter 29.30 RCW a new section to read as follows:

The auditor may waive instructional requirements for inspectors and judges of elections who previously have been granted a certificate of proficiency and who have served as precinct officers for a sufficient length of time to be fully qualified to perform their duties in connection with the voting device: PROVIDED, That any inspectors and judges of elections for whom the instructional requirements are waived may at their discretion take advantage of the instructional program outlined herein. He shall give to each inspector or judge who has received instruction and is qualified to conduct the primary or election with the voting devices, a certificate to that effect. For the purpose of instruction, the county auditor or other election officials shall call such meetings of the inspectors or judges as may be necessary. As compensation for the time spent in receiving instruction each inspector or judge who qualifies and serves at the subsequent primary or election shall receive an additional two hours compensation, to be paid to him at the same time and in the same manner as compensation is paid him for his services on the day of the primary or election. No inspector or judge of election shall serve at any primary or general election at which voting devices are used unless he has received the required instruction and is qualified to perform his duties in connection with voting devices and has received a certificate to that effect from the county auditor or other election official: PROVIDED, That this shall not prevent the appointment of an inspector or judge of election to fill a vacancy in an emergency.

NEW SECTION. Sec. 70. There is added to chapter 29.34 RCW a new section to read as follows:

Before each state primary or general election at which a vote tallying system is to be used, or more frequently as he deems necessary, the county auditor or other election official shall, during the day of the election, instruct all counting center personnel, including political party observers, who are to serve at that primary or election in their duties in connection with the handling and tallying of ballots for that primary or election. No person shall serve as an election worker in the counting center at any primary or election at which a vote tallying system is used unless he has received the required instruction and is qualified to perform his duties in connection with the handling and tallying of ballots for that primary or election. No person shall serve as a political party observer unless he has received the required instruction and is familiar with the operation of the vote tallying system and the procedures to be employed to verify the accuracy of the programming for that vote tallying system.

NEW SECTION. Sec. 71. There is added to chapter 29.34 RCW a new section to read as follows:

The county auditor shall determine the location of the counting center for each vote tallying system under his jurisdiction and the number of ballot card precincts assigned to each. Such facility may be located wherever in the judgment of the county auditor best serves the voters.

All proceedings at the counting center shall be under the direction of the county auditor and under the observation of at least two observers, who shall not be from the same political party, appointed by the county chairman of the respective major political party. Such proceedings shall be open to the public, but no persons except those employed and authorized for the purpose shall touch any ballot card or ballot container.

Technical assistance from private vendors to the county auditor shall be limited to advice and assistance in the training of precinct election officers and counting center personnel and the development of instructional materials for use in such training, routine maintenance and repair service on the voting devices and vote tallying systems, and any emergency assistance required due to the mechanical failure of any voting device or vote tallying system. Private vendors may provide the compilation of computer programs and preparation of office and report files according to the specifications established by the county auditor for a specific primary or election. All precinct program cards shall be prepared by the county auditor or the staff of his office. Ballot layout functions are to be performed by the secretary of state for federal offices and state-wide measures and offices, and by the county auditor for all other measures and offices.

NEW SECTION. Sec. 72. There is added to chapter 29.34 RCW a new section to read as follows:

At the direction of the county auditor, a representative of each major political party shall together stop at each designated polling place and pick up the sealed containers containing the voted ballot cards for delivery to the counting center. There may be as many as two such stops at each polling place, but the first stop may not be made prior to 2:00 p.m. and the second stop may not be made until after the polls have been closed to voting.

The procedure for transporting voted ballot cards from the respective polling places to the counting center or to predesignated collection stations shall include, but not be limited to, the following measures:

(1) On the day of the primary or election in precincts where ballots are cast on voting devices, two precinct election officials, one representing each major political party, shall place all voted ballots in non-combustible, water resistant ballot containers, furnished by the county auditor and properly identified with his mailing address, and seal the containers with prenumbered seals. The precinct election officials of each major political party or representative of each major political party designated by the county auditor to deliver such ballots shall transport the sealed ballot containers to the counting center or to a predesignated collection station in an enclosed vehicle, making certain that all doors and windows thereof other than those windows necessary for adequate ventilation are closed and locked.

(2) At the counting center or the collection stations where the sealed ballot containers are delivered by the designated representatives of the major political parties, the county auditor or his designated representative shall receive the sealed ballot containers with the voted ballot cards enclosed, record the time and date together with each precinct and seal number, and complete signed receipts indicating the time, date, and precinct and seal number of each ballot container received, and give a copy of such receipt to the representatives delivering the ballot containers as such containers are received.

(3) If the ballot containers are delivered to the collection station instead of being delivered directly to the counting center, the county auditor or his designated representative shall transfer such election containers to the counting center in an enclosed vehicle, making certain that all doors and windows thereof other than those windows necessary for adequate ventilation are closed and locked. All ballots being so transferred shall be accompanied by two appointed officials, who shall not be of the same political party, and a representative of the county auditor, who may be one of the appointed officials.

NEW SECTION. Sec. 73. There is added to chapter 29.34 RCW a new section to read as follows:

At least three days prior to the day of the primary or general election, all programming for the vote tallying system to be used at that primary or general election shall be tested by the secretary of state or his designee to ascertain that the equipment will correctly count the vote cast for all candidates and on all measures appearing on the ballot at that primary or general election. The tests shall be conducted by processing a preaudited group of ballots prepared by the office of secretary of state, so punched or marked as to record a predetermined number of ballot votes for each candidate and for and against each measure. For each office for which there are two or more candidates and for each issue, the group of test ballots shall include one or more ballots which have votes in excess of the number allowed by law, in order to verify the ability of the vote tallying system to reject such votes. The test shall be designed to verify the capability of the vote tallying system to perform all of the functions that can reasonably be expected to occur during conduct of that particular primary or election, including but not limited to verification of the content of the ballot format for each precinct or polling place, verification of rotation in the program, and verification of major error identification routines in the program of the vote tallying system. If any error is detected, the cause thereof shall be ascertained and corrected, and an errorless count shall be made before the programming is approved and certified.

Such tests shall be observed by at least two observers, who shall not be of the same political party, designated by the county chairmen of the respective county central committees, and shall be open to candidates, the press, and the public. The secretary of state, the county auditor, and the political party observers shall certify that the test has been properly conducted. Copies of such certification shall be retained by the secretary of state and the county auditor. All programming materials and test ballots shall be securely locked in a noncombustible, water resistant container, and sealed until the day of the primary or general election. This test shall be repeated immediately before the start of the official count of ballots in the same manner as set forth above.

The political party observers, upon mutual agreement, may request a precinct, to be selected at random, at the point of check-in, and manually take a total count of ballots and/or a total count for any one office, return that precinct to the counting center, and request a detailed printout. This may be done as many as three times during the official count so that the accuracy of the proceedings can be again verified by the count of the preaudited group of ballots.

NEW SECTION. Sec. 74. There is added to chapter 29.34 RCW a new section to read as follows:

The ballot cards picked up during the polling hours may subsequently be counted before the polls have closed: **PROVIDED**, That all such election returns must be held in secrecy in the same manner as the count of paper ballots during polling hours as provided by RCW 29.54.030. Any person revealing any election returns to unauthorized persons prior to the close of the polls shall be subject to the same penalties as provided by RCW 29.54.035.

Upon breaking the seals and opening the containers, all voted ballot cards shall be checked for partially removed chads, whereupon any such partially removed chads shall be entirely removed from the ballot cards. If it is found that any ballot is damaged or defective so that it cannot properly be counted by the vote tallying system, a true duplicate copy shall be made of the damaged ballot in the presence of witnesses and substituted for the damaged ballot. All such damaged ballots shall be kept by the county auditor until sixty days after the primary or election concerned.

The returns printed by the vote tallying system, to which has been added the count of questioned ballots, challenged ballots, write-in votes, and absentee votes, shall constitute the official returns of the primary or election in that county.

Sec. 75. Section 32, chapter 109, Laws of 1967 ex. sess. and RCW 29.34.170 are each amended to read as follows:

There shall be no charge for such manuals, and the number to be printed and the distribution thereof shall be determined by the secretary of state.

In addition, if other elections, including special or general, are also being held on the same day and it can be determined that the absentee voter is qualified to vote at such elections, such additional absentee ballots shall be automatically issued to the end that, whenever possible, each absentee voter receives the ballots for all elections he would have received if he had been able to vote in person.

The election officer, or his duly authorized representative, shall include the following additional items when issuing an absentee ballot:

- (1) Instructions for voting.
- (2) A size #9 envelope, capable of being sealed and free of any identification marks, for the purpose of containing the voted absentee ballot.

Copies of any magnetic tapes so retained shall be promptly furnished by the county auditor to any individual requesting them upon receipt of a payment sufficient to cover costs associated therewith.

Sec. 96. Section 29.62.090, chapter 9, Laws of 1965 and RCW 29.62.090 are each amended to read as follows:

Immediately after the official results of ((an) a state primary or general election ((or-primary)) in his county are ascertained, the county auditor or other election officer shall make an abstract of the number of registered voters in each precinct and of all the votes cast in his county at such state primary or general election for ((county officers, state officers, national officers and officers elected by districts;)) and against state measures and for each candidate for federal, state, and legislative office or for any other office which the secretary of state is required by law to canvass. The abstract shall be entered on blanks furnished by the secretary of state or on compatible computer printouts approved by the secretary of state, and ((transmit)) transmitted to the secretary of state ((by registered mail a certified copy thereof)) no later than the next business day following the certification by the county canvassing board.

Sec. 97. Section 29.62.100, chapter 9, Laws of 1965 and RCW 29.62.100 are each amended to read as follows:

The ~~((state canvassing board shall consist of the))~~ secretary of state ~~((the state treasurer and the state auditor.))~~ shall, as soon as possible but in any event not later than the third Tuesday following the primary, canvass and certify the returns of all primary elections as to candidates for state offices, United States senators and representatives in congress, and all other candidates whose district extends beyond the limits of a single county.

Sec. 98. Section 29.64.010, chapter 9, Laws of 1965 and RCW 29.64.010 are each amended to read as follows:

An officer of a political party or any person for whom votes were cast in a primary election for nomination as a candidate for election to an office who was not declared nominated may file with the appropriate canvassing board or boards a written application for a recount of the votes cast at such primary in any precinct for all persons for whom votes were cast in such precinct for such nomination.

An officer of a political party or any person who was a candidate at any general election for election to an office or position who was not declared elected, may file with the appropriate canvassing board or boards a written application for a recount of the votes cast at such election in any precinct in such county for all candidates for election to such office or position.

Any group of five or more registered voters may file with the appropriate canvassing board or boards a written application for a recount of the votes cast at any election, regular or special, in any precinct upon any question or issue, provided that the members of such group shall state in such application that they voted on such question or proposition. Such group of electors shall, in such application, designate one of the members of the group as chairman, and shall indicate therein the voting residence of each member of such group. In the event the recount requested concerns a regular or special district election whereat the precincts were combined and the election results of the individual precincts impossible to determine, the application for the recount shall embrace all ballots cast at such district election.

An application for recount in a precinct using a vote tally system shall specify whether the recount shall be done manually or by the vote tally system. A recount done by the vote tally system shall use separate and distinct programming from that used in the original count, and shall also provide for a separate and distinct test of the logic and accuracy of such program.

All applications for recount shall be filed within three days, excluding Saturdays and Sundays, after the canvassing board has declared the official results of the primary or election ~~((as the case may be))~~.

The provisions of this chapter shall apply to the recounting of votes cast by paper ballots and counted at the polling places ~~((and))~~, to the recheck of votes recorded on voting machines, and to the recounting of votes recorded on ballot cards and counted by a vote tally system. The provisions of this chapter shall neither apply to votes cast by absentee ballot and counted by the canvassing authority, nor to votes cast on voting machines printing election returns: PROVIDED, That this chapter shall apply to votes cast by absentee and counted by the canvassing authority if specific request for such recount is made at the time the application is filed and the additional deposit is made as provided in RCW 29.64.020.

Sec. 99. Section 29.64.020, chapter 9, Laws of 1965 and RCW 29.64.020 are each amended to read as follows:

Each application for recount shall separately list each precinct as to which a recount of the votes therein is requested, and the person filing an application shall at the same time deposit with the canvassing board the sum of ~~((five))~~ ten dollars in cash or by certified check for each precinct so listed in such application as security for the payment of charges for the making of the recount therein applied for, which charges shall be fixed by the canvassing board as provided in RCW 29.64.060. In the event the application for a recount applies to a special or regular district election then the deposit to be made with the canvassing board shall be ~~((five))~~ ten dollars in cash or by certified check for each precinct completely or partially within said district. If at said special or regular district election paper ballots were used and the precincts were combined and the election results of the individual precincts impossible to determine, then the deposit shall be a sum of money equal to the total number of ballots cast at such district election multiplied by the factor of ~~((two))~~ five cents; and if a specific request is made for the recount of absentee ballots, then an additional deposit shall be made in a sum of money equal to the total number of such absentee ballots to be counted multiplied by the factor of ~~((two))~~ five cents.

If at said special or regular district election voting machines were used and the precincts were combined and the election results of the individual precincts impossible to determine, then the deposit shall be ~~((five))~~ ten dollars for each voting machine used.

If ballot cards and a vote tally system were used at any precinct as to which a recount is requested, the amount of the deposit required shall depend on whether a manual recount of ballot cards or a recount by the vote tally system is requested. If a manual recount of the ballot cards is requested, the deposit shall be the same as for paper ballots. If a recount by the vote tally system is requested, the deposit shall be five cents for each ballot card.

Upon the filing of an application, the canvassing board shall promptly fix the time when and the place at which the recount will be made, which time shall be not later than five days after the day upon which such application is filed. The ~~((clerk of the board))~~ county auditor shall mail notice of the time and place so fixed to the applicant. If the application requests a recount of votes cast for a nomination or a candidacy for election, the ~~((clerk))~~ auditor shall also mail such notice to each person for whom votes were cast for such nomination or election. Such notice shall be mailed by registered mail not later than two days before the date fixed for the commencement of the recount. Each person entitled to receive such notice may attend and witness the recount and may be accompanied by counsel.

In the case of a recount of votes cast upon a question or proposition, a second group of five or more registered voters, who voted upon such question or proposition other than those voters requesting the recount, may file with the canvassing board a written statement to that effect, may designate therein one of their number as chairman of such group and an attorney as their legal counsel, and may request that the persons so designated be permitted to attend and witness the recount. Thereupon the persons so designated may attend and witness the recount.

Sec. 100. Section 29.64.060, chapter 9, Laws of 1965 and RCW 29.64.060 are each amended to read as follows:

The charges for making a recount of votes of precincts listed in an application for recount filed with the board of elections shall be fixed by the board and shall include all expenses incurred by such board because of such application other than the regular operating expenses which the board would have incurred if the application had not been filed.

The total amount of charges so fixed divided by the number of precincts listed in such application, the votes of which were recounted, shall be the charge per precinct for the recount of the votes of the precincts listed in such application, the votes of which were recounted: PROVIDED, That the charges per precinct so fixed shall not be more than ~~((five dollars for each precinct concerned or in the event of a recount of a regular or special district election whereat all ballots were requested to be recounted irrespective of precincts; the maximum charge shall not exceed two cents per ballot))~~ the actual cost.

Such charge shall be deducted by the board from the money deposited with the board by the applicant for the recount at the time of filing his application, and the balance of the money so deposited shall be returned to such applicant unless the costs of the recount were higher than the deposit, in which case the applicant shall be required to pay the difference: PROVIDED, That no such charges shall be deducted by the board from the money deposited for a recount of votes cast for a nomination or for an election to an office or position in any precinct, if upon the completion of a recount the applicant is declared nominated or elected, or if upon completion of a recount concerning a question or proposition, the result of such election is declared to be opposite to the original declaration of the result of such election. All moneys deposited with the board by an applicant not returned to him shall be paid by such board into the general fund of the political subdivision concerned.

Sec. 101. Section 29.65.010, chapter 9, Laws of 1965 and RCW 29.65.010 are each amended to read as follows:

All election contests shall proceed under RCW 29.04.030, as now or hereafter amended.

Sec. 102. Section 29.65.020, chapter 9, Laws of 1965 and RCW 29.65.020 are each amended to read as follows:

~~((To commence an election contest, the contestant must file with the clerk of the superior court of his residence a verified written statement of contest within ten days after the person whose right is being contested has been declared elected, setting forth))~~ An affidavit of an elector with respect to RCW 29.04.030(6) must be filed with the appropriate court no later than ten days following the issuance of a certificate of election and shall set forth specifically:

- (2) The name of the person whose right is being contested;
- (3) The office;
- (4) The particular causes of the contest.

No statement of contest shall be dismissed for want of form if the particular causes of contest are alleged with sufficient certainty ~~((to advise the defendant of the particular proceedings or cause for which such election is contested)).~~ The person charged with the error or omission shall be given the opportunity to call any witness, including the candidate to whom he has issued or intends to issue the certificate of election.

Sec. 103. Section 29.65.040, chapter 9, Laws of 1965 and RCW 29.65.040 are each amended to read as follows:

Upon such ~~((statement))~~ affidavit being filed, it shall be the duty of the clerk to inform the judge of the ~~((superior))~~ appropriate court, who may give notice, and order a session of the court to be held at the usual place of holding said court, on some day to be named by him, not less than ten nor more than twenty days from the date of such notice, to hear and determine such contested election: PROVIDED, That if no session be called for the purpose, such contest shall be determined at the first regular session of court after such statement is filed.

The clerk of the court shall also at the time issue a citation for the person ~~((whose right to the office is contested))~~ charged with the error or omission, to appear at the time and place specified in the notice, which citation shall be delivered to the sheriff ~~((or constable;))~~ and be served upon the party in person; or if he cannot be found, by leaving a copy thereof at the house where he last resided.

Sec. 104. Section 29.65.055, chapter 9, Laws of 1965 and RCW 29.65.055 are each amended to read as follows:

If the proceedings are dismissed for insufficiency, want of prosecution, or the election is by the court confirmed, judgment shall be rendered against the party contesting such election for costs, in favor of the party ~~((whose election was contested))~~ charged with error or omission.

If such election is annulled and set aside, judgment for costs shall be rendered against the party ~~((whose election was contested;))~~ charged with the error or omission and in favor of the party ((contesting)) alleging the same.

Sec. 105. Section 29.79.200, chapter 9, Laws of 1965 as amended by section 1, chapter 107, Laws of 1969 ex. sess. and RCW 29.79.200 are each amended to read as follows:

Upon filing the volumes of an initiative petition proposing a measure for submission to the legislature at its next regular session, the secretary of state shall forthwith in the presence of at least one person representing the advocates and one person representing the opponents of the proposed measure, should either desire to be present, proceed to canvass and count the names of the legal voters thereon. The secretary of state may use any statistical sampling techniques for this canvass which have been ~~((approved by the state canvassing board established by RCW 29.62.100))~~ adopted by rule as provided by chapter 34.04 RCW: PROVIDED, That no petition will be rejected on the basis of any statistical method employed: PROVIDED FURTHER, That no petition will be accepted on the basis of any statistical method employed if such method indicates that the petition contains less than one hundred ten percent of the requisite number of signatures of legal voters. If the secretary of state finds the same name signed to more than one petition he shall reject the name as often as it appears. If the petition is found to be sufficient, the secretary of state shall transmit a certified copy of the proposed measure to the legislature at the opening of its session together with a certificate of the facts relating to the filing of the petition and the canvass thereof.

Sec. 106. Section 29.80.010, chapter 9, Laws of 1965 as last amended by section 2, chapter 4, Laws of 1975-76 2nd ex. sess. and RCW 29.80.010 are each amended to read as follows:

As soon as possible prior to each state general election at which federal or state officials are to be elected, the secretary of state shall publish and mail to each individual place of residence of the state a candidates' pamphlet containing photographs and campaign statements of eligible nominees who desire to participate therein and in even-numbered years containing a description of the office of precinct committeeman and its duties, in order that voters will understand that such office is a state office and will be found on the ballot of the forthcoming general election: PROVIDED, That in odd-numbered years no candidates' pamphlet shall be published, unless an election is to be held to fill a vacancy in one or more of the following state-wide elective offices: United States senator, governor, lieutenant governor, secretary of state, state treasurer, state auditor, attorney general, superintendent of public instruction, commissioner of public lands, insurance commissioner, and justice of the supreme court.

Sec. 107. Section 29.82.090, chapter 9, Laws of 1965 and RCW 29.82.090 are each amended to read as follows:

At the time set for the canvass, in the presence of at least one person representing the petitioners and in the presence of the person charged, or some one representing him, if either should desire to be present, the canvassing officer shall (~~detach the sheets containing the signatures from the copies of the charge, and cause them to be firmly attached to one or more copies of the charge in such volumes as will be most convenient for canvassing and filing; and~~) forthwith compare the signatures on the petition with the voter registration records of that jurisdiction. No signature shall be rejected if the officer conducting the canvass is reasonably certain that the signature on the petition is the same as the signature of a registered voter of that jurisdiction. The omission to fill any blanks shall not prevent the certification of any name if sufficient information is given to enable one by a comparison of signatures to identify the voter. He shall then proceed to canvass and count the names of certified legal voters on such petitions. If he finds that the same person has signed more than one petition, he shall reject all signatures of such person from the count.

Sec. 108. Section 29.82.100, chapter 9, Laws of 1965 as amended by section 5, chapter 205, Laws of 1971 ex. sess. and RCW 29.82.100 are each amended to read as follows:

If, at the conclusion of the canvass and count, it is found that a petition for recall bears the requisite number of signatures of certified legal voters, the officer with whom the petition is filed shall (~~certify the proposition to the proper authority which shall~~) fix a date (not more than fifteen days after the conclusion of the canvass, for calling a) for the special election to determine whether or not the officer charged shall be recalled and discharged from his office. (~~On the date fixed the election shall be called. The~~) Such special election shall be held not less than forty-five nor more than sixty days from the date of the call (:) and, whenever possible, on one of the dates provided in RCW 29.13.020: PROVIDED, That no recall election shall be held between the date of the primary and the date of the general election in any calendar year. Notice thereof shall be given in the manner required by law for (calling) special elections in the state or in the political subdivision, as the case may be.

Sec. 109. Section 29.82.140, chapter 9, Laws of 1965 and RCW 29.82.140 are each amended to read as follows:

The votes on a recall election shall be counted, canvassed, and the results certified in the manner provided by law for counting, canvassing, and certifying the results of an election for the office from which the officer is being recalled: PROVIDED, That if the officer whose recall is demanded is the officer to whom, under the law, returns of elections are made, such returns shall be made to the officer with whom the charge is filed, and who called the special election; and in case of an election for the recall of a state officer, the county canvassing boards of the various counties shall canvass and return the result of such election to the officer calling such special election. If a majority of all votes cast at the recall election is for the recall of the officer charged, he shall thereupon be recalled and discharged from his office, and the office shall thereupon become and be vacant.

Sec. 110. Section 29.85.200, chapter 9, Laws of 1965 and RCW 29.85.200 are each amended to read as follows:

ENGROSSED SUBSTITUTE SENATE BILL NO. 2121, Prime Sponsor: Senator Scott, restricting printing and distribution of state reports and publications. Reported by Committee on State Government.

MAJORITY recommendation: Do pass with the following amendments:

Strike everything after the enacting clause and insert:

"NEW SECTION. Section 1. It is the intent of this legislation to improve executive management and control of state publications and reduce state expenditures through: (1) Elimination of reports and publications which are economically or otherwise unjustified; and (2) the simplification and consolidation of other reports and publications.

NEW SECTION. Sec. 2. The terms defined in this section shall have the meanings indicated when used in this chapter.

(1) 'Director' means the director of the office of program planning and fiscal management.

(2) 'State agency' includes every state office, department, division, bureau, board, commission, committee, higher education institution, community college, and agency of the state and all subordinate subdivisions of such agencies in the executive branch financed in whole or in part from funds held in the state treasury, but does not include the offices of executive officials elected on a state-wide basis, agricultural commodity commissions, the legislature, the judiciary, or agencies of the legislative or judicial branches of state government.

(3) (a) 'State publication' means publications of state agencies and shall include any annual and biennial reports, any special report required by law, state agency newsletters, periodicals and magazines, and other printed informational material intended for general dissemination to the public or to the legislature.

(b) 'State publication' may include such other state agency printed informational material as the director may prescribe by rule or regulation, in the interest of economy and efficiency, after consultation with the governor, the state librarian, and any state agencies affected.

(c) 'State publication' does not include:

(i) Business forms, preliminary draft reports, working papers, or copies of testimony and related exhibit material prepared solely for purposes of a presentation to a committee of the state legislature;

(ii) Typewritten correspondence and interoffice memoranda, and staff memoranda and similar material prepared exclusively as testimony or exhibits in any proceeding in the courts of this state, the United States, or before any administrative entity;

(iii) Any notices of intention to adopt rules under RCW 34.04.025(1)(a) as now existing or hereafter amended;

(iv) Publications relating to a multistate program financed by more than one state or by federal funds or private subscriptions; or

(v) News releases sent exclusively to the news media.

(4) 'Print' includes all forms of reproducing multiple copies with the exception of typewritten correspondence and interoffice memoranda.

NEW SECTION. Sec. 3. (1) Any annual, biennial, or special report required to be made by any state officer, board, agency, department, commissioner, regents, trustees, or institution to the governor or to the legislature may be typewritten and a copy shall be filed with the governor, or the governor's designee, and the legislature as the law may require. An additional copy shall be filed with the state library as a public record.

(2) The director or the director's designee may selectively review state publications in order to determine if specific state publications are economically and effectively contributing to the accomplishment of state agency program objectives. The director or the director's designee shall provide general guidelines as to the number of copies to be printed for use or distribution by the issuing agency and any public or other distribution under chapter 40.06 RCW as now or hereafter amended, or other applicable directives.

(3) No agency head shall recommend a state publication for printing and distribution, other than those required by law, unless the benefits from the publication and distribution thereof to the citizens and taxpayers of this state clearly exceed the costs of preparation, printing, and distribution.

(4) The director, after consultation with affected agencies, shall prepare and publish guidelines for use by state agencies in determining and evaluating the benefits and costs of current and proposed state publications. All state agencies shall evaluate each new state publication they propose and shall annually evaluate each continuing state publication they produce in accordance with the guidelines published by the director.

(5) The director shall, after consultation with affected state agencies, also provide by general rules and regulations for overall control of the quality of the printing of state publications. Necessary publications are

to be prepared and printed in the most economic manner consistent with effectiveness and achievement of program objectives.

NEW SECTION, Sec. 4. (1) The governor or the governor's designee shall take such other action as may be necessary to maximize the economy, efficiency, and effectiveness of state publications and to do so may eliminate, consolidate, or simplify state agency publications.

(2) Nothing in this chapter shall be construed in any way as restricting public access to public records or the public right to copy such records as provided by RCW 42.17.250 through 42.17.340 as now existing or hereafter amended.

NEW SECTION, Sec. 5. Neither the public printer nor any state agency shall print or authorize for printing any state publication that has been determined by the director to be inconsistent with section 3 of this 1977 amendatory act except to the extent this requirement may conflict with the laws of the United States or any rules or regulations lawfully promulgated under those laws. A copy of any state publication printed without the approval of the director under the exceptions authorized in this section shall be filed with the director with a letter of transmittal citing the federal statute, rule, or regulation requiring the publication. The director shall submit a report of such exceptions, as filed, to the legislative budget committee at least annually.

NEW SECTION, Sec. 6. Each state agency shall at least once each biennium notify the addressees of each state publication in or with that publication that they may be removed from the mailing list by notifying the originating agency. Mailings required by a state or federal statute, rule, or regulation, those maintained by an institution of higher education for official fund raising or curriculum offerings, bulk mailings addressed to 'occupant' or a similar designation, and paid subscriptions are excluded from these provisions. All publications shall be distributed or mailed at the lowest available rate.

POINT OF INQUIRY

Mr. Deccio: "Representative Erickson, I'm a sponsor on the bill and at the time it sounded like a good idea, but since that time I've been advised that changing the university status could increase the costs. Would you care to comment on that?"

Ms. Erickson: "It's been shown that it doesn't necessarily increase the cost. This does not mean, of course, that there won't be normal increases, but this, in itself, does not necessitate an increase. There is no criteria that would cause this. In fact, as I have indicated, there has been agreement that there will be no further doctoral programs given, which means that Western is willing to give up their existing doctoral program and usually those programs are rather expensive. We have been shown that this does not mean that there will be, because of this status, increase in the costs."

POINT OF INQUIRY

Mr. Martinis yielded to question by Mr. Charette.

Mr. Charette: "Representative Martinis, in reading this bill which deals with regulation of fishing, in section 2 there's a part I don't understand. Will you explain that?"

Mr. Martinis: "Representative Charette, I really didn't want to get into section 2, but I will explain it. This refers to a statute that is on the books right now. The reason why we are reducing two penalties for any type of fishing violation within a period of five years is because the Department of Fisheries—"

POINT OF ORDER

Representative Hurley (Margaret): "Representative Martinis is not speaking on the amendments and I do believe the question was much broader than the amendments called for. I think we ought to determine if he is going to discuss the whole bill when we have an amendment before us."

The Speaker (Ms. Becker presiding): "Representative Martinis, please confine your remarks to the question by Representative Charette."

Mr. Martinis: "I'll confine my remarks to the explanation of section 2 as the question was put. The reason why section 2 is in the bill is because the Department of Fisheries' computer has only a five-year bank, so now the program at the Department of Fisheries for the revocation of licenses or keeping track of the violations only goes back five years. The reason for section 2 in this bill is to make the statutes consistent with the capabilities within the Department of Fisheries. It has absolutely nothing to do with section 1. Those of you who are familiar with bill drafting know that's why we have different sections, because they are separate subjects."

The amendments by Representative Hurley (Margaret) were not adopted.

Mr. Berentson moved adoption of the following amendment:

On page 1, line 3 of the title after "75.28.380;" strike "and" and on line 4 after "RCW" insert "; and prescribing penalties"

Mr. Martinis spoke in favor of passage of the bill.

POINT OF INQUIRY

Mr. Martinis yielded to question by Mrs. Fortson.

Mrs. Fortson: "Do these regulations apply to Indian fishermen?"

Mr. Martinis: "Representative Fortson, the court has been very, very reluctant to enforce state regulations against Indian fisheries. Two weeks ago in Superior Court in Snohomish County there was a conviction from the district court of a man fishing in an area that was closed for conservation reasons and this is lawful—you can close for conservation reasons under the present statutes. He was convicted in the district court, but when it came before the presiding judge in Snohomish County that case was thrown out for one reason: There were five Indian fishermen. Testimony showed there were five Indian fishermen fishing in the same area that was closed for conservation reasons and there was no citation issued to them. We are after equality under the law. Under this law here, the same case would pertain to that. If the laws of the state of Washington were discriminately being enforced against a non-Indian fisherman and not an Indian fisherman, I would hope the Superior Courts of the state of Washington would take the same course as the judge did in Snohomish County."

POINT OF INQUIRY

Mr. Thompson yielded to question by Mr. Leckenby.

Mr. Leckenby: "Representative Thompson, in looking at this I'm not exactly sure what it will do, but it seems to me that in subsection (3) on page 1, if you put in one ramp in a downtown area—let's say on one intersection, which would be four ramps, that you would, by passing this bill, be required to place additional ramps in both directions on every street in the city. In other words, once you started it, would you not be required to match at the end of blocks and across streets and so forth, so that eventually in a short time you would have covered the whole city?"

Mr. Thompson: "That's not right. The amendments we adopted by Representatives Charnley and Berentson clarified that that was not so. The bill does however provide that if a ramp is built into an intersection in one direction that there will be a corresponding ramp out of the intersection across from it, but it doesn't require ramping in all directions. Ultimately, this will occur and we intend to examine the extent to which it has developed during the interim. The present language only provides that if there is a ramp into the intersection in one direction that there will be a corresponding ramp opposite."

In ((adopting or revising)) preparing classification and salary schedules as set forth in RCW 41.06.150 as now or hereafter amended the ((board)) department of personnel shall give full consideration to prevailing rates in other public employment and in private employment in this state ((and)). For this purpose the department shall ((have made periodic wage)) undertake salary and fringe benefit surveys to be planned and conducted on a joint basis with the higher education personnel board, with one such survey to be conducted each year prior to the convening of each regular session of the state legislature(;). The results of ((such wage)) each salary and fringe benefit survey ((to)) shall be forwarded with a recommended state salary schedule to the governor and ((state-budget)) director of the office of program planning and fiscal management for their use in preparing budgets to be submitted to the succeeding legislature. A copy of the data and supporting documentation shall be furnished by the department of personnel to the standing committees for appropriations of the senate and house of representatives.

The department shall furnish the following supplementary data in support of its recommended salary schedule:

(1) A total dollar figure which reflects the recommended increase or decrease in state salaries as a direct result of the specific salary and fringe benefit survey that has been conducted and which is categorized to indicate what portion of the increase or decrease is represented by salary survey data and what portion is represented by fringe benefit survey data;

(2) An additional total dollar figure which reflects the impact of recommended increases or decreases to state salaries based on other factors rather than directly on prevailing rate data obtained through the survey process and which is categorized to indicate the sources of the requests for deviation from prevailing rates and the reasons for the changes;

(3) A list of class codes and titles indicating recommended monthly salary ranges for all state classes under the control of the department of personnel with:

(a) Those salary ranges which do not substantially conform to the prevailing rates developed from the salary and fringe benefit survey distinctly marked and an explanation of the reason for the deviation included; and

(b) Those department of personnel classes which are substantially the same as classes being used by the higher education personnel board clearly marked to show the commonality of the classes between the two jurisdictions;

(4) A supplemental salary schedule which indicates the additional salary to be paid state employees for hazardous duties or other considerations requiring extra compensation under specific circumstances. Additional compensation for these circumstances shall not be included in the basic salary schedule but shall be maintained as a separate pay schedule for purposes of full disclosure and visibility; and

(5) A supplemental salary schedule which indicates those cases where the board determines that prevailing rates do not provide similar salaries for positions that require or impose similar responsibilities, judgment, knowledge, skills, and working conditions. This supplementary salary schedule shall contain proposed salary adjustments necessary to eliminate any such dissimilarities in compensation. Additional compensation needed to eliminate such salary dissimilarities shall not be included in the basic salary schedule but shall be maintained as a separate salary schedule for purposes of full disclosure and visibility.

It is the intention of the legislature that requests for funds to support recommendations for salary deviations from the prevailing rate survey data shall be kept to a minimum, and that the requests be fully documented when forwarded by the department of personnel. Further, it is the intention of the legislature that the department of personnel and the higher education personnel board jointly determine job classes which are substantially common to both jurisdictions and that basic salaries for these job classes shall be equal based on salary and fringe benefit survey findings.

NEW SECTION. Sec. 3. There is added to chapter 41.06 RCW a new section to read as follows:

(1) In the conduct of salary and fringe benefit surveys under RCW 41.06.160 as now or hereafter amended, it is the intention of the legislature that the surveys be undertaken in a manner consistent with statistically accurate sampling techniques. Sec. 10. Section 11, chapter 36, Laws of 1969 ex. sess. as amended by section 2, chapter 122, Laws of 1975 1st ex. sess. and RCW 28B.16.110 are each amended to read as follows:

The salary schedules and compensation plans, adopted and revised as provided in RCW 28B.16.100 as now or hereafter amended, shall reflect ((not less than)) prevailing rates in other public employment and in private ((industries and other governmental units for positions of a similar nature)) employment in this state or in the locality in which the institution or related board is located. For this purpose ((periodic wage)) salary and fringe benefit surveys shall be undertaken by the board with the assistance of the various personnel officers of the institutions of higher education and on a joint basis with the department of personnel, with one such survey to be conducted each year prior to the convening of each regular session of the state legislature. The results of such ((wage)) salary and fringe benefit survey shall be forwarded with recommended salary adjustments, which recommendations shall be advisory only, to the governor and the director of the office of program planning and fiscal management for their use in preparing budgets to be submitted to the succeeding legislature. A copy of the data and supporting documentation shall be furnished by the board to the standing committees for appropriations of the senate and house of representatives.

The board shall furnish the following supplementary data in support of its recommended salary schedule:

(1) A total dollar figure which reflects the recommended increase or decrease in state salaries as a direct result of the specific salary and fringe benefit survey that has been conducted and which is categorized

to indicate what portion of the increase or decrease is represented by salary survey data and what portion is represented by fringe benefit survey data;

(2) An additional total dollar figure which reflects the impact of recommended increases or decreases to state salaries based on other factors rather than directly on prevailing rate data obtained through the survey process and which is categorized to indicate the sources of the requests for deviation from prevailing rates and the reasons for the changes;

(3) A list of class codes and titles indicating recommended monthly salary ranges for all state classes under the control of the higher education personnel board with:

(a) Those salary ranges which do not substantially conform to the prevailing rates developed from the salary and fringe benefit survey distinctly marked and an explanation of the reason for the deviation included; and

(b) Those higher education personnel board classes which are substantially the same as classes being used by the department of personnel clearly marked to show the commonality of the classes between the two jurisdictions;

(4) A supplemental salary schedule which indicates the additional salary to be paid state employees for hazardous duties or other considerations requiring extra compensation under specific circumstances. Additional compensation for these circumstances shall not be included in the basic salary schedule but shall be maintained as a separate pay schedule for purposes of full disclosure and visibility; and

(5) A supplemental salary schedule which indicates those cases where the board determines that prevailing rates do not provide similar salaries for positions that require or impose similar responsibilities, judgment, knowledge, skills, and working conditions. This supplementary salary schedule shall contain proposed salary adjustments necessary to eliminate any such dissimilarities in compensation. Additional compensation needed to eliminate such salary dissimilarities shall not be included in the basic salary schedule but shall be maintained as a separate salary schedule for purposes of full disclosure and visibility.

It is the intention of the legislature that requests for funds to support recommendations for salary deviations from the prevailing rate survey data shall be kept to a minimum, and that the requests be fully documented when forwarded by the board. Further, it is the intention of the legislature that the department of personnel and the higher education personnel board jointly determine job classes which are substantially common to both jurisdictions and that basic salaries for these job classes shall be equal based on salary and fringe benefit survey findings.

The plans prepared under this section shall be developed jointly by the higher education personnel board in conjunction with the department of personnel established under chapter 41.06 RCW. The director shall, within thirty days after the written request of the escrow commission, hold a public hearing to determine whether the fidelity bond and/or the errors and omissions policy specified in RCW 43.04.050 as now or hereafter amended is reasonably available to a substantial number of certificated escrow agents. If the director determines and the insurance commissioner concurs that such bond and/or policy is

not reasonably available, the director shall waive the requirements for such bond and/or policy for a fixed period of time not to exceed ninety days after the next regular session of the legislature.

NEW SECTION. Sec. 31. There is added to chapter 18.44 RCW a new section to read as follows:

The director, with the consent of the insurance commissioner, may limit the authority of the corporation to the insuring or self-insuring of claims which would be within the coverage specified in RCW 18.44.050. The director, with the consent of the insurance commissioner, may revoke the authority of the corporation to transact insurance or self-insurance if he determines, pursuant to chapter 34.04 RCW, that the corporation is not acting in a financially responsible manner or for the benefit of the public. Any corporation established pursuant to this section shall cease to exist, except for the payment of incurred claims, ninety days after the next regular session of the legislature unless extended by law for an additional fixed period of time.

The district board of trustees of any community college district currently operating an educational program with funds provided by another state agency, including federal funds, which program has been in existence for five or more years under the administration of one or more community college districts, shall provide for the award or denial of tenure to anyone who holds a special faculty appointment in such curricular program and for as long as the program continues to be funded in such manner, utilizing the prescribed probationary processes and procedures set forth in this chapter with the exception that no student representative shall be required to serve on the review committee defined in RCW 28B.50.851: PROVIDED, That such review processes and procedures shall not be applicable to faculty members whose contracts are renewed after the effective date of this 1977 amendatory act and who have completed at least three consecutive years of satisfactory full time service in such program, who shall be granted tenure by the community college district: PROVIDED FURTHER, That faculty members who have completed one year or more of satisfactory full time service in such program shall be credited with such service for the purposes of this section: PROVIDED, FURTHER, That provisions relating to tenure for faculty under the provisions of this section shall be distinct from provisions relating to tenure for other faculty of the community college district

and faculty appointed to such special curricular program shall be treated as a separate unit as respects selection, retention, reduction in force or dismissal hereunder: AND PROVIDED FURTHER, That the provisions of this section shall only be applicable to faculty holding a special faculty appointment in an educational program operated in a state correctional institution pursuant to a written contract with a community college district.

Sec. 2. Section 28B.50.100, chapter 223, Laws of 1969 ex. sess. as last amended by section 17, chapter 62, Laws of 1973 and RCW 28B.50.100 are each amended to read as follows:

There is hereby created a community college board of trustees for each community college district as set forth in this chapter. Each community college board of trustees shall be composed of five trustees, who shall be appointed by the governor for terms commencing October 1st of the year in which appointed. In making such appointments the governor shall give consideration to geographical exigencies, and the interests of labor, industry, agriculture, the professions and ethnic groups.

The successors of the trustees initially appointed shall be appointed by the governor to serve for a term of five years except that any person appointed to fill a vacancy occurring prior to the expiration of any term shall be appointed only for the remainder of the term.

Every trustee shall be a resident and qualified elector of his community college district. No trustee may be an employee of the community college system, a member of the board of directors of any school district, a member of the governing board of any public or private educational institution, or an elected officer or member of the legislative authority of any municipal corporation.

Each board of trustees shall organize itself by electing a chairman from its members. The board shall adopt a seal and may adopt such bylaws, rules and regulations as it deems necessary for its own government. Three members of the board shall constitute a quorum, but a lesser number may adjourn from time to time and may compel the attendance of absent members in such manner as prescribed in its bylaws, rules, or regulations. The district president, or if there be none, the president of the community college, shall serve as, or may designate another person to serve as, the secretary of the board, who shall not be deemed to be a member of the board.

NEW SECTION. Sec. 3. Notwithstanding any other provisions of law, the terms for present members of the community college boards of trustees shall be extended for a period of six months, or not later than October 1st of the year of expiration, to carry out the purposes of section 2 of this 1977 amendatory act.

(b) that each community college district shall maintain an open-door policy, to the end that no student will be denied admission because of the location of his residence or because of his educational background or ability; that, insofar as is practical in the judgment of the college board, curriculum offerings will be provided to meet the educational and training needs of the community generally and the students thereof; and that all students, regardless of their differing courses of study, will be considered, known and recognized equally as members of the student body: PROVIDED, That the administrative officers of a community college may deny admission to a prospective student or attendance to an enrolled student if, in their judgment, he would not be competent to profit from the curriculum offerings of the community college, or would, by his presence or conduct, create a disruptive atmosphere within the community college not consistent with the purposes of the institution;

(4) Prepare a comprehensive master plan for the development of community college education and training in the state; and assist the office of program planning and fiscal management in the preparation of enrollment projections to support plans for providing adequate community college facilities in all areas of the state;

(5) Define and administer criteria and guidelines for the establishment of new community colleges or campuses within the existing districts;

POINT OF ORDER

Mr. Polk: "Mr. Speaker, House Rule 81 requires that a majority recommendation of a committee must be signed by the majority of the entire membership of the committee in a regularly called meeting before a bill may be reported out. Engrossed Substitute Senate Bill No. 2949 was not signed in accordance with that rule. Looking at the committee report, there are seven signatures, two of whom were not present at the meeting, including the committee chairman. It is not proper, under the House rules, for this bill to be read in and reported for Rules Committee second reading."

The Speaker (Mr. O'Brien presiding): "Your point of order is on the validity of the signing of the do pass report. What would you like to have us do?"

Mr. Polk: "Mr. Speaker, the report of the committee should not be accepted by the body, but it should be referred back to the committee until they have had a meeting at which time they come out with seven signatures of people who are actually there at the meeting. It's not possible for the body to accept the committee report."

The Speaker (Mr. O'Brien presiding): "What names do you have that are in question?"

Mr. Polk: "I could question two names—that of Representative Warnke and Representative Owen. Representative Warnke, being the committee chairman, was not present; his vice chairman conducted the meeting, so at no time could there have been more than six there. As a matter of fact, there were only five members there when the vote was taken. There was not even a quorum present, and under Rule 82 there should be a quorum required also. I believe they are in violation of two House rules and therefore the body should not accept that committee report. It should be reported back to committee. Further, the Chair should reject the report, rather than the body, because it would require a suspension of the rules for the body to do that, but the Chair should automatically send it back to the committee."

The Speaker (Mr. O'Brien presiding): "The Speaker will withhold rendering an opinion on your point of order until we have checked the question and we will hold the bill where it is on Committee Reports until we check out your statement."

POINT OF PARLIAMENTARY INQUIRY

Mr. Berentson: "Going back to Rule 81, where it does state that a majority of the entire membership of the committee in a regularly called meeting must be present before a bill is passed out, we understand that, but would you give us a ruling as to the necessity of a quorum being present in a committee before action is taken on a bill? I think that is the issue before us, a quorum was not present."

The Speaker (Mr. O'Brien presiding): "Representative Berentson, the Speaker will interpret the rule literally, but I am holding the ruling on the point of order until we have checked some of the statements made by Representative Polk."

Mr. Berentson: "Can you tell us the procedure you will use to determine whether a quorum was present? I assume you are going to check the roll call in the committee. It is quite apparent, in our opinion, that a quorum was not present. Our members were there."

The Speaker (Mr. O'Brien presiding): "We intend to check your assumptions."

NEW SECTION. Sec. 114. COMMUNITY COLLEGE EDUCATION.

The appropriations contained in sections 115 through 120 of this act shall be subject to the conditions and limitations set forth in this section and the conditions and limitations set forth in the section making such appropriations. Such conditions and limitations shall be strictly construed.

(1) The program funding levels for the community college system for each fiscal year of the biennium are based in part on special nonformula items and in part on the following formula entitlements:

- (a) Student services program—65% of formula entitlement;
- (b) Plant operations and maintenance program:
 - (i) 60% of formula entitlement for variable costs; and
 - (ii) 100% of formula entitlement for fixed costs;
- (c) Instruction and departmental research—General program:
 - (i) 81.55% of formula entitlement for faculty staffing; and
 - (ii) 64% of formula entitlement for faculty support;
- (d) Libraries program:
 - (i) 55% of formula entitlement for staffing;
 - (ii) 54% for collections.

(2) In accordance with the provisions of this subsection the office of program planning and fiscal management shall use the allotment process during the 1977–79 biennium to control the funding of the formula portion of the instructional services program of all community colleges. Controls shall be applied to the community college education system as a total entity. For the purpose of the controls outlined in this section, full time equivalent student enrollment shall be the controlling factors. The "contract level" is defined as the average annual full time equivalent enrollment projection upon which the budget is based. The "base level" is defined as the prior year's actual average annual full time equivalent enrollment level. "Growth funding" is defined as that portion of the state general fund appropriation by which the contract level exceeds the base level. Growth funds shall be allotted at the beginning of each fiscal year. All unearned growth funds shall revert to the state general fund at the end of the fiscal year in which such enrollment fails to materialize.

Reversions are not required when the actual annual average full time equivalent student enrollment is within a set range of the contracted level. The allowable tolerance for the community college system as a single entity is three percent.

Contract enrollments for the second year of the biennium shall be revised by the office of program planning and fiscal management in the event the first year's actual average annual full time equivalent enrollment falls below the base level of the first year.

(3) The state board for community college education shall not transfer more than five percent of the funds generated by the formula entitlements set forth in subsection (1) of this section between programs. Such transfers are subject to review and approval by the office of program planning and fiscal management. If any transfers between programs, up to the limit authorized by this subsection, are made the state board shall report the amounts and purposes of such transfers to the senate ways and means committee and house appropriations committee at the beginning of each session of the legislature.

(4) The aggregate cost of remunerated professional leaves awarded at any institution during any year, including the cost of replacement personnel, shall not exceed the cost of salaries which otherwise would have been paid to personnel on leaves.

(5) The office of program planning and fiscal management, upon the failure of SSB 2435 (or a similar measure) to become law, shall reduce the allotments of state general funds for each fiscal year in amounts equal to the revenues which would have otherwise been available in the state general fund.

(6) The legislature directs that Olympia Technical Community College shall not become a comprehensive community college and shall offer only those courses essential to vocational education.

NEW SECTION. Sec. 114A. The state board for community college education and the boards of trustees for community college districts thirteen and fourteen may waive the payment of nonresident fees by residents of Clatsop, Columbia, Washington, Multnomah, and Hood River counties, Oregon, for the duration of the 1977-79 biennium, contingent upon evidence that similar waivers are made for residents of Cowlitz, Clark, Pacific, or Wahkiakum counties, Washington, to attend any of the following Oregon institutions: Clatsop, Portland, or Mount Hood community colleges, or Portland state university.

The council for postsecondary education, in cooperation with the state board for community college education, shall undertake a study of the effects on costs and participation rates of such reciprocity arrangements, as well as the feasibility of other reciprocity agreements involving the states of Idaho and Oregon. The council for postsecondary education shall work with the above referenced Oregon institutions and their governing bodies to secure maximum participation by the state of Oregon. The council shall, to the extent possible, involve interested legislators, groups, and institutions in such efforts. The council for postsecondary education shall present its report with recommendations to the 46th regular session of the Washington state legislature.

Total Appropriation	\$	2,819,297

\$306,430 from the general fund appropriation shall be expended exclusively for the development and installation of a comprehensive payroll/personnel system for community colleges which will become the model for a future common higher education payroll/personnel system.

An amount not to exceed \$159,432,244 from this appropriation shall be expended for instruction. An amount not to exceed \$10,313,855 from this appropriation shall be expended for primary support.

\$1,818,000 shall be expended for the small school adjustment to Whatcom, Olympia Technical, Big Bend, Peninsula, Grays Harbor, Wenatchee Valley, Centralia, Lower Columbia, and Skagit Valley Community Colleges. The distribution of such funds shall be based on a percent of formula entitlement for faculty staffing which shall be increased at the rate of one percentage point above the 81.55% base level for each 100 full time equivalent students below the 2,500 enrollment level, except that no college shall be funded in excess of 98.54% of formula.

NEW SECTION. Sec. 121. HIGHER EDUCATION.

The appropriations contained in sections 122 through 152 of this act shall be subject to the conditions and limitations set forth in this section and the conditions and limitations set forth in the section making such appropriations. Such conditions and limitations shall be strictly construed.

(1) The program funding levels for each four year institution of higher education for each fiscal year of the biennium are based in part on special nonformula items and in part on the following formula entitlements:

- (a) Student services program—75% of formula entitlement;
- (b) Plant operations and maintenance program:
 - (i) 60% of formula entitlement for variable costs; and
 - (ii) 100% of formula entitlement for fixed costs;
- (c) Instruction and departmental research—General program:
 - (i) 80% of formula entitlement for faculty staffing at Western Washington State College, Central Washington State College, The Evergreen State College, and Washington State University; 82.8% of formula entitlement for faculty staffing at Eastern Washington State College; and 85.2% of formula entitlement at the University of Washington; and
 - (ii) 64% of formula entitlement for faculty support;
- (d) Libraries program:
 - (i) 55% of formula entitlement for staffing at the state colleges, 60% at Washington State University, and 75% at the University of Washington;
 - (ii) Formula entitlement for collections as follows: 80% at the University of Washington, 70% at Washington State University, 85% at Eastern Washington State College, 90% at Central Washington State College, 97% at The Evergreen State College, and 89% at Western Washington State College.

(2) In accordance with the provisions of this subsection the office of program planning and fiscal management shall use the allotment process during the 1977-79 biennium to control the funding of the formula portion of the instructional services program of all the four year institutions of higher education. Controls shall be applied to each four year institution separately. For the purpose of the controls outlined in this section, formula faculty entitlements shall be the controlling factors. The "contract level" is defined as the average annual full time equivalent enrollment projection upon which the budget is based. The "base level" is defined as the prior year's actual average annual full time equivalent enrollment level. "Growth funding" is defined as that portion of the state general fund appropriation by which the contract level exceeds the base level. Growth funds shall be allotted at the beginning of each fiscal year. All unearned growth funds shall revert to the state general fund at the end of the fiscal year in which such enrollment fails to materialize.

Contract enrollments for the second year of the biennium shall be revised by the office of program planning and fiscal management in the event the first year's actual average annual full time equivalent enrollment falls below the base level of the first year.

(3) The four year institutions of higher education are hereby authorized to request the approval of the office of program planning and fiscal management to transfer up to five percent of the amount of state general funds appropriated for any specific program to other programs. The office of program planning and fiscal management shall not approve any transfer request which would result in an expenditure of state general funds in any program in excess of 105% of the appropriation for such program. The office of program planning and fiscal management shall not approve any transfer request which would result in the operation of the instructional services program at any institution in excess of 80 percent of staffing formula entitlement. The office of program planning and fiscal management shall immediately report the amount and purpose of each such transfer to the senate ways and means committee and the house appropriations committee.

(4) No funds appropriated by sections 122 through 152 of this act shall be used for the inauguration or operation of any new degree program until such program has been reviewed and recommended by the council for postsecondary education.

(5) The aggregate cost of remunerated professional leaves awarded at any institution during any year, including the cost of replacement personnel, shall not exceed the cost of salaries which otherwise would have been paid to personnel on leaves.

(6) The office of program planning and fiscal management, upon the failure of SSB 2435 (or a similar measure) to become law, shall reduce the allotments of state general funds for each fiscal year in amounts equal to the revenues which would have otherwise been available in the state general fund.

(7) The average full time faculty direct classroom contact hours shall be at least 12 hours per week for the two universities and 14 hours per week for the four state colleges. Faculty direct classroom contact hours are defined as the actual number of hours of weekly instructional contact between the full time faculty member and the class in the case of scheduled classes and between the full time faculty member and the student enrolled in individual instruction courses. Office hours and informal student/faculty contact shall not be included except where specifically related to individual instruction courses. The council for postsecondary education shall develop uniform guidelines and reporting requirements to carry out the provisions of this subsection and shall monitor, each quarter or semester, institutional conformance to the provisions and

guidelines. The council for postsecondary education shall provide a report to the house appropriations committee and the senate ways and means committee by February 1, 1978, on the fall quarter 1978 experience and a similar report by October 1, 1979, on the 1978-79 average annual experience.

NEW SECTION. Sec. 164. The office of program planning and fiscal management is hereby requested to cooperate fully with the legislative evaluation and accountability program committee in the areas of appropriation schedules, allotments, and estimated expenditure schedules as such items relate to the monitoring and evaluation by the LEAP data processing system of funds appropriated in this act. It is the intent of the legislature to cooperate with the governor in the implementation of RCW 43.88.070 which provides in part: "Appropriations shall be deemed maximum authorizations to incur expenditures... to ensure that expenditure rates are such that program objectives are realized within these maximums".

NEW SECTION. Sec. 165. Notwithstanding the provisions of chapter 82, Laws of 1973 1st ex. sess. the house of representatives, the senate, and the permanent statutory committees shall pay expenses quarterly to the department of general administration facilities and services revolving fund for services rendered by the department for operations, maintenance, and supplies relating to buildings, structures, and facilities utilized by the legislature for the biennium beginning July 1, 1977. The provisions of this section shall be null and void if HB 54 (or a similar measure) becomes law.

NEW SECTION. Sec. 166. The word "agency" used herein means and includes every state government office, officer, each institution, whether educational, correctional, or other, and every department, division, board, and commission, except as otherwise provided in this act.

The phrase "agencies headed by elective officials" used herein shall mean those executive offices or departments of the state which are directly supervised, administered, or controlled by the governor, lieutenant governor, secretary of state, treasurer, auditor, attorney general, superintendent of public instruction, commissioner of public lands, or insurance commissioner, but it shall not include those boards, commissions, or committees on which one or more of the above mentioned officials serve.

NEW SECTION. Sec. 167. In order to carry out the provisions of these appropriations and the state budget, the director of the office of program planning and fiscal management with the approval of the governor, shall:

(1) Allot all or any portion of the funds herein appropriated or included in the state budget, to the various agencies by such periods as he shall determine and may place any funds not so allotted in reserve: PROVIDED, That the director of the office of program planning and fiscal management shall not alter allotment requests filed with him, nor shall he place in reserve any funds, for the following: Washington State Apple Advertising Commission; Washington State Fruit Commission; Washington Dairy Products Commission or any agricultural commodity commission created under the provisions of chapter 15.66 RCW; the legislative branch of state government including the legislative budget committee, the legislative evaluation and accountability program committee, the state actuary, the statute law committee, and any legislative committee; or the judicial branch of state government: PROVIDED FURTHER, That the aggregate of allotments for any agency shall not exceed the total of applicable appropriations and local funds available to the agency concerned. It shall be unlawful for any officer or employee to incur obligations in excess of approved appropriations or to incur a deficiency and any obligations so made shall be deemed invalid. Nothing in this section or in chapter 328, Laws of 1959, shall prevent revisions of any allotment when necessary to prevent the making of expenditures under appropriations in this act in excess of available revenues.

(2) Issue rules to establish uniform standards and business practices throughout the state service, including regulation of travel by officers and employees and the conditions under which per diem shall be paid, so as to improve efficiency and conserve funds.

(3) Prescribe procedures and forms to carry out the above.

(4) Allot funds from appropriations in this act in advance of July 1, 1977: PROVIDED, That no expenditures may be made from the appropriations contained in this act, except as otherwise provided, until after July 1, 1977.

NEW SECTION. Sec. 168. Unless prohibited by federal law the receipt of federal or other funds which are not anticipated in the appropriation bill enacted by the legislature shall be used to support regular programs instead of using funds appropriated from state taxes or similar revenue sources. Any state funds replaced by federal or other receipts shall be placed in reserve at the end of the respective fiscal year to the credit of the appropriate state fund or account, and shall not be expended, unless authorized by law.

NEW SECTION. Sec. 169. In the event that receipts shall be less than those estimated in the budget from any source, expenditures shall be limited to the amount received. Receipts for purposes of this section shall include amounts realized within one calendar month following the close of a fiscal period and applicable to expenditures of that period. The amount of such payment shall be credited to and shall be treated for all purposes as having been collected during the fiscal period.

NEW SECTION. Sec. 170. State funds appropriated for the specific purpose of matching federal funds and which are not required wholly or in part to qualify for such federal funds shall be placed in reserve and shall revert to the general fund at the end of the respective fiscal year.

NEW SECTION. Sec. 171. In the event that federal funds received for a program or activity are less than the amount of federal funds appropriated for such program or activity, the total expenditure for such program or activity shall be reduced by an equal amount and no state funds shall be used to replace the federal funds.

NEW SECTION. Sec. 172. If a scheduled program or project funded by the appropriations contained in this act has not been fully implemented during any quarter of the respective fiscal year, then the office of program planning and fiscal management shall withhold the equivalent amount of the appropriation and full time equivalent staff years from such program or project and shall place the same in reserve at the end of the respective fiscal year.

NEW SECTION. Sec. 173. Agencies are authorized to make refunds of erroneous or excessive payments and in the case of other refunds, which may be provided by law, without express appropriation therefor.

NEW SECTION. Sec. 174. Whenever allocations are made from the governor's emergency appropriation to an agency which is financed by other than general fund moneys, the director of the office of program planning and fiscal management shall direct the repayment of such allocated amount to the general fund from any balance in the fund or funds which finance such agency. No appropriation shall be necessary to effect such repayment.

NEW SECTION. Sec. 175. In addition to the amounts appropriated in this act for revenue for distribution, bond retirement and interest, transfers, and interest on registered warrants, there is also appropriated such further amounts as may be required or available for these purposes under any statutory formula or under any proper bond covenant made in accordance with law.

NEW SECTION. Sec. 176. Amounts received by an agency as reimbursements pursuant to RCW 39.34.130 shall be considered as returned loans of materials supplied or services rendered. Such amounts may be expended as a part of the original appropriation of the fund to which it belongs, without further or additional appropriation, subject to conditions and procedures prescribed by the director of the office of program planning and fiscal management which shall provide for determination of full costs, disclosure of such reimbursements in the governor's budget, maximum interagency usage of data processing equipment and services, and such restrictions as will promote more economical operations of state government without incurring continuing costs beyond those reimbursed.

NEW SECTION. Sec. 177. It is the expressed intention of the legislature that agency operational activity shall be regularly monitored by the office of program planning and fiscal management, under their statutory authority relating to the allotment control function, in order to limit fluctuations in the respective fiscal year spending patterns which tend to inflate the expenditures in the second fiscal year of the biennium. Particular control emphasis shall be placed on those instances in which the full time equivalent staff years authorization is deliberately delayed in order to increase the agency's full time equivalent staff years as substantiation for the second fiscal year or the ensuing biennial request. Unanticipated receipts, which are authorized by the governor and expended by any state agency, shall be allotted, monitored, controlled, and reported separately at the end of the respective fiscal year and at the end of the biennium to the governor and the house appropriations committee and the senate ways and means committee. Such report shall identify the full time equivalent staff years and the program and/or activity for which such funds were expended.

NEW SECTION. Sec. 178. To obtain maximum interagency use of aircraft, the Aeronautics Commission in accordance with chapter 39.34 RCW is hereby authorized to lease, purchase, or otherwise acquire suitable aircraft which shall be utilized for the purposes of the Aeronautics Commission and also by other state agencies which have a need for an aircraft to carry out agency assigned responsibilities: PROVIDED, That the Aeronautics Commission is further authorized to enter into contractual agreements with other state agencies in order to acquire aircraft, establish rental rates for aircraft under their control, provide pilot services, aircraft maintenance, and make such other provisions as necessary to provide aircraft and related services for multi-agency use: PROVIDED FURTHER, That in order to achieve economy in the use of the appropriations contained within this act no state agency may purchase or otherwise acquire an aircraft or enter into a flying service or aircraft rental contract without first seeking such service from the Aeronautics Commission and without prior approval of the director of the office of program planning and fiscal management.

NEW SECTION. Sec. 179. If any part of this act shall be found to be in conflict with federal requirements which are a prescribed condition to the allocation of federal funds to the state, such conflicting part of this act is hereby declared to be inoperative solely to the extent of such conflict, and such finding or determination shall not affect the operation of the remainder of this act; the rules and regulations under this act shall meet federal requirements which are a necessary condition to the receipt of federal funds by the state.

NEW SECTION. Sec. 180. If any provision of this act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 181. This act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect immediately.*

SENATE AMENDMENTS TO HOUSE BILL

May 4, 1977

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 563 with the following amendments:

On page 1, strike everything after the enacting clause and insert the following:

"Section 1. Section 4, chapter 35, Laws of 1945 as last amended by section 1, chapter 73, Laws of 1973 and RCW 50.04.030 are each amended to read as follows:

'Benefit year' with respect to each individual, means the fifty-two consecutive week period beginning with the first day of the calendar week ((with respect to)) in which the individual files an application for an initial determination and thereafter the fifty-two consecutive week period beginning with the first day of the calendar week ((with respect to)) in which the individual next files an application for an initial determination after the expiration of ((his)) the individual's last preceding benefit year: PROVIDED, HOWEVER, That the foregoing limitation shall not be deemed to preclude the establishment of a new benefit year under the laws of another state pursuant to any agreement providing for the interstate combining of employment and wages and the interstate payment of benefits nor shall this limitation be deemed to preclude the commissioner from backdating an initial application at the request of the claimant either for the convenience of the department of employment security or for any other reason deemed by the commissioner to be good cause.

An individual's benefit year shall be extended to be fifty-three weeks when at the expiration of fifty-two weeks the establishment of a new benefit year would result in the use of a quarter of wages in the new base year that had been included in the individual's prior base year.

No benefit year will be established unless it is determined that the individual earned wages in (("employment" during his base year of not less than the "qualifying annual wage" computed for the calendar year preceding the last June 30th immediately preceding his benefit year and either had "employment" in not less than sixteen weeks of his base year in each of which he earned the "qualifying weekly wage" computed for the second calendar year preceding the calendar year in which each such week ends or had) 'employment' in not less than six hundred eighty hours of ((his)) the individual's base year: PROVIDED, HOWEVER, That a benefit year cannot be established if the base year wages include wages earned prior to the establishment of a prior benefit year unless the individual earned wages in 'employment' during the last two quarters of the new base year of not less than six times the weekly benefit amount computed for ((his)) the individual's new benefit year.

((As the change contained in the third paragraph of this section relating to the weeks worked qualification would invalidate basic data upon which benefit qualification determinations must be made the satisfaction of the weeks worked requirement will require as to base year weeks ending in the second two quarters of 1972 that the individual will have earned not less than the "qualifying weekly wage" computed for the calendar year 1971. Nothing in this paragraph or in the preceding paragraph shall be deemed to justify or support the redetermination of any monetary determination denying the establishment of a benefit year made prior to the effective date of this 1973 amendatory act.))

If the wages of an individual are not based upon a fixed duration of time or if the individual's wages are paid at irregular intervals or in such manner as not to extend regularly over the period of employment, the wages for any week shall be determined in such manner as the commissioner may by regulation prescribe. Such regulation shall, so far as possible, secure results reasonably similar to those which would prevail if the individual were paid his or her wages at regular intervals.

Sec. 2. Section 6, chapter 2, Laws of 1970 ex. sess. as last amended by section 1, chapter 228, Laws of 1975 1st ex. sess. and RCW 50.04.355 are each amended to read as follows:

On or before the fifteenth day of June of each year an 'average annual wage', an 'average weekly wage', (~~(a 'qualifying annual wage', a 'qualifying weekly wage',)~~) and an 'average annual wage for contributions purposes' shall be computed from information for the preceding calendar year including corrections thereof reported within three months after the close of that year by all employers as defined in RCW 50.04.080. The 'average annual wage' is the quotient derived by dividing total remuneration reported by all employers by the average number of workers reported for all months and if the result is not a multiple of one dollar, rounding the result to the next lower multiple of one dollar. The 'average annual wage' thus obtained shall be divided by fifty-two and if the result is not a multiple of one dollar, rounding the result to the next lower multiple of one dollar to determine the 'average weekly wage'. (~~(The 'qualifying annual wage' shall be computed by multiplying the 'average annual wage' by fifteen percent and if the result is not a multiple of fifty dollars, rounding the result to the next lower multiple of fifty dollars. The 'qualifying weekly wage' shall be computed by multiplying the 'average weekly wage' by fifteen percent and if the result is not a multiple of one dollar, rounding the result to the next lower multiple of one dollar.)~~) The 'average annual wage' for contribution purposes is the quotient derived by dividing total remuneration reported by all employers subject to contributions by the average number of workers reported for all months by these same employers and if the result is not a multiple of one dollar, rounding the result to the next lower multiple of one dollar.

Sec. 3. Section 46, chapter 35, Laws of 1945 as amended by section 2, chapter 228, Laws of 1975 1st ex. sess. and RCW 50.12.070 are each amended to read as follows:

Each employing unit shall keep true and accurate work records, containing such information as the commissioner may prescribe. Such records shall be open to inspection and be subject to being copied by the commissioner or his or her authorized representatives at any reasonable time and as often as may be necessary. The commissioner may require from any employing unit any sworn or unsworn reports with respect to persons employed by it, which he or she deems necessary for the effective administration of this title. Each employer shall make periodic reports at such intervals as the commissioner may by regulation prescribe, setting forth the remuneration paid for employment to workers in its employ, the names of all such workers, and until April 1, 1978, the number of weeks for which the worker earned the 'qualifying weekly wage', and beginning July 1, 1977, the hours worked by each worker and such other information as the commissioner may by regulation prescribe.

In the event the employing unit fails or has failed to report the number of ((weeks)) hours in a reporting period for which a worker (~~(earned the "qualifying weekly wage")~~) worked such number will be computed by the commissioner and given the same force and effect as if it had been reported by the employing unit. In computing the number of such ((weeks)) hours worked the total wages for the reporting period, as reported by the employing unit, shall be divided by the dollar amount of the (~~"qualifying weekly wage"~~) state's minimum wage in effect for such reporting period and the quotient, disregarding any remainder, shall be credited to the worker: PROVIDED, (~~(That the total number of weeks credited to the worker for any quarterly period shall not exceed thirteen weeks. PROVIDED, FURTHER,)~~) That the computation so made will not be subject to appeal by the employing unit.

Sec. 4. Section 73, chapter 35, Laws of 1945 as last amended by section 21, chapter 2, Laws of 1970 ex. sess. and RCW 50.20.050 are each amended to read as follows:

(1) An individual shall be disqualified from benefits beginning with the first day of the calendar week in which he or she has left work voluntarily without good cause and thereafter until he or she has obtained work and earned wages of not less than his or her suspended weekly benefit amount in each of five calendar weeks (~~(- PROVIDED, That disqualification under this section shall not extend beyond the tenth calendar week following the week in which such individual left work)~~).

(2) An individual shall not be considered to have left work voluntarily without good cause when:

(a) He or she has left work to accept a bona fide job offer; or

(b) The separation was because of the illness or disability of the claimant or a member of the claimant's immediate family if the claimant took all reasonable precautions, in accordance with any regulations that the commissioner may prescribe, to protect his or her employment status by having promptly notified the employer of the reason for the absence and by having promptly requested reemployment when again able to assume employment.

(3) In determining whether an individual has left work voluntarily without good cause, the commissioner shall consider the degree of risk involved to the individual's health, safety, and morals, the individual's physical fitness, the individual's ability to perform the work, and such other work connected factors as the commissioner may deem pertinent, including state and national emergencies. Good cause shall not be established for voluntarily leaving work because of its distance from an individual's residence where the distance was known to the individual at the time he or she accepted the employment, nor because of any other significant work factor which was generally known and present at the time he or she accepted employment unless the related circumstances have so changed as to amount to a substantial involuntary deterioration of the work factor or unless the commissioner determines that other related circumstances would work an unconscionable hardship on the individual were he or she required to continue in the employment.

(4) Subsections (1) and (3) of this section shall not apply to an individual whose marital status or domestic responsibilities cause him or her to leave employment. Such an individual shall not be eligible for unemployment insurance benefits until he or she has requalified, either by obtaining work and earning wages of not less than the suspended weekly benefit amount in each of five calendar weeks or by reporting in person to the department during ten different calendar weeks and certifying on each occasion that he or she is ready, able, and willing to immediately accept any suitable work which may be offered, is actively seeking

work pursuant to customary trade practices, and is utilizing such employment counseling and placement services as are available through the department.

Sec. 5. Section 74, chapter 35, Laws of 1945 as last amended by section 22, chapter 2, Laws of 1970 ex. sess. and RCW 50.20.060 are each amended to read as follows:
