Notes

The brief descriptions and digest paragraphs in this digest were prepared by the employees of the legislature as a guide to interested persons concerned with the various measures pending before the legislature. Brief descriptions and digest paragraphs are not offered in substitution of or supplementary to the official titles and official text of the legislative measures. The brief descriptions and digest paragraphs are not intended to constitute any part of the law, are not in any manner adopted or acted upon by the legislature, and are in no way evidence of the intent of the legislature.

If the only action on a bill for a session is "By resolution, reintroduced and retained in present status." and no action other than "By resolution, reintroduced and retained in present status." occurs in subsequent sessions in the two-year legislative cycle for that bill, the history for those sessions will not be printed in this publication.

Companion bills are shown for original bills only.

The brief description for each bill family shows only once on the original bill unless there is a change in the brief description for a later version of the bill.

HOW TO USE THE "LEGISLATIVE DIGEST AND HISTORY OF BILLS"

The *Legislative Digest and History of Bills* is a joint legislative publication which is published after the final legislative session each year.

During the legislative session, a daily *Legislative Digest* is available. Use the daily *Legislative Digest* to keep up with the new introductions (including substitute bills) and the amendments to the various measures in between publications of the *Legislative Digest and History of Bills*. (A "-S" or "-S2" following the bill number indicates a substitute, e.g., SB 5009-S, HB 1071-S2.) The latest legislative history on the measures is also provided in the *Legislative Digest* publication.

This publication consists of three parts:

- (1) Digest paragraphs and legislative actions on all measures (bills);
- (2) RCW - Bill Table;
- (3) Topical Index; and
- (4) Session Law Chapter to Bill Table

DIGEST PARAGRAPHS AND LEGISLATIVE ACTIONS

This portion consists of the following:

- (1) The summary digest paragraphs and legislative actions on all bills, joint memorials, joint resolutions, concurrent resolutions, and floor resolutions considered by the House or Senate during the legislative session;
- (2) Summary paragraph and legislative actions on gubernatorial appointments submitted to and being considered by the Senate;
- (3) The listing of the bills a member has sponsored along with an indication of prime sponsorship; and
- (4) The special status of legislation reports for the Senate and the House.

The bulk of the *Legislative Digest and History of Bills* is formed by an in-sequence listing of measures. In this listing are included the measure number, the legislative and "by-request" sponsors, the latest digest paragraphs, and the bill histories. This portion of the publication is divided into two sections: Senate measures and House measures. Initiatives, bills, joint memorials, joint resolutions, concurrent resolutions, floor resolutions, and gubernatorial appointments are included as measures.

Reports on the special status of legislation follow the Senate and House digest history portion of the book. The reports are listed as they become available as legislation progresses down the path toward enactment. A full listing of the reports available in a particular *Legislative Digest and History of Bills* is found on the Index Page of the *Legislative Digest and History of Bills* beginning on page one. Several examples of these reports are:

- (1) Senate Bills Introduced by Members
(Prime sponsorship is noted by a bullet (large dot) before the bill number;)
- (2) Senate Bills Introduced by Request;
- (3) Senate Bills Passed by the Senate;
- (4) Senate Bills Passed by the Senate and House;
- (5) Senate Bills Failed to Pass the House;
- (6) Senate Bills Passed Both Houses Showing Executive Action; and
- (7) Governor's Messages on Bills Vetoed or Partially Vetoed
VO - Veto overridden
PV - Partial Veto
V - Veto

Comparable reports are supplied for the House Bills. (See Table of Contents for page numbers.)

RCW - BILL TABLE

The *Legislative Digest and History of Bills* contains a table which lists the statutes being affected by the current bills. This table is widely used by legislative drafters as well as all other attorneys concerned with the legislative process. The "S" found preceding the bill numbers in this table means that the bill being referred to is the substitute version. All first substitutes are noted by an "S" preceding the bill number; second, third, etc., are noted by 2S, 3S, etc.; e.g.,

38.03.030	AMD	SHB	1301*
38.03.040	AMD	SHB	1375+
39.07.060	REP	2SSB	5111

The "RCW (Statute Number) to Bill Number Table" lists in code section number order the sections in the Revised Code of Washington (RCW) that are the subject matter of current legislation. The action the bill takes on the section is listed with the following abbreviations: ADD (adding a new section or section to a code chapter or code title), AMD (amending), DECD (decodifying), RECD (recodifying), REMD (reenacting and amending), REEN (reenacting), and REP (repealing). It is especially useful in the closing days of the session to determine whether a code section currently under consideration by the legislature may already have been repealed or amended during the session, in which event the earlier action must be taken in cognizance. In addition to being included in the *Legislative Digest and History of Bills*, an electronic version of this table is available at Washington State Legislative website. The URL to the website is <http://www.leg.wa.gov>, choose Bill Info and then RCW to Bill Table.

The symbols on the table indicate whether the amended section or the new section has passed the legislature or has been signed into law or vetoed by the Governor. A "p" following the bill number means that the legislature has passed the bill. An asterisk ("*") means that executive action or inaction has been recorded upon the bill during the first year of the two-year legislative cycle. A plus sign ("+") means that executive action or inaction has been recorded upon the bill during the second year of the two-year legislative cycle. Generally, the "*" and "+" mean that the Governor has signed the bill into law with or without a partial veto.

TOPICAL INDEX

The Topical Index is at the end of the *Legislative Digest and History of Bills*. The Topical Index entries are entered soon after the bills are introduced on the floor, so that researchers can search the text of the index for measures related to their issue. Various symbols are found in the index which aid in determining the type of measures to which the index entry refers. The table of abbreviated symbols for the Topical Index is found on the page beginning the Topical Index section.

Provides that in any action or arbitration for damages for injury or death occurring as a result of health care or related services, or the arranging for the provision of health care or related services, whether brought under chapter 7.70 RCW, RCW 4.20.010, 4.20.020, 4.20.046, 4.20.060, 4.24.010, or 48.43.545 (1), any other applicable law, or any combination thereof, that is based upon the alleged wrongful acts or omissions of one or more health care professionals, whether or not those health care professionals are named as defendants, the total combined civil liability for noneconomic damages for all health care professionals, all persons, entities, and health care institutions for whose conduct the health care professionals could be held liable, and all persons, entities, and health care institutions that could be held liable for the conduct of any health care professionals, shall not exceed three hundred fifty thousand dollars for each claimant, regardless of the number of health care professionals, health care providers, or health care institutions against whom the claim for injury or death is or could have been asserted or the number of separate causes of action on which the claim is based.

Provides that an attorney may not contract for or collect a contingency fee for representing a person in connection with an action for damages for injury or death occurring as a result of health care or related services, or the arranging for the provision of health care or related services, in excess of the following limits: (1) Forty percent of the first fifty thousand dollars recovered;

(2) Thirty-three and one-third percent of the next fifty thousand dollars recovered;

(3) Twenty-five percent of the next five hundred thousand dollars recovered;

(4) Fifteen percent of any amount in which the recovery exceeds six hundred thousand dollars.

Declares that the limitations in this provision apply regardless of whether the recovery is by judgment, settlement, arbitration, mediation, or other form of alternative dispute resolution.

Provides that, in no event may an action be commenced more than three years after the act or omission alleged to have caused the injury or condition except: (1) Upon proof of fraud, intentional concealment, or the presence of a foreign body not intended to have a therapeutic or diagnostic purpose or effect, in which case the patient or the patient's representative has one year from the date the patient or the patient's representative or custodial parent or guardian has actual knowledge of the act of fraud or concealment or of the presence of the foreign body within which to commence a civil action for damages.

(2) In the case of a minor, upon proof that the minor's custodial parent or guardian and the defendant or the defendant's insurer have committed fraud or collusion in the failure to bring an action on behalf of the minor, in which case the patient or the patient's representative has one year from the date the patient or the patient's representative other than the custodial parent or guardian who committed the fraud or collusion has actual knowledge of the fraud or collusion, or one year from the date of the minor's eighteenth birthday, whichever provides a longer period.

(3) In the case of a minor under the full age of six years, in which case the action on behalf of the minor must be commenced within three years, or prior to the minor's eighth birthday, whichever provides a longer period.

Provides that a contract for health care or related services that contains a provision for arbitration of a dispute as to professional negligence of a health care provider as defined in RCW 7.70.020, whether brought under chapter 7.70 RCW, RCW 4.20.010, 4.20.020, 4.20.046, 4.20.060, or 4.24.010, any other applicable law, or any combination thereof, must have the provision as the first article of the contract and the provision must be expressed in the following language:

"It is understood that any dispute as to medical malpractice that is as to whether any health care or related services rendered under this contract were unnecessary or unauthorized or were improperly, negligently, or incompetently rendered, will be

determined by submission to arbitration as provided by Washington law, and not by a lawsuit or resort to court process except as Washington law provides for judicial review of arbitration proceedings. Both parties to this contract, by entering into it, are giving up their constitutional right to have such a dispute decided in a court of law before a jury, and instead are accepting the use of arbitration."

Declares that a public or private hospital shall be liable for an act or omission of a health care provider granted privileges to provide health care at the hospital only if the health care provider is an actual agent or employee of the hospital and the act or omission of the health care provider occurred while the health care provider was acting within the course and scope of the health care provider's agency or employment with the hospital.

Declares that a person who is a health care provider under RCW 7.70.020 (1) or (2) shall not be personally liable for any act or omission of any other health care provider who was not the person's actual agent or employee or who was not acting under the person's direct supervision and control at the time of the act or omission.

SI 336 by People of the State of Washington

Finds that increases in rate filings in insurance have widespread impact in the availability and affordability of medical malpractice liability insurance. In some cases, excessive rate increases result in limiting the availability of affordable insurance in markets, which in turn threatens the viability of the services or products that are to be insured.

Finds that there are several contributing causes to the current medical liability problem, and addressing these causes requires reducing medical errors while increasing patient safety and information and reducing the cost of our medical liability system.

Declares that it is in the public interest to maintain an efficient and expeditious regulatory environment in which to conduct the business of insurance. This interest must be balanced by the equally important public interest in promoting a greater range of medical liability insurance options to increase accessibility and affordability of this insurance and increase transparency when excessive rate filings impact the very health care practices and businesses that are to be insured.

Declares an intent to increase consumer access to information regarding medical malpractice liability and insurance and to reduce costs by increasing patient safety and information.

Creates a supplemental malpractice insurance program to provide an excess layer of liability coverage for medical malpractice claims.

Provides that a board of governors will oversee the operations of the program. The management and operations of the program are subject to the supervision and approval of the board.

Provides that the program must charge an annual premium to health care facilities and providers who decide to buy excess medical malpractice liability coverage from the program. The program must use this money to pay claims, administrative costs, and other expenses of the program.

Requires the program to file an annual statement with the commissioner by March 1st of each year. The statement must contain information about the program's transactions, financial condition, and operations during the past calendar year. The commissioner may establish rules for the form and content of this statement.

Provides that, if a health care facility or provider buys insurance to establish proof of financial responsibility, the insuring entity that provides underlying coverage must certify in writing to the program that the facility or provider has medical malpractice coverage with limits of liability as specified in this act. The limits set forth in this act apply to any joint liability of a provider and his or her corporation or partnership.

Declares that the minimum retained limits of liability are: (1) For health care providers: (a) Two hundred fifty thousand dollars per claim; and (b) annual aggregate limits of seven hundred fifty thousand dollars;

(2) For facilities with fewer than twenty-five employees that do not provide surgical services: (a) Two hundred fifty thousand dollars per claim; and (b) annual aggregate limits of one million two hundred fifty thousand dollars;

(3) For hospitals with a capacity of less than one hundred beds: (a) Five hundred thousand dollars per claim; and (b) annual aggregate limits of five million dollars;

(4) For hospitals with a capacity of one hundred or more beds: (a) Five hundred thousand dollars per claim; and (b) annual aggregate limits of eight million dollars;

(5) For health maintenance organizations that do not provide hospital services: (a) Five hundred thousand dollars per claim; and (b) annual aggregate limits of five million dollars;

(6) For health maintenance organizations that provide hospital services: (a) Five hundred thousand dollars per claim; and (b) annual aggregate limits of eight million dollars; and

(7) For all other types of health care facilities: (a) Five hundred thousand dollars per claim; and (b) annual aggregate limits of three million dollars.

Provides that, beginning in 2007, the commissioner must prepare an annual report by June 30th that summarizes and analyzes the closed claim reports for medical malpractice filed under section 126 of this act and the annual financial reports filed by insurers writing medical malpractice insurance in this state.

Declares that the legislature may appropriate for the biennium ending June 30, 2007, any sum of money it deems necessary to the department of health to: (1) Provide capital and surplus to the supplemental malpractice insurance program; and

(2) Pay administrative expenses incurred to establish the supplemental malpractice insurance program.

Declares that no person who has been found to have within a ten-year period committed three or more incidents of medical malpractice shall be licensed or continue to be licensed by the commission to practice medicine.

Provides that nothing in this act limits the authority of the disciplining authority to revoke a license or take other disciplinary action when the license holder has committed only one or two acts of unprofessional conduct.

Provides that, upon receipt of a written request from a patient or an immediate family member of a deceased or disabled family member to examine or copy records made or received in the course of business by a health care facility or provider relating to any adverse medical incident, the health care facility or provider, as promptly as required by the circumstances, but not later than fifteen working days after receiving the request, shall: (1) Make the information available for examination during regular business hours and provide a copy, if requested, to the patient or an immediate family member of a deceased or disabled family member. In providing such access, the identity of patients involved in the incidents shall not be disclosed, and any privacy restrictions imposed by federal law shall be maintained; or

(2) Inform the patient or an immediate family member of a deceased or disabled patient if the information does not exist or cannot be found.

Declares that, in any action under chapter 7.70 RCW, each side shall presumptively be entitled to only two expert witnesses on an issue, except upon a showing of necessity. Where there are multiple parties on a side and the parties cannot agree as to which experts will be called on an issue, the court, upon a showing of necessity, shall allow additional experts on an issue to be called as the court deems appropriate.

Provides that, in any action under this act, an attorney that has drafted, or assisted in drafting and filing an action, counterclaim, cross-claim, third-party claim, or a defense to a claim, upon signature and filing, certifies that to the best of the party's or attorney's knowledge, information, and belief, formed after reasonable inquiry it is not frivolous, and is well grounded in fact and is warranted by existing law or a good faith argument for the extension, modification, or reversal of existing law, and that it is not interposed for any improper purpose, such as to harass or to cause frivolous litigation.

Declares that, if an action is signed and filed in violation of this rule, the court, upon motion or upon its own initiative, may impose upon the person who signed it, a represented party, or both, an appropriate sanction, which may include an order to pay to the other party or parties the amount of the reasonable expenses incurred because of the filing of the action, counterclaim, cross-claim, third-party claim, or a defense to a claim, including a reasonable attorney fee. The procedures governing the enforcement of RCW 4.84.185 shall apply to this provision.

Requires that, within one hundred twenty days after filing a lawsuit under this chapter, the attorney of record, or the plaintiff if pro se, must file a certificate of merit. The certificate must state that the attorney or pro se plaintiff has consulted with a qualified expert who believes on a more probable than not basis that the claim set forth satisfies at least one of the basis for recovery under this chapter. Upon a showing of good cause, a court may extend the time frame for filing the certificate for a period not to exceed sixty days.

SB 5005 by Senators Jacobsen, Oke, Kline, Parlette, Fraser, and Shin

Supporting nature-based tourism.

(SEE ALSO PROPOSED 2ND SUB)

Finds that there is general agreement among the hospitality industry, tourism interests, local governments, and watchable wildlife organizations that owners of working farms, woodlands, and rural open space lands provide a significant portion of the key areas for the wildlife which in turn attract the nature-based tourists.

Declares that, while tourism promotion interests seek to provide incentives to these landowners to maintain these key areas in a manner that benefits wildlife, and to assist them in managing the tourists that seek to appreciate this wildlife, there is a need to ensure flexibility in existing tourism promotion programs to provide this assistance.

Declares that it is the purpose of this act to clarify that the existing program for distribution of lodging tax revenues to promote tourism and to acquire, develop, and operate tourist facilities may include assistance to private landowners for this purpose, consistent with existing local strategies and priorities for tourism promotion.

SB 5005-S by Senate Committee on Natural Resources, Ocean & Recreation (originally sponsored by Senators Jacobsen, Oke, Kline, Parlette, Fraser, and Shin)

(SEE ALSO PROPOSED 2ND SUB)

Finds that there is general agreement among the hospitality industry, tourism interests, local governments, and watchable wildlife organizations that owners of working farms, woodlands, and rural open space lands provide a significant portion of the key areas for the wildlife which in turn attract the nature-based tourists.

Declares that, while tourism promotion interests seek to provide incentives to these landowners to maintain these key areas in a manner that benefits wildlife, and to assist them in managing the tourists that seek to appreciate this wildlife, there is a need to ensure flexibility in existing tourism promotion programs to provide this assistance.

Declares that it is the purpose of this act to clarify that the existing program for distribution of lodging tax revenues to promote tourism and to acquire, develop, and operate tourist facilities may include assistance to private landowners for this purpose, consistent with existing local strategies and priorities for tourism promotion.

Declares that "tourism promotion" also includes payments to the owners of farms, forests, and open lands under an agreement

with the owners to provide public access to lands and to manage wildlife habitat in a manner that promotes tourism.

SB 5005-S2 by Senate Committee on Natural Resources, Ocean & Recreation (originally sponsored by Senators Jacobsen, Oke, Kline, Parlette, Fraser, and Shin)

(DIGEST OF PROPOSED 2ND SUBSTITUTE)

Finds that there is general agreement among the hospitality industry, tourism interests, local governments, and watchable wildlife organizations that owners of working farms, woodlands, and rural open space lands provide a significant portion of the key areas for the wildlife which in turn attract the nature-based tourists.

Declares that, while tourism promotion interests seek to provide incentives to these landowners to maintain these key areas in a manner that benefits wildlife, and to assist them in managing the tourists that seek to appreciate this wildlife, there is a need to create options for local governments seeking to provide monetary incentives to these landowners.

Declares it is the purpose of this act to provide local governments, at their option, an additional source of lodging tax revenue that may be used to provide monetary incentives to landowners who agree to undertake activities that promote nature-based tourism.

Improving real estate excise tax procedures for taxation of water rights transfers.

(SEE ALSO PROPOSED 1ST SUB)

Declares an intent to improve the real estate excise tax reporting and collection process for the transfer of water rights that are transferred separately from the land.

Declares an intent to improve reporting by requiring the department of ecology and water conservancy boards to provide the department of revenue with information about these transfers and to allow the reporting and payment of any real estate excise tax for these transfers to be made directly to the department of revenue, thereby relieving the counties of responsibility for collection of such tax payments and reports.

Requires that, for the sale of a water right that is transferred separately from the land and tax is due under chapter 82.45 RCW, the sale shall be reported to the department within five days from the date of the sale on such returns and according to such procedures as the department may prescribe. The transferor and the transferee must sign such returns. Payment of the tax due must accompany the return. Any person who intentionally makes a false statement on any return required to be filed with the department under this chapter is guilty of perjury.

SB 5029 by Senators Jacobsen, Rockefeller, Kohl-Welles,
Kline, Franklin, and Eide

Companion Bill: 1123

Requiring safe drinking water in schools.

(SEE ALSO PROPOSED 1ST SUB)

Finds that although water delivered from the community's public water system must meet federal and state standards for lead and other contaminants, a school building may still have unacceptable drinking water contamination levels due to pipes, plumbing materials, and water use patterns within the school facility.

Finds that the best way to ensure that drinking water is safe in a particular school building is to test drinking and cooking water outlets such as taps, bubblers, and fountains, and to promptly correct problems where contaminant concentrations are found to exceed safe levels.

Requires the board to adopt, by rule, drinking water quality standards for lead, copper, cadmium, and corrosion within school facilities.

Authorizes the board to adopt, by rule, school drinking water quality standards for other contaminants if the board determines that: (1) The presence of such contaminants is not due to insufficient implementation of public water system standards or corrosion treatment protocols; and

(2) Setting school drinking water standards for such contaminants is necessary to protect public health and safety.

Requires the department to examine compliance with adopted standards and rules and provide a report to the appropriate committees of the legislature biennially, beginning December 1, 2007. In the report due December 1, 2011, the department shall report on the status of testing, disclosure of test results, and corrective actions taken at school facilities across the state.

Requires this report to include any recommendations, in bill form, for legislation that would improve compliance with, or facilitate the enforcement or achievement of, school safe drinking water standards established under this act, including any needed compliance enforcement authority to be added to this act.

Does not apply to schools that are regulated as nontransient noncommunity systems under chapter 246-290 WAC.

SB 5029-S by Senate Committee on Water, Energy & Environment (originally sponsored by Senators Jacobsen, Rockefeller, Kohl-Welles, Kline, Franklin, and Eide)

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Recognizes that safe water delivered to a school can be adversely impacted by the plumbing in the facility, and finds that the best way to ensure that drinking water is safe in a particular school building is through testing water from individual taps and bubblers, setting action levels for drinking water quality, and developing and implementing corrective action plans when problems are found.

Declares an intent that the exclusive responsibility remains with the local school governing authority of the school institutions for: (1) Providing information to the public about water quality and other environmental health risks in their school facilities;

(2) Undertaking corrective actions to respond to exceedances of drinking water action levels in schools;

(3) Ensuring sufficient monitoring of drinking water in school facilities is conducted to identify where such exceedances are occurring;

(4) Ensuring test results are widely accessible to parents, students, staff, and local and state health departments; and

(5) Ensuring broad community participation with prioritizing and resolving water quality and other environmental health risks.

Requires the board to adopt rules for drinking water in school facilities by August 1, 2006.

Directs the state building code council to examine the uniform plumbing code for consistency with applicable state and federal standards for lead plumbing and solders, fixtures, bubblers, fountains, or other potential sources of lead contamination of drinking water, particularly regarding the application of the code to construction of school buildings. The council shall also examine the effectiveness of those standards in new plumbing construction projects to minimize the leaching of lead into the drinking water consumed at the tap.

Provides that, by December 1, 2006, the council must submit a report on its review to the appropriate legislative committees on their findings, with recommendations for actions to ensure the code is effective in its content, implementation, and enforcement to minimize in new plumbing construction projects the leaching of lead into the drinking water consumed at the tap.

SB 5030 by Senators Jacobsen and Fraser

Creating the toxic exposure reporting and tracking review panel.

Finds that there is a well-established link between toxic chemical exposure, human health, and environmental impacts. The widespread use of chemicals in our society has resulted in an increased demand for full-scale health investigations, assessment of resource damages, and health effects information. Increased reporting, comprehensive unbiased investigation capability, and enhanced community education efforts are required to maintain this state's responsibilities to provide for public health and safety.

Declares an intent that the various state agencies responsible for chemical use and regulation coordinate their activities in a timely manner to ensure adequate monitoring of chemical use and protection of workers, adults, and children from the effects of toxic chemical exposure.

Designates the duties and responsibilities of the panel.

Regulating ATVs.

Requires the department to adopt standards for and implement a comprehensive all-terrain vehicle safety education and training program. The program must provide for the hands-on training of all-terrain vehicle operators, and for the issuance of all-terrain vehicle safety certificates to operators who successfully complete the training. Course content must be adopted from a curriculum developed by a nationally recognized safety organization, such as the All-Terrain Vehicle Safety Institute.

Provides that the department may authorize persons, clubs, associations, municipalities, or other political subdivisions of the state to conduct classes and issue all-terrain vehicle safety certificates in the director's name. Any authorized person, club, association, municipality, or political subdivision may charge a reasonable fee, subject to department approval, for the training course.

Requires that, beginning July 1, 2006, to operate an ATV on public land a person must possess a safety certificate issued by the director or by another state or Canadian province. A nonresident who does not possess a safety certificate may operate an ATV on public land for five days in a calendar year.

Declares that all-terrain vehicles with engine capacity of seventy cubic centimeter displacement ("cc") up to and including ninety cc may be operated on public land only by those aged twelve years and older.

Declares that all-terrain vehicles with engine capacity greater than ninety cc may be operated on public land only by those aged sixteen years and older.

SB 5034 by Senator Kastama; by request of Public Disclosure Commission

Companion Bill: 1144

Making restrictions on campaign funding.

(SUBSTITUTED FOR - SEE 1ST SUB)

Finds that: (1) Timely disclosure to voters of the identity and sources of funding for electioneering communications is vitally important to the integrity of state, local, and judicial elections.

(2) Electioneering communications that identify political candidates for state, local, or judicial office and that are distributed sixty days before an election for those offices are intended to influence voters and the outcome of those elections.

(3) The state has a compelling interest in providing voters information about electioneering communications in political campaigns concerning candidates for state, local, or judicial office so that voters can be fully informed as to the: (a) Source of support or opposition to those candidates; and (b) identity of persons attempting to influence the outcome of state, local, and judicial candidate elections.

(4) Nondisclosure of financial information about advertising that masquerades as relating only to issues and not to candidate campaigns fosters corruption or the appearance of corruption. These consequences can be substantially avoided by full disclosure of the identity and funding of those persons paying for such advertising.

(5) The United States supreme court held in *McConnell et al. v. Federal Elections Commission*, 540 U.S. 93, 124 S.Ct. 619, 157 L.Ed.2d 491 (2003) that speakers seeking to influence elections do not possess an inviolable free speech right to engage in electioneering communications regarding elections, including when issue advocacy is the functional equivalent of express advocacy. Therefore, such election campaign communications can be regulated and the source of funding disclosed.

(6) The state also has a sufficiently compelling interest in preventing corruption in political campaigns to justify and restore contribution limits and restrictions on the use of soft money in RCW 42.17.640. Those interests include restoring restrictions on

the use of such funds for electioneering communications, as well as the laws preventing circumvention of those limits and restrictions.

Declares an intent to: (1) Improve the disclosure to voters of information concerning persons and entities seeking to influence state, local, and judicial campaigns through reasonable and effective mechanisms, including improving disclosure of the source, identity, and funding of electioneering communications concerning state, local, and judicial candidate campaigns;

(2) Regulate electioneering communications that mention state, local, and judicial candidates and that are broadcast, mailed, erected, distributed, or otherwise published right before the election so that the public knows who is paying for such communications;

(3) Reenact and amend the contribution limits in RCW 42.17.640 (6) and (14) and the restrictions on the use of soft money, including as applied to electioneering communications, as those limits and restrictions were in effect following the passage of chapter 2, Laws of 1993 (Initiative No. 134) and before the state supreme court decision in *Washington State Republican Party v. Washington State Public Disclosure Commission*, 141 Wn.2d 245, 4 P.3d 808 (2000). Repeals RCW 42.17.505.

SB 5034-S by Senate Committee on Government Operations & Elections (originally sponsored by Senator Kastama; by request of Public Disclosure Commission)

(DIGEST AS ENACTED)

Finds that: (1) Timely disclosure to voters of the identity and sources of funding for electioneering communications is vitally important to the integrity of state, local, and judicial elections.

(2) Electioneering communications that identify political candidates for state, local, or judicial office and that are distributed sixty days before an election for those offices are intended to influence voters and the outcome of those elections.

(3) The state has a compelling interest in providing voters information about electioneering communications in political campaigns concerning candidates for state, local, or judicial office so that voters can be fully informed as to the: (a) Source of support or opposition to those candidates; and (b) identity of persons attempting to influence the outcome of state, local, and judicial candidate elections.

(4) Nondisclosure of financial information about advertising that masquerades as relating only to issues and not to candidate campaigns fosters corruption or the appearance of corruption. These consequences can be substantially avoided by full disclosure of the identity and funding of those persons paying for such advertising.

(5) The United States supreme court held in *McConnell et al. v. Clarifying the responsibility for enforcement noise control rules.

(SEE ALSO PROPOSED 1ST SUB)

Declares that local governments retain primary responsibility for the enforcement of rules adopted by the department under the provisions of chapter 70.107 RCW.

Directs the department to review and update rules enacted under chapter 70.107 RCW. Updated rules must comply with existing statutory provisions, and be based on recent, best available science. The department must also clarify rules on low bass frequency decibel levels.

SB 5043-S by Senate Committee on Government Operations & Elections (originally sponsored by Senator Mulliken)

Studying the effects of bass sound harmonics.

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Finds that: (1) Bass sound harmonics may cause adverse auditory and nonauditory effects, including hearing loss, communication and sleep disturbance, increasing stress levels,

changes in mood, and impact to cardiovascular and endocrine systems;

(2) Exposure to bass sound harmonics may cause long-term damage;

(3) With increasing population sizes and new and developing technologies for the production of bass sound harmonics, more Washingtonians are exposed for longer periods to bass sound harmonics;

(4) The scientific research into the health effects of bass sound harmonics has not been extensively studied, and state and local programs relating to the restriction on bass sound harmonics should be considered; and

(5) The state noise program has not been comprehensively reviewed with respect to its application to bass sound harmonics.

Declares an intent to authorize a comprehensive review of current federal research studies on the health effects of bass sound harmonics, if any, and a review of current state and local noise programs that includes provisions relating to bass sound harmonics in order to provide greater understanding of opportunities to strengthen those programs as well as further public education regarding the health effects of bass sound harmonics.

Requires that, by January 1, 2007, the department of health, with the guidance of the board of health, shall provide to the appropriate committees of the senate and the house of representatives an assessment of the health effects of bass sound harmonics and recommendations for reducing the effects.

Appropriates the sum of sixty thousand dollars, or as much thereof as may be necessary, for the fiscal year ending June 30, 2006, from the general fund to the department of health for the purposes of this act. The department may contract with another entity to complete portions of the study provisions in this act, but any contract may not allow greater than twenty-five percent of the total contract amount for indirect costs.

Companion Bill: 1157

Allowing title insurance companies to provide a guarantee covering its agents.

(DIGEST AS ENACTED)

Provides that a title insurance company authorized to do business in Washington under RCW 48.05.030 may provide a guarantee in a form satisfactory to the commissioner accepting financial responsibility, up to the aggregate amount of two hundred thousand dollars, for any fraudulent or dishonest acts committed by any one or more of the employees, officers, or owners of a title insurance agent that is appointed as the title insurance company's agent.

Declares that a title insurance company providing a guarantee as permitted under this act may only do so on behalf of its properly appointed title insurance agents.

Requires all title insurance agents licensed on or before the effective date of this act to comply with this act within thirty days following the effective date.

 Management

Companion Bill: 1052

Creating the prevention quality council.

Requires the council to meet at least annually to: (1) Identify state agencies operating or funding prevention programs;

(2) Review research findings and recommendations of the institute;

(3) Identify gaps in available research and make recommendations to the legislature regarding areas that should be prioritized for future research investments;

(4) Certify, by affirmative vote of at least six members, evidence-based prevention programs for state funding; and

(5) Recommend legislation modifying duties and services of state agencies as necessary to achieve the purposes of this act.

Requires state agencies identified by the council as operating or funding prevention programs to: (1) Submit biennial reports to the council containing: (a) A description of each prevention program on which the agency expends state funds, including but not limited to whether the program is an evidence-based program; and (b) the percentage of state funds the agency receives for

prevention programs that is being expended on evidence-based programs; and

(2) Spend not less than the percentages of state funds specified in this act on certified evidence-based programs in the fiscal years specified: (a) Fifty percent in fiscal year 2007; (b) sixty percent in fiscal year 2008; and (c) seventy percent in fiscal year 2009 and thereafter.

Prohibiting tobacco product sampling.

(DIGEST AS ENACTED)

Finds that tobacco samples contribute to children's access to tobacco products by providing a no-cost initiation that encourages minors to experiment with nicotine at early ages. Sampling activity often occurs in venues frequented by minors, and tobacco samples are distributed along with other promotional items that contain tobacco brand logos, thus increasing the appeal of the tobacco products as well as the chances that children will obtain them.

Declares an intent to protect minors from the influence of tobacco sampling by eliminating the distribution of samples in this state.

Repeals RCW 70.155.060 and 82.24.270.

Prescribes penalties for violations of the act.

Requiring the disclosure of information about mold in residential dwelling units.

(DIGEST AS ENACTED)

Supports providing tenants and landlords with information designed to minimize the public's exposure to mold.

Requires landlords to provide tenants with information provided or approved by the department of health about the health hazards associated with exposure to indoor mold. Information may be provided in written format individually to each tenant, or may be posted in a visible, public location at the dwelling unit property. The information must detail how tenants can control mold growth in their dwelling units to minimize the health risks associated with indoor mold.

Requires the information to be provided by the landlord to new tenants at the time the lease or rental agreement is signed, and must be provided to current tenants no later than January 1, 2006, or must be posted in a visible, public location at the dwelling unit property beginning the effective date of this act.

Provides that the landlord and his or her agents and employees are immune from civil liability for failure to comply with this act except where the landlord and his or her agents and employees knowingly and intentionally do not comply with this act.

SB 5060 by Senators Haugen, Swecker, and Jacobsen

Regulating automated traffic safety cameras.

(SUBSTITUTED FOR - SEE 1ST SUB)

Provides that the use of automated traffic safety cameras is subject to the following regulations: (1) The appropriate local legislative authority must first enact an ordinance allowing for their use to detect one or more of the following: Stoplight or railroad crossing violations.

(2) Use of automated traffic safety cameras is restricted to two-arterial intersections and railroad crossings only.

(3) Automated traffic safety cameras may take pictures of the vehicle and vehicle license plate and only while an infraction is occurring. The picture must not reveal the face of the driver or of passengers in the vehicle.

(4) The ordinance enacted by the local legislative authority may provide that automated traffic safety cameras may take

pictures of the vehicle and vehicle license plate while an infraction is occurring.

(5) The law enforcement agency having jurisdiction shall plainly mark the locations where an automated traffic safety camera is used by placing signs on street locations that clearly indicate to drivers that they are entering a zone where traffic laws are enforced by an automated traffic safety camera.

(6) A notice of an infraction must be mailed to the registered owner of the vehicle within fourteen days of the infraction occurring.

(7) A person receiving an automated traffic infraction notice based on evidence detected by an automated traffic safety camera may respond to the notice by mail.

(8) The registered owner of a vehicle is responsible for an infraction under RCW 46.63.030(2) unless within fifteen days after notification of the infraction the registered owner furnishes the officials or agents of the municipality that issued the notice of infraction with: (a) An affidavit made under oath, stating that the vehicle involved was, at the time, stolen or in the care, custody, or control of some person other than the registered owner; or (b) testimony in open court under oath that the person was not the operator of the vehicle at the time of the alleged infraction.

Requests the Washington state supreme court to amend the Infraction Rules for Courts of Limited Jurisdiction to conform to this act. Furthermore, the legislature respectfully asks the court to create an automated traffic infraction notice that is consistent with this act.

SB 5060-S by Senate Committee on Transportation
 (originally sponsored by Senators Haugen,
 Swecker, and Jacobsen)

Regulating the use of automated traffic safety cameras.

(DIGEST AS ENACTED)

Provides that the use of automated traffic safety cameras is subject to the following regulations: (1) The appropriate local legislative authority must first enact an ordinance allowing for their use to detect one or more of the following: Stoplight or railroad crossing violations.

(2) Use of automated traffic safety cameras is restricted to two-arterial intersections, railroad crossings, and school speed zones only.

(3) Automated traffic safety cameras may take pictures of the vehicle and vehicle license plate and only while an infraction is occurring. The picture must not reveal the face of the driver or of passengers in the vehicle.

(4) The ordinance enacted by the local legislative authority may provide that automated traffic safety cameras may take pictures of the vehicle and vehicle license plate while an infraction is occurring.

(5) A notice of an infraction must be mailed to the registered owner of the vehicle within fourteen days of the infraction occurring.

(6) A person receiving an automated traffic infraction notice based on evidence detected by an automated traffic safety camera may respond to the notice by mail.

(7) The registered owner of a vehicle is responsible for an infraction under RCW 46.63.030(1)(e) unless the registered owner overcomes the presumption in RCW 46.63.075, or, in the case of a rental car business, satisfies the conditions under this act. If appropriate under the circumstances, a renter identified under this act is responsible for an infraction.

(8) Notwithstanding any other provision of law, all photographs, microphotographs, or electronic images prepared under this section are for the exclusive use of law enforcement in the discharge of duties under this section and are not open to the public and may not be used in a court in a pending action or proceeding unless the action or proceeding relates to a violation under this act. No photograph, microphotograph, or electronic image may be used for any purpose other than enforcement of violations under this act nor retained longer than necessary to enforce this act.

(9) All locations where an automated traffic safety camera is used must be clearly marked by placing signs in locations that

clearly indicate to a driver that he or she is entering a zone where traffic laws are enforced by an automated traffic safety camera.

(10) If a county or city has established an authorized automated traffic safety camera program under this act, the compensation paid to the manufacturer or vendor of the equipment used must be based only upon the value of the equipment and services provided or rendered in support of the system, and may not be based upon a portion of the fine or civil penalty imposed or the revenue generated by the equipment.

SB 5063 by Senators Jacobsen, Rasmussen, and Kline

Creating a telework enhancement funding board.

(SEE ALSO PROPOSED 2ND SUB)

Recognizes that telework has been found to reduce commute trips and provide flexibility for work-related travel. Additionally, telework enables employers to allow employees to work outside of urban areas, which reduces urban commute trips while strengthening rural economies.

Recognizes that telework is a key component in a comprehensive transportation demand management package.

Declares an intent to decrease traffic congestion with the creation of the telework enhancement funding board.

Requires the board to develop procedures and criteria for allocation of funds for telework enhancement projects and telework activities on a statewide basis to address the highest priorities for enhancing telework. To the extent practicable the board shall adopt an annual allocation of funding.

Requires telework project lists to be submitted to the telework enhancement funding board for funding by January 1st and July 1st of each year beginning in 2005. Beginning in 2006, the board shall provide the legislature with a list of the proposed projects and a list of the projects funded by October 1st of each year for informational purposes.

Directs the department of transportation to track all funds allocated for telework enhancement projects and telework activities on behalf of the board, including both funds allocated by the board and funds allocated by other state or federal agencies for telework enhancement.

Requires that, beginning in December 2006, the board shall provide a biennial report to the governor and the legislature on telework enhancement expenditures.

(DIGEST AS ENACTED)

Requires the Washington state health care authority, in collaboration with the advisory board, to develop and implement a strategy for the adoption and use of electronic medical records and health information systems that are consistent with emerging national standards and promote interoperability of health information systems.

Declares that the strategy should: (1) Be informed by research into, and identification of the best practices in, electronic medical records systems and health information technologies, including system design, implementation, operation, and evaluation;

(2) Be designed to promote greater adoption of electronic medical record and health information technologies among the state's health care providers that reduce medical errors and enable patients to make better decisions about their own health care by promoting secure access to medical records online; and

(3) Seek to promote standards and systems that are compatible with current adopters of electronic medical record systems in Washington.

Requires the authority, in collaboration with the advisory board, to submit an interim status report on its preliminary findings by December 1, 2005. A final report of findings and recommendations shall be submitted by December 1, 2006.

VETO MESSAGE ON SB 5064-S

May 4, 2005

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning, without my approval as to Section 3, Substitute Senate Bill No. 5064 entitled:

This bill creates the Washington Health Information Advisory Board (WHIAB), and encourages the use of health information technology to support high quality, cost-effective health care. Section 3 of the bill directs all agencies under the control of the Governor, including those not involved in health related issues, to render full assistance to the WHIAB, giving rise to an issue of governance.

For these reasons, I have vetoed Section 3 Substitute Senate Bill No. 5064.

I direct the Health Care Authority and WHIAB, however, to assess existing information technology systems of health care providers, state agencies, and third-party payers; identify current national trends in the development of information technology systems & standards; determine the feasibility of integrating and connecting existing systems; and identify available government or private grants for the study of or implementation of health information systems. The Health Care Authority may still enter into appropriate contracts and coordinate with agencies under existing statutes.

For these reasons, I have vetoed Substitute Senate Bill No. 5064.

With the exception of Section 3, Substitute Senate Bill No. 5064 is approved.

Respectfully submitted,
Christine O. Gregoire
Governor

Companion Bill: 1076

Establishing the college in the high school program.

Finds that: (1) Many high school students who wish to earn college credits are unable to participate in the running start program because they live in areas that do not have local colleges; and some students who would like to earn college credits while in high school do not participate in running start because they do not want to leave their high school campus in order to do so.

(2) Some high schools are currently working with colleges to offer dual credit courses on high school campuses to serve those students. However, there is no established statewide program or funding provided, so rules governing these programs vary and high school students pay varying amounts to cover the colleges' costs of working with high schools to offer the classes.

Declares an intent to establish the college in the high school program as a statewide option for high school students.

Requires the superintendent of public instruction, the state board for community and technical colleges, and the higher education coordinating board to jointly develop and adopt rules governing the college in the high school program. The rules shall be written to encourage the maximum use of the program and shall not narrow or limit the enrollment options.

Declares that, under Article III, section 4 of the Constitution of the state of Washington, the legislature is vested with the power to contest an election and it has the power to decide a contested election. As such, for the reasons set forth in section 1 of this act, the legislature hereby contests the November 2, 2004, gubernatorial general election.

Provides that, by the power vested in the legislature by the Constitution of the state of Washington, the legislature declares the results of the gubernatorial election of November 2, 2004, to be null and void. It directs that an entirely new, special runoff election be conducted to decide the next governor of Washington. This gubernatorial runoff election shall be held on the date of George Washington's birthday, Tuesday, February 22, 2005.

SB 5090 by Senators Sheldon, Benson, and Mulliken

Privatizing the sale of liquor.

Declares an intent to close a portion of the state's retail liquor stores, to contract out their operation to private individuals, and to monitor the impact of the store closures.

Creates a task force on the contracting out of liquor to advise the board as it implements further contracting out of liquor stores.

Provides that, notwithstanding any other provision of law, the board is directed to implement the closure of twenty-five state liquor stores between July 1, 2007, and December 31, 2007. When determining which liquor stores to close, the board must give due consideration to recommendations from the task force.

Requires contract liquor store managers to sell the board's liquor to retail customers and all eligible liquor licensees on the contract liquor store premises at prices set by the board.

Provides that, in addition to other provisions of law, it is unlawful for any contract liquor store manager or employee to:

- (1) Sell or offer for sale any liquor other than from the original package or container;

- (2) Sell, give away, or permit the sale, gift, or procurement of any liquor for or to any person under twenty-one years of age;

- (3) Sell, give away, or permit the sale, gift, or procurement of any liquor for or to any person apparently intoxicated;

- (4) Permit the consumption of any spirits, strong beer, or alcohol on the premises by any person;

- (5) Alter, change, or misrepresent the quality, quantity, or brand name of any liquor with the intent to defraud;

- (6) Permit any person under twenty-one years of age to sell or give liquor to any other person, except to assist a cashier who is twenty-one years of age or older; or

- (7) Purchase or otherwise obtain liquor in any manner or from any source other than that specifically authorized in this act.

Directs the joint legislative audit and review committee to study the impacts of further contracting out the state's retail sale of liquor, and to deliver a report on their findings to the legislature by December 31, 2009.

(SUBSTITUTED FOR - SEE 1ST SUB)

Declares that the purpose of this act is to establish a program to test the feasibility, interest, and results of a beginning farmer loan program.

Directs the commission to establish and administer a program for providing loans for beginning farmers. In developing the initial program, the commission shall establish criteria that will allow it to choose those applicants that are well prepared, have the greatest chance of success, and have developed a farm business plan.

Provides that, in developing the criteria, the commission shall establish an advisory committee that includes successful farmers, experienced agricultural lenders, and university faculty that have taught courses on the development of farm business plans.

Directs the commission to inquire into the eligibility of beginning farmer loans authorized under this act for the federal beginning farmer and rancher loan guarantee program authorized under section 5004 of the federal farm security and rural investment act of 2002.

SB 5092-S by Senate Committee on Agriculture & Rural Economic Development (originally sponsored by Senator Jacobsen)

(DIGEST AS ENACTED)

Declares that the purpose of this act is to establish a program to test the feasibility, interest, and results of a beginning farmer loan program.

Authorizes the commission to develop and implement a program for providing loans for beginning farmers. In developing the program, the commission shall establish eligibility criteria for financing that will enable it to choose applicants who are likely to repay loans made or acquired by the commission and funded from the proceeds of commission bonds.

Authorizes the commission to: (1) Issue revenue bonds as defined in RCW 43.180.020(1) for the purpose of financing loans to beginning farmers in accordance with RCW 43.180.150;

(2) Do all things necessary to provide for the exemption of interest on its bonds from federal income taxation; and

(3) Participate fully in federal and other governmental programs and take such actions as are necessary and consistent with this act to secure to itself and the people of the state the benefits of those programs for beginning farmers.

Improving the efficiency and predictability of the hydraulic project approval program.
Declares an intent to improve the process of regulating construction in state waters with policy measures that improve predictability for entities that work in state waters, and make the best use of limited state resources by ensuring that regulatory reviews of in-water construction are made in an efficient manner.
Requires the department to develop procedures to ensure consistency of application of hydraulic project approval conditions, to include the following: (1) Common technical conditions for saltwater and freshwater projects. These common technical conditions must, at a minimum, address allowable in-water work periods, and must recognize the need to maintain an economically competitive waterfront business and port community, and must meet the needs of infrastructure development as defined in RCW 90.74.010;
(2) Internal departmental permit review procedures that promote consistency within and between regions; and
(3) Habitat protection guidance for regional staff that result in predictable permit conditions for project applicants.
Establishes an expedited dispute resolution process to resolve disputes regarding hydraulic project approvals issued under this act.
Requires the department to, at the request of any person or government agency, develop a renewable five-year maintenance approval agreement or a hydraulic project approval mitigation agreement to allow for work on public and private property for bank stabilization, bridge repair, removal of sandbars and debris, channel maintenance, and other flood damage repair and reduction activity under reasonable agreed-upon conditions and times without obtaining permits for specific projects.

SB 5098 by Senators Poulsen, Morton, Franklin, Kline, and Kohl-Welles; by request of Governor Locke

Companion Bill: 1062

Regulating the energy efficiency of certain products.

(SUBSTITUTED FOR - SEE 1ST SUB)

Finds that: (1) Efficiency standards for certain products sold or installed in the state assure consumers and businesses that such products meet minimum efficiency performance levels thus saving money on utility bills.

(2) Efficiency standards save energy and reduce pollution including global warming emissions and other environmental impacts associated with the production, distribution, and use of electricity and natural gas.

(3) Efficiency standards contribute to the economy of Washington by helping to better balance energy supply and demand, thus reducing pressure for higher natural gas and electricity prices. By saving consumers and businesses money on energy bills, efficiency standards help the state and local economy, since energy bill savings can be spent on local goods and services.

(4) Efficiency standards can make electricity systems more reliable by reducing the strain on the electricity grid during peak demand periods. Furthermore, improved energy efficiency can reduce or delay the need for new power plants, power transmission lines, and power distribution system upgrades.

SB 5098-S by Senate Committee on Water, Energy & Environment (originally sponsored by Senators Poulsen, Morton, Franklin, Kline, and Kohl-Welles; by request of Governor Locke)

(AS OF SENATE 2ND READING 3/11/05)

Finds that: (1) According to estimates of the department of community, trade, and economic development, the efficiency standards set forth in this act will save nine hundred thousand megawatt-hours of electricity, thirteen million therms of natural gas, and two billion gallons of water in the year 2020, fourteen years after the standards have become effective, with a total net present value to buyers of four hundred ninety million dollars in 2020.

(2) Efficiency standards for certain products sold or installed in the state assure consumers and businesses that such products meet minimum efficiency performance levels thus saving money on utility bills.

(3) Efficiency standards save energy and reduce pollution including global warming emissions and other environmental impacts associated with the production, distribution, and use of electricity and natural gas.

(4) Efficiency standards contribute to the economy of Washington by helping to better balance energy supply and demand, thus reducing pressure for higher natural gas and electricity prices. By saving consumers and businesses money on

(5) Efficiency standards can make electricity systems more reliable by reducing the strain on the electricity grid during peak demand periods. Furthermore, improved energy efficiency can reduce or delay the need for new power plants, power transmission lines, and power distribution system upgrades.

Modifying motor vehicle emission standards.

Provides that, on or before December 31, 2005, the department shall adopt rules, in accordance with the provisions of chapter 34.05 RCW, to implement the light duty motor vehicle emission standards of the state of California, and shall amend these rules from time to time, in accordance with changes in emission standards in California. These regulations shall be applicable to motor vehicles with a model year 2009 and later.

Provides that, after adoption of rules specified in this act, no vehicle shall be registered in the state for model year 2009 or later unless the vehicle: (1) Is consistent with the vehicle emission standards adopted by the department of ecology; or

(2) Has seven thousand five hundred miles or more.

Repeals 1991 c 199 s 229 (uncodified).

-- 2005 REGULAR SESSION --

- Jan 13 First reading, referred to Water, Energy & Environment.

SB 5100 by Senators Poulsen, Fraser, Kline, and Kohl-Welles; by request of Governor Locke

Providing greenhouse gas reduction objectives and strategies.

(SEE ALSO PROPOSED 1ST SUB)

Declares that it shall be the goal of the state of Washington to reduce our emissions of greenhouse gases throughout the state and across all major sectors.

Provides that: (1) By December 1, 2010, the state of Washington will reduce its total greenhouse gas emissions to a level that does not exceed the total annual production of greenhouse gases produced within the state in 1990.

(2) By December 1, 2020, the state of Washington will reduce its total greenhouse gas emissions to a level that is at least ten

percent below the total annual production of greenhouse gases produced within the state in 1990.

(3) Beyond 2020, the state of Washington will continue to reduce its total greenhouse gas emissions to levels consistent with long-term stabilization of greenhouse gas levels in the atmosphere and consistent with the recommendations of the intergovernmental panel on climate change.

Requires the Washington State University center for climate and rural development in cooperation with the department, the department of community, trade, and economic development, and other government entities, including local air pollution control agencies, to annually report to the legislature and governor on greenhouse gas emissions produced in-state and total greenhouse gas emissions produced out of state as a result of in-state energy demands. The report shall describe progress toward achieving the goals set forth in this act.

Directs the center, in cooperation with the department, the department of community, trade, and economic development, the energy facility site evaluation council, and other interested parties, to create a greenhouse gas emissions registry by December 31, 2006. To the maximum extent possible, the center shall coordinate with other states that have or are developing such registries.

Authorizes the center to determine that Washington state participation in an existing or proposed multistate climate registry is sufficient to meet the requirements of this act.

Directs the center together with the department of community, trade, and economic development to investigate greenhouse gas reduction strategies for the state and report its findings to the governor and legislature.

Requires the center together with the department and the department of community, trade, and economic development to investigate the feasibility of a greenhouse gas cap and trade system for reducing greenhouse gas emissions. They shall produce a report to the governor and legislature by December 31, 2006.

SB 5100-S by Senate Committee on Water, Energy & Environment (originally sponsored by Senators Poulsen, Fraser, Kline, and Kohl-Welles; by request of Governor Locke)

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Declares that it shall be the goal of the state of Washington to reduce our emissions of greenhouse gases throughout the state and across all major sectors.

Provides that: (1) By December 1, 2010, the state of Washington will reduce its total greenhouse gas emissions to a level that does not exceed the total annual production of greenhouse gases produced within the state in 1990.

(3) Beyond 2020, the state of Washington will continue to reduce its total greenhouse gas emissions to levels consistent with long-term stabilization of greenhouse gas levels in the atmosphere and consistent with the recommendations of the intergovernmental panel on climate change.

Requires the Washington State University center for climate and rural development in cooperation with the department, the department of community, trade, and economic development, and other government entities, including local air pollution control agencies, to report to the legislature and governor every three years on greenhouse gas emissions produced in-state and total greenhouse gas emissions produced out of state as a result of in-state energy demands. The report shall describe progress toward achieving the goals set forth in this act.

Directs the center, in cooperation with the department, the department of community, trade, and economic development, the energy facility site evaluation council, and other interested parties, to create a greenhouse gas emissions registry by December 31, 2006. SB 5101 by Senators Poulsen, Morton, Fraser, Rockefeller, Pridemore, Regala, Hewitt, Kline, Kohl-Welles, Brown, and Oke

Companion Bill: 1761

Providing incentives to support renewable energy.

(SUBSTITUTED FOR - SEE 1ST SUB)

Finds that the use of renewable energy resources generated from local sources such as solar and wind power benefit our state by reducing the load on the state's electric energy grid, by providing nonpolluting sources of electricity generation, and by the creation of jobs for local industries that develop and sell renewable energy products and technologies.

Finds that the state's economy can be enhanced through the creation of incentives to develop additional renewable energy industries in the state.

Declares an intent to provide incentives for the greater use of locally created renewable energy technologies, support and retain existing local industries, and create new opportunities for renewable energy industries to develop in Washington state.

SB 5101-S by Senate Committee on Water, Energy & Environment (originally sponsored by Senators Poulsen, Morton, Fraser, Rockefeller, Pridemore, Regala, Hewitt, Kline, Kohl-Welles, Brown, and Oke)

(DIGEST AS ENACTED)

Declares an intent to provide incentives for the greater use of locally created renewable energy technologies, support and retain existing local industries, and create new opportunities for renewable energy industries to develop in Washington state.

Provides that, using existing sources of information, the department shall report to the house appropriations committee, the house committee dealing with energy issues, the senate committee on ways and means, and the senate committee dealing with energy issues by December 1, 2009. The report shall measure the impacts of this act, including the total number of solar energy system manufacturing companies in the state, any change in the number

of solar energy system manufacturing companies in the state, and, where relevant, the effect on job creation, the number of jobs created for Washington residents, and such other factors as the department selects.

Provides that the act shall be null and void if appropriations are not approved.

SB 5106 by Senators Swecker, Jacobsen, Kastama, and Oke; by request of Utilities & Transportation Commission

Clarifying authority over hazardous materials inspections.

(AS OF SENATE 2ND READING 2/06/06)

Finds that this act is necessary to ensure the effectiveness and efficiency of the Washington utilities and transportation commission's existing hazardous material rail inspection program, which is conducted pursuant to standards and procedures for state participation in investigative and surveillance activities under federal railroad safety laws and regulations.

Provides that a commission employee certified by the federal railroad administration to perform hazardous materials inspections may enter the property of any business that receives, ships, or offers for shipment hazardous materials by rail, or that manufactures, marks, maintains, reconditions, repairs, or tests containers that are represented, marked, certified, or sold for use in the transportation of hazardous materials by rail.

States that the purpose of such entry is limited to performing inspections, investigations, or surveillance of facilities, equipment, records, and operations relating to the packaging, loading, unloading, or transportation of hazardous materials by rail, pursuant only to the state participation program outlined in 49

C.F.R. Part 212. The term "business" is all inclusive and is not limited to common carriers or public service companies.

Companion Bill: 1760

Providing tax incentives for solar energy systems.

(SUBSTITUTED FOR - SEE 2ND SUB)

Declares that it is of great concern that businesses in this industry have been increasingly expanding and relocating their operations elsewhere. The report indicates that additional incentives for the solar electric industry are needed in recognition of the unique forces and issues involved in business decisions in this industry.

Declares an intent to enact comprehensive tax incentives for the solar electric industry that address activities of the

manufacture of these products and to encourage these industries to locate in counties with high unemployment.

Requires that, by November 1, 2010, and November 1, 2013, the joint legislative audit and review committee, in consultation with the department, shall report to the legislature on the effectiveness of this act in regard to keeping Washington competitive.

Requires the report to measure the effect of this act on job retention, net jobs created for Washington residents, company growth, diversification of the state's economy, and other factors as the committee selects. The reports shall include a discussion of principles to apply in evaluating whether the legislature should extend any or all of the tax preferences in this act.

SB 5111-S2 by Senate Committee on Ways & Means (originally sponsored by Senators Morton, Poulsen, Parlette, Roach, Schmidt, Oke, Hewitt, Zarelli, Finkbeiner, Stevens, Swecker, Deccio, Honeyford, Mulliken, Kline, and Sheldon)

Providing tax incentives for solar energy systems. (REVISED FOR PASSED LEGISLATURE: Providing tax incentives for solar energy businesses.)

(DIGEST AS ENACTED)

Finds that targeting tax incentives to focus on key growth industries is an important strategy to enhance the state's business climate.

Declares that it is of great concern that businesses in this industry have been increasingly expanding and relocating their operations elsewhere. The report indicates that additional incentives for the solar electric industry are needed in recognition of the unique forces and issues involved in business decisions in this industry.

Declares an intent to enact comprehensive tax incentives for the solar electric industry that address activities of the manufacture of these products and to encourage these industries to locate in Washington state.

Finds that accountability and effectiveness are important aspects of setting tax policy. In order to make policy choices regarding the best use of limited state resources the legislature needs information on how a tax incentive is used.

Requires a person who reports taxes under this act to make an annual report to the department detailing employment, wages, and employer-provided health and retirement benefits per job at the manufacturing site.

Provides that, using existing sources of information, the department shall report to the house appropriations committee, the house committee dealing with energy issues, the senate committee on ways and means, and the senate committee dealing with energy issues by December 1, 2013. The report shall measure the impacts of this act, including the total number of solar energy system manufacturing companies in the state, any change in the number of solar energy system manufacturing companies in the state, and, where relevant, the effect on job creation, the number of jobs created for Washington residents, and any other factors the department selects.

Companion Bill: 1099

Managing water resources for the mainstem of the Columbia river.

Declares an intent to establish a new state water resource management program for the mainstem of the Columbia river in order to meet the water supply needs of growing communities and the local economies on which they depend, and to do so in a manner that protects and enhances the quality of the natural environment, including streamflows necessary for the preservation of environmental values.

Establishes the Columbia river mainstem water management program. The goals of this water management program are to: (1) Meet the water supply needs of growing communities and the local economies on which they depend by providing a timely and affordable supply of water that will allow for new and reliable uses of water from the Columbia river mainstem; and

(2) Manage water to protect and enhance the quality of the natural environment, including streamflows necessary for the preservation of environmental values by securing and dedicating water to improve streamflows in the river mainstem.

Declares that the objectives of the program are to: (1) Improve the reliability of water rights issued by the department between 1980 and 2003 that are subject to minimum instream flows or other mitigation conditions to protect streamflows;

(2) Improve streamflows during the primary period of fish outmigration on the mainstem; and

(3) Mitigate for the streamflow impacts of future water right permits as provided by the program.

Requires the department to prepare a biennial report on the status of the program. The report shall be transmitted to the appropriate standing committees of the legislature and the governor by December 31st of even-numbered years.

Provides that, ten years after the effective date of this act, and every ten years thereafter, the department shall conduct a formal review of the effectiveness of the program. The review shall include independent evaluations of the economic and scientific information that provide the premises of the program.

Provides that, as part of the biennial report required by this act, the department shall notify the governor and legislature of the timing and proposed process for the formal review and shall request funding to conduct the necessary independent reviews as part of their biennial budget request to the governor. Upon completion of the review, the department shall prepare and transmit a report of the findings of the review, including any recommendations for legislative changes to the program.

Companion Bill: 1390

Creating the airport siting council.

(SUBSTITUTED FOR - SEE 1ST SUB)

Intends the airport siting council to site airports that will ensure the long-term air transportation needs of Washington state are met and are in compliance with applicable public health, environmental, and land use laws.

Provides that if the transportation commission finds that all of the following have occurred, it shall declare an impasse and refer the issue to the airport siting council: (1) A regional transportation plan does not satisfactorily address the state's interest as defined in RCW 47.06.040 with respect to planning for transportation needs through siting of an airport;

(2) There has been ample time to address siting of an airport in the regional transportation plan and local comprehensive plans, but either no decision has been reached or the process has resulted in a decision that will not address the state's transportation needs as set forth in RCW 47.06.040;

(3) The department of transportation has sought by all reasonable means to encourage local governments and regional bodies to cooperate in a planning and decision-making process that addresses in a timely manner statewide airport siting needs;

(4) The transportation commission has notified the local governments and regional bodies responsible for the regional transportation plan of its intent to declare an impasse; and

(5) The local governments and regional bodies responsible for the regional transportation plan have failed to show cause within thirty days of such notification that an impasse should not be declared.

Directs the transportation commission to declare an impasse by August 1, 2005, regarding the search for a supplemental airport in the Puget Sound region or replacement for Seattle-Tacoma International Airport.

Requires the airport siting council to convene to make recommendations to the governor whenever the transportation commission passes a resolution declaring that an impasse exists in the siting of an airport of statewide significance, as provided in this act.

Declares that this act supersedes other laws for establishing the location of airports of statewide significance or rules adopted

under state law for establishing the location of airports of statewide significance.

Declares that the requirements of this act and rules adopted under it do not supersede the State Environmental Policy Act, the State Clean Air Act, the State Clean Water Act, the Shoreline Management Act, the laws relating to solid and hazardous waste management, and all the related portions of the Washington Administrative Code that implement these environmental laws.

Appropriates the sum of five hundred thousand dollars, or as much thereof as may be necessary, for the biennium ending June 30, 2007, from the multimodal fund to the department of transportation for the purposes of this act.

SB 5121-S by Senate Committee on Transportation (originally sponsored by Senators Keiser, Swecker, Poulsen, Schmidt, and Haugen)

Assessing long-term air transportation needs.

(DIGEST AS ENACTED)

Requires the aviation division of the department of transportation to conduct a statewide airport capacity and facilities assessment. The assessment must include a statewide analysis of existing airport facilities, and passenger and air cargo transportation capacity, regarding both commercial aviation and general aviation; however, the primary focus of the assessment must be on commercial aviation. The assessment must at a minimum address the following issues: (1) Existing airport facilities, both commercial and general aviation, including air side, land side, and airport service facilities;

(2) Existing air and airport capacity, including the number of annual passengers and air cargo operations;

(3) Existing airport services, including fixed based operator services, fuel services, and ground services; and

(4) Existing airspace capacity.

Requires the department to submit the assessment to the appropriate standing committees of the legislature, the governor, the transportation commission, and regional transportation planning organizations by July 1, 2006.

Provides that the act shall be null and void if appropriations are not approved.

SB 5125 by Senators Kohl-Welles, Poulsen, Keiser, Franklin, Fraser, Kline, and Pridemore

Reducing heavy metals in child use area soils.

(SEE ALSO PROPOSED 2ND SUB)

Declares it is the purpose of this act to create the safe playground soils program, through which technical and financial assistance will be provided by state and local health jurisdictions to the owners and operators of facilities having child use areas that may contain soils with elevated levels of heavy metals. It is further the purpose of this act to encourage testing of soils in such areas, and to require testing in geographic zones at higher risk of soil contamination.

Declares that the objective of this program is to obtain comprehensive information on the presence of heavy metals in child use areas, and to ensure that such information is made available to, and in some circumstances specifically provided to, the parents of children attending or using the facility, and the staff that work at the facility. It is the underlying premise of this program that comprehensive and quality data and analysis, shared with all interested persons, will be the basis for timely and effective response measures to protect the health of children.

Provides that the department shall make grants to owners of facilities with child use areas for the purpose of testing soils within those areas for the presence of heavy metals. The department shall actively publicize the grant program and solicit applications for grants with the objective of obtaining soil test results expeditiously and implementing best management practices where action level exceedances are found.

Provides that, to encourage early testing, for the period from the effective date of this section through June 30, 2007, the amount of the nonstate match required for the grant shall be limited to ten percent of the grant amount. From and after July 1, 2007, the nonstate match shall be no less than fifty percent of the grant amount.

Declares that the following geographic areas are designated higher risk zones for potential soil contamination by heavy metals: (1) The area of potential heavy metal deposition to soils from the Tacoma smelter, generally encompassing portions of

King, Pierce, Kitsap, and Thurston counties, and referred to as the Asarco smelter plume zone. The department shall define this zone based upon existing information no later than October 1, 2005;

(2) Any other geographic area that is defined by a local health jurisdiction as having a high probability of encompassing child use areas with the presence of heavy metals in playground soils exceeding action levels.

Directs the department to establish an enforcement forbearance policy regarding owners of facilities implementing best management practices at child use areas under chapter 70.-- RCW (sections 1 through 9 of this act).

Provides that, by July 1, 2007, the department shall adopt as a condition of licensing day-care centers and family day-care providers that the facility is in compliance with applicable testing requirements and implementation of best management practices under chapter 70.-- RCW (sections 1 through 9 of this act).

Appropriates the sum of one million dollars, or as much thereof as may be necessary, from the state toxics control account to the department of ecology for the biennium ending June 30, 2007, to carry out the purposes of this act.

Provides that the department shall make grants to owners of facilities with child use areas for the purpose of testing soils within those areas for the presence of heavy metals. The department shall actively publicize the grant program and solicit applications for grants with the objective of obtaining soil test results expeditiously and implementing best management practices where action level exceedances are found.

Provides that, to encourage early testing, for the period from the effective date of this section through June 30, 2007, the amount of the nonstate match required for the grant shall be limited to ten percent of the grant amount. From and after July 1, 2007, the nonstate match shall be no less than fifty percent of the grant amount.

Declares that the following geographic areas are designated higher risk zones for potential soil contamination by heavy metals: (1) The area of potential heavy metal deposition to soils from the Tacoma smelter, generally encompassing portions of King, Pierce, Kitsap, and Thurston counties, and referred to as the Asarco smelter plume zone. The department shall define this zone based upon existing information no later than October 1, 2005;

(2) Any other geographic area that is defined by a local health jurisdiction as having a high probability of encompassing child use areas with the presence of heavy metals in playground soils exceeding action levels.

Directs the department to establish an enforcement forbearance policy regarding owners of facilities implementing best management practices at child use areas under chapter 70.-- RCW (sections 1 through 9 of this act).

Provides that, by July 1, 2007, the department shall adopt as a condition of licensing day-care centers and family day-care providers that the facility is in compliance with applicable testing requirements and implementation of best management practices under chapter 70.-- RCW (sections 1 through 9 of this act).

Appropriates the sum of one million dollars, or as much thereof as may be necessary, from the state toxics control account to the department of ecology for the biennium ending June 30, 2007, to carry out the purposes of this act.

VETO MESSAGE ON SB 5139-S

May 9, 2005

To the Honorable President and Members,
 The Senate of the State of Washington

Ladies and Gentlemen:

I am returning, without my approval as to Section 1, Substitute
 Senate Bill No. 5139 entitled:

Section 1 of Substitute Senate Bill No. 5139 transfers the
 authority for approving construction of toll roads from the
 Department of Transportation (Department) to the Transportation
 Commission (Commission). Now that the Commission no longer
 has oversight authority, and the Department is a cabinet level
 agency, it is inappropriate for the Commission to be approving
 construction of transportation facilities.

For these reasons, I have vetoed Section 1 of Substitute Senate
 Bill No. 5139.

With the exception of Section 1, Substitute Senate Bill No. 5139
 is approved.

Respectfully submitted,
 Christine O. Gregoire
 Governor

Companion Bill: 1107

Providing for early intervention services for children with disabilities.

(SUBSTITUTED FOR - SEE 1ST SUB)

Finds an urgent and substantial need to enhance the development of all infants and toddlers with disabilities in Washington in order to minimize developmental delays and to maximize individual potential for learning and functioning.

Requires that, by September 1, 2008, each school district shall provide or contract for early intervention services to all eligible children with disabilities from birth to three years of age. Eligibility shall be determined according to Part C of the federal individuals with disabilities education act and as specified in the Washington Administrative Code.

Establishes a birth-to-three task force to make recommendations concerning policies, procedures, and regulations in order to ensure implementation of an equitable statewide comprehensive system for all eligible children with disabilities from birth to three years of age.

Requires the birth-to-three task force to submit a report to the governor and the superintendent of public instruction by December 1, 2006, outlining their recommendations.

SB 5141-S by Senate Committee on Ways & Means (originally sponsored by Senators Rasmussen, Schmidt, McAuliffe, Delvin, Rockefeller, Shin, Weinstein, Berkey, Pflug, Kohl-Welles, Hargrove, Kline, Regala, Thibaudeau, and Spanel)

(AS OF SENATE 2ND READING 2/14/06)

Finds an urgent and substantial need to enhance the development of all infants and toddlers with disabilities in Washington in order to minimize developmental delays and to maximize individual potential for learning and functioning.

Requires that, by September 1, 2008, each school district shall provide or contract for early intervention services to all eligible children with disabilities from birth to three years of age. Eligibility shall be determined according to Part C of the federal individuals with disabilities education act and as specified in the Washington Administrative Code.

Declares that the services in this act are not part of the state's program of basic education pursuant to Article IX of the state Constitution.

Companion Bill: 1852

Creating a boater safety education program.

(SUBSTITUTED FOR - SEE 1ST SUB)

Declares an intent to establish a boater safety education program that contributes to the reduction of accidents and increases the enjoyment of boating by all operators of all recreational vessels on the waters of this state.

Authorizes the commission to work with agencies and organizations representing nonmotorized vessel activities and individuals operating nonmotorized vessels to decrease accidents of operators in these vessels.

Encourages boating safety programs that use volunteer and private sector efforts to enhance boating safety and education for operators of nonmotorized vessels to work closely with the state parks and recreation commission in its efforts to reduce all boating accidents in this state.

Provides that, as part of the boating safety education program, the commission shall establish a program to be phased over eleven years starting July 1, 2005, with full implementation by January 1, 2016. The period July 1, 2005, through December 31, 2007, will be program development, boater notification of the new requirements for mandatory education, and processing cards to be issued to individuals having taken an approved course prior to January 1, 2008.

Creates the boating safety education certification account within the state treasury. All receipts from fees collected for the issuance of a boater safety education card shall be deposited in the boating safety education certification account and shall be appropriated only to the state parks and recreation commission to be used only for the administration of this act. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.

SB 5151 by Senators Franklin, Oke, Regala, Benton, Rasmussen, Roach, Eide, Haugen, Berkey, Kline, and Fairley

Companion Bill: 1355

Changing the authority of a metropolitan park district to dispose of surplus property.

(SUBSTITUTED FOR - SEE 1ST SUB)

Revises the authority of a metropolitan park district to dispose of surplus property.

SB 5151-S by Senate Committee on Government Operations & Elections (originally sponsored by Senators Franklin, Oke, Regala, Benton, Rasmussen, Roach, Eide, Haugen, Berkey, Kline, and Fairley)

(DIGEST AS ENACTED)

Revises the authority of a metropolitan park district to dispose of surplus property.

Provides that, for any real estate transaction proposed to result in a project that provides programming and activities for disadvantaged youth, the funding endowment for which equals or exceeds twenty million dollars, and that requires the transfer of title of surplus district property to a charitable organization as so recognized by its 501(c)(3) federal income taxation status, every metropolitan park district may, by simple majority vote of its board of park commissioners, sell, exchange, or otherwise dispose of any real or personal property acquired for park or recreational purposes when such property is declared surplus for park or other recreational purposes: PROVIDED, That where the property is acquired by donation or dedication for park or recreational purposes, the consent of the donor or dedicator, his or her heirs, successors, or assigns is first obtained if the consent of the donor is required in the instrument conveying the property to the metropolitan park district.

Provides that, in the event the donor or dedicator, his or her heirs, successors, or assigns cannot be located after a reasonable search, the metropolitan park district may petition the superior court in the county where the property is located for approval of the sale. If sold, all sales shall be by public bids and sale made only to the highest or best bidder.

Restricting use of wireless communications devices in moving motor vehicles.

(AS OF SENATE 2ND READING 2/03/06)

Declares that a person operating a moving motor vehicle while holding a wireless communications device to his or her ear is guilty of a traffic infraction.

Does not apply to a person operating: (1) An authorized emergency vehicle;

(2) A moving motor vehicle using a wireless communications device in hands-free mode;

(3) A moving motor vehicle using a hand-held wireless communications device to: (a) Report illegal activity; (b) summon medical or other emergency help; (c) prevent injury to a person or property.

Declares that the state preempts the field of regulating the use of wireless communications devices in motor vehicles, and this act supersedes any local laws, ordinances, orders, rules, or regulations enacted by a political subdivision or municipality to regulate the use of wireless communications devices by the operator of a motor vehicle.

Provides that enforcement of this act by law enforcement officers may be accomplished only as a secondary action when a driver of a motor vehicle has been detained for a suspected violation of this act or an equivalent local ordinance or some other offense.

Provides that, for the first six months after the effective date of this act, law enforcement officers may only issue verbal warnings for violations of this act.

Takes effect July 1, 2006.

SB 5165 by Senators Kline, Brandland, Roach, Stevens, Regala, Shin, Keiser, McCaslin, and Thibaudeau

Companion Bill: 1135

Expanding the DNA identification system.

(SEE ALSO PROPOSED 1ST SUB)

Provides that, beginning January 1, 2006, it is the duty of the sheriff or director of public safety of every county, and the chief of police of every city or town, and of every chief officer of other law enforcement agencies duly operating within this state, to cause the collection of biological samples for DNA identification analysis from all adults and juveniles lawfully arrested for the commission of any criminal offense constituting a felony, gross misdemeanor, or patronizing a prostitute under RCW 9A.88.110.

Declares that biological samples collected under this provision shall be: (1) Collected using the same technique biological samples are collected under RCW 43.43.754;

(2) Forwarded to the forensic laboratory services bureau of the Washington state patrol for inclusion in the DNA identification system established under RCW 43.43.752 through 43.43.759; and

(3) Used solely for the purposes of inclusion in the DNA identification system established under RCW 43.43.752 through 43.43.759.

Applies to all adults and juveniles who are arrested on or after January 1, 2006.

Does not apply unless local law enforcement agencies are reimbursed for biological sample collection costs as provided for under RCW 43.43.7532.

SB 5165-S by Senate Committee on Judiciary (originally sponsored by Senators Kline, Brandland, Roach, Stevens, Regala, Shin, Keiser, McCaslin, and Thibaudeau)

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Provides that every adult or juvenile individual convicted of a felony, a gross misdemeanor if the offender has a criminal history that includes a felony committed within the last ten years prior to the current conviction, one of the following offenses: RCW 9A.36.041, 9A.44.096, 9A.44.170, 9A.46.020, 9A.46.110, 9A.88.010, 26.44.080, 26.50.110, or adjudicated guilty of an equivalent juvenile offense, must have a biological sample collected for purposes of DNA identification analysis.

Provides that, beginning in 2010, the chief of the Washington state patrol is authorized to proportionately redistribute account surpluses back to the local governments that contributed to the account. The local governments shall only use the surplus funds for forensic DNA related programs, such as training, DNA

collection, and other programs that encourage the utilization of DNA to solve and prevent crimes.

Companion Bill: 1136

Ordering a study of electronic monitoring systems.

(SEE ALSO PROPOSED 1ST SUB)

Requires the Washington association of sheriffs and police chiefs to conduct a comprehensive study on electronic monitoring in every state. The study shall review and analyze each state's activity regarding electronic monitoring. Specifically, the study shall include: (1) How often electronic monitoring is used;

(2) A description of laws and circumstances of when an offender is placed on electronic monitoring;

(3) The discovery and analysis of specific programs used to promote electronic monitoring and how they are operated;

(4) The type of electronic monitoring technology used;

(5) Evaluation of offender pay programs and the amount of money recovered from these programs;

(6) Overall perceptions of electronic monitoring from the criminal justice community, and any real or perceived problems or concerns with electronic monitoring;

(7) Estimates on savings realized by utilizing electronic monitoring.

Requires the findings and any recommendations from the study to be placed into a final report and presented to the legislature no later than December 31, 2005.

SB 5166-S by Senate Committee on Human Services & Corrections (originally sponsored by Senators Hargrove, Stevens, Kline, Hewitt, Regala, Zarelli, Brandland, Roach, Carrell, McCaslin, and Shin)

Authorizing electronic monitoring as an alternative to incarceration.

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Requires the Washington association of sheriffs and police chiefs to conduct a comprehensive study on electronic monitoring in every state. The study shall review and analyze each state's activity regarding electronic monitoring. Specifically, the study shall include: (1) How often electronic monitoring is used;

(2) A description of laws and circumstances of when an offender is placed on electronic monitoring;

(3) The discovery and analysis of specific programs used to promote electronic monitoring and how they are operated;

(4) The type of electronic monitoring technology used;

(5) Evaluation of offender pay programs and the amount of money recovered from these programs;

(6) Overall perceptions of electronic monitoring from the criminal justice community, and any real or perceived problems or concerns with electronic monitoring;

(7) Estimates on savings realized by utilizing electronic monitoring.

Requires the findings and any recommendations from the study to be placed into a final report and presented to the legislature no later than December 31, 2005.

Directs the department to work with the Washington association of sheriffs and police chiefs to establish and operate an electronic monitoring program for low-risk offenders who violate the terms of their community custody. Between January 1, 2006, and December 31, 2006, the department shall endeavor to place at

least one hundred low-risk community custody violators on the electronic monitoring program per day if there are at least that many low-risk offenders who qualify for the electronic monitoring program.

Provides that local governments, their subdivisions and employees, the department and its employees, and the Washington association of sheriffs and police chiefs and its employees shall be immune from civil liability for damages arising from incidents involving low-risk offenders who are placed on electronic monitoring unless it is shown that an employee acted with gross negligence or bad faith.

SB 5171 by Senators Carrell, Rockefeller, Rasmussen, Shin, Schoesler, Delvin, and McAuliffe

Enhancing school safety through information sharing between schools and juvenile justice and care agencies.

(SUBSTITUTED FOR - SEE 1ST SUB)

Provides that, when school personnel become aware of facts or allegations regarding misconduct on school grounds by a student, teacher, or other school employees and reasonably believe that such misconduct, if proven, would constitute a criminal offense, the school shall immediately release such information to the local law enforcement agency.

Declares that willful failure to comply with this provision may constitute an offense under chapter 9A.76 RCW.

Provides that school personnel participating in good faith in complying with this provision are immune from any liability arising out of the release of information.

SB 5171-S by Senate Committee on Human Services & Corrections (originally sponsored by Senators Carrell, Rockefeller, Rasmussen, Shin, Schoesler, Delvin, and McAuliffe)

(AS OF SENATE 2ND READING 3/04/05)

Declares that the purpose of this act is to ensure the health, safety, and general welfare of Washington's school children, teachers, and school staff. The purpose of this act is to give guidance to principals and vice-principals regarding their duty to report incidents to law enforcement officials when it is reasonable to suspect that a significant crime has occurred.

Declares an intent to ensure that agents of law enforcement, who are trained investigators, are alerted and called upon to determine whether or not there is probable cause to believe a crime has been committed in serious cases. This act is also intended to reduce potential tort liability that could arise from unreported criminal activity.

Provides that, when a principal or vice-principal of a school has reasonable cause to believe that a person has committed, on school grounds or at an event sponsored by the school, a drug offense or a crime against a person that causes severe injury, that school administrator shall report such incident, or cause a report to be made, to the proper law enforcement agency. The report may be made by telephone, in person, or on paper.

Provides that a principal or vice-principal who violates this act in flagrant disregard or clear abandonment of generally recognized professional standards or who endangers the educational welfare or personal safety of students, teachers, or other colleagues within the educational setting may be subject to orders by the superintendent of public instruction, up to and including reprimand, suspension, or revocation of certification.

Provides that a principal or vice-principal who willfully hinders, delays, or obstructs any law enforcement officer in the discharge of his or her official powers or duties by knowingly failing to report an offense that must be reported pursuant to this act may be guilty of obstructing a law enforcement officer under RCW 9A.76.020.

Declares that a principal or vice-principal who, with intent to prevent, hinder, or delay the apprehension or prosecution of another person who he or she knows has committed a crime or juvenile offense, knowingly fails to report an offense that must be reported pursuant to this act may be guilty of rendering criminal assistance under RCW 9A.76.070, 9A.76.080, and 9A.76.090.

Declares that a principal or vice-principal who, in good faith and without gross negligence, cooperates in an investigation

arising as a result of a report made pursuant to this act shall not be subject to civil liability arising out of his or her cooperation.

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Declares an intent to create a new program to fund work force training through the sale of bonds. The bonds themselves will be paid by the earmarking of the state business and occupation tax and public utility tax that is imposed on participating employers.

Creates the Washington customized employment training program to allow employers locating or expanding in the state to receive training assistance to provide training for employees.

SB 5175 by Senators Shin, Schmidt, Kohl-Welles, Rasmussen, Rockefeller, Eide, Kline, Roach, Berkey, Doumit, and McAuliffe

Declaring that international companies investing in Washington are eligible for tax incentives.

(DIGEST AS ENACTED)

Finds that many international companies with an interest in operating in Washington are not aware of the various tax incentives that are available.

Declares an intent to ensure that these international companies understand that they are eligible for these business and occupation tax and sales and use tax deferrals when investing in Washington. It is the further intent of the legislature that the department of community, trade, and economic development and associate development organizations make clear to international companies that they are eligible for the state's various tax incentives.

Declares that an international company investing in Washington is included within the definition of person in RCW 82.04.030 and is eligible for excise tax incentives provided in Title 82 RCW in the same manner as any domestic company.

VETO MESSAGE ON SB 5177-S

May 9, 2005

To the Honorable President and Members,
 The Senate of the State of Washington

Ladies and Gentlemen:

I am returning, without my approval as to Section 23, Substitute Senate Bill No. 5177 entitled:

Section 23 of Substitute Senate Bill No. 5177 transfers the authority for approving construction of toll roads from the Department of Transportation (Department) to the Transportation Commission (Commission). Now that the Commission no longer possesses oversight authority, and the Department is now a cabinet level agency, it is inappropriate for the Commission to be approving construction of transportation facilities.

For these reasons, I have vetoed Section 23 of Substitute Senate Bill No. 5177.

With the exception of Section 23, Substitute Senate Bill No. 5177 is approved.

Respectfully submitted,
 Christine O. Gregoire
 Governor

SB 5178 by Senators Kastama, Keiser, Benson, and Brandland

Issuing a moratorium on licensing specialty hospitals.

(SUBSTITUTED FOR - SEE 1ST SUB)

Provides that, from January 1, 2005, until July 1, 2006, no specialty hospital in which a physician, or an immediate family member of a physician, has an ownership or investment interest shall be granted a license under this act.

SB 5178-S by Senate Committee on Health & Long-Term Care (originally sponsored by Senators Kastama, Keiser, Benson, and Brandland)

(DIGEST AS ENACTED)

Finds that the federal government has established an eighteen-month moratorium on the exemption under 42 U.S.C. 1395nn that allows physicians to refer patients to physician-owned specialty hospitals. The moratorium effectively prevents the establishment of any new physician-owned specialty hospitals reimbursed under medicare and other federal health programs until the medicare payment advisory commission and the secretary of health and human services each conduct a study to assess physician-owned specialty hospitals.

Finds that imposing a similar moratorium on the licensing of any new physician-owned specialty hospital until the results of the medicare payment advisory commission and health and human services' studies are available is necessary to enable the legislature to determine the appropriate regulation of physician-owned specialty hospitals in Washington.

Provides that, from January 1, 2005, until July 1, 2006, no specialty hospital in which a physician, or an immediate family member of a physician, has an ownership or investment interest shall be granted a license under chapter 70.41 RCW.

Studying forest health issues.

(DIGEST AS ENACTED)

Creates a work group to study opportunities to improve the forest health issues enumerated in RCW 76.06.140 that are facing forest land in Washington and to help the commissioner of public lands develop a strategic plan under section 3, chapter 218, Laws of 2004. The work group may, if deemed necessary, identify and focus on regions of the state where forest health issues enumerated in this act are the most critical.

Provides that the work group is required to hold a minimum of five meetings, at diverse locations throughout the state, to gather public input regarding the group's proposed legislation.

Expires June 30, 2007.

Provides that if specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2006, in the omnibus appropriations act, this act is null and void.

SB 5182 by Senators Franklin and Sheldon

Requiring disclosures for single burial use of multiple interment space.

(SUBSTITUTED FOR - SEE 1ST SUB)

Provides that any cemetery authority offering single burial use of multiple interment space, or any interment whereby a single burial use is offered in a burial plot where multiple interments will be made, must include the following, or a substantially similar disclosure printed on the interment contract in regular sized font before the signature lines:

Single burial use of a multiple interment space means that more than one casket may be buried in layers in the same burial plot.

SB 5182-S by Senate Committee on Labor, Commerce, Research & Development (originally sponsored by Senators Franklin and Sheldon)

Requiring disclosures for single burial use of multiple interment space.

(DIGEST AS ENACTED)

Declares that "multiple interment" means two or more human remains are buried in the ground, in outer burial enclosures or chambers, placed one on top of another, with a ground level surface the same size as a single grave or right of interment.

Requires every cemetery to disclose and give to the person making cemetery arrangements a written statement, contract, or other document that indicates all the items of property, merchandise, and service that the customer is purchasing, and the price of those items.

Requires any cemetery offering single burial use of multiple interment space to disclose on the interment statement, contract, or other document, the definition of multiple interment.

SB 5183 by Senators Franklin, Thibaudeau, Rockefeller, Kastama, Fraser, Keiser, Regala, Weinstein, Hargrove, Doumit, Shin, Brandland, Kline, Kohl-Welles, Poulsen, Jacobsen, and McAuliffe

Providing tax relief to promote affordable housing.

(SEE ALSO PROPOSED 2ND SUB)

Provides tax relief to promote affordable housing.

SB 5183-S by Senate Committee on Financial Institutions, Housing & Consumer Protection (originally sponsored by Senators Franklin, Thibaudeau, Rockefeller, Kastama, Fraser, Keiser, Regala, Weinstein, Hargrove, Doumit, Shin, Brandland, Kline, Kohl-Welles, Poulsen, Jacobsen, and McAuliffe)

(SEE ALSO PROPOSED 2ND SUB)

Provides tax relief to promote affordable housing.

Provides that, in computing the tax imposed under chapter 82.04 RCW, a credit is allowed for each person for twenty-five percent of the value of donations made by the person to a nonprofit organization located in Washington that is exempt from federal income tax under section 501(c)(3) of the internal revenue code that uses a majority of its resources for the development, rehabilitation, or preservation of affordable housing.

Provides that, in the case of donated tangible items, the value of the donation shall be determined in the same manner that the term "value of the article used" is determined under RCW 82.12.010. In the case of labor and services, the value of the donation shall be determined by the allocation of the cost method using generally accepted accounting standards.

Declares that the credit under this act may be used against any tax due under this chapter.

Declares that no application is necessary for the tax credit, however, the person must keep records necessary for the department to verify eligibility under this act. These records include information relating to a description of the property donated by the person.

Declares that, for the purposes of this act, "affordable housing" has the same meaning as provided in RCW 43.185A.010.

Provides that a person selling real property that includes a low-cost single-family dwelling unit who has paid the tax levied by RCW 82.08.020 is eligible for an exemption in the form of a remittance, provided that the low-cost single-family dwelling unit is sold to a low-income buyer for use as that buyer's primary residence.

SB 5183-S2 by Senate Committee on Financial Institutions, Housing & Consumer Protection (originally sponsored by Senators Franklin, Thibaudeau, Rockefeller, Kastama, Fraser, Keiser, Regala, Weinstein, Hargrove, Doumit, Shin, Brandland, Kline, Kohl-Welles, Poulsen, Jacobsen, and McAuliffe)

(DIGEST OF PROPOSED 2ND SUBSTITUTE)

Provides that a seller of a low-cost single-family dwelling unit constructed by the seller who has paid the tax levied by RCW 82.08.020 is eligible for an exemption in the form of a remittance, provided that the low-cost single-family dwelling unit is sold to a qualified low-income buyer for use as that buyer's primary residence. The amount of the remittance shall be computed under this act and shall be based on the state share of sales tax under RCW 82.08.020.

Provides that a seller of a low-cost single-family dwelling unit claiming an exemption from the state tax in the form of a remittance under this act must pay the tax imposed by RCW 82.08.020. After the low-cost single-family dwelling unit is sold, the seller may then apply to the department for a remittance of fifty percent of the tax paid under RCW 82.08.020 on: (1) Tangible personal property incorporated as an ingredient or component of the low-cost single-family dwelling unit during the course of constructing such dwelling unit;

(2) Charges made for labor and services rendered in respect to the constructing of the low-cost single-family dwelling unit; and

(3) Charges made for labor and services rendered in respect to installing building fixtures during the course of constructing the low-cost single-family dwelling unit.

Authorizing reimbursement for law enforcement service costs.

(SEE ALSO PROPOSED 1ST SUB)

Finds that certain state-owned facilities provide benefits to local communities but also impose a financial burden on the cities

and towns responsible for providing law enforcement services to those state facilities. Residents, patients, and staff are part of the communities in which these facilities are located.

Endeavors to establish a process whereby cities and towns can enter into law enforcement contracts with the department of social and health services to partially defray the jurisdiction's law enforcement costs associated with providing these services.

SB 5184-S by Senate Committee on Human Services & Corrections (originally sponsored by Senators Franklin, Carrell, Brandland, Regala, and Rasmussen)

Authorizing reimbursement for law enforcement service costs related to state hospitals.

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Finds that state hospitals provide benefits to local communities but also impose a financial burden on the cities and towns responsible for providing law enforcement services to those state hospitals.

Declares an intent to establish a process whereby cities and towns can enter into law enforcement contracts with the department of social and health services to partially defray the jurisdiction's law enforcement costs associated with providing these services.

Provides that, when a state hospital is located within the corporate limits of a city or town that has recurring law enforcement costs associated with responding to actions of residents of the state hospital, at the request of the city or town the department shall contract with the city or town to pay an equitable share for law enforcement services.

States that the department may not agree to reimburse the city or town for more than one-half of the cost for law enforcement services provided by the city or town, as determined in the contract. Reimbursement shall be limited to funds available.

Establishing the legal presumption of reasonable value from the certification of health care records.

Provides that, in a court of law, in an action to recover damages for personal injury, the amount stated in a health care provider's billing statement certified under this act for treatment provided to a patient is presumed to be the usual and customary value of health care treatment, and the statement is admissible in evidence to establish that the charges are usual and customary charges in the community.

Provides that the presumption that the charges are usual and customary may be rebutted by a preponderance of the evidence. The presumption does not shift the burden of proof that the health care treatment was for health conditions proximately caused by another's fault.

Increasing the physical activity of the citizens of Washington state.

(SUBSTITUTED FOR - SEE 1ST SUB)

Declares an intent to promote policy and planning efforts that increase access to inexpensive or free opportunities for regular exercise in all communities around the state.

Provides that, when reviewing competing requests from counties, cities, or towns planning under RCW 36.70A.040, a state agency considering awarding grants or loans for public facilities shall also accord additional preference to those counties, cities, or towns that have: (1) Developed model policies to increase access to public facilities for physical activity;

(2) Utilized urban planning approaches that promote physical activity;

(3) Incorporated transportation policy and infrastructure changes to promote nonmotorized transit; and

(4) Enhanced safety and perceived safety to improve community access to walking and biking.

SB 5186-S by Senate Committee on Health & Long-Term Care (originally sponsored by Senators Franklin, Kohl-Welles, Keiser, Rockefeller, Doumit, Kline, Regala, McAuliffe, Poulsen, Fraser, and Jacobsen)

(DIGEST AS ENACTED)

Finds that regular physical activity is essential to maintaining good health and reducing the rates of chronic disease.

Finds that providing opportunities for walking, biking, horseback riding, and other regular forms of exercise is best accomplished through collaboration between the private sector and local, state, and institutional policymakers. This collaboration can build communities where people find it easy and safe to be physically active.

Declares an intent to promote policy and planning efforts that increase access to inexpensive or free opportunities for regular exercise in all communities around the state.

Authorizes the health care authority, in coordination with the department of personnel, the department of health, health plans participating in public employees' benefits board programs, and the University of Washington's center for health promotion, to create a worksite health promotion program to develop and implement initiatives designed to increase physical activity and promote improved self-care and engagement in health care decision-making among state employees.

Requires the health care authority to report to the governor and the legislature by December 1, 2006, on progress in implementing, and evaluating the results of, the worksite health promotion program.

Reducing childhood lead exposure.

Directs the department of health to implement a public health
 education program aimed at reducing childhood exposure to lead
 in residential settings. The program will continue the current
 efforts of the department to identify areas around the state where
 lead exposure poses a threat to children and families, and will
 provide information, education, and training to areas of concern.

Requires the program to especially focus on older housing
 stock, and the residential hazards of lead-based paint.

Directs the department to seek federal funding for the lead
 hazards education project and to operate it using these funds. The
 department is not required to implement the public health lead
 hazard education project if federal funds are not obtained for this
 purpose in the biennium ending July 1, 2007.

VETO MESSAGE ON SB 5194

April 22, 2005

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning, without my approval, Engrossed Senate Bill No. 5194 entitled:

The House of Representatives forwarded an identical companion bill, Substitute House Bill 1196, to the Governor's Office on April 14, 2005. I signed that bill into law on April 20, 2005. Engrossed Senate Bill 5194, therefore, must be vetoed.

For these reasons, I have vetoed Engrossed Senate Bill No. 5194 in its entirety.

Respectfully submitted,
Christine O. Gregoire
Governor

Companion Bill: 1033

Regulating insurable interests and employer-owned life insurance.

(DIGEST AS ENACTED)

Provides for the regulation of insurable interests and employer-owned life insurance.

Finds that there is a long-standing principle that corporations have an insurable interest in the lives of key personnel. Nationally, some corporations have begun to insure the lives of personnel that have not met the insurable interest standard of Washington. Entry-level workers have been insured by their corporate employer for the benefit of the corporate employer. The legislature intends to clarify this subject and preclude corporations from insuring the lives of employees when the employees are not key personnel and the corporations have no insurable interest in the lives of those employees.

Requires the insurance commissioner to report to the legislature on or before December 31, 2006, on steps taken to implement this act and whether the protections afforded in this act are adequate to protect consumers.

Companion Bill: 1181

Facilitating sealed ocean-going container movement.

(SEE ALSO PROPOSED 1ST SUB)

Finds that the creation of a heavy haul industrial corridor within port district property would dramatically improve the economy and efficiency of moving sealed ocean-going containers by allowing for permitted moves in excess of legal weight limits over relatively short distances.

Finds that the department of transportation has the expertise to analyze vehicle size and weight impacts on the infrastructure and determine the suitability of state highway segments to be heavy haul industrial corridors, set permitted weight limits within established parameters, and manage multijurisdictional agreements for maintenance and repair of the identified corridors.

Declares that the purpose of a heavy haul industrial corridor is to accommodate the movement of overweight sealed ocean-going containers over relatively short distances to complete transfer between ocean marine terminals and railheads.

SB 5200-S by Senate Committee on Transportation (originally sponsored by Senators Kastama, Swecker, Haugen, Franklin, Regala, Oke, and Shin; by request of Department of Transportation)

Creating heavy haul industrial corridors within a port district's property.

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Authorizes the department of transportation, with respect to state highways maintained within port district property, to, at the request of a port commission, make and enter into agreements with port districts and adjacent jurisdictions or agencies of the districts, for the purpose of identifying, managing, and maintaining short heavy haul industrial corridors within port district property for the movement of overweight sealed containers used in international trade.

Authorizes the department to issue special permits to vehicles operating in the heavy haul industrial corridor to carry weight in excess of weight limits established in RCW 46.44.041. However, the excess weight on a single axle, tandem axle, or any axle group must not exceed that allowed by RCW 46.44.091 (1) and (2), weight per tire must not exceed six hundred pounds per inch width of tire, and gross vehicle weight must not exceed one hundred five thousand five hundred pounds.

Requires the entity operating or hiring vehicles moving overweight sealed containers used in international trade to pay a fee for each special permit of one hundred dollars per month or one thousand dollars annually, beginning from the date of issue, for all movements under the special permit made on state highways within the heavy haul industrial corridor. Under no circumstances are the for hire carriers or rail customers responsible for the purchase or cost of the permits. All funds collected, except the amount retained by authorized agents of the department under RCW 46.44.096, must be forwarded to the state treasurer and deposited in the motor vehicle fund.

SB 5201 by Senators Haugen, Kastama, Swecker, Johnson, Benton, Weinstein, and Shin; by request of Department of Transportation

Companion Bill: 1179

Authorizing a pilot project for high-occupancy toll lanes.

(SEE ALSO PROPOSED 1ST SUB)

Recognizes that the Puget Sound region is faced with growing traffic congestion and has limited ability to expand freeway capacity due to financial, environmental, and physical constraints. Freeway high-occupancy vehicle lanes have been an effective means of providing transit, vanpools, and carpools with a fast trip on congested freeway corridors, but in many cases, these lanes are themselves getting crowded during the peak commute times, while some are being underused at off-peak times.

Declares an intent to maximize the effectiveness and efficiency of the freeway system. To evaluate methods to accomplish this, it is beneficial to evaluate alternative approaches to managing the use of freeway high-occupancy vehicle lanes, including pilot projects to determine and demonstrate the effectiveness and benefits of implementing high-occupancy toll lanes.

Declares an intent of this act is to direct that the department of transportation, as a pilot project, develop and operate a high-occupancy toll lane on state route 167 in King county and to conduct an evaluation of that project to determine impacts on freeway efficiency, effectiveness for transit, feasibility of financing improvements through tolls, and the impacts on freeway users.

SB 5204-S by Senate Committee on Judiciary (originally sponsored by Senators Brandland, Kastama, Sheldon, Rasmussen, Spanel, Hargrove, and Shin)

(DIGEST AS ENACTED)

Provides that any owner of property subject to a recorded claim of lien under chapter 60.08 RCW, or contractor, subcontractor, lender, or lien claimant who believes the claim of lien to be frivolous and made without reasonable cause, or clearly excessive may apply by motion to the superior court for the county where the property is located, for an order directing the lien claimant to appear before the court at a time no earlier than six nor later than fifteen days following the date of service of the application and order on the lien claimant, and show cause, if any he or she has, why the relief requested should not be granted.

Requires the motion to state the grounds upon which relief is asked, and shall be supported by the affidavit of the applicant or his or her attorney setting forth a concise statement of the facts upon which the motion is based.

Provides that the department of licensing, and the department's agents and subagents, shall not transfer title of a vehicle through the chattel lien process under chapter 60.08 RCW and chapter 60.10 RCW unless an affidavit of sale and the following documentation is submitted: (1) A certified copy of the lien filing that is filed with the county auditor;

(2) A copy of the letter, sent by the lien claimant via first class mail, and certified or registered mail, including the return receipt, to the address of the current registered owner notifying the current registered owner of the lien filing; and

(3) An affidavit of service by mail.

SB 5214 by Senators Morton, Brandland, Hewitt, Benson, Carrell, and Mulliken

Authorizing multiyear excess property tax levies for cemetery districts.

Declares that the limitations imposed by RCW 84.52.050 through 84.52.056, and 84.52.043 shall not prevent the levy of taxes by a cemetery district, when authorized so to do by the voters of a cemetery district in the manner and for the purposes and number of years allowable under Article VII, section 2(a) of the Constitution of this state.

Takes effect January 1, 2006, if the proposed amendment to Article VII, section 2 of the state Constitution authorizing multiyear excess property tax levies for cemetery districts is validly submitted to and approved by the voters at the next general election. If the proposed amendment is not approved, this act is void in its entirety.

Expanding hunter access to certain private lands.

(SUBSTITUTED FOR - SEE 1ST SUB)

Declares that a surcharge of five dollars for residents and twenty-five dollars for nonresidents is applied to all big game and all small game licenses not purchased with a big game license for management of recreational access and habitat enhancement agreements as authorized in RCW 77.12.320. The surcharge for the three-day nonresident small game license is five dollars.

Requires all revenue derived from this surcharge to be deposited in the state wildlife fund and must be used only for the management and implementation of wildlife recreational access and habitat enhancement agreements authorized in RCW 77.12.320. Administrative costs charged to this program may not exceed ten percent of annual expenditures.

SB 5234-S by Senate Committee on Natural Resources, Ocean & Recreation (originally sponsored by Senators Jacobsen, Oke, Swecker, Doumit, Hargrove, and Rasmussen)

(AS OF SENATE 2ND READING 3/15/05)

Authorizes the director to make written agreements with the owners or lessees of real or personal property to provide for the use of the property for fish, shellfish, and wildlife-oriented recreation. These agreements terminate upon the sale of any portion of the real or personal property covered under an agreement. The director may only enter into agreements with a lessee where the owner of the real or personal property provides written consent to the agreement.

Authorizes the department to furnish money, material, or labor under these agreements where the agreements provide for public access to the real property.

Declares that a surcharge of five dollars for residents and twenty-five dollars for nonresidents is applied to all big game and all small game licenses not purchased with a big game license for management of recreational access and habitat enhancement agreements as authorized in RCW 77.12.320. Companion Bill: 1137

Modifying the scope of care provided by physical therapists.

(SEE ALSO PROPOSED 1ST SUB)

Declares that it is the purpose of this act to protect the public health, safety, and welfare, and to provide for state administrative control, supervision, licensure, and regulation of the practice of physical therapy.

Declares an intent that only individuals who meet and maintain prescribed standards of competence and conduct be allowed to engage in the practice of physical therapy as defined and authorized by chapter 18.74 RCW.

Declares that physical therapists are responsible for patient care given by assistive personnel under their supervision. A physical therapist may delegate to assistive personnel and supervise selected acts, tasks, or procedures that fall within the scope of physical therapy practice but do not exceed the education or training of the assistive personnel.

Declares that nothing in this act may be construed to prohibit other licensed health care providers from using the services of physical therapist assistants, physical therapist aides, or other assistive personnel as long as the licensed health care provider is responsible for the activities of such assistants, aides, and other personnel and provides appropriate supervision.

SB 5248-S by Senate Committee on Health & Long-Term Care (originally sponsored by Senators Kastama, Keiser, Rockefeller, Brandland, and Thibaudeau)

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Declares that it is the purpose of this act to protect the public health, safety, and welfare, and to provide for state administrative control, supervision, licensure, and regulation of the practice of physical therapy.

Declares an intent that only individuals who meet and maintain prescribed standards of competence and conduct be allowed to engage in the practice of physical therapy as defined and authorized by chapter 18.74 RCW.

Declares that physical therapists are responsible for patient care given by assistive personnel under their supervision. A physical therapist may delegate to assistive personnel and supervise selected acts, tasks, or procedures that fall within the scope of physical therapy practice but do not exceed the education or training of the assistive personnel.

Declares that nothing in this act may be construed to prohibit other licensed health care providers from using the services of physical therapist assistants, physical therapist aides, or other assistive personnel as long as the licensed health care provider is responsible for the activities of such assistants, aides, and other personnel and provides appropriate supervision.

Modifying the shoreline management act.

Provides that the legislative body of a local government may amend its master program on an interim basis without full compliance with the guidelines adopted by the department if the legislative body finds: (1) That the proposed amendment is intended to make the master program more consistent with a local critical areas ordinance adopted or amended under RCW 36.70A.040(3);

(2) The proposed amendment will make the master program more consistent with the critical areas ordinance;

(3) The critical areas ordinance was adopted or amended after the master program;

(4) The critical areas ordinance provides greater protection to the shorelines and the environment than does the master program without the proposed amendment;

(5) That the local government is unable to complete a full amendment of the master program as required under chapter

36.70A RCW because of timing constraints or funding constraints, or both; and

(6) The legislative body plans to complete an inventory and full amendment under this chapter on schedule as set forth in this act.

Creating the legislative youth advisory council.

(DIGEST AS ENACTED)

Creates the legislative youth advisory council to examine issues of importance to youth, including but not limited to education, employment, strategies to increase youth participation in state and municipal government, safe environments for youth, substance abuse, emotional and physical health, foster care, poverty, homelessness, and youth access to services on a statewide and municipal basis.

Provides that the council shall have the following duties: (1) Advising the legislature on proposed and pending legislation, including state budget expenditures and policy matters relating to youth;

(2) Advising the standing committees of the legislature and study commissions, committees, and task forces regarding issues relating to youth;

(3) Conducting periodic seminars for its members regarding leadership, government, and the legislature;

(4) Meeting at least three times but not more than six times per year, including not more than two public hearings on issues of importance to youth; and

(5) Reporting annually by December 1st to the legislature on its activities, including proposed legislation that implements recommendations of the council.

Provides that the office of superintendent of public instruction, the legislature, any agency of the legislature, and any official or employee of such office or agency are immune from liability for any injury that is incurred by or caused by a member of the youth advisory council and that occurs while the member of the council is performing duties of the council or is otherwise engaged in activities or receiving services for which reimbursement is allowed under this act. The immunity provided by this act does not apply to an injury intentionally caused by the act or omission of an employee or official of the superintendent of public instruction or the legislature or any agency of the legislature.

SB 5257 by Senators Hargrove, Stevens, and Delvin

Revising provisions relating to mental health treatment for minors.

(SEE ALSO PROPOSED 1ST SUB)

Finds that, despite explicit statements in statute that the consent of a minor child is not required for a parent-initiated admission to inpatient or outpatient mental health treatment, treatment providers consistently refuse to accept a minor aged thirteen or over if the minor does not also consent to treatment.

Declares an intent that the parent-initiated treatment provisions, with their accompanying due process provisions for the minor, be made fully available to parents.

Provides that a minor child shall have no cause of action against an evaluation and treatment facility or provider of outpatient mental health treatment for admitting or accepting the minor in good faith for evaluation or treatment under RCW 71.34.052 or 71.34.054 (as recodified by this act) based solely upon the minor's lack of consent if the minor's parent has consented to the evaluation or treatment.

SB 5262 by Senators Haugen and Swecker; by request of Department of Licensing

Companion Bill: 1265

Providing administrative review before the suspension of driving privileges.

(SUBSTITUTED FOR - SEE 1ST SUB)

Finds that the safety of the highways of this state is materially affected by the degree of compliance with state laws and local ordinances relating to the operation of motor vehicles. Drivers who commit traffic violations, ignore notices from courts, and fail to resolve notices of traffic infraction and citations all show their disrespect for traffic laws that exist to ensure safety on the highways.

Declares that an essential mechanism for ensuring that drivers comply with the traffic laws of this state is the swift and certain suspension of the driving privileges of a driver who fails to respond to a notice of traffic infraction, fails to appear at a requested hearing, violates a written promise to appear in court, fails to pay a fine or monetary penalty imposed as the result of a traffic violation, or otherwise fails to comply with the terms of a notice of traffic infraction or citation.

Declares that license suspension ensures that drivers comply with the traffic laws by deterring violations, and ensures that the use of the state highways will be afforded only to those who are willing to comply with the traffic laws.

Declares that there is a compelling state interest in having a mechanism to withhold driving privileges which also provides necessary due process protections as economically and expeditiously as possible.

Finds that this compelling state interest can best be served by having any necessary administrative review conducted by the department of licensing in a manner that provides due process, while maximizing the use of documentary evidence to simplify and expedite those proceedings.

SB 5264 by Senators Haugen, Swecker, Kastama, and Jacobsen; by request of Department of Licensing

Companion Bill: 1260

Allowing reciprocal waiver of driver's license exams.

Recognizes that more than twenty other states have entered into informal reciprocal agreements with other nations to waive driver's license testing requirements in order to ease the transition of personnel to and from those states. By removing an unnecessary barrier to efficient personnel mobility it is the intent of the legislature to strengthen and diversify Washington's economy.

Authorizes the department to enter into an informal agreement with one or more other licensing jurisdictions to waive the requirement for the examination involving operating a motor vehicle by licensed drivers, age eighteen years or older, from that jurisdiction.

Provides that the department may only enter into an agreement with a jurisdiction if: (1) The jurisdiction has procedures in place to verify the validity of the drivers' licenses it issues; and

(2) The jurisdiction has agreed to waive all or any part of the driver's license examination requirements for Washington licensed drivers applying for a driver's license in that jurisdiction.

SB 5269 by Senators Kohl-Welles, Hargrove, Stevens, Regala, and Oke

Maintaining the residential parenting program at the women's correctional center.

Finds that a child's early attachment to his or her parent influences physical and intellectual development, forms the foundation for psychological development, and becomes the prototype for subsequent interpersonal relationships.

Finds that the late stages of gestation, birth, and first two years of life are critical in an infant's development of conscience, and his or her ability to trust and relate to others, and establish the foundation for key protective factors such as intelligence, trust, and empathy.

Finds that when these are depressed or when an infant is mistreated, it may lead to early aggression, impulsive temperament, and violent behavior which are the strongest developmental predictors of future involvement in violent behavior.

Finds persuasive research that strongly indicates that the best way to improve later developmental outcomes is to improve mother-child interaction and prevent early loss of primary relationships or breaks in caregiving.

Finds persuasive national statistics that demonstrate that incarcerated mothers who develop strong parenting skills and bond with their children are less likely to reoffend.

Declares that the residential parenting program at the women's correctional center protects public safety and promotes outcomes that are socially and fiscally responsible by reducing recidivism and reducing the likelihood that a child of an incarcerated mother will become at-risk for committing criminal offenses as a juvenile or adult.

Requires the department to maintain a residential parenting program at its major correctional institution for women to allow those inmates who meet eligibility requirements to keep their infants with them during their incarceration. The program shall provide an appropriate living situation for the infants, promote positive parenting skills, and facilitate transition services back into the community.

SB 5270 by Senators Haugen, Swecker, Kastama, Oke, Spanel, Esser, Jacobsen, and Shin

Assisting vessel registration enforcement.

(SUBSTITUTED FOR - SEE 1ST SUB)

Provides that an owner of a vessel that is not registered as required by chapter 88.02 RCW and for which watercraft excise tax is due under chapter 82.49 RCW is liable for a penalty in the following amount: (1) One hundred dollars for the owner's first violation;

(2) Two hundred dollars for the owner's second violation involving the same or any other vessel; or

(3) Four hundred dollars for the owner's third and successive violations involving the same or any other vessel.

Provides that a marina that leases permanent moorage to vessels must require the following information from the lessee as a condition of leasing moorage space: (1) The name of the legal owner of the vessel;

(2) A local contact person, if different than the owner;

(3) The owner's address and telephone number;

(4) The vessel's hull identification number;

(5) The vessel's Coast Guard registration (if applicable);

(6) The vessel's home port;

(7) The date on which the moorage lease began; and

(8) The vessel's country or state of registration and registration number.

Provides that a marina that leases permanent moorage to vessels must require proof of vessel registration or a written statement of intent to register a vessel as a condition of leasing moorage space.

SB 5270-S by Senate Committee on Ways & Means (originally sponsored by Senators Haugen, Swecker, Kastama, Oke, Spanel, Esser, Jacobsen, and Shin)

(AS OF SENATE 2ND READING 3/12/05)

Provides that an owner of a vessel that is not registered as required by chapter 88.02 RCW and for which watercraft excise tax is due under chapter 82.49 RCW is liable for a penalty in the following amount: (1) One hundred dollars for the owner's first violation;

(2) Two hundred dollars for the owner's second violation involving the same or any other vessel; or

(3) Four hundred dollars for the owner's third and successive violations involving the same or any other vessel.

Provides that a marina that leases permanent moorage to vessels must require the following information from the lessee as a condition of leasing moorage space: (1) The name, address, and telephone number of the legal owner of the vessel;

(2) The name of the lessee, if different than the owner;

(3) The vessel's hull identification number;

(4) The vessel's Coast Guard registration (if applicable);

(5) The date on which the moorage lease began; and

(6) The vessel's country or state of registration and registration number.

Provides that a marina that leases permanent moorage to vessels must require proof of vessel registration or a written statement of intent to register a vessel as a condition of leasing moorage space.

Provides that, if the applicant's vessel is not registered in this state, the marina must inform the moorage applicant of the state law requiring vessel registration and the penalties assessed for failure to comply with the state's vessel registration laws. After this, it is the moorage applicant's responsibility to register the vessel.

Jan 10 Rules Committee refers to Committee on Ways & Means.

SB 5271 by Senators Jacobsen, Oke, Rockefeller, Morton, Swecker, Doumit, Rasmussen, and Shin; by request of Commissioner of Public Lands

Companion Bill: 1493

Allowing certain state-owned filled tidelands and shorelands to be designated as aquatic investment properties.

Finds that a high percentage of state-owned tidelands and shorelands were sold into private ownership as part of the state legislature's earliest efforts to foster Washington's economic expansion. The remaining state-owned tideland and shoreland ownership is fragmented and some state-owned tidelands and shorelands have been altered by fill to such a degree that they have the characteristics of uplands.

Declares that these filled lands may no longer provide public benefits as aquatic lands as described in RCW 79.90.450 and 79.90.455 and remain underutilized as dry land because they are subject to a management philosophy dedicated to the protection of submerged lands.

Recognizes that certain state-owned filled tidelands and filled shorelands should be designated as aquatic investment properties and commercially managed in order to generate funding for the acquisition, protection, and management of functioning aquatic lands.

Declares an intent to authorize the department of natural resources to buy and sell certain filled tidelands and shorelands which, if bought or sold, would not cause the loss of aquatic ecological functions, public access opportunities, or interfere with water-dependent activities and businesses.

Appropriates the sum of five hundred thousand dollars, or as much thereof as may be necessary, for the biennium ending June 30, 2007, from the aquatic sustaining investment account to the department of natural resources for the purposes described in this act.

Repeals RCW 79.90.250.

SB 5273 by Senators Jacobsen, Oke, Rockefeller, Morton, Swecker, and Doumit; by request of Commissioner of Public Lands

Companion Bill: 1492

Developing a single pilot mitigation bank on state-owned aquatic lands.

Finds that the existing state and federal regulatory framework for wetland and aquatic resource mitigation is an important tool used to offset impacts to aquatic lands.

Finds that because impacts to wetlands and aquatic resources often affect state-owned aquatic lands, the department should work within established state and federal regulatory mitigation processes to develop a single pilot mitigation bank on state-owned aquatic lands.

Declares an intent to establish the proprietary mechanisms for the department to develop, implement, and manage a single pilot mitigation bank on state-owned aquatic lands. Additional authority will be needed if the department seeks to establish more than one mitigation bank.

Requires that, by December 31, 2010, the department must provide a report to the appropriate committees of the senate and house of representatives that provides the status of the pilot mitigation bank in regards to regulatory certification, management plan development, service area determination, credit determination, valuation, and sale, and endowment fund creation and expenditure.

 Franklin, and Mulliken

Companion Bill: 1928

Prohibiting the use of consumer credit histories for personal
 insurance renewal decisions.

(SUBSTITUTED FOR - SEE 1ST SUB)

Declares that any use of credit history for renewal decisions
 by insurers violates the consumer protection act.

Finds that the practices covered by RCW 48.18.545(3) are
 matters vitally affecting the public interest for the purpose of
 applying the consumer protection act, chapter 19.86 RCW. A
 violation of RCW 48.18.545(3) is not reasonable in relation to the
 development and preservation of business and is an unfair or
 deceptive act in trade or commerce and an unfair method of
 competition for the purpose of applying the consumer protection
 act, chapter 19.86 RCW.

Prohibiting the use of consumer credit histories for personal
 insurance renewal decisions. (REVISED FOR ENGROSSED:
 Limiting the use of consumer credit histories for personal
 insurance renewal decisions.)

(AS OF SENATE 2ND READING 3/03/05)

Provides that, at renewal, an insurer shall not use a
 policyholder's updated credit history to determine premium when
 the updated credit history is less favorable to the policyholder than
 the prior credit history. Nothing in this act shall be construed to
 prevent an insurer from using factors other than a policyholder's
 updated credit score in determining premium increases, or to
 prevent inclusion of a policyholder's prior credit history in
 premium decisions at renewal.

SB 5278 by Senators Jacobsen, Kline, and Fraser

Establishing the ocean policy review commission.

(SUBSTITUTED FOR - SEE 1ST SUB)

Declares that, between 2001 and 2004, two high level
 commissions, the United States commission on ocean policy and
 the Pew oceans commission, studied and issued reports
 documenting the state of our nation's oceans and provided ocean
 policy recommendations. In response to the final report of the
 United States commission on ocean policy, the president issued
 the United States ocean action plan and created the cabinet-level
 committee on ocean policy in December 2004. Through these
 actions, the federal government has evidenced an intent to
 facilitate coordination between federal, state, tribal, local
 governments, and other interested groups and to provide funding
 for ocean resources programs and activities.

Declares that an evaluation of the condition of the state's
 coastal and ocean resources and the development of options for
 addressing the opportunities and challenges facing these resources
 will facilitate the adoption of a more efficient and effective ocean
 policy.

Requires the ocean policy review commission to: (1) Examine
 the condition of Washington's coastal and ocean resources and
 their contribution to the state's character, quality of life, and
 economic vitality;

(2) Review and summarize the various interests, roles, and
 responsibilities of public entities, tribal interests, and other
 stakeholders in the protection and management of Washington's
 coastal and ocean resources;

(3) Identify and recommend ways to more effectively protect and manage coastal and ocean resources and take advantage of appropriate new opportunities to use such resources;

(4) Identify and recommend ways to improve coordination between state agencies on coastal and ocean resources issues;

(5) Identify and recommend ways to improve the state's coordination with Oregon, British Columbia, the federal government, other states, and tribal and local governments on coastal and ocean resources issues;

(6) Identify and recommend ways to improve coordination of scientific and technological information and capabilities within the state; and

(7) Identify and recommend ways to finance coastal and ocean protection, management, and development programs.

Requires the ocean policy review commission to report its findings and recommendations to the governor and the appropriate policy and fiscal committees of the senate and house of representatives by December 31, 2006.

Directs the governor or the governor's designee to work to secure federal grants and other sources of funding for inclusion in the coastal and ocean resources account during the existence of the ocean policy review commission.

SB 5278-S by Senate Committee on Natural Resources, Ocean & Recreation (originally sponsored by Senators Jacobsen, Kline, and Fraser)

(AS OF SENATE 2ND READING 3/16/05)

Declares that, between 2001 and 2004, two high level commissions, the United States commission on ocean policy and the Pew oceans commission, studied and issued reports documenting the state of our nation's oceans and provided ocean policy recommendations. In response to the final report of the United States commission on ocean policy, the president issued the United States ocean action plan and created the cabinet-level committee on ocean policy in December 2004. Through these actions, the federal government has evidenced an intent to facilitate coordination between federal, state, tribal, local governments, and other interested groups and to provide funding for ocean resources programs and activities.

Declares that an evaluation of the condition of the state's coastal and ocean resources and the development of options for addressing the opportunities and challenges facing these resources will facilitate the adoption of a more efficient and effective ocean policy.

Requires the ocean policy review commission to, upon convening, examine the findings and recommendations of the United States commission on ocean policy and the Pew oceans commission. The commission shall identify ocean and coastal programs currently operating in the state. Additionally, the commission shall identify recommendations from the United States commission on ocean policy and the Pew oceans commission that could be implemented immediately or by December 31, 2006. The commission shall report these findings and recommendations to the governor and the appropriate policy and fiscal committees of the senate and house of representatives by December 31, 2005.

Directs the governor or the governor's designee to work to secure federal grants and other sources of funding for inclusion in the coastal and ocean resources account during the existence of the ocean policy review commission.

Provides that the governor or the governor's designee, with participation by the members of the ocean policy review commission, shall represent the state in coastal and ocean resources discussions with the federal government, other states, and tribal and local governments during the existence of the ocean policy review commission.

Modifying house-banked social card game provisions.

(AS OF SENATE 2ND READING 4/22/05)

Provides that the commission shall neither issue nor renew any license to engage in a house-banked card game except in a location specified in a license to conduct a house-banked card game approved pursuant to this act, or that, as of March 10, 2005: (1) Is approved by the commission, is in effect, and is not subsequently a license at issue in an application for relocation submitted pursuant to this act; or

(2) Has been submitted to and has not subsequently been denied by the commission.

Provides that a licensee authorized to engage in house-banked card games pursuant to a license described in this act may continue to engage only in gambling activity authorized under the license unless, on the renewal date of the license, the city, town, city-county, or county with jurisdiction over the location identified in the license has in effect an ordinance, resolution, or other legislative act adopted pursuant to this act prohibiting such gambling activity.

Declares that nothing in this act authorizes any city, town, city-county, or county to adopt or enforce any ordinance, resolution, or other legislative act changing or purporting to change any provision within the scope of a license issued under chapter 9.46 RCW.

Provides that an application to relocate a licensed premise under this act shall not be approved, and if previously approved, the license to engage in a house-banked card game at such location shall be revoked and not subsequently issued or renewed in any location, if the licensee who submitted the application under this act, or any director, officer, or other substantial interest holder of the licensed gambling activity, pleads guilty to or is found guilty of any crime constituting, or if prosecuted under the laws of Washington would constitute, a class A, B, or C felony under RCW 9A.20.021 or 9A.20.040 or Title 9 RCW, arising out of any act or acts that occurred at any time the licensee held a license issued by the commission.

SB 5288 by Senators McAuliffe, Hargrove, Stevens, Regala,
Thibaudeau, and Carrell

Specifying how custodial interrogations of juveniles may be
conducted.

(SUBSTITUTED FOR - SEE 1ST SUB)

Requires that, when a law enforcement officer takes a juvenile
into custody, the officer must immediately make reasonable
attempts to notify a parent, guardian, or custodian that the juvenile
is in custody, where the juvenile is being held, and of his or her
right to consult with the juvenile.

Provides that no statement, admission, or confession, written
or oral, of a juvenile under the age of seventeen given as the
result of custodial interrogation by law enforcement officials is
admissible unless: (1) A parent, guardian, or custodian was
present during the statement;

(2) Prior to the statement the juvenile and his or her parent,
guardian, or custodian were advised of the juvenile's rights,
including the right to remain silent, that any statement may be
used against him or her, the right to an attorney, and the right to
have an attorney appointed if financially unable to afford one;

(3) There was meaningful consultation between the juvenile
and the parent, guardian, or custodian; and

(4) The parent, guardian, or custodian does not have any
interests adverse to the juvenile.

Provides that, if a juvenile expresses fear or distress at the
prospect of law enforcement notifying the juvenile's parent,
guardian, or custodian that the juvenile is in custody, which leads
the officer to believe there is a possibility that the juvenile is
experiencing some type of abuse or neglect, the juvenile shall be
given a reasonable opportunity to have another interested adult
present. If no other interested adult is available after reasonable
efforts are made to contact the adult at the juvenile's request, the
juvenile shall be provided with an attorney.

SB 5288-S by Senate Committee on Human Services &
Corrections (originally sponsored by Senators
McAuliffe, Hargrove, Stevens, Regala, Thibaudeau, and Carrell)

(AS OF SENATE 2ND READING 3/09/05)

Requires that, when a law enforcement officer takes a juvenile
into custody, the officer must immediately make reasonable
attempts to notify a parent, guardian, or custodian that the juvenile
is in custody, and where the juvenile is being held.

Provides that when a parent, guardian, or custodian requests
to consult with a juvenile in custody and makes himself or herself
immediately available, he or she must be permitted to consult with
the juvenile immediately upon his or her request, unless: (1) The

juvenile objects to the consultation while in the presence of the
parent, guardian, or custodian; or

(2) The parent, guardian, or custodian is a codefendant or
victim of the juvenile.

Provides that, prior to questioning a juvenile in custody, law
enforcement must advise a juvenile of his or her rights in
substantially the following language: (1) That the juvenile has a
right to remain silent;

(2) That any statement the juvenile makes can be and may be
used against the juvenile;

(3) That the juvenile has a right to consult with an attorney
and the right to have an attorney present during questioning;

(4) That if the juvenile or his or her family cannot afford to
hire an attorney, an attorney will be provided; and

(5) That the juvenile has a right to consult with his or her
parent, guardian, or custodian.

Exempting qualified historic property from the state property tax.

(SEE ALSO PROPOSED 1ST SUB)

Recognizes it is a public good to keep historic private property on the tax rolls at its maximum value, rather than having such property fall into disrepair, and that well-maintained and preserved historic property enhances a community's sense of culture and pride. To achieve this purpose, chapter 84.26 RCW provides special valuation for improvements to historic property and property tax exemptions for maintenance and repair activities.

Provides that historic property that is designated as qualified historic property under this act is exempt from property taxes levied for any state purpose for the year of designation. This exemption cannot be claimed more than once in a five-year period.

Requires an owner of property desiring designation as qualified historic property under this chapter to apply to the assessor of the county in which the property is located upon forms prescribed by the department of revenue and supplied by the county assessor. Applications shall be made no later than October 1st for exemption from taxes payable the following year.

SB 5298-S by Senate Committee on Government Operations & Elections (originally sponsored by Senators

Carrell, Kastama, Stevens, Berkey, Rockefeller, Rasmussen, Oke, Swecker, Delvin, Schmidt, Morton, Parlette, Benson, and Mulliken)

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Recognizes it is a public good to keep historic private property on the tax rolls at its maximum value, rather than having such property fall into disrepair, and that well-maintained and preserved historic property enhances a community's sense of culture and pride. To achieve this purpose, chapter 84.26 RCW provides special valuation for improvements to historic property and property tax exemptions for maintenance and repair activities.

Provides that historic property that is designated as qualified historic property under this act is exempt from property taxes levied for any state purpose for the year of designation. This exemption cannot be claimed more than once in a five-year period. This exemption cannot be claimed if the owner of historic property is participating in the special valuation program, as defined in RCW 84.26.020.

Requires that, within ten days after the filing of the application for a property tax exemption for maintenance and repair activity in the county assessor's office, the county assessor shall refer each application to the local review board.

Directs the review board to approve the application if the property: (1) Is listed on the Washington heritage register or the national register of historic places;

(2) Is residential property occupied by the owner;

(3) Incurs expenditures for maintenance and repair activity that exceed ten percent of the assessed value of the residential structure; and

(4) Complies with minimum standards of maintenance that protect those elements which qualify the property as historically significant.

Companion Bill: 1282

Regarding sexual health education.

Declares that the state has a duty to ensure that young people are equipped with the comprehensive, medically accurate, age-appropriate information that they need to protect themselves from unintended pregnancy and sexually transmitted diseases, including HIV infection. The best approach to protecting youth in this environment is to support the resources that they trust and to ensure that young people have as much accurate, objective information about sexual health as possible.

Requires every school district that offers sexual health education to incorporate the January 2005 guidelines for sexual health information and disease prevention of the department of health and the office of the superintendent of public instruction.

Provides that every school district that offers sexual health education must emphasize abstinence, as required by RCW 70.24.210, except that abstinence may not be taught to the exclusion of other methods of preventing teenage pregnancy and sexually transmitted diseases, including HIV infection. In addition to abstinence, sexual health education must teach medically accurate information about the effectiveness of contraceptives and other family planning options in a comprehensive manner.

SB 5308 by Senators Kohl-Welles, Hargrove, and Oke
 Changing provisions relating to mandatory reporting of child abuse or neglect.

(SUBSTITUTED FOR - SEE 1ST SUB)

Provides that, when any person, in his or her official supervisory capacity with a nonprofit or for-profit organization, has reasonable cause to believe that a child has suffered abuse or neglect caused by a person over whom he or she regularly exercises supervisory authority, he or she shall report such incident, or cause a report to be made, to the proper law enforcement agency, provided that the person alleged to have caused the abuse or neglect is employed by, contracted by, or volunteers with the organization and coaches, trains, educates, or counsels a child or children or regularly has unsupervised access to a child or children as part of the employment, contract, or voluntary service.

SB 5308-S by Senate Committee on Human Services & Corrections (originally sponsored by Senators Kohl-Welles, Hargrove, and Oke)

(DIGEST AS ENACTED)

Provides that, when any person, in his or her official supervisory capacity with a nonprofit or for-profit organization, has reasonable cause to believe that a child has suffered abuse or neglect caused by a person over whom he or she regularly exercises supervisory authority, he or she shall report such incident, or cause a report to be made, to the proper law enforcement agency, provided that the person alleged to have caused the abuse or neglect is employed by, contracted by, or volunteers with the organization and coaches, trains, educates, or counsels a child or children or regularly has unsupervised access to a child or children as part of the employment, contract, or voluntary service.

Declares that no one shall be required to report under this act when he or she obtains the information solely as a result of a privileged communication as provided in RCW 5.60.060.

Companion Bill: 1291

Improving patient safety practices.

(SUBSTITUTED FOR - SEE 1ST SUB)

Declares that implementation of proven patient safety strategies can reduce medical errors, and thereby potentially reduce the need for disciplinary actions against licensed health

care professionals and facilities, and the frequency and severity of medical malpractice claims.

Declares that health care providers, health care facilities, and health carriers can and should be supported in their efforts to improve patient safety and reduce medical errors by encouraging health care facilities and providers to communicate openly with patients regarding medical errors that have occurred and steps that can be taken to prevent errors from occurring in the future, encouraging health care facilities and providers to work cooperatively in their patient safety efforts, and increasing funding available to implement proven patient safety strategies.

Declares an intent to positively influence the safety and quality of care provided in Washington state's health care system.

Requires the secretary to increase the licensing fee established under RCW 43.70.110 by two dollars for the health care professionals designated in this act and by two dollars per licensed bed for the health care facilities designated in this act.

Requires proceeds of the patient safety fee to be deposited into the patient safety account in this act and dedicated to patient safety and medical error reduction efforts that have been proven to improve, or have a substantial likelihood of improving the quality of care provided by health care professionals and facilities.

Provides that one percent of any attorney contingency fee as contracted with a prevailing plaintiff in any action for damages based upon injuries resulting from health care shall be deducted from the contingency fee as a patient safety set aside.

Requires a patient safety set aside to be transmitted to the secretary of the department of health by the person or entity paying the claim, settlement, or verdict for deposit into the patient safety account established in this act.

Provides that patient safety fee and set aside proceeds shall be administered by the department, after seeking input from health care providers engaged in direct patient care activities, health care facilities, health care provider organizations, and other interested parties.

Provides that, by December 1, 2008, the department shall report the following information to the governor and the health policy and fiscal committees of the legislature: (1) The amount of patient safety fees and set asides deposited to date in the patient safety account;

(2) The criteria for distribution of grants, loans, or other appropriate arrangements under this act; and

(3) A description of the medical error reduction and patient safety grants and loans distributed to date, including the stated performance measures, activities, timelines, and detailed information regarding outcomes for each project.

Concerning animal trapping.

(AS OF SENATE 2ND READING 2/22/06)

Finds that a professionally managed and regulated trapping program is not only vital to the health of Washington's wildlife populations, but is also consistent with the state's obligations to manage all natural resources in trust for the common good of all citizens.

Finds that it is in the interest of all of the citizens of Washington to ensure that all trapping is done in accordance with sound scientific wildlife management principles using humane methods as set forth in this act.

Declares an intent to implement a sound furbearer management program, administered using sound science by the department of fish and wildlife, that addresses an animal problem as defined in RCW 77.08.010.

Declares that it is the policy of the state of Washington to minimize the use of indiscriminate or painful traps and to use all traps humanely. When lethal trapping methods are used, such methods must be used in the most humane way that accomplishes the goal of reducing animal problems. All trappers in the state should use all practicable means necessary to avoid the capture of a nontargeted animal.

Promoting economic development and community revitalization.

(AS OF SENATE 2ND READING 2/08/06)

Recognizes that the state as a whole benefits from investment in public infrastructure because it promotes community and economic development. Public investment stimulates business activity and helps create jobs; stimulates the redevelopment of brownfields and blighted areas in the inner city; lowers the cost of housing; and promotes efficient land use.

Finds that these activities generate revenue for the state and that it is in the public interest to invest in these projects through a credit against the state sales and use tax to those local governments that can demonstrate the expected returns to the state.

Companion Bill: 2052

Establishing an industry cluster-based approach to economic
 development.

(AS OF SENATE 2ND READING 1/20/06)

Finds that the use of industrial clusters as a descriptive tool
 can provide a clear understanding of the relationships between
 firms that drive the local economy. An industry cluster is a group
 of complementary, competing, and interdependent firms that
 represent the entire value chain of a broadly defined industry from
 suppliers to end products, including supporting services and
 specialized infrastructure.

Finds that: (1) Cluster-based economic analysis is a tool for
 understanding industry dynamics;

(2) The purpose of cluster analysis is to identify those areas
 of the economy in which a region has or might develop a
 comparative advantage and to develop short and long-term
 strategies for growing the regional economy; and

(3) Using cluster analysis in the development of economic
 development strategies highlights opportunities for coordination
 and improvement in areas of mutual concern to firms without
 threatening or distorting competition

Declares an intent that the department of community, trade,
 and economic development use a cluster-based economic analysis
 in the development and delivery of economic development
 services in the state.

SB 5334 by Senators Kastama, Finkbeiner, Esser, and Keiser
Authorizing a temporary annexation surtax for specified cities.

(SEE ALSO PROPOSED 1ST SUB)

Finds that, in many of the most populous areas of the state, it is in the best interests of the residents to provide municipal services by encouraging annexation of those areas into existing adjacent cities. However, even where the residents desire to become annexed, cities are unable to undertake the proposed annexations because of the unfair tax burdens that would be placed on their existing residents to pay for services to the newly annexed areas.

Finds that a voter-approved temporary annexation surtax on utility services would provide the revenues needed to provide vital municipal services paid for by the residents of the annexation area. Because utility taxes are paid by property owners and renters alike, the legislature believes that a temporary surtax will spread the burden upon all residents in annexation areas.

Declares an intent that this act will provide an additional tool to enable cities to annex unincorporated areas that lie within designated urban growth areas when the residents of those annexation areas vote to approve the annexation.

Concerning park rangers employed by the parks and recreation commission.

Declares that park rangers vested with police powers by the commission shall enforce Title 79A RCW, rules of the commission, and other statutes as prescribed by the legislature. When prescribed by the commission, park rangers shall have and exercise, throughout the state, such police powers and duties as are vested in sheriffs and peace officers generally.

Requires an applicant for a park ranger position to be a citizen of the United States of America who can read and write the English language. All park rangers hired after the effective date of this act are law enforcement personnel as defined in RCW 43.101.010(4).

Requires such park rangers to successfully complete the basic law enforcement academy course, known as the basic course, sponsored by the criminal justice training commission, or the basic law enforcement equivalency certification, known as the equivalency course, provided by the criminal justice training commission.

Declares that nothing in this act or RCW 10.93.020 confers membership to such officers in the Washington law enforcement officers' and fire fighters' retirement system under chapter 41.26 RCW.

VETO MESSAGE ON SB 5340

May 3, 2005

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning, without my approval, Senate Bill No. 5340 entitled:

The House of Representatives forwarded an identical companion bill, House Bill No. 1457 to the Governor's Office on April 19, 2005. I will sign that bill today. Senate Bill No. 5340, therefore, must be vetoed.

For these reasons, I have vetoed Senate Bill No. 5340 in its entirety.

Respectfully submitted,
Christine O. Gregoire
Governor

Encouraging safe storage of firearms.

Declares that, except as otherwise provided in this act, a person is guilty of reckless endangerment if the person stores or leaves a loaded firearm in a location where the person knows, or reasonably should know, that a child is likely to gain access, and a child obtains possession of the loaded firearm.

Requires that, when selling any firearm, every dealer shall offer to sell or give the purchaser a locked box, gun safe, a lock, or any device that prevents the firearm from discharging.

Provides that every person who violates this provision is guilty of a class 3 civil infraction under chapter 7.80 RCW, and

may be fined up to fifty dollars. However, no such fines may be levied until thirty days have expired from the time warning signs are distributed by the department of licensing.

VETO MESSAGE ON SB 5347

May 10, 2005

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning, without my approval, Senate Bill No. 5347 entitled:

The House of Representatives forwarded an identical companion bill, House Bill No. 1364, to the Governor's Office on April 19, 2005. Both bills cannot be signed.

For these reasons, I have vetoed Senate Bill No. 5347 in its entirety.

Respectfully submitted,
Christine O. Gregoire
Governor

SB 5348 by Senators Pridemore, Kastama, Fraser, and Kline

Companion Bill: 1715

Authorizing certain PUDs to operate an electrical appliance repair service.

(SUBSTITUTED FOR - SEE 1ST SUB)

Provides that a public utility district located within a county that has a contiguous border with the state of Oregon and a population of three hundred forty thousand or more that provides electrical, water, and sewer service to its customers may operate an electrical appliance repair service.

SB 5348-S by Senate Committee on Water, Energy & Environment (originally sponsored by Senators Pridemore, Kastama, Fraser, and Kline)

(DIGEST AS ENACTED)

Declares an intent to avoid unnecessary hardships on the citizens of a community by recognizing the traditional appliance repair services that have been offered for many years by any public utility district.

Recognizes these historic services coexist with the private sector without creating aggressive competition between public and private enterprises.

Declares an intent to have these services be financially self-supporting and not be subsidized by any other customer rate structures.

Provides that any public utility district that has operated an electrical appliance repair service for at least ten years prior to the effective date of this act, may continue to operate an electrical appliance repair service within its service territory.

Provides that, when a public utility district provides electrical appliance repair services under this act, the public utility district shall: (1) Charge customers the true and fair cost for the services;

(2) Keep records documenting the revenues and expenditures for the services and make those records available to the public; and

(3) Develop measures or benchmarks to track and evaluate the performance of the services.

Regulating fire safety.

Provides that the director of fire protection shall require all
 applicants for alcoholic beverages licenses to submit a valid
 certificate of inspection, as provided in the state building code,
 issued by a local inspector and signed by the head of the fire
 department for the city, town, or district in which the applicant
 intends to sell alcoholic beverages to be consumed on the
 premises.

Requires the certificate of inspection to attest to the safety of
 the building or structure in which the applicant intends to sell
 alcoholic beverages to be consumed on the premises and that the
 building or structure meets or exceeds the requirements of the
 state building code.

Provides that the director of fire protection shall require that
 every license holder submit, annually, a valid certificate of
 inspection, as provided in the state building code, issued by a
 local inspector and signed by the head of the fire department for
 the city, town, or district in which the premises is located and from
 which alcoholic beverages intended to be consumed on the
 premises are to be sold.

Provides that the state building code council shall require the
 owner of any building or structure or portion thereof, that
 includes a place of business designed or used for occupancy as a
 nightclub, dance hall, discotheque, bar, or for similar
 entertainment purposes, with a capacity of one hundred persons
 or more, and which includes one or more residential dwellings,

Companion Bill: 1404

Requiring certain local governments to regulate forest practices.

Requires each county, city, and town assuming regulation of
 forest practices as provided in RCW 76.09.240 (1) and (2) to
 adopt development regulations that: (1) Protect public resources,
 as defined in RCW 76.09.020, from material damage or the
 potential for material damage;

(2) Require appropriate approvals for all phases of the
 conversion of forest lands, including clearing and grading; and

(3) Are guided by the planning goals in RCW 36.70A.020 and
 by the purposes and policies of the forest practices act as set forth
 in RCW 76.09.010.

Provides that, if necessary, each county, city, or town that
 assumes regulation of forest practices under RCW 76.09.240
 shall amend its comprehensive plan to ensure consistency between
 its comprehensive plan and development regulations.

Provides that, before a county, city, or town may regulate forest practices under RCW 76.09.240 (1) and (2), it shall update its development regulations as required by RCW 36.70A.130 and, if applicable, RCW 36.70A.215. Forest practices regulations adopted under RCW 76.09.240 (1) and (2) may be adopted as part of the legislative action taken under RCW 36.70A.130 or 36.70A.215.

SB 5377 by Senators Kline, Kohl-Welles, Delvin, and Thibaudeau

Companion Bill: 1151

Regulating the keeping of dangerous wild animals.

Provides that a person shall not own, possess, keep, harbor, bring into the state, or have custody or control of a potentially dangerous wild animal, except as provided in this act.

Declares that a person shall not breed a potentially dangerous wild animal.

Provides that a person in legal possession of a potentially dangerous wild animal prior to the effective date of this act and who is the legal possessor of the animal may keep possession of the animal until July 1, 2010.

Provides that the animal control authority or a law enforcement officer may immediately confiscate a potentially dangerous wild animal if: (1) The animal is possessed after July 1, 2010, and the possessor has not been granted permission to maintain possession after July 1, 2010, as allowed under this act;

(2) The animal control authority or law enforcement officer has probable cause to believe that the animal was acquired after the effective date of this act in violation of this act; or

(3) The animal poses a public safety or health risk.

Authorizes a city or county to adopt an ordinance governing potentially dangerous wild animals that is more restrictive than this act. However, nothing in this act requires a city or county to adopt an ordinance to be in compliance with this act.

Declares that a person who acquires possession of a potentially dangerous wild animal after the effective date of this act, or who possesses a potentially dangerous wild animal after July 1, 2010, in violation of this act, is liable for a civil penalty of not less than two hundred dollars and not more than two thousand dollars for each animal with respect to which there is a violation and for each day the violation continues.

Provides that the animal control authority and its staff and agents, local law enforcement agents, and county sheriffs are authorized and empowered to enforce the provisions of this act.

Provides that, if a locality does not have a local animal control authority, the department of fish and wildlife shall enforce the provisions of this act.

Allowing counties to increase funding for properties acquired through conservation futures.

(SEE ALSO PROPOSED 1ST SUB)

Provides that, for the purposes of acquiring conservation futures as well as other rights and interests in real property pursuant to RCW 84.34.210 and 84.34.220, and for maintaining and operating any property acquired, a county may levy an amount not to exceed twelve and one-half cents per thousand dollars of assessed valuation against the assessed valuation of all taxable property within the county.

Provides that the amount of revenue used for maintenance and operations of parks and recreational facilities may not exceed twenty-five percent of the total amount collected from the tax levied under RCW 84.34.230 in the preceding calendar year. Revenues from this tax may not be used to supplant existing maintenance and operation funding.

SB 5378-S by Senate Committee on Natural Resources, Ocean & Recreation (originally sponsored by Senators Pridemore, Swecker, Jacobsen, Kastama, Thibaudeau, Haugen, Regala, Benson, Fraser, Delvin, Oke, Spanel, Rockefeller, and Kline)

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Provides that, for the purposes of acquiring conservation futures as well as other rights and interests in real property pursuant to RCW 84.34.210 and 84.34.220, and for maintaining and operating any property acquired, a county may levy an amount not to exceed twelve and one-half cents per thousand dollars of assessed valuation against the assessed valuation of all taxable property within the county.

Creating the Washington invasive species council.

(SUBSTITUTED FOR - SEE 1ST SUB)

Declares that the purpose of the Washington invasive species council is to provide policy level direction, planning, and coordination for combating harmful invasive species throughout the state and preventing the introduction of others that may be potentially harmful.

Declares that the Washington invasive species council is a joint effort between local, tribal, state, and federal governments, as well as the private sector and nongovernmental organizations. The purpose of the Washington invasive species council is to foster cooperation, communication, and coordinated approaches that support local, state, and regional initiatives for the prevention and control of invasive species, not to usurp the individual mission of any of its member organizations or to duplicate effort. Existing statutory authorities of state agencies participating in the Washington invasive species council are not changed by this act.

Requires the Washington invasive species council to develop and periodically update a statewide strategic plan for addressing invasive species.

SB 5385-S by Senate Committee on Natural Resources, Ocean & Recreation (originally sponsored by Senators Jacobsen, Oke, Fraser, Swecker, and Kline)

(DIGEST AS ENACTED)

Declares that the purpose of the Washington invasive species council is to provide policy level direction, planning, and coordination for combating harmful invasive species throughout the state and preventing the introduction of others that may be potentially harmful.

Declares that the Washington invasive species council is a joint effort between local, tribal, state, and federal governments, as well as the private sector and nongovernmental organizations. The purpose of the Washington invasive species council is to foster cooperation, communication, and coordinated approaches that support local, state, and regional initiatives for the prevention and control of invasive species.

Requires the Washington invasive species council to develop and periodically update a statewide strategic plan for addressing invasive species. The strategic plan should incorporate the reports and activities of the aquatic nuisance species committee, the state noxious weed control board, and other appropriate reports and activities. In addition, the council must coordinate with the biodiversity council created in Executive Order 04-02 to ensure that a statewide strategy for the control of invasive species is

integrated into the thirty-year strategy for biodiversity conservation that the biodiversity council must submit to the legislature in 2007.

Requires the invasive species council to submit an annual report of its activities to the governor and the relevant policy committees of the senate and house of representatives by December 15th of each year. The annual report must include an evaluation of progress made in the preceding year to implement or carry out the strategic plan and an identification of projects from the strategic plan that will be a focus for the following year.

Requiring voting devices to produce paper records.

(SUBSTITUTED FOR - SEE 1ST SUB)

Provides that, beginning on January 1, 2006, all poll-site based electronic voting devices shall produce an individual paper record, at the time of voting, that may be reviewed by the voter

before finalizing his or her vote. This record may not be removed from the polling place and must be machine readable for counting purposes. If the device is programmed to display the ballot in multiple languages, the paper record produced must be printed in the language used by each voter.

Provides that paper records produced by poll-site based electronic voting devices are subject to all of the requirements of chapter 29A.44 and chapter 29A.60 RCW for ballot handling, preservation, reconciliation, transit to the counting center, and storage. The paper records must be preserved in the same manner and for the same period of time as ballots.

Provides that a voter voting on a poll-site based electronic voting system may not leave the device during the voting process, except to verify his or her ballot or to request assistance from the precinct election officers, until the voting process is completed.

Provides that, before the close of business on the day after election day, the county auditor shall conduct an audit of results of votes cast on the poll-site based electronic voting devices used in the county.

Provides that anyone who removes a paper record produced by a poll-site based electronic voting system from a polling place without authorization is guilty of a class C felony punishable under RCW 9A.20.021.

SB 5397 by Senators Rockefeller, Swecker, Poulsen, Oke, Kohl-Welles, Schmidt, Brown, Esser, Weinstein, Pridemore, Prentice, Keiser, Kline, Fairley, Regala, Fraser, Jacobsen, Shin, and Spanel

Companion Bill: 1397

Changing vehicle emission standards provisions.

(SEE ALSO PROPOSED 1ST SUB)

Provides that, pursuant to the federal clean air act, the legislature adopts the California motor vehicle emission standards in Title 13 of the California Code of Regulations, effective January 1, 2005.

Provides that, by December 31, 2005, the department of ecology shall adopt rules to implement the emission standards of the state of California for passenger cars, light duty trucks, and medium duty passenger vehicles, and shall amend the rules from time to time, to conform to the requirements of the federal clean air act. Rules shall be applicable to motor vehicles with a model year 2009 and later.

Does not limit the department of ecology's authority to regulate motor vehicle emissions for any other class of vehicle.

Provides that, after adoption of rules specified in this act, no vehicle shall be registered in the state for model year 2009 or later unless the vehicle: (1) Is consistent with the vehicle emission standards adopted by the department of ecology; or

(2) Has seven thousand five hundred miles or more. The department of licensing, in consultation with the department of ecology, may adopt rules necessary to implement this act.

Repeals RCW 70.120.200, and 1991 c 199 s 229 (uncodified).

SB 5405-S2 by Senate Committee on Ways & Means (originally sponsored by Senators Jacobsen, Swecker, Doumit, Hargrove, Spanel, and Morton)

(DIGEST OF PROPOSED 2ND SUBSTITUTE)

Declares that the purpose of the council is to: (1) Gather data necessary to understanding the economic, recreational, and environmental contributions of the forest products industry and secondary manufacturing sectors in Washington state and the trends that will influence the industry in the future; and

(2) Develop recommendations for policy changes that will contribute to maintaining the economic stability and growth of the forest products industry in Washington state.

Finds that the western slopes of the Cascade mountain range in Whatcom, Skagit, Snohomish, King, Pierce, Thurston, and Lewis counties are experiencing increasing demands for a wide range of uses by the growing population in the Puget Sound basin. These lands provide important economic, forest, fish and wildlife, recreation, scenic, educational, and watershed benefits to the entire region.

Finds that it is in the public's interest to assist Cascade foothills area landowners and communities in retaining responsible, working forestry in the lower elevations of this area to sustain timber-dependent economies while acknowledging ecological and environmental benefits from the forests.

Requires the future of Washington forests review council to report the findings and recommendations required by this act to the appropriate policy and fiscal committees of the senate and house of representatives by December 31, 2007.

Terminates the future of Washington forests review council and its powers and duties on June 30, 2008.

Companion Bill: 1267

Authorizing branch campuses to offer lower-division courses.

(SEE ALSO PROPOSED 2ND SUB)

Finds that the University of Washington Bothell, University of Washington Tacoma, Washington State University Tri-Cities, and Washington State University Vancouver have each conducted a thorough review of the campus mission and model of educational services and made recommendations to the legislature for the future evolution of the campus.

Declares an intent to authorize each campus to expand its educational offerings to include lower-division courses.

SB 5411-S by Senate Committee on Early Learning, K-12 & Higher Education (originally sponsored by Senators Pridemore, Kohl-Welles, Benton, Schmidt, McAuliffe, Zarelli, Rasmussen, Thibaudeau, Doumit, Shin, Regala, Keiser, Prentice, Fairley, Jacobsen, and Pflug)

(SEE ALSO PROPOSED 2ND SUB)

Finds that the University of Washington Bothell, University of Washington Tacoma, Washington State University Tri-Cities, and Washington State University Vancouver have each conducted a thorough review of the campus mission and model of educational services and made recommendations to the legislature for the future evolution of the campus.

Recognizes that there are regional differences in relation to capacity gaps and programmatic needs of students that require a differential approach to individual branch campus expansion and that similar treatment of each campus may no longer be the most efficient way in which to address the higher education needs of the state.

Expresses a belief that the original mission of branch campuses to contribute to regional economic development requires differential treatment of each campus based on the regional economic and higher education needs.

Declares an intent to authorize each campus to expand its educational offerings to include lower-division courses but the expansion shall be unique to each campus, reflect the needs of the region the campus serves, and continue to support collaboration with the entire higher education system.

Restricting access to motor vehicles for persons arrested for alcohol offenses (John's Law).

(AS OF SENATE 2ND READING 3/10/05)

Finds that it is imperative to ensure that people who are arrested for driving under the influence of intoxicating liquor or any drug are not released to third parties who then allow them to resume control of a motor vehicle.

Declares it is the purpose of this act to enhance public safety by reducing the probability that a person arrested for driving under the influence of alcohol or drugs will have access to a motor vehicle while still impaired by the alcohol or drugs.

Provides that, whenever the driver of a vehicle is arrested for a violation of RCW 46.61.502 or 46.61.504, the vehicle is subject to impoundment at the direction of a law enforcement officer.

Provides that, before a law enforcement officer releases a person arrested for a violation of RCW 46.61.502 or 46.61.504 to a third person, the officer shall serve notice in writing on the third person advising the person of potential civil and criminal liability if the person facilitates or permits the arrested person released to his custody to resume operation of a motor vehicle while still intoxicated or impaired.

Allowing consumers to place a security freeze on a credit report.

(DIGEST AS ENACTED)

Provides that a victim of identity theft who has submitted a valid police report to a consumer reporting agency may elect to place a security freeze on his or her report by making a request in writing by certified mail to a consumer reporting agency.

Declares that a "security freeze" means a notice placed in a consumer's credit report, at the request of the consumer and subject to certain exceptions, that prohibits the consumer reporting agency from releasing the consumer's credit report or any information from it without the express authorization of the consumer. If a security freeze is in place, information from a consumer's credit report may not be released to a third party without prior express authorization from the consumer.

Does not prevent a consumer reporting agency from advising a third party that a security freeze is in effect with respect to the consumer's credit report.

Provides that a consumer reporting agency is not required to place a security freeze in a consumer credit report under this act if it acts only as a reseller of credit information by assembling and merging information contained in the data base of another consumer reporting agency or multiple consumer reporting agencies, and does not maintain a permanent data base of credit information from which new consumer credit reports are produced. However, a consumer reporting agency must honor any security freeze placed on a consumer credit report by another consumer reporting agency.

Provides that a consumer reporting agency may furnish to a governmental agency a consumer's name, address, former address, places of employment, or former places of employment.

Authorizing creation of thematic collections of special plates.
 (REVISED FOR ENGROSSED: Regulating special license plates.)

(DIGEST AS ENACTED)

Provides that, in addition to any other fees and taxes due at the time of registration, applicants for a personalized special license plate must pay both the fees to purchase and renew a special plate as set out in the statute creating the special plate and the personalized plate as required in RCW 46.16.585 and 46.16.606. The special plate fee must be distributed in accordance with the requirements set out in the statute creating the special plate. The personalized plate fee must be distributed under RCW 46.16.605 and 46.16.606. The transfer of personalized special plates is to be administered under RCW 46.16.316.

Provides that, in order to assess the effects and impact of the proliferation of special license plates, the legislature declares a temporary moratorium on the issuance of any additional plates until June 1, 2007. During this period of time, the special license plate review board created in RCW 46.16.705 and the department of licensing are prohibited from accepting, reviewing, processing, or approving any applications. Additionally, no special license plate may be enacted by the legislature during the moratorium, unless the proposed license plate has been approved by the board before February 15, 2005.

Companion Bill: 2001

Authorizing the "Washington Lighthouses" special plate.

(DIGEST AS ENACTED)

Authorizes the "Washington Lighthouses" special plate.

Creates the lighthouse environmental programs account in the custody of the state treasurer.

Provides that funds in the account must be disbursed subject to the following conditions and limitations: (1) Under the requirements set out in RCW 46.16.765, the department must contract with a qualified nonprofit organization to support selected Washington state lighthouses that are accessible to the public and staffed by volunteers; to provide environmental education programs; and to provide grants for other Washington lighthouses to assist in funding infrastructure preservation and restoration and to encourage and support interpretive programs by lighthouse docents.

(2) For the purpose of this act, a "qualified nonprofit organization" means a not-for-profit corporation incorporated and of tax exempt status under section 501(c)(3) of the federal internal revenue code. The organization must have been

established for the express purposes of supporting selected Washington state lighthouses that are open to the public and staffed by volunteers; providing environmental education programs; and encouraging and supporting interpretive programs by lighthouse docents.

Companion Bill: 2142

Creating North Snohomish State College.

Finds that, over the next decade, large numbers of Washington students will graduate from high school and seek access to higher education. Washington continues to lag significantly behind other states in its production of students with baccalaureate degrees and graduate degrees.

Finds that a new public four-year institution of higher education has not been created in the state of Washington since 1967. The three comprehensive institutions of higher education were created in the late 1890s when the state normal schools were established and no new comprehensive institution of higher education has been created since then.

Finds that northern Snohomish county and the surrounding region do not have reasonable access to a four-year institution of higher education.

Declares an intent to create a four-year baccalaureate degree granting institution in north Snohomish county.

SB 5426 by Senators Carrell, Hargrove, Benson, and Sheldon
Providing procedures for decreasing truancy and dropouts.

(SUBSTITUTED FOR - SEE 1ST SUB)

Finds that there is a correlation between the dropout rates of youth and the rate of truancy within the educational system. The state must have as a priority the reduction in the rates of truancy and dropouts in the state educational system. The state must encourage the districts to adopt policies which reduce the rates of truancy and dropouts within the schools in their districts.

SB 5426-S by Senate Committee on Early Learning, K-12 & Higher Education (originally sponsored by Senators Carrell, Hargrove, Benson, and Sheldon)

Creating a work group to review laws governing school attendance.

(AS OF SENATE 2ND READING 3/10/05)

Finds that there is a need to review current laws and rules that govern school attendance requirements. The legislature is concerned about the attendance of youth in the educational system and the impact truancy and students dropping out of school have on schools and communities.

Convenes a Washington state task force to evaluate the following: (1) Review the implementation of the Becca bill and other school attendance measures to determine their consistent application across the state and their conformance with state law;

(2) The definition of excused and unexcused absences;

(3) Creating incentives for school districts to improve student attendance; and

(4) Related data collection requirements on graduation, dropouts, student transfer, and other issues related to student attendance.

Companion Bill: 1458

Concerning the management of on-site sewage systems in marine areas.

(SEE ALSO PROPOSED 2ND SUB)

Finds that improperly functioning on-site sewage systems in marine areas may contaminate ground water and surface water, threatening public health and the environment.

Finds that in these areas enhanced on-site sewage system certification programs must be established to ensure systems are properly functioning to protect public and environmental health.

Requires the department of ecology to designate a marine area of special concern in counties with shorelines adjacent to Puget Sound in areas where concentrations of on-site sewage disposal systems are a significant factor contributing to public health and environmental concerns.

Requires the local board of health with jurisdiction over the area to submit an enhanced on-site sewage system certification program to the department within eighteen months of designation of a marine area of special concern within the county.

Requires the local board of health with jurisdiction over the area to conduct quality assurance of the enhanced on-site sewage system certification program including: (1) Inspection of at least ten percent of certificated on-site sewage disposal systems every three years to determine if the systems are properly functioning and in compliance with this chapter and RCW 43.20.050; and

(2) Follow-up inspections of all new on-site sewage disposal systems within one year of installation to ensure that the system is properly functioning and to provide educational materials to the owner or operator of the system.

Provides that, in areas with shorelines adjacent to Puget Sound where an enhanced on-site sewage system certification program is not required, the owner of an on-site sewage disposal system is responsible for operating, monitoring, and maintaining the system to minimize the risk of failure. In order to accomplish this, the owner shall ensure a complete evaluation of the system's components to determine functionality, maintenance needs, and compliance with regulations and permits as follows: (1) At least once every three years for a conventional on-site sewage disposal system; or

(2) Annually for a complex on-site sewage disposal system.

SB 5431-S by Senate Committee on Water, Energy & Environment (originally sponsored by Senators Spanel, Rockefeller, Pridemore, Poulsen, Kohl-Welles, Doumit, Regala, Fraser, Kline, and McCaslin)

Concerning on-site sewage disposal systems.

(SEE ALSO PROPOSED 2ND SUB)

Declares it is the purpose of this act to authorize enhanced local programs in marine recovery areas to inventory existing on-site sewage disposal systems, to identify the location of all on-site sewage disposal systems near marine recovery areas, to

require inspection of on-site sewage disposal systems and repairs to those systems that are failing, to develop data bases capable of sharing information regarding on-site sewage disposal systems, and to monitor the progress of implementing these programs to ensure that they are working to protect public health and the quality of Puget Sound waters.

Requires that, by July 1, 2006, the local health officer shall designate a marine recovery area for those land areas where on-site sewage disposal systems are a significant factor contributing to public health and environmental concerns, and where associated with: (1) Shellfish growing areas that have been downgraded by the department under chapter 69.30 RCW;

(2) State waters that are listed by the department of ecology under Section 303(d) of the federal clean water act (33 U.S.C. Sec. 1251 et seq.) for low-dissolved oxygen or fecal coliform; or

(3) Marine waters that have been identified by the local health officer with nitrogen as a contaminant of concern.

Provides that, after July 1, 2006, the local health officer may designate additional areas where new information indicates additional land areas meet the criteria of this section. Where the department recommends the designation of an area or the expansion of a designated area, the local health officer shall notify the department of its decision concerning the recommendation within ninety days of receipt of the recommendation.

Requires that, by July 1, 2007, and thereafter, the local health officers of health jurisdictions in the twelve counties bordering Puget Sound where a marine recovery area has been designated under this act shall each develop and approve an on-site sewage disposal system program implementation plan that will guide the local health jurisdiction in the development and management of all on-site sewage disposal systems within the marine recovery areas within its jurisdiction. The department may grant an extension of twelve months where the local health jurisdiction has demonstrated substantial progress toward completion of the plan.

Requires the on-site sewage disposal system program implementation plan for the marine recovery area to include how the local health jurisdiction will: (1) By July 1, 2010, find failing systems and ensure system owners make necessary repairs;

(2) By July 1, 2010, find unknown systems and ensure they are inspected and ensure they are functioning properly, and repairs are made as necessary;

(3) Implement the requirements for inspection, reporting, and completing necessary repairs required under this act;

(4) Identify the additional requirements for operation, maintenance, and monitoring that are commensurate with the risks posed by on-site sewage disposal systems in the marine recovery area;

(5) Facilitate education of owners of on-site sewage disposal systems regarding requirements for owners;

(6) Provide operation and maintenance information for owners of all system types in use within the marine recovery area;

(7) Ensure owners of on-site sewage disposal systems complete operation and maintenance inspections as required by rules adopted by the board;

(8) Maintain all records as required by rules adopted by the board including inspections and repairs;

(9) Enforce applicable on-site sewage disposal system permit requirements; and

(10) If necessary, recommend alternatives to conventional on-site sewage disposal systems such as extending sewer services, developing community sewage systems, and encouraging on-site sewage disposal system technologies that present greater treatment performance, particularly regarding the reduction or removal of nitrogen.

Requires each local health officer to develop and maintain an electronic data system of all on-site sewage disposal systems within marine recovery areas to enable local health jurisdictions to actively manage on-site sewage disposal systems.

Requires the owner of an on-site sewage disposal system to obtain an inspection of the system by an on-site sewage disposal system professional approved by the county when: (1) The property is sold to another person; or

(2) A building permit is required for the structure served by the system for the purpose of reconstruction or a substantial remodel of the structure.

Directs the department of health to report to the appropriate committees of the senate and house of representatives by December 31, 2007, on progress in designating marine recovery areas and developing and implementing on-site sewage disposal system implementation plans for such areas.

Requires that, from funds appropriated in the biennial appropriations act for the purposes of this act, the department shall administer a program of financial assistance for the repair and replacement of on-site sewage disposal systems in counties with marine waters.

SB 5431-S2 by Senate Committee on Ways & Means (originally sponsored by Senators Spanel, Rockefeller, Pridemore, Poulsen, Kohl-Welles, Doumit, Regala, Fraser, Kline, and McCaslin)

(DIGEST OF PROPOSED 2ND SUBSTITUTE)

Declares it is the purpose of this act to authorize enhanced local programs in marine recovery areas to inventory existing on-site sewage disposal systems, to identify the location of all on-site sewage disposal systems near marine recovery areas, to require inspection of on-site sewage disposal systems and repairs to those systems that are failing, to develop data bases capable of sharing information regarding on-site sewage disposal systems, and to monitor the progress of implementing these programs to ensure that they are working to protect public health and the quality of Puget Sound waters.

Requires that, by July 1, 2006, the local health officer shall designate a marine recovery area for those land areas where on-site sewage disposal systems are a significant factor contributing to public health and environmental concerns, and where associated with: (1) Shellfish growing areas that have been downgraded by the department under chapter 69.30 RCW;

(2) State waters that are listed by the department of ecology under Section 303(d) of the federal clean water act (33 U.S.C. Sec. 1251 et seq.) for low-dissolved oxygen or fecal coliform; or

(3) Marine waters that have been identified by the local health officer with nitrogen as a contaminant of concern.

Provides that, after July 1, 2006, the local health officer may designate additional areas where new information indicates additional land areas meet the criteria of this section. Where the department recommends the designation of an area or the expansion of a designated area, the local health officer shall notify the department of its decision concerning the recommendation within ninety days of receipt of the recommendation.

Requires that, by July 1, 2007, and thereafter, the local health officers of health jurisdictions in the twelve counties bordering Puget Sound where a marine recovery area has been designated under this act shall each develop and approve an on-site sewage disposal system program implementation plan that will guide the local health jurisdiction in the development and management of all on-site sewage disposal systems within the marine recovery areas within its jurisdiction. The department may grant an extension of twelve months where the local health jurisdiction has demonstrated substantial progress toward completion of the plan.

Requires the on-site sewage disposal system program implementation plan for the marine recovery area to include how the local health jurisdiction will: (1) By July 1, 2010, find failing systems and ensure system owners make necessary repairs;

(2) By July 1, 2010, find unknown systems and ensure they are inspected and ensure they are functioning properly, and repairs are made as necessary;

(3) Implement the requirements for inspection, reporting, and completing necessary repairs required under this act;

(4) Identify the additional requirements for operation, maintenance, and monitoring that are commensurate with the risks posed by on-site sewage disposal systems in the marine recovery area;

(5) Facilitate education of owners of on-site sewage disposal systems regarding requirements for owners;

(6) Provide operation and maintenance information for owners of all system types in use within the marine recovery area;

(7) Ensure owners of on-site sewage disposal systems complete operation and maintenance inspections as required by rules adopted by the board;

(8) Maintain all records as required by rules adopted by the board including inspections and repairs;

(9) Enforce applicable on-site sewage disposal system permit requirements; and

(10) If necessary, recommend alternatives to conventional on-site sewage disposal systems such as extending sewer services, developing community sewage systems, and encouraging on-site sewage disposal system technologies that present greater treatment performance, particularly regarding the reduction or removal of nitrogen.

Requires each local health officer to develop and maintain an electronic data system of all on-site sewage disposal systems within marine recovery areas to enable local health jurisdictions to actively manage on-site sewage disposal systems.

Requires the owner of an on-site sewage disposal system to obtain an inspection of the system by an on-site sewage disposal system professional approved by the county when: (1) The property is sold to another person; or

(2) A building permit is required for the structure served by the system for the purpose of reconstruction or a substantial remodel of the structure.

Directs the department of health to report to the appropriate committees of the senate and house of representatives by December 31, 2007, on progress in designating marine recovery areas and developing and implementing on-site sewage disposal system implementation plans for such areas.

Requires that, from funds appropriated in the biennial appropriations act for the purposes of this act, the department shall administer a program of financial assistance for the repair and replacement of on-site sewage disposal systems in counties with marine waters.

Companion Bill: 1459

Creating the oil spill monitoring and oversight council.

(SUBSTITUTED FOR - SEE 1ST SUB)

Declares that, in section 5002 of the federal oil pollution act of 1990, the United States congress found that complacency on the part of industry and government was one of the contributing factors to the Exxon Valdez spill and, further, that one method to combat this complacency is to involve local citizens in the monitoring and oversight of oil spill plans. Moreover, congress concluded that, in addition to Alaska, a program of citizen monitoring and oversight should be established in other major crude oil terminals in the United States because recent oil spills indicate that the safe transportation of oil is a national problem.

Establishes in the office of the governor the oil spill monitoring and oversight council. The primary purpose of the council is to maintain the state's vigilance in the prevention of oil spills, while recognizing the importance of also improving preparedness and response.

Provides that, by December 1st of each year, the council shall make recommendations for the continuing improvement of the state's oil spill prevention, preparedness, and response through a report to the governor and the appropriate committees of the senate and house of representatives.

Requires the director to prepare a response to the annual report within ninety days of its submittal to the governor and the legislature, including a description of recommended improvements the department will adopt and the reasons established for rejecting the adoption of or for significantly modifying any recommended improvement.

SB 5432-S by Senate Committee on Water, Energy & Environment (originally sponsored by Senators Spanel, Swecker, Poulsen, Doumit, Regala, Rockefeller, Pridemore, Haugen, Kohl-Welles, Fraser, Jacobsen, Shin, and Kline)

Creating the citizens' oil spill advisory council. (REVISED FOR ENGROSSED: Creating the oil spill advisory council.)

(DIGEST AS ENACTED)

Declares that, in section 5002 of the federal oil pollution act of 1990, the United States congress found that many people believed that complacency on the part of industry and government was one of the contributing factors to the Exxon Valdez spill and, further, that one method to combat this complacency is to involve local citizens in the monitoring and oversight of oil spill plans. Congress also found that a mechanism should be established that fosters the long-term partnership of industry, government, and local communities in overseeing compliance with environmental concerns in the operation of crude oil terminals. Moreover, congress concluded that, in addition to Alaska, a program of citizen monitoring and oversight should be established in other major crude oil terminals in the United States because recent oil spills indicate that the safe transportation of oil is a national problem.

Establishes in the office of the governor the oil spill advisory council. The primary purpose of the council is to maintain the state's vigilance in the prevention of oil spills, while recognizing the importance of also improving preparedness and response. The council is an advisory body only.

Requires that, by September 15, 2006, the council shall recommend to the governor and appropriate committees of the legislature, proposals for the long-term funding of the council's activities and for the long-term sustainable funding for oil spill preparedness, prevention, and response activities.

Requires that, by September 1st of each year, the council shall make recommendations for the continuing improvement of the state's oil spill prevention, preparedness, and response activities through a report to the governor and the appropriate committees of the senate and house of representatives.

Directs the department to evaluate the functions of advisory committees created by the department regarding oil spill prevention, preparedness, and response programs, and shall revise or eliminate those functions which are no longer necessary.

Companion Bill: 1657

Concerning the construction of bridges and trestles over tidelands, shorelands, and harbor areas of the state.

(SEE ALSO PROPOSED 1ST SUB)

Provides that counties, cities, towns, and other municipalities shall have the right to construct bridges and trestles across waterways heretofore or hereafter laid out under the authority of the state of Washington, and over and across any tide or shore lands and harbor areas of the state adjacent thereto over which the projected line or lines of highway will run, if such bridges or trestles are constructed in good faith for the purpose of being made a part of the constructed line of such a highway, without payment for any such right of way and without payment for any damages to those aquatic lands affected.

SB 5437-S by Senate Committee on Natural Resources, Ocean & Recreation (originally sponsored by Senators Doumit, Swecker, Jacobsen, Oke, and Shin)

Concerning the construction of bridges and trestles.

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Provides that counties, cities, towns, and other municipalities shall have the right to construct bridges and trestles across waterways heretofore or hereafter laid out under the authority of the state of Washington, and over and across any tide or shore lands and harbor areas of the state adjacent thereto over which the projected line or lines of highway will run, if such bridges or trestles are constructed in good faith for the purpose of being made a part of the constructed line of such a highway, upon payment for any natural resources damages to those aquatic lands affected not already covered by an approved state or federal regulatory mitigation plan.

Declares that such a right must be granted by easement and no charge may be made to the county, city, town, or other municipality, for such an easement. The department may recover only its reasonable direct administrative costs incurred in processing and approving the request or application, and reviewing plans for construction of the bridge or trestle.

Requires that no later than December 1, 2008, the department shall deliver a report to the appropriate fiscal and policy committees of the senate and house of representatives regarding the collection of direct administrative costs as described in this act.

Finds that: (1) The early years mark the most extraordinary period of growth for young children. The state's role in providing access to early learning opportunities has never been consistently defined;

(2) More than a quarter of a century has passed since the current school finance system was first created, and the challenges facing our schools and students have grown and changed dramatically during that time. Clarifying Initiative 297.

(SUBSTITUTED FOR - SEE 1ST SUB)

Declares that the cleanup priority act makes the cleanup of contamination the top priority at sites with hazardous or mixed waste contamination that threatens our rivers, ground water, environment, and health.

Finds that adding more wastes to sites with mixed radioactive and hazardous wastes where there have been releases into the environment detracts from cleanup, and from the work needed to bring wastes into compliance. The cleanup priority act should be interpreted by the courts consistent with the clear intent of the voters, and the findings and clarifications in this act.

Declares that because court action has prevented the normal role of the department of ecology from issuing defining or interpretive rules, the legislature finds that adoption of the amendments to the cleanup priority act will ensure that the intent of the cleanup priority act is understood and clarified for the courts as well as for businesses or cleanup operations without delay.

SB 5445-S by Senate Committee on Water, Energy & Environment (originally sponsored by Senators Kline, Pridemore, Esser, Brown, Finkbeiner, Jacobsen, Benson, Swecker, Spanel, Regala, Poulsen, Rockefeller, Rasmussen, Kohl-Welles, Weinstein, and McCaslin)

(AS OF SENATE 2ND READING 3/10/05)

Finds that the intent of Initiative 297 is clearly stated in the intent and policy sections of the cleanup priority act as passed by the voters. The cleanup priority act makes the cleanup of contamination the top priority at sites with hazardous or mixed waste contamination. The cleanup priority act should be interpreted by the courts consistent with the clear intent of the voters, and the findings and clarifications in this act.

Finds that the cleanup priority act does not regulate radioactive materials, medical isotopes, other radioactive substances, or facilities exclusively regulated by the United States pursuant to the federal atomic energy act 42 U.S.C. Sec. 2011 et seq.

Finds that this act is not intended, nor may it be interpreted, to adversely affect the transportation, manufacturing, storage, or use of any hazardous substance or radioactive materials necessary for medical research, medical treatment, or manufacturing or industrial processes.

Declares it is in the interest of the state to clarify as quickly as possible that the cleanup priority act does not impact any business operation, or federal or private facility, that was not intended to be impacted by the cleanup priority act. Consistent with the intent of

the voters, the legislature finds that the universe of regulated hazardous or dangerous wastes was not expanded by the passage of the cleanup priority act. Because court action has prevented the normal role of the department of ecology from issuing defining or interpretive rules, the legislature finds that adoption of the amendments to the cleanup priority act will ensure that the intent of the cleanup priority act is understood and clarified for the courts as well as for businesses or cleanup operations without delay.

SB 5446 by Senators Kohl-Welles, Parlette, Franklin, Swecker, Brown, and Schoesler

Companion Bill: 1811

Licensing soil scientists.

Finds it is in the public interest to regulate the practice of soil science in order to protect life, property, health, and to promote public welfare; to define the practice of soil science as a profession by establishing minimum standards of ethical conduct and professional responsibility and by establishing professional education and experience requirements; and to prevent abuses in the practice of soil science by untrained or unprincipled individuals.

Creates an advisory committee to provide recommendations to the board and the director concerning the administration of this act.

Requires the advisory committee to make recommendations to the board regarding: (1) Developing and adopting rules to administer this chapter including, but not limited to, evaluating the experience, scope, and standards of practice of soil science;

(2) Reviewing complaints and investigations pertaining to the practice of soil science; and

(3) Performing other duties deemed necessary by the director or the board.

Declares that the director has the following authority in administering this act: (1) To adopt, amend, and rescind rules approved by the board as deemed necessary to carry out this chapter;

(2) To adopt fees as provided in RCW 43.24.086;

(3) To administer licensing examinations approved by the board and to adopt or recognize examinations prepared by other organizations as approved by the board;

(4) To adopt standards of professional conduct and practice as approved by the board; and

(5) To enter into an assurance of discontinuance in lieu of issuing a statement of charges or conducting a hearing. The assurance must consist of a statement of the law in question and an agreement to not violate the stated provision. Violation of an assurance under this provision is grounds for disciplinary action.

Provides that, in order to become a licensed soil scientist, an applicant must meet the following requirements: (1) An applicant who applies for soil scientist licensing before July 1, 2006, is considered qualified for licensing, without further written examination, if the applicant possesses the specific record of being a current soil science society of America certified professional soil scientist or certified professional soil classifier in good standing.

(2) On or after July 1, 2006, in order to become a licensed soil scientist, an applicant must: (a) Be of good moral and ethical character as attested to by letters of reference submitted by the applicant or as otherwise determined by the board; (b) have graduated from a course of study in soil science satisfactory to the board or satisfy educational equivalents determined by the board; (c) have a documented record of a minimum of five years of experience obtained after the completion of the academic requirements specified in this section, in soil science work of a character satisfactory to the board, demonstrating that the applicant is qualified to assume responsible charge of such work upon licensing as a soil scientist. The board requires that three years of the experience be gained under the supervision of a soil scientist licensed in this or any other state, or under the supervision of others who, in the opinion of the board, are qualified to have responsible charge of soil science work; (d) pass an examination covering the fundamentals and practice of soil science prescribed or accepted by the board; and (e) meet other general or individual requirements established by the board under its authority under this act.

Providing grants to provide information regarding grizzly bears in the north Cascades.

Directs the department of fish and wildlife to provide one or more grants for projects that provide community outreach and public information regarding grizzly bears in the north Cascades mountains. The projects funded must be designed to work closely with communities in this region and have the objective of providing accurate information about grizzly bear ecology, biology, and behavior, provide education on how local residents can coexist safely with bears, and provide opportunities for people who live in these areas to express their ideas, opinions, and concerns.

Appropriates the sum of forty-five thousand dollars, or as much thereof as may be necessary, from the general fund to the department of fish and wildlife for the fiscal year ending June 30, 2006, to carry out the purposes of this act.

Companion Bill: 1866

Providing lien authority to the department of ecology to facilitate the recovery of remedial action costs under the model toxics control act.

(SUBSTITUTED FOR - SEE 1ST SUB)

Declares that it is in the public interest for the department to recover remedial action costs incurred in discharging its responsibility under this chapter, as these recovered funds can then be applied to the cleanup of other facilities. Thus, in addition to other cost-recovery mechanisms provided under chapter 70.105D RCW, this act is intended to facilitate the recovery of state funds spent on remedial actions by providing the department with lien authority. This will also prevent a facility owner or mortgagee from gaining a financial windfall from increased land value resulting from department-conducted remedial actions at the expense of the state taxpayers.

Provides that, if the state of Washington incurs remedial action costs relating to a remedial action of real property, and those remedial action costs are unrecovered by the state of Washington, the department may file a lien against that real property.

Prohibiting genetic testing as a condition of life insurance.

(SUBSTITUTED FOR - SEE 1ST SUB)

Declares that it is unlawful for any life insurer to require, directly or indirectly, any policyholder or prospective policyholder or person upon whose life the contract is made to submit genetic information or submit to screening for genetic information as a condition of obtaining or retaining a life insurance or annuity policy.

Declares that it is unlawful for any life insurer to use genetic information in setting rates or making determinations concerning the rate or amount of premium charged for a life insurance or annuity policy, or in the benefits payable or in any other rights or privileges accruing thereunder.

Declares that it is unlawful for any insurer issuing a group life insurance or annuity policy to require, directly or indirectly, any policyholder or prospective policyholder or any person upon whose life the contract is made to submit genetic information pertaining to any person insured under the group life insurance policy or pertaining to any person upon whose life the policy is made or to require such persons to submit to screening for genetic information as a condition of obtaining or retaining a group life insurance or annuity policy.

Declares that it is unlawful for any insurer issuing a group life insurance policy to use genetic information in setting rates or making determinations concerning the rate or amount of premium charged for a group life insurance or annuity policy, or in the benefits payable or in any other rights or privileges accruing thereunder.

SB 5452-S by Senate Committee on Financial Institutions, Housing & Consumer Protection (originally sponsored by Senators Franklin, Fairley, Stevens, Roach, Benson, Regala, Kline, Rockefeller, Rasmussen, and Kohl-Welles)

Limiting genetic testing as a condition of life insurance.

(AS OF SENATE 2ND READING 3/08/05)

Provides that insurers may not require a person to undergo a genetic test or provide the results of a previous genetic test as a condition of offering or renewing insurance. If an insurer has information from a genetic test, the insurer may only use that information if it demonstrates the active presence of disease or illness. An insurer may not use information from a genetic test if the information only demonstrates a propensity for a condition or illness and not the active presence of disease or illness.

Revising trial court funding provisions.

(SUBSTITUTED FOR - SEE 2ND SUB)

Finds that the funding of trial courts in Washington state is inadequate and uneven across the state as a result of funding responsibility resting primarily upon local government.

Finds that a more equitable balance of funding responsibility between state and local government must be achieved and that increased funding must be provided for the trial courts.

Declares that this act is intended to increase state funding responsibility and provide trial courts with the additional resources necessary to provide justice equally to the citizens of Washington state.

(DIGEST AS ENACTED)

Recognizes the state's obligation to provide adequate representation to criminal indigent defendants and to parents in dependency and termination cases.

Declares an intent to create a dedicated revenue source for the purposes of meeting the state's commitment to improving trial courts in the state, providing adequate representation to criminal indigent defendants, providing for civil legal services for indigent persons, and ensuring equal justice for all citizens of the state.

Creates the equal justice subaccount as a subaccount of the public safety and education account. The money received by the state treasurer from the increase in fees imposed by this act shall be deposited in the equal justice subaccount and shall be appropriated only for: (1) Criminal indigent defense assistance and enhancement at the trial court level, including a criminal indigent defense pilot program;

(2) Representation of parents in dependency and termination proceedings;

(3) Civil legal representation of indigent persons; and

(4) Contribution to district court judges' salaries and to eligible elected municipal court judges' salaries.

Provides that, upon conviction or a plea of guilty in any court organized under Title 3 RCW or Title 35 RCW, a defendant in a criminal case is liable for a fee of forty-three dollars. This fee shall be subject to division with the state under RCW 3.46.120(2), 3.50.100(2), 3.62.020(2), 3.62.040(2), and 35.20.220(2).

Appropriates the sum of two million three hundred thousand dollars, or as much thereof as may be necessary, from the equal justice subaccount of the public safety and education account to the office of public defense for the fiscal biennium ending June 30, 2007, solely for the purpose of criminal indigent defense assistance and enhancement in the trial courts. Of this amount, one million dollars is provided solely for a criminal indigent defense pilot program for persons charged with felony or misdemeanor offenses. The pilot program shall include the following: (1) Effective implementation of indigency screening; enhanced defense attorney practice standards; and use of investigative and expert services.

(2) The sum of five million dollars, or as much thereof as may be necessary, is appropriated from the equal justice subaccount of the public safety and education account to the office of public defense for the fiscal biennium ending June 30, 2007, solely for the purpose of representation of parents in dependency and termination proceedings.

(3) The sum of three million dollars, or as much thereof as may be necessary, is appropriated from the equal justice subaccount of the public safety and education account to the office of civil legal aid for the fiscal biennium ending June 30, 2007, solely for the purpose of civil legal representation of indigent persons.

(4) The sum of two million four hundred thousand dollars is appropriated from the equal justice subaccount of the public safety and education account to the administrator for the courts for the fiscal biennium ending June 30, 2007, solely for the purposes of district court judges' and elected municipal court judges' salary contributions.

SB 5455 by Senators Mulliken and Rockefeller

Companion Bill: 1273

Promoting economic revitalization.

(SEE ALSO PROPOSED 1ST SUB)

Find: (1) The continued economic vitality of downtown and neighborhood commercial districts in our state's cities is essential to community preservation, social cohesion, and economic growth;

(2) In recent years there has been a deterioration of downtown and neighborhood commercial districts in both rural and urban communities due to a shifting population base, changes in the marketplace, and greater competition from suburban shopping malls, discount centers, and business transacted through the internet;

(3) This decline has eroded the ability of businesses and property owners to renovate and enhance their commercial and residential properties; and

(4) Business owners in these districts need to maintain their local economies in order to provide goods and services to adjacent residents, to provide employment opportunities, to avoid disinvestment and economic dislocations, and to develop and sustain downtown and neighborhood commercial district revitalization programs to address these problems.

Declares an intent to establish a program to: (1) Work in partnership with these organizations;

(2) Provide technical assistance and training to local governments, business organizations, downtown and neighborhood commercial district organizations, and business and property owners to accomplish community and economic revitalization and development of business districts; and

(3) Certify a downtown or neighborhood commercial district organization's use of available tax incentives.

SB 5463 by Senators Doumit and Morton

Allowing small appurtenances on recreational vehicles.

(SUBSTITUTED FOR - SEE 1ST SUB)

Provides that motor homes, travel trailers, and campers may exceed the maximum width established under RCW 46.44.010 if the excess width is attributable to appurtenances that extend no further than six inches beyond either sidewall of the vehicle. For purposes of this act, an appurtenance is an integral part of the vehicle and includes, but is not limited to, awnings, grab handles, lighting equipment, vents, and cameras.

SB 5463-S by Senate Committee on Transportation (originally sponsored by Senators Doumit and Morton)

(DIGEST AS ENACTED)

Provides that motor homes, travel trailers, and campers may exceed the maximum width established under RCW 46.44.010 if the excess width is attributable to appurtenances that do not extend beyond the body of the vehicle by more than four inches, or if an awning, by more than six inches.

Declares that, as used in this act, "appurtenance" means an appendage that is installed by a factory or a vehicle dealer and is intended as an integral part of the motor home, travel trailer, or camper. "Appurtenance" does not include an item temporarily affixed or attached to the exterior of a vehicle for the purpose of transporting the item from one location to another. "Appurtenance" does not include an item that obstructs the driver's rearward vision.

Companion Bill: 1316

Allowing the importation of certain prescription drugs from Canadian wholesalers.

(SUBSTITUTED FOR - SEE 1ST SUB)

Requires that, by September 1, 2005, the board shall, in consultation with the department and the health care authority, submit a waiver request to the federal food and drug administration that will authorize the state of Washington to license Canadian prescription drug wholesalers under RCW 18.64.046, thereby providing retail pharmacies licensed in Washington state the opportunity to purchase prescription drugs from approved Canadian wholesalers and pass those savings on to consumers.

Provides that, by December 1, 2005, the board, in consultation with the department and the health care authority, shall submit a detailed implementation plan to the governor and appropriate committees of the legislature that details the mechanisms that the board will use to implement each component of the waiver under this act.

SB 5470-S by Senate Committee on Health & Long-Term Care (originally sponsored by Senators Franklin, Thibaudeau, Keiser, Kline, Poulsen, Berkey, Haugen, McAuliffe, Rockefeller, Shin, and Kohl-Welles; by request of Governor Gregoire)

Allowing the importation of certain prescription drugs from nondomestic wholesalers.

(DIGEST AS ENACTED)

Finds that as consumers' prescription drug costs continue to rise, people across the state of Washington are seeking opportunities to purchase lower cost prescription drugs from Canada, the United Kingdom, Ireland, and other countries for their personal use. The state has a strong interest in promoting the safe use of prescription drugs by consumers in Washington state. To address this interest, the legislature intends to seek

authorization from the federal government to license Canadian, United Kingdom, Irish, and other nondomestic prescription drug wholesalers, thereby providing licensed retail pharmacies the opportunity to purchase prescription drugs from approved wholesalers and pass those savings on to consumers, and providing consumers the opportunity to purchase prescription drugs from a trusted community pharmacist who is aware of all of their prescription drug needs.

Requires that, by September 1, 2005, the board shall, in consultation with the department and the health care authority, submit a waiver request to the federal food and drug administration that will authorize the state of Washington to license Canadian, United Kingdom, Irish, and other nondomestic prescription drug wholesalers under RCW 18.64.046, thereby providing retail pharmacies licensed in Washington state the opportunity to purchase prescription drugs from approved wholesalers and pass those savings on to consumers.

Companion Bill: 1435

Allowing water-sewer districts to consider fees in selecting engineering services.

Provides that, when selecting a professional engineer or professional engineering firm to perform services on behalf of the district, the district may, in lieu of pursuing selection under chapter 39.80 RCW, elect to request that the person or firm submit with its statement of qualifications or project proposal a declaration of the professional fees and fee rates to be charged in performing the services, which may also be used in determining which proposal from a qualified person or firm is chosen.

Declares that RCW 39.80.040 and 39.80.050 need not be complied with by a water-sewer district selecting a professional engineer or professional engineering firm to perform services on behalf of the district under RCW 57.08.050(6).

Companion Bill: 1627

Banning assault weapons.

Declares that no person in this state shall manufacture, possess, purchase, sell, or otherwise transfer any assault weapon, or any assault weapon conversion kit, except as authorized by this act. Any assault weapon or assault weapon conversion kit the manufacture, possession, purchase, sale, or other transfer of which is prohibited under this act is a public nuisance.

Provides that no person in this state shall possess or have under his or her control at one time both of the following: (1) A semiautomatic or pump-action rifle, semiautomatic pistol, or shotgun capable of accepting a detachable magazine; and

(2) Any magazine capable of use with that firearm that contains more than ten rounds of ammunition.

SB 5476 by Senators Kline, Brandland, Fairley, Esser, Kastama, Shin, Pridemore, Weinstein, Haugen, Berkey, Prentice, Rockefeller, and Kohl-Welles

Creating advisory sentence ranges.

(SEE ALSO PROPOSED 1ST SUB)

Declares an intent to restore the ability to impose an aggravated sentence lost by the superior court as a result of the decision of the United States supreme court in *Blakely v. State of Washington*, 542 U.S. ... (2004).

Finds that as the seriousness level of the crime and the criminal history of the offender increase, the need for an individualized and informed assessment of the circumstances of the crime, the offender, and the victim, by the judiciary, is necessary for justice to be obtained.

Finds that the exercise of the judiciary's sentencing discretion over a broader range based upon the assessment of these circumstances is consistent with the policies supporting Washington's sentencing reform act.

Provides that, for offenders convicted of an aggravated offense or for aggravated offenders, the standard sentencing range shall be advisory only. Notwithstanding any other provision of law, the maximum sentence that a court may impose for an aggravated offense or upon an aggravated offender is the maximum sentence for the current offense under chapter 9A.20 RCW, unless it is imposed on any offender sentenced under RCW 9.94A.712.

Provides that, in making its determination of the sentence length to be imposed, the court shall consider the risk assessment prepared by the department of corrections, the presentence report and other materials provided by the offender, and any information provided by the victim or victims of the crime.

Provides that the trial court may impose an aggravated exceptional sentence without a finding of fact by a jury under the following circumstances: (1) The defendant and the state both stipulate that justice is best served by the imposition of an exceptional sentence outside the standard range, and the court finds the exceptional sentence to be consistent with and in furtherance of the interests of justice and the purposes of the sentencing reform act.

(2) The defendant's prior unscored misdemeanor or prior unscored foreign criminal history results in a presumptive sentence that is clearly too lenient in light of the purpose of this chapter, as expressed in RCW 9.94A.010.

(3) The defendant has committed multiple current offenses and the defendant's high offender score results in some of the current offenses going unpunished.

(4) The failure to consider the defendant's prior criminal history which was omitted from the offender score calculation pursuant to RCW 9.94A.525 results in a presumptive sentence that is clearly too lenient.

Provides that, at any time prior to trial or entry of the guilty plea if substantial rights of the defendant are not prejudiced, the state may give notice that it is seeking a sentence above the standard sentencing range. The notice shall state aggravating circumstances upon which the requested sentence will be based.

Requires the facts supporting aggravating circumstances to be proved to a jury beyond a reasonable doubt. The jury's verdict on the aggravating factor must be unanimous, and by special interrogatory. If a jury is waived, proof shall be to the court beyond a reasonable doubt, unless the defendant stipulates to the aggravating facts.

SB 5476-S by Senate Committee on Judiciary (originally sponsored by Senators Kline, Brandland, Fairley,

Esser, Kastama, Shin, Pridemore, Weinstein, Haugen, Berkey, Prentice, Rockefeller, and Kohl-Welles)

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Declares an intent to restore the ability to impose an aggravated sentence lost by the superior court as a result of the decision of the United States supreme court in *Blakely v. State of Washington*, 542 U.S. ... (2004).

Finds that as the seriousness level of the crime and the criminal history of the offender increase, the need for an individualized and informed assessment of the circumstances of the crime, the offender, and the victim, by the judiciary, is necessary for justice to be obtained.

Finds that the exercise of the judiciary's sentencing discretion over a broader range based upon the assessment of these circumstances is consistent with the policies supporting Washington's sentencing reform act.

Provides that, for offenders convicted of a violent offense, the upper limit of the standard sentencing range shall be advisory only. Notwithstanding any other provision of law, the maximum sentence that a court may impose for a violent offense is the maximum sentence for the current offense under chapter 9A.20 RCW, or twice the upper limit of the standard sentencing range, whichever is less. This provision shall not apply to any offender sentenced under RCW 9.94A.712.

Requires that, in making its determination of the sentence length to be imposed, the court shall consider the risk assessment prepared by the department of corrections, the presentence report and other materials provided by the offender, and any information provided by the victim or victims of the crime.

Declares that a sentence imposed under this act shall be a determinate sentence unless it is imposed on an offender sentenced under RCW 9.94A.712. The sentence may be appealed by the offender or the state as set forth in RCW 9.94A.585 (2) through (6).

SB 5477 by Senators Kline, Brandland, Hargrove, Esser, Fairley, Kastama, Shin, Pridemore, Weinstein, Haugen, Berkey, Prentice, and Rockefeller

Revising sentencing procedures for exceptional sentences.

(DIGEST AS ENACTED)

Declares an intent to conform the sentencing reform act, chapter 9.94A RCW, to comply with the ruling in *Blakely v. Washington*, 542 U.S. ... (2004). In that case, the United States supreme court held that a criminal defendant has a Sixth Amendment right to have a jury determine beyond a reasonable doubt any aggravating fact, other than the fact of a prior conviction, that is used to impose greater punishment than the standard range or standard conditions.

Declares an intent that aggravating facts, other than the fact of a prior conviction, will be placed before the jury.

Declares an intent that the sentencing court will then decide whether or not the aggravating fact is a substantial and compelling reason to impose greater punishment.

Declares an intent to create a new criminal procedure for imposing greater punishment than the standard range or conditions and to codify existing common law aggravating factors, without expanding or restricting existing statutory or common law aggravating circumstances.

Does not intend the codification of common law aggravating factors to expand or restrict currently available statutory or common law aggravating circumstances.

Does not intend to alter how mitigating facts are to be determined under the sentencing reform act, and thus intends that

mitigating facts will be found by the sentencing court by a preponderance of the evidence.

Declares that, while the legislature intends to bring the sentencing reform act into compliance as previously indicated, the legislature recognizes the need to restore the judicial discretion that has been limited as a result of the *Blakely* decision.

Provides that the trial court may impose an aggravated exceptional sentence without a finding of fact by a jury under the following circumstances: (1) The defendant and the state both stipulate that justice is best served by the imposition of an exceptional sentence outside the standard range, and the court finds the exceptional sentence to be consistent with and in furtherance of the interests of justice and the purposes of the sentencing reform act.

(2) The defendant's prior unscored misdemeanor or prior unscored foreign criminal history results in a presumptive sentence that is clearly too lenient in light of the purpose of this chapter, as expressed in RCW 9.94A.010.

(3) The defendant has committed multiple current offenses and the defendant's high offender score results in some of the current offenses going unpunished.

(4) The failure to consider the defendant's prior criminal history which was omitted from the offender score calculation pursuant to RCW 9.94A.525 results in a presumptive sentence that is clearly too lenient.

Provides that, at any time prior to trial or entry of the guilty plea if substantial rights of the defendant are not prejudiced, the state may give notice that it is seeking a sentence above the standard sentencing range. The notice shall state aggravating circumstances upon which the requested sentence will be based.

Requires the facts supporting aggravating circumstances to be proved to a jury beyond a reasonable doubt. The jury's verdict on the aggravating factor must be unanimous, and by special interrogatory. If a jury is waived, proof shall be to the court beyond a reasonable doubt, unless the defendant stipulates to the aggravating facts.

Requires the sentencing guidelines commission to review the sentencing reform act as it relates to the sentencing grid, all provisions providing for exceptional sentences both above and below the standard sentencing ranges, and judicial discretion in sentencing. As part of its review, the commission shall: (1) Study the relevant provisions of the sentencing reform act, including the provisions in this act;

(2) Consider how to restore the judicial discretion which has been limited as a result of the *Blakely* decision;

(3) Consider the use of advisory sentencing guidelines for all or any group of crimes;

(4) Draft proposed legislation that seeks to address the limitations placed on judicial discretion in sentencing as a result of the *Blakely* decision; and

(5) Determine the fiscal impact of any proposed legislation.

Requires the commission to submit its findings and proposed legislation to the legislature no later than December 1, 2005.

Companion Bill: 1656

Defining abstinence education and comprehensive sex education for K-12 students.

Finds that section 912 of the welfare reform act of 1996 amends Title V of the social security act, that Washington state receives funding from Title V welfare, that section 510 defines abstinence education, and that entities promoting or teaching abstinence education must verify compliance as required by federal law.

Finds that school districts and their community committee members are free to determine the type and content of sex education programs used in their district.

Declares an intent by this act to help parents clearly identify the type of education being taught, assist community committee members in selecting the best materials to comply with school district policy, and support teachers in complying with their school district policy.

SB 5498 by Senator Delvin

Modifying the sales and use taxation of nonresidents.

Declares that nonresidents of this state are eligible for an exemption in the form of a remittance of state and local sales tax paid on purchases of tangible personal property for use outside this state when the purchaser: (1) Is a bona fide resident of a state or possession or Province of Canada other than the state of Washington and such state, possession, or Province of Canada does not impose a retail sales tax or use tax of three percent or more or, if imposing such a tax, permits Washington residents exemption from otherwise taxable sales by reason of their residence; and

(2) Applies to the department for remittance of the tax paid.

Declares that, notwithstanding anything in this act to the contrary, an individual shall not qualify for remittance of local sales tax under this act when the local jurisdiction has passed an ordinance or resolution which specifies no remittance is permissible.

Clarifies and standardizes various election procedures.

Directs the secretary of state to study the feasibility of requiring that the names of the top two vote-getters in primary elections of justices of the state supreme court, judges of the courts of appeals, superior courts, and district courts, and the superintendent of public instruction shall appear on the general election ballot. The study shall include a survey of how many times a judicial candidate and a candidate for superintendent of public instruction have appeared without opposition on the general election ballot from 1985 to present; the number of voters voting for these races in the primary election as opposed to voting for the same races in the general election; and if the differences in the numbers of voters voting at the primary and voting at the general election may have resulted in a different election result. The study shall also include a financial analysis of the proposed changes. The secretary of state shall report the results of the study to the appropriate committees of the legislature no later than January 31, 2006.

VETO MESSAGE ON SB 5499-S

May 3, 2005

To the Honorable President and Members,
 The Senate of the State of Washington

Ladies and Gentlemen:

I am returning, without my approval as to Section 4, Engrossed Substitute Senate Bill No. 5499 entitled:

This bill reforms and strengthens our election system. As one of its priorities, our Legislature has passed several bills on election reform. Many of those bills have reached my desk for signature. Section 4 of this bill is essentially identical to Section 21 of Engrossed Substitute Senate Bill 5743, which I also sign today. The only difference between the two bills is their effective date. Engrossed Substitute Senate Bill No. 5499 becomes effective in 90 days. Engrossed Substitute Senate Bill 5743 becomes effective on January 1, 2006.

The above-noted bill sections concern absentee ballot envelopes, and the declarations required on those envelopes. As certain rural counties have already begun purchasing envelopes for this year's election cycle, and in light of limited funds to purchase new envelopes, it would create unnecessary hardship to require them to immediately purchase new return envelopes under Section 4 of Engrossed Substitute Senate Bill No. 5499. I am therefore vetoing Section 4 of Engrossed Substitute Senate Bill 5499.

This veto does not take away the strong warnings on absentee ballot return envelopes concerning the need for voters to return them in timely fashion. It just gives our cash-strapped rural county auditors an additional six months to comply with the new envelope requirements.

For these reasons, I have vetoed Section 4 of Engrossed Substitute Senate Bill No. 5499

With the exception of Section 4, Engrossed Substitute Senate Bill No. 5499 is approved.

Respectfully submitted,
 Christine O. Gregoire
 Governor

SB 5503 by Senators Carrell, Benton, Schoesler, Zarelli, Pflug, Johnson, Delvin, Honeyford, Esser, Morton, Mulliken, Deccio, and McCaslin

Restricting the solicitation of money or employment from the side of a public highway.

Declares that no person shall stand or sit on a public highway, nor upon any shoulder or intersection control area of a public highway, for the purpose of soliciting employment or contributions from the occupant of any vehicle while such vehicle is operating on the respective public highway, shoulder, or intersection control area.

Provides that, for the purposes of this act, the following definitions apply: (1) "Soliciting" means asking for money, objects of value, or employment, with the intention that the money or object be transferred or the employment offered at that time and at that place. "Soliciting" includes, but is not limited to, using the spoken, written, or printed word, bodily gestures, signs, or other means with the purpose of obtaining an immediate donation of money or other thing of value or soliciting the sale of goods or services.

(2) "Public highway" means the entire width between the boundary lines of every way publicly maintained when any part is open to the use of the public for purposes of vehicular travel.

(3) "Intersection control area" means an intersection area, together with any modification of the adjacent roadway area as results from the arc of curb corners and together with any marked or unmarked crosswalks adjacent to the intersection.

Declares that a violation of this act constitutes a misdemeanor.

Requires institutions of higher education to each develop official credit card marketing policies. The process of development of these policies must include consideration of student comments. The official credit card marketing policies must, at a minimum, include consideration of and decisions regarding: (1) The registration of credit card marketers;

(2) Limitations on the times and locations of credit card marketing; and

(3) Prohibitions on material inducements to complete a credit card application, but not including introductory rate offers.

SB 5506-S by Senate Committee on Financial Institutions, Housing & Consumer Protection (originally sponsored by Senators Kohl-Welles, Fairley, Regala, and Thibaudeau)

(DIGEST AS ENACTED)

Requires institutions of higher education to develop policies regarding the marketing or merchandising of credit cards on institutional property to students, except as provided in newspapers, magazines, or similar publications or within any location of a financial services business regularly doing business on the institution's property.

Provides that institutions of higher education shall each develop official credit card marketing policies. The process of development of these policies must include consideration of student comments. The official credit card marketing policies must, at a minimum, include consideration of and decisions regarding: (1) The registration of credit card marketers;

(2) Limitations on the times and locations of credit card marketing; and

(3) Prohibitions on material inducements to complete a credit card application, unless the student has been provided credit card debt education literature, which includes, but is not limited to, brochures or written or electronic information, but not including introductory rate offers.

Requires the policies to include the following elements: (1) A requirement for credit card marketers to inform students about

good credit management practices through programs developed in concert with the institution of higher education including, but not limited to, workshops, seminars, discussion groups, and film presentation; and

(2) A requirement to make the official credit card marketing policy available to all students upon their request.

Requiring public buildings to be built using high-performance green building standards.

(SUBSTITUTED FOR - SEE 1ST SUB)

Finds that public buildings can be built and renovated using high-performance methods that save money, improve school performance, and make workers more productive. High-performance green buildings are proven to increase student test scores, reduce worker absenteeism, and cut energy and utility costs.

Declares an intent that state-owned buildings and schools be improved by adopting nationally recognized standards for high-performance green buildings and allowing flexible methods and choices in how to achieve those standards.

Declares an intent that independent performance audits be used to monitor this program and ensure that our economic, community, and environmental goals are achieved each year.

Requires that all major facility projects of public agencies receiving any funding in a state capital budget shall be designed, constructed, and certified to at least the LEED silver standard.

Requires public agencies and public school districts to monitor and document ongoing operating savings resulting from major facility projects designed, constructed, and certified as required under this act.

Provides that public agencies shall report annually to the department on its major facility projects and operating savings, while public school districts shall report annually to the office of the superintendent of public instruction.

Directs the department to create a high-performance buildings advisory committee comprised of affected public agencies, the state board of education, the office of the superintendent of public instruction, and others at the department's discretion to provide advice on implementing this act.

Provides that, among other things, the advisory committee shall make recommendations regarding an education and training process and an ongoing evaluation or feedback process to help the department and the state board of education implement this act.

Provides that, notwithstanding any other provision in chapter 39.04 RCW, public works project requests for proposals or bids on major facility projects required to be high-performance green buildings under chapter 39.-- RCW (sections 1 through 4 of this act) shall provide for performance-based contracting, building commissioning, or responsible bidding as necessary to design, construct, and certify the major facility project to meet the LEED silver standard.

SB 5509-S by Senate Committee on Water, Energy & Environment (originally sponsored by Senators Poulsen, Esser, Fraser, Schmidt, Pridemore, Fairley, Berkey, Kohl-Welles, Kline, Regala, Rockefeller, Weinstein, Brown, Keiser, and McAuliffe)

Concerning high-performance building standards.

(DIGEST AS ENACTED)

Finds that public buildings can be built and renovated using high-performance methods that save money, improve school performance, and make workers more productive. High-performance green buildings are proven to increase student test scores, reduce worker absenteeism, and cut energy and utility costs.

Declares an intent that state-owned buildings and schools be improved by adopting nationally recognized standards for high-performance green buildings and allowing flexible methods and choices in how to achieve those standards.

Declares an intent that public agencies and public school districts shall document costs and savings to monitor this program and ensure that economic, community, and environmental goals are achieved each year, and that an independent performance review be conducted to evaluate this program and determine the extent to which the results intended by this act are being met.

Requires that all major facility projects of public agencies receiving any funding in a state capital budget shall be designed, constructed, and certified to at least the LEED silver standard.

Requires public agencies and public school districts to monitor and document ongoing operating savings resulting from major facility projects designed, constructed, and certified as required under this act.

Provides that public agencies shall report annually to the department on its major facility projects and operating savings.

Directs the department to create a high-performance buildings advisory committee comprised of representatives from the design and construction industry involved in public works contracting, personnel from the affected public agencies responsible for overseeing public works projects, the state board of education, the office of the superintendent of public instruction, and others at the department's discretion to provide advice on implementing this act.

Provides that, among other things, the advisory committee shall make recommendations regarding an education and training process and an ongoing evaluation or feedback process to help the department and the state board of education implement this act.

Provides that the joint legislative audit and review committee, or its successor legislative agency, shall conduct a performance review of the high-performance buildings program established under this act.

Requires the performance audit to include, but not be limited to: (1) The identification of the costs of implementation of high-performance building standards in the design and construction of major facility projects subject to this act;

(2) The identification of operating savings attributable to the implementation of high-performance building standards, including but not limited to savings in energy, utility, and maintenance costs;

(3) The identification of any impacts of high-performance buildings standards on worker productivity and student performance; and

(4) An evaluation of the effectiveness of the high-performance building standards established under this act, and recommendations for any changes in those standards that may be supported by the committee's findings.

Directs the committee to make a preliminary report of its findings and recommendations on or before December 1, 2010, and a final report on or before July 1, 2011.

SB 5509-S2 by Senate Committee on Ways & Means (originally sponsored by Senators Poulsen, Esser, Fraser, Schmidt, Pridemore, Fairley, Berkey, Kohl-Welles, Kline, Regala, Rockefeller, Weinstein, Brown, Keiser, and McAuliffe)

Companion Bill: 1642

Restructuring certain transportation agencies.

(DIGEST AS ENACTED)

Finds that it is in the interest of the state to restructure the roles and responsibilities of the state's transportation agencies in order to improve efficiency and accountability.

Finds that continued citizen oversight of the state's transportation system remains an important priority. To achieve these purposes, the legislature intends to provide direct accountability of the department of transportation to the governor, in his or her role as chief executive officer of state government, by making the secretary of transportation a cabinet-level official.

Declares that it is essential to clearly delineate between the separate and distinct roles and responsibilities of the executive and legislative branches of government. The role of executive is to oversee the implementation of transportation programs, while the legislature reserves to itself the role of policymaking. Finally, consolidating public outreach and auditing of the state's transportation agencies under a single citizen-governed entity, the transportation commission, will provide the public with information about the performance of the transportation system and an avenue for direct participation in its oversight.

VETO MESSAGE ON SB 5513

May 9, 2005

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning, without my approval as to Section 14, Engrossed Senate Bill No. 5513 entitled:

The Legislature has created, through this bill, the Joint Transportation Committee to conduct a unilateral study of the appropriate functions of the Department of Transportation (Department) and the Transportation Commission (Commission). Now that the Department is a cabinet level agency, it is critical that the executive branch exercise its responsibility for reviewing the powers, functions, roles and duties of the Department and the Commission.

The Legislature passed several bills this session that redefine the roles of the Department and the Commission, and the relationship of those agencies to the Legislature. I am directing my staff to work with the Department and the Commission to examine the statutory roles and duties of the agencies, including transportation innovative partnerships, and report back to me with any recommendations for change. I invite the chairs and ranking members of the House and Senate Transportation Committees and the Joint Transportation Committee to join the executive branch in this analysis with the hope that a joint recommendation can be submitted for consideration during the 2006 legislative session.

For these reasons, I have vetoed Section 14 of Engrossed Senate Bill No. 5513.

With the exception of Section 14, Engrossed Senate Bill No. 5513 is approved.

Respectfully submitted,
Christine O. Gregoire
Governor

SB 5513-S by Senate Committee on Transportation

Companion Bill: 1488

Prohibiting the sale of products that contain polybrominated
diphenyl ethers.

(SEE ALSO PROPOSED 2ND SUB)

Prohibits the sale of products that contain polybrominated
diphenyl ethers.

Provides that, subject to available funding, the department of
general administration and the department of health shall conduct
a stakeholder process to develop a proposal for a ban on the use
of decabromodiphenylether in transportation vehicles, and a
proposal for the ban or management of used and recycled
products containing polybrominated diphenyl ethers.

Requires the department and the department of health to
report the findings and recommendations of the stakeholder
process to the appropriate committees of the legislature by
December 15, 2005. The preparation of the reports required in
this provision is subject to available funding.

Provides that, by January 1, 2006, the department of general
administration shall: (1) Give priority and preference to the
purchase of equipment, supplies, and other products that do not
contain polybrominated diphenyl ethers; and

(2) Make available for purchase and use by all state agencies
only equipment, supplies, and other products that do not contain
polybrominated diphenyl ethers.

Directs the department of general administration to, by
January 1, 2006, revise its rules, policies, and guidelines to
implement the purposes of this act.

Declares that a violation of this act is punishable by a civil
penalty not to exceed one thousand dollars for each violation in
the case of a first offense. Repeat violators are liable for a civil
penalty not to exceed five thousand dollars for each repeat
offense. Penalties collected under this provision must be deposited
in the state toxics control account created in RCW 70.105D.070.

diphenyl ethers.

Provides that, subject to available funding, the department of
general administration and the department of health shall conduct
two separate stakeholder processes to develop a proposal for a ban
on the use of decabromodiphenylether in transportation vehicles,
and a proposal for the ban or management of used and recycled
products containing polybrominated diphenyl ethers.

Requires the department and the department of health to
report the findings and recommendations of the stakeholder

SB 5515-S2 by Senate Committee on Ways & Means
(originally sponsored by Senators Regala, Esser,

Kline, Poulsen, Rockefeller, Brandland, Fraser, Kohl-Welles, Brown, Keiser, Pridemore, and Shin)

(DIGEST OF PROPOSED 2ND SUBSTITUTE)

Prohibits the sale of products that contain polybrominated diphenyl ethers.

Declares that, except as provided in this act, after July 1, 2007, no person may manufacture or knowingly sell, offer for sale, or distribute for sale or distribute for use in this state noncombustible products containing polybrominated diphenyl ethers.

Requires a manufacturer of products containing polybrominated diphenyl ether that has been restricted under this act to, once the restriction takes effect, notify persons that sell the manufacturer's products about the provisions of this act.

Does not apply to: (1) The manufacture, sale, repair, distribution, maintenance, refurbishment, or modification of any raw material or component part used in a transportation vehicle or any new transportation vehicle with component parts, including original parts and spare parts, containing commercial decabromodiphenylether;

(2) The sale or distribution of any used transportation vehicle with component parts containing polybrominated diphenyl ethers;

(3) The sale of any used transportation vehicle parts, or new transportation vehicle parts manufactured prior to July 1, 2007, that contain polybrominated diphenyl ethers;

(4) The use of commercial decabromodiphenylether in the maintenance, refurbishment, or modification of transportation equipment;

(5) The manufacture, sale, repair, distribution, maintenance, refurbishment, or modification of equipment containing polybrominated diphenyl ethers and use primarily for military or federally funded space program application. This exemption does not cover consumer-based goods with broad applicability;

(6) The sale or distribution by a business, charity, or private party of any used product containing polybrominated diphenyl ethers; or

(7) The manufacture, sale, or distribution of any new product or product component consisting of recycled or used materials containing commercial decabromodiphenylether. Products containing any new polybrominated diphenyl ethers do not qualify for this exemption.

Provides that, subject to available funding, the department of general administration and the department of health shall conduct two separate stakeholder processes to develop a proposal for a ban on the use of decabromodiphenylether in transportation vehicles, and a proposal for the ban or management of used and recycled products containing polybrominated diphenyl ethers.

Requires the department and the department of health to report the findings and recommendations of the stakeholder process to the appropriate committees of the legislature by December 15, 2005. The preparation of the reports required in this provision is subject to available funding.

Directs the department of general administration to, by January 1, 2006, revise its rules, policies, and guidelines to implement the purposes of this act.

Provides that a manufacturer of products containing polybrominated diphenyl ethers in violation of this act is punishable by a civil penalty not to exceed one thousand dollars for each violation in the case of a first offense. Manufacturers who are repeat violators are liable for a civil penalty not to exceed five thousand dollars for each repeat offense. Penalties collected under this section must be deposited in the state toxics control account created in RCW 70.105D.070.

-- 2005 REGULAR SESSION --

- Jan 27 First reading, referred to Government
Operations & Elections.

SB 5526 by Senators Oke, Stevens, Roach, and Johnson

Codifying procedures for provisional ballots.

Provides that the names and addresses of provisional voters is not a matter of public record, and no one other than an election officer may contact an individual provisional voter. The election officer shall contact the voter via first class mail within forty-eight hours of discovery and shall inform the voter of relevant deadlines.

Declares that provisional or questionable ballots must not be tallied until the validity of the ballot or the voter has been confirmed and, if so, the ballots will be processed in similar manner to absentee ballots. A provisional ballot is issued to a person seeking to vote in a polling place under the following circumstances: (1) The name of the voter does not appear in the poll book and: (a) The voter's registration was canceled but the voter questions the validity of the cancellation; (b) the status of the voter's registration cannot be determined at that time; or (c) the voter is registered and assigned to another polling place or jurisdiction;

(2) The voter's name is in the poll book but there is an indication that the voter was issued an absentee ballot, and the voter wishes to vote at the polls; or

(3) Other circumstances as determined by the precinct election official.

Provides that, upon receipt of the provisional ballot, including provisional ballots from other counties or states, the auditor must investigate the circumstances surrounding the provisional ballot before certification of the primary or election. A provisional ballot cannot be counted if the registered voter did not sign either the poll book or the provisional ballot envelope.

Provides that, when the disposition of the provisional ballot determines that the provisional ballot is to be counted, the provisional ballot shall be processed in a manner similar to an absentee ballot as provided in chapters 29A.40 and 29A.60 RCW except the outer provisional ballot envelopes must be retained separately from the absentee ballot return envelopes. The manual inspection of the ballots as required in WAC 434-261-070 or its successor must also be carried out.

Directs the secretary of state to establish a free access system (such as a toll-free telephone number or an Internet web site) that any individual who casts a provisional ballot may access to discover whether the vote of that individual was counted, and, if the vote was not counted, the reason why the vote was not counted.

Requires the secretary of state to establish and maintain reasonable procedures necessary to protect the security, confidentiality, and integrity of personal information collected, stored, or otherwise used by the free access system established under this act. Access to information about an individual provisional ballot must be restricted to the individual who cast the ballot.

Creating the state granted lands lease program.
Declares an intent of this act to provide full compensation to the trust beneficiaries for the net present value of a long-term leasehold interest in these granted lands, and during the term of this lease to manage these lands for multiple uses and benefits.
Creates the state granted lands lease program. The program must include state granted lands for which a leasehold is executed under the provisions of this act to provide compensation for the support of the beneficiaries in the following designated trusts: (1) Common school, indemnity, and escheat;
(2) Agricultural school;

- (3) Scientific school;
- (4) University;
- (5) Normal school;
- (6) Charitable, educational, penal, and reformatory institutions; and
- (7) State capitol.

Requires that, by December 31, 2006, the department shall develop a prioritized list of parcels suitable for inclusion in the state granted lands lease program. A prioritized list must be prepared for each category of designated trusts specified in this act. Each list must include sufficient parcels so that the aggregated acreage of parcels exceed the following acreage: (1) Common school, indemnity, and escheat, five hundred thousand acres;

- (2) Washington State University, forty thousand acres;
- (3) Agricultural school, twenty thousand acres;
- (4) Scientific school, twenty thousand acres;
- (5) Normal school, twenty thousand acres;
- (6) Charitable, educational, penal, and reformatory, twenty thousand acres; and
- (7) State capitol, twenty-five thousand acres.

Provides that, beginning July 1, 2007, the department shall execute leases for a term of at least seventy-five years for trust lands on the priority lists developed under this act. The lease agreement must include the right for automatic renewal. The calculation of full fair market compensation for renewed leases must ensure that the value of the resources on the land that were used to compensate beneficiaries in the initial lease not become a part of the calculation for compensation for the renewed lease.

Establishes the granted lands review commission.

Companion Bill: 1126

Moving the early childhood education and assistance program into the office of the superintendent of public instruction.

Provides that administration and funding of this program shall be shifted to the department no later than December 1, 2005. All existing contracts with program providers entered into for the 2005-06 school year with the department of community, trade, and economic development shall remain in full force and effect and shall be the responsibility of the department. All funds designated for this program remaining at the department of community, trade, and economic development after December 1, 2005, shall be transferred to the department.

Creates a nine-member steering committee, which committee shall advise the department on the ongoing promotion and operation of the early childhood education and assistance program. This advice shall include: (1) Program standards, which shall be guided by appropriate research;

- (2) Development of partnerships among providers of early learning programs;
- (3) Development of opportunities for professional development; and
- (4) Identifying opportunities to build upon existing programs and resources by increasing program quality, connecting related services, and simplifying program administration.

Creating the veterans conservation corps program.

(SUBSTITUTED FOR - SEE 1ST SUB)

Finds that many Washington citizens are veterans of armed forces conflicts that have important skills that may be employed in projects that help to protect and restore Washington's rivers, streams, lakes, marine waters, and open lands.

Finds that such work has demonstrated benefits for many veterans who are coping with posttraumatic stress disorder or have other mental health or substance abuse disorders related to their service in the armed forces.

Declares that it is the purpose of this act to create a program that provides state funding assistance for projects that restore Washington's waters, forests, and habitat through the primary participation of such veterans.

Appropriates the sum of five million dollars, or as much thereof as may be necessary, for the biennium ending June 30, 2007, from the state building construction account to the veterans conservation corps program account, to be expended by the salmon recovery funding board to carry out the purposes of this act.

Studying the minimum wage.

(SUBSTITUTED FOR - SEE 1ST SUB)

Directs the Washington state institute of public policy, in consultation with the employment security department, to conduct a study to address the issues impacted by the minimum wage and its annual increases in Washington state. The study should address: (1) The impact of the minimum wage on job creation and job loss, from 1990 to the present;

(2) The role of the minimum wage in maintaining the purchasing power of low-income workers in comparison to other workers;

(3) Wage compression resulting from increases in the minimum wage;

(4) Demographic analysis of persons earning eight dollars and thirty-five cents per hour or less, including race, ethnicity, gender, marital status, and family size;

(5) The extent to which the minimum wage is paid in various industries and occupations in Washington, including the number of total jobs available in those industries over the past seven years and an analysis of any causal relation between increases in the minimum wage and fluctuations in those job numbers;

(6) Differences in economic activity attributed to the minimum wage increases in comparison with similar activity in Oregon, Idaho, and other states similar in economic size and industrial base to Washington;

(7) Economic activity and wage progression in industries with large numbers of low-wage workers compared to wages paid in manufacturing, high tech, and other moderate and high-income fields in Washington;

(8) The impact of the minimum wage on state unemployment, including a comparison of state and federal unemployment rates from 1970 to the present; and

(9) A summary of the actions taken by other states regarding their minimum wage laws over the last five years.

Requires the Washington state institute of public policy to report its findings to the legislature by December 1, 2005.

Creating a pilot program for live scan devices.

(SEE ALSO PROPOSED 1ST SUB)

Finds that creating a pilot program, by strategically placing several live-scan devices in government offices throughout the state, will help employers and prospective employees to more easily gather and transmit data for noncriminal justice purposes.

Appropriates the amount of two hundred seventy thousand dollars, or as much thereof as may be necessary, from the state general fund for the fiscal year ending June 30, 2006, to the superintendent of public instruction. The amount in this provision is provided solely to purchase a live-scan device for each educational service district, to be used for noncriminal justice purposes.

SB 5553-S by Senate Committee on Human Services & Corrections (originally sponsored by Senators Brandland, Kohl-Welles, Hargrove, and Regala)

Creating a pilot program for electronic fingerprinting technology.

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Finds that creating a pilot program, by strategically placing several live-scan devices in government offices throughout the state, will help employers and prospective employees to more easily gather and transmit data for noncriminal justice purposes.

Requires that, after the results of a background check for noncriminal justice purposes have been obtained and transmitted to the requesting party, the electronic files of the fingerprint images shall be destroyed. The electronic files containing the fingerprint images that are gathered and transmitted pursuant to this act shall not be retained by the Washington state patrol, the educational service district, or any state or local agency or by any private party hired to gather or transmit the electronic fingerprints.

Appropriates the amount of two hundred seventy thousand dollars, or as much thereof as may be necessary, from the state general fund for the fiscal year ending June 30, 2006, to the superintendent of public instruction. The amount in this provision is provided solely to purchase a live-scan device for each educational service district, to be used for noncriminal justice purposes.

SB 5555 by Senator Jacobsen

Creating the state granted lands purchase program.

Declares it is the purpose of this act to establish a program that over a substantial period of time may fully compensate the trusts for their interest in these lands, and to direct that the lands transferred from granted lands trust status be managed on a multiple benefit basis.

Declares that these lands are to be held in trust for the benefit of all citizens of the state, and that these lands must be retained in public ownership for all time.

Declares an intent to initiate a review of the statutory and, if necessary, constitutional, revisions necessary to allow the funds provided for purchase of the trusts' interests in these lands to be invested in such a manner that will allow higher rates of return than has been the recent experience with the permanent funds of these trusts.

Creates the future of the statehood trusts review commission.

Requires the commission to include its analyses and recommendations in a report to the appropriate fiscal and policy committees of the senate and house of representatives by December 31, 2007.

Companion Bill: 1483

Creating an "investing in youth program."

Declares an intent to create incentives for local government investments in cost-effective intervention services that reduce crime by reimbursing local governments with a portion of the cost savings that accrue to the state as the result of local investments in such services.

Directs the department of community, trade, and economic development to establish a reinvesting in youth program that awards grants to counties for implementing research-based early intervention services that target juvenile justice-involved youth and reduce crime, subject to the availability of amounts appropriated for this specific purpose.

Provides that, effective July 1, 2005, and continuing through June 30, 2007, a reinvesting in youth pilot program shall be established. The pilot program will test methods for reinvestment of state savings that result from local investments in evidenced-based services for juvenile justice-involved youth.

Provides that participation in the pilot program shall be limited to three counties or groups of counties including at least one charter county with a population of over five hundred thousand residents and at least one county or group of counties with a combined population of three hundred thousand residents or less. Effective July 1, 2007, all counties shall become eligible to apply for participation in the program.

Provides that the department of community, trade, and economic development shall contract with the department of social and health services juvenile rehabilitation administration for the establishment of a state quality assurance program. The juvenile rehabilitation administration shall monitor the implementation of intervention programs reimbursed pursuant to this act and shall evaluate adherence to program design. The juvenile rehabilitation administration shall report any failures to comply with its quality assurance standards to the department of community, trade, and economic development.

Requires the Washington state institute for public policy to estimate the costs and benefits resulting from the implementation of the reinvesting in youth program and provide a report to the appropriate committees of the legislature, the governor, and to the department of community, trade, and economic development on December 1, 2007, and every four years thereafter.

Authorizing additional funding for minor league baseball facilities.

(SEE ALSO PROPOSED 1ST SUB)

Creates the minor league baseball account in the state treasury. During each fiscal year the state treasurer shall deposit in

the minor league baseball account all receipts from the state lottery designated for this account under RCW 67.70.240.

Provides that money in the minor league baseball account shall be distributed annually to a governmental agency responsible for the operation of a minor league baseball stadium as defined in this act. Money shall be distributed on a per capita basis based on the population of the city in which the minor league baseball stadium is located as determined by the office of financial management on the effective date of this act.

Declares that money distributed from the minor league baseball account shall be used solely for the purpose of paying for the operation, maintenance, repair, rehabilitation, financing, equipping, and reequipping of a minor league baseball stadium and associated parking facilities.

Declares that three million dollars shall be distributed under this act during the calendar year 2006. During subsequent years, the distribution shall equal the prior year's distributions increased by four percent.

Provides that distributions under this act shall cease at the latter of: The date when distributions cease under RCW 67.70.240(4) or fifteen years from the effective date of this act.

Authorizes the legislative authority of a county in which a minor league baseball team plays in an existing minor league baseball stadium to impose a special stadium sales and use tax upon retail car rentals within the county that are taxable by the state under chapters 82.08 and 82.12 RCW.

Authorizes the legislative authority of a city or town in which a minor league baseball team plays in an existing minor league baseball stadium to impose a tax of up to one cent on twenty cents or fraction thereof to be paid by the person who pays an admission charge to the events in the minor league baseball stadium. The tax authorized in this provision may also be imposed on any parking charges or fees imposed in parking facilities associated with the minor league baseball stadium.

Regulating stun guns.

(SEE ALSO PROPOSED 1ST SUB)

Provides that no person or business may sell a projectile stun gun in the state of Washington unless the projectile stun gun: (1) Has a maximum charge of less than one hundred thousand volts; (2) Has a maximum of less than nine joules of energy per pulse;

(3) Has an identification and tracking system which, upon deployment of remote electrodes, disperses coded material traceable to the purchaser through records kept by the manufacturer on all projectile stun guns and all individual cartridges sold, which information shall be made available to any law enforcement agency upon request; and

(4) Is manufactured by a company that offers a training program.

Requires a person selling a projectile stun gun to register the identity of the purchaser with the manufacturer of the projectile stun gun. Such identification shall be verified with a government-issued identification, or by verifying the social security number and address of the purchaser.

Provides that no person or business may sell or give a projectile stun gun to any person who has been convicted of a felony. It is the responsibility of the person selling or giving the projectile stun gun to complete a national criminal history

background check to determine if the person purchasing or receiving the projectile stun gun is a felon.

Declares that a person who violates this act is guilty of a misdemeanor.

Declares that any person who knowingly uses a projectile stun gun against a law enforcement officer is guilty of a class B felony.

Declares that the state of Washington fully occupies and preempts the entire field of regulation of projectile stun guns.

Permitting a college or university to maintain a diverse student population by considering race, color, ethnicity, or national origin in the admission and transfer process without using quotas, predetermined points, or set asides.

(SEE ALSO PROPOSED 1ST SUB)

Declares an intent to give universities and colleges some flexibility in considering race, color, ethnicity, or national origin as positive factors in their admission and transfer policies to promote diversity by enrolling meaningful numbers of students from groups that would not otherwise be so represented. To ensure the highest quality of education is provided at our universities and colleges, they must have the ability to engage in a holistic review of each applicant that includes all the positive qualities and experiences that an applicant possesses.

Declares it is not the intent to allow any form of quota or set aside system to be implemented by a university or college to insulate an applicant from comparison with all other candidates solely because of his or her racial status.

SB 5575-S by Senate Committee on Early Learning, K-12 & Higher Education (originally sponsored by Senators Kohl-Welles, Pridemore, Shin, Brown, Rockefeller, McAuliffe, Berkey, Thibaudeau, Franklin, Kline, Regala, Jacobsen, and Keiser)

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Declares an intent to give universities and colleges limited flexibility in considering race, color, ethnicity, or national origin as positive factors in their admission and transfer policies. To ensure the highest quality of education is provided at our universities and colleges, they must have the ability to engage in a

holistic review of each applicant that includes all the positive qualities and experiences that an applicant possesses.

Declares it is not the intent to allow any form of quota or set aside system to be implemented by a university or college to insulate an applicant from comparison with all other candidates solely because of his or her racial status.

Declare that this act does not prohibit a public college, university, or community college from considering race, color, ethnicity, or national origin in its admission or transfer policies for the purpose of promoting diversity at the campus if the policy meets the following minimum requirements: (1) No admission slots may be set aside on the basis of race, color, ethnicity, or national origin nor may any person be given separate consideration or preference based solely on race, color, ethnicity, or national origin;

(2) All qualified applicants shall be given individual consideration in which all qualities and experiences that may be valuable contributions to student body diversity are considered;

(3) Race, color, ethnicity, or national origin shall not be given a predetermined numerical value or weight in the admissions process;

(4) The policy shall establish criteria for evaluating whether the consideration of race, color, ethnicity, or national origin is still necessary to promote diversity and shall include provisions for periodic reviews; and

(5) There must be a process established for periodically exploring workable race-neutral alternatives to considering race, color, ethnicity, or national origin to achieve the diversity the college or university is seeking, without compromising academic quality.

Directs the secretary of state to submit this act to the people for their adoption and ratification, or rejection, at the next general election to be held in this state, in accordance with Article II, section 1 of the state Constitution and the laws adopted to facilitate its operation.

Making available relocation assistance payments to tenants.

(SUBSTITUTED FOR - SEE 1ST SUB)

Declares that the purpose of this act is to establish a process by which displaced tenants would receive funds for relocation from landlords who fail to provide safe and sanitary housing after due notice of building code or health code violations.

Declares that it is also the purpose of this act to provide enforcement mechanisms to cities, towns, counties, or municipal corporations including the ability to advance relocation funds to tenants who are displaced as a result of a landlord's failure to remedy building code or health code violations and later to collect the full amounts of these relocation funds, along with interest and penalties, from landlords.

SB 5577-S by Senate Committee on Financial Institutions, Housing & Consumer Protection (originally sponsored by Senators Fairley, Keiser, Kline, Fraser, Poulsen, and Kohl-Welles)

(DIGEST AS ENACTED)

Declares that the purpose of this act is to establish a process by which displaced tenants would receive funds for relocation from landlords who fail to provide safe and sanitary housing after due notice of building code or health code violations.

Declares that it is also the purpose of this act to provide enforcement mechanisms to cities, towns, counties, or municipal corporations including the ability to advance relocation funds to tenants who are displaced as a result of a landlord's failure to remedy building code or health code violations and later to collect the full amounts of these relocation funds, along with interest and penalties, from landlords.

Provides that, if a governmental agency responsible for the enforcement of a building, housing, or other appropriate code has notified the landlord that a dwelling will be condemned or will be unlawful to occupy due to the existence of conditions that violate applicable codes, statutes, ordinances, or regulations, a landlord, who knew or should have known of the existence of these conditions, shall be required to pay relocation assistance to the displaced tenants except that: (1) A landlord shall not be required to pay relocation assistance to any displaced tenant in a case in which the condemnation or no occupancy order affects one or more dwelling units and directly results from conditions caused by a tenant's or any third party's illegal conduct without the landlord's prior knowledge;

(2) A landlord shall not be required to pay relocation assistance to any displaced tenant in a case in which the condemnation or no occupancy order affects one or more dwelling units and results from conditions arising from a natural disaster such as, but not exclusively, an earthquake, tsunami, wind storm, or hurricane; and

(3) A landlord shall not be required to pay relocation assistance to any displaced tenant in a case in which a condemnation affects one or more dwelling units and the tenant's displacement is a direct result of the acquisition of the property by eminent domain.

Provides that during the period from the date that a governmental agency responsible for the enforcement of a building, housing, or other appropriate code first notifies the landlord of conditions that violate applicable codes, statutes, ordinances, or regulations to the time that relocation assistance payments are paid to eligible tenants, or the conditions leading to the notification are corrected, the landlord may not:

(1) Evict, harass, or intimidate tenants into vacating their units for the purpose of avoiding or diminishing application of this act;

(2) Reduce services to any tenant; or

(3) Materially increase or change the obligations of any tenant, including but not limited to any rent increase.

Declares that the powers and authority conferred by this act are in addition and supplemental to powers or authority conferred by any other law or authority, and nothing contained herein shall be construed to preempt any local ordinance requiring relocation assistance to tenants displaced by a landlord's failure to remedy building code or health code violations.

SB 5582 by Senators Regala, Hargrove, Stevens, Carrell, Franklin, McAuliffe, and Kohl-Welles

Clarifying how demographic factors are used with regard to sexually violent predators.

(DIGEST AS ENACTED)

Finds that the decisions in *In re Young*, 120 Wn. App. 753, review denied, _Wn.2d_(2004) and *In re Ward*, _Wn.App. _ (2005) illustrate an unintended consequence of language in chapter 71.09 RCW.

Declares that the *Young* and *Ward* decisions are contrary to the legislature's intent set forth in RCW 71.09.010 that civil commitment pursuant to chapter 71.09 RCW address the "very

long-term" needs of the sexually violent predator population for treatment and the equally long-term needs of the community for protection from these offenders.

Finds that the mental abnormalities and personality disorders that make a person subject to commitment under chapter 71.09 RCW are severe and chronic and do not remit due solely to advancing age or changes in other demographic factors.

Declares that the *Young* and *Ward* decisions are contrary to the legislature's intent that the risk posed by persons committed under chapter 71.09 RCW will generally require prolonged treatment in a secure facility followed by intensive community supervision in the cases where positive treatment gains are sufficient for community safety.

Finds that, in some cases, a committed person may appropriately challenge whether he or she continues to meet the criteria for commitment. Because of this, the legislature enacted RCW 71.09.070 and 71.09.090, requiring a regular review of a committed person's status and permitting the person the opportunity to present evidence of a relevant change in condition from the time of the last commitment trial proceeding.

Declares that these provisions are intended only to provide a method of revisiting the indefinite commitment due to a relevant change in the person's condition, not an alternate method of collaterally attacking a person's indefinite commitment for reasons unrelated to a change in condition. Where necessary, other existing statutes and court rules provide ample opportunity to resolve any concerns about prior commitment trials.

Declares an intent to clarify the "so changed" standard.

Requiring training of children's administration employees concerning older children who are victims of abuse or neglect.

(DIGEST AS ENACTED)

Requires the department to develop a curriculum designed to train the staff of the department's children's administration on how to screen and respond to referrals to child protective services

when those referrals may involve victims of abuse or neglect between the ages of eleven and eighteen.

Provides that, as it develops its curriculum pursuant to this act, the department shall request that the office of the family and children's ombudsman review and comment on its proposed training materials. The department shall consider the comments and recommendations of the office of the family and children's ombudsman as it develops the curriculum required by this act.

Requires the department to complete the curriculum materials required by this act no later than December 31, 2005.

Requires the department to review a sampling of the screening decisions by child protective services related to children between the ages of eleven and eighteen on a quarterly basis through June 30, 2007.

Requires the department to use the results of the quarterly reviews required by this act to improve practice and to improve the curriculum required by this act. The department shall also report to the governor and the appropriate committees of the legislature on the quarterly reviews required by this act on August 1, 2006, and August 1, 2007.

SB 5585 by Senators Poulsen, Esser, and Prentice

Companion Bill: 1595

Allowing port districts to lease land acquired from a commercial waterway district.

(SUBSTITUTED FOR - SEE 1ST SUB)

Authorizes a district to lease all lands, wharves, docks, and real and personal property it owns and controls that have been acquired from commercial waterway districts, for such purposes and upon such terms as the port commission deems proper. These properties are subject to all other statutes governing district leases.

Authorizes a port commission to, by resolution, authorize the managing official of a port district to sell and convey port district property obtained by the district from a commercial waterway district. The district shall sell and convey such property in accordance with all applicable statutes governing the sale of district property.

SB 5585-S by Senate Committee on Government Operations & Elections (originally sponsored by Senators Poulsen, Esser, and Prentice)

Requiring a report from port districts regarding management of former commercial waterway district property.

(AS OF SENATE 2ND READING 3/16/05)

Provides that, by December 1, 2005, a port district to which the property of a former commercial waterway district was transferred shall report to the chairs of the legislative committees with jurisdiction regarding port property formerly owned by the waterway district. The report shall, to the extent practicable, include the following information: (1) Existing uses of the port property by those using former waterway district property;

(2) A general outline of potential future uses of the public property owned by the port district;

(3) The status of the environmental mitigation and cleanup of the waterway that is required by federal and state law;

(4) The status of the port district's communication to, and work with, those using former waterway district property as of January 1, 2005; and

(5) General terms and conditions of leases the port believes are necessary to give the port adequate control over its property and the general terms and conditions that the port believes will give the current users of the public property continued access to the waterway.

Providing for proceedings for excluding agricultural land from the boundaries of a charter or noncharter code city.

(DIGEST AS ENACTED)

Provides that proceedings for excluding agricultural land from the boundaries of a charter code city or noncharter code city may be commenced by the filing of a petition which is sufficient as determined by RCW 35A.01.040 by property owners of the agricultural land proposed to be excluded, in the following manner which is alternative to other methods provided in this chapter: (1) A petition for exclusion of agricultural land from the incorporated area of a code city shall be filed with the legislative body of the municipality. The petition for exclusion must be

signed by the owners of not less than one hundred percent of the agricultural land for which exclusion is sought and, if residents exist within the area proposed for exclusion, a majority of the registered voters residing in the area for which exclusion is petitioned.

(2) Following the hearing, if the legislative body determines to effect the exclusion from city boundaries, they shall do so by ordinance. The ordinance may exclude all or any portion of the proposed territory but may not include in the exclusion any territory not described in the petition. The ordinance shall contain a legal description of the territory and declare it no longer a part of the code city.

Companion Bill: 1714

Prohibiting smoking in public places.

Recognizes the increasing evidence that tobacco secondhand smoke creates a danger to the health of the citizens of this state. In order to protect the health and welfare of those citizens, it is necessary to prohibit smoking in public places.

Provides that a person who violates RCW 70.160.050 is guilty of an infraction punishable by: (1) A warning to the owner or person in charge for the first violation that occurs within a calendar year;

(2) A fine not exceeding one hundred dollars for a second violation that occurs within a calendar year; and

(3) A fine not exceeding five hundred dollars for each additional violation that occurs within a calendar year.

Declares that nothing in chapter 70.160 RCW prevents a city, town, or county from adopting ordinances more restrictive than this chapter or regulations adopted under this chapter that restrict or prohibit smoking in public places situated within its jurisdiction.

Companion Bill: 1353

Providing for a central resource center for the nursing work force.

(SUBSTITUTED FOR - SEE 1ST SUB)

Declares that Washington state is experiencing a critical shortage of registered nurses. To safeguard and promote patient safety and quality of care, the legislature finds that a central resource center for the nursing work force is critical and essential in addressing the nursing shortage and ensuring that the public continue to receive safe, quality care.

Provides that, in addition to the licensing fee for registered nurses and licensed practical nurses licensed under chapter 18.79 RCW, the department shall impose an additional surcharge of five dollars per year on all initial licenses and renewal licenses for registered nurses and licensed practical nurses issued under this chapter. Advanced registered nurse practitioners are only required to pay the surcharge on their registered nurse licenses.

Directs the department, in consultation with the commission, to use the proceeds from the surcharge imposed under this act to provide grants to a central nursing resource center.

Requires the central nursing resource center to submit a report of all progress, collaboration with other organizations and government entities, and activities conducted by the center to the relevant committees of the legislature by November 30, 2008.

Studying breastfeeding women in the workplace.

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Calls for a study to be conducted by a joint task force.

Directs the joint task force to study the prevalence of breastfeeding women in the workplace. The study should address:

(1) The number of breastfeeding women currently in the workplace;

(2) How the employers accommodate these women's needs to breastfeed or express breastmilk;

(3) The number of employers that have lactation policies and what the policies consist of;

(4) The types of facilities provided by employers who accommodate lactating women;

(5) The cost of accommodating lactating women in the workplace; and

(6) The employer benefits, if any, that the accommodation of lactating women yielded.

Managing livestock nutrients.

(SUBSTITUTED FOR - SEE 1ST SUB)

Applies to all operations that meet the definition of an animal feeding operation.

Creates specific permit requirements consistent with the federal CAFO rule for all defined or designated concentrated animal feeding operations.

Provides that all dairies are required to implement nutrient management plans and perform certain reporting.

Declares that AFOs that are not CAFOs or dairies are not required to obtain permit coverage or have a plan under this act. However, no AFO is allowed to pollute waters of the state, and all AFOs may be inspected by the department under this act.

Authorizes the department to coordinate with Washington State University, the conservation commission, conservation districts, the department of ecology, other federal, state, and local agencies, and private organizations and individuals in implementing an education program for improvement of nutrient management by dairies, AFOs, and CAFOs and to prevent livestock nutrients from degrading the quality of waters of the state. The department may refer livestock producers to conservation districts, Washington State University, and other entities for educational programs, technical assistance, or financial assistance.

Provides that conservation districts may, at the request of a livestock producer, provide technical or financial assistance in developing or revising and implementing the producer's livestock nutrient management plan.

Requires the director to establish a livestock nutrient management program advisory committee including members representing the livestock industry; the environmental community; local, state, and federal agencies; and other entities as deemed appropriate.

Declares that it is unlawful for any person regulated by this act to throw, drain, run, or otherwise discharge into any of the waters of this state, or to cause, permit, or suffer to be thrown, run, drained, allowed to seep, or otherwise discharged into such waters any organic or inorganic matter, including livestock nutrients, that shall cause or tend to cause pollution of such waters according to the determination of the department, as provided for in this act.

Provides that the department, with the assistance of the attorney general, is authorized to bring any appropriate action at law or in equity, including action for injunctive relief, in the name of the people of the state of Washington as may be necessary to carry out this act.

Repeals RCW 90.64.015, 90.64.017, 90.64.070, 90.64.080, 90.64.130, 90.64.140, 90.64.160, and 90.64.800.

SB 5602-S by Senate Committee on Agriculture & Rural Economic Development (originally sponsored by Senators Rasmussen and Schoesler; by request of Department of Agriculture)

(DIGEST AS ENACTED)

Finds that a livestock nutrient management program is essential to protecting the quality of the waters of the state and ensuring a healthy and productive livestock industry.

Directs the departments of agriculture and ecology to examine their current statutory authorities and provide the legislature with recommendations for statutory changes to fully implement a livestock nutrient management program within the department of agriculture for concentrated animal feeding operations, animal feeding operations, and dairies, as authorized in RCW 90.48.260, 90.64.813, and 90.64.901. In developing recommended statutory changes, the departments shall consult with the livestock nutrient management program development and oversight committee created in RCW 90.64.813. The recommendations must be submitted to the legislature by the departments of agriculture and ecology prior to applying to the environmental protection agency for delegated authority to administer the CAFO portion of the national pollutant discharge elimination system permit program under the federal clean water act.

Requires the department of ecology to develop and maintain a standard protocol for water quality monitoring of the waters of the state within the vicinity of dairies and CAFOs. The protocol shall include sampling methods and procedures and identify the water quality constituents to be monitored.

Directs the department of ecology to submit the initial protocol developed according to this section to the appropriate committees of the legislature by December 1, 2005.

Provides that, by July 1, 2005, the department of ecology and the department of agriculture, in consultation with the department of health, shall make available to livestock producers clearly written guidelines for the composting of bovine and equine carcasses for routine animal disposal.

VETO MESSAGE ON SB 5602-S

May 17, 2005

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning, without my approval as to Section 2, Substitute Senate Bill No. 5602 entitled:

This bill directs the Departments of Agriculture and Ecology, together with legislators and affected and interested parties, to jointly develop recommendations for changes to the law to establish a single state livestock nutrient program within the Department of Agriculture.

The bill also calls for rules that will allow disclosure of farm plan information to provide meaningful information to the public while protecting confidential business information. It will also establish composting guidelines to ensure safe farm practices for disposal of dead animals in a way that protects animal health, water supplies and food supplies.

Section 2 of the bill amends the membership of the Development and Oversight Committee that works with the Department of Agriculture on this program. It also assigns them a couple new tasks, one of which would direct the agency and committee to develop nutrient management tools for smaller livestock producers that are not part of the new federal and state regulatory programs. While these tools could help smaller producers protect water quality, it would divert the limited state agency and committee resources away from the work needed to help larger producers comply with the new federal requirements.

To fulfill the Legislature's intent regarding the membership of the committee and the reporting requirements for composting of dead animals:

For these reasons, I have vetoed Section 2 of Substitute Senate Bill No. 5602.

With the exception of Section 2, Substitute Senate Bill No. 5602 is approved.

Respectfully submitted,
Christine O. Gregoire
Governor

SB 5603 by Senators Hargrove and McAuliffe
Requiring an education and higher education finance study.

Finds that: (1) The early years mark the most extraordinary period of growth for young children. The state's role in providing access to early learning opportunities has never been consistently defined;

(2) More than a quarter of a century has passed since the current school finance system was first created, and the challenges facing our schools and students have grown and changed dramatically during that time. Policies have been established creating new expectations and goals for students under education reform;

(3) Demographic pressures and work force needs will continue to increase demand for access to postsecondary education and training. Public two-year and four-year institutions of higher education are also important avenues for programs such as adult basic education and English as a second language that are the foundation for employment and further education for an increasing number of people. Students have paid an increasing cost of their education with tuition growing faster than personal income or inflation; and

(4) Through a comprehensive study, the legislature will have solid information to determine how best to use its resources to create a strong education system that will provide an educated citizenry and a thriving economy in this state.

Provides that, when the state grants local governments and special districts the power of eminent domain outside their jurisdictional boundaries, therefore, the state must also assure that exercise of this power includes meaningful measures to consider and protect the public health, safety, and welfare in the jurisdiction in which the property that is proposed to be condemned for an essential public facility is located.

Provides that a metropolitan municipal corporation shall not condemn lands for an essential public facility, provided for in RCW 36.70A.200, at a location outside its component county boundaries without first completing the city or county siting process for an essential public facility where the proposed facility is to be located, consistent with RCW 36.70A.200.

SB 5610 by Senator Jacobsen

Promoting salmon recovery on a region-wide basis.

(SUBSTITUTED FOR - SEE 1ST SUB)

Provides that the governor, with the assistance of the salmon recovery office, shall designate additional salmon recovery regions that generally are consistent with the areas within the state of evolutionarily significant units designated by the federal fish services for federal recovery planning. The designated regions must be incorporated into the statewide salmon recovery strategy and must guide state, regional, and watershed level recovery planning and activities.

Provides that, the governor, with the assistance of the salmon recovery office, may recognize regional salmon recovery organizations for the purpose of developing and implementing regional recovery plans. Organizations seeking such recognition shall demonstrate to the governor's satisfaction that the organization sponsors have invited the participation of local governments, tribes, and other significant governmental entities within the region, as well as representatives of stakeholders with interests in fish recovery and water management, including fishing and fish conservation organizations, landowners, utilities, agriculture, and business. The sponsors shall also demonstrate a willingness and capability to carry out the planning, plan implementation, and project review functions assigned to a regional recovery organization under this act.

Requires that, by December 31, 2005, the salmon recovery office and the department of ecology shall jointly submit a report to the appropriate committees of the senate and house of representatives that reviews and provides recommendations on the following: (1) Modifications to state programs and financial assistance to encourage improved coordination among entities preparing salmon recovery, water resources, or related plans within the same watershed or group of watersheds;

(2) Improving state guidance and assistance to entities implementing such plans once they are prepared;

(3) Reviewing the organizational structure and governance of the variety of regional recovery organizations and watershed-level entities that are currently preparing or implementing plans, and recommendations regarding whether consistent procedures and criteria for forming regional recovery organizations should be required;

(4) Reviewing the current habitat project planning under chapter 77.85 RCW and water resource planning under chapter 90.82 RCW, and recommendations on ways to consolidate plan

implementation and establish state funding priorities for implementation activities statewide across both planning programs;

(5) Improving the allocation of mitigation funding on a watershed basis, consistent with the state's policies and programs of optimizing mitigation projects; and

(6) Aligning the geographic areas of regional fisheries enhancement groups with the salmon recovery regions of the statewide strategy and coordinating the work of these groups with that of regional recovery organizations.

Repeals RCW 77.85.070 and 77.85.210.

SB 5610-S by Senate Committee on Natural Resources, Ocean & Recreation (originally sponsored by Senator Jacobsen)

(DIGEST AS ENACTED)

Declares that a strong watershed-based locally implemented plan is essential for local, regional, and statewide salmon recovery.

Provides that, by December 1, 2006, the governor shall submit a report to the legislature regarding the implementation of the state's salmon recovery strategy.

Requires the report to summarize the monitoring data coordinated by the monitoring forum. The summary must include but is not limited to data and analysis related to: (1) Measures of progress in fish recovery;

(2) Measures of factors limiting recovery as well as trends in such factors; and

(3) The status of implementation of projects and activities.

Provides that the governor's salmon recovery office shall gather regional recovery plans from regional recovery organizations and submit the plans to the federal fish services for adoption as federal recovery plans. The governor's salmon recovery office may also: (1) Assist state agencies, local governments, landowners, and other interested parties in obtaining federal assurances that plans, programs, or activities are consistent with fish recovery under the federal endangered species act;

(2) Act as liaison to local governments, the state congressional delegation, the United States congress, federally recognized tribes, and the federal executive branch agencies for issues related to the state's salmon recovery plans; and

(3) Provide periodic reports pursuant to RCW 77.85.020.

- SB 5614-S** by Senate Committee on Labor, Commerce, Research & Development (originally sponsored by Senators Keiser, Parlette, Rasmussen, Hargrove, Honeyford, Mulliken, Berkey, Oke, and Kohl-Welles)
Requiring industrial insurance fund audits.
(AS OF SENATE 2ND READING 3/14/05)
Requires the department to: (1) Prepare financial statements on the state fund in accordance with generally accepted accounting principles, including but not limited to financial statements on the accident fund, the medical aid fund, the supplemental pension fund, and the second injury fund. Statements must be presented separately by fund and in the aggregate; and
(2) Prepare financial information for the accident fund, medical aid fund, and pension reserve fund based on statutory accounting practices and principles promulgated by the national association of insurance commissioners for the purpose of maintaining actuarial solvency of these funds.
Provides that, beginning in 2006, and, to avoid duplication, coordinated with any audit that may be conducted under RCW 43.09.310, the state auditor shall conduct annual audits of the state fund. As part of the audits required under this act, the state auditor may contract with firms qualified to perform all or part of the financial audit, as necessary.
Requires the state auditor to issue an annual report to the governor, the leaders of the majority and minority caucuses in the senate and the house of representatives, the director of the office of financial management, and the director of the department, on the results of the financial audit and reviews, within six months of

the end of the fiscal year. The report may include recommendations.

Provides that audits of the department must be coordinated with the audits required under this act to avoid duplication of audits.

SB 5619 by Senators Kline, Pridemore, Kastama, Poulsen, Rockefeller, Fairley, Fraser, and Kohl-Welles

Companion Bill: 1639

Requiring consideration of water quality during growth management planning.

(SEE ALSO PROPOSED 1ST SUB)

Finds that, while substantial progress has been made in protecting Washington's environment, more is now known about the significant effects of development along the state's shorelines.

Declares an intent to provide the tools necessary to address the evolving understanding of measures needed to maintain and, when required, enhance water quality for Washington's marine shorelines while accommodating appropriate development consistent with city and county comprehensive plans.

Finds the approach taken in the growth management act will protect our marine waters and assist counties, cities, and the public.

Declares an intent that the provisions of this act be implemented by counties and cities according to the schedule specified in RCW 36.70A.130.

Requires cities and counties to consider the following when preparing comprehensive plans and development regulations according to this act and when reviewing comprehensive plans and development regulations according to RCW 36.70A.130: (1) Measures to maintain or improve water quality and habitat;

(2) Effects of proposed land use patterns on basic hydrologic functions and on surface and ground water quality, including downstream water bodies;

(3) Land use measures to maintain and, when required, enhance existing hydrologic functions, considering the entire river or stream basin, and to maintain surface and ground water quality, surface water quantity, and ground waters used for potable water or irrigation; and

(4) Measures to maintain and, when required, enhance existing hydrologic functions, including consideration of predevelopment peak flows and summer and fall surface and ground water flows.

SB 5619-S by Senate Committee on Water, Energy & Environment (originally sponsored by Senators Kline, Pridemore, Kastama, Poulsen, Rockefeller, Fairley, Fraser, and Kohl-Welles)

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Finds that, while substantial progress has been made in protecting Washington's environment, more is now known about the significant effects of development along the state's shorelines.

Declares an intent to provide the tools necessary to address the evolving understanding of measures needed to maintain and, when required, enhance water quality for Washington's marine shorelines while accommodating appropriate development consistent with city and county comprehensive plans.

Recognizes the state's growth management act includes a goal and general requirements to protect water quality as well as the state's surface and ground waters, including Puget Sound. The legislature also recognizes these provisions are codified at RCW 36.70A.020(10), 36.70A.030(14)(g), and 36.70A.070 (1) and (5) (c)(iv).

Finds the approach taken in the growth management act will protect our marine waters and assist counties, cities, and the public.

Declares an intent that the provisions of this act be implemented by counties and cities according to the schedule specified in RCW 36.70A.130.

Provides that, when preparing comprehensive plans and development regulations according to chapter 36.70A RCW and when reviewing comprehensive plans and development regulations according to RCW 36.70A.130, cities and counties shall consider land use measures to maintain and, when required, enhance water quality and habitat as recommended by public agency plans or programs.

Declares that counties and cities may not designate in a comprehensive plan adopted under chapter 36.70A RCW urban growth areas on marine shorelines not already occupied by urban growth unless the designation is necessary for water-dependent or water-related uses.

Requires counties and cities to implement the requirements of this section according to the schedule specified in RCW 36.70A.130.

(SUBSTITUTED FOR - SEE 1ST SUB)

Provides that county legislative authorities, in adopting open space plans, public benefit rating systems, and assessed valuation schedules, shall give priority consideration to lands used for buffers that: (1) Are not required by law; and

(2) Are planted with or primarily contain native vegetation.

Declares that "priority consideration" as used in this act may include, but is not limited to, establishing classification eligibility and maintenance criteria for buffers meeting the requirements of this act.

SB 5620-S by Senate Committee on Government Operations & Elections (originally sponsored by Senators Kline, Mulliken, Pridemore, Kastama, Poulsen, Rockefeller, Fairley, and Kohl-Welles)

Providing for priority consideration for lands used as buffers in planning. (REVISED FOR PASSED LEGISLATURE: Providing

for priority consideration in current use taxation for lands used as buffers.)

(DIGEST AS ENACTED)

Provides that county legislative authorities, in open space plans, public benefit rating systems, and assessed valuation schedules, shall give priority consideration to lands used for buffers that are planted with or primarily contain native vegetation.

Declares that "priority consideration" as used in this act may include, but is not limited to, establishing classification eligibility and maintenance criteria for buffers meeting the requirements of this act.

Requires county legislative authorities to meet the requirements of this act no later than July 1, 2006, unless buffers already receive priority consideration in the existing open space plans, public benefit rating systems, and assessed valuation schedules.

SB 5624 by Senators Kastama, McAuliffe, Hargrove, Weinstein, Spanel, and Delvin

Companion Bill: 1635

Authorizing local government funding of ambulance and emergency services.

Declares an intent to explicitly recognize local jurisdictions' ability and authority to collect utility service charges to fund ambulance and emergency medical service systems that are based, at least in some part, upon a charge for the availability of these services. In fact, notwithstanding some of the discussion in the Washington State Supreme Court's *Arborwood Idaho LLC vs. City of Kennewick* decision, the legislature finds that reliance on a funding policy which is based only on actual use of these services

would be inequitable, would lead to disproportionate impacts on sick and injured persons, and could impede the likelihood that persons would seek ambulance or emergency medical service assistance in their time of need.

Finds that without a funding mechanism, local governments would no longer be able to operate or contract for ambulance and emergency medical services, thereby threatening the health, safety, and welfare of the people.

Declares an intent to ensure and promote the health, safety, and welfare of the people by clarifying cities' and towns' authority to operate ambulance and emergency medical services as a public utility, to contract for these services, and to fix rates and charges for both the availability and the actual use of ambulance and emergency medical services.

SB 5631 by Senators Regala, Hargrove, Stevens, Brandland, Kline, McAuliffe, Franklin, Prentice, Esser, Delvin, and Kohl-Welles

Changing provisions relating to inmate work programs.

(SUBSTITUTED FOR - SEE 1ST SUB)

Revises provisions relating to inmate work programs.

SB 5631-S by Senate Committee on Human Services & Corrections (originally sponsored by Senators Regala, Hargrove, Stevens, Brandland, Kline, McAuliffe, Franklin, Prentice, Esser, Delvin, and Kohl-Welles)

(DIGEST AS ENACTED)

Revises provisions relating to inmate work programs.

Provides that the products and services of this industry, including purchased products and services necessary for a complete product line, may be sold to the following: (1) An employee and immediate family members of an employee of the department of corrections; and

(2) A person under the supervision of the department of corrections and his or her immediate family members.

Declares that it is prohibited to purchase any item purchased under this act for the purpose of resale.

Provides that any school district may purchase goods produced or provided in whole or in part from class II inmate work programs operated by the department of corrections pursuant to RCW 72.09.100, including but not limited to furniture, equipment, or supplies. School districts are encouraged to set as a target to contract, beginning after June 30, 2006, to purchase up to one percent of the total goods required by the school districts each year, goods produced or provided in whole

or in part from class II inmate work programs operated by the department of corrections.

Companion Bill: 1553

Describing educational visits to small agricultural employers.

(SEE ALSO PROPOSED 1ST SUB)

Declares that any initial visit by the director, or an authorized representative, to the workplace of an agricultural employer with ten or fewer full-time equivalent employees shall be regarded as a visit for the purposes of providing occupational safety and health education for employers and employees, and offering consultation and advice.

Provides that the director, or an authorized representative, may make recommendations regarding the elimination of any hazards disclosed during the visit, and shall provide an employer with a reasonable opportunity to abate any such hazards.

Provides that the director, or an authorized representative, may require the owner to correct any hazards disclosed during the initial visit, and may require the owner to send a statement that the hazards have been abated. Alternatively, the director, or an

authorized representative, may schedule a subsequent visit to ascertain whether the hazards have been abated.

SB 5632-S by Senate Committee on Labor, Commerce, Research & Development (originally sponsored by Senators Schoesler, Hewitt, Mulliken, Parlette, Rasmussen, Roach, Jacobsen, Haugen, and Honeyford)

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Declares that, for the purposes of this act, a "small farming operation" means an employer that: (1) Is engaged in the growing of or harvesting of crops, the raising of livestock or poultry, or related activities conducted on sites such as a farm, ranch, orchard, dairy farm, or similar farming operation;

(2) Employs ten or fewer employees on the day of the visit and at all times during the twelve months preceding the visit; and

(3) Has not housed any seasonal or temporary farm workers in permanent or temporary structures located on or off the property of the employer during the twelve months preceding the visit.

Declares that "small farming operation" shall be interpreted to be consistent with that term as it is defined or used by the United States department of labor, occupational safety and health administration in the administration of the federal occupational safety and health act (29 U.S.C. chapter 15).

SB 5633 by Senators Carrell, Rasmussen, Rockefeller, Shin, Stevens, Hargrove, Mulliken, and McAuliffe

Revising provisions relating to retention of information concerning unfounded allegations of child abuse or neglect.

(SEE ALSO PROPOSED 1ST SUB)

Provides that, if the department fails to comply with RCW 26.44.031(1), any aggrieved person may institute proceedings for injunctive or other appropriate relief for enforcement of the requirement to purge information. These proceedings may be instituted in the superior court for the county in which the person resides, or, if the person is not then a resident of this state, in the superior court for Thurston county.

Provides that, in a proceeding under this act, the court shall enforce obedience to the requirement to purge information by enjoining compliance upon the secretary of the department. The court may issue such writs and processes as are necessary to carry out its orders and may award a penalty of up to one thousand dollars and reasonable attorneys' fees and court costs to the aggrieved person who instituted the proceedings.

Declares that a proceeding under this act does not preclude other methods of enforcement provided for by law.

SB 5633-S by Senate Committee on Human Services & Corrections (originally sponsored by Senators Carrell, Rasmussen, Rockefeller, Shin, Stevens, Hargrove, Mulliken, and McAuliffe)

Convening a work group to recommend standards for communication of information concerning dependent children.

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Requires the work group to make recommendations regarding definitions of categories of information to be used, who should have access to categories of information, how long it is to be retained, how and when appropriate information is to be purged, compliance enforcement, and consequences for noncompliance. Recommendations shall address all forms of information whether it is kept in electronic, magnetic, paper, or other form of storage media. All recommendations shall be consistent with state and federal law governing release of confidential information. Companion Bill: 1702

Creating the "Health Care Responsibility Act" to expand access to health insurance coverage.

(SEE ALSO PROPOSED 1ST SUB)

Declares an intent to: (1) Expand access to health care by increasing the number of large employers who provide health benefits to their employees and imposing a fee on large employers who do not offer such benefits. Fee revenues will be used to fund basic health plan coverage for as many employees of employers paying the fee as the fee revenues can support. However, consistent with this act, large employers can reduce or eliminate their fee through expenditures on health services for their employees;

(2) Maintain existing protections in law for persons eligible for medical assistance programs, the state children's health insurance program, and the basic health plan.

Declares it is not the intent to influence the content or administration of employee benefit plans, and the legislature is neutral as to whether large employers choose to pay the tax or provide health services to their employees and dependents.

Providing for small business and entrepreneurial development.

(SEE ALSO PROPOSED 1ST SUB)

Finds that: The state's current mechanisms for encouraging and supporting entrepreneurship is inadequate; training and technical support for small businesses and entrepreneurial development is fragmented; no comprehensive plan guides the different entities providing services; and there is no single point of leadership and responsibility.

Declares an intention to increase job creation in the state by providing a comprehensive network of technical assistance, training, and support services to entrepreneurs and start-up firms; encouraging self-employment, and coordinating private and public support to entrepreneurs and start-up firms. It is the purpose of this act to create a coordinated, efficient, responsive, and accountable system to support small business and entrepreneurial development.

Creates the Washington entrepreneurial assistance center in the department of community, trade, and economic development.

Finds that the establishment of a self-employment assistance program would assist unemployed individuals and create new businesses and job opportunities in Washington state. The commissioner is directed to inform individuals identified as likely to exhaust regular unemployment benefits of the opportunity to enroll in commissioner-approved self-employment assistance programs.

Provides that the small business development center is hereby abolished and its powers, duties, and functions are hereby transferred to the Washington entrepreneurial assistance center.

Appropriates the sum of nine hundred thousand dollars, or as much thereof as may be necessary, from the general fund to the department of community, trade, and economic development for the biennium ending June 30, 2007, to carry out the purposes of this act.

Appropriates the sum of forty-five thousand dollars, or as much thereof as may be necessary, for the biennium ending June 30, 2007, from the general fund to the department of community, trade, and economic development for the purposes of section 5 of this act.

Establishing the business and job retention and expansion program.

(SEE ALSO PROPOSED 1ST SUB)

Declares it is the purpose of this act to authorize and fund the creation of a statewide business and job retention program that places primary reliance on locally based business and job retention programs to assist businesses that are likely to close, fail, or experience a permanent mass layoff. The state's primary role in the business and job retention program is to provide continuing financial and technical assistance and training to the locally based business and job retention programs to ensure their success.

Establishes within the department of community, trade, and economic development the business and job retention and expansion program.

Requires the employment security department to: (1) Track numbers of dislocated workers and part-time workers in the state;

(2) Assess the number and causes of permanent mass layoffs and closures using a modified permanent mass layoff and plant closure data base that is presently funded by the federal government; and

(3) Supply the director of the department of community, trade, and economic development with data under this act, which will allow the state and local components of the business and job retention and expansion program to prioritize delivery of service to distressed, mature, and cyclical industries.

Appropriates the sum of six hundred thousand dollars, or as much thereof as may be necessary, for the fiscal year ending June 30, 2006, from the general fund--state to the department of community, trade, and economic development for the purposes of this act.

Declares it is the purpose of this act to authorize and fund the creation of a statewide business and job retention program that places primary reliance on locally based business and job retention programs to assist businesses that are likely to close, fail, or experience a permanent mass layoff. The state's primary role in the business and job retention program is to provide continuing financial and technical assistance and training to the locally based business and job retention programs to ensure their success.

Establishes within the department of community, trade, and economic development the business and job retention and expansion program.

Requires the department of community, trade, and economic development to draw upon its existing resources, employment and economic data from the employment security department, and data from the department of licensing and the department of revenue and other sources, to do nonduplicative analyses of trends in the state's industries and work forces. The department shall make such analyses available to relevant businesses, labor organizations or work forces, local governments, economic development organizations, early warning programs, and business and job retention and expansion programs, and shall work with them to develop long-term strategies for economic growth and revitalization.

Directs the employment security department to: (1) Assess the number and causes of potential plant closures and mass layoffs as covered by the federal worker adjustment and retraining notification act;

(2) Assess the number and causes of permanent mass layoffs and closures using the permanent mass layoff and plant closure data base that is presently funded by the federal government; and

(3) Supply the director of the department of community, trade, and economic development with data gathered under this subsection, which will allow the state and local components of the business and job retention and expansion program to prioritize delivery of service to distressed, mature, and cyclical industries.

SB 5643 by Senators Hargrove, Kline, and Brandland

Companion Bill: 1651

Exempting community notification and release of sex offender information from public disclosure.

(SUBSTITUTED FOR - SEE 1ST SUB)

Declares that it is and has been the intent of the legislature that information regarding sex offenders be shared between state agencies and with local law enforcement, and that public disclosure of sex offender information that is accurate, relevant, and necessary to protect the public be managed by and controlled through the community notification statute, RCW 4.24.550.

Finds that law enforcement has been, and continues to be, the most reliable means of ensuring that the information released protects the public, protects the confidentiality of victims, protects ongoing criminal investigations, and complies with the confidentiality provisions of other federal and state laws.

Finds that to accomplish its penological duties, the department of corrections must receive and use protected information to appropriately confine, supervise, treat, and assess the risk of offenders. To further this intent, the legislature has authorized the end of sentence review committee to access and consider information that otherwise may be confidential for the specific reason of determining if the offender should be referred for civil commitment as a sexually violent predator under chapter 71.09 RCW.

Finds that it is appropriate for the department to share information, beyond what is publicly disclosable, with law enforcement agencies for the appropriate supervision of offenders in the community or for the investigation of criminal acts.

Does not intend that law enforcement bulletins or notes, comments, and assessments of the end of sentence review committee to assess the risk, or plan the transition of sex offenders to the community, be available for public inspection through public disclosure due to the risk that providing the information in such a manner would pose to the state's community notification program and the risk that the information would unnecessarily traumatize the victims of the offenders' previous offenses.

SB 5647 by Senators Kline, Franklin, Fairley, Prentice, McAuliffe, and Shin

Limiting the authority of peace officers to enforce federal immigration laws.

Declares that, unless otherwise required by law or court order, all general or limited authority Washington peace officers or specially commissioned Washington peace officers shall refrain from the enforcement of federal civil immigration laws. General or limited authority Washington peace officers or specially commissioned Washington peace officers shall not single out individuals for legal scrutiny or enforcement activity based solely on their country of origin, religion, ethnicity, or immigration status.

Provides that no general authority Washington law enforcement agency, agency with primary territorial jurisdiction, or primary commissioning agency shall use moneys, resources, or personnel solely for the purpose of detecting or apprehending persons whose only violation of law is or may be a civil immigration violation.

Provides that any person who violates this act shall be liable in a civil action brought by the aggrieved party in the amount of one thousand dollars per violation, all economic damages actually incurred as a direct result of the violation, and for the costs of litigation including reasonable attorneys' fees and costs. The court may award additional damages in an amount determined necessary to ensure the violator's future compliance.

Regulating adult family home staff.

(SEE ALSO PROPOSED 1ST SUB)

Requires the department to implement, as part of the required training and continuing education, food safety training integrated into the curriculum that meets the standards established by the state board of health pursuant to chapter 69.06 RCW. Individual food handler permits are not required for persons who successfully complete the training.

Directs the department to work with the providers and resident communities to develop opportunities for licensing and quality assurance staff to become familiar with the actual environment and the daily hands-on routine of care and services in an adult family home.

SB 5650-S by Senate Committee on Health & Long-Term Care (originally sponsored by Senators Thibaudeau, Deccio, Keiser, Parlette, Kohl-Welles, Benson, and McAuliffe)

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Requires the department to implement, as part of the required training and continuing education, food safety training integrated into the curriculum that meets the standards established by the state board of health pursuant to chapter 69.06 RCW.

Provides that individual food handler permits are not required for persons who begin working in an adult family home after June 30, 2005, and successfully complete the basic and modified-basic caregiver training if they receive information or training regarding safe food handling practices from the employer before providing food handling or service for the adult family home clients. Documentation that the information or training has been provided to the individual must be kept on file by the employer.

Provides that licensed adult family home providers or employees who hold individual food handler permits before June 30, 2005, must maintain continuing education of one-half hour per year to maintain food handling and safety training.

Provides that, except for the food safety training standards adopted by the state board of health pursuant to RCW 69.06.010, chapter 69.06 RCW is not applicable to persons who work in adult family homes and successfully complete training and continuing education as required in this act.

SB 5655 by Senators Schmidt, Rasmussen, Eide, Jacobsen, Poulsen, Kline, and Kohl-Welles

Companion Bill: 1495

Requiring that Washington's tribal history be taught in the common schools.

Provides that, by January 1, 2015, or when a school district reviews or adopts its social studies curriculum, whichever is sooner, the school district must incorporate into its history and social studies curricula for each grade in which the district offers instruction on Washington state and United States history, the tribally and district-approved history and culture curriculum of a federally recognized Indian tribe whose reservation in whole or in part sits within the boundaries of the school district.

Provides that, if a district has no portion of a tribal reservation located within its boundaries, the district must incorporate into its curricula the tribally and district-approved history and culture curriculum of the federally recognized Indian tribes whose traditional lands and territories are within a one hundred mile radius of the school district.

Requires the program of Indian education within the office of the superintendent of public instruction to assist school districts in determining the location of tribal reservations and traditional lands and territories.

Provides that the tribal history and culture curriculum required under this section may be taught only by a teacher who has completed that tribe's first people's language and culture teacher certification program, or by a teacher who has been approved by the respective tribe whose curriculum is to be taught.

Companion Bill: 1844

Authorizing renewable energy tax credits.

(SEE ALSO PROPOSED 1ST SUB)

Finds that: (1) Washington's utilities have been historical leaders in developing low-cost renewable hydroelectric energy, greatly benefiting the state economy;

(2) Washington has a long tradition of energy policies that support renewable resource development. These policies, which include financial incentives, have stimulated economic development, encouraged the development of renewable resources within the state, and protected the environment;

(3) Continuing and expanding financial and other incentives will stimulate the market for renewable energy technologies and renewable resources, helping to diversify the energy resources used to serve Washington's consumers while hedging against future fuel price risk;

(4) Fuel diversity, economic, and environmental benefits from renewable resources accrue to the public at large, and therefore it is the policy of the state of Washington to encourage consistent development of these resources to meet the state's electric demand and stabilize electricity prices.

Provides that, on or before December 1, 2007, and every two years thereafter, the department shall submit a report to the legislature on the amount of incentives provided for renewable resources, the amount of renewable resources produced by each type of renewable resource generation facility, the name and location of each generating facility, and the participating electric utilities.

SB 5660 by Senators Kastama, Prentice, Fairley, Rockefeller, Eide, and Fraser

Companion Bill: 1640

Providing a dispute mechanism for manufactured/mobile home landlord and tenant disputes.

Finds that taking legal action against a park owner for violations of the manufactured/mobile home landlord-tenant act can be a costly and lengthy process, and that many people cannot afford to pursue a court process to vindicate statutory rights. Park owners similarly are benefited by having access to a process that resolves disputes quickly and efficiently.

Declares an intent to provide a less costly and more efficient way for manufactured/mobile homeowners and park owners to resolve disputes, and to provide a mechanism for state authorities to quickly locate owners of manufactured housing communities.

Declares an intent to authorize the department of community, trade, and economic development to register mobile home parks or manufactured housing communities, conduct investigations, issue citations, issue cease and desist orders, and impose fines for violations of the manufactured/mobile home landlord-tenant act.

SB 5662 by Senators Jacobsen, Kastama, Swecker, Benson, Esser, Mulliken, Shin, and Oke; by request of Freight Mobility Strategic Investment Board

Companion Bill: 1603

Establishing funding for freight mobility.

Recognizes the importance of placing a greater emphasis on the movement of freight in Washington state. A strong programmatic commitment is needed to focus current resources and direct new, ongoing funding toward freight corridor priorities and projects that expedite the movement of cargo.

Declares that, when created, the freight mobility strategic investment board had dedicated funding which was lost through passage of Initiative 695.

Declares that the establishment of a dedicated fund is critical to providing a repository for private and public funds for capital projects selected through the board's selection process, and to communicate the commitment of the state to improve freight movement within Washington's borders as well as provide a more cost-efficient way to advance capital projects. A predictable level of support will remove uncertainty in project development and will deliver projects in a more timely manner.

Declares an intent to attract new funding as part of the transportation equity act for the 21st Century (TEA-21) extension or reauthorization.

Creates the freight mobility strategic investment account in the state treasury.

SB 5672 by Senators Jacobsen, Esser, Poulsen, Benson, and Swecker

Companion Bill: 1464

Regulating commercial parking businesses.

(SUBSTITUTED FOR - SEE 1ST SUB)

Declares that a commercial parking business may not charge a parking charge unless a sign is conspicuously posted on the parking lot that clearly indicates: (1) The times and circumstances in which a parking charge will be charged;

(2) The amount of the parking charge, a schedule of hourly or daily rates, or a schedule of parking charges for different circumstances or durations; and

(3) The name, telephone number, and address of the commercial parking business.

Provides that the registered owner of an unauthorized vehicle in a commercial parking lot is presumed to be liable for parking charges. It shall be an affirmative defense of the registered owner, provable by clear and convincing evidence, that the person who parked the vehicle at the commercial parking lot was not authorized, either actually or impliedly, by the registered owner to use or drive the vehicle.

SB 5672-S by Senate Committee on Labor, Commerce, Research & Development (originally sponsored by Senators Jacobsen, Esser, Poulsen, Benson, and Swecker)

(AS OF SENATE 2ND READING 3/10/05)

Declares that a commercial parking business may not charge a parking charge unless a sign is conspicuously posted on the parking lot that clearly indicates: (1) The times and circumstances in which a parking charge will be charged;

(2) The amount of the parking charge, a schedule of hourly or daily rates, or a schedule of parking charges for different circumstances or durations; and

(3) The name, telephone number, and address of the commercial parking business.

Declares that a sign is "conspicuously posted" for the purposes of this act only when the sign: (1) Is clearly visible at all times, including after dark, to a person seated in the driver's seat of a vehicle fifty feet away;

(2) Contains no information other than as is required under this act or RCW 46.55.070; and

(3) Is in compliance with the rules adopted by the department of licensing under RCW 46.55.070.

Provides that a commercial parking business shall neither authorize nor allow: (1) The impounding of any vehicle engaged in unauthorized parking, unless: (a) The unauthorized parking constitutes a traffic hazard or obstruction; (b) a customer of the commercial parking business requests removal of a vehicle that is engaging in unauthorized parking in the customer's reserved stall at the time of the request; or (c) the commercial parking business has twice previously notified the registered owner of the vehicle pursuant to this act that the vehicle had parked without authorization at a facility owned, leased, operated, or managed by the commercial parking business; has either collected or attempted to collect, and has not waived the unauthorized parking fee in either previous instance; and has with at least one of the notices provided pursuant to this act informed the registered owner in writing that the vehicle could be subject to impound if the vehicle engaged in unauthorized parking at any of the parking business's facilities again; or

(2) The immobilization, or impound-in-place, of a vehicle that is engaging in unauthorized parking.

Provides that the registered owner of an unauthorized vehicle in a commercial parking lot is presumed to be liable for parking charges. It shall be an affirmative defense of the registered owner, provable by clear and convincing evidence, that the person who parked the vehicle at the commercial parking lot was not authorized, either actually or impliedly, by the registered owner to use or drive the vehicle.

Companion Bill: 1693

Changing provisions relating to the high technology business and occupation tax credit.

(SEE ALSO PROPOSED 1ST SUB)

Provides that, if the department finds that the failure of a taxpayer to file an annual survey under RCW 82.04.4452 by the due date was the result of circumstances beyond the control of the taxpayer, the department shall extend the time for filing the survey. Such extension shall be for a period of thirty days from the date the department issues its written notification to the taxpayer that it qualifies for an extension under this section. The department may grant additional extensions as it deems proper.

Provides that, in making a determination whether the failure of a taxpayer to file an annual survey by the due date was the result of circumstances beyond the control of the taxpayer, the department shall be guided by WAC 458-20-228 relating to the waiver or cancellation of penalties when the underpayment or untimely payment of any tax was due to circumstances beyond the control of the taxpayer.

Declares that persons required to file surveys under RCW 82.04.4452 must electronically file with the department all surveys, returns, and any other forms or information the department requires in an electronic format as provided or approved by the department, unless the department grants relief under this act.

Provides that, upon request, the department may relieve a person of the obligations in this act if the person's taxes have been reduced a cumulative total of less than one thousand dollars from all of the credits, exemptions, or preferential business and occupation tax rates, for which a person is required to file an annual survey under RCW 82.04.4452, 82.04.4483, 82.04.4484, 82.32.535, 82.32.545, 82.32.570, 82.32.560, 82.60.070, 82.62.050, or 82.63.020.

Provides that a person who owes additional tax as a result of section 3(9)(a), chapter ..., Laws of 2005 (section 3(9)(a) of this act) is liable for interest, but not penalties as provided in RCW 82.32.090 (1) and (2), if the entire additional tax liability is paid in full to the department of revenue before January 1, 2006. Interest shall be assessed at the rate provided for delinquent excise taxes under chapter 82.32 RCW, retroactively to the date the credit was claimed, and shall accrue until the additional tax is repaid.

Declares that persons who fail to repay the full amount of additional tax owed as a result of section 3(9)(a), chapter ..., Laws of 2005 (section 3(9)(a) of this act) before January 1, 2006, are subject to all applicable penalties and interest as provided in

chapter 82.32 RCW on the additional tax owing after December 31, 2005.

Expires December 31, 2010.

Promoting safe neighborhoods through more effective community planning.

Declares that local governments should be provided with the opportunity to obtain assistance from the state for the purpose of adopting or revising community planning processes to include concepts and policies designed to achieve the goal of improving neighborhood safety and security. This goal should be accomplished through community-based pilot projects funded through matching funds to be implemented through a grant process administered by the department of community, trade, and economic development.

Provides that, subject to funding made available for this purpose, the department shall include in its program of technical and financial assistance established in RCW 36.70A.190, two pilot projects created by local governments to encourage and facilitate both the study and implementation of safe neighborhood planning. Priority should be given to programs: (1) Aimed at facilitating improvements to existing private properties for the purpose of crime prevention;

(2) Integrated into a comprehensive crime prevention and property improvement plan; and

(3) Involving a partnership between the public and private sectors.

Requires the department of community, trade, and economic development to make a written report to the house of representatives local government committee by December 1, 2005, containing a description and evaluation of the pilot projects implemented under this act.

Companion Bill: 1632

Regulating beer and wine sampling.

(SUBSTITUTED FOR - SEE 1ST SUB)

Provides that licensees under RCW 66.24.360 may provide, free or for a charge, single-serving samples of two ounces or less, but no more than a total of eight ounces, to customers for the purpose of sales promotion if the licensees operate fully enclosed retail areas encompassing at least twenty thousand square feet. Sampling activities of licensees under this act are subject to RCW 66.28.010 and 66.28.040.

Requires the service area and facilities to be located within the licensee's fully enclosed retail area, and must be of a size and design such that the licensee can observe and control persons in the area to ensure that persons under twenty-one years of age and apparently intoxicated persons cannot possess or consume alcohol. Customers must remain in the service area while consuming samples.

Provides that domestic breweries, microbreweries, and certificate of approval holders may bear both the direct and the indirect costs of providing samples of their own brands of beer. Domestic wineries may bear only the indirect costs of providing samples of their own brands of wine.

Declares that, with respect to sampling activities under RCW 66.24.360 and 66.24.371, this act does not prohibit: (1) A domestic brewery, microbrewery, or certificate of approval holder from furnishing its own brands of beer to a licensee; or

(2) A domestic brewery, microbrewery, domestic winery, or certificate of approval holder from pouring or dispensing samples of its own brands of beer or wine for a licensee's customers. Such sampling activities, however, may occur no more than eight times per calendar year, no longer than two consecutive days, and no more frequently than once every four weeks.

SB 5682-S by Senate Committee on Labor, Commerce, Research & Development (originally sponsored by Senators Keiser, Deccio, Rasmussen, and Kohl-Welles)

(AS OF SENATE 2ND READING 3/09/05)

Provides that licensees under RCW 66.24.360 may provide, free or for a charge, single-serving samples of two ounces or less, but no more than a total of eight ounces, to customers for the purpose of sales promotion if: (1) The primary commercial activity of the licensees is the sale of grocery products; and

(2) The licensees operate fully enclosed retail areas encompassing at least twelve thousand square feet. Sampling activities of licensees under this act are subject to RCW 66.28.010 and 66.28.040 and the cost of sampling under this section may not be borne, directly or indirectly, by any manufacturer, importer, or distributor of liquor.

Requires the service area and facilities to be located within the licensee's fully enclosed retail area, and must be of a size and design such that the licensee can observe and control persons in the area to ensure that persons under twenty-one years of age and apparently intoxicated persons cannot possess or consume alcohol. Customers must remain in the service area while consuming samples.

Companion Bill: 1696

Increasing penalties for the violation of certain fish and wildlife provisions.

Increases penalties for the violation of certain fish and wildlife provisions.

Creates the fish and wildlife enforcement reward account in the custody of the state treasurer. All receipts from criminal wildlife penalty assessments under RCW 77.15.420 must be deposited into the account.

Provides that expenditures from the account may be used only for investigation and prosecution of fish and wildlife offenses, to provide rewards to persons informing the department about violations of Title 77 RCW and rules adopted under Title 77 RCW, and for other valid enforcement uses as determined by the commission. Only the director or the director's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.

Companion Bill: 1636

Adopting a wage ladder for child care workers.

(SEE ALSO PROPOSED 1ST SUB)

Declares an intent to increase wages to child care workers through establishing a child care career and wage ladder that provides increased wages for child care workers based on their work experience, level of responsibility, and education. To the extent practicable within available funds, this child care career and wage ladder shall mirror the successful child care career and wage ladder pilot project operated by the state between 2000 and 2003.

Declares that, while it is the intent to establish the vision of a statewide child care career and wage ladder that will enhance employment quality and stability for child care workers, the legislature also recognizes that funding allocations will determine the extent of statewide implementation of a child care career and wage ladder.

Requires the division of child care and early learning in the department of social and health services to establish a child care career and wage ladder in licensed child care centers that meet the following criteria: (1) At least ten percent of child care slots are dedicated to children whose care is subsidized by the state or any political subdivision thereof or any local government;

(2) The center agrees to adopt the child care career and wage ladder, which, at a minimum, shall be at the same pay schedule as

existed in the previous child care career and wage ladder pilot project; and

(3) The center meets further program standards as established by rule pursuant to this act.

Appropriates the sum of five million dollars, or as much thereof as may be necessary, from the general fund to the department of social and health services for the fiscal year ending June 30, 2006, to carry out the purposes of this act.

Appropriates the sum of five million dollars, or as much thereof as may be necessary, from the general fund to the department of social and health services for the fiscal year ending June 30, 2007, to carry out the purposes of this act.

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Changes the number of residents allowed to reside in an adult family home from six to eight adults.

Requires all adult family homes licensed for more than six clients to install smoke detectors. Smoke detectors must be installed in each sleeping room and installed at a central point in a corridor or area which gives access to each separate sleeping room. All smoke detectors located inside adult family homes

shall be interconnected so as to sound an alarm from all smoke detectors located in the home when any one detector is activated.

Provides that adult family homes licensed for more than six clients shall have their interconnected smoke detectors monitored by a central monitoring company and the adult family home provider shall maintain the central monitoring service so long as the home is licensed as an adult family home.

Requiring compliance history disclosure in order to obtain an environmental quality permit.

Finds that: (1) The illegal discharge of pollutants to Washington's air and water, and the improper management and disposal of solid and hazardous wastes in Washington's environment can create significant risks to public health and environmental quality;

(2) Washington's businesses bear much of the costs incurred when polluters fail to clean up environmental contamination;

(3) A polluting business may gain an economic advantage that is unfair to businesses that are in compliance with emission limitations, waste management standards, and other environmental quality requirements;

(4) The protection of Washington's environment from unnecessary degradation is a matter of public trust;

(5) The public has a right to clean air and water and to a healthy environment; and

(6) Because of the importance of these resources to the health and welfare of Washington citizens, there must be disclosure of pertinent environmental compliance information by those persons submitting applications and persons with operational responsibility or ownership of the activity to be covered by the permit.

Declares it is the purpose of this act to ensure that the state has adequate information about the environmental quality compliance history of applicants for the purpose of reviewing the application and making decisions on the application.

Provides that the responsible official must deny an environmental quality permit application if: (1) The applicant or a person acting at the direction of the applicant intentionally withholds or misrepresents material information required to be submitted under this act;

(2) The applicant or a person acting at the direction of the applicant has offered or conferred any benefit personally to an employee of the state or a local air pollution control agency in the expectation that such offer will result in or contribute to an approval of the application;

(3) The applicant or any person listed in the information provided in this act has been convicted of a felony in Washington state or a criminal conviction in another state or country where the violation is punishable in Washington state as a felony, and the conviction is based upon the violation of an environmental quality statute, rule, regulation, permit, license, approval, or order.

Establishing the joint task force on siting of essential public facilities.

Finds that although the growth management act requires that all local comprehensive plans include procedures for identifying and siting essential public facilities, the current requirements do not provide guidance as to mitigation responsibilities when there are adverse impacts on host and neighboring communities.

Finds that there is a need to clarify regional and state mitigation responsibilities and develop regional and state mitigation tools to compensate host communities that are impacted as a result of the siting of essential public facilities.

Finds that those mitigation tools need to be incorporated into regional and statewide planning policies and agreements.

Requires the joint task force on essential public facilities to commence by June 1, 2005. The joint task force shall present a final report, including any legislative recommendations, to the legislature no later than January 1, 2006.

Authorizing jury source lists to be divided by jury assignment area.

(AS OF SENATE 2ND READING 3/08/05)

Finds that superior courts with more than one superior court facility are asking some jurors to travel excessively long distances to attend court proceedings. In these cases, the legislature further finds that consideration of a juror's proximity to a particular courthouse can be accommodated while continuing to provide proportionate jury source list representation from distinctive groups within the community.

Declares an intent to lessen the burdens borne by jurors fulfilling their civic duties by providing a mechanism that narrows the geographic area from which the jurors are drawn while maintaining a random and proportionate jury pool.

Regulating tax refund anticipation loans.

(SUBSTITUTED FOR - SEE 1ST SUB)

Requires that, at the time a borrower applies for a refund anticipation loan, a facilitator shall clearly disclose to the borrower, separately from the loan application: (1) The refund anticipation loan fee schedule;

(2) A written statement containing the following elements: (a) That a refund anticipation loan is a loan, and is not the borrower's actual income tax refund; (b) that the taxpayer can file an income tax return electronically without applying for a refund anticipation loan; (c) the average times according to the internal revenue service within which a taxpayer who does not obtain a refund anticipation loan can expect to receive a refund if the taxpayer's return is (i) filed electronically and the refund is directly deposited to the taxpayer's bank account or mailed to the taxpayer, and (ii) mailed to the internal revenue service and the refund is directly deposited to the taxpayer's bank account or mailed to the taxpayer; (d) that the internal revenue service does not guarantee that it will pay the full amount of the anticipated refund and it does not guarantee a specific date that a refund will be deposited into a taxpayer's financial institution account or mailed to a taxpayer; (e) that the borrower is responsible for repayment of the loan and related fees in the event that the tax refund is not paid or paid in full; (f) the estimated time within which the loan proceeds will be paid to the borrower if the loan is approved; and (g) the fee that will be charged, if any, if the borrower's loan is not approved.

Declares that any person who knowingly and willfully violates this act is guilty of a misdemeanor and shall be fined up to five hundred dollars for each offense.

Declares that this act shall preempt and be exclusive of all local acts, statutes, ordinances, and regulations relating to refund anticipation loans. This act shall be given retroactive and prospective effect.

SB 5692-S by Senate Committee on Financial Institutions, Housing & Consumer Protection (originally sponsored by Senators Berkey, Benton, Prentice, and Keiser)

(DIGEST AS ENACTED)

Requires that, at the time a borrower applies for a refund anticipation loan, a facilitator shall clearly disclose to the borrower, separately from the loan application: (1) The refund anticipation loan fee schedule;

(2) A written statement containing the following elements: (a) That a refund anticipation loan is a loan, and is not the borrower's actual income tax refund; (b) that the taxpayer can file an income tax return electronically without applying for a refund anticipation loan; (c) the average times according to the internal revenue service within which a taxpayer who does not obtain a refund anticipation loan can expect to receive a refund if the taxpayer's return is (i) filed electronically and the refund is directly deposited to the taxpayer's bank account or mailed to the taxpayer, and (ii) mailed to the internal revenue service and the refund is directly deposited to the taxpayer's bank account or mailed to the taxpayer; (d) that the internal revenue service does not guarantee that it will pay the full amount of the anticipated refund and it does not guarantee a specific date that a refund will be deposited into a taxpayer's financial institution account or mailed to a taxpayer; (e) that the borrower is responsible for repayment of the loan and related fees in the event that the tax refund is not paid or paid in full; (f) the estimated time within which the loan proceeds will be paid to the borrower if the loan is approved; and (g) the

fee that will be charged, if any, if the borrower's loan is not approved.

Provides that a borrower may rescind a loan, on or before the close of business on the next day of business, by either returning the original check issued for the loan or providing the amount of the loan in cash to the lender or the facilitator. The facilitator may not charge the borrower a fee for rescinding the loan or a refund anticipation loan fee if the loan is rescinded but may charge the borrower the administrative cost of establishing a bank account to electronically receive the refund.

Declares that it is unlawful for a facilitator of a refund anticipation loan to engage in any of the following activities: (1) Misrepresent a material factor or condition of a refund anticipation loan;

(2) Fail to process the application for a refund anticipation loan promptly after the consumer applies for the loan;

(3) Engage in any dishonest, fraudulent, unfair, unconscionable, or unethical practice or conduct in connection with a refund anticipation loan;

(4) Arrange for a creditor to take a security interest in any property of the consumer other than the proceeds of the consumer's tax refund to secure payment of the loan; and

(5) Offer a refund anticipation loan that, including any refund anticipation loan fee or any other fee related to the loan or tax preparation, exceeds the amount of the anticipated tax refund.

Provides that any person who knowingly and willfully violates this chapter is guilty of a misdemeanor and shall be fined up to five hundred dollars for each offense.

Finds that the practices covered by this chapter are matters vitally affecting the public interest for the purpose of applying the consumer protection act, chapter 19.86 RCW.

SB 5693 by Senators Sheldon and Rockefeller

Establishing an aquatic rehabilitation zone around Hood Canal.

Declares that aquatic rehabilitation zones may be designated by the legislature for areas whose surrounding marine or fresh water bodies pose serious environmental or public health concerns.

Establishes aquatic rehabilitation zone one. Aquatic rehabilitation zone one includes all watersheds that drain to Hood Canal south of a line projected from Tala Point in Jefferson county to Foulweather Bluff in Kitsap county.

Provides that sewer service may be extended to the rural area to serve existing development in the watershed of Hood Canal. "Existing development" refers not only to structures that have already been built on the effective date of this act but also development for which a building permit has already been issued. Sewer service may also be extended to such rural area if other government services are financially supportable at rural densities and that such services do not otherwise permit urban development.

Companion Bill: 1730

Preventing and controlling aquatic invasive species and algae.

(SUBSTITUTED FOR - SEE 1ST SUB)

Finds that aquatic invasive species and freshwater aquatic algae are causing economic, environmental, and public health problems that affect the citizens and aquatic resources of our state. Many highly destructive species, such as the zebra mussel, are currently not found in Washington's waters and efforts should be made to prevent the introduction or spread of these aquatic invasive species into our state waters. Preventing new introductions is significantly less expensive and causes far less ecological damage than trying to control new infestations.

Finds that freshwater algae, particularly blue-green algae, are also seriously degrading the water quality and recreational value of a number of our lakes. Blue-green algae can produce toxins that inhibit recreational uses and pose a threat to humans and pets.

Declares an intent to clarify the roles of the different state agencies involved in these issues in order to address the threat of aquatic invasive species and the problem caused by aquatic freshwater algae, and to provide a dedicated fund source to prevent and control further impacts.

Creates the aquatic invasive species prevention account in the state treasury.

Declares that funds in the aquatic invasive species prevention account may be appropriated to the department to develop an aquatic invasive species prevention program for recreational watercraft. Funds must be expended as follows: (1) To inspect watercraft, watercraft trailers, and outboard motors at selected boat launching sites;

(2) To educate general law enforcement officers on how to enforce state laws relating to preventing the spread of aquatic invasive species;

(3) To evaluate and survey the risk posed by marine recreational watercraft in spreading aquatic invasive species into Washington state waters;

(4) To evaluate the risk posed by float planes in spreading aquatic invasive species into Washington state waters; and

(5) To implement an aquatic invasive species early detection and rapid response plan.

Requires the department to submit a biennial report to the appropriate legislative committees describing the actions taken to implement this section along with suggestions on how to better fulfill the intent of this act. The first report is due December 1, 2007.

Creates the freshwater aquatic algae control account in the state treasury.

Provides that funds in the freshwater aquatic algae control account may be appropriated to the department to develop a freshwater aquatic algae control program. Funds must be expended as follows: (1) As grants to cities, counties, tribes, special purpose districts, and state agencies to manage excessive freshwater algae; and

(2) To provide technical assistance to applicants and the public about aquatic algae control.

Requires the department to submit a biennial report to the appropriate legislative committees describing the actions taken to implement this act along with suggestions on how to better fulfill the intent of this act. The first report is due December 1, 2007.

Creates the aquatic invasive species enforcement account in the state treasury.

Provides that funds in the aquatic invasive species enforcement account may be appropriated to the Washington state patrol to develop an aquatic invasive species enforcement program for recreational watercraft. Funds must be expended as follows: (1) To inspect recreational watercraft that are required to stop at port of entry weigh stations managed by the Washington state patrol. The watercraft must be inspected for the presence of zebra mussels and other aquatic invasive species; and

(2) To establish random check stations, in conjunction with the department of fish and wildlife, to inspect watercraft in areas of high boating activity.

Requires the Washington state patrol to submit a biennial report to the appropriate legislative committees describing the actions taken to implement this act along with suggestions on how to better fulfill the intent of this act. The first report is due December 1, 2007.

SB 5700 by Senators Haugen, Parlette, Fairley, Hargrove, Delvin, and Mulliken

Modifying hospital district funding.

Provides that, in addition to the levy provided for in RCW 84.52.065, in each year the state shall levy for collection in the following year a state tax of twenty cents per thousand dollars of assessed value upon the assessed valuation of all taxable property within the state adjusted to the state equalized value in accordance with the indicated ratio fixed by the state department of revenue.

Provides that the taxes levied by the state under this act shall be deposited into the public health subsidy account hereby created in the state treasury. Money in the public health subsidy account may be spent first for distribution to public hospital districts under this act and second to the department of health solely for the purpose of maintaining and improving local public health services and for subsidizing emergency room care.

Provides that, beginning in calendar year 2006 and every year thereafter, the state treasurer shall distribute, based on calculations by the department of revenue, from the public health subsidy account to public hospital districts levying a regular ad valorem property tax in calendar year 2005 the amount of taxes collected by the public hospital district in calendar year 2005 as follows: (1) On June 1st, the state treasurer shall distribute fifty-five percent of the amount of taxes collected by the public hospital district in calendar year 2005.

(2) On December 1st, the state treasurer shall distribute forty-five percent of the amount of taxes collected by the public hospital district in calendar year 2005.

Provides that, for calendar years beginning in 2007, the distributions under this act shall equal the distributions from the previous year increased by the increase in the state property tax levy under this act from the previous year.

Appropriates the sum of twenty-one million dollars, or as much thereof as may be necessary, from the public health subsidy account to the state treasurer for the fiscal year ending June 30, 2006, for distribution to public hospital districts under this act.

Appropriates the sum of seventeen million dollars, or as much thereof as may be necessary, from the public health subsidy account to the state treasurer for the fiscal year ending June 30, 2007, for distribution to public hospital districts under this act.

Applies to taxes levied for collection in 2006 and thereafter.

SB 5703 by Senators Brandland, Spanel, and Brown

Companion Bill: 1705

Regarding medical assistance and physician recruitment.

(SEE ALSO PROPOSED 1ST SUB)

Declares an intent to preserve the number of private medical practitioners providing essential safety net care to uninsured and medicaid patients by addressing barriers to private practice participation. Private practitioners are critical to preserving health care access for lower-income patients.

Declares an intent to provide targeted economic incentives for private provider participation in safety net care and calls for the streamlining of medicaid administrative procedures and a reduction of the administrative burden on private medical providers.

Requires the department to reverify eligibility for medical assistance on an annual basis.

Provides that the department shall not charge copremiums for medical and dental coverage of children.

Requires the department to upgrade the medicaid management information system and participate in a single secure eligibility verification system used by carriers and health care providers.

Provides that the department shall require health care contractors to develop policies and practices to support collaborative efforts to promote a new model of chronic disease management.

Requires the department to provide retroactive payment to health care providers when patient medicaid eligibility and health contractor verification is not available at the time of service.

Provides that the department shall require health care contractors to have primary care and specialty care networks in place and shall verify the integrity of their primary care and specialty care networks, that those networks are geographically within the service area, and that the providers are actually open to accepting referrals before the department signs or extends contracts. If an out-of-county specialist is needed for a medicaid client because of an inadequate specialist network within the county, written documentation is not required.

Directs the department to develop a grant program to reimburse providers who serve individuals who are medically indigent.

Provides that the department of health shall develop, in consultation with the department of revenue, a program to provide business and occupation tax credits for physicians who serve uninsured and medicaid patients in a private practice or a reduced fee access program for the uninsured and shall submit proposed legislation to the legislature by December 15, 2005.

SB 5703-S by Senate Committee on Health & Long-Term Care (originally sponsored by Senators Brandland, Spanel, and Brown)

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Declares an intent to preserve the number of private medical practitioners providing essential safety net care to uninsured and medicaid patients by addressing barriers to private practice participation. Private practitioners are critical to preserving health care access for lower-income patients.

Declares an intent to provide targeted economic incentives for private provider participation in safety net care and calls for the streamlining of medicaid administrative procedures and a reduction of the administrative burden on private medical providers.

Provides that eligibility review periods for children and pregnant women eligible for medical assistance as defined in RCW 74.09.510, children eligible for the children's health program as defined in RCW 74.09.415, and children eligible for the children's health insurance program as defined in RCW 74.09.450 shall be no more frequent than every twelve months.

Provides that the department shall require that plans have up-to-date eligibility information, including plan and primary care provider status, accessible to providers at all times. Payments and authorizations shall be made based on this information.

Provides that the department shall require health care contractors to have primary care and specialty care networks in place within the geographic service area and that the contractors verify that those networks are up-to-date and that the information is accessible to primary care providers.

Provides that the department shall require health care contractors to develop policies and practices to support collaborative efforts to promote a new model of chronic disease management.

Provides that the department of revenue shall develop, in consultation with the department of health, the department of social and health services, and the health care authority, a program to provide business and occupation tax credits for physicians who serve uninsured or state-purchased low-income health care patients in a private practice and shall submit proposed legislation to the legislature by December 15, 2005.

Concerning the licensing of certain dental health care providers.

Provides that dental hygienists licensed under chapter 18.29 RCW with two years' practical clinical experience with a licensed dentist within the preceding five years may perform all dental operations and services authorized under RCW 18.29.050 without dental supervision. However, the administration of local anesthetic and nitrous oxide may only be performed under the close supervision of a licensed dentist or physician.

Creates the board of dental hygiene.

Provides that in addition to other duties specified in chapter 18.29 RCW, the board of dental hygiene has the following powers and duties: (1) To develop and administer, or approve, or both, examinations to applicants for licensure under this chapter;

(2) To establish the qualifications of persons applying for licensure as a dental hygienist under this chapter and to certify to the secretary duly qualified applicants;

(3) To adopt rules not inconsistent with the laws of this state as may be deemed necessary or proper to carry out the purposes of this chapter;

(4) To establish and administer requirements for continuing competency, which shall be a prerequisite to renewing a license under this chapter;

(5) To keep an official record of all board of dental hygiene proceedings. The record is evidence of all proceedings of the board of dental hygiene that are set forth in the official record;

(6) When appropriate, to adopt rules not inconsistent with the laws of this state in response to questions put to it by professional dental-related associations, dental hygienists, and consumers in this state concerning the authority of dental hygienists to perform certain acts; and

(7) When appropriate, to consult with the dental quality assurance commission.

Requiring the removal of mercury components from end-of-life motor vehicles. (REVISED FOR ENGROSSED: Concerning the removal of mercury-added components in motor vehicles.)

(AS OF SENATE 2ND READING 3/14/05)

Declares an intent to reduce the quantity of mercury released into the environment by: (1) Removing mercury containing light switches and antilock brake sensors from end-of-life vehicles in the state of Washington; and

(2) Creating a collection and recovery program for mercury-added components removed from vehicles in the state of Washington.

Requires manufacturers to, individually or as part of a group, submit to the department for review and approval a plan to remove, collect, and recover mercury-added components before crushing or shredding motor vehicles. Manufacturers are responsible for ensuring that mercury-added components are properly removed, collected, and recovered from end-of-life vehicles.

Requires every effort to be made by vehicle manufacturers to ensure that mercury-added components are removed from vehicles before they are crushed or shredded.

Requires every manufacturer of motor vehicles sold in this state to, individually or as part of a group, submit a plan to the department, within ninety days of the effective date of this act, describing a program meeting the requirements established in this act.

Provides that a manufacturer subject to this act shall, individually or as part of a group, annually report to the department concerning the performance of the manufacturer's plan. The report must include, but is not limited to: (1) A detailed description and documentation of the capture rate achieved and how and where the mercury was recycled or otherwise appropriately managed;

(2) A plan to implement additional or alternative actions, if necessary, to improve the capture rate.

Declares that a violation of this act is punishable by a civil penalty not to exceed one thousand dollars per violation per day. Penalties collected under this provision must be deposited in the state toxics control account created in RCW 70.105D.070. The civil penalties are in addition to any other penalties authorized under other state or local laws governing the use of mercury in motor vehicles.

Prohibiting labor organizations from using union dues for political purposes.

Provides that a labor organization that is an exclusive bargaining representative of a bargaining unit of employees covered under chapter 28B.52 RCW, chapter 41.56 RCW, chapter 41.59 RCW, chapter 41.76 RCW, chapter 41.80 RCW, or chapter 47.64 RCW, receiving dues deducted pursuant to an agency shop or other union security provision in the collective bargaining agreement covering those employees, must deposit all funds received in one or more identifiable deposit accounts maintained as required in this act.

Declares that funds from this account may be expended for any lawful purpose, but may not be expended to make contributions to political committees or for use as political contributions, or to operate a political committee or conduct grassroots activities beyond communicating to its own membership, except on the written request of the employee as provided in RCW 42.17.680.

Requires a labor organization or employee organization to notify bargaining unit employees of the intended use of funds expended from deposit accounts subject to this act.

Provides that a person or entity who violates any provision of this act is liable to the person from whose wages or salary the funds were deducted for three times the amount deducted or one thousand dollars, whichever is greater, and for costs and such reasonable attorneys' fees as may be allowed by the court.

Companion Bill: 1738

Establishing an early detection breast and cervical cancer screening program.

(DIGEST AS ENACTED)

Declares an intent to establish an early detection breast and cervical cancer screening program as a voluntary screening program directed at reducing mortalities through early detection to be offered to eligible women only as funds are available, and only so long as the current federal funding level continues.

Directs the department of health to administer a state-supported early detection breast and cervical cancer screening program to assist eligible women with preventive health services. Eligible women shall be enrolled in the early detection breast and cervical cancer screening program and additional eligible women may be enrolled to the extent that grants and contributions from community sources provide sufficient funds for expanding the program.

Provides that funds appropriated for the state program shall be used only to operate early detection breast and cervical cancer screening programs that have been approved by the department, or to increase access to existing state-approved programs, and shall not supplant federally supported breast and cervical cancer early detection programs.

Companion Bill: 1737

Establishing the joint public health financing committee.

Establishes the joint public health financing committee.

Provides that the committee shall: (1) Analyze the costs and benefits to state government, to private businesses, and to state residents from fully implementing the standards for public health contained in the 2004 public health improvement plan;

(2) Recommend strategies and a schedule for improving public health programs throughout the state according to that plan, including the timing of increased funding for public health services linked to not more than a six-year schedule for full implementation of recommended improvements;

(3) Recommend a source and level of dedicated funding the legislature should provide for public health services. The recommendation shall include methods to ensure that such funding does not supplant existing federal, state, and local funds received by any element of the public health system; and

(4) Conduct a review of the public health improvement plan as presently authorized in state law and recommend how its needed functions might most efficiently be integrated in the regular functioning of the public health system, and make recommendations about the need to continue requiring a public health improvement plan.

Directs the committee to complete an interim report to the governor and the legislature by December 1, 2005, and a final report by December 1, 2006.

Extending the community commitment disposition alternative pilot program.

(SUBSTITUTED FOR - SEE 1ST SUB)

Declares that any county or group of cooperating counties may establish a program to implement the community commitment disposition alternative under this act. Any program shall be limited to ten beds. If a county does not have a program but is a member of a group of cooperating counties that has established a program to implement the community commitment disposition alternative under this act, a court in that county may impose a community commitment disposition alternative as provided in this act.

Requires each county or group of cooperating counties establishing a program to implement the community commitment disposition alternative under this act to provide an interim report on a program to the Washington association of juvenile court administrators by November 1, 2006, and a final report by May 1, 2007. Each report shall include, but is not limited to, the number of offenders eligible for the program, the number of offenders sentenced to the program, evaluation and treatment costs for each participant, administrative costs, costs of detention, supervision, and other related costs, and whether an offender has reoffended after participation in the program.

VETO MESSAGE ON SB 5719-S

May 17, 2005

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning without my approval, Engrossed Substitute Senate Bill No. 5719 entitled:

This bill would have provided juvenile courts with a "community commitment" alternative to committing delinquent youth to the Department of Social and Health Services (DSHS). The state would have paid all costs, including detention and administration. Current law already provides courts with five alternatives to DSHS commitment, but none of them include state funding of county detention costs. This bill, based on a pilot program that was used in only one case, would have encouraged the use of a new alternative instead of the existing ones, and would have unjustifiably shifted costs to the state. The existing alternatives to DSHS commitment have been effective.

For these reasons, I have vetoed Engrossed Substitute Senate Bill No. 5719 in its entirety.

Respectfully submitted,
Christine O. Gregoire
Governor

Eliminating employee noncompetition agreements in the
broadcasting industry.

(SUBSTITUTED FOR - SEE 1ST SUB)

Declares that an employee noncompetition agreement entered
into by an employer in the broadcasting industry after December
31, 2005, is against public policy and is void and unenforceable.

Provides that an employer enforcing or attempting to enforce
an employee noncompetition agreement in violation of this act is
liable for economic damages suffered by an employee as a result
of the violation, and for reasonable attorney fees and court costs
related to the violation.

SB 5720-S by Senate Committee on Labor, Commerce,

Placing limitations on employee noncompetition agreements in
the broadcasting industry.

(DIGEST AS ENACTED)

Provides that, if an employee subject to an employee
noncompetition agreement is terminated or laid off by action of
the employer, the noncompetition agreement is void and
unenforceable.

Declares that nothing in this act restricts the right of an
employer to protect trade secrets or other proprietary information
by lawful means in equity or under applicable law.

Declares that nothing in this act has the effect of terminating,
or in any way modifying, any rights or liabilities resulting from an
employee noncompetition agreement that was entered into before
December 31, 2005.

Concerning small employers and the basic health plan.

(SEE ALSO PROPOSED 2ND SUB)

Provides that the administrator shall accept applications for
group coverage from small employers who meet the requirements
of this act on behalf of themselves and their employees, spouses,
and dependent children who reside in an area served by the plan.

Declares that small employer group coverage through the
basic health plan is not conditioned upon the small employer
group enrollees meeting the eligibility requirements for
subsidized enrollees provided in RCW 70.47.020(6). The
administrator shall not require employers to report total household
income of their employees as a condition of receiving group
coverage through the basic health plan.

Authorizes the administrator to require all or a substantial
majority of employees of small employers to enroll in the plan
and establish those procedures necessary to facilitate the orderly
enrollment of groups in the plan. The administrator may also
devise policies and procedures to assist small employer group
enrollees who meet the eligibility requirements for subsidized
enrollees provided in RCW 70.47.020(6) to seek enrollment as a
subsidized enrollee.

Provides that small employer group enrollees are eligible for
coverage through the basic health plan subsidized enrollee pool,
even though employees in the group may not be subsidized
enrollees as defined in RCW 70.47.020(6).

Provides that premiums due from small employers
participating in the plan under the terms of this act shall be in an
amount equal to the cost charged by the managed health care
system to the state for the plan plus the administrative cost of
providing the plan to the small employer less the amount of
subsidy paid by the plan for employees enrolled as subsidized
enrollees.

SB 5722-S by Senate Committee on Health & Long-Term
Care (originally sponsored by Senators Keiser,
Thibaudeau, McAuliffe, Kline, Franklin, Prentice, Kastama,
Rasmussen, and Kohl-Welles)

Expanding access to insurance coverage through the small business assist program.

(SEE ALSO PROPOSED 2ND SUB)

Finds that many small employers struggle with the cost of providing employer-sponsored health insurance coverage to their employees and their employees' families, while others are unable to offer employer-sponsored health insurance due to its high cost. Low-wage workers also struggle with the burden of paying their share of the costs of employer-sponsored health insurance, while others turn down their employer's offer of coverage due to its costs.

Finds that limitations on access to health care services for enrollees in the state, such as in rural and underserved areas, are particularly challenging. It is the intent of the legislature to authorize the administrator to develop alternative purchasing strategies to ensure access to enrollees of the programs administered under this act in all areas of the state, including but not limited to: (1) The use of differential rating for managed health care systems based on geographic differences in costs; and

(2) Self-insurance in areas where adequate access cannot be ensured through other options.

Establishes the small business assist program. The legislature intends that the small business assist program make health care coverage more affordable to small employers, their employees, and dependents. By blending private and public funds through the premium assistance option authorized by this section, the legislature intends to increase the number of low-income workers with health coverage in Washington state. The administrator shall offer two options to small employers: (1) Enrollment as a group in a small business assist plan offered by the administrator under this act; and

(2) Enrollment of low-income employees in the premium assistance option authorized in this act.

Provides that, on or before December 15, 2006, the administrator shall provide a report to the governor and relevant policy and fiscal committees of the senate and the house of representatives. The report shall present options for providing a subsidy to small business assist plan enrollees or their employers to help pay the cost of their coverage. The options shall limit subsidies to enrollees with household income up to two hundred percent of the federal poverty level as adjusted for family size and determined annually by the federal department of health and human services.

SB 5727 by Senators Carrell, Roach, Stevens, Esser, Mulliken, Zarelli, Schoesler, and Benson

Ensuring that only legally registered voters can vote.

Provides that, in order to vote at any election or primary, whether at a polling place or by absentee or mail ballot, a person must have registered to vote at least thirty days before the election or primary, regardless of the person's status as an absentee, mail ballot, out-of-state, overseas, or service voter.

Declares that a person may prove that he or she is a United States citizen with an original or copy of any one of the following: (1) A United States passport;

(2) A certified birth certificate issued by the city, county, or state. A certified birth certificate has a registrar's raised, embossed, impressed, or multicolored seal, registrar's signature, and the date the certificate was filed with the registrar's office, which must be within one year of birth;

(3) A consular report of birth abroad or certification of birth;

(4) A naturalization certificate; or

(5) A certificate of citizenship.

Provides that, in addition to any legal obligations of local election officers, the secretary of state in conjunction with the department of health shall arrange for a monthly comparison of any lists of known deaths maintained by the department of health with the statewide voter registration list. If a person is found on the department of health death list and the statewide voter registration list, the secretary of state or county auditor shall immediately cancel the voter registration from the official state voter registration list.

Provides that, in addition to any legal obligations of local election officers, the secretary of state in conjunction with the department of health, the department of social and health services, and the administrator for the courts shall arrange for a monthly comparison of any lists of persons known to have been declared mentally incompetent and unable to vote or placed under the care of a full guardianship due to their mental capacity. If a person is found on the department of health, the department of social and health services, or the administrator for the courts lists and the statewide voter registration list, the secretary of state or county auditor shall immediately cancel the voter registration from the official state voter registration list.

Requires that, in addition to any legal obligations of local election officers, the secretary of state in conjunction with local election officers shall make at a minimum a monthly comparison of names on the statewide voter registration list, and if a person is found registered more than once on the statewide voter registration list, the secretary of state or county auditor shall immediately cancel all voter registrations for that voter in excess of one from the official state voter registration list.

Reducing the impact of administrative rules on small businesses.

(SUBSTITUTED FOR - SEE 1ST SUB)

Directs an agency to consider, without limitation, each of the following methods of reducing the impact of the proposed rule on small businesses: (1) Reducing, modifying, or eliminating substantive regulatory requirements;

(2) Simplifying, reducing, or eliminating recordkeeping and reporting requirements;

(3) Reducing the frequency of inspections;

(4) Delaying compliance timetables;

(5) Reducing or modifying fine schedules for noncompliance;

(6) Establishing performance standards for small businesses to replace design or operational standards required in the proposed rules; and

(7) Any other mitigation techniques suggested by small businesses or their advocates.

Requires the rules review committee to establish a small business advisory board to ensure that small business concerns are reflected in the rules review process.

SB 5730-S by Senate Committee on International Trade & Economic Development (originally sponsored by Senators Doumit, Zarelli, Eide, Shin, Rasmussen, and Mulliken)

(AS OF SENATE 2ND READING 3/16/05)

Directs an agency to consider, without limitation, each of the following methods of reducing the impact of the proposed rule on small businesses: (1) Reducing, modifying, or eliminating substantive regulatory requirements;

(2) Simplifying, reducing, or eliminating recordkeeping and reporting requirements;

(3) Reducing the frequency of inspections;

(4) Delaying compliance timetables;

(5) Reducing or modifying fine schedules for noncompliance;

(6) Establishing performance standards for small businesses to replace design or operational standards required in the proposed rules; and

(7) Any other mitigation techniques suggested by small businesses or their advocates.

Provides that, if the agency determines it cannot reduce the disproportionate impact of a rule on small businesses, the agency shall provide a clear explanation of why it has made that determination and include a statement to that effect with the notice required by RCW 34.05.320.

Requires the rules review committee to establish a small business advisory board to ensure that small business concerns are reflected in the rules review process.

Companion Bill: 1996

Exempting certain private ambulance services from the insurance code.

(SUBSTITUTED FOR - SEE 1ST SUB)

Provides that the insurance code does not apply to private ambulance services that solicit membership subscriptions, accept membership applications, charge membership fees, and furnish prepaid or discounted ambulance services, including both ground and air ambulance services, to subscription members and designated members of their household.

SB 5736-S by Senate Committee on Financial Institutions, Housing & Consumer Protection (originally sponsored by Senator Spanel)

Allowing vendors to offer, sell, or provide subscription air ambulance services. (REVISED FOR ENGROSSED: Conducting an evaluation of the feasibility of subscription air ambulance service.)

(DIGEST AS ENACTED)

Requires the office of the insurance commissioner to perform an evaluation of the feasibility of subscription air ambulance service. This evaluation shall be geared toward allowing a person, entity, corporation, or nonprofit corporation to offer, sell, and provide subscription air ambulance service. The evaluation shall: (1) Include consultation with public and private entities and individuals involved in offering, providing, and purchasing subscription air ambulance service;

(2) Assess the needs and concerns of likely subscription air ambulance vendors, including the costs of providing affordable air ambulance service to rural and island residents, as well as the burdens placed on vendors if held to the reporting and solvency requirements of the insurance code;

(3) Determine the implications of subscription air ambulance service on consumer protection issues; and

(4) Compare the state's need for affordable subscription air ambulance service to other states that allow this service, including an inquiry into the practices of out-of-state vendors who provide the service, as well as the applicability or nonapplicability of other states' insurance codes to the service.

Requires the office of the insurance commissioner to submit a report of its findings to the legislature by December 31, 2005, and the report must include recommendations based on the evaluation required under this act.

Companion Bill: 1752

Improving procedures for ballot processing and canvassing.

Provides for standards that require provisional ballots to be distinguishable from the other ballots and incapable of being tabulated by the poll-site ballot counting device.

Declares that a voter's signature on an absentee or provisional ballot is considered a match if at least three of the following criteria are met: (1) The capital letters match;

(2) Letters tail off alike;

(3) Letter spacing is the same;

(4) The space between the signature and the line is the same;

(5) The beginning and ending of the signature and the slant are consistent;

(6) Unique letters in the signature match;

(7) The overall appearances match.

Provides that, in determining whether a signature on an absentee or provisional ballot matches the signature on the registration file, the age of the voter and the date of the signature on the registration file may also be considered.

Provides that if the voter neglects to sign the outside envelope of an absentee or provisional ballot, the auditor shall notify the voter, either by telephone or by first class mail, and advise the voter of the correct procedures for completing the unsigned affidavit. In order for the ballot to be counted, the voter must either: (1) Appear in person and sign the envelope no later than the day before the certification of the primary or election; or

(2) Sign a copy of the envelope provided by the auditor, and return it to the auditor no later than the day before the certification of the primary or election.

Provides that each poll site ballot that was not tabulated at the poll site, each mail ballot, and each provisional ballot must be manually inspected. Inspection must include both sides of the ballot and each voter response on the ballot.

Provides that only the canvassing board has authority to reject a ballot, or a vote for an office or issue on a ballot, as invalid. The canvassing board may not delegate this authority.

Provides that, as soon as the returns have been received from all the counties of the state, but not later than the thirtieth day after the election, the secretary of state shall canvass and certify the returns of the general election as to candidates for state offices, the United States senate, congress, and all other candidates whose districts extend beyond the limits of a single county. Provides that, when a person is convicted of a felony, the court shall require the defendant to sign a statement acknowledging that: (1) The defendant's right to vote has been lost due to the felony conviction;

(2) If the defendant is registered to vote, the voter registration will be canceled;

(3) The right to vote may be restored by: (a) A certificate of discharge issued by the sentencing court, as provided in RCW 9.94A.637; (b) a court order issued by the sentencing court restoring the right, as provided in RCW 9.92.066; (c) a final order of discharge issued by the indeterminate sentence review board, as provided in RCW 9.96.050; or (d) a certificate of restoration issued by the governor, as provided in RCW 9.96.020; and

(4) Voting before the right is restored is a class C felony under RCW 29A.84.660.

Provides that no person registering to vote, who meets all the qualifications of a registered voter in the state of Washington, shall be disqualified because of a nontraditional address being used as a residence address.

Declares that, for the purposes of this act, "nontraditional address" includes shelters, parks, or other identifiable locations that the voter deems to be his or her residence.

Provides that, if a voter who registered by mail indicates on the voter registration form that he or she does not have a Washington state driver's license, Washington state identification card, or Social Security number, he or she must provide one of the following forms of identification the first time he or she votes after registering: (1) Valid photo identification;

(2) A valid enrollment card of a federally recognized Indian tribe in Washington state;

(3) A copy of a current utility bill;

(4) A current bank statement;

(5) A copy of a current government check;

(6) A copy of a current paycheck; or

(7) A government document that shows both the name and address of the voter.

Provides that, when a felony offender has completed all the requirements of his or her sentence, the county clerk shall immediately transmit this information to the secretary of state along with information about the county where the conviction occurred and the county that is the last known residence of the offender. The secretary of state shall maintain such records as part of the elections data base.

Provides that, if the offender has completed all the requirements of all of his or her sentences for all of his or her felony convictions, the secretary of state shall transmit information about the restoration of the former felon's voting rights to the county auditor where the conviction took place and, if different, the county where the felon was last known to reside.

Provides that a person who knows that he or she does not possess the legal qualifications of a voter and who registers to vote is guilty of a class C felony.

Repeals RCW 29A.08.155 and 29A.08.730.

SB 5748 by Senators Kastama, Keiser, Poulsen, and Rockefeller

Creating the office of health information and planning.

(SEE ALSO PROPOSED 1ST SUB)

Creates the office of health information and planning within the authority to: (1) Make systematic, long-term improvements in the quantity and quality of information and data used to make health care decisions in both the public and private sector in Washington state; and

(2) Where appropriate, promote and coordinate the use and application of that information and data on a statewide basis in support of: (a) The proper allocation of financial and human resources within the health care system, including public health, to best maintain and improve the health status of all Washington residents; (b) intelligent and informed purchasing and reimbursement decisions by state agencies, employers, health carriers, and others responsible for financing medical treatment; (c) treatment decisions by health care providers that result in the best health outcomes at the lowest possible cost; and (d) consumer choices to improve their own health, reduce the demand for medical treatment, and when treatment is necessary, receive only the most efficacious and cost-effective treatment available.

Directs the office of health information and planning to design and implement a centralized technology assessment pilot project to strengthen the capacity of state health care agencies and others to obtain and evaluate scientific evidence regarding evolving health care procedures, services, and technology in support of appropriate coverage and medical necessity decisions and criteria. A preliminary evaluation of the project is due to the legislature by May 2007, with a final evaluation by March 2008.

Requires that, by January 1, 2008, a carrier offering any individual health benefit plan in this state shall offer to all individuals at least one of the model health benefit plans designed by the office of health information and planning under this act.

Requires that, by January 1, 2008, a carrier offering any small group health benefit plan in this state shall offer to all small groups at least one of the model health benefit plans designed by the office of health information and planning under this act.

Appropriates the sum of one million dollars, or as much thereof as may be necessary, for the fiscal year ending June 30, 2006, from the general fund to the health care authority for the purposes of this act.

Companion Bill: 1005

Creating a consumer or advocate-run mental health service delivery system.

Finds that the involvement of persons with mental illness, their family members, and advocates in designing, implementing, and delivering mental health services reduces unnecessary hospitalizations and incarceration and promotes the recovery and employment of persons with mental illness. To improve the quality of services available and promote the rehabilitation, recovery, and reintegration of persons with mental illness, consumer and advocate-run mental health services are an integral part of the community mental health system and shall be supported.

Appropriates the sum of five million dollars, or as much thereof as may be necessary, for the biennium ending June 30, 2007, from the general fund to the department of social and health services for the purposes of this act.

SB 5754 by Senators Keiser, Kohl-Welles, Brown, Deccio, and Rasmussen

Companion Bill: 1878

Creating the registered interior designer professionals act of 2005.

Provides that, in order to safeguard human health, safety, and property, and to promote public welfare, any person in either a public or private capacity using the title of registered interior designer is required to submit evidence that he or she is qualified under the provisions of this act.

Declares that an applicant may qualify for registration as a registered interior designer if the applicant pays any applicable fee established by the department and shows to the satisfaction of the department that the applicant: (1) Has a current certificate number issued by the national council for interior design qualification; and

(2) Has six years' combined work experience and formal education in interior design from an accredited degree program.

Provides that the department shall grant a certificate of registration to an applicant who meets the requirements of this act beginning July 1, 2006. After July 1, 2007, a person may not use the title "registered interior designer" in this state or any other title, designation, sign, card, or device indicating that the person is a registered interior designer unless he or she is registered under this act.

Requires an interior designer registered under this act to complete ten hours of continuing education instruction every two years. The department shall develop by rule a form to verify continuing education.

Provides that a person who violates a provision of this act or a rule adopted under it is guilty of a misdemeanor and may also be subject to a civil penalty in an amount not to exceed five thousand dollars for each offense.

Requires the department to issue a cease and desist order to any individual who is not registered under this act and holds himself or herself out as a "registered interior designer."

Companion Bill: 1773

Increasing the personal needs allowance for nursing facility residents.

Finds that the quality of life and the dignity of individuals to maintain as much personal autonomy as possible, during the time

that they are residents of nursing facilities, require that they retain for their own use a personal needs allowance which may be used to purchase clothing and other personal items.

Declares an intent to establish a minimum level for the personal needs allowance and to allow the department of social and health services, by rule, to adjust this amount in the future to reflect the increasing costs of these personal expenditures.

Companion Bill: 1550

Supporting the state achievers' scholarship program.

(SEE ALSO PROPOSED 1ST SUB)

Declares that, in order to broaden higher education opportunities, the legislature supports the Washington state achievers' scholarship program. This program: (1) Provides mentoring to ensure academic support is available to students while in high school, encourages college enrollment, and gives assistance when enrolled in college;

(2) Identifies and reduces financial barriers to college for talented, low-income students; and

(3) Leverages private funding for higher education financial assistance.

Appropriates the sum of one million dollars, or as much thereof as may be necessary, for the fiscal year ending June 30, 2006, from the general fund to the office of the superintendent of public instruction to support community volunteer mentors working with students selected as achievers' scholars.

Changing the sentence for certain persistent offenders.

(SEE ALSO PROPOSED 1ST SUB)

Provides that, notwithstanding the statutory maximum sentence or any other provision of chapter 9.94A RCW, a persistent offender, with a criminal history or current offense that does not include any class A felonies, shall be sentenced to a term of total confinement for life. Prior to serving a minimum term of fifteen years, no offender subject to this provision may be eligible for community custody, earned release time, furlough, home detention, partial confinement, work crew, work release, or any other form of release as defined under RCW 9.94A.728 (1), (2), (3), (4), (6), (8), or (9), or any other form of authorized leave from a correctional facility while not in the direct custody of a corrections officer or officers, except in the case of an offender in need of emergency medical treatment.

Provides that, after serving the minimum fifteen-year term of total confinement, the offender may be eligible for community custody, earned release time, furlough, home detention, partial confinement, work crew, work release, or any other form of release as defined under RCW 9.94A.728 (1), (2), (3), (4), (6), (8), or (9), or any other form of authorized leave from a correctional facility.

Declares that the fifteen-year term of total confinement imposed by the court under RCW 9.94A.570(2) constitutes the release eligibility review date at which time the court shall review the offender for conditional release to community custody.

Provides that, in any criminal case wherein an offender has been sentenced as a persistent offender prior to the effective date of this act, the offender shall have a resentencing hearing if the offender would otherwise qualify for release under RCW 9.94A.570(2) and this act.

SB 5760-S by Senate Committee on Judiciary (originally sponsored by Senator Kline)

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Provides that, notwithstanding the statutory maximum sentence or any other provision of chapter 9.94A RCW, a persistent offender, with a criminal history or current offense that does not include any completed or attempted class A felonies or sex offenses, shall be sentenced to a term of total confinement for life. Prior to serving a minimum twenty-year period of total confinement, no offender subject to this section may be eligible for community custody, earned release time, furlough, home detention, partial confinement, work crew, work release, or any other form of release as defined under RCW 9.94A.728 (1), (2), (3), (4), (6), (8), or (9), or any other form of authorized leave from a correctional facility while not in the direct custody of a corrections officer or officers, except in the case of an offender in need of emergency medical treatment.

Provides that, after serving the minimum fifteen-year term of total confinement, the offender may be eligible for community custody, earned release time, furlough, home detention, partial confinement, work crew, work release, or any other form of release as defined under RCW 9.94A.728 (1), (2), (3), (4), (6), (8), or (9), or any other form of authorized leave from a correctional facility.

Declares that the twenty-year term of total confinement imposed by the court under RCW 9.94A.570(2) constitutes the release eligibility review date at which time the court shall review the offender for conditional release to community custody.

Declares that, notwithstanding RCW 9.94A.345 and 10.01.040, this act applies to all offenders whose criminal history and current offense satisfy the requirements of RCW 9.94A.570 (2).

SB 5761 by Senators Doumit, Oke, Swecker, Morton, and Rasmussen

Concerning forest practices' impacts on family forest landowners.

Finds and declares that: (1) The long-term stewardship that is provided by family forest landowners in urban growth areas and rural areas is important for maintaining the evergreen state's special character and quality of life and provides citizens living in the urban/rural interface with an important buffer that provides aesthetic values at minimal cost to the taxpayers;

(2) Many family forest landowners live and raise their families on their forest land, or otherwise foster intergenerational involvement, creating an emotional attachment to and love for the land that increases the likelihood of continued ownership and management of family forests by future generations;

(3) Many family forests are characterized by a "light touch on the land." This includes: Species diversity; low-impact harvesting; small harvest openings and long stand rotations with multiple thinning entries; and a variety of nontimber management objectives that benefit the public;

(4) Family forest landowners provide: Family wage jobs to their local communities; a reliable tax base to their counties, generally utilizing fewer public services than taxes paid; and a way of life integral to rural communities;

(5) Family forest lands provide significant benefits to the economic and environmental well-being of Washington's citizens, including: Clean air and water; habitat for a broad array of fish, wildlife, and plant species, including some threatened and endangered species; and a variety of renewable natural resource products;

(6) If these lands were to be converted to nonforestry uses, these benefits would be lost to future generations as well as current generations of citizens;

(7) Current forest practices rules and other administrative regulations and complexity pose significant challenges to the continued ownership and management of family forests, creating a disincentive to their continued management as forest lands and are among the causes of their conversion to nonforest land uses;

(8) It is in the best interests of the citizens of the state of Washington and the environment that legislation and rules be developed and implemented that will encourage family forest ownership and long-term management planning; and

(9) It is also in the best interests of the citizens of the state of Washington and the environment that family forest landowners and the state of Washington are given the opportunity to enter into long-term management plans that will provide enhanced flexibility and secure the many benefits of forest land management for current and future generations of Washington citizens.

VETO MESSAGE ON SB 5763-S2

May 17, 2005

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning, without my approval as to Sections 402, 603, 604, and 806, Engrossed Substitute Senate Bill No. 5763 entitled:

Section 402 describes the Legislature's intent to authorize the Department of Social and Health Services (DSHS) to license a new type of facility called Enhanced Services Facilities. This section states that some clients have been repeatedly served in inappropriate settings or discharged without an appropriate placement. Although the development of a new facility type may well afford service providers an opportunity to deliver more effective services to persons with mental disorders, it is not reasonable to assume that such services were or are being provided inappropriately.

Although the Legislature appropriated funds in the 2005-2007 operating budget to fund many of the activities included in this bill, no funds were appropriated to implement Sections 603 and 604. Section 603 directs the DSHS to undertake a project, in collaboration with a broad array of stakeholders, to develop a set of matrices of service best practices. Section 604 directs the DSHS to undertake two collaboration projects with different groups of stakeholders to identify ways to provide mental health services to children who are not eligible for the state's Medicaid funded mental health services. With the passage of both this bill and Engrossed Second Substitute House Bill 1290, the DSHS' Mental Health Division will have many large projects to implement over the next biennium. I do not believe it is reasonable to include several additional unfunded smaller projects to DSHS' already large project list.

Section 806 repeals Section 5 in Engrossed Second Substitute House Bill No. 1290. Section 806 is unnecessary as I vetoed Section 5 in Engrossed Second Substitute House Bill No. 1290 today.

For these reasons, I have vetoed Sections 402, 603, 604 and 806 of Engrossed Second Substitute Senate Bill No. 5763.

With the exception of Sections 402, 603, 604 and 806, Engrossed Second Substitute Senate Bill No. 5763 is approved.

Respectfully submitted,
Christine O. Gregoire
Governor

Developing plans to address the housing needs of homeless
 persons.

(SUBSTITUTED FOR - SEE 1ST SUB)

Requires each county to create a task force to develop a ten-
 year plan addressing short-term and long-term housing for
 homeless persons.

Requires that, in addition to developing a ten-year plan to end
 homelessness, each task force shall establish guidelines, as
 needed, for the following: (1) Emergency shelters;

(2) Short-term housing needs;

(3) Temporary encampments;

(4) Supportive housing for chronically homeless persons; and

(5) Long-term housing.

Requires guidelines to include, when appropriate, standards
 for health and safety and notifying the public of proposed
 facilities to house the homeless.

Requires each county to report to the appropriate committees
 of the legislature by January 2006, including information on
 guidelines developed, potentials for public-private partnerships to
 address homelessness, and requests for further involvement or
 support from the legislature. Each county shall continue to
 develop and coordinate planning efforts, with reports to the
 legislature of substantive changes and significant additional
 information.

 homeless housing task force in each county.)

(DIGEST AS ENACTED)

Requires each county to create a task force to develop a ten-
 year plan addressing short-term and long-term housing for
 homeless persons.

Provides that, in lieu of creating a new task force, a local
 government may designate an existing body which substantially
 conforms to this act and which includes at least one homeless or
 formerly homeless individual to serve as its homeless
 representative.

Requires that, in addition to developing a ten-year plan to end
 homelessness, each task force shall establish guidelines, as
 needed, for the following: (1) Emergency shelters;

(2) Short-term housing needs;

(3) Temporary encampments;

(4) Supportive housing for chronically homeless persons; and

(5) Long-term housing.

Requires guidelines to include, when appropriate, standards
 for health and safety and notifying the public of proposed
 facilities to house the homeless.

Requires each county, including counties exempted from
 creating a new task force under this act, to report to the
 department of community, trade, and economic development such
 information as may be needed to ensure compliance with this act.

Protecting homeowners who hire contractors to remodel or build their homes.

(SUBSTITUTED FOR - SEE 2ND SUB)

Finds that the vast majority of contractors engaged in the business of constructing or remodeling owner-occupied single-family homes are both technically proficient in their trade and able to manage their business dealings in accordance with the highest standards.

Finds, however, that in those relatively few, but all-too-frequent, instances where prime contractors on such construction or remodeling projects intentionally or unintentionally mismanage payments received from homeowners that are intended for subcontractors, suppliers, and others, existing provisions are inadequate to protect homeowners. Additionally, the toll on an individual homeowner's personal economic and emotional condition that such financial mismanagement by this small fraction of prime contractors is not adequately balanced against the responsibilities, obligations, and possible penalties that contractors bear for such mismanagement.

Finds that it is necessary to: (1) Clearly establish that prime contractors have a duty to properly manage funds received from homeowners that are intended for suppliers, subcontractors, and others, and to hold those who fail in this duty personally responsible for such financial mismanagement;

(2) Reduce the exposure of homeowners to lien liability, particularly when contractors fail to pay suppliers and subcontractors as promised;

(3) Clarify the right of homeowners to require that prime contractors maintain deposits and other similar payments in a trust account for the homeowner, when the homeowner elects to do so; and

(4) Increase opportunities for homeowners to become better educated about ways to protect themselves from financial mismanagement by those few contractors who are unable or unwilling to meet the financial management standards set by the vast majority of residential contractors in this state.

SB 5773-S by Senate Committee on Labor, Commerce, Research & Development (originally sponsored by Senators Fraser, Fairley, Kohl-Welles, Rockefeller, Kline, and Pridemore)

(SUBSTITUTED FOR - SEE 2ND SUB)

Finds that the vast majority of contractors engaged in the business of constructing or remodeling owner-occupied single-family homes are both technically proficient in their trade and able to manage their business dealings in accordance with the highest standards.

Finds, however, that in those relatively few, but all-too-frequent, instances where prime contractors on such construction or remodeling projects intentionally or unintentionally mismanage payments received from homeowners that are intended for subcontractors, suppliers, and others, existing provisions are inadequate to protect homeowners. Additionally, the toll on an individual homeowner's personal economic and emotional condition that such financial mismanagement by this small fraction of prime contractors is not adequately balanced against the responsibilities, obligations, and possible penalties that contractors bear for such mismanagement.

Finds that it is necessary to: (1) Clearly establish that prime contractors have a duty to properly manage funds received from homeowners that are intended for suppliers, subcontractors, and others, and to hold those who fail in this duty personally responsible for such financial mismanagement;

(2) Increase awareness by homeowners to the potential for liens against their residence if contractors fail to pay suppliers and subcontractors as promised;

(3) Clarify the right of homeowners to require that prime contractors maintain deposits and other similar payments in a trust account for the homeowner, when the homeowner elects to do so; and

(4) Increase opportunities for homeowners to become better educated about ways to protect themselves from financial mismanagement by those few contractors who are unable or unwilling to meet the financial management standards set by the vast majority of residential contractors in this state.

Declares an intent that liabilities of contractors and subcontractors arising from mismanagement of funds received from or for the benefit of homeowners should be disfavored by courts addressing whether or not such liabilities should be dischargeable in bankruptcy. If the mismanagement rises to the level of criminal conduct, nothing in this act is intended to interfere with criminal prosecution.

Companion Bill: 1795

Modifying employee wage and benefit provisions.

Requires employers to determine the average tipped wage rate for each tipped employee for the previous calendar month. If the average tipped wage rate does not equal or exceed the adjusted minimum wage rate under RCW 49.46.020(4)(b) for any tipped employee, the employer shall pay the tipped employee an amount equal to the number of hours worked for the previous calendar month multiplied by the adjusted minimum wage rate under RCW 49.46.020(4)(b) less the average tipped wage rate for the tipped employee for the previous calendar month. Employers shall pay the tipped employee this amount at any time during the month subsequent to the month used for the calculation under this provision.

Requires employers to contribute monthly, an amount equal to fifty percent of the adjusted minimum tipped wage rate under RCW 49.46.020(4)(c) multiplied by the total number of hours worked during the previous calendar month by all tipped employees, for the provision of one or more of the following employee benefits: (1) Health care benefits for all employees;

(2) Wages in excess of the adjusted minimum wage rate for nontipped employees; or

(3) Employee meals, paid vacation leave, paid sick leave, and any other nonwage benefits deemed appropriate as provided in rule by the director.

Applies only to employers paying tipped employees the wage rate established in RCW 49.46.020(4)(c).

SB 5775 by Senator Mulliken

Providing funds for the maintenance and preservation of small city and town streets.

(SUBSTITUTED FOR - SEE 1ST SUB)

Finds that it is in the state's interest to support the economic vitality of all cities and towns and recognizes that those cities and towns with a population of less than five thousand are unable to fully maintain and preserve their street system.

Finds it is necessary to create a small city pavement and sidewalk account.

Creates the pavement preservation account in the custody of the state treasurer. All receipts from motor vehicle fuel and special fuel taxes distributed into the account under RCW 46.68.090 must be deposited into the account. Expenditures from the account may be used only for distribution to qualifying cities and towns for the maintenance, repair, and resurfacing of city and town streets.

Declares that only the executive director of the transportation improvement board or the director's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.

SB 5775-S by Senate Committee on Transportation (originally sponsored by Senator Mulliken)

Authorizing the creation of a small city or town street and sidewalk improvement program.

(DIGEST AS ENACTED)

Finds that it is in the state's interest to support the economic vitality of all cities and towns and recognizes that those cities and towns with a population of less than five thousand are unable to fully maintain and preserve their street system.

Finds it is necessary to create a small city pavement and sidewalk account.

Creates the small city pavement and sidewalk account in the state treasury. All state money allocated to the small city pavement and sidewalk account for the ongoing support of cities and towns must be deposited into the account.

Provides that expenditures from the account must be used for small city pavement and sidewalk projects or improvements selected by the board in accordance with this act, to pay principal and interest on bonds authorized for these projects or improvements, to make grants or loans in accordance with chapter 47.26 RCW, or to pay for engineering feasibility studies selected by the board.

SB 5779 by Senators Prentice, Rasmussen, Doumit, and Kohl-Welles

Companion Bill: 1890

Modifying the business and occupation taxation of slaughtering, breaking, and/or processing perishable meat products.

Declares that, in 1967, the legislature amended RCW 82.04.260 in chapter 149, Laws of 1967 ex. sess. to authorize a preferential business and occupation tax rate for slaughtering, breaking, and/or processing perishable meat products and/or selling the same at wholesale.

Finds that RCW 82.04.260 was interpreted by the state supreme court on January 13, 2005, in Agrilink Foods, Inc. v. Department of Revenue, Docket No. 74478-5. The supreme court held that the preferential business and occupation tax rate on the slaughtering, breaking, and/or processing of perishable meat products applied to the processing of perishable meat products into nonperishable finished products, such as canned food.

Declares that the sole purpose of chapter 149, Laws of 1967 ex. sess. as codified in RCW 82.04.260 has always been to create a preferential business and occupation tax rate for the slaughtering, breaking, or processing of perishable meat products and/or selling the finished perishable meat products at wholesale. The intent was not to allow the preferential tax rate for the processing of perishable meat products into nonperishable finished products or selling the nonperishable finished products at wholesale.

Declares that the purpose of this act is to make retroactive, remedial, curative, and technical amendments to clarify the intent of chapter 149, Laws of 1967 ex. sess. and RCW 82.04.260 and resolve any ambiguity.

Declares an intent to establish that, prior to the effective date of this act, the preferential business and occupation tax rate for the "slaughtering, breaking, and/or processing of perishable meat products and/or selling the same at wholesale" in RCW 82.04.260 applied only to activities in which the end products continued to be perishable meat products, and this act applies retroactively to accomplish this purpose.

SB 5781 by Senators Fraser, Benton, Pflug, Regala, Zarelli, Rasmussen, Keiser, Kline, Haugen, Roach, Prentice, Jacobsen, and Kohl-Welles

Authorizing retired local government employees to receive benefits from the public employees' benefits board.

Declares that a "retired local government employee" means: (1) Persons who separated from employment with a county, municipality, or other political subdivision of the state and are receiving a retirement allowance under chapter 41.40 RCW as of July 1, 2005;

(2) Persons who separate from employment with a county, municipality, or other political subdivision of the state on or after July 1, 2005, and immediately upon separation receive a retirement allowance under chapter 41.40 RCW; or

(3) Members of the public employees' retirement system plan 3 as defined in chapter 41.40 RCW who are at least fifty-five years of age and who have at least ten years of service credit in the public employees' retirement system and who separate from employment with a county, municipality, or other political subdivision of the state on or after July 1, 2005, and immediately upon separation elect to continue health insurance coverage with their employer or coverage provided by the public employees' benefits board.

Requires that, in a manner prescribed by the state health care authority, counties, municipalities, and other political subdivisions shall remit to the health care authority for deposit in the public employees' and retirees' insurance account established in RCW 41.05.120 an amount established by the public employees' benefits board.

Declares that the remittance requirements specified in this act shall not apply to employees of a county, municipality, or other political subdivision who receive insurance benefits through contracts with the health care authority.

Provides that the health care authority has the authority to establish a remittance amount that will cover the cost of premium subsidies for nonmedicare and medicare retirees and administrative costs related to their coverage.

Improving recycling.

(SUBSTITUTED FOR - SEE 1ST SUB)

Declares an intent to clarify methods to improve recycling in Washington state, and to further the purposes in RCW 70.95.020 and the goals of the state solid waste management plan adopted by the department of ecology under RCW 70.95.260.

Provides that a transporter may not collect recyclable materials from generators within the state without first obtaining a transporter permit from the department. A transporter permit must be issued for a period of one year, beginning January 1st and ending December 31st.

Declares that nothing in this act prevents the operation of a recycling company or nonprofit entity from collecting and transporting recyclable materials from a buyback center, drop box, or from a commercial or industrial generator of recyclable materials.

Provides that a transporter who collects recyclable materials within the state without a transporter permit required by this section is guilty of a misdemeanor.

Requires all recycling facilities to register with the department, except for facilities that are required to obtain a solid waste handling permit under RCW 70.95.170. No recycling facility may accept recyclable materials from a transporter within the state without having obtained a solid waste handling permit from the department or obtaining a registration under this section. A registration must be issued for a period of one year, beginning January 1st and ending December 31st.

Requires every recycling facility to prepare and submit an annual report to the department and the local health department that has jurisdiction over the recycling facility. The report is due by April 1st and must be submitted on forms supplied by the department.

SB 5788-S by Senate Committee on Water, Energy & Environment (originally sponsored by Senators Doumit, Kastama, Mulliken, Haugen, Morton, Poulsen, Pridemore, and Berkey)

(DIGEST AS ENACTED)

Declares an intent to improve recycling, eliminate illegal disposal of recyclable materials, protect consumers from sham recycling, and to further the purposes of RCW 70.95.020 and the goal of consistency in jurisdictional treatment of the statewide solid waste management plan adopted by the department of ecology.

Declares that for the purposes of this act, "transporter" means any person or entity that transports recyclable materials from commercial or industrial generators over the public highways of the state of Washington for compensation, and who are required to possess a permit to operate from the Washington utilities and transportation commission under chapter 81.80 RCW. "Transporter" includes commercial recycling operations of certificated solid waste collection companies as provided in chapter 81.77 RCW.

Requires all transporters to register with the department prior to the transportation of recyclable materials. The department shall supply forms for registration.

Provides that a transporter who transports recyclable materials within the state without a transporter registration required by this act is subject to a civil penalty in an amount up to one thousand dollars per violation.

Provides that a transporter may not deliver any recyclable materials to a transfer station or landfill for disposal.

Provides that any person damaged by a violation of this act may bring a civil action for such a violation by seeking either injunctive relief or damages, or both, in the superior court of the county in which the violation took place or in Thurston county. The prevailing party in such an action is entitled to reasonable costs and attorneys' fees, including those on appeal.

Requires each facility that recycles solid waste, except those facilities with a current solid waste handling permit issued under RCW 70.95.170, to prepare and submit an annual report to the department and the jurisdictional health department by April 1st on forms supplied by the department.

SB 5795 by Senators Carrell, Sheldon, McCaslin, Mulliken, Hargrove, Benson, Berkey, Schoesler, Kastama, Honeyford, Esser, Schmidt, and Oke

Regarding expenditures for works of art.

Recognizes that one of the legislature's foremost duties is the prioritization and wise use of taxpayer funds.

Concludes that the placement of art at a correctional facility which houses sex offenders is not a priority over other state programs such as education and public safety, and further expenditures on such activities constitute a misuse and waste of taxpayer funds. To prevent such misuse of taxpayer dollars, the legislature hereby intends to prohibit the expenditure of public funds on placement of works of art in the special commitment center housed at McNeil Island.

SB 5796 by Senator Fairley

Regulating refund anticipation loans.

Requires this act to be liberally construed to effectuate its purposes, which include protecting consumers who enter into refund anticipation loans from abuses and to ensure they are fully informed of the costs and consequences of the loans.

Declares that no person may individually, or in conjunction or cooperation with another person, solicit the execution of, process, receive, or accept an application or agreement for, a refund anticipation loan without first being registered with the director as a refund anticipation loan facilitator.

Does not apply to a person doing business as a bank, thrift, industrial bank, savings and loan association, or credit union, under the laws of the United States or of this state.

Provides that, on or before July 1, 2008, the director shall report the following information to the legislature: (1) The total

number of registered refund anticipation loan facilitators in the state by type, including corporations, franchises, and independent facilitators;

(2) The total number of refund anticipation loan registration fees collected;

(3) The department budget and staff allocated to the refund anticipation loan program;

(4) The total number of refund anticipation loans processed;

(5) The range of fees charged by refund anticipation loan facilitators, excluding tax preparation fees;

(6) The number and type of penalty actions taken by the department against refund anticipation loan facilitators;

(7) Any other information the director determines is needed to evaluate this program; and

(8) The department recommendations regarding program implementation and administration.

Finds that the practices covered by this chapter are matters vitally affecting the public interest for the purpose of applying the consumer protection act, chapter 19.86 RCW. A violation of this act is not reasonable in relation to the development and preservation of business and is an unfair or deceptive act in trade or commerce and an unfair method of competition for the purpose of applying the consumer protection act, chapter 19.86 RCW.

SB 5802 by Senators Kohl-Welles, Delvin, Shin, Spanel, Carrell, Fairley, Keiser, Roach, Jacobsen, Poulsen, Kline, Pridemore, McAuliffe, Weinstein, Eide, Berkey, Rasmussen, and Rockefeller

Companion Bill: 1733

Requiring pay equity for community and technical college part-time faculty.

(SUBSTITUTED FOR - SEE 1ST SUB)

Finds that Washington's community and technical college system is among the most successful in the nation, enrolling more than sixty percent of postsecondary students and geographically dispersed across the state to offer maximum opportunity for residents to pursue basic skills, academic transfer, work force training, and personal enrichment.

Finds that part-time and adjunct faculty play a significant role in the success of the colleges, teaching nearly half of the overall instructional workload.

Recognizes that in 1996, the legislature directed the state board for community and technical colleges to conduct a best practices audit on compensation practices and working conditions for part-time faculty. The best practices task force developed a ten-year plan to improve the salaries, benefits, working conditions, and ratios of part-time to full-time faculty in the college system. Among the goals of the plan was to reach, at the end of ten years, a level of pay equity for part-time faculty. Although state investments have been made in the intervening years, the goal has not been met.

Declares that, as the ten-year anniversary of the best practices task force approaches, the legislature reaffirms its commitment to part-time faculty at community and technical colleges and to the goals of the best practices task force.

Requires that, in the 2005-07 biennial appropriations act and thereafter, the legislature shall appropriate sufficient funds for allocation to the community and technical colleges for the colleges to implement and maintain pay equity for part-time faculty as described in the final recommendations of the best practices task force convened under RCW 28B.50.4892.

SB 5802-S by Senate Committee on Labor, Commerce, Research & Development (originally sponsored by Senators Kohl-Welles, Delvin, Shin, Spanel, Carrell, Fairley, Keiser, Roach, Jacobsen, Poulsen, Kline, Pridemore, McAuliffe, Weinstein, Eide, Berkey, Rasmussen, and Rockefeller)

(AS OF SENATE 2ND READING 3/15/05)

Declares that, as the ten-year anniversary of the best practices task force approaches, the legislature reaffirms its commitment to part-time faculty at community and technical colleges and to the goals of the best practices task force.

Declares it is the goal of the legislature in the 2005-07, 2007-09, and 2009-11 fiscal biennia, to provide sufficient funding within available funds to the community and technical colleges for the colleges to implement and maintain one hundred percent pro rata pay for part-time faculty. Salary schedules implemented under this act are subject to local collective bargaining.

SB 5806 by Senators Kohl-Welles, Hargrove, Rasmussen, and Jacobsen

Requiring child care agencies to provide additional information to parents.

(SUBSTITUTED FOR - SEE 1ST SUB)

Declares that the purpose of this act is to establish a system, consistent throughout the state, through which parents, guardians, and other persons acting in loco parentis can obtain certain information about child care providers. The purpose of this act is also to require child day-care providers and family day-care providers to carry a minimal level of liability insurance or to give parents notice that they do not carry such insurance.

Provides that every child day-care center and family day-care provider shall prominently post the following items, clearly visible to parents and staff: (1) The license issued under this act;

(2) The department's toll-free telephone number established by this act; and

(3) A notice that inspection reports and any notices of enforcement actions for the previous three years are available from the licensee and the department.

Requires every child day-care center and family day-care provider to have readily available for review by the department, parents, and the public a copy of each inspection report and notice of enforcement action received by the center or provider from the department for the past three years. This provision only applies to reports and notices received on or after the effective date of this act.

Requires the department to make available to the public during business hours all inspection reports and notices of enforcement actions involving child day-care centers and family day-care providers consistent with chapter 42.17 RCW. The department shall include in the inspection report a statement of the corrective measures taken by the center or provider.

Provides that every licensed child day-care center and family day-care provider shall, at the time of licensure or renewal and at any inspection, provide to the department proof that the licensee has day-care insurance as defined in RCW 48.88.020 or for day-care centers, is self-insured pursuant to chapter 48.90 RCW. Liability limits under this section shall be the same as set forth in RCW 48.88.050.

SB 5806-S by Senate Committee on Human Services & Corrections (originally sponsored by Senators Kohl-Welles, Hargrove, Rasmussen, and Jacobsen)

(DIGEST AS ENACTED)

Declares that the purpose of this act is to establish a system, consistent throughout the state, through which parents, guardians, and other persons acting in loco parentis can obtain certain information about child care providers.

Requires the department to establish and maintain a toll-free telephone number, and an interactive web-based system through which persons may obtain information regarding child day-care centers and family day-care providers.

Provides that every child day-care center and family day-care provider shall prominently post the following items, clearly visible to parents and staff: (1) The license issued under this act;

(2) The department's toll-free telephone number established by this act;

(3) A notice that inspection reports and any notices of enforcement actions for the previous three years are available from the licensee and the department;

(4) The notice of any pending enforcement action. The notice must be posted immediately upon receipt. The notice causing the enforcement action is corrected, whichever is longer; and

(5) Any other information required by the department.

Requires every child day-care center and family day-care provider to have readily available for review by the department, parents, and the public a copy of each inspection report and notice of enforcement action received by the center or provider from the department for the past three years. This provision only applies to reports and notices received on or after the effective date of this act.

Requires the department to make available to the public during business hours all inspection reports and notices of enforcement actions involving child day-care centers and family day-care providers consistent with chapter 42.17 RCW. The department shall include in the inspection report a statement of the corrective measures taken by the center or provider.

Provides that every licensed child day-care center shall, at the time of licensure or renewal and at any inspection, provide to the department proof that the licensee has day-care insurance as defined in RCW 48.88.020, or is self-insured pursuant to chapter 48.90 RCW.

Provides that family day-care providers may choose to opt out of the requirement to have day care or other applicable insurance but must provide written notice of their insurance status to parents with a child enrolled and shall not be subject to the requirements of (b), (c), or (d) of this provision.

Concerning contracts for health studio services.

Provides that no contract for health studio services may: (1) Charge an annual fee in excess of three thousand six hundred dollars. However, this provision does not apply to contracts relating solely to the use of tennis, platform tennis, or racquetball facilities;

(2) Contain an automatic renewal clause;

(3) Require payments or financing by the buyer over a period that extends more than one month beyond the expiration of the contract. The installment payments must be in substantially equal amounts exclusive of the down payment and are required to be made at substantially equal intervals, not more frequently than one payment per month;

(4) Require the buyer to execute a promissory note or series of promissory notes which, when negotiated, cuts off as to third parties a defense which the buyer may have against the seller.

Encouraging the ethical transfer of technology for the economic benefit of the state.

(SUBSTITUTED FOR - SEE 1ST SUB)

Provides that, consistent with the state policy to encourage basic and applied scientific research by the state's research universities as stated in RCW 28B.140.005, each state university may develop, adopt, and implement one or more written administrative processes that shall, upon approval by the

governor, apply in place of the obligations imposed on state universities and state university research employees under RCW 42.52.030, 42.52.040, 42.52.080, 42.52.110, 42.52.120, 42.52.130, 42.52.140, 42.52.150, and 42.52.160. A state university research employee in compliance with the processes authorized in this act shall be deemed to be in compliance with RCW 42.52.030, 42.52.040, 42.52.080, 42.52.110, 42.52.120, 42.52.130, 42.52.140, 42.52.150, and 42.52.160.

Requires the executive ethics board to enforce activity subject to the written approval processes under this act, as provided in RCW 42.52.360.

Directs the executive ethics board to enforce chapter 42.52. RCW with regard to the activities of state university research employees as provided in this act.

Provides that, with respect to compliance with RCW 42.52.030, 42.52.110, 42.52.130, 42.52.140, and 42.52.150, the administrative process shall be consistent with and adhere to no less than the current standards in regulations of the United States public health service and the office of the secretary of the department of health and human services in Title 42 C.F.R. Part 50, Subpart F relating to promotion of objectivity in research.

Provides that, with respect to compliance with RCW 42.52.040, 42.52.080, and 42.52.120, the administrative process shall include a comprehensive system for the disclosure, review, and approval of outside work activities by state university research employees while assuring that such employees are fulfilling their employment obligations to the state university.

Provides that, with respect to compliance with RCW 42.52.160, the administrative process shall include a reasonable determination by the state university of acceptable private uses having de minimis costs to the state university and a method for establishing fair and reasonable reimbursement charges for private uses the costs of which are in excess of de minimis.

SB 5817 by Senators Doumit and Jacobsen

Creating the state granted lands sales program.

Declares an intent to establish a program that will allow the public sale of the state's granted lands, ensure the permanent use of the conveyed lands for working forestry, grazing, and agriculture, and fully compensate the trust beneficiaries for their interest in these lands.

Creates the state granted lands sales program. The program consists of the appraisal of the state's granted lands managed for forestry, grazing, and agricultural purposes, the development of a plan for the sale of these lands, and the public sale of these lands over a period not to exceed fifty years.

Provides that granted lands managed for forestry, grazing, and agricultural purposes sold under this program may not be used for purposes other than working forestry, grazing, and agriculture.

Requires that, beginning no later than December 31, 2006, and by December 31, 2010, the department of natural resources shall update appraisals of the fair market value of state lands managed for forestry, grazing, and agricultural purposes and held for the benefit of the following trusts: (1) Common school, indemnity, and escheat;

- (2) Agricultural school;
- (3) Scientific school;
- (4) University;
- (5) Normal school;
- (6) Charitable, educational, penal, and reformatory institutions; and
- (7) Capitol building.

Requires the department, in cooperation with the office of financial management, to develop a plan for the public sale of granted lands managed for forestry, grazing, and agricultural purposes and held for the benefit of the trusts set forth in this act over a period not to exceed fifty years. In developing this plan, the department must seek to maximize the revenue from granted lands sales for each trust beneficiary. The plan must include methods for: (1) Prioritizing the parcels to be sold annually within each trust;

- (2) Determining the quantity of parcels, but not less than two percent, to be sold annually from each trust;
- (3) Periodically reappraising granted lands, or portions thereof, to provide current information for planning purposes;
- (4) Balancing the expedient sales of granted lands with economic factors affecting the value of the granted lands and other similar lands available on the real estate market; and
- (5) Ensuring that granted lands that are sold are permanently used for working forestry, grazing, and agriculture.

Requires the department to present the plan set forth in this act to the appropriate committees of the house of representatives and senate by December 31, 2006.

upon the sale, use, consumption, handling, possession, or distribution of cigarettes in an amount equal to the rate of: (1) Thirty mills per cigarette through June 30, 2007; and

(2) Forty mills per cigarette after June 30, 2007.

Requires the money collected under this act during any month to be deposited by the twenty-fifth day of the following month as follows: (1) 22.1 percent into the health services account created in RCW 43.72.900;

(2) 1.75 percent into the water quality account created in RCW 70.146.030;

(3) 2.3 percent into the violence reduction and drug enforcement account created in RCW 69.50.520;

(4) 5.1 percent to the general fund; and

(5) The remainder into the student achievement fund created in RCW 43.135.045. If, however, the amounts deposited in the student achievement fund under chapter 28A.505 RCW are sufficient to provide the total allocations per full-time equivalent student in chapter 28A.505 RCW, the remainder of the money collected under subsection (1)(a) of this section shall be transferred into the general fund.

Feb 24 Senate Rules "X" file.

SB 5830 by Senators Doumit, Jacobsen, Swecker, Rockefeller, Oke, and Rasmussen; by request of Commissioner of Public Lands

Concerning management of state trust lands.

Finds that the commissioner of public lands commissioned an independent review committee in 2004 to evaluate the effectiveness and efficiency of state trust fund investments. The independent review committee provided the commissioner with recommendations following their review.

Declares that the purpose of this act is to implement recommendations of the committee that will enhance the performance of state trust land management by the department of natural resources.

Provides that the board shall biennially review the authorized deductions allowed under RCW 79.64.040 and 79.64.110 and establish the authorized deduction for each biennium.

Provides that, before the board establishes the authorized deduction for each biennium, the department shall meet with trust beneficiaries to review the authorized deductions allowed under RCW 79.64.040 and 79.64.110.

Requires the department of natural resources to prepare a report on the status of the forest development account to be submitted to the appropriate committees of the senate and house of representatives by November 1, 2007. The report must include information on expenditures, revenues, and year-end fund balances beginning with fiscal year 2001, as well as projected expenditures, revenues, and year-end fund balances for fiscal years 2008 through 2011. The report must also include recommendations on potential changes to the deduction for management expenses as allowed in RCW 79.64.110 if the department concludes that such changes may be necessary.

SB 5834-S by Senate Committee on Human Services & Corrections (originally sponsored by Senators Stevens, Hargrove, and Kohl-Welles)

Ordering a study of juvenile offender case filings.

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Requires the joint legislative audit and review committee to study the rates of juvenile offender case filings in counties across the state and focus on factors that may contribute to the difference in filing rates. The study shall contemplate data compiled over the past ten years in at least the following areas: (1) Referrals to the juvenile justice system;

- (2) Arrest rates;
- (3) Incarceration rates;
- (4) Differences in risk assessment tools used over time and across geographical areas;

(5) Rates at which moderate and high-risk juvenile offenders are receiving delivery of programs which meet the Washington state institute for public policy's effectiveness standards for juvenile accountability programs, such as aggression replacement therapy, functional family therapy, and multisystemic therapy;

(6) Recidivism rates;

(7) Implementation of local laws focusing on juvenile offenders;

(8) Funding levels and sources of funding for programs directed at juvenile offenders;

(9) Demographic factors;

(10) Changes in the handling of cases involving juvenile offenders after implementation of the Becca bills; and

(11) The effects of the establishment of juvenile drug courts and treatment courts.

Studying whether to regulate free-standing health clinics.

Requires the department of health to study and report on the need for the state to license and regulate free-standing health clinics. The study shall consider: (1) Trends in the number and type of procedures performed in free-standing health clinics that at one time were exclusively performed in hospitals;

(2) The extent to which the lack of state licensing and regulation of free-standing health clinics impacts the health, safety, or welfare of clinic patients;

(3) The potential statewide impact of licensing and regulation on patient access to affordable care;

(4) The extent to which free-standing health clinics are subject to licensure and regulation in other states, the nature of that regulation, and evidence of its effect on patient safety and access to affordable care; and

(5) Any other factors the department of health determines relevant to the question of whether the state should license and regulate free-standing health clinics.

Provides that, in conducting the study, the department of health shall consult with all relevant parties and report its findings and recommendations to the legislature by December 1, 2005.

SB 5843 by Senators McAuliffe, Pridemore, Kohl-Welles, and Rockefeller

Establishing the college in the high school program.

Finds that: (1) Many high school students who wish to earn college credits are unable to participate in the running start program because they live in areas that do not have local colleges; and some students who would like to earn college credits while in high school do not participate in running start because they do not want to leave their high school campus in order to do so.

(2) Some high schools are currently working with colleges to offer dual credit courses on high school campuses to serve those students. However, there is no established statewide program or funding provided, so rules governing these programs vary and high school students pay varying amounts to cover the colleges' costs of working with high schools to offer the classes.

Declares an intent to establish the college in the high school program as a statewide option for high school students.

Requires the superintendent of public instruction, the state board for community and technical colleges, and the higher education coordinating board to jointly develop and adopt rules governing the college in the high school program. The rules shall be written to encourage the maximum use of the program and shall not narrow or limit the enrollment options.

SB 5850 by Senators Spanel, Keiser, Kohl-Welles, and Shin
 Clarifying the definition of "sick leave" for family leave.

(SUBSTITUTED FOR - SEE 1ST SUB)

Declares that it does not include any leave benefit granted by a short-term or long-term disability policy covered by the employment retirement income security act of 1974, 29 U.S.C. Sec. 18, or by a third-party administered disability plan.

SB 5850-S by Senate Committee on Labor, Commerce, Research & Development (originally sponsored by Senators Spanel, Keiser, Kohl-Welles, and Shin)

(DIGEST AS ENACTED)

Provides that, if paid time is not allowed to an employee for illness, "sick leave or other paid time off" also means time allowed under the terms of an appropriate state law, collective bargaining agreement, or employer policy, as applicable, to an employee for disability under a plan, fund, program, or practice that is: (1) Not covered by the employee retirement income security act of 1974, 29 U.S.C. Sec 1001 et seq.; and

(2) Not established or maintained through the purchase of insurance.

SB 5854 by Senators McAuliffe, Schmidt, Kohl-Welles, and Shin; by request of State Board of Education

Adopting state policy on educational equity.

Establishes the following state policy on educational equity:
 (1) Educational equity includes instruction that responds to the diverse needs of students in order to maximize each student's opportunity to reach his or her fullest potential to achieve success in school and life as expressed in the goal of basic education under RCW 28A.150.210.

(2) Educational equity results in continuous student growth. Learning and achievement is founded on meaningful relationships among students, staff, parents, guardians, and community members so that each student is nurtured, respected, and valued in school and through school-related learning opportunities.

Recognizes a clear role for at least and not limited to the following agencies to advance the state policy on educational equity under this act: The state board of education and the superintendent of public instruction. The legislature encourages these agencies to collaboratively, not independently, establish and align potential goals, objectives, and strategies in order to advance the state policy on educational equity under this act.

Encourages the agencies in this act to periodically, preferably at least every two years, submit separately or jointly, a report to one another and the legislature. The report shall include a review and status of adopted educational equity goals, objectives, and strategies to advance the state policy on educational equity.

SB 5860 by Senators Haugen, Swecker, and Kohl-Welles
Modifying vehicle licensing fee provisions.

Revises vehicle licensing fee provisions.

Provides that the annual vehicle licensing fee for motor vehicles and trailers shall be based on the scale weight set forth in schedule B provided in RCW 46.16.070. The department shall rely on the vehicle empty scale weights as provided by vehicle manufacturers, or other sources defined by the department, to determine the weight of each vehicle. The department shall adopt rules for determining weight for vehicles without manufacturer empty scale weights.

Provides that when the scale weight of a motor home is 6,667 pounds or greater, the scale weight shall be multiplied by one hundred fifty percent to determine the annual vehicle licensing fee.

Provides that if the resultant weight according to this act is not listed in RCW 46.16.070, it shall be increased to the next higher weight pursuant to chapter 46.44 RCW.

Declares that trailers licensed under RCW 46.16.068 or 46.16.085 are not required to pay annual fees under this act. Private use trailers of two thousand pounds scale weight or less are subject to a vehicle licensing fee of fifteen dollars. This fee shall not apply to trailers held for rental to the public or used in any commercial or business endeavor.

Provides that proceeds from the fees collected under this act shall be distributed in accordance with RCW 46.68.035.

SB 5861 by Senators Keiser, Thibaudeau, Prentice, Franklin,
Kline, Kohl-Welles, and McAuliffe; by request of
Insurance Commissioner

Companion Bill: 1910

Stabilizing the health insurance market and reducing the number of uninsured individuals in Washington state.

Recognizes that to stabilize the health insurance market and reduce the number of uninsured people in Washington state, health insurance premiums need to be lower. An uncertain market due to the uncompensated care needs of uninsured individuals and our current method of covering high-cost enrollees contributes to rising health insurance premiums. Our private health insurance market can begin covering some uninsured people and reduce

uncompensated care when coverage is pooled for high-cost enrollees.

Declares an intent to reduce premiums, primarily for small employers, by broadly pooling high-cost enrollees and providing reinsurance services to the pool that reduces the cost of coverage. Pooling and reinsurance services for these unpredictable, high health care costs will reduce the uncertainty that raises premiums across the private health insurance market. Lower premiums will reduce the number of uninsured people in Washington state.

Finds that a reduction in the number of people needing health insurance will reduce the cost to providers who treat uninsured people and lower the cost of the uncompensated care borne by the premiums paid by purchasers and consumers. A part of the savings from more predictable premiums and less uncompensated care can be recaptured and targeted to make health insurance affordable for more small employers and others in the private health insurance market.

Creates a nonprofit entity known as the health insurance market stabilization pool. The purpose of the pool is to enroll more uninsured people in the private health insurance market by lowering and stabilizing premiums.

Establishing objectives for certain fire department services.

Requires every fire department to include service delivery
objectives in the written statement or policy required under this
act. These objectives shall include specific response time
objectives for the following major service components, if
appropriate: (1) Fire suppression;

- (2) Emergency management services;
- (3) Special operations;
- (4) Aircraft rescue and fire fighting;
- (5) Marine rescue and fire fighting; and
- (6) Wild land fire fighting.

Requires every fire department, in order to measure the ability
to arrive and begin mitigation operations before the critical events
of brain death or flash-over, to establish time objectives for the
following measurements: (1) Turnout time;

(2) Response time for the arrival of the first arriving engine
company at a fire suppression incident and response time for the
deployment of a full first alarm assignment at a fire suppression
incident;

(3) Response time for the arrival of a unit with first responder
or higher level capability at an emergency medical incident; and

(4) Response time for the arrival of an advanced life support
unit at an emergency medical incident, where this service is
provided by the fire department.

Directs every fire department to evaluate its level of service
and deployment delivery and response time objectives on an
annual basis. The evaluations shall be based on data relating to
level of service, deployment, and the achievement of each
response time objective in each geographic area within the
jurisdiction of the fire department.

Companion Bill: 1434

Implementing a strategic direction for higher education.

Declares an intent to articulate a strategic direction for public higher education on issues of access, affordability, service delivery, and accountability that will guide coordinated decision making on policies, operating budgets, and capital plans.

Declares an intent to provide the management tools and resources necessary to implement the strategic direction. Additional investment in higher education is needed, but the public deserves assurance that such an investment is based on a clear plan and will be carefully managed with specific expectations and measurable outcomes.

Declares that it is the strategic direction and intent of the legislature, by the year 2012, to: (1) Increase capacity in higher education by thirty thousand enrollment slots, with fourteen thousand enrollment slots dedicated to expanding work force training;

(2) Graduate three thousand eight hundred additional baccalaureate degrees per year by focusing degree production at the regional universities in partnership with community and technical colleges;

(3) Expand programs and enrollments targeted toward high demand fields by twelve thousand five hundred enrollment slots;

(4) Maintain the market responsiveness and multiple missions of the community and technical college system, including transfer preparation, adult remedial education, work force training, and life-long learning;

(5) Assure that the cost of attendance for all students is less than thirty percent of family income;

(6) Through the strategic master plan for higher education, create specific targets for enrollments and degree production through analysis of statewide and regional demographics and economic needs and comparison to peer institutions and national benchmarks;

(7) Implement the strategic direction and master plan through performance contracts with each institution of higher education;

(8) Through financial aid and other new financing or enrollment allocation strategies, leverage the state investment in higher education by using existing capacity at independent four-year institutions of higher education; and

(9) Increase the state's overall investment in higher education by four hundred sixty million dollars per biennium, including one hundred million dollars per biennium invested in high priority research, to ensure that Washington's institutions of higher education continue to offer affordable access to the highest quality education and conduct world class research and discovery.

Provides that, by December 15, 2005, the director of financial management and the secretary of the department of social and health services shall jointly submit to the governor and the appropriate standing committees of the legislature any proposed legislation necessary to implement the reorganization implementation plan.

SB 5872-S by Senate Committee on Human Services & Corrections (originally sponsored by Senators Stevens, Carrell, Mulliken, Deccio, Finkbeiner, Delvin, Benson, Johnson, Oke, Hewitt, and Schmidt)

Requiring findings and recommendations regarding a department of family and children's services. (REVISED FOR ENGROSSED: Creating a task force on the administrative organization, structure, and delivery of services to children and families.)

(DIGEST AS ENACTED)

Creates a joint task force to determine the most appropriate and effective administrative structure for delivery of social and health services to the children and families of the state. The joint task force shall study how best to ensure that an administrative structure has defined lines of responsibility for delivering services to children and families in need and the best means for the public to hold government accountable for delivery of those services. The joint task force shall compare the effectiveness of: Including social and health services to children and families within an umbrella agency, such as the current department of social and health services; establishing a separate agency for social and health services to children and families whose administrator reports directly to the governor; or creating a children and family services cabinet reporting directly to the governor. The joint task force shall, as part of the comparison, examine the administrative structures used in other states to deliver social and health services to children and families.

Directs the joint task force to also make recommendations concerning the costs, benefits, savings, or reductions in services associated with the various administrative structures considered by the joint task force.

Requires the joint task force to report its recommendations to the governor and the appropriate committees of the legislature by December 1, 2005.

SB 5874 by Senators Kohl-Welles, Schmidt, Pridemore, Mulliken, McAuliffe, Berkey, Carrell, Shin, Rockefeller, and Delvin

Evaluating where an additional four-year baccalaureate institution should be located.

Finds that several regions of the state do not have reasonable access to a four-year institution of higher education.

Finds that the creation of an additional four-year institution or the conversion of an existing institution should complement the existing structure and provide additional options for students.

Directs the Washington state institute for public policy to evaluate and recommend to the legislature whether a four-year baccalaureate degree-granting institution should be created.

Requires the institute to: (1) Analyze data indicating demand for and access to four-year degrees, by geographic region; and

(2) Conduct a comprehensive review of existing estimates of state needs for specific degree programs.

Provides that, by December 1, 2005, the institute shall provide a report to the legislature and the governor recommending: (1) The type of four-year baccalaureate degree-granting institution to be created;

(2) The location for the new institution by city and county; and

(3) A schedule for constructing and staffing the new institution. In addition, the report shall estimate the costs to establish the new institution, including, but not limited to: Land acquisition, master plan, design and construction, staffing, and number of enrollments.

Registering private youth coaches.

Declares that: (1) The safety, health, and welfare of children and families of this state would benefit by the establishment of a uniform registration and disclosure system for all persons privately engaging in the business of providing, for compensation, athletic coaching services to persons under the age of eighteen; and

(2) A parent's or guardian's right to know of the criminal history background of any person providing or offering to provide athletic coaching services to their child far outweighs any right that the athletic coach may have to keep such matters secret or private.

Declares that it is unlawful for any person to advertise or offer to provide, engage in, conduct, or carry on the business of privately providing youth athletic coaching services in this state unless the person possesses a valid, unsuspended, and unexpired certificate of registration issued by the department under this act.

Provides that a person who violates this act is guilty of: (1) A gross misdemeanor if the person has no criminal conviction appearing on any criminal history background record as of the date of the violation; and

(2) A class C felony if the person has any criminal conviction for any offense appearing on any criminal history background record as of the date of the violation.

Provides that the director may require, by rule, any information and documentation that reasonably relates to the need to determine whether the applicant meets the criteria to be registered as a youth athletic coach.

Declares that an applicant must meet the following minimum requirements to obtain a certificate of registration as a youth athletic coach: (1) Be at least eighteen years of age;

(2) Be a citizen or resident alien of the United States;

(3) Have a place of business or residence located in the state;

(4) Submit a fully completed application on the form prescribed by the director, including a set of the applicant's fingerprints that are readable by the Washington state patrol criminal identification system under RCW 10.97.030 and 10.97.050 and through the federal bureau of investigation fingerprint check using a complete Washington state criminal identification fingerprint card.

SB 5881 by Senators Honeyford, Hargrove, Morton,
Mulliken, and Schoesler

Concerning a cougar survey and management program.

Finds that: (1) Washington's increasing cougar and human populations, and decreasing cougar habitat, create new management challenges;

(2) The Washington department of fish and wildlife, the agency with authority over cougar control, acknowledges responding to over five hundred complaints a year regarding urban sightings, attacks on livestock and pets, and cougar confrontations with humans;

(3) A 1996 initiative limited the hunting of cougars and some other species with the aid of bait or the use of hunting hound dogs, though the initiative did allow the state to authorize the use of hounds to control cougar populations for public safety; and

(4) The initiative has resulted in a reduction in the number of cougar harvested during the cougar hunting season, and this has in turn resulted in an increase in the number of cougar/human confrontations and cougar attacks on livestock and pets.

Declares an intent to initiate a survey of cougar populations and encounters to help the state and participating county legislative authorities create a dangerous cougar management program that minimizes cougar incidents and executes more timely and effective actions when incidents threaten public safety or property.

Requires the department of fish and wildlife to report survey results for each participating county to the fish and wildlife commission and the appropriate committees of the legislature by December 31, 2005. The report shall also recommend: (1) Legislative or other changes needed to improve the dangerous cougar management and incident response program;

(2) Methods to more effectively collect, share, and use incident reporting data to minimize cougar incidents and inform future cougar management decisions; and

(3) Legislative or other changes needed to foster more timely and effective response actions to protect public safety and property.

Companion Bill: 1952

Establishing a local government interoperability pilot program.

Declares that, while the pending interoperable communication standards established by the committee are advisory to local governments, it is important that local governments understand the importance of following the direction set by the committee. To assist local governments to understand this need and to motivate participation, the legislature is establishing a local government interoperability communication system pilot program.

Declares an intent to limit the pilot program to a county public safety agency that develops a funding partnership among federal, state, and local government.

Declares an intent that the pilot program demonstrate to local governments throughout the state of Washington the value of implementing the pending interoperability standards being established by the committee.

Provides that, on or before July 1, 2006, the state interoperability executive committee, in consultation with the information services board, shall award a five million dollar grant to one county public safety agency. The agency shall be part of a county with a population over four hundred thousand. The grant shall be designed to assist a county public safety agency with developing a communication system that is capable of interoperating with state agencies, and other local governments.

Provides that, to be eligible for the grant, the county public safety agency shall: (1) By July 1, 2006, be awarded, or prove intent to be awarded, a minimum of five million dollars from the federal government specifically for the purpose of partnering with the state of Washington to implement an interoperable communication system;

(2) Between July 1, 2004, and July 1, 2006, enact, by the vote of the people, a countywide measure to fund public safety

communication equipment that raises a minimum of five million dollars;

(3) Agree that all communication equipment purchased by the public agency, for the purposes of the pilot program, shall be digital equipment that complies with P25 standards established by the association of public safety communications officials, national association of state telecommunication directors, and federal government agencies, commonly referred to as "APCO/NASTD/FED"; and

(4) Comply with all current and future interoperability communication standards adopted by the state interoperability executive committee.

Provides that, if specific funding for the purposes of funding the grant under section 2 of this act, in an amount of at least five million dollars, is not provided by appropriation to the state interoperability executive committee on or before July 1, 2006, or if a grant is not awarded under section 2 of this act on or before July 1, 2006, the local government interoperability communication system pilot program is null and void.

Declares that secondary commercial fish receivers are persons possessing or controlling possession of fish and shellfish that have been or should have been recorded on fish receiving tickets, or have been or should have been recorded on aquatic farm production reports. Secondary commercial fish receivers include, but are not limited to, retail sales outlets, cold storage facilities, shippers, brokers, and other businesses that hold commercial fish and shellfish for other persons.

Provides that a person is guilty of a secondary commercial fish receiver's failure to account for commercial harvest if the person sells fish or shellfish at retail, stores or holds fish or shellfish for another, ships fish or shellfish, or brokers fish or shellfish, the fish or shellfish were required to be entered on a Washington state fish receiving ticket or a Washington aquatic farm production report, the person is not a wholesale fish dealer, fisher selling under a direct retail sale endorsement, or registered aquatic farmer, and the person fails to maintain records of each receipt of fish or shellfish at the location where the fish or shellfish are being sold, at the location where the fish or shellfish are being stored or held, or the principal place of business of the shipper or broker, or violates the recordkeeping requirements of this act.

SB 5893-S by Senate Committee on Natural Resources, Ocean & Recreation (originally sponsored by Senator Jacobsen)

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Declares that secondary commercial fish receivers are persons possessing or controlling possession of fish and shellfish that have been or should have been recorded on fish receiving tickets, or have been or should have been recorded on aquatic farm production reports. Secondary commercial fish receivers include, but are not limited to, retail sales outlets, cold storage facilities, shippers, brokers, and other businesses that hold commercial fish and shellfish for other persons.

Provides that a person is guilty of a secondary commercial fish receiver's failure to account for commercial harvest if the person sells fish or shellfish at retail, stores or holds fish or shellfish for another, ships fish or shellfish, or brokers fish or shellfish, the fish or shellfish were required to be entered on a Washington state fish receiving ticket or a Washington aquatic farm production report, the person is not a wholesale fish dealer, fisher selling under a direct retail sale endorsement, or registered aquatic farmer, and the person fails to maintain records of each receipt of fish or shellfish at the location where the fish or shellfish are being sold, at the location where the fish or shellfish are being stored or held, or the principal place of business of the shipper or broker, or violates the recordkeeping requirements of this act.

Companion Bill: 2166

Creating the joint legislative committee on water supply during drought.

Provides that the joint legislative committee on water supply during drought shall convene from time to time at the call of the chair when a drought conditions order under RCW 43.83B.405 is in effect, or when the chair determines, in consultation with the department of ecology, that it is likely that such an order will be issued within the next year.

Authorizes the committee to request and review information relating to water supply conditions in the state, and economic, environmental, and other impacts relating to decreased water supply being experienced or anticipated.

Provides that, during drought conditions in which an order issued under RCW 43.83B.405 is in effect, the department of ecology shall provide to the committee no less than monthly a report describing drought response activities of the department and other state and federal agencies participating on the water supply availability committee. The report shall include information regarding applications for, and approvals and denials of emergency water withdrawals and temporary changes or transfers of, water rights under RCW 43.83B.410.

Requires the committee from time to time to make recommendations to the senate and house of representatives on budgetary and legislative actions that will improve the state's drought response programs and planning.

Increasing coordination between the Puget Sound action team and other governmental entities.

(SUBSTITUTED FOR - SEE 1ST SUB)

Declares an intent to improve the overall efforts to conserve and recover Puget Sound by enhancing coordination and integration of the planning, budgeting, and program activities of entities with responsibilities under the Puget Sound conservation and recovery management plan. The goals of this act are to: (1) Foster and improve overall coordination and implementation of Puget Sound conservation and recovery efforts among all levels of government and the private sector, in part through developing and implementing the Puget Sound conservation and recovery management plan and biennial work plans;

(2) Improve the coordination among federal, state, local, and tribal agencies and initiatives in order to better set priorities, adopt and implement work plans for protecting and restoring Puget Sound, and allocate resources for these purposes;

(3) Adopt performance measures and improve accountability for results and expenditures in plan implementation;

(4) Prepare a budget that is scaled to appropriate timelines for achieving Puget Sound conservation, recovery, and prevention of further degradation, and ensure that this budget is considered when adopting state biennial budgets;

(5) Revitalize a Sound-wide planning and implementation framework that integrates all state agency activities with other Puget Sound protection and restoration activities;

(6) Increase citizen involvement and oversight; and

(7) Increase representation of nonstate agency interests and organized Puget Sound restoration programs on the Puget Sound council.

Declares it is the purpose of this act to strengthen the local government membership on the Puget Sound water quality action team, and to expand the assistance that the team provides to local governments carrying out elements of the Puget Sound plan.

Requires the council to conduct a review of the partnership's biennial work plan in October of each even-numbered year and shall include a budget review and recommendation cover letter to the document when it is presented to the appropriate policy and fiscal committees of the legislature in December. This letter shall specify, among other items, the council's recommendations on appropriate allocations among priorities in the work plan, on the overall levels of funding proposed, and on their adequacy in meeting the timelines established in this act.

Declares it is the intent of this act that each biennial operating appropriations act beginning with the 2005-07 biennium include funding for this program in an amount of five million dollars or more.

Provides that the powers, duties, and functions of the Puget Sound action team are transferred to the Puget Sound conservation and recovery partnership.

Creating a procedure for landlords to immediately evict tenants involved in criminal activity.

Finds that under existing landlord tenant laws, persons who are renting or leasing properties, as well as their agencies and neighbors of the properties, do not have means to immediately evict tenants involved in criminal actions.

Finds that with the absence of an immediate legal means to remove disruptive tenants, the property owners, agents, and neighbors suffer significant losses in the property and quiet enjoyment of their residence. These losses continue when disruptive tenants are allowed to remain on the premises pending court action, under existing unlawful detainer law.

Declares an intent to protect property owners, agents, and neighbors from further mental anguish, threats, physical harm, and financial loss by providing for the immediate eviction of persons committing criminal actions or unlawful civil disruptions based upon the findings of fact and the legal conclusions of a court of law.

Revising regulation of indoor smoking for the purpose of protecting minors and public health.

Provides that, where a designated smoking area, including a lounge or lounge area, is provided for in a place where bingo is conducted for a bona fide charitable or nonprofit organization as authorized under chapter 9.46 RCW, private facility, restaurant, bowling center, or card room or enhanced card room as authorized by this chapter, the area shall be either an enclosed area or the area shall have sufficient negative air pressure between the smoking and nonsmoking areas, which shall be separated by solid walls or windows, exclusive of doors or passageways that extend from the floor to a minimum of five feet in height between the smoking and nonsmoking area, so that environmental tobacco smoke is not permitted to flow into the nonsmoking area from the smoking area at all times.

Requires employers to disclose to a prospective employee that all or a portion of the facility that the prospective employee would work is a designated smoking area.

Provides that employees under the age of eighteen shall not be permitted to enter designated smoking areas at any time.

Declares that the state of Washington fully occupies and preempts the entire field of indoor smoking regulation within the boundaries of the state. Local laws and ordinances that regulate indoor smoking are preempted and repealed.

Provides that, for facilities that possess an occupancy permit from the applicable building official as of June 1, 2005, the requirements of this act apply January 1, 2007. Establishing the University of Washington school of law public service legal loan repayment assistance program.

(SUBSTITUTED FOR - SEE 1ST SUB)

Finds that it is in the best interest of the state to contribute funding to create a loan repayment assistance program at the University of Washington law school. It is the intent of the legislature in enacting this legislation to provide for the partial or full repayment of educational loans of University of Washington law school graduates who provide legal services in a public service area of the law.

Appropriates the sum of five hundred thousand dollars, or as much thereof as may be necessary, for the fiscal year ending June 30, 2006, from the general fund to the University of Washington school of law public service legal loan repayment assistance program for the purposes of this act.

Appropriates the sum of five hundred thousand dollars, or as much thereof as may be necessary, for the fiscal year ending June 30, 2007, from the general fund to the University of Washington school of law public service legal loan repayment assistance program for the purposes of this act.

Revising provisions pertaining to the use of scientific information
in the designation and protection of critical areas.

Finds that not all critical areas must be protected in the same
manner or to the same degree, as long as there is no net loss of the
structure, value, and functions of the natural systems to which the
critical areas contribute.

Declares an intent to ensure that local governments are guided
by reliable scientific information when they adopt policies and
development regulations regarding critical areas.

Does not intend to establish specific state or regional
standards or specific sources of scientific information.

Provides that counties and cities shall identify, collect, and
assess the available scientific information relevant to the critical
areas within their jurisdictions and determine which of that
information constitutes the best available science. Counties and
cities may generate scientific information through their own
efforts or accept or solicit scientific information from state and
federal agencies, universities, tribes, subject matter experts, and
the public participation process.

Requires counties and cities to identify the specific critical
areas policies and regulations adopted and the sources of best
available science used in the decision-making process.

Companion Bill: 1993

Ensuring that offender populations do not exceed prison capacity.

Declares an intent to: (1) Focus resources on sex offenders and violent offenders who pose the greatest risk to our communities, by reducing offender populations when such populations exceed the maximum operational capacity of facilities operated by the department of corrections; and

(2) Accomplish the reduction by releasing to community supervision solely low-risk offenders who have been convicted of certain nonviolent offenses and who are closest to the end of their sentences.

Directs the caseload forecast council, in consultation with the department of corrections, the sentencing guidelines commission, and the indeterminate sentence review board, to, by rule, establish a methodology for determining the maximum statewide operating capacity for correctional facilities operated by the department of corrections. The methodology must take into account methods for increasing facility capacity without making improvements or additions to infrastructure.

Requires the council to complete the methodology and report it to the legislature no later than December 1, 2005.

SB 5916-S2 by Senate Committee on Ways & Means (originally sponsored by Senators Schmidt, Esser, Finkbeiner, and Benson)

Exempting clean alternative fuel vehicles from sales and use tax.

(DIGEST AS ENACTED)

Provides that the tax levied by RCW 82.08.020 does not apply to sales of new passenger cars, light duty trucks, and medium duty passenger vehicles, which are exclusively powered by a clean alternative fuel.

Declares that, as used in this act, "clean alternative fuel" means natural gas, propane, hydrogen, or electricity, when used as a fuel in a motor vehicle that meets the California motor vehicle emission standards in Title 13 of the California code of regulations, effective January 1, 2005, and the rules of the Washington state department of ecology.

Provides that the tax levied by RCW 82.08.020 does not apply to sales of new passenger cars, light duty trucks, and medium duty passenger vehicles, which utilize hybrid technology and have a United States environmental protection agency estimated highway gasoline mileage rating of at least forty miles per gallon.

Provides that the provisions of chapter 82.12 RCW do not apply in respect to the use of new passenger cars, light duty trucks, and medium duty passenger vehicles, which are exclusively powered by a clean alternative fuel.

Enacting the Small Business Regulatory Flexibility Act.

Provides that a small business that is adversely impacted or aggrieved in connection with the adoption of a rule is entitled to judicial review of agency compliance with the requirements of chapter 19.85 RCW. A small business may seek that review during the period beginning on the date of final agency action.

Provides that, within five years of the effective date of this act, each agency shall review all agency rules existing at the time of the effective date of this act to determine whether to continue the rules without change or amend or repeal them to minimize

economic impact of the rules on small businesses in a manner consistent with the stated objective of applicable statutes. If the head of the agency determines that completion of the review of existing rules is not feasible by the established date, the agency shall publish in the state register a statement certifying that determination.

Requires rules that take effect on or after the effective date of this act to be reviewed within five years of the publication of the final rule in the state register and every five years after that to ensure that they minimize economic impact on small businesses in a manner consistent with the stated objectives of applicable statutes.

Provides that, in reviewing rules to minimize their economic impact on small businesses, the agency shall consider the: (1) Continued need for the rule;

(2) Nature of complaints or comments received concerning the rule from the public;

(3) Complexity of the rule;

(4) Extent to which the rule overlaps, duplicates, or conflicts with other federal, state, and local governmental rules; and

(5) Length of time since the rule has been evaluated or the degree to which technology, economic conditions, or other factors have changed in the area affected by the rule.

Establishes the small business regulatory review committee within the department of community, trade, and economic development.

Repeals RCW 19.85.040 and 19.85.050.

Improving government management, accountability, and performance.

(SEE ALSO PROPOSED 1ST SUB)

Provides that: (1) Each state agency shall, within available funds, develop and implement a management, accountability, and performance system to improve the public services it provides.

(2) Each agency shall ensure that managers and staff at all levels are engaged in the system and shall provide managers and staff with the training necessary for successful implementation.

(3) Each agency shall, within available funds, ensure that its management, accountability, and performance system: (a) Uses strategic business planning to establish goals, objectives, and activities consistent with the priorities of government, as provided in statute;

(b) Engages stakeholders and customers in establishing service requirements and improving service delivery systems;

(c) Includes clear, relevant, and easy-to-understand measures for each activity;

(d) Gathers, monitors, and analyzes activity data;

(e) Uses the data to evaluate the effectiveness of programs to manage process performance, improve efficiency, and reduce costs;

(f) Establishes performance goals and expectations for employees that reflect the organization's objectives; and provides for regular assessments of employee performance;

(g) Uses activity measures to report progress toward agency objectives to the agency director at least quarterly;

(h) Where performance is not meeting intended objectives, holds regular problem-solving sessions to develop and implement a plan for addressing gaps; and

(i) Allocates resources based on strategies to improve performance.

Requires state agencies whose chief executives are appointed by the governor to report to the governor on agency performance at least quarterly.

Provides that the governor shall report annually to citizens on the performance of state agency programs. The governor's report

shall include: (1) Progress made toward the priorities of government as a result of agency activities; and

(2) Improvements in agency management systems, fiscal efficiency, process efficiency, asset management, personnel management, statutory and regulatory compliance, and management of technology systems.

SB 5921-S by Senate Committee on Government Operations & Elections (originally sponsored by Senators Kastama, Kohl-Welles, Rockefeller, and Rasmussen; by request of Governor Gregoire)

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Finds that: (1) Citizens demand and deserve accountability of public programs and activities. Public programs must continuously improve accountability and performance reporting in order to increase public trust.

(2) Washington state government agencies must continuously improve their management and performance so citizens receive maximum value for their tax dollars.

(3) The application of best practices in performance management has improved results and accountability in many Washington state agencies and other jurisdictions.

(4) All Washington state agencies must develop a performance-based culture that can better demonstrate accountability and achievement.

Provides that each state agency shall, within available funds, develop and implement a quality management, accountability, and performance system to improve the public services it provides.

Requires state agencies whose chief executives are appointed by the governor to report to the governor on agency performance at least quarterly.

Directs the governor to report annually to citizens on the performance of state agency programs. The governor's report shall include: (1) Progress made toward the priorities of government as a result of agency activities; and

(2) Improvements in agency quality management systems, fiscal efficiency, process efficiency, asset management, personnel management, statutory and regulatory compliance, and management of technology systems.

Provides that, starting no later than 2008, and at least once every three years thereafter, each agency shall apply to the Washington state quality award, or similar organization, for an independent assessment of its quality management, accountability, and performance system.

Requires the senate and house of representatives to each develop and implement quality improvement programs as described under this act by June 30, 2005, and shall report the results of these efforts to the leadership of each major political party caucus within its respective house.

Encourages the supreme court to develop and implement quality improvement programs, as described under this act, for the judicial branch of government, by June 30, 2005, and shall report the results of these efforts to the chief justice. The programs may be implemented directly by the supreme court or may be delegated to the administrator for the courts.

SB 5922 by Senators Stevens, Hargrove, Roach, Schmidt, Zarelli, Carrell, and Finkbeiner

Changing procedures for investigations of child abuse or neglect.

(SUBSTITUTED FOR - SEE 1ST SUB)

Declares an intent to ensure the integrity of medical and other health care records used by the state to evaluate the risk of harm to children in their care.

Provides that the training of child protective workers shall include but is not limited to the worker's legal duties to protect the constitutional and statutory rights of a child and the child's family member throughout the child and family member's period of involvement with the department beginning with the child abuse report and ending with the department's closure of the case. The curriculum used for the training shall specifically include instruction on the fourth amendment to the Constitution of the United States and parents' legal rights.

SB 5922-S by Senate Committee on Human Services & Corrections (originally sponsored by Senators Stevens, Hargrove, Roach, Schmidt, Zarelli, Carrell, and Finkbeiner)

(DIGEST AS ENACTED)

Provides that the department shall notify the parent, guardian, or legal custodian of a child of any allegations of child abuse or neglect made against such person at the initial point of contact with such person, in a manner consistent with the laws maintaining the confidentiality of the persons making the complaints or allegations. Investigations of child abuse and neglect should be conducted in a manner that will not jeopardize the safety or protection of the child or the integrity of the investigation process.

Requires the department to provide training to all department personnel who conduct investigations under this act that shall include, but is not limited to, training regarding the legal duties of the department from the initial time of contact during investigation through treatment in order to protect children and families.

Finds that whenever possible, children should remain in the home of their parents. It is only when the safety of the child is in jeopardy that the child should be removed from the home.

Declares an intent that the department of social and health services be permitted to intervene in cases of chronic neglect where the health, welfare, or safety of the child is at risk.

Declares an intent that, when chronic neglect has been found to exist in a family, the legal system reinforce the need for the parent's early engagement in services that will decrease the likelihood of future neglect. However, if the parents fail to comply with the offered necessary and available services, the state has the authority to intervene to protect the children who are at risk. If a parent fails to engage in available substance abuse or mental health services necessary to maintain the safety of a child or a parent fails to correct substance abuse deficiencies that jeopardize the safety of a child, the state has the authority to intervene to protect a child.

Provides that, in any case in which the court orders that a dependent child may be returned to or remain in the child's home, the in-home placement shall be contingent upon the following: (1) The compliance of the parents with court orders related to the care and supervision of the child, including compliance with an agency case plan; and

(2) The continued participation of the parents, if applicable, in available substance abuse or mental health treatment if substance abuse or mental illness was a contributing factor to the removal of the child.

Provides that, if the department, upon investigation of a report that a child has been abused or neglected as defined in chapter 26.44 RCW, determines that the child has been subject to negligent treatment or maltreatment, the department may offer services to the child's parents, guardians, or legal custodians to: (1) Ameliorate the conditions that endangered the welfare of the child; or

(2) Address or treat the effects of mistreatment or neglect upon the child.

Declares that nothing in this act precludes the department from filing a dependency petition as provided in chapter 13.34 RCW if it determines that such action is necessary to protect the child from abuse or neglect.

Declares that nothing in this act shall be construed to create in any person an entitlement to services or financial assistance in paying for services or to create judicial authority to order the provision of services to any person or family if the services are unavailable or unsuitable or if the child or family is not eligible for such services.

VETO MESSAGE ON SB 5922-S

May 17, 2005

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning, without my approval as to Sections 7 and 8, Engrossed Substitute Senate Bill No. 5922 entitled:

The 2005-2007 state operating budget as passed by the Legislature does not include all of the funding that the Department of Social and Health Services' (DSHS) Children's Administration has initially estimated would be needed for full implementation of this bill. I am directing the Children's Administration to develop a policy for staff to provide guidance in identifying and prioritizing those cases involving allegations of chronic neglect that staff will be authorized to provide enhanced services to within the limits of new funding specifically appropriated for this purpose in the budget.

Section 7 specifies that, as regards to reports of child abuse or neglect, evidence of a parent's substance abuse as a contributing factor shall be considered to present an imminent risk of serious harm to the child. The DSHS' child protective services investigators are required to respond to all reports indicating an imminent risk of serious harm to a child within twenty-four hours. Elevating all reports in which substance abuse is alleged to imminent risk is unnecessary. Parental substance abuse is already one of the factors considered when determining the risk level of the referral. Automatically coding all cases with substance abuse as imminent risk cases will lead to focusing emergent investigative resources on non-emergent cases.

Section 8 requires the DSHS to complete a report regarding issues associated with implementation of this bill by December 1, 2006. The bill does not take effect, however, until January 1, 2007.

For these reasons, I have vetoed Sections 7 and 8 of Engrossed Substitute Senate Bill No. 5922.

With the exception of Sections 7 and 8, Engrossed Substitute Senate Bill No. 5922 is approved.

Respectfully submitted,
Christine O. Gregoire
Governor

SB 5932 by Senators Esser and Schmidt

Creating a housing allowance program for public school teachers.

Declares that, as the disparity in the cost-of-living between school districts across the state has grown in recent years, the purchasing power of equalized salaries has become more disparate for K-12 employees. A major contributor to these costs is housing. The purpose of this act is to authorize a housing allowance for public school teachers in order to encourage these employees to live in the districts in which they work.

Provides that school districts may provide a housing allowance for public school teachers with revenues raised from a housing allowance levy authorized under this act.

SB 5934 by Senators Parlette and Jacobsen

Authorizing a limited ceremonial and subsistence fishery for the Wenatchi Indians.

Finds that the Wenatchis have been repeatedly promised in multiple agreements a fishery in their aboriginal territory and that the establishment of such a fishery would benefit the Wenatchi people.

Finds that it is important to recognize the cultural importance of salmon fishing to only the Wenatchi Indians by authorizing these people a ceremonial and subsistence fishery, while also preserving the state's ability to conserve and manage the salmon resource.

Directs the department to work with the Wenatchi members of the Confederated Tribes of the Colville Reservation, as identified by the Colville business council, to identify an area to take salmon for ceremonial and subsistence purposes in either the Icicle river or Wenatchee river.

Declares that the permit system shall provide that permits must be issued to up to fifty Wenatchi members of the Confederated Tribes of the Colville Reservation as identified by the Colville business council.

Provides that the rules adopted by the department shall support and protect the federal reclamation project water supplies and provide for the need to construct, operate, and maintain the federal reclamation project as a system unimpaired by incompatible, nonagricultural aquatic uses. The use attainability analysis conducted under this act and the resulting designated uses may be applied to all other water bodies within the boundaries of the federal reclamation project that have similar construction, operation, and maintenance characteristics without the need to conduct separate use attainability analysis to establish the designated uses of such water bodies.

-- 2005 REGULAR SESSION --

Feb 15 First reading, referred to Water, Energy & Environment.

SB 5938 by Senators Rasmussen, Schmidt, McAuliffe, Berkey, Jacobsen, Kohl-Welles, Regala, and Shin

Companion Bill: 1659

Creating the joint select committee on equitable opportunity for all.

Recognizes that research from the office of the superintendent of public instruction concludes that low-income and minority students encounter fewer opportunities to learn, inadequate instruction and support, and lower expectations from their schools and teachers, and that schools are not sufficiently inclusive of all cultures represented in the state's public schools.

Finds that the academic achievement gap is the result of many factors, including poverty, educational opportunity of parents, recent immigration, family mobility, societal and institutional bias, and the fact that English is not the primary language in many homes.

Finds that in order to close the achievement gap, the educational system will need to change how it approaches learning and teaching through a greater understanding of the impact of language, culture, race, and poverty on student achievement.

Declares that closing the achievement gap will require a comprehensive and coordinated approach designed to: (1) Create more learning environments that are intolerant of racism and exclusion and in which high expectations are held for all students;

(2) Develop curricula and teaching practices that recognize the differences in ethnicity, language, and culture; and

(3) Require that teacher training and professional development programs include opportunities to learn cultural responsiveness skills and effective instructional strategies that are successful in raising the academic achievement of traditionally underachieving students.

Creates the joint select committee on equitable opportunity for all.

Requires the joint select committee to report its findings and recommendations, including a reasonable timeline for implementation that is prioritized based on existing efforts already under way and the resources necessary to fully implement the action item, by September 1, 2006, to the senate committee on early learning, K-12 and higher education and the house of representatives committee on education. The report shall include a determination of the actions and resources necessary to complete the action steps in this act, including whether existing basic education moneys can be used and the amount of additional funding needed.

SB 5959 by Senator Jacobsen

Concerning the use of state-owned aquatic lands by a governmental entity.

Amends RCW 79.90.460 to provide that a use by a governmental entity for a public benefit, including, but not limited to public parks, uses for public recreation purposes, water-related public safety uses, and governmentally owned public utility lines, shall have top priority.

Provides that use of state-owned aquatic lands shall be granted without charge when the primary use is for water-related public safety operations, including, but not limited to fire boats and harbor patrols.

Provides that use of state-owned aquatic lands shall be granted without charge if the primary use is for a public park or public recreation purposes and the state-owned aquatic lands and improvements are available to the general public on a first-come, first-served basis and are not managed to produce a profit for the governmental operator. The use shall be granted without charge whether or not a concessionaire, lessee, or contractor to the governmental operator makes a profit, and whether or not the public is charged a fee.

Authorizes the department to lease state-owned tidelands that are in front of state parks only with the approval of the state parks and recreation commission. The department may lease bedlands in front of state parks only after the department has consulted with the state parks and recreation commission.

Provides that when a use is granted under this act to a governmental entity, the department shall not place conditions on the use that address the same subjects as a permit or other authorization issued by a state agency, including, but not limited to, permits for hydraulic projects, discharge permits, and authorizations for sediment caps. The governmental entity that is granted use of state-owned aquatic lands is not required to

indemnify the department except for damages resulting from the governmental entity's own fault.

SB 5961 by Senators Rasmussen and Shin

Requiring proper management of livestock mortalities.

Finds that federal rule, 40 C.F.R. Sec. 122.42, requires concentrated animal feeding operations have as a part of their nutrient management plans a component that ensures proper management of mortalities and that these plans be developed and implemented by December 31, 2006. If this deadline is not met, the operations may be subject to fines for failure to comply with this requirement.

Finds that currently there is no clear direction in state policy as to what will be considered proper management.

Declares that rules that establish what constitutes proper management need to be developed with sufficient lead time so that the requirements can be incorporated into livestock nutrient management plans and be implemented by the federally established deadline.

Requires the department of agriculture to develop rules to assure the proper management of all nonemergency livestock carcass disposals in the state to fulfill the requirement of 40 C.F.R. Sec. 122.42. The department shall adopt these rules in consultation with the department of ecology, the department of health, and other applicable regulatory entities. The rule adopted under this act shall be the exclusive state requirement to meet 40 C.F.R. Sec. 122.42(1)(ii). The department shall adopt emergency rules to implement this act by August 30, 2005.

SB 5962 by Senators Haugen, Schoesler, Rasmussen, Morton, Shin, and Delvin

Protecting customary agricultural practices against nuisance actions. (REVISED FOR ENGROSSED: Concerning customary agricultural practices.)

(DIGEST AS ENACTED)

Provides that, if a farmer prevails in any action, claim, or counterclaim that alleges agricultural activity on a farm to be a nuisance, or that is based on an unverified complaint, the farmer may recover the full amount of costs and expenses determined by the court to have been reasonably incurred by the farmer in defending against the action, claim, or counterclaim.

Provides that, if the court finds that the action, claim, or counterclaim was initiated maliciously and without probable cause, the farmer may also recover exemplary damages.

Authorizes a court to order the person making an unverified complaint to pay the investigating agency its full investigative costs.

Declares that, as used in this act, "unverified complaint" means a complaint filed by a person in which agricultural activity on a farm is alleged to have violated specified laws, rules, or ordinances and upon investigation the investigating agency or a court determines that the farm is in conformity with the specified laws, rules, or ordinances allegedly violated and the complaint was unfounded at the time it was initiated.

Requires a seller of real property located within one mile of the property boundary of a farm or farm operation to make available to the buyer the following statement: "This notice is to inform prospective residents that the real property they are about to acquire lies within one mile of the property boundary of a farm. The farm may generate usual and ordinary noise, dust, odors, and other associated conditions, and these practices are protected by the Washington right to farm act."

SB 5963 by Senators Rasmussen, Schoesler, Shin, and Delvin
 Creating a task force to study livestock information security.

(SEE ALSO PROPOSED 1ST SUB)

Finds that there is a new national emphasis on the development of mechanisms for tracking the origin of the food supply for food safety and homeland security purposes. Systems are being developed for the registration of livestock premises and identification of livestock for disease trace-back and trace-forward purposes for protection of human and livestock health. In addition, there are requirements for increased reporting and for preparation of detailed farm plans for livestock operations for protection of state waters.

Finds that successful implementation of each of these systems will require submission to public agencies of significant information from livestock operations that had previously been deemed to be solely private information.

Finds that while pursuing one set of public policy objectives, care needs to be given to ensure that another set of public policy objectives are not unduly compromised.

Requires that, by December 15, 2005, the task force shall provide an interim report of its recommendations, including draft legislation to implement the recommendations, regarding documents produced to implement the livestock nutrient management program. By December 15, 2006, the task force shall provide a final report of its recommendations, including draft legislation to implement the recommendations, regarding documents produced to implement the livestock disease trace-forward and trace-back system. The reports shall be submitted to the chief clerk of the house of representatives and the secretary of the senate.

Expires June 30, 2007.

Companion Bill: 2131

Concerning the master licensing service.

Provides that, subject to the availability of amounts appropriated for this specific purpose, the department shall administer a performance-based grant program that provides funding assistance to public agencies that issue business licenses and that wish to join with the department's master licensing service.

Authorizes the department to determine among interested grant applicants the order and the amount of the grant. In making grant determinations, consideration must be given, but not limited to, the following criteria: Readiness of the public agency to participate; the number of renewable licenses; and the reduced regulatory impact to businesses subject to licensure relative to the overall investment required by the department.

Requires the department to invite and encourage participation by all Washington city and county governments having interests or responsibilities relating to business licensing.

Declares that the total amount of grants provided under this act may not exceed seven hundred fifty thousand dollars in any one fiscal year.

Declares that the source of funds for this grant program is the master license account.

- SB 5983-S** by Senate Committee on Early Learning, K-12 & Higher Education (originally sponsored by Senators Pflug, Schmidt, Esser, Delvin, and Benson)
(DIGEST AS ENACTED)
Recognizes the importance of ongoing professional development and growth for teachers with the goal of improving student achievement.
Declares an intent to ensure that professional certification is administered in such a way as to ensure that the professional development and growth of individual teachers is directly aligned to their current and future teaching responsibilities as professional educators.
Requires the agency responsible for educator certification to adopt rules for professional certification that identify an evaluation process of approved programs that includes a review of the program coursework and applicant coursework load requirements, linkages of programs to individual teacher professional growth plans, linkages to school district and school improvement plans, and, to the extent possible, linkages to school district professional enrichment and growth programs for teachers, where such programs are in place in school districts. The agency shall provide a preliminary report on the evaluation process to the senate and house of representatives committees on education policy by November 1, 2005. The board shall identify:
(1) A process for awarding conditional approval of a program that shall include annual evaluations of the program until the program is awarded full approval;
(2) A less intensive evaluation cycle every three years once a program receives full approval unless the responsible agency has reason to intensify the evaluation;
(3) A method for investigating programs that have received numerous complaints from students enrolled in the program and from those recently completing the program;
(4) A method for investigating programs at the reasonable discretion of the agency; and
(5) A method for using, in the evaluation, both program completer satisfaction responses and data on the impact of educators who have obtained professional certification on student work and achievement.

Modifying self-insurer assessments under the second injury fund.

(SUBSTITUTED FOR - SEE 1ST SUB)

Provides that the experience rating factor must provide equal weight to the ratio between payments made by the second-injury fund for claims of the self-insurer to the total payments made by the second-injury fund by all self-insurers for the prior three fiscal years and the ratio of workers' compensation claim payments under this title made by the self-insurer to the total worker's compensation payments made by all self-insurers under this title for the prior three fiscal years. This average must be divided by the latter ratio to arrive at the experience factor.

Applies to self-insurer assessments for the industrial insurance second injury fund that are imposed on or after July 1, 2008.

SB 5992-S by Senate Committee on Labor, Commerce, Research & Development (originally sponsored by Senators Kohl-Welles and Parlette)

(DIGEST AS ENACTED)

Provides that the experience rating factor must provide equal weight to the ratio between payments made by the second-injury fund for claims of the self-insurer to the total payments made by the second-injury fund by all self-insurers for the prior three fiscal years and the ratio of workers' compensation claim payments under this title made by the self-insurer to the total worker's compensation payments made by all self-insurers under title 51 RCW for the prior three fiscal years. This average must be divided by the latter ratio to arrive at the experience factor.

Provides that, if the outcome study conducted by the department of labor and industries under this act shows a negative impact of fifteen percent or more to workers following claim closure among nonpension self-insured claimants, 2005 c ... s 1 (section 1 of this act) expires June 30, 2013.

Directs the department to conduct an outcome study of the experience rating system established in 2005 c ... s 1 (section 1 of this act). In conducting the study, the department must: (1) Compare the outcomes for workers of self-insured employers whose industrial insurance claims with temporary total disability benefits for more than thirty days are closed between July 1, 2002, and June 30, 2004, with similar claims of workers of self-insured employers closed between July 1, 2009, and June 30, 2011;

(2) Study whether the workers potentially impacted by the experience rating program have improved return-to-work outcomes, whether the number of impacted workers found to be employable increases, whether there is a change in long-term disability outcomes among the impacted workers, and whether the number of permanent total disability pensions among impacted workers is affected and, if so, the nature of the impact; and

(3) Develop, in consultation with representatives of the impacted workers and the self-insured community, a study methodology that must be provided to the workers' compensation advisory committee for review and comment. The study methodology must include appropriate controls to account for economic fluctuation, wage inflation, and other independent variables.

Requires the department to report to the appropriate committees of the legislature by December 1, 2012, on the results of the study.

Regarding decisions by regional committees on school district organization.

Finds that the citizens of Washington have long enjoyed the right to petition for a transfer of territory between one school district and another and to have their petition decided upon by a neutral body separate from either school district. Recent legislation intended to encourage decisions about school boundaries to be made at the local level by the affected school boards was not intended to abrogate the right of citizens to have their petition heard and decided by the educational service district regional committee.

SB 6004 by Senators Franklin, Kline, and Kohl-Welles

Authorizing an intangible personal property tax.

Finds that intangible wealth, such as stocks and bonds, represents approximately one-fourth to one-third of all property wealth with a taxable situs in this state.

Finds that the present system of taxing all tangible property with limited exceptions and of exempting all intangible property from taxation is regressive, in that such a system inures to the benefit of the more affluent residents and businesses in Washington who have sufficient wealth to make substantial investments in or own substantial intangible property.

Finds that while the transfer, sale, or use of tangible personal property is subject to various excise taxes in the state of Washington, as a general rule, no comparable taxes are imposed on intangible property.

Finds that persons of limited wealth with limited income may own intangible property and for this reason relatively small holdings of intangible property should be exempt from any tax on the ownership of intangible property.

Declares the purpose of this act is to subject intangible personal property to a tax on the privilege of ownership of the property, subject to the exemptions contained in this chapter for the limited intangible holdings of individuals, in order to provide a more equitable and fair system of taxation of both tangible and intangible wealth in this state.

Companion Bill: 2155

Regarding preservation of state publications by the state library services.

(SEE ALSO PROPOSED 1ST SUB)

Recognizes that an informed citizenry is indispensable to the proper functioning of a democratic society. It is the basic right of citizens to know about the activities of their government, to benefit from the information developed at public expense, and to have permanent access to the information published by state agencies.

Declares that the state library within the office of the secretary of state should ensure permanent public access to public state government publications, regardless of the format, and prescribe the conditions for use of state publications in depository libraries.

SB 6006 by Senators Honeyford, Mulliken, and Parlette

Modifying voter registration provisions.

Provides that a person or organization collecting voter registration application forms may not make a photocopy or any other replication of the voter registration form unless authorized to do so under the provisions of chapter 29A.08 RCW.

Provides that no election official, including county auditors and their staff or assistants, may mark or otherwise alter a blank voter registration form with the purpose of identifying the individual or organization to whom the forms were given.

Provides that any person who knowingly photocopies or otherwise duplicates a completed voter registration form without authorization is guilty of a class C felony punishable under RCW 9A.20.021. This provision does not apply when the person duplicating the form is the same person listed on the voter registration form.

-- 2005 REGULAR SESSION --

SB 6007 by Senators Finkbeiner and Stevens

Increasing child safety by requiring transition services in child placement matters.

Finds that all children, but particularly the youngest children, are harmed by multiple placements and the lack of a permanent home. Therefore, the legislature finds that when children are in out-of-home placement and subsequently returned to their parents more than three times, a petition for termination of parental rights must be filed, if in the best interests of the child.

Provides that, if the department fails to comply with the transition services requirements in chapter 13.34 RCW, any aggrieved person may institute proceedings for injunctive or other appropriate relief for enforcement of the requirement to provide evidence-based transition services. These proceedings may be instituted in the superior court for the county in which the person resides, or, if the person is not then a resident of this state, in the superior court for Thurston county.

Declares that in a proceeding under this act, the court shall enforce obedience to the requirement to provide evidence-based transition services by enjoining compliance upon the secretary. The court may issue such writs and processes as are necessary to carry out its orders and may award a penalty of up to one thousand dollars and reasonable attorneys' fees and court costs to the aggrieved person who instituted the proceedings.

Companion Bill: 2030

Revising provisions relating to guardianship of dependent children.

(SEE ALSO PROPOSED 1ST SUB)

Finds that guardianship can be an appropriate permanent plan for some children who have been found to be dependent children under chapter 13.34 RCW and who cannot live with their parents.

Declares an intent to strengthen stability and permanency for children by recognizing the value of a guardianship placement with relatives or other long-term caregivers, dismissal of dependencies, elimination of the need for continued governmental intervention in family life, and provision of support to the guardianship.

SB 6008-S by Senate Committee on Human Services & Corrections (originally sponsored by Senators Hargrove, Stevens, and Rasmussen; by request of Department of Social and Health Services)

SB 6013 by Senator Fraser

Studying the hazards of unused trailer hitches.

Requires the Washington traffic safety commission to conduct a study regarding the safety hazards, and potential property damage, resulting from the failure to remove unused trailer hitches from motor vehicles. At a minimum, the study must include the estimated frequency at which motorists fail to remove trailer hitches when not in use, the potential hazards this activity presents to pedestrians, and the estimated cost of property damage that results from protruding unused trailer hitches.

Requires the commission to consider the applicability of RCW 46.37.517, prohibiting certain vehicle protrusions hazardous to pedestrians, and whether, given the breadth of the statute, legislative recommendations are in order. The commission shall submit results, including any legislative recommendations, to the transportation committees of the legislature by January 1, 2006.

SB 6014 by Senators Kline, Parlette, Kohl-Welles, and Keiser
Concerning industrial insurance claims made due to disaster response.

(SUBSTITUTED FOR - SEE 1ST SUB)

Provides that, in the event of an emergency or disaster as defined in RCW 38.52.010(6)(a), if the private sector is asked by state or local municipalities to assist in the life and rescue phase, claim costs incurred as a result of any ensuing injuries shall not be charged to the employer of record.

Declares that, for the purposes of this act, "life and rescue phase" means the first seventy-two hours after the occurrence of a natural or man-made disaster in which a state or municipal corporation, including law enforcement, acknowledges or declares such a disaster and requests assistance from the private sector in locating and rescuing survivors. The initial life and rescue phase may be extended for a finite period of time by declaration of the state or municipal corporation.

SB 6014-S by Senate Committee on Labor, Commerce, Research & Development (originally sponsored by Senators Kline, Parlette, Kohl-Welles, and Keiser)

(DIGEST AS ENACTED)

Provides that when a worker of a nongovernment employer is injured or develops an occupational disease due to an exposure while assisting in the life and rescue phase of an emergency, in response to a request for assistance from a state or local government entity, including fire service or law enforcement, the cost of benefits shall be reimbursed from the disaster response account, RCW 38.52.105, to the appropriate workers' compensation fund, or to the self-insured employer, as the case may be. The cost of such injuries or occupational diseases shall not be charged to the experience record of a state fund employer.

Declares that, for the purposes of this act, "life and rescue phase" means the first seventy-two hours after the occurrence of a natural or man-made disaster in which a state or municipal corporation, including law enforcement, acknowledges or declares such a disaster and requests assistance from the private sector in locating and rescuing survivors. The initial life and rescue phase may be extended for a finite period of time by declaration of the state or municipal corporation.

Authorizes the department of labor and industries to adopt rules to implement this act.

Creating a committee to evaluate high occupancy toll lanes.

Declares an intent to evaluate the feasibility of toll lanes, including high occupancy toll lanes, for new and replacement vehicle capacity on Interstate 405, state route 520, and the section of state route 99 known as the Alaskan Way Viaduct. The Interstate 405 study shall examine both currently funded and proposed projects.

Declares that this act takes effect August 1, 2005, if specific funding for the purposes of this act, referencing this act by bill or chapter number, is provided by June 30, 2005, in the transportation appropriations act. If specific funding is not provided by June 30, 2005, this act is null and void.

SB 6018 by Senators Keiser, Kohl-Welles, Thibaudeau, Rasmussen, McAuliffe, and Spanel; by request of Governor Gregoire

Companion Bill: 2069

Expanding access to insurance coverage through the small business assist program.

Finds that many small employers struggle with the cost of providing employer-sponsored health insurance coverage to their employees and their employees' families, while others are unable to offer employer-sponsored health insurance due to its high cost. Low-wage workers also struggle with the burden of paying their share of the costs of employer-sponsored health insurance, while others turn down their employer's offer of coverage due to its costs.

Finds that limitations on access to health care services for enrollees in the state, such as in rural and underserved areas, are particularly challenging.

Declares an intent to authorize the administrator to develop alternative purchasing strategies to ensure access to enrollees of the programs administered under this chapter in all areas of the state, including but not limited to: (1) The use of differential rating for managed health care systems based on geographic differences in costs; and

(2) Self-insurance in areas where adequate access cannot be ensured through other options.

Creates the small business assist program under the Washington state health care authority.

Declares an intent that the small business assist program offer affordable health care coverage to small employers, their employees, and dependents if the employer has not provided health care coverage for at least six months as of the time of application. Prior employer-sponsored coverage as a subsidized enrollee in the basic health plan shall not be considered employer group coverage.

Companion Bill: 2186

Facilitating interlocal agreements for court services among municipalities.

Finds that, in an effort to create beneficial arrangements for the provision of municipal court services, and to provide such court services as economically as possible, some cities are contracting with each other for municipal court services, with some services being performed outside the contracting city's corporate boundaries.

Declares an intent to make explicitly clear that current law allows such arrangements for municipal court services and to give notice of the availability of this practice.

Provides that any municipality may operate a municipal court formed under chapter 3.50 RCW with one or more other municipalities that have formed municipal courts consistent with this chapter if such courts are located in whole or in part within the same county, pursuant to an interlocal agreement under chapter 39.34 RCW.  Financing local economic development projects.

(SEE ALSO PROPOSED 1ST SUB)

Finds that, in many areas of the state, the lack of necessary infrastructure and vacant brownfields act as an impediment to economic growth.

Finds that public improvements to brownfields, carried out in accordance with local economic development plans, will encourage investment in job-producing private development and will expand the public tax base.

Declares an intent to promote and facilitate the orderly development and economic stability of communities in the state. It is the purpose of this chapter to provide financial resources to assist local jurisdictions in the financing of public improvements which are needed to encourage private development where this development would not otherwise occur due to the presence of contaminated property and other environmental considerations.

Provides that local jurisdictions with local economic development projects approved by the department of community,

trade, and economic development as provided under this act may enter into an agreement with the Washington economic development finance authority regarding the issuance of bonds for the purpose of financing local economic development project costs. Such agreement shall require that the local jurisdiction impose a leasehold excise tax and pledge the proceeds of all leasehold excise taxes imposed on and collected with respect to property associated with the completed local economic development project to the payment of these bonds.

Creates the local economic development project financing account in the state treasury. The proceeds of all leasehold excise taxes imposed on and collected with respect to property associated with a completed local economic development project shall be deposited into the local economic development project financing account.

SB 6046-S by Senate Committee on International Trade & Economic Development (originally sponsored by Senators Shin and Rasmussen)

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Finds that, in many areas of the state, the lack of necessary infrastructure and vacant brownfields act as an impediment to economic growth.

Finds that public improvements to brownfields, carried out in accordance with local economic development plans, will encourage investment in job-producing private development and will expand the public tax base.

Declares an intent to promote and facilitate the orderly development and economic stability of communities in the state. It is the purpose of this chapter to provide financial resources to assist local jurisdictions in the financing of public improvements which are needed to encourage private development where this development would not otherwise occur due to the presence of contaminated property and other environmental considerations.

Provides that local jurisdictions with local economic development projects approved by the department of community, trade, and economic development as provided under this act may enter into an agreement with the Washington economic development finance authority regarding the issuance of bonds for the purpose of financing local economic development project costs. The agreement shall require that the local jurisdiction: (1) Collect from any lessee of property associated with a local economic development project a payment in an amount at least equal to all leasehold excise taxes that would be imposed on and collected with respect to property associated with the completed local economic development project but for the exemption granted by this act;

(2) Pledge the cleanup payments collected to the payment of these bonds; and

(3) Stop collection of cleanup payments when the bond obligations have been satisfied and notify the lessee of the obligation to pay any leasehold excise taxes which may be due subsequently.

Creates the local economic development project financing account in the state treasury. The proceeds of all leasehold excise taxes imposed on and collected with respect to property associated with a completed local economic development project shall be deposited into the local economic development project financing account.

Declares that all leasehold interests in completed local economic development projects financed under this act are exempt from tax under chapter 82.29A RCW for the period of time lessees are making cleanup payments as required by this act.

SB 6047 by Senators Brandland and Rasmussen

Concerning the removal of gravel from waterways to reduce flooding.

Authorizes the legislative authority of any county to remove gravel from streams or other watercourses consistent with the terms of the programmatic permit issued by the department of fish and wildlife under this act when the gravel removal is deemed by the county legislative authority to be beneficial in reducing the impact of potential flooding.

Provides that the legislative authority of a county may only exercise the authority granted under this act to remove gravel from streams or other watercourses if the area of the county from which the gravel is to be removed is not within the jurisdiction of an active diking district organized under chapter 85.05 RCW or an active flood control district organized under chapter 86.09 RCW.

Provides that flood control districts, diking districts, and counties shall not require written approval under chapter 77.55 RCW for the removal of gravel from streams or other watercourses when the gravel removal is deemed by the county legislative authority, flood control district board of directors, or diking district board of commissioners to be beneficial in reducing the impact of potential flooding and when the gravel removal operation is conducted under a programmatic permit issued under this section.

Requires the department to develop a programmatic permit for the removal of gravel from watercourses by counties, diking districts, and flood control districts by August 1, 2005. The permit developed under this act remains valid for at least five years from its implementation date, and may include the following requirements: (1) Dates when the gravel removal may be conducted;

(2) Specifications as to where the gravel removal may be conducted;

(3) Requirements for notification to the department that gravel removal will be conducted; and

(4) Specifications on allowable methods for removing gravel.

SB 6055 by Senator Kline

Establishing a commission on psychoactive substance control.

Declares an intent to establish a special consultative body to provide recommendations to the legislature for the establishment of a new legal framework of regulatory control over psychoactive substances.

Intends to render the illegal markets for such substances unprofitable, to restrict access to psychoactive substances, and to provide health care and essential services to persons suffering from chemical dependency and addiction with the objective of reducing crime, enhancing public health, protecting children, and promoting efficient use of scarce public resources.

Requires the governor's commission on psychoactive substance control to provide specific recommendations for legislation to establish regulatory systems and structures for the state of Washington to control psychoactive substances that are currently produced and distributed exclusively through illegal markets, including: (1) Regulation of manufacturing, transportation, storage, purity, and product safety;

(2) Limitations on sale and other transfer, labeling, pricing, and taxation;

(3) Requirements of medical supervision;

(4) Limits on advertising;

(5) Civil and criminal enforcement of such regulations.

Directs the commission to report its recommendations to the legislature by December 1, 2006.

SB 6060 by Senator Kline

Limiting tort liability of governmental entities.

Provides that, in any tort action filed against a governmental entity or its past or present public officials for conduct in a governmental capacity, no liability may be imposed unless the conduct breached a duty owed to the injured person as an individual, rather than to the public in general. Liability may only be imposed if the claim is based upon an act or failure to act to prevent or diminish harmful consequences of a condition or situation, whether created by acts or omissions intentional or negligent in character, including the violent or tortious conduct of a third person, and the plaintiff shows that the condition or situation was substantially caused by the governmental entity or any person acting on behalf of the governmental entity.

Applies only with regard to a governmental entity that has responsibility for a supervised person in the community charged with or convicted of a crime and not in physical custody or confinement.

Creating an aquatic reserve system.

Finds that the state's more than two million acres of state-owned aquatic lands are a valuable treasure belonging to all the citizens of the state, and support important recreational, navigational, commercial, industrial, residential, fisheries harvest, and other uses that benefit the entire state.

Finds that there are specific limited areas of these lands that possess unique or significant characteristics making them most valuable for maintaining their relatively undeveloped condition and continuing to support important natural ecosystem functions.

Declares it is therefore the purpose of this chapter to establish a system of reserves of state-owned aquatic lands and a means whereby the long-term conservation of these lands can be accomplished.

SB 6078 by Senators Regala and Kohl-Welles

Controlling state expenditures.

(SUBSTITUTED FOR - SEE 1ST SUB)

Finds that the citizens of the state benefit from a state expenditure limit that ensures that the state budget operates with stability and predictability, while encouraging the establishment of budget priorities and a periodic review of state programs and the delivery of state services. A state expenditure limit can prevent budgeting crises that can occur because of increased spending levels during periods of revenue surplus followed by drastic reductions in state services in lean years. The citizens of the state are best served by an expenditure limit that keeps pace with the growth in the state's economy yet ensures budget discipline and taxpayer protection.

Finds that modifications to the state expenditure limit, after ten years of experience following the initial implementation of Initiative Measure No. 601, will recognize the economic productivity of the state's economy and better balance the needs of the citizens for essential government services with the obligation of the legislature for strict spending accountability and protection of its taxpayers.

SB 6083 by Senators Swecker and Haugen

Authorizing additional fuel taxes for joint state and local transportation projects.

Finds that: (1) Transportation is a central component to the economic development and prosperity of Washington state. An effective transportation system is fundamental to business development, job growth, and economic security. It is therefore in the public's interest to efficiently and safely facilitate the movement of people and freight along Washington state's transportation corridors.

(2) The state's transportation needs are substantial and immediate. The Blue Ribbon Commission on Transportation recognized these needs in its December 2000 recommendation for immediate action to solve the state's transportation crisis.

(3) Current sources of revenue do not adequately address the state's transportation needs. The cost of construction, maintenance, operation, and preservation of the state's transportation corridors continues to increase, while the revenue from the state's motor vehicle fuel tax remains constant.

(4) Investments into the state's transportation infrastructure must keep pace with the state's growth. Therefore, the legislature intends to increase the motor vehicle fuel tax by one cent each year over the next twenty years.

(5) Projects funded by both state and local contributions best maximizes state and regional investments. Joint participation on the state and regional level is required in order to successfully complete significant transportation improvement projects in a timely and efficient manner.

(6) Accountability and efficiency are critical elements in the allocation and expenditure of state funds. The transportation commission is uniquely situated to oversee the progress of transportation improvements and report back to the legislature.

Companion Bill: 2292

Addressing health care liability reform.

Finds that access to safe, affordable health care is one of the most important issues facing the citizens of Washington state.

Finds that the rising cost of medical malpractice insurance has caused some physicians, particularly those in high-risk specialties such as obstetrics and emergency room practice, to be unavailable when and where the citizens need them the most. The answers to these problems are varied and complex, requiring comprehensive solutions that encourage patient safety practices, increase oversight of medical malpractice insurance, and making the civil justice system more understandable, fair, and efficient for all the participants.

Finds that neither of the initiatives, Initiative 330 or Initiative 336, contain comprehensive, real solutions to the problems they are attempting to solve, and for this reason, offers the following single alternative to both of these initiatives to the citizens of this state.

Declares an intent to prioritize patient safety and the prevention of medical errors above all other considerations as legal changes are made to address the problem of high

malpractice insurance premiums. Thousands of patients are injured each year as a result of medical errors, many of which can be avoided by supporting health care providers, facilities, and carriers in their efforts to reduce the incidence of those mistakes.

Declares an intent to provide incentives to settle cases before resorting to court, and to provide the option of a more fair, efficient, and streamlined alternative to trials for those for whom settlement negotiations do not work.

Declares an intent to provide the insurance commissioner with the tools and information necessary to regulate medical malpractice insurance rates and policies so that they are fair to both the insurers and the insured.

Declares that this act constitutes an alternative to Initiative 330. The secretary of state shall place this act on the ballot in conjunction with Initiative 330 at the next regular general election.

Declares that this act constitutes an alternative to Initiative 336. The secretary of state shall place this act on the ballot in conjunction with Initiative 336 at the next regular general election.

VETO MESSAGE ON SB 6090-S

May 17, 2005

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning, without my approval as to sections 101(1); 204(1)(a); 204(1)(p); 206(11); 209(21); 213(11); 307(9); 307(11); 307(14); 307(19); 717; 718; 721; 805, page 186, lines 21-23; 912; and 1106, page 294, lines 23-24, Engrossed Substitute Senate Bill No. 6090 entitled:

My reasons for vetoing these sections are as follows:

Section 101(1), pages 2-3, House of Representatives, Committee on Fiscal Stability

This language creates a Committee on Fiscal Stability. Though well intended, this provision requires the Governor to appoint a non-voting chair - except for procedural issues - for a legislative committee that includes members from the House, but not from the Senate. I am reluctant to participate in this important endeavor without balanced representation from both houses of the Legislature and from the executive branch. The House of Representatives can create this committee administratively, and I am willing to work with both houses to create an appropriate structure for this effort.

Section 204(1)(a), page 46, Department of Social and Health Services (DSHS), Regional Support Network Funding Formula

Section 204(1)(a) requires DSHS to complete a six-year phase-in of a revised Medicaid allocation formula under which each Regional Support Network (RSN) will be paid a standard per capita rate. While the Department does intend to implement this phase-in, it needs flexibility to do so in a manner consistent with federal requirements. The Centers for Medicare and Medicaid Services (CMS) requires that all RSN rates be actuarially sound, and that the actuarial study examines geographic variations in costs and rates. Preliminary findings from the current study show that costs and rates may differ by region. If these findings hold and this proviso is retained, DSHS will not be able to set rates for RSNs that conform to federal requirements. I direct DSHS to follow the intent of the Legislature as much as possible while accommodating the actuary's final recommendation.

Section 204(1)(p), page 49, Department of Social and Health Services (DSHS), Integrated Chemical Dependency/Mental Health Screening

This item states that sufficient funds are appropriated to implement the integrated chemical dependency/mental health screening and assessment provisions in SB 5763. I am vetoing this provision because specifically identified funds are available only for development, training, and quality assurance. But implementation of needed screening and assessment activities related to this program can be done from within the community services budget.

Section 206(11), page 59, Department of Social and Health Services, Aging and Adult Services Dual Occupancy Accommodations

This proviso requires the Department to establish a pilot program to allow dual occupancy in assisted living facilities where more than 50 percent of the clientele is Medicaid eligible, and where the facility is not eligible for capital add-on payments for boarding homes. While I recognize there are fiscal pressures on facilities that deliver services for aged residents, I believe this pilot is premature. I want the Long Term Care Task Force just approved by the Legislature to examine all issues of service delivery and finances instead.

Section 209(21), pages 68-69, Department of Social and Health Services, Medical Assistance Prescription Drug Benefit

I am vetoing the proviso that allows for a time-limited transitional prescription drug benefit for General Assistance-Unemployable (GAU) clients because it states that if DSHS chooses to make a transitional medical benefit part of an overall GAU cost-savings initiative, the benefit must be limited to coverage of prescription drugs and medication management. DSHS needs flexibility to devise a workable and cost-effective savings initiative that may include services other than prescription drugs.

Section 213(11), page 73, Health Care Authority Study on Health Savings Accounts and High Deductible Plans

This proviso directs the Public Employees Benefits Board to submit a report on options for the use of Health Savings Accounts within the Basic Health program - an area over which the Board has no authority. I agree that Health Savings Accounts accompanied with high-deductible health plans may provide a model for health care coverage that has the potential to involve consumers more directly in their health purchasing decisions. Health Savings Accounts need to be examined further as an option for Washington citizens. I am directing the Health Care Authority to provide an analysis of Health Savings Accounts within available funds.

Section 307(9), page 97, Department of Fish and Wildlife, Lapsed Appropriation for Senate Bill 5234 (Hunter Access to Lands)

This proviso funds implementation of Senate Bill 5234 and stipulates that the appropriation will lapse if the bill is not enacted. Since that bill did not pass the Legislature, I have vetoed Section 307(9).

Section 307(11), pages 97-98, Department of Fish and Wildlife, Grizzly Bear Outreach Project

Section 307(11) grants \$75,000 to the Grizzly Bear Outreach project to disseminate information regarding grizzly bears in the North Cascade mountains. Both the Washington State Department of Fish and Wildlife and the United States Fish and Wildlife Service already offer information on the re-emergence of grizzly bears, and provide advice for residents living near bear habitat. This General Fund expenditure would duplicate the efforts of those agencies.

Section 307(14), page 98, Department of Fish and Wildlife, Livestock Damage by Cougars

This funding reimburses commercial livestock owners for damage caused by cougars. While I understand the concerns of livestock owners, there is no statutory authorization for the Department to provide this type of reimbursement.

Section 307(19), page 98, Department of Fish and Wildlife, Lapsed Appropriation for Senate Bill 5232 (Turkey Tags)

This proviso funds implementation of Senate Bill 5232 and stipulates that the appropriation will lapse if the bill is not enacted. Since that bill did not pass the Legislature, I have vetoed Section 307(9).

Section 717, page 177, Double-filled Personnel Positions

Section 717 requires OFM to find \$4 million in savings by eliminating double-filled positions in state agencies. State agencies double-fill positions for a number of valid reasons including when departing staff train their replacements, if part-time staff share a single job, or when temporary replacements are needed for staff who are ill or called to military duty. The number

of staff an agency can employ is controlled through FTE and dollar limitations in the budget, which are not affected by the number of staff using the same position in the personnel system. I direct the Department of Personnel to review agency practices concerning the use of double-filled exempt positions. I am vetoing this section to retain administrative flexibility for agencies to double-fill positions as appropriate.

Section 718, page 177, Critical High Demand Positions

Section 718 allows OFM to allot the savings achieved in Section 717 to meet critical staffing needs among state agencies. Because Section 717 is vetoed, this section cannot be implemented and is also vetoed.

Section 721, page 179, Middle Management Reporting Requirements

The middle management staff reduction I recommended in my budget is included in the legislative budget for most state agencies. I direct the Department of Personnel to work with agencies on implementing this initiative, and to track the positions eliminated. I am vetoing this section to preserve flexibility as to the nature and frequency of reports on this activity.

Section 805, page 186, lines 21-23, Tobacco Prevention and Control Account Transfer to General Fund

This appropriation would reduce the fund balance in the Tobacco Prevention and Control Account by transferring \$13,910,000 to the state General Fund.

Tobacco Master Settlement Agreement payments were dedicated to the Health Services Account and to anti-smoking efforts with \$100 million used to supplement current tobacco tax revenues in the Tobacco Prevention and Control Account. Programs supported with this fund helped create an unprecedented decline in smoking in this state. At the current spending rate, the original \$100 million deposit will be exhausted in fiscal year 2008. By vetoing this proposed transfer, the Tobacco Prevention and Control account can support current efforts through fiscal year 2008, which will allow time to develop a permanent source of funding for these important activities.

Section 912, pages 193-195, School Bus Bidding

These changes to the school bus bidding process for the 2005-07 Biennium are not necessary because the same policy changes were included in House Bill 1485, which I signed on May 16, 2005.

Section 1106, lines 23-24, page 294, Department of Social and Health Services, Aging and Adult Services Program Appropriation Change

This reduction to the fiscal year 2005 appropriation is vetoed in order to retain \$16.766 million to ensure that the Department of Social and Health Services has sufficient resources to cover costs in children's services and medical assistance.

In addition, the appropriation in Section 202 assumes a reduction of .7 million for regional crisis residential centers. In implementing this reduction, I am asking the Department of Social and Health Services to review options for how funding can best be allocated to maintain this service where it is most needed and most effective, while also achieving the savings assumed in the budget. Such options could include taking under-utilized beds off-line, adjusting the payment structure, or making other changes in contractor business practices and client referrals.

With the exception of those portions of Sections 101(1); 204(1)(a); 204(1)(p); 206(11); 209(21); 213(11); 307(9); 307(11); 307(14); 307(19); 717; 718; 721; 805, page 186, lines 21-23; 912; and 1106, page 294, lines 23-24 as specified above, Engrossed Substitute Senate Bill No. 6090 is approved.

Respectfully submitted,
Christine O. Gregoire
Governor

VETO MESSAGE ON SB 6091-S

May 9, 2005

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning, without my approval as to Sections 103(2), page 3; 205(1), page 5; 208(7), page 10; 209(7), page 11; 223(2), pages 19-20; 305(1)(a), page 29; 305(1)(e), page 30; 305(11), page 32; 605, page 49; and 607, page 50 of Engrossed Substitute Senate Bill 6091 entitled:

My reasons for vetoing the above-noted sections are as follows:

Section 103(2), page 3, State Parks and Recreation Commission - All-Terrain Vehicle Study

This proviso mandates an extensive study on the existing requirements regarding all-terrain vehicles, their operators, equipment and rules. The Parks and Recreation Commission does not have the expertise or experience to perform this study, and no funding was provided to carry out this mandate.

Section 205(1), page 5, Joint Transportation Committee - Transportation Governance

Through language in this bill section, the Legislature has tasked the newly created Joint Transportation Committee to conduct a unilateral study of the appropriate functions of the Department of Transportation (Department) and the Transportation Commission (Commission). Now that the Department is a cabinet level agency, it is critical that the executive branch exercise its responsibility for reviewing the powers, functions, roles and duties of the Department and the Commission.

The Legislature passed several bills this session that redefine the roles of the Department and the Commission, and the relationship of those agencies to the Legislature. I am directing my staff to work with the Department and the Commission to examine the statutory roles and duties of the agencies, including transportation innovative partnerships, and report back to me with any recommendations for change. I invite the chairs and ranking members of the House and Senate Transportation Committees and the Joint Transportation Committee to join the executive branch in this analysis with the hope that a joint recommendation can be submitted for consideration during the 2006 legislative session.

Section 208(7), page 10, Washington State Patrol Field Operations Bureau - Ferry Security

This proviso imposes a maximum dollar amount on Washington State Patrol expenditures for activities related to ferry security.

Since 2001, the Patrol has increased security for state ferries in response to requirements set by the U.S. Coast Guard. The federal government determines the level of security that must be provided at any point in time by increasing or decreasing national threat level indicators. Limiting ferry security expenditures could prevent the Patrol from responding to federal mandates outside its control.

Although I am vetoing this proviso, I will direct the Patrol to prepare its 2005-07 spending plan using the dollar amounts identified, with any deviation from that plan subject to approval by the Office of Financial Management. In addition, the Patrol will continue to explore options to provide security to the state ferry system in the most cost-effective manner without compromising public safety or the efficiency of this vital segment of the state's transportation system.

Section 209(7), page 11, Washington State Patrol Technical Services Bureau - Ferry Security

Section 209(7) contains the same language limiting expenditures for ferry security as appears in Section 208(7). In order to ensure the spending flexibility necessary for ferry security, I am also vetoing this section.

Section 223(2), pages 19-20, Department of Transportation - Implementation of ESHB 2157 and SB 6089

This section makes funding contingent on two bills, Engrossed Substitute House Bill 2157 and Senate Bill 6089, that did not pass during the 2005 legislative session. Therefore I am vetoing this section.

Section 305(1)(a), page 29, Department of Transportation - Acquisition Plan

Section 305(1)(a) provides funding for acquisition of right-of-way for State Route 502, and directs the Department of Transportation to develop an acquisition plan in conjunction with the city of Battleground. Because none of the project funds can be spent before the plan is agreed to, the Department will not have funding for the cooperative planning effort. Vetoing the proviso allows other funds in Section 305 to be used for initial planning with the city. I have directed the Department to collaborate with Battleground on an acquisition plan to submit for legislative consideration in 2006.

Section 305 (1)(e), page 30, Department of Transportation - Freight Corridor Study

A six-year study of the Eastern Washington Freight Corridor (Strategic Freight Transportation Analysis) was completed jointly by the Department of Transportation and Washington State University in 1998. This information was updated in 2004. Since this data has already been collected, there is no reason to perform the study mandated in the budget bill. I am asking the Department to provide a copy of this report to the House and Senate Transportation Committees.

Section 305(11), page 32, Department of Transportation - Removal of Median Barriers

Motorist safety barriers were installed in 2004 to prevent left turns across the highway and reduce the high level of accidents on South Kent Des Moines Road. After the project was completed, the average total collisions per year on this section of State Route 516 declined by 40 percent, injury collisions declined by 45 percent, and driveway and rear-end collisions declined by 58 percent. The City of Kent is currently planning to allow U-turns at Highway 99 to provide access to 30th Avenue South. For safety reasons, I am vetoing the mandate to remove the existing median barriers. I will direct the Department of Transportation to continue working with local government, local businesses and state legislators to develop a solution that maintains safety and improves access.

Section 605, page 49, Department of Transportation - Middle Management Staff Reduction Mandates

The legislative budget includes the middle management cuts that I proposed in my budget, but adds proviso language in Section 605 that limits the Department's discretion in implementing these cuts. Although I agree with the priorities assumed by the Legislature, I believe these additional restrictions represent an unnecessary intrusion into the administrative authority of the Governor, and I am vetoing this language. The actual cut to FTEs and dollars for middle-management positions remains in the budget and is not affected by this veto.

Section 607, page 50, Department of Transportation - Government Accounting Standards Board Compliance

This proviso directs the Department of Transportation to implement the Government Accounting Standards Board (GASB) statement 34 as it relates to asset valuation of the state's highway system. The proviso also requires the department to report additional information beyond what is required by GASB accounting standards. Since the state has already complied with GASB statement 34 for highway assets, I believe this part of the proviso is unnecessary. I am vetoing this section, and directing the Department to work with the Office of Financial Management and interested state legislators to determine if additional financial information has sufficient benefit before we commit to what could be a substantial cost and workload to exceed GASB standards.

Local Freight Projects

Although I am not vetoing section 310(8) relating to funding for freight projects, I do have concerns about the budget's approach to these allocations. Traditionally, this federal funding has been distributed using a collaborative decision process that involved the executive branch, local governments, and legislators. This approach has proved successful in addressing mutual priorities for critical freight projects, and I would prefer to use this mechanism for allocation of the remaining flexible federal funds.

With the exception of those portions of Sections 103(2), page 3; 205(1), page 5; 208(7), page 10; 209(7), page 11; 223(2), pages 19-20; 305(1)(a), page 29; 305 (1)(e), page 30; 305(11), page 32; 605, page 49; and 607, page 50 as specified above, Engrossed Substitute Senate Bill 6091 is approved.

Respectfully submitted,
Christine O. Gregoire
Governor

Companion Bill: 2296

Responding to the statewide drought emergency.

Appropriates the sum of one million eight hundred thousand dollars for the fiscal year ending June 30, 2005, from the state general fund for deposit in the state emergency water projects revolving account.

Appropriates the sum of one million eight hundred thousand dollars for the fiscal year ending June 30, 2005, from the state emergency water projects revolving account to the department of ecology for the costs incurred by the department of ecology in taking action pursuant to the declaration of a statewide drought emergency.

Appropriates the sum of two hundred thousand dollars for the fiscal year ending June 30, 2005, from the state general fund to the department of natural resources for the costs incurred by the department of natural resources to be able to activate fire fighters

to respond to the heightened risk of forest fires pursuant to the declaration of a statewide drought emergency.

Appropriates the sum of eight million two hundred thousand dollars for the fiscal year ending June 30, 2005, from the state taxable building construction account for deposit in the state drought preparedness account for project number 05-4-009.

Appropriates the sum of eight million two hundred thousand dollars for the fiscal year ending June 30, 2005, from the state drought preparedness account to the department of ecology for costs incurred in responding to the state drought emergency, for project number 05-4-009.

Declares that projects or measures for which funding or compensation will be provided must be connected with a water system, water source, or water body which is receiving, or has been projected to receive, less than seventy-five percent of normal water supply, as the result of natural drought conditions. This reduction in water supply must be such that it is causing, or will cause, undue hardship for the entities or fish or wildlife depending on the water supply.
