NEW SECTION. Sec. 1. PURPOSE AND INTENT. It is the purpose and intent of the legislature, through this chapter, to organize the foundation for providing community-based long-term care and support services through an integrated, comprehensive system that promotes human dignity and recognizes the individuality of all functionally disabled persons. The legislative goal is to ultimately make this system available, accessible, and responsive to all citizens based upon an assessment of their functional disabilities. The legislature recognizes that families, volunteers, and community organizations are absolutely essential for delivery of effective and efficient community-based long-term care and support services and it is a purpose of this chapter to support and strengthen that private and public service infrastructure. It is further a goal of this legislature to ultimately provide secured benefit assurance in perpetuity without requiring family or program beneficiary impoverishment for service eligibility.

NEW SECTION. Sec. 2. DEFINITIONS. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Administrative entity" means an agency of state, regional, or local government or a private nonprofit organization that has entered into an agreement with the board to administer any part of the program.

(2) "Board" means the community-based long-term care secured benefit program board.

(3) "Committee" means the community-based long-term care secured benefit program policy advisory committee established pursuant to this act.

(4) "Community-based long-term care and support services" means services and support provided to program beneficiaries in accordance with this act.

(5) "Federal poverty level" means the annual poverty guidelines determined annually by the United States department of health and human services, or its successor agency.

(6) "Functionally disabled person" means a person who, because of a recognized chronic physical or mental condition or disease: (a) Needs care, support, supervision, or monitoring to perform activities of daily living or instrumental activities of daily living;

or (b) needs support to ameliorate or compensate for the effect of the chronic physical mental condition or disease.

(7) "Habilitation service" means services to assist persons in acquiring and maintaining life skills and to raise, maintain, or support their levels of physical, mental, social, and vocational functioning. "Habilitation services" shall not include major rehabilitative services to assist persons in regaining previously existing bodily functions and life skills.

(8) "Program" means the community-based long-term care secured benefit program established by this chapter.

(9) "Program beneficiary" means a person who has been determined to be functionally disabled and eligible to receive services through the program.

PART I

ADMINISTRATION OF THE COMMUNITY-BASED LONG-TERM CARE SECURED BENEFIT PROGRAM

NEW SECTION. Sec. 3. INTENT REGARDING PROGRAM ADMINISTRATION. It is the intent of the legislature that administration of the program includes active participation by program beneficiaries, their families, and communities in public discussions, service planning, decision making, and service delivery. An independent board, representing payors and functionally disabled persons, shall administer this chapter within statutory guidelines established by the legislature. Administrative entities shall encourage creativity, innovation, and community involvement in the development and implementation of services. Information systems shall be developed to assess program outcomes and to assure state-wide adherence to baseline levels of service availability and quality. A simplified, independent inspection, monitoring and correction function shall be established within the system.

NEW SECTION. Sec. 4. ESTABLISHMENT AND POWERS OF BOARD. (1) The community-based long-term care secured benefit program board is hereby established. The board shall be composed of five members appointed by the governor. At least one member of the board shall represent functionally disabled persons. The chairperson of the board shall be chosen by the vote of a majority of the members of the board.

(2) The governor shall appoint the initial members of the board to staggered terms not to exceed eight years, with three members of the board serving at least four years. (b) To manage the monies appropriated by this act for the purpose of supporting the two pilot programs;

(c) To administer program benefits, and to determine the scope of community-based long-term care and support services covered by the program in accordance with this act;

(i) In determining the scope of services, the board shall maintain the financial integrity of this act;

(ii) The board shall define the scope of transportation services that can be funded by the program in accordance with this act. In defining the scope of transportation services, the board shall consider the appropriate role of paratransit systems;

(d) To develop uniform functional disability assessments that accurately measure the abilities and disabilities of functionally disabled persons of all ages, and determine the entity or entities responsible for conducting such assessments;

(e) To develop performance standards, to the extent not specifically established by this chapter, based upon the recommendations of the long-term care commission and its technical advisory committees, with input from functionally disabled persons, their families, long-term care service providers, and administrators. Performance standards shall emphasize outcomes, rather than the manner in which services are administered. Performance standards shall, to the greatest extent practicable, promote leveraging of family and community resources available to each program beneficiary and shall include consideration of the extent to which each program beneficiary's plan of care builds on the support available to that individual from their family and the community;

(f) To administer and adjust the sliding fee scale as necessary, in accordance with this act;

(m) To delegate its authority, when deemed appropriate by the board, to other public or private entities; and

(n) To adopt rules pursuant to chapter 34.05 RCW necessary to carry out the responsibilities established in this chapter.

(4) The board shall employ staff as necessary to fulfill its responsibilities and duties. The program director and up to five other employees are exempt from state civil service law, chapter 41.06 RCW. Remaining staff are subject to the state civil service law, chapter 41.06 RCW. In addition, the board may contract with third parties for services necessary to carry out its responsibilities and duties to the extent not prohibited by RCW 41.06.380.

NEW SECTION. Sec. 5. ESTABLISHMENT OF POLICY ADVISORY COMMITTEE. (1) The community-based long-term care secured benefit program policy advisory committee is hereby established. The committee shall be composed of thirteen members appointed by the board. Committee membership shall be geographically balanced, ethnically and culturally diverse, and representative of persons with differing types of functional disabilities. (2) The committee shall:

NEW SECTION. Sec. 6. QUALITY ASSURANCE. (1) The board is responsible for quality assurance activities relating to licensing, monitoring, and enforcement of performance standards applicable to administrative entities. The department of health shall be responsible for licensing and monitoring community-based long-term care and support service providers. In its quality assurance activities, the board shall emphasize review of service outcomes, rather than the manner in which services are administered.

(2) Quality assurance activities shall include but not be limited to:

(a) Establishment of licensure and certification requirements for and monitoring of administrative entities. The department of health shall administer existing licensing and monitoring programs for community-based long-term care and support service providers, and their employees. The board may request that licensing standards be developed by the legislature or the department of health for community-based long-term care and support services that are not regulated under existing statutes or rules.

(b) Monitoring and investigation of performance by administrative entities and community-based long-term care and support service providers, and their employees, including the establishment of mechanisms to receive and respond to reports of abuse, neglect, malpractice, misfeasance, and contractual violations by such entities and providers;

(3) The board shall provide for an independent office of the inspector general to assist in carrying out the quality assurance powers and duties established in this section, which office shall report directly to the board and which shall annually report to the legislature on the quality of community-based long-term care and support services provided to functionally disabled persons.

(4) By petition to the board, a program beneficiary may initiate, or intervene in, any proceeding in which the board is taking an enforcement action against an administrative entity or community-based long-term care provider serving the program beneficiary.

(5) Contracts with administrative entities shall specify the quality assurance activities that will be undertaken by the administrative entity. Such activities shall include monitoring of contracts between administrative entities and community-based long-term care and support services providers, establishment of program beneficiary complaint resolution mechanisms, and other activities deemed appropriate by the board.

PART II

COMMUNITY-BASED LONG-TERM CARE SERVICES

NEW SECTION. Sec. 7. INTENT REGARDING SERVICES. It is the intent of this act relating to community-based long-term care and support services that such services be defined as noninstitutional services that are primarily habilitative which would allow program beneficiaries to live and otherwise function in their community as independently as practicable. Although these services do not include nursing homes, state institutions, or health care facilities, it is necessary that these functions be coordinated with the community-based long-term care system. Technical, demographic, and cultural changes make it impossible to prescribe a complete list of services or define by program the array of services that could meet the intent and purposes of this chapter. It is the intent of this section to include those services commonly considered "community-based," and to allow flexibility in defining new or additional services that will contribute to the

purpose and intent of this chapter. It is recognized that uniform systems of assessment and case management are essential for monitoring equity and quality in service delivery, measuring outcomes, and assuring the most effective use of public and private expenditures. It is recognized that availability of services does not guarantee their use, and that aggressive targeting and outreach, and culturally and linguistically accessible and appropriate services, are necessary to assure that services are available to the most disadvantaged in our communities.

NEW SECTION. Sec. 8. COMMUNITY-BASED LONG-TERM CARE AND SUPPORT SERVICES. (1) The services available to program beneficiaries shall include, at a minimum, those services included in subsection (2) of this section and provided in accordance with subsection (3) of this section. Community-based long-term care and support services may be provided in a nonresidential setting, a program beneficiary's home, or other residential settings not specifically excluded pursuant to subsection (4) of this section.

(2) Community-based long-term care and support services shall include at least the following services:

(a) Public education;

(b) Telephone information and assistance, including screening and possible referral for case management assessment;

(c) Gatekeeper, or other outreach component;

(d) Case management, which shall include:

(i) A multidimensional assessment of the functionally disabled person's health and long-term care needs. No cost-sharing shall be imposed for this modality;

(ii) Development of a comprehensive care plan negotiated by the program beneficiary and his or her case manager, which meets minimum standards established by the board to prevent overly subjective determinations of service needs, and which is subject to an appeal mechanism that provides an opportunity for informal review prior to a fair hearing;

(iii) Initiation, coordination, and monitoring of all long-term care services needed by a program beneficiary, including those services not funded by the program;

(iv) Involvement of each program beneficiary's family and other support systems; and

(v) Reassessment and service termination;

(e) Personal and household assistance services to assist individuals with activities of daily living and instrumental activities of daily living;

(f) Respite care and family support services necessary to maintain the program beneficiary in his or her family home;

(g) Nursing services;

(h) Day care and day health care for functionally disabled persons;

(i) Mental health day treatment and other mental health counseling;

(j) Habilitation services; and

(k) Transportation services, to the extent that the administrative entity can demonstrate positive planning by the community through the use of a local option tax or other method to provide paratransit or specialized transportation services to program beneficiaries.

(3) Each functionally disabled person's participation in a functional assessment performed by an entity designated by the board pursuant to this act shall be a precondition to receipt of all long-term care services, including those long-term care services not provided through the program.

(4) Services performed by the following institutions shall not be funded by this act, except as provided in subsection (5) of this section:

(a) Nursing homes licensed pursuant to chapter 18.51 RCW;

(b) State institutions for developmentally disabled persons, defined as residential habilitation centers in chapter 71A.20 RCW; and

(c) State institutions for mentally ill persons, including but not limited to Eastern State Hospital and Western State Hospital.

(5) The board may establish criteria for funding community-based long-term care and support services provided in a nursing home or other health care facility, to the extent that use of such settings is cost-effective and offers appropriate high quality services to program beneficiaries.

(6) In determining whether services not explicitly included pursuant to subsection (2) of this section or excluded pursuant to subsection (4) of this section can be offered through the program, the board shall consider the following criteria:

(a) Protection of the financial integrity of this act;

(b) The extent to which the service is consistent with the intent and purposes of this chapter;

(c) The extent to which the service supports individual dignity and independence;

(d) The needs of individual local communities;

(e) The effectiveness and efficiency of the service; and

(f) The extent of local community and volunteer participation in providing the service.

NEW SECTION. Sec. 9. PROGRAM BENEFICIARY COST-SHARING. (1) The board shall establish a sliding fee scale to determine a program beneficiary's contribution to the cost of community-based long-term care and support services provided to him or her through the program. The sliding fee scale shall be designed to generate a minimum of twenty percent of operating costs of the new system. Sliding fee and other program beneficiary cost sharing payments shall not be imposed prior to state-wide implementation of the program unless a program beneficiary resides within a county served by a regional administrative model project and cost sharing payments for community-based long-term care and support services that program beneficiary is receiving are not prohibited by federal law.

(2) The sliding fee scale shall:

(a) Base the level of a program beneficiary's contribution on that individual's gross household income, giving appropriate consideration to family size. In determining gross household income, the income of an applicant's spouse shall be considered available to the applicant, and the income of a minor applicant's parents shall be considered available to that minor. The board shall define "income" and other relevant criteria by rule;

(b) Provide that for program beneficiaries with gross household income below one hundred fifty percent of the federal poverty level, cost-sharing shall not have the effect of discouraging appropriate use of necessary community-based long-term care and support services;

(c) Provide for limits on annual cost-sharing obligation for each program beneficiary's household.

(3) To affect community-based long-term care and support service utilization, the board may establish copayments or deductibles which:

(a) May be imposed in lieu of the sliding fee scale for program beneficiaries requiring small amounts of community-based long-term care and support services; and

(b) Shall not have the effect of discouraging appropriate use of necessary community-based long-term care and support services for program beneficiaries with gross household incomes below one hundred fifty percent of the federal poverty level.

NEW SECTION. Sec. 10. RIGHT TO REFUSE SERVICES. Nothing contained in this chapter shall be construed to require a program beneficiary to accept services, except to the extent provided otherwise by chapters 71.05, 11.88, and 11.92 RCW.

PART III

IMPLEMENTING THE NEW COMMUNITY-BASED

LONG-TERM CARE SYSTEM

NEW SECTION. Sec. 11. INTENT RELATING TO IMPLEMENTATION. It is the intent of the legislature that state-wide community-based long-term care and support services be modeled through two regional pilot projects that will test various administrative structures. Lessons learned through the pilot projects will be applied to development of the state-wide community-based system. During the initial phase, additional community-based long-term care and support services will be provided through medicaid and other expansions using revenue from the appropriation supporting this act.

NEW SECTION. Sec. 12. IMPLEMENTATION. (1) The board shall adopt a schedule for the orderly development of the delivery of services and availability of the program to functionally disabled residents living in the area of the regional administrative model projects conducted in accordance with this act.

(2) Current categorical long-term care systems shall merge into the program on a fixed future date, to be determined by the board after authorization by the legislature. Upon merger of these categorical systems, the needs of all disability groups shall be equitably addressed through the program, regardless of the administrative model adopted by the board.

NEW SECTION. Sec. 13. REGIONAL ADMINISTRATIVE MODEL PROJECTS. (1) Regional administrative model projects shall plan, coordinate, and administer community-based long-term care and support services for a designated region composed of one or more counties with a total population of at least forty thousand.

(2) Regional administrative model projects shall satisfy the following criteria:

(a) Have the support of the county authority for the county or counties included in the project site;

(b) Build upon support available to each program beneficiary from the individual's family, community, and local business;

(c) Existing regional and local advisory councils, such as councils on aging, developmental disabilities, and mental health established under state or federal law, and multicultural and multi-ethnic groups will be involved in the proposed long-term care delivery system;

(d) Services to minimize the effects of degenerative and debilitating conditions that result in a loss of independence will be offered. Such a plan might include a mechanism to support people who are at risk of rapid deterioration without support;

(e) Identify mechanisms that will be used to coordinate services with the acute health care and vocational rehabilitation systems;

(f) Identify mechanisms to coordinate services with regional support networks established pursuant to chapter 71.24 RCW, including, but not limited to, formal interagency agreements detailing the roles and responsibilities of the regional support network and the regional administrative model project in meeting the needs of persons whose functional disability is related in whole or in part to mental illness;

(g) Transportation needs will be assessed and addressed;

(h) Identify mechanisms that will be used to control nursing costs;

(i) Provide directly or by contract case management services that include:

(i) A multidimensional assessment of the functionally disabled person's health and long-term care needs. No cost-sharing shall be imposed for this modality;

(ii) Development of a comprehensive care plan negotiated by the program beneficiary and his or her case manager, which meets minimum standards established by the board to prevent overly subjective determinations of service needs, and which is subject to an appeal mechanism that provides an opportunity for informal review prior to a fair hearing;

(iii) Initiation, coordination, and monitoring of all long-term care services needed by a program beneficiary, including those services not funded by the program;

(iv) Involvement of each program beneficiary's family and other support systems; and

(v) Reassessment and service termination;

(j) Include mechanisms to ensure access to culturally and linguistically appropriate services by minority and limited English speaking populations.

(3) In contracting for regional administrative model project sites, the board shall:

(i) Utilize competitive bidding procedures;

(ii) Issue planning grants and contracts to operate regional administrative model projects in no more than two sites. No more than one site may be comprised west of the Cascade mountains. To the greatest extent possible, giving consideration to applications received and an applicant's ability to comply with relevant performance standards:

Planning grants shall have a duration of July 1, 1992, through June 30, 1993.

Contracts to operate regional administrative model projects shall have a duration of two years, beginning on or after July 1, 1993 if funds are appropriated by the 53rd legislature for that purpose and shall;

(iii) To the greatest extent possible, contract for a diversity of case management models. At least one of the models shall utilize a case management model in which the case manager authorizes and manages services within budgeted funds.

(iv) Include remedies in the contracts for failure to comply with the terms of the contract, including intermediate remedies in addition to termination of a contract.

NEW SECTION. Sec. 14. EVALUATION OF REGIONAL ADMINISTRATIVE MODEL PROJECTS. The board shall develop criteria to evaluate the success and failure of the regional administrative model projects established pursuant to this act in meeting the intent and purposes of this chapter. The board shall contract with an independent entity to evaluate:

(1) The regional administrative model projects using the criteria developed pursuant to this section; and

(2) The actions taken by the board to implement this chapter giving consideration to this chapter's intent and purposes.

A report detailing the results of the evaluation shall be submitted to the governor and appropriate committees of the legislature no later than three years following initiation of the regional administrative model projects.

NEW SECTION. Sec. 15. INFORMATION SYSTEM. The board shall design and administer a long-term care information system. In designing the information system, the board shall pursue the following objectives:

(1) Use of a single common identifier for each functionally disabled person using long-term care services;

(2) Ability to track each functionally disabled person's use of long-term care services;

(3) Protection of confidentiality for functionally disabled persons using long-term care services; and

(4) Access to nonconfidential information relating to available long-term care services, training information for caregivers, and service utilization and cost data for planners and policymakers.

NEW SECTION. Sec. 16. ADMINISTRATION OF LONG-TERM CARE SERVICES PENDING STATE-WIDE IMPLEMENTATION OF PROGRAM. Pending merger of current categorical long-term care systems into the program as provided in this act, other than in the regional administrative model project sites, current long-term care services administration shall continue. During this period, subject to board approval, agencies administering community-based long-term care and support services may make administrative changes consistent with the intent and purposes of this chapter and as otherwise authorized by law.

FINANCING COMMUNITY-BASED
LONG-TERM CARE SERVICES

NEW SECTION. Sec. 17. INTENT RELATING TO FINANCING. Recognizing that financial stability is essential to success of a comprehensive long-term care system and that current and future demands are exceeding available financial resources, an appropriation of state general funds, matching federal funds, public insurance funds, and sliding fee contributions by program beneficiaries shall be established. The legislature recognizes that development and implementation of the program will involve significant cooperation and partnership between Washington state and the federal government.

NEW SECTION. Sec. 18. FEDERAL/STATE RELATIONSHIP. The board shall identify and request federal statutory waivers necessary to allow federal funds currently used for community-based long-term care and support services to be expended as provided in this chapter.

NEW SECTION. Sec. 19. FINANCING. (1) The secured benefit fund is created in the state treasury. All receipts from sources specified in this section shall be deposited in the fund. Moneys in the fund may be spent only after appropriation and may be used only for carrying out the purposes of this chapter.

(2) The secured benefit fund shall consist of:

(a) Legislative appropriations for general fund-state spending for community-based long-term care and support services;

(b) Federal funds received by the state as payment for community-based long-term care and support services, including but not limited to the medicare program, Title XVIII of the federal social security act, and the medicaid program, Title XIX of the federal social security act; and

(c) Program beneficiary cost-sharing as provided in this act.

NEW SECTION. Sec. 20. PRIVATE LONG-TERM CARE INSURANCE. The private long-term care insurance commission is hereby established. The commission shall be composed of seven members who shall be appointed by the insurance commissioner. Commission members shall be reimbursed for travel expenses pursuant to RCW 43.03.050 and 43.03.060.

(2) The commission shall review and make recommendations regarding the role of long-term care insurance in the new system. The commission shall report its recommendations to the board, the insurance commissioner, and appropriate committees of the legislature on or before December 1, 1992.

NEW SECTION. Sec. 21. IN-MIGRATION. (1) The legislature intends that the program be available to established residents of Washington state.

(2) To discourage relocation of functionally disabled persons from other states into Washington to obtain program benefits, the board shall require, as condition of receipt of program benefits by functionally disabled persons who have not resided in Washington state for a continuous period of twelve months prior to their application for program benefits, that these individuals pay a monthly premium for program benefits actuarially determined based upon the level and type of benefits available through the program.

PART V

TRANSITION PERIOD PENDING FULL IMPLEMENTATION OF THE PROGRAM

NEW SECTION. Sec. 22. The legislature recognizes that state-wide implementation of the community-based long-term care secured benefit program will require four to five years, to allow completion of necessary coordination with the federal government and sufficient testing of regional administrative models. The legislature intends that expenses for regional model administrative projects, including administration, monitoring, data collection, and evaluation be derived from the funds provided by this act. The service expansions authorized by this act shall be temporary measures pending state-wide implementation of the community-based long-term care secured benefit program.

NEW SECTION. Sec. 23. (1) During the transitional period from the effective date of this section until state-wide implementation of the program, the legislature shall appropriate, and the executive shall administer, all community-based long-term care funds except those necessary to administer and provide services through regional administrative model projects, and matching funds and program beneficiary cost sharing collected through such projects.

(2) Regional model administrative project funds shall be administered by the board. Regional model administrative projects shall receive funding for the number of functionally disabled persons in the county or counties served by the project in an amount equal to the per capita community-based long-term care expenditures for functionally disabled persons currently receiving state and federally funded services, and such additional funds determined by the board to be necessary for administration of the projects, including monitoring, data collection, and evaluation.

(3) Upon completion and evaluation of the regional administrative model projects and enactment of legislation establishing the state-wide administrative structure of the program, all community-based long-term care funds shall be deposited into the secured benefit fund pursuant to this act and administered by the board.

The Speaker called on Representative Anderson to preside.

SPEAKER'S PRIVILEGE

The Speaker (Mr. Anderson presiding): Earlier this week we passed a resolution honoring our National Guard and, as Chair of the Committee on State Government, I have the pleasure of working closely with the National Guard. This morning we have on the rostrum with us Major General Greg Barlow, The Adjutant General; Brigadier General Tim Lowenberg, The Adjutant General for the Air National Guard; Brigadier General Dennis Hague, who is the commanding general of the 141st Air Refueling Wing; Lieutenant Colonel Joe Jiminez, Public Information Office; and Lieutenant Colonel Kevin Ryan. We also have a number of people in the rear of the Chamber who I will introduce in just a moment.

I want to give a little bit of background first. On August 6, 1990 members of the 141st Air Refueling Wing were called to duty for the war in the Persian Gulf. The first call came to the Washington National Guard at 11:00 p.m. on August 6, 1990, and these citizens and their comrades were at the air base and ready to fly by 5:00 a.m. the next morning. Within six hours these brave and dedicated neighbors of ours--and most of these people come from in and around

the Spokane area--put their personal lives on hold and came to the aid of our country. I observe that many of us have a hard time getting to a committee meeting on time, even if it has been scheduled for a couple of weeks. These people were ready in six hours to move out. It is a pleasure for me to participate in this welcome home ceremony for them.

Now I would like to introduce our friends in the rear of the Chamber: Colonel Walter Hodgen; Lieutenant Colonel Bob Fuss; Lieutenant Colonel Michael Kvamme; Lieutenant Colonel James McDevitt, who is Squadron Commander of the 116th Air Refueling Squadron--the folks that actually have the planes; Lieutenant Colonel Larry Wilde; Major John Guilbeault; Major Gary Magonigle; Captain Suzanne Dodge; Technical Sergeant Mark Jones; Technical Sergeant Terry Stout; Retired Chief Master Sergeant Ronald Corigliano; Senior Master Sergeant John Coleman; Master Sergeant Ron Thaxton; Master Sergeant John Bartlett; Staff Sergeant Glenn Schmauder; Staff Sergeant Lahomma Cruise; Sergeant Patrick Brookhart; Sergeant Chory; Senior Airman Nensil Hursley. It is a pleasure for me to be able to welcome these people home along with those in the North Gallery, representing the support staff and the communications specialists, and a contingent of Vietnam veterans who are participating in this welcome home.

Please welcome home all of these people.

REMARKS BY BRIGADIER GENERAL DENNIS HAGUE

Brigadier General Hague: Thank you. It's with a great deal of pleasure that I come before you today to represent the armed forces. I speak not only for the members of the Air National Guard and Army National Guard, but for all the folks who went over there to fight that war. We appreciate the support that the country and you people here in the State of Washington have shown to us.

In the Senate this morning it was mentioned that there were some five hundred and thirty-two thousand people who took part in Desert Storm and Desert Shield. I think it is important that you got a chance to see some of these people personally and associate a name and a face. This is about one-third of the people of the Washington National Guard that were deployed. We still have over two hundred people over there and, as we speak, are refueling airplanes that are coming home. I can tell you that we have them in our thoughts and prayers, too--that we want them home as quickly as possible. I can imagine their emotion as they take off, go up and refuel the airplanes that are coming home, and then have to turn around and go back to the desert and start over. Hopefully, they will be with us soon.

Let me tell you some of the accomplishments of these people. I wish I had time to tell you about all of them. The people you see here and the people with whom they served in the desert, through the maintenance community and the operational community and the support and resources people, put this fine fighting package together. In the time they were there at just one of our bases, they flew almost four thousand combat sorties. We have with us pilots and air crew members who flew two combat missions back to back on the day the war started. There is a crew chief whose aircraft flew fifty-eight sorties. There are support and maintenance people who worked eighteen hours a day. As you

know, air refueling is our business. In the time they were there these folks, and those with whom they served, offloaded over sixty million gallons of fuel to the fighters they were refueling. Also, our folks in the combat support group were training in the Middle East long before Saddam Hussein became the threat that he was. So they are not strangers to that area either.

In summary, I would like to tell you that we have a saying in the Guard which is "in the Guard we are family and Americans at our best." I would like to introduce to you folks your family and your Americans at their best. Thank you very much.

The legislature finds that using the liquor control board to regulate and enforce all aspects of the licensing, enforcement, and retailing of liquor in the state creates potential ethical and professional conflicts of interest and limits the opportunity for some officers and employees of the state to do their jobs in a complete and professional manner.

The legislature declares that it is in the best interest of the people of the state for the duties and related powers of the liquor control board to be tailored to those needed for licensing, enforcement, education, and rehabilitation.

The legislature further declares that the people will be better served when the sale and marketing of liquor are left to private sector investors and entrepreneurs operating in a competitive market system.

NEW SECTION Sec. 23. A new section is added to chapter 66.08 RCW to read as follows:

(1) There is hereby created a joint committee on liquor control. The committee shall consist of: (a) Four members of the senate appointed by the president of the senate, two of whom shall be members of the majority party and two of whom shall be members of the minority party; and (b) four members of the house of representatives appointed by the speaker of the house of representatives, two of whom shall be members of the majority party and two of whom shall be members of the minority party. The governor shall appoint one member to serve at the pleasure of the governor. Members of the committee shall be appointed before the close of the 1991 legislative session and then as needed to fill vacancies.

POINT OF PERSONAL PRIVILEGE

Mr. Sprenkle: Thank you, Mr. Speaker. Today we have the distinct honor and privilege of having as our guest Dr. Leon Aller. Dr. Aller is a physician colleague of mine from Snohomish County and is the first and only physician from Washington State to be named the National Family Physician of the Year.

Dr. Aller has led a distinguished career that, in fact, has set for me a goal of doing things other than your medical practice in order to contribute to society. In his practice in Snohomish he has had forty-seven foster children whom he has taken to his home and raised. He and his wife Virginia have raised eight children, seven of them adopted. In his career he has gone all over the world, mainly to Africa and South America, providing health care to third world countries. He has made twenty-eight missions to Guatemala, essentially establishing a new health care delivery system there. Dr. Aller now is in the process of trying, after a full career in the military as well as in his medical

practice, to develop a program that will use the military forces of this country as ambassadors of peace to the third world.

I'd like Dr. Aller and his wife Virginia, who are in the North Gallery, to stand and be recognized by this body.

"NEW SECTION. Sec. 801. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Barrel" means a unit of measurement of volume equal to forty-two U.S. gallons of crude oil or petroleum product.

(2) "Crude oil" means any naturally occurring liquid hydrocarbons at atmospheric temperature and pressure coming from the earth, including condensate and natural gasoline.

(3) "Department" means the department of revenue.

(4) "Marine terminal" means a facility of any kind, other than a waterborne vessel, that is used for transferring crude oil or petroleum products to or from a waterborne vessel or barge.

(5) "Navigable waters" means those waters of the state and their adjoining shorelines that are subject to the ebb and flow of the tide, including the Columbia and Snake rivers.

(6) "Person" has the meaning provided in RCW 82.04.030.

(7) "Petroleum product" means any liquid hydrocarbons at atmospheric temperature and pressure that is the product of the fractionation, distillation, or other refining or processing of crude oil, and that is used as, useable as, or may be refined as a fuel or fuel blendstock, including but not limited to, gasoline, diesel fuel, aviation fuel, bunker fuel, and fuels containing a blend of alcohol and petroleum.

(8) "Taxpayer" means the person owning crude oil or petroleum products at the time the same are off-loaded at a marine terminal in this state and who is liable for the taxes imposed by this chapter.

(9) "Waterborne vessel or barge" means any ship, barge, or other watercraft capable of travelling on the navigable waters of this state and capable of transporting any crude oil or petroleum product in quantities of ten thousand gallons or more for purposes other than providing fuel for its motor or engine.

NEW SECTION. Sec 802. (1) An oil spill response tax is imposed on the privilege of off-loading crude oil or petroleum products at a marine terminal within this state from a waterborne vessel or barge operating on the navigable waters of this state. The tax imposed in this section is levied upon the owner of the crude oil or petroleum products at the time such off-loading occurs at the rate of two cents per barrel of crude oil or petroleum product off-loaded.

(2) In addition to the tax imposed in subsection (1) of this section, an oil spill administration tax is imposed on the privilege of off-loading crude oil or petroleum products at a marine terminal within this state from a waterborne vessel or barge operating on the navigable waters of this state. The tax imposed in this section is levied upon the owner of the crude oil or petroleum products at the time such off-loading occurs at the rate of three cents per barrel of crude oil or petroleum product off-loaded.

(3) The taxes imposed by this chapter shall be collected by the marine terminal operator from the owner of the crude oil or petroleum products off-loaded at the marine terminal. If any person charged with collecting the taxes fails to bill the taxpayer for the taxes, or in the alternative has not notified the taxpayer in writing of the imposition of the taxes, or having collected the taxes, fails to pay it to the department in the manner prescribed by this chapter, whether such failure is the result of the person's own acts or the result of acts or conditions beyond the person's control, he or she shall, nevertheless, be personally liable to the state for the amount of the taxes. Payment of the taxes by the owner to a marine terminal operator shall relieve the owner from further liability for the taxes.

(4) Taxes collected under this chapter shall be held in trust until paid to the department. Any person collecting the taxes who appropriates or converts the taxes collected shall be guilty of a gross misdemeanor if the money required to be collected is not available for payment on the date payment is due. The taxes required by this chapter to be collected shall be stated separately from other charges made by the marine terminal operator in any invoice or other statement of account provided to the taxpayer.

(5) If a taxpayer fails to pay the taxes imposed by this chapter to the person charged with collection of the taxes and the person charged with collection fails to pay the taxes to the department, the department may, in its discretion, proceed directly against the taxpayer for collection of the taxes.

(6) The taxes shall be due from the marine terminal operator, along with reports and returns on forms prescribed by the department, within twenty-five days after the end of the month in which the taxable activity occurs.

(7) The amount of taxes, until paid by the taxpayer to the marine terminal operator or to the department, shall constitute a debt from the taxpayer to the marine terminal operator. Any person required to collect the taxes under this chapter who, with intent to violate the provisions of this chapter, fails or refuses to do so as required and any taxpayer who refuses to pay any taxes due under this chapter, shall be guilty of a misdemeanor as provided in chapter 9A.20 RCW.

(8) Upon prior approval of the department, the owner of crude oil or petroleum products off-loaded in this state may pay the taxes imposed by this chapter directly to the department. The department shall give its approval for direct payment under this section whenever it appears, in the department's judgment, that direct payment will enhance the administration of the taxes imposed under this chapter. The department shall provide by rule for the issuance of a direct payment certificate to any taxpayer qualifying for direct payment of the taxes. Good faith acceptance of a direct payment certificate by a terminal operator shall relieve the marine terminal operator from any liability for the collection or payment of the taxes imposed under this chapter.

(9) All receipts from the tax imposed in subsection (1) of this section shall be deposited into the state oil spill response account. All receipts from the tax imposed in subsection (2) of this section shall be deposited into the state oil spill administration account.

(10) Within forty-five days after the end of each calendar quarter, the office of financial management shall determine the balance of the oil spill response account as of the last day of that calendar quarter. Balance determinations by the office of financial management under this section are final and shall not be used to challenge the validity of any tax imposed under this chapter. The office of financial management shall promptly notify the departments of revenue and ecology of the account balance once a determination is made. For each subsequent calendar quarter, the tax imposed by subsection (1) of this section shall be imposed during the entire calendar quarter unless:

(a) Tax was imposed under subsection (1) of this section during the immediately preceding calendar quarter, and the most recent quarterly balance is more than twenty-five million dollars; or

(b) Tax was not imposed under subsection (1) of this section during the immediately preceding calendar quarter, and the most recent quarterly balance is more than fifteen million dollars.

NEW SECTION. Sec. 803. The taxes imposed under this chapter shall only apply to the first off-loading of crude oil or petroleum products at a marine terminal in this state and not to the later transporting and subsequent off-loading of the same oil or petroleum product, whether in the form originally off-loaded in this state or after refining or other processing.

NEW SECTION. Sec. 804. Credit shall be allowed against the taxes imposed under this chapter for any crude oil or petroleum products off-loaded at a marine terminal and subsequently exported from or sold for export from the state.

NEW SECTION. Sec. 805. The state oil spill response account is created in the custody of the state treasurer. All receipts from section 802(1) of this act shall be deposited in the account. The account is subject to allotment procedures under chapter 43.88 RCW. Only the director of ecology or the director's designee may authorize expenditures from the account. Expenditures from the account shall be used exclusively for the costs associated with the response to spills of crude oil or petroleum products into the navigable waters of the state. Payment of response costs under this section shall be limited to spills which the director has determined are likely to exceed fifty thousand dollars. Prior to approving an expenditure under this section, the director shall make

reasonable efforts to obtain funding for response costs from the person responsible for the spill and from other sources, including the federal government. Reimbursement for response costs shall be allowed only for costs which are not covered by funds appropriated to the agencies responsible for response activities. Costs associated with the response to spills of crude oil or petroleum products shall include:

- (1) Natural resource damage assessment and related activities;
- (2) Spill related response, containment, wildlife rescue, cleanup, disposal, and associated costs;
- (3) Interagency coordination and public information related to a response; and
- (4) Appropriate travel, goods and services, contracts, and equipment.

Moneys from the account may be spent only after appropriation. The account is subject to allotment procedures under chapter 43.88 RCW. On July 1 of each odd-numbered year, if receipts from the tax imposed by section 802(2) of this act for the previous fiscal biennium exceed the amount appropriated from the account for the previous fiscal biennium, the state treasurer shall transfer the amount of receipts exceeding the appropriation to the oil spill response account. Expenditures from the oil spill administration account shall be used exclusively for the administrative costs related to the purposes of this chapter, and chapters 90.48, 88.40, and chapter 88.-- (sections 413 through 424 of this act) RCW. Costs of administration include the costs of:

- (1) Routine responses not covered under section 805 of this act;
- (2) Management and staff development activities;
- (3) Development of rules and policies and the state-wide plan provided for in RCW 90.48.378 as recodified by this act;
- (4) Facility and vessel plan review and approval, drills, inspections, investigations, enforcement, and litigation;
- (5) Interagency coordination and public outreach and education;
- (6) Collection and administration of the tax provided for in chapter 82.-- RCW (sections 801 through 804 of this act); and
- (7) Appropriate travel, goods and services, contracts, and equipment.

NEW SECTION. Sec. 404. (1)(a) Except as otherwise provided in subsection (2) of this section, if the director, or the director's designee, finds that an employer has violated any of the requirements of RCW 49.12.121, or a rule or order adopted or

variance granted under RCW 49.12.121, a citation stating the violations shall be issued to the employer. Citations issued under this section shall be posted at or near the place where the violation occurred.

(b) Except when an employer corrects a violation as provided in (a) of this subsection, he or she shall be assessed a civil penalty of not more than one thousand dollars depending on the size of the business and the gravity of the violation. The employer shall pay the amount assessed within thirty days of receipt of the assessment or notify the director of his or her intent to appeal the citation or the assessment penalty as provided in section 3 of this act.

For the purposes of this subsection, a serious violation shall be deemed to exist where the violation has caused a substantial probability that death or serious physical harm could result to a minor employee, unless the employer did not, and could not with the exercise of reasonable diligence, know of the presence of the violation.

(3) In addition to any other authority provided in this section, if, upon inspection or investigation, the director, or director's designee, believes that an employer has violated RCW 49.12.121, or a rule or order adopted or variance granted under RCW 49.12.121, and that the violation creates a danger from which there is a substantial probability that death or serious physical harm could result to a minor employee, the director, or director's designee, may issue an order immediately restraining the condition, practice, method, process, or means creating the danger in the work place. An order issued under this subsection may require the employer to take steps necessary to avoid, correct, or remove the danger and to prohibit the employment or presence of a minor in locations or under conditions where the danger exists.

(4) An employer who violates any of the posting requirements of RCW 49.12.121 or rules adopted implementing RCW 49.12.121 shall be assessed a civil penalty of not more than one hundred dollars for each violation.

(5) A person who gives advance notice, without the authority of the director, of an inspection to be conducted under this chapter shall be assessed a civil penalty of not more than one thousand dollars.

(6) Penalties assessed under this section shall be paid to the director and deposited into the general fund.

NEW SECTION. Sec. 405. A person, firm, or corporation aggrieved by an action taken or decision made by the department under section 404 of this act may appeal the action or decision to the director by filing notice of the appeal with the director within thirty days of the department's action or decision. A notice of appeal filed under this section shall stay the effectiveness of a citation or notice of the assessment of a penalty pending review of the appeal by the director, but such appeal shall not stay the effectiveness of an order of immediate restraint issued under section 404 of this act. Upon receipt of an appeal, a hearing shall be held in accordance with chapter 34.05 RCW. The director shall issue all final orders after the hearing. The final orders are

subject to appeal in accordance with chapter 34.05 RCW. Orders not appealed within the time period specified in chapter 34.05 RCW are final and binding.

NEW SECTION. Sec. 406. An employer who knowingly or recklessly violates the requirements of RCW 49.12.121, or a rule or order adopted under RCW 49.12.121, is guilty of a gross misdemeanor. An employer whose practices in violation of the requirements of RCW 49.12.121, or a rule or order adopted under RCW 49.12.121, result in the death or permanent disability of a minor employee is guilty of a class C felony.

"The provisions of Title 29 RCW relating to elections shall govern public hospital districts, except ~~((that--(1)))~~ as provided in this chapter.

A public hospital district shall be created when the ballot proposition authorizing the creation of the public hospital district is approved by a simple majority vote of the voters of the proposed district who vote on the proposition and the total vote cast upon the proposition ~~((to form a hospital district shall))~~ exceeds forty percent of the total number of votes cast in the ~~((precincts comprising the))~~ proposed district at the preceding

general ((and)) county election ((; and (2) hospital district commissioners shall hold office for the term of six years and until their successors are elected and qualified, each term to commence on the first day in January following the election)).

At the election at which the proposition is submitted to the voters as to whether a district shall be formed, three commissioners shall be elected ((to hold office, respectively, for the terms of two, four, and six years. All candidates shall be voted upon by the entire district, and the candidate residing in commissioner district No. 1 receiving the highest number of votes in the hospital district shall hold office for the term of six years; the candidate residing in commissioner district No. 2 receiving the highest number of votes in the hospital district shall hold office for the term of four years; and the candidate residing in commissioner district No. 3 receiving the highest number of votes in the hospital district shall hold office for the term of two years. The first commissioners to be elected shall take office immediately when qualified in accordance with RCW 29.01.135. Each term of the initial commissioners shall date from the time above specified following the organizational election, but shall also include the period intervening between the organizational election and the first day of January following the next district general election: PROVIDED, That in public hospital districts encompassing portions of more than one county, the total vote cast upon the proposition to form the district shall exceed forty percent of the total number of votes cast in each portion of each county lying within the proposed district at the next preceding general county election. The portion of the proposed district located within each county shall constitute a separate commissioner district. There shall be three district commissioners whose terms shall be six years. Each district shall be designated by the name of the county in which it is located. All candidates for commissioners shall be voted upon by the entire district. The length of such terms of office shall be computed from the first day of January in the year following this election. The term of office of each successor shall be four years.

Commissioner districts shall be used for residency purposes only in all public hospital district elections relating to commissioners, unless the district has abandoned the use of commissioner districts. Voters of the entire hospital district may vote at any election to nominate or elect any commissioner. If the proposed public hospital district is county-wide, and the county has three county legislative authority districts, the county legislative authority districts shall be used as hospital commissioner districts. In all other instances, the county auditor of the county in which all or the largest portion of the

proposed public hospital district is located shall draw the initial three commissioner districts each of which comprises as nearly as possible one-third of the total population of the proposed public hospital district and number the districts one, two, and three. Each of the three commissioner positions shall be numbered one through three and associated with the district of the same number.

The public hospital district commissioners may redraw commissioner districts so that each district comprises as nearly as possible one-third of the total population of the proposed public hospital district.

NEW SECTION. Sec. 2. A new section is added to chapter 70.44 RCW to read as follows:

Sec. 4. RCW 70.44.051 and 1967 c 77 s 1 are each amended to read as follows:

~~((In addition to the procedures enumerated in RCW 70.44.020, 70.44.030 and 70.44.035,))~~ The board of public hospital district commissioners in an existing intracounty or intercounty district may be increased from three members to five or to seven members; and the board of public hospital district commissioners in any district created after June 8, 1967 may ((have)) be increased from three((;)) members to five or seven ((commissioners)) members.

Sec. 5. RCW 70.44.053 and 1967 c 77 s 2 are each amended to read as follows:

The petition or resolution shall specify whether it is proposed to increase the number of commissioners to either five or seven members.

If the voters of the district approve the ballot proposition authorizing the increase in the number of commissioners to either five or seven members, an election to nominate candidates for the additional positions shall be held at the next September special election, occurring in either an even or odd-numbered year, and an election to elect each additional commissioner shall be held at the following November election. Candidates shall run for specific commissioner positions.

Where the number of commissioners is increased to five, the two new commissioner positions shall not be associated with a commissioner district. The initial new terms shall be staggered so that the winning candidate receiving the greatest number of votes shall

be elected to a four-year term of office, if the election was held in an odd-numbered year, or three-year term of office if the election was held in an odd-numbered year, and the other winning candidate shall be elected to a two-year term of office, if the election was held in an odd-numbered year, or a one-year term of office, if the election was held in an even-numbered year. The two new elected commissioners shall assume office as provided in RCW 29.04.170. Successors shall be elected to four-year terms of office.

Where the number of commissioners is increased to seven, one of the new commissioner positions shall be associated with each of the three commissioner districts, and the initial terms of each of the three new commissioner positions shall be staggered, so that at each subsequent district general election one position associated with each of the three commissioner districts is elected to a four-year term of office. The fourth new commissioner position shall not be associated with a commissioner district and the winning candidate shall be elected to a four-year term of office, if the election was held in an odd-numbered year, or a three-year term of office, if the election was held in an even-numbered year. Strike everything after the enacting clause and insert the following:

Sec. 1. RCW 70.105.215 and 1986 c 210 s 3 are each amended to read as follows:

(1) The legislature recognizes ~~((the))~~ that even if efforts at hazardous substance use reduction and waste reduction reduce the quantity of hazardous wastes generated in this region, there will probably be a need for new, modified, or expanded facilities to treat, store, incinerate, or otherwise process or dispose of hazardous substances safely. In order to ~~((encourage))~~ plan for the development of such facilities when needed, the department shall adopt rules as necessary regarding the permitting of such facilities to ensure the most expeditious permit processing possible consistent with the substantive requirements of applicable law.

(2) The department may issue a draft permit for a new hazardous waste incinerator or landfill only if the department determines that the proposed facility is sized no larger than is necessary to meet current and future needed capacity of the region, as determined pursuant to section 2 of this act. The department may impose conditions on or deny a permit application based on the results of this determination.

(3) If the owner~~((s))~~ and operator~~((s))~~ of a proposed hazardous waste incinerator or landfill are not the same entity, the operator shall be the permit applicant and responsible for the development of the permit application and all accompanying materials, as long as the owner also signs the application and certifies its ownership of the real property described in the application, and acknowledges its awareness of the contents of the application and receipt of a copy thereof.

NEW SECTION. Sec. 2. A new section is added to chapter 70.105 RCW to read as follows:

As part of the hazardous waste management plan developed pursuant to RCW 70.105.200, the department shall estimate the need for landfill and incineration capacity for hazardous wastes generated in this state in the following ten years. When a draft permit is issued pursuant to RCW 70.105.215, the information in the plan shall be updated with a facility-specific needs determination, using the best available information. To the extent feasible, the department shall take into consideration the following factors in the needs determination:

(1) The available incinerator and landfill capacity and demand on capacity in Washington, Idaho, Oregon, and Alaska, based on information supplied by those states;

(2) The potential for future decreases in demand for incineration and landfilling if the preferred management hierarchy established in RCW 70.105.150 were applied to all hazardous waste generated in this state, so that wastes destined for landfill or incineration would be only those which are appropriate for that method of management; and

(3) The potential future increases in demand due to economic growth, regulatory changes, expanded cleanup activities, and other relevant impacts.

NEW SECTION. Sec. 3. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 4. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately."

HOUSE BILL NO. 1399, by Representatives Beck, Cantwell, Heavey, Sheldon, Forner, R. King, Casada, Roland, Moyer, Betrozoff and G. Fisher

Expanding electronic equipment warranties.

Substitute House Bill No. 1399 was read the second time.

Mr. Beck moved adoption of the following amendment by Representatives Beck and Cantwell:

On page 1, strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature finds that electronic equipment manufacturers, as a matter of practice, warrant their equipment against certain defects. The warranties may be honored by retailers of the manufacturers' products as part of their contractual obligation or by independent maintenance and service facilities. The legislature also finds that consumers do not always receive prompt, complete service that returns the product to its working condition at the time of purchase because manufacturers cannot always supply the necessary parts promptly or at a price that keeps the warranty service within the retailer's cost of doing business. Because of these problems, some of the service costs are transferred to customers seeking service without warranties. The legislature further finds that a strong competitive market requires manufacturers and sellers who fully stand behind their products by complying with the spirit of the warranty. The legislature declares that it is in the public interest to establish certain elements as characteristic of express electronic equipment warranties to protect the consumer from dilatory and unfair practices and from manufacturers discontinuing the manufacture of replacement parts within the time period that can be reasonably anticipated as necessary to effect repairs.

NEW SECTION. Sec. 2. For the purposes of this chapter the following definitions apply.

(1) "Buyer" or "retail buyer" means an individual who buys electronic equipment from a person engaged in the business of manufacturing, distributing, or selling such goods at retail.

(2) "Distributor" means a person that stands between the manufacturer and the retail seller in purchases, consignments, or contracts for sale of electronic equipment.

(3) "Independent repair or service facility" or "independent service dealer" means a person or business, not an employee or subsidiary of a manufacturer or distributor, that engages in the business of servicing and repairing consumer goods.

(4) "Retailer," "seller," or "retail seller" means a person who engages in the business of selling electronic goods to retail buyers. (5) "Person" means an individual, partnership, corporation, association, or other legal entity.

(6) "Home electronic equipment" means a television/monitor, radio, antenna rotator, audio or video recorder or playback equipment, video camera, video game, if it is normally used or sold for personal, family, or household purposes. The term includes any

electronic accessory that is normally used or sold with a home electronic product for one of those purposes. The term excludes any single product with a wholesale price to the retail seller of less than one hundred twenty five dollars.

(7) "Home appliance" means a refrigerator, freezer, range, microwave or convection oven, washer, dryer, dishwasher, garbage disposal, trash compactor, or room air conditioner normally used or sold for personal, family, or household purposes. The term excludes any single product with a wholesale price to the retail seller of less than one hundred twenty five dollars.

(8) "Parts" means individual components of assemblies or circuit boards.

(9) "Literature" means service literature only.

NEW SECTION. Sec. 3. In addition to the requirements of RCW 62A.2-313 every warranty shall state that the warranty period shall be extended for the number of days that the product has been in the repair facility for warranty repairs. If a defect exists within the warranty period and the buyer takes the product to a repair facility for servicing, the warranty shall not expire until the defect has been fixed. The warranty period shall also be extended if the repairs fail within ten days after they were completed. If, after four repair attempts, the defect has not been fixed, the buyer may return the product within sixty days of the completion of the fourth repair for a replacement or refund, subject to the deduction of a reasonable charge for use. This time extension does not affect the protections or remedies the buyer has under other laws.

NEW SECTION. Sec. 4. Every work order or repair invoice for warranty repairs or service shall clearly and conspicuously incorporate in ten point boldface type the following statement either on the face or the reverse side of the work order or repair invoice, or on an attachment to the work order or repair invoice:

A buyer of this product in this state has the right to have this product serviced or repaired during the warranty period. The warranty period is extended for the number of whole days that the product has been out of the buyer's hands for warranty repairs if the buyer takes the product to the repair facility prior to the warranty expiration date. The warranty period is also extended if the warranty repairs have not been performed because parts are not available from the manufacturer, or if the warranty repairs fail within ten days after they were completed. If, after four repair attempts the defect has not been fixed, the buyer may return the product within sixty days of the completion of the fourth repair attempt for a replacement or a refund, subject to the deduction of a reasonable charge for use. This time extension does not affect the protections or remedies the buyer had under other laws.

NEW SECTION. Sec. 5. If a manufacturer of home electronic equipment and appliances sold in this state makes an express warranty on such equipment or appliance, the manufacturer shall maintain sufficient service and repair facilities in this state that are reasonably close to all areas in which its electronic equipment and appliances are sold, except for mail order businesses, or may designate and authorize independent repair or service facilities in this state that are reasonably close to all areas in which its electronic appliances are sold, to carry out the terms of the warranties. As a means of complying with this section, a manufacturer may enter into warranty service contracts with independent service and repair facilities.

NEW SECTION. Sec. 6. A manufacturer entering into a warranty service contract with an independent service and repair facility may include a fixed schedule of rates to be charged for warranty service or warranty repair work. However, the rates fixed by these contracts shall include the actual cost of service and repair, plus a twenty percent markup on part costs and shipping costs, and a reasonable profit on labor. The rates established between the manufacturer and the independent service and repair facility shall not preclude a good faith discount that is reasonably related to reduced credit and general overhead cost factors arising from the manufacturer's payment of warranty charges direct

to the independent service and repair facility. The discount may consider all extra services the manufacturer provides to the independent authorized service dealer. The warranty service contracts authorized by this section may not cover more than one year, and may be renewed only by a separate, new contract or letter of agreement between the manufacturer and the independent service and repair facility. The manufacturer who is a party to a warranty service contract is only liable to the other party for repairs performed under warranty.

NEW SECTION. Sec. 7. Every manufacturer contracting with an independent facility for maintenance and repair of electronic or appliance products shall make service literature and replacement parts available to effect repairs within thirty days of the request from the service repair facility. However, the thirty day requirement may be suspended during a period of a national emergency or natural disaster. If the manufacturer fails to supply the necessary part or literature within thirty days of the service repair facility's request, the manufacturer shall replace the nonworking equipment or appliance with new equipment or appliance upon the owner's request. Replacement parts and literature for products with a wholesale price to retailers of not less than one hundred twenty-five dollars and not more than one hundred seventy-five dollars and ninety-nine cents, shall be available at the service dealer's wholesale cost to all established independent service and repair facilities who service the products, whether or not under contract to provide warranty services, for three years after the date the product model or type was last manufactured, regardless of whether the three-year period exceeds the warranty period for the product. Replacement parts and literature for products with a wholesale price to retailers of not less than one hundred seventy-six dollars, shall be available, at the service dealer's wholesale cost, to all established independent service and repair facilities who service the products, whether or not under contract to provide warranty services, for seven years after the date the product model or type was last manufactured, regardless of whether the seven-year period exceeds the warranty period for the product.

NEW SECTION. Sec. 8. Every manufacturer making express warranties whose consumer goods are sold in this state shall be liable as prescribed in this section to any authorized independent service center that performs services or incurs obligations under the express warranties that accompany the manufacturer's consumer goods. The amount of the liability shall be an amount equal to the actual and reasonable costs of the service and repair, including cost plus twenty percent on parts and any reasonable cost of transporting the goods or parts, plus a reasonable profit on labor, which shall not preclude a good faith discount as described in section 6 of this act. There is a rebuttable presumption affecting the burden of producing evidence that the reasonable cost of service or repair is an amount equal to that which is charged by the independent serviceman for like services or repairs rendered to service or repair customers who are not entitled to warranty protection. Any waiver of the liability of a manufacturer shall be void and unenforceable.

NEW SECTION. Sec. 9. A dispute initiated by either party arising from cancellation of a warranty service center contract that cannot be resolved by the parties to the contract must be presented to the American arbitration association or a dispute resolution center operated under chapter 7.75 RCW for third-party committee mediation. Contracts cannot be canceled on the basis of an allegation of nonperformance of contractual obligations without a hearing by the committee. Only after a hearing and a showing of a good faith attempt at resolution may a disputant file a legal action. The statute of limitations controlling filing legal action to resolve a contract dispute shall be tolled for a period of six months or until the third-party mediator takes a final action, either resolving the dispute or declaring it unresolvable, whichever come first.

NEW SECTION. Sec. 10. Any protections or remedies in this chapter do not preclude recovery under the consumer protection act, chapter 19.86 RCW.

NEW SECTION. Sec. 11. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 12. Sections 1 through 11 of this act shall constitute a new chapter in Title 19 RCW.

NEW SECTION. Sec. 13. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect July 1, 1991.

Additional powers and duties of director--Perpetual maintenance fund. The director of ecology shall, in addition to the powers and duties otherwise imposed by law, have the following special powers and duties:

(1) To fulfill the responsibilities of the state under the lease between the state of Washington and the federal government executed September 10, 1964, covering one thousand acres of land lying within the Hanford reservation near Richland, Washington. The department of ecology may sublease to private or public entities all or a portion of the land for specific purposes or activities which are determined, after public hearing, to be in agreement with the terms of the lease and in the best interests of the citizens of the state consistent with any criteria that may be developed as a requirement by the legislature;

(2) To assume the responsibilities of the state under the perpetual care agreement between the state of Washington and the federal government executed July 29, 1965 and the sublease between the state of Washington and the site operator of the Hanford low-level radioactive waste disposal facility. In order to finance perpetual surveillance and maintenance under the agreement and ensure site closure under the sublease, the

department of ecology shall impose and collect fees from parties holding radioactive materials for waste management purposes. The fees shall be established by rule adopted under chapter 34.05 RCW and shall be an amount determined by the department of ecology to be necessary to defray the estimated liability of the state. Such fees shall reflect equity between the disposal facilities of this and other states. All such fees, when received by the department of ecology, shall be transmitted to the state treasurer, who shall act as custodian. The perpetual maintenance fund is created in the state treasury. The treasurer shall place the money in a special fund which may be designated the "perpetual maintenance fund." The perpetual maintenance fund shall be comprised of a site closure account and a perpetual surveillance and maintenance account. The site closure account shall be exclusively available to reimburse, to the extent that moneys are available in the account, the site operator for its costs plus a reasonable profit as agreed by the operator and the state, or to reimburse the state licensing agency and any agencies under contract to the state licensing agency for their costs in final closure and decommissioning of the Hanford low-level radioactive waste disposal facility. If a balance remains in the account after satisfactory performance of closure and decommissioning, this balance shall be transferred to the perpetual surveillance and maintenance account. The perpetual surveillance and maintenance account shall be used exclusively by the state to meet post-closure surveillance and maintenance costs, or for otherwise satisfying surveillance and maintenance obligations. Appropriations are required to permit expenditures and payment of obligations from the site closure account and the perpetual surveillance and maintenance account. Moneys which on July 23, 1989, are in the perpetual maintenance account shall be transferred to the perpetual surveillance and maintenance account. All moneys currently administered by the department of ecology for closure of the Hanford low-level radioactive waste disposal facility shall be transferred to the site closure account within the perpetual maintenance fund. All future moneys, including interest, contributed to the perpetual maintenance fund shall be directed to the site closure account until December 31, 1992. Thereafter receipts shall be directed to the perpetual maintenance fund as specified by the department. Moneys in the perpetual maintenance fund shall be invested by the state investment board in the same manner as other state moneys. Any interest accruing as a result of investment shall accrue to the perpetual maintenance fund. Additional moneys specifically appropriated by the legislature or received from any public or private source may be placed in the perpetual maintenance fund;

(3) To collect after January 1, 1993 as an added charge on each cubic foot of waste disposed at any facility in the state a surcharge of seven dollars. The surcharge shall be made specifically on the generator of the waste and shall not be considered applicable in any way to the low-level site operator's disposal activities. Five dollars of the surcharge shall be deposited in the fund created in section 17 of this act and two dollars of the surcharge shall be remitted monthly to a county in which a low-level radioactive waste disposal facility is located.

~~(4)(3)~~ To assure maintenance of such insurance coverage by state licensees, lessees, or sublessees as will adequately, in the opinion of the director, protect the citizens of the state against nuclear accidents or incidents that may occur on privately or state-controlled nuclear facilities;

~~(5)(4)~~ To institute a user permit system and issue site use permits, consistent with regulatory practices, for generators, packagers, or brokers using the Hanford low-level radioactive waste disposal facility. The costs of administering the user permit system shall be borne by the applicants for site use permits. The site use permit fee shall be set at a level that is sufficient to fund completely the executive and legislative participation in activities related to the Northwest Interstate Compact on Low-Level Radioactive Waste Management; and

(6)~~((5))~~ To make application for or otherwise pursue any federal funds to which the state may be eligible, through the federal resource conservation and recovery act or any other federal programs, for the management, treatment or disposal, and any remedial actions, of wastes that are both radioactive and hazardous at all Hanford low-level radioactive waste disposal facilities; and

(7)~~((6))~~ To develop contingency plans for duties and options for the department and other state agencies related to the Hanford low-level radioactive waste disposal facility based on various projections of annual levels of waste disposal. These plans shall include an analysis of expected revenue to the state in various taxes and funds related to low-level radioactive waste disposal and the resulting implications that any increase or decrease in revenue may have on state agency duties or responsibilities. The initial set of plans shall be completed by October 1, 1989, and shall be updated annually. The department shall report annually on the plans and on the balances in the site closure and perpetual surveillance accounts to the energy and utilities committees of the senate and the house of representatives."

The nomination may be made in a will, a trust, a deed, an instrument exercising a power of appointment, or in a writing designating a beneficiary of contractual rights which is registered with or delivered to the payor, issuer, or other obligor of the contractual rights.

(2) A custodian nominated under this section shall be a person to whom a transfer of property of that kind may be made under section 9(1) of this act.

(3) The nomination of a custodian under this section does not create custodial property until the nominating instrument becomes irrevocable or a transfer to the nominated custodian is completed under section 9 of this act. Unless the nomination of a custodian has been revoked, upon the occurrence of the future event the custodianship becomes effective and the custodian shall enforce a transfer of the custodial property pursuant to section 9 of this act.

NEW SECTION. Sec. 4. **TRANSFER BY GIFT OR EXERCISE OF POWER OF APPOINTMENT.** A person may make a transfer by irrevocable gift to, or the irrevocable exercise of a power of appointment in favor of, a custodian for the benefit of a minor pursuant to section 9 of this act.

NEW SECTION. Sec. 5. **TRANSFER AUTHORIZED BY WILL OR TRUST.** (1) A personal representative or trustee may make an irrevocable transfer pursuant to section 9 of this act to a custodian for the benefit of a minor as authorized in the governing will or trust. The personal representative or trustee may designate himself or herself as custodian provided he or she falls within the class of persons eligible to serve as custodian under section 9(1) of this act.

(2) If the testator or grantor has nominated a custodian under section 3 of this act to receive the custodial property, the transfer shall be made to that person.

(3) If the testator or grantor has not nominated a custodian under section 3 of this act, or all persons so nominated as custodian die before the transfer or are unable, decline, or are ineligible to serve, the personal representative or the trustee, as the case may be, shall designate the custodian from among those eligible to serve as custodian for property of that kind under section 9(1) of this act. The personal representative or trustee may designate himself or herself as custodian, provided he or she falls within the class of persons eligible to serve as custodian under section 9(1) of this act.

NEW SECTION. Sec. 6. **OTHER TRANSFER BY FIDUCIARY.** (1) A personal representative or trustee may make an irrevocable transfer to an adult or trust company for the benefit of a minor pursuant to section 9 of this act, in the absence of a will or under a will or trust that does not contain an authorization to do so, but only if:

(a) The personal representative or trustee, or the court if an order is requested under (c) of this subsection, considers the transfer to be in the best interest of the minor;

(b) The transfer is not prohibited by or inconsistent with provisions of the applicable will, trust instrument, or other governing instrument; and

(c) The transfer is authorized by the court if it exceeds thirty thousand dollars in value.

The personal representative, the trustee, or a member of the minor's family may select the custodian, subject to court approval. The personal representative or trustee may serve as custodian, provided he or she falls within the class of persons eligible to serve as custodian under section 9(1) of this act.

(2) A member of the minor's family may request that the court establish a custodianship if a custodianship has not already been established, regardless of the value of the transfer.

NEW SECTION. Sec. 7. TRANSFER BY OBLIGOR. (1) Subject to subsections (2) and (3) of this section, a person not subject to section 5 or 6 of this act who holds property of or owes a liquidated debt to a minor not having a guardian may make an irrevocable transfer to a custodian for the benefit of the minor pursuant to section 9 of this act.

(2) If a person having the right to do so under section 3 of this act has nominated a custodian under that section to receive the custodial property, the transfer shall be made to that person.

(3) If no custodian has been nominated under section 3 of this act, or all persons so nominated as custodian die before the transfer or are unable, decline, or are ineligible to serve, a transfer under this section may be made to an adult member of the minor's family or to a trust company unless the property exceeds thirty thousand dollars in value.

(4) A member of the minor's family or the person who holds the property of the minor or who owes a debt to the minor may request that the court establish a custodianship if not previously established, regardless of the value of the transfer.

NEW SECTION. Sec. 8. RECEIPT FOR CUSTODIAL PROPERTY. A written confirmation of delivery by a custodian constitutes a sufficient receipt and discharge of the transferor for custodial property transferred to the custodian under this chapter.

NEW SECTION. Sec. 9. MANNER OF CREATING CUSTODIAL PROPERTY AND EFFECTING TRANSFER--DESIGNATION OF INITIAL CUSTODIAN--CONTROL. (1) Custodial property is created and a transfer is made if:

(a) An uncertificated security or a certificated security in registered form is either:

(i) Registered in the name of the transferor, an adult other than the transferor, or a trust company, followed in substance by the words: "... as custodian for (name of minor) under the Washington uniform transfers to minors act"; or

(ii) Delivered if in certificated form, or any document necessary for the transfer of an uncertificated security is delivered, together with any necessary endorsement to an adult other than the transferor or to a trust company as custodian, accompanied by an instrument in substantially the form set forth in subsection (2) of this section;

(b) Money is paid or delivered, or a security held in the name of a broker, financial institution, or its nominee is transferred, to a broker or financial institution for credit to an account in the name of the transferor, an adult other than the transferor, or a trust company, followed in substance by the words: "... as custodian for (name of minor) under the Washington uniform transfers to minors act";

(c) The ownership of a life or endowment insurance policy or annuity contract is either:

(i) Registered with the issuer in the name of the transferor, an adult other than the transferor, or a trust company, followed in substance by the words: "... as custodian for (name of minor) under the Washington uniform transfers to minors act"; or

(ii) Assigned in a writing delivered to an adult other than the transferor or to a trust company whose name in the assignment is followed in substance by the words: "... as custodian for (name of minor) under the Washington uniform transfers to minors act";

(d) An irrevocable exercise of a power of appointment or an irrevocable present right to future payment under a contract is the subject of a written notification delivered to the payor, issuer, or other obligor that the right is transferred to the transferor, an adult other than the transferor, or a trust company, whose name in the notification is followed in substance by the words: "... as custodian for (name of minor) under the Washington uniform transfers to minors act";

(e) An interest in real property is recorded in the name of the transferor, an adult other than the transferor, or a trust company, followed in substance by the words: "... as custodian for (name of minor) under the Washington uniform transfers to minors act";

(f) A certificate of title issued by a department or agency of a state or of the United States which evidences title to tangible personal property is either:

(i) Issued in the name of the transferor, an adult other than the transferor, or a trust company, followed in substance by the words: " ... as custodian for (name of minor) under the Washington uniform transfers to minors act"; or

(ii) Delivered to an adult other than the transferor or to a trust company, endorsed to that person followed in substance by the words: "... as custodian for (name of minor) under the Washington uniform transfers to minors act"; or

(g) An interest in any property not described in (a) through (f) of this subsection is transferred to an adult other than the transferor or to a trust company by a written instrument in substantially the form set forth in subsection (2) of this section.

(2) An instrument in the following form satisfies the requirements of subsection (1) (a)(ii) and (g) of this section:

**"TRANSFER UNDER THE WASHINGTON
UNIFORM TRANSFERS TO MINORS ACT**

I, (name of transferor or name and representative capacity if a fiduciary) hereby transfer to (name of custodian), as custodian for (name of minor) under the Washington uniform transfers to minors act, the following: (insert a description of the custodial property sufficient to identify it).

Dated:

.....

(Signature)

..... (name of custodian) acknowledges receipt of the property described above as custodian for the minor named above under the Washington uniform transfers to minors act.

Dated:

....."

(Signature of Custodian)

(3) A transferor shall place the custodian in control of the custodial property as soon as practicable.

NEW SECTION. Sec. 10. SINGLE CUSTODIANSHIP. A transfer may be made only for one minor, and only one person may be the custodian. All custodial property held under this chapter by the same custodian for the benefit of the same minor constitutes a single custodianship.

NEW SECTION. Sec. 11. VALIDITY AND EFFECT OF TRANSFER. (1) The validity of a transfer made in a manner prescribed in this chapter is not affected by:

(a) Failure of the transferor to comply with section 9(3) of this act concerning possession and control;

(b) Designation of an ineligible custodian, except designation of the transferor in the case of property for which the transferor is ineligible to serve as custodian under section 9(1) of this act; or

(c) Death or incapacity of a person nominated under section 3 of this act or designated under section 9 of this act as custodian or the disclaimer of the office by that person.

(2) A transfer made pursuant to section 9 of this act is irrevocable, and the custodial property is indefeasibly vested in the minor, but the custodian has all the rights, powers, duties, and authority provided in this chapter, and neither the minor nor the minor's legal representative has any right, power, duty, or authority with respect to the custodial property except as provided in this chapter.

(3) By making a transfer, the transferor incorporates in the disposition all the provisions of this chapter and grants to the custodian, and to any third person dealing with a person designated as custodian, the respective powers, rights, and immunities provided in this chapter.

NEW SECTION. Sec. 12. CARE OF CUSTODIAL PROPERTY. (1) A custodian shall, as soon as custodial property is made available to the custodian:

(a) Take control of custodial property;

(b) Register or record title to custodial property if appropriate; and

(c) Collect, hold, manage, invest, and reinvest custodial property.

(2) In dealing with custodial property, a custodian shall observe the standard of care applicable to fiduciaries under chapter 11.100 RCW. If a custodian has a special skill or expertise or is named custodian on the basis of representations of a special skill or expertise, the custodian shall use that skill or expertise. A custodian, in the custodian's discretion and without liability to the minor or the minor's estate, may retain any custodial property received from a transferor according to the same standards as apply to a fiduciary holding trust funds under RCW 11.100.060. However, the provisions of RCW 11.100.025, 11.100.040, and 11.100.140 shall not apply to a custodian.

(3) A custodian may invest in or pay premiums on life insurance or endowment policies on (a) the life of the minor only if the minor or the minor's estate is the sole beneficiary, or (b) the life of another person in whom the minor has an insurable interest only to the extent that the minor, the minor's estate, or the custodian in the capacity of custodian, is the irrevocable beneficiary.

(4) A custodian at all times shall keep custodial property separate and distinct from all other property in a manner sufficient to identify it clearly as custodial property of the minor. Custodial property consisting of an undivided interest is so identified if the minor's interest is held as a tenant in common and is fixed. Custodial property subject to recordation is so identified if it is recorded, and custodial property subject to registration is so identified if it is either registered, or held in an account designated, in the name of the custodian, followed in substance by the words: "... as custodian for (name of minor) under the Washington uniform transfers to minors act."

(5) A custodian shall keep records of all transactions with respect to custodial property, including information necessary for the preparation of the minor's tax returns, and shall make them available upon request for inspection by a parent or legal representative of the minor or by the minor if the minor has attained the age of fourteen years.

NEW SECTION. Sec. 13. POWERS OF CUSTODIAN. (1) A custodian, acting in a custodial capacity, has all the rights, powers, and authority over custodial property that unmarried adult owners have over their own property, including without limitation all the powers granted to a trustee under RCW 11.98.070, but a custodian may exercise those rights, powers, and authority only in a custodial capacity.

(2) This section does not relieve a custodian from liability for breach of section 12 of this act.

NEW SECTION. Sec. 14. USE OF CUSTODIAL PROPERTY. (1) A custodian may deliver or pay to the minor or expend for the minor's benefit so much of the custodial property as the custodian considers advisable for the use and benefit of the minor, without court order and without regard to (a) the duty or ability of the custodian personally or of any other person to support the minor, or (b) any other income or property of the minor which may be applicable or available for that purpose.

(2) On petition of an interested person or the minor if the minor has attained the age of fourteen years, the court may order the custodian to deliver or pay to the minor or expend for the minor's benefit so much of the custodial property as the court considers advisable for the use and benefit of the minor.

(3) A delivery, payment, or expenditure under this section is in addition to, not in substitution for, and does not affect any obligation of a person to support the minor.

NEW SECTION. Sec. 15. CUSTODIAN'S EXPENSES, COMPENSATION, AND BOND. (1) A custodian is entitled to reimbursement from custodial property for reasonable expenses incurred in the performance of the custodian's duties.

(2) Except for one who is a transferor under section 4 of this act, a custodian has a noncumulative election during each calendar year to charge reasonable compensation for services performed during that year.

(3) Except as provided in section 18(6) of this act, a custodian need not give a bond.

(4) Notwithstanding section 19 of this act, a custodian not compensated for services is not liable for losses to the custodial property unless they result from bad faith, intentional wrongdoing, or gross negligence, or from failure to maintain the standard of prudence in investing the custodial property provided in this chapter.

NEW SECTION. Sec. 16. EXEMPTION OF THIRD PERSON FROM LIABILITY. A third person in good faith and without court order may act on the instructions of or otherwise deal with any person purporting to make a transfer or purporting to act in the capacity of a custodian or successor custodian and, in the absence of knowledge, is not responsible for determining:

(1) The validity of the purported custodian's designation;

(2) The propriety of, or the authority under this chapter for, any act of the purported custodian;

(3) The validity or propriety under this chapter of any instrument or instructions executed or given either by the person purporting to make a transfer or by the purported custodian; or

(4) The propriety of the application of any property of the minor delivered to the purported custodian.

NEW SECTION. Sec. 17. LIABILITY TO THIRD PERSONS. (1) A claim based on:

(a) A contract entered into by a custodian acting in a custodial capacity;

(b) An obligation arising from the ownership or control of custodial property;

(c) A tort committed during the custodianship, may be asserted against the custodial property by proceeding against the custodian in the custodial capacity, whether or not the custodian or the minor is personally liable therefor; or

(d) A noncontractual obligation, including obligations in tort, is collectible from the custodial property only if:

(i) The obligation was a common incident of the kind of business activity in which the custodian or the custodian's predecessor was properly engaged for the custodianship;

(ii) Neither the custodian nor the custodian's predecessor, nor any officer or employee of the custodian or the custodian's predecessor was personally at fault in incurring the obligation; or

(iii) Although the obligation did not fall within (d)(i) or (ii) of this subsection, the incident that gave rise to the obligation increased the value of the custodial property.

If the obligation is within (d)(i) or (ii) or this subsection, collection may be had of the full amount of damage proved. If the obligation is within (d)(iii) of this subsection, collection may be had only to the extent of the increase in the value of the trust property.

(2) A custodian is not personally liable:

(a) On a contract properly entered into in the custodial capacity unless the custodian fails to reveal that capacity. The addition of the words "custodian" or "as custodian" after the signature of a custodian is adequate revelation of this capacity; or

(b) For an obligation arising from control of custodial property or for a tort committed during the custodianship unless the custodial property is not liable for the obligation under (b) of this subsection and unless the custodian is personally at fault.

(3) A minor is not personally liable for an obligation arising from ownership of custodial property or for a tort committed during the custodianship unless the minor is personally at fault.

NEW SECTION. Sec. 18. RENUNCIATION, RESIGNATION, DEATH, OR REMOVAL OF CUSTODIAN--DESIGNATION OF SUCCESSOR CUSTODIAN. (1) A person nominated under section 3 of this act or designated under section 9 of this act as custodian may decline to serve. If the event giving rise to a transfer has not occurred and no substitute custodian able, willing, and eligible to serve was nominated under section 3 of this act, the person who made the nomination may nominate a substitute custodian under section 3 of this act; otherwise the transferor or the transferor's legal representative shall designate a substitute custodian at the time of the transfer, in either case from among the persons eligible to serve as custodian for that kind of property under section 9(1) of this act. The custodian so designated has the rights of a successor custodian.

(2) A custodian at any time may designate a trust company or an adult other than a transferor under section 4 of this act as successor custodian by executing and dating an instrument of designation. If the instrument of designation does not contain or is not accompanied by the resignation of the custodian, the designation of the successor does not take effect until the custodian resigns, dies, becomes incapacitated, or is removed, and custodial property is transferred to the successor custodian.

(3) A custodian may resign at any time by delivering written notice to the minor, if the minor has attained the age of fourteen years, and to the successor custodian, and by delivering the custodial property to the successor custodian.

(4) If a custodian is ineligible, dies, or becomes incapacitated and no successor custodian has been designated as provided in this chapter, and the minor has attained the age of fourteen years, the minor may designate as successor custodian, in the manner prescribed in subsection (2) of this section, an adult member of the minor's family, a guardian of the minor, or a trust company. If the minor has not attained the age of fourteen years or fails to act within sixty days after the ineligibility, death, or incapacity, the guardian of the minor becomes successor custodian. If the minor has no guardian or the guardian declines to act, the transferor, the legal representative of the transferor or of the custodian, an adult member of the minor's family, or any other interested person may petition the court to designate a successor custodian.

(5) A custodian who declines to serve under subsection (1) of this section or resigns under subsection (3) of this section, or the legal representative of a deceased or incapacitated custodian, as soon as practicable, shall put the custodial property and records in the possession and control of the successor custodian. The successor custodian by action may enforce the obligation to deliver custodial property and records and becomes responsible for each item as received.

(6) A transferor, the legal representative of a transferor, an adult member of the minor's family, a guardian of the minor, or the minor if the minor has attained the age of fourteen years may petition the court to remove the custodian for cause and to

designate a successor custodian other than a transferor under section 4 of this act or to require the custodian to give appropriate bond.

NEW SECTION. Sec. 19. ACCOUNTING BY AND DETERMINATION OF LIABILITY OF CUSTODIAN. (1) A minor who has attained the age of fourteen years, the minor's legal representative, an adult member of the minor's family, a transferor, or a transferor's legal representative may petition the court (a) for an accounting by the custodian or the custodian's legal representative; or (b) for a determination of responsibility, as between the custodial property and the custodian personally, for claims against the custodial property unless the responsibility has been adjudicated in an action under section 17 of this act to which the minor or the minor's legal representative was a party.

(2) A successor custodian may petition the court for an accounting by the predecessor custodian.

(3) The court, in a proceeding under this chapter or in any other proceeding, may require or permit the custodian or the custodian's legal representative to account.

(4) If a custodian is removed under section 18(6) of this act, the court shall require an accounting and order delivery of the custodial property and records to the successor custodian and the execution of all instruments required for transfer of the custodial property.

NEW SECTION. Sec. 20. TERMINATION OF CUSTODIANSHIP. Subject to section 22 of act, the custodian shall transfer in an appropriate manner the custodial property to the minor or to the minor's estate upon the earlier of:

(1) The minor's attainment of twenty-one years of age with respect to custodial property transferred under section 4 or 5 of this act;

(2) The minor's attainment of eighteen years of age with respect to custodial property transferred under section 6 or 7 of this act; or

(3) The minor's death.

NEW SECTION. Sec. 21. APPLICABILITY. This chapter applies to a transfer within the scope of section 2 of this act made after the effective date of section 2 of this act, if:

(1) The transfer purports to have been made under the Washington uniform gifts to minors act; or

(2) The instrument by which the transfer purports to have been made uses in substance the designation "as custodian under the uniform gifts to minors act" or "as custodian under the uniform transfers to minors act" of any other state, and the application of this chapter is necessary to validate the transfer.

NEW SECTION. Sec. 22. EFFECT ON EXISTING CUSTODIANSHIPS. (1) Any transfer of custodial property as now defined in this chapter made before the effective date of this section, is validated notwithstanding that there was no specific authority in the Washington uniform gifts to minors act for the coverage of custodial property of that kind or for a transfer from that source at the time the transfer was made.

(2) This chapter applies to all transfers made before the effective date of this section, in a manner and form prescribed in the Washington uniform gifts to minors act, except insofar as the application impairs constitutionally vested rights or extends the duration of custodianships in existence on the effective date of this section. However, as to any custodianship established after August 9, 1971, but prior to January 1, 1985, a minor has the right after attaining the age of eighteen to demand delivery from the custodian of all or any portion of the custodial property.

NEW SECTION. Sec. 23. UNIFORMITY OF APPLICATION AND CONSTRUCTION. This chapter shall be applied and construed to effectuate its general purpose to make uniform the law with respect to the subject of this chapter among states enacting it.

NEW SECTION. Sec. 24. SHORT TITLE. This chapter may be cited as the uniform transfers to minors act.

NEW SECTION. Sec. 25. CAPTIONS NOT LAW. Section headings as used in this chapter do not constitute any part of the law.

NEW SECTION. Sec. 26. SAVINGS. To the extent that this chapter, by virtue of section 22(2) of this act, does not apply to transfers made in a manner prescribed in the uniform gifts to minors act of Washington or to the powers, duties, and immunities conferred by transfers in that manner upon custodians and persons dealing with custodians, the repeal of the uniform gifts to minors act of Washington does not affect those transfers or those powers, duties, and immunities.

NEW SECTION. Sec. 27. The following acts or parts of acts are each repealed:

- (1) RCW 11.93.010 and 1985 c 30 s 12;
- (2) RCW 11.93.020 and 1985 c 30 s 13;

- (13) RCW 11.93.920 and 1985 c 30 s 24.

Sec. 28. RCW 11.76.095 and 1988 c 29 s 5 are each amended to read as follows:

When a decree of distribution is made by the court in administration upon a decedent's estate or when distribution is made by a personal representative under a nonintervention will and distribution is ordered under such decree or authorized under such nonintervention will to a person under the age of eighteen years, it shall be required that:

(1) The money be deposited in a bank or trust company or be invested in an account in an insured financial institution for the benefit of the minor subject to withdrawal only upon the order of the court in the original probate proceeding, or upon said minor's attaining the age of eighteen years and furnishing proof thereof satisfactory to the depository;

(2) A general guardian shall be appointed and qualify and the money or property be paid or delivered to such guardian prior to the discharge of the personal representative in the original probate proceeding; ~~((or))~~

(3) The provisions of ~~((either))~~ RCW 11.76.090 ~~((or 11.93.020(4)))~~ are complied with; or

(4) A custodian be selected and the money or property be transferred to the custodian subject to chapter 11.93 RCW.

Sec. 29. RCW 11.98.170 and 1985 c 30 s 59 are each amended to read as follows:

(1) Any life insurance policy or retirement plan payment provision may designate as beneficiary:

(a) A trustee named or to be named by will, and immediately after the proving of the will, the proceeds of such insurance or of such plan designated as payable to that trustee, in part or in whole, shall be paid to the trustee in accordance with the beneficiary designation, to be held and disposed of under the terms of the will governing the testamentary trust; or

(b) A trustee named or to be named under a trust agreement executed by the insured, the plan participant, or any other person, and the proceeds of such insurance or retirement plan designated as payable to such trustee, in part or in whole, shall be paid

to the trustee in accordance with the beneficiary designation, to be held and disposed of by the trustee as provided in such trust agreement; a trust is valid even if the only corpus consists of the right of the trustee to receive as beneficiary insurance or retirement plan proceeds; any such trustee may also receive assets, other than insurance or retirement plan proceeds, by testamentary disposition or otherwise and, unless directed otherwise by the transferor of the assets, shall administer all property of the trust according to the terms of the trust agreement.

(2) If no qualified trustee makes claim to the insurance policy or retirement plan proceeds from the insurance company or the plan administrator within twelve months after the death of the insured or plan participant, determination of the proper recipient of the proceeds shall be made pursuant to the judicial or nonjudicial dispute resolution procedures of chapter 11.96 RCW, unless prior to the institution of the judicial procedures, a qualified trustee makes claim to the proceeds, except that (a) if satisfactory evidence is furnished the insurance company or plan administrator within the twelve-month period showing that no trustee can or will qualify to receive such proceeds, payment shall be made to those otherwise entitled to the proceeds under the terms of the policy or retirement plan, including the terms of the beneficiary designation except that (b) if there is any dispute as to the proper recipient of insurance policy or retirement plan proceeds, the dispute shall be resolved pursuant to the judicial or nonjudicial resolution procedures in chapter 11.96 RCW.

(3) The proceeds of the insurance or retirement plan as collected by the trustee are not subject to debts of the insured or the plan participant to any greater extent than if the proceeds were payable to any named beneficiary other than the personal representative or the estate of the insured or of the plan participant.

(4) For purposes of this section the following definitions apply:

(a) "Plan administrator" means the person upon whom claim must be made in order for retirement plan proceeds to be paid upon the death of the plan participant.

(b) "Retirement plan" means any plan, account, deposit, annuity, or benefit, other than a life insurance policy, that provides for payment to a beneficiary designated by the plan participant for whom the plan is established. The term includes, without limitation, such plans regardless of source of funding, and, for example, includes pensions, annuities, stock bonus plans, employee stock ownership plans, profit sharing plans, self-employed retirement plans, individual retirement accounts, individual retirement annuities, and retirement bonds, as well as any other retirement plan or program.

(c) "Trustee" includes any custodian under chapter ~~((11.93))~~ 11.--RCW (sections 1 through 26 of this 1991 act) or any similar statutory provisions of any other state and the terms "trust agreement" and "will" refer to the provisions of chapter ~~((11.93))~~ 11.-- RCW (sections 1 through 26 of this 1991 act) or such similar statutory provisions of any other state.

(5) Enactment of this section does not invalidate life insurance policy or retirement plan beneficiary designations executed prior to January 1, 1985, naming a trustee established by will or by trust agreement.

Sec. 30. RCW 67.70.220 and 1985 c 7 s 128 are each amended to read as follows:

If the person entitled to a prize is under the age of eighteen years, and such prize is less than five thousand dollars, the director may direct payment of the prize by delivery to an adult member of the minor's family or a guardian of the minor of a check or draft payable to the order of such minor. If the person entitled to a prize is under the age of eighteen years, and such prize is five thousand dollars or more, the director may direct payment to such minor by depositing the amount of the prize in any bank to the credit of an adult member of the minor's family or a guardian of the minor as custodian for such minor. The person so named as custodian shall have the same duties and powers as a person designated as a custodian in a manner prescribed by the Washington uniform ~~((gifts))~~ transfers to minors act, chapter ((11.93)) 11.-- RCW (sections 1 through 26 of

this 1991 act), and for the purposes of this section the terms "adult member of a minor's family," "guardian of a minor," and "bank" shall have the same meaning as in chapter (11.93) 11.-- RCW (sections 1 through 26 of this 1991 act). The commission and the director shall be discharged of all further liability upon payment of a prize to a minor pursuant to this section.

NEW SECTION. Sec. 31. RCW 11.76.090 and 1988 c 29 s 4, 1974 ex.s. c 117 s 11, 1971 c 28 s 2, & 1965 c 145 s 11.76.090 are each repealed.

Sec. 32. RCW 11.92.140 and 1990 c 122 s 32 are each amended to read as follows:

The court, upon the petition of a guardian of the estate of an incapacitated person other than the guardian of a minor, and after such notice as the court directs and other notice to all persons interested as required by chapter 11.96 RCW, may authorize the guardian to take any action, or to apply funds not required for the incapacitated person's own maintenance and support, in any fashion the court approves as being in keeping with the incapacitated person's wishes so far as they can be ascertained and as designed to minimize insofar as possible current or prospective state or federal income and estate taxes, permit entitlement under otherwise available federal or state medical or other assistance programs, and to provide for gifts to such charities, relatives, and friends as would be likely recipients of donations from the incapacitated person.

The action or application of funds may include but shall not be limited to the making of gifts, to the conveyance or release of the incapacitated person's contingent and expectant interests in property including marital property rights and any right of survivorship incident to joint tenancy or tenancy by the entirety, to the exercise or release of the incapacitated person's powers as donee of a power of appointment, the making of contracts, the creation of revocable or irrevocable trusts of property of the incapacitated person's estate which may extend beyond the incapacitated person's disability or life, the establishment of custodianships for the benefit of a minor under chapter 11.93 RCW, the Washington uniform transfers to minors act, the exercise of options of the incapacitated person to purchase securities or other property, the exercise of the incapacitated person's right to elect options and to change beneficiaries under insurance and annuity policies and the surrendering of policies for their cash value, the exercise of the incapacitated person's right to any elective share in the estate of the incapacitated person's deceased spouse, and the renunciation or disclaimer of any interest acquired by testate or intestate succession or by inter vivos transfer.

The guardian in the petition shall briefly outline the action or application of funds for which approval is sought, the results expected to be accomplished thereby and the savings expected to accrue. The proposed action or application of funds may include gifts of the incapacitated person's personal or real property. Gifts may be for the benefit of prospective legatees, devisees, or heirs apparent of the incapacitated person, or may be made to individuals or charities in which the incapacitated person is believed to have an interest. Gifts may or may not, in the discretion of the court, be treated as advancements to donees who would otherwise inherit property from the incapacitated person under the incapacitated person's will or under the laws of descent and distribution. The guardian shall also indicate in the petition that any planned disposition is consistent with the intentions of the incapacitated person insofar as the intentions can be ascertained, and if the incapacitated person's intentions cannot be ascertained, the incapacitated person will be presumed to favor reduction in the incidence of the various forms of taxation and the partial distribution of the incapacitated person's estate as provided in this section. The guardian shall not, however, be required to include as a beneficiary any person whom there is reason to believe would be excluded by the incapacitated person. No guardian may be required to file a petition as provided in this section, and a failure or refusal to so petition the court does not constitute a breach of the guardian's fiduciary duties.

NEW SECTION. Sec. 33. Sections 1 through 26 of this act shall constitute a new chapter in Title 11 RCW.

NEW SECTION. Sec. 34. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect July 1, 1991.

NEW SECTION. Sec. 35. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected."

and welfare. Providing additional incentive for individuals to wear safety belts furthers the legislatures interest in protecting human life. The protection provided by this act is particularly important for those individuals less able to make a decision to wear a safety belt, passengers under the age of sixteen years and the unborn life carried by a pregnant passenger. In view of the legislature's intent to protect human life, it is incompatible that the legislature provide funding to any program administered in whole or in part by the state, that directly harms a human life, including the voluntary termination of a pregnancy."

POINT OF ORDER

SUBSTITUTE HOUSE BILL NO. 1649, by House Committee on Environmental Affairs (originally sponsored by Representative Rust; by request of Department of Ecology and Office of Financial Management)

Updating municipality water discharge fees.

The House resumed consideration of Substitute House Bill No. 1649 on second reading.

The Speaker stated the question before the House to be the Point of Order by Representative Rust regarding the scope and object of the amendment on page 2, line 26 by Representatives Chandler and Van Luven.

SPEAKER'S RULING

The Speaker: The Speaker has examined a Point of Order on Substitute House Bill No. 1649 raised by Representative Rust. The original substitute bill was very simple and very clear. It raises to fifteen cents per residence per month the amount that can be charged as the maximum fee for municipal domestic wastewater facility permits. That was the intent of the bill. The Speaker has examined the amendment and asks the basic question of whether or not the amendment perfects what we initially tried to do, or does it bring in a new subject. This amendment brings in a new subject. It notifies the department that cost recovery for permits for indirect dischargers who send wastewater directly to a municipal wastewater treatment facility should be related to the expense of administration. Again, the Speaker rules that this brings in an additional subject. It doesn't perfect the original intention, which was simply to raise the fee to fifteen cents. Representative Rust, the Speaker finds that your point is well taken; that the amendment is outside the scope and object of the original legislation.

With consent of the House, the rules were suspended, the second reading considered the third, and the bill was placed on final passage.

Ms. Rust spoke in favor of passage of the bill.

POINT OF ORDER

Mr. Braddock: Mr. Speaker, with deep regret I request a ruling on scope and object of this amendment.

SPEAKER'S RULING

The Speaker: Representative Braddock, the Speaker has examined Substitute House Bill No. 1931 and the amendment offered by Representatives O'Brien and May. The bill is clear and straight forward--an act relating to limits on nonprofit raffles. All the bill does is raise the exemption from five to ten thousand dollars on the raffles. The amendment applies to a tax exemption for auctions. The Speaker finds that the amendment does not perfect; it brings in an additional subject. I find, Representative Braddock, that your point is well taken. The amendment offered by Representatives O'Brien and May is outside the scope and object of the original bill.

With consent of the House, the rules were suspended, the second reading considered the third, and the bill was placed on final passage.

Ms. Brough spoke in favor of passage of the bill.

ROLL CALL

The Speaker stated the question before the House to the Point of Order by Representative Spanel regarding the scope and object of the amendment by on page 10, after line 24, by Representative R. King.

SPEAKER'S RULING

The Speaker: Representative Spanel, the Speaker has examined Substitute House Bill No. 1915 and the amendment offered by Representative R. King. The legislation deals with services that a county mental health program will provide for employment services, which may include several subjects. The amendment offered by Representative R. King authorizes the Secretary of the Department of Social and Health Services to establish student loan forgiveness and conditional scholarship programs to recruit and retain community mental health professionals. I think the amendment clearly introduces a new subject; it does not perfect the original intent of the legislation. Representative Spanel, I find that your point is well taken. The amendment is outside the scope and object of the original bill.

With consent of the House, the rules were suspended, the second reading considered the third, and the bill was placed on final passage.

Representatives R. King and Winsley spoke in favor of passage of the bill.

POINT OF ORDER

Mr. Pruitt: Mr. Speaker, I request a ruling on scope and object of this amendment.

The Speaker resumed the Chair.

SPEAKER'S RULING

The Speaker: Representative Pruitt, the Speaker has examined both Substitute House Bill No. 1653 and the amendments offered by Representative Brough. The bill talks about employees being able to take time off for a number of specified duties, basically volunteering somewhere in the educational system. The amendments, while it looks a little bit parallel in offering a new reason for giving an employee some time off, bring in an entirely new subject-- a major change in who can teach in a classroom. I find that the amendment is not perfecting; it brings in a whole new subject. Representative Pruitt, I find that your point is well taken. The amendment is outside the scope and object of the original bill.

Further, the legislature declares that the addition of public members on all health care boards can give both the state and the public, which it has a statutory responsibility to protect, assurances of accountability and confidence in the various practices of health care.

NEW SECTION. Sec. 2. A new section is added to chapter 18.130 RCW to read as follows:

If an individual licensed in another state, that has licensing standards substantially equivalent to Washington, applies for a license, the disciplining authority shall issue a temporary practice permit authorizing the applicant to practice the profession pending completion of documentation that the applicant meets the requirements for a license and is also not subject to denial of a license or issuance of a conditional license under this chapter. The temporary permit may reflect statutory limitations on the scope of practice. The permit shall be issued only upon the disciplining authority receiving verification from the states in which the applicant is licensed that the applicant is currently licensed and is not subject to charges or disciplinary action for unprofessional conduct or impairment. Notwithstanding RCW 34.05.422(3), the disciplining authority shall establish, by rule, the duration of the temporary practice permits. Failure to surrender the permit is a misdemeanor under RCW 9A.20.010 and shall be unprofessional conduct under this chapter. The issuance of temporary permits is subject to the provisions of this chapter, including summary suspensions.

"PART 2

STATE-WIDE HEALTH PERSONNEL RESOURCE PLAN"

NEW SECTION. Sec. 3. INTENT. The legislature finds that certain health care professional shortages exist and result in entire communities or specific populations within communities not having access to basic health care services. The legislature further finds that the state currently does not have a state-wide comprehensive and systematic policy for the purpose of identifying shortages and designing and implementing activities to address shortages. The legislature declares that the establishment of higher educational programming and other activities necessary to address health professional shortages should be a state policy concern and that a means to accomplish this in a manner so as not to impair the high quality of current higher education programming and activities should be established. The legislature further declares that the development of state policy on professional shortages should involve close coordination and consultation between state government, institutions of higher education that conduct health care research and train health care professionals, health care service providers, consumers, and others. The legislature further declares that the health care needs of the people of this state should be a primary factor determining state policymaking designed to address health professional shortages.

NEW SECTION. Sec. 4. STATE-WIDE HEALTH PERSONNEL RESOURCE PLAN. (1) The higher education coordinating board, the state board for community college education, the superintendent of public instruction, the state department of health, and the state department of social and health services, to be known for the purposes of this section as the committee, shall, in consultation with the higher education institutions and appropriate entities, establish a state-wide health personnel resource plan. The governor shall appoint a lead agency from one of the agencies on the committee. When establishing and implementing the state-wide health personnel resource plan the

(2) The committee shall include in the state-wide health resource plan the following:

(a) Identification of the type, number, and location of the health care professional work force necessary to meet health care needs of the state. This should include a description of the data, methodology, and process used to make such determinations.

(b) A centralized inventory of the numbers of student applications to higher education and vocational technical training and education programs, yearly enrollments, yearly degrees awarded, and numbers on waiting lists for all the state's publicly funded health care training and education programs. The committee shall request similar information for incorporation into the inventory from private higher education and vocational technical training and education programs.

(c) A description of state-wide and local specialized provider training needs to meet the health care needs of target populations and a plan to meet such needs in a cost-effective and accessible manner.

(f) An analysis of the need for educational articulation within the various health care disciplines and a plan for addressing the need.

(g) An analysis of the training needs of those members of the long-term care profession that are not regulated and that have no formal training requirements.

(m) A description of the estimated fiscal requirements for implementation of the state-wide health resource plan.

(3) The committee may call upon other agencies of the state to provide available information to assist the committee in meeting the responsibilities under this chapter.

This information shall be supplied as promptly as circumstances permit and to the extent that funds are available.

(4) State agencies involved in the development of the plan shall to the extent possible utilize existing personnel and financial resources in the development and implementation of the state-wide health personnel resource plan.

(5) The state-wide health resource plan shall be submitted to the governor by July 1, 1992, and updated by July 1 of each even-numbered year. The governor, no later than December 1 of that year, shall approve, approve with modifications, or disapprove the state-wide health resource plan.

(d) A description of policies for permitting academic credit for academically supervised internships.

(e) A description of a plan for making internships and residency programs geographically accessible to the extent practicable.

(f) An analysis of articulation within health care disciplines.

(g) Funding requirements to implement the plans. Plans shall be incorporated into the biennial budget submissions of each four-year higher education institution.

(10) Each publicly funded four-year institution of higher education authorized under Title 28B RCW that offers health training and education programs shall biennially prepare and submit an institutional plan to the higher education coordinating board as part of the institution's biennial budget submission. The institutional plan shall identify programming and activities of the institution that address the higher education portion of the state-wide health professional resource plan listed in subsection (9) of this section. The higher education coordinating board shall assess whether it meets the criteria and standards developed in the state-wide plan. The institutional plans shall become part of the state-wide resource plan and shall be implemented as additional resources are appropriated.

The department shall consider the relative degree of shortages among professions when determining eligibility. This determination shall be based upon health professional shortage needs identified in the health personnel resource plan authorized by section 4 of this act. Payments shall be made quarterly, or more frequently if deemed appropriate by the board, to the participant until the loan is repaid or the participant becomes ineligible due to discontinued service in a health professional shortage area or after the ~~((fifth year of services))~~ required service obligation when eligibility discontinues, whichever comes first.

~~((6))~~ (5) Should the participant discontinue service in a health professional shortage area payments against the loans of the participants shall cease to be effective on the date that the participant discontinues service.

~~((7))~~ (6) Except for circumstances beyond their control, participants who serve less than ~~((three years))~~ the required service obligation shall be obligated to repay to the program an amount equal to twice the total amount paid by the program on their behalf in addition to any payments on the unsatisfied portion of the principal and interest. The board shall determine the applicability of this subsection.

~~((8))~~ (7) The board is responsible for the collection of payments made on behalf of participants from the participants who discontinue service before ~~((their three year))~~ completion of the required service obligation. The board shall exercise due diligence in such collection, maintaining all necessary records to ensure that the maximum amount of payment made on behalf of the participant is recovered. Collection under this section shall be pursued using the full extent of the law, including wage garnishment if necessary.

~~((9))~~ (8) The board shall not be held responsible for any outstanding payments on principal and interest to any lenders once a participant's eligibility expires.

NEW SECTION. Sec. 16. PARTICIPANT OBLIGATION--SCHOLARSHIPS.

(1) Participants in the health professional loan repayment and scholarship program who are awarded scholarships incur an obligation to repay the scholarship, with interest, unless they serve the required service obligation in a health professional shortage area in the state of Washington.

(2) The terms of the repayment, including deferral and rate of interest, shall be consistent with the terms of the federal guaranteed student loan program.

(3) The period for repayment shall coincide with the required service obligation, with payments accruing quarterly commencing no later than nine months from the date the participant completes or discontinues the course of study or completes or discontinues the required residency.

(4) The entire principal and interest of each payment shall be forgiven for each payment period in which the participant serves in a health professional shortage area until the entire repayment obligation is satisfied or the borrower ceases to so serve. Should the participant cease to serve in a health professional shortage area of this state before the participant's repayment obligation is completed, payments on the unsatisfied portion of the principal and interest shall begin the next payment period and continue until the

(5) The board is responsible for collection of repayments made under this section and shall exercise due diligence in such collection, maintaining all necessary records to ensure that maximum repayments are made. Collection and servicing of repayments under this section shall be pursued using the full extent of the law, including wage garnishment if necessary, and shall be performed by entities approved for such servicing by the Washington student loan guaranty association or its successor agency. The board is responsible to forgive all or parts of such repayments under the criteria established in this section and shall maintain all necessary records of forgiven payments.

(6) Receipts from the payment of principal or interest or any other subsidies to which the board as administrator is entitled, which are paid by or on behalf of participants under this section, shall be deposited with the board and shall be used to cover the costs of granting the scholarships, maintaining necessary records, and making collections under subsection (5) of this section. The board shall maintain accurate records of these costs, and all receipts beyond those necessary to pay such costs shall be used to grant scholarships to eligible students.

(7) Sponsoring communities who financially contribute to the eligible financial expenses of eligible medical students may enter into agreements with the student to require repayment should the student not serve the required service obligation in the community as a primary care physician. The board may develop criteria for the content of such agreements with respect to reasonable provisions and obligations between communities and eligible students.

(8) The board may make exceptions to the conditions for participation and repayment obligations should circumstances beyond the control of individual participants warrant such exceptions.

Sec. 17. RCW 28B.20.500 and 1990 c 271 s 9 are each amended to read as follows:

The school of medicine at the University of Washington shall develop and implement a policy to grant admission preference to prospective medical students from rural areas of the state who agree to serve for at least five years as primary care physicians in rural areas of Washington after completion of their medical education and have applied for and meet the qualifications of the program under ~~((RCW 70.180.050))~~ chapter 28B.50 (codified pursuant to section 26 of this act). Should the school of medicine be unable to fill any or all of the admission openings due to a lack of applicants from rural areas who meet minimum qualifications for study at the medical school, it may admit students not eligible for preferential admission under this section.

Sec. 18. RCW 70.180.005 and 1990 c 271 s 1 are each amended to read as follows:

The legislature finds that a health care access problem exists in rural areas of the state ~~((due to a lack of practicing physicians, physician assistants, pharmacists, and advanced registered nurse practitioners. In addition, many of these))~~ because rural health care providers are unable to leave the community for short-term periods of time to attend required continuing education training or for personal matters because their absence would leave the community without adequate medical care coverage. The lack of adequate medical coverage in geographically remote rural communities constitutes a threat to the health and safety of the people in those communities.

The legislature declares that it is in the public interest to recruit and maintain a pool of physicians, physician assistants, pharmacists, and advanced registered nurse practitioners willing and able on short notice to practice in rural communities on a short-term basis to meet the medical needs of the community.

NEW SECTION. Sec. 19. DEDICATED ACCOUNT--TRUST FUND. (1) Any funds appropriated by the legislature for the health professional loan repayment and scholarship program or any other public or private funds intended for loan repayments or scholarships under this program shall be placed in the account created by this section.

(2) The health professional loan repayment and scholarship program fund is created in custody of the state treasurer. All receipts from the program shall be deposited into the fund. Only the higher education coordinating board, or its designee, may authorize expenditures from the fund. The fund is subject to allotment procedures under chapter 43.88 RCW, but no appropriation is required for expenditures.

NEW SECTION. Sec. 20. A new section is added to chapter 70.180 RCW to read as follows:

The following conduct, acts, or conditions constitute unprofessional conduct for any license holder or applicant under the jurisdiction of this chapter:

(1) The commission of any act involving moral turpitude, dishonesty, or corruption relating to the practice of the person's profession, whether the act constitutes a crime or not. If the act constitutes a crime, conviction in a criminal proceeding is not a condition precedent to disciplinary action. Upon such a conviction, however, the judgment and sentence is conclusive evidence at the ensuing disciplinary hearing of the guilt of the license holder or applicant of the crime described in the indictment or information, and of the person's violation of the statute on which it is based. For the purposes of this section, conviction includes all instances in which a plea of guilty or nolo contendere is the basis for the conviction and all proceedings in which the sentence has been deferred or suspended. Nothing in this section abrogates rights guaranteed under chapter 9.96A RCW;

(2) Misrepresentation or concealment of a material fact in obtaining a license or in reinstatement thereof;

(3) All advertising which is false, fraudulent, or misleading;

(4) Incompetence, negligence, or malpractice which results in injury to a patient or which creates an unreasonable risk that a patient may be harmed. The use of a nontraditional treatment by itself shall not constitute unprofessional conduct, provided that it does not result in injury to a patient or create an unreasonable risk that a patient may be harmed;

(5) Suspension, revocation, or restriction of the individual's license to practice the profession by competent authority in any state, federal, or foreign jurisdiction, a certified copy of the order, stipulation, or agreement being conclusive evidence of the revocation, suspension, or restriction;

(6) The possession, use, prescription for use, or distribution of controlled substances or legend drugs in any way other than for legitimate or therapeutic purposes, diversion of controlled substances or legend drugs, the violation of any drug law, or prescribing controlled substances for oneself;

(7) Violation of any state or federal statute or administrative rule regulating the profession in question, including any statute or rule defining or establishing standards of patient care or professional conduct or practice;

- (8) Failure to cooperate with the disciplining authority by:
- (a) Not furnishing any papers or documents;
 - (b) Not furnishing in writing a full and complete explanation covering the matter contained in the complaint filed with the disciplining authority; or
 - (c) Not responding to subpoenas issued by the disciplining authority, whether or not the recipient of the subpoena is the accused in the proceeding;
- (9) Failure to comply with an order issued by the disciplining authority or an assurance of discontinuance entered into with the disciplining authority;
- (10) Aiding or abetting an unlicensed person to practice when a license is required;
- (11) Violations of rules established by any health agency;
- (12) Practice beyond the scope of practice as defined by law or rule;
- (13) Misrepresentation or fraud in any aspect of the conduct of the business or profession;
- (14) Failure to adequately supervise auxiliary staff to the extent that the consumer's health or safety is at risk;
- (15) Engaging in a profession involving contact with the public while suffering from a contagious or infectious disease involving serious risk to public health;
- (16) Promotion for personal gain of any unnecessary or inefficacious drug, device, treatment, procedure, or service;
- (17) Conviction of any gross misdemeanor or felony relating to the practice of the person's profession. For the purposes of this subsection, conviction includes all instances in which a plea of guilty or nolo contendere is the basis for conviction and all proceedings in which the sentence has been deferred or suspended. Nothing in this section abrogates rights guaranteed under chapter 9.96A RCW;
- (18) The procuring, or aiding or abetting in procuring, a criminal abortion;
- (19) The offering, undertaking, or agreeing to cure or treat disease by a secret method, procedure, treatment, or medicine, or the treating, operating, or prescribing for any health condition by a method, means, or procedure which the licensee refuses to divulge upon demand of the disciplining authority;
- (20) The willful betrayal of a practitioner-patient privilege as recognized by law;
- (21) Violation of chapter 19.68 RCW;
- (22) Interference with an investigation or disciplinary proceeding by willful misrepresentation of facts before the disciplining authority or its authorized representative, or by the use of threats or harassment against any patient or witness to prevent them from providing evidence in a disciplinary proceeding or any other legal action;
- (23) Current misuse of:
- (a) Alcohol;
 - (b) Controlled substances; or
 - (c) Legend drugs;
- (24) Abuse of a client or patient or sexual contact with a client or patient.
- NEW SECTION.** Sec. 30. Section captions and part headings as used in sections 3, 4, 10 through 12, 14, 16, 19 through 24, and 25 through 30 of this act constitute no part of the law.
- NEW SECTION.** Sec. 31. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately.
- NEW SECTION.** Sec. 32. If funding for the purposes of sections 1 through 28 this act, referencing sections 1 through 28 of this act by bill number, is not provided by June 30, 1991, in the omnibus appropriations act, sections 1 through 28 of this act shall be null and void.

NEW SECTION. Sec. 1. A new section is added to chapter 43.21F RCW to read as follows:

DEVELOPMENT OF STATE ENERGY STRATEGY. (1) The state energy office shall develop a state energy strategy under the guidance of an advisory committee. The advisory committee shall include nineteen members and represent different regions of the state, including fourteen citizens appointed by the governor from the following groups: One person recommended by the investor-owned electric utilities, one person recommended by the investor-owned natural gas utilities, one person recommended by the suppliers of petroleum products, one person recommended by municipally owned electric utilities, one person recommended by the public utility districts, one person recommended by industrial energy users, one person recommended by commercial energy users, one person recommended by agricultural energy users, one person recommended by the association of Washington cities, one person recommended by the Washington association of counties, two persons recommended by civic organizations, and two persons recommended by environmental organizations. In addition, the advisory committee shall include one of the representatives of the state of Washington to the Pacific Northwest electric power and conservation planning council selected by the governor; the chair of the energy facility site evaluation council; one member of the utilities and transportation commission selected by the chair of the commission; one member of the house of representatives selected by the speaker of the house of representatives; and one member of the senate selected by the majority leader of the senate. The chair of the advisory committee will be appointed by the governor from citizen members. The director may establish technical advisory groups as necessary to assist in the development of the strategy. The director shall provide for extensive public involvement throughout the development of the strategy.

(2) The state energy strategy shall consider all forms of energy and each major sector of energy consumption and shall:

(a) Assess future needs of the state and future resources available for use in the state for each form of energy;

(b) Identify measures to assist in maintaining adequate, reliable, secure, economic, and environmentally acceptable supplies;

(c) Identify and, to the extent possible, quantify the costs and benefits of energy alternatives including direct economic costs and benefits, environmental costs and benefits, and the costs of inadequate or unreliable energy supplies;

(d) Develop a framework in which public decisions and actions affecting energy supply and use can be evaluated including the impact of decisions in other areas of public policy on energy supply and cost and on the use of energy and the establishment of goals to guide energy-related decisions;

(e) Evaluate the future role of the state energy office and means of financing those activities determined essential to that role; and

(f) Recommend energy goals and policies to the governor and the legislature.

(3) In developing the state energy strategy, the state energy office shall:

(a) Ensure that the information developed is objective and impartial and facilitates the effective and efficient operation of such energy markets as may exist and recognizes and conforms to the pattern of regulation governing public service companies but shall not mandate the use of one energy source over another;

(b) Draw upon existing public and private sector information and expertise in energy matters to the fullest extent possible through consultation and cooperation;

(c) Recognize the planning horizons required for each segment of the energy industry and the need for state actions and decisions to take those planning horizons into consideration; and

(d) Ensure that the strategy is coordinated with the energy planning activities of federal, state, and private entities and does not duplicate what is already available.

(4) The energy office shall provide a progress report to the house of representatives and senate committees on energy and utilities in January 1992. A final report shall be provided to the governor and the legislature by December 1, 1992.

NEW SECTION. Sec. 2. DEFINITIONS. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Cogeneration" means the sequential generation of two or more forms of energy from a common fuel or energy source. If these forms are electricity and thermal energy, then the operating and efficiency standards established by 18 C.F.R. Sec. 292.205 and the definitions established by 18 C.F.R. Sec. 292.202 (c) through (m) apply.

(2) "Conservation" means reduced energy consumption or energy cost, or increased efficiency in the use of energy, and activities, measures, or equipment designed to achieve such results, but does not include thermal or electric energy production from cogeneration.

(3) "Cost-effective" means that the present value to a state agency or school district of the energy reasonably expected to be saved or produced by a facility, activity, measure, or piece of equipment over its useful life, including any compensation received from a utility or the bonnevillie power administration, is greater than the net present value of the costs of implementing, maintaining, and operating such facility, activity, measure, or piece of equipment over its useful life, when discounted at the cost of public borrowing.

(4) "Energy" means energy as defined in RCW 43.21F.025(1).

(5) "Energy efficiency" means a conservation or cogeneration project.

(6) "Energy office" means the Washington state energy office.

(7) "Performance-based contracting" means contracts for which payment is conditional on achieving contractually specified energy savings.

(8) "Public facility" means a building or structure, or a group of buildings or structures at a single site, owned by a state agency or school district.

(9) "State agency" means every state office or department, whether elective or appointive, state institutions of higher education, and all boards, commissions, or divisions of state government, however designated.

(10) "State facility" means a building or structure, or a group of buildings or structures at a single site, owned by a state agency.

(11) "Utility" means privately or publicly owned electric and gas utilities, electric cooperatives and mutuals, whether located within or without Washington state.

(12) "Local utility" means the utility or utilities in whose service territory a public facility is located.

NEW SECTION. Sec. 3. CONSERVATION PROJECTS: ROLES AND RESPONSIBILITIES. (1) Each state agency and school district shall implement cost-effective conservation improvements and maintain efficient operation of its facilities in order to minimize energy consumption and related environmental impacts and reduce operating costs.

(2) The energy office shall assist state agencies and school districts in identifying, evaluating, and implementing cost-effective conservation projects at their facilities. The assistance shall include the following:

(a) Notifying state agencies and school districts of their responsibilities under this chapter;

(b) Apprising state agencies and school districts of opportunities to develop and finance such projects;

(c) Providing technical and analytical support, including procurement of performance-based contracting services;

(d) Reviewing verification procedures for energy savings; and

(e) Assisting in the structuring and arranging of financing for cost-effective conservation projects.

(3) Conservation projects implemented under this chapter shall have appropriate levels of monitoring to verify the performance and measure the energy savings over the life of the project. The energy office shall solicit involvement in program planning and implementation from utilities and other energy conservation suppliers, especially those that have demonstrated experience in performance-based energy programs.

(4) The energy office shall comply with the requirements of chapter 39.80 RCW when contracting for architectural or engineering services.

(5) The energy office shall recover any costs and expenses it incurs in providing assistance pursuant to this section, including reimbursement from third parties participating in conservation projects. The energy office shall enter into a written agreement with the state agency or school district for the recovery of costs.

NEW SECTION. Sec. 4. COORDINATION OF CONSERVATION DEVELOPMENT WITH UTILITIES. (1) The energy office shall consult with the local utilities to develop priorities for energy conservation projects pursuant to this chapter, cooperate where possible with existing utility programs, and consult with the local utilities prior to implementing projects in their service territory.

(2) A local utility shall be offered the initial opportunity to participate in the development of conservation projects in the following manner:

(a) Before initiating projects in a local utility service territory, the energy office shall notify the local utility in writing, on an annual basis, of public facilities in the local utility's service territory at which the energy office anticipates cost-effective conservation projects will be developed.

(b) Within sixty days of receipt of this notification, the local utility may express interest in these projects by submitting to the energy office a written description of the role the local utility is willing to perform in developing and acquiring the conservation at these facilities. This role may include any local utility conservation programs which would be available to the public facility, any competitive bidding or solicitation process which the local utility will be undertaking in accordance with the rules of the utilities and transportation commission or the public utility district, municipal utility, cooperative, or

mutual governing body for which the public facility would be eligible, or any other role the local utility may be willing to perform.

(c) Upon receipt of the written description from the local utility, the energy office shall, through discussions with the local utility, and with involvement from state agencies and school districts responsible for the public facilities, develop a plan for coordinated delivery of conservation services and financing or make a determination of whether to participate in the local utility's competitive bidding or solicitation process. The plan shall identify the local utility in roles that the local utility is willing to perform and that are consistent with the provisions of section 5(2) (d) and (e) of this act.

NEW SECTION. Sec. 5. SALE OF CONSERVED ENERGY. (1) It is the intent of this chapter that the state, state agencies, and school districts are compensated fairly for the energy savings provided to utilities and be allowed to participate on an equal basis in any utility conservation program, bidding, or solicitation process. State agencies and school districts shall not receive preferential treatment. For the purposes of this section, any type of compensation from a utility or the bonneville power administration intended to achieve reductions or efficiencies in energy use which are cost-effective to the utility or the bonneville power administration shall be regarded as a sale of energy savings. Such compensation may include credits to the energy bill, low or no interest loans, rebates, or payment per unit of energy saved. The energy office shall, in coordination with utilities, the bonneville power administration, state agencies, and school districts, facilitate the sale of energy savings at public facilities including participation in any competitive bidding or solicitation which has been agreed to by the state agency or school district. Energy savings may only be sold to local utilities or, under conditions specified in this section, to the bonneville power administration. The energy office shall not attempt to sell energy savings occurring in one utility service territory to a different utility. Nothing in this chapter mandates that utilities purchase the energy savings.

(2) To ensure an equitable allocation of benefits to the state, state agencies, and school districts, the following conditions shall apply to transactions between utilities or the bonneville power administration and state agencies or school districts for sales of energy savings:

(a) A transaction shall be approved by both the energy office and the state agency or school district.

(b) The energy office and the state agency or school district shall work together throughout the planning and negotiation process for such transactions unless the energy office determines that its participation will not further the purposes of this section.

(c) Before making a decision under (d) of this subsection, the energy office shall review the proposed transaction for its technical and economic feasibility, the adequacy and reasonableness of procedures proposed for verification of project or program performance, the degree of certainty of benefits to the state, state agency, or school district, the degree of risk assumed by the state or school district, the benefits offered to the state, state agency, or school district and such other factors as the energy office determines to be prudent.

(d) The energy office shall approve a transaction unless it finds, pursuant to the review in (c) of this subsection, that the transaction would not result in an equitable allocation of costs and benefits to the state, state agency, or school district, in which case the transaction shall be disapproved.

(e) In addition to the requirements of (c) and (d) of this subsection, in areas in which the bonneville power administration has a program for the purchase of energy savings at public facilities, the energy office shall approve the transaction unless the local utility cannot offer a benefit substantially equivalent to that offered by the bonneville power administration, in which case the transaction shall be disapproved. In determining whether the local utility can offer a substantially equivalent benefit, the energy office shall consider the net present value of the payment for energy savings; any goods, services, or

financial assistance provided by the local utility; and any risks borne by the local utility. Any direct negative financial impact on a nongrowing, local utility shall be considered.

(3) Any party to a potential transaction may, within thirty days of any decision to disapprove a transaction made pursuant to subsection (2) (c), (d), or (e) of this section, request an independent reviewer who is mutually agreeable to all parties to the transaction to review the decision. The parties shall within thirty days of selection submit to the independent reviewer documentation supporting their positions. The independent reviewer shall render advice regarding the validity of the disapproval within an additional thirty days.

NEW SECTION. Sec. 6. AUTHORITIES OF STATE AGENCIES AND SCHOOL DISTRICTS TO IMPLEMENT CONSERVATION. In addition to any other authorities conferred by law:

(1) The energy office, with the consent of the state agency or school district responsible for a facility, a state or regional university acting independently, and any other state agency acting through the department of general administration or as otherwise authorized by law, may:

(a) Develop and finance conservation at public facilities in accordance with express provisions of this chapter;

(b) Contract for energy services, including performance-based contracts; and

(c) Contract to sell energy savings from a conservation project at public facilities to local utilities or the bonneville power administration.

(2) A state or regional university acting independently, and any other state agency acting through the department of general administration or as otherwise authorized by law, may undertake procurements for third-party development of conservation at its facilities.

(3) A school district may:

(a) Develop and finance conservation at school district facilities;

(b) Contract for energy services, including performance-based contracts at school district facilities; and

(c) Contract to sell energy savings from energy conservation projects at school district facilities to local utilities or the bonneville power administration directly or to local utilities or the bonneville power administration through third parties.

(4) In exercising the authority granted by subsections (1), (2), and (3) of this section, a school district or state agency must comply with the provisions of section 5 of this act.

NEW SECTION. Sec. 7. AUTHORITY TO FINANCE CONSERVATION IN SCHOOL DISTRICTS AND STATE AGENCIES. (1) The energy office, in accordance with RCW 43.21F.060(2) may use appropriated moneys to make loans to school districts to provide all or part of the financing for conservation projects. The energy office shall determine the eligibility of such projects for conservation loans and the terms of such loans. If loans are from moneys appropriated from bond proceeds, the repayments of the loans shall be sufficient to pay, when due, the principal and interest on the bonds and shall be paid to the energy efficiency construction account established in section 11 of this act. To the extent that a school district applies the proceeds of such loans to a modernization or new construction project, such proceeds shall be considered a portion of the school district's share of the costs of such project.

(2) State agencies may use financing contracts under chapter 39.94 RCW to provide all or part of the funding for conservation projects. The energy office shall determine the eligibility of such projects for financing contracts. The repayments of the financing contracts shall be sufficient to pay, when due, the principal and interest on the contracts.

NEW SECTION. Sec. 8. ROLES AND RESPONSIBILITIES OF COGENERATION PROJECTS WITH UTILITIES AND PRIVATE DEVELOPERS.

(1) Consistent with the region's need to develop cost-effective, high efficiency electric energy resources, the state shall investigate and, if appropriate, pursue

development of cost-effective opportunities for cogeneration in existing or new state facilities.

(2) To assist state agencies in identifying, evaluating, and developing potential cogeneration projects at their facilities, the energy office shall notify state agencies of their responsibilities under this chapter; apprise them of opportunities to develop and finance such projects; and provide technical and analytical support. The energy office shall recover costs for such assistance through written agreements, including reimbursement from third parties participating in such projects, for any costs and expenses incurred in providing such assistance.

(3)(a) The energy office shall identify priorities for cogeneration projects at state facilities, and, where such projects are initially deemed desirable by the energy office and the appropriate state agency, the energy office shall notify the local utility serving the state facility of its intent to conduct a feasibility study at such facility. The energy office shall consult with the local utility and provide the local utility an opportunity to participate in the development of the feasibility study for the state facility it serves.

(b) If the local utility has an interest in participating in the feasibility study, it shall notify the energy office and the state agency whose facility or facilities it serves within sixty days of receipt of notification pursuant to (a) of this subsection as to the nature and scope of its desired participation. The energy office, state agency, and local utility shall negotiate the responsibilities, if any, of each in conducting the feasibility study, and these responsibilities shall be specified in a written agreement.

(c) If a local utility identifies a potential cogeneration project at a state facility for which it intends to conduct a feasibility study, it shall notify the energy office and the appropriate state agency. The energy office, state agency, and local utility shall negotiate the responsibilities, if any, of each in conducting the feasibility study, and these responsibilities shall be specified in a written agreement. Nothing in this section shall preclude a local utility from conducting an independent assessment of a potential cogeneration project at a state facility.

(d) Agreements written pursuant to (a) and (b) of this subsection shall include a provision for the recovery of costs incurred by a local utility in performing a feasibility study in the event such utility does not participate in the development of the cogeneration project. If the local utility does participate in the cogeneration project through energy purchase, project development or ownership, recovery of the utility's costs may be deferred or provided for through negotiation on agreements for energy purchase, project development or ownership.

(e) If the local utility declines participation in the feasibility study, the energy office and the state agency may receive and solicit proposals to conduct the feasibility study from other parties. Participation of these other parties shall also be secured and defined by a written agreement which may include the provision for reimbursement of costs incurred in the formulation of the feasibility study.

(4) The feasibility study shall include consideration of regional and local utility needs for power, the consistency of the proposed cogeneration project with the state energy strategy, the cost and certainty of fuel supplies, the value of electricity produced, the capability of the state agency to own and/or operate such facilities, the capability of utilities or third parties to own and/or operate such facilities, requirements for and costs of standby sources of power, costs associated with interconnection with the local electric utility's transmission system, the capability of the local electric utility to wheel electricity generated by the facility, costs associated with obtaining wheeling services, potential financial risks and losses to the state and/or state agency, measures to mitigate the financial risk to the state and/or state agency, and benefits to the state and to the state agency from a range of design configurations, ownership, and operation options.

(5) Based upon the findings of the feasibility study, the energy office and the state agency shall determine whether a cogeneration project will be cost-effective and whether

development of a cogeneration project should be pursued. This determination shall be made in consultation with the local utility or, if the local utility had not participated in the development of the feasibility study, with any third party that may have participated in the development of the feasibility study.

(a) Recognizing the local utility's expertise, knowledge, and ownership and operation of the local utility systems, the energy office and the state agency shall have the authority to negotiate directly with the local utility for the purpose of entering into a sole source contract to develop, own, and/or operate the cogeneration facility. The contract may also include provisions for the purchase of electricity or thermal energy from the cogeneration facility, the acquisition of a fuel source, and any financial considerations which may accrue to the state from ownership and/or operation of the cogeneration facility by the local utility.

(b) The energy office may enter into contracts through competitive negotiation under this subsection for the development, ownership, and/or operation of a cogeneration facility. In determining an acceptable bid, the energy office and the state agency may consider such factors as technical knowledge, experience, management, staff, or schedule, as may be necessary to achieve economical construction or operation of the project. The selection of a developer or operator of a cogeneration facility shall be made in accordance with procedures for competitive bidding under chapter 43.19 RCW.

(c) The energy office shall comply with the requirements of chapter 39.80 RCW when contracting for architectural or engineering services.

(6)(a) The state may own and/or operate a cogeneration project at a state facility. However, unless the cogeneration project is determined to be cost-effective, based on the findings of the feasibility study, the energy office and state agency shall not pursue development of the project as a state-owned facility. If the project is found to be cost-effective, and the energy office and the state agency agree development of the cogeneration project should be pursued as a state-owned and/or operated facility, the energy office shall assist the state agency in the preparation of a finance and development plan for the cogeneration project. Any such plan shall fully account for and specify all costs to the state for developing and/or operating the cogeneration facility.

(b) It is the general intent of this chapter that cogeneration projects developed and owned by the state will be sized to the projected thermal energy load of the state facility over the useful life of the project. The principal purpose and use of such projects is to supply thermal energy to a state facility and not primarily to develop generating capacity for the sale of electricity. For state-owned projects with electricity production in excess of projected thermal requirements, the energy office shall seek and obtain legislative appropriation and approval for development. Nothing in this act shall be construed to authorize any state agency to sell electricity or thermal energy on a retail basis.

(7) When a cogeneration facility will be developed, owned, and/or operated by a state agency or third party other than the local serving utility, the energy office and the state agency shall negotiate a written agreement with the local utility. Elements of such an agreement shall include provisions to ensure system safety, provisions to ensure reliability of any interconnected operations equipment necessary for parallel operation and switching equipment capable of isolating the generation facility, the provision of and reimbursement for standby services, if required, and the provision of and reimbursement for wheeling electricity, if the provision of such has been agreed to by the local utility.

(8) The state may develop and own a thermal energy distribution system associated with a cogeneration project for the principal purpose of distributing thermal energy at the state facility. If thermal energy is to be sold outside the state facility, the state may only sell the thermal energy to a utility.

NEW SECTION. Sec. 9. SALE OF COGENERATED ELECTRICITY AND STEAM. It is the intention of this act that the state and its agencies are compensated fairly for the energy provided to utilities from cogeneration at state facilities. Such

compensation may include revenues from sales of electricity or thermal energy to utilities, lease of state properties, and value of thermal energy provided to the facility. It is also the intent of this act that the state and its agencies be accorded the opportunity to compete on a fair and reasonable basis to fulfill a utility's new resource acquisition needs when selling the energy produced from cogeneration projects at state facilities through energy purchase agreements.

(1)(a) The energy office and state agencies may participate in any utility request for resource proposal process, as either established under the rules and regulations of the utilities and transportation commission, or by the governing board of a public utility district, municipal utility, cooperative, or mutual.

(b) If a local utility does not have a request for resource proposal pending, the energy office or a state agency may negotiate an equitable and mutually beneficial energy purchase agreement with that utility.

(2) To ensure an equitable allocation of benefits to the state and its agencies, the following conditions shall apply to energy purchase agreements negotiated between utilities and state agencies:

(a) An energy purchase agreement shall be approved by both the energy office and the affected state agency.

(b) The energy office and the state agency shall work together throughout the planning and negotiation process for energy purchase agreements, unless the energy office determines that its participation will not further the purposes of this section.

(c) Before approving an energy purchase agreement, the energy office shall review the proposed agreement for its technical and economic feasibility, the degree of certainty of benefits, the degree of financial risk assumed by the state and/or the state agency, the benefits offered to the state and/or state agency, and other such factors as the energy office deems prudent. The energy office shall approve an energy purchase agreement unless it finds that such an agreement would not result in an equitable allocation of costs and benefits, in which case the transaction shall be disapproved.

(3)(a) The state or state agency shall comply with and shall be bound by applicable avoided cost schedules, electric power wheeling charges, interconnection requirements, utility tariffs, and regulatory provisions to the same extent it would be required to comply and would be bound if it were a private citizen. The state shall neither seek regulatory advantage, nor change regulations, regulatory policy, process, or decisions to its advantage as a seller of cogenerated energy. Nothing contained in this act shall be construed to mandate or require public or private utilities to wheel electric energy resources within or beyond their service territories. Nothing contained in this act requires a utility to purchase energy from the state or a state agency or enter into any agreement in connection with a cogeneration facility.

(b) The state shall neither construct, nor be party to an agreement for developing a cogeneration project at a state facility for the purpose of supplying its own electrical needs, unless it can show that such an arrangement would be in the economic interest of the state taking into account the cost of (i) interconnection requirements, as specified by the local electric utility, (ii) standby charges, as may be required by the local electric utility, and (iii) the current price of electricity offered by the local electric utility. If the local electric utility can demonstrate that the cogeneration project may place an undue burden on the electric utility, the energy office or the state agency shall attempt to negotiate a mutually beneficial agreement that would minimize the burden upon the ratepayers of the local electric utility.

(4) Any party to an energy purchase agreement may, within thirty days of any decision made pursuant to subsection (2)(c) of this section to disapprove the agreement made pursuant to this section, request an independent reviewer who is mutually agreeable to all parties to review the decision. The parties shall within thirty days of selection submit to the independent reviewer documentation supporting their positions. The

independent reviewer shall render advice regarding the validity of the disapproval within an additional thirty days.

(6) Energy efficiency projects in school districts, funded in whole or in part with state assistance provided under chapter 28A.525 RCW, or with the financing mechanisms

authorized by this chapter, shall be subject to the provisions of this section governing the apportionment and use of savings and revenues from energy efficiency projects.

(7) For purposes of this section, "net" savings and revenues shall mean savings and revenues remaining after payment of project capital costs, including debt service, and other payments and reserves as required by a bond resolution or loan agreement under this chapter, and payment of project operating and maintenance expenses. The energy office shall develop guidelines and procedures for determining net savings and net revenues for energy efficiency projects at public facilities by April 1, 1992.

(8) The energy office shall report annually until the year 2006 to the director of the office of financial management and the chairs of the senate ways and means committee and the appropriate house of representatives fiscal committees regarding the amount of savings and revenues from energy conservation and cogeneration retained by individual state agencies.

(2) "Office" means the Washington state energy office.

(3) "Major facility" means any publicly owned or leased building having twenty-five thousand square feet or more of usable floor space.

(4) "Initial cost" means the moneys required for the capital construction or renovation of a major facility.

(6) "Economic life" means the projected or anticipated useful life of a major facility as expressed by a term of years.

(7) "Life-cycle cost" means the initial cost and cost of operation of a major facility over its economic life. This shall be calculated as the initial cost plus the operation, maintenance, and energy costs over its economic life, reflecting anticipated increases in these costs discounted to present value at the current rate for borrowing public funds, as determined by the ~~((state finance committee))~~ office of financial management. The energy cost~~((s))~~ projections used shall be those ~~((projected))~~ provided by the state energy office. The office shall update ~~((the))~~ these projections ~~((of energy costs))~~ at least every two years.

(8) "Life-cycle cost analysis" includes, but is not limited to, the following elements:

(a) The coordination and positioning of a major facility on its physical site;

(b) The amount and type of fenestration employed in a major facility;

(c) The amount of insulation incorporated into the design of a major facility;

(5) Determine life-cycle cost analysis format and submittal requirements to meet the provisions of this act;

(6) Provide for review and approval of life-cycle cost analysis.

NEW SECTION. Sec. 16. A new section is added to chapter 39.35 RCW to read as follows:

LIFE-CYCLE COST ANALYSIS REVIEW FEES. The energy office may impose fees upon affected public agencies for the review of life-cycle cost analyses. The fees shall be deposited in the energy efficiency services account established in section 12 of this act. The purpose of the fees is to recover the costs by the office for review of the analyses. The office shall set fees at a level necessary to recover all of its costs related to increasing the energy efficiency of state-supported new construction. (1) "Water distribution business" shall have the meaning in RCW 82.16.010(4).

(2) "Person" shall have the meaning in RCW 82.04.030 or any later, superseding action.

(3) "Department" means the department of revenue.

(4) "Water system operator" means any person engaged in the water distribution business.

(5) "Customer" means any person to whom a water system operator furnishes water for sale or hire.

NEW SECTION. Sec. 25. There is levied and there shall be collected from every water system operator a tax for the act or privilege of providing water for sale or hire to any customer. The tax shall be equal to two dollars for each customer served by the water system operator during a taxable year.

NEW SECTION. Sec. 26. The tax imposed under this chapter shall be due and payable on or before the last day of the first month following the end of a taxable year or at more frequent intervals as the department may prescribe by rule.

NEW SECTION. Sec. 27. Taxes received by the state under this chapter shall be deposited into the water management account created in section 22 of this act and shall be used exclusively to fund grants to local governments to participate in the water resource planning and management process, including data management.

NEW SECTION. Sec. 31. This chapter expires June 30, 1993. The expiration of this chapter shall not be construed as affecting any existing right acquired or liability or obligation incurred under any section making up a part of this chapter or under any rule or order adopted under that section, nor as affecting any proceeding instituted under that section.

NEW SECTION. Sec. 32. A new section is added to chapter 90.03 RCW to read as follows:

(1) Each person holding a water right established under this chapter or chapter 90.44 RCW and each person or successor in title claiming a right to water under chapter 90.14 RCW shall remit to the department a one-time fee of fifteen dollars for each water right owned or claimed. The purpose of this fee is to provide a source of funds for updating the pertinent information on each right or claim in the water resource information system. Any water system operator subject to taxation pursuant to section 25 of this act shall not be required to remit the fee required by this subsection.

(2) The department shall provide a notice to each water right holder and claimant that the fees required in this section are due and payable to the department no later than two calendar months after the date such notice is mailed. The department shall send a

(3) Failure to remit fees or penalties shall, in addition to penalties provided in this chapter, constitute a lien against the real property to which the water right is appurtenant, and shall be reported to the county auditor by the department, supported by proper and conclusive evidence, and collected in the manner and with the same priority over other creditors as prescribed for the collection of delinquent taxes. The final notice of delinquency shall notify the person that the failure to remit fees or penalties shall constitute a lien against the real property to which the water right is appurtenant. Water rights or claims may not be transferred unless the holder or claimant has paid the fee and any penalties in full.

(4) Any person receiving the notice of fees due under this section who does not wish to retain a water right or claim or who does not wish to pay the fee required under this section may elect to voluntarily relinquish the right or claim. If such right is voluntarily relinquished in writing by the owner or claimant prior to two months after the due date, no fee required by this section is payable.

(5) For purposes of efficient administration, the department may undertake the fee notification and payment process required by this section by geographical regions or by counties. This process shall be completed by June 30, 1993.

Substitute House Bill No. 2086 was read the second time.

On motion of Ms. Spanel, the committee amendment by Committee on Appropriations was adopted.

Mr. Appelwick moved adoption of the following amendment:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The availability of credit is vital for agriculture. For that reason, the legislature has traditionally promoted the availability of agricultural credit. The legislature finds that lenders lack a uniformly effective means of providing notice of a lender's security interest in farm products to purchasers of the products. The legislature further finds that purchasers lack any practical method for discovering the existence of security interests in farm products.

Accordingly, it is the intent of the legislature to promote the development of a central filing system as provided in 7 U.S.C. Sec. 1631 and to encourage private businesses to provide for expeditious discovery of liens and security interests in farm products.

NEW SECTION. Sec. 2. All of the provisions of Parts 1, 2, 3, and 5 of chapter 62A.9 RCW apply to security interests in farm products except RCW 62A.9-307. A farm products statement constitutes a financing statement for the purposes of the provisions of Parts 1, 2, 3, and 5 of chapter 62A.9 RCW. Part 4 of chapter 62A.9 RCW does not apply to security interests in farm products.

NEW SECTION. Sec. 3. Unless the context clearly requires otherwise, the definitions in this section apply throughout this part.

(1) "Buyer of farm products" means any person, who buys farm products in the ordinary course of business from a person engaged in farming operations who is in the business of selling farm products.

(2) "Commission merchant" means any person engaged in the business of receiving any farm product for sale, on commission, or for or on behalf of another person.

(3) "Farm products" means crops or livestock or supplies used or produced in farming operations or products of crops or livestock in their unmanufactured states, such as ginned cotton, wool-clip, maple syrup, milk and eggs, which are in the possession of an obligor engaged in raising, fattening, grazing, or other farming operations.

(4) "Obligor" means a debtor as defined in RCW 62A.9-105(d), a seller of farm products pursuant to a purchase and sale contract, or a person subject to a statutory lien.

(5) "Purchase and sale agreement" means a written agreement by which a seller of farm products agrees to sell and a buyer agrees to purchase certain farm products. Such a purchase and sale agreement creates a contract interest in the described farm products between the obligor and the buyer of farm products, whether or not money is advanced to the seller by the buyer.

(6) "Security agreement" means an agreement which creates or provides for a security interest, which may be perfected by the filing of a farm products statement.

(7) "Secured party" means a lender, seller, or other person in whose favor there is a security interest in farm products.

(8) "Selling agent" means any person, other than a commission merchant, who is engaged in the business of negotiating the sale and purchase of any farm product on behalf of a person engaged in farming operations.

NEW SECTION. Sec. 4. (1) In order to perfect a security interest in farm products, a secured party or a statutory lien claimant under chapters 60.11 and 60.13 RCW, must file a farm products statement in the office of the department of licensing. In order to perfect a contract interest in farm products, a buyer of farm products must file a farm products statement in the office of the department of licensing.

(2)(a) Except as provided in (b) of this subsection, a farm products statement is filed when the department of licensing has received the farm products statement, the

appropriate filing fee has been tendered, and the farm products statement is entered into the central filing system.

(b) Any party who is registered with the department of licensing may give the department of licensing verbal notice of intent to file a farm products statement by telephone. The department shall log the notice of intent to file in the central filing system and provide the registrant telephoning a log-in number. If the person calling in files a farm products statement in the department containing the log-in number within three business days, excluding weekends and holidays, of the telephonic notice of intent to file, the filed farm products statement shall relate back to the date and time the notice of intent to file was logged in. If the person calling fails to file a farm products statement with the required information within the time period specified, any subsequent farm products statement shall be effective when filed but shall not relate back in time to the telephonic notice of intent to file.

(3) The farm products statement must include the following information:

(a) The name and address of the obligor;

(b) The obligor's signature;

(c) The name, address, and signature of the secured party;

(d) The social security number of the obligor or, in the case of an obligor doing business other than as an individual, the obligor's federal internal revenue service taxpayer identification number;

(e) A description by category, as prescribed by rule under section 13 of this act, of the farm products subject to the security interest or contract interest including the amount of such products if applicable; and

(f) A reasonable description of the real estate where the farm products are produced. This provision may be satisfied by a designation of the county or counties, and a legal description shall not be required.

If a statutory lien claim is being filed, the farm products statement shall include the additional information required by chapters 60.11 and 60.13 RCW.

(4) A farm products statement must be amended in writing within three months, and similarly signed and filed, to reflect any material changes, including assignment of the security interest or contract interest. In this Article, unless the context otherwise requires, the term "farm products statement" means the original farm products statement and any amendments.

(5) A farm products statement may be filed before a security agreement or purchase and sale agreement is made or a security interest or contract interest otherwise attaches. A copy of the security agreement or purchase and sale agreement is sufficient as a farm products statement if it contains the above information and is signed by the obligor. A carbon, photographic, or other reproduction of a security agreement, purchase and sale agreement, or a farm products statement is sufficient as a farm products statement if the security agreement or purchase and sale agreement so provides or if the original has been filed in this state.

(6) A farm products statement which otherwise complies with subsection (1) of this section is sufficient when it is signed by the secured party or buyer of farm products instead of the obligor, if it is filed to perfect a security interest or contract interest in:

(a) Collateral already subject to a security interest in another jurisdiction when it is brought into this state or when the obligor's location is changed to this state. Such a farm products statement must state that the collateral was brought into this state or that the obligor's location was changed to this state under such circumstances; or

(b) Proceeds under RCW 62A.9-306 if the security interest or contract interest in the original collateral was perfected. Such a farm products statement must describe the original collateral; or

(c) Collateral as to which the filing has lapsed; or

(d) Collateral acquired after a change of name, identity, or corporate structure of the obligor.

(7) A farm products statement substantially complying with the requirements of this section is effective even though it contains minor errors which are not seriously misleading.

NEW SECTION. Sec. 5. A secured party with a previously filed financing statement or statutory lien claim covering farm products is required to file a farm products statement. The secured party may, at its option, reference the previously filed financing statement or statutory lien claim on the farm products statement and the signature of the debtor/obligor on the previously filed statement or lien claim shall constitute compliance with the obligor signature requirement under section 4(3)(b) of this act. The priority of the filing of the farm products statement shall relate back to the filing date of the previously filed financing statement or statutory lien claim, for the purposes of determining priority against other farm products statements filings made under this section. The secured party with a previously filed financing statement or statutory lien claim covering farm products may file its farm products statement anytime during a thirty-day time period preceding the implementation of the central filing system.

NEW SECTION. Sec. 6. (1) Except as provided in subsection (2) of this section, conflicting security interests and contract interests in farm products created by farm products statements rank according to priority in time of filing.

(2) The priorities set forth in chapter 60.11 RCW regarding crop liens and in chapter 60.13 RCW regarding processor and preparer liens shall govern the priorities regarding security interests and contract interests in farm products where applicable.

(3) A buyer of farm products, buys and takes free of a security interest created by his or her seller, and a commission merchant or selling agent who in the ordinary course of business sells farm products for a person engaged in farming operations buys, takes, and sells free of a security interest created by his or her seller, even though the security interest is perfected and the buyer, commission merchant, or selling agent knows of the existence of such interest if, prior to the purchase of farm products:

(a) The buyer, commission merchant, or selling agent has registered with the department of licensing under section 12 of this act, and:

(i) The secured party has not filed a farm products statement with the department of licensing under section 4 of this act; or

(ii) The department of licensing fails to disclose a filed farm products statement in its distribution of master lists or response to inquiry from such buyer, commission merchant, or selling agent; or

(iii) The buyer, commission merchant, or selling agent has filed a farm products statement before the secured party has filed a farm products statement; or

(b) The buyer of farm products, commission merchant, or selling agent has not received from the secured party or seller, within one year before the sale of the farm products or before the filing of a farm products statement by the buyer of farm products, commission merchant, or selling agent, written notice of the security interest containing:

(i) The name and address of the secured party;

(ii) The name and address of the obligor;

(iii) The social security number of the obligor or, in the case of an obligor doing business other than as an individual, the obligor's federal internal revenue service taxpayer identification number;

(iv) A description by category of the farm products subject to the security interest, including the amount of such products, if applicable;

(v) The crop year;

(vi) The county or counties where the farm products are produced and, if less than all of such farm products in a county are claimed, a reasonable description of the real property; and

(vii) Any payment obligations imposed by the secured party as a condition for waiver or release of the security interest; or

(c) The buyer, commission merchant, or selling agent has obtained a waiver from the secured party by performing any payment obligation or otherwise.

NEW SECTION. Sec. 7. (1) A filed farm products statement is effective for a period of five years from the date of filing unless a shorter time period is elected by the person filing the statement. A person electing a shorter time period shall indicate the time period of effectiveness on the farm products statement and the statement shall automatically terminate upon expiration of the time period elected. If the person filing the statement fails to make an election, the filing party is required to file a termination statement under section 8 of this act if they wish to terminate the statement prior to the expiration of the five-year period. The effectiveness of a filed farm products statement lapses on the expiration of the applicable time period, unless a continuation statement is filed prior to the lapse.

(2) A continuation statement may be filed by the secured party or buyer of farm products regarding a farm products statement within six months prior to the expiration of the five-year or other applicable time period specified in subsection (1) of this section. Any such continuation statement must be signed by the secured party or buyer of farm products, must identify the original statement by file number, and must state that the original statement is still effective.

(3) Upon timely filing of the continuation statement, the effectiveness of the original statement is continued for the same time period as the original statement, from the date it would have expired whereupon it lapses in the same manner as provided in subsection (1) of this section unless another continuation statement is filed prior to such lapse. Succeeding continuation statements may be filed in the same manner to continue the effectiveness of the original statement.

(4) If a filed farm products statement exists at the time insolvency proceedings are commenced by or against the obligor, the farm products statement remains in effect until termination of the insolvency proceedings and thereafter for a period of sixty days, or until expiration of the applicable time period, whichever occurs later.

(5) Upon lapse of the farm products statement, the security interest or contract interest in the farm products becomes unperfected and the farm products statement is void and of no further force and effect. If the security interest or contract interest becomes unperfected upon lapse, it is deemed to have been unperfected as against a person who became a purchaser or lien creditor before lapse.

NEW SECTION. Sec. 8. (1) A secured party or buyer of farm products is required to file a termination statement with the department of licensing whenever there is no outstanding secured obligation and no commitment to make advances, incur obligations, or otherwise give value. The termination statement must provide that the secured party or buyer of farm products no longer claims a security interest or contract interest under the farm products statement, which shall be identified by file number.

(2) If a secured party or a buyer of farm products who has filed a farm products statement fails to file a termination statement regarding that farm products statement as required under subsection (1) of this section, the obligor may demand in writing that the secured party or buyer of farm products file a termination statement. If a secured party or buyer of farm products fails to file the termination statement within ten days of demand by the obligor, then the secured party or buyer of farm products shall be liable to the obligor for the sum of one hundred dollars plus an additional one hundred dollars per day for each day of delay without reasonable excuse between the date the termination statement should have been filed and the date it is filed, plus compensation for any loss caused to the obligor by the failure.

NEW SECTION. Sec. 9. A secured party or buyer of farm products of record may by his or her signed statement release all or a part of any collateral described in a filed

farm products statement. The statement of release is sufficient if it contains a description of the collateral being released, the name and address of the obligor, the name and address of the secured party or buyer of farm products, and the file number of the farm products statement.

NEW SECTION. Sec. 10. (1) A farm products statement may disclose an assignment of a security interest or contract interest in the collateral described in the farm products statement by indication in the farm products statement of the name and address of the assignee or by an assignment itself or a copy thereof on the face or back of the statement.

(2) A secured party or buyer of farm products may assign all or a part of his or her rights under a farm products statement by the filing in the department of licensing of an amended farm products statement providing the name and address of the assignee as the secured party or buyer of farm products in addition to the other information required in a farm products statement.

(3) After the disclosure or filing of an amended farm products statement under this section, the assignee shall be the secured party or buyer of farm products of record.

NEW SECTION. Sec. 11. (1) The risk of loss caused by an error falls on the party committing the error. If a secured party or buyer of farm products fails to properly complete or file a farm products statement, the secured party or buyer of farm products bears the loss. If a buyer of farm products, commission merchant, or selling agent fails to provide the department of licensing with the correct information regarding the obligor or fails to observe farm products statements properly disclosed to them, the buyer of farm products, commission merchant, or selling agent bears the loss. If the department of licensing fails to properly file or disclose a farm products statement, the department is liable for any losses or damages incurred as a result of such action or inaction.

(2) If an obligor signs a farm products statement which contains an erroneous obligor name, social security number, tax identification number, or departmental number, the obligor will be liable for all losses or damages incurred as a result of the erroneous information; the obligor will be presumed to have committed fraud; and the obligor's liability shall be nondischargeable in bankruptcy.

NEW SECTION. Sec. 12. (1) The department of licensing shall develop and implement a central filing system containing the information filed with it pursuant to section 4(3) of this act. Under this system, the department shall record the date and time of filing and compile the information into a master list:

(a) That is capable of being reported according to categories of farm products, further subdivided in the following ways:

(i) In alphabetical order according to the last name of the individual obligors, or, in the case of obligors doing business other than as individuals, the first word not an article in the name of such obligors; and

(ii) In numerical order according to the social security number of the individual obligors or, in the case of obligors doing business other than as individuals, the internal revenue service taxpayer identification number of such obligors; and

(iii) Geographically by county; and

(iv) By crop year; and

(b) That is capable of being reported by a departmental numbering system which shall be cross-referenced with the social security number, the tax identification number, and the name of the obligor.

(2) The department of licensing shall maintain a list of all buyers of farm products, commission merchants, selling agents, and other persons who register with the department on a form indicating:

(a) The name and address of each buyer, commission merchant, and selling agent;

(b) The interest of each buyer, commission merchant, and selling agent in receiving the lists described in subsection (3) of this section; and

(c) The farm products in which each buyer, commission merchant, and selling agent has an interest.

(3) The department of licensing shall distribute periodically to each registrant who subscribes to the service, a copy in written or printed form of those portions of the master lists that cover the farm products in which such buyer, commission merchant, or selling agent has registered an interest.

(4) The information described in subsection (1) of this section shall be made available to registrants through electronic data transmission.

(5) The information described in subsection (1) of this section shall be made available to registrants through a toll-free telephone line.

(6) Upon the request of any person, the department of licensing shall orally provide the information described in subsection (1) of this section, followed by a written confirmation to be mailed within twenty-four hours after the telephone call.

(7) Upon the request of any person, the department shall furnish copies of particular filed farm products statements if the requestor provides the department with the file numbers of the statement to be copied.

(8) The department shall mark each farm products statement, termination statement, and statement of release with a file number and with the date and hour of filing and shall hold the statement or a microfilm or other photographic copy of the statement for public inspection. The original statement may be destroyed at any time after a microfilm or other photographic copy is made of the original statement. This microfilm or other photographic copy shall thereafter be treated as if it were the original filing for all purposes. The original, microfilm, or photographic record of any lapsed farm product statement shall not be destroyed earlier than one year after the lapse of such statement.

NEW SECTION. Sec. 13. The department of licensing shall:

(1) Apply for certification of the farm products central filing system from the United States department of agriculture on or before September 30, 1991;

(2) Fully implement the farm products central filing system as provided in this part;

(3) Develop a proposed fee schedule for filing farm products statements, registration of interested parties with the department, and regular distribution, electronic transmission, or other transmission of the information described in section 12 of this act. The fees established must be set in a sufficient amount to recover the initial request appropriation within three years after the appropriation is made. The annual fee for registering with the department of licensing shall not exceed fifty dollars. There shall be no fee for filing a termination statement. The actual fee schedule must be adopted by the legislature during the 1992 legislative session;

(4) Have the authority under chapter 34.05 RCW to adopt rules necessary to implement this part, including:

(a) Designation of the categories of farm products to be used in compiling the master list;

(1) The legislature finds and declares:

(a) The health, welfare, and prosperity of the people of the state of Washington require that all citizens receive essential levels of heat and electric service regardless of economic circumstance;

(b) That weatherization of the residences of low-income households will help conserve energy resources in this state and can reduce the need to obtain energy from more costly conventional energy resources(~~(-The legislature also finds)~~);

(c) That rising energy costs have had a negative effect on the affordability of housing for low-income citizens and have made it difficult for low-income citizens of the state to afford adequate fuel for residential space heat(-);

(d) Weatherization of residences will lower energy consumption, making space heat more affordable for persons in low-income households(~~(-It)~~), and will ((also)) reduce the

uncollectible accounts of fuel suppliers resulting from low-income customers not being able to pay fuel bills;

(e) That the best time to make energy conservation improvements to existing residential dwellings is during rehabilitation;

(f) That energy conservation is an important component of housing affordability;
and

(g) That the public interest is served by the health and welfare of low-income persons benefited by a substantial increase in the pace of weatherizing low-income homes.

(2) The legislature declares that it is the policy of the state:

(a) To increase the pace of weatherization activities by requiring energy suppliers to have low-income weatherization programs and by improving financial incentives for regulated utilities toward this end;

(b) That energy conservation improvements through the retrofit of existing residential dwellings shall be coordinated with rehabilitation activities funded with state resources or resources administered through the state; and

(c) To weatherize at least one-half of the existing low-income households in the state by the year 2000.

(3) The program implementing the policy of this chapter is necessary to support the poor and infirm and also to benefit the health, safety, and general welfare of all citizens of the state.

Regulating motor fuel marketing.

The bill was read the second time. On motion of Mr. Grant, Substitute House Bill No. 1924 was substituted for House Bill No. 1924, and the substitute bill was placed on the second reading calendar.

Substitute House Bill No. 1924 was read the second time.

Mr. Grant moved adoption of the following amendment:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature finds and declares that the distribution and sale of motor vehicle fuels in the state of Washington vitally affects the general economy of the state, the public interest, and the public welfare. The legislature further finds that there is public concern over whether there is effective competition in the motor vehicle fuels marketplace and whether there is fairness in the pricing and distribution of motor vehicle fuels in the state. A factor in the public concern is variations in motor vehicle fuel prices that appear to be unrelated to comparative marketing costs.

NEW SECTION. Sec. 2. (1) The joint select committee on motor vehicle fuels marketing is created and shall consist of ten members, three from the majority party and two from the minority party, from each of the senate and the house of representatives. There shall be cochairs, and the president of the senate shall appoint the senate members and senate chair, and the speaker of the house of representatives shall appoint the house members and house of representatives chair.

(2) The staffs of the senate and house of representatives committees on energy and utilities and transportation shall provide staff support for the joint select committee. State agencies, including the departments of transportation and ecology, the state energy office, and the attorney general, shall provide information as requested by the joint select committee. The joint select committee has the power of subpoena.

NEW SECTION. Sec. 3. (1) The joint select committee shall investigate motor vehicle fuels pricing and distribution in the state of Washington. In particular, the joint select committee shall compare, over a length of time and at various locations around the state, the prices charged by oil companies as follows: Retail motor vehicle fuel prices charged by oil company-owned and operated gas stations and wholesale prices charged by oil companies for motor vehicle fuel sold to independent gas station operators and to independent wholesale distributors of motor vehicle fuel. For consistency in the comparison, the marketing costs of company-owned and operated gas stations, independent gas stations, and independent wholesale distributors shall be investigated.

(2) The joint select committee shall determine whether there is discrimination by oil companies in the distribution of motor vehicle fuel. Also, the joint select committee shall determine whether there is unfair motor vehicle fuel pricing resulting in lessening of competition in the motor vehicle fuel marketplace. In particular, oil company marketing practices shall be evaluated as to whether they make it more difficult for small business operators to enter, remain in, or expand their business in the motor vehicle fuels marketplace.

NEW SECTION. Sec. 4. The joint select committee shall report its findings, including legislative recommendations, if any, to the senate and house of representatives committees on energy and utilities by December 1, 1991. This act expires June 30, 1992."

Sec. 1. RCW 36.70A.010 and 1990 1st ex.s. c 17 s 1 are each amended to read as follows:

LEGISLATIVE FINDINGS. The legislature finds that uncoordinated and unplanned growth, together with a lack of common goals expressing the public's interest in the conservation and the wise use of our lands, pose a threat to the environment, sustainable economic development, and the health, safety, and high quality of life enjoyed by residents of this state. The legislature further finds that the lack of common goals and the absence of effective methods and procedures to plan for environmentally sound land

use to accommodate new economic and population growth at the local and regional level have contributed to severe problems and conflicts. These have affected land use, transportation, water quality and availability, air quality, the health of sensitive lands, the maintenance of agricultural and forest lands, the cost of housing, and economic vitality of local communities and regions in the state. It is in the public interest that citizens, communities, regions, state government, local governments, tribal governments, and the private sector cooperate and coordinate with one another in comprehensive land use planning. A new system of land use planning and governance is needed to provide for the growth and continued vitality of the state's diverse communities and regions. It must be built upon and promote local accountability and initiative and the active involvement of citizens. It must also provide effective protection for the state's environmental heritage, conservation of its natural beauty, maintenance of its forest and agricultural lands in a productive and sustainable fashion, and the protection of its critical areas and limited water resources. The legislature further finds that the new system of land use planning must reflect and further the following values:

(1) Land use planning should respect local decision making -- land use planning and growth management should be based on activity in local communities, managed with attention to detail, where diverse citizen concerns can be effectively addressed. Planning should provide greater predictability in the development process by effectively resolving land use disputes earlier in the process.

(2) State government should provide a framework for local planning and environmental and natural resource protection -- state action should support local land use planning and conservation activities. The state should provide guidance and assistance for local planning, assurance of effective local action, and a means for resolving disputes concerning land use planning, development, and the maintenance and protection of critical areas, agricultural lands, forest lands, mineral resource lands, and open space. State government should act consistently with counties and cities, following common rules governing planning, land use, environmental protection, and natural resource conservation.

(3) Elected officials should be accountable for planning decisions -- land use planning decisions have long-term and complex impacts and affect numerous citizens and communities. Therefore, accountability for such decisions should rest with officials elected by and accountable to the public to the maximum extent feasible.

(4) Land use planning disputes should be resolved, when possible, using methods that recognize the value of the positions and needs of all parties to the dispute, resolving disputes through the judicial system only when such methods are not successful.

(5) Necessary regional and state public facilities should be located in a way that the burden of meeting public needs is shared fairly by the communities in a region, and primary responsibility for locating needed facilities should rest with the publicly accountable officials in local regions.

(6) Encouraging strong economies in the state's diverse regions -- the state has a continuing interest in furthering sustainable regional economic growth and vitality. Rapid economic growth has resulted in severe land use and environmental problems in fast-growing regions of the state. The long-term interest of the state's citizens is served best when all of the state's regions have vital economies. A vital regional economy is one which is diverse, competitive in global terms, economically and environmentally sustainable, offers opportunities for new enterprise, and provides ample family-wage employment for its citizens. The state should be an active participant in encouraging economic vitality in the state's regions, in partnership with counties, cities, citizens, and the private sector. Effective action to encourage economic development should include regional economic development planning, adequate infrastructure, and local and state action to increase the economic capacity of the state's regions. Further, the legislature finds that it is in the public interest that economic development programs be shared with communities experiencing insufficient economic growth.

It is the intent of the legislature to address growth management and planning issues from state, regional, and local perspectives, to establish certain requirements on a state-wide basis, to permit such requirements to be met by counties and cities with maximum local flexibility, to require consistency in the planning of adjacent jurisdictions, to encourage cooperative planning between adjacent jurisdictions, and between adjacent jurisdictions and tribal governments, to provide adequate time to conform with such requirements, to prevent new development which is inconsistent with these requirements from taking place during the interim, and to provide resources to support such efforts in the form of both financial and technical assistance. It is the intent of the legislature to establish a process and system of planning and growth management emphasizing a shared responsibility between the state and counties and cities and including a fair and open process that allows counties and cities broad flexibility to meet the goals and requirements contained in this chapter in a manner best adapted to their local circumstances and diversity. It is not the intent of the legislature to establish a single comprehensive plan applicable without variation throughout the state. Instead, counties and cities are given broad flexibility to tailor a custom fit in their comprehensive plans to meet the goals and requirements contained in this chapter. It is the intent of the legislature to establish certain state-wide requirements and to designate a state role regarding natural resources of state-wide significance and where natural resources planning involves multiple jurisdictions.

Where appropriate, counties and cities should consult with tribal governments and special districts located within their boundaries when developing comprehensive plans and development regulations.

(17) "Natural resources of state-wide significance" are natural resources that possess outstanding natural, ecological, or scenic values, and are of the highest quality and most significant of their type. Because of their quality, they are of interest to all residents of the state. Wetlands do not include those artificial wetlands intentionally created from nonwetland sites, including, but not limited to, irrigation and drainage ditches, grass-lined swales, canals, detention facilities, wastewater treatment facilities, farm ponds, and landscape amenities. However, wetlands may include those artificial wetlands intentionally created from nonwetland areas created to mitigate conversion of wetlands, if permitted by the county or city.

"PART I - PLANNING GOALS"

Sec. 3. RCW 36.70A.020 and 1990 1st ex.s. c 17 s 2 are each amended to read as follows:

PLANNING GOALS. The plans, regulations, and actions, including expenditures of state-appropriated funds, of state agencies, counties, and cities that are required or

choose to plan under RCW 36.70A.040, and special districts located in counties that are required or choose to plan under RCW 36.70A.040, shall conform to and support the following goals ((are adopted to guide the development and adoption of comprehensive plans and development regulations of those counties and cities that are required or choose to plan under RCW 36.70A.040. The following goals)) which are not listed in order of priority ((and shall be used exclusively for the purpose of guiding the development of comprehensive plans and development regulations)):

(1) Urban growth areas. ~~((Encourage))~~ Urban development shall occur in urban growth areas where adequate public facilities and services exist or can be provided in an efficient manner.

Urban growth areas should have concentrated employment centers, separated by adequate open space and protection of critical areas, and need not be uniformly urban in nature.

(2) Reduce sprawl. Reduce the inappropriate conversion of undeveloped land into sprawling, low-density development.

(3) Transportation. ~~((Encourage efficient multimodal transportation systems that are))~~ Link transportation systems and land use to maintain acceptable levels of transportation service, coordinate the development of transportation facilities between jurisdictions based on regional priorities ((and coordinated with county and city comprehensive plans)), and develop efficient multimodal transportation systems that include alternatives to single automobile travel and preserve the operational and structural integrity of the transportation system.

(4) Housing. ~~((Encourage the availability of affordable))~~ Ensure housing ((to)) for all economic segments of the population of this state, participate in making available a fair share of affordable housing, including affordable housing for people with special needs, promote zoning classifications which allow a variety of residential densities and housing types, ((and)) encourage preservation of existing housing stock, and assure that housing complies with local, state, and federal fair housing laws.

(5) Economic development. Encourage economic development throughout the state that is consistent with adopted comprehensive plans, promote economic opportunity for all citizens of this state, especially for unemployed and for disadvantaged persons, build a network of strong regional economies, including urban-rural linkages, and encourage growth in areas experiencing insufficient economic growth, all within the capacities of the state's natural resources, public services, and public facilities.

(6) Property rights. Private property shall not be taken for public use without just compensation having been made. The property rights of landowners shall be protected from arbitrary and discriminatory actions.

(7) Permits. Applications for both state and local government permits should be processed in a timely and fair manner to ensure predictability. Overlapping, duplicative, and conflicting regulations shall be avoided.

(8) Natural resource industries. Maintain and enhance natural resource-based industries, including productive timber, agricultural, and fisheries industries. Secondary land uses on agricultural lands, forest lands, and mineral resource lands shall be permitted that are related to and are designed to support the primary use of such lands for commercial agricultural, forest, or mineral resource purposes. Limited secondary land uses on agricultural lands, forest lands, and mineral resource lands may be permitted due to unique location factors of such lands, such as locating radio communication facilities. Encourage the conservation of productive forest lands and productive agricultural lands, and discourage incompatible uses.

(9) Open space and recreation. Encourage the retention of open space and development of recreational opportunities, conserve fish and wildlife habitat, increase access to ~~((natural resource lands and))~~ water, and develop parks. Open space networks

should separate neighboring cities and, where possible, be linked to regional and state-wide open space networks.

(10) Environment. Protect the environment ((and enhance the state's high quality of life)), including critical areas, natural resources of state-wide significance, and air and water quality((, and the availability of water)). To the fullest extent possible, integrate the requirements of RCW 43.21C.030 into the planning process and identify in the comprehensive plan the significant adverse environmental impacts and reasonable alternatives to mitigate cumulative impacts on the environment.

(11) Citizen participation and coordination. ((Encourage)) Ensure the involvement of citizens in the planning process and ensure coordination between communities and jurisdictions to reconcile conflicts.

(12) Public facilities and services. Ensure that those public facilities and services necessary to support development shall be adequate to serve the development at the time the development is available for occupancy and use without decreasing current service levels below locally established minimum standards. Public facilities shall be sited in such a manner to utilize existing public infrastructure including transportation facilities and services. Ensure the siting of regional and state public facilities, so that each county and city accepts its fair share of public facilities and no community is overburdened.

(13) Historic preservation. Identify and encourage the preservation of lands, districts, sites, and structures, that have historical or archaeological significance.

(14) Water resources. Land use planning and all permit decisions should both protect water quality and quantity and if there is a demand for additional water resources, the demand must be compatible with water resource plans. New growth must be related to water availability. New growth using water for domestic or industrial purposes should be located in the vicinity of where sufficient water resources exist without transporting water significant distances. Each county and its cities must integrate water resource planning for consumptive and nonconsumptive uses into its land use plan to, foremost, ensure the continuous ready supply of fresh and potable water in the amounts necessary to sustain the general good health of all of its residents. Water is key for fish, wildlife, domestic use, industrial use, power, agriculture, aesthetics, and recreation.

(15) Air quality. Land use planning and permit decisions must recognize their effect on air quality and mitigate these effects to the extent possible.

(16) Public utilities. Provide for adequate public utilities by assuring that land will be available for the location of public utilities, including location within transportation corridors, so that efficient, reliable, and cost-effective utility service can be provided.

(17) Support of public institutions. Ensure that state trust lands can be managed for the support of public institutions in accordance with federal law and state law constitutional and statutory requirements. Protect state trust lands from arbitrary or discriminatory land use actions.

"PART II - LOCAL PLANNING"

Sec. 4. RCW 36.70A.040 and 1990 1st ex.s. c 17 s 4 are each amended to read as follows:

WHO MUST PLAN. (1) ((Each county that)) The following counties, and the cities located in whole or in part within such counties, shall adopt comprehensive land use plans and development regulations in accordance with this chapter: (a) The county has a population of one hundred thousand or more; (b) the county has both a population of fifty thousand or more and has had its population increase by more than ten percent in the previous ten years((, and the cities located within such county,)); and (c) any other county regardless of its population that has had its population increase by more than twenty percent in the previous ten years((, and the cities located within such county, shall adopt comprehensive land use plans and development regulations under this chapter. However, the county legislative authority of such a county with a population of less than fifty thousand population may adopt a resolution removing the county, and the cities located

within the county, from the requirements of adopting comprehensive land use plans and development regulations under this chapter if this resolution is adopted and filed with the department by December 31, 1990)). Once a county meets ((either)) one of these criteria, the requirement to conform with ((RCW 36.70A.040 through 36.70A.160)) this chapter remains in effect, even if the county no longer meets one of these criteria.

(2) The county legislative authority of any county that does not meet the requirements of subsection (1) of this section may adopt a resolution indicating its intention to have subsection (1) of this section apply to the county. Each city, located in whole or in part within a county that chooses to plan under this subsection, shall adopt a comprehensive land use plan in accordance with this chapter. Once such a resolution has been adopted, the county cannot remove itself from the requirements of this chapter.

(3) Any county or city that is required to adopt a comprehensive land use plan under subsection (1) of this section shall adopt the plan and submit a copy of the plan to the department on or before July 1, 1993. Any county or city that is required to adopt a comprehensive land use plan as a result of the actions taken under subsection (2) of this section shall adopt ~~((the))~~: (a) Development regulations under RCW 36.70A.060 within one year from the date the county legislative authority adopts the resolution under subsection (2) of this section; (b) a comprehensive plan not later than three years from the date the county legislative body takes action as required by subsection (2) of this section; and (c) development regulations implementing the comprehensive plan within one year of the date its comprehensive plan is adopted.

(4) If after January 1, 1991, the office of financial management certifies that ((the population of a county has changed sufficiently to meet the requirements of subsection (1) of this section, and the county legislative authority has not adopted a resolution removing the county from these requirements as provided in subsection (1) of this section)) a county, that previously had not been required to plan under this chapter as specified under subsection (1) or (2) of this section, meets the requirements of subsection (1) of this section to become required to plan under this chapter, the county and each city within such county shall adopt: (a) Development regulations under RCW 36.70A.060 within one year of the certification by the office of financial management; (b) a comprehensive land use plan under this chapter within three years of the certification by the office of financial management; and (c) development regulations pursuant to this chapter within one year of having adopted its comprehensive land use plan.

Sec. 5. RCW 36.70A.070 and 1990 1st ex.s. c 17 s 7 are each amended to read as follows:

COMPREHENSIVE PLANS--MANDATORY ELEMENTS. The comprehensive plan of a county or city that is required or chooses to plan under RCW 36.70A.040 shall consist of a map or maps, and descriptive text covering objectives, principles, and standards used to develop the comprehensive plan. The plan shall be an internally consistent document and all elements shall be consistent with the future land use map. A comprehensive plan shall be adopted and amended with public participation as provided in RCW 36.70A.140.

Each comprehensive plan shall include a plan, scheme, or design for each of the following:

(1) A land use element designating the proposed general distribution and general location and extent of the uses of land, where appropriate, for agriculture, timber production, housing, commerce, industry, recreation, open spaces, public utilities, public facilities, and other land uses. The land use element shall include population densities, building intensities, and estimates of future population growth. The land use element shall include designation of agricultural lands, forest lands, mineral resource lands, critical areas, natural resources of state-wide significance, and lands for open space as provided in section 39 of this act. Each county shall include urban growth areas as established in RCW 36.70A.110 in its comprehensive land use plan. The land use element shall provide

for protection of the quality and quantity of ground water and surface bodies of water used for public water supplies and shall recognize that water availability and quality are key factors in determining the extent, location, distribution, and intensity of land uses. Where applicable, the land use element shall review drainage, flooding, and storm water run-off in the area and nearby jurisdictions and provide guidance for corrective actions to mitigate or cleanse those discharges that pollute waters of the state, including Puget Sound or waters entering Puget Sound.

The element shall incorporate noise exposure standards as defined by the department of ecology, identification of sources, including those from transportation facilities, and noise mitigation measures.

The land use element shall provide for the protection of air quality by limiting or conditioning development so that the development will not cause either direct or indirect degradation of air quality below acceptable standards.

(2)(a) A housing element recognizing the vitality and character of established residential neighborhoods that: ~~((a))~~ (i) Includes an inventory and analysis of existing and projected housing needs; ~~((b))~~ (ii) includes a statement of goals, policies, and objectives for the preservation, improvement, and development of housing and for meeting fair share affordable housing goals within the city or county; ~~((c))~~ and (iii) identifies and accommodates sufficient developable land for a range of housing types, including, but not limited to, government-assisted housing, housing for people with special needs, housing for low-income families, manufactured housing, multifamily housing, and group homes and foster care facilities. ~~((d) makes adequate provisions for existing and projected needs of all economic segments of the community).~~

(b) All counties with a population of one hundred twenty-five thousand or more, and cities with a population of twenty thousand or more located within those counties, are also required to include within the housing element: (i) As part of the analysis of existing and projected housing needs, a jobs-housing balance consisting of at least a comparison between the supply of housing and the number of jobs projected in the next ten years in the city or county. The jobs-housing balance must include an assessment of affordable housing; (ii) identification of sufficient densities for a range of housing types; (iii) identification of zoning restrictions that unduly limit density or which unreasonably increase housing development costs; (iv) at least a ten to twenty-year plan for the preservation and development of affordable housing and for meeting the jurisdiction's fair share affordable housing goals. The plan must realistically project the amount of low-income housing units that will be needed in the jurisdiction in the next ten to twenty years, and alternative public and private financing sources; and (v) identification of ways to minimize the displacement of residents from housing.

(c) The department shall develop rules for exempting cities that are already developed near capacity and consist primarily of single-family homes from any of the provisions of (b) of this subsection.

(d) In furtherance of affordable housing objectives, for land use and zoning purposes, manufactured housing that meets the definition of a designated manufactured home, as provided in RCW 35.63.160, shall be permitted as single-family housing in undeveloped parts of the urban growth area. Cities and counties are also encouraged to facilitate the siting of mobile home parks in furtherance of affordable housing objectives by decreasing lot size and setback requirements, and by allowing mobile home parks to be sited the same as other residential subdivisions.

(3) A capital facilities plan element consisting of: (a) An inventory of existing capital facilities owned by public entities, showing the locations and capacities of the capital facilities; (b) a forecast of the future needs for such capital facilities; (c) the proposed locations and capacities of expanded or new capital facilities; (d) at least a six-year plan that will finance such capital facilities within projected funding capacities and clearly identifies sources of public money for such purposes; ~~((and))~~ (e) an evaluation of

methods of meeting demands for capital facilities that are alternatives to construction, such as conservation or demand management; and (f) a requirement to reassess the land use element if probable funding falls short of meeting existing needs and to ensure that the land use element, capital facilities plan element, and financing plan within the capital facilities plan element are coordinated and consistent.

(4) A utilities element consisting of the general location, proposed location, and capacity of all existing and proposed utilities, including, but not limited to, electrical lines, telecommunication lines, and natural gas lines.

(5) Counties shall include a rural element including lands that are not designated for urban growth, agriculture, forest, or mineral resources. The rural element shall permit land uses that are compatible with the rural character of such lands and provide for a variety of rural densities and do not foster urban growth.

(6) A transportation element that implements, and is consistent with, the land use element. The transportation element shall include the following subelements:

(a) Land use assumptions used in estimating travel;

(b) Facilities and services needs, including:

(i) An inventory of air, water, and land transportation facilities and services, including transit alignments, to define existing capital facilities and travel levels as a basis for future planning;

(ii) Level of service standards for all arterials and transit routes to serve as a gauge to judge performance of the system. These standards ~~((should))~~ shall, when practicable, address mode split and vehicle occupancy goals and also be regionally coordinated;

(iii) Specific actions and requirements for bringing into compliance any facilities or services that are below an established level of service standard;

(iv) Forecasts of traffic for at least ten years, and twenty years if practicable, based on the adopted land use plan to provide information on the location, timing, and capacity needs of future growth;

(v) Identification of transportation system management and system expansion needs ~~((and transportation system management needs))~~ to meet current and future demands, including system management or facilities needed for regional or state-wide purposes;

(vi) Identification of noise mitigation measures needed for existing or planned transportation facilities as identified in the land use element;

(c) Finance, including:

(i) An analysis of funding capability to judge needs against probable funding resources;

(ii) A multiyear financing plan based on the needs identified in the comprehensive plan, the appropriate parts of which shall serve as the basis for the six-year street, road, or transit program required by RCW 35.77.010 for cities, RCW 36.81.121 for counties, and RCW 35.58.2795 for public transportation systems;

(iii) If probable funding falls short of meeting identified needs, a discussion of how additional funding will be raised, or how land use assumptions will be reassessed to ensure that level of service standards will be met;

(d) Intergovernmental coordination efforts, including an assessment of the impacts of the transportation plan and land use assumptions on the transportation systems of adjacent jurisdictions;

(e) Strategies for reducing the impact of transportation on air quality in conformity with the state implementation plan on air quality;

(f) Demand-management strategies.

After adoption of the comprehensive plan by ~~((jurisdictions))~~ counties and cities required to plan or who choose to plan under RCW 36.70A.040, ~~((local jurisdictions))~~ such counties and cities must adopt and enforce ordinances which prohibit development approval if the development causes the level of service on a transportation facility to decline below the standards adopted in the transportation element of the comprehensive

plan, unless transportation improvements or strategies to accommodate the impacts of development are made concurrent with the development. ~~((These strategies))~~ Counties and cities may exempt limited high-density areas from the level of service standards requirement provided that the level of service for nonsingle occupant vehicles is improved through strategies which may include increased public ~~((transportation))~~ transit service, ride sharing programs, demand management, and other transportation systems management strategies. The purpose of the exemption is to permit higher density development in certain areas which is conducive to alternatives to the single-occupant vehicle, including public transit. For the purposes of this subsection (6) "concurrent with the development" shall mean that improvements or strategies are in place at the time of development, or that a financial commitment is in place to complete the improvements or strategies within six years.

The transportation element described in this subsection, and the six-year plans required by RCW 35.77.010 for cities, RCW 36.81.121 for counties, and RCW 35.58.2795 for public transportation systems, must be consistent.

(7) An environmental management element that ensures that cumulative impacts and standards are considered and mitigation efforts are incorporated into land use, economic development, and infrastructure to protect, and when appropriate, to enhance environmental quality. Plans should minimize development and growth impacts on the environment so as not to degrade air, water, and natural resources below acceptable standards. Plans should specify service standards for public facilities and services and mitigation polices to provide better certainty in the development process. Before new development is approved, adequate solid waste facilities and opportunities for recycling and source reduction should be provided.

(8) An open space element that provides for local and regional parks, outdoor recreation facilities, trails, resource conservation areas, natural vistas, and greenbelts within and between designated urban growth areas. To the extent possible, open spaces should be linked in a coordinated regional and state-wide network and should be designated permanent open space only if funds or other compensatory techniques are available for acquisition consistent with section 44 of this act.

(9) A fair share element for siting state and regional public facilities for: (a) Holding or housing persons who have been arrested or convicted of crimes; and (b) the reduction, recycling, or disposal of solid waste.

(10) An historic sites and buildings element that includes but is not limited to, sites listed in or eligible for the Washington state register of historic places, the national register of historic places, or for designation under a local historic preservation ordinance.

(11) An economic development element that includes an economic profile of the county or city addressing the economic patterns, potentials, strengths, and weaknesses, and which may include:

(a) Methods to strengthen the economic base of the county or city;

(b) Identification of an adequate supply of sites of suitable sizes, types, locations, and service levels for industrial and commercial uses;

(c) Compatible uses on or near sites that are zoned for industrial or commercial activity; and

(d) A description that details how the land use and capital facilities elements of the comprehensive plan carry out the goals and objectives of the economic development element.

(12) A private property element that establishes an orderly, consistent process that better enables government agencies to evaluate whether proposed regulatory or administrative actions may result in a taking of private property or violation of due process. It is not the purpose of this subsection to expand or reduce the scope of private property protections provided in the state and federal Constitutions.

(13) Each county with a population of four hundred fifty thousand or more, and the cities with a population of twenty thousand or more located within such counties, shall include a design element, which at a minimum, addresses bulk and scale of new buildings in or adjacent to developed areas.

Sec. 6. RCW 36.70A.080 and 1990 1st ex.s. c 17 s 8 are each amended to read as follows:

COMPREHENSIVE PLANS--OPTIONAL ELEMENTS. (1) A comprehensive plan may include additional elements, items, or studies dealing with other subjects relating to the physical development within its jurisdiction, including, but not limited to:

- (a) Conservation;
- (b) Solar energy; ~~((and))~~
- (c) ~~((Recreation))~~ Human resource development;
- (d) Cultural resources; and
- (e) A design element that enables communities to harmoniously fit new development with planned or existing community character and vision.

(2) A comprehensive plan may include, where appropriate, subarea plans, each of which is consistent with the comprehensive plan.

Sec. 7. RCW 36.70A.110 and 1990 1st ex.s. c 17 s 11 are each amended to read as follows:

COMPREHENSIVE PLANS--URBAN GROWTH AREAS. (1) Each county that is required or chooses to ~~((adopt a comprehensive land use))~~ plan under RCW 36.70A.040 shall designate an urban growth area or areas in its comprehensive plan within which urban growth shall be encouraged and outside of which growth can occur only if it is not urban in nature. Each city that is located in such a county shall be included within an urban growth area. An urban growth area may include more than a single city. An urban growth area may include territory that is located outside of a city only if such territory already is characterized by urban growth ~~((or))~~ is adjacent to territory already characterized by urban growth, or meets the conditions for establishing new fully contained communities under section 11 of this act.

(2) Based upon the population forecast made for the county by the office of financial management, the urban growth areas in the county shall include areas and densities sufficient to permit the urban growth that is projected to occur in the county for the succeeding ~~((twenty-year))~~ ten-year period. Development densities should be sufficient to: (a) Protect open space, natural features and parks, agricultural lands, forest lands, mineral resource lands, and critical areas within and outside of urban growth areas; (b) promote affordable housing; and (c) promote alternatives to single-occupancy vehicle travel. Additionally, the county shall include a second-tier area to accommodate urban growth that is projected to occur in the county for a twenty-year period. The ten-year tier must be developed substantially before suburban or urban development is permitted beyond the ten-year tier. The ten-year and twenty-year urban growth area tiers in a county shall be established in such a manner as to not permit a significantly greater extent of urban growth than is projected to occur in the county within those time periods. Each urban growth area shall permit urban densities and shall include greenbelt and open space areas. Within one year of July 1, 1990, each county required to designate urban growth areas shall begin consulting with each city located within its boundaries and each city shall propose the location of an urban growth area. The county and cities located within the county shall attempt to reach agreement ~~((with each city))~~ on the location of ~~((an))~~ urban growth areas ~~((within which the city is located))~~ within the county. If such an agreement is not reached ~~((with each city located within the urban growth area)),~~ the county shall justify in writing why it so designated the area or areas an urban growth area or urban growth areas. A city may object formally ~~((with))~~ to the department over the designation of the urban growth area within which it is located. Where appropriate, the department shall attempt to resolve the conflicts, including the use of mediation services.

(3) Urban growth should be located first in areas already characterized by urban growth that have existing public facility and service capacities to serve such development, and second in areas already characterized by urban growth that will be served by a combination of both existing public facilities and services and any additional needed public facilities and services that are provided by either public or private sources. Further, it is appropriate that urban government services be provided by cities, and urban government services should not be provided in rural areas.

(4) New development should be designed to respect the planned and existing character of neighborhoods and to mitigate the effect on the environment, including air quality.

(5) Areas for potential annexation or potential incorporation shall be designated in portions of urban growth areas outside of cities. These areas shall relate the potential annexation or incorporation areas with local development patterns, address density, and identify the needed service providers without proliferating special purpose districts, and may include possible sequences or timing for the potential annexations or incorporations.

(6) Open space and lands with significant natural limitations shall be excluded in computing urban area density.

(7) At its option, a county may refer to any or all of the urban growth areas that it establishes as urban service areas.

NEW SECTION. Sec. 8. INTERIM URBAN GROWTH AREAS. (1) A city shall not annex territory located beyond an interim urban growth area established by a county planning under RCW 36.70A.040. A city shall not incorporate territory located beyond an interim urban growth area established by a county planning under RCW 36.70A.040.

(2) Counties that designate interim urban growth areas shall do so based on urban growth areas already established as of the effective date of this act or pursuant to the provisions contained in RCW 36.70A.110(1). Urban growth shall not be allowed outside of the interim urban growth areas. The provisions of RCW 36.70A.110 (2) through (7) shall not apply to the designation of interim urban growth areas.

Sec. 9. RCW 36.70A.130 and 1990 1st ex.s. c 17 s 13 are each amended to read as follows:

URBAN GROWTH AREA REVIEW. (1) Each comprehensive land use plan and development regulations shall be subject to continuing evaluation and review by the county or city that adopted them.

Any amendment or revision to a comprehensive land use plan shall conform to this chapter, and any change to development regulations shall be consistent with and implement the comprehensive plan.

(2) Each county and city shall establish procedures whereby proposed amendments or revisions of the comprehensive plan are considered by the governing body of the county or city no more frequently than once every year. All proposals shall be considered by the governing body concurrently so the cumulative effect of the various proposals can be ascertained. However, a county or city may adopt amendments or revisions to its comprehensive plan that conform with this chapter whenever an emergency exists.

(3) Each county that designates urban growth areas under RCW 36.70A.110 shall review, at least every ten years, its designated urban growth area or areas, and the densities permitted within both the incorporated and unincorporated portions of each urban growth area. However, each county with a population of four hundred fifty thousand or more shall review its urban growth area or areas at least every five years. In conjunction with this review by the county, each city located within an urban growth area shall review the densities permitted within its boundaries, and the extent to which the urban growth occurring within the county has located within each city and the unincorporated portions of the urban growth areas. The county comprehensive plan designating urban growth areas, and the densities permitted in the urban growth areas by the comprehensive plans of the county and each city located within the urban growth areas, shall be revised to

accommodate the urban growth projected to occur in the county for the succeeding twenty-year period.

NEW SECTION. Sec. 10. A new section is added to chapter 35.02 RCW to read as follows:

NO INCORPORATION BEYOND URBAN GROWTH BOUNDARIES. In a county in which urban growth areas have been designated under RCW 36.70A.110, no city may be incorporated beyond an urban growth area boundary.

NEW SECTION. Sec. 11. **NEW FULLY CONTAINED COMMUNITIES.** A county required or choosing to plan under RCW 36.70A.040 may establish a process as part of its urban growth areas, that are designated under RCW 36.70A.110, for reviewing proposals to authorize new fully contained communities located outside of the initially designated urban growth areas. Whenever this process is included, the urban growth areas in the county shall be restricted in anticipation of a new fully contained community or communities being approved in the future. When a new fully contained community is approved, the comprehensive plan shall be amended to designate the new fully contained community as an isolated urban growth area. The process contemplates holding in reserve portions of what eventually will become isolated urban growth areas within a county. Whenever the process to allow new fully contained communities is included as part of the urban growth areas within a county, the county shall demonstrate and justify how it restricted its urban growth areas in anticipation of approving a new fully contained community or communities as part of the urban growth areas within the county.

The process for reviewing proposed new fully contained communities shall include broad public participation. The applicant for the proposed new fully contained community shall prepare a proposed subarea plan for the area within which the new fully contained community is proposed to be located that demonstrates how growth-inducing impacts and urban and suburban growth will be precluded from occurring in the vicinity of the new fully contained community. A new fully contained community shall be surrounded by open space corridors and greenbelt areas. The process by which a new fully contained community is approved shall permit the transfer of development rights from property in the near vicinity of the proposed new fully contained community to the proposed new fully contained community. A new fully contained community shall not be located in a critical area or on natural resource lands. New fully contained communities shall be consistent with the requirements of this chapter. In addition, a new fully contained community may be approved only if the following criteria are met:

- (1) New infrastructure and off-site impacts are fully considered and fully mitigated;
- (2) Transit-oriented site planning and traffic demand management efforts are implemented;
- (3) Buffers are provided between the new community and urban growth areas;
- (4) Provisions are made for a balance of jobs and housing;
- (5) Sufficient affordable housing is provided within the new fully contained community;
- (6) Environmental protections have been adequately addressed and provided;
- (7) Sufficient protection is provided to ensure the new fully contained community is self-contained and will not stimulate or accelerate urban or suburban growth in adjacent areas;
- (8) Provision is made to minimize impacts on designated agricultural lands, forest lands, or mineral resource lands; and
- (9) The plan for the new fully contained community is consistent with the development regulations established for the protection of critical areas.

NEW SECTION. Sec. 12. **MASTER PLANNED RESORTS.** Counties that are required or choose to plan under RCW 36.70A.040 may permit master planned resorts outside of urban growth areas as limited by this section. A master planned resort means a self-contained and fully integrated planned unit development with a primary and

dominant focus on overnight accommodations and related visitor accommodations associated with on-site recreational activities, that primarily is retained under common ownership. A master planned resort may include limited subdivision or short subdivision of land within its boundaries, but only if such divisions are a minor part of the dominant resort focus that is retained under common ownership.

A master planned resort may be authorized by a county only if the county: (1) Specifically identifies policies to guide the development of such uses in its comprehensive plan; (2) includes a finding as a part of the approval process that the land is better suited, and has more long-term importance, for the master planned resort than for the commercial harvesting of timber, if located on land that otherwise would be designated as forest land; (3) is not located on or in the near vicinity of agricultural lands; (4) includes a finding as part of the approval process that the development will not adversely affect critical areas, and includes adequate binding restrictions to ensure that the development will not adversely affect critical areas; (5) does not permit or encourage other urban or suburban land uses that are not associated directly with the master planned resort; and (6) includes adequate binding restrictions to ensure that the development will not permit or encourage such land uses.

NEW SECTION. Sec. 13. PLANS AND REGULATIONS--SPECIAL DISTRICTS MUST CONFORM. (1) All special districts shall perform all of their activities which affect land use in conformity with the land use plans and zoning ordinances of the county or city having jurisdiction in the area where the activities occur.

(2) Not later than one and one-half years after the adoption of development regulations by a county or city pursuant to RCW 36.70A.120, each special district that provides one or more of the public facilities or public services listed in this subsection, and is located within such a county or city, shall adopt or amend a capital facilities plan for its facilities that is consistent with the comprehensive plan and development regulations and indicates the existing and projected capital facilities that are necessary to serve the projected growth for the area that is served by the special district. These public facilities or public services are: (a) Sanitary sewers; (b) potable water facilities; (c) park and recreation facilities; (d) fire suppression; (e) emergency medical services; (f) libraries; (g) hospitals; (h) schools; and (i) transportation facilities or services, including public transit.

Sec. 14. RCW 82.02.050 and 1990 1st ex.s. c 17 s 43 are each amended to read as follows:

HOUSING REPLACEMENT FEE. (1) It is the intent of the legislature:

(a) To ensure that adequate facilities are available to serve new growth and development;

(b) To promote orderly growth and development by establishing standards by which counties, cities, and towns may require, by ordinance, that new growth and development pay a proportionate share of the cost of new facilities needed to serve new growth and development and that new development reducing the supply of low-income housing contribute to the cost to the community of the development of replacement low-income housing; and

(c) To ensure that impact fees are imposed through established procedures and criteria so that specific developments do not pay arbitrary fees or duplicative fees for the same impact.

(2) Counties, cities, and towns that are required or choose to plan under RCW 36.70A.040 are authorized to impose impact fees on development activity as part of the financing for public facilities, provided that the financing for system improvements to serve new development must provide for a balance between impact fees and other sources of public funds and cannot rely solely on impact fees.

(3) The impact fees:

(a) Shall only be imposed for system improvements that are reasonably related to the new development;

(b) Shall not exceed a proportionate share of the costs of system improvements that are reasonably related to the new development; and

(c) Shall be used for system improvements that will reasonably benefit the new development.

(4) Impact fees may be collected and spent only for the public facilities defined in RCW 82.02.090 which are addressed by a capital facilities plan element of a comprehensive land use plan adopted pursuant to the provisions of RCW 36.70A.070 or the provisions for comprehensive plan adoption contained in chapter 36.70, 35.63, or 35A.63 RCW, or the inherent authority of a charter county or charter city derived from its charter, or for replacement housing. After July 1, 1993, continued authorization to collect and expend impact fees shall be contingent on the county, city, or town adopting or revising a comprehensive plan in compliance with RCW 36.70A.070, and on the capital facilities plan identifying:

(a) Deficiencies in public facilities serving existing development and the means by which existing deficiencies will be eliminated within a reasonable period of time;

(b) Additional demands placed on existing public facilities by new development; ((and))

(c) Additional public facility improvements required to serve new development; and

(d) Cumulative significant adverse environmental impacts.

If the capital facilities plan of the county, city, or town is complete other than for the inclusion of those elements which are the responsibility of a special district, the county, city, or town may impose impact fees to address those public facility needs for which the county, city, or town is responsible.

(5) Any county, city, or town authorized to impose impact fees under this section may also impose a housing replacement fee on any development activity that involves the demolition of a structure previously used as low-income housing or the conversion of any such structure to use other than low-income housing. The housing replacement fee may not exceed the estimated cost to the jurisdiction of offsetting the impact of the development activity on the supply of low-income housing in the area in which the development is located. Any housing replacement fee shall be calculated by the jurisdiction in accordance with standards adopted by ordinance or regulation. All replacement housing fees shall be used to provide or finance low-income housing in the manner authorized by RCW 35.21.685 or 36.32.415.

After July 1, 1993, continued authorization to collect housing replacement fees shall be contingent on the jurisdiction adopting or revising a comprehensive plan in compliance with RCW 36.70A.070, and in compliance with the local jurisdiction's fair share affordable housing goal pursuant to chapter 36.70A RCW.

Sec. 15. RCW 82.02.090 and 1990 1st ex.s. c 17 s 48 are each amended to read as follows:

IMPACT FEES--DEFINITIONS. Unless the context clearly requires otherwise, the following definitions shall apply in RCW 82.02.050 through 82.02.090:

(1) "Development activity" means any construction or expansion of a building, structure, or use, any change in use of a building or structure, or any changes in the use of land, that creates additional demand and need for public facilities.

(2) "Development approval" means any written authorization from a county, city, or town which authorizes the commencement of development activity.

(3) "Impact fee" means a payment of money imposed upon development as a condition of development approval to pay for public facilities needed to serve new growth and development, and that is reasonably related to the new development that creates additional demand and need for public facilities, that is a proportionate share of the cost

of the public facilities, and that is used for facilities that reasonably benefit the new development. "Impact fee" does not include a reasonable permit or application fee.

(4) "Owner" means the owner of record of real property, although when real property is being purchased under a real estate contract, the purchaser shall be considered the owner of the real property if the contract is recorded.

(5) "Proportionate share" means that portion of the cost of public facility improvements that are reasonably related to the service demands and needs of new development.

(6) "Project improvements" mean site improvements and facilities that are planned and designed to provide service for a particular development project and that are necessary for the use and convenience of the occupants or users of the project, and are not system improvements. No improvement or facility included in a capital facilities plan approved by the governing body of the county, city, or town shall be considered a project improvement.

(7) "Public facilities" means the following capital facilities owned or operated by government entities: (a) Public streets and roads, sidewalks, bicycle trails, and transit stops; (b) publicly owned parks, open space, and recreation facilities; (c) school facilities; ~~((and))~~ (d) low-income housing; (e) fire protection facilities in jurisdictions that are not part of a fire district; and (f) high-capacity transit systems and alternative transportation accommodations.

(8) "Service area" means a geographic area defined by a county, city, town, or intergovernmental agreement in which a defined set of public facilities provide service to development within the area. Service areas shall be designated on the basis of sound planning or engineering principles.

(9) "System improvements" mean public facilities that are included in the capital facilities plan and are designed to provide service to service areas within the community at large, in contrast to project improvements.

Sec. 16. RCW 43.21C.031 and 1983 c 117 s 1 are each amended to read as follows:

ENVIRONMENTAL IMPACT STATEMENTS. (1) An environmental impact statement (the detailed statement required by RCW 43.21C.030(2)(c)) shall be prepared on proposals for legislation and other major actions having a probable significant, adverse environmental impact. Actions categorically exempt under RCW 43.21C.110(1)(a) do not require environmental review or the preparation of an environmental impact statement under this chapter.

(2)(a) Except as provided in (b) of this subsection, an environmental impact statement is required to analyze only those probable adverse environmental impacts which are significant. Beneficial environmental impacts may be discussed. The responsible official shall consult with agencies and the public to identify such impacts and limit the scope of an environmental impact statement.

(b) An environmental impact statement for a comprehensive plan and development regulations considered for adoption under RCW 36.70A.040 shall analyze the significant adverse environmental impacts of the proposed plan and regulations.

(3) The subjects listed in RCW 43.21C.030(2)(c) need not be treated as separate sections of an environmental impact statement. Discussions of significant short-term and long-term environmental impacts, significant irrevocable commitments of natural resources, significant alternatives including mitigation measures, and significant environmental impacts which cannot be mitigated should be consolidated or included, as applicable, in those sections of an environmental impact statement where the responsible official decides they logically belong.

NEW SECTION. Sec. 17. VESTING DOCTRINE. The following rule is adopted for the vesting of rights in counties and cities that plan under this chapter: A right shall vest upon the issuance of a valid permit or preliminary plat approval. This rule shall

cease to be effective on the effective date of the final ordinance containing development regulations adopted under RCW 36.70A.120, that implement in whole the comprehensive plan adopted under this chapter within the entire planning jurisdiction of each county and city that plan under this chapter.

Sec. 18. RCW 19.27.095 and 1987 c 104 s 1 are each amended to read as follows:

BUILDING PERMIT APPLICATION--CONSIDERATION--REQUIREMENTS DEFINED BY LOCAL ORDINANCE. (1) Except as provided in section 17 of this act, a valid and fully complete building permit application for a structure, that is permitted under the zoning or other land use control ordinances in effect on the date of the application shall be considered under the building permit ordinance in effect at the time of application, and the zoning or other land use control ordinances in effect on the date of application.

(2) The requirements for a fully completed application shall be defined by local ordinance.

(3) The limitations imposed by this section shall not restrict conditions imposed under chapter 43.21C RCW.

Sec. 19. RCW 58.17.033 and 1987 c 104 s 2 are each amended to read as follows:

PROPOSED DIVISION OF LAND--REQUIREMENTS DEFINED BY LOCAL ORDINANCE. (1) Except as provided in section 17 of this act, a proposed division of land, as defined in RCW 58.17.020, shall be considered under the subdivision or short subdivision ordinance, and zoning or other land use control ordinances, in effect on the land at the time a fully completed application for preliminary plat approval of the subdivision, or short plat approval of the short subdivision, has been submitted to the appropriate county, city, or town official.

(2) The requirements for a fully completed application shall be defined by local ordinance.

(3) The limitations imposed by this section shall not restrict conditions imposed under chapter 43.21C RCW.

Sec. 20. RCW 58.17.170 and 1981 c 293 s 10 are each amended to read as follows:

SUBDIVISION, ZONING CONTROLS. When the legislative body of the city, town or county finds that the subdivision proposed for final plat approval conforms to all terms of the preliminary plat approval, and that said subdivision meets the requirements of this chapter, other applicable state laws, and any local ordinances adopted under this chapter which were in effect at the time of preliminary plat approval, it shall suitably inscribe and execute its written approval on the face of the plat. The original of said final plat shall be filed for record with the county auditor. One reproducible copy shall be furnished to the city, town or county engineer. One paper copy shall be filed with the county assessor. Paper copies shall be provided to such other agencies as may be required by ordinance. Any lots in a final plat filed for record shall be a valid land use notwithstanding any change in zoning laws for a period of five years from the date of filing, but during this five-year period are subject to any changed conditions on the valid land use contained in the current zoning or other land use control ordinances as long as the valid land use remains possible. These conditions include, but are not limited to, setback requirements and height limitations. A subdivision shall be governed by the terms of approval of the final plat, and the statutes, ordinances, and regulations in effect at the time of approval under RCW 58.17.150 (1) and (3) for a period of five years after final plat approval unless the legislative body finds that a change in conditions creates a serious threat to the public health or safety in the subdivision.

Sec. 21. RCW 36.70A.140 and 1990 1st ex.s. c 17 s 14 are each amended to read as follows:

NEIGHBORHOOD PARTICIPATION. Each county and city that is required or chooses to plan under RCW 36.70A.040 shall establish procedures providing for early and continuous public participation in the development and amendment of comprehensive land

use plans and development regulations implementing such plans. The procedures shall provide for broad dissemination of proposals and alternatives, opportunity for written comments, public meetings after effective notice, provision for open discussion, communication programs, information services, and consideration of and response to public comments. Errors in exact compliance with the established procedures shall not render the comprehensive land use plan or development regulations invalid if the spirit of the procedures is observed.

Every city with a population of twenty thousand or more that plans under RCW 36.70A.040 shall establish a neighborhood inclusion process. The process shall allow neighborhood groups an opportunity to develop a neighborhood plan that addresses how their neighborhood can help the city meet its overall goals and requirements for growth management. The neighborhood plan must be consistent with the goals, requirements, and priorities of the city, and shall be given substantial consideration by the city council. The city shall: (1) Provide neighborhood groups with a listing of what the city is required to do in order to comply with growth management provisions; (2) assist neighborhood groups with the development of the neighborhood plan when possible; (3) establish timelines for when the neighborhood plans must be submitted to the city for review; and (4) help in the development of impact mitigation measures for the neighborhood when a neighborhood increases its density, or when state or regional public facilities are sited in the neighborhood. If the neighborhood plan does not proceed in a timely manner, the city may assume control over the process and complete the plan.

Every city with a population of twenty thousand or more shall establish citizen advisory councils to assist in the development of the comprehensive land use plans and development regulations. Counties and cities may establish citizen advisory councils. The councils shall be consulted on the development of methods to meet fair share housing goals, and be consulted at key planning milestones.

Nothing in this section shall require a city to establish a neighborhood inclusion process or a citizen advisory council if the city already has a similar neighborhood inclusion process or a citizen advisory council already established.

Sec. 22. RCW 36.93.170 and 1989 c 84 s 5 are each amended to read as follows:

FACTORS FOR BOUNDARY REVIEW BOARD TO CONSIDER. In reaching a decision on a proposal or an alternative, the board shall consider the factors affecting such proposal, which shall include, but not be limited to the following:

(1) Population and territory; population density; land area and land uses; comprehensive plans and zoning, as adopted under chapter 35.63, 35A.63, or 36.70 RCW; per capita assessed valuation; topography, natural boundaries and drainage basins, proximity to other populated areas; the existence and preservation of prime agricultural soils and productive agricultural uses; the likelihood of significant growth in the area and in adjacent incorporated and unincorporated areas during the next ten years; location and most desirable future location of community facilities;

(2) Municipal services; need for municipal services; effect of ordinances, governmental codes, regulations and resolutions on existing uses; present cost and adequacy of governmental services and controls in area; prospects of governmental services from other sources; probable future needs for such services and controls; probable effect of proposal or alternative on cost and adequacy of services and controls in area and adjacent area; the effect on the finances, debt structure, and contractual obligations and rights of all affected governmental units; the added net costs for a city, town, or special district to provide services and facilities in an area that it proposes to annex; and

(3) The effect of the proposal or alternative on adjacent areas, on mutual economic and social interests, and on the local governmental structure of the county.

The provisions of chapter 43.21C RCW, State Environmental Policy, shall not apply to incorporation proceedings covered by chapter 35.02 RCW.

Sec. 23. RCW 36.93.180 and 1989 c 84 s 6 are each amended to read as follows:

OBJECTIVES OF BOUNDARY REVIEW BOARD. The decisions of the boundary review board shall attempt to achieve the following objectives:

- (1) Preservation of natural neighborhoods and communities;
- (2) Use of physical boundaries, including but not limited to bodies of water, highways, and land contours;
- (3) Creation and preservation of logical service areas;
- (4) Prevention of abnormally irregular boundaries;
- (5) Discouragement of multiple incorporations of small cities and encouragement of incorporation of cities in excess of ten thousand population in heavily populated urban areas;
- (6) Dissolution of inactive special purpose districts;
- (7) Adjustment of impractical boundaries;
- (8) Incorporation as cities or towns or annexation to cities or towns of unincorporated areas which are urban in character; ~~((and))~~
- (9) Protection of agricultural and rural lands which are designated for long term productive agricultural and resource use by a comprehensive plan adopted by the county legislative authority; and

(10) Evaluation of whether the proposed annexation by a city or town, or proposed incorporation of a city or town, in a county that is required or chooses to plan under RCW 36.70A.040, is located within an urban growth area and is consistent with the annexation and incorporation portions of the urban growth area. Cities and towns located in a county that is required or chooses to plan under RCW 36.70A.040 shall not annex areas outside of an urban growth area. A city or town shall not be incorporated outside of an urban growth area in any county that is required or chooses to plan under RCW 36.70A.040.

NEW SECTION. Sec. 24. A new section is added to chapter 36.93 RCW to read as follows:

POWER TO DISBAND BOUNDARY REVIEW BOARD. When a county has adopted a comprehensive plan and consistent development regulations pursuant to the provisions of chapter 36.70A RCW and this act, the county may at the discretion of the county legislative authority, disband the boundary review board in that county.

Sec. 25. RCW 35.13.130 and 1990 c 33 s 566 are each amended to read as follows:

PETITION METHOD--PETITION--SIGNERS--CONTENT. A petition for annexation of an area contiguous to a city or town may be made in writing addressed to and filed with the legislative body of the municipality to which annexation is desired. Except where all the property sought to be annexed is property of a school district, and the school directors thereof file the petition for annexation as in RCW 28A.335.110 authorized, the petition must be signed by the owners of not less than seventy-five percent in value according to the assessed valuation for general taxation of the property for which annexation is petitioned, except the petition for a city or town that is located in a county planning under RCW 36.70A.040, to annex property located in such a county, must be signed by the owners of not less than sixty percent in value according to the assessed valuation for general taxation of the property for which annexation is petitioned. **PROVIDED,** That in cities and towns with populations greater than one hundred sixty thousand located east of the Cascade mountains, the owner of tax exempt property may sign an annexation petition and have the tax exempt property annexed into the city or town, but the value of the tax exempt property shall not be used in calculating the sufficiency of the required property owner signatures unless only tax exempt property is proposed to be annexed into the city or town. The petition shall set forth a description of the property according to government legal subdivisions or legal plats which is in compliance with RCW 35.02.170, and shall be accompanied by a plat which outlines the boundaries of the property sought to be annexed. If the legislative body has required the assumption of all or of any portion of city or town indebtedness by the area annexed,

and/or the adoption of a comprehensive plan for the area to be annexed, these facts, together with a quotation of the minute entry of such requirement or requirements shall be set forth in the petition.

NEW SECTION. Sec. 26. A new section is added to chapter 35.13 RCW to read as follows:

CITY ANNEXATIONS. Each unincorporated area that as of January 1, 1991, lies wholly within the boundaries of a city or town shall become part of the city or town within whose boundaries the unincorporated area lies, as of the effective date of an ordinance adopted by the city or town governing body providing for the annexation of the area, after the governing body holds a public hearing on the proposed annexation of the area. Land which is owned by a county and used for the purposes of an agricultural fair under chapter 15.76 or 36.37 RCW, or a county park, shall not be annexed under this section without the consent of a majority of the members of the county legislative authority of the county that owns the land. For purposes of this section, an unincorporated area that is bounded completely by both a state boundary, or a body or bodies of navigable water, and a city or town shall not be construed to lie wholly within the boundaries of a city or town. Annexations under this section shall not be reviewed by a boundary review board or other annexation review board.

NEW SECTION. Sec. 27. A new section is added to chapter 35.13 RCW to read as follows:

CITY ANNEXATIONS. (1) A city or town shall not annex territory under any method where, after the proposed annexation has occurred, any closed plane figure of unincorporated area could be drawn that includes a portion of the boundary of the newly annexed area so that eighty percent or more of the figure's perimeter is conterminous with any of the annexing city's or town's boundaries. In addition, a city or town shall not annex unincorporated territory under any method of annexation if, as a result of the annexation, an area would become entirely surrounded by a body or bodies of navigable water and the annexing city or town, unless the annexation reduced the size of an area that prior to the annexation was entirely surrounded by a body or bodies of navigable water and the annexing city or town.

(2) However, a city or town may annex territory that lies within a corridor of unincorporated territory which existed before the effective date of this act where, after the annexation has occurred, a closed plane figure could be drawn that is prohibited under subsection (1) of this section, if, after the proposed annexation has occurred, another closed plane figure cannot be drawn within the corridor so that a greater percentage of the perimeter is conterminous with a portion of the boundaries of the city or town than was the case with the perimeter of the original figure.

NEW SECTION. Sec. 28. A new section is added to chapter 35A.14 RCW to read as follows:

CITY ANNEXATIONS. Each unincorporated area that as of January 1, 1991, lies wholly within the boundaries of a code city shall become part of the city within whose boundaries the unincorporated area lies, as of the effective date of an ordinance adopted by the city governing body providing for the annexation of the area, after the governing body holds a public hearing on the proposed annexation of the area. Land which is owned by a county and used for the purposes of an agricultural fair under chapter 15.76 or 36.37 RCW, or a county park, shall not be annexed under this section without the consent of a majority of the members of the county legislative authority of the county that owns the land. For purposes of this section, an unincorporated area that is bounded completely by both a state boundary, or a body or bodies of navigable water, and a city shall not be construed to lie wholly within the boundaries of a city. Annexations under this section shall not be reviewed by a boundary review board or other annexation review board.

NEW SECTION. Sec. 29. A new section is added to chapter 35A.14 RCW to read as follows:

CITY ANNEXATIONS. (1) A code city shall not annex territory under any method where, after the proposed annexation has occurred, any closed plane figure of unincorporated area could be drawn that includes a portion of the boundary of the newly annexed area so that eighty percent or more of the figure's perimeter is coterminous with any of the annexing city's boundaries. In addition, a code city shall not annex unincorporated territory under any method of annexation if, as a result of the annexation, an area would become entirely surrounded by a body or bodies of navigable water and the annexing city, unless the annexation reduced the size of an area that prior to the annexation was entirely surrounded by a body or bodies of navigable water and the annexing city.

(2) However, a code city may annex territory that lies within a corridor of unincorporated territory which existed before the effective date of this act where, after the annexation has occurred, a closed plane figure could be drawn that is prohibited under subsection (1) of this section, if, after the proposed annexation has occurred, another closed plane figure cannot be drawn within the corridor so that a greater percentage of the perimeter is coterminous with a portion of the boundaries of the city than was the case with the perimeter of the original figure.

"PART III - HOUSING"

Sec. 30. RCW 82.46.010 and 1990 1st ex.s. c 17 s 36 are each amended to read as follows:

REAL ESTATE EXCISE TAX--HOUSING PROJECTS. (1) The governing body of any county or any city may impose an excise tax on each sale of real property in the unincorporated areas of the county for the county tax and in the corporate limits of the city for the city tax at a rate not exceeding one-quarter of one percent of the selling price. The revenues from this tax shall be used by the respective jurisdictions for local capital improvements, including those listed in RCW 35.43.040.

After July 1, 1990, revenues generated from the tax imposed under this subsection in counties and cities that are required or choose to plan under RCW 36.70A.040 shall be used primarily for financing capital projects specified in a capital facilities plan element of a comprehensive plan, housing projects, and housing relocation assistance under RCW 59.18.440 and 59.18.450. However, revenues (a) pledged by such counties and cities to debt retirement prior to July 1, 1990, may continue to be used for that purpose until all outstanding debt is retired, or (b) committed prior to July 1, 1990, by such counties or cities to a capital project may continue to be used for that purpose until the project is completed.

(2) In lieu of imposing the tax authorized in RCW 82.14.030(2), the governing body of any county or any city may impose an additional excise tax on each sale of real property in the unincorporated areas of the county for the county tax and in the corporate limits of the city for the city tax at a rate not exceeding one-half of one percent of the selling price.

(3) Taxes imposed under this section shall be collected from persons who are taxable by the state under chapter 82.45 RCW upon the occurrence of any taxable event within the unincorporated areas of the county or within the corporate limits of the city, as the case may be.

(4) Taxes imposed under this section shall comply with all applicable rules, regulations, laws, and court decisions regarding real estate excise taxes as imposed by the state under chapter 82.45 RCW.

(5) As used in this section, "city" means any city or town; and "housing project" includes the construction, reconstruction, acquisition, or rehabilitation of housing to serve low-income persons by the city or county, or as provided in RCW 35.21.685 and 36.32.415.

NEW SECTION. Sec. 31. FAIR SHARE HOUSING. (1) Each county and city that is required or chooses to plan under RCW 36.70A.040 shall determine its fair share affordable housing goal pursuant to the regional policy plan process established in section 50 of this act. The process shall utilize county-wide data provided by the office of financial management to establish the fair share affordable housing goals, except that data from more than one county may be aggregated when it is appropriate.

(2) The department shall require each city and county to submit a report every five years that describes the progress that is being made to meet its fair share affordable housing goal. Jurisdictions that meet their fair share affordable housing goals shall receive preference points in applications for grants or loans under the public works assistance account and the housing trust fund. A jurisdiction can demonstrate progress at meeting its fair share affordable housing goals by indicating efforts in reducing minimum lot and frontage sizes, the amount of local effort compared to the tax capacity, the submission of any bond and levy measures to the voters for affordable housing, the identification and elimination of restrictive zoning or regulations that unreasonably impact affordable housing, the enactment of density bonuses and land use techniques such as cluster housing and planned unit developments, the siting of affordable higher density mobile home parks, the adoption of a current use classification for assessing low-income housing, and efforts to preserve federally assisted housing developments.

NEW SECTION. Sec. 32. A new section is added to chapter 8.26 RCW to read as follows:

REPLACEMENT HOUSING. Whenever the state or a local public agency demolishes or otherwise eliminates low-income housing as defined in RCW 36.32.415 for a public works project, it shall deposit moneys in a local jurisdiction housing replacement fund in an amount equal to the cost of providing an equal number of new low-income rental housing units in the same location. The moneys may only be used for acquiring, constructing, or rehabilitating low-income housing stock. Nothing in this section shall require a state or local public agency to pay an impact fee for demolishing housing that constitutes a nuisance or a health or safety hazard to the community.

Sec. 33. RCW 35.21.685 and 1986 c 248 s 1 are each amended to read as follows:

LOW-INCOME HOUSING. A city or town may assist in the development or preservation of publicly or privately owned housing for persons of low income by providing loans or grants (~~(of general municipal funds)~~) to the owners or developers of the housing. The loans or grants shall be pursuant to a plan or program authorized by the legislative authority of the city or town (~~(-They may be made)~~) to finance all or a portion of the cost of construction, reconstruction, acquisition, or rehabilitation of housing that will be occupied by ((a) one or more persons or ((family) families of low income or relocation assistance for such persons or families. As used in this section, "low income" means income that does not exceed eighty percent of the median income for the county or, if applicable, the standard metropolitan statistical area in which the city or town is located. For the purpose of this section, "owner" includes a lessee under a ground lease or a master lease. Housing constructed or rehabilitated with loans or grants made under this section shall not be considered public works or improvements subject to competitive bidding or a purchase of services subject to the prohibition against advance payment for services: PROVIDED, That whenever feasible the borrower or grantee shall make every reasonable and practicable effort to utilize a competitive public bidding process.

Sec. 34. RCW 36.32.415 and 1986 c 248 s 2 are each amended to read as follows:

LOW-INCOME HOUSING. A county may assist in the development or preservation of publicly or privately owned housing for persons of low income by providing loans or grants (~~(of general county funds)~~) to the owners or developers of the housing. The loans or grants shall be made pursuant to a plan or program authorized by the legislative authority of a county (~~(-They may be made)~~) to finance all or a portion of the cost of construction, reconstruction, acquisition, or rehabilitation of housing that

will be occupied by ~~((a))~~ one or more persons or ~~((family))~~ families of low income or relocation assistance for such persons or families. As used in this section, "low income" means income that does not exceed eighty percent of the median income for the county or, if applicable, the standard metropolitan statistical area in which the county is located. For the purpose of this section, "owner" includes a lessee under a ground lease or master lease. Housing constructed or rehabilitated with loans or grants made under this section shall not be considered public works or improvements subject to competitive bidding or a purchase of services subject to the prohibition against advance payment for services: PROVIDED, That whenever feasible the borrower or grantee shall make every reasonable and practicable effort to utilize a competitive public bidding process.

Sec. 35. RCW 59.18.440 and 1990 1st ex.s. c 17 s 49 are each amended to read as follows:

HOUSING RELOCATION ASSISTANCE. (1) Any city, town, or county~~((, or municipal corporation))~~ that is required to or chooses to develop a comprehensive plan under RCW ~~((36.70A.040(1)))~~ 36.70A.040 is authorized to require, after reasonable notice to the public and a public hearing, property owners to provide their portion of reasonable relocation assistance to low-income tenants upon the demolition, substantial rehabilitation whether due to code enforcement or any other reason, or change of use of residential property, or upon the removal of use restrictions in an assisted-housing development. No city, town, or county~~((, or municipal corporation))~~ may require property owners to provide relocation assistance to low-income tenants, as defined in this chapter, upon the demolition, substantial rehabilitation, upon the change of use of residential property, or upon the removal of use restrictions in an assisted-housing development, except as expressly authorized herein or when authorized or required by state or federal law. As used in this section, "assisted housing development" means a multifamily rental housing development that either receives government assistance and is defined as federally assisted housing in RCW 59.28.020, or that receives other federal, state, or local government assistance and is subject to use restrictions.

(2) As used in this section, "low-income tenants" means tenants whose combined total income per dwelling unit is at or below fifty percent of the median income, adjusted for family size, in the county where the tenants reside.

The department of community development shall adopt rules defining county median income in accordance with the definitions promulgated by the federal department of housing and urban development.

(3) A requirement that property owners provide relocation assistance shall include the amounts of such assistance to be provided to low-income tenants. In determining such amounts, the ~~((jurisdiction))~~ county, city, or town imposing the requirement shall evaluate, and receive public testimony on, what relocation expenses displaced tenants would reasonably incur in that jurisdiction including:

- (a) Actual physical moving costs and expenses;
- (b) Advance payments required for moving into a new residence such as the cost of first and last month's rent and security and damage deposits;
- (c) Utility connection fees and deposits; and
- (d) Anticipated additional rent and utility costs in the residence for one year after relocation.

(4)(a) Relocation assistance provided to low-income tenants under this section shall not exceed two thousand dollars for each dwelling unit displaced by actions of the property owner under subsection (1) of this section. A city, town, or county~~((, or municipal corporation))~~ may make future annual adjustments to the maximum amount of relocation assistance required under this subsection in order to reflect any changes in the housing component of the consumer price index as published by the United States department of labor, bureau of labor statistics.

(b) The property owner's portion of any relocation assistance provided to low-income tenants under this section shall not exceed one-half of the required relocation assistance under (a) of this subsection in cash or services. A city, town, or county may authorize the cash portion of the relocation assistance provided by the property owner to be in the form of foregone rent, and may establish a value on services provided by the landlord, such as moving, that assist the tenants to relocate.

(c) The portion of relocation assistance not covered by the property owner under (b) of this subsection shall be paid by the city, town, or county(~~(, or municipal corporation))~~) authorized to require relocation assistance under subsection (1) of this section. The relocation assistance may be paid from proceeds collected from the excise tax imposed under RCW 82.46.010.

(5) A city, town, or county(~~(, or municipal corporation))~~) requiring the provision of relocation assistance under this section shall adopt policies, procedures, or regulations to implement such requirement. Such policies, procedures, or regulations shall include provisions for administrative hearings to resolve disputes between tenants and property owners relating to relocation assistance or unlawful detainer actions during relocation, and shall require a decision within thirty days of a request for a hearing by either a tenant or property owner.

Judicial review of an administrative hearing decision relating to relocation assistance may be had by filing a petition, within ten days of the decision, in the superior court in the county where the residential property is located. Judicial review shall be confined to the record of the administrative hearing and the court may reverse the decision only if the administrative findings, inferences, conclusions, or decision is:

- (a) In violation of constitutional provisions;
- (b) In excess of the authority or jurisdiction of the administrative hearing officer;
- (c) Made upon unlawful procedure or otherwise is contrary to law; or
- (d) Arbitrary and capricious.

(6) Any city, town, or county(~~(, or municipal corporation))~~) may require relocation assistance, under the terms of this section, for otherwise eligible tenants whose living arrangements are exempted from the provisions of this chapter under RCW 59.18.040(3) and if the living arrangement is considered to be a rental or lease pursuant to RCW 67.28.180(1).

(7)(a) Persons who move from a dwelling unit prior to the application by the owner of the dwelling unit for any governmental permit necessary for the demolition, substantial rehabilitation, or change of use of residential property or prior to any notification or filing required for condominium conversion shall not be entitled to the assistance authorized by this section.

(b) Persons who move into a dwelling unit after the application for any necessary governmental permit or after any required condominium conversion notification or filing shall not be entitled to the assistance authorized by this section if such persons receive written notice from the property owner prior to taking possession of the dwelling unit that specifically describes the activity or condition that may result in their temporary or permanent displacement and advises them of their ineligibility for relocation assistance.

"PART IV - RESOURCE LANDS, CRITICAL AREAS, AND OPEN SPACE"

Sec. 36. RCW 36.70A.170 and 1990 1st ex.s. c 17 s 17 are each amended to read as follows:

FOREST, AGRICULTURE, AND MINERAL RESOURCE LANDS AND CRITICAL AREAS--DESIGNATIONS. (1) On or before September 1, 1991, each county, and each city, shall designate where appropriate:

(a) Agricultural lands that are not already characterized by urban growth and that have long-term significance for the commercial production of food or other agricultural products;

(b) Forest lands that are not already characterized by urban growth and that have long-term significance for the commercial production of timber;

(c) Mineral resource lands that are not already characterized by urban growth and that have long-term significance for the extraction of minerals; and

(d) Critical areas.

(2) In making the designations required by this section, counties and cities shall consider the guidelines established pursuant to RCW 36.70A.050.

(3) Once classified, such lands shall be protected according to RCW 36.70A.060 or section 38 of this act.

Sec. 37. RCW 36.70A.060 and 1990 1st ex.s. c 17 s 6 are each amended to read as follows:

FOREST, AGRICULTURE, AND MINERAL RESOURCE LANDS AND CRITICAL AREAS--DEVELOPMENT REGULATIONS. (1) Each county that is required or chooses to plan under RCW 36.70A.040, and each city within such county, shall adopt development regulations on or before September 1, 1991, to assure the conservation of agricultural, forest, and mineral resource lands designated under RCW 36.70A.170. Regulations adopted under this ~~((section))~~ subsection may not prohibit uses ~~((permitted))~~ legally existing on any parcel prior to their adoption unless provisions are made for amortizing the use and shall remain in effect until ~~((a))~~ the county or city adopts development regulations pursuant to RCW 36.70A.120. Such regulations shall assure that the use of lands adjacent to agricultural, forest, or mineral resource lands shall not interfere with the continued use, in the accustomed manner and in accordance with best management practices, of these designated lands for the production of food, agricultural products, or timber, or for the extraction of minerals. Counties and cities shall require that all plats, short plats, development permits, and building permits issued for development activities on, or within three hundred feet of, lands designated as agricultural lands, forest lands, or mineral resource lands, contain a notice that the subject property is within or near designated agricultural lands, forest lands, or mineral resource lands on which a variety of commercial activities may occur that are not compatible with residential development for certain periods of limited duration.

(2) Each county that is required or chooses to plan under RCW 36.70A.040, and each city within such county, shall adopt development regulations on or before September 1, 1991, precluding land uses or development that is incompatible with the critical areas that are required to be designated under RCW 36.70A.170.

~~((2))~~ (3) Such counties and cities shall review these designations and development regulations when adopting their comprehensive plans under RCW 36.70A.040 and implementing development regulations under RCW 36.70A.120 and may alter such designations and development regulations to insure consistency.

NEW SECTION. Sec. 38. **FOREST, AGRICULTURE, AND MINERAL RESOURCE LANDS AND CRITICAL AREAS--REMAINING JURISDICTIONS TO ADOPT DEVELOPMENT REGULATIONS.** (1) Each county and city not planning under RCW 36.70A.060 shall adopt development regulations on or before September 1, 1992, to assure the conservation of agricultural, forest, and mineral resource lands designated under RCW 36.70A.170. Regulations adopted under this subsection may not prohibit uses legally existing on any parcel prior to their adoption unless provisions are made for amortizing the use. Such regulations shall assure that the use of lands adjacent to agricultural, forest, or mineral resource lands shall not interfere with the continued use, in the accustomed manner, of these designated lands for the production of food, agricultural products, or timber, or for the extraction of minerals.

(2) Each county and city covered by this section shall adopt development regulations on or before September 1, 1992, precluding land uses or development that is incompatible with the critical areas that are required to be designated under RCW 36.70A.170.

(3) Each county and city under this section shall perform its activities, including adoption of development regulations, and make capital budget decisions in conformity with their designations under RCW 36.70A.170.

NEW SECTION. Sec. 39. OPEN SPACE LANDS--IDENTIFICATION. In addition to designation of agricultural lands, forest lands, mineral resource lands, and critical areas as required under RCW 36.70A.170, every county and city required or choosing to plan under RCW 36.70A.040 shall identify existing open space lands permanently protected by the county or city by June 30, 1992. This identification shall be consistent with the requirements contained in RCW 36.70A.160.

NEW SECTION. Sec. 40. EXTENSION OF TIME TO DESIGNATE AND PROTECT FOREST, AGRICULTURE, AND MINERAL RESOURCE LANDS AND CRITICAL AREAS. The department may extend the date by which a county or city is required to designate agricultural lands, forest lands, mineral resource lands, and critical areas under RCW 36.70A.170, or the date by which a county or city is required to protect such lands and critical areas under RCW 36.70A.060, if the county or city demonstrates that it is proceeding in an orderly fashion, and is making a good faith effort, to meet these requirements. An extension may be for up to an additional one hundred eighty days. The length of an extension shall be based upon the difficulty of the effort to conform with these requirements.

Sec. 41. RCW 36.70A.050 and 1990 1st ex.s. c 17 s 5 are each amended to read as follows:

MINIMUM GUIDELINES TO CLASSIFY AGRICULTURE, FOREST, AND MINERAL LANDS AND CRITICAL AREAS. (1) Subject to the definitions provided in RCW 36.70A.030, the department shall adopt guidelines, under chapter 34.05 RCW, no later than September 1, 1990, to guide the classification of: (a) Agricultural lands; (b) forest lands; (c) mineral resource lands; and (d) critical areas. The department shall consult with the department of agriculture regarding guidelines for agricultural lands, the department of natural resources regarding forest lands and mineral resource lands, and the department of ecology regarding critical areas.

(2) In carrying out its duties under this section, the department shall consult with interested parties, including but not limited to: (a) Representatives of cities; (b) representatives of counties; (c) representatives of developers; (d) representatives of builders; (e) representatives of owners of agricultural lands, forest lands, and mining lands; (f) representatives of local economic development officials; (g) representatives of environmental organizations; (h) representatives of special districts; (i) representatives of the governor's office and federal and state agencies; and (j) representatives of Indian tribes. In addition to the consultation required under this subsection, the department shall conduct public hearings in the various regions of the state. The department shall consider the public input obtained at such public hearings when adopting the guidelines.

(3) The guidelines under subsection (1) of this section shall be minimum guidelines that apply to all (~~jurisdictions~~) counties and cities, but also shall allow for regional differences that exist in Washington state. The intent of these guidelines is to assist counties and cities in designating the classification of agricultural lands, forest lands, mineral resource lands, and critical areas under RCW 36.70A.170.

(4) The guidelines established by the department under this section regarding classification of forest lands shall not be inconsistent with guidelines adopted by the department of natural resources.

(5) Once classified, such lands shall be protected according to RCW 36.70A.060 and section 38 of this act.

NEW SECTION. Sec. 42. OPEN SPACE MAP. (1) To assist counties and cities in carrying out the goals and requirements of this chapter, the committee created in section 45 of this act shall prepare a state-wide open space map identifying existing areas of protected open space lands and networks as described in RCW 36.70A.020.

(2) The committee shall prepare the map and submit it to the governor and the joint select committee on growth management by December 1, 1992. The committee shall distribute the map to all counties and cities planning under RCW 36.70A.040 to adopt comprehensive land use plans under this chapter.

(3) The process shall consist of:

(a) The identification by the committee of existing open space lands protected by state agencies; and

(b) The identification, in those counties or cities planning under RCW 36.70A.040, of existing open space lands protected by counties and cities.

(4) The committee shall assist the department in developing guidelines pursuant to RCW 36.70A.070(9) to encourage open space networks which link together existing lands identified in subsection (3) of this section.

(5) In preparing the map, the committee shall cooperate to the maximum degree feasible with counties and cities preparing comprehensive plans under RCW 36.70A.040 and with counties and cities designating and adopting development regulations to protect forest, agricultural, and mineral resource lands and critical areas. The map is to be prepared using existing resources information available from federal, state, and local governments, including the designations of forest, agricultural, and mineral resource lands, and critical areas required under this chapter, designations of natural resources of state-wide significance required under section 47 of this act, and the identification of open space corridors provided for in RCW 36.70A.160. The committee shall provide opportunities for public review and comment during preparation of the map.

NEW SECTION. Sec. 43. OPEN SPACE MAP--STATE AGENCIES SHALL COOPERATE. To foster the efforts of counties and cities to identify and protect open space networks in their comprehensive plans and development regulations as required in RCW 36.70A.160 and this act, all state agencies with natural resources land management, regulation, or planning authorities shall cooperate with county and city efforts to protect open space lands and networks.

NEW SECTION. Sec. 44. OPEN SPACE PROTECTION. When open space is to be protected permanently for the purpose of public use and access, and is not necessary for protection of critical areas, a county or city shall do so by a permanent conveyance of sufficient interest to prevent its development. County and city governments may utilize a variety of methods to limit the future use of, or otherwise conserve, selected open space including, but not limited to, incentive zoning, the acquisition by gift, purchase, grant, bequest, devise, lease, or otherwise, the fee simple interest or lesser interest, transfer of development right, easement, covenant, or other contractual right.

NEW SECTION. Sec. 45. COMMITTEE ON NATURAL RESOURCES OF STATE-WIDE SIGNIFICANCE. There is created a committee consisting of the commissioner of public lands, the director of parks and recreation, the director of wildlife, the director of fisheries, the director of ecology, the director of community development, the director of the interagency committee for outdoor recreation, or their designees, one representative from the association of Washington cities, one representative from the Washington state association of counties, and by appointment of the governor, three members of the public. In selecting the three members of the public to serve on this committee, the governor shall keep in mind the diversity of the state's natural resources and the diverse needs of state residents. The director of community development shall serve as the chair of the committee and the department shall provide staff to the committee. Members employed by the state shall serve without additional pay, and participation in the work of the committee shall be deemed performance of their employment. Members from the public at large shall be compensated in accordance with RCW 43.03.240 and shall be entitled to reimbursement individually for travel expenses incurred in performance of their duties as members of the committee in accordance with RCW 43.03.050 and 43.03.060.

NEW SECTION. Sec. 46. COMMITTEE ON NATURAL RESOURCES OF STATE-WIDE SIGNIFICANCE. (1) The committee established in section 45 of this act shall: (a) Develop recommendations on criteria to be used in identifying natural resources of state-wide significance; (b) develop recommendations on minimum standards to be used by counties and cities to protect natural resources of state-wide significance within their jurisdictions; and (c) assist the department in reviewing plans and development regulations as provided in section 56(2) of this act. In carrying out the responsibilities under (a) and (b) of this subsection, the committee shall consult with interested parties and shall conduct public hearings in the various regions of the state. The committee shall consider the public input obtained at such public hearings when developing the recommendations. These recommendations shall be submitted to the department on or before September 1, 1991.

(2) The department shall prepare final draft rules, under chapter 34.05 RCW, on criteria for identifying natural resources of state-wide significance and minimum standards for protecting natural resources of state-wide significance based on the recommendations prepared by the committee under subsection (1) of this section. These rules shall be submitted to the joint select committee on growth management created in section 60 of this act for review and shall take effect on May 1, 1992, unless they are rejected by the legislature during the 1992 session.

NEW SECTION. Sec. 47. DESIGNATION OF NATURAL RESOURCES OF STATE-WIDE SIGNIFICANCE. (1)(a) Every county and city shall identify and designate natural resources of state-wide significance located in its jurisdiction based on the criteria adopted by the department pursuant to section 46(2) of this act, to the extent that such natural resources occur within the county or city. Counties and cities may request assistance in identifying these natural resources from the departments of wildlife, ecology, fisheries, and natural resources, and the parks and recreation commission. If requested, these agencies shall, to the maximum extent feasible, provide assessments of which natural resources within the county's or city's jurisdiction meet the criteria established under section 46(2) of this act.

(b) When a county or a city designates a natural resource of state-wide significance that is not wholly contained in the jurisdiction making the designation, the county or city shall notify other counties and/or cities that may share a common interest in the designation.

(2) Every county and city that designates natural resources of state-wide significance shall adopt development regulations on or before September 1, 1992, precluding land uses or development incompatible with the level of protection required by the minimum standards adopted under section 46(2) of this act.

NEW SECTION. Sec. 48. INTERJURISDICTIONAL COORDINATION. When a natural resource of state-wide significance designated under section 47 of this act or a critical area designated under RCW 36.70A.170 crosses a city or county border, or where a designated natural resource of state-wide significance or critical area borders two or more counties or cities, these jurisdictions shall enter into negotiations to arrive at a mutually acceptable set of development regulations that preclude land uses or development that is incompatible with these designations. If the counties or cities cannot reach agreement, then the proposal from the jurisdiction with the strictest provisions for the protection of the shared natural resource of state-wide significance or critical area shall be adopted by all counties or cities involved in the negotiations, except that if a jurisdiction believes that other counties or cities have not negotiated in good faith to reach an agreement, the counties or cities may prepare alternative development regulations and request that the department review the adequacy of the alternative as provided in section 56(3) of this act.

NEW SECTION. Sec. 49. STATE TRUST LANDS. Nothing in this act shall be construed as affecting the state's obligation to manage federally granted trust lands for the primary benefit of the designated beneficiary.

"PART V - REGIONAL PLANNING"

NEW SECTION. Sec. 50. REGIONAL POLICY PLANS. (1) The legislature recognizes that counties are the regional governments within their boundaries, and cities are the primary providers of urban governmental services within urban growth areas. It is further recognized that cities are responsible to plan for and to provide services within their incorporated boundaries. The adopted regional policy plan shall ensure that city and county comprehensive plans are consistent with county-wide issues specified in subsection (5) of this section. For purposes of this section, a "regional policy plan" is a written policy statement or statements establishing a county-wide framework from which county and city comprehensive plans are developed and adopted pursuant to this chapter.

(2) The legislative authority of a county that plans under RCW 36.70A.040 shall adopt a regional policy plan with the cooperation of cities located in whole or in part within the county as provided in this section. As soon as is practical after the effective date of this act, the legislative authority of the county shall convene a meeting with representatives of each city located in whole or in part within the county to establish a process leading to the adoption of a regional policy plan. No later than July 1, 1992, the legislative authority of the county shall adopt a regional policy plan according to this process and after holding a public hearing or hearings on the proposed regional policy plan. A regional policy plan shall address, at a minimum, the following elements:

- (a) Designation of rural lands and urban lands;
- (b) Distribution of future population and employment growth;
- (c) Promotion of contiguous development and provision of urban services;
- (d) Regional public capital facilities;
- (e) Regional transportation facilities and strategies;
- (f) Fair share of affordable housing;
- (g) Open space, buffers, and community separators;
- (h) New communities;
- (i) Annexation and incorporation; and
- (j) Economic development.

(3) Federal agencies may participate in and cooperate with the regional policy planning. Adopted regional policy plans shall be adhered to by state agencies to the maximum extent feasible.

(4) Failure to adopt a regional policy plan that does not meet the requirements of subsection (2) of this section may result in the imposition of a sanction or sanctions on a county or city within the county, as specified in section 74 of this act. In imposing a sanction or sanctions, the governor shall determine the precise reasons for failure to adopt a regional policy plan in order that any imposed sanction or sanctions are fairly and equitably related to the failure to adopt a regional policy plan.

(5) The comprehensive plans adopted under this chapter by the county and each city located in whole or in part within the county shall be consistent with the adopted regional policy plan.

(6) Cities and the governor may appeal adopted regional policy plans to the state growth management board within sixty days of the adoption of the regional policy plan.

(7) Regional policy plans may be adopted by two or more counties using the same procedure described in subsection (2) of this section, except that the legislative authorities of all of these counties shall convene the meeting with representatives of each city located in whole or in part within any of these counties to establish a process leading to the adoption of a regional policy plan throughout the multicounty region.

NEW SECTION. Sec. 51. A new section is added to chapter 43.63A RCW to read as follows:

REGIONAL ECONOMIC DEVELOPMENT PLANS. A regional economic development plan shall be developed by regions formed under section 50 of this act or developed voluntarily by counties and cities not planning under RCW 36.70A.040 and shall include, but is not limited to, the following contents:

(1) An economic profile and forecast of the region;
 (2) A set of economic development goals, objectives, and policies for the region;
 (3) An identification of priority development areas, as defined by the state agency coordinating council created in section 53 of this act, where there is a need for economic growth and where there is the physical capacity, realistic ability, and local support to attract such growth; and

(4) An identification of any economic development-related project of regional or state significance. When such a project is identified, the regional plan shall identify the financial impacts caused by the project and propose alternatives to address these impacts, including financing for infrastructure and transportation and public facilities necessitated by the project. The alternatives should include state assistance the region will seek to help offset the impacts of the project.

(5) A biennial regional economic development strategy that evaluates the results of the preceding economic development strategies; establishes short-term priorities; identifies tasks and responsibilities for implementation of adopted goals, objectives, and policies; and targets implementation efforts to priority development areas.

The plan element, including biennial strategy, must be developed with the full consultation, involvement, and support of cities, economic development organizations, and businesses within the region; and must be consistent with comprehensive plans required by counties and cities within the region. The department of trade and economic development shall adopt guidelines, definitions, and procedural rules, as necessary, to implement this section.

"PART VI - STATE AGENCY PLANNING AND REVIEW"

NEW SECTION. Sec. 52. **STATE AGENCIES REQUIRED TO PLAN CONSISTENT WITH PLANNING GOALS.** (1) State agencies proposing development shall: (a) Plan in conformance with the planning goals contained in RCW 36.70A.020; (b) notify the state agency coordinating council of the proposed development; (c) comply with local comprehensive plans and development regulations adopted pursuant to RCW 36.70A.040 and 36.70A.120; (d) comply with amendments to comprehensive land use plans as provided for in RCW 36.70A.130; and (e) comply with development regulations adopted pursuant to RCW 36.70A.060 and section 38 of this act. Nothing in this chapter shall be construed to alter the regulatory practices or policies of the utilities and transportation commission.

(2) The state shall also protect private property by evaluating whether proposed regulatory or administrative actions may result in a taking of private property or violation of due process. It is not the purpose of this subsection to expand or reduce the scope of private property protections provided in the state and federal Constitutions.

NEW SECTION. Sec. 53. **STATE AGENCY COORDINATING COUNCIL CREATED.** (1) There is hereby created in the office of the governor the state agency coordinating council. The council shall be comprised of thirteen members as follows:

(b) Adopting a state policy of catching up and keeping up with infrastructure needs to sustain a healthy economy and a high quality of life. Given limited resources, the state should ensure that public infrastructure spending is efficient and serves desired growth strategies;

(c) Changing state agency programs and existing funds to reprioritize these programs and funds once a state capital investment strategy is adopted;

(d) Creating a new growth management financing account which would finance infrastructure needs based on regional economic planning under section 51 of this act;

The advisory model elements shall include options reflecting the regional and local variations and diversity that exist among the different counties and cities that plan under this chapter. The advisory model elements shall contain those items

that, if included in a county's or city's comprehensive plan and development regulations, would meet the goals and requirements of this chapter.

The department shall obtain input from counties, cities, and citizens throughout the state to assist in its development of these model elements and benchmarks.

NEW SECTION. Sec. 56. COMPREHENSIVE PLANS--DEVELOPMENT REGULATIONS--REVIEW AND COMMENT. (b) If a county or city would be required to adopt stricter development regulations under section 48 of this act than it believes are necessary, the department shall review the county's or city's proposed alternative development regulations as part of the assessment in subsection (3) of this section. Where the department finds that the proposed alternative development regulations adequately preclude land uses or development incompatible with critical areas and/or natural resources of state-wide significance, it shall recommend that the proposed alternative regulations provided for under section 48 of this act be adopted by the county or city. This recommendation shall be included in the comments prepared by the department.

(4) In addition to the comments provided under this section, counties and cities are encouraged to seek comments from the department, other state agencies, and adjacent jurisdictions on proposed comprehensive plans and development regulations, and any amendments proposed after initial adoption, throughout their development. This consultation should supplement the public involvement opportunities under RCW 36.70A.140.

NEW SECTION. Sec. 57. FILING OF PLANS AND DEVELOPMENT REGULATIONS--AMENDMENTS. Priority for assistance shall be based on a county's or city's population growth rates, commercial and industrial development rates, the existence and quality of a comprehensive plan and development regulations, the need for the assistance, the extent to which the county and adjacent jurisdictions are engaging in cooperative regional planning efforts, and other relevant factors.

(3) The department shall develop and administer a grant program to provide direct financial assistance to counties and cities for ~~((the preparation of comprehensive plans))~~ activities under this chapter. BOARD TO CONSIDER WHETHER REGIONAL PLANS ARE ADOPTED WHEN MAKING LOANS. (1) To qualify for loans or pledges under this chapter the board must determine that a local government meets all of the following conditions:

(a) The city or county must be imposing a tax under chapter 82.46 RCW at a rate of at least one-quarter of one percent;

(b) The local government must have developed a long-term plan for financing public works needs; ~~((and))~~

(c) The local government must be using all local revenue sources which are reasonably available for funding public works, taking into consideration local employment and economic factors; and

(d) A county, city, or town that is required or chooses to plan under RCW 36.70A.040 must have adopted a comprehensive plan in conformance with the requirements of chapter 36.70A RCW, after it is required that the comprehensive plan be adopted, and must have adopted development regulations in conformance with the requirements of chapter 36.70A RCW, after it is required that development regulations be adopted.

(2) The board shall develop a priority process for public works projects as provided in this section. The intent of the priority process is to maximize the value of public works projects accomplished with assistance under this chapter. The board shall attempt to assure a geographical balance in assigning priorities to projects. The board shall consider at least the following factors in assigning a priority to a project:

(a) Whether the local government receiving assistance has experienced severe fiscal distress resulting from natural disaster or emergency public works needs;

(b) Whether the project is critical in nature and would affect the health and safety of a great number of citizens;

(c) The cost of the project compared to the size of the local government and amount of loan money available;

(d) The number of communities served by or funding the project;

(e) Whether the project is located in an area of high unemployment, compared to the average state unemployment;

(f) Whether the project is the acquisition, expansion, improvement, or renovation by a local government of a public water system that is in violation of health and safety standards, including the cost of extending existing service to such a system;

(g) The relative benefit of the project to the community, considering the present level of economic activity in the community and the existing local capacity to increase local economic activity in communities that have low economic growth; ~~((and))~~

(h) The existence of regional policy plans as provided in section 73 of this act; and

(i) Other criteria that the board considers advisable.

(3) Existing debt or financial obligations of local governments shall not be refinanced under this chapter. Each local government applicant shall provide documentation of attempts to secure additional local or other sources of funding for each public works project for which financial assistance is sought under this chapter.

(4) Before November 1 of each year, the board shall develop and submit to the chairs of the ways and means committees of the senate and house of representatives a description of the emergency loans made under RCW 43.155.065 during the preceding fiscal year and a prioritized list of projects which are recommended for funding by the legislature, including one copy to the staff of each of the committees. The list shall include, but not be limited to, a description of each project and recommended financing, the terms and conditions of the loan or financial guarantee, the local government jurisdiction and unemployment rate, demonstration of the jurisdiction's critical need for the project and documentation of local funds being used to finance the public works project. The list shall also include measures of fiscal capacity for each jurisdiction recommended for financial assistance, compared to authorized limits and state averages, including local government sales taxes; real estate excise taxes; property taxes; and charges for or taxes on sewerage, water, garbage, and other utilities.

(5) The board shall not sign contracts or otherwise financially obligate funds from the public works assistance account before the legislature has appropriated funds for a specific list of public works projects. The legislature may remove projects from the list recommended by the board. The legislature shall not change the order of the priorities recommended for funding by the board.

(6) Subsections (4) and (5) of this section do not apply to loans made for emergency public works projects under RCW 43.155.065.

Sec. 72. RCW 70.146.070 and 1986 c 3 s 10 are each amended to read as follows:

(3) Actions required under federal and state permits and compliance orders;

(4) The level of local fiscal effort by residential ratepayers since 1972 in financing water pollution control facilities;

(5) The extent to which the applicant county or city, or if the applicant is another public body, the extent to which the county or city in which the applicant public body is located, has established programs to mitigate nonpoint pollution of the surface or

subterranean water sought to be protected by the water pollution control facility named in the application for state assistance; ~~((and))~~

(6) The recommendations of the Puget Sound water quality authority and any other board, council, commission, or group established by the legislature or a state agency to study water pollution control issues in the state; and

(7) The existence of regional policy plans as provided in section 73 of this act.

A county, city, or town that is required or chooses to plan under RCW 36.70A.040 may not receive a grant or loan for water pollution control facilities unless it has adopted a comprehensive plan in conformance with the requirements of chapter 36.70A RCW, after it is required that the comprehensive plan be adopted, or unless it has adopted development regulations in conformance with the requirements of chapter 36.70A RCW, after it is required that development regulations be adopted.

NEW SECTION. Sec. 73. A new section is added to chapter 43.01 RCW to read as follows:

REGIONAL PLANNING INCENTIVES. Whenever a state agency is considering awarding grants or loans for a county, city, or town to finance public facilities, it shall consider whether the county, city, or town that is requesting the grant or loan is a party to regional policy plans under section 50 of this act relating to the type of public facility for which the grant or loan is sought, and shall accord additional preference to the county, city, or town if such regional policy plans exist. Whenever a state agency is considering awarding grants or loans to a special district for public facilities, it shall consider whether the county, city, or town in whose planning jurisdiction the proposed facility is located is a party to regional policy plans under section 50 of this act relating to the type of public facility for which the grant or loan is sought, and shall accord additional preference to the special district if such regional policy plans exist.

NEW SECTION. Sec. 74. **NONCOMPLIANCE AND SANCTIONS.** (1) The department may find a county, city, or state agency in noncompliance if:

(a) A county or city that is required or chooses to plan under RCW 36.70A.040 does not complete its comprehensive land use plan by the dates required or by the department's schedule for submittal; or

(b) The board has heard an appeal and issued a final order on a county's or city's comprehensive plan, development regulations, or a state agency's plans or actions, and the county, city, or state agency has not complied with the order within one year. If the department finds a county, city, or state agency in noncompliance, the department may request the governor to invoke one or more of the sanctions provided in subsection (2) of this section. The department shall attempt to resolve issues causing noncompliance prior to requesting the governor to invoke one or more of the sanctions.

(2) If requested, the governor may either:

(a) Notify and direct the director of the office of financial management to revise allotments in appropriation levels;

(b) Notify and direct the state treasurer to withhold the portion of revenues to which the county or city is entitled under one or more of the following: The motor vehicle fuel tax, as provided in chapter 82.36 RCW; the transportation improvement account as provided in RCW 47.26.084; the urban arterial trust account as provided in RCW 47.26.080; the rural arterial trust account as provided in RCW 36.79.150; the sales and use tax, as provided in chapter 82.14 RCW; the liquor profit tax, as provided in RCW 66.08.190; and the liquor excise tax, as provided in RCW 82.08.170; or

(c) File a notice of noncompliance with the secretary of state and the county or city, which shall temporarily rescind the county or city's authority to collect the real estate excise tax under RCW 82.46.030 until the governor files a notice rescinding the notice of noncompliance.

Sec. 75. RCW 43.88.110 and 1987 c 502 s 5 are each amended to read as follows:

EXPENDITURE PROGRAMS--ALLOTMENTS--RESERVES. This section sets forth the expenditure programs and the allotment and reserve procedures to be followed by the executive branch for public funds. Allotments of an appropriation for any fiscal period shall conform to the terms, limits, or conditions of the appropriation.

(1) The director of financial management shall provide all agencies with a complete set of instructions for preparing a statement of proposed expenditures at least thirty days before the beginning of a fiscal period. The set of instructions need not include specific appropriation amounts for the agency.

(2) Within forty-five days after the beginning of the fiscal period or within forty-five days after the governor signs the omnibus biennial appropriations act, whichever is later, all agencies shall submit to the governor a statement of proposed expenditures at such times and in such form as may be required by the governor. If at any time during the fiscal period the governor projects a cash deficit as defined by RCW 43.88.050, the governor shall make across-the-board reductions in allotments so as to prevent a cash deficit, unless the legislature has directed the liquidation of the cash deficit over one or more fiscal periods. Except for the legislative and judicial branches and other agencies headed by elective officials, the governor shall review the statement of proposed expenditures for reasonableness and conformance with legislative intent. Once the governor approves the statements of proposed expenditures, further revisions shall be made only at the beginning of the second fiscal year and must be initiated by the governor. However, changes in appropriation level authorized by the legislature, changes required by across-the-board reductions mandated by the governor, ~~(and)~~ changes caused by executive increases to spending authority, and changes caused by executive decreases to spending authority for failure to comply with the provisions of chapter 36.70A RCW may require additional revisions. Revisions shall not be made retroactively. Revisions caused by executive increases to spending authority shall not be made after June 30, 1987. However, the governor may assign to a reserve status any portion of an agency appropriation withheld as part of across-the-board reductions made by the governor and any portion of an agency appropriation conditioned on a contingent event by the appropriations act. The governor may remove these amounts from reserve status if the across-the-board reductions are subsequently modified or if the contingent event occurs. The director of financial management shall enter approved statements of proposed expenditures into the state budgeting, accounting, and reporting system within forty-five days after receipt of the proposed statements from the agencies. If an agency or the director of financial management is unable to meet these requirements, the director of financial management shall provide a timely explanation in writing to the legislative fiscal committees.

(3) It is expressly provided that all agencies shall be required to maintain accounting records and to report thereon in the manner prescribed in this chapter and under the regulations issued pursuant to this chapter. Within ninety days of the end of the fiscal year, all agencies shall submit to the director of financial management their final adjustments to close their books for the fiscal year. Prior to submitting fiscal data, written or oral, to committees of the legislature, it is the responsibility of the agency submitting the data to reconcile it with the budget and accounting data reported by the agency to the director of financial management. The director of financial management shall monitor agency expenditures against the approved statement of proposed expenditures and shall provide the legislature with quarterly explanations of major variances.

(4) The director of financial management may exempt certain public funds from the allotment controls established under this chapter if it is not practical or necessary to allot the funds. Allotment control exemptions expire at the end of the fiscal biennium for which they are granted. The director of financial management shall report any exemptions granted under this subsection to the legislative fiscal committees.

Sec. 76. RCW 36.79.150 and 1983 1st ex.s. c 49 s 15 are each amended to read as follows:

"PART IX - TRANSPORTATION"

Sec. 82. RCW 36.79.080 and 1983 1st ex.s. c 49 s 8 are each amended to read as follows:

PROJECT CRITERIA--RURAL ARTERIAL PROGRAM. In preparing their respective six-year programs relating to rural arterial improvements, counties shall select specific priority improvement projects for each functional class of arterial based on the rating of each arterial section proposed to be improved in relation to other arterial sections within the same functional class, taking into account the following:

(1) Its structural ability to carry loads imposed upon it;

(2) Its capacity to ~~((move traffic at reasonable speeds;~~

(3)) provide efficient, dependable, and rapid accessibility for movement of people and goods including access management provisions under chapter 47.26 RCW;

(3) Its consistency with local and regional transportation and land use plans;

(4) Its consistency with state, regional, and local transit plans, where applicable;

(5) Its consistency with state, regional, and local freight rail considerations;

(6) Its adequacy of alignment and related geometrics;

~~((4)) (7) Its accident experience; and~~

~~((5)) (8) Its fatal accident experience.~~

With assistance from regional transportation planning organizations, where applicable, adjacent counties, and the county road administration board, long-term plans shall be used to guide development of the six-year programs. The six-year construction programs shall remain flexible and subject to annual revision as provided in RCW 36.81.121.

Sec. 83. RCW 36.81.121 and 1990 1st ex.s. c 17 s 58 are each amended to read as follows:

SIX-YEAR COUNTY ROAD PLANS. (1) Before July 1st of each year, the legislative authority of each county with the advice and assistance of the county road engineer, and pursuant to one or more public hearings thereon, shall prepare and adopt a comprehensive road program for the ensuing six calendar years. If the county has adopted a comprehensive plan pursuant to chapter 35.63 or 36.70 RCW, the inherent authority of a charter county derived from its charter, or chapter 36.70A RCW, the program shall be consistent with this comprehensive plan.

The program shall include proposed road and bridge construction work, and for those counties operating ferries shall also include a separate section showing proposed capital expenditures for ferries, docks, and related facilities. Copies of the program shall be filed with the county road administration board (~~and with~~), the state secretary of transportation, and the regional transportation planning organization, where applicable, not more than thirty days after its adoption by the legislative authority. The purpose of this section is to assure that each county shall perpetually have available advanced plans looking to the future for not less than six years as a guide in carrying out a coordinated road construction program that reflects the transportation goals set forth in chapter 36.70A RCW. The program may at any time be revised by a majority of the legislative authority but only after a public hearing thereon.

(2) The six-year program of each county having an urban area within its boundaries shall contain a separate section setting forth the six-year program for arterial road construction based upon its long-range construction plan and formulated in accordance with regulations of the transportation improvement board. The six-year program for arterial road construction shall be submitted to the transportation improvement board forthwith after its annual revision and adoption by the legislative authority of each county. The six-year program for arterial road construction shall be based upon estimated revenues available for such construction together with such additional sums as the legislative authority of each county may request for urban arterials from the urban arterial trust account or the transportation improvement account for the six-year period. The arterial road construction program shall provide for a more rapid rate of completion of the long-range construction needs of principal arterial roads than for minor and collector arterial roads, pursuant to regulations of the transportation improvement board.

(3) Each six-year program forwarded to the secretary in compliance with subsection (1) of this section shall contain information as to how a county will expend its moneys, including funds made available pursuant to chapter 47.30 RCW, for bicycles, pedestrians, and equestrian purposes.

Sec. 84. RCW 47.05.030 and 1987 c 179 s 2 are each amended to read as follows:

PRIORITY PROGRAMMING FOR STATE HIGHWAYS. The transportation commission shall adopt and periodically revise, after consultation with the legislative transportation committee, a comprehensive six-year program and financial plan for highway improvements specifying program objectives for each of the highway categories, "A," "B," "C," and "H," defined in this section, and within the framework of estimated funds for such period. The program and plan shall be based upon the improvement needs ((for state highways as determined by the department from time to time)) identified in the state highway system plan, as required under section 93 of this act.

With such reasonable deviations as may be required to effectively utilize the estimated funds and to adjust to unanticipated delays in programmed projects, the commission shall allocate the estimated funds among the following described categories of highway improvements, so as to carry out the commission's program objectives:

(1) Category A shall consist of those improvements necessary to sustain the structural, safety, and operational integrity of the existing state highway system (other than improvements to the interstate system to be funded with federal aid at the regular

interstate rate under federal law and regulations, and improvements designated in subsections (2) through (4) of this section).

(2) Category B shall consist of improvements for the continued development of the interstate system to be funded with federal aid at the regular interstate rate under federal law and regulations.

(3) Category C shall consist of the development of major transportation improvements (other than improvements to the interstate system to be funded with federal aid at the regular interstate rate under federal law and regulations) including designated but unconstructed highways which are vital to the state-wide transportation network.

(4) Category H shall consist of those improvements necessary to sustain the structural and operational integrity of existing bridges on the highway system (other than bridges on the interstate system or bridge work included in another category because of its association with a highway project in such category).

Projects which are financed one hundred percent by federal funds or other agency funds shall, if the commission determines that such work will improve the state highway system, be managed separately from the above categories.

Sec. 85. RCW 47.26.084 and 1988 c 167 s 2 are each amended to read as follows:

PROJECT CRITERIA--TRANSPORTATION IMPROVEMENT ACCOUNT. The transportation improvement account is hereby created in the motor vehicle fund. The board shall adopt rules and procedures which shall govern the allocation of funds in the transportation improvement account at such time as funds become available.

The board shall allocate funds from the account by June 30 of each year for the ensuing fiscal year and shall endeavor to provide geographical diversity in selecting improvement projects to be funded from the account.

Of the amount made available to the transportation improvement board from the transportation improvement account for improvement projects:

(1) Eighty-seven percent shall be allocated to counties, to cities with a population of over five thousand, and to transportation benefit districts. Improvement projects may include, but are not limited to, multi-agency and suburban arterial improvement projects.

~~(To be eligible to receive these funds, a project must be (a) consistent with state, regional, and local transportation plans and consideration shall be given to the project's relationship, both actual and potential, with rapid mass transit and at such time as a rail plan is developed by the rail development commission, projects must be consistent therewith, (b) necessitated by existing or reasonably foreseeable congestion levels attributable to economic development or growth, and (c) partially funded by local government or private contributions, or a combination of such contributions.)~~ Before awarding funding for any specific project the transportation improvement board shall determine if the following criteria have been considered:

(a) The project is necessitated by existing or reasonably foreseeable congestion levels attributable to economic development or growth;

(b) The project emphasizes the movement of people and goods rather than vehicles;

(c) The project includes, where appropriate, other modes of transportation such as transit, high occupancy vehicle lanes, and high-capacity transit;

(d) The project conforms to local and regional transportation plans and county, city, and town comprehensive plans including access management provisions;

(e) The project is consistent with local and regional high-capacity transportation considerations;

(f) The project is consistent with state, regional, and local freight rail considerations in accordance with RCW 47.80.030; and

(g) The project is partially funded by local government or private contributions, or a combination of such contributions.

The board shall, for those projects meeting the eligibility criteria, determine what percentage of each project is funded by local and/or private contribution. Priority

consideration shall be given to those projects with the greatest percentage of local and/or private contribution.

Within one year after board approval of an application for funding, a county, city, or transportation benefit district shall provide written certification to the board of the pledged local and/or private funding. Funds allocated to an applicant that does not certify its funding within one year after approval may be reallocated by the board.

(2) Thirteen percent shall be allocated by the board to cities with a population of five thousand or less for street improvement projects in a manner determined by the board.

The board shall not allocate funds, nor make payments of the funds under RCW 47.26.265, to any county or city identified by the governor as not being in compliance with section 74 of this act. The board shall reduce its allocation of funds to any public benefit district in proportion to the proportion of improvements being made to the roads of any county or the streets of any city which is identified by the governor as not being in compliance with section 74 of this act.

Sec. 86. RCW 47.26.220 and 1989 c 160 s 1 are each amended to read as follows:

Sec. 90. RCW 47.80.040 and 1990 1st ex.s. c 17 s 56 are each amended to read as follows:

PLANNING ORGANIZATION BOARD. Each regional transportation planning organization shall create a transportation policy board. Transportation policy boards shall provide policy advice to the regional transportation planning organization and shall allow representatives of major employers within the region, the department of transportation, transit districts, port districts, and member cities, towns, and counties within the region to participate in policy making. Citizens or citizen organizations may also be represented on the board.

NEW SECTION. Sec. 91. **PLANNING GUIDELINES.** The legislature recognizes that the ownership and operation of Washington's transportation system is spread among federal, state, and local government agencies, regional transit agencies, port districts, and the private sector. Therefore, transportation planning must be a comprehensive and coordinated effort. The specific role of the department in transportation planning shall be (1) ongoing coordination and development of state-wide transportation policies that guide all Washington transportation providers, (2) ongoing system planning for state transportation systems that identifies investment needs and meets federal requirements for state-wide transportation plans, (3) coordinating the state high-capacity transportation planning and regional transportation planning programs, and (4) conducting special transportation planning studies that impact state transportation facilities or relate to transportation issues of state-wide significance. Specific requirements for each of these state transportation planning components are described in this chapter.

NEW SECTION. Sec. 92. **TRANSPORTATION POLICY PLAN.** The department shall develop a state transportation policy plan that (1) establishes a vision and goals for the development of the state-wide transportation system consistent with the state's growth management goals, (2) identifies significant state-wide transportation policy issues, and (3) recommends state-wide transportation policies and strategies to the legislature to fulfill the requirements of RCW 47.01.071(1). The state transportation policy plan shall be the product of an ongoing process that shall involve representatives of significant transportation interests and the general public from across the state.

NEW SECTION. Sec. 93. **TRANSPORTATION SYSTEM PLAN.** The department shall produce a state-wide transportation plan under RCW 47.01.071(3) consisting of a highway system plan, ferry system plan, airport system plan, freight rail plan, and bicycle plan. These plans shall guide state investment in transportation facilities to ensure the continued mobility of people and goods within regions across the state in a cost-effective manner. These plans must be consistent with the state transportation policy plan and with each other, and shall reflect public involvement and be coordinated with regional transportation planning, high-capacity transportation planning, and county, city, and town comprehensive plans. The specific requirements for these plans are:

(1) State highway system plan - A plan that identifies program needs and specific improvements recommended to preserve the structural integrity of the state highway system and ensure acceptable operating conditions. The state highway system plan must contain the following elements:

(a) System preservation - This element establishes structural preservation standards for the state highway system including bridges, identifies current and future structural deficiencies based upon analysis of current condition and engineering analysis of future deterioration, and recommends program funding levels and specific improvements necessary to preserve the structural integrity of the state highway system at adopted standards. This element shall serve as the basis for the preservation component of the six-year highway construction program.

(b) Capacity and operational improvement - This element establishes operational standards, including safety considerations, for moving people and goods on the state highway system, identifies current and future capacity and operational and safety deficiencies, and proposes program funding levels and specific improvements and strategies necessary to maintain the established operational standards. Forecasts of travel shall be based upon adopted local land use plans, and shall be consistent with those developed for regional transportation planning. Capacity and operational improvement plans shall first assess strategies that enhance the operational efficiency of the existing system before recommending system expansion. Capacity improvement recommendations shall be based upon which alternative moves the most people or goods, or both. Strategies that enhance the operational efficiency include access management, transportation system management, demand management, and high occupancy vehicle facility development.

The capacity and operational improvement element must conform to the state implementation plan for air quality, and be consistent with regional transportation plans adopted under chapter 47.80 RCW, and provide the basis for the capacity and operational improvement portions of the highway construction program.

(c) Scenic and recreational highways element - This element shall identify and recommend designation of scenic and recreational highways, provide for enhanced access to scenic, recreational, and cultural resources associated with designated routes, and ensure, through a variety of appropriate management strategies, the protection, preservation, and enhancement of these resources. The department, affected counties, cities, towns, regional transportation planning organizations, and other state or federal agencies shall jointly develop this element.

(2) The Washington state ferry system plan - A plan to guide state investments in the Washington state ferry system to ensure a mobility link across Puget Sound. The plan shall establish service standards for state ferry routes, forecast travel demand for the various markets served by the state ferry system, and develop strategies for ferry system investment that consider both vehicle and passenger needs, meet regional and state-wide travel purposes, support local land use plans, and are fully integrated into land transportation connections.

The Washington state ferry system plan shall be developed in conjunction with the regional transportation planning organizations designated for counties served by the Washington state ferry system and the ferry advisory committees.

(3) The airport systems plan - A plan to identify the program needs for public use airports in the state, and to fulfill the state-wide aviation planning requirements of the federal government.

(4) The state freight rail plan - A plan to identify light-density freight rail lines threatened with abandonment, establish criteria for the importance of preserving the service or line, recommend priorities for the use of state rail assistance and state rail banking program funds, and fulfill federal state-wide rail planning requirements.

(5) The state bicycle plan - A plan to identify bicycling needs on the state transportation systems and to provide a basis for the investment of state highway funds dedicated to bicycling facilities under chapter 47.30 RCW.

NEW SECTION. Sec. 94. HIGH-CAPACITY TRANSPORTATION PLANNING--DEPARTMENT OF TRANSPORTATION. The department's role in high-capacity transportation planning and regional transportation planning is to administer state planning grants for these purposes, participate in these regional planning processes, and coordinate other department planning with these regional efforts including the provisions of RCW 81.104.060.

NEW SECTION. Sec. 95. SPECIAL PLANNING STUDIES. The department may carry out special transportation planning studies to resolve specific issues with the development of the state transportation system or other state-wide transportation issues.

"PART X - MISCELLANEOUS"

NEW SECTION. Sec. 96. RULE OF CONSTRUCTION. This chapter is exempted from the rule of strict construction, and shall be liberally construed to give full effect to the objectives and purposes for which it was enacted. POINT OF ORDER

Mr. Nelson: Thank you, Mr. Speaker. I ask that you rule on the scope and object of this amendment.

SPEAKER'S RULING

The Speaker: Representative Nelson, the Speaker has examined Substitute House Bill No. 1025. While there is a reference to the real estate excise tax in the bill, expanding the purposes for which it can be used, the amendment, while it refers to taxes, puts an additional limitation on when that tax can be used. That is, it requires a vote of the people. I find that it introduces a new subject and is outside the scope and object of the original bill. Your point is well taken, Representative Nelson.

Mr. Padden moved adoption of the following amendment to the amendment:

On page 111, after line 21, insert:

"Sec. 103. Any of the provisions under this act adopted by a local government shall be submitted to the voters in the local governments jurisdiction for their adoption and ratification, or rejection, at the next succeeding general election."

Renumber remaining sections consecutively and correct internal references accordingly.

SSB 5806 Prime Sponsor, Committee on Transportation: Authorizing loans and grants to preserve underground petroleum storage tanks in rural areas. Reported by Committee on Financial Institutions & Insurance

MAJORITY recommendation: Do pass with the following amendments:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature recognizes as a fundamental government purpose the need to protect the environment and human health and safety. To that end the state has enacted laws designed to limit and prevent environmental damage and risk to public health and safety caused by underground petroleum storage tank leaks. Because of the costs associated with compliance with such laws and the high costs associated with correcting past environmental damage, many owners and operators of underground petroleum storage tanks have discontinued the use of or have planned to discontinue the use of such tanks. As a consequence, isolated communities face the loss of their source of motor vehicle fuel and face the risk that the owner or operator will have insufficient funds to take corrective action for pollution caused by past leaks from the tanks. In particular, rural communities face the risk that essential emergency, medical, fire and police services may be disrupted through the diminution or elimination of local sellers of petroleum products and by the closure of underground storage tanks owned by local government entities serving these communities.

The legislature also recognizes as a fundamental government purpose the need to preserve a minimum level of economic viability in rural communities so that public revenues generated from economic activity are sufficient to sustain necessary governmental functions. The closing of local service stations adversely affects local economies by reducing or eliminating reasonable access to fuel for agricultural, commercial, and transportation needs.

The legislature intends to assist small communities within this state by authorizing:

(1) Cities, towns, and counties to certify that a local private owner or operator of an underground petroleum storage tank meets a vital local government, public health or safety need thereby qualifying the owner or operator for state financial assistance in complying with environmental regulations and assistance in taking needed corrective action for existing tank leaks; and

(2) Local government entities to obtain state financial assistance to bring local government underground petroleum storage tanks into compliance with environmental regulations and to take needed corrective action for existing tank leaks.

NEW SECTION. Sec. 2. (1) Subject to the conditions and limitations of sections 1 through 6 of this act, the director shall establish and manage a program for providing financial assistance to public and private owners and operators of underground storage tanks who have been certified by the governing body of the county, city, or town in which the tanks are located as meeting a vital local government, public health or safety need. In providing such financial assistance the director shall:

(a) Require owners and operators, including local government owners and operators, to demonstrate serious financial hardship;

(b) Limit assistance to only that amount necessary to supplement applicant financial resources;

(c) Limit assistance to no more than one hundred fifty thousand dollars in value for any one underground storage tank site of which amount no more than seventy-five thousand dollars in value may be provided for corrective action; and

(d) Whenever practicable, provide assistance through the direct payment of contractors and other professionals for labor, materials, and other services.

(2) Except as otherwise provided in sections 1 through 6 of this act, no grant of financial assistance may be used for any purpose other than for corrective action and repair, replacement, reconstruction, and improvement of underground storage tanks and tank sites. If at any time prior to providing financial assistance or in the course of providing such assistance, it appears to the director that corrective action costs may exceed seventy-five thousand dollars, the director may not provide further financial assistance until the owner or operator has developed and implemented a corrective action plan with the department of ecology.

(3) When requests for financial assistance exceed available funds, the director shall give preference to providing assistance first to those underground storage tank sites which constitute the sole source of petroleum products in remote rural communities.

(4) The director shall consult with the department of ecology in approving financial assistance for corrective action to ensure compliance with regulations governing underground petroleum storage tanks and corrective action.

(5) The director shall approve or disapprove applications for financial assistance within sixty days of receipt of a completed application meeting the requirements of sections 1 through 6 of this act. The certification by local government of an owner or operator shall not preclude the director from disapproving an application for financial assistance if the director finds that such assistance would not meet the purposes of sections 1 through 6 of this act.

(6) The director may adopt all rules necessary to implement the financial assistance program and shall consult with the technical advisory committee established under RCW 70.148.030 in developing such rules and in reviewing applications for financial assistance.

NEW SECTION. Sec. 3. (1) To qualify for financial assistance, a private owner or operator retailing petroleum products to the public must:

(a) First apply for insurance from the pollution liability insurance program and request financial assistance in a form and manner required by the director;

(b) If the director makes a preliminary determination of possible eligibility for financial assistance, apply to the appropriate governing body of the city or town in which the tanks are located or in the case where the tanks are located outside of the jurisdiction of a city or town, then to the appropriate governing body of the county in which the tanks are located, for a determination by the governing body of the city, town, or county that the continued operation of the tanks meets a vital local government, or public health or safety need; and

(c) Qualify for insurance coverage from the pollution liability insurance program if such financial assistance were to be provided.

(2) In consideration for financial assistance and prior to receiving such assistance the owner and operator must enter into an agreement with the state whereby the owner and operator agree:

(a) To sell petroleum products to the public;

(b) To maintain the tank site for use in the retail sale of petroleum products for a period of not less than fifteen years from the date of agreement;

(c) To sell petroleum products to local government entities within the affected community on a cost-plus basis periodically negotiated between the owner and operator and the city, town, or county in which the tanks are located; and

(d) To maintain compliance with state underground storage tank financial responsibility and environmental regulations.

(3) The agreement shall be filed as a real property lien against the tank site with the county auditor in which the tanks are located. If the owner or operator transfers his or her interest in such property, the new owner or operator must agree to abide by the agreement or any financial assistance provided under sections 1 through 6 of this act shall be immediately repaid to the state by the owner or operator who received such assistance.

(4) As determined by the director, if an owner or operator materially breaches the agreement, any financial assistance provided shall be immediately repaid by such owner or operator.

(5) The agreement between an owner and operator and the state required under this section shall expire fifteen years from the date of entering into the agreement.

NEW SECTION. Sec. 4. (1) To qualify for financial assistance, a public owner or operator must:

(a) First apply for insurance from the pollution liability insurance program and request financial assistance in a form and manner required by the director;

(b) Provide to the director a copy of the resolution by the governing body of the city, town, or county having jurisdiction, finding that the continued operation of the tanks is necessary to maintain vital local public health, education, or safety needs;

(c) Qualify for insurance coverage from the pollution liability insurance program if such financial assistance were to be provided.

(2) The director shall give priority to and shall encourage local government entities to consolidate multiple operational underground storage tank sites into as few sites as possible. For this purpose, the director may provide financial assistance for the establishment of a new local government underground storage tank site contingent upon the closure of other operational sites in accordance with environmental regulations. Within the per site financial limits imposed under sections 1 through 6 of this act, the director may authorize financial assistance for the closure of operational sites when closure is for the purpose of consolidation.

NEW SECTION. Sec. 5. To qualify for financial assistance, a rural hospital as defined in RCW 18.89.020, owning or operating an underground storage tank must:

(1) First apply for insurance from the pollution liability insurance program and request financial assistance in a form and manner required by the director;

(2) Apply to the governing body of the city, town, or county in which the hospital is located for certification that the continued operation of the tank or tanks is necessary to maintain vital local public health or safety needs;

(3) Qualify for insurance coverage from the pollution liability insurance program if such financial assistance were to be provided; and

(4) Agree to provide charity care as defined in RCW 70.39.020 in an amount of equivalent value to the financial assistance provided under sections 1 through 6 of this act. The director shall consult with the department of health to monitor and determine the time period over which such care should be expected to be provided in the local community.

NEW SECTION. Sec. 6. (1) The director shall develop and distribute to appropriate cities, towns, and counties a form for use by the local government in making the certification required for all private owner and operator financial assistance along with instructions on the use of such form.

(2) In certifying a private owner or operator retailing petroleum products to the public as meeting vital local government, public health or safety needs, the local government shall:

(a) Consider and find that other retail suppliers of petroleum products are located remote from the local community;

(b) Consider and find that the owner or operator requesting certification is capable of faithfully fulfilling the agreement required for financial assistance;

(c) Designate the local government official who will be responsible for negotiating the price of petroleum products to be sold on a cost-plus basis to the local government entities in the affected communities and the entities eligible to receive petroleum products at such price; and

(d) State the vital need or needs that the owner or operator meets.

(3) In certifying a hospital as meeting local public health and safety needs the local government shall:

(a) Consider and find that the continued use of the underground storage tank by the hospital is necessary; and

(b) Consider and find that the hospital provides health care services to the poor and otherwise provides charity care.

(4) The director shall notify the governing body of the city, town, or county providing certification when financial assistance for a private owner or operator has been approved.

Sec. 7. RCW 70.148.020 and 1990 c 64 s 3 are each amended to read as follows:

(1) The pollution liability insurance program trust account is established in the custody of the state treasurer. All funds appropriated for this chapter and all premiums collected for reinsurance shall be deposited in the account. Expenditures from the account shall be used exclusively for the purposes of this chapter including payment of costs of administering the pollution liability insurance and underground storage tank community assistance programs. NEW SECTION. Sec. 1. A new section is added to chapter 18.64 RCW to read as follows:

(1) A pharmacist who dispenses a prescription product in the form manufactured by a commercial manufacturer pursuant to a prescription issued by a licensed practitioner is not liable to a person who was injured through the use of the product, based on a claim of the following:

(a) Strict liability in tort; or

(b) Implied warranty provisions under the uniform commercial code Title 62 RCW.

(2) The limitation on pharmacist's liability as provided in subsection (1) of this section shall only apply if the pharmacist complies with recordkeeping requirements pursuant to chapters 18.64, 69.41, and 69.50 RCW, and related administrative rules.

(3) A pharmacist who dispenses a prescription product in the form manufactured by a commercial manufacturer issued by a licensed practitioner is liable to the claimant only if the claimant's harm was proximately caused by (a) the negligence of the pharmacist; (b) breach of an express warranty made by the pharmacist; or (c) the intentional misrepresentation of facts about the product by the pharmacist or the intentional concealment of information about the product by the pharmacist. A pharmacist shall not be liable for the product manufacturer's liability except as provided in RCW 7.72.040.

Sec. 2. RCW 7.72.040 and 1981 c 27 s 5 are each amended to read as follows:

(1) Except as provided in subsection (2) of this section, a product seller other than a manufacturer is liable to the claimant only if the claimant's harm was proximately caused by:

(a) The negligence of such product seller; or

(b) Breach of an express warranty made by such product seller; or

(c) The intentional misrepresentation of facts about the product by such product seller or the intentional concealment of information about the product by such product seller.

(2) A product seller, other than a manufacturer, shall have the liability of a manufacturer to the claimant if:

(d) The product seller provided the plans or specifications for the manufacture or preparation of the product and such plans or specifications were a proximate cause of the defect in the product; or

(e) The product was marketed under a trade name or brand name of the product seller.

(3) Subsection (2) of this section does not apply to a pharmacist who dispenses a prescription product in the form manufactured by a commercial manufacturer pursuant to a prescription issued by a licensed practitioner if the pharmacist complies with recordkeeping requirements pursuant to chapters 18.64, 69.41, and 69.50 RCW, and related administrative rules.

Sec. 3. RCW 7.72.010 and 1981 c 27 s 2 are each amended to read as follows:

For the purposes of this chapter, unless the context clearly indicates to the contrary:

(1) Product seller. "Product seller" means any person or entity that is engaged in the business of selling products, whether the sale is for resale, or for use or consumption. The term includes a manufacturer, wholesaler, distributor, or retailer of the relevant product. The term also includes a party who is in the business of leasing or bailing such products. The term "product seller" does not include:

(a) A seller of real property, unless that person is engaged in the mass production and sale of standardized dwellings or is otherwise a product seller;

(b) A provider of professional services who utilizes or sells products within the legally authorized scope of the professional practice of the provider;

(c) A commercial seller of used products who resells a product after use by a consumer or other product user: PROVIDED, That when it is resold, the used product is in essentially the same condition as when it was acquired for resale; ~~(and)~~

(d) A finance lessor who is not otherwise a product seller. A "finance lessor" is one who acts in a financial capacity, who is not a manufacturer, wholesaler, distributor, or retailer, and who leases a product without having a reasonable opportunity to inspect and discover defects in the product, under a lease arrangement in which the selection, possession, maintenance, and operation of the product are controlled by a person other than the lessor; and

(e) A licensed pharmacist who dispenses a prescription product manufactured by a commercial manufacturer pursuant to a prescription issued by a licensed prescribing practitioner if the claim against the pharmacist is based upon strict liability in tort or the implied warranty provisions under the uniform commercial code, Title 62A RCW, and if the pharmacist complies with recordkeeping requirements pursuant to chapters 18.64, 69.41, and 69.50 RCW, and related administrative rules as provided in section 2 of this act. Nothing in this subsection (1)(e) affects a pharmacist's liability under RCW 7.72.040(1).

(2) Manufacturer. "Manufacturer" includes a product seller who designs, produces, makes, fabricates, constructs, or remanufactures the relevant product or component part of a product before its sale to a user or consumer. The term also includes a product seller or entity not otherwise a manufacturer that holds itself out as a manufacturer.

A product seller acting primarily as a wholesaler, distributor, or retailer of a product may be a "manufacturer" but only to the extent that it designs, produces, makes, fabricates, constructs, or remanufactures the product for its sale. A product seller who performs minor assembly of a product in accordance with the instructions of the manufacturer shall not be deemed a manufacturer. A product seller that did not participate in the design of a product and that constructed the product in accordance with the design specifications of the claimant or another product seller shall not be deemed a manufacturer for the purposes of RCW 7.72.030(1)(a).

(3) Product. "Product" means any object possessing intrinsic value, capable of delivery either as an assembled whole or as a component part or parts, and produced for introduction into trade or commerce. Human tissue and organs, including human blood and its components, are excluded from this term.

The "relevant product" under this chapter is that product or its component part or parts, which gave rise to the product liability claim.

(4) Product liability claim. "Product liability claim" includes any claim or action brought for harm caused by the manufacture, production, making, construction, fabrication, design, formula, preparation, assembly, installation, testing, warnings, instructions, marketing, packaging, storage or labeling of the relevant product. It includes, but is not limited to, any claim or action previously based on: Strict liability in tort; negligence; breach of express or implied warranty; breach of, or failure to, discharge a duty to warn or instruct, whether negligent or innocent; misrepresentation, concealment, or nondisclosure, whether negligent or innocent; or other claim or action previously based on any other substantive legal theory except fraud, intentionally caused harm or a claim or action under the consumer protection act, chapter 19.86 RCW.

(5) Claimant. "Claimant" means a person or entity asserting a product liability claim, including a wrongful death action, and, if the claim is asserted through or on behalf of an estate, the term includes claimant's decedent. "Claimant" includes any person or entity that suffers harm. A claim may be asserted under this chapter even though the

claimant did not buy the product from, or enter into any contractual relationship with, the product seller.

(6) Harm. "Harm" includes any damages recognized by the courts of this state: PROVIDED, That the term "harm" does not include direct or consequential economic loss under Title 62A RCW.

On page 1, line 3 of the title, after "62A RCW;" strike the remainder of the title and insert "amending RCW 7.72.040 and 7.72.010; and adding a new section to chapter 18.64 RCW."

Signed by Representatives Ludwig, Vice Chair; Padden, Ranking Minority Member; Paris, Assistant Ranking Minority Member; Broback; Inslee; R. Meyers; Mielke; Riley; Scott; D. Sommers; Tate; and Vance.

If it is determined at the hearing that the vehicle was placed on the land without the consent of the landowner and that he has not subsequently acquiesced in its presence, then the local agency shall not assess costs of administration or removal of the vehicle against the property upon which the vehicle is located or otherwise attempt to collect the cost from the owner;

(e) A provision that after notice has been given of the intent of the city, town, or county to dispose of the vehicle and after a hearing, if requested, has been held, the vehicle or part thereof shall be removed at the request of a law enforcement officer with notice to the Washington state patrol and the department of licensing that the vehicle has

SPEAKER'S PRIVILEGE

The Speaker: It gives me great pleasure on behalf of all the current members of the House of Representatives to welcome these former members. Let's give them a rousing round of applause. Welcome back.

Last year we had the former Speakers make a few brief remarks. This year we thought it might be fitting if other alumni make some remarks, starting with the member who served the longest ago, putting aside Speaker Charlie Hodde and Speaker John O'Brien.

Former Sergeant at Arms Elmer Hyppa, who served from 1957 to 1965, briefly addressed the members.

Former Representative K. O. Rosenberg, who served from 1949 to 1959 and 1963 to 1965, briefly addressed the members.

Former Representative Chuck Riemcke, who served from 1949 to 1952, briefly addressed the members.

Former Representative Bob Ford, who served from 1941 to 1945, briefly addressed the members.

Former Representative Chet Thomas, who served from 1949 to 1951, briefly addressed the members.

POINT OF PERSONAL PRIVILEGE

Mr. Prince: It is a real pleasure to take this opportunity to honor those who have been here before us. I am personally pleased to see old friends who broke me into this system a few years ago.

You mentioned the cigars a few minutes ago, and I want to mention a tradition that you'll probably have trouble believing. When a freshman passed a bill, he was required to buy cigars for the body. They passed out two boxes of cigars and everybody lit up. Can you imagine that, when in today's environment you can't smoke a cigar anywhere and cigarettes only in the stairwell. Things have definitely changed.

Another thing some members will remember: When you wanted to make a telephone, you had to go to the Chief Clerk of the House, explain to him who you wanted to call and why it was state business. If he believed you, he'd let you make the call. Things have definitely changed.

It is a pleasure to have all of you here today. We think it appropriate. We'll all be in your position here one of these days. We appreciate you taking time to come back and share your stories with us.

The Speaker announced he was signing:

Where space is available, juvenile courts, when certified by the department to do so, shall provide secure placement for juveniles pursuant to this section, at department expense.

(5) It is the intent of the legislature that by July 1, 1982, crisis residential centers, supplemented by community mental health programs and mental health professionals, will be able to respond appropriately to children admitted to centers under this chapter and will be able to respond to the needs of such children with appropriate treatment, supervision, and structure.

NEW SECTION. Sec. 7. A new section is added to chapter 43.20A RCW to read as follows:

The department shall ensure that the administration of chapter 13.32A RCW and applicable portions of chapter 74.13 RCW relating to runaway youth, at-risk youth, and families in conflict is consistent in all areas of the state and in accordance with statutory requirements.

Sec. 8. RCW 74.13.032 and 1979 c 155 s 78 are each amended to read as follows:

(1) The department shall establish, by contracts with private vendors, not less than eight regional crisis residential centers, which shall be structured group care facilities licensed under rules adopted by the department. ~~((Each regional center shall have an average of at least four adult staff members and in no event less than three adult staff members to every eight children.))~~ The staff shall be trained so that they may effectively counsel juveniles admitted to the centers, provide treatment, supervision, and structure to the juveniles, and carry out the responsibilities outlined in RCW 13.32A.090.

(2) The department shall, in addition to the regional facilities established under subsection (1) of this section, establish not less than thirty additional crisis residential centers pursuant to contract with licensed private group care or specialized foster home facilities. The staff at the facilities shall be trained so that they may effectively counsel juveniles admitted to the centers, provide treatment, supervision, and structure to the juveniles, and carry out the responsibilities stated in RCW 13.32A.090. The responsibilities stated in RCW 13.32A.090 may, in any of the centers, be carried out by the department.

Crisis residential facilities shall be operated as semi-secure facilities.

Sec. 9. RCW 74.13.035 and 1979 c 155 s 81 are each amended to read as follows:

Crisis residential centers shall compile yearly records which shall be transmitted to the department and which shall contain information regarding population profiles of the children admitted to the centers during each past calendar year. Such information shall include but shall not be limited to the following:

- (1) The number, age, and sex of children admitted to custody;
- (2) Who brought the children to the center;
- (3) Services provided to children admitted to the center;
- (4) The circumstances which necessitated the children being brought to the center;
- (5) The ultimate disposition of cases;
- (6) The number of children admitted to custody who ran away from the center and their ultimate disposition, if any;
- (7) Length of stay.

The department may require the provision of additional information and may require each center to provide all such necessary information in a uniform manner.

~~((A center may, in addition to being licensed as such, also be licensed as a family foster home or group care facility and may house on the premises juveniles assigned for foster or group care.))~~

NEW SECTION. Sec. 10. The legislature finds that the use of alcohol and illicit drugs continues to be a primarycrippler of our youth. This translates into incredible costs to individuals, families, and society in terms of traffic fatalities, suicides, criminal activity including homicides, sexual promiscuity, familial incorrigibility, and conduct disorders, and educational fallout. Among children of all socioeconomic groups lower expectations for the future, low motivation and self-esteem, alienation, and depression are associated with alcohol and drug abuse.

Studies reveal that deaths from alcohol and other drug-related injuries rise sharply through adolescence, peaking in the early twenties. But second peak occurs in later life, where it accounts for three times as many deaths from chronic diseases. A young victim's life expectancy is likely to be reduced by an average of twenty-six years.

Yet the cost of treating alcohol and drug addicts can be recouped in the first three years of abstinence in health care savings alone. Public money spent on treatment saves not only the life of the chemical abuser, it makes us safer as individuals, and in the long-run costs less.

The legislature further finds that many children who abuse alcohol and other drugs may not require involuntary treatment, but still are not adequately served. These children remain at risk for future chemical dependency, and may become mentally ill or a juvenile offender or need out-of-home placement. Children placed at risk because of chemical abuse may be better served by the creation of a comprehensive integrated system for children in crisis.

The legislature declares that an emphasis on the treatment of youth will pay the largest dividend in terms of preventable costs to individuals themselves, their families, and to society. The provision of augmented involuntary alcohol treatment services to youths, as well as involuntary treatment for youths addicted by other drugs, is in the interest of the public health and safety.

Consent of the parent, parents, or legal guardian of a person less than eighteen years of age is not necessary to authorize the care, except that the person shall not become a resident of the treatment program without such permission except as provided in RCW 70.96A.120 or 70.96A.140. The parent, parents, or legal guardian of a person less than eighteen years of age are not liable for payment of care for such persons pursuant to this chapter, unless they have joined in the consent to the counseling, care, treatment, or rehabilitation.

Sec. 13. RCW 70.96A.140 and 1990 c 151 s 3 are each amended to read as follows:

(1) When a designated chemical dependency specialist((?)) receives information alleging that a person is incapacitated as a result of alcoholism, or in the case of a minor incapacitated by alcoholism and/or other drug addiction, the designated chemical dependency specialist, after investigation and evaluation of the specific facts alleged and of the reliability and credibility of the information, may file a petition for commitment of such person with the superior court or district court. If the designated chemical dependency specialist((?)) finds that the initial needs of such person would be better served by placement within the mental health system, the person shall be referred to an evaluation and treatment facility as defined in RCW 71.05.020 or 71.34.020. If placement in an alcohol treatment program is available and deemed appropriate, the petition shall allege that: The person is an alcoholic who is incapacitated by alcohol, or in the case of a minor incapacitated by alcoholism and/or other drug addiction, or that the person has twice before in the preceding twelve months been admitted for detoxification or treatment for alcoholism pursuant to RCW 70.96A.110, or in the case of a minor, detoxification or treatment for alcohol or drug addiction, and is in need of a more sustained treatment program, or that the person is an alcoholic, or in the case of a minor, an alcoholic or other drug addict, who has threatened, attempted, or inflicted physical harm on another and is likely to inflict physical harm on another unless committed. A refusal to undergo treatment, by itself, does not constitute evidence of lack of judgment as to the need for treatment. The petition shall be accompanied by a certificate of a licensed physician who has examined the person within five days before submission of the petition, unless the person whose commitment is sought has refused to submit to a medical examination, in which case the fact of refusal shall be alleged in the petition. The certificate shall set forth the licensed physician's findings in support of the allegations of the petition. A physician employed by the petitioning program or the department is eligible to be the certifying physician.

(2) Upon filing the petition, the court shall fix a date for a hearing no less than two and no more than seven days after the date the petition was filed unless the person petitioned against is presently being detained in a program, pursuant to RCW 70.96A.120 ((or)), 71.05.210, or 71.34.050, as now or hereafter amended, in which case the hearing shall be held within seventy-two hours of the filing of the petition: PROVIDED, HOWEVER, That the above specified seventy-two hours shall be computed by excluding Saturdays, Sundays, and holidays: PROVIDED FURTHER, That, the court may, upon motion of the person whose commitment is sought, or upon motion of petitioner with written permission of the person whose commitment is sought, or his or her counsel and, upon good cause shown, extend the date for the hearing. A copy of the petition and of the notice of the hearing, including the date fixed by the court, shall be served by the

designated chemical dependency specialist on the person whose commitment is sought, his or her next of kin, a parent or his or her legal guardian if he or she is a minor, and any other person the court believes advisable. A copy of the petition and certificate shall be delivered to each person notified.

(3) At the hearing the court shall hear all relevant testimony, including, if possible, the testimony, which may be telephonic, of at least one licensed physician who has examined the person whose commitment is sought. Communications otherwise deemed privileged under the laws of this state are deemed to be waived in proceedings under this chapter when a court of competent jurisdiction in its discretion determines that the waiver is necessary to protect either the detained person or the public. The waiver of a privilege under this section is limited to records or testimony relevant to evaluation of the detained person for purposes of a proceeding under this chapter. Upon motion by the detained person, or on its own motion, the court shall examine a record or testimony sought by a petitioner to determine whether it is within the scope of the waiver.

The record maker shall not be required to testify in order to introduce medical, nursing, or psychological records of detained persons so long as the requirements of RCW 5.45.020 are met, except that portions of the record that contain opinions as to whether the detained person is an alcoholic, or in the case of a minor incapacitated by alcoholism and/or other drug addiction, must be deleted from the records unless the person offering the opinions is available for cross-examination. The person shall be present unless the court believes that his or her presence is likely to be injurious to him or her; in this event the court may deem it appropriate to appoint a guardian ad litem to represent him or her throughout the proceeding. If deemed advisable, the court may examine the person out of courtroom. If the person has refused to be examined by a licensed physician, he or she shall be given an opportunity to be examined by a court appointed licensed physician. If he or she refuses and there is sufficient evidence to believe that the allegations of the petition are true, or if the court believes that more medical evidence is necessary, the court may make a temporary order committing him or her to the department for a period of not more than five days for purposes of a diagnostic examination.

(4) If after hearing all relevant evidence, including the results of any diagnostic examination, the court finds that grounds for involuntary commitment have been established by clear, cogent, and convincing proof, it shall make an order of commitment to an approved treatment program. It shall not order commitment of a person unless it determines that an approved treatment program is available and able to provide adequate and appropriate treatment for him or her.

(5) A person committed under this section shall remain in the program for treatment for a period of sixty days unless sooner discharged. At the end of the sixty-day period, he or she shall be discharged automatically unless the program, before expiration of the period, files a petition for his or her recommitment upon the grounds set forth in subsection (1) of this section for a further period of ninety days unless sooner discharged. If a person has been committed because he or she is an alcoholic, or, in the case of a minor, an alcoholic or other drug addict, likely to inflict physical harm on another, the program shall apply for recommitment if after examination it is determined that the likelihood still exists.

(6) Upon the filing of a petition for recommitment under subsection (5) of this section, the court shall fix a date for hearing no less than two and no more than seven days after the date the petition was filed: PROVIDED, That, the court may, upon motion of the person whose commitment is sought and upon good cause shown, extend the date for the hearing. A copy of the petition and of the notice of hearing, including the date fixed by the court, shall be served by the treatment program on the person whose commitment is sought, his or her next of kin, the original petitioner under subsection (1) of this section if different from the petitioner for recommitment, one of his or her parents or his or her legal guardian if he or she is a minor, and his or her attorney and any other

person the court believes advisable. At the hearing the court shall proceed as provided in subsection (3) of this section.

(7) The approved treatment program shall provide for adequate and appropriate treatment of a person committed to its custody. A person committed under this section may be transferred from one approved public treatment program to another if transfer is medically advisable.

(8) A person committed to the custody of a program for treatment shall be discharged at any time before the end of the period for which he or she has been committed and he or she shall be discharged by order of the court if either of the following conditions are met:

(a) In case of an alcoholic committed on the grounds of likelihood of infliction of physical harm upon himself, herself, or another, or, in the case of a minor, an alcoholic or other drug addict, the likelihood no longer exists; or further treatment will not be likely to bring about significant improvement in the person's condition, or treatment is no longer adequate or appropriate.

(b) In case of an alcoholic committed on the grounds of the need of treatment and incapacity or, in the case of a minor, incapacitated by alcoholism and/or other drug addiction, that the incapacity no longer exists.

(9) The court shall inform the person whose commitment or recommitment is sought of his or her right to contest the application, be represented by counsel at every stage of any proceedings relating to his or her commitment and recommitment, and have counsel appointed by the court or provided by the court, if he or she wants the assistance of counsel and is unable to obtain counsel. If the court believes that the person needs the assistance of counsel, the court shall require, by appointment if necessary, counsel for him or her regardless of his or her wishes. The person shall, if he or she is financially able, bear the costs of such legal service; otherwise such legal service shall be at public expense. The person whose commitment or recommitment is sought shall be informed of his or her right to be examined by a licensed physician of his or her choice. If the person is unable to obtain a licensed physician and requests examination by a physician, the court shall employ a licensed physician.

(10) A person committed under this chapter may at any time seek to be discharged from commitment by writ of habeas corpus in a court of competent jurisdiction.

(11) The venue for proceedings under this section is the county in which person to be committed resides or is present.

(12) When in the opinion of the professional person in charge of the program providing involuntary treatment under this chapter, the committed patient can be appropriately served by less restrictive treatment before expiration of the period of commitment, then the less restrictive care may be required as a condition for early release for a period which, when added to the initial treatment period, does not exceed the period of commitment. If the program designated to provide the less restrictive treatment is other than the program providing the initial involuntary treatment, the program so designated must agree in writing to assume such responsibility. A copy of the conditions for early release shall be given to the patient, the designated chemical dependency specialist of original commitment, and the court of original commitment. The program designated to provide less restrictive care may modify the conditions for continued release when the modifications are in the best interests of the patient. If the program providing less restrictive care and the designated chemical dependency specialist determine that a conditionally released patient is failing to adhere to the terms and conditions of his or her release, or that substantial deterioration in the patient's functioning has occurred, then the designated chemical dependency specialist shall notify the court of original commitment and request a hearing to be held no less than two and no more than seven days after the date of the request to determine whether or not the person should be returned to more restrictive care. The designated chemical dependency specialist shall file a petition with

the court stating the facts substantiating the need for the hearing along with the treatment recommendations. The patient shall have the same rights with respect to notice, hearing, and counsel as for the original involuntary treatment proceedings. The issues to be determined at the hearing are whether the conditionally released patient did or did not adhere to the terms and conditions of his or her release to less restrictive care or that substantial deterioration of the patient's functioning has occurred and whether the conditions of release should be modified or the person should be returned to a more restrictive program. The hearing may be waived by the patient and his or her counsel and his or her guardian or conservator, if any, but may not be waived unless all such persons agree to the waiver. Upon waiver, the person may be returned for involuntary treatment or continued on conditional release on the same or modified conditions.

Sec. 14. RCW 71.05.210 and 1989 c 120 s 6 are each amended to read as follows:

Each person involuntarily admitted to an evaluation and treatment facility shall, within twenty-four hours of his or her admission, be examined and evaluated by a licensed physician who may be assisted by a physician~~((s))~~ assistant according to chapter 18.71A RCW or a nurse practitioner according to chapter 18.88 RCW and a mental health professional as defined in this chapter, and shall receive such treatment and care as his or her condition requires including treatment on an outpatient basis for the period that he or she is detained, except that, beginning twenty-four hours prior to a court proceeding, the individual may refuse all but emergency life-saving treatment, and the individual shall be informed at an appropriate time of his or her right to such refusal of treatment. Such person shall be detained up to seventy-two hours, if, in the opinion of the professional person in charge of the facility, or his or her professional designee, the person presents a likelihood of serious harm to himself or herself or others, or is gravely disabled. A person who has been detained for seventy-two hours shall no later than the end of such period be released, unless referred for further care on a voluntary basis, or detained pursuant to court order for further treatment as provided in this chapter.

If, after examination and evaluation, the licensed physician and mental health professional determine that the initial needs of the person would be better served by placement in ~~((an alcohol))~~ a chemical dependency treatment facility, then the person shall be referred to an approved treatment ~~((facility))~~ program defined under RCW 70.96A.020.

An evaluation and treatment center admitting any person pursuant to this chapter whose physical condition reveals the need for hospitalization shall assure that such person is transferred to an appropriate hospital for treatment. Notice of such fact shall be given to the court, the designated attorney, and the designated county mental health professional and the court shall order such continuance in proceedings under this chapter as may be necessary, but in no event may this continuance be more than fourteen days.

Sec. 15. RCW 71.34.060 and 1985 c 354 s 6 are each amended to read as follows:

(1) Each minor approved by the facility for inpatient admission shall be examined and evaluated by a children's mental health specialist as to the child's mental condition and by a physician as to the child's physical condition within twenty-four hours of admission. Reasonable measures shall be taken to ensure medical treatment is provided for any condition requiring immediate medical attention.

(2) If, after examination and evaluation, the children's mental health specialist and the physician determine that the initial needs of the minor would be better served by placement in a chemical dependency treatment facility, then the minor shall be referred to an approved treatment program defined under RCW 70.96A.020.

(3) The admitting facility shall take reasonable steps to notify immediately the minor's parent of the admission.

~~((3))~~ (4) During the initial seventy-two hour treatment period, the minor has a right to associate or receive communications from parents or others unless the professional person in charge determines that such communication would be seriously detrimental to

the minor's condition or treatment and so indicates in the minor's clinical record, and notifies the minor's parents of this determination. In no event may the minor be denied the opportunity to consult an attorney.

~~((4))~~ (5) If the evaluation and treatment facility admits the minor, it may detain the minor for evaluation and treatment for a period not to exceed seventy-two hours from the time of provisional acceptance. The computation of such seventy-two hour period shall exclude Saturdays, Sundays, and holidays. This initial treatment period shall not exceed seventy-two hours except when an application for voluntary inpatient treatment is received or a petition for fourteen-day commitment is filed.

~~((5))~~ (6) Within twelve hours of the admission, the facility shall advise the minor of his or her rights as set forth in this chapter.

NEW SECTION. Sec. 16. The purpose of sections 10 through 15 of this act is solely to provide authority for the involuntary commitment of minors addicted by drugs within available funds and current programs and facilities. Nothing in sections 10 through 15 of this act shall be construed to require the addition of new facilities nor affect the department's authority for the uses of existing programs and facilities authorized by law. Nothing in sections 10 through 15 of this act shall prevent a parent or guardian from requesting the involuntary commitment of a minor through a county designated chemical dependency specialist on an ability to pay basis.

Sec. 17. RCW 13.32A.196 and 1990 c 276 s 14 are each amended to read as follows:

(1) At the dispositional hearing regarding an adjudicated at-risk youth, the court shall consider the recommendations of the parties and the recommendations of any dispositional plan submitted by the department. The court may enter a dispositional order that will assist the parent in maintaining the care, custody, and control of the child and assist the family to resolve family conflicts or problems.

(2) The court may set conditions of supervision for the child that include:

(a) Regular school attendance;

(b) Counseling;

(c) Participation in a substance abuse treatment program;

(d) Reporting on a regular basis to the department or any other designated person or agency; and

(e) Any other condition the court deems an appropriate condition of supervision.

(3) No dispositional order or condition of supervision ordered by a court pursuant to this section shall include involuntary commitment of a child for substance abuse or mental health treatment.

(4) The court may order the parent to participate in counseling services or any other services for the child requiring parental participation. The parent shall cooperate with the court-ordered case plan and shall take necessary steps to help implement the case plan. The parent shall be financially responsible for costs related to the court-ordered plan; however, this requirement shall not affect the eligibility of the parent or child for public assistance or other benefits to which the parent or child may otherwise be entitled. The parent may request dismissal of an at-risk youth proceeding at any time and upon such a request, the court shall dismiss the matter and cease court supervision of the child unless a contempt action is pending in the case. The court may retain jurisdiction over the matter for the purpose of concluding any pending contempt proceedings, including the full satisfaction of any penalties imposed as a result of a contempt finding.

~~((4))~~ (5) The court may order the department to monitor compliance with the dispositional order, assist in coordinating the provision of court-ordered services, and submit reports at subsequent review hearings regarding the status of the case.

NEW SECTION. Sec. 18. If any part of this act is found to be in conflict with federal requirements that are a prescribed condition to the allocation of federal funds to the state, the conflicting part of this act is inoperative solely to the extent of the conflict

and with respect to the agencies directly affected, and this finding does not affect the operation of the remainder of this act in its application to the agencies concerned. The rules under this act shall meet federal requirements that are a necessary condition to the receipt of federal funds by the state.

Strike everything after the enacting clause and insert the following:

Sec. 1. RCW 70.24.105 and 1989 c 123 s 1 are each amended to read as follows:

(1) No person may disclose or be compelled to disclose the identity of any person who has investigated, considered, or requested a test or treatment for a sexually transmitted disease, except as authorized by this chapter.

(2) No person may disclose or be compelled to disclose the identity of any person upon whom an HIV antibody test is performed, or the results of such a test, nor may the result of a test for any other sexually transmitted disease when it is positive be disclosed. This protection against disclosure of test subject, diagnosis, or treatment also applies to any information relating to diagnosis of or treatment for HIV infection and for any other confirmed sexually transmitted disease. The following persons, however, may receive such information:

(f) A person allowed access to the record by a court order granted after application showing good cause therefor. In assessing good cause, the court shall weigh the public interest and the need for disclosure against the injury to the patient, to the physician-patient relationship, and to the treatment services. Upon the granting of the order, the court, in determining the extent to which any disclosure of all or any part of the record of any such test is necessary, shall impose appropriate safeguards against unauthorized disclosure. An order authorizing disclosure shall: (i) Limit disclosure to those parts of the patient's record deemed essential to fulfill the objective for which the order was granted; (ii) limit disclosure to those persons whose need for information is the basis for the order; and (iii) include any other appropriate measures to keep disclosure to a minimum for the protection of the patient, the physician-patient relationship, and the treatment services, including but not limited to the written statement set forth in subsection (5) of this section;

(g) Persons who, because of their behavioral interaction with the infected individual, have been placed at risk for acquisition of a sexually transmitted disease, as provided in RCW 70.24.022, if the health officer or authorized representative believes that the exposed person was unaware that a risk of disease exposure existed and that the disclosure of the identity of the infected person is necessary;

(j) A department of social and health services worker, a child placing agency worker, or a guardian ad litem who is responsible for making or reviewing placement or case-planning decisions or recommendations to the court regarding a child, who is less than fourteen years of age, has a sexually transmitted disease, and is in the custody of the department of social and health services or a licensed child placing agency; this information may also be received by a person responsible for providing residential care for such a child when the department of social and health services or a licensed child placing agency determines that it is necessary for the provision of child care services;

(a) The sexually transmitted disease status of a department of corrections offender shall be made available by department of corrections health care providers to a department of corrections superintendent or administrator as necessary for disease prevention or control and for protection of the safety and security of the staff, offenders, and the public. The information may be submitted to transporting officers and receiving facilities, including facilities that are not under the department of correction's jurisdiction.

(b) The sexually transmitted disease status of a person detained in a jail shall be made available by the local public health officer to a jail administrator as necessary for disease prevention or control and for protection of the safety and security of the staff, offenders, and the public. The information may be submitted to transporting officers and receiving facilities.

(c) Information regarding a department of corrections offender's sexually transmitted disease status is confidential and may be disclosed by a correctional superintendent or administrator or local jail administrator only as necessary for disease prevention or control and for protection of the safety and security of the staff, offenders, and the public. Unauthorized disclosure of this information to any person may result in disciplinary action, in addition to any other penalties as may be prescribed by law.

(5) Whenever disclosure is made pursuant to this section, except for subsections (2)(a) and (6) of this section, it shall be accompanied by a statement in writing which includes the following or substantially similar language: "This information has been disclosed to you from records whose confidentiality is protected by state law. State law prohibits you from making any further disclosure of it without the specific written consent of the person to whom it pertains, or as otherwise permitted by state law. Sec. 2. RCW 70.24.320 and 1988 c 206 s 701 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Pretest counseling" means counseling aimed at helping the individual understand ways to reduce the risk of HIV infection, the nature and purpose of the tests, the significance of the results, and the potential dangers of the disease, and to assess the individual's ability to cope with the results.

(2) "Posttest counseling" means further counseling following testing usually directed toward increasing the individual's understanding of the human immunodeficiency virus infection, changing the individual's behavior, and, if necessary, encouraging the individual to notify persons with whom there has been contact capable of spreading HIV.

(3) "AIDS counseling" means counseling directed toward increasing the individual's understanding of acquired immunodeficiency syndrome and changing the individual's behavior.

(4) "HIV testing" means a test indicative of infection with the human immunodeficiency virus (~~as specified by the board of health by~~), and subsequent tests at such intervals sufficient to detect HIV infection, as determined by the board in rule.

Sec. 3. RCW 70.24.340 and 1988 c 206 s 703 are each amended to read as follows:

(1) ~~(Local health departments authorized under this chapter shall conduct or cause to be conducted pretest counseling, HIV testing, and posttest counseling of all persons:~~

~~(a) Convicted of a sexual offense under chapter 9A.44 RCW;~~

~~(b) Convicted of prostitution or offenses relating to prostitution under chapter 9A.88 RCW; or~~

~~(c) Convicted of drug offenses under chapter 69.50 RCW if the court determines at the time of conviction that the related drug offense is one associated with the use of hypodermic needles.~~

~~(2) Such testing)) The purposes of the testing and disclosure provided in this section are: (a) To benefit the victim of a crime or assault which involved the substantial exposure to another's bodily fluids, creating a risk of transmission of HIV, by informing the victim whether the defendant or assailant is infected with the AIDS virus; (b) to protect the health of both victims of crime and assault and of those accused or convicted of committing a crime, or assailants; and (c) to protect the health of the public.~~

~~The legislature respects the need for confidentiality; requirements of confidentiality must be maintained as prescribed in RCW 70.24.105.~~

~~(2)(a) All persons who are convicted of the following offenses or equivalent juvenile offenses where the offense involved substantial exposure of bodily fluids presenting a possible risk of HIV infection, shall submit to pretest counseling, HIV testing, and posttest counseling to be performed by a local public health officer.~~

~~(i) Sexual offenses under chapter 9A.44 RCW or under local ordinance;~~

~~(ii) Prostitution or offenses relating to prostitution under chapter 9A.88 RCW or under local ordinance;~~

~~(iii) Drug offenses under chapter 69.50 RCW or under local ordinance, if a court determines at the time of conviction that the related drug offense is one associated with the use of hypodermic needles.~~

~~(b) Pretest counseling, HIV testing, and posttest counseling shall be conducted as soon as possible after sentencing and shall be so ordered by the sentencing judge.~~

~~((3)) (c) This section applies only to offenses committed after March 23, 1988.~~

~~(3)(a) The prosecuting attorney may request, at any time, that the defendant submit to pretest counseling, HIV testing, and posttest counseling.~~

~~(b) The prosecuting attorney in the jurisdiction where the criminal charge was filed shall advise the victim, in writing, of the right to receive counseling and testing. The prosecutor shall refer the victim to the local health officer, who shall make available counseling to help that person understand the extent to which the particular circumstances of the crime may or may not have put the victim at the risk of transmission of HIV, to ensure that the victim understands both the benefits and limitations of the current tests, and to help the victim decide whether he or she wants to be tested.~~

~~(c) Upon request of the victim, the public health officer shall perform counseling and testing for the victim.~~

~~(d) Upon the request of the victim, the prosecuting attorney shall petition the court, as soon as possible after charging, for an order mandating that the defendant submit to counseling and testing, unless the defendant consents to such counseling and testing.~~

~~(e) The court in which the criminal charge is filed shall order the defendant to submit to tests to be performed by the local public health officer if the court finds, by a preponderance of the evidence, that during the course of the alleged criminal offense, the victim was substantially exposed to the defendant's bodily fluids, presenting a possible risk of HIV infection. The board in rule shall define "substantial exposure" and "exposure presenting possible risk."~~

~~(f) The court shall base its finding upon affidavits submitted by the victim, the defendant, the public health officer, or the prosecuting attorney. Any affidavit of the public health officer should set forth the circumstances under which a victim may be substantially exposed to the bodily fluids of another, presenting a possible risk of~~

transmission. The prosecuting attorney may present the request for an order and supporting affidavits to the court and obtain the order without the presence of the victim or the public health officer.

(g) Once the order is granted, the prosecuting attorney shall notify the public health officer of the order and of the location of the defendant. The order shall require the accused to report to the local public health department for testing if the person is not in custody or if the accused is released from custody prior to testing. The public health officer shall complete the counseling and testing process as soon as possible, and at such subsequent intervals as are sufficient to detect infection, as determined by the board in rule under section 4 of this act. The public health officer shall notify the prosecuting attorney of the fact that the initial testing process has been completed. Subsequent testing shall not be performed if the defendant is acquitted or charges are dismissed.

(h) The public health officer shall have the responsibility for disclosing test results to, and counseling, the victim who requested the test and to the accused who was tested, as soon as possible after the results become available.

(i) The results of any blood tested pursuant to (e) of this subsection shall not be used in any criminal proceeding as evidence of either guilt or innocence.

(4) A law enforcement officer, fire fighter, health care provider, health care facility staff person, or other categories of employment determined by the board in rule to be at risk of substantial exposure to HIV, who has experienced a substantial exposure to another person's bodily fluids in the course of his or her employment, or a good samaritan who is immune from liability under RCW 4.24.300 who has experienced a substantial exposure to another person's bodily fluids, may request a state or local public health officer to order pretest counseling, HIV testing, and posttest counseling for the person whose bodily fluids he or she has been exposed to. The person who is subject to the order shall be given written notice of the order promptly, personally, and confidentially, stating the grounds and provisions of the order, including the factual basis therefor. If the person who is subject to the order refuses to comply, the state or local public health officer may petition the superior court for a hearing. The standard of review for the order is whether substantial exposure occurred and whether that exposure presents a possible risk of transmission of the HIV virus as defined by the board by rule. Upon conclusion of the hearing, the court shall issue the appropriate order. The state or local public health officer shall perform counseling and testing under this subsection if he or she (~~finds that the exposure was substantial and presents a possible risk as defined by the board of health by rule~~) receives the consent of the person to be tested, or if ordered by the court to do so.

(5) If the victim of a charged criminal offense is a minor, the victim's parent or legal guardian shall have all of the rights and remedies of a victim under this section.

NEW SECTION. Sec. 4. A new section is added to chapter 70.24 RCW to read as follows:

MAJORITY recommendation: Do pass with the following amendments:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. A new section is added to chapter 15.04 RCW to read as follows:

The history, economy, culture, and the future of Washington state to a large degree all involve agriculture, which is vital to the economic well-being of the state. The legislature finds that farmers and ranchers are responsible stewards of the land, but are increasingly subjected to complaints and unwarranted restrictions that encourage, and even force, the premature removal of lands from agricultural uses.

The legislature further finds that it is now in the overriding public interest that support for agriculture be clearly expressed, and that adequate protection be given to agricultural lands, uses, activities, and operations.

The legislature further finds that the department of agriculture has a duty to promote and protect agriculture and its dependent rural community in Washington state.

NEW SECTION. Sec. 2. A new section is added to chapter 15.04 RCW to read as follows:

The department shall seek to enhance, protect, and perpetuate the ability of the private sector to produce food and fiber. Additionally, the department shall seek to maintain the economic well-being of the agricultural industry and its dependent rural community in Washington state.

(21) "Certified weight" means any signed certified statement or memorandum of weight, measure or count issued by a licensed public weighmaster in accordance with the provisions of chapter 15.80 RCW.

Sec. 2. RCW 60.13.010 and 1987 c 148 s 1 are each amended to read as follows:

As used in this chapter, the terms defined in this section have the meanings indicated unless the context clearly requires otherwise.

(1) "Agricultural product((;))" means any unprocessed horticultural product, poultry or poultry product, livestock, hay, or straw, grain, or other unprocessed agricultural product. When used in RCW 60.13.020, "agricultural product" means horticultural, aquacultural, viticultural, or berry products, hay or straw, milk or milk products, and turf or forage seed and applies only when such products are delivered to a processor or conditioner in an unprocessed form.

(2) "Conditioner," "consignor," "person," (~~("processor,")~~) and "producer" have the meanings defined in RCW 20.01.010.

((2)) (3) "Delivers" means that a producer completes the performance of all contractual obligations with reference to the transfer of actual or constructive possession or control of an agricultural product to a processor or conditioner or preparer, regardless of whether the processor or conditioner or preparer takes physical possession.

(4) "Preparer" means a person engaged in the business of feeding livestock or preparing livestock products for market.

((3)) (5) "Processor" means any person, firm, company, or other organization that purchases agricultural products from a consignor and that cans, freezes, dries, dehydrates, cooks, presses, powders, or otherwise processes those agricultural products in any manner whatsoever for eventual resale, or that purchases or markets milk from a dairy producer and is obligated to remit payment to such dairy producer directly.

(6) "Commercial fisherman" means a person licensed to fish commercially for or to take food fish or shellfish or steelhead legally caught pursuant to executive order, treaty right, or federal statute.

((4)) (7) "Fish" means food fish or shellfish or steelhead legally caught pursuant to executive order, treaty right, or federal statute.

NEW SECTION. Sec. 3. A new section is added to chapter 60.13 RCW to read as follows:

A person who controls or possesses amounts payable to the processor of agricultural products or the processor's assigns, which are properly encumbered by a processor's lien upon an account receivable shall not be obligated to pay a producer amounts to which the

producer's processor lien has attached until that person receives written notice of such lien, nor shall that person be liable to the producer for any amounts paid out prior to receipt of the notice. The notice required by this section shall contain the information described in RCW 60.13.040(2). If requested by the person responsible for payment of such amounts, the producer must seasonably furnish reasonable proof that the processor lien continues to exist and unless such proof is so furnished, that person has no obligation to pay the producer. A processor shall provide the name of the purchaser or marketing agent of the products to the producer upon request.

Failure to furnish the written notice as provided in this section does not affect the status of the lien established under this chapter in regard to the relationship with other creditors.

On page 1, line 1 of the title, after "liens;" strike the remainder of the title and insert "amending RCW 20.01.010 and 60.13.010; and adding a new section to chapter 60.13 RCW."

NEW SECTION. Sec. 1. DEFINITIONS. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Basic child support obligation" means the monthly child support obligation determined from the economic table based on the parties' combined monthly net income and the number of children for whom support is owed.

(2) "Child support schedule" means the standards, economic table, worksheets, and instructions, as defined in this chapter.

(3) "Court" means a superior court judge, court commissioner, and presiding and reviewing officers who administratively determine or enforce child support orders.

(4) "Deviation" means a child support amount that differs from the standard calculation.

(5) "Economic table" means the child support table for the basic support obligation provided in section 2 of this act.

(6) "Instructions" means the instructions developed by the office of the administrator for the courts pursuant to RCW 26.19.050 for use in completing the worksheets.

(7) "Multiple families" means all the possible combinations of families in which a party has children from more than one relationship to whom the party owes a duty to support. Possible combinations include any natural, adopted, or stepchildren to whom the person owes a duty of support, whether or not the children are illegitimate or were born during a former or existing marriage, and whether or not the children reside with the person obligated to support them.

(8) "Standards" means the standards for determination of child support as provided in sections 3 through 7 of this act and RCW 26.19.090.

(9) "Standard calculation" means the presumptive amount of child support owed as determined from the child support schedule before the court considers any reasons for deviation.

(10) "Support transfer payment" means the amount of money the court orders one parent to pay to another parent or custodian for child support after determination of the standard calculation and deviations. If certain expenses or credits are expected to fluctuate and the order states a formula or percentage to determine the additional amount or credit on an ongoing basis, the term "support transfer payment" does not mean the additional amount or credit.

(11) "Worksheets" means the forms developed by the office of the administrator for the courts pursuant to RCW 26.19.050 for use in determining the amount of child support.

NEW SECTION. Sec. 3. STANDARDS FOR CHILD SUPPORT SCHEDULE APPLICATION. (1) Application of the child support schedule. The child support schedule shall be applied:

- (a) In each county of the state;
- (b) In judicial and administrative proceedings under this title or Title 13 or 74 RCW;
- (c) In all proceedings in which child support is determined or modified;
- (d) In setting temporary and permanent support;
- (e) In automatic modification provisions or decrees entered pursuant to RCW 26.09.100; and
- (f) In addition to proceedings in which child support is determined for minors, to adult children who are dependent on their parents and for whom support is ordered pursuant to RCW 26.09.100.

The provisions of this chapter for determining child support and reasons for deviation from the standard calculation shall be applied in the same manner by the court, presiding officers, and reviewing officers.

(2) Written findings of fact supported by the evidence. An order for child support shall be supported by written findings of fact upon which the support determination is based and shall include reasons for any deviation from the standard calculation and reasons for denial of a party's request for deviation from the standard calculation.

(3) Completion of worksheets. Worksheets in the form developed by the office of the administrator for the courts shall be completed under penalty of perjury and filed in every proceeding in which child support is determined. The court shall not accept incomplete worksheets or worksheets that vary from the worksheets developed by the office of the administrator for the courts.

(4) Court review of the worksheets and order. The court shall review the worksheets and the order setting support for the adequacy of the reasons set forth for any deviation or denial of any request for deviation and for the adequacy of the amount of support ordered. Each order shall state the amount of child support calculated using the standard calculation and the amount of child support actually ordered. Worksheets shall be attached to the decree or order or if filed separately shall be initialed or signed by the judge and filed with the order.

NEW SECTION. Sec. 4. STANDARDS FOR ALLOCATION OF CHILD SUPPORT OBLIGATION BETWEEN PARENTS. (1) The parents' total obligation for support shall be based on their combined monthly net income, resources, and special child rearing costs.

(2) The basic child support obligation derived from the economic table shall be allocated between the parents based on each parent's share of the combined monthly net income.

(3) Ordinary health care expenses are included in the economic table. Monthly health care expenses that exceed five percent of the basic support obligation shall be considered extraordinary health care expenses. Extraordinary health care expenses, day care expenses, and special child rearing expenses such as tuition and long distance transportation costs to and from the parents for visitation purposes, are not included in the economic table. These expenses shall be shared by the parents in the same proportion as the basic support obligation. These expenses may be listed as a specific dollar amount or as a percentage amount. Day care expenses include, but are not limited to, day care expenses incurred while the parent in custody of the child is working, pursuing accredited educational training, or obtaining medical care.

(4) The court shall exercise discretion to determine the necessity for and the reasonableness of all amounts ordered in excess of the basic support obligation.

NEW SECTION. Sec. 5. STANDARDS FOR DETERMINATION OF INCOME. (1) Consideration of all income. All income and resources of each parent's household shall be disclosed and considered by the court when the court determines the child support obligation of each parent. However, for purposes of calculating the basic support obligation, only the income of the parents of the children whose support is at issue shall

be calculated. Income and resources of any other person shall not be included in calculating the basic support obligation.

(2) Verification of income. Tax returns for the preceding two years and current paystubs shall be provided to verify income and deductions. Other sufficient verification shall be required for income and deductions which do not appear on tax returns or paystubs.

(3) Income sources included in gross monthly income. Except as specifically excluded in subsection (4) of this section, monthly gross income shall include income from any source, including:

- (a) Salaries;
- (b) Wages;
- (c) Commissions;
- (d) Deferred compensation;
- (e) Recurring bonuses;
- (f) Dividends;
- (g) Interest;
- (h) Trust income;
- (i) Severance pay;
- (j) Annuities;
- (k) Capital gains;
- (l) Pension retirement benefits;
- (m) Workers' compensation;
- (n) Unemployment benefits; and
- (o) Spousal maintenance actually received.

(4) Income sources excluded from gross monthly income. The following income and resources shall be disclosed but shall not be included in gross income:

- (a) Income of a new spouse or income of other adults in the household;
- (b) Child support received from other relationships;
- (c) Nonrecurring income from bonuses, contract-related cash benefits, gifts, and prizes. The burden of proving that these sources of income are nonrecurring is on the parent seeking to exclude them from gross income;
- (d) Overtime, whether mandatory or voluntary;
- (e) If the parent has at least one full-time job that requires the parent to work a minimum of forty hours per week, income derived from a second job or additional jobs other than the full-time job;
- (f) Aid to families with dependent children;
- (g) Supplemental security income;
- (h) General assistance;
- (i) Veterans aid and attendance allowance or special medical compensation paid under 38 U.S.C. Sec. 314 (k) through (r); and
- (j) Food stamps.

Receipt of income and resources from aid to families with dependent children, supplemental security income, general assistance, veterans aid and attendance allowance or special medical compensation paid under 38 U.S.C. Sec. 314 (k) through (r), and food stamps shall not be a reason to deviate from the standard calculation.

(5) Determination of net income. The following expenses shall be disclosed and deducted from gross monthly income to calculate net monthly income:

- (a) Federal and state income taxes;
- (b) Federal insurance contributions act deductions;
- (c) Mandatory pension plan payments;
- (d) Mandatory union or professional dues;
- (e) State industrial insurance premiums;
- (f) Court-ordered spousal maintenance to the extent actually paid;

(g) Up to two thousand dollars per year in voluntary pension payments actually made if the contributions were made for the two tax years preceding the earlier of the (i) tax year in which the parties separated with intent to live separate and apart or (ii) tax year in which the parties filed for dissolution; and

(h) Normal business expenses and self-employment taxes for self-employed persons. Justification shall be required for any business expense deduction about which there is disagreement.

Items deducted from gross income under this subsection shall not be a reason to deviate from the standard calculation.

(6) Imputation of income. The court shall impute income to a parent when the parent is voluntarily unemployed or voluntarily underemployed. The court shall determine whether the parent is voluntarily underemployed or voluntarily unemployed based upon that parent's work history, education, health, age, and other relevant factors. A parent will not be deemed underemployed if that parent is gainfully employed on a full-time basis. Income shall not be imputed for an unemployable parent.

NEW SECTION. Sec. 6. STANDARDS FOR DEVIATION FROM THE STANDARD CALCULATION. (1) Reasons for deviation from the standard calculation include but are not limited to the following:

(a) Sources of income and tax planning. The court may deviate from the standard calculation after consideration of the following resources and income:

(i) Income of a new spouse;

(ii) Income of other adults in the household;

(iii) Child support actually received from other relationships;

(iv) Overtime, whether mandatory or voluntary;

(v) Nonrecurring bonuses;

(vi) Contract-related cash benefits;

(vii) Gifts;

(viii) Prizes;

(ix) Income derived from a second job or additional jobs that was excluded from gross income under section 5 of this act;

(x) Possession of wealth, including but not limited to savings, investments, real estate holdings and business interests, vehicles, boats, pensions, bank accounts, insurance plans, or other assets;

(xi) Extraordinary income of a child; or

(xii) Tax planning considerations. A deviation for tax planning may be granted only if the child would not receive a lesser economic benefit due to the tax planning.

(b) Debt and high expenses. The court may deviate from the standard calculation after consideration of the following expenses:

(i) Extraordinary debt not voluntarily incurred;

(ii) A significant disparity in the living costs of the parents due to conditions beyond their control;

(iii) Special needs of disabled children; or -

(iv) Special medical, educational, or psychological needs of the children.

(c) Residential schedule. The court may deviate from the standard calculation if the child spends a significant amount of time with the parent who is obligated to make a support transfer payment. The court may not deviate on that basis if the deviation will result in insufficient funds in the house receiving the support to meet the basic needs of the child or if the child is receiving aid to families with dependent children. When determining the amount of the deviation, the court shall consider evidence concerning the increased expenses to a parent making support transfer payments resulting from the significant amount of time spent with that parent and shall consider the decreased expenses, if any, to the party receiving the support resulting from the significant amount of time the child spends with the parent making the support transfer payment.

(d) Multiple families. The court may deviate from the standard calculation when either or both of the parents before the court have children in multiple families to whom the parent owes a duty of support.

(i) The child support schedule shall be applied to the mother, father, and children of the family before the court to determine the presumptive amount of support.

(ii) Children from families other than the children of the parties before the court shall not be counted in the number of children for purposes of determining the basic support obligation and the standard calculation.

(iii) When considering a deviation from the standard calculation for children in the family before the court, the court may consider only other children to whom the parent owes a duty of support. The court may consider court-ordered payments of child support for children from other families only to the extent that the support is actually paid.

(iv) When the court has determined that either or both parents have multiple families, deviations under this section shall be based on consideration of the total circumstances of both households. All child support obligations paid, received, and owed for all children in the multiple families shall be disclosed and considered.

(2) All income and resources of the parties before the court, new spouses, and other adults in the households shall be disclosed and considered. The presumptive amount of support shall be determined according to the child support schedule. Unless specific reasons for deviation are set forth in the written findings of fact and are supported by the evidence, the court shall order each parent to pay the amount of support determined by using the standard calculation.

(3) The court shall enter findings that specify reasons for any deviation or any denial of a party's request for any deviation from the standard calculation made by the court. The court shall not consider reasons for deviation until the court determines the standard calculation for each parent.

(4) When reasons exist for deviation, the court shall exercise discretion in considering the extent to which the factors would affect the support obligation.

(5) Agreement of the parties is not by itself adequate reason for any deviation from the standard calculation.

NEW SECTION. Sec. 7. STANDARDS FOR ESTABLISHING LOWER AND UPPER LIMITS ON CHILD SUPPORT AMOUNTS. (1) Limit at fifty percent of a parent's net income. Neither parent's total child support obligation may exceed fifty percent of net income except for good cause shown. Good cause includes but is not limited to possession of substantial wealth, children with day care expenses, special medical need, educational need, psychological need, and larger families.

(2) Income below six hundred dollars. When combined monthly net income is less than six hundred dollars, a support order of not less than twenty-five dollars per child per month shall be entered for each parent. A parent's support obligation shall not reduce his or her net income below the need standard for one person established pursuant to RCW 74.04.770, except for the mandatory minimum payment of twenty-five dollars per child per month as required in this section or in cases where the court finds reasons for deviation under section 6 of this act. This section shall not be construed to require monthly substantiation of income.

(3) Income above seven thousand dollars. When combined monthly net income exceeds the highest combined monthly net income for which a presumptive amount of support is established, child support shall not be set at a level lower than that amount from the table unless the court finds reasons for deviation below that level, but the court has discretion to establish support at higher levels upon written findings of fact.

NEW SECTION. Sec. 8. The following acts or parts of acts are each repealed:

(2) RCW 26.19.010 and 1988 c 275 s 2;

- (8) RCW 26.19.110 and 1990 1st ex.s. c 2 s 12.

NEW SECTION. Sec. 9. Sections 1 through 7 of this act are each added to chapter 26.19 RCW.

NEW SECTION. Sec. 10. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

ESSB 5121 Prime Sponsor, Committee on Governmental Operations: Protecting whistleblowers. Reported by Committee on State Government

MAJORITY recommendation: Do pass with the following amendments: Strike everything after the enacting clause and insert the following:

Sec. 1. RCW 42.40.020 and 1989 c 284 s 1 are each amended to read as follows:

As used in this chapter, the terms defined in this section shall have the meanings indicated unless the context clearly requires otherwise.

(1) "Auditor" means the office of the state auditor.

(2) "Employee" means any individual employed or holding office in any department or agency of state government.

(3)(a) "Improper governmental action" means any action by an employee:

(i) Which is undertaken in the performance of the employee's official duties, whether or not the action is within the scope of the employee's employment; and

(ii) Which is in violation of any state law or rule, is an abuse of authority, is of substantial and specific danger to the public health or safety, or is a gross waste of public funds.

(b) "Improper governmental action" does not include personnel actions including but not limited to employee grievances, complaints, appointments, promotions, transfers, assignments, reassignments, reinstatements, restorations, reemployments, performance evaluations, reductions in pay, dismissals, suspensions, demotions, violations of the state civil service law, alleged labor agreement violations, reprimands, or any action which may be taken under chapter 41.06 or 28B.16 RCW, or other disciplinary action except as provided in RCW 42.40.030.

(4) "Use of official authority or influence" includes taking, directing others to take, recommending, processing, or approving any personnel action such as an appointment, promotion, transfer, assignment, reassignment, reinstatement, restoration, reemployment, performance evaluation, or any adverse action under chapter 41.06 or 28B.16 RCW, or other disciplinary action.

(5) "Whistleblower" means an employee who in good faith reports alleged improper governmental action to the auditor, initiating an investigation under RCW 42.40.040. For purposes of the provisions of this chapter and chapter 49.60 RCW relating to reprisals and retaliatory action, the term "whistleblower" also means an employee who in good faith provides information to the auditor in connection with an investigation under RCW 42.40.040 and an employee who is believed to have reported alleged improper governmental action to the auditor or to have provided information to the auditor in connection with an investigation under RCW 42.40.040 but who, in fact, has not reported such action or provided such information.

Sec. 2. RCW 42.40.040 and 1989 c 284 s 3 are each amended to read as follows:

(1) Upon receiving specific information that an employee has engaged in improper governmental action, the auditor shall, within five working days of receipt of the information, mail written acknowledgement to the whistleblower at the address provided. For a period not to exceed thirty days, the auditor shall conduct such preliminary investigation of the matter as the auditor deems appropriate. In conducting the investigation, the identity of the ~~((person providing the information which initiated the investigation))~~ whistleblower shall be kept confidential.

(2) In addition to the authority under subsection (1) of this section, the auditor may, on its own initiative, investigate incidents of improper state governmental action.

(3)(a) If it appears to the auditor, upon completion of the preliminary investigation, that the matter is so unsubstantiated that no further investigation, prosecution, or administrative action is warranted, the auditor shall so notify the ~~((person, if known, who provided the information initiating the investigation))~~ whistleblower.

(b) The notification shall be by memorandum containing a summary of the information received, a summary of the results of the preliminary investigation with regard to each allegation of improper governmental action, and any determination made by the auditor under (c) of this subsection.

(c) In any case to which this section applies, the identity of the ~~((person who provided the information initiating the investigation))~~ whistleblower shall be kept confidential unless the auditor determines that the information has been provided other than in good faith.

(d) If it appears to the auditor that the matter does not meet the definition of an "improper governmental action" under RCW 42.40.020(3), or is other than a gross waste of public funds, the auditor may forward a summary of the allegations to the appropriate agency for investigation and require a response by memorandum containing a summary of the investigation with regard to each allegation and any determination of corrective action taken. The auditor will keep the identity of the ~~((person who provided the information initiating the investigation))~~ whistleblower confidential. Upon receipt of the

results of the investigation from the appropriate agency, the auditor will notify the ~~((provider))~~ whistleblower as prescribed under (a), (b), and (c) of this subsection.

(4) If it appears to the auditor after completion of the preliminary investigation that further investigation, prosecution, or administrative action is warranted, the auditor shall so notify the ~~((party, if known, who provided the information initiating the investigation))~~ whistleblower and either conduct further investigations or issue a report under subsection (6) of this section. Within sixty days after the thirty-day period in subsection (1) of this section, the auditor shall complete the investigation and report its findings to the whistleblower unless written justification for the delay is furnished to the whistleblower. In all such cases, the report of the auditor's investigation and findings shall be sent to the whistleblower within one year after the information was filed under subsection (1) of this section.

(5)(a) At any stage of an investigation under this section the auditor may require by subpoena the attendance and testimony of witnesses and the production of documentary or other evidence relating to the investigation at any designated place in the state. The auditor may issue subpoenas, administer oaths, examine witnesses, and receive evidence. In the case of contumacy or failure to obey a subpoena, the superior court for the county in which the person to whom the subpoena is addressed resides or is served may issue an order requiring the person to appear at any designated place to testify or to produce documentary or other evidence. Any failure to obey the order of the court may be punished by the court as a contempt thereof.

(b) The auditor may order the taking of depositions at any stage of a proceeding or investigation under this chapter. Depositions shall be taken before an individual designated by the auditor and having the power to administer oaths. Testimony shall be reduced to writing by or under the direction of the individual taking the deposition and shall be subscribed by the deponent.

(6)(a) If the auditor determines that there is reasonable cause to believe that an employee has engaged in any improper activity, the auditor shall report the nature and details of the activity to:

(i) The employee and the head of the employing agency; and

(ii) If appropriate, the attorney general or such other authority as the auditor determines appropriate.

(b) The auditor has no enforcement power except that in any case in which the auditor submits a report of alleged improper activity to the head of an agency, the attorney general, or any other individual to which a report has been made under this section, the individual shall report to the auditor with respect to any action taken by the individual regarding the activity, the first report being transmitted no later than thirty days after the date of the auditor's report and monthly thereafter until final action is taken. If the auditor determines that appropriate action is not being taken within a reasonable time, the auditor shall report the determination to the governor and to the legislature.

(7) This section does not limit any authority conferred upon the attorney general or any other agency of government to investigate any matter.

Sec. 3. RCW 42.40.050 and 1989 c 284 s 4 are each amended to read as follows:

~~(((1) Any employee (a) who provides his or her name and specific information to the auditor on any matter which is found to warrant further investigation or other action, or which is provided by the employee in good faith, as determined by the auditor, whether or not further action is warranted and (b) who is subjected to any reprisal or retaliatory action undertaken during the period beginning on the day after the date on which the specific information is received by the auditor alleging improper governmental action, may seek judicial review of the reprisal or retaliatory action in superior court, whether or not there has been an administrative review of the action. In such an action, the reviewing court may award reasonable attorney's fees.~~

~~(2) The employee who provided specific information shall notify the state auditor in writing if any changes in the employee's work situation exist which are related to the employee's having provided information. If the auditor has reason to believe that such a change in work situation has occurred, the auditor shall investigate and report on the matter in accordance with this chapter.~~

(3)) Any person who is a whistleblower, as defined in RCW 42.40.020, and who as a result of being a whistleblower has been subjected to workplace reprisal or retaliatory action has the remedies provided under chapter 49.60 RCW. For the purpose of this section "reprisal or retaliatory action" means but is not limited to:

- ~~((a))~~ (1) Denial of adequate staff to perform duties;
- ~~((b))~~ (2) Frequent staff changes;
- ~~((c))~~ (3) Frequent and undesirable office changes;
- ~~((d))~~ (4) Refusal to assign meaningful work;
- ~~((e))~~ (5) Unwarranted and unsubstantiated letters of reprimand or unsatisfactory performance evaluations;
- ~~((f))~~ (6) Demotion;
- ~~((g))~~ (7) Reduction in pay;
- ~~((h))~~ (8) Denial of promotion;
- ~~((i))~~ (9) Suspension; ~~(and~~
- ~~(j))~~ (10) Dismissal;
- (11) Denial of employment; and
- (12) A supervisor or superior encouraging coworkers to behave in a hostile manner toward the whistleblower.

Nothing in this section prohibits an agency from making any decision exercising its authority to terminate, suspend, or discipline an employee who engages in workplace reprisal or retaliatory action against a whistleblower. However, the agency also shall implement any order under chapter 49.60 RCW (other than an order of suspension if the agency has terminated the retaliator).

Sec. 4. RCW 49.60.210 and 1985 c 185 s 18 are each amended to read as follows:

(1) It is an unfair practice for any employer, employment agency, labor union, or other person to discharge, expel, or otherwise discriminate against any person because he or she has opposed any practices forbidden by this chapter, or because he or she has filed a charge, testified, or assisted in any proceeding under this chapter.

(2) It is an unfair practice for a government agency or government manager or supervisor to retaliate against a whistleblower as defined in chapter 42.40 RCW.

Sec. 5. RCW 49.60.250 and 1989 c 175 s 115 are each amended to read as follows:

(1) In case of failure to reach an agreement for the elimination of such unfair practice, and upon the entry of findings to that effect, the entire file, including the complaint and any and all findings made, shall be certified to the chairperson of the commission. The chairperson of the commission shall thereupon request the appointment of an administrative law judge under Title 34 RCW to hear the complaint and shall cause to be issued and served in the name of the commission a written notice, together with a copy of the complaint, as the same may have been amended, requiring the respondent to answer the charges of the complaint at a hearing before the administrative law judge, at a time and place to be specified in such notice.

(2) The place of any such hearing may be the office of the commission or another place designated by it. The case in support of the complaint shall be presented at the hearing by counsel for the commission: PROVIDED, That the complainant may retain independent counsel and submit testimony and be fully heard. No member or employee of the commission who previously made the investigation or caused the notice to be issued shall participate in the hearing except as a witness, nor shall the member or employee participate in the deliberations of the administrative law judge in such case. Any endeavors or negotiations for conciliation shall not be received in evidence.

(3) The respondent shall file a written answer to the complaint and appear at the hearing in person or otherwise, with or without counsel, and submit testimony and be fully heard. The respondent has the right to cross-examine the complainant.

(4) The administrative law judge conducting any hearing may permit reasonable amendment to any complaint or answer. Testimony taken at the hearing shall be under oath and recorded.

(5) If, upon all the evidence, the administrative law judge finds that the respondent has engaged in any unfair practice, the administrative law judge shall state findings of fact and shall issue and file with the commission and cause to be served on such respondent an order requiring such respondent to cease and desist from such unfair practice and to take such affirmative action, including, (but not limited to) hiring, reinstatement or upgrading of employees, with or without back pay, an admission or restoration to full membership rights in any respondent organization, or to take such other action as, in the judgment of the administrative law judge, will effectuate the purposes of this chapter, including action that could be ordered by a court, except that damages for humiliation and mental suffering shall not exceed one thousand dollars, and including a requirement for report of the matter on compliance.

(6) If a determination is made that retaliatory action, as defined in RCW 42.40.050, has been taken against a whistleblower, as defined in RCW 42.40.020, the administrative law judge may, in addition to any other remedy, impose a civil penalty upon the retaliator of up to three thousand dollars and issue an order to the state employer to suspend the retaliator for up to thirty days without pay. At a minimum, the administrative law judge shall require that a letter of reprimand be placed in the retaliator's personnel file. All penalties recovered shall be paid into the state treasury and credited to the general fund.

(7) The final order of the administrative law judge shall include a notice to the parties of the right to obtain judicial review of the order by appeal in accordance with the provisions of RCW 34.05.510 through 34.05.598, and that such appeal must be served and filed within thirty days after the service of the order on the parties.

~~((7))~~ (8) If, upon all the evidence, the administrative law judge finds that the respondent has not engaged in any alleged unfair practice, the administrative law judge shall state findings of fact and shall similarly issue and file an order dismissing the complaint.

~~((8))~~ (9) An order dismissing a complaint may include an award of reasonable attorneys' fees in favor of the respondent if the administrative law judge concludes that the complaint was frivolous, unreasonable, or groundless.

~~((9))~~ (10) The commission shall establish rules of practice to govern, expedite, and effectuate the foregoing procedure.

Sec. 6. RCW 43.09.050 and 1979 c 151 s 91 are each amended to read as follows:
The auditor shall:

(1) Except as otherwise specifically provided by law, audit the accounts of all collectors of the revenue and other holders of public money required by law to pay the same into the treasury;

(2) In his or her discretion, inspect the books of any person charged with the receipt, safekeeping, and disbursement of public moneys;

(3) Investigate improper governmental activity under chapter 42.40 RCW;

(4) Inform the attorney general in writing of the necessity for ~~(him)~~ the attorney general to direct prosecutions in the name of the state for all official delinquencies in relation to the assessment, collection, and payment of the revenue, against all persons who, by any means, become possessed of public money or property, and fail to pay over or deliver the same, and against all debtors of the state;

~~((4))~~ (5) Give information in writing to the legislature, whenever required, upon any subject relating to the financial affairs of the state, or touching any duties of his or her office;

~~((5))~~ (6) Report to the director of financial management in writing the names of all persons who have received any moneys belonging to the state, and have not accounted therefor;

~~((6))~~ (7) Authenticate with his or her official seal papers issued from his or her office;

~~((7))~~ (8) Make his or her official report annually on or before the 31st of December.

Sec. 7. RCW 43.88.160 and 1987 c 505 s 36 are each amended to read as follows:

This section sets forth the major fiscal duties and responsibilities of officers and agencies of the executive branch. The regulations issued by the governor pursuant to this chapter shall provide for a comprehensive, orderly basis for fiscal management and control, including efficient accounting and reporting therefor, for the executive branch of the state government and may include, in addition, such requirements as will generally promote more efficient public management in the state.

(1) Governor; director of financial management. The governor, through the director of financial management, shall devise and supervise a modern and complete accounting system for each agency to the end that all revenues, expenditures, receipts, disbursements, resources and obligations of the state shall be properly and systematically accounted for. The accounting system shall include the development of accurate, timely records and reports of all financial affairs of the state. The system shall also provide for central accounts in the office of financial management at the level of detail deemed necessary by the director to perform central financial management. The director of financial management shall adopt and periodically update an accounting procedures manual. Any agency maintaining its own accounting and reporting system shall comply with the updated accounting procedures manual and the rules of the director adopted under this chapter. An agency may receive a waiver from complying with this requirement if the waiver is approved by the director. Waivers expire at the end of the fiscal biennium for which they are granted. The director shall forward notice of waivers granted to the legislative fiscal committees. The director of financial management may require such financial, statistical, and other reports as the director deems necessary from all agencies covering any period.

The director of financial management is responsible for quarterly reporting of primary budget drivers such as applicable workloads, caseload estimates, and appropriate unit cost data. These reports shall be transmitted to the legislative fiscal committees or by electronic means to the legislative evaluation and accountability program committee. Quarterly reports shall include actual monthly data and the variance between actual and estimated data to date. The reports shall also include estimates of these items for the remainder of the budget period.

In addition, the director of financial management, as agent of the governor, shall:

(a) Make surveys and analyses of agencies with the object of determining better methods and increased effectiveness in the use of manpower and materials; and the director shall authorize expenditures for employee training to the end that the state may benefit from training facilities made available to state employees;

(b) Report to the governor with regard to duplication of effort or lack of coordination among agencies;

(c) Review any pay and classification plans, and changes thereunder, developed by any agency for their fiscal impact: PROVIDED, That none of the provisions of this subsection shall affect merit systems of personnel management now existing or hereafter established by statute relating to the fixing of qualifications requirements for recruitment, appointment, or promotion of employees of any agency. The director shall advise and confer with agencies including appropriate standing committees of the legislature as may be designated by the speaker of the house and the president of the senate regarding the fiscal impact of such plans and may amend or alter said plans, except that for the

following agencies no amendment or alteration of said plans may be made without the approval of the agency concerned: Agencies headed by elective officials;

(d) Fix the number and classes of positions or authorized man years of employment for each agency and during the fiscal period amend the determinations previously fixed by the director except that the director shall not be empowered to fix said number or said classes for the following: Agencies headed by elective officials;

(e) Provide for transfers and repayments between the budget stabilization account and the general fund as directed by appropriation and RCW 43.88.525 through 43.88.540;

(f) Promulgate regulations to effectuate provisions contained in ~~((subsections))~~ (a) through (e) ~~((hereof))~~ of this subsection.

(2) The treasurer shall:

(a) Receive, keep and disburse all public funds of the state not expressly required by law to be received, kept and disbursed by some other persons: PROVIDED, That this subsection shall not apply to those public funds of the institutions of higher learning which are not subject to appropriation;

(b) Disburse public funds under the treasurer's supervision or custody by warrant or check;

(c) Keep a correct and current account of all moneys received and disbursed by the treasurer, classified by fund or account;

(d) Perform such other duties as may be required by law or by regulations issued pursuant to this law.

It shall be unlawful for the treasurer to issue any warrant or check for public funds in the treasury except upon forms duly prescribed by the director of financial management. Said forms shall provide for authentication and certification by the agency head or the agency head's designee that the services have been rendered or the materials have been furnished; or, in the case of loans or grants, that the loans or grants are authorized by law; or, in the case of payments for periodic maintenance services to be performed on state owned equipment, that a written contract for such periodic maintenance services is currently in effect and copies thereof are on file with the office of financial management; and the treasurer shall not be liable under the treasurer's surety bond for erroneous or improper payments so made: PROVIDED, That when services are lawfully paid for in advance of full performance by any private individual or business entity other than as provided for by RCW 42.24.035, such individual or entity other than central stores rendering such services shall make a cash deposit or furnish surety bond coverage to the state as shall be fixed in an amount by law, or if not fixed by law, then in such amounts as shall be fixed by the director of the department of general administration but in no case shall such required cash deposit or surety bond be less than an amount which will fully indemnify the state against any and all losses on account of breach of promise to fully perform such services: AND PROVIDED FURTHER, That no payments shall be made in advance for any equipment maintenance services to be performed more than three months after such payment. Any such bond so furnished shall be conditioned that the person, firm or corporation receiving the advance payment will apply it toward performance of the contract. The responsibility for recovery of erroneous or improper payments made under this section shall lie with the agency head or the agency head's designee in accordance with regulations issued pursuant to this chapter. Nothing in this section shall be construed to permit a public body to advance funds to a private service provider pursuant to a grant or loan before services have been rendered or material furnished.

(3) The state auditor shall:

(a) Report to the legislature the results of current post audits that have been made of the financial transactions of each agency; to this end the auditor may, in the auditor's discretion, examine the books and accounts of any agency, official or employee charged with the receipt, custody or safekeeping of public funds. The current post audit of each

agency may include a section on recommendations to the legislature as provided in (c) of this subsection ~~((3)(e) of this section)~~.

(b) Give information to the legislature, whenever required, upon any subject relating to the financial affairs of the state.

(c) Make the auditor's official report on or before the thirty-first of December which precedes the meeting of the legislature. The report shall be for the last complete fiscal period and shall include at least the following:

Determinations as to whether agencies, in making expenditures, complied with the laws of this state: PROVIDED, That nothing in this act shall be construed to grant the state auditor the right to perform performance audits. A performance audit for the purpose of this act shall be the examination of the effectiveness of the administration, its efficiency and its adequacy in terms of the programs of departments or agencies as previously approved by the legislature. The authority and responsibility to conduct such an examination shall be vested in the legislative budget committee as prescribed in RCW 44.28.085 as now or hereafter amended.

(d) Be empowered to take exception to specific expenditures that have been incurred by any agency or to take exception to other practices related in any way to the agency's financial transactions and to cause such exceptions to be made a matter of public record, including disclosure to the agency concerned and to the director of financial management. It shall be the duty of the director of financial management to cause corrective action to be taken promptly, such action to include, as appropriate, the withholding of funds as provided in RCW 43.88.110.

(e) Promptly report any irregularities to the attorney general.

(f) Investigate improper governmental activity under chapter 42.40 RCW.

(4) The legislative budget committee may:

(a) Make post audits of the financial transactions of any agency and management surveys and program reviews as provided for in RCW 44.28.085 as now or hereafter amended. To this end the committee may in its discretion examine the books, accounts, and other records of any agency, official, or employee.

(b) Give information to the legislature or any legislative committee whenever required upon any subject relating to the performance and management of state agencies.

(c) Make a report to the legislature which shall include at least the following:

(i) Determinations as to the extent to which agencies in making expenditures have complied with the will of the legislature and in this connection, may take exception to specific expenditures or financial practices of any agencies; and

(ii) Such plans as it deems expedient for the support of the state's credit, for lessening expenditures, for promoting frugality and economy in agency affairs and generally for an improved level of fiscal management.

NEW SECTION. Sec. 8. A new section is added to chapter 42.40 RCW to read as follows:

(1) Each local government is encouraged to adopt a whistleblower program so that its employees can disclose improper governmental actions without fear of retaliation. Until such time as a local government adopts a whistleblower program that is approved by the state auditor under this section, the local government and its employees shall be subject to the provisions of this chapter as if the local government were a state agency and its employees were state employees. For purposes of applying the provisions of this chapter to a local government and its employees, the reference to "state law or rule" in RCW 42.40.020(3)(a)(ii) also shall include local government laws or rules; and the term "improper governmental action" in RCW 42.40.020(3)(b) also excludes a local government civil service system or personnel system. A local government employee who is a whistleblower as a result of this subsection is also a whistleblower under chapter 49.60 RCW.

(2) Any local government may submit its whistleblower program to the state auditor and request the auditor to approve the program. The state auditor shall approve any local government program that the auditor finds is substantially similar to the provisions of the state whistleblower program. In considering whether or not to approve a local government whistleblower program, the state auditor shall take into consideration the degree to which local government whistleblower complaints will be investigated and the amount of protection offered to local government whistleblowers against retaliatory actions.

(3) Any person who is a whistleblower under an approved local government whistleblower program also is a whistleblower under RCW 42.40.020 for purposes of chapter 49.60 RCW.

NEW SECTION. Sec. 9. A new section is added to chapter 43.09 RCW to read as follows:

The expense of investigating improper local governmental activity as provided in chapter 42.40 RCW shall be borne by each entity subject to such investigation. Procedures established by the division of municipal corporations concerning the municipal revolving fund shall be made applicable to these investigations and their expenses.

NEW SECTION. Sec. 10. The sum of twenty thousand dollars, or as much thereof as may be necessary, is appropriated for the biennium ending June 30, 1993, from the general fund to the human rights commission for the purposes of this act.

On page 1, line 1 of the title, after "action;" strike the remainder of the title and insert "amending RCW 42.40.020, 42.40.040, 42.40.050, 49.60.210, 49.60.250, 43.09.050, and 43.88.160; adding a new section to chapter 42.40 RCW; adding a new section to chapter 43.09 RCW; prescribing penalties; and making an appropriation."

2SSB 5143 Prime Sponsor, Committee on Ways & Means: Increasing the procurement of recycled products. Reported by Committee on Environmental Affairs

MAJORITY recommendation: Do pass with the following amendments:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. FINDINGS AND INTENT. It is the purpose of this chapter to:

(1) Substantially increase the procurement of recycled content products by all local and state governmental agencies and public schools, and provide a model to encourage a comparable commitment by Washington state citizens and businesses in their purchasing practices;

(2) Target government procurement policies and goals toward those recycled products for which there are significant market development needs or that may substantially contribute to solutions to the state's waste management problem;

(3) Provide standards for recycled products for use in procurement programs by all governmental agencies;

(4) Provide the authority for all governmental agencies to adopt preferential purchasing policies for recycled products;

(5) Direct state agencies to develop strategies to increase recycled product purchases, and to provide specific goals for procurement of recycled paper products and organic recovered materials; and

(6) Provide guidance and direction for local governments and other public agencies to develop plans for increasing the procurement of recycled content products.

NEW SECTION. Sec. 2. DEFINITIONS. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Compost products" means mulch, soil amendments, ground cover, or other landscaping material derived from the biological or mechanical conversion of cellulose-containing waste materials.

(2) "Local government" means a city, town, county, special purpose district, school district, or other municipal corporation.

(12) "USEPA product standards" means the product standards of the United States environmental protection agency for recycled content published in the code of federal regulations.

NEW SECTION. Sec. 3. STANDARDS FOR RECYCLED CONTENT. (1) The director shall adopt standards specifying the minimum content of recycled materials in products or product categories. The standards shall:

(a) Be consistent with the USEPA product standards, unless the director finds that a different standard would significantly increase recycled product availability or competition;

(b) Consider the standards of other states, to encourage consistency of manufacturing standards;

(c) Consider regional product manufacturing capability;

(d) Address specific products or classes of products; and

(e) Consider postconsumer waste content and the recyclability of the product.

(2) The director shall consult with the supply management board and department of ecology prior to adopting the recycled content standards.

The standards shall provide for exceptions under appropriate circumstances to allow purchases of recycled products that do not meet the minimum content requirements of the standards.

NEW SECTION. Sec. 4. LOCAL GOVERNMENT PROCUREMENT PROGRAMS. (1) By January 1, 1993, each local government shall review its existing procurement policies and specifications to determine whether recycled products are intentionally or unintentionally excluded. The policies and specifications shall be revised to include such products unless a recycled content product does not meet an established performance standard of the agency.

(2) By fiscal year 1994, each local government shall adopt a minimum purchasing goal for recycled content as a percentage of the total dollar value of supplies purchased. To assist in achieving this goal each local government shall adopt a strategy by January 1, 1993, and shall submit a description of the strategy to the department. The department shall report to the appropriate standing committees of the legislature by October 1, 1993, on the progress of implementation by local governments, and shall thereafter periodically report on the progress of recycled product purchasing by state and other public agencies. All public agencies shall respond to requests for information from the department for the purpose of its reporting requirements under this section.

(1) The director of general administration, through the state purchasing director, shall develop specifications and adopt rules for the purchase of products which will provide for preferential purchase of products containing ~~((recovered))~~ recycled material by:

(a) The use of a weighting factor determined by the amount of ~~((recovered))~~ recycled material in a product, where appropriate and known in advance to potential bidders, to determine the lowest responsible bidder. The actual dollars bid shall be the contracted amount. If the department determines, according to criteria established by rule that the use of this weighting factor does not encourage the use of more ~~((recovered))~~ recycled material, the department shall consider and award bids without regard to the weighting factor. In making this determination, the department shall consider but not be limited to such factors as adequate competition, economics or environmental constraints, quality, and availability.

(b) Requiring a written statement of the percentage range of ~~((recovered material))~~ recycled content from the bidder providing products containing ~~((recovered material))~~ recycled. The range may be stated in ~~((fifteen))~~ five percent increments.

(2) The director shall develop a directory of businesses that supply products containing significant quantities of ~~((recovered))~~ recycled materials. This directory may be combined with and made accessible through the data base of recycled content products to be developed under section 8 of this act.

(3) The director shall encourage all parties using the state purchasing office to purchase products containing ~~((recovered))~~ recycled materials.

(4) The rules, specifications, and bid evaluation shall be consistent with recycled content standards adopted under section 3 of this act.

NEW SECTION. Sec. 6. (1) Each local government shall consider the adoption of policies, rules, or ordinances to provide for the preferential purchase of recycled content products. (2) The department of general administration shall prepare one or more model recycled content preferential purchase policies suitable for adoption by local governments. The model policy shall be widely distributed and provided through the technical assistance and workshops under section 9 of this act.

(3) A local government that is not subject to the purchasing authority of the department of general administration, and that adopts the preferential purchase policy or rules of the department, shall not be limited by the percentage price preference included in such policy or rules.

NEW SECTION. Sec. 7. STATE AGENCY PROCUREMENT. The department shall prepare a mandatory state plan to increase purchases of recycled-content products by the department and all state agencies, including higher education institutions. The plan shall include purchases from public works contracts. The plan shall address the purchase of plastic products, retread and remanufactured tires, motor vehicle lubricants, latex paint, and lead acid batteries having recycled content. In addition, the plan shall incorporate actions to achieve the following purchase level goals of recycled content paper and compost products:

(1) Paper products as a percentage of the total dollar amount purchased on an annual basis:

- (a) At least forty percent by 1993;
- (b) At least fifty percent by 1994;
- (c) At least sixty percent by 1995.

(2) Compost products as a percentage of the total dollar amount on an annual basis:

(3) The department shall compile information on purchases made by the department or pursuant to the department's purchasing authority, and information provided by local governments, regarding:

- (a) The percentage of recycled content and, if known, the amount of postconsumer waste in the products purchased;
- (b) Price;
- (c) Agency experience with the performance of recycled products and the supplier under the terms of the purchase; and
- (d) Any other information deemed appropriate by the department.

- (1) A description of the postconsumer waste content or recycled content requirements; and

(2) A description of the agency's recycled content preference program.

NEW SECTION. Sec. 12. VENDOR CERTIFICATION. (1) After July 1, 1992, vendors shall certify the percentage of recycled content in products sold to state and local governments, including the percentage of postconsumer waste that is in the product. The certification shall be in the form of a label on the product or a statement by the vendor attached to the bid documents.

(2) The certification on multicomponent or multimaterial products shall verify the percentage and type of postconsumer waste and recycled content by volume contained in the major constituents of the product.

(3) The procuring agency may state in bid solicitations that permission to verify the certification by review of the bidder or manufacturer's records must be granted as a condition of the bid award, in the event of a bidder's protest or other challenge to the bid accepted.

of Washington, including access to the community college system, one of the finest community college systems in the country.

The higher education coordinating board has determined that there is a need in this state for increased participation at the upper-division and graduate levels and that baccalaureate and graduate degrees need to be earned at an increased rate for our citizens to maintain competitiveness in the world economy. There is also a need to increase the opportunity for citizens to learn entry-level skills and trades resulting in their ability to become productive individuals in our society and not depend on the state for subsistence grants.

It is the intent of the legislature to endorse the long-term enrollment goals established by the higher education coordinating board. This act begins the process of achieving the board's goals of a participation rate equal to the 70th percentile of national participation rates for upper-division and graduate students and a participation rate equal to the 90th percentile of national participation rates for all students.

It is the intent of this act to begin the process of providing a place in the higher education system for all citizens of Washington who are qualified for and desirous of earning a college degree, and to assure that the quality of those degrees are not jeopardized by inadequate funding levels.

It is the further intent of this act to modify the present enrollment lids which limit the size of the student population on the public higher education campuses in the state. This act will be the first step toward meeting the educational needs of our citizens in the 1990's. The legislature finds that the present enrollment lids at the public institutions are artificially set and that an increase in the number of full-time equivalent enrollments on the campuses can be accomplished without additional capital construction. The legislature further finds that at many of our state institutions of higher education there is the physical capacity available to accept new students, and there is also a desire among the institutions to accept new enrollments in the coming biennium. It is the intent of this act to remain sensitive to the capability and capacity of each institution to accept additional enrollments.

It is not the intent of this act to emphasize access to the detriment of quality in the educational programs of our institutions. Therefore, it is the intent of the legislature that this act be approved during the fifty-second legislative session only if the legislature fully restores the essential requirements funding level of the state's colleges and universities in the 1991-93 biennial budget. It is the further intent of the legislature that the funding formula for new enrollments under this act are based on the 1990 higher education coordinating board cost study and include both the direct and indirect costs associated with additional student enrollments.

SSB 5184 Prime Sponsor, Committee on Higher Education: Creating a work force training and education coordinating board, and combining community and vocational-technical schools under one agency. Reported by Committee on Higher Education

MAJORITY recommendation: Do pass with the following amendments: Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature finds that the state's system of work force training and education is inadequate for meeting the needs of the state's workers, employers, and economy. A growing shortage of skilled workers is already hurting the state's economy. There is a shortage of available workers and too often prospective employees lack the skills and training needed by employers. Moreover, with demographic changes in the state's population employers will need to employ a more culturally diverse work force in the future.

The legislature further finds that the state's current work force training and education system is fragmented among numerous agencies, councils, boards, and committees, with inadequate overall coordination. No comprehensive strategic plan guides the different parts of the system. There is no single point of leadership and responsibility. There is insufficient guidance from employers and workers built into the system to ensure that the system is responsive to the needs of its customers. Adult work force education lacks a uniform system of governance, with an inefficient division in governance between community colleges and vocational technical institutes, and inadequate local authority. The parts of the system providing adult basic skills and literacy education are especially uncoordinated and lack sufficient visibility to adequately address the needs of the large number of adults in the state who are functionally illiterate. The work force training and education system's data and evaluation methods are inconsistent and unable to provide adequate information for determining how well the system is performing on a regular basis so that the system may be held accountable for the outcomes it produces. Much of the work force training and education system provides inadequate opportunities to meet the needs of people from culturally diverse backgrounds. Finally, our educational institutions are not producing the number of people educated in vocational/technical skills needed by employers.

The legislature recognizes that we must make certain that our institutions of education place appropriate emphasis on the needs of employers and on the needs of the approximately eighty percent of our young people who enter the world of work without completing a four-year program of higher education. We must make our work force education and training system better coordinated, more efficient, more responsive to the needs of business and workers and local communities, more accountable for its performance, and more open to the needs of a culturally diverse population.

NEW SECTION. Sec. 2. Unless the context clearly requires otherwise, the definitions in this section apply throughout this title.

(1) On or before June 30th of each year the college board if issuing bonds payable out of building fees shall certify to the state treasurer the amounts required in the ensuing twelve-month period to pay and secure the payment of the principal of and interest on such bonds. Such amounts of the funds deposited in the bond retirement fund as are necessary to pay and secure the payment of the principal of and interest on the building bonds issued by the college board as authorized by this chapter shall be exclusively devoted to that purpose. If in any twelve-month period it shall appear that the amount certified by the college board is insufficient to pay and secure the payment of the principal of and interest on the outstanding building bonds, the state treasurer shall notify the college board and such board shall adjust its certificate so that all requirements of moneys to pay and secure the payment of the principal and interest on all such bonds then outstanding shall be fully met at all times.

(2) That portion of the building fees not required for or in excess of the amounts necessary to pay and secure the payment of any of the bonds as provided in subsection (1) (~~above~~) of this section shall be deposited in the community and technical college capital projects account which account is hereby created in the state treasury. All earnings of investments of balances in the (~~community-college~~) capital projects account shall be credited to the general fund.

(3) Notwithstanding the provisions of subsections (1) and (2) (~~above~~) of this section, at such time as all outstanding building bonds of the college board payable from the community and technical college bond retirement fund have been paid, redeemed, and retired, or at such time as ample provision has been made by the state for full payment, from some source other than the (~~community-college~~) bond retirement fund, of the principal of and the interest on and call premium, if applicable, of such bonds as they mature and/or upon their call prior to their maturity, through refunding or otherwise, that portion of all building fees of the community and technical colleges equal to the amount required to pay yearly debt service on any general obligation bonds issued by the state in accordance with Article VIII, section 1, Washington state Constitution, for community and technical college purposes, shall be paid into the general fund of the state treasury. The state finance committee shall determine whether ample provision has been made for payment of such bonds payable from the said bond retirement fund and shall determine the amount required to pay yearly debt service on such general obligation bonds of the state. Nothing in this subsection shall be construed as obligating the legislature or the state to provide for payment of such (~~community~~) college building bonds from some source other than the community and technical college bond retirement fund or as pledging the general credit of the state to the payment of such bonds.

On July 1st of each year the state treasurer shall deposit such amount in the ((~~community college~~)) refunding bond retirement fund of 1974 from any general state revenues received in the state treasury.

Notwithstanding the fact that tenure shall not be granted to anyone holding a special faculty appointment, the termination of any such faculty appointment prior to the expiration of the term of such faculty member's individual contract for any cause which is not related to elimination or reduction of financing or the elimination or reduction of program shall be considered a termination for cause subject to the provisions of this chapter;

the prescribed probationary processes and procedures set forth in this chapter with the exception that no student representative shall be required to serve on the review committee defined in RCW 28B.50.851: PROVIDED, That such review processes and procedures shall not be applicable to faculty members whose contracts are renewed after the effective date of this 1977 amendatory act and who have completed at least three consecutive years of satisfactory full time service in such program, who shall be granted tenure by the ((community)) college district: PROVIDED FURTHER, That faculty members who have completed one year or more of satisfactory full time service in such program shall be credited with such service for the purposes of this section: PROVIDED, FURTHER, That provisions relating to tenure for faculty under the provisions of this section shall be distinct from provisions relating to tenure for other faculty of the ((community)) college district and faculty appointed to such special curricular program shall be treated as a separate unit as respects selection, retention, reduction in force or dismissal hereunder: AND PROVIDED FURTHER, That the provisions of this section shall only be applicable to faculty holding a special faculty appointment in an educational program operated in a state correctional institution pursuant to a written contract with a ((community)) college district.

Sec. 74. RCW 28B.50.873 and 1990 c 33 s 559 are each amended to read as follows:

The ((state)) college board ((for community college education)) may declare a financial emergency under the following conditions: (1) Reduction of allotments by the governor pursuant to RCW 43.88.110(2), or (2) reduction by the legislature from one biennium to the next or within a biennium of appropriated funds based on constant dollars using the implicit price deflator. When a district board of trustees determines that a reduction in force of tenured or probationary faculty members may be necessary due to financial emergency as declared by the state board, written notice of the reduction in force and separation from employment shall be given the faculty members so affected by the president or district president as the case may be. Said notice shall clearly indicate that separation is not due to the job performance of the employee and hence is without prejudice to such employee and need only state in addition the basis for the reduction in force as one or more of the reasons enumerated in subsections (1) and (2) of this section.

Said tenured or probationary faculty members will have a right to request a formal hearing when being dismissed pursuant to subsections (1) and (2) of this section. The only issue to be determined shall be whether under the applicable policies, rules or collective bargaining agreement the particular faculty member or members advised of severance are the proper ones to be terminated. Said hearing shall be initiated by filing a written request therefor with the president or district president, as the case may be, within ten days after issuance of such notice. At such formal hearing the tenure review committee provided for in RCW 28B.50.863 may observe the formal hearing procedure and after the conclusion of such hearing offer its recommended decision for consideration by the hearing officer. Failure to timely request such a hearing shall cause separation from service of such faculty members so notified on the effective date as stated in the notice, regardless of the duration of any individual employment contract.

The hearing required by this section shall be an adjudicative proceeding pursuant to chapter 34.05 RCW, the Administrative Procedure Act, conducted by a hearing officer appointed by the board of trustees and shall be concluded by the hearing officer within sixty days after written notice of the reduction in force has been issued. Ten days written notice of the formal hearing will be given to faculty members who have requested such a hearing by the president or district president as the case may be. The hearing officer within ten days after conclusion of such formal hearing shall prepare findings, conclusions of law and a recommended decision which shall be forwarded to the board of trustees for its final action thereon. Any such determination by the hearing officer under this section

shall not be subject to further tenure review committee action as otherwise provided in this chapter.

Notwithstanding any other provision of this section, at the time of a faculty member or members request for formal hearing said faculty member or members may ask for participation in the choosing of the hearing officer in the manner provided in RCW 28A.405.310(4), said employee therein being a faculty member for the purposes hereof and said board of directors therein being the board of trustees for the purposes hereof: PROVIDED, That where there is more than one faculty member affected by the board of trustees' reduction in force such faculty members requesting hearing must act collectively in making such request: PROVIDED FURTHER, That costs incurred for the services and expenses of such hearing officer shall be shared equally by the community or technical college and the faculty member or faculty members requesting hearing.

When more than one faculty member is notified of termination because of a reduction in force as provided in this section, hearings for all such faculty members requesting formal hearing shall be consolidated and only one such hearing for the affected faculty members shall be held, and such consolidated hearing shall be concluded within the time frame set forth herein.

Separation from service without prejudice after formal hearing under the provisions of this section shall become effective upon final action by the board of trustees.

It is the intent of the legislature by enactment of this section and in accordance with RCW 28B.52.035, to modify any collective bargaining agreements in effect, or any conflicting board policies or rules, so that any reductions in force which take place after December 21, 1981, whether in progress or to be initiated, will comply solely with the provisions of this section: PROVIDED, That any applicable policies, rules, or provisions contained in a collective bargaining agreement related to lay-off units, seniority and re-employment rights shall not be affected by the provisions of this paragraph.

Nothing in this section shall be construed to affect the right of the board of trustees or its designated appointing authority not to renew a probationary faculty appointment pursuant to RCW 28B.50.857.

Sec. 75. RCW 28B.50.875 and 1969 ex.s. c 261 s 35 are each amended to read as follows:

NEW SECTION. Sec. 88. All reports, documents, surveys, books, records, files, papers, or written material in the possession of the superintendent of public instruction pertaining to the powers, functions, and duties transferred shall be delivered to the custody of the state board for community and technical colleges. All cabinets, furniture, office equipment, motor vehicles, and other tangible property employed by the superintendent of public instruction in carrying out the powers, functions, and duties transferred shall be made available to the state board for community and technical colleges. Any appropriations made to the superintendent of public instruction for carrying out the powers, functions, and duties transferred shall, on the effective date of this section, be transferred and credited to the state board for community and technical colleges.

Whenever any question arises as to the transfer of any personnel, funds, books, documents, records, papers, files, equipment, or other tangible property used or held in the exercise of the powers and the performance of the duties and functions transferred, the director of financial management shall make a determination as to the proper allocation and certify the same to the state agencies concerned.

The superintendent or designee, and the director of the state board shall work out a mutually agreeable schedule to accomplish this transfer by no later than July 1, 1991.

NEW SECTION. Sec. 89. All employees of the superintendent of public instruction engaged in performing the powers, functions, and duties transferred are transferred to the jurisdiction of the state board for community and technical colleges. All employees classified under chapter 41.06 RCW, the state civil service law, are assigned to the state board for community and technical colleges to perform their usual

NEW SECTION. Sec. 94. The college board personnel administering state and federally funded programs for adult basic skills and literacy education shall be known as the state office for adult literacy.

NEW SECTION. Sec. 95. The legislature finds that a vocational institute in the central area of the city of Seattle provides civic, social, and economic benefits to the people of the state of Washington.

Economic development is enhanced by increasing the number of skilled individuals who enter the labor market and social welfare costs are reduced by the training of individuals lacking marketable skills. The students at the institute are historically economically disadvantaged, and include racial and ethnic minorities, recent immigrants, single-parent heads of households, and persons who are dislocated workers or without specific occupational skills. The institute presents a unique opportunity for business, labor, and community-based organizations, and educators to work together to provide effective vocational-technical training to the economically disadvantaged of urban Seattle, and to serve as a national model of such cooperation. Moreover, a trained work force is a major factor in attracting new employers, and with greater minority participation in the work force, the institute is uniquely located to deliver training and education to the individuals employers must increasingly turn to for their future workers.

NEW SECTION. Sec. 96. The public nonprofit corporation for the Washington institute for applied technology is hereby abolished and its powers, duties, and functions are hereby transferred to the sixth college district. The Washington institute for applied technology shall be renamed the Seattle Vocational Institute. The Seattle Vocational Institute shall become a fourth unit of the sixth college district. All references to the director or public nonprofit corporation for the Washington institute for applied technology in the Revised Code of Washington shall be construed to mean the director of the Seattle Vocational Institute.

NEW SECTION. Sec. 97. All reports, documents, surveys, books, records, files, papers, or written material in the possession of the public nonprofit corporation for the Washington institute for applied technology shall be delivered to the custody of the sixth college district. All cabinets, furniture, office equipment, motor vehicles, and other tangible property employed by the public nonprofit corporation for the Washington institute for applied technology shall be made available to the sixth college district for the

use of the Seattle Vocational Institute. All funds, credits, or other assets held by the public nonprofit corporation for the Washington institute for applied technology shall be assigned to the sixth college district for the use of the institute.

Any appropriations made to the public nonprofit corporation for the Washington institute for applied technology shall, on the effective date of this section, be transferred and credited to the sixth college district.

Whenever any question arises as to the transfer of any personnel, funds, books, documents, records, papers, files, equipment, or other tangible property used or held in the exercise of the powers and the performance of the duties and functions transferred, the director of financial management shall make a determination as to the proper allocation and certify the same to the state agencies concerned.

NEW SECTION. Sec. 98. All contractual obligations, rules, and all pending business before the public nonprofit corporation for the Washington institute for applied technology shall be continued and acted upon by the sixth college district. All existing contracts and obligations shall remain in full force and shall be performed by the sixth college district.

NEW SECTION. Sec. 99. All employees of the Washington institute for applied technology engaged in performing the powers, functions, and duties transferred are transferred to the jurisdiction of the Seattle Vocational Institute. All employees classified under chapter 41.06 RCW, the state civil service law, are assigned to the Seattle Vocational Institute to perform their usual duties upon the same terms as formerly, without any loss of rights, subject to any action that may be appropriate thereafter in accordance with the laws and rules governing state civil service.

NEW SECTION. Sec. 100. The transfer of the powers, duties, functions, and personnel of the public nonprofit corporation for the Washington institute for applied technology shall not affect the validity of any act performed prior to the effective date of this section.

NEW SECTION. Sec. 101. If apportionments of budgeted funds are required because of the transfers directed by sections 97 through 100 of this act, the director of financial management shall certify the apportionments to the agencies affected, the state auditor, and the state treasurer. Each of these shall make the appropriate transfer and adjustments in funds and appropriation accounts and equipment records in accordance with the certification.

NEW SECTION. Sec. 102. for vocational-technical institute purposes or postsecondary vocational education purposes, or used or obtained primarily for vocational education purposes, and all liabilities including, but not limited to court claims incurred on behalf of a vocational-technical institute by a school district, shall, on the date on which the first board of trustees of each college district takes office, vest in or be assigned to the state board for community and technical colleges. Grounds that have been used primarily as a playground for children shall continue to be made available for such use.

Cash, funds, accounts, or other deposits obtained or raised by a school district to pay for indebtedness, bonded or otherwise, contracted on or before the effective date of this section for vocational-technical institute purposes shall remain with and continue to be, after the effective date of this section, an asset of the school district.

Any option acquired by the school district to purchase real property which in the judgment of the school district will be used in the common school program may remain with the school district notwithstanding that such option was obtained in consideration of the purchase by such school district of other property for vocational-technical institute purposes.

For the purposes of this section and to facilitate the process of allocating the assets, the board of directors of each school district in which a vocational-technical institute is located, and the director of each vocational-technical institute, shall each submit to the state board of education, and the state board for community and technical colleges within ninety days of the effective date of this section, an inventory listing all real estate, personal property, choses in action, and other assets, held by a school district which, under the criteria of this section, will become the assets of the state board for community and technical colleges.

However, assets used primarily for vocational-technical institute purposes shall include, but not be limited to, all assets currently held by school districts which have been used on an average of at least seventy-five percent of the time during the 1989-90 school year, or if acquired subsequent to July 1, 1990, since its time of acquisition, for vocational-technical institute purposes, except that facilities used during school construction and remodeling periods to house vocational-technical institute programs temporarily and facilities that were vacated by the vocational-technical institute and returned to the school district during 1990-91 are not subject to this requirement.

The ultimate decision and approval with respect to the allocation and dispositions of the assets and liabilities including court claims under this section shall be made by a task force appointed by the governor in consultation with the superintendent of public instruction and the state board for community and technical colleges. Any issues remaining in dispute shall be settled by the governor or the governor's designee. The decision of the governor, the governor's designee, or the task force may be appealed within sixty days after such decision is issued by appealing to the district court of Thurston county. The decision of the superior court may be appealed to the supreme court of the state in accordance with the provision of the Administrative Procedure Act, chapter 34.05 RCW.

The determination of convenience shall be based solely upon the best interests of the students involved.

If a vocational-technical institute district board and a common school district board are sharing the use of a single facility, the program occupying the majority of the space of such facility, exclusive of space utilized equally by both, shall determine which board will be charged with the administration and control of such facility. The determination of occupancy shall be based upon the space occupied as of January 1, 1990.

The board charged with the administration and control of such facility may share expenses with the other board for the use of the facility.

In the event that the two boards are unable to agree upon which board is to administer and control the facility or upon a fair share of expenses for the use of the facility, the governor shall appoint an arbitrator to settle the matter. The decisions of the arbitrator shall be final and binding upon both boards. The expenses of the arbitration shall be divided equally by each board.

School districts shall not increase direct or indirect charges for central district administrative support for technical college programs above the percentage rate charged in the 1990-91 school year. This provision on administrative charges for technical college programs shall apply to any state and federal grants, tuition, and other revenues generated by technical college programs. School districts and the superintendent of public instruction shall cooperate fully with the technical colleges and the state board for community and technical colleges with regard to the implementation of chapter ..., Laws of 1991 (this act). No employee of a technical college may be discriminated against based on actions or opinions expressed on issues surrounding chapter ..., Laws of 1991 (this act). NEW SECTION. Sec. 145. During the period from the effective date of this section until September 1, 1991:

(1) The executive director of the state board for community and technical colleges, or the executive director's designee, may enter into contracts, or agreements for goods, services, and personnel, on behalf of the technical college, which are effective after September 1, 1991. (2) Vocational-technical institute directors may conduct business relevant to the operation of the vocational-technical institutes. School boards and superintendents may not restrict or remove powers previously delegated to the vocational-technical institute directors during the 1990-91 school year.

The agreement shall provide for the ongoing interinstitutional coordination of community and technical college programs and services operated in the overlapping service area. The agreement shall include the means for the adjudication of issues arising from overlapping service areas. The agreement shall include a definitive statement of mission, scope, and purpose for each college including the nature of courses, programs, and services to be offered by each college. The statement shall include a provision that the technical colleges shall not offer courses designed for transfer to baccalaureate granting institutions. This shall not preclude such offerings provided through contracts or agreements with a community college in the service area.

Any part of the agreement that is not approved by all the colleges in the service area, shall be determined by the state board for community and technical colleges. Approved regional planning agreements shall be enforced by the full authority of the state board for community and technical colleges. Changes to the agreement are subject to state board approval.

(b) Before July 26, 1987, been certified or recognized under a predecessor statute as the representative of the employees in a bargaining unit which continues to be appropriate under this chapter.

(8) "Collective bargaining" and "bargaining" mean the performance of the mutual obligation of the representatives of the employer and the exclusive bargaining representative to meet at reasonable times to bargain in good faith in an effort to reach agreement with respect to wages, hours, and other terms and conditions of employment, such as procedures related to nonretention, dismissal, denial of tenure, and reduction in force. Prior law, practice, or interpretation shall be neither restrictive, expansive, nor determinative with respect to the scope of bargaining. A written contract incorporating any agreements reached shall be executed if requested by either party. The obligation to bargain does not compel either party to agree to a proposal or to make a concession.

In the event of a dispute between an employer and an exclusive bargaining representative over the matters that are terms and conditions of employment, the commission shall decide which items are mandatory subjects for bargaining.

Sec. 149. RCW 28B.52.030 and 1987 c 314 s 3 are each amended to read as follows:

Provisions of written contracts relating to salary increases shall not exceed the amount or percentage established by the legislature in the appropriations act and allocated to the board of trustees by the state board for community and technical colleges ((education)). The length of term of any such agreement shall be for not more than three fiscal years. Any provisions of these agreements pertaining to salary increases will not be binding upon future actions of the legislature. If any provision of a salary increase is changed by subsequent modification of the appropriations act by the legislature, both parties shall immediately enter into collective bargaining for the sole purpose of arriving at a mutually agreed upon replacement for the modified provision.

Nothing in this section prohibits an employer and an employee organization from agreeing to substitute, at their own expense, some other impasse procedure or other means of resolving matters considered under this chapter.

In fashioning an order, the court shall take into consideration not only the elements necessary for injunctive relief but also the purpose and goals of this chapter and any mitigating factors such as the commission of an unfair labor practice by either party.
