VETO MESSAGE ON E2SSB 6362

March 27, 2018

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Sections 402 and 408, Engrossed Second Substitute Senate Bill No. 6362 entitled:

"AN ACT Relating to modifying basic education funding provisions."

Section 402 delays the implementation of state-funded professional learning days. Research shows that time for job-embedded professional learning and collaboration is linked to student success. Limiting practices that improve student achievement goes against the intent of this bill and our goals. For this reason, I am vetoing Section 402.

Section 408 moves forward by one year the requirement for OSPI to develop rules and budgetary procedures to ensure school districts provide separate accounting of state and local revenues to expenditures. The work is underway to design and build the accounting systems required to implement this data transparency within the original timeline for school year 2019-20. Speeding up the development of the system will jeopardize the long-term reliability of the accounting system and suspend the development of all other systems work. For this reason I am vetoing Section 408.

For these reasons I have vetoed Sections 402 and 408 of Engrossed Second Substitute Senate Bill No. 6362.

With the exception of Sections 402 and 408, Engrossed Second Substitute Senate Bill No. 6362 is approved.

Respectfully submitted,
Jay Inslee
Governor

Concerning final implementation of education funding reform.

Finds that: (1) The court ruled in its November 15, 2017, order that it is satisfied that the new salary model provides for full state funding of basic education salaries sufficient to recruit and retain competent teachers, administrators, and staff;

(2) The court took exception that the 2017-2019 budget funds only half of the salary increase called for by the 2018-2019 school year, deferring full funding until the 2019-2020 school year; and

(3) Fully implementing state salary allocations in the 2018-2019 school year substantially alters the carefully calibrated balance between state and local sources of funding for school districts.

Declares an intent to: (1) Recalibrate the balance of state and local funding for school districts in light of the court's latest order;

(2) Fully implement the salary allocations in school year 2018-2019 if school districts accelerate the implementation of certain accounting and budget transparency requirements; and

VETO MESSAGE ON ESB 6617

March 1, 2018

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval, Engrossed Senate Bill No. 6617 entitled:

"AN ACT Relating to records disclosure obligations of the legislative branch."

At the request of a number of lawmakers, I am vetoing Engrossed Senate Bill 6617 in its entirety so that the Legislature can engage with the public and stakeholders in a transparent process to discuss and consider legislative public records issues.

While a wide majority of lawmakers voted for Engrossed Senate Bill 6617 as a genuine effort to create clarity and increase transparency, the process was seriously flawed. I applaud Washingtonians for making their voices heard as well as legislators' thoughtful reconsideration.

For these reasons I have vetoed Engrossed Senate Bill No. 6617 in its entirety.

Respectfully submitted,
Jay Inslee
Governor
