**PART II  
HUMAN SERVICES**

**Sec. 201.** 2021 c 334 s 201 (uncodified) is amended to read as follows:

**FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES**

(1) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. Appropriations made in this act to the department of social and health services shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in this act, nor shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that purpose.

(2) The department of social and health services shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(3) The legislature finds that medicaid payment rates, as calculated by the department pursuant to the appropriations in this act, bear a reasonable relationship to the costs incurred by efficiently and economically operated facilities for providing quality services and will be sufficient to enlist enough providers so that care and services are available to the extent that such care and services are available to the general population in the geographic area. The legislature finds that cost reports, payment data from the federal government, historical utilization, economic data, and clinical input constitute reliable data upon which to determine the payment rates.

(4) The department shall to the maximum extent practicable use the same system for delivery of spoken-language interpreter services for social services appointments as the one established for medical appointments in the health care authority. When contracting directly with an individual to deliver spoken language interpreter services, the department shall only contract with language access providers who are working at a location in the state and who are state-certified or state-authorized, except that when such a provider is not available, the department may use a language access provider who meets other certifications or standards deemed to meet state standards, including interpreters in other states.

(5) Information technology projects or investments and proposed projects or investments impacting time capture, payroll and payment processes and systems, eligibility, case management, and authorization systems within the department of social and health services are subject to technical oversight by the office of the chief information officer.

(6)(a) The department shall facilitate enrollment under the medicaid expansion for clients applying for or receiving state funded services from the department and its contractors. Prior to open enrollment, the department shall coordinate with the health care authority to provide referrals to the Washington health benefit exchange for clients that will be ineligible for medicaid.

(b) To facilitate a single point of entry across public and medical assistance programs, and to maximize the use of federal funding, the health care authority, the department of social and health services, and the health benefit exchange will coordinate efforts to expand HealthPlanfinder access to public assistance and medical eligibility staff. The department shall complete medicaid applications in the HealthPlanfinder for households receiving or applying for public assistance benefits.

(7) The health care authority, the health benefit exchange, the department of social and health services, the department of health, and the department of children, youth, and families shall work together within existing resources to establish the health and human services enterprise coalition (the coalition). It is the expectation that, in most cases, staffing ratios in all community alternative placement options described in (h)(i) of this subsection will need to increase to meet the needs of clients leaving the state psychiatric hospitals. If specialized training is necessary to meet the needs of a client before he or she enters a community placement, then the person centered service plan must also identify and authorize this training.

(iii) When reviewing placement options, the department must consider the safety of other residents, as well as the safety of staff, in a facility. An initial evaluation of each placement, including any documented safety concerns, must occur within thirty days of a client leaving one of the state psychiatric hospitals and entering one of the community placement options described in (h)(i) of this subsection. At a minimum, the department must perform two additional evaluations of each placement during the first year that a client has lived in the facility.

(iv) In developing bed capacity, the department shall consider the complex needs of individuals waiting for discharge from the state psychiatric hospitals.

(i) Sufficient appropriations are provided for discharge case managers stationed at the state psychiatric hospitals. Discharge case managers will transition clients ready for hospital discharge into less restrictive alternative community placements. The transition of clients ready for discharge will free up bed capacity at the state psychiatric hospitals.

(((((12) Sufficient amounts are appropriated in this subsection to implement the medicaid expansion as defined in the social security act, section 1902(a)(10)(A)(i)(VIII).

(((((13) The legislature finds that medicaid payment rates, as calculated by the health care authority pursuant to the appropriations in this act, bear a reasonable relationship to the costs incurred by efficiently and economically operated facilities for providing quality services and will be sufficient to enlist enough providers so that care and services are available to the extent that such care and services are available to the general population in the geographic area. The legislature finds that the

cost reports, payment data from the federal government, historical utilization, economic data, and clinical input constitute reliable data upon which to determine the payment rates.

((9)) (14) Based on quarterly expenditure reports and caseload forecasts, if the health care authority estimates that expenditures for the medical assistance program will exceed the appropriations, the health care authority shall take steps including but not limited to reduction of rates or elimination of optional services to reduce expenditures so that total program costs do not exceed the annual appropriation authority.

((10)) (15) In determining financial eligibility for medicaid-funded services, the health care authority is authorized to disregard recoveries by Holocaust survivors of insurance proceeds or other assets, as defined in RCW 48.104.030.

((11)) (16) The legislature affirms that it is in the state's interest for Harborview medical center to remain an economically viable component of the state's health care system.

(17) When a person is ineligible for medicaid solely by reason of residence in an institution for mental diseases, the health care authority shall provide the person with the same benefits as he or she would receive if eligible for medicaid, using state-only funds to the extent necessary.

((12) \$3,997,000) (18) \$3,733,000 of the general fund—state appropriation for fiscal year 2022, \$4,261,000 of the general fund—state appropriation for fiscal year 2023, and ((8,786,000)) \$9,050,000 of the general fund—federal appropriation are provided solely for low-income disproportionate share hospital payments.

((13)) (19) Within the amounts appropriated in this section, the health care authority shall provide disproportionate share hospital payments to hospitals that provide services to children in the children's health program who are not eligible for services under Title XIX or XXI of the federal social security act due to their citizenship status.

((14)) (20) \$7,000,000 of the general fund—federal appropriation is provided solely for supplemental payments to nursing homes operated by public hospital districts. The public hospital district shall be responsible for providing the required nonfederal match for the supplemental payment, and the payments shall not exceed the maximum allowable under federal rules. It is the legislature's intent that the payments shall be supplemental to and shall not in any way offset or reduce the payments calculated and provided in accordance with part E of chapter 74.46 RCW. It is the legislature's further intent that costs otherwise allowable for rate-setting and settlement against payments under chapter 74.46 RCW shall not be disallowed solely because such costs have been paid by revenues retained by the nursing home from these supplemental payments. The supplemental payments are subject to retrospective interim and final cost settlements based on the nursing homes' as-filed and final medicare cost reports. The timing of the interim and final cost settlements shall be at the health care authority's discretion. During either the interim cost settlement or the final cost settlement, the health care authority shall recoup from the public hospital districts the supplemental payments that exceed the medicaid cost limit and/or the medicare upper payment limit. The health care authority shall apply federal rules for identifying the eligible incurred medicaid costs and the medicare upper payment limit.

((15)) (21) The health care authority shall continue the inpatient hospital certified public expenditures program for the 2021-2023 fiscal biennium. The program shall apply to all public hospitals, including those owned or operated by the state, except those classified as critical access hospitals or state psychiatric institutions. The health care authority shall submit reports to the

governor and legislature by November 1, 2021, and by November 1, 2022, that evaluate whether savings continue to exceed costs for this program. If the certified public expenditures (CPE) program in its current form is no longer cost-effective to maintain, the health care authority shall submit a report to the governor and legislature detailing cost-effective alternative uses of local, state, and federal resources as a replacement for this program. During fiscal year 2022 and fiscal year 2023, hospitals in the program shall be paid and shall retain one hundred percent of the federal portion of the allowable hospital cost for each medicaid inpatient fee-for-service claim payable by medical assistance and one hundred percent of the federal portion of the maximum disproportionate share hospital payment allowable under federal regulations. For the purpose of determining the amount of any state grant under this subsection, payments will include the federal portion of medicaid program supplemental payments received by the hospitals. Inpatient medicaid payments shall be established using an allowable methodology that approximates the cost of claims submitted by the hospitals. Payments made to each hospital in the program in each fiscal year of the biennium shall be compared to a baseline amount. The baseline amount will be determined by the total of (a) the inpatient claim payment amounts that would have been paid during the fiscal year had the hospital not been in the CPE program based on the reimbursement rates developed, implemented, and consistent with policies approved in the 2021-2023 biennial operating appropriations act and in effect on July 1, 2015, (b) one-half of the indigent assistance disproportionate share hospital payment amounts paid to and retained by each hospital during fiscal year 2005, and (c) all of the other disproportionate share hospital payment amounts paid to and retained by each hospital during fiscal year 2005 to the extent the same disproportionate share hospital programs exist in the 2019-2021 fiscal biennium. If payments during the fiscal year exceed the hospital's baseline amount, no additional payments will be made to the hospital except the federal portion of allowable disproportionate share hospital payments for which the hospital can certify allowable match. If payments during the fiscal year are less than the baseline amount, the hospital will be paid a state grant equal to the difference between payments during the fiscal year and the applicable baseline amount. Payment of the state grant shall be made in the applicable fiscal year and distributed in monthly payments. The grants will be recalculated and redistributed as the baseline is updated during the fiscal year. The grant payments are subject to an interim settlement within eleven months after the end of the fiscal year. A final settlement shall be performed. To the extent that either settlement determines that a hospital has received funds in excess of what it would have received as described in this subsection, the hospital must repay the excess amounts to the state when requested. ((702,000)) \$425,000 of the general fund—state appropriation for fiscal year 2022 and ((649,000)) \$391,000 of the general fund—state appropriation for fiscal year 2023 are provided solely for state grants for the participating hospitals.

((16)) (22) The health care authority shall seek public-private partnerships and federal funds that are or may become available to provide on-going support for outreach and education efforts under the federal children's health insurance program reauthorization act of 2009.

To the extent practicable, the health care authority shall develop a mechanism to increase federal funding for maternity support services by leveraging local public funding for those services.

((18)) (24) The authority shall submit reports to the governor and the legislature by September 15, 2021, and no later than September 15, 2022, that delineate the number of individuals in medicaid managed care, by carrier, age, gender, and eligibility category, receiving preventative services and vaccinations. The reports should include baseline and benchmark information from the previous two fiscal years and should be inclusive of, but not limited to, services recommended under the United States preventative services task force, advisory committee on immunization practices, early and periodic screening, diagnostic, and treatment (EPSDT) guidelines, and other relevant preventative and vaccination medicaid guidelines and requirements.

((19)) (25) Managed care contracts must incorporate accountability measures that monitor patient health and improved health outcomes, and shall include an expectation that each patient receive a wellness examination that documents the baseline health status and allows for monitoring of health improvements and outcome measures.

((20)) (26) Sufficient amounts are appropriated in this section for the authority to provide an adult dental benefit.

((21)) (27) The health care authority shall coordinate with the department of social and health services to provide referrals to the Washington health benefit exchange for clients that will be ineligible for medicaid.

((22)) (28) To facilitate a single point of entry across public and medical assistance programs, and to maximize the use of federal funding, the health care authority, the department of social and health services, and the health benefit exchange will coordinate efforts to expand HealthPlanfinder access to public assistance and medical eligibility staff. The health care authority shall complete medicaid applications in the HealthPlanfinder for households receiving or applying for medical assistance benefits.

((25)) (31) Within the amounts appropriated in this section, the authority shall continue to provide coverage for pregnant teens that qualify under existing pregnancy medical programs, but whose eligibility for pregnancy related services would otherwise end due to the application of the new modified adjusted gross income eligibility standard.

((26)) (32) Sufficient amounts are appropriated in this section to remove the mental health visit limit and to provide the shingles vaccine and screening, brief intervention, and referral to treatment benefits that are available in the medicaid alternative benefit plan in the classic medicaid benefit plan.

((27)) (33) The authority shall use revenue appropriated from the dedicated marijuana fund for contracts with community health centers under RCW 69.50.540 in lieu of general fund—state payments to community health centers for services provided to medical assistance clients, and it is the intent of the legislature that this policy will be continued in subsequent fiscal biennia.

((28)) (34) Beginning no later than January 1, 2018, for any service eligible under the medicaid state plan for encounter payments, managed care organizations at the request of a rural health clinic shall pay the full published encounter rate directly to the clinic. Payments will be reconciled on at least an annual basis between the managed care organization and the authority, with final review and approval by the authority.

((29)) (35) Sufficient amounts are appropriated in this section for the authority to provide a medicaid equivalent adult dental benefit to clients enrolled in the medical care service program.

((30)) (36) During the 2021-2023 fiscal biennium, sufficient amounts are provided in this section for the authority to provide services identical to those services covered by the Washington state family planning waiver program as of August 2018 to individuals who:

((31)) (37) Sufficient amounts are appropriated within this section for the authority to incorporate the expected outcomes and criteria to measure the performance of service coordination organizations as provided in chapter 70.320 RCW into contracts with managed care organizations that provide services to clients. The authority is directed to:

(ii) Measure managed care performance in an additional three quality focus performance measures specific to a managed care organization. Quality focus performance measures chosen by the authority must:

(e) Two percent of the total plan year funding appropriated to each managed care organization that provides services to clients under chapter 70.320 RCW shall be withheld. At least seventy-five percent of the withhold shall be held contingent on each managed care organization's performance on the seven performance measures identified in this section. Each managed care organization may earn back the annual withhold if the external quality improvement organization finds that the managed care organization:

(i) Made statistically significant improvement in the seven performance measures as compared to the preceding plan year; or

(ii) Scored in the top national medicaid quartile of the performance measures.

(f) The amount of withhold annually paid to each managed care organization shall be proportional to findings of statistically significant improvement or top national medicaid quartile scoring by a managed care organization.

(g) For no more than two of the four quality focus performance measures, the authority may use an alternate methodology to approximate top national medicaid quartile performance where top quartile performance data is unavailable.

(h) For the purposes of this subsection, "external quality improvement organization" means an organization that meets the competence and independence requirements under 42 C.F.R. Sec. 438.354, as it existed on the effective date of this section.

**FOR THE STATE HEALTH CARE AUTHORITY—  
PUBLIC EMPLOYEES' BENEFITS BOARD AND  
EMPLOYEE BENEFITS PROGRAM**

State Health Care Authority Administrative Account—State Appropriation	(((\$37,403,000)) \$39,296,000)
TOTAL APPROPRIATION	(((\$37,403,000)) \$39,296,000)

The appropriation in this section is subject to the following conditions and limitations:

(1) Any savings from reduced claims costs must be reserved for funding employee benefits during the 2023-2025 fiscal biennium and may not be used for administrative expenses. The health care authority shall deposit any moneys received on behalf of the uniform medical plan resulting from rebates on prescription drugs, audits of hospitals, subrogation payments, or any other moneys received as a result of prior uniform medical plan claims payments, in the public employees' and retirees' insurance account to be used for insurance benefits.

(2) Any changes to benefits must be approved by the public employees' benefits board. The board shall not make any changes to benefits without considering a comprehensive analysis of the cost of those changes, and shall not increase benefits unless

offsetting cost reductions from other benefit revisions are sufficient to fund the changes. The board shall not make any change in retiree eligibility criteria that reestablishes eligibility for enrollment in PEBB benefits. However, the funding provided anticipates that the public employees' benefits board may increase the virtual access to behavioral health resources and interventions and case management.

(3) Except as may be provided in a health care bargaining agreement, to provide benefits within the level of funding provided in part IX of this bill, the public employees' benefits board shall require or make any or all of the following: Employee premium copayments, increases increase in point-of-service cost sharing, the implementation of managed competition, or make other changes to benefits consistent with RCW 41.05.065.

(4) The board shall collect a surcharge payment of not less than twenty-five dollars per month from members who use tobacco products, and a surcharge payment of not less than fifty dollars per month from members who cover a spouse or domestic partner where the spouse or domestic partner has chosen not to enroll in another employer-based group health insurance that has benefits and premiums with an actuarial value of not less than ninety-five percent of the actuarial value of the public employees' benefits board plan with the largest enrollment. The surcharge payments shall be collected in addition to the member premium payment.

(5) The health care authority shall analyze and report on the potential impacts of providing a one-time enrollment window for retirees to reestablish eligibility for enrollment in retiree benefits under the public employees' benefit board program. The authority shall submit the report to the appropriate committees of the legislature by January 1, 2022. At a minimum the report must include an estimate of the employer cost and a description of the assumptions used.

The uniform medical plan is now among the largest health benefit coverage groups in the state, covering a growing subscriber base of nearly 375,000 Washington residents enrolled in the uniform medical plan. In 2011, the uniform medical plan began administering additional services through a third-party administrative contract, rather than administering those services internally. Among those services were provision of the provider network and provider contracts, provider relations, portions of claims administration, member appeals, and portions of member communications.

(b) The purpose of the study is to enable the authority to provide the option of a return of some, or all, of the administrative functions that began to be provided by contracted services in 2011. The current contract for these services expires in 2029.

(c) By June 30, 2023, the health care authority must prepare a report on the uniform medical plan administrative services that were provided by contract prior to 2010, those that have been procured through the third-party administrative contract since, what elements of those services could be provided either directly or through discrete provider contracts, and the resources the authority would need to administer these functions. The report must also compare the cost of the administration of components before and after the transition to the current contracts; include assumptions about the impacts on claims; include a description of the performance guarantees in the current contract; and provide an implementation plan to enable the health care authority to

resume self-administration for some or all of the administrative services at the end of the current contract.

(d) The report must be presented to the public employees' benefits board and the school employees' benefits board at the first meeting of each board following completion of the report in 2023, and provided to the appropriate committees of the legislature thereafter.

Funding for the federal share of these services is separately appropriated to the department of social and health services.

The application shall be developed to allow for the delivery of wraparound supportive behavioral health services for individuals with mental illnesses who also have a personal care need. ((9)) (10) Behavioral health entities may use local funds to earn additional federal medicaid match, provided the locally matched rate does not exceed the upper-bound of their federally allowable rate range, and provided that the enhanced funding is used only to provide medicaid state plan or waiver services to medicaid clients. Additionally, behavioral health entities may use a portion of the state funds allocated in accordance with subsection ((6)) (7) of this section to earn additional medicaid match, but only to the extent that the application of such funds to medicaid services does not diminish the level of crisis and commitment, community inpatient, residential care, and outpatient services presently available to persons not eligible for medicaid.

The authority must review and approve such plans and monitor to ensure compliance. If the authority determines that a behavioral health administrative service organization has failed to provide an adequate excess reserve corrective action plan or is not complying with an approved plan, the authority must reduce payments to the entity in accordance with remedial actions provisions included in the contract. These reductions in payments must continue until the authority determines that the entity has come into substantial compliance with an approved excess reserve corrective action plan.

The department of corrections and the authority must develop a memorandum of understanding for department of corrections offenders on active supervision who are medicaid eligible and meet medical necessity for outpatient substance use disorder treatment. The agreement will ensure that treatment services provided are coordinated, do not result in duplication of services, and maintain access and quality of care for the individuals being served. The authority must provide all necessary data, access, and reports to the department of corrections for all department of corrections offenders that receive medicaid paid services.

((17)) (18) The criminal justice treatment account—state appropriation is provided solely for treatment and treatment support services for offenders with a substance use disorder pursuant to RCW 71.24.580. **(2) CERTIFICATED INSTRUCTIONAL STAFF ALLOCATIONS**

Allocations for certificated instructional staff salaries for the 2021-22 and 2022-23 school years are determined using formula-generated staff units calculated pursuant to this subsection.

(a) Certificated instructional staff units, as defined in RCW 28A.150.410, shall be allocated to reflect the minimum class size allocations, requirements, and school prototypes assumptions as provided in RCW 28A.150.260. The superintendent shall make allocations to school districts based on the district's annual average full-time equivalent student enrollment in each grade.

(b) Additional certificated instructional staff units provided in this subsection (2) that exceed the minimum requirements in RCW 28A.150.260 are enhancements outside the program of basic education, except as otherwise provided in this section.

Certificated instructional staff units provided for skills centers that exceed the minimum requirements of RCW 28A.150.260 achieve class size reductions under RCW 28A.400.007 and are part of the state's program of basic education.

(ii) Pursuant to RCW 28A.150.260(4)(a), the assumed teacher planning period, expressed as a percentage of a teacher work day, is 13.42 percent in grades K-6, and 16.67 percent in grades 7-12; and

School districts must distribute the additional guidance counselors allocation in this subsection to the schools that generate the allocation. The enhancement within this subsection is not part of the state's program of basic education.

(B) For qualifying high-poverty schools in the 2022-23 school year, at which more than 50 percent of the students were eligible for free and reduced-price meals in the prior school year, in addition to the allocation under (d)(i) of this subsection, the superintendent shall allocate additional funding for guidance counselors for each level of prototypical school as follows:

	Elementary	Middle	High

intended to adjust allocations so that, for the purpose of distributing insurance benefits, full-time equivalent employees may be calculated on the basis of 630 hours of work per year, with no individual employee counted as more than one full-time equivalent. The number of benefit units is determined as follows:

(a) The number of certificated staff units determined in subsections (2), (3), and (5) of this section multiplied by 1.02; and

(18) Students participating in running start programs may be funded up to a combined maximum enrollment of 1.2 FTE including school district and institution of higher education enrollment consistent with the running start course requirements provided in chapter 202, Laws of 2015 (dual credit education opportunities). In calculating the combined 1.2 FTE, the office of the superintendent of public instruction may average the participating student's September through June enrollment to account for differences in the start and end dates for courses provided by the high school and higher education institution. Additionally, the office of the superintendent of public instruction, in consultation with the state board for community and technical colleges, the student achievement council, and the education data center, shall annually track and report to the fiscal committees of the legislature on the combined FTE experience of students participating in the running start program, including course load analyses at both the high school and community and technical college system. A school district with a relief per pupil amount less than \$500 shall receive the difference between \$500 and the relief per pupil amount, multiplied by the school district's total enrollment.

(b) For the purposes of this subsection, federal relief funds allocated to school districts include:

(i) Subgrants authorized under section 18003, the coronavirus aid, relief, and economic security act, P.L. 116-136;

Only the secretary, or the secretary's designee, may authorize expenditures from the account for costs related to the public health response to COVID-19, subject to any limitations imposed by grant funding deposited into the account. The COVID-19 public health response account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.

(2)(a) The legislature finds that a safe, efficient, and effective delivery of vaccinations is of the utmost importance for restoring societal and economic functions. As we learn more about the virus, the vaccine, and challenges to vaccine allocation and distribution, it is anticipated that the state's COVID-19 vaccination distribution plan will evolve. To that end, the legislature has provided flexibility by funding expenditures for testing, contact tracing, mitigation activities, vaccine administration and distribution, and other allowable uses for the state, local health jurisdictions, and tribes at the discretion of the secretary and without an appropriation. Strategies for vaccine distribution shall include the establishment and expansion of community vaccination centers, mobile vaccination units, reporting enhancements, in-home visits for vaccinations for the elderly, and transportation of individuals to vaccination sites.

(d) When making expenditures regarding testing and contact tracing, the department must provide equitable access, prioritize underserved, underrepresented, and hard-to-reach communities, and provide support and resources to facilitate the safe reopening of schools while minimizing community spread of the virus.

(e) The department may also make expenditures from the account related to developing the public health workforce using funds granted by the federal government for that purpose in section 2501, the American rescue plan act of 2021, P.L. 117-2.

(4)(a) The department must report to the fiscal and health care committees of the legislature on a monthly basis regarding its COVID-19 response.

((b)) To the extent that it is available, the report must include data regarding vaccine distribution, testing, and contact tracing, as follows:

The quarterly reports are due no later than 30 days after the end of the applicable quarter.

(c) The first monthly report pursuant to (a) of this subsection is due no later than one month from February 19, 2021. Monthly reports are no longer required upon the department's determination that the remaining balance of the COVID-19 ((public health)) public health response account is less than \$100,000.

(6) The department must adopt rules to implement this section, including an income phase-out eligibility period.

**Sec. 960.** RCW 43.216.270 and 2020 c 270 s 9 are each amended to read as follows:

(1)(a) In determining whether an individual is of appropriate character, suitability, and competence to provide child care and early learning services to children, the department may consider the history of past involvement of child protective services or law enforcement agencies with the individual for the purpose of establishing a pattern of conduct, behavior, or inaction with regard to the health, safety, or welfare of a child. No report of child abuse or neglect that has been destroyed or expunged under RCW 26.44.031 may be used for such purposes. No unfounded or inconclusive allegation of child abuse or neglect as defined in RCW 26.44.020 may be disclosed to a provider licensed under this chapter.

(b) The department may not deny or delay a license to provide child care and early learning services under this chapter to an individual solely because of a founded finding of physical abuse or negligent treatment or maltreatment involving the individual

revealed in the background check process or solely because the individual's child was found by a court to be dependent as a result of a finding that the individual abused or neglected their child pursuant to RCW 13.34.030(6)(b) when that founded finding or court finding is accompanied by a certificate of parental improvement as defined in chapter 74.13 RCW related to the same incident.

(2) In order to determine the suitability of individuals newly applying for an agency license, new licensees, their new employees, and other persons who newly have unsupervised access to children in child care, shall be fingerprinted.

(a) The fingerprints shall be forwarded to the Washington state patrol and federal bureau of investigation for a criminal history record check.

(b)(i) All individuals applying for first-time agency licenses, all new employees, and other persons who have not been previously qualified by the department to have unsupervised access to children in child care must be fingerprinted and obtain a criminal history record check pursuant to this section.

(ii) ((Persons)) Except during fiscal year 2023, persons required to be fingerprinted and obtain a criminal history record check pursuant to this section must pay for the cost of this check as follows: The fee established by the Washington state patrol for the criminal background history check, including the cost of obtaining the fingerprints; and a fee paid to the department for the cost of administering the individual-based/portable background check clearance registry. The fee paid to the department must be deposited into the individual-based/portable background check clearance account established in RCW 43.216.273. The licensee may, but need not, pay these costs on behalf of a prospective employee or reimburse the prospective employee for these costs. The licensee and the prospective employee may share these costs.

(c) The secretary shall use the fingerprint criminal history record check information solely for the purpose of determining eligibility for a license and for determining the character, suitability, and competence of those persons or agencies, excluding parents, not required to be licensed who are authorized to care for children.

(d) Criminal justice agencies shall provide the secretary such information as they may have and that the secretary may require for such purpose.

(e) No later than July 1, 2013, all agency licensees holding licenses prior to July 1, 2012, persons who were employees before July 1, 2012, and persons who have been qualified by the department before July 1, 2012, to have unsupervised access to children in child care, must submit a new background application to the department. The department must require persons submitting a new background application pursuant to this subsection (2)(e) to pay a fee to the department for the cost of administering the individual-based/portable background check clearance registry. This fee must be paid into the individual-based/portable background check clearance account established in RCW 43.216.273. The licensee may, but need not, pay these costs on behalf of a prospective employee or reimburse the prospective employee for these costs. The licensee and the prospective employee may share these costs.

(f) The department shall issue a background check clearance card or certificate to the applicant if after the completion of a background check the department concludes the applicant is qualified for unsupervised access to children in child care. The background check clearance card or certificate is valid for three years from the date of issuance. A valid card or certificate must be accepted by a potential employer as proof that the applicant has successfully completed a background check as required under this chapter. For purposes of renewal of the background clearance card or certificate, all agency licensees holding a license, persons

2022 REGULAR SESSION

who are employees, and persons who have been previously qualified by the department, must submit a new background application to the department on a date to be determined by the department. ((The)) Except during fiscal year 2023, fee requirements applicable to this section also apply to background clearance renewal applications.

(g) The original applicant for an agency license, licensees, their employees, and other persons who have unsupervised access to children in child care shall submit a new background check application to the department, on a form and by a date as determined by the department.

(h) The payment requirements applicable to (a) through (g) of this subsection do not apply to persons who:

(i) Provide regularly scheduled care for a child or children in the home of the provider or in the home of the child or children for periods of less than twenty-four hours or, if necessary due to the nature of the parent's work, for periods equal to or greater than twenty-four hours;

(ii) Receive child care subsidies; and

(iii) Are exempt from licensing under this chapter.

(i) The applicant and agency shall maintain on-site for inspection a copy of the background check clearance card or certificate.

(j) Individuals who have been issued a background check clearance card or certificate shall report nonconviction and conviction information to the department within twenty-four hours of the event constituting the nonconviction or conviction information.

(k) The department shall investigate and conduct a redetermination of an applicant's or licensee's background clearance if the department receives a complaint or information from individuals, a law enforcement agency, or other federal, state, or local government agency. Subject to the requirements contained in RCW 43.216.325 and 43.216.327 and based on a determination that an individual lacks the appropriate character, suitability, or competence to provide child care or early learning services to children, the department may: (i) Invalidate the background card or certificate; or (ii) suspend, modify, or revoke any license authorized by this chapter.

(3) To satisfy the shared background check requirements of the department of children, youth, and families, the office of the superintendent of public instruction, and the department of social and health services, each department shall share federal fingerprint-based background check results as permitted under the law. The purpose of this provision is to allow these departments to fulfill their joint background check responsibility of checking any individual who may have unsupervised access to vulnerable adults, children, or juveniles. These departments may not share the federal background check results with any other state agency or person.

(4) Individuals who have completed a fingerprint background check as required by the office of the superintendent of public instruction, consistent with RCW 28A.400.303, and have been continuously employed by the same school district or educational service district, can meet the requirements in subsection (2) of this section by providing a true and accurate copy of their Washington state patrol and federal bureau of investigation background check report results to the department or if the school district or the educational service district provides an affidavit to the department that the individual has been authorized to work by the school district or educational service district after completing a record check consistent with RCW 28A.400.303. The department may require that additional background checks be completed that do not require additional fingerprinting and, except during fiscal year 2023, may charge a fee for these additional background checks.

**Sec. 961.** RCW 43.348.080 and 2019 c 445 s 403 are each amended to read as follows:

(1) The Andy Hill cancer research endowment fund match transfer account is created in the custody of the state treasury to be used solely and exclusively for the program created in RCW 43.348.040. Moneys in the account may be spent only after appropriation. The purpose of the account is to provide matching funds for the fund and administrative costs. Expenditures to fund or reimburse the program administrator are not subject to the requirements of subsection (4) of this section.

(2) The legislature must appropriate a state match, up to a maximum of ten million dollars annually, beginning July 1, 2016, and each July 1st following the end of the fiscal year from tax collections and penalties generated from enforcement of state taxes on cigarettes and other tobacco products by the state liquor and cannabis board or other federal, state or local law or tax enforcement agency, as determined by the department of revenue. Tax collections include any cigarette tax, other tobacco product tax, and retail sales and use tax. Any amounts deposited into this account from the tax imposed under RCW 82.25.010 in excess of the cap provided in this subsection must be deposited into the foundational public health services account created in RCW 82.25.015.

(3) Revenues to the account must consist of deposits into the account, taxes imposed on vapor products under RCW 82.25.010, legislative appropriations, and any gifts, grants, or donations received by the department for this purpose.

(4) Each fiscal biennium, the legislature must appropriate to the department of commerce such amounts as estimated to be the balance of the account to provide state matching funds.

(5) Expenditures, in the form of matching funds, from the account may be made only upon receipt of proof from the program administrator of nonstate or private contributions to the fund for the program. Expenditures, in the form of matching funds, may not exceed the total amount of nonstate or private contributions.

(6) The department must enter into an appropriate agreement with the program administrator to demonstrate exchange of consideration for the matching funds.

(7) Moneys expended into the account in fiscal year 2023 pursuant to section 706 of this act are not subject to the requirements of subsections (5) and (6) of this section.

**Sec. 962.** RCW 50A.10.030 and 2019 c 13 s 21 are each amended to read as follows:

(1)(a) Beginning January 1, 2019, the department shall assess for each individual in employment with an employer and for each individual electing coverage a premium based on the amount of the individual's wages subject to subsection (4) of this section.

(b) The premium rate for family leave benefits shall be equal to one-third of the total premium rate.

(c) The premium rate for medical leave benefits shall be equal to two-thirds of the total premium rate.

(2) For calendar year 2022 and thereafter, the commissioner shall determine the percentage of paid claims related to family leave benefits and the percentage of paid claims related to medical leave benefits and adjust the premium rates set in subsection (1)(b) and (c) of this section by the proportional share of paid claims.

(3)(a) Beginning January 1, 2019, and ending December 31, 2020, the total premium rate shall be four-tenths of one percent of the individual's wages subject to subsection (4) of this section.

(b) For family leave premiums, an employer may deduct from the wages of each employee up to the full amount of the premium required.

(c) For medical leave premiums, an employer may deduct from the wages of each employee up to forty-five percent of the full amount of the premium required.

(d) An employer may elect to pay all or any portion of the employee's share of the premium for family leave or medical leave benefits, or both.

(4) The commissioner must annually set a maximum limit on the amount of wages that is subject to a premium assessment under this section that is equal to the maximum wages subject to taxation for social security as determined by the social security administration.

(5)(a) Employers with fewer than fifty employees employed in the state are not required to pay the employer portion of premiums for family and medical leave.

(b) If an employer with fewer than fifty employees elects to pay the premiums, the employer is then eligible for assistance under RCW 50A.24.010.

(6) For calendar year 2021 and thereafter, the total premium rate shall be based on the family and medical leave insurance account balance ratio as of September 30th of the previous year. The commissioner shall calculate the account balance ratio by dividing the balance of the family and medical leave insurance account by total covered wages paid by employers and those electing coverage. The division shall be carried to the fourth decimal place with the remaining fraction disregarded unless it amounts to five hundred-thousandths or more, in which case the fourth decimal place shall be rounded to the next higher digit. If the account balance ratio is:

(a) Zero to nine hundredths of one percent, the premium is six tenths of one percent of the individual's wages;

(b) One tenth of one percent to nineteen hundredths of one percent, the premium is five tenths of one percent of the individual's wages;

(c) Two tenths of one percent to twenty-nine hundredths of one percent, the premium is four tenths of one percent of the individual's wages;

(d) Three tenths of one percent to thirty-nine hundredths of one percent, the premium is three tenths of one percent of the individual's wages;

(e) Four tenths of one percent to forty-nine hundredths of one percent, the premium is two tenths of one percent of the individual's wages; or

(f) Five tenths of one percent or greater, the premium is one tenth of one percent of the individual's wages.

(7) Beginning January 1, 2021, if the account balance ratio calculated in subsection (6) of this section is below five hundredths of one percent, the commissioner must assess a solvency surcharge at the lowest rate necessary to provide revenue to pay for the administrative and benefit costs of family and medical leave, for the calendar year, as determined by the commissioner. The solvency surcharge shall be at least one-tenth of one percent and no more than six-tenths of one percent and be added to the total premium rate for family and medical leave benefits. Any projected expenditures of general fund moneys into the family and medical leave insurance account pursuant to section 723 of this act must be excluded from the commissioner's determination of the necessary revenue to pay the administrative and benefit costs of family and medical leave for the calendar year.

(8)(a) The employer must collect from the employees the premiums and any surcharges provided under this section through payroll deductions and remit the amounts collected to the department.

(b) In collecting employee premiums through payroll deductions, the employer shall act as the agent of the employees

and shall remit the amounts to the department as required by this title.

(c) On September 30th of each year, the department shall average the number of employees reported by an employer over the last four completed calendar quarters to determine the size of the employer for the next calendar year for the purposes of this section and RCW 50A.24.010.

(9) Premiums shall be collected in the manner and at such intervals as provided in this title and directed by the department.

(10) Premiums collected under this section are placed in trust for the employees and employers that the program is intended to assist.

(11) A city, code city, town, county, or political subdivision may not enact a charter, ordinance, regulation, rule, or resolution:

(a) Creating a paid family or medical leave insurance program that alters or amends the requirements of this title for any private employer;

(b) Providing for local enforcement of the provisions of this title; or

(c) Requiring private employers to supplement duration of leave or amount of wage replacement benefits provided under this title.

**Sec. 963.** RCW 70A.200.140 and 2021 c 334 s 987 are each amended to read as follows:

(1) There is hereby created an account within the state treasury to be known as the waste reduction, recycling, and litter control account. Moneys in the account may be spent only after appropriation. Expenditures from the waste reduction, recycling, and litter control account shall be used as follows:

(a) Forty percent to the department of ecology, primarily for use by the departments of ecology, natural resources, revenue, transportation, and corrections, and the parks and recreation commission, for litter collection programs under RCW 70A.200.170. The amount to the department of ecology shall also be used for a central coordination function for litter control efforts statewide; to support employment of youth in litter cleanup as intended in RCW 70A.200.020, and for litter pick up using other authorized agencies; and for statewide public awareness programs under RCW 70A.200.150(7). The amount to the department shall also be used to defray the costs of administering the funding, coordination, and oversight of local government programs for waste reduction, litter control, recycling, and composting so that local governments can apply one hundred percent of their funding to achieving program goals. The amount to the department of revenue shall be used to enforce compliance with the litter tax imposed in chapter 82.19 RCW;

(b)(i) Twenty percent to the department for local government funding programs for waste reduction, litter control, recycling activities, and composting activities by cities and counties under RCW 70A.200.190, to be administered by the department of ecology; (ii) any unspent funds under (b)(i) of this subsection may be used to create and pay for a matching fund competitive grant program to be used by local governments for the development and implementation of contamination reduction and outreach plans for inclusion in comprehensive solid waste management plans or by local governments and nonprofit organizations for local or statewide education programs designed to help the public with litter control, waste reduction, recycling, and composting of primarily the products taxed under chapter 82.19 RCW. Recipients under this subsection include programs to reduce wasted food and food waste that are designed to achieve the goals established in RCW 70A.205.715(1) and that are consistent with the plan developed in RCW 70A.205.715(3). Grants must adhere to the following requirements: (A) No grant may exceed sixty thousand dollars; (B) grant recipients shall match the grant funding allocated by the department by an amount equal to

SIXTIETH DAY, MARCH 10, 2022

twenty-five percent of eligible expenses. A local government's share of these costs may be met by cash or contributed services; (C) the obligation of the department to make grant payments is contingent upon the availability of the amount of money appropriated for this subsection (1)(b); and (D) grants are managed under the guidelines for existing grant programs; and

(c) Forty percent to the department of ecology to: (i) Implement activities under RCW 70A.200.150 for waste reduction, recycling, and composting efforts; (ii) provide technical assistance to local governments and commercial businesses to increase recycling markets and recycling and composting programs primarily for the products taxed under chapter 82.19 RCW designed to educate citizens about waste reduction, litter control, and recyclable and compostable products and programs; (iii) increase access to waste reduction, composting, and recycling programs, particularly for food packaging and plastic bags and appropriate composting techniques; and (iv) for programs to reduce wasted food and food waste that are designed to achieve the goals established in RCW 70A.205.715(1) and that are consistent with the plan developed in RCW 70A.205.715(3).

(2) All taxes imposed in RCW 82.19.010 and fines and bail forfeitures collected or received pursuant to this chapter shall be deposited in the waste reduction, recycling, and litter control account and used for the programs under subsection (1) of this section.

(3) Not less than five percent and no more than ten percent of the amount appropriated into the waste reduction, recycling, and litter control account every biennium shall be reserved for capital needs, including the purchase of vehicles for transporting crews and for collecting litter and solid waste. Capital funds shall be distributed among state agencies and local governments according to the same criteria provided in RCW 70A.200.170 for the remainder of the funds, so that the most effective waste reduction, litter control, recycling, and composting programs receive the most funding. The intent of this subsection is to provide funds for the purchase of equipment that will enable the department to account for the greatest return on investment in terms of reaching a zero litter goal.

(4) Funds in the waste reduction, recycling, and litter control account, collected under chapter 82.19 RCW, must be prioritized for the products identified under RCW 82.19.020 solely for the purposes of recycling, composting, and litter collection, reduction, and control programs.

(5) During the 2021-2023 fiscal biennium, Washington State University may use funds in the waste reduction, recycling, and litter control account, collected under chapter 82.19 RCW, to conduct an organic waste study.

(6) During the 2021-2023 fiscal biennium, and as an exception to the distribution of expenditures otherwise required in this section, the department of ecology may use funds in the waste reduction, recycling, and litter control account to continue a series of food waste reduction campaigns, to continue to invest in litter prevention campaigns, to conduct a recycling study, and to increase litter control on state highways.

**Sec. 964.** RCW 71.24.580 and 2021 c 334 s 989 are each amended to read as follows:

(1) The criminal justice treatment account is created in the state treasury. Moneys in the account may be expended solely for: (a) Substance use disorder treatment and treatment support services for offenders with a substance use disorder that, if not treated, would result in addiction, against whom charges are filed by a prosecuting attorney in Washington state; (b) the provision of substance use disorder treatment services and treatment support services for nonviolent offenders within a drug court program and, during the 2021-23 fiscal biennium, for 180 days following

graduation from the drug court program; and (c) the administrative and overhead costs associated with the operation of a drug court. Amounts provided in this subsection must be used for treatment and recovery support services for criminally involved offenders and authorization of these services shall not be subject to determinations of medical necessity. During the 2019-2021 and 2021-2023 fiscal biennia, funding from the criminal justice treatment account may be used to provide treatment and support services through the conclusion of an individual's treatment plan to individuals participating in a drug court program as of February 24, 2021, if that individual wishes to continue treatment following dismissal of charges they were facing under RCW 69.50.4013(1). Such participation is voluntary and contingent upon substantial compliance with drug court program requirements. During the 2019-2021 and 2021-2023 fiscal biennia, the legislature may appropriate from the account for municipal drug courts and increased treatment options. During the 2019-2021 fiscal biennium, the legislature may direct the state treasurer to make transfers of moneys in the criminal justice treatment account to the home security fund account created in RCW 43.185C.060. Moneys in the account may be spent only after appropriation.

(2) For purposes of this section:

(a) "Treatment" means services that are critical to a participant's successful completion of his or her substance use disorder treatment program, including but not limited to the recovery support and other programmatic elements outlined in RCW 2.30.030 authorizing therapeutic courts; and

(b) "Treatment support" includes transportation to or from inpatient or outpatient treatment services when no viable alternative exists, and child care services that are necessary to ensure a participant's ability to attend outpatient treatment sessions.

(3) Revenues to the criminal justice treatment account consist of: (a) Funds transferred to the account pursuant to this section; and (b) any other revenues appropriated to or deposited in the account.

(4)(a) For the fiscal year beginning July 1, 2005, and each subsequent fiscal year, the state treasurer shall transfer eight million two hundred fifty thousand dollars from the general fund to the criminal justice treatment account, divided into four equal quarterly payments. For the fiscal year beginning July 1, 2006, and each subsequent fiscal year, the amount transferred shall be increased on an annual basis by the implicit price deflator as published by the federal bureau of labor statistics.

(b) In each odd-numbered year, the legislature shall appropriate the amount transferred to the criminal justice treatment account in (a) of this subsection to the department for the purposes of subsection (5) of this section.

(5) Moneys appropriated to the authority from the criminal justice treatment account shall be distributed as specified in this subsection. The authority may retain up to three percent of the amount appropriated under subsection (4)(b) of this section for its administrative costs.

(a) Seventy percent of amounts appropriated to the authority from the account shall be distributed to counties pursuant to the distribution formula adopted under this section. The authority, in consultation with the department of corrections, the Washington state association of counties, the Washington state association of drug court professionals, the superior court judges' association, the Washington association of prosecuting attorneys, representatives of the criminal defense bar, representatives of substance use disorder treatment providers, and any other person deemed by the authority to be necessary, shall establish a fair and reasonable methodology for distribution to counties of moneys in

the criminal justice treatment account. County or regional plans submitted for the expenditure of formula funds must be approved by the panel established in (b) of this subsection.

(b) Thirty percent of the amounts appropriated to the authority from the account shall be distributed as grants for purposes of treating offenders against whom charges are filed by a county prosecuting attorney. The authority shall appoint a panel of representatives from the Washington association of prosecuting attorneys, the Washington association of sheriffs and police chiefs, the superior court judges' association, the Washington state association of counties, the Washington defender's association or the Washington association of criminal defense lawyers, the department of corrections, the Washington state association of drug court professionals, and substance use disorder treatment providers. The panel shall review county or regional plans for funding under (a) of this subsection and grants approved under this subsection. The panel shall attempt to ensure that treatment as funded by the grants is available to offenders statewide.

(6) The county alcohol and drug coordinator, county prosecutor, county sheriff, county superior court, a substance abuse treatment provider appointed by the county legislative authority, a member of the criminal defense bar appointed by the county legislative authority, and, in counties with a drug court, a representative of the drug court shall jointly submit a plan, approved by the county legislative authority or authorities, to the panel established in subsection (5)(b) of this section, for disposition of all the funds provided from the criminal justice treatment account within that county. The submitted plan should incorporate current evidence-based practices in substance use disorder treatment. The funds shall be used solely to provide approved alcohol and substance use disorder treatment pursuant to RCW 71.24.560 and treatment support services. No more than ten percent of the total moneys received under subsections (4) and (5) of this section by a county or group of counties participating in a regional agreement shall be spent for treatment support services.

(7) Counties are encouraged to consider regional agreements and submit regional plans for the efficient delivery of treatment under this section.

(8) Moneys allocated under this section shall be used to supplement, not supplant, other federal, state, and local funds used for substance abuse treatment.

(9) If a region or county uses criminal justice treatment account funds to support a therapeutic court, the therapeutic court must allow the use of all medications approved by the federal food and drug administration for the treatment of opioid use disorder as deemed medically appropriate for a participant by a medical professional. If appropriate medication-assisted treatment resources are not available or accessible within the jurisdiction, the health care authority's designee for assistance must assist the court with acquiring the resource.

(10) Counties must meet the criteria established in RCW 2.30.030(3).

(11) The authority shall annually review and monitor the expenditures made by any county or group of counties that receives appropriated funds distributed under this section. Counties shall repay any funds that are not spent in accordance with the requirements of its contract with the authority.

**Sec. 965.** RCW 74.13.802 and 2020 c 33 s 7 are each amended to read as follows:

(a) The department shall operate or contract for the operation of the child welfare housing assistance pilot program under subsection (3) of this section in one county west of the crest of the Cascade mountain range and one county east of the crest of the Cascade mountain range.

(b) The child welfare housing assistance pilot program is intended to shorten the time that children remain in out-of-home care.

(2) A parent with a child who is dependent pursuant to chapter 13.34 RCW and whose primary remaining barrier to reunification is the lack of appropriate housing is eligible for the child welfare housing assistance pilot program.

(3) The department shall contract with an outside entity or entities to operate the child welfare housing assistance pilot program. If no outside entity or entities are available to operate the program or specific parts of the program, the department may operate the program or the specific parts that are not operated by an outside entity.

(4) Families may be referred to the child welfare housing assistance pilot program by a caseworker, an attorney, a guardian ad litem as defined in chapter 13.34 RCW, a parent ally as defined in RCW 2.70.060, an office of public defense social worker, or the court.

(5) The department shall consult with a stakeholder group that must include, but is not limited to, the following:

(a) Parent allies;

(b) Parent attorneys and social workers managed by the office of public defense parent representation program;

(c) The department of commerce;

(d) Housing experts;

(e) Community-based organizations;

(f) Advocates; and

(g) Behavioral health providers.

(6) The stakeholder group established in subsection (5) of this section shall begin meeting after July 28, 2019, and assist the department in design of the child welfare housing assistance pilot program in areas including, but not limited to:

(a) Equitable racial, geographic, ethnic, and gender distribution of program support;

(b) Eligibility criteria;

(c) Creating a definition of homeless for purposes of eligibility for the program; and

(d) Options for program design that include outside entities operating the entire program or specific parts of the program.

(7) By December 1, 2021, the department shall report outcomes for the child welfare housing assistance pilot program to the oversight board for children, youth, and families established pursuant to RCW 43.216.015. The report must include racial, geographic, ethnic, and gender distribution of program support.

(8) The child welfare housing assistance pilot program established in this section is subject to the availability of funds appropriated for this purpose.

(9) This section expires June 30, ((2022)) 2023.

**Sec. 966.** RCW 74.46.561 and 2021 c 334 s 993 are each amended to read as follows:

(1) The legislature adopts a new system for establishing nursing home payment rates beginning July 1, 2016. Any payments to nursing homes for services provided after June 30, 2016, must be based on the new system. The new system must be designed in such a manner as to decrease administrative complexity associated with the payment methodology, reward nursing homes providing care for high acuity residents, incentivize quality care for residents of nursing homes, and establish minimum staffing standards for direct care.

SIXTIETH DAY, MARCH 10, 2022

2022 REGULAR SESSION

(2) The new system must be based primarily on industry-wide costs, and have three main components: Direct care, indirect care, and capital.

(3) The direct care component must include the direct care and therapy care components of the previous system, along with food, laundry, and dietary services. Direct care must be paid at a fixed rate, based on one hundred percent or greater of statewide case mix neutral median costs, but for fiscal year 2023 shall be capped so that a nursing home provider's direct care rate does not exceed ((one hundred thirty)) 165 percent of its base year's direct care allowable costs except if the provider is below the minimum staffing standard established in RCW 74.42.360(2). The legislature intends to remove the cap on direct care rates by June 30, 2027. Direct care must be performance-adjusted for acuity every six months, using case mix principles. Direct care must be regionally adjusted using countywide wage index information available through the United States department of labor's bureau of labor statistics. There is no minimum occupancy for direct care. The direct care component rate allocations calculated in accordance with this section must be adjusted to the extent necessary to comply with RCW 74.46.421.

(4) The indirect care component must include the elements of administrative expenses, maintenance costs, and housekeeping services from the previous system. A minimum occupancy assumption of ninety percent must be applied to indirect care, except during fiscal year 2023 when the minimum occupancy assumption must be 75 percent. Indirect care must be paid at a fixed rate, based on ninety percent or greater of statewide median costs. The indirect care component rate allocations calculated in accordance with this section must be adjusted to the extent necessary to comply with RCW 74.46.421.

(5) The capital component must use a fair market rental system to set a price per bed. The capital component must be adjusted for the age of the facility, and must use a minimum occupancy assumption of ninety percent.

(a) Beginning July 1, 2016, the fair rental rate allocation for each facility must be determined by multiplying the allowable nursing home square footage in (c) of this subsection by the RSMMeans rental rate in (d) of this subsection and by the number of licensed beds yielding the gross unadjusted building value. An equipment allowance of ten percent must be added to the unadjusted building value. The sum of the unadjusted building value and equipment allowance must then be reduced by the average age of the facility as determined by (e) of this subsection using a depreciation rate of one and one-half percent. The depreciated building and equipment plus land valued at ten percent of the gross unadjusted building value before depreciation must then be multiplied by the rental rate at seven and one-half percent to yield an allowable fair rental value for the land, building, and equipment.

(b) The fair rental value determined in (a) of this subsection must be divided by the greater of the actual total facility census from the prior full calendar year or imputed census based on the number of licensed beds at ninety percent occupancy.

(c) For the rate year beginning July 1, 2016, all facilities must be reimbursed using four hundred square feet. For the rate year beginning July 1, 2017, allowable nursing facility square footage must be determined using the total nursing facility square footage as reported on the medicaid cost reports submitted to the department in compliance with this chapter. The maximum allowable square feet per bed may not exceed four hundred fifty.

(d) Each facility must be paid at eighty-three percent or greater of the median nursing facility RSMMeans construction index value per square foot. The department may use updated RSMMeans construction index information when more recent square footage

data becomes available. The statewide value per square foot must be indexed based on facility zip code by multiplying the statewide value per square foot times the appropriate zip code based index. For the purpose of implementing this section, the value per square foot effective July 1, 2016, must be set so that the weighted average fair rental value rate is not less than ten dollars and eighty cents per patient day. The capital component rate allocations calculated in accordance with this section must be adjusted to the extent necessary to comply with RCW 74.46.421.

(e) The average age is the actual facility age reduced for significant renovations. Significant renovations are defined as those renovations that exceed two thousand dollars per bed in a calendar year as reported on the annual cost report submitted in accordance with this chapter. For the rate beginning July 1, 2016, the department shall use renovation data back to 1994 as submitted on facility cost reports. Beginning July 1, 2016, facility ages must be reduced in future years if the value of the renovation completed in any year exceeds two thousand dollars times the number of licensed beds. The cost of the renovation must be divided by the accumulated depreciation per bed in the year of the renovation to determine the equivalent number of new replacement beds. The new age for the facility is a weighted average with the replacement bed equivalents reflecting an age of zero and the existing licensed beds, minus the new bed equivalents, reflecting their age in the year of the renovation. At no time may the depreciated age be less than zero or greater than forty-four years.

(f) A nursing facility's capital component rate allocation must be rebased annually, effective July 1, 2016, in accordance with this section and this chapter.

(g) For the purposes of this subsection (5), "RSMMeans" means building construction costs data as published by Gordian.

(6) A quality incentive must be offered as a rate enhancement beginning July 1, 2016.

(a) An enhancement no larger than five percent and no less than one percent of the statewide average daily rate must be paid to facilities that meet or exceed the standard established for the quality incentive. All providers must have the opportunity to earn the full quality incentive payment.

(b) The quality incentive component must be determined by calculating an overall facility quality score composed of four to six quality measures. For fiscal year 2017 there shall be four quality measures, and for fiscal year 2018 there shall be six quality measures. Initially, the quality incentive component must be based on minimum data set quality measures for the percentage of long-stay residents who self-report moderate to severe pain, the percentage of high-risk long-stay residents with pressure ulcers, the percentage of long-stay residents experiencing one or more falls with major injury, and the percentage of long-stay residents with a urinary tract infection. Quality measures must be reviewed on an annual basis by a stakeholder work group established by the department. Upon review, quality measures may be added or changed. The department may risk adjust individual quality measures as it deems appropriate.

(c) The facility quality score must be point based, using at a minimum the facility's most recent available three-quarter average centers for medicare and medicaid services quality data. Point thresholds for each quality measure must be established using the corresponding statistical values for the quality measure point determinants of eighty quality measure points, sixty quality measure points, forty quality measure points, and twenty quality measure points, identified in the most recent available five-star quality rating system technical user's guide published by the centers for medicare and medicaid services.

(d) Facilities meeting or exceeding the highest performance threshold (top level) for a quality measure receive twenty-five points. Facilities meeting the second highest performance threshold receive twenty points. Facilities meeting the third level of performance threshold receive fifteen points. Facilities in the bottom performance threshold level receive no points. Points from all quality measures must then be summed into a single aggregate quality score for each facility.

(e) Facilities receiving an aggregate quality score of eighty percent of the overall available total score or higher must be placed in the highest tier (tier V), facilities receiving an aggregate score of between seventy and seventy-nine percent of the overall available total score must be placed in the second highest tier (tier IV), facilities receiving an aggregate score of between sixty and sixty-nine percent of the overall available total score must be placed in the third highest tier (tier III), facilities receiving an aggregate score of between fifty and fifty-nine percent of the overall available total score must be placed in the fourth highest tier (tier II), and facilities receiving less than fifty percent of the overall available total score must be placed in the lowest tier (tier I).

(f) The tier system must be used to determine the amount of each facility's per patient day quality incentive component. The per patient day quality incentive component for tier IV is seventy-five percent of the per patient day quality incentive component for tier V, the per patient day quality incentive component for tier III is fifty percent of the per patient day quality incentive component for tier V, and the per patient day quality incentive component for tier II is twenty-five percent of the per patient day quality incentive component for tier V. Facilities in tier I receive no quality incentive component.

(g) Tier system payments must be set in a manner that ensures that the entire biennial appropriation for the quality incentive program is allocated.

(h) Facilities with insufficient three-quarter average centers for medicare and medicaid services quality data must be assigned to the tier corresponding to their five-star quality rating. Facilities with a five-star quality rating must be assigned to the highest tier (tier V) and facilities with a one-star quality rating must be assigned to the lowest tier (tier I). The use of a facility's five-star quality rating shall only occur in the case of insufficient centers for medicare and medicaid services minimum data set information.

(i) The quality incentive rates must be adjusted semiannually on July 1 and January 1 of each year using, at a minimum, the most recent available three-quarter average centers for medicare and medicaid services quality data.

(j) Beginning July 1, 2017, the percentage of short-stay residents who newly received an antipsychotic medication must be added as a quality measure. The department must determine the quality incentive thresholds for this quality measure in a manner consistent with those outlined in (b) through (h) of this subsection using the centers for medicare and medicaid services quality data.

(k) Beginning July 1, 2017, the percentage of direct care staff turnover must be added as a quality measure using the centers for medicare and medicaid services' payroll-based journal and nursing home facility payroll data. Turnover is defined as an employee departure. The department must determine the quality incentive thresholds for this quality measure using data from the centers for medicare and medicaid services' payroll-based journal, unless such data is not available, in which case the department shall use direct care staffing turnover data from the most recent medicaid cost report.

(7) Reimbursement of the safety net assessment imposed by chapter 74.48 RCW and paid in relation to medicaid residents must be continued.

(8)(a) The direct care and indirect care components must be rebased in even-numbered years, beginning with rates paid on July 1, 2016. Rates paid on July 1, 2016, must be based on the 2014 calendar year cost report. On a percentage basis, after rebasing, the department must confirm that the statewide average daily rate has increased at least as much as the average rate of inflation, as determined by the skilled nursing facility market basket index published by the centers for medicare and medicaid services, or a comparable index. If after rebasing, the percentage increase to the statewide average daily rate is less than the average rate of inflation for the same time period, the department is authorized to increase rates by the difference between the percentage increase after rebasing and the average rate of inflation.

(b) It is the intention of the legislature that direct and indirect care rates paid in fiscal year 2022 will be rebased using the calendar year 2019 cost reports. For fiscal year 2021, in addition to the rates generated by (a) of this subsection, an additional adjustment is provided as established in this subsection (8)(b). Beginning May 1, 2020, and through June 30, 2021, the calendar year costs must be adjusted for inflation by a twenty-four month consumer price index, based on the most recently available monthly index for all urban consumers, as published by the bureau of labor statistics. It is also the intent of the legislature that, starting in fiscal year 2022, a facility-specific rate add-on equal to the inflation adjustment that facilities received solely in fiscal year 2021, must be added to the rate.

(c) To determine the necessity of regular inflationary adjustments to the nursing facility rates, by December 1, 2020, the department shall provide the appropriate policy and fiscal committees of the legislature with a report that provides a review of rates paid in 2017, 2018, and 2019 in comparison to costs incurred by nursing facilities.

(9) The direct care component provided in subsection (3) of this section is subject to the reconciliation and settlement process provided in RCW 74.46.022(6). Beginning July 1, 2016, pursuant to rules established by the department, funds that are received through the reconciliation and settlement process provided in RCW 74.46.022(6) must be used for technical assistance, specialized training, or an increase to the quality enhancement established in subsection (6) of this section. The legislature intends to review the utility of maintaining the reconciliation and settlement process under a price-based payment methodology, and may discontinue the reconciliation and settlement process after the 2017-2019 fiscal biennium.

(10) Compared to the rate in effect June 30, 2016, including all cost components and rate add-ons, no facility may receive a rate reduction of more than one percent on July 1, 2016, more than two percent on July 1, 2017, or more than five percent on July 1, 2018. To ensure that the appropriation for nursing homes remains cost neutral, the department is authorized to cap the rate increase for facilities in fiscal years 2017, 2018, and 2019.

**Sec. 967.** RCW 76.04.516 and 2021 c 298 s 3 are each amended to read as follows:

(1) By December 1st of each even-numbered year, and in compliance with RCW 43.01.036, the department must report to the governor and legislature on the following:

(a) The type and amount of the expenditures made, by fiscal year, and for what purpose, from the wildfire response, forest restoration, and community resilience account created in RCW 76.04.511 and from expenditures made from the general fund for implementation of this act;

SIXTIETH DAY, MARCH 10, 2022

(b) The amount of unexpended and unobligated funds in the wildfire response, forest restoration, and community resilience account and recommendations for the disbursement to local districts;

(c) Progress on implementation of the wildland fire protection 10-year strategic plan including, but not limited to, how investments are reducing human-caused wildfire starts, lowering the size and scale and geography of catastrophic wildfires, reducing the communities, landscapes, and population at risk, and creating resilient landscapes and communities;

(d) Progress on implementation of the 20-year forest health strategic plan as established through the forest health assessment and treatment framework pursuant to RCW 76.06.200 including, but not limited to: Assessment of fire prone lands and communities that are in need of forest health treatments; forest health treatments prioritized and conducted by landowner type, geography, and risk level; estimated value of any merchantable materials from forest health treatments; and number of acres treated by treatment type, including the use of prescribed fire;

(e) Progress on developing markets for forest residuals and biomass generated from forest health treatments.

(2) The department must include recommendations on any adjustments that may be necessary or advisable to the mechanism of funding dispensation as created under chapter 298, Laws of 2021.

(3) The report required in this section should support existing department assessments pursuant to RCW 79.10.530 and 76.06.200.

(4)(a)(i) Prior to the determination of the 2025-2034 sustainable harvest calculation as required by RCW 79.10.320, the department must hire an independent third-party contractor to assist it in updating its forest inventory by increasing the intensity of forest sample plots on all forestlands over the next two biennium. The department's sustainable harvest calculation technical advisory committee must be involved in the design, development, and implementation of this forest inventory update.

(ii) For purposes of this subsection, "forest inventory" means the collection of sample data to estimate a range of forest attributes including, but not limited to, standing volume, stored carbon, habitat attributes, age classes, tree species, and other inventory attributes, including information needed to estimate rates of tree growth and associated carbon sequestration on department lands.

(iii) The department's sustainable harvest calculation technical advisory committee must bring forward recommendations for regular maintenance and updates to the forest inventory on a ten-year basis.

(b) Prior to the determination of the 2025-2034 sustainable harvest calculation as required by RCW 79.10.320, the department must hire a third-party contractor to review, analyze, and advise the department's forest growth and yield modeling, specific to all types of forested acres managed by the department. The department's sustainable harvest calculation technical advisory committee must be involved in the design, review, and analysis of the department's forest growth and yield modeling.

(c) Prior to the determination of the 2025-2034 sustainable harvest calculation as required by RCW 79.10.320 and in the absence of any litigation, pending or in progress, against the department's sustainable harvest calculation, the joint legislative audit and review committee established in chapter 44.28 RCW must oversee and conduct an independent review of the methodologies and data being utilized by the department in the development of the sustainable harvest calculation, including the associated forest inventory, forest growth, harvest and yield data, and modeling techniques that impact harvest levels. In carrying

out the review, the joint legislative audit and review committee shall:

(i) Retain one or more contractors with expertise in forest inventories, forest growth and yield modeling, and operational research modeling in forest harvest scheduling to conduct the technical review;

(ii) Be a member of department's sustainable harvest calculation technical advisory committee, along with one of its contractors selected in (c)(i) of this subsection; and

(iii) Prior to the department's determination of the sustainable harvest (([calculation])) calculation under RCW 79.10.320, ensure that a completed independent review and report with findings and recommendations is submitted to the board of natural resources and the legislature.

(d) Upon receiving the report from the joint legislative audit and review committee required under (c)(iii) of this subsection, the board of natural resources shall determine whether modifications are necessary to the sustainable harvest calculation prior to approving harvest level under RCW 79.10.320.

#### PERSONAL PRIVILEGE

Senator Rolfes: "Mr. President, I would like to thank people for their, their tremendous efforts from over the last sixty days. If may I proceed?"

President Heck: "Please proceed."

Senator Rolfes: "I want to first thank Senator Robinson for being the best Vice Chair and partner anyone could ask for. I want to thank Senator [Lynda] Wilson and Senator Brown, who I'm really going to miss, on for their work on this, on this effort. And, of course, Matt Bridges and Ryan Moore. I also want to thank Jennifer Smolen-Fort and Lily O'Doherty, who were my two new LA's and had to learn on the job while helping me cover the district while I was writing the budget. They were an awesome team. But I think the folks that most people know about are the Ways and Means Committee member staff. And so, I'd like I like the body to honor them, Mr. President: Susan Howson, James Kettel, Jeff Mitchell, Julie Murray, Michele Alishahi, Shani Bauer, Wendy Brown, Amanda Cecil, Monica Fontaine, and Kayla Hammer. An amazing group of talented analysts and kind and patient people who know how to fly the plane and know how to land it and how to get all the passengers home safely. And then, finally, I'd like to also thank Chris West and Aaron Wasser who are on our communications side, and who constantly coach me on

how to try to get people like you all to listen. So, Mr. President, can we please give a round of applause to the people behind the scenes?"

The Senate rose and recognized the staff of the Committee on Ways & Means and other Senate staff and their work during the session.

#### PERSONAL PRIVILEGE

Senator Honeyford: "Well, thank you, Mr. President. Former Senator Rasmussen once made a statement that everyone needs a horse to ride home on, meaning that they..."

President Heck: "Senator Slim Rasmussen or Senator Marilyn Rasmussen?"

Senator Honeyford: "Senator Marilyn Rasmussen. And I'm here to tell you tonight I don't have a horse to ride home on. First time in 28 years I have not passed a bill. Which I find disgusting. I had a bill dealing with fentanyl that would have increased penalties for dealers that result in deaths. Didn't even get a hearing here. The bill to deal with fentanyl test strips passed out of here and didn't get a hearing in the House. I had other bills; the robbery of pot shops passed out of here. No action in the House. It passed to Rules but that was it. Simple bills like state nickname, no action. Mr. President, I'm sorely disappointed at the partisanship within this body, in this Legislature. And I call it the tyranny of the majority. Thank you."

#### RULING BY THE PRESIDENT

President Heck: "The President is going to be a lot more constrictive from this point forward this evening on points of personal privilege. That was not a point of personal privilege."

#### PERSONAL PRIVILEGE

Senator Wilson, L.: "Thank you Mr. President.

President Heck: "I have my hand on the gavel."

Senator Wilson, L.: "Thank you. I'm, I'm safe. I'm just want to reiterate what Senator Rolfes said about thanking our staff. She named them all off. I do appreciate, I haven't worked as closely with them this year that I did last year, but they are amazing group of people. They are very professional and have so much expertise that meant, that we all rely on. And so, I just wanted to make sure that that they knew that we all appreciate them. And my LA and Sharon for being there right beside me. So anyway, thank you so much. And I want to say it's really wonderful to see everyone here, in person, on the floor. Thank you."

#### PERSONAL PRIVILEGE

Senator Fortunato: "Thank you Mr. President. First, I would like to say to Senator Rolfes, it's a really hard job putting a budget together. It's probably harder to let us sit here or have her sit there and patiently listen to us complain about all her hard work. I just want to say thank you for all the work you've done. Thank you for your graciousness. I still don't like your budget, but you did a great job. [Laughter] Thank you very much."

#### PERSONAL PRIVILEGE

SIXTIETH DAY, MARCH 10, 2022

2022 REGULAR SESSION

Senator Liias: “Thank you Mr. President. Earlier, we passed a number of transportation bills. We were busy and I didn't take the time to thank the incredible Transportation staff. So, I did, in light of Senator Rolfes' comments, just want to take the time to thank the amazing people at Senate Committee Services who help us not just write a supplemental transportation budget, but also the move ahead package in sixty days with one staff member down – a vacancy that we have not yet filled. So, I want to thank Kelly Simpson, Hayley Gamble, our newest staff member, Jenna Forty, Danny Masterson, Bryon Moore; our committee staff, Dana and Sha'Niya; our partisan caucus staff Hannah McCarty and Martin Presley. Incredible, incredible work that helped us get a lot of work done. And, since we had a little bit of a moment here, I thought it'd be worthwhile for the Senate to hear their names as well. And to join in appreciation for the great work they did for the people this session.”

The Senate rose and recognized the staff of the Committee on Transportation and other Senate staff and their work during the session.

## PERSONAL PRIVILEGE

Senator Brown: “I think I'm talking more in one day than I've talked in the decade that I've been here but I also wanted to thank Senator Rolfes and Senator Robinson for the incredible work. Senator Rolfes, we had the opportunity to be able to work together for almost a decade, and I just want this entire body to know that no matter, when the balance was different, we have always treated each other with respect and kindness. I have learned so much from Senator Rolfes for how she has conducted herself throughout these negotiations and the frank, open, and honest conversations that we've been able to have have been, truly have restored my faith in the process. Of course, to my partner over here, Senator [Lynda] Wilson, it has just been fabulous, has been so much fun digging into the details, learning more and more about it. To our fabulous staff, I also want to say thank you to all those behind the scenes and to the wonderful Ryan Moore wherever he is. Thank you so much to partisan and nonpartisan staff alike because it didn't matter if somebody from one side of the aisle called on a partisan staffer or a nonpartisan staffer. We were always given the facts and I really, really appreciated that. Thank you.”

## PERSONAL PRIVILEGE

Senator Nobles: “Thank you Mr. President. I rise for, uh, a point of personal privilege ... ?”

President Heck: “State your point of personal privilege.”

Senator Nobles: “Thank you, and I'll be honest, I don't truly know the definition of that but I would like to take a moment to thank Senator Rolfes ...”

President Heck: “You're in broad company, Senator Nobles. [Laughter] Please proceed.”

Senator Nobles: “But I would like to thank Senator Rolfes, this is the end of my first biennium. And I remember, last year and continuing into this year, many folks reached out to me to submit or sponsor for them a budget request. And it might be my own trauma as a Black woman in America, but I just kept thinking, existing in this White institution, like I can't ask these people to give you five million dollars. Like where, I don't, I don't really understand how you expect me to do this. And it made me a little

bit nervous to make some of the requests. I would email Senator Rolfes or submit requests and she responded to all of them and would answer questions. And then to see the power as a newer state senator of funds actually showing up in my district or funds showing up for projects or funds just showing up for people. And it really was just a matter of asking. It definitely built my muscle, my courage muscle, my muscle for just asking for what you want and what you need. I'm just very grateful that Senator Rolfes has been such a great listener and a hard worker. I really do commend her for putting together this budget for the people of Washington State. And I just am very grateful for the number of folks who pushed and encourage me to make those asks and to advocate and to go back and ask because some things did not make it in the budget in the initial round. Folks were like, 'Can you send an email?' And I just was so unsure about, if that's how it worked around here. Like, well they said no, so no, but we kept emailing and Senator Rolfes listened to the people. And I just am extremely grateful because Washingtonians win with this budget. And I thank her and Senator Robinson and all of the team of staff members that helped them to put this budget together. So, thank you.”

## PERSONAL PRIVILEGE

Senator Saldaña: “Thank you Mr. President. Well, I rose for one thing but, listening to people, I'm rising for just a slightly different one because I am very grateful for the men and women that are sitting on the rostrum and that are sitting here on the floor together. I am very grateful that we are able to be here together on the special day, the last day of this session. But it also is, of course, just this week, International Women's Day and this whole month, a day, a month for remembering women's history. I just need to thank the chair and vice chairs, the ranking and the ranking vice chair for balancing a budget, working hard together and showing my daughter and the children of Washington State, the power and the history that you are making today. I don't know if there have been four women that have been the leads for creating the largest, maybe operating budget in the history of Washington State but I think it might be a first and I'm very grateful to be here present to witness that. And it reminds me just to give gratitude for my own mother, Maureen Saldaña, because, while my dad was the one that earned the money, went to work – and I really thought he worked at a factory where they actually made money when I was in kindergarten – but it was my mom that balanced the budget and made sure that we were able to afford a life that so many Washingtonians and people across the country and the world just dream of. That that was a reality for me to be able to have dental care, to be able to play softball as a kid, to be able to have opportunities that we are creating for so many kids today with the budget that these amazing women help spring forward today. So very grateful for that.”

The Washington State Legislative Internship Program is an academic internship for college students from around Washington State. Interns are assigned to Senate offices and are mentored by members and staff as they conduct research, track legislation, and work with constituents. In addition to building professional experience through their office work, interns earn academic credit and take part in seminars and workshops with state policymakers to gain a first-hand understanding of the legislative process.

The 36 Senate interns in 2022 represented 17 college campuses, a wide range of majors, and communities all over Washington.

Drew Shirk, Executive Director of Legislative Affairs

March 25, 2022

To the Honorable President and Members,  
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Sections 207(24) and 206(17), Engrossed Substitute Senate Bill No. 5689 entitled:

"AN ACT Relating to transportation funding and appropriations."

**Section 207(24), page 28, Washington State Patrol, Unfunded Pilot**

This section directs the Washington State Patrol to oversee a pilot program that allows registered tow truck operators to respond to a regional transit authority's request for impoundment of unauthorized vehicles in a right-of-way used by the transit authority. The proviso also requires the State Patrol to submit a report on the outcomes of the pilot program by July 1, 2023. No funding was provided in the budget to support this work. For this reason, I have vetoed Section 207(24).

**Section 216(17), page 57, Department of Transportation, Unfunded Pilot**

This section directs the Department of Transportation to conduct a pilot program allowing commercial motor vehicles to park in areas designated as chain up and chain off areas along U.S. Route 2 and Interstate 90 between May 1 and November 1 of each calendar year of the biennium. I strongly support providing adequate parking facilities and rest areas for truck drivers who are a vital link in our state's supply chains. However, the timeframe of the pilot program and need for Federal Highway Administration (FHWA) approval on one of the highways included in the pilot does not give the department adequate time to address all of the safety and maintenance concerns and to meet any FHWA requirements prior to implementation of the pilot. Although I have vetoed this section, I am directing the department to develop options and recommendations to address truck parking and rest area shortages while ensuring necessary safety and maintenance standards are upheld. For this reason, I have vetoed Section 216(17).

For these reasons I have vetoed Sections 207(24) and 206(17) of Engrossed Substitute Senate Bill No. 5689.

With the exception of Sections 207(24) and 206(17), Engrossed Substitute Senate Bill No. 5689 is approved.

Respectfully submitted,

/s/

Jay Inslee  
Governor

March 31, 2022

To the Honorable President and Members,  
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval, Engrossed Senate Bill No. 5017 entitled:

"AN ACT Relating to clarifying school district procurement requirements for personal service contracts for construction management, value engineering, constructibility review, and building commissioning."

Engrossed Senate Bill 5017 modifies the list of school district purchases and bidding that require public notification. Public notification and transparency of school district purchases are important to maintain. It is not clear that this change meets the public's expectation of transparency.

For these reasons I have vetoed Engrossed Senate Bill No. 5017 in its entirety.

Respectfully submitted,

/s/

Jay Inslee  
Governor

March 31, 2022

To the Honorable President and Members, The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 3, Engrossed Substitute Senate Bill No. 5490 entitled:

"AN ACT Relating to creating the interbranch advisory committee."

Section 3 of this bill directs the Office of Financial Management to provide staff support to the committee at the request of the co-chairs. The co-chairs of the committee are representatives of the legislative and judicial branches. OFM would be doing work under the direction of the other branches of government, rather than by the agency director, which is inappropriate. However, OFM staff will assist this effort in any way that they can, as directed by my office or the director of OFM.

For these reasons I have vetoed Section 3 of Engrossed Substitute Senate Bill No. 5490.

With the exception of Section 3, Engrossed Substitute Senate Bill No. 5490 is approved.

Respectfully submitted,

/s/

Jay Inslee  
Governor

March 31, 2022

To the Honorable President and Members, The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 9, Second Substitute Senate Bill No. 5664 entitled:

"AN ACT Relating to forensic competency restoration programs."

Section 9 adds an emergency clause to the bill. Two sections of this bill require additional resources or processes to be in place in order to implement the bill, therefore I am vetoing the emergency clause in order to ensure our state agencies can effectively implement the important provisions of this legislation. The substance of this bill remains the same but it will take effect in 90 days instead of immediately, allowing our agencies the time needed to operationalize these policies.

For these reasons I have vetoed Section 9 of Second Substitute Senate Bill No. 5664.

With the exception of Section 9, Second Substitute Senate Bill No. 5664 is approved.

Respectfully submitted,

/s/

Jay Inslee  
Governor

March 31, 2022

To the Honorable President and Members,  
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Sections 117(11); 117(15); 121(4); 122, page 41, lines 4-5; 122(1); 122(2); 133, page 164, lines 21-36; 134(2); 128(138); 945; 128(235); 150(8); 150(19); 211(105); 222(56); 603(83); 215(129); 222(81); 222(86); 308(42); 308(72); 402(6); 50 I (1)(a) (xiii); 501(4)(aa); 509(15); 504(12)(b); 604(39); I 03(10); 103(11); 103(14); 128(177); 128(230); 136(21); 141(10); 141(11); 218(31); 308(64); 402(18); and 402(19), Engrossed Substitute Senate Bill No. 5693 entitled:

"AN ACT Relating to fiscal matters."

**Section 117(11), page 29, Office of the Governor, Clean Energy Workforce Transition Work Group**

This section directs the Office of the Governor to convene a Clean Energy Workforce Transition work group including, but not limited to, the Department of Commerce, Department of Ecology, Employment Security Department, and representatives from business and labor. The work group is tasked with assessing the workforce development impacts of climate change and the state's

strategies to transition to a clean economy. The work group must also develop recommendations on emerging issues related to workforce development and submit a report by December 1, 2022. Because funding was not provided for these agencies to do this work, I have vetoed Section 117(11). However, I am directing the impacted agencies to continue their work on workforce development to determine how to best support individuals in our state's energy sector.

**Section 117(15), page 30, Office of Equity, Educational Opportunity Gap Report**

**Section 121(4), page 40, Governor's Office of Indian Affairs, Educational Opportunity Gap Report**

**Section 122, page 41, lines 4-5, Section 122(1), page 41, and Section 122(2), page 41, Commission on Asian Pacific American Affairs, Educational Opportunity Gap Report**

**Section 133, page 164, lines 21-36, Commission on Hispanic Affairs, Educational Opportunity Gap Report**

**Section 134(2), pages 165-166, Commission on African American Affairs, Educational Opportunity Gap Report**

These sections direct the Office of Equity to collaborate with the Governor's Office of Indian Affairs, Commission on Asian Pacific American Affairs, Commission on Hispanic Affairs, and Commission on African American Affairs to engage contractors to conduct a detailed analysis of the educational opportunity gaps for students of color. The provisos in the final budget do not reflect the intent of the legislative members of the Educational Opportunity Gap Oversight and Accountability Committee, and they requested that I veto these sections to allow for updated provisos to be enacted next session. Therefore, I have vetoed Section 117(15); Section 121(4); Section 122, page 41, lines 4-5; Section 122(1); Section 122(2); Section 133, page 164, lines 21-36; and Section 134(2).

**Section 128(138), page 111, and Section 945, pages 809-810, Department of Commerce, Broadband Deployment Task Force**

Section 945 creates the Broadband Deployment Task Force to be chaired by the Legislature and staffed by the Department of Commerce. Because it is not appropriate for the executive branch to staff a legislative task force, I have vetoed Section 945. Because Section 945 is vetoed, the funding for the department to staff the task force is no longer needed. Therefore, I have also vetoed Section 128 (138).

**Section 128(235), pages 147-148, Department of Commerce, Electric Grid Resilience**

We have multiple state agencies working to ensure that our electric grid continues to reliably provide power to Washingtonians. The requirements in this section are redundant to planning efforts already under way at the Utilities and Transportation Commission, Department of Commerce, and Northwest Power and Conservation Council. While we welcome additional resources for scenario planning and modeling, the Northwest Power and Conservation Council should perform that work because it aligns with its existing forecasting and modeling work. For these reasons, I have vetoed Section 128(235).

**Section 150(8), page 207, Consolidated Technology Services, Reporting Requirements for Health and Human Services Coalition**

The Office of the Chief Information Officer evaluates budget requests related to information technology projects from all state agencies and provides funding recommendations each fall as required by statute. This section would require the Health and Human Services Coalition agencies to submit budget details to the OCIO each July. This is in addition to the information these agencies already submit to the OCIO. This reporting is redundant and would create extra work for the agencies involved with no value added. For this reason, I have vetoed Section 150(8).

**Section 150(19), page 213, Consolidated Technology Services, Automated Decision Systems**

This section requires the Office of the Chief Information Officer (OCIO) to develop universal requirements for agencies interested in developing or procuring an automated decision system by June 30, 2022. Additionally, all agencies would be required by January 1, 2023 to submit an inventory of any automated decision system in use. These decision systems use data and algorithms to make decisions with varying degrees of human oversight or intervention. The timeline to develop a meaningful framework is not feasible with pressing technology threats that must be addressed by the OCIO. For this reason, I have vetoed Section 150(19). I am directing Consolidated Technology Services to develop guidance for agencies' procurement and use of automated decision systems and to conduct a preliminary inventory of these systems currently in use by November 30, 2023.

**Section 211(105), page 318, Health Care Authority, Behavioral Health Support Specialists**

**Section 222(56), page 426, Department of Health, Behavioral Health Support Specialists**

**Section 603(83), page 710, University of Washington, Behavioral Health Support Specialists**

These sections provide funding solely for the University of Washington to collaborate with the Department of Health and the Health Care Authority to develop a licensure and regulatory program for behavioral health support specialists, consistent with the provisions in Engrossed Second Substitute Senate Bill 5884. The Department of Health cannot develop a licensure and regulatory program because the authority for this section was not enacted by the Legislature. This work is premature until the substantive law is passed. For this reason, I have vetoed Section 211(I 05), Section 222(56), and Section 603(83).

**Section 215(129), pages 381-383, Health Care Authority, Involuntary Treatment Act Task Force**

This section creates a task force focused on individuals refusing services for involuntary behavioral health treatment who are then referred to the state hospitals for forensic competency evaluation and restoration. The task force would identify alternate treatments for people with one or more violent offenses who are having trouble locating a community placement and for obtaining medical clearance. This proviso requires the task force to complete a preliminary report by October 15, 2022 and submit a final report by December 1, 2022, which is not enough time to complete the work. For this reason, I have vetoed Section 215(129).

**Section 222(81), pages 431-432, Department of Health, Criminal Justice Integrated Data System Task Force**

This section provides funding for the Department of Health to convene a criminal justice integrated data system task force. The task force includes members or their designee from the executive and judicial branches and from various criminal justice associations. By December 1, 2022, the task force is required to submit a report to the Legislature with recommendations, an implementation plan and a feasibility study for the creation of a criminal justice integrated data system. Additionally, funds are provided for the department to contract with the Washington Association of Coroners and Medical Examiners to conduct a study of the shortage of board-certified forensic pathologists and recommend steps to foster a more robust forensic pathology community. The funding provided for this task force is insufficient to complete this work by the December 1, 2022 timeline. Additionally, it is more appropriate for the Office of Financial Management to convene this data work group. For these reasons, I have vetoed Section 222(81).

**Section 222(86), pages 433-434, Department of Health, Behavioral Health Work Group**

This section provides funding for the Department of Health to convene a work group to study the root cause of behavioral health issues in Washington communities. The work group is required to provide a progress report to the governor and Legislature by December 15, 2022, and a final report with recommendations by June 30, 2023. The funding provided was insufficient to complete the work within the required timeframe. For this reason, I have vetoed Section 222(86).

**Section 308(42), page 547, Department of Fish and Wildlife, Salmon Data Analysis and Modeling**

This section provides funding to improve salmon population data analysis and modeling to better manage salmon fisheries and collaborate with tribal co-managers on fisheries allocations as part of the North of Falcon process. This proviso also requires the Department of Fish and Wildlife to make all state-generated documents and notes that were part of the North of Falcon process available for public review once the process is completed. I support this funding and enhancing our ability to manage fisheries. However, it is important for the state and tribal co-managers to have successful sovereign-to-sovereign negotiations. The requirements in this proviso will make this more difficult. For this reason, I have vetoed Section 308(42).

**Section 308(72), page 553, Department of Fish and Wildlife, Report on Annual Fishery Harvest Impacts**

This section requires the Department of Fish and Wildlife to complete a report on annual fish harvest impacts from 2010-2020. Compiling this information with the level of detail required by the proviso is a more cost intensive effort than is supported by the funding provided in the proviso. For this reason, I have vetoed Section 308(72). However, I am asking the department to make available to the public the pre-season and post-season assessments of Chinook and coho escapement and harvest from the Fishery Regulation Assessment Model (FRAM) for Puget Sound and the coast for the same years.

**Section 402(6), page 583, Washington State Patrol, Firefighter Apprenticeship Training Program**

This section increases the funding for the firefighter apprenticeship training program by \$300,000. There is not enough revenue in the account to support this increase in expenditure. For this reason, I have vetoed Section 402(6).

**Section 501(l)(a)(xiii), pages 589-590, Office of the Superintendent of Public Instruction, Out of State Special Education Services****Section 501(4)(aa), pages 603-604, Office of the Superintendent of Public Instruction, Allergic Reactions Report**

**Section 509(15), pages 638-639, Office of the Superintendent of Public Instruction, Services for Preschool Students with Disabilities**

These sections require the Office of the Superintendent of Public Instruction (OSPI) to collect and disseminate school district data on allergic reactions, out-of-state special education services, and services for preschool students with disabilities. This data is currently not being collected at the state level and would be an administrative burden for OSPI and school districts to produce this data, especially retroactively, without a clear intent for the use of the data once collected. More clarity is needed regarding the problems to be solved so that the right types of data and analysis can be collected and completed to inform decisionmakers. For these reasons, I have vetoed Section 501(1)(a) (xiii), Section 501(4)(aa), and Section 509(15). I have asked OSPI to work with legislators to clarify the problems, identify the data needed, and devise a path forward.

**Section 504(12)(b), page 620, Office of the Superintendent of Public Instruction, Transitional Kindergarten**

This section requires the Office of the Superintendent of Public Instruction to establish rules regarding exceptions to uniform entry qualifications for kindergarten admission. This section caps the appropriations for transitional kindergarten at the fiscal year 2022 funding level while allowing school districts to use local levy revenue for any expansion of the program. Because this would limit school services for our young learners during and after the pandemic, I cannot support this proviso.

Therefore, I have vetoed Section 504(12)(b). However, I request that the OSPI, upon the conclusion of a Washington State Institute for Public Policy study, work with agencies and stakeholders under the rulemaking authority in RCW 28A.225.160 to further define how school districts may grant exceptions to the uniform entry qualifications based on the ability, or the need, or both, of an individual student as laid out in statute.

**Section 604(39), pages 718-719, Washington State University, Columbia River Commercial Gillnet Fishery Mortality Study**

This section requires the Washington State Academy of Sciences to review the Department of Fish and Wildlife's fishery-related mortality estimates for wild salmonid stocks from conventional and alternative commercial fishing gear authorized for use within the lower Columbia River nontribal salmon fisheries. Commercial fishing mortality rates have been studied by WDFW, the tribes, and universities. Mortality estimates related to Endangered Species Act-listed salmonids are already reviewed and approved by NOAA Fisheries. Although better estimates of commercial mortality could potentially be helpful, any review of fishing mortality rates should also include a review of mortality from recreational fishing. For this reason, I have vetoed Section 604(39).

The following sections provided funding to agencies to implement bills which did not pass the Legislature. Because the funding has lapsed, I have vetoed Section 103(10), Section 103(11), Section 103(14), Section 128(177), Section 128(230), Section 136(21), Section 141(10), Section 141(11), Section 218(31), Section 308(64), Section 402(18), and Section 402(19).

**Section 103(10), page 8, Joint Legislative Audit and Review Committee, HB 1924, Hog Fuel Tax Exemption****Section 103(11), page 8, Joint Legislative Audit and Review Committee, SHB 1792, Hydrogen****Section 103(14), page 9, Joint Legislative Audit and Review Committee, ESSB 5004, Medical Marijuana Tax Exemption****Section 128(177), page 127, Department of Commerce, E2SHB 1099, Comprehensive Planning****Section 128(230), page 146, Department of Commerce, ESSB 5803, Wildfires/Electric Utilities Section 136(21), page 177, Department of Revenue, SB 5983, Cannabinoid Regulations****Section 141(10), page 186, Liquor and Cannabis Board, ESSB 5004, Medical Marijuana Tax Exemption****Section 141(11), page 186, Liquor and Cannabis Board, SB 5983, Cannabinoid Regulations****Section 218(31), page 391, Criminal Justice Training Commission, ESB 5919, Police Use of Force****Section 308(64), page 551, Department of Fish and Wildlife, SHB 1508, Sanitary Shellfish Control****Section 402(18), page 586, Washington State Patrol, SSB 5880, Fire Sprinkler Contractors****Section 402(19), page 586, Washington State Patrol, SB 5983, Cannabinoid Regulations**

For these reasons I have vetoed Sections 117(11); 117(15); 121(4); 122, page 41, lines 4-5; 122(1); 122(2); 133, page 164, lines 21-36; 134(2); 128(138); 945; 128(235); 150(8); 150(19); 211(105); 222(56); 603(83); 215(129); 222(81); 222(86); 308(42); 308(72);

March 31, 2022

To the Honorable President and Members,  
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval, Substitute Senate Bill No. 5810 entitled:

"AN ACT Relating to exempting certain prepaid services from insurance regulation."

Substitute Senate Bill 5810 establishes that legal service contractors are not insurers and legal service plans are not insurance; however, it does so without establishing a clear regulatory framework for this sector. In addition, the definition of "legal service contractor" is overly broad and may capture services beyond the intended scope of the bill. More work needs to be done to ensure that these policy changes address consumer protections.

For these reasons I have vetoed Substitute Senate Bill No. 5810 in its entirety.

Respectfully submitted,  
/s/

March 31, 2022

To the Honorable President and Members,  
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Sections 201, 202, 203, and 204, Engrossed Senate Bill No. 5901 entitled:

"AN ACT Relating to economic development tax incentives for targeted counties."

Engrossed Senate Bill 5901 expands the existing warehouse and grain elevator sales and use tax exemption to include construction or expansion of warehouses of at least 100,000 square feet or more for counties with a population less than 650,000.

I recognize that warehousing is an important part of the state's rural economy, but the tax incentives in this bill are overly broad, as they apply to 36 of the 39 counties in the state. Additionally, due to the increasing consumer preference for online shopping over the past few years, which only increased with the pandemic, the warehousing industry has remained strong and does not require an expanded tax incentive program to remain competitive at this time.

For these reasons I have vetoed Sections 201, 202, 203, and 204 of Engrossed Senate Bill No. 5901.

With the exception of Sections 201, 202, 203, and 204, Engrossed Senate Bill No. 5901 is approved.

Respectfully submitted,  
/s/  
Jay Inslee  
Governor

**GUBERNATORIAL PROCLAMATIONS REGARDING COVID-19 PANDEMIC**

In February of 2020, state health officials noticed a large increase in the disease that came to be known as Covid-19 and the ease in which the disease was spreading. The World Health Organization identified the virus responsible as Severe Acute Respiratory Syndrome CoronaVirus 2 (SARS-CoV-2) and named the disease COVID-19 (CoronaVirus Disease, 2019). It had been previously referred to as "2019 novel coronavirus" and the names were used interchangeably. Washington State was generally credited with having the first coronavirus case in the United States in January 2020.

Governor Jay Inslee issued Proclamation 20-05, proclaiming a state of emergency for all counties as a result of the Covid-19 outbreak and person-to-person spread of COVID-19 in Washington State. On March 11, 2020, Governor Inslee further limited gatherings of two hundred and fifty people or more, in certain counties, for social, spiritual and recreational activities including, but not limited to, community, civic, public, leisure, faith-based, or sporting events; parades; concerts; festivals; conventions; fundraisers; and similar activities. Subsequent proclamations expanded the scope and areas of these restrictions as well as sanitizing requirements for places that were used. Eventually the entire state was under some restrictions.

Efforts to combat the pandemic resulted in the closure of childcare facilities, public schools, colleges, universities, places of worship, government offices, and businesses. The use of personal protective equipment (PPE), such as, wearing of facemasks and use of hand sanitizers, as well as gatherings of fewer than ten people but only if separated by at least six feet of space, "social distancing," became common place over the Spring and Summer. Places of learning, worship, government offices and businesses moved as much of their operations online, moving to tele-commuting and video conferencing to maintain some of their operations as they could.

After June 2020, a phased approach to reopening the state began to be implemented. However, an increase in the infection rate caused a halt to the incremental approach to reopening and, in some cases, restrictions were reimposed in late July. Many schools, churches, government offices and businesses expected to remain closed through the end of the calendar year.

The following are a continuation of the Governor's proclamations in regard to the Covid-19 pandemic from November 1, 2021 until the end of the state of emergency, October 31, 2022.

**PROCLAMATION BY THE GOVERNOR  
AMENDING PROCLAMATIONS 20-05 and 21-15 et seq.**

**21-15.2**

**Transfer or Discharge of Nursing Home Residents - COVID-19 Delta Variant**

**WHEREAS**, on September 3, 2021, due to the continued persistence of the COVID-19 pandemic throughout Washington State, I issued Proclamation 21-15, waiving and suspending certain statutory and regulatory provisions that prevent, hinder, or delay action that is necessary to cope with the COVID-19 pandemic by temporarily expediting the ability to transfer or discharge nursing home residents to other long-term care facilities for specific COVID-19 related cohorting purposes; and

**WHEREAS**, on October 1, 2021, under the provisions of RCW 43.06.220(4), the above-referenced waivers and suspensions of Proclamation 21-15, were extended by the leadership of the Washington State Senate and House of Representatives, until the termination of the COVID-19 state of emergency or November 1, 2021, whichever occurs first; and

**WHEREAS**, on October 1, 2021, I issued Emergency Proclamation 21-15.1, which acknowledged and effectuated the extension authorized by the leadership of the Washington State Senate and House of Representatives, until the termination of the COVID-19 state of emergency or November 1, 2021, whichever occurs first; and

**WHEREAS**, on November 1, 2021, under the provisions of RCW 43.06.220(4), the above-referenced waivers and suspensions of Proclamation 21-15, et seq., were again extended by the leadership of the Washington State Senate and House of Representatives, until the termination of the COVID-19 state of emergency or 11:59 p.m. on December 1, 2021, whichever occurs first; and

**NOW THEREFORE**, I, Jay Inslee, Governor of the state of Washington, do hereby proclaim that the waivers and suspensions in Proclamation 21-15, et seq., have been extended by the leadership of the Washington State Senate and House of Representatives until the termination of the COVID-19 State of Emergency or 11:59 p.m. on December 1, 2021, whichever occurs first, and that Proclamation 21-15, et seq., is hereby extended until the termination of the COVID-19 state of emergency or 11:59 p.m. on December 1, 2021, whichever occurs first. Violators of this order may be subject to criminal penalties pursuant to RCW 43.06.220(5).

**PROCLAMATION BY THE GOVERNOR  
AMENDING PROCLAMATIONS 20-05 and 21-16**

**21-16.1**

**Large Event COVID-19 Vaccine Verification**

**WHEREAS**, on February 29, 2020, I issued Proclamation 20-05, proclaiming a State of Emergency for all counties throughout Washington State as a result of the coronavirus disease 2019 (COVID-19) outbreak in the United States and confirmed person-to-person spread of COVID-19 in Washington State; and

**WHEREAS**, as a result of the continued worldwide spread of COVID-19, its significant progression in Washington State, and the high risk it poses to our most vulnerable populations and our health care system, I have subsequently issued several amendatory proclamations, exercising my emergency powers under RCW 43.06.220 by prohibiting certain activities and waiving and suspending specified laws and regulations, including issuance of Proclamation 20- 25, et seq., which limit Washingtonians' ability to participate in certain activities unless certain conditions are met; and

**WHEREAS**, during early stages of the COVID-19 pandemic, health professionals and epidemiological modeling experts indicated that the spread of COVID-19, if left unchecked, threatened to overwhelm portions of Washington's public and private health-care system; and

**WHEREAS**, although COVID-19 continues as an ongoing and present threat in Washington State, the measures we have taken together as Washingtonians over the past 20 months, including the willingness of most Washingtonians to take advantage of the remarkable, life- saving vaccines being administered throughout the state, have made a difference and have altered the course of the pandemic in fundamental ways; and

**WHEREAS**, after months of improving COVID-19 epidemiological conditions in Washington State, the emergence of highly contagious COVID-19 variants, including the "Delta" variant that is at least twice as transmissible as the virus that emerged in late 2019, coupled with the continued significant numbers of unvaccinated people, caused COVID-19 cases and hospitalizations to rise sharply among unvaccinated populations and resulted in breakthrough infections in some fully vaccinated individuals; and, while cases and hospitalizations are currently decreasing, both exceeded the prior peak levels experienced in December 2020 and remain high; and

**WHEREAS**, over the past 20 months, health experts and epidemiological modeling experts, including those at the Department of Health, the United States Centers for Disease Control and Prevention (CDC), and our state universities, have gained critical knowledge regarding the spread of COVID-19, including a better understanding of the risks associated with certain activities and the measures that can be taken to reduce those risks; and

**WHEREAS**, we now know that several factors increase the risk for person-to-person COVID- 19 transmission; such factors include (1) the more that people and groups interact, (2) the longer those interactions last, (3) the closer the contact between individuals, (4) the denser the occupancy for indoor facilities, (5) the lack of use of face coverings, and (6) the increased risk of transmission from unvaccinated individuals; and

**WHEREAS**, Large Events, as defined herein, present a heightened risk of COVID-19 transmission because (1) Large Event participants and attendees spend extensive periods of time physically close to large numbers of people, (2) the frequency and total duration of close contact among participants and attendees is increased, thereby increasing the risk that respiratory particles will be transmitted between participants and attendees, (3) Large Events draw participants and attendees from wide geographical areas, often including participants and attendees from other states and countries who may be infected with more infectious COVID-19 variants, and (4) effective contact tracing may be difficult due to the potential for uncontrolled mixing among large groups of attendees who are unlikely to be together again; and

**WHEREAS**, on August 20, 2021, I issued Proclamation 20-25.15 amending Proclamation 20- 25, et seq., by reinstating prohibitions against use of indoor spaces without the use of a face covering; and

**WHEREAS**, on September 13, 2021, I issued Proclamation 20-25.17 amending Proclamation 20-25, et seq., to prohibit (1) any individual from failing to wear a face covering as required by the Secretary of Health's face covering order and any subsequent amendments, (2) any governmental, commercial, or nonprofit entity or private party from allowing any individual to enter or remain in any indoor space under their control unless the individual is in compliance with the Secretary of Health's face covering order and any subsequent amendments, and (3) any organizer of an outdoor event or gathering attended by 500 or more people from

allowing any individual to be in attendance unless the individual is in compliance with the Secretary of Health's face covering order and any subsequent amendments; and

**WHEREAS**, COVID-19 vaccines are effective in reducing infection and severe disease, and widespread vaccination is the primary means we have as a state to protect everyone, including persons who cannot be vaccinated for medical reasons, youth who are not eligible to receive a vaccine, immunocompromised individuals, and vulnerable persons including persons in health care facilities, long-term care facilities and other congregate care facilities from COVID-19 infections; and

**WHEREAS**, widespread vaccination is also the primary means we have as a state to protect our health care system, to avoid the return of stringent public health measures, and to put the pandemic behind us; and

**WHEREAS**, COVID-19 vaccinations have been available in Washington State from December 2020 to the present, and since April 15, 2021, all Washingtonians over the age of 16 have been eligible to receive free COVID-19 vaccinations from a wide variety of providers at many locations; and

**WHEREAS**, as of November 8, 2021, according to the Washington State Immunization Information System, almost 5.2 million Washingtonians, over 79 percent of those 12+ years of age, had initiated their vaccine series, leaving about a significant percentage of eligible Washingtonians unvaccinated; and

**WHEREAS**, COVID-19 vaccines are safe and effective. COVID-19 vaccines were evaluated in clinical trials involving tens of thousands of participants and met the U.S. Food & Drug Administration's (FDA) rigorous scientific standards for safety, effectiveness, and manufacturing quality needed to support emergency use authorization; and, to date, more than 434 million doses of COVID-19 vaccines have been given in the United States with over 10 million of those doses administered in Washington, and serious safety problems and long-term side effects are rare; and

**WHEREAS**, on July 6, 2021, the Office of Legal Counsel of the United State Department of Justice issued a legal opinion stating that federal and state governments were not prohibited by federal law from imposing vaccination mandates, even when the only vaccines available are those authorized under the FDA's Emergency Use Authorizations; and

**WHEREAS**, the worldwide COVID-19 pandemic and its persistence in Washington State continue to threaten the life and health of our people as well as the economy of Washington State, and remain a public disaster affecting life, health, property or the public peace; and

**WHEREAS**, the Washington State Department of Health continues to maintain a Public Health Incident Management Team in coordination with the State Emergency Operations Center and other supporting state agencies to manage the public health aspects of the incident; and

**WHEREAS**, the Washington State Military Department Emergency Management Division, through the State Emergency Operations Center, continues coordinating resources across state government to support the Department of Health and local health officials in alleviating the impacts to people, property, and infrastructure, and continues coordinating with the state Department of Health in assessing the impacts and long-term effects of the incident on Washington State and its people; and

**NOW, THEREFORE**, I, Jay Inslee, Governor of the state of Washington, as a result of the above noted situation, and under Chapters 38.08, 38.52 and 43.06 RCW, do hereby proclaim and order that a State of Emergency continues to exist in all counties of Washington State, that Proclamations 20-05 and 21-16, as amended, remain in effect, and that, to help preserve and maintain life, health, property or the public peace pursuant to RCW 43.06.220(1)(h), and (3), I hereby prohibit, subject to the conditions, exceptions, and circumstances set forth below, the following activities:

1. Prohibitions. This order prohibits the following:

- a. Any individual 12 years of age or older from attending a Large Event in person unless the individual has (1) been fully vaccinated against COVID-19 and provided proof thereof to the Large Event Organizer, or (2) received a negative result from an FDA- approved molecular (e.g., PCR) or antigen COVID-19 test performed on a specimen collected from the individual within the 72 hours preceding the individual's attendance at the Large Event and provided proof thereof to the Large Event Organizer;
- b. Any Large Event Organizer from allowing any individual 12 years of age or older to attend a Large Event in person, unless the individual has (1) been fully vaccinated against COVID-19 and provided proof thereof to the Large Event Organizer, or (2) received a negative result from an FDA-approved molecular (e.g., PCR) or antigen COVID-19 test performed on a specimen collected from the individual within the 72 hours preceding the individual's attendance at the Large Event and provided proof thereof to the Large Event Organizer; and,
- c. Any Large Event Organizer from conducting a Large Event without first notifying the Large Event attendees of the vaccination and testing requirements of this Order, including notifying individuals of the acceptable forms of proof of full vaccination and a negative test result. Every public communication regarding the Large Event, including any reservation and ticketing system, must include notice that proof of COVID-19 vaccination or a negative COVID-19 test will be required

to attend the event.

2. Acceptable Proof of Full Vaccination Against COVID-19. Where required above, individuals attending a Large Event must provide proof of full vaccination against COVID-19 by presenting the original, a copy, or a photo of one of the following:
- A CDC COVID-19 Vaccine Record Card;
  - Documentation of vaccination from a health care provider or electronic health record;
  - A state immunization information system record. For individuals vaccinated in Washington, this may include a Certificate of COVID-19 Vaccination or QR code from MyIRMobile (<https://myirmobile.com>), a Washington Department of Health partner website for immunization records, or QR code made available by the Washington Department of Health (<https://waverify.doh.wa.gov/>); or
  - For an individual who was vaccinated outside of the United States, a reasonable equivalent of any of the above.
- Personal attestation is not an acceptable form of proof of COVID-19 vaccination. Additional proof of an individual's identity, such as a driver's license, is not required under this Order.
3. Acceptable Proof of a Negative COVID-19 Test Result. Where required above, individuals attending a Large Event must provide proof of a negative COVID-19 test result by presenting the original, a copy, or a photo of a document or other communication from the test provider or laboratory that shows:
- The first and last names of the individual tested;
  - The type of test performed (must be molecular or antigen);
  - The date the specimen was collected (must be within the 72 hours preceding the individual's participation in or attendance at the Large Event); and
  - A negative result.

Personal attestation is not an acceptable form of proof of COVID-19 vaccination. Additional proof of an individual's identity, such as a driver's license, is not required under this Order.

4. Large Event Organizers May Exceed These Requirements. Nothing in this order prohibits Large Event Organizers from implementing requirements that exceed the requirements of this Order.

5. Definitions.

- "Fully Vaccinated against COVID-19": A person is fully vaccinated against COVID-19 two weeks after they have received the second dose in a two-dose series of a COVID-19 vaccine (e.g., Pfizer-BioNTech or Moderna) or a single-dose COVID-19 vaccine (e.g., Johnson & Johnson (J&J)/Janssen) authorized for emergency use, licensed, or otherwise approved by the FDA or listed for emergency use or otherwise approved by the World Health Organization.
- "Large Event" means (1) any ticketed or preregistered assembly of 10,000 or more individuals at an outdoor venue that has defined entrances and exits, or (2) any ticketed or preregistered assembly of 1,000 or more individuals at an indoor venue that has defined entrances and exits. Event staff and volunteers are not included in the attendee count.
- "Large Event" does not include any assembly operated, managed, conducted, controlled, or supervised by a public, private, or charter K-12 educational organization or a religious or faith-based organization.
- "Large Event Organizer" means any governmental, commercial, or nonprofit entity or private party that operates, organizes, manages, conducts, controls, or supervises, in whole or in part, any Large Event.

e.

I again direct that the plans and procedures of the *Washington State Comprehensive Emergency Management Plan* be implemented throughout state government. State agencies and departments are directed to continue utilizing state resources and doing everything reasonably possible to support implementation of the *Washington State Comprehensive Emergency Management Plan* and to assist affected political subdivisions in an effort to respond to and recover from the COVID-19 pandemic.

I continue to order into active state service the organized militia of Washington State to include the National Guard and the State Guard, or such part thereof as may be necessary in the opinion of The Adjutant General to address the circumstances described above, to perform such duties as directed by competent authority of the Washington State Military Department in addressing the outbreak.

Additionally, I continue to direct the Department of Health, the Washington State Military Department Emergency Management Division, and other agencies to identify and provide appropriate personnel for conducting necessary and ongoing incident related assessments.

Violators of this order may be subject to criminal penalties pursuant to RCW 43.06.220(5). This order is effective at 12:01 am on November 15, 2021. Unless extended or amended, upon expiration or termination of this proclamation the provisions of Proclamation 20-25, et seq., will continue to be in effect until the state of emergency, issued on February 29, 2020, pursuant to Proclamation 20-05, is rescinded.

Signed and sealed with the official seal of the state of Washington on this 15th day of November, A.D., Two Thousand and Twenty-One at Olympia, Washington.

**WHEREAS**, on July 15, 2021, the American College of Obstetricians and Gynecologists, together with the Society for Maternal-Fetal Medicine, posted a formal opinion stating that medical professionals have an ethical obligation to be vaccinated against COVID-19 to prevent the spread of harmful infectious diseases, and that women who are or may become pregnant should be vaccinated against COVID-19; and

**WHEREAS**, the sharp increase in COVID-19 cases and hospitalizations, primarily among unvaccinated populations but also in breakthrough infections in some fully vaccinated individuals, makes it vital to expand the vaccination requirement to workers in educational settings; and

**WHEREAS**, to provide additional clarity and ease of administration, in Proclamation 21- 14.2, I extended the prohibition to additional groups relating to the vaccination requirement imposed in Proclamation 21.14 and 21-14.1; and

- b. Any State Agency from permitting any Worker to engage in work for the agency after October 18, 2021 if the Worker has not been fully vaccinated against COVID-19 and provided proof thereof as required below;
- c. Any Worker from engaging in work for the operator of an Educational Setting after October 18, 2021 if the Worker has not been fully vaccinated against COVID-19;

A lawful authority includes, but is not limited to, law enforcement, local health jurisdictions, and the state Department of Health.

2. Exemptions and Exceptions.

a. Disability and Religious Accommodations

- Workers for State Agencies, Workers for operators of Educational Settings, and Health Care Providers are not required to get vaccinated against COVID-19 under this Order if they are unable to do so because of a disability or if the requirement to do so conflicts with their sincerely held religious beliefs, practice, or observance. Workers for State Agencies, Workers for operators of Educational Settings, and Health Care Providers are prohibited from claiming an exemption or accommodation on false, misleading, or dishonest grounds, including by providing false, misleading, or dishonest information to a State Agency, operator of an Educational Setting, or operator of a Health Care Setting when seeking an accommodation.

  - Must, to the extent permitted by law, before providing a sincerely held religious belief accommodation to the requirements of this Order, document that the request for an accommodation has been made and include a statement in the document explaining the way in which the requirements of this order conflict with the sincerely held religious belief, practice, or observance of the individual;
  - Must, to the extent permitted by law, require an individual who receives an accommodation to take COVID-19 safety measures that are consistent with the recommendations of the state Department of Health and the Department of Labor & Industries for the setting in which the individual works; and
  - Are prohibited from providing accommodations:

- That they know are based on false, misleading, or dishonest grounds or information;
  - That they know are based on the personal preference of the individual and not on an inability to get vaccinated because of a disability or a conflict with a sincerely held religious belief, practice, or observance; or
  - Without conducting an individualized assessment and determination of each individual's need and justification for an accommodation; i.e., "rubberstamping" accommodation requests.
- b. Any individual who is unable to get fully vaccinated against COVID-19 by October 18, 2021 due to the requirements of their participation in a COVID-19 vaccine clinical trial is exempt from this Order. Any individual who becomes old enough to receive any COVID-19 vaccine, as authorized for emergency use, licensed, or otherwise approved by the FDA, while this Order is in effect must come into compliance with the requirements of this Order within 60 days of the day they became eligible. Any State Agency, operator of an Educational Setting, or operator of a Health Care Setting for which such an individual engages in work must also come into compliance with the requirements of this Order with respect to the individual by that deadline.

Examples of such emergent events and conditions include, but are not limited to, fires, floods, or other natural disasters, inoperable security door and camera controls, riot or hostage situations, or building system failures that are likely to result in death or serious bodily harm if not addressed. Any such response must be limited to the duration and scope necessary to address the emergent event. Facility leadership must approve and document, within a reasonable time of the event, that the circumstances met the narrow parameters of this exception and that reasonable efforts were made to engage contractors whose vaccination status is verified. Facility leadership must retain the documented approval and produce it upon request to a lawful authority or as otherwise required by law. A lawful authority includes, but is not limited to, law enforcement, local health jurisdictions, and the state Department of Health. When the emergent event or condition has been resolved, the contractor and facility leadership must make and document ongoing, good faith efforts to comply with the vaccination verification and other requirements of this proclamation if the contractor will be engaging in additional work at the facility.
