SSB 5188 Prime Sponsor, Committee on Commerce & Labor: Providing for tenant eviction and rental and storage costs for mobile home landlords. Reported by Committee on Housing

MAJORITY recommendation: Do pass with the following amendments:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. (1) Upon abandonment of a mobile home by a tenant or eviction of a tenant from a mobile home park space where the mobile home occupying that space is not subject to RCW 59.20.074, the landlord may store the mobile home on the mobile home lot or in the mobile park until removal of the mobile home as provided by law. The landlord may charge rent and reasonable expenses in the amount set forth in the rental agreement for occupancy of the mobile home lot or any other area in the mobile home park by the mobile home. Any rent or other reasonable expenses owed to the landlord pursuant to this section shall be paid to the landlord prior to removal of the mobile home from the mobile home park.

(2) This section shall not affect the availability of a landlord's lien as provided in chapter 60.72 RCW.

(3) For purposes of this section, "reasonable expenses" means any routine maintenance and utility charges for which the tenant is liable under the rental agreement.

NEW SECTION. Sec. 2. (1) Rules and regulations are enforceable against a tenant only if:

(a) Their purpose is to promote the convenience, safety, or welfare of the residents, protect and preserve the premises from abusive use, or make a fair distribution of services and facilities made available for the tenants generally;

(b) They are reasonably related to the purpose for which they are adopted;

(c) They apply to all tenants in a fair manner;

(d) They are not for the purpose of evading an obligation of the landlord;

(e) They are not retaliatory or discriminatory in nature; and

(f) They are sufficiently explicit in prohibition, direction, or limitation of the tenants' conduct to fairly inform the tenants of what the tenants must do to comply.

(2) At least thirty days' written notice must be provided to all tenants in the mobile home park before any changes, additions, deletions, or amendments to the rules and regulations can become effective unless the tenants consent.

NEW SECTION. Sec. 3. If the tenant fails to comply with RCW 59.20.140, and the noncompliance can substantially affect the health and safety of the tenant or other tenants, or substantially increase the hazards of fire or accident that can be remedied by repair, replacement of a damaged item, or cleaning, the tenant shall comply within fifteen days after the sending of written notice by the landlord specifying the noncompliance, or, in the case of emergency as promptly as conditions require. If the tenant fails to remedy the condition in noncompliance within that period the landlord may enter the mobile home lot and cause the work to be done in a skillful manner, and submit an itemized bill of the actual and reasonable cost of repair. The bill may be made payable on the next date when periodic rent is due, or on terms that are mutually agreed to by the landlord and tenant, or immediately if the tenancy is terminated.

NEW SECTION. Sec. 4. A tenant may not sublet or assign his or her tenancy in the mobile home park without the express written consent of the landlord unless a greater right is conferred in the rental agreement. The landlord shall approve or disapprove of the subletting or the assignment on the same basis that the landlord approves or disapproves of any new tenant. Notice of approval or disapproval shall be given in writing within five working days of receiving a written request from the tenant. The landlord may not unreasonably withhold consent. Transfers of rental agreements when the tenant sells or transfers title of the mobile home are governed by RCW 59.20.073.

NEW SECTION. Sec. 5. (1) If a court finds as a matter of law that:

(a) A rental agreement, or any clause of it, was unconscionable at the time it was made, it may refuse to enforce the rental agreement or it may enforce the remainder of the rental agreement without the unconscionable clause. The court may also limit the application of the unconscionable clause to avoid any unconscionable result.

(b) A settlement in which a party waives or agrees to forego a claim or right under this chapter or under the rental agreement was unconscionable at the time it was made, the court may refuse to enforce the settlement, or it may enforce the remainder of the settlement without the unconscionable provision. The court may also limit the application of any unconscionable provision to avoid an unconscionable result.

(2) When it is claimed or appears to the court that the rental agreement or settlement, or any clause of it, may be unconscionable, the parties shall be afforded an opportunity to present evidence as to the setting, purpose, and effect to aid the court in making its determination.

NEW SECTION. Sec. 6. If a landlord intentionally causes the termination or interruption of any tenant's utility services, including water, heat, electricity, or gas, except when an interruption of a reasonable duration is required to make necessary repairs, then the tenant may require the restoration of the utility services or terminate the rental agreement, and in either case maintain an action for damages. Damages shall be

the actual damages sustained, and up to one hundred dollars for each day or part thereof the tenant is deprived of any utility service.

A landlord shall give the tenants at least twenty-four hours' notice in writing whenever possible when planned repairs of a utility service which the mobile home park provides will cause an interruption of the utility service.

It shall be unlawful for a tenant to intentionally cause the termination or interruption of utility services provided by the landlord, including water, heat, electricity, or gas, excepting as resulting from the normal occupancy of the premises. If a tenant intentionally causes the termination or interruption of utility services in violation of this section, the tenant shall be liable for any actual damages sustained, and up to one hundred dollars for each day or part thereof that the utility services are unavailable.

NEW SECTION. Sec. 7. (1) If a landlord uses a rental agreement containing provisions known by the landlord to be prohibited under RCW 59.20.060(2), then the tenant may recover actual damages sustained or one hundred dollars, whichever is greater.

(2) If a landlord violates the right of entry provided in RCW 59.20.130(7), after receiving notice from the tenant in writing of a violation of this right, then the tenant may recover actual damages or one hundred dollars, whichever is greater, for each violation.

(3) If a landlord retaliates against a tenant in violation of RCW 59.20.070(4), a court in its discretion may award an amount not to exceed five hundred dollars for each violation in addition to actual damages sustained.

(4) If a landlord violates other provisions of RCW 59.20.070, then the tenant may recover actual damages or one hundred dollars, whichever is greater, for each violation.

(5) A tenant may recover his or her actual damages when the landlord violates other provisions of this chapter.

NEW SECTION. Sec. 8. Any person who violates the terms of a restraining order or an injunction issued by a court to prevent violations of this chapter, or any of the terms of an assurance of voluntary compliance duly filed in court, shall pay to the court a civil penalty not to exceed one thousand dollars for each violation. For the purposes of this section, the court issuing the restraining order or injunction, or in which an assurance of voluntary compliance is filed, shall retain jurisdiction over the action.

NEW SECTION. Sec. 9. The attorney general may bring an action in the name of the state against any person to restrain and prevent the doing of any act prohibited or declared to be unlawful in this chapter. The prevailing party may, in the discretion of the court, recover the costs of the action including a reasonable attorney's fee.

Sec. 10. RCW 59.20.080 and 1989 c 201 s 12 are each amended to read as follows:

(1) (~~Except as provided in subsection (2) of this section, the~~) A landlord shall not terminate a tenancy, of whatever duration except for one or more of the following reasons:

(a) Substantial violation, or repeated or periodic violations of the rules of the mobile home park as established by the landlord at the inception of the tenancy or as assumed subsequently with the consent of the tenant or for violation of the tenant's duties as provided in RCW 59.20.140. The tenant shall be given written notice to cease the rule violation immediately. The notice shall state that failure to cease the violation of the rule or any subsequent violation of that or any other rule shall result in termination of the tenancy, and that the tenant shall vacate the premises within fifteen days: PROVIDED, That for a periodic violation the notice shall also specify that repetition of the same violation shall result in termination: PROVIDED FURTHER, That in the case of a violation of a "material change" in park rules with respect to pets, tenants with minor children living with them, or recreational facilities, the tenant shall be given written notice under this chapter of a six month period in which to comply or vacate;

(b) Nonpayment of rent or other charges specified in the rental agreement, upon five days written notice to pay rent and/or other charges or to vacate;

(c) Conviction of the tenant of a crime, commission of which threatens the health, safety, or welfare of the other mobile home park tenants. The tenant shall be given written notice of a fifteen day period in which to vacate;

(d) Failure of the tenant to comply with local ordinances and state laws and regulations relating to mobile homes or mobile home living within a reasonable time after the tenant's receipt of notice of such noncompliance from the appropriate governmental agency;

(e) Change of land use of the mobile home park including, but not limited to, conversion to a use other than for mobile homes or conversion of the mobile home park to a mobile home park cooperative or mobile home park subdivision: PROVIDED, That the landlord shall give the tenants twelve months' notice in advance of the effective date of such change, except that for the period of six months following April 28, 1989, the landlord shall give the tenants eighteen months' notice in advance of the proposed effective date of such change;

(f) Engaging in "drug-related activity." "Drug-related activity" means that activity which constitutes a violation of chapter 69.41, 69.50, or 69.52 RCW. A park owner seeking to evict a tenant pursuant to this subsection need not produce evidence of a criminal conviction, even if the alleged misconduct constitutes a criminal offense. Notice from a law enforcement agency of drug activity pursuant to RCW 59.20.155 shall constitute sufficient grounds, but not the only grounds, for an eviction under this subsection. If drug-related activity is alleged to be a basis of termination, the park owner may proceed directly to an unlawful detainer action; or

(g) The tenant's application for tenancy contained a material misstatement which induced the park owner to approve the tenant as a resident of the park, and the park owner discovers and acts upon the misstatement within one year of the time the resident began paying rent.

~~(2) ((A landlord may terminate any tenancy without cause. Such termination shall be effective twelve months from the date the landlord serves notice of termination upon the tenant or at the end of the current tenancy, whichever is later: PROVIDED, That a landlord shall not terminate a tenancy for any reason or basis which is prohibited under RCW 59.20.070 (3) or (4) or is intended to circumvent the provisions of (1)(e) of this section.~~

~~(3)) Within five days of a notice of eviction as required by subsection (1)(a) ((or (2))) of this section, the landlord and tenant shall submit any dispute((, including the decision to terminate the tenancy without cause,)) to mediation. The parties may agree in writing to mediation by an independent third party or through industry mediation procedures. If the parties cannot agree, then mediation shall be through industry mediation procedures. A duty is imposed upon both parties to participate in the mediation process in good faith for a period of ten days for an eviction under subsection (1)(a) of this section((, or for a period of thirty days for an eviction under subsection (2) of this section)). It is a defense to an eviction under subsection (1)(a) ((or (2))) of this section that a landlord did not participate in the mediation process in good faith.~~

Sec. 11. RCW 59.20.090 and 1980 c 152 s 2 are each amended to read as follows:

(1) Unless otherwise agreed rental agreements shall be for a term of one year. Any rental agreement of whatever duration shall be automatically renewed for the term of the original rental agreement, unless((

(a)) a different specified term is agreed upon((; or

(b) The landlord serves notice of termination without cause upon the tenant prior to the expiration of the rental agreement: PROVIDED, That under such circumstances, at the expiration of the prior rental agreement the tenant shall be considered a month-to-month tenant upon the same terms as in the prior rental agreement until the tenancy is terminated)).

(2) A landlord seeking to increase the rent upon expiration of the term of a rental agreement of any duration shall notify the tenant in writing three months prior to the effective date of any increase in rent(~~:- PROVIDED, That if a landlord serves a tenant with notice of a rental increase at the same time or subsequent to serving the tenant with notice of termination without cause, such rental increase shall not become effective until the date the tenant is required to vacate the leased premises pursuant to the notice of termination or three months from the date notice of rental increase is served, whichever is later~~)).

(3) A tenant shall notify the landlord in writing one month prior to the expiration of a rental agreement of an intention not to renew.

(4)(a) The tenant may terminate the rental agreement upon thirty days written notice whenever a change in the location of the tenant's employment requires a change in his residence, and shall not be liable for rental following such termination unless after due diligence and reasonable effort the landlord is not able to rent the mobile home lot at a fair rental. If the landlord is not able to rent the lot, the tenant shall remain liable for the rental specified in the rental agreement until the lot is rented or the original term ends;

(b) Any tenant who is a member of the armed forces may terminate a rental agreement with less than thirty days notice if he receives reassignment orders which do not allow greater notice.

NEW SECTION. Sec. 12. A new section is added to chapter 48.18 RCW to read as follows:

Any application taken for property insurance covering a mobile home situated in a mobile home park shall include the name and address of the mobile home park owner. Contemporaneous with the payment of any claim for physical damage to the insured mobile home, the insurer shall notify the owner of the mobile home park, in writing, of such payment.

NEW SECTION. Sec. 13. Sections 1 through 9 of this act are each added to chapter 59.20 RCW.

NEW SECTION. Sec. 14. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

2SSB 5341 Prime Sponsor, Committee on Ways & Means: Providing liability insurance to foster parents. Reported by Committee on Human Services

MAJORITY recommendation: Do pass with the following amendments:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature recognizes the unique legal risks that foster parents face in taking children into their care. Third parties have filed claims against foster parents for losses and damage caused by foster children. Additionally, foster children and their parents have sued foster parents for actions occurring while the children were in foster care. The legislature finds that some potential foster parents are unwilling to subject themselves to potential liability without insurance protection. The legislature further finds that to encourage those people to serve as foster parents, it is necessary to assure that such insurance is available to them.

NEW SECTION. Sec. 2. A new section is added to chapter 74.14B RCW to read as follows:

(1) Subject to subsection (2) of this section, the secretary of social and health services shall provide liability insurance to foster parents licensed under chapter 74.15 RCW. The coverage shall be for personal injury and property damage caused by foster parents or foster children that occurred while the children were in foster care. Such insurance shall cover acts of ordinary negligence but shall not cover illegal conduct or bad faith acts taken by foster parents in providing foster care. Moneys paid from liability insurance for any claim are limited to the amount by which the claim exceeds the amount available to the claimant from any valid and collectible liability insurance.

(2) The secretary of social and health services may purchase the insurance required in subsection (1) of this section or may choose a self-insurance method. The total moneys expended pursuant to this authorization shall not exceed five hundred thousand dollars per biennium. If the secretary elects a method of self-insurance, the expenditure shall include all administrative and staff costs. If the secretary elects a method of self-insurance, he or she may, by rule, place a limit on the maximum amount to be paid on each claim.

(3) Nothing in this section or section 3 of this act is intended to modify the foster parent reimbursement plan in place on the effective date of this act.

(4) The liability insurance program shall be available by July 1, 1991.

NEW SECTION. Sec. 3. A new section is added to chapter 4.24 RCW to read as follows:

In actions for personal injury or property damage commenced by foster children or their parents against foster parents licensed pursuant to chapter 74.15 RCW, the liability of foster parents for the care and supervision of foster children shall be the same as the liability of biological and adoptive parents for the care and supervision of their children.

NEW SECTION. Sec. 4. If specific funding for the purposes of this act, referencing this act by bill number, is not provided by June 30, 1991, in the omnibus appropriations act, this act shall be null and void.

NEW SECTION. Sec. 5. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect July 1, 1991.

SSB 5342 Prime Sponsor, Committee on Commerce & Labor: Authorizing payment by annuity by self-insured employers. Reported by Committee on Commerce & Labor

MAJORITY recommendation: Do pass with the following amendments: Strike everything after the enacting clause and insert the following:

Sec. 1. RCW 51.44.070 and 1989 c 190 s 1 are each amended to read as follows:

(1) For every case resulting in death or permanent total disability the department shall transfer on its books from the accident fund of the proper class and/or appropriate account to the "reserve fund" a sum of money for that case equal to the estimated present cash value of the monthly payments provided for it, to be calculated upon the basis of an annuity covering the payments in this title provided to be made for the case. Such annuity values shall be based upon rates of mortality, disability, remarriage, and interest as determined by the department, taking into account the experience of the reserve fund in such respects.

Similarly, a self-insurer in these circumstances shall pay into the reserve fund a sum of money computed in the same manner, and the disbursements therefrom shall be made as in other cases.

(2) As an alternative to payment procedures otherwise provided under law, in the event of death or permanent total disability to workers of self-insured employers, a self-insured employer may upon establishment of such obligation file with the department a bond, ((øf)) an assignment of account from a federally or state chartered commercial banking institution authorized to conduct business in the state of Washington, or purchase an annuity, in an amount deemed by the department to be reasonably sufficient to insure payment of the pension benefits provided by law. Any purchase of an annuity shall be from an institution meeting the following minimum requirements: (a) The institution must be rated no less than "A+" by A.M. Best, and no less than "AA" by Moody's and by Standard & Poor's; (b) the value of the assets of the institution must not be less than ten billion dollars; (c) not more than ten percent of the institution's assets may include bonds that are rated less than "BBB" by Moody's and Standard & Poor's; (d) not more than five percent of the assets may be held as equity in real estate; and (e) not more than twenty-five percent of the assets may be first mortgages, and not more than five percent may be second mortgages. The department shall adopt rules governing assignments of account and annuities. Such rules shall ensure that the funds are available if needed, even in the case of failure of the banking institution, the institution authorized to provide annuities, or ((øf)) the employer's business.

The annuity value for every such case shall be determined by the department based upon the department's experience as to rates of mortality, disability, remarriage, and interest. The amount of the required bond ((øf)), assignment of account, or annuity may be reviewed and adjusted periodically by the department, based upon periodic redeterminations by the department as to the outstanding annuity value for the case.

~~Under such alternative, the department shall ((make the monthly payments from the pension reserve fund for the benefits provided for by RCW 51.32.050 and 51.32.060 to the self-insured beneficiary or beneficiaries and the department shall be reimbursed for all such payments from the particular self-insured employer through periodic charges not less than quarterly in a manner to be determined by the director.~~

~~Any self-insured employer electing this alternative method of providing for payment)) administer the payment of this obligation to the beneficiary or beneficiaries. The department shall be reimbursed for all such payments from the self-insured employer through periodic charges not less than quarterly in a manner to be determined by the director. The self-insured employer shall additionally pay to the department a deposit equal to the first three months' payments otherwise required under RCW 51.32.050 and 51.32.060. Such deposit shall be placed in the reserve fund in accordance with RCW 51.44.140 and shall be returned to the respective self-insured employer when monthly payments are no longer required for such particular obligation.~~

If a self-insurer delays or refuses to reimburse the department beyond fifteen days after the reimbursement charges become due, there shall be a penalty paid by the self-insurer upon order of the director of an additional amount equal to twenty-five percent of the amount then due which shall be paid into the pension reserve fund. Such an order shall conform to the requirements of RCW 51.52.050.

2SSB 5347 Prime Sponsor, Committee on Ways & Means: Establishing regional health promotion and disease prevention programs. Reported by Committee on Health Care

MAJORITY recommendation: Do pass with the following amendments:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature finds that the current system of health care and public health has been successful in identifying and reducing many communicable diseases that were major public health threats in years past but has not made efforts to reduce death and disability from preventable noncommunicable diseases. The leading cause of preventable death in our state is tobacco use. Washington business has provided leadership in the adult community by implementing smoke-free environments and cessation programs and Washington citizens eliminated tobacco use on public school property. However, the legislature recognizes the remaining high rate of tobacco-caused disease among ethnic minority populations, and smoking prevalence by youth and young pregnant women in our state. It is imperative that prevention efforts be developed and implemented.

The legislature acknowledges the United States surgeon general's findings that nicotine is the active drug in tobacco rendering it as addictive as heroin and cocaine. The vast majority of new smokers are teenagers or younger children. The earlier a child starts using tobacco the more likely that he or she will be unable to quit. Washington state has no organized effort to discourage children from using tobacco.

The legislature finds that access to tobacco by minors is a major problem. Youth obtain tobacco products with ease. Tobacco products that are provided free or at nominal charge are likely to fall into the hands of youth and the sale of single cigarettes are more affordable to youth. The present system of prohibiting sales of tobacco to minors has proven significantly defective. It is imperative to enforce the prohibition of sales to minors.

The legislature finds that scientific evidence demonstrates that environmental tobacco smoke causes lung cancer and is a contributor to indoor air pollution, increasing the risk of disease and disability among nonsmoking adults and children.

The most effective state, regional, and local strategy for reducing the impact of tobacco use is through the collaborative efforts of educators, business, local, state, and

tribal government officials, local health and community agencies, ethnic minority groups, law enforcement, health care providers, and concerned community and citizen groups to promote healthy lifestyles and tobacco-free environments.

NEW SECTION. Sec. 2. The purpose of this chapter is to prevent tobacco-caused disease by reducing the use of and subsequent addiction to tobacco by youth and to promote tobacco reduction programs. The legislature intends to support the development of community and state efforts to reduce the effects of tobacco use by:

- (1) Regulating the sale, distribution, and sampling of tobacco products to minors;
- (2) Conducting a state-wide advertising and public awareness campaign informing youth and their families about the negative health effects of using tobacco; and
- (3) Providing funding for prevention, education, cessation programs, and activities identified by communities that have brought together local leadership and interested citizens, to help reduce tobacco use and addiction. The department shall provide assistance and support to help communities develop and carry out effective intervention strategies and implement tobacco control programs.

NEW SECTION. Sec. 3. The definitions set forth in this section apply throughout this chapter.

- (1) "Department" means the state department of health.
- (2) "Minor" means an individual who is less than eighteen years old.
- (3) "Package" means a pack, box, or container of any kind in which a tobacco product is offered for sale, sold, or otherwise distributed.
- (4) "Person" means an individual, partnership, corporation, or other business or legal entity and includes the state or any political subdivision of the state.
- (5) "Regional program" means a program developed by two or more mutually agreed counties approved by the department to address the purposes of this chapter.
- (6) "Retailer" means a person, firm, association, company, partnership, or corporation who operates a store, stand, booth, concession, or other place at which sales are made to purchasers for consumption or use.
- (7) "Vending machine" means a machine or device designated for or used for the vending of cigarettes, cigars, tobacco, or tobacco products upon the insertion of coins, trade checks, or slugs.

NEW SECTION. Sec. 4. The department of health shall collaborate with entities within state, local, tribal, and federal governments, and public and private agencies to use available information and resources to carry out the following:

- (1) Identify and monitor the leading causes of death and disease caused by tobacco;
- (2) Identify trends, geographic areas, and population groups at risk for preventable tobacco-related disease;
- (3) Establish a culturally relevant broad public media and education campaign designed to prevent tobacco use among children, teenagers, pregnant women, and other high-risk groups;
- (4) Act as a clearinghouse for tobacco-related policy and information including referral services to cessation programs and information on effective prevention programs for health care providers, business and industry, schools, and the general public;
- (5) Evaluate, monitor, and report on the impact of tobacco use intervention efforts state-wide;
- (6) Request and receive funds, gifts, grants, or appropriations from the legislature, the federal government, or private sources to pursue the department's duties under this chapter; and
- (7) Develop, if deemed appropriate, regional health promotion and disease prevention programs that focus on minors who use tobacco.

NEW SECTION. Sec. 5. The legislature finds that a practical method of responding to health problems, including direct access to target populations, is found at the community level.

(1) The department shall, within available funds, provide grants to local communities to develop and implement coordinated tobacco intervention strategies to reduce the incidence and impact of tobacco use. Geographic boundaries for local communities shall be the same as that of local public health departments. In order to receive local community grants, communities must demonstrate a commitment to carrying out a coordinated intervention strategy plan and meet local matching requirements. Intervention strategy plans must involve the active participation by leadership from local public health, education, health care providers, tribal government, law enforcement, business and industry, labor, and other concerned citizens and community groups. In consultation with the state board of health, the department shall develop criteria by which funding allocations are determined for this section.

(2) Grant applications shall be submitted on behalf of the community by the local health department. If the local health department does not wish to participate in submission of a grant application the application may be submitted by a local organization. If a grant application is not received from a local community, the department may work with the community to develop an intervention strategy plan.

(3) Community intervention strategies shall be sensitive to cultural and ethnic differences and shall focus on at least the following:

(a) Education to school-aged children and teenagers;

(b) Strategies focused on high-risk populations;

(c) Increased local and, if deemed appropriate, regional availability of smoking and tobacco use cessation classes and programs;

(d) Distribution of cessation messages and prevention materials to high-risk groups, using local and, if deemed appropriate, regional versions of the state-wide media and marketing campaign; and

(e) Creation of local and, if deemed appropriate, regional coalitions to encourage changes in community attitudes about tobacco use.

(4) The department shall develop criteria for local and, if deemed appropriate, regional match requirements. It shall ensure that contracts for local grants maximize expenditures on developing and implementing tobacco intervention strategies. Grants shall not exceed ninety-five percent of the local tobacco intervention budgets, and the department shall make available to local intervention programs at least twenty-five percent of the total revenues authorized under this chapter. Funds designated for local intervention programs that remain unexpended may be expended on other authorized tobacco intervention strategies.

(5) Local communities and, if deemed appropriate, regions shall not supplant existing financial resources with grants issued under this chapter.

NEW SECTION. Sec. 6. Effective July 1, 1991, no tobacco product may be sold or offered for sale from a vending machine unless the machine is located:

(1) In a portion of a commercial building or industrial plant where the public is expressly prohibited and where no minor employees are usually admitted; or

(2) On any premises or portion thereof to which access by minors is expressly prohibited by law if, and only if, the tobacco vending machine is located fully within such premises from which minors are prohibited and not less than ten feet from all entrance or exit ways.

If an appropriate enforcing agency has reason to believe that a violation of this chapter has occurred, the enforcing agency shall issue an order of noncompliance to the alleged violator, informing the alleged violator that a civil action shall begin in one week if the tobacco vending machine is not removed. If after one week the tobacco vending machine has not been removed, the enforcing agency shall initiate a civil action in superior court to enforce the provisions of this chapter. If the court finds that one or more violations have occurred, the court shall award the prevailing party its costs, including reasonable attorneys' fees. The court may also enjoin future violations and

impose a civil penalty of up to one thousand dollars per violation. For purposes of this section enforcing agencies shall include state and local health departments, local fire departments or fire districts and local law enforcement.

NEW SECTION. Sec. 7. A retailer who sells cigarettes not in the original sealed unopened package upon which revenue stamps are required to be placed under RCW 82.24.030 is guilty of a gross misdemeanor.

NEW SECTION. Sec. 8. A person who gives or provides by a coupon, tobacco products to a person at no cost or at a nominal cost is guilty of a gross misdemeanor, except that a retailer whose annual gross sales from the sale of tobacco products exceeds sixty percent of annual gross sales may distribute single serving samples of tobacco to adults without violating this section.

NEW SECTION. Sec. 9. A retailer or employee who sells or permits to be sold cigarettes or other tobacco products to an individual without requesting and examining identification from the purchaser positively establishing the purchaser's age as eighteen years or greater, unless the seller has some other conclusive basis for determining the buyer is over the age of eighteen years, is guilty of a gross misdemeanor.

For purposes of this section, the purchaser shall be required to present one of the following officially issued cards of identification which shows his or her correct age and bears his or her signature and photograph:

(1) Liquor control authority card of identification of a state or a province of Canada;
 (2) Driver's license, instruction permit, or identification of a state or a province of Canada, or "identocard" issued by the Washington state department of licensing under chapter 46.20 RCW;

(3) United States active duty military identification;

(4) Passport; or

(5) Merchant marine identification card issued by the United States coast guard.

NEW SECTION. Sec. 10. No retailer may sell or permit to be sold, cigarettes or other tobacco products, unless the vending machine or other location at which the cigarettes or other tobacco products are available for purchase is posted with a notice that is clearly visible to anyone purchasing the products, and that states:

IT IS ILLEGAL TO SELL OR PERMIT TO BE SOLD A TOBACCO PRODUCT TO A PERSON UNDER THE AGE OF EIGHTEEN

The notice must be black letters at least one inch in height on a white background. The notice will be made available through the state department of licensing at the time of issuing the state license. A retailer failing to post the notice is guilty of a gross misdemeanor.

NEW SECTION. Sec. 11. The provisions of this chapter shall not preempt any ordinance or rule adopted by any political subdivisions of the state to enact rules governing the retail sale or use of tobacco products, provided that such ordinances or rules are at least as restrictive as those of applicable state law.

NEW SECTION. Sec. 12. A new section is added to chapter 43.20 RCW to read as follows:

The state board of health is authorized to adopt rules to control the retail sale of tobacco products so as to limit the purchase and use of tobacco products by minors. In doing so, prior to rule adoption the board must solicit and consider comments of tobacco product retailers.

NEW SECTION. Sec. 13. A new section is added to chapter 43.70 RCW to read as follows:

ESSB 5363 Prime Sponsor, Committee on Law & Justice: Providing for an administrative process for legal financial obligations. Reported by Committee on Human Services

MAJORITY recommendation: Do pass with the following amendments:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. "EARNINGS," "DISPOSABLE EARNINGS," AND "OBLIGEE" DEFINED. As used in this chapter, the term "earnings" means compensation paid or payable for personal services, whether denominated as wages, salary, commission, hours, or otherwise, and notwithstanding any other provision of law making such payments exempt from garnishment, attachment, or other process to satisfy court-ordered legal financial obligations, specifically includes periodic payments pursuant to pension or retirement programs, or insurance policies of any type. Earnings shall specifically include all gain derived from capital, from labor, or from both, not including profit gained through sale or conversion of capital assets. The term "disposable earnings" means that part of the earnings of any individual remaining after the deduction from those earnings of any amount required by law to be withheld. The term "obligee" means the department, party, or entity to whom the legal financial obligation is owed, or the department, party, or entity to whom the right to receive or collect support has been assigned.

Sec. 2. RCW 9.94A.145 and 1989 c 252 s 3 are each amended to read as follows:

(1) Whenever a person is convicted of a felony, the court may order the payment of a legal financial obligation as part of the sentence. The court must on either the judgment and sentence or on a subsequent order to pay, designate the total amount of a legal financial obligation and segregate this amount among the separate assessments made for restitution, costs~~(---)~~, fines, and other assessments required by law. On the same order, the court is also to set a sum that the offender is required to pay on a monthly basis towards satisfying the legal financial obligation. If the court fails to set the offender monthly payment amount, the department shall set the amount. Upon receipt of an offender's monthly payment, after restitution is satisfied, the county clerk shall distribute the payment proportionally among all other fines, costs, and assessments imposed, unless otherwise ordered by the court.

(2) If the court determines that the offender, at the time of sentencing, has the means to pay for the cost of incarceration, the court may require the offender to pay for the cost of incarceration at a rate of fifty dollars per day of incarceration. Payment of other court-ordered financial obligations, including all legal financial obligations and costs of supervision shall take precedence over the payment of the cost of incarceration ordered by the court. All funds recovered from offenders for the cost of incarceration in the county jail shall be remitted to the county and the costs of incarceration in a prison shall be remitted to the department of corrections.

(3) The court may add to the judgment and sentence or subsequent order to pay a statement that a notice of payroll deduction is to be immediately issued. If the court chooses not to order the immediate issuance of a notice of payroll deduction at sentencing, the court shall add to the judgment and sentence or subsequent order to pay a statement that a notice of payroll deduction may be issued or other income-withholding action may be taken, without further notice to the offender if a monthly court-ordered legal financial obligation payment is not paid when due, and an amount equal to or greater than the amount payable for one month is owed.

If a judgment and sentence or subsequent order to pay does not include the statement that a notice of payroll deduction may be issued or other income-withholding action may be taken if a monthly legal financial obligation payment is past due, the department may serve a notice on the offender stating such requirements and

authorizations. Service shall be by personal service or any form of mail requiring a return receipt.

~~((4))~~ (4) All legal financial obligations that are ordered as a result of a conviction for a felony, may also be enforced in the same manner as a judgment in a civil action by the party or entity to whom the legal financial obligation is owed. These obligations may be enforced at any time during the ten-year period following the offender's release from total confinement or within ten years of entry of the judgment and sentence, whichever period is longer. Independent of the department, the party or entity to whom the legal financial obligation is owed shall have the authority to utilize any other remedies available to the party or entity to collect the legal financial obligation.

~~((3))~~ (5) In order to assist the court in setting a monthly sum that the offender must pay during the period of supervision, the offender is required to report to the department for purposes of preparing a recommendation to the court. When reporting, the offender is required, under oath, to truthfully and honestly respond to all questions concerning present, past, and future earning capabilities and the location and nature of all property or financial assets. The offender is further required to bring any and all documents as requested by the department.

~~((4))~~ (6) After completing the investigation, the department shall make a report to the court on the amount of the monthly payment that the offender should be required to make towards a satisfied legal financial obligation.

~~((5))~~ (7) During the period of supervision, the department may make a recommendation to the court that the offender's monthly payment schedule be modified so as to reflect a change in financial circumstances. If the department sets the monthly payment amount, the department may modify the monthly payment amount without the matter being returned to the court. Also, during the period of supervision, the offender may be required at the request of the department to report to the department for the purposes of reviewing the appropriateness of the collection schedule for the legal financial obligation. During this reporting, the offender is required under oath to truthfully and honestly respond to all questions concerning earning capabilities and the location and nature of all property or financial assets. Also, the offender is required to bring any and all documents as requested by the department in order to prepare the collection schedule.

~~((6))~~ (8) After the judgment and sentence or payment order is entered, the department shall for any period of supervision be authorized to collect the legal financial obligation from the offender. Any amount collected by the department shall be remitted daily to the county clerk for the purposes of disbursements. The department is authorized to accept credit cards as payment for a legal financial obligation, and any costs incurred related to accepting credit card payments shall be the responsibility of the offender.

~~((7))~~ (9) The department or any obligee of the legal financial obligation may seek a mandatory wage assignment for the purposes of obtaining satisfaction for the legal financial obligation pursuant to RCW 9.94A.2001.

~~((8))~~ (10) The requirement that the offender pay a monthly sum towards a legal financial obligation constitutes a condition ~~((and term of community supervision))~~ or requirement of a sentence and the offender is subject to the penalties as provided in RCW 9.94A.200 for noncompliance.

~~((9))~~ (11) The county clerk shall provide the department with individualized monthly billings for each offender with an unsatisfied legal financial obligation and shall provide the department with ~~((written))~~ notice of payments by such offenders no less frequently than weekly.

NEW SECTION. Sec. 3. LEGAL FINANCIAL OBLIGATION--NOTICE OF PAYROLL DEDUCTION--ISSUANCE AND CONTENT. (1) The department may issue a notice of payroll deduction in a criminal action if:

(a) The court at sentencing orders its immediate issuance; or

(b) The offender is more than thirty days past due in monthly payments in an amount equal to or greater than the amount payable for one month, provided:

(i) The judgment and sentence or subsequent order to pay contains a statement that a notice of payroll deduction may be issued without further notice to the offender; or

(ii) The department has served a notice on the offender stating such requirements and authorization. Service of such notice shall be made by personal service or any form of mail requiring a return receipt.

(2) The notice of payroll deduction is to be in writing and include:

(a) The name, social security number, and identifying court case number of the offender/employee;

(b) The amount to be deducted from the offender/employee's disposable earnings each month, or alternative amounts and frequencies as may be necessary to facilitate processing of the payroll deduction by the employer;

(c) A statement that the total amount withheld on all payroll deduction notices for payment of court-ordered legal financial obligations combined shall not exceed twenty-five percent of the offender/employee's disposable earnings; and

(d) The address to which the payments are to be mailed or delivered.

(3) An informational copy of the notice of payroll deduction shall be mailed to the offender's last known address by regular mail or shall be personally served.

(4) Neither the department nor any agents of the department shall be held liable for actions taken under RCW 9.94A.145 and sections 1 and 3 through 11 of this act.

NEW SECTION. Sec. 4. LEGAL FINANCIAL OBLIGATIONS--NOTICE OF PAYROLL DEDUCTION--AMOUNTS TO BE WITHHELD. (1) The total amount to be withheld from the offender/employee's earnings each month, or from each earnings disbursement, shall not exceed twenty-five percent of the disposable earnings of the offender.

(2) If the offender is subject to two or more notices of payroll deduction for payment of a court-ordered legal financial obligation from different obligees, the employer or entity shall, if the nonexempt portion of the offender's earnings is not sufficient to respond fully to all notices of payroll deduction, apportion the offender's nonexempt disposable earnings between or among the various obligees equally.

NEW SECTION. Sec. 5. LEGAL FINANCIAL OBLIGATIONS--NOTICE OF PAYROLL DEDUCTION--EMPLOYER OR ENTITY RESPONSIBILITIES. (1) An employer or entity upon whom a notice of payroll deduction is served, shall make an answer to the department within twenty days after the date of service. The answer shall confirm compliance and institution of the payroll deduction or explain the circumstances if no payroll deduction is in effect. The answer shall also state whether the offender is employed by or receives earnings from the employer or entity, whether the employer or entity anticipates paying earnings, and the amount of earnings. If the offender is no longer employed, or receiving earnings from the employer or entity, the answer shall state the present employer or entity's name and address, if known.

(2) Service of a notice of payroll deduction upon an employer or entity requires an employer or entity to immediately make a mandatory payroll deduction from the offender/employee's unpaid disposable earnings. The employer or entity shall thereafter at each pay period deduct the amount stated in the notice divided by the number of pay periods per month. The employer or entity must remit the proper amounts to the appropriate clerk of the court on each date the offender/employee is due to be paid.

(3) The employer or entity may combine amounts withheld from the earnings of more than one employee in a single payment to the clerk of the court, listing separately the amount of the payment that is attributable to each individual employee.

(4) The employer or entity may deduct a processing fee from the remainder of the employee's earnings after withholding under the notice of payroll deduction, even if the remainder is exempt under section 11 of this act. The processing fee may not exceed:

(a) Ten dollars for the first disbursement made by the employer to the clerk of the court; and

(b) One dollar for each subsequent disbursement made under the notice of payroll deduction.

(5) The notice of payroll deduction shall remain in effect until released by the department or the court enters an order terminating the notice.

(6) An employer shall be liable to the obligee for the amount of court-ordered legal financial obligation moneys that should have been withheld from the offender/employee's earnings, if the employer:

(a) Fails or refuses, after being served with a notice of payroll deduction, to deduct and promptly remit from unpaid earnings the amounts of money required in the notice; or

(b) Fails or refuses to submit an answer to the notice of payroll deduction after being served. In such cases, liability may be established in superior court. Awards in superior court shall include costs, interest under RCW 19.52.020 and 4.56.110, reasonable attorney fees, and staff costs as part of the award.

(7) No employer who complies with a notice of payroll deduction under this chapter may be liable to the employee for wrongful withholding.

(8) No employer may discipline or discharge an employee or refuse to hire a person by reason of an action authorized in this chapter. If an employer disciplines or discharges an employee or refuses to hire a person in violation of this section, the employee or person shall have a cause of action against the employer. The employer shall be liable for double the amount of lost wages and any other damages suffered as a result of the violation and for costs and reasonable attorney fees, and shall be subject to a civil penalty of not more than two thousand five hundred dollars for each violation. The employer may also be ordered to hire, rehire, or reinstate the aggrieved individual.

NEW SECTION. Sec. 6. MOTION TO QUASH, MODIFY, OR TERMINATE PAYROLL DEDUCTION--GROUNDS FOR RELIEF. (1) The offender subject to a payroll deduction under this chapter, may file a motion in superior court to quash, modify, or terminate the payroll deduction. The court may grant relief if:

(a) It is demonstrated that the payroll deduction causes extreme hardship or substantial injustice; or

(b) In cases where the court did not immediately order the issuance of a notice of payroll deduction at sentencing, that a court-ordered legal financial obligation payment was not more than thirty days past due in an amount equal to or greater than the amount payable for one month.

(2) Satisfactions by the offender of all past-due payments subsequent to the issuance of the notice of payroll deduction is not grounds to quash, modify, or terminate the notice of payroll deduction. If a notice of payroll deduction has been in operation for twelve consecutive months and the offender's payment towards a court-ordered legal financial obligation is current, upon motion of the offender, the court may order the department to terminate the payroll deduction, unless the department can show good cause as to why the notice of payroll deduction should remain in effect.

NEW SECTION. Sec. 7. LEGAL FINANCIAL OBLIGATIONS--ORDER TO WITHHOLD AND DELIVER--ISSUE AND CONTENTS. (1) The department may issue to any person or entity an order to withhold and deliver property of any kind, including but not restricted to, earnings that are due, owing, or belonging to the offender, if the department has reason to believe that there is in the possession of such person or entity, property that is due, owing, or belonging to the offender. Such order to withhold and deliver may be issued when a court-ordered legal financial obligation payment is past due:

(a) If an offender's judgment and sentence or a subsequent order to pay includes a statement that other income-withholding action under this chapter may be taken without further notice to the offender.

(b) If a judgment and sentence or a subsequent order to pay does not include the statement that other income-withholding action under this chapter may be taken without further notice to the offender but the department has served a notice on the offender stating such requirements and authorizations. The service shall have been made by personal service or any form of mail requiring a return receipt.

The copy of the order shall be mailed or served together with an explanation of the right to petition for judicial review. If the copy is not mailed or served as this section provides, or if any irregularity appears with respect to the mailing or service, the superior court, in its discretion on motion of the offender promptly made and supported by affidavit showing that the offender has suffered substantial injury due to the failure to mail the copy, may set aside the order to withhold and deliver.

NEW SECTION. Sec. 8. LEGAL FINANCIAL OBLIGATIONS--ORDER TO WITHHOLD AND DELIVER--DUTIES OF PERSON OR ENTITY SERVED. (1) A person or entity upon whom service has been made is hereby required to:

(4) Delivery to the appropriate clerk of the court of the money or other property held or claimed shall satisfy the requirement and serve as full acquittance of the order to withhold and deliver.

(5) The person or entity required to withhold and deliver the earnings of a debtor under this action may deduct a processing fee from the remainder of the offender's earnings, even if the remainder would otherwise be exempt under section 11 of this act. The processing fee may not exceed:

- (a) Ten dollars for the first disbursement to the appropriate clerk of the court; and
- (b) One dollar for each subsequent disbursement.

(6) A person or entity shall be liable to the obligee in an amount equal to one hundred percent of the value of the court-ordered legal financial obligation that is the basis of the order to withhold and deliver, or the amount that should have been withheld, whichever amount is less, together with costs, interest, and reasonable attorneys' fees if that person or entity fails or refuses to deliver property under the order.

The department is authorized to issue a notice of debt pursuant to and to take appropriate action to collect the debt under this chapter if a judgment has been entered as the result of an action by the court against a person or entity based on a violation of this section.

(7) Persons or entities delivering money or property to the appropriate clerk of the court under this chapter shall not be held liable for wrongful delivery.

(5) The notice of debt will take effect only if the offender's monthly court-ordered legal financial obligation payment is not paid when due, and an amount equal to or greater than the amount payable for one month is owned.

(6) The department shall not be required to issue or serve the notice of debt in order to enforce and collect a court-ordered legal financial obligation debt through either a notice of payroll deduction or an order to withhold and deliver if either the offender's judgment and sentence or a subsequent order to pay includes a statement that income-withholding action under this chapter may be taken without further notice to the offender.

MAJORITY recommendation: Do pass with the following amendments: Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. (1) The legislature finds that:

(a) Floods pose threats to public health and safety including loss or endangerment to human life; damage to homes; damage to public roads, highways, bridges, and utilities; interruption of travel, communication, and commerce; damage to private and public property; degradation of water quality; damage to fisheries, fish hatcheries, and fish habitat; harm to livestock; destruction or degradation of environmentally sensitive areas;

(c) Many land uses alter the pattern of runoff by decreasing the ability of upstream lands to store waters, thus increasing the rate of runoff and attendant downstream impacts; and

(d) Prevention of flood damage requires a comprehensive approach, incorporating storm water management and basin-wide flood damage protection planning.

(2) It is the intent of the legislature to develop a coordinated and comprehensive state policy to address the problems of flooding and the minimization of flood damage.

NEW SECTION. Sec. 2. A new section is added to chapter 90.03 RCW to read as follows:

(1) A person unlawfully diverting, impounding, or altering the natural flow of surface waters or water flowing in a natural watercourse shall be liable in an action for property damages to a person whose property is damaged by such unlawful diversion, impoundment, or alteration. Such person shall not be liable under this section where the action was taken in compliance with a permit issued by a state agency or local government.

(2) For purposes of this section, "natural watercourse" means a channel with a defined bed and banks or a depression or swale that in its natural condition acts to drain water flowing perennially or intermittently.

(3) This section shall not apply to the diversion and collection of water for irrigation of agricultural lands, including the discharge of used irrigation water.

(4) This section shall apply only to actions taken subsequent to the effective date of this act.

Sec. 3. RCW 36.70A.150 and 1990 1st ex.s. c 17 s 15 are each amended to read as follows:

The county shall work with the state and the cities within its borders to identify areas of shared need for public facilities. The jurisdictions within the county shall prepare a prioritized list of lands necessary for the identified public uses including an estimated date by which the acquisition will be needed.

The respective capital acquisition budgets for each jurisdiction shall reflect the jointly agreed upon priorities and time schedule.

Sec. 4. RCW 82.02.090 and 1990 1st ex.s. c 17 s 48 are each amended to read as follows:

Unless the context clearly requires otherwise, the following definitions shall apply in RCW 82.02.050 through 82.02.090:

(1) "Development activity" means any construction or expansion of a building, structure, or use, any change in use of a building or structure, or any changes in the use of land, that creates additional demand and need for public facilities.

(2) "Development approval" means any written authorization from a county, city, or town which authorizes the commencement of development activity.

(3) "Impact fee" means a payment of money imposed upon development as a condition of development approval to pay for public facilities needed to serve new growth and development, and that is reasonably related to the new development that creates additional demand and need for public facilities, that is a proportionate share of the cost of the public facilities, and that is used for facilities that reasonably benefit the new development. "Impact fee" does not include a reasonable permit or application fee.

(4) "Owner" means the owner of record of real property, although when real property is being purchased under a real estate contract, the purchaser shall be considered the owner of the real property if the contract is recorded.

(5) "Proportionate share" means that portion of the cost of public facility improvements that are reasonably related to the service demands and needs of new development.

(6) "Project improvements" mean site improvements and facilities that are planned and designed to provide service for a particular development project and that are necessary for the use and convenience of the occupants or users of the project, and are not system improvements. No improvement or facility included in a capital facilities plan approved by the governing body of the county, city, or town shall be considered a project improvement.

(7) "Public facilities" means the following capital facilities owned or operated by government entities: (a) Public streets and roads; (b) publicly owned parks, open space, and recreation facilities; (c) storm water management facilities; (d) school facilities; and ~~((d))~~ (e) fire protection facilities in jurisdictions that are not part of a fire district.

(8) "Service area" means a geographic area defined by a county, city, town, or intergovernmental agreement in which a defined set of public facilities provide service to development within the area. Service areas shall be designated on the basis of sound planning or engineering principles.

(9) "System improvements" mean public facilities that are included in the capital facilities plan and are designed to provide service to service areas within the community at large, in contrast to project improvements.

NEW SECTION. Sec. 5. A new section is added to chapter 36.70A RCW to read as follows:

Within one year of the adoption of comprehensive plans by jurisdictions required to plan or who choose to plan under RCW 36.70A.040, such jurisdictions shall adopt ordinances that require the provision of storm water management facilities concurrently with development approval and that meet the standards for level of service provided in the comprehensive plan.

Sec. 6. RCW 36.70A.070 and 1990 1st ex.s. c 17 s 7 are each amended to read as follows:

The comprehensive plan of a county or city that is required or chooses to plan under RCW 36.70A.040 shall consist of a map or maps, and descriptive text covering objectives, principles, and standards used to develop the comprehensive plan. The plan shall be an internally consistent document and all elements shall be consistent with the future land use map. A comprehensive plan shall be adopted and amended with public participation as provided in RCW 36.70A.140.

Each comprehensive plan shall include a plan, scheme, or design for each of the following:

(1) A land use element designating the proposed general distribution and general location and extent of the uses of land, where appropriate, for agriculture, timber production, housing, commerce, industry, recreation, open spaces, public utilities, public facilities, and other land uses. The land use element shall include population densities, building intensities, and estimates of future population growth. The land use element shall provide for protection of the quality and quantity of ground water used for public water supplies. Where applicable, the land use element shall review drainage, flooding, and storm water run-off in the area and nearby jurisdictions and provide guidance for corrective actions to mitigate or cleanse those discharges that pollute waters of the state, including Puget Sound or waters entering Puget Sound. Where applicable the land use element shall incorporate storm water management programs adopted pursuant to the Puget Sound water quality management plan required under RCW 90.70.060.

(2) A housing element recognizing the vitality and character of established residential neighborhoods that: (a) Includes an inventory and analysis of existing and projected housing needs; (b) includes a statement of goals, policies, and objectives for the preservation, improvement, and development of housing; (c) identifies sufficient land for housing, including, but not limited to, government-assisted housing, housing for low-income families, manufactured housing, multifamily housing, and group homes and foster care facilities; and (d) makes adequate provisions for existing and projected needs of all economic segments of the community.

(3) A capital facilities plan element consisting of: (a) An inventory of existing capital facilities owned by public entities, showing the locations and capacities of the capital facilities; (b) a forecast of the future needs for such capital facilities; (c) the proposed locations and capacities of expanded or new capital facilities; (d) at least a six-year plan that will finance such capital facilities within projected funding capacities and clearly identifies sources of public money for such purposes; and (e) a requirement to reassess the land use element if probable funding falls short of meeting existing needs and to ensure that the land use element, capital facilities plan element, and financing plan within the capital facilities plan element are coordinated and consistent.

(4) A utilities element consisting of the general location, proposed location, and capacity of all existing and proposed utilities, including, but not limited to, electrical lines, telecommunication lines, and natural gas lines.

(5) Counties shall include a rural element including lands that are not designated for urban growth, agriculture, forest, or mineral resources. The rural element shall permit land uses that are compatible with the rural character of such lands and provide for a variety of rural densities.

(6) A transportation element that implements, and is consistent with, the land use element. The transportation element shall include the following subelements:

(a) Land use assumptions used in estimating travel;

(b) Facilities and services needs, including:

(i) An inventory of air, water, and land transportation facilities and services, including transit alignments, to define existing capital facilities and travel levels as a basis for future planning;

(ii) Level of service standards for all arterials and transit routes to serve as a gauge to judge performance of the system. These standards should be regionally coordinated;

(iii) Specific actions and requirements for bringing into compliance any facilities or services that are below an established level of service standard;

(iv) Forecasts of traffic for at least ten years based on the adopted land use plan to provide information on the location, timing, and capacity needs of future growth;

(v) Identification of system expansion needs and transportation system management needs to meet current and future demands;

(c) Finance, including:

(i) An analysis of funding capability to judge needs against probable funding resources;

(ii) A multiyear financing plan based on the needs identified in the comprehensive plan, the appropriate parts of which shall serve as the basis for the six-year street, road, or transit program required by RCW 35.77.010 for cities, RCW 36.81.121 for counties, and RCW 35.58.2795 for public transportation systems;

(iii) If probable funding falls short of meeting identified needs, a discussion of how additional funding will be raised, or how land use assumptions will be reassessed to ensure that level of service standards will be met;

(d) Intergovernmental coordination efforts, including an assessment of the impacts of the transportation plan and land use assumptions on the transportation systems of adjacent jurisdictions;

(e) Demand-management strategies.

After adoption of the comprehensive plan by jurisdictions required to plan or who choose to plan under RCW 36.70A.040, local jurisdictions must adopt and enforce ordinances which prohibit development approval if the development causes the level of service on a transportation facility to decline below the standards adopted in the transportation element of the comprehensive plan, unless transportation improvements or strategies to accommodate the impacts of development are made concurrent with the development. These strategies may include increased public transportation service, ride sharing programs, demand management, and other transportation systems management strategies. For the purposes of this ~~((subsection (6)))~~ section "concurrent with the development" shall mean that improvements or strategies are in place at the time of development, or that a financial commitment is in place to complete the improvements or strategies within six years.

The transportation element described in this subsection, and the six-year plans required by RCW 35.77.010 for cities, RCW 36.81.121 for counties, and RCW 35.58.2795 for public transportation systems, must be consistent.

(7) The land use, capital facilities, and transportation elements of comprehensive plans shall incorporate and be consistent with applicable provisions of watershed management plans adopted pursuant to the Puget Sound water quality management plan.

NEW SECTION. Sec. 7. The purpose of sections 7 through 18 of this act is to permit counties to adopt a comprehensive system of flood control management and protection within drainage basins and to coordinate the flood control activities of the state, counties, cities, towns, and special districts within such drainage basins.

NEW SECTION. Sec. 8. A new section is added to chapter 86.12 RCW to read as follows:

The county legislative authority of any county may adopt a comprehensive flood control management plan for any drainage basin that is located wholly or partially within the county.

A comprehensive flood control management plan shall include the following elements:

(1) Designation of areas that are susceptible to periodic flooding, from inundation by bodies of water or surface water runoff, or both, including the river's meander belt or floodway;

(2) Establishment of a comprehensive scheme of flood control protection and improvements for the areas that are subject to such periodic flooding, that includes: (a) Determining the need for, and desirable location of, flood control improvements to protect or preclude flood damage to structures, works, and improvements, based upon a cost/benefit ratio between the expense of providing and maintaining these improvements and the benefits arising from these improvements; (b) establishing the level of flood protection that each portion of the system of flood control improvements will be permitted; (c) identifying alternatives to in-stream flood control work; (d) identifying areas where flood waters could be directed during a flood to avoid damage to buildings and other structures; and (e) identifying sources of revenue that will be sufficient to finance the comprehensive scheme of flood control protection and improvements;

(3) Establishing land use regulations that preclude the location of structures, works, or improvements in critical portions of such areas subject to periodic flooding, including a river's meander belt or floodway, and permitting only flood-compatible land uses in such areas;

(4) Establishing restrictions on construction activities in areas subject to periodic floods that require the flood proofing of those structures that are permitted to be constructed or remodeled; and

(5) Establishing restrictions on land clearing activities and development practices that exacerbate flood problems by increasing the flow or accumulation of flood waters,

or the intensity of drainage, on low-lying areas. Land clearing activities do not include forest practices as defined in chapter 76.09 RCW.

A comprehensive flood control management plan shall be subject to the minimum requirements for participation in the national flood insurance program, requirements exceeding the minimum national flood insurance program that have been adopted by the department of ecology for a specific flood plain pursuant to RCW 86.16.031, and rules adopted by the department of ecology pursuant to RCW 86.26.050 relating to flood plain management activities. When a county plans under chapter 36.70A RCW, it may incorporate the portion of its comprehensive flood control management plan relating to land use restrictions in its comprehensive plan and development regulations adopted pursuant to chapter 36.70A RCW.

NEW SECTION. Sec. 9. A new section is added to chapter 86.12 RCW to read as follows:

A comprehensive flood control management plan that includes an area within which a city or town, or a special district subject to chapter 85.38 RCW, is located shall be developed by the county with the participation of officials from the city, town, or special district, including conservation districts, and appropriate state and federal agencies. Where a comprehensive flood control management plan is being prepared for a river that is part of the common boundary between two counties, the county legislative authority of the county preparing the plan may allow participation by officials of the adjacently located county.

A comprehensive flood control management plan shall be binding on each city, town, and special district that is located within an area included in the plan, except that the land use regulations and restrictions on construction activities contained in a comprehensive flood control management plan applicable to a city or town shall be minimum standards that the city or town may exceed.

NEW SECTION. Sec. 10. A new section is added to chapter 86.12 RCW to read as follows:

A county may create one or more advisory committees to assist in the development of proposed comprehensive flood control management plans and to provide general advice on flood problems. The advisory committees may include city and town officials, officials of special districts subject to chapter 85.38 RCW, conservation districts, appropriate state and federal officials, and officials of other counties and other interested persons.

Sec. 11. RCW 86.26.050 and 1988 c 36 s 64 are each amended to read as follows:

(1) State participation shall be in such preparation of comprehensive flood control management plans under this chapter and chapter 86.12 RCW, cost sharing feasibility studies for new flood control projects, and flood control maintenance projects as are affected with a general public and state interest, as differentiated from a private interest, and as are likely to bring about public benefits commensurate with the amount of state funds allocated thereto.

(2) No participation for flood control maintenance projects may occur with a county or other municipal corporation unless the director of ecology has approved the flood plain management activities of the county, city, or town having planning jurisdiction over the area where the flood control maintenance project will be, on the one hundred year flood plain surrounding such area.

The department of ecology shall adopt rules concerning the flood plain management activities of a county, city, or town that are adequate to protect or preclude flood damage to structures, works, and improvements, including the restriction of land uses within a river's meander belt or floodway to only flood-compatible uses. Whenever the department has approved county, city, and town flood plain management activities, as a condition of receiving an allocation of funds under this chapter, each revision to the flood

plain management activities must be approved by the department of ecology, in consultation with the department of fisheries and the department of wildlife.

No participation with a county or other municipal corporation for flood control maintenance projects may occur unless the county engineer of the county within which the flood control maintenance project is located certifies that a comprehensive flood control management plan has been completed and adopted by the appropriate local authority, or is being prepared for all portions of the river basin or other area, within which the project is located in that county, that are subject to flooding with a frequency of one hundred years or less.

(3) Participation for flood control maintenance projects and preparation of comprehensive flood control management plans shall be made from grants made by the department of ecology from the flood control assistance account. Comprehensive flood control management plans, and any revisions to the plans, must be approved by the department of ecology, in consultation with the department of fisheries and the department of wildlife. The department may only grant financial assistance to local governments that, in the opinion of the department, are making good faith efforts to take advantage of, or comply with, federal and state flood control programs.

Sec. 12. RCW 86.26.090 and 1984 c 212 s 7 are each amended to read as follows:

The state shall participate with eligible local authorities in maintaining and restoring the normal and reasonably stable river and stream channel alignment and the normal and reasonably stable river and stream channel capacity for carrying off flood waters with a minimum of damage from bank erosion or overflow of adjacent lands and property; and in restoring, maintaining and repairing natural conditions, works and structures for the maintenance of such conditions. State participation in the repair of flood control facilities may include the enhancement of such facilities. The state shall likewise participate in the restoration and maintenance of natural conditions, works or structures for the protection of lands and other property from inundation or other damage by the sea or other bodies of water. Funds from the flood control assistance account shall not be available for maintenance of works or structures maintained solely for the detention or storage of flood waters.

Sec. 13. RCW 86.26.100 and 1986 c 46 s 4 are each amended to read as follows:

State participation in the cost of any flood control maintenance project shall be provided for by a written memorandum agreement between the director of ecology and the legislative authority of the county submitting the request, which agreement, among other things, shall state the estimated cost and the percentage thereof to be borne by the state. In no instance, except on emergency projects, shall the state's share exceed one-half the cost of the project, to include project planning and design. Grants for cost sharing feasibility studies for new flood control projects shall not exceed fifty percent of the matching funds that are required by the federal government, and shall not exceed twenty-five percent of the total costs of the feasibility study. However, grants to prepare a comprehensive flood control management plan required under RCW 86.26.050 shall not exceed seventy-five percent of the full planning costs, but not to exceed amounts for either purpose specified in rule and regulation by the department of ecology.

NEW SECTION. Sec. 14. A new section is added to chapter 86.15 RCW to read as follows:

A board may not establish a zone including an area located in another zone unless this area is removed from the other zone, or the other zone is dissolved, as part of the action creating the new zone.

Sec. 15. RCW 86.15.178 and 1983 c 315 s 23 and 1983 c 167 s 212 are each reenacted to read as follows:

(1) The supervisors may authorize the issuance of revenue bonds to finance any flood control improvement or storm water control improvement. The bonds may be issued by the supervisors in the same manner as prescribed in RCW 36.67.510 through

36.67.570 pertaining to counties. The bonds shall be issued on behalf of the zone or participating zones when the improvement has by the resolution, provided in RCW 86.15.110, been found to be of benefit to a zone or participating zones. The bonds may be in any form, including bearer bonds or registered bonds.

Each revenue bond shall state on its face that it is payable from a special fund, naming the fund and the resolution creating the fund.

Revenue bond principal, interest, and all other related necessary expenses shall be payable only out of the appropriate special fund.

A zone or participating zones shall have a lien for delinquent service charges, including interest thereon, against the premises benefited by a flood control improvement or storm water control improvement, which lien shall be superior to all other liens and encumbrances except general taxes and local and special assessments. The lien shall be effective and shall be enforced and foreclosed in the same manner as provided for sewerage liens of cities and towns by RCW 35.67.200 through 35.67.290.

(2) Notwithstanding subsection (1) of this section, such bonds may be issued and sold in accordance with chapter 39.46 RCW.

Sec. 16. RCW 86.16.110 and 1987 c 109 s 23 are each reenacted and amended to read as follows:

Any person, association, or corporation, public, municipal, or private, feeling aggrieved at any order, decision, or determination of the department or director pursuant to this chapter, affecting his or her interest, may have the same reviewed pursuant to RCW 43.21B.310.

NEW SECTION. Sec. 17. The department of fisheries and the department of wildlife shall process hydraulic project applications submitted under RCW 75.20.100 or 75.20.103 within thirty days of receipt of the application. This requirement is only applicable for the repair and reconstruction of legally constructed dikes, seawalls, and other flood control structures damaged as a result of flooding or windstorms that occurred in November and December 1990.

NEW SECTION. Sec. 18. The following acts or parts of acts are each repealed:

(1) RCW 86.15.040 and 1961 c 153 s 4;

The comprehensive emergency management plan shall direct the department in times of state emergency to administer and manage the state's emergency operations center. This will include representation from all appropriate state agencies and be available as a single point of contact for the authorizing of state resources or actions, including emergency permits. The comprehensive, all-hazard emergency plan authorized under this subsection may not include preparation for emergency evacuation or relocation of residents in anticipation of nuclear attack. This plan shall be known as the comprehensive emergency management plan.

(4) In accordance with the comprehensive emergency management plans and the programs for the emergency management of this state, the director shall procure supplies and equipment, institute training programs and public information programs, and shall take all other preparatory steps, including the partial or full mobilization of emergency management organizations in advance of actual disaster, to insure the furnishing of adequately trained and equipped forces of emergency management personnel in time of need.

The department of fisheries, the department of wildlife, the department of ecology, and the department of natural resources shall jointly develop an informational brochure that describes when permits and any other authorizations are required for flood damage prevention and reduction projects, and recommends ways to best proceed through the various regulatory permitting processes.

NEW SECTION. Sec. 27. (1) This section shall apply only to projects:

(a) Needed to repair damage done by the November or December 1990, flood events, or remove accumulated debris and gravel that significantly contributed to flooding during the November and December 1990, flood events; and

(b) That are not a substantial development as defined in chapter 90.58 RCW; and

(4) "Deception" occurs when an actor knowingly:

(a) Creates or confirms another's false impression which the actor knows to be false; or

(b) Fails to correct another's impression which the actor previously has created or confirmed; or

SSB 5456 Prime Sponsor, Committee on Higher Education: Modifying tenure at community colleges. Reported by Committee on Higher Education

MAJORITY recommendation: Do pass with the following amendments:
Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. Improving the quality of instruction at our state institutions of higher education is a priority of the legislature. Recently, many efforts have been made by the legislature, the colleges, and the higher education coordinating board to assess and improve the quality of instruction received by students at our state institutions. It is the intent of the legislature that, in conjunction with these various efforts, the process for the award of faculty tenure at community colleges should allow for a thorough review of the performance of faculty appointees prior to the granting of tenure.

Sec. 2. RCW 28B.50.851 and 1988 c 32 s 2 are each amended to read as follows:
As used in RCW 28B.50.850 through 28B.50.869:

(1) "Tenure" shall mean a faculty appointment for an indefinite period of time which may be revoked only for adequate cause and by due process;

(2) (a) "Faculty appointment", except as otherwise provided in subsection (2)(b) below, shall mean full time employment as a teacher, counselor, librarian or other position for which the training, experience and responsibilities are comparable as determined by the appointing authority, except administrative appointments; "faculty appointment" shall also mean department heads, division heads and administrators to the extent that such department heads, division heads or administrators have had or do have status as a teacher, counselor, or librarian; faculty appointment shall also mean employment on a reduced work load basis when a faculty member has retained tenure under RCW 28B.50.859;

(b) "Faculty appointment" shall not mean special faculty appointment as a teacher, counselor, librarian, or other position as enumerated in subsection (2)(a) of this section, when such employment results from special funds provided to a community college district from federal moneys or other special funds which other funds are designated as "special funds" by the state board for community college education: PROVIDED, That such "special funds" so designated by the state board for purposes of this section shall apply only to teachers, counselors and librarians hired from grants and service agreements and teachers, counselors and librarians hired in nonformula positions. A special faculty appointment resulting from such special financing may be terminated upon a reduction or elimination of funding or a reduction or elimination of program: PROVIDED FURTHER, That "faculty appointees" holding faculty appointments pursuant to subsections (1) or (2) (a) who have been subsequently transferred to positions financed from "special funds" pursuant to subsection (2) (b) and who thereafter lose their positions upon reduction or elimination of such "special funding" shall be entitled to be returned to previous status as faculty appointees pursuant to subsection (1) or (2) (a) depending upon their status prior to the "special funding" transfer. Notwithstanding the fact that tenure shall not be granted to anyone holding a special faculty appointment, the termination of any such faculty appointment prior to the expiration of the term of such faculty member's individual contract for any cause which is not related to elimination or

reduction of financing or the elimination or reduction of program shall be considered a termination for cause subject to the provisions of this chapter;

(3) "Probationary faculty appointment" shall mean a faculty appointment for a designated period of time which may be terminated without cause upon expiration of the probationer's terms of employment;

(4) "Probationer" shall mean an individual holding a probationary faculty appointment;

(5) "Administrative appointment" shall mean employment in a specific administrative position as determined by the appointing authority;

(6) "Appointing authority" shall mean the board of trustees of a community college district;

(7) "Review committee" shall mean a committee composed of the probationer's faculty peers or tenured faculty member's peers, a student representative, and the administrative staff of the community college: PROVIDED, That the majority of the committee shall consist of the probationer's faculty peers or tenured faculty member's peers.

Sec. 3. RCW 28B.50.852 and 1969 ex.s. c 283 s 34 are each amended to read as follows:

The appointing authority shall promulgate rules and regulations implementing RCW 28B.50.850 through 28B.50.869 and shall provide for the award of faculty tenure following a probationary period not to exceed ~~((three consecutive regular college years))~~ nine consecutive college quarters, excluding summer quarter and approved leaves of absence: PROVIDED, That tenure may be awarded at any time as may be determined by the appointing authority after it has given reasonable consideration to the recommendations of the review committee. Upon formal recommendation of the review committee and with the written consent of the probationary faculty member, the appointing authority may extend its probationary period for one, two, or three quarters, excluding summer quarter, beyond the maximum probationary period established herein. No such extension shall be made, however, unless the review committee's recommendation is based on its belief that the probationary faculty member needs additional time to complete satisfactorily a professional improvement plan already in progress and in the committee's further belief that the probationary faculty member will complete the plan satisfactorily. At the conclusion of any such extension, the appointing authority may award tenure unless the probationary faculty member has, in the judgment of the committee, failed to complete the professional improvement plan satisfactorily.

Sec. 4. RCW 28B.50.857 and 1969 ex.s. c 283 s 37 are each amended to read as follows:

Upon the decision not to renew a probationary faculty appointment, the appointing authority shall notify the probationer of such decision as soon as possible during the regular college year: PROVIDED, That such notice may not be given ~~((subsequent to the last day of the winter quarter))~~ later than one complete quarter, except summer quarter, before the expiration of the probationary faculty appointment.

NEW SECTION. Sec. 5. A new section is added to chapter 28B.50 RCW to read as follows:

(1) The effectiveness and performance of each tenured faculty member of a community college shall be reviewed and formally evaluated by a review committee at least once every fifteen regular college quarters in which the tenured faculty member is employed by the community college. The size, composition, and duties of the review committee defined in RCW 28B.50.851(7) may be altered for the purposes of this section with the mutual consent of the exclusive bargaining agent and the appointing authority.

(2) If, after the review conducted pursuant to subsection (1) of this section, the performance of the tenured faculty member is judged to be unsatisfactory by the review committee, the tenured faculty member may be required by the appointing authority to

implement a performance improvement plan for a period of no more than three regular college quarters, not including summer quarter.

(3) If, after the three quarter period in subsection (2) of this section, the tenured faculty member's performance is deemed to be unsatisfactory by the review committee, the appointing authority may revoke tenure and return the faculty member to a probationary faculty appointment. The appointing authority shall ensure due process for tenured faculty members in the decision to return any member to a probationary faculty appointment.

(4) The provisions of subsections (2) and (3) of this section are in addition to any tenure revocation procedures established pursuant to chapter 28B.52 RCW.

(5) The procedures, criteria, and conditions implementing this section are subject to negotiations between the appointing authority and the faculty's exclusive bargaining representative.

NEW SECTION. Sec. 6. Nothing contained in this act shall be construed to alter any existing collective bargaining unit or the provisions of any existing collective bargaining agreement.

NEW SECTION. Sec. 7. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect July 1, 1991, and shall apply to all faculty appointments made by community colleges after June 30, 1991, but shall not apply to employees of community colleges who hold faculty appointments prior to July 1, 1991.

NEW SECTION. Sec. 8. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

On page 1, line 1 of the title, after "modification;" strike the remainder of the title and insert "amending RCW 28B.50.851, 28B.50.852, and 28B.50.857; adding a new section to chapter 28B.50 RCW; creating new sections; providing an effective date; and declaring an emergency."

Signed by Representatives Jacobsen, Chair; Ogden, Vice Chair; Wood, Ranking Minority Member; May, Assistant Ranking Minority Member; Basich; Dellwo; Fraser; Ludwig; Sheldon; Spanel; and Van Luven.

Excused: Representatives Miller and Prince.

NEW SECTION. Sec. 2. LIEN AUTHORIZED. Except as provided in section 3 of this act, any person furnishing labor, professional services, materials, or equipment for the improvement of real property shall have a lien upon the improvement for the

contract price of labor, professional services, materials, or equipment furnished at the instance of the owner, or the agent or construction agent of the owner.

NEW SECTION. Sec. 3. NOTICES--EXCEPTIONS. (1) Except as otherwise provided in this section, every person furnishing professional services, materials, or equipment for the improvement of real property shall give the owner or reputed owner notice in writing of the right to claim a lien. If the prime contractor is in compliance with the requirements of RCW 19.27.095, 60.04.230, and section 24 of this act, this notice shall be given to the prime contractor unless the potential lien claimant has contracted directly with the prime contractor. The notice may be given at any time but only protects the right to claim a lien for professional services, materials, or equipment supplied after the date which is sixty days before:

- (a) Mailing the notice by certified or registered mail to the owner or reputed owner; or
- (b) Serving the notice personally upon the owner or reputed owner and obtaining evidence of service in the form of a receipt or other acknowledgement signed by the owner or reputed owner.

In the case of new construction of a single-family residence, the notice of a right to claim a lien may be given at any time but only protects the right to claim a lien for professional services, materials, or equipment supplied after a date which is ten days before the notice is mailed or served as described in this subsection.

(2) Notices of a right to claim a lien shall not be required of:

- (a) Persons who contract directly with the owner or the owner's common law agent;
- (b) Laborers whose claim of lien is based solely on performing labor; or
- (c) Subcontractors who contract for the improvement of real property directly with the prime contractor.

(3) Persons who furnish professional services, materials, or equipment in connection with the repair, alteration, or remodel of an existing owner-occupied single-family residence or appurtenant garage:

(b) Who do not contract directly with the owner-occupier shall give notice of the right to claim a lien to the owner-occupier. Lien claims by persons who do not contract directly with the owner-occupier may only be satisfied from amounts not yet paid to the prime contractor by the owner at the time the notice described in this section is received, regardless of whether amounts not yet paid to the prime contractor are due.

(4) The notice described in subsection (1) of this section, shall include but not be limited to the following information and shall substantially be in the following form, using lower-case and upper-case ten-point type where appropriate.

THIS IS NOT A LIEN: This notice is sent to you to tell you who is providing professional services, materials, or equipment for the improvement of your property and to advise you of the rights of these persons and your responsibilities. Also take note that laborers on your project may claim a lien without sending you a notice.

OWNER/OCCUPIER OF EXISTING RESIDENTIAL PROPERTY

Under Washington law, those who work on or provide materials for the repair, remodel, or alteration of your owner-occupied principal residence and who are not paid, have a right to enforce their claim for payment against your property. This claim is known as a construction lien.

The law limits the amount that a lien claimant can claim against your property. Claims may only be made against that portion of the contract you have not yet paid to your prime contractor as of the time you received this notice. Review the back of this notice for more information and ways to avoid lien claims.

COMMERCIAL AND/OR NEW RESIDENTIAL PROPERTY

We have or will be providing labor, materials, professional services, or equipment for the improvement of your commercial or new residential project. In the event you or your contractor fail to pay us, we may file a lien against your property. A lien may be claimed for all materials, equipment, and professional services furnished after a date that is sixty days before this notice was mailed to you, unless the improvement to your property is the construction of a new single-family residence, then ten days before this notice was mailed to you.

IMPORTANT INFORMATION FOR YOUR PROTECTION

This notice is sent to inform you that we have or will provide materials, professional services, or equipment for the repair, remodel, or alteration of your property. We expect to be paid by the person who ordered our services, but if we are not paid, we have the right to enforce our claim by filing a construction lien against your property.

LEARN more about the lien laws and the meaning of this notice by discussing with your contractor, suppliers, department of labor and industries, the firm sending you this notice, your lender, or your attorney.

COMMON METHODS TO AVOID CONSTRUCTION LIENS: There are several methods available to protect your property from construction liens. The following are two of the more commonly used methods.

DUAL PAYCHECKS (Joint Checks): When paying your contractor for services or materials, you may make checks payable jointly to the contractor and the firms furnishing you this notice.

LIEN RELEASES: You may require your contractor to provide lien releases signed by all the suppliers and subcontractors from whom you have received this notice. If they cannot obtain lien releases because you have not paid them, you may use the dual payee check method to protect yourself.

YOU SHOULD TAKE WHATEVER STEPS YOU BELIEVE NECESSARY TO PROTECT YOUR PROPERTY FROM LIENS.

YOUR PRIME CONTRACTOR AND YOUR CONSTRUCTION LENDER ARE REQUIRED BY LAW TO GIVE YOU WRITTEN INFORMATION ABOUT LIEN CLAIMS. IF YOU HAVE NOT RECEIVED IT, ASK THEM FOR IT.

(5) Every potential lien claimant providing professional services where no improvement as defined in section 1(5) (a) or (b) of this act has been commenced, and the professional services provided are not visible from an inspection of the real property shall record in the real property records of the county where the property is located a notice which shall contain the provider's name, address, telephone number, legal description of the property, the owner or reputed owner's name, and the general nature of the professional services provided. If such notice is not recorded, the lien claimed

shall be subordinate to the interest of any subsequent mortgagee and invalid as to the interest of any subsequent purchaser who acts in good faith and for a valuable consideration acquires an interest in the property prior to the commencement of an improvement as defined in section 1(5) (a) or (b) of this act without notice of the professional services being provided.

(6) A lien authorized by this chapter shall not be enforced unless the lien claimant has complied with the provisions of this section.

NEW SECTION. Sec. 4. CONTRACTOR REGISTRATION. A contractor or subcontractor required to be registered under chapter 18.27 RCW or licensed under chapter 19.28 RCW, or otherwise required to be registered or licensed by law, shall be deemed the construction agent of the owner for the purposes of establishing the lien created by this chapter only if so registered or licensed. Persons dealing with contractors or subcontractors may rely, for the purposes of this section, upon a certificate of registration issued pursuant to chapter 18.27 RCW or license issued pursuant to chapter 19.28 RCW, or other certificate or license issued pursuant to law, covering the period when the labor, professional services, material, or equipment shall be furnished, and the lien rights shall not be lost by suspension or revocation of registration or license without their knowledge. No lien rights described in this section shall be lost or denied by virtue of the absence, suspension, or revocation of such registration or license with respect to any contractor or subcontractor not in immediate contractual privity with the lien claimant.

NEW SECTION. Sec. 5. PROPERTY SUBJECT TO LIEN. The lot, tract, or parcel of land which is improved is subject to a lien to the extent of the interest of the person for whom the labor, professional services, equipment, or materials were furnished, as the court deems appropriate for satisfaction of the lien. If, for any reason, the title or interest in the land upon which the improvement is situated cannot be subjected to the lien, the court in order to satisfy the lien may order the sale and removal of the improvement which is subject to the lien, from the land.

NEW SECTION. Sec. 6. PRIORITY OF LIEN. The claim of lien created by this chapter upon any lot or parcel of land shall be prior to any lien, mortgage, deed of trust, or other encumbrance which attached to the land after or was unrecorded at the time of commencement of labor or professional services or first delivery of materials or equipment by the lien claimant.

NEW SECTION. Sec. 7. RELEASE OF LIEN RIGHTS. Upon payment and acceptance of the amount due to the lien claimant and upon demand of the owner or the person making payment, the lien claimant shall immediately prepare and execute a release of all lien rights for which payment has been made, and deliver the release to the person making payment. In any suit to compel deliverance of the release thereafter in which the court determines the delay was unjustified, the court shall, in addition to ordering the deliverance of the release, award the costs of the action including reasonable attorneys' fees and any damages.

NEW SECTION. Sec. 8. FRIVOLOUS CLAIM--PROCEDURE. (1) Any owner of real property subject to a recorded notice of claim of lien under this chapter, or the contractor or subcontractor who believes the claim of lien to be frivolous and made without reasonable cause, or clearly excessive may apply to the superior court for the county where the property, or some part thereof is located, for an order directing the lien claimant to appear before the court at a time no earlier than six nor later than fifteen days following the date of service of the application and order on the lien claimant, and show cause, if any he or she has, why the lien claim should not be dismissed, with prejudice.

(2) The order shall clearly state that if the lien claimant fails to appear at the time and place noted the lien claim shall be dismissed, with prejudice and that the lien claimant shall be ordered to pay the costs requested by the applicant including reasonable attorneys' fees.

(3) If no action to foreclose the lien claim has been filed, the clerk of the court shall assign a cause number to the application and obtain from the applicant a filing fee of thirty-five dollars. If an action has been filed to foreclose the lien claim, the application shall be made a part of that action.

(4) If, following a full hearing on the matter, the court determines that the lien claim is frivolous and made without reasonable cause, or clearly excessive, the court shall issue an order dismissing the lien claim if frivolous or reducing the claim if clearly excessive, and awarding costs and reasonable attorneys' fees to the applicant to be paid by the lien claimant. If the court determines that the claim of lien is not frivolous and made with reasonable cause, and is not clearly excessive, the court shall issue and order so stating and awarding costs and reasonable attorneys' fees to the lien claimant to be paid by the applicant.

(5) Proceedings under this section shall not affect other rights and remedies available to the parties under this chapter or otherwise.

NEW SECTION. Sec. 9. RECORDING--TIME--CONTENTS OF LIEN. Every person claiming a lien under section 2 of this act shall record, in the county where the subject property is located, a notice of claim of lien not later than ninety days after the person has ceased to furnish labor, professional services, materials, or equipment or the last date on which employee benefit contributions were due. The notice of claim of lien:

(1) Shall state in substance and effect:

(a) The name, phone number, and address of the claimant;

(b) The first and last date on which the labor, professional services, materials, or equipment was furnished or employee benefit contributions were due;

(c) The name of the person indebted to the claimant;

(d) The street address, legal description, or other description reasonably calculated to identify, for a person familiar with the area, the location of the real property to be charged with the lien;

(e) The name of the owner or reputed owner of the property, if known, and, if not known, that fact shall be stated; and

(f) The principal amount for which the lien is claimed.

(2) Shall be signed by the claimant or some person authorized to act on his or her behalf who shall affirmatively state they have read the notice of claim of lien and believe the notice of claim of lien to be true and correct under penalty of perjury, and shall be acknowledged pursuant to chapter 64.08 RCW. If the claim has been assigned, the name of the assignee shall be stated. Where an action to foreclose the lien has been commenced such notice of claim of lien may be amended as pleadings may be by order of the court insofar as the interests of third parties are not adversely affected by such amendment. A claim of lien substantially in the following form shall be sufficient:

....., claimant, vs .., owner or reputed owner

Notice is hereby given that on the day of (date of commencement of furnishing labor, professional services, materials, or equipment and the last date contributions to any type of employee benefit plan became due), at the request of, commenced to (perform labor, furnish professional services, materials, or equipment) upon (here describe property subject to the lien) of which property the owner, or reputed owner, is (or if the owner or reputed owner is not known, insert the word "unknown"), the (furnishing of labor, professional services, materials, or equipment) ceased on the day of

that said (labor, professional services, material, or equipment) was of the value of dollars, for which the undersigned claims a lien upon the property herein described for the sum of dollars. (In case the claim has been assigned, add the words "and is assignee of said claim", or claims, if several are united.)

and state of claimant)

STATE OF WASHINGTON, COUNTY OF

.....
Subscribed and sworn to before me this day of

The period provided for recording the notice is a period of limitation and no action to foreclose a claim of lien shall be maintained unless the notice is recorded within the ninety-day period stated. The lien claimant shall give notice of the claim of lien to the owner or reputed owner by certified or registered mail or by personal service within fourteen days of the time the claim is recorded. Failure to do so results in a forfeiture of any right the claimant may have to attorneys' fees and costs against the owner under section 18 of this act.

NEW SECTION. Sec. 10. SEPARATE RESIDENTIAL UNITS--TIME FOR FILING. When furnishing labor, professional services, materials, or equipment for the construction of two or more separate residential units, the time for filing claims of lien against each separate residential unit shall commence to run upon the cessation of the furnishing of labor, professional services, materials, or equipment on each residential unit, as provided in this chapter. For the purposes of this section a separate residential unit is defined as consisting of one residential structure together with any garages or other outbuildings appurtenant thereto.

NEW SECTION. Sec. 11. RECORDING--FEES. The county auditor shall record the notice of claim of lien in the same manner as deeds and other instruments of title are recorded under chapter 65.08 RCW. Notices of claim of lien for registered land need not be recorded in the Torrens register. The county auditor shall charge no higher fee for recording notices of claim of lien than other documents.

NEW SECTION. Sec. 12. LIEN--ASSIGNMENT. Any lien or right of lien created by this chapter and the right of action to recover therefor, shall be assignable so as to vest in the assignee all rights and remedies of the assignor, subject to all defenses thereto that might be made.

NEW SECTION. Sec. 13. CLAIMS--DESIGNATION OF AMOUNT DUE. In every case in which the notice of claim of lien is recorded against two or more separate pieces of property owned by the same person or owned by two or more persons jointly or otherwise, who contracted for the labor, professional services, material, or equipment for which the notice of claim of lien is recorded, the person recording the notice of claim of lien shall designate in the notice of claim of lien the amount due on each piece of property, otherwise the lien is subordinated to other liens that may be established under

this chapter. The lien of such claim does not extend beyond the amount designated as against other creditors having liens upon any of such pieces of property.

NEW SECTION. Sec. 14. LIEN--DURATION--PROCEDURAL LIMITATIONS.

No lien created by this chapter binds the property subject to the lien for a longer period than eight calendar months after the notice of claim of lien has been recorded unless an action is filed by the lien claimant within that time in the superior court in the county where the subject property is located to enforce the lien, and service is made upon the owner of the subject property within ninety days of the date of filing the action; or, if credit is given and the terms thereof are stated in the notice of claim of lien, then eight calendar months after the expiration of such credit; and in case the action is not prosecuted to judgment within two years after the commencement thereof, the court, in its discretion, may dismiss the action for want of prosecution, and the dismissal of the action or a judgment rendered thereon that no lien exists shall constitute a cancellation of the lien. This is a period of limitation, which shall be tolled by the filing of any petition seeking protection under Title Eleven, United States Code by an owner of any property subject to the lien established by this chapter.

NEW SECTION. Sec. 15. RIGHTS OF OWNER--RECOVERY OPTIONS. The lien claimant shall be entitled to recover upon the claim recorded the contract price after deducting all claims of other lien claimants to whom the claimant is liable, for furnishing labor, professional services, materials, or equipment; and in all cases where a notice of claim of lien shall be recorded under this chapter for labor, professional services, materials, or equipment supplied to any lien claimant, he or she shall defend any action brought thereupon at his or her own expense; and during the pendency of the action, the owner may withhold from the prime contractor the amount of money for which a claim is recorded by any subcontractor, supplier, or laborer; and in case of judgment against the owner or the owner's property, upon the lien, the owner shall be entitled to deduct the principal amount of the judgment from any amount due or to become due from him or her to the lien claimant plus such costs, including interest and attorneys' fees, as the court deems just and equitable, and he or she shall be entitled to recover back from the lien claimant the amount for which the lien is established in excess of any sum that may remain due from him or her to the lien claimant.

NEW SECTION. Sec. 16. BOND IN LIEU OF CLAIM. Any owner of real property subject to a recorded notice of claim of lien under this chapter, or the contractor or subcontractor who disputes the correctness or validity of the notice of claim of lien may record, either before or after the commencement of an action to enforce the lien, in the office of the county recorder or auditor in the county where the notice of claim of lien was recorded, a bond issued by a surety company authorized to issue surety bonds in the state. The surety shall be listed in the latest federal department of the treasury list of surety companies acceptable on federal bonds, published in the Federal Register, as authorized to issue bonds on United States government projects with an underwriting limitation, including applicable reinsurance, equal to or greater than the amount of the bond to be recorded. The bond shall contain a description of the notice of claim of lien and real property involved, and be in an amount equal to the greater of five thousand dollars or two times the amount of the lien claimed if it is ten thousand dollars or less, and in an amount equal to or greater than one and one-half times the amount of the lien if it is in excess of ten thousand dollars. If the notice of claim of lien affects more than one parcel of real property and is segregated to each parcel, the bond may be segregated the same as in the notice of claim of lien. A separate bond shall be required for each notice of claim of lien made by separate claimants. However, a single bond may be used to guarantee payment of amounts claimed by more than one lien claim by a single claimant so long as the amount of the bond meets the requirements of this section as applied to the aggregate sum of all claims by such claimant. The condition of the bond shall be to guarantee payment of any judgment upon the lien in favor of the lien claimant

entered in any action to recover the amount claimed in a notice of claim of lien, or on the claim asserted in the notice of claim of lien. The effect of recording a bond shall be to release the real property described in the notice of claim of lien from the lien and any action brought to recover the amount claimed. Unless otherwise prohibited by law, if no action is commenced to recover on a lien within the time specified in section 14 of this act, the surety shall be discharged from liability under the bond. If an action is timely commenced, then on payment of any judgment entered in the action or on payment of the full amount of the bond to the holder of the judgment, whichever is less, the surety shall be discharged from liability under the bond.

Nothing in this section shall in any way prohibit or limit the use of other methods, devised by the affected parties to secure the obligation underlying a claim of lien and to obtain a release of real property from a claim of lien.

NEW SECTION. Sec. 17. FORECLOSURE--PARTIES. The lien provided by this chapter, for which claims of lien have been recorded, may be foreclosed and enforced by a civil action in the court having jurisdiction in the manner prescribed for the judicial foreclosure of a mortgage. The court shall have the power to order the sale of the property. In any action brought to foreclose a lien, the owner shall be joined as a party. The lien claims of all persons who, prior to the commencement of the action, have legally recorded claims of lien against the same property, or any part thereof, shall not be foreclosed or affected unless they are joined as a party.

A person shall not begin an action to foreclose a lien upon any property while a prior action begun to foreclose another lien on the same property is pending, but if not made a party plaintiff or defendant to the prior action, he or she may apply to the court to be joined as a party thereto, and his or her lien may be foreclosed in the same action. The filing of such application shall toll the running of the period of limitation established by section 14 of this act until disposition of the application or other time set by the court. The court shall grant the application for joinder unless to do so would create an undue delay or cause hardship which cannot be cured by the imposition of costs or other conditions as the court deems just. If a lien foreclosure action is filed during the pendency of another such action, the court may, on its own motion or the motion of any party, consolidate actions upon such terms and conditions as the court deems just, unless to do so would create an undue delay or cause hardship which cannot be cured by the imposition of costs or other conditions. If consolidation of actions is not permissible under this section, the lien foreclosure action filed during the pendency of another such action shall not be dismissed if the filing was the result of mistake, inadvertence, surprise, excusable neglect, or irregularity. An action to foreclose a lien shall not be dismissed at the instance of a plaintiff therein to the prejudice of another party to the suit who claims a lien.

NEW SECTION. Sec. 18. RANK OF LIEN--APPLICATION OF PROCEEDS--ATTORNEYS' FEES. (1) In every case in which different construction liens are claimed against the same property, the court shall declare the rank of such lien or class of liens, which liens shall be in the following order:

- (a) Liens for the performance of labor;
- (b) Liens for contributions owed to employee benefit plans;
- (c) Liens for furnishing material, supplies, or equipment;
- (d) Liens for subcontractors, including but not limited to their labor and materials;

and

- (e) Liens for prime contractors, or for professional services.

(2) The proceeds of the sale of property must be applied to each lien or class of liens in order of its rank and, in an action brought to foreclose a lien, pro rata among each claimant in each separate priority class. A personal judgment may be rendered against any party personally liable for any debt for which the lien is claimed. If the lien is established, the judgment shall provide for the enforcement thereof upon the property

liable as in the case of foreclosure of judgment liens. The amount realized by such enforcement of the lien shall be credited upon the proper personal judgment. The deficiency, if any, remaining unsatisfied, shall stand as a personal judgment, and may be collected by execution against any party liable therefor.

(3) The court may allow the prevailing party in the action, whether plaintiff or defendant, as part of the costs of the action, the moneys paid for recording the notice of claim of lien, costs of title report, bond costs, and attorneys' fees and necessary expenses incurred by the attorney in the superior court, court of appeals, supreme court, or arbitration, as the court or arbitrator deems reasonable. Such costs shall have the priority of the class of lien to which they are related, as established by subsection (1) of this section.

(4) Real property against which a lien under this chapter is enforced may be ordered sold by the court and the proceeds deposited into the registry of the clerk of the court, pending further determination respecting distribution of the proceeds of the sale.

NEW SECTION. Sec. 19. **EFFECT OF NOTE--PERSONAL ACTION PRESERVED.** The taking of a promissory note or other evidence of indebtedness for any labor, professional services, material, or equipment furnished for which a lien is created by this chapter does not discharge the lien therefor, unless expressly received as payment and so specified therein.

Nothing in this chapter shall be construed to impair or affect the right of any person to whom any debt may be due for the furnishing of labor, professional services, material, or equipment to maintain a personal action to recover the debt against any person liable therefor.

NEW SECTION. Sec. 20. **MATERIAL EXEMPT FROM PROCESS--EXCEPTION.** Whenever material is furnished for use in the improvement of property subject to a lien created by this chapter, the material is not subject to attachment, execution, or other legal process to enforce any debt due by the purchaser of the material, except a debt due for the purchase money thereof, so long as in good faith, the material is about to be applied in the improvement of such property.

NEW SECTION. Sec. 21. **LIEN--EFFECT ON COMMUNITY INTEREST.** The claim of lien, when filed as required by this chapter, shall be notice to the husband or wife of the person who appears of record to be the owner of the property sought to be charged with the lien, and shall subject all the community interest of both husband and wife to the lien.

NEW SECTION. Sec. 22. **NOTICE TO LENDER--WITHHOLDING OF FUNDS.** Any lender providing interim or construction financing where there is not a payment bond of at least fifty percent of the amount of construction financing shall observe the following procedures and the rights and liabilities of the lender and potential lien claimant shall be affected as follows:

(1) Any potential lien claimant who has not received a payment within five days after the date required by their contract, invoice, employee benefit plan agreement, or purchase order may within thirty-five days of the date required for payment of the contract, invoice, employee benefit plan agreement, or purchase order, file a notice as provided in subsections (2) and (3) of this section of the sums due and to become due, for which a potential lien claimant may claim a lien under this chapter.

(2) The notice shall be signed by the potential lien claimant or some person authorized to act on his or her behalf who shall affirmatively state under penalty of perjury, they have read the notice and believe it to be true and correct.

(3) The notice shall be filed in writing with the lender at the office administering the interim or construction financing, with a copy furnished to the owner and appropriate prime contractor. The notice shall state in substance and effect as follows:

(a) The person, firm, trustee, or corporation filing the notice is entitled to receive contributions to any type of employee benefit plan or has furnished labor, professional services, materials, or equipment for which a right of lien is given by this chapter.

(b) The name of the prime contractor, common law agent, or construction agent ordering the same.

(c) A common or street address of the real property being improved or the legal description of the real property.

(d) The name, business address, and telephone number of the lien claimant.

The notice to the lender may contain additional information but shall be in substantially the following form:

(4) After the receipt of the notice, the lender shall withhold from the next and subsequent draws the amount claimed to be due as stated in the notice. Alternatively, the lender may obtain from the prime contractor or borrower a payment bond for the benefit of the potential lien claimant in an amount sufficient to cover the amount stated in the potential lien claimant's notice. The lender shall be obligated to withhold amounts only to the extent that sufficient interim or construction financing funds remain undisbursed as of the date the lender receives the notice.

(5) Sums so withheld shall not be disbursed by the lender, except by the written agreement of the potential lien claimant, owner, and prime contractor in such form as may be prescribed by the lender, or the order of a court of competent jurisdiction.

(6) In the event a lender fails to abide by the provisions of subsections (4) and (5) of this section, then the mortgage, deed of trust, or other encumbrance securing the lender will be subordinated to the lien of the potential lien claimant to the extent of the interim or construction financing wrongfully disbursed, but in no event more than the amount stated in the notice plus costs as fixed by the court, including reasonable attorneys' fees.

(7) Any potential lien claimant shall be liable for any loss, cost, or expense, including reasonable attorneys' fees and statutory costs, to a party injured thereby arising out of any unjust, excessive, or premature notice filed under purported authority of this section. "Notice" as used in this subsection does not include notice given by a potential lien claimant of the right to claim liens under this chapter where no actual claim is made.

(8)(a) Any owner of real property subject to a notice to real property lender under this section, or the contractor or subcontractor who believes the claim that underlies the notice is frivolous and made without reasonable cause, or clearly excessive may apply to the superior court for the county where the property, or some part thereof is located, for an order commanding the potential lien claimant who issued the notice to the real property lender to appear before the court at a time no earlier than six nor later than fifteen days from the date of service of the application and order on the potential lien claimant, and show cause, if any he or she has, why the notice to real property lender should not be declared void.

(b) The order shall clearly state that if the potential lien claimant fails to appear at the time and place noted, the notice to lender shall be declared void and that the potential lien claimant issuing the notice shall be ordered to pay the costs requested by the applicant including reasonable attorneys' fees.

(c) The clerk of the court shall assign a cause number to the application and obtain from the applicant a filing fee of thirty-five dollars.

(d) If, following a full hearing on the matter, the court determines that the claim upon which the notice to real property lender is based is frivolous and made without reasonable cause, or clearly excessive, the court shall issue an order declaring the notice

to real property lender void if frivolous, or reducing the amount stated in the notice if clearly excessive, and awarding costs and reasonable attorneys' fees to the applicant to be paid by the person who issued the notice. If the court determines that the claim underlying the notice to real property lender is not frivolous and made with reasonable cause, and is not clearly excessive, the court shall issue an order so stating and awarding costs and reasonable attorneys' fees to the issuer of the notice to be paid by the applicant.

(e) Proceedings under this subsection shall not affect other rights and remedies available to the parties under this chapter or otherwise.

NEW SECTION. Sec. 23. FINANCIAL ENCUMBRANCES--PRIORITIES. Except as otherwise provided in section 6 or 22 of this act, any mortgage or deed of trust shall be prior to all liens, mortgages, deeds of trust, and other encumbrances which have not been recorded prior to the recording of the mortgage or deed of trust to the extent of all sums secured by the mortgage or deed of trust regardless of when the same are disbursed or whether the disbursements are obligatory.

NEW SECTION. Sec. 24. AVAILABILITY OF INFORMATION. The prime contractor shall immediately supply the information listed in RCW 19.27.095(2) to any person who has contracted to supply materials, equipment, or professional services or who is a subcontractor on the improvement, as soon as the identity and mailing address of such subcontractor, supplier, or professional is made known to the prime contractor either directly or through another subcontractor, supplier, or professional.

NEW SECTION. Sec. 25. LIBERAL CONSTRUCTION. RCW 19.27.095, 60.04.230, and sections 1 through 24 of this act are to be liberally construed to provide security for all parties intended to be protected by their provisions.

NEW SECTION. Sec. 26. CAPTIONS--NOT PART OF LAW. Section headings as used in sections 1 through 26 of this act do not constitute any part of the law.

(5) If any of the information required by subsection (2)(d) of this section is not available at the time the application is submitted, the applicant shall so state and the application shall be processed forthwith and the permit issued as if the information had been supplied, and the lack of the information shall not cause the application to be deemed incomplete for the purposes of vesting under subsection (1) of this section. However, the applicant shall provide the remaining information as soon as the applicant can reasonably obtain such information.

(6) The limitations imposed by this section shall not restrict conditions imposed under chapter 43.21C RCW.

SSB 5501 Prime Sponsor, Committee on Environment & Natural Resources:
Concerning license renewal for commercial salmon fishers.
Reported by Committee on Fisheries & Wildlife

MAJORITY recommendation: Do pass with the following amendment:
Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The fishing capacity of the non-treaty salmon industry in the state of Washington may exceed that required to harvest non-treaty salmon allocations. This overcapacity can negatively impact the economic stability of the salmon fishing industry and in some instances impedes orderly fisheries. The legislature finds that it is in the best interest of the long term economic stability of the salmon industry to determine the optimum number of commercial salmon licenses that should be available.

NEW SECTION. Sec. 2. The director of the department of fisheries shall, in close cooperation with the salmon fishing industry, investigate the requirements for issuance, retention, and transfer of commercial salmon licenses, shall determine the optimum number of such licenses for each existing gear type and licensing area, and shall determine the best means for attaining that optimum number. The director shall, in making this determination, consider the impacts of all non-treaty fisheries on weak stocks of salmon including those originating in Hood Canal. The director shall also consider possible environmental factors contributing to the declining fishery in Hood Canal. The director shall specifically evaluate the following issues in Hood Canal:

(1) Whether commercial salmon fisheries in Hood Canal should be restricted to certain areas;

(2) Whether guidelines pertaining to depth of nets and distance from the shoreline for vessels or skiffs are necessary; and

(3) Whether more effective methods of minimizing incidental catch in Hood Canal of blackmouth during commercial net fisheries and of coho salmon during the chum salmon fishery are needed.

Based on this evaluation, the director shall determine whether fishing regulations for Hood Canal commercial salmon fisheries should be modified, and how to minimize environmental damage to the bottom and aquatic plant life of Hood Canal.

NEW SECTION. Sec. 3. The director of the department of fisheries shall, in determining the number of licenses that should be issued, consider the impact of commercial incidental catch of fish on the recreational fishery. The director shall evaluate the need for a study for observing and documenting incidental catch of fish in non-treaty commercial fisheries. If a study is determined to be necessary, the director shall develop a study plan for observing and documenting incidental catch. The director shall initiate discussions with tribal representatives concerning evaluation of the incidental catch in tribal fisheries. The department shall present its findings and recommendations under sections 2 and 3 of this act to the legislature on or before December 1, 1991.

The director shall invite members of the house fisheries and wildlife committee and the senate committee on environment and natural resources to attend meetings in which these recommendations are being developed."

SB 5512 Prime Sponsor, Senator McCaslin: Prohibiting connection of a sewer without approval of sewer district. Reported by Committee on Local Government

MAJORITY recommendation: Do pass with the following amendments:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. A new section is added to chapter 56.08 RCW to read as follows:

It is unlawful and a misdemeanor to make, or cause to be made, or to maintain any sewer connection with any sewer of any sewer district, or with any sewer which is connected directly or indirectly with any sewer of any sewer district without having permission from the sewer district.

Sec. 2. RCW 56.12.015 and 1990 c 259 s 23 are each amended to read as follows:

If a three-member board of commissioners of any sewer district with any number of customers determines by resolution ~~((and approves by unanimous vote of the board))~~ that it would be in the best interest of the district to increase the number of commissioners from three to five, or if the board of a sewer district with any number of customers is presented with a petition signed by ten percent of the registered voters resident within the district who voted in the last general municipal election calling for an increase in the number of commissioners of the district, the board shall submit a resolution to the county auditor requesting that an election be held. Upon receipt of the resolution, the county auditor shall call a special election to be held within the sewer district in accordance with RCW 29.13.010 and 29.13.020, at which election a proposition in substantially the following language shall be submitted to the voters:

Shall the Board of Commissioners of(Name and/or No. of sewer district)..... be increased from three to five members?

Yes

No

If the proposition receives a majority approval at the election the board of commissioners of the sewer district shall be increased to five members. In any sewer district with more than ten thousand customers, if a three-member board of commissioners determines by resolution and approves by unanimous vote of the board that it would be in the best interest of the district to increase the number of commissioners from three to five, the number of commissioners shall be so increased, without an election, unless within ninety days of adoption of that resolution, a petition requesting an election and signed by at least ten percent of the registered voters who voted in the last general municipal election is filed with the board. If such a petition is received, the board shall submit the resolution and the petition to the county auditor, who shall call a special election in the manner described in this section and in accordance with the provisions of RCW 29.13.010 and 29.13.020.

The two positions created on boards of sewer commissioners by this section shall be filled initially as for a vacancy, except that the appointees shall draw lots, one appointee to serve until the next general sewer district election after the appointment, at which two commissioners shall be elected for six-year terms, and the other appointee to

serve until the second general sewer district election after the appointment, at which two commissioners shall be elected for six-year terms.

Sec. 3. RCW 56.20.030 and 1986 c 256 s 2 are each amended to read as follows:

Whether the improvement is initiated by petition or resolution, the board shall conduct a public hearing at the time and place designated in the notice to property owners. At this hearing the board shall hear objections from any person affected by the formation of the local district and may make such changes in the boundaries of the district or such modifications in plans for the proposed improvement as shall be deemed necessary. The board may not change the boundaries of the district to include property not previously included in it without first passing a new resolution of intention and giving a new notice to property owners in the manner and form and within the time provided in this chapter for the original notice.

After the hearing and the expiration of the ten-day period for filing written protests, the commissioners shall have jurisdiction to overrule protests and proceed with any such improvement initiated by petition or resolution. The jurisdiction of the commissioners to proceed with any improvement initiated by resolution shall be divested: (a) By protests filed with the secretary of the board (~~before the public hearing~~) no later than ten days after the hearing, signed by the owners, according to the records of the county auditor, of at least forty percent of the area of land within the proposed local district or (b) by the commissioners not adopting a resolution ordering the improvement at a public hearing held not more than ninety days from the day the resolution of intention was adopted, unless the commissioners file with the county auditor a copy of the notice required by RCW 56.20.020, and in no event at a hearing held more than two years from the day the resolution of intention was adopted.

If the commissioners find that the district should be formed, they shall by resolution form the district and order the improvement. After execution of the resolution forming the district, the secretary of the board of commissioners shall publish, in a legal publication that serves the area subject to the district, a notice setting forth that a resolution has been passed forming the district and that a lawsuit challenging the jurisdiction or authority of the sewer district to proceed with the improvement and creating the district must be filed, and notice to the sewer district served, within thirty days of the publication of the notice. The notice shall set forth the nature of the appeal. Property owners bringing the appeal shall follow the procedures as set forth under appeal under RCW 56.20.080. Whenever a resolution forming a district has been adopted, the formation is conclusive in all things upon all parties, and cannot be contested or questioned in any manner in any proceeding whatsoever by any person not commencing a lawsuit in the manner and within the time provided in this section, except for lawsuits made under RCW 56.20.080.

Following an appeal, if it is unsuccessful or if no appeal is made under RCW 56.20.080, the commissioners may proceed with the improvement and provide the general funds of the sewer district to be applied thereto, adopt detailed plans of the utility local improvement district and declare the estimated cost thereof, acquire all necessary land therefor, pay all damages caused thereby, and commence in the name of the sewer district such eminent domain proceedings and supplemental assessment or reassessment proceedings to pay all eminent domain awards as may be necessary to entitle the district to proceed with the work. The board of sewer commissioners shall proceed with the work and file with the county treasurer of each county in which the real property is to be assessed its roll levying special assessments in the amount to be paid by special assessment against the property situated within the local improvement district in proportion to the special benefits to be derived by the property therein from the improvement.

Sec. 4. RCW 56.20.080 and 1971 ex.s. c 272 s 11 are each amended to read as follows:

The decision of the sewer commission upon any objections made within the time and in the manner herein prescribed, may be reviewed by the superior court upon an appeal thereto taken in the following manner. Such appeal shall be made by filing written notice of appeal with the secretary of said sewer commission and with the clerk of the superior court in the county in which the real property is situated within ten days after publication of a notice that the resolution confirming such assessment roll has been adopted, and such notice of appeal shall describe the property and set forth the objections of such appellant to such assessment. Within ten days from the filing of such notice of appeal with the clerk of the superior court, the appellant shall file with the clerk of said court, a transcript consisting of the assessment roll and his or her objections thereto, together with the resolution confirming such assessment roll and the record of the sewer district commission with reference to said assessment, which transcript, upon payment of the necessary fees therefor, shall be furnished by such secretary of said sewer commission and by him or her certified to contain full, true and correct copies of all matters and proceedings required to be included in such transcript. Such fees shall be the same as the fees payable to the county clerk for the preparation and certification of transcripts on appeal to the supreme court or the court of appeals in civil actions. At the time of the filing of the notice of appeal with the clerk of the superior court a sufficient bond in the penal sum of two hundred dollars, with sureties thereon as provided by law for appeals in civil cases, shall be filed conditioned to prosecute such appeal without delay, and if unsuccessful, to pay all costs to which the sewer district is put by reason of such appeal. The court may order the appellant upon application therefor, to execute and file such additional bond or bonds as the necessity of the case may require. Within three days after such transcript is filed in the superior court, as aforesaid, the appellant shall give written notice to the secretary of such sewer district, that such transcript is filed. Said notice shall state a time, not less than three days from the service thereof, when the appellant will call up the said cause for hearing. The superior court shall, at said time or at such further time as may be fixed by order of the court, hear and determine such appeal without a jury, and such cause shall have preference over all civil causes pending in said court, except proceedings under an act relating to eminent domain in such sewer district and actions of forcible entry and detainer. The judgment of the court shall confirm, unless the court shall find from the evidence that such assessment is either founded upon a fundamentally wrong basis or a decision of the council or other legislative body thereon was arbitrary or capricious, or both; in which event the judgment of the court shall correct, modify or annul the assessment insofar as the same affects the property of the appellant. A certified copy of the decision of the court shall be filed with the officer who shall have the custody of the assessment roll, and he or she shall modify and correct such assessment roll in accordance with such decision. An appeal shall lie to the supreme court or the court of appeals from the judgment of the superior court, as in other cases, however, such appeal must be taken within fifteen days after the date of the entry of the judgment of such superior court, and the record and opening brief of the appellant in said cause shall be filed in the supreme court or the court of appeals within sixty days after the appeal shall have been taken by notice as provided in this title. The time for filing such record and serving and filing of briefs in this section prescribed may be extended by order of the superior court, or by stipulation of the parties concerned. The supreme court or the court of appeals on such appeal may correct, change, modify, confirm or annul the assessment insofar as the same affects the property of the appellant. A certified copy of the order of the supreme court or the court of appeals upon such appeal shall be filed with the officer having custody of such assessment roll, who shall thereupon modify and correct such assessment roll in accordance with such decision.

NEW SECTION. Sec. 5. A new section is added to chapter 57.08 RCW to read as follows:

It is unlawful and a misdemeanor to make, or cause to be made, or to maintain any sewer connection with any sewer of any water district, or with any sewer which is connected directly or indirectly with any sewer of any water district without having permission from the water district.

Sec. 6. RCW 57.12.015 and 1990 c 259 s 29 are each amended to read as follows:

In the event a three-member board of commissioners of any water district with any number of customers determines by resolution ~~((and approves by unanimous vote of the board))~~ that it would be in the best interest of the district to increase the number of commissioners from three to five, or in the event the board of a district with any number of customers is presented with a petition signed by ten percent of the registered voters resident within the district who voted in the last general municipal election calling for an increase in the number of commissioners of the district, the board shall submit a resolution to the county auditor requesting that an election be held. Upon receipt of the resolution, the county auditor shall call a special election to be held within the water district in accordance with RCW 29.13.010 and 29.13.020, at which election a proposition in substantially the following language shall be submitted to the voters:

Shall the Board of Commissioners of

(Name and/or No. of water district) be increased from three to five members?

Yes

No

If the proposition receives a majority approval at the election the board of commissioners of the water district shall be increased to five members. In any water district with more than ten thousand customers, if a three-member board of commissioners determines by resolution and approves by unanimous vote of the board that it would be in the best interest of the district to increase the number of commissioners from three to five, the number of commissioners shall be so increased, without an election, unless within ninety days of adoption of that resolution a petition requesting an election and signed by at least ten percent of the registered voters who voted in the last general municipal election is filed with the board. If such a petition is received, the board shall submit the resolution and the petition to the county auditor, who shall call a special election in the manner described in this section and in accordance with the provisions of RCW 29.13.010 and 29.13.020.

The two positions created on boards of water commissioners by this section shall be filled initially as for a vacancy, except that the appointees shall draw lots, one appointee to serve until the next general water district election after the appointment, at which two commissioners shall be elected for six-year terms, and the other appointee to serve until the second general water district election after the appointment, at which two commissioners shall be elected for six-year terms.

Sec. 7. RCW 57.16.060 and 1986 c 256 s 3 are each amended to read as follows:

Local improvement districts or utility local improvement districts to carry out the whole or any portion of the general comprehensive plan of improvements or plan providing for additions and betterments to the original general comprehensive plan previously adopted may be initiated either by resolution of the board of water commissioners or by petition signed by the owners according to the records of the office of the applicable county auditor of at least fifty-one percent of the area of the land within the limits of the local improvement district to be created.

In case the board of water commissioners desires to initiate the formation of a local improvement district or a utility local improvement district by resolution, it shall first pass a resolution declaring its intention to order such improvement, setting forth the nature and territorial extent of such proposed improvement, designating the number of the proposed local improvement district or utility local improvement district, and describing the boundaries thereof, stating the estimated cost and expense of the improvement and the proportionate amount thereof which will be borne by the property within the proposed

district, and fixing a date, time, and place for a public hearing on the formation of the proposed local district.

In case any such local improvement district or utility local improvement district is initiated by petition, such petition shall set forth the nature and territorial extent of the proposed improvement requested to be ordered and the fact that the signers thereof are the owners according to the records of the applicable county auditor of at least fifty-one percent of the area of land within the limits of the local improvement district or utility local improvement district to be created. Upon the filing of such petition the board shall determine whether the petition is sufficient, and the board's determination thereof shall be conclusive upon all persons. No person may withdraw his or her name from the petition after it has been filed with the board of water commissioners. If the board finds the petition to be sufficient, it shall proceed to adopt a resolution declaring its intention to order the improvement petitioned for, setting forth the nature and territorial extent of the improvement, designating the number of the proposed local district and describing the boundaries thereof, stating the estimated cost and expense of the improvement and the proportionate amount thereof which will be borne by the property within the proposed local district, and fixing a date, time, and place for a public hearing on the formation of the proposed local district.

Notice of the adoption of the resolution of intention, whether the resolution was adopted on the initiative of the board or pursuant to a petition of the property owners, shall be published in at least two consecutive issues of a newspaper of general circulation in the proposed local district, the date of the first publication to be at least fifteen days prior to the date fixed by such resolution for hearing before the board of water commissioners. Notice of the adoption of the resolution of intention shall also be given each owner or reputed owner of any lot, tract, parcel of land, or other property within the proposed improvement district by mailing the notice at least fifteen days before the date fixed for the public hearing to the owner or reputed owner of the property as shown on the tax rolls of the county treasurer of the county in which the real property is located at the address shown thereon. Whenever such notices are mailed, the water commissioners shall maintain a list of such reputed property owners, which list shall be kept on file at a location within the water district and shall be made available for public perusal. The notices shall refer to the resolution of intention and designate the proposed improvement district by number. The notices shall also set forth the nature of the proposed improvement, the total estimated cost, the proportion of total cost to be borne by assessments, the date, time, and place of the hearing before the board of water commissioners. In the case of improvements initiated by resolution, the notice shall also: (1) State that all persons desiring to object to the formation of the proposed district must file their written protests with the secretary of the board of water commissioners no later than ten days after the public hearing; (2) state that if owners of at least forty percent of the area of land within the proposed district file written protests with the secretary of the board, the power of the water commissioners to proceed with the creation of the proposed district shall be divested; (3) provide the name and address of the secretary of the board; and (4) state the hours and location within the water district where the names of the property owners within the proposed district are kept available for public perusal. In the case of the notice given each owner or reputed owner by mail, the notice shall set forth the estimated amount of the cost and expense of such improvement to be borne by the particular lot, tract, parcel of land, or other property.

Whether the improvement is initiated by petition or resolution, the board shall conduct a public hearing at the time and place designated in the notice to property owners. At this hearing the board shall hear objections from any person affected by the formation of the local district and may make such changes in the boundaries of the district or such modifications in the plans for the proposed improvement as shall be deemed necessary. The board may not change the boundaries of the district to include

property not previously included in it without first passing a new resolution of intention and giving a new notice to property owners in the manner and form and within the time provided in this chapter for the original notice.

After the hearing and the expiration of the ten-day period for filing written protests, the commissioners shall have jurisdiction to overrule protests and proceed with any such improvement initiated by petition or resolution. The jurisdiction of the commissioners to proceed with any improvement initiated by resolution shall be divested by protests filed with the secretary of the board ~~((before the public hearing))~~ no later than ten days after the hearing, signed by the owners, according to the records of the applicable county auditor, of at least forty percent of the area of land within the proposed local district.

If the commissioners find that the district should be formed, they shall by resolution form the district and order the improvement. After execution of the resolution forming the district, the secretary of the board of commissioners shall publish, in a legal publication that serves the area subject to the district, a notice setting forth that a resolution has been passed forming the district and that a lawsuit challenging the jurisdiction or authority of the water district to proceed with the improvement and creating the district must be filed, and notice to the water district served, within thirty days of the publication of the notice. The notice shall set forth the nature of the appeal. Property owners bringing the appeal shall follow the procedures as set forth under appeal under RCW 57.16.090. Whenever a resolution forming a district has been adopted, the formation is conclusive in all things upon all parties, and cannot be contested or questioned in any manner in any proceeding whatsoever by any person not commencing a lawsuit in the manner and within the time provided in this section, except for lawsuits made under RCW 57.16.090.

Following an appeal, if it is unsuccessful or if no appeal is made under RCW 57.16.090, the commissioners may proceed with the improvement and provide the general funds of the water district to be applied thereto, adopt detailed plans of the local improvement district or utility local improvement district and declare the estimated cost thereof, acquire all necessary land therefor, pay all damages caused thereby, and commence in the name of the water district such eminent domain proceedings as may be necessary to entitle the district to proceed with the work. The board shall thereupon proceed with the work and file with the county treasurer of the county in which the real property is located its roll levying special assessments in the amount to be paid by special assessment against the property situated within the improvement district in proportion to the special benefits to be derived by the property therein from the improvement.

Sec. 8. RCW 57.16.090 and 1988 c 202 s 53 are each amended to read as follows:

The decision of the water district commission upon any objections made within the time and in the manner herein prescribed, may be reviewed by the superior court upon an appeal thereto taken in the following manner. Such appeal shall be made by filing written notice of appeal with the secretary of said water district commission and with the clerk of the superior court in the county in which the real property is situated within ten days after publication of a notice that the resolution confirming such assessment roll has been adopted, and such notice of appeal shall describe the property and set forth the objections of such appellant to such assessment; and within ten days from the filing of such notice of appeal with the clerk of the superior court, the appellant shall file with the clerk of the court, a transcript consisting of the assessment roll and the appellant's objections thereto, together with the resolution confirming such assessment roll and the record of the water district commission with reference to the assessment, which transcript, upon payment of the necessary fees therefor, shall be furnished by the secretary of the water district commission certified by the secretary to contain full, true and correct copies of all matters and proceedings required to be included in such transcript. Such fees shall be the same as the fees payable to the county clerk for the preparation and certification of transcripts on appeal to the supreme court or the court of appeals in civil actions. At

the time of the filing of the notice of appeal with the clerk of the superior court a sufficient bond in the penal sum of two hundred dollars, with at least two sureties, to be approved by the judge of said court, conditioned to prosecute such appeal without delay, and if unsuccessful to pay all costs to which the water district is put by reason of such appeal. The court may order the appellant upon application therefor, to execute and file such additional bond or bonds as the necessity of the case may require. Within three days after such transcript is filed in the superior court, the appellant shall give written notice to the secretary of such water district, that such transcript is filed. The notice shall state a time, not less than three days from the service thereof, when the appellant will call up the cause for hearing; and the superior court shall, at said time or at such further time as may be fixed by order of the court, hear and determine such appeal without a jury; and such cause shall have preference over all civil causes pending in the court, except proceedings under an act relating to eminent domain and actions of forcible entry and detainer. The judgment of the court shall confirm, unless the court shall find from the evidence that such assessment is either founded upon the fundamentally wrong basis or a decision of the council or other legislative body thereon was arbitrary or capricious, or both; in which event the judgment of the court shall correct, modify or annul the assessment insofar as the same affects the property of the appellant. A certified copy of the decision of the court shall be filed with the officer who shall have custody of the assessment roll, who shall modify and correct such assessment roll in accordance with such decision. Appellate review of the judgment of the superior court may be sought as in other civil cases. However, the review must be sought within fifteen days after the date of the entry of the judgment of such superior court. A certified copy of the order of the supreme court or the court of appeals upon such appeal shall be filed with the officer having custody of such assessment roll, who shall thereupon modify and correct such assessment roll in accordance with such decision.

ESSB 5555 Prime Sponsor, Committee on Ways & Means: Providing assistance for timber harvesting areas. Reported by Committee on Trade & Economic Development

MAJORITY recommendation: Do pass with the following amendments:
Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. FINDINGS AND INTENT. The legislature finds that:

(1) The economic health and well-being of timber-dependent communities is of substantial public concern. The significant reduction in annual timber harvest levels likely will result in reduced economic activity and persistent unemployment and underemployment over time, which would be a serious threat to the safety, health, and welfare of residents of the timber-dependent communities, decreasing the value of private investments and jeopardizing the sources of public revenue.

(2) The state is experiencing a dual economy, where growth is occurring rapidly in some areas and is occurring slowly or not at all in other areas. This uneven growth rate across the state is causing some areas to suffer negative impacts from too much growth while other areas experience difficulty in creating adequate economic development. Inadequate economic development is a serious threat to the public safety, health, and welfare of a community. The state has an interest in encouraging growth state-wide, which reduces the negative impacts of growth in rapidly growing areas and assists areas of the state in need of economic development.

(3) Timber-dependent communities are most often located in areas that are experiencing little or no economic growth, creating an even greater risk to the health, safety, and welfare of these communities. The ability to remedy problems caused by the substantial reduction in harvest activity is beyond the power and control of the regulatory process and influence of the state, and the ordinary operations of private enterprise without additional governmental assistance are insufficient to adequately remedy the resulting problems of poverty and unemployment.

(4) The revitalization and diversification of the economies of timber-dependent communities require the stimulation of private investment, the development of new business ventures, the provision of capital to ventures sponsored by local organizations and capable of growth in the business markets, and assistance to viable, but under-financed, small businesses in order to create and preserve jobs that are sustainable in the local economy. Therefore, the legislature declares there to be a substantial public purpose in providing capital to promote economic development and job creation in distressed areas in general and timber-dependent communities in particular. To accomplish this purpose, it is the intent of the legislature to:

(a) Increase the public financing of infrastructure necessary for economic development and make such financing more flexible;

(b) Increase and target the amount of public financing available to businesses to better create or preserve jobs through formation or expansion of viable enterprises;

(c) Provide technical and financial assistance to businesses to increase the export of products from timber-dependent communities;

(d) Increase the resources available to associated development organizations to provide economic and community development services in timber-dependent communities and to provide resource and referral services to the community regarding state and local economic and community development services;

(e) Increase training and retraining services accessible to timber-dependent communities; and

(f) Provide for coordination of noneconomic development services in timber-dependent communities as economic development efforts will not succeed unless social, housing, health, and other needs are addressed.

Sec. 2. RCW 43.160.010 and 1989 c 431 s 61 are each amended to read as follows:

INFRASTRUCTURE FINANCING--CERB--INTENT. (1) The legislature finds that it is the public policy of the state of Washington to direct financial resources toward the fostering of economic development through the stimulation of investment and job opportunities and the retention of sustainable existing employment for the general welfare of the inhabitants of the state. Reducing unemployment and reducing the time citizens remain jobless is important for the economic welfare of the state. A valuable means of fostering economic development is the construction of public facilities which contribute to the stability and growth of the state's economic base. Strengthening the economic base through issuance of industrial development bonds, whether single or umbrella, further serves to reduce unemployment. Consolidating issues of industrial development bonds when feasible to reduce costs additionally advances the state's purpose to improve economic vitality. Expenditures made for these purposes as authorized in this chapter are declared to be in the public interest, and constitute a proper use of public funds. A community economic revitalization board is needed which shall aid the development of economic opportunities. The general objectives of the board should include:

(a) Strengthening the economies of areas of the state which have experienced or are expected to experience chronically high unemployment rates or below average growth in their economies;

(b) Encouraging the diversification of the economies of the state and regions within the state in order to provide greater seasonal and cyclical stability of income and employment;

(c) Encouraging wider access to financial resources for both large and small industrial development projects;

(d) Encouraging new economic development or expansions to maximize employment;

(e) Encouraging the retention of viable existing firms and employment; and

(f) Providing incentives for expansion of employment opportunities for groups of state residents that have been less successful relative to other groups in efforts to gain permanent employment.

(2) The legislature also finds that the state's economic development efforts can be enhanced by, in certain instances, providing funds to improve state highways in the vicinity of new industries considering locating in this state or existing industries that are considering significant expansion.

(a) The legislature finds it desirable to provide a process whereby the need for diverse public works improvements necessitated by planned economic development can be addressed in a timely fashion and with coordination among all responsible governmental entities.

(b) It is the intent of the legislature to create an economic development account within the motor vehicle fund from which expenditures can be made by the department of transportation for state highway improvements necessitated by planned economic development. All such improvements must first be approved by the state transportation commission and the community economic revitalization board in accordance with the procedures established by RCW 43.160.074 and 47.01.280. It is further the intent of the legislature that such improvements not jeopardize any other planned highway construction projects. The improvements are intended to be of limited size and cost, and to include such items as additional turn lanes, signalization, illumination, and safety improvements.

(3) The legislature also finds that the state's economic development efforts can be enhanced by providing funds to improve markets for those recyclable materials representing a large fraction of the waste stream. The legislature finds that public facilities which result in private construction of processing or remanufacturing facilities for recyclable materials are eligible for consideration from the board.

(4) The legislature finds that sharing economic growth state-wide is important to the welfare of the state. Distressed areas and timber-dependent communities do not share in the economic vitality of the Puget Sound region. Infrastructure is one of several ingredients that are critical for economic development. Distressed areas and timber-dependent communities generally lack the infrastructure necessary to diversify and revitalize their economies. It is, therefore, the intent of the legislature to increase the availability of funds to help provide infrastructure to distressed areas and timber-dependent communities.

Sec. 3. RCW 43.160.020 and 1985 c 466 s 58 are each amended to read as follows:

NEW SECTION. Sec. 7. A new section is added to chapter 43.31 RCW to read as follows:

INCREASING EXPORTS FROM TIMBER-DEPENDENT COMMUNITIES. (1) Marketing is a vital element in expanding the economies of timber-dependent communities. The export of products produced in timber-dependent areas contributes substantial economic benefits to these communities, including an increase in jobs and an increase in tax revenues to the state and local governments.

(4) For purposes of this section, the definition of "timber-dependent community" is the same as RCW 43.160.020.

(3) Notwithstanding the foregoing provisions of this section, articles taxed in this chapter which are in the possession of a wholesaler ((or-retailer)), licensed under Washington state law, for a period of time necessary to affix the stamps after receipt of the articles, shall not be considered contraband.

Sec. 14. RCW 82.24.135 and 1987 c 496 s 3 are each amended to read as follows:

(3) The ((department)) board shall cause notice to be served within five days following the seizure or notification to the ((department)) board of the seizure on the owner of the property seized, if known, on the person in charge thereof, and on any other person having any known right or interest therein, of the seizure and intended forfeiture of the seized property. The notice may be served by any method authorized by law or court rule including but not limited to service by mail. If service is by mail it shall be by both certified mail with return receipt requested and regular mail. Service by mail shall be deemed complete upon mailing within the five-day period following the seizure or notification of the seizure to the ((department)) board.

The ((department)) board shall promptly return the article or articles to the claimant upon a determination that the claimant is the present lawful owner or is lawfully entitled to possession thereof of the items seized.

Sec. 15. RCW 82.24.145 and 1987 c 496 s 4 are each amended to read as follows:

When property is forfeited under this chapter the ~~((department))~~ board may:

(1) Retain the property or any part thereof for official use or upon application by any law enforcement agency of this state, another state, or the District of Columbia, or of the United States for the exclusive use of enforcing the provisions of this chapter or the laws of any other state or the District of Columbia or of the United States.

(2) Sell the property at public auction to the highest bidder after due advertisement, but the ~~((department))~~ board before delivering any of the goods so seized shall require the person to whom the property is sold to affix the proper amount of stamps. The proceeds of the sale and all moneys forfeited under this chapter shall be first applied to the payment of all proper expenses of any investigation leading to the seizure and of the proceedings for forfeiture and sale, including expenses of seizure, maintenance of custody, advertising, and court costs. The balance of the proceeds and all moneys shall be deposited in the general fund of the state. When the ~~((department of revenue))~~ board has good reason to believe that any of the articles taxed herein are being kept, sold, offered for sale, or given away in violation of the provisions of this chapter or ~~((regulations))~~ rules issued under authority hereof, it may make affidavit of such fact, describing the place or thing to be searched, before any judge of any court in this state, and such judge shall issue a search warrant directed to the sheriff, any deputy, police officer, or duly authorized agent of the ~~((department of revenue))~~ board commanding him or her diligently to search any building, room in a building, place, or vehicle as may be designated in the affidavit and search warrant, and to seize such tobacco so possessed and to hold the same until disposed of by law, and to arrest the person in possession or control thereof. If upon the return of such warrant, it shall appear that any of the articles taxed herein, unlawfully possessed, were seized, the same shall be sold as provided in this chapter.

Sec. 18. RCW 82.24.210 and 1975 1st ex.s. c 278 s 68 are each amended to read as follows:

The ~~((department of revenue))~~ board may promulgate rules ~~((and regulations))~~ providing for the refund to dealers for the cost of stamps affixed to articles taxed herein, which by reason of damage become unfit for sale and are destroyed by the dealer or returned to the manufacturer or jobber. In the case of any articles to which stamps have been affixed, and which articles have been sold and shipped to a regular dealer in such articles in another state, the seller in this state shall be entitled to a refund of the actual amount of the stamps so affixed, less the affixing discount, upon condition that the seller in this state makes affidavit that the articles were sold and shipped outside of the state and that ~~((he))~~ the seller has received from the purchaser outside the state a written acknowledgment that ~~((he))~~ the purchaser has received such articles with the amount of stamps affixed thereto, together with the name and address of such purchaser. The

~~((department of revenue))~~ board may redeem any unused stamps purchased from it at the face value thereof less the affixing discount.

Sec. 19. RCW 82.24.230 and 1961 c 15 s 82.24.230 are each amended to read as follows:

All of the provisions contained in chapter 82.32 RCW except RCW 82.32.050, 82.32.060, 82.32.070, 82.32.100, and 82.32.270 shall have full force and application with respect to taxes imposed under the provisions of this chapter ~~((, except the following sections thereof: RCW 82.32.050, 82.32.060, 82.32.070, 82.32.100 and 82.32.270))~~; except that "department of revenue" or "department" means the liquor control board.

Sec. 20. RCW 82.24.250 and 1990 c 216 s 6 are each amended to read as follows:

No person other than (1) a licensed wholesaler in its own vehicle, or (2) a person who has given notice to the ~~((department))~~ board in advance of the commencement of transportation shall transport or cause to be transported unstamped, untaxed, or untaxed stamped cigarettes ~~((not having the stamps affixed to the packages or containers))~~, upon the public highways, roads, or streets of this state. In the case of transportation of unstamped cigarettes such persons shall have in their actual possession invoices or delivery tickets for such cigarettes, which shall show the true name and address of the consignor or seller, the true name of the consignee or purchaser, and the quantity and brands of the cigarettes so transported. If the cigarettes are consigned to or purchased by any person in this state such purchaser or consignee must be a person who is authorized by chapter 82.24 RCW to possess unstamped, untaxed, or untaxed stamped cigarettes in this state. In the absence of such invoices or delivery tickets, or, if the name or address of the consignee or purchaser is falsified or if the purchaser or consignee is not authorized by chapter 82.24 RCW to possess unstamped, untaxed, or untaxed stamped cigarettes, the cigarettes so transported shall be deemed contraband subject to seizure and sale under the provisions of RCW 82.24.130.

Transportation of cigarettes from a point outside this state to a point in some other state will not be considered a violation of this section provided that the person so transporting such cigarettes has in his or her possession adequate invoices or delivery tickets which give the true name and address of such out-of-state seller or consignor and such out-of-state purchaser or consignee.

In any case where the ~~((department))~~ board or its duly authorized agent, or any peace officer of the state, has knowledge or reasonable grounds to believe that any vehicle is transporting cigarettes in violation of this section, the ~~((department))~~ board, such agent, or such police officer, is authorized to stop such vehicle and to inspect the same for contraband cigarettes.

For purposes of this section, the term "person authorized by chapter 82.24 RCW to possess unstamped, untaxed, or untaxed stamped cigarettes" shall mean a wholesaler or retailer, licensed under Washington state law, the United States or an agency thereof, and any Indian tribal organization authorized under rules adopted by the ~~((department of revenue))~~ board to possess ~~((unstamped cigarettes))~~ these articles.

Sec. 21. RCW 82.24.510 and 1986 c 321 s 5 are each amended to read as follows:

(1) The licenses issuable under this chapter are as follows:

- (a) A wholesaler's license.
- (b) A retailer's license.
- (c) A vending machine license.

(2) Application for the licenses shall be made through the master license system under chapter 19.02 RCW. The ~~((department of revenue))~~ board shall adopt rules regarding the regulation of the licenses. The ~~((department of revenue))~~ board may refrain from the issuance of any license under this chapter if the ~~((department))~~ board has reasonable cause to believe that the applicant has willfully withheld information requested for the purpose of determining the eligibility of the applicant to receive a license, or if the ~~((department))~~ board has reasonable cause to believe that information submitted in the

application is false or misleading or is not made in good faith. Each such license shall expire on the master license expiration date, and each such license shall be continued annually if the licensee has paid the required fee and complied with all the provisions of this chapter and the rules of the ~~((department of revenue))~~ board made pursuant thereto.

Sec. 22. RCW 82.24.520 and 1986 c 321 s 6 are each amended to read as follows:

A fee of six hundred fifty dollars shall accompany each wholesaler's license application or license renewal application. If a wholesaler sells or intends to sell cigarettes at two or more places of business, whether established or temporary, a separate license with a license fee of one hundred fifteen dollars shall be required for each additional place of business. Each license, or certificate thereof, and such other evidence of license as the ~~((department of revenue))~~ board requires, shall be exhibited in the place of business for which it is issued and in such manner as is prescribed for the display of a master license. The ~~((department of revenue))~~ board shall require each licensed wholesaler to file with the ~~((department of revenue))~~ board a bond in an amount not less than ~~((one))~~ five thousand dollars to guarantee the proper performance of the duties and the discharge of the liabilities under this chapter. The bond shall be executed by such licensed wholesaler as principal, and by a corporation approved by the ~~((department of revenue))~~ board and authorized to engage in business as a surety company in this state, as surety. The bond shall run concurrently with the wholesaler's license.

Sec. 23. RCW 82.24.550 and 1986 c 321 s 9 are each amended to read as follows:

(1) The ~~((department of revenue))~~ board shall enforce the provisions of this chapter. The ~~((department of revenue))~~ board may adopt, amend, and repeal rules necessary to enforce and administer the provisions of this chapter. The ~~((department of revenue))~~ board has full power and authority to revoke or suspend the license or permit of any wholesale or retail cigarette dealer in the state upon sufficient cause appearing of the violation of this chapter or upon the failure of such licensee to comply with any of the provisions of this chapter.

(2) A license shall not be suspended or revoked except upon notice to the licensee and after a hearing as prescribed by the ~~((department of revenue))~~ board. The ~~((department of revenue))~~ board, upon a finding by same, that the licensee has failed to comply with any provision of this chapter or any rule promulgated thereunder, shall, in the case of the first offender, suspend the license or licenses of the licensee for a period of not less than thirty consecutive business days, and, in the case of a second or plural offender, shall suspend the license or licenses for a period of not less than ninety consecutive business days nor more than twelve months, and, in the event the ~~((department of revenue))~~ board finds the offender has been guilty of willful and persistent violations, it may revoke the license or licenses.

(3) Any person whose license or licenses have been so revoked may apply to the ~~((department of revenue))~~ board at the expiration of one year for a reinstatement of the license or licenses. The license or licenses may be reinstated by the ~~((department of revenue))~~ board if it appears to the satisfaction of the ~~((department of revenue))~~ board that the licensee will comply with the provisions of this chapter and the rules promulgated thereunder.

(4) A person whose license has been suspended or revoked shall not sell cigarettes or permit cigarettes to be sold during the period of such suspension or revocation on the premises occupied by the person or upon other premises controlled by the person or others or in any other manner or form whatever.

(5) Any determination and order by the ~~((department of revenue))~~ board, and any order of suspension or revocation by the ~~((department of revenue))~~ board of the license or licenses, or refusal to reinstate a license or licenses after revocation shall be reviewable by an appeal to the superior court of Thurston county. The superior court shall review the order or ruling of the ~~((department of revenue))~~ board and may hear the matter de

novo, having due regard to the provisions of this chapter and the duties imposed upon the ~~((department of revenue))~~ board.

Sec. 24. RCW 82.24.560 and 1986 c 321 s 10 are each amended to read as follows:

All fees and penalties received or collected by the ~~((department of revenue))~~ board pursuant to this chapter shall be paid to the state treasurer, to be credited to the general fund.

~~((From and after July 1, 1959))~~ No person shall engage in the business of a distributor or subjobber of tobacco products at any place of business without first having received from the ~~((department of revenue))~~ board a certificate of registration ~~((as provided in RCW 82.32.030)).~~

Sec. 28. RCW 82.26.060 and 1975 1st ex.s. c 278 s 73 are each amended to read as follows:

Every distributor shall keep at each registered place of business complete and accurate records for that place of business, including itemized invoices, of tobacco products held, purchased, manufactured, brought in or caused to be brought in from without the state, or shipped or transported to retailers in this state, and of all sales of tobacco products made, except sales to the ultimate consumer.

SSB 5581 Prime Sponsor, Committee on Ways & Means: Creating the community partnership program. Reported by Committee on Trade & Economic Development

MAJORITY recommendation: Do pass with the following amendments: Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature finds that nonprofit community-based organizations, that rely on both private and public resources, are invaluable providers of services to our state's communities. State agencies increasingly turn to community-based organizations for the delivery of services to meet social, health, training, and community development needs in our communities. Private support flows to community-based organizations because they are very close to their constituencies and have the capacity to act quickly in response to emergency needs. Many community organizations, however, need technical assistance to expand the vision of their boards, to improve the expertise of their staff, and to widen their resource base. Therefore, it is the purpose of this act to authorize and fund the community partnership program to provide technical assistance and managerial support to community-based organizations in the state.

NEW SECTION. Sec. 2. There is established within the department of community development the community partnership program. The program is designed to provide technical assistance and managerial support to community-based organizations in the state. An exempt position under RCW 41.06.072 is hereby created within the department of community development for the managing director of the community partnership program. In carrying out the purposes of this chapter, the managing director shall solicit volunteer assistance; work with other agencies which rely on community-based nonprofits for service delivery; work with private sector organizations interested in working with community-based organizations in the delivery of services; contract with private consultants, with the approval of the director of the department, for such services as the managing director deems advisable; and solicit resources from federal and private sources.

NEW SECTION. Sec. 3. The community partnership program shall:

(1) Act as a clearinghouse for community-based organizations, providing information and referral services to these organizations through such methods as a computerized network that allows organizations to access the program's information base.

(2) Provide management training courses designed specifically for nonprofit managers, staff, and boards. These include both individualized training for single nonprofit organizations, and skill-building workshops and seminars on planning, budgeting, marketing, and other topics.

(3) Provide short-term direct assistance customized to meet the management needs of individual organizations.

(4) Assist organizations in soliciting and managing volunteers.

(5) Coordinate activities with the state volunteer center, other state agencies, local service providers, and other volunteer organizations giving similar assistance.

NEW SECTION. Sec. 4. The managing director of the program may charge a fee for the services offered by the program. The fees may be based on a sliding scale but in no case shall the fees exceed the actual cost of providing these services.

NEW SECTION. Sec. 5. (1) The community partnership program may receive such gifts, grants, and endowments from any source as may be made from time to time for the activities of the program and may expend the same according to the terms of the gifts, grants, or endowments.

(2) An account known as the community partnership program account is created and all gifts, grants, endowments, and fees received for the purposes of the community partnership program shall be deposited into the account. The state treasurer is the custodian of the account. Disbursements from the account shall be on the authorization of the managing director of the program or the director's designee. Moneys from the account shall be used for carrying out the purposes of the community partnership program and all other activities deemed appropriate by the advisory committee. The fund is subject to the allotment procedure provided under chapter 43.88 RCW, but no appropriation is required for disbursements.

NEW SECTION. Sec. 6. A community partnership advisory committee is established. The governor shall appoint the committee which shall include representation of nonprofit organizations, the private sector, community action agencies, and local government agencies.

Members shall serve on the committee for a term of four years, or at the pleasure of the governor.

Sec. 7. RCW 41.06.072 and 1986 c 266 s 8 are each amended to read as follows:

In addition to the exemptions set forth in this chapter, this chapter shall not apply within the department of community development to the state historic preservation officer ~~((and))~~ up to two professional staff members within the emergency management program, and to the director of the community partnership program.

NEW SECTION. Sec. 8. Sections 2 through 6 of this act are each added to chapter 43.63A RCW.

NEW SECTION. Sec. 9. If specific funding for the purposes of this act, referencing this act by bill number, is not provided by June 30, 1991, in the omnibus appropriations act, this act shall be null and void.

ESSB 5590 Prime Sponsor, Committee on Financial Institutions & Insurance: Affecting administration of the state investment board. Reported by Committee on State Government

MAJORITY recommendation: Do pass with the following amendments:

On page 1, after line 4, strike everything after the enacting clause and insert:

NEW SECTION. Sec. 1. (1) The legislature recognizes that the state investment board is, at its own initiation, undergoing an extensive review of its organization and operation. The legislature is pleased that the scope of this review is to include an analysis of the functions, responsibilities, and salaries of board members and staff; the composition of the board and its staff; the relationship between the board, its staff, consultants, investment organizations, and other state agencies; and other issues relevant to the organizational structure and operation of the board.

(2) The legislature also acknowledges that the state investment board is undertaking a review of its entire investment strategy and will be recruiting a new executive director, incorporating the findings from the review described in subsection (1) into the recruitment process.

(3) Given the extensive review and evaluation underway concerning the board's organization, directorship, and overall investment strategy, the legislature finds that it would be imprudent at this time to make changes in the statutes governing the state investment board. Therefore, the legislature directs the state investment board to report the findings and conclusions of this extensive review to the joint committee on pension policy. The investment board shall issue this report to the joint committee no later than January 1, 1992. The joint committee on pension policy shall consider the report and make any recommendations to the legislature that it deems necessary as directed by RCW 44.44.060.

It is further the intent and purpose of this chapter to create jobs for employment of youth in litter cleanup and related activities and to stimulate and encourage small, private recycling centers. This program shall include the compatible goal of recovery of recyclable materials to conserve energy and natural resources wherever practicable. Every other department of state government and all local governmental units and agencies of this state shall cooperate with the department of ecology in the administration and enforcement of this chapter. The intent of this chapter is to add to and to coordinate existing recycling and litter control and removal efforts and not terminate or supplant such efforts.

(2) Packaging comprises a significant percentage of the overall solid waste stream;

(3) The presence of heavy metals in packaging is a part of the total concern in light of their likely presence in emissions or ash when packaging is incinerated, or in leachate when packaging is landfilled;

(4) Lead, mercury, cadmium, and hexavalent chromium, on the basis of available scientific and medical evidence, are of particular concern;

Certificates of compliance, or copies thereof, shall be furnished to the department of ecology upon request within sixty days. If manufacturers are required under any other state statute to provide a certificate of compliance, one certificate may be developed containing all required information.

If the manufacturer or supplier of the package or packaging component reformulates or creates a new package or packaging component, the manufacturer shall develop an amended or new certificate of compliance for the reformulated or new package or packaging component.

NEW SECTION. Sec. 111. Requests from a member of the public for any certificate of compliance shall be:

(1) Made in writing to the department of ecology;

PART II

CLEAN WASHINGTON CENTER

NEW SECTION. Sec. 201. (1) The legislature finds that:

(a) Recycling conserves energy and landfill space, provides jobs and valuable feedstock materials to industry, and promotes health and environmental protection;

(b) Seventy-eight percent of the citizens of the state actively participate in recycling programs and Washington currently has the highest recycling rate in the nation;

(c) The current supply of many recycled commodities far exceeds the demand for such commodities;

(d) Many local governments and private entities cumulatively affect, and are affected by, the market for recycled commodities but have limited jurisdiction and cannot adequately address the problems of market development that are complex, wide-ranging, and regional in nature; and

(e) The private sector has the greatest capacity for creating and expanding markets for recycled commodities, and the development of private markets for recycled commodities is in the public interest.

(2) It is therefore the policy of the state to create a single entity to be known as the center for recycling markets development to develop new, and expand existing, markets for recycled commodities.

NEW SECTION. Sec. 202. There is created the center for recycling markets development within the department of trade and economic development. As used in this chapter, "center" means the center for recycling markets development.

NEW SECTION. Sec. 203. The purpose of the center is to provide or facilitate basic and applied research and development, marketing assistance, public education, and policy analysis in furthering the development of markets for recycled products. As used in this chapter, market development consists of public and private activities that are used to overcome impediments preventing full use of secondary materials diverted from the waste stream, and that encourage and expand use of those materials and subsequent products. In fulfilling this mission the center shall primarily direct its services to recycling businesses, which as used in this chapter mean those businesses engaged in transforming or remanufacturing waste materials into usable or marketable materials or products for use other than landfill disposal or incineration.

NEW SECTION. Sec. 204. (1) The center's activities shall be conducted with the assistance of a policy committee. Except as otherwise provided, policy committee members shall be appointed by the directors of the department of trade and economic development and department of ecology as follows:

(a) Two representatives of the legislature, one appointed by the speaker of the house of representatives and one appointed by the president of the senate;

(b) One member to represent cities;

(c) One member to represent counties;

(d) Five private sector members to represent the end users and marketers of post consumer recovered materials;

(e) The directors of the departments of trade and economic development and ecology shall represent the executive branch as non-voting members; and

(f) Non-voting, temporary appointments to the committee can be made by the chairman where specific expertise is needed.

(2) The initial appointments of the five private sector members will be two members with three-year terms and three members with two year terms. Thereafter, members shall serve two-year renewable terms. Vacancies shall be filled by the chair with majority consent from the members.

(3) Members of the committee, exclusive of those representing the legislative or executive branches, shall be reimbursed for travel expenses as provided in RCW 43.03.050 and 43.03.060

(4) The committee shall meet at least quarterly.

(5) The chair shall be selected from among the members by a simple majority vote

(6) The committee may adopt and exercise bylaws for the regulation of its business for the purposes of this chapter.

NEW SECTION. Sec. 205. The center shall:

(1) Provide targeted business assistance to recycling businesses, including:

(a) Development of business plans;

(b) Market research and planning information;

(c) Access to financing programs;

(d) Referral and information on market conditions; and

(e) Information on new technology and product development;

(2) Negotiate voluntary agreements with manufacturers to increase the use of recycled materials in product development;

(3) Support research and development to stimulate new technologies and products using recycled materials;

(4) Undertake an integrated, comprehensive education effort directed to recycling businesses to promote processing, manufacturing, and purchase of recycled products, including:

(a) Providing information to recycling businesses on the availability and benefits of using recycled materials;

(b) Providing information and referral services on recycled material markets;

(c) Providing information on new research and technologies that may be used by local businesses and governments; and

(d) Participating in projects to demonstrate new market uses or applications for recycled products;

(5) Assist the departments of ecology and general administration in the development of consistent definitions and standards on recycled content, product performance, and availability;

(6) Undertake studies on the unmet capital needs of reprocessing and manufacturing firms using recycled materials;

(7) Undertake and participating in marketing promotions for the purposes of achieving expanded market penetration for recycled content products;

(8) Coordinate with the department of ecology to ensure that the education programs of both are mutually reinforcing, with the center acting as the lead entity with respect to recycling businesses, and the department as the lead entity with respect to the general public and retailers; and

(9) Develop an annual work plan. The plan shall describe actions and recommendations for developing markets for commodities comprising a significant percentage of the waste stream and having potential for use as an industrial or commercial feedstock. The plan shall specify amounts, types, sources, and end uses of recycled material targeted for remanufacture, and shall show the budgeted expenses associated with each commodity. The initial plan shall, at a minimum, address mixed waste paper, waste

tires, yard and food waste, and plastics. The center shall submit its annual work plan to the legislature by December 1st of each year.

NEW SECTION. Sec. 206. In order to carry out its responsibilities under this chapter, the center may:

(1) Receive such gifts, grants, funds, fees, and endowments, in trust or otherwise, for the use and benefit of the purposes of the center. The center may expend the same or any income therefrom according to the terms of the gifts, grants, or endowments;

(2) Initiate, conduct, or contract for studies and searches relating to market development for recyclable materials, including but not limited to applied research, technology transfer, and pilot demonstration projects;

(3) Obtain and disseminate information relating to market development for recyclable materials from other state and local agencies;

(5) Provide grants to local governments or other public institutions to further the development of recycling markets;

(6) Provide business and marketing assistance to public and private sector entities within the state; and

(7) Evaluate, analyze, and make recommendations on state policies that may affect markets for recyclable materials.

NEW SECTION. Sec. 207. The center shall solicit financial contributions and support from manufacturing industries and other private sector sources, foundations, and grants from governmental sources to assist in conducting its activities. It may also use separately appropriated funds of the department of trade and economic development for the center's activities.

NEW SECTION. Sec. 208. The center may appoint advisory committees to assist in the development or implementation of the work plan.

NEW SECTION. Sec. 209. Section headings as used in this chapter do not constitute any part of the law.

NEW SECTION. Sec. 210. A new section is added to chapter 70.93 RCW to read as follows:

There is created an account within the state treasury to be known as the clean Washington account. Moneys deposited in the clean Washington account shall be subject to appropriation and shall be used for the administration and implementation of the center for recycling markets development established under section 204 of this act.

~~((6))~~ (8) "Lien holder" means a person who, by statute, has acquired a lien on the property of the lien debtor, or such person's successor in interest.

Sec. 2. RCW 60.11.020 and 1986 c 242 s 2 are each amended to read as follows:

(1) A landlord whose lease or other agreement with the tenant provides for cash rental payment shall have a lien upon all crops grown upon the demised land in which the landlord has an interest for no more than one year's rent due or to become due within six months following harvest. A landlord with a crop share agreement has an interest in the growing crop which shall not be encumbered by crop liens except as provided in subsections (2) and (3) of this section.

(2) A landlord shall have a lien upon all crops for which the supplies are used or applied to secure payment of the purchase price of the supplies and/or services performed: PROVIDED, That the landlord's interest in the crop shall only be subject to the lien for the amount obligated to be paid by the landlord if prior written consent of the landlord is obtained or if the landlord has agreed in writing with the tenant to pay or be responsible for a portion of the supplies and/or services provided by the lien holder.

(3) A handler shall have a lien on all orchard crops delivered by the lien debtor or another handler to the handler and on all proceeds of the orchard crops for: (a) All customary charges for the ordinary and necessary handling of the crop, including but not limited to charges for transporting, receiving, inspecting, materials and supplies furnished, washing, waxing, sorting, packing, storing, promoting, marketing, selling, advertising, insuring, or otherwise handling the lien debtor's crop; and (b) reasonable cooperative per unit retainages, and for all governmental or quasi-governmental assessments imposed by statute, ordinance, or government regulation. Charges shall not include direct or indirect advances or extensions of credit to lien debtor.

Sec. 3. RCW 60.11.030 and 1986 c 242 s 3 are each amended to read as follows:

(1) Upon filing, the liens described in RCW 60.11.020 (1) and (2) shall attach to the crop for all sums then and thereafter due and owing the lien holder and shall continue in all identifiable cash proceeds of the crop.

(2) Upon the delivery of an orchard crop by the lien debtor, without the necessity of filing, the lien for charges as set forth in RCW 60.11.020(3) shall attach to the delivered crop and shall continue in both the crop and all proceeds of the crop.

Sec. 4. RCW 60.11.040 and 1989 c 229 s 1 are each amended to read as follows:

(1) Except as provided in subsection (4) of this section with respect to the lien of a landlord, and except for the lien of a handler as provided in RCW 60.11.020(3), any lien holder must after the commencement of delivery of such supplies and/or of provision of such services, but before the completion of the harvest of the crops for which the lien is claimed, or in the case of a lien for furnishing work or labor within twenty days after the cessation of the work or labor for which the lien is claimed: (a) File a statement evidencing the lien with the department of licensing; and (b) if the lien holder is to be allowed costs, disbursements, and attorneys' fees, mail a copy of such statement to the last known address of the debtor by certified mail, return receipt requested, within ten days.

(2) The statement shall be in writing, signed by the claimant, and shall contain in substance the following information:

- (a) The name and address of the claimant;
- (b) The name and address of the debtor;
- (c) The date of commencement of performance for which the lien is claimed;
- (d) A description of the labor services, materials, or supplies furnished;
- (e) A description of the crop and its location to be charged with the lien sufficient for identification; and
- (f) The signature of the claimant.

(3) The department of licensing may by rule prescribe standard filing forms, fees, and uniform procedures for filing with, and obtaining information from, filing officers, including provisions for filing crop liens together with financing statements filed pursuant to RCW 62A.9-401 so that one request will reveal all filed crop liens and security interests.

(4) Any landlord claiming a lien under this chapter for rent shall file a statement evidencing the lien with the department of licensing. A lien for rent claimed by a landlord pursuant to this chapter shall be effective during the term of the lease for a period of up to five years. A landlord lien covering a lease term longer than five years may be refiled in accordance with RCW 60.11.050(~~((4))~~) (5). A landlord who has a right to a share of the crop may place suppliers on notice by filing evidence of such interest in the same manner as provided for filing a landlord's lien.

Sec. 5. RCW 60.11.050 and 1986 c 242 s 5 are each amended to read as follows:

(1) Except as provided in subsections (2), (3), (~~and~~) (4), and (5) of this section, conflicting liens and security interests shall rank in accordance with the time of filing.

(2) The lien created in RCW 60.11.020(2) in favor of any person who furnishes any work or labor upon the land of the grower or landowner shall be preferred and prior to

any other lien or security interest upon the crops to which they attach including the liens described in subsections (3) ~~((and))~~, (4), and (5) of this section.

(3) The lien created in RCW 60.11.020(3) in favor of handlers is preferred and prior to a lien or security interest described in subsection (4) or (5) of this section and to any other lien or security interest upon the crops to which they attach except the liens in favor of a person who furnishes work or labor upon the land of the grower or landlord. Whenever more than one handler holds a handler's lien created by RCW 60.11.020(3) in the same crop, unless the affected parties otherwise agree in writing, the later of the liens to attach has priority over all previously attached handlers' liens.

(4) A lien or security interest in crops otherwise entitled to priority pursuant to subsection (1) of this section shall be subordinate to a later filed lien or security interest incurred to produce the crop to the extent that obligations secured by such earlier filed security interest or lien were not incurred to produce such crops.

~~((4))~~ (5) A lien or security interest in crops otherwise entitled to priority pursuant to subsection (1) of this section shall be subordinate to a properly filed landlord's lien. A landlord's lien shall retain its priority if refiled within six months prior to its expiration.

Sec. 6. RCW 60.11.140 and 1986 c 242 s 14 are each amended to read as follows:

(1) Whenever the total amount of the lien has been fully paid, the lien holder filing a lien shall, within fifteen days following receipt of full payment, file its lien termination statement with the department of licensing. Failure to file a lien termination statement by the lien holder or the assignee of the lien holder shall cause the lien holder or its assignee to be liable to the debtor for the attorneys' fees and costs incurred by the debtor to have the lien terminated together with damages incurred by the debtor due to the failure of the lien holder to terminate the lien.

(2) There shall be no charge by the department of licensing for entering the lien termination statement and indexing the same and returning a copy of the lien termination statement stamped as "filed" with the filing date thereon.

(3) The department of licensing may enter the lien termination statement on microfilm or other photographic record and destroy all originals of the lien and lien satisfaction filed with him or her.

Sec. 7. RCW 62A.9-310 and 1986 c 242 s 16 are each amended to read as follows:

(1) When a person in the ordinary course of his business furnishes services or materials with respect to goods subject to a security interest, a lien upon goods in the possession of such person given by statute or rule of law for such materials or services takes priority over a perfected security interest only if the lien is statutory and the statute expressly provides for such priority.

(2) A preparer lien or processor lien properly created pursuant to chapter 60.13 RCW or a depositor's lien created pursuant to chapter 22.09 RCW takes priority over any perfected or unperfected security interest.

(3) Conflicting priorities between ~~((nonpossessory))~~ crop liens created under chapter 60.11 RCW and security interests shall be governed by chapter 60.11 RCW.

These actions substantially disrupt or damage research and result in the potential loss of physical and intellectual property. Therefore, it is in the interest of the people of the state of Washington to protect the welfare of humans and animals, as well as the productive use of private or public funds, to promote and protect scientific and medical research, foster education, and preserve and enhance agricultural production.

(2) Any person or organization that plans or participates in, or assists in the development or execution of a plan to commit an intentional tort covered by subsection (1) of this section shall be liable for damages to the same extent as those who execute the plan, regardless of whether the intentional tort is carried out as planned.

(3) In any case where damages are awarded under this section, the court shall award to the plaintiff all costs of the litigation, including reasonable attorneys' fees, investigation costs, and court costs, and shall impose on any liable party a civil fine of not to exceed one hundred thousand dollars to be paid to the plaintiff.

NEW SECTION. Sec. 6. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

SSB 5639 Prime Sponsor, Committee on Ways & Means: Creating the Pacific Northwest export assistance project. Reported by Committee on Trade & Economic Development

MAJORITY recommendation: Do pass with the following amendments: Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature finds:

(1) The exporting of value-added manufactured goods, which for the purposes of sections 1 through 5 of this act shall include processed food and agricultural products, from Washington state and the Pacific Northwest region to international markets is vitally important for the public good, for maintaining our high standard of living, keeping our business community competitive in global markets, and in providing secure family-supporting jobs for our citizens.

(2) Comprehensive export assistance programs should be managed in a proactive, aggressive, and consistent manner to provide small manufacturers with easily accessible contacts, information, and services.

(3) Washington state must improve the coordination of various export promotion programs and develop new, targeted, trade promotion services.

(4) International marketing education, language training, and cultural awareness are vitally important for the success of international export initiatives.

(5) Impediments to the entry of many small and medium-sized manufacturers into export markets have restricted growth in exports from Washington state and the Pacific Northwest region.

(6) Small and medium-sized manufacturers relatively new to exporting with gross annual revenues less than twenty-five million dollars require a comprehensive public export assistance program designed specifically to devise and manage complete introductory export strategies and secure export financing and credit guarantees. This comprehensive program for small and medium-sized manufacturers shall complement existing export assistance services offered by the department of trade and economic development and the Washington state department of agriculture by working with them in a close, cooperative, and strategic manner to promote the sale of Washington state products abroad.

(7) There is a need for a Pacific Northwest export assistance project which will specialize in providing comprehensive export assistance to small and medium-sized manufacturers relatively new to exporting throughout the state in acquiring international business information, designing and managing introductory export strategies, and in securing company specific financing and credit guarantees for exporting.

(8) It is the intent of the legislature to establish the Pacific Northwest export assistance project as a comprehensive export program within the department of trade and economic development. The department shall work with the small business export finance assistance center to insure that the project complements the center's efforts to assist businesses in securing financing and credit guarantees for export transactions. The department shall consult with the center about the project, and may contract with the center, in order to take full advantage of the center's expertise and experience in providing export finance assistance.

(9) The economic health of our neighboring states and provinces has a direct impact on commercial activity in Washington state. Washington's ports, private export management firms, commercial banking institutions, business community at large, and consumers rely on strong exporting sectors in our neighboring states and provinces to stimulate business activity in Washington state. It is in the best interest of Washington state, and each state and province in the Pacific Northwest region, to work cooperatively in building a strong and competitive exporting base of value-added manufacturing businesses.

NEW SECTION. Sec. 2. The Pacific Northwest export assistance project is hereby created within the department of trade and economic development for the following purposes:

(1) To assist small to medium-sized manufacturers relatively new to exporting with gross annual revenues less than twenty-five million dollars with comprehensive services for designing and managing introductory export strategies and in securing financing and credit guarantees for export transactions;

(2) To provide, in cooperation with the export promotion services offered by the small business export finance assistance center and the Washington state department of agriculture, information and assistance to businesses with gross annual revenues less than twenty-five million dollars about the methods and procedures of structuring company specific export financing and credit guarantee alternatives; or

(3) To provide information to their clients about opportunities in organizing cooperative export networks, foreign sales corporations, or export trading companies under the United States export trading company act of 1982, for the purpose of increasing their comparative sales volume and ability to export their products to foreign markets.

NEW SECTION. Sec. 3. (1) The department of trade and economic development has the following powers and duties when exercising its authority regarding the Pacific Northwest export assistance project:

(a) Solicit and accept grants, contributions, and any other financial assistance from the federal government, federal agencies, and any other public or private sources to fund the activities of the Pacific Northwest export assistance project;

(b) Offer comprehensive export assistance and counseling to manufacturers relatively new to exporting with gross annual revenues less than twenty-five million dollars. As close to ninety percent as possible of each year's new cadre of project clients must have gross annual revenues of less than five million dollars at the time of their initial contract. Counseling may include, but not be limited to, helping clients obtain debt or equity financing, in constructing competent proposals, and assessing federal guarantee and/or insurance programs that underwrite exporting risk; assisting clients in evaluating their international marketplace by developing marketing materials, assessing and selecting targeted markets; assisting firms in finding foreign customers by conducting foreign market research, evaluating distribution systems, selecting and assisting in identification of and/or negotiations with foreign agents, distributors, retailers, and by promoting products through attending trade shows abroad; advising companies on their products, guarantees, and after sales service requirements necessary to compete effectively in a foreign market; designing a competitive strategy for a firm's products in targeted markets and methods of minimizing their commercial and political risks; securing for clients specific assistance as needed, outside the department's field of expertise, by referrals to other public or private organizations. The Pacific Northwest export assistance project shall focus its efforts on facilitating export transactions for its clients, and in doing so, provide such technical services as are appropriate to accomplish its mission either with staff or outside consultants;

(c) Sign three-year counseling agreements with its clients that provide for termination if adequate funding for the Pacific Northwest export assistance project is not provided in future appropriations. Counseling agreements shall not be renewed unless there are compelling reasons to do so, and under no circumstances shall they be renewed for more than two additional years. A counseling agreement may not be renewed more than once. The counseling agreements shall have mutual performance clauses, that if not met, will be grounds for releasing each party, without penalty, from the provisions of the agreement. Clients shall be immediately released from a counseling agreement with the Pacific Northwest export assistance project, without penalty, if a client wishes to switch to a private export management service and produces a valid contract signed with a private export management service, or if the director of the department of trade and economic development determines there are compelling reasons to release a client from the provisions of the counseling agreement;

(d) May contract with private or public international trade education services to provide Pacific Northwest export assistance project clients with training in international business. The director of the department of trade and economic development shall decide the amount of funding allocated for educational services based on the availability of resources in the operating budget of the budget of the Pacific Northwest export assistance project;

(e) May contract with the Washington state international trade fair to provide services for Pacific Northwest export assistance project clients to participate in one trade show annually. The director of the department of trade and economic development shall decide the amount of funding allocated for trade fair assistance based on the availability of resources in the operating budget of the Pacific Northwest export assistance project;

(f) Provide biennial assessments of the Pacific Northwest export assistance project's performance. The Pacific Northwest export assistance project is an innovative program for the promotion of international trade. As such, the project personnel shall work with the department of revenue and employment security department to confidentially track the performance of the project's clients in increasing tax revenues to the state, increasing gross sales revenues and volume of products destined to foreign clients, and in creating new jobs for Washington citizens. A biennial report shall be prepared for the governor and legislature to assess the costs and benefits to the state from creating the project. The director of the department of trade and economic development shall design an

appropriate methodology for biennial assessments in consultation with the director of the Washington state department of agriculture. The department of revenue and the employment security department shall provide data necessary to complete this biennial evaluation, if the data being requested is available from existing data bases. Client-specific information generated from the files of the department of revenue and the employment security department for the purposes of this evaluation shall be kept strictly confidential by each department;

(g) Take whatever action may be necessary to accomplish the purposes set forth in sections 1 through 5 of this act; and

(h) Limit its assistance to promoting the exportation of value-added manufactured goods. The project shall not provide counseling or assistance, under any circumstances, for the importation of foreign made goods into the United States.

(2) The Pacific Northwest export assistance project shall not, under any circumstances, assume ownership or take title to the goods of its clients.

(3) The Pacific Northwest export assistance project may not use any Washington state funds which come from the public treasury of the state of Washington to make loans or to make any payment under a loan guarantee agreement.

(4) The Pacific Northwest export assistance project shall make every effort to seek nonstate funds to supplement its operations.

(5) The Pacific Northwest export assistance project shall take whatever steps are necessary to provide its services, if requested, to the states of Oregon, Idaho, Montana, Alaska, and the Canadian provinces of British Columbia and Alberta. Interstate services shall not be provided by the Pacific Northwest export assistance project during its first biennium of operation. The provision of services may be temporary and subject to the payment of fees, or each state may request permanent services contingent upon a level of permanent funding adequate for services provided. Temporary services and fees may be negotiated by the director of the department of trade and economic development. The director of the department of trade and economic development may enter into negotiations with neighboring states to contract for delivery of the project's services. Final contracts for providing the project's counseling and services outside of the state of Washington on a permanent basis shall be subject to approval of the governor and appropriate legislative oversight committees.

(6) The department of trade and economic development may receive such gifts, grants, and endowments from public or private sources as may be made from time to time, in trust or otherwise, for the use and benefit of the purposes of the Pacific Northwest export assistance project and expend the same or any income therefrom according to the terms of the gifts, grants, or endowments.

(7) The department of trade and economic development may use the following formula in determining the number of clients that can be reasonably served by the Pacific Northwest export assistance project relative to its appropriation. Divide the amount appropriated for administration of the Pacific Northwest export assistance project by the marginal cost of adding each additional Pacific Northwest export assistance project client. For the purposes of this calculation, and only for the first biennium of operation, the biennial marginal cost of adding each additional Pacific Northwest export assistance project client shall be fifty-seven thousand ninety-five dollars. The biennial marginal cost of adding each additional client after the first biennium of operation shall be established from the actual operating experience of the Pacific Northwest export assistance project.

(8) All receipts from the Pacific Northwest export assistance project shall be deposited into the general fund.

NEW SECTION. Sec. 4. The department of trade and economic development shall adopt rules under chapter 34.05 RCW as necessary to carry out the purposes of sections 1 through 5 of this act.

NEW SECTION. Sec. 5. The Pacific Northwest export assistance project fund is created in the custody of the state treasurer. Expenditures from the fund may be used only for the purposes of funding the services of the Pacific Northwest export assistance project under this chapter. Only the director of the department of trade and economic development or the director's designee may authorize expenditures from the fund. Funding appropriated by the state of Washington shall not be used to provide services to other states or provinces. The fund is subject to allotment procedures under chapter 43.88 RCW, but no appropriation is required for expenditures.

NEW SECTION. Sec. 6. Sections 1 through 5 of this act are each added to chapter 43.31 RCW.

NEW SECTION. Sec. 7. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately.

NEW SECTION. Sec. 8. If specific funding for the Pacific Northwest export assistance project, referencing this act by bill number, is not provided by June 30, 1991, in the omnibus appropriations act, this act shall be null and void.

NEW SECTION. Sec. 9. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

On page 1, line 2 of the title, after "center;" strike the remainder of the title and insert "adding new sections to chapter 43.31 RCW; creating a new section; and declaring an emergency."

NEW SECTION. Sec. 1. It is the purpose of this chapter to regulate certain adult entertainment businesses to promote the health, safety, and welfare of the citizens of the state of Washington. (e) The person, or his or her marital community, furnishes ten percent or more of the capital, whether in cash, goods, or services, for the operation of the business during any calendar year.

NEW SECTION. Sec. 3. (1) It is a gross misdemeanor for a person to own, operate, or manage, or act as the agent for one who owns, operates, or manages, an adult entertainment business in the state of Washington unless the person has obtained a business license pursuant to this chapter.

(2) It is a gross misdemeanor for a performer to appear nude or seminude in an adult entertainment business unless the performer has obtained a performer's license pursuant to this chapter.

NEW SECTION. Sec. 4. (1) Each owner, operator, manager, or agent of a business must obtain and maintain a separate business license.

(2) An application for a business license must be made on a form provided by the department. The applicant shall provide: (a) The name, address, phone number, and date of birth of the applicant; (b) two passport-size color photographs of the applicant; (c) the applicant's principal occupation; (d) a description of the proposed establishment; (e) the nature of the proposed business; (f) the trade name of the proposed business; (g) location of the proposed business; and (h) such other information as the department may require by rule.

(3) At the time of applying, the applicant shall post notice of the application at the proposed business location in a form and manner as required by the department by rule.

NEW SECTION. Sec. 5. (1) The department shall grant or refuse a business license in accordance with this chapter.

(2) Every business license shall be issued in the name of the applicant or applicants, and the holder of a license shall not allow any other person to use it.

(3) No business license may be issued to:

(a) An individual, partnership, or corporation, unless qualified to obtain a business license, as provided in this chapter;

(b) An applicant whose business is conducted by a manager or agent, unless the manager or agent possesses the same qualifications as are required of the business licensee;

(c) A corporation, unless it was created under the laws of the state of Washington or holds a certificate of authority to transact business in the state of Washington;

(d) An applicant who is under eighteen years of age;

(e) An applicant who has failed to provide information reasonably necessary for issuance of the business license or who has falsely answered a question or request for information on the application form; or

(f) An applicant who has proposed the location of the business within a zone where such use is prohibited by state or local authority.

(4) Upon receipt of an application for a business license, the department shall give notice of the application to the chief executive officer of the incorporated city or town, if the application is for a business license within an incorporated city or town, or to the county legislative authority, if the application is for a business license outside the boundaries of incorporated cities or towns, or to all the appropriate executive officers in the case of a regional adult entertainment business plan. Upon the granting of a business license under this chapter the department shall send a duplicate of the license or written notification to the chief executive officer of the incorporated city or town in which the license is granted, or to the county legislative authority if the license is granted outside the boundaries of incorporated cities or towns, or to all chief executive officers of impacted cities, towns, or counties participating in a regional adult entertainment business plan.

(5)(a) Except as set forth in (b) of this subsection, the department shall not issue an initial business license covering any premises, if at the time the initial license is to be issued the premises are within a buffer zone of one thousand feet surrounding any residential zone, single or multifamily dwelling, church, park, playground, day care center, or elementary or secondary school. The one thousand feet shall be measured on a straight line between the closest points of the property on which the premises are located and the property of the residential zone, dwelling, church, park, playground, day care center, or school. For the purpose of this section, church means a building erected for and used exclusively for religious worship and schooling or other activity in connection with the worship and schooling. The department may rely on the measurements of the relevant local jurisdictions in determining the boundaries of a buffer zone.

(b) The legislative authority of a city, town, or county:

(i) Shall establish a buffer zone less than that established in (a) of this subsection if the legislative authority finds (A) that the adverse secondary effects of adult entertainment businesses on public health, safety, or welfare would not be greater as a result of the smaller buffer zone or (B) that failure to establish a smaller buffer zone will effectively prohibit any adult entertainment business in the city, town, or county and there is no regional agreement with neighboring cities, towns, or counties that provides adequate opportunities for such businesses; or

(ii) May establish a buffer zone greater than that established in (a) of this subsection if the legislative authority finds (A) that the adverse secondary effects of adult entertainment businesses on public health, safety, or welfare would not be reasonably and effectively mitigated without the larger buffer zone and (B) that establishing a larger buffer zone will not effectively prohibit any adult entertainment business in the city, town,

or county, or that there is a regional agreement with neighboring cities, towns, or counties that provides adequate opportunities for such businesses.

(c) If the location requirements established pursuant to this chapter effectively preclude location of adult entertainment businesses within a city, town, or county, such city, town, or county shall join with neighboring cities, towns, or counties in a regional adult entertainment business location plan in order to provide reasonable opportunity for location of adult entertainment businesses in the regional area.

NEW SECTION. Sec. 6. (1) The department may, subject to the provisions of this chapter and as provided by rule, suspend or cancel a business license; and all rights of the licensee under this chapter shall be suspended or terminated, as the case may be.

(2) Upon receipt of notice of the suspension or cancellation of a business license, the licensee shall forthwith deliver the license to the department. Where the business license has been suspended only, the department shall return the license to the licensee at the expiration or termination of the period of suspension.

NEW SECTION. Sec. 7. (1) Every business license issued under this chapter is subject to all conditions and restrictions imposed by this chapter. All conditions and restrictions imposed by the department in the issuance of an individual business license shall be listed on the face of the individual license along with the trade name, address, and expiration date.

(2) Every business licensee shall post and keep posted its license in a conspicuous place on the premises.

NEW SECTION. Sec. 8. The department shall not issue a business license to a transferee until the transferee has applied for and received a business license under this chapter.

NEW SECTION. Sec. 9. (1)(a) At the time of the original issuance of a business license, the department shall prorate the license fee charged to the new licensee according to the number of calendar quarters, or portion thereof, remaining until the first renewal of that license is required.

(b) Unless canceled sooner, every business license issued by the department shall expire at midnight of the thirtieth day of June of the fiscal year for which it was issued. However, if the department deems it feasible and desirable to do so, it may establish, by rule pursuant to chapter 34.05 RCW, a system for staggering the annual renewal dates for business licenses. If such a system of staggered annual renewal dates is established by the department, the business license fees provided by this chapter shall be appropriately prorated during the first year that the system is in effect.

(2) The adult entertainment business license fee shall be established under RCW 43.24.086, but shall be at least seven hundred fifty dollars per annum, and shall be paid at the time of application. One-half of the fee shall be refunded if the application is withdrawn prior to a denial of the license by the department.

NEW SECTION. Sec. 10. (1) The holder of a business license may not assign or transfer the license, except that a transfer may be made to the surviving spouse of a deceased licensee if the transferor and transferee were maintaining a marital community and the license was issued in the name of one or both of them.

(2) A change in an owner or operator of a licensed business or a change in the manager or agent of a business must be reported to the department within thirty days, and any new owner, operator, manager, or agent must meet the requirements of section 5 of this act. The department shall charge a fee established under RCW 43.24.086 that is at least seventy-five dollars for the processing of a change in an owner, operator, manager, or agent.

NEW SECTION. Sec. 11. The department in suspending a business license may further provide in the order of suspension that such suspension shall be vacated upon payment to the department by the licensee of a monetary penalty in an amount fixed by the department but not to exceed ten thousand dollars.

NEW SECTION. Sec. 12. (1)(a) An application for a performer's license must be made on a form provided by the department. The performer shall provide the following: (i) The performer's name, including all aliases, address, phone number, and date of birth; (ii) two passport-size color photographs of the performer; (iii) principal occupation; (iv) the name and address of any business, if known, at which the performer will perform; and (v) such other information as the department may require by rule.

(b) Identifying information provided by an applicant under this subsection is exempt from public disclosure, and the department shall not disclose such information except to the extent necessary to carry out its responsibilities under this chapter, or to comply with a request from another governmental entity, or to comply with a court order.

(2) No performer's license may be issued to:

(a) A performer who is under eighteen years of age;

(b) A performer who has failed to provide information reasonably necessary for issuance of the license or has falsely answered a question or request for information on the application form.

(3) The performer's license fee shall be established under RCW 43.24.086, but shall be at least seventy-five dollars per annum and shall be paid at the time of application. One-half of the fee shall be refunded if the application is withdrawn prior to denial of the license by the department.

(4) Every performer shall keep his or her performer's license on the premises while performing.

NEW SECTION. Sec. 13. Every business licensed under section 5 of this act shall file monthly reports with the department pursuant to rule. The reports shall include the following: (1) The name, address, and date of birth of all performers appearing nude or seminude during the month; and (2) such further information as the department may require.

NEW SECTION. Sec. 14. An action, order, or decision of the department as to a denial of an application for the issuance or renewal of a business or performer's license or as to a revocation, suspension, or modification of a license is subject to the applicable provisions of chapter 34.05 RCW.

(1) An opportunity for a hearing must be provided a licensee prior to a revocation or modification of a business or performer's license and, except as provided in subsection (3) of this section, prior to the suspension of a license.

(2) No hearing shall be required until demanded by the applicant or licensee.

(3) The department may summarily suspend a business or performer's license for a period of up to thirty days without a prior hearing if it finds that public health, safety, or welfare imperatively requires emergency action, and incorporates a finding to that effect in its order; and proceedings for revocation or other action must be promptly instituted and determined.

NEW SECTION. Sec. 15. No provision in this chapter limits the authority of cities, towns, and counties from further regulating adult entertainment businesses as to hours of operation, location of premises, or manner of operation.

The provisions of this chapter relating to the licensing of any adult entertainment business shall not be exclusive and any city, town, or county within whose jurisdiction the adult entertainment business is located may require any registrations or licenses, or charge any fee for the same or similar purpose; and nothing in this chapter shall limit or abridge the authority of any city, town, or county to levy and collect a general and nondiscriminatory license fee levied upon all businesses, or to levy a tax based upon gross business conducted by any firm within the city, town, or county.

NEW SECTION. Sec. 16. The director has the following authority:

(1) To adopt, amend, or repeal such rules as are deemed necessary to carry out this chapter;

(2) To investigate all complaints or reports of conduct in violation of this chapter and to hold hearings as provided in this chapter;

(3) To issue subpoenas and administer oaths in connection with any investigation, hearing, or proceeding held under this chapter;

(4) To take or cause depositions to be taken and use other discovery procedures as needed in any investigation, hearing, or proceeding held under this chapter;

(5) To compel attendance of witnesses at hearings;

(6) To take emergency action ordering summary suspension of a business or performer's license, or restriction or limitation of the licensee's practice pending further disciplinary action under section 21 of this act;

(7) To use the office of administrative hearings as authorized in chapter 34.12 RCW to conduct hearings. However, the director or the director's designee shall make the final decision in the hearing;

(8) To enter into contracts for professional services determined to be necessary for adequate enforcement of this chapter;

(9) To grant or deny business or performer's license applications, and to impose any sanction against a license applicant or license holder provided by this chapter;

(10) To establish or increase in accordance with RCW 43.24.086 business and performer's license fees above the minimum set by this chapter;

(11) To enter into an assurance of discontinuance in lieu of issuing a statement of charges or conducting a hearing. The assurance shall consist of a statement of the law in question and an agreement not to violate the stated provision. The applicant or license holder shall not be required to admit to any violation of the law, nor shall the assurance be construed as such an admission. Violation of an assurance under this subsection is grounds for disciplinary action;

(12) To designate individuals authorized to sign subpoenas and statements of charges; and

(13) To employ such investigative, administrative, and clerical staff as necessary for the enforcement of this chapter.

NEW SECTION. Sec. 17. A person, including but not limited to a customer, licensee, corporation, organization, or state or local governmental agency, may submit a written complaint to the department charging a business or performer's license holder or applicant with a violation of this chapter. If the department determines that the complaint merits investigation, or if the department has reason to believe, without a formal complaint, that a license holder or applicant may have violated this chapter, the department may investigate to determine whether there has been a violation. A person who files a complaint under this section in good faith is immune from suit in any civil action related to the filing or contents of the complaint.

NEW SECTION. Sec. 18. (1) If the department determines, upon investigation pursuant to section 17 of this act, that there is reason to believe a violation of this chapter has occurred, a statement of charge or charges may be prepared and served upon the business or performer's license holder or applicant. The statement of charge or charges shall be accompanied by a notice that the license holder or applicant may request a hearing to contest the charge or charges. The license holder or applicant must file a request for hearing with the department within twenty days after being served the statement of charges. The failure to request a hearing constitutes a default, upon which the director or the director's designee may enter an order pursuant to RCW 34.05.440(1).

(2) If a hearing is requested, the time of the hearing shall be scheduled but the hearing shall not be held earlier than thirty days after service of the charges upon the license holder or applicant. A notice of hearing shall be issued at least twenty days prior to the hearing, specifying the time, date, and place of the hearing.

NEW SECTION. Sec. 19. The procedures governing adjudicative proceedings before agencies under chapter 34.05 RCW, the administrative procedure act, govern all hearings requested under section 18 of this act.

NEW SECTION. Sec. 20. (1) Upon a finding that a business or performer's license holder or applicant has engaged in conduct or violated conditions that are grounds for denial of a license or for disciplinary action under section 21 of this act, the director may issue an order providing for one or any combination of the following:

- (a) Revocation of the license;
 - (b) Suspension of the license for a fixed or indefinite term;
 - (c) Censure or reprimand;
 - (d) Compliance with conditions of probation for a designated period of time;
 - (e) Payment of a fine for each violation of this chapter, not to exceed one thousand dollars per violation, which shall be paid to the department;
 - (f) Denial of the license request.
- (2) Any of the actions under this section may be totally or partly stayed by the director. All costs associated with compliance with orders issued under this section are the obligation of the license holder or applicant.

NEW SECTION. Sec. 21. The following conduct, acts, or conditions, constitute grounds for denial of a license or for disciplinary action against any business or performer's license holder or applicant under the jurisdiction of this chapter:

(1) With respect to a license holder, commission of an act that constitutes an obscenity or pornography offense under chapter 9.68 RCW, a sexual exploitation of children offense under chapter 9.68A RCW, a sexual offense under chapter 9A.44 RCW, a prostitution or indecent exposure offense under chapter 9A.88 RCW, or a substantially similar ordinance adopted by the legislative authority of a city, town, or county or other state statute. Conviction in a criminal proceeding is not a condition precedent to disciplinary action under this section. Upon a conviction, however, the judgment and sentence is conclusive evidence at an ensuing disciplinary hearing of the guilt of the license holder or applicant of the crime described in the indictment or information, and of the person's violation of the statute on which it is based. For the purposes of this section, conviction includes a plea of guilty or nolo contendere and also includes all sentence deferrals or suspensions;

(2) Misrepresentation or concealment of a material fact in obtaining a license or in license reinstatement;

(3) All advertising that is false, fraudulent, or misleading;

(4) Failure to cooperate with the department in the conduct of an investigation by:

(a) Not furnishing any requested papers or documents;

(b) Not furnishing in writing a full and complete explanation regarding the matter under investigation; or

(c) Not responding to subpoenas issued by the director, whether or not the recipient of the subpoena is the subject of the investigation;

(5) Failure to comply with an order issued by the director or an assurance of discontinuance entered into with the director;

(6) Aiding and abetting an unlicensed person to own or operate a business or to perform when a license is required;

(7) Interference with an investigation or disciplinary proceeding by willful misrepresentation of facts before the director or the director's authorized representative, or by the use of threats or harassment against any witness to prevent him or her from providing evidence in a disciplinary proceeding or any other legal action;

(8) Violating this chapter or any rule adopted pursuant to this chapter.

NEW SECTION. Sec. 22. (1) The director may investigate complaints under this chapter concerning ownership or operation of a business without a license or performing without a license. In the investigation of the complaints, the director shall have the same

authority as provided the director under section 16 of this act. The director may issue a cease and desist order to a person after notice and hearing and upon a determination that the person has owned or operated a business without a license, or has performed without a license, in violation of this chapter. If the director makes a written finding of fact that the public interest will be irreparably harmed by delay in issuing an order, the director may issue a temporary cease and desist order before the notice and hearing. A cease and desist order does not relieve the person so owning or operating a business or performing without a license from criminal prosecution. The remedy of a cease and desist order is in addition to any criminal liability. A cease and desist order is conclusive proof of unlicensed practice and may be enforced through remedial sanctions under chapter 7.21 RCW. Enforcement of the cease and desist order under chapter 7.21 RCW may be used in addition to, or as an alternative to, any provisions for enforcement of agency orders set out in chapter 34.05 RCW.

(2) The attorney general, a county prosecuting attorney, the department, or any person may, in accordance with the law of this state governing injunctions, maintain an action to enjoin any person owning or operating a business, or performing, without a license required by this chapter from continuing such ownership, operation, or performing until the required license is secured. However, an injunction does not relieve a person from criminal prosecution and the remedy by injunction is in addition to any criminal liability.

NEW SECTION. Sec. 23. A person or business that violates an injunction issued under this chapter shall pay a civil penalty, as determined by the court, of not more than twenty-five thousand dollars, which shall be paid to the department. For the purpose of this section, the superior court issuing any injunction shall retain jurisdiction and the cause shall be continued, and in such cases the attorney general acting in the name of the state may petition for the recovery of civil penalties.

NEW SECTION. Sec. 24. (1) The director or individuals acting on the director's behalf are immune from suit in any civil or criminal action based on any disciplinary proceedings or other official acts performed in the course of their duties in the administration and enforcement of this chapter.

(2) Legislative authorities of cities, towns, and counties are immune from suit in any civil or criminal action based on any official acts performed in the course of their duties in the administration or enforcement of this chapter.

In any challenge to location, distance, or conduct requirements imposed by the legislative authority of a city, town, or county pursuant to this chapter, the legislative authority may request that the state assume some or all of the obligation to defend the constitutionality of this chapter. The attorney general may grant or deny the request. Nothing in this chapter creates any state liability for actions of a city, town, or county.

NEW SECTION. Sec. 25. Existing adult entertainment businesses are exempt from any location restrictions imposed by this chapter until January 1, 1995.

NEW SECTION. Sec. 26. It is a gross misdemeanor for any person to permit any person under the age of eighteen on the premises of any adult entertainment business under his or her control.

NEW SECTION. Sec. 27. It is a class C felony for any person to employ or permit any person under the age of eighteen to appear nude or seminude on the premises of any adult entertainment business under his or her control.

NEW SECTION. Sec. 28. Sections 1 through 27 of this act shall constitute a new chapter in Title 18 RCW.

NEW SECTION. Sec. 29. A new section is added to chapter 43.43 RCW to read as follows:

The department of licensing may request information from the Washington state patrol criminal identification system regarding the conviction of offenses listed under

section 21(1) of this act for a license holder who is the subject of an investigation under section 17 of this act.

Sec. 30. RCW 7.48A.040 and 1985 c 235 s 1 are each amended to read as follows:

(1) No person shall with knowledge maintain a moral nuisance.

(2) Upon a determination that a defendant has with knowledge maintained a moral nuisance, the court shall impose a civil fine and judgment of an amount as the court shall determine to be appropriate. In imposing the civil fine, the court shall consider the wilfulness of the defendant's conduct and the profits made by the defendant attributable to the lewd matter, lewdness, or prostitution, whichever is applicable. In no event shall the civil fine exceed the greater of ~~((twenty-five))~~ fifty thousand dollars or these profits.

NEW SECTION. Sec. 31. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 32. This act shall take effect January 1, 1992. The department of licensing may take such steps before then, including the adoption of rules, as are necessary to ensure that this act is implemented on January 1, 1992.

MAJORITY recommendation: Do pass with the following amendments: Strike everything after the enacting clause and insert the following:

SSB 5669 Prime Sponsor, Committee on Health & Long-Term Care:
Establishing housing trust fund priorities for projects submitted by regional support networks. Reported by Committee on Housing

MAJORITY recommendation: Do pass with the following amendments:

Strike everything after the enacting clause and insert the following:

Sec. 1. RCW 43.185.060 and 1986 c 298 s 7 are each amended to read as follows:

Organizations that may receive assistance from the department under this chapter are local governments, local housing authorities, regional support networks established under chapter 71.24 RCW, nonprofit community or neighborhood-based organizations, and regional or state-wide nonprofit housing assistance organizations.

Sec. 2. RCW 43.185.070 and 1988 c 286 s 1 are each amended to read as follows:

(1) During each calendar year in which funds are available for use by the department from the housing trust fund, as prescribed in RCW 43.185.030, the department shall announce to all known interested parties, and through major media throughout the state, a grant and loan application period of at least ninety days' duration. This announcement shall be made as often as the director deems appropriate for proper utilization of resources, but at least twice annually. The department shall then promptly grant as many applications as will utilize available funds less appropriate administrative costs of the department (~~(, not to)~~). Administrative costs paid out of the housing trust fund may not exceed ((thirty seven thousand five hundred dollars in the fiscal year ending June 30, 1988, and seventy five thousand dollars in the fiscal year ending June 30, 1989, and not to exceed)) five percent of annual revenues ((to the fund thereafter)) available for distribution to housing trust fund projects. In awarding funds under this chapter, the department shall provide for a geographic distribution on a state-wide basis.

(2) The department shall give first priority to applications for projects and activities which utilize existing privately owned housing stock including privately owned housing stock purchased by nonprofit public development authorities. Such projects and activities shall be evaluated under subsection (3) of this section. Second priority shall be given to activities and projects which utilize existing publicly owned housing stock. Such projects and activities shall be evaluated under subsection (3) of this section.

(3) The department shall give preference for applications based on some or all of the ((following)) criteria under this subsection, and similar projects and activities shall be evaluated under the same criteria:

- (a) The degree of leveraging of other funds that will occur;
- (b) The degree of commitment from programs to provide necessary habilitation and support services for projects focusing on special needs populations;
- (c) Recipient contributions to total project costs, including allied contributions from other sources such as professional, craft and trade services, and lender interest rate subsidies;
- ~~((e))~~ (d) Local government project contributions in the form of infrastructure improvements, and others;
- ~~((d))~~ (e) Projects that encourage ownership, management, and other project-related responsibility opportunities;
- ~~((e))~~ (f) Projects that demonstrate a strong probability of serving the original target group or income level for a period of at least ~~((fifteen))~~ twenty-five years;
- ~~((f))~~ (g) The applicant has the demonstrated ability, stability and resources to implement the project;
- ~~((g))~~ (h) Projects which demonstrate serving the greatest need; ~~((and~~
- ~~((h))~~ (i) Projects that provide housing for persons and families with the lowest incomes;
- (j) Projects serving special needs populations which are under statutory mandate to develop community housing;
- (k) Project location and access to employment centers in the region or area; and
- (l) Project location and access to available public transportation services.
- (4) The department shall only approve applications for projects for mentally ill persons that are consistent with a regional support network six-year capital and operating plan.

Sec. 3. RCW 71.24.300 and 1989 c 205 s 5 are each amended to read as follows:

A county authority or a group of county authorities whose combined population is no less than forty thousand may enter into a joint operating agreement to form a regional support network. The roles and responsibilities of county authorities shall be determined by the terms of that agreement and the provisions of law. The state mental health authority may not determine the roles and responsibilities of county authorities as to each other under regional support networks by rule, except to assure that all duties required of regional support networks are assigned and that a single authority has final responsibility for all available resources and performance under the regional support network's contract with the secretary.

(1) Regional support networks shall within three months of recognition submit an overall six-year operating and capital plan, timeline, and budget and submit progress reports and an updated two-year plan biennially thereafter, to assume within available resources all of the following duties by July 1, 1995, instead of those presently assigned to counties under RCW 71.24.045(1):

(a) Administer and provide for the availability of all resource management services, residential services, and community support services.

(b) Administer and provide for the availability of all investigation, transportation, court-related, and other services provided by the state or counties pursuant to chapter 71.05 RCW.

(c) By July 1, 1993, provide within the boundaries of each regional support network evaluation and treatment services for at least eighty-five percent of persons detained or committed for periods up to seventeen days according to chapter 71.05 RCW. Regional support networks with populations of less than one hundred fifty thousand may contract to purchase evaluation and treatment services from other networks. For regional support

networks that are created after June 30, 1991, the requirements of (c) of this subsection must be met by July 1, 1995.

(d) By July 1, 1993, administer a portion of funds appropriated by the legislature to house mentally ill persons in state institutions from counties within the boundaries of any regional support network, with the exception of mentally ill offenders, and provide for the care of all persons needing evaluation and treatment services for periods up to seventeen days according to chapter 71.05 RCW in appropriate residential services, which may include state institutions. The regional support networks shall reimburse the state for use of state institutions at a rate equal to that assumed by the legislature when appropriating funds for such care at state institutions during the biennium when reimbursement occurs. The duty of a state hospital to accept persons for evaluation and treatment under chapter 71.05 RCW is limited by the responsibilities assigned to regional support networks under this section. For regional support networks that are created after June 30, 1991, the requirements of (d) of this subsection must be met by July 1, 1995.

(e) Administer and provide for the availability of all other mental health services, which shall include patient counseling, day treatment, consultation, education services, and mental health services to children as provided in this chapter.

(f) Establish standards and procedures for reviewing individual service plans and determining when that person may be discharged from resource management services.

(2) Regional support networks shall assume all duties assigned to county authorities by this chapter and chapter 71.05 RCW.

(3) A regional support network may request that any state-owned land, building, facility, or other capital asset which was ever purchased, deeded, given, or placed in trust for the care of the mentally ill and which is within the boundaries of a regional support network be made available to support the operations of the regional support network. State agencies managing such capital assets shall give first priority to requests for their use pursuant to this chapter.

(4) Each regional support network shall appoint a mental health advisory board which shall review and provide comments on plans and policies developed under this chapter. The composition of the board shall be broadly representative of the demographic character of the region and the mentally ill persons served therein. Length of terms of board members shall be determined by the regional support network.

(5) Regional support networks shall assume all duties specified in their plans and joint operating agreements through biennial contractual agreements with the secretary.

(6) Counties or groups of counties participating in a regional support network are not subject to RCW 71.24.045(7). The office of financial management shall consider information gathered in studies required in this chapter and information about the experience of other states to propose a mental health services administrative cost lid to the 1991 legislature which shall include administrative costs of licensed service providers, the state psychiatric hospitals and the department.

(7) The first regional support network contract may include a pilot project to: Establish standards and procedures for (a) making referrals for comprehensive medical examinations and treatment programs for those whose mental illness is caused or exacerbated by organic disease, and (b) training staff in recognizing the relationship between mental illness and organic disease.

(8) Regional support networks may receive technical assistance from the housing trust fund and may identify and submit projects for housing and housing support services to the housing trust fund established under chapter 43.185 RCW. Projects identified or submitted under this subsection must be fully integrated with the regional support network six-year operating and capital plan, timeline, and budget required by subsection (1) of this section.

On page 1, line 2 of the title, after "networks;" strike the remainder of the title and insert "amending RCW 43.185.060, 43.185.070, and 71.24.300."

SSB 5670 Prime Sponsor, Committee on Health & Long-Term Care: Changing provisions relating to children's mental health. Reported by Committee on Human Services

MAJORITY recommendation: Do pass with the following amendments:

Strike everything after the enacting clause and insert the following:

Sec. 1. RCW 71.24.015 and 1989 c 205 s 1 are each amended to read as follows:

It is the intent of the legislature to establish a community mental health program which shall help people experiencing mental illness to retain a respected and productive position in the community. This will be accomplished through programs which provide for:

(1) Access to mental health services for adults (~~and children~~) of the state who are acutely mentally ill, chronically mentally ill, or seriously disturbed (~~(-or chronically mentally ill)~~) and children of the state who are acutely mentally ill, severely emotionally disturbed, or seriously disturbed, which services recognize the special needs of underserved populations, including minorities, children, the elderly, disabled, and low-income persons. It is also the purpose of this chapter to (~~ensure that~~) promote the early identification of mentally ill children (in need of mental health care and treatment) and to ensure that they receive the mental health care and treatment which is appropriate to their developmental level. This care should improve home, school, and community functioning, maintain children in a safe and nurturing home environment, and ((to)) should enable treatment decisions to be made in response to clinical needs ((and)) in accordance with sound professional judgment while also recognizing parents' rights to participate in treatment decisions for their children;

(2) Accountability of services through state-wide standards for monitoring and reporting of information;

(3) Minimum service delivery standards;

(4) Priorities for the use of available resources for the care of the mentally ill;

(5) Coordination of services within the department, including those divisions within the department that provide services to children, between the department and the office of the superintendent of public instruction, and among state mental hospitals, county authorities, community mental health services, and other support services, which shall to the maximum extent feasible also include the families of the mentally ill, and other service providers; and

(6) Coordination of services aimed at reducing duplication in service delivery and promoting complementary services among all entities that provide mental health services to adults and children.

It is the policy of the state to encourage the provision of a full range of treatment and rehabilitation services in the state for mental disorders. The legislature intends to

encourage the development of county-based and county-managed mental health services with adequate local flexibility to assure eligible people in need of care access to the least-restrictive treatment alternative appropriate to their needs, and the availability of treatment components to assure continuity of care. To this end, counties are encouraged to enter into joint operating agreements with other counties to form regional systems of care which integrate planning, administration, and service delivery duties assigned to counties under chapters 71.05 and 71.24 RCW to consolidate administration, reduce administrative layering, and reduce administrative costs.

It is further the intent of the legislature to integrate the provision of services to provide continuity of care through all phases of treatment. To this end the legislature intends to promote active engagement with mentally ill persons and collaboration between families and service providers.

(4) Provide reimbursement for specialized family, home, school, and community-based mental health services or programs designed to promote primary prevention and maximize the development and potential of acutely mentally ill and severely emotionally disturbed children and their families.

Sec. 5. RCW 71.24.045 and 1989 c 205 s 4 are each amended to read as follows:
The county authority shall:

(1) Submit biennial needs assessments beginning January 1, 1983, and mental health service plans which incorporate all services provided for by the county authority consistent with state minimum standards and which provide access to treatment for the county's residents including children and other underserved populations who are acutely mentally ill, chronically mentally ill, severely emotionally disturbed, or seriously disturbed. The county program shall provide:

(a) Outpatient services;

(b) Emergency care services for twenty-four hours per day;

Each county authority may appoint a county mental health advisory board which shall review and provide comments on plans and policies developed by the county authority under this chapter. The composition of the board shall be broadly representative of the demographic character of the county and the mentally ill persons served therein. Length of terms of board members shall be determined by the county authority;

(2) Contract as needed with licensed service providers. The county authority may, in the absence of a licensed service provider entity, become a licensed service provider entity pursuant to minimum standards required for licensing by the department for the purpose of providing services not available from licensed service providers;

(3) Operate as a licensed service provider if it deems that doing so is more efficient and cost effective than contracting for services. When doing so, the county authority shall comply with rules promulgated by the secretary that shall provide measurements to determine when a county provided service is more efficient and cost effective.

(4) Monitor and perform biennial fiscal audits of licensed service providers who have contracted with the county to provide services required by this chapter. The monitoring and audits shall be performed by means of a formal process which insures that the licensed service providers and professionals designated in this subsection meet the terms of their contracts, including the minimum standards of service delivery as established by the department;

(5) Assure that the special needs of minorities, the elderly, disabled, children, and low-income persons are met within the priorities established in this chapter;

(6) Maintain patient tracking information in a central location as required for resource management services;

(7) Use not more than two percent of state-appropriated community mental health funds, which shall not include federal funds, to administer community mental health programs under RCW 71.24.155: PROVIDED, That county authorities serving a county or combination of counties whose population is equal to or greater than that of a county of the first class may be entitled to sufficient state-appropriated community mental health funds to employ up to one full-time employee or the equivalent thereof in addition to the two percent limit established in this subsection when such employee is providing staff services to a county mental health advisory board;

(8) Coordinate services for individuals who have received services through the community mental health system and who become patients at a state mental hospital.

NEW SECTION. Sec. 6. RCW 71.24.800 and 1987 c 439 s 4 are each repealed.

NEW SECTION. Sec. 7. If any part of this act is found to be in conflict with federal requirements that are a prescribed condition to the allocation of federal funds to the state, the conflicting part of this act is inoperative solely to the extent of the conflict and with respect to the agencies directly affected, and this finding does not affect the

operation of the remainder of this act in its application to the agencies concerned. The rules under this act shall meet federal requirements that are a necessary condition to the receipt of federal funds by the state.

However, if any part of this act conflicts with such federal requirements, the state appropriation for mental health services provided to children whose mental disorders are discovered under screening through the federal Title XIX early and periodic screening, diagnosis, and treatment program shall be provided through the division of medical assistance and no state funds appropriated to the division of mental health shall be expended or transferred for this purpose.

MAJORITY recommendation: Do pass with the following amendments:
Strike everything after the enacting clause and insert the following:
NEW SECTION. Sec. 1. The legislature finds that some stocks of Skagit river salmon are declining, and that no recovery plan exists for these stocks. The legislature declares that the recovery and enhancement of Skagit river salmon should receive high priority since the status of these stocks affects the ocean fishery as well as the fishery on the Skagit river. The legislature further finds that dislocated timber workers represent a potential work force to conduct salmon enhancement projects, if adequate training is provided in the area of fish management to these dislocated workers, and if sufficient coordination exists between potential employers and employees.

NEW SECTION. Sec. 2. The director of fisheries shall prepare a salmon recovery plan for the Skagit river. The plan shall incorporate the best available technology in order to achieve maximum restoration of depressed salmon stocks. The utilization of salmon hatchery programs must be an important component of the recovery plan. The plan must encourage the restoration of natural spawning areas and natural rearing of salmon but must not preclude the development of an active hatchery program.

NEW SECTION. Sec. 3. The director shall present the recovery plan to the legislature on or before December 31, 1991. The plan shall include funding requirements for salmon hatchery programs and natural spawning programs.

NEW SECTION. Sec. 4. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Dislocated timber worker" means any individual who:

(a) Has been terminated or received a notice of termination from employment in a timber-related occupation within standard industrial code 024; and

(b) At the time of last separation from employment, resided in or was employed in a timber-dependent community.

(2) "College" means Skagit Valley Community College.

(3) "Local development agency" means the economic development association of Skagit county.

NEW SECTION. Sec. 5. A pilot project shall be established, coordinated jointly by the department and the college, in Skagit county. The pilot project created in this section is subject to the department and the college acquiring funds for the pilot project from federal, state, or private sources. The project shall be of five years duration.

NEW SECTION. Sec. 6. The college shall develop a training program designed for dislocated timber workers and their spouses, and in doing so, shall:

(1) Consult with, at a minimum, the departments of natural resources, ecology, wildlife, and fisheries, the parks and recreation commission, and other state, federal, local, and private employers in Skagit county to determine minimum employment qualifications in the areas of natural resource management and enhancement of the Skagit river salmon; and

(2) Develop a program that will provide needed educational skills to dislocated timber workers and their spouses.

NEW SECTION. Sec. 7. The employment security department shall contract with the local development agency to coordinate with the college and the departments of wildlife, ecology, natural resources, and fisheries, the parks and recreation commission, and other state, federal, local, and private employers in assisting dislocated timber workers and their spouses in securing education and employment in the natural resource professions. The local development agency shall also provide information on the training program established under section 6 of this act.

NEW SECTION. Sec. 8. The employment security department and the college shall jointly report to the legislature on their progress by November 1 of each year, beginning in 1991 and ending November 1, 1996. This report shall include a college program description, numbers of students, numbers of referrals for existing positions by the local development agency, and numbers of positions filled by dislocated timber workers.

NEW SECTION. Sec. 9. The employment security department, subject to the availability of funding under section 10 of this act or an appropriation from the general fund, shall establish the pilot natural resource worker project. The project shall be located in Skagit county, shall terminate on July 1, 1996, and shall provide employment and training opportunities for dislocated timber workers in the areas of fisheries, wildlife, recreation, and other natural resource professions. The department of personnel shall approve the project. The goal of the project is to allow project employees to be, upon termination of their participation in the project, eligible for permanent employment

relating to enhancement of Skagit river salmon with the departments of wildlife, fisheries, ecology, and natural resources, and the parks and recreation commission.

NEW SECTION. Sec. 10. The employment security department shall use federal funds that it receives for dislocated timber workers to contract with the departments of wildlife, fisheries, ecology, and natural resources, and the parks and recreation commission to hire natural resource worker project participants to conduct tasks in the areas of fisheries, wildlife, forestry, ecology, and recreation, particularly in the area of Skagit river salmon enhancement.

NEW SECTION. Sec. 11. The natural resource worker project shall include the following elements:

- (1) Recruitment of dislocated timber workers;
- (2) Placement in the departments of wildlife, fisheries, ecology, and natural resources, and the parks and recreation commission;
- (3) On-the-job training in entry-level natural resource management skills;
- (4) Comparable salaries and benefits to entry-level positions already existing in the departments of wildlife, fisheries, ecology, and natural resources, and the parks and recreation commission.

NEW SECTION. Sec. 12. The employment security department, along with the departments of personnel, wildlife, fisheries, ecology, and natural resources, and the parks and recreation commission shall report annually to the legislature on November 1 of each year beginning November 1, 1992, and until November 1, 1995, on the natural resource worker project.

The report shall include, at a minimum, the following elements:

- (1) The number of project employees;
- (2) The number and description of positions filled, by agency;
- (3) Training received;
- (4) Duration of employment; and
- (5) Placement in permanent positions.

NEW SECTION. Sec. 13. This act shall expire January 1, 1997.

NEW SECTION. Sec. 14. Sections 4 through 13 of this act shall constitute a new chapter in Title 50 RCW.

NEW SECTION. Sec. 15. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect July 15, 1991.

On page 1, line 1 of the title, after "salmon;" strike the remainder of the title and insert "adding a new chapter to Title 50 RCW; creating new sections; providing an effective date; providing an expiration date; and declaring an emergency."

Signed by Representatives R. King, Chair; Morris, Vice Chair; Wilson, Ranking Minority Member; Fuhrman, Assistant Ranking Minority Member; Basich; Cole; Haugen; Hochstatter; Orr; Padden; and Spanel.

ESB 5704 Prime Sponsor, Senator Owen: Ensuring that local governments have a flood control plan. Reported by Committee on Local Government

MAJORITY recommendation: Do pass with the following amendments:

Strike everything after the enacting clause and insert the following:

Sec. 1. RCW 86.16.025 and 1989 c 64 s 2 are each amended to read as follows:

With respect to such features as may affect flood conditions, the department shall have authority to examine, approve or reject designs and plans for any structure or works, public or private, to be erected or built or to be reconstructed or modified upon the banks or in or over the channel or over and across the floodway of any stream or body of water in this state. If a county, or an incorporated city or town, within which a flood plain exists, fails to adopt by October 31, 1991, a flood plain management ordinance that meets the minimum requirements of the national flood insurance program, the department shall adopt by rule a flood plain management ordinance for that entity that meets the minimum federal requirements.

The commission may seek assistance from appropriate federal agencies, including the United States army corps of engineers. The department of community development shall provide staff for the commission and pay the expenses of commission members who are appointed by the governor. The expenses of the legislative members shall be paid by the legislature. The expenses of the state agency officials, or their designees, shall be paid by their state agencies.

NEW SECTION. Sec. 3. The state flood damage reduction commission shall consider the development of comprehensive state flood policies and a comprehensive and coordinated flood damage reduction plan, including the following elements:

- (1) Structural and nonstructural flood damage reduction projects;
- (2) Forest practice effects on watershed hydraulics, including: (a) Percentage of watershed clearcut; (b) logging in very steep areas; and (c) logging in slide-prone areas;
- (3) Growth management and land uses, including: (a) Flood plain development patterns; (b) loss of potential natural flood water storage areas; (c) future development restrictions in flood-prone areas; and (d) coordination with the state's growth management act and county flood comprehensive planning;
- (4) Comprehensive watershed and flood damage management;
- (5) Storm water runoff pattern alterations and accompanying liabilities;
- (6) Analysis of the federal, state, and local permitting requirements necessary for projects designed to reduce future flood damage or to restore areas damaged by floods, including any conflicting requirements that may exist;
- (7) Emergency work and coordination, and emergency preparedness planning;
- (8) Determination of the need for requirements to disclose the flood hazard to purchasers or renters of flood-prone property;
- (9) The role of dredging in flood damage reduction, including environmental effects, funding sources, and upstream uses that alter its effectiveness;
- (10) The role of dikes and levees in flood damage reduction, including environmental effects, construction and maintenance standards, sources of funding for construction and maintenance, and resultant upstream and downstream hydrologic effects;
- (11) Review criteria for evaluating and approving local plans and projects funded by grants from the flood control account; and
- (12) Public acquisition of properties to reduce flood damage.

NEW SECTION. Sec. 4. The state flood reduction commission shall report to the legislature on or before December 31, 1991. The report shall include the following: (1) Findings relating to a state flood damage reduction plan; (2) commitments to implement the plan; (3) recommended state agency regulation and policy changes; (4) proposed legislation and associated costs to implement the state flood damage reduction plan; and (5) recommended local flood reduction and mitigation measures.

NEW SECTION. Sec. 5. The purposes of sections 6 through 15 of this act are to permit counties to adopt a comprehensive system of flood control management and protection within drainage basins and to coordinate the flood control activities of the state, counties, cities, towns, and special districts within such drainage basins.

NEW SECTION. Sec. 6. A new section is added to chapter 86.12 RCW to read as follows:

The county legislative authority of any county may adopt a comprehensive flood control management plan for any drainage basin that is located wholly or partially within the county.

A comprehensive flood control management plan shall include the following elements:

(1) Designation of areas that are susceptible to periodic flooding, from inundation by bodies of water or surface water runoff, or both, including the river's meander belt or floodway;

(2) Establishment of a comprehensive scheme of flood control protection and improvements for the areas that are subject to such periodic flooding, that includes: (a) Determining the need for, and desirable location of, flood control improvements to protect or preclude flood damage to structures, works, and improvements, based upon a cost/benefit ratio between the expense of providing and maintaining these improvements and the benefits arising from these improvements; (b) establishing the level of flood protection that each portion of the system of flood control improvements will be permitted; (c) identifying alternatives to in-stream flood control work; (d) identifying areas where flood waters could be directed during a flood to avoid damage to buildings and other structures; and (e) identifying sources of revenue that will be sufficient to finance the comprehensive scheme of flood control protection and improvements;

(3) Establishing land use regulations that preclude the location of structures, works, or improvements in critical portions of such areas subject to periodic flooding, including a river's meander belt or floodway, and permitting only flood-compatible land uses in such areas;

(4) Establishing restrictions on construction activities in areas subject to periodic floods that require the flood proofing of those structures that are permitted to be constructed or remodeled; and

(5) Establishing restrictions on land clearing activities and development practices that exacerbate flood problems by increasing the flow or accumulation of flood waters, or the intensity of drainage, on low-lying areas.

A comprehensive flood control management plan shall be subject to the minimum requirements for participation in the national flood insurance program, requirements exceeding the minimum national flood control insurance program that have been adopted by the department of ecology for a specific flood plain pursuant to RCW 86.16.031, and rules adopted by the department of ecology pursuant to RCW 86.26.050 relating to flood plain management activities. When a county plans under chapter 36.70A RCW, it may incorporate the portion of its comprehensive flood control management plan relating to land use restrictions in its comprehensive plan and development regulations adopted pursuant to chapter 36.70A RCW.

NEW SECTION. Sec. 7. A new section is added to chapter 86.12 RCW to read as follows:

A comprehensive flood control management plan that includes an area within which a city or town, or a special district subject to chapter 85.38 RCW, is located shall be developed by the county with the participation of officials from the city, town, or special district, including conservation districts, and appropriate state and federal agencies. Where a comprehensive flood control management plan is being prepared for a river that is part of the common boundary between two counties, the county legislative authority of the county preparing the plan may allow participation by officials of the adjacently located county.

A comprehensive flood control management plan shall be binding on each city, town, and special district that is located within an area included in the plan, except that the land use regulations and restrictions on construction activities contained in a

comprehensive flood control management plan applicable to a city or town shall be minimum standards that the city or town may exceed.

NEW SECTION. Sec. 8. A new section is added to chapter 86.12 RCW to read as follows:

A county may create one or more advisory committees to assist in the development of proposed comprehensive flood control management plans and to provide general advice on flood problems. The advisory committees may include city and town officials, officials of special districts subject to chapter 85.38 RCW, conservation districts, appropriate state and federal officials, and officials of other counties and other interested persons.

Sec. 9. RCW 86.26.050 and 1988 c 36 s 64 are each amended to read as follows:

(1) State participation shall be in such preparation of comprehensive flood control management plans under this chapter and chapter 86.12 RCW, cost sharing feasibility studies for new flood control projects, and flood control maintenance projects as are affected with a general public and state interest, as differentiated from a private interest, and as are likely to bring about public benefits commensurate with the amount of state funds allocated thereto.

(2) No participation for flood control maintenance projects may occur with a county or other municipal corporation unless the director of ecology has approved the flood plain management activities of the county, city, or town having planning jurisdiction over the area where the flood control maintenance project will be, on the one hundred year flood plain surrounding such area.

The department of ecology shall adopt rules concerning the flood plain management activities of a county, city, or town that are adequate to protect or preclude flood damage to structures, works, and improvements, including the restriction of land uses within a river's meander belt or floodway to only flood-compatible uses. Whenever the department has approved county, city, and town flood plain management activities, as a condition of receiving an allocation of funds under this chapter, each revision to the flood plain management activities must be approved by the department of ecology, in consultation with the department of fisheries and the department of wildlife.

No participation with a county or other municipal corporation for flood control maintenance projects may occur unless the county engineer of the county within which the flood control maintenance project is located certifies that a comprehensive flood control management plan has been completed and adopted by the appropriate local authority, or is being prepared for all portions of the river basin or other area, within which the project is located in that county, that are subject to flooding with a frequency of one hundred years or less.

(3) Participation for flood control maintenance projects and preparation of comprehensive flood control management plans shall be made from grants made by the department of ecology from the flood control assistance account. Comprehensive flood control management plans, and any revisions to the plans, must be approved by the department of ecology, in consultation with the department of fisheries and the department of wildlife. The department may only grant financial assistance to local governments that, in the opinion of the department, are making good faith efforts to take advantage of, or comply with, federal and state flood control programs.

Sec. 10. RCW 86.26.090 and 1984 c 212 s 7 are each amended to read as follows:

The state shall participate with eligible local authorities in maintaining and restoring the normal and reasonably stable river and stream channel alignment and the normal and reasonably stable river and stream channel capacity for carrying off flood waters with a minimum of damage from bank erosion or overflow of adjacent lands and property; and in restoring, maintaining and repairing natural conditions, works and structures for the maintenance of such conditions. State participation in the repair of flood control facilities may include the enhancement of such facilities. The state shall likewise participate in the

restoration and maintenance of natural conditions, works or structures for the protection of lands and other property from inundation or other damage by the sea or other bodies of water. Funds from the flood control assistance account shall not be available for maintenance of works or structures maintained solely for the detention or storage of flood waters.

Sec. 11. RCW 86.26.100 and 1986 c 46 s 4 are each amended to read as follows:

State participation in the cost of any flood control maintenance project shall be provided for by a written memorandum agreement between the director of ecology and the legislative authority of the county submitting the request, which agreement, among other things, shall state the estimated cost and the percentage thereof to be borne by the state. In no instance, except on emergency projects, shall the state's share exceed one-half the cost of the project, to include project planning and design. Grants for cost sharing feasibility studies for new flood control projects shall not exceed fifty percent of the matching funds that are required by the federal government, and shall not exceed twenty-five percent of the total costs of the feasibility study. However, grants to prepare a comprehensive flood control management plan required under RCW 86.26.050 shall not exceed seventy-five percent of the full planning costs, but not to exceed amounts for either purpose specified in rule and regulation by the department of ecology.

NEW SECTION. Sec. 12. A new section is added to chapter 86.15 RCW to read as follows:

A board may not establish a zone including an area located in another zone unless this area is removed from the other zone, or the other zone is dissolved, as part of the action creating the new zone.

Sec. 13. RCW 86.15.178 and 1983 c 315 s 23 and 1983 c 167 s 212 are each reenacted to read as follows:

(1) The supervisors may authorize the issuance of revenue bonds to finance any flood control improvement or storm water control improvement. The bonds may be issued by the supervisors in the same manner as prescribed in RCW 36.67.510 through 36.67.570 pertaining to counties. The bonds shall be issued on behalf of the zone or participating zones when the improvement has by the resolution, provided in RCW 86.15.110, been found to be of benefit to a zone or participating zones. The bonds may be in any form, including bearer bonds or registered bonds.

Each revenue bond shall state on its face that it is payable from a special fund, naming the fund and the resolution creating the fund.

Revenue bond principal, interest, and all other related necessary expenses shall be payable only out of the appropriate special fund.

A zone or participating zones shall have a lien for delinquent service charges, including interest thereon, against the premises benefited by a flood control improvement or storm water control improvement, which lien shall be superior to all other liens and encumbrances except general taxes and local and special assessments. The lien shall be effective and shall be enforced and foreclosed in the same manner as provided for sewerage liens of cities and towns by RCW 35.67.200 through 35.67.290.

(2) Notwithstanding subsection (1) of this section, such bonds may be issued and sold in accordance with chapter 39.46 RCW.

Sec. 14. RCW 86.16.110 and 1987 c 109 s 23 are each reenacted and amended to read as follows:

Any person, association, or corporation, public, municipal, or private, feeling aggrieved at any order, decision, or determination of the department or director pursuant to this chapter, affecting his or her interest, may have the same reviewed pursuant to RCW 43.21B.310.

NEW SECTION. Sec. 15. The department of fisheries and the department of wildlife shall process hydraulic project applications submitted under RCW 75.20.100 or 75.20.103 within thirty days of receipt of the application. This requirement is only

applicable for the repair and reconstruction of legally constructed dikes, seawalls, and other flood control structures damaged as a result of flooding or windstorms which occurred in November and December 1990.

NEW SECTION. Sec. 16. The following acts or parts of acts are each repealed:

- (1) RCW 86.15.040 and 1961 c 153 s 4;
- (2) RCW 86.16.027 and 1987 c 109 s 51 & 1935 c 159 s 9;

ESSB 5756 Prime Sponsor, Committee on Energy & Utilities: Providing rate regulation for low-level waste sites. Reported by Committee on Energy & Utilities

MAJORITY recommendation: Do pass with the following amendments: Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. State and national policy directs that the management of low-level radioactive waste be accomplished by a system of interstate compacts and the development of regional disposal sites. The Northwest regional compact, comprised of the states of Alaska, Hawaii, Idaho, Montana, Oregon, Utah, and Washington, has as its disposal facility the low-level radioactive waste disposal site located near Richland, Washington. This site is expected to be the sole site for disposal of low-level radioactive waste for compact members effective January 1, 1993. Future closure of this site will require significant financial resources.

Low-level radioactive waste is generated by essential activities and services that benefit the citizens of the state. Washington state's low-level radioactive waste disposal site has been used by the nation and the Northwest compact as a disposal site since 1965. The public has come to rely on access to this site for disposal of low-level radioactive waste, which requires separate handling from other solid and hazardous wastes. The price of disposing of low-level radioactive waste at the Washington state low-level radioactive waste disposal site is anticipated to increase when the federal low-level radioactive waste policy amendments act of 1985 is implemented and waste generated outside the Northwest compact states is excluded.

When these events occur, to protect Washington and other Northwest compact states' businesses and services, such as electrical production, medical and university research, and private industries, upon which the public relies, there will be a need to regulate the rates charged by the operator of Washington's low-level radioactive waste disposal site. This chapter is adopted pursuant to section 8, chapter 21, Laws of 1990.

NEW SECTION. Sec. 2. Definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Commission" means the Washington utilities and transportation commission.

(2) "Effective rate" means the highest permissible rate, calculated as the lowest contract rate plus an administrative fee, if applicable, determined pursuant to section 5 of this act.

(3) "Extraordinary volume" means volumes of low-level radioactive waste delivered to a site caused by nonrecurring events, outside normal operations of a generator, that are

in excess of twenty thousand cubic feet or twenty percent of the preceding year's total volume at such site, whichever is less.

(4) "Extraordinary volume adjustment" means a mechanism that allocates the potential rate reduction benefits of an extraordinary volume between all generators and the generator responsible for such extraordinary volume as described in section 8 of this act.

(5) "Generator" means a person, partnership, association, corporation, or any other entity whatsoever that, as a part of its activities, produces low-level radioactive waste.

(6) "Inflation adjustment" means a mechanism that adjusts the maximum disposal rate by a percentage equal to the change in price levels in the preceding period, as measured by a common, verifiable price index as determined in section 5 of this act.

(7) "Initial rate proceeding" means the proceeding described in section 5 of this act.

(8) "Maximum disposal rate" means the rate described in section 6 of this act.

(9) "Site" means a location, structure, or property used or to be used for the storage, treatment, or disposal of low-level radioactive waste for compensation within the state of Washington.

(10) "Site operator" means a low-level radioactive waste site operating company as defined in RCW 81.04.010.

(11) "Volume adjustment" means a mechanism that adjusts the maximum disposal rate in response to material changes in volumes of waste deposited at the site during the preceding period so as to provide a level of total revenues sufficient to recover the costs to operate and maintain the site.

NEW SECTION. Sec. 4. (1) The commission shall have jurisdiction over the sites and site operators as set forth in this chapter.

(2)(a) The commission shall establish rates to be charged by site operators. In establishing the rates, the commission shall assure that they are fair, just, reasonable, and sufficient considering the value of the site operator's leasehold and license interests, the unique nature of its business operations, the site operator's liability associated with the site, its investment incurred over the term of its operations, and the rate of return equivalent to that earned by comparable enterprises. Such rates shall only take effect following a finding that the site operator is a monopoly pursuant to section 11 of this act.

(b) In exercising the power in this subsection the commission may use any standard, formula, method, or theory of valuation reasonably calculated to arrive at the objective of prescribing and authorizing fair, just, reasonable, and sufficient rates. The relation of site operator expenses to site operator revenues may be deemed the proper test of a reasonable return.

(3) In all respects in which the commission has power and authority under this chapter, applications and complaints may be made and filed with it, process issued, hearings held, opinions, orders, and decisions made and filed, petitions for rehearing filed and acted upon, and petitions for review to the superior court filed therewith, appeals filed with the appellate courts of this state, considered and disposed of by said courts in the

manner, under the conditions, and subject to the limitations, and with the effect specified in this title for public service companies generally.

(4) At any time after January 1, 1992, the commission may: (a) Prescribe a system of accounts for site operators using as a starting point the existing system used by site operators; (b) audit the books of site operators; (c) obtain books and records from site operators; (d) assess penalties; and (e) require semiannual reports regarding the results of operations for the site.

(5) The commission may adopt rules necessary to carry out its functions under this chapter.

NEW SECTION. Sec. 5. (1) On or before March 1, 1992, site operators shall file a request with the commission to establish an initial maximum disposal rate. The filing shall include, at a minimum, testimony, exhibits, workpapers, summaries, annual reports, cost studies, proposed tariffs, and other documents as required by the commission in rate cases generally under its jurisdiction.

(2) After receipt of a request, the commission shall set the request for a hearing and require the site operator to provide for notice to all known customers that ship or deliver waste to the site. The proceedings before the commission shall be conducted in accordance with chapter 34.05 RCW and rules of procedure established by the commission.

(3) No later than January 1, 1993, the commission shall establish the initial maximum disposal rates that may be charged by site operators.

(4) In the initial rate proceeding the commission also shall determine the factors necessary to calculate the inflation, volume, and extraordinary volume adjustments.

(5) The commission also shall determine the administrative fee, which shall be a percentage or an amount that represents increased administrative costs associated with acceptance of small volumes of waste by a site operator. The administrative fee may be revised by the commission from time to time upon its own motion or upon the petition of an interested person.

(6) The rates specified in this section shall only take effect following a finding that the site operator is a monopoly pursuant to section 11 of this act.

NEW SECTION. Sec. 6. (1) The maximum disposal rates that a site operator may charge generators shall be determined in accordance with this section. The rates shall include all charges for disposal services at the site.

(2) Initially, the maximum disposal rates shall be the initial rates established pursuant to section 5 of this act.

(3) Subsequently, the maximum disposal rates shall be adjusted semiannually in January and July of each year to incorporate inflation and volume adjustments. Such adjustments shall take effect thirty days after filing with the commission unless the commission authorizes that the adjustments take effect earlier, or the commission contests the calculation of the adjustments, in which case the commission may suspend the filing. A site operator shall provide notice to its customers concurrent with the filing.

(4)(a) Subsequently, a site operator may also file for revisions to the maximum disposal rates due to:

(i) Changes in any governmentally imposed fee, surcharge, or tax assessed on a volume or a gross revenue basis against or collected by the site operator, including site closure fees, perpetual care and maintenance fees, business and occupation taxes, site surveillance fees, leasehold excise taxes, commission regulatory fees, municipal taxes, and a tax or payment in lieu of taxes authorized by the state to compensate the county in which a site is located for that county's legitimate costs arising out of the presence of that site within that county; or

(ii) Factors outside the control of the site operator such as a material change in regulatory requirements regarding the physical operation of the site.

(b) Revisions to the maximum disposal rate shall take effect thirty days after filing with the commission unless the commission suspends the filing or authorizes the proposed adjustments to take effect earlier.

(5) Upon establishment of a contract rate pursuant to section 7 of this act for a disposal fee, the site operator may not collect a disposal fee that is greater than the effective rate. The effective rate shall be in effect so long as such contract rate remains in effect. Adjustments to the maximum disposal rates may be made during the time an effective rate is in place. Contracts for disposal of extraordinary volumes pursuant to section 8 of this act shall not be considered in determining the effective rate.

(6) The site operator may petition the commission for new maximum disposal rates at any time. Upon receipt of such a petition, the commission shall set the matter for hearing and shall issue an order within seven months of the filing of the petition. The petition shall be accompanied by the documents required to accompany the filing for initial rates. The hearing on the petition shall be conducted in accordance with the commission's rules of practice and procedure.

(7) This section shall only take effect following a finding that the site operator is a monopoly pursuant to section 11 of this act.

NEW SECTION. Sec. 7. (1) At any time, a site operator may contract with any person to provide a contract disposal rate lower than the maximum disposal rate.

(2) A contract or contract amendment shall be submitted to the commission for approval at least thirty days before its effective date. The commission may approve the contract or suspend the contract and set it for hearing. If the commission takes no action within thirty days of filing, the contract or amendment shall go into effect according to its terms. Each contract filing shall be accompanied with documentation to show that the contract does not result in discrimination between generators receiving like and contemporaneous service under substantially similar circumstances and provides for the recovery of all costs associated with the provision of the service.

(3) This section shall only take effect following a finding that the site operator is a monopoly pursuant to section 11 of this act.

NEW SECTION. Sec. 8. (1) In establishing the extraordinary volume adjustment, unless the site operator and generator of the extraordinary volume agree to a contract disposal rate, one-half of the extraordinary volume delivery shall be priced at the maximum disposal rate and one-half shall be priced at the site operator's incremental cost to receive the delivery. Such incremental cost shall be determined in the initial rate proceeding.

(2) For purposes of the subsequent calculation of the volume adjustment, one-half of the total extraordinary volume shall be included in the calculation.

(3) This section shall only take effect following a finding that the site operator is a monopoly pursuant to section 11 of this act.

NEW SECTION. Sec. 9. (1) At any time, the commission or an interested person may file a complaint against a site operator alleging that the rates established pursuant to section 5 or 6 of this act are not in conformity with the standards set forth in section 4 of this act or that the site operator is otherwise not acting in conformity with the requirements of this chapter. Upon filing of the complaint, the commission shall cause a copy thereof to be served upon the site operator. The complaining party shall have the burden of proving that the maximum disposal rates determined pursuant to section 6 of this act are not just, fair, reasonable, or sufficient. The hearing shall conform to the rules of practice and procedure of the commission for other complaint cases.

(2) The commission shall encourage alternate forms of dispute resolution to resolve disputes between a site operator and any other person regarding matters covered by this chapter.

NEW SECTION. Sec. 10. (1) A site operator shall, on or before May 1, 1992, and each year thereafter, file with the commission a statement showing its gross operating

revenue from intrastate operations for the preceding calendar year, or portion thereof, and pay to the commission a fee equal to one percent of the amount of the gross operating revenue, exclusive of site surveillance fees, perpetual care and maintenance fees, site closure fees, and state or federally imposed out-of-region surcharges.

(2) Fees collected under this chapter shall reasonably approximate the cost of supervising and regulating site operators. The commission may order a decrease in fees by March 1st of any year in which it determines that the moneys then in the radioactive waste disposal companies account of the public service revolving fund and the fees currently to be paid will exceed the reasonable cost of supervising and regulating site operators.

(3) Fees collected under this section or under any other provision of this chapter shall be paid to the commission and shall be transmitted to the state treasurer within thirty days to be deposited to the credit of the public service revolving fund.

NEW SECTION. Sec. 11. (1) A low-level waste disposal site operator is exempt as specified in sections 4(2)(a), 5(6), 6(7), 7(3), and 8(3) of this act unless a monopoly situation exists with respect to the site operated by such site operator. A monopoly situation exists if either of the following is present:

(a) No disposal facility is available to Northwest compact generators of low-level radioactive waste other than the site or sites operated by such site operator or its affiliates; or

(b) Disposal rates at other sites are not reasonable alternatives for Northwest compact generators, considering: Disposal rates at other facilities; current disposal rates charged by the site operator; historic relationships between the site operator's rates and rates at other facilities; and changes in the operator's rates considering changes in waste volumes, taxes, and fees; provided, however, that a monopoly situation does not exist if either of the following facilities operates or is projected to operate after December 31, 1992:

(i) Any existing low-level radioactive waste disposal site outside the state of Washington, other than facilities operated by affiliates of a site operator, provided that such site or sites do not charge disposal rates that discriminate against Northwest compact generators except to the extent, through December 31, 1994, such discrimination is authorized by amendment of current federal law; or

(ii) An existing facility within the Northwest compact not receiving low-level radioactive waste receives or offers to receive such waste under substantially similar terms and conditions.

(2) Such exemption shall be in effect until such time as the commission finds, after notice and hearing, upon motion by the commission or upon petition by any interested party, that a monopoly situation exists or will exist as of January 1, 1993. Such finding shall be based upon application of the criteria set forth in this section. The commission may assess a site operator for all of the commission's costs of supervision and regulation prior to and relative to determining whether such exemption applies to the site operator. If the commission determines that a site operator is not subject to such exemption, it shall collect its costs of supervision and regulation under section 10 of this act.

(3) When such an exemption is in effect, any increase in rates charged by the operator effective January 1, 1993, for services other than the base rate for disposal of solid material in packages of twelve cubic feet or less shall be no more than the percentage increase in said base rate in effect on January 1, 1993.

NEW SECTION. Sec. 12. (1) At any time after this chapter has been implemented with respect to a site operator, such site operator may petition the commission to be classified as competitive. The commission may initiate classification proceedings on its own motion. The commission shall enter its final order with respect to classification within seven months from the date of filing of a company's petition or the commission's motion.

(2) The commission shall classify a site operator as a competitive company if the commission finds, after notice and hearing, that the disposal services offered are subject to competition because the company's customers have reasonably available alternatives. In determining whether a company is competitive, the commission's consideration shall include, but not be limited to:

(a) Whether the system of interstate compacts and regional disposal sites established by federal law has been implemented so that the Northwest compact site located near Richland, Washington is the exclusive site option for disposal by customers within the Northwest compact states;

(b) Whether waste generated outside the Northwest compact states is excluded; and

(c) The ability of alternative disposal sites to make functionally equivalent services readily available at competitive rates, terms, and conditions.

(3) The commission may reclassify a competitive site operator if reclassification would protect the public interest as set forth in this section.

(4) Competitive low-level radioactive waste disposal companies shall be exempt from commission regulation and fees during the time they are so classified.

NEW SECTION. Sec. 13. Nothing in this chapter shall be construed to affect the jurisdiction of another state agency.

Sec. 16. RCW 43.200.080 and 1990 c 21 s 6 are each amended to read as follows:

The director of ecology shall, in addition to the powers and duties otherwise imposed by law, have the following special powers and duties:

(1) To fulfill the responsibilities of the state under the lease between the state of Washington and the federal government executed September 10, 1964, covering one thousand acres of land lying within the Hanford reservation near Richland, Washington. The department of ecology may sublease to private or public entities all or a portion of the land for specific purposes or activities which are determined, after public hearing, to be in agreement with the terms of the lease and in the best interests of the citizens of the state consistent with any criteria that may be developed as a requirement by the legislature;

(2) To assume the responsibilities of the state under the perpetual care agreement between the state of Washington and the federal government executed July 29, 1965 and the sublease between the state of Washington and the site operator of the Hanford low-level radioactive waste disposal facility. In order to finance perpetual surveillance and maintenance under the agreement and ensure site closure under the sublease, the department of ecology shall impose and collect fees from parties holding radioactive materials for waste management purposes. The fees shall be established by rule adopted under chapter 34.05 RCW and shall be an amount determined by the department of ecology to be necessary to defray the estimated liability of the state. Such fees shall reflect equity between the disposal facilities of this and other states. All such fees, when received by the department of ecology, shall be transmitted to the state treasurer, who shall act as custodian. The perpetual maintenance fund is created in the state treasury. The treasurer shall place the money in a special fund which may be designated the "perpetual maintenance fund." The perpetual maintenance fund shall be comprised of a site closure account and a perpetual surveillance and maintenance account. The site closure account shall be exclusively available to reimburse, to the extent that moneys are available in the account, the site operator for its costs plus a reasonable profit as agreed by the operator and the state, or to reimburse the state licensing agency and any agencies under contract to the state licensing agency for their costs in final closure and decommissioning of the Hanford low-level radioactive waste disposal facility. If a balance remains in the account after satisfactory performance of closure and decommissioning, this balance shall be transferred to the perpetual surveillance and maintenance account. The perpetual surveillance and maintenance account shall be used exclusively by the state to meet post-closure surveillance and maintenance costs, or for otherwise satisfying surveillance and maintenance obligations. Appropriations are required to permit expenditures and payment of obligations from the site closure account and the perpetual surveillance and maintenance account. Moneys which on July 23, 1989, are in the perpetual maintenance account shall be transferred to the perpetual surveillance

and maintenance account. All moneys currently administered by the department of ecology for closure of the Hanford low-level radioactive waste disposal facility shall be transferred to the site closure account within the perpetual maintenance fund. All future moneys, including interest, contributed to the perpetual maintenance fund shall be directed to the site closure account until December 31, 1992. Thereafter receipts shall be directed to the perpetual maintenance fund as specified by the department. Moneys in the perpetual maintenance fund shall be invested by the state investment board in the same manner as other state moneys. Any interest accruing as a result of investment shall accrue to the perpetual maintenance fund. Additional moneys specifically appropriated by the legislature or received from any public or private source may be placed in the perpetual maintenance fund;

(3) To collect after January 1, 1993, as an added charge on each cubic foot of waste disposed at any facility in the state a surcharge of seven dollars. The surcharge shall be made specifically on the generator of the waste and shall not be considered applicable in any way to the low-level site operator's disposal activities. Five dollars of the surcharge shall be deposited in the fund created in section 17 of this act and two dollars of the surcharge shall be remitted monthly to a county in which a low-level radioactive waste disposal facility is located;

(4) To assure maintenance of such insurance coverage by state licensees, lessees, or sublessees as will adequately, in the opinion of the director, protect the citizens of the state against nuclear accidents or incidents that may occur on privately or state-controlled nuclear facilities;

~~((4))~~ (5) To institute a user permit system and issue site use permits, consistent with regulatory practices, for generators, packagers, or brokers using the Hanford low-level radioactive waste disposal facility. The costs of administering the user permit system shall be borne by the applicants for site use permits. The site use permit fee shall be set at a level that is sufficient to fund completely the executive and legislative participation in activities related to the Northwest Interstate Compact on Low-Level Radioactive Waste Management; and

~~((5))~~ (6) To make application for or otherwise pursue any federal funds to which the state may be eligible, through the federal resource conservation and recovery act or any other federal programs, for the management, treatment or disposal, and any remedial actions, of wastes that are both radioactive and hazardous at all Hanford low-level radioactive waste disposal facilities; and

~~((6))~~ (7) To develop contingency plans for duties and options for the department and other state agencies related to the Hanford low-level radioactive waste disposal facility based on various projections of annual levels of waste disposal. These plans shall include an analysis of expected revenue to the state in various taxes and funds related to low-level radioactive waste disposal and the resulting implications that any increase or decrease in revenue may have on state agency duties or responsibilities. The initial set of plans shall be completed by October 1, 1989, and shall be updated annually. The department shall report annually on the plans and on the balances in the site closure and perpetual surveillance accounts to the energy and utilities committees of the senate and the house of representatives.

Reported by Committee on Energy & Utilities

MAJORITY recommendation: Do pass with the following amendments:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature finds that the state is facing an energy shortage as growth occurs and that inadequate supplies of energy will cause harmful impacts on the entire range of state citizens. The legislature further finds that energy efficiency improvement is the single most effective near term measure to lessen the risk of energy shortage. In the area of electricity, the legislature additionally finds that the Northwest power planning council has made several recommendations, including an update of the commercial building energy code and granting flexible ratemaking alternatives for utility commissions to encourage prudent acquisition of new electric resources.

Sec. 2. RCW 80.04.250 and 1961 c 14 s 80.04.250 are each amended to read as follows:

The commission shall have power upon complaint or upon its own motion to ascertain and determine the fair value for rate making purposes of the property of any public service company used and useful for service in this state and shall exercise such power whenever it shall deem such valuation or determination necessary or proper under

any of the provisions of this title. In determining what property is used and useful for service, the commission may include the reasonable costs of construction work in progress to the extent that the commission finds that inclusion is in the public interest.

The commission shall have the power to make revaluations of the property of any public service company from time to time.

The commission shall, before any hearing is had, notify the complainants and the public service company concerned of the time and place of such hearing by giving at least thirty days' written notice thereof, specifying that at the time and place designated a hearing will be held for the purpose of ascertaining the value of the company's property, used and useful as aforesaid, which notice shall be sufficient to authorize the commission to inquire into and pass upon the matters designated in this section.

NEW SECTION. Sec. 3. A new section is added to chapter 19.27A RCW to read as follows:

(1) The minimum state energy code for new nonresidential buildings shall be the Washington state energy code, 1986 edition, as amended. The state building code council may, by rule adopted pursuant to chapter 34.05 RCW, amend that code's requirements for new nonresidential buildings provided that:

(a) Such amendments increase the energy efficiency of typical newly constructed nonresidential buildings; and

(b) Any new measures, standards, or requirements adopted must be technically feasible, commercially available, and cost-effective to building owners and tenants.

(2) In considering amendments to the state energy code for nonresidential buildings, the state building code council shall establish and consult with a technical advisory committee including representatives of appropriate state agencies, local governments, general contractors, building owners and managers, design professionals, utilities, and other interested and affected parties.

(3) Decisions to amend the Washington state energy code for new nonresidential buildings shall be made prior to December 15th of any year and shall not take effect before the end of the regular legislative session in the next year. Any disputed provisions within an amendment presented to the legislature shall be approved by the legislature before going into effect. A disputed provision is one which was adopted by the state building code council with less than a two-thirds majority vote. Substantial amendments to the code shall be adopted no more frequently than every three years.

NEW SECTION. Sec. 4. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

E2SSB 5780 Prime Sponsor, Committee on Ways & Means: Enhancing employment transition programs for developmentally disabled high school students. Reported by Committee on Human Services

MAJORITY recommendation: Do pass with the following amendments:
Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. A new section is added to chapter 71A.12 RCW to read as follows:

The legislature recognizes that developmentally disabled citizens are active, involved, and contributing community members. The legislature finds that scarce resources limit the state's ability to meet the needs of all unserved developmentally disabled citizens. Due to this limited resource availability, developmentally disabled high school graduates and other adults are often placed on a waiting list for residential services, employment services, or other appropriate day programs. Waiting lists cause developmentally disabled high school graduates and other adults to experience a deterioration in life and work skills. The legislature declares that current waiting lists limit the unserved developmentally disabled citizen's immense potential for contribution to their community.

Effective July 1, 1992, the legislature intends to expand services through the regional disabilities employment function in order to promote an effective transition from school to employment or other community activities for developmentally disabled secondary school students within available resources.

NEW SECTION. Sec. 2. A new section is added to chapter 43.20A RCW to read as follows:

The secretary shall establish a regional disabilities employment function that shall provide services to promote and enhance effective transition from educational or treatment programs to employment for persons with developmental disabilities, as defined in RCW 71A.10.020. The regional disabilities employment function shall also enhance the use of alternative resources such as social security work incentives and natural supports and promote competitive, integrated employment opportunities in both the public and private sector.

The regional disabilities employment function shall: (1) Develop a package of incentives, offered by application to interested local school districts, that enhance the disabled student's transition from school to work. The incentives may include, but are not limited to, technical assistance and training for teachers or staff, curriculum development, and other measures necessary to promote flexible teaching and educational practices that support the transition to integrated, competitive, and continuing employment; and (2) collaborate with businesses, government agencies, local schools, postsecondary educational institutions, developmental disabilities boards, or other relevant county authorities to develop and encourage collaborative community linkages and partnerships that create placement opportunities, provide mentors and prepare developmentally disabled citizens for the transition from school or treatment programs to work.

The secretary shall contract for this function on a competitive basis from a list provided by the regional disabilities employment advisory councils pursuant to section 3 of this act.

NEW SECTION. Sec. 3. A new section is added to chapter 43.20A RCW to read as follows:

(1) The secretary shall appoint regional disabilities employment advisory councils to provide oversight to regional disabilities employment function contractors pursuant to section 2 of this act. Advisory councils shall use a competitive applications process to develop a list of potential regional disabilities employment function contractors from existing community organizations such as individuals, firms, nonprofit organizations, county authorities, or other programs demonstrating proven expertise in supported employment and a willingness to collaborate with county authorities, regional support networks, schools, and other involved parties. Advisory councils shall plan for the

services and community options provided by the regional disabilities employment function contractor pursuant to section 2 of this act.

(2) Members of the advisory council shall include but not be limited to:

(a) Developmentally disabled individuals;

(b) Local secondary school representatives including certificated, administrative, and instructional staff;

(c) Representatives of postsecondary educational institutions;

(d) Representatives of developmental disabilities boards and other relevant county authorities or public agencies; and

(e) Representatives of local businesses and community organizations.

(3) The advisory council shall consist of not more than twenty members.

(4) Members shall be appointed for terms of three years and until their successors are appointed and qualified.

(5) The members of regional advisory councils shall not be compensated for the performance of their duties as members of the council, but may be paid subsistence rates and mileage in the amounts prescribed by RCW 42.24.090.

NEW SECTION. Sec. 4. A new section is added to chapter 28A.155 RCW to read as follows:

(1) The individual education plan for a student with development disabilities as defined under RCW 71A.10.020 shall include transition services beginning not later than when the student reaches age sixteen. The portion of the individual education plan regarding transition services shall be reviewed annually. The plan for transition services shall be developed in conjunction with a regional coordinator of transitional services for developmentally disabled persons, if any. To the extent consistent with an appropriate education for the student, preference shall be given to providing transitional services in a community setting, to the preferences of parents and guardians, and to the student's occupational preferences and interests.

(2) If available and if consistent with an appropriate education for the student and with subsection (1) of this section, a school district, a group of school districts, or special education cooperatives shall contract for the provision of transition services through a regional coordinator of transition services for developmentally disabled persons.

(3) As used in this section, transition services means a coordinated set of activities for a student, designed within an outcome-oriented process, that promotes movement from school to postschool activities, including postsecondary education, vocational education and training, integrated employment including supported employment, continuing and adult education, adult services, independent living, or community participation.

(4) The superintendent of public instruction shall adopt rules as needed to implement this section.

NEW SECTION. Sec. 5. If specific funding for the purposes of this act, referencing this act by bill number, is not provided by June 30, 1991, in the omnibus appropriations act, this act shall be null and void.

On page 1, line 2 of the title, after "students;" strike the remainder of the title and insert "adding a new section to chapter 71A.12 RCW; adding new sections to chapter 43.20A RCW; adding a new section to chapter 28A.155 RCW; and creating a new section."

If the city or town within the thirty days fails to perform the maintenance or fails to authorize the department to perform the maintenance as provided by RCW 47.24.050, the department may perform the maintenance, the cost of which is to be deducted from any sums in the motor vehicle fund credited or to be credited to the city or town.

ESSB 5810 Prime Sponsor, Committee on Governmental Operations: Creating state-wide affordable housing. Reported by Committee on Housing

MAJORITY recommendation: Do pass with the following amendments: Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. This act may be known and cited as the affordable housing act.

NEW SECTION. Sec. 2. (1) The legislature finds and declares that there is a tremendous unmet need for new housing to shelter Washington's population. The unmet housing needs will be further aggravated by the severe cutbacks in federal housing programs.

(2) The legislature finds and declares that our existing housing resources are vastly underutilized due in large part to the changes in social patterns. The improved utilization of this state's existing housing resources offers an innovative and cost-effective solution to this housing crisis.

(3) The legislature finds and declares that the state has a role in increasing the utilization of our housing resources and in reducing the barriers to the provision of affordable housing.

(4) The legislature finds and declares that there are many benefits associated with the creation of second-family residential units on existing single-family lots, which include:

(a) Providing a cost-effective means of serving development through the use of existing infrastructures, as contrasted to requiring the construction of new costly infrastructures to serve development in undeveloped areas; and

(b) Providing relatively affordable housing for low and moderate-income households without public subsidy.

NEW SECTION. Sec. 3. A new section is added to chapter 35.63 RCW to read as follows:

Each city may issue a zoning variance, special use permit, or conditional use permit for a dwelling unit to be constructed, or which is attached to or detached from, a primary residence on a parcel zoned for a single-family residence.

NEW SECTION. Sec. 4. A new section is added to chapter 35A.63 RCW to read as follows:

Each code city may issue a zoning variance, special use permit, or conditional use permit for a dwelling unit to be constructed, or which is attached to or detached from, a primary residence on a parcel zoned for a single-family residence.

NEW SECTION. Sec. 5. A new section is added to chapter 36.70 RCW to read as follows:

Each county may issue a zoning variance, special use permit, or conditional use permit for a dwelling unit to be constructed, or which is attached to or detached from, a primary residence on a parcel zoned for a single-family residence.

NEW SECTION. Sec. 6. A new section is added to chapter 36.70A RCW to read as follows:

Each city and county may issue a zoning variance, special use permit, or conditional use permit for a dwelling unit to be constructed, or which is attached to or detached from, a primary residence on a parcel zoned for a single-family residence.

NEW SECTION. Sec. 7. A new section is added to chapter 35.63 RCW to read as follows:

(1) Each city may, by ordinance, provide for the creation of second units in single-family and multifamily residential zones consistent with all of the following provisions:

(a) Areas may be designated within the jurisdiction of each city where second units may be permitted;

(b) The designation of areas may be based on criteria, which may include, but are not limited to, the adequacy of water and sewer services and the impact of second units on traffic flow;

(c) Each city may find that second units do not exceed the allowable density for the lot upon which the second unit is located, and that second units are a residential use that is consistent with the existing general plan and zoning designation for the lot;

(d) The second units created shall not be considered in the application of any local ordinance, policy, or program to limit residential growth; and

(e) Each city may establish a process for the issuance of a conditional use permit for second units. Before a city designates areas within the city where second units may be permitted, it shall provide neighborhood groups an opportunity to submit a neighborhood plan that addresses how the impacts of second units on parking and other matters may be mitigated. The city shall assist neighborhood groups with the development of the plan when possible.

(2) When a city with a population of at least twenty thousand which has not adopted an ordinance governing second units in accordance with subsection (1) of this section

receives its first application on or after July 1, 1994, for a conditional use permit pursuant to this subsection, it shall accept the application and approve or disapprove the application pursuant to this subsection unless it adopts an ordinance in accordance with subsection (1) of this section within one hundred twenty days after receiving the application. Each city shall grant a special use or a conditional use permit for the creation of a second unit if the second unit complies with all of the following:

- (a) The unit is not intended for sale and may be rented;
- (b) The lot is zoned for single-family or multifamily use;
- (c) The lot contains an existing single-family dwelling;
- (d) The second unit is either attached to the existing dwelling and located within the living area of the existing dwelling or detached from the existing dwelling and located on the same lot as the existing dwelling;
- (e) Any construction shall conform to height, setback, lot coverage, architectural review, site plan review, fees, charges, and other zoning requirements generally applicable to residential construction in the zone in which the property is located;
- (f) Local building code requirements which apply to detached dwellings, as appropriate; and
- (g) Approval by the local health officer where a private sewage disposal system is being used, if required.

A city is not required to grant special use or conditional use permits under this section for failing to adopt an ordinance authorizing the siting of secondary units if the city makes a finding that adequate affordable housing exists within the city, or that adequate affordable housing will be provided through increased densities or other means.

(3)(a) Subsection (2) of this section establishes the maximum standards that local agencies shall use to evaluate proposed second units on lots zoned for residential use which contain an existing single-family dwelling. No additional standards, other than those provided in subsection (1) or (2) of this section, shall be utilized or imposed, except that a city may require an applicant for a permit issued pursuant to subsection (2) of this section to be an owner-occupant.

(b) This subsection does not limit the authority of local agencies to adopt less restrictive requirements for the creation of second units.

(c) No changes in zoning ordinances or other ordinances or any changes in the general plan shall be required to implement this subsection. Any local agency may amend its zoning ordinance or general plan to incorporate the policies, procedures, or other provisions applicable to the creation of second units if these provisions are consistent with the limitations of this subsection.

(d) A second unit which conforms to the requirements of this subsection shall not be considered to exceed the allowable density for the lot upon which it is located, and shall be deemed to be a residential use which is consistent with the existing general plan and zoning designations for the lot. The second units shall not be considered in the application of any local ordinance, policy, or program to limit residential growth.

(e) A city shall not adopt an ordinance which totally precludes second units within single-family and multifamily zoned areas unless the ordinance contains findings acknowledging that the ordinance may limit housing opportunities of the region and further contains findings that specific adverse impacts on the public health, safety, and welfare that would result from allowing second units within single-family and multifamily zoned areas justify adopting the ordinance.

NEW SECTION. Sec. 8. A new section is added to chapter 35A.63 RCW to read as follows:

(1) Each code city may, by ordinance, provide for the creation of second units in single-family and multifamily residential zones consistent with all of the following provisions:

(a) Areas may be designated within the jurisdiction of each code city where second units may be permitted;

(b) The designation of areas may be based on criteria, which may include, but are not limited to, the adequacy of water and sewer services and the impact of second units on traffic flow;

(c) Each code city may find that second units do not exceed the allowable density for the lot upon which the second unit is located, and that second units are a residential use that is consistent with the existing general plan and zoning designation for the lot;

(d) The second units created shall not be considered in the application of any local ordinance, policy, or program to limit residential growth; and

(e) Each code city may establish a process for the issuance of a conditional use permit for second units. Before a city designates areas within the city where second units may be permitted, it shall provide neighborhood groups an opportunity to submit a neighborhood plan that addresses how the impacts of second units on parking and other matters may be mitigated. The city shall assist neighborhood groups with the development of the plan when possible.

(2) When a code city with a population of at least twenty thousand which has not adopted an ordinance governing second units in accordance with subsection (1) of this section receives its first application on or after July 1, 1994, for a conditional use permit pursuant to this subsection, it shall accept the application and approve or disapprove the application pursuant to this subsection unless it adopts an ordinance in accordance with subsection (1) of this section within one hundred twenty days after receiving the application. Each code city shall grant a special use or a conditional use permit for the creation of a second unit if the second unit complies with all of the following:

(a) The unit is not intended for sale and may be rented;

(b) The lot is zoned for single-family or multifamily use;

(c) The lot contains an existing single-family dwelling;

(d) The second unit is either attached to the existing dwelling and located within the living area of the existing dwelling or detached from the existing dwelling and located on the same lot as the existing dwelling;

(e) Any construction shall conform to height, setback, lot coverage, architectural review, site plan review, fees, charges, and other zoning requirements generally applicable to residential construction in the zone in which the property is located;

(f) Local building code requirements which apply to detached dwellings, as appropriate; and

(g) Approval by the local health officer where a private sewage disposal system is being used, if required.

A city is not required to grant special use or conditional use permits under this section for failing to adopt an ordinance authorizing the siting of secondary units if the city makes a finding that adequate affordable housing exists within the city, or that adequate affordable housing will be provided through increased densities or other means.

(3)(a) Subsection (2) of this section establishes the maximum standards that local agencies shall use to evaluate proposed second units on lots zoned for residential use which contain an existing single-family dwelling. No additional standards, other than those provided in subsection (1) or (2) of this section, shall be utilized or imposed, except that a code city may require an applicant for a permit issued pursuant to subsection (2) of this section to be an owner-occupant.

(b) This subsection does not limit the authority of local agencies to adopt less restrictive requirements for the creation of second units.

(c) No changes in zoning ordinances or other ordinances or any changes in the general plan shall be required to implement this subsection. Any local agency may amend its zoning ordinance or general plan to incorporate the policies, procedures, or

other provisions applicable to the creation of second units if these provisions are consistent with the limitations of this subsection.

(d) A second unit which conforms to the requirements of this subsection shall not be considered to exceed the allowable density for the lot upon which it is located, and shall be deemed to be a residential use which is consistent with the existing general plan and zoning designations for the lot. The second units shall not be considered in the application of any local ordinance, policy, or program to limit residential growth.

(e) A code city shall not adopt an ordinance which totally precludes second units within single-family and multifamily zoned areas unless the ordinance contains findings acknowledging that the ordinance may limit housing opportunities of the region and further contains findings that specific adverse impacts on the public health, safety, and welfare that would result from allowing second units within single-family and multifamily zoned areas justify adopting the ordinance.

NEW SECTION. Sec. 9. A new section is added to chapter 36.70 RCW to read as follows:

(1) Each county may, by ordinance, provide for the creation of second units in single-family and multifamily residential zones consistent with all of the following provisions:

(a) Areas may be designated within the jurisdiction of each county where second units may be permitted;

(b) The designation of areas may be based on criteria, which may include, but are not limited to, the adequacy of water and sewer services and the impact of second units on traffic flow;

(c) Each county may find that second units do not exceed the allowable density for the lot upon which the second unit is located, and that second units are a residential use that is consistent with the existing general plan and zoning designation for the lot;

(d) The second units created shall not be considered in the application of any local ordinance, policy, or program to limit residential growth; and

(e) Each county may establish a process for the issuance of a conditional use permit for second units. Before a city designates areas within the county where second units may be permitted, it shall provide neighborhood groups an opportunity to submit a neighborhood plan that addresses how the impacts of second units on parking and other matters may be mitigated. The county shall assist neighborhood groups with the development of the plan when possible.

(2) When a county with a population of at least one hundred twenty-five thousand which has not adopted an ordinance governing second units in accordance with subsection (1) of this section receives its first application on or after July 1, 1994, for a conditional use permit pursuant to this subsection, it shall accept the application and approve or disapprove the application pursuant to this subsection unless it adopts an ordinance in accordance with subsection (1) of this section within one hundred twenty days after receiving the application. Each county shall grant a special use or a conditional use permit for the creation of a second unit if the second unit complies with all of the following:

(g) Approval by the local health officer where a private sewage disposal system is being used, if required.

A county is not required to grant special use or conditional use permits under this section for failing to adopt an ordinance authorizing the siting of secondary units if the county makes a finding that adequate affordable housing exists within the county, or that adequate affordable housing will be provided through increased densities or other means.

(3)(a) Subsection (2) of this section establishes the maximum standards that local agencies shall use to evaluate proposed second units on lots zoned for residential use which contain an existing single-family dwelling. No additional standards, other than those provided in subsection (1) or (2) of this section, shall be utilized or imposed, except that a county may require an applicant for a permit issued pursuant to subsection (2) of this section to be an owner-occupant.

(b) This subsection does not limit the authority of local agencies to adopt less restrictive requirements for the creation of second units.

(c) No changes in zoning ordinances or other ordinances or any changes in the general plan shall be required to implement this subsection. Any local agency may amend its zoning ordinance or general plan to incorporate the policies, procedures, or other provisions applicable to the creation of second units if these provisions are consistent with the limitations of this subsection.

NEW SECTION. Sec. 10. A new section is added to chapter 36.70A RCW to read as follows:

(1) Each city and county may, by ordinance, provide for the creation of second units in single-family and multifamily residential zones consistent with all of the following provisions:

(3)(a) Subsection (2) of this section establishes the maximum standards that local agencies shall use to evaluate proposed second units on lots zoned for residential use which contain an existing single-family dwelling. SB 5816 Prime Sponsor, Senator McCaslin: Allowing the county to award to multiple bidders for the procurement of road maintenance materials. Reported by Committee on Local Government

MAJORITY recommendation: Do pass with the following amendments: Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. A new section is added to chapter 36.32 RCW to read as follows:

A county when calling for competitive bids for the procurement of road maintenance materials may award to multiple bidders for the same commodity when the bid specifications provide for the factors of haul distance to be included in the determination of which vendor is truly the lowest price to the county. The county may advertise for additional bidders and vendors if it deems it necessary in the public interest.

NEW SECTION. Sec. 2. A new section is added to chapter 36.88 RCW to read as follows:

At its option, a county may include the value of right of way or property that is donated or given to the county for purposes of an improvement to be financed by a road improvement district, together with the costs of acquiring other rights of way or property for the improvement that was not donated or given to the county, in the costs of the improvement and credit or reduce the assessments imposed on benefited property for the value of the right of way or property that the owner of the benefited property donated or gave to the county for the improvement.

Sec. 3. RCW 36.70.540 and 1963 c 4 s 36.70.540 are each amended to read as follows:

Whenever a ((board)) county legislative authority has approved by motion and certified all or part of a comprehensive plan, no ((street)) road, square, park or other public ground or open space shall be acquired by dedication or otherwise((, no street shall be disposed of, closed or abandoned,)) and no public building or structure shall be constructed or authorized to be constructed in the area to which the comprehensive plan applies until its location, purpose and extent has been submitted to and reported upon by

the planning agency. The report by the planning agency shall set forth the manner and the degree to which the proposed project does or does not conform to the objectives of the comprehensive plan. If final authority is vested by law in some governmental officer or body other than the ((board)) county legislative authority, such officer or governmental body shall report the project to the planning agency and the planning agency shall render its report to such officer or governmental body. In both cases the report of the planning agency shall be advisory only. Failure of the planning agency to report on such matter so referred to it within forty days or such longer time as the ((board)) county legislative authority or other governmental officer or body may indicate, shall be deemed to be approval.

Sec. 4. RCW 47.76.030 and 1990 c 43 s 11 are each amended to read as follows:

(1) The essential rail assistance account is hereby created in the state treasury. Moneys in the account may be appropriated only for the purposes specified in this section.

(2) Moneys appropriated from the account to the department of transportation may be distributed by the department to first class cities, county rail districts, counties, and port districts for the purpose of:

(a) Acquiring, maintaining, or improving branch rail lines;

(b) Operating railroad equipment necessary to maintain essential rail service;

(c) Construction of transloading facilities to increase business on light density lines or to mitigate the impacts of abandonment; or

(d) Preservation, including operation, of viable light density lines, as identified by the Washington state department of transportation, in compliance with this chapter.

(3) First class cities, county rail districts, counties, and port districts may grant franchises to private railroads for the right to operate on lines acquired, repaired, or improved under this chapter.

(4) If rail lines or rail rights of way are used by county rail districts, port districts, state agencies, or other public agencies for the purposes of rail operations and are later abandoned, the rail lines or rail rights of way cannot be used for any other purposes without the consent of the underlying fee title holder or reversionary rights holder, or compensation has been made to the underlying fee title holder or reversionary rights holder.

(5) Moneys distributed under subsection (2) of this section shall not exceed eighty percent of the cost of the service or project undertaken. At least twenty percent of the cost shall be provided by the first class city, county, port district, or other local sources.

(6) The amount distributed under this section shall be repaid to the state by the first class city, county rail district, county, or port district. The repayment shall occur within a period not longer than fifteen years, as set by the department, of the distribution of the moneys and shall be deposited in the essential rail assistance account. The repayment schedule and rate of interest, if any, shall be set at the time of the distribution of the moneys.

(7) All earnings of investments of balances in the essential rail assistance account shall be credited to that account except as provided in RCW 43.84.090 and 43.84.092.

Sec. 5. RCW 47.76.040 and 1985 c 432 s 3 are each amended to read as follows:

The department shall sell property acquired under RCW 47.76.030 to a county rail district established under chapter 36.60 RCW, a county, a port district, or any other public or private entity authorized to operate rail service. Any public or private entity which originally donated funds to the department pursuant to RCW 47.76.030 shall receive credit against the purchase price for the amount donated to the department, less management costs, in the event such public or private entity purchases the property from the department.

If no county rail district, county, port district, or other public or private entity authorized to operate rail service offers to purchase such property within six years after

its acquisition by the department, the department may sell such property in the manner provided in RCW 47.76.050. Failing this, the department may sell or convey all such property in the manner provided in RCW 47.76.060 or 47.76.080.

Sec. 6. RCW 47.76.160 and 1990 c 43 s 7 are each amended to read as follows:

(1) The essential rail banking account is created in the state treasury. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used only for the purposes specified in this section.

(2) Moneys in the account may be used by the department to:

(a) Purchase unused rail rights of way; or

(b) Provide up to eighty percent of the funding through loans to first class cities, port districts, counties, and county rail districts to purchase unused rail rights of way.

(3) Use of the moneys pursuant to subsection (2) of this section shall be for rights of way that meet the following criteria:

(a) The right of way has been identified, evaluated, and analyzed in the state rail plan prepared pursuant to this chapter;

(b) The right of way may be or has been abandoned;

(c) The right of way has potential for future rail service; and

(d) Reestablishment of rail service would benefit the state of Washington; and this benefit shall be based on the public and private costs and benefits of reestablishing the service compared with alternative service including necessary road improvement costs, or of taking no action.

Funds in the account may be expended for this purpose only with legislative appropriation. Funds for acquisition of any line shall be expended only after obtaining the approval of the legislative transportation committee. The department may also expend funds from the receipt of a donation of funds sufficient to cover the property acquisition and management costs. The department may receive donations of funds for this purpose, which shall be conditioned upon, and made in consideration for the repurchase rights contained in RCW 47.76.040. The department or the participating local jurisdiction shall be responsible for maintaining the right of way, including provisions for fire and weed control and for liability associated with ownership. Nothing in this section and in RCW 47.76.140 and 47.76.030 shall be interpreted or applied so as to impair the reversionary rights of abutting landowners, if any, without just compensation.

(4) All earnings of investments of balances in the essential rail banking account shall be credited to that account except as provided in RCW 43.84.090 and 43.84.092.

On page 1, line 1 of the title, after "counties;" strike the remainder of the title and insert "amending RCW 36.70.540, 47.76.030, 47.76.040, and 47.76.160; adding a new section to chapter 36.32 RCW; and adding a new section to chapter 36.88 RCW."

Prime Sponsor, Senator Craswell: Modifying provisions relating to the creation of air pollution control authorities. Reported by Committee on Environmental Affairs

MAJORITY recommendation: Do pass with the following amendments:

Sec. 1. RCW 70.94.053 and 1987 c 505 s 60 and 1987 c 109 s 34 are each reenacted and amended to read as follows:

(1) In each county of the state there is hereby created an air pollution control authority, which shall bear the name of the county within which it is located. The boundaries of each authority shall be coextensive with the boundaries of the county within which it is located. An authority shall include all incorporated and unincorporated areas of the county within which it is located.

(2) Except as provided in section 2 of this act, all authorities which are presently or may hereafter be within counties of the first class, class A or class AA, are hereby designated as activated authorities and shall carry out the duties and exercise the powers provided in this chapter. Those authorities hereby activated which encompass contiguous counties located in one or the other of the two major areas determined in RCW 70.94.011 are declared to be and directed to function as a multicounty authority.

The first meeting of the boards of those authorities designated as activated authorities by this chapter shall be on or before sixty days after June 8, 1967.

(5) The department is directed to conduct the necessary evaluations and delineate appropriate air pollution regions throughout the state, taking into consideration:

(a) The natural climatic and topographic features affecting the potential for buildup of air contaminant concentrations.

(b) The degree of urbanization and industrialization and the existence of activities which are likely to cause air pollution.

(c) The county boundaries as related to the air pollution regions and the practicality of administering air pollution control programs.

NEW SECTION. Sec. 2. A new section is added to chapter 70.94 RCW to read as follows:

(1) Any county that is part of a multicounty authority, pursuant to RCW 70.94.053, may withdraw from the multicounty authority after January 1, 1992, if the county wishes to provide for air quality protection and regulation by an alternate air quality authority. The county shall:

(a) Create its own single county authority;

(b) Join another existing multicounty authority with which its boundaries are contiguous;

(c) Join with one or more contiguous inactive authorities to operate as a new multicounty authority; or

(d) Become an inactive authority and subject to regulation by the department of ecology.

(2) In order to withdraw from an existing multicounty authority, the county shall comply with the following:

(a) The majority consent of the governing body of the withdrawing county and the existing multicounty authority and any other counties or authorities that are to be joined is necessary; and

(b) Make arrangements for payment at fair market value to the multicounty authority it is withdrawing from, for all in-place assets, monitors, equipment, and property, and pay all indebtedness thereto, and release any and all interest in and to the real and personal property of the multicounty authority.

(3) In order to effectuate any of the alternate arrangements in subsection (1) of this section, the procedures of this chapter to create an air pollution control authority shall be met and the actions must be taken at least six months prior to the effective date of withdrawal. The rules of the original multicounty authority shall continue in force for the withdrawing county until such time as all conditions to create an air pollution control authority have been met and payment for the equipment and property and all indebtedness has been made.

(4) At the effective date of the county's withdrawal, the remaining counties shall reorganize and reconstitute the legislative authority pursuant to this chapter. The air pollution control regulations of the existing multicounty authority shall remain in force and effect after the reorganization.

(5) If a county elects to withdraw from an existing multicounty authority, the air pollution control regulations shall remain in effect for the withdrawing county until suspended by the adoption of rules, regulations, or ordinances adopted under one of the alternatives of subsection (1) of this section.

2SSB 5882 Prime Sponsor, Committee on Ways & Means: Creating a drug asset forfeiture and criminal profiteering unit in the attorney general's office. Reported by Committee on Financial Institutions & Insurance

MAJORITY recommendation: Do pass with the following amendments:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature finds that drug asset forfeiture and criminal profiteering laws allow law enforcement officials and the courts to strip drug dealers and other successful criminals of the wealth they have acquired from their crimes and the assets they have used to facilitate those crimes. These laws are rarely used by prosecutors, however, because of the difficulty in identifying profiteering and the assets that criminals may have as a result of their crimes. It is the intent of the legislature to provide assistance to local law enforcement officials and state agencies to seize the assets of criminals and the proceeds of their profiteering.

NEW SECTION. Sec. 2. A new section is added to chapter 43.10 RCW to read as follows:

The attorney general shall: (1) Assist local law enforcement officials in the development of cases arising under the criminal profiteering laws with special emphasis on narcotics related cases; (2) assist local prosecutors in the litigation of criminal profiteering or drug asset forfeiture cases, or, at the request of a prosecutor's office,

litigate such cases on its behalf; and (3) conduct seminars and training sessions on prosecution of criminal profiteering cases and drug asset forfeiture cases.

NEW SECTION. Sec. 3. A new section is added to chapter 43.10 RCW to read as follows:

All assets recovered pursuant to section 2 of this act shall be distributed in the following manner: (1) For drug asset forfeitures, pursuant to the provisions of RCW 69.50.505; and (2) for criminal profiteering cases, pursuant to the provisions of RCW 9A.82.100.

NEW SECTION. Sec. 4. If specific funding for the purposes of this act, referencing this act by bill number, is not provided by June 30, 1991, in the omnibus appropriations act, this act shall be null and void.

SB 5904 Prime Sponsor, Senator Thorsness: Extending until 1995 home heating assistance for low-income persons. Reported by Committee on Energy & Utilities

MAJORITY recommendation: Do pass with the following amendments:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature finds that the health and welfare of the people of the state of Washington require that all citizens receive essential levels of heat and electric service regardless of economic circumstance and that rising energy costs have had a negative effect on the affordability of housing for low-income citizens and have made it difficult for low-income citizens of the state to afford adequate fuel for residential space heat. The legislature further finds that level payment plans, the protection against winter heating shutoff, and house weatherization programs have all been beneficial to low-income persons.

Sec. 2. RCW 35.21.300 and 1990 1st ex.s. c 1 s 1 are each amended to read as follows:

(1) The lien for charges for service by a city waterworks, or electric light or power plant may be enforced only by cutting off the service until the delinquent and unpaid charges are paid, except that until June 30, 1991, utility service for residential space heating may be terminated between November 15 and March 15 only as provided in subsections (2) and ~~((3))~~ (4) of this section. In the event of a disputed account and tender by the owner of the premises of the amount he claims to be due before the service is cut off, the right to refuse service to any premises shall not accrue until suit has been entered by the city and judgment entered in the case.

(2) ~~((Until June 30, 1991:~~

~~(a)))~~ Utility service for residential space heating shall not be terminated between November 15 through March 15 if the customer:

((i)) (a) Notifies the utility of the inability to pay the bill, including a security deposit. This notice should be provided within five business days of receiving a payment overdue notice unless there are extenuating circumstances. If the customer fails to notify the utility within five business days and service is terminated, the customer can, by paying reconnection charges, if any, and fulfilling the requirements of this section, receive the protections of this chapter;

((ii)) (b) Provides self-certification of household income for the prior twelve months to a grantee of the department of community development which administers federally funded energy assistance programs. The grantee shall determine that the household income does not exceed the maximum allowed for eligibility under the state's plan for low-income energy assistance under 42 U.S.C. 8624 and shall provide a dollar figure that is seven percent of household income. The grantee may verify information in the self-certification;

((iii)) (c) Has applied for home heating assistance from applicable government and private sector organizations and certifies that any assistance received will be applied to the current bill and future utility bills;

((iv)) (d) Has applied for low-income weatherization assistance to the utility or other appropriate agency if such assistance is available for the dwelling;

((v)) (e) Agrees to a payment plan and agrees to maintain the payment plan. The plan will be designed both to pay the past due bill by the following October 15 and to pay for continued utility service. If the past due bill is not paid by the following October 15, the customer shall not be eligible for protections under this chapter until the past due bill is paid. The plan shall not require monthly payments in excess of seven percent of the customer's monthly income plus one-twelfth of any arrearage accrued from the date application is made and thereafter during November 15 through March 15. A customer may agree to pay a higher percentage during this period, but shall not be in default unless payment during this period is less than seven percent of monthly income plus one-twelfth of any arrearage accrued from the date application is made and thereafter. If assistance payments are received by the customer subsequent to implementation of the plan, the customer shall contact the utility to reformulate the plan; and

((vi)) (f) Agrees to pay the moneys owed even if he or she moves.

((b)) (3) The utility shall:

((i)) (a) Include in any notice that an account is delinquent and that service may be subject to termination, a description of the customer's duties in this section;

((ii)) (b) Assist the customer in fulfilling the requirements under this section;

((iii)) (c) Be authorized to transfer an account to a new residence when a customer who has established a plan under this section moves from one residence to another within the same utility service area;

((iv)) (d) Be permitted to disconnect service if the customer fails to honor the payment program. Changing foster care provisions and providing a grievance process.
Reported by Committee on Human Services

MAJORITY recommendation: Do pass with the following amendments:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. It is the intent of the legislature to provide timely, thorough, and fair procedures for resolution of grievances of clients, foster parents, and the community resulting from decisions made by the department of social and health services related to programs administered pursuant to this chapter. Grievances should be resolved at the lowest level possible. However, all levels of the department should be accountable and responsible to individuals who are experiencing difficulties with agency services or decisions. It is the intent of the legislature that grievance procedures be made available to individuals who do not have other remedies available through judicial review or adjudicative proceedings.

NEW SECTION. Sec. 2. A new section is added to chapter 74.13 RCW to read as follows:

The department shall develop and implement an informal, nonadversarial complaint resolution process to be used by clients of the department, foster parents, and other affected individuals who have complaints regarding a department policy or procedure, or the application of such a policy or procedure, related to programs administered under this chapter. The process shall not apply in circumstances where the complainant has the right under Title 13, 26, or 74 RCW to seek resolution of the complaint through judicial review or through an adjudicative proceeding.

Nothing in this section shall be construed to create substantive or procedural rights in any person. Participation in the complaint resolution process shall not entitle any person to an adjudicative proceeding under chapter 34.05 RCW or to superior court review. Participation in the process shall not affect the right of any person to seek other statutorily or constitutionally permitted remedies.

The department shall develop procedures to assure that clients and foster parents are informed of the availability of the complaint resolution process and how to access it. The department shall incorporate information regarding the complaint resolution process into the training for foster parents and caseworkers.

The department shall compile complaint resolution data including the nature of the complaint and the outcome of the process. The department shall submit semi-annual reports, due January and July of each year, beginning July 1992, to the senate children and family services committee and the house of representatives human services committee.

Sec. 3. RCW 13.34.110 and 1983 c 311 s 4 are each amended to read as follows:

The court shall hold a fact-finding hearing on the petition and, unless the court dismisses the petition, shall make written findings of fact, stating the reasons therefor, and after it has announced its findings of fact shall hold a hearing to consider disposition of the case immediately following the fact-finding hearing or at a continued hearing within fourteen days or longer for good cause shown. The parties need not appear at the fact-finding or dispositional hearing if all are in agreement; but the court shall receive and review a social study before entering an order based on agreement. No social file or social study may be considered by the court in connection with the fact-finding hearing or prior to factual determination, except as otherwise admissible under the rules of evidence. Notice of the time and place of the continued hearing may be given in open court. If notice in open court is not given to a party, that party shall be notified by mail of the time and place of any continued hearing.

All hearings may be conducted at any time or place within the limits of the county, and such cases may not be heard in conjunction with other business of any other division of the superior court. The general public shall be excluded, and only such persons may be admitted who are found by the judge to have a direct interest in the case or in the work of the court. If a child resides in foster care or in the home of a relative pursuant to a disposition order entered under RCW 13.34.130, the court may allow the child's foster parent or relative care provider to attend dependency review proceedings pertaining to the child for the sole purpose of providing information about the child to the court.

Stenographic notes or any device which accurately records the proceedings may be required as provided in other civil cases pursuant to RCW 2.32.200.

Sec. 4. RCW 74.13.280 and 1990 c 284 s 10 are each amended to read as follows:

(1) Except as provided in RCW 70.24.105, whenever a child is placed in out-of-home care by the department or a child-placing agency, the department or agency may share information about the child and the child's family with the care provider and may consult with the care provider regarding the child's case plan. If the child is dependent pursuant to a proceeding under chapter 13.34 RCW, the department or agency shall keep the care provider informed regarding the dates and location of dependency review hearings pertaining to the child.

(2) Any person who receives information about a child or a child's family pursuant to this section shall keep the information confidential and shall not further disclose or disseminate the information except as authorized by law.

(3) Nothing in this section shall be construed to limit the authority of the department or child-placing agencies to disclose client information or to maintain client confidentiality as provided by law.

NEW SECTION. Sec. 5. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately.

NEW SECTION. Sec. 8. A new section is added to chapter 42.40 RCW to read as follows:

(1) Each local government is encouraged to adopt a whistleblower program so that its employees can disclose improper governmental actions without fear of retaliation. Each local government and its employees also shall be subject to the provisions of this chapter as if the local government were a state agency and its employees state employees. However, the auditor may decline to investigate a report of improper governmental action from a local government employee if the local government has a whistleblower program that has been approved under subsection (2) of this section and if the local government has agreed to conduct an investigation of the report. For purposes of applying the provisions of this chapter to a local government and its employees, the reference to a "state law or rule" in RCW 42.40.020(3)(a)(ii) also shall include local government laws or rules; and the term "improper governmental action" in RCW 42.40.020(3)(b) also does not include actions covered by a local government civil service system, personnel system, or collective bargaining system or law. A local government employee who is a whistleblower as a result of this subsection is also a whistleblower under chapter 49.60 RCW.

(2) Any local government may submit its whistleblower program to the state auditor and request the auditor to approve the program. The state auditor shall approve any local government program that the auditor finds accomplishes the purposes of the provisions of the state whistleblower program. In considering whether or not to approve a local government whistleblower program, the state auditor shall take into consideration the degree to which local government whistleblower complaints will be investigated and the amount of protection offered to local government whistleblowers against retaliatory actions.

(3) Any person who is a whistleblower under an approved local government whistleblower program also is a whistleblower under RCW 42.40.020 for purposes of the application of chapter 49.60 RCW.

NEW SECTION. Sec. 9. (1) Sections 8 and 11 of this act shall become effective on July 1, 1992.

(2) Prior to July 1, 1992, the state auditor shall establish and consult with a nine-member committee of officials or their representatives from cities, counties, school districts, and special purpose districts to develop model whistleblower programs that meet the intent and requirements of this act and that conform to the structure and procedures of the different types and sizes of affected local governments. The state auditor shall also consult with the state human rights commission with respect to the development of the model programs.

(3) The committee established in subsection (2) of this section and the state auditor may make recommendations to the legislature by December 1, 1991, on amendments to this act that are necessary to develop workable local government programs.

NEW SECTION. Sec. 10. A new section is added to chapter 42.40 RCW to read as follows:

(1) No local government or local government official or supervisory employee may take any retaliatory action against an employee of the local government as a result of the employee's good faith report of improper governmental action by the local government or by any of its officials or employees. Any person who is retaliated against in violation of this section has a right of action for damages against the offending local government, official or employee. In any such action, the court also may require the defendants to cease and desist from such retaliatory action, and to take such affirmative action as the court believes appropriate, including but not limited to reinstatement or upgrading of the employment position. For purposes of this section, the following definitions apply: (a) "Good faith report" means a good faith report to a governmental official or employee who the reporting employee believes possesses authority to investigate the matter reported; (b) "Improper governmental action" has the meaning prescribed under RCW 42.40.020(3) except that the reference to "state law or rule" in subsection (3)(a)(ii) also includes local government laws or rules and that "improper governmental action" does not include any action taken under a local government civil service system, personnel system, or collective bargaining system or law; and (c) "Retaliatory action" has the meaning prescribed under RCW 42.40.050 for "reprisal or retaliatory action."

(2) This section expires on July 1, 1992.

NEW SECTION. Sec. 11. A new section is added to chapter 43.09 RCW to read as follows:

The expense of approving local government whistleblower programs and investigating improper local governmental activity as provided in chapter 42.40 RCW shall be borne by each entity submitting a program for approval or subject to such investigation. Procedures established by the division of municipal corporations concerning the municipal revolving fund shall be made applicable to these investigations and their expenses.

NEW SECTION. Sec. 12. The sum of twenty thousand dollars, or as much thereof as may be necessary, is appropriated for the biennium ending June 30, 1993, from the general fund to the human rights commission for the purposes of this act.

2SSB 5568 Prime Sponsor, Committee on Ways & Means: Addressing hunger and nutritional problems. Reported by Committee on Appropriations

MAJORITY recommendation: Do pass with the following amendments:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. Hunger and malnutrition threaten the future of a whole generation of children in Washington. Children who are hungry or malnourished are unable to function optimally in the classroom and are thus at risk of lower achievement in school. The resultant diminished future capacity of and opportunities for these children will affect this state's economic and social future. Thus, the legislature finds that the state has an interest in helping families provide nutritious meals to children.

The legislature also finds that the state has an interest in helping hungry and malnourished adults obtain necessary nourishment. Adequate nourishment is necessary for physical health, and physical health is the foundation of self-sufficiency. Adequate nourishment is especially critical in the case of pregnant and lactating women, both to ensure that all mothers and babies are as healthy as possible and to minimize the costs associated with the care of low-birthweight babies.

"PART I
WIC"

NEW SECTION. Sec. 101. The legislature finds that the special supplemental food program for women, infants, and children has proven effective in preventing infant mortality, reducing the number of undernourished children with retarded growth, reducing the incidence of delayed cognitive development and decreasing the number of low-birthweight babies. However, not all of the eligible mothers and children in this state are currently served by the program. Therefore, the legislature intends to increase the number of eligible women and children served by the program.

"PART II

EMERGENCY FOOD ASSISTANCE PROGRAM"

NEW SECTION. Sec. 201. The legislature finds that the emergency food assistance program has been successful in defraying the costs of operating food banks and food distribution programs in the state. However, current resources are inadequate to meet the needs of the hungry and malnourished people in this state. Additional funding for the emergency food assistance program is needed to provide for the purchase, transportation, and storage of food and to support the operation of food banks, food distribution programs, and tribal voucher programs.

Additionally, many of the people who receive food from food banks have special nutritional needs that are not currently being met. These include infants and children with disabilities, pregnant and lactating women, adults with chronic diseases, people with

acquired immune deficiency syndrome, people with lactose intolerance, people who have difficulty chewing, alcoholics, intravenous drug users, and people with cultural food preferences. The legislature finds that additional funds to provide special nutritional foods are necessary and that training regarding these special nutritional needs is needed for food bank staff and volunteers.

"PART III
FOOD STAMPS"

NEW SECTION. Sec. 301. The legislature finds that delays in receiving food stamps often drive hungry families to food banks. Expediting the issuance of food stamps to eligible applicants will ease some of the pressure on the food bank system. The legislature also finds that some of those who currently apply for the expedited issuance of food stamps are not receiving them within the five-day waiting period. Therefore, the department is directed to issue food stamps to eligible applicants within twenty-four hours of application.

NEW SECTION. Sec. 302. The department shall issue expedited food stamps to eligible recipients within twenty-four hours of application. The department shall establish an eligibility process for the expedited issuance of food stamps that conforms to federal requirements and results in the least additional workload increase to department staff.

"PART IV
NUTRITIONAL PROGRAMS"

NEW SECTION. Sec. 401. The legislature finds that the school breakfast and lunch programs, the summer feeding program, and the child and adult day care feeding programs authorized by the United States department of agriculture are effective in addressing unmet nutritional needs. However, some communities in the state do not participate in these programs. The result is hunger, malnutrition, and inadequate nutrition education for otherwise eligible persons living in nonparticipating communities.

NEW SECTION. Sec. 402. The superintendent of public instruction shall aggressively solicit eligible schools, child and adult day care centers, and other organizations to participate in the nutrition programs authorized by the United States department of agriculture.

"PART V
MISCELLANEOUS"

NEW SECTION. Sec. 501. Following the 1991 legislative session, the senate children and family services committee and the house of representatives human services committee shall conduct a joint interim study on:

- (1) The need for nutrition programs for at-risk youth;
- (2) The nutritional needs of persons served in out-of-home care settings;
- (3) The nutritional needs of senior citizens; and
- (4) The nutritional needs of persons under the age of sixty who receive services through the long-term care system.

NEW SECTION. Sec. 502. Parts and headings as used in this act constitute no part of the law.

NEW SECTION. Sec. 503. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 504. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect July 1, 1991.

NEW SECTION. Sec. 505. If specific funding for the purposes of section 101 of this act, referencing section 101 of this act by bill number and section, is not provided by June 30, 1991, in the omnibus appropriations act, section 101 of this act shall be null and void.

NEW SECTION. Sec. 506. If specific funding for the purposes of section 201 of this act, referencing section 201 of this act by bill number and section, is not provided by June 30, 1991, in the omnibus appropriations act, section 201 of this act shall be null and void.

NEW SECTION. Sec. 507. If specific funding for the purposes of sections 301 and 302 of this act, referencing sections 301 and 302 of this act by bill number and sections, is not provided by June 30, 1991, in the omnibus appropriations act, sections 301 and 302 of this act shall be null and void.

NEW SECTION. Sec. 508. If specific funding for the purposes of section 402 of this act, referencing section 402 of this act by bill number and section, is not provided by June 30, 1991, in the omnibus appropriations act, section 402 of this act shall be null and void.

On page 1, line 1 of the title, after "nutrition;" strike the remainder of the title and insert "creating new sections; providing an effective date; and declaring an emergency."

(2) Packaging comprises a significant percentage of the overall solid waste stream;

(3) The presence of heavy metals in packaging is a part of the total concern in light of their likely presence in emissions or ash when packaging is incinerated, or in leachate when packaging is landfilled;

(4) Lead, mercury, cadmium, and hexavalent chromium, on the basis of available scientific and medical evidence, are of particular concern;

Certificates of compliance, or copies thereof, shall be furnished to the department of ecology upon request within sixty days. If manufacturers are required under any other state statute to provide a certificate of compliance, one certificate may be developed containing all required information.

If the manufacturer or supplier of the package or packaging component reformulates or creates a new package or packaging component, the manufacturer shall develop an amended or new certificate of compliance for the reformulated or new package or packaging component.

NEW SECTION. Sec. 111. Requests from a member of the public for any certificate of compliance shall be:

- (1) Made in writing to the department of ecology;

Sec. 114. RCW 70.95C.120 and 1989 c 431 s 54 are each amended to read as follows:

The office of waste reduction shall develop, in consultation with the superintendent of public instruction, an awards program to achieve waste reduction and recycling in the public schools, grades kindergarten through high school. The office shall develop guidelines for program development and implementation. Each public school shall implement a waste reduction and recycling program conforming to guidelines developed by the office.

For the purpose of granting awards, the office may group schools into not more than three classes, based upon student population, distance to markets for recyclable materials, and other criteria, as deemed appropriate by the office. Except as otherwise provided, five or more awards shall be granted to each of the three classes. Each award shall be a sum of not less than two thousand dollars nor more than five thousand dollars. Awards shall be granted each year to the schools that achieve the greatest levels of waste reduction and recycling. ((Each) A single award ((shall be of a sum)) of not less than ((ten)) five thousand dollars shall be presented to the school having the best recycling program as measured by the total amount of materials recycled, including materials generated outside of the school. A single award of not less than five thousand dollars shall be presented to the school having the best waste reduction program as determined by the office. ((The office shall also develop recommendations for an awards program for waste reduction in the public schools. PART II

CLEAN WASHINGTON CENTER

NEW SECTION. Sec. 201. (1) The legislature finds that:

(a) Recycling conserves energy and landfill space, provides jobs and valuable feedstock materials to industry, and promotes health and environmental protection;

(b) Seventy-eight percent of the citizens of the state actively participate in recycling programs and Washington currently has the highest recycling rate in the nation;

(c) The current supply of many recycled commodities far exceeds the demand for such commodities;

(d) Many local governments and private entities cumulatively affect, and are affected by, the market for recycled commodities but have limited jurisdiction and cannot adequately address the problems of market development that are complex, wide-ranging, and regional in nature; and

(e) The private sector has the greatest capacity for creating and expanding markets for recycled commodities, and the development of private markets for recycled commodities is in the public interest.

(2) It is therefore the policy of the state to create a single entity to be known as the clean washington center to develop new, and expand existing, markets for recycled commodities.

NEW SECTION. Sec. 202. There is created the clean washington within the department of trade and economic development. As used in this chapter, "center" means the clean washington center.

NEW SECTION. Sec. 203. The purpose of the center is to provide or facilitate business assistance, basic and applied research and development, marketing, public education, and policy analysis in furthering the development of markets for recycled products. As used in this chapter, market development consists of public and private activities that are used to overcome impediments preventing full use of secondary materials diverted from the waste stream, and that encourage and expand use of those materials and subsequent products. In fulfilling this mission the center shall primarily direct its services to recycling businesses, which as used in this chapter mean those businesses engaged in transforming or remanufacturing waste materials into usable or marketable materials or products for use other than landfill disposal or incineration.

NEW SECTION. Sec. 204. (1) The center's activities shall be conducted with the assistance of a policy board. Except as otherwise provided, policy board members shall be appointed by the directors of the department of trade and economic development and department of ecology as follows:

(a) Two representatives of the legislature, one appointed by the speaker of the house of representatives and one appointed by the president of the senate;

(b) One member to represent cities;

(c) One member to represent counties;

(d) Five private sector members to represent the end users and marketers of post consumer recovered materials, including one member to represent recycling businesses;

(e) The directors of the departments of trade and economic development and ecology shall represent the executive branch as non-voting members; and

(f) Non-voting, temporary appointments to the board can be made by the chairman where specific expertise is needed.

(2) The initial appointments of the five private sector members will be two members with three-year terms and three members with two year terms. Thereafter, members shall serve two-year renewable terms. Vacancies shall be filled by the chair with majority consent from the members.

(3) Members of the board, exclusive of those representing the legislative or executive branches, shall be reimbursed for travel expenses as provided in RCW 43.03.050 and 43.03.060

(4) The board shall meet at least quarterly.

(5) The chair shall be elected from among the members by a simple majority vote.

(6) The board may adopt and exercise bylaws for the regulation of its business for the purposes of this chapter.

NEW SECTION. Sec. 205. The center shall:

(1) Provide targeted business assistance to recycling businesses, including:

(a) Development of business plans;

(b) Market research and planning information;

(c) Access to financing programs;

(d) Referral and information on market conditions; and

(e) Information on new technology and product development;

(2) Negotiate voluntary agreements with manufacturers to increase the use of recycled materials in product development;

(3) Support and provide research and development to stimulate and commercialize new and existing technologies and products using recycled materials;

(4) Undertake an integrated, comprehensive education effort directed to recycling businesses to promote processing, manufacturing, and purchase of recycled products, including:

(a) Provide information to recycling businesses on the availability and benefits of using recycled materials;

(b) Provide information and referral services on recycled material markets;

(c) Provide information on new research and technologies that may be used by local businesses and governments; and

(d) Participate in projects to demonstrate new market uses or applications for recycled products;

(5) Assist the departments of ecology and general administration in the development of consistent definitions and standards on recycled content, product performance, and availability;

(6) Undertake studies on the unmet capital needs of reprocessing and manufacturing firms using recycled materials;

(7) Undertake and participating in marketing promotions for the purposes of achieving expanded market penetration for recycled content products;

(8) Coordinate with the department of ecology to ensure that the education programs of both are mutually reinforcing, with the center acting as the lead entity with respect to recycling businesses, and the department as the lead entity with respect to the general public and retailers;

(9) Develop an annual work plan. The plan shall describe actions and recommendations for developing markets for commodities comprising a significant percentage of the waste stream and having potential for use as an industrial or commercial feedstock. The initial plan shall address, but not be limited to, mixed waste paper, waste tires, yard and food waste, and plastics; and

(10) Represent the state in regional and national market development issues.

NEW SECTION. Sec. 206. In order to carry out its responsibilities under this chapter, the center may:

(1) Receive such gifts, grants, funds, fees, and endowments, in trust or otherwise, for the use and benefit of the purposes of the center. The center may expend the same or any income therefrom according to the terms of the gifts, grants, or endowments;

(7) Evaluate, analyze, and make recommendations on state policies that may affect markets for recyclable materials.

NEW SECTION. Sec. 207. The center shall solicit financial contributions and support from manufacturing industries and other private sector sources, foundations, and grants from governmental sources to assist in conducting its activities. It may also use separately appropriated funds of the department of trade and economic development for the center's activities.

NEW SECTION. Sec. 208. The center may appoint advisory committees to assist in the development or implementation of the work plan.

NEW SECTION. Sec. 209. The center shall terminate on June 30, 1997.

Sec. 210. RCW 43.31.545 and 1989 c 431 s 64 are each amended to read as follows:

(1) The department is the lead state agency to assist in establishing and improving markets for recyclable materials generated in the state. ~~((This priority on creating and expanding a recyclables market should be fully integrated into the current targeted sector marketing programs of the department. In carrying out these marketing responsibilities, the department shall work closely with the office of waste reduction in the department of ecology.~~

~~(2) The department of trade and economic development, with the assistance of the department of ecology and the committee for recycling markets created by RCW 43.31.552, shall develop programs to accomplish the following:~~

NEW SECTION. Sec. 211. Section headings as used in this chapter do not constitute any part of the law.

NEW SECTION. Sec. 212. A new section is added to chapter 70.93 RCW to read as follows:

There is created an account within the state treasury to be known as the clean Washington account. Moneys deposited in the clean Washington account shall be subject to appropriation and shall be used for the administration and implementation of the clean washington center established under section 204 of this act.

PART III
USED OIL RECYCLING

NEW SECTION. Sec. 301. INTENT. (1) The legislature finds that:

(a) Millions of gallons of used oil are generated each year in this state, and used oil is a valuable petroleum resource that can be recycled;

(b) The improper collection, transportation, recycling, use, or disposal of used oil contributes to the pollution of air, water, and land, and endangers public health and welfare;

(c) The private sector is a vital resource in the collection and recycling of used oil and should be involved in its collection and recycling whenever practicable.

(2) In light of the harmful consequences of improper disposal and use of used oil, and its value as a resource, the legislature declares that the collection, recycling, and reuse of used oil is in the public interest.

(3) The department, when appropriate, should promote the rerefining of used oil in its grants, public education, regulatory, and other programs.

NEW SECTION. Sec. 302. DEFINITIONS. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Rerefining used oil" means the reclaiming of base lube stock from used oil for use again in the production of lube stock. Rerefining used oil does not mean combustion or landfilling.

(2) "Used oil" means: (a) Lubricating fluids that have been removed from an engine crankcase, transmission, gearbox, hydraulic device, or differential of an automobile, bus, truck, vessel, plane, heavy equipment, or machinery powered by an internal combustion engine; (b) any oil that has been refined from crude oil, used, and as a result of use, has been contaminated with physical or chemical impurities; and (c) any oil that has been refined from crude oil and, as a consequence of extended storage, spillage, or contamination, is no longer useful to the original purchaser.

(3) "Public used oil collection site" means a site where a used oil collection tank has been placed for the purpose of collecting household generated used oil. "Public used oil collection site" also means a vehicle designed or operated to collect used oil from the public.

(4) "Lubricating oil" means any oil designed for use in, or maintenance of, a vehicle, including, but not limited to, motor oil, gear oil, and hydraulic oil. "Lubricating oil" does not mean petroleum hydrocarbons with a flash point below one hundred degrees Centigrade.

(5) "Vehicle" includes every device physically capable of being moved upon a public or private highway, road, street, watercourse, or trail, and in, upon, or by which any person or property is or may be transported or drawn upon a public or private highway, road, street, watercourse, or trail, except devices moved by human or animal power.

(6) "Department" means the department of ecology.

(7) "Local government" means a city or county developing a local hazardous waste plan under RCW 70.105.220.

NEW SECTION. Sec. 303. PUBLIC USED OIL COLLECTION. (1) Each local government and its local hazardous waste plan under RCW 70.105.220 is required to include a used oil recycling element. This element shall include:

(a) A plan to reach the local goals for household used oil recycling established by the local government and the department under section 304 of this act. The plan shall, to the maximum extent possible, incorporate voluntary agreements with the private sector and state agencies to provide sites for the collection of used oil. Where provided, the plan shall also incorporate residential collection of used oil;

(b) A plan for enforcing the sign and container ordinances required by section 305 of this act;

(1) The judge of a court of record, the chief of police of a municipality, or the sheriff of a county, shall within thirty days after the filing of an application of any person issue a license to such person to carry a pistol concealed on his or her person within this state for four years from date of issue, for the purposes of protection or while engaged in business, sport, or while traveling. However, if the applicant does not have a valid

permanent Washington driver's license or Washington state identification card or has not been a resident of the state for the previous consecutive ninety days, the issuing authority shall have up to sixty days after the filing of the application to issue a license. Such applicant's constitutional right to bear arms shall not be denied (~~(to him)~~), unless he or she:

- (a) Is ineligible to own a pistol under the provisions of RCW 9.41.040; or
- (b) Is under twenty-one years of age; or
- (c) Is subject to a court order or injunction regarding firearms pursuant to RCW 10.99.040, 10.99.045, or 26.09.060; or
- (d) Is free on bond or personal recognizance pending trial, appeal, or sentencing for a crime of violence; or
- (e) Has an outstanding warrant for his or her arrest from any court of competent jurisdiction for a felony or misdemeanor; or
- (f) Has been ordered to forfeit a firearm under RCW 9.41.098(1)(d) within one year before filing an application to carry a pistol concealed on his or her person; or
- (g) Is ineligible under federal law to possess a weapon.

The license shall be revoked by the issuing authority immediately upon conviction of a crime which makes such a person ineligible to own a pistol or upon the third conviction for a violation of this chapter within five calendar years.

(2) Upon an order to forfeit a firearm under RCW 9.41.098(1)(d) the ~~((license))~~ issuing authority shall:

The issuing authority shall notify, in writing, the department of licensing upon revocation of a license. The department of licensing shall record the revocation.

The license shall be in triplicate, in form to be prescribed by the department of licensing, and shall bear the name, address, and description, fingerprints, and signature of the licensee, and the licensee's driver's license number or state identification card number if used for identification in applying for the license. The license application shall contain a warning substantially as follows:

CAUTION: Although state and local laws do not differ, federal law and state law on the possession of firearms differ. If you are prohibited by federal law from possessing a firearm, you may be prosecuted in federal court. A state license is not a defense to a federal prosecution.

The license application shall contain a description of the major differences between state and federal law and an explanation of the fact that local laws and ordinances on firearms are preempted by state law and must be consistent with state law. The application shall contain questions about the applicant's place of birth, whether the applicant is a United States citizen, and if not a citizen whether the applicant has declared the intent to become a citizen and whether he or she has been required to register with the state or federal government and any identification or registration number, if applicable. The applicant shall not be required to produce a birth certificate or other evidence of citizenship. An applicant who is not a citizen shall provide documentation showing resident alien status and the applicant's intent to become a citizen. A person who makes a false statement regarding citizenship on the application is guilty of a misdemeanor. A person who is not a citizen of the United States, or has not declared his

or her intention to become a citizen shall meet the additional requirements of RCW 9.41.170.

The original thereof shall be delivered to the licensee, the duplicate shall within seven days be sent by registered mail to the director of licensing and the triplicate shall be preserved for six years, by the authority issuing said license.

(5) Payment shall be by cash, check, or money order at the option of the applicant. Additional methods of payment may be allowed at the option of the issuing authority.

(6) A licensee may renew a license if the licensee applies for renewal within ninety days before or after the expiration date of the license. A license so renewed shall take effect on the expiration date of the prior license. A licensee renewing after the expiration date of the license must pay a late renewal penalty of ten dollars in addition to the renewal fee specified in subsection (4) of this section. The fee shall be distributed as follows:

(a) Three dollars shall be deposited in the state wildlife fund and used exclusively for the printing and distribution of a pamphlet on the legal limits of the use of firearms, firearms safety, and the preemptive nature of state law. The pamphlet shall be given to each applicant for a license; and

(7) Notwithstanding the requirements of subsections (1) through (6) of this section, the chief of police of the municipality or the sheriff of the county of the applicant's residence may issue a temporary emergency license for good cause pending review under subsection (1) of this section.

(8) A political subdivision of the state shall not modify the requirements of this section or chapter, nor may a political subdivision ask the applicant to voluntarily submit any information not required by this section. A civil suit may be brought to enjoin a wrongful refusal to issue a license or a wrongful modification of the requirements of this section or chapter. The civil suit may be brought in the county in which the application was made or in Thurston county at the discretion of the petitioner. (1) \$74,253,000 of the general fund--state appropriation, \$18,555,000 of the general fund--federal appropriation, and \$47,805,000 of the special fund salary and insurance

contribution increase revolving fund appropriation are provided for the following salary increases:

(a) A 4.0 percent across-the-board increase effective January 1, 1992, and an additional 3.5 percent across-the-board increase effective January 1, 1993, for all classified and exempt employees under the state personnel board and commissioned officers of the Washington state patrol; and

Calculations for determining the increases granted in this subsection (b) shall be made subsequent to the calculations for the general salary increase of 4.0 percent granted on January 1, 1992. The findings of the 1990 comprehensive salary survey as adopted by the state personnel board, expressed as the number of ranges behind prevailing rate, shall be used to determine salary increases under this subsection. However, the number of ranges behind prevailing rate shall be adjusted to reflect salary changes resulting from:

(i) Any job classification revision approved after June 1, 1990; or

(ii) The salary increase granted on January 1, 1991, to raise employees' salaries to within twenty percent of prevailing rate based on the findings of the 1988 trend salary survey.

The salary increases granted in this subsection shall be in addition to any increase granted under subsection (1) of this section. If the appropriation in this subsection is insufficient to provide the additional 7.5 percent salary increase effective January 1, 1993, the office of financial management shall reduce the percentage increase to a level commensurate with the remaining appropriation.

(3) The governor shall allocate to state agencies \$15,000,000 from the general fund--state appropriation, and \$15,000,000 from the special fund salary and insurance contribution increase revolving fund appropriation to fulfill the 1991-93 obligations of the comparable worth agreement ratified by 1986 Senate Concurrent Resolution No. 126.

Contributions by any county, municipal, or other political subdivision to which coverage is extended after the effective date of this act shall not receive the benefit of any surplus funds attributable to premiums paid prior to the date on which coverage is extended.

(6) To facilitate the transfer of moneys from dedicated funds and accounts, the state treasurer is directed to transfer sufficient moneys from each dedicated fund or account to the special fund salary and insurance contribution increase revolving fund in accordance with schedules provided by the office of financial management and in schedules provided by the legislative evaluation and accountability program in support of LEAP Document 99.

(7) In calculating individual agency allocations for this section, the office of financial management shall calculate the allocation of each subsection separately. The separate allocations for each agency may be combined under a single appropriation code for improved efficiency. The office of financial management shall transmit a list of agency allocations by subsection to the senate committee on ways and means and the house of representatives committee on appropriations.

(8) No salary increase may be paid under this section to any person whose salary has been Y-rated pursuant to rules adopted by the state personnel board.

NEW SECTION. Sec. 4. The legislature finds that an increasing number of children are entering the state's public schools with learning impairments caused by the use of drugs, alcohol, and tobacco by their mothers during pregnancy. Many of these children suffer from mental retardation, poor social abilities, low cognitive skills, attention deficit disorders, hyperactivity, or speech problems.

The legislature further finds that educating these children will require additional resources, and perhaps new educational strategies and techniques. The extent of these additional resources and the most appropriate strategies and techniques are not known at this time. If additional resources are not provided, teachers will be required to devote significant time to these students to the detriment of other children in the classroom.

The legislature further finds that many of these learning impairments are preventable, and that increased parental education on the effects of substance abuse during pregnancy would aid in reducing the number of children with learning impairments.

NEW SECTION. Sec. 5. The task force on the children of substance abusers is created. The task force shall:

(1) Consult with the task force created in section 1 of this act to identify current methods of data collection and reporting about children in Washington born affected by alcohol or drugs;

(2) Determine, to the extent feasible with available resources, the current and projected number of children in Washington born affected by alcohol or drugs, and estimate the number that can be expected to have learning impairments during school age;

(3) Investigate the nature of the special needs of children born affected by alcohol or drugs;

(4) Identify the categories of education and social services in the state likely to be significantly affected by changes in the number of children born affected by alcohol or drugs;

(5) Identify current public education and social service programs designed to address the special needs of children born affected by alcohol or drugs, including, to the extent feasible, total expenditures and number of children served;

(6) Identify current educational and treatment programs designed to reduce substance abuse during pregnancy, including, to the extent feasible, total expenditures and number of women served; and

(7) Based on the findings in subsections (1) through (6) of this section:

(a) Examine implications for the public school system and social services in Washington;

(b) Investigate promising models for addressing the needs of children born affected by alcohol or drugs within the public education and social service settings, including, to the extent feasible, estimates of cost per child;

(c) Investigate ways to reduce the problem of substance abuse during pregnancy, including, but not limited to, ways to reduce the social acceptance of alcohol and drug use during pregnancy and ways to reduce the availability of harmful substances to pregnant women;

(d) Investigate such related issues as the task force deems appropriate; and

(e) Develop recommendations for state action.

NEW SECTION. Sec. 6. (1) Membership on the task force created in section 5 of this act shall include representatives from the:

- (a) Senate, one each from the majority and minority parties, selected by the president of the senate;
- (b) House of representatives, one each from the majority and minority parties, selected by the speaker of the house of representatives;
- (c) Office of the superintendent of public instruction;
- (d) Department of health;
- (e) County health departments;
- (f) Department of social and health services;

- (j) Washington state school directors' association;
- (k) Washington association of school administrators;

- (m) Learning disability association of Washington;
- (n) Department of community development;
- (o) Chemical dependency associations, not more than three representatives; and
- (p) Private advocacy groups serving families and children, not more than three representatives.

(2) Organizations shall select their respective representatives. The task force shall select a chair from among its members at its first meeting.

(3) All task force members shall be appointed within twenty days and the first meeting of the task force shall be within thirty days of the effective date of this act.

NEW SECTION. Sec. 7. Staff support for the task force created in section 5 of this act shall be provided by the office of the superintendent of public instruction.

NEW SECTION. Sec. 8. The task force created in section 5 of this act shall report its final findings and recommendations to the appropriate standing committees of the legislature before December 1, 1991.

NEW SECTION. Sec. 9. This act shall expire December 31, 1991.

NEW SECTION. Sec. 10. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately.

MAJORITY recommendation: The substitute bill by Committee on Transportation be substituted therefor, and the substitute bill do pass with the following amendments:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The state finance committee is authorized to issue general obligation bonds of the state of Washington in the sum of fifty million one hundred fifty thousand dollars, or as much thereof as may be required, to finance the state patrol headquarters construction project parking facility and nonparking components described and authorized by the legislature in the capital and operating appropriations acts for the 1991-93 fiscal biennium and subsequent fiscal biennia, and all costs incidental thereto.

Bonds authorized in this section shall be sold in such manner, at such time or times, in such amounts, and at such price as the state finance committee shall determine. No such bonds may be offered for sale without prior legislative appropriation of the net proceeds of the sale of the bonds. The state finance committee may obtain insurance or letters of credit and may authorize the execution and delivery of agreements, promissory notes, and other obligations for the purpose of insuring the payment or enhancing the marketability of bonds authorized in this section. Promissory notes or other obligations issued pursuant to this section shall not constitute a debt or the contracting of indebtedness under any constitutional or statutory indebtedness limitation if their payment is conditioned upon the failure of the state to pay the principal of or interest on the bonds with respect to which the same relate.

NEW SECTION. Sec. 2. Bonds issued under section 1 of this act are subject to the following conditions and limitations:

General obligation bonds of the state of Washington in the sum of fifty million one hundred fifty thousand dollars, or as much thereof as may be required, shall be issued for the state patrol headquarters construction project described and authorized by the legislature in the capital and operating appropriations acts for the 1991-93 fiscal biennium and subsequent fiscal biennia, and to provide for the administrative cost of such project, including costs of bond issuance and retirement, salaries and related costs of officials and employees of the state, costs of insurance or credit enhancement agreements, and other expenses incidental to the administration of capital projects. Forty-two million two hundred forty thousand dollars of the bonds, or as much thereof as may be required, shall be solely for the nonparking component of the project, otherwise designated in this chapter as the building, and seven million nine hundred twenty thousand dollars of the bonds, or as much thereof as may be required, shall be solely for the parking facility component of the project. Subject to such changes as may be required in the appropriations acts, the proceeds from the sale of the bonds issued for the state patrol headquarters construction project shall be deposited in the state patrol construction account hereby created in the state treasury.

These proceeds shall be used exclusively for the purposes specified in this section, and for the payment of expenses incurred in the issuance and sale of the bonds issued for the purposes of this section, and shall be administered by the Washington state patrol, subject to legislative appropriation. Notwithstanding the authority granted the department of general administration in RCW 79.24.560, the director of general administration shall

give absolute priority to the state patrol for use of the building. Thereafter, priority consideration shall be given to other transportation agencies for use of additional space in the building.

NEW SECTION. Sec. 3. Both principal of and interest on the bonds issued for the state patrol headquarters construction project parking facility and nonparking components shall be payable from the state general obligation bond retirement fund. The state finance committee may provide that a special account be created in such fund to facilitate payment of such principal and interest.

On or before June 30th of each year, the state finance committee shall certify to the state treasurer the amount required for principal and interest on such bonds in accordance with the provisions of the bond proceedings. The state treasurer shall withdraw from any general state revenues received in the state treasury and deposit in the state general obligation bond retirement fund, or a special account in such fund, such amounts and at such times as are required by the bond proceedings.

NEW SECTION. Sec. 4. Bonds issued under section 1 of this act shall state that they are a general obligation of the state of Washington, shall pledge the full faith and credit of the state to the payment of the principal thereof and the interest thereon, and shall contain an unconditional promise to pay the principal and interest as the same shall become due.

The owner and holder of each of the bonds or the trustee for the owner and holder of any of the bonds may by mandamus or other appropriate proceeding require the transfer and payment of funds as directed in this section.

NEW SECTION. Sec. 5. (1) The director of the office of financial management, in consultation with the Washington state patrol, the department of general administration, and the appropriate legislative committees, shall notify the state financial committee, on or before June 30th of each year, of the relative shares of the principal and interest requirements determined pursuant to section 3 of this act, attributable to the state patrol headquarters construction project parking facility and nonparking components in proportion to the principal amount of bonds issued under this chapter for purposes of funding each component.

(2) On each date on which any interest or principal and interest payment is due, the state finance committee shall certify to the state treasurer the amount for the state patrol headquarters construction project nonparking component to be paid out of the state patrol highway account for deposit into the general fund of the state treasury. At the time of sale of the bonds issued under this chapter, and on or before June 30th of each succeeding year while such bonds remain outstanding, the state finance committee shall determine, based on current balances and estimated receipts and expenditures from the state patrol highway account, that portion of principal and interest on the bonds issued under section 1 of this act, subject to section 2 of this act, which will, by virtue of payments from the state patrol highway account, be reimbursed from sources other than "general state revenues" as that term is defined in Article VIII, section 1 of the state Constitution. The amount so determined by the state finance committee, as from time to time adjusted in accordance with this section, shall not constitute indebtedness for purposes of the limitations set forth in RCW 39.42.060.

(3) On each date on which any interest or principal and interest payment is due the state finance committee shall certify to the state treasurer the amount due for the state patrol headquarters construction project parking component to be paid out of the capitol building construction account for deposit into the general fund of the state treasury. At the time of sale of the bonds issued under this chapter, and on or before June 30th of each succeeding year while such bonds remain outstanding, the state finance committee shall determine, based on current balances and estimated receipts and expenditures from the capitol building construction account, that portion of principal and interest on the bonds issued under section 1 of this act, subject to section 2 of this act, which will, by

virtue of payments from the capitol building construction account, be reimbursed from sources other than "general state revenues" as that term is defined in Article VIII, section 1 of the state Constitution. The amount so determined by the state finance committee, as from time to time adjusted in accordance with this section, shall not constitute indebtedness for purposes of the limitations set forth in RCW 39.42.060.

NEW SECTION. Sec. 6. In addition to any other charges authorized by law and to assist in the reimbursement of principal and interest payments on bonds issued for the purposes of the state patrol headquarters construction project, the following revenues may be collected and transferred:

(1) The director of general administration in consultation with the office of financial management and the appropriate legislative committees shall assess a charge against each state board, commission, agency, office, department, activity, or other occupant, of the facility or building constructed with bonds issued for the state patrol headquarters construction project nonparking component. The charge shall be based on the percentage of space occupied relative to the total required annual principal and interest payments due for the entire building. The director of general administration shall deposit the payment in the state patrol highway account.

In order to determine the fair share of debt service for each fund or account, before the building is occupied, on the building component of the state patrol headquarters construction project, the office of financial management shall determine a pro rata share of each fund or account based upon the percentage of total Washington state patrol headquarters programs or functions projected to occupy the building supported by each fund or account. The office of financial management shall then notify the state treasurer of the amounts to transfer from the various fund sources to the Washington state patrol highway account based on those pro rata amounts.

(2) The director of general administration, after such time as the current restrictions on capitol campus parking revenues have expired, shall deposit all parking rental income collected by the department of general administration from parking space developed as a part of the facility constructed with bonds issued for the state patrol headquarters construction project parking facility component, into the capitol building construction account.

NEW SECTION. Sec. 7. The legislature may provide additional means for raising moneys for the payment of the principal of and interest on the bonds authorized in section 1 of this act, and section 3 of this act shall not be deemed to provide an exclusive method for the payment.

NEW SECTION. Sec. 8. The bonds authorized in section 1 of this act shall be a legal investment for all state funds or funds under state control and for all funds of any other public body.

NEW SECTION. Sec. 9. Sections 1 through 8 of this act shall constitute a new chapter in Title 43 RCW.

NEW SECTION. Sec. 10. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 11. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately.

On page 1, line 2 of the title, after "project;" strike the remainder of the title and insert "adding a new chapter to Title 43 RCW; and declaring an emergency."

Upon motion and hearing before the superior court of the county where the proceeding is filed, the court may waive venue in that county for good cause shown.

(4) The initial pleading in all proceedings under this chapter shall be denominated a petition. A responsive pleading shall be denominated a response. Other pleadings, and all pleadings in other matters under this chapter shall be denominated as provided in the civil rules for superior court.

(5) In this chapter, "decree" includes "judgment".

(6) A decree of dissolution, of legal separation, or a declaration concerning the validity of a marriage shall not be awarded to one of the parties, but shall provide that it affects the status previously existing between the parties in the manner decreed.

Sec. 2. RCW 26.09.015 and 1989 c 375 s 2 are each amended to read as follows:

(1) In any proceeding under this chapter, the matter may be set for mediation of the contested issues before or concurrent with the setting of the matter for hearing. The mediator shall use his or her best efforts to effect a settlement of the dispute.

(2) Each superior court may make available a mediator. ~~((6) This section shall not apply to postdecree mediation required pursuant to a parenting plan.)~~

Sec. 3. RCW 26.09.100 and 1990 1st ex.s. c 2 s 1 are each amended to read as follows:

(1) In a proceeding for dissolution of marriage, legal separation, declaration of invalidity, maintenance, or child support, after considering all relevant factors but without

regard to marital misconduct, the court shall order either or both parents owing a duty of support to any child of the marriage dependent upon either or both spouses to pay an amount determined under chapter 26.19 RCW.

(2) The court may require periodic (~~adjustments~~) modifications of child support. That portion of any decree that requires periodic modifications of child support shall use the provisions in chapter 26.19 RCW as the basis for the modification. That portion of any decree that requires periodic modification of child support that uses a basis for modification other than chapter 26.19 RCW shall be void. Provisions in the decree for periodic modification shall not conflict with RCW 26.09.170 except that the decree may require periodic modifications of support more frequently than the time periods established pursuant to RCW 26.09.170. The (~~adjustment~~) automatic modification provision may be modified by the court due to economic hardship consistent with the provisions of RCW 26.09.170(4)(a).

Sec. 4. RCW 26.09.160 and 1989 c 318 s 1 are each amended to read as follows:

(1) The performance of parental functions and the duty to provide child support are distinct responsibilities in the care of a child. If a party fails to comply with a provision of a decree or temporary order of injunction, the obligation of the other party to make payments for support or maintenance or to permit contact with children is not suspended. An attempt by a parent, in either the negotiation or the performance of a parenting plan, to condition one aspect of the parenting plan upon another, to condition payment of child support upon an aspect of the parenting plan, to refuse to pay ordered child support, to refuse to perform the duties provided in the parenting plan, or to hinder the performance by the other parent of duties provided in the parenting plan, (~~may~~) shall be deemed bad faith and shall be punished by the court by holding the party in contempt of court and by awarding to the aggrieved party reasonable attorneys' fees and costs incidental in bringing a motion for contempt of court.

(2)(a) A motion may be filed to initiate a contempt action to coerce a parent to comply with an order establishing residential provisions for a child. If the court finds there is reasonable cause to believe the parent has not complied with the order, the court may issue an order to show cause why the relief requested should not be granted.

(b) If, based on all the facts and circumstances, the court finds after hearing that the parent, in bad faith, has not complied with the order establishing residential provisions for the child, the court (~~may~~) shall find the parent in contempt of court. Upon a finding of contempt, the court shall order:

(i) The noncomplying parent to provide the moving party additional time with the child. The additional time shall be equal to the time missed with the child, due to the parent's noncompliance;

(ii) The parent to pay, to the moving party, all court costs and reasonable attorneys' fees incurred as a result of the noncompliance, and any reasonable expenses incurred in locating or returning a child; and

(iii) The parent to pay, to the moving party, a civil penalty, not less than the sum of one hundred dollars.

The court may also order the parent to be imprisoned in the county jail, if the parent is presently able to comply with the provisions of the court-ordered parenting plan and is presently unwilling to comply. The parent may be imprisoned until he or she agrees to comply with the order, but in no event for more than one hundred eighty days.

(3) On a second failure within three years to comply with a residential provision of a court-ordered parenting plan, a motion may be filed to initiate contempt of court proceedings according to the procedure set forth in subsection (2) (a) and (b) of this section. On a finding of contempt under this subsection, the court shall order:

(a) The noncomplying parent to provide the other parent or party additional time with the child. The additional time shall be twice the amount of the time missed with the child, due to the parent's noncompliance;

(b) The noncomplying parent to pay, to the other parent or party, all court costs and reasonable attorneys' fees incurred as a result of the noncompliance, and any reasonable expenses incurred in locating or returning a child; and

(c) The noncomplying parent to pay, to the moving party, a civil penalty of not less than two hundred fifty dollars.

The court may also order the parent to be imprisoned in the county jail, if the parent is presently able to comply with the provisions of the court-ordered parenting plan and is presently unwilling to comply. The parent may be imprisoned until he or she agrees to comply with the order but in no event for more than one hundred eighty days.

(4) For purposes of subsections (1), (2), and (3) of this section, the parent shall be deemed to have the present ability to comply with the order establishing residential provisions unless he or she establishes otherwise by a preponderance of the evidence. The parent shall establish a reasonable excuse for failure to comply with the residential provision of a court-ordered parenting plan by a preponderance of the evidence.

(5) Any monetary award ordered under subsections (1), (2), and (3) of this section may be enforced, by the party to whom it is awarded, in the same manner as a civil judgment.

(6) Subsections (1), (2), and (3) of this section authorize the exercise of the court's power to impose remedial sanctions for contempt of court and is in addition to any other contempt power the court may possess.

(7) Upon motion for contempt of court under subsections (1) through (3) of this section, if the court finds the motion was brought without reasonable basis, the court shall order the moving party to pay to the nonmoving party, all costs, reasonable attorneys' fees, and a civil penalty of not less than one hundred dollars.

Sec. 5. RCW 26.09.170 and 1990 1st ex.s. c 2 s 2 are each amended to read as follows:

(1) Except as otherwise provided in subsection (7) of RCW 26.09.070 and subsection (10) of this section, the provisions of any decree respecting maintenance or support may be modified only as to installments accruing subsequent to the filing of the motion for modification and, except as otherwise provided in subsections (4), (5), ~~((and))~~ (8), (9), and (10) of this section, only upon a showing of a substantial change of circumstances. Any modification granted shall be effective as of the date of the filing of the motion. The provisions as to property disposition may not be revoked or modified, unless the court finds the existence of conditions that justify the reopening of a judgment under the laws of this state. An increase in the wage or salary of a parent who is receiving support transfer payments as defined in section 24 of this act is not a substantial change in circumstances.

(2) Unless otherwise agreed in writing or expressly provided in the decree the obligation to pay future maintenance is terminated upon the death of either party or the remarriage of the party receiving maintenance.

(3) Unless otherwise agreed in writing or expressly provided in the decree, provisions for the support of a child are terminated by emancipation of the child or by the death of the parent obligated to support the child.

(4) Unless a decree provides for more frequent modifications of child support as provided in RCW 26.09.100, an order of child support may be modified one year or more after it has been entered without showing a substantial change of circumstances:

(a) If the order in practice works a severe economic hardship on either party or the child;

(b) If a party requests ~~((an adjustment))~~ a modification in an order for child support which was based on guidelines which determined the amount of support according to the child's age, and the child is no longer in the age category on which the current support amount was based;

(c) If a child is still in high school, upon a finding that there is a need to extend support beyond the eighteenth birthday to complete high school; or

(d) To add ~~((an))~~ automatic ~~((adjustment))~~ modification of support provisions ~~((consistent with))~~ as provided in RCW 26.09.100.

(5) An order or decree entered prior to June 7, 1984, may be modified without showing a substantial change of circumstances if the requested modification is to:

(a) Require health insurance coverage for a child named therein; or

(b) Modify an existing order for health insurance coverage.

(6) An obligor's voluntary unemployment or voluntary underemployment, by itself, is not a substantial change of circumstances.

(7) The department of social and health services may file an action to modify an order of child support if public assistance money is being paid to or for the benefit of the child and the child support order is twenty-five percent or more below the ~~((appropriate))~~ presumptive child support amount set forth in the standard calculation as defined in section ~~((4(2)))~~ 24 of this act and reasons for the deviation are not set forth in the findings of fact or order. The determination of twenty-five percent or more shall be based on the current income of the parties and the department shall not be required to show a substantial change of circumstances if the reasons for the deviations were not set forth in the findings of fact or order.

~~((8)(a) ((Except as provided in (b) and (c) of this subsection,))~~ Unless a decree provides for more frequent modification of child support as provided in RCW 26.09.100, all decrees entered on, before, or after September 1, 1991, that contain orders regarding child support ~~((decrees))~~ may be ~~((adjusted))~~ modified once every twenty-four months based upon changes in the income of the parents without a showing of substantially changed circumstances. Either party may initiate the modification pursuant to procedures of RCW 26.09.175.

(b) All decrees entered on, before, or after September 1, 1991, may be modified based upon changes in the child support schedule established in chapter 26.19 RCW without a substantial change in circumstances. Parents whose decrees are entered on, before ~~((the effective date of this act)),~~ or after the effective date of this section may petition the court for a modification based on the changes in the child support schedule after twelve months has expired from the entry of the decree or the most recent modification setting child support, whichever is later. However, if a party is granted relief under this provision, twenty-four months must pass before another petition for modification may be filed pursuant to (a) of this subsection.

(c) A party may petition for modification in cases of substantially changed circumstances, under subsection (1) of this section, at any time. However, if relief is granted under subsection (1) of this section, twenty-four months must pass before a petition for modification under (a) of this subsection may be filed.

(d) If, pursuant to (a) and (b) of this subsection, the court modifies a child support obligation by more than thirty percent and the change would cause significant hardship, the court may implement the change in two equal increments, one at the time of the entry of the order and the second six months from the entry of the order. Twenty-four months must pass following the second change before a petition for modification under (a) of this subsection may be filed.

~~((e) A parent who is receiving transfer payments who receives a wage or salary increase may not bring a modification action pursuant to (a) of this subsection alleging that increase constitutes a substantial change of circumstances under subsection (1) of this section:--))~~

(9) Any decree, separation agreement, contract, or other agreement that conflicts with RCW 26.09.170(8) shall, upon motion of a party, be modified to conform to the requirements of RCW 26.09.170(8).

(10) A parent obligated to pay support, who was on active duty for the United States military for the "Desert Shield" or "Desert Storm" operations of the United States war with Iraq, may bring a motion for modification of child support without a substantial change of circumstances for purposes of a retroactive adjustment of child support commencing from the beginning of the active duty until the date the parent was no longer on active duty. The parent must bring the motion for modification within ninety days of the end of the parent's active duty. The motion for modification may only be granted if the parent's income or resources were reduced while on active duty. Any modification granted that reduces child support during the parent's term of active duty shall be a prospective credit against future child support payments in an amount and over a period of time as determined in the court's discretion.

Sec. 6. RCW 26.09.175 and 1990 1st ex.s. c 2 s 3 are each amended to read as follows:

There shall be a fee of twenty dollars for the filing of a petition for modification of dissolution.

(2) The petitioner shall serve upon the other party the summons, a copy of the petition (~~(and affidavit, and a blank copy of a financial affidavit)~~), and the worksheets in the form prescribed by the administrator for the courts. If the modification proceeding is the first action filed in this state, service shall be made by personal service. If the decree to be modified was entered in this state, service shall be by personal service or by any form of mail requiring a return receipt. If the support obligation has been assigned to the state pursuant to RCW 74.20.330 (~~(and notice has been filed with the court)~~) or the state has a subrogated interest under RCW 74.20A.030, the summons, petition, (~~(affidavit,)~~) and worksheets shall also be served on the attorney general. Proof of service shall be filed with the court.

(3) The responding party's answer (~~(and completed financial affidavit)~~) and worksheets shall be served and the answer filed within twenty days after service of the petition or sixty days if served out of state. The responding party's failure to file an answer within the time required shall result in entry of a default judgment for the petitioner.

(4) At any time after responsive pleadings are filed, either party may schedule the matter for hearing.

(5) Unless both parties stipulate to arbitration or the presiding judge authorizes oral testimony pursuant to subsection (6) of this section, a petition for modification of an order of child support shall be heard by the court on affidavits, the petition, answer, and worksheets only.

(6) A party seeking authority to present oral testimony on the petition to modify a support order shall file an appropriate motion not later than ten days after the time of notice of hearing. Factors which may be considered include, but are not limited to: (a) Substantial questions of credibility on a major issue; (b) insufficient or inconsistent discovery materials not correctable by further discovery; or (c) particularly complex circumstances requiring expert testimony.

(7) The administrator for the courts shall develop and prepare, in consultation with interested persons, model forms or notices for the use of the procedure provided by this section, including a notice advising of the right of a party to proceed with or without benefit of counsel.

Sec. 7. RCW 26.09.184 and 1989 c 375 s 9 are each amended to read as follows:

(1) OBJECTIVES. The objectives of the permanent parenting plan are to:

- (a) Provide for the child's physical care;
- (b) Maintain the child's emotional stability;
- (c) Provide for the child's changing needs as the child grows and matures, in a way that minimizes the need for future modifications to the permanent parenting plan;
- (d) Set forth the authority and responsibilities of each parent with respect to the child, consistent with the criteria in RCW 26.09.187 and 26.09.191;
- (e) Minimize the child's exposure to harmful parental conflict;
- (f) Encourage the parents, where appropriate under RCW 26.09.187 and 26.09.191, to meet their responsibilities to their minor children through agreements in the permanent parenting plan, rather than by relying on judicial intervention; and
- (g) To otherwise protect the best interests of the child consistent with RCW 26.09.002.

(2) **CONTENTS OF THE PERMANENT PARENTING PLAN.** The permanent parenting plan shall contain provisions for resolution of future disputes between the parents, allocation of decision-making authority, and residential provisions for the child.

(3) **DISPUTE RESOLUTION.** A process for resolving disputes, other than court action, shall be provided unless precluded or limited by RCW 26.09.187 or 26.09.191. A dispute resolution process may include counseling, mediation, or arbitration by a specified individual or agency, or court action. In the dispute resolution process:

- (a) Preference shall be given to carrying out the parenting plan;
- (b) The parents shall use the designated process to resolve disputes relating to implementation of the plan, except those related to financial support, unless an emergency exists;
- (c) A written record shall be prepared of any agreement reached in counseling or mediation and of each arbitration award and shall be provided to each party;
- (d) If the court finds that a parent has used or frustrated the dispute resolution process without good reason, the court shall award attorneys' fees and financial sanctions to the prevailing parent;
- (e) The parties have the right of review from the dispute resolution process to the superior court; and
- (f) The provisions of (a) through (e) of this subsection shall be set forth in the decree.

(4) **ALLOCATION OF DECISION-MAKING AUTHORITY.**

(a) The plan shall allocate decision-making authority to one or both parties regarding the children's education, health care, and religious upbringing. The parties may incorporate an agreement related to the care and growth of the child in these specified areas, or in other areas, into their plan, consistent with the criteria in RCW 26.09.187 and 26.09.191. Regardless of the allocation of decision-making in the parenting plan, either parent may make emergency decisions affecting the health or safety of the child.

(b) Each parent may make decisions regarding the day-to-day care and control of the child while the child is residing with that parent.

(c) When mutual decision making is designated but cannot be achieved, the parties shall make a good-faith effort to resolve the issue through the dispute resolution process.

(5) **RESIDENTIAL PROVISIONS FOR THE CHILD.** The plan shall include a residential schedule which designates in which parent's home each minor child shall reside on given days of the year, including provision for holidays, birthdays of family members, vacations, and other special occasions, consistent with the criteria in RCW 26.09.187 and 26.09.191.

(6) **PARENTS' OBLIGATION UNAFFECTED.** If a parent fails to comply with a provision of a parenting plan or a child support order, the other parent's obligations under the parenting plan or the child support order are not affected. Failure to comply with a provision in a parenting plan or a child support order may result in a finding of contempt of court, under RCW 26.09.160.

(7) PROVISIONS TO BE SET FORTH IN PERMANENT PARENTING PLAN.

The permanent parenting plan shall set forth the provisions of subsections (3) (a) through (c), (4) (b) and (c), and (6) of this section.

Sec. 8. RCW 26.09.225 and 1990 1st ex.s. c 2 s 18 are each amended to read as follows:

(1) Each parent shall have full and equal access to the education ((and health care)) records of the child absent a court order to the contrary. Educational records include records of public and private schools in all grades kindergarten through twelve and any form of alternative school or postsecondary educational institution for all periods for which child support is paid or the child is the dependent in fact of the parent requesting access to the records. Neither parent may veto the access requested by the other parent and neither parent nor child nor any educational institution may assert a privilege on behalf of the child.

(2) Each parent shall have full and equal access to the health care records of the child absent a court order to the contrary. Neither parent may veto the access requested by the other parent and neither parent nor child nor health care provider may assert a privilege on behalf of the child.

Sec. 9. RCW 26.09.260 and 1989 c 375 s 14 and 1989 c 318 s 3 are each reenacted and amended to read as follows:

(1) Except as otherwise provided in subsection (4) of this section, the court shall not modify a prior custody decree or a parenting plan unless it finds, upon the basis of facts that have arisen since the prior decree or plan or that were unknown to the court at the time of the prior decree or plan, that a substantial change has occurred in the circumstances of the child or the nonmoving party and that the modification is in the best interest of the child and is necessary to serve the best interests of the child.

(2) In applying these standards, the court shall retain the residential schedule established by the decree or parenting plan unless:

(a) The parents agree to the modification;

(b) The child has been integrated into the family of the petitioner with the consent of the other parent in substantial deviation from the parenting plan;

(c) The child's present environment is detrimental to the child's physical, mental, or emotional health and the harm likely to be caused by a change of environment is outweighed by the advantage of a change to the child; or

(d) The court has found the nonmoving parent in contempt of court at least twice within three years because the parent failed to comply with the residential time provisions in the court-ordered parenting plan, or the parent has been convicted of custodial interference in the first or second degree under RCW 9A.40.060 or 9A.40.070.

((2)) (3) A conviction of custodial interference in the first or second degree under RCW 9A.40.060 or 9A.40.070 shall constitute a substantial change of circumstances for the purposes of this section.

((3)) (4) The court may order adjustments to a parenting plan upon a showing of a substantial change in circumstances of either parent or of the child, and without consideration of the factors set forth in subsection (2) of this section, if the proposed modification is only a:

(a) Modification in the dispute resolution process; or

(b) Minor modification in the residential schedule that:

(i) Does not change the residence the child is scheduled to reside in the majority of the time; and

(ii) Does not exceed twenty-four full days in a calendar year or five full days in a calendar month; or

(iii) Is based on a change of residence or an involuntary change in work schedule by a parent which makes the residential schedule in the parenting plan impractical to follow.

(5) If the court finds that a motion to modify a prior decree or parenting plan has been brought in bad faith, the court shall assess the attorney's fees and court costs of the nonmoving parent against the moving party.

Sec. 10. RCW 26.09.280 and 1987 c 460 s 20 are each amended to read as follows:

The initial determination of the number of case filings in each eligible county shall be based upon the office of the administrator for the courts' most recent annual report. The office of the administrator for the courts shall adjust the calculation of the number of filings in each county if any county has a disproportionate number of filings due to changes of venue or cases in which both parties live in another county. The office of the administrator for the courts may begin disbursing the state funds by July 1, 1992, to eligible counties. The office of the administrator for the courts shall disburse the state funds not later than January 1, 1993, to eligible counties. (10) An employer shall deliver a copy of the wage assignment order to the obligor as soon as is reasonably possible.

Sec. 22. RCW 26.18.140 and 1984 c 260 s 14 are each amended to read as follows:

(1) Except as provided in subsection (2) of this section, in a hearing to quash, modify, or terminate the wage assignment order, the court may grant relief only upon a showing that the wage assignment order causes extreme hardship or substantial injustice. Satisfaction by the obligor of all past due payments subsequent to the issuance of the wage assignment order is not grounds to quash, modify, or terminate the wage assignment order. If a wage assignment order has been in operation for twelve consecutive months and the obligor's support obligation is current, the court may terminate the order upon motion of the obligor unless the obligee can show good cause as to why the wage assignment order should remain in effect.

(2) The court may enter an order delaying, modifying, or terminating the wage assignment order and order the obligor to make payments directly to the obligee if the court approves an alternate payment plan as provided in RCW 26.23.050(2).

Sec. 23. RCW 26.19.001 and 1988 c 275 s 1 are each amended to read as follows:

The legislature intends, in establishing a child support schedule, to insure that child support orders are adequate to meet a child's basic needs and to provide additional child support commensurate with the parents' own income((,)) and resources((, and standard of living)) while recognizing that all parties to a divorce may by necessity suffer a reduced standard of living as a result of the divorce. The legislature also intends that the child support obligation should be equitably apportioned between the parents.

The legislature finds that these goals will be best achieved by the adoption and use of a state-wide child support schedule. Use of a state-wide schedule will benefit children and their parents by:

- (1) Increasing the adequacy of child support orders through the use of economic data as the basis for establishing the child support schedule;
- (2) Increasing the equity of child support orders by providing for comparable orders in cases with similar circumstances; and
- (3) Reducing the adversarial nature of the proceedings by increasing voluntary settlements as a result of the greater predictability achieved by a uniform state-wide child support schedule.

NEW SECTION. Sec. 24. DEFINITIONS. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Basic child support obligation" means the monthly child support obligation determined from the economic table based on the parties' combined monthly net income and the number of children for whom support is owed.

(2) "Child support schedule" means the standards, economic table, worksheets, and instructions, as defined in this chapter.

(3) "Court" means a superior court judge, court commissioner, and presiding and reviewing officers who administratively determine or enforce child support orders.

(4) "Deviation" means a child support amount that differs from the standard calculation.

(5) "Economic table" means the child support table for the basic support obligation provided in RCW 26.19.020.

(6) "Instructions" means the instructions developed by the office of the administrator for the courts pursuant to RCW 26.19.050 for use in completing the worksheets.

(7) "Multiple families" means all the possible combinations of families in which a party has children from more than one relationship to whom the party owes a duty to support. Possible combinations include any natural, adopted, or stepchildren to whom the person owes a duty of support, whether or not the children are illegitimate or were born during a former or existing marriage, and whether or not the children reside with the person obligated to support them.

(8) "Standards" means the standards for determination of child support as provided in sections 27 through 33 of this act and RCW 26.19.090.

(9) "Standard calculation" means the presumptive amount of child support owed as determined from the child support schedule before the court considers any reasons for deviation.

(10) "Support transfer payment" means the amount of money the court orders one parent to pay to another parent or custodian for child support after determination of the standard calculation and deviations. If certain expenses or credits are expected to fluctuate and the order states a formula or percentage to determine the additional amount or credit on an ongoing basis, the term "support transfer payment" does not mean the additional amount or credit.

(11) "Worksheets" means the forms developed by the office of the administrator for the courts pursuant to RCW 26.19.050 for use in determining the amount of child support.

Sec. 25. RCW 26.19.020 and 1990 1st ex.s. c 2 s 19 are each amended to read as follows:

~~((If approved by a majority vote of the superior court judges of a county, the superior court may adopt by local court rule an economic table that shall be used by the superior court of that county, instead of the economic table adopted by the commission, to determine the appropriate amount of child support. The economic table adopted by the superior court shall not vary by more than twenty five percent from the economic table adopted by the commission and shall not vary the economic table for combined monthly net income of two thousand five hundred dollars or less.))~~

The economic table is presumptive for combined monthly net incomes up to and including five thousand dollars. When combined monthly net income exceeds five thousand dollars, support shall not be set at an amount lower than the presumptive amount of support set for combined monthly net incomes of five thousand dollars unless the court finds a reason to deviate below that amount. The economic table is advisory but not presumptive for combined monthly net incomes that exceed five thousand dollars. When combined monthly net income exceeds seven thousand dollars, the court may set support at an advisory amount of support set for combined monthly net incomes between five thousand and seven thousand dollars or the court may exceed the advisory amount of support set for combined monthly net incomes of seven thousand dollars upon written findings of fact.

NEW SECTION. Sec. 26. The legislature shall review the support schedule every four years to determine if the application of the support schedule results in appropriate support orders.

NEW SECTION. Sec. 27. **STANDARDS FOR CHILD SUPPORT SCHEDULE APPLICATION.** (1) Application of the child support schedule. The child support schedule shall be applied:

- (a) In each county of the state;
- (b) In judicial and administrative proceedings under this title or Title 13 or 74 RCW;
- (c) In all proceedings in which child support is determined or modified;
- (d) In setting temporary and permanent support;
- (e) In automatic modification provisions or decrees entered pursuant to RCW 26.09.100; and
- (f) In addition to proceedings in which child support is determined for minors, to adult children who are dependent on their parents and for whom support is ordered pursuant to RCW 26.09.100.

The provisions of this chapter for determining child support and reasons for deviation from the standard calculation shall be applied in the same manner by the court, presiding officers, and reviewing officers.

(2) Written findings of fact supported by the evidence. An order for child support shall be supported by written findings of fact upon which the support determination is based and shall include reasons for any deviation from the standard calculation and reasons for denial of a party's request for deviation from the standard calculation.

(3) Completion of worksheets. Worksheets in the form developed by the office of the administrator for the courts shall be completed under penalty of perjury and filed in every proceeding in which child support is determined. The court shall not accept incomplete worksheets or worksheets that vary from the worksheets developed by the office of the administrator for the courts.

(4) Court review of the worksheets and order. The court shall review the worksheets and the order setting support for the adequacy of the reasons set forth for any deviation or denial of any request for deviation and for the adequacy of the amount of support ordered. Each order shall state the amount of child support calculated using the standard calculation and the amount of child support actually ordered. Worksheets shall

be attached to the decree or order or if filed separately shall be initialed or signed by the judge and filed with the order.

NEW SECTION. Sec. 28. STANDARDS FOR ALLOCATION OF CHILD SUPPORT OBLIGATION BETWEEN PARENTS. (1) The parents' total obligation for support shall be based on their combined monthly net income, resources, and special child rearing costs.

(2) The basic child support obligation derived from the economic table shall be allocated between the parents based on each parent's share of the combined monthly net income.

(3) Ordinary health care expenses are included in the economic table. Monthly health care expenses that exceed five percent of the basic support obligation shall be considered extraordinary health care expenses. Extraordinary health care expenses, day care expenses, and special child rearing expenses such as tuition and long distance transportation costs to and from the parents for visitation purposes, are not included in the economic table. These expenses shall be shared by the parents in the same proportion as the basic support obligation. These expenses may be listed as a specific dollar amount or as a percentage amount. Day care expenses include, but are not limited to, day care expenses incurred while the parent in custody of the child is working, pursuing accredited educational training, or obtaining medical care.

(4) The court shall exercise discretion to determine the necessity for and the reasonableness of all amounts ordered in excess of the basic support obligation.

NEW SECTION. Sec. 29. STANDARDS FOR DETERMINATION OF INCOME. (1) Consideration of all income. All income and resources of each parent shall be disclosed and considered by the court when the court determines the child support obligation of each parent as provided in sections 29 through 33 of this act. Only the income of the parents of the children whose support is at issue shall be calculated for purposes of calculating the basic support obligation. Income and resources of any other person shall not be included in calculating the basic support obligation. The income of new spouses or cohabitants shall be disclosed but shall not be considered by the court for deviation unless either parent obligated to pay support seeks a deviation from the standard calculation for support of children for whom the new spouse or cohabitant also owes a duty of support. If a deviation is sought for the support of the new spouse's or cohabitant's children, all income and resources of both parents and both parents' new spouses or cohabitants if any shall be disclosed and considered by the court.

(2) Verification of income. Tax returns for the preceding two years and current paystubs shall be provided to verify income and deductions. Other sufficient verification shall be required for income and deductions which do not appear on tax returns or paystubs.

(3) Income sources included in gross monthly income. Except as specifically excluded in subsection (4) of this section, monthly gross income shall include income from any source, including:

- (a) Salaries;
- (b) Wages;
- (c) Commissions;
- (d) Deferred compensation;
- (e) Recurring bonuses;
- (f) Dividends;
- (g) Interest;
- (h) Trust income;
- (i) Severance pay;
- (j) Annuities;
- (k) Capital gains;
- (l) Pension retirement benefits;

- (m) Workers' compensation;
- (n) Unemployment benefits; and
- (o) Spousal maintenance actually received.

(4) Income sources excluded from gross monthly income. The following income and resources shall be disclosed but shall not be included in gross income:

- (a) Income of a new spouse or income of other adults in the household;
- (b) Child support received from other relationships;
- (c) Nonrecurring income from bonuses, contract-related cash and noncash benefits, gifts, and prizes. The burden of proving that these sources of income are nonrecurring is on the parent seeking to exclude them from gross income;
- (d) Overtime, whether mandatory or voluntary;
- (e) If the parent has at least one full-time job that requires the parent to work a minimum of forty hours per week, income derived from a second job or additional jobs other than the full-time job;
- (f) Aid to families with dependent children;
- (g) Supplemental security income;
- (h) General assistance; and
- (i) Food stamps.

Receipt of income and resources from aid to families with dependent children, supplemental security income, general assistance, and food stamps shall not be a reason to deviate from the standard calculation.

Income of a new spouse or income from other adults in the household shall not be a reason to deviate unless a parent is asking for a deviation either upward or downward to support the child of the new spouse or other adult in the household as provided in section 32 of this act.

(5) Determination of net income. The following expenses shall be disclosed and deducted from gross monthly income to calculate net monthly income:

- (a) Federal and state income taxes;
- (b) Federal insurance contributions act deductions;
- (c) Mandatory pension plan payments;
- (d) Mandatory union or professional dues;
- (e) State industrial insurance premiums;
- (f) Court-ordered spousal maintenance to the extent actually paid;
- (g) Up to two thousand dollars per year in voluntary pension payments actually made if the contributions were made for the two tax years preceding the earlier of the (i) tax year in which the parties separated with intent to live separate and apart or (ii) tax year in which the parties filed for dissolution; and
- (h) Normal business expenses and self-employment taxes for self-employed persons.

Justification shall be required for any business expense deduction about which there is disagreement.

Items deducted from gross income under this subsection shall not be a reason to deviate from the standard calculation.

(6) Imputation of income. The court shall impute income to a parent when the parent is voluntarily unemployed or voluntarily underemployed. The court shall determine whether the parent is voluntarily underemployed or voluntarily unemployed based upon that parent's work history, education, health, age, and other relevant factors. A parent will not be deemed underemployed if that parent is gainfully employed on a full-time basis. Income shall not be imputed for an unemployable parent.

NEW SECTION. Sec. 30. Veterans' disability pensions or regular compensation for disability incurred in or aggravated by service in the United States armed forces paid by the veterans' administration shall be disclosed to the court. The court may consider either type of compensation as disposable income for purposes of calculating the child support obligation. Aid and attendant care payments to prevent hospitalization paid by

the veterans' administration solely to provide physical home care for a disabled veteran, and special medical compensation paid under 38 U.S.C. Sec. 314 (k) through (r) to provide either special care or special aids, or both, to assist with routine daily functions shall also be disclosed. The court may not include either aid and attendant care or special medical compensation payments in gross income for purposes of calculating the child support obligation or for purposes of deviating from the standard calculation.

NEW SECTION. Sec. 31. Payments from any source, other than veterans' aid and attendance allowances or special medical compensation paid under 38 U.S.C. Sec. 314 (k) through (r), for services provided by an attendant in case of a disability when the disability necessitates the hiring of the services of an attendant shall be disclosed but shall not be included in gross income and shall not be a reason to deviate from the standard calculation.

NEW SECTION. Sec. 32. **STANDARDS FOR DEVIATION FROM THE STANDARD CALCULATION.** (1) Reasons for deviation from the standard calculation include but are not limited to the following:

(a) Sources of income and tax planning. The court may deviate from the standard calculation after consideration of the following resources and income:

(i) Income of a new spouse if either parent is asking for a deviation upward or downward to support a child of the new spouse to whom the parent and the new spouse owe a duty to support;

(ii) Income of another adult in the household if either parent is asking for a deviation upward or downward to support a child of the other adult to whom the parent and the other adult owe a duty of support;

(iii) Child support actually received from other relationships;

(iv) Overtime, whether mandatory or voluntary;

(v) Nonrecurring bonuses;

(vi) Contract-related cash benefits and contract-related noncash benefits that reduce living expenses;

(vii) Gifts;

(viii) Prizes;

(ix) Income derived from a second job or additional jobs that was excluded from gross income under section 29 of this act;

(x) Possession of wealth, including but not limited to savings, investments, real estate holdings and business interests, vehicles, boats, pensions, bank accounts, insurance plans, or other assets;

(xi) Extraordinary income of a child; or

(xii) Tax planning considerations. A deviation for tax planning may be granted only if the child would not receive a lesser economic benefit due to the tax planning.

(b) Debt and high expenses. The court may deviate from the standard calculation after consideration of the following expenses:

(i) Extraordinary debt not voluntarily incurred;

(ii) A significant disparity in the living costs of the parents due to conditions beyond their control;

(iii) Special needs of disabled children; or

(iv) Special medical, educational, or psychological needs of the children.

(c) Residential schedule. The court may deviate from the standard calculation if the child spends a significant amount of time with the parent who is obligated to make a support transfer payment. The court may not deviate on that basis if the deviation will result in insufficient funds in the house receiving the support to meet the basic needs of the child or if the child is receiving aid to families with dependent children. When determining the amount of the deviation, the court shall consider evidence concerning the increased expenses to a parent making support transfer payments resulting from the significant amount of time spent with that parent and shall consider the decreased

expenses, if any, to the party receiving the support resulting from the significant amount of time the child spends with the parent making the support transfer payment.

(d) Multiple families. The court may deviate from the standard calculation when either or both of the parents before the court have children in multiple families to whom the parent owes a duty of support.

(i) The child support schedule shall be applied to the mother, father, and children of the family before the court to determine the presumptive amount of support.

(ii) Children from families other than the children of the parties before the court shall not be counted in the number of children for purposes of determining the basic support obligation and the standard calculation.

(iii) When considering a deviation from the standard calculation for children in the family before the court, the court may consider only other children to whom the parent owes a duty of support. The court may consider court-ordered payments of child support for children from other families only to the extent that the support is actually paid.

(iv) When a parent is asking for a deviation upward or downward under this section to support a child from another relationship, the court shall consider the income of the new spouse or other adult in the household of the parent requesting the deviation, but only if the parent is asking for the deviation to support the child of that new spouse or other adult. When deviating for the support of children of a new spouse or children of another adult in the household the deviation shall be based on consideration of the total circumstances of both households.

All child support obligations paid, received, and owed for all children in the households shall be disclosed and considered.

(v) When a parent is asking for a deviation upward or downward under this section to support a child from another relationship that is not the child of the parent's new spouse or other adult in the parent's household, the court shall not consider the income of the new spouse or other adult, but shall consider the total circumstances of the households that have children to whom the parent owes a duty of support. All child support obligations paid, received, and owed for all children in those households shall be disclosed and considered.

(2) The income and resources of the parties before the court, new spouses, and other adults shall be disclosed and considered as provided in this section. The presumptive amount of support shall be determined according to the child support schedule. Unless specific reasons for deviation are set forth in the written findings of fact and are supported by the evidence, the court shall order each parent to pay the amount of support determined by using the standard calculation.

(3) The court shall enter findings that specify reasons for any deviation or any denial of a party's request for any deviation from the standard calculation made by the court. The court shall not consider reasons for deviation until the court determines the standard calculation for each parent.

(4) When reasons exist for deviation, the court shall exercise discretion in considering the extent to which the factors would affect the support obligation.

(5) Agreement of the parties is not by itself adequate reason for any deviations from the standard calculation.

NEW SECTION. Sec. 33. STANDARDS FOR ESTABLISHING LOWER AND UPPER LIMITS ON CHILD SUPPORT AMOUNTS. (1) Limit at forty-five percent of a parent's net income. Neither parent's total child support obligation may exceed forty-five percent of net income except for good cause shown. Good cause includes but is not limited to possession of substantial wealth, children with day care expenses, special medical need, educational need, psychological need, and larger families.

(2) Income below six hundred dollars. When combined monthly net income is less than six hundred dollars, a support order of not less than twenty-five dollars per child per month shall be entered for each parent. A parent's support obligation shall not reduce his

or her net income below the need standard for one person established pursuant to RCW 74.04.770, except for the mandatory minimum payment of twenty-five dollars per child per month as required in this section or in cases where the court finds reasons for deviation under section 32 of this act. This section shall not be construed to require monthly substantiation of income.

(3) Income above five thousand and seven thousand dollars. The economic table is presumptive for combined monthly net incomes up to and including five thousand dollars. When combined monthly net income exceeds five thousand dollars, support shall not be set at an amount lower than the presumptive amount of support set for combined monthly net incomes of five thousand dollars unless the court finds a reason to deviate below that amount. The economic table is advisory but not presumptive for combined monthly net incomes that exceed five thousand dollars. When combined monthly net income exceeds seven thousand dollars, the court may set support at an advisory amount of support set for combined monthly net incomes between five thousand and seven thousand dollars or the court may exceed the advisory amount of support set for combined monthly net incomes of seven thousand dollars upon written findings of fact.

Sec. 34. RCW 26.19.090 and 1990 1st ex.s. c 2 s 9 are each amended to read as follows:

STANDARDS FOR POSTSECONDARY EDUCATIONAL SUPPORT AWARDS.

(1) The child support schedule shall be advisory and not mandatory for postsecondary educational support. The maximum amount of child support the court may award to pay for the cost of tuition is the amount of tuition set for students who are residents of the state of Washington who attend a state-funded four-year university.

(2) When considering whether to order support for postsecondary educational expenses, the court shall determine whether the child is in fact dependent and is relying upon the parents for the reasonable necessities of life. The court shall exercise its discretion when determining whether and for how long to award postsecondary educational support based upon consideration of factors that include but are not limited to the following: Age of the child; the child's needs; the expectations of the parties for their children when the parents were together; the child's prospects, desires, aptitudes, abilities or disabilities; the nature of the postsecondary education sought; and the parents' level of education, standard of living, and current and future resources. Also to be considered are the amount and type of support that the child would have been afforded if the parents had stayed together.

(3) The child must be enrolled in an accredited academic or vocational school, actively pursuing a course of study commensurate with the child's vocational goals, and must be in good academic standing as defined by the institution ((or)). The child shall also make available all academic records and grades to both parents as a condition of receiving postsecondary educational support. Each parent shall have full and equal access to the postsecondary education records as provided in RCW 26.09.225. The court-ordered postsecondary educational support ((may)) shall be automatically suspended during the period or periods the child fails to comply with these conditions. ((The court in its discretion may order that the payment be made directly to the parent who has been receiving the transfer payments, to the educational institution if feasible, or to the child.)) The court shall not order the payment of postsecondary educational expenses beyond the child's twenty-third birthday, except for exceptional circumstances, such as mental, physical, or emotional disabilities.

(4) The court shall direct that either or both parents' payments for postsecondary educational expenses be made directly to the educational institution if feasible. If direct payments are not feasible, then the court in its discretion may order that either or both parents' payments be made directly to the child if the child does not reside with either parent. If the child resides with one of the parents the court may direct that the parent

making the support transfer payments make the payments to the child or to the parent who has been receiving the support transfer payments.

NEW SECTION. Sec. 35. REIMBURSEMENT AND VERIFICATION OF EXTRAORDINARY EXPENSES. (1)(a) If sum certain amounts are established for day care, transportation costs, extraordinary health care, or other extraordinary expenses, and are set forth in the decree, those sums shall be payable as part of the regularly paid support transfer payment ordered by the court. The parent making the support transfer payment is entitled to proof of the amount paid for those expenses.

(b) If an amount for those expenses is not specified in the decree or those amounts fluctuate and are not part of the support transfer payment, the parent paying these expenses shall be entitled to prompt reimbursement of the other parent's share of those expenses. Reimbursement must be made promptly but not later than thirty days after receipt of proof of payment of these expenditures. The parent paying those expenses is entitled to proof of the amount paid for those expenses.

(2)(a) If reimbursement is not made within the thirty-day period or is incomplete due to a nonsufficient fund check or other failure to pay, the parent seeking reimbursement may by motion obtain an order compelling payment with statutory interest. If a parent requests proof of payment and it is not provided within thirty days, the party may move to compel production of the documents. The court shall award actual court costs and reasonable attorneys' fees to the prevailing party in every motion filed under this section except upon a showing of good cause for nonpayment.

(b) Wage assignment orders may be obtained pursuant to chapter 26.18 RCW to collect court-ordered basic child support, day care, health care, long-distance transportation costs, or other extraordinary expenses, attorneys' fees, court costs, or any other item ordered by the court. A parent to whom basic child support, day care, health care, long-distance transportation costs, or other extraordinary expenses are to be paid based on a percentage share of the costs, may by motion obtain a court order reducing the amounts owed to a sum certain and then enforce collection of that amount by a wage assignment order. The office of support enforcement shall not request a wage assignment in any case of purported nonsupport without obtaining documentation from both parents, except that the office of support enforcement may request a wage assignment after receipt of documentation from the party seeking payment of the extraordinary expenses, if the parent obligated to make the payment fails to comply with the request for documentation within thirty days of the date requested.

NEW SECTION. Sec. 36. A new section is added to chapter 26.23 RCW to read as follows:

If a support order does not state the current and future support obligation for extraordinary expenses such as day care, extraordinary health care, long-distance transportation costs, other extraordinary expenses or other variable costs in a fixed dollar amount but states them as a percentage share of the costs or as variable expenses subject to collection as those expenses are incurred as provided in section 35 of this act, then the office of support enforcement must obtain documentation as required in this section prior to issuing a notice of support owed pursuant to RCW 26.23.110. The office of support enforcement must obtain documentation from the payee which verifies the actual expenditure of any variable expense or extraordinary expense that the office of support enforcement seeks to collect as part of the support debt. In addition, prior to issuing a notice of support owed under RCW 26.23.100, the office of support enforcement must request documentation from the payor to determine whether the payor has paid all or a portion of the variable or extraordinary expenses or has any documentation regarding the amount of any variable or extraordinary expense the office of support enforcement seeks to collect. If the payor fails to respond to the request for documentation within thirty days from the date of the request, and the office of support enforcement has obtained

documentation from the payee, the office of support enforcement may issue the notice of support owed pursuant to RCW 26.23.110.

Sec. 37. RCW 26.21.230 and 1963 c 45 s 30 are each amended to read as follows:

The obligee, the prosecuting attorney, or the attorney general may register the foreign support order in a court of this state in the manner ~~(, with the effect and for the purposes herein)~~ provided for in this chapter for the purpose of modification and enforcement of the support provisions. The court shall only have jurisdiction to consider the child support provisions of the order. The modification shall be pursuant to RCW 26.09.170 and 26.09.175.

Sec. 38. RCW 26.23.035 and 1989 c 360 s 34 are each amended to read as follows:

(1) ~~(The child support registry shall distribute all moneys received in compliance with 42 U.S.C. Sec. 657. Support received by the office of support enforcement shall be distributed promptly but not later than eight days from the date of receipt unless circumstances exist which make such distribution impossible. Such circumstances include when: (a) The location of the custodial parent is unknown; (b) the child support debt is in litigation; or (c) the responsible parent or custodial parent cannot be identified. When, following termination of public assistance, the office of support enforcement collects support, all moneys collected up to the maximum of the support due for the period following termination from public assistance shall, to the extent permitted by federal law, be paid to the custodial parent before any distribution to the office of support enforcement under federal law. This section shall not apply to support collected through intercepting federal tax refunds under 42 U.S.C. Sec. 664. When a responsible parent has more than one support obligation, or a support debt is owed to more than one party, moneys received will be distributed between the parties proportionally, based upon the amount of the support obligation and/or support debt owed.)~~ The department of social and health services shall adopt rules for the distribution of support money collected by the office of support enforcement. These rules shall:

(a) Comply with 42 U.S.C. Sec. 657;

(b) Direct the office of support enforcement to distribute support money within eight days of receipt, unless one of the following circumstances, or similar circumstances specified in the rules, prevents prompt distribution:

(i) The location of the custodial parent is unknown;

(ii) The support debt is in litigation;

(iii) The office of support enforcement cannot identify the responsible parent or the custodian;

(c) Provide for proportionate distribution of support payments if the responsible parent owes a support obligation or a support debt for two or more Title IV-D cases; and

(d) Authorize the distribution of support money, except money collected under 42 U.S.C. Sec. 664, to satisfy a support debt owed to the IV-D custodian before the debt owed to the state when the custodian stops receiving a public assistance grant.

(2) The office of support enforcement may distribute support payments to the payee under the support order or to another person who has lawful physical custody of the child or custody with the payee's consent. The payee may file an application for an adjudicative proceeding to challenge distribution to such other person. Prior to distributing support payments to any person other than the payee, the registry shall:

(a) Obtain a written statement from the child's physical custodian, under penalty of perjury, that the custodian has lawful custody of the child or custody with the payee's consent;

(b) Mail to the responsible parent and to the payee at the payee's last known address a copy of the physical custodian's statement and a notice which states that support payments will be sent to the physical custodian; and

(c) File a copy of the notice with the clerk of the court that entered the original support order.

(3) If the Washington state support registry distributes a support payment to a person in error, the registry may obtain restitution by means of a set-off against future payments received on behalf of the person receiving the erroneous payment, or may act according to RCW 74.20A.270 as deemed appropriate. Any set-off against future support payments shall be limited to amounts collected on the support debt and ten percent of amounts collected as current support.

Sec. 39. RCW 26.23.050 and 1989 c 360 s 15 are each amended to read as follows:

(1) Except as provided in subsection (2) of this section, the superior court shall include in all superior court orders which establish or modify a support obligation:

(a) A provision which orders and directs that the responsible parent make all support payments to the Washington state support registry;

(b) A statement that a notice of payroll deduction may be issued or other income withholding action under chapter 26.18 RCW or chapter 74.20A RCW may be taken, without further notice to the responsible parent((=

~~(i) If a support payment is not paid when due, and an amount equal to or greater than the support payable for one month is owed under an order entered prior to July 1, 1990; or~~

~~(ii)) at any time after entry of the court order ((for orders entered by the court on or after July 1, 1990)), unless:~~

~~(i) One of the parties demonstrates, and the court finds, that there is good cause not to require immediate income withholding; or~~

~~(ii) The parties reach a written agreement that is approved by the court that provides for an alternate arrangement; and~~

(c) A statement that the receiving parent may be required to submit an accounting of how the support is being spent to benefit the child.

(2) The court may order the responsible parent to make payments directly to the person entitled to receive the payments or, for orders entered on or after July 1, 1990, direct that the issuance of a notice of payroll deduction or other income withholding actions be delayed until a support payment is past due if the court approves an alternate payment plan. The parties to the order must agree to such a plan and the plan must contain reasonable assurances that payments will be made in a regular and timely manner. The court may approve such a plan and modify or terminate the payroll deduction or other income withholding action at the time of entry of the order or at a later date upon motion and agreement of the parties. If the order directs payment to the person entitled to receive the payments instead of to the Washington state support registry, the order shall include a statement that the order may be submitted to the registry if a support payment is past due. If the order directs delayed issuance of the notice of payroll deduction or other income withholding action, the order shall include a statement that such action may be taken, without further notice, at any time after a support payment is past due. The provisions of this subsection do not apply if the department is providing public assistance under Title 74 RCW.

(3) The office of administrative hearings and the department of social and health services shall require that all support obligations established as administrative orders include a provision which orders and directs that the responsible parent shall make all support payments to the Washington state support registry. All administrative orders shall also state that a notice of payroll deduction may be issued, or other income withholding action taken without further notice to the responsible parent((=

~~(a) If a support payment is not paid when due and an amount equal to or greater than the support payable for one month is owed under an order entered prior to July 1, 1990; or~~

~~(b)) at any time after entry of the order ((for administrative orders entered on or after July 1, 1990)), unless:~~

(a) One of the parties demonstrates, and the presiding officer finds, that there is good cause not to require immediate income withholding; or

(b) The parties reach a written agreement that is approved by the presiding officer that provides for an alternate agreement.

(4) If the support order does not include the provision ordering and directing that all payments be made to the Washington state support registry and a statement that a notice of payroll deduction may be issued if a support payment is past due or at any time after the entry of the order, the office of support enforcement may serve a notice on the responsible parent stating such requirements and authorizations. Service may be by personal service or any form of mail requiring a return receipt.

(5) Every support order shall state:

(a) That payment shall be made to the Washington state support registry or in accordance with the alternate payment plan approved by the court;

(b) That a notice of payroll deduction may be issued or other income withholding action under chapter 26.18 RCW or chapter 74.20A RCW may be taken, without further notice to the responsible parent(=

~~(i) If a support payment is not paid when due and an amount equal to or greater than the support payable for one month is owed under an order entered prior to July 1, 1990; or~~

~~(ii))~~ at any time after entry of an order by the court ((on or after July 1, 1990)), unless:

(i) The court approves an alternate payment plan under subsection (2) of this section;

(ii) One of the parties demonstrates, and the court finds, that there is good cause not to require immediate income withholding; or

(iii) The parties reach an alternate agreement that is approved by the court that provides for an alternate arrangement;

(c) The income of the parties, if known, or that their income is unknown and the income upon which the support award is based;

(d) The support award as a sum certain amount;

(e) The specific day or date on which the support payment is due;

(f) The social security number, residence address, and name of employer of the responsible parent;

(g) The social security number and residence address of the physical custodian except as provided in subsection (6) of this section;

(h) The names, dates of birth, and social security numbers, if any, of the dependent children;

(i) That the parties are to notify the Washington state support registry of any change in residence address;

(j) That any parent owing a duty of child support shall be obligated to provide health insurance coverage for his or her child if coverage that can be extended to cover the child is or becomes available to that parent through employment or is union-related as provided under RCW 26.09.105;

(k) That if proof of health insurance coverage is not provided within twenty days, the obligee or the department may seek direct enforcement of the coverage through the obligor's employer or union without further notice to the obligor as provided under chapter 26.18 RCW; and

(l) The reasons for not ordering health insurance coverage if the order fails to require such coverage.

(6) The physical custodian's address shall be omitted from an order entered under the administrative procedure act. A responsible parent whose support obligation has been determined by such administrative order may request the physical custodian's residence address by submission of a request for disclosure under RCW 26.23.120.

(7) The superior court clerk, the office of administrative hearings, and the department of social and health services shall, within five days of entry, forward to the Washington state support registry, a true and correct copy of all superior court orders or administrative orders establishing or modifying a support obligation which provide that support payments shall be made to the support registry. If a superior court order entered prior to January 1, 1988, directs the responsible parent to make support payments to the clerk, the clerk shall send a true and correct copy of the support order and the payment record to the registry for enforcement action when the clerk identifies that a payment is more than fifteen days past due. The office of support enforcement shall reimburse the clerk for the reasonable costs of copying and sending copies of court orders to the registry at the reimbursement rate provided in Title IV-D of the social security act.

(8) Receipt of a support order by the registry or other action under this section on behalf of a person or persons who are not recipients of public assistance is deemed to be a request for support enforcement services under RCW 74.20.040 to the fullest extent permitted under federal law.

(9) After the responsible parent has been ordered or notified to make payments to the Washington state support registry in accordance with subsection (1), ~~((2), or)~~ (3), or (4) of this section, the responsible parent shall be fully responsible for making all payments to the Washington state support registry and shall be subject to payroll deduction or other income withholding action. The responsible parent shall not be entitled to credit against a support obligation for any payments made to a person or agency other than to the Washington state support registry. A civil action may be brought by the payor to recover payments made to persons or agencies who have received and retained support moneys paid contrary to the provisions of this section.

Sec. 40. RCW 26.23.060 and 1989 c 360 s 32 are each amended to read as follows:

(1) The office of support enforcement may issue a notice of payroll deduction:

(a) As authorized by a support order that contains the income withholding notice provisions in RCW 26.23.050 or a substantially similar notice; or

(b) After service of a notice containing an income withholding provision under this chapter or chapter 74.20A RCW.

(2) The ~~((department may))~~ office of support enforcement shall serve a notice of payroll deduction upon a responsible parent's employer ~~((for child support obligations if the responsible parent fails to pay child support as due in an amount equal to or greater than the support payable for one month. Service shall be))~~ or upon the employment security department for the state in possession of or owing any benefits from the unemployment compensation fund to the responsible parent pursuant to Title 50 RCW by personal service or by any form of mail requiring a return receipt.

~~((2))~~ (3) Service of a notice of payroll deduction upon an employer or employment security department requires ~~((an))~~ the employer or employment security department to immediately make a mandatory payroll deduction from the responsible ~~((parent/employee's))~~ parent's unpaid disposable earnings or unemployment compensation benefits. The employer or employment security department shall thereafter deduct each pay period the amount stated in the notice divided by the number of pay periods per month. The payroll deduction each pay period shall not exceed fifty percent of the responsible ~~((parent/employee's))~~ parent's disposable earnings.

~~((3))~~ (4) A notice of payroll deduction for support shall have priority over any wage assignment ~~((or))~~, garnishment, attachment, or other legal process.

~~((4))~~ (5) The notice of payroll deduction shall be in writing and include:

(a) The name and social security number of the ~~((employee))~~ responsible parent;

(b) The amount to be deducted from the responsible parent's disposable earnings each month, or alternate amounts and frequencies as may be necessary to facilitate processing of the payroll deduction ~~((by the employer))~~;

(c) A statement that the total amount withheld shall not exceed fifty percent of the responsible parent's disposable earnings; and

(d) The address to which the payments are to be mailed or delivered.

~~((5))~~ (6) An informational copy of the notice of payroll deduction shall be mailed to the last known address of the responsible parent by regular mail.

~~((6))~~ (7) An employer ~~((who))~~ or employment security department that receives a notice of payroll deduction shall make immediate deductions from the ~~((employee's))~~ responsible parent's unpaid disposable earnings and remit proper amounts to the Washington state support registry on each date the ~~((employee))~~ responsible parent is due to be paid.

~~((7))~~ (8) An employer, or the employment security department, upon whom a notice of payroll deduction is served, shall make an answer to the ~~((Washington state))~~ office of support ~~((registry))~~ enforcement within twenty days after the date of service. The answer shall confirm compliance and institution of the payroll deduction or explain the circumstances if no payroll deduction is in effect. The answer shall also state whether the responsible parent is employed by or receives earnings from the employer or receives unemployment compensation benefits from the employment security department, whether the employer or employment security department anticipates paying earnings or employment compensation benefits and the amount of earnings. If the responsible parent is no longer employed, or receiving earnings from the employer, the answer shall state the present employer's name and address, if known. If the responsible parent is no longer receiving unemployment compensation benefits from the employment security department, the answer shall state the present employer's name and address, if known.

~~((8))~~ (9) The employer or employment security department may deduct a processing fee from the remainder of the ~~((employee's))~~ responsible parent's earnings after withholding under the notice of payroll deduction, even if the remainder is exempt under RCW 26.18.090. The processing fee may not exceed: (a) Ten dollars for the first disbursement made ~~((by the employer))~~ to the Washington state support registry; and (b) one dollar for each subsequent disbursement to the registry.

~~((9))~~ (10) The notice of payroll deduction shall remain in effect until released by the office of support enforcement ~~((or))~~, the court enters an order terminating the notice and approving an alternate payment plan under RCW 26.23.050(2), or one year has expired since the employer has employed the responsible parent or has been in possession of or owing any earnings to the responsible parent or the employment security department has been in possession of or owing any unemployment compensation benefits to the responsible parent.

Sec. 41. RCW 26.23.070 and 1987 c 435 s 7 are each amended to read as follows:

(1) The employer or the employment security department may combine amounts withheld from the earnings of more than one ~~((employee))~~ responsible parent in a single payment to the Washington state support registry, listing separately the amount of the payment which is attributable to each individual ~~((employee))~~.

(2) No employer ~~((who))~~ nor employment security department that complies with a notice of payroll deduction under this chapter shall be civilly liable to the ~~((employee))~~ responsible parent for complying with a notice of payroll deduction under this chapter.

Sec. 42. RCW 26.23.100 and 1989 c 360 s 31 are each amended to read as follows:

(1) The responsible parent subject to a payroll deduction pursuant to this chapter, may file a motion in superior court to quash, modify, or terminate the payroll deduction.

(2) Except as provided in subsections (4) and (5) of this section, the court may grant relief only upon a showing: (a) That the payroll deduction causes extreme hardship or substantial injustice; or (b) that the support payment was not past due ~~((in an amount equal to or greater than the support payable for one month))~~ under the terms of the order when the notice of payroll deduction was served on the employer.

(3) Satisfaction by the obligor of all past due payments subsequent to the issuance of the notice of payroll deduction is not grounds to quash, modify, or terminate the notice of payroll deduction.

(4) If a notice of payroll deduction has been in operation for twelve consecutive months and the ~~((obligor's))~~ obligor's support obligation is current, upon motion of the obligor, the court may order the ~~((Washington state))~~ office of support ~~((registry))~~ enforcement to terminate the payroll deduction, unless the obligee can show good cause as to why the payroll deduction should remain in effect.

(5) Subsection (2) of this section shall not prevent the court from ordering an alternative payment plan as provided under RCW 26.23.050(2).

NEW SECTION. Sec. 43. A new section is added to chapter 26.23 RCW to read as follows:

The department shall be given twenty calendar days prior notice of the entry of any final order and five days prior notice of the entry of any temporary order in any proceeding involving child support or maintenance if the department has a financial interest based on an assignment of support rights under RCW 74.20.330 or the state has a subrogated interest under RCW 74.20A.030. Service of this notice upon the department shall be by personal service on, or mailing by any form of mail requiring a return receipt to, the office of the attorney general. The department shall not be entitled to terms for a party's failure to serve the department within the time requirements for this section, unless the department proves that the party knew that the department had an assignment of support rights or a subrogated interest and that the failure to serve the department was intentional.

Sec. 44. RCW 74.20.220 and 1979 c 141 s 367 are each amended to read as follows:

In order to carry out its responsibilities imposed under this chapter and as required by federal law, the state department of social and health services, through the attorney general or prosecuting attorney, is hereby authorized to:

(1) ~~((Represent))~~ Initiate an action in superior court to obtain a support order or obtain other relief related to support for a dependent child ((or dependent children)) on whose behalf the department is providing public assistance ((is being provided in obtaining any support order necessary to provide for his or their needs)) or support enforcement services under RCW 74.20.040, or to enforce ((any such order previously entered)) a superior court order.

(2) ~~((Appear as a friend of the court in divorce and separate maintenance suits, or proceedings supplemental thereto, when either or both of the parties thereto are receiving public assistance, for the purpose of advising the court as to the financial interest of the state of Washington therein.~~

(3) Appear on behalf of the custodial parent of a dependent child or children on whose behalf public assistance is being provided, when so requested by such parent, for the purpose of assisting such parent in securing a modification of a divorce or separate maintenance decree wherein no support, or inadequate support, was given for such child or children: PROVIDED, That the attorney general shall be authorized to so appear only where it appears to the satisfaction of the court that the parent is without funds to employ private counsel. If the parent does not request such assistance, or refuses it when offered, the attorney general may nevertheless appear as a friend of the court at any supplemental proceeding, and may advise the court of such facts as will show the financial interest of the state of Washington therein; but the attorney general shall not otherwise participate in the proceeding)) Appear as a party in dissolution, child support, parentage, maintenance suits, or other proceedings, for the purpose of representing the financial interest and actions of the state of Washington therein.

(3) Petition the court for modification of a superior court order when the office of support enforcement is providing support enforcement services under RCW 74.20.040.

(4) When the attorney general or prosecuting attorney appears in, defends, or initiates actions to establish, modify, or enforce child support obligations he or she represents the state, the best interests of the child relating to parentage, and the best interests of the children of the state, but does not represent the interests of any other individual.

(5) If public assistance has been applied for or granted on behalf of a child of parents who are divorced or legally separated, the attorney general or prosecuting attorney may apply to the superior court in such action for an order directing either parent or both to show cause:

(a) Why an order of support for the child should not be entered, or

(b) Why the amount of support previously ordered should not be increased, or

(c) Why the parent should not be held in contempt for his or her failure to comply with any order of support previously entered.

~~((5))~~ (6) Initiate any civil proceedings deemed necessary by the department to secure reimbursement from the parent or parents of minor dependent children for all moneys expended by the state in providing assistance or services to said children.

(7) Nothing in this section limits the authority of the attorney general or prosecuting attorney to use any and all civil and criminal remedies to enforce, establish, or modify child support obligations whether or not the custodial parent receives public assistance.

Sec. 45. RCW 74.20.310 and 1979 ex.s. c 171 s 15 are each amended to read as follows:

(1) The provisions of RCW 26.26.090 requiring appointment of a general guardian or guardian ad litem to represent the child in an action brought to determine the parent and child relationship do not apply to actions brought under chapter 26.26 RCW if:

~~((1))~~ (a) The action is brought by the attorney general on behalf of the department of social and health services~~(,)~~ and the child~~((, or the natural mother))~~; or

~~((2))~~ (b) The action is brought by any prosecuting attorney on behalf of the state~~(,)~~ and the child~~((, or the natural mother))~~ when referral has been made to the prosecuting attorney by the department of social and health services requesting such action.

(2) On the issue of parentage, the attorney general or prosecuting attorney functions as the child's guardian ad litem provided the interests of the state and the child are not in conflict.

(3) The court, on its own motion or on motion of a party, may appoint a guardian ad litem when necessary.

(4) The summons shall contain a notice to the parents that the parents have a right to move the court for a guardian ad litem for the child other than the prosecuting attorney or the attorney general subject to subsection (2) of this section.

Sec. 46. RCW 74.20A.055 and 1990 1st ex.s. c 2 s 21 are each amended to read as follows:

(1) The secretary may, in the absence of a superior court order, serve on the responsible parent or parents a notice and finding of financial responsibility requiring a responsible parent or parents to appear and show cause in an adjudicative proceeding why the finding of responsibility and/or the amount thereof is incorrect, should not be finally ordered, but should be rescinded or modified. This notice and finding shall relate to the support debt accrued and/or accruing under this chapter and/or RCW 26.16.205, including periodic payments to be made in the future ~~((for such period of time as the child or children of said responsible parent or parents are in need))~~. The hearing shall be held pursuant to ~~((RCW 74.20A.055))~~ this section, chapter 34.05 RCW, the Administrative Procedure Act, and the rules of the department.

(2) The notice and finding of financial responsibility shall be served in the same manner prescribed for the service of a summons in a civil action or may be served on the responsible parent by certified mail, return receipt requested. The receipt shall be prima

facie evidence of service. The notice shall be served upon the debtor within sixty days from the date the state assumes responsibility for the support of the dependent child or children on whose behalf support is sought. If the notice is not served within sixty days from such date, the department shall lose the right to reimbursement of payments made after the sixty-day period and before the date of notification; PROVIDED, That if the department exercises reasonable efforts to locate the debtor and is unable to do so the entire sixty-day period is tolled until such time as the debtor can be located. ~~((Any responsible parent who objects to all or any part of the notice and finding shall have the right for not more than twenty days from the date of service to file an application for an adjudicative proceeding. The application shall be served upon the department by registered or certified mail or personally. If no such application is made, the notice and finding of responsibility shall become final, and the debt created therein shall be subject to collection action as authorized under this chapter. If a timely application is made, the execution of notice and finding of responsibility shall be stayed pending the entry of the final administrative order. If no timely written application has previously been made, the responsible parent may petition the secretary or the secretary's designee at any time for an adjudicative proceeding as provided for in this section upon a showing of good cause for the failure to make a timely application. The filing of the petition for an adjudicative proceeding after the twenty day period shall not affect any collection action previously taken under this chapter. The granting of an application after the twenty day period operates as a stay on any future collection action, pending entry of the final administrative order. Moneys withheld as a result of collection action in effect at the time of the granting of the application after the twenty day period shall be delivered to the department and shall be held in trust by the department pending entry of the final administrative order. The department may petition the presiding or reviewing officer to set temporary current and future support to be paid beginning with the month in which the application after the twenty day period is granted. The presiding or reviewing officer shall order payment of temporary current and future support if appropriate in an amount determined pursuant to the child support schedule adopted under RCW 26.19.040. In the event the responsible parent does not make payment of the temporary current and future support as ordered by the presiding or reviewing officer, the department may take collection action pursuant to chapter 74.20A RCW during the pendency of the adjudicative proceeding or thereafter to collect any amounts owing under the order. Temporary current and future support paid, or collected, during the pendency of the adjudicative proceeding shall be disbursed to the custodial parent or as otherwise appropriate when received by the department. If the final administrative order is that the department has collected from the responsible parent other than temporary current or future support, an amount greater than such parent's past support debt, the department shall promptly refund any such excess amount to such parent.~~

~~(3) Hearings may be held in the county of residence or other place convenient to the responsible parent.)~~ (3) The notice and finding of financial responsibility shall set forth the amount the department has determined the responsible parent owes, the support debt accrued and/or accruing, and periodic payments to be made in the future ~~((for such period of time as the child or children of the responsible parent are in need, all computable on the basis of the need alleged)).~~ The notice and finding shall also include:

(a) A statement of the name of the recipient or custodian and the name of the child or children for whom ~~((need))~~ support is ~~((alleged))~~ sought; ~~((and/or))~~

(b) A statement of the amount of periodic future support payments as to which financial responsibility is alleged~~((:));~~

~~((4) The notice and finding shall include))~~ (c) A statement that the responsible parent may object to all or any part of the notice and finding, and file an application for an adjudicative proceeding to show cause why said responsible parent should not be determined to be liable for any or all of the debt, past and future~~((:));~~

~~((The notice and finding shall include))~~

(d) A statement that, if the responsible parent fails in timely fashion to file an application for an adjudicative proceeding, the support debt and payments stated in the notice and finding, including periodic support payments in the future, shall be assessed and determined and ordered by the department and that this debt and amounts due under the notice shall be subject to collection action;

(e) A statement that the property of the debtor, without further advance notice or hearing, will be subject to lien and foreclosure, distraint, seizure and sale, ~~((or))~~ order to withhold and deliver, notice of payroll deduction or other collection action to satisfy the debt and enforce the support obligation established under the notice.

(4) A responsible parent who objects to the notice and finding of financial responsibility may file an application for an adjudicative proceeding within twenty days of the date of service of the notice or thereafter as provided under this subsection. An adjudicative proceeding shall be held in the county of residence or other place convenient to the responsible parent.

(a) If the responsible parent files the application within twenty days, the department shall schedule an adjudicative proceeding to hear the parent's objection and determine the parent's support obligation for the entire period covered by the notice and finding of financial responsibility. The filing of the application stays collection action pending the entry of a final administrative order;

(b) If the responsible parent fails to file an application within twenty days, the notice and finding shall become a final administrative order. The amounts for current and future support and the support debt stated in the notice are final and subject to collection, except as provided under (c) and (d) of this subsection;

(c) If the responsible parent files the application more than twenty days after, but within one year of the date of service, the department shall schedule an adjudicative proceeding to hear the parents' objection and determine the parent's support obligation for the entire period covered by the notice and finding of financial responsibility. The filing of the application does not stay further collection action, pending the entry of a final administrative order, and does not affect any prior collection action;

(d) If the responsible parent files the application more than one year after the date of service, the department shall schedule an adjudicative proceeding at which the responsible parent must show good cause for failure to file a timely application. The filing of the application does not stay future collection action and does not affect prior collection action;

(i) If the presiding officer finds that good cause exists, the presiding officer shall proceed to hear the parent's objection to the notice and determine the parent's support obligation;

(ii) If the presiding officer finds that good cause does not exist, the presiding officer shall treat the application as a petition for prospective modification of the amount for current and future support established under the notice and finding. In the modification proceeding, the presiding officer shall set current and future support under chapter 26.19 RCW. The responsible parent need show neither good cause nor a substantial change of circumstances to justify modification of current and future support;

(e) The department shall retain and/or shall not refund support money collected more than twenty days after the date of service of the notice. Money withheld as the result of collection action shall be delivered to the department. The department shall distribute such money, as provided in published rules.

(5) If an application for an adjudicative proceeding is filed, the presiding or reviewing officer shall determine the past liability and responsibility, if any, of the alleged responsible parent and shall also determine the amount of periodic payments to be made in the future, which amount is not limited by the amount of any public assistance payment made to or for the benefit of the child. If deviating from the child support schedule

~~((adopted under RCW 26.19.040))~~ in making these determinations, the presiding or reviewing officer shall ~~((comply with the provisions set forth in chapter 26.19 RCW))~~ apply the standards contained in the child support schedule and enter written findings of fact supporting the deviation.

~~((6))~~ (6) If the responsible parent fails to attend or participate in the hearing or other stage of an adjudicative proceeding, upon a showing of valid service, the presiding officer shall enter an ~~((initial decision and))~~ administrative order declaring the support debt and payment provisions stated in the notice and finding of financial responsibility to be assessed and determined and subject to collection action.

~~((6))~~ (7) The final administrative order establishing liability and/or future periodic support payments shall be superseded upon entry of a superior court order for support to the extent the superior court order is inconsistent with the administrative order ~~((: PROVIDED, That in the absence of a superior court order, either the responsible parent or the department may petition the secretary or his designee for issuance of an order to appear and show cause based on a showing of good cause and material change of circumstances, to require the other party to appear and show cause why the order previously entered should not be prospectively modified. Said order to appear and show cause together with a copy of the petition and affidavit upon which the order is based shall be served in the manner of a summons in a civil action or by certified mail, return receipt requested, on the other party by the petitioning party. Prospective modification may be ordered, but only upon a showing of good cause and material change of circumstances.~~

~~((7))~~ (7) The presiding or reviewing officer shall order support payments under the child support schedule adopted under RCW 26.19.040).

(8) Debts determined pursuant to this section, accrued and not paid, are subject to collection action under this chapter without further necessity of action by a presiding or reviewing officer.

~~((9))~~ "Need" as used in this section shall mean the necessary costs of food, clothing, shelter, and medical attendance for the support of a dependent child or children. The amount determined by reference to the child support schedule adopted under RCW 26.19.040, shall be a rebuttable presumption of the alleged responsible parent's ability to pay and the need of the family: PROVIDED, That such responsible parent shall be presumed to have no ability to pay child support under this chapter from any income received from aid to families with dependent children, supplemental security income, or continuing general assistance.)

NEW SECTION. Sec. 47. A new section is added to chapter 74.20A RCW to read as follows:

(1) The department, the physical custodian, or the responsible parent may petition for a prospective modification of a final administrative order if:

(a) The administrative order has not been superseded by a superior court order; and

(b) There has been a substantial change of circumstances, except as provided under RCW 74.20A.055(4)(d).

(2) An order of child support may be modified one year or more after it has been entered without showing a substantial change of circumstances:

(a) If the order in practice works a severe economic hardship on either party or the child; or

(b) If a party requests an adjustment in an order for child support that was based on guidelines which determined the amount of support according to the child's age, and the child is no longer in the age category on which the current support amount was based; or

(c) If a child is a full-time student and reasonably expected to complete secondary school or the equivalent level of vocational or technical training before the child becomes

nineteen years of age upon a finding that there is a need to extend support beyond the eighteenth birthday.

(3) An order may be modified without showing a substantial change of circumstances if the requested modification is to:

- (a) Require health insurance coverage for a child covered by the order; or
- (b) Modify an existing order for health insurance coverage.

(4) Support orders may be adjusted once every twenty-four months based upon changes in the income of the parents without a showing of substantially changed circumstances.

(5)(a) All administrative orders entered on, before, or after September 1, 1991, may be modified based upon changes in the child support schedule established in chapter 26.19 RCW without a substantial change of circumstances. The petition may be filed based on changes in the child support schedule after twelve months has expired from the entry of the administrative order or the most recent modification order setting child support, whichever is later. However, if a party is granted relief under this provision, twenty-four months must pass before another petition for modification may be filed pursuant to subsection (4) of this section.

(b) If, pursuant to subsection (4) of this section or (a) of this subsection, the order modifies a child support obligation by more than thirty percent and the change would cause significant hardship, the change may be implemented in two equal increments, one at the time of the entry of the order and the second six months from the entry of the order. Twenty-four months must pass following the second change before a petition for modification under subsection (4) of this section may be filed.

(6) An increase in the wage or salary of the parent or custodian who is receiving the support transfer payments as defined in section 24 of this act is not a substantial change in circumstances for purposes of modification under subsection (1)(b) of this section. An obligor's voluntary unemployment or voluntary underemployment, by itself, is not a substantial change of circumstances.

(7) The department shall file the petition and a supporting affidavit with the secretary or the secretary's designee when the department petitions for modification.

(8) The responsible parent or the physical custodian shall follow the procedures in this chapter for filing an application for an adjudicative proceeding to petition for modification.

(9) Upon the filing of a proper petition or application, the secretary or the secretary's designee shall issue an order directing each party to appear and show cause why the order should not be modified.

(10) If the presiding or reviewing officer finds a modification is appropriate, the officer shall modify the order and set current and future support under chapter 26.19 RCW.

NEW SECTION. Sec. 48. A new section is added to chapter 74.20A RCW to read as follows:

When providing support enforcement services, the office of support enforcement may take action, under this chapter and chapter 26.23 RCW, against a responsible parent's earnings, located in, or subject to the jurisdiction of, the state of Washington regardless of the presence or residence of the responsible parent. If the responsible parent resides in another state or country, the office of support enforcement shall serve a notice under RCW 74.20A.040 more than sixty days before taking collection action.

NEW SECTION. Sec. 49. The following acts or parts of acts are each repealed:

Mr. Appelwick moved adoption of the following amendments to the amendment:

On page 40, line 9 of the amendment, strike "parent" and insert "parent's household"

On page 40, beginning on line 15 of the amendment, after "obligation." strike all material through "court." on line 22

On page 42, after line 6 of the amendment, strike all material through "act." on line 11

On page 44, after line 8 of the amendment, strike all material through "support" on line 15 and insert the following:

"(i) Income of a new spouse if the parent who is married to the new spouse is asking for a deviation based on any other reason. Income of a new spouse is not, by itself, a sufficient reason for deviation;

(ii) Income of other adults in the household if the parent who is living with the other adult is asking for a deviation based on any other reason. Income of the other adults in the household is not, by itself, a sufficient reason for deviation"

On page 46, beginning on line 14 of the amendment, strike all material through "section" on page 47, line 5, and insert "When the court has determined that either or both parents have multiple families, deviations under this section shall be based on consideration of the total circumstances of both households. All child support obligations paid, received, and owed for all children in the multiple families shall be disclosed and considered.

(2) All income and resources of the parties before the court, new spouses, and other adults in the households shall be disclosed and considered as provided in this section."

POINT OF PARLIAMENTARY INQUIRY

Mr. Padden: Thank you, Mr. Speaker. We have two striking amendments and now an amendment to the striking amendment. Could you let us know how the process is going to work this evening?

SPEAKER'S RULING

The Speaker: Thank you, Representative Padden. We have before us two striking amendments. The Speaker will rule that, if the first striking amendment--which was chosen because it was the first amendment received at the bar of the House, a blind decision the Speaker made--is adopted, by your action you have precluded action on the second striking amendment. I'll repeat that. The question before us will be the first striking amendment, the first one received at the bar. If the body adopts that striking amendment, by your action you have at the same time precluded adopting the second striking amendment. If the body fails to adopt or rejects the first striking amendment, we will then consider the second striking amendment.

The rationale behind this decision is that a rational body would not adopt two conflicting striking amendments. As the debate proceeds on the first striking amendment, we will allow discussion of both amendments and reference to the second amendment. The effect of this will be that we are giving the members a choice between striking amendment "A" and striking amendment "B."

POINT OF PARLIAMENTARY INQUIRY

Mr. Paris: Mr. Speaker, would Representative Appelwick's amendments apply to the first striking amendment or to the second, regardless of which is adopted. Or do they only apply to the first striking amendment?

SPEAKER'S REPLY

The Speaker: They are before us on the first striking amendment.

Representatives Appelwick, Belcher, Inslee and Brough spoke in favor of adoption of the amendments to the amendment, and Representatives Hargrove, Padden, R. Meyers and Horn spoke against them. Mr. Hargrove again opposed the amendments to the amendment, and Ms. Brough again spoke in favor of them.

The Speaker stated the question before the House to be adoption of the amendments on pages 40, 42, 44 and 46 by Representative Appelwick to the amendment by Representative R. Meyers and others.

The Speaker, being in doubt, called upon the House to divide. The result of the division was: Yeas - 49, Nays - 45. The amendments to the amendment were adopted.

POINT OF PARLIAMENTARY INQUIRY

Mr. R. Meyers: When we deal with an amendment to an amendment, is that three minutes per speaker? And then is the amendment as amended or not amended another three minutes?

SPEAKER'S RULING

The Speaker: Three minutes for each question, Representative Meyers.

Representatives R. Meyers, Hargrove, Padden, Edmondson and Bowman spoke in favor of adoption of the amendment as amended, and Representatives Appelwick, Forner, Belcher, Cole and Wineberry spoke against it. Mr. Hargrove again spoke in favor of the amendment as amended.

The Speaker stated the question before the House to be adoption of the amendment by Representative R. Meyers and others as amended.

The Speaker, being in doubt, called upon the House to divide. The result of the division was: Yeas - 54, Nays - 40. The amendment as amended was adopted.

With consent of the House, the following amendment by Representative R. Meyers, Hargrove and Padden to the title was adopted:

TOTAL APPROPRIATION	\$ ((275,708,000))
	<u>274,208,000</u>

The appropriations in this subsection are subject to the following conditions and limitations:

(a) A maximum of \$35,212,000 of the general fund--state appropriation and \$17,127,000 of the general fund--federal appropriation are provided for approved regional network plans through contracts negotiated with the secretary of social and health services.

(i) It is the intent of the legislature to implement mental health reform on a multi-year schedule. Dramatic escalation of costs for new programs would impair the state's ability to proceed with subsequent expansion. The contracts shall contain a fiscal plan that will ensure that the increased cost of maintaining fiscal year 1991 programs in fiscal year 1992 will not unduly exceed the rate of inflation. Of the amounts provided in this subsection, a maximum of \$500,000 from the general fund--state appropriation may be used for planning and technical assistance grants to counties or regions wishing to form networks. The amounts in this subsection include moneys needed to implement the federal omnibus budget and reconciliation act of 1987 ("OBRA"). First priority for necessary mental health services shall be given to individuals transferred from nursing homes because of OBRA. Such services shall be consistent with an individual's discharge plan and shall include residential services, if needed. Assumptions regarding the number of transfers from the nursing homes shall be incorporated into each contract

and shall be consistent with the state-wide plan. The department shall coordinate OBRA transfers consistent with the provisions of each contract. The secretary shall negotiate contracts only with regional support networks that received recognition under chapter 205, Laws of 1989 as of January 1, 1990. Funding for the north sound and north central networks shall commence no sooner than January 1, 1991. Networks funded after January 1990 shall be subject to the same contracting process as networks funded in January 1990.

(ii) The department shall continue contracting directly for the Kitsap mental health services residential care alternative project until such time as Kitsap county becomes or joins a regional support network. The reimbursement rate per available bed-day shall not exceed \$206 in fiscal year 1990 and \$210 in fiscal year 1991. During the contract period, all eligible involuntary treatment referrals for Kitsap county residents shall be made to the project. No involuntary referrals shall be made to western state hospital unless the Kitsap residential treatment facility is filled to capacity and the mental health division and the Kitsap county mental health coordinator concur with the referral. Priority for referral to western state hospital shall be given to individuals under ninety-day or one hundred eighty-day commitments and individuals who have exhausted all community placement options.

(iii) The department may continue to contract directly with Chartley house until King county joins or becomes a regional support network.

(b) \$2,000,000 of the general fund--state appropriation is provided solely for a mental health housing reserve. The secretary of social and health services shall transfer funds from the reserve to the state hospitals in any quarter in which hospital census exceeds the December 1988 forecast adjusted to eliminate the bed contract assumption. Any amount remaining after March 1991 may be used for one-time grants. In making grants, the secretary shall give priority to proposals that facilitate network development, demonstrate integration with other mental health services, and are designed to reduce involuntary treatment.

(c) \$5,500,000 of the general fund--state appropriation is provided solely for increases for involuntary treatment act administration, including costs associated with involuntary medication hearings.

(d) \$2,200,000 of the general fund--state appropriation is provided solely for information system requirements associated with chapter 205, Laws of 1989. Priority for the remaining moneys shall be given to maintaining Title XIX eligibility for children's outpatient services at risk of losing federal financial participation because of lack of state match.

(g) \$3,509,000 of the general fund--state appropriation and \$1,322,000 of the general fund--federal appropriation are for vendor rate increases for vendors providing services to the mental health program, as specified in section 202 of this act.

(h) \$165,000 of the general fund--state appropriation is provided solely for a pilot project on the delivery of children's mental health services. The amount provided in this subsection is contingent on receipt by the department of \$393,000 from private sources.

(i) \$1,500,000 of the general fund--state appropriation and \$720,000 of the general fund--federal appropriation are provided solely for the enhancement of children's mental health services. The department shall contract with networks and counties through separate performance-based contracts. Contracts shall include a provision expanding services for underserved or difficult-to-service children, including minorities.

Applications from counties and networks shall include endorsements from affected school districts, child welfare agencies, juvenile court systems, and tribes. Of these amounts, \$200,000 is provided solely for the development of a state-wide action plan for children's mental health. The plan shall include strategies to reduce duplicate case management. It shall recommend changes, if necessary, to mental health statutes and other statutes to accommodate children's special needs and circumstances. It shall include proposals to increase access and availability of culturally relevant mental health services for minority children. It shall propose a protocol for client referrals from educational and social service agencies and a cross-system collaborative process for ranking those referrals. In developing the plan, the department shall involve representatives of the education, juvenile justice, child welfare, and mental health systems. The department shall present the plan by December 1, 1990, to the appropriate program and fiscal committees of the house of representatives and the senate.

(j) \$500,000 of the general fund--state appropriation is provided solely for a comprehensive community-based pilot program for the prevention of community violence:

(i) The pilot program shall be established through a competitive selection process and shall provide for coordination between local law enforcement agencies and courts, local government, domestic violence and victims' support programs, regional support networks, public health agencies, health care providers, schools, and relevant programs within state agencies. The program shall designate a lead agency and develop written interagency agreements to provide a coordinated continuum of services. The pilot program shall make every effort to preserve existing violence intervention programs and coordinate available funding for services related to community violence prevention and services to victims of violence.

(ii) The pilot program shall provide at least the following services: Services to family members who are victims of violence; services to victims of violent crime; case management services; specialized intervention programs for treatment of perpetrators of violence; parenting and caregiver training to families experiencing or at-risk of experiencing violence; and public education regarding community violence.

(d)(i) On the basis of full time equivalent enrollment in vocational education programs approved by the superintendent of public instruction, other than skills center programs, 0.92 certificated instructional staff units and 0.08 certificated administrative staff units for each 17.5 full time equivalent vocational students in the 1989-90 school year and for each 17.075 full time equivalent students in the 1990-91 school year;

(g) For districts operating no more than two high schools with enrollments of less than three hundred average annual full time equivalent students, for enrollment in grades nine through twelve in each such school, other than alternative schools:

(i) For remote and necessary schools enrolling students in any grades nine through twelve but no more than twenty-five average annual full time equivalent kindergarten through twelfth grade students, four and one-half certificated instructional staff units and one-quarter of a certificated administrative staff unit;

(c) For each nonhigh school district with an enrollment of more than fifty annual average full time equivalent students and less than one hundred eighty students, an additional one-half of a classified staff unit.

(4) Fringe benefit allocations shall be calculated at a rate of 19.80 percent in the 1989-90 school year and 19.85 percent in the 1990-91 school year of certificated salary allocations provided under subsection (2) of this section, and a rate of 17.32 percent in the 1989-90 school year and 17.37 percent in the 1990-91 school year of classified salary allocations provided under subsection (3) of this section.

(5) Insurance benefit allocations shall be calculated at the rates specified in section 505 of this act, based on:

(a) The number of certificated staff units determined in subsection (2) of this section; and

(b) The number of classified staff units determined in subsection (3) of this section multiplied by 1.152. This factor is intended to adjust allocations so that, for the purposes of distributing insurance benefits, full time equivalent classified employees may be calculated on the basis of 1440 hours of work per year, with no individual employee counted as more than one full time equivalent.

(6)(a) For nonemployee related costs associated with each certificated staff unit allocated under subsection (2) (a), (b), (c), and (e) through (i) of this section, there shall be provided a maximum of \$6,355 per certificated staff unit in the 1989-90 school year and a maximum of \$6,654 per certificated staff unit in the 1990-91 school year.

(b) For nonemployee related costs associated with each certificated staff unit allocated under subsection (2)(d) of this section, there shall be provided a maximum of \$12,110 per certificated staff unit in the 1989-90 school year and a maximum of \$12,679 per certificated staff unit in the 1990-91 school year.

(7) Allocations for substitute costs for classroom teachers shall be distributed at a maximum rate of \$290 per year for allocated classroom teachers. Solely for the purposes of this subsection, allocated classroom teachers shall be equal to the number of certificated instructional staff units allocated under subsection (2) of this section, multiplied by the ratio between the number of actual basic education certificated teachers and the number of actual basic education certificated instructional staff reported state-wide for the 1987-88 school year.

(8) The superintendent may distribute a maximum of ~~\$(9,925,000)~~ 9,829,000 outside the basic education formula during fiscal years 1990 and 1991 as follows:

(a) For fire protection for school districts located in a fire protection district as now or hereafter established pursuant to chapter 52.04 RCW, a maximum of ~~\$(358,000)~~ 350,000 may be expended in fiscal year 1990 and a maximum of \$375,000 in fiscal year 1991.

(b) For summer vocational programs at skills centers, a maximum of \$1,321,000 may be expended in fiscal year 1990 and a maximum of \$1,599,000 may be expended in fiscal year 1991.

(c) A maximum of \$(~~272,000~~) 184,000 may be expended for school district emergencies.

(d) A maximum of \$6,000,000 is provided solely for the purchase of new and replacement vocational education equipment for use primarily in approved vocational-secondary and skill center programs. These moneys shall be allocated to school districts during the 1989-90 school year on the basis of full time equivalent enrollment in vocational programs.

(9) For the purposes of RCW 84.52.0531, the increase per full time equivalent student in state basic education appropriations provided under this act, including appropriations for salary and benefits increases, is 6.07 percent from the 1988-89 school year to the 1989-90 school year, and (~~7.0~~) 8.0 percent from the 1989-90 school year to the 1990-91 school year.

(10)(a) The superintendent of public instruction shall revise personnel reporting systems to include information on grade level assignments of basic education certificated instructional staff, by grade level groupings of K-3, 4-6, and 7-12. The superintendent of public instruction shall collect such information from school districts beginning in the 1989-90 school year. School districts may submit supplemental information on changes in staffing levels after the initial personnel report for each school year. Staffing ratios calculated under this subsection may recognize additional staff reported, prorated by the number of months of employment during the academic year.

(b) For each school year, the funding provided under subsection (2)(a) of this section shall be based on a ratio of fifty-one certificated instructional staff per thousand students in kindergarten through grade three only if the district documents an actual ratio of at least fifty-one full time basic education certificated instructional staff per thousand full time equivalent students at those grade levels. For any school district documenting a lower ratio, the funding provided under this section shall be based on the district's actual K-3 ratio achieved in that school year, or the statutory minimum ratio established under RCW 28A.41.140(2)(c), if greater.

(c) School districts that had a ratio of fifty-one basic education certificated instructional staff per thousand students in kindergarten through grade three in the 1988-89 school year shall expend additional funding generated by the increase in staffing ratios provided in this section solely to improve staffing ratios in kindergarten through grade twelve.

(11) School districts shall use allocations for salaries and benefits generated under subsection (2)(b) of this section only to increase the district's ratio of basic education certificated instructional staff per thousand full time equivalent students in grades K-3 above fifty-one per thousand, or to employ classified instructional assistants assigned to K-3 basic education classrooms. However, a district that has achieved a ratio of fifty-three basic education certificated instructional staff per thousand full time equivalent students in grades K-3 may also use the allocation to employ additional basic education certificated instructional staff or classified instructional assistants in any grades K-12. School districts shall document to the superintendent of public instruction how the allocation was used and shall submit documentation on the number of classified instructional assistants employed in grades K-3 in the 1989-90 and 1990-91 school years. If a district uses moneys provided under subsection (2)(b) of this section for K-3 certificated instructional staff, these staff shall be excluded when determining the district's actual K-3 staffing ratio under subsection (10) of this section. A district shall be ineligible to receive allocations under subsection (2)(b) of this section unless the district documents to the superintendent of public instruction that its actual K-3 ratio under subsection (10) of this section for the 1990-91 school year is at least fifty-one full time

basic education certificated instructional staff per thousand full time equivalent students. Districts may not use allocations provided under this subsection to supplant other moneys previously used to employ K-3 certificated instructional staff or K-3 classified instructional assistants. The superintendent of public instruction shall recover funding allocated under subsection (2)(b) of this section if the district does not submit documentation showing that the funding was used for the purposes specified.

(12) The additional moneys allocated due to the increase in the vocational-secondary staff ratio provided in subsection (2)(d) of this section shall be expended solely for expanded vocational-secondary programs approved by the superintendent of public instruction. Funds provided may be expended for extended day contracts. The percentage rate of indirect charges to vocational-secondary programs, in total, shall not exceed the state-wide average percentage rates of indirect charges in all other state-funded categorical programs.

(b) As used in this subsection, the column headings "BA+(N)" refer to the number of credits earned since receiving the baccalaureate degree.

(c) For credits earned after the baccalaureate degree but before the masters degree, any credits in excess of forty-five credits may be counted after the masters degree. Thus, as used in this subsection, the column headings "MA+(N)" refer to the total of:

(i) Credits earned since receiving the masters degree; and

(ii) Any credits in excess of forty-five credits that were earned after the baccalaureate degree but before the masters degree.

(8) For the purposes of this section:

(a) "BA" means a baccalaureate degree.

(b) "MA" means a masters degree.

(c) "PHD" means a doctorate degree.

(d) "Years of service" shall be calculated under the same rules used by the superintendent of public instruction for salary allocations in the 1988-89 school year.

(e) "Credits" means college quarter hour credits and equivalent inservice credits computed in accordance with RCW 28A.71.110.

(9) The salary allocation schedules established in subsections (6) and (7) of this section are for allocation purposes only. However, it is the legislature's intent to respond to salary needs of many senior teachers who have not been receiving salary increments on either state or local salary schedules. The legislature and the public recognize the need to provide salary growth for these senior teachers in order to encourage them to continue teaching. School districts should target moneys generated by the additional seniority steps provided for state salary funding in the 1990-91 school year to senior certification instructional staff. By December 1, 1990, each school district shall submit to the superintendent of public instruction a statement signed by the district's board of directors explaining how the moneys generated by the additional seniority steps were used and whether these moneys were targeted to senior staff.
