(4) Shall endorse, before the date of issue by the county or by any taxing district for whom the county treasurer acts as treasurer, on the face of all warrants for which there are not sufficient funds for payment, "interest bearing warrant." When there are funds to redeem outstanding warrants, the county treasurer shall give notice:

(a) By publication in a legal newspaper published or circulated in the county; or

(b) By posting at three public places in the county if there is no such newspaper; or

(8) Shall invest all funds of the county or any special district in the treasurer's custody, not needed for immediate expenditure, in a manner consistent with appropriate statutes. If cash is needed to redeem warrants issued from any fund in the custody of the treasurer, the treasurer shall liquidate investments in an amount sufficient to cover such warrant redemptions; and

(9) May provide certain collection services for county departments.

The treasurer, at the expiration of the term of office, shall make a complete settlement with the county legislative authority, and shall deliver to the successor all public money, books, and papers in the treasurer's possession.

Money received by all entities for whom the county treasurer serves as treasurer must be deposited within twenty-four hours in an account designated by the county treasurer unless a waiver is granted by the county treasurer in accordance with RCW 43.09.240.

Sec. 3. RCW 63.29.020 and 2004 c 168 s 14 are each amended to read as follows:

(1) Except as otherwise provided by this chapter, all intangible property, including any income or increment derived therefrom, less any lawful charges, that is held, issued, or owing in the ordinary course of the holder's business and has remained unclaimed by the owner for more than three years after it became payable or distributable is presumed abandoned.

(2) Property, with the exception of unredeemed Washington state lottery tickets and unpresented winning parimutuel tickets, is payable and distributable for the purpose of this chapter notwithstanding the owner's failure to make demand or to present any instrument or document required to receive payment.

(3) This chapter does not apply to claims drafts issued by insurance companies representing offers to settle claims unliquidated in amount or settled by subsequent drafts or other means.

(4) This chapter does not apply to property covered by chapter 63.26 RCW.

(5) This chapter does not apply to used clothing, umbrellas, bags, luggage, or other used personal effects if such property is disposed of by the holder as follows:

(a) In the case of personal effects of negligible value, the property is destroyed; or

(b) The property is donated to a bona fide charity.

(6) This chapter does not apply to a gift certificate subject to the prohibition against expiration dates under RCW 19.240.020 or to a gift certificate subject to RCW 19.240.030 through 19.240.060. However, this chapter applies to gift certificates presumed abandoned under RCW 63.29.110.

(7) This chapter does not apply to excess proceeds held by counties, cities, towns, and other municipal or quasi-municipal corporations from foreclosures for delinquent property taxes, assessments, or other liens.

Sec. 4. RCW 63.29.190 and 1993 c 498 s 8 are each amended to read as follows:

(1) Except as otherwise provided in subsections (2) and (3) of this section, a person who is required to file a report under RCW 63.29.170 shall pay or deliver to the department all abandoned property required to be reported at the time of filing the report.

(2) Counties, cities, towns, and other municipal and quasi-municipal corporations that hold funds representing warrants canceled pursuant to RCW 36.22.100 and 39.56.040, uncashed checks, (~~excess proceeds from property tax and irrigation district foreclosures~~) and property tax overpayments or refunds may retain the funds until the owner notifies them and establishes ownership as provided in RCW 63.29.135. Counties, cities, towns, or other municipal or quasi-municipal corporations shall provide to the department a report of property it is holding pursuant to this section. The report shall identify the property and owner in the manner provided in RCW 63.29.170 and the department shall publish the information as provided in RCW 63.29.180.

(3) The contents of a safe deposit box or other safekeeping repository presumed abandoned under RCW 63.29.160 and reported under RCW 63.29.170 shall be paid or delivered to the department within six months after the final date for filing the report required by RCW 63.29.170.

If the owner establishes the right to receive the abandoned property to the satisfaction of the holder before the property has been delivered or it appears that for some other reason the presumption of abandonment is erroneous, the holder need not pay or deliver the property to the department, and the property will no longer be presumed abandoned. In that case, the holder shall file with the department a verified written explanation of the proof of claim or of the error in the presumption of abandonment.

(4) The holder of an interest under RCW 63.29.100 shall deliver a duplicate certificate or other evidence of ownership if the holder does not issue certificates of ownership to the department. Upon delivery of a duplicate certificate to the department, the holder and any transfer agent, registrar, or other person acting for or on behalf of a holder in executing or delivering the duplicate certificate is relieved of all liability of every kind in accordance with RCW 63.29.200 to every person, including any person acquiring the original certificate or the duplicate of the certificate issued to the department, for any losses or damages resulting to any person by the issuance and delivery to the department of the duplicate certificate.

Sec. 5. RCW 82.02.020 and 1997 c 452 s 21 are each amended to read as follows:

Except only as expressly provided in chapters 67.28 and 82.14 RCW, the state preempts the field of imposing taxes upon retail sales of tangible personal property, the use of tangible personal property, parimutuel wagering authorized pursuant to

RCW 67.16.060, conveyances, and cigarettes, and no county, town, or other municipal subdivision shall have the right to impose taxes of that nature. Except as provided in RCW 82.02.050 through 82.02.090, no county, city, town, or other municipal corporation shall impose any tax, fee, or charge, either direct or indirect, on the construction or reconstruction of residential buildings, commercial buildings, industrial buildings, or on any other building or building space or appurtenance thereto, or on the development, subdivision, classification, or reclassification of land. However, this section does not preclude dedications of land or easements within the proposed development or plat which the county, city, town, or other municipal corporation can demonstrate are reasonably necessary as a direct result of the proposed development or plat to which the dedication of land or easement is to apply.

This section does not prohibit voluntary agreements with counties, cities, towns, or other municipal corporations that allow a payment in lieu of a dedication of land or to mitigate a direct impact that has been identified as a consequence of a proposed development, subdivision, or plat. A local government shall not use such voluntary agreements for local off-site transportation improvements within the geographic boundaries of the area or areas covered by an adopted transportation program authorized by chapter 39.92 RCW. Any such voluntary agreement is subject to the following provisions:

- (1) The payment shall be held in a reserve account and may only be expended to fund a capital improvement agreed upon by the parties to mitigate the identified, direct impact;
- (2) The payment shall be expended in all cases within five years of collection; and
- (3) Any payment not so expended shall be refunded with interest to be calculated from the original date the deposit was received by the county and at the same rate applied to ~~((judgments to the property owners of record at the time of the refund))~~ tax refunds pursuant to RCW 84.69.100; however, if the payment is not expended within five years due to delay attributable to the developer, the payment shall be refunded without interest.

No county, city, town, or other municipal corporation shall require any payment as part of such a voluntary agreement which the county, city, town, or other municipal corporation cannot establish is reasonably necessary as a direct result of the proposed development or plat.

Nothing in this section prohibits cities, towns, counties, or other municipal corporations from collecting reasonable fees from an applicant for a permit or other governmental approval to cover the cost to the city, town, county, or other municipal corporation of processing applications, inspecting and reviewing plans, or preparing detailed statements required by chapter 43.21C RCW.

This section does not limit the existing authority of any county, city, town, or other municipal corporation to impose special assessments on property specifically benefitted thereby in the manner prescribed by law.

Nothing in this section prohibits counties, cities, or towns from imposing or permits counties, cities, or towns to impose water, sewer, natural gas, drainage utility, and drainage system charges: PROVIDED, That no such charge shall exceed the proportionate share of such utility or system's capital costs which the county, city, or town can demonstrate are attributable to the property being charged: PROVIDED FURTHER, That these provisions shall not be interpreted to expand or contract any existing authority of counties, cities, or towns to impose such charges.

Nothing in this section prohibits a transportation benefit district from imposing fees or charges authorized in RCW 36.73.120 nor prohibits the legislative authority of a county, city, or town from approving the imposition of such fees within a transportation benefit district.

Nothing in this section prohibits counties, cities, or towns from imposing transportation impact fees authorized pursuant to chapter 39.92 RCW.

Nothing in this section prohibits counties, cities, or towns from requiring property owners to provide relocation assistance to tenants under RCW 59.18.440 and 59.18.450.

This section does not apply to special purpose districts formed and acting pursuant to Titles 54, 57, or 87 RCW, nor is the authority conferred by these titles affected.

NEW SECTION. Sec. 6. A new section is added to chapter 84.56 RCW to read as follows:

Every person who offers a document to the auditor of the proper county for recording that results in any division, alteration, or adjustment of real property boundary lines, except as provided for in RCW 58.04.007(1) and 84.40.042(1)(c), shall present a certificate of payment from the proper officer who is in charge of the collection of taxes and assessments for the affected property or properties. All taxes and assessments, both current and delinquent must be paid. For purposes of this act, liability shall begin on January 1st. Taxes not yet levied and certified shall be collected as an advance tax under RCW 58.08.040.

Sec. 7. RCW 84.56.020 and 2004 c 161 s 6 are each amended to read as follows:

- (1) The county treasurer shall be the receiver and collector of all taxes extended upon the tax rolls of the county, whether levied for state, county, school, bridge, road, municipal or other purposes, and also of all fines, forfeitures or penalties

received by any person or officer for the use of his or her county. All taxes upon real and personal property made payable by the provisions of this title shall be due and payable to the treasurer on or before the thirtieth day of April and, except as provided in this section, shall be delinquent after that date.

(2) Each tax statement shall include a notice that checks for payment of taxes may be made payable to "Treasurer of County" or other appropriate office, but tax statements shall not include any suggestion that checks may be made payable to the name of the individual holding the office of treasurer nor any other individual.

(3) When the total amount of tax or special assessments on personal property or on any lot, block or tract of real property payable by one person is fifty dollars or more, and if one-half of such tax be paid on or before the thirtieth day of April, the remainder of such tax shall be due and payable on or before the thirty-first day of October following and shall be delinquent after that date.

(4) When the total amount of tax or special assessments on any lot, block or tract of real property or on any mobile home payable by one person is fifty dollars or more, and if one-half of such tax be paid after the thirtieth day of April but before the thirty-first day of October, together with the applicable interest and penalty on the full amount of tax payable for that year, the remainder of such tax shall be due and payable on or before the thirty-first day of October following and shall be delinquent after that date.

(5) Delinquent taxes under this section are subject to interest at the rate of twelve percent per annum computed on a monthly basis on the full year amount of tax unpaid from the date of delinquency until paid. Interest shall be calculated at the rate in effect at the time of payment of the tax, regardless of when the taxes were first delinquent. In addition, delinquent taxes under this section are subject to penalties as follows:

(a) A penalty of three percent of the full year amount of tax unpaid shall be assessed on the tax delinquent on June 1st of the year in which the tax is due.

(b) An additional penalty of eight percent shall be assessed on the amount of tax delinquent on December 1st of the year in which the tax is due.

(6) Subsection (5) of this section notwithstanding, no interest or penalties may be assessed (~~((for the period April 30, 2003, through April 30, 2005,))~~) during any period of armed conflict on delinquent taxes imposed (~~((for collection in 2003 or 2004 which are imposed))~~) on the personal residences owned by active duty military personnel who (~~((participated in the situation known as "Operation Enduring Freedom."))~~) are participating as part of one of the branches of the military involved in the conflict and assigned to a duty station outside the territorial boundaries of the United States.

(7) For purposes of this chapter, "interest" means both interest and penalties.

(8) All collections of interest on delinquent taxes shall be credited to the county current expense fund; but the cost of foreclosure and sale of real property, and the fees and costs of distraint and sale of personal property, for delinquent taxes, shall, when collected, be credited to the operation and maintenance fund of the county treasurer prosecuting the foreclosure or distraint or sale; and shall be used by the county treasurer as a revolving fund to defray the cost of further foreclosure, distraint and sale for delinquent taxes without regard to budget limitations.

Sec. 8. RCW 84.56.310 and 1961 c 15 s 84.56.310 are each amended to read as follows:

Any person being the owner or having an interest in an estate or claim to real property against which taxes (~~shall have been unpaid~~) have not been paid may pay the same and satisfy the lien at any time before (~~(execution of a deed to said))~~ the filing of a certificate of delinquency against the real property. The person or authority who shall collect or receive the same shall give a certificate that such taxes have been so paid to the person or persons entitled to demand such certificate. After the filing of a certificate of delinquency, the redemption rights shall be controlled by RCW 84.64.060.

Sec. 9. RCW 84.69.020 and 2002 c 168 s 11 are each amended to read as follows:

On the order of the county treasurer, ad valorem taxes paid before or after delinquency shall be refunded if they were:

- (1) Paid more than once;
- (2) Paid as a result of manifest error in description;
- (3) Paid as a result of a clerical error in extending the tax rolls;
- (4) Paid as a result of other clerical errors in listing property;
- (5) Paid with respect to improvements which did not exist on assessment date;
- (6) Paid under levies or statutes adjudicated to be illegal or unconstitutional;
- (7) Paid as a result of mistake, inadvertence, or lack of knowledge by any person exempted from paying real property taxes or a portion thereof pursuant to RCW 84.36.381 through 84.36.389, as now or hereafter amended;
- (8) Paid as a result of mistake, inadvertence, or lack of knowledge by either a public official or employee or by any person with respect to real property in which the person paying the same has no legal interest;

(9) Paid on the basis of an assessed valuation which was appealed to the county board of equalization and ordered reduced by the board;

(10) Paid on the basis of an assessed valuation which was appealed to the state board of tax appeals and ordered reduced by the board: PROVIDED, That the amount refunded under subsections (9) and (10) of this section shall only be for the difference between the tax paid on the basis of the appealed valuation and the tax payable on the valuation adjusted in accordance with the board's order;

(11) Paid as a state property tax levied upon property, the assessed value of which has been established by the state board of tax appeals for the year of such levy: PROVIDED, HOWEVER, That the amount refunded shall only be for the difference between the state property tax paid and the amount of state property tax which would, when added to all other property taxes within the one percent limitation of Article VII, section 2 of the state Constitution equal one percent of the assessed value established by the board;

(12) Paid on the basis of an assessed valuation which was adjudicated to be unlawful or excessive: PROVIDED, That the amount refunded shall be for the difference between the amount of tax which was paid on the basis of the valuation adjudged unlawful or excessive and the amount of tax payable on the basis of the assessed valuation determined as a result of the proceeding;

(13) Paid on property acquired under RCW 84.60.050, and canceled under RCW 84.60.050(2);

(14) Paid on the basis of an assessed valuation that was reduced under RCW 84.48.065;

(15) Paid on the basis of an assessed valuation that was reduced under RCW 84.40.039; or

(16) Abated under RCW 84.70.010.

No refunds under the provisions of this section shall be made because of any error in determining the valuation of property, except as authorized in subsections (9), (10), (11), and (12) of this section nor may any refunds be made if a bona fide purchaser has acquired rights that would preclude the assessment and collection of the refunded tax from the property that should properly have been charged with the tax. Any refunds made on delinquent taxes shall include the proportionate amount of interest and penalties paid. However, no refunds as a result of an incorrect payment authorized under subsection (8) of this section made by a third party payee shall ~~((not include refund interest))~~ be granted. The county treasurer may deduct from moneys collected for the benefit of the state's levy, refunds of the state levy including interest on the levy as provided by this section and chapter 84.68 RCW.

The county treasurer of each county shall make all refunds determined to be authorized by this section, and by the first Monday in February of each year, report to the county legislative authority a list of all refunds made under this section during the previous year. The list is to include the name of the person receiving the refund, the amount of the refund, and the reason for the refund.

NEW SECTION. Sec. 10. Section 7 of this act applies to all taxes levied for collection in 2005 and thereafter.

NEW SECTION. Sec. 11. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 28B.15 RCW to read as follows:

(1) The legislature finds that active military and naval veterans, reserve military and naval veterans, and national guard members called to active duty have served their country and have risked their lives to defend the lives of all Americans and the freedoms that define and distinguish our nation. The legislature intends to honor active military and naval veterans, reserve military and naval veterans, and national guard members who have served on active military or naval duty for the public service they have provided to this country.

(2) Subject to the limitations in RCW 28B.15.910, the governing boards of the state universities, the regional universities, The Evergreen State College, and the community colleges, may waive all or a portion of tuition and fees for the following persons:

(a) An eligible veteran or national guard member;

(b) A child and the spouse of an eligible veteran or national guard member who became totally disabled as defined in RCW 28B.15.385 while engaged in active federal military or naval service, or who is determined by the federal government to be a prisoner of war or missing in action;

(c) A child and the surviving spouse of an eligible veteran or national guard member who lost his or her life while engaged in active federal military or naval service. However, upon remarriage, the surviving spouse of an eligible veteran or national guard member is ineligible for a waiver under this section.

(3) The governing boards of the state universities, the regional universities, The Evergreen State College, and the community colleges, may waive all or a portion of tuition and fees for a military or naval veteran who is a Washington domiciliary, but who did not serve on foreign soil or in international waters or in another location in support of those serving on foreign soil or in international waters and who does not qualify as an eligible veteran or national guard member under subsection (5) of this section. However, there shall be no state general fund support for waivers granted under this subsection.

(4) Private vocational schools and private higher education institutions are encouraged to provide waivers consistent with the terms in subsections (2) and (3) of this section.

(5) As used in this section "eligible veteran or national guard member" means a Washington domiciliary who was an active or reserve member of the United States military or naval forces, or a national guard member called to active duty, who served in active federal service, under either Title 10 or Title 32 of the United States Code, in a war or conflict fought on foreign soil or in international waters or in another location in support of those serving on foreign soil or in international waters, and if discharged from service, has received an honorable discharge.

Such exemptions may be provided only to those persons otherwise covered who were enrolled in universities on or before October 1, 1977.~~

As used in this section, "gross authorized operating fees revenue" means the estimated gross operating fees revenue as estimated under RCW 82.33.020 or as revised by the office of financial management, before granting any waivers. MESSAGE FROM THE SENATE

April 6, 2005

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1179, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. LEGISLATIVE INTENT. The legislature recognizes that the Puget Sound region is faced with growing traffic congestion and has limited ability to expand freeway capacity due to financial, environmental, and physical constraints. Freeway high-occupancy vehicle lanes have been an effective means of providing transit, vanpools, and carpools with a fast trip on congested freeway corridors, but in many cases, these lanes are themselves getting crowded during the peak commute times, while some are being underused at off-peak times.

It is the intent of the legislature to maximize the effectiveness and efficiency of the freeway system. To evaluate methods to accomplish this, it is beneficial to evaluate alternative approaches to managing the use of freeway high-occupancy vehicle lanes, including pilot projects to determine and demonstrate the effectiveness and benefits of implementing high-occupancy toll lanes. The legislature acknowledges that state route 167 provides an ideal test of the high-occupancy toll lane concept because it is a congested corridor, it has underused capacity in the high-occupancy vehicle lane, and it has adequate right of way for improvements needed to test the concept. Therefore, it is the intent of this act to direct that the department of transportation, as a pilot project, develop and operate a high-occupancy toll lane on state route 167 in King county and to conduct an evaluation of that project to determine impacts on freeway efficiency, effectiveness for transit, feasibility of financing improvements through tolls, and the impacts on freeway users.

NEW SECTION. Sec. 2. A new section is added to chapter 47.56 RCW to read as follows:

DEFINITION OF HIGH-OCCUPANCY TOLL LANES. For the purposes of RCW 46.61.165 and sections 3 and 4 of this act, "high-occupancy toll lanes" means one or more lanes of a highway that charges tolls as a means of regulating access to or the use of the facility, to maintain travel speed and reliability. Supporting facilities include, but are not limited to, approaches, enforcement areas, improvements, buildings, and equipment.

NEW SECTION. Sec. 3. A new section is added to chapter 47.56 RCW to read as follows:

AUTHORITY TO DESIGNATE STATE ROUTE 167 HIGH-OCCUPANCY TOLL LANE PILOT PROJECT. (1)

The department may provide for the establishment, construction, and operation of a pilot project of high-occupancy toll lanes on state route 167 high-occupancy vehicle lanes within King county. The department may issue, buy, and redeem bonds, and deposit and expend them; secure and remit financial and other assistance in the construction of high-occupancy toll lanes, carry insurance, and handle any other matters pertaining to the high-occupancy toll lane pilot project.

(2) Tolls for high-occupancy toll lanes will be established as follows:

(a) The schedule of toll charges for high-occupancy toll lanes must be established by the transportation commission and collected in a manner determined by the commission.

(b) Toll charges shall not be assessed on transit buses and vanpool vehicles owned or operated by any public agency.

(c) The department shall establish performance standards for the state route 167 high-occupancy toll lane pilot project.

The department must automatically adjust the toll charge, using dynamic tolling, to ensure that toll-paying single-occupant vehicle users are only permitted to enter the lane to the extent that average vehicle speeds in the lane remain above forty-five miles per hour at least ninety percent of the time during peak hours. The toll charge may vary in amount by time of day, level of traffic congestion within the highway facility, vehicle occupancy, or other criteria, as the commission may deem appropriate. The commission may also vary toll charges for single-occupant inherently low-emission vehicles such as those powered by electric batteries, natural gas, propane, or other clean burning fuels.

(d) The commission shall periodically review the toll charges to determine if the toll charges are effectively maintaining travel time, speed, and reliability on the highway facilities.

(3) The department shall monitor the state route 167 high-occupancy toll lane pilot project and shall annually report to the transportation commission and the legislature on operations and findings. At a minimum, the department shall provide facility use data and review the impacts on:

(a) Freeway efficiency and safety;

(b) Effectiveness for transit;

- (c) Person and vehicle movements by mode;
 - (d) Ability to finance improvements and transportation services through tolls; and
 - (e) The impacts on all highway users. The department shall analyze aggregate use data and conduct, as needed, separate surveys to assess usage of the facility in relation to geographic, socioeconomic, and demographic information within the corridor in order to ascertain actual and perceived questions of equitable use of the facility.
- (4) The department shall modify the pilot project to address identified safety issues and mitigate negative impacts to high-occupancy vehicle lane users.
 - (5) Authorization to impose high-occupancy vehicle tolls for the state route 167 high-occupancy toll pilot project expires if either of the following two conditions apply:
 - (a) If no contracts have been let by the department to begin construction of the toll facilities associated with this pilot project within four years of the effective date of this section; or
 - (b) Four years after toll collection begins under this section.
 - (6) The department of transportation shall adopt rules that allow automatic vehicle identification transponders used for electronic toll collection to be compatible with other electronic payment devices or transponders from the Washington state ferry system, other public transportation systems, or other toll collection systems to the extent that technology permits.
 - (7) The conversion of a single existing high-occupancy vehicle lane to a high-occupancy toll lane as proposed for SR-167 must be taken as the exception for this pilot project.
 - (8) A violation of the lane restrictions applicable to the high-occupancy toll lanes established under this section is a traffic infraction.
 - (9) Procurement activity associated with this pilot project shall be open and competitive in accordance with chapter 39.29 RCW.

NEW SECTION. Sec. 4. A new section is added to chapter 47.66 RCW to read as follows:

The high-occupancy toll lanes operations account is created in the state treasury. The department shall deposit all revenues received by the department as toll charges collected from high-occupancy toll lane users. Moneys in this account may be spent only if appropriated by the legislature. Moneys in this account may be used for, but be not limited to, debt service, planning, administration, construction, maintenance, operation, repair, rebuilding, enforcement, and expansion of high-occupancy toll lanes and to increase transit, vanpool and carpool, and trip reduction services in the corridor. A reasonable proportion of the moneys in this account must be dedicated to increase transit, vanpool, carpool, and trip reduction services in the corridor. A reasonable proportion of the moneys in this account must be dedicated to increase transit, vanpool, carpool, and trip reduction services in the corridor.

SUBSTITUTE HOUSE BILL NO. 1185, as amended by the Senate, having received the constitutional majority, was declared passed.

MESSAGE FROM THE SENATE

April 7, 2005

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1189, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) It is the intent of the legislature that each county establish a veterans' assistance program to benefit indigent veterans and their families. These programs must be funded, at least in part, by veterans' assistance funds. The legislature intends also for each county to establish a veterans' advisory board responsible for advising the county legislative authority on needed and appropriate assistance programs for local indigent veterans and their families. Recognizing the valuable insight and perspectives that veterans offer, it is the intent of the legislature that each board be comprised entirely of veterans.

(2) The legislature recognizes that ongoing veterans' relief or assistance programs in some areas of the state have provided meaningful assistance to indigent veterans and family members. The legislature further recognizes that veterans' service organizations have traditionally been the initial point of contact for indigent veterans and family members seeking assistance. In recognition of these factors, the legislature intends to authorize, upon the satisfaction of certain administrative requirements, existing veterans' relief or assistance programs to continue providing needed and effective assistance to indigent veterans and their families.

(3) The legislature recognizes that counties respond to the needs of indigent veterans and family members in the manner most appropriate to the needs and resources of the county. The legislature intends for the provisions of this act to facilitate the effective use of assistance funds through efficient model programs that benefit veterans and family members experiencing financial hardships.

(4) It is the policy of the state of Washington that bias shall not play a role in the distribution of the veterans' assistance fund.

NEW SECTION. Sec. 2. A new section is added to chapter 73.08 RCW to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Direct costs" includes those allowable costs that can be readily assigned to the statutory objectives of this chapter, consistent with the cost principles promulgated by the federal office of management and budget in circular No. A-87, dated May 10, 2004.

(2) "Family" means the spouse, widow, widower, and dependent children of a living or deceased veteran.

(3) "Indigent" means a person who is defined as such by the county legislative authority using one or more of the following definitions:

(a) Receiving one of the following types of public assistance: Temporary assistance for needy families, general assistance, poverty-related veterans' benefits, food stamps or food stamp benefits transferred electronically, refugee resettlement benefits, medicaid, or supplemental security income;

(b) Receiving an annual income, after taxes, of up to one hundred fifty percent or less of the current federally established poverty level, or receiving an annual income not exceeding a higher qualifying income established by the county legislative authority; or

(c) Unable to pay reasonable costs for shelter, food, utilities, and transportation because his or her available funds are insufficient.

(4) "Indirect costs" includes those allowable costs that are generally associated with carrying out the statutory objectives of this chapter, but the identification and tracking of those costs cannot be readily assigned to a specific statutory objective without an accounting effort that is disproportionate to the benefit received. A county legislative authority may allocate allowable indirect costs to its veterans' assistance fund if it is accomplished in a manner consistent with the cost principles promulgated by the federal office of management and budget in circular No. A-87, dated May 10, 2004.

(5) "Veteran" has the same meaning as defined in RCW 41.04.005 and 41.04.007.

(6) "Veterans' advisory board" means a board established by a county legislative authority under the authority of section 4 of this act.

(7) "Veterans' assistance fund" means an account in the custody of the county auditor, or the chief financial officer in a county operating under a charter, that is funded by taxes levied under the authority of RCW 73.08.080.

(8) "Veterans' assistance program" means a program approved by the county legislative authority under the authority of RCW 73.08.010 that is fully or partially funded by the veterans' assistance fund authorized by RCW 73.08.080.

Sec. 3. RCW 73.08.010 and 2002 c 292 s 7 are each amended to read as follows:

(1) For the relief of indigent ~~((and suffering))~~ veterans ~~((as defined in RCW 41.04.007 and))~~, their families ~~((or))~~, and the families of ~~((those))~~ deceased indigent veterans, ~~((who need assistance in any city, town or precinct in this state,))~~ the legislative authority of ~~((the))~~ each county ~~((in which the city, town or precinct is situated shall provide such sum or sums of money as may be necessary, to be drawn upon by the commander and quartermaster, or commander and adjutant or commander and service officer of any post, camp or chapter of any national organization of veterans now, or which may hereafter be, chartered by an act of congress in the city or town upon recommendation of the relief committee of said post, camp or chapter: PROVIDED, Said veteran or the families of those deceased are and have been residents of the state for at least twelve months, and the orders of said commander and quartermaster, or commander and adjutant or commander and service officer shall be the proper voucher for the expenditure of said sum or sums of money))~~ shall establish a veterans' assistance program to address the needs of local indigent veterans and their families. The county legislative authority shall consult with and solicit recommendations from the veterans' advisory board established under section 4 of this act to determine the appropriate services needed for local indigent veterans. Veterans' assistance programs shall be funded, at least in part, by the veterans' assistance fund created under the authority of RCW 73.08.080.

(2) The county legislative authority may authorize other entities to administer a veterans' assistance program or programs through grants, contracts, or interlocal agreements. If the county legislative authority authorizes another entity to administer a veterans' assistance program or programs, the terms of the grant, contract, or interlocal agreement must, for each program, specify:

(a) The details of the program;

(b) The responsibilities of all parties;

(c) The duration of the program;

(d) The costs and sources of funding;

(e) Any insurance or bond requirements;

(f) The format and frequency of progress and final reports; and

(g) Any other information deemed necessary or appropriate by either party.

(3) If the county legislative authority authorizes another entity to administer a veterans' assistance program or programs, the authorized entity should, to the extent feasible and consistent with this chapter, ensure that a local branch of a nationally recognized veterans' service organization is the initial point of contact for a veteran or family member seeking assistance.

(4) Nothing in this section shall prohibit or be construed as prohibiting a county from authorizing the continued operation of a veterans' relief or assistance program or programs existing on January 1, 2005, if the authorizing legislative authority:

(a) Solicits advice from the veterans' advisory board established in section 4 of this act; and

(b) Satisfies the grant, contractual, or interlocal agreement requirements of subsection (2) of this section.

NEW SECTION. Sec. 4. A new section is added to chapter 73.08 RCW to read as follows:

(1) The legislative authority for each county must establish a veterans' advisory board. Upon its establishment, the board shall advise the county legislative authority on the needs of local indigent veterans, the resources available to local indigent veterans, and programs that could benefit the needs of local indigent veterans and their families.

(2) The county legislative authority must solicit representatives from either local branches of nationally recognized veterans' service organizations or the veterans' community at large, or both, to serve on the board. No fewer than a majority of the board members shall be members from nationally recognized veterans' service organizations and only veterans are eligible to serve as board members.

(3) Service on the board is voluntary. The county legislative authority may provide for reimbursement to board members for expenses incurred.

Sec. 5. RCW 73.08.070 and 2002 c 292 s 9 are each amended to read as follows:

~~((It shall be the duty of))~~ (1) The legislative authority ~~((in each of the counties in this state to))~~ for each county must designate ~~((some))~~ a proper authority ~~((other than the one designated by law for the care of paupers and the custody of criminals who shall cause to be interred))~~ to be responsible, at the expense of the county ~~((the body of any honorably discharged veterans as defined in RCW 41.04.007 and the wives, husbands, minor children, widows or widowers of such veterans, who shall hereafter die))~~, for the burial or cremation of any deceased indigent veteran or deceased family member of an indigent veteran who died without leaving means sufficient to defray funeral expenses~~((; and when requested so to do by the commanding officer of any post, camp or chapter of any national organization of veterans now, or which may hereafter be, chartered by an act of congress or the relief committee of any such posts, camps or chapters: PROVIDED, HOWEVER, That such interment shall not cost more than))~~. The costs of such a burial or cremation may not exceed the limit established by the county legislative authority nor be less than three hundred dollars.

(2) If the deceased has relatives or friends who desire to conduct the burial or cremation of such deceased person, then ~~((upon request of said commander or relief committee))~~ a sum not to exceed the limit established by the county legislative authority nor less than three hundred dollars shall be paid to ~~((said))~~ the relatives or friends by the county ~~((treasurer, upon))~~ auditor, or by the chief financial officer in a county operating under a charter. (3) Expenses incurred for the burial or cremation of a deceased indigent veteran or the deceased family member of an indigent veteran as provided by this section shall be paid from the veterans' assistance fund authorized by RCW 73.08.080.

(1) The legislative ~~((authorities of the several counties in this state))~~ authority in each county shall levy, in addition to the taxes now levied by law, a tax in a sum equal to the amount which would be raised by not less than one and one-eighth cents per thousand dollars of assessed value, and not greater than twenty-seven cents per thousand dollars of assessed value against the taxable property of their respective counties, to be levied and collected as now prescribed by law for the assessment and collection of taxes, for the purpose of creating ~~((the veterans'))~~ a veterans' assistance fund ~~((for the relief of honorably discharged veterans as defined in RCW 41.04.005 and the indigent wives, husbands, widows, widowers and minor children of such indigent or deceased veterans, to be disbursed for such relief by such county legislative authority: PROVIDED, That if))~~. ENGROSSED SUBSTITUTE HOUSE BILL NO. 1252, as amended by the Senate, having received the constitutional majority, was declared passed.

MESSAGE FROM THE SENATE

April 14, 2005

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1281, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) It is the intent of the legislature to assist children in the care of kin to access appropriate medical services. Children being raised by kin have faced barriers to medical care because their kinship caregivers have not been able to verify that they are the identified primary caregivers of these children. Such barriers pose an especially significant challenge to kinship caregivers in dealing with health professionals when children are left in their care.

(2) It is the intent of the legislature to assist kinship caregivers in accessing appropriate medical care to meet the needs of a child in their care by permitting such responsible adults who are providing care to a child to give informed consent to medical care.

Sec. 2. RCW 7.70.065 and 2003 c 283 s 29 are each amended to read as follows:

(1) Informed consent for health care for a patient who is not competent, as defined in RCW 11.88.010(1)(e), to consent may be obtained from a person authorized to consent on behalf of such patient.

(a) Persons authorized to provide informed consent to health care on behalf of a patient who is not competent to consent, based upon a reason other than incapacity as defined in RCW 11.88.010(1)(d), shall be a member of one of the following classes of persons in the following order of priority:

~~((a))~~ (i) The appointed guardian of the patient, if any;

~~((b))~~ (ii) The individual, if any, to whom the patient has given a durable power of attorney that encompasses the authority to make health care decisions;

~~((c))~~ (iii) The patient's spouse;

~~((d))~~ (iv) Children of the patient who are at least eighteen years of age;

~~((e))~~ (v) Parents of the patient; and

~~((f))~~ (vi) Adult brothers and sisters of the patient.

~~((g))~~ (b) If the ~~(physician)~~ health care provider seeking informed consent for proposed health care of the patient who is not competent to consent under RCW 11.88.010(1)(e), other than a person determined to be incapacitated because he or she is under the age of majority and who is not otherwise authorized to provide informed consent, makes reasonable efforts to locate and secure authorization from a competent person in the first or succeeding class and finds no such person available, authorization may be given by any person in the next class in the order of descending priority. However, no person under this section may provide informed consent to health care:

~~((a))~~ (i) If a person of higher priority under this section has refused to give such authorization; or

~~((b))~~ (ii) If there are two or more individuals in the same class and the decision is not unanimous among all available members of that class.

~~((c))~~ (c) Before any person authorized to provide informed consent on behalf of a patient not competent to consent under RCW 11.88.010(1)(e), other than a person determined to be incapacitated because he or she is under the age of majority and who is not otherwise authorized to provide informed consent, exercises that authority, the person must first determine in good faith that that patient, if competent, would consent to the proposed health care. If such a determination cannot be made, the decision to consent to the proposed health care may be made only after determining that the proposed health care is in the patient's best interests.

(2) Informed consent for health care for a patient who is not competent, as defined in RCW 11.88.010(1)(e), because he or she is under the age of majority and who is not otherwise authorized to provide informed consent, may be obtained from a person authorized to consent on behalf of such a patient.

(i) The appointed guardian, or legal custodian authorized pursuant to Title 26 RCW, of the minor patient, if any;

(ii) A person authorized by the court to consent to medical care for a child in out-of-home placement pursuant to chapter 13.32A or 13.34 RCW, if any;

(iii) Parents of the minor patient;

(iv) The individual, if any, to whom the minor's parent has given a signed authorization to make health care decisions for the minor patient; and

MESSAGE FROM THE SENATE

April 6, 2005

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1393, with the following amendment:

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 46.44.170 and 2004 c 79 s 4 are each amended to read as follows:

(1) Any person moving a mobile home as defined in RCW 46.04.302 or a park model trailer as defined in RCW 46.04.622 upon public highways of the state must obtain:

(a) A special permit from the department of transportation and local authorities pursuant to RCW 46.44.090 and 46.44.093 and shall pay the proper fee as prescribed by RCW 46.44.0941 and 46.44.096; and

(b) For mobile homes constructed before June 15, 1976, and already situated in the state: (i) A certification from the department of labor and industries that the mobile home was inspected for fire safety; or (ii) an affidavit in the form prescribed by the department of community, trade, and economic development signed by the owner at the county treasurer's office at the time of the application for the movement permit stating that the mobile home is being moved by the owner for his or her continued occupation or use; or (iii) a copy of the certificate of ownership or title together with an affidavit signed under penalty of perjury by the certified owner stating that the mobile home is being transferred to a wrecking yard or similar facility for disposal. In addition, the destroyed mobile home must be removed from the assessment rolls of the county and any outstanding taxes on the destroyed mobile home must be removed by the county treasurer.

(2) A special permit issued as provided in subsection (1) of this section for the movement of any mobile home or a park model trailer that is assessed for purposes of property taxes shall not be valid until the county treasurer of the county in which the mobile home or park model trailer is located shall endorse or attach his or her certificate that all property taxes which are a lien or which are delinquent, or both, upon the mobile home or park model trailer being moved have been satisfied. Further, any mobile home or park model trailer required to have a special movement permit under this section shall display an easily recognizable decal. However, endorsement or certification by the county treasurer and the display of the decal is not required:

(a) When a mobile home or park model trailer is to enter the state or is being moved from a manufacturer or distributor to a retail sales outlet or directly to the purchaser's designated location or between retail and sales outlets;

(b) When a signed affidavit of destruction is filed with the county assessor and the mobile home or park model trailer is being moved to a disposal site by a landlord as defined in RCW 59.20.030 after (i) the mobile home or park model trailer has been abandoned as defined in RCW 59.20.030; or (ii) a final judgment for restitution of the premises under RCW 59.18.410 has been executed in favor of the landlord with regard to the mobile home or park model trailer. The mobile home or park model trailer will be removed from the tax rolls and, upon notification by the assessor, any outstanding taxes on the destroyed mobile home or park model trailer will be removed by the county treasurer; or

(c) When a signed affidavit of destruction is filed with the county assessor by any mobile home or park model trailer owner or any property owner with an abandoned mobile home or park model trailer, the same shall be removed from the tax rolls and upon notification by the assessor, any outstanding taxes on the destroyed mobile home or park model trailer shall be removed by the county treasurer.

(3) If the landlord of a mobile home park takes ownership of a mobile home or park model trailer with the intent to resell or rent the same under RCW 59.20.030 after (a) the mobile home or park model trailer has been abandoned as defined in RCW 59.20.030; or (b) a final judgment for restitution of the premises under RCW 59.18.410 has been executed in favor of the landlord with regard to the mobile home or park model trailer, the outstanding taxes become the responsibility of the landlord.

(4) It is the responsibility of the owner of the mobile home or park model trailer subject to property taxes or the agent to obtain the endorsement and decal from the county treasurer before a mobile home or park model trailer is moved.

(5) This section does not prohibit the issuance of vehicle license plates for a mobile home or park model trailer subject to property taxes, but plates shall not be issued unless the mobile home or park model trailer subject to property taxes for which plates are sought has been listed for property tax purposes in the county in which it is principally located and the appropriate fee for the license has been paid.

(6) The department of transportation, the department of labor and industries, and local authorities are authorized to adopt reasonable rules for implementing the provisions of this section. The department of transportation shall adopt rules specifying the design, reflective characteristics, annual coloration, and for the uniform implementation of the decal required by this section. By January 1, 2006, the department of labor and industries shall also adopt procedures for notifying destination local jurisdictions concerning the arrival of mobile homes that failed safety inspections.

Sec. 2. RCW 43.22.340 and 2003 c 53 s 228 are each amended to read as follows:

(1) The director shall adopt specific rules for conversion vending units and medical units. The rules for conversion vending units and medical units shall be established to protect the occupants from fire; to address other life safety issues; and to ensure that the design and construction are capable of supporting any concentrated load of five hundred pounds or more. Also, the director shall adopt specific rules concerning safety standards as necessary to implement subsection (3) of this section by January 1, 2006.

(2) The director of labor and industries shall adopt rules governing safety of body and frame design, and the installation of plumbing, heating, and electrical equipment in mobile homes, commercial coaches, recreational vehicles, and/or park trailers: PROVIDED, That the director shall not prescribe or enforce rules governing the body and frame design of recreational vehicles and park trailers until after the American National Standards Institute shall have published standards and specifications upon this subject. The rules shall be reasonably consistent with recognized and accepted principles of safety for body and frame design and plumbing, heating, and electrical installations, in order to protect the health and safety of the people of this state from dangers inherent in the use of substandard and unsafe body and frame design, construction, plumbing, heating, electrical, and other equipment and shall correlate with and, so far as practicable, conform to the then current standards and specifications of the American National Standards Institute standards A119.1 for mobile homes and commercial coaches, A119.2 for recreational vehicles, and A119.5 for park trailers.

(3) Except as provided in RCW 43.22.436, it shall be unlawful for any person to lease, sell or offer for sale, within this state, any mobile homes, commercial coaches, conversion vending units, medical units, recreational vehicles, and/or park trailers manufactured after January 1, 1968, containing plumbing, heating, electrical, or other equipment, and after July 1, 1970, body and frame design or construction, unless such equipment, design, or construction meets the requirements of the rules provided for in this section.

(4) Any person violating this section is guilty of a misdemeanor. Each day upon which a violation occurs shall constitute a separate violation.

Sec. 3. RCW 43.22.432 and 2002 c 268 s 7 are each amended to read as follows:

(1) The department may adopt all standards and regulations adopted by the secretary under the national manufactured home construction and safety standards act of 1974 (800 Stat. 700; 42 U.S.C. Secs. 5401-5426) for manufactured home construction and safety standards. If any deletions or amendments to the federal standards or regulations are thereafter made and notice thereof is given to the department, the standards or regulations shall be considered automatically adopted by the state under this chapter after the expiration of thirty days from publication in the federal register of a final order describing the deletions or amendments unless within that thirty day period the department objects to the deletion or amendment. In case of objection, the department shall proceed under the rule making procedure of chapter 34.05 RCW.

(2) The department shall adopt rules with respect to manufactured homes that require the prior written approval of the department before changes or alterations may be made to a manufactured home that differ from the construction standards provided for in this section.

(3) For purposes of implementing this section, by January 1, 2006, the department shall adopt requirements for manufactured homes built before June 15, 1976.

(4) Except as provided in RCW 43.22.436, it is unlawful for any person to lease, sell, or offer for sale, within this state, a manufactured home unless the home meets the requirements of the rules provided for in this section.

Sec. 4. RCW 46.12.290 and 1993 c 154 s 2 are each amended to read as follows:

(1) The provisions of chapter 46.12 RCW insofar as they are not inconsistent with the provisions of chapter 231, Laws of 1971 ex. sess. or chapter 65.20 RCW apply to mobile or manufactured homes: PROVIDED, That RCW 46.12.080 and 46.12.250 through 46.12.270 shall not apply to mobile or manufactured homes.

(2) In order to transfer ownership of a mobile home, all registered owners of record must sign the title certificate releasing their ownership. If the mobile home was manufactured before June 15, 1976, the registered owner must sign an affidavit in the form prescribed by the department of licensing that notice was provided to the purchaser of the mobile home that failure of the mobile home to meet federal housing and urban development standards or failure of the mobile home to meet a fire and safety inspection by the department of labor and industries may result in denial by a local jurisdiction of a permit to site the mobile home.

(3) The director of licensing shall have the power to adopt such rules as necessary to implement the provisions of this chapter relating to mobile homes.

Sec. 5. RCW 59.21.021 and 2002 c 257 s 2 are each amended to read as follows:

(1) If a mobile home park is closed or converted to another use after December 31, 1995, eligible tenants shall be entitled to assistance on a first-come, first-serve basis. The department shall give priority for distribution of relocation assistance to tenants residing in parks that are closed as a result of park-owner fraud or as a result of health and safety concerns as determined by the local board of health. Payments shall be made upon the department's verification of eligibility, subject to the availability of remaining funds. Eligibility for relocation assistance funds is limited to low-income households. As used in this section, "low-income household" means a single person, family, or unrelated persons living together whose adjusted income is less than eighty percent of the median family income, adjusted for household size, for the county where the mobile or manufactured home is located.

(2) Assistance for closures occurring after December 31, 1995, is limited to persons who maintain ownership of and relocate their mobile home or who dispose of a home not relocatable to a new site.

(3) Persons who removed and disposed of their mobile home or maintained ownership of and relocated their mobile homes are entitled to reimbursement of actual relocation expenses up to ~~((seven))~~ twelve thousand dollars for a double-wide home and up to ~~((three))~~ seven thousand five hundred dollars for a single-wide home.

(4) Any individual or organization may apply to receive funds from the mobile home park relocation fund, for use in combination with funds from public or private sources, toward relocation of tenants eligible under this section. Funds received from the mobile home park relocation fund shall only be used for relocation assistance expenses or other mobile/manufactured home ownership expenses, that include down payment assistance, if the owners are not planning to relocate their mobile home as long as their original home is removed from the park."

In line 1 of the title, after "homes;" strike the remainder of the title and insert "and amending RCW 46.44.170, 43.22.340, 43.22.432, 46.12.290, and 59.21.021."

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 9.94A RCW to read as follows:

(1) The department may supervise nonfelony offenders transferred to Washington pursuant to RCW 9.94A.745, the interstate compact for adult offender supervision, and shall supervise these offenders according to the provisions of this chapter.

(2) The department shall process applications for interstate transfer of felony and nonfelony offenders pursuant to RCW 9.94A.745, the interstate compact for adult offender supervision, and may charge offenders a reasonable fee for processing the application.

Sec. 2. RCW 9.95.204 and 1996 c 298 s 1 are each amended to read as follows:

(1) When a superior court places a defendant convicted of a misdemeanor or gross misdemeanor on probation and orders supervision under RCW 9.92.060 or 9.95.210, the department of corrections has initial responsibility for supervision of that defendant.

The assumption of responsibility shall be made by contract with the department of corrections on a biennial basis.

(3) If a county assumes supervision responsibility, the county shall supervise all superior court misdemeanor probationers within that county for the duration of the biennium, as set forth in the contract with the department of corrections.

(4) A contract between a county legislative authority and the department of corrections for the transfer of supervision responsibility must include, at a minimum, the following provisions:

(a) The county's agreement to supervise all misdemeanor probationers who are sentenced by a superior court within that county and who reside within that county;

(b) A reciprocal agreement regarding the supervision of superior court misdemeanor probationers sentenced in one county but who reside in another county;

(c) The county's agreement to comply with the minimum standards for classification and supervision of offenders as required under RCW 9.95.206;

(h) Provisions regarding rights and remedies in the event of a possible breach of contract or default by either party; and

(i) Provisions allowing for voluntary termination of the contract by either party, with good cause, after sixty days' written notice.

(5) If the contract between the county and the department of corrections is terminated for any reason, the department of corrections shall reassume responsibility for supervision of superior court misdemeanor probationers within that county. In such an event, the department of corrections retains any and all rights and remedies available by law and under the contract.

(6) The state of Washington, the department of corrections and its employees, community corrections officers, and volunteers who assist community corrections officers are not liable for any harm caused by the actions of a superior court misdemeanor probationer who is under the supervision of a county. A county, its probation department and employees, probation officers, and volunteers who assist probation officers are not liable for any harm caused by the actions of a superior court misdemeanor probationer who is under the supervision of the department of corrections. (iii) Notify the probationer of the fee due to the department of corrections for processing an application under the compact;

(iv) Cease supervision of the probationer while another state supervises the probationer pursuant to the compact;

(v) Resume supervision if the probationer returns to this state before the term of probation expires.

(b) The probationer shall receive credit for time served while being supervised by another state.

Sec. 3. RCW 9.95.214 and 1996 c 298 s 4 are each amended to read as follows:

Whenever a defendant convicted of a misdemeanor or gross misdemeanor is placed on probation under RCW 9.92.060 or 9.95.210, and the defendant is supervised by the department of corrections or a county probation department, the department or county probation department may assess and collect from the defendant for the duration of the term of supervision a monthly assessment not to exceed one hundred dollars per month. This assessment shall be paid to the agency supervising the defendant and shall be applied, along with funds appropriated by the legislature, toward the payment or part payment of the cost of

supervising the defendant. The department or county probation department shall suspend such assessment while the defendant is being supervised by another state pursuant to RCW 9.94A.745, the interstate compact for adult offender supervision.

NEW SECTION. Sec. 4. A new section is added to chapter 3.66 RCW to read as follows:

(b) Provide the department of corrections with the supporting documentation it requests for processing an application for transfer;

(c) Notify the probationer of the fee due to the department of corrections for processing an application under the compact;

However, the jurisdiction period in this section does not apply to the enforcement of orders issued under RCW 46.20.720. Any time before entering an order terminating probation, the court may modify or revoke its order suspending or deferring the imposition or execution of the sentence.

(c) If the probationer is returned to the state at the request of the receiving state under rules of the interstate compact for adult offender supervision, the department of corrections is responsible for the cost of returning the probationer.

(d) The state of Washington, the department of corrections and its employees, and any city and its employees are not liable for civil damages resulting from any act or omission authorized or required under this section unless the act or omission constitutes gross negligence.

The assessment may also be made by a judge in superior court when such misdemeanor or gross misdemeanor cases are heard in the superior court.

(2) For the purposes of this section the office of the administrator for the courts shall define a probation department and adopt rules for the qualifications of probation officers based on occupational and educational requirements developed by an oversight committee. This oversight committee shall include a representative from the district and municipal court judges association, the misdemeanor corrections association, the office of the administrator for the courts, and associations of cities and counties. The oversight committee shall consider qualifications that provide the training and education necessary to (a) conduct presentencing and postsentencing background investigations, including sentencing recommendations to the court regarding jail terms, alternatives to incarceration, and conditions of release; and (b) provide ongoing supervision and assessment of offenders' needs and the risk they pose to the community.

(3) It shall be the responsibility of the probation services office to implement local procedures approved by the court of limited jurisdiction to ensure collection and payment of such fees into the general fund of the city or county treasury.

MESSAGE FROM THE SENATE

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1426, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that children of incarcerated parents face significant obstacles in their lives. In many cases, these children have witnessed the arrest of a parent, face unstable living arrangements and multiple school placements, live under financial hardship, and experience the social stigma associated with their parents' incarceration. As a result of these factors, children of incarcerated parents are at risk for poor academic achievement, substance abuse, and delinquency and criminal activity that can lead to their own incarceration.

The legislature intends to support children in the state whose parents are incarcerated by encouraging the state agencies involved with families of individuals who are incarcerated to coordinate and expand existing services for these families in order to improve the well-being of children of incarcerated parents both over the short term and the long term.

NEW SECTION. Sec. 2. (1) The department of corrections, in partnership with the department of social and health services, shall establish an oversight committee to develop a comprehensive interagency plan to provide the necessary services and supports for the children of this state whose parents are incarcerated in jail or prison.

(2) The interagency plan shall include the following:

(a) Identification of existing state services and programs, as well as recognized community-based services and programs, for children whose parents are incarcerated;

(b) Identification of methods to improve collaboration and coordination of existing services and programs;

(c) Recommendations concerning new services and programs for children whose parents are incarcerated, involving both interagency and community-based efforts; and

(d) Identification of evidence-based practices and areas for further research to support the long-term provision of services and programs for children whose parents are incarcerated, including the following:

(i) Identification and ongoing collection of data relating to incarcerated individuals in the state who have children under eighteen years of age; and

(ii) Identification and sharing of information relating to children of incarcerated parents who are involved in the juvenile justice or child welfare systems, to the extent permissible under state and federal law.

(3) The oversight committee shall include the following:

(a) Representatives with decision-making authority of: The department of corrections, the children's administration of the department of social and health services, the juvenile rehabilitation administration of the department of social and health services, the Washington association of sheriffs and police chiefs, the office of superintendent of public instruction, the courts, prosecuting attorneys and public defenders, and community-based agencies working with families of individuals who are incarcerated; and

(b) Caregivers of children whose parents are incarcerated.

(4) The oversight committee shall seek input from children whose parents are or have been incarcerated and from parents who have been incarcerated in developing the interagency plan.

(5) The oversight committee shall develop the interagency plan by June 30, 2006, with an interim report due to the appropriate committees of the legislature by January 1, 2006."

MESSAGE FROM THE SENATE

April 7, 2005

Mr. Speaker:

The Senate has passed ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1605, with the following amendment:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature finds that state and local agencies are currently implementing actions to reduce children's exposure to soils that contain hazardous substances. The legislature further finds that it is in the public interest to enhance those efforts in western Washington in areas located within the central Puget Sound smelter plume.

NEW SECTION. Sec. 2. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Area-wide soil contamination" means low to moderate arsenic and lead soil contamination dispersed over a large geographic area.

(2) "Child care facility" means a child day-care center or a family day-care provider as those terms are defined under RCW 74.15.020.

(3) "Department" means the department of ecology.

(4) "Director" means the director of the department of ecology.

(5) "Low to moderate soil contamination" means low level arsenic or lead concentrations where a child's exposure to soil contamination at a school or a child care facility may be reduced through best management practices.

(6) "School" means a public or private kindergarten, elementary, or secondary school.

NEW SECTION. Sec. 3. (1) The department, in cooperation with the department of social and health services, the department of health, the office of the superintendent of public instruction, and local health districts, shall assist schools and child care facilities west of the crest of the Cascade mountains to reduce the potential for children's exposure to area-wide soil contamination.

(2) The department shall:

(a) Identify schools and child care facilities that are located within the central Puget Sound smelter plume based on available information;

(b) Conduct qualitative evaluations to determine the potential for children's exposure to area-wide soil contamination;

(c) If the qualitative evaluation determines that children may be routinely exposed to area-wide soil contamination at a property, conduct soil samples at that property by December 31, 2009; and

(d) If soil sample results confirm the presence of area-wide soil contamination, notify schools and child care facilities regarding the test results and the steps necessary for implementing best management practices.

(3) If a school or a child care facility with area-wide soil contamination does not implement best management practices within six months of receiving written notification from the department, the superintendent or board of directors of a school or the owner or operator of a child care facility must notify parents and guardians in writing of the results of soil tests. The written notice shall be prepared by the department.

(4) The department shall recognize schools and child care facilities that successfully implement best management practices with a voluntary certification letter confirming that the facility has successfully implemented best management practices.

(5) Schools and child care facilities must work with the department to provide the department with site access for soil sampling at times that are the most convenient for all parties.

NEW SECTION. Sec. 4. (1) The department shall assist schools and owners and operators of child care facilities located within the central Puget Sound smelter plume. Such assistance may include the following:

(a) Technical assistance in conducting qualitative evaluations to determine where area-wide soil contamination exposures could occur;

(b) Technical and financial assistance in testing soils where evaluations indicate potential for contamination; and

(c) Technical and financial assistance to implement best management practices.

(2) The department shall develop best management practice guidelines for schools and day care facilities with area-wide soil contamination. The guidelines shall recommend a range of methods for reducing exposure to contaminated soil, considering the concentration, extent, and location of contamination and the nature and frequency of child use of the area.

(3) The department shall develop a grant program to assist schools and child care facilities with implementing best management practices.

(4) The department, within available funds, may provide grants to schools and child care facilities for the purpose of implementing best management practices.

(5) The department, within available funds, may provide financial assistance to the department of health and the department of social and health services to implement this chapter.

(6) The department may, through an interagency agreement, authorize a local health jurisdiction to administer any activity in this chapter that is otherwise not assigned to a local health jurisdiction by this chapter.

(7) The department shall evaluate actions to reduce child exposure to contaminated soils and submit progress reports to the governor and to the appropriate committees of the legislature by December 31, 2006, and December 31, 2008.

NEW SECTION. **Sec. 5.** The department of health shall assist the department in implementing this chapter, including but not limited to developing best management practices and guidelines.

NEW SECTION. **Sec. 6.** The department of social and health services shall assist the department by providing information on the location of child care facilities and contacts for these facilities.

NEW SECTION. **Sec. 7.** This chapter does not apply to land devoted primarily to the commercial production of livestock or agricultural commodities.

NEW SECTION. **Sec. 8.** Nothing in this chapter is intended to change ongoing actions or the authority of the department or other agencies to require actions to address soil contamination under existing laws.

NEW SECTION. **Sec. 9.** Sections 1 through 8 of this act constitute a new chapter in Title 70 RCW.

NEW SECTION. **Sec. 10.** If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2005, in the omnibus appropriations act, this act is null and void."

MESSAGE FROM THE SENATE

April 7, 2005

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1631, with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 84.34.230 and 1995 c 318 s 8 are each amended to read as follows:

Conservation futures are a useful tool for counties to preserve lands of public interest for future generations. Counties are encouraged to use some conservation futures as one tool for salmon preservation purposes.

For the purpose of acquiring conservation futures (~~as well as~~) and other rights and interests in real property pursuant to RCW 84.34.210 and 84.34.220, and for maintaining and operating any property acquired with these funds, a county may levy an amount not to exceed six and one-quarter cents per thousand dollars of assessed valuation against the assessed valuation of all taxable property within the county. The limitations in RCW 84.52.043 shall not apply to the tax levy authorized in this section. Any rights or interests in real property acquired under this section after the effective date of this section must be located within the assessing county. Further, the county must determine if the rights or interests in real property acquired with these funds would reduce the capacity of land suitable for development necessary to accommodate the allocated housing and employment growth, as adopted in the countywide planning policies. When actions are taken that reduce capacity to accommodate planned growth, the jurisdiction shall adopt reasonable measures to increase the capacity lost by such actions.

Sec. 2. RCW 84.34.240 and 1971 ex.s. c 243 s 5 are each amended to read as follows:

Conservation futures are a useful tool for counties to preserve lands of public interest for future generations. Counties are encouraged to use some conservation futures as one tool for salmon preservation purposes.

(1) Any board of county commissioners may establish by resolution a special fund which may be termed a conservation futures fund to which it may credit all taxes levied pursuant to RCW 84.34.230. Amounts placed in this fund may be used (~~solely~~) for the purpose of acquiring rights and interests in real property pursuant to the terms of RCW 84.34.210 and 84.34.220, and for the maintenance and operation of any property acquired with these funds. The amount of revenue used for maintenance and operations of parks and recreational land may not exceed fifteen percent of the total amount collected from the tax levied under RCW 84.34.230 in the preceding calendar year. Revenues from this tax may not be used to supplant existing maintenance and operation funding. Any rights or interests in real property acquired under this section must be located within the assessing county. Further, the county must determine if the rights or interests in real property acquired with these funds would reduce the capacity of land suitable for development necessary to accommodate the allocated housing and employment growth, as adopted in the countywide planning policies. When actions are taken that reduce capacity to accommodate planned growth, the jurisdiction shall adopt reasonable measures to increase the capacity lost by such actions.

(2) In counties greater than one hundred thousand in population, the board of county commissioners or county legislative authority shall develop a process to help ensure distribution of the tax levied under RCW 84.34.230, over time, throughout the county.

(3)(a) Between the effective date of this section and July 1, 2008, the county legislative authority of a county with a population density of fewer than four persons per square mile may enact an ordinance offering a ballot proposal to the people of the county to determine whether or not the county legislative authority may make a one-time emergency reallocation of unspent conservation futures funds to pay for other county government purposes, where such conservation futures funds were originally levied under RCW 84.34.230 but never spent to acquire rights and interests in real property.

(b) Upon adoption by the county legislative authority of a ballot proposal ordinance under (a) of this subsection the county auditor shall: (i) Confer with the county legislative authority and review any proposal to the people as to form and style; (ii) give the ballot proposal a number, which thereafter shall be the identifying number for the proposal; (iii) transmit a copy of the proposal to the prosecuting attorney; and (iv) submit the proposal to the people at the next general or special election that is not less than ninety days after the adoption of the ordinance by the county legislative authority.

(c) The county prosecuting attorney shall within fifteen working days of receipt of the proposal compose a concise statement, posed as a positive question, not to exceed twenty-five words, which shall express and give a true and impartial statement of the proposal. Such concise statement shall be the ballot title.

(d) If the measure is affirmed by a majority voting on the issue it shall become effective ten days after the results of the election are certified.

(4) Nothing in this section shall be construed as limiting in any manner methods and funds otherwise available to a county for financing the acquisition of such rights and interests in real property."

On page 1, line 2 of the title, after "levy;" strike the remainder of the title and insert "and amending RCW 84.34.230 and 84.34.240."

and the same is herewith transmitted.

MESSAGE FROM THE SENATE

April 8, 2005

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1689, with the following amendment:

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 18.32.195 and 1994 sp.s. c 9 s 218 are each amended to read as follows:

The commission may, without examination, issue a license to persons who possess the qualifications set forth in this section.

(1) The commission may, upon written request of the dean of the school of dentistry of the University of Washington, issue a license to practice dentistry in this state to persons who have been licensed or otherwise authorized to practice dentistry in another state or country and who have been accepted for employment by the school of dentistry as full-time faculty members.

For purposes of this subsection, this means teaching members of the faculty of the school of dentistry of the University of Washington who are so employed on a one hundred percent of work time basis. Such license shall permit the holder thereof to practice dentistry within the confines of the university facilities for a period of one year while he or she is so employed as a full-time faculty member by the school of dentistry of the University of Washington. It shall terminate whenever the holder ceases to be such a full-time faculty member. Such license shall permit the holder thereof to practice dentistry only in connection with his or her duties in employment with the school of dentistry of the University of Washington. This limitation shall be stated on the license.

(2) The commission may, upon written request of the dean of the school of dentistry of the University of Washington or the director of a dental residency program under RCW 18.32.040, issue a limited license to practice dentistry in this state to university residents in postgraduate dental education or postdoctorate residents in a dental residency program under RCW 18.32.040. The license shall permit the resident dentist to provide dental care only in connection with his or her duties as a university resident or a postdoctorate resident in a program under RCW 18.32.040.

(3) The commission may condition the granting of a license under this section with terms the commission deems appropriate. All persons licensed under this section shall be subject to the jurisdiction of the commission to the same extent as other members of the dental profession, in accordance with this chapter, and in addition the licensee may be disciplined by the commission after a hearing has been held in accordance with the provisions set forth in this chapter, and determination by the commission that such licensee has violated any of the restrictions set forth in this section.

(4) Persons applying for licensure pursuant to this section shall pay the application fee determined by the secretary and, in the event the license applied for is issued, a license fee at the rate provided for licenses generally. After review by the commission, licenses issued under this section may be renewed annually if the licensee continues to be employed as a full-time faculty member of the school of dentistry of the University of Washington, or a university resident in postgraduate dental education, or a postdoctorate resident in a dental residency program under RCW 18.32.040, and otherwise meets the requirements of the provisions and conditions deemed appropriate by the commission. Any person who obtains a license pursuant to this section may, without an additional application fee, apply for licensure under this chapter, in which case the applicant shall be subject to examination and the other requirements of this chapter.

Sec. 2. RCW 18.32.040 and 1994 sp.s. c 9 s 211 are each amended to read as follows:

The commission shall require that every applicant for a license to practice dentistry shall:

(1) Present satisfactory evidence of graduation from a dental college, school, or dental department of an institution approved by the commission;

(2) Submit, for the files of the commission, a recent picture duly identified and attested; and

(3)(a) Pass an examination prepared or approved by and administered under the direction of the commission. The dentistry licensing examination shall consist of practical and written tests upon such subjects and of such scope as the commission determines. ~~((The commission may accept, in lieu of all or part of a written examination, a certificate granted by a national or regional testing organization approved by the commission.))~~ The commission shall set the standards for passing the examination. The secretary shall keep on file the examination papers and records of examination for at least one year. This file shall be open for inspection by the applicant or the applicant's agent unless the disclosure will compromise the examination process as determined by the commission or is exempted from disclosure under RCW 42.17.250 through 42.17.340.

(b) The commission may accept, in lieu of all or part of the written examination required in (a) of this subsection, a certificate granted by a national or regional testing organization approved by the commission.

(c) The commission shall accept, in lieu of the practical examination required in (a) of this subsection, proof that an applicant has satisfactorily completed a postdoctoral dental residency program accredited by the commission on dental accreditation of the American dental association and approved by the commission, of one to three year's duration, in a community health clinic that serves predominantly low-income patients or is located in a dental care health professional shortage area in this state, and that includes an outcome assessment evaluation, other than the western regional examining board's clinical examination, assessing the resident's competence to practice dentistry. The commission shall develop criteria, consistent with the standards of the commission on dental accreditation of the American dental association, for community clinics to use when sponsoring students in a residency program under this subsection, including guidelines for the proper supervision of the resident and measuring the resident's competence to practice dentistry.

NEW SECTION. Sec. 3. If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2005, in the omnibus appropriations act, this act is null and void.

SUBSTITUTE HOUSE BILL NO. 1689, as amended by the Senate, having received the constitutional majority, was declared passed.

MESSAGE FROM THE SENATE

April 11, 2005

Mr. Speaker:

The Senate has passed HOUSE BILL NO. 1690, with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 48.14.0201 and 2004 c 260 s 24 are each amended to read as follows:

(1) As used in this section, "taxpayer" means a health maintenance organization as defined in RCW 48.46.020, a health care service contractor as defined in RCW 48.44.010, or a self-funded multiple employer welfare arrangement as defined in RCW 48.125.010.

(2) Each taxpayer shall pay a tax on or before the first day of March of each year to the state treasurer through the insurance commissioner's office. The tax shall be equal to the total amount of all premiums and prepayments for health care services received by the taxpayer during the preceding calendar year multiplied by the rate of two percent.

(3) Taxpayers shall prepay their tax obligations under this section. The minimum amount of the prepayments shall be percentages of the taxpayer's tax obligation for the preceding calendar year recomputed using the rate in effect for the current

year. For the prepayment of taxes due during the first calendar year, the minimum amount of the prepayments shall be percentages of the taxpayer's tax obligation that would have been due had the tax been in effect during the previous calendar year. The tax prepayments shall be paid to the state treasurer through the commissioner's office by the due dates and in the following amounts:

- (a) On or before June 15, forty-five percent;
- (b) On or before September 15, twenty-five percent;
- (c) On or before December 15, twenty-five percent.

(4) For good cause demonstrated in writing, the commissioner may approve an amount smaller than the preceding calendar year's tax obligation as recomputed for calculating the health maintenance organization's, health care service contractor's, self-funded multiple employer welfare arrangement's, or certified health plan's prepayment obligations for the current tax year.

(5) Moneys collected under this section shall be deposited in the general fund through March 31, 1996, and in the health services account under RCW 43.72.900 after March 31, 1996.

(6) The taxes imposed in this section do not apply to:

(a) Amounts received by any taxpayer from the United States or any instrumentality thereof as prepayments for health care services provided under Title XVIII (medicare) of the federal social security act.

(b) Amounts received by any taxpayer from the state of Washington as prepayments for health care services provided under:

(i) The medical care services program as provided in RCW 74.09.035;

(ii) The Washington basic health plan on behalf of subsidized enrollees as provided in chapter 70.47 RCW; or

(iii) The medicaid program on behalf of elderly or disabled clients as provided in chapter 74.09 RCW when these prepayments are received prior to July 1, 2009, and are associated with a managed care contract program that has been implemented on a voluntary demonstration or pilot project basis.

(c) Amounts received by any health care service contractor, as defined in RCW 48.44.010, as prepayments for health care services included within the definition of practice of dentistry under RCW 18.32.020.

~~((c))~~ (d) Participant contributions to self-funded multiple employer welfare arrangements that are not taxable in this state.

(7) Beginning January 1, 2000, the state does hereby preempt the field of imposing excise or privilege taxes upon taxpayers and no county, city, town, or other municipal subdivision shall have the right to impose any such taxes upon such taxpayers. This subsection shall be limited to premiums and payments for health benefit plans offered by health care service contractors under chapter 48.44 RCW, health maintenance organizations under chapter 48.46 RCW, and self-funded multiple employer welfare arrangements as defined in RCW 48.125.010. The preemption authorized by this subsection shall not impair the ability of a county, city, town, or other municipal subdivision to impose excise or privilege taxes upon the health care services directly delivered by the employees of a health maintenance organization under chapter 48.46 RCW.

(8) The taxes imposed by this section apply to a self-funded multiple employer welfare arrangement only in the event that they are not preempted by the employee retirement income security act of 1974, as amended, 29 U.S.C. Sec. 1001 et seq. The arrangements and the commissioner shall initially request an advisory opinion from the United States department of labor or obtain a declaratory ruling from a federal court on the legality of imposing state premium taxes on these arrangements. If there has not been a final determination by the United States department of labor or a federal court that the taxes are not preempted by federal law, the taxes provided for in this section become effective on March 1, 2005, or thirty days following the issuance of a certificate of authority, whichever is later. During the time period between March 1, 2005, or thirty days following the issuance of a certificate of authority, whichever is later, and the final determination by the United States department of labor or a federal court, any taxes shall be deposited in an interest bearing escrow account maintained by the ~~((self-funded))~~ self-funded multiple employer welfare arrangement. Upon a final determination that the taxes are not preempted by the employee retirement income security act of 1974, as amended, 29 U.S.C. Sec. 1001 et seq., all funds in the interest bearing escrow account shall be transferred to the state treasurer.

Sec. 2. RCW 48.41.090 and 2000 c 79 s 11 are each amended to read as follows:

(1) Following the close of each accounting year, the pool administrator shall determine the net premium (premiums less administrative expense allowances), the pool expenses of administration, and incurred losses for the year, taking into account investment income and other appropriate gains and losses.

(2)(a) Each member's proportion of participation in the pool shall be determined annually by the board based on annual statements and other reports deemed necessary by the board and filed by the member with the commissioner; and shall be determined by multiplying the total cost of pool operation by a fraction. The numerator of the fraction equals that member's total

number of resident insured persons, including spouse and dependents, covered under all health plans in the state by that member during the preceding calendar year. The denominator of the fraction equals the total number of resident insured persons, including spouses and dependents, covered under all health plans in the state by all pool members during the preceding calendar year.

(b) For purposes of calculating the numerator and the denominator under (a) of this subsection:

(i) All health plans in the state by the state health care authority include only the uniform medical plan; ~~((and))~~

(ii) Each ten resident insured persons, including spouse and dependents, under a stop loss plan or the uniform medical plan shall count as one resident insured person;

(iii) Health plans serving medical care services program clients under RCW 74.09.035 are exempted from the calculation; and

(iv) Health plans established to serve elderly or disabled medicaid clients under chapter 74.09 RCW when the plan has been implemented on a demonstration or pilot project basis are exempted from the calculation until July 1, 2009.

(c) Except as provided in RCW 48.41.037, any deficit incurred by the pool shall be recouped by assessments among members apportioned under this subsection pursuant to the formula set forth by the board among members.

(3) The board may abate or defer, in whole or in part, the assessment of a member if, in the opinion of the board, payment of the assessment would endanger the ability of the member to fulfill its contractual obligations. If an assessment against a member is abated or deferred in whole or in part, the amount by which such assessment is abated or deferred may be assessed against the other members in a manner consistent with the basis for assessments set forth in subsection (2) of this section. The member receiving such abatement or deferment shall remain liable to the pool for the deficiency.

(4) If assessments exceed actual losses and administrative expenses of the pool, the excess shall be held at interest and used by the board to offset future losses or to reduce pool premiums. As used in this subsection, "future losses" includes reserves for incurred but not reported claims."

On page 1, line 2 of the title, after "services;" strike the remainder of the title and insert "and amending RCW 48.14.0201 and 48.41.090."

and the same is herewith transmitted.

HOUSE BILL NO. 1690, as amended by the Senate, having received the constitutional majority, was declared passed.

MESSAGE FROM THE SENATE

April 11, 2005

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1696, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 77.15 RCW to read as follows:

The fish and wildlife enforcement reward account is created in the custody of the state treasurer. All receipts from criminal wildlife penalty assessments under RCW 77.15.420 must be deposited into the account. The department may accept money or personal property from persons under conditions requiring the property or money to be used consistent with the intent of expenditures from the fish and wildlife enforcement reward account. Expenditures from the account may be used only for investigation and prosecution of fish and wildlife offenses, to provide rewards to persons informing the department about violations of this title and rules adopted under this title, and for other valid enforcement uses as determined by the commission. Only the director or the director's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.

Sec. 2. RCW 77.15.070 and 2000 c 107 s 231 are each amended to read as follows:

(1) Fish and wildlife officers and ex officio fish and wildlife officers may seize without warrant boats, airplanes, vehicles, motorized implements, conveyances, gear, appliances, or other articles they have probable cause to believe have been held with intent to violate or used in violation of this title or rule of the commission or director. However, fish and wildlife officers or ex officio fish and wildlife officers may not seize any item or article, other than for evidence, if under the circumstances, it is reasonable to conclude that the violation was inadvertent. The property seized is subject to forfeiture to the state under this section regardless of ownership. Property seized may be recovered by its owner by depositing with the department or into court a cash bond or equivalent security equal to the value of the seized property but not more than ~~((twenty-five))~~ one hundred thousand dollars. Such cash bond or security is subject to forfeiture in lieu of the property. Forfeiture of property seized under this section is a civil forfeiture against property and is intended to be a remedial civil sanction.

(2) In the event of a seizure of property under this section, jurisdiction to begin the forfeiture proceedings shall commence upon seizure. Within fifteen days following the seizure, the seizing authority shall serve a written notice of intent to forfeit property on the owner of the property seized and on any person having any known right or interest in the property seized. Notice may be served by any method authorized by law or court rule, including service by certified mail with return receipt requested. Service by mail is deemed complete upon mailing within the fifteen-day period following the seizure.

(3) Persons claiming a right of ownership or right to possession of property are entitled to a hearing to contest forfeiture. Such a claim shall specify the claim of ownership or possession and shall be made in writing and served on the director within forty-five days of the seizure. If the seizing authority has complied with notice requirements and there is no claim made within forty-five days, then the property shall be forfeited to the state.

(4) If any person timely serves the director with a claim to property, the person shall be afforded an opportunity to be heard as to the person's claim or right. The hearing shall be before the director or director's designee, or before an administrative law judge appointed under chapter 34.12 RCW, except that a person asserting a claim or right may remove the matter to a court of competent jurisdiction if the aggregate value of the property seized is more than five thousand dollars. The department may settle a person's claim of ownership prior to the administrative hearing.

(5) The hearing to contest forfeiture and any subsequent appeal shall be as provided for in chapter 34.05 RCW, the administrative procedure act. The seizing authority has the burden to demonstrate that it had reason to believe the property was held with intent to violate or was used in violation of this title or rule of the commission or director. The person contesting forfeiture has the burden of production and proof by a preponderance of evidence that the person owns or has a right to possess the property and:

(a) That the property was not held with intent to violate or used in violation of this title; or
(b) If the property is a boat, airplane, or vehicle, that the illegal use or planned illegal use of the boat, airplane, or vehicle occurred without the owner's knowledge or consent, and that the owner acted reasonably to prevent illegal uses of such boat, airplane, or vehicle.

(6) A forfeiture of a conveyance encumbered by a perfected security interest is subject to the interest of the secured party if the secured party neither had knowledge of nor consented to the act or omission. No security interest in seized property may be perfected after seizure.

(7) If seized property is forfeited under this section the department may retain it for official use unless the property is required to be destroyed, or upon application by any law enforcement agency of the state, release such property to the agency for the use of enforcing this title, or sell such property, and deposit the proceeds to the ~~((wildlife fund, as provided for in RCW 77.12.170))~~ fish and wildlife enforcement reward account created in section 1 of this act.

Sec. 3. RCW 77.15.370 and 2001 c 253 s 38 are each amended to read as follows:

(1) A person is guilty of unlawful recreational fishing in the first degree if:

(a) The person takes, possesses, or retains two times or more than the bag limit or possession limit of fish or shellfish allowed by any rule of the director or commission setting the amount of food fish, game fish, or shellfish that can be taken, possessed, or retained for noncommercial use;

(b) The person fishes in a fishway; ~~((or))~~

(c) The person shoots, gaffs, snags, snares, spears, dipnets, or stuns fish or shellfish in state waters, or possesses fish or shellfish taken by such means, unless such means are authorized by express rule of the commission or director; or

(d) The person fishes for or possesses a fish listed as threatened or endangered in 50 C.F.R. Sec. 17.11 (2002), unless fishing for or possession of such fish is specifically allowed under federal or state law.

(2) Unlawful recreational fishing in the first degree is a gross misdemeanor.

Sec. 4. RCW 77.15.410 and 1999 c 258 s 3 are each amended to read as follows:

(a) Hunts for, takes, or possesses big game and the person does not have and possess all licenses, tags, or permits required under this title;

(b) Violates any rule of the commission or director regarding seasons, bag or possession limits, closed areas including game reserves, closed times, or any other rule governing the hunting, taking, or possession of big game; or

(c) Possesses big game taken during a closed season for that big game or taken from a closed area for that big game.

(c) Possesses big game taken during a closed season for that big game or taken from a closed area for that big game.

(3)(a) Unlawful hunting of big game in the second degree is a gross misdemeanor. Upon conviction of an offense involving killing or possession of big game taken during a period of time when hunting for the particular species is not permitted, or in excess of the bag or possession limit, the department shall revoke all hunting licenses and tags and order a suspension of hunting privileges for two years.

(b) Unlawful hunting of big game in the first degree is a class C felony. Upon conviction, the department shall revoke all hunting licenses or tags ~~((involved in the crime))~~ and the department shall order the person's hunting privileges suspended for ~~((two))~~ ten years.

Sec. 5. RCW 77.15.420 and 1998 c 190 s 62 are each amended to read as follows:

(1) If a person is convicted of violating RCW 77.15.410 and that violation results in the death of wildlife listed in this section, the court shall require payment of the following amounts for each animal killed or possessed. This shall be a criminal wildlife penalty assessment that shall be paid to the clerk of the court and distributed each month to the state treasurer for deposit in the ~~((public safety and education))~~ fish and wildlife enforcement reward account created in section 1 of this act.

(a)	Moose, mountain sheep, mountain goat, and all wildlife species classified as endangered by rule of the commission, except for mountain caribou and grizzly bear as listed under (d) of this subsection	\$4,000

For purposes of this subsection, "eyeguard" means an antler protrusion on the main beam of the antler closest to the eye of the animal.

(4) If two or more persons are convicted of illegally possessing wildlife in subsection (1) of this section, the criminal wildlife penalty assessment shall be imposed on them jointly and separately.

(5) The criminal wildlife penalty assessment shall be imposed regardless of and in addition to any sentence, fines, or costs otherwise provided for violating any provision of this title. The criminal wildlife penalty assessment shall be included by the court in any pronouncement of sentence and may not be suspended, waived, modified, or deferred in any respect. This section may not be construed to abridge or alter alternative rights of action or remedies in equity or under common law or statutory law, criminal or civil.

(6) A defaulted criminal wildlife penalty assessment may be collected by any means authorized by law for the enforcement of orders of the court or collection of a fine or costs, including but not limited to vacation of a deferral of sentencing or vacation of a suspension of sentence.

MESSAGE FROM THE SENATE

April 11, 2005

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1711, with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 46.61.581 and 1998 c 294 s 2 are each amended to read as follows:

A parking space or stall for a ~~((disabled))~~ person with a disability shall be indicated by a vertical sign~~((, between thirty-six and eighty-four inches off the ground,))~~ with the international symbol of access, whose colors are white on a blue background, described under RCW 70.92.120 ~~((and the notice "State disabled parking permit required."))~~. The sign may include additional language such as, but not limited to, an indication of the amount of the monetary penalty defined in RCW 46.16.381 for parking in the space without a valid permit.

Failure of the person owning or controlling the property where required parking spaces are located to erect and maintain the sign is a class 2 civil infraction under chapter 7.80 RCW for each parking space that should be so designated. The person owning or controlling the property where the required parking spaces are located shall ensure that the parking spaces are not blocked or made inaccessible, and failure to do so is a class 2 civil infraction.

Sec. 2. RCW 46.16.381 and 2004 c 222 s 2 are each amended to read as follows:

(1) The director shall grant special parking privileges to any person who has a disability that limits or impairs the ability to walk and meets one of the following criteria, as determined by a licensed physician or an advanced registered nurse practitioner licensed under chapter 18.79 RCW:

- (a) Cannot walk two hundred feet without stopping to rest;
- (b) Is severely limited in ability to walk due to arthritic, neurological, or orthopedic condition;
- (c) Is so severely disabled, that the person cannot walk without the use of or assistance from a brace, cane, another person, prosthetic device, wheelchair, or other assistive device;
- (d) Uses portable oxygen;
- (e) Is restricted by lung disease to such an extent that forced expiratory respiratory volume, when measured by spirometry is less than one liter per second or the arterial oxygen tension is less than sixty mm/hg on room air at rest;
- (f) Impairment by cardiovascular disease or cardiac condition to the extent that the person's functional limitations are classified as class III or IV under standards accepted by the American Heart Association; or

(g) Has a disability resulting from an acute sensitivity to automobile emissions which limits or impairs the ability to walk. The personal physician or advanced registered nurse practitioner of the applicant shall document that the disability is comparable in severity to the others listed in this subsection.

(2) The applications for ~~((disabled))~~ parking permits for persons with disabilities and ~~((temporary disabled))~~ parking permits for persons with temporary disabilities are official state documents. Knowingly providing false information in conjunction with the application is a gross misdemeanor punishable under chapter 9A.20 RCW. The following statement must appear on each application form immediately below the physician's or advanced registered nurse practitioner's signature and immediately below the applicant's signature: "A ~~((disabled))~~ parking permit for a person with disabilities may be issued only for a medical necessity that severely affects mobility (RCW 46.16.381). Knowingly providing false information on this application is a gross misdemeanor. The penalty is up to one year in jail and a fine of up to \$5,000 or both."

(3) Persons who qualify for special parking privileges are entitled to receive from the department of licensing a removable windshield placard bearing the international symbol of access and an individual serial number, along with a special identification card bearing the name and date of birth of the person to whom the placard is issued, and the placard's serial number. The special identification card shall be issued no later than January 1, 2000, to all persons who are issued parking placards, including those issued for temporary disabilities, and special ~~((disabled))~~ parking license plates for persons with disabilities. The department shall design the placard to be displayed when the vehicle is parked by suspending it from the rearview mirror, or in the absence of a rearview mirror the card may be displayed on the dashboard of any vehicle used to transport the ~~((disabled))~~ person with disabilities. Instead of regular motor vehicle license plates, ~~((disabled))~~ persons with disabilities are entitled to receive special license plates under this section or RCW 46.16.385 bearing the international symbol of access for one vehicle registered in the ~~((disabled person's))~~ name of the person with disabilities. ~~((Disabled))~~ Persons with disabilities who are not issued the special license plates are entitled to receive a second special placard upon submitting a written request to the department. Persons who have been issued the parking privileges and who are using a vehicle or are riding in a vehicle displaying the placard or special license plates issued under this section or RCW 46.16.385 may park in places reserved for ~~((mobility disabled))~~ persons with physical disabilities. The director shall adopt rules providing for the issuance of special placards and license plates to public transportation authorities, nursing homes licensed under chapter 18.51 RCW, boarding homes licensed under chapter 18.20 RCW, senior citizen centers, private nonprofit agencies as defined in chapter 24.03 RCW, and vehicles registered with the department as cabulances that regularly transport ~~((disabled))~~ persons with disabilities who have been determined eligible for special parking privileges provided under this section. The director may issue special license plates for a vehicle registered in the name of the public transportation authority, nursing home, boarding home~~((s))~~, senior citizen center, private nonprofit agency, or cabulance service if the vehicle is primarily used to transport persons with disabilities described in this section. Public transportation authorities, nursing homes, boarding homes, senior citizen centers, private nonprofit agencies, and cabulance services are responsible for insuring that the special placards and license plates are not used improperly and are responsible for all fines and penalties for improper use.

(4) Whenever the ~~((disabled))~~ person with disabilities transfers or assigns his or her interest in the vehicle, the special license plates shall be removed from the motor vehicle. If another vehicle is acquired by the ~~((disabled))~~ person with disabilities and the vehicle owner qualifies for a special plate, the plate shall be attached to the vehicle, and the director shall be immediately notified of the transfer of the plate. If another vehicle is not acquired by the ~~((disabled))~~ person with disabilities, the removed plate shall be immediately surrendered to the director.

(5) The special license plate shall be renewed in the same manner and at the time required for the renewal of regular motor vehicle license plates under this chapter. No special license plate may be issued to a person who is temporarily disabled. A person who has a condition expected to improve within six months may be issued a temporary placard for a period not to exceed six months. If the condition exists after six months a new temporary placard shall be issued upon receipt of a new certification from the ~~((disabled))~~ person's physician. The permanent parking placard and identification card of a ~~((disabled))~~ person with disabilities shall be renewed at least every five years, as required by the director, by satisfactory proof of the right to continued use of the privileges. In the event of the permit holder's death, the parking placard and identification card must be immediately surrendered to the department. The department shall match and purge its ~~((disabled permit))~~ data base of parking permits issued to persons with disabilities with available death record information at least every twelve months.

(6) Each person with disabilities who has been issued a permanent ~~((disabled))~~ parking permit on or before July 1, 1998, must renew the permit no later than July 1, 2003, subject to a schedule to be set by the department, or the permit will expire.

(7) Additional fees shall not be charged for the issuance of the special placards or the identification cards. No additional fee may be charged for the issuance of the special license plates except the regular motor vehicle registration fee and any other fees and taxes required to be paid upon registration of a motor vehicle.

(8) Any unauthorized use of the special placard, special license plate issued under this section or RCW 46.16.385, or identification card is a traffic infraction with a monetary penalty of two hundred fifty dollars.

(9) It is a parking infraction, with a monetary penalty of two hundred fifty dollars for a person to make inaccessible the access aisle located next to a space reserved for ~~((physically disabled))~~ persons with physical disabilities. The clerk of the court shall report all violations related to this subsection to the department.

(10) It is a parking infraction, with a monetary penalty of two hundred fifty dollars for any person to park a vehicle in a parking place provided on private property without charge or on public property reserved for ~~((physically disabled))~~ persons with physical disabilities without a placard or special license plate issued under this section or RCW 46.16.385. If a person is charged with a violation, the person shall not be determined to have committed an infraction if the person produces in court or before the court appearance the placard or special license plate issued under this section or RCW 46.16.385 required under this section. A local jurisdiction providing nonmetered, on-street parking places reserved for ~~((physically disabled))~~ persons with physical disabilities may impose by ordinance time restrictions of no less than four hours on the use of these parking places. A local jurisdiction may impose by ordinance time restrictions of no less than four hours on the use of nonreserved, on-street parking spaces by vehicles displaying the special parking placards or special license plates issued under this section or RCW 46.16.385. All time restrictions must be clearly posted.

(11) The penalties imposed under subsections (9) and (10) of this section shall be used by that local jurisdiction exclusively for law enforcement. The court may also impose an additional penalty sufficient to reimburse the local jurisdiction for any costs it may have incurred in removal and storage of the improperly parked vehicle.

(12) Except as provided by subsection (2) of this section, it is a traffic infraction with a monetary penalty of two hundred fifty dollars for any person willfully to obtain a special license plate issued under this section or RCW 46.16.385, placard, or identification card in a manner other than that established under this section.

(13)(a) A law enforcement agency authorized to enforce parking laws may appoint volunteers, with a limited commission, to issue notices of infractions for violations of this section or RCW 46.61.581. Volunteers must be at least twenty-one years of age. The law enforcement agency appointing volunteers may establish any other qualifications the agency deems desirable.

(b) An agency appointing volunteers under this section must provide training to the volunteers before authorizing them to issue notices of infractions.

(c) A notice of infraction issued by a volunteer appointed under this subsection has the same force and effect as a notice of infraction issued by a police officer for the same offense.

(d) A police officer or a volunteer may request a person to show the person's identification card or special parking placard when investigating the possibility of a violation of this section. If the request is refused, the person in charge of the vehicle may be issued a notice of infraction for a violation of this section.

(14) For second or subsequent violations of this section, in addition to a monetary fine, the violator must complete a minimum of forty hours of:

(a) Community restitution for a nonprofit organization that serves ~~((the disabled community or))~~ persons having disabilities or disabling diseases; or

(b) Any other community restitution that may sensitize the violator to the needs and obstacles faced by persons who have disabilities.

(15) The court may not suspend more than one-half of any fine imposed under subsection (8), (9), (10), or (12) of this section.

Sec. 3. RCW 46.16.385 and 2004 c 222 s 1 are each amended to read as follows:

(1) The department shall design and issue ~~((disabled parking emblem))~~ versions of special license plates including the international symbol of access described in RCW 70.92.120 for plates issued under (a) RCW 46.16.301; (b) RCW 46.16.305, except those plates issued under RCW 46.16.305 (1) and (2); (c) RCW 46.16.324; (d) RCW 46.16.745; (e) RCW 73.04.110; (f) RCW 73.04.115; or (g) RCW 46.16.301(1) (a), (b), or (c), as it existed before amendment by section 5, chapter 291, Laws of 1997. The ~~((disabled parking emblem))~~ version of the special plate ~~((must display))~~ including the ~~((universal))~~ international symbol of access ~~((that))~~ may be used in lieu of the parking placard issued to persons who qualify for special parking privileges under RCW 46.16.381. The department may not charge an additional fee for the issuance of the special ~~((disabled parking emblem))~~ license plate including the international symbol of access, except the regular motor vehicle registration fee, the fee associated with the particular special plate, and any other fees and taxes required to be paid upon registration of a motor vehicle. The ~~((emblem))~~ international symbol of access must be incorporated into the design of the special license plate in a manner to be determined by the department, and under existing vehicular licensing procedures and existing laws.

(2) Persons who qualify for special parking privileges under RCW 46.16.381, and who have applied and paid the appropriate fee for any of the special license plates listed in subsection (1) of this section, are entitled to receive from the department a special ~~((disabled parking emblem))~~ license plate including the international symbol of access. The special ~~((disabled parking emblem))~~ license plate including the international symbol of access may be used for one vehicle registered in the ~~((disabled person's))~~ name of the person with the disability. Persons who have been issued the parking privileges or who are using a vehicle displaying the special ~~((disabled parking emblem))~~ license plate including the international symbol of access may park in places reserved for ~~((mobility disabled))~~ persons with physical disabilities.

(3) ~~((The))~~ Special ~~((disabled parking emblem))~~ license plates including the international symbol of access must be administered in the same manner as ~~((the))~~ plates issued under RCW 46.16.381.

SUBSTITUTE HOUSE BILL NO. 1711, as amended by the Senate, having received the constitutional majority, was declared passed.

MESSAGE FROM THE SENATE

April 7, 2005

Mr. Speaker:

The Senate has passed ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1794, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) Since their creation in 1989, the research university branch campuses have significantly expanded access to baccalaureate and graduate education for placebound students in Washington's urban and metropolitan cities. Furthermore, the campuses have contributed to community revitalization and economic development in their regions. The campuses have met their overall mission through the development of new degree programs and through collaboration with community and technical colleges. These findings were confirmed by a comprehensive review of the campuses by the Washington state institute for public policy in 2002 and 2003, and reaffirmed through legislation enacted in 2004 that directed four of the campuses to make recommendations for their future evolution.

(2) The self-studies conducted by the University of Washington Bothell, University of Washington Tacoma, Washington State University Tri-Cities, and Washington State University Vancouver reflect thoughtful and strategic planning and involved the input of numerous students, faculty, community and business leaders, community colleges, advisory committees, and board members. The higher education coordinating board's careful review provides a statewide context for the legislature to implement the next stage of the campuses.

(3) Concurrently, the higher education coordinating board has developed a strategic master plan for higher education that sets a goal of increasing the number of students who earn college degrees at all levels: Associate, baccalaureate, and graduate. The strategic master plan also sets a goal to increase the higher education system's responsiveness to the state's economic needs.

(4) The legislature finds that to meet both of the master plan's goals and to provide adequate educational opportunities for Washington's citizens, additional access is needed to baccalaureate degree programs. Expansion of the four campuses is one strategy for achieving the desired outcomes of the master plan. Other strategies must also be implemented through service delivery models that reflect both regional demands and statewide priorities.

(5) Therefore, the legislature intends to increase baccalaureate access and encourage economic development through overall expansion of upper division capacity, continued development of two plus two programs in some areas of the state, authorization of four-year university programs in other areas of the state, and creation of new types of baccalaureate programs on a pilot basis. These steps will make significant progress toward achieving the master plan goals, but the legislature will also continue to monitor the development of the higher education system and evaluate what additional changes or expansion may be necessary.

Sec. 2. RCW 28B.45.014 and 2004 c 57 s 2 are each amended to read as follows:

(1) The primary mission of the higher education branch campuses created under this chapter remains to expand access to baccalaureate and master's level graduate education in underserved urban areas of the state in collaboration with community and technical colleges. The top priority for each of the campuses is to expand courses and degree programs for transfer and graduate students. New degree programs should be driven by the educational needs and demands of students and the community, as well as the economic development needs of local businesses and employers.

(2) Branch campuses shall collaborate with the community and technical colleges in their region to develop articulation agreements, dual admissions policies, and other partnerships to ensure that branch campuses serve as innovative models of a two plus two educational system. Other possibilities for collaboration include but are not limited to joint development of curricula and degree programs, colocation of instruction, and arrangements to share faculty.

(3) In communities where a private postsecondary institution is located, representatives of the private institution may be invited to participate in the conversation about meeting the baccalaureate and master's level graduate needs in underserved urban areas of the state.

(4) However, the legislature recognizes there are alternative models for achieving this primary mission. Some campuses may have additional missions in response to regional needs and demands. At selected branch campuses, an innovative combination of instruction and research targeted to support regional economic development may be appropriate to meet the region's needs for both access and economic viability. Other campuses should focus on becoming models of a two plus two educational system through continuous improvement of partnerships and agreements with community and technical colleges. Still other campuses may be best suited to transition to a four-year (~~comprehensive~~) university or be removed from designation as a branch campus entirely.

(5) ~~(It is the legislature's intent that each branch campus be funded commensurate with its unique mission, the degree programs offered, and the institutional combination of instruction and research, but at a level less than a research university)~~ The legislature recognizes that size, mix of degree programs, and proportion of lower versus upper-division and graduate enrollments are factors that affect costs at branch campuses. However over time, the legislature intends that branch campuses be funded more similarly to regional universities.

(6) In consultation with the higher education coordinating board, a branch campus may propose legislation to authorize practice-oriented or professional doctoral programs if: (a) Unique research facilities and equipment are located near the campus; or (b) the campus can clearly demonstrate student and employer demand in the region that is linked to regional economic development.

(7) It is not the legislature's intent to have each campus chart its own future path without legislative guidance. Instead, the legislature intends to consider carefully the mission and model of education that best suits each campus and best meets the needs of students, the community, and the region. The higher education coordinating board shall monitor and evaluate the addition of lower division students to the branch campuses and periodically report and make recommendations to the higher education committees of the legislature to ensure the campuses continue to follow the priorities established under this chapter.

Sec. 3. RCW 28B.45.020 and 1994 c 217 s 3 are each amended to read as follows:

(1) The University of Washington is responsible for ensuring the expansion of (~~upper-division~~) baccalaureate and graduate educational programs in the central Puget Sound area under rules or guidelines adopted by the higher education coordinating board and in accordance with proportionality agreements emphasizing access for transfer students developed with the state board for community and technical colleges. The University of Washington shall meet that responsibility through the operation of at least two branch campuses. One branch campus shall be located in the Tacoma area. Another branch campus shall be collocated with Cascadia Community College in the Bothell-Woodinville area.

(2) At the University of Washington Tacoma, a top priority is expansion of upper division capacity for transfer students and graduate capacity and programs. Beginning in the fall of 2006, the campus may offer lower division courses linked to specific majors in fields not addressed at local community colleges. The campus shall admit lower division students through coadmission or coenrollment agreements with a community college, or through direct transfer for students who have accumulated approximately one year of transferable college credits. In addition to offering lower division courses linked to specific majors as addressed above, the campus may also directly admit freshmen and sophomores gradually and deliberately in accordance with the campus plan submitted to the higher education coordinating board in 2004.

(3) At the University of Washington Bothell, a top priority is expansion of upper division capacity for transfer students and graduate capacity and programs. The campus shall also seek additional opportunities to collaborate with and maximize its collocation with Cascadia Community College. Beginning in the fall of 2006, the campus may offer lower division courses linked to specific majors in fields not addressed at local community colleges. The campus may admit lower division students through coadmission or coenrollment agreements with a community college, or through direct transfer for students who have accumulated approximately one year of transferable college credits. In addition to offering lower division courses linked to specific majors as addressed above, the campus may also directly admit freshmen and sophomores gradually and deliberately in accordance with the campus plan submitted to the higher education coordinating board in 2004.

Sec. 4. RCW 28B.45.030 and 1989 1st ex.s. c 7 s 4 are each amended to read as follows:

(1) Washington State University is responsible for providing (~~upper-division~~) baccalaureate and graduate level higher education programs to the citizens of the Tri-Cities area, under rules or guidelines adopted by the higher education coordinating board and in accordance with proportionality agreements emphasizing access for transfer students developed with the state board for community and technical colleges. Washington State University shall meet that responsibility through the operation of a branch campus in the Tri-Cities area. The branch campus shall replace and supersede the Tri-Cities university center. All land, facilities, equipment, and personnel of the Tri-Cities university center shall be transferred from the University of Washington to Washington State University.

(2) Washington State University Tri-Cities shall continue providing innovative coadmission and coenrollment options with Columbia Basin College, and expand its upper division capacity for transfer students and graduate capacity and programs. The campus shall also seek additional opportunities to collaborate with the Pacific Northwest national laboratory. Beginning in the fall of 2006, the campus may offer lower division courses linked to specific majors in fields not addressed at local community colleges. The campus may admit lower division students through coadmission or coenrollment agreements with a community college, or through direct transfer for students who have accumulated approximately one year of transferable college credits. In addition to offering lower division courses linked to specific majors as addressed above, the campus may also directly admit freshmen and sophomores for a bachelor's degree program in biotechnology subject to approval by the higher education coordinating board. The campus may not directly admit freshmen and sophomores for degree programs other than biotechnology, however this topic shall be the subject of further study and recommendations by the higher education coordinating board.

Sec. 5. RCW 28B.45.040 and 1989 1st ex.s. c 7 s 5 are each amended to read as follows:

(1) Washington State University is responsible for providing ((upper division)) baccalaureate and graduate level higher education programs to the citizens of the southwest Washington area, under rules or guidelines adopted by the higher education coordinating board and in accordance with proportionality agreements emphasizing access for transfer students developed with the state board for community and technical colleges. Washington State University shall meet that responsibility through the operation of a branch campus in the southwest Washington area.

(2) Washington State University Vancouver shall expand upper division capacity for transfer students and graduate capacity and programs and continue to collaborate with local community colleges on coadmission and coenrollment programs. In addition, beginning in the fall of 2006, the campus may admit lower division students directly. By simultaneously admitting freshmen and sophomores, increasing transfer enrollment, coadmitting transfer students, and expanding graduate and professional programs, the campus shall develop into a four-year institution serving the southwest Washington region.

NEW SECTION. Sec. 6. A new section is added to chapter 28B.50 RCW to read as follows:

(1) The college board shall select four community or technical colleges to develop and offer programs of study leading to an applied baccalaureate degree. At least one of the four pilot programs chosen must lead to a baccalaureate of applied science degree which builds on an associate of applied science degree. The college board shall convene a task force that includes representatives of both the community and technical colleges to develop objective selection criteria.

(2) Colleges may submit an application to become a pilot college under this section. The college board shall review the applications and select the pilot colleges using objective criteria, including:

(a) The college demonstrates the capacity to make a long-term commitment of resources to build and sustain a high quality program;

(b) The college has or can readily engage faculty appropriately qualified to develop and deliver a high quality curriculum at the baccalaureate level;

(c) The college can demonstrate demand for the proposed program from a sufficient number of students within its service area to make the program cost-effective and feasible to operate;

(d) The college can demonstrate that employers demand the level of technical training proposed within the program, making it cost-effective for students to seek the degree; and

(e) The proposed program fills a gap in options available for students because it is not offered by a public four-year institution of higher education in the college's geographic area.

(3) A college selected as a pilot college under this section may develop the curriculum for and design and deliver courses leading to an applied baccalaureate degree. However, degree programs developed under this section are subject to approval by the college board under RCW 28B.50.090 and by the higher education coordinating board under RCW 28B.76.230 before a pilot college may enroll students in upper-division courses. A pilot college may not enroll students in upper division courses before the fall academic quarter of 2006.

Sec. 7. RCW 28B.50.020 and 1991 c 238 s 21 are each amended to read as follows:

The purpose of this chapter is to provide for the dramatically increasing number of students requiring high standards of education either as a part of the continuing higher education program or for occupational education and training, or for adult basic skills and literacy education, by creating a new, independent system of community and technical colleges which will:

(1) Offer an open door to every citizen, regardless of his or her academic background or experience, at a cost normally within his or her economic means;

(2) Ensure that each college district shall offer thoroughly comprehensive educational, training and service programs to meet the needs of both the communities and students served by combining high standards of excellence in academic transfer courses; realistic and practical courses in occupational education, both graded and ungraded; community services of an educational, cultural, and recreational nature; and adult education, including basic skills and general, family, and work force literacy programs and services. However, college districts containing only technical colleges shall maintain programs solely for occupational education, basic skills, and literacy purposes, and, for as long as a need exists, may continue those programs, activities, and services offered by the technical colleges during the twelve-month period preceding September 1, 1991;

(3) Provide for basic skills and literacy education, and occupational education and technical training at technical colleges in order to prepare students for careers in a competitive work force;

(4) Provide or coordinate related and supplemental instruction for apprentices at community and technical colleges;

(5) Provide administration by state and local boards which will avoid unnecessary duplication of facilities or programs; and which will encourage efficiency in operation and creativity and imagination in education, training and service to meet the needs of the community and students;

(6) Allow for the growth, improvement, flexibility and modification of the community colleges and their education, training and service programs as future needs occur; and

(7) Establish firmly that, except on a pilot basis as provided under section 6 of this act, community colleges are, for purposes of academic training, two year institutions, and are an independent, unique, and vital section of our state's higher education system, separate from both the common school system and other institutions of higher learning, and never to be considered for conversion into four-year liberal arts colleges.

Sec. 8. RCW 28B.50.030 and 2003 2nd sp.s. c 4 s 33 are each amended to read as follows:

(15) "Dislocated salmon fishing worker" means a finfish products worker who: (a)(i) Has been terminated or received notice of termination from employment and is unlikely to return to employment in the individual's principal occupation or previous industry because of a diminishing demand for his or her skills in that occupation or industry; or (ii) is self-employed and has been displaced from his or her business because of the diminishing demand for the business's services or goods; and (b) at the time of last separation from employment, resided in or was employed in a rural natural resources impact area.

(b) A commercial salmon fishing employment location quotient at or above the state average;

(c) Projected or actual direct lumber and wood products job losses of one hundred positions or more;

(d) Projected or actual direct commercial salmon fishing job losses of one hundred positions or more; and

(e) An unemployment rate twenty percent or more above the state average. The counties that meet these criteria shall be determined by the employment security department for the most recent year for which data is available. For the purposes of administration of programs under this chapter, the United States post office five-digit zip code delivery areas will be used to determine residence status for eligibility purposes. For the purpose of this definition, a zip code delivery area of which any part is ten miles or more from an urbanized area is considered nonurbanized. A zip code totally surrounded by zip codes qualifying as nonurbanized under this definition is also considered nonurbanized. The office of financial management shall make available a zip code listing of the areas to all agencies and organizations providing services under this chapter.

(3) Shall employ for a period to be fixed by the board a college president for each community and technical college and, may appoint a president for the district, and fix their duties and compensation, which may include elements other than

salary. Compensation under this subsection shall not affect but may supplement retirement, health care, and other benefits that are otherwise applicable to the presidents as state employees. The board shall also employ for a period to be fixed by the board members of the faculty and such other administrative officers and other employees as may be necessary or appropriate and fix their salaries and duties. Compensation and salary increases under this subsection shall not exceed the amount or percentage established for those purposes in the state appropriations act by the legislature as allocated to the board of trustees by the state board for community and technical colleges. The state board for community and technical colleges shall adopt rules defining the permissible elements of compensation under this subsection;

However, the authority of boards of trustees to purchase or lease major off-campus facilities shall be subject to the approval of the higher education coordinating board pursuant to RCW 28B.76.230;

(5) May establish or lease, operate, equip and maintain dormitories, food service facilities, bookstores and other self-supporting facilities connected with the operation of the community and technical college;

(6) May, with the approval of the college board, borrow money and issue and sell revenue bonds or other evidences of indebtedness for the construction, reconstruction, erection, equipping with permanent fixtures, demolition and major alteration of buildings or other capital assets, and the acquisition of sites, rights-of-way, easements, improvements or appurtenances, for dormitories, food service facilities, and other self-supporting facilities connected with the operation of the community and technical college in accordance with the provisions of RCW 28B.10.300 through 28B.10.330 where applicable;

(b) Employ necessary employees to govern, manage and operate the same;

(8) May receive such gifts, grants, conveyances, devises and bequests of real or personal property from private sources, as may be made from time to time, in trust or otherwise, whenever the terms and conditions thereof will aid in carrying out the community and technical college programs as specified by law and the (~~(regulations)~~) rules of the state college board; sell, lease or exchange, invest or expend the same or the proceeds, rents, profits and income thereof according to the terms and conditions thereof; and adopt (~~(regulations)~~) rules to govern the receipt and expenditure of the proceeds, rents, profits and income thereof;

(12) May grant to every student, upon graduation or completion of a course of study, a suitable diploma, (~~(nonbaccalaureate)~~) degree, or certificate. Technical colleges shall offer only (~~(nonbaccalaureate)~~) technical degrees under the rules of the state board for community and technical colleges that are appropriate to their work force education and training mission. The primary purpose of (~~(this)~~) these degrees is to lead the individual directly to employment in a specific occupation. Technical colleges may not offer transfer degrees. Only pilot colleges under section 6 of this act may award baccalaureate degrees. The board, upon recommendation of the faculty, may also confer honorary associate of arts degrees upon persons other than graduates of the community college, in recognition of their learning or devotion to education, literature, art, or science. No degree may be conferred in consideration of the payment of money or the donation of any kind of property;

(13) Shall enforce the rules (~~(and regulations)~~) prescribed by the state board for community and technical colleges for the government of community and technical colleges, students and teachers, and (~~(promulgate)~~) adopt such rules (~~(and regulations)~~) and perform all other acts not inconsistent with law or rules (~~(and regulations)~~) of the state board for community and technical colleges as the board of trustees may in its discretion deem necessary or appropriate to the administration of college districts: PROVIDED, That such rules (~~(and regulations)~~) shall include, but not be limited to, rules (~~(and regulations)~~) relating to housing, scholarships, conduct at the various community and technical college facilities, and discipline: PROVIDED, FURTHER, That the board of trustees may suspend or expel from community and technical colleges students who refuse to obey any of the duly (~~(promulgated)~~) adopted rules (~~(and regulations)~~);

(14) May, by written order filed in its office, delegate to the president or district president any of the powers and duties vested in or imposed upon it by this chapter. Such delegated powers and duties may be exercised in the name of the district board;

(15) May perform such other activities consistent with this chapter and not in conflict with the directives of the college board;

(16) Notwithstanding any other provision of law, may offer educational services on a contractual basis other than the tuition and fee basis set forth in chapter 28B.15 RCW for a special fee to private or governmental entities, consistent with rules ~~((and regulations))~~ adopted by the state board for community and technical colleges: PROVIDED, That the whole of such special fee shall go to the college district and be not less than the full instructional costs of such services including any salary increases authorized by the legislature for community and technical college employees during the term of the agreement: PROVIDED FURTHER, That enrollments generated hereunder shall not be counted toward the official enrollment level of the college district for state funding purposes;

(17) Notwithstanding any other provision of law, may offer educational services on a contractual basis, charging tuition and fees as set forth in chapter 28B.15 RCW, counting such enrollments for state funding purposes, and may additionally charge a special supplemental fee when necessary to cover the full instructional costs of such services: PROVIDED, That such contracts shall be subject to review by the state board for community and technical colleges and to such rules as the state board may adopt for that purpose in order to assure that the sum of the supplemental fee and the normal state funding shall not exceed the projected total cost of offering the educational service: PROVIDED FURTHER, That enrollments generated by courses offered on the basis of contracts requiring payment of a share of the normal costs of the course will be discounted to the percentage provided by the college;

(18) Shall be authorized to pay dues to any association of trustees that may be formed by the various boards of trustees; such association may expend any or all of such funds to submit biennially, or more often if necessary, to the governor and to the legislature, the recommendations of the association regarding changes which would affect the efficiency of such association;

(19) May participate in higher education centers and consortia that involve any four-year public or independent college or university: PROVIDED, That new degree programs or off-campus programs offered by a four-year public or independent college or university in collaboration with a community or technical college are subject to approval by the higher education coordinating board under RCW 28B.76.230; and

(20) Shall perform any other duties and responsibilities imposed by law or rule ~~((and regulation))~~ of the state board.

Sec. 10. RCW 28B.15.069 and 2003 c 232 s 5 are each amended to read as follows:

(1) The building fee for each academic year shall be a percentage of total tuition fees. This percentage shall be calculated by the higher education coordinating board and be based on the actual percentage the building fee is of total tuition for each tuition category in the 1994-95 academic year, rounded up to the nearest half percent.

(2) The governing boards of each institution of higher education, except for the technical colleges, shall charge to and collect from each student a services and activities fee. A governing board may increase the existing fee annually, consistent with budgeting procedures set forth in RCW 28B.15.045, by a percentage not to exceed the annual percentage increase in student tuition fees for resident undergraduate students: PROVIDED, That such percentage increase shall not apply to that portion of the services and activities fee previously committed to the repayment of bonded debt. These rate adjustments may exceed the fiscal growth factor. For the 2003-04 academic year, the services and activities fee shall be based upon the resident undergraduate services and activities fee in 2002-03. The services and activities fee committee provided for in RCW 28B.15.045 may initiate a request to the governing board for a fee increase.

(3) Tuition and services and activities fees consistent with subsection (2) of this section shall be set by the state board for community and technical colleges for community college summer school students unless the community college charges fees in accordance with RCW 28B.15.515.

(4) Subject to the limitations of RCW 28B.15.910, each governing board of a community college may charge such fees for ungraded courses, noncredit courses, community services courses, and self-supporting courses as it, in its discretion, may determine, consistent with the rules of the state board for community and technical colleges.

(5) The governing board of a college offering an applied baccalaureate degree program under section 6 of this act may charge tuition fees for those courses above the associate degree level at rates consistent with rules adopted by the state board for community and technical colleges, not to exceed tuition fee rates at the regional universities.

Sec. 11. RCW 28B.76.230 and 2004 c 275 s 9 are each amended to read as follows:

(1) The board shall develop a comprehensive and ongoing assessment process to analyze the need for additional degrees and programs, additional off-campus centers and locations for degree programs, and consolidation or elimination of programs by the four-year institutions.

(2) As part of the needs assessment process, the board shall examine:

(a) Projections of student, employer, and community demand for education and degrees, including liberal arts degrees, on a regional and statewide basis;

(b) Current and projected degree programs and enrollment at public and private institutions of higher education, by location and mode of service delivery; and

(c) Data from the work force training and education coordinating board and the state board for community and technical colleges on the supply and demand for work force education and certificates and associate degrees.

(3) Every two years the board shall produce, jointly with the state board for community and technical colleges and the work force training and education coordinating board, an assessment of the number and type of higher education and training credentials required to match employer demand for a skilled and educated work force. The assessment shall include the number of forecasted net job openings at each level of higher education and training and the number of credentials needed to match the forecast of net job openings.

(4) The board shall determine whether certain major lines of study or types of degrees, including applied degrees or research-oriented degrees, shall be assigned uniquely to some institutions or institutional sectors in order to create centers of excellence that focus resources and expertise.

(5) The following activities are subject to approval by the board:

(a) New degree programs by a four-year institution;

(b) Creation of any off-campus program by a four-year institution;

(c) Purchase or lease of major off-campus facilities by a four-year institution or a community or technical college;

(d) Creation of higher education centers and consortia; ~~((and))~~

(e) New degree programs and creation of off-campus programs by an independent college or university in collaboration with a community or technical college; and

(f) Applied baccalaureate degree programs developed by colleges under section 6 of this act.

(6) Institutions seeking board approval under this section must demonstrate that the proposal is justified by the needs assessment developed under this section. Institutions must also demonstrate how the proposals align with or implement the statewide strategic master plan for higher education under RCW 28B.76.200.

(7) The board shall develop clear guidelines and objective decision-making criteria regarding approval of proposals under this section, which must include review and consultation with the institution and other interested agencies and individuals.

(8) The board shall periodically recommend consolidation or elimination of programs at the four-year institutions, based on the needs assessment analysis.

NEW SECTION. Sec. 12. A new section is added to chapter 28B.50 RCW to read as follows:

(1) One strategy to accomplish expansion of baccalaureate capacity in underserved regions of the state is to allocate state funds for student enrollment to a community and technical college and authorize the college to enter into agreements with a regional university or state college as defined in RCW 28B.10.016 or a branch campus under chapter 28B.45 RCW, to offer baccalaureate degree programs.

(2) Subject to legislative appropriation for the purpose described in this section, the college board shall select and allocate funds to three community or technical colleges for the purpose of entering into an agreement with one or more regional universities, branch campuses, or the state college to offer baccalaureate degree programs on the college campus.

(3) The college board shall select the community or technical college based on analysis of gaps in service delivery, capacity, and student and employer demand for programs. Before taking effect, the agreement under this section must be approved by the higher education coordinating board.

(4) Students enrolled in programs under this section are considered students of the regional university, branch campus, or state college for all purposes including tuition and reporting of state-funded enrollments.

NEW SECTION. Sec. 13. (1) The legislature finds that access to baccalaureate and graduate degree programs continues to be limited for residents of North Snohomish, Island, and Skagit counties. Studies conducted by the state board for community and technical colleges, the higher education coordinating board, and the council of presidents confirm that enrollment in higher education in this geographic region lags enrollment in other parts of the state, particularly for upper division courses leading to advanced degrees. The higher education consortium created to serve the region has not been able to successfully

address the region's access needs. The university center model of service delivery, centered on a community college campus with a single point of accountability, has proven more effective in developing degree programs and attracting students.

(2) Therefore the legislature intends to refocus the consortium by assigning management and leadership responsibility for consortium operations to Everett Community College. Everett Community College shall collaborate with community and business leaders, other local community colleges, the public four-year institutions of higher education, and the higher education coordinating board to develop an educational plan for the North Snohomish, Island, and Skagit county region based on the university center model. The plan should provide for projections of student enrollment demand, coordinated delivery of lower and upper division courses, expanded availability of baccalaureate degree programs and high demand degree and certificate programs in the region, and a timeline and cost estimates for moving the physical location of the consortium to the college campus. The college shall submit preliminary recommendations to the higher education and fiscal committees of the legislature by December 1, 2005.

NEW SECTION. Sec. 14. (1) The higher education coordinating board shall define potential outcomes resulting from this act and develop performance measures for those outcomes, including but not limited to increased numbers of baccalaureate degrees awarded; expansion of upper division and graduate capacity at the University of Washington Bothell and Tacoma and Washington State University Tri-Cities and Vancouver; enhanced regional access to baccalaureate programs; and creation and award of applied baccalaureate degrees. The board shall provide a progress report on the outcomes to the higher education committees of the senate and the house of representatives by December 1, 2008.

(2) This section expires July 1, 2009."

On page 1, line 2 of the title, after "programs;" strike the remainder of the title and insert "amending RCW 28B.45.014, 28B.45.020, 28B.45.030, 28B.45.040, 28B.50.020, 28B.50.030, 28B.50.140, 28B.15.069, and 28B.76.230; adding new sections to chapter 28B.50 RCW; creating new sections; and providing an expiration date."

MESSAGE FROM THE SENATE

April 11, 2005

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1798, with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 47.36.310 and 1999 c 201 s 3 are each amended to read as follows:

The department is authorized to erect and maintain motorist information sign panels within the right of way of the interstate highway system to give the traveling public specific information as to gas, food, lodging, camping, or tourist-oriented business available on a crossroad at or near an interchange. Motorist information sign panels shall include the words "GAS," "FOOD," "LODGING," "CAMPING," or "TOURIST ACTIVITIES" and the letters "RV" next to a gas, food, lodging, camping, or tourist activity sign if the business or destination accommodates recreational vehicles, and directional information ~~((and))~~. Directional information may contain one or more individual business signs maintained on the panel. The "RV" logo for businesses or destinations that accommodate recreational vehicles shall be placed in the lower right corner of the gas, food, lodging, camping, or tourist activity sign and shall be in the form of a small yellow circle with the letters "RV" in black. In managing the number of individual business signs to be displayed, the department must ensure the use of available space on a panel is maximized. Motorist information sign panels are authorized within the corporate limits of cities and towns and areas zoned for commercial or industrial uses at locations where there is adequate distance between interchanges to ensure compliance with the Manual on Uniform Traffic Control Devices. The erection and maintenance of motorist information sign panels shall also conform to the Manual on Uniform Traffic Control Devices and rules adopted by the state department of transportation. A motorist service or tourist-oriented business located within one mile of an interstate highway shall not be permitted to display its name, brand, or trademark on a motorist information sign panel unless its owner has first entered into an agreement with the department limiting the height of its on-premise signs at the site of its service installation to not more than fifteen feet higher than the roof of its main building measured to the bottom of the on-premise sign. The restriction for on-premise signs does not apply if the sign is not visible from the highway. The department may, on a case-by-case basis, waive the height restriction when an on-premise sign is visible from the rural interstate system. The department shall charge ~~((reasonable))~~ sufficient fees for the display of individual business signs to ~~((defray))~~ recover the costs of their installation and maintenance, and ~~((may))~~ shall charge ~~((reasonable))~~ sufficient fees to recover costs for the erection and maintenance of the motorist information sign panels.

Sec. 2. RCW 47.36.320 and 1999 c 213 s 1 and 1999 c 201 s 4 are each reenacted and amended to read as follows:

The department is authorized to erect and maintain motorist information sign panels within the right of way of noninterstate highways to give the traveling public specific information as to gas, food, lodging, recreation, or tourist-oriented businesses accessible by way of highways intersecting the noninterstate highway. The motorist information sign panels are permitted only at locations within the corporate limits of cities and towns and areas zoned for commercial or industrial uses where there is adequate distance between interchanges to ensure compliance with the Manual on Uniform Traffic Control Devices. Motorist information sign panels shall include the words "GAS," "FOOD," "LODGING," "RECREATION," or "TOURIST ACTIVITIES" and the letters "RV" next to a gas, food, lodging, camping, or tourist activity sign if the business or destination accommodates recreational vehicles, and directional information ~~((and))~~. Directional information may contain one or more individual business signs maintained on the panel. The "RV" logo for businesses or destinations that accommodate recreational vehicles shall be placed in the lower right corner of the gas, food, lodging, camping, or tourist activity sign and shall be in the form of a small yellow circle with the letters "RV" in black. In managing the number of individual business signs to be displayed, the department must ensure the use of available space on a panel is maximized. The erection and maintenance of motorist information sign panels along noninterstate highways shall also conform to the Manual on Uniform Traffic Control Devices and rules adopted by the state department of transportation. A motorist service or tourist-oriented business located within one mile of a noninterstate highway shall not be permitted to display its name, brand, or trademark on a motorist information sign panel unless its owner has first entered into an agreement with the department limiting the height of its on-

premise signs at the site of its service installation to not more than fifteen feet higher than the roof of its main building measured to the bottom of the on-premise sign.

The department shall adopt rules for the erection and maintenance of tourist-oriented directional signs with the following restrictions:

(1) Where installed, they shall be placed in advance of the "GAS," "FOOD," "LODGING," ~~("RECREATION,"~~ or "RV" motorist information sign panels previously described in this section;

(2) Signs shall not be placed to direct a motorist to an activity visible from the main traveled roadway;

(3) Premises on which the qualified tourist-oriented business is located must be within fifteen miles of the state highway except as provided in RCW 47.36.330(3) (b) and (c), and necessary supplemental signing on local roads must be provided before the installation of the signs on the state highway.

The department shall charge ~~(reasonable)~~ sufficient fees for the display of individual business signs to ~~(defray)~~ recover the costs of their installation and maintenance, and ~~(may)~~ shall charge ~~(reasonable)~~ sufficient fees to recover the costs for the erection and maintenance of the motorist information sign panels.

NEW SECTION. Sec. 3. A new section is added to chapter 47.36 RCW to read as follows:

(1) The department of transportation shall not include the logo "RV" under RCW 47.36.310 and 47.36.320 unless a business or destination requests an "RV" logo and the department determines that the gas, food, or lodging business or the camping or tourist activity destination provides parking spaces, overhang clearances, and entrances and exits designed to accommodate recreational or other large vehicles.

(2) The department may charge a reasonable fee in accordance with RCW 47.36.310 or 47.36.320 to defray the costs associated with the installation and maintenance of signs with "RV" logos.

(3) The department may adopt rules necessary to administer this section.

NEW SECTION. Sec. 4. The department of transportation shall submit an electronic report by December 15, 2005, to the house of representatives and senate transportation committees detailing revenues and expenditures of the motorist information sign program. The report shall also include a detailed explanation of the methodology and calculation of costs charged to businesses using the program.

NEW SECTION. Sec. 5. RCW 47.36.325 (Motorist information signs--Private contractors) and 2002 c 321 s 1 are each repealed."

MESSAGE FROM THE SENATE

April 7, 2005

Mr. Speaker:

The Senate has passed ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1888, with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 19.190.010 and 2003 c 137 s 2 are each amended to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Assist the transmission" means actions taken by a person to provide substantial assistance or support which enables any person to formulate, compose, send, originate, initiate, or transmit a commercial electronic mail message or a commercial electronic text message when the person providing the assistance knows or consciously avoids knowing that the initiator of the commercial electronic mail message or the commercial electronic text message is engaged, or intends to engage, in any practice that violates the consumer protection act. "Assist the transmission" does not include any of the following: (a) Activities of an electronic mail service provider or other entity who provides intermediary transmission service in sending or receiving electronic mail, or provides to users of electronic mail services the ability to send, receive, or compose electronic mail; or (b) activities of any entity related to the design, manufacture, or distribution of any technology, product, or component that has a commercially significant use other than to violate or circumvent this section.

(2) "Commercial electronic mail message" means an electronic mail message sent for the purpose of promoting real property, goods, or services for sale or lease. It does not mean an electronic mail message to which an interactive computer service provider has attached an advertisement in exchange for free use of an electronic mail account, when the sender has agreed to such an arrangement.

(3) "Commercial electronic text message" means an electronic text message sent to promote real property, goods, or services for sale or lease.

(4) "Electronic mail address" means a destination, commonly expressed as a string of characters, to which electronic mail may be sent or delivered.

(5) "Electronic mail message" means an electronic message sent to an electronic mail address and a reference to an internet domain, whether or not displayed, to which an electronic mail message can be sent or delivered.

(6) "Electronic text message" means a text message sent to a cellular telephone or pager equipped with short message service or any similar capability, whether the message is initiated as a short message service message or as an electronic mail message.

~~((6))~~ (7) "Initiate the transmission" refers to the action by the original sender of an electronic mail message or an electronic text message, not to the action by any intervening interactive computer service or wireless network that may handle or retransmit the message, unless such intervening interactive computer service assists in the transmission of an electronic mail message when it knows, or consciously avoids knowing, that the person initiating the transmission is engaged, or intends to engage, in any act or practice that violates the consumer protection act.

~~((7))~~ (8) "Interactive computer service" means any information service, system, or access software provider that provides or enables computer access by multiple users to a computer server, including specifically a service or system that provides access to the internet and such systems operated or services offered by libraries or educational institutions.

~~((8))~~ (9) "Internet" means collectively the myriad of computer and telecommunications facilities, including equipment and operating software, that comprise the interconnected world wide network of networks that employ the transmission control protocol/internet protocol, or any predecessor or successor protocols to such protocol, to communicate information of all kinds by wire or radio.

(10) "Internet domain name" refers to a globally unique, hierarchical reference to an internet host or service, assigned through centralized internet naming authorities, comprising a series of character strings separated by periods, with the right-most string specifying the top of the hierarchy.

~~((9))~~ (11) "Person" means ~~((a person, corporation, partnership, or association))~~ an individual, corporation, business trust, estate, trust, partnership, limited liability company, association, joint venture, government, governmental subdivision, agency or instrumentality, public corporation, or any other legal or commercial entity.

(12) "Personally identifying information" means an individual's: (a) Social security number; (b) driver's license number; (c) bank account number; (d) credit or debit card number; (e) personal identification number; (f) automated or electronic signature; (g) unique biometric data; (h) account passwords; or (i) any other piece of information that can be used to access an individual's financial accounts or to obtain goods or services.

(13) "Web page" means a location, with respect to the world wide web, that has a single uniform resource locator or other single location with respect to the internet.

NEW SECTION. Sec. 2. A new section is added to chapter 19.190 RCW to read as follows:

It is a violation of this chapter to solicit, request, or take any action to induce a person to provide personally identifying information by means of a web page, electronic mail message, or otherwise using the internet by representing oneself, either directly or by implication, to be another person, without the authority or approval of such other person.

NEW SECTION. Sec. 3. A new section is added to chapter 19.190 RCW to read as follows:

(1) A person who is injured under this chapter may bring a civil action in the superior court to enjoin further violations, and to seek up to five hundred dollars per violation, or actual damages, whichever is greater. A person who seeks damages under this subsection may only bring an action against a person or entity that directly violates section 2 of this act.

(2) A person engaged in the business of providing internet access service to the public, an owner of a web page, or trademark owner who is adversely affected by reason of a violation of section 2 of this act, may bring an action against a person who violates section 2 of this act to:

(a) Enjoin further violations of section 2 of this act; and

(b) Recover the greater of actual damages or five thousand dollars per violation of section 2 of this act.

(3) In an action under subsection (2) of this section, a court may increase the damages up to three times the damages allowed by subsection (2) of this section if the defendant has engaged in a pattern and practice of violating this section. The court may award costs and reasonable attorneys' fees to a prevailing party.

NEW SECTION. Sec. 4. A new section is added to chapter 19.190 RCW to read as follows:

The legislature finds that the practices covered by this chapter are matters vitally affecting the public interest for the purpose of applying the consumer protection act, chapter 19.86 RCW. A violation of this chapter is not reasonable in relation to the development and preservation of business, and is an unfair or deceptive act in trade or commerce and an unfair method of competition for the purpose of applying the consumer protection act, chapter 19.86 RCW.

NEW SECTION. Sec. 5. A new section is added to chapter 19.190 RCW to read as follows:

It is the intent of the legislature that this chapter is a matter of statewide concern. This chapter supersedes and preempts all rules, regulations, codes, ordinances, and other laws adopted by a city, county, city and county, municipality, or local agency regarding the practices covered by this chapter and notices to consumers from computer software providers regarding information collection.

NEW SECTION. Sec. 6. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected."

On page 1, line 1 of the title, after "fraud;" strike the remainder of the title and insert "amending RCW 19.190.010; adding new sections to chapter 19.190 RCW; and prescribing penalties."

and the same is herewith transmitted.

(c) A city may not receive an amount in any distribution year that would cause cumulative distributions to the city under this section for the year to exceed one hundred thousand dollars, increased after the first distribution year by the rate of inflation as provided under subsection (5) of this section.

(d) If funds in the city-county assistance account for allocation to the cities are inadequate to make the distributions in (a) and (b) of this subsection, then the distributions shall be reduced ratably among the qualifying cities.

MESSAGE FROM THE SENATE

April 15, 2005

Mr. Speaker:

The Senate has passed ENGROSSED HOUSE BILL NO. 2255, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that the unemployment insurance system was created to set aside unemployment reserves to be used for the benefit of persons who are unemployed through no fault of their own and to maintain purchasing power and limit the social consequences of unemployment. The legislature further finds that the system is falling short of these goals by failing to recognize the importance of applying liberal construction for the purpose of reducing involuntary unemployment, and the suffering caused by it, to the minimum, and by failing to provide equitable benefits to unemployed workers. The legislature also recognizes the desirability of managing the system to take into account the goal of reducing costs to foster a competitive business climate. The legislature intends to adjust the balance between these goals by reinstating the requirement for liberal construction and making other adjustments in the system that will allow reasonable improvements in benefit equity, including reinstating a weekly benefit calculation based on the wages in the two quarters of the claimant's base year in which wages were the highest. The legislature finds that these adjustments are critical to the health and welfare of unemployed workers, and to the purchasing power essential to the economic health and welfare of communities and the state, and should be implemented as soon as feasible.

Sec. 2. RCW 50.01.010 and 2003 2nd sp.s. c 4 s 1 are each amended to read as follows:

Whereas, economic insecurity due to unemployment is a serious menace to the health, morals and welfare of the people of this state; involuntary unemployment is, therefore, a subject of general interest and concern which requires appropriate action by the legislature to prevent its spread and to lighten its burden which now so often falls with crushing force upon the unemployed worker and his family. Social security requires protection against this greatest hazard of our economic life. This can be provided only by application of the insurance principle of sharing the risks, and by the systematic accumulation of funds during periods of employment to provide benefits for periods of unemployment, thus maintaining purchasing powers and limiting the serious social consequences of relief assistance. The state of Washington, therefore, exercising herein its police and sovereign power endeavors by this title to remedy any widespread unemployment situation which may occur and to set up safeguards to prevent its recurrence in the years to come. The legislature, therefore, declares that in its considered judgment the public good, and the general welfare of the citizens of this state require the enactment of this measure, under the police powers of the state, for the compulsory setting aside of unemployment reserves to be used for the benefit of persons unemployed through no fault of their own, and that this title shall be liberally construed for the purpose of reducing involuntary unemployment and the suffering caused thereby to the minimum.

Sec. 3. RCW 50.20.120 and 2003 2nd sp.s. c 4 s 11 are each amended to read as follows:

(1)(a) Subject to the other provisions of this title, benefits shall be payable to any eligible individual during the individual's benefit year in a maximum amount equal to the lesser of thirty times the weekly benefit amount, as determined in subsection (2) of this section, or one-third of the individual's base year wages under this title: PROVIDED, That as to any week which falls in an extended benefit period as defined in RCW 50.22.010(1), an individual's eligibility for maximum benefits in excess of twenty-six times his or her weekly benefit amount will be subject to the terms and conditions set forth in RCW 50.22.020.

(b) With respect to claims that have an effective date on or after the first Sunday of the calendar month immediately following the month in which the commissioner finds that the state unemployment rate is six and eight-tenths percent or less, benefits shall be payable to any eligible individual during the individual's benefit year in a maximum amount equal to the lesser of twenty-six times the weekly benefit amount, as determined in subsection (2) of this section, or one-third of the individual's base year wages under this title.

(2)(a) For claims with an effective date before January 4, 2004, an individual's weekly benefit amount shall be an amount equal to one twenty-fifth of the average quarterly wages of the individual's total wages during the two quarters of the individual's base year in which such total wages were highest.

(b) With respect to claims with an effective date on or after January 4, 2004, and before January 2, 2005, an individual's weekly benefit amount shall be an amount equal to one twenty-fifth of the average quarterly wages of the individual's total wages during the three quarters of the individual's base year in which such total wages were highest.

(c)(i) With respect to claims with an effective date on or after January 2, 2005, except as provided in (c)(ii) of this subsection, an individual's weekly benefit amount shall be an amount equal to one percent of the total wages paid in the individual's base year.

(ii) With respect to claims with an effective date on or after the first Sunday following the day on which the governor signs this act, and before July 1, 2007, an individual's weekly benefit amount shall be an amount equal to three and eighty-five one-hundredths percent of the average quarterly wages of the individual's total wages during the two quarters of the individual's base year in which such total wages were highest.

(3) The maximum and minimum amounts payable weekly shall be determined as of each June 30th to apply to benefit years beginning in the twelve-month period immediately following such June 30th.

(a)(i) With respect to claims that have an effective date before January 4, 2004, the maximum amount payable weekly shall be seventy percent of the "average weekly wage" for the calendar year preceding such June 30th.

(ii) With respect to claims that have an effective date on or after January 4, 2004, the maximum amount payable weekly shall be either four hundred ninety-six dollars or sixty-three percent of the "average weekly wage" for the calendar year preceding such June 30th, whichever is greater.

(b) The minimum amount payable weekly shall be fifteen percent of the "average weekly wage" for the calendar year preceding such June 30th.

(4) If any weekly benefit, maximum benefit, or minimum benefit amount computed herein is not a multiple of one dollar, it shall be reduced to the next lower multiple of one dollar.

Sec. 4. RCW 50.29.021 and 2003 2nd sp.s. c 4 s 21 are each amended to read as follows:

(1) This section applies to benefits charged to the experience rating accounts of employers for claims that have an effective date on or after January 4, 2004.

(2)(a) An experience rating account shall be established and maintained for each employer, except employers as described in RCW 50.44.010 and 50.44.030 who have properly elected to make payments in lieu of contributions, taxable local government employers as described in RCW 50.44.035, and those employers who are required to make payments in lieu of contributions, based on existing records of the employment security department.

(b) Benefits paid to an eligible individual shall be charged to the experience rating accounts of each of such individual's employers during the individual's base year in the same ratio that the wages paid by each employer to the individual during the base year bear to the wages paid by all employers to that individual during that base year, except as otherwise provided in this section.

(c) When the eligible individual's separating employer is a covered contribution paying base year employer, benefits paid to the eligible individual shall be charged to the experience rating account of only the individual's separating employer if the individual qualifies for benefits under:

(i) RCW 50.20.050(2)(b)(i), as applicable, and became unemployed after having worked and earned wages in the bona fide work; or

(ii) RCW 50.20.050(2)(b)(v) through (x).

(3) The legislature finds that certain benefit payments, in whole or in part, should not be charged to the experience rating accounts of employers except those employers described in RCW 50.44.010 and 50.44.030 who have properly elected to make payments in lieu of contributions, taxable local government employers described in RCW 50.44.035, and those employers who are required to make payments in lieu of contributions, as follows:

(a) Benefits paid to any individual later determined to be ineligible shall not be charged to the experience rating account of any contribution paying employer.

(b) Benefits paid to an individual filing under the provisions of chapter 50.06 RCW shall not be charged to the experience rating account of any contribution paying employer only if:

(i) The individual files under RCW 50.06.020(1) after receiving crime victims' compensation for a disability resulting from a nonwork-related occurrence; or

(ii) The individual files under RCW 50.06.020(2).

(c) Benefits paid which represent the state's share of benefits payable as extended benefits defined under RCW 50.22.010(6) shall not be charged to the experience rating account of any contribution paying employer.

(d) In the case of individuals who requalify for benefits under RCW 50.20.050 or 50.20.060, benefits based on wage credits earned prior to the disqualifying separation shall not be charged to the experience rating account of the contribution paying employer from whom that separation took place.

(e) Individuals who qualify for benefits under RCW 50.20.050(2)(b)(iv), as applicable, shall not have their benefits charged to the experience rating account of any contribution paying employer.

(f) With respect to claims with an effective date on or after the first Sunday following the day on which the governor signs this act, and before July 1, 2007, benefits paid that exceed the benefits that would have been paid if the weekly benefit amount for the claim had been determined as one percent of the total wages paid in the individual's base year shall not be charged to the experience rating account of any contribution paying employer.

(4)(a) A contribution paying base year employer, not otherwise eligible for relief of charges for benefits under this section, may receive such relief if the benefit charges result from payment to an individual who:

(i) Last left the employ of such employer voluntarily for reasons not attributable to the employer;

(ii) Was discharged for misconduct or gross misconduct connected with his or her work not a result of inability to meet the minimum job requirements;

(iii) Is unemployed as a result of closure or severe curtailment of operation at the employer's plant, building, worksite, or other facility. This closure must be for reasons directly attributable to a catastrophic occurrence such as fire, flood, or other natural disaster; or

(iv) Continues to be employed on a regularly scheduled permanent part-time basis by a base year employer and who at some time during the base year was concurrently employed and subsequently separated from at least one other base year employer. Benefit charge relief ceases when the employment relationship between the employer requesting relief and the claimant is terminated. This subsection does not apply to shared work employers under chapter 50.60 RCW.

(b) The employer requesting relief of charges under this subsection must request relief in writing within thirty days following mailing to the last known address of the notification of the valid initial determination of such claim, stating the date and reason for the separation or the circumstances of continued employment. The commissioner, upon investigation of the request, shall determine whether relief should be granted.

Sec. 5. RCW 50.29.025 and 2003 2nd sp.s. c 4 s 14 are each amended to read as follows:

(1) Except as provided in subsection (2) of this section, the contribution rate for each employer subject to contributions under RCW 50.24.010 shall be determined under this subsection.

(a) A fund balance ratio shall be determined by dividing the balance in the unemployment compensation fund as of the September 30th immediately preceding the rate year by the total remuneration paid by all employers subject to contributions during the second calendar year preceding the rate year and reported to the department by the following March 31st. The division shall be carried to the fourth decimal place with the remaining fraction, if any, disregarded. The fund balance ratio shall be expressed as a percentage.

(b) The interval of the fund balance ratio, expressed as a percentage, shall determine which tax schedule in (e) of this subsection shall be in effect for assigning tax rates for the rate year. The intervals for determining the effective tax schedule shall be:

Interval of the Fund Balance Ratio Expressed as a Percentage	Effective Tax Schedule
--	---------------------------

2.90 and above	AA
2.10 to 2.89	A

1.40 to 1.69	C
1.00 to 1.39	D
0.70 to 0.99	E
Less than 0.70	F

(c) An array shall be prepared, listing all qualified employers in ascending order of their benefit ratios. The array shall show for each qualified employer: (i) Identification number; (ii) benefit ratio; (iii) taxable payrolls for the four calendar quarters immediately preceding the computation date and reported to the department by the cut-off date; (iv) a cumulative total of taxable payrolls consisting of the employer's taxable payroll plus the taxable payrolls of all other employers preceding him or her in the array; and (v) the percentage equivalent of the cumulative total of taxable payrolls.

(d) Each employer in the array shall be assigned to one of twenty rate classes according to the percentage intervals of cumulative taxable payrolls set forth in (e) of this subsection: PROVIDED, That if an employer's taxable payroll falls within two or more rate classes, the employer and any other employer with the same benefit ratio shall be assigned to the lowest rate class which includes any portion of the employer's taxable payroll.

(e) Except as provided in RCW 50.29.026, the contribution rate for each employer in the array shall be the rate specified in the following tables for the rate class to which he or she has been assigned, as determined under (d) of this subsection, within the tax schedule which is to be in effect during the rate year:

If any employer with an approved agency-deferred payment contract fails to make any one of the succeeding deferred payments or fails to submit any succeeding tax report and payment in a timely manner, the employer's tax rate shall immediately revert to a contribution rate two-tenths higher than that in rate class 20 for the applicable rate year; and

(ii) For all other employers not qualified to be in the array, the contribution rate shall be a rate equal to the average industry rate as determined by the commissioner; however, the rate may not be less than one percent.

(2) Beginning with contributions assessed for rate year 2005, the contribution rate for each employer subject to contributions under RCW 50.24.010 shall be the sum of the array calculation factor rate and the graduated social cost factor rate determined under this subsection, and the solvency surcharge determined under RCW 50.29.041, if any.

(a) The array calculation factor rate shall be determined as follows:

(i) An array shall be prepared, listing all qualified employers in ascending order of their benefit ratios. The array shall show for each qualified employer: (A) Identification number; (B) benefit ratio; and (C) taxable payrolls for the four consecutive calendar quarters immediately preceding the computation date and reported to the employment security department by the cut-off date.

(ii) Each employer in the array shall be assigned to one of forty rate classes according to his or her benefit ratio as follows, and, except as provided in RCW 50.29.026, the array calculation factor rate for each employer in the array shall be the rate specified in the rate class to which the employer has been assigned:

(b) The graduated social cost factor rate shall be determined as follows:

(i)(A) Except as provided in (b)(i)(B) ~~((and)), (C), and (D)~~ of this subsection, the commissioner shall calculate the flat social cost factor for a rate year by dividing the total social cost by the total taxable payroll. The division shall be carried to the second decimal place with the remaining fraction disregarded unless it amounts to five hundredths or more, in which case the second decimal place shall be rounded to the next higher digit. The flat social cost factor shall be expressed as a percentage.

(B) If, on the cut-off date, the balance in the unemployment compensation fund is determined by the commissioner to be an amount that will provide more than ten months of unemployment benefits, the commissioner shall calculate the flat social cost factor for the rate year immediately following the cut-off date by reducing the total social cost by the dollar amount that represents the number of months for which the balance in the unemployment compensation fund on the cut-off date will provide benefits above ten months and dividing the result by the total taxable payroll. However, the calculation under this subsection (2)(b)(i)(B) for a rate year may not result in a flat social cost factor that is more than two-tenths lower than the calculation under (b)(i)(A) of this subsection for that rate year. For the purposes of this subsection, the commissioner shall determine the number of months of unemployment benefits in the unemployment compensation fund using the benefit cost rate for the average of the three highest calendar benefit cost rates in the twenty consecutive completed calendar years immediately preceding the cut-off date or a period of consecutive calendar years immediately preceding the cut-off date that includes three recessions, if longer.

(C) The minimum flat social cost factor calculated under this subsection (2)(b) shall be six-tenths of one percent.

(D) With respect to rate year 2007, the flat social cost factor shall be the lesser of:

(I) The flat social cost factor determined under (b)(i)(A) through (C) of this subsection; or

(II) The flat social cost factor that would be determined under (b)(i)(A) through (C) of this subsection if RCW 50.20.120(2)(c)(i) had been in effect during the immediately preceding rate year.

(ii)(A) Except as provided in (b)(ii)(B) of this subsection, the graduated social cost factor rate for each employer in the array is the flat social cost factor multiplied by the percentage specified as follows for the rate class to which the employer has been assigned in (a)(ii) of this subsection, except that the sum of an employer's array calculation factor rate and the graduated social cost factor rate may not exceed six and five-tenths percent or, for employers whose ((standard industrial classification)) North American industry classification system code is within ((major group "01," "02," "07," "091," "203," "209," or "5148," or the equivalent code in the North American industry classification system code,)) "111," "112," "1141," "115," "3114," "3117," or "42448," may not exceed six percent:

~~((A))~~ (I) Rate class 1 - 78 percent;

~~((B))~~ (II) Rate class 2 - 82 percent;

- ~~((C))~~ (III) Rate class 3 - 86 percent;
- ~~((D))~~ (IV) Rate class 4 - 90 percent;
- ~~((E))~~ (V) Rate class 5 - 94 percent;
- ~~((F))~~ (VI) Rate class 6 - 98 percent;
- ~~((G))~~ (VII) Rate class 7 - 102 percent;
- ~~((H))~~ (VIII) Rate class 8 - 106 percent;
- ~~((I))~~ (IX) Rate class 9 - 110 percent;
- ~~((J))~~ (X) Rate class 10 - 114 percent;
- ~~((K))~~ (XI) Rate class 11 - 118 percent; and
- ~~((L))~~ (XII) Rate classes 12 through 40 - 120 percent.

(B) For contributions assessed beginning July 1, 2005, through June 30, 2007, for employers whose North American industry classification system code is "111," "112," "1141," "115," "3114," "3117," "42448," or "49312," the graduated social cost factor rate is zero.

(iii) For the purposes of this section:

(A) "Total social cost" means:

(I) Except as provided in (b)(iii)(A)(II) of this subsection, the amount calculated by subtracting the array calculation factor contributions paid by all employers with respect to the four consecutive calendar quarters immediately preceding the computation date and paid to the employment security department by the cut-off date from the total unemployment benefits paid to claimants in the same four consecutive calendar quarters. To calculate the flat social cost factor for rate year 2005, the commissioner shall calculate the total social cost using the array calculation factor contributions that would have been required to be paid by all employers in the calculation period if (a) of this subsection had been in effect for the relevant period.

(II) For rate year 2007, the amount calculated under (b)(iii)(A)(I) of this subsection reduced by the amount of benefits charged that exceed the contributions paid in the four consecutive calendar quarters immediately preceding the applicable computation date because, as applicable, specified employers are subject to the social cost contributions under (b)(ii)(B) of this subsection, and/or because the social cost factor contributions are paid under (b)(i)(D)(II) of this subsection.

(B) "Total taxable payroll" means the total amount of wages subject to tax, as determined under RCW 50.24.010, for all employers in the four consecutive calendar quarters immediately preceding the computation date and reported to the employment security department by the cut-off date.

(c) The array calculation factor rate for each employer not qualified to be in the array shall be as follows:

(i) Employers who do not meet the definition of "qualified employer" by reason of failure to pay contributions when due shall be assigned an array calculation factor rate two-tenths higher than that in rate class 40, except employers who have an approved agency-deferred payment contract by September 30th of the previous rate year. If any employer with an approved agency-deferred payment contract fails to make any one of the succeeding deferred payments or fails to submit any succeeding tax report and payment in a timely manner, the employer's tax rate shall immediately revert to an array calculation factor rate two-tenths higher than that in rate class 40; and

(ii) For all other employers not qualified to be in the array, the array calculation factor rate shall be a rate equal to the average industry array calculation factor rate as determined by the commissioner, plus fifteen percent of that amount; however, the rate may not be less than one percent or more than the array calculation factor rate in rate class 40.

(d) The graduated social cost factor rate for each employer not qualified to be in the array shall be as follows:

(i) For employers whose array calculation factor rate is determined under (c)(i) of this subsection, the social cost factor rate shall be the social cost factor rate assigned to rate class 40 under (b)(ii) of this subsection.

(ii) For employers whose array calculation factor rate is determined under (c)(ii) of this subsection, the social cost factor rate shall be a rate equal to the average industry social cost factor rate as determined by the commissioner, plus fifteen percent of that amount, but not more than the social cost factor rate assigned to rate class 40 under (b)(ii) of this subsection.

(3) Assignment of employers by the commissioner to industrial classification, for purposes of this section, shall be in accordance with established classification practices found in the "Standard Industrial Classification Manual" issued by the federal office of management and budget to the third digit provided in the standard industrial classification code, or in the North American industry classification system code.

Sec. 6. RCW 50.16.030 and 1999 c 36 s 1 are each amended to read as follows:

(1)(a) Except as provided in (b) and (c) of this subsection, moneys shall be requisitioned from this state's account in the unemployment trust fund solely for the payment of benefits and repayment of loans from the federal government to guarantee solvency of the unemployment compensation fund in accordance with regulations prescribed by the commissioner, except that money credited to this state's account pursuant to section 903 of the social security act, as amended, shall be used exclusively as

provided in RCW 50.16.030(5). The commissioner shall from time to time requisition from the unemployment trust fund such amounts, not exceeding the amounts standing to its account therein, as he or she deems necessary for the payment of benefits for a reasonable future period. Upon receipt thereof the treasurer shall deposit such moneys in the benefit account and shall issue his or her warrants for the payment of benefits solely from such benefits account.

(b) Moneys for the payment of regular benefits as defined in RCW 50.22.010 shall be requisitioned during fiscal years 2006 and 2007 in the following order:

(i) First, from the moneys credited to this state's account in the unemployment trust fund pursuant to section 903 of the social security act, as amended in section 209 of the temporary extended unemployment compensation act of 2002 (42 U.S.C. Sec. 1103(d)), the amount equal to the amount of benefits charged that exceed the contributions paid in the four consecutive calendar quarters ending on June 30, 2006, for the fiscal year 2006 calculation, and ending on June 30, 2007, for the fiscal year 2007 calculation, because the social cost factor contributions that employers are subject to under RCW 50.29.025(2)(b)(ii)(B) are less than the social cost factor contributions that these employers would have been subject to if RCW 50.29.025(2)(b)(ii)(A) had applied to these employers; and

(ii) Second, after the requisitioning required under (b)(i) of this subsection in the respective fiscal year, from all other moneys credited to this state's account in the unemployment trust fund.

(c) After the requisitioning required under (b) of this subsection, if applicable, moneys for the payment of regular benefits as defined in RCW 50.22.010 shall be requisitioned during calendar year 2007 in the following order:

(i) First, from the moneys credited to this state's account in the unemployment trust fund pursuant to section 903 of the social security act, as amended in section 209 of the temporary extended unemployment compensation act of 2002 (42 U.S.C. Sec. 1103(d)), the amount equal to the amount of benefits paid under RCW 50.20.120(2)(c)(ii) beginning on the first Sunday following the day on which the governor signs this act and ending on June 30, 2007, that exceed the amount of benefits that would have been paid if the weekly benefit amount had been determined as one percent of the total wages paid in the individual's base year; and

(ii) Second, after the requisitioning required under (c)(i) of this subsection in the respective calendar year, from all other moneys credited to this state's account in the unemployment trust fund.

(2) Expenditures of such moneys in the benefit account and refunds from the clearing account shall not be subject to any provisions of law requiring specific appropriations or other formal release by state officers of money in their custody, and RCW 43.01.050, as amended, shall not apply. All warrants issued by the treasurer for the payment of benefits and refunds shall bear the signature of the treasurer and the countersignature of the commissioner, or his or her duly authorized agent for that purpose.

(3) Any balance of moneys requisitioned from the unemployment trust fund which remains unclaimed or unpaid in the benefit account after the expiration of the period for which sums were requisitioned shall either be deducted from estimates for, and may be utilized for the payment of, benefits during succeeding periods, or in the discretion of the commissioner, shall be redeposited with the secretary of the treasury of the United States of America to the credit of this state's account in the unemployment trust fund.

(4) Money credited to the account of this state in the unemployment trust fund by the secretary of the treasury of the United States of America pursuant to section 903 of the social security act, as amended, may be requisitioned and used for the payment of expenses incurred for the administration of this title pursuant to a specific appropriation by the legislature, provided that the expenses are incurred and the money is requisitioned after the enactment of an appropriation law which:

(a) Specifies the purposes for which such money is appropriated and the amounts appropriated therefor;

(b) Limits the period within which such money may be obligated to a period ending not more than two years after the date of the enactment of the appropriation law; and

(c) Limits the amount which may be obligated during a twelve-month period beginning on July 1st and ending on the next June 30th to an amount which does not exceed the amount by which (i) the aggregate of the amounts credited to the account of this state pursuant to section 903 of the social security act, as amended, during the same twelve-month period and the thirty-four preceding twelve-month periods, exceeds (ii) the aggregate of the amounts obligated pursuant to RCW 50.16.030 (4), (5) and (6) and charged against the amounts credited to the account of this state during any of such thirty-five twelve-month periods. For the purposes of RCW 50.16.030 (4), (5) and (6), amounts obligated during any such twelve-month period shall be charged against equivalent amounts which were first credited and which are not already so charged; except that no amount obligated for administration during any such twelve-month period may be charged against any amount credited during such a twelve-month period earlier than the thirty-fourth twelve-month period preceding such period: PROVIDED, That any amount credited to this state's account under section 903 of the social security act, as amended, which has been appropriated for expenses of administration, whether or not withdrawn from the trust fund shall be excluded from the unemployment compensation fund balance for the purpose of experience rating credit determination.

(5) Money credited to the account of this state pursuant to section 903 of the social security act, as amended, may not be withdrawn or used except for the payment of benefits and for the payment of expenses of administration and of public employment offices pursuant to RCW 50.16.030 (4), (5) and (6). However, moneys credited because of excess amounts in federal accounts in federal fiscal years 1999, 2000, and 2001 shall be used solely for the administration of the unemployment compensation program and are not subject to appropriation by the legislature for any other purpose.

(6) Money requisitioned as provided in RCW 50.16.030 (4), (5) and (6) for the payment of expenses of administration shall be deposited in the unemployment compensation fund, but until expended, shall remain a part of the unemployment compensation fund. The commissioner shall maintain a separate record of the deposit, obligation, expenditure and return of funds so deposited. Any money so deposited which either will not be obligated within the period specified by the appropriation law or remains unobligated at the end of the period, and any money which has been obligated within the period but will not be expended, shall be returned promptly to the account of this state in the unemployment trust fund.

NEW SECTION. Sec. 7. A new section is added to chapter 50.29 RCW to read as follows:

(1) By October 1, 2006, and October 1, 2007, the employment security department must report to the appropriate committees of the legislature on the impact, or projected impact, of sections 2 and 3, chapter ..., Laws of 2005 (sections 2 and 3 of this act) on the unemployment trust fund in the three consecutive fiscal years beginning with the year before the report date.

(3)(a) The task force shall use legislative facilities, and staff support shall be provided by senate committee services and the house of representatives office of program research. The task force may hire additional staff with specific technical expertise if such expertise is necessary to carry out the mandates of this study.

MESSAGE FROM THE SENATE

April 13, 2005

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 2085, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that discarded tires in unauthorized dump sites pose a health and safety risk to the public. Many of these tire piles have been in existence for a significant amount of time and are a continuing challenge to state and local officials responsible for cleaning up unauthorized dump sites and preventing further accumulation of waste tires. Therefore it is the intent of the legislature to document the extent of the problem, create and fund an effective program to eliminate unauthorized tire piles, and minimize potential future problems and costs.

Sec. 2. RCW 70.95.510 and 1989 c 431 s 92 are each amended to read as follows:

(1) There is levied a one dollar per tire fee on the retail sale of new replacement vehicle tires for a period of five years, beginning ~~((October 1, 1989))~~ July 1, 2005. The fee imposed in this section shall be paid by the buyer to the seller, and each seller shall collect from the buyer the full amount of the fee. The fee collected from the buyer by the seller less the ten percent amount retained by the seller as provided in RCW 70.95.535(1) shall be paid to the department of revenue in accordance with RCW 82.32.045.

(2) The department of revenue shall incorporate into the agency's regular audit cycle a reconciliation of the number of tires sold and the amount of revenue collected by the businesses selling new replacement vehicle tires at retail. The department of revenue shall collect on the business excise tax return from the businesses selling new replacement vehicle tires at retail:

(a) The number of tires sold; and

(b) The fee levied in this section.

(3) All other applicable provisions of chapter 82.32 RCW have full force and application with respect to the fee imposed under this section. The department of revenue shall administer this section.

(4) For the purposes of this section, "new replacement vehicle tires" means tires that are newly manufactured for vehicle purposes and does not include retreaded vehicle tires.

NEW SECTION. Sec. 3. A new section is added to chapter 70.95 RCW to read as follows:

The waste tire removal account is created in the state treasury. All receipts from tire fees imposed under RCW 70.95.510 must be deposited in the account. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used for the cleanup of unauthorized waste tire piles and measures that prevent future accumulation of unauthorized waste tire piles.

NEW SECTION. Sec. 4. A new section is added to chapter 70.95 RCW to read as follows:

(1) The fee required by this chapter, to be collected by the seller, shall be deemed to be held in trust by the seller until paid to the department of revenue, and any seller who appropriates or converts the fee collected to his or her own use or to any use other than the payment of the fee to the extent that the money required to be collected is not available for payment on the due date as prescribed in this chapter is guilty of a gross misdemeanor.

(2) In case any seller fails to collect the fee imposed in this chapter or, having collected the fee, fails to pay it to the department of revenue in the manner prescribed by this chapter, whether such failure is the result of his or her own acts or the

result of acts or conditions beyond his or her control, he or she shall, nevertheless, be personally liable to the state for the amount of the fee.

(3) The amount of the fee, until paid by the buyer to the seller or to the department of revenue, shall constitute a debt from the buyer to the seller and any seller who fails or refuses to collect the fee as required with intent to violate the provisions of this chapter or to gain some advantage or benefit, either direct or indirect, and any buyer who refuses to pay any fee due under this chapter is guilty of a misdemeanor.

Sec. 5. RCW 70.95.530 and 1988 c 250 s 1 are each amended to read as follows:

(1) Moneys in the waste tire removal account may be appropriated to the department of ecology:

~~((4))~~ (a) To provide for funding to state and local governments for the removal of discarded vehicle tires from unauthorized tire dump sites;

~~((2))~~ (b) To accomplish the other purposes of RCW 70.95.020~~((5))~~ as they relate to waste tire cleanup under this chapter; and

~~((3) To fund the study authorized in section 2, chapter 250, Laws of 1988))~~ (c) To conduct a study of existing tire cleanup sites. The office of financial management shall oversee the study process and approve the completed study. The completed study shall be delivered to the house of representatives and senate transportation committees by November 15, 2005. In conducting the study, the department shall consult on a regular basis with interested parties. The following identified elements at a minimum shall be included in the completed study:

(i) Identification of existing tire cleanup sites in the state of Washington;

(ii) The estimated number of tires in each tire cleanup site;

(iii) A map identifying the location of each one of the tire cleanup sites;

(iv) A photograph of each one of the tire cleanup sites;

(v) The estimated cost for cleanup of each tire site by cost component;

(vi) The estimated reimbursement of costs to be recovered from persons or entities that created or have responsibility for the tire cleanup site;

(vii) Identification of the type of reimbursements for recovery by each of the tire cleanup sites;

(viii) The estimated time frame to begin the cleanup project and the estimated completion date for each tire cleanup site;

(ix) An assessment of local government functions relating to unauthorized tire piles, including cleanup, enforcement, and public health;

(x) Identification of needs in the areas in (c)(ix) of this subsection for each one of the counties; and

The plan shall include the estimated time frame to begin each of the tire cleanup sites and the estimated completion date for each one of the sites. In addition, the plan must include a process to be followed in selecting entities to perform the tire site cleanups. The 2006 legislature shall determine the final distribution of the tire cleanup fee and the appropriations for this statewide tire cleanup plan.

(2) In spending funds in the account under this section, the department of ecology shall identify communities with the most severe problems with waste tires and provide funds first to those communities to remove accumulations of waste tires.

(3) Immediately after the effective date of this section, the department of ecology shall initiate a pilot project in a city with a population between three and four thousand within a county with a population less than twenty thousand to contract to clean up a formerly licensed tire pile in existence for ten or more years. To begin the project, the department shall seek to use financial assurance funds set aside for clean up of the tire pile. For purposes of this subsection, population figures are the official 2004 population as estimated by the office of financial management for purposes of state revenue allocation.

Sec. 6. RCW 70.95.555 and 1988 c 250 s 4 are each amended to read as follows:

Sec. 7. RCW 70.95.560 and 1989 c 431 s 95 are each amended to read as follows:

(1) Any person who transports or stores waste tires without a license in violation of RCW 70.95.555 shall be guilty of a gross misdemeanor and upon conviction shall be punished under RCW 9A.20.021(2).

(2) Any person who transports or stores waste tires without a license in violation of RCW 70.95.555 is liable for the costs of cleanup of any and all waste tires transported or stored. NEW SECTION. Sec. 8. A new section is added to chapter 70.95 RCW to read as follows:

No person or business, having documented proof that it legally transferred possession of waste tires to a validly licensed transporter or storer of waste tires or to a validly permitted recycler, has any further liability related to the waste tires legally transferred.

NEW SECTION. Sec. 9. The sum of one hundred fifty thousand dollars, or as much thereof as may be necessary, is appropriated for the fiscal year ending June 30, 2006, from the waste tire removal account to the office of financial management to reimburse the department of ecology to complete the study in section 5 of this act.

NEW SECTION. Sec. 10. The sum of forty thousand dollars, or as much thereof as may be necessary, is appropriated for the biennium ending June 30, 2007, from the waste tire removal account to the department of revenue for administration of the fee established in section 2 of this act.

NEW SECTION. Sec. 11. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 12. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect July 1, 2005."

On page 1, line 1 of the title, after "tires;" strike the remainder of the title and insert "amending RCW 70.95.510, 70.95.530, 70.95.555, and 70.95.560; adding new sections to chapter 70.95 RCW; creating a new section; prescribing penalties; making appropriations; providing an effective date; and declaring an emergency."

(4)(a) Offenders shall register with the county sheriff within the following deadlines. For purposes of this section the term "conviction" refers to adult convictions and juvenile adjudications for sex offenses or kidnapping offenses:

(i) OFFENDERS IN CUSTODY. (A) Sex offenders who committed a sex offense on, before, or after February 28, 1990, and who, on or after July 28, 1991, are in custody, as a result of that offense, of the state department of corrections, the state department of social and health services, a local division of youth services, or a local jail or juvenile detention facility, and (B) kidnapping offenders who on or after July 27, 1997, are in custody of the state department of corrections, the state department of social and health services, a local division of youth services, or a local jail or juvenile detention facility, must register at the time of release from custody with an official designated by the agency that has jurisdiction over the offender. The agency shall within three days forward the registration information to the county sheriff for the county of the offender's anticipated residence. The offender must also register within twenty-four hours from the time of release with the county sheriff for the county of the person's residence, or if the person is not a resident of Washington, the county of the person's school, or place of employment or vocation. The agency that has jurisdiction over the offender shall provide notice to the offender of the duty to register. Failure to register at the time of release and within twenty-four hours of release constitutes a violation of this section and is punishable as provided in subsection (10) of this section.

When the agency with jurisdiction intends to release an offender with a duty to register under this section, and the agency has knowledge that the offender is eligible for developmental disability services from the department of social and health services, the agency shall notify the division of developmental disabilities of the release. Notice shall occur not more than thirty days before the offender is to be released. The agency and the division shall assist the offender in meeting the initial registration requirement under this section. Failure to provide such assistance shall not constitute a defense for any violation of this section.

(ii) OFFENDERS NOT IN CUSTODY BUT UNDER STATE OR LOCAL JURISDICTION. Sex offenders who, on July 28, 1991, are not in custody but are under the jurisdiction of the indeterminate sentence review board or under the department of corrections' active supervision, as defined by the department of corrections, the state department of social and health services, or a local division of youth services, for sex offenses committed before, on, or after February 28, 1990, must register within ten days of July 28, 1991. Kidnapping offenders who, on July 27, 1997, are not in custody but are under the jurisdiction of the indeterminate sentence review board or under the department of corrections' active supervision, as defined by the department of corrections, the state department of social and health services, or a local division of youth services, for

kidnapping offenses committed before, on, or after July 27, 1997, must register within ten days of July 27, 1997. A change in supervision status of a sex offender who was required to register under this subsection (4)(a)(ii) as of July 28, 1991, or a kidnapping offender required to register as of July 27, 1997, shall not relieve the offender of the duty to register or to reregister following a change in residence. The obligation to register shall only cease pursuant to RCW 9A.44.140.

(iii) **OFFENDERS UNDER FEDERAL JURISDICTION.** Sex offenders who, on or after July 23, 1995, and kidnapping offenders who, on or after July 27, 1997, as a result of that offense are in the custody of the United States bureau of prisons or other federal or military correctional agency for sex offenses committed before, on, or after February 28, 1990, or kidnapping offenses committed on, before, or after July 27, 1997, must register within twenty-four hours from the time of release with the county sheriff for the county of the person's residence, or if the person is not a resident of Washington, the county of the person's school, or place of employment or vocation. Sex offenders who, on July 23, 1995, are not in custody but are under the jurisdiction of the United States bureau of prisons, United States courts, United States parole commission, or military parole board for sex offenses committed before, on, or after February 28, 1990, must register within ten days of July 23, 1995. Kidnapping offenders who, on July 27, 1997, are not in custody but are under the jurisdiction of the United States bureau of prisons, United States courts, United States parole commission, or military parole board for kidnapping offenses committed before, on, or after July 27, 1997, must register within ten days of July 27, 1997. A change in supervision status of a sex offender who was required to register under this subsection (4)(a)(iii) as of July 23, 1995, or a kidnapping offender required to register as of July 27, 1997 shall not relieve the offender of the duty to register or to reregister following a change in residence, or if the person is not a resident of Washington, the county of the person's school, or place of employment or vocation. The obligation to register shall only cease pursuant to RCW 9A.44.140.

(iv) **OFFENDERS WHO ARE CONVICTED BUT NOT CONFINED.** Sex offenders who are convicted of a sex offense on or after July 28, 1991, for a sex offense that was committed on or after February 28, 1990, and kidnapping offenders who are convicted on or after July 27, 1997, for a kidnapping offense that was committed on or after July 27, 1997, but who are not sentenced to serve a term of confinement immediately upon sentencing, shall report to the county sheriff to register immediately upon completion of being sentenced.

(v) **OFFENDERS WHO ARE NEW RESIDENTS OR RETURNING WASHINGTON RESIDENTS.** Sex offenders and kidnapping offenders who move to Washington state from another state or a foreign country that are not under the jurisdiction of the state department of corrections, the indeterminate sentence review board, or the state department of social and health services at the time of moving to Washington, must register within thirty days of establishing residence or reestablishing residence if the person is a former Washington resident. The duty to register under this subsection applies to sex offenders convicted under the laws of another state or a foreign country, federal or military statutes, or Washington state for offenses committed on or after February 28, 1990, and to kidnapping offenders convicted under the laws of another state or a foreign country, federal or military statutes, or Washington state for offenses committed on or after July 27, 1997. Sex offenders and kidnapping offenders from other states or a foreign country who, when they move to Washington, are under the jurisdiction of the department of corrections, the indeterminate sentence review board, or the department of social and health services must register within twenty-four hours of moving to Washington. The agency that has jurisdiction over the offender shall notify the offender of the registration requirements before the offender moves to Washington.

(vi) **OFFENDERS FOUND NOT GUILTY BY REASON OF INSANITY.** Any adult or juvenile who has been found not guilty by reason of insanity under chapter 10.77 RCW of (A) committing a sex offense on, before, or after February 28, 1990, and who, on or after July 23, 1995, is in custody, as a result of that finding, of the state department of social and health services, or (B) committing a kidnapping offense on, before, or after July 27, 1997, and who on or after July 27, 1997, is in custody, as a result of that finding, of the state department of social and health services, must register within twenty-four hours from the time of release with the county sheriff for the county of the person's residence. The state department of social and health services shall provide notice to the adult or juvenile in its custody of the duty to register. Any adult or juvenile who has been found not guilty by reason of insanity of committing a sex offense on, before, or after February 28, 1990, but who was released before July 23, 1995, or any adult or juvenile who has been found not guilty by reason of insanity of committing a kidnapping offense but who was released before July 27, 1997, shall be required to register within twenty-four hours of receiving notice of this registration requirement. The state department of social and health services shall make reasonable attempts within available resources to notify sex offenders who were released before July 23, 1995, and kidnapping offenders who were released before July 27, 1997. Failure to register within twenty-four hours of release, or of receiving notice, constitutes a violation of this section and is punishable as provided in subsection (10) of this section.

(vii) **OFFENDERS WHO LACK A FIXED RESIDENCE.** Any person who lacks a fixed residence and leaves the county in which he or she is registered and enters and remains within a new county for twenty-four hours is required to register with the county sheriff not more than twenty-four hours after entering the county and provide the information required in subsection (3)(b) of this section.

(viii) OFFENDERS WHO LACK A FIXED RESIDENCE AND WHO ARE UNDER SUPERVISION. Offenders who lack a fixed residence and who are under the supervision of the department shall register in the county of their supervision.

(ix) OFFENDERS WHO MOVE TO, WORK, CARRY ON A VOCATION, OR ATTEND SCHOOL IN ANOTHER STATE. Offenders required to register in Washington, who move to another state, or who work, carry on a vocation, or attend school in another state shall register a new address, fingerprints, and photograph with the new state within ten days after establishing residence, or after beginning to work, carry on a vocation, or attend school in the new state. The person must also send written notice within ten days of moving to the new state or to a foreign country to the county sheriff with whom the person last registered in Washington state. The county sheriff shall promptly forward this information to the Washington state patrol.

(b) Failure to register within the time required under this section constitutes a per se violation of this section and is punishable as provided in subsection (10) of this section. The county sheriff shall not be required to determine whether the person is living within the county.

(c) An arrest on charges of failure to register, service of an information, or a complaint for a violation of this section, or arraignment on charges for a violation of this section, constitutes actual notice of the duty to register. Any person charged with the crime of failure to register under this section who asserts as a defense the lack of notice of the duty to register shall register immediately following actual notice of the duty through arrest, service, or arraignment. Failure to register as required under this subsection (4)(c) constitutes grounds for filing another charge of failing to register. Registering following arrest, service, or arraignment on charges shall not relieve the offender from criminal liability for failure to register prior to the filing of the original charge.

(d) The deadlines for the duty to register under this section do not relieve any sex offender of the duty to register under this section as it existed prior to July 28, 1991.

(5)(a) If any person required to register pursuant to this section changes his or her residence address within the same county, the person must send written notice of the change of address to the county sheriff within seventy-two hours of moving. If any person required to register pursuant to this section moves to a new county, the person must send written notice of the change of address at least fourteen days before moving to the county sheriff in the new county of residence and must register with that county sheriff within twenty-four hours of moving. The person must also send written notice within ten days of the change of address in the new county to the county sheriff with whom the person last registered. The county sheriff with whom the person last registered shall promptly forward the information concerning the change of address to the county sheriff for the county of the person's new residence. Upon receipt of notice of change of address to a new state, the county sheriff shall promptly forward the information regarding the change of address to the agency designated by the new state as the state's offender registration agency.

(b) It is an affirmative defense to a charge that the person failed to send a notice at least fourteen days in advance of moving as required under (a) of this subsection that the person did not know the location of his or her new residence at least fourteen days before moving. The defendant must establish the defense by a preponderance of the evidence and, to prevail on the defense, must also prove by a preponderance that the defendant sent the required notice within twenty-four hours of determining the new address.

(6)(a) Any person required to register under this section who lacks a fixed residence shall provide written notice to the sheriff of the county where he or she last registered within forty-eight hours excluding weekends and holidays after ceasing to have a fixed residence. The notice shall include the information required by subsection (3)(b) of this section, except the photograph and fingerprints. The county sheriff may, for reasonable cause, require the offender to provide a photograph and fingerprints. The sheriff shall forward this information to the sheriff of the county in which the person intends to reside, if the person intends to reside in another county.

(b) A person who lacks a fixed residence must report weekly, in person, to the sheriff of the county where he or she is registered. The weekly report shall be on a day specified by the county sheriff's office, and shall occur during normal business hours. The county sheriff's office may require the person to list the locations where the person has stayed during the last seven days. The lack of a fixed residence is a factor that may be considered in determining an offender's risk level and shall make the offender subject to disclosure of information to the public at large pursuant to RCW 4.24.550.

(c) If any person required to register pursuant to this section does not have a fixed residence, it is an affirmative defense to the charge of failure to register, that he or she provided written notice to the sheriff of the county where he or she last registered within forty-eight hours excluding weekends and holidays after ceasing to have a fixed residence and has subsequently complied with the requirements of subsections (4)(a)(vii) or (viii) and (6) of this section. To prevail, the person must prove the defense by a preponderance of the evidence.

(7) A sex offender subject to registration requirements under this section who applies to change his or her name under RCW 4.24.130 or any other law shall submit a copy of the application to the county sheriff of the county of the person's residence and to the state patrol not fewer than five days before the entry of an order granting the name change. No sex offender under the requirement to register under this section at the time of application shall be granted an order changing his or her name if the court

finds that doing so will interfere with legitimate law enforcement interests, except that no order shall be denied when the name change is requested for religious or legitimate cultural reasons or in recognition of marriage or dissolution of marriage. A sex offender under the requirement to register under this section who receives an order changing his or her name shall submit a copy of the order to the county sheriff of the county of the person's residence and to the state patrol within five days of the entry of the order.

(8) The county sheriff shall obtain a photograph of the individual and shall obtain a copy of the individual's fingerprints.

(9) For the purpose of RCW 9A.44.130, 10.01.200, 43.43.540, 70.48.470, and 72.09.330:

(b) If the crime for which the individual was convicted was other than a felony or a federal or out-of-state conviction for an offense that under the laws of this state would be other than a felony, violation of this section is a gross misdemeanor.

(12) Except as may otherwise be provided by law, nothing in this section shall impose any liability upon a peace officer, including a county sheriff, or law enforcement agency, for failing to release information authorized under this section.

Sec. 2. RCW 4.24.550 and 2003 c 217 s 1 are each amended to read as follows:

(1) In addition to the disclosure under subsection (5) of this section, public agencies are authorized to release information to the public regarding sex offenders and kidnapping offenders when the agency determines that disclosure of the information is relevant and necessary to protect the public and counteract the danger created by the particular offender. This authorization applies to information regarding: (a) Any person adjudicated or convicted of a sex offense as defined in RCW 9A.44.130 or a kidnapping offense as defined by RCW 9A.44.130; (b) any person under the jurisdiction of the indeterminate sentence review board as the result of a sex offense or kidnapping offense; (c) any person committed as a sexually violent predator under chapter 71.09 RCW or as a sexual psychopath under chapter 71.06 RCW; (d) any person found not guilty of a sex offense or kidnapping offense by reason of insanity under chapter 10.77 RCW; and (e) any person found incompetent to stand trial for a sex offense or kidnapping offense and subsequently committed under chapter 71.05 or 71.34 RCW.

(2) Except for the information specifically required under subsection (5) of this section, the extent of the public disclosure of relevant and necessary information shall be rationally related to: (a) The level of risk posed by the offender to the community; (b) the locations where the offender resides, expects to reside, or is regularly found; and (c) the needs of the affected community members for information to enhance their individual and collective safety.

(3) Except for the information specifically required under subsection (5) of this section, local law enforcement agencies shall consider the following guidelines in determining the extent of a public disclosure made under this section: (a) For offenders classified as risk level I, the agency shall share information with other appropriate law enforcement agencies and if the offender is a student, the public or private school regulated under Title 28A RCW or chapter 72.40 RCW which the offender is attending, or planning to attend. The agency may disclose, upon request, relevant, necessary, and accurate information to any victim or witness to the offense and to any individual community member who lives near the residence where the offender resides, expects to reside, or is regularly found; (b) for offenders classified as risk level II, the agency may also disclose relevant, necessary, and accurate information to public and private schools, child day care centers, family day care providers, businesses and organizations that serve primarily children, women, or vulnerable adults, and neighbors and community groups near the residence where the offender resides, expects to reside, or is regularly found; (c) for offenders classified as risk level III, the agency may also disclose relevant, necessary, and accurate information to the public at large; and (d) because more localized notification is not feasible and homeless and transient offenders may present unique risks to the community, the agency may also disclose relevant, necessary, and accurate information to the public at large for offenders registered as homeless or transient.

(4) The county sheriff with whom an offender classified as risk level III is registered shall cause to be published by legal notice, advertising, or news release a sex offender community notification that conforms to the guidelines established under RCW 4.24.5501 in at least one legal newspaper with general circulation in the area of the sex offender's registered address or location. The county sheriff shall also cause to be published consistent with this subsection a current list of level III registered sex offenders, twice yearly. Unless the information is posted on the web site described in subsection (5) of this section, this list shall be maintained by the county sheriff on a publicly accessible web site and shall be updated at least once per month.

(5)(a) When funded by federal grants or other sources, the Washington association of sheriffs and police chiefs shall create and maintain a statewide registered sex offender web site, which shall be available to the public. The web site shall post all level III and level II registered sex offenders in the state of Washington.

(i) For level III offenders, the web site shall contain, but is not limited to, the registered sex offender's name, relevant criminal convictions, address by hundred block, physical description, and photograph. The web site shall provide mapping capabilities that display the sex offender's address by hundred block on a map. The web site shall allow citizens to search for registered sex offenders within the state of Washington by county, city, zip code, last name, type of conviction, and address by hundred block.

(ii) For level II offenders, the web site shall contain, but is not limited to, the same information and functionality as described in (a)(i) of this subsection, provided that it is permissible under state and federal law. If it is not permissible, the web site shall be limited to the information and functionality that is permissible under state and federal law.

(b) Until the implementation of (a) of this subsection, the Washington association of sheriffs and police chiefs shall create a web site available to the public that provides electronic links to county-operated web sites that offer sex offender registration information.

(6) Local law enforcement agencies that disseminate information pursuant to this section shall: (a) Review available risk level classifications made by the department of corrections, the department of social and health services, and the indeterminate sentence review board; (b) assign risk level classifications to all offenders about whom information will be disseminated; and (c) make a good faith effort to notify the public and residents at least fourteen days before the offender is released from confinement or, where an offender moves from another jurisdiction, as soon as possible after the agency learns of the offender's move, except that in no case may this notification provision be construed to require an extension of an offender's release date. The juvenile court shall provide local law enforcement officials with all relevant information on offenders allowed to remain in the community in a timely manner.

(7) An appointed or elected public official, public employee, or public agency as defined in RCW 4.24.470, or units of local government and its employees, as provided in RCW 36.28A.010, are immune from civil liability for damages for any discretionary risk level classification decisions or release of relevant and necessary information, unless it is shown that the official, employee, or agency acted with gross negligence or in bad faith. The immunity in this section applies to risk level classification decisions and the release of relevant and necessary information regarding any individual for whom disclosure is authorized. The decision of a local law enforcement agency or official to classify an offender to a risk level other than the one assigned by the department of corrections, the department of social and health services, or the indeterminate sentence review board, or the release of any relevant and necessary information based on that different classification shall not, by itself, be

considered gross negligence or bad faith. The immunity provided under this section applies to the release of relevant and necessary information to other public officials, public employees, or public agencies, and to the general public.

(8) Except as may otherwise be provided by law, nothing in this section shall impose any liability upon a public official, public employee, or public agency for failing to release information authorized under this section.

(9) Nothing in this section implies that information regarding persons designated in subsection (1) of this section is confidential except as may otherwise be provided by law.

(10) When a local law enforcement agency or official classifies an offender differently than the offender is classified by the end of sentence review committee or the department of social and health services at the time of the offender's release from confinement, the law enforcement agency or official shall notify the end of sentence review committee or the department of social and health services and submit its reasons supporting the change in classification. Upon implementation of subsection (5)(a) of this section, notification of the change shall also be sent to the Washington association of sheriffs and police chiefs.

NEW SECTION. **Sec. 3.** The safety center of the office of the superintendent of public instruction shall review the types and amounts of training that will be necessary for principals, teachers, supervisors, and school staff to implement this act and shall report to the appropriate committees of the legislature with recommendations for training requirements not later than January 1, 2006.

NEW SECTION. **Sec. 4.** This act takes effect September 1, 2006."

HOUSE BILL NO. 2101, as amended by the Senate, having received the constitutional majority, was declared passed.

MESSAGE FROM THE SENATE

April 12, 2005

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 2126, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature recognizes that it is important that dependent persons who are witnesses and victims of crime cooperate with law enforcement and prosecutorial agencies and that their assistance contributes to state and local enforcement efforts and the general effectiveness of the criminal justice system. The legislature finds that the state has an interest in making it possible for courts to adequately and fairly conduct cases involving dependent persons who are victims of crimes. Therefore, it is the intent of the legislature, by means of this chapter, to insure that all dependent persons who are victims and witnesses of crime are treated with sensitivity, courtesy, and special care and that their rights be protected by law enforcement agencies, prosecutors, and judges in a manner no less vigorous than the protection afforded to other victims, witnesses, and criminal defendants.

NEW SECTION. Sec. 2. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Crime" means an act punishable as a felony, gross misdemeanor, or misdemeanor under the laws of this state or equivalent federal or local law.

(2) "Dependent person" has the same meaning as that term is defined in RCW 9A.42.010.

(3) "Victim" means a living person against whom a crime has been committed.

(4) "Witness" means a person who has been or is expected to be summoned to testify for the prosecution or defense in a criminal action, or who by reason of having relevant information is subject to call or likely to be called as a witness, whether or not an action or proceeding has been commenced.

(5) "Family member" means a person who is not accused of a crime and who is an adult child, adult sibling, spouse, parent, or legal guardian of the dependent person.

(6) "Advocate" means any person not accused of a crime, including a family member, approved by the witness or victim, in consultation with his or her guardian if applicable, who provides support to a dependent person during any legal proceeding.

(7) "Court proceedings" means any court proceeding conducted during the course of the prosecution of a crime committed against a dependent person, including pretrial hearings, trial, sentencing, or appellate proceedings.

(8) "Identifying information" means the dependent person's name, address, location, and photograph, and in cases in which the dependent person is a relative of the alleged perpetrator, identification of the relationship between the dependent person and the alleged perpetrator.

(9) "Crime victim/witness program" means any crime victim and witness program of a county or local law enforcement agency or prosecutor's office, any rape crisis center's sexual assault victim advocacy program as provided in chapter 70.125 RCW, any domestic violence program's legal and community advocate program for domestic violence victims as provided in chapter 70.123 RCW, or any other crime victim advocacy program which provides trained advocates to assist crime victims during the investigation and prosecution of the crime.

NEW SECTION. Sec. 3. (1) In addition to the rights of victims and witnesses provided for in RCW 7.69.030, there shall be every reasonable effort made by law enforcement agencies, prosecutors, and judges to assure that dependent persons who are victims or witnesses are afforded the rights enumerated in this section. The enumeration of rights under this chapter shall not be construed to create substantive rights and duties, and the application of an enumerated right in an individual case is subject to the discretion of the law enforcement agency, prosecutor, or judge. Dependent persons who are victims or witnesses in the criminal justice system have the following rights, which apply to any criminal court or juvenile court proceeding:

(a) To have explained in language easily understood by the dependent person, all legal proceedings and police investigations in which the dependent person may be involved.

(b) With respect to a dependent person who is a victim of a sex or violent crime, to have a crime victim advocate from a crime victim/witness program, or any other advocate of the victim's choosing, present at any prosecutorial or defense interviews

with the dependent person. This subsection applies unless it creates undue hardship and if the presence of the crime victim advocate or other advocate does not cause any unnecessary delay in the investigation or prosecution of the case. The role of the crime victim advocate or other advocate is to provide emotional support to the dependent person and to promote the dependent person's feelings of security and safety.

(c) To be provided, whenever possible, a secure waiting area during court proceedings and to have an advocate or support person remain with the dependent person prior to and during any court proceedings.

(d) To allow an advocate to make recommendations to the prosecuting attorney about the ability of the dependent person to cooperate with prosecution and the potential effect of the proceedings on the dependent person.

(e) To allow an advocate to provide information to the court concerning the dependent person's ability to understand the nature of the proceedings.

(f) To be provided information or appropriate referrals to social service agencies to assist the dependent person with the emotional impact of the crime, the subsequent investigation, and judicial proceedings in which the dependent person is involved.

(g) To allow an advocate to be present in court while the dependent person testifies in order to provide emotional support to the dependent person.

(h) To provide information to the court as to the need for the presence of other supportive persons at the court proceedings while the dependent person testifies in order to promote the dependent person's feelings of security and safety.

(i) To allow law enforcement agencies the opportunity to enlist the assistance of other professional personnel such as victim advocates or prosecutorial staff trained in the interviewing of the dependent person.

(j) With respect to a dependent person who is a victim of a violent or sex crime, to receive either directly or through the dependent person's legal guardian, if applicable, at the time of reporting the crime to law enforcement officials, a written statement of the rights of dependent persons as provided in this chapter. The statement may be paraphrased to make it more easily understood. The written statement shall include the name, address, and telephone number of a county or local crime victim/witness program, if such a crime victim/witness program exists in the county.

(2) Any party may request a preliminary hearing for the purpose of establishing accommodations for the dependent person consistent with, but not limited to, the rights enumerated in this section.

NEW SECTION. Sec. 4. (1) The prosecutor or defense may file a motion with the court at any time prior to commencement of the trial for an order authorizing the taking of a video tape deposition for the purpose of preserving the direct testimony of the moving party's witness if that witness is a dependent person.

(2) The court may grant the motion if the moving party shows that it is likely that the dependent person will be unavailable to testify at a subsequent trial. The court's finding shall be based upon, at a minimum, recommendations from the dependent person's physician or any other person having direct contact with the dependent person and whose recommendations are based on specific behavioral indicators exhibited by the dependent person.

(3) The moving party shall provide reasonable written notice to the other party of the motion and order, if granted, pursuant to superior court criminal rules for depositions.

(4) Both parties shall have an opportunity to be present at the deposition and the nonmoving party shall have the opportunity to cross-examine the dependent person.

(5) Under circumstances permitted by the rules of evidence, the deposition may be introduced as evidence in a subsequent proceeding if the dependent person is unavailable at trial and both the prosecutor and the defendant had notice of and an opportunity to participate in the taking of the deposition.

NEW SECTION. Sec. 5. (1) The failure to provide notice to a dependent person of the rights enumerated in this chapter or the failure to provide the rights enumerated shall not result in civil liability so long as the failure was in good faith.

(2) Nothing in this chapter shall be construed to limit a party's ability to bring an action, including an action for damages, based on rights conferred by other state or federal law.

NEW SECTION. Sec. 6. Sections 1 through 5 of this act constitute a new chapter in Title 7 RCW.

NEW SECTION. Sec. 7. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected."

On page 1, line 2 of the title, after "witnesses;" strike the remainder of the title and insert "and adding a new chapter to Title 7 RCW."

and the same is herewith transmitted.

ENGROSSED SUBSTITUTE HOUSE BILL NO. 2126, as amended by the Senate, having received the constitutional majority, was declared passed.

MESSAGE FROM THE SENATE

April 6, 2005

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 2173, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. DEFINITIONS. The definitions in this section apply throughout this chapter.

(1) "Dependent" means:

(a) The service member's spouse;

(b) The service member's minor child; or

(c) An individual for whom the service member provided more than one-half of the individual's support for one hundred eighty days immediately preceding an application for relief under this chapter.

(2) "Judgment" does not include temporary orders as issued by a judicial court or administrative tribunal in domestic relations cases under Title 26 RCW, including but not limited to establishment of a temporary child support obligation, creation of a temporary parenting plan, or entry of a temporary protective or restraining order.

(3) "Military service" means a service member under a call to active service authorized by the president of the United States or the secretary of defense for a period of more than thirty consecutive days.

(4) "National guard" has the meaning in RCW 38.04.010.

(5) "Service member" means any resident of Washington state that is a member of the national guard or member of a military reserve component.

NEW SECTION. Sec. 2. APPLICABILITY OF CHAPTER. (1) Any service member who is ordered to report for military service and his or her dependents are entitled to the rights and protections of this chapter during the period beginning on the date on which the service member receives the order and ending one hundred eighty days after termination of or release from military service.

(2) This chapter applies to any judicial or administrative proceeding commenced in any court or agency in Washington state in which a service member or his or her dependent is a defendant. This chapter does not apply to criminal proceedings.

(3) This chapter shall be construed liberally so as to provide fairness and do substantial justice to service members and their dependents.

NEW SECTION. Sec. 3. PROTECTION OF PERSONS SECONDARILY LIABLE. (1) Whenever pursuant to this chapter a court stays, postpones, or suspends (a) the enforcement of an obligation or liability, (b) the prosecution of a suit or proceeding, (c) the entry or enforcement of an order, writ, judgment, or decree, or (d) the performance of any other act, the court may likewise grant such a stay, postponement, or suspension to a surety, guarantor, endorser, accommodation maker, comaker, or other person who is or may be primarily or secondarily subject to the obligation or liability the performance or enforcement of which is stayed, postponed, or suspended.

(2) When a judgment or decree is vacated or set aside, in whole or in part, pursuant to this chapter, the court may also set aside or vacate, as the case may be, the judgment or decree as to a surety, guarantor, endorser, accommodation maker, comaker, or other person who is or may be primarily or secondarily liable on the contract or liability for the enforcement of the judgment decree.

NEW SECTION. Sec. 4. WAIVER OF RIGHTS PURSUANT TO WRITTEN AGREEMENT. (1) A service member may waive any of the rights and protections provided by this chapter. In the case of a waiver that permits an action described in subsection (2) of this section, the waiver is effective only if made pursuant to a written agreement of the parties that is executed during or after the service member's period of military service. The written agreement shall specify the legal instrument to which the waiver applies and, if the service member is not party to that instrument, the service member concerned.

(2) The requirement in subsection (1) of this section for a written waiver applies to the following: (a) The modification, termination, or cancellation of a contract, lease, or bailment; or an obligation secured by a mortgage, trust, deed, lien, or other security in the nature of a mortgage; and (b) the repossession, retention, foreclosure, sale, forfeiture, or taking possession of property that is security for any obligation or was purchased or received under a contract, lease, or bailment.

NEW SECTION. Sec. 5. PROTECTION OF SERVICE MEMBERS AGAINST DEFAULT JUDGMENTS. (1) This section applies to any civil action or proceeding in which a service member or his or her dependent is a defendant and does not make an appearance under applicable court rules or by law.

(2) In any action or proceeding covered by this section, the court, before entering judgment for the plaintiff, shall require the plaintiff to file with the court an affidavit:

(a) Stating whether the defendant is in military service, or is a dependent of a service member in military service, and showing necessary facts to support the affidavit; or

(b) If the plaintiff is unable to determine whether the defendant is in military service or is a dependent of a service member in military service, stating that the plaintiff is unable to determine whether the defendant is in military service or is a dependent of a service member in military service.

(3) If in an action covered by this section it appears that the defendant is in military service or is a dependent of a service member in military service, the court may not enter a judgment until after the court appoints an attorney to represent the defendant. If an attorney appointed under this section to represent a service member or his or her dependent cannot locate the service member or dependent, actions by the attorney in the case do not waive any defense of the service member or dependent or otherwise bind the service member or dependent.

(4) In an action covered by this section in which the defendant is in military service or is a dependent of a service member in military service, the court shall grant a stay of proceedings until one hundred eighty days after termination of or release from military service, upon application of defense counsel, or on the court's own motion, if the court determines that:

(a) There may be a defense to the action and a defense cannot be presented without presence of the defendant; or

(b) After due diligence, counsel has been unable to contact the defendant or otherwise determine if a meritorious defense exists.

(5) No bar to entry of judgment under subsection (3) of this section or requirement for grant of stay under subsection (4) of this section precludes the entry of temporary orders in domestic relations cases. If a court or administrative tribunal enters a temporary order as allowed under this subsection, it shall include a finding that failure to act, despite the absence of the service member, would result in manifest injustice to the other interested parties. Temporary orders issued without the service member's participation shall not set any precedent for the final disposition of the matters addressed therein.

(6) If a service member or dependent who is a defendant in an action covered by this section receives actual notice of the action, the service member or dependent may request a stay of proceedings pursuant to section 6 of this act.

(7) A person who makes or uses an affidavit permitted under this section knowing it to be false, is guilty of a class C felony.

(8) If a default judgment is entered in an action covered by this section against a service member or his or her dependent during the service member's period of military service or within one hundred eighty days after termination of or release from military service, the court entering the judgment shall, upon application by or on behalf of the service member or his or her dependent, reopen the judgment for the purpose of allowing the service member or his or her dependent to defend the action if it appears that:

(a) The service member or dependent was materially affected by reason of that military service in making a defense to the action; and

(b) The service member or dependent has a meritorious or legal defense to the action or some part of it.

(9) If a court vacates, sets aside, or reverses a default judgment against a service member or his or her dependent and the vacating, setting aside, or reversing is because of a provision of this chapter, that action does not impair a right or title acquired by a bona fide purchaser for value.

NEW SECTION. Sec. 6. STAY OF PROCEEDINGS WHEN SERVICE MEMBER HAS NOTICE. (1) This section applies to any civil action or proceeding in which a defendant at the time of filing an application under this section:

(a)(i) Is in military service, or it is within one hundred eighty days after termination of or release from military service; or

(ii) Is a dependent of a service member in military service; and

(b) Has received actual notice of the action or proceeding.

(2) At any stage before final judgment in a civil action or proceeding in which a service member or his or her dependent described in subsection (1) of this section is a party, the court may on its own motion and shall, upon application by the service member or his or her dependent, stay the action until one hundred eighty days after termination of or release from military service, if the conditions in subsection (3) of this section are met.

(3) An application for a stay under subsection (2) of this section shall include the following:

(a) A letter or other communication setting forth facts stating the manner in which current military duty requirements materially affect the service member's or dependent's ability to appear and stating a date when the service member or dependent will be available to appear; and

(b) A letter or other communication from the service member's commanding officer stating that the service member's current military duty prevents either the service member's or dependent's appearance and that military leave is not authorized for the service member at the time of the letter.

(4) An application for a stay under this section does not constitute an appearance for jurisdictional purposes and does not constitute a waiver of any substantive or procedural defense, including a defense relating to lack of personal jurisdiction.

(5) A service member or dependent who is granted a stay of a civil action or proceeding under subsection (2) of this section may apply for an additional stay based on the continuing material affect of military duty on the service member's or dependent's ability to appear. Such application may be made by the service member or his or her dependent at the time of the initial application under subsection (2) of this section or when it appears that the service member or his or her dependent is unable to prosecute or defend the action. The same information required under subsection (3) of this subsection shall be included in an application under this subsection.

(6) If the court refuses to grant an additional stay of proceedings under subsection (2) of this section, the court shall appoint counsel to represent the service member or his or her dependent in the action or proceeding.

(7) A service member or dependent who applies for a stay under this section and is unsuccessful may not seek the protections afforded by section 5 of this act.

NEW SECTION. Sec. 7. FINES AND PENALTIES UNDER CONTRACTS. (1) If an action for compliance with the terms of a contract is stayed pursuant to this chapter, a penalty shall not accrue for failure to comply with the terms of the contract during the period of the stay.

(2) If a service member or his or her dependent fails to perform an obligation arising under a contract and a penalty is incurred arising from that nonperformance, a court may reduce or waive the fine or penalty if:

- (a)(i) The service member was in military service at the time the fine or penalty was incurred; or
 - (ii) The action is against a dependent of the service member and the service member was in military service at the time the fine or penalty was incurred; and
- (b) The ability of the service member or dependent to perform the obligation was materially affected by the military service.

NEW SECTION. Sec. 8. CODEFENDANTS. If the service member or his or her dependent is a codefendant with others who are not in military service and who are not entitled to the relief and protections provided under this chapter, the plaintiff may proceed against those other defendants with the approval of the court.

NEW SECTION. Sec. 9. STATUTE OF LIMITATIONS. (1) The period of a service member's military service may not be included in computing any period limited by law, rule, or order, for the bringing of any action or proceeding in a court, or in any board bureau, commission, department, or other agency of a state, or political subdivision of a state, or the United States by or against the service member or the service member's dependents, heirs, executors, administrators, or assigns.

(2) A period of military service may not be included in computing any period provided by law for the redemption of real property sold or forfeited to enforce an obligation, tax, or assessment.

(3) This section does not apply to any period of limitation prescribed by or under the internal revenue laws of the United States.

NEW SECTION. Sec. 10. INAPPROPRIATE USE OF CHAPTER. If a court determines, in any proceeding to enforce a civil right, that any interest, property, or contract has been transferred or acquired with the intent to delay the just enforcement of such right by taking advantage of this chapter, the court shall enter such judgment or make such order as might lawfully be entered or made concerning such transfer or acquisition.

NEW SECTION. Sec. 11. This chapter may be known and cited as the Washington service members' civil relief act.

NEW SECTION. Sec. 12. Captions used in this act are no part of the law.

NEW SECTION. Sec. 13. Sections 1 through 12 of this act constitute a new chapter in Title 38 RCW.

NEW SECTION. Sec. 14. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 15. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

On page 1, line 1 of the title, after "relief;" strike the remainder of the title and insert "adding a new chapter to Title 38 RCW; prescribing penalties; and declaring an emergency."

and the same is herewith transmitted.

The Senate has passed HOUSE BILL NO. 2189, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that efforts to protect children from abuse and neglect and support families are dependent upon the efforts of staff in the field who work directly with the children and families of this state. Child protective services staff investigate reports of suspected child abuse and neglect and, when necessary, intervene by providing services designed to increase children's safety and protect them from further harm. Child welfare services staff provide longer-term services to families, including intensive treatment services to children and families who may need help with chronic or serious problems that interfere with their ability to protect or parent children.

The legislature determines that in order to perform their work, the safety of child protective services and child welfare services staff must be addressed.

NEW SECTION. Sec. 2. (1) The department of social and health services shall establish a work group to develop policies and protocols to address the safety of child protective services and child welfare services staff.

(2) The department of social and health services shall make recommendations regarding training to address recognition of highly volatile, hostile, and/or threatening situations and de-escalation and preventive safety measures.

(3) Membership of the work group shall include the following: Representatives of the children's administration of the department of social and health services, including representatives of child protective services staff and child welfare services staff from community service offices in largely rural areas of the state as well as urban areas; law enforcement; and prosecuting attorneys.

MESSAGE FROM THE SENATE

April 12, 2005

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1987, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 28A.655 RCW to read as follows:

By January 15, 2006, the office of the superintendent of public instruction, as part of any feasibility study of options for the alternative assessments under RCW 28A.655.061(11), shall review the course requirements and assessments in one or more representative career and technical programs that lead to industry certification to determine the alignment of the courses and assessments with the essential academic learning requirements measured in the high school Washington assessment of student learning. The purpose of the review is to determine if the certifications can be used as evidence that a student has met the standards measured by the Washington assessment of student learning. The review also shall evaluate the statewide availability and use of the certifications. As part of the review, the superintendent shall make a determination of the extent to which the certifications are equivalent in rigor to the reading, writing, mathematics, or science Washington assessments of student learning, and whether they should be used as alternative assessments. The superintendent also shall develop a process for reviewing additional industry certification programs after the initial review.

Sec. 2. RCW 28A.655.061 and 2004 c 19 s 101 are each amended to read as follows:

(1) The high school assessment system shall include but need not be limited to the Washington assessment of student learning, opportunities for a student to retake the content areas of the assessment in which the student was not successful, ~~((and if approved by the legislature pursuant to subsection (11) of this section,))~~ one or more objective alternative assessments for a student to demonstrate achievement of state academic standards, and any appeals process. The objective alternative assessments

for each content area shall be ~~((comparable))~~ equivalent in rigor to the skills and knowledge that the student must demonstrate on the Washington assessment of student learning for each content area.

(2) Subject to the conditions in this section, a certificate of academic achievement shall be obtained by most students at about the age of sixteen, and is evidence that the students have successfully met the state standard in the content areas included in the certificate. With the exception of students satisfying the provisions of RCW 28A.155.045, acquisition of the certificate is required for graduation from a public high school but is not the only requirement for graduation.

(3) Beginning with the graduating class of 2008, with the exception of students satisfying the provisions of RCW 28A.155.045, a student who meets the state standards on the reading, writing, and mathematics content areas of the high school Washington assessment of student learning shall earn a certificate of academic achievement. If a student does not successfully meet the state standards in one or more content areas required for the certificate of academic achievement, then the student may retake the assessment in the content area up to four times at no cost to the student. If the student successfully meets the state standards on a retake of the assessment then the student shall earn a certificate of academic achievement. Once objective alternative assessments are ~~((authorized))~~ implemented pursuant to subsection (11) of this section, a student may use the objective alternative assessments to demonstrate that the student successfully meets the state standards for that content area if the student has retaken the Washington assessment of student learning at least once. If the student successfully meets the state standards on the objective alternative assessments then the student shall earn a certificate of academic achievement. The student's transcript shall note whether the certificate of academic achievement was acquired by means of the Washington assessment of student learning or by an alternative assessment.

(4) Beginning with the graduating class of 2010, a student must meet the state standards in science in addition to the other content areas required under subsection (3) of this section on the Washington assessment of student learning or the objective alternative assessments in order to earn a certificate of academic achievement.

(5) The state board of education may not require the acquisition of the certificate of academic achievement for students in home-based instruction under chapter 28A.200 RCW, for students enrolled in private schools under chapter 28A.195 RCW, or for students satisfying the provisions of RCW 28A.155.045.

(6) A student may retain and use the highest result from each successfully completed content area of the high school assessment. A student may combine content area results from the Washington assessment of student learning and any subsequent retakes of the assessment and results from any alternative assessments to demonstrate achievement of state academic standards.

(7) Beginning with the graduating class of 2006, the highest scale score and level achieved in each content area on the high school Washington assessment of student learning shall be displayed on a student's transcript. In addition, beginning with the graduating class of 2008, each student shall receive a scholar's designation on his or her transcript for each content area in which the student achieves level four the first time the student takes that content area assessment.

(8) Beginning in 2006, school districts must make available to students the following options:

(a) To retake the Washington assessment of student learning up to four times in the content areas in which the student did not meet the state standards if the student is enrolled in a public school; or

(b) To retake the Washington assessment of student learning up to four times in the content areas in which the student did not meet the state standards if the student is enrolled in a high school completion program at a community or technical college. The superintendent of public instruction and the state board for community and technical colleges shall jointly identify means by which students in these programs can be assessed.

(9) Students who achieve the standard in a content area of the high school assessment but who wish to improve their results shall pay for retaking the assessment, using a uniform cost determined by the superintendent of public instruction.

(10) Subject to available funding, the superintendent shall pilot opportunities for retaking the high school assessment beginning in the 2004-05 school year. Beginning no later than September 2006, opportunities to retake the assessment at least twice a year shall be available to each school district.

(11)~~(a)~~ The office of the superintendent of public instruction shall develop options for implementing objective alternative assessments~~((, which may include an appeals process,))~~ for students to demonstrate achievement of the state academic standards. The objective alternative assessments shall be ~~((comparable))~~ equivalent in rigor to the skills and knowledge that the student must demonstrate on the Washington assessment of student learning and be objective in its determination of student achievement of the state standards. Before any objective alternative assessments are used by a student to demonstrate that the student has met the state standards in a content area required to obtain a certificate, the ~~((legislature shall formally approve the use of any objective alternative assessments through the omnibus appropriations act or by statute or concurrent resolution))~~ superintendent of public instruction shall provide to the education committees of the legislature an opportunity to review any and all options developed and planned for implementation by January 15th of the school year before the school year planned for implementation.

(b) The office of the superintendent of public instruction shall pilot two or more alternative assessments in the 2005-06 school year, with the goal of implementing at least one alternative assessment in the 2006-07 school year. The superintendent of public instruction shall direct school districts to make available for student use any alternative assessments reviewed by the education committees of the legislature and deemed adequate by the superintendent of public instruction for implementation. The implementation shall begin with options that are complete and, to the extent funds are appropriated, the office of the superintendent of public instruction shall continue to develop, pilot, and implement additional alternative assessments. In its development and implementation of alternative assessments, the office of the superintendent of public instruction shall consult with parents, administrators, practicing classroom teachers including teachers in career and technical education, practicing principals, employers, tribal representatives from federally recognized tribes of Washington state and tribes that have signed the Washington state centennial accord, appropriate agencies, professional organizations, assessment experts, and other interested parties.

(12) ~~((By December 15, 2004, the house of representatives and senate education committees shall obtain information and conclusions from recognized, independent, national assessment experts regarding the validity and reliability of the high school Washington assessment of student learning for making individual student high school graduation determinations))~~ The office of the superintendent of public instruction shall develop appeals processes for use by students no later than the 2007-08 school year. The appeals processes shall be developed with criteria that can be consistently applied throughout the state.

(13) To help assure continued progress in academic achievement as a foundation for high school graduation and to assure that students are on track for high school graduation, each school district shall prepare plans for students as provided in this subsection (13).

(a) Student learning plans are required for eighth through twelfth grade students who ~~((were not successful))~~ did not score the level of proficient or above on any or all of the content areas of the Washington assessment for student learning during the previous school year. The plan shall include the courses, competencies, and other steps needed to be taken by the student to meet state academic standards and stay on track for graduation. This requirement shall be phased in as follows:

(i) Beginning no later than the 2004-05 school year ninth grade students as described in this subsection (13)(a) shall have a plan.

(ii) Beginning no later than the 2005-06 school year and every year thereafter eighth grade students as described in this subsection (13)(a) shall have a plan.

(iii) The parent or guardian shall be notified, preferably through a parent conference, of the student's results on the Washington assessment of student learning, actions the school intends to take to improve the student's skills in any content area in which the student was ~~((unsuccessful))~~ not proficient, strategies to help them improve their student's skills, and the content of the student's plan.

(iv) Progress made on the student plan shall be reported to the student's parents or guardian at least annually and adjustments to the plan made as necessary.

(b) Beginning with the 2005-06 school year and every year thereafter, all fifth grade students who ~~((were not successful))~~ did not score the level of proficient or above in one or more of the content areas of the fourth grade Washington assessment of student learning shall have a student learning plan.

(i) The parent or guardian of a student described in this subsection (13)(b) shall be notified, preferably through a parent conference, of the student's results on the Washington assessment of student learning, actions the school intends to take to improve the student's skills in any content area in which the student was ~~((unsuccessful))~~ not proficient, and provide strategies to help them improve their student's skills.

(ii) Progress made on the student plan shall be reported to the student's parents or guardian at least annually and adjustments to the plan made as necessary.

(14) Beginning in the 2005-06 school year and every year thereafter, each public high school shall notify students and parents, in the primary language of parents to the extent practicable, of the options under the high school assessment system and any appeals processes for students to demonstrate achievement of the state academic standards.

(15) Beginning in the 2005-06 school year and every year thereafter, each public high school shall notify students and parents, in the primary language of parents to the extent practicable, of the different courses and programs in career and technical education and those offered through area skill centers that provide students the skills and knowledge in those content areas assessed by the high school assessment system and included in the certificate of academic achievement."

On page 1, line 1 of the title, after "assessments;" strike the remainder of the title and insert "and adding a new section to chapter 28A.655 RCW."

and the same is herewith transmitted.

Thomas Hoemann, Secretary

SPEAKER'S RULING

The Speaker (Representative Lovick presiding): A scope and object ruling has been requested. Substitute House Bill No. 1987 is entitled an act relating to "alternative assessments". The bill as passed by the House directs the Superintendent of Public Instruction to examine a career and technical alternative to the high school Washington Assessment of Student Learning.

The Senate amendment includes the feasibility study found in the House bill, but also directs the establishment of pilot projects and an appeal process, removes the requirement for legislative approval of alternative assessments and an appeal process, and establishes standards for notifying parents of student options under the assessment system and of different courses and programs available.

While both the House and Senate versions of the bill relate to a career and technical alternative to the WASL, the House bill was narrowly drawn to encompass only a feasibility study. The Senate amendments make programmatic changes beyond the requirement for this study.

The Speaker therefore finds that the Senate amendment is beyond the scope and object of the bill as passed by the House.

The point of order is well taken."

There being no objection, the House refused to concur in the Senate amendments to SUBSTITUTE HOUSE BILL NO. 1987, and asked the Senate to recede therefrom.

The Speaker assumed the chair.

MESSAGE FROM THE SENATE

April 15, 2005

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1893, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that the quality of education for children who are deaf or hard of hearing and the expectations for those children's achievement should be equivalent to those for children throughout the state. The legislature also finds that deaf and hard of hearing children can benefit greatly if they are taught by an educator who is trained to understand the learning and communication issues the children face. Educators who received teacher training in a program for the deaf and hard of hearing are sensitive to the needs of deaf and hard of hearing students and are able to provide appropriate strategies to assist students in reacting to and interacting with their environment. The legislature intends to assist school districts in their efforts to attract teachers who are especially trained to work with deaf and hard of hearing students by directing the state board of education to establish a certification endorsement for teachers of the deaf and hard of hearing.

NEW SECTION. Sec. 2. A new section is added to chapter 28A.410 RCW to read as follows:

The state board of education, with advice from the professional educator standards board, shall develop certification endorsement requirements for teachers of deaf and hard of hearing students. The endorsement shall be focused on the specific skills and knowledge necessary to serve the education and communication needs of deaf and hard of hearing students. In establishing rules for the endorsement of teachers who will be working almost exclusively with students who are deaf or hard of hearing, the state board of education shall consider applicants to have met state endorsement requirements if they possess a baccalaureate or master's degree in deaf education from a teacher training program approved by the council on education of the deaf.

NEW SECTION. Sec. 3. A new section is added to chapter 28A.410 RCW to read as follows:

The definitions in this section apply throughout sections 4 and 5 of this act unless the context clearly requires otherwise.

(1) "Educational interpreters" means school district employees providing sign language translation and further explanation of concepts introduced by the teacher for students who are deaf, deaf-blind, or hard of hearing.

(2) "Educational interpreter written and performance assessment" means a national performance assessment offered by a national organization of professional sign language interpreters and transliterators, that is designed to evaluate more than one sign system or language.

NEW SECTION. Sec. 4. A new section is added to chapter 28A.410 RCW to read as follows:

(1) By 2009, educational interpreters must have completed the educational interpreter written and performance assessments, and must achieve the standard on both, established by the office of the superintendent of public instruction. For those interpreters not achieving the established standard, the interpreter must continue training until he or she is able to pass the assessments.

(2) By 2012, all educational interpreters must pass the written assessment, meet the standard on the educational interpreter performance assessment, and become nationally certified by the national association of the deaf registry of interpreters for the deaf.

NEW SECTION. Sec. 5. A new section is added to chapter 28A.410 RCW to read as follows:

(1) The state board of education, with advice from the professional educator standards board, shall develop educational staff associate certification requirements for educational interpreters of deaf and hard of hearing students. The certification shall focus on the specific skills and knowledge necessary to serve the educational and communication needs of deaf and hard of hearing students.

(2) In establishing rules of the educational staff associate certification for educational interpreters who will be working almost exclusively with students who are deaf or hard of hearing, the state board of education shall consider applicants to have met state endorsement requirements if they:

(a) Hold national certification and pass the educational interpreter performance assessment and written test at the standard established by the office of superintendent of public instruction; and

(b) Hold a bachelor's degree in education or educational interpreting from a regionally accredited institution of higher education; or a bachelor's degree in another field of study unrelated to education, from a regionally accredited institution of higher education and thirty hours of course work in education.

(3) The state board of education may adopt rules to implement this section."

On page 1, line 2 of the title, after "hearing;" strike the remainder of the title and insert "adding new sections to chapter 28A.410 RCW; and creating a new section."

and the same is herewith transmitted.

MESSAGE FROM THE SENATE

April 14, 2005

Mr. Speaker:

The Senate has passed ENGROSSED HOUSE BILL NO. 1003, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that off-road recreational vehicles (ORVs) provide opportunities for a wide variety of outdoor recreation activities. The legislature further finds that the limited amount of ORV recreation areas presents a challenge for ORV recreational users, natural resource land managers, and private landowners. The legislature further finds that many nonhighway roads provide opportunities for ORV use and that these opportunities may reduce conflicts between users and facilitate responsible ORV recreation. However, restrictions intended for motor vehicles may prevent ORV use on certain roads, including forest service roads. Therefore, the legislature finds that local, state, and federal jurisdictions should be given the flexibility to allow ORV use on nonhighway roads they own and manage or for which they are authorized to allow public ORV use under an easement granted by the owner. Nothing in this act authorizes trespass on private property.

Sec. 2. RCW 46.09.010 and 1972 ex.s. c 153 s 2 are each amended to read as follows:

The provisions of this chapter shall apply to all lands in this state. Nothing in this chapter (~~((43.09 RCW)), RCW ((67.32.050, 67.32.080, 67.32.100, 67.32.130 or 67.32.140))~~) 79A.35.040, 79A.35.070, 79A.35.090, 79A.35.110, and 79A.35.120 shall be deemed to grant to any person the right or authority to enter upon private property without permission of the property owner.

Sec. 3. RCW 46.09.120 and 2003 c 377 s 1 are each amended to read as follows:

- (1) It is a traffic infraction for any person to operate any nonhighway vehicle:
 - (a) In such a manner as to endanger the property of another;
 - (b) On lands not owned by the operator or owner of the nonhighway vehicle without a lighted headlight and taillight between the hours of dusk and dawn, or when otherwise required for the safety of others regardless of ownership;
 - (c) On lands not owned by the operator or owner of the nonhighway vehicle without an adequate braking device or when otherwise required for the safety of others regardless of ownership;
 - (d) Without a spark arrester approved by the department of natural resources;
 - (e) Without an adequate, and operating, muffling device which effectively limits vehicle noise to no more than eighty-six decibels on the "A" scale at fifty feet as measured by the Society of Automotive Engineers (SAE) test procedure J 331a, except that a maximum noise level of one hundred and five decibels on the "A" scale at a distance of twenty inches from the exhaust outlet shall be an acceptable substitute in lieu of the Society of Automotive Engineers test procedure J 331a when measured:
 - (i) At a forty-five degree angle at a distance of twenty inches from the exhaust outlet;

HOUSE BILL NO. 1128, as amended by the Senate, having received the constitutional majority, was declared passed.

MESSAGE FROM THE SENATE

April 14, 2005

Mr. Speaker:

The Senate has passed ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1152, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that parents are their children's first and most important teachers, caregivers, and decision makers. The legislature also recognizes that many parents are employed or in school and must seek services in their communities to assist with the care and support of their children. Welfare reform requires parents with low incomes to enter the work force while their children are young, increasing parents' need for the support of such resources. In seeking out resources in their communities to provide care and support for their children, parents throughout the state need and deserve to have the best possible information to help inform their choices about the care and education of their children.

The legislature also finds that research on brain development in young children establishes that early experiences are important to children's emotional, social, physical, and cognitive development. Research also shows a clear and compelling

connection between the quality of children's early childhood care and education experiences and later success in school and in life.

The legislature intends to build on the efforts of communities across the state to improve the quality of early learning environments available to children and their families, as well as the information available to families relating to those early learning environments. The legislature recognizes that efforts to improve early learning must build upon existing partnerships between the public and private sectors. The experiences and resources of both public and private entities are essential to making meaningful and lasting improvements in the quality of early learning environments across the state. Statewide leadership is needed to guide and support the efforts of the private and public sectors working together to make systemwide improvements in the quality, affordability, and accessibility of early learning opportunities.

The legislature intends to establish an effective oversight body, composed of representation from the public and private sectors, to provide leadership and vision to strengthen the quality of early learning services and programs for all children and families in the state and to ensure that children enter school ready to succeed.

NEW SECTION. Sec. 2. The definitions in this section apply throughout sections 1 through 6 of this act unless the context clearly requires otherwise.

(1) "Early learning programs and services" include the following: Child care; state, private, and nonprofit preschool programs; child care subsidy programs; and training and professional development programs for early learning professionals.

(2) "Council" means the Washington early learning council.

NEW SECTION. Sec. 3. (1) The Washington early learning council is established in the governor's office. The purpose of the council is to provide vision, leadership, and direction to the improvement, realignment, and expansion of early learning programs and services for children birth to five years of age in order to better meet the early learning needs of children and their families. The goal of the council is to build upon existing efforts and recommend new initiatives, as necessary, to create an adequately financed, high-quality, accessible, and comprehensive early learning system that benefits all young children whose parents choose it.

(2) The council shall develop an early learning plan to improve the organization of early learning programs and services at the state level, and to improve the accessibility and quality of early learning programs and services throughout the state.

(a) By November 15, 2005, the council shall make recommendations to the governor and the appropriate committees of the legislature concerning statewide organization of early learning.

(b) The council shall also make recommendations to the governor and the appropriate committees of the legislature concerning the following:

(i) Identification of current populations being served and potential populations to be served by early learning programs and services;

(ii) The state's role in supporting quality early learning programs and services;

(iii) Appropriate levels and sources of stable and sustainable funding to meet statewide and local need for early learning programs and services, including public-private partnerships;

(iv) Changes in existing early learning programs and services, including the administration of those programs and services, to improve their efficiency, effectiveness, and quality;

(v) Changes in existing early learning programs and services to ensure that the content is aligned with what children need to know and be able to do upon entering school;

(vi) How to maximize available early learning resources to ensure children are receiving continuity of care; and

(vii) Providing for smooth transitions from early learning programs and services to K-12 programs.

(c) As provided in sections 5 and 6 of this act, the council shall focus on quality improvements to licensed child care through the following mechanisms:

(i) A voluntary, quality-based, graduated rating system to provide information to parents on the quality of child care programs and to provide resources and incentives for quality improvements; and

(ii) A tiered-reimbursement system for state-subsidized child care to improve the quality of care for children participating in state-funded care.

(1) In consultation with the children's services advisory committee, and with the advice and assistance of persons representative of the various type agencies to be licensed, to designate categories of facilities for which separate or different requirements shall be developed as may be appropriate whether because of variations in the ages, sex and other characteristics of persons served, variations in the purposes and services offered or size or structure of the agencies to be licensed hereunder, or because of any other factor relevant thereto;

(2) In consultation with the children's services advisory committee, and with the advice and assistance of persons representative of the various type agencies to be licensed, to adopt and publish minimum requirements for licensing applicable to each of the various categories of agencies to be licensed.

The minimum requirements shall be limited to:

No unfounded allegation of child abuse or neglect as defined in RCW 26.44.020 may be disclosed to a child-placing agency, private adoption agency, or any other provider licensed under this chapter. In order to determine the suitability of applicants for an agency license, licensees, their employees, and other persons who have unsupervised access to children in care, and who have not resided in the state of Washington during the three-year period before being authorized to care for children shall be fingerprinted. The fingerprints shall be forwarded to the Washington state patrol and federal bureau of investigation for a criminal history records check. The fingerprint criminal history records checks will be at the expense of the licensee except that in the case of a foster family home, if this expense would work a hardship on the licensee, the department shall pay the expense. The licensee may not pass this cost on to the employee or prospective employee, unless the employee is determined to be unsuitable due to his or her criminal history record. The secretary shall use the information solely for the purpose of determining eligibility for a license and for determining the character, suitability, and competence of those persons or agencies, excluding parents, not required to be licensed who are authorized to care for children, expectant mothers, and developmentally disabled persons. (3) To investigate any person, including relatives by blood or marriage except for parents, for character, suitability, and competence in the care and treatment of children, expectant mothers, and developmentally disabled persons prior to authorizing that person to care for children, expectant mothers, and developmentally disabled persons. However, if a child is placed with a relative under RCW 13.34.065 or 13.34.130, and if such relative appears otherwise suitable and competent to provide care and treatment the criminal history background check required by this section need not be completed before placement, but shall be completed as soon as possible after placement;

(4) On reports of alleged child abuse and neglect, to investigate agencies in accordance with chapter 26.44 RCW, including child day-care centers and family day-care homes, to determine whether the alleged abuse or neglect has occurred, and whether child protective services or referral to a law enforcement agency is appropriate;

(5) To issue, revoke, or deny licenses to agencies pursuant to chapter 74.15 RCW and RCW 74.13.031. Licenses shall specify the category of care which an agency is authorized to render and the ages, sex and number of persons to be served;

(6) To prescribe the procedures and the form and contents of reports necessary for the administration of chapter 74.15 RCW and RCW 74.13.031 and to require regular reports from each licensee;

(7) To inspect agencies periodically to determine whether or not there is compliance with chapter 74.15 RCW and RCW 74.13.031 and the requirements adopted hereunder;

(9) To consult with public and private agencies in order to help them improve their methods and facilities for the care of children, expectant mothers and developmentally disabled persons.

SUBSTITUTE HOUSE BILL NO. 1478, as amended by the Senate, having received the constitutional majority, was declared passed.

MESSAGE FROM THE SENATE

April 6, 2005

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1640, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that there are factors unique to the relationship between a manufactured/mobile homeowner and a manufactured/mobile home park owner. Once occupancy has commenced, the difficulty and expense in moving and relocating a manufactured/mobile home can affect the operation of market forces, and lead to an inequality of the bargaining position of the parties. Once occupancy has commenced, a homeowner may be subject to violations of the manufactured/mobile home landlord-tenant act or unfair practices without a timely and cost-effective conflict resolution

process. Although a homeowner, landlord, or park owner may take legal action as prescribed in the manufactured/mobile home landlord-tenant act, the judicial process is often time and cost prohibitive. This act is created for the purpose of protecting the public, fostering fair and honest competition, and regulating the factors unique to the relationship between the manufactured/mobile homeowner and park owner.

(2) The legislature finds that taking legal action against a park owner for violations of the manufactured/mobile home landlord-tenant act can be a costly and lengthy process, and that many people cannot afford to pursue a court process to vindicate statutory rights. Park owners similarly are impacted by legal fees and lengthy proceedings resulting from pursuing a remedy through the legal system and would also, therefore, benefit from having access to an appropriate, effective process that resolves disputes quickly and efficiently.

(3) Therefore, it is the intent of the legislature to provide a less costly and more efficient way for manufactured/mobile homeowners and park owners to resolve disputes, and to provide a mechanism for state authorities to quickly locate owners of manufactured housing communities. The legislature further intends to authorize the department of community, trade, and economic development to:

(a) Register mobile home parks or manufactured housing communities and report upon data to the appropriate committees of the legislature by December 31, 2005;

(b) Expand its current ombudsman program by hiring or contracting with additional persons to conduct a greater number of investigations of alleged violations of the manufactured/mobile home landlord-tenant act; and

(c) Collect and report upon data related to conflicts and violations to the appropriate committees of the legislature by December 31, 2005.

(4) If after receiving the reports under subsection (3) of this section, the legislature finds that the provisions of this act authorizing the department to register mobile/manufactured home communities, investigate complaints, clarify existing law, and work to resolve disputes in good faith voluntarily prove insufficient to adequately protect the rights and responsibilities of mobile home park tenants and owners, it is the intent of the legislature to find other methods for resolution in the future.

NEW SECTION. Sec. 2. The definitions in this section apply throughout this act unless the context requires otherwise.

(1) "Department" means the department of community, trade, and economic development.

(2) "Director" means the director of the department of community, trade, and economic development.

(3) "Mobile home park" or "manufactured housing community" means any real property that is rented or held out for rent to others for the placement of two or more mobile homes, manufactured homes, or park models for the primary purpose of production of income, except when the real property is rented or held out for rent for seasonal recreational purposes only and is not intended for year-round occupancy.

(4) "Landlord" or "park owner" means the owner of a mobile home park or a manufactured housing community and includes the agents of the landlord.

(5) "Tenant" or "homeowner" means any person, except a transient, who rents or occupies a mobile home lot.

(6) "Owner" means one or more persons, jointly or severally, in whom is vested:

(a) All or part of the legal title to the real property; or

(b) All or part of the beneficial ownership, and a right to present use and enjoyment of the real property.

(7) "Unfair practice" means any act that would constitute an unfair or deceptive act or practice under chapter 19.86 RCW.

(8) "Complainant" means a landlord, park owner, tenant, or homeowner, who has a complaint alleging an unfair practice or violation of chapter 59.20 RCW.

(9) "Respondent" means a landlord, park owner, tenant, or homeowner, alleged to have committed an unfair practice or violation of chapter 59.20 RCW.

NEW SECTION. Sec. 3. (1) A complainant shall have the right to file a complaint with the department alleging an unfair practice or a violation of chapter 59.20 RCW.

(2) The complainant must provide written notice to the respondent prior to notifying the department of an alleged violation of chapter 59.20 RCW or unfair practice. If the complaint is not remedied within the time frame provided by RCW 59.20.080 for tenant violations or 59.20.200 for landlord violations, the complainant may then file a complaint with the department.

(3) The department may:

(a) Investigate the alleged violations at its discretion upon receipt of a complaint alleging unfair practices or violations of chapter 59.20 RCW;

(b) Utilize investigative ombudsman staff or contractors to investigate and evaluate complaints alleging unfair practices or violations of chapter 59.20 RCW;

(c) Discuss the issues surrounding or relating to the complaint with the complainant, respondent, or any witnesses, either individually or jointly;

(d) Explain options available to the complainant or respondent, including the involvement of other agencies; and

(e) Negotiate an agreement that is agreed upon by both the complainant and the respondent.

(4) The department may require or permit any person to file a complaint or statement in writing or otherwise as the department determines, as to the facts and circumstances concerning a matter to be investigated.

(5) The department has the power to employ investigative, administrative, and clerical staff as necessary for administration of this act.

(6)(a) Complainants and respondents shall cooperate with the department in the course of an investigation by:

(i) Furnishing any papers or documents requested;

(ii) Furnishing in writing an explanation covering the matter contained in a complaint when requested by the department; and

(iii) Allowing authorized access to department representatives for inspection of mobile home parks/manufactured housing community facilities relevant to the alleged violation being investigated.

(b) Failure to cooperate with the department in the course of an investigation is a violation of this act.

(7) After the department has completed its investigation and other duties, the department shall compile a written report documenting the process and resolution of the complaint investigation. Under no circumstances shall the department make or issue any finding, conclusion, decision, or ruling on whether there was a violation of chapter 59.20 or 19.86 RCW.

(8) By December 31, 2005, the department shall submit a summary report of its activities under this act during the period after the effective date of this act, through December 31, 2005, to the house of representatives housing committee and the senate committee on financial institutions, housing and consumer protection, including:

(a) The number of complaints received;

(b) The nature and extent of the complaints received;

(c) The actions taken on each complaint by the department;

(d) Recommendations on what further changes in law are necessary to resolve disputes;

(e) Recommendations on changes to the department's ombudsman and investigative programs;

(f) Recommendations on resources necessary to retain or improve the program; and

(g) Recommendations on whether a formal mobile/manufactured home landlord-tenant act enforcement and administrative hearing process should be adopted and how such a process should be structured.

(9) The department shall ensure that notice of the ombudsman complaint resolution program is given to each mobile/manufactured home landlord or park owner and each mobile home unit owner or tenant. The landlord shall post an easily visible notice in all common areas of mobile/manufactured home communities, including in each clubhouse, summarizing mobile home park tenant rights and responsibilities, in a style and format to be determined by the department, and including a toll-free telephone number that mobile home park owners and tenants can use to seek additional information and communicate complaints.

(10) This section is not exclusive and does not limit the right of landlords or tenants to take legal action against another party as provided in chapter 59.20 RCW or otherwise. Exhaustion of this ombudsman remedy process is not required before bringing legal action. This act is not subject to chapter 34.05 RCW. This section does not apply to unlawful detainer actions initiated under chapters 59.20, 59.12, and 59.18 RCW; however, a tenant is not precluded from seeking relief under this act if the complaint claims the notice of termination violates RCW 59.20.080. Filing a complaint with the department is not a defense nor shall it in any way delay or otherwise affect an unlawful detainer action. Department-written reports documenting the process and resolution of the complaint investigation, any written explanation covering the matter requested by the department, any other documents or papers requested or produced by the department, or any other record of the complaint may be admissible only for purposes of impeachment in any unlawful detainer or other administrative or legal action in regard to chapter 59.20 RCW.

NEW SECTION. Sec. 4. The director or individuals acting on the director's behalf are immune from suit in any action, civil or criminal, based upon any disciplinary actions or other official acts performed in the course of their duties under this act, except their intentional or willful misconduct.

MESSAGE FROM THE SENATE

April 15, 2005

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1687, with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 9.41.040 and 2003 c 53 s 26 are each amended to read as follows:

(1)(a) A person, whether an adult or juvenile, is guilty of the crime of unlawful possession of a firearm in the first degree, if the person owns, has in his or her possession, or has in his or her control any firearm after having previously been convicted or found not guilty by reason of insanity in this state or elsewhere of any serious offense as defined in this chapter.

(b) Unlawful possession of a firearm in the first degree is a class B felony punishable according to chapter 9A.20 RCW.

(2)(a) A person, whether an adult or juvenile, is guilty of the crime of unlawful possession of a firearm in the second degree, if the person does not qualify under subsection (1) of this section for the crime of unlawful possession of a firearm in the first degree and the person owns, has in his or her possession, or has in his or her control any firearm:

(i) After having previously been convicted or found not guilty by reason of insanity in this state or elsewhere of any felony not specifically listed as prohibiting firearm possession under subsection (1) of this section, or any of the following crimes when committed by one family or household member against another, committed on or after July 1, 1993: Assault in the fourth degree, coercion, stalking, reckless endangerment, criminal trespass in the first degree, or violation of the provisions of a protection order or no-contact order restraining the person or excluding the person from a residence (RCW 26.50.060, 26.50.070, 26.50.130, or 10.99.040);

(ii) After having previously been involuntarily committed for mental health treatment under RCW 71.05.320, 71.34.090, chapter 10.77 RCW, or equivalent statutes of another jurisdiction, unless his or her right to possess a firearm has been restored as provided in RCW 9.41.047;

(iii) If the person is under eighteen years of age, except as provided in RCW 9.41.042; and/or

(iv) If the person is free on bond or personal recognizance pending trial, appeal, or sentencing for a serious offense as defined in RCW 9.41.010.

(b) Unlawful possession of a firearm in the second degree is a class C felony punishable according to chapter 9A.20 RCW.

(3) Notwithstanding RCW 9.41.047 or any other provisions of law, as used in this chapter, a person has been "convicted", whether in an adult court or adjudicated in a juvenile court, at such time as a plea of guilty has been accepted, or a verdict of guilty has been filed, notwithstanding the pendency of any future proceedings including but not limited to sentencing or disposition, post-trial or post-factfinding motions, and appeals. Conviction includes a dismissal entered after a period of probation, suspension or deferral of sentence, and also includes equivalent dispositions by courts in jurisdictions other than Washington state. A person shall not be precluded from possession of a firearm if the conviction has been the subject of a pardon, annulment, certificate of rehabilitation, or other equivalent procedure based on a finding of the rehabilitation of the person convicted or the conviction or disposition has been the subject of a pardon, annulment, or other equivalent procedure based on a finding of innocence. Where no record of the court's disposition of the charges can be found, there shall be a rebuttable presumption that the person was not convicted of the charge.

(4) Notwithstanding subsection (1) or (2) of this section, a person convicted or found not guilty by reason of insanity of an offense prohibiting the possession of a firearm under this section other than murder, manslaughter, robbery, rape, indecent liberties, arson, assault, kidnapping, extortion, burglary, or violations with respect to controlled substances under RCW 69.50.401 and 69.50.410, who received a probationary sentence under RCW 9.95.200, and who received a dismissal of the charge under RCW 9.95.240, shall not be precluded from possession of a firearm as a result of the conviction or finding of not guilty by reason of insanity. Notwithstanding any other provisions of this section, if a person is prohibited from possession of a firearm under subsection (1) or (2) of this section and has not previously been convicted or found not guilty by reason of insanity of a sex offense prohibiting firearm ownership under subsection (1) or (2) of this section and/or any felony defined under any law as a class A felony or with a maximum sentence of at least twenty years, or both, the individual may petition a court of record to have his or her right to possess a firearm restored:

(a) Under RCW 9.41.047; and/or

(b)(i) If the conviction or finding of not guilty by reason of insanity was for a felony offense, after five or more consecutive years in the community without being convicted or found not guilty by reason of insanity or currently charged with any felony, gross misdemeanor, or misdemeanor crimes, if the individual has no prior felony convictions that prohibit the possession of a firearm counted as part of the offender score under RCW 9.94A.525; or

(ii) If the conviction or finding of not guilty by reason of insanity was for a nonfelony offense, after three or more consecutive years in the community without being convicted or found not guilty by reason of insanity or currently charged with any felony, gross misdemeanor, or misdemeanor crimes, if the individual has no prior felony convictions that prohibit the possession of a firearm counted as part of the offender score under RCW 9.94A.525 and the individual has completed all conditions of the sentence.

(5) In addition to any other penalty provided for by law, if a person under the age of eighteen years is found by a court to have possessed a firearm in a vehicle in violation of subsection (1) or (2) of this section or to have committed an offense while armed with a firearm during which offense a motor vehicle served an integral function, the court shall notify the department of licensing within twenty-four hours and the person's privilege to drive shall be revoked under RCW 46.20.265.

(6) Nothing in chapter 129, Laws of 1995 shall ever be construed or interpreted as preventing an offender from being charged and subsequently convicted for the separate felony crimes of theft of a firearm or possession of a stolen firearm, or both, in addition to being charged and subsequently convicted under this section for unlawful possession of a firearm in the first or second degree. Notwithstanding any other law, if the offender is convicted under this section for unlawful possession of a firearm in the first or second degree and for the felony crimes of theft of a firearm or possession of a stolen firearm, or both, then the offender shall serve consecutive sentences for each of the felony crimes of conviction listed in this subsection.

(7) Each firearm unlawfully possessed under this section shall be a separate offense.

Sec. 2. RCW 9.41.047 and 1996 c 295 s 3 are each amended to read as follows:

(1) At the time a person is convicted or found not guilty by reason of insanity of an offense making the person ineligible to possess a firearm, or at the time a person is committed by court order under RCW 71.05.320, 71.34.090, or chapter 10.77 RCW for mental health treatment, the convicting or committing court shall notify the person, orally and in writing, that the person must immediately surrender any concealed pistol license and that the person may not possess a firearm unless his or her right to do so is restored by a court of record. For purposes of this section a convicting court includes a court in which a person has been found not guilty by reason of insanity.

The convicting or committing court also shall forward a copy of the person's driver's license or identicaid, or comparable information, to the department of licensing, along with the date of conviction or commitment.

(2) Upon receipt of the information provided for by subsection (1) of this section, the department of licensing shall determine if the convicted or committed person has a concealed pistol license. If the person does have a concealed pistol license, the department of licensing shall immediately notify the license-issuing authority which, upon receipt of such notification, shall immediately revoke the license.

(3)(a) A person who is prohibited from possessing a firearm, by reason of having been involuntarily committed for mental health treatment under RCW 71.05.320, 71.34.090, chapter 10.77 RCW, or equivalent statutes of another jurisdiction may, upon discharge, petition a court of record to have his or her right to possess a firearm restored. At the time of commitment, the court shall specifically state to the person that he or she is barred from possession of firearms.

(b) The secretary of social and health services shall develop appropriate rules to create an approval process under this subsection. The rules must provide for the restoration of the right to possess a firearm upon a showing in a court of competent jurisdiction that the person is no longer required to participate in an inpatient or outpatient treatment program, is no longer required to take medication to treat any condition related to the commitment, and does not present a substantial danger to himself or herself, others, or the public. Unlawful possession of a firearm under this subsection shall be punished as a class C felony under chapter 9A.20 RCW.

(c) A person petitioning the court under this subsection (3) shall bear the burden of proving by a preponderance of the evidence that the circumstances resulting in the commitment no longer exist and are not reasonably likely to recur. If a preponderance of the evidence in the record supports a finding that the person petitioning the court has engaged in violence and that it is more likely than not that the person will engage in violence after his or her right to possess a firearm is restored, the person shall bear the burden of proving by clear, cogent, and convincing evidence that he or she does not present a substantial danger to the safety of others.

(4) No person who has been found not guilty by reason of insanity may petition a court for restoration of the right to possess a firearm unless the person meets the requirements for the restoration of the right to possess a firearm under RCW 9.41.040(4).

Sec. 3. RCW 9.41.060 and 1998 c 253 s 2 are each amended to read as follows:

(8) Any person engaging in a lawful outdoor recreational activity such as hunting, fishing, camping, hiking, or horseback riding, only if, considering all of the attendant circumstances, including but not limited to whether the person has a valid hunting or fishing license, it is reasonable to conclude that the person is participating in lawful outdoor activities or is traveling to or from a legitimate outdoor recreation area;

(9) Any person while carrying a pistol unloaded and in a closed opaque case or secure wrapper; or

(10) Law enforcement officers retired for service or physical disabilities, except for those law enforcement officers retired because of mental or stress-related disabilities. (c) Conviction of the licensee for a third violation of this chapter within five calendar years; or

(d) An order that the licensee forfeit a firearm under RCW 9.41.098(1)(d).

(b) Upon discovering a person issued a concealed pistol license was ineligible for the license, the issuing authority shall contact the department of licensing to determine whether the person purchased a pistol while in possession of the license. If the person did purchase a pistol while in possession of the concealed pistol license, if the person may not lawfully possess a pistol without a concealed pistol license, the issuing authority shall require the person to present satisfactory evidence of having lawfully transferred ownership of the pistol. The issuing authority shall require the person to produce the evidence within fifteen days of the revocation of the license.

(3) When a licensee is ordered to forfeit a firearm under RCW 9.41.098(1)(d), the issuing authority shall:

(a) On the first forfeiture, revoke the license for one year;

(b) On the second forfeiture, revoke the license for two years; or

(c) On the third or subsequent forfeiture, revoke the license for five years.

Any person whose license is revoked as a result of a forfeiture of a firearm under RCW 9.41.098(1)(d) may not reapply for a new license until the end of the revocation period.

The officers are obligated to keep the information confidential in accordance with this chapter;

(10) To the secretary for assistance in data collection and program evaluation or research, provided that the secretary adopts rules for the conduct of such evaluation and research. The rules shall include, but need not be limited to, the requirement that all evaluators and researchers sign an oath of confidentiality substantially as follows:

"As a condition of conducting evaluation or research concerning persons who have received services from (fill in the facility, agency, or person) I,, agree not to divulge, publish, or otherwise make known to unauthorized persons or the public any information obtained in the course of such evaluation or research regarding minors who have received services in a manner such that the minor is identifiable.

I recognize that unauthorized release of confidential information may subject me to civil liability under state law.

(12) To appropriate law enforcement agencies and to a person, when the identity of the person is known to the public or private agency, whose health and safety has been threatened, or who is known to have been repeatedly harassed, by the patient. The person may designate a representative to receive the disclosure. The disclosure shall be made by the professional person in charge of the public or private agency or his or her designee and shall include the dates of admission, discharge, authorized or unauthorized absence from the agency's facility, and only such other information that is pertinent to the threat or harassment. MESSAGE FROM THE SENATE

April 7, 2005

Mr. Speaker:

The Senate has passed ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1688, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that:

(1) Since the enactment of health planning and development legislation in 1979, the widespread adoption of new health care technologies has resulted in significant advancements in the diagnosis and treatment of disease, and has enabled substantial expansion of sites where complex care and surgery can be performed;

(2) New and existing technologies, supply sensitive health services, and demographics have a substantial effect on health care expenditures. Yet, evidence related to their effectiveness is not routinely or systematically considered in decision making regarding widespread adoption of these technologies and services. The principles of evidence-based medicine call for comprehensive review of data and studies related to a particular health care service or device, with emphasis given to high quality, objective studies. Findings regarding the effectiveness of these health services or devices should then be applied to increase the likelihood that they will be used appropriately;

(3) The standards governing whether a certificate of need should be granted in RCW 70.38.115 focus largely on broad concepts of access to and availability of health services, with only limited consideration of cost-effectiveness. Moreover, the standards do not provide explicit guidance for decision making or evaluating competing certificate of need applications; and

(4) The certificate of need statute plays a vital role and should be reexamined and strengthened to reflect changes in health care delivery and financing since its enactment.

NEW SECTION. Sec. 2. (1) A task force is created to study and prepare recommendations to the governor and the legislature related to improving and updating the certificate of need program in chapter 70.38 RCW. The report must be submitted to the governor and appropriate committees of the legislature by November 1, 2006.

(2) Members of the task force must be appointed by the governor. The task force members shall elect a member of the task force to serve as chair. Members of the task force include:

(a) Four representatives of the legislature, including one member appointed by each caucus of the house of representatives and the senate;

(b) Two representatives of private employer-sponsored health benefits purchasers;

(c) One representative of labor organizations that purchase health benefits through Taft-Hartley plans;

(d) One representative of health carriers;

(e) Two representatives of health care consumers;

(f) One health care economist;

(g) The secretary of the department of social and health services, or his or her designee;

(h) The administrator of the health care authority, or his or her designee;

(i) The secretary of the department of health; and

(j) Two health care provider representatives, chosen by the members of the technical advisory committee established in subsection (3) of this section, from among the members of that committee.

(3) The task force shall establish one or more technical advisory committees composed of affected health care providers and other individuals or entities who can serve as a source of technical expertise. The task force shall actively consult with, and solicit recommendations from, the technical advisory committee or committees regarding issues under consideration by the task force.

(4) Subject to the availability of amounts appropriated for this specific purpose, staff support for the task force shall be provided by the health care authority. The health care authority shall contract for technical expertise necessary to complete the responsibilities of the task force. Legislative members of the task force shall be reimbursed for travel expenses in accordance with RCW 44.04.120. Nonlegislative members, except those representing an employer or organization, are entitled to be reimbursed for travel expenses in accordance with RCW 43.03.050.

NEW SECTION. Sec. 3. (1) In conducting the certificate of need study and preparing recommendations, the task force shall be guided by the following principles:

(a) The supply of a health service can have a substantial impact on utilization of the service, independent of the effectiveness, medical necessity, or appropriateness of the particular health service for a particular individual;

(b) Given that health care resources are not unlimited, the impact of any new health service or facility on overall health expenditures in the state must be considered;

(c) Given our increasing ability to undertake technology assessment and measure the quality and outcomes of health services, the likelihood that a requested new health facility, service, or equipment will improve health care quality and outcomes must be considered; and

(d) It is generally presumed that the services and facilities currently subject to certificate of need should remain subject to those requirements.

(2) The task force shall, at a minimum, examine and develop recommendations related to the following issues:

(a) The need for a new and regularly updated set of service and facility specific policies that guide certificate of need decisions;

(b) A review of the purpose and goals of the current certificate of need program, including the relationship between the supply of health services and health care outcomes and expenditures in Washington state;

(c) The scope of facilities, services, and capital expenditures that should be subject to certificate of need review, including consideration of the following:

(i) Acquisitions of major medical equipment, meaning a single unit of medical equipment or a single system of components with related functions used to provide medical and other health services;

(ii) Major capital expenditures. Capital expenditures for information technology needed to support electronic health records should be encouraged;

(iii) The offering or development of any new health services, as defined in RCW 70.38.025, that meets any of the following:

(A) The obligation of substantial capital expenditures by or on behalf of a health care facility that is associated with the addition of a health service that was not offered on a regular basis by or on behalf of the health care facility within the twelve-month period prior to the time the services would be offered;

(B) The addition of equipment or services, by transfer of ownership, acquisition by lease, donation, transfer, or acquisition of control, through management agreement or otherwise, that was not offered on a regular basis by or on behalf of the health care facility or the private office of a licensed health care provider regulated under Title 18 RCW or chapter 70.127 RCW within the twelve-month period prior to the time the services would be offered and that for the third fiscal year of operation, including a partial first year following acquisition of that equipment or service, is projected to entail substantial incremental operating costs or annual gross revenue directly attributable to that health service;

(iv) The scope of health care facilities subject to certificate of need requirements, to include consideration of hospitals, including specialty hospitals, psychiatric hospitals, nursing facilities, kidney disease treatment centers including freestanding hemodialysis facilities, rehabilitation facilities, ambulatory surgical facilities, freestanding emergency rooms or urgent care facilities, home health agencies, hospice agencies and hospice care centers, freestanding radiological service centers, freestanding cardiac catheterization centers, or cancer treatment centers. "Health care facility" includes the office of a private health care practitioner in which surgical procedures are performed;

(d) The criteria for review of certificate of need applications, as currently defined in RCW 70.38.115, with the goal of having criteria that are consistent, clear, technically sound, and reflect state law, including consideration of:

(i) Public need for the proposed services as demonstrated by certain factors, including, but not limited to:

(A) Whether, and the extent to which, the project will substantially address specific health problems as measured by health needs in the area to be served by the project;

(B) Whether the project will have a positive impact on the health status indicators of the population to be served;

(C) Whether there is a substantial risk that the project would result in inappropriate increases in service utilization or the cost of health services;

(D) Whether the services affected by the project will be accessible to all residents of the area proposed to be served; and

(E) Whether the project will provide demonstrable improvements in quality and outcome measures applicable to the services proposed in the project, including whether there is data to indicate that the proposed health services would constitute innovations in high quality health care delivery;

(ii) Impact of the proposed services on the orderly and economic development of health facilities and health resources for the state as demonstrated by:

(A) The impact of the project on total health care expenditures after taking into account, to the extent practical, both the costs and benefits of the project and the competing demands in the local service area and statewide for available resources for health care;

(B) The impact of the project on the ability of existing affected providers and facilities to continue to serve uninsured or underinsured residents of the community and meet demands for emergency care;

(C) The availability of state funds to cover any increase in state costs associated with utilization of the project's services; and

(D) The likelihood that more effective, more accessible, or less costly alternative technologies or methods of service delivery may become available;

(e) The timeliness and consistency of certificate of need reviews and decisions, the sufficiency and use of resources available to the department of health to conduct timely reviews, the means by which the department of health projects future need

for services, the ability to reflect differences among communities and approaches to providing services, and clarification on the use of the concurrent review process; and

(f) Mechanisms to monitor ongoing compliance with the assumptions made by facilities that have received either a certificate of need or an exemption to a certificate of need, including those related to volume, the provision of charity care, and access to health services to medicaid and medicare beneficiaries as well as underinsured and uninsured members of the community.

(3) In developing its recommendations, the task force shall consider the results of a performance audit of the department of health regarding its administration and implementation of the certificate of need program. The audit shall be conducted by the joint legislative audit and review committee, and be completed by July 1, 2006.

NEW SECTION. Sec. 4. If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2005, in the omnibus appropriations act, this act is null and void."

On page 1, line 2 of the title, after "issues;" strike the remainder of the title and insert "and creating new sections."

and the same is herewith transmitted.

MESSAGE FROM THE SENATE

April 15, 2005

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1756, with the following amendment:

Strike everything after the enacting clause and insert the following:

"PART I - CITY FIRE DEPARTMENTS

NEW SECTION. Sec. 101. The legislature intends for city fire departments to set standards for addressing the reporting and accountability of substantially career fire departments, and to specify performance measures applicable to response time objectives for certain major services. The legislature acknowledges the efforts of the international city/county management association, the international association of fire chiefs, and the national fire protection association for the organization and deployment of resources for fire departments. The arrival of first responders with automatic external defibrillator capability before the onset of brain death, and the arrival of adequate fire suppression resources before flash-over is a critical event during the mitigation of an emergency, and is in the public's best interest. For these reasons, this chapter contains performance measures, comparable to that research, relating to the organization and deployment of fire suppression operations, emergency medical operations, and special operations by substantially career fire departments. This chapter does not, and is not intended to, in any way modify or limit the authority of cities and towns to set levels of service.

NEW SECTION. Sec. 102. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Advanced life support" means functional provision of advanced airway management, including intubation, advanced cardiac monitoring, manual defibrillation, establishment and maintenance of intravenous access, and drug therapy.

(2) "Aircraft rescue and fire fighting" means the fire fighting actions taken to rescue persons and to control or extinguish fire involving or adjacent to aircraft on the ground.

(3) "Brain death" as defined by the American heart association means the irreversible death of brain cells that begins four to six minutes after cardiac arrest.

(4) "City" means a first class city or a second class city that provides fire protection services in a specified geographic area.

(5) "Fire department" means a city or town fire department responsible for fire fighting actions, emergency medical services, and other special operations in a specified geographic area. The department must be a substantially career fire department, and not a substantially volunteer fire department.

(6) "Fire suppression" means the activities involved in controlling and extinguishing fires.

(7) "First responder" means provision of initial assessment and basic first-aid intervention, including cardiac pulmonary resuscitation and automatic external defibrillator capability.

(8) "Flash-over" as defined by national institute of standards and technology means when all combustibles in a room burst into flame and the fire spreads rapidly.

(9) "Marine rescue and fire fighting" means the fire fighting actions taken to prevent, control, or extinguish fire involved in or adjacent to a marine vessel and the rescue actions for occupants using normal and emergency routes for egress.

(10) "Response time" means the time immediately following the turnout time that begins when units are en route to the emergency incident and ends when units arrive at the scene.

(11) "Special operations" means those emergency incidents to which the fire department responds that require specific and advanced training and specialized tools and equipment.

(12) "Town" means a town that provides fire protection services, which may include fire fighting actions, emergency medical services, and other special operations, in a specified geographic area.

(13) "Turnout time" means the time beginning when units receive notification of the emergency to the beginning point of response time.

NEW SECTION. Sec. 103. (1) Every city and town shall maintain a written statement or policy that establishes the following:

- (a) The existence of a fire department;
- (b) Services that the fire department is required to provide;
- (c) The basic organizational structure of the fire department;
- (d) The expected number of fire department employees; and
- (e) Functions that fire department employees are expected to perform.

(2) Every city and town shall include service delivery objectives in the written statement or policy required under subsection (1) of this section. These objectives shall include specific response time objectives for the following major service components, if appropriate:

- (a) Fire suppression;
- (b) Emergency medical services;
- (c) Special operations;
- (d) Aircraft rescue and fire fighting;
- (e) Marine rescue and fire fighting; and
- (f) Wild land fire fighting.

(3) Every city and town, in order to measure the ability to arrive and begin mitigation operations before the critical events of brain death or flash-over, shall establish time objectives for the following measurements:

- (a) Turnout time;
- (b) Response time for the arrival of the first arriving engine company at a fire suppression incident and response time for the deployment of a full first alarm assignment at a fire suppression incident;
- (c) Response time for the arrival of a unit with first responder or higher level capability at an emergency medical incident; and
- (d) Response time for the arrival of an advanced life support unit at an emergency medical incident, where this service is provided by the fire department.

(4) Every city and town shall also establish a performance objective of not less than ninety percent for the achievement of each response time objective established under subsection (3) of this section.

NEW SECTION. Sec. 104. (1) Every city and town shall evaluate its level of service and deployment delivery and response time objectives on an annual basis. The evaluations shall be based on data relating to level of service, deployment, and the achievement of each response time objective in each geographic area within the jurisdiction of the city or town.

(2) Beginning in 2007, every city and town shall issue an annual written report which shall be based on the annual evaluations required by subsection (1) of this section.

(a) The annual report shall define the geographic areas and circumstances in which the requirements of this standard are not being met.

(b) The annual report shall explain the predictable consequences of any deficiencies and address the steps that are necessary to achieve compliance.

PART II - CODE CITY FIRE DEPARTMENTS

NEW SECTION. Sec. 201. The legislature intends for code cities to set standards for addressing the reporting and accountability of substantially career fire departments, and to specify performance measures applicable to response time objectives for certain major services. The legislature acknowledges the efforts of the international city/county management association, the international association of fire chiefs, and the national fire protection association for the organization and deployment of resources for fire departments. The arrival of first responders with automatic external defibrillator capability before the onset of brain death, and the arrival of adequate fire suppression resources before flash-over is a critical event during the mitigation of an emergency, and is in the public's best interest. - (a) Turnout time;
 - (b) Response time for the arrival of the first arriving engine company at a fire suppression incident and response time for the deployment of a full first alarm assignment at a fire suppression incident;
 - (c) Response time for the arrival of a unit with first responder or higher level capability at an emergency medical incident; and
 - (d) Response time for the arrival of an advanced life support unit at an emergency medical incident, where this service is provided by the fire department.
- (4) Every fire protection district and regional fire protection service authority shall also establish a performance objective of not less than ninety percent for the achievement of each response time objective established under subsection (3) of this section.

NEW SECTION. Sec. 304. (1) Every fire protection district and regional fire protection service authority shall evaluate its level of service and deployment delivery and response time objectives on an annual basis. The evaluations shall be based on data relating to level of service, deployment, and the achievement of each response time objective in each geographic area within the jurisdiction of the fire protection district and regional fire protection service authority.

(2) Beginning in 2007, every fire protection district and regional fire protection service authority shall issue an annual written report which shall be based on the annual evaluations required by subsection (1) of this section.

(a) The annual report shall define the geographic areas and circumstances in which the requirements of this standard are not being met.

(b) The annual report shall explain the predictable consequences of any deficiencies and address the steps that are necessary to achieve compliance.

PART IV - PORT DISTRICTS

NEW SECTION. Sec. 401. The legislature intends for port districts to set standards for addressing the reporting and accountability of substantially career fire departments, and to specify performance measures applicable to response time objectives for certain major services. The legislature acknowledges the efforts of the international city/county management association, the international association of fire chiefs, and the national fire protection association for the organization and deployment of resources for fire departments. The arrival of first responders with automatic external defibrillator capability before the onset of brain death, and the arrival of adequate fire suppression resources before flash-over is a critical event during the mitigation of an emergency, and is in the public's best interest. For these reasons, this chapter contains performance measures, comparable to that research, relating to the organization and deployment of fire suppression operations, emergency medical operations, and special operations by substantially career fire departments. This chapter does not, and is not intended to, in any way modify or limit the authority of port districts to set levels of service.

NEW SECTION. Sec. 402. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Advanced life support" means functional provision of advanced airway management, including intubation, advanced cardiac monitoring, manual defibrillation, establishment and maintenance of intravenous access, and drug therapy.

(2) "Aircraft rescue and fire fighting" means the fire fighting actions taken to rescue persons and to control or extinguish fire involving or adjacent to aircraft on the ground.

(3) "Brain death" as defined by the American heart association means the irreversible death of brain cells that begins four to six minutes after cardiac arrest.

(4) "Fire department" means a port district fire department responsible for fire fighting actions, emergency medical services, and other special operations in a specified geographic area. The department must be a substantially career fire department, and not a substantially volunteer fire department.

(5) "Fire suppression" means the activities involved in controlling and extinguishing fires.

(6) "First responder" means provision of initial assessment and basic first-aid intervention, including cardiac pulmonary resuscitation and automatic external defibrillator capability.

(7) "Flash-over" as defined by national institute of standards and technology means when all combustibles in a room burst into flame and the fire spreads rapidly.

(8) "Marine rescue and fire fighting" means the fire fighting actions taken to prevent, control, or extinguish fire involved in or adjacent to a marine vessel and the rescue actions for occupants using normal and emergency routes for egress.

(9) "Port" means a port district that provides fire protection services, which may include fire fighting actions, emergency medical services, and other special operations, in a specified geographic area.

(10) "Response time" means the time immediately following the turnout time that begins when units are en route to the emergency incident and ends when units arrive at the scene.

(11) "Special operations" means those emergency incidents to which the fire department responds that require specific and advanced training and specialized tools and equipment.

(12) "Turnout time" means the time beginning when units receive notification of the emergency to the beginning point of response time.

NEW SECTION. Sec. 403. (1) Every port shall maintain a written statement or policy that establishes the following:

- (a) The existence of a fire department;
- (b) Services that the fire department is required to provide;
- (c) The basic organizational structure of the fire department;
- (d) The expected number of fire department employees; and
- (e) Functions that fire department employees are expected to perform.

(2) Every port shall include service delivery objectives in the written statement or policy required under subsection (1) of this section. These objectives shall include specific response time objectives for the following major service components, if appropriate:

- (a) Fire suppression;
- (b) Emergency medical services;
- (c) Special operations;
- (d) Aircraft rescue and fire fighting;
- (e) Marine rescue and fire fighting; and
- (f) Wild land fire fighting.

(3) Every port, in order to measure the ability to arrive and begin mitigation operations before the critical events of brain death or flash-over, shall establish time objectives for the following measurements:

- (a) Turnout time;
- (b) Response time for the arrival of the first arriving engine company at a fire suppression incident and response time for the deployment of a full first alarm assignment at a fire suppression incident;
- (c) Response time for the arrival of a unit with first responder or higher level capability at an emergency medical incident; and
- (d) Response time for the arrival of an advanced life support unit at an emergency medical incident, where this service is provided by the fire department.

(4) Every port shall also establish a performance objective of not less than ninety percent for the achievement of each response time objective established under subsection (3) of this section.

(5) An annual part 139 inspection and certification by the federal aviation administration shall be considered to meet the requirements of this section.

NEW SECTION. Sec. 404. (1) Every port shall evaluate its level of service and deployment delivery and response time objectives on an annual basis. The evaluations shall be based on data relating to level of service, deployment, and the achievement of each response time objective in each geographic area within the port's jurisdiction.

(2) Beginning in 2007, every port shall issue an annual written report which shall be based on the annual evaluations required by subsection (1) of this section.

(a) The annual report shall define the geographic areas and circumstances in which the requirements of this standard are not being met.

(b) The annual report shall explain the predictable consequences of any deficiencies and address the steps that are necessary to achieve compliance.

(3) An annual part 139 inspection and certification by the federal aviation administration shall be considered to meet the requirements of this section.

MESSAGE FROM THE SENATE

April 8, 2005

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1799, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that law enforcement functions at state parks and lands are insufficient to adequately protect the public and our natural resources. Threats to the safety of the visiting public and public lands are not necessarily confined to the boundaries of state parks and lands. State law does not expressly grant or deny park rangers the authority to engage in law enforcement activities outside of park and land boundaries. Further, the legislature finds that, in many areas of the state, other state or local law enforcement officers are either too far away or understaffed to provide adequate support to on-site law enforcement professionals in emergency situations. The legislature finds that a comprehensive review of the role and responsibilities of law enforcement professionals within and around state parks and lands is necessary to ensure the value of state parks and natural resources is not diminished.

NEW SECTION. Sec. 2. (1) The task force on state public recreational lands and public safety is created. The task force shall be comprised of twelve members appointed as follows:

(a) Two members of the house of representatives, one from each major caucus, to be appointed by the speaker of the house of representatives;

(b) Two members of the senate, one from each major caucus, to be appointed by the president of the senate;

(c) The commissioner of public lands or his or her designee;

(d) The chair of the Washington state parks and recreation commission or his or her designee;

(e) The chair of the Washington fish and wildlife commission or his or her designee;

(f) Five members, to be appointed jointly by the speaker of the house of representatives and the president of the senate, from nominations submitted by the following organizations:

(i) One representative of the Washington association of sheriffs and police chiefs;

(ii) One representative of the Washington state council of police and sheriffs;

(iii) One representative of the Washington association of prosecuting attorneys;

(iv) One representative park ranger who is an active member of the recognized employee bargaining unit and who is employed by the Washington state parks and recreation commission; and

(v) One recognized employee representative of enforcement officers with the department of natural resources.

(2) The task force members shall elect a chair and determine its operating procedures. The task force shall be jointly staffed by the office of program research and senate committee services as determined by their respective staff directors.

(a) Legislative members of the task force shall be reimbursed for travel expenses in accordance with RCW 44.04.120. Nonlegislative members, except those representing an employer or organization, are entitled to be reimbursed for travel expenses in accordance with RCW 43.03.050 and 43.03.060.

(b) The compensable travel expenses as provided in (a) of this subsection shall be paid jointly by the senate and the house of representatives.

(3) This section expires January 1, 2006.

NEW SECTION. Sec. 3. The task force shall conduct a comprehensive review of law enforcement issues in and around state parks and lands, including but not limited to:

(1) The extent to which illegal activity in and around state parks and lands threatens public safety and natural resources; and

(2) The ability of the current state and local law enforcement to respond to illegal activity on or near public recreational lands.

NEW SECTION. Sec. 4. By December 15, 2005, the task force shall provide a final report of its recommendations, including any draft legislation to implement the recommendations. The report shall be submitted to the chief clerk of the house of representatives and the secretary of the senate."

On page 1, line 2 of the title, after "commission;" strike the remainder of the title and insert "creating new sections; and providing an expiration date."

ENGROSSED SUBSTITUTE HOUSE BILL NO. 1799, as amended by the Senate, having received the constitutional majority, was declared passed.

MESSAGE FROM THE SENATE

April 8, 2005

Mr. Speaker:

The Senate has passed ENGROSSED HOUSE BILL NO. 1848, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. APPLICABILITY. (1)(a) Sections 2 through 10 of this act apply to any multiunit residential building for which the permit for construction or rehabilitative construction of such building was issued on or after the effective date of this act.

(b) Sections 2 and 10 of this act apply to conversion condominiums as defined in RCW 64.34.020, provided that section 10 of this act shall not apply to a condominium conversion for which a public offering statement had been delivered pursuant to chapter 64.34 RCW prior to the effective date of this act.

(2) Sections 2 and 11 through 18 of this act apply to any action that alleges breach of an implied or express warranty under chapter 64.34 RCW or that seeks relief that could be awarded for such breach, regardless of the legal theory pled, except that sections 11 through 18 of this act shall not apply to:

(a) Actions filed or served prior to the effective date of this act;

(b) Actions for which a notice of claim was served pursuant to chapter 64.50 RCW prior to the effective date of this act;

(c) Actions asserting any claim regarding a building that is not a multiunit residential building;

(d) Actions asserting any claim regarding a multiunit residential building that was permitted on or after the effective date of this act unless the letter required by section 7 of this act has been submitted to the appropriate building department or the requirements of section 10 of this act have been satisfied.

(3) Other than the requirements imposed by sections 2 through 10 of this act, nothing in this chapter amends or modifies the provisions of RCW 64.34.050.

NEW SECTION. Sec. 2. DEFINITIONS. Unless the context clearly requires otherwise, the definitions in RCW 64.34.020 and in this section apply throughout this chapter.

(1) "Attached dwelling unit" means any dwelling unit that is attached to another dwelling unit by a wall, floor, or ceiling that separates heated living spaces. A garage is not a heated living space.

(2) "Building enclosure" means that part of any building, above or below grade, that physically separates the outside or exterior environment from interior environments and which weatherproofs, waterproofs, or otherwise protects the building or its components from water or moisture intrusion. Interior environments consist of both heated and unheated enclosed spaces. The building enclosure includes, but is not limited to, that portion of roofs, walls, balcony support columns, decks, windows, doors, vents, and other penetrations through exterior walls, which waterproof, weatherproof, or otherwise protect the building or its components from water or moisture intrusion.

(3) "Building enclosure design documents" means plans, details, and specifications for the building enclosure that have been stamped by a licensed engineer or architect. The building enclosure design documents shall include details and specifications that are appropriate for the building in the professional judgment of the architect or engineer which prepared the same to waterproof, weatherproof, and otherwise protect the building or its components from water or moisture intrusion, including details of flashing, intersections at roof, eaves or parapets, means of drainage, water-resistive membrane, and details around openings.

(4) "Developer" means:

(a) With respect to a condominium or a conversion condominium, the declarant; and

(b) With respect to all other buildings, an individual, group of individuals, partnership, corporation, association, municipal corporation, state agency, or other entity or person that obtains a building permit for the construction or rehabilitative reconstruction of a multiunit residential building. If a permit is obtained by service providers such as architects, contractors, and consultants who obtain permits for others as part of services rendered for a fee, the person for whom the permit is obtained shall be the developer, not the service provider.

(5) "Dwelling unit" has the meaning given to that phrase or similar phrases in the ordinances of the jurisdiction issuing the permit for construction of the building enclosure but if such ordinances do not provide a definition, then "dwelling unit" means a residence containing living, cooking, sleeping, and sanitary facilities.

(6) "Multiunit residential building" means:

(a) A building containing more than two attached dwelling units, including a building containing nonresidential units if the building also contains more than two attached dwelling units, but excluding the following classes of buildings:

(i) Hotels and motels;

(ii) Dormitories;

(iii) Care facilities;

(iv) Floating homes;

(v) A building that contains attached dwelling units that are each located on a single platted lot, except as provided in (b) of this subsection.

(vi) A building in which all of the dwelling units are held under one ownership and is subject to a recorded irrevocable sale prohibition covenant.

(b) If the developer submits to the appropriate building department when applying for the building permit described in section 3 of this act a statement that the developer elects to treat the improvement for which a permit is sought as a multiunit residential building for all purposes under this chapter, then "multiunit residential building" also means the following buildings for which such election has been made:

(i) A building containing only two attached dwelling units;

(ii) A building that does not contain attached dwelling units; and

(iii) Any building that contains attached dwelling units each of which is located on a single platted lot.

(7) "Party unit owner" means a unit owner who is a named party to an action subject to this chapter and does not include any unit owners whose involvement with the action stems solely from their membership in the association.

(8) "Qualified building inspector" means a person satisfying the requirements of section 5 of this act.

(9) "Rehabilitative construction" means construction work on the building enclosure of a multiunit residential building if the cost of such construction work is more than five percent of the assessed value of the building.

(10) "Sale prohibition covenant" means a recorded covenant that prohibits the sale or other disposition of individual dwelling units as or as part of a condominium for five years or more from the date of first occupancy except as otherwise

provided in section 10 of this act, a certified copy of which the developer shall submit to the appropriate building department; provided such covenant shall not apply to sales or dispositions listed in RCW 64.34.400(2). The covenant must be recorded in the county in which the building is located and must be in substantially the following form:

This covenant has been recorded in the real property records of County, Washington, in satisfaction of the requirements of sections 2 through 10 of this act. The undersigned is the owner of the property described on Exhibit A (the "Property"). Until termination of this covenant, no dwelling unit in or on the Property may be sold as a condominium unit except for sales listed in RCW 64.34.400(2).

This covenant terminates on the earlier of either: (a) Compliance with the requirements of section 10 of this act, as certified by the owner of the Property in a recorded supplement hereto; or (b) the fifth anniversary of the date of first occupancy of a dwelling unit as certified by the Owner in a recorded supplement hereto.

All title insurance companies and persons acquiring an interest in the Property may rely on the forgoing certifications without further inquiry in issuing any policy of title insurance or in acquiring an interest in the Property.

(11) "Stamped" means bearing the stamp and signature of the responsible licensed architect or engineer on the title page, and on every sheet of the documents, drawings, or specifications, including modifications to the documents, drawings, and specifications that become part of change orders or addenda to alter those documents, drawings, or specifications.

NEW SECTION. Sec. 3. DESIGN DOCUMENTS. (1) Any person applying for a building permit for construction of a multiunit residential building or rehabilitative construction shall submit building enclosure design documents to the appropriate building department prior to the start of construction or rehabilitative construction of the building enclosure. If construction work on a building enclosure is not rehabilitative construction because the cost thereof is not more than five percent of the assessed value of the building, then the person applying for a building permit shall submit to the building department a letter so certifying. Any changes to the building enclosure design documents that alter the manner in which the building or its components is waterproofed, weatherproofed, and otherwise protected from water or moisture intrusion shall be stamped by the architect or engineer and shall be provided to the building department and to the person conducting the course of construction inspection in a timely manner to permit such person to inspect for compliance therewith, and may be provided through individual updates, cumulative updates, or as-built updates.

(2) The building department shall not issue a building permit for construction of the building enclosure of a multiunit residential building or for rehabilitative construction unless the building enclosure design documents contain a stamped statement by the person stamping the building enclosure design documents in substantially the following form: "The undersigned has provided building enclosure documents that in my professional judgment are appropriate to satisfy the requirements of sections 1 through 10 of this act."

(3) The building department is not charged with determining whether the building enclosure design documents are adequate or appropriate to satisfy the requirements of sections 1 through 10 of this act. Nothing in sections 1 through 10 of this act requires a building department to review, approve, or disapprove enclosure design documents.

NEW SECTION. Sec. 4. INSPECTIONS. All multiunit residential buildings shall have the building enclosure inspected by a qualified inspector during the course of initial construction and during rehabilitative construction.

NEW SECTION. Sec. 5. INSPECTORS--QUALIFICATIONS--INDEPENDENCE. (1) A qualified building enclosure inspector:

(a) Must be a person with substantial and verifiable training and experience in building enclosure design and construction;

(b) Shall be free from improper interference or influence relating to the inspections; and

(c) May not be an employee, officer, or director of, nor have any pecuniary interest in, the declarant, developer, association, or any party providing services or materials for the project, or any of their respective affiliates, except that the qualified inspector may be the architect or engineer who approved the building enclosure design documents or the architect or engineer of record. The qualified inspector may, but is not required to, assist with the preparation of such design documents.

(2) Nothing in this section alters requirements for licensure of any architect, engineer, or other professional, or alters the jurisdiction, authority, or scope of practice of architects, engineers, other professionals, or general contractors.

NEW SECTION. Sec. 6. SCOPE OF INSPECTION. (1) Any inspection required by this chapter shall include, at a minimum, the following:

(a) Water penetration resistance testing of a representative sample of windows and window installations. Such tests shall be conducted according to industry standards. Where appropriate, tests shall be conducted with an induced air pressure difference across the window and window installation. Additional testing is not required if the same assembly has previously been tested in situ within the previous two years in the project under construction by the builder, by another member of the construction team such as an architect or engineer, or by an independent testing laboratory; and

(b) An independent periodic review of the building enclosure during the course of construction or rehabilitative construction to ascertain whether the multiunit residential building has been constructed, or the rehabilitative construction has been performed, in substantial compliance with the building enclosure design documents.

(2) Subsection (1)(a) of this section shall not apply to rehabilitative construction if the windows and adjacent cladding are not altered in the rehabilitative construction.

(3) "Project" means one or more parcels of land in a single ownership, which are under development pursuant to a single land use approval or building permit, where window installation is performed by the owner with its own forces, or by the same general contractor, or, if the owner is contracting directly with trade contractors, is performed by the same trade contractor.

NEW SECTION. Sec. 7. CERTIFICATION--CERTIFICATE OF OCCUPANCY. Upon completion of an inspection required by this chapter, the qualified inspector shall prepare and submit to the appropriate building department a signed letter certifying that the building enclosure has been inspected during the course of construction or rehabilitative construction and that it has been constructed or reconstructed in substantial compliance with the building enclosure design documents, as updated pursuant to section 3 of this act. The building department shall not issue a final certificate of occupancy or other equivalent final acceptance until the letter required by this section has been submitted. The building department is not charged with and has no responsibility for determining whether the building enclosure inspection is adequate or appropriate to satisfy the requirements of this chapter.

NEW SECTION. Sec. 8. INSPECTOR, ARCHITECT, AND ENGINEER LIABILITY. (1) Nothing in this act is intended to, or does:

(a) Create a private right of action against any inspector, architect, or engineer based upon compliance or noncompliance with its provisions; or

(b) Create any independent basis for liability against an inspector, architect, or engineer.

(2) The qualified inspector, architect, or engineer and the developer that retained the inspector, architect, or engineer may contractually agree to the amount of their liability to the developer.

NEW SECTION. Sec. 9. NO EVIDENTIARY PRESUMPTION--ADMISSIBILITY. A qualified inspector's report or testimony regarding an inspection conducted pursuant to this chapter is not entitled to any evidentiary presumption in any arbitration or court proceeding. Nothing in this chapter restricts the admissibility of such a report or testimony, and questions of the admissibility of such a report or testimony shall be determined under the rules of evidence.

NEW SECTION. Sec. 10. NO SALE OF CONDOMINIUM UNIT ABSENT COMPLIANCE. (1) Except for sales or other dispositions listed in RCW 64.34.400(2), no declarant may convey a condominium unit that may be occupied for residential use in a multiunit residential building without first complying with the requirements of sections 1 through 9 of this act unless the building enclosure of the building in which such unit is included is inspected by a qualified building enclosure inspector, and:

(a) The inspection includes such intrusive or other testing, such as the removal of siding or other building enclosure materials, that the inspector believes, in his or her professional judgment, is necessary to ascertain the manner in which the building enclosure was constructed;

(b) The inspection evaluates, to the extent reasonably ascertainable and in the professional judgment of the inspector, the present condition of the building enclosure including whether such condition has adversely affected or will adversely affect the performance of the building enclosure to waterproof, weatherproof, or otherwise protect the building or its components from water or moisture intrusion. "Adversely affect" has the same meaning as provided in RCW 64.34.445(7);

(c) The inspection report includes recommendations for repairs to the building enclosure that, in the professional judgment of the qualified building inspector, are necessary to: (i) Repair a design or construction defect in the building enclosure that results in the failure of the building enclosure to perform its intended function and allows unintended water penetration not caused by flooding; and (ii) repair damage caused by such a defect that has an adverse effect as provided in RCW 64.34.445(7);

(d) With respect to a building that would be a multiunit residential building but for the recording of a sale prohibition covenant and unless more than five years have elapsed since the date such covenant was recorded, all repairs to the building enclosure recommended pursuant to (c) of this subsection have been made; and

(e) The declarant provides as part of the public offering statement, consistent with RCW 64.34.410 (1)(nn) and (2) and 64.34.415(1)(b), an inspection and repair report signed by the qualified building enclosure inspector that identifies:

- (i) The extent of the inspection performed pursuant to this section;
- (ii) The information obtained as a result of that inspection; and
- (iii) The manner in which any repairs required by this section were performed, the scope of those repairs, and the names of the persons performing those repairs.

(2) Failure to deliver the inspection and repair report in violation of this section constitutes a failure to deliver a public offering statement for purposes of chapter 64.34 RCW.

NEW SECTION. Sec. 11. ARBITRATION--ELECTION--NUMBER OF ARBITRATORS--QUALIFICATIONS--TRIAL DE NOVO. (1) If the declarant, an association, or a party unit owner demands an arbitration by filing such demand with the court not less than thirty and not more than ninety days after filing or service of the complaint, whichever is later, the parties shall participate in a private arbitration hearing. The declarant, the association, and the party unit owner do not have the right to compel arbitration without giving timely notice in compliance with this subsection. Unless otherwise agreed by the parties, the arbitration hearing shall commence no more than fourteen months from the later of the filing or service of the complaint.

(2) Unless otherwise agreed by the parties, claims that in aggregate are for less than one million dollars shall be heard by a single arbitrator and all other claims shall be heard by three arbitrators. As used in this chapter, arbitrator also means arbitrators where applicable.

(3) Unless otherwise agreed by the parties, the court shall appoint the arbitrator, who shall be a current or former attorney with experience as an attorney, judge, arbitrator, or mediator in construction defect disputes involving the application of Washington law.

(4) Upon conclusion of the arbitration hearing, the arbitrator shall file the decision and award with the clerk of the superior court, together with proof of service thereof on the parties. Within twenty days after the filing of the decision and award, any aggrieved party may file with the clerk a written notice of appeal and demand for a trial de novo in the superior court on all claims between the appealing party and an adverse party. As used in this section, "adverse party" means the party who either directly asserted or defended claims against the appealing party. The demand shall identify the adverse party or parties and all claims between those parties shall be included in the trial de novo. The right to a trial de novo includes the right to a jury, if demanded. The court shall give priority to the trial date for the trial de novo.

(5) If the judgment for damages, not including awards of fees and costs, in the trial de novo is not more favorable to the appealing party than the damages awarded by the arbitrator, not including awards of fees and costs, the appealing party shall pay the nonappealing adverse party's costs and fees incurred after the filing of the appeal, including reasonable attorneys' fees so incurred.

Unless otherwise agreed to by the parties or upon a showing of exceptional circumstances, including a material adverse change in a party's litigation risks due to a change in allegations, claims, or defenses by an adverse party following the appointment of the neutral expert, any such motion shall be filed no later than sixty days after the first day of the meeting required by section 13(2) of this act. (6) A party may, by motion to the court, or to the arbitrator if then appointed, object to the individual appointed to serve as the neutral expert and to determinations regarding the neutral expert's assignment.

(7) The neutral expert shall have no liability to the parties for the performance of his or her duties as the neutral expert.

However, joinder of such parties shall not be allowed if such joinder would require the arbitration hearing date to be continued beyond the date established pursuant to section 11 of this act, unless the existing parties to the arbitration agree otherwise. Nothing in sections 2 through 10 of this act shall be construed to release, modify, or otherwise alleviate the liabilities or responsibilities that any party may have towards any other party, contractor, or subcontractor.

NEW SECTION. Sec. 17. OFFERS OF JUDGMENT--COSTS AND FEES. (1) On or before the sixtieth day following completion of the mediation pursuant to section 13(4) of this act, the declarant, association, or party unit owner may serve on an adverse party an offer to allow judgment to be entered. The offer of judgment shall specify the amount of damages, not including costs or fees, that the declarant, association, or party unit owner is offering to pay or receive. A declarant's offer shall also include its commitment to pay costs and fees that may be awarded as provided in this section. The declarant, association, or party unit owner may make more than one offer of judgment so long as each offer is timely made. Each subsequent offer supersedes and replaces the previous offer. Any offer not accepted within twenty-one days of the service of that offer is deemed rejected and withdrawn and evidence thereof is not admissible and may not be provided to the court or arbitrator except in a proceeding to determine costs and fees or as part of the motion identified in subsection (2) of this section.

(2) A declarant's offer must include a demonstration of ability to pay damages, costs, and fees, including reasonable attorneys' fees, within thirty days of acceptance of the offer of judgment. Upon filing of such motion, the deadline for a response to the offer shall be tolled from the date the motion is filed until the court has ruled.

(3) An association or party unit owner that accepts the declarant's offer of judgment shall be deemed the prevailing party and, in addition to recovery of the amount of the offer, shall be entitled to a costs and fees award, including reasonable attorneys' fees, in an amount to be determined by the court in accordance with applicable law.

(4) If the amount of the final nonappealable or nonappealed judgment, exclusive of costs or fees, is not more favorable to the offeree than the offer of judgment, then the offeror is deemed the prevailing party for purposes of this section only and is entitled to an award of costs and fees, including reasonable attorneys' fees, incurred after the date the last offer of judgment was rejected and through the date of entry of a final nonappealable or nonappealed judgment, in an amount to be determined by the court in accordance with applicable law. The nonprevailing party shall not be entitled to receive any award of costs and fees.

(5) If the final nonappealable or nonappealed judgment on damages, not including costs or fees, is more favorable to the offeree than the last offer of judgment, then the court shall determine which party is the prevailing party and shall determine the amount of the costs and fees award, including reasonable attorneys' fees, in accordance with applicable law.

(6) Notwithstanding any other provision in this section, with respect to claims brought by an association or unit owner, the liability for declarant's costs and fees, including reasonable attorneys' fees, shall:

(a) With respect to claims brought by an association, not exceed five percent of the assessed value of the condominium as a whole, which is determined by the aggregate tax-assessed value of all units at the time of the award; and

MESSAGE FROM THE SENATE

April 12, 2005

Mr. Speaker:

The Senate has passed ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 2015, with the following amendment:

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 9.94A.660 and 2002 c 290 s 20 and 2002 c 175 s 10 are each reenacted and amended to read as follows:

(1) An offender is eligible for the special drug offender sentencing alternative if:

(a) The offender is convicted of a felony that is not a violent offense or sex offense and the violation does not involve a sentence enhancement under RCW 9.94A.533 (3) or (4);

(b) The offender has no current or prior convictions for a sex offense at any time or violent offense within ten years before conviction of the current offense, in this state, another state, or the United States;

(c) For a violation of the Uniform Controlled Substances Act under chapter 69.50 RCW or a criminal solicitation to commit such a violation under chapter 9A.28 RCW, the offense involved only a small quantity of the particular controlled substance as determined by the judge upon consideration of such factors as the weight, purity, packaging, sale price, and street value of the controlled substance; ~~((and))~~

(d) The offender has not been found by the United States attorney general to be subject to a deportation detainer or order and does not become subject to a deportation order during the period of the sentence;

(e) The standard sentence range for the current offense is greater than one year; and

(f) The offender has not received a drug offender sentencing alternative more than once in the prior ten years before the current offense.

(2) A motion for a sentence under this section may be made by the court, the offender, or the state. If ~~((the standard sentence range is greater than one year and))~~ the sentencing court determines that the offender is eligible for this alternative ~~((and that))~~, the court may order an examination of the offender. The examination shall, at a minimum, address the following issues:

(a) Whether the offender suffers from drug addiction;

(b) Whether the addiction is such that there is a probability that criminal behavior will occur in the future;

(c) Whether effective treatment for the offender's addiction is available from a provider that has been licensed or certified by the division of alcohol and substance abuse of the department of social and health services; and

(d) Whether the offender and the community will benefit from the use of the alternative(~~(-the judge may)~~).

(3) The examination report must contain:

(a) Information on the issues required to be addressed in subsection (2) of this section; and

(b) A proposed treatment plan that must, at a minimum, contain:

(i) A proposed treatment provider that has been licensed or certified by the division of alcohol and substance abuse of the department of social and health services;

(ii) The recommended frequency and length of treatment, including both residential chemical dependency treatment and treatment in the community;

(iii) A proposed monitoring plan, including any requirements regarding living conditions, lifestyle requirements, and monitoring by family members and others; and

(iv) Recommended crime-related prohibitions and affirmative conditions.

(4) After receipt of the examination report, if the court determines that a sentence under this section is appropriate, the court shall waive imposition of a sentence within the standard sentence range and impose a sentence (~~(that must include)~~) consisting of either a prison-based alternative under subsection (5) of this section or a residential chemical dependency treatment-based alternative under subsection (6) of this section. The residential chemical dependency treatment-based alternative is only available if the midpoint of the standard range is twenty-four months or less.

(5) The prison-based alternative shall include:

(a) A period of total confinement in a state facility for one-half of the midpoint of the standard sentence range. During incarceration in the state facility, offenders sentenced under this subsection shall undergo a comprehensive substance abuse assessment and receive, within available resources, treatment services appropriate for the offender. The treatment services shall be designed by the division of alcohol and substance abuse of the department of social and health services, in cooperation with the department of corrections(~~(-)~~);

~~((The court shall also impose:~~

~~((~~⇒~~))~~ (b) The remainder of the midpoint of the standard range as a term of community custody which must include appropriate substance abuse treatment in a program that has been approved by the division of alcohol and substance abuse of the department of social and health services. If the department finds that conditions have been willfully violated, the offender may be reclassified to serve the remaining balance of the original sentence. An offender who fails to complete the program or who is administratively terminated from the program shall be reclassified to serve the unexpired term of his or her sentence as ordered by the sentencing court;

~~((~~⇒~~))~~ (c) Crime-related prohibitions including a condition not to use illegal controlled substances;

~~((~~⇒~~))~~ (d) A requirement to submit to urinalysis or other testing to monitor that status; and

~~((~~⇒~~))~~ (e) A term of community custody pursuant to RCW 9.94A.715 to be imposed upon failure to complete or administrative termination from the special drug offender sentencing alternative program.

(6) The residential chemical dependency treatment-based alternative shall include:

(a) A term of community custody equal to one-half of the midpoint of the standard sentence range or two years, whichever is greater, conditioned on the offender entering and remaining in residential chemical dependency treatment certified under chapter 70.96A RCW for a period set by the court between three and six months. If the court imposes a term of community custody, the department shall, within available resources, make chemical dependency assessment and treatment services available to the offender during the term of community custody. The court shall impose, as conditions of community custody, treatment and other conditions as proposed in the plan under subsection (3)(b) of this section. The department may impose conditions and sanctions as authorized in RCW 9.94A.715 (2), (3), (6), and (7), 9.94A.737, and 9.94A.740. The court shall schedule a progress hearing during the period of residential chemical dependency treatment, and schedule a treatment termination hearing for three months before the expiration of the term of community custody;

(b) Before the progress hearing and treatment termination hearing, the treatment provider and the department shall submit written reports to the court and parties regarding the offender's compliance with treatment and monitoring requirements, and recommendations regarding termination from treatment. At the hearing, the court may:

(i) Authorize the department to terminate the offender's community custody status on the expiration date determined under (a) of this subsection; or

(ii) Continue the hearing to a date before the expiration date of community custody, with or without modifying the conditions of community custody; or

(iii) Impose a term of total confinement equal to one-half the midpoint of the standard sentence range, followed by a term of community custody under RCW 9.94A.715;

(c) If the court imposes a term of total confinement under (b)(iii) of this subsection, the department shall, within available resources, make chemical dependency assessment and treatment services available to the offender during the terms of total confinement and community custody.

(7) If the court imposes a sentence under this section, the court may prohibit the offender from using alcohol or controlled substances and may require that the monitoring for controlled substances be conducted by the department or by a treatment alternatives to street crime program or a comparable court or agency-referred program. The offender may be required to pay thirty dollars per month while on community custody to offset the cost of monitoring. In addition, the court ~~((shall))~~ may impose ~~((three or more))~~ any of the following conditions:

~~((i))~~ (a) Devote time to a specific employment or training;

~~((ii))~~ (b) Remain within prescribed geographical boundaries and notify the court or the community corrections officer before any change in the offender's address or employment;

~~((iii))~~ (c) Report as directed to a community corrections officer;

~~((iv))~~ (d) Pay all court-ordered legal financial obligations;

~~((v))~~ (e) Perform community restitution work;

~~((vi))~~ (f) Stay out of areas designated by the sentencing court;

~~((vii))~~ (g) Such other conditions as the court may require such as affirmative conditions.

SECOND READING

ENGROSSED SENATE BILL NO. 5094, By Senator Jacobsen

Changing the maximum per parcel rate for conservation district special assessments.

Representative Linville moved the adoption of the following amendment (586):

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 89.08.400 and 1992 c 70 s 1 are each amended to read as follows:

(1) Special assessments are authorized to be imposed for conservation districts as provided in this section. Activities and programs to conserve natural resources, including soil and water, are declared to be of special benefit to lands and may be used as the basis upon which special assessments are imposed.

(2) Special assessments to finance the activities of a conservation district may be imposed by the county legislative authority of the county in which the conservation district is located for a period or periods each not to exceed ten years in duration.

The supervisors of a conservation district shall hold a public hearing on a proposed system of assessments prior to the first day of August in the year prior to which it is proposed that the initial special assessments be collected. At that public hearing, the supervisors shall gather information and shall alter the proposed system of assessments when appropriate, including the number of years during which it is proposed that the special assessments be imposed.

On or before the first day of August in that year, the supervisors of a conservation district shall file the proposed system of assessments, indicating the years during which it is proposed that the special assessments shall be imposed, and a proposed budget for the succeeding year with the county legislative authority of the county within which the conservation district is located. The county legislative authority shall hold a public hearing on the proposed system of assessments. After the hearing, the county legislative authority may accept, or modify and accept, the proposed system of assessments, including the number of years during which the special assessments shall be imposed, if it finds that both the public interest will be served by the imposition of the special assessments and that the special assessments to be imposed on any land will not exceed the special

benefit that the land receives or will receive from the activities of the conservation district. The findings of the county legislative authority shall be final and conclusive. Special assessments may be altered during this period on individual parcels in accordance with the system of assessments if land is divided or land uses or other factors change.

Notice of the public hearings held by the supervisors and the county legislative authority shall be posted conspicuously in at least five places throughout the conservation district, and published once a week for two consecutive weeks in a newspaper in general circulation throughout the conservation district, with the date of the last publication at least five days prior to the public hearing.

(3) A system of assessments shall classify lands in the conservation district into suitable classifications according to benefits conferred or to be conferred by the activities of the conservation district, determine an annual per acre rate of assessment for each classification of land, and indicate the total amount of special assessments proposed to be obtained from each classification of lands. Lands deemed not to receive benefit from the activities of the conservation district shall be placed into a separate classification and shall not be subject to the special assessments. An annual assessment rate shall be stated as either uniform annual per acre amount, or an annual flat rate per parcel plus a uniform annual rate per acre amount, for each classification of land. The maximum annual per acre special assessment rate shall not exceed ten cents per acre. The maximum annual per parcel rate shall not exceed five dollars, except that for counties with a population of over five hundred thousand persons, the maximum annual per parcel rate shall not exceed ten dollars.

Public land, including lands owned or held by the state, shall be subject to special assessments to the same extent as privately owned lands. The procedures provided in chapter 79.44 RCW shall be followed if lands owned or held by the state are subject to the special assessments of a conservation district.

Forest lands used solely for the planting, growing, or harvesting of trees may be subject to special assessments if such lands benefit from the activities of the conservation district, but the per acre rate of special assessment on benefited forest lands shall not exceed one-tenth of the weighted average per acre assessment on all other lands within the conservation district that are subject to its special assessments. The calculation of the weighted average per acre special assessment shall be a ratio calculated as follows: (a) The numerator shall be the total amount of money estimated to be derived from the imposition of per acre special assessments on the nonforest lands in the conservation district; and (b) the denominator shall be the total number of nonforest land acres in the conservation district that receive benefit from the activities of the conservation district and which are subject to the special assessments of the conservation district. No more than ten thousand acres of such forest lands that is both owned by the same person or entity and is located in the same conservation district may be subject to the special assessments that are imposed for that conservation district in any year. Per parcel charges shall not be imposed on forest land parcels. However, in lieu of a per parcel charge, a charge of up to three dollars per forest landowner may be imposed on each owner of forest lands whose forest lands are subject to a per acre rate of assessment.

(4) A conservation district shall prepare an assessment roll that implements the system of assessments approved by the county legislative authority. The special assessments from the assessment roll shall be spread by the county assessor as a separate item on the tax rolls and shall be collected and accounted for with property taxes by the county treasurer. The amount of a special assessment shall constitute a lien against the land that shall be subject to the same conditions as a tax lien, collected by the treasurer in the same manner as delinquent real property taxes, and subject to the same interest rate and penalty as for delinquent property taxes. The county treasurer shall deduct an amount from the collected special assessments, as established by the county legislative authority, to cover the costs incurred by the county assessor and county treasurer in spreading and collecting the special assessments, but not to exceed the actual costs of such work.

(5) The special assessments for a conservation district shall not be spread on the tax rolls and shall not be collected with property tax collections in the following year if, after the system of assessments has been approved by the county legislative authority but prior to the fifteenth day of December in that year, a petition has been filed with the county legislative authority objecting to the imposition of such special assessments, which petition has been signed by at least twenty percent of the owners of land that would be subject to the special assessments to be imposed for a conservation district."

The chief administrator or executive officer shall also report any voluntary restriction or termination of the practice of a health care practitioner as defined in subsection (2) of this section while the practitioner is under investigation or the subject of a proceeding by the hospital regarding unprofessional conduct, or in return for the hospital not conducting such an investigation or proceeding or not taking action. The department will forward the report to the appropriate disciplining authority.

(2) The reporting requirements apply to the following health care practitioners: Pharmacists as defined in chapter 18.64 RCW; advanced registered nurse practitioners as defined in chapter 18.79 RCW; dentists as defined in chapter 18.32 RCW; naturopaths as defined in chapter 18.36A RCW; optometrists as defined in chapter 18.53 RCW; osteopathic physicians and surgeons as defined in chapter 18.57 RCW; osteopathic physician assistants as defined in chapter 18.57A RCW; physicians as defined in chapter 18.71 RCW; physician assistants as defined in chapter 18.71A RCW; podiatric physicians and surgeons as defined in chapter 18.22 RCW; and psychologists as defined in chapter 18.83 RCW.

~~((Such a))~~ (3) Reports made under subsection (1) of this section shall be made within ~~((sixty))~~ fifteen days of the date ~~((action was taken by the hospital's peer review committee or the physician's acceptance of voluntary termination or restriction of privileges))~~: (a) A conviction, determination, or finding is made by the hospital that the health care practitioner has committed an action defined as unprofessional conduct under RCW 18.130.180; or (b) the voluntary restriction or termination of the practice of a health care practitioner, including his or her voluntary resignation, while under investigation or the subject of proceedings regarding unprofessional conduct under RCW 18.130.180 is accepted by the hospital.

The prevailing party in any action brought alleging the conviction, determination, finding, or report was not made in good faith, shall be entitled to recover the costs of litigation, including reasonable attorneys' fees.

(6) The department shall forward reports made under subsection (1) of this section to the appropriate disciplining authority designated under Title 18 RCW within fifteen days of the date the report is received by the department. The department shall notify a hospital that has made a report under subsection (1) of this section of the results of the disciplining authority's case disposition decision within fifteen days after the case disposition. (4) The holder of a license subject to the jurisdiction of this chapter shall report to the disciplining authority any conviction, determination, or finding that the licensee has committed unprofessional conduct or is unable to practice with reasonable skill or safety. MESSAGE FROM THE SENATE

April 14, 2005

Mr. Speaker:

The Senate has passed ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1290, with the following amendment:

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 71.24.015 and 2001 c 334 s 6 and 2001 c 323 s 1 are each reenacted and amended to read as follows:

It is the intent of the legislature to establish a community mental health program which shall help people experiencing mental illness to retain a respected and productive position in the community. This will be accomplished through programs that focus on resilience and recovery, and practices that are evidence-based, research-based, consensus-based, or, where these do not exist, promising or emerging best practices, which provide for:

(1) Access to mental health services for adults of the state who are acutely mentally ill, chronically mentally ill, or seriously disturbed and children of the state who are acutely mentally ill, severely emotionally disturbed, or seriously disturbed, which services recognize the special needs of underserved populations, including minorities, children, the elderly, disabled, and low-income persons. Access to mental health services shall not be limited by a person's history of confinement in a state, federal, or local correctional facility. It is also the purpose of this chapter to promote the early identification of mentally ill children and to ensure that they receive the mental health care and treatment which is appropriate to their developmental level. This care should improve home, school, and community functioning, maintain children in a safe and nurturing home environment, and should enable treatment decisions to be made in response to clinical needs in accordance with sound professional judgment while also recognizing parents' rights to participate in treatment decisions for their children;

(2) The involvement of persons with mental illness, their family members, and advocates in designing and implementing mental health services that reduce unnecessary hospitalization and incarceration and promote the recovery and employment of persons with mental illness. To improve the quality of services available and promote the rehabilitation, recovery, and reintegration of persons with mental illness, consumer and advocate participation in mental health services is an integral part of the community mental health system and shall be supported;

(3) Accountability of efficient and effective services through state of the art outcome and performance measures and statewide standards for monitoring client and system outcomes, performance, and reporting of client and system outcome information. These processes shall be designed so as to maximize the use of available resources for direct care of people with a mental illness and to assure uniform data collection across the state;

~~((3))~~ (4) Minimum service delivery standards;

~~((4))~~ (5) Priorities for the use of available resources for the care of the mentally ill consistent with the priorities defined in the statute;

~~((5))~~ (6) Coordination of services within the department, including those divisions within the department that provide services to children, between the department and the office of the superintendent of public instruction, and among state mental hospitals, county authorities, regional support networks, community mental health services, and other support services, which shall to the maximum extent feasible also include the families of the mentally ill, and other service providers; and

~~((6))~~ (7) Coordination of services aimed at reducing duplication in service delivery and promoting complementary services among all entities that provide mental health services to adults and children.

It is the policy of the state to encourage the provision of a full range of treatment and rehabilitation services in the state for mental disorders including services operated by consumers and advocates. The legislature intends to encourage the development of ~~((county based and county managed))~~ regional mental health services with adequate local flexibility to assure eligible people in need of care access to the least-restrictive treatment alternative appropriate to their needs, and the availability of treatment components to assure continuity of care. To this end, counties are encouraged to enter into joint operating agreements with other counties to form regional systems of care ~~((which))~~. Regional systems of care, whether operated by a county, group of counties, or another entity shall integrate planning, administration, and service delivery duties ~~((assigned to counties))~~ under chapters 71.05 and 71.24 RCW to consolidate administration, reduce administrative layering, and reduce administrative costs. The legislature hereby finds and declares that sound fiscal management requires vigilance to ensure that funds appropriated by the legislature for the provision of needed community mental health programs and services are ultimately expended solely for the purpose for which they were appropriated, and not for any other purpose.

It is further the intent of the legislature to integrate the provision of services to provide continuity of care through all phases of treatment. To this end the legislature intends to promote active engagement with mentally ill persons and collaboration between families and service providers.

(n) Assure the availability of an appropriate amount, as determined by the legislature in the operating budget by amounts appropriated for this specific purpose, of community-based, geographically distributed residential services.

(6) The secretary shall use available resources only for regional support networks, except to the extent authorized, and in accordance with any priorities or conditions specified, in the biennial appropriations act.

(7) Each certified regional support network and licensed service provider shall file with the secretary, on request, such data, statistics, schedules, and information as the secretary reasonably requires. A certified regional support network or licensed service provider which, without good cause, fails to furnish any data, statistics, schedules, or information as requested, or files fraudulent reports thereof, may have its certification or license revoked or suspended.

(8) The secretary may suspend, revoke, limit, or restrict a certification or license, or refuse to grant a certification or license for failure to conform to: (a) The law; (b) applicable rules and regulations; (c) applicable standards; or (d) state minimum standards.

(9) The superior court may restrain any regional support network or service provider from operating without certification or a license or any other violation of this section. (10) Upon petition by the secretary, and after hearing held upon reasonable notice to the facility, the superior court may issue a warrant to an officer or employee of the secretary authorizing him or her to enter at reasonable times, and examine the records, books, and accounts of any regional support network or service provider refusing to consent to inspection or examination by the authority.

(12) The standards for certification of evaluation and treatment facilities shall include standards relating to maintenance of good physical and mental health and other services to be afforded persons pursuant to this chapter and chapters 71.05 and 71.34 RCW, and shall otherwise assure the effectuation of the purposes of these chapters.

(13)(a) The department, in consultation with affected parties, shall establish a distribution formula that reflects ~~((county))~~ regional needs assessments based on the number of persons who are acutely mentally ill, chronically mentally ill, severely emotionally disturbed children, and seriously disturbed. The formula shall take into consideration the impact on ~~((counties))~~ regions of demographic factors ~~((in counties))~~ which result in concentrations of priority populations as set forth in subsection (5)(b) of this section. These factors shall include the population concentrations resulting from commitments under chapters 71.05 and 71.34 RCW to state psychiatric hospitals, as well as concentration in urban areas, at border crossings at state boundaries, and other significant demographic and workload factors.

(b) The formula shall also include a projection of the funding allocations that will result for each ~~((county))~~ region, which specifies allocations according to priority populations, including the allocation for services to children and other underserved populations.

Nothing in these plans shall be inconsistent with the intent and requirements of this chapter.

(15) The secretary shall:

(a) Disburse funds for the regional support networks within sixty days of approval of the biennial contract. The department must either approve or reject the biennial contract within sixty days of receipt.

(b) Enter into biennial contracts with regional support networks. The contracts shall be consistent with available resources. No contract shall be approved that does not include progress toward meeting the goals of this chapter by taking responsibility for: (i) Short-term commitments; (ii) residential care; and (iii) emergency response systems.

~~(c) ((Allocate one hundred percent of available resources to the regional support networks in accordance with subsection (13) of this section. Incentive payments authorized under subsection (13) of this section may be allocated separately from other available resources.~~

(16) The department, in cooperation with the state congressional delegation, shall actively seek waivers of federal requirements and such modifications of federal regulations as are necessary to allow federal medicaid reimbursement for services provided by free-standing evaluation and treatment facilities certified under chapter 71.05 RCW. The department shall periodically report its efforts to the appropriate committees of the senate and the house of representatives.

Sec. 8. RCW 71.24.045 and 2001 c 323 s 12 are each amended to read as follows:

The ~~((county authority))~~ regional support network shall:

(1) Contract as needed with licensed service providers. The ~~((county authority))~~ regional support network may, in the absence of a licensed service provider entity, become a licensed service provider entity pursuant to minimum standards required for licensing by the department for the purpose of providing services not available from licensed service providers;

(2) Operate as a licensed service provider if it deems that doing so is more efficient and cost effective than contracting for services. When doing so, the ~~((county authority))~~ regional support network shall comply with rules promulgated by the secretary that shall provide measurements to determine when a ~~((county))~~ regional support network provided service is more efficient and cost effective;

(3) Monitor and perform biennial fiscal audits of licensed service providers who have contracted with the ~~((county))~~ regional support network to provide services required by this chapter. The monitoring and audits shall be performed by means of a formal process which insures that the licensed service providers and professionals designated in this subsection meet the terms of their contracts;

(4) Assure that the special needs of minorities, the elderly, disabled, children, and low-income persons are met within the priorities established in this chapter;

(5) Maintain patient tracking information in a central location as required for resource management services and the department's information system;

(6) Use not more than two percent of state-appropriated community mental health funds, which shall not include federal funds, to administer community mental health programs under RCW 71.24.155: PROVIDED, That county authorities serving a county or combination of counties whose population is one hundred twenty-five thousand or more may be entitled to sufficient state-appropriated community mental health funds to employ up to one full-time employee or the equivalent thereof in addition to the two percent limit established in this subsection when such employee is providing staff services to a county mental health advisory board;

(7) Collaborate to ensure that policies do not result in an adverse shift of mentally ill persons into state and local correctional facilities;

(8) Work with the department to expedite the enrollment or re-enrollment of eligible persons leaving state or local correctional facilities and institutions for mental diseases;

(9) If a regional support network is not operated by the county, work closely with the county designated mental health professional or county designated crisis responder to maximize appropriate placement of persons into community services; and

(10) Coordinate services for individuals who have received services through the community mental health system and who become patients at a state mental hospital.

Sec. 9. RCW 71.24.100 and 1982 c 204 s 7 are each amended to read as follows:

A county authority or a group of county authorities may enter into a joint operating agreement to form a regional support network. Any agreement between two or more county authorities for the establishment of a ~~((community mental health program))~~ regional support network shall provide:

(1) That each county shall bear a share of the cost of mental health services; and

(2) That the treasurer of one participating county shall be the custodian of funds made available for the purposes of such mental health services, and that the treasurer may make payments from such funds upon audit by the appropriate auditing officer of the county for which he is treasurer.

Sec. 10. RCW 71.24.240 and 1982 c 204 s 13 are each amended to read as follows:

In order to establish eligibility for funding under this chapter, any ~~((county or counties))~~ regional support network seeking to obtain federal funds for the support of any aspect of a community mental health program as defined in this chapter shall submit program plans to the secretary for prior review and approval before such plans are submitted to any federal agency.

Sec. 11. RCW 71.24.300 and 2001 c 323 s 17 are each amended to read as follows:

~~((A county authority or a group of county authorities whose combined population is no less than forty thousand may enter into a joint operating agreement to form a regional support network.))~~ Upon the request of a tribal authority or authorities within a regional support network the joint operating agreement or the county authority shall allow for the inclusion of the tribal authority to be represented as a party to the regional support network. The roles and responsibilities of the county and tribal authorities shall be determined by the terms of that agreement including a determination of membership on the governing board and advisory committees, the number of tribal representatives to be party to the agreement, and the provisions of law and shall assure the provision of culturally competent services to the tribes served. The state mental health authority may not determine the roles and responsibilities of county authorities as to each other under regional support networks by rule, except to assure that all duties required of regional support networks are assigned and that counties and the regional support network do not duplicate functions and that a single authority has final responsibility for all available resources and performance under the regional support network's contract with the secretary. If a regional support network is a private entity, the department shall allow for the inclusion of the tribal authority to be represented as a party to the regional support network. The roles and responsibilities of the private entity and the tribal authorities shall be determined by the department, through negotiation with the tribal authority.

(1) Regional support networks shall submit an overall six-year operating and capital plan, timeline, and budget and submit progress reports and an updated two-year plan biennially thereafter, to assume within available resources all of the following duties:

(a) Administer and provide for the availability of all resource management services, residential services, and community support services.

~~((b) ((Assume the powers and duties of county authorities within its area as described in RCW 71.24.045 (1) through (7)).~~

~~((c))~~ Administer and provide for the availability of all investigation, transportation, court-related, and other services provided by the state or counties pursuant to chapter 71.05 RCW.

~~((d))~~ (c) Provide within the boundaries of each regional support network evaluation and treatment services for at least eighty-five percent of persons detained or committed for periods up to seventeen days according to chapter 71.05 RCW. Regional support networks with populations of less than one hundred fifty thousand may contract to purchase evaluation and treatment services from other networks. Insofar as the original intent of serving persons in the community is maintained, the secretary is authorized to approve exceptions on a case-by-case basis to the requirement to provide evaluation and treatment services within the boundaries of each regional support network. Such exceptions are limited to contracts with neighboring or contiguous regions.

~~((e))~~ (d) Administer a portion of funds appropriated by the legislature to house mentally ill persons in state institutions from counties within the boundaries of any regional support network, with the exception of persons currently confined at, or under the supervision of, a state mental hospital pursuant to chapter 10.77 RCW, and provide for the care of all persons needing evaluation and treatment services for periods up to seventeen days according to chapter 71.05 RCW in appropriate residential services, which may include state institutions. The regional support networks shall reimburse the state for use of state institutions at a rate equal to that assumed by the legislature when appropriating funds for such care at state institutions during the biennium when reimbursement occurs. The secretary shall submit a report to the appropriate committees of the senate and house of representatives on the efforts to implement this section by October 1, 2002. The duty of a state hospital to accept persons for evaluation and treatment under chapter 71.05 RCW is limited by the responsibilities assigned to regional support networks under this section.

~~((f))~~ (e) Administer and provide for the availability of all other mental health services, which shall include patient counseling, day treatment, consultation, education services, employment services as defined in RCW 71.24.035, and mental health services to children ~~((as provided in this chapter designed to achieve the outcomes specified in section 5 of this act)).~~

~~((g))~~ (f) Establish standards and procedures for reviewing individual service plans and determining when that person may be discharged from resource management services.

(2) ~~((Regional support networks shall assume all duties assigned to county authorities by this chapter and chapter 71.05 RCW.~~

~~((3))~~ A regional support network may request that any state-owned land, building, facility, or other capital asset which was ever purchased, deeded, given, or placed in trust for the care of the mentally ill and which is within the boundaries of a

regional support network be made available to support the operations of the regional support network. State agencies managing such capital assets shall give first priority to requests for their use pursuant to this chapter.

~~((4))~~ (3) Each regional support network shall appoint a mental health advisory board which shall review and provide comments on plans and policies developed under this chapter, provide local oversight regarding the activities of the regional support network, and work with the regional support network to resolve significant concerns regarding service delivery and outcomes. The department shall establish statewide procedures for the operation of regional advisory committees including mechanisms for advisory board feedback to the department regarding regional support network performance. The composition of the board shall be broadly representative of the demographic character of the region and ~~((the mentally ill persons served therein))~~ shall include, but not be limited to, representatives of consumers and families, law enforcement, and where the county is not the regional support network, county elected officials. Composition and length of terms of board members may differ between regional support networks but shall be ((determined)) included in each regional support network's contract and approved by the ((regional support network)) secretary.

~~((5))~~ (4) Regional support networks shall assume all duties specified in their plans and joint operating agreements through biennial contractual agreements with the secretary.

~~((6))~~ ~~Counties or groups of counties participating in a regional support network are not subject to RCW 71.24.045(6).~~

~~((7))~~ (5) Regional support networks may receive technical assistance from the housing trust fund and may identify and submit projects for housing and housing support services to the housing trust fund established under chapter 43.185 RCW. Projects identified or submitted under this subsection must be fully integrated with the regional support network six-year operating and capital plan, timeline, and budget required by subsection (1) of this section.

NEW SECTION. Sec. 12. A new section is added to chapter 74.09 RCW to read as follows:

(1) The department shall adopt rules and policies providing that when persons with a mental disorder, who were enrolled in medical assistance immediately prior to confinement, are released from confinement, their medical assistance coverage will be fully reinstated on the day of their release, subject to any expedited review of their continued eligibility for medical assistance coverage that is required under federal or state law.

(2) The department, in collaboration with the Washington association of sheriffs and police chiefs, the department of corrections, and the regional support networks, shall establish procedures for coordination between department field offices, institutions for mental disease, and correctional institutions, as defined in RCW 9.94.049, that result in prompt reinstatement of eligibility and speedy eligibility determinations for persons who are likely to be eligible for medical assistance services upon release from confinement. Procedures developed under this subsection must address:

(a) Mechanisms for receiving medical assistance services applications on behalf of confined persons in anticipation of their release from confinement;

(b) Expedient review of applications filed by or on behalf of confined persons and, to the extent practicable, completion of the review before the person is released;

(c) Mechanisms for providing medical assistance services identity cards to persons eligible for medical assistance services immediately upon their release from confinement; and

(d) Coordination with the federal social security administration, through interagency agreements or otherwise, to expedite processing of applications for federal supplemental security income or social security disability benefits, including federal acceptance of applications on behalf of confined persons.

(3) Where medical or psychiatric examinations during a person's confinement indicate that the person is disabled, the correctional institution or institution for mental diseases shall provide the department with that information for purposes of making medical assistance eligibility and enrollment determinations prior to the person's release from confinement. The department shall, to the maximum extent permitted by federal law, use the examination in making its determination whether the person is disabled and eligible for medical assistance.

(4) For purposes of this section, "confined" or "confinement" means incarcerated in a correctional institution, as defined in RCW 9.94.049, or admitted to an institute for mental disease, as defined in 42 C.F.R. part 435, Sec. 1009 on the effective date of this section.

(5) For purposes of this section, "likely to be eligible" means that a person:

(a) Was enrolled in medicaid or supplemental security income or general assistance immediately before he or she was confined and his or her enrollment was terminated during his or her confinement; or

(b) Was enrolled in medicaid or supplemental security income or general assistance at any time during the five years before his or her confinement, and medical or psychiatric examinations during the person's confinement indicate that the person continues to be disabled and the disability is likely to last at least twelve months following release.

(6) The economic services administration shall adopt standardized statewide screening and application practices and forms designed to facilitate the application of a confined person who is likely to be eligible for medicaid.

NEW SECTION. Sec. 13. A new section is added to chapter 71.24 RCW to read as follows:

The secretary shall require the regional support networks to develop interlocal agreements pursuant to section 12 of this act. To this end, the regional support networks shall accept referrals for enrollment on behalf of a confined person, prior to the person's release.

NEW SECTION. Sec. 14. (1) A joint legislative and executive task force on mental health services delivery and financing is created. (6) This section expires June 30, 2007.

NEW SECTION. Sec. 15. (1) The department of social and health services shall enter into a contract with regional support networks for the period ending August 31, 2006. MESSAGE FROM THE SENATE

April 11, 2005

Mr. Speaker:

The Senate has passed ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1418, with the following amendment:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. A new section is added to chapter 48.43 RCW to read as follows:

(1) Except in the case of fraud, or as provided in subsection (2) and (3) of this section, a carrier may not: (a) request a refund from a health care provider of a payment previously made to satisfy a claim unless it does so in writing to the provider within twenty-four months after the date that the payment was made; or (b) request that a contested refund be paid any sooner than six months after receipt of the request. Any such request must specify why the carrier believes the provider owes the refund. If a provider fails to contest the request in writing to the carrier within thirty days of its receipt, the request is deemed accepted and the refund must be paid.

(2) A carrier may not, if doing so for reasons related to coordination of benefits with another carrier or entity responsible for payment of a claim: (a) request a refund from a health care provider of a payment previously made to satisfy a claim unless it does so in writing to the provider within thirty months after the date that the payment was made; or (b) request that a contested refund be paid any sooner than six months after receipt of the request. Any such request must specify why the carrier believes the provider owes the refund, and include the name and mailing address of the entity that has primary responsibility for payment of the claim. If a provider fails to contest the request in writing to the carrier within thirty days of its receipt, the request is deemed accepted and the refund must be paid.

(3) A carrier may at any time request a refund from a health care provider of a payment previously made to satisfy a claim if: (a) a third party, including a government entity, is found responsible for satisfaction of the claim as a consequence of liability imposed by law, such as tort liability; and (b) the carrier is unable to recover directly from the third party because the third party has either already paid or will pay the provider for the health services covered by the claim.

(4) If a contract between a carrier and a health care provider conflicts with this section, this section shall prevail. However, nothing in this section prohibits a health care provider from choosing at any time to refund to a carrier any payment previously made to satisfy a claim.

(5) For purposes of this section, "refund" means the return, either directly or through an offset to a future claim, of some or all of a payment already received by a health care provider.

(6) This section neither permits nor precludes a carrier from recovering from a subscriber, enrollee, or beneficiary any amounts paid to a health care provider for benefits to which the subscriber, enrollee, or beneficiary was not entitled under the terms and conditions of the health plan, insurance policy, or other benefit agreement.

(7) This section does not apply to claims for health care services provided through dental-only health carriers, health care services provided under Title XVIII (medicare) of the social security act, or medicare supplemental plans regulated under chapter 48.66 RCW.

NEW SECTION. Sec. 2. A new section is added to chapter 48.43 RCW to read as follows:

(1) Except in the case of fraud, or as provided in subsection (2) of this section, a health care provider may not: (a) request additional payment from a carrier to satisfy a claim unless he or she does so in writing to the carrier within twenty-four months after the date that the claim was denied or payment intended to satisfy the claim was made; or (b) request that the additional payment be made any sooner than six months after receipt of the request. Any such request must specify why the provider believes the carrier owes the additional payment.

(2) A health care provider may not, if doing so for reasons related to coordination of benefits with another carrier or entity responsible for payment of a claim: (a) request additional payment from a carrier to satisfy a claim unless he or she does so in writing to the carrier within thirty months after the date the claim was denied or payment intended to satisfy the claim was made; or (b) request that the additional payment be made any sooner than six months after receipt of the request. Any such request must specify why the provider believes the carrier owes the additional payment, and include the name and mailing address of any entity that has disclaimed responsibility for payment of the claim.

(3) If a contract between a carrier and a health care provider conflicts with this section, this section shall prevail. However, nothing in this section prohibits a carrier from choosing at any time to make additional payments to a provider to satisfy a claim.

(4) This section does not apply to claims for health care services provided through dental-only health carriers, health care services provided under Title XVIII (medicare) of the social security act, or medicare supplemental plans regulated under chapter 48.66 RCW.

NEW SECTION. **Sec. 3.** This act applies to contracts issued or renewed on or after January 1, 2006."

On page 1, line 2 of the title, after "practices;" strike the remainder of the title and insert "adding new sections to chapter 48.43 RCW; and providing an effective date."

and the same is herewith transmitted.

(b) An appropriate treatment option is available in the local community;

(c) The plan for the offender identifies and addresses requirements for successful participation and completion of the treatment intervention program including: Incentives and graduated sanctions designed specifically for amenable youth, including the use of detention, detoxication, and in-patient or outpatient substance abuse treatment and psychiatric hospitalization, and structured community support consisting of mental health providers, probation, educational and vocational advocates, child welfare services, and family and community support. The requesting party shall pay the cost of any examination ordered under this subsection and subsection (3) of this section unless the court finds the offender is indigent and no third party insurance coverage is available, in which case the state shall pay the cost.

(6) Upon receipt of the assessments, evaluations, and reports the court shall consider whether the offender and the community will benefit from use of the mental health disposition alternative. The court shall consider the victim's opinion whether the offender should receive the option.

(7) If the court determines that the mental health disposition alternative is appropriate, the court shall impose a standard range disposition ((~~of not more than 65 weeks~~)), suspend execution of the disposition, and place the offender on community supervision up to one year and impose one or more other local sanctions. MESSAGE FROM THE SENATE

April 7, 2005

Mr. Speaker:

The Senate has passed ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 2163, with the following amendment:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. Despite laudable efforts by all levels of government, private individuals, nonprofit organizations, and charitable foundations to end homelessness, the number of homeless persons in Washington is unacceptably high. The state's homeless population, furthermore, includes a large number of families with children, youth, and employed persons. The legislature finds that the fiscal and societal costs of homelessness are high for both the public and private sectors, and that ending homelessness should be a goal for state and local government.

The legislature finds that there are many causes of homelessness, including a shortage of affordable housing; a shortage of family-wage jobs which undermines housing affordability; a lack of an accessible and affordable health care system available to all who suffer from physical and mental illnesses and chemical and alcohol dependency; domestic violence; and a lack of education and job skills necessary to acquire adequate wage jobs in the economy of the twenty-first century.

The support and commitment of all sectors of the statewide community is critical to the chances of success in ending homelessness in Washington. While the provision of housing and housing-related services to the homeless should be administered at the local level to best address specific community needs, the legislature also recognizes the need for the state to play a primary coordinating, supporting, and monitoring role. There must be a clear assignment of responsibilities and a clear statement of achievable and quantifiable goals. Systematic statewide data collection on homelessness in Washington must be a critical component of such a program enabling the state to work with local governments to count homeless persons and assist them in finding housing.

The systematic collection and rigorous evaluation of homeless data, a search for and implementation through adequate resource allocation of best practices, and the systematic measurement of progress toward interim goals and the ultimate goal of ending homelessness are all necessary components of a statewide effort to end homelessness in Washington by July 1, 2015.

NEW SECTION. Sec. 2. This chapter may be known and cited as the homelessness housing and assistance act.

NEW SECTION. Sec. 3. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

- (1) "Department" means the department of community, trade, and economic development.
- (2) "Director" means the director of the department of community, trade, and economic development.
- (3) "Homeless person" means an individual living outside or in a building not meant for human habitation or which they have no legal right to occupy, in an emergency shelter, or in a temporary housing program which may include a transitional and supportive housing program if habitation time limits exist. This definition includes substance abusers, mentally ill people, and sex offenders who are homeless.
- (4) "Washington homeless census" means an annual statewide census conducted as a collaborative effort by towns, cities, counties, community-based organizations, and state agencies, with the technical support and coordination of the department, to count and collect data on all homeless individuals in Washington.
- (5) "Homeless housing account" means the state treasury account receiving the state's portion of income from revenue from the sources established by section 9 of this act.
- (6) "Homeless housing grant program" means the vehicle by which competitive grants are awarded by the department, utilizing moneys from the homeless housing account, to local governments for programs directly related to housing homeless individuals and families, addressing the root causes of homelessness, preventing homelessness, collecting data on homeless individuals, and other efforts directly related to housing homeless persons.
- (7) "Local government" means a county government in the state of Washington or a city government, if the legislative authority of the city affirmatively elects to accept the responsibility for housing homeless persons within its borders.
- (8) "Housing continuum" means the progression of individuals along a housing-focused continuum with homelessness at one end and homeownership at the other.
- (9) "Local homeless housing task force" means a voluntary local committee created to advise a local government on the creation of a local homeless housing plan and participate in a local homeless housing program. It must include a representative of the county, a representative of the largest city located within the county, at least one homeless or formerly homeless person, such other members as may be required to maintain eligibility for federal funding related to housing programs and services and if feasible, a representative of a private nonprofit organization with experience in low-income housing.
- (10) "Long-term private or public housing" means subsidized and unsubsidized rental or owner-occupied housing in which there is no established time limit for habitation of less than two years.

(11) "Interagency council on homelessness" means a committee appointed by the governor and consisting of, at least, the director of the department; the secretary of the department of corrections; the secretary of the department of social and health services; the director of the department of veterans affairs; and the secretary of the department of health.

(12) "Performance measurement" means the process of comparing specific measures of success against ultimate and interim goals.

(13) "Community action agency" means a nonprofit private or public organization established under the economic opportunity act of 1964.

(14) "Housing authority" means any of the public corporations created by chapter 35.82 RCW.

(15) "Homeless housing program" means the program authorized under this chapter as administered by the department at the state level and by the local government or its designated subcontractor at the local level.

(16) "Homeless housing plan" means the ten-year plan developed by the county or other local government to address housing for homeless persons.

(17) "Homeless housing strategic plan" means the ten-year plan developed by the department, in consultation with the interagency council on homelessness and the affordable housing advisory board.

NEW SECTION. Sec. 4. The governor shall establish the interagency council on homelessness and appoint, at least, the director of the department, the secretary of the department of social and health services, the secretary of the department of corrections, the director of the department of veterans affairs, the director of the employment security department, the director of the department of health, and the director of the office of financial management to the council. The interagency council on homelessness shall be responsible to further the goals of the state ten-year homeless housing strategic plan to end homelessness through the following actions:

(1) Aligning housing and supporting services policies and resources among state agencies;

(2) Identifying and eliminating policies and actions which contribute to homelessness or interfere with its reduction;
and

(3) Adopting or recommending new policies to improve practices and align resources, including those policies requested by the affordable housing advisory board or through state and local homeless housing plans.

NEW SECTION. Sec. 5. There is created within the department the homeless housing program to develop and coordinate a statewide strategic plan aimed at housing homeless persons. The program shall be developed and administered by the department with advice and input from the affordable housing advisory board established in RCW 43.185B.020.

NEW SECTION. Sec. 6. The department shall annually conduct a Washington homeless census or count consistent with the requirements of RCW 43.63A.655. The census shall make every effort to count all homeless individuals living outdoors, in shelters, and in transitional housing, coordinated, when reasonably feasible, with already existing homeless census projects including those funded in part by the United States department of housing and urban development under the McKinney-Vento homeless assistance program. The department shall determine, in consultation with local governments, the data to be collected.

All personal information collected in the census is confidential, and the department and each local government shall take all necessary steps to protect the identity and confidentiality of each person counted.

The department and each local government are prohibited from disclosing any personally identifying information about any homeless individual when there is reason to believe or evidence indicating that the homeless individual is an adult or minor victim of domestic violence, dating violence, sexual assault, or stalking or is the parent or guardian of a child victim of domestic violence, dating violence, sexual assault, or stalking; or revealing other confidential information regarding HIV/AIDS status, as found in RCW 70.24.105. The department and each local government shall not ask any homeless housing provider to disclose personally identifying information about any homeless individuals when the providers implementing those programs have reason to believe or evidence indicating that those clients are adult or minor victims of domestic violence, dating violence, sexual assault, or stalking or are the parents or guardians of child victims of domestic violence, dating violence, sexual assault, or stalking. Summary data for the provider's facility or program may be substituted.

The Washington homeless census shall be conducted annually on a schedule created by the department. The department shall make summary data by county available to the public each year. This data, and its analysis, shall be included in the department's annual updated homeless housing program strategic plan.

Based on the annual census and provider information from the local government plans, the department shall, by the end of year four, implement an online information and referral system to enable local governments and providers to identify available

housing for a homeless person. The department shall work with local governments and their providers to develop a capacity for continuous case management to assist homeless persons.

By the end of year four, the department shall implement an organizational quality management system.

NEW SECTION. Sec. 7. (1) Six months after the first Washington homeless census, the department shall, in consultation with the interagency council on homelessness and the affordable housing advisory board, prepare and publish a ten-year homeless housing strategic plan which shall outline statewide goals and performance measures and shall be coordinated with the plan for homeless families with children required under RCW 43.63A.650. To guide local governments in preparation of their first local homeless housing plans due December 31, 2005, the department shall issue by October 15, 2005, temporary guidelines consistent with this chapter and including the best available data on each community's homeless population. Local governments' ten-year homeless housing plans shall not be substantially inconsistent with the goals and program recommendations of the temporary guidelines and, when amended after 2005, the state strategic plan.

(2) Program outcomes and performance measures and goals shall be created by the department and reflected in the department's homeless housing strategic plan as well as interim goals against which state and local governments' performance may be measured, including:

- (a) By the end of year one, completion of the first census as described in section 6 of this act;
 - (b) By the end of each subsequent year, goals common to all local programs which are measurable and the achievement of which would move that community toward housing its homeless population; and
 - (c) By July 1, 2015, reduction of the homeless population statewide and in each county by fifty percent.
- (3) The department shall develop a consistent statewide data gathering instrument to monitor the performance of cities and counties receiving grants in order to determine compliance with the terms and conditions set forth in the grant application or required by the department.

The department shall, in consultation with the interagency council on homelessness and the affordable housing advisory board, report annually to the governor and the appropriate committees of the legislature an assessment of the state's performance in furthering the goals of the state ten-year homeless housing strategic plan and the performance of each participating local government in creating and executing a local homeless housing plan which meets the requirements of this chapter. The annual report may include performance measures such as:

- (a) The reduction in the number of homeless individuals and families from the initial count of homeless persons;
- (b) The number of new units available and affordable for homeless families by housing type;
- (c) The number of homeless individuals identified who are not offered suitable housing within thirty days of their request or identification as homeless;
- (d) The number of households at risk of losing housing who maintain it due to a preventive intervention;
- (e) The transition time from homelessness to permanent housing;
- (f) The cost per person housed at each level of the housing continuum;
- (g) The ability to successfully collect data and report performance;
- (h) The extent of collaboration and coordination among public bodies, as well as community stakeholders, and the level of community support and participation;
- (i) The quality and safety of housing provided; and
- (j) The effectiveness of outreach to homeless persons, and their satisfaction with the program.

(4) Based on the performance of local homeless housing programs in meeting their interim goals, on general population changes and on changes in the homeless population recorded in the annual census, the department may revise the performance measures and goals of the state homeless housing strategic plan, set goals for years following the initial ten-year period, and recommend changes in local governments' plans.

NEW SECTION. Sec. 8. (1) Each local homeless housing task force shall prepare and recommend to its local government legislative authority a ten-year homeless housing plan for its jurisdictional area which shall be not inconsistent with the department's statewide temporary guidelines, for the December 31, 2005, plan, and thereafter the department's ten-year homeless housing strategic plan and which shall be aimed at eliminating homelessness, with a minimum goal of reducing homelessness by fifty percent by July 1, 2015. The local government may amend the proposed local plan and shall adopt a plan by December 31, 2005. Performance in meeting the goals of this local plan shall be assessed annually in terms of the performance measures published by the department. Local plans may include specific local performance measures adopted by the local government legislative authority, and may include recommendations for any state legislation needed to meet the state or local plan goals.

(2) Eligible activities under the local plans include:

- (a) Rental and furnishing of dwelling units for the use of homeless persons;
- (b) Costs of developing affordable housing for homeless persons, and services for formerly homeless individuals and families residing in transitional housing or permanent housing and still at risk of homelessness;
- (c) Operating subsidies for transitional housing or permanent housing serving formerly homeless families or individuals;
- (d) Services to prevent homelessness, such as emergency eviction prevention programs including temporary rental subsidies to prevent homelessness;
- (e) Temporary services to assist persons leaving state institutions and other state programs to prevent them from becoming or remaining homeless;
- (f) Outreach services for homeless individuals and families;
- (g) Development and management of local homeless plans including homeless census data collection; identification of goals, performance measures, strategies, and costs and evaluation of progress towards established goals;
- (h) Rental vouchers payable to landlords for persons who are homeless or below thirty percent of the median income or in immediate danger of becoming homeless; and
- (i) Other activities to reduce and prevent homelessness as identified for funding in the local plan.

NEW SECTION. Sec. 9. A new section is added to chapter 36.22 RCW to read as follows:

(1) In addition to the surcharge authorized in RCW 36.22.178, and except as provided in subsection (2) of this section, an additional surcharge of ten dollars shall be charged by the county auditor for each document recorded, which will be in addition to any other charge allowed by law. The funds collected pursuant to this section are to be distributed and used as follows:

(a) The auditor shall retain two percent for collection of the fee, and of the remainder shall remit sixty percent to the county to be deposited into a fund that must be used by the county and its cities and towns to accomplish the purposes of this act, six percent of which may be used by the county for administrative costs related to its homeless housing plan, and the remainder for programs which directly accomplish the goals of the county's homeless housing plan, except that for each city in the county which elects as authorized in section 12 of this act to operate its own homeless housing program, a percentage of the surcharge assessed under this section equal to the percentage of the city's local portion of the real estate excise tax collected by the county shall be transmitted at least quarterly to the city treasurer, without any deduction for county administrative costs, for use by the city for program costs which directly contribute to the goals of the city's homeless housing plan; of the funds received by the city, it may use six percent for administrative costs for its homeless housing program.

(b) The auditor shall remit the remaining funds to the state treasurer for deposit in the homeless housing account. The department may use twelve and one-half percent of this amount for administration of the program established in section 5 of this act, including the costs of creating the statewide homeless housing strategic plan, measuring performance, providing technical assistance to local governments, and managing the homeless housing grant program. The remaining eighty-seven and one-half percent is to be distributed by the department to local governments through the homeless housing grant program.

(2) The surcharge imposed in this section does not apply to assignments or substitutions of previously recorded deeds of trust.

NEW SECTION. Sec. 10. The homeless housing account is created in the custody of the state treasurer. The state's portion of the surcharge established in section 9 of this act must be deposited in the account. Expenditures from the account may be used only for the homeless housing program as described in this chapter. Only the director or the director's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.

NEW SECTION. Sec. 11. (1) During each calendar year in which moneys from the homeless housing account are available for use by the department for the homeless housing grant program, the department shall announce to all Washington counties, participating cities, and through major media throughout the state, a grant application period of at least ninety days' duration. This announcement will be made as often as the director deems appropriate for proper utilization of resources. The department shall then promptly grant as many applications as will utilize available funds, less appropriate administrative costs of the department as described in section 9 of this act.

(2) The department will develop, with advice and input from the affordable housing advisory board established in RCW 43.185B.020, criteria to evaluate grant applications.

(3) The department may approve applications only if they are consistent with the local and state homeless housing program strategic plans. The department may give preference to applications based on some or all of the following criteria:

- (a) The total homeless population in the applicant local government service area, as reported by the most recent annual Washington homeless census;
- (b) Current local expenditures to provide housing for the homeless and to address the underlying causes of homelessness as described in section 1 of this act;
- (c) Local government and private contributions pledged to the program in the form of matching funds, property, infrastructure improvements, and other contributions; and the degree of leveraging of other funds from local government or private sources for the program for which funds are being requested, to include recipient contributions to total project costs, including allied contributions from other sources such as professional, craft and trade services, and lender interest rate subsidies;
- (d) Construction projects or rehabilitation that will serve homeless individuals or families for a period of at least twenty-five years;
- (e) Projects which demonstrate serving homeless populations with the greatest needs, including projects that serve special needs populations;
- (f) The degree to which the applicant project represents a collaboration between local governments, nonprofit community-based organizations, local and state agencies, and the private sector, especially through its integration with the coordinated and comprehensive plan for homeless families with children required under RCW 43.63A.650;
- (g) The cooperation of the local government in the annual Washington homeless census project;
- (h) The commitment of the local government and any subcontracting local governments, nonprofit organizations, and for-profit entities to employ a diverse work force;
- (i) The extent, if any, that the local homeless population is disproportionate to the revenues collected under this chapter, RCW 36.22.178, and section 9 of this act; and
- (j) Other elements shown by the applicant to be directly related to the goal and the department's state strategic plan.

NEW SECTION. Sec. 12. (1) Only a local government is eligible to receive a homeless housing grant from the homeless housing account. Any city may assert responsibility for homeless housing within its borders if it so chooses, by forwarding a resolution to the legislative authority of the county stating its intention and its commitment to operate a separate homeless housing program. The city shall then receive a percentage of the surcharge assessed under section 9 of this act equal to the percentage of the city's local portion of the real estate excise tax collected by the county. A participating city may also then apply separately for homeless housing program grants. A city choosing to operate a separate homeless housing program shall be responsible for complying with all of the same requirements as counties and shall adopt a local homeless housing plan meeting the requirements of this chapter for county local plans. However, the city may by resolution of its legislative authority accept the county's homeless housing task force as its own and based on that task force's recommendations adopt a homeless housing plan specific to the city.

(2) Local governments applying for homeless housing funds may subcontract with any other local government, housing authority, community action agency or other nonprofit organization for the execution of programs contributing to the overall goal of ending homelessness within a defined service area. All subcontracts shall be consistent with the local homeless housing plan adopted by the legislative authority of the local government, time limited, and filed with the department and shall have specific performance terms. While a local government has the authority to subcontract with other entities, the local government continues to maintain the ultimate responsibility for the homeless housing program within its borders.

(3) A county may decline to participate in the program authorized in this chapter by forwarding to the department a resolution adopted by the county legislative authority stating the intention not to participate. A copy of the resolution shall also be transmitted to the county auditor and treasurer. If such a resolution is adopted, all of the funds otherwise due to the county under section 10 of this act shall be remitted monthly to the state treasurer for deposit in the homeless housing account, without any reduction by the county for collecting or administering the funds. Upon receipt of the resolution, the department shall promptly begin to identify and contract with one or more entities eligible under this section to create and execute a local homeless housing plan for the county meeting the requirements of this chapter. The department shall expend all of the funds received from the county under this subsection to carry out the purposes of this act in the county, provided that the department may retain six percent of these funds to offset the cost of managing the county's program.

(4) A resolution by the county declining to participate in the program shall have no effect on the ability of each city in the county to assert its right to manage its own program under this chapter, and the county shall monthly transmit to the city the funds due under this chapter.

NEW SECTION. Sec. 13. The department shall allocate grant moneys from the homeless housing account to finance in whole or in part programs and projects in approved local homeless housing plans to assist homeless individuals and families gain access to adequate housing, prevent at-risk individuals from becoming homeless, address the root causes of homelessness,

track and report on homeless-related data, and facilitate the movement of homeless or formerly homeless individuals along the housing continuum toward more stable and independent housing. The department may issue criteria or guidelines to guide local governments in the application process.

NEW SECTION. Sec. 14. The department shall provide technical assistance to any participating local government that requests such assistance. Technical assistance activities may include:

- (1) Assisting local governments to identify appropriate parties to participate on local homeless housing task forces;
- (2) Assisting local governments to identify appropriate service providers with which the local governments may subcontract for service provision and development activities, when necessary;
- (3) Assisting local governments to implement or expand homeless census programs to meet homeless housing program requirements;
- (4) Assisting in the identification of "best practices" from other areas;
- (5) Assisting in identifying additional funding sources for specific projects; and
- (6) Training local government and subcontractor staff.

NEW SECTION. Sec. 15. The department shall establish a uniform process for participating local governments to report progress toward reducing homelessness and meeting locally established goals.

NEW SECTION. Sec. 16. The department may adopt such rules as may be necessary to effect the purposes of this chapter.

NEW SECTION. Sec. 17. The department shall ensure that the state's interest is protected upon the development, use, sale, or change of use of projects constructed, acquired, or financed in whole or in part through the homeless housing grant program. These policies may include, but are not limited to: (1) Requiring a share of the appreciation in the project in proportion to the state's contribution to the project, or (2) requiring a lump sum repayment of the grant upon the sale or change of use of the project.

Sec. 18. RCW 36.22.178 and 2002 c 294 s 2 are each amended to read as follows:

(1) Except as provided in subsection (2) of this section, a surcharge of ten dollars per instrument shall be charged by the county auditor for each document recorded, which will be in addition to any other charge authorized by law. The ~~((auditor))~~ county may retain up to five percent of these funds collected ~~((to administer))~~ solely for the collection, administration, and local distribution of these funds. Of the remaining funds, forty percent of the revenue generated through this surcharge will be transmitted monthly to the state treasurer who will deposit the funds into the Washington housing trust account. The office of community development of the department of community, trade, and economic development will develop guidelines for the use of these funds to support building operation and maintenance costs of housing projects or units within housing projects that are affordable to extremely low-income persons with incomes at or below thirty percent of the area median income, and that require a supplement to rent income to cover ongoing operating expenses. ~~((Sixty percent of the revenue))~~ All of the remaining funds generated by this surcharge will be retained by the county and be deposited into a fund that must be used by the county and its cities and towns for housing projects or units within housing projects that are affordable to very low-income persons with incomes at or below fifty percent of the area median income. The portion of the surcharge retained by a county shall be allocated to very low-income housing projects or units within such housing projects in the county and the cities within a county according to an interlocal agreement between the county and the cities within the county, consistent with countywide and local housing needs and policies. The funds generated with this surcharge shall not be used for construction of new housing if at any time the vacancy rate for available low-income housing within the county rises above ten percent. The vacancy rate for each county shall be developed using the state low-income vacancy rate standard developed under subsection (3) of this section. ~~((Permissible))~~ Uses of these local funds are limited to:

- (a) Acquisition, construction, or rehabilitation of housing projects or units within housing projects that are affordable to very low-income persons with incomes at or below fifty percent of the area median income;
- (b) Supporting building operation and maintenance costs of housing projects or units within housing projects ~~((built with))~~ eligible to receive housing trust funds, that are affordable to very low-income persons with incomes at or below fifty percent of the area median income, and that require a supplement to rent income to cover ongoing operating expenses;
- (c) Rental assistance vouchers for housing projects or units within housing projects that are affordable to very low-income persons with incomes at or below fifty percent of the area median income, to be administered by a local public housing

authority or other local organization that has an existing rental assistance voucher program, consistent with the United States department of housing and urban development's section 8 rental assistance voucher program standards; and

(d) Operating costs for emergency shelters and licensed overnight youth shelters.

(2) The surcharge imposed in this section does not apply to assignments or substitutions of previously recorded deeds of trust.

MESSAGE FROM THE SENATE

April 13, 2005

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1635, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that ambulance and emergency medical services are essential services and the availability of these services is vital to preserving and promoting the health, safety, and welfare of people in local communities throughout the state. All persons, businesses, and industries benefit from the availability of ambulance and emergency medical services, and survival rates can be increased when these services are available, adequately funded, and appropriately regulated. It is the legislature's intent to explicitly recognize local jurisdictions' ability and authority to collect utility service charges to fund ambulance and emergency medical service systems that are based, at least in some part, upon a charge for the availability of these services.

Sec. 2. RCW 35.21.766 and 2004 c 129 s 34 are each amended to read as follows:

~~(1) Whenever a regional fire protection service authority ((or the legislative authority of any city or town)) determines that the fire protection jurisdictions that are members of the authority ((or the city or town or a substantial portion of the city or town is)) are not adequately served by existing private ambulance service, the governing board of the authority may by resolution((, or the legislative authority of the city or town may by appropriate legislation,)) provide for the establishment of a system of ambulance service to be operated by the authority as a public utility ((of the city or town, or)) operated by contract after a call for bids.~~

~~(2) The legislative authority of any city or town may establish an ambulance service to be operated as a public utility. However, the legislative authority of the city or town shall not provide for the establishment of an ambulance service utility that would compete with any existing private ambulance service, unless the legislative authority of the city or town determines that the city or town, or a substantial portion of the city or town, is not adequately served by an existing private ambulance service. In determining the adequacy of existing ambulance service, the legislative authority of the city or town shall determine if the service is meeting relevant performance standards. Before making any adequacy determination, performance standards shall be established by the city or town through adoption of a resolution or ordinance by its legislative body, which shall first hold one or more public hearings on the subject of proposed performance standards, or any amendment thereto, after giving at least fourteen days' notice of the time and place by publication in a newspaper of general circulation in the city and individual written notice to~~

any private ambulance company registered with the jurisdiction as operating an ambulance service in the city or town, and to the department of health. Performance standards adopted by any city or town shall be no less stringent than existing standards adopted by the department of health or any other agency with applicable jurisdiction, and may include, but not be limited to, standards regarding response times, equipment, personnel, training, communication, dispatch, reporting, and other relevant requirements and expectations.

(3) The city or town legislative authority is authorized to set and collect rates and charges in an amount sufficient to regulate, operate, and maintain an ambulance utility. Prior to setting such rates and charges, the legislative authority must determine, through a cost-of- service study, the total cost necessary to regulate, operate, and maintain the ambulance utility. Total costs shall not include capital cost for the construction, major renovation, or major repair of the physical plant. For purposes of establishing and setting rates and charges under this section, costs shall be reduced by any revenues collected and described in subsection (5)(a) through (c) of this section. Once the legislative authority determines the total costs, the legislative authority shall then identify that portion of the total costs that are attributable to the availability of the ambulance service and that portion of the total costs that are attributable to the demand placed on the ambulance utility.

(a) Availability costs are those costs attributable to the basic infrastructure needed to respond to a single call for service within the utility's response criteria. Availability costs may include costs for dispatch, labor, training of personnel, equipment, patient care supplies, and maintenance of equipment.

(b) Demand costs are those costs that are attributable to the burden placed on the ambulance service by individual calls for ambulance service. Demand costs shall include costs related to frequency of calls, distances from hospitals, and other factors identified in the cost-of-service study conducted to assess burdens imposed on the ambulance utility.

(c) Beginning on the effective date of this act, the rate attributable to costs for availability described under (a) of this subsection shall be uniformly applied across user classifications within the utility.

(d) Beginning on the effective date of this act, the rate attributable to costs for demand, described under (b) of this subsection, shall be established and billed to each utility user classification based on each user classification's burden on the ambulance utility.

(e) The fee charged by the utility shall reflect a combination of the availability cost and the demand cost.

(4)(a) Except as provided in (b) of this subsection, the combined rates charged shall reflect an exemption for persons who are medicaid eligible and who reside in a nursing facility, boarding home, adult family home, or receive in home services. The combined rates charged may reflect an exemption or reduction for designated classes consistent with Article VIII, section 7 of the state Constitution. The amounts of exemption or reduction shall be a general expense of the utility, and designated as an availability cost, to be spread uniformly across the utility user classifications.

(b) For cities with a population less than 2,500 that established an ambulance utility before May 6, 2004, the combined rates charged may reflect an exemption or reduction for persons who are medicaid eligible, and for designated classes consistent with Article VIII, section 7 of the state Constitution.

(5) In each city or town operating an ambulance utility pursuant to this section:

(a) The legislative authority must continue to allocate at least fifty percent of the total amount of general fund revenues expended, as of May 6, 2004, toward the total costs necessary to regulate, operate, and maintain the ambulance utility.

However, cities or towns that operated an ambulance service as a public utility as of May 6, 2004, and commingled general fund dollars and ambulance service utility dollars, may reasonably estimate that portion of general fund dollars that were, as of that date, applied toward the operation of the ambulance service utility, and at least fifty percent of such estimated amount must then continue to be applied toward the total cost necessary to regulate, operate, and maintain the ambulance utility.

(b) The legislative authority must allocate available emergency medical service levy funds, in an amount proportionate to the percentage of the ambulance services costs to the total combined operating costs for emergency medical services and ambulance services, towards the total costs necessary to regulate, operate, and maintain the ambulance utility.

(c) The legislative authority must allocate all revenues received through direct billing to the individual user of the ambulance service to the demand-related costs under subsection (3)(b) of this section.

(d) The total revenue generated by the rates and charges shall not exceed the total costs necessary to regulate, operate, and maintain an ambulance utility.

(e) Revenues generated by the rates and charges must be deposited in a separate fund or funds and be used only for the purpose of paying for the cost of regulating, maintaining, and operating the ambulance utility.

(6) Ambulance service rates charged pursuant to this section do not constitute taxes or charges under RCW 82.02.050 through 82.02.090, or RCW 35.21.768, or charges otherwise prohibited by law.

NEW SECTION. Sec. 3. The joint legislative audit and review committee shall study and review ambulance utilities established and operated by cities under this act. The committee shall examine, but not be limited to, the following factors: the

number and operational status of utilities established under this act; whether the utility rate structures and user classifications used by cities were established in accordance with generally accepted utility rate-making practices; and rates charged by the utility to the user classifications. The committee shall provide a final report on this review by December, 2007.

On page 1, at the beginning of line 2 of the title, strike the remainder of the title and insert "amending RCW 35.21.766; and creating new sections."

and the same is herewith transmitted.

Thomas Hoemann, Secretary

There being no objection, the House refused to concur in the Senate amendment to ENGROSSED SUBSTITUTE HOUSE BILL NO. 1635 and asked the Senate to recede therefrom.

MESSAGE FROM THE SENATE

April 11, 2005

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1903, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature has and continues to recognize the vital importance of economic development to the health and prosperity of Washington state as indicated in RCW 43.160.010, 43.155.070(4)(g), 43.163.005, and 43.168.010. The legislature finds that current economic development programs and funding, which are primarily low-interest loan programs, can be enhanced by creating a loan and grant program to assist political subdivisions with public infrastructure projects that directly stimulate community and economic development by supporting the creation of new jobs or the retention of existing jobs.

NEW SECTION. Sec. 2. A new section is added to chapter 43.160 RCW to read as follows:

(1) The job development fund program is created to provide loans and grants to political subdivisions of the state for public infrastructure projects that will stimulate job creation or assist in job retention. Grants may be awarded only when, and to the extent that, a loan is not reasonably possible, given the limited resources of the political subdivision and the board has made a finding that financial circumstances require grant assistance to enable the project to move forward. The program is to be administered by the board. The board shall establish a competitive process to request and prioritize proposals and make loan and grant awards.

(2) For the purposes of this act:

(a) "Public infrastructure projects" has the same meaning as "public facilities" as defined in RCW 43.160.020(11); and

(b) "Political subdivision" means a county, city, port district, or other special purpose district, excluding a school district.

(3) The board shall conduct a statewide request for project applications from political subdivisions. The board shall apply the following criteria for evaluation and ranking of applications:

(a) The relative benefits provided to the community by the jobs the project would create, including, but not limited to:

(i) The total number of jobs; (ii) the total number of full-time, family wage jobs; (iii) the unemployment rate in the area; and (iv) the increase in employment in comparison to total community population;

(b) The present level of economic activity in the community and the existing local financial capacity to increase economic activity in the community;

(c) The rate of return of the state's investment, that includes the expected increase in state and local tax revenues associated with the project;

(d) The lack of another timely source of funding available to finance the project which would likely prevent the proposed community or economic development, absent the financing available under this act;

(e) The ability of the project to improve the viability of existing business entities in the project area;

(f) Whether or not the project is a partnership of multiple jurisdictions;

(g) Demonstration that the requested assistance will directly stimulate community and economic development by facilitating the creation of new jobs or the retention of existing jobs; and

(h) The availability of existing assets that applicants may apply to projects.

(4) Job development fund program loans and grants may only be awarded to those applicants that have entered into or expect to enter into a contract with a private developer relating to private investment that will result in the creation or retention of jobs upon completion of the project. Job development fund program loans and grants shall not be provided for any project where:

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 2266, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** Restricting access to certain precursor drugs used to manufacture methamphetamine to ensure that they are only sold at retail to individuals who will use them for legitimate purposes upon production of proper identification is an essential step to controlling the manufacture of methamphetamine.

NEW SECTION. **Sec. 2.** A new section is added to chapter 69.43 RCW to read as follows:

(1) Any product containing ephedrine, pseudoephedrine, or phenylpropanolamine, or their salts, isomers, or salts of isomers as its only active ingredient, sold at retail shall be sold only by a pharmacy licensed by, or shopkeeper or itinerant vendor registered with, the department of health under chapter 18.64 RCW, or an employee thereof, or a practitioner as defined in RCW 18.64.011. A pharmacy licensed by, or shopkeeper or itinerant vendor registered with, the department of health under chapter 18.64 RCW, or an employee thereof, or a practitioner as defined in RCW 18.64.011 may only sell products containing ephedrine, pseudoephedrine, or phenylpropanolamine, or their salts, isomers, or salts of isomers as its only active ingredient to customers that are at least eighteen years old, upon presentation of photographic identification that shows the date of birth of the person. The products must be kept in a location that is not accessible by customers without the assistance of an employee of the merchant.

(2) A person buying or receiving a product at retail containing ephedrine, pseudoephedrine, or phenylpropanolamine, or their salts, isomers, or salts of isomers as its only active ingredient, from a pharmacy licensed by, or shopkeeper or itinerant vendor registered with, the department of health under chapter 18.64 RCW, or an employee thereof, or a practitioner as defined in RCW 18.64.011, must be at least eighteen years old and must first produce photographic identification of the person that shows the date of birth of the person.

NEW SECTION. **Sec. 3.** A new section is added to chapter 69.43 RCW to read as follows:

(1)(a) The Washington association of sheriffs and police chiefs or the Washington state patrol may petition the state board of pharmacy to establish restrictions for one or more products containing any amount of ephedrine, pseudoephedrine, or phenylpropanolamine, or their salts, isomers, or salts of isomers, in combination with another active ingredient. The petition shall establish that:

(i) Ephedrine, pseudoephedrine, or phenylpropanolamine can be effectively extracted from the product and converted into methamphetamine or another controlled dangerous substance; and

(ii) Law enforcement, the Washington state patrol, or the department of ecology are finding substantial evidence that the product is being used for the illegal manufacture of methamphetamine or another controlled dangerous substance.

(b) The state board of pharmacy shall adopt rules when a petition establishes that restricting the sale of the product at retail is warranted based upon the effectiveness and extent of use of the product for the illegal manufacture of methamphetamine or other controlled dangerous substances and the extent of the burden of any restrictions upon consumers. The state board of pharmacy may adopt such restrictions as are warranted to prevent access to the product for use for the illegal manufacture of methamphetamine or another controlled dangerous substance, including the presentation of photographic identification and accessibility requirements. The state board of pharmacy may adopt emergency rules to restrict the sale of a product when the petition establishes that the immediate restriction of the product is necessary in order to protect public health and safety.

(c) A manufacturer of a drug product may apply for removal of the product from this section if the product is determined by the state board of pharmacy to have been formulated in such a way as to effectively prevent the conversion of the active ingredient into methamphetamine. The burden of proof for exemption is upon the person requesting the exemption. The petitioner shall provide the state board of pharmacy with evidence that the product has been formulated in such a way as to serve as an effective general deterrent to the conversion of pseudoephedrine into methamphetamine. The evidence must include the furnishing of a valid scientific study, conducted by an independent, professional laboratory and evincing professional quality chemical analysis. Factors to be considered in whether a product should be excluded from this section include but are not limited to:

(i) Ease with which the product can be converted to methamphetamine;

(ii) Ease with which pseudoephedrine is extracted from the substance and whether it forms an emulsion, salt, or other form;

(iii) Whether the product contains a "molecular lock" that renders it incapable of being converted into methamphetamine;

(iv) Presence of other ingredients that render the product less likely to be used in the manufacture of methamphetamine; and

(v) Any pertinent data that can be used to determine the risk of the substance being used in the illegal manufacture of methamphetamine or any other controlled substance.

(2) Nothing in this section applies:

(a) To the sale of a product that may only be sold upon the presentation of a prescription; or

(b) When the details of the transaction are recorded in a pharmacy profile individually identified with the recipient and maintained by a licensed pharmacy or registered shopkeeper or itinerant vendor.

(3)(a) No pharmacy licensed by, or shopkeeper or itinerant vendor registered with, the department of health under chapter 18.64 RCW, or a practitioner as defined in RCW 18.64.011, may retaliate against any employee that has made a good faith attempt to comply with any requirement that the state board of pharmacy may impose under subsection (1) of this section.

(b) No pharmacy licensed by, or shopkeeper or itinerant vendor registered with, the department of health under chapter 18.64 RCW, or a practitioner as defined in RCW 18.64.011, is subject to prosecution under subsection (4) of this section if they made a good faith attempt to comply with any requirement that the state board of pharmacy may impose under subsection (1) of this section.

(4) A violation of this section is a gross misdemeanor.

NEW SECTION. **Sec. 4.** (1) The state board of pharmacy shall convene a work group to study the need for requiring and maintaining logs of transactions involving ephedrine, pseudoephedrine, or phenylpropanolamine.

(2) The study shall include:

(a) Whether a log is an effective law enforcement tool;

(b) What information is needed to make logs useful as a deterrent to criminal activity;

(c) The most effective method of obtaining, recording, and storing log information in the least intrusive manner available;

(d) How long the information recorded in the logs should be maintained; and

(e) How logs can be most effectively transmitted to law enforcement and the state board of pharmacy.

(3) The work group shall consist of:

- (e) Two representatives from the retail industry.
- (4) The state board of pharmacy shall report to the legislature no later than November 30, 2005, regarding the findings of the work group along with any recommendations or proposed legislation."

(3) The office of the superintendent of public instruction shall provide school districts with training and additional resources to ensure they can verify that degrees earned by certificated staff, that are used to increase earnings on the salary schedule consistent with RCW 28A.415.023, are obtained from an educational institution accredited by an accrediting association recognized by rule of the state board of education.

(4)(a) No school district may submit degree information before there has been verification of accreditation under subsection (3) of this section.

(b) Certificated staff who submit degrees received from an unaccredited educational institution for the purposes of receiving a salary increase shall be fined three hundred dollars. The fine shall be paid to the office of the superintendent of public instruction and used for costs of administering this section.

(c) In addition to the fine in (b) of this subsection, certificated staff who receive salary increases based upon degrees earned from educational institutions that have been verified to be unaccredited must reimburse the district for any compensation received based on these degrees.

(1) Any certificate or permit authorized under the provisions of this chapter, chapter 28A.405 RCW, or rules promulgated thereunder may be revoked or suspended by the authority authorized to grant the same based upon a criminal records report authorized by law, or upon the complaint of any school district superintendent, educational service district superintendent, or private school administrator for immorality, violation of written contract, unprofessional conduct, intemperance, or crime against the law of the state.

If the superintendent of public instruction has reasonable cause to believe that an alleged violation of this chapter or rules adopted under it has occurred based on a written complaint alleging physical abuse or sexual misconduct by a certificated school employee filed by a parent or another person, but no complaint has been forwarded to the superintendent by a school district superintendent, educational service district superintendent, or private school administrator, and that a school district superintendent, educational service district superintendent, or private school administrator has sufficient notice of the alleged violation and opportunity to file a complaint, the superintendent of public instruction may cause an investigation to be made of the alleged violation, together with such other matters that may be disclosed in the course of the investigation related to certificated personnel.

Revocation of any certificate or permit authorized under this chapter or chapter 28A.405 RCW for a guilty plea or criminal conviction occurring prior to July 23, 1989, shall be subject to the provisions of subsection (1) of this section.

(4)(a) Any such certificate or permit authorized under this chapter or chapter 28A.405 RCW shall be suspended or revoked, according to the provisions of this subsection, by the authority authorized to grant the certificate upon a finding that an employee has engaged in an unauthorized use of school equipment to intentionally access material depicting sexually explicit

A first time violation of this subsection shall result in either suspension or revocation of the employee's certificate or permit as determined by the office of the superintendent of public instruction. SECOND READING

HOUSE BILL NO. 2309, By Representative Linville; by request of Office of Financial Management

Modifying water right fees.

The bill was read the second time.

There being no objection, Substitute House Bill No. 2309 was substituted for House Bill No. 2309 and the substitute bill was placed on the second reading calendar.

SUBSTITUTE HOUSE BILL NO. 2309 was read the second time.

With the consent of the House, amendment (423) was withdrawn.

Representative Linville moved the adoption of amendment (578):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that the fees associated with various actions of the department of ecology relating to the processing and administration of water rights are outdated and are insufficient even to recover the cost of handling the funds submitted. The legislature also finds that water right processing fees are currently collected at three different stages of the water rights process and that reducing the number of instances of fee collection to two stages of the process would increase efficiency and reduce administrative costs. The legislature further finds that several current statutory fees are archaic or are otherwise covered by other general statutes, including the state's public disclosure laws. The legislature therefore intends to update and modernize the fee schedule associated with water right-related actions of the department of ecology.

Sec. 2. RCW 90.03.470 and 1993 c 495 s 2 are each amended to read as follows:

~~((Except as otherwise provided in subsection (15) of this section.))~~ The ((following)) fees specified in this section shall be collected by the department in advance((:)) of the requested action.

(1) For the examination of an application for a permit to appropriate water ~~((or on application to change point of diversion, withdrawal, purpose or place of use)),~~ a minimum fee of ((ten)) fifty dollars((, to be paid)) must be remitted with the application. For ~~((each second foot between one and five hundred second feet, two dollars per second foot; for each second foot between five hundred and two thousand second feet, fifty cents per second foot; and for each second foot in excess thereof, twenty cents per second foot))~~ an amount of water exceeding one-half cubic foot per second, the examination fee shall be assessed at the rate of one dollar per one hundredth cubic foot per second. In no case will the examination fee be less than fifty

dollars or more than twenty-five thousand dollars. No fee is required under this subsection (1) for an application filed by a party to a cost reimbursement agreement made under RCW 90.03.265.

(2) For the examination of an application to store water, a fee of two dollars for each acre foot of storage ((up to and including one hundred thousand acre feet, one cent per acre foot, and for each acre foot in excess thereof, one fifth cent per acre foot)) proposed shall be charged, but a minimum fee of fifty dollars must be remitted with the application. In no case will the examination fee for a storage project be less than fifty dollars or more than twenty-five thousand dollars. No fee is required under this subsection (2) for an application filed by a party to a cost reimbursement agreement made under RCW 90.03.265.

(3)(a) For the examination of an application to transfer, change, or amend a water right certificate, permit, or claim as authorized by RCW 90.44.100, 90.44.105, or 90.03.380, a minimum fee of fifty dollars must be remitted with the application. For an application for change involving an amount of water exceeding one cubic foot per second, the total examination fee shall be assessed at the rate of fifty cents per one hundredth cubic foot per second. For an application for change of a storage water right, the total examination fee shall be assessed at the rate of one dollar for each acre foot of water involved in the change. The fee shall be based on the amount of water subject to change as proposed in the application, not on the total amount of water reflected in the water right certificate, permit, or claim. In no case will the examination fee charged for a change application be less than fifty dollars or more than twelve thousand five hundred dollars.

(b) The examination fee for a temporary or seasonal change under RCW 90.03.390 is fifty dollars and must be remitted with the application.

(c) No fee is required under this subsection (3) for:

(i) An application to process a change relating to donation of a trust water right to the state;

(ii) An application to process a change when the department otherwise acquires a trust water right for purposes of improving instream flows or for other public purposes;

(iii) An application filed with a water conservancy board according to chapter 90.80 RCW or for the review of a water conservancy board's record of decision submitted to the department according to chapter 90.80 RCW; or

(iv) An application filed by a party to a cost reimbursement agreement made under RCW 90.03.265.

(d) For a change, transfer, or amendment involving a single project operating under more than one water right, including related secondary diversion rights, or involving the consolidation of multiple water rights, only one examination fee and one certificate fee are required to be paid.

(4) The ~~((ten))~~ fifty-dollar minimum fee payable with the application shall be a credit to ~~((that))~~ the total amount whenever the examination fee ~~((for direct diversion or storage))~~ totals more than ~~((ten))~~ fifty dollars under the ~~((above schedule))~~ schedule specified in subsections (1) through (3) of this section and in such case the further fee due shall be the total computed amount, less ~~((ten dollars))~~ the amount previously paid. Within five working days from receipt of an application, the department shall notify the applicant by registered mail of any additional fees due under ~~((the above schedule and any additional fees shall be paid to and received by the department within thirty days from the date of filing the application, or the application shall be rejected))~~ subsections (1) through (3) of this section.

~~((2) For filing and recording a permit to appropriate water for irrigation purposes, forty cents per acre for each acre to be irrigated up to and including one hundred acres, and twenty cents per acre for each acre in excess of one hundred acres up to and including one thousand acres, and ten cents for each acre in excess of one thousand acres; and also twenty cents for each theoretical horsepower up to and including one thousand horsepower, and four cents for each theoretical horsepower in excess of one thousand horsepower, but in no instance shall the minimum fee for filing and recording a permit to appropriate water be less than five dollars. For all other beneficial purposes the fee shall be twice the amount of the examination fee except that for individual household and domestic use, which may include water for irrigation of a family garden, the fee shall be five dollars.~~

~~(3) For filing and recording any other water right instrument, four dollars for the first hundred words and forty cents for each additional hundred words or fraction thereof.~~

~~(4) For making a copy of any document recorded or filed in his office, forty cents for each hundred words or fraction thereof, but when the amount exceeds twenty dollars, only the actual cost in excess of that amount shall be charged.~~

~~(5) For certifying to copies, documents, records or maps, two dollars for each certification.~~

~~(6) For blueprint copies of a map or drawing, or, for such other work of a similar nature as may be required of the department, at actual cost of the work.~~

~~(7)) (5) The fees specified in subsections (1) through (3) of this section do not apply to any filings for emergency withdrawal authorizations or temporary drought-related water right changes authorized under RCW 43.83B.410 that are received by the department while a drought condition order issued under RCW 43.83B.405 is in effect.~~

~~(6) For ~~((granting))~~ applying for each extension of time for beginning construction work under a permit to appropriate water, ~~((an amount equal to one half of the filing and recording fee, except that the minimum fee shall be not less than five dollars for each year that an extension is granted, and for granting an extension of time))~~ for completion of construction work, or~~

for completing application of water to a beneficial use, ~~((five dollars for each year that an extension is granted))~~ a fee of fifty dollars is required. These fees also apply to similar extensions of time requested under a change or transfer authorization.

~~((8))~~ (7) For the inspection of any hydraulic works to insure safety to life and property, a fee based on the actual cost of the inspection, including the expense incident thereto, is required.

~~((9))~~ (8) For the examination of plans and specifications as to safety of controlling works for storage of ten acre feet or more of water, a minimum fee of ten dollars, or a fee equal to the actual cost, is required.

~~((10))~~ (9) For recording an assignment either of a permit to appropriate water or of an application for such a permit, a fee of ~~((five))~~ fifty dollars is required.

~~((11))~~ (10) For preparing and issuing all water right certificates, ~~((five))~~ a fee of fifty dollars is required.

~~((12))~~ (11) For filing and recording a formal protest against granting any application, ~~((two))~~ a fee of fifty dollars is required. No fee is required to submit a comment, by mail or otherwise, regarding an application.

~~((13))~~ (12) For filing an application to amend a water right claim filed under chapter 90.14 RCW, a fee of fifty dollars is required.

(13) An application or request for an action as provided for under this section is incomplete unless accompanied by the fee or the minimum fee. If no fee or an amount less than the minimum fee accompanies an application or other request for an action as provided under this section, the department shall return the application or request to the applicant with advice as to the fee that must be remitted with the application or request for it to be accepted for processing. If additional fees are due, the department shall provide timely notification by certified mail with return receipt requested to ~~((applicants that fees are due))~~ the applicant. No action may be taken by the department until the fee is paid in full. Failure to remit fees within sixty days of the department's notification ~~((shall be))~~ is grounds for rejecting the application or request or canceling the permit. Cash shall not be accepted. Fees must be paid by check or money order and are nonrefundable.

(14) For purposes of calculating fees for ground water filings, one cubic foot per second shall be regarded as equivalent to four hundred fifty gallons per minute.

(15) ~~((For the period beginning July 1, 1993, and ending June 30, 1994, there is imposed and the department shall collect a one hundred dollar surcharge on all water rights applications or changes filed under this section, and upon all water rights applications or changes pending as of July 1, 1993. This charge shall be in addition to any other fees imposed under this section.))~~ Fees collected by the department under this section shall be deposited to the state general fund.

(16) Except for the fees relating to the inspection of hydraulic works and the examination of plans and specifications of controlling works provided for in subsections (7) and (8) of this section, nothing in this section is intended to grant authority to the department to amend the fees in this section by adoption of rules or otherwise."

MESSAGE FROM THE SENATE

April 14, 2005

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1058, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that, despite explicit statements in statute that the consent of a minor child is not required for a parent-initiated admission to inpatient or outpatient mental health treatment, treatment providers consistently refuse to accept a minor aged thirteen or over if the minor does not also consent to treatment. The legislature intends that the parent-initiated treatment provisions, with their accompanying due process provisions for the minor, be made fully available to parents.

NEW SECTION. Sec. 2. A new section is added to chapter 71.34 RCW to read as follows:

A minor child shall have no cause of action against an evaluation and treatment facility, inpatient facility, or provider of outpatient mental health treatment for admitting or accepting the minor in good faith for evaluation or treatment under RCW 71.34.052 or 71.34.054 based solely upon the minor's lack of consent if the minor's parent has consented to the evaluation or treatment.

Sec. 3. RCW 71.34.052 and 1998 c 296 s 17 are each amended to read as follows:

(1) A parent may bring, or authorize the bringing of, his or her minor child to an evaluation and treatment facility or an inpatient facility and request that the professional person examine the minor to determine whether the minor has a mental disorder and is in need of inpatient treatment.

(2) The consent of the minor is not required for admission, evaluation, and treatment if the parent brings the minor to the facility.

(3) An appropriately trained professional person may evaluate whether the minor has a mental disorder. The evaluation shall be completed within twenty-four hours of the time the minor was brought to the facility, unless the professional person determines that the condition of the minor necessitates additional time for evaluation. In no event shall a minor be held longer than seventy-two hours for evaluation. If, in the judgment of the professional person, it is determined it is a medical necessity for the minor to receive inpatient treatment, the minor may be held for treatment. The facility shall limit treatment to that which the professional person determines is medically necessary to stabilize the minor's condition until the evaluation has been completed. Within twenty-four hours of completion of the evaluation, the professional person shall notify the department if the child is held for treatment and of the date of admission.

(4) No provider is obligated to provide treatment to a minor under the provisions of this section except that no provider may refuse to treat a minor under the provisions of this section solely on the basis that the minor has not consented to the treatment. No provider may admit a minor to treatment under this section unless it is medically necessary.

(5) No minor receiving inpatient treatment under this section may be discharged from the facility based solely on his or her request.

(6) Prior to the review conducted under RCW 71.34.025, the professional person shall notify the minor of his or her right to petition superior court for release from the facility.

~~((7) For the purposes of this section "professional person" does not include a social worker, unless the social worker is certified under RCW 18.19.110 and appropriately trained and qualified by education and experience, as defined by the department, in psychiatric social work.))~~

All amounts so received by the municipality shall be paid out by it under the terms of such contract within sixty days after the receipt thereof. Whenever any tap or connection is made into any such contracted water or sewer facilities without such payment having first been made, the governing body of the municipality may remove, or cause to be removed, such unauthorized tap or connection and all connecting tile, or pipe located in the facility right of way and dispose of unauthorized material so removed without any liability whatsoever.

Rainwater harvesting systems shall be properly sized to utilize the available roof surface of the building. The jurisdiction shall consider rate reductions in excess of ten percent dependent upon the amount of rainwater harvested.
- (4) A county may provide assistance to aid low-income persons in connection with services provided under this chapter.

(1) All medical review officers or breath alcohol technicians hired by or under contract to a motor carrier or employer who employs drivers who operate commercial motor vehicles and who is required to have a testing program conducted under the procedures established by 49 C.F.R. ~~((382))~~ 40 or to a consortium the carrier or employer belongs to, as defined in 49 C.F.R. ~~((382.17))~~ 40.3, shall report the finding of a commercial motor vehicle driver's ~~((confirmed))~~ verified positive drug test or positive alcohol confirmation test to the department of licensing on a form provided by the department. If the employer is required to have a testing program under 49 C.F.R. 655, a report of a verified positive drug test or positive alcohol confirmation test must not be forwarded to the department under this subsection unless the test is a pre-employment drug test conducted under 49 C.F.R. 655.41 or a pre-employment alcohol test conducted under 49 C.F.R. 655.42.

(2)(a) A motor carrier or employer who employs drivers who operate commercial motor vehicles and who is required to have a testing program conducted under the procedures established by 49 C.F.R. 40, or the consortium the carrier or employer belongs to, must report a refusal by a commercial motor vehicle driver to take a drug or alcohol test, under circumstances that constitute the refusal of a test under 49 C.F.R. 40 and where such refusal has not been reported by a medical review officer or breath alcohol technician, to the department of licensing on a form provided by the department.

Failure to obtain this contractual

condition or agreement with the medical review officer or breath alcohol technician by the motor carrier, employer, or consortium, or failure to report a refusal as required by subsection (2) of this section, will result in an administrative fine as provided in RCW 46.32.100 or 81.04.405.

~~(4)~~ Substances obtained for testing may not be used for any purpose other than drug or alcohol testing under 49 C.F.R. ~~(382)~~ 40.

Sec. 4. RCW 46.25.125 and 2002 c 272 s 2 are each amended to read as follows:

(1) When the department of licensing receives a report from a medical review officer ~~((or))~~, breath alcohol technician, employer, contractor, or consortium that ~~((the holder of a commercial driver's license))~~ a driver has a ~~((confirmed))~~ verified positive drug test or positive alcohol confirmation test, ~~((either))~~ as part of the testing program ~~((required by))~~ conducted under 49 C.F.R. ~~((382 or as part of a preemployment drug test))~~ 40, the department shall disqualify the driver from driving a commercial motor vehicle under RCW 46.25.090(7) subject to a hearing as provided in this section. The department shall notify the person in writing of the disqualification by first class mail. The notice must explain the procedure for the person to request a hearing.

(2) A person disqualified from driving a commercial motor vehicle for having a ~~((confirmed))~~ verified positive drug test or positive alcohol confirmation test may request a hearing to challenge the disqualification within twenty days from the date notice is given. If the request for a hearing is mailed, it must be postmarked within twenty days after the department has given notice of the disqualification.

(3) The hearing must be conducted in the county of the person's residence, except that the department may conduct all or part of the hearing by telephone or other electronic means.

(4) For the purposes of this section, or for the purpose of a hearing de novo in an appeal to superior court, the hearing must be limited to the following issues: (a) Whether the driver is the person who ~~((took the drug or alcohol test))~~ is the subject of the report; (b) whether the motor carrier, employer, or consortium has a program that ~~((meets))~~ is subject to the federal requirements under 49 C.F.R. ~~((382))~~ 40; and (c) whether the medical review officer or breath alcohol technician making the report accurately followed the protocols ~~((for testing))~~ established to ~~((certify))~~ verify or confirm the results, or if the driver refused a test, whether the circumstances constitute the refusal of a test under 49 C.F.R. 40. Evidence may be presented to demonstrate that the test results are a false positive. For the purpose of a hearing under this section, a copy of ~~((the))~~ a positive test result with a declaration by the tester or medical review officer or breath alcohol technician stating the accuracy of the laboratory protocols followed to arrive at the test result is prima facie evidence;

(i) Of a ~~((confirmed))~~ verified positive drug test or positive alcohol confirmation test result;

(ii) That the motor carrier, employer, or consortium has a program that is subject to the federal requirements under 49 C.F.R. 40; and

(iii) That the medical review officer or breath alcohol technician making the report accurately followed the protocols for testing established to verify or confirm the results.

After the hearing, the department shall order the disqualification of the person either be rescinded or sustained.

(5) If the person does not request a hearing within the twenty-day time limit, or if the person fails to appear at a hearing, the person has waived the right to a hearing and the department shall sustain the disqualification.

(6) A decision by the department disqualifying a person from driving a commercial motor vehicle is stayed and does not take effect while a formal hearing is pending under this section or during the pendency of a subsequent appeal to superior court so long as there is no conviction for a moving violation or no finding that the person has committed a traffic infraction that is a moving violation and the department receives no further report of a ~~((confirmed))~~ verified positive drug test or positive alcohol confirmation test during the pendency of the hearing and appeal. If the disqualification is sustained after the hearing, the person who is disqualified may file a petition in the superior court of the county of his or her residence to review the final order of disqualification by the department in the manner provided in RCW 46.20.334.

(7) The department of licensing may adopt rules specifying further requirements for requesting and conducting a hearing under this section.

(8) The department of licensing is not civilly liable for damage resulting from disqualifying a driver based on a ~~((confirmed))~~ verified positive drug test or positive alcohol confirmation test result as required by this section or for damage resulting from release of this information that occurs in the normal course of business.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature has directed the financial literacy public-private partnership to complete certain tasks to support efforts to increase the level of financial literacy in the common schools. In order to promote a greater understanding by students of the consequences of a dishonored check, the legislature intends to extend by one year the date by which the financial literacy public-private partnership must identify strategies to increase the financial literacy of public school students in Washington.

Sec. 2. RCW 28A.300.455 and 2004 c 247 s 3 are each amended to read as follows:

(1) By September 30, 2004, the financial literacy public-private partnership shall adopt a definition of financial literacy to be used in educational efforts.

(2) By June 30, ~~((2005))~~ 2006, the financial literacy public-private partnership shall identify strategies to increase the financial literacy of public school students in our state. To the extent funds are available, strategies to be considered by the partnership shall include, but not be limited to:

(a) Identifying and making available to school districts:

(i) Important financial literacy skills and knowledge;

(ii) Ways in which teachers at different grade levels may integrate financial literacy in mathematics, social studies, and other course content areas;

(iii) Instructional materials and programs, including schoolwide programs, that include the important financial literacy skills and knowledge;

(iv) Assessments and other outcome measures that schools and communities may use to determine whether students are financially literate; and

(v) Other strategies for expanding and increasing the quality of financial literacy instruction in public schools, including professional development for teachers;

(b) Developing a structure and set of operating principles for the financial literacy public-private partnership to assist interested school districts in improving the financial literacy of their students by providing such things as financial literacy instructional materials and professional development; and

(c) Providing a report to the governor, the house and senate financial institutions and education committees of the legislature, the superintendent of public instruction, the state board of education, and education stakeholder groups, on the results of work of the financial literacy public-private partnership. In addition, in the event of court action on the check and after notice and the expiration of the thirty-three days, the court shall award reasonable attorneys' fees, and three times the face amount of the check or three hundred dollars, whichever is less, as part of the damages payable to the collection agency. SUBSTITUTE HOUSE BILL NO. 1463, as amended by the Senate, having received the constitutional majority, was declared passed.

MESSAGE FROM THE SENATE

April 8, 2005

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1495, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. It is the intent of the legislature to promote the full success of the centennial accord, which was signed by state and tribal government leaders in 1989. As those leaders declared in the subsequent millennial accord in 1999, this will require "educating the citizens of our state, particularly the youth who are our future leaders, about tribal history, culture, treaty rights, contemporary tribal and state government institutions and relations and the contribution of Indian nations to the state of Washington." The legislature recognizes that this goal has yet to be achieved in most of our state's schools and districts. As a result, Indian students may not find the school curriculum, especially Washington state history curriculum, relevant to their lives or experiences. In addition, many students may remain uninformed about the experiences, contributions, and perspectives of their tribal neighbors, fellow citizens, and classmates. The legislature further finds that the lack of accurate and complete curricula may contribute to the persistent achievement gap between Indian and other students. The legislature finds there is a need to establish collaborative government-to-government relationships between elected school boards and tribal councils to create local and/or regional curricula about tribal history and culture, and to promote dialogue and cultural exchanges that can help tribal leaders and school leaders implement strategies to close the achievement gap.

NEW SECTION. Sec. 2. A new section is added to chapter 28A.345 RCW to read as follows:

(1) Beginning in 2006, and at least once annually through 2010, the Washington state school directors' association is encouraged to convene regional meetings and invite the tribal councils from the region for the purpose of establishing government-to-government relationships and dialogue between tribal councils and school district boards of directors. Participants in these meetings should discuss issues of mutual concern, and should work to:

- (a) Identify the extent and nature of the achievement gap and strategies necessary to close it;
- (b) Increase mutual awareness and understanding of the importance of accurate, high-quality curriculum materials about the history, culture, and government of local tribes; and
- (c) Encourage school boards to identify and adopt curriculum that includes tribal experiences and perspectives, so that Indian students are more engaged and learn more successfully, and so that all students learn about the history, culture, government, and experiences of their Indian peers and neighbors.

(2) By December 1, 2008, and every two years thereafter through 2012, the school directors' association shall report to the education committees of the legislature regarding the progress made in the development of effective government-to-government relations, the narrowing of the achievement gap, and the identification and adoption of curriculum regarding tribal history, culture, and government. The report shall include information about any obstacles encountered, and any strategies under development to overcome them.

Sec. 3. RCW 28A.230.090 and 2004 c 19 s 103 are each amended to read as follows:

(1) The state board of education shall establish high school graduation requirements or equivalencies for students.

(a) Any course in Washington state history and government used to fulfill high school graduation requirements (~~is encouraged to include~~) shall consider including information on the culture, history, and government of the American Indian peoples who were the first inhabitants of the state.

(b) The certificate of academic achievement requirements under RCW 28A.655.061 or the certificate of individual achievement requirements under RCW 28A.155.045 are required for graduation from a public high school but are not the only requirements for graduation.

(c) Any decision on whether a student has met the state board's high school graduation requirements for a high school and beyond plan shall remain at the local level.

(2) In recognition of the statutory authority of the state board of education to establish and enforce minimum high school graduation requirements, the state board shall periodically reevaluate the graduation requirements and shall report such findings to the legislature in a timely manner as determined by the state board.

(3) Pursuant to any requirement for instruction in languages other than English established by the state board of education or a local school district, or both, for purposes of high school graduation, students who receive instruction in American sign language or one or more American Indian languages shall be considered to have satisfied the state or local school district graduation requirement for instruction in one or more languages other than English.

(4) If requested by the student and his or her family, a student who has completed high school courses before attending high school shall be given high school credit which shall be applied to fulfilling high school graduation requirements if:

(a) The course was taken with high school students, if the academic level of the course exceeds the requirements for seventh and eighth grade classes, and the student has successfully passed by completing the same course requirements and examinations as the high school students enrolled in the class; or

(b) The academic level of the course exceeds the requirements for seventh and eighth grade classes and the course would qualify for high school credit, because the course is similar or equivalent to a course offered at a high school in the district as determined by the school district board of directors.

(5) Students who have taken and successfully completed high school courses under the circumstances in subsection (4) of this section shall not be required to take an additional competency examination or perform any other additional assignment to receive credit.

(6) At the college or university level, five quarter or three semester hours equals one high school credit.

NEW SECTION. Sec. 4. A new section is added to chapter 28A.320 RCW to read as follows:

(1) Each school district board of directors is encouraged to incorporate curricula about the history, culture, and government of the nearest federally recognized Indian tribe or tribes, so that students learn about the unique heritage and experience of their closest neighbors. School districts near Washington's borders are encouraged to include federally recognized Indian tribes whose traditional lands and territories included parts of Washington, but who now reside in Oregon, Idaho, and British Columbia. School districts and tribes are encouraged to work together to develop such curricula.

(2) As they conduct regularly scheduled reviews and revisions of their social studies and history curricula, school districts are encouraged to collaborate with any federally recognized Indian tribe within their district, and with neighboring Indian tribes, to incorporate expanded and improved curricular materials about Indian tribes, and to create programs of classroom and community cultural exchanges.

(3) School districts are encouraged to collaborate with the office of the superintendent of public instruction on curricular areas regarding tribal government and history that are statewide in nature, such as the concept of tribal sovereignty and the history of federal policy towards federally recognized Indian tribes. The program of Indian education within the office of the superintendent of public instruction is encouraged to help local school districts identify federally recognized Indian tribes whose reservations are in whole or in part within the boundaries of the district and/or those that are nearest to the school district."

On page 1, line 2 of the title, after "schools;" strike the remainder of the title and insert "amending RCW 28A.230.090; adding a new section to chapter 28A.345 RCW; adding a new section to chapter 28A.320 RCW; and creating a new section."

and the same is herewith transmitted.

Thomas Hoemann, Secretary

There being no objection, the House concurred in the Senate amendment to SUBSTITUTE HOUSE BILL NO. 1495 and advanced the bill as amended by the Senate to final passage.

**FINAL PASSAGE OF HOUSE BILL
AS SENATE AMENDED**

Representatives Quall and Talcott spoke in favor the passage of the bill.

COLLOQUY

Representative Talcott: "Before European settlers came to Washington State, there were many more tribes than the 29 currently recognized by the Federal government. Is it the prime sponsor's intent that the enactment of this bill will prevent the inclusion of school curriculum about the history and culture of non-federally recognized tribes?"

Representative McCoy: "No, it is not our intent to exclude the treaty tribes.

As you correctly point out, there were hundreds of tribes before white settlers came here. Every significant river and body of water shared its name with the tribe that lived on it. The 1855 treaties joined many tribes on a single reservation. For instance my tribe, the Tulalip, is composed of three primary and eight lesser tribes. The Colville reservation includes 14 tribes. Each reservation or federally recognized tribe includes the descendants of many tribes.

At the same time, there were also Indian people who, at the time the treaties were signed, chose not to move to a reservation. For instance, some Duwamish people chose to stay in the Seattle area; some chose to come live on the Tulalip reservation; and others chose to live on the Suquamish reservation.

So it is virtually impossible to teach about the history and culture of federally recognized tribes without teaching about all Indians, including the treaty tribes. And it would be totally disrespectful of Chief Seattle not to include the Duwamish people in what we teach to the children of this state."

The Speaker (Representative Lovick presiding) stated the question before the House to be final passage of Substitute House Bill No. 1495, as amended by the Senate.

ROLL CALL

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1541, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. LEGISLATIVE FINDINGS AND INTENT. (1) The legislature finds that the public-private initiatives act created under chapter 47.46 RCW has not met the needs and expectations of the public or private sectors for the development of transportation projects. The legislature intends to phase out chapter 47.46 RCW coincident with the completion of the Tacoma Narrows Bridge - SR 16 public-private partnership. From the effective date of this act, this chapter will provide a more desirable and effective approach to developing transportation projects in partnership with the private sector by applying lessons learned from other states and from this state's ten-year experience with chapter 47.46 RCW.

(2) It is the legislature's intent to achieve the following goals through the creation of this new approach to public-private partnerships:

(a) To provide a well-defined mechanism to facilitate the collaboration between public and private entities in transportation;

(b) To bring innovative thinking from the private sector and other states to bear on public projects within the state;

(c) To provide greater flexibility in achieving the transportation projects; and

(d) To allow for creative cost and risk sharing between the public and private partners.

(3) The legislature intends that the powers granted in this chapter to the commission or department are in addition to any powers granted under chapter 47.56 RCW.

(4) It is further the intent of the legislature that the commission shall be responsible for receiving, reviewing, and approving proposals with technical support of the department; rule making; and for oversight of contract execution. The department shall be responsible for evaluating proposals and negotiating contracts.

NEW SECTION. Sec. 2. DEFINITIONS. The definitions in this section apply throughout this chapter.

(1) "Authority" means the transportation commission.

(2) "Commission" means the transportation commission.

(3) "Department" means the department of transportation.

(4) "Eligible project" means any project eligible for development under section 5 of this act.

(5) "Eligible public works project" means only a project that meets the criteria of either section 6 (3) or (4) of this act.

Any financing described in this section may be structured on a senior, parity, or subordinate basis to any other financing.
- (3) For any transportation project developed under this chapter that is owned, leased, used, or operated by the state, as a public facility, if indebtedness is issued, it must be issued by the state treasurer for the transportation project.
- (4) For other public projects defined in section 5(2) of this act that are developed in conjunction with a transportation project, financing necessary to develop, construct, or operate the public project must be approved by the state finance committee or by the governing board of a public benefit corporation as provided in the federal Internal Revenue Code section 63-20;

The department may employ engineers, consultants, or other experts the department determines are needed for the purposes of doing the evaluation and negotiation. Expenses incurred by the department under this section before the issuance of transportation project bonds or other financing must be paid by the department and charged to the appropriate project. The department shall keep records and accounts showing each amount so charged.

(i) Provisions for patrolling and law enforcement on transportation projects that are public facilities.

NEW SECTION. Sec. 15. PUBLIC INVOLVEMENT AND PARTICIPATION PLAN. (1) Before final approval, agreements entered into under this chapter must include a process that provides for public involvement and participation with

respect to the development of the projects. This plan must be submitted along with the proposed agreement, and both must be approved under section 16 of this act before the state may enter a binding agreement.

(2) All workshops, forums, open houses, meetings, public hearings, or similar public gatherings must be administered and attended by representatives of the state and any other public entities that are party to an agreement authorized by this chapter.

NEW SECTION. Sec. 16. PROCESS FOR FINAL APPROVAL AND EXECUTION OF CONTRACTS. (1) Before approving an agreement under subsection (2) of this section, the commission, with the technical assistance of the department, must:

(4) Provisions that require concept proposals to include at least the following information: Proposers' qualifications and experience; description of the proposed project and impact; proposed project financing; and known public benefits and opposition; and

(5) Provisions that specify the process to be followed if the commission is interested in the concept proposal, which must include provisions:

(a) Requiring that information regarding the potential project would be published for a period of not less than thirty days, during which time entities could express interest in submitting a proposal;

(b) Specifying that if letters of interest were received during the thirty days, then an additional sixty days for submission of the fully detailed proposal would be allowed; and

(c) Procedures for what will happen if there are insufficient proposals submitted or if there are no letters of interest submitted in the appropriate time frame.

The commission may adopt other rules as necessary to avoid conflicts with existing laws, statutes, or contractual obligations of the state.

The commission may not accept or consider any unsolicited proposals before January 1, 2007.

NEW SECTION. Sec. 18. ADVISORY COMMITTEES REQUIRED FOR LARGE PROJECTS. For projects with costs, including financing costs, of three hundred million dollars or greater, advisory committees are required.

(2) An advisory committee shall review concepts or proposals for eligible projects and submit comments to the public sector partners.

(3) An advisory committee shall meet as necessary at times and places fixed by the department, but not less than twice per year. The state shall provide personnel services to assist the advisory committee within the limits of available funds. An advisory committee may adopt rules to govern its proceedings and may select officers.

(4) An advisory committee must be dissolved once the project has been fully constructed and debt issued to pay for the project has been fully retired.

NEW SECTION. Sec. 19. CONFIDENTIAL INFORMATION. A proposer shall identify those portions of a proposal that the proposer considers to be confidential, proprietary information, or trade secrets and provide any justification as to why these materials, upon request, should not be disclosed by the authority. The state may enter into agreements with other units of government or Canadian provinces for transborder transportation projects.

NEW SECTION. Sec. 22. EMINENT DOMAIN. The state may exercise the power of eminent domain to acquire property, rights of way, or other rights in property for projects that are necessary to implement an eligible project developed under this chapter, regardless of whether the property will be owned in fee simple by the state.

PART III GENERAL PROVISIONS

NEW SECTION. Sec. 23. CREATION OF TRANSPORTATION INNOVATIVE PARTNERSHIP ACCOUNT. (1) The transportation innovative partnership account is established in the custody of the state treasurer separate and distinct from the state general fund. Interest earned by the transportation innovative partnership account must be credited to the account. The account is subject to allotment procedures under chapter 43.88 RCW.

(2) The following moneys must be deposited into the transportation innovative partnership account:

(a) Proceeds from bonds or other financing instruments issued under section 25 of this act;
(b) Revenues received from any transportation project developed under this chapter or developed under the general powers granted to the department; and

(c) Any other moneys that are by donation, grant, contract, law, or other means transferred, allocated, or appropriated to the account.

(3) Moneys in the transportation innovative partnership account may only be expended upon evidence of approval by the Washington state legislature, either upon appropriation of supporting state funds or by other statutory direction.

(4) The state treasurer shall serve as a fiduciary for the purpose of carrying out this chapter and implementing all or portions of any transportation project financed under this chapter.

(5) Moneys in the transportation innovative partnership account that were derived from revenue subject to Article II, section 40 (Amendment 18) of the Washington state Constitution, may be used only for purposes authorized by that provision of the state Constitution.

(6) The state treasurer shall establish separate subaccounts within the transportation innovative partnership account for each transportation project that is initiated under this chapter or under the general powers granted to the department. Except as provided in subsection (5) of this section, the state may pledge moneys in the transportation innovative partnership account to secure revenue bonds or any other debt obligations relating to the project for which the account is established.

NEW SECTION. Sec. 24. USE OF TRANSPORTATION INNOVATIVE PARTNERSHIP ACCOUNT. (1) The state may use moneys in the transportation innovative partnership subaccount to ensure the repayment of loan guarantees or extensions of credit made to or on behalf of private entities engaged in the planning, acquisition, financing, development, design, construction, reconstruction, replacement, improvement, maintenance, preservation, management, repair, or operation of any eligible project that is related to a subaccount established under this chapter.

(2) The lien of a pledge made under this section is subordinate to the lien of a pledge securing bonds payable from moneys in the motor vehicle fund established in RCW 46.68.070, or the transportation innovative partnership account established in section 23 of this act.

NEW SECTION. Sec. 25. **AUTHORITY TO ISSUE REVENUE BONDS AND OTHER OBLIGATIONS.** (1) In addition to any authority the commission or department has to issue and sell bonds and other similar obligations, this section establishes continuing authority for the issuance and sale of bonds and other similar obligations in a manner consistent with this section. To finance a project in whole or in part, the commission may request that the state treasurer issue revenue bonds on behalf of the public sector partner. The bonds must be secured by a pledge of, and a lien on, and be payable only from moneys in the transportation innovative partnership account established in section 23 of this act, and any other revenues specifically pledged to repayment of the bonds. Such a pledge by the public partner creates a lien that is valid and binding from the time the pledge is made. Revenue bonds issued under this section are not general obligations of the state or local government and are not secured by or payable from any funds or assets of the state other than the moneys and revenues specifically pledged to the repayment of such revenue bonds.

(2) Moneys received from the issuance of revenue bonds or other debt obligations, including any investment earnings thereon, may be spent:

- (a) For the purpose of financing the costs of the project for which the bonds are issued;
- (b) To pay the costs and other administrative expenses of the bonds;
- (c) To pay the costs of credit enhancement or to fund any reserves determined to be necessary or advantageous in connection with the revenue bonds; and
- (d) To reimburse the public sector partners for any costs related to carrying out the projects authorized under this chapter.

- (1) Conflict with any provision of this chapter;
- (2) Require procedures that are additional to or different from those provided in this chapter; or
- (3) Require contract provisions not authorized in this chapter. If no federal funds are provided, state laws, rules, and regulations will govern.

NEW SECTION. Sec. 28. Captions used in this chapter are not part of the law.

NEW SECTION. Sec. 29. Sections 1 through 28 of this act constitute a new chapter in Title 47 RCW.

NEW SECTION. Sec. 30. A new section is added to chapter 47.04 RCW to read as follows:

The department of transportation may impose and collect latecomer fees on behalf of another entity for infrastructure improvement projects initially funded partially or entirely by private sources. However, there must be an agreement in place between the department of transportation and the entity, before the imposition and collection of any such fees, that specifies (1) the collection process, (2) the maximum amount that may be collected, and (3) the period of time during which the collection may occur."

(1) With express authorization from the county legislative authority, the county auditor may conduct all primary, special, and general elections entirely by mail ballot. The county legislative authority must give the county auditor at least ninety days' notice before the first election to be conducted entirely by mail ballot. If the county legislative authority and the county auditor decide to return to a polling place election environment, the county legislative authority must give the county auditor at least one hundred eighty days' notice before the first election to be conducted using polling places. Authorization under this subsection must apply to all primary, special, and general elections conducted by the county auditor.

(2) The county auditor may designate any precinct having fewer than two hundred active registered voters at the time of closing of voter registration as provided in RCW 29A.08.140 as a mail ballot precinct. ~~((The county auditor shall notify each registered voter by mail that for all future primaries and elections the voting in his or her precinct will be by mail ballot only.))~~ Authorization from the county legislative authority is not required to designate a precinct as a mail ballot precinct under this subsection. In determining the number of registered voters in a precinct for the purposes of this section, persons who are ongoing absentee voters under RCW 29A.40.040 shall not be counted. Nothing in this section may be construed as altering the vote tallying requirements of RCW 29A.60.230.

MESSAGE FROM THE SENATE

April 15, 2005

Mr. Speaker:

The Senate has passed HOUSE BILL NO. 1771, with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 28A.235.160 and 2004 c 54 s 2 are each amended to read as follows:

(1) For the purposes of this section:

(a) "Free or reduced-price lunch" means a lunch served by a school district participating in the national school lunch program to a student qualifying for national school lunch program benefits based on family size-income criteria.

(b) "School lunch program" means a meal program meeting the requirements defined by the superintendent of public instruction under subsection ~~((4))~~ (2)(b) of this section.

(c) "School breakfast program" means a program meeting federal requirements defined in 42 U.S.C. Sec. 1773.

(d) "Severe-need school" means a school that qualifies for a severe-need school reimbursement rate from federal funds for school breakfasts served to children from low-income families.

(e) "Summer food service program" means a meal or snack program meeting the requirements defined by the superintendent of public instruction under subsection ~~((5))~~ (4) of this section.

(2) School districts shall implement a school lunch program in each public school in the district in which educational services are provided to children in any of the grades kindergarten through four and in which twenty-five percent or more of the enrolled students qualify for a free or reduced-price lunch. In developing and implementing its school lunch program, each school district may consult with an advisory committee including school staff, community members, and others appointed by the board of directors of the district.

~~((3))~~ (a) Applications to determine free or reduced-price lunch eligibility shall be distributed and collected for all households of children in schools containing any of the grades kindergarten through four and in which there are no United States department of agriculture child nutrition programs. The applications that are collected must be reviewed to determine eligibility for free or reduced-price lunches. Nothing in this section shall be construed to require completion or submission of the application by a parent or guardian.

~~((4))~~ (b) Using the most current available school data on free and reduced-price lunch eligibility, the superintendent of public instruction shall adopt a schedule for implementation of school lunch programs at each school required to offer such a program under subsection (2) of this section as follows:

~~((a))~~ (i) Schools not offering a school lunch program and in which twenty-five percent or more of the enrolled students are eligible for free or reduced-price lunch shall implement a school lunch program not later than the second day of school in the 2005-06 school year and in each school year thereafter.

~~((b))~~ (ii) The superintendent shall establish minimum standards defining the lunch meals to be served, and such standards must be sufficient to qualify the meals for any available federal reimbursement.

~~((c))~~ (iii) Nothing in this section shall be interpreted to prevent a school from implementing a school lunch program earlier than the school is required to do so.

~~((5))~~ (3) To extent funds are appropriated for this purpose, each school district shall implement a school breakfast program in each school where more than forty percent of students eligible to participate in the school lunch program qualify for free or reduced-price meal reimbursement by the school year 2005-06. For the second year before the implementation of the district's school breakfast program, and for each subsequent school year, each school district shall submit data enabling the superintendent of public instruction to determine which schools within the district will qualify for this requirement. Schools where lunch programs start after the 2003-04 school year, where forty percent of students qualify for free or reduced-price meals, must begin school breakfast programs the second year following the start of a lunch program.

(4) Each school district shall implement a summer food service program in each public school in the district in which a summer program of academic, enrichment, or remedial services is provided and in which fifty percent or more of the children enrolled in the school qualify for free or reduced-price lunch. However, the superintendent of public instruction shall develop rules establishing criteria to permit an exemption for a school that can demonstrate availability of an adequate alternative summer feeding program. Sites providing meals should be open to all children in the area, unless a compelling case can be made to limit access to the program. The superintendent of public instruction shall adopt a definition of compelling case and a schedule for implementation as follows:

(a) Beginning the summer of 2005 if the school currently offers a school breakfast or lunch program; or

(b) Beginning the summer following the school year during which a school implements a school lunch program under subsection ~~((4))~~ (2)(b) of this section.

~~((6))~~ (5) Schools not offering a breakfast or lunch program may meet the meal service requirements of subsections (2)(b) and (4) ~~(and (5))~~ of this section through any of the following:

(a) Preparing the meals on-site;
(b) Receiving the meals from another school that participates in a United States department of agriculture child nutrition program; or

(c) Contracting with a nonschool entity that is a licensed food service establishment under RCW 69.07.010.

~~((7))~~ (6) Requirements that school districts have a school lunch, breakfast, or summer nutrition program under this section shall not create or imply any state funding obligation for these costs. The legislature does not intend to include these programs within the state's obligation for basic education funding under Article IX of the state Constitution.

~~((8))~~ (7) The requirements in this section shall lapse if the federal reimbursement for any school breakfasts, lunches, or summer food service programs is eliminated.

~~((9))~~ (8) School districts may be exempted from the requirements of this section by showing good cause why they cannot comply with the office of the superintendent of public instruction to the extent that such exemption is not in conflict with federal or state law. The process and criteria by which school districts are exempted shall be developed by the office of the superintendent of public instruction in consultation with representatives of school directors, school food service, community-based organizations and the Washington state PTA.

Sec. 2. 2004 c 54 s 1 (uncodified) is amended to read as follows:

The legislature recognizes that hunger and food insecurity are serious problems in the state. Since the United States department of agriculture began to collect data on hunger and food insecurity in 1995, Washington has been ranked each year within the top ~~((five))~~ ten states with the highest levels of hunger. A significant number of these households classified as hungry are families with children.

The legislature recognizes the correlation between adequate nutrition and a child's development and school performance. This problem can be greatly diminished through improved access to federal nutrition programs.

The legislature also recognizes that improved access to federal nutrition and assistance programs, such as the federal food stamp program and child nutrition programs, can be a critical factor in enabling recipients to gain the ability to support themselves and their families. This is an important step towards self-sufficiency and decreased long-term reliance on governmental assistance and will serve to strengthen families in this state."

On page 1, line 1 of the title, after "programs;" strike the remainder of the title and insert "amending RCW 28A.235.160; and amending 2004 c 54 s 1 (uncodified)."

and the same is herewith transmitted.

Sec. 2. RCW 44.39.070 and 2002 c 192 s 1 are each amended to read as follows:

(1) The committee shall meet and function at the following times: (a) At least once per year or at anytime upon the call of the chair to receive information related to the state or regional energy supply situation; (b) during a condition of energy supply alert or energy emergency; and (c) upon the call of the chair, in response to gubernatorial action to terminate such a condition. Upon the declaration by the governor of a condition of energy supply alert or energy emergency, the committee ~~((on energy supply))~~ shall meet to receive any plans proposed by the governor for programs, controls, standards, and priorities for the production, allocation, and consumption of energy during any current or anticipated condition of energy supply alert or energy emergency, any proposed plans for the suspension or modification of existing rules of the Washington Administrative Code, and any other relevant matters the governor deems desirable. The committee shall review such plans and matters and shall transmit its recommendations to the governor for review. The committee may review any voluntary programs or local or regional programs for the production, allocation, or consumption of energy which have been submitted to the committee.

(2) The committee shall receive any request from the governor for the approval of a declaration of a condition of energy emergency as provided in RCW 43.21G.040 as now or hereafter amended and shall either approve or disapprove such request.

MESSAGE FROM THE SENATE

April 15, 2005

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 2081, with the following amendment:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. (1) The legislature finds that Hood Canal is a precious aquatic resource of our state. The legislature finds that Hood Canal is a rich source of recreation, fishing, aquaculture, and aesthetic enjoyment for the citizens of this state. The legislature also finds that Hood Canal has great cultural significance for the tribes in the Hood Canal area. The legislature therefore recognizes Hood Canal's substantial environmental, cultural, economic, recreational, and aesthetic importance in this state.

(2) The legislature finds that Hood Canal is a marine water of the state at significant risk. The legislature finds that Hood Canal has a "dead zone" related to low-dissolved oxygen concentrations, a condition that has recurred for many years. The legislature also finds that this problem and various contributors to the problem were documented in the May 2004 *Preliminary Assessment and Corrective Action Plan* published by the state Puget Sound action team and the Hood Canal coordinating council.

(3) The legislature further finds that significant research, monitoring, and study efforts are currently occurring regarding Hood Canal's low-dissolved oxygen concentrations. The legislature also finds numerous public, private, and community organizations are working to provide public education and identify potential solutions. The legislature recognizes that, while some information and research is now available and some potential solutions have been identified, more research and analysis is needed to fully develop a program to address Hood Canal's low-dissolved oxygen concentrations.

(4) The legislature finds a need exists for the state to take action to address Hood Canal's low-dissolved oxygen concentrations. The legislature also finds establishing an aquatic rehabilitation zone for Hood Canal will serve as a statutory framework for future regulations and programs directed at recovery of this important aquatic resource.

(5) The legislature therefore intends to establish an aquatic rehabilitation zone for Hood Canal as the framework to address Hood Canal's low-dissolved oxygen concentrations. The legislature also intends to incorporate provisions in the new statutory chapter creating the designation as solutions are identified regarding this problem.

NEW SECTION. Sec. 2. (1) Aquatic rehabilitation zones may be designated by the legislature for areas whose surrounding marine water bodies pose serious environmental or public health concerns.

(2) Aquatic rehabilitation zone one is established. Aquatic rehabilitation zone one includes all watersheds that drain to Hood Canal south of a line projected from Tala Point in Jefferson county to Foulweather Bluff in Kitsap county.

NEW SECTION. Sec. 3. This chapter does not apply to forest practices regulated under chapter 76.09 RCW.

NEW SECTION. Sec. 4. This chapter does not alter, diminish, or expand the jurisdictional authorities in other statutes or affect the application of other statutory requirements or programs that do not specifically refer to aquatic rehabilitation zones.

NEW SECTION. Sec. 5. Sections 1 through 4 of this act constitute a new chapter in Title 90 RCW.

NEW SECTION. Sec. 6. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

On page 1, line 2 of the title, after "programs;" strike the remainder of the title and insert "adding a new chapter to Title 90 RCW; and declaring an emergency."

The legislature also recognizes numerous public, private, and community organizations are working to provide public education regarding Hood Canal's low-dissolved oxygen concentrations. The legislature recognizes and encourages the continuation of these efforts.

(4) The legislature finds a need exists for the state to provide additional resources to address Hood Canal's low-dissolved oxygen concentrations. The legislature also finds a need exists to designate the state and local entities to develop, coordinate, and administer a Hood Canal rehabilitation program and funding.

(5) Any of the local management board's participating counties and tribes, any federal, tribal, state, or local agencies, or any universities or nonprofit organizations may continue individual efforts and activities for rehabilitation of Hood Canal. Nothing in this section limits the authority of units of local government to enter into interlocal agreements under chapter 39.34 RCW or any other provision of law.

(6) The local management board may not exercise authority over land or water within the individual counties or otherwise preempt the authority of any units of local government.

The Puget Sound action team and the local management board shall jointly coordinate a process to prioritize projects, studies, and activities for which the Puget Sound action team receives state funding specifically allocated for Hood Canal corrective actions to implement this section. The local management board and the Puget Sound action team shall establish criteria for funding these projects, studies, and activities based upon their likely value in addressing and resolving Hood Canal's low-dissolved oxygen concentrations. Final approval for projects under this section requires the consent of both the Puget Sound action team and the local management board. Projects under this section must be comanaged by the Puget Sound action team and the local management board. The goals shall be consistent with student privacy protection provisions of RCW 28A.655.090(7) and shall not conflict with requirements contained in Title I of the federal elementary and secondary education act of 1965, or the requirements of the Carl D. Perkins vocational education act of 1998, each as amended. The goals may be established for all students, economically disadvantaged students, limited English proficient students, students with disabilities, and students from disproportionately academically underachieving racial and ethnic backgrounds. The board may establish school and school district goals addressing high school graduation rates and dropout reduction goals for students in grades seven through twelve. The board shall adopt the goals by rule. However, before each goal is implemented, the board shall present the goal to the education committees of the house of representatives and the senate for the committees' review and comment in a time frame that will permit the legislature to take statutory action on the goal if such action is deemed warranted by the legislature;

(b) Identify the scores students must achieve in order to meet the standard on the Washington assessment of student learning and, for high school students, to obtain a certificate of academic achievement. The board shall also determine student scores that identify levels of student performance below and beyond the standard. The board shall consider the incorporation of the standard error of measurement into the decision regarding the award of the certificates. The board shall set such performance standards and levels in consultation with the superintendent of public instruction and after consideration of any recommendations that may be developed by any advisory committees that may be established for this purpose. The initial performance standards and any changes recommended by the board in the performance standards for the tenth grade assessment shall be presented to the education committees of the house of representatives and the senate by November 30th of the school year in which the changes will take place to permit the legislature to take statutory action before the changes are implemented if such action is deemed

(c) Adopt objective, systematic criteria to identify successful schools and school districts and recommend to the superintendent of public instruction schools and districts to be recognized for two types of accomplishments, student achievement and improvements in student achievement. Recognition for improvements in student achievement shall include consideration of one or more of the following accomplishments:

(i) An increase in the percent of students meeting standards. The level of achievement required for recognition may be based on the achievement goals established by the legislature and by the board under (a) of this subsection;

(ii) Positive progress on an improvement index that measures improvement in all levels of the assessment; and

(iii) Improvements despite challenges such as high levels of mobility, poverty, English as a second language learners, and large numbers of students in special populations as measured by either the percent of students meeting the standard, or the improvement index. When determining the baseline year or years for recognizing individual schools, the board may use the assessment results from the initial years the assessments were administered, if doing so with individual schools would be appropriate;

(d) Adopt objective, systematic criteria to identify schools and school districts in need of assistance and those in which significant numbers of students persistently fail to meet state standards. In its deliberations, the board shall consider the use of all statewide mandated criterion-referenced and norm-referenced standardized tests;

This chapter does not provide additional authority for the board or the superintendent of public instruction to intervene in a school or school district;

(f) Identify performance incentive systems that have improved or have the potential to improve student achievement;

(g) Annually review the assessment reporting system to ensure fairness, accuracy, timeliness, and equity of opportunity, especially with regard to schools with special circumstances and unique populations of students, and a recommendation to the superintendent of public instruction of any improvements needed to the system;

(h) Include in the biennial report required under section 103 of this act, information on the progress that has been made in achieving goals adopted by the board.

(10) Accredite, subject to such accreditation standards and procedures as may be established by the state board of education, all schools that apply for accreditation, and approve, subject to the provisions of RCW 28A.195.010, private schools carrying out a program for any or all of the grades kindergarten through twelve: PROVIDED, That no private school may be approved that operates a kindergarten program only: PROVIDED FURTHER, That no public or private schools shall be placed upon the list of accredited schools so long as secret societies are knowingly allowed to exist among its students by school officials: PROVIDED FURTHER, That the state board may elect to require all or certain classifications of the public schools to conduct and participate in such preaccreditation examination and evaluation processes as may now or hereafter be established by the board.

~~((7))~~ (11) Make rules and regulations governing the establishment in any existing nonhigh school district of any secondary program or any new grades in grades nine through twelve. Before any such program or any new grades are established the district must obtain prior approval of the state board.

~~((8))~~ (12) Prepare such outline of study for the common schools as the board shall deem necessary, and in conformance with legislative requirements, and prescribe such rules for the general government of the common schools, as shall seek to secure regularity of attendance, prevent truancy, secure efficiency, and promote the true interest of the common schools.

Annually, each school district shall provide to the citizens of their district a public accounting of the funds made available to the district during the previous school year under chapter 3, Laws of 2001, how the funds were used, and the progress the district has made in increasing student achievement, as measured by required state assessments and other assessments deemed appropriate by the district. Copies of this report shall be provided to the superintendent of public instruction ~~((and to the academic achievement and accountability commission))~~.

(b) Review and prioritize the essential academic learning requirements and identify, with clear and concise descriptions, the grade level content expectations to be assessed on the Washington assessment of student learning and used for state or federal accountability purposes. The review, prioritization, and identification shall result in more focus and targeting with an emphasis on depth over breadth in the number of grade level content expectations assessed at each grade level. Grade level content expectations shall be articulated over the grades as a sequence of expectations and performances that are logical, build with increasing depth after foundational knowledge and skills are acquired, and reflect, where appropriate, the sequential nature of the discipline. The office of the superintendent of public instruction, within seven working days, shall post on its web site any grade level content expectations provided to an assessment vendor for use in constructing the Washington assessment of student learning.

(3) In consultation with the ~~((academic achievement and accountability commission))~~ state board of education, the superintendent of public instruction shall maintain and continue to develop and revise a statewide academic assessment system in the content areas of reading, writing, mathematics, and science for use in the elementary, middle, and high school years designed

School districts shall administer the assessments under guidelines adopted by the superintendent of public instruction. The academic assessment system shall include a variety of assessment methods, including criterion-referenced and performance-based measures.

(4) If the superintendent proposes any modification to the essential academic learning requirements or the statewide assessments, then the superintendent shall, upon request, provide opportunities for the education committees of the house of representatives and the senate to review the assessments and proposed modifications to the essential academic learning requirements before the modifications are adopted.

(5)(a) The assessment system shall be designed so that the results under the assessment system are used by educators as tools to evaluate instructional practices, and to initiate appropriate educational support for students who have not mastered the essential academic learning requirements at the appropriate periods in the student's educational development.

(b) Assessments measuring the essential academic learning requirements in the content area of science shall be available for mandatory use in middle schools and high schools by the 2003-04 school year and for mandatory use in elementary schools by the 2004-05 school year unless the legislature takes action to delay or prevent implementation of the assessment.

(6) By September 2007, the results for reading and mathematics shall be reported in a format that will allow parents and teachers to determine the academic gain a student has acquired in those content areas from one school year to the next.

(7) To assist parents and teachers in their efforts to provide educational support to individual students, the superintendent of public instruction shall provide as much individual student performance information as possible within the constraints of the assessment system's item bank. The superintendent shall also provide to school districts:

(a) Information on classroom-based and other assessments that may provide additional achievement information for individual students; and

(b) A collection of diagnostic tools that educators may use to evaluate the academic status of individual students. The tools shall be designed to be inexpensive, easily administered, and quickly and easily scored, with results provided in a format that may be easily shared with parents and students.

(8) To the maximum extent possible, the superintendent shall integrate knowledge and skill areas in development of the assessments.

(9) Assessments for goals three and four of RCW 28A.150.210 shall be integrated in the essential academic learning requirements and assessments for goals one and two.

(10) The superintendent shall develop assessments that are directly related to the essential academic learning requirements, and are not biased toward persons with different learning styles, racial or ethnic backgrounds, or on the basis of gender.

(11) The superintendent shall consider methods to address the unique needs of special education students when developing the assessments under this section.

(12) The superintendent shall consider methods to address the unique needs of highly capable students when developing the assessments under this section.

Sec. 218. RCW 18.118.010 and 1990 c 33 s 553 are each amended to read as follows:

(1) The purpose of this chapter is to establish guidelines for the regulation of the real estate profession and other business professions which may seek legislation to substantially increase their scope of practice or the level of regulation of the profession, and for the regulation of business professions not licensed or regulated on July 26, 1987: PROVIDED, That the provisions of this chapter are not intended and shall not be construed to: (a) Apply to any regulatory entity created prior to July 26, 1987, except as provided in this chapter; (b) affect the powers and responsibilities of the superintendent of public instruction or (~~state board of education~~) Washington professional educator standards board under RCW (~~28A.305.130~~) 28A.410.210 and 28A.410.010; (c) apply to or interfere in any way with the practice of religion or to any kind of treatment by prayer; (d) apply to any remedial or technical amendments to any statutes which licensed or regulated activity before July 26, 1987; and (e) apply to proposals relating solely to continuing education. The legislature believes that all individuals should be permitted to enter into a business profession unless there is an overwhelming need for the state to protect the interests of the public by restricting entry into the profession. Where such a need is identified, the regulation adopted by the state should be set at the least restrictive level consistent with the public interest to be protected.

(2) It is the intent of this chapter that no regulation shall be imposed upon any business profession except for the exclusive purpose of protecting the public interest. All bills introduced in the legislature to regulate a business profession for the first time should be reviewed according to the following criteria. A business profession should be regulated by the state only when:

- (a) Unregulated practice can clearly harm or endanger the health, safety, or welfare of the public, and the potential for the harm is easily recognizable and not remote or dependent upon tenuous argument;
- (b) The public needs and can reasonably be expected to benefit from an assurance of initial and continuing professional ability; and
- (c) The public cannot be effectively protected by other means in a more cost-beneficial manner.

(3) After evaluating the criteria in subsection (2) of this section and considering governmental and societal costs and benefits, if the legislature finds that it is necessary to regulate a business profession not previously regulated by law, the least restrictive alternative method of regulation should be implemented, consistent with the public interest and this section:

(a) Where existing common law and statutory civil actions and criminal prohibitions are not sufficient to eradicate existing harm, the regulation should provide for stricter civil actions and criminal prosecutions;

(b) Where a service is being performed for individuals involving a hazard to the public health, safety, or welfare, the regulation should impose inspection requirements and enable an appropriate state agency to enforce violations by injunctive relief in court, including, but not limited to, regulation of the business activity providing the service rather than the employees of the business;

(c) Where the threat to the public health, safety, or economic well-being is relatively small as a result of the operation of the business profession, the regulation should implement a system of registration;

(d) Where the consumer may have a substantial basis for relying on the services of a practitioner, the regulation should implement a system of certification; or

(e) Where apparent that adequate regulation cannot be achieved by means other than licensing, the regulation should implement a system of licensing.

Sec. 219. RCW 18.120.010 and 1990 c 33 s 554 are each amended to read as follows:

(1) The purpose of this chapter is to establish guidelines for the regulation of health professions not licensed or regulated prior to July 24, 1983, and those licensed or regulated health professions which seek to substantially increase their scope of practice: PROVIDED, That the provisions of this chapter are not intended and shall not be construed to: (a) Apply to any regulatory entity created prior to July 24, 1983, except as provided in this chapter; (b) affect the powers and responsibilities of the superintendent of public instruction or ((state board of education)) Washington professional educator standards board under RCW ((28A.305.130)) 28A.410.210 and 28A.410.010; (c) apply to or interfere in any way with the practice of religion or to any kind of treatment by prayer; and (d) apply to any remedial or technical amendments to any statutes which licensed or regulated activity before July 24, 1983. The legislature believes that all individuals should be permitted to enter into a health profession unless there is an overwhelming need for the state to protect the interests of the public by restricting entry into the profession. Where such a need is identified, the regulation adopted by the state should be set at the least restrictive level consistent with the public interest to be protected.

(2) It is the intent of this chapter that no regulation shall, after July 24, 1983, be imposed upon any health profession except for the exclusive purpose of protecting the public interest. All bills introduced in the legislature to regulate a health profession for the first time should be reviewed according to the following criteria. A health profession should be regulated by the state only when:

(a) Unregulated practice can clearly harm or endanger the health, safety, or welfare of the public, and the potential for the harm is easily recognizable and not remote or dependent upon tenuous argument;

(b) The public needs and can reasonably be expected to benefit from an assurance of initial and continuing professional ability; and

(c) The public cannot be effectively protected by other means in a more cost-beneficial manner.

(3) After evaluating the criteria in subsection (2) of this section and considering governmental and societal costs and benefits, if the legislature finds that it is necessary to regulate a health profession not previously regulated by law, the least restrictive alternative method of regulation should be implemented, consistent with the public interest and this section:

(a) Where existing common law and statutory civil actions and criminal prohibitions are not sufficient to eradicate existing harm, the regulation should provide for stricter civil actions and criminal prosecutions;

(b) Where a service is being performed for individuals involving a hazard to the public health, safety, or welfare, the regulation should impose inspection requirements and enable an appropriate state agency to enforce violations by injunctive relief in court, including, but not limited to, regulation of the business activity providing the service rather than the employees of the business;

(d) Where the consumer may have a substantial basis for relying on the services of a practitioner, the regulation should implement a system of certification; or

(e) Where apparent that adequate regulation cannot be achieved by means other than licensing, the regulation should implement a system of licensing.

Sec. 220. RCW 28A.410.032 and 1996 c 135 s 4 are each amended to read as follows:

Strike everything after the enacting clause and insert the following:

"PART I GENERAL PROVISIONS

NEW SECTION. Sec. 101. The legislature finds that persons with mental disorders, chemical dependency disorders, or co-occurring mental and substance abuse disorders are disproportionately more likely to be confined in a correctional institution, become homeless, become involved with child protective services or involved in a dependency proceeding, or lose those state and federal benefits to which they may be entitled as a result of their disorders. The legislature finds that prior state policy of addressing mental health and chemical dependency in isolation from each other has not been cost-effective and has often resulted in longer-term, more costly treatment that may be less effective over time. The legislature finds that a substantial number of persons have co-occurring mental and substance abuse disorders and that identification and integrated treatment of co-occurring disorders is critical to successful outcomes and recovery. Consequently, the legislature intends, to the extent of available funding, to:

- (1) Establish a process for determining which persons with mental disorders and substance abuse disorders have co-occurring disorders;
- (2) Reduce the gap between available chemical dependency treatment and the documented need for treatment;
- (3) Improve treatment outcomes by shifting treatment, where possible, to evidence-based, research-based, and consensus-based treatment practices and by removing barriers to the use of those practices;
- (4) Expand the authority for and use of therapeutic courts including drug courts, mental health courts, and therapeutic courts for dependency proceedings;
- (5) Improve access to treatment for persons who are not enrolled in medicaid by improving and creating consistency in the application processes, and by minimizing the numbers of eligible confined persons who leave confinement without medical assistance;
- (6) Improve access to inpatient treatment by creating expanded services facilities for persons needing intensive treatment in a secure setting who do not need inpatient care, but are unable to access treatment under current licensing restrictions in other settings;
- (7) Establish secure detoxification centers for persons involuntarily detained as gravely disabled or presenting a likelihood of serious harm due to chemical dependency and authorize combined crisis responders for both mental disorders and chemical dependency disorders on a pilot basis and study the outcomes;

(8) Slow or stop the loss of inpatient and intensive residential beds and children's long-term inpatient placements and refine the balance of state hospital and community inpatient and residential beds;

(9) Improve cross-system collaboration including collaboration with first responders and hospital emergency rooms, schools, primary care, developmental disabilities, law enforcement and corrections, and federally funded and licensed programs;

(10) Following the receipt of outcomes from the pilot programs in Part II of this act, if directed by future legislative enactment, implement a single, comprehensive, involuntary treatment act with a unified set of standards, rights, obligations, and procedures for adults and children with mental disorders, chemical dependency disorders, and co-occurring disorders; and

(11) Amend existing state law to address organizational and structural barriers to effective use of state funds for treating persons with mental and substance abuse disorders, minimize internal inconsistencies, clarify policy and requirements, and maximize the opportunity for effective and cost-effective outcomes.

NEW SECTION. Sec. 102. (1) The department of social and health services shall explore and report to the appropriate committees of the legislature by December 1, 2005, on the feasibility, costs, benefits, and time frame to access federal medicaid funds for mental health and substance abuse treatment under the following provisions:

(a) The optional clinic provisions;

(b) Children's mental health treatment or co-occurring disorders treatment under the early periodic screening, diagnosis, and treatment provisions.

(2) The department shall provide the appropriate committees of the legislature with a clear and concise explanation of the reasons for reducing state hospital capacity and the differences in costs and benefits of treatment in state and community hospital treatment.

(3) The department may not reduce the capacity of either state hospital until at least an equal number of skilled nursing, residential, expanded services facility, or supported housing placements are available in the community to the persons displaced by the capacity reduction.

Mental Health Treatment

NEW SECTION. Sec. 103. A new section is added to chapter 71.05 RCW to read as follows:

NEW SECTION. Sec. 206. (1)(a) When a designated crisis responder receives information alleging that a person, as a result of a mental disorder, chemical dependency disorder, or both, presents a likelihood of serious harm or is gravely disabled, the designated crisis responder may, after investigation and evaluation of the specific facts alleged and of the reliability and credibility of any person providing information to initiate detention, if satisfied that the allegations are true and that the person will not voluntarily seek appropriate treatment, file a petition for initial detention. Before filing the petition, the designated crisis responder must personally interview the person, unless the person refuses an interview, and determine whether the person will voluntarily receive appropriate evaluation and treatment at either an evaluation and treatment facility, a detoxification facility, or other certified chemical dependency provider.

(b)(i)(A) Whenever it appears, by petition for initial detention, to the satisfaction of a judge of the superior court that a person presents as a result of a mental disorder, a likelihood of serious harm, or is gravely disabled, and that the person has refused or failed to accept appropriate evaluation and treatment voluntarily, the judge may issue an order requiring the person to appear within twenty-four hours after service of the order at a designated evaluation and treatment facility for not more than a seventy-two hour evaluation and treatment period; or

(B) Whenever it appears, by petition for initial detention, to the satisfaction of a judge of the superior court, district court, or other court permitted by court rule, that a person presents as a result of a chemical dependency, a likelihood of serious harm, or is gravely disabled, and that the person has refused or failed to accept appropriate evaluation and treatment voluntarily, the judge may issue an order requiring the person to appear within twenty-four hours after service of the order at a secure detoxification facility or other certified chemical dependency provider for not more than a seventy-two hour evaluation and treatment period.

(ii) The order issued under this subsection (1)(b) shall state the address of the evaluation and treatment facility, secure detoxification facility, or other certified chemical dependency provider to which the person is to report; whether the required seventy-two hour evaluation and treatment services may be delivered on an outpatient or inpatient basis; and that if the person named in the order fails to appear at the evaluation and treatment facility, secure detoxification facility, or other certified chemical dependency provider at or before the date and time stated in the order, the person may be involuntarily taken into custody for evaluation and treatment. The order shall also designate retained counsel or, if counsel is appointed from a list provided by the court, the name, business address, and telephone number of the attorney appointed to represent the person.

(c) The designated crisis responder shall then serve or cause to be served on such person, his or her guardian, and conservator, if any, a copy of the order to appear, together with a notice of rights and a petition for initial detention. After service

on the person, the designated crisis responder shall file the return of service in court and provide copies of all papers in the court file to the evaluation and treatment facility or secure detoxification facility and the designated attorney. The designated crisis responder shall notify the court and the prosecuting attorney that a probable cause hearing will be held within seventy-two hours of the date and time of outpatient evaluation or admission to the evaluation and treatment facility, secure detoxification facility, or other certified chemical dependency provider. The person shall be permitted to remain in his or her home or other place of his or her choosing before the time of evaluation and shall be permitted to be accompanied by one or more of his or her relatives, friends, an attorney, a personal physician, or other professional or religious advisor to the place of evaluation. An attorney accompanying the person to the place of evaluation shall be permitted to be present during the admission evaluation. Any other person accompanying the person may be present during the admission evaluation. The facility may exclude the person if his or her presence would present a safety risk, delay the proceedings, or otherwise interfere with the evaluation.

(d) If the person ordered to appear does appear on or before the date and time specified, the evaluation and treatment facility, secure detoxification facility, or other certified chemical dependency provider may admit the person as required by subsection (3) of this section or may provide treatment on an outpatient basis. If the person ordered to appear fails to appear on or before the date and time specified, the evaluation and treatment facility, secure detoxification facility, or other certified chemical dependency provider shall immediately notify the designated crisis responder who may notify a peace officer to take the person or cause the person to be taken into custody and placed in an evaluation and treatment facility, a secure detoxification facility, or other certified chemical dependency provider. Should the designated crisis responder notify a peace officer authorizing the officer to take a person into custody under this subsection, the designated crisis responder shall file with the court a copy of the authorization and a notice of detention. At the time the person is taken into custody there shall commence to be served on the person, his or her guardian, and conservator, if any, a copy of the original order together with a notice of detention, a notice of rights, and a petition for initial detention.

(2) If a designated crisis responder receives information alleging that a person, as the result of:

(a) A mental disorder, presents an imminent likelihood of serious harm, or is in imminent danger because of being gravely disabled, after investigation and evaluation of the specific facts alleged and of the reliability and credibility of the person or persons providing the information if any, the designated crisis responder may take the person, or cause by oral or written order the person to be taken into emergency custody in an evaluation and treatment facility for not more than seventy-two hours as described in this chapter; or

(b) Chemical dependency, presents an imminent likelihood of serious harm, or is in imminent danger because of being gravely disabled, after investigation and evaluation of the specific facts alleged and of the reliability and credibility of the person or persons providing the information if any, the designated crisis responder may take the person, or cause by oral or written order the person to be taken into emergency custody in a secure detoxification facility for not more than seventy-two hours as described in this chapter.

(3) If the designated crisis responder petitions for detention of a person whose actions constitute a likelihood of serious harm, or who is gravely disabled, the evaluation and treatment facility, the secure detoxification facility, or other certified chemical dependency provider providing seventy-two hour evaluation and treatment must immediately accept on a provisional basis the petition and the person. The evaluation and treatment facility, the secure detoxification facility, or other certified chemical dependency provider shall then evaluate the person's condition and admit, detain, transfer, or discharge such person in accordance with this chapter. The facility shall notify in writing the court and the designated crisis responder of the date and time of the initial detention of each person involuntarily detained so that a probable cause hearing will be held no later than seventy-two hours after detention.

(4) A peace officer may, without prior notice of the proceedings provided for in subsection (1) of this section, take or cause the person to be taken into custody and immediately delivered to an evaluation and treatment facility, secure detoxification facility, other certified chemical dependency treatment provider only pursuant to subsections (1)(d) and (2) of this section.

(5) Nothing in this chapter limits the power of a peace officer to take a person into custody and immediately deliver the person to the emergency department of a local hospital or to a detoxification facility.

NEW SECTION. Sec. 207. (1) A person or public or private entity employing a person is not civilly or criminally liable for performing duties under this chapter if the duties were performed in good faith and without gross negligence.

(2) This section does not relieve a person from giving the required notices under RCW 71.05.330(2) or 71.05.340(1)(b), or the duty to warn or to take reasonable precautions to provide protection from violent behavior where the patient has communicated an actual threat of physical violence against a reasonably identifiable victim or victims. The duty to warn or to take reasonable precautions to provide protection from violent behavior is discharged if reasonable efforts are made to communicate the threat to the victim or victims and to law enforcement personnel.

NEW SECTION. Sec. 208. If the evaluation and treatment facility, secure detoxification facility, or other certified chemical dependency provider admits the person, it may detain the person for evaluation and treatment for a period not to exceed seventy-two hours from the time of acceptance. The computation of the seventy-two hour period excludes Saturdays, Sundays, and holidays.

NEW SECTION. Sec. 209. Whenever any person is detained for evaluation and treatment for a mental disorder under section 206 of this act, chapter 71.05 RCW applies.

NEW SECTION. Sec. 210. (1) A person detained for seventy-two hour evaluation and treatment under section 206 of this act or RCW 70.96A.120 may be detained for not more than fourteen additional days of involuntary chemical dependency treatment if there are beds available at the secure detoxification facility and the following conditions are met:

(a) The professional person in charge of the agency or facility or the person's designee providing evaluation and treatment services in a secure detoxification facility has assessed the person's condition and finds that the condition is caused by chemical dependency and either results in a likelihood of serious harm or in the detained person being gravely disabled, and the professional person or his or her designee is prepared to testify those conditions are met;

(b) The person has been advised of the need for voluntary treatment and the professional person in charge of the agency or facility or his or her designee has evidence that he or she has not in good faith volunteered for treatment; and

(c) The professional person in charge of the agency or facility or the person's designee has filed a petition for fourteen-day involuntary detention with the superior court, district court, or other court permitted by court rule. The petition must be signed by the chemical dependency professional who has examined the person.

(2) The petition under subsection (1)(c) of this section shall be accompanied by a certificate of a licensed physician who has examined the person, unless the person whose commitment is sought has refused to submit to a medical examination, in which case the fact of refusal shall be alleged in the petition. The certificate shall set forth the licensed physician's findings in support of the allegations of the petition. A physician employed by the petitioning program or the department is eligible to be the certifying physician.

(3) The petition shall state facts that support the finding that the person, as a result of chemical dependency, presents a likelihood of serious harm or is gravely disabled, and that there are no less restrictive alternatives to detention in the best interest of the person or others. The petition shall state specifically that less restrictive alternative treatment was considered and specify why treatment less restrictive than detention is not appropriate.

(4) A copy of the petition shall be served on the detained person, his or her attorney, and his or her guardian or conservator, if any, before the probable cause hearing.

(5)(a) The court shall inform the person whose commitment is sought of his or her right to contest the petition, be represented by counsel at every stage of any proceedings relating to his or her commitment, and have counsel appointed by the court or provided by the court, if he or she wants the assistance of counsel and is unable to obtain counsel. If the court believes that the person needs the assistance of counsel, the court shall require, by appointment if necessary, counsel for him or her regardless of his or her wishes. The person shall, if he or she is financially able, bear the costs of such legal service; otherwise such legal service shall be at public expense. The person whose commitment is sought shall be informed of his or her right to be examined by a licensed physician of his or her choice. If the person is unable to obtain a licensed physician and requests examination by a physician, the court shall appoint a reasonably available licensed physician designated by the person.

(b) At the conclusion of the probable cause hearing, if the court finds by a preponderance of the evidence that the person, as the result of chemical dependency, presents a likelihood of serious harm or is gravely disabled and, after considering less restrictive alternatives to involuntary detention and treatment, finds that no such alternatives are in the best interest of such person or others, the court shall order that the person be detained for involuntary chemical dependency treatment not to exceed fourteen days in a secure detoxification facility.

NEW SECTION. Sec. 211. If a person is detained for additional treatment beyond fourteen days under section 210 of this act, the professional staff of the agency or facility may petition for additional treatment under RCW 70.96A.140.

NEW SECTION. Sec. 212. The prosecuting attorney of the county in which an action under this chapter is taken must represent the petitioner in judicial proceedings under this chapter for the involuntary chemical dependency treatment of a person, including any judicial proceeding where the person sought to be treated for chemical dependency challenges the action.

NEW SECTION. Sec. 213. (1) Every person involuntarily detained or committed under this chapter as a result of a mental disorder is entitled to all the rights set forth in this chapter and in chapter 71.05 RCW, and retains all rights not denied him or her under this chapter or chapter 71.05 RCW.

(2) Every person involuntarily detained or committed under this chapter as a result of a chemical dependency is entitled to all the rights set forth in this chapter and chapter 70.96A RCW, and retains all rights not denied him or her under this chapter or chapter 70.96A RCW.

NEW SECTION. Sec. 214. (1) When a designated crisis responder is notified by a jail that a defendant or offender who was subject to a discharge review under RCW 71.05.232 is to be released to the community, the designated crisis responder shall evaluate the person within seventy-two hours of release.

(2) When an offender is under court-ordered treatment in the community and the supervision of the department of corrections, and the treatment provider becomes aware that the person is in violation of the terms of the court order, the treatment provider shall notify the designated crisis responder of the violation and request an evaluation for purposes of revocation of the less restrictive alternative.

(3) When a designated crisis responder becomes aware that an offender who is under court-ordered treatment in the community and the supervision of the department of corrections is in violation of a treatment order or a condition of supervision that relates to public safety, or the designated crisis responder detains a person under this chapter, the designated crisis responder shall notify the person's treatment provider and the department of corrections.

(4) When an offender who is confined in a state correctional facility or is under supervision of the department of corrections in the community is subject to a petition for involuntary treatment under this chapter, the petitioner shall notify the department of corrections and the department of corrections shall provide documentation of its risk assessment or other concerns to the petitioner and the court if the department of corrections classified the offender as a high risk or high needs offender.

(5) Nothing in this section creates a duty on any treatment provider or designated crisis responder to provide offender supervision.

NEW SECTION. Sec. 215. The secretary may adopt rules to implement this chapter.

NEW SECTION. Sec. 216. The provisions of RCW 71.05.550 apply to this chapter.

NEW SECTION. Sec. 217. (1) The Washington state institute for public policy shall evaluate the pilot programs and make a preliminary report to appropriate committees of the legislature by December 1, 2007, and a final report by September 30, 2008.

(2) The evaluation of the pilot programs shall include:

(a) Whether the designated crisis responder pilot program:

(i) Has increased efficiency of evaluation and treatment of persons involuntarily detained for seventy-two hours;

(ii) Is cost-effective;

(iii) Results in better outcomes for persons involuntarily detained;

(iv) Increased the effectiveness of the crisis response system in the pilot catchment areas;

(b) The effectiveness of providing a single chapter in the Revised Code of Washington to address initial detention of persons with mental disorders or chemical dependency, in crisis response situations and the likelihood of effectiveness of providing a single, comprehensive involuntary treatment act.

(3) The reports shall consider the impact of the pilot programs on the existing mental health system and on the persons served by the system.

Sec. 218. RCW 71.05.550 and 1973 1st ex.s. c 142 s 60 are each amended to read as follows:

The department of social and health services, in planning and providing funding to counties pursuant to chapter 71.24 RCW, shall recognize the financial necessities imposed upon counties by implementation of this chapter and chapter 70.-- RCW (sections 202 through 216 of this act), and shall consider needs, if any, for additional community mental health services and facilities and reduction in commitments to state hospitals for the mentally ill accomplished by individual counties, in planning and providing such funding. PART IV RESOURCES

NEW SECTION. Sec. 401. Sections 402 through 425 of this act constitute a new chapter in Title 70 RCW.

NEW SECTION. Sec. 402. The legislature finds that there are persons with mental disorders, including organic or traumatic brain disorders, and combinations of mental disorders with other medical conditions or behavior histories that result in behavioral and security issues that make these persons ineligible for, or unsuccessful in, existing types of licensed facilities, including adult residential rehabilitation centers, boarding homes, adult family homes, group homes, and skilled nursing facilities. The legislature also finds that many of these persons have been treated on repeated occasions in inappropriate acute care facilities and released without an appropriate placement or have been treated or detained for extended periods in inappropriate settings including state hospitals and correctional facilities. The legislature further finds that some of these persons present complex safety and treatment issues that require security measures that cannot be instituted under most facility licenses or supported housing programs. These include the ability to detain persons under involuntary treatment orders or administer court ordered medications.

Consequently, the legislature intends, to the extent of available funds, to establish a new type of facility licensed by the department of social and health services as an enhanced services facility with standards that will provide a safe, secure treatment environment for a limited population of persons who are not appropriately served in other facilities or programs. The legislature also finds that enhanced services facilities may need to specialize in order to effectively care for a particular segment of the identified population.

An enhanced services facility may only serve individuals that meet the criteria specified in section 405 of this act.

NEW SECTION. Sec. 403. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(a) The enhanced services facility is in a location that is totally separate and discrete from the other licensed facility; and

(b) The two facilities maintain separate staffing, unless an exception to this is permitted by the department in rule.

(4) Nursing homes under chapter 18.51 RCW, boarding homes under chapter 18.20 RCW, or adult family homes under chapter 70.128 RCW, that become licensed as facilities under this chapter shall be deemed to meet the applicable state and local rules, regulations, permits, and code requirements. All other facilities are required to meet all applicable state and local rules, regulations, permits, and code requirements.

NEW SECTION. Sec. 409. (1) The enhanced services facility shall complete a comprehensive assessment for each resident within fourteen days of admission, and the assessments shall be repeated upon a significant change in the resident's condition or, at a minimum, every one hundred eighty days if there is no significant change in condition.

(2) The enhanced services facility shall develop an individualized treatment plan for each resident based on the comprehensive assessment and any other information in the person's record. The plan shall be updated as necessary, and shall include a plan for appropriate transfer or discharge and reintegration into the community. Where the person is under the supervision of the department of corrections, the facility shall collaborate with the department of corrections to maximize treatment outcomes and reduce the likelihood of reoffense.

(3) The plan shall maximize the opportunities for independence, recovery, employment, the resident's participation in treatment decisions, and collaboration with peer-supported services, and provide for care and treatment in the least restrictive manner appropriate to the individual resident, and, where relevant, to any court orders with which the resident must comply.

NEW SECTION. Sec. 410. (1) An enhanced services facility must have sufficient numbers of staff with the appropriate credentials and training to provide residents with the appropriate care and treatment:

(2) Where an enhanced services facility specializes in medically fragile persons with mental disorders, the on-site staff must include at least one licensed nurse twenty-four hours per day. The nurse must be a registered nurse for at least sixteen hours per day. If the nurse is not a registered nurse, a registered nurse or a doctor must be on-call during the remaining eight hours.

(3) Any employee or other individual who will have unsupervised access to vulnerable adults must successfully pass a background inquiry check.

(6) Each enhanced services facility will post in a prominent place in a common area a notice by the Washington protection and advocacy system providing contact information.

NEW SECTION. Sec. 413. (1) In any case in which the department finds that a licensee of a facility, or any partner, officer, director, owner of five percent or more of the assets of the facility, or managing employee failed or refused to comply with the requirements of this chapter or the rules established under them, the department may take any or all of the following actions:

(a) Suspend, revoke, or refuse to issue or renew a license;

(b) Order stop placement; or

(c) Assess civil monetary penalties.

(2) The department may suspend, revoke, or refuse to renew a license, assess civil monetary penalties, or both, in any case in which it finds that the licensee of a facility, or any partner, officer, director, owner of five percent or more of the assets of the facility, or managing employee:

(3)(a) Civil penalties collected under this chapter shall be deposited into a special fund administered by the department.

(b) Civil monetary penalties, if imposed, may be assessed and collected, with interest, for each day the facility is or was out of compliance. Civil monetary penalties shall not exceed three thousand dollars per day. Each day upon which the same or a substantially similar action occurs is a separate violation subject to the assessment of a separate penalty.

(4) The department may use the civil penalty monetary fund for the protection of the health or property of residents of facilities found to be deficient including:

(a) Payment for the cost of relocation of residents to other facilities;

(b) Payment to maintain operation of a facility pending correction of deficiencies or closure; and

(c) Reimbursement of a resident for personal funds or property loss.

(A) Jeopardizes the health and safety of the residents; or

(B) Seriously limits the facility's capacity to provide adequate care.

(b) When the department has ordered a stop placement, the department may approve a readmission to the facility from a hospital, residential treatment facility, or crisis intervention facility when the department determines the readmission would be in the best interest of the individual seeking readmission.

(6) If the department determines that an emergency exists and resident health and safety is immediately jeopardized as a result of a facility's failure or refusal to comply with this chapter, the department may summarily suspend the facility's license and order the immediate closure of the facility, or the immediate transfer of residents, or both.

(7) If the department determines that the health or safety of the residents is immediately jeopardized as a result of a facility's failure or refusal to comply with requirements of this chapter, the department may appoint temporary management to:

- (a) Oversee the operation of the facility; and
- (b) Ensure the health and safety of the facility's residents while:
 - (i) Orderly closure of the facility occurs; or
 - (ii) The deficiencies necessitating temporary management are corrected.

NEW SECTION. Sec. 414. (1) All orders of the department denying, suspending, or revoking the license or assessing a monetary penalty shall become final twenty days after the same has been served upon the applicant or licensee unless a hearing is requested.

(2) All orders of the department imposing stop placement, temporary management, emergency closure, emergency transfer, or summary license suspension shall be effective immediately upon notice, pending any hearing.

(3) Subject to the requirements of subsection (2) of this section, all hearings under this chapter and judicial review of such determinations shall be in accordance with the administrative procedure act, chapter 34.05 RCW.

NEW SECTION. Sec. 415. Operation of a facility without a license in violation of this chapter and discrimination against medicaid recipients is a matter vitally affecting the public interest for the purpose of applying the consumer protection act, chapter 19.86 RCW. Operation of an enhanced services facility without a license in violation of this chapter is not reasonable in relation to the development and preservation of business. Such a violation is an unfair or deceptive act in trade or commerce and an unfair method of competition for the purpose of applying the consumer protection act, chapter 19.86 RCW.

NEW SECTION. Sec. 416. A person operating or maintaining a facility without a license under this chapter is guilty of a misdemeanor and each day of a continuing violation after conviction shall be considered a separate offense.

NEW SECTION. Sec. 417. Notwithstanding the existence or use of any other remedy, the department may, in the manner provided by law, maintain an action in the name of the state for an injunction, civil penalty, or other process against a person to restrain or prevent the operation or maintenance of a facility without a license issued under this chapter.

NEW SECTION. Sec. 418. (1) The department shall make or cause to be made at least one inspection of each facility prior to licensure and an unannounced full inspection of facilities at least once every eighteen months. The statewide average interval between full facility inspections must be fifteen months.

(2) Any duly authorized officer, employee, or agent of the department may enter and inspect any facility at any time to determine that the facility is in compliance with this chapter and applicable rules, and to enforce any provision of this chapter. Complaint inspections shall be unannounced and conducted in such a manner as to ensure maximum effectiveness. No advance notice shall be given of any inspection unless authorized or required by federal law.

(3) During inspections, the facility must give the department access to areas, materials, and equipment used to provide care or support to residents, including resident and staff records, accounts, and the physical premises, including the buildings, grounds, and equipment. The department has the authority to privately interview the provider, staff, residents, and other individuals familiar with resident care and treatment.

(4) Any public employee giving advance notice of an inspection in violation of this section shall be suspended from all duties without pay for a period of not less than five nor more than fifteen days.

(5) The department shall prepare a written report describing the violations found during an inspection, and shall provide a copy of the inspection report to the facility.

(6) The facility shall develop a written plan of correction for any violations identified by the department and provide a plan of correction to the department within ten working days from the receipt of the inspection report.

NEW SECTION. Sec. 419. The facility shall only admit individuals:

- (1) Who are over the age of eighteen;
- (2) Who meet the resident eligibility requirements described in section 405 of this act; and
- (3) Whose needs the facility can safely and appropriately meet through qualified and trained staff, services, equipment, security, and building design.

NEW SECTION. Sec. 420. If the facility does not employ a qualified professional able to furnish needed services, the facility must have a written contract with a qualified professional or agency outside the facility to furnish the needed services.

NEW SECTION. Sec. 421. At least sixty days before the effective date of any change of ownership, or change of management of a facility, the current operating entity must provide written notification about the proposed change separately and in writing, to the department, each resident of the facility, or the resident's guardian or representative.

NEW SECTION. Sec. 422. The facility shall:

- (1) Maintain adequate resident records to enable the provision of necessary treatment, care, and services and to respond appropriately in emergency situations;
- (2) Comply with all state and federal requirements related to documentation, confidentiality, and information sharing, including chapters 10.77, 70.02, 70.24, 70.96A, and 71.05 RCW; and
- (3) Where possible, obtain signed releases of information designating the department, the facility, and the department of corrections where the person is under its supervision, as recipients of health care information.

NEW SECTION. Sec. 423. (1) Standards for fire protection and the enforcement thereof, with respect to all facilities licensed under this chapter, are the responsibility of the chief of the Washington state patrol, through the director of fire protection, who must adopt recognized standards as applicable to facilities for the protection of life against the cause and spread of fire and fire hazards. If the facility to be licensed meets with the approval of the chief of the Washington state patrol, through the director of fire protection, the director of fire protection must submit to the department a written report approving the facility with respect to fire protection before a full license can be issued. The chief of the Washington state patrol, through the director of fire protection, shall conduct an unannounced full inspection of facilities at least once every eighteen months. The statewide average interval between full facility inspections must be fifteen months.

(2) Inspections of facilities by local authorities must be consistent with the requirements adopted by the chief of the Washington state patrol, through the director of fire protection. Findings of a serious nature must be coordinated with the department and the chief of the Washington state patrol, through the director of fire protection, for determination of appropriate actions to ensure a safe environment for residents. The chief of the Washington state patrol, through the director of fire protection, has exclusive authority to determine appropriate corrective action under this section.

NEW SECTION. Sec. 424. No facility providing care and treatment for individuals placed in a facility, or agency licensing or placing residents in a facility, acting in the course of its duties, shall be civilly or criminally liable for performing its duties under this chapter, provided that such duties were performed in good faith and without gross negligence.

NEW SECTION. Sec. 425. (1) The secretary shall adopt rules to implement this chapter.

(2) Such rules shall at the minimum: (a) Promote safe treatment and necessary care of individuals residing in the facility and provide for safe and clean conditions; (b) establish licensee qualifications, licensing and enforcement, and license fees sufficient to cover the cost of licensing and enforcement.

(8) The secretary may suspend, revoke, limit, or restrict a certification or license, or refuse to grant a certification or license for failure to conform to: (a) The law; (b) applicable rules and regulations; (c) applicable standards; or (d) state minimum standards.

(13)(a) The department, in consultation with affected parties, shall establish a distribution formula that reflects county needs assessments based on the number of persons who are acutely mentally ill, chronically mentally ill, severely emotionally disturbed children, and seriously disturbed. The formula shall take into consideration the impact on counties of demographic factors in counties which result in concentrations of priority populations as set forth in subsection (5)(b) of this section. These factors shall include the population concentrations resulting from commitments under chapters 71.05 and 71.34 RCW to state psychiatric hospitals, as well as concentration in urban areas, at border crossings at state boundaries, and other significant demographic and workload factors.

Nothing in these plans shall be inconsistent with the intent and requirements of this chapter.

(b) Enter into biennial contracts with regional support networks. The contracts shall be consistent with available resources. No contract shall be approved that does not include progress toward meeting the goals of this chapter by taking responsibility for: (i) Short-term commitments; (ii) residential care; and (iii) emergency response systems.

(c) Allocate one hundred percent of available resources to the regional support networks in accordance with subsection (13) of this section. Incentive payments authorized under subsection (13) of this section may be allocated separately from other available resources.

(d) Notify regional support networks of their allocation of available resources at least sixty days prior to the start of a new biennial contract period.

(e) Deny funding allocations to regional support networks based solely upon formal findings of noncompliance with the terms of the regional support network's contract with the department. Written notice and at least thirty days for corrective action must precede any such action. In such cases, regional support networks shall have full rights to appeal under chapter 34.05 RCW.

(16) The department, in cooperation with the state congressional delegation, shall actively seek waivers of federal requirements and such modifications of federal regulations as are necessary to allow federal medicaid reimbursement for services provided by free-standing evaluation and treatment facilities certified under chapter 71.05 RCW. Mr. Speakers:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1606, with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 18.20.195 and 2004 c 140 s 5 are each amended to read as follows:

(1) The licensee or its designee has the right to an informal dispute resolution process to dispute any violation found or enforcement remedy imposed by the department during a licensing inspection or complaint investigation. The purpose of the informal dispute resolution process is to provide an opportunity for an exchange of information that may lead to the modification, deletion, or removal of a violation, or parts of a violation, or enforcement remedy imposed by the department.

(2) The informal dispute resolution process provided by the department shall include, but is not necessarily limited to, an opportunity for review by a department employee who did not participate in, or oversee, the determination of the violation or enforcement remedy under dispute. The department shall develop, or further develop, an informal dispute resolution process consistent with this section.

The department shall convene a meeting, when possible, within ten working days of receipt of the request for informal dispute resolution, unless by mutual agreement a later date is agreed upon.

(4) If the department determines that a violation or enforcement remedy should not be cited or imposed, the department shall delete the violation or immediately rescind or modify the enforcement remedy. If the department determines that a violation should have been cited (~~(or an enforcement remedy imposed)~~) under a different more appropriate regulation, the department shall (~~(add the citation or enforcement remedy)~~) revise the report, statement of deficiencies, or enforcement remedy accordingly. Upon request, the department shall issue a clean copy of the revised report, statement of deficiencies, or notice of enforcement action.

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 90.56.005 and 2004 c 226 s 2 are each amended to read as follows:

(1) The legislature declares that ~~((the increasing reliance on))~~ water borne transportation as a source of supply for oil and hazardous substances poses special concern for the state of Washington. Each year billions of gallons of crude oil and refined petroleum products are transported as cargo and fuel by vessels on the navigable waters of the state. These shipments are expected to increase in the coming years. Vessels transporting oil into Washington travel on some of the most unique and special marine environments in the United States. These marine environments are a source of natural beauty, recreation, and economic livelihood for many residents of this state. As a result, the state has an obligation to ensure the citizens of the state that the waters of the state will be protected from oil spills.

(2) The legislature finds that prevention is the best method to protect the unique and special marine environments in this state. The technology for containing and cleaning up a spill of oil or hazardous substances is ~~((in the early stages of development))~~ at best only partially effective. Preventing spills is more protective of the environment and more cost-effective when all the response and damage costs associated with responding to a spill are considered. Therefore, the legislature finds that the primary objective of the state is to ~~((adopt))~~ achieve a zero spills strategy to prevent any oil or hazardous substances from entering waters of the state.

(3) The legislature also finds that:

(a) Recent accidents in Washington, Alaska, southern California, Texas, Pennsylvania, and other parts of the nation have shown that the transportation, transfer, and storage of oil have caused significant damage to the marine environment;

(b) Even with the best efforts, it is nearly impossible to remove all oil that is spilled into the water, and average removal rates are only fourteen percent;

(c) Washington's navigable waters are treasured environmental and economic resources that the state cannot afford to place at undue risk from an oil spill; ~~((and))~~

(d) The state has a fundamental responsibility, as the trustee of the state's natural resources and the protector of public health and the environment to prevent the spill of oil; and

(e) In section 5002 of the federal oil pollution act of 1990, the United States congress found that many people believed that complacency on the part of industry and government was one of the contributing factors to the Exxon Valdez spill and, further, that one method to combat this complacency is to involve local citizens in the monitoring and oversight of oil spill plans. Congress also found that a mechanism should be established that fosters the long-term partnership of industry, government, and local communities in overseeing compliance with environmental concerns in the operation of crude oil terminals. Moreover, congress concluded that, in addition to Alaska, a program of citizen monitoring and oversight should be established in other major crude oil terminals in the United States because recent oil spills indicate that the safe transportation of oil is a national problem.

(4) In order to establish a comprehensive prevention and response program to protect Washington's waters and natural resources from spills of oil, it is the purpose of this chapter:

- (a) To establish state agency expertise in marine safety and to centralize state activities in spill prevention and response activities;
- (b) To prevent spills of oil and to promote programs that reduce the risk of both catastrophic and small chronic spills;
- (c) To ensure that responsible parties are liable, and have the resources and ability, to respond to spills and provide compensation for all costs and damages;
- (d) To provide for state spill response and wildlife rescue planning and implementation;
- (e) To support and complement the federal oil pollution act of 1990 and other federal law, especially those provisions relating to the national contingency plan for cleanup of oil spills and discharges, including provisions relating to the responsibilities of state agencies designated as natural resource trustees. The legislature intends this chapter to be interpreted and implemented in a manner consistent with federal law;
- (f) To provide broad powers of regulation to the department of ecology relating to spill prevention and response;
- (g) To provide for an independent (~~oversight board~~) oil spill advisory council to review on an ongoing basis the adequacy of oil spill prevention, preparedness, and response activities in this state; and
- (h) To provide an adequate funding source for state response and prevention programs.

NEW SECTION. Sec. 2. A new section is added to chapter 90.56 RCW to read as follows:

(7) The first meeting of the council shall be convened by the governor or the governor's designee. Other meetings may be convened by a vote of at least a majority of the voting members of the council, or by call of the chair. All meetings are subject to the open public meetings act. The council shall maintain minutes of all meetings.

(8) To the extent possible, all decisions of the council shall be by the consensus of the members. If consensus is not possible, nine voting members of the council may call for a vote on a matter. When a vote is called, all decisions shall be determined by a majority vote of the voting members present. Two-thirds of the voting members are required to be present for a quorum for all votes. The subject matter of all votes and the vote tallies shall be recorded in the minutes of the council.

MESSAGE FROM THE SENATE

April 21, 2005

Mr. Speaker:

The Senate receded from its amendment to SUBSTITUTE HOUSE BILL NO. 1058. Under suspension of the rules the bill was returned to second reading for purpose of amendment. The Senate adopted the following amendment and passed the bill as amended by the Senate:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that, despite explicit statements in statute that the consent of a minor child is not required for a parent-initiated admission to inpatient or outpatient mental health treatment, treatment providers consistently refuse to accept a minor aged thirteen or over if the minor does not also consent to treatment. The legislature intends

that the parent-initiated treatment provisions, with their accompanying due process provisions for the minor, be made fully available to parents.

Sec. 2. RCW 71.34.042 and 1998 c 296 s 14 are each amended to read as follows:

(1) A minor thirteen years or older may admit himself or herself to an evaluation and treatment facility for inpatient mental treatment, without parental consent. The admission shall occur only if the professional person in charge of the facility concurs with the need for inpatient treatment. Parental authorization is required for inpatient treatment of a minor under the age of thirteen.

(2) When, in the judgment of the professional person in charge of an evaluation and treatment facility, there is reason to believe that a minor is in need of inpatient treatment because of a mental disorder, and the facility provides the type of evaluation and treatment needed by the minor, and it is not feasible to treat the minor in any less restrictive setting or the minor's home, the minor may be admitted to an evaluation and treatment facility.

(3) Written renewal of voluntary consent must be obtained from the applicant no less than once every twelve months. The minor's need for continued inpatient treatments shall be reviewed and documented no less than every one hundred eighty days.

NEW SECTION. Sec. 3. A new section is added to chapter 71.34 RCW to read as follows:

A minor child shall have no cause of action against an evaluation and treatment facility, inpatient facility, or provider of outpatient mental health treatment for admitting or accepting the minor in good faith for evaluation or treatment under RCW 71.34.052 or 71.34.054 based solely upon the fact that the minor did not consent to evaluation or treatment if the minor's parent has consented to the evaluation or treatment.

Sec. 4. RCW 71.34.052 and 1998 c 296 s 17 are each amended to read as follows:

(1) A parent may bring, or authorize the bringing of, his or her minor child to an evaluation and treatment facility or an inpatient facility licensed under chapter 70.41, 71.12, or 72.23 RCW and request that the professional person as defined in RCW 71.05.020(24) examine the minor to determine whether the minor has a mental disorder and is in need of inpatient treatment.

(2) The consent of the minor is not required for admission, evaluation, and treatment if the parent brings the minor to the facility.

(3) An appropriately trained professional person may evaluate whether the minor has a mental disorder. The evaluation shall be completed within twenty-four hours of the time the minor was brought to the facility, unless the professional person determines that the condition of the minor necessitates additional time for evaluation. In no event shall a minor be held longer than seventy-two hours for evaluation. If, in the judgment of the professional person, it is determined it is a medical necessity for the minor to receive inpatient treatment, the minor may be held for treatment. The facility shall limit treatment to that which the professional person determines is medically necessary to stabilize the minor's condition until the evaluation has been completed. Within twenty-four hours of completion of the evaluation, the professional person shall notify the department if the child is held for treatment and of the date of admission.

(4) No provider is obligated to provide treatment to a minor under the provisions of this section except that no provider may refuse to treat a minor under the provisions of this section solely on the basis that the minor has not consented to the treatment. No provider may admit a minor to treatment under this section unless it is medically necessary.

(5) No minor receiving inpatient treatment under this section may be discharged from the facility based solely on his or her request.

(6) Prior to the review conducted under RCW 71.34.025, the professional person shall notify the minor of his or her right to petition superior court for release from the facility.

(7) For the purposes of this section "professional person" ~~((does not include a social worker, unless the social worker is certified under RCW 18.19.110 and appropriately trained and qualified by education and experience, as defined by the department, in psychiatric social work))~~ means "professional person" as defined in RCW 71.05.020.

Sec. 5. RCW 71.34.270 and 1985 c 354 s 27 are each amended to read as follows:

No public or private agency or governmental entity, nor officer of a public or private agency, nor the superintendent, or professional person in charge, his or her professional designee or attending staff of any such agency, nor any public official performing functions necessary to the administration of this chapter, nor peace officer responsible for detaining a person under this chapter, nor any county designated mental health professional, nor professional person, nor evaluation and treatment facility, shall be civilly or criminally liable for performing ~~((his or her duties under))~~ actions authorized in this chapter with regard to the

decision of whether to admit, release, or detain a person for evaluation and treatment: PROVIDED, That such duties were performed in good faith and without gross negligence.

MESSAGE FROM THE SENATE

April 21, 2005

Mr. Speaker:

The Senate receded from its amendment to ENGROSSED HOUSE BILL NO. 1187. Under suspension of the rules the bill was returned to second reading for purpose of amendment. The Senate adopted the following amendment and passed the bill as amended by the Senate:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that emerging research on brain development indicates that adolescent brains, and thus adolescent intellectual and emotional capabilities, differ significantly from those of mature adults. It is appropriate to take these differences into consideration when sentencing juveniles tried as adults. The legislature further finds that applying mandatory minimum sentences for juveniles tried as adults prevents trial court judges from taking these differences into consideration in appropriate circumstances.

(2) The legislature intends to eliminate the application of mandatory minimum sentences under RCW 9.94A.540 to juveniles tried as adults, and to continue to apply all other adult sentencing provisions to juveniles tried as adults.

Sec. 2. RCW 9.94A.540 and 2001 2nd sp.s. c 12 s 315 are each amended to read as follows:

(1) Except to the extent provided in subsection (3) of this section, the following minimum terms of total confinement are mandatory and shall not be varied or modified under RCW 9.94A.535:

(a) An offender convicted of the crime of murder in the first degree shall be sentenced to a term of total confinement not less than twenty years.

(b) An offender convicted of the crime of assault in the first degree or assault of a child in the first degree where the offender used force or means likely to result in death or intended to kill the victim shall be sentenced to a term of total confinement not less than five years.

(c) An offender convicted of the crime of rape in the first degree shall be sentenced to a term of total confinement not less than five years.

(d) An offender convicted of the crime of sexually violent predator escape shall be sentenced to a minimum term of total confinement not less than sixty months.

(2) During such minimum terms of total confinement, no offender subject to the provisions of this section is eligible for community custody, earned release time, furlough, home detention, partial confinement, work crew, work release, or any other form of early release authorized under RCW 9.94A.728, or any other form of authorized leave of absence from the correctional facility while not in the direct custody of a corrections officer. The provisions of this subsection shall not apply: (a) In the case of an offender in need of emergency medical treatment; (b) for the purpose of commitment to an inpatient treatment facility in the case of an offender convicted of the crime of rape in the first degree; or (c) for an extraordinary medical placement when authorized under RCW 9.94A.728(4).

(3)(a) Subsection (1) of this section shall not be applied in sentencing of juveniles tried as adults pursuant to RCW 13.04.030(1)(e)(i).

(b) This subsection (3) applies only to crimes committed on or after the effective date of this act."

On page 1, line 2 of the title, after "adults;" strike the remainder of the title and insert "amending RCW 9.94A.540; and creating a new section."

ENGROSSED HOUSE BILL NO. 1187, as amended by the Senate having received the constitutional majority, was declared passed.

MESSAGE FROM THE SENATE

April 21, 2005

Mr. Speaker:

The Senate receded from its amendment to ENGROSSED SUBSTITUTE HOUSE BILL NO. 1635. Under suspension of the rules the bill was returned to second reading for purpose of amendment. The Senate adopted the following amendment and passed the bill as amended by the Senate:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that ambulance and emergency medical services are essential services and the availability of these services is vital to preserving and promoting the health, safety, and welfare of people in local communities throughout the state. All persons, businesses, and industries benefit from the availability of ambulance and emergency medical services, and survival rates can be increased when these services are available, adequately funded, and appropriately regulated. It is the legislature's intent to explicitly recognize local jurisdictions' ability and authority to collect utility service charges to fund ambulance and emergency medical service systems that are based, at least in some part, upon a charge for the availability of these services.

Sec. 2. RCW 35.21.766 and 2004 c 129 s 34 are each amended to read as follows:

~~(1) Whenever a regional fire protection service authority ((or the legislative authority of any city or town)) determines that the fire protection jurisdictions that are members of the authority ((or the city or town or a substantial portion of the city or town is)) are not adequately served by existing private ambulance service, the governing board of the authority may by resolution((, or the legislative authority of the city or town may by appropriate legislation,)) provide for the establishment of a system of ambulance service to be operated by the authority as a public utility ((of the city or town, or)) operated by contract after a call for bids.~~

(2) The legislative authority of any city or town may establish an ambulance service to be operated as a public utility. However, the legislative authority of the city or town shall not provide for the establishment of an ambulance service utility that would compete with any existing private ambulance service, unless the legislative authority of the city or town determines that the city or town, or a substantial portion of the city or town, is not adequately served by an existing private ambulance service. In determining the adequacy of an existing private ambulance service, the legislative authority of the city or town shall take into

consideration objective generally accepted medical standards and reasonable levels of service which shall be published by the city or town legislative authority. The decision of the city council or legislative body shall be a discretionary, legislative act. When it is preliminarily concluded that the private ambulance service is inadequate, before issuing a call for bids or before the city or town establishes an ambulance service utility, the legislative authority of the city or town shall allow a minimum of sixty days for the private ambulance service to meet the generally accepted medical standards and reasonable levels of service. In the event of a second preliminary conclusion of inadequacy within a twenty-four month period, the legislative authority of the city or town may immediately issue a call for bids or establish an ambulance service utility and is not required to afford the private ambulance service another sixty-day period to meet the generally accepted medical standards and reasonable levels of service. Nothing in this act is intended to supersede requirements and standards adopted by the department of health. A private ambulance service which is not licensed by the department of health or whose license is denied, suspended, or revoked shall not be entitled to a sixty-day period within which to demonstrate adequacy and the legislative authority may immediately issue a call for bids or establish an ambulance service utility.

(3) The city or town legislative authority is authorized to set and collect rates and charges in an amount sufficient to regulate, operate, and maintain an ambulance utility. Prior to setting such rates and charges, the legislative authority must determine, through a cost-of-service study, the total cost necessary to regulate, operate, and maintain the ambulance utility. Total costs shall not include capital cost for the construction, major renovation, or major repair of the physical plant. Once the legislative authority determines the total costs, the legislative authority shall then identify that portion of the total costs that are attributable to the availability of the ambulance service and that portion of the total costs that are attributable to the demand placed on the ambulance utility.

(a) Availability costs are those costs attributable to the basic infrastructure needed to respond to a single call for service within the utility's response criteria. Availability costs may include costs for dispatch, labor, training of personnel, equipment, patient care supplies, and maintenance of equipment.

(b) Demand costs are those costs that are attributable to the burden placed on the ambulance service by individual calls for ambulance service. Demand costs shall include costs related to frequency of calls, distances from hospitals, and other factors identified in the cost-of-service study conducted to assess burdens imposed on the ambulance utility.

(4) A city or town legislative authority is authorized to set and collect rates and charges as follows:

(a) The rate attributable to costs for availability described under subsection (3)(a) of this section shall be uniformly applied across user classifications within the utility;

(b) The rate attributable to costs for demand described under subsection (3)(b) of this section shall be established and billed to each utility user classification based on each user classification's burden on the utility;

(c) The fee charged by the utility shall reflect a combination of the availability cost and the demand cost;

(d)(i) Except as provided in (d)(ii) of this subsection, the combined rates charged shall reflect an exemption for persons who are medicaid eligible and who reside in a nursing facility, boarding home, adult family home, or receive in-home services. The combined rates charged may reflect an exemption or reduction for designated classes consistent with Article VIII, section 7 of the state Constitution. The amounts of exemption or reduction shall be a general expense of the utility, and designated as an availability cost, to be spread uniformly across the utility user classifications.

(ii) For cities with a population less than two thousand five hundred that established an ambulance utility before May 6, 2004, the combined rates charged may reflect an exemption or reduction for persons who are medicaid eligible, and for designated classes consistent with Article VIII, section 7 of the state Constitution;

(e) The legislative authority must continue to allocate at least seventy percent of the total amount of general fund revenues expended, as of May 5, 2004, toward the total costs necessary to regulate, operate, and maintain the ambulance service utility. However, cities or towns that operated an ambulance service before May 6, 2004, and commingled general fund dollars and ambulance service dollars, may reasonably estimate that portion of general fund dollars that were, as of May 5, 2004, applied toward the operation of the ambulance service, and at least seventy percent of such estimated amount must then continue to be applied toward the total cost necessary to regulate, operate, and maintain the ambulance utility. Cities and towns which first established an ambulance service utility after May 6, 2004, must allocate, from the general fund or emergency medical service levy funds, or a combination of both, at least an amount equal to seventy percent of the total costs necessary to regulate, operate, and maintain the ambulance service utility as of May 5, 2004, or the date that the utility is established;

(f) The legislative authority must allocate available emergency medical service levy funds, in an amount proportionate to the percentage of the ambulance service costs to the total combined operating costs for emergency medical services and ambulance services, towards the total costs necessary to regulate, operate, and maintain the ambulance utility;

(g) The legislative authority must allocate all revenues received through direct billing to the individual user of the ambulance service to the demand-related costs under subsection (3)(b) of this section;

(h) The total revenue generated by the rates and charges shall not exceed the total costs necessary to regulate, operate, and maintain an ambulance utility; and

(i) Revenues generated by the rates and charges must be deposited in a separate fund or funds and be used only for the purpose of paying for the cost of regulating, maintaining, and operating the ambulance utility.

(5) Ambulance service rates charged pursuant to this section do not constitute taxes or charges under RCW 82.02.050 through 82.02.090, or RCW 35.21.768, or charges otherwise prohibited by law.

NEW SECTION. Sec. 3. The joint legislative audit and review committee shall study and review ambulance utilities established and operated by cities under this act. The committee shall examine, but not be limited to, the following factors: The number and operational status of utilities established under this act; whether the utility rate structures and user classifications used by cities were established in accordance with generally accepted utility rate-making practices; and rates charged by the utility to the user classifications. The committee shall provide a final report on this review by December 2007."

On page 1, line 1 of the title, after "funding;" strike the remainder of the title and insert "amending RCW 35.21.766; and creating new sections."

and the same is herewith transmitted.

ENGROSSED SUBSTITUTE HOUSE BILL NO. 1635, as amended by the Senate having received the constitutional majority, was declared passed.

MESSAGE FROM THE SENATE

April 21, 2005

Mr. Speaker:

The Senate receded from its amendment to SECOND SUBSTITUTE HOUSE BILL NO. 1758. Under suspension of the rules the bill was returned to second reading for purpose of amendment. The Senate adopted the following amendment and passed the bill as amended by the Senate:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 42.17.270 and 1987 c 403 s 4 are each amended to read as follows:

Public records shall be available for inspection and copying, and agencies shall, upon request for identifiable public records, make them promptly available to any person including, if applicable, on a partial or installment basis as records that are part of a larger set of requested records are assembled or made ready for inspection or disclosure. Agencies shall not deny a request for identifiable public records solely on the basis that the request is overbroad. Agencies shall not distinguish among persons requesting records, and such persons shall not be required to provide information as to the purpose for the request except to establish whether inspection and copying would violate RCW 42.17.260(~~(5)~~) (9) or other statute which exempts or prohibits disclosure of specific information or records to certain persons. Agency facilities shall be made available to any person for the copying of public records except when and to the extent that this would unreasonably disrupt the operations of the agency. Agencies shall honor requests received by mail for identifiable public records unless exempted by provisions of this chapter.

Sec. 2. RCW 42.17.300 and 1995 c 397 s 14 and 1995 c 341 s 2 are each reenacted and amended to read as follows:

No fee shall be charged for the inspection of public records. No fee shall be charged for locating public documents and making them available for copying. A reasonable charge may be imposed for providing copies of public records and for the use by any person of agency equipment or equipment of the office of the secretary of the senate or the office of the chief clerk of the house of representatives to copy public records, which charges shall not exceed the amount necessary to reimburse the agency, the office of the secretary of the senate, or the office of the chief clerk of the house of representatives for its actual costs directly incident to such copying. Agency charges for photocopies shall be imposed in accordance with the actual per page cost or other costs established and published by the agency. In no event may an agency charge a per page cost greater than the actual per page cost as established and published by the agency. To the extent the agency has not determined the actual per page cost for photocopies of public records, the agency may not charge in excess of fifteen cents per page. An agency may require a deposit in an amount not to exceed ten percent of the estimated cost of providing copies for a request. If an agency makes a request available on a partial or installment basis, the agency may charge for each part of the request as it is provided. If an installment of a records request is not claimed or reviewed, the agency is not obligated to fulfill the balance of the request.

NEW SECTION. **Sec. 3.** A new section is added to chapter 42.17 RCW to read as follows:

(1) Each state and local agency shall appoint and publicly identify a public records officer whose responsibility is to serve as a point of contact for members of the public in requesting disclosure of public records and to oversee the agency's compliance with the public records disclosure requirements of this chapter. A state or local agency's public records officer may appoint an employee or official of another agency as its public records officer.

(2) For state agencies, the name and contact information of the agency's public records officer to whom members of the public may direct requests for disclosure of public records and who will oversee the agency's compliance with the public records disclosure requirements of this chapter shall be published in the state register at the time of designation and annually every year thereafter.

(3) For local agencies, the name and contact information of the agency's public records officer to whom members of the public may direct requests for disclosure of public records and who will oversee the agency's compliance within the public records disclosure requirements of this chapter shall be made in a way reasonably calculated to provide notice to the public, including posting at the local agency's place of business, posting on its internet site, or including in its publications.

Sec. 4. RCW 42.17.348 and 1992 c 139 s 9 are each amended to read as follows:

(1) The attorney general's office shall publish, and update when appropriate, a pamphlet, written in plain language, explaining the provisions of the public records subdivision of this chapter.

(2) The attorney general, by February 1, 2006, shall adopt by rule an advisory model rule for state and local agencies, as defined in RCW 42.17.020, addressing the following subjects:

(a) Providing fullest assistance to requestors;

(b) Fulfilling large requests in the most efficient manner;

(c) Fulfilling requests for electronic records; and

(d) Any other issues pertaining to public disclosure as determined by the attorney general.

(3) The attorney general, in his or her discretion, may from time to time revise the model rule.

Sec. 5. RCW 42.17.340 and 1992 c 139 s 8 are each amended to read as follows:

(1) Upon the motion of any person having been denied an opportunity to inspect or copy a public record by an agency, the superior court in the county in which a record is maintained may require the responsible agency to show cause why it has refused to allow inspection or copying of a specific public record or class of records. The burden of proof shall be on the agency to establish that refusal to permit public inspection and copying is in accordance with a statute that exempts or prohibits disclosure in whole or in part of specific information or records.

(2) Upon the motion of any person who believes that an agency has not made a reasonable estimate of the time that the agency requires to respond to a public record request, the superior court in the county in which a record is maintained may require the responsible agency to show that the estimate it provided is reasonable. The burden of proof shall be on the agency to show that the estimate it provided is reasonable.

(3) Judicial review of all agency actions taken or challenged under RCW 42.17.250 through 42.17.320 shall be de novo. Courts shall take into account the policy of this chapter that free and open examination of public records is in the public interest, even though such examination may cause inconvenience or embarrassment to public officials or others. Courts may examine any record in camera in any proceeding brought under this section. The court may conduct a hearing based solely on affidavits.

(4) Any person who prevails against an agency in any action in the courts seeking the right to inspect or copy any public record or the right to receive a response to a public record request within a reasonable amount of time shall be awarded all costs, including reasonable attorney fees, incurred in connection with such legal action. In addition, it shall be within the discretion of the court to award such person an amount not less than five dollars and not to exceed one hundred dollars for each day that he or she was denied the right to inspect or copy said public record.

(5) For actions under this section against counties, the venue provisions of RCW 36.01.050 apply.

(6) Actions under this section must be filed within one year of the agency's claim of exemption or the last production of a record on a partial or installment basis."

On page 1, line 1 of the title, after "disclosure;" strike the remainder of the title and insert "amending RCW 42.17.270, 42.17.348, and 42.17.340; reenacting and amending RCW 42.17.300; and adding a new section to chapter 42.17 RCW."

and the same is herewith transmitted.

SECOND SUBSTITUTE HOUSE BILL NO. 1758, as amended by the Senate having received the constitutional majority, was declared passed.

MESSAGE FROM THE SENATE

April 21, 2005

Mr. Speaker:

The Senate refuses to concur in the House amendment to ENGROSSED SUBSTITUTE SENATE BILL NO. 5922 and asks the House to recede therefrom, and the same is herewith transmitted.

Thomas Hoemann, Secretary

There being no objection, the rules were suspended and ENGROSSED SUBSTITUTE SENATE BILL NO. 5922 was returned to second reading for purpose of amendment.

SECOND READING

ENGROSSED SUBSTITUTE SENATE BILL NO. 5922, By Senate Committee on Human Services & Corrections (originally sponsored by Senators Stevens, Hargrove, Roach, Schmidt, Zarelli, Carrell and Finkbeiner)

Changing procedures for investigations of child abuse or neglect.

Representative Dickerson moved the adoption of amendment (591):

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 26.44.100 and 1998 c 314 s 8 are each amended to read as follows:

(1) The legislature finds parents and children often are not aware of their due process rights when agencies are investigating allegations of child abuse and neglect. The legislature reaffirms that all citizens, including parents, shall be afforded due process, that protection of children remains the priority of the legislature, and that this protection includes protecting the family unit from unnecessary disruption. To facilitate this goal, the legislature wishes to ensure that parents and children be advised in writing and orally, if feasible, of their basic rights and other specific information as set forth in this chapter, provided that nothing contained in this chapter shall cause any delay in protective custody action.

(2) The department shall notify the ~~((alleged perpetrator of the))~~ parent, guardian, or legal custodian of a child of any allegations of child abuse ~~((and))~~ or neglect ~~((at the earliest possible point in the investigation that will not jeopardize the safety and protection of the child or the investigation process))~~ made against such person at the initial point of contact with such person, in a manner consistent with the laws maintaining the confidentiality of the persons making the complaints or allegations. Investigations of child abuse and neglect should be conducted in a manner that will not jeopardize the safety or protection of the child or the integrity of the investigation process.

Whenever the department completes an investigation of a child abuse or neglect report under chapter 26.44 RCW, the department shall notify the ~~((alleged perpetrator))~~ subject of the report ~~((and))~~ of the department's investigative findings. The notice shall also advise the ~~((alleged perpetrator))~~ subject of the report that:

(a) A written response to the report may be provided to the department and that such response will be filed in the record following receipt by the department;

(b) Information in the department's record may be considered in subsequent investigations or proceedings related to child protection or child custody;

(c) Founded reports of child abuse and neglect may be considered in determining whether the person is disqualified from being licensed to provide child care, employed by a licensed child care agency, or authorized by the department to care for children; and

(d) ~~((An alleged perpetrator))~~ A subject named in a founded report of child abuse or neglect has the right to seek review of the finding as provided in this chapter.

(3) The notification required by this section shall be made by certified mail, return receipt requested, to the person's last known address.

(4) The duty of notification created by this section is subject to the ability of the department to ascertain the location of the person to be notified. The department shall exercise reasonable, good-faith efforts to ascertain the location of persons entitled to notification under this section.

(5) The department shall provide training to all department personnel who conduct investigations under this section that shall include, but is not limited to, training regarding the legal duties of the department from the initial time of contact during investigation through treatment in order to protect children and families.

NEW SECTION. **Sec. 2.** The legislature finds that whenever possible, children should remain in the home of their parents. It is only when the safety of the child is in jeopardy that the child should be removed from the home.

It is the intent of the legislature that the department of social and health services be permitted to intervene in cases of chronic neglect where the health, welfare, or safety of the child is at risk. One incident of neglect may not rise to the level requiring state intervention; however, a pattern of neglect has been shown to cause damage to the health and well-being of the child subject to the neglect.

It is the intent of the legislature that, when chronic neglect has been found to exist in a family, the legal system reinforce the need for the parent's early engagement in services that will decrease the likelihood of future neglect. However, if the parents fail to comply with the offered necessary and available services, the state has the authority to intervene to protect the children who are at risk. If a parent fails to engage in available substance abuse or mental health services necessary to maintain the safety of a child or a parent fails to correct substance abuse deficiencies that jeopardize the safety of a child, the state has the authority to intervene to protect a child.

Sec. 3. RCW 13.34.138 and 2003 c 227 s 5 are each amended to read as follows:

(1) Except for children whose cases are reviewed by a citizen review board under chapter 13.70 RCW, the status of all children found to be dependent shall be reviewed by the court at least every six months from the beginning date of the placement episode or the date dependency is established, whichever is first, at a hearing in which it shall be determined whether court supervision should continue. The initial review hearing shall be an in-court review and shall be set six months from the beginning date of the placement episode or no more than ninety days from the entry of the disposition order, whichever comes first. The initial review hearing may be a permanency planning hearing when necessary to meet the time frames set forth in RCW 13.34.145(3) or 13.34.134. The review shall include findings regarding the agency and parental completion of disposition plan requirements, and if necessary, revised permanency time limits. This review shall consider both the agency's and parent's efforts that demonstrate consistent measurable progress over time in meeting the disposition plan requirements. The requirements for the initial review hearing, including the in-court requirement, shall be accomplished within existing resources. The supervising agency shall provide a foster parent, preadoptive parent, or relative with notice of, and their right to an opportunity to be heard in, a review hearing pertaining to the child, but only if that person is currently providing care to that child at the time of the hearing. This section shall not be construed to grant party status to any person who has been provided an opportunity to be heard.

(a) A child shall not be returned home at the review hearing unless the court finds that a reason for removal as set forth in RCW 13.34.130 no longer exists. The parents, guardian, or legal custodian shall report to the court the efforts they have made to correct the conditions which led to removal. If a child is returned, casework supervision shall continue for a period of six months, at which time there shall be a hearing on the need for continued intervention.

(b) If the child is not returned home, the court shall establish in writing:

(i) Whether reasonable services have been provided to or offered to the parties to facilitate reunion, specifying the services provided or offered;

(ii) Whether the child has been placed in the least-restrictive setting appropriate to the child's needs, including whether consideration and preference has been given to placement with the child's relatives;

(iii) Whether there is a continuing need for placement and whether the placement is appropriate;

(iv) Whether there has been compliance with the case plan by the child, the child's parents, and the agency supervising the placement;

(v) Whether progress has been made toward correcting the problems that necessitated the child's placement in out-of-home care;

(vi) Whether the parents have visited the child and any reasons why visitation has not occurred or has been infrequent;

(vii) Whether additional services, including housing assistance, are needed to facilitate the return of the child to the child's parents; if so, the court shall order that reasonable services be offered specifying such services; and

(viii) The projected date by which the child will be returned home or other permanent plan of care will be implemented.

(c) The court at the review hearing may order that a petition seeking termination of the parent and child relationship be filed.

(2)(a) In any case in which the court orders that a dependent child may be returned to or remain in the child's home, the in-home placement shall be contingent upon the following:

(i) The compliance of the parents with court orders related to the care and supervision of the child, including compliance with an agency case plan; and

(ii) The continued participation of the parents, if applicable, in available substance abuse or mental health treatment if substance abuse or mental illness was a contributing factor to the removal of the child.

(b) The following may be grounds for removal of the child from the home, subject to review by the court:

(i) Noncompliance by the parents with the agency case plan or court order;

(ii) The parent's inability, unwillingness, or failure to participate in available services or treatment for themselves or the child, including substance abuse treatment if a parent's substance abuse was a contributing factor to the abuse or neglect; or

(iii) The failure of the parents to successfully and substantially complete available services or treatment for themselves or the child, including substance abuse treatment if a parent's substance abuse was a contributing factor to the abuse or neglect.

(3) The court's ability to order housing assistance under RCW 13.34.130 and this section is: (a) Limited to cases in which homelessness or the lack of adequate and safe housing is the primary reason for an out-of-home placement; and (b) subject to the availability of funds appropriated for this specific purpose.

~~((3))~~ (4) The court shall consider the child's relationship with siblings in accordance with RCW 13.34.130(3).

Sec. 4. RCW 26.44.015 and 1999 c 176 s 28 are each amended to read as follows:

(1) This chapter shall not be construed to authorize interference with child-raising practices, including reasonable parental discipline, which are not injurious to the child's health, welfare, ~~((and))~~ or safety.

(2) Nothing in this chapter may be used to prohibit the reasonable use of corporal punishment as a means of discipline.

(3) No parent or guardian may be deemed abusive or neglectful solely by reason of the parent's or child's blindness, deafness, developmental disability, or other handicap.

Sec. 5. RCW 26.44.020 and 2000 c 162 s 19 are each amended to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Court" means the superior court of the state of Washington, juvenile department.

(2) "Law enforcement agency" means the police department, the prosecuting attorney, the state patrol, the director of public safety, or the office of the sheriff.

(3) "Practitioner of the healing arts" or "practitioner" means a person licensed by this state to practice podiatric medicine and surgery, optometry, chiropractic, nursing, dentistry, osteopathic medicine and surgery, or medicine and surgery or to provide other health services. The term "practitioner" includes a duly accredited Christian Science practitioner: PROVIDED, HOWEVER, That a person who is being furnished Christian Science treatment by a duly accredited Christian Science practitioner will not be considered, for that reason alone, a neglected person for the purposes of this chapter.

(4) "Institution" means a private or public hospital or any other facility providing medical diagnosis, treatment or care.

(5) "Department" means the state department of social and health services.

(6) "Child" or "children" means any person under the age of eighteen years of age.

(7) "Professional school personnel" include, but are not limited to, teachers, counselors, administrators, child care facility personnel, and school nurses.

(8) "Social service counselor" means anyone engaged in a professional capacity during the regular course of employment in encouraging or promoting the health, welfare, support or education of children, or providing social services to adults or families, including mental health, drug and alcohol treatment, and domestic violence programs, whether in an individual capacity, or as an employee or agent of any public or private organization or institution.

(9) "Psychologist" means any person licensed to practice psychology under chapter 18.83 RCW, whether acting in an individual capacity or as an employee or agent of any public or private organization or institution.

(10) "Pharmacist" means any registered pharmacist under chapter 18.64 RCW, whether acting in an individual capacity or as an employee or agent of any public or private organization or institution.

(11) "Clergy" means any regularly licensed or ordained minister, priest, or rabbi of any church or religious denomination, whether acting in an individual capacity or as an employee or agent of any public or private organization or institution.

(12) "Abuse or neglect" means ~~((the injury,))~~ sexual abuse, sexual exploitation, ~~((negligent treatment, or maltreatment))~~ or injury of a child by any person under circumstances which ~~((indicate that))~~ cause harm to the child's health, welfare, ~~((and))~~ or safety ~~((is harmed))~~, excluding conduct permitted under RCW 9A.16.100; or the negligent treatment or maltreatment of a child by a person responsible for or providing care to the child. An abused child is a child who has been subjected to child abuse or neglect as defined in this section.

(13) "Child protective services section" means the child protective services section of the department.

(15) "Negligent treatment or maltreatment" means an act or ~~((omission))~~ a failure to act, or the cumulative effects of a pattern of conduct, behavior, or inaction, that evidences a serious disregard of consequences of such magnitude as to constitute a clear and present danger to ~~((the))~~ a child's health, welfare, ~~((and))~~ or safety. When considering whether a clear and present danger exists, evidence of a parent's substance abuse as a contributing factor to negligent treatment or maltreatment shall be given great weight. The fact that siblings share a bedroom is not, in and of itself, negligent treatment or maltreatment. Poverty, homelessness, or exposure to domestic violence as defined in RCW 26.50.010 that is perpetrated against someone other than the child do not constitute negligent treatment or maltreatment in and of themselves.

(16) "Child protective services" means those services provided by the department designed to protect children from child abuse and neglect and safeguard such children from future abuse and neglect, and conduct investigations of child abuse and neglect reports. Investigations may be conducted regardless of the location of the alleged abuse or neglect. Child protective services includes referral to services to ameliorate conditions that endanger the welfare of children, the coordination of necessary programs and services relevant to the prevention, intervention, and treatment of child abuse and neglect, and services to children to ensure that each child has a permanent home. In determining whether protective services should be provided, the department shall not decline to provide such services solely because of the child's unwillingness or developmental inability to describe the nature and severity of the abuse or neglect.

(17) "Malice" or "maliciously" means an evil intent, wish, or design to vex, annoy, or injure another person. Such malice may be inferred from an act done in willful disregard of the rights of another, or an act wrongfully done without just cause or excuse, or an act or omission of duty betraying a willful disregard of social duty.

(18) "Sexually aggressive youth" means a child who is defined in RCW 74.13.075(1)(b) as being a sexually aggressive youth.

(19) "Unfounded" means available information indicates that, more likely than not, child abuse or neglect did not occur. No unfounded allegation of child abuse or neglect may be disclosed to a child-placing agency, private adoption agency, or any other provider licensed under chapter 74.15 RCW.

NEW SECTION. Sec. 6. A new section is added to chapter 26.44 RCW to read as follows:

(1) If the department, upon investigation of a report that a child has been abused or neglected as defined in this chapter, determines that the child has been subject to negligent treatment or maltreatment, the department may offer services to the child's parents, guardians, or legal custodians to: (a) Ameliorate the conditions that endangered the welfare of the child; or (b) address or treat the effects of mistreatment or neglect upon the child.

(2) When evaluating whether the child has been subject to negligent treatment or maltreatment, evidence of a parent's substance abuse as a contributing factor to a parent's failure to provide for a child's basic health, welfare, or safety shall be given great weight.

(3) If the child's parents, guardians, or legal custodians are available and willing to participate on a voluntary basis in in-home services, and the department determines that in-home services on a voluntary basis are appropriate for the family, the department may offer such services.

(4) In cases where the department has offered appropriate and reasonable services under subsection (1) of this section, and the parents, guardians, or legal custodians refuse to accept or fail to obtain available and appropriate treatment or services, or are unable or unwilling to participate in or successfully and substantially complete the treatment or services identified by the department, the department may initiate a dependency proceeding under chapter 13.34 RCW on the basis that the negligent treatment or maltreatment by the parent, guardian, or legal custodian constitutes neglect. When evaluating whether to initiate a

dependency proceeding on this basis, the evidence of a parent's substance abuse as a contributing factor to the negligent treatment or maltreatment shall be given great weight.

(5) Nothing in this section precludes the department from filing a dependency petition as provided in chapter 13.34 RCW if it determines that such action is necessary to protect the child from abuse or neglect.

(6) Nothing in this section shall be construed to create in any person an entitlement to services or financial assistance in paying for services or to create judicial authority to order the provision of services to any person or family if the services are unavailable or unsuitable or if the child or family is not eligible for such services.

Sec. 7. RCW 74.13.031 and 2004 c 183 s 3 are each amended to read as follows:

The department shall have the duty to provide child welfare services and shall:

(1) Develop, administer, supervise, and monitor a coordinated and comprehensive plan that establishes, aids, and strengthens services for the protection and care of runaway, dependent, or neglected children.

(2) Within available resources, recruit an adequate number of prospective adoptive and foster homes, both regular and specialized, i.e. homes for children of ethnic minority, including Indian homes for Indian children, sibling groups, handicapped and emotionally disturbed, teens, pregnant and parenting teens, and annually report to the governor and the legislature concerning the department's success in: (a) Meeting the need for adoptive and foster home placements; (b) reducing the foster parent turnover rate; (c) completing home studies for legally free children; and (d) implementing and operating the passport program required by RCW 74.13.285. (3)(a) Investigate ~~((complaints of any recent act or failure to act))~~ any reports of child abuse or neglect, as defined in chapter 26.44 RCW, on the part of a parent, guardian, or legal custodian of the child, member of the household of such persons, an agency providing care to the child as defined in chapter 74.15 RCW, or other caretaker ((that)) of the child who is serving in place of the parent if the child abuse or neglect results in death, serious physical or emotional harm, or sexual abuse or exploitation, or that presents an imminent risk of serious harm((, and on the basis of the findings of such investigation, offer)). Evidence of a parent's substance abuse as a contributing factor to the alleged abuse or neglect shall be considered to present an imminent risk of serious harm to the child.

~~((b))~~ Offer child welfare services ((in relation to the problem to such)), where warranted, to parents, legal custodians, or persons serving in ((loco parentis)) the place of the parent, ((and/or)) or bring the situation to the attention of an appropriate court, or another community agency((: PROVIDED, That)), including the appropriate law enforcement agency if the investigation reveals that a crime against a child may have been committed. However, an investigation is not required of nonaccidental injuries which are clearly not the result of a lack of care or supervision by the child's parents, legal custodians, or persons serving in ((loco parentis)) the place of the parent. ((If the investigation reveals that a crime against a child may have been committed, the department shall notify the appropriate law enforcement agency.))

(4) Offer, on a voluntary basis, family reconciliation services to families who are in conflict.

(5) Monitor out-of-home placements, on a timely and routine basis, to assure the safety, well-being, and quality of care being provided is within the scope of the intent of the legislature as defined in RCW 74.13.010 and 74.15.010, and annually submit a report measuring the extent to which the department achieved the specified goals to the governor and the legislature.

(6) Have authority to accept custody of children from parents and to accept custody of children from juvenile courts, where authorized to do so under law, to provide child welfare services including placement for adoption, and to provide for the physical care of such children and make payment of maintenance costs if needed. Except where required by Public Law 95-608 (25 U.S.C. Sec. 1915), no private adoption agency which receives children for adoption from the department shall discriminate on the basis of race, creed, or color when considering applications in their placement for adoption.

(7) Have authority to provide temporary shelter to children who have run away from home and who are admitted to crisis residential centers.

(8) Have authority to purchase care for children; and shall follow in general the policy of using properly approved private agency services for the actual care and supervision of such children insofar as they are available, paying for care of such children as are accepted by the department as eligible for support at reasonable rates established by the department.

(9) Establish a children's services advisory committee which shall assist the secretary in the development of a partnership plan for utilizing resources of the public and private sectors, and advise on all matters pertaining to child welfare, licensing of child care agencies, adoption, and services related thereto. At least one member shall represent the adoption community.

(10) Have authority to provide continued foster care or group care for individuals from eighteen through twenty years of age to enable them to complete their high school or vocational school program.

(11) Refer cases to the division of child support whenever state or federal funds are expended for the care and maintenance of a child, including a child with a developmental disability who is placed as a result of an action under chapter 13.34 RCW, unless the department finds that there is good cause not to pursue collection of child support against the parent or parents of the child.

(12) Have authority within funds appropriated for foster care services to purchase care for Indian children who are in the custody of a federally recognized Indian tribe or tribally licensed child-placing agency pursuant to parental consent, tribal court order, or state juvenile court order; and the purchase of such care shall be subject to the same eligibility standards and rates of support applicable to other children for whom the department purchases care.

Notwithstanding any other provision of RCW 13.32A.170 through 13.32A.200 and 74.13.032 through 74.13.036, or of this section all services to be provided by the department of social and health services under subsections (4), (6), and (7) of this section, subject to the limitations of these subsections, may be provided by any program offering such services funded pursuant to Titles II and III of the federal juvenile justice and delinquency prevention act of 1974.

(13) Within amounts appropriated for this specific purpose, provide preventive services to families with children that prevent or shorten the duration of an out-of-home placement.

(14) Have authority to provide independent living services to youths, including individuals eighteen through twenty years of age, who are or have been in foster care.

NEW SECTION. Sec. 8. The legislature recognizes that the fiscal and workload impact of this act may not be fully determined until after it is implemented and that such impact may further be affected by the funding or availability of community-based prevention and remedial services. For that reason, the department of social and health services shall report on the implementation of this act to the appropriate legislative committees and the governor by December 1, 2006. The report shall include information regarding any change over previous years in the number and type of child abuse and neglect referrals received and investigations conducted, any change in in-home and out-of-home dependency placements and/or filings, any increased service costs, barriers to implementation, and an assessment of the fiscal and workload impact on the department. Such information shall be reviewed by the legislature for possible amendment of this act or additional allocation of resources to the department for implementation purposes.

Sec. 9. RCW 13.34.050 and 2000 c 122 s 3 are each amended to read as follows:

(1) The court may enter an order directing a law enforcement officer, probation counselor, or child protective services official to take a child into custody if: (a) A petition is filed with the juvenile court alleging that the child is dependent and that the child's health, safety, and welfare will be seriously endangered if not taken into custody; (b) an affidavit or declaration is filed by the department in support of the petition setting forth specific factual information evidencing reasonable grounds that the child's health, safety, and welfare will be seriously endangered if not taken into custody and at least one of the grounds set forth demonstrates a risk of imminent harm to the child. "Imminent harm" for purposes of this section shall include, but not be limited to, circumstances of sexual abuse, ~~((or))~~ sexual exploitation as defined in RCW 26.44.020, and a parent's failure to perform basic parental functions, obligations, and duties as the result of substance abuse; and (c) the court finds reasonable grounds to believe the child is dependent and that the child's health, safety, and welfare will be seriously endangered if not taken into custody.

(2) Any petition that does not have the necessary affidavit or declaration demonstrating a risk of imminent harm requires that the parents are provided notice and an opportunity to be heard before the order may be entered.

(3) The petition and supporting documentation must be served on the parent, and if the child is in custody at the time the child is removed, on the entity with custody other than the parent. Failure to effect service does not invalidate the petition if service was attempted and the parent could not be found.

NEW SECTION. Sec. 10. This act takes effect July 1, 2006.

NEW SECTION. Sec. 11. This act may be known and cited as the Justice and Raiden Act."

ENGROSSED SENATE BILL NO. 5513, By Senators Haugen, Shin, Kohl-Welles, Rasmussen, Fairley and Prentice

Restructuring certain transportation agencies.

Representative Murray moved the adoption of amendment (588):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that it is in the interest of the state to restructure the roles and responsibilities of the state's transportation agencies in order to improve efficiency and accountability. The legislature also finds that continued citizen oversight of the state's transportation system remains an important priority. To achieve these purposes, the legislature intends to provide direct accountability of the department of transportation to the governor, in his or her role as chief executive officer of state government, by making the secretary of transportation a cabinet-level official. Additionally, it is essential to clearly delineate between the separate and distinct roles and responsibilities of the executive and legislative branches of government. The role of executive is to oversee the implementation of transportation programs, while the legislature reserves to itself the role of policymaking. Finally, consolidating public outreach and auditing of the state's transportation agencies under a single citizen-governed entity, the transportation commission, will provide the public with information about the performance of the transportation system and an avenue for direct participation in its oversight.

Departmental Governance

Sec. 3. RCW 47.01.041 and 1983 1st ex.s. c 53 s 28 are each amended to read as follows:

Before a motion for dismissal shall be acted on by the commission, the secretary shall be granted a hearing on formal written charges before the full commission. An action by the commission to remove the secretary shall be final))~~ at the pleasure of the governor.

It may further hold hearings and explore ways to improve the mobility of the citizenry. At least every five years, the commission shall convene regional forums to gather citizen input on transportation issues.

(2) Every two years, in coordination with the development of the state biennial budget, the commission shall prepare the statewide multimodal transportation progress report that outlines the transportation priorities of the ensuing biennium. The report must:

- (a) Consider the citizen input gathered at the forums;
- (b) Be developed with the assistance of state transportation-related agencies and organizations;
- (c) Be developed with the input from state, local, and regional jurisdictions, transportation service providers, and key transportation stakeholders;
- (d) Be considered by the secretary of transportation and other state transportation-related agencies in preparing proposed agency budgets and executive request legislation;
- (e) Be submitted by the commission to the governor by October 1st of each even-numbered year for consideration by the governor.

(3) In fulfilling its responsibilities under this section, the commission may create ad hoc committees or other such committees of limited duration as necessary.

(4) In order to promote a better transportation system, the commission shall offer policy guidance and make recommendations to the governor and the legislature in key issue areas, including but not limited to:

- (a) Transportation finance;
- (b) Preserving, maintaining, and operating the statewide transportation system;
- (c) Transportation infrastructure needs;
- (d) Promoting best practices for adoption and use by transportation-related agencies and programs;
- (e) Transportation efficiencies that will improve service delivery and/or coordination;
- (f) Improved planning and coordination among transportation agencies and providers; and
- (g) Use of intelligent transportation systems and other technology-based solutions.

Sec. 7. RCW 47.01.101 and 1987 c 505 s 48 and 1987 c 179 s 1 are each reenacted and amended to read as follows:

The secretary shall have the authority and it shall be his or her duty ~~((, subject to policy guidance from the commission))~~:

- (1) To serve as chief executive officer of the department with full administrative authority to direct all its activities;
- (2) To organize the department as he or she may deem necessary to carry out the work and responsibilities of the department effectively;

(9) To advise the governor and the legislature with respect to matters under the jurisdiction of the department; and

(10) To exercise all other powers and perform all other duties as are now or hereafter provided by law.

Sec. 8. RCW 47.05.021 and 2002 c 56 s 301 are each amended to read as follows:

(1) The ~~((transportation commission is hereby directed to))~~ department shall conduct periodic analyses of the entire state highway system, report ~~((thereon))~~ to the commission and the chairs of the transportation committees of the senate and house of representatives, ~~((including one copy to the staff of each of the committees, biennially and based thereon,))~~ any subsequent recommendations to subdivide, classify, and subclassify ~~((according to their function and importance))~~ all designated state highways ~~((and those added from time to time and periodically review and revise the classifications))~~ into the following three functional classes:

(a) The "principal arterial system" shall consist of a connected network of rural arterial routes with appropriate extensions into and through urban areas, including all routes designated as part of the interstate system, which serve corridor movements having travel characteristics indicative of substantial statewide and interstate travel;

(b) The "minor arterial system" shall, in conjunction with the principal arterial system, form a rural network of arterial routes linking cities and other activity centers which generate long distance travel, and, with appropriate extensions into and through urban areas, form an integrated network providing interstate and interregional service; and

(c) The "collector system" shall consist of routes which primarily serve the more important intercounty, intracounty, and intraurban travel corridors, collect traffic from the system of local access roads and convey it to the arterial system, and on which, regardless of traffic volume, the predominant travel distances are shorter than on arterial routes.

(2) ~~((In making the functional classification))~~ The transportation commission shall adopt ((and) a functional classification of highways. The commission shall consider the recommendations of the department and testimony from the public and local municipalities. The commission shall give consideration to criteria consistent with this section and federal regulations relating to the functional classification of highways, including but not limited to the following:

(a) Urban population centers within and without the state stratified and ranked according to size;

(b) Important traffic generating economic activities, including but not limited to recreation, agriculture, government, business, and industry;

(c) Feasibility of the route, including availability of alternate routes within and without the state;

(d) Directness of travel and distance between points of economic importance;

(e) Length of trips;

(f) Character and volume of traffic;

(g) Preferential consideration for multiple service which shall include public transportation;

(h) Reasonable spacing depending upon population density; and

(i) System continuity.

(3) The transportation commission or the legislature shall designate state highways of statewide significance under RCW 47.06.140. If the commission designates a state highway of statewide significance, it shall submit a list of such facilities for adoption by the legislature. This statewide system shall include at a minimum interstate highways and other statewide principal arterials that are needed to connect major communities across the state and support the state's economy.

(4) The transportation commission shall designate a freight and goods transportation system. This statewide system shall include state highways, county roads, and city streets. The commission, in cooperation with cities and counties, shall review and make recommendations to the legislature regarding policies governing weight restrictions and road closures which affect the transportation of freight and goods.

Sec. 9. RCW 47.05.030 and 2002 c 5 s 402 are each amended to read as follows:

The transportation commission shall adopt a comprehensive ~~((six-year))~~ ten-year investment program specifying program objectives and performance measures for the preservation and improvement programs defined in this section. The adopted ten-year investment program must be forwarded as a recommendation to the governor and the legislature. In the specification of investment program objectives and performance measures, the transportation commission, in consultation with

the Washington state department of transportation, shall define and adopt standards for effective programming and prioritization practices including a needs analysis process. The analysis process must ensure the identification of problems and deficiencies, the evaluation of alternative solutions and trade-offs, and estimations of the costs and benefits of prospective projects. The investment program must be revised (~~(biennially, effective on July 1st of odd-numbered years)~~) based on directions by the office of financial management. The investment program must be based upon the needs identified in the state-owned highway component of the statewide transportation plan as defined in RCW 47.01.071(3).

(1) The preservation program consists of those investments necessary to preserve the existing state highway system and to restore existing safety features, giving consideration to lowest life cycle costing. The preservation program must require use of the most cost-effective pavement surfaces, considering:

- (a) Life-cycle cost analysis;
- (b) Traffic volume;
- (c) Subgrade soil conditions;
- (d) Environmental and weather conditions;
- (e) Materials available; and
- (f) Construction factors.

The comprehensive (~~(six-year)~~) ten-year investment program for preservation must identify projects for two years and an investment plan for the remaining (~~(four)~~) eight years.

(2) The improvement program consists of investments needed to address identified deficiencies on the state highway system to increase mobility, address congestion, and improve safety, support for the economy, and protection of the environment. The (~~(six-year)~~) ten-year investment program for improvements must identify projects for two years and major deficiencies proposed to be addressed in the (~~(six-year)~~) ten-year period giving consideration to relative benefits and life cycle costing. The transportation commission shall give higher priority for correcting identified deficiencies on those facilities classified as facilities of statewide significance as defined in RCW 47.06.140. Project prioritization must be based primarily upon cost-benefit analysis, where appropriate.

The transportation commission shall approve and present the comprehensive (~~(six-year)~~) ten-year investment program to the governor and the legislature (~~(in support of the biennial budget request under RCW 44.40.070 and 44.40.080)~~) as directed by the office of financial management.

Sec. 10. RCW 47.05.035 and 2002 c 5 s 403 are each amended to read as follows:

(1) The department (~~(and the commission)~~) shall use the transportation demand modeling tools developed under subsection (2) of this section to evaluate investments based on the best mode or improvement, or mix of modes and improvements, to meet current and future long-term demand within a corridor or system for the lowest cost. The end result of these demand modeling tools is to provide a cost-benefit analysis by which the department (~~(and the commission)~~) can determine the relative mobility improvement and congestion relief each mode or improvement under consideration will provide and the relative investment each mode or improvement under consideration will need to achieve that relief.

(2) The department will participate in the refinement, enhancement, and application of existing transportation demand modeling tools to be used to evaluate investments. This participation and use of transportation demand modeling tools will be phased in.

(3) In developing program objectives and performance measures, the (~~(transportation commission)~~) department shall evaluate investment trade-offs between the preservation and improvement programs. In making these investment trade-offs, the (~~(commission)~~) department shall evaluate, using cost-benefit techniques, roadway and bridge maintenance activities as compared to roadway and bridge preservation program activities and adjust those programs accordingly.

(4) The (~~(commission)~~) department shall allocate the estimated revenue between preservation and improvement programs giving primary consideration to the following factors:

- (a) The relative needs in each of the programs and the system performance levels that can be achieved by meeting these needs;
- (b) The need to provide adequate funding for preservation to protect the state's investment in its existing highway system;
- (c) The continuity of future transportation development with those improvements previously programmed; and
- (d) The availability of dedicated funds for a specific type of work.

(5) The commission shall review the results of the department's findings and shall consider those findings in the development of the ten-year program.

Sec. 11. RCW 47.05.051 and 2002 c 189 s 3 are each amended to read as follows:

(1) The comprehensive (~~(six-year)~~) ten-year investment program shall be based upon the needs identified in the state-owned highway component of the statewide multimodal transportation plan as defined in RCW 47.01.071(~~(3)~~) (4) and priority selection systems that incorporate the following criteria:

(a) Priority programming for the preservation program shall take into account the following, not necessarily in order of importance:

(i) Extending the service life of the existing highway system, including using the most cost-effective pavement surfaces, considering:

- (A) Life-cycle cost analysis;
- (B) Traffic volume;
- (C) Subgrade soil conditions;
- (D) Environmental and weather conditions;
- (E) Materials available; and
- (F) Construction factors;

(ii) Ensuring the structural ability to carry loads imposed upon highways and bridges; and

(iii) Minimizing life cycle costs. The transportation commission in carrying out the provisions of this section may delegate to the department of transportation the authority to select preservation projects to be included in the (~~(six-year)~~) ten-year program.

(b) Priority programming for the improvement program must be based primarily upon the following, not necessarily in order of importance:

(i) Traffic congestion, delay, and accidents;

(ii) Location within a heavily traveled transportation corridor;

(iii) Except for projects in cities having a population of less than five thousand persons, synchronization with other potential transportation projects, including transit and multimodal projects, within the heavily traveled corridor; and

(iv) Use of benefit/cost analysis wherever feasible to determine the value of the proposed project.

(c) Priority programming for the improvement program may also take into account:

(i) Support for the state's economy, including job creation and job preservation;

(ii) The cost-effective movement of people and goods;

(iii) Accident and accident risk reduction;

(iv) Protection of the state's natural environment;

(v) Continuity and systematic development of the highway transportation network;

(vi) Consistency with local comprehensive plans developed under chapter 36.70A RCW including the following if they have been included in the comprehensive plan:

(A) Support for development in and revitalization of existing downtowns;

(B) Extent that development implements local comprehensive plans for rural and urban residential and nonresidential densities;

(C) Extent of compact, transit-oriented development for rural and urban residential and nonresidential densities;

(D) Opportunities for multimodal transportation; and

(E) Extent to which the project accommodates planned growth and economic development;

(vii) Consistency with regional transportation plans developed under chapter 47.80 RCW;

(viii) Public views concerning proposed improvements;

(ix) The conservation of energy resources;

(x) Feasibility of financing the full proposed improvement;

(xi) Commitments established in previous legislative sessions;

(xii) Relative costs and benefits of candidate programs.

(d) Major projects addressing capacity deficiencies which prioritize allowing for preliminary engineering shall be reprioritized during the succeeding biennium, based upon updated project data. Reprioritized projects may be delayed or canceled by the transportation commission if higher priority projects are awaiting funding.

(e) Major project approvals which significantly increase a project's scope or cost from original prioritization estimates shall include a review of the project's estimated revised priority rank and the level of funding provided. Projects may be delayed or canceled by the transportation commission if higher priority projects are awaiting funding.

(2) The commission may depart from the priority programming established under subsection (1) of this section: (a) To the extent that otherwise funds cannot be utilized feasibly within the program; (b) as may be required by a court judgment, legally binding agreement, or state and federal laws and regulations; (c) as may be required to coordinate with federal, local, or other state agency construction projects; (d) to take advantage of some substantial financial benefit that may be available; (e) for

continuity of route development; or (f) because of changed financial or physical conditions of an unforeseen or emergent nature. The commission or secretary of transportation shall maintain in its files information sufficient to show the extent to which the commission has departed from the established priority.

(3) The commission shall identify those projects that yield freight mobility benefits or that alleviate the impacts of freight mobility upon affected communities.

Joint Transportation Committee

NEW SECTION. **Sec. 12.** The joint transportation committee is created. The executive committee of the joint committee consists of the chairs and ranking members of the house and senate transportation committees. The chairs of the house and senate transportation committees shall serve as cochairs of the joint committee. All members of the house and senate standing committees on transportation are eligible for membership of the joint committee and shall serve when appointed by the executive committee.

The joint transportation committee shall review and research transportation programs and issues in order to educate and promote the dissemination of transportation research to state and local government policymakers, including legislators and associated staff. All four members of the executive committee shall approve the annual work plan. Membership of the committee may vary depending on the subject matter of oversight and research projects. The committee may also make recommendations for functional or performance audits to the transportation performance audit board.

The executive committee shall adopt rules and procedures for its operations.

NEW SECTION. **Sec. 13.** The members of the joint transportation committee will receive allowances while attending meetings of the committee or subcommittees and while engaged in other authorized business of the committees as provided in RCW 44.04.120. Subject to RCW 44.04.260, all expenses incurred by the committee must be paid upon voucher forms as provided by the office of financial management and signed by the cochairs of the joint committee, or their authorized designees, and the authority of the chair or vice chair to sign vouchers continues until their successors are selected. Vouchers may be drawn upon funds appropriated for the expenses of the committee.

NEW SECTION. **Sec. 14.** The joint transportation committee shall conduct a review of state level governance of transportation, with a focus on the appropriate roles of the separate branches of government. The committee shall review the statutory duties, roles, and functions of the transportation commission and the department. In that review the committee shall determine which responsibilities may be transferred to the executive and which may be transferred to the legislature. By December 15, 2005, the joint transportation committee shall make its recommendations to the house and senate transportation committees. The joint transportation committee shall consult with affected agencies and other stakeholders in conducting its analysis. The committee may consult with and retain private professional and technical experts as necessary to ensure an independent review and analysis.

Transfers

NEW SECTION. **Sec. 15.** (1)(a) All reports, documents, surveys, books, records, files, papers, or written material relating to the conduct of performance reviews and audits in the possession of the legislative transportation committee must be delivered to the custody of the transportation commission. Any remaining documents, books, records, files, papers, and written materials must be delivered to the custody of the joint transportation committee. All funds, credits, or other assets held by the legislative transportation committee for the purposes of staffing the transportation performance audit board are assigned to the transportation commission. Any remaining funds, credits, or other assets held by the legislative transportation committee are assigned to the joint transportation committee.

(b) If any question arises as to the transfer of any funds, books, documents, records, papers, files, equipment, or other tangible property used or held in the exercise of the powers and the performance of the duties and functions transferred, the director of financial management shall make a determination as to the proper allocation and certify the same to the state agencies concerned.

(2) All employees of the legislative transportation committee are transferred to the jurisdiction of the transportation commission for the support of the transportation performance audit board. However, the commission may, if staffing needs warrant, assign the employees to other commission functions.
